operation and capital needs of the institutions under its governance or supervision for the ensuing fiscal year. Each budget proposal shall conform to the procedures developed by the Board in the design of an information system for State universities and colleges.

In order to maintain a cohesive system of higher education, the Board and its staff shall communicate on a regular basis with all public university presidents. They shall meet at least semiannually to achieve economies of scale where possible and provide the most innovative and efficient programs and services.

The Board, in the analysis of formulating the annual budget request, shall consider rates of tuition and fees and undergraduate tuition and fee waiver programs at the State universities and colleges. The Board shall also consider the current and projected utilization of the total physical plant of each campus of a university or college in approving the capital budget for any new building or facility.

The Board of Higher Education shall submit to the Governor, to the General Assembly, and to the appropriate budget agencies of the Governor and General Assembly its analysis and recommendations on such budget proposals.

The Board is directed to form a broad-based group of individuals representing the Office of the Governor, the General Assembly, public institutions of higher education, State agencies, business and industry, statewide organizations representing faculty and staff, and others as the Board shall deem appropriate to devise a system for allocating State resources to public institutions of higher education based upon performance in achieving State goals related to student success and certificate and degree completion.

Beginning in Fiscal Year 2013, the Board of Higher Education budget recommendations to the Governor and the General Assembly shall include allocations to public institutions of higher education based upon performance metrics designed to promote and measure student success in degree and certificate completion. Public university metrics must be adopted by the Board by rule, and public community college metrics must be adopted by the Illinois Community College Board by rule. These metrics must be developed and promulgated in accordance with the following principles:

(1) The metrics must be developed in consultation with public institutions of higher education, as well as other State educational agencies and other higher education organizations,
associations, interests, and stakeholders as deemed appropriate by the Board.

(2) The metrics shall include provisions for recognizing the demands on and rewarding the performance of institutions in advancing the success of students who are academically or financially at risk, including first-generation students, low-income students, and students traditionally underrepresented in higher education, as specified in Section 9.16 of this Act.

(3) The metrics shall recognize and account for the differentiated missions of institutions and sectors of higher education.

(4) The metrics shall focus on the fundamental goal of increasing completion of college courses, certificates, and degrees. Performance metrics shall recognize the unique and broad mission of public community colleges through consideration of additional factors including, but not limited to, enrollment, progress through key academic milestones, transfer to a baccalaureate institution, and degree completion.

(5) The metrics must be designed to maintain the quality of degrees, certificates, courses, and programs.

In devising performance metrics, the Board may be guided by the report of the Higher Education Finance Study Commission.

Each State university state-supported institution within the application of this Act must submit its plan for capital improvements of non-instructional facilities to the Board for approval before final commitments are made if the total cost of the project as approved by the institution's board of control is in excess of $2 million. Non-instructional uses shall include but not be limited to dormitories, union buildings, field houses, stadium, other recreational facilities and parking lots. The Board shall determine whether or not any project submitted for approval is consistent with the master plan for higher education and with instructional buildings that are provided for therein. If the project is found by a majority of the Board not to be consistent, such capital improvement shall not be constructed.

The county clerk of each of the counties in which any community college district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for community college purposes and shall not include the same in the limitation of any other tax rate which may be extended. Such tax shall be levied and collected in like manner as all other taxes of community college districts.

The tax rate limit hereinabove specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. having separate performance standards for students based on race or
ethnicity.

Subject to the availability of federal, State, public, or private funds,
the balanced accountability measure must be designed to focus on 2
components, student performance and professional practice. The student
performance component shall count for 30% of the total balanced
accountability measure, and the professional practice component shall
count for 70% of the total balanced accountability measure. The student
performance component shall focus on student outcomes and closing the
achievement gaps within each school district and its individual schools
using a Multiple Measure Index and Annual Measurable Objectives, as set
forth in Section 2-3.25d of this Code. The professional practice component
shall focus on the degree to which a school district, as well as its
individual schools, is implementing evidence-based, best professional
practices and exhibiting continued improvement. Beginning with the
2015-2016 school year, the balanced accountability measure shall consist
of only the student performance component, which shall account for 100%
of the total balanced accountability measure. From the 2017-2018 2016-

2017 school year through the 2022-2023 school year, the State Board of Education and a Balanced Accountability Measure Committee shall identify a number of school districts per the designated school years to begin implementing the balanced accountability measure, which includes both the student performance and professional practice components. By the 2022-2023 school year, all school districts must be implementing the balanced accountability measure, which includes both components. The Balanced Accountability Measure Committee shall consist of the following individuals: a representative of a statewide association representing regional superintendents of schools, a representative of a statewide association representing principals, a representative of an association representing principals in a city having a population exceeding 500,000, a representative of a statewide association representing school administrators, a representative of a statewide professional teachers' organization, a representative of a different statewide professional teachers' organization, an additional representative from either statewide professional teachers' organization, a representative of a professional teachers' organization in a city having a population exceeding 500,000, a representative of a statewide association representing school boards, and a representative of a school district organized under Article 34 of this Code. The head of each association or entity listed in this paragraph shall appoint its respective representative. The State Superintendent of Education, in consultation with the Committee, may appoint no more than 2 additional individuals to the Committee, which individuals shall serve in an advisory role and must not have voting or other decision-making rights. The Committee is abolished on June 1, 2023.

Using a Multiple Measure Index consistent with subsection (a) of Section 2-3.25d of this Code, the student performance component shall consist of the following subcategories, each of which must be valued at 10%:

1. achievement status;
2. achievement growth; and
3. Annual Measurable Objectives, as set forth in subsection (b) of Section 2-3.25d of this Code.

Achievement status shall measure and assess college and career readiness, as well as the graduation rate. Achievement growth shall measure the school district's and its individual schools' student growth via this State's growth value tables. Annual Measurable Objectives shall measure the

degree to which school districts, as well as their individual schools, are closing their achievement gaps among their student population and subgroups.

The professional practice component shall consist of the following subcategories:

(A) compliance;
(B) evidence-based best practices; and
(C) contextual improvement.

Compliance, which shall count for 10%, shall measure the degree to which a school district and its individual schools meet the current State compliance requirements. Evidence-based best practices, which shall count for 30%, shall measure the degree to which school districts and their individual schools are adhering to a set of evidence-based quality standards and best practice for effective schools that include (i) continuous improvement, (ii) culture and climate, (iii) shared leadership, (iv) governance, (v) education and employee quality, (vi) family and community connections, and (vii) student and learning development and are further developed in consultation with the State Board of Education and the Balanced Accountability Measure Committee set forth in this subsection (b). Contextual improvement, which shall count for 30%, shall provide school districts and their individual schools the opportunity to demonstrate improved outcomes through local data, including without limitation school climate, unique characteristics, and barriers that impact the educational environment and hinder the development and implementation of action plans to address areas of school district and individual school improvement. Each school district, in good faith cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, shall develop 2 measurable objectives to demonstrate contextual improvement, each of which must be equally weighted. Each school district shall begin such good faith cooperative development of these objectives no later than 6 months prior to the beginning of the school year in which the school district is to implement the professional practice component of the balanced accountability measure. The professional practice component must be scored using trained peer review teams that observe and verify school district practices using an evidence-based framework.

The balanced accountability measure shall combine the student performance and professional practice components into one summative score based on 100 points at the school district and individual-school

level. A school district shall be designated as "Exceeds Standards - Exemplar" if the overall score is 100 to 90, "Meets Standards - Proficient" if the overall score is 89 to 75, "Approaching Standards - Needs Improvement" if the overall score is 74 to 60, and "Below Standards - Unsatisfactory" if the overall score is 59 to 0. The balanced accountability measure shall also detail both incentives that reward school districts for continued improved performance, as provided in Section 2-3.25c of this Code, and consequences for school districts that fail to provide evidence of continued improved performance, which may include presentation of a barrier analysis, additional school board and administrator training, or additional State assistance. Based on its summative score, a school district may be exempt from the balanced accountability measure for one or more school years. The State Board of Education, in collaboration with the Balanced Accountability Measure Committee set forth in this subsection (b), shall adopt rules that further implementation in accordance with the requirements of this Section.

Sec. 7-2a. (a) Except as provided in subsection (b) of this Section, any petition for dissolution filed under this Article must specify the school district or districts to which all of the territory of the district proposed to be dissolved will be annexed. Any petition for dissolution may be made by the board of education of the district or a majority of the legal voters residing in the district proposed to be dissolved. No petition from any other district affected by the proposed dissolution shall be required.

(b) Any school district with a population of less than 5,000 residents or an enrollment of less than 750 students, as determined by the district's current fall housing report filed with the State Board of Education, shall be dissolved and its territory annexed as provided in Section 7-11 by the regional board of school trustees upon the filing with the regional board of school trustees of a petition adopted by resolution of the board of education or a petition signed by a majority of the registered voters of the district seeking such dissolution. No petition shall be adopted or signed under this subsection until the board of education or the petitioners, as the case may be, shall have given at least 10 days' notice to be published once in a newspaper having general circulation in the district and shall have conducted a public informational meeting to inform the residents of the district of the proposed dissolution and to answer questions concerning the proposed dissolution. The petition shall be filed

with and decided solely by the regional board of school trustees of the region in which the regional superintendent of schools has supervision of the school district being dissolved. The regional board of school trustees shall not act on a petition filed by a board of education if within 45 days after giving notice of the hearing required under Section 7-11 a petition in opposition to the petition of the board to dissolve, signed by a majority of the registered voters of the district, is filed with the regional board of school trustees. The regional board of school trustees shall have no authority to deny dissolution requested in a proper petition for dissolution filed under this subsection (b), but shall exercise its discretion in accordance with Section 7-11 on the issue of annexing the territory of a district being dissolved, giving consideration to but not being bound by the wishes expressed by the residents of the various school districts that may be affected by such annexation.

When dissolution and annexation become effective for purposes of administration and attendance as determined pursuant to Section 7-11, the positions of teachers in contractual continued service in the district being dissolved are transferred to an annexing district or to annexing districts pursuant to the provisions of subsection (h) of Section 24-11 of this Code Section 24-12 relative to teachers having contractual continued service status whose positions are transferred from one board to the control of a different board, and those said provisions of subsection (h) of Section 24-11 of this Code Section 24-12 shall apply to said transferred teachers. In the event that the territory is added to 2 or more districts, the decision on which positions shall be transferred to which annexing districts shall be made giving consideration to the proportionate percent of pupils transferred and the annexing districts' staffing needs, and the transfer of specific individuals into such positions shall be based upon the request of those teachers in order of seniority in the dissolving district. The contractual continued service status of any teacher thereby transferred to an annexing district is not lost and the different board is subject to this Act with respect to such transferred teacher in the same manner as if such teacher was that district's employee and had been its employee during the time such teacher was actually employed by the board of the dissolving district from which the position was transferred.

Eligible annexing districts shall apply to the State Board of Education for supplementary State aid payments by submitting enrollment figures for the year immediately preceding and the year immediately following the effective date of the boundary change for both the district gaining territory and the district losing territory. When the deactivation of school facilities becomes effective pursuant to this Section, the provisions of subsection (h) of Section 24-11 of this Code Section 24-12 relative to the contractual continued service status of teachers having contractual continued service whose positions are transferred from one board to the control of a different board shall apply, and the positions at the school facilities being deactivated held by teachers, as that term is defined in subsection (a) of Section 24-11 of this Code, having contractual continued service with the school district at the time of the deactivation shall be transferred to the control of the board or boards who shall be receiving the district's students on the following basis:

(1) positions of such teachers in contractual continued service that were full time positions shall be transferred to the control of whichever of such boards such teachers shall request with the teachers making such requests proceeding in the order of those with the greatest length of continuing service with the board to those with the shortest length of continuing service with the board, provided that the number selecting one board over another board or other boards shall not exceed that proportion of the school students going to such board or boards; and

When the deactivation of school facilities becomes effective pursuant to this Section, the provisions of subsection (b) of Section 10-23.5 of this Code relative to the transfer of educational support personnel employees shall apply, and the positions at the school facilities being deactivated that are held by educational support personnel employees at the time of the deactivation shall be transferred to the control of the board or boards that will be receiving the district's students on the following basis:

The proposition shall be in substantially the following form:

-------------------------------------------------------------
Shall the Board of Education of
School District No. ......, ...... County (Counties), Illinois be
authorized to enter with
into an agreement with School District No. ......, ...... County (Counties), Illinois to jointly
operate (a) cooperative high school (schools)?
-------------------------------------------------------------

If the majority of those voting on the proposition in each district vote in favor of the proposition, the school boards of the participating districts may, if they agree on terms, execute a contract for such joint operation subject to the following provisions of this Section.

(b) The agreement for joint operation of any such cooperative high school shall include, but not be limited to, provisions for administration, staff, programs, financing, facilities, and transportation. Such agreements may be modified, extended, or terminated by approval of each of the participating districts, provided that a district may withdraw from the agreement during its initial 20-year term only if the district is reorganizing with one or more districts under other provisions of this Code. Even if 2 or more of the participating district boards approve an extension of the agreement, any other participating district shall, upon failure of its board to
approve such extension, disengage from such participation at the end of
the then current agreement term.

(c) A governing board, which shall govern the operation of any
such cooperative high school, shall be composed of an equal number of
board members from each of the participating districts, except that where
all participating district boards concur, membership on the governing
board may be apportioned to reflect the number of students in each
respective district who attend the cooperative high school. The
membership of the governing board shall be not less than 6 nor more than
10 and shall be set by the agreement entered into by the participating
districts. The school board of each participating district shall select, from
its membership, its representatives on the governing board. The governing
board shall prepare and adopt a budget for the cooperative high school.
The governing board shall administer the cooperative high school in
accordance with the agreement of the districts and shall have the power to
hire, supervise, and terminate staff; to enter into contracts; to adopt
policies for the school; and to take all other actions necessary and proper
for the operation of the school. However, the governing board may not
levy taxes or incur any indebtedness except within the annual budget
approved by the participating districts.

(d) (Blank).

(e) Each participating district shall pay its per capita cost of
educating the students residing in its district and attending any such
cooperative high school into the budget for the maintenance and operation
of the cooperative high school.

The manner of determining per capita cost shall be set forth in the
agreement. Each district shall pay the amount owed the governing board
under the terms of the agreement from the fund that the district would
have used if the district had incurred the costs directly and may levy taxes
and issue bonds as otherwise authorized for these purposes in order to
make payments to the governing board.

(f) Additional school districts having an enrollment in grades 9
through 12 of less than 600 students may be added to the agreement in
accordance with the process described in subsection (a) of this Section. In
the event additional districts are added, a new contract shall be executed in
accordance with the provisions of this Section.

(g) Upon formation of the cooperative high school, the school
board of each participating district shall:

New matter indicated by italics - deletions by strikeout
(1) confer and coordinate with each other and the governing board, if the governing board is then in existence, as to staffing needs for the cooperative high school;

(2) in consultation with any exclusive employee representatives and the governing board, if the governing board is then in existence, establish a combined list of teachers in all participating districts, categorized by positions, showing the length of service and the contractual continued service status, if any, of each teacher in each participating district who is qualified to hold any such positions at the cooperative high school, and then distribute this list to the exclusive employee representatives on or before February 1 of the school year prior to the commencement of the operation of the cooperative high school or within 30 days after the date of the referendum election if the proposition receives a majority of those voting in each district, whichever occurs first. This list is in addition to and not a substitute for any the list mandated by Section 24-12 of this Code; and

(3) transfer to the governing board of the cooperative high school the employment and the position of so many of the full-time or part-time high school teachers employed by a participating district as are jointly determined by the school boards of the participating districts and the governing board, if the governing board is then in existence, to be needed at the cooperative high school, provided that these teacher transfers shall be done:

(A) by categories listed on the seniority list mentioned in subdivision (2) of this subsection (g);

(B) in each category, by having teachers in contractual continued service being transferred before any teachers who are not in contractual continued service; and

(C) in order from greatest seniority first through lesser amounts of seniority.

A teacher who is not in contractual continued service shall not be transferred if there is a teacher in contractual continued service in the same category who is qualified to hold the position that is to be filled.

If there are more teachers who have entered upon contractual continued service than there are available positions at the cooperative high school or within other assignments in the district, a school board shall first remove or dismiss all teachers who have not entered upon contractual continued service before removing or dismissing any teacher who has

New matter indicated by italics - deletions by strikeout
entered upon contractual continued service and who is legally qualified (i) to hold a position at the cooperative high school planned to be held by a teacher who has not entered upon contractual continued service or (ii) to hold another position in the participating district. As between teachers who have entered upon contractual continued service, the teacher or teachers with the shorter length of continuing service in any of the participating districts shall be dismissed first. Any teacher dismissed as a result of such a decrease shall be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term. If the school board that has dismissed a teacher or the governing board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available shall be tendered to the teachers so removed or dismissed so far as they are legally qualified to hold such positions. However, if the number of honorable dismissal notices in all participating districts exceeds 15% of full-time equivalent positions filled by certified employees (excluding principals and administrative personnel) during the preceding school year in all participating districts and if the school board that has dismissed a teacher or the governing board has any vacancies for the following school term or within 2 calendar years from the beginning of the following school term, the positions so becoming available shall be tendered to the teachers who were so notified, removed, or dismissed whenever these teachers are legally qualified to hold such positions.

The provisions of subsection (h) of Section 24-11 Section 24-12 of this Code concerning teachers whose positions are transferred from one board to the control of a different board shall apply to the teachers who are transferred. The contractual continued service of any transferred teacher is not lost and the governing board is subject to this Code with respect to the teacher in the same manner as if the teacher had been the governing board's employee during the time the teacher was actually employed by the board of the district from which the position and the teacher's employment were transferred. The time spent in employment with a participating district by any teacher who has not yet entered upon contractual continued service and who is transferred to the governing board is not lost when computing the time necessary for the teacher to enter upon contractual continued service, and the governing board is subject to this Code with respect to the teacher in the same manner as if the teacher had been the governing board's employee during the time the teacher was actually
employed by the school board from which the position and the teacher's employment were transferred.

If the cooperative high school is dissolved, any teacher who was transferred from a participating district shall be transferred back to the district and subsection (h) of Section 24-11 Section 24-12 of this Code shall apply. In that case, a district is subject to this Code in the same manner as if the teacher transferred back had been continuously in the service of the receiving district.

(h) Upon formation of the cooperative high school, the school board of each participating district shall:

(1) confer and coordinate with each other and the governing board, if the governing board is then in existence, as to needs for educational support personnel for the cooperative high school;

(2) in consultation with any exclusive employee representative or bargaining agent and the governing board, if the governing board is then in existence, establish a combined list of educational support personnel in participating districts, categorized by positions, showing the length of continuing service of each full-time educational support personnel employee who is qualified to hold any such position at the cooperative high school, and then distribute this list to the exclusive employee representative or bargaining agent on or before February 1 of the school year prior to the commencement of the operation of the cooperative high school or within 30 days after the date of the referendum election if the proposition receives a majority of those voting in each district, whichever occurs first; and

(3) transfer to the governing board of the cooperative high school the employment and the positions of so many of the full-time educational support personnel employees employed by a participating district as are jointly determined by the school boards of the participating districts and the governing board, if the governing board is then in existence, to be needed at the cooperative high school, provided that the full-time educational personnel employee transfers shall be done by categories on the seniority list mentioned in subdivision (2) of this subsection (h) and done in order from greatest seniority first through lesser amounts of seniority.

(a) Subject to the provisions of this Section, 2 contiguous school districts that are (i) located all or in part in Vermilion County; (ii) have an enrollment in grades 6-8 of less than 150 during the 2008-2009 school year and in grades 9-12 of less than 400 during the 2008-2009 school year; and (iii) have a Junior High School serving grades 6, 7, and 8 in one of the districts may, when in their judgment the interest of the districts and of the students will be best served, jointly pilot a cooperative elementary school or cooperative high school, or both.

The board of each district contemplating a joint operation shall, by proper resolution, cause the proposition to enter into such joint operation for a period not to exceed 3 years.

The school boards of the participating districts may, if they agree on terms, execute a contract for such joint operation subject to the provisions of this Section.

(b) The agreement for joint operation of any such cooperative elementary school or cooperative high school, or both, shall include, but not be limited to, provisions for administration, staff, programs, financing, facilities, and transportation. Agreements may be modified, by approval of each of the participating districts, provided that a district may withdraw from the agreement only if the district is reorganizing with one or more districts under other provisions of this Code.

(c) A governing board, which shall govern the operation of any such cooperative elementary school or cooperative high school, or both, shall be apportioned to reflect the number of students in each respective district who attend the cooperative elementary school or cooperative high school, or both. The membership of the governing board shall be 5 members. The school board of each participating district shall select, from its membership, its representatives on the governing board. The governing board shall prepare and adopt a budget for the cooperative elementary school or cooperative high school, or both. The governing board may not levy taxes or incur any indebtedness except within the annual budget approved by the participating districts.

(d) Each participating district shall pay its per capita cost of educating the students residing in its district and attending any cooperative elementary school or cooperative high school into the budget for the maintenance and operation of the cooperative elementary school or cooperative high school, or both.

The manner of determining per capita cost shall be set forth in the agreement. Each district shall pay the amount owed the governing board under the terms of the agreement from the fund that the district would have used if the district had incurred the costs directly and may levy taxes and issue bonds as otherwise authorized for these purposes in order to make payments to the governing board.

(e) Upon formation of the cooperative elementary school or cooperative high school, or both, the school board of each participating district shall:

(1) confer and coordinate with each other and the governing board, if the governing board is then in existence, as to staffing needs for the cooperative elementary school or cooperative high school, or both;

(3) transfer to the governing board of the cooperative elementary school or cooperative high school, or both, the employment and the position of so many of the full-time or part-time school teachers employed by a participating district as are jointly determined by the school boards of the participating districts and the governing board, if the governing board is then in existence, to be needed at the cooperative school or schools, provided that these teacher transfers shall be done:

(A) by categories listed on the seniority list mentioned in item (2) of this subsection (e);

(B) in each category, by having teachers in contractual continued service being transferred before any teachers who are not in contractual continued service; and

(C) in order from greatest seniority first through lesser amounts of seniority.

A teacher who is not in contractual continued service shall not be transferred if there is a teacher in contractual continued service in the same category who is qualified to hold the position that is to be filled.

If there are more teachers who have entered upon contractual continued service than there are available positions at the cooperative elementary school or cooperative high school, or both or within other assignments in the district, a school board shall first remove or dismiss all teachers who have not entered upon contractual continued service before removing or dismissing any teacher who has entered upon contractual continued service and who is legally qualified (i) to hold a position at the cooperative elementary school or cooperative high school, or both planned to be held by a teacher who has not entered upon contractual continued service or (ii) to hold another position in the participating district. As between teachers who have entered upon contractual continued service, the teacher or teachers with the shorter length of continuing service in any of the participating districts shall be dismissed first. Any teacher dismissed as a result of such a decrease shall be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term. If the school board that has dismissed a teacher or the governing board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, then the positions thereby becoming available shall be tendered to the teachers so removed or dismissed so far as they are legally qualified to hold such positions. The provisions of subsection (h) of Section 24-11 Section 24-12 of this Code concerning teachers whose positions are transferred from one board to the control of a different board shall apply to the teachers who are transferred. The contractual continued service of any transferred teacher is not lost and the governing board is subject to this Code with respect to the teacher in the same manner as if the teacher had been the governing board's employee during the time the teacher was actually employed by the board of the district from which the position and the teacher's employment were transferred. The time spent in employment with a participating district by any teacher who has not yet entered upon contractual continued service and who is transferred to the governing board is not lost when computing the time necessary for the teacher to enter upon contractual continued service, and the governing board is subject to this Code with respect to the teacher in the same manner as if the teacher had been the governing board's employee during the time the teacher was actually employed by the school board from which the position and the teacher's employment were transferred.

In that case, a district is subject to this Code in the same manner as if the teacher transferred back had been continuously in the service of the receiving district.

(f) Upon formation of the cooperative elementary school or cooperative high school, or both, the school board of each participating district shall:

(3) transfer to the governing board of the cooperative elementary school or cooperative high school, or both the employment and the positions of so many of the full-time educational support personnel employees employed by a participating district as are jointly determined by the school boards of the participating districts and the governing board, if the governing board is then in existence, to be needed at the cooperative elementary school or cooperative high school, or both, provided that the full-time educational personnel employee transfers shall be done by categories on the seniority list mentioned in item (2) of this subsection (f) and done in order from greatest seniority first through lesser amounts of seniority.

If there are more full-time educational support personnel employees than there are available positions at the cooperative elementary school or cooperative high school, or both or in the participating district, then a school board shall first remove or dismiss those educational support personnel employees with the shorter length of continuing service in any of the participating districts, within the respective category of position. With respect to each position to be transferred under the provisions of this subsection (a), the amount of time required of each position to be spent in one or more of grades kindergarten through 8 and 9 through 12 shall be determined with reference to the applicable records of the unit district being dissolved pursuant to stipulation of the school board of the unit district prior to the effective date of its dissolution or thereafter of the school board of the newly created districts and with the approval in either case of the regional superintendent of schools of the educational service region in which the territory described in the petition filed under this Article or the greater percentage of equalized assessed evaluation of the territory is situated; however, if no such stipulation can be agreed upon, the regional superintendent of schools, after hearing any additional relevant and material evidence that any school board desires to submit, shall make the determination.

(105 ILCS 5/18-12) (from Ch. 122, par. 18-12)

Sec. 18-12. Dates for filing State aid claims. The school board of each school district, a regional office of education, a laboratory school, or a State-authorized charter school shall require teachers, principals, or superintendents to furnish from records kept by them such data as it needs in preparing and certifying to the State Superintendent of Education its school district report of claims provided in Section 18-8.05 of this Code through 18-9 as required by the State Superintendent of Education. The district claim shall be based on the latest available equalized assessed valuation and tax rates, as provided in Section 18-8.05, and shall use the average daily attendance as determined by the method outlined in Section 18-8.05, and shall be certified and filed with the State Superintendent of Education by the regional superintendent.
June 21 for districts and State-authorized charter schools with an official school calendar end date before June 15 or within 2 weeks following the official school calendar end date for districts, regional offices of education, laboratory schools, or State-authorized charter schools with a school year end date of June 15 or later. The regional superintendent shall certify and file with the State Superintendent of Education district State aid claims by July 1 for districts with an official school calendar end date before June 15 or no later than July 15 for districts with an official school calendar end date of June 15 or later. Failure to so file by these deadlines constitutes a forfeiture of the right to receive payment by the State until such claim is filed and vouchered for payment. The regional superintendent of schools shall certify the county report of claims by July 15; and the State Superintendent of Education shall voucher for payment those claims to the State Comptroller as provided in Section 18-11.

Except as otherwise provided in this Section, if any school district fails to provide the minimum school term specified in Section 10-19, the State aid claim for that year shall be reduced by the State Superintendent of Education in an amount equivalent to 1/176 or .56818% for each day less than the number of days required by this Code.

If the State Superintendent of Education determines that the failure to provide the minimum school term was occasioned by an act or acts of God, or was occasioned by conditions beyond the control of the school district which posed a hazardous threat to the health and safety of pupils, the State aid claim need not be reduced.

If a school district is precluded from providing the minimum hours of instruction required for a full day of attendance due to an adverse weather condition or a condition beyond the control of the school district that poses a hazardous threat to the health and safety of students, then the partial day of attendance may be counted if (i) the school district has provided at least one hour of instruction prior to the closure of the school district, (ii) a school building has provided at least one hour of instruction prior to the closure of the school building, or (iii) the normal start time of the school district is delayed.

If, prior to providing any instruction, a school district must close one or more but not all school buildings after consultation with a local emergency response agency or due to a condition beyond the control of the school district, then the school district may claim attendance for up to 2 school days based on the average attendance of the 3 school days immediately preceding the closure of the affected school building or, if
approved by the State Board of Education, utilize the provisions of an e-learning program for the affected school building as prescribed in Section 10-20.56 of this Code. The partial or no day of attendance described in this Section and the reasons therefore shall be certified within a month of the closing or delayed start by the school district superintendent to the regional superintendent of schools for forwarding to the State Superintendent of Education for approval.

Other than the utilization of any e-learning days as prescribed in Section 10-20.56 of this Code, no exception to the requirement of providing a minimum school term may be approved by the State Superintendent of Education pursuant to this Section unless a school district has first used all emergency days provided for in its regular calendar.

If the State Superintendent of Education declares that an energy shortage exists during any part of the school year for the State or a designated portion of the State, a district may operate the school attendance centers within the district 4 days of the week during the time of the shortage by extending each existing school day by one clock hour of school work, and the State aid claim shall not be reduced, nor shall the employees of that district suffer any reduction in salary or benefits as a result thereof. A district may operate all attendance centers on this revised schedule, or may apply the schedule to selected attendance centers, taking into consideration such factors as pupil transportation schedules and patterns and sources of energy for individual attendance centers.

Electronically submitted State aid claims shall be submitted by duly authorized district or regional individuals over a secure network that is password protected. The electronic submission of a State aid claim must be accompanied with an affirmation that all of the provisions of Sections 18-8.05 through 18-9, 10-22.5, and 24-4 of this Code are met in all respects.

Sec. 21B-30. Educator testing.

(a) This Section applies beginning on July 1, 2012.

(b) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall design and implement a system of examinations, which shall be required prior to the issuance of educator licenses. These examinations and indicators must be based on national and State professional teaching standards, as determined by the

State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The State Board of Education may adopt such rules as may be necessary to implement and administer this Section. No score on a test required under this Section, other than a test of basic skills, shall be more than 10 years old at the time that an individual makes application for an educator license or endorsement.

(c) Applicants seeking a Professional Educator License or an Educator License with Stipulations shall be required to pass a test of basic skills before the license is issued, unless the endorsement the individual is seeking does not require passage of the test. All applicants completing Illinois-approved, teacher education or school service personnel preparation programs shall be required to pass the State Board of Education's recognized test of basic skills prior to starting their student teaching or starting the final semester of their internship, unless required earlier at the discretion of the recognized, Illinois institution in which they are completing their approved program. An individual who passes a test of basic skills does not need to do so again for subsequent endorsements or other educator licenses.

(d) All applicants seeking a State license shall be required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. There shall be no exception to this requirement. No candidate shall be allowed to student teach or serve as the teacher of record until he or she has passed the applicable content area test.

(e) All applicants seeking a State license endorsed in a teaching field and completing their student teaching experience no later than August 31, 2015 shall pass the assessment of professional teaching (APT). Prior to September 1, 2015, passage of the APT is required for completion of an approved Illinois educator preparation program. The APT shall be available through August 31, 2020.

(f) Beginning on September 1, 2015, all candidates completing teacher preparation programs in this State and all candidates subject to Section 21B-35 of this Code are required to pass an evidence-based assessment of teacher effectiveness approved by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. All recognized institutions offering approved teacher preparation programs must begin phasing in the approved teacher performance assessment no later than July 1, 2013.

(g) Tests of basic skills and content area knowledge and the assessment of professional teaching shall be the tests that from time to
time are designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, and may be tests prepared by an educational testing organization or tests designed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The areas to be covered by a test of basic skills shall include reading, language arts, and mathematics. The test of content area knowledge shall assess content knowledge in a specific subject field. The tests must be designed to be racially neutral to ensure that no person taking the tests is discriminated against on the basis of race, color, national origin, or other factors unrelated to the person's ability to perform as a licensed employee. The score required to pass the tests shall be fixed by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board. The tests shall be administered not fewer than 3 times a year at such time and place as may be designated by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The State Board shall implement a test or tests to assess the speaking, reading, writing, and grammar skills of applicants for an endorsement or a license issued under subdivision (G) of paragraph (2) of Section 21B-20 of this Code in the English language and in the language of the transitional bilingual education program requested by the applicant.

(h) Except as provided in Section 34-6 of this Code, the provisions of this Section shall apply equally in any school district subject to Article 34 of this Code.

(i) The rules developed to implement and enforce the testing requirements under this Section shall include without limitation provisions governing test selection, test validation and determination of a passing score, administration of the tests, frequency of administration, applicant fees, frequency of applicants taking the tests, the years for which a score is valid, and appropriate special accommodations. The State Board of Education shall develop such rules as may be needed to ensure uniformity from year to year in the level of difficulty for each form of an assessment.

Section 5. The Animal Control Act is amended by changing Sections 8 and 13 as follows:

(510 ILCS 5/8) (from Ch. 8, par. 358)
Sec. 8. Rabies inoculation. Every owner of a dog 4 months or more of age shall have each dog inoculated against rabies by a licensed veterinarian. Every dog shall have a second rabies vaccination within one year of the first. Terms of subsequent vaccine administration and duration of immunity must be in compliance with USDA licenses of vaccines used. A veterinarian immunizing a dog, cat, or ferret against rabies shall provide the Administrator of the county in which the dog, cat, or ferret resides with a certificate of immunization. Evidence of such rabies inoculation shall be entered on a certificate the form of which shall be approved by the Board and which shall contain the microchip number of the dog, cat, or ferret animal if it has one and which shall be signed by the licensed veterinarian administering the vaccine. Only one dog, cat, or ferret shall be included on each certificate. Veterinarians who inoculate a dog shall procure from the County Animal Control in the county where their office is located serially numbered tags, one to be issued with each inoculation certificate. Only one dog shall be included on each certificate. The veterinarian immunizing or microchipping an animal shall provide the Administrator of the county in which the animal resides with a certificate of immunization and microchip number. The Board shall cause a rabies

inoculation tag to be issued, at a fee established by the Board for each dog
inoculated against rabies.

Rabies vaccine for use on animals shall be sold or distributed only
to and used only by licensed veterinarians. Such rabies vaccine shall be
licensed by the United States Department of Agriculture.

If a licensed veterinarian determines in writing that a rabies
inoculation would compromise an animal's health, then the animal shall be
exempt from the rabies inoculation shot requirement, however, but the
owner must still be responsible for the tag fees.

If a bite occurs from an exempt animal, the exempt animal shall be
treated as an unvaccinated animal. If the animal is exempt, the animal
shall be re-examined by a licensed veterinarian on no less than an annual
basis and be vaccinated against rabies as soon as the animal's health
permits.

Sec. 11-1201. Obedience to signal indicating approach of train or railroad track equipment.

(a) Whenever any person driving a vehicle approaches a railroad grade crossing where the driver is not always required to stop, the person must exercise due care and caution as the existence of a railroad track across a highway is a warning of danger, and under any of the circumstances stated in this Section, the driver shall stop within 50 feet but not less than 15 feet from the nearest rail of the railroad and shall not proceed until the tracks are clear and he or she can do so safely. The foregoing requirements shall apply when:

New matter indicated by italics - deletions by strikeout

2. A crossing gate is lowered or a human flagman gives or continues to give a signal of the approach or passage of a railroad train or railroad track equipment;

3. A railroad train or railroad track equipment approaching a highway crossing emits a warning signal and such railroad train or railroad track equipment, by reason of its speed or nearness to such crossing, is an immediate hazard;

4. An approaching railroad train or railroad track equipment is plainly visible and is in hazardous proximity to such crossing;

5. A railroad train or railroad track equipment is approaching so closely that an immediate hazard is created.

(a-5) Whenever a person driving a vehicle approaches a railroad grade crossing where the driver is not always required to stop but must slow down, the person must exercise due care and caution as the existence of a railroad track across a highway is a warning of danger, and under any of the circumstances stated in this Section, the driver shall slow down within 50 feet but not less than 15 feet from the nearest rail of the railroad and shall not proceed until he or she checks that the tracks are clear of an approaching train or railroad track equipment.

(b) No person shall drive any vehicle through, around or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed.

(c) The Department, and local authorities with the approval of the Department, are hereby authorized to designate particularly dangerous highway grade crossings of railroads and to erect stop signs thereat. When such stop signs are erected the driver of any vehicle shall stop within 50 feet but not less than 15 feet from the nearest rail of such railroad and shall proceed only upon exercising due care.

proceed until he or she can do so safely. If a driver is involved in a collision at a railroad crossing or interferes with the movement of a train or railroad track equipment after driving past the railroad crossbuck sign, the collision or interference is prima facie evidence of the driver's failure to yield right-of-way.

(d-1) No person shall, while driving a commercial motor vehicle, fail to negotiate a railroad-highway grade railroad crossing because of insufficient undercarriage clearance.

(d-5) (Blank).

(e) It is unlawful to violate any part of this Section.

(2) For a second or subsequent violation, the Secretary of State may suspend the driving privileges of the offender for a minimum of 6 months.

The petition shall be set for hearing and the clerk shall mail 10 days notice of the hearing by certified mail, return receipt requested, to the person or agency having the physical custody of the child, the minor and other interested parties unless a written waiver of notice is filed with the petition.

(3) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his or her parents or former guardian or custodian. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his or her

(a) a critical incident involving a youth committed to the Department; as used in this paragraph (a), "critical incident" means any incident that involves a serious risk to the life, health, or well-being of the youth and includes, but is not limited to, an accident or suicide attempt resulting in serious bodily harm or hospitalization, psychiatric hospitalization, alleged or suspected abuse, or escape or attempted escape from custody, filed within 10 days of the occurrence;

(b) a youth who has been released by the Prisoner Review Board but remains in a Department facility solely because the youth does not have an approved aftercare release host site, filed within 10 days of the occurrence;

(c) a youth, except a youth who has been adjudicated a habitual or violent juvenile offender under Section 5-815 or 5-820 of this Act or committed for first degree murder, who has been held in a Department facility for over one consecutive year; or

(d) if a report has been filed under paragraph (c) of this subsection, a supplemental report shall be filed every 6 months thereafter.

The notification required by this subsection (4) shall contain a brief description of the incident or situation and a summary of the youth’s current physical, mental, and emotional health and the actions the Department took in response to the incident or to identify an aftercare release host site, as applicable. Upon receipt of the notification, the court may require the Department to make a full report under subsection (1) of this Section.

(5) With respect to any report required to be filed with the court under this Section, the Independent Juvenile Ombudsman shall provide a copy to the minor’s court appointed guardian ad litem, if the Department has received written notice of the appointment, and to the minor’s attorney, if the Department has received written notice of representation.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Criminal Diversion Racial Impact Data Collection Act.

Section 5. Legislative intent. Racial and ethnic disparity in the criminal justice system, or the over-representation of certain minority groups compared to their representation in the general population, has been well documented, along with the harmful effects of such disproportionality. There is no single cause of the racial and ethnic disparity evident at every stage of the criminal justice system; suggested causes have included differing patterns of criminal activity, law enforcement activity, and discretionary decisions of criminal justice practitioners, along with effects of legislative policies. In order to make progress in reducing this harmful phenomenon, information on the racial composition of offenders at each stage of the criminal justice system must be systematically gathered and analyzed to lay the foundation for determining the impact of proposed remedies. Gaps of information at any stage will hamper valid analysis at subsequent stages. At the earliest stages of the criminal justice system, systematic statewide information on arrested persons, including race and ethnicity, is collected in the State Police Criminal History Record Information System. However, under the Criminal Identification Act, systematic statewide information on the racial and ethnic composition of adults diverted from arrest by law enforcement and diverted from prosecution by each county's State's Attorney's office is not available. Therefore, it is the intent of this legislation to provide a mechanism by which statewide data on the race and ethnicity of offenders diverted from the criminal justice system before the filing of a court case can be provided by the criminal justice entity involved for future racial disparity impact analyses of the criminal justice system.

Section 10. Definitions. As used in this Act:

"Arrested but released without being charged" means the taking into custody of a person by a law enforcement agency and his or her subsequent release without a formal charge filed.

"Authority" means the Illinois Criminal Justice Information Authority.
"Diversion from prosecution" means the placement of the defendant into any specialized program by the State's Attorney's office, after which formal charges are dismissed, subject to successful completion of the program.

"Law enforcement agency" means any agency of this State or a political subdivision of this State that is vested by law with the duty to maintain public order and to enforce criminal laws.

"Racial and ethnic information" means categories of socially significant groupings by which individuals identify themselves, based on physical characteristics and cultural heritage, as categorized under subsection (b) of Section 4.5 of the Criminal Identification Act.

Section 15. Reporting; publication.

(a) Under the reporting guidelines for law enforcement agencies in Sections 2.1, 4.5, and 5 of the Criminal Identification Act, the Authority shall determine and report the number of persons arrested and released without being charged, and report the racial and ethnic composition of those persons.

(b) Under the reporting guidelines for State's Attorneys in Sections 2.1, 4.5, and 5 of the Criminal Identification Act, the Authority shall determine and report the number of persons for which formal charges were dismissed, and the race and ethnicity of those persons.

(c) Under the reporting guidelines for circuit court clerks in Sections 2.1, 4.5, and 5 of the Criminal Identification Act, the Authority shall determine and report the number of persons admitted to a diversion from prosecution program, and the racial and ethnic composition of those persons, separated by each type of diversion program.

(d) The Authority shall publish the information received and an assessment of the quality of the information received, aggregated to the county level in the case of law enforcement reports, on its publicly available website for the previous calendar year, as affirmed by each reporting agency at the time of its report submission.

(e) The Authority, Department of State Police, Administrative Office of Illinois Courts, and Illinois State's Attorneys Association may collaborate on any necessary training concerning the provisions of this Act.

employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. The school board of any school district may rely on the certificate issued by any regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a). Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

(c) No school board shall knowingly employ a person who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code. Further,
no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the State Superintendent of Education may initiate certificate suspension and revocation proceedings as authorized by law.

(e-5) The superintendent of the employing school board shall, in writing, notify the State Superintendent of Education and the applicable regional superintendent of schools of any certificate holder whom he or she has reasonable cause to believe has committed an intentional act of abuse or neglect with the result of making a child an abused child or a neglected child, as defined in Section 3 of the Abused and Neglected Child Reporting Act, and that act resulted in the certificate holder's dismissal or resignation from the school district. This notification must be submitted within 30 days after the dismissal or resignation. The certificate holder must also be contemporaneously sent a copy of the notice by the superintendent. All correspondence, documentation, and other information so received by the regional superintendent of schools, the State Superintendent of Education, the State Board of Education, or the State Teacher Certification Board under this subsection (e-5) is confidential and must not be disclosed to third parties, except (i) as necessary for the State Superintendent of Education or his or her designee to investigate and prosecute pursuant to Article 21 of this Code, (ii) pursuant to a court order, (iii) for disclosure to the certificate holder or his or her representative, or (iv) as otherwise provided in this Article and provided that any such information admitted into evidence in a hearing is exempt from this confidentiality and non-disclosure requirement. Except for an act of willful or wanton misconduct, any superintendent who provides notification as required in this subsection (e-5) shall have immunity from any liability, whether civil or criminal or that otherwise might result by reason of such action.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school
district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

(f-5) Upon request of a school or school district, any information obtained by a school district pursuant to subsection (f) of this Section within the last year must be made available to the requesting school or school district.

(g) Prior to the commencement of any student teaching experience or required internship (which is referred to as student teaching in this Section) in the public schools, a student teacher is required to authorize a fingerprint-based criminal history records check. Authorization for and payment of the costs of the check must be furnished by the student teacher to the school district where the student teaching is to be completed. Upon receipt of this authorization and payment, the school district shall submit the student teacher's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department of State Police. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, forever and hereinafter, until expunged, to the president of the school board for the school district that requested the check. The Department shall charge the school district a fee for conducting the check, which fee must not exceed the cost of the inquiry and must be deposited into the State Police Services Fund. The school district shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender Community Notification Law, and of the Statewide Murderer and Violent Offender Against Youth Database, as authorized by the

Murderer and Violent Offender Against Youth Registration Act, for each student teacher. No school board may knowingly allow a person to student teach for whom a criminal history records check, a Statewide Sex Offender Database check, and a Statewide Murderer and Violent Offender Against Youth Database check have not been completed and reviewed by the district.

A copy of the record of convictions obtained from the Department of State Police must be provided to the student teacher. Any information concerning the record of convictions obtained by the president of the school board is confidential and may only be transmitted to the superintendent of the school district or his or her designee, the State Superintendent of Education, the State Educator Preparation and Licensure Board, or, for clarification purposes, the Department of State Police or the Statewide Sex Offender Database or Statewide Murderer and Violent Offender Against Youth Database. Any unauthorized release of confidential information may be a violation of Section 7 of the Criminal Identification Act.

No school board may knowingly allow a person to student teach who has been convicted of any offense that would subject him or her to license suspension or revocation pursuant to Section 21B-80 of this Code or who has been found to be the perpetrator of sexual or physical abuse of a minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

Sec. 21B-15. Qualifications of educators.

(a) No one may be licensed to teach or supervise or be otherwise employed in the public schools of this State who is not of good character and at least 20 years of age.

In determining good character under this Section, the State Superintendent of Education shall take into consideration the disciplinary actions of other states or national entities against certificates or licenses issued by those states and held by individuals from those states. In addition, any felony conviction of the applicant may be taken into consideration; however, no one may be licensed to teach or supervise in the public schools of this State who has been convicted of (i) an offense set forth in subsection (b) of Section 21B-80 of this Code until 7 years following the end of the sentence for the criminal offense or (ii) an offense

set forth in subsection (c) of Section 21B-80 of this Code. Unless the conviction is for an offense set forth in Section 21B-80 of this Code, an applicant must be permitted to submit character references or other written material before such a conviction or other information regarding the applicant’s character may be used by the State Superintendent of Education as a basis for denying the application.

(b) No person otherwise qualified shall be denied the right to be licensed or to receive training for the purpose of becoming an educator because of a physical disability, including, but not limited to, visual and hearing disabilities; nor shall any school district refuse to employ a teacher on such grounds, provided that the person is able to carry out the duties of the position for which he or she applies.

(c) No person may be granted or continue to hold an educator license who has knowingly altered or misrepresented his or her qualifications, in this State or any other state, in order to acquire or renew the license. Any other license issued under this Article held by the person may be suspended or revoked by the State Educator Preparation and Licensure Board, depending upon the severity of the alteration or misrepresentation.

(d) No one may teach or supervise in the public schools nor receive for teaching or supervising any part of any public school fund who does not hold an educator license granted by the State Superintendent of Education as provided in this Article. However, the provisions of this Article do not apply to a member of the armed forces who is employed as a teacher of subjects in the Reserve Officers’ Training Corps of any school, nor to an individual teaching a dual credit course as provided for in the Dual Credit Quality Act.

(e) Notwithstanding any other provision of this Code, the school board of a school district may grant to a teacher of the district a leave of absence with full pay for a period of not more than one year to permit the teacher to teach in a foreign state under the provisions of the Exchange Teacher Program established under Public Law 584, 79th Congress, and Public Law 402, 80th Congress, as amended. The school board granting the leave of absence may employ, with or without pay, a national of the foreign state wherein the teacher on the leave of absence is to teach if the national is qualified to teach in that foreign state and if that national is to teach in a grade level similar to the one that was taught in the foreign state. Approved July 29, 2016.
Effective July 29, 2016.

PUBLIC ACT 99-0668
(House Bill No. 4371)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Water Authorities Act is amended by changing Section 28 as follows:
(70 ILCS 3715/28)
Sec. 28. Cessation or dissolution of authority organization.
(a) Notwithstanding any other provision of law, if a majority vote of the board of trustees is in favor of the proposition to annex the authority to another authority whose boundaries are contiguous, or consolidate the authority into a municipality with which the authority is coterminous or substantially coterminous, or consolidate the authority into the county in which the authority sits if the authority contains territory within only one county, and if the governing authorities of the governmental unit assuming

New matter indicated by italics - deletions by strikeout
the functions of the former authority agree by resolution to accept the functions (and jurisdiction over the territory, if applicable) of the consolidated or annexed authority, then the authority shall cease. On the effective date of the annexation or consolidation, all the rights, powers, duties, assets, property, liabilities, indebtedness, obligations, bonding authority, taxing authority, and responsibilities of the authority shall vest in and be assumed by the governmental unit assuming the functions of the former authority.

The employees of the former authority shall be transferred to the governmental unit assuming the functions of the former authority. The governmental unit assuming the functions of the former authority shall exercise the rights and responsibilities of the former authority with respect to those employees. The status and rights of the employees of the former authority under any applicable contracts or collective bargaining agreements, historical representation rights under the Illinois Public Labor Relations Act, or under any pension, retirement, or annuity plan shall not be affected by this amendatory Act.

(b) Any authority created under this Act, other than an authority servicing any part of the City of Chicago, which does not have any outstanding and unpaid revenue bonds issued under this Act may be dissolved any time after a date which is 4 years after the date of its creation as follows:

Any 500 electors residing within the area of the authority may petition the circuit court to order submitted to referendum the question whether the authority should be dissolved. Upon the filing of the petition, and the determination that it is in accordance with the general election law, the circuit court shall: designate the election at which this question is to be submitted; order notice of the referendum in the manner provided by the general election law; and certify the proposition to the proper election officials for submission in accordance with the general election law.

The proposition shall be in substantially the following form:

<table>
<thead>
<tr>
<th>&quot;Shall the (name of water authority) be dissolved?&quot;</th>
</tr>
</thead>
<tbody>
<tr>
<td>YES</td>
</tr>
</tbody>
</table>

If a majority of the votes cast on this question are in favor of dissolution of the authority under this subsection, then such organization
shall cease, the authority is dissolved, and the circuit court shall direct the
discharge of all outstanding obligations.

If the vote is in favor of dissolution of the authority under this
subsection, there shall be no further appointments or elections for
trustees. Except as otherwise provided for in this subsection, the trustees
acting at the time of this vote shall close up the business affairs of the
district and make the necessary conveyances of the title to the district
property. The terms of the trustees acting at the time of a vote in favor of
dissolution are extended until the business affairs are closed up and
conveyances of title are completed.

To the extent that the authority has entered into a multiyear lease
on a real property asset (including, but not limited to, surface water
property) that it possesses, the court, upon application of the trustees, may
order the trustees to arrange the transfer of such real property asset,
instead of liquidating the real property asset, to a unit of local government
with legal authority to operate the real property asset. Such transfer may
be made with or without compensation in the discretion of the court in
accordance with this paragraph. In determining whether compensation
shall be paid, the court shall determine if the same or substantially similar
groups of citizens will benefit from the real property asset after transfer.
To the extent that the same or substantially similar groups of citizens will
continue to benefit from the real property asset, the court is not required
to order compensation paid by the receiving unit of local government to
the authority. To the extent that a substantial change occurs to the groups
of citizens that will benefit from the real property asset after the transfer,
the court shall determine, after receiving input from the trustees and the
unit of local government, an equitable method of compensation, after
receiving input from the trustees and the unit of local government, to be
received from the unit of local government to whom the real property asset
is being transferred. The court shall liberally construe this provision to
provide for an equitable determination of relative benefit.

If the vote is against dissolution of the authority, no petition for a
referendum under this subsection may be filed within 4 years of the
previous referendum.

The dissolution of any authority under this subsection does not
affect the obligation of any bonds issued or contracts entered into by such
authority, nor invalidate the levy, extension or collection of any taxes upon
the property in the debtor authority, but all such bonds and contracts shall
be fulfilled or repaid as required under the terms of the bonds or contracts.

All money remaining after the business affairs of the authority have been closed up and all the debts and obligations of the authority have been paid under this subsection, shall be paid to the township or townships in which such authority is situated, or the county or counties of any portion of such authority that is situated outside of a township, in the proportion that the taxable value the real property in the authority situated in each township or county bears to the taxable value of all the real property in the authority.

All courts shall take judicial notice of the dissolution of such authority.

Sec. 3. Election of trustees; terms. The corporate authority of the North Shore Water Reclamation Sanitary District shall consist of 5 trustees.

New matter indicated by italics - deletions by strikeout
Within 20 days after the adoption of the Act, as provided in Section 1, the county governing body shall proceed to divide the sanitary district into 5 wards for the purpose of electing trustees. One trustee shall be elected for each ward on the date of the next regular county election. In each sanitary district organized pursuant to the provisions of this Act prior to the effective date of this amendatory Act of 1975, one trustee shall be elected for each ward on the date of the regular county election in the year 1976. However, the population in no one ward shall be less than 1/6 of the population of the whole district and the territory in each of the wards shall be composed of contiguous territory in as compact form as practicable. A portion of each ward shall abut the west shore of Lake Michigan and the boundaries of the respective wards shall coincide with precinct boundaries and the boundaries of existing municipalities as nearly as practicable. In the year 1981, and every 10 years thereafter, the sanitary district board of trustees shall reapportion the district, so that the respective wards shall conform as nearly as practicable with the above requirements as to population, shape and territory.

All trustees elected from 1994 through 2011 shall assume office on the first Monday in December following the general election. All trustees elected in 2012 or thereafter shall assume office on the second Wednesday in December following the general election.

In the year 1982, and every 10 years thereafter, following each decennial Federal census, all 5 trustees shall be elected. Immediately following each decennial redistricting, the sanitary district board of trustees shall be randomly divided into 2 groups, one of which shall consist of 3 wards and the other shall consist of 2 wards. A random process shall again be used to determine which trustees from one group shall serve terms of 4 years, 4 years and 2 years; and which trustees from the other group shall serve terms of 2 years, 4 years and 4 years.

Each of the trustees, upon entering the duties of their respective offices, shall execute a bond with security, in the amount and form to be approved by the corporate authorities, payable to the district, in the penal sum of not less than $250,000.00, as directed by resolution or ordinance, conditioned upon the faithful performance of the duties of the office. Each bond shall be filed with and preserved by the board secretary.

When a vacancy exists in the office of trustees of any sanitary district organized under the provisions of this Act, the vacancy shall be filled by appointment by the president of the sanitary district board of trustees, with the advice and consent of the sanitary district board of

trustees, until the next regular election at which trustees of the sanitary district are elected, and shall be made a matter of record in the office of the county clerk in the county in which the district is located.

A majority of the board of trustees shall constitute a quorum, but a smaller number may adjourn from day to day. No trustee or employee of the district shall be directly or indirectly interested in any contract, work or business of the district, or the sale of any article, the expense, price or consideration of which is paid by the district; nor in the purchase of any real estate or other property belonging to the district, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of the district. The trustees have the power to provide and adopt a corporate seal for the district.

Sec. 4. Board of trustees; powers; compensation. The trustees shall constitute a board of trustees for the district. The board of trustees is the corporate authority of the district, and shall exercise all the powers and manage and control all the affairs and property of the district. The board shall elect a president and vice-president from among their own number. In case of the death, resignation, absence from the state, or other disability of the president, the powers, duties and emoluments of the office of the president shall devolve upon the vice-president, until the disability is removed or until a successor to the president is appointed and chosen in the manner provided in this Act. The board may select a secretary, treasurer, executive director, and attorney, and may provide by ordinance for the employment of other employees as the board may deem necessary for the municipality. The board may appoint such other officers and hire such employees to manage and control the operations of the district as it deems necessary; provided, however, that the board shall not employ an individual as a wastewater operator whose Certificate of Technical Competency is suspended or revoked under rules adopted by the Pollution Control Board under item (4) of subsection (a) of Section 13 of the Environmental Protection Act. All employees selected by the board shall hold their respective offices during the pleasure of the board, and give such bond as may be required by the board. The board may prescribe the duties and fix the compensation of all the officers and employees of the sanitary district. However, the president of the board of trustees shall not receive more than $10,000 per year and the other members of the board shall not receive more than $7,000 per year. However, beginning with the

commencement of the new term of each board member in 1993, the
president shall not receive more than $11,000 per year and each other
member of the board shall not receive more than $8,000 per year. Beginning with the commencement of the first new term after the effective
date of this amendatory Act of the 95th General Assembly, the president of
the board shall not receive more than $14,000 per year, and each other
member of the board shall not receive more than $11,000 per year. The
board of trustees has full power to pass all necessary ordinances, rules and
regulations for the proper management and conduct of the business of the
board and of the corporation, and for carrying into effect the objects for
which the sanitary district was formed. The ordinances may provide for a
fine for each offense of not less than $100 or more than $1,000. Each day's
continuance of a violation shall be a separate offense. Fines under this
Section are recoverable by the sanitary district in a civil action. The
sanitary district is authorized to apply to the circuit court for injunctive
relief or mandamus when, in the opinion of the chief administrative
officer, the relief is necessary to protect the sewerage system of the
sanitary district.

The board of trustees shall have the authority to change the name
of the District, by ordinance, to the North Shore Water Reclamation
District. Any such name change shall not impair the legal status of any act
by the sanitary district. If an ordinance is passed pursuant to this
paragraph, all provisions of this Act shall apply to the newly renamed
district. No rights, duties, or privilege of such sanitary district or of any
person existing before the change of name shall be affected by the change
in the name of the sanitary district. All proceedings pending in any court
relating to such sanitary district may continue to final consummation
under the name in which they were commenced.

(70 ILCS 2305/7.6 new)

Sec. 7.6. Rates for treatment and disposal of sewage and surface or
ground water. The board of trustees shall have the authority by ordinance
to establish, revise, and maintain rates or charges for the treatment and
disposal of sewage and surface or ground water. Any user charge,
industrial waste surcharge, or industrial cost recovery charge imposed by
the sanitary district, together with all penalties, interest, and costs
imposed in connection therewith, shall be liens against the real estate
which receives the service or benefit for which the charges are being
imposed; provided, however, such liens shall not attach to such real estate

New matter indicated by italics - deletions by strikeout
until such charges or rates have become delinquent as provided by the ordinance of the sanitary district and provided further, that nothing in this Section shall be construed to give the sanitary district a preference over the rights of any purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the filing in the office of the recorder of the county in which real estate is located of notice of the lien, which notice shall consist of a sworn statement setting out (1) a description of the real estate for which the service or the benefit was rendered sufficient to identify the real estate, (2) the amount or amounts of money due for such service or benefit, and (3) the date or dates when such amount or amounts became delinquent. The sanitary district shall have the power to foreclose such lien in the same manner and with the same effect as in the foreclosure of mortgages on real estate.

The assertion of liens against real estate by the sanitary district to secure payment of user charges, industrial waste surcharges, or industrial cost recovery charges imposed by the sanitary district as indicated in the previous paragraph shall be in addition to any other remedy or right of recovery which the sanitary district may have with respect to the collection or recovery of such charges imposed by the sanitary district. Judgment in a civil action brought by the sanitary district to recover or collect such charges shall not operate as a release and waiver of the lien upon the real estate for the amount of the judgment. Only satisfaction of the judgment or the filing of a release or satisfaction of lien shall release said lien. The lien for charges on account of services or benefits provided for in this Section and the rights created hereunder shall be in addition to the lien upon real estate created by and imposed for general real estate taxes.

(70 ILCS 2305/7.7 new)
Sec. 7.7. Discharge into sewers of the sanitary district.
(a) As used in this Section:
"Executive director" means the executive director of the sanitary district.
"Industrial wastes" means all solids, liquids, or gaseous wastes resulting from any commercial, industrial, manufacturing, agricultural, trade, or business operation or process, or from the development, recovery, or processing of natural resources.
"Other wastes" means decayed wood, sawdust, shavings, bark, lime, refuse, ashes, garbage, offal, oil, tar, chemicals, and all other substances except sewage and industrial wastes.

New matter indicated by italics - deletions by strikeout
"Person" means any individual, firm, association, joint venture, sole proprietorship, company, partnership, estate copartnership, corporation, joint stock company, trust, school district, unit of local government, or private corporation organized or existing under the laws of this or any other state or country.

"Sewage" means water-carried human wastes or a combination of water-carried wastes from residences, buildings, businesses, industrial establishments, institutions, or other places together with any ground, surface, storm, or other water that may be present.

(b) It shall be unlawful for any person to discharge sewage, industrial waste, or other wastes into the sewerage system of the sanitary district or into any sewer tributary therewith, except upon the terms and conditions that the sanitary district might reasonably impose by way of ordinance, permit, rule, or regulation.

The sanitary district, in addition to all other powers vested in it and in the interest of public health and safety, or as authorized by subsections (b) and (c) of Section 46 of the Environmental Protection Act, is hereby empowered to pass all ordinances, rules, or regulations necessary to implement this Section, including, but not limited to, the imposition of charges based on factors that influence the cost of treatment, including strength and volume, and including the right of access during reasonable hours to the premises of a person for enforcement of adopted ordinances, rules, or regulations.

(c) Whenever the sanitary district, acting through the executive director, determines that sewage, industrial wastes, or other wastes are being discharged into the sewerage system and when, in the opinion of the executive director, the discharge is in violation of an ordinance, rules, or regulations adopted by the board of trustees under this Section governing industrial wastes or other wastes, the executive director shall order the offending party to cease and desist. The order shall be served by certified mail or personally on the owner, officer, registered agent, or individual designated by permit.

In the event the offending party fails or refuses to discontinue the discharge within 90 days after notification of the cease and desist order, the executive director may order the offending party to show cause before the board of trustees of the sanitary district why the discharge should not be discontinued. A notice shall be served on the offending party directing him, her, or it to show cause before the board of trustees why an order should not be entered directing the discontinuance of the discharge. The
notice shall specify the time and place where a hearing will be held and
shall be served personally or by registered or certified mail at least 10
days before the hearing; and, in the case of a unit of local government or
a corporation, the service shall be upon an officer or agent thereof. After
reviewing the evidence, the board of trustees may issue an order to the
party responsible for the discharge, directing that within a specified
period of time the discharge be discontinued. The board of trustees may
also order the party responsible for the discharge to pay a civil penalty in
an amount specified by the board of trustees that is not less than $1,000
nor more than $2,000 per day for each day of discharge of effluent in
violation of this Act as provided in subsection (d). The board of trustees
may also order the party responsible for the violation to pay court
reporter costs and hearing officer fees in an amount not exceeding $3,000.
(d) The board of trustees shall establish procedures for assessing
civil penalties and issuing orders under subsection (c) as follows:

(1) In making its orders and determinations, the board of
trustees shall take into consideration all the facts and
circumstances bearing on the activities involved and the
assessment of civil penalties as shown by the record produced at
the hearing.

(2) The board of trustees shall establish a panel of one or
more independent hearing officers to conduct all hearings on the
assessment of civil penalties and issuance of orders under
subsection (c). All hearing officers shall be attorneys licensed to
practice law in this State.

(3) The board of trustees shall promulgate procedural rules
governing the proceedings, the assessment of civil penalties, and
the issuance of orders.

(4) All hearings shall be on the record, and testimony taken
must be under oath and recorded stenographically. Transcripts so
recorded must be made available to any member of the public or
any party to the hearing upon payment of the usual charges for
transcripts. At the hearing, the hearing officer may issue, in the
name of the board of trustees, notices of hearing requesting the
attendance and testimony of witnesses, the production of evidence
relevant to any matter involved in the hearing, and may examine
witnesses.

(5) The hearing officer shall conduct a full and impartial
hearing on the record, with an opportunity for the presentation of
evidence and cross-examination of the witnesses. The hearing
officer shall issue findings of fact, conclusions of law, a
recommended civil penalty, and an order based solely on the
record. The hearing officer may also recommend, as part of the
order, that the discharge of industrial waste be discontinued within
a specified time.

(6) The findings of fact, conclusions of law, recommended
civil penalty, and order shall be transmitted to the board of
trustees along with a complete record of the hearing.

(7) The board of trustees shall either approve or
disapprove the findings of fact, conclusions of law, recommended
civil penalty, and order. If the findings of fact, conclusions of law,
recommended civil penalty, or order are rejected, the board of
trustees shall remand the matter to the hearing officer for further
proceedings. If the order is accepted by the board of trustees, it
shall constitute the final order of the board of trustees.

(8) The civil penalty specified by the board of trustees shall
be paid within 35 days after the party on whom it is imposed
receives a written copy of the order of the board of trustees, unless
the person or persons to whom the order is issued seeks judicial
review.

(9) If a person seeks judicial review of the order assessing
civil penalties, the person shall, within 35 days after the date of the
final order, pay the amount of the civil penalties into an escrow
account maintained by the sanitary district for that purpose or file
a bond guaranteeing payment of the civil penalties if the civil
penalties are upheld on review.

(10) Civil penalties not paid by the times specified above
shall be delinquent and subject to a lien recorded against the
property of the person ordered to pay the penalty. The foregoing
provisions for asserting liens against real estate by the sanitary
district shall be in addition to any other remedy or right of
recovery that the sanitary district may have with respect to the
collection or recovery of penalties and charges imposed by the
sanitary district. Judgment in a civil action brought by the sanitary
district to recover or collect the charges shall not operate as a
release and waiver of the lien upon the real estate for the amount
of the judgment. Only satisfaction of the judgment or the filing of a
release or satisfaction of lien shall release the lien.

New matter indicated by italics - deletions by strikeout
(e) The executive director may order a person to cease the discharge of industrial waste upon a finding by the executive director that the final order of the board of trustees entered after a hearing to show cause has been violated. The executive director shall serve the person with a copy of his or her order either by certified mail or personally by serving the owner, officer, registered agent, or individual designated by permit. The order of the executive director shall also schedule an expedited hearing before a hearing officer designated by the board of trustees for the purpose of determining whether the person has violated the final order of the board of trustees. The board of trustees shall adopt rules of procedure governing expedited hearings. In no event shall the hearing be conducted less than 7 days after service of the executive director's order.

At the conclusion of the expedited hearing, the hearing officer shall prepare a report with his or her findings and recommendations and transmit it to the board of trustees. If the board of trustees, after reviewing the findings and recommendations, and the record produced at the hearing, determines that the person has violated the board of trustees' final order, the board of trustees may authorize the plugging of the sewer. The executive director shall give not less than 10 days' written notice of the board of trustees' order to the owner, officer, registered agent, or individual designated by permit, as well as the owner of record of the real estate and other parties known to be affected, that the sewer will be plugged.

The foregoing provision for plugging a sewer shall be in addition to any other remedy that the sanitary district may have to prevent violation of its ordinances and orders of its board of trustees.

(f) A violation of the final order of the board of trustees shall be considered a nuisance. If any person discharges sewage, industrial wastes, or other wastes into any waters contrary to the final order of the board of trustees, the sanitary district, acting through the executive director, has the power to commence an action or proceeding in the circuit court in and for the county in which the sanitary district is located for the purpose of having the discharge stopped either by mandamus or injunction, or to remedy the violation in any manner provided for in this Section.

The court shall specify a time, not exceeding 20 days after the service of the copy of the complaint, in which the party complained of must plead to the complaint, and in the meantime, the party may be restrained. In case of default or after pleading, the court shall immediately

New matter indicated by italics - deletions by strikeout
inquire into the facts and circumstances of the case and enter an appropriate judgment in respect to the matters complained of. Appeals may be taken as in other civil cases.

(g) The sanitary district, acting through the executive director, has the power to commence an action or proceeding for mandamus or injunction in the circuit court ordering a person to cease its discharge, when, in the opinion of the executive director, the person's discharge presents an imminent danger to the public health, welfare, or safety; presents or may present an endangerment to the environment; or threatens to interfere with the operation of the sewerage system or a water reclamation plant under the jurisdiction of the sanitary district. The initiation of a show cause hearing is not a prerequisite to the commencement by the sanitary district of an action or proceeding for mandamus or injunction in the circuit court. The court shall specify a time, not exceeding 20 days after the service of a copy of the petition, in which the party complained of must answer the petition, and in the meantime, the party may be restrained. In case of default in answer or after answer, the court shall immediately inquire into the facts and circumstances of the case and enter an appropriate judgment order in respect to the matters complained of. An appeal may be taken from the final judgment in the same manner and with the same effect as appeals are taken from judgment of the circuit court in other actions for mandamus or injunction.

(h) Whenever the sanitary district commences an action under subsection (f) of this Section, the court shall assess a civil penalty of not less than $1,000 nor more than $10,000 for each day the person violates the board of trustees' order. Whenever the sanitary district commences an action under subsection (g) of this Section, the court shall assess a civil penalty of not less than $1,000 nor more than $10,000 for each day the person violates the ordinance. Each day's continuance of the violation is a separate offense. The penalties provided in this Section plus interest at the rate set forth in the Interest Act on unpaid penalties, costs, and fees, imposed by the board of trustees under subsection (d); the reasonable costs to the sanitary district of removal or other remedial action caused by discharges in violation of this Act; reasonable attorney's fees; court costs; other expenses of litigation; and costs for inspection, sampling, analysis, and administration related to the enforcement action against the offending party are recoverable by the sanitary district in a civil action.

New matter indicated by italics - deletions by strikeout
(i) The board of trustees may establish fees for late filing of reports with the sanitary district required by an ordinance governing discharges. The sanitary district shall provide by certified mail a written notice of the fee assessment that states the person has 30 days after the receipt of the notice to request a conference with the executive director's designee to discuss or dispute the appropriateness of the assessed fee. Unless a person objects to paying the fee for filing a report late by timely requesting in writing a conference with a designee of the executive director, that person waives his or her right to a conference and the sanitary district may impose a lien recorded against the property of the person for the amount of the unpaid fee.

If a person requests a conference and the matter is not resolved at the conference, the person subject to the fee may request an administrative hearing before an impartial hearing officer appointed under subsection (d) to determine the person's liability for and the amount of the fee. If the hearing officer finds that the late filing fees are owed to the sanitary district, the sanitary district shall notify the responsible person or persons of the hearing officer's decision. If payment is not made within 30 days after the notice, the sanitary district may impose a lien on the property of the person or persons.

Any liens filed under this subsection shall apply only to the property to which the late filing fees are related. A claim for lien shall be filed in the office of the recorder of the county in which the property is located. The filing of a claim for lien by the sanitary district does not prevent the sanitary district from pursuing other means for collecting late filing fees. If a claim for lien is filed, the sanitary district shall notify the person whose property is subject to the lien, and the person may challenge the lien by filing an action in the circuit court. The action shall be filed within 90 days after the person receives the notice of the filing of the claim for lien. The court shall hear evidence concerning the underlying reasons for the lien only if an administrative hearing has not been held under this subsection.

(j) To be effective service under this Section, a demand or order sent by certified or registered mail to the last known address need not be received by the offending party. Service of the demand or order by registered or certified mail shall be deemed effective upon deposit in the United States mail with proper postage prepaid and addressed as provided in this Section.
(k) The provisions of the Administrative Review Law and all amendments and rules adopted pursuant to that Law apply to and govern all proceedings for the judicial review of final administrative decisions of the board of trustees in the enforcement of any ordinance, rule, or regulation adopted under this Act. The cost of preparing the record on appeal shall be paid by the person seeking a review of an order or action pursuant to the Administrative Review Law.

(l) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(70 ILCS 2305/11) (from Ch. 42, par. 287)

Sec. 11. Except as otherwise provided in this Section, all contracts for purchases or sales by the municipality, the expense of which will exceed the mandatory competitive bid threshold, shall be let to the lowest responsible bidder therefor upon not less than 14 days' public notice of the terms and conditions upon which the contract is to be let, having been given by publication in a newspaper of general circulation published in the district, and the board may reject any and all bids and readvertise. In determining the lowest responsible bidder, the board shall take into consideration the qualities and serviceability of the articles supplied, their conformity with specifications, their suitability to the requirements of the district, the availability of support services, the uniqueness of the service, materials, equipment, or supplies as it applies to network integrated computer systems, the compatibility of the service, materials, equipment or supplies with existing equipment, and the delivery terms. Contracts for services in excess of the mandatory competitive bid threshold may, subject to the provisions of this Section, be let by competitive bidding at the discretion of the district board of trustees. All contracts for purchases or sales that will not exceed the mandatory competitive bid threshold may be made in the open market without publication in a newspaper as above provided, but whenever practical shall be based on at least 3 competitive bids. For purposes of this Section, the "mandatory competitive bid threshold" is a dollar amount equal to 0.1% of the total general fixed assets of the district as reported in the most recent required audit report. In no event, however, shall the mandatory competitive bid threshold dollar amount be less than $10,000, nor more than $40,000.

Cash, a cashier's check, a certified check, or a bid bond with adequate surety approved by the board of trustees as a deposit of good faith, in a reasonable amount, but not in excess of 10% of the contract amount, may be required of each bidder by the district on all bids.

New matter indicated by italics - deletions by strikeout
involving amounts in excess of the mandatory competitive bid threshold and, if so required, the advertisement for bids shall so specify.

Contracts which by their nature are not adapted to award by competitive bidding, including, without limitation, contracts for the services of individuals, groups or firms possessing a high degree of professional skill where the ability or fitness of the individual or organization plays an important part, contracts for financial management services undertaken pursuant to "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as now or hereafter amended, contracts for the purchase or sale of utilities, contracts for commodities including supply contracts for natural gas and electricity, contracts for materials economically procurable only from a single source of supply, contracts for services, supplies, materials, parts, or equipment which are available only from a single source or contracts for maintenance, repairs, OEM supplies, or OEM parts from the manufacturer or from a source authorized by the manufacturer, contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, or services, contracts for duplicating machines and supplies, contracts for goods or services procured from another governmental agency, purchases of equipment previously owned by an entity other than the district itself, purchases of used equipment, purchases at auction or similar transactions which by their very nature are not suitable to competitive bids, and leases of real property where the sanitary district is the lessee shall not be subject to the competitive bidding requirements of this Section.

The District may use a design-build procurement method for any public project which shall not be subject to the competitive bidding requirements of this Section provided the Board of Trustees approves the contract for the public project by a vote of 4 of the 5 trustees. For the purposes of this Section, "design-build" means a delivery system that provides responsibility within a single contract for the furnishing of architecture, engineering, land surveying and related services as required, and the labor, materials, equipment, and other construction services for the project.

In the case of an emergency affecting the public health or safety so declared by the Board of Trustees of the municipality at a meeting thereof duly convened, which declaration shall require the affirmative vote of four of the five Trustees, and shall set forth the nature of the danger to the
public health or safety, contracts totaling not more than the emergency contract cap may be let to the extent necessary to resolve such emergency without public advertisement or competitive bidding. For purposes of this Section, the dollar amount of an emergency contract shall not be less than $40,000, nor more than $350,000. The Resolution or Ordinance in which such declaration is embodied shall fix the date upon which such emergency shall terminate which date may be extended or abridged by the Board of Trustees as in their judgment the circumstances require. A full written account of any such emergency, together with a requisition for the materials, supplies, labor or equipment required therefor shall be submitted immediately upon completion and shall be open to public inspection for a period of at least one year subsequent to the date of such emergency purchase. Within 30 days after the passage of the resolution or ordinance declaring an emergency affecting the public health or safety, the municipality shall submit to the Illinois Environmental Protection Agency the full written account of any such emergency along with a copy of the resolution or ordinance declaring the emergency, in accordance with requirements as may be provided by rule.

To address operating emergencies not affecting the public health or safety, the Board of Trustees shall authorize, in writing, officials or employees of the sanitary district to purchase in the open market and without advertisement any supplies, materials, equipment, or services for immediate delivery to meet the bona fide operating emergency, without filing a requisition or estimate therefor, in an amount not in excess of $100,000; provided that the Board of Trustees must be notified of the operating emergency. A full, written account of each operating emergency and a requisition for the materials, supplies, equipment, and services required to meet the operating emergency must be immediately submitted by the officials or employees authorized to make purchases to the Board of Trustees. The account must be available for public inspection for a period of at least one year after the date of the operating emergency purchase. The exercise of authority with respect to purchases for a bona fide operating emergency is not dependent on a declaration of an operating emergency by the Board of Trustees.

The competitive bidding requirements of this Section do not apply to contracts, including contracts for both materials and services incidental thereto, for the repair or replacement of a sanitary district's treatment plant, sewers, equipment, or facilities damaged or destroyed as the result of a sudden or unexpected occurrence, including, but not limited to, a flood,
fire, tornado, earthquake, storm, or other natural or man-made disaster, if
the board of trustees determines in writing that the awarding of those
contracts without competitive bidding is reasonably necessary for the
sanitary district to maintain compliance with a permit issued under the
National Pollution Discharge Elimination System (NPDES) or any
successor system or with any outstanding order relating to that compliance
issued by the United States Environmental Protection Agency, the Illinois
Environmental Protection Agency, or the Illinois Pollution Control Board.
The authority to issue contracts without competitive bidding pursuant to
this paragraph expires 6 months after the date of the writing determining
that the awarding of contracts without competitive bidding is reasonably
necessary.

No Trustee shall be interested, directly or indirectly, in any
contract, work or business of the municipality, or in the sale of any article,
whenever the expense, price or consideration of the contract work,

Sec. 18.5. Contracts. The sanitary district may enter into contracts
with municipalities or other parties outside the sanitary district that may
request service from the sanitary district at higher rates than the existing
rates for like consumers within the sanitary district to allow the sanitary
district to obtain a fair return to cover the costs of financing, constructing,
operating, and maintaining its facilities. In the event that thereafter such
rates are not agreed upon by the parties or are not otherwise provided for

Sec. 31. Resource recovery.

(a) As used in this Section:

"Recovered resources" means any material produced by or extracted from the operation of sanitary district facilities, including, but not limited to:

1. solids, including solids from the digestion process, semi-solids, or liquid materials;
2. gases, including biogas, carbon dioxide, and methane;
3. nutrients;
4. algae;
5. treated effluent; and
6. thermal energy or hydropower.

"Renewable energy facility" shall have the same meaning as a facility defined under Section 5 of the Renewable Energy Production District Act.

"Renewable energy resources" means resources as defined under Section 1-10 of the Illinois Power Agency Act.

"Resource recovery" means the recovery of material or energy from waste as defined under Section 3.435 of the Environmental Protection Act.

(b) The General Assembly finds that:

1. technological advancements in wastewater treatment have resulted in the ability to capture recovered resources and produce renewable energy resources from material previously discarded;
2. the capture and beneficial reuse of recovered resources and the production of renewable energy resources serve a wide variety of environmental benefits including, but not limited to, improved water quality, reduction of greenhouse gases, reduction of carbon footprint, reduction of landfill usage, reduced usage of hydrocarbon-based fuels, return of nutrients to the food cycle, and reduced water consumption;
3. the sanitary district is a leader in the field of wastewater treatment and possesses the expertise and experience necessary to capture and beneficially reuse or prepare for

beneficial reuse recovered resources, including renewable energy resources; and

(4) the sanitary district has the opportunity and ability to change the approach to wastewater treatment from that of a waste material to be disposed of to one of a collection of resources to be recovered, reused, and sold, with the opportunity to provide the sanitary district with additional sources of revenue and reduce operating costs.

(c) The sanitary district may sell or otherwise dispose of recovered resources or renewable energy resources resulting from the operation of sanitary district facilities, and may construct, maintain, finance, and operate such activities, facilities, and other works as are necessary for that purpose.

(d) The sanitary district may take in materials which are used in the generation of usable products from recovered resources, or which increase the production of renewable energy resources, including, but not limited to, food waste, organic fraction of solid waste, commercial or industrial organic wastes, fats, oils, greases, and vegetable debris.

(e) The authorizations granted to the sanitary district under this Section shall not be construed as modifying or limiting any other law or regulation. Any actions taken pursuant to the authorities granted in this Section must be in compliance with all applicable laws and regulations, including, but not limited to, the Environmental Protection Act, and rules adopted under that Act.

Section 15. The Sanitary District Act of 1917 is amended by changing Section 17.1 as follows:

(70 ILCS 2405/17.1) (from Ch. 42, par. 316.1)

Sec. 17.1. Acquiring district or municipal treatment works.

(a) After incorporation, any district organized under this Act may, in accordance with this Act and an intergovernmental agreement with the sanitary district being acquired or the municipality from whom the treatment works and lines are to be acquired, acquire the territory, treatment works, lines, appurtenances, and other property of (i) any sanitary district organized under this Act, the Sanitary District Act of 1907, the North Shore Water Reclamation Sanitary District Act, the Sanitary District Act of 1936, or the Metro-East Sanitary District Act of 1974 or (ii) any municipality whose treatment works were established under the Illinois Municipal Code or the Municipal Wastewater Disposal Zones Act, regardless of whether that district or municipality is contiguous

to the acquiring sanitary district. The distance between the sanitary district being acquired or municipality and the acquiring sanitary district, however, as measured between the points on their corporate boundaries that are nearest to each other, shall not exceed 20 miles. In the case of a municipality, only that property used by the municipality for transport, treatment, and discharge of wastewater and for disposal of sewage sludge shall be transferred to the acquiring sanitary district.

(b) The board of trustees of the sanitary district being acquired, or the corporate authorities of a municipality whose treatment works is being acquired, shall, jointly with the board of trustees of the acquiring sanitary district, petition the circuit court of the county containing all or the larger portion of the sanitary district being acquired or the municipality to permit the acquisition. The petition shall show the following:

1. The reason for the acquisition.
2. That there are no debts of the sanitary district being acquired or municipality outstanding, or that there are sufficient funds on hand or available to satisfy those debts.
3. That no contract or federal or State permit or grant will be impaired by the acquisition.
4. That all assets and responsibilities of the sanitary district being acquired or municipality, as they relate to wastewater treatment, have been properly assigned to the acquiring sanitary district.
5. That the acquiring sanitary district will pay any court costs incurred in connection with the petition.
6. The boundaries of the acquired sanitary district or municipality as of the date of the petition.

(c) Upon adequate notice, including appropriate notice to the Illinois Environmental Protection Agency, the circuit court shall hold a hearing to determine whether there is good cause for the acquisition by the acquiring district and whether the allegations of the petition are true. If the court finds that there is good cause and that the allegations are true, it shall order the acquisition to proceed. If the court finds that there is not good cause for the acquisition or that the allegations of the petition are not true, the court shall dismiss the petition. In either event, the costs shall be taxed against the acquiring sanitary district. The order shall be final. Separate or joint appeals may be taken by any party affected by the order as in other civil cases.

New matter indicated by italics - deletions by strikeout
(d) If the court orders the acquisition contemplated in the petition, there shall be no further appointments of trustees if the acquired agency is a sanitary district. The trustees of the acquired sanitary district acting at the time of the order shall close up the business affairs of the sanitary district and make the necessary conveyances of title to the sanitary district property in accordance with the intergovernmental agreement between the acquiring and acquired sanitary districts. In the case of a municipality, the governing body of the municipality shall make the necessary conveyances of title to municipal property to the acquiring sanitary district in accordance with the intergovernmental agreement between the municipality and the acquiring sanitary district. The acquiring sanitary district's ordinances take effect in the acquired territory upon entry of the order.

(e) The acquisition of any sanitary district by another sanitary district or the acquisition of a treatment works from a municipality by another sanitary district shall not affect the obligation of any bonds issued or contracts entered into by the acquired sanitary district or the municipality, nor invalidate the levy, extension, or collection of any taxes or special assessments upon a property in the acquired sanitary district, but all those bonds and contracts shall be discharged. The general obligation indebtedness of the acquired sanitary district shall be paid from the proceeds of continuing taxes and special assessments as provided in this Act.

All money remaining after the business affairs of the acquired sanitary district or acquired treatment works of the municipality have been closed up and all debts and obligations of the entities paid shall be paid to the acquiring sanitary district in accordance with the intergovernmental agreement between the parties.

(f) The board of trustees of the acquiring sanitary district required to provide sewer service under this Act may levy and collect, for that purpose, a tax on the taxable property within that district. The aggregate amount of the tax shall be as provided in this Act.

(g) Any intergovernmental agreement entered into by the parties under this Section shall provide for the imposition or continuance of a user charge system in accordance with the acquiring district's ordinance, the Illinois Environmental Protection Act, and the federal Clean Water Act.

(h) All courts shall take judicial notice of the acquisition of the sanitary district being acquired or municipal treatment works by the acquiring sanitary district.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 10-20.12b as follows:

New matter indicated by italics - deletions by strikeout
Sec. 10-20.12b. Residency; payment of tuition; hearing; criminal penalty.

(a) For purposes of this Section:

(1) The residence of a person who has legal custody of a pupil is deemed to be the residence of the pupil.

(2) "Legal custody" means one of the following:

(i) Custody exercised by a natural or adoptive parent with whom the pupil resides.

(ii) Custody granted by order of a court of competent jurisdiction to a person with whom the pupil resides for reasons other than to have access to the educational programs of the district.

(iii) Custody exercised under a statutory short-term guardianship, provided that within 60 days of the pupil's enrollment a court order is entered that establishes a permanent guardianship and grants custody to a person with whom the pupil resides for reasons other than to have access to the educational programs of the district.

(iv) Custody exercised by an adult caretaker relative who is receiving aid under the Illinois Public Aid Code for the pupil who resides with that adult caretaker relative for purposes other than to have access to the educational programs of the district.

(v) Custody exercised by an adult who demonstrates that, in fact, he or she has assumed and exercises legal responsibility for the pupil and provides the pupil with a regular fixed night-time abode for purposes other than to have access to the educational programs of the district.

(a-5) If a pupil's change of residence is due to the military service obligation of a person who has legal custody of the pupil, then, upon the written request of the person having legal custody of the pupil, the residence of the pupil is deemed for all purposes relating to enrollment (including tuition, fees, and costs), for the duration of the custodian's military service obligation, to be the same as the residence of the pupil immediately before the change of residence caused by the military service obligation. A school district is not responsible for providing transportation to or from school for a pupil whose residence is determined under this

subsection (a-5). School districts shall facilitate re-enrollment when necessary to comply with this subsection (a-5).

(b) Except as otherwise provided under Section 10-22.5a, only resident pupils of a school district may attend the schools of the district without payment of the tuition required to be charged under Section 10-20.12a. However, children for whom the Guardianship Administrator of the Department of Children and Family Services has been appointed temporary custodian or guardian of the person of a child shall not be charged tuition as a nonresident pupil if the child was placed by the Department of Children and Family Services with a foster parent or placed in another type of child care facility and the foster parent or child care facility is located in a school district other than the child's former school district and it is determined by the Department of Children and Family Services to be in the child's best interest to maintain attendance at his or her former school district.

(c) The provisions of this subsection do not apply in school districts having a population of 500,000 or more. If a school board in a school district with a population of less than 500,000 determines that a pupil who is attending school in the district on a tuition free basis is a nonresident of the district for whom tuition is required to be charged under Section 10-20.12a, the board shall notify the person who enrolled the pupil of the amount of the tuition charged under Section 10-20.12a that is due to the district for the nonresident pupil's attendance in the district's schools. The notice shall detail the specific reasons why the board believes that the pupil is a nonresident of the district and shall be given by certified mail, return receipt requested. Within 10 calendar days after receipt of the notice, the person who enrolled the pupil may request a hearing to review the determination of the school board. The request shall be sent by certified mail, return receipt requested, to the district superintendent. Within 10 calendar days after receipt of the request, the board shall notify, by certified mail, return receipt requested, the person requesting the hearing of the time and place of the hearing, which shall be held not less than 10 nor more than 20 calendar days after the notice of hearing is given. At least 3 calendar days prior to the hearing, each party shall disclose to the other party all written evidence and testimony that it may submit during the hearing and a list of witnesses that it may call to testify during the hearing. The hearing notice shall notify the person requesting the hearing that any written evidence and testimony or witnesses not disclosed to the other party at least 3 calendar days prior to the hearing...
are barred at the hearing without the consent of the other party. The board or a hearing officer designated by the board shall conduct the hearing. The board and the person who enrolled the pupil may be represented at the hearing by representatives of their choice. At the hearing, the person who enrolled the pupil shall have the burden of going forward with the evidence concerning the pupil's residency. If the hearing is conducted by a hearing officer, the hearing officer, within 5 calendar days after the conclusion of the hearing, shall send a written report of his or her findings by certified mail, return receipt requested, to the school board and to the person who enrolled the pupil. The person who enrolled the pupil may, within 5 calendar days after receiving the findings, file written objections to the findings with the school board by sending the objections by certified mail, return receipt requested, addressed to the district superintendent. Whether the hearing is conducted by the school board or a hearing officer, the school board shall, within 30 calendar days after the conclusion of the hearing, decide whether or not the pupil is a resident of the district and the amount of any tuition required to be charged under Section 10-20.12a as a result of the pupil's attendance in the schools of the district. The school board shall send a copy of its decision within 5 calendar days of its decision to the person who enrolled the pupil by certified mail, return receipt requested. This decision must inform the person who enrolled the pupil that he or she may, within 5 calendar days after receipt of the decision of the board, petition the regional superintendent of schools to review the decision. The decision must also include notification that, at the request of the person who enrolled the pupil, the pupil may continue attending the schools of the district pending the regional superintendent of schools' review of the board's decision but that tuition shall continue to be assessed under Section 10-20.12a of this Code during the review period and become due upon a final determination of the regional superintendent of schools that the student is a nonresident, and the decision of the school board shall be final.

Within 5 calendar days after receipt of the decision of the board pursuant to this subsection (c) of this Section, the person who enrolled the pupil may petition the regional superintendent of schools who exercises supervision and control of the board to review the board's decision. The petition must include the basis for the request and be sent by certified mail, return receipt requested, to both the regional superintendent of schools and the district superintendent.

New matter indicated by italics - deletions by strikeout
Within 5 calendar days after receipt of the petition, the board must deliver to the regional superintendent of schools the written decision of the board, any written evidence and testimony that was submitted by the parties during the hearing, a list of all witnesses that testified during the hearing, and any existing written minutes or transcript of the hearing or verbatim record of the hearing in the form of an audio or video recording documenting the hearing. The board may also provide the regional superintendent of schools and the petitioner with a written response to the petition. The regional superintendent of schools' review of the board's decision is limited to the documentation submitted to the regional superintendent of schools pursuant to this Section.

Within 10 calendar days after receipt of the documentation provided by the school district pursuant to this Section, the regional superintendent of schools shall issue a written decision as to whether or not there is clear and convincing evidence that the pupil is a resident of the district pursuant to this Section and eligible to attend the district's schools on a tuition-free basis. The decision shall be transmitted to the board and the person who enrolled the pupil and shall, with specificity, detail the rationale behind the decision.

(c-5) The provisions of this subsection apply only in school districts having a population of 500,000 or more. If the board of education of a school district with a population of 500,000 or more determines that a pupil who is attending school in the district on a tuition free basis is a nonresident of the district for whom tuition is required to be charged under Section 10-20.12a, the board shall notify the person who enrolled the pupil of the amount of the tuition charged under Section 10-20.12a that is due to the district for the nonresident pupil's attendance in the district's schools. The notice shall be given by certified mail, return receipt requested. Within 10 calendar days after receipt of the notice, the person who enrolled the pupil may request a hearing to review the determination of the school board. The request shall be sent by certified mail, return receipt requested, to the district superintendent. Within 30 calendar days after receipt of the request, the board shall notify, by certified mail, return receipt requested, the person requesting the hearing of the time and place of the hearing, which shall be held not less than 10 calendar nor more than 30 calendar days after the notice of hearing is given. The board or a hearing officer designated by the board shall conduct the hearing. The board and the person who enrolled the pupil may each be represented at the hearing by a representative of their choice. At the hearing, the person

New matter indicated by italics - deletions by strikeout
who enrolled the pupil shall have the burden of going forward with the evidence concerning the pupil's residency. If the hearing is conducted by a hearing officer, the hearing officer, within 20 calendar days after the conclusion of the hearing, shall serve a written report of his or her findings by personal service or by certified mail, return receipt requested, to the school board and to the person who enrolled the pupil. The person who enrolled the pupil may, within 10 calendar days after receiving the findings, file written objections to the findings with the board of education by sending the objections by certified mail, return receipt requested, addressed to the general superintendent of schools. If the hearing is conducted by the board of education, the board shall, within 45 calendar days after the conclusion of the hearing, decide whether or not the pupil is a resident of the district and the amount of any tuition required to be charged under Section 10-20.12a as a result of the pupil's attendance in the schools of the district. If the hearing is conducted by a hearing officer, the board of education shall, within 45 days after the receipt of the hearing officer's findings, decide whether or not the pupil is a resident of the district and the amount of any tuition required to be charged under Section 10-20.12a as a result of the pupil's attendance in the schools of the district. The board of education shall send, by certified mail, return receipt requested, a copy of its decision to the person who enrolled the pupil, and the decision of the board shall be final.

(d) If a hearing is requested under subsection (c) of this Section or (c-5) to review the determination of the school board or board of education that a nonresident pupil is attending the schools of the district without payment of the tuition required to be charged under Section 10-20.12a, the pupil may, at the request of the person who enrolled the pupil, continue attendance at the schools of the district pending the final decision of the board or regional superintendent of schools, as applicable, and the school district's payments under Section 18-8.05 of this Code shall not be adjusted due to tuition collection under this Section of the board following the hearing. However, attendance of that pupil in the schools of the district as authorized by this subsection (d) shall not relieve any person who enrolled the pupil of the obligation to pay the tuition charged for that attendance under Section 10-20.12a if the final decision of the board or regional superintendent of schools is that the pupil is a nonresident of the district. If a pupil is determined to be a nonresident of the district for whom tuition is required to be charged pursuant to this Section, the board

New matter indicated by italics - deletions by strikeout
shall refuse to permit the pupil to continue attending the schools of the
district unless the required tuition is paid for the pupil.

(d-5) If a hearing is requested under subsection (c-5) of this
Section to review the determination of the board of education that a
nonresident pupil is attending the schools of the district without payment
of the tuition required to be charged under Section 10-20.12a of this Code,
the pupil may, at the request of the person who enrolled the pupil,
continue attendance at the schools of the district pending a final decision
of the board following the hearing. However, attendance of that pupil in
the schools of the district as authorized by this subsection (d-5) shall not
relieve any person who enrolled the pupil of the obligation to pay the
tuition charged for that attendance under Section 10-20.12a of this Code if
the final decision of the board is that the pupil is a nonresident of the
district. If a pupil is determined to be a nonresident of the district for
whom tuition is required to be charged pursuant to this Section, the board
shall refuse to permit the pupil to continue attending the schools of the
district unless the required tuition is paid for the pupil.

(e) Except for a pupil referred to in subsection (b) of Section 10-
22.5a, a pupil referred to in Section 10-20.12a, or a pupil referred to in
subsection (b) of this Section, a person who knowingly enrolls or attempts
to enroll in the schools of a school district on a tuition free basis a pupil
known by that person to be a nonresident of the district shall be guilty of a
Class C misdemeanor.

(f) A person who knowingly or wilfully presents to any school
district any false information regarding the residency of a pupil for the
purpose of enabling that pupil to attend any school in that district without
the payment of a nonresident tuition charge shall be guilty of a Class C
misdemeanor.

(g) The provisions of this Section are subject to the provisions of
the Education for Homeless Children Act. Nothing in this Section shall be
construed to apply to or require the payment of tuition by a parent or
guardian of a "homeless child" (as that term is defined in Section 1-5 of
the Education for Homeless Children Act) in connection with or as a result
of the homeless child's continued education or enrollment in a school that
is chosen in accordance with any of the options provided in Section 1-10
of that Act.

(215 ILCS 5/356z.4)
Sec. 356z.4. Coverage for contraceptives.
(a)(1) The General Assembly hereby finds and declares all of the following:

(A) Illinois has a long history of expanding timely access to birth control to prevent unintended pregnancy.

(B) The federal Patient Protection and Affordable Care Act includes a contraceptive coverage guarantee as part of a broader requirement for health insurance to cover key preventive care services without out-of-pocket costs for patients.

New matter indicated by italics - deletions by strikeout
(C) The General Assembly intends to build on existing State and federal law to promote gender equity and women's health and to ensure greater contraceptive coverage equity and timely access to all federal Food and Drug Administration approved methods of birth control for all individuals covered by an individual or group health insurance policy in Illinois.

(D) Medical management techniques such as denials, step therapy, or prior authorization in public and private health care coverage can impede access to the most effective contraceptive methods.

(i) they are approved as safe and effective;

(ii) they are pharmaceutical equivalents in that they (A) contain identical amounts of the same active drug ingredient in the same dosage form and route of administration and (B) meet compendial or other applicable standards of strength, quality, purity, and identity;

(iii) they are bioequivalent in that (A) they do not present a known or potential bioequivalence problem and they meet an acceptable in vitro standard or (B) if they do present such a known or potential problem, they are shown to meet an appropriate bioequivalence standard;

(10) A school district participating in the pilot program shall have a plan for engaging feeder elementary schools with the participating high school or schools on the establishment and administration of the competency-based learning system.

Section 25. Competency-based, high school graduation requirements pilot program eligibility and application process.

(a) The pilot program established under Section 20 of this Act shall be administered by the State Superintendent of Education in 2 phases: (i) an initial application and selection process phase, and (ii) a subsequent phase for full development and implementation of a detailed plan for a competency-based learning system for high school graduation requirements.

(b) For the initial phase under clause (i) of subsection (a) of this Section, the State Superintendent of Education shall develop and issue a pilot program application that requires:

(1) demonstration of commitment from the school district superintendent; the president of the school board of the district; teachers within the school district who will be involved with the pilot program implementation; a community college partner; and a higher education institution other than a community college;

(2) an indication of which of the year and course graduation requirements set forth in Section 27-22 of the School Code the school district wishes to replace with a competency-based learning system;

(3) a general description of the school district's plan for implementing a competency-based learning system for high school graduation requirements, including how the plan addresses the requirements of Section 20 of this Act and this Section;

New matter indicated by italics - deletions by strikeout
(4) the school district's prior professional development and stakeholder engagement efforts that will support its successful development and implementation of a competency-based learning system, including, without limitation, prior implementation of professional development systems for major district instructional initiatives; and

(5) identification of any waivers or modifications of State law or rules for implementation of the proposed plan.

The demonstration of commitment from teachers as required by paragraph (1) of this subsection (b) must include a description of how teachers have been engaged throughout the application development process. If the school district has an exclusive bargaining representative of its teachers and the president of the exclusive bargaining representative does not submit a statement of commitment for the application, the school district must submit either a statement by the president of the position of the exclusive bargaining representative on the application or a description of the school district's good faith efforts to obtain such a statement.

(c) Subject to subsection (g) of this Section, the State Superintendent of Education shall select school districts meeting the requirements set forth in this Section to participate in the pilot program based on the quality of the proposed plan, the strength of the local commitments, including, without limitation, teachers within the school district who will be involved in the program's implementation and postsecondary institution partnerships, and demonstration of prior professional development and stakeholder engagement efforts that will support the proposed system's successful implementation. The State Superintendent of Education, in selecting the participating school districts, shall also consider the diversity of school district types and sizes, the diversity of geographic representation from across the State, and the diversity of plan approaches (such as approaches that involve one subject only, multiple subjects, and the types of subjects).

(d) School districts selected to participate in the pilot program shall receive technical assistance coordinated by the State Superintendent of Education to develop a full pilot program implementation plan. The State Superintendent of Education shall have discretion to remove a school district from the pilot program during this period if the school district does not submit a full pilot program implementation plan that meets the State Superintendent of Education's specifications.

New matter indicated by italics - deletions by strikeout
(e) School districts shall, as part of the development of their application and participation in the competency-based learning system pilot program, establish and maintain a standing planning and implementation committee that includes representation from administrators and teachers, including teachers who will be involved in the competency-based learning system's implementation. The teacher representatives shall be selected by teachers or, where applicable, the exclusive bargaining representative of its teachers, and the number of teacher representatives shall be at least equal to administrator representatives, unless otherwise agreed to by the teachers or, where applicable, the exclusive bargaining representative of its teachers. The standing planning and implementation committee shall develop reports that shall be included within the initial application, the full pilot program plan, and any subsequent annual submissions to the State Superintendent of Education as part of the assessment and evaluation of the program. The reports shall describe the members' assessment of the school district's plan or implementation, as applicable, of the school district's competency-based learning system and any recommendations for modifications or improvements to the system. If the committee does not reach consensus on the report, the administrator members shall submit the report and the teacher members may provide a position statement that must be included with the report submitted to the State Superintendent of Education.

(f) Notwithstanding any other provisions of the School Code or any other law of this State to the contrary, school districts participating in the pilot program may petition the State Superintendent of Education for a waiver or modification of the mandates of the School Code or of the administrative rules adopted by ISBE in order to support the implementation of the school district's proposed competency-based learning system. However, no waiver shall be granted under this subsection (f) relating to State assessments, accountability requirements, teacher tenure or seniority, teacher or principal evaluations, or learning standards or that removes legal protections or supports intended for the protection of children or a particular category of students, such as students with disabilities or English learners. Any waiver or modification of teacher educator licensure requirements to permit instruction by non-educators or educators without an appropriate license must ensure that an appropriately licensed teacher and the provider of instruction partner in order to verify the method for assessing competency of mastery and verify whether a student has demonstrated mastery. All requests must be jointly signed by
the school district superintendent and the president of the school board and must describe the position of teachers within the school district that will be involved in the competency-based learning system's implementation on the application. If the school district has an exclusive bargaining representative of its teachers and the president of the exclusive bargaining representative does not submit a statement of support for the application, the school district must submit either a statement by the president that describes the position of the exclusive bargaining representative on the application or a description of the school district's good faith efforts to obtain such a statement. The State Superintendent of Education shall approve a waiver or modification request meeting the requirements of this subsection (f) if the State Superintendent of Education determines the request is reasonably necessary to support the implementation of the school district's proposed competency-based learning system, and the request shall not diminish the overall support of teachers within the school district involved with the system's implementation as demonstrated in the school district's initial application to participate in the pilot program. An approved request shall take effect in accordance with the timeline set forth in the school district's application, and an approved waiver or modification shall remain in effect for so long as the school district participates in the pilot program. An approved request shall take effect in accordance with the timeline set forth in the school district's application, and an approved waiver or modification shall remain in effect for so long as the school district participates in the pilot program established by this Act. The State Superintendent of Education's approval of a school district plan for implementation of competency-based, high school graduation requirements shall serve as a waiver or modification of any conflicting requirements of Section 27-22 of the School Code. School districts participating in the pilot program may additionally pursue waivers and modifications pursuant to Section 2-3.25g of the School Code.

(g) For purposes of this subsection (g), "annual cohort" means the group of school districts selected by the State Superintendent of Education to participate in the pilot program during an annual application and selection process. The State Superintendent of Education shall limit each annual cohort of the pilot program as follows: the first 2 annual cohorts shall be limited to no more than 12 school districts, and any subsequent annual cohort shall be limited to no more than 15 school districts. A school district may submit only one application for each annual cohort of the pilot program. The application of a school district having a population exceeding 500,000 inhabitants may not include more than 6 schools. The expansion of a school district's competency-based learning system to a

New matter indicated by italics - deletions by strikeout
new school or new subject area identified in Section 27-22 of the School Code shall require a new application by the school district.

Section 30. Competency-based, high school graduation requirements pilot program statewide supports. Subject to the availability of public or private resources, to support school district participation in the pilot program established under Section 20 of this Act and development of competency-based graduation requirements, ISBE shall provide or support the provision of:

(1) grants to school districts participating in the pilot program to offset the costs of educator training and initial implementation;

(2) technical assistance and professional development for pilot program plan implementation, including, but not limited to, peer-to-peer coaching models;

(3) an evaluation of the pilot program, with a report of successes and challenges, objective outcome measures, qualitative measures of implementation, and recommendations for further program modification and improvement;

(4) networking opportunities for participating school districts, including opportunities for both administrators and teachers;

(5) a web-based library of pilot program implementation plans and models supporting future replication activities; and

(6) communication materials and supports for stakeholder engagement in the development and implementation of competency-based learning systems.

Section 35. Competency-based, high school graduation requirements pilot program implementation. The pilot program established under Section 20 of this Act shall be implemented as follows:

(1) By June 30, 2017, the State Superintendent of Education shall publish the application for school districts to participate in the initial cohort of the pilot program.

(2) By no later than April 1, 2018, following a review and selection process established by the State Superintendent of Education pursuant to Section 25 of this Act, school districts shall be selected for the initial cohort of the pilot program.

(3) By no later than October 1, 2018, school districts participating in the initial cohort of the pilot program shall develop
and submit the full pilot program implementation plans described in Section 25 of this Act.

(4) During the 2018-2019 school year, school districts participating in the initial cohort shall commence initial implementation activities in accordance with their full pilot program implementation plan.

(5) During the 2021-2022 school year, the State Superintendent of Education or his or her designee shall evaluate the school districts participating in the pilot program and make recommendations to ISBE and the General Assembly for elimination, modification, or expansion of the pilot program.

(6) The State Superintendent of Education may establish one or more additional cohorts of the pilot program for implementation commencing in the 2019-2020 and subsequent school years.

Section 40. Guiding principles for and purposes of transitional mathematics instruction.

(a) ISBE, ICCB, and IBHE shall jointly establish and administer requirements and supports for transitional mathematics instruction pursuant to the requirements of Sections 45 through 65 of this Act. In doing so, these agencies shall be guided by all of the following principles:

(1) Transitional mathematics instruction should be one of multiple strategies to reduce statewide remedial education rates, including better alignment of school district and postsecondary institution systems, targeted mathematics interventions throughout high school, and the use of corequisite remedial education models by postsecondary institutions.

(2) Postsecondary institution placement into college-level mathematics courses should be based on more than a standardized assessment score, and postsecondary institutions should utilize multiple measures for placement in most instances.

(3) All high school students who can demonstrate readiness for college-level mathematics courses should have access to such courses.

(4) Students should be provided mathematics instruction aligned to their individualized postsecondary education and career objectives.

(5) Mathematics instruction should be contextualized and emphasize real-world application whenever possible, and
instructional strategies integrating mathematics competencies with other academic and career competencies are encouraged for all students. 

(b) The purposes of transitional mathematics instruction are to:

(1) provide the mathematical foundation for postsecondary education and careers that high school students are lacking from their previous education;

(2) provide high school students with the mathematical knowledge and skills to meet their individualized postsecondary education and career objectives; and

(3) provide high school students with the knowledge and skills to be successful in mathematics college-level courses. 

Section 45. Statewide panel to define transitional mathematics instruction recommendations. 

(a) Subject to the availability of public or private resources for its administration, ISBE, ICCB, and IBHE shall jointly establish a statewide panel to recommend competencies and other requirements for transitional mathematics instruction that lead to various postsecondary institution mathematics pathways. ISBE, ICCB, and IBHE shall consult with the IMACC on the establishment and administration of the statewide panel. The statewide panel shall include high school educators and administrators and community college and university faculty and administrators, including broad representation from general education and career and technical education. The statewide panel shall also consult with representations of private sector employers on the definition of competencies for postsecondary institution mathematics pathways and consider mathematics utilized in pre-employment screenings for entry-level careers. Following the delivery of the statewide panel's recommendations, ISBE, ICCB, and IBHE shall, in consultation with IMACC and the statewide panel, jointly adopt competencies and requirements for transitional mathematics instruction and related postsecondary institution mathematics pathways. 

(b) The statewide panel shall define transitional mathematics competencies aligned to ISBE-adopted learning standards and requirements associated with, at minimum, the following postsecondary institution mathematics pathways:

(1) STEM Pathway. The STEM Pathway is for students with career goals involving occupations that require the application of calculus or advanced algebraic skills. In accordance with and
subject to this Act, successful attainment of transitional mathematics competencies in the STEM Pathway guarantees student placement into a community college mathematics course in a calculus-based mathematics course sequence.

(2) Technical Pathway. The Technical Pathway is for students with career goals involving occupations in technical fields that do not require the application of calculus, advanced algebraic, or advanced statistical skills. Mathematics in the Technical Pathway emphasizes the application of mathematics within career settings. In accordance with and subject to this Act, successful attainment of transitional mathematics competencies in the Technical Pathway guarantees student placement into a credit-bearing postsecondary mathematics course required for a community college career and technical education program.

(3) Quantitative Literacy and Statistics Pathway. The Quantitative Literacy and Statistics Pathway is for students focused on attaining competency in general statistics, data analysis, quantitative literacy, and problem solving. The Quantitative Literacy and Statistics Pathway is intended for students whose career goals do not involve occupations relating to either the STEM or Technical Pathway or those who have not yet selected a career goal. In accordance with and subject to this Act, successful attainment of transitional mathematics competencies in the Quantitative Literacy and Statistics Pathway guarantees student placement into a community college GECC mathematics course not in a calculus-based course sequence.

(c) The statewide panel shall make recommendations on whether separate transitional mathematics competencies should be defined for students with career goals involving occupations that require the application of advanced statistics, such as occupations in certain social science fields. The statewide panel shall also provide recommendations for methods to incorporate transitional mathematics competencies into integrated courses.

(d) The statewide panel shall recommend statewide criteria for determining the projected readiness of 11th grade students for college-level mathematics courses in each of the postsecondary education mathematics pathways for purposes of placement into transitional mathematics instruction in 12th grade. The statewide criteria shall include standardized assessment results, grade point average, and course
completions. The statewide criteria shall also define a minimal level of mathematical competency necessary for student placement into transitional mathematics instruction. Following the delivery of such recommendations, ISBE and ICCB shall jointly adopt statewide criteria for determining projected readiness for college-level mathematics courses in each of the postsecondary institution mathematics pathways for purposes of placement into transitional mathematics instruction in 12th grade.

(e) Notwithstanding anything to the contrary contained in this Act, in the event the statewide panel is not established due to the unavailability of public and private resources and ISBE, ICCB, and IBHE are therefore unable to jointly adopt competencies and requirements for transitional mathematics instruction and related postsecondary institution mathematics pathways, then no transitional mathematics instruction is required to be delivered by school districts or accepted for placement by community colleges in accordance with this Act.

(f) Subject to the availability of public or private resources for its administration, ISBE, ICCB, and IBHE shall, in consultation with the members of the statewide panel, establish and administer procedures for approving transitional mathematics instruction for statewide portability.

(g) In accordance with timelines and publication requirements established by IBHE, each public university must adopt and publicize transparent criteria adopted by the university for student placement into college-level mathematics courses. IBHE must publicly report on the adoption of such criteria and the extent to which public universities are utilizing strategies to minimize placements into non-credit-bearing remedial mathematics course sequences.

Section 50. Transitional mathematics instruction placement and delivery.

(a) A school district electing or required to deliver transitional mathematics instruction in accordance with Section 65 of this Act shall use the statewide criteria established pursuant to subsection (d) of Section 45 of this Act to determine each student's projected readiness for college-level mathematics courses upon high school graduation in that student's selected postsecondary institution mathematics pathway. The school district shall make a pre-determination of student readiness at the end of the first semester of 11th grade and may adjust readiness determinations at the end of 11th grade. The readiness of a student who has not selected a postsecondary institution mathematics pathway shall be determined in accordance with the criteria for the Quantitative Literacy and Statistics

Pathways. Notwithstanding the readiness determinations, instructional requirements for students with disabilities shall be subject to the individualized goals set forth within the student's individualized education program required by State and federal law.

(b) Public high school graduates of school districts implementing transitional mathematics instruction in accordance with this Act may demonstrate readiness for college-level mathematics courses at applicable postsecondary institutions through any of the following methods:

(1) At the end of 11th grade, the student does not meet the statewide criteria for demonstrating projected readiness for college-level mathematics courses upon high school graduation in the student's postsecondary education mathematics pathway, but the student subsequently achieves successful completion of transitional mathematics instruction for the postsecondary education mathematics pathway. Students who achieve successful completion shall receive transcripted credit for the transitional mathematics instruction from the community college partner and, subject to subsections (c) and (d) of this Section, shall be placed by applicable postsecondary institutions recognizing the transcripted credit in accordance with this Act into an appropriate college-level mathematics course in the student's postsecondary institution mathematics pathway. Students who do not achieve successful completion shall be subject to generally applicable postsecondary institution mathematics placement processes. For the purposes of this paragraph (1), successful completion means the student successfully demonstrates attainment of transitional mathematics competencies either through an overall grade for the mathematics-related portion of a course or demonstrated mastery of all transitional mathematics competencies delivered through a competency-based learning system.

(2) At the end of 11th grade, the student meets the statewide criteria for demonstrating projected readiness for college-level mathematics courses upon high school graduation in the student's postsecondary education mathematics pathway, and the student subsequently successfully completes rigorous mathematics instruction in accordance with criteria jointly adopted by ISBE and ICCB.

(3) The student meets applicable postsecondary institution criteria for demonstrating readiness for college-level mathematics
courses in the student's postsecondary education mathematics pathway.

(c) All postsecondary institutions that have entered into a partnership agreement pursuant to Section 55 of this Act shall recognize community college transcripted credit from transitional mathematics instruction delivered by school districts participating in the partnership agreement for student placement into appropriate college-level mathematics courses. If statewide portability approval procedures have been established pursuant to subsection (f) of Section 45 of this Act, then all community colleges shall recognize community college transcripted credit from transitional mathematics instruction that has been approved in accordance with the statewide portability procedures. A public university is not required to recognize transcripted credit from transitional mathematics instruction for placement purpose unless the public university voluntarily agrees to do so through entering into a partnership agreement in accordance with Section 55 of this Act. The placement determinations described in this Section are valid for 18 months after high school graduation, provided a postsecondary institution may require a short-term, skill-based review or a corequisite remediation course for a student who does not enroll in a college-level mathematics course in the fall semester after high school graduation.

Section 55. High school and community college partnership agreements for transitional mathematics instruction.

(a) Transitional mathematics instruction shall be delivered by high school faculty with community college collaboration as defined through a partnership agreement meeting the requirements of this Section. While transitional mathematics instruction may be delivered through stand-alone mathematics courses, school districts and community colleges may use integrated courses or competency-based learning systems for the delivery of transitional mathematics instruction.

(b) School districts serving grades 9 through 12 electing or required to deliver transitional mathematics instruction in accordance with Section 65 of this Act shall enter into a partnership agreement for transitional mathematics courses with at least one community college. All partnership agreements shall address the following:

(1) The co-development by the school district and community college of transitional mathematics courses or a defined mathematics competency set or the adaptation of the State model transitional instructional units that align to the statewide
competencies for particular postsecondary institution mathematics pathways, which shall also include the design of local performance indicators and evidence associated with those indicators.

(2) The community college courses for which the successful completion of transitional mathematics instruction will guarantee placement, subject to subsection (b) of Section 50 of this Act.

(3) The availability of dual enrollment and dual credit courses for high school students demonstrating current readiness for college-level mathematics courses.

(4) Training and professional development to be provided to the high school instructors of transitional mathematics instruction.

(5) The utilization of integrated courses or competency-based learning systems for transitional mathematics instruction.

(c) A community college must enter into a partnership agreement when requested to do so by a local school district that has elected or is required to deliver transitional mathematics instruction in accordance with Section 65 of this Act, provided the community college receives an implementation grant in an amount determined by ICCB to compensate for its related instructional development and implementation activities. A community college may require standardized terms for all of its partner school districts. ISBE and ICCB shall jointly resolve any disputes between a school district and community college regarding the proposed terms of a partnership agreement.

(d) When developing partnership agreements, community colleges and school districts shall consult with a public university that has requested consultation in accordance with requirements established by ICCB and IBHE. A public university may, in its sole discretion, elect to become a party to a partnership agreement.

(e) Regional offices of education may, with the consent of participating school districts, establish multi-district partnership agreements with one or more postsecondary institutions.

Section 60. Transitional mathematics instruction statewide supports.

(a) ICCB shall permit transitional mathematics instruction that has been transcripted by a community college in accordance with the requirements of this Act to be claimed for reimbursement for community college funding purposes.
(b) Subject to the availability of public or private resources, ISBE, ICCB, and IBHE, in collaboration with IMACC, shall support at least 2 collaborative efforts among school districts and postsecondary institutions to develop model transitional mathematics instructional units. All State-supported models shall include real-world application projects that can be delivered to particular students based on career interests. At least one of the State-supported transitional mathematics models must be highly modularized for blended-learning delivery, with:

(1) a pre-assessment system to ensure that completion of modules are required only when the competencies have not been sufficiently mastered;
(2) the ability for students to complete coursework in areas of need at their own pace;
(3) the ability for transitional mathematics modules to be included within integrated courses or competency-based learning systems; and
(4) the ability for students to complete dual credit modules upon completion of the transitional mathematics modules.

(c) Provided that statewide portability procedures have been established pursuant to subsection (f) of Section 45 of this Act, ISBE and ICCB shall identify and publicize courses for transitional mathematics instruction that meet the statewide portability requirements and that can be delivered fully online or through blended-learning models without the requirement for in-person mathematics instruction at the high school.

(d) ISBE and ICCB shall jointly develop and provide a model partnership agreement for school districts and community colleges.

(e) ISBE and ICCB shall provide standardized reports to school districts and community colleges, including, but not limited to:

(1) reports that school districts and community colleges can use for determining students 11th grade projected readiness for college-level mathematics courses upon high school graduation; and
(2) reports that compare participating students' postsecondary outcomes with other students, particularly those in traditional developmental education course sequences.

Section 65. Transitional mathematics instruction implementation.
(a) Subject to the availability of public or private resources, by no later than June 30, 2018, the statewide panel established pursuant to Section 45 of this Act shall define the transitional mathematics

competencies and statewide criteria for determining projected readiness for college-level mathematics courses, and the school district and postsecondary institution collaborative efforts established pursuant to Section 60 of this Act shall develop the model transitional mathematics instructional units.

(b) By no later than June 30, 2019, ISBE and ICCB shall jointly establish a phased implementation plan and benchmarks that lead to full statewide implementation of transitional mathematics instruction in all school districts with timeframes that account for State and local resources and capacity. The phased implementation plan shall be contingent upon all of the following:

(1) The availability of public or private resources necessary for the implementation of the statewide panel and the administration of the statewide portability procedures described in Section 45 of this Act.

(2) The availability of public or private resources for the grants to community colleges described in subsection (c) of Section 55 of this Act.

(3) The availability of at least one fully online or blended-learning course as described in subsection (c) of Section 60 of this Act that has been approved through the statewide portability procedures established pursuant to subsection (f) of Section 45 of this Act.

(4) The right of school boards to opt out of implementation in accordance with subsection (c) of this Section.

(c) Notwithstanding the foregoing implementation requirements, the school board of any school district required to implement transitional mathematics instruction pursuant to the implementation plan adopted by ISBE and ICCB may, by action of its board, opt out of implementation through a finding by its board that the school district's cost of implementation outweighs the potential benefits to students and families through improved postsecondary education mathematics outcomes. The school district must report any decision to opt out of implementation to ISBE.

(d) The implementation plan adopted by ISBE and ICCB pursuant to subsection (b) of this Section shall include an evaluation and report to be issued by no later than June 30, 2022 that analyzes results, best practices, and challenges of school districts and community colleges that have implemented transitional mathematics instruction.

(e) By June 30, 2018, IBHE shall adopt the requirements for public universities described in subsection (g) of Section 45 of this Act and public universities shall adopt and publicize the criteria described in subsection (g) of Section 45 of this Act. By June 30, 2020, and then at least once every 2 years thereafter, IBHE shall publicly report in accordance with subsection (g) of Section 45 of this Act.

(f) Commencing in the 2019-2020 school year, the school board of any school district serving grades 9 through 12 may elect to implement transitional mathematics instruction preparing students for one or more of the postsecondary institution mathematics pathways. If a school board makes an election and a community college for that local school district receives an implementation grant in accordance with subsection (c) of Section 55 of this Act, the community college must enter into a partnership agreement and provide the necessary support for implementation within timelines established by ICCB.

Section 70. Reading and communication transitional competencies. Subject to the availability of public or private resources for its administration, ISBE, ICCB, and IBHE shall jointly establish a statewide panel to recommend competencies for reading and communication aligned to applicable learning standards adopted by ISBE that, if attained by a student, lead to student placement into appropriate community college GECC communications courses. The statewide panel shall recommend strategies to embed the reading and communications developmental competencies in appropriate high school coursework.

Section 75. College and Career Pathway Endorsements System.

(a) Public high school graduates may attain College and Career Pathway Endorsements on high school diplomas in accordance with the requirements of Section 80 of this Act. The IPIC Agencies shall establish and administer a system for awarding and supporting College and Career Pathway Endorsements in accordance with the requirements of Sections 80 and 85 of this Act and oversee its implementation in accordance with the timelines set forth in Section 90 of this Act.

(b) The College and Career Pathway Endorsements System is established for the purposes of:

(1) recognizing and incentivizing student attainment of knowledge and demonstration of skills important for success in both postsecondary education and employment;

New matter indicated by italics - deletions by strikeout
(2) encouraging career exploration and development to improve students' decision-making for subsequent education and career advancement;

(3) promoting greater consistency of college and career pathway program structures within particular sectors;

(4) aligning supports from the State, employers, and regional intermediary support organizations; and

(5) institutionalizing college and career pathways as a key strategy for preparing more Illinois students for postsecondary education success and rewarding career opportunities.

Section 80. College and Career Pathway Endorsements.

(a) College and Career Pathway Endorsements are established to recognize public high school graduates who complete the requirements set forth in subsection (d) of this Section.

(b) School district participation in this program is voluntary.

(c) As of the 2019-2020 school year, Eligible School Districts may award one or more College and Career Pathway Endorsements on high school diplomas in Endorsement Areas established by ISBE in consultation with the other IPIC Agencies and appropriate stakeholders, including postsecondary institutions and employers. When establishing the Endorsement Areas, the agencies shall consider the Illinois career cluster framework, prevalent models for comprehensive pathway systems in Illinois high schools that articulate to postsecondary institutions and career training programs, prevalent models for guided pathway systems at postsecondary institutions, and the postsecondary institution mathematics pathways established pursuant to this Act. The Endorsement Areas shall also provide for a multidisciplinary endorsement for students that change career pathways during high school while meeting the individualized plan, professional learning, and academic readiness requirements set forth in subsection (d) of this Section.

(d) To earn a College and Career Pathway Endorsement, a student shall satisfy all of the following requirements:

   (1) Develop and periodically update an individualized plan for postsecondary education or training, careers, and financial aid. This individualized plan shall also include student development of a resume and personal statement with student reflection on attainment of Adaptive Competencies. The Eligible School District shall certify to ISBE that its individualized planning process spans

grades 9 through 12 and includes an annual process for updating the plan.

(2) Complete a career-focused instructional sequence, including at least 2 years of coursework or equivalent competencies within an Endorsement Area or, for students attaining a multidisciplinary endorsement, multiple Endorsement Areas. An Eligible School District must consult with its regional education for employment director on the establishment of the career-focused instructional sequence. For all areas other than for multidisciplinary endorsements, the Eligible School District and a Local Community College shall certify to ISBE and ICCB that the career-focused instructional sequence is articulated to a certificate or degree program with labor market value, with opportunities for ongoing student advancement. ISBE and ICCB may adopt requirements for certifying that the instructional sequence meets the requirements of this paragraph (2). This certification must be re-certified at least once every 5 years thereafter. Commencing in the 2022-2023 school year, students must earn at least 6 hours of credit through early college credit courses within the career-focused instructional sequence.

(3) Complete a minimum of 2 Career Exploration Activities or one Intensive Career Exploration Experience, a minimum of 2 Team-based Challenges, and at least 60 cumulative hours of participation in one or more Supervised Career Development Experiences.

(4) Demonstrate readiness for non-remedial coursework in reading and mathematics by high school graduation through criteria certified by the Eligible School District and a Local Community College to ISBE and ICCB. The criteria shall align to any local partnership agreement established pursuant to Section 55 of this Act and may allow the demonstration of readiness through various methods, including assessment scores, grade point average, course completions, or other locally adopted criteria.

(e) To become an Eligible School District and award College and Careers Pathway Endorsements, a school district shall submit information in a form determined by ISBE and ICCB that indicates the school district's intent to award College and Career Pathway Endorsements in one or more Endorsement Areas and includes the certifications described in subsection (d) of this Section. Either ISBE or ICCB may require supporting evidence.

for any certification made by the school district in the submission. An Eligible School District must participate in any quality review process adopted by ISBE for College and Career Pathway Endorsement systems, provided that the quality review process is at no cost to the Eligible School District.

Section 85. Statewide planning and supports for College and Career Pathway Endorsement programs.

(a) By no later than June 30, 2017, the IPIC Agencies shall develop and adopt a comprehensive interagency plan for supporting the development of College and Career Pathway Endorsement programs throughout the State. Thereafter, the plan shall be re-assessed and updated at least once every 5 years. The plan shall:

(1) designate priority, State-level industry sectors consistent with those identified through federal and State workforce and economic development planning processes;

(2) articulate a strategy for supporting College and Career Pathway Endorsement programs that includes State and federal funding, business and philanthropic investments, and local investments;

(4) address how College and Career Pathway Endorsement programs articulate to postsecondary institution degree programs.

(b) In accordance with the interagency plan developed pursuant to subsection (a) of this Section and within the limits of available public and private resources, the IPIC Agencies shall establish a public-private steering committee for each priority State-level industry sector that includes representatives from one or more business-led, sector-based partnerships. By no later than June 30, 2018, each steering committee shall recommend to the IPIC Agencies a sequence of minimum career competencies for particular occupational pathways within that sector that students should attain by high school graduation as part of a College and Career Pathway Endorsement program. The IPIC Agencies shall establish methods to recognize and incentivize College and Career Pathway Endorsement programs that:

colleges, Local Workforce Development Boards, and employers;
and

(3) align to sequences of minimum career competencies
defined pursuant to this subsection (b), with any regional
modifications appropriate for local economic development
objectives.

(c) In accordance with the interagency plan developed pursuant to
subsection (a) of this Section and within the limits of available public and
private resources, the IPIC Agencies shall provide all of the following
supports for College and Career Pathway Endorsement program:

mastery of specific career competencies and that are widely
valued by employers within a particular sector;

(C) deliver or support sector-oriented professional
development, Career Exploration Activities, Intensive
Career Exploration Experiences, Team-based Challenges,
and Supervised Career Development Experiences; and

permanently or as otherwise specified by rule. The physician in attendance shall verify or provide the date of birth and medical information required by the certificate, within 24 hours after the birth occurs.

(3) When a birth occurs outside an institution, the certificate shall be prepared and filed by one of the following in the indicated order of priority:

(a) The physician in attendance at or immediately after the birth, or in the absence of such a person,

(b) Any other person in attendance at or immediately after the birth, or in the absence of such a person,

(c) The father, the mother, or in the absence of the father and the inability of the mother, the person in charge of the premises where the birth occurred.

(4) Unless otherwise provided in this Act, if the mother was not married to the father of the child at either the time of conception or the time of birth, the name of the father shall be entered on the child's birth certificate only if the mother and the person to be named as the father have signed a voluntary acknowledgment of paternity form in accordance with subsection (5).

Unless otherwise provided in this Act, if the mother was married at the time of conception or birth and the presumed father (that is, the mother's husband) is not the biological father of the child, the name of the biological father shall be entered on the child's birth certificate only if, in accordance with subsection (5), (i) the mother and the person to be named as the father have signed a voluntary acknowledgment of paternity form and (ii) the mother and presumed father have signed a denial of paternity form.

(5) Upon the birth of a child to an unmarried woman, or upon the birth of a child to a woman who was married at the time of conception or birth and whose husband is not the biological father of the child, the institution at the time of birth and the local registrar or county clerk after the birth shall do the following:

(a) Provide (i) an opportunity for the child's mother and father to sign a voluntary acknowledgment of paternity form and (ii) if the presumed father is not the biological father, an opportunity for the mother and presumed father to sign a denial of paternity form. The signing and witnessing of the voluntary acknowledgment of paternity form or, if the presumed father of the child is not the biological father, the
voluntary acknowledgment of paternity and denial of parentage form to institutions, county clerks, and State and local registrars' offices. The forms shall include instructions to send the original signed and witnessed voluntary acknowledgment of paternity and denial of parentage forms to the Department of Healthcare and Family Services. The voluntary acknowledgment of paternity and denial of parentage forms shall also include a statement informing the mother, the alleged father, and the presumed father, if any, that they have the right to request deoxyribonucleic acid (DNA) tests regarding the issue of the child's paternity and that by signing the form, they expressly waive such tests. The voluntary acknowledgment of paternity and denial of parentage forms shall contain the data elements required by federal law. The statement shall be set forth in bold-face capital letters not less than 0.25 inches in height.

(b) Provide the following documents, furnished by the Department of Healthcare and Family Services, to the child's mother, biological father, and (if the person presumed to be the child's father is not the biological father) presumed father for their review at the time the opportunity is provided to establish a parent and child relationship:

(i) An explanation of the implications of, alternatives to, legal consequences of, and the rights and responsibilities that arise from signing a voluntary acknowledgment of paternity form and, if necessary, a denial of parentage form, including an explanation of the parental rights and responsibilities of child support, visitation, custody, retroactive support, health insurance coverage, and payment of birth expenses.

(ii) An explanation of the benefits of having a child's parentage established and the availability of
parentage establishment and child support enforcement services.

(iii) A request for an application for child support enforcement services from the Department of Healthcare and Family Services.

(iv) Instructions concerning the opportunity to speak, either by telephone or in person, with staff of the Department of Healthcare and Family Services who are trained to clarify information and answer questions about paternity establishment.

(v) Instructions for completing and signing the voluntary acknowledgment of paternity form and denial of parentage form.

(c) Provide an oral explanation of the documents and instructions set forth in subdivision (5)(b), including an explanation of the implications of, alternatives to, legal consequences of, and the rights and responsibilities that arise from signing a voluntary acknowledgment of paternity form and, if necessary, a denial of parentage form. The oral explanation may be given in person or through the use of video or audio equipment.

(6) The institution, State or local registrar, or county clerk shall provide an opportunity for the child's father or mother to sign a rescission of voluntary acknowledgment of paternity or denial of parentage form. The signing and witnessing of the rescission of voluntary acknowledgment of paternity or denial of parentage form voids the voluntary acknowledgment of paternity form and nullifies the presumption of paternity if executed and filed with the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) within the time frame contained in Section 5 of the Illinois Parentage Act of 1984 or Section 307 of the Illinois Parentage Act of 2015 on and after the effective date of that Act. The Department of Healthcare and Family Services shall furnish the rescission of voluntary acknowledgment of paternity or denial of parentage form to institutions, county clerks, and State and local registrars' offices. The form shall include instructions to send the original signed and witnessed rescission of voluntary acknowledgment of paternity or denial of parentage form to the Department of Healthcare and Family Services. The

rescission of voluntary acknowledgment of paternity or denial of parentage form shall contain the data elements required by federal law.

(7) A voluntary acknowledgment of paternity form signed pursuant to Section 6 of the Illinois Parentage Act of 1984 or Section 302 of the Illinois Parentage Act of 2015 on and after the effective date of that Act may be challenged in court only on the basis of fraud, duress, or material mistake of fact, with the burden of proof upon the challenging party. Pending outcome of a challenge to the voluntary acknowledgment of paternity form, the legal responsibilities of the signatories shall remain in full force and effect, except upon order of the court upon a showing of good cause.

(8) When the process for acknowledgment of parentage as provided for under subsection (5) establishes the paternity of a child whose certificate of birth is on file in another state, the Department of Healthcare and Family Services shall forward a copy of the voluntary acknowledgment of paternity, denial of parentage, and acknowledgment of parentage, the denial of paternity, if applicable, rescission of voluntary acknowledgment of paternity or denial of parentage forms and the rescission of parentage, if applicable, to the birth record agency of the state where the child's certificate of birth is on file.

(9) In the event the parent-child relationship has been established in accordance with subdivision (a)(1) of Section 6 of the Parentage Act of 1984, the names of the biological mother and biological father so established shall be entered on the child's birth certificate, and the names of the surrogate mother and surrogate mother's husband, if any, shall not be on the birth certificate.

(10) In the event new data elements are included in the voluntary acknowledgment of paternity form, denial of parentage form, or rescission of voluntary acknowledgment of paternity or denial of parentage form, the Department of Healthcare and Family Services, in conjunction with the Department of Public Health, shall provide instructions that have been prescribed by the Department of Healthcare and Family Services about the new data elements to the hospital personnel responsible for assisting the child's mother, biological father, or presumed father with completing the forms.

the public health dental hygienist and the dentist following each treatment, which shall include a notation regarding procedures authorized by the dentist and performed by the public health dental hygienist and the location where those records are to be kept.

Each dentist and hygienist who enters into a public health supervision agreement must document and maintain a copy of any change or termination of that agreement.

Dental records shall be owned and maintained by the supervising dentist for all patients treated under public health supervision, unless the supervising dentist is an employee of a public health clinic or federally qualified health center, in which case the public health clinic or federally qualified health center shall maintain the records.

If a dentist ceases to be employed or contracted by the facility, the dentist shall notify the facility administrator that the public health supervision agreement is no longer in effect. A new public health supervision agreement is required for the public health dental hygienist to continue treating patients under public health supervision.

A dentist entering into an agreement under this Section may supervise and enter into agreements for public health supervision with 2 public health dental hygienists. This shall be in addition to the limit of 4 dental hygienists per dentist set forth in subsection (g) of Section 18 of this Act.

(b) A public health dental hygienist providing services under public health supervision may perform only those duties within the accepted scope of practice of dental hygiene, as follows:

(1) the operative procedures of dental hygiene, consisting of oral prophylactic procedures, including prophylactic cleanings, application of fluoride, and placement of sealants;

(2) the exposure and processing of x-ray films of the teeth and surrounding structures; and

(3) such other procedures and acts as shall be prescribed by rule of the Department.

Any patient treated under this subsection (b) must be examined by a dentist before additional services can be provided by a public health dental hygienist. However, if the supervising dentist, after consultation with the public health hygienist, determines that time is needed to complete an approved treatment plan on a patient eligible under this Section, then the dentist may instruct the hygienist to complete the remaining services prior to an oral examination by the dentist. Such
(c) A public health dental hygienist providing services under public health supervision must:

(1) provide to the patient, parent, or guardian a written plan for referral or an agreement for follow-up that records all conditions observed that should be called to the attention of a dentist for proper diagnosis;

(2) have each patient sign a permission slip or consent form that informs them that the service to be received does not take the place of regular dental checkups at a dental office and is meant for people who otherwise would not have access to the service;

(3) inform each patient who may require further dental services of that need;

(4) maintain an appropriate level of contact and communication with the dentist providing public health supervision; and

(5) complete an additional 4 hours of continuing education in areas specific to public health dentistry yearly.

(d) Each public health dental hygienist who has rendered services under subsections (c), (d), and (e) of this Section must complete a summary report at the completion of a program or, in the case of an ongoing program, at least annually. The report must be completed in the manner specified by the Division of Oral Health in the Department of Public Health including information about each location where the public health dental hygienist has rendered these services. The public health dental hygienist must submit the form to the dentist providing supervision for his or her signature before sending it to the Division.

(e) Public health dental hygienists providing services under public health supervision may be compensated for their work by salary, honoraria, and other mechanisms by the employing or sponsoring entity. Nothing in this Act shall preclude the entity that employs or sponsors a public health dental hygienist from seeking payment, reimbursement, or other source of funding for the services provided.

(Item (iii) applies to the spouses of annuitants who die on or after the effective date of this amendatory Act of the 99th General Assembly, notwithstanding whether the annuitant was in service on or after that effective date or the effective date of Public Act 87-850.)

(2) The male deceased employee annuitant or such other person entitled to a retirement annuity had contributed to this fund for surviving spouse annuity purposes for at least 1 year or continuously since the effective date of the participating municipality or participating instrumentality.

(3) The female deceased employee annuitant or such other person entitled to a retirement annuity was in service on or after
July 27, 1972, provided that the annuity shall not be computed on the basis of any retirement annuity effective before that date.

(4) If the employee dies before termination of service, the employee did not exclude the spouse from any death benefit or surviving spouse annuity pursuant to subsection (b) of Section 7-118. (a) If an annuitant returns to employment for an employer within 60 days after the beginning of the retirement annuity payment period, the retirement annuity shall be cancelled, and the annuitant shall refund to the System the total amount of the retirement annuity payments which he or she received. If the retirement annuity is cancelled, the participant shall continue to participate in the System.
(b) If an annuitant retires prior to age 60 and receives or becomes entitled to receive during any month compensation in excess of the monthly retirement annuity (including any automatic annual increases) for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall not be payable.
If an annuitant retires at age 60 or over and receives or becomes entitled to receive during any academic year compensation in excess of the difference between his or her highest annual earnings prior to retirement and his or her annual retirement annuity computed under Rule 1, Rule 2, Rule 3, or Rule 4 of Section 15-136, or under Section 15-136.4, for services performed after the date of retirement for any employer under this System, that portion of the monthly retirement annuity provided by employer contributions shall be reduced by an amount equal to the compensation that exceeds such difference.
However, any remuneration received for serving as a member of the Illinois Educational Labor Relations Board shall be excluded from "compensation" for the purposes of this subsection (b), and serving as a member of the Illinois Educational Labor Relations Board shall not be deemed to be a return to employment for the purposes of this Section. This provision applies without regard to whether service was terminated prior to the effective date of this amendatory Act of 1991.
"Academic year", as used in this subsection (b), means the 12-month period beginning September 1.
(c) If an employer certifies that an annuitant has been reemployed on a permanent and continuous basis or in a position in which the annuitant is expected to serve for at least 9 months, the annuitant shall

resume his or her status as a participating employee and shall be entitled to all rights applicable to participating employees upon filing with the board an election to forgo all annuity payments during the period of reemployment. Upon subsequent retirement, the retirement annuity shall consist of the annuity which was terminated by the reemployment, plus the additional retirement annuity based upon service granted during the period of reemployment, but the combined retirement annuity shall not exceed the maximum annuity applicable on the date of the last retirement.

The total service and earnings credited before and after the initial date of retirement shall be considered in determining eligibility of the employee or the employee's beneficiary to benefits under this Article, and in calculating final rate of earnings.

In determining the death benefit payable to a beneficiary of an annuitant who again becomes a participating employee under this Section, accumulated normal and additional contributions shall be considered as the sum of the accumulated normal and additional contributions at the date of initial retirement and the accumulated normal and additional contributions credited after that date, less the sum of the annuity payments received by the annuitant.

The survivors insurance benefits provided under Section 15-145 shall not be applicable to an annuitant who resumes his or her status as a participating employee, unless the annuitant, at the time of initial retirement, has a survivors insurance beneficiary who could qualify for such benefits or the annuitant repaid the survivors insurance contribution refund or additional annuity under subsection (c-5) of Section 15-154.

If the participant's employment is terminated because of circumstances other than death before 9 months from the date of reemployment, the provisions of this Section regarding resumption of status as a participating employee shall not apply. The normal and survivors insurance contributions which are deducted during this period shall be refunded to the annuitant without interest, and subsequent benefits under this Article shall be the same as those which were applicable prior to the date the annuitant resumed employment.

The amendments made to this Section by this amendatory Act of the 91st General Assembly apply without regard to whether the annuitant was in service on or after the effective date of this amendatory Act.

Sec. 15-145. Survivors insurance benefits; conditions and amounts.

(a) The survivors insurance benefits provided under this Section shall be payable to the eligible survivors of a Tier 1 member covered under the traditional benefit package upon the death of (1) a participating employee with at least 1 1/2 years of service, (2) a participant who terminated employment with at least 10 years of service, and (3) an annuitant in receipt of a retirement annuity or disability retirement annuity under this Article.

Service under the State Employees' Retirement System of Illinois, the Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago shall be considered in determining eligibility for survivors benefits under this Section.

If by law, a function of a governmental unit, as defined by Section 20-107, is transferred in whole or in part to an employer, and an employee transfers employment from this governmental unit to such employer within 6 months after the transfer of this function, the service credits in the governmental unit's retirement system which have been validated under Section 20-109 shall be considered in determining eligibility for survivors benefits under this Section.

(b) A surviving spouse of a deceased participant, or of a deceased annuitant who did not take a refund or additional annuity consisting of accumulated survivors insurance contributions or who repaid the refund or additional annuity, shall receive a survivors annuity of 30% of the final rate of earnings. Payments shall begin on the day following the participant's or annuitant's death or the date the surviving spouse attains age 50, whichever is later, and continue until the death of the surviving spouse. The annuity shall be payable to the surviving spouse prior to attainment of age 50 if the surviving spouse has in his or her care a deceased participant's or annuitant's dependent unmarried child under age 18 (under age 22 if a full-time student) who is eligible for a survivors annuity.

Remarriage of a surviving spouse prior to attainment of age 55 that occurs before the effective date of this amendatory Act of the 91st General Assembly shall disqualify him or her for the receipt of a survivors annuity until July 6, 2000.

A surviving spouse whose survivors annuity has been terminated due to remarriage may apply for reinstatement of that annuity. The reinstated annuity shall begin to accrue on July 6, 2000, except that if, on
July 6, 2000, the annuity is payable to an eligible surviving child or parent, payment of the annuity to the surviving spouse shall not be reinstated until the annuity is no longer payable to any eligible surviving child or parent. The reinstated annuity shall include any one-time or annual increases received prior to the date of termination, as well as any increases that would otherwise have accrued from the date of termination to the date of reinstatement. An eligible surviving spouse whose expectation of receiving a survivors annuity was lost due to remarriage before attainment of age 50 shall also be entitled to reinstatement under this subsection, but the resulting survivors annuity shall not begin to accrue sooner than upon the surviving spouse's attainment of age 50.

The changes made to this subsection by this amendatory Act of the 92nd General Assembly (pertaining to remarriage prior to age 55 or 50) apply without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act.

(c) Each dependent unmarried child under age 18 (under age 22 if a full-time student) of a deceased participant, or of a deceased annuitant who did not take a refund or additional annuity consisting of accumulated survivors insurance contributions or who repaid the refund or additional annuity, shall receive a survivors annuity equal to the sum of (1) 20% of the final rate of earnings, and (2) 10% of the final rate of earnings divided by the number of children entitled to this benefit. Payments shall begin on the day following the participant's or annuitant's death and continue until the child marries, dies, or attains age 18 (age 22 if a full-time student). If the child is in the care of a surviving spouse who is eligible for survivors insurance benefits, the child's benefit shall be paid to the surviving spouse.

Each unmarried child over age 18 of a deceased participant or of a deceased annuitant who had a survivor's insurance beneficiary at the time of his or her retirement, and who was dependent upon the participant or annuitant by reason of a physical or mental disability which began prior to the date the child attained age 18 (age 22 if a full-time student), shall receive a survivor's annuity equal to the sum of (1) 20% of the final rate of earnings, and (2) 10% of the final rate of earnings divided by the number of children entitled to survivors benefits. Payments shall begin on the day following the participant's or annuitant's death and continue until the child marries, dies, or is no longer disabled. If the child is in the care of a surviving spouse who is eligible for survivors insurance benefits, the child's benefit may be paid to the surviving spouse. For the purposes of this Section, disability means inability to engage in any substantial gainful

activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of at least one year.

(d) Each dependent parent of a deceased participant, or of a deceased annuitant who did not take a refund or additional annuity consisting of accumulated survivors insurance contributions or who repaid the refund or additional annuity, shall receive a survivors annuity equal to the sum of (1) 20% of final rate of earnings, and (2) 10% of final rate of earnings divided by the number of parents who qualify for the benefit. Payments shall begin when the parent reaches age 55 or the day following the participant's or annuitant's death, whichever is later, and continue until the parent dies. Remarriage of a parent prior to attainment of age 55 shall disqualify the parent for the receipt of a survivors annuity.

(e) In addition to the survivors annuity provided above, each survivors insurance beneficiary shall, upon death of the participant or annuitant, receive a lump sum payment of $1,000 divided by the number of such beneficiaries.

(f) The changes made in this Section by Public Act 81-712 pertaining to survivors annuities in cases of remarriage prior to age 55 shall apply to each survivors insurance beneficiary who remarries after June 30, 1979, regardless of the date that the participant or annuitant terminated his employment or died.

The change made to this Section by this amendatory Act of the 91st General Assembly, pertaining to remarriage prior to age 55, applies without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act of the 91st General Assembly.

(g) On January 1, 1981, any person who was receiving a survivors annuity on or before January 1, 1971 shall have the survivors annuity then being paid increased by 1% for each full year which has elapsed from the date the annuity began. On January 1, 1982, any survivor whose annuity began after January 1, 1971, but before January 1, 1981, shall have the survivor's annuity then being paid increased by 1% for each year which has elapsed from the date the survivor's annuity began. On January 1, 1987, any survivor who began receiving a survivor's annuity on or before January 1, 1977, shall have the monthly survivor's annuity increased by $1 for each full year which has elapsed since the date the survivor's annuity began.

(h) If the sum of the lump sum and total monthly survivor benefits payable under this Section upon the death of a participant amounts to less than the sum of the death benefits payable under items (2) and (3) of Section 15-141, the difference shall be paid in a lump sum to the beneficiary of the participant who is living on the date that this additional amount becomes payable.

(i) If the sum of the lump sum and total monthly survivor benefits payable under this Section upon the death of an annuitant receiving a retirement annuity or disability retirement annuity amounts to less than the death benefit payable under Section 15-142, the difference shall be paid to the beneficiary of the annuitant who is living on the date that this additional amount becomes payable.

(j) Effective on the later of (1) January 1, 1990, or (2) the January 1 on or next after the date on which the survivor annuity begins, if the deceased member died while receiving a retirement annuity, or in all other cases the January 1 nearest the first anniversary of the date the survivor annuity payments begin, every survivors insurance beneficiary shall receive an increase in his or her monthly survivors annuity of 3%. On each January 1 after the initial increase, the monthly survivors annuity shall be increased by 3% of the total survivors annuity provided under this Article, including previous increases provided by this subsection. Such increases shall apply to the survivors insurance beneficiaries of each participant and annuitant, whether or not the employment status of the participant or annuitant terminates before the effective date of this amendatory Act of 1990. This subsection (j) also applies to persons receiving a survivor annuity under the portable benefit package.

(k) If the Internal Revenue Code of 1986, as amended, requires that the survivors benefits be payable at an age earlier than that specified in this Section the benefits shall begin at the earlier age, in which event, the survivor's beneficiary shall be entitled only to that amount which is equal to the actuarial equivalent of the benefits provided by this Section.

(l) The changes made to this Section and Section 15-131 by this amendatory Act of 1997, relating to benefits for certain unmarried children who are full-time students under age 22, apply without regard to whether the deceased member was in service on or after the effective date of this amendatory Act of 1997. These changes do not authorize the repayment of a refund or a re-election of benefits, and any benefit or increase in benefits resulting from these changes is not payable retroactively for any period before the effective date of this amendatory Act of 1997.
Sec. 15-154. Refunds.

(a) A participant whose status as an employee is terminated, regardless of cause, or who has been on lay off status for more than 120 days, and who is not on leave of absence, is entitled to a refund of contributions upon application; except that not more than one such refund application may be made during any academic year.

Except as set forth in subsections (a-1) and (a-2), the refund shall be the sum of the accumulated normal, additional, and survivors insurance contributions, plus the entire contribution made by the participant under Section 15-113.3, less the amount of interest credited on these contributions each year in excess of 4 1/2% of the amount on which interest was calculated.

(a-1) A person who elects, in accordance with the requirements of Section 15-134.5, to participate in the portable benefit package and who becomes a participating employee under that retirement program upon the conclusion of the one-year waiting period applicable to the portable benefit package election shall have his or her refund calculated in accordance with the provisions of subsection (a-2).

(a-2) The refund payable to a participant described in subsection (a-1) shall be the sum of the participant's accumulated normal and additional contributions, as defined in Sections 15-116 and 15-117, plus the entire contribution made by the participant under Section 15-113.3. If the participant terminates with 5 or more years of service for employment as defined in Section 15-113.1, he or she shall also be entitled to a distribution of employer contributions in an amount equal to the sum of the accumulated normal and additional contributions, as defined in Sections 15-116 and 15-117.

(b) Upon acceptance of a refund, the participant forfeits all accrued rights and credits in the System, and if subsequently reemployed, the participant shall be considered a new employee subject to all the qualifying conditions for participation and eligibility for benefits applicable to new employees. If such person again becomes a participating employee and continues as such for 2 years, or is employed by an employer and participates for at least 2 years in the Federal Civil Service Retirement System, all such rights, credits, and previous status as a participant shall be restored upon repayment of the amount of the refund, together with compound interest thereon from the date the refund was

issued to the date of repayment at the rate of 6% per annum through August 31, 1982, and at the effective rates after that date. When a participant in the portable benefit package who received a refund which included a distribution of employer contributions repays a refund pursuant to this Section, one-half of the amount repaid shall be deemed the member's reinstated accumulated normal and additional contributions and the other half shall be allocated as an employer contribution to the System, except that any amount repaid for previously purchased military service credit under Section 15-113.3 shall be accounted for as such.

(c) Except as otherwise provided under subsection (c-5), if a participant covered under the traditional benefit package has made survivors insurance contributions, but has no survivors insurance beneficiary upon retirement, he or she shall be entitled to elect a refund of the accumulated survivors insurance contributions, or to elect an additional annuity the value of which is equal to the accumulated survivors insurance contributions. This election must be made prior to the date the person's retirement annuity is approved by the System.

(c-5) Notwithstanding subsection (c), an annuitant who retired prior to June 1, 2011 and made the election under subsection (c), and who thereafter became, and remains, either:

(1) a party to a civil union or a party to a legal relationship that is recognized as a civil union or marriage under the Illinois Religious Freedom Protection and Civil Union Act on or after June 1, 2011; or

(2) a party to a marriage under the Illinois Marriage and Dissolution of Marriage Act on or after February 26, 2014; or

(3) a party to a marriage, civil union or other legal relationship that, at the time it was formed, was not legally recognized in Illinois but was subsequently recognized as a civil union or marriage under the Illinois Religious Freedom Protection and Civil Union Act on or after June 1, 2011, a marriage under the Illinois Marriage and Dissolution of Marriage Act on or after February 26, 2014, or both;

may make a one-time, irrevocable election to repay the refund or additional annuity payments received under subsection (c), together with compound interest thereon at the actuarially assumed rate of return from the date the refund was issued or the date each additional annuity payment was issued to the date of repayment. The annuitant shall submit proof of party status for item (1), (2), or (3) in the form of a valid marriage

certificate or a civil union certificate with any additional requirements the Board prescribes by rulemaking. The election must be received by the System (i) within a period of one year beginning 5 months after the effective date of this amendatory Act of the 99th General Assembly and (ii) prior to the date of death of the annuitant.

To the extent permitted under the Internal Revenue Code of 1986, as amended, the full repayment shall be made within a period beginning on the date of the election and ending on the earlier of the 24th month thereafter or the date of the annuitant's death. If an annuitant fails to make the repayment within the required period, any payments made shall be returned, without interest, to the annuitant (or to the annuitant's estate if the payments ceased due to death), and survivors insurance benefits under Section 15-145 shall not be payable upon the annuitant's death.

Upon such repayment, all forfeited survivors insurance benefit rights and credits under Section 15-145 shall be restored. This repayment right shall not alter or modify any eligibility requirement for survivors insurance beneficiaries under this Article applicable upon the annuitant's death. The repayment shall be irrevocable. No person shall have a claim or right to the repaid amounts in a manner not otherwise provided for under this Article in the event that: the marriage, civil union, or other legal relationship described in this subsection is dissolved, annulled, or declared invalid by a court of competent jurisdiction; or the other party to the marriage, civil union, or other legal relationship predeceases the annuitant or otherwise fails to qualify as a survivors insurance beneficiary upon the annuitant's death.

For purposes of this subsection (c-5), the term "annuitant" shall include an annuitant who resumed his or her status as a participating employee under Section 15-139(c).

(d) A participant, upon application, is entitled to a refund of his or her accumulated additional contributions attributable to the additional contributions described in the last sentence of subsection (c) of Section 15-157. Upon the acceptance of such a refund of accumulated additional contributions, the participant forfeits all rights and credits which may have accrued because of such contributions.

(e) A participant who terminates his or her employee status and elects to waive service credit under Section 15-154.2, is entitled to a refund of the accumulated normal, additional and survivors insurance contributions, if any, which were credited the participant for this service, or to an additional annuity the value of which is equal to the accumulated

normal, additional and survivors insurance contributions, if any; except that not more than one such refund application may be made during any academic year. Upon acceptance of this refund, the participant forfeits all rights and credits accrued because of this service.

(f) If a police officer or firefighter receives a retirement annuity under Rule 1 or 3 of Section 15-136, he or she shall be entitled at retirement to a refund of the difference between his or her accumulated normal contributions and the normal contributions which would have accumulated had such person filed a waiver of the retirement formula provided by Rule 4 of Section 15-136.

(g) If, at the time of retirement, a participant would be entitled to a retirement annuity under Rule 1, 2, 3, 4, or 5 of Section 15-136, or under Section 15-136.4, that exceeds the maximum specified in clause (1) of subsection (c) of Section 15-136, he or she shall be entitled to a refund of the employee contributions, if any, paid under Section 15-157 after the date upon which continuance of such contributions would have otherwise caused the retirement annuity to exceed this maximum, plus compound interest at the effective rates.

Sec. 16-143.2. Refund of contributions for survivor benefits at retirement.

(a) If at the time of applying for a retirement annuity under Section 16-132, or while in receipt of such a retirement annuity, a member does not have a dependent beneficiary as defined in paragraph (3) of Section 16-140, such member may be granted, upon written request, a refund of actual contributions for survivor benefits, without interest. Members will be eligible for a refund of contributions for survivor benefits as provided in the previous sentence notwithstanding the fact that they began receiving retirement benefits prior to this amendatory Act of 1985. Acceptance of the refund will forfeit all rights to survivor benefits under Sections 16-140 through 16-143.

(b) Except as provided under subsection (c), an annuitant who reestablishes membership following acceptance of refund of contributions for survivor benefits under subsection (a) of this Section may reinstate eligibility for benefits provided under Sections 16-140 through 16-143 only through: (1) repayment of such refund together with regular interest thereon from the date of the refund to the date of repayment, and (2) completion of one year of creditable service following acceptance of such

refund. If membership is reestablished and the above conditions (1) and (2) are not met, an additional refund, representing contributions made following the previous refund will be provided upon the member's death or retirement, whichever is applicable.

(c) Notwithstanding subsection (b), an annuitant who has received a refund under subsection (a) may, during a period of one year beginning 5 months after the effective date of this amendatory Act of the 99th General Assembly, make an election to reestablish rights to survivor benefits under Sections 16-140 through 16-143 by paying to the System:

(1) the total amount of the refund received for actual contributions; and

(2) interest on the amount of the refund at the actuarially assumed rate of return for the period starting on the date of receipt of the refund and ending when the annuitant has made an election under this subsection (c).

The System may allow an individual to repay this refund through: a tax-deferred lump sum payment in full; substantially equal monthly installments over a period of at least one but not more than 24 months by reducing the annuitant's monthly benefit over the established number of months by the amount of the otherwise applicable contribution; or a combination thereof. To the extent permitted under the Internal Revenue Code of 1986, as amended, for federal and State tax purposes, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

If a member makes an election under this subsection (c) and the contributions required in items (1) and (2) of this subsection (c) are not paid in full, an additional one-time lump sum refund representing contributions made following the previous refund shall be provided to the named beneficiary or beneficiaries on file with the System or, if none, to the member's estate, when the member dies.

(1) if the property subject to seizure has been the subject of a prior judgment in favor of the State in a criminal proceeding or in an injunction or forfeiture proceeding based upon this Act or the Drug Asset Forfeiture Procedure Act;

(2) if there is probable cause to believe that the property is directly or indirectly dangerous to health or safety;

(3) if there is probable cause to believe that the property is subject to forfeiture under this Act and the property is seized under circumstances in which a warrantless seizure or arrest would be reasonable; or

(4) in accordance with the Code of Criminal Procedure of 1963.

(c) In the event of seizure pursuant to subsection (b), notice shall be given forthwith to all known interest holders that forfeiture proceedings, including a preliminary review, shall be instituted in accordance with the Drug Asset Forfeiture Procedure Act and such proceedings shall thereafter be instituted in accordance with that Act. Upon a showing of good cause, the notice required for a preliminary review under this Section may be postponed.

(c-1) In the event the State's Attorney is of the opinion that real property is subject to forfeiture under this Act, forfeiture proceedings shall be instituted in accordance with the Drug Asset Forfeiture Procedure Act. The exemptions from forfeiture provisions of Section 8 of the Drug Asset Forfeiture Procedure Act are applicable.

subject only to the order and judgments of the circuit court having jurisdiction over the forfeiture proceedings and the decisions of the State's Attorney under the Drug Asset Forfeiture Procedure Act. When property is seized under this Act, the seizing agency shall promptly conduct an inventory of the seized property, estimate the property's value, and shall forward a copy of the inventory of seized property and the estimate of the property's value to the Director. Upon receiving notice of seizure, the Director may:

(1) place the property under seal;
(2) remove the property to a place designated by him;
(3) keep the property in the possession of the seizing agency;
(4) remove the property to a storage area for safekeeping or, if the property is a negotiable instrument or money and is not needed for evidentiary purposes, deposit it in an interest bearing account;

(6) provide for another agency or custodian, including an owner, secured party, or lienholder, to take custody of the property upon the terms and conditions set by the Director.

(e) No disposition may be made of property under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court.

(f) When property is forfeited under this Act the Director shall sell all such property unless such property is required by law to be destroyed or is harmful to the public, and shall distribute the proceeds of the sale, together with any moneys forfeited or seized, in accordance with subsection (g). However, upon the application of the seizing agency or prosecutor who was responsible for the investigation, arrest or arrests and prosecution which lead to the forfeiture, the Director may return any item of forfeited property to the seizing agency or prosecutor for official use in the enforcement of laws relating to cannabis or controlled substances, if the agency or prosecutor can demonstrate that the item requested would be...
useful to the agency or prosecutor in their enforcement efforts. When any forfeited conveyance, including an aircraft, vehicle, or vessel, is returned to the seizing agency or prosecutor, the conveyance may be used immediately in the enforcement of the criminal laws of this State. Upon disposal, all proceeds from the sale of the conveyance must be used for drug enforcement purposes. When any real property returned to the seizing agency is sold by the agency or its unit of government, the proceeds of the sale shall be delivered to the Director and distributed in accordance with subsection (g).

(g) All monies and the sale proceeds of all other property forfeited and seized under this Act shall be distributed as follows:

(1) (i) 65% shall be distributed to the metropolitan enforcement group, local, municipal, county, or state law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law upon which the forfeiture is based. Amounts distributed to the agency or agencies shall be used for the enforcement of laws governing cannabis and controlled substances; for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol; or for security cameras used for the prevention or detection of violence, except that amounts distributed to the Secretary of State shall be deposited into the Secretary of State Evidence Fund to be used as provided in Section 2-115 of the Illinois Vehicle Code.

(ii) Any local, municipal, or county law enforcement agency entitled to receive a monetary distribution of forfeiture proceeds may share those forfeiture proceeds pursuant to the terms of an intergovernmental agreement with a municipality that has a population in excess of 20,000 if:

(I) the receiving agency has entered into an intergovernmental agreement with the municipality to provide police services;

(II) the intergovernmental agreement for police services provides for consideration in an amount of not less than $1,000,000 per year;

(III) the seizure took place within the geographical limits of the municipality; and

(IV) the funds are used only for the enforcement of laws governing cannabis and controlled substances; for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol; or for security cameras used for the prevention or detection of violence or the establishment of a municipal police force, including the training of officers, construction of a police station, the purchase of law enforcement equipment, or vehicles.

(2)(i) 12.5% shall be distributed to the Office of the State's Attorney of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in the enforcement of laws governing cannabis and controlled substances; for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol; or at the discretion of the State's Attorney, in addition to other authorized purposes, to make grants to local substance abuse treatment facilities and halfway houses. In counties over 3,000,000 population, 25% will be distributed to the Office of the State's Attorney for use in the enforcement of laws governing cannabis and controlled substances; for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol; or at the discretion of the State's Attorney, in addition to other authorized purposes, to make grants to local substance abuse treatment facilities and halfway houses. If the prosecution is undertaken solely by the Attorney General, the portion provided hereunder shall be distributed to the Attorney General for use in the enforcement of laws governing cannabis and controlled substances.

(ii) 12.5% shall be distributed to the Office of the State's Attorneys Appellate Prosecutor and deposited in the Narcotics Profit Forfeiture Fund of that Office to be used for additional expenses incurred in the investigation, prosecution and appeal of cases arising under laws governing cannabis and controlled substances or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol. Section 20. The Narcotics Profit Forfeiture Act is amended by changing Section 5 as follows:

(725 ILCS 175/5) (from Ch. 56 1/2, par. 1655)

Sec. 5. (a) A person who commits the offense of narcotics racketeering shall:

(1) be guilty of a Class 1 felony; and

(2) be subject to a fine of up to $250,000.

A person who commits the offense of narcotics racketeering or who violates Section 3 of the Drug Paraphernalia Control Act shall forfeit to the State of Illinois: (A) any profits or proceeds and any property or

property interest he has acquired or maintained in violation of this Act or Section 3 of the Drug Paraphernalia Control Act or has used to facilitate a violation of this Act that the court determines, after a forfeiture hearing, under subsection (b) of this Section to have been acquired or maintained as a result of narcotics racketeering or violating Section 3 of the Drug Paraphernalia Control Act, or used to facilitate narcotics racketeering; and

(B) any interest in, security of, claim against, or property or contractual right of any kind affording a source of influence over, any enterprise which he has established, operated, controlled, conducted, or participated in the conduct of, in violation of this Act or Section 3 of the Drug Paraphernalia Control Act, that the court determines, after a forfeiture hearing, under subsection (b) of this Section to have been acquired or maintained as a result of narcotics racketeering or violating Section 3 of the Drug Paraphernalia Control Act or used to facilitate narcotics racketeering.

(b) The court shall, upon petition by the Attorney General or State's Attorney, at any time subsequent to the filing of an information or return of an indictment, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this Act. At the forfeiture hearing the people shall have the burden of establishing, by a preponderance of the evidence, that property or property interests are subject to forfeiture under this Act. There is a rebuttable presumption at such hearing that any property or property interest of a person charged by information or indictment with narcotics racketeering or who is convicted of a violation of Section 3 of the Drug Paraphernalia Control Act is subject to forfeiture under this Section if the State establishes by a preponderance of the evidence that:

(1) such property or property interest was acquired by such person during the period of the violation of this Act or Section 3 of the Drug Paraphernalia Control Act or within a reasonable time after such period; and

(2) there was no likely source for such property or property interest other than the violation of this Act or Section 3 of the Drug Paraphernalia Control Act.

(c) In an action brought by the People of the State of Illinois under this Act, wherein any restraining order, injunction or prohibition or any other action in connection with any property or property interest subject to forfeiture under this Act is sought, the circuit court which shall preside over the trial of the person or persons charged with narcotics racketeering as defined in Section 4 of this Act or violating Section 3 of the Drug Paraphernalia Control Act.
Paraphernalia Control Act shall first determine whether there is probable cause to believe that the person or persons so charged has committed the offense of narcotics racketeering as defined in Section 4 of this Act or a violation of Section 3 of the Drug Paraphernalia Control Act and whether the property or property interest is subject to forfeiture pursuant to this Act.

In order to make such a determination, prior to entering any such order, the court shall conduct a hearing without a jury, wherein the People shall establish that there is: (i) probable cause that the person or persons so charged have committed the offense of narcotics racketeering or violating Section 3 of the Drug Paraphernalia Control Act and (ii) probable cause that any property or property interest may be subject to forfeiture pursuant to this Act. Such hearing may be conducted simultaneously with a preliminary hearing, if the prosecution is commenced by information or complaint, or by motion of the People, at any stage in the proceedings. The court may accept a finding of probable cause at a preliminary hearing following the filing of an information charging the offense of narcotics racketeering as defined in Section 4 of this Act or the return of an indictment by a grand jury charging the offense of narcotics racketeering as defined in Section 4 of this Act or after a charge is filed for violating Section 3 of the Drug Paraphernalia Control Act as sufficient evidence of probable cause as provided in item (i) above.

Upon such a finding, the circuit court shall enter such restraining order, injunction or prohibition, or shall take such other action in connection with any such property or property interest subject to forfeiture under this Act, as is necessary to insure that such property is not removed from the jurisdiction of the court, concealed, destroyed or otherwise disposed of by the owner of that property or property interest prior to a forfeiture hearing under subsection (b) of this Section. The Attorney General or State's Attorney shall file a certified copy of such restraining order, injunction or other prohibition with the recorder of deeds or registrar of titles of each county where any such property of the defendant may be located. No such injunction, restraining order or other prohibition shall affect the rights of any bona fide purchaser, mortgagee, judgment creditor or other lien holder arising prior to the date of such filing.

The court may, at any time, upon verified petition by the defendant, conduct a hearing to release all or portions of any such property or interest which the court previously determined to be subject to forfeiture or subject to any restraining order, injunction, or prohibition or other action. The

court may release such property to the defendant for good cause shown and within the sound discretion of the court.

(d) Prosecution under this Act may be commenced by the Attorney General or a State's Attorney.

(e) Upon an order of forfeiture being entered pursuant to subsection (b) of this Section, the court shall authorize the Attorney General to seize any property or property interest declared forfeited under this Act and under such terms and conditions as the court shall deem proper. Any property or property interest that has been the subject of an entered restraining order, injunction or prohibition or any other action filed under subsection (c) shall be forfeited unless the claimant can show by a preponderance of the evidence that the property or property interest has not been acquired or maintained as a result of narcotics racketeering or has not been used to facilitate narcotics racketeering.

(f) The Attorney General or his designee is authorized to sell all property forfeited and seized pursuant to this Act, unless such property is required by law to be destroyed or is harmful to the public, and, after the deduction of all requisite expenses of administration and sale, shall distribute the proceeds of such sale, along with any moneys forfeited or seized, in accordance with subsection (g) or (h), whichever is applicable.

(g) All monies and the sale proceeds of all other property forfeited and seized pursuant to this Act shall be distributed as follows:

1. An amount equal to 50% shall be distributed to the unit of local government whose officers or employees conducted the investigation into narcotics racketeering and caused the arrest or arrests and prosecution leading to the forfeiture. Amounts distributed to units of local government shall be used for enforcement of laws governing narcotics activity or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol. In the event, however, that the investigation, arrest or arrests and prosecution leading to the forfeiture were undertaken solely by a State agency, the portion provided hereunder shall be paid into the Drug Traffic Prevention Fund in the State treasury to be used for enforcement of laws governing narcotics activity.

2. An amount equal to 12.5% shall be distributed to the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in the enforcement of

laws governing narcotics activity or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol.

An amount equal to 12.5% shall be distributed to the Office of the State's Attorneys Appellate Prosecutor and deposited in the Narcotics Profit Forfeiture Fund, which is hereby created in the State treasury, to be used by the Office of the State's Attorneys Appellate Prosecutor for additional expenses incurred in prosecuting appeals arising under this Act. Any amounts remaining in the Fund after all additional expenses have been paid shall be used by the Office to reduce the participating county contributions to the Office on a pro-rated basis as determined by the board of governors of the Office of the State's Attorneys Appellate Prosecutor based on the populations of the participating counties.

(3) An amount equal to 25% shall be paid into the Drug Traffic Prevention Fund in the State treasury to be used by the Department of State Police for funding Metropolitan Enforcement Groups created pursuant to the Intergovernmental Drug Laws Enforcement Act. Any amounts remaining in the Fund after full funding of Metropolitan Enforcement Groups shall be used for enforcement, by the State or any unit of local government, of laws governing narcotics activity or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol.

(h) Where the investigation or indictment for the offense of narcotics racketeering or a violation of Section 3 of the Drug Paraphernalia Control Act has occurred under the provisions of the Statewide Grand Jury Act, all monies and the sale proceeds of all other property shall be distributed as follows:

(1) 60% shall be distributed to the metropolitan enforcement group, local, municipal, county, or State law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law on which the forfeiture is based. Amounts distributed to the agency or agencies shall be used for the

enforcement of laws governing cannabis and controlled substances or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol.

(2) 25% shall be distributed by the Attorney General as grants to drug education, treatment and prevention programs licensed or approved by the Department of Human Services. In making these grants, the Attorney General shall take into account the plans and service priorities of, and the needs identified by, the Department of Human Services.

(3) 15% shall be distributed to the Attorney General and the State's Attorney, if any, participating in the prosecution resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation in the prosecution of the offense, taking into account the total value of the property forfeited and the total amount of time spent in preparing and presenting the case, the complexity of the case and other similar factors. Amounts distributed to the Attorney General under this paragraph shall be retained in a fund held by the State Treasurer as ex-officio custodian to be designated as the Statewide Grand Jury Prosecution Fund and paid out upon the direction of the Attorney General for expenses incurred in criminal prosecutions arising under the Statewide Grand Jury Act. Amounts distributed to a State's Attorney shall be deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in the enforcement of laws governing narcotics activity or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol.

(i) All monies deposited pursuant to this Act in the Drug Traffic Prevention Fund established under Section 5-9-1.2 of the Unified Code of Corrections are appropriated, on a continuing basis, to the Department of State Police to be used for funding Metropolitan Enforcement Groups created pursuant to the Intergovernmental Drug Laws Enforcement Act or otherwise for the enforcement of laws governing narcotics activity or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol.

PUBLIC ACT 99-0693
(Senate Bill No. 2158)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Community College Act is amended by changing Section 3-8 as follows:

(110 ILCS 805/3-8) (from Ch. 122, par. 103-8)

Sec. 3-8. In this Section, "reasonable emergency" means any imminent need to maintain the operations or facilities of the community college district and that such need is due to circumstances beyond the control of the board.

Following each election and canvass, the new board shall hold its organizational meeting on or before the 28th day after the election. If the election is the initial election ordered by the regional superintendent, the organizational meeting shall be convened by the regional superintendent, who shall preside over the meeting until the election for chairman, vice chairman and secretary of board is completed. At all other organizational meetings, the chairman of the board, or, in his or her absence, the
president of the community college or acting chief executive officer of the college shall convene the new board, and conduct the election for chairman, vice chairman and secretary. The board shall then proceed with its organization under the newly elected board officers, and shall fix a time and place for its regular meetings. It shall then enter upon the discharge of its duties. Public notice of the schedule of regular meetings for the next calendar year, as set at the organizational meeting, must be given at the beginning of that calendar year. The terms of board office shall be 2 years, except that the board by resolution may establish a policy for the terms of office to be one year, and provide for the election of office one year period. Terms of members are subject to Section 2A-54 of the Election Code.

Beginning 45 days prior to the Tuesday following the first Monday of April in odd-numbered years until the first organizational meeting of the new board, no addendum to modify or amend an employee agreement between a community college district and the district's president, chancellor, or chief executive officer may be agreed to or executed, nor may an employment contract be made and entered into between the board of an established community college district and a president, chancellor, or chief executive officer. If the current board must take such action at any time during the 45 days prior to the Tuesday following the first Monday of April in odd-numbered years until the first organizational meeting of the new board due to a reasonable emergency, then that action shall be terminated on the 60th day after the first organizational meeting, unless the new board, by resolution, reaffirms the agreed-upon addendum or new employment contract.

Special meetings of the board may be called by the chairman or by any 3 members of the board by giving notice thereof in writing stating the time, place and purpose of the meeting. Such notice may be served by mail 48 hours before the meeting or by personal service 24 hours before the meeting.

At each regular and special meeting which is open to the public, members of the public and employees of the community college district shall be afforded time, subject to reasonable constraints, to comment to or ask questions of the board.

constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(C) seal felony records under subsection (e-5); or
(D) expunge felony records of a qualified probation under clause (b)(1)(B)(iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the
Department of State Police, the arresting agency and the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;

(B) the reasons for retention of the conviction records by the State;

New matter indicated by italics - deletions by strikeout
(C) the petitioner's age, criminal record history, and employment history;
(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and
(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

   (i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency, the Department, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;
   (ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order; and
   (iii) in response to an inquiry for expunged records, the court, the Department, or the agency receiving such inquiry, shall reply as it does in response to inquiries when no records ever existed.

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60
days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of

the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

(e) Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk

All records sealed by the Department may be disseminated by the Department only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was pardoned.

(e-5) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for sealing by the Prisoner Review Board which specifically authorizes sealing, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered sealing the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of sealing, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for sealing.

(Section scheduled to be repealed on January 1, 2018)

Sec. 65. Denial of registry identification cards.

(a) The Department of Public Health may deny an application or renewal of a qualifying patient's registry identification card only if the applicant:

   (1) did not provide the required information and materials;
   (2) previously had a registry identification card revoked;
   (3) did not meet the requirements of this Act; or
   (4) provided false or falsified information.

(b) Except as provided in subsection (b-5) of this Section, no person who has been convicted of a felony under the Illinois Controlled Substances Act, Cannabis Control Act, or Methamphetamine Control and Community Protection Act, or similar provision in a local ordinance or other jurisdiction is eligible to receive a registry identification card.

(b-5) If a person was convicted of a felony under the Cannabis Control Act or a similar provision of a local ordinance or of a law of another jurisdiction, and the action warranting that felony is no longer considered a felony after the effective date of this amendatory Act of the 99th General Assembly, that person shall be eligible to receive a registry identification card.

(c) The Department of Public Health may deny an application or renewal for a designated caregiver chosen by a qualifying patient whose registry identification card was granted only if:

(d) The Department of Public Health through the Department of State Police shall conduct a background check of the prospective qualifying patient and designated caregiver in order to carry out this Section. The Department of State Police shall charge a fee for conducting the criminal history record check, which shall be deposited in the State
Police Services Fund and shall not exceed the actual cost of the record check. Each person applying as a qualifying patient or a designated caregiver shall submit a full set of fingerprints to the Department of State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed in the Department of State Police and Federal Bureau of Investigation criminal history records databases. The Department of State Police shall furnish, following positive identification, all Illinois conviction information to the Department of Public Health. The Department of Public Health may waive the submission of a qualifying patient's complete fingerprints based on (1) the severity of the patient's illness and (2) the inability of the qualifying patient to supply those fingerprints, provided that a complete criminal background check is conducted by the Department of State Police prior to the issuance of a registry identification card.

(e) The Department of Public Health shall notify the qualifying patient who has designated someone to serve as his or her designated caregiver if a registry identification card will not be issued to the designated caregiver.

Sec. 2-118. Hearings.

(a) Upon the suspension, revocation or denial of the issuance of a license, permit, registration or certificate of title under this Code of any person the Secretary of State shall immediately notify such person in writing and upon his written request shall, within 20 days after receipt thereof, set a date for a hearing to commence within 90 calendar days from the date of the written request for all requests related to a suspension, revocation, or the denial of the issuance of a license, permit, registration, or certificate of title occurring after July 1, 2002, in the County of Sangamon, the County of Jefferson, or the County of Cook, as such person may specify, unless both parties agree that such hearing may be held in some other county. State treasury, and, subject to appropriation and as directed by the Secretary of State, shall be used for operation of the Department of Administrative Hearings of the Office of the Secretary of State and for no other purpose. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(b) At any time after the suspension, revocation or denial of a license, permit, registration or certificate of title of any person as hereinbefore referred to, the Secretary of State, in his or her discretion and without the necessity of a request by such person, may hold such a hearing, upon not less than 10 days' notice in writing, in the Counties of Sangamon, Jefferson, or Cook or in any other county agreed to by the parties.

(c) Upon any such hearing, the Secretary of State, or his authorized agent may administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books and records and may require an examination of such person. Upon any such hearing, the Secretary of State shall either rescind or, good cause appearing therefor, continue, change or extend the Order of Revocation or Suspension, or upon petition therefore and subject to the provisions of this Code, issue a restricted driving permit or reinstate the license or permit of such person.

(d) All hearings and hearing procedures shall comply with requirements of the Constitution, so that no person is deprived of due process of law nor denied equal protection of the laws. whose testimony may be probative to the issues at the hearing. The failure of a law enforcement officer to answer the subpoena shall be considered grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. The failure of the arresting officer to answer a subpoena shall not, in and of itself, be considered grounds for the rescission of an implied consent suspension. The decision whether to rescind shall be based upon the totality of the evidence.

(e) The action of the Secretary of State in suspending, revoking or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County, in the Circuit Court of Jefferson County, or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law, and all amendments and modifications thereto, and the rules adopted pursuant thereto, are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State hereunder.

(a) A statutory summary suspension or revocation of driving privileges under Section 11-501.1 shall not become effective until the person is notified in writing of the impending suspension or revocation and informed that he may request a hearing in the circuit court of venue under paragraph (b) of this Section and the statutory summary suspension or revocation shall become effective as provided in Section 11-501.1.

The request to the circuit court shall state the grounds upon which the person seeks to have the statutory summary suspension or revocation rescinded. Within 30 days after receipt of the written request or the first appearance date on the Uniform Traffic Ticket issued pursuant to a violation of Section 11-501, or a similar provision of a local ordinance, the hearing shall be conducted by the circuit court having jurisdiction. This judicial hearing, request, or process shall not stay or delay the statutory
summary suspension or revocation. The hearings shall proceed in the court in the same manner as in other civil proceedings.

The hearing may be conducted upon a review of the law enforcement officer's own official reports; provided however, that the person may subpoena the officer. Failure of the officer to answer the subpoena shall be considered grounds for a continuance if in the court's discretion the continuance is appropriate.

The scope of the hearing shall be limited to the issues of:

1. Whether the person was placed under arrest for an offense as defined in Section 11-501, or a similar provision of a local ordinance, as evidenced by the issuance of a Uniform Traffic Ticket, or issued a Uniform Traffic Ticket out of state as provided in subsection (a) of Section 11-501.1; and

2. Whether the officer had reasonable grounds to believe that the person was driving or in actual physical control of a motor vehicle upon a highway while under the influence of alcohol, other drug, or combination of both; and

3. Whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended or revoked if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's blood alcohol or drug concentration; or

4. (625 ILCS 5/6-106.1a)

Sec. 6-106.1a. Cancellation of school bus driver permit; trace of alcohol.

(a) A person who has been issued a school bus driver permit by the Secretary of State in accordance with Section 6-106.1 of this Code and who drives or is in actual physical control of a school bus or any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of this Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine or other bodily substance test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(1) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the
provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by the Department of State Police for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of the Department of State Police, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe rules as necessary.

(2) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content. This limitation does not apply to the taking of breath, other bodily substance, or urine specimens.

(3) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The test administered at the request of the person may be admissible into evidence at a hearing conducted in accordance with Section 2-118 of this Code. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(4) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person's attorney by the requesting law enforcement agency within 72 hours of receipt of the test result.

(5) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(6) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine,
licensed physician assistant, licensed advanced practice nurse, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided in this Section shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to possess a school bus driver permit. The loss of the individual's privilege to possess a school bus driver permit shall be imposed in accordance with Section 6-106.1b of this Code. A person requested to submit to a test under this Section shall also acknowledge, in writing, receipt of the warning required under this subsection (c). If the person refuses to acknowledge receipt of the warning, the law enforcement officer shall make a written notation on the warning that the person refused to sign the warning. A person's refusal to sign the warning shall not be evidence that the person was not read the warning.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person who has been issued a school bus driver permit and who was operating a school bus or any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than the alcohol concentration at which driving or being in actual physical...
control of a motor vehicle is prohibited under paragraph (1) of subsection (a) of Section 11-501.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the school bus driver permit sanction on the individual's driving record and the sanction shall be effective on the 46th day following the date notice of the sanction was given to the person.

The law enforcement officer submitting the sworn report shall serve immediate notice of this school bus driver permit sanction on the person and the sanction shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood, other bodily substance, or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his or her last known address and the loss of the school bus driver permit shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the school bus driver permit sanction to the driver and the driver's current employer by mailing a notice of the effective date of the sanction to the individual. However, shall the sworn report be defective by not containing sufficient information or be completed in error, the notice of the school bus driver permit sanction may not be mailed to the person or his current employer or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this school bus driver permit sanction by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(2) whether the person was issued a Uniform Traffic Ticket for any violation of this Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to possess a school bus driver permit would be canceled if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to possess a school bus driver permit would be canceled if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00 and the person did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

The Secretary of State may adopt administrative rules setting forth circumstances under which the holder of a school bus driver permit is not required to appear in person at the hearing.

Provided that the petitioner may subpoena the officer, the hearing may be conducted upon a review of the law enforcement officer's own official reports. Failure of the officer to answer the subpoena shall be grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the school bus driver permit sanction.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension or revocation of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension or revocation.

(g) This Section applies only to drivers who have been issued a school bus driver permit in accordance with Section 6-106.1 of this Code at the time of the issuance of the Uniform Traffic Ticket for a violation of this Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, canceling, or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

  Upon receipt of the sworn report from the law enforcement officer, the Secretary of State shall confirm the statutory summary suspension or revocation by mailing a notice of the effective date of the suspension or revocation to the person and the court of venue. Sec. 11-501.2. Chemical and other tests.

(a) Upon the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501 or a similar local ordinance or proceedings pursuant to Section 2-118.1, evidence of the concentration of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof in a person's blood or breath at the time alleged, as determined by analysis of the person's blood, urine, breath, or other bodily substance, shall be admissible. Where such test is made the following provisions shall apply:

  1. Chemical analyses of the person's blood, urine, breath, or other bodily substance to be considered valid under the provisions of this Section shall have been performed according to standards promulgated by the Department of State Police by a licensed physician, registered nurse, trained phlebotomist, licensed
paramedic, or other individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, to issue permits which shall be subject to termination or revocation at the discretion of that Department and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary to implement this Section.

2. When a person in this State shall submit to a blood test at the request of a law enforcement officer under the provisions of Section 11-501.1, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, a trained phlebotomist, or licensed paramedic, or other qualified person approved by the Department of State Police may withdraw blood for the purpose of determining the alcohol, drug, or alcohol and drug content therein. This limitation shall not apply to the taking of breath, other bodily substance, or urine specimens.

When a blood test of a person who has been taken to an adjoining state for medical treatment is requested by an Illinois law enforcement officer, the blood may be withdrawn only by a physician authorized to practice medicine in the adjoining state, a licensed physician assistant, a licensed advanced practice nurse, a registered nurse, a trained phlebotomist acting under the direction of the physician, or licensed paramedic. The law enforcement officer requesting the test shall take custody of the blood sample, and the blood sample shall be analyzed by a laboratory certified by the Department of State Police for that purpose.

3. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

4. Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer,
full information concerning the test or tests shall be made available to the person or such person's attorney.

5. Alcohol concentration shall mean either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

6. Tetrahydrocannabinol concentration means either 5 nanograms or more of delta-9-tetrahydrocannabinol per milliliter of whole blood or 10 nanograms or more of delta-9-tetrahydrocannabinol per milliliter of other bodily substance.

(a-5) Law enforcement officials may use standardized field sobriety tests approved by the National Highway Traffic Safety Administration when conducting investigations of a violation of Section 11-501 or similar local ordinance by drivers suspected of driving under the influence of cannabis. The General Assembly finds that standardized field sobriety tests approved by the National Highway Traffic Safety Administration are divided attention tasks that are intended to determine if a person is under the influence of cannabis. The purpose of these tests is to determine the effect of the use of cannabis on a person's capacity to think and act with ordinary care and therefore operate a motor vehicle safely. Therefore, the results of these standardized field sobriety tests, appropriately administered, shall be admissible in the trial of any civil or criminal action or proceeding arising out of an arrest for a cannabis-related offense as defined in Section 11-501 or a similar local ordinance or proceedings under Section 2-118.1 or 2-118.2. Where a test is made the following provisions shall apply:

1. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to the standardized field sobriety test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person does not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

2. Upon the request of the person who shall submit to a standardized field sobriety test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or the person's attorney.

3. At the trial of any civil or criminal action or proceeding arising out of an arrest for an offense as defined in Section 11-501
or a similar local ordinance or proceedings under Section 2-118.1
or 2-118.2 in which the results of these standardized field sobriety
tests are admitted, the cardholder may present and the trier of fact
may consider evidence that the card holder lacked the physical
capacity to perform the standardized field sobriety tests.

(b) Upon the trial of any civil or criminal action or proceeding
arising out of acts alleged to have been committed by any person while
driving or in actual physical control of a vehicle while under the influence
of alcohol, the concentration of alcohol in the person's blood or breath at
the time alleged as shown by analysis of the person's blood, urine, breath,
or other bodily substance shall give rise to the following presumptions:

1. If there was at that time an alcohol concentration of 0.05
or less, it shall be presumed that the person was not under the
influence of alcohol.

2. If there was at that time an alcohol concentration in
excess of 0.05 but less than 0.08, such facts shall not give rise to
any presumption that the person was or was not under the influence
of alcohol, but such fact may be considered with other competent
evidence in determining whether the person was under the
influence of alcohol.

3. If there was at that time an alcohol concentration of 0.08
or more, it shall be presumed that the person was under the
influence of alcohol.

4. The foregoing provisions of this Section shall not be
construed as limiting the introduction of any other relevant
evidence bearing upon the question whether the person was under
the influence of alcohol.

(b-5) Upon the trial of any civil or criminal action or proceeding
arising out of acts alleged to have been committed by any person while
driving or in actual physical control of a vehicle while under the influence
of alcohol, other drug or drugs, intoxicating compound or compounds or
any combination thereof, the concentration of cannabis in the person's
whole blood or other bodily substance at the time alleged as shown by
analysis of the person's blood or other bodily substance shall give rise to
the following presumptions:

1. If there was a tetrahydrocannabinol concentration of 5
nanograms or more in whole blood or 10 nanograms or more in an
other bodily substance as defined in this Section, it shall be
presumed that the person was under the influence of cannabis.

2. If there was at that time a tetrahydrocannabinol concentration of less than 5 nanograms in whole blood or less than 10 nanograms in an other bodily substance, such facts shall not give rise to any presumption that the person was or was not under the influence of cannabis, but such fact may be considered with other competent evidence in determining whether the person was under the influence of cannabis.

(c) 1. If a person under arrest refuses to submit to a chemical test under the provisions of Section 11-501.1, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof was driving or in actual physical control of a motor vehicle.

2. Notwithstanding any ability to refuse under this Code to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a motor vehicle driven by or in actual physical control of a person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof has caused the death or personal injury to another, the law enforcement officer shall request, and that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content thereof or the presence of any other drug or combination of both.

This provision does not affect the applicability of or imposition of driver's license sanctions under Section 11-501.1 of this Code.

3. For purposes of this Section, a personal injury includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A Type A injury includes severe bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

(d) If a person refuses standardized field sobriety tests under Section 11-501.9 of this Code, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts committed while the person was driving or in actual physical control of a vehicle and alleged to have been impaired by the use of cannabis.

given consent to a breath test using a portable device as approved by the
Department of State Police or to a chemical test or tests of blood, breath,

of alcohol, other drug or drugs, or intoxicating compound or compounds
of such person's blood if arrested as evidenced by the issuance of a
Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a
similar provision of a local ordinance, with the exception of equipment

shall designate which of the aforesaid tests shall be administered. Up to 2
additional tests of a urine or other bodily substance test may be
administered even after a blood or breath test or both has been
administered. Compliance with this Section does not relieve such person
from the requirements of Section 11-501.1 of this Code.

(b) Any person who is dead, unconscious or who is otherwise in a
condition rendering such person incapable of refusal shall be deemed not
to have withdrawn the consent provided by subsection (a) of this Section.
In addition, if a driver of a vehicle is receiving medical treatment as a
result of a motor vehicle accident, any physician licensed to practice
medicine, licensed physician assistant, licensed advanced practice nurse,
registered nurse or a phlebotomist acting under the direction of a licensed
physician shall withdraw blood for testing purposes to ascertain the
presence of alcohol, other drug or drugs, or intoxicating compound or
compounds, upon the specific request of a law enforcement officer.
However, no such testing shall be performed until, in the opinion of the
medical personnel on scene, the withdrawal can be made without
interfering with or endangering the well-being of the patient.

The length of the suspension shall be the same as outlined in Section 6-208.1 of this Code regarding statutory summary suspensions.

A person requested to submit to a test shall also acknowledge, in writing, receipt of the warning required under this Section. If the person refuses to acknowledge receipt of the warning, the law enforcement officer shall make a written notation on the warning that the person refused to sign the warning. A person's refusal to sign the warning shall not be evidence that the person was not read the warning.

The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of that Department, and to certify the accuracy of breath testing equipment. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

A person requested to submit to a test shall also acknowledge, in writing, receipt of the warning required under this Section. If the person refuses to acknowledge receipt of the warning, the law enforcement officer shall make a written notation on the warning that the person refused to sign the warning. A person's refusal to sign the warning shall not be evidence that the person was not read the warning.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person under the age of 21 submits to
testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than 0.08.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the suspension and disqualification on the individual's driving record and the suspension and disqualification shall be effective on the 46th day following the date notice of the suspension was given to the person. If this suspension is the individual's first driver's license suspension under this Section, reports received by the Secretary of State under this Section shall, except during the time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the Secretary of State, or the individual personally, unless the person is a CDL holder, is operating a commercial motor vehicle or vehicle required to be placarded for hazardous materials, in which case the suspension shall not be privileged. Reports received by the Secretary of State under this Section shall also be made available to the parent or guardian of a person under the age of 18 years that holds an instruction permit or a graduated driver's license, regardless of whether the suspension is in effect.

The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension on the person and the suspension and disqualification shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood, other bodily substance, or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his last known address and the loss of driving privileges shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the suspension and disqualification to the driver by mailing a notice of the effective date of the suspension and disqualification to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the suspension and disqualification shall not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this suspension and disqualification by requesting an administrative hearing with the Secretary of State in

accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(1) whether the police officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(2) whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to operate a motor vehicle would be suspended if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00, did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of

alcohol through ingestion of the prescribed or recommended dosage of medicine.

At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the suspension and disqualification. If the Secretary of State does not rescind the suspension and disqualification, a restricted driving permit may be granted by the Secretary of State upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship by allowing driving for employment, educational, and medical purposes as outlined in item (3) of part (c) of Section 6-206 of this Code. The provisions of item (3) of part (c) of Section 6-206 of this Code and of subsection (f) of that Section shall apply. The Secretary of State shall promulgate rules providing for participation in an alcohol education and awareness program or activity, a drug education and awareness program or activity, or both as a condition to the issuance of a restricted driving permit for suspensions imposed under this Section.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension or revocation of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension or revocation.

(g) This Section applies only to drivers who are under age 21 at the time of the issuance of a Uniform Traffic Ticket for a violation of the Illinois Vehicle Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, cancelling, or disqualifying any license or permit shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

(625 ILCS 40/5-7.1)

Sec. 5-7.1. Implied consent.

(a) A person who operates or is in actual physical control of a snowmobile in this State is deemed to have given consent to a chemical test or tests of blood, breath, *other bodily substance*, or urine for the purpose of determining the content of alcohol, other drug or drugs, intoxicating compound or compounds, or a combination of them in that person's blood or *other bodily substance*, if arrested for a violation of Section 5-7. The chemical test or tests shall be administered at the...
direction of the arresting officer. The law enforcement agency employing
the officer shall designate which tests shall be administered. Up to 2
additional tests of urine or other bodily substance may be
administered even after a blood or breath test or both has been
administered.

(a-1) For the purposes of this Section, an Illinois law enforcement
officer of this State who is investigating the person for any offense defined
in Section 5-7 may travel into an adjoining state, where the person has
been transported for medical care to complete an investigation and to
request that the person submit to the test or tests set forth in this Section.
The requirements of this Section that the person be arrested are
inapplicable, but the officer shall issue the person a uniform citation for an
offense as defined in Section 5-7 or a similar provision of a local
ordinance prior to requesting that the person submit to the test or tests. The
issuance of the uniform citation shall not constitute an arrest, but shall be
for the purpose of notifying the person that he or she is subject to the
provisions of this Section and of the officer's belief of the existence of
probable cause to arrest. Upon returning to this State, the officer shall file
the uniform citation with the circuit clerk of the county where the offense
was committed and shall seek the issuance of an arrest warrant or a
summons for the person.

(a-2) Notwithstanding any ability to refuse under this Act to submit
to these tests or any ability to revoke the implied consent to these tests, if a
law enforcement officer has probable cause to believe that a snowmobile
operated by or under actual physical control of a person under the
influence of alcohol, other drug or drugs, intoxicating compound or
compounds, or any combination of them has caused the death or personal
injury to another, that person shall submit, upon the request of a law
enforcement officer, to a chemical test or tests of his or her blood, breath,
other bodily substance, or urine for the purpose of determining the alcohol
content or the presence of any other drug or combination of both. For the
purposes of this Section, a personal injury includes severe bleeding
wounds, distorted extremities, and injuries that require the injured party to
be carried from the scene for immediate professional attention in either a
doctor's office or a medical facility.

(b) A person who is dead, unconscious, or who is otherwise in a
condition rendering that person incapable of refusal, is deemed not to have
withdrawn the consent provided in subsection (a), and the test or tests may
be administered.

(c) A person requested to submit to a test as provided in this Section shall be verbally advised by the law enforcement officer requesting the test that a refusal to submit to the test will result in suspension of that person's privilege to operate a snowmobile for a minimum of 2 years.

(d) Following this warning, if a person under arrest refuses upon the request of a law enforcement officer to submit to a test designated by the officer, no tests may be given, but the law enforcement officer shall file with the clerk of the circuit court for the county in which the arrest was made, and with the Department of Natural Resources, a sworn statement naming the person refusing to take and complete the chemical test or tests requested under the provisions of this Section. The sworn statement shall identify the arrested person, the person's current residence address and shall specify that a refusal by that person to take the chemical test or tests was made. The sworn statement shall include a statement that the officer had reasonable cause to believe the person was operating or was in actual physical control of the snowmobile within this State while under the influence of alcohol, other drug or drugs, an intoxicating compound or compound, or a combination of them and that a chemical test or tests were requested as an incident to and following the lawful arrest for an offense as defined in Section 5-7 or a similar provision of a local ordinance, and that the person, after being arrested for an offense arising out of acts alleged to have been committed while operating a snowmobile, refused to submit to and complete a chemical test or tests as requested by the law enforcement officer.

(e) The law enforcement officer submitting the sworn statement shall serve immediate written notice upon the person refusing the chemical test or tests that the person's privilege to operate a snowmobile within this State will be suspended for a period of 2 years unless, within 28 days from the date of the notice, the person requests in writing a hearing on the suspension.

If the person desires a hearing, the person shall file a complaint in the circuit court in the county where that person was arrested within 28 days from the date of the notice. The hearing shall proceed in the court in the same manner as other civil proceedings. The hearing shall cover only the following issues: (1) whether the person was placed under arrest for an offense as defined in Section 5-7 or a similar provision of a local ordinance as evidenced by the issuance of a uniform citation; (2) whether the arresting officer had reasonable grounds to believe that the person was

operating a snowmobile while under the influence of alcohol, other drug or
drugs, an intoxicating compound or compounds, or a combination of them;
and (3) whether that person refused to submit to and complete the
chemical test or tests upon the request of the law enforcement officer.
Whether the person was informed that the person's privilege to operate a
snowmobile would be suspended if that person refused to submit to the
chemical test or tests may not be an issue in the hearing.

If the person fails to request a hearing in writing within 28 days of
the date of the notice, or if a hearing is held and the court finds against the
person on the issues before the court, the clerk shall immediately notify the
Department of Natural Resources, and the Department shall suspend the
snowmobile operation privileges of that person for at least 2 years.

(f-1) If the person is a CDL holder and
submits to a test that
discloses an alcohol concentration of 0.08 or more, or any amount of a
drug, substance, or intoxicating compound in the person's breath, blood,
other bodily substance, or urine resulting from the unlawful use of
cannabis listed in the Cannabis Control Act, a controlled substance listed
in the Illinois Controlled Substances Act, methamphetamine as listed in
the Methamphetamine Control and Community Protection Act, or an
intoxicating compound listed in the Use of Intoxicating Compounds Act,
the law enforcement officer shall immediately submit a sworn report to the
circuit clerk of venue and the Department of Natural Resources, certifying
that the test or tests was or were requested under subsection (a-1) of this
Section and the person submitted to testing that disclosed an alcohol
concentration of 0.08 or more, or any amount of a drug, substance, or
intoxicating compound in the person's breath, blood, other bodily

In cases involving a person who is a CDL holder where the blood alcohol concentration of 0.08 or greater or any amount of drug, substance, or compound resulting from the unlawful use of cannabis, a controlled substance, methamphetamine, or an intoxicating compound is established by a subsequent analysis of blood, other bodily substance, or urine collected at the time of arrest, the arresting officer or arresting agency shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources upon receipt of the test results. In cases involving a person who is not a CDL holder where the blood alcohol concentration of 0.08 or greater, a tetrahydrocannabinol concentration in the person's whole blood or other bodily substance as defined in paragraph 6 of subsection (a) of Section 11-501.2 of the Illinois Vehicle Code, or any amount of drug, substance, or compound resulting from the unlawful use of a controlled substance, methamphetamine, or an intoxicating compound is established by a subsequent analysis of blood, other bodily substance, or urine collected at the time of arrest, the arresting officer or arresting agency shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources upon receipt of the test results.

3. Every person convicted of violating this Section shall be guilty of a Class A misdemeanor, except as otherwise provided in this Section.

4. Every person convicted of violating this Section shall be guilty of a Class 4 felony if:

   (a) He or she has a previous conviction under this Section;

   (b) The offense results in personal injury where a person other than the operator suffers great bodily harm or permanent disability or disfigurement, when the violation was a proximate cause of the injuries. A person guilty of a Class 4 felony under this subparagraph (b), if sentenced to a term of imprisonment, shall be sentenced to a term of not less than one year nor more than 12 years; or

   (c) The offense occurred during a period in which his or her privileges to operate a watercraft are revoked or suspended, and the revocation or suspension was for a
violation of this Section or was imposed under subsection (B).

5. Every person convicted of violating this Section shall be guilty of a Class 2 felony if the offense results in the death of a person. A person guilty of a Class 2 felony under this paragraph 5, if sentenced to a term of imprisonment, shall be sentenced to a term of not less than 3 years and not more than 14 years.

5.1. A person convicted of violating this Section or a similar provision of a local ordinance who had a child under the age of 16 aboard the watercraft at the time of offense is subject to a mandatory minimum fine of $500 and to a mandatory minimum of 5 days of community service in a program benefiting children. The assignment under this paragraph 5.1 is not subject to suspension and the person is not eligible for probation in order to reduce the assignment.

5.2. A person found guilty of violating this Section, if his or her operation of a watercraft while in violation of this Section proximately caused any incident resulting in an appropriate emergency response, is liable for the expense of an emergency response as provided in subsection (m) of Section 11-501 of the Illinois Vehicle Code.

5.3. In addition to any other penalties and liabilities, a person who is found guilty of violating this Section, including any person placed on court supervision, shall be fined $100, payable to the circuit clerk, who shall distribute the money to the law enforcement agency that made the arrest. In the event that more than one agency is responsible for the arrest, the $100 shall be shared equally. Any moneys received by a law enforcement agency under this paragraph 5.3 shall be used to purchase law enforcement equipment or to provide law enforcement training that will assist in the prevention of alcohol related criminal violence throughout the State. Law enforcement equipment shall include, but is not limited to, in-car video cameras, radar and laser speed detection devices, and alcohol breath testers.

6. (a) In addition to any criminal penalties imposed, the Department of Natural Resources shall suspend the watercraft operation privileges of any person convicted or found guilty of a misdemeanor under this Section, a similar provision of a local ordinance, or Title 46 of the U.S. Code

of Federal Regulations for a period of one year, except that a first time offender is exempt from this mandatory one year suspension.

As used in this subdivision (A)(6(a), "first time offender" means any person who has not had a previous conviction or been assigned supervision for violating this Section, a similar provision of a local ordinance or, Title 46 of the U.S. Code of Federal Regulations, or any person who has not had a suspension imposed under subdivision (B)(3.1) of Section 5-16.

(b) In addition to any criminal penalties imposed, the Department of Natural Resources shall suspend the watercraft operation privileges of any person convicted of a felony under this Section, a similar provision of a local ordinance, or Title 46 of the U.S. Code of Federal Regulations for a period of 3 years.

(B) 1. Any person who operates or is in actual physical control of any watercraft upon the waters of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, other bodily substance, or urine for the purpose of determining the content of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof in the person's blood or other bodily substance if arrested for any offense of subsection (A) above. The chemical test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the tests shall be administered. Up to 2 additional tests of urine or other bodily substance test may be administered even after a blood or breath test or both has been administered.

1.1. For the purposes of this Section, an Illinois Law Enforcement officer of this State who is investigating the person for any offense defined in Section 5-16 may travel into an adjoining state, where the person has been transported for medical care to complete an investigation, and may request that the person submit to the test or tests set forth in this Section. The requirements of this Section that the person be arrested are inapplicable, but the officer shall issue the person a uniform citation for an offense as defined in Section 5-16 or a similar provision of a local ordinance prior to requesting that the person submit to the test or tests set forth in this Section.

submit to the test or tests. The issuance of the uniform citation shall not constitute an arrest, but shall be for the purpose of notifying the person that he or she is subject to the provisions of this Section and of the officer's belief in the existence of probable cause to arrest. Upon returning to this State, the officer shall file the uniform citation with the circuit clerk of the county where the offense was committed and shall seek the issuance of an arrest warrant or a summons for the person.

1.2. Notwithstanding any ability to refuse under this Act to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a watercraft operated by or under actual physical control of a person under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination of them has caused the death of or personal injury to another, that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content or the presence of any other drug, intoxicating compound, or combination of them. For the purposes of this Section, a personal injury includes severe bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene for immediate professional attention in either a doctor's office or a medical facility.

2. Any person who is dead, unconscious or who is otherwise in a condition rendering such person incapable of refusal, shall be deemed not to have withdrawn the consent provided above, and the test may be administered.

3. A person requested to submit to a chemical test as provided above shall be verbally advised by the law enforcement officer requesting the test that a refusal to submit to the test will result in suspension of such person's privilege to operate a watercraft for a minimum of 2 years. Following this warning, if a person under arrest refuses upon the request of a law enforcement officer to submit to a test designated by the officer, no test shall be given, but the law enforcement officer shall file with the clerk of the circuit court for the county in which the arrest was made, and with the Department of Natural Resources, a sworn statement naming the person refusing to take and complete the chemical test.

or tests requested under the provisions of this Section. Such sworn statement shall identify the arrested person, such person's current residence address and shall specify that a refusal by such person to take the chemical test or tests was made. Such sworn statement shall include a statement that the arresting officer had reasonable cause to believe the person was operating or was in actual physical control of the watercraft within this State while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof and that such chemical test or tests were made as an incident to and following the lawful arrest for an offense as defined in this Section or a similar provision of a local ordinance, and that the person after being arrested for an offense arising out of acts alleged to have been committed while so operating a watercraft refused to submit to and complete a chemical test or tests as requested by the law enforcement officer.

3.1. The law enforcement officer submitting the sworn statement as provided in paragraph 3 of this subsection (B) shall serve immediate written notice upon the person refusing the chemical test or tests that the person's privilege to operate a watercraft within this State will be suspended for a period of 2 years unless, within 28 days from the date of the notice, the person requests in writing a hearing on the suspension.

If the person desires a hearing, such person shall file a complaint in the circuit court for and in the county in which such person was arrested for such hearing. Such hearing shall proceed in the court in the same manner as other civil proceedings, shall cover only the issues of whether the person was placed under arrest for an offense as defined in this Section or a similar provision of a local ordinance as evidenced by the issuance of a uniform citation; whether the arresting officer had reasonable grounds to believe that such person was operating a watercraft while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof; and whether such person refused to submit and complete the chemical test or tests upon the request of the law enforcement officer. Whether the person was informed that such person's privilege to operate a watercraft would be suspended if such person refused to submit to the chemical test or tests shall not be an issue.

If the person fails to request in writing a hearing within 28 days from the date of notice, or if a hearing is held and the court finds against the person on the issues before the court, the clerk shall immediately notify the Department of Natural Resources, and the Department shall suspend the watercraft operation privileges of the person for at least 2 years.

3.2. If the person is a CDL holder and submits to a test that discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance or intoxicating compound in the person's breath, blood, other bodily substance, or urine resulting from the unlawful use of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, methamphetamine as listed in the Methamphetamine Control and Community Protection Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, the law enforcement officer shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources, certifying that the test or tests were requested under paragraph 1 of this subsection (B) and the person submitted to testing that disclosed an alcohol concentration of 0.08 or more or any amount of a drug, substance or intoxicating compound in the person's breath, blood, other bodily substance, or urine resulting from the unlawful use of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, methamphetamine as listed in the Methamphetamine Control and Community Protection Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act. If the person is not a CDL holder and submits to a test that discloses an alcohol concentration of 0.08 or more, a tetrahydrocannabinol concentration in the person's whole blood or other bodily substance as defined in paragraph 6 of subsection (a) of Section 11-501.2 of the Illinois Vehicle Code, or any amount of a drug, substance or intoxicating compound in the person's breath, blood, other bodily substance, or urine resulting from the unlawful use of a controlled substance listed in the Illinois Controlled Substances Act, methamphetamine as listed in the Methamphetamine Control and Community Protection Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, the law enforcement officer shall immediately submit a sworn report to the circuit clerk

of venue and the Department of Natural Resources, certifying that the test or tests were requested under paragraph 1 of this subsection (B) and the person submitted to testing that disclosed an alcohol concentration of 0.08 or more, a tetrahydrocannabinol concentration in the person's whole blood or other bodily substance as defined in paragraph 6 of subsection (a) of Section 11-501.2 of the Illinois Vehicle Code, or any amount of a drug, substance or intoxicating compound in the person's breath, blood, other bodily substance, or urine resulting from the unlawful use of a controlled substance listed in the Illinois Controlled Substances Act, methamphetamine as listed in the Methamphetamine Control and Community Protection Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act.

In cases involving a person who is a CDL holder where the blood alcohol concentration of 0.08 or greater or any amount of drug, substance or compound resulting from the unlawful use of cannabis, a controlled substance, methamphetamine, or an intoxicating compound is established by a subsequent analysis of blood, other bodily substance, or urine collected at the time of arrest, the arresting officer or arresting agency shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources upon receipt of the test results. In cases involving a person who is not a CDL holder where the blood alcohol concentration of 0.08 or greater, a tetrahydrocannabinol concentration in the person's whole blood or other bodily substance as defined in paragraph 6 of subsection (a) of Section 11-501.2 of the Illinois Vehicle Code, or any amount of drug, substance, or compound resulting from the unlawful use of a controlled substance, methamphetamine, or an intoxicating compound is established by a subsequent analysis of blood, other bodily substance, or urine collected at the time of arrest, the arresting officer or arresting agency shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources upon receipt of the test results.

5. The provisions of Section 11-501.2 of the Illinois Vehicle Code, as amended, concerning the certification and use of chemical tests apply to the use of such tests under this Section.

(C) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while operating a watercraft while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof, the concentration of alcohol, drug, or compound in the person's blood, other bodily substance, or breath at the time alleged as shown by analysis of a person's blood, urine, breath, or other bodily substance shall give rise to the presumptions specified in subdivisions 1, 2, and 3 of subsection (b) and subsection (b-5) of Section 11-501.2 of the Illinois Vehicle Code. The foregoing provisions of this subsection (C) shall not be construed as limiting the introduction of any other relevant evidence bearing upon the question whether the person was under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or a combination thereof.

(D) If a person under arrest refuses to submit to a chemical test under the provisions of this Section, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination of them was operating a watercraft.

(E) The owner of any watercraft or any person given supervisory authority over a watercraft, may not knowingly permit a watercraft to be operated by any person under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof.

(F) Whenever any person is convicted or found guilty of a violation of this Section, including any person placed on court supervision, the court shall notify the Office of Law Enforcement of the Department of Natural Resources, to provide the Department with the records essential for the performance of the Department's duties to monitor and enforce any order of suspension or revocation concerning the privilege to operate a watercraft.

(G) No person who has been arrested and charged for violating paragraph 1 of subsection (A) of this Section shall operate any watercraft within this State for a period of 24 hours after such arrest.

PUBLIC ACT 99-0701
(Senate Bill No. 2468)

AN ACT concerning elections.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Election Code is amended by changing Section 24C-12 as follows:

(10 ILCS 5/24C-12)

Sec. 24C-12. Procedures for Counting and Tallying of Ballots. In an election jurisdiction where a Direct Recording Electronic Voting System is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, the judges of elections shall assemble the voting equipment and devices and turn the equipment on.

New matter indicated by italics - deletions by strikeout
The judges shall, if necessary, take steps to activate the voting devices and counting equipment by inserting into the equipment and voting devices appropriate data cards containing passwords and data codes that will select the proper ballot formats selected for that polling place and that will prevent inadvertent or unauthorized activation of the poll-opening function. Before voting begins and before ballots are entered into the voting devices, the judges of election shall cause to be printed a record of the following: the election's identification data, the device's unit identification, the ballot's format identification, the contents of each active candidate register by office and of each active public question register showing that they contain all zero votes, all ballot fields that can be used to invoke special voting options, and other information needed to ensure the readiness of the equipment and to accommodate administrative reporting requirements. The judges must also check to be sure that the totals are all zeros in the counting columns and in the public counter affixed to the voting devices.

After the judges have determined that a person is qualified to vote, a voting device with the proper ballot to which the voter is entitled shall be enabled to be used by the voter. The ballot may then be cast by the voter by marking by appropriate means the designated area of the ballot for the casting of a vote for any candidate or for or against any public question. The voter shall be able to vote for any and all candidates and public measures appearing on the ballot in any legal number and combination and the voter shall be able to delete, change or correct his or her selections before the ballot is cast. The voter shall be able to select candidates whose names do not appear upon the ballot for any office by entering electronically as many names of candidates as the voter is entitled to select for each office.

Upon completing his or her selection of candidates or public questions, the voter shall signify that voting has been completed by activating the appropriate button, switch or active area of the ballot screen associated with end of voting. Upon activation, the voting system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. Upon activation, the voting system shall also print a permanent paper record of each ballot cast as defined in Section 24C-2 of this Code. This permanent paper record shall (i) be printed in a clear, readily readable format that can be easily reviewed by the voter for completeness and accuracy and (ii) either be self-contained within the voting device or be

New matter indicated by italics - deletions by strikeout
deposited by the voter into a secure ballot box. No permanent paper record shall be removed from the polling place except by election officials as authorized by this Article. All permanent paper records shall be preserved and secured by election officials in the same manner as paper ballots and shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used. The voter shall exit the voting station and the voting system shall prevent any further attempt to vote until it has been properly re-activated. If a voting device has been enabled for voting but the voter leaves the polling place without casting a ballot, 2 judges of election, one from each of the 2 major political parties, shall spoil the ballot.

Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or public question on the voting or counting equipment. Such equipment shall be programmed so that no person may reset the equipment for reentry of ballots unless provided the proper code from an authorized representative of the election authority.

The precinct judges of election shall check the public register to determine whether the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the applications for ballot. If the same do not agree, the judges of election shall immediately contact the offices of the election authority in charge of the election for further instructions. If the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the application for ballot, the number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated. One copy of an "In-Precinct Totals Report" shall be generated by the automatic tabulating equipment for return to the election authority. One copy of an "In-Precinct Totals Report" shall be generated and posted in a conspicuous place inside the polling place, provided that any authorized poll watcher or other official authorized to be present in the polling place to observe the counting of ballots is present. The judges of election shall provide, if requested, a set for each authorized poll watcher or other official authorized to be present in the polling place to observe the counting of ballots. In addition, sufficient time shall be provided by the judges of election to the poll watchers to allow them to copy information from the copy which has been posted.

New matter indicated by italics - deletions by strikeout
Until December 31, 2019, in elections at which fractional cumulative votes are cast for candidates, the tabulation of those fractional cumulative votes may be made by the election authority at its central office location, and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulation equipment and shall be posted in 4 conspicuous places at the central office location where those fractional cumulative votes have been tabulated.

If instructed by the election authority, the judges of election shall cause the tabulated returns to be transmitted electronically to the offices of the election authority via modem or other electronic medium.

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials and equipment as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose in a manner that the ballots cannot be removed from the container without breaking the seal or filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots and election material and equipment from all precincts within the jurisdiction of the election authority have been returned to the election authority. Ballots and election materials and equipment returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots and election materials and equipment by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots and election materials and equipment as provided shall, in the event the ballots, materials or equipment cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 17-116 as follows:

Sec. 17-116. Service retirement pension.
(a) Each teacher having 20 years of service upon attainment of age 55, or who thereafter attains age 55 shall be entitled to a service retirement pension upon or after attainment of age 55; and each teacher in service on or after July 1, 1971, with 5 or more but less than 20 years of service shall be entitled to receive a service retirement pension upon or after attainment of age 62.

(b) The service retirement pension for a teacher who retires on or after June 25, 1971, at age 60 or over, shall be calculated as follows:
   (1) For creditable service earned before July 1, 1998 that has not been augmented under Section 17-119.1: 1.67% for each of the first 10 years of service; 1.90% for each of the next 10 years of service; 2.10% for each year of service in excess of 20 but not exceeding 30; and 2.30% for each year of service in excess of 30, based upon average salary as herein defined.
   (2) For creditable service earned on or after July 1, 1998 by a member who has at least 30 years of creditable service on July 1, 1998 and who does not elect to augment service under Section 17-119.1: 2.3% of average salary for each year of creditable service earned on or after July 1, 1998.
   (3) For all other creditable service: 2.2% of average salary for each year of creditable service.

(c) When computing such service retirement pensions, the following conditions shall apply:

purposes, for members who commenced employment after August 31, 1979, that part of the salary for any year shall be excluded which exceeds the annual full-time salary rate for the preceding year by more than 20%. In the case of a member who commenced employment before August 31, 1979 and who receives salary during any year after September 1, 1983 which exceeds the annual full time salary rate for the preceding year by more than 20%, an Employer and other employers of eligible contributors as defined in Section 17-106 shall pay to the Fund an amount equal to the present value of the additional service retirement pension resulting from such excess salary. The present value of the additional service retirement pension shall be computed by the Board on the basis of actuarial tables adopted by the Board. If a member elects to receive a pension from this Fund provided by Section 20-121, his salary under the State Universities Retirement System and the Teachers' Retirement System of the State of Illinois shall be considered in determining such average salary. Amounts paid after the effective date of this amendatory Act of 1991 for unused vacation time earned after that effective date shall not under any circumstances be included in the calculation of average salary or the annual rate of salary for the purposes of this Article.

2. Proportionate credit shall be given for validated service of less than one year.

3. For retirement at age 60 or over the pension shall be payable at the full rate.

4. For separation from service below age 60 to a minimum age of 55, the pension shall be discounted at the rate of 1/2 of one per cent for each month that the age of the contributor is less than 60, but a teacher may elect to defer the effective date of pension in order to eliminate or reduce this discount. This discount shall not be applicable to any participant who has at least 34 years of service or a retirement pension of at least 74.6% of average salary on the date the retirement annuity begins.

5. No additional pension shall be granted for service exceeding 45 years. Beginning June 26, 1971 no pension shall exceed the greater of $1,500 per month or 75% of average salary as herein defined.

6. Service retirement pensions shall begin on the effective date of resignation, retirement, the day following the close of the
payroll period for which service credit was validated, or the time the person resigning or retiring attains age 55, or on a date elected by the teacher, whichever shall be latest; provided that, for a person who first becomes a member after the effective date of this amendatory Act of the 99th General Assembly, the benefit shall not commence more than one year prior to the date of the Fund's receipt of an application for the benefit.

7. A member who is eligible to receive a retirement pension of at least 74.6% of average salary and will attain age 55 on or before December 31 during the year which commences on July 1 shall be deemed to attain age 55 on the preceding June 1.

8. A member retiring after the effective date of this amendatory Act of 1998 shall receive a pension equal to 75% of average salary if the member is qualified to receive a retirement pension equal to at least 74.6% of average salary under this Article or as proportional annuities under Article 20 of this Code.

The Department shall establish procedures for the disclosure by the State Ombudsman or the regional ombudsmen entities of files maintained by the program. The procedures shall provide that the files and records may be disclosed only at the discretion of the State Long Term Care Ombudsman or the person designated by the State Ombudsman to disclose the files and records, and the procedures shall prohibit the disclosure of the identity of any complainant, resident, participant, witness, or employee of a long term care provider unless:

The Attorney General shall provide legal representation to any representative of the Office against whom suit or other legal action is brought in connection with the performance of the representative's official duties, in accordance with the State Employee Indemnification Act.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved August 5, 2016.
Effective August 5, 2016.
AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 17-2.11 and 17-2A as follows:

(105 ILCS 5/17-2.11) (from Ch. 122, par. 17-2.11)

Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, accessibility, school security, and specified repair purposes.

(a) Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; the district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in this State, upon all of the taxable property of the district at the value as assessed by the Department of Revenue and at a rate not to exceed 0.05% per year for a period sufficient to finance such alteration or reconstruction, upon the following conditions:

(1) When there are not sufficient funds available in the operations and maintenance fund of the school district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district, as determined by the district on the basis of rules adopted by the State Board of Education, to make such alteration or reconstruction or to purchase and install such permanent, fixed equipment so ordered or determined as necessary. Appropriate school district records must be made available to the State Superintendent of Education, upon request, to confirm this insufficiency.

(2) When a certified estimate of an architect or engineer licensed in this State stating the estimated amount necessary to make the alteration or reconstruction or to purchase and install the equipment so ordered has been secured by the school district, and

New matter indicated by italics - deletions by strikeout
the estimate has been approved by the regional superintendent of schools having jurisdiction over the district and the State Superintendent of Education. Approval must not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If the estimate is not approved or is denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit the estimate directly to the State Superintendent of Education for approval or denial.

In the case of an emergency situation, where the estimated cost to effectuate emergency repairs is less than the amount specified in Section 10-20.21 of this Code, the school district may proceed with such repairs prior to approval by the State Superintendent of Education, but shall comply with the provisions of subdivision (2) of this subsection (a) as soon thereafter as may be as well as Section 10-20.21 of this Code. If the estimated cost to effectuate emergency repairs is greater than the amount specified in Section 10-20.21 of this Code, then the school district shall proceed in conformity with Section 10-20.21 of this Code and with rules established by the State Board of Education to address such situations. The rules adopted by the State Board of Education to deal with these situations shall stipulate that emergency situations must be expedited and given priority consideration. For purposes of this paragraph, an emergency is a situation that presents an imminent and continuing threat to the health and safety of students or other occupants of a facility, requires complete or partial evacuation of a building or part of a building, or consumes one or more of the 5 emergency days built into the adopted calendar of the school or schools or would otherwise be expected to cause such school or schools to fall short of the minimum school calendar requirements.

(b) Whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; the district may levy a tax or issue bonds as provided in subsection (a) of this Section.

(c) Whenever any such district determines that it is necessary for accessibility purposes and to comply with the school building code that
any school building or equipment should be altered or reconstructed and
that such alterations or reconstruction will be made with funds not
necessary for the completion of approved and recommended projects
contained in any safety survey report or amendments thereto authorized
under Section 2-3.12 of this Act, the district may levy a tax or issue bonds
as provided in subsection (a) of this Section.

(d) Whenever any such district determines that it is necessary for
school security purposes and the related protection and safety of pupils and
school personnel that any school building or property should be altered or
reconstructed or that security systems and equipment (including but not
limited to intercom, early detection and warning, access control and
monitoring systems) should be purchased and installed, and that
such alterations, reconstruction or purchase and installation of equipment
will be made with funds not necessary for the completion of approved and
recommended projects contained in any safety survey report or amendment
thereto authorized by Section 2-3.12 of this Act and will deter and prevent
unauthorized entry or activities upon school property by unknown or
dangerous persons, assure early detection and advance warning of any
such actual or attempted unauthorized entry or activities and help assure
the continued safety of pupils and school staff if any such unauthorized
entry or activity is attempted or occurs; the district may levy a tax or issue
bonds as provided in subsection (a) of this Section.

(e) If a school district does not need funds for other fire prevention
and safety projects, including the completion of approved and
recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is
determined after a public hearing (which is preceded by at least one
published notice (i) occurring at least 7 days prior to the hearing in a
newspaper of general circulation within the school district and (ii) setting
forth the time, date, place, and general subject matter of the hearing) that
there is a substantial, immediate, and otherwise unavoidable threat to the
health, safety, or welfare of pupils due to disrepair of school sidewalks,
playgrounds, parking lots, or school bus turnarounds and repairs must be
made; then the district may levy a tax or issue bonds as provided in
subsection (a) of this Section.

(f) For purposes of this Section a school district may replace a
school building or build additions to replace portions of a building when it
is determined that the effectuation of the recommendations for the existing
building will cost more than the replacement costs. Such determination

New matter indicated by italics - deletions by strikeout
shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

(g) The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

(h) The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

(i) The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

(j) When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds, excluding bond proceeds and earnings from such proceeds, as follows:

(1) for other authorized fire prevention, safety, energy conservation, and school security purposes and for required safety inspections; or

(2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes.
Notwithstanding subdivision (2) of this subsection (j) and subsection (k) of this Section, through June 30, 2019, the school board may, by proper resolution following a public hearing set by the school board or the president of the school board (that is preceded (i) by at least one published notice over the name of the clerk or secretary of the board, occurring at least 7 days and not more than 30 days prior to the hearing, in a newspaper of general circulation within the school district and (ii) by posted notice over the name of the clerk or secretary of the board, at least 48 hours before the hearing, at the principal office of the school board or at the building where the hearing is to be held if a principal office does not exist, with both notices setting forth the time, date, place, and subject matter of the hearing), transfer surplus life safety taxes and interest earnings thereon to the Operations and Maintenance Fund for building repair work.

(k) If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

(l) If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

(m) Any bonds issued pursuant to this Section shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

(n) In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and not more than $5,000, and provide for the levy and collection of a direct annual tax upon all the taxable property in the school district sufficient to pay the principal and interest on such bonds to maturity. Upon the filing in the office of the county clerk of the county in which the school district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes.
taxes heretofore or hereafter authorized to be levied by such school district.

(o) After the time such bonds are issued as provided for by this Section, if additional alterations or reconstructions are required to be made because of surveys conducted by an architect or engineer licensed in the State of Illinois, the district may levy a tax at a rate not to exceed .05% per year upon all the taxable property of the district or issue additional bonds, whichever action shall be the most feasible.

(p) This Section is cumulative and constitutes complete authority for the issuance of bonds as provided in this Section notwithstanding any other statute or law to the contrary.

(q) With respect to instruments for the payment of money issued under this Section either before, on, or after the effective date of Public Act 86-004 (June 6, 1989), it is, and always has been, the intention of the General Assembly (i) that the Omnibus Bond Acts are, and always have been, supplementary grants of power to issue instruments in accordance with the Omnibus Bond Acts, regardless of any provision of this Act that may appear to be or to have been more restrictive than those Acts, (ii) that the provisions of this Section are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under this Section within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of this Act that may appear to be or to have been more restrictive than those Acts.

(r) When the purposes for which the bonds are issued have been accomplished and paid for in full and there remain funds on hand from the proceeds of the bond sale and interest earnings therefrom, the board shall, by resolution, use such excess funds in accordance with the provisions of Section 10-22.14 of this Act.

(s) Whenever any tax is levied or bonds issued for fire prevention, safety, energy conservation, and school security purposes, such proceeds shall be deposited and accounted for separately within the Fire Prevention and Safety Fund.

(b) Notwithstanding subsection (a) of this Section or any other provision of this Code to the contrary, the school board of any school district (i) that is subject to the Property Tax Extension Limitation Law, (ii) that has a population of less than 500,000 inhabitants, (iii) that is levying at its maximum tax rate, (iv) whose total equalized assessed valuation has declined 20% in the prior 2 years, (v) in which 80% or more of its students receive free or reduced-price lunch, and (vi) that had an equalized assessed valuation of less than $207 million but more than $203 million in the 2011 levy year may annually, until July 1, 2016, transfer money from any fund of the district, other than the Illinois Municipal Retirement Fund and the Bonds and Interest Fund, to the educational fund, the operations and maintenance fund, or the transportation fund of the district by proper resolution following a public hearing set by the school board or the president of the school board, with notice as provided in subsection (a) of this Section, so long as the district meets the qualifications set forth in this subsection (b) on the effective date of this Act.

(70 ILCS 705/16) (from Ch. 127 1/2, par. 37)
Sec. 16. which the territory is contiguous, in the manner hereinafter set forth; (1) if the territory would receive equal or greater benefits from the district to which it seeks to be transferred; (2) if the transfer will not cause the territory remaining in the district from which the transfer is to be made, to be noncontiguous; (3) if the transfer will not cause a serious injury to the district from which the transfer is to be made; and, (4) if the trustees of the district to which the transfer is sought to be made do not file a written refusal to accept the territory within the time hereinafter provided.

Territory disconnected pursuant to this Section shall remain liable for its proportionate share of the bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which it was disconnected and shall assume a proportionate share of the bonded indebtedness, if any, of the district to which it is transferred.

One per cent or more of the legal voters residing within the limits of the territory proposed to be transferred may file a petition, in the court of the county where the district to which it seeks to be transferred is organized, setting forth: the description of the territory sought to be transferred; that the territory would receive equal or greater benefits by the transfer; that the transfer will not cause a serious injury to the district or districts from which the transfer is proposed to be made; and the amount of any outstanding bonded indebtedness against the district or districts in which the territory is then situated which has been incurred pursuant to this Act; and praying that the question whether the transfer shall be made, and whether the voters of such territory shall remain liable for a proportionate share of the bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which it was disconnected and also assume a proportionate share of the bonded indebtedness, if any, of the district to which the transfer is to be made, be submitted to the voters of the entire district from which the transfer is sought to be made territory sought to be transferred.

Upon the filing of the petition, the court shall set a day for hearing, not less than 2 weeks nor more than 4 weeks from the filing thereof, and the court, or the circuit clerk or sheriff upon order of the court, (i) shall give 2 weeks notice of such hearing in one or more daily or weekly newspapers of general circulation in the county or in each county wherein the district or districts from which the territory sought to be transferred is organized and by posting at least 10 copies of the notice in conspicuous places in the district or in each of the districts from which the territory is sought to be transferred, (ii) shall cause a copy of the notice to be

personally served upon each trustee of the district from which the transfer is sought to be made, and (iii) in addition shall cause a copy of the notice to be personally served upon each of the trustees of the district to which the transfer is sought to be made at least one week before the date set for the hearing, and in the notice, or in any accompanying notice to be served upon the Trustees at the same time, a recital shall be made stating that the Trustees may at any time prior to the date of the hearing, or within such additional time as may be granted by the court upon request in writing filed on or before such date, file a written refusal to accept the territory as a part of their district, provided, that such notification need not be given to the trustees if they file in the proceeding their written appearances or written consent to a transfer of the territory to their district. Both the fire protection district from which the territory seeks to be transferred and the fire protection district to which the territory seeks to be transferred are necessary parties in any action to disconnect under this Section.

At any time prior to the date set for the hearing, or within such additional time as may be granted by the court, the trustees of the district to which the transfer is sought to be made may file a written refusal to accept the territory as a part of their district and in case of such refusal the court shall enter an order dismissing the petition for the transfer. The trustees may withdraw their refusal at any time prior to the entry of an order dismissing the petition. In case the trustees fail to file a written refusal within the time hereinbefore authorized, they shall be deemed to have consented to a transfer of the territory to their district, and consent once given may not be withdrawn without leave of court for good cause shown. In case of such consent, the court shall proceed with the matter as herein provided but if the court finds that any of the conditions herein required for the making of a transfer do not exist it shall enter an order dismissing the petition. In taking any action upon the petition the findings of the court shall be filed of record in the case.

All property owners in the district from which the transfer is sought and all persons interested therein, may file objections, and at the hearing may appear and contest the transfer and the matters averred in the petition, and both objectors and petitioners may offer any competent evidence in regard thereto. In addition, all persons residing in or interested in any of the property situated in the territory sought to be transferred shall have an opportunity to be heard touching the location and boundary of the territory to be voted upon for such transfer, and may make suggestions regarding the same. For purposes of this Section, serious injury shall be

found to exist in the district from which the transfer is sought when a material impairment of the ability to provide continuing fire protection and related emergency services to the territory remaining in the district after the transfer may occur. The court may consider the following, but not limited to, in its determination as to whether a serious injury may occur: the financial resources, facilities, and equipment which will remain in the district; and the financial obligations, including remaining non-bonded debt of the district, from which the transfer is sought. A loss of annual real estate tax revenues by the district from which the transfer is sought of 25 percent or more by reason of the disconnection and transfer shall constitute serious injury and require dismissal of the petition. However, the court is not precluded from finding serious injury to exist with a lesser tax revenue loss if it is shown by the preponderance of other evidence presented to the court that serious injury would result if the transfer were to occur.

If the court shall, upon hearing the petition, find that the territory described in the petition would receive equal or greater benefits by being so transferred and meet the conditions hereinbefore set forth, it shall certify to the proper election officials the question of whether the territory shall be transferred, and its order, and such officials shall submit that question at an election in the entire district from which the transfer is sought to be made in such territory in accordance with the general election law. The proposition shall be in substantially the following form:

For making the transfer from the
..... Fire Protection District to the
..... Fire Protection District, remaining liable for a proportionate share of the bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which disconnection is proposed and also assuming a proportionate share of the bonded indebtedness, if any, of the district to which transfer is proposed.

bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which disconnection is proposed and also assuming a proportionate share of the bonded indebtedness, if any, of the district to which transfer is proposed.

If a majority of the votes cast upon the question of making the transfer shall be in favor of the transfer, the territory shall thenceforth cease to be a part of the fire protection district or districts to which it has been attached and shall become an integral part of the fire protection district to which the transfer shall have been sought and shall be subject to all the enjoyments and responsibilities of the latter district. In each case in which a transfer is effected pursuant to the provisions hereof, the circuit clerk in whose court the transfer proceedings have been conducted, shall certify copies of all orders entered in effecting such transfer and file or send them to the proper county clerk or clerks for filing and to the Office of the State Fire Marshal.

(2) Vehicles and loads operated by a public utility while en route to make emergency repairs to public service facilities or properties, but during night operation every vehicle and its load must be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

(3) A tow truck in combination with a disabled vehicle or combination of disabled vehicles, provided the towing vehicle meets the following conditions:

(A) It is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes.

(B) It is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions.

(C) It is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles.

(D) It does not engage in a tow exceeding 50 miles from the initial point of wreck or disablement.

The Department may by rule or regulation prescribe additional requirements regarding length limitations for a tow truck towing another vehicle. The towing vehicle, however, may tow any disabled vehicle from the initial point of wreck or disablement to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, shall mean the value specified by the manufacturer as the loaded weight of the tow truck. Legal holidays referred to in this Section shall be specified as the day on which the following traditional holidays are celebrated:

New Year's Day;
Memorial Day;
Independence Day;
Labor Day;
Thanksgiving Day; and
Christmas Day.

(h) The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than 3 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a front bumper. The provisions of this subsection (h) shall not apply to any vehicle or combination of vehicles specifically designed for the collection and transportation of waste,

garbage, or recyclable materials during the vehicle's operation in the course of collecting garbage, waste, or recyclable materials if the vehicle is traveling at a speed not in excess of 15 miles per hour during the vehicle's operation and in the course of collecting garbage, waste, or recyclable materials. However, in no instance shall the load extend more than 7 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a front bumper.

(i) The load upon the front vehicle of an automobile transporter or a stinger-steered vehicle a combination of vehicles specifically designed to transport motor vehicles shall not extend more than \( \frac{4}{3} \) feet beyond the foremost part of the transporting vehicle and the load upon the rear transporting vehicle shall not extend more than \( \frac{6}{4} \) feet beyond the rear of the bed or body of the vehicle. This paragraph shall only be applicable upon highways designated in paragraphs (d) and (e) of this Section.

(j) Articulated vehicles comprised of 2 sections, neither of which exceeds a length of 42 feet, designed for the carrying of more than 10 persons, may be up to 60 feet in length, not including energy absorbing bumpers, provided that the vehicles are:

1. operated by or for any public body or motor carrier authorized by law to provide public transportation services; or
2. operated in local public transportation service by any other person and the municipality in which the service is to be provided approved the operation of the vehicle.

Sec. 15-111. Wheel and axle loads and gross weights.

(a) No vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: 

\[ W = 500 \times \text{sum of } \left( \frac{LN}{N-1} \right) + 12N + 36, \]

where "W" equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, "L" equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and "N" equals the number of axles in the group under consideration.

*If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (a) for 4 axles measured between the extreme axles of the vehicle.
Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (a) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

(1) Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

(2) Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

(3) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2-axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2-axle motor vehicle operating over any street of the city exceed 40,000 pounds.

(4) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

(4.5) A 3-axle or 4-axle vehicle (including when laden) operated or hired by a municipality within Cook, Lake, McHenry, Kane, DuPage, or Will county being operated for the purpose of performing emergency sewer repair that would be subject to a weight limitation less than 66,000 pounds under the formula in this subsection (a) shall have a weight limitation of 66,000 pounds or the vehicle's gross vehicle weight rating, whichever is less. This paragraph (4.5) does not apply to vehicles being operated on the National System of Interstate and Defense Highways, or to vehicles

being operated on bridges or other elevated structures constituting a part of a highway.

(5) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more, notwithstanding the lower limit resulting from the application of the above formula.

(6) A truck, not in combination and used exclusively for the collection of rendering materials, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle.

(7) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(7.5) A 3-axle rear discharge truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(8) Except as provided in paragraph (7.5) of this subsection (a), tandem axles on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2024 and first registered in Illinois prior to January 1, 2025, with a distance greater than 72 inches but not more than 96 inches between any series of 2 axles, is allowed a combined weight on the series not to exceed 36,000 pounds and neither axle of the series may exceed 20,000 pounds. Any vehicle of this type manufactured after the model year of 2024 or first registered in Illinois after December 31, 2024 may not exceed a combined weight of 34,000 pounds through

the series of 2 axles and neither axle of the series may exceed 20,000 pounds.

A 3-axle combination sewer cleaning jetting vacuum truck registered as a Special Hauling Vehicle, used exclusively for the transportation of non-hazardous solid waste, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(9) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2024, and registered in Illinois prior to January 1, 2025, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its

cargo container replaced in its entirety after December 31, 2024 may not exceed the weights allowed by the bridge formula.

(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

(12.5) The vehicle weight limitations in this Section do not apply to a covered heavy duty tow and recovery vehicle. The covered heavy duty tow and recovery vehicle license plate must cover the operating empty weight of the covered heavy duty tow and recovery vehicle only.

(13) Upon and during a declaration of an emergency propane supply disaster by the Governor under Section 7 of the Illinois Emergency Management Agency Act:
   (i) a truck not in combination, equipped with a cargo tank, used exclusively for the transportation of propane or liquefied petroleum gas may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle; and
   (ii) a truck when in combination with a trailer equipped with a cargo tank used exclusively for the transportation of propane or liquefied petroleum gas may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 90,000 pounds gross weight on a 5-axle or 6-axle vehicle.

Vehicles operating under this paragraph (13) are not subject to the bridge formula.

(14) A vehicle or combination of vehicles that uses natural gas or propane gas as a motor fuel may exceed the above weight limitations by up to 2,000 pounds, the total allowance is calculated by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas or propane gas tank and fueling system carried by the vehicle, and the weight of a comparable diesel tank and fueling system except on interstate highways as defined by Section 1-133.1 of this Code. This paragraph (14) shall not allow a vehicle to exceed any posted weight limit on a highway or structure.

(15) An emergency vehicle that is a vehicle designed to be used under emergency conditions to transport personnel and equipment, and used to support the suppression of fires and mitigation of other hazardous situations, may not exceed 86,000 pounds gross weight, or any of the following weight allowances:
   (i) 24,000 pounds on a single steering axle;
   (ii) 33,500 pounds on a single drive axle;

New matter indicated by italics - deletions by strikeout
(iii) 62,000 pounds on a tandem axle; or
(iv) 52,000 pounds on a tandem rear drive steer axle.

(16) A bus, motor coach, or recreational vehicle may carry a total weight of 24,000 pounds on a single axle, but may not exceed other weight provisions of this Section.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

Notwithstanding any provisions of the Weights and Measures Act or the United States Department of Commerce NIST handbook 44, multi or single draft weighing is an acceptable method of weighing by law enforcement for determining a violation of Chapter 3 or 15 of this Code. Law enforcement is exempt from the requirements of commercial weighing established in NIST handbook 44.

Within 18 months after the effective date of this amendatory Act of the 91st General Assembly, all municipal and county officers, technicians, and employees who set up and operate portable scales for wheel load or axle load or both and issue citations based on the use of portable scales for wheel load or axle load or both and who have not successfully completed initial classroom and field training regarding the set up and operation of portable scales, shall attend and successfully complete initial classroom and field training administered by the Illinois Law Enforcement Training Standards Board.

All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of such owner or operator; however, whenever a 3 or 4 axle vehicle with a tandem axle dimension greater than 72 inches, but less than 96 inches and registered as a Special Hauling Vehicle is transporting asphalt or concrete in the plastic state that exceeds axle weight or gross weight limits by less than 4,000 pounds, the owner or operator of the vehicle shall accept the arrest ticket or tickets for the alleged violations under this Section and proceed without shifting or reducing the load being transported or may shift or reduce the load under the provisions of subsection (d) or (e) of this Section, when applicable. Any fine imposed following an overweight violation by a vehicle registered as a Special Hauling Vehicle transporting asphalt or concrete in the plastic state shall be paid as provided in subsection 4 of paragraph (a) of Section 16-105 of this Code.

Transportation may also, at the direction of any State Police officer, erect portable regulating signs on any highway directing second division vehicles to a portable scale. Every such vehicle, pursuant to such sign, shall stop and be weighed.

(d) Whenever any axle load of a vehicle exceeds the axle or tandem axle weight limits permitted by paragraph (a) of Section 15-111 by 2000 pounds or less, the owner or operator of the vehicle must shift or remove the excess so as to comply with paragraph (a) of Section 15-111. No overweight arrest ticket shall be issued to the owner or operator of the vehicle by any officer if the excess weight is shifted or removed as required by this paragraph.

(e) Whenever the gross weight of a vehicle with a registered gross weight of 77,000 pounds or less exceeds the weight limits of paragraph (a) of Section 15-111 of this Chapter by 2000 pounds or less, the owner or operator of the vehicle must remove the excess. Whenever the gross weight of a vehicle with a registered gross weight over 77,000 pounds or more exceeds the weight limits of paragraph (a) of Section 15-111 by 1,000 pounds or less or 2,000 pounds or less if weighed on wheel load weighers, the owner or operator of the vehicle must remove the excess. In either case no arrest ticket for any overweight violation of this Code shall be issued to the owner or operator of the vehicle by any officer if the excess weight is removed as required by this paragraph. A person who has been granted a special permit under Section 15-301 of this Code shall not be granted a tolerance on wheel load weighers.

(e-5) Auxiliary power or idle reduction unit (APU) weight.

(1) A vehicle with a fully functional APU shall be allowed an additional 550 pounds or the certified unit weight, whichever is less. The additional pounds may be allowed in gross, axles, or bridge formula weight limits above the legal weight limits except when overweight on an axle or axles of the towed unit or units in combination. This tolerance shall be given in addition to the limits in subsection (d) of this Section.

(2) An operator of a vehicle equipped with an APU shall carry written certification showing the weight of the APU, which shall be displayed upon the request of any law enforcement officer.

(3) The operator may be required to demonstrate or certify that the APU is fully functional at all times.

(4) This allowance may not be granted above the weight limits specified on any loads permitted under Section 15-301 of this Code.

(f) Whenever an axle load of a vehicle exceeds axle weight limits allowed by the provisions of a permit an arrest ticket shall be issued, but the owner or operator of the vehicle may shift the load so as to comply with the provisions of the permit. Where such shifting of a load to comply with the permit is accomplished, the owner or operator of the vehicle may then proceed.

(g) Any driver of a vehicle who refuses to stop and submit his vehicle and load to weighing after being directed to do so by an officer or removes or causes the removal of the load or part of it prior to weighing is guilty of a business offense and shall be fined not less than $500 nor more than $2,000.

Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this Act or otherwise not in conformity with this Act upon any highway under the jurisdiction of the party granting such permit and for the maintenance of which the party is responsible. Applications and permits other than those in written or printed form may only be accepted from and issued to the company or individual making the movement. Except for an application to move directly across a highway, it shall be the duty of the applicant to establish in the application that the load to be moved by such vehicle or combination cannot reasonably be dismantled or disassembled, the reasonableness of which shall be determined by the Secretary of the Department. For the purpose of over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to multiple objects and the length, width, and weight laws are not exceeded. For the purpose of an over width movement, more than one object may be carried as long as the cause for
the over width is not due to multiple objects and length, height, and weight laws are not exceeded. Except for transporting fluid milk products, no State or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried, when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved except that for vehicles or vehicle combinations registered by the Department as provided in Section 15-319 of this Chapter, only the Illinois Department of Transportation's (IDT) registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to
assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to paragraph (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2 axle single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3 or 4 axle vehicle registered by the Secretary of State with axle loads not to exceed 20%, and on a 5 axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

(1) cultivated plants or agricultural produce grown including, but is not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;

(2) livestock, including but not limited to hogs, equine, sheep, and poultry;

(3) ensilage; and

(4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an
on-farm grain storage facility, a warehouse as defined in the Illinois Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) Upon a declaration by the Governor that an emergency harvest situation exists, a special permit issued by the Department under this Section shall not be required from September 1 through December 31 during harvest season emergencies, provided that the weight does not exceed 20% above the limits provided in Section 15-111. All other restrictions that apply to permits issued under this Section shall apply during the declared time period. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements during harvest season emergencies. This permit exemption shall apply to all vehicles eligible to obtain permits under this Section, including commercial vehicles in use during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his
agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while enroute to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

1. All operators shall be 18 years of age or over and properly licensed to operate the vehicle.
2. Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under The Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The

prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Act.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department shall not issue permits to the person, firm or corporation convicted of a third offense during a period of one year after the date of conviction for such third offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local

authorities, with respect to highways under their jurisdiction, may at their
discretion authorize the movement of a vehicle in violation of any size or
weight requirement, or both, that would not ordinarily be eligible for a
permit, when there is a showing of extreme necessity that the vehicle and
load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity
shall be limited to the following: shipments of livestock, hazardous
materials, liquid concrete being hauled in a mobile cement mixer, or hot
asphalt.

(m) Penalties for violations of this Section shall be in addition to
any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction
and local authorities with respect to highways under their jurisdiction, in
their discretion and upon application in writing, may issue a special permit
for continuous limited operation, authorizing the applicant to operate a
tow-truck that exceeds the weight limits provided for in subsection (a) of
Section 15-111, provided:

(1) no rear single axle of the tow-truck exceeds 26,000
pounds;
(2) no rear tandem axle of the tow-truck exceeds 50,000
pounds;
(2.1) no triple rear axle on a manufactured recovery unit
exceeds 60,000 pounds;
(3) neither the disabled vehicle nor the disabled
combination of vehicles exceed the weight restrictions imposed by
this Chapter 15, or the weight limits imposed under a permit issued
by the Department prior to hookup;
(4) the tow-truck prior to hookup does not exceed the
weight restrictions imposed by this Chapter 15;
(5) during the tow operation the tow-truck does not violate
any weight restriction sign;
(6) the tow-truck is equipped with flashing, rotating, or
oscillating amber lights, visible for at least 500 feet in all
directions;
(7) the tow-truck is specifically designed and licensed as a
tow-truck;
(8) the tow-truck has a gross vehicle weight rating of
sufficient capacity to safely handle the load;
(9) the tow-truck is equipped with air brakes;

New matter indicated by italics - deletions by strikeout
(10) the tow-truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;

(11) the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;

(12) the permit issued to the tow-truck is carried in the tow-truck and exhibited on demand by a police officer; and

(13) the movement shall be valid only on state routes approved by the Department.

(o) (Blank). The Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to transport raw milk that exceeds the weight limits provided for in subsection (a) of Section 15-111 of this Code, provided:

(1) no single axle exceeds 20,000 pounds;

(2) no gross weight exceeds 80,000 pounds;

(3) permits issued by the State are good only for federal and State highways and are not applicable to interstate highways; and

(4) all road and bridge postings must be obeyed.

(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of paragraph (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling public, whether dismantling or disassembling the load promotes or stifles economic development and whether the proposed route travels less than 5 miles. A load is not required to be dismantled or disassembled for the purposes of paragraph (a) if the Secretary of the Department determines there will be no significant negative impact to pavement or structures along the proposed route, the proposed load or vehicle causes no safety hazard to the traveling public, dismantling or disassembling the load does not promote economic development and the proposed route travels less than 5 miles. The Department may promulgate rules for the purpose of establishing the divisibility of a load pursuant to paragraph (a). Any load determined by the Secretary to be nondivisible shall otherwise comply with the existing size or weight maximums specified in this Chapter.

PUBLIC ACT 99-0718
(House Bill No. 6109)

AN ACT concerning domestic violence.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Supreme Court Act is amended by adding Section 7.5 as follows:

(705 ILCS 5/7.5 new)

Sec. 7.5. Electronic filing pilot program. The Supreme Court may establish a pilot program for the filing of petitions for temporary orders of protection by electronic means and for the issuance of such orders by audio-visual means pursuant to the Illinois Domestic Violence Act of 1986. The administrative director shall maintain an up-to-date and publicly-available listing of the sites, if any, at which a petition for an ex parte temporary order of protection may be filed, and at which electronic appearances in support of the petition may be made, in accordance with the Illinois Domestic Violence Act of 1986. In developing the pilot program, the administrative director shall strive for a program that is regionally diverse and takes into consideration, among other things, the availability of public transportation, population density, and the availability of facilities for conducting the program.

Section 10. The Illinois Domestic Violence Act of 1986 is amended by changing Section 202 as follows:

(750 ILCS 60/202) (from Ch. 40, par. 2312-2)

Sec. 202. Commencement of action; filing fees; dismissal.
(a) How to commence action. Actions for orders of protection are commenced:
(1) Independently: By filing a petition for an order of protection in any civil court, unless specific courts are designated by local rule or order.

(2) In conjunction with another civil proceeding: By filing a petition for an order of protection under the same case number as another civil proceeding involving the parties, including but not limited to: (i) any proceeding under the Illinois Marriage and Dissolution of Marriage Act, Illinois Parentage Act of 2015, Nonsupport of Spouse and Children Act, Revised Uniform Reciprocal Enforcement of Support Act or an action for nonsupport brought under Article 10 of the Illinois Public Aid Code, provided that a petitioner and the respondent are a party to or the subject of that proceeding or (ii) a guardianship proceeding under the Probate Act of 1975, or a proceeding for involuntary commitment under the Mental Health and Developmental Disabilities Code, or any proceeding, other than a delinquency petition, under the Juvenile Court Act of 1987, provided that a petitioner or the respondent is a party to or the subject of such proceeding.

(3) In conjunction with a delinquency petition or a criminal prosecution: By filing a petition for an order of protection, under the same case number as the delinquency petition or criminal prosecution, to be granted during pre-trial release of a defendant, with any dispositional order issued under Section 5-710 of the Juvenile Court Act of 1987 or as a condition of release, supervision, conditional discharge, probation, periodic imprisonment, parole, aftercare release, or mandatory supervised release, or in conjunction with imprisonment or a bond forfeiture warrant; provided that:

   (i) the violation is alleged in an information, complaint, indictment or delinquency petition on file, and the alleged offender and victim are family or household members or persons protected by this Act; and

   (ii) the petition, which is filed by the State's Attorney, names a victim of the alleged crime as a petitioner.

(b) Filing, certification, and service fees. No fee shall be charged by the clerk for filing, amending, vacating, certifying, or photocopying petitions or orders; or for issuing alias summons; or for any related filing

New matter indicated by italics - deletions by strikeout
service. No fee shall be charged by the sheriff for service by the sheriff of a petition, rule, motion, or order in an action commenced under this Section.

(c) Dismissal and consolidation. Withdrawal or dismissal of any petition for an order of protection prior to adjudication where the petitioner is represented by the State shall operate as a dismissal without prejudice. No action for an order of protection shall be dismissed because the respondent is being prosecuted for a crime against the petitioner. An independent action may be consolidated with another civil proceeding, as provided by paragraph (2) of subsection (a) of this Section. For any action commenced under paragraph (2) or (3) of subsection (a) of this Section, dismissal of the conjoined case (or a finding of not guilty) shall not require dismissal of the action for the order of protection; instead, it may be treated as an independent action and, if necessary and appropriate, transferred to a different court or division. Dismissal of any conjoined case shall not affect the validity of any previously issued order of protection, and thereafter subsections (b)(1) and (b)(2) of Section 220 shall be inapplicable to such order.

(d) Pro se petitions. The court shall provide, through the office of the clerk of the court, simplified forms and clerical assistance to help with the writing and filing of a petition under this Section by any person not represented by counsel. In addition, that assistance may be provided by the state's attorney.

(e) As provided in this subsection, the administrative director of the Administrative Office of the Illinois Courts, with the approval of the administrative board of the courts, may adopt rules to establish and implement a pilot program to allow the electronic filing of petitions for temporary orders of protection and the issuance of such orders by audio-visual means to accommodate litigants for whom attendance in court to file for and obtain emergency relief would constitute an undue hardship or would constitute a risk of harm to the litigant.

(1) As used in this subsection:

(A) "Electronic means" means any method of transmission of information between computers or other machines designed for the purpose of sending or receiving electronic transmission and that allows for the recipient of information to reproduce the information received in a tangible medium of expression.

New matter indicated by italics - deletions by strikeout
(B) "Independent audio-visual system" means an electronic system for the transmission and receiving of audio and visual signals, including those with the means to preclude the unauthorized reception and decoding of the signals by commercially available television receivers, channel converters, or other available receiving devices.

(C) "Electronic appearance" means an appearance in which one or more of the parties are not present in the court, but in which, by means of an independent audio-visual system, all of the participants are simultaneously able to see and hear reproductions of the voices and images of the judge, counsel, parties, witnesses, and any other participants.

(2) Any pilot program under this subsection (e) shall be developed by the administrative director or his or her delegate in consultation with at least one local organization providing assistance to domestic violence victims. The program plan shall include but not be limited to:

(A) identification of agencies equipped with or that have access to an independent audio-visual system and electronic means for filing documents; and

(B) identification of one or more organizations who are trained and available to assist petitioners in preparing and filing petitions for temporary orders of protection and in their electronic appearances before the court to obtain such orders; and

(C) identification of the existing resources available in local family courts for the implementation and oversight of the pilot program; and

(D) procedures for filing petitions and documents by electronic means, swearing in the petitioners and witnesses, preparation of a transcript of testimony and evidence presented, and a prompt transmission of any orders issued to the parties; and

(E) a timeline for implementation and a plan for informing the public about the availability of the program; and

New matter indicated by italics - deletions by strikeout
(F) a description of the data to be collected in order to evaluate and make recommendations for improvements to the pilot program.

(3) In conjunction with an electronic appearance, any petitioner for an ex parte temporary order of protection may, using the assistance of a trained advocate if necessary, commence the proceedings by filing a petition by electronic means.

(A) A petitioner who is seeking an ex parte temporary order of protection using an electronic appearance must file a petition in advance of the appearance and may do so electronically.

(B) The petitioner must show that traveling to or appearing in court would constitute an undue hardship or create a risk of harm to the petitioner. In granting or denying any relief sought by the petitioner, the court shall state the names of all participants and whether it is granting or denying an appearance by electronic means and the basis for such a determination. A party is not required to file a petition or other document by electronic means or to testify by means of an electronic appearance.

(C) Nothing in this subsection (e) affects or changes any existing laws governing the service of process, including requirements for personal service or the sealing and confidentiality of court records in court proceedings or access to court records by the parties to the proceedings.

(4) Appearances.

(A) All electronic appearances by a petitioner seeking an ex parte temporary order of protection under this subsection (e) are strictly voluntary and the court shall obtain the consent of the petitioner on the record at the commencement of each appearance.

(B) Electronic appearances under this subsection (e) shall be recorded and preserved for transcription. Documentary evidence, if any, referred to by a party or witness or the court may be transmitted and submitted and introduced by electronic means.

Section 5. The Illinois Public Aid Code is amended by changing Sections 5F-10 and 5F-32 and by adding Sections 5-30.3 and 5F-33 as follows:

(305 ILCS 5/5-30.3 new)
Sec. 5-30.3. Provider inquiry portal. The Department shall establish, no later than January 1, 2018, a web-based portal to accept inquiries and requests for assistance from managed care organizations under contract with the State and providers under contract with managed care organizations to provide direct care.

(305 ILCS 5F/10)
Sec. 5F-10. Scope. This Article applies to policies and contracts amended, delivered, issued, or renewed on or after the effective date of this amendatory Act of the 98th General Assembly for the nursing home component of the Medicare-Medicaid Alignment Initiative and the Managed Long-Term Services and Support Program. This Article does not diminish a managed care organization's duties and responsibilities under other federal or State laws or rules adopted under those laws and the 3-way Medicare-Medicaid Alignment Initiative contract and the Managed Long-Term Services and Support Program contract.

(305 ILCS 5F/32)
Sec. 5F-32. Non-emergency prior approval and appeal.
(a) MCOs must have a method of receiving prior approval requests 24 hours a day, 7 days a week, 365 days a year from nursing home residents, physicians, or providers. If a response is not provided within 24 hours of the request and the nursing home is required by regulation to provide a service because a physician ordered it, the MCO must pay for the service if it is a covered service under the MCO's contract in the Demonstration Project, provided that the request is consistent with the policies and procedures of the MCO.

New matter indicated by italics - deletions by strikeout
In a non-emergency situation, notwithstanding any provisions in State law to the contrary, in the event a resident's physician orders a service, treatment, or test that is not approved by the MCO, the enrollee, physician, or provider may utilize an expedited appeal to the MCO.

If an enrollee, physician, or provider requests an expedited appeal pursuant to 42 CFR 438.410, the MCO shall notify the individual filing the appeal, whether it is the enrollee, physician, or provider, within 24 hours after the submission of the appeal of all information from the enrollee, physician, or provider that the MCO requires to evaluate the appeal. The MCO shall notify the individual filing the appeal of the MCO's decision on an expedited appeal within 24 hours after receipt of the required information.

(b) While the appeal is pending or if the ordered service, treatment, or test is denied after appeal, the Department of Public Health may not cite the nursing home for failure to provide the ordered service, treatment, or test. The nursing home shall not be liable or responsible for an injury in any regulatory proceeding for the following:

1. failure to follow the appealed or denied order; or
2. injury to the extent it was caused by the delay or failure to perform the appealed or denied service, treatment, or test.

Provided however, a nursing home shall continue to monitor, document, and ensure the patient's safety. Nothing in this subsection (b) is intended to otherwise change the nursing home's existing obligations under State and federal law to appropriately care for its residents.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 10-22.31 as follows:

(105 ILCS 5/10-22.31) (from Ch. 122, par. 10-22.31)

Sec. 10-22.31. Special education.

(a) To enter into joint agreements with other school boards to provide the needed special educational facilities and to employ a director and other professional workers as defined in Section 14-1.10 and to establish facilities as defined in Section 14-1.08 for the types of children described in Sections 14-1.02 and 14-1.03a. The director (who may be employed under a contract as provided in subsection (c) of this Section) and other professional workers may be employed by one district, which shall be reimbursed on a mutually agreed basis by other districts that are parties to the joint agreement. Such agreements may provide that one district may supply professional workers for a joint program conducted in another district. Such agreement shall provide that any full-time professional worker who is employed by a joint agreement program and spends over 50% of his or her time in one school district shall not be required to work a different teaching schedule than the other professional worker in that district. Such agreement shall include, but not be limited to, provisions for administration, staff, programs, financing, housing, transportation, an advisory body, and the method or methods to be employed for disposing of property upon the withdrawal of a school district or dissolution of the joint agreement and shall specify procedures for the withdrawal of districts from the joint agreement as long as these procedures are consistent with subsection (g) of this Section. Such agreement may be amended at any time as provided in the joint agreement or, if the joint agreement does not so provide, then such agreement may be amended at any time upon the adoption of concurring resolutions by the school boards of all member districts, provided that no later than 6 months after August 28, 2009 (the effective date of Public Act 96-783), all existing agreements shall be amended to be consistent with Public Act 96-783. Such an amendment may include the removal of a school district from or the addition of a school district to the joint agreement without a
petition as otherwise required in this Section if all member districts adopt concurring resolutions to that effect. A fully executed copy of any such agreement or amendment entered into on or after January 1, 1989 shall be filed with the State Board of Education. Petitions for withdrawal shall be made to the regional board or boards of school trustees exercising oversight or governance over any of the districts in the joint agreement. Upon receipt of a petition for withdrawal, the regional board of school trustees shall publish notice of and conduct a hearing or, in instances in which more than one regional board of school trustees exercises oversight or governance over any of the districts in the joint agreement, a joint hearing, in accordance with rules adopted by the State Board of Education. In instances in which a single regional board of school trustees holds the hearing, approval of the petition must be by a two-thirds majority vote of the school trustees. In instances in which a joint hearing of 2 or more regional boards of school trustees is required, approval of the petition must be by a two-thirds majority of all those school trustees present and voting. Notwithstanding the provisions of Article 6 of this Code, in instances in which the competent regional board or boards of school trustees has been abolished, petitions for withdrawal shall be made to the school boards of those districts that fall under the oversight or governance of the abolished regional board of school trustees in accordance with rules adopted by the State Board of Education. If any petition is approved pursuant to this subsection (a), the withdrawal takes effect as provided in Section 7-9 of this Act. The changes to this Section made by Public Act 96-769 apply to all changes to special education joint agreement membership initiated after July 1, 2009.

(b) To either (1) designate an administrative district to act as fiscal and legal agent for the districts that are parties to the joint agreement, or (2) designate a governing board composed of one member of the school board of each cooperating district and designated by such boards to act in accordance with the joint agreement. No such governing board may levy taxes and no such governing board may incur any indebtedness except within an annual budget for the joint agreement approved by the governing board and by the boards of at least a majority of the cooperating school districts or a number of districts greater than a majority if required by the joint agreement. The governing board may appoint an executive board of at least 7 members to administer the joint agreement in accordance with its terms. However, if 7 or more school districts are parties to a joint agreement that does not have an administrative district: (i) at least a

majority of the members appointed by the governing board to the executive board shall be members of the school boards of the cooperating districts; or (ii) if the governing board wishes to appoint members who are not school board members, they shall be superintendents from the cooperating districts.

(c) To employ a full-time director of special education of the joint agreement program under a one-year or multi-year contract. No such contract can be offered or accepted for less than one year. Such contract may be discontinued at any time by mutual agreement of the contracting parties, or may be extended for an additional one-year or multi-year period at the end of any year.

The contract year is July 1 through the following June 30th, unless the contract specifically provides otherwise. Notice of intent not to renew a contract when given by a controlling board or administrative district must be in writing stating the specific reason therefor. Notice of intent not to renew the contract must be given by the controlling board or the administrative district at least 90 days before the contract expires. Failure to do so will automatically extend the contract for one additional year.

By accepting the terms of the contract, the director of a special education joint agreement waives all rights granted under Sections 24-11 through 24-16 for the duration of his or her employment as a director of a special education joint agreement.

(d) To designate a district that is a party to the joint agreement as the issuer of bonds or notes for the purposes and in the manner provided in this Section. It is not necessary for such district to also be the administrative district for the joint agreement, nor is it necessary for the same district to be designated as the issuer of all series of bonds or notes issued hereunder. Any district so designated may, from time to time, borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the board of education of the issuing district. The resolution may contain such covenants as may be deemed necessary or advisable by the district to

assure the payment of the bonds or notes. The resolution shall be effective immediately upon its adoption.

Prior to the issuance of such bonds or notes, each school district that is a party to the joint agreement shall agree, whether by amendment to the joint agreement or by resolution of the board of education, to be jointly and severally liable for the payment of the bonds and notes. The bonds or notes shall be payable solely and only from the payments made pursuant to such agreement.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district, including the issuing district, within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the agreement by a district to pay the bonds and notes shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(e) If a district whose employees are on strike was, prior to the strike, sending students with disabilities to special educational facilities and services in another district or cooperative, the district affected by the strike shall continue to send such students during the strike and shall be eligible to receive appropriate State reimbursement.

(f) With respect to those joint agreements that have a governing board composed of one member of the school board of each cooperating district and designated by those boards to act in accordance with the joint agreement, the governing board shall have, in addition to its other powers under this Section, the authority to issue bonds or notes for the purposes and in the manner provided in this subsection. The governing board of the joint agreement may from time to time borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08 and including also facilities for activities of administration and educational support personnel employees. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the governing board. The resolution may contain such covenants as may be deemed necessary or advisable by the governing board to assure the

payment of the bonds or notes and interest accruing thereon. The resolution shall be effective immediately upon its adoption.

Each school district that is a party to the joint agreement shall be automatically liable, by virtue of its membership in the joint agreement, for its proportionate share of the principal amount of the bonds and notes plus interest accruing thereon, as provided in the resolution. Subject to the joint and several liability hereinafter provided for, the resolution may provide for different payment schedules for different districts except that the aggregate amount of scheduled payments for each district shall be equal to its proportionate share of the debt service in the bonds or notes based upon the fraction that its equalized assessed valuation bears to the total equalized assessed valuation of all the district members of the joint agreement as adjusted in the manner hereinafter provided. In computing that fraction the most recent available equalized assessed valuation at the time of the issuance of the bonds and notes shall be used, and the equalized assessed valuation of any district maintaining grades K to 12 shall be doubled in both the numerator and denominator of the fraction used for all of the districts that are members of the joint agreement. In case of default in payment by any member, each school district that is a party to the joint agreement shall automatically be jointly and severally liable for the amount of any deficiency. The bonds or notes and interest thereon shall be payable solely and only from the funds made available pursuant to the procedures set forth in this subsection. No project authorized under this subsection may require an annual contribution for bond payments from any member district in excess of 0.15% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-8 or 9-12 and 0.30% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-12. This limitation on taxing authority is expressly applicable to taxing authority provided under Section 17-9 and other applicable Sections of this Act. Nothing contained in this subsection shall be construed as an exception to the property tax limitations contained in Section 17-2, 17-2.2a, 17-5, or any other applicable Section of this Act.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the obligation of a district to pay its proportionate share of the principal of and interest on the bonds and notes as required in this Section shall be a

general obligation of the district payable from any and all sources of revenue designated for that purpose by the board of education of the district and shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(g) A member district wishing to withdraw from a joint agreement may obtain from its school board a written resolution approving the withdrawal. The withdrawing district must then present a written petition for withdrawal from the joint agreement to the other member districts within such timelines designated by the joint agreement. Upon approval by school board written resolution of all of the remaining member districts, the petitioning member district shall be withdrawn from the joint agreement effective the following July 1 and shall notify the State Board of Education of the approved withdrawal in writing.

(h) The changes to this Section made by Public Act 96-783 apply to withdrawals from or dissolutions of special education joint agreements initiated after August 28, 2009 (the effective date of Public Act 96-783).

(i) Notwithstanding subsections (a), (g), and (h) of this Section or any other provision of this Code to the contrary, an elementary school district that maintains grades up to and including grade 8, that had a 2014-2015 best 3 months' average daily attendance of 5,209.57, and that had a 2014 equalized assessed valuation of at least $451,500,000, but not more than $452,000,000, may withdraw from its special education joint agreement program consisting of 6 school districts upon submission and approval of the comprehensive plan, in compliance with the applicable requirements of Section 14-4.01 of this Code, in addition to the approval by the school board of the elementary school district and notification to and the filing of an intent to withdraw statement with the governing board of the joint agreement program. Such notification and statement shall specify the effective date of the withdrawal, which in no case shall be less than 60 days after the date of the filing of the notification and statement. Upon receipt of the notification and statement, the governing board of the joint agreement program shall distribute a copy to each member district of the joint agreement and shall initiate any appropriate allocation of assets and liabilities among the remaining member districts to take effect upon the date of the withdrawal. The withdrawal shall take effect upon the date specified in the notification and statement.

PUBLIC ACT 99-0733
(Senate Bill No. 0321)

AN ACT concerning government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The River Edge Redevelopment Zone Act is amended by changing Section 10-10.1 as follows:

(65 ILCS 115/10-10.1)
(Section scheduled to be repealed on July 29, 2017)
Sec. 10-10.1. Utility facilities.
(a) It is in the public interest that costs for redevelopment in a River Edge Redevelopment Zone impacting a public utility, as defined by Section 3-105 of the Public Utilities Act, or a public utility's property, as described in subsection (b) of this Section, should not be allocated solely to the entity engaging in economic redevelopment because this economic redevelopment benefits the utility service territory as a whole and not just the particular area where the redevelopment occurs.

(b) A public utility that has facilities or land affected by the clean-up, remediation, and redevelopment of a River Edge Redevelopment Zone and that incurs costs related to the remediation or the removing or relocating of utility facilities in the River Edge Redevelopment Zone may recover these costs pursuant to subsections (c) and (d) of this Section.

(c) The reasonable and prudent costs incurred by a public utility for facility removal or relocation described in subsection (b) of this Section shall be shared equally among the public utility, the municipality in which the facility is located, and any landowner that is located within 100 feet of the utility facility and that directly benefits from the removal or relocation of the utility facility or the redevelopment of the public utility's land. In no event shall the costs incurred by each municipality or landowner for a given project exceed an equal percentage of the total direct, indirect, and

New matter indicated by italics - deletions by strikeout
overhead project costs, or $3,667,000 each, whichever amount is less. The reasonable and prudent costs incurred by the public utility for facility removal or relocation that are not the responsibility of the municipality or landowner under this subsection (c) shall be recovered by the public utility from all retail customers located in the municipality or municipalities in which the removal or relocation occurs through an appropriate tariff mechanism, and the public utility may record and defer such costs as a regulatory asset until they are so recovered.

(d) The Illinois Commerce Commission shall allow a public utility described in subsection (b) to fully recover from all retail customers in its service territory all reasonable and prudent costs that it incurs in conducting environmental remediation in the River Edge Redevelopment Zone related to the removal or relocation of utility facilities in the River Edge Redevelopment Zone, including, but not limited to, transmission and distribution lines, transformers, and poles. These environmental remediation costs also include, but are not limited to, direct, indirect, and overhead costs calculated by the public utility for taxes or other charges, cost adjustments made after the project has begun, and any other environmental remediation-related charges. The public utility shall record and defer such costs as a regulatory asset to be included in the public utility's total rate base and amortized in the public utility's next filing for a general increase in rates over a reasonable period that is shorter than the life of the affected facility or facilities. Such regulatory assets shall be collected from all residential and commercial ratepayers system-wide, and not only from ratepayers in the municipality's corporate limits. In the event the River Edge Redevelopment Zone is decertified, the public utility shall be permitted to recover all reasonable and prudent costs incurred as of the date of the decertification, as well as all reasonable and prudent costs incurred subsequent to decertification that are necessary to complete any projects commenced while the River Edge Redevelopment Zone was certified, consistent with this Section.

(e) This Section is repealed on August 1, 2020 7 years after the effective date of this amendatory Act of the 96th General Assembly.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The University of Illinois Trustees Act is amended by changing Section 1 as follows:

(110 ILCS 310/1) (from Ch. 144, par. 41)

Sec. 1. The Board of Trustees of the University of Illinois shall consist of the Governor and at least 12 trustees. Nine trustees shall be appointed by the Governor, by and with the advice and consent of the Senate. The other trustees shall be students, of whom one student shall be selected from each University campus.

Each student trustee shall serve a term of one year, beginning on July 1 or on the date of his or her selection, whichever is later, and expiring on the next succeeding June 30.

Each trustee shall have all of the privileges of membership, except that only one student trustee shall have the right to cast a legally binding vote. The Governor shall designate which one of the student trustees shall possess, for his or her entire term, the right to cast a legally binding vote. Each student trustee who does not possess the right to cast a legally binding vote shall have the right to cast an advisory vote and the right to make and second motions and to attend executive sessions.

Each trustee shall be governed by the same conflict of interest standards. Pursuant to those standards, it shall not be a conflict of interest for a student trustee to vote on matters pertaining to students generally, such as tuition and fees. However, it shall be a conflict of interest for a student trustee to vote on faculty member tenure or promotion. For the purposes of this Section, a student member shall not be deemed to have a direct conflict of interest in and may vote on any item involving the employment or compensation of the Chancellor at any campus or the President of the University or the election of officers. Student trustees shall be chosen by campus-wide student election, and the student trustee designated by the Governor to possess a legally binding vote shall be one of the students selected by this method. A student trustee who does not possess a legally binding vote on a measure at a meeting of the Board or any of its committees shall not be considered a trustee for the purpose of determining whether a quorum is present at the time that measure is voted
upon. To be eligible for selection as a student trustee and to be eligible to remain as a voting or nonvoting student trustee, a student trustee must be a resident of this State, must have and maintain a grade point average that is equivalent to at least 2.5 on a 4.0 scale, and must be a full time student enrolled at all times during his or her term of office except for that part of the term which follows the completion of the last full regular semester of an academic year and precedes the first full regular semester of the succeeding academic year at the University (sometimes commonly referred to as the summer session or summer school). If a voting or nonvoting student trustee fails to continue to meet or maintain the residency, minimum grade point average, or enrollment requirement established by this Section, his or her membership on the Board shall be deemed to have terminated by operation of law. The University may not use residency for tuition purposes as a factor in making the determination that a student is or is not a resident of this State. The following factors shall positively demonstrate residency in this State for the purposes of the residency requirement for student trustees and candidates for student trustee:

(1) evidence of the student's Illinois domicile for at least the previous 6 months;
(2) evidence of the student's current, valid Illinois driver's license; and
(3) evidence of the student's valid Illinois voter registration.

A positive demonstration of residency in this State for student trustees and candidates for student trustees under this Section does not apply to residency requirements for tuition purposes.

If a voting student trustee resigns or otherwise ceases to serve on the Board, the Governor shall, within 30 days, designate one of the remaining student trustees to possess the right to cast a legally binding vote for the remainder of his or her term. If a nonvoting student trustee resigns or otherwise ceases to serve on the Board, the chief executive of the student government from that campus shall, within 30 days, select a new nonvoting student trustee to serve for the remainder of the term.

No more than 5 of the 9 appointed trustees shall be affiliated with the same political party. Each trustee appointed by the Governor must be a resident of this State. A failure to meet or maintain this residency requirement constitutes a resignation from and creates a vacancy in the Board. The term of office of each appointed trustee shall be 6 years from the third Monday in January of each odd numbered year. The regular terms...
of office of the appointed trustees shall be staggered so that 3 terms expire in each odd-numbered year.

Vacancies for appointed trustees shall be filled for the unexpired term in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make temporary appointments until the next meeting of the Senate, when he shall appoint persons to fill such memberships for the remainder of their respective terms. If the Senate is not in session when appointments for a full term are made, appointments shall be made as in the case of vacancies.

No action of the board shall be invalidated by reason of any vacancies on the board, or by reason of any failure to select student trustees.

Section 10. The Southern Illinois University Management Act is amended by changing Section 5 as follows:

(110 ILCS 520/5) (from Ch. 144, par. 655)

Sec. 5. Members of the Board shall elect annually by secret ballot from their own number a chairman who shall preside over meetings of the Board and a secretary.

Meetings of the Board shall be held at least once each quarter on a campus of Southern Illinois University. At all regular meetings of the Board, a majority of its voting members shall constitute a quorum. The student members shall have all of the privileges of membership, including the right to make and second motions and to attend executive sessions, other than the right to vote, except that the student member designated by the Governor as the voting student member shall have the right to vote on all Board matters except those involving faculty tenure, faculty promotion or any issue on which the student member has a direct conflict of interest. For the purposes of this Section, a student member shall not be deemed to have a direct conflict of interest in and may vote on any item involving the employment or compensation of the Chancellor at any campus or the President of the University or the election of officers. A student member who is not entitled to vote on a measure at a meeting of the Board or any of its committees shall not be considered a member for the purpose of determining whether a quorum is present at the time that measure is voted upon. No action of the Board shall be invalidated by reason of any vacancies on the Board, or by reason of any failure to select a student member.

New matter indicated by italics - deletions by strikeout
Special meetings of the Board may be called by the chairman of the Board or by any 3 members of the Board.

At each regular and special meeting that is open to the public, members of the public and employees of the University shall be afforded time, subject to reasonable constraints, to make comments to or ask questions of the Board.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school

district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds

for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional

indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of $5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than $29,000,000.

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(i) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

The board of commissioners has full power to pass all necessary ordinances, orders, rules, resolutions and regulations for the proper management and conduct of the business of the board of commissioners and the corporation and for carrying into effect the object for which the sanitary district is formed. All ordinances, orders, rules, resolutions and regulations passed by the board of commissioners must, before they take effect, be approved by the president of the board of commissioners. If he approves thereof, he shall sign them, and such as he does not approve he shall return to the board of commissioners with his objections in writing at the next regular meeting of the board of commissioners occurring after the passage thereof. Such veto may extend to any one or more items or appropriations contained in any ordinance making an appropriation, or to the entire ordinance. If the veto extends to a part of such ordinance, the residue takes effect. If the president of such board of commissioners fails to return any ordinance, order, rule, resolution or regulation with his objections thereto in the time required, he is deemed to have approved it, and it takes effect accordingly. Upon the return of any ordinance, order, rule, resolution, or regulation by the president, the vote by which it was passed must be reconsidered by the board of commissioners, and if upon such reconsideration two-thirds of all the members agree by yeas and nays to pass it, it takes effect notwithstanding the president's refusal to approve thereof.

It is the policy of this State that all powers granted, either expressly or by necessary implication, by this Act or any other Illinois statute to the District may be exercised by the District notwithstanding effects on competition. It is the intention of the General Assembly that the "State action exemption" to the application of federal antitrust statutes be fully available to the District to the extent its activities are authorized by law as stated herein.

Any conviction for a violation of this subsection shall be included as an offense for the purposes of determining suspension action under any other provision of this Code, provided however, that the penalties provided under this subsection shall be imposed unless those penalties imposed under other applicable provisions are greater.

The owner of any vehicle alleged to have violated paragraph (a) of this Section shall, upon appropriate demand by the State's Attorney or other designated person acting in response to a signed complaint, provide a written statement or deposition identifying the operator of the vehicle if such operator was not the owner at the time of the alleged violation. Failure to supply such information shall result in the suspension of the vehicle registration of the vehicle for a period of 3 months. In the event the owner has assigned control for the use of the vehicle to another, the person to whom control was assigned shall comply with the provisions of this paragraph and be subject to the same penalties as herein provided.

Section 5. The School Code is amended by changing Section 3-15.12 as follows:

(105 ILCS 5/3-15.12) (from Ch. 122, par. 3-15.12)

Sec. 3-15.12. High school equivalency testing program. The regional superintendent of schools shall make available for qualified individuals residing within the region a High School Equivalency Testing Program. For that purpose the regional superintendent alone or with other regional superintendents may establish and supervise a testing center or centers to administer the secure forms for high school equivalency testing to qualified persons. Such centers shall be under the supervision of the regional superintendent in whose region such centers are located, subject to the approval of the Executive Director of the Illinois Community College Board.

An individual is eligible to apply to the regional superintendent of schools for the region in which he or she resides if he or she is: (a) a person who is 17 years of age or older, has maintained residence in the State of Illinois, and is not a high school graduate; (b) a person who is successfully completing an alternative education program under Section 2-3.81, Article 13A, or Article 13B; or (c) a person who is enrolled in a youth education program sponsored by the Illinois National Guard. For purposes of this Section, residence is that abode which the applicant considers his or her home. Applicants may provide as sufficient proof of such residence and as an acceptable form of identification a driver's license, valid passport, military ID, or other form of government-issued national or foreign identification that shows the applicant's name, address, date of birth, signature, and photograph or other acceptable identification as may be allowed by law or as regulated by the Illinois Community College Board. Such regional superintendent shall determine if the applicant meets statutory and regulatory state standards. If qualified the applicant shall at the time of such application pay a fee established by the Illinois Community College Board, which fee shall be paid into a special fund under the control and supervision of the regional superintendent. Such moneys received by the regional superintendent shall be used, first, for the expenses incurred in administering and scoring the examination, and next for other educational programs that are developed and designed by the regional superintendent of schools to assist those who successfully complete high school equivalency testing in furthering their academic development or their ability to secure and retain gainful employment, including programs for the competitive award based on test scores of

college or adult education scholarship grants or similar educational incentives. Any excess moneys shall be paid into the institute fund.

Any applicant who has achieved the minimum passing standards as established by the Illinois Community College Board shall be notified in writing by the regional superintendent and shall be issued a high school equivalency certificate on the forms provided by the Illinois Community College Board. The regional superintendent shall then certify to the Illinois Community College Board the score of the applicant and such other and additional information that may be required by the Illinois Community College Board. The moneys received therefrom shall be used in the same manner as provided for in this Section.

Any applicant who has attained the age of 17 years and maintained residence in the State of Illinois and is not a high school graduate, any person who has enrolled in a youth education program sponsored by the Illinois National Guard, or any person who has successfully completed an alternative education program under Section 2-3.81, Article 13A, or Article 13B is eligible to apply for a high school equivalency certificate (if he or she meets the requirements prescribed by the Illinois Community College Board) upon showing evidence that he or she has completed, successfully, high school equivalency testing, administered by the United States Armed Forces Institute, official high school equivalency testing centers established in other states, Veterans' Administration Hospitals, or the office of the State Superintendent of Education for the Illinois State Penitentiary System and the Department of Corrections. Such applicant shall apply to the regional superintendent of the region wherein he or she has maintained residence, and, upon payment of a fee established by the Illinois Community College Board, the regional superintendent shall issue a high school equivalency certificate and immediately thereafter certify to the Illinois Community College Board the score of the applicant and such other and additional information as may be required by the Illinois Community College Board.

Notwithstanding the provisions of this Section, any applicant who has been out of school for at least one year may request the regional superintendent of schools to administer restricted high school equivalency testing upon written request of: the director of a program who certifies to the Chief Examiner of an official high school equivalency testing center that the applicant has completed a program of instruction provided by such agencies as the Job Corps, the Postal Service Academy, or an apprenticeship training program; an employer or program director for

purposes of entry into apprenticeship programs; another state's department of education in order to meet regulations established by that department of education; or a post high school educational institution for purposes of admission, the Department of Financial and Professional Regulation for licensing purposes, or the Armed Forces for induction purposes. The regional superintendent shall administer such testing, and the applicant shall be notified in writing that he or she is eligible to receive a high school equivalency certificate upon reaching age 17, provided he or she meets the standards established by the Illinois Community College Board.

Any test administered under this Section to an applicant who does not speak and understand English may at the discretion of the administering agency be given and answered in any language in which the test is printed. The regional superintendent of schools may waive any fees required by this Section in case of hardship. The regional superintendent of schools and the Illinois Community College Board shall waive any fees required by this Section for an applicant who meets all of the following criteria:

(1) The applicant qualifies as a homeless person, child, or youth as defined in the Education for Homeless Children Act.

(2) The applicant has not attained 25 years of age as of the date of the scheduled test.

(3) The applicant can verify his or her status as a homeless person, child, or youth. A homeless services provider that is qualified to verify an individual's housing status, as determined by the Illinois Community College Board, and that has knowledge of the applicant's housing status may verify the applicant's status for purposes of this subdivision (3).

(4) The applicant has completed a high school equivalency preparation course through an Illinois Community College Board-approved provider.

(5) The applicant is taking the test at a testing center operated by a regional superintendent of schools or the Cook County High School Equivalency Office.

In counties of over 3,000,000 population, a high school equivalency certificate shall contain the signatures of the Executive Director of the Illinois Community College Board and the superintendent, president, or other chief executive officer of the institution where high school equivalency testing instruction occurred and any other signatures authorized by the Illinois Community College Board.

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 7-144 and 7-172 as follows:

(40 ILCS 5/7-144) (from Ch. 108 1/2, par. 7-144)
Sec. 7-144. Retirement annuities - Suspended during employment.
(a) If any person receiving any annuity again becomes an employee and receives earnings from employment in a position requiring him, or entitling him to elect, to become a participating employee, then the annuity payable to such employee shall be suspended as of the 1st day of the month coincidental with or next following the date upon which such person becomes such an employee, unless the person is authorized under subsection (b) of Section 7-137.1 of this Code to continue receiving a retirement annuity during that period. Upon proper qualification of the participating employee payment of such annuity may be resumed on the 1st day of the month following such qualification and upon proper application therefor. The participating employee in such case shall be entitled to a supplemental annuity arising from service and credits earned subsequent to such re-entry as a participating employee.

Notwithstanding any other provision of this Article, an annuitant shall be considered a participating employee if he or she returns to work as an employee with a participating employer and works more than 599 hours annually (or 999 hours annually with a participating employer that has adopted a resolution pursuant to subsection (e) of Section 7-137 of this Code). Each of these annual periods shall commence on the month and day

upon which the annuitant is first employed with the participating employer following the effective date of the annuity.

(a-5) If any annuitant under this Article must be considered a participating employee per the provisions of subsection (a) of this Section, and the participating municipality or participating instrumentality that employs or re-employs that annuitant knowingly fails to notify the Board to suspend the annuity, the participating municipality or participating instrumentality may be required to reimburse the Fund for an amount up to one-half of the total of any annuity payments made to the annuitant after the date the annuity should have been suspended, as determined by the Board. In no case shall the total amount repaid by the annuitant plus any amount reimbursed by the employer to the Fund be more than the total of all annuity payments made to the annuitant after the date the annuity should have been suspended. This subsection shall not apply if the annuitant returned to work for the employer for less than 12 months.

The Fund shall notify all annuitants that they must notify the Fund immediately if they return to work for any participating employer. The notification by the Fund shall occur upon retirement and no less than annually thereafter in a format determined by the Fund. The Fund shall also develop and maintain a system to track annuitants who have returned to work and notify the participating employer and annuitant at least annually of the limitations on returning to work under this Section.

(b) Supplemental annuities to persons who return to service for less than 48 months shall be computed under the provisions of Sections 7-141, 7-142 and 7-143. In determining whether an employee is eligible for an annuity which requires a minimum period of service, his entire period of service shall be taken into consideration but the supplemental annuity shall be based on earnings and service in the supplemental period only. The effective date of the suspended and supplemental annuity for the purpose of increases after retirement shall be considered to be the effective date of the suspended annuity.

(c) Supplemental annuities to persons who return to service for 48 months or more shall be a monthly amount determined as follows:

(1) An amount shall be computed under subparagraph b of paragraph (1) of subsection (a) of Section 7-142, considering all of the service credits of the employee;

(2) The actuarial value in monthly payments for life of the annuity payments made before suspension shall be determined and subtracted from the amount determined in (1) above;

New matter indicated by italics - deletions by strikeout
(3) The monthly amount of the suspended annuity, with any applicable increases after retirement computed from the effective date to the date of reinstatement, shall be subtracted from the amount determined in (2) above and the remainder shall be the amount of the supplemental annuity provided that this amount shall not be less than the amount computed under subsection (b) of this Section.

(4) The suspended annuity shall be reinstated at an amount including any increases after retirement from the effective date to date of reinstatement.

(5) The effective date of the combined suspended and supplemental annuities for the purposes of increases after retirement shall be considered to be the effective date of the supplemental annuity.

   1. municipality contributions in an amount determined by applying the municipality contribution rate to each payment of earnings paid to each of its participating employees;
   2. an amount equal to the employee contributions provided by paragraph (a) of Section 7-173, whether or not the employee contributions are withheld as permitted by that Section;
   3. all accounts receivable, together with interest charged thereon, as provided in Section 7-209, and any amounts due under subsection (a-5) of Section 7-144;
   4. if it has no participating employees with current earnings, an amount payable which, over a closed period of 20 years for participating municipalities and 10 years for participating instrumentalities, will amortize, at the effective rate for that year, any unfunded obligation. The unfunded obligation shall be computed as provided in paragraph 2 of subsection (b);
   5. if it has fewer than 7 participating employees or a negative balance in its municipality reserve, the greater of (A) an amount payable that, over a period of 20 years, will amortize at the

effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection (a).

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be determined for participating instrumentalities as if they were participating municipalities. The municipality contribution rate shall be the sum of the following percentages:

1. The percentage of earnings of all the participating employees of all participating municipalities and participating instrumentalities which, if paid over the entire period of their service, will be sufficient when combined with all employee contributions available for the payment of benefits, to provide all annuities for participating employees, and the $3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to be known as the normal cost rate.

2. The percentage of earnings of the participating employees of each participating municipality and participating instrumentalities necessary to adjust for the difference between the present value of all benefits, excluding temporary and total and permanent disability and death benefits, to be provided for its participating employees and the sum of its accumulated municipality contributions and the accumulated employee contributions and the present value of expected future employee and municipality contributions pursuant to subparagraph 1 of this paragraph (b). This adjustment shall be spread over a period determined by the Board, not to exceed 30 years for participating municipalities or 10 years for participating instrumentalities.

3. The percentage of earnings of the participating employees of all municipalities and participating instrumentalities necessary to provide the present value of all temporary and total and permanent disability benefits granted during the most recent year for which information is available.

4. The percentage of earnings of the participating employees of all participating municipalities and participating instrumentalities necessary to provide the present value of the net single sum death benefits expected to become payable from the

New matter indicated by italics - deletions by strikeout
reserve established under Section 7-206 during the year for which this rate is fixed.

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

(c) A separate municipality contribution rate shall be computed for each participating municipality or participating instrumentality for its sheriff's law enforcement employees.

A separate municipality contribution rate shall be computed for the sheriff's law enforcement employees of each forest preserve district that elects to have such employees. For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the municipality's contribution rate so as to make up that deficiency over such reasonable period of time as the Board may determine.

(d) The Board may establish a separate municipality contribution rate for all employees who are program participants employed under the federal Comprehensive Employment Training Act by all of the participating municipalities and instrumentalities. The Board may also provide that, in lieu of a separate municipality rate for these employees, a portion of the municipality contributions for such program participants shall be refunded or an extra charge assessed so that the amount of municipality contributions retained or received by the fund for all CETA program participants shall be an amount equal to that which would be provided by the separate municipality contribution rate for all such program participants. Refunds shall be made to prime sponsors of programs upon submission of a claim therefor and extra charges shall be assessed to participating municipalities and instrumentalities. In establishing the municipality contribution rate as provided in paragraph (b) of this Section, the use of a separate municipality contribution rate for program participants or the refund of a portion of the municipality contributions, as the case may be, may be considered.

(e) Computations of municipality contribution rates for the following calendar year shall be made prior to the beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or

New matter indicated by italics - deletions by strikeout
participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

(f) Any municipality which is the recipient of State allocations representing that municipality's contributions for retirement annuity purposes on behalf of its employees as provided in Section 12-21.16 of the Illinois Public Aid Code shall pay the allocations so received to the Board for such purpose. Estimates of State allocations to be received during any taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. If a special tax is levied under Section 7-171, none of the proceeds may be used to reimburse the municipality for the amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department which receives contributions from a county under Section 11.2 of "An Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as amended, or distributions under Section 3 of the Department of Public Health Act, shall use these only for municipality contributions by the health department.

(g) Municipality contributions for the several purposes specified shall, for township treasurers and employees in the offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

From the funds subject to allocation among districts and parts of districts pursuant to the School Code, the trustees shall withhold the proportionate share of the liability for municipality contributions imposed upon such districts by this Section, in respect to such township treasurers and employees and remit the same to the Board.

The municipality contribution rate for an educational service center shall initially be the same rate for each year as the regional office of education or school district which serves as its administrative agent. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

The municipality contribution rate for a public agency, other than a vocational education cooperative, formed under the Intergovernmental Cooperation Act shall initially be the average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial data

New matter indicated by italics - deletions by strikeout
become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

(h) Each participating municipality and participating instrumentality shall make the contributions in the amounts provided in this Section in the manner prescribed from time to time by the Board and all such contributions shall be obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure to deduct any employee contributions shall not relieve the participating municipality or participating instrumentality of its obligation to this fund. Delinquent payments of contributions due under this Section may, with interest, be recovered by civil action against the participating municipalities or participating instrumentalities. Municipality contributions, other than the amount necessary for employee contributions, for periods of service by employees from whose earnings no deductions were made for employee contributions to the fund, may be charged to the municipality reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable under subparagraph 4 of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(j) Notwithstanding the other provisions of this Section, the additional unfunded liability accruing as a result of this amendatory Act of the 94th General Assembly shall be amortized over a period of 30 years beginning on January 1 of the second calendar year following the calendar year in which this amendatory Act takes effect, except that the employer may provide for a longer amortization period by adopting a resolution or ordinance specifying a 35-year or 40-year period and submitting a certified copy of the ordinance or resolution to the fund no later than June 1 of the calendar year following the calendar year in which this amendatory Act takes effect.

(k) If the amount of a participating employee's reported earnings for any of the 12-month periods used to determine the final rate of earnings exceeds the employee's 12 month reported earnings with the same employer for the previous year by the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as established by the United States Department of Labor for the preceding September, the participating municipality or participating instrumentality that paid those earnings shall pay to the Fund, in addition to any other contributions required under this Section:

New matter indicated by italics - deletions by strikeout
Article, the present value of the increase in the pension resulting from the portion of the increase in salary that is in excess of the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as determined by the Fund. This present value shall be computed on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the Fund that is available at the time of the computation.

Whenever it determines that a payment is or may be required under this subsection (k), the fund shall calculate the amount of the payment and bill the participating municipality or participating instrumentality for that amount. The bill shall specify the calculations used to determine the amount due. If the participating municipality or participating instrumentality disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the fund in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the fund shall review the application and, if appropriate, recalculate the amount due. The participating municipality and participating instrumentality contributions required under this subsection (k) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the participating municipality and participating instrumentality contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the fund's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after receipt of the bill by the participating municipality or participating instrumentality.

When assessing payment for any amount due under this subsection (k), the fund shall exclude earnings increases resulting from overload or overtime earnings.

When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings increases attributable to standard employment promotions resulting in increased responsibility and workload.

This subsection (k) does not apply to earnings increases paid to individuals under contracts or collective bargaining agreements entered into, amended, or renewed before January 1, 2012 (the effective date of Public Act 97-609), earnings increases paid to members who are 10 years or more from retirement eligibility, or earnings increases resulting from an increase in the number of hours required to be worked.
When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings attributable to personnel policies adopted before January 1, 2012 (the effective date of Public Act 97-609) as long as those policies are not applicable to employees who begin service on or after January 1, 2012 (the effective date of Public Act 97-609).

Section 5. The Illinois Public Aid Code is amended by changing Section 9A-8 as follows:

(305 ILCS 5/9A-8) (from Ch. 23, par. 9A-8)
Sec. 9A-8. Operation of Program.
(a) At the time of application or redetermination of eligibility under Article IV, as determined by rule, the Illinois Department shall provide information in writing and orally regarding the education, training and employment program to all applicants and recipients. The information required shall be established by rule and shall include, but need not be limited to:

(1) education (including literacy training), employment and training opportunities available, the criteria for approval of those
opportunities, and the right to request changes in the personal responsibility and services plan to include those opportunities;

(1.1) a complete list of all activities that are approvable activities, and the circumstances under which they are approvable, including work activities, substance abuse or mental health treatment, activities to escape and prevent domestic violence, caring for a medically impaired family member, and any other approvable activities, together with the right to and procedures for amending the responsibility and services plan to include these activities;

(1.2) the rules concerning the lifetime limit on eligibility, including the current status of the applicant or recipient in terms of the months of remaining eligibility, the criteria under which a month will not count towards the lifetime limit, and the criteria under which a recipient may receive benefits beyond the end of the lifetime limit;

(2) supportive services including child care and the rules regarding eligibility for and access to the child care assistance program, transportation, initial expenses of employment, job retention, books and fees, and any other supportive services;

(3) the obligation of the Department to provide supportive services;

(4) the rights and responsibilities of participants, including exemption, sanction, reconciliation, and good cause criteria and procedures, termination for non-cooperation and reinstatement rules and procedures, and appeal and grievance procedures; and

(5) the types and locations of child care services.

(b) The Illinois Department shall notify the recipient in writing of the opportunity to volunteer to participate in the program.

(c) (Blank).

(d) As part of the personal plan for achieving employment and self-sufficiency, the Department shall conduct an individualized assessment of the participant's employability. No participant may be assigned to any component of the education, training and employment activity prior to such assessment. The plan shall include collection of information on the individual's background, proficiencies, skills deficiencies, education level, work history, employment goals, interests, aptitudes, and employment preferences, as well as factors affecting employability or ability to meet participation requirements (e.g., health, physical or mental limitations,
child care, family circumstances, domestic violence, sexual violence, substance abuse, and special needs of any child of the individual). As part of the plan, individuals and Department staff shall work together to identify any supportive service needs required to enable the client to participate and meet the objectives of his or her employability plan. The assessment may be conducted through various methods such as interviews, testing, counseling, and self-assessment instruments. In the assessment process, the Department shall offer to include standard literacy testing and a determination of English language proficiency and shall provide it for those who accept the offer. Based on the assessment, the individual will be assigned to the appropriate activity. The decision will be based on a determination of the individual's level of preparation for employment as defined by rule.

(e) Recipients determined to be exempt may volunteer to participate pursuant to Section 9A-4 and must be assessed.

(f) As part of the personal plan for achieving employment and self-sufficiency under Section 4-1, an employability plan for recipients shall be developed in consultation with the participant. The Department shall have final responsibility for approving the employability plan. The employability plan shall:

(1) contain an employment goal of the participant;
(2) describe the services to be provided by the Department, including child care and other support services;
(3) describe the activities, such as component assignment, that will be undertaken by the participant to achieve the employment goal. The Department shall treat participation in high school and high school equivalency programs as a core activity and count participation in high school and high school equivalency programs toward the first 20 hours per week of participation. The Department shall approve participation in high school or high school equivalency programs upon written or oral request of the participant if he or she has not already earned a high school diploma or a high school equivalency certificate. However, participation in high school or high school equivalency programs may be delayed as part of an applicant's or recipient's personal plan for achieving employment and self-sufficiency if it is determined that the benefit from participating in another activity, such as, but not limited to, treatment for substance abuse or an English proficiency program, would be greater to the applicant or

New matter indicated by italics - deletions by strikeout
recipient than participation in high school or a high school equivalency program. The availability of high school and high school equivalency programs may also delay enrollment in those programs. The Department shall treat such activities as a core activity as long as satisfactory progress is made, as determined by the high school or high school equivalency program. Proof of satisfactory progress shall be provided by the participant or the school at the end of each academic term; and

(4) describe any other needs of the family that might be met by the Department.

(g) The employability plan shall take into account:

(1) available program resources;
(2) the participant's support service needs;
(3) the participant's skills level and aptitudes;
(4) local employment opportunities; and
(5) the preferences of the participant.

(h) A reassessment shall be conducted to assess a participant's progress and to review the employability plan on the following occasions:

(1) upon completion of an activity and before assignment to an activity;
(2) upon the request of the participant;
(3) if the individual is not cooperating with the requirements of the program; and
(4) if the individual has failed to make satisfactory progress in an education or training program.

Based on the reassessment, the Department may revise the employability plan of the participant.

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 5-30.1 as follows:

(305 ILCS 5/5-30.1)

Sec. 5-30.1. Managed care protections.

(a) As used in this Section:

"Managed care organization" or "MCO" means any entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis.

"Emergency services" include:

(1) emergency services, as defined by Section 10 of the Managed Care Reform and Patient Rights Act;

(2) emergency medical screening examinations, as defined by Section 10 of the Managed Care Reform and Patient Rights Act;

(3) post-stabilization medical services, as defined by Section 10 of the Managed Care Reform and Patient Rights Act; and

(4) emergency medical conditions, as defined by Section 10 of the Managed Care Reform and Patient Rights Act.

(b) As provided by Section 5-16.12, managed care organizations are subject to the provisions of the Managed Care Reform and Patient Rights Act.

(c) An MCO shall pay any provider of emergency services that does not have in effect a contract with the contracted Medicaid MCO. The default rate of reimbursement shall be the rate paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent such adjustments are incorporated in the development of the applicable MCO capitated rates.

(d) An MCO shall pay for all post-stabilization services as a covered service in any of the following situations:

(1) the MCO authorized such services;
(2) such services were administered to maintain the enrollee's stabilized condition within one hour after a request to the MCO for authorization of further post-stabilization services;
(3) the MCO did not respond to a request to authorize such services within one hour;
(4) the MCO could not be contacted; or
(5) the MCO and the treating provider, if the treating provider is a non-affiliated provider, could not reach an agreement concerning the enrollee's care and an affiliated provider was unavailable for a consultation, in which case the MCO must pay for such services rendered by the treating non-affiliated provider until an affiliated provider was reached and either concurred with the treating non-affiliated provider's plan of care or assumed responsibility for the enrollee's care. Such payment shall be made at the default rate of reimbursement paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments and all outlier add-on adjustments to the extent that such adjustments are incorporated in the development of the applicable MCO capitated rates.

(e) The following requirements apply to MCOs in determining payment for all emergency services:

(1) MCOs shall not impose any requirements for prior approval of emergency services.
(2) The MCO shall cover emergency services provided to enrollees who are temporarily away from their residence and outside the contracting area to the extent that the enrollees would be entitled to the emergency services if they still were within the contracting area.
(3) The MCO shall have no obligation to cover medical services provided on an emergency basis that are not covered services under the contract.
(4) The MCO shall not condition coverage for emergency services on the treating provider notifying the MCO of the enrollee's screening and treatment within 10 days after presentation for emergency services.
(5) The determination of the attending emergency physician, or the provider actually treating the enrollee, of whether

New matter indicated by italics - deletions by strikeout
an enrollee is sufficiently stabilized for discharge or transfer to another facility, shall be binding on the MCO. The MCO shall cover emergency services for all enrollees whether the emergency services are provided by an affiliated or non-affiliated provider.

(6) The MCO's financial responsibility for post-stabilization care services it has not pre-approved ends when:
   (A) a plan physician with privileges at the treating hospital assumes responsibility for the enrollee's care;
   (B) a plan physician assumes responsibility for the enrollee's care through transfer;
   (C) a contracting entity representative and the treating physician reach an agreement concerning the enrollee's care; or
   (D) the enrollee is discharged.

(f) Network adequacy and transparency.
   (1) The Department shall:
      (A) ensure that an adequate provider network is in place, taking into consideration health professional shortage areas and medically underserved areas;
      (B) publicly release an explanation of its process for analyzing network adequacy;
      (C) periodically ensure that an MCO continues to have an adequate network in place; and
      (D) require MCOs to maintain an updated and public list of network providers.

   (2) Each MCO shall confirm its receipt of information submitted specific to physician additions or physician deletions from the MCO's provider network within 3 days after receiving all required information from contracted physicians, and electronic physician directories must be updated consistent with current rules as published by the Centers for Medicare and Medicaid Services or its successor agency.

(g) Timely payment of claims.
   (1) The MCO shall pay a claim within 30 days of receiving a claim that contains all the essential information needed to adjudicate the claim.
   (2) The MCO shall notify the billing party of its inability to adjudicate a claim within 30 days of receiving that claim.
(3) The MCO shall pay a penalty that is at least equal to the 
penalty imposed under the Illinois Insurance Code for any claims 
not timely paid.

(4) The Department may establish a process for MCOs to 
expedite payments to providers based on criteria established by the 
Department.

(g-5) Recognizing that the rapid transformation of the Illinois 
Medicaid program may have unintended operational challenges for both 
payers and providers:

(1) in no instance shall a medically necessary covered 
service rendered in good faith, based upon eligibility information 
documented by the provider, be denied coverage or diminished in 
payment amount if the eligibility or coverage information available 
at the time the service was rendered is later found to be 
inaccurate; and

(2) the Department shall, by December 31, 2016, adopt 
rules establishing policies that shall be included in the Medicaid 
managed care policy and procedures manual addressing payment 
resolutions in situations in which a provider renders services 
based upon information obtained after verifying a patient's 
coverage plan through either the Department's current enrollment system or a system operated by the coverage plan identified by the patient presenting for services:

(A) such medically necessary covered services shall 
be considered rendered in good faith;

(B) such policies and procedures shall be developed 
in consultation with industry representatives of the 
Medicaid managed care health plans and representatives of 
provider associations representing the majority of 
providers within the identified provider industry; and

(C) such rules shall be published for a review and 
comment period of no less than 30 days on the 
Department's website with final rules remaining available 
on the Department's website.

(3) The rules on payment resolutions shall include, but not 
be limited to:

(A) the extension of the timely filing period;

(B) retroactive prior authorizations; and

New matter indicated by italics - deletions by strikeout
(C) guaranteed minimum payment rate of no less than the current, as of the date of service, fee-for-service rate, plus all applicable add-ons, when the resulting service relationship is out of network.

(4) The rules shall be applicable for both MCO coverage and fee-for-service coverage.

(g-6) MCO Performance Metrics Report.

(1) The Department shall publish, on at least a quarterly basis, each MCO's operational performance, including, but not limited to, the following categories of metrics:

(A) claims payment, including timeliness and accuracy;
(B) prior authorizations;
(C) grievance and appeals;
(D) utilization statistics;
(E) provider disputes;
(F) provider credentialing; and
(G) member and provider customer service.

(2) The Department shall ensure that the metrics report is accessible to providers online by January 1, 2017.

(3) The metrics shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of associations representing the majority of providers within the identified industry.

(4) Metrics shall be defined and incorporated into the applicable Managed Care Policy Manual issued by the Department.

(h) The Department shall not expand mandatory MCO enrollment into new counties beyond those counties already designated by the Department as of June 1, 2014 for the individuals whose eligibility for medical assistance is not the seniors or people with disabilities population until the Department provides an opportunity for accountable care entities and MCOs to participate in such newly designated counties.

(i) The requirements of this Section apply to contracts with accountable care entities and MCOs entered into, amended, or renewed after the effective date of this amendatory Act of the 98th General Assembly.

Sec. 9-117. Expiration of Judgment. No judgment for possession obtained in an action brought under this Article may be enforced more than 120 days after judgment is entered, unless upon motion by the plaintiff the court grants an extension of the period of enforcement of the judgment. Plaintiff's notice of motion shall contain the following notice directed to the defendant:

"The plaintiff in this case Your landlord, (insert name), obtained an eviction judgment against you on (insert date), but the sheriff did not evict you within the 120 days that the plaintiff landlord has to evict after a judgment in court. On the date stated in this notice, the plaintiff your landlord will be asking the court to allow the sheriff to evict you based on that judgment. You must attend the court hearing if you want the court to stop the plaintiff landlord from having you evicted. To prevent the eviction, you must be able to prove that (1) the plaintiff landlord and you made an agreement after the judgment (for instance, to pay up back rent or to comply with the lease) and you have lived up to the agreement; or (2) the reason the plaintiff landlord brought the original eviction case has been resolved or forgiven, and the eviction the plaintiff landlord now wants the court to grant is based on a new or different reason; or (3) that you have another legal or equitable reason why the court should not grant the plaintiff's landlord's request for your eviction."

The court shall grant the motion for the extension of the judgment of possession unless the defendant establishes that the tenancy has been reinstated, that the breach upon which the judgment was issued has been cured or waived, that the plaintiff and defendant entered into a post-judgment agreement whose terms the defendant has performed, or that other legal or equitable grounds exist that bar enforcement of the judgment. This Section does not apply to any action based upon a breach of a contract entered into on or after July 1, 1962, for the purchase of premises in which the court has entered a stay under Section 9-110; nor shall this Section apply to any action to which the provisions of Section 9-111 apply; nor shall this Section affect the rights of Boards of Managers under Section 9-104.2.

(c) In any case in which a defendant has failed to comply with a judgment ordering a defendant to correct a code violation or imposing any fine or other sanction as a result of a code violation, any expenses incurred by a county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, to enforce the judgment, including, but not limited to, attorney's fees, court costs, and costs related to property demolition or foreclosure, after they are fixed by a court of competent jurisdiction or a hearing officer, shall be a debt due and owing the county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, and may be collected in accordance with applicable law. The lien may be enforced in the same

manner as a judgment lien pursuant to a judgment of a court of competent jurisdiction.

(e) A hearing officer may set aside any judgment entered by default and set a new hearing date, upon a petition filed within 21 days after the issuance of the order of default, if the hearing officer determines that the petitioner's failure to appear at the hearing was for good cause or at any time if the petitioner establishes that the county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, did not provide proper service of process. If any judgment is set aside pursuant to this subsection (e), the hearing officer shall have authority to enter an order extinguishing any lien that has been recorded for any debt due and owing the county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, as a result of the vacated default judgment.

Approved August 5, 2016.
Effective August 5, 2016.

PUBLIC ACT 99-0756
( House Bill No. 0335 )

AN ACT concerning gaming.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Sections 26, 26.8, 26.9, 27, and 31 as follows:
(230 ILCS 5/26) (from Ch. 8, par. 37-26)
Sec. 26. Wagering.
(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent

of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

New matter indicated by italics - deletions by strikeout
(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on
live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after the effective date of this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after the effective date of this amendatory Act of the 98th General Assembly, on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning one year after the effective date of this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at

wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, through December 31, 2018 until February 1, 2017, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to the effective date of this amendatory Act of the 98th General Assembly taken in reliance on the changes made to this subsection (g) by this amendatory Act of the 98th General Assembly are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager

from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an intertrack wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live

thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an intertrack wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an intertrack wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any intertrack wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each intertrack wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on

races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license as follows:

(A) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, when the interstate
simulcast is a standardbred race, the purse share to its standardbred purse account;

(B) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, and the interstate simulcast is a thoroughbred race, the purse share to its interstate simulcast purse pool to be distributed under paragraph (10) of this subsection (g);

(C) Between January 1 and the third Friday in February, inclusive, if live thoroughbred racing is occurring in Illinois, between 6:30 a.m. and 6:30 p.m. the purse share from wagers made during this time period to its thoroughbred purse account and between 6:30 p.m. and 6:30 a.m. the purse share from wagers made during this time period to its standardbred purse accounts;

(D) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 a.m. and 6:30 p.m., the purse share to its thoroughbred purse account;

(E) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 p.m. and 6:30 a.m., the purse share to its standardbred purse account.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this

subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. The moneys deposited pursuant to this subparagraph (B) shall be allocated as provided by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. Moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be paid to Illinois conceived and foaled thoroughbred breeders' programs and to thoroughbred purses for races conducted at any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. racing at that racetrack shall, before January 1, 2002, pay all moneys derived from simulcast wagering and inter-track wagering in calendar years 2000 and 2001 and paid into the licensee's standardbred purse account as follows:

(A) Eighty percent to that licensee's thoroughbred purse account to be used for thoroughbred purses; and

(B) Twenty percent to the Illinois Colt Stakes Purse Distribution Fund.

Failure to make the payment to the Illinois Colt Stakes Purse Distribution Fund before January 1, 2002 shall result in the immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license.

Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with any other moneys paid into that Fund.

(7.4) If live standardbred racing is conducted at a racetrack located in Madison County at any time in calendar year 2001 before the payment required under paragraph (7.3) has been made, the organization licensee who is licensed to conduct racing at that racetrack shall pay all moneys derived by that racetrack from simulcast wagering and inter-track wagering during calendar years 2000 and 2001 that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses.

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast programs.
(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with

wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization

licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may also receive up to 6 inter-track wagering location licenses. In no event shall more than 6 inter-track wagering locations be established for each eligible race track, except that an eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 7 inter-track wagering locations and an eligible race track located in Cook County may establish up to 8 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the

payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 140 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to intertrack wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an intertrack wagering licensee that derives its license from a track located in a county with a population in excess of 230,000

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on intertrack wagering at such location on races as purses, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and intertrack wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro-rata share of the total handle from inter-track wagering and simulcast wagering for all inter-track wagering location licensees during the calendar year in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first, that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B)
of paragraph (5) of subsection (g) of this Section 26 shall be redistributed based on each host track's pro rata share of the total inter-track wagering and simulcast wagering handle at all host tracks during the calendar year in question, and second, that any amounts redistributed as described in part (I) to an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall be further redistributed as provided in subparagraphs (D) and (E) of paragraph (7) of subsection (g) of this Section 26, with the portion of that further redistribution allocated to purses at that organization licensee to be divided between standardbred purses and thoroughbred purses based on the amounts otherwise allocated to purses at that organization licensee during the calendar year in question; and (iv) 8% of the pari-mutuel handle on inter-track wagering wagered at such location to satisfy all costs and expenses of conducting its wagering. The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an intertrack wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. track wagering location licensees, including, but not limited to the following:

(A) The Board is vested with power to promulgate reasonable rules and regulations for the purpose of administering the conduct of this wagering and to prescribe reasonable rules, regulations and conditions under which such wagering shall be held and conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(B) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities of any licensee to determine whether there has been compliance with the provisions of this Act and the rules and regulations relating to the conduct of such wagering.

(C) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any licensee's facilities, any person whose conduct or reputation is such that his presence on such premises may, in the opinion of the Board, call into the question the honesty and integrity of, or interfere with the orderly conduct of such wagering; provided, however, that no person shall be excluded or ejected from such premises solely on the grounds of race, color, creed, national origin, ancestry, or sex.

Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board shall give due consideration to the best interests of the public and of horse racing. This subsection (a) shall be inoperative and of no force and effect on and after January 1, 2000.

(a-5) Beginning on January 1, 2000, a flat pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at all pari-mutuel wagering facilities and on advance deposit wagering from a location other than a wagering facility, except as otherwise provided for in this subsection (a-5). In addition to the pari-mutuel tax imposed on advance deposit wagering pursuant to this subsection (a-5), beginning on August 24, 2012 (the effective date of Public Act 97-1060) and through December 31, 2018 until February 1, 2017, an additional pari-mutuel tax at the rate of 0.25% shall be imposed on advance deposit wagering. Until August 25, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering by Public Act 96-972 shall be deposited into the Quarter Horse Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board for grants to thoroughbred organization licensees for payment of purses for quarter horse races conducted by the organization licensee. Beginning on August 26, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering shall be deposited into the Standardbred Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board, for grants to the standardbred organization licensees for payment of purses for standardbred horse races conducted by the organization licensee. Thoroughbred organization licensees may petition the Board to conduct quarter horse racing and receive purse grants from the Quarter Horse Purse Fund. The Board shall have complete discretion in distributing the Quarter Horse Purse Fund to the petitioning organization licensees. Beginning on July 26, 2010 (the effective date of Public Act 96-1287), a pari-mutuel tax at the rate of 0.75% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. The pari-mutuel tax imposed by this subsection (a-5) shall be remitted to the Department of Revenue within 48 hours after the close of
the racing day upon which it is assessed or within such other time as the Board prescribes.

(b) On or before December 31, 1999, in the event that any organization licensee conducts 2 separate programs of races on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the privilege tax on such daily handle as provided in subsection (a) of this Section.

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. The Board shall require verified reports and a statement of the total of all monies wagered daily at each wagering facility upon which the taxes are assessed and may prescribe forms upon which such reports and statement shall be made.

(d) Any licensee failing or refusing to pay the amount of any tax due under this Section shall be guilty of a business offense and upon conviction shall be fined not more than $5,000 in addition to the amount found due as tax under this Section. Each day's violation shall constitute a separate offense. All fines paid into Court by a licensee hereunder shall be transmitted and paid over by the Clerk of the Court to the Board.

(e) No other license fee, privilege tax, excise tax, or racing fee, except as provided in this Act, shall be assessed or collected from any such licensee by the State.

(f) No other license fee, privilege tax, excise tax or racing fee shall be assessed or collected from any such licensee by units of local government except as provided in paragraph 10.1 of subsection (h) and subsection (f) of Section 26 of this Act. However, any municipality that has a Board licensed horse race meeting at a race track wholly within its corporate boundaries or a township that has a Board licensed horse race meeting at a race track wholly within the unincorporated area of the township may charge a local amusement tax not to exceed 10¢ per admission to such horse race meeting by the enactment of an ordinance. However, any municipality or county that has a Board licensed inter-track wagering location facility wholly within its corporate boundaries may each impose an admission fee not to exceed $1.00 per admission to such inter-track wagering location facility, so that a total of not more than $2.00 per

admission may be imposed. Except as provided in subparagraph (g) of Section 27 of this Act, the inter-track wagering location licensee shall collect any and all such fees and within 48 hours remit the fees to the Board, which shall, pursuant to rule, cause the fees to be distributed to the county or municipality.

(g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first $11 million of that excess amount shall be allocated at the earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount of taxes and fees exceeds $11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first $1,500,000 of the amount allocated to standardbred purses under item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the succeeding allocation year.
To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds $11 million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

Sec. 31. (a) The General Assembly declares that it is the policy of this State to encourage the breeding of standardbred horses in this State and the ownership of such horses by residents of this State in order to provide for: sufficient numbers of high quality standardbred horses to participate in harness racing meetings in this State, and to establish and preserve the agricultural and commercial benefits of such breeding and racing industries to the State of Illinois. It is the intent of the General Assembly to further this policy by the provisions of this Section of this Act.

(b) Each organization licensee conducting a harness racing meeting pursuant to this Act shall provide for at least two races each race program limited to Illinois conceived and foaled horses. A minimum of 6 races shall be conducted each week limited to Illinois conceived and foaled horses. No horses shall be permitted to start in such races unless duly registered under the rules of the Department of Agriculture.

(c) Conditions of races under subsection (b) shall be commensurate with past performance, quality and class of Illinois conceived and foaled horses available. If, however, sufficient competition cannot be had among horses of that class on any day, the races may, with consent of the Board, be eliminated for that day and substitute races provided.

(d) There is hereby created a special fund of the State Treasury to be known as the Illinois Standardbred Breeders Fund.

Advisory Board members shall receive no compensation for their services as members but shall be reimbursed for all actual and necessary expenses and disbursements incurred in the execution of their official duties.

(g) No monies shall be expended from the Illinois Standardbred Breeders Fund except as appropriated by the General Assembly. (j) The Department of Agriculture shall, by rule, with the assistance and advice of the Illinois Standardbred Breeders Fund Advisory Board:

1. Qualify stallions for Illinois Standardbred Breeders Fund breeding; such stallion shall be owned by a resident of the State of Illinois or by an Illinois corporation all of whose shareholders, directors, officers and incorporators are residents of the State of Illinois. Such stallion shall stand for service at and within the State of Illinois at the time of a foal's conception, and such stallion must not stand for service at any place, nor may semen from such stallion be transported, outside the State of Illinois during that calendar year in which the foal is conceived and that the owner of the stallion was for the 12 months prior, a resident of Illinois. The articles of agreement of any partnership, joint venture, limited partnership, syndicate, association or corporation and any bylaws and stock certificates must contain a restriction that provides that the ownership or transfer of interest by any one of the persons a party to the agreement can only be made to a person who qualifies as an Illinois resident.

2. Provide for the registration of Illinois conceived and foaled horses and no such horse shall compete in the races limited to Illinois conceived and foaled horses unless registered with the Department of Agriculture. The Department of Agriculture may prescribe such forms as may be necessary to determine the eligibility of such horses. No person shall knowingly prepare or cause preparation of an application for registration of such foals containing false information. A mare (dam) must be in the state at least 30 days prior to foaling or remain in the State at least 30 days at the time of foaling. Beginning with the 1996 breeding season and for foals of 1997 and thereafter, a foal conceived by transported fresh semen may be eligible for Illinois conceived and foaled registration provided all breeding and foaling requirements are met. The stallion must be qualified for Illinois Standardbred Breeders Fund breeding at the time of conception and the mare must be inseminated within the State of Illinois. All nominating, sustaining and starting payments shall be held for the benefit of entrants and shall be paid out as part of the respective purses for such races. Nominating, sustaining and starting fees shall be held in trust accounts for the purposes as set forth in this Act and in accordance with Section 205-15 of the Department of Agriculture Law (20 ILCS 205/205-15).

5. Provide for the registration with the Department of Agriculture of Colt Associations or county fairs desiring to sponsor races at county fairs.

(k) The Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, may allocate monies for purse supplements for such races. In determining whether to allocate money and the amount, the Department of Agriculture shall consider factors, including but not limited to, the amount of money appropriated for the Illinois Standardbred Breeders Fund program, the number of races that may occur, and an organizational licensee's purse structure. The organizational licensee shall notify the Department of Agriculture of the conditions and minimum purses for races limited to Illinois conceived and foaled horses to be conducted by each organizational licensee conducting a harness racing meeting for which purse supplements have been negotiated.

(l) All races held at county fairs and the State Fair which receive funds from the Illinois Standardbred Breeders Fund shall be conducted in accordance with the rules of the United States Trotting Association unless otherwise modified by the Department of Agriculture.

PUBLIC ACT 99-0757
(House Bill No. 0940)

AN ACT concerning gaming.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 3. The Illinois Horse Racing Act of 1975 is amended by changing Section 26 as follows:

(230 ILCS 5/26) (from Ch. 8, par. 37-26)
Sec. 26. Wagering.
(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.
(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted

by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after the effective date of this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after the effective date of this amendatory Act of the 98th General Assembly, on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the

simulcast program upon which wagering is permitted. Beginning one year after the effective date of this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to,

satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, until February 1, 2017, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to the effective date of this amendatory Act of the 98th General Assembly taken in reliance on the changes made to this subsection (g) by this amendatory Act of the 98th General Assembly are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the
organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an intertrack wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an intertrack wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

New matter indicated by italics - deletions by strikeout
(2) Between the hours of 6:30 p.m. and 6:30 a.m. an intertrack wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any intertrack wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each intertrack wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from
simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of the race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the

organization licensee that operates the first race track, on races

inter-track wagering shall be allocated with 50% to be split

and that borders the Mississippi River shall not divide any

The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an intertrack wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. PUBLIC ACT 99-0758

(House Bill No. 1288)

AN ACT concerning employment.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Domestic Workers' Bill of Rights Act.

Section 5. Purpose and findings. Domestic workers play a critical role in Illinois' economy, working to ensure the health and prosperity of Illinois families and freeing others to participate in the workforce. Despite the value of their work, domestic workers have historically been excluded from the protections under State law extended to workers in other industries. Domestic workers are predominantly women who labor to support families and children of their own and who receive low pay and minimal or no benefits. Without clear standards governing their workplaces, and working alone and behind closed doors, domestic workers are among the most isolated and vulnerable workforce in the State.

New matter indicated by italics - deletions by strikeout
Workforce projections are one of growth for domestic workers, but the lack of decent pay and other workplace protections undermines the likelihood of building and maintaining a reliable and experienced workforce that is able to meet the needs of Illinois families. Therefore, the General Assembly finds that because domestic workers care for the most important elements of Illinoisans' lives, our families and our homes, it is in the interest of employees, employers, and the people of Illinois to ensure that the rights of domestic workers are respected, protected, and enforced and that this Act shall be interpreted liberally to aid this purpose.

(a) Either party may petition or move for:

(1) temporary maintenance or temporary support of a child of the marriage entitled to support, accompanied by an affidavit as to the factual basis for the relief requested. One form of financial affidavit, as determined by the Supreme Court, shall be used statewide. The financial affidavit shall be supported by documentary evidence including, but not limited to, income tax returns, pay stubs, and banking statements. Unless the court otherwise directs, any affidavit or supporting documentary evidence submitted pursuant to this paragraph shall not be made part of the public record of the proceedings but shall be available to the court or an appellate court in which the proceedings are subject to review, to the parties, their attorneys, and such other persons as the court may direct. Upon motion of a party, a court may hold a hearing to determine whether and why there is a disparity between a party's sworn affidavit and the supporting documentation. (3) other appropriate temporary relief including, in the discretion of the court, ordering the purchase or sale of assets and requiring that a party or parties borrow funds in the appropriate circumstances.

Issues concerning temporary maintenance or temporary support of a child entitled to support shall be dealt with on a summary basis based on allocated parenting time, financial affidavits, tax returns, pay stubs, banking statements, and other relevant documentation, except an evidentiary hearing may be held upon a showing of good cause. If a party intentionally or recklessly files an inaccurate or misleading financial affidavit, the court shall impose significant penalties and sanctions including, but not limited to, costs and attorney's fees resulting from the improper representation.

(b) The court may issue a temporary restraining order without requiring notice to the other party only if it finds, on the basis of the moving affidavit or other evidence, that irreparable injury will result to the moving party if no order is issued until the time for responding has elapsed.

(c) A response hereunder may be filed within 21 days after service of notice of motion or at the time specified in the temporary restraining order.

(c-1) As used in this subsection (c-1), "interim attorney's fees and costs" means attorney's fees and costs assessed from time to time while a case is pending, in favor of the petitioning party's current counsel, for reasonable fees and costs either already incurred or to be incurred, and "interim award" means an award of interim attorney's fees and costs. Interim awards shall be governed by the following:

(1) Except for good cause shown, a proceeding for (or relating to) interim attorney's fees and costs in a pre-judgment dissolution proceeding shall be nonevidentiary and summary in nature. All hearings for or relating to interim attorney's fees and costs under this subsection shall be scheduled expeditiously by the court. When a party files a petition for interim attorney's fees and costs supported by one or more affidavits that delineate relevant factors, the court (or a hearing officer) shall assess an interim award after affording the opposing party a reasonable opportunity to file a responsive pleading. A responsive pleading shall set out the amount of each retainer or other payment or payments, or both, previously paid to the responding party's counsel by or on behalf of the responding party. A responsive pleading shall include costs incurred, and shall indicate whether the costs are paid or unpaid. In assessing an interim award, the court shall consider all relevant factors, as presented, that appear reasonable and necessary, including to the extent applicable:

(A) the income and property of each party, including alleged marital property within the sole control of one party and alleged non-marital property within access to a party;

(B) the needs of each party;

(C) the realistic earning capacity of each party;

New matter indicated by italics - deletions by strikeout
(D) any impairment to present earning capacity of either party, including age and physical and emotional health;

(E) the standard of living established during the marriage;

(F) the degree of complexity of the issues, including allocation of parental responsibility, valuation or division (or both) of closely held businesses, and tax planning, as well as reasonable needs for expert investigations or expert witnesses, or both;

(G) each party's access to relevant information;

(H) the amount of the payment or payments made or reasonably expected to be made to the attorney for the other party; and

(I) any other factor that the court expressly finds to be just and equitable.

(2) Any assessment of an interim award (including one pursuant to an agreed order) shall be without prejudice to any final allocation and without prejudice as to any claim or right of either party or any counsel of record at the time of the award. Any such claim or right may be presented by the appropriate party or counsel at a hearing on contribution under subsection (j) of Section 503 or a hearing on counsel's fees under subsection (c) of Section 508. Unless otherwise ordered by the court at the final hearing between the parties or in a hearing under subsection (j) of Section 503 or subsection (c) of Section 508, interim awards, as well as the aggregate of all other payments by each party to counsel and related payments to third parties, shall be deemed to have been advances from the parties' marital estate. Any portion of any interim award constituting an overpayment shall be remitted back to the appropriate party or parties, or, alternatively, to successor counsel, as the court determines and directs, after notice in a form designated by the Supreme Court. An order for the award of interim attorney's fees shall be a standardized form order and labeled "Interim Fee Award Order".

(3) In any proceeding under this subsection (c-1), the court (or hearing officer) shall assess an interim award against an opposing party in an amount necessary to enable the petitioning party to participate adequately in the litigation, upon findings that

New matter indicated by italics - deletions by strikeout
the party from whom attorney's fees and costs are sought has the financial ability to pay reasonable amounts and that the party seeking attorney's fees and costs lacks sufficient access to assets or income to pay reasonable amounts. In determining an award, the court shall consider whether adequate participation in the litigation requires expenditure of more fees and costs for a party that is not in control of assets or relevant information. Except for good cause shown, an interim award shall not be less than payments made or reasonably expected to be made to the counsel for the other party. If the court finds that both parties lack financial ability or access to assets or income for reasonable attorney's fees and costs, the court (or hearing officer) shall enter an order that allocates available funds for each party's counsel, including retainers or interim payments, or both, previously paid, in a manner that achieves substantial parity between the parties.

(4) The changes to this Section 501 made by this amendatory Act of 1996 apply to cases pending on or after June 1, 1997, except as otherwise provided in Section 508.

(c-2) Allocation of use of marital residence. Where there is on file a verified complaint or verified petition seeking temporary eviction from the marital residence, the court may, during the pendency of the proceeding, only in cases where the physical or mental well-being of either spouse or his or her children is jeopardized by occupancy of the marital residence by both spouses, and only upon due notice and full hearing, unless waived by the court on good cause shown, enter orders granting the exclusive possession of the marital residence to either spouse, by eviction from, or restoration of, the marital residence, until the final determination of the cause pursuant to the factors listed in Section 602.7 of this Act. No such order shall in any manner affect any estate in homestead property of either party. In entering orders under this subsection (c-2), the court shall balance hardships to the parties.

(d) A temporary order entered under this Section:

(1) does not prejudice the rights of the parties or the child which are to be adjudicated at subsequent hearings in the proceeding;

(2) may be revoked or modified before final judgment, on a showing by affidavit and upon hearing; and

Sec. 502. Agreement.

(a) To promote amicable settlement of disputes between parties to a marriage attendant upon the dissolution of their marriage, the parties may enter into an agreement containing provisions for disposition of any property owned by either of them, maintenance of either of them, support,
parental responsibility allocation of their children, and support of their children as provided in Sections Section 513 and 513.5 after the children attain majority. Any agreement pursuant to this Section must be in writing, except for good cause shown with the approval of the court, before proceeding to an oral prove up.

(b) The terms of the agreement, except those providing for the support and parental responsibility allocation of children, are binding upon the court unless it finds, after considering the economic circumstances of the parties and any other relevant evidence produced by the parties, on their own motion or on request of the court, that the agreement is unconscionable. The terms of the agreement incorporated into the judgment are binding if there is any conflict between the terms of the agreement and any testimony made at an uncontested prove-up hearing on the grounds or the substance of the agreement.

(c) If the court finds the agreement unconscionable, it may request the parties to submit a revised agreement or upon hearing, may make orders for the disposition of property, maintenance, child support and other matters.

(d) Unless the agreement provides to the contrary, its terms shall be set forth in the judgment, and the parties shall be ordered to perform under such terms, or if the agreement provides that its terms shall not be set forth in the judgment, the judgment shall identify the agreement and state that the court has approved its terms.

(e) Terms of the agreement set forth in the judgment are enforceable by all remedies available for enforcement of a judgment, including contempt, and are enforceable as contract terms.

(f) Child support, support of children as provided in Sections Section 513 and 513.5 after the children attain majority, and parental responsibility allocation of children may be modified upon a showing of a substantial change in circumstances. The parties may provide that maintenance is non-modifiable in amount, duration, or both. If the parties do not provide that maintenance is non-modifiable in amount, duration, or both, then those terms are modifiable upon a substantial change of circumstances. Property provisions of an agreement are never modifiable. The judgment may expressly preclude or limit modification of other terms set forth in the judgment if the agreement so provides. Otherwise, terms of an agreement set forth in the judgment are automatically modified by modification of the judgment.

Sec. 503. Disposition of property and debts.
(a) For purposes of this Act, "marital property" means all property, including debts and other obligations, acquired by either spouse subsequent to the marriage, except the following, which is known as "non-marital property":

(1) property acquired by gift, legacy or descent or property acquired in exchange for such property;
(2) property acquired in exchange for property acquired before the marriage;
(3) property acquired by a spouse after a judgment of legal separation;
(4) property excluded by valid agreement of the parties, including a premarital agreement or a postnuptial agreement;
(5) any judgment or property obtained by judgment awarded to a spouse from the other spouse except, however, when a spouse is required to sue the other spouse in order to obtain insurance coverage or otherwise recover from a third party and the recovery is directly related to amounts advanced by the marital estate, the judgment shall be considered marital property;
(6) property acquired before the marriage, except as it relates to retirement plans that may have both marital and non-marital characteristics;
(6.5) all property acquired by a spouse by the sole use of non-marital property as collateral for a loan that then is used to acquire property during the marriage; to the extent that the marital estate repays any portion of the loan, it shall be considered a contribution from the marital estate to the non-marital estate subject to reimbursement;
(7) the increase in value of non-marital property, irrespective of whether the increase results from a contribution of marital property, non-marital property, the personal effort of a spouse, or otherwise, subject to the right of reimbursement provided in subsection (c) of this Section; and
(8) income from property acquired by a method listed in paragraphs (1) through (7) of this subsection if the income is not attributable to the personal effort of a spouse.

New matter indicated by italics - deletions by strikeout
Property acquired prior to a marriage that would otherwise be non-marital property shall not be deemed to be marital property solely because the property was acquired in contemplation of marriage.

The court shall make specific factual findings as to its classification of assets as marital or non-marital property, values, and other factual findings supporting its property award.

(b)(1) For purposes of distribution of property, all property acquired by either spouse after the marriage and before a judgment of dissolution of marriage or declaration of invalidity of marriage is presumed marital property. This presumption includes non-marital property transferred into some form of co-ownership between the spouses, regardless of whether title is held individually or by the spouses in some form of co-ownership such as joint tenancy, tenancy in common, tenancy by the entirety, or community property. The spouse may overcome the presumption of marital property is overcome by showing through clear and convincing evidence that the property was acquired by a method listed in subsection (a) of this Section or was done for estate or tax planning purposes or for other reasons that establish that a transfer between spouses the transfer was not intended to be a gift.

(2) For purposes of distribution of property pursuant to this Section, all pension benefits (including pension benefits under the Illinois Pension Code, defined benefit plans, defined contribution plans and accounts, individual retirement accounts, and non-qualified plans) acquired by or participated in by either spouse after the marriage and before a judgment of dissolution of marriage or legal separation or declaration of invalidity of the marriage are presumed to be marital property. A spouse may overcome the presumption that these pension benefits are marital property by showing through clear and convincing evidence that the pension benefits were acquired by a method listed in subsection (a) of this Section. The right to a division of pension benefits in just proportions under this Section is enforceable under Section 1-119 of the Illinois Pension Code.

The value of pension benefits in a retirement system subject to the Illinois Pension Code shall be determined in accordance with the valuation procedures established by the retirement system.

The recognition of pension benefits as marital property and the division of those benefits pursuant to a Qualified Illinois Domestic Relations Order shall not be deemed to be a diminishment, alienation, or impairment of those benefits. The division of pension benefits is an

allocation of property in which each spouse has a species of common ownership.

(3) For purposes of distribution of property under this Section, all stock options and restricted stock or similar form of benefit granted to either spouse after the marriage and before a judgment of dissolution of marriage or legal separation or declaration of invalidity of marriage, whether vested or non-vested or whether their value is ascertainable, are presumed to be marital property. This presumption of marital property is overcome by a showing that the stock options or restricted stock or similar form of benefit were acquired by a method listed in subsection (a) of this Section. The court shall allocate stock options and restricted stock or similar form of benefit between the parties at the time of the judgment of dissolution of marriage or declaration of invalidity of marriage recognizing that the value of the stock options and restricted stock or similar form of benefit may not be then determinable and that the actual division of the options may not occur until a future date. In making the allocation between the parties, the court shall consider, in addition to the factors set forth in subsection (d) of this Section, the following:

(i) All circumstances underlying the grant of the stock option and restricted stock or similar form of benefit including but not limited to the vesting schedule, whether the grant was for past, present, or future efforts, whether the grant is designed to promote future performance or employment, or any combination thereof.

(ii) The length of time from the grant of the option to the time the option is exercisable.

(b-5) As to any existing policy of life insurance insuring the life of either spouse, or any interest in such policy, that constitutes marital property, whether whole life, term life, group term life, universal life, or other form of life insurance policy, and whether or not the value is ascertainable, the court shall allocate ownership, death benefits or the right to assign death benefits, and the obligation for premium payments, if any, equitably between the parties at the time of the judgment for dissolution or declaration of invalidity of marriage.

(c) Commingled marital and non-marital property shall be treated in the following manner, unless otherwise agreed by the spouses:

(1)(A) If marital and non-marital property are commingled by one estate being contributed into the other, the following shall apply:
(i) If the contributed property loses its identity, the contributed property transmutes to the estate receiving the property, subject to the provisions of paragraph (2) of this subsection (c).

(ii) If the contributed property retains its identity, it does not transmute and remains property of the contributing estate.

(B) If marital and non-marital property are commingled into newly acquired property resulting in a loss of identity of the contributing estates, the commingled property shall be deemed transmuted to marital property, subject to the provisions of paragraph (2) of this subsection (c).

(2)(A) When one estate of property makes a contribution to another estate of property, the contributing estate shall be reimbursed from the estate receiving the contribution notwithstanding any transmutation. No such reimbursement shall be made with respect to a contribution that is not traceable by clear and convincing evidence or that was a gift. The court may provide for reimbursement out of the marital property to be divided or by imposing a lien against the non-marital property that received the contribution.

(B) When a spouse contributes personal effort to non-marital property, it shall be deemed a contribution from the marital estate, which shall receive reimbursement for the efforts if the efforts are significant and result in substantial appreciation to the non-marital property except that if the marital estate reasonably has been compensated for his or her efforts, it shall not be deemed a contribution to the marital estate and there shall be no reimbursement to the marital estate. The court may provide for reimbursement out of the marital property to be divided or by imposing a lien against the non-marital property which received the contribution.

(d) In a proceeding for dissolution of marriage or declaration of invalidity of marriage, or in a proceeding for disposition of property following dissolution of marriage by a court that lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court shall assign each spouse's non-marital property to that spouse. It also shall divide the marital property without regard to marital misconduct in just proportions considering all relevant factors, including:

(1) each party's contribution to the acquisition, preservation, or increase or decrease in value of the marital or non-marital property, including (i) any decrease attributable to an advance from the parties' marital estate under subsection (c-1)(2) of Section 501; (ii) the contribution of a spouse as a homemaker or to the family unit; and (iii) whether the contribution is after the commencement of a proceeding for dissolution of marriage or declaration of invalidity of marriage;

(2) the dissipation by each party of the marital property, provided that a party's claim of dissipation is subject to the following conditions:

(i) a notice of intent to claim dissipation shall be given no later than 60 days before trial or 30 days after discovery closes, whichever is later;

(ii) the notice of intent to claim dissipation shall contain, at a minimum, a date or period of time during which the marriage began undergoing an irretrievable breakdown, an identification of the property dissipated, and a date or period of time during which the dissipation occurred;

(11) the reasonable opportunity of each spouse for future acquisition of capital assets and income; and
(12) the tax consequences of the property division upon the respective economic circumstances of the parties.

(e) Each spouse has a species of common ownership in the marital property which vests at the time dissolution proceedings are commenced and continues only during the pendency of the action. Any such interest in marital property shall not encumber that property so as to restrict its transfer, assignment or conveyance by the title holder unless such title holder is specifically enjoined from making such transfer, assignment or conveyance.

(f) In a proceeding for dissolution of marriage or declaration of invalidity of marriage or in a proceeding for disposition of property following dissolution of marriage by a court that lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court, in determining the value of the marital and non-marital property for purposes of dividing the property, has the discretion to use the date of the trial or such other date as agreed upon by the parties, or ordered by the court within its discretion, for purposes of determining the value of assets or property.

(g) The court if necessary to protect and promote the best interests of the children may set aside a portion of the jointly or separately held estates of the parties in a separate fund or trust for the support, maintenance, education, physical and mental health, and general welfare of any minor, dependent, or incompetent child of the parties. In making a determination under this subsection, the court may consider, among other things, the conviction of a party of any of the offenses set forth in Section 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 12-3.3, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-13, 12-14, 12-14.1, 12-15, or 12-16, or Section 12-3.05 except for subdivision (a)(4) or (g)(1), of the Criminal Code of 1961 or the Criminal Code of 2012 if the victim is a child of one or both of the parties, and there is a need for, and cost of, care, healing and counseling for the child who is the victim of the crime.

(h) Unless specifically directed by a reviewing court, or upon good cause shown, the court shall not on remand consider any increase or decrease in the value of any "marital" or "non-marital" property occurring since the assessment of such property at the original trial or hearing, but shall use only that assessment made at the original trial or hearing.

(i) The court may make such judgments affecting the marital property as may be just and may enforce such judgments by ordering a sale of marital property, with proceeds therefrom to be applied as determined by the court.

(j) After proofs have closed in the final hearing on all other issues between the parties (or in conjunction with the final hearing, if all parties so stipulate) and before judgment is entered, a party's petition for contribution to fees and costs incurred in the proceeding shall be heard and decided, in accordance with the following provisions:

(1) A petition for contribution, if not filed before the final hearing on other issues between the parties, shall be filed no later than 14 days after the closing of proofs in the final hearing or within such other period as the court orders.

(2) Any award of contribution to one party from the other party shall be based on the criteria for division of marital property under this Section 503 and, if maintenance has been awarded, on the criteria for an award of maintenance under Section 504.

(3) The filing of a petition for contribution shall not be deemed to constitute a waiver of the attorney-client privilege between the petitioning party and current or former counsel; and such a waiver shall not constitute a prerequisite to a hearing for contribution. If either party's presentation on contribution, however, includes evidence within the scope of the attorney-client privilege, the disclosure or disclosures shall be narrowly construed and shall not be deemed by the court to constitute a general waiver of the privilege as to matters beyond the scope of the presentation.

(4) No finding on which a contribution award is based or denied shall be asserted against counsel or former counsel for purposes of any hearing under subsection (c) or (e) of Section 508.

(5) A contribution award (payable to either the petitioning party or the party's counsel, or jointly, as the court determines) may be in the form of either a set dollar amount or a percentage of fees and costs (or a portion of fees and costs) to be subsequently agreed upon by the petitioning party and counsel or, alternatively,
thereafter determined in a hearing pursuant to subsection (c) of Section 508 or previously or thereafter determined in an independent proceeding under subsection (e) of Section 508.

(6) The changes to this Section 503 made by this amendatory Act of 1996 apply to cases pending on or after June 1, 1997, except as otherwise provided in Section 508.

(k) In determining the value of assets or property under this Section, the court shall employ a fair market value standard. The date of valuation for the purposes of division of assets shall be the date of trial or such other date as agreed by the parties or ordered by the court, within its discretion. If the court grants a petition brought under Section 2-1401 of the Code of Civil Procedure, then the court has the discretion to use the date of the trial or such other date as agreed upon by the parties, or ordered by the court within its discretion, for purposes of determining the value of assets or property.

(l) The court may seek the advice of financial experts or other professionals, whether or not employed by the court on a regular basis. The advice given shall be in writing and made available by the court to counsel. Counsel may examine as a witness any professional consulted by the court designated as the court's witness. Professional personnel consulted by the court are subject to subpoena for the purposes of discovery, trial, or both. The court shall allocate the costs and fees of those professional personnel between the parties based upon the financial ability of each party and any other criteria the court considers appropriate, and the allocation is subject to reallocation under subsection (a) of Section 508. Upon the request of any party or upon the court's own motion, the court may conduct a hearing as to the reasonableness of those fees and costs.

(m) The changes made to this Section by Public Act 97-941 apply only to petitions for dissolution of marriage filed on or after January 1, 2013 (the effective date of Public Act 97-941).

(a) Entitlement to maintenance. In a proceeding for dissolution of marriage or legal separation or declaration of invalidity of marriage, or a proceeding for maintenance following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, the court may grant a maintenance award for either spouse in amounts and for periods of time as the court deems just, without regard to marital

misconduct, and the maintenance may be paid from the income or property of the other spouse. The court shall first determine whether a maintenance award is appropriate, after consideration of all relevant factors, including:

(1) the income and property of each party, including marital property apportioned and non-marital property assigned to the party seeking maintenance as well as all financial obligations imposed on the parties as a result of the dissolution of marriage;

(2) the needs of each party;

(3) the realistic present and future earning capacity of each party;

(4) any impairment of the present and future earning capacity of the party seeking maintenance due to that party devoting time to domestic duties or having forgone or delayed education, training, employment, or career opportunities due to the marriage;

(5) any impairment of the realistic present or future earning capacity of the party against whom maintenance is sought;

(6) the time necessary to enable the party seeking maintenance to acquire appropriate education, training, and employment, and whether that party is able to support himself or herself through appropriate employment or any parental responsibility arrangements and its effect on the party seeking employment;

(7) the standard of living established during the marriage;

(8) the duration of the marriage;

(9) the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, and the needs of each of the parties;

(10) all sources of public and private income including, without limitation, disability and retirement income;

(11) the tax consequences of the property division upon the respective economic circumstances of the parties;

(12) contributions and services by the party seeking maintenance to the education, training, career or career potential, or license of the other spouse;

(13) any valid agreement of the parties; and

(14) any other factor that the court expressly finds to be just and equitable.

(b) (Blank).

(b-1) Amount and duration of maintenance. If the court determines that a maintenance award is appropriate, the court shall order maintenance in accordance with either paragraph (1) or (2) of this subsection (b-1):

(1) Maintenance award in accordance with guidelines. In situations when the combined gross income of the parties is less than $250,000 and the payor has no obligation to pay child support or maintenance or both from a prior relationship, maintenance payable after the date the parties' marriage is dissolved shall be in accordance with subparagraphs (A) and (B) of this paragraph (1), unless the court makes a finding that the application of the guidelines would be inappropriate.

(A) The amount of maintenance under this paragraph (1) shall be calculated by taking 30% of the payor's gross income minus 20% of the payee's gross income. The amount calculated as maintenance, however, when added to the gross income of the payee, may not result in the payee receiving an amount that is in excess of 40% of the combined gross income of the parties.

(B) The duration of an award under this paragraph (1) shall be calculated by multiplying the length of the marriage at the time the action was commenced by whichever of the following factors applies: 5 years or less (.20); more than 5 years but less than 10 years (.40); 10 years or more but less than 15 years (.60); or 15 years or more but less than 20 years (.80). For a marriage of 20 or more years, the court, in its discretion, shall order either permanent maintenance or maintenance for a period equal to the length of the marriage.

(2) Maintenance award not in accordance with guidelines. Any non-guidelines award of maintenance shall be made after the court's consideration of all relevant factors set forth in subsection (a) of this Section.

(b-2) Findings. In each case involving the issue of maintenance, the court shall make specific findings of fact, as follows:

(1) the court shall state its reasoning for awarding or not awarding maintenance and shall include references to each relevant factor set forth in subsection (a) of this Section; and

(2) if the court deviates from otherwise applicable guidelines under paragraph (1) of subsection (b-1), it shall state in
its findings the amount of maintenance (if determinable) or duration that would have been required under the guidelines and the reasoning for any variance from the guidelines.

(b-3) Gross income. For purposes of this Section, the term "gross income" means all income from all sources, within the scope of that phrase in Section 505 of this Act.

(b-4) Unallocated maintenance. Unless the parties otherwise agree, the court may not order unallocated maintenance and child support in any dissolution judgment or in any post-dissolution order. In its discretion, the court may order unallocated maintenance and child support in any pre-dissolution temporary order.

(b-4.5) Fixed-term maintenance in marriages of less than 10 years. If a court grants maintenance for a fixed period under subsection (a) of this Section at the conclusion of a case commenced before the tenth anniversary of the marriage, the court may also designate the termination of the period during which this maintenance is to be paid as a "permanent termination". The effect of this designation is that maintenance is barred after the ending date of the period during which maintenance is to be paid.

(b-5) Interest on maintenance. Any maintenance obligation including any unallocated maintenance and child support obligation, or any portion of any support obligation, that becomes due and remains unpaid shall accrue simple interest as set forth in Section 505 of this Act.

(b-7) Maintenance judgments. Any new or existing maintenance order including any unallocated maintenance and child support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder. Each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order, except no judgment shall arise as to any installment coming due after the termination of maintenance as provided by Section 510 of the Illinois Marriage and Dissolution of Marriage Act or the provisions of any order for maintenance. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the obligor for each installment of overdue support owed by the obligor.

(b-8) Upon review of any previously ordered maintenance award, the court may extend maintenance for further review, extend maintenance

for a fixed non-modifiable term, extend maintenance for an indefinite term, or permanently terminate maintenance in accordance with subdivision (b-1)(1)(A) of this Section.

(c) Maintenance during an appeal. The court may grant and enforce the payment of maintenance during the pendency of an appeal as the court shall deem reasonable and proper.

(d) Maintenance during imprisonment. No maintenance shall accrue during the period in which a party is imprisoned for failure to comply with the court's order for the payment of such maintenance.

(e) Fees when maintenance is paid through the clerk. When maintenance is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the maintenance payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) Maintenance secured by life insurance. An award ordered by a court upon entry of a dissolution judgment or upon entry of an award of maintenance following a reservation of maintenance in a dissolution judgment may be reasonably secured, in whole or in part, by life insurance on the payor's life on terms as to which the parties agree, or, if they do not agree, on such terms determined by the court, subject to the following:

(1) With respect to existing life insurance, provided the court is apprised through evidence, stipulation, or otherwise as to level of death benefits, premium, and other relevant data and makes findings relative thereto, the court may allocate death benefits, the right to assign death benefits, or the obligation for future premium payments between the parties as it deems just.

(2) To the extent the court determines that its award should be secured, in whole or in part, by new life insurance on the payor's life, the court may only order:

(i) that the payor cooperate on all appropriate steps for the payee to obtain such new life insurance; and

(ii) that the payee, at his or her sole option and expense, may obtain such new life insurance on the payor's life up to a maximum level of death benefit coverage, or descending death benefit coverage, as is set by the court, such level not to exceed a reasonable amount in light of the

court's award, with the payee or the payee's designee being the beneficiary of such life insurance. In determining the maximum level of death benefit coverage, the court shall take into account all relevant facts and circumstances, including the impact on access to life insurance by the maintenance payor. If in resolving any issues under paragraph (2) of this subsection (f) a court reviews any submitted or proposed application for new insurance on the life of a maintenance payor, the review shall be in camera.

(3) A judgment shall expressly set forth that all death benefits paid under life insurance on a payor's life maintained or obtained pursuant to this subsection to secure maintenance are designated as excludable from the gross income of the maintenance payee under Section 71(b)(1)(B) of the Internal Revenue Code, unless an agreement or stipulation of the parties otherwise provides.

(2) The above guidelines shall be applied in each case unless the court finds that a deviation from the guidelines is appropriate after considering the best interest of the child in light of the evidence, including, but not limited to, one or more of the following relevant factors:

(a) the financial resources and needs of the child;
(b) the financial resources and needs of the parents;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical, mental, and emotional needs of the child; and
(d-5) the educational needs of the child.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(2.5) The court, in its discretion, in addition to setting child support pursuant to the guidelines and factors, may order either or both parents owing a duty of support to a child of the marriage to contribute to the following expenses, if determined by the court to be reasonable:

(a) health needs not covered by insurance;
(b) child care;
(c) education; and
(d) extracurricular activities.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;

(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums and premiums for life insurance ordered by the court to reasonably secure payment of ordered child support;
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(g-5) Obligations pursuant to a court order for maintenance in the pending proceeding actually paid or payable under Section 504 to the same party to whom child support is to be payable;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income including, but not limited to, student loans, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period;
(i) Foster care payments paid by the Department of Children and Family Services for providing licensed foster care to a foster child.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior
period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the supporting parent's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the supporting parent was properly served with a request for discovery of financial information relating to the supporting parent's ability to provide child support, (ii) the supporting parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the supporting parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the supporting parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure of the supporting parent to make support payments as required by the order, notice of proceedings to hold the supporting parent respondent in contempt for that failure may be served on the supporting parent respondent by personal service or by regular mail addressed to the respondent's last known address of the supporting parent. The respondent's last known address of the supporting parent may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;

New matter indicated by italics - deletions by strikeout
(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:
   (A) work; or
   (B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent receiving the support or to the guardian receiving the support of the children of the sentenced parent for the support of said children until further order of the Court.

If a parent who is found guilty of contempt for failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court in addition to other penalties provided by law may order that the parent do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding for child support.

If there is a unity of interest and ownership sufficient to render no financial separation between a supporting parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the supporting parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

   (1) the supporting parent and the person, persons, or business entity maintain records together.

   (2) the supporting parent and the person, persons, or business entity fail to maintain an arm's length relationship between themselves with regard to any assets.

   (3) the supporting parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the parent receiving the support.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or
modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the supporting parent for each installment of overdue support owed by the supporting parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the supporting parent to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the supporting parent to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer

New matter indicated by italics - deletions by strikeout
of the obligor, (ii) whether the supporting parent has access to health
insurance coverage through the employer or other group coverage and, if
so, the policy name and number and the names of persons covered under
the policy, except only the initials of any covered minors shall be included,
and (iii) of any new residential or mailing address or telephone number of
the supporting parent. In any subsequent action to enforce a support order,
upon a sufficient showing that a diligent effort has been made to ascertain
the location of the supporting parent, service of process or provision of
notice necessary in the case may be made at the last known address of the
supporting parent in any manner expressly provided by the Code of Civil
Procedure or this Act, which service shall be sufficient for purposes of due
process.

(g) An order for support shall include a date on which the current
support obligation terminates. The termination date shall be no earlier than
the date on which the child covered by the order will attain the age of 18.
However, if the child will not graduate from high school until after
attaining the age of 18, then the termination date shall be no earlier than
the earlier of the date on which the child's high school graduation will
occur or the date on which the child will attain the age of 19. The order for
support shall state that the termination date does not apply to any arrearage
that may remain unpaid on that date. Nothing in this subsection shall be
construed to prevent the court from modifying the order or terminating the
order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms
are defined in the Income Withholding for Support Act) equal to at least
one month's support obligation on the termination date stated in the order
for support or, if there is no termination date stated in the order, on the
date the child attains the age of majority or is otherwise emancipated, the
periodic amount required to be paid for current support of that child
immediately prior to that date shall automatically continue to be an
obligation, not as current support but as periodic payment toward
satisfaction of the unpaid arrearage or delinquency. That periodic payment
shall be in addition to any periodic payment previously required for
satisfaction of the arrearage or delinquency. The total periodic amount to
be paid toward satisfaction of the arrearage or delinquency may be
enforced and collected by any method provided by law for enforcement
and collection of child support, including but not limited to income
withholding under the Income Withholding for Support Act. Each order
for support entered or modified on or after the effective date of this

amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring either parent to report to the other parent and to the clerk of court within 10 days each time either parent obtains new employment, and each time either parent's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For either parent arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring either parent to advise the other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

Sec. 508. Attorney's Fees; Client's Rights and Responsibilities Respecting Fees and Costs.

(a) The court from time to time, after due notice and hearing, and after considering the financial resources of the parties, may order any party to pay a reasonable amount for his own or the other party's costs and attorney's fees. Interim attorney's fees and costs may be awarded from the opposing party, in a pre-judgment dissolution proceeding in accordance with subsection (c-1) of Section 501 and in any other proceeding under...
this subsection. At the conclusion of any pre-judgment dissolution proceeding under this subsection, contribution to attorney's fees and costs may be awarded from the opposing party in accordance with subsection (j) of Section 503 and in any other proceeding under this subsection. Fees and costs may be awarded in any proceeding to counsel from a former client in accordance with subsection (c) of this Section. Awards may be made in connection with the following:

(1) The maintenance or defense of any proceeding under this Act.

(2) The enforcement or modification of any order or judgment under this Act.

(3) The defense of an appeal of any order or judgment under this Act, including the defense of appeals of post-judgment orders.

(3.1) The prosecution of any claim on appeal (if the prosecuting party has substantially prevailed).

(4) The maintenance or defense of a petition brought under Section 2-1401 of the Code of Civil Procedure seeking relief from a final order or judgment under this Act. Fees incurred with respect to motions under Section 2-1401 of the Code of Civil Procedure may be granted only to the party who substantially prevails.

(5) The costs and legal services of an attorney rendered in preparation of the commencement of the proceeding brought under this Act.

(6) Ancillary litigation incident to, or reasonably connected with, a proceeding under this Act.

All petitions for or relating to interim fees and costs under this subsection shall be accompanied by an affidavit as to the factual basis for the relief requested and all hearings relative to any such petition shall be scheduled expeditiously by the court. All provisions for contribution under this subsection shall also be subject to paragraphs (3), (4), and (5) of subsection (j) of Section 503.

The court may order that the award of attorney's fees and costs (including an interim or contribution award) shall be paid directly to the attorney, who may enforce the order in his or her name, or that it shall be paid to the appropriate party. Judgment may be entered and enforcement

had accordingly. Except as otherwise provided in subdivision (e)(1) of this Section, subsection (c) of this Section is exclusive as to the right of any counsel (or former counsel) of record to petition a court for an award and judgment for final fees and costs during the pendency of a proceeding under this Act.

(a-5) A petition for temporary attorney's fees in a post-judgment case may be heard on a non-evidentiary, summary basis.

(b) In every proceeding for the enforcement of an order or judgment when the court finds that the failure to comply with the order or judgment was without compelling cause or justification, the court shall order the party against whom the proceeding is brought to pay promptly the costs and reasonable attorney's fees of the prevailing party. If non-compliance is with respect to a discovery order, the non-compliance is presumptively without compelling cause or justification, and the presumption may only be rebutted by clear and convincing evidence. If at any time a court finds that a hearing under this Act was precipitated or conducted for any improper purpose, the court shall allocate fees and costs of all parties for the hearing to the party or counsel found to have acted improperly. Improper purposes include, but are not limited to, harassment, unnecessary delay, or other acts needlessly increasing the cost of litigation.

(c) Final hearings for attorney's fees and costs against an attorney's own client, pursuant to a Petition for Setting Final Fees and Costs of either a counsel or a client, shall be governed by the following:

1) No petition of a counsel of record may be filed against a client unless the filing counsel previously has been granted leave to withdraw as counsel of record or has filed a motion for leave to withdraw as counsel. On receipt of a petition of a client under this subsection (c), the counsel of record shall promptly file a motion for leave to withdraw as counsel. If the client and the counsel of record agree, however, a hearing on the motion for leave to withdraw as counsel filed pursuant to this subdivision (c)(1) may be deferred until completion of any alternative dispute resolution procedure under subdivision (c)(4). As to any Petition for Setting Final Fees and Costs against a client or counsel over whom the court has not obtained jurisdiction, a separate summons shall issue. Whenever a separate summons is not required, original notice as to a Petition for Setting Final Fees and Costs may be given, and documents served, in accordance with Illinois Supreme Court Rules 11 and 12.

New matter indicated by italics - deletions by strikeout
(2) No final hearing under this subsection (c) is permitted unless: (i) the counsel and the client had entered into a written engagement agreement at the time the client retained the counsel (or reasonably soon thereafter) and the agreement meets the requirements of subsection (f); (ii) the written engagement agreement is attached to an affidavit of counsel that is filed with the petition or with the counsel's response to a client's petition; (iii) judgment in any contribution hearing on behalf of the client has been entered or the right to a contribution hearing under subsection (j) of Section 503 has been waived; (iv) the counsel has withdrawn as counsel of record; and (v) the petition seeks adjudication of all unresolved claims for fees and costs between the counsel and the client. Irrespective of a Petition for Setting Final Fees and Costs being heard in conjunction with an original proceeding under this Act, the relief requested under a Petition for Setting Final Fees and Costs constitutes a distinct cause of action. A pending but undetermined Petition for Setting Final Fees and Costs shall not affect appealability or enforceability of any judgment or other adjudication in the original proceeding.

(3) The determination of reasonable attorney's fees and costs either under this subsection (c), whether initiated by a counsel or a client, or in an independent proceeding for services within the scope of subdivisions (1) through (5) of subsection (a), is within the sound discretion of the trial court. The court shall first consider the written engagement agreement and, if the court finds that the former client and the filing counsel, pursuant to their written engagement agreement, entered into a contract which meets applicable requirements of court rules and addresses all material terms, then the contract shall be enforceable in accordance with its terms, subject to the further requirements of this subdivision (c)(3). Before ordering enforcement, however, the court shall consider the performance pursuant to the contract. Any amount awarded by the court must be found to be fair compensation for the services, pursuant to the contract, that the court finds were reasonable and necessary. Quantum meruit principles shall govern any award for legal services performed that is not based on the terms of the written engagement agreement (except that, if a court expressly finds in a particular case that aggregate billings to a client were unconscionably excessive, the court in its discretion may reduce

New matter indicated by italics - deletions by strikeout
the award otherwise determined appropriate or deny fees altogether).

(4) No final hearing under this subsection (c) is permitted unless any controversy over fees and costs (that is not otherwise subject to some form of alternative dispute resolution) has first been submitted to mediation, arbitration, or any other court approved alternative dispute resolution procedure, except as follows:

(A) In any circuit court for a single county with a population in excess of 1,000,000, the requirement of the controversy being submitted to an alternative dispute resolution procedure is mandatory unless the client and the counsel both affirmatively opt out of such procedures; or

(B) In any other circuit court, the requirement of the controversy being submitted to an alternative dispute resolution procedure is mandatory only if neither the client nor the counsel affirmatively opts out of such procedures.

After completion of any such procedure (or after one or both sides has opted out of such procedures), if the dispute is unresolved, any pending motion for leave to withdraw as counsel shall be promptly granted and a final hearing under this subsection (c) shall be expeditiously set and completed.

(5) A petition (or a praecipe for fee hearing without the petition) shall be filed no later than the end of the period in which it is permissible to file a motion pursuant to Section 2-1203 of the Code of Civil Procedure. A praecipe for fee hearing shall be dismissed if a Petition for Setting Final Fees and Costs is not filed within 60 days after the filing of the praecipe. A counsel who becomes a party by filing a Petition for Setting Final Fees and Costs, or as a result of the client filing a Petition for Setting Final Fees and Costs, shall not be entitled to exercise the right to a substitution of a judge without cause under subdivision (a)(2) of Section 2-1001 of the Code of Civil Procedure. Each of the foregoing deadlines for the filing of a praecipe or a petition shall be:

(A) tolled if a motion is filed under Section 2-1203 of the Code of Civil Procedure, in which instance a petition (or a praecipe) shall be filed no later than 30 days following disposition of all Section 2-1203 motions; or

New matter indicated by italics - deletions by strikeout
(B) tolled if a notice of appeal is filed, in which instance a petition (or praecipe) shall be filed no later than 30 days following the date jurisdiction on the issue appealed is returned to the trial court.

If a praecipe has been timely filed, then by timely filed written stipulation between counsel and client (or former client), the deadline for the filing of a petition may be extended for a period of up to one year.

(d) A consent judgment, in favor of a current counsel of record against his or her own client for a specific amount in a marital settlement agreement, dissolution judgment, or any other instrument involving the other litigant, is prohibited. A consent judgment between client and counsel, however, is permissible if it is entered pursuant to a verified petition for entry of consent judgment, supported by an affidavit of the counsel of record that includes the counsel's representation that the client has been provided an itemization of the billing or billings to the client, detailing hourly costs, time spent, and tasks performed, and by an affidavit of the client acknowledging receipt of that documentation, awareness of the right to a hearing, the right to be represented by counsel (other than counsel to whom the consent judgment is in favor), and the right to be present at the time of presentation of the petition, and agreement to the terms of the judgment. The petition may be filed at any time during which it is permissible for counsel of record to file a petition (or a praecipe) for a final fee hearing, except that no such petition for entry of consent judgment may be filed before adjudication (or waiver) of the client's right to contribution under subsection (j) of Section 503 or filed after the filing of a petition (or a praecipe) by counsel of record for a fee hearing under subsection (c) if the petition (or praecipe) remains pending. No consent security arrangement between a client and a counsel of record, pursuant to which assets of a client are collateralized to secure payment of legal fees or costs, is permissible unless approved in advance by the court as being reasonable under the circumstances.

(e) Counsel may pursue an award and judgment against a former client for legal fees and costs in an independent proceeding in the following circumstances:

(1) While a case under this Act is still pending, a former counsel may pursue such an award and judgment at any time subsequent to 90 days after the entry of an order granting counsel leave to withdraw; and

New matter indicated by italics - deletions by strikeout
(2) After the close of the period during which a petition (or praecipe) may be filed under subdivision (c)(5), if no such petition (or praecipe) for the counsel remains pending, any counsel or former counsel may pursue such an award and judgment in an independent proceeding.

In an independent proceeding, the prior applicability of this Section shall in no way be deemed to have diminished any other right of any counsel (or former counsel) to pursue an award and judgment for legal fees and costs on the basis of remedies that may otherwise exist under applicable law; and the limitations period for breach of contract shall apply. In an independent proceeding under subdivision (e)(1) in which the former counsel had represented a former client in a dissolution case that is still pending, the former client may bring in his or her spouse as a third-party defendant, provided on or before the final date for filing a petition (or praecipe) under subsection (c), the party files an appropriate third-party complaint under Section 2-406 of the Code of Civil Procedure. In any such case, any judgment later obtained by the former counsel shall be against both spouses or ex-spouses, jointly and severally (except that, if a hearing under subsection (j) of Section 503 has already been concluded and the court hearing the contribution issue has imposed a percentage allocation between the parties as to fees and costs otherwise being adjudicated in the independent proceeding, the allocation shall be applied without deviation by the court in the independent proceeding and a separate judgment shall be entered against each spouse for the appropriate amount). After the period for the commencement of a proceeding under subsection (c), the provisions of this Section (other than the standard set forth in subdivision (c)(3) and the terms respecting consent security arrangements in subsection (d) of this Section 508) shall be inapplicable.

The changes made by this amendatory Act of the 94th General Assembly are declarative of existing law.

(f) Unless the Supreme Court by rule addresses the matters set out in this subsection (f), a written engagement agreement within the scope of subdivision (c)(2) shall have appended to it verbatim the following Statement:

"STATEMENT OF CLIENT'S RIGHTS AND RESPONSIBILITIES

(1) WRITTEN ENGAGEMENT AGREEMENT. The written engagement agreement, prepared by the counsel, shall clearly address the objectives of representation and detail the fee arrangement, including all material terms. If fees are to be based on criteria apart from, or in addition

New matter indicated by italics - deletions by strikeout
to, hourly rates, such criteria (e.g., unique time demands and/or utilization of unique expertise) shall be delineated. The client shall receive a copy of the written engagement agreement and any additional clarification requested and is advised not to sign any such agreement which the client finds to be unsatisfactory or does not understand.

(2) REPRESENTATION. Representation will commence upon the signing of the written engagement agreement. The counsel will provide competent representation, which requires legal knowledge, skill, thoroughness and preparation to handle those matters set forth in the written engagement agreement. Once employed, the counsel will act with reasonable diligence and promptness, as well as use his best efforts on behalf of the client, but he cannot guarantee results. The counsel will abide by the client's decision concerning the objectives of representation, including whether or not to accept an offer of settlement, and will endeavor to explain any matter to the extent reasonably necessary to permit the client to make informed decisions regarding representation. During the course of representation and afterwards, the counsel may not use or reveal a client's confidence or secrets, except as required or permitted by law.

(3) COMMUNICATION. The counsel will keep the client reasonably informed about the status of representation and will promptly respond to reasonable requests for information, including any reasonable request for an estimate respecting future costs of the representation or an appropriate portion of it. The client shall be truthful in all discussions with the counsel and provide all information or documentation required to enable the counsel to provide competent representation. During representation, the client is entitled to receive all pleadings and substantive documents prepared on behalf of the client and every document received from any other counsel of record. At the end of the representation and on written request from the client, the counsel will return to the client all original documents and exhibits. In the event that the counsel withdraws from representation, or is discharged by the client, the counsel will turn over to the substituting counsel (or, if no substitutions, to the client) all original documents and exhibits together with complete copies of all pleadings and discovery within thirty (30) days of the counsel's withdrawal or discharge.

(4) ETHICAL CONDUCT. The counsel cannot be required to engage in conduct which is illegal, unethical, or fraudulent. In matters involving minor children, the counsel may refuse to engage in conduct
which, in the counsel's professional judgment, would be contrary to the best interest of the client's minor child or children. A counsel who cannot ethically abide by his client's directions shall be allowed to withdraw from representation.

(5) FEES. The counsel's fee for services may not be contingent upon the securing of a dissolution of marriage or upon being allocated parental responsibility or be based upon the amount of maintenance, child support, or property settlement received, except as specifically permitted under Supreme Court rules. The counsel may not require a non-refundable retainer fee, but must remit back any overpayment at the end of the representation. The counsel may enter into a consensual security arrangement with the client whereby assets of the client are pledged to secure payment of legal fees or costs, but only if the counsel first obtains approval of the Court. The counsel will prepare and provide the client with an itemized billing statement detailing hourly rates (and/or other criteria), time spent, tasks performed, and costs incurred on a regular basis, at least quarterly. The client should review each billing statement promptly and address any objection or error in a timely manner. The client will not be billed for time spent to explain or correct a billing statement. If an appropriately detailed written estimate is submitted to a client as to future costs for a counsel's representation or a portion of the contemplated services (i.e., relative to specific steps recommended by the counsel in the estimate) and, without objection from the client, the counsel then performs the contemplated services, all such services are presumptively reasonable and necessary, as well as to be deemed pursuant to the client's direction. In an appropriate case, the client may pursue contribution to his or her fees and costs from the other party.

(6) DISPUTES. The counsel-client relationship is regulated by the Illinois Rules of Professional Conduct (Article VIII of the Illinois Supreme Court Rules), and any dispute shall be reviewed under the terms of such Rules."

(750 ILCS 5/513) (from Ch. 40, par. 513)
Sec. 513. Educational Expenses for a Non-minor Child.
(a) The court may award sums of money out of the property and income of either or both parties or the estate of a deceased parent, as equity may require, for the educational expenses of any child of the parties. Unless otherwise agreed to by the parties, all educational expenses which are the subject of a petition brought pursuant to this Section shall be incurred no later than the student's 23rd birthday, except for good cause shown, but in no event later than the child's 25th birthday.

(b) Regardless of whether an award has been made under subsection (a), the court may require both parties and the child to complete the Free Application for Federal Student Aid (FAFSA) and other financial aid forms and to submit any form of that type prior to the designated submission deadline for the form. The court may require either or both parties to provide funds for the child so as to pay for the cost of up to 5 college applications, the cost of 2 standardized college entrance examinations, and the cost of one standardized college entrance examination preparatory course.

(c) The authority under this Section to make provision for educational expenses extends not only to periods of college education or vocational or professional or other training after graduation from high school, but also to any period during which the child of the parties is still attending high school, even though he or she attained the age of 19.

(d) Educational expenses may include, but shall not be limited to, the following:

(1) except for good cause shown, the actual cost of the child's post-secondary expenses, including tuition and fees, provided that the cost for tuition and fees does not exceed the amount of in-state tuition and fees paid by a student at the University of Illinois at Urbana-Champaign for the same academic year;

(2) except for good cause shown, the actual costs of the child's housing expenses, whether on-campus or off-campus,
provided that the housing expenses do not exceed the cost for the same academic year of a double-occupancy student room, with a standard meal plan, in a residence hall operated by the University of Illinois at Urbana-Champaign;

(3) the actual costs of the child's medical expenses, including medical insurance, and dental expenses;

(4) the reasonable living expenses of the child during the academic year and periods of recess:
   (A) if the child is a resident student attending a post-secondary educational program; or
   (B) if the child is living with one party at that party's home and attending a post-secondary educational program as a non-resident student, in which case the living expenses include an amount that pays for the reasonable cost of the child's food, utilities, and transportation; and

(5) the cost of books and other supplies necessary to attend college.

(e) Sums may be ordered payable to the child, to either party, or to the educational institution, directly or through a special account or trust created for that purpose, as the court sees fit.

(f) If educational expenses are ordered payable, each party and the child shall sign any consent necessary for the educational institution to provide a supporting party with access to the child's academic transcripts, records, and grade reports. The consent shall not apply to any non-academic records. Failure to execute the required consent may be a basis for a modification or termination of any order entered under this Section. Unless the court specifically finds that the child's safety would be jeopardized, each party is entitled to know the name of the educational institution the child attends.

(g) The authority under this Section to make provision for educational expenses terminates when the child either: fails to maintain a cumulative "C" grade point average, except in the event of illness or other good cause shown; attains the age of 23; receives a baccalaureate degree; or marries. A child's enlisting in the armed forces, being incarcerated, or becoming pregnant does not terminate the court's authority to make provisions for the educational expenses for the child under this Section.

(h) An account established prior to the dissolution that is to be used for the child's post-secondary education, that is an account in a state tuition program under Section 529 of the Internal Revenue Code, or that is some

other college savings plan, is to be considered by the court to be a resource of the child, provided that any post-judgment contribution made by a party to such an account is to be considered a contribution from that party.

(i) The child is not a third party beneficiary to the settlement agreement or judgment between the parties after trial and is not entitled to file a petition for contribution. If the parties' settlement agreement describes the manner in which a child's educational expenses will be paid, or if the court makes an award pursuant to this Section, then the parties are responsible pursuant to that agreement or award for the child's educational expenses, but in no event shall the court consider the child a third party beneficiary of that provision. In the event of the death or legal disability of a party who would have had the right to file a petition for contribution, the child of the party may file a petition for contribution.

(j) In making awards under this Section, or pursuant to a petition or motion to decrease, modify, or terminate any such award, the court shall consider all relevant factors that appear reasonable and necessary, including:

(1) The present and future financial resources of both parties to meet their needs, including, but not limited to, savings for retirement.
(2) The standard of living the child would have enjoyed had the marriage not been dissolved.
(3) The financial resources of the child.
(4) The child's academic performance.

(k) The establishment of an obligation to pay under this Section is retroactive only to the date of filing a petition. The right to enforce a prior obligation to pay may be enforced either before or after the obligation is incurred.

(a) As used in this Section:

(1) "electronic communication" means time that a grandparent, great-grandparent, sibling, or step-parent spends with a child during which the child is not in the person's actual physical custody, but which is facilitated by the use of communication tools such as the telephone, electronic mail, instant messaging, video conferencing or other wired or wireless technologies via the Internet, or another medium of communication;

(2) "sibling" means a brother or sister either of the whole blood or the half blood, stepbrother, or stepsister of the minor child;

(3) "step-parent" means a person married to a child's parent, including a person married to the child's parent immediately prior to the parent's death; and

(4) "visitation" means in-person time spent between a child and the child's grandparent, great-grandparent, sibling, step-parent, or any person designated under subsection (d) of Section 602.7. In appropriate circumstances, visitation may include electronic communication under conditions and at times determined by the court.

(b) General provisions.

(1) An appropriate person, as identified in subsection (c) of this Section, may bring an action in circuit court by petition, or by filing a petition in a pending dissolution proceeding or any other proceeding that involves parental responsibilities or visitation issues regarding the child, requesting visitation with the child pursuant to this Section. If there is not a pending proceeding involving parental responsibilities or visitation with the child, the petition for visitation with the child must be filed in the county in which the child resides. Notice of the petition shall be given as provided in subsection (c) of Section 601.2 of this Act.

(2) This Section does not apply to a child:

(A) in whose interests a petition is pending under Section 2-13 of the Juvenile Court Act of 1987; or

(B) in whose interests a petition to adopt by an unrelated person is pending under the Adoption Act; or

(C) who has been voluntarily surrendered by the parent or parents, except for a surrender to the Department of Children and Family Services or a foster care facility; or

(D) who has been previously adopted by an individual or individuals who are not related to the biological parents of the child or who is the subject of a pending adoption petition by an individual or individuals who are not related to the biological parents of the child; or

(E) who has been relinquished pursuant to the Abandoned Newborn Infant Protection Act.
(3) A petition for visitation may be filed under this Section only if there has been an unreasonable denial of visitation by a parent and the denial has caused the child undue mental, physical, or emotional harm.

(4) There is a rebuttable presumption that a fit parent's actions and decisions regarding grandparent, great-grandparent, sibling, or step-parent visitation are not harmful to the child's mental, physical, or emotional health. The burden is on the party filing a petition under this Section to prove that the parent's actions and decisions regarding visitation will cause undue harm to the child's mental, physical, or emotional health.

(5) In determining whether to grant visitation, the court shall consider the following:

(A) the wishes of the child, taking into account the child's maturity and ability to express reasoned and independent preferences as to visitation;

(B) the mental and physical health of the child;

(C) the mental and physical health of the grandparent, great-grandparent, sibling, or step-parent;

(D) the length and quality of the prior relationship between the child and the grandparent, great-grandparent, sibling, or step-parent;

(E) the good faith of the party in filing the petition;

(F) the good faith of the person denying visitation;

(G) the quantity of the visitation time requested and the potential adverse impact that visitation would have on the child's customary activities;

(H) any other fact that establishes that the loss of the relationship between the petitioner and the child is likely to unduly harm the child's mental, physical, or emotional health; and

(I) whether visitation can be structured in a way to minimize the child's exposure to conflicts between the adults.

(6) Any visitation rights granted under this Section before the filing of a petition for adoption of the child shall automatically terminate by operation of law upon the entry of an order terminating parental rights or granting the adoption of the child, whichever is earlier. If the person or persons who adopted the child

are related to the child, as defined by Section 1 of the Adoption Act, any person who was related to the child as grandparent, great-grandparent, or sibling prior to the adoption shall have standing to bring an action under this Section requesting visitation with the child.

(7) The court may order visitation rights for the grandparent, great-grandparent, sibling, or step-parent that include reasonable access without requiring overnight or possessory visitation.

(c) Visitation by grandparents, great-grandparents, step-parents, and siblings.

(1) Grandparents, great-grandparents, step-parents, and siblings of a minor child who is one year old or older may bring a petition for visitation and electronic communication under this Section if there is an unreasonable denial of visitation by a parent that causes undue mental, physical, or emotional harm to the child and if at least one of the following conditions exists:

(A) the child's other parent is deceased or has been missing for at least 90 days. For the purposes of this subsection a parent is considered to be missing if the parent's location has not been determined and the parent has been reported as missing to a law enforcement agency; or

(B) a parent of the child is incompetent as a matter of law; or

(C) a parent has been incarcerated in jail or prison for a period in excess of 90 days immediately prior to the filing of the petition; or

(D) the child's parents have been granted a dissolution of marriage or have been legally separated from each other or there is pending a dissolution proceeding involving a parent of the child or another court proceeding involving parental responsibilities or visitation of the child (other than an adoption proceeding of an unrelated child, a proceeding under Article II of the Juvenile Court Act of 1987, or an action for an order of protection under the Illinois Domestic Violence Act of 1986 or Article 112A of the Code of Criminal Procedure of 1963) and at least one parent does not object to the grandparent, great-grandparent, step-parent, or sibling having visitation with

the child. The visitation of the grandparent, great-grandparent, step-parent, or sibling must not diminish the parenting time of the parent who is not related to the grandparent, great-grandparent, step-parent, or sibling seeking visitation; or

(E) the child is born to parents who are not married to each other, the parents are not living together, and the petitioner is a grandparent, great-grandparent, step-parent, or sibling of the child, and parentage has been established by a court of competent jurisdiction.

(2) In addition to the factors set forth in subdivision (b)(5) of this Section, the court should consider:

(A) whether the child resided with the petitioner for at least 6 consecutive months with or without a parent present;

(B) whether the child had frequent and regular contact or visitation with the petitioner for at least 12 consecutive months; and

(C) whether the grandparent, great-grandparent, sibling, or step-parent was a primary caretaker of the child for a period of not less than 6 consecutive months within the 24-month period immediately preceding the commencement of the proceeding.

(3) An order granting visitation privileges under this Section is subject to subsections (c) and (d) of Section 603.10.

(4) A petition for visitation privileges may not be filed pursuant to this subsection (c) by the parents or grandparents of a parent of the child if parentage between the child and the related parent has not been legally established.

(d) Modification of visitation orders.

(1) Unless by stipulation of the parties, no motion to modify a grandparent, great-grandparent, sibling, or step-parent visitation order may be made earlier than 2 years after the date the order was filed, unless the court permits it to be made on the basis of affidavits that there is reason to believe the child's present environment may endanger seriously the child's mental, physical, or emotional health.

(2) The court shall not modify an order that grants visitation to a grandparent, great-grandparent, sibling, or step-parent unless it

New matter indicated by italics - deletions by strikeout
finds by clear and convincing evidence, upon the basis of facts that have arisen since the prior visitation order or that were unknown to the court at the time of entry of the prior visitation order, that a change has occurred in the circumstances of the child or his or her parent, and that the modification is necessary to protect the mental, physical, or emotional health of the child. The court shall state in its decision specific findings of fact in support of its modification or termination of the grandparent, great-grandparent, sibling, or step-parent visitation. A child's parent may always petition to modify visitation upon changed circumstances when necessary to promote the child's best interests.

(3) Notice of a motion requesting modification of a visitation order shall be provided as set forth in subsection (c) of Section 601.2 of this Act.

(4) Attorney's fees and costs shall be assessed against a party seeking modification of the visitation order if the court finds that the modification action is vexatious and constitutes harassment.

(e) No child's grandparent, great-grandparent, sibling, or step-parent, or any person to whom the court is considering granting visitation privileges pursuant to subsection (d) of Section 602.7, who was convicted of any offense involving an illegal sex act perpetrated upon a victim less than 18 years of age including, but not limited to, offenses for violations of Section 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-1.70, or Article 12 of the Criminal Code of 1961 or the Criminal Code of 2012, is entitled to visitation while incarcerated or while on parole, probation, conditional discharge, periodic imprisonment, or mandatory supervised release for that offense, and upon discharge from incarceration for a misdemeanor offense or upon discharge from parole, probation, conditional discharge, periodic imprisonment, or mandatory supervised release for a felony offense. Visitation shall be denied until the person successfully completes a treatment program approved by the court. Upon completion of treatment, the court may deny visitation based on the factors listed in subdivision (b)(5) of this Section 607 of this Act.

(f) No child's grandparent, great-grandparent, sibling, or step-parent, or any person to whom the court is considering granting visitation privileges pursuant to subsection (d) of Section 602.7, may be granted visitation if he or she has been convicted of first degree murder of a parent, grandparent, great-grandparent, or sibling of the child who is the subject of

the visitation request. Pursuant to a motion to modify visitation, the court shall revoke visitation rights previously granted to any person who would otherwise be entitled to petition for visitation rights under this Section or granted visitation under subsection (d) of Section 602.7, if the person has been convicted of first degree murder of a parent, grandparent, great-grandparent, or sibling of the child who is the subject of the visitation order. Until an order is entered pursuant to this subsection, no person may visit, with the child present, a person who has been convicted of first degree murder of the parent, grandparent, great-grandparent, or sibling of the child without the consent of the child's parent, other than a parent convicted of first degree murder as set forth herein, or legal guardian.

Sec. 602.10. Parenting plan.

(a) Filing of parenting plan. All parents, within 120 days after service or filing of any petition for allocation of parental responsibilities, must file with the court, either jointly or separately, a proposed parenting plan. The time period for filing a parenting plan may be extended by the court for good cause shown. If no appearance has been filed by the respondent, no parenting plan is required unless ordered by the court.

(b) No parenting plan filed. In the absence of filing of one or more parenting plans, the court must conduct an evidentiary hearing to allocate parental responsibilities.

(c) Mediation. The court shall order mediation to assist the parents in formulating or modifying a parenting plan or in implementing a parenting plan unless the court determines that impediments to mediation exist. Costs under this subsection shall be allocated between the parties pursuant to the applicable statute or Supreme Court Rule.

(d) Parents' agreement on parenting plan. The parenting plan must be in writing and signed by both parents. The parents must submit the parenting plan to the court for approval within 120 days after service of a petition for allocation of parental responsibilities or the filing of an appearance, except for good cause shown. Notwithstanding the provisions above, the parents may agree upon and submit a parenting plan at any time after the commencement of a proceeding until prior to the entry of a judgment of dissolution of marriage. The agreement is binding upon the court unless it finds, after considering the circumstances of the parties and any other relevant evidence produced by the parties, that the agreement is not in the best interests of the child unconscionable. If the court does not

New matter indicated by italics - deletions by strikeout
approve the parenting plan, the court shall make express findings of the reason or reasons for its refusal to approve the plan. The court, on its own motion, may conduct an evidentiary hearing to determine whether the parenting plan is in the child's best interests.

(e) Parents cannot agree on parenting plan. When parents fail to submit an agreed parenting plan, each parent must file and submit a written, signed parenting plan to the court within 120 days after the filing of an appearance, except for good cause shown. The court's determination of parenting time should be based on the child's best interests. The filing of the plan may be excused by the court if:

(1) the parties have commenced mediation for the purpose of formulating a parenting plan; or
(2) the parents have agreed in writing to extend the time for filing a proposed plan and the court has approved such an extension; or
(3) the court orders otherwise for good cause shown.

(f) Parenting plan contents. At a minimum, a parenting plan must set forth the following:

(1) an allocation of significant decision-making responsibilities;

(2) provisions for the child's living arrangements and for each parent's parenting time, including either:
   (A) a schedule that designates in which parent's home the minor child will reside on given days; or
   (B) a formula or method for determining such a schedule in sufficient detail to be enforced in a subsequent proceeding;

(3) a mediation provision addressing any proposed reallocation of parenting time or regarding the terms of allocation of parental responsibilities, except that this provision is not required if one parent is allocated all significant decision-making responsibilities;

(4) each parent's right of access to medical, dental, and psychological records (subject to the Mental Health and Developmental Disabilities Confidentiality Act), child care records, and school and extracurricular records, reports, and schedules, unless expressly denied by a court order or denied under Section 602.11 subsection (g) of Section 602.5;

New matter indicated by italics - deletions by strikeout
(5) a designation of the parent who will be denominated as the parent with the majority of parenting time for purposes of Section 606.10;

(6) the child's residential address for school enrollment purposes only;

(7) each parent's residence address and phone number, and each parent's place of employment and employment address and phone number;

(8) a requirement that a parent changing his or her residence provide at least 60 days prior written notice of the change to any other parent under the parenting plan or allocation judgment, unless such notice is impracticable or unless otherwise ordered by the court. If such notice is impracticable, written notice shall be given at the earliest date practicable. At a minimum, the notice shall set forth the following:

(A) the intended date of the change of residence;

and

(B) the address of the new residence;

(9) provisions requiring each parent to notify the other of emergencies, health care, travel plans, or other significant child-related issues;

(10) transportation arrangements between the parents;

(11) provisions for communications, including electronic communications, with the child during the other parent's parenting time;

(12) provisions for resolving issues arising from a parent's future relocation, if applicable;

(13) provisions for future modifications of the parenting plan, if specified events occur;

(14) provisions for the exercise of the right of first refusal, if so desired, that are consistent with the best interests of the minor child; provisions in the plan for the exercise of the right of first refusal must include:

(i) the length and kind of child-care requirements invoking the right of first refusal;

(ii) notification to the other parent and for his or her response;

(iii) transportation requirements; and

New matter indicated by italics - deletions by strikeout
(iv) any other provision related to the exercise of the right of first refusal necessary to protect and promote the best interests of the minor child; and
(15) any other provision that addresses the child's best interests or that will otherwise facilitate cooperation between the parents.

The personal information under items (6), (7), and (8) of this subsection is not required if there is evidence of or the parenting plan states that there is a history of domestic violence or abuse, or it is shown that the release of the information is not in the child's or parent's best interests.

(g) The court shall conduct a trial or hearing to determine a plan which maximizes the child's relationship and access to both parents and shall ensure that the access and the overall plan are in the best interests of the child. The court shall take the parenting plans into consideration when determining parenting time and responsibilities at trial or hearing.

(h) The court may consider, consistent with the best interests of the child as defined in Section 602.7 of this Act, whether to award to one or both of the parties the right of first refusal in accordance with Section 602.3 of this Act.

Sec. 602.11. Access to health care, child care, and school records by parents.

(a) Notwithstanding any other provision of law, access to records and information pertaining to a child including, but not limited to, medical, dental, child care, and school records shall not be denied to a parent for the reason that such parent has not been allocated parental responsibility; however, no parent shall have access to the school records of a child if the parent is prohibited by an order of protection from inspecting or obtaining such records pursuant to the Domestic Violence Act of 1986 or the Code of Criminal Procedure of 1963. A parent who is not allocated parenting time (not denied parental responsibility) is not entitled to access to the child's school or health care records unless a court finds that it is in the child's best interests to provide those records to the parent.

(b) Health care professionals and health care providers shall grant access to health care records and information pertaining to a child to both parents, unless the health care professional or health care provider receives

a court order or judgment that denies access to a specific individual. Except as may be provided by court order, no parent who is a named respondent in an order of protection issued pursuant to the Illinois Domestic Violence Act of 1986 or the Code of Criminal Procedure of 1963 shall have access to the health care records of a child who is a protected person under the order of protection provided the health care professional or health care provider has received a copy of the order of protection. Access to health care records is denied under this Section for as long as the order of protection remains in effect as specified in the order of protection or as otherwise determined by court order.

Sec. 604.10. Interviews; evaluations; investigation.
(a) Court's interview of child. The court may interview the child in chambers to ascertain the child's wishes as to the allocation of parental responsibilities. Counsel shall be present at the interview unless otherwise agreed upon by the parties. The entire interview shall be recorded by a court reporter. The transcript of the interview shall be filed under seal and released only upon order of the court. The cost of the court reporter and transcript shall be paid by the court.
(b) Court's professional. The court may seek the advice of any professional, whether or not regularly employed by the court, to assist the court in determining the child's best interests. The advice to the court shall be in writing and sent by the professional to counsel for the parties and to the court not later than 60 days before the date on which the trial court reasonably anticipates the hearing on the allocation of parental responsibilities will commence. The court may review the writing upon receipt, under seal. The writing may be admitted into evidence without testimony from its author, unless a party objects. A professional consulted by the court shall testify as the court's witness and be subject to cross-examination. The court shall order all costs and fees of the professional to be paid by one or more of the parties, subject to reallocation in accordance with subsection (a) of Section 508.

The professional's report must, at a minimum, set forth the following:
(1) a description of the procedures employed during the evaluation;
(2) a report of the data collected;
(3) all test results;

New matter indicated by italics - deletions by strikeout
(4) any conclusions of the professional relating to the allocation of parental responsibilities under Sections 602.5 and 602.7;

(5) any recommendations of the professional concerning the allocation of parental responsibilities or the child's relocation; and

(6) an explanation of any limitations in the evaluation or any reservations of the professional regarding the resulting recommendations.

The professional shall send his or her report to all attorneys of record, and to any party not represented, at least 60 days before the hearing on the allocation of parental responsibilities. The court shall examine and consider the professional's report only after it has been admitted into evidence or after the parties have waived their right to cross-examine the professional.

(c) Evaluation by a party's retained professional. In a proceeding to allocate parental responsibilities or to relocate a child, upon notice and motion made by a parent or any party to the litigation within a reasonable time before trial, the court shall order an evaluation to assist the court in determining the child's best interests unless the court finds that an evaluation under this Section is untimely or not in the best interests of the child. The evaluation may be in place of or in addition to any advice given to the court by a professional under subsection (b). A motion for an evaluation under this subsection must, at a minimum, identify the proposed evaluator and the evaluator's specialty or discipline. An order for an evaluation under this subsection must set forth the evaluator's name, address, and telephone number and the time, place, conditions, and scope of the evaluation. No person shall be required to travel an unreasonable distance for the evaluation. The party requesting the evaluation shall pay the evaluator's fees and costs unless otherwise ordered by the court.

The evaluator's report must, at a minimum, set forth the following:

(1) a description of the procedures employed during the evaluation;

(2) a report of the data collected;

(3) all test results;

(4) any conclusions of the evaluator relating to the allocation of parental responsibilities under Sections 602.5 and 602.7;

(5) any recommendations of the evaluator concerning the allocation of parental responsibilities or the child's relocation; and

an explanation of any limitations in the evaluation or any reservations of the evaluator regarding the resulting recommendations.

A party who retains a professional to conduct an evaluation under this subsection shall cause the evaluator's written report to be sent to the attorneys of record no less than 60 days before the hearing on the allocation of parental responsibilities, unless otherwise ordered by the court; if a party fails to comply with this provision, the court may not admit the evaluator's report into evidence and may not allow the evaluator to testify.

The party calling an evaluator to testify at trial shall disclose the evaluator as a controlled expert witness in accordance with the Supreme Court Rules.

Any party to the litigation may call the evaluator as a witness. That party shall pay the evaluator's fees and costs for testifying, unless otherwise ordered by the court.

(d) Investigation. Upon notice and a motion by a parent or any party to the litigation, or upon the court's own motion, the court may order an investigation and report to assist the court in allocating parental responsibilities. The investigation may be made by any agency, private entity, or individual deemed appropriate by the court. The agency, private entity, or individual appointed by the court must have expertise in the area of allocation of parental responsibilities. The court shall specify the purpose and scope of the investigation.

The investigator's report must, at a minimum, set forth the following:

1. a description of the procedures employed during the investigation;
2. a report of the data collected;
3. all test results;
4. any conclusions of the investigator relating to the allocation of parental responsibilities under Sections 602.5 and 602.7;
5. any recommendations of the investigator concerning the allocation of parental responsibilities or the child's relocation; and
6. an explanation of any limitations in the investigation or any reservations of the investigator regarding the resulting recommendations.
The investigator shall send his or her report to all attorneys of record, and to any party not represented, at least 60 days before the hearing on the allocation of parental responsibilities. The court shall examine and consider the investigator's report only after it has been admitted into evidence or after the parties have waived their right to cross-examine the investigator.

The investigator shall make available to all attorneys of record, and to any party not represented, the investigator's file, and the names and addresses of all persons whom the investigator has consulted, except that if such disclosure would risk abuse to the party or any member of the party's immediate family or household or reveal the confidential address of a shelter for domestic violence victims, that address may be omitted from the report. Any party to the proceeding may call the investigator, or any person consulted by the investigator as a court's witness, for cross-examination. No fees shall be paid for any investigation by a governmental agency. The fees incurred by any other investigator shall be allocated in accordance with Section 508.

(b) An action for the enforcement of allocated parenting time may be commenced by a parent or a person appointed under Section 506 by filing a petition setting forth: (i) the petitioner's name and residence address or mailing address, except that if the petition states that disclosure of petitioner's address would risk abuse of petitioner or any member of petitioner's family or household or reveal the confidential address of a shelter for domestic violence victims, that address may be omitted from the petition; (ii) the respondent's name and place of residence, place of employment, or mailing address; (iii) the terms of the parenting plan or allocation judgment then in effect; (iv) the nature of the violation of the allocation of parenting time, giving dates and other relevant information; and (v) that a reasonable attempt was made to resolve the dispute.

(6) a finding that the non-complying parent is in contempt of court;

(7) an imposition on the non-complying parent of an appropriate civil fine per incident of denied parenting time;

(8) a requirement that the non-complying parent reimburse the other parent for all reasonable expenses incurred as a result of the violation of the parenting plan or court order; and

(9) any other provision that may promote the child's best interests.

(d) In addition to any other order entered under subsection (c), except for good cause shown, the court shall order a parent who has failed to provide allocated parenting time or to exercise allocated parenting time to pay the aggrieved party his or her reasonable attorney's fees, court costs, and expenses associated with an action brought under this Section. Sec. 610.5. Modification.
(a) Unless by stipulation of the parties or except as provided in subsection (b) of this Section or Section 603.10 of this Act, no motion to modify an order allocating parental decision-making responsibilities, not including parenting time, may be made earlier than 2 years after its date, unless the court permits it to be made on the basis of affidavits that there is reason to believe the child's present environment may endanger seriously his or her mental, moral, or physical health or significantly impair the child's emotional development. Parenting time may be modified at any time, without a showing of serious endangerment, upon a showing of changed circumstances that necessitates modification to serve the best interests of the child.

(b) (Blank). A motion to modify an order allocating parental responsibilities may be made at any time by a party who has been informed of the existence of facts requiring notice to be given under Section 609.5 of this Act.

New matter indicated by italics - deletions by strikeout
(c) Except in a case concerning the modification of any restriction of parental responsibilities under Section 603.10, the court shall modify a parenting plan or allocation judgment when necessary to serve the child's best interests if the court finds, by a preponderance of the evidence, that on the basis of facts that have arisen since the entry of the existing parenting plan or allocation judgment or were not anticipated therein, a substantial change has occurred in the circumstances of the child or of either parent and that a modification is necessary to serve the child's best interests.

(d) The court shall modify a parenting plan or allocation judgment in accordance with a parental agreement, unless it finds that the modification is not in the child's best interests.

(e) The court may modify a parenting plan or allocation judgment without a showing of changed circumstances if (i) the modification is in the child's best interests; and (ii) any of the following are proven as to the modification:

1. The modification reflects the actual arrangement under which the child has been receiving care, without parental objection, for the 6 months preceding the filing of the petition for modification, provided that the arrangement is not the result of a parent's acquiescence resulting from circumstances that negated the parent's ability to give meaningful consent;
2. The modification constitutes a minor modification in the parenting plan or allocation judgment;
3. The modification is necessary to modify an agreed parenting plan or allocation judgment that the court would not have ordered or approved under Section 602.5 or 602.7 had the court been aware of the circumstances at the time of the order or approval; or
4. The parties agree to the modification.

(f) Attorney's fees and costs shall be assessed against a party seeking modification if the court finds that the modification action is vexatious or constitutes harassment. If the court finds that a parent has repeatedly filed frivolous motions for modification, the court may bar the parent from filing a motion for modification for a period of time.

PUBLIC ACT 99-0764
(House Bill No. 3982)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Sections 505 and 510 as follows:
(750 ILCS 5/505) (from Ch. 40, par. 505)
Sec. 505. Child support; contempt; penalties.
(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, dissolution of a civil union, a proceeding for child support following dissolution of the marriage or civil union by a court that lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may order either or both parents owing a duty of support to a child of the marriage or civil union to pay an amount reasonable and necessary for the support of the child, without regard to marital misconduct. The duty of support owed to a child includes the obligation to provide for the reasonable and necessary educational, physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 or younger who is still attending high school.

(1) Child support guidelines. The Department of Healthcare and Family Services shall adopt rules establishing child support guidelines which include worksheets to aid in the calculation of the child support award and a table that reflects the percentage of combined net income that parents living in the same

New matter indicated by italics - deletions by strikeout
household in this State ordinarily spend on their children. The child support guidelines have the following purposes:

(A) to establish as State policy an adequate standard of support for children, subject to the ability of parents to pay;

(B) to make awards more equitable by ensuring more consistent treatment of persons in similar circumstances;

(C) to improve the efficiency of the court process by promoting settlements and giving courts and the parties guidance in establishing levels of awards;

(D) to calculate child support based upon the parents' combined adjusted net income estimated to have been allocated to the child if the parents and children were living in an intact household;

(E) to adjust the child support based upon the needs of the children; and

(F) to allocate the amount of child support to be paid by each parent based upon the child support and the child's physical care arrangements.

(2) Duty of support. The court shall award child support in each case by applying the child support guidelines unless the court makes a finding that application of the guidelines would be inappropriate, after considering the best interest of the child in light of evidence which shows relevant factors including, but not limited to, one or more of the following:

(A) the financial resources and needs of the child;

(B) the financial resources and needs of the custodial parent;

(C) the standard of living the child would have enjoyed had the marriage or civil union not been dissolved;

(D) the physical and emotional condition of the child and his or her educational needs; and

(E) the financial resources and needs of the noncustodial parent.

(3) Income.

(A) As used in this Section, "gross income" means the total of all income from all sources, except "gross income" does not include (i) benefits received by the parent

from means-tested public assistance programs, including, but not limited to, Temporary Assistance to Needy Families, Supplemental Security Income, and the Supplemental Nutrition Assistance Program or (ii) benefits and income received by the parent for other children in the household, including, but not limited to, child support, survivor benefits, and foster care payments. Social security disability and retirement benefits paid for the benefit of the subject child must be included in the disabled or retired parent's gross income for purposes of calculating the parent's child support obligation, but the parent is entitled to a child support credit for the amount of benefits paid to the other parent for the child. Spousal support or spousal maintenance received pursuant to a court order in the pending proceedings or any other proceedings must be included in the recipient's gross income for purposes of calculating the parent's child support obligation.

(B) As used in this Section, "net income" means gross income minus either the standardized tax amount calculated pursuant to subparagraph (C) of this paragraph (3) or the individualized tax amount calculated pursuant to subparagraph (D) of this paragraph (3), and minus any adjustments pursuant to subparagraph (F) of this paragraph (3). The standardized tax amount shall be used unless the requirements for an individualized tax amount set forth in subparagraph (F) of this paragraph (3) are met.

(C) As used in this Section, "standardized tax amount" means the total of federal and state income taxes for a single person claiming the standard tax deduction, one personal exemption, and the applicable number of dependency exemptions for the minor child or children of the parties, and Social Security tax and Medicaid tax calculated at the Federal Insurance Contributions Act rate.

(I) Unless a court has previously determined otherwise or the parties otherwise agree, the custodial parent shall be deemed entitled to claim the dependency exemption for the parties' minor child or children.

New matter indicated by italics - deletions by strikeout
(II) The Department of Healthcare and Family Services shall promulgate a chart that computes net income by deducting the standardized tax amount from gross income.

(D) As used in this Section, "individualized tax amount" means the aggregate of the following taxes:

(I) federal income tax (properly calculated withholding or estimated payments);

(II) State income tax (properly calculated withholding or estimated payments); and

(III) Social Security (or, if none, mandatory retirement contributions required by law or as a condition of employment) and Medicare tax calculated at the Federal Insurance Contributions Act rate.

(E) In lieu of a standardized tax amount, a determination of an individualized tax amount may be made under items (I), (II), or (III) below. If an individualized tax amount determination is made under this subparagraph (E), all relevant tax attributes (including filing status, allocation of dependency exemptions, and whether a party is to claim the standard deduction or itemized deductions for federal income tax purposes) shall be as the parties agree or as the court determines. To determine a party's reported income, the court may order the party to complete an Internal Revenue Service Form 4506-T, Request for Tax Transcript.

(I) Agreement. Irrespective of whether the parties agree on any other issue before the court, if they jointly stipulate for the record their concurrence on a computation method for the individualized tax amount that is different from the method set forth under subparagraph (D), the stipulated method shall be used by the court unless the court rejects the proposed stipulated method for good cause.

(II) Summary hearing. If the court determines child support in a summary hearing under Section 501 and an eligible party opts in to

New matter indicated by italics - deletions by strikeout
the computation method under this item (II), the individualized tax amount shall be determined by the court on the basis of information contained in one or both parties' financial disclosure statement, financial affidavit, or similar instrument and relevant supporting documents under applicable court rules. No party, however, is eligible to opt in unless the party, under applicable rules, has served the other party with the required statement, affidavit, or other instrument and has also substantially turned over supporting documents to the extent required by the applicable rule at the time of service of the statement, affidavit, or other instrument.

(III) Evidentiary hearing. If the court determines child support in an evidentiary hearing, whether for purposes of a temporary order or at the conclusion of a proceeding, item (II) of this subparagraph (E) does not apply. In each such case (unless item (I) governs), the individualized tax amount shall be as determined by the court on the basis of the record established.

(F) Adjustments to gross income.

(I) If a parent also is legally responsible for support of children not shared with the other parent and not subject to the present proceeding, there shall be an adjustment to gross income as follows:

(i) The amount of child support actually paid by the parent pursuant to a support order shall be deducted from the parent's gross income.

(ii) The amount of financial support actually paid by the parent for children living in or outside of that parent's household or 75% of the support the parent would pay under the child support guidelines, whichever is less, shall be deducted from that parent's gross income.

New matter indicated by italics - deletions by strikeout
(II) Obligations pursuant to a court order for maintenance in the pending proceeding actually paid or payable under Section 504 to the same party to whom child support is to be payable shall be deducted from the parent's gross income.

(3.1) Business income. For purposes of calculating child support, net business income from the operation of a business means gross receipts minus ordinary and necessary expenses required to carry on the trade or business. As used in this paragraph, "business" includes, but is not limited to, sole proprietorships, closely held corporations, partnerships, other flow-through business entities, and self-employment. The court shall apply the following:

(A) The accelerated component of depreciation and any business expenses determined either judicially or administratively to be inappropriate or excessive shall be excluded from the total of ordinary and necessary business expenses to be deducted in the determination of net business income from gross business income.

(B) Any item of reimbursement or in-kind payment received by a parent from the business, including, but not limited to, a company car, free housing or a housing allowance, or reimbursed meals, shall be counted as income if not otherwise included in the recipient's gross income, if the item is significant in amount and reduces personal expenses.

(3.2) Unemployment or underemployment. If a parent is voluntarily unemployed or underemployed, child support shall be calculated based on a determination of potential income. A determination of potential income shall be made by determining employment potential and probable earnings level based on the obligor's work history, occupational qualifications, prevailing job opportunities, the ownership by a parent of a substantial non-income producing asset, and earnings levels in the community. If there is insufficient work history to determine employment potential and probable earnings level, there shall be a rebuttable presumption that the parent's potential income is 75% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for a family of one person.

New matter indicated by italics - deletions by strikeout
(3.3) Minimum orders. There is a rebuttable presumption in any judicial or administrative proceeding for child support that the amount of the award which would result from the application of the child support guidelines is the correct amount of child support to be awarded.

There is a rebuttable presumption that a minimum child support obligation of $40 per month, per child, will be entered for a payor parent who has actual or imputed income at or less than 75% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for a family of one person, with a maximum total child support obligation for that payor of $120 per month to be divided equally among all of the payor parent's children.

For parents with no gross income, including those who receive only means-tested assistance or who cannot work due to a medically proven disability, incarceration, or institutionalization, there is a rebuttable presumption that the $40 per month minimum support order is inappropriate and a zero dollar order shall be entered.

(3.4) Deviation factors. In any action to establish or modify child support, whether temporary or permanent, the child support guidelines shall be used as a rebuttable presumption for the establishment or modification of the amount of child support. The court may deviate from the child support guidelines if the application would be inequitable, unjust, or inappropriate. Any deviation shall be accompanied by written findings by the court specifying the reasons for the deviation and the presumed amount under the child support guidelines without a deviation. These reasons may include:

(A) extraordinary medical expenditures necessary to preserve the life or health of a party or a child of either or both of the parties;
(B) additional expenses incurred for a child subject to the child support order who has special medical, physical, or developmental needs; and
(C) any other factor the court determines should be applied upon a finding that the application of the child support guidelines would be inappropriate, after considering the best interest of the child.

(3.5) Income in excess of table. A court may use discretion to determine child support if the combined adjusted gross income exceeds the uppermost levels of the schedule of basic child support obligations, except that the presumptive basic child support obligation shall not be less than it would be based on the highest level of adjusted gross income set forth in the schedule of basic child support obligations.

(3.6) Extracurricular activities and school expenses. The court, in its discretion, in addition to the basic child support obligation, may order either or both parents owing a duty of support to the child to contribute to the reasonable school and extracurricular activity expenses incurred which are intended to enhance the educational, athletic, social, or cultural development of the child.

(3.7) Child care expenses. The court, in its discretion, in addition to the basic child support obligation, may order either or both parents owing a duty of support to the child to contribute to the reasonable child care expenses of the child. The child care expenses shall be made payable directly to a party or directly to the child care provider at the time of services.

(A) As used in this paragraph (3.7), "child care expenses" means actual annualized monthly child care expenses reasonably necessary to enable a parent or non-parent custodian to be employed, attend education and training activities, or job search, and includes after-school care and all work-related child care expenses incurred while receiving education or training to improve employment opportunities. "Child care expenses" includes deposits for the retention of securing placement in child care programs. "Child care expenses" may include camps when school is not in session. Parties may agree on additional day camps. Child care expenses due to a child's special needs shall be a consideration in determining reasonable child care expenses for a child with special needs.

(B) Child care expenses shall be calculated as set forth in this paragraph. Child care expenses shall be prorated in proportion to each parent's percentage share of combined parental net income, and added to the basic child support obligation.

New matter indicated by italics - deletions by strikeout
support obligation. The obligor's portion of actual child care expenses shall appear in the support order. The obligee's share of child care expenses shall be paid by the obligee directly to the child care provider.

(C) The amount of child care expenses shall be adequate to obtain reasonable and necessary child care. The family's actual child care expenses shall be used to calculate the child care expense contributions, if available. When actual child care expenses vary, the actual child care expenses shall be averaged over the most recent 12-month period. When the parent is temporarily unemployed or temporarily not attending school, then child care expenses shall be based upon prospective expenses to be incurred upon return to employment.

(D) An order for child care expenses may be modified upon a showing of a substantial change in circumstances. Persons incurring child care expenses shall notify the obligor within 14 days of any change in the amount of child care expenses that would affect the annualized child care amount as determined in the support order.

(3.8) Shared parenting. If each parent exercises 146 or more overnights per year with the child, the basic child support obligation is multiplied by 1.5 to calculate the shared care child support obligation. The child support obligation is then computed for each parent by multiplying that parent's portion of the shared care support obligation by the percentage of time the child spends with the other parent. The respective child support obligations are then offset, with the parent owing more child support paying the difference between the 2 amounts. Child support for cases with shared physical care are calculated using a child support worksheet promulgated by the Department of Healthcare and Family Services. An adjustment for shared physical care is made only when each parent has the child for 146 or more overnights per year.

(3.9) Split care. Split care refers to a situation in which there is more than one child and each parent has physical care of at least one but not all of the children. In a split care situation, the support is calculated by using 2 child support worksheets to
determine the support each parent owes the other. The resulting obligations are then offset, with one parent owing the other the difference as a child support order. The support shall be calculated as follows:

(A) compute the support the first parent would owe to other parent as if the child in his or her care was the only child of the parties; then

(B) compute the support the other parent would owe to the first parent as if the child in his or her care were the only child of the parties; then

(C) subtract the lesser support obligation from the greater.

The parent who owes the greater obligation shall be ordered to pay the difference in support to the other parent, unless the court determines, pursuant to other provisions of this Section, that it should deviate from the guidelines.

(4) Health care.

(A) A portion of the basic child support obligation is intended to cover basic ordinary out-of-pocket medical expenses. The court, in its discretion, in addition to the basic child support obligation, shall also provide for the child's current and future medical needs by ordering either or both parents to initiate health or medical coverage for the child through currently effective health or medical insurance policies held by the parent or parents, purchase either or all of health or medical, dental, or vision insurance policies for the child, or provide for the child's current and future medical needs through some other manner.

(B) The court, in its discretion, may also order either or both parents to contribute to the reasonable health care needs of the child not covered by insurance, including, but not limited to, unreimbursed medical, dental, orthodontic, or vision expenses and any prescription medication for the child not covered under the child's health or medical insurance.

(C) If neither parent has access to appropriate private health care coverage, the court may order:

New matter indicated by italics - deletions by strikeout
(I) one or both parents to provide health care coverage at any time it becomes available at a reasonable cost; or
(II) the parent with primary physical responsibility for the child to apply for public health care coverage for the child and the other parent to pay a reasonable amount of the cost for medical support.

If cash medical support is ordered, the order may also provide that any time private health care coverage is available at a reasonable cost to that party it will be provided instead of cash medical support. As used in this Section, "cash medical support" means an amount ordered to be paid toward the cost of health insurance provided by a public entity or by another person through employment or otherwise or for other medical costs not covered by insurance.

(D) The amount to be added to the basic child support obligation shall be the actual amount of the total insurance premium that is attributable to the child who is the subject of the order. If this amount is not available or cannot be verified, the total cost of the premium shall be divided by the total number of persons covered by the policy. The cost per person derived from this calculation shall be multiplied by the number of children who are the subject of the order and who are covered under the policy. This amount shall be added to the basic child support obligation and shall be divided between the parents in proportion to their adjusted gross incomes.

(E) After the health insurance premium for the child is added to the basic child support obligation and divided between the parents in proportion to their respective incomes for child support purposes, if the obligor is paying the premium, the amount calculated for the obligee's share of the health insurance premium for the child shall be deducted from the obligor's share of the total child support obligation. If the obligee is paying the premium, no further adjustment is necessary.
(F) Prior to allowing the health insurance adjustment, the parent requesting the adjustment must submit proof that the child has been enrolled in a health insurance plan and must submit proof of the cost of the premium. The court shall require the parent receiving the adjustment to annually submit proof of continued coverage of the child to the child support enforcement unit and to the other parent.

(G) A reasonable cost for providing health care coverage for the child or children may not exceed 5% of the providing parent's gross income. Parents with a net income below 133% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines or whose child is covered by Medicaid based on that parent's income may not be ordered to contribute toward or provide private coverage, unless private coverage is obtainable without any financial contribution by that parent.

(H) If dental or vision insurance is included as part of the employer's medical plan, the coverage shall be maintained for the child. If not included in the employer's medical plan, adding the dental or vision insurance for the child is at the discretion of the court.

(I) If a parent has been directed to provide health insurance pursuant to this paragraph and that parent's spouse or legally recognized partner provides the insurance for the benefit of the child either directly or through employment, a credit on the child support worksheet shall be given to that parent in the same manner as if the premium were paid by that parent.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>

(2) The above guidelines shall be applied in each case unless the court finds that a deviation from the guidelines is appropriate after considering the best interest of the child in light of the evidence, including, but not limited to, one or more of the following relevant factors:

(a) the financial resources and needs of the child;
(b) the financial resources and needs of the custodial parent;
(c) the standard of living the child would have enjoyed had the marriage not been dissolved;
(d) the physical, mental, and emotional needs of the child;
(d-5) the educational needs of the child; and
(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(2.5) The court, in its discretion, in addition to setting child support pursuant to the guidelines and factors, may order either or both parents owing a duty of support to a child of the marriage to contribute to the following expenses, if determined by the court to be reasonable:

(a) health needs not covered by insurance;
(b) child care;
(c) education; and
(d) extracurricular activities.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;

(f) Dependent and individual health/hospitalization insurance premiums and premiums for life insurance ordered by the court to reasonably secure payment of ordered child support;

(g) Prior obligations of support or maintenance actually paid pursuant to a court order;

(g-5) Obligations pursuant to a court order for maintenance in the pending proceeding actually paid or payable under Section 504 to the same party to whom child support is to be payable;

(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent; exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period;

(i) Foster care payments paid by the Department of Children and Family Services for providing licensed foster care to a foster child.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage or civil union by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

New matter indicated by italics - deletions by strikeout
(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts. However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the court deems advisable;

(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the court may

New matter indicated by italics - deletions by strikeout
permit the parent to be released for periods of time during the day or night to:

(A) work; or

(B) conduct a business or other self-employed occupation.

The court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the Circuit Court or to the parent having custody or to the guardian having custody of the children of the sentenced parent for the support of said children until further order of the court.

If a parent who is found guilty of contempt for failure to comply with an order to pay support is a person who conducts a business or who is self-employed, the court in addition to other penalties provided by law may order that the parent do one or more of the following: (i) provide to the court monthly financial statements showing income and expenses from the business or the self-employment; (ii) seek employment and report periodically to the court with a diary, listing, or other memorandum of his or her employment search efforts; or (iii) report to the Department of Employment Security for job search services to find employment that will be subject to withholding for child support.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arm's length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers,
mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The Clerk of the Circuit Court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a

support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the Clerk of the Court clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the Clerk clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage...
through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to

New matter indicated by italics - deletions by strikeout
include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the Clerk of Court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.

(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

Sec. 510. Modification and termination of provisions for maintenance, support, educational expenses, and property disposition.

(a) Except as otherwise provided in paragraph (f) of Section 502 and in subsection (b), clause (3) of Section 505.2, the provisions of any judgment respecting maintenance or support may be modified only as to installments accruing subsequent to due notice by the moving party of the filing of the motion for modification. An order for child support may be modified as follows:

New matter indicated by italics - deletions by strikeout
(1) upon a showing of a substantial change in circumstances; and
(2) without the necessity of showing a substantial change in circumstances, as follows:

(A) upon a showing of an inconsistency of at least 20%, but no less than $10 per month, between the amount of the existing order and the amount of child support that results from application of the guidelines specified in Section 505 of this Act unless the inconsistency is due to the fact that the amount of the existing order resulted from a deviation from the guideline amount and there has not been a change in the circumstances that resulted in that deviation; or

(B) upon a showing of a need to provide for the health care needs of the child under the order through health insurance or other means. In no event shall the eligibility for or receipt of medical assistance be considered to meet the need to provide for the child's health care needs.

The provisions of subparagraph (a)(2)(A) shall apply only in cases in which a party is receiving child support enforcement services from the Department of Healthcare and Family Services under Article X of the Illinois Public Aid Code, and only when at least 36 months have elapsed since the order for child support was entered or last modified.

The court may grant a petition for modification that seeks to apply the changes made to subsection (a) of Section 505 by this amendatory Act of the 99th General Assembly to an order entered before the effective date of this amendatory Act of the 99th General Assembly only upon a finding of a substantial change in circumstances that warrants application of the changes. The enactment of this amendatory Act of the 99th General Assembly itself does not constitute a substantial change in circumstances warranting a modification.

(a-5) An order for maintenance may be modified or terminated only upon a showing of a substantial change in circumstances. In all such proceedings, as well as in proceedings in which maintenance is being reviewed, the court shall consider the applicable factors set forth in subsection (a) of Section 504 and the following factors:

(1) any change in the employment status of either party and whether the change has been made in good faith;

New matter indicated by italics - deletions by strikeout
(2) the efforts, if any, made by the party receiving maintenance to become self-supporting, and the reasonableness of the efforts where they are appropriate;

(3) any impairment of the present and future earning capacity of either party;

(4) the tax consequences of the maintenance payments upon the respective economic circumstances of the parties;

(5) the duration of the maintenance payments previously paid (and remaining to be paid) relative to the length of the marriage;

(6) the property, including retirement benefits, awarded to each party under the judgment of dissolution of marriage, judgment of legal separation, or judgment of declaration of invalidity of marriage and the present status of the property;

(7) the increase or decrease in each party's income since the prior judgment or order from which a review, modification, or termination is being sought;

(8) the property acquired and currently owned by each party after the entry of the judgment of dissolution of marriage, judgment of legal separation, or judgment of declaration of invalidity of marriage; and

(9) any other factor that the court expressly finds to be just and equitable.

(b) The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this State.

(c) Unless otherwise agreed by the parties in a written agreement set forth in the judgment or otherwise approved by the court, the obligation to pay future maintenance is terminated upon the death of either party, or the remarriage of the party receiving maintenance, or if the party receiving maintenance cohabits with another person on a resident, continuing conjugal basis. Any obligation of a payor party for premium payments respecting insurance on such party's life imposed under subsection (f) of Section 504 is also terminated on the occurrence of any of the foregoing events, unless otherwise agreed by the parties. Any termination of an obligation for maintenance as a result of the death of the payor party, however, shall be inapplicable to any right of the other party or such other party's designee to receive a death benefit under such insurance on the payor party's life.

(d) Unless otherwise provided in this Act, or as agreed in writing or expressly provided in the judgment, provisions for the support of a child are terminated by emancipation of the child, or if the child has attained the age of 18 and is still attending high school, provisions for the support of the child are terminated upon the date that the child graduates from high school or the date the child attains the age of 19, whichever is earlier, but not by the death of a parent obligated to support or educate the child. An existing obligation to pay for support or educational expenses, or both, is not terminated by the death of a parent. When a parent obligated to pay support or educational expenses, or both, dies, the amount of support or educational expenses, or both, may be enforced, modified, revoked or commuted to a lump sum payment, as equity may require, and that determination may be provided for at the time of the dissolution of the marriage or thereafter.

(e) The right to petition for support or educational expenses, or both, under Sections 505 and 513 is not extinguished by the death of a parent. Upon a petition filed before or after a parent's death, the court may award sums of money out of the decedent's estate for the child's support or educational expenses, or both, as equity may require. The time within which a claim may be filed against the estate of a decedent under Sections 505 and 513 and subsection (d) and this subsection shall be governed by the provisions of the Probate Act of 1975, as a barrable, noncontingent claim.

(f) A petition to modify or terminate child support, custody, or visitation shall not delay any child support enforcement litigation or supplementary proceeding on behalf of the obligee, including, but not limited to, a petition for a rule to show cause, for non-wage garnishment, or for a restraining order.

Sec. 20. Entitlement to leave due to domestic or sexual violence.
(a) Leave requirement.

(1) Basis. An employee who is a victim of domestic or sexual violence or an employee who has a family or household member who is a victim of domestic or sexual violence whose interests are not adverse to the employee as it relates to the domestic or sexual violence may take unpaid leave from work if the employee or employee's family or household member is experiencing an incident of domestic or sexual violence or to address domestic or sexual violence by:

(E) seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence.

(2) Period. Subject to subsection (c), an employee working for an employer that employs at least 50 employees shall be entitled to a total of 12 workweeks of leave during any 12-month period. Subject to subsection (c), an employee working for an employer that employs at least 15 but not more than 49 employees shall be entitled to a total of 8 workweeks of leave during any 12-month period. Subject to subsection (c), an employee working for an employer that employs at least one but not more than 14 employees shall be entitled to a total of 4 workweeks of leave during any 12-month period. The total number of workweeks to which an employee is entitled shall not decrease during the relevant 12-month period. This Act does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or is in addition to the unpaid leave time permitted by, the federal Family and Medical Leave Act of 1993 (29 U.S.C. 2601 et seq.).

(3) Schedule. Leave described in paragraph (1) may be taken intermittently or on a reduced work schedule.

(b) Notice. The employee shall provide the employer with at least 48 hours' advance notice of the employee's intention to take the leave, unless providing such notice is not practicable. When an unscheduled
absence occurs, the employer may not take any action against the employee if the employee, upon request of the employer and within a reasonable period after the absence, provides certification under subsection (c).

(c) Certification.

(1) In general. The employer may require the employee to provide certification to the employer that:

(A) the employee or the employee's family or household member is a victim of domestic or sexual violence; and

(A) documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee or the employee's family or household member has sought assistance in addressing domestic or sexual violence and the effects of the violence;

(1) requested or consented to in writing by the employee; or

(2) otherwise required by applicable federal or State law.

(e) Employment and benefits.

(1) Restoration to position.
(A) In general. Any employee who takes leave under this Section for the intended purpose of the leave shall be entitled, on return from such leave:
   (i) to be restored by the employer to the position of employment held by the employee when the leave commenced; or
   (ii) to be restored to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.
(B) Loss of benefits. The taking of leave under this Section shall not result in the loss of any employment benefit accrued prior to the date on which the leave commenced.
(C) Limitations. Nothing in this subsection shall be construed to entitle any restored employee to:
   (i) the accrual of any seniority or employment benefits during any period of leave; or
   (ii) any right, benefit, or position of employment other than any right, benefit, or position to which the employee would have been entitled had the employee not taken the leave.
(D) Construction. Nothing in this paragraph shall be construed to prohibit an employer from requiring an employee on leave under this Section to report periodically to the employer on the status and intention of the employee to return to work.

(2) Maintenance of health benefits.
   (A) Coverage. Except as provided in subparagraph (B), during any period that an employee takes leave under this Section, the employer shall maintain coverage for the employee and any family or household member under any group health plan for the duration of such leave at the level and under the conditions coverage would have been provided if the employee had continued in employment continuously for the duration of such leave.
   (B) Failure to return from leave. The employer may recover the premium that the employer paid for maintaining coverage for the employee and the employee's family or
household member under such group health plan during any period of leave under this Section if:

(i) the employee fails to return from leave under this Section after the period of leave to which the employee is entitled has expired; and

(ii) the employee fails to return to work for a reason other than:

(I) the continuation, recurrence, or onset of domestic or sexual violence that entitles the employee to leave pursuant to this Section; or

(II) other circumstances beyond the control of the employee.

(C) Certification.

(i) Issuance. An employer may require an employee who claims that the employee is unable to return to work because of a reason described in subclause (I) or (II) of subparagraph (B)(ii) to provide, within a reasonable period after making the claim, certification to the employer that the employee is unable to return to work because of that reason.

(I) a sworn statement of the employee;

statement of the employee or any other documentation, record, or corroborating evidence, and the fact that the employee is not returning to work because of a reason described in subclause (I) or (II) of subparagraph (B)(ii) shall be retained in the strictest confidence by the employer, except to the extent that disclosure is:

(i) requested or consented to in writing by the employee; or
(ii) otherwise required by applicable federal or State law.

(f) Prohibited acts.

(1) Interference with rights.

(A) Exercise of rights. It shall be unlawful for any employer to interfere with, restrain, or deny the exercise of or the attempt to exercise any right provided under this Section.

(B) Employer discrimination. It shall be unlawful for any employer to discharge or harass any individual, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment of the individual (including retaliation in any form or manner) because the individual:

(i) exercised any right provided under this Section; or
(ii) opposed any practice made unlawful by this Section.

(C) Public agency sanctions. It shall be unlawful for any public agency to deny, reduce, or terminate the benefits of, otherwise sanction, or harass any individual, or otherwise discriminate against any individual with respect to the amount, terms, or conditions of public assistance of the individual (including retaliation in any form or manner) because the individual:
