In calculating distance under this Section, the miles driven to obtain or in connection with the repair, servicing, or testing of a used motor vehicle that fails to conform with the implied warranty of merchantability are excluded. An attempt to exclude, modify, or disclaim the implied warranty of merchantability or to limit the remedies for a breach of the warranty in violation of this Section renders a purchase agreement voidable at the option of the purchaser.

(d) An implied warranty of merchantability is met if a used motor vehicle functions free of a defect in a power train component. As used in this Section, "power train component" means the engine block, head, all

internal engine parts, oil pan and gaskets, water pump, intake manifold, transmission, and all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and all rear axle internal parts, and rear wheel bearings.

(e) The implied warranty of merchantability expires at midnight of the 15th calendar day after delivery of a used motor vehicle or when a used motor vehicle is driven 500 miles after delivery, whichever is earlier. In calculating time, a day on which the implied warranty of merchantability is breached is excluded and all subsequent days in which the used motor vehicle fails to conform with the warranty are also excluded. In calculating distance, the miles driven to or by the seller to obtain or in connection with the repair, servicing, or testing of a used motor vehicle that fails to conform with the implied warranty of merchantability are excluded. An implied warranty of merchantability does not extend to damage that occurs after the sale of the used motor vehicle that results from:

(1) off-road use;
(2) racing;
(3) towing;
(4) abuse;
(5) misuse;
(6) neglect;
(7) failure to perform regular maintenance; and
(8) failure to maintain adequate oil, coolant, and other required fluids or lubricants.

(f) If the implied warranty of merchantability described in this Section is breached, the consumer shall give reasonable notice to the seller no later than 2 business days after the end of the statutory warranty period. The consumer shall pay one-half of the cost of the first 2 repairs necessary to bring the used motor vehicle into compliance with the warranty. The payments by the consumer are limited to a maximum payment of $100 for each repair; however, the consumer shall only be responsible for a maximum payment of $100 if the consumer brings in the vehicle for a second repair for the same defect. Reasonable notice as defined in this Section shall include, but not be limited to:

(h) An agreement for the sale of a used motor vehicle subject to this Section is voidable at the option of the consumer, unless it contains on its face the following conspicuous statement printed in boldface 10-point or larger type set off from the body of the agreement:

"Illinois law requires that this vehicle will be free of a defect in a power train component for 15 days or 500 miles after delivery, whichever is earlier, except with regard to particular defects disclosed on the first page of this agreement. "Power train component" means the engine block, head, all internal engine parts, oil pan and gaskets, water pump, intake manifold, transmission, and all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and all rear axle internal parts, and rear wheel bearings. You (the consumer) will have to pay up to $100 for each of the first 2 repairs if the warranty is violated."

(i) The inclusion in the agreement of the statement prescribed in subsection (h) of this Section does not create an express warranty.

(j) A consumer of a used motor vehicle may waive the implied warranty of merchantability only for a particular defect in the vehicle including, but not limited to, a rebuilt or flood-branded title and only if all of the following conditions are satisfied:

(1) the seller subject to this Section fully and accurately discloses to the consumer that because of circumstances unusual to the business, the used motor vehicle has a particular defect;

(3) a claim by a consumer was not filed in good faith; or
(4) any other affirmative defense allowed by law.

(l) Other than the 15-day, 500-mile implied warranty of merchantability identified herein, a seller subject to this Section is not required to provide any further express or implied warranties to a purchasing consumer unless:

(1) the seller is required by federal or State law to provide a further express or implied warranty; or
(2) the seller fails to fully inform and disclose to the consumer that the vehicle is being sold without any further express or implied warranties, other than the 15-day, 500-mile implied warranty of merchantability identified in this Section.

(m) This Section does not apply to the sale of antique vehicles, as defined in the Illinois Vehicle Code, or to collector motor vehicles.

(a) The dealer is liable to the purchasing consumer for the following share of the cost of the repair of Power Train components for a period of 30 days from date of delivery, unless the repairs have become necessary by abuse, negligence, or collision. The burden of establishing that a claim for repairs is not within this Section shall be on the selling dealer. The dealer's share of such repair costs is:

(1) in the case of a motor vehicle which is not more than 2 years old, 50%;
(2) in the case of a motor vehicle which is 2 or more, but less than 3 years old, 25%;

(d) The repair liability means that the dealer will make necessary Power Train component repairs in his shop, or in the shop of his service affiliate, on the basis of his regular list price charge for parts and labor, where the flat rate list price does not exceed 50% of the selling price of the vehicle at the time repairs are requested:

(e) The age of the vehicle shall be measured according to the manufacturer's model year designation as shown on the Certificate of Title or Registration Certificate. Vehicles shall be designated as current year models, one year old, 2 year old, and so forth according to the time that has elapsed since January 1 of the appropriate model year so designated:

(f) This Section does not preclude the issuance of a warranty or guarantee by a motor vehicle dealer or motor car manufacturer that meets or exceeds the basic provisions of paragraph (a):

(a) On a motion by a party and a showing of clear and convincing evidence of parentage, the court shall issue a temporary order for support of a child, including a non-minor child with a disability, if the order is appropriate and the individual ordered to pay support is:

1. a presumed parent of the child;
2. petitioning to have parentage adjudicated;
3. identified as the father through genetic testing under Article 4 of this Act;
4. an alleged father who has declined to submit to genetic testing;

When deciding whether to enjoin relocation removal of a child, or to order a party to return the child to this State, the court shall consider factors including, but not limited to:

(1) the extent of previous involvement with the child by the party seeking to enjoin relocation removal or to have the absent party return the child to this State;

(2) the likelihood that parentage will be established; and

(3) the impact on the financial, physical, and emotional health of the party being enjoined from relocating removing the child or the party being ordered to return the child to this State.

(5) documentation from a legal, clerical, medical, or other professional from whom the person has sought assistance in dealing with the alleged domestic violence; and

Sec. 610. Authority to deny motion for genetic testing.

(a) In a proceeding in which to adjudicate the parentage of a child having a presumed, acknowledged, or adjudicated parent is at issue, the court may deny a motion by a parent, presumed parent, acknowledged parent, adjudicated parent, or alleged parent, or the child seeking an order for genetic testing of the parents and child if the court determines that:

(1) the conduct of the parent, acknowledged parent, adjudicated parent, or the presumed parent estops that party from denying parentage;

(2) it would be inequitable to disprove the parent-child relationship between the child and the presumed, acknowledged, or adjudicated parent; and

(3) it is in the child's best interests to deny genetic testing, taking into account the following factors:

(A) the length of time between the current proceeding to adjudicate parentage and the time that the

presumed, acknowledged, or adjudicated parent was placed on notice that he or she might not be the biological parent;

(B) the length of time during which the presumed, acknowledged, or adjudicated parent has assumed the role of parent of the child;

(C) the facts surrounding the presumed, acknowledged, or adjudicated parent's discovery of his or her possible nonparenthood;

(D) the nature of the relationship between the child and the presumed, acknowledged, or adjudicated parent;

(E) the age of the child;

(F) the harm that may result to the child if the presumed, acknowledged, or adjudicated parentage is successfully disproved;

(G) the nature of the relationship between the child and any alleged parent;

(H) the extent to which the passage of time reduces the chances of establishing the parentage of another person and a child support obligation in favor of the child;

(I) other factors that may affect the equities arising from the disruption of the parent-child relationship between the child and the presumed, acknowledged, or adjudicated parent or the chance of other harm to the child; and

(J) any other factors the court determines to be equitable.

(b) In a proceeding involving the application of this Section, a minor or incapacitated child must be represented by a guardian ad litem, child's representative, or attorney for the child. It shall be presumed to be equitable and in the best interests of the child to grant a motion by the child seeking an order for genetic testing. The presumption may be overcome by clear and convincing evidence that extraordinary circumstances exist making the genetic testing contrary to the child's best interests. The court's order denying a child's request for genetic testing must state the basis upon which the presumption was overcome. The court's order granting a child's request for genetic testing must specify the ways in which the testing results may be used for purposes of protecting the child's best interests.
(c) If the court denies a motion seeking an order for genetic testing, it shall issue an order adjudicating the presumed parent to be the parent of the child.

(1) has been convicted of or who has pled guilty or nolo contendere to a violation of Section 11-1.20 (criminal sexual assault), Section 11-1.30 (aggravated criminal sexual assault), Section 11-1.40 (predatory criminal sexual assault of a child), Section 11-1.50 (criminal sexual abuse), Section 11-1.60 (aggravated criminal sexual abuse), Section 11-11 (sexual relations within families), Section 12-13 (criminal sexual assault), Section 12-14 (aggravated criminal sexual assault), Section 12-14.1 (predatory criminal sexual assault of a child), Section 12-15 (criminal sexual abuse), or Section 12-16 (aggravated criminal sexual abuse) of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar statute in another jurisdiction, for his conduct in fathering that child; or

(b) A person described in subsection (a) shall not be entitled to an allocation of any parental responsibilities custody or parenting time visitation with that child without the consent of the child's mother or guardian. If the person described in subsection (a) is also the guardian of the child, he does not have the authority to consent to parenting time visitation or the allocation of parental responsibilities custody under this Section. If the mother of the child is a minor, and the person described in subsection (a) is also the father or guardian of the mother, then he does not have the authority to consent to the allocation of parental responsibilities or parenting time custody or visits.

(c) Notwithstanding any other provision of this Act, nothing in this Section shall be construed to relieve the father described in subsection (a) of any support and maintenance obligations to the child under this Act. The child's mother or guardian may decline support and maintenance obligations from the father.

(d) Notwithstanding any other provision of law, the father described in subsection (a) of this Section is not entitled to any inheritance or other rights from the child without the consent of the child's mother or guardian.

(e) Notwithstanding any provision of the Illinois Marriage and Dissolution of Marriage Act, the parent, grandparent, great-grandparent, or sibling of the person described in subsection (a) of this Section does not have standing to bring an action requesting the allocation of parental responsibilities custody or parenting time visitation with the child without the consent of the child's mother or guardian.

(f) A petition under this Section may be filed by the child's mother or guardian either as an affirmative petition in circuit court or as an affirmative defense in any proceeding filed by the person described in subsection (a) of this Section regarding the child.

(750 ILCS 46/802)
Sec. 802. Judgment.

(a) The court shall issue an order adjudicating whether a person alleged or claiming to be the parent is the parent of the child. An order adjudicating parentage must identify the child by name initials and date year of birth.

The court may assess filing fees, reasonable attorney's fees, fees for genetic testing, other costs, necessary travel expenses, and other reasonable expenses incurred in a proceeding under this Act. The court
may award attorney's fees, which may be paid directly to the attorney, who may enforce the order in the attorney's own name. The court may not assess fees, costs, or expenses against the support-enforcement agency of this State or another state, except as provided by other law.

The judgment shall contain or explicitly reserve provisions concerning any duty and amount of child support and may contain provisions concerning the allocation of parental responsibilities or custody and guardianship of the child, parenting time privileges with the child, and the furnishing of bond or other security for the payment of the judgment, which the court shall determine in accordance with the relevant factors set forth in the Illinois Marriage and Dissolution of Marriage Act and any other applicable law of this State, to guide the court in a finding in the best interests of the child. In determining the allocation of parental responsibilities, relocation custody, joint custody, removal, parenting time, parenting time interference, support for a non-minor disabled child, educational expenses for a non-minor child, and related post-judgment issues, the court shall apply the relevant standards of the Illinois Marriage and Dissolution of Marriage Act. Specifically, in determining the amount of a child support award, the court shall use the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. The court shall order all child support payments, determined in accordance with such guidelines, to commence with the date summons is served. The level of current periodic support payments shall not be reduced because of payments set for the period prior to the date of entry of the support order.

(b) In an action brought within 2 years after a child's birth, the judgment or order may direct either parent to pay the reasonable expenses incurred by either parent or the Department of Healthcare and Family Services related to the mother's pregnancy and the delivery of the child.

(c) In the absence of an explicit order or judgment for the allocation of parental responsibilities, if a judgment of parentage contains no explicit award of custody, the establishment of a child support obligation or the allocation of parenting time to rights in one parent shall be construed as an order or judgment allocating all parental responsibilities considered a judgment granting custody to the other parent. If the parentage order or judgment contains no such provisions, all parental responsibilities custody shall be presumed to be allocated to with the mother; however, the presumption shall not apply if the child has resided primarily with the other parent father has had physical custody for

New matter indicated by italics - deletions by strikeout
at least 6 months prior to the date that the mother seeks to enforce the order or judgment of parentage of the child seeking custodial rights.

(d) The court, if necessary to protect and promote the best interests of the child, may set aside a portion of the separately held estates of the parties in a separate fund or trust for the support, education, physical and mental health, and general welfare of a minor or mentally or physically disabled child of the parties.

(e) The court may order child support payments to be made for a period prior to the commencement of the action. In determining whether and to what extent the payments shall be made for the prior period, the court shall consider all relevant facts, including but not limited to:

1. The factors for determining the amount of support specified in the Illinois Marriage and Dissolution of Marriage Act.
2. The father's prior knowledge of the person obligated to pay support of the fact and circumstances of the child's birth.
3. The father's prior willingness or refusal to help raise or support the child.
4. The extent to which the mother or the public agency bringing the action previously informed the person obligated to pay support father of the child's needs or attempted to seek or require the help of the person obligated to pay support in raising or supporting the child.
5. The reasons the mother or the public agency did not file the action earlier.
6. The extent to which the person obligated to pay support father would be prejudiced by the delay in bringing the action.

For purposes of determining the amount of child support to be paid for the period before the date the order for current child support is entered, there is a rebuttable presumption that the father's net income of the person obligated to pay support for the prior period was the same as the his net income of the person obligated to pay support at the time the order for current child support is entered.

If (i) the person obligated to pay support non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support of the person obligated to pay support; (ii) the person obligated to pay support non-custodial parent failed to comply with the request, despite having been ordered to do so by the court; and (iii) the person obligated to pay support non-custodial parent is not present at the hearing to determine support

New matter indicated by italics - deletions by strikeout
despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support of the person obligated to pay support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(f) A new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. A judgment under this Section is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. Notwithstanding any State or local law to the contrary, a lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(g) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a new birth certificate be issued under the Vital Records Act.

(h) On the request of both parents, the court shall order a change in the child's name.

(i) After hearing evidence, the court may stay payment of support during the period of the father's minority or period of disability.

(j) If, upon a showing of proper service, the father fails to appear in court or otherwise appear as provided by law, the court may proceed to hear the cause upon testimony of the mother or other parties taken in open court and shall enter a judgment by default. The court may reserve any order as to the amount of child support until the father has received notice, by regular mail, of a hearing on the matter.

(k) An order for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which a party is receiving child support enforcement services under Article X of the Illinois Public Aid Code, the Department of Healthcare and Family Services, within 7 days: (i) of the name and address of any new employer of the non-custodial parent; (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, of the policy name and

number and the names of adults and initials of minors covered under the policy; and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In a subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by this Act or the Code of Civil Procedure, and shall be sufficient for purposes of due process.

(l) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(m) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. The periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the

order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

(n) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 7 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For an obligor arrested for failure to report new employment, bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

(b) (1) To acquire by gift, legacy, grant or purchase, or by condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act, any and all real estate, or rights therein necessary for building, laying out, extending, adorning and maintaining any such parks, boulevards and driveways, or for effecting any
of the powers or purposes granted under this Code as its board may deem proper, whether such lands be located within or without such district; but no park district, except as provided in paragraph (2) of this subsection, shall have any power of condemnation in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act or otherwise as to any real estate, lands, riparian rights or estate, or other property situated outside of such district, but shall only have power to acquire the same by gift, legacy, grant or purchase, and such district shall have the same control of and power over lands so acquired without the district as over parks, boulevards and driveways within such district.

(2) In addition to the powers granted in paragraph (1) of subsection (b), a park district located in more than one county, the majority of its territory located in a county over 450,000 in population and none of its territory located in a county over 1,000,000 in population, shall have condemnation power in the manner provided for the exercise of the power of eminent domain under the Eminent Domain Act or as otherwise granted by law as to any and all real estate situated up to one mile outside of such district which is not within the boundaries of another park district.

(c) To acquire by gift, legacy or purchase any personal property necessary for its corporate purposes provided that all contracts for supplies, materials or work involving an expenditure in excess of $25,000, or a lower amount if required by board policy, $20,000 shall be let to the lowest responsible bidder after due advertisement. No district shall be required to accept a bid that does not meet the district's established specifications, terms of delivery, quality, and serviceability requirements. Contracts which, by their nature, are not adapted to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part, contracts for the printing of finance committee reports and departmental reports, contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness, contracts for utility services such as water, light, heat, telephone or telegraph, contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, or services, contracts for duplicating machines and supplies, contracts for goods or services procured from another governmental agency, purchases of equipment previously owned by some entity other than the district itself, and contracts for the purchase of magazines, books, periodicals, pamphlets and reports are not subject to

All competitive bids for contracts involving an expenditure in excess of $25,000, or a lower amount if required by board policy, must be sealed by the bidder and must be opened by a member or employee of the park board at a public bid opening at which the contents of the bids must be announced. Each bidder must receive at least 3 days notice of the time and place of the bid opening.

For purposes of this subsection, "due advertisement" includes, but is not limited to, at least one public notice at least 10 days before the bid date in a newspaper published in the district or, if no newspaper is published in the district, in a newspaper of general circulation in the area of the district.

(d) To pass all necessary ordinances, rules and regulations for the proper management and conduct of the business of the board and district and to establish by ordinance all needful rules and regulations for the government and protection of parks, boulevards and driveways and other property under its jurisdiction, and to effect the objects for which such districts are formed.

(e) To prescribe such fines and penalties for the violation of ordinances as it shall deem proper not exceeding $1,000 for any one offense, which fines and penalties may be recovered by an action in the name of such district in the circuit court for the county in which such violation occurred. The park district may also seek in the action, in addition to or instead of fines and penalties, an order that the offender be required to make restitution for damage resulting from violations, and the court shall grant such relief where appropriate. The procedure in such actions shall be the same as that provided by law for like actions for the violation of ordinances in cities organized under the general laws of this State, and offenders may be imprisoned for non-payment of fines and costs in the same manner as in such cities. All fines when collected shall be paid into the treasury of such district.

(f) To manage and control all officers and property of such districts and to provide for joint ownership with one or more cities, villages or incorporated towns of real and personal property used for park purposes by one or more park districts. (h) To establish fees for the use of facilities and recreational programs of the districts and to derive revenue from non-resident fees from their operations. Fees charged non-residents of such district need not be the same as fees charged to residents of the district. Charging fees or deriving revenue from the facilities and recreational programs shall not affect the right to assert or utilize any defense or immunity, common law or statutory, available to the districts or their employees.

(i) To make contracts for a term exceeding one year, but not to exceed 3 years, notwithstanding any provision of this Code to the contrary, relating to: (1) the employment of a park director, superintendent, administrator, engineer, health officer, land planner, finance director, attorney, police chief, or other officer who requires technical training or knowledge; (2) the employment of outside professional consultants such as engineers, doctors, land planners, auditors, attorneys, or other professional consultants who require technical training or knowledge; (3) the provision of data processing equipment and services; and (4) the purchase of energy from a utility or an alternative retail electric supplier. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois,

one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.
2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.
3. Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the

medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible

Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439) this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on
which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 5 days of receipt by the facility of required prescreening information, data for new admissions shall be entered into the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or successor system, and within 15 days of receipt by the facility of required prescreening information, admission documents shall be submitted through MEDI or REV or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical
assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or

Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of

(d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The filing of one copy of the report with the Speaker, one copy with the Minority Leader and one copy with the Clerk of the House of Representatives, one copy with the President, one copy with the Minority Leader and one copy with the Secretary of the Senate, one copy with the Legislative Research Unit, and such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (i) of Section 7 of the State Library Act shall be deemed sufficient to comply with this Section.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall convene an expert panel, including representatives of hospitals, free standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site

shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Sections 2-1005 and 3-4010 as follows:

(55 ILCS 5/2-1005) (from Ch. 34, par. 2-1005)

Sec. 2-1005. Quorum; approval of ordinances. A majority of the members of any county board shall constitute a quorum for the transaction of business; and all questions, ordinances, resolutions, or motions which shall arise at meetings shall be determined by the votes of the majority of the members present, except in such cases as is otherwise provided.

A county board in a county where the chairman is elected at large may upon passage, adoption or enactment of a specific ordinance, resolution, or motion apply the following provisions: Any ordinance, resolution, or motion passed, adopted or otherwise enacted by the board in a county where the chairman is elected at large shall be presented to the chairman before it becomes effective. If the chairman approves such ordinance, resolution or motion, he shall sign it and it shall become law on the date prescribed; if not, he shall return it to the board within 10 business days with his objections and the board shall proceed to reconsider the matter at its next meeting, to be held within 30 business days of the board's receipt of the chairman's objections. If after such reconsideration a majority of the members of the board pass such ordinance, resolution, or motion, it shall become effective on the date prescribed but not earlier than the date of passage following reconsideration. If any ordinance, resolution, or motion is not returned by the chairman to the board within 10 business days after it has been presented to him, it shall become effective at the end of the 10th day.

The county board at any properly noticed public meeting may by unanimous consent take a single vote by yeas and nays on the several questions of the passage of any 2 or more of the designated ordinances, orders, resolutions, or motions placed together for voting purposes in a single group. The single vote shall be entered separately in the minutes.
under the designation "omnibus vote", and in that event the clerk may enter the words "omnibus vote" or "consent agenda" in the minutes in each case instead of entering the names of the members of the county board voting "yea" and those voting "nay" on the passage of each of the designated ordinances, orders, resolutions, and motions included in the omnibus group or consent agenda. The taking of a single or omnibus vote and the entries of the words "omnibus vote" or "consent agenda" in the minutes shall be a sufficient compliance with the requirements of this Section to all intents and purposes and with like effect as if the vote in each case had been taken separately by yeas and nays on the question of the passage of each ordinance, order, resolution, and motion included in the omnibus group and separately recorded in the minutes. Likewise, the yeas and nays shall be taken upon the question of the passage of any other ordinance, resolution, or motion at the request of any county board member and shall be recorded in the minutes. The changes to this Section made by this amendatory Act of the 99th General Assembly are declarative of existing law and do not change the substantive operation of this Section.

(1) has had a license issued under this Act revoked;
(2) has surrendered a license issued under this Act for cause;
(3) has had a license issued under this Act expire or has surrendered a license, while either an abuse or neglect investigation or licensing investigation was pending or an involuntary placement hold was placed on the home;
(4) has been the subject of allegations of abuse or neglect;
(5) has an indicated report of abuse or neglect; or
(6) has been the subject of certain types of involuntary placement holds or has been involved in certain types of substantiated licensing complaints, as specified and defined by Department rule.

(225 ILCS 10/4) (from Ch. 23, par. 2214)

Sec. 4. License requirement; application; notice.

(a) Any person, group of persons or corporation who or which receives children or arranges for care or placement of one or more children unrelated to the operator must apply for a license to operate one of the types of facilities defined in Sections 2.05 through 2.19 and in Section 2.22 of this Act. Any relative, as defined in Section 2.17 of this Act, who receives a child or children for placement by the Department on a full-time basis may apply for a license to operate a foster family home as defined in Section 2.17 of this Act.

(a-5) Any agency, person, group of persons, association, organization, corporation, institution, center, or group providing adoption services must be licensed by the Department as a child welfare agency as defined in Section 2.08 of this Act. "Providing adoption services" as used in this Act, includes facilitating or engaging in adoption services.

(b) Application for a license to operate a child care facility must be made to the Department in the manner and on forms prescribed by it. An application to operate a foster family home shall include, at a minimum: a completed written form; written authorization by the applicant and all

adult members of the applicant's household to conduct a criminal background investigation; medical evidence in the form of a medical report, on forms prescribed by the Department, that the applicant and all members of the household are free from communicable diseases or physical and mental conditions that affect their ability to provide care for the child or children; the names and addresses of at least 3 persons not related to the applicant who can attest to the applicant's moral character; and fingerprints submitted by the applicant and all adult members of the applicant's household.

(b-5) Prior to submitting an application for a foster family home license, a quality of care concerns applicant as defined in Section 2.22a of this Act must submit a preliminary application to the Department in the manner and on forms prescribed by it. The Department shall explain to the quality of care concerns applicant the grounds for requiring a preliminary application. The preliminary application shall include a list of (i) all children placed in the home by the Department who were removed by the Department for reasons other than returning to a parent and the circumstances under which they were removed and (ii) all children placed by the Department who were subsequently adopted by or placed in the private guardianship of the quality of care concerns applicant who are currently under 18 and who no longer reside in the home and the reasons why they no longer reside in the home. The preliminary application shall also include, if the quality of care concerns applicant chooses to submit, (1) a response to the quality of care concerns, including any reason the concerns are invalid, have been addressed or ameliorated, or no longer apply and (2) affirmative documentation demonstrating that the quality of care concerns applicant's home does not pose a risk to children and that the family will be able to meet the physical and emotional needs of children. The Department shall verify the information in the preliminary application and review (i) information regarding any prior licensing complaints, (ii) information regarding any prior child abuse or neglect investigations, and (iii) information regarding any involuntary foster home holds placed on the home by the Department. Foster home applicants with quality of care concerns are presumed unsuitable for future licensure.

Notwithstanding the provisions of this subsection (b-5), the Department may make an exception and issue a foster family license to a quality of care concerns applicant if the Department is satisfied that the foster family home does not pose a risk to children and that the foster
family will be able to meet the physical and emotional needs of children. In making this determination, the Department must obtain and carefully review all relevant documents and shall obtain consultation from its Clinical Division as appropriate and as prescribed by Department rule and procedure. The Department has the authority to deny a preliminary application based on the record of quality of care concerns of the foster family home. In the alternative, the Department may (i) approve the preliminary application, (ii) approve the preliminary application subject to obtaining additional information or assessments, or (iii) approve the preliminary application for purposes of placing a particular child or children only in the foster family home. If the Department approves a preliminary application, the Department may (i) approve the preliminary application, (ii) approve the preliminary application subject to obtaining additional information or assessments, or (iii) approve the preliminary application for purposes of placing a particular child or children only in the foster family home. If the Department approves a preliminary application, the Department may (i) approve the preliminary application, (ii) approve the preliminary application subject to obtaining additional information or assessments, or (iii) approve the preliminary application for purposes of placing a particular child or children only in the foster family home. If the Department approves a preliminary application, the Department shall notify the quality of care concerns applicant of its decision and the basis for its decision in writing.

(c) The Department shall notify the public when a child care institution, maternity center, or group home licensed by the Department undergoes a change in (i) the range of care or services offered at the facility, (ii) the age or type of children served, or (iii) the area within the facility used by children. The Department shall notify the public of the change in a newspaper of general circulation in the county or municipality in which the applicant's facility is or is proposed to be located.

(d) If, upon examination of the facility and investigation of persons responsible for care of children and, in the case of a foster home, taking into account information obtained for purposes of evaluating a preliminary application, if applicable, the Department is satisfied that the facility and responsible persons reasonably meet standards prescribed for the type of facility for which application is made, it shall issue a license in proper form, designating on that license the type of child care facility and, except for a child welfare agency, the number of children to be served at any one time.

(e) The Department shall not issue or renew the license of any child welfare agency providing adoption services, unless the agency (i) is officially recognized by the United States Internal Revenue Service as a tax-exempt organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law) and (ii) is in compliance with all of the standards necessary to maintain its status as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (or any successor provision of federal tax law).
Department shall grant a grace period of 24 months from the effective date of this amendatory Act of the 94th General Assembly for existing child welfare agencies providing adoption services to obtain 501(c)(3) status. The Department shall permit an existing child welfare agency that converts from its current structure in order to be recognized as a 501(c)(3) organization as required by this Section to either retain its current license or transfer its current license to a newly formed entity, if the creation of a new entity is required in order to comply with this Section, provided that the child welfare agency demonstrates that it continues to meet all other licensing requirements and that the principal officers and directors and programs of the converted child welfare agency or newly organized child welfare agency are substantially the same as the original. (225 ILCS 10/6) (from Ch. 23, par. 2216)

Sec. 6. (a) A licensed facility operating as a "child care institution", "maternity center", "child welfare agency", "day care agency" or "day care center" must apply for renewal of its license held, the application to be made to the Department on forms prescribed by it.

(b) The Department, a duly licensed child welfare agency or a suitable agency or person designated by the Department as its agent to do so, must re-examine every child care facility for renewal of license, including in that process the examination of the premises and records of the facility as the Department considers necessary to determine that minimum standards for licensing continue to be met, and random surveys of parents or legal guardians who are consumers of such facilities' services to assess the quality of care at such facilities. In the case of foster family homes, or day care homes under the supervision of or otherwise required to be licensed by the Department, or under supervision of a licensed child welfare agency or day care agency, the examination shall be made by the Department, or agency supervising such homes. If the Department is satisfied that the facility continues to maintain minimum standards which it prescribes and publishes, it shall renew the license to operate the facility.

(b-5) In the case of a quality of care concerns applicant as defined in Section 2.22a of this Act, in addition to the examination required in

subsection (b) of this Section, the Department shall not renew the license of a quality of care concerns applicant unless the Department is satisfied that the foster family home does not pose a risk to children and that the foster family home will be able to meet the physical and emotional needs of children. In making this determination, the Department must obtain and carefully review all relevant documents and shall obtain consultation from its Clinical Division as appropriate and as prescribed by Department rule and procedure. The Department has the authority to deny an application for renewal based on a record of quality of care concerns. In the alternative, the Department may (i) approve the application for renewal subject to obtaining additional information or assessments, (ii) approve the application for renewal for purposes of placing or maintaining only a particular child or children only in the foster home, or (iii) approve the application for renewal. The Department shall notify the quality of care concerns applicant of its decision and the basis for its decision in writing.

(c) If a child care facility's license, other than a license for a foster family home, is revoked, or if the Department refuses to renew a facility's license, the facility may not reapply for a license before the expiration of 12 months following the Department's action; provided, however, that the denial of a reapplication for a license pursuant to this subsection must be supported by evidence that the prior revocation renders the applicant unqualified or incapable of satisfying the standards and rules promulgated by the Department pursuant to this Act or maintaining a facility which adheres to such standards and rules.

(d) If a foster family home license (i) is revoked, (ii) is surrendered for cause, or (iii) expires or is surrendered with either certain types of involuntary placement holds in place or while a licensing or child abuse or neglect investigation is pending, or if the Department refuses to renew a foster home license, the foster home may not reapply for a license before the expiration of 5 years following the Department's action or following the expiration or surrender of the license.

(c) The Department shall investigate any person applying to be licensed as a foster parent to determine whether there is any evidence of current drug or alcohol abuse in the prospective foster family. The Department shall not license a person as a foster parent if drug or alcohol abuse has been identified in the foster family or if a reasonable suspicion of such abuse exists, except that the Department may grant a foster parent license to an applicant identified with an alcohol or drug problem if the applicant has successfully participated in an alcohol or drug treatment program, self-help group, or other suitable activities and if the Department determines that the foster family home can provide a safe, appropriate environment and meet the physical and emotional needs of children.

(d) The Department, in applying standards prescribed and published, as herein provided, shall offer consultation through employed staff or other qualified persons to assist applicants and licensees in meeting and maintaining minimum requirements for a license and to help them otherwise to achieve programs of excellence related to the care of children served. Such consultation shall include providing information concerning education and training in early childhood development to providers of day care home services. (a-5) Prior to another person, other than a resident's plenary guardian of the person, consenting on behalf of a resident 18 years of age or older in accordance with this Section, the resident must be asked by that person, in the presence of a facility employee, if he or she wants authorized electronic monitoring to be conducted. The person must explain to the resident:

(1) the type of electronic monitoring device to be used;
(2) the standard conditions that may be placed on the electronic monitoring device's use, including those listed in paragraph (7) of subsection (b) of Section 20;
(3) with whom the recording may be shared according to Section 45; and
(4) the resident's ability to decline all recording.

For the purposes of this subsection, a resident affirmatively objects when he or she orally, visually, or through the use of auxiliary aids or services declines authorized electronic monitoring. The resident's response must be documented on the notification and consent form.

(b) A resident or roommate may consent to authorized electronic monitoring with any conditions of the resident's choosing, including, but not limited to, the list of standard conditions provided in paragraph (7) of subsection (b) of Section 20. A resident or roommate may request that the electronic monitoring device be turned off or the visual recording component of the electronic monitoring device be blocked at any time.

(c) Prior to the authorized electronic monitoring, a resident must obtain the written consent of any other resident residing in the room on the notification and consent form prescribed by the Department. Except as otherwise provided in this subsection, a roommate, a roommate's plenary guardian of the person, or the parent of a roommate under the age of 18 must consent in writing to the authorized electronic monitoring in the resident's room. If the roommate has not affirmatively objected to the authorized electronic monitoring in accordance with subsection (a-5) and the roommate's physician determines that the roommate lacks the ability to understand and appreciate the nature and consequences of electronic monitoring, the following individuals may consent on behalf of the roommate, in order of priority:

New matter indicated by italics - deletions by strikeout
(1) a health care agent named under the Illinois Power of Attorney Act;
(2) a roommate's resident's representative, as defined in Section 5 of this Act;
(3) the roommate's spouse;
(4) the roommate's parent;
(5) the roommate's adult child who has the written consent of the other adult children of the resident to act as the sole decision maker regarding authorized electronic monitoring; or
(6) the roommate's adult brother or sister who has the written consent of the other adult siblings of the resident to act as the sole decision maker regarding authorized electronic monitoring.

(c-5) Consent by a roommate under subsection (c) authorizes the resident's use of any recording obtained under this Act, as provided in Section 45 of this Act.

(c-7) Any resident previously conducting authorized electronic monitoring must obtain consent from any new roommate before the resident may resume authorized electronic monitoring. If a new roommate does not consent to authorized electronic monitoring and the resident conducting the authorized electronic monitoring does not remove or disable the electronic monitoring device, the facility shall turn off the device.

(d) Consent may be withdrawn by the resident or roommate at any time, and the withdrawal of consent shall be documented in the resident's clinical record. If a roommate withdraws consent and the resident conducting the authorized electronic monitoring does not remove or disable the electronic monitoring device, the facility may turn off the electronic monitoring device.

(e) If a resident who is residing in a shared room wants to conduct authorized electronic monitoring and another resident living in or moving into the same shared room refuses to consent to the use of an electronic monitoring device, the facility shall make a reasonable attempt to accommodate the resident who wants to conduct authorized electronic monitoring. A facility has met the requirement to make a reasonable attempt to accommodate a resident who wants to conduct authorized electronic monitoring when upon notification that a roommate has not consented to the use of an electronic monitoring device in his or her room, the facility offers to move either resident to another shared room that is
available at the time of the request. If a resident chooses to reside in a private room in order to accommodate the use of an electronic monitoring device, the resident must pay the private room rate. If a facility is unable to accommodate a resident due to lack of space, the facility must reevaluate the request every 2 weeks until the request is fulfilled.

(c) The facility shall make a reasonable attempt to accommodate the resident's installation needs, including, but not limited to, allowing access to the facility's telecommunications or equipment room. A facility has the burden of proving that a requested accommodation is not reasonable.

(d) The electronic monitoring device must be placed in a conspicuously visible location in the room.

(e) A facility may not charge the resident a fee for the cost of electricity used by an electronic monitoring device.

Sec. 17-149. Cancellation of pensions.
(a) If any person receiving a disability retirement pension from the Fund is re-employed as a teacher by an Employer, the pension shall be cancelled on the date the re-employment begins, or on the first day of a payroll period for which service credit was validated, whichever is earlier.
(b) If any person receiving a service retirement pension from the Fund is re-employed as a teacher on a permanent or annual basis by an Employer, the pension shall be cancelled on the date the re-employment begins, or on the first day of a payroll period for which service credit was validated, whichever is earlier. However, subject to the limitations and requirements of subsection (c-5), the pension shall not be cancelled in the case of a service retirement pensioner who is re-employed on a temporary and non-annual basis or on an hourly basis.
(c) If the date of re-employment on a permanent or annual basis occurs within 5 school months after the date of previous retirement, exclusive of any vacation period, the member shall be deemed to have been out of service only temporarily and not permanently retired. Such person shall be entitled to pension payments for the time he could have been employed as a teacher and received salary, but shall not be entitled to pension for or during the summer vacation prior to his return to service.

When the member again retires on pension, the time of service and the money contributed by him during re-employment shall be added to the time and money previously credited. Such person must acquire 3 consecutive years of additional contributing service before he may retire again on a pension at a rate and under conditions other than those in force or attained at the time of his previous retirement.
(c-5) The service retirement pension shall not be cancelled in the case of a service retirement pensioner who is re-employed as a teacher on a temporary and non-annual basis or on an hourly basis, so long as the person (1) does not work as a teacher for compensation on more than 100 days in a school year or (2) does not accept gross compensation for the re-employment in a school year in excess of (i) $30,000 or (ii) in the case of a person who retires with at least 5 years of service as a principal, an amount that is equal to the daily rate normally paid to retired principals multiplied

Notwithstanding the 100-day limit set forth in item (1) of this subsection (c-5), the service retirement pension shall not be cancelled in the case of a service retirement pensioner who teaches only driver education courses after regular school hours and does not teach any other subject area, so long as the person does not work as a teacher for compensation for more than 900 hours in a school year. The $30,000 limit set forth in subitem (i) of item (2) of this subsection (c-5) shall apply to a service retirement pensioner who teaches only driver education courses after regular school hours and does not teach any other subject area.

To be eligible for such re-employment without cancellation of pension, the pensioner must notify the Fund and the Board of Education of his or her intention to accept re-employment under this subsection (c-5) before beginning that re-employment (or if the re-employment began before the effective date of this amendatory Act, then within 30 days after that effective date).

An Employer must certify to the Fund the temporary and non-annual or hourly status and the compensation of each pensioner re-employed under this subsection at least quarterly, and when the pensioner is approaching the earnings limitation under this subsection.

If the pensioner works more than 100 days or accepts excess gross compensation for such re-employment in any school year that begins on or after August 8, 2012 (the effective date of Public Act 97-912) this amendatory Act of the 97th General Assembly, the service retirement pension shall thereupon be cancelled.

If the pensioner who only teaches drivers education courses after regular school hours works more than 900 hours or accepts excess gross compensation for such re-employment in any school year that begins on or after the effective date of this amendatory Act of the 99th General Assembly, the service retirement pension shall thereupon be cancelled.

PUBLIC ACT 99-0788
(Senate Bill No. 0345)

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Autism and Co-Occurring Medical Conditions Awareness Act.

Section 5. Findings. The General Assembly finds the following:

(1) The medical consensus is that autism is an idiopathic disorder that has complex and multiple etiologies. The development of autism appears to be a complex interaction of multiple genetic and environmental factors. Both the prevalence and incidence of autism has risen in recent decades.

(2) The Centers for Disease Control estimates that one in 68 children born in 2002 and one in 42 boys have been identified as living with autism.

(3) A 2012 survey conducted by the Centers for Disease Control of U.S. households estimated one in 50 children ages 6 to 17 has an autism spectrum disorder.

(4) Autism spectrum disorders occur among all racial, ethnic, and socioeconomic groups.

(5) Autism spectrum disorders are almost 5 times more common among boys than among girls.

(6) According to the Centers for Disease Control, autism rates increased 78% between 2002 and 2008. The most recent estimate is roughly 30% higher than the estimate for 2008 (one in 88), 60% higher than the estimate for 2006 (one in 110), and 120% higher than the estimates for 2000 and 2002 (one in 150).

(7) While autism spectrum disorders have primarily been diagnosed in measuring deficits in the areas of communication, socialization, and behavior, recent clinical and scientific
investigations have determined that co-occurring pathophysiological conditions may occur more commonly in persons also diagnosed with autism. These pathologies include, but are not limited to, allergies, autoimmune conditions, gastrointestinal diseases, immune dysregulation, metabolic disturbances, mitochondrial abnormalities, oxidative stress, neuroinflammation, and seizure disorders.

(8) Scientific inquiry is providing evidence of biological markers, including, but not limited to, single nucleotide polymorphisms, indications of cellular inflammation, increased cellular oxidation and damage, and abnormal DNA methylation, that may be clinically significant in the provision of appropriate medical care for persons also diagnosed with an autism spectrum disorder.

Therefore, it is the intention of the General Assembly to promote a greater awareness and the detection, diagnosis, and treatment of underlying and co-occurring medical conditions that occur more commonly in persons with autism to further awareness, scientific understanding, and health outcomes for persons living with autism.

Section 10. Definitions. In this Act:

"Autism spectrum disorder" means a neurobiological disorder, including autism, regressive autism, Asperger Syndrome, and pervasive developmental disorders not otherwise specified.

"Clinical symptomatology" means any indication of disorder or disease when experienced by an individual as a change from normal function, sensation, or appearance.

"Co-occurring or otherwise diagnosed medical condition" means a simultaneous illness, condition, injury, disease, pathology, or disability that is not primarily diagnosed as an autism spectrum disorder.

"Department" means the Department of Financial and Professional Regulation.

"Pathophysiologial" means the functional alterations in the body related to a disease or syndrome.

"Provider" means any provider of healthcare services in this State.

Section 15. Study and education. Public partnerships and private partnerships supporting the discovery of biomarkers and their implications in pathophysiological conditions shall be encouraged and information derived from such discoveries shall be disseminated to providers and made available to the general public through research initiatives that may be
promoted by universities, medical clinics, health care providers, consortiums, State agencies, private organizations, public organizations, and any party that may contribute to the scientific understanding of medical conditions associated or occurring more often in persons also diagnosed with an autism spectrum disorder than in the general population.

Universities, private organizations, public organizations, and associations are encouraged to develop for providers who treat persons with autism spectrum disorders continuing education courses which address training in evaluation, diagnosis, and treatments for co-occurring and otherwise diagnosed pathophysiological conditions in autism spectrum disorders to promote and align standard of care practices to reflect emerging clinical findings and promising practices derived from improved patient outcomes.

Section 20. Treatment or service of persons with an autism spectrum disorder. Providers are strongly encouraged to evaluate persons diagnosed with an autism spectrum disorder for co-occurring or otherwise diagnosed medical conditions when clinical symptomatology is present or suspected and prescribe appropriate treatments or services in alignment with care practices for the condition, illness, injury, disease, or disability. Providers may consider, without limitation, whether or not a medication or any ingredient, allergen, potential toxicant, or artificial agent may exacerbate clinical symptomatology of autism spectrum disorder or a related or co-occurring or otherwise diagnosed medical condition and, if so, may consider adopting measures that would result in the reduction or elimination of risk to the patient.

Section 25. Complaints. Any person with an autism spectrum disorder, or the person's parent or legal guardian on his or her behalf, who believes they have not received an appropriate medical assessment, evaluation, diagnosis, service or treatment from a provider because he or she is also diagnosed with an autism spectrum disorder may report the incident to the Department.

Section 30. Right to seek new care. A person with an autism spectrum disorder, or the person's parent or legal guardian on his or her behalf, retains the right to seek further medical opinions or care from other providers.

A parent or legal guardian shall not be threatened with loss of parental or legal guardianship rights for a person with autism spectrum disorder for pursuing additional medical expertise, especially in the case of

New matter indicated by italics - deletions by strikeout
trying to ascertain appropriate identification and diagnosis of underlying or co-occurring medical conditions that may or may not be exacerbating symptoms primarily associated with an autism spectrum disorder. This Section does not abrogate or restrict any responsibilities set forth under the Abused and Neglected Child Reporting Act.

Any person diagnosed as having an autism spectrum disorder or his or her parent or legal guardian shall not be denied the right to pursue appropriate and available medical interventions or treatments that may help to ameliorate or improve the symptoms primarily associated with an autism spectrum disorder or co-occurring or otherwise diagnosed medical condition.

Any person diagnosed as having an autism spectrum disorder or his or her parent or legal guardian shall not be denied the right to decline a medical treatment or intervention.

Section 35. Repeal. In order to consider the most innovative medical study and research involving autism and co-occurring medical conditions, this Act is repealed 5 years after the effective date of this Act.

Section 90. The Illinois Insurance Code is amended by changing Section 356z.14 and by adding Section 356z.24 as follows:

(a) A group or individual policy of accident and health insurance or managed care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 95th General Assembly must provide individuals under 21 years of age coverage for the diagnosis of autism spectrum disorders and for the treatment of autism spectrum disorders to the extent that the diagnosis and treatment of autism spectrum disorders are not already covered by the policy of accident and health insurance or managed care plan.

(b) Coverage provided under this Section shall be subject to a maximum benefit of $36,000 per year, but shall not be subject to any limits on the number of visits to a service provider. After December 30, 2009, the Director of the Division of Insurance shall, on an annual basis, adjust the maximum benefit for inflation using the Medical Care Component of the United States Department of Labor Consumer Price Index for All Urban Consumers. Payments made by an insurer on behalf of a covered individual for any care, treatment, intervention, service, or item, the provision of which was for the treatment of a health condition not
diagnosed as an autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection.

(c) Coverage under this Section shall be subject to copayment, deductible, and coinsurance provisions of a policy of accident and health insurance or managed care plan to the extent that other medical services covered by the policy of accident and health insurance or managed care plan are subject to these provisions.

(d) This Section shall not be construed as limiting benefits that are otherwise available to an individual under a policy of accident and health insurance or managed care plan and benefits provided under this Section may not be subject to dollar limits, deductibles, copayments, or coinsurance provisions that are less favorable to the insured than the dollar limits, deductibles, or coinsurance provisions that apply to physical illness generally.

(e) An insurer may not deny or refuse to provide otherwise covered services, or refuse to renew, refuse to reissue, or otherwise terminate or restrict coverage under an individual contract to provide services to an individual because the individual or their dependent is diagnosed with an autism spectrum disorder or due to the individual utilizing benefits in this Section.

(f) Upon request of the reimbursing insurer, a provider of treatment for autism spectrum disorders shall furnish medical records, clinical notes, or other necessary data that substantiate that initial or continued medical treatment is medically necessary and is resulting in improved clinical status. When treatment is anticipated to require continued services to achieve demonstrable progress, the insurer may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated outcomes stated as goals, and the frequency by which the treatment plan will be updated.

(g) When making a determination of medical necessity for a treatment modality for autism spectrum disorders, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process. During the appeals process, any challenge to medical necessity must be viewed as reasonable only if the review includes a physician with expertise in the most current and effective treatment modalities for autism spectrum disorders.
(h) Coverage for medically necessary early intervention services must be delivered by certified early intervention specialists, as defined in 89 Ill. Admin. Code 500 and any subsequent amendments thereto.

(h-5) If an individual has been diagnosed as having an autism spectrum disorder, meeting the diagnostic criteria in place at the time of diagnosis, and treatment is determined medically necessary, then that individual shall remain eligible for coverage under this Section even if subsequent changes to the diagnostic criteria are adopted by the American Psychiatric Association. If no changes to the diagnostic criteria are adopted after April 1, 2012, and before December 31, 2014, then this subsection (h-5) shall be of no further force and effect.

(h-10) An insurer may not deny or refuse to provide covered services, or refuse to renew, refuse to reissue, or otherwise terminate or restrict coverage under an individual contract, for a person diagnosed with an autism spectrum disorder on the basis that the individual declined an alternative medication or covered service when the individual's health care provider has determined that such medication or covered service may exacerbate clinical symptomatology and is medically contraindicated for the individual and the individual has requested and received a medical exception as provided for under Section 45.1 of the Managed Care Reform and Patient Rights Act. For the purposes of this subsection (h-10), "clinical symptomatology" means any indication of disorder or disease when experienced by an individual as a change from normal function, sensation, or appearance.

(h-15) If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111–148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage outlined in subsection (h-10), then subsection (h-10) is inoperative with respect to all coverage outlined in subsection (h-10) other than that authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of the coverage set forth in subsection (h-10).

(i) As used in this Section:

New matter indicated by italics - deletions by strikeout

AN ACT concerning the lottery.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Lottery Law is amended by changing Section 21.8 as follows:
(20 ILCS 1605/21.8)
Sec. 21.8. Quality of Life scratch-off game.
(a) The Department shall offer a special instant scratch-off game with the title of "Quality of Life". The game shall commence on July 1, 2007 or as soon thereafter, in the discretion of the Director, as is reasonably practical, and shall be discontinued on December 31, 2025. The operation of the game is governed by this Act and by any rules adopted by the Department. The Department must consult with the Quality of Life Board, which is established under Section 2310-348 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois, regarding the design and promotion of the game. If any provision of this Section is inconsistent with any other provision of this Act, then this Section governs.

by the General Assembly solely to the Department of Public Health for the purpose of HIV/AIDS-prevention education and for making grants to public or private entities in Illinois for the purpose of funding organizations that serve the highest at-risk categories for contracting HIV or developing AIDS. Grants shall be targeted to serve at-risk populations in proportion to the distribution of recent reported Illinois HIV/AIDS cases among risk groups as reported by the Illinois Department of Public Health. The recipient organizations must be engaged in HIV/AIDS-prevention education and HIV/AIDS healthcare treatment. The Department must, before grants are awarded, provide copies of all grant applications to the Quality of Life Board, receive and review the Board's recommendations and comments, and consult with the Board regarding the grants. Organizational size will determine an organization's competitive slot in the "Request for Proposal" process. Organizations with an annual budget of $300,000 or less will compete with like size organizations for 50% of the Quality of Life annual fund. Organizations with an annual budget of $300,001 to $700,000 will compete with like organizations for 25% of the Quality of Life annual fund, and organizations with an annual budget of $700,001 and upward will compete with like organizations for 25% of the Quality of Life annual fund. The lottery may designate a percentage of proceeds for marketing purpose. The grant funds may not be used for institutional, organizational, or community-based overhead costs, indirect costs, or levies.

Grants awarded from the Fund are intended to augment the current and future State funding for the prevention and treatment of HIV/AIDS and are not intended to replace that funding.

Moneys received for the purposes of this Section, including, without limitation, net revenue from the special instant scratch-off game and gifts, grants, and awards from any public or private entity, must be deposited into the Fund. Any interest earned on moneys in the Fund must be deposited into the Fund.

For purposes of this subsection, "net revenue" means the total amount for which tickets have been sold less the sum of the amount paid out in prizes and the actual administrative expenses of the Department solely related to the Quality of Life game.

(c) During the time that tickets are sold for the Quality of Life game, the Department shall not unreasonably diminish the efforts devoted to marketing any other instant scratch-off lottery game.

PUBLIC ACT 99-0792
(Senate Bill No. 2562)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3, 11-74.4-3.5, 11-74.4-4, 11-74.4-6, 11-74.4-8, and 11-74.6-22 and by adding Section 11-74.4-3.3 as follows:

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of
the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other

New matter indicated by italics - deletions by strikeout
noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.
(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence

documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate

New matter indicated by italics - deletions by strikeout
that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of

those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.
(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal
Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area

as a "blighted area" or "conservation area" or combination thereof or
"industrial park conservation area," and thereby to enhance the tax bases of
the taxing districts which extend into the redevelopment project area,
provided that, with respect to redevelopment project areas described in
subsections (p-1) and (p-2), "redevelopment plan" means the
comprehensive program of the affected municipality for the development
of qualifying transit facilities. On and after November 1, 1999 (the
effective date of Public Act 91-478), no redevelopment plan may be
approved or amended that includes the development of vacant land (i) with
a golf course and related clubhouse and other facilities or (ii) designated
by federal, State, county, or municipal government as public land for
outdoor recreational activities or for nature preserves and used for that
purpose within 5 years prior to the adoption of the redevelopment plan.
For the purpose of this subsection, "recreational activities" is limited to
mean camping and hunting. Each redevelopment plan shall set forth in
writing the program to be undertaken to accomplish the objectives and
shall include but not be limited to:

(A) an itemized list of estimated redevelopment project
costs;

(B) evidence indicating that the redevelopment project area
on the whole has not been subject to growth and development

evidence shall not be required for any redevelopment project area
located within a transit facility improvement area established
pursuant to Section 11-74.4-3.3;

(C) an assessment of any financial impact of the
redevelopment project area on or any increased demand for
services from any taxing district affected by the plan and any
program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the
redevelopment project area;

(G) an estimate as to the equalized assessed valuation after
redevelopment and the general land uses to apply in the
redevelopment project area;

(H) a commitment to fair employment practices and an
affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan, provided, however, that such a finding shall not be required with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If: (a) the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan; or (b) the redevelopment plan is for a redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3, and the applicable project is subject to the process for evaluation of environmental effects under the National Environmental Policy Act of 1969, 42 U.S.C. § 4321 et seq., then a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family...
units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall

make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(p-1) Notwithstanding any provision of this Act to the contrary, on and after August 25, 2009 (the effective date of Public Act 96-680), a
redevelopment project area may include areas within a one-half mile radius of an existing or proposed Regional Transportation Authority Suburban Transit Access Route (STAR Line) station without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or a combination thereof, but only if the municipality receives unanimous consent from the joint review board created to review the proposed redevelopment project area.

(p-2) Notwithstanding any provision of this Act to the contrary, on and after the effective date of this amendatory Act of the 99th General Assembly, a redevelopment project area may include areas within a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3 without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or any combination thereof.

(q) "Redevelopment project costs", except for redevelopment project areas created pursuant to subsections (p-1) or (p-2), means and includes the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or

advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment; including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification;

(4) Costs of the construction of public works or improvements, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is

not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999, or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan, or (iii) the new municipal public building is for the storage, maintenance, or repair of transit vehicles and is located in a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the
boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

   (i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;
   (ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita for the library in the previous fiscal year. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library

district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

New matter indicated by italics - deletions by strikeout
(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;  
(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;  
(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and  
(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).  
(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.  
The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of
the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

For the purposes of this paragraph, "low-income families" means families whose annual

income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

(14) No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934), unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this item (14) means (i) a place or structure that is included or eligible for inclusion on the National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This item (14) does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(q-1) For redevelopment project areas created pursuant to subsection (p-1), redevelopment project costs are limited to those costs in paragraph (q) that are related to the existing or proposed Regional Transportation Authority Suburban Transit Access Route (STAR Line) station.

(q-2) For a redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3, redevelopment project costs means those costs described in subsection (q) that are related to the construction, reconstruction, rehabilitation, remodeling, or repair of any existing or proposed transit facility.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act,
PUBLIC ACT 99-0792

Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(x) "LEED certified" means any certification level of construction elements by a qualified Leadership in Energy and Environmental Design Accredited Professional as determined by the U.S. Green Building Council.

(b) Notwithstanding any other provision of law to the contrary, if the corporate authorities of a municipality designate an area within the territorial limits of the municipality as a transit facility improvement area,
then that municipality may establish one or more redevelopment project areas within that transit facility improvement area for the purpose of developing new transit facilities, expanding or rehabilitating existing transit facilities, or both. With respect to a transit facility whose right of way is located in more than one municipality, each municipality may designate an area within its territorial limits as a transit facility improvement area and may establish a redevelopment project area for each of the qualifying projects identified in subsection (a) of this Section.

(f) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Sec. 11-74.4-4. Municipal powers and duties; redevelopment project areas. The changes made by this amendatory Act of the 91st General Assembly do not apply to a municipality that, (i) before the effective date of this amendatory Act of the 91st General Assembly, has adopted an ordinance or resolution fixing a time and place for a public hearing under Section 11-74.4-5 or (ii) before July 1, 1999, has adopted an ordinance or resolution providing for a feasibility study under Section 11-74.4-4.1, but has not yet adopted an ordinance approving redevelopment plans and redevelopment projects or designating redevelopment project areas under this Section, until after that municipality adopts an ordinance approving redevelopment plans and redevelopment projects or designating redevelopment project areas under this Section; thereafter the changes made by this amendatory Act of the 91st General Assembly apply to the same extent that they apply to redevelopment plans and redevelopment projects that were approved and redevelopment projects that were designated before the effective date of this amendatory Act of the 91st General Assembly.

A municipality may:
(a) By ordinance introduced in the governing body of the municipality within 14 to 90 days from the completion of the hearing specified in Section 11-74.4-5 approve redevelopment plans and redevelopment projects, and designate redevelopment project areas pursuant to notice and hearing required by this Act. No redevelopment project area shall be designated unless a plan and project are approved prior to the designation of such area and such area shall include only those contiguous parcels of real property and improvements thereon substantially benefited by the proposed redevelopment project improvements. Upon adoption of the ordinances, the municipality shall forthwith transmit to the county clerk of the county or counties within which the redevelopment project area is located a certified copy of the

ordinances, a legal description of the redevelopment project area, a map of
the redevelopment project area, identification of the year that the county
clerk shall use for determining the total initial equalized assessed value of
the redevelopment project area consistent with subsection (a) of Section
11-74.4-9, and a list of the parcel or tax identification number of each
parcel of property included in the redevelopment project area.

(b) Make and enter into all contracts with property owners,
developers, tenants, overlapping taxing bodies, and others necessary or
incidental to the implementation and furtherance of its redevelopment plan
and project. Contract provisions concerning loan repayment obligations in
contracts entered into on or after the effective date of this amendatory Act
of the 93rd General Assembly shall terminate no later than the last to occur
of the estimated dates of completion of the redevelopment project and
retirement of the obligations issued to finance redevelopment project costs
as required by item (3) of subsection (n) of Section 11-74.4-3. Payments
received under contracts entered into by the municipality prior to the
effective date of this amendatory Act of the 93rd General Assembly that
are received after the redevelopment project area has been terminated by
municipal ordinance shall be deposited into a special fund of the
municipality to be used for other community redevelopment needs within
the redevelopment project area.

(c) Within a redevelopment project area, acquire by purchase,
donation, lease or eminent domain; own, convey, lease, mortgage or
dispose of land and other property, real or personal, or rights or interests
therein, and grant or acquire licenses, easements and options with respect
thereto, all in the manner and at such price the municipality determines is
reasonably necessary to achieve the objectives of the redevelopment plan
and project. No conveyance, lease, mortgage, disposition of land or other
property owned by a municipality, or agreement relating to the
development of such municipal property shall be made except upon the
adoption of an ordinance by the corporate authorities of the municipality.
Furthermore, no conveyance, lease, mortgage, or other disposition of land
owned by a municipality or agreement relating to the development of such
municipal property shall be made without making public disclosure of the
terms of the disposition and all bids and proposals made in response to the
municipality's request. The procedures for obtaining such bids and

(f) Install, repair, construct, reconstruct or relocate streets, utilities and site improvements essential to the preparation of the redevelopment area for use in accordance with a redevelopment plan.

(g) Within a redevelopment project area, fix, charge and collect fees, rents and charges for the use of any building or property owned or leased by it or any part thereof, or facility therein.

(h) Accept grants, guarantees and donations of property, labor, or other things of value from a public or private source for use within a project redevelopment area.

(i) Acquire and construct public facilities within a redevelopment project area, as permitted under this Act.

(j) Incur project redevelopment costs and reimburse developers who incur redevelopment project costs authorized by a redevelopment agreement; provided, however, that on and after the effective date of this amendatory Act of the 91st General Assembly, no municipality shall incur redevelopment project costs (except for planning costs and any other eligible costs authorized by municipal ordinance or resolution that are subsequently included in the redevelopment plan for the area and are incurred by the municipality after the ordinance or resolution is adopted) that are not consistent with the program for accomplishing the objectives of the redevelopment plan as included in that plan and approved by the municipality until the municipality has amended the redevelopment plan as provided elsewhere in this Act.

(k) Create a commission of not less than 5 or more than 15 persons to be appointed by the mayor or president of the municipality with the consent of the majority of the governing board of the municipality. Members of a commission appointed after the effective date of this amendatory Act of 1987 shall be appointed for initial terms of 1, 2, 3, 4 and 5 years, respectively, in such numbers as to provide that the terms of not more than 1/3 of all such members shall expire in any one year. Their successors shall be appointed for a term of 5 years. The commission, subject to approval of the corporate authorities may exercise the powers enumerated in this Section. The commission shall also have the power to hold the public hearings required by this division and make recommendations to the corporate authorities concerning the adoption of

redevelopment plans, redevelopment projects and designation of redevelopment project areas.

(l) Make payment in lieu of taxes or a portion thereof to taxing districts. If payments in lieu of taxes or a portion thereof are made to taxing districts, those payments shall be made to all districts within a project redevelopment area on a basis which is proportional to the current collections of revenue which each taxing district receives from real property in the redevelopment project area.

(m) Exercise any and all other powers necessary to effectuate the purposes of this Act.

(n) If any member of the corporate authority, a member of a commission established pursuant to Section 11-74.4-4(k) of this Act, or an employee or consultant of the municipality involved in the planning and preparation of a redevelopment plan, or project for a redevelopment project area or proposed redevelopment project area, as defined in Sections 11-74.4-3(i) through (k) of this Act, owns or controls an interest, direct or indirect, in any property included in any redevelopment area, or proposed redevelopment area, he or she shall disclose the same in writing to the clerk of the municipality, and shall also so disclose the dates and terms and conditions of any disposition of any such interest, which disclosures shall be acknowledged by the corporate authorities and entered upon the minute books of the corporate authorities. If an individual holds such an interest then that individual shall refrain from any further official involvement in regard to such redevelopment plan, project or area, from voting on any matter pertaining to such redevelopment plan, project or area, or communicating with other members concerning corporate authorities, commission or employees concerning any matter pertaining to said redevelopment plan, project or area. Furthermore, no such member or employee shall acquire of any interest direct, or indirect, in any property in a redevelopment area or proposed redevelopment area after either (a) such individual obtains knowledge of such plan, project or area or (b) first public notice of such plan, project or area pursuant to Section 11-74.4-6 of this Division, whichever occurs first. For the purposes of this subsection, a property interest acquired in a single parcel of property by a member of the corporate authority, which property is used exclusively as the member's primary residence, shall not be deemed to constitute an interest in any property included in a redevelopment area or proposed redevelopment area that was established before December 31, 1989, but the member must disclose the acquisition to the municipal clerk under the provisions of this

subsection. A single property interest acquired within one year after the effective date of this amendatory Act of the 94th General Assembly or 2 years after the effective date of this amendatory Act of the 95th General Assembly by a member of the corporate authority does not constitute an interest in any property included in any redevelopment area or proposed redevelopment area, regardless of when the redevelopment area was established, if (i) the property is used exclusively as the member's primary residence, (ii) the member discloses the acquisition to the municipal clerk under the provisions of this subsection, (iii) the acquisition is for fair market value, (iv) the member acquires the property as a result of the property being publicly advertised for sale, and (v) the member refrains from voting on, and communicating with other members concerning, any matter when the benefits to the redevelopment project or area would be significantly greater than the benefits to the municipality as a whole. For the purposes of this subsection, a month-to-month leasehold interest in a single parcel of property by a member of the corporate authority shall not be deemed to constitute an interest in any property included in any redevelopment area or proposed redevelopment area, but the member must disclose the interest to the municipal clerk under the provisions of this subsection.

(o) Create a Tax Increment Economic Development Advisory Committee to be appointed by the Mayor or President of the municipality with the consent of the majority of the governing board of the municipality, the members of which Committee shall be appointed for initial terms of 1, 2, 3, 4 and 5 years respectively, in such numbers as to provide that the terms of not more than 1/3 of all such members shall expire in any one year. Their successors shall be appointed for a term of 5 years. The Committee shall have none of the powers enumerated in this Section. The Committee shall serve in an advisory capacity only. The Committee may advise the governing Board of the municipality and other municipal officials regarding development issues and opportunities within the redevelopment project area or the area within the State Sales Tax Boundary. The Committee may also promote and publicize development opportunities in the redevelopment project area or the area within the State Sales Tax Boundary.

(p) Municipalities may jointly undertake and perform redevelopment plans and projects and utilize the provisions of the Act wherever they have contiguous redevelopment project areas or they determine to adopt tax increment financing with respect to a

redevelopment project area which includes contiguous real property within the boundaries of the municipalities, and in doing so, they may, by agreement between municipalities, issue obligations, separately or jointly, and expend revenues received under the Act for eligible expenses anywhere within contiguous redevelopment project areas or as otherwise permitted in the Act. With respect to redevelopment project areas that are established within a transit facility improvement area, the provisions of this subsection apply only with respect to such redevelopment project areas that are contiguous to each other.

(q) Utilize revenues, other than State sales tax increment revenues, received under this Act from one redevelopment project area for eligible costs in another redevelopment project area that is:

(i) contiguous to the redevelopment project area from which the revenues are received;

(ii) separated only by a public right of way from the redevelopment project area from which the revenues are received; or

(iii) separated only by forest preserve property from the redevelopment project area from which the revenues are received if the closest boundaries of the redevelopment project areas that are separated by the forest preserve property are less than one mile apart.

Utilize tax increment revenues for eligible costs that are received from a redevelopment project area created under the Industrial Jobs Recovery Law that is either contiguous to, or is separated only by a public right of way from, the redevelopment project area created under this Act which initially receives these revenues. Utilize revenues, other than State sales tax increment revenues, by transferring or loaning such revenues to a redevelopment project area created under the Industrial Jobs Recovery Law that is either contiguous to, or separated only by a public right of way from the redevelopment project area that initially produced and received those revenues; and, if the redevelopment project area (i) was established before the effective date of this amendatory Act of the 91st General Assembly and (ii) is located within a municipality with a population of more than 100,000, utilize revenues or proceeds of obligations authorized by Section 11-74.4-7 of this Act, other than use or occupation tax revenues, to pay for any redevelopment project costs as defined by subsection (q) of Section 11-74.4-3 to the extent that the redevelopment project costs involve public property that is either contiguous to, or...

separated only by a public right of way from, a redevelopment project area whether or not redevelopment project costs or the source of payment for the costs are specifically set forth in the redevelopment plan for the redevelopment project area.

(r) If no redevelopment project has been initiated in a redevelopment project area within 7 years after the area was designated by ordinance under subsection (a), the municipality shall adopt an ordinance repealing the area's designation as a redevelopment project area; provided, however, that if an area received its designation more than 3 years before the effective date of this amendatory Act of 1994 and no redevelopment project has been initiated within 4 years after the effective date of this amendatory Act of 1994, the municipality shall adopt an ordinance repealing its designation as a redevelopment project area. Initiation of a redevelopment project shall be evidenced by either a signed redevelopment agreement or expenditures on eligible redevelopment project costs associated with a redevelopment project.

Notwithstanding any other provision of this Section to the contrary, with respect to a redevelopment project area designated by an ordinance that was adopted on July 29, 1998 by the City of Chicago, the City of Chicago shall adopt an ordinance repealing the area's designation as a redevelopment project area if no redevelopment project has been initiated in the redevelopment project area within 15 years after the designation of the area. The City of Chicago may retroactively repeal any ordinance adopted by the City of Chicago, pursuant to this subsection (r), that repealed the designation of a redevelopment project area designated by an ordinance that was adopted by the City of Chicago on July 29, 1998. The City of Chicago has 90 days after the effective date of this amendatory Act to repeal the ordinance. The changes to this Section made by this amendatory Act of the 96th General Assembly apply retroactively to July 27, 2005.

Sec. 11-74.4-6. (a) Except as provided herein, notice of the public hearing shall be given by publication and mailing; provided, however, that no notice by mailing shall be required under this subsection (a) with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3. Notice by publication shall be given by publication at least twice, the first publication to be not more than 30 nor less than 10 days prior to the

hearing in a newspaper of general circulation within the taxing districts having property in the proposed redevelopment project area. Notice by mailing shall be given by depositing such notice in the United States mails by certified mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each lot, block, tract, or parcel of land lying within the project redevelopment area. Said notice shall be mailed not less than 10 days prior to the date set for the public hearing. In the event taxes for the last preceding year were not paid, the notice shall also be sent to the persons last listed on the tax rolls within the preceding 3 years as the owners of such property. For redevelopment project areas with redevelopment plans or proposed redevelopment plans that would require removal of 10 or more inhabited residential units or that contain 75 or more inhabited residential units, the municipality shall make a good faith effort to notify by mail all residents of the redevelopment project area. At a minimum, the municipality shall mail a notice to each residential address located within the redevelopment project area. The municipality shall endeavor to ensure that all such notices are effectively communicated and shall include (in addition to notice in English) notice in the predominant language other than English when appropriate.

(b) The notices issued pursuant to this Section shall include the following:

1. The time and place of public hearing.
2. The boundaries of the proposed redevelopment project area by legal description and by street location where possible.
3. A notification that all interested persons will be given an opportunity to be heard at the public hearing.
4. A description of the redevelopment plan or redevelopment project for the proposed redevelopment project area if a plan or project is the subject matter of the hearing.
5. Such other matters as the municipality may deem appropriate.

(c) Not less than 45 days prior to the date set for hearing, the municipality shall give notice by mail as provided in subsection (a) to all taxing districts of which taxable property is included in the redevelopment project area, project or plan and to the Department of Commerce and Economic Opportunity, and in addition to the other requirements under subsection (b) the notice shall include an invitation to the Department of Commerce and Economic Opportunity and each taxing district to submit

(d) In the event that any municipality has by ordinance adopted tax increment financing prior to 1987, and has complied with the notice requirements of this Section, except that the notice has not included the requirements of subsection (b), paragraphs (2), (3) and (4), and within 90 days of the effective date of this amendatory Act of 1991, that municipality passes an ordinance which contains findings that: (1) all taxing districts prior to the time of the hearing required by Section 11-74.4-5 were furnished with copies of a map incorporated into the redevelopment plan and project substantially showing the legal boundaries of the redevelopment project area; (2) the redevelopment plan and project, or a draft thereof, contained a map substantially showing the legal boundaries of the redevelopment project area and was available to the public at the time of the hearing; and (3) since the adoption of any form of tax increment financing authorized by this Act, and prior to June 1, 1991, no objection or challenge has been made in writing to the municipality in respect to the notices required by this Section, then the municipality shall be deemed to have met the notice requirements of this Act and all actions of the municipality taken in connection with such notices as were given are hereby validated and hereby declared to be legally sufficient for all purposes of this Act.

(e) If a municipality desires to propose a redevelopment plan for a redevelopment project area that would result in the displacement of residents from 10 or more inhabited residential units or for a redevelopment project area that contains 75 or more inhabited residential units, the municipality shall hold a public meeting before the mailing of the notices of public hearing as provided in subsection (c) of this Section. However, such a meeting shall be required for any redevelopment plan for a redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3 if the applicable project is subject to the process for evaluation of environmental effects under the National Environmental Policy Act of 1969, 42 U.S.C. § 4321 et seq. The meeting shall be for the purpose of enabling the municipality to advise the public, taxing districts having real property in the redevelopment project area, taxpayers who own property in the proposed redevelopment project area, and residents in the area as to the municipality's possible intent to prepare a redevelopment plan and designate a redevelopment project area and to receive public comment. The time and place for the meeting shall
be set by the head of the municipality's Department of Planning or other department official designated by the mayor or city or village manager without the necessity of a resolution or ordinance of the municipality and may be held by a member of the staff of the Department of Planning of the municipality or by any other person, body, or commission designated by the corporate authorities. The meeting shall be held at least 14 business days before the mailing of the notice of public hearing provided for in subsection (c) of this Section.

Notice of the public meeting shall be given by mail. Notice by mail shall be not less than 15 days before the date of the meeting and shall be sent by certified mail to all taxing districts having real property in the proposed redevelopment project area and to all entities requesting that information that have registered with a person and department designated by the municipality in accordance with registration guidelines established by the municipality pursuant to Section 11-74.4-4.2. The municipality shall make a good faith effort to notify all residents and the last known persons who paid property taxes on real estate in a redevelopment project area. This requirement shall be deemed to be satisfied if the municipality mails, by regular mail, a notice to each residential address and the person or persons in whose name property taxes were paid on real property for the last preceding year located within the redevelopment project area. Notice shall be in languages other than English when appropriate. The notices issued under this subsection shall include the following:

1. The time and place of the meeting.
2. The boundaries of the area to be studied for possible designation as a redevelopment project area by street and location.
3. The purpose or purposes of establishing a redevelopment project area.
5. The name, telephone number, and address of the person who can be contacted for additional information about the proposed redevelopment project area and who should receive all comments and suggestions regarding the development of the area to be studied.

7. Such other matters as the municipality deems appropriate.

(65 ILCS 5/11-74.4-8) (from Ch. 24, par. 11-74.4-8)

Sec. 11-74.4-8. Tax increment allocation financing. A municipality may not adopt tax increment financing in a redevelopment project area after the effective date of this amendatory Act of 1997 that will encompass an area that is currently included in an enterprise zone created under the Illinois Enterprise Zone Act unless that municipality, pursuant to Section 5.4 of the Illinois Enterprise Zone Act, amends the enterprise zone designating ordinance to limit the eligibility for tax abatements as provided in Section 5.4.1 of the Illinois Enterprise Zone Act. A municipality, at the time a redevelopment project area is designated, may adopt tax increment allocation financing by passing an ordinance providing that the ad valorem taxes, if any, arising from the levies upon taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 each year after the effective date of the ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under this Division have been paid shall be divided as follows, provided, however, that with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3 in a municipality with a population of 1,000,000 or more, ad valorem taxes, if any, arising from the levies upon taxable real property in such redevelopment project area shall be allocated as specifically provided in this Section:

(a) That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(b) Except from a tax levied by a township to retire bonds issued to satisfy court-ordered damages, that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of

each taxable lot, block, tract or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the project area shall be allocated to and when collected shall be paid to the municipal treasurer who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof. In any county with a population of 3,000,000 or more that has adopted a procedure for collecting taxes that provides for one or more of the installments of the taxes to be billed and collected on an estimated basis, the municipal treasurer shall be paid for deposit in the special tax allocation fund of the municipality, from the taxes collected from estimated bills issued for property in the redevelopment project area, the difference between the amount actually collected from each taxable lot, block, tract, or parcel of real property within the redevelopment project area and an amount determined by multiplying the rate at which taxes were last extended against the taxable lot, block, track, or parcel of real property in the manner provided in subsection (c) of Section 11-74.4-9 by the initial equalized assessed value of the property divided by the number of installments in which real estate taxes are billed and collected within the county; provided that the payments on or before December 31, 1999 to a municipal treasurer shall be made only if each of the following conditions are met:

(1) The total equalized assessed value of the redevelopment project area as last determined was not less than 175% of the total initial equalized assessed value.

(2) Not more than 50% of the total equalized assessed value of the redevelopment project area as last determined is attributable to a piece of property assigned a single real estate index number.

(3) The municipal clerk has certified to the county clerk that the municipality has issued its obligations to which there has been pledged the incremental property taxes of the redevelopment project area or taxes levied and collected on any or all property in the municipality or the full faith and credit of the municipality to pay or secure payment for all or a portion of the redevelopment project costs. The certification shall be filed annually no later than September 1 for the estimated taxes to be distributed in the following year; however, for the year 1992 the certification shall be made at any time on or before March 31, 1992.

New matter indicated by italics - deletions by strikeout
(4) The municipality has not requested that the total initial equalized assessed value of real property be adjusted as provided in subsection (b) of Section 11-74.4-9.

The conditions of paragraphs (1) through (4) do not apply after December 31, 1999 to payments to a municipal treasurer made by a county with 3,000,000 or more inhabitants that has adopted an estimated billing procedure for collecting taxes. If a county that has adopted the estimated billing procedure makes an erroneous overpayment of tax revenue to the municipal treasurer, then the county may seek a refund of that overpayment. The county shall send the municipal treasurer a notice of liability for the overpayment on or before the mailing date of the next real estate tax bill within the county. The refund shall be limited to the amount of the overpayment.

It is the intent of this Division that after the effective date of this amendatory Act of 1988 a municipality's own ad valorem tax arising from levies on taxable real property be included in the determination of incremental revenue in the manner provided in paragraph (c) of Section 11-74.4-9. If the municipality does not extend such a tax, it shall annually deposit in the municipality's Special Tax Increment Fund an amount equal to 10% of the total contributions to the fund from all other taxing districts in that year. The annual 10% deposit required by this paragraph shall be limited to the actual amount of municipally produced incremental tax revenues available to the municipality from taxpayers located in the redevelopment project area in that year: (a) the plan for the area restricts the use of the property primarily to industrial purposes, (b) the municipality establishing the redevelopment project area is a home-rule community with a 1990 population of between 25,000 and 50,000, (c) the municipality is wholly located within a county with a 1990 population of over 750,000 and (d) the redevelopment project area was established by the municipality prior to June 1, 1990. This payment shall be in lieu of a contribution of ad valorem taxes on real property. If no such payment is made, any redevelopment project area of the municipality shall be dissolved.

If a municipality has adopted tax increment allocation financing by ordinance and the County Clerk thereafter certifies the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area in the manner provided in paragraph (b) of Section 11-74.4-9, each year after the date of the certification of the total initial equalized assessed value as adjusted until redevelopment
project costs and all municipal obligations financing redevelopment project costs have been paid the ad valorem taxes, if any, arising from the levies upon the taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 shall be divided as follows, provided, however, that with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3 in a municipality with a population of 1,000,000 or more, ad valorem taxes, if any, arising from the levies upon the taxable real property in such redevelopment project area shall be allocated as specifically provided in this Section:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or "current equalized assessed value as adjusted" or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted, minus the total current homestead exemptions under Article 15 of the Property Tax Code in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the redevelopment project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, minus the total current homestead exemptions pertaining to each piece of property provided by Article 15 of the Property Tax Code in the redevelopment project area, shall be allocated to and when collected shall be paid to the municipal Treasurer, who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof.

The municipality may pledge in the ordinance the funds in and to be deposited in the special tax allocation fund for the payment of such costs and obligations. No part of the current equalized assessed valuation

of each property in the redevelopment project area attributable to any increase above the total initial equalized assessed value, or the total initial equalized assessed value as adjusted, of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all redevelopment project costs have been paid as provided for in this Section.

Whenever a municipality issues bonds for the purpose of financing redevelopment project costs, such municipality may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of such funds or accounts to be maintained by such trustee as the municipality shall deem necessary to provide for the security and payment of the bonds. If such municipality provides for the appointment of a trustee, such trustee shall be considered the assignee of any payments assigned by the municipality pursuant to such ordinance and this Section. Any amounts paid to such trustee as assignee shall be deposited in the funds or accounts established pursuant to such trust agreement, and shall be held by such trustee in trust for the benefit of the holders of the bonds, and such holders shall have a lien on and a security interest in such funds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the municipality for deposit in the special tax allocation fund.

When such redevelopment projects costs, including without limitation all municipal obligations financing redevelopment project costs incurred under this Division, have been paid, all surplus funds then remaining in the special tax allocation fund shall be distributed by being paid by the municipal treasurer to the Department of Revenue, the municipality and the county collector; first to the Department of Revenue and the municipality in direct proportion to the tax incremental revenue received from the State and the municipality, but not to exceed the total incremental revenue received from the State or the municipality less any annual surplus distribution of incremental revenue previously made; with any remaining funds to be paid to the County Collector who shall immediately thereafter pay said funds to the taxing districts in the redevelopment project area in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Upon the payment of all redevelopment project costs, the retirement of obligations, the distribution of any excess monies pursuant to

New matter indicated by italics - deletions by strikeout
this Section, and final closing of the books and records of the redevelopment project area, the municipality shall adopt an ordinance dissolving the special tax allocation fund for the redevelopment project area and terminating the designation of the redevelopment project area as a redevelopment project area. Title to real or personal property and public improvements acquired by or for the municipality as a result of the redevelopment project and plan shall vest in the municipality when acquired and shall continue to be held by the municipality after the redevelopment project area has been terminated. Municipalities shall notify affected taxing districts prior to November 1 if the redevelopment project area is to be terminated by December 31 of that same year. If a municipality extends estimated dates of completion of a redevelopment project and retirement of obligations to finance a redevelopment project, as allowed by this amendatory Act of 1993, that extension shall not extend the property tax increment allocation financing authorized by this Section. Thereafter the rates of the taxing districts shall be extended and taxes levied, collected and distributed in the manner applicable in the absence of the adoption of tax increment allocation financing.

If a municipality with a population of 1,000,000 or more has adopted by ordinance tax increment allocation financing for a redevelopment project area located in a transit facility improvement area established pursuant to Section 11-74.4-3.3, for each year after the effective date of the ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs have been paid, the ad valorem taxes, if any, arising from the levies upon the taxable real property in that redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of (i) the current equalized assessed value or "current equalized assessed value as adjusted" or (ii) the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted, minus the total current homestead exemptions under Article 15 of the Property Tax Code in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the
manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the redevelopment project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, minus the total current homestead exemptions pertaining to each piece of property provided by Article 15 of the Property Tax Code in the redevelopment project area, shall be allocated to and when collected shall be paid by the county collector as follows:

(A) First, that portion which would be payable to a school district whose boundaries are coterminous with such municipality in the absence of the adoption of tax increment allocation financing, shall be paid to such school district in the manner required by law in the absence of the adoption of tax increment allocation financing; then

(B) 80% of the remaining portion shall be paid to the municipal Treasurer, who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof; and then

(C) 20% of the remaining portion shall be paid to the respective affected taxing districts, other than the school district described in clause (a) above, in the manner required by law in the absence of the adoption of tax increment allocation financing.

Nothing in this Section shall be construed as relieving property in such redevelopment project areas from being assessed as provided in the Property Tax Code or as relieving owners of such property from paying a uniform rate of taxes, as required by Section 4 of Article IX of the Illinois Constitution.

(a) Before adoption of an ordinance proposing the designation of a redevelopment planning area or a redevelopment project area, or both, or
approving a redevelopment plan or redevelopment project, the
municipality or commission designated pursuant to subsection (l) of
Section 11-74.6-15 shall fix by ordinance or resolution a time and place
for public hearing. Prior to the adoption of the ordinance or resolution
establishing the time and place for the public hearing, the municipality
shall make available for public inspection a redevelopment plan or a report
that provides in sufficient detail, the basis for the eligibility of the
redevelopment project area. The report along with the name of a person to
contact for further information shall be sent to the affected taxing district
by certified mail within a reasonable time following the adoption of the
ordinance or resolution establishing the time and place for the public

At the public hearing any interested person or affected taxing
district may file with the municipal clerk written objections to the
ordinance and may be heard orally on any issues that are the subject of the
hearing. The municipality shall hear and determine all alternate proposals
or bids for any proposed conveyance, lease, mortgage or other disposition
of land and all protests and objections at the hearing and the hearing may
be adjourned to another date without further notice other than a motion to
be entered upon the minutes fixing the time and place of the later hearing.
At the public hearing or at any time prior to the adoption by the
municipality of an ordinance approving a redevelopment plan, the
municipality may make changes in the redevelopment plan. Changes
which (1) add additional parcels of property to the proposed
redevelopment project area, (2) substantially affect the general land uses
proposed in the redevelopment plan, or (3) substantially change the nature
of or extend the life of the redevelopment project shall be made only after
the municipality gives notice, convenes a joint review board, and conducts
a public hearing pursuant to the procedures set forth in this Section and in
Section 11-74.6-25. Changes which do not (1) add additional parcels of
property to the proposed redevelopment project area, (2) substantially
affect the general land uses proposed in the redevelopment plan, or (3)
substantially change the nature of or extend the life of the redevelopment
project may be made without further hearing, provided that the
municipality shall give notice of any such changes by mail to each affected
taxing district and by publication once in a newspaper of general
circulation within the affected taxing district. Such notice by mail and by
publication shall each occur not later than 10 days following the adoption
by ordinance of such changes.

(b) Before adoption of an ordinance proposing the designation of a redevelopment planning area or a redevelopment project area, or both, or amending the boundaries of an existing redevelopment project area or redevelopment planning area, or both, the municipality shall convene a joint review board to consider the proposal. The board shall consist of a representative selected by each taxing district that has authority to levy real property taxes on the property within the proposed redevelopment project area and that has at least 5% of its total equalized assessed value located within the proposed redevelopment project area, a representative selected by the municipality and a public member. The public member and the board's chairperson shall be selected by a majority of other board members.

All board members shall be appointed and the first board meeting held within 14 days following the notice by the municipality to all the taxing districts as required by subsection (c) of Section 11-74.6-25. The notice shall also advise the taxing bodies represented on the joint review board of the time and place of the first meeting of the board. Additional meetings of the board shall be held upon the call of any 2 members. The municipality seeking designation of the redevelopment project area may provide administrative support to the board.

The board shall review the public record, planning documents and proposed ordinances approving the redevelopment plan and project to be adopted by the municipality. As part of its deliberations, the board may hold additional hearings on the proposal. A board's recommendation, if any, shall be a written recommendation adopted by a majority vote of the board and submitted to the municipality within 30 days after the board convenes. A board's recommendation shall be binding upon the municipality. Failure of the board to submit its recommendation on a timely basis shall not be cause to delay the public hearing or the process of establishing or amending the redevelopment project area. The board's recommendation on the proposal shall be based upon the area satisfying the applicable eligibility criteria defined in Section 11-74.6-10 and whether there is a basis for the municipal findings set forth in the redevelopment plan as required by this Act. If the board does not file a recommendation it shall be presumed that the board has found that the redevelopment project area satisfies the eligibility criteria.

the case of residential property constructed or renovated by students as part of a curricular program, may engage the services of a licensed real estate broker to sell the property for a commission not to exceed 7%, contingent on the public listing of the property on a multiple listing service for a minimum of 14 calendar days and the sale of the property within 120 days.

Unless legal title to the land is held by the school board, the school board shall forthwith notify the trustees of schools or other school officials having legal title to such land of the terms upon which they desire the property to be sold. If the property is to be sold to another unit of local government or school district, the school board, trustees of schools, or other school officials having legal title to the land shall proceed in the manner provided in the Local Government Property Transfer Act. In all other cases, except if the property is to be sold to a tenant that has leased the property for 10 or more years and that tenant is a non-profit agency, the school board, trustees of schools, or other school officials having legal title to the land shall, within 60 days after adoption of the resolution (if the school board holds legal title to the land), or within 60 days after the trustees of school or other school officials having legal title receive the notice (if the school board does not hold legal title to the land), sell the property at public sale, by auction or sealed bids, after first giving notice of the time, place, and terms thereof by notice published once each week for 3 successive weeks prior to the date of the sale if sale is by auction, or prior to the final date of acceptance of bids if sale is by sealed bids, in a newspaper published in the district or, if no such newspaper is published in the district, then in a newspaper published in the county and having a general circulation in the district; however, if territory containing a school site, building, or site with building thereon, is detached from the school district of which it is a part after proceedings have been commenced under this Section for the sale of that school site, building, or site with building thereon, but before the sale is held, then the school board, trustees of schools, or other school officials having legal title shall not advertise or sell that school site, building, or site with building thereon, pursuant to those proceedings. The notices may be in the following form:

Notice is hereby given that on (insert date), the (here insert title of the school board, trustees of school, or other school officials holding legal title) of (county) (Township No. ...., Range No. ....     (Here insert title of school officials holding legal title)

For purposes of determining "terms of sale" under this Section, the General Assembly declares by this clarifying and amendatory Act of 1983 that "terms of sale" are not limited to sales for cash only but include contracts for deed, mortgages, and such other seller financed terms as may be specified by the school board.

If a school board specifies a reasonable minimum selling price and that price is not met or if no bids are received, the school board may adopt a resolution determining or directing that the services of a licensed real estate broker be engaged to sell the property for a commission not to exceed 7%, contingent on the sale of the property within 120 days. If legal title to the property is not held by the school board, the trustees of schools or other school officials having legal title shall, upon receipt of the resolution, engage the services of a licensed real estate broker as directed in the resolution. The board may accept a written offer equal to or greater than the established minimum selling price for the described property. The services of a licensed real estate broker may be utilized to seek a buyer. If the board lowers the minimum selling price on the described property, the public sale procedures set forth in this Section must be followed. The board may raise the minimum selling price without repeating the public sale procedures.

In the case of a sale of property to a tenant that has leased the property for 10 or more years and that is a non-profit agency, an appraisal is required prior to the sale. If the non-profit agency purchases the property for less than the appraised value and subsequently sells the property, the agency may retain only a percentage of the profits that is proportional to the percentage of the appraisal, plus any improvements made by the agency while the agency was the owner, that the agency paid in the initial
sale. The remaining portion of the profits made by the non-profit agency shall revert to the school district.

The deed of conveyance shall be executed by the president and clerk or secretary of the school board, trustees of schools, or other school officials having legal title to the land, and the proceeds paid to the school treasurer for the benefit of the district; provided, that the proceeds of any such sale on the island of Kaskaskia shall be paid to the State Treasurer for the use of the district and shall be disbursed by him in the same manner as income from the Kaskaskia Commons permanent school fund. The school board shall use the proceeds from the sale first to pay the principal and interest on any outstanding bonds on the property being sold, and after all such bonds have been retired, the remaining proceeds from the sale next shall be used by the school board to meet any urgent district needs as determined under Sections 2-3.12 and 17-2.11 and then for any other authorized purpose and for deposit into any district fund. But whenever the school board of any school district determines that any schoolhouse site with or without a building thereon is of no further use to the district, and agrees with the school board of any other school district within the boundaries of which the site is situated, upon the sale thereof to that district, and agrees upon the price to be paid therefor, and the site is selected by the purchasing district in the manner required by law, then after the payment of the compensation the school board, township trustees, or other school officials having legal title to the land of the schools shall, by proper instrument in writing, convey the legal title of the site to the school board of the purchasing district, or to the trustees of schools for the use of the purchasing district, in accordance with law. The provisions of this Section shall not apply to any sale made pursuant to Section 5-23 or Section 5-24 or Section 32-4.

AN ACT concerning military justice.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 0.01. Short title. This Act may be cited as the Illinois Code of Military Justice.

Section 0.02. Purpose. This Code is an exercise of the General Assembly's authority in the Constitution of the State of Illinois to provide for "discipline of the militia in conformity with the laws governing the armed forces of the United States" (Illinois Constitution, Article XII, Section 3). This Code is in conformity with the Uniform Code of Military Justice, at 10 U.S.C. The purpose of this Act is to permit discipline of the Illinois National Guard by providing a military justice system that includes court-martial authorities meeting current legal standards of due process.

Section 0.03. References. Sections 1 through 149 of this Code are also designated as Articles to conform to the federal Uniform Code of Military Justice to the extent possible.

courts-martial in the State military forces are:
(1) general courts-martial, consisting of:
   (A) a military judge and not less than 5 members; or

       a military judge and the military judge approves;
(2) special courts-martial, consisting of:
   (A) a military judge and not less than 3 members; or

If objection to trial by summary court-martial is made by an accused, trial by special or general court-martial may be ordered, as may be appropriate. Summary courts-martial may, under such limitations as the Governor may prescribe, adjudge any punishment not forbidden by this Code except dismissal, dishonorable or bad-conduct discharge, confinement for more than one month, restriction to specified limits for more than 2 months, or forfeiture of more than two-thirds of one month's pay.

(b) Whenever a general court-martial, other than a general court-martial composed of a military judge only, is reduced below 5 members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than the applicable minimum number of 5 members. The trial may proceed with the new members present after the recorded evidence previously introduced before the members of the court has been read to the court in the presence of the military judge, the accused, and counsel for both sides.

PART VI. PRE-TRIAL PROCEDURE
Section 30. Article 30. Charges and specifications.
(a) Charges and specifications shall be signed by a person subject to this Code under oath before a commissioned officer authorized by subsection (a) of Article 136 of this Code to administer oaths and shall state:

(1) that the signer has personal knowledge of, or has investigated, the matters set forth therein; and
(2) that they are true in fact to the best of the signer's knowledge and belief.
(b) Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges as soon as practicable.

(a) No person subject to this Code may compel any person to incriminate himself or to answer any question the answer to which may tend to incriminate him.
(b) No person subject to this Code may interrogate or request any statement from an accused or a person suspected of an offense without first informing that person of the nature of the accusation and advising that person that the person does not have to make any statement regarding the offense of which the person is accused or suspected and that any statement made by the person may be used as evidence against the person in a trial by court-martial.
(c) No person subject to this Code may compel any person to make a statement or produce evidence before any military court if the statement or evidence is not material to the issue and may tend to degrade the person.
(d) No statement obtained from any person in violation of this Article or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial.

Section 32. Article 32. Investigation.

New matter indicated by italics - deletions by strikeout
(a) No charge or specification may be referred to a general or special court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(b) The accused shall be advised of the charges against the accused and of the right to be represented at that investigation by counsel. The accused has the right to be represented at that investigation as provided in Article 38 of this Code and in regulations prescribed under that Article. At that investigation, full opportunity shall be given to the accused to cross-examine witnesses against the accused, if they are available, and to present anything the accused may desire in the accused's own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(c) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (b), no further investigation of that charge is necessary under this Article unless it is demanded by the accused after the accused is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in the accused's own behalf.

(d) If evidence adduced in an investigation under this Article indicates that the accused committed an uncharged offense, the investigating officer may investigate the subject matter of that offense without the accused having first been charged with the offense if the accused:

(1) is present at the investigation;
(2) is informed of the nature of each uncharged offense investigated; and
(3) is afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (b).
(e) The requirements of this Article are binding on all persons administering this Code but failure to follow them does not constitute jurisdictional error.

Section 33. Article 33. Forwarding of charges. When a person is held for trial by general court-martial, the commanding officer shall within 15 days after the accused is ordered into arrest or confinement, if practicable, forward the charges, together with the investigation and allied papers, to the person exercising general court-martial jurisdiction. If that is not practicable, the commanding officer shall report in writing to that person the reasons for delay.

Section 34. Article 34. Advice of judge advocate and reference for trial.

(a) Before directing the trial of any charge by general or special court-martial, the convening authority shall refer it to a judge advocate for consideration and advice. The convening authority may not refer a specification under a charge to a general or special court-martial for trial unless the convening authority has been advised in writing by a judge advocate that:

(1) the specification alleges an offense under this Code;
(2) the specification is warranted by the evidence indicated in the report of investigation under Article 32 of this Code, if there is such a report; and
(3) a court-martial would have jurisdiction over the accused and the offense.

(b) The advice of the judge advocate under subsection (a) with respect to a specification under a charge shall include a written and signed statement by the judge advocate:

(1) expressing conclusions with respect to each matter set forth in subsection (a); and
(2) recommending action that the convening authority take regarding the specification.

If the specification is referred for trial, the recommendation of the judge advocate shall accompany the specification.

(c) If the charges or specifications are not correct formally or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence, may be made.

Section 35. Article 35. Service of charges. The trial counsel shall serve or caused to be served upon the accused a copy of the charges. No person may, against the person's objection, be brought to trial before a general court-martial case within a period of 60 days after the service of charges upon the accused, or in a special court-martial, within a period of 45 days after the service of charges upon the accused.

PART VII. TRIAL PROCEDURE

Section 36. Article 36. Trial procedure. The Adjutant General may adopt rules in accordance with the Illinois Administrative Procedure Act which establish pretrial, trial, and post-trial procedures, including modes of proof, for courts-martial cases arising under this Code and for courts of inquiry, and which shall apply the principles of law and the rules of evidence generally recognized in military criminal cases in the courts of the Armed Forces of the United States but which may not be contrary to or inconsistent with this Code. The Governor or the Adjutant General may prescribe courts of inquiry by regulations, or as otherwise provided by law, which shall apply the principles of law and the rules of evidence generally recognized in military cases.

Section 37. Article 37. Unlawfully influencing action of court.

(a) No authority convening a general, special, or summary court-martial, nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, the military judge, or counsel thereof, with respect to the findings or sentence adjudged by the court or with respect to any other exercise of its or their functions in the conduct of the proceedings. No person subject to this Code may attempt to coerce or, by any unauthorized means, influence the action of a court-martial or court of inquiry or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to their judicial acts. The foregoing provisions of this subsection shall not apply with respect to (1) general instructional or informational courses in military justice if such courses are designed solely for the purpose of instructing members of a command in the substantive and procedural aspects of courts-martial or (2) statements and instructions given in open court by the military judge, summary court-martial officer, or counsel.

(b) In the preparation of an effectiveness, fitness, or efficiency report, or any other report or document used in whole or in part for the purpose of determining whether a member of the State military forces is qualified to be advanced in grade, or in determining the assignment or

transfer of a member of the State military forces, or in determining whether a member of the State military forces should be retained on active status, no person subject to this Code may, in preparing any such report, (1) consider or evaluate the performance of duty of any such member as a member of a court-martial or witness therein or (2) give a less favorable rating or evaluation of any counsel of the accused because of zealous representation before a court-martial.

Section 38. Article 38. Duties of trial counsel and defense counsel.

(a) The trial counsel of a general or special court-martial shall be a member in good standing of the State bar and shall prosecute in the name of the State of Illinois, and shall, under the direction of the court, prepare the record of the proceedings.

(b) (1) The accused has the right to be represented in defense before a general or special court-martial or at an investigation under Article 32 of this Code as provided in this subsection.

(2) The accused may be represented by civilian counsel at the provision and expense of the accused.

(3) The accused may be represented:

(A) by military counsel detailed under Article 27 of this Code; or

(B) by military counsel of the accused's own selection if that counsel is reasonably available as determined under paragraph (7).

(4) If the accused is represented by civilian counsel, military counsel detailed or selected under paragraph (3) shall act as associate counsel unless excused at the request of the accused.

(5) Except as provided under paragraph (6), if the accused is represented by military counsel of his own selection under subparagraph (B) of paragraph (3), any military counsel detailed under subparagraph (A) of paragraph (3) shall be excused.

(6) The accused is not entitled to be represented by more than one military counsel. However, the person authorized under regulations prescribed under Article 27 of this Code to detail counsel, in that person's sole discretion:

(A) may detail additional military counsel as assistant defense counsel; and

(B) if the accused is represented by military counsel of the accused's own selection under subparagraph (B) of paragraph (3), may approve a request from the accused that military counsel

(7) The senior State Judge Advocate of the same state of which the
accused is a member shall determine whether the military counsel selected
by an accused is reasonably available.

(c) In any court-martial proceeding resulting in a conviction, the
defense counsel:

(1) may forward for attachment to the record of proceedings
a brief of such matters as counsel determines should be considered
in behalf of the accused on review, including any objection to the
contents of the record which counsel considers appropriate;

(2) may assist the accused in the submission of any matter
under Article 60 of this Code; and

(3) may take other action authorized by this Code.

(a) At any time after the service of charges which have been
referred for trial to a court-martial composed of a military judge and
members, the military judge may, subject to Article 35 of this Code, call
the court into session without the presence of the members for the purpose
of:

(1) hearing and determining motions raising defenses or
objections which are capable of determination without trial of the
issues raised by a plea of not guilty;

(2) hearing and ruling upon any matter which may be ruled
upon by the military judge under this Code, whether or not the
matter is appropriate for later consideration or decision by the
members of the court;

(3) holding the arraignment and receiving the pleas of the
accused; and

(4) performing any other procedural function which does
not require the presence of the members of the court under this

Section 41. Article 41. Challenges.
(a)(1) The military judge and members of a general or special court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The military judge or the court shall determine the relevancy and validity of challenges for cause and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.
(2) If exercise of a challenge for cause reduces the court below the minimum number of members required by Article 16 of this Code, all parties shall, notwithstanding Article 29 of this Code, either exercise or waive any challenge for cause then apparent against the remaining members of the court before additional members are detailed to the court. However, peremptory challenges shall not be exercised at that time.
(b)(1) Each accused and the trial counsel are entitled initially to one peremptory challenge of members of the court. The military judge may not be challenged except for cause.
(2) If exercise of a peremptory challenge reduces the court below the minimum number of members required by Article 16 of this Code, the parties shall, notwithstanding Article 29 of this Code, either exercise or waive any remaining peremptory challenge, not previously waived, against the remaining members of the court before additional members are detailed to the court.
(3) Whenever additional members are detailed to the court, and after any challenges for cause against such additional members are presented and decided, each accused and the trial counsel are entitled to one peremptory challenge against members not previously subject to peremptory challenge.

Section 42. Article 42. Oaths or affirmations.
(a) Before performing their respective duties, military judges, general and special courts-martial members, trial counsel, defense counsel, reporters, and interpreters shall take an oath or affirmation in the presence of the accused to perform their duties faithfully. These regulations may provide that an oath or affirmation to perform faithfully the duties as a military judge, trial counsel, or defense counsel may be taken at any time by any judge advocate or other person certified or designated to be qualified or competent for the duty, and if such an oath or affirmation is taken, it need not again be taken at the time the judge advocate or other person is detailed to that duty.

(b) Each witness before a court-martial shall be examined under oath or affirmation.

Section 43. Article 43. Statute of limitations.

(a) Except as otherwise provided in this Article, a person charged with any offense is not liable to be tried by court-martial or punished under Article 15 of this Code if the offense was committed more than 3 years before the receipt of sworn charges and specifications by an officer exercising court-martial jurisdiction over the command or before the imposition of punishment under Article 15 of this Code.

(b) Periods in which the accused is absent without authority or fleeing from justice shall be excluded in computing the period of limitation prescribed in this Article.

(c) Periods in which the accused was absent from territory in which this State has the authority to apprehend him, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this Article.

termination inventory by any war contractor or Government agency;

   (A) has expired; or
   (B) will expire within 180 days after the date of dismissal of the charges and specifications;
trial and punishment under new charges and specifications are not barred by the statute of limitations if the conditions specified in paragraph (2) are met.

(2) The conditions referred to in paragraph (1) are that the new charges and specifications must:
   (A) be received by an officer exercising special court-martial jurisdiction over the command within 180 days after the dismissal of the charges or specifications; and

fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though the accused had pleaded not guilty.

(b) With respect to any charge or specification to which a plea of guilty has been made by the accused and accepted by the military judge or by a court-martial without a military judge, a finding of guilty of the charge or specification may be entered immediately without vote. This finding shall constitute the finding of the court unless the plea of guilty is withdrawn prior to announcement of the sentence, in which event, the proceedings shall continue as though the accused had pleaded not guilty.

Section 46. Article 46. Opportunity to obtain witnesses and other evidence. The trial counsel, the defense counsel, and the court-martial shall have equal opportunity to obtain witnesses and other evidence as prescribed by regulations and provided by law.    (1) has been duly subpoenaed to appear as a witness or to produce books and records before a court-martial or court of inquiry, or before any military or civil officer designated to take a deposition to be read in evidence before such a court;

   (2) has been duly paid or tendered the fees and mileage of a witness at the rates allowed to witnesses attending a criminal court of this State; and

   (3) willfully neglects or refuses to appear, or refuses to qualify as a witness or to testify or to produce any evidence which that person may have been legally subpoenaed to produce; may be punished by the military court in the same manner as a criminal court of this State.

(b) The fees and mileage of witnesses shall be advanced or paid out of the appropriations for the compensation of witnesses.

court, or who uses any menacing word, sign, or gesture in its presence, or who disturbs its proceedings by any riot or disorder.

     (a) A person subject to this Code may be punished for contempt by confinement not to exceed 30 days or a fine up to $500, or both.

     (b) A person not subject to this Code may be punished for contempt by a military court in the same manner as a criminal court of this State.

Section 49. Article 49. Depositions.
(a) At any time after charges have been signed as provided in Article 30 of this Code, any party may take oral or written depositions unless the military judge hearing the case or, if the case is not being heard, an authority competent to convene a court-martial for the trial of those charges forbids it for good cause.

(b) The party at whose instance a deposition is to be taken shall give to every other party reasonable written notice of the time and place for taking the deposition.

(c) Depositions may be taken before and authenticated by any military or civil officer authorized by the laws of this State or by the laws of the place where the deposition is taken to administer oaths.

(d) A duly authenticated deposition taken upon reasonable notice to the other parties, so far as otherwise admissible under the rules of evidence, may be read in evidence or, in the case of audiotape, videotape, digital image or file, or similar material, may be played in evidence before any military court, if it appears:

     (1) that the witness resides or is beyond the state in which the court is ordered to sit, or beyond 100 miles from the place of trial or hearing;

     (2) that the witness by reason of death, age, sickness, bodily infirmity, imprisonment, military necessity, non-amenability to process, or other reasonable cause, is unable or refuses to appear and testify in person at the place of trial or hearing; or

     (3) that the present whereabouts of the witness is unknown.

Section 50. Article 50. Admissibility of records of courts of inquiry.
(a) In any case not extending to the dismissal of a commissioned officer, the sworn testimony, contained in the duly authenticated record of proceedings of a court of inquiry, of a person whose oral testimony cannot be obtained, may, if otherwise admissible under the rules of evidence, be read in evidence by any party before a court-martial if the accused was a
party before the court of inquiry and if the same issue was involved or if
the accused consents to the introduction of such evidence.

(b) Such testimony may be read in evidence only by the defense in
cases extending to the dismissal of a commissioned officer.

(c) Such testimony may also be read in evidence before a court of
inquiry.

Section 50a. Article 50a. Defense of lack of mental responsibility.

(a) It is an affirmative defense in a trial by court-martial that, at the
time of the commission of the acts constituting the offense, the accused, as
a result of a severe mental disease or defect, was unable to appreciate the
nature and quality or the wrongfulness of the acts. Mental disease or defect
does not otherwise constitute a defense.

(b) The accused has the burden of proving the defense of lack of
mental responsibility by clear and convincing evidence.

(c) Whenever lack of mental responsibility of the accused with
respect to an offense is properly at issue, the military judge shall instruct
the members of the court as to the defense of lack of mental responsibility
under this Article and charge them to find the accused:

(1) guilty;
(2) not guilty; or
(3) not guilty only by reason of lack of mental
responsibility.

(d) Subsection (c) does not apply to a court-martial composed of a
military judge only. In the case of a court-martial composed of a military
judge only, whenever lack of mental responsibility of the accused with
respect to an offense is properly at issue, the military judge shall find the
accused:

(1) guilty;
(2) not guilty; or
(3) not guilty only by reason of lack of mental
responsibility.

(e) Notwithstanding the provisions of Article 52 of this Code, the
accused shall be found not guilty only by reason of lack of mental
responsibility if:

(1) a majority of the members of the court-martial present
at the time the vote is taken determines that the defense of lack of
mental responsibility has been established; or
(2) in the case of a court-martial composed of a military judge only, the military judge determines that the defense of lack of mental responsibility has been established.

Section 51. Article 51. Voting and rulings.

(a) Voting by members of a general or special court-martial on the findings and on the sentence shall be by secret written ballot. The junior member of the court shall count the votes. The count shall be checked by the president, who shall forthwith announce the result of the ballot to the members of the court.

(b) The military judge shall rule upon all questions of law and all interlocutory questions arising during the proceedings. Any such ruling made by the military judge upon any question of law or any interlocutory question other than the factual issue of mental responsibility of the accused is final and constitutes the ruling of the court. However, the military judge may change the ruling at any time during the trial. Unless the ruling is final, if any member objects thereto, the court shall be cleared and closed and the question decided by a voice vote as provided in Article 52 of this Code, beginning with the junior in rank.

(c) Before a vote is taken on the findings, the military judge shall, in the presence of the accused and counsel, instruct the members of the court as to the elements of the offense and charge them:

1. that the accused must be presumed to be innocent until his guilt is established by legal and competent evidence beyond reasonable doubt;
2. that in the case being considered, if there is a reasonable doubt as to the guilt of the accused, the doubt must be resolved in favor of the accused and the accused must be acquitted;
3. that, if there is a reasonable doubt as to the degree of guilt, the finding must be in a lower degree as to which there is no reasonable doubt; and
4. that the burden of proof to establish the guilt of the accused beyond reasonable doubt is upon the State.

(d) Subsections (a), (b), and (c) do not apply to a court-martial composed of a military judge only. The military judge of such a court-martial shall determine all questions of law and fact arising during the proceedings and, if the accused is convicted, adjudge an appropriate sentence. The military judge of such a court-martial shall make a general finding and shall in addition, on request, find the facts specially. If an
opinion or memorandum of decision is filed, it will be sufficient if the findings of fact appear therein.

Section 52. Article 52. Number of votes required.
(a) No person may be convicted of an offense except as provided in subsection (b) of Article 45 of this Code or by the concurrence of two-thirds of the members present at the time the vote is taken.
(b) All other questions to be decided by the members of a general or special court-martial shall be determined by a majority vote, but a determination to reconsider a finding of guilty or to reconsider a sentence, with a view toward decreasing it, may be made by any lesser vote which indicates that the reconsideration is not opposed by the number of votes required for that finding or sentence. A tie vote on a challenge disqualifies the member challenged. A tie vote on a motion relating to the question of the accused's sanity is a determination against the accused. A tie vote on any other question is a determination in favor of the accused.

Section 53. Article 53. Court to announce action. A court-martial shall announce its findings and sentence to the parties as soon as determined.

Section 54. Article 54. Record of trial.
(a) Each general and special court-martial shall keep a separate record of the proceedings in each case brought before it, and the record shall be authenticated by the signature of the military judge. If the record cannot be authenticated by the military judge by reason of his death, disability, or absence, it shall be authenticated by the signature of the trial counsel or by that of a member, if the trial counsel is unable to authenticate it by reason of his death, disability, or absence. In a court-martial consisting of only a military judge, the record shall be authenticated by the court reporter under the same conditions which would impose such a duty on a member under this subsection.
(b)(1) A complete verbatim record of the proceedings and testimony shall be prepared in each general and special court-martial case resulting in a conviction.
(2) In all other court-martial cases, the record shall contain such matters as may be prescribed by regulations.
(c) A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated.

PART VIII. SENTENCES

New matter indicated by italics - deletions by strikeout
Section 55. Article 55. Cruel and unusual punishments prohibited. Punishment by flogging, or by branding, marking, or tattooing on the body, or any other cruel or unusual punishment may not be adjudged by a court-martial or inflicted upon any person subject to this Code. The use of irons, single or double, except for the purpose of safe custody, is prohibited.

Section 56. Article 56. Maximum limits.
(a) The punishment which a court-martial may direct for an offense may not exceed such limits as prescribed by this Code, but in no instance may a sentence exceed more than 10 years for a military offense, nor shall a sentence of death be adjudged. A conviction by general court-martial of any military offense for which an accused may receive a sentence of confinement for more than one year is a felony offense. All other military offenses are misdemeanors.
(b) The limits of punishment for violations of the punitive Articles prescribed herein shall be equal to or lesser of the sentences prescribed by the Manual for Courts-Martial of the United States in effect on the effective date of this Code, and in no instance shall any punishment exceed that authorized by this Code.

Section 56a. Article 56a. (Reserved).

Section 57. Article 57. Effective date of sentences.
(a) Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.
(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial, but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement.
(c) All other sentences of courts-martial are effective on the date ordered executed.

Section 57a. Article 57a. Deferment of sentences.
(a) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under that person's jurisdiction, the person exercising general court-martial jurisdiction over the command to which
the accused is currently assigned, may in that person's sole discretion defer service of the sentence to confinement. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the person who granted it or, if the accused is no longer under that person's jurisdiction, by the person exercising general court-martial jurisdiction over the command to which the accused is currently assigned.

(b)(1) In any case in which a court-martial sentences an accused referred to in paragraph (2) to confinement, the convening authority may defer the service of the sentence to confinement, without the consent of the accused, until after the accused has been permanently released to the State military forces by a state, the United States, or a foreign country referred to in that paragraph.

(2) Paragraph (1) applies to a person subject to this Code who:

(A) while in the custody of a state, the United States, or a foreign country is temporarily returned by that state, the United States, or a foreign country to the State military forces for trial by court-martial; and

(B) after the court-martial, is returned to that state, the United States, or a foreign country under the authority of a mutual agreement or treaty, as the case may be.

(3) In this subsection, the term "state" includes the District of Columbia and any Commonwealth, Territory, or possession of the United States.

(c) In any case in which a court-martial sentences an accused to confinement and the sentence to confinement has been ordered executed, but in which review of the case under Article 67a of this Code is pending, the Adjutant General may defer further service of the sentence to confinement while that review is pending.

Section 58. Article 58. Execution of confinement.

(a) A sentence of confinement adjudged by a court-martial, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place authorized by this Code. Persons so confined are subject to the same discipline and treatment as persons regularly confined or committed to that place of confinement.

(b) The omission of hard labor as a sentence authorized under this Code does not deprive the State confinement facility from employing it, if it otherwise is within the authority of that facility to do so.
(c) No place of confinement may require payment of any fee or charge for so receiving or confining a person except as otherwise provided by law.

Section 58a. Article 58a. Sentences: reduction in enlisted grade upon approval.

(a) A court-martial sentence of an enlisted member in a pay grade above E-1, as approved by the convening authority, that includes:

(1) a dishonorable or bad-conduct discharge; or
(2) confinement;

reduces that member to pay grade E-1, effective on the date of that approval.

(b) If the sentence of a member who is reduced in pay grade under subsection (a) is set aside or disapproved, or, as finally approved, does not include any punishment named in paragraphs (1) or (2) of subsection (a), the rights and privileges of which the person was deprived because of that reduction shall be restored, including pay and allowances.

Section 58b. Article 58b. Sentences: forfeiture of pay and allowances during confinement.

(a) (1) A court-martial sentence described in paragraph (2) shall result in the forfeiture of pay, or of pay and allowances, due that member during any period of confinement or parole. The forfeiture pursuant to this Article shall take effect on the date determined under subsection (a) of Article 57 of this Code and may be deferred as provided by that Article. The pay and allowances forfeited, in the case of a general court-martial, shall be all pay and allowances due that member during such period and, in the case of a special court-martial, shall be two-thirds of all pay due that member during such period.

(2) A sentence covered by this Article is any sentence that includes:

(A) confinement for more than 6 months; or
(B) confinement for 6 months or less and a dishonorable or bad-conduct discharge or dismissal.

(b) In a case involving an accused who has dependents, the convening authority or other person acting under Article 60 of this Code may waive any or all of the forfeitures of pay and allowances required by subsection (a) for a period not to exceed 6 months. Any amount of pay or allowances that, except for a waiver under this subsection, would be forfeited shall be paid, as the convening authority or other person taking action directs, to the dependents of the accused.
(c) If the sentence of a member who forfeits pay and allowances under subsection (a) is set aside or disapproved or, as finally approved, does not provide for a punishment referred to in paragraph (2) of subsection (a), the member shall be paid the pay and allowances which the member would have been paid, except for the forfeiture, for the period during which the forfeiture was in effect.

PART IX. POST-TRIAL PROCEDURE AND REVIEW OF COURTS-MARTIAL

Section 59. Article 59. Error of law; lesser included offense.

(a) A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

(b) Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm, instead, so much of the finding as includes a lesser included offense.

Section 60. Article 60. Action by the convening authority.

(a) The findings and sentence of a court-martial shall be reported promptly to the convening authority after the announcement of the sentence.

(b)(1) The accused may submit to the convening authority matters for consideration by the convening authority with respect to the findings and the sentence. Any such submission shall be in writing. Such a submission shall be made within 30 days after the accused has been given an authenticated record of trial and, if applicable, the recommendation of a judge advocate under subsection (d).

(2) If the accused shows that additional time is required for the accused to submit such matters, the convening authority or other person taking action under this Article, for good cause, may extend the applicable period under paragraph (1) for not more than an additional 20 days.

(3) The accused may waive the right to make a submission to the convening authority under paragraph (1). Such a waiver must be made in writing and may not be revoked. For the purposes of paragraph (2) of subsection (c), the time within which the accused may make a submission under this subsection (b) shall be deemed to have expired upon the submission of such a waiver to the convening authority.

(c)(1) The authority under this Article to modify the findings and sentence of a court-martial is a matter of command prerogative involving the sole discretion of the convening authority. If it is impractical for the convening authority to act, the convening authority shall forward the case.
to a person exercising general court-martial jurisdiction who may take
action under this Article.

(2) Action on the sentence of a court-martial shall be taken by the
convening authority or by another person authorized to act under this
Article. Such action may be taken only after consideration of any matters
submitted by the accused under subsection (b) or after the time for
submitting such matters expires, whichever is earlier. The convening
authority or other person taking such action, in that person's sole discretion
may approve, disapprove, commute, or suspend the sentence in whole or
in part.

(3) Action on the findings of a court-martial by the convening
authority or other person acting on the sentence is not required. However,
such person, in the person's sole discretion may:

(A) dismiss any charge or specification by setting aside a
finding of guilty thereto; or

(B) change a finding of guilty to a charge or specification to
a finding of guilty to an offense that is a lesser included offense of
the offense stated in the charge or specification.

(d) Before acting under this Article on any general or special court-
martial case in which there is a finding of guilt, the convening authority or
other person taking action under this Article must obtain the written
concurrence of the State Judge Advocate by means of legal review. The
convening authority or other person taking action under this Article shall
refer the record of trial to the judge advocate, and the judge advocate shall
use such record in the preparation of the review. The review of the judge
advocate shall include such matters as may be prescribed by regulation and
shall be served on the accused, who may submit any matter in response
under subsection (b). Failure to object in the response to the legal review
or to any matter attached to the recommendation waives the right to object
thereto.

(e)(1) The convening authority or other person taking action under
this Article, in the person's sole discretion, may order a proceeding in
revision or a rehearing.

(2) A proceeding in revision may be ordered if there is an apparent
error or omission in the record or if the record shows improper or
inconsistent action by a court-martial with respect to the findings or
sentence that can be rectified without material prejudice to the substantial
rights of the accused. In no case, however, may a proceeding in revision:

New matter indicated by italics - deletions by strikeout
(A) reconsider a finding of not guilty of any specification or a ruling which amounts to a finding of not guilty;
(B) reconsider a finding of not guilty of any charge, unless there has been a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some Article of this Code; or
(C) increase the severity of the sentence.

(3) A rehearing may be ordered by the convening authority or other person taking action under this Article if that person disapproves the findings and sentence and states the reasons for disapproval of the findings. If such person disapproves the findings and sentence and does not order a rehearing, that person shall dismiss the charges. A rehearing as to the findings may not be ordered where there is a lack of sufficient evidence in the record to support the findings. A rehearing as to the sentence may be ordered if the convening authority or other person taking action under this subsection disapproves the sentence.

Section 61. Article 61. Withdrawal of appeal.

(a) In each case subject to appellate review under this Code, the accused may file with the convening authority a statement expressly withdrawing the right of the accused to such appeal. Such a withdrawal shall be signed by both the accused and his defense counsel and must be filed in accordance with appellate procedures as provided by law.

(b) The accused may withdraw an appeal at any time in accordance with appellate procedures as provided by law.

Section 62. Article 62. Appeal by the State.

(a) In a trial by court-martial in which a punitive discharge may be adjudged, the State may appeal the following, other than a finding of not guilty with respect to the charge or specification by the members of the court-martial, or by a judge in a bench trial so long as it is not made in reconsideration:

(A) An order or ruling of the military judge which terminates the proceedings with respect to a charge or specification.

(B) An order or ruling which excludes evidence that is substantial proof of a fact material in the proceeding.

(C) An order or ruling which directs the disclosure of classified information.

(D) An order or ruling which imposes sanctions for nondisclosure of classified information.

New matter indicated by italics - deletions by strikeout
(E) A refusal of the military judge to issue a protective order sought by the State to prevent the disclosure of classified information.

(F) A refusal by the military judge to enforce an order described in subparagraph (E) that has previously been issued by appropriate authority.

(2) An appeal of an order or ruling may not be taken unless the trial counsel provides the military judge with written notice of appeal from the order or ruling within 72 hours of the order or ruling. Such notice shall include a certification by the trial counsel that the appeal is not taken for the purpose of delay and, if the order or ruling appealed is one which excludes evidence, that the evidence excluded is substantial proof of a fact material in the proceeding.

(3) An appeal under this Article shall be diligently prosecuted as provided by law.

(b) An appeal under this Article shall be forwarded to the court prescribed in Article 67a of this Code. In ruling on an appeal under this Article, that court may act only with respect to matters of law.

(c) Any period of delay resulting from an appeal under this Article shall be excluded in deciding any issue regarding denial of a speedy trial unless an appropriate authority determines that the appeal was filed solely for the purpose of delay with the knowledge that it was totally frivolous and without merit.

Section 63. Article 63. Rehearings. Each rehearing under this Code shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be approved, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory. If the sentence approved after the first court-martial was in accordance with a pretrial agreement and the accused at the rehearing changes a plea with respect to the charges or specifications upon which the pretrial agreement was based, or otherwise does not comply with the pretrial agreement, the approved sentence as to those charges or specifications may include any punishment not in excess of that lawfully adjudged at the first court-martial.

Section 64. Article 64. Review by the senior force judge advocate.

New matter indicated by italics - deletions by strikeout
(a) Each general and special court-martial case in which there has been a finding of guilty shall be reviewed by the senior force judge advocate, or a designee. The senior force judge advocate, or designee, may not review a case under this subsection if that person has acted in the same case as an accuser, investigating officer, member of the court, military judge, or counsel or has otherwise acted on behalf of the prosecution or defense. The senior force judge advocate's review shall be in writing and shall contain the following:

(1) Conclusions as to whether:
   (A) the court had jurisdiction over the accused and the offense;
   (B) the charge and specification stated an offense; and
   (C) the sentence was within the limits prescribed as a matter of law.

(2) A response to each allegation of error made in writing by the accused.

(3) If the case is sent for action under subsection (b), a recommendation as to whether corrective action is required as a matter of law.

(b) The record of trial and related documents in each case reviewed under subsection (a) shall be sent for action to the Adjutant General if:

(1) the judge advocate who reviewed the case recommends corrective action;

(2) the sentence approved under subsection (c) of Article 60 of this Code extends to dismissal, a bad-conduct or dishonorable discharge, or confinement for more than 6 months; or

(3) such action is otherwise required by regulations of the Adjutant General.

(c)(1) The Adjutant General may:

   (A) disapprove or approve the findings or sentence, in whole or in part;
   (B) remit, commute, or suspend the sentence in whole or in part;
   (C) except where the evidence was insufficient at the trial to support the findings, order a rehearing on the findings, on the sentence, or on both; or
   (D) dismiss the charges.

New matter indicated by italics - deletions by strikeout
(2) If a rehearing is ordered but the convening authority finds a rehearing impracticable, the convening authority shall dismiss the charges.

(3) If the opinion of the senior force judge advocate, or designee, in the senior force judge advocate's review under subsection (a) is that corrective action is required as a matter of law and if the Adjutant General does not take action that is at least as favorable to the accused as that recommended by the judge advocate, the record of trial and action thereon shall be sent to the Governor for review and action as deemed appropriate.

(d) The senior force judge advocate, or a designee, may review any case in which there has been a finding of not guilty of all charges and specifications. The senior force judge advocate, or designee, may not review a case under this subsection if that person has acted in the same case as an accuser, investigating officer, member of the court, military judge, or counsel or has otherwise acted on behalf of the prosecution or defense. The senior force judge advocate's review shall be limited to questions of subject matter jurisdiction.

(e) The record of trial and related documents in each case reviewed under subsection (d) shall be sent for action to the Adjutant General. The Adjutant General may:

(1) when subject matter jurisdiction is found to be lacking, void the court-martial ab initio, with or without prejudice to the Government, as the Adjutant General deems appropriate; or

(2) return the record of trial and related documents to the senior force judge advocate for appeal by the Government as provided by law.

Section 65. Article 65. Disposition of records after review by the convening authority. Except as otherwise required by this Code, all records of trial and related documents shall be transmitted and disposed of as prescribed by regulation and provided by law.

Section 66. Article 66. (Reserved).

Section 67. Article 67. (Reserved).

Section 67a. Article 67a. Review by State Appellate Authority. Decisions of a court-martial are from a court with jurisdiction to issue misdemeanor and felony convictions. All appeals from final decisions of a court-martial shall be to the Illinois Appellate Court in the same manner as are final decisions of a circuit court in accordance with the Appellate Court Act. All such appeals shall be to the Illinois Appellate Court for the Fourth District. No appeal from a judgment entered upon a plea of guilty shall be taken except in accordance with applicable law and Supreme

Court Rules. Unless waived, an accused may appeal as a matter of right a finding of guilt resulting in an approved sentence of one-year confinement or more, or in a dismissal for a commissioned officer or warrant officer, a dishonorable discharge, or a bad-conduct discharge. The appellate rights and procedures to be followed shall be those provided by applicable law and Supreme Court Rules for criminal appeals.

Section 68. Article 68. (Reserved).
Section 69. Article 69. (Reserved).
Section 70. Article 70. Appellate counsel.

(a) The Attorney General shall act as appellate government counsel to represent the State in the review or appeal of cases specified in Article 67a of this Code and before any federal court. The Attorney General may appoint a judge advocate nominated by the senior force judge advocate as a Special Assistant Attorney General to act as appellate government counsel to represent the State. Such appointment as a Special Assistant Attorney General shall be at the discretion of the Attorney General.

(b) Upon an appeal by this State, an accused has the right to be represented by detailed military counsel before any reviewing authority and before any appellate court.

(c) Upon the appeal by an accused, the accused has the right to be represented by military counsel before any reviewing authority.

(d) Upon the request of an accused entitled to be so represented, the senior force judge advocate shall appoint a judge advocate to represent the accused in the review or appeal of cases specified in subsections (b) and (c) of this Article.

(e) An accused may be represented by civilian appellate counsel at no expense to this State.

Section 71. Article 71. Execution of sentence; suspension of sentence.

(a) If the sentence of the court-martial extends to dismissal or a dishonorable or bad-conduct discharge and if the right of the accused to appellate review is not waived, and an appeal is not withdrawn under Article 61 of this Code, that part of the sentence extending to dismissal or a dishonorable or bad-conduct discharge may not be executed until there is a final judgment as to the legality of the proceedings. A judgment as to the legality of the proceedings is final in such cases when review is completed by the Illinois Appellate Court for the Fourth District as prescribed in Article 67a of this Code, and is deemed final by the law of this State.

New matter indicated by italics - deletions by strikeout
(b) If the sentence of the court-martial extends to dismissal or a dishonorable or bad conduct discharge and if the right of the accused to appellate review is waived, or an appeal is withdrawn under Article 61 of this Code, that part of the sentence extending to dismissal or a dishonorable or bad-conduct discharge may not be executed until review of the case by the senior force judge advocate and any action on that review under Article 64 of this Code is completed. Any other part of a court-martial sentence may be ordered executed by the convening authority or other person acting on the case under Article 60 of this Code when so approved under that Article.

Section 72. Article 72. Vacation of suspension.

(a) Before the vacation of the suspension of a special court-martial sentence, which as approved includes a bad-conduct discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on an alleged violation of probation. The probationer shall be represented at the hearing by military counsel if the probationer so desires.

(b) The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the officer exercising general court-martial jurisdiction over the probationer. If the officer vacates the suspension, any unexecuted part of the sentence, except a dismissal, shall be executed, subject to applicable restrictions in this Code.

(c) The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

Section 73. Article 73. Petition for a new trial. At any time within 2 years after approval by the convening authority of a court-martial sentence the accused may petition the Adjutant General for a new trial on the grounds of newly discovered evidence or fraud on the court-martial.

Section 74. Article 74. Remission and suspension.

(a) Any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures other than a sentence approved by the Governor.

(b) The Governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

Section 75. Article 75. Restoration.

(a) Under such regulations as may be prescribed, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge, shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon the new trial or rehearing.

PUBLIC ACT 99-0801
(Senate Bill No. 3096)

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Sexual Assault Incident Procedure Act.

Section 5. Legislative findings. The General Assembly finds:

(1) Sexual assault and sexual abuse are personal and violent crimes that disproportionately impact women, children, lesbian, gay, bisexual, and transgender individuals in Illinois, yet only a small percentage of these crimes are reported, less than one in five, and even fewer result in a conviction.

(2) The trauma of sexual assault and sexual abuse often leads to severe mental, physical, and economic consequences for the victim.

New matter indicated by italics - deletions by strikeout
(3) The diminished ability of victims to recover from their sexual assault or sexual abuse has been directly linked to the response of others to their trauma.

(4) The response of law enforcement can directly impact a victim's ability to heal as well as his or her willingness to actively participate in the investigation by law enforcement.

(5) Research has shown that a traumatic event impacts memory consolidation and encoding. Allowing a victim to complete at least 2 full sleep cycles before an in-depth interview can improve the victim's ability to provide a history of the sexual assault or sexual abuse.

(6) Victim participation is critical to the successful identification and prosecution of sexual predators. To facilitate victim participation, law enforcement should inform victims of the testing of physical evidence and the results of such testing.

(7) Identification and successful prosecution of sexual predators prevents new victimization. For this reason, improving the response of the criminal justice system to victims of sexual assault and sexual abuse is critical to protecting public safety.

Section 10. Definitions. In this Act:
"Board" means the Illinois Law Enforcement Training Standards Board.

"Evidence-based, trauma-informed, victim-centered" means policies, procedures, programs, and practices that have been demonstrated to minimize retraumatization associated with the criminal justice process by recognizing the presence of trauma symptoms and acknowledging the role that trauma has played in a sexual assault or sexual abuse victim's life and focusing on the needs and concerns of a victim that ensures compassionate and sensitive delivery of services in a nonjudgmental manner.

"Law enforcement agency having jurisdiction" means the law enforcement agency in the jurisdiction where an alleged sexual assault or sexual abuse occurred.

"Sexual assault evidence" means evidence collected in connection with a sexual assault or sexual abuse investigation, including, but not limited to, evidence collected using the Illinois State Police Sexual Assault Evidence Collection Kit as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act.

"Sexual assault or sexual abuse" means an act of nonconsensual sexual conduct or sexual penetration, as defined in Section 12-12 of the

Criminal Code of 1961 or Section 11-0.1 of the Criminal Code of 2012, including, without limitation, acts prohibited under Sections 12-13 through 12-16 of the Criminal Code of 1961 or Sections 11-1.20 through 11-1.60 of the Criminal Code of 2012.

The guardian shall assist the ward in the development of maximum self-reliance and independence. The guardian of the person may petition the court for an order directing the guardian of the estate to pay an amount periodically for the provision of the services specified by the court order. If the ward's estate is insufficient to provide for education and the guardian of the ward's person fails to provide education, the court may award the custody of the ward to some other person for the purpose of providing education. If a person makes a

settlement upon or provision for the support or education of a ward, the court may make an order for the visitation of the ward by the person making the settlement or provision as the court deems proper. A guardian of the person may not admit a ward to a mental health facility except at the ward's request as provided in Article IV of the Mental Health and Developmental Disabilities Code and unless the ward has the capacity to consent to such admission as provided in Article IV of the Mental Health and Developmental Disabilities Code.

(a-5) If the ward filed a petition for dissolution of marriage under the Illinois Marriage and Dissolution of Marriage Act before the ward was adjudicated a person with a disability under this Article, the guardian of the ward's person and estate may maintain that action for dissolution of marriage on behalf of the ward. Upon petition by the guardian of the ward's person or estate, the court may authorize and direct a guardian of the ward's person or estate to file a petition for dissolution of marriage or to file a petition for legal separation or declaration of invalidity of marriage under the Illinois Marriage and Dissolution of Marriage Act on behalf of the ward if the court finds by clear and convincing evidence that the relief sought is in the ward's best interests. In making its determination, the court shall consider the standards set forth in subsection (e) of this Section.

(a-10) Upon petition by the guardian of the ward's person or estate, the court may authorize and direct a guardian of the ward's person or estate to consent, on behalf of the ward, to the ward's marriage pursuant to Part II of the Illinois Marriage and Dissolution of Marriage Act if the court finds by clear and convincing evidence that the marriage is in the ward's best interests. In making its determination, the court shall consider the standards set forth in subsection (e) of this Section. Upon presentation of a court order authorizing and directing a guardian of the ward's person and estate to consent to the ward's marriage, the county clerk shall accept the guardian's application, appearance, and signature on behalf of the ward for purposes of issuing a license to marry under Section 203 of the Illinois Marriage and Dissolution of Marriage Act.

(b) If the court directs, the guardian of the person shall file with the court at intervals indicated by the court, a report that shall state briefly: (1) the current mental, physical, and social condition of the ward and the ward's minor and adult dependent children; (2) their present living arrangement, and a description and the address of every residence where they lived during the reporting period and the length of stay at each place;
(3) a summary of the medical, educational, vocational, and other professional services given to them; (4) a resume of the guardian's visits with and activities on behalf of the ward and the ward's minor and adult dependent children; (5) a recommendation as to the need for continued guardianship; (6) any other information requested by the court or useful in the opinion of the guardian. The Office of the State Guardian shall assist the guardian in filing the report when requested by the guardian. The court may take such action as it deems appropriate pursuant to the report.

(c) Absent court order pursuant to the Illinois Power of Attorney Act directing a guardian to exercise powers of the principal under an agency that survives disability, the guardian has no power, duty, or liability with respect to any personal or health care matters covered by the agency. This subsection (c) applies to all agencies, whenever and wherever executed.

(d) A guardian acting as a surrogate decision maker under the Health Care Surrogate Act shall have all the rights of a surrogate under that Act without court order including the right to make medical treatment decisions such as decisions to forgo or withdraw life-sustaining treatment. Any decisions by the guardian to forgo or withdraw life-sustaining treatment that are not authorized under the Health Care Surrogate Act shall require a court order. Nothing in this Section shall prevent an agent acting under a power of attorney for health care from exercising his or her authority under the Illinois Power of Attorney Act without further court order, unless a court has acted under Section 2-10 of the Illinois Power of Attorney Act. If a guardian is also a health care agent for the ward under a valid power of attorney for health care, the guardian acting as agent may execute his or her authority under that act without further court order.

(e) Decisions made by a guardian on behalf of a ward shall be made in accordance with the following standards for decision making. Decisions made by a guardian on behalf of a ward may be made by conforming as closely as possible to what the ward, if competent, would have done or intended under the circumstances, taking into account evidence that includes, but is not limited to, the ward's personal, philosophical, religious and moral beliefs, and ethical values relative to the decision to be made by the guardian. Where possible, the guardian shall determine how the ward would have made a decision based on the ward's previously expressed preferences, and make decisions in accordance with the preferences of the ward. If the ward's wishes are unknown and remain unknown after reasonable efforts to discern them, the decision shall be

made on the basis of the ward's best interests as determined by the guardian. In determining the ward's best interests, the guardian shall weigh the reason for and nature of the proposed action, the benefit or necessity of the action, the possible risks and other consequences of the proposed action, and any available alternatives and their risks, consequences and benefits, and shall take into account any other information, including the views of family and friends, that the guardian believes the ward would have considered if able to act for herself or himself.

(f) Upon petition by any interested person (including the standby or short-term guardian), with such notice to interested persons as the court directs and a finding by the court that it is in the best interest of the person with a disability, the court may terminate or limit the authority of a standby or short-term guardian or may enter such other orders as the court deems necessary to provide for the best interest of the person with a disability. The petition for termination or limitation of the authority of a standby or short-term guardian may, but need not, be combined with a petition to have another guardian appointed for the person with a disability.

(g)(1) Unless there is a court order to the contrary, the guardian, consistent with the standards set forth in subsection (e) of this Section, shall use reasonable efforts to notify the ward's known adult children, who have requested notification and provided contact information, of the ward's admission to a hospital or hospice program, the ward's death, and the arrangements for the disposition of the ward's remains.

(2) If a guardian unreasonably prevents an adult child of the ward from visiting the ward, the court, upon a verified petition by an adult child, may order the guardian to permit visitation between the ward and the adult child if the court finds that the visitation is in the ward's best interests. In making its determination, the court shall consider the standards set forth in subsection (e) of this Section. This subsection (g) does not apply to duly appointed public guardians or the Office of State Guardian.

10 years or more prior to the date of application for a grant under this Section.

"Personal services cost" means the cost of a teacher providing 60 additional days, which shall mean 400 additional hours, outside the teacher's regularly scheduled teaching duties for the benefit of agriculture education. The 400 additional hours shall be any activity that is to the benefit of agriculture education, as defined by the State Board of Education by rule, regardless of the time of year the activity occurs.

(b) Subject to appropriation to the State Board of Education, there is created an agriculture education teacher grant program to fund personal services costs for agriculture education teachers in school districts. The grants shall be for the purpose of assisting school districts with paying for personal services costs of agriculture education teachers.

(c) A school district may apply for a grant to fund an amount not to exceed 50% of the personal services cost for an agriculture education teacher under this Section. However, a school district that is creating a new agriculture education program may apply for a grant to fund an amount not to exceed 100% of an agriculture teacher's personal services cost in the first and second year of the new agriculture education program and an amount not to exceed 80% of an agriculture teacher's personal services cost in the third and fourth years of the new agriculture education program. A school district may apply for a grant for more than one teacher under this Section.

New matter indicated by italics - deletions by strikeout
scholarships shall be issued to individuals who make application to the Commission and who agree to take courses at qualified institutions of higher learning which will prepare them to teach in areas of identified staff shortages.

(b) Scholarships awarded under this Section shall be issued pursuant to regulations promulgated by the Commission; provided that no rule or regulation promulgated by the State Board of Education prior to the effective date of this amendatory Act of 1993 pursuant to the exercise of any right, power, duty, responsibility or matter of pending business transferred from the State Board of Education to the Commission under this Section shall be affected thereby, and all such rules and regulations shall become the rules and regulations of the Commission until modified or changed by the Commission in accordance with law. The Commission shall allocate the scholarships awarded between persons initially preparing to teach, persons holding valid teaching certificates issued under Articles 21 and 34 of the School Code, and persons holding a bachelor's degree from any accredited college or university who have been employed for a minimum of 10 years in a field other than teaching.

(c) Each scholarship shall be utilized by its holder for the payment of tuition and non-revenue bond fees at any qualified institution of higher learning. Such tuition and fees shall be available only for courses that will enable the individual to be certified to teach in areas of identified staff shortages. The Commission shall determine which courses are eligible for tuition payments under this Section.

(d) The Commission may make tuition payments directly to the qualified institution of higher learning which the individual attends for the courses prescribed or may make payments to the teacher. Any teacher who received payments and who fails to enroll in the courses prescribed shall refund the payments to the Commission.

(e) Following the completion of the program of study, persons who held valid teaching certificates and persons holding a bachelor's degree from any accredited college or university who have been employed for a minimum of 10 years in a field other than teaching prior to receiving a teacher shortage scholarship must accept employment within 2 years in a school in Illinois within 60 miles of the person's residence to teach in an area of identified staff shortage for a period of at least 3 years; provided, however that any such person instead may elect to accept employment within such 2 year period to teach in an area of identified staff shortage for a period of at least 3 years in a school in Illinois which is more than 60

miles from such person's residence. Persons initially preparing to teach prior to receiving a teacher shortage scholarship must accept employment within 2 years in a school in Illinois to teach in an area of identified staff shortage for a period of at least 3 years. Individuals who fail to comply with this provision shall refund all of the scholarships awarded to the Commission, whether payments were made directly to the institutions of higher learning or to the individuals, and this condition shall be agreed to in writing by all scholarship recipients at the time the scholarship is awarded. No individual shall be required to refund tuition payments if his or her failure to obtain employment as a teacher in a school is the result of financial conditions within school districts. The rules and regulations promulgated as provided in this Section shall contain provisions regarding the waiving and deferral of such payments.

(f) The Commission, with the cooperation of the State Board of Education, shall assist individuals who have participated in the scholarship program established by this Section in finding employment in areas of identified staff shortages.

(g) Beginning in September, 1994 and annually thereafter, the Commission, using data annually supplied by the State Board of Education under procedures developed by it to measure the level of shortage of qualified bilingual personnel serving students with disabilities, shall annually publish (i) the level of shortage of qualified bilingual personnel serving students with disabilities, and (ii) allocations of scholarships for personnel preparation training programs in the areas of bilingual special education teacher training and bilingual school service personnel.

(h) Appropriations for the scholarships outlined in this Section shall be made to the Commission from funds appropriated by the General Assembly.

(i) This Section is substantially the same as Section 30-4c of the School Code, which Section is repealed by this amendatory Act of 1993, and shall be construed as a continuation of the teacher shortage scholarship program established under that prior law, and not as a new or different teacher shortage scholarship program. The State Board of Education shall transfer to the Commission, as the successor to the State Board of Education for all purposes of administering and implementing the provisions of this Section, all books, accounts, records, papers, documents, contracts, agreements, and pending business in any way relating to the teacher shortage scholarship program continued under this Section; and all scholarships at any time awarded under that program by,
and all applications for any such scholarships at any time made to, the State Board of Education shall be unaffected by the transfer to the Commission of all responsibility for the administration and implementation of the teacher shortage scholarship program continued under this Section. The State Board of Education shall furnish to the Commission such other information as the Commission may request to assist it in administering this Section.

(j) For the purposes of this Section:

The Board of Higher Education and the Commission, in consultation with the State Board of Education, shall identify qualified institutions to supply the demand for bilingual special education teachers and bilingual school service personnel.

"Areas of identified staff shortages" means courses of study, including, but not limited to, agricultural education, in which the number of teachers is insufficient to meet student or school district demand for such instruction as determined by the State Board of Education.

Effective August 19, 2016.
AN ACT concerning courts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Section 5-915 as follows:

(705 ILCS 405/5-915)

Sec. 5-915. Expungement of juvenile law enforcement and court records.

(0.05) For purposes of this Section and Section 5-622:

"Expunge" means to physically destroy the records and to obliterate the minor's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the internal office records, files, or databases maintained by a State's Attorney's Office or other prosecutor.

"Law enforcement record" includes but is not limited to records of arrest, station adjustments, fingerprints, probation adjustments, the issuance of a notice to appear, or any other records maintained by a law enforcement agency relating to a minor suspected of committing an offense.

(1) Whenever a person has been arrested, charged, or adjudicated delinquent for an incident occurring before his or her 18th birthday that if committed by an adult would be an offense, the person may petition the court at any time for expungement of law enforcement records and juvenile court records relating to the incident and upon termination of any person has attained the age of 18 or whenever all juvenile court proceedings relating to that incident, the court shall order the expungement of all records in the possession of the Department of State Police, the clerk of the circuit court, and law enforcement agencies relating to the incident, that person have been terminated, whichever is later, the person may petition the court to expunge law enforcement records relating to incidents occurring before his or her 18th birthday or his or her juvenile court records, or both, but only in any of the following circumstances:

(a) the minor was arrested and no petition for delinquency was filed with the clerk of the circuit court; or

New matter indicated by italics - deletions by strikeout
(a-5) the minor was charged with an offense and the petition or petitions were dismissed without a finding of delinquency;

(b) the minor was charged with an offense and was found not delinquent of that offense; or

(c) the minor was placed under supervision pursuant to Section 5-615, and the order of supervision has since been successfully terminated; or

(d) the minor was adjudicated for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult.

(1.5) Commencing 180 days after the effective date of this amendatory Act of the 98th General Assembly, the Department of State Police shall automatically expunge, on or before January 1 of each year, a person's law enforcement records which are not subject to subsection (1) relating to incidents occurring before his or her 18th birthday in the Department's possession or control and which contains the final disposition which pertain to the person when arrested as a minor if:

(a) the minor was arrested for an eligible offense and no petition for delinquency was filed with the clerk of the circuit court; and

(b) the person attained the age of 18 years during the last calendar year; and

(c) since the date of the minor's most recent arrest, at least 6 months have elapsed without an additional arrest, filing of a petition for delinquency whether related or not to a previous arrest, or filing of charges not initiated by arrest.

The Department of State Police shall allow a person to use the Access and Review process, established in the Department of State Police, for verifying that his or her law enforcement records relating to incidents occurring before his or her 18th birthday eligible under this subsection have been expunged as provided in this subsection.

The Department of State Police shall provide by rule the process for access, review, and automatic expungement.

(1.6) Commencing on the effective date of this amendatory Act of the 98th General Assembly, a person whose law enforcement records are not subject to subsection (1) or (1.5) of this Section and who has attained the age of 18 years may use the Access and Review process, established in the Department of State Police, for verifying his or her law enforcement

records relating to incidents occurring before his or her 18th birthday in the Department's possession or control which pertain to the person when arrested as a minor, if the incident occurred no earlier than 30 years before the effective date of this amendatory Act of the 98th General Assembly. If the person identifies a law enforcement record of an eligible offense that meets the requirements of this subsection, paragraphs (a) and (c) of subsection (1.5) of this Section, and all juvenile court proceedings related to the person have been terminated, the person may file a Request for Expungement of Juvenile Law Enforcement Records, in the form and manner prescribed by the Department of State Police, with the Department and the Department shall consider expungement of the record as otherwise provided for automatic expungement under subsection (1.5) of this Section. The person shall provide notice and a copy of the Request for Expungement of Juvenile Law Enforcement Records to the arresting agency, prosecutor charged with the prosecution of the minor, or the State's Attorney of the county that prosecuted the minor. The Department of State Police shall provide by rule the process for access, review, and Request for Expungement of Juvenile Law Enforcement Records.

(1.7) Nothing in subsections (1.5) and (1.6) of this Section precludes a person from filing a petition under subsection (1) for expungement of records subject to automatic expungement under that subsection (1) or subsection (1.5) or (1.6) of this Section.

(1.8) For the purposes of subsections (1.5) and (1.6) of this Section, "eligible offense" means records relating to an arrest or incident occurring before the person's 18th birthday that if committed by an adult is not an offense classified as a Class 2 felony or higher offense, an offense under Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012, or an offense under Section 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961.

(2) Any person may petition the court to expunge all law enforcement records relating to any incidents occurring before his or her 18th birthday which did not result in proceedings in criminal court and all juvenile court records with respect to any adjudications except those based upon first degree murder and sex offenses which would be felonies if committed by an adult, if the person for whom expungement is sought has had no convictions for any crime since his or her 18th birthday and:

(a) has attained the age of 21 years; or

(b) 5 years have elapsed since all juvenile court proceedings relating to him or her have been terminated or his or her
commitment to the Department of Juvenile Justice pursuant to this Act has been terminated; whichever is later of (a) or (b). Nothing in this Section 5-915 precludes a minor from obtaining expungement under Section 5-622.

(2.5) If a minor is arrested and no petition for delinquency is filed with the clerk of the circuit court as provided in paragraph (a) of subsection (1) at the time the minor is released from custody, the youth officer, if applicable, or other designated person from the arresting agency, shall notify verbally and in writing to the minor or the minor's parents or guardians that if the State's Attorney does not file a petition for delinquency, the minor has a right to petition to have his or her arrest record expunged when the minor attains the age of 18 or when all juvenile court proceedings relating to that minor have been terminated and that unless a petition to expunge is filed, the minor shall have an arrest record and shall provide the minor and the minor's parents or guardians with an expungement information packet, including a petition to expunge juvenile records obtained from the clerk of the circuit court.

(2.6) If a minor is charged with an offense and is found not delinquent of that offense; or if a minor is placed under supervision under Section 5-615, and the order of supervision is successfully terminated; or if a minor is adjudicated for an offense that would be a Class B misdemeanor, a Class C misdemeanor, or a business or petty offense if committed by an adult; or if a minor has incidents occurring before his or her 18th birthday that have not resulted in proceedings in criminal court, or resulted in proceedings in juvenile court, and the adjudications were not based upon first degree murder or sex offenses that would be felonies if committed by an adult; then at the time of sentencing or dismissal of the case, the judge shall inform the delinquent minor of his or her right to petition for expungement as provided by law, and the clerk of the circuit court shall provide an expungement information packet to the delinquent minor, written in plain language, including a petition for expungement, a sample of a completed petition, expungement instructions that shall include information informing the minor that (i) once the case is expunged, it shall be treated as if it never occurred, (ii) he or she may apply to have petition fees waived, (iii) once he or she obtains an expungement, he or she may not be required to disclose that he or she had a juvenile record, and (iv) he or she may file the petition on his or her own or with the assistance of an attorney. The failure of the judge to inform the delinquent minor of his or her right to petition for expungement as
provided by law does not create a substantive right, nor is that failure grounds for: (i) a reversal of an adjudication of delinquency, (ii) a new trial; or (iii) an appeal.

(2.7) For counties with a population over 3,000,000, the clerk of the circuit court shall send a "Notification of a Possible Right to Expungement" post card to the minor at the address last received by the clerk of the circuit court on the date that the minor attains the age of 18 based on the birthdate provided to the court by the minor or his or her guardian in cases under paragraphs (b), (c), and (d) of subsection (1); and when the minor attains the age of 21 based on the birthdate provided to the court by the minor or his or her guardian in cases under subsection (2).

(2.8) The petition for expungement for subsection (1) may include multiple offenses on the same petition and shall be substantially in the following form:

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Sections 6a and 7 as follows:

(20 ILCS 505/6a) (from Ch. 23, par. 5006a)
Sec. 6a. Case Plan.
(a) With respect to each Department client for whom the Department is providing placement service, the Department shall develop a case plan designed to stabilize the family situation and prevent placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety, reunify the family if temporary placement is necessary when safe and appropriate, or move the child toward the most permanent living arrangement and permanent legal status. Such case plan shall provide for the utilization of family preservation services as defined in Section 8.2 of the Abused and Neglected Child Reporting Act. Such case plan shall be reviewed and updated every 6 months. The Department shall ensure that incarcerated parents are able to participate in case plan reviews via teleconference or videoconference. Where appropriate, the case plan shall include recommendations concerning alcohol or drug abuse evaluation.

If the parent is incarcerated, the case plan must address the tasks that must be completed by the parent and how the parent will participate in the administrative case review and permanency planning hearings and, wherever possible, must include treatment that reflects the resources available at the facility where the parent is confined. The case plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(b) The Department may enter into written agreements with child welfare agencies to establish and implement case plan demonstration projects. The demonstration projects shall require that service providers develop, implement, review and update client case plans. The Department shall examine the effectiveness of the demonstration projects in promoting the family reunification or the permanent placement of each client and shall report its findings to the General Assembly no later than 90 days after
the end of the fiscal year in which any such demonstration project is implemented.

Sec. 7. Placement of children; considerations.
(a) In placing any child under this Act, the Department shall place the child, as far as possible, in the care and custody of some individual holding the same religious belief as the parents of the child, or with some child care facility which is operated by persons of like religious faith as the parents of such child.
(a-5) In placing a child under this Act, the Department shall place the child with the child's sibling or siblings under Section 7.4 of this Act unless the placement is not in each child's best interest, or is otherwise not possible under the Department's rules. If the child is not placed with a sibling under the Department's rules, the Department shall consider placements that are likely to develop, preserve, nurture, and support sibling relationships, where doing so is in each child's best interest.
(b) In placing a child under this Act, the Department may place a child with a relative if the Department determines that the relative will be able to adequately provide for the child's safety and welfare based on the factors set forth in the Department's rules governing relative placements, and that the placement is consistent with the child's best interests, taking into consideration the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.
When the Department first assumes custody of a child, in placing that child under this Act, the Department shall make reasonable efforts to identify, locate, and provide notice to all adult grandparents and other adult relatives of the child who are ready, willing, and able to care for the child. At a minimum, these efforts shall be renewed each time the child requires a placement change and it is appropriate for the child to be cared for in a home environment. The Department must document its efforts to identify, locate, and provide notice to such potential relative placements and maintain the documentation in the child's case file.
If the Department determines that a placement with any identified relative is not in the child's best interests or that the relative does not meet the requirements to be a relative caregiver, as set forth in Department rules or by statute, the Department must document the basis for that decision and maintain the documentation in the child's case file.

If, pursuant to the Department's rules, any person files an administrative appeal of the Department's decision not to place a child with a relative, it is the Department's burden to prove that the decision is consistent with the child's best interests.

When the Department determines that the child requires placement in an environment, other than a home environment, the Department shall continue to make reasonable efforts to identify and locate relatives to serve as visitation resources for the child and potential future placement resources, except when the Department determines that those efforts would be futile or inconsistent with the child's best interests.

If the Department determines that efforts to identify and locate relatives would be futile or inconsistent with the child's best interests, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

If the Department determines that an individual or a group of relatives are inappropriate to serve as visitation resources or possible placement resources, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

When the Department determines that an individual or a group of relatives are appropriate to serve as visitation resources or possible future placement resources, the Department shall document the basis of its determination, maintain the documentation in the child's case file, create a visitation or transition plan, or both, and incorporate the visitation or transition plan, or both, into the child's case plan. For the purpose of this subsection, any determination as to the child's best interests shall include consideration of the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

The Department may not place a child with a relative, with the exception of certain circumstances which may be waived as defined by the Department in rules, if the results of a check of the Law Enforcement Agencies Data System (LEADS) identifies a prior criminal conviction of the relative or any adult member of the relative's household for any of the following offenses under the Criminal Code of 1961 or the Criminal Code of 2012:

(1) murder;
(1.1) solicitation of murder;
(1.2) solicitation of murder for hire;

For the purpose of this subsection, "relative" shall include any person, 21 years of age or over, other than the parent, who (i) is currently related to the child in any of the following ways by blood or adoption: grandparent, sibling, great-grandparent, uncle, aunt, nephew, niece, first cousin, second cousin, godparent, great-uncle, or great-aunt; or (ii) is the spouse of such a relative; or (iii) is the child's step-father, step-mother, or adult step-brother or step-sister; or (iv) is a fictive kin; "relative" also includes a person related in any of the foregoing ways to a sibling of a child, even though the person is not related to the child, when the child and its sibling are placed together with that person. For children who have been in the guardianship of the Department, have been adopted, and are subsequently returned to the temporary custody or guardianship of the Department, a "relative" may also include any person who would have qualified as a relative under this paragraph prior to the adoption, but only if the Department determines, and documents, that it would be in the child's best interests to consider this person a relative, based upon the factors for determining best interests set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987. A relative with whom a child is placed pursuant to this subsection may, but is not required to, apply for licensure as a foster family home pursuant to the Child Care Act of 1969; provided, however, that as of July 1, 1995, foster care payments shall be made only to licensed foster family homes pursuant to the terms of Section 5 of this Act.

Notwithstanding any other provision under this subsection to the contrary, a fictive kin with whom a child is placed pursuant to this subsection shall apply for licensure as a foster family home pursuant to the Child Care Act of 1969 within 6 months of the child's placement with the fictive kin. The Department shall not remove a child from the home of a fictive kin on the basis that the fictive kin fails to apply for licensure within 6 months of the child's placement with the fictive kin, or fails to meet the standard for licensure. All other requirements established under the rules and procedures of the Department concerning the placement of a child, for whom the Department is legally responsible, with a relative shall

By June 1, 2015, the Department shall promulgate rules establishing criteria and standards for placement, identification, and licensure of fictive kin.

For purposes of this subsection, "fictive kin" means any individual, unrelated by birth or marriage, who:

(i) is shown to have close personal or emotional ties with the child or the child's family prior to the child's placement with the individual; or

(ii) is the current foster parent of a child in the custody or guardianship of the Department pursuant to this Act and the Juvenile Court Act of 1987, if the child has been placed in the home for at least one year and has established a significant and family-like relationship with the foster parent, and the foster parent has been identified by the Department as the child's permanent connection, as defined by Department rule.

The provisions added to this subsection (b) by Public Act 98-846 this amendatory Act of the 98th General Assembly shall become operative on and after June 1, 2015.

(c) In placing a child under this Act, the Department shall ensure that the child's health, safety, and best interests are met. In rejecting placement of a child with an identified relative, the Department shall ensure that the child's health, safety, and best interests are met. In evaluating the best interests of the child, the Department shall take into consideration the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall consider the individual needs of the child and the capacity of the prospective foster or adoptive parents to meet the needs of the child. When a child must be placed outside his or her home and cannot be immediately returned to his or her parents or guardian, a comprehensive, individualized assessment shall be performed of that child at which time the needs of the child shall be determined. Only if race, color, or national origin is identified as a legitimate factor in advancing the child's best interests shall it be considered. Race, color, or national origin shall not be routinely considered in making a placement decision. The Department shall make special efforts for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of the children for whom foster and adoptive homes are needed. "Special efforts" shall include contacting and working with community organizations and religious organizations and may include contracting

with those organizations, utilizing local media and other local resources, and conducting outreach activities.

(c-1) At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of Section 5, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child. To the extent that doing so is in the child's best interests as set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987, the Department should consider placements that will permit the child to maintain a meaningful relationship with his or her parents.

(d) The Department may accept gifts, grants, offers of services, and other contributions to use in making special recruitment efforts.

(e) The Department in placing children in adoptive or foster care homes may not, in any policy or practice relating to the placement of children for adoption or foster care, discriminate against any child or prospective adoptive or foster parent on the basis of race.

Section 10. The Juvenile Court Act of 1987 is amended by changing Section 2-13 as follows:

(705 ILCS 405/2-13) (from Ch. 37, par. 802-13)

Sec. 2-13. Petition.

(1) Any adult person, any agency or association by its representative may file, or the court on its own motion, consistent with the health, safety and best interests of the minor may direct the filing through the State's Attorney of a petition in respect of a minor under this Act. The petition and all subsequent court documents shall be entitled "In the interest of ...., a minor".

(2) The petition shall be verified but the statements may be made upon information and belief. It shall allege that the minor is abused, neglected, or dependent, with citations to the appropriate provisions of this Act, and set forth (a) facts sufficient to bring the minor under Section 2-3 or 2-4 and to inform respondents of the cause of action, including, but not limited to, a plain and concise statement of the factual allegations that form the basis for the filing of the petition; (b) the name, age and residence of the minor; (c) the names and residences of his parents; (d) the name and residence of his legal guardian or the person or persons having custody or control of the minor, or of the nearest known relative if no parent or
guardian can be found; and (e) if the minor upon whose behalf the petition is brought is sheltered in custody, the date on which such temporary custody was ordered by the court or the date set for a temporary custody hearing. If any of the facts herein required are not known by the petitioner, the petition shall so state.

(3) The petition must allege that it is in the best interests of the minor and of the public that he be adjudged a ward of the court and may pray generally for relief available under this Act. The petition need not specify any proposed disposition following adjudication of wardship. The petition may request that the minor remain in the custody of the parent, guardian, or custodian under an Order of Protection.

(4) If termination of parental rights and appointment of a guardian of the person with power to consent to adoption of the minor under Section 2-29 is sought, the petition shall so state. If the petition includes this request, the prayer for relief shall clearly and obviously state that the parents could permanently lose their rights as a parent at this hearing.

In addition to the foregoing, the petitioner, by motion, may request the termination of parental rights and appointment of a guardian of the person with power to consent to adoption of the minor under Section 2-29 at any time after the entry of a dispositional order under Section 2-22.

(4.5) (a) Unless good cause exists that filing a petition to terminate parental rights is contrary to the child's best interests, with respect to any minors committed to its care pursuant to this Act, the Department of Children and Family Services shall request the State's Attorney to file a petition or motion for termination of parental rights and appointment of guardian of the person with power to consent to adoption of the minor under Section 2-29 if:

(i) a minor has been in foster care, as described in subsection (b), for 15 months of the most recent 22 months; or

(ii) a minor under the age of 2 years has been previously determined to be abandoned at an adjudicatory hearing; or

(iii) the parent is criminally convicted of (A) first degree murder or second degree murder of any child, (B) attempt or conspiracy to commit first degree murder or second degree murder of any child, (C) solicitation to commit murder of any child, solicitation to commit murder for hire of any child, or solicitation to commit second degree murder of any child, (D) aggravated battery, aggravated battery of a child, or felony domestic battery, any of which has resulted in serious injury to the minor or a sibling.
of the minor, (E) aggravated criminal sexual assault in violation of subdivision (a)(1) of Section 11-1.40 or subdivision (a)(1) of Section 12-14.1 of the Criminal Code of 1961 or the Criminal Code of 2012, or (F) an offense in any other state the elements of which are similar and bear a substantial relationship to any of the foregoing offenses.

unless:

(a-1) For purposes of this subsection (4.5), good cause exists in the following circumstances:

(i) the child is being cared for by a relative,

(ii) the Department has documented in the case plan a compelling reason for determining that filing such petition would not be in the best interests of the child,

(iii) the court has found within the preceding 12 months that the Department has failed to make reasonable efforts to reunify the child and family, or

(iv) the parent is incarcerated, or the parent's prior incarceration is a significant factor in why the child has been in foster care for 15 months out of any 22-month period, the parent maintains a meaningful role in the child's life, and the Department has not documented another reason why it would otherwise be appropriate to file a petition to terminate parental rights pursuant to this Section and the Adoption Act. The assessment of whether an incarcerated parent maintains a meaningful role in the child's life may include consideration of the following: paragraph (c) of this subsection (4.5) provides otherwise:

(A) the child's best interest;

(B) the parent's expressions or acts of manifesting concern for the child, such as letters, telephone calls, visits, and other forms of communication with the child and the impact of the communication on the child;

(C) the parent's efforts to communicate with and work with the Department for the purpose of complying with the service plan and repairing, maintaining, or building the parent-child relationship; or

(D) limitations in the parent's access to family support programs, therapeutic services, visiting opportunities, telephone and mail services, and meaningful participation in court proceedings.

(b) For purposes of this subsection, the date of entering foster care is defined as the earlier of:

(1) The date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or

(2) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(c) (Blank). With respect to paragraph (a)(i), the following transition rules shall apply:

(1) If the child entered foster care after November 19, 1997 and this amendatory Act of 1998 takes effect before the child has been in foster care for 15 months of the preceding 22 months, then the Department shall comply with the requirements of paragraph (a) of this subsection (4.5) for that child as soon as the child has been in foster care for 15 of the preceding 22 months.

(2) If the child entered foster care after November 19, 1997 and this amendatory Act of 1998 takes effect after the child has been in foster care for 15 of the preceding 22 months, then the Department shall comply with the requirements of paragraph (a) of this subsection (4.5) for that child within 3 months after the end of the next regular session of the General Assembly.

(3) If the child entered foster care prior to November 19, 1997, then the Department shall comply with the requirements of paragraph (a) of this subsection (4.5) for that child in accordance with Department policy or rule.

(d) (Blank). If the State's Attorney determines that the Department's request for filing of a petition or motion conforms to the requirements set forth in subdivisions (a), (b), and (c) of this subsection (4.5), then the State's Attorney shall file the petition or motion as requested.

(5) The court shall liberally allow the petitioner to amend the petition to set forth a cause of action or to add, amend, or supplement factual allegations that form the basis for a cause of action up until 14 days before the adjudicatory hearing. The petitioner may amend the petition after that date and prior to the adjudicatory hearing if the court grants leave to amend upon a showing of good cause. The court may allow amendment of the petition to conform with the evidence at any time prior to ruling. In all cases in which the court has granted leave to amend based on new evidence or new allegations, the court shall permit the respondent an adequate opportunity to prepare a defense to the amended petition.

New matter indicated by italics - deletions by strikeout
(6) At any time before dismissal of the petition or before final closing and discharge under Section 2-31, one or more motions in the best interests of the minor may be filed. The motion shall specify sufficient facts in support of the relief requested.

(g) Failure to protect the child from conditions within his
environment injurious to the child's welfare.
(h) Other neglect of, or misconduct toward the child;

except such proceedings terminating parental rights as shall be had under either this Act, the Juvenile Court Act or the Juvenile Court Act of 1987.

   (i) Depravity. Conviction of any one of the following crimes shall create a presumption that a parent is depraved which can be overcome only by clear and convincing evidence: (1) first degree murder in violation of paragraph 1 or 2 of subsection (a) of Section 9-1 of the Criminal Code of 1961 or the Criminal Code of 2012 or conviction of second degree murder in violation of subsection (a) of Section 9-2 of the Criminal Code of 1961 or the Criminal Code of 2012 of a parent of the child to be adopted; (2) first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (3) attempt or conspiracy to commit first degree murder or second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (4) solicitation to commit murder of any child, solicitation to commit murder of any child for hire, or solicitation to commit second degree murder of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012; (5) predatory criminal sexual assault of a child in violation of Section 11-1.40 or 12-14.1 of the Criminal Code of 1961 or the Criminal Code of 2012; (6) heinous battery of any child in violation of the Criminal Code of 1961; or (7) aggravated battery of any child in violation of the Criminal Code of 1961 or the Criminal Code of 2012.

   There is a rebuttable presumption that a parent is depraved if the parent has been criminally convicted of at least 3 felonies under the laws of this State or any other state, or under federal law, or the criminal laws of any United States territory; and at least one of these convictions took place within 5 years of the filing of the petition or motion seeking termination of parental rights.

   There is a rebuttable presumption that a parent is depraved if that parent has been criminally convicted of either first or second degree murder of any person as defined in the Criminal Code of 1961 or the Criminal Code of 2012 within 10 years of the filing date of the petition or motion to terminate parental rights.

   No conviction or finding of delinquency pursuant to Article 5 of the Juvenile Court Act of 1987 shall be considered a criminal
conviction for the purpose of applying any presumption under this item (i).

(j) Open and notorious adultery or fornication.

(j-1) (Blank).

(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a physician, for at least one year immediately prior to the commencement of the unfitness proceeding.

There is a rebuttable presumption that a parent is unfit under this subsection with respect to any child to which that parent gives birth where there is a confirmed test result that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a new born child during the first 30 days after its birth.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent during any 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (ii) to make reasonable progress toward the return of the child to the parent during any 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-
month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987. Notwithstanding any other provision, when a petition or motion seeks to terminate parental rights on the basis of item (ii) of this subsection (m), the petitioner shall file with the court and serve on the parties a pleading that specifies the 9-month period or periods relied on. The pleading shall be filed and served on the parties no later than 3 weeks before the date set by the court for closure of discovery, and the allegations in the pleading shall be treated as incorporated into the petition or motion. Failure of a respondent to file a written denial of the allegations in the pleading shall not be treated as an admission that the allegations are true.

(m-1) (Blank). Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15 months out of any 22-month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is filed under the Juvenile Court Act of 1987. The 15-month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the
father's failure, where he and the mother of the child were unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984, the Illinois Parentage Act of 2015, or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

(s) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

PUBLIC ACT 99-0839
(House Bill No. 5665)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Children and Family Services Act is amended by adding Section 7.3a as follows:
(20 ILCS 505/7.3a new)
Sec. 7.3a. Normalcy parenting for children in foster care; participation in childhood activities.

(a) Legislative findings.

(1) Every day parents make important decisions about their child's participation in extracurricular activities. Caregivers for children in out-of-home care are faced with making the same decisions.

(2) When a caregiver makes decisions, he or she must consider applicable laws, rules, and regulations to safeguard the health, safety, and best interests of a child in out-of-home care.

(3) Participation in extracurricular activities is important to a child's well-being, not only emotionally, but also in developing valuable life skills.

(4) The General Assembly recognizes the importance of making every effort to normalize the lives of children in out-of-home care and to empower a caregiver to approve or not approve a child's participation in appropriate extracurricular activities based on the caregiver's own assessment using the reasonable and prudent parent standard, without prior approval of the Department, the caseworker, or the court.

(5) Nothing in this Section shall be presumed to discourage or diminish the engagement of families and guardians in the child's life activities.

(b) Definitions. As used in this Section:

"Appropriate activities" means activities or items that are generally accepted as suitable for children of the same chronological age or developmental level of maturity. Appropriateness is based on the development of cognitive, emotional, physical, and behavioral capacity that is typical for an age or age group, taking into account the individual child's cognitive, emotional, physical, and behavioral development.

"Caregiver" means a person with whom the child is placed in out-of-home care or a designated official for child care facilities licensed by the Department as defined in the Child Care Act of 1969.

"Reasonable and prudent parent standard" means the standard characterized by careful and sensible parental decisions that maintain the child's health, safety, and best interests while at the same time supporting the child's emotional and developmental growth that a caregiver shall use when determining whether to allow a child in out-of-home care to participate in extracurricular, enrichment, cultural, and social activities.

(c) Requirements for decision-making.

(1) Each child who comes into the care and custody of the Department is fully entitled to participate in appropriate extracurricular, enrichment, cultural, and social activities in a manner that allows that child to participate in his or her community to the fullest extent possible.

(2) Caregivers must use the reasonable and prudent parent standard in determining whether to give permission for a child in out-of-home care to participate in appropriate extracurricular, enrichment, cultural, and social activities. Caregivers are expected to promote and support a child's participation in such activities. When using the reasonable and prudent parent standard, the caregiver shall consider:

(A) the child's age, maturity, and developmental level to promote the overall health, safety, and best interests of the child;

(B) the best interest of the child based on information known by the caregiver;

(C) the importance and fundamental value of encouraging the child's emotional and developmental growth gained through participation in activities in his or her community;

(D) the importance and fundamental value of providing the child with the most family-like living experience possible; and

(E) the behavioral history of the child and the child's ability to safely participate in the proposed activity.

(3) A caregiver is not liable for harm caused to a child in out-of-home care who participates in an activity approved by the caregiver, provided that the caregiver has acted as a reasonable and prudent parent in permitting the child to engage in the activity.

(d) Rulemaking. The Department shall adopt, by rule, procedures no later than June 1, 2017 that promote and protect the ability of children to participate in appropriate extracurricular, enrichment, cultural, and social activities.

PUBLIC ACT 99-0840
(House Bill No. 5918)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 27A-9 and 27A-11.5 as follows:

(105 ILCS 5/27A-9)
Sec. 27A-9. Term of charter; renewal.
(a) For charters granted before the effective date of this amendatory Act of the 99th General Assembly, a charter may be granted for a period not less than 5 and not more than 10 school years. For charters granted on or after the effective date of this amendatory Act of the 99th General Assembly, a charter shall be granted for a period of 5 school years. For charters renewed before the effective date of this amendatory Act of the 99th General Assembly, a charter may be renewed in incremental periods not to exceed 5 school years. For charters renewed on or after the effective date of this amendatory Act of the 99th General Assembly, a charter may be renewed in incremental periods not to exceed 10 school years; however, the Commission may renew a charter only in incremental periods not to exceed 5 years. Authorizers shall ensure that every charter granted on or after the effective date of this amendatory Act of the 99th General Assembly includes standards and goals for academic, organizational, and financial performance. A charter must meet all standards and goals for academic, organizational, and financial performance set forth by the authorizer in order to be renewed for a term in excess of 5 years but not more than 10 years. If an authorizer fails to establish standards and goals, a charter shall not be renewed for a term in excess of 5 years. Nothing contained in this Section shall require an authorizer to grant a full 10-year renewal term to any particular charter school, but an authorizer may award a full 10-year renewal term to charter schools that have a demonstrated track record of improving student performance.
(b) A charter school renewal proposal submitted to the local school board or the Commission, as the chartering entity, shall contain:

New matter indicated by italics - deletions by strikeout
(1) A report on the progress of the charter school in achieving the goals, objectives, pupil performance standards, content standards, and other terms of the initial approved charter proposal; and

(2) A financial statement that discloses the costs of administration, instruction, and other spending categories for the charter school that is understandable to the general public and that will allow comparison of those costs to other schools or other comparable organizations, in a format required by the State Board.

(c) A charter may be revoked or not renewed if the local school board or the Commission, as the chartering entity, clearly demonstrates that the charter school did any of the following, or otherwise failed to comply with the requirements of this law:

(1) Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.

(2) Failed to meet or make reasonable progress toward achievement of the content standards or pupil performance standards identified in the charter.

(3) Failed to meet generally accepted standards of fiscal management.

(4) Violated any provision of law from which the charter school was not exempted.

In the case of revocation, the local school board or the Commission, as the chartering entity, shall notify the charter school in writing of the reason why the charter is subject to revocation. The charter school shall submit a written plan to the local school board or the Commission, whichever is applicable, to rectify the problem. The plan shall include a timeline for implementation, which shall not exceed 2 years or the date of the charter's expiration, whichever is earlier. If the local school board or the Commission, as the chartering entity, finds that the charter school has failed to implement the plan of remediation and adhere to the timeline, then the chartering entity shall revoke the charter. Except in situations of an emergency where the health, safety, or education of the charter school's students is at risk, the revocation shall take place at the end of a school year. Nothing in this amendatory Act of the 96th General Assembly shall be construed to prohibit an implementation timetable that is less than 2 years in duration.

(d) (Blank).
(e) Notice of a local school board's decision to deny, revoke or not to renew a charter shall be provided to the Commission and the State Board. The Commission may reverse a local board's decision if the Commission finds that the charter school or charter school proposal (i) is in compliance with this Article, and (ii) is in the best interests of the students it is designed to serve. The Commission may condition the granting of an appeal on the acceptance by the charter school of funding in an amount less than that requested in the proposal submitted to the local school board. Final decisions of the Commission shall be subject to judicial review under the Administrative Review Law.

(f) Notwithstanding other provisions of this Article, if the Commission on appeal reverses a local board's decision or if a charter school is approved by referendum, the Commission shall act as the authorized chartering entity for the charter school. The Commission shall approve the charter and shall perform all functions under this Article otherwise performed by the local school board. The State Board shall determine whether the charter proposal approved by the Commission is consistent with the provisions of this Article and, if the approved proposal complies, certify the proposal pursuant to this Article. The State Board shall report the aggregate number of charter school pupils resident in a school district to that district and shall notify the district of the amount of funding to be paid by the State Board to the charter school enrolling such students. The Commission shall require the charter school to maintain accurate records of daily attendance that shall be deemed sufficient to file claims under Section 18-8.05 notwithstanding any other requirements of that Section regarding hours of instruction and teacher certification. The State Board shall withhold from funds otherwise due the district the funds authorized by this Article to be paid to the charter school and shall pay such amounts to the charter school.

(g) For charter schools authorized by the Commission, the Commission shall quarterly certify to the State Board the student enrollment for each of its charter schools.

(h) For charter schools authorized by the Commission, the State Board shall pay directly to a charter school any federal or State aid attributable to a student with a disability attending the school.

New matter indicated by italics - deletions by strikeout
(1) From a separate appropriation made to the State Board for purposes of this subdivision (1), the State Board shall make transition impact aid available to school districts that approve a new charter school or that have funds withheld by the State Board to fund a new charter school that is chartered by the Commission. The amount of the aid shall equal 90% of the per capita funding paid to the charter school during the first year of its initial charter term, 65% of the per capita funding paid to the charter school during the second year of its initial term, and 35% of the per capita funding paid to the charter school during the third year of its initial term. This transition impact aid shall be paid to the local school board in equal quarterly installments, with the payment of the installment for the first quarter being made by August 1st immediately preceding the first, second, and third years of the initial term. The district shall file an application for this aid with the State Board in a format designated by the State Board. If the appropriation is insufficient in any year to pay all approved claims, the impact aid shall be prorated. However, for fiscal year 2004, the State Board of Education shall pay approved claims only for charter schools with a valid charter granted prior to June 1, 2003. If any funds remain after these claims have been paid, then the State Board of Education may pay all other approved claims on a pro rata basis. Transition impact aid shall be paid beginning in the 1999-2000 school year for charter schools that are in the first, second, or third year of their initial term. Transition impact aid shall not be paid for any charter school that is proposed and created by one or more boards of education, as authorized under the provisions of Public Act 91-405.

(2) From a separate appropriation made for the purpose of this subdivision (2), the State Board shall make grants to charter schools to pay their start-up costs of acquiring educational materials and supplies, textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, furniture, and other equipment or materials needed during their initial term. The State Board shall annually establish the time and manner of application for these grants, which shall not exceed $250 per student enrolled in the charter school.

Federal funds, such other funds as may be made available for costs associated with the establishment of charter schools in Illinois, and amounts repaid by charter schools that have received a loan from the Charter Schools Revolving Loan Fund shall be deposited into the Charter Schools Revolving Loan Fund, and the moneys in the Charter Schools Revolving Loan Fund shall be appropriated to the State Board and used to provide interest-free loans to charter schools. These funds shall be used to pay start-up costs of acquiring educational materials and supplies, textbooks, electronic textbooks and the technological equipment necessary to gain access to and use electronic textbooks, furniture, and other equipment or materials needed in the initial term of the charter school and for acquiring and remodeling a suitable physical plant, within the initial term of the charter school. Loans shall be limited to one loan per charter school and shall not exceed $750 $250 per student enrolled in the charter school. A loan shall be repaid by the end of the initial term of the charter school. of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(C) Within 30 days from receipt of the notice under subparagraphs (A) and (B), the franchisee may file with the Board a written protest against the proposed action.

When the protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention of the proposed action and to the protesting dealer or franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to cancel or terminate, or fail to extend or renew the franchise or selling agreement of a motor vehicle dealer or franchisee, and to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement. The determination whether good cause exists to cancel, terminate, or refuse to renew or extend the franchise or selling agreement, or to change or modify the obligations of the dealer as a condition to offer renewal, replacement, or succession shall be made by the Board under subsection (d) of Section 12 of this Act.

(D) Notwithstanding the terms, conditions, or provisions of a franchise or selling agreement, the following shall not constitute good cause for cancelling or terminating or failing to extend or renew the franchise or selling agreement: (i) the change of ownership or executive management of the franchisee's dealership; or (ii) the fact that the franchisee or owner of an interest in the franchise owns, has an investment in, participates in the management of, or holds a license for the sale of the same or any other line make of new motor vehicles.

(E) The manufacturer may not cancel or terminate, or fail to extend or renew a franchise or selling agreement or change or modify the obligations of the franchisee as a
condition to offering a renewal, replacement, or succeeding franchise or selling agreement before the hearing process is concluded as prescribed by this Act, and thereafter, if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the proposed action;

(7) notwithstanding the terms of any franchise agreement, to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs, expert witness fees, reasonable attorneys' fees of the new motor vehicle dealer, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or rescission of the sale as defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer; provided that, in order to provide an adequate defense, the manufacturer receives notice of the filing of a complaint, claim, or lawsuit within 60 days after the filing;

(8) to require or otherwise coerce a motor vehicle dealer to underutilize the motor vehicle dealer's facilities by requiring or otherwise coercing the motor vehicle dealer to exclude or remove from the motor vehicle dealer's facilities operations for selling or servicing of any vehicles for which the motor vehicle dealer has a franchise agreement with another manufacturer, distributor, wholesaler, distribution branch or division, or officer, agent, or other representative thereof; provided, however, that, in light of all existing circumstances, (i) the motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, (ii) the new motor vehicle dealer remains in compliance with any reasonable facilities requirements of the manufacturer, (iii) no change is made in the principal management of the new motor vehicle dealer, and (iv) the addition of the make or line of new motor vehicles would be reasonable. The reasonable facilities requirement set forth in item (ii) of subsection (d)(8) shall not include any requirement that a franchisee establish or maintain

exclusive facilities, personnel, or display space. Any decision by a motor vehicle dealer to sell additional makes or lines at the motor vehicle dealer's facility shall be presumed to be reasonable, and the manufacturer shall have the burden to overcome that presumption. A motor vehicle dealer must provide a written notification of its intent to add a make or line of new motor vehicles to the manufacturer. If the manufacturer does not respond to the motor vehicle dealer, in writing, objecting to the addition of the make or line within 60 days after the date that the motor vehicle dealer sends the written notification, then the manufacturer shall be deemed to have approved the addition of the make or line; or

(9) to use or consider the performance of a motor vehicle dealer relating to the sale of the manufacturer's, distributor's, or wholesaler's vehicles or the motor vehicle dealer's ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the manufacturer's, distributor's, or wholesaler's new vehicles in determining:

(A) the motor vehicle dealer's eligibility to purchase program, certified, or other used motor vehicles from the manufacturer, distributor, or wholesaler;

(B) the volume, type, or model of program, certified, or other used motor vehicles that a motor vehicle dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(C) the price of any program, certified, or other used motor vehicle that the dealer is eligible to purchase from the manufacturer, distributor, or wholesaler; or

(D) the availability or amount of any discount, credit, rebate, or sales incentive that the dealer is eligible to receive from the manufacturer, distributor, or wholesaler for the purchase of any program, certified, or other used motor vehicle offered for sale by the manufacturer, distributor, or wholesaler.

(e) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division or officer, agent or other representative thereof:

(1) to resort to or use any false or misleading advertisement in connection with his business as such manufacturer, distributor,
wholesaler, distributor branch or division or officer, agent or other representative thereof;

(2) to offer to sell or lease, or to sell or lease, any new motor vehicle to any motor vehicle dealer at a lower actual price therefor than the actual price offered to any other motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device including, but not limited to, sales promotion plans or programs which result in such lesser actual price or fail to make available to any motor vehicle dealer any preferential pricing, incentive, rebate, finance rate, or low interest loan program offered to competing motor vehicle dealers in other contiguous states. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(3) to offer to sell or lease, or to sell or lease, any new motor vehicle to any person, except a wholesaler, distributor or manufacturer's employees at a lower actual price therefor than the actual price offered and charged to a motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device which results in such lesser actual price. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(4) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or franchisee from changing the executive management control of the motor vehicle dealer or franchisee unless the franchiser, having the burden of proof, proves that such change of executive management will result in executive management control by a person or persons who are not of good moral character or who do not meet the franchiser's existing and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within 60 days of notice to the manufacturer by the dealer of the proposed change. If the manufacturer does not send a letter to the franchisee by certified mail, return receipt requested, within 60 days from receipt by the manufacturer of the proposed change, then

the change of the executive management control of the franchisee shall be deemed accepted as proposed by the franchisee, and the manufacturer shall give immediate effect to such change;

(5) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer from establishing or changing the capital structure of his dealership or the means by or through which he finances the operation thereof; provided the dealer meets any reasonable capital standards agreed to between the dealer and the manufacturer, distributor or wholesaler, who may require that the sources, method and manner by which the dealer finances or intends to finance its operation, equipment or facilities be fully disclosed;

(6) to refuse to give effect to or prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or any officer, partner or stockholder of any motor vehicle dealer from selling or transferring any part of the interest of any of them to any other person or persons or party or parties unless such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or unless the franchiser, having the burden of proof, proves that such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law:

(A) If the manufacturer intends to refuse to approve the sale or transfer of all or a part of the interest, then it shall, within 60 days from receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, send a letter by certified mail, return receipt requested, advising the franchisee of any refusal to approve the sale or transfer of all or part of the interest and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a

written protest against the proposed action. The notice shall set forth specific criteria used to evaluate the prospective transferee and the grounds for refusing to approve the sale or transfer to that transferee. Within 30 days from the franchisee's receipt of the manufacturer's notice, the franchisee may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing the date (within 60 days of the date of such order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed notice of intention of the proposed action and to the protesting franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to approve the sale or transfer to the transferee. The determination whether good cause exists to refuse to approve the sale or transfer shall be made by the Board under subdivisions (6)(B). The manufacturer shall not refuse to approve the sale or transfer by a dealer or an officer, partner, or stockholder of a franchise or any part of the interest to any person or persons before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to refuse to approve the sale or transfer to the transferee.

(B) Good cause to refuse to approve such sale or transfer under this Section is established when such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area.

(7) to obtain money, goods, services, anything of value, or any other benefit from any other person with whom the motor
vehicle dealer does business, on account of or in relation to the transactions between the dealer and the other person as compensation, except for services actually rendered, unless such benefit is promptly accounted for and transmitted to the motor vehicle dealer;

(8) to grant an additional franchise in the relevant market area of an existing franchise of the same line make or to relocate an existing motor vehicle dealership within or into a relevant market area of an existing franchise of the same line make. However, if the manufacturer wishes to grant such an additional franchise to an independent person in a bona fide relationship in which such person is prepared to make a significant investment subject to loss in such a dealership, or if the manufacturer wishes to relocate an existing motor vehicle dealership, then the manufacturer shall send a letter by certified mail, return receipt requested, to each existing dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise at least 60 days before the manufacturer grants an additional franchise or relocates an existing franchise of the same line make within or into the relevant market area of an existing franchisee of the same line make. Each notice shall set forth the specific grounds for the proposed grant of an additional or relocation of an existing franchise and shall state that the dealer has only 30 days from the date of receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. Unless the parties agree upon the grant or establishment of the additional or relocated franchise within 30 days from the date the notice was received by the existing franchisee of the same line make or any person entitled to receive such notice, the franchisee or other person may file with the Board a written protest against the grant or establishment of the proposed additional or relocated franchise.

When a protest has been timely filed, the Board shall enter an order fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified or registered mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention to grant or establish the proposed additional or relocated franchise and to the protesting dealer or

dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise.

When more than one protest is filed against the grant or establishment of the additional or relocated franchise of the same line make, the Board may consolidate the hearings to expedite disposition of the matter. The manufacturer shall have the burden of proof to establish that good cause exists to allow the grant or establishment of the additional or relocated franchise. The manufacturer may not grant or establish the additional franchise or relocate the existing franchise before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the grant or establishment of the additional franchise or relocation of the existing franchise.

The determination whether good cause exists for allowing the grant or establishment of an additional franchise or relocated existing franchise, shall be made by the Board under subsection (c) of Section 12 of this Act. If the manufacturer seeks to enter into a contract, agreement or other arrangement with any person, establishing any additional motor vehicle dealership or other facility, limited to the sale of factory repurchase vehicles or late model vehicles, then the manufacturer shall follow the notice procedures set forth in this Section and the determination whether good cause exists for allowing the proposed agreement shall be made by the Board under subsection (c) of Section 12, with the manufacturer having the burden of proof.

A. (Blank).

B. For the purposes of this Section, appointment of a successor motor vehicle dealer at the same location as its predecessor, or within 2 miles of such location, or the relocation of an existing dealer or franchise within 2 miles of the relocating dealer's or franchisee's existing location, shall not be construed as a grant, establishment or the entering into of an additional franchise or selling agreement, or a relocation of an existing franchise. The reopening of a motor vehicle dealership that has not been in operation for 18 months or more shall be deemed the grant of an additional franchise or selling agreement.

C. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of more than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 7 miles from the nearest dealer of the same line make. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of less than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 12 miles from the nearest dealer of the same line make. A dealer that would be farther away from the new location of an existing dealership or franchise of the same line make after a relocation may not file a written protest against the relocation with the Motor Vehicle Review Board.

D. Nothing in this Section shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law;
(9) to require a motor vehicle dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this Act;
(10) to prevent or refuse to give effect to the succession to the ownership or management control of a dealership by any legatee under the will of a dealer or to an heir under the laws of descent and distribution of this State unless the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise. Unless the franchiser, having the burden of proof, proves that the successor is a person who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area, any designated successor of a dealer or franchisee may succeed to the ownership or management control of a dealership under the existing franchise if:
(i) The designated successor gives the franchiser written notice by certified mail, return
receipt requested, of his or her intention to succeed to the ownership of the dealer within 60 days of the dealer's death or incapacity; and

(ii) The designated successor agrees to be bound by all the terms and conditions of the existing franchise.

Notwithstanding the foregoing, in the event the motor vehicle dealer or franchisee and manufacturer have duly executed an agreement concerning succession rights prior to the dealer's death or incapacitation, the agreement shall be observed.

(A) If the franchiser intends to refuse to honor the successor to the ownership of a deceased or incapacitated dealer or franchisee under an existing franchise agreement, the franchiser shall send a letter by certified mail, return receipt requested, to the designated successor within 60 days from receipt of a proposal advising of its intent to refuse to honor the succession and to discontinue the existing franchise agreement and shall state that the designated successor only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement.

If notice of refusal is not timely served upon the designated successor, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by paragraph (6) of subsection (d) of Section 4 of this Act.

Within 30 days from the date the notice was received by the designated successor or any other person entitled to notice, the designee or other person may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of
the order to the franchiser that filed the notice of intention of the proposed action and to the protesting designee or such other person.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to honor the succession and discontinue the existing franchise agreement. The determination whether good cause exists to refuse to honor the succession shall be made by the Board under subdivision (B) of this paragraph (10). The manufacturer shall not refuse to honor the succession or discontinue the existing franchise agreement before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that it has failed to meet its burden of proof and that good cause does not exist to refuse to honor the succession and discontinue the existing franchise agreement.

(B) No manufacturer shall impose any conditions upon honoring the succession and continuing the existing franchise agreement with the designated successor other than that the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise, or that the designated successor is of good moral character or meets the reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area; (11) to prevent or refuse to approve a proposal to establish a successor franchise at a location previously approved by the franchiser when submitted with the voluntary termination by the existing franchisee unless the successor franchisee would not otherwise qualify for a new motor vehicle dealer's license under the Illinois Vehicle Code or unless the franchiser, having the burden of proof, proves that such proposed successor is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, when such a rejection of a proposal is made, the manufacturer shall give written notice of its reasons to the franchisee within 60 days of

receipt by the manufacturer of the proposal. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities, or from complying with applicable federal, State or local law;

(12) to prevent or refuse to grant a franchise to a person because such person owns, has investment in or participates in the management of or holds a franchise for the sale of another make or line of motor vehicles within 7 miles of the proposed franchise location in a county having a population of more than 300,000 persons, or within 12 miles of the proposed franchise location in a county having a population of less than 300,000 persons; or

(13) to prevent or attempt to prevent any new motor vehicle dealer from establishing any additional motor vehicle dealership or other facility limited to the sale of factory repurchase vehicles or late model vehicles or otherwise offering for sale factory repurchase vehicles of the same line make at an existing franchise by failing to make available any contract, agreement or other arrangement which is made available or otherwise offered to any person.

(f) It is deemed a violation for a manufacturer, a distributor, a wholesale, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent, broker, shareholder, except a shareholder of 1% or less of the outstanding shares of any class of securities of a manufacturer, distributor, or wholesaler which is a publicly traded corporation, or other representative, directly or indirectly, to own or operate a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit:

(1) the ownership or operation of a place of business by a manufacturer, distributor, or wholesaler for a period, not to exceed 18 months, during the transition from one motor vehicle franchisee to another; or

(2) the investment in a motor vehicle franchisee by a manufacturer, distributor, or wholesaler if the investment is for the sole purpose of enabling a partner or shareholder in that motor vehicle franchisee to acquire an interest in that motor vehicle franchisee and that partner or shareholder is not otherwise employed by or associated with the manufacturer, distributor, or

who wholesaler and would not otherwise have the requisite capital investment funds to invest in the motor vehicle franchisee, and has the right to purchase the entire equity interest of the manufacturer, distributor, or wholesaler in the motor vehicle franchisee within a reasonable period of time not to exceed 5 years; or:

(3) the ownership or operation of a place of business by a manufacturer that manufactures only diesel engines for installation in trucks having a gross vehicle weight rating of more than 16,000 pounds that are required to be registered under the Illinois Vehicle Code, provided that:

(A) the manufacturer does not otherwise manufacture, distribute, or sell motor vehicles as defined under Section 1-217 of the Illinois Vehicle Code;
(B) the manufacturer owned a place of business and it was in operation as of January 1, 2016;
(C) the manufacturer complies with all obligations owed to dealers that are not owned, operated, or controlled by the manufacturer, including, but not limited to those obligations arising pursuant to Section 6;
(D) to further avoid any acts or practices, the effect of which may be to lessen or eliminate competition, the manufacturer provides to dealers on substantially equal terms access to all support for completing repairs, including, but not limited to, parts and assemblies, training, and technical service bulletins, and other information concerning repairs that the manufacturer provides to facilities that are owned, operated, or controlled by the manufacturer; and

(E) the manufacturer does not require that warranty repair work be performed by a manufacturer-owned repair facility and the manufacturer provides any dealer that has an agreement with the manufacturer to sell and perform warranty repairs on the manufacturer's engines the opportunity to perform warranty repairs on those engines, regardless of whether the dealer sold the truck into which the engine was installed.

(g) Notwithstanding the terms, provisions, or conditions of any agreement or waiver, it shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch

or division, or a wholesale branch or division, or officer, agent or other representative thereof, to directly or indirectly condition the awarding of a franchise to a prospective new motor vehicle dealer, the addition of a line make or franchise to an existing dealer, the renewal of a franchise of an existing dealer, the approval of the relocation of an existing dealer's facility, or the approval of the sale or transfer of the ownership of a franchise on the willingness of a dealer, proposed new dealer, or owner of an interest in the dealership facility to enter into a site control agreement or exclusive use agreement unless separate and reasonable consideration was offered and accepted for that agreement.

For purposes of this subsection (g), the terms "site control agreement" and "exclusive use agreement" include any agreement that has the effect of either (i) requiring that the dealer establish or maintain exclusive dealership facilities; or (ii) restricting the ability of the dealer, or the ability of the dealer's lessor in the event the dealership facility is being leased, to transfer, sell, lease, or change the use of the dealership premises, whether by sublease, lease, collateral pledge of lease, or other similar agreement. "Site control agreement" and "exclusive use agreement" also include a manufacturer restricting the ability of a dealer to transfer, sell, or lease the dealership premises by right of first refusal to purchase or lease, option to purchase, or option to lease if the transfer, sale, or lease of the dealership premises is to a person who is an immediate family member of the dealer. For the purposes of this subsection (g), "immediate family member" means a spouse, parent, son, daughter, son-in-law, daughter-in-law, brother, and sister.

If a manufacturer exercises any right of first refusal to purchase or lease or option to purchase or lease with regard to a transfer, sale, or lease of the dealership premises to a person who is not an immediate family member of the dealer, then (1) within 60 days from the receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, the manufacturer must notify the dealer of its intent to exercise the right of first refusal to purchase or lease or option to purchase or lease and (2) the exercise of the right of first refusal to purchase or lease or option to purchase or lease must result in the dealer receiving consideration, terms, and conditions that either are the same as or greater than that which they have contracted to receive in connection with the proposed transfer, sale, or lease of the dealership premises.
Any provision contained in any agreement entered into on or after the effective date of this amendatory Act of the 96th General Assembly that is inconsistent with the provisions of this subsection (g) shall be voidable at the election of the affected dealer, prospective dealer, or owner of an interest in the dealership facility.

(h) For purposes of this subsection:
"Successor manufacturer" means any motor vehicle manufacturer that, on or after January 1, 2009, acquires, succeeds to, or assumes any part of the business of another manufacturer, referred to as the "predecessor manufacturer", as the result of any of the following:

(i) A change in ownership, operation, or control of the predecessor manufacturer by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, court-approved sale, operation of law or otherwise.

(ii) The termination, suspension, or cessation of a part or all of the business operations of the predecessor manufacturer.

(iii) The discontinuance of the sale of the product line.

(iv) A change in distribution system by the predecessor manufacturer, whether through a change in distributor or the predecessor manufacturer's decision to cease conducting business through a distributor altogether.

"Former Franchisee" means a new motor vehicle dealer that has entered into a franchise with a predecessor manufacturer and that has either:

(i) entered into a termination agreement or deferred termination agreement with a predecessor or successor manufacturer related to such franchise; or

(ii) has had such franchise canceled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended.

For a period of 3 years from: (i) the date that a successor manufacturer acquires, succeeds to, or assumes any part of the business of a predecessor manufacturer; (ii) the last day that a former franchisee is authorized to remain in business as a franchised dealer with respect to a particular franchise under a termination agreement or deferred termination agreement with a predecessor or successor manufacturer; (iii) the last day that a former franchisee that was cancelled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended by a predecessor

or successor manufacturer is authorized to remain in business as a franchised dealer with respect to a particular franchise; or (iv) the effective date of this amendatory Act of the 96th General Assembly, whichever is latest, it shall be unlawful for such successor manufacturer to enter into a same line make franchise with any person or to permit the relocation of any existing same line make franchise, for a line make of the predecessor manufacturer that would be located or relocated within the relevant market area of a former franchisee who owned or leased a dealership facility in that relevant market area without first offering the additional or relocated franchise to the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability, at no cost and without any requirements or restrictions other than those imposed generally on the manufacturer's other franchisees at that time, unless one of the following applies:

(1) As a result of the former franchisee's cancellation, termination, noncontinuance, or nonrenewal of the franchise, the predecessor manufacturer had consolidated the line make with another of its line makes for which the predecessor manufacturer had a franchisee with a then-existing dealership facility located within that relevant market area.

(2) The successor manufacturer has paid the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability, the fair market value of the former franchisee's franchise on (i) the date the franchisor announces the action which results in the termination, cancellation, or nonrenewal; or (ii) the date the action which results in termination, cancellation, or nonrenewal first became general knowledge; or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued, whichever amount is higher. Payment is due within 90 days of the effective date of the termination, cancellation, or nonrenewal. If the termination, cancellation, or nonrenewal is due to a manufacturer's change in distributors, the manufacturer may avoid paying fair market value to the dealer if the new distributor or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

(3) The successor manufacturer proves that it would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee under item

(e)(10) in the event that the former franchisee is deceased or a person with a disability. The determination of whether the successor manufacturer would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee, shall be made by the Board under subsection (d) of Section 12. A successor manufacturer that seeks to assert that it would have had good cause to terminate a former franchisee, or the successor of the former franchisee, must file a petition seeking a hearing on this issue before the Board and shall have the burden of proving that it would have had good cause to terminate the former franchisee or the successor of the former franchisee. No successor dealer, other than the former franchisee, may be appointed or franchised by the successor manufacturer within the relevant market area of the former franchisee until the Board has held a hearing and rendered a determination on the issue of whether the successor manufacturer would have had good cause to terminate the former franchisee.

In the event that a successor manufacturer attempts to enter into a same line make franchise with any person or to permit the relocation of any existing line make franchise under this subsection (h) at a location that is within the relevant market area of 2 or more former franchisees, then the successor manufacturer may not offer it to any person other than one of those former franchisees unless the successor manufacturer can prove that at least one of the 3 exceptions in items (1), (2), and (3) of this subsection (h) applies to each of those former franchisees.

Approved August 19, 2016.
Effective August 19, 2016.
AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Community College Act is amended by changing Section 2-16.02 as follows:

(110 ILCS 805/2-16.02) (from Ch. 122, par. 102-16.02)

Sec. 2-16.02. Grants. Any community college district that maintains a community college recognized by the State Board shall receive, when eligible, grants enumerated in this Section. Funded semester credit hours or other measures or both as specified by the State Board shall be used to distribute grants to community colleges. Funded semester credit hours shall be defined, for purposes of this Section, as the greater of (1) the number of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year or (2) the average of semester credit hours, or equivalent, in all funded instructional categories of students who have been certified as being in attendance at midterm during the respective terms of the base fiscal year and the 2 prior fiscal years. For purposes of this Section, "base fiscal year" means the fiscal year 2 years prior to the fiscal year for which the grants are appropriated. Such students shall have been residents of Illinois and shall have been enrolled in courses that are part of instructional program categories approved by the State Board and that are applicable toward an associate degree or certificate. Courses that are eligible for reimbursement are those courses for which the district pays 50% or more of the program costs from unrestricted revenue sources, with the exception of courses offered by contract with the Department of Corrections in correctional institutions. For the purposes of this Section, "unrestricted revenue sources" means those revenues in which the provider of the revenue imposes no financial limitations upon the district as it relates to the expenditure of the funds. Except for Fiscal Year 2012, base operating grants shall be paid based on rates per funded semester credit hour or equivalent calculated by the State Board for funded instructional categories using cost of instruction, enrollment, inflation, and other relevant factors. For Fiscal Year 2012, the allocations for base operating grants to community college districts shall be the same as they were in
Fiscal Year 2011, reduced or increased proportionately according to the appropriation for base operating grants for Fiscal Year 2012.

Equalization grants shall be calculated by the State Board by determining a local revenue factor for each district by: (A) adding (1) each district's Corporate Personal Property Replacement Fund allocations from the base fiscal year or the average of the base fiscal year and prior year, whichever is less, divided by the applicable statewide average tax rate to (2) the district's most recently audited year's equalized assessed valuation or the average of the most recently audited year and prior year, whichever is less, (B) then dividing by the district's audited full-time equivalent resident students for the base fiscal year or the average for the base fiscal year and the 2 prior fiscal years, whichever is greater, and (C) then multiplying by the applicable statewide average tax rate. The State Board shall calculate a statewide weighted average threshold by applying the same methodology to the totals of all districts' Corporate Personal Property Tax Replacement Fund allocations, equalized assessed valuations, and audited full-time equivalent district resident students and multiplying by the applicable statewide average tax rate. The difference between the statewide weighted average threshold and the local revenue factor, multiplied by the number of full-time equivalent resident students, shall determine the amount of equalization funding that each district is eligible to receive. A percentage factor, as determined by the State Board, may be applied to the statewide threshold as a method for allocating equalization funding. A minimum equalization grant of an amount per district as determined by the State Board shall be established for any community college district which qualifies for an equalization grant based upon the preceding criteria, but becomes ineligible for equalization funding, or would have received a grant of less than the minimum equalization grant, due to threshold prorations applied to reduce equalization funding. As of July 1, 2013, a community college district eligible to receive an equalization grant based upon the preceding criteria must maintain a minimum required combined in-district tuition and universal fee rate per semester credit hour equal to 70% of the State-average combined rate, as determined by the State Board, or the total revenue received by the community college district from combined in-district tuition and universal fees must be at least 30% of the total revenue received by the community college district, as determined by the State Board, for equalization funding. As of July 1, 2004, a community college district must maintain a minimum required operating tax rate equal to at least 95% of its maximum

authorized tax rate to qualify for equalization funding. This 95% minimum tax rate requirement shall be based upon the maximum operating tax rate as limited by the Property Tax Extension Limitation Law.

The State Board shall distribute such other grants as may be authorized or appropriated by the General Assembly.

Each community college district entitled to State grants under this Section must submit a report of its enrollment to the State Board not later than 30 days following the end of each semester, quarter, or term in a format prescribed by the State Board. These semester credit hours, or equivalent, shall be certified by each district on forms provided by the State Board. Each district's certified semester credit hours, or equivalent, are subject to audit pursuant to Section 3-22.1.

The State Board shall certify, prepare, and submit monthly vouchers to the State Comptroller setting forth an amount equal to one-twelfth of the grants approved by the State Board for base operating grants and equalization grants. The State Board shall prepare and submit to the State Comptroller vouchers for payments of other grants as appropriated by the General Assembly. If the amount appropriated for grants is different from the amount provided for such grants under this Act, the grants shall be proportionately reduced or increased accordingly.

For the purposes of this Section, "resident student" means a student in a community college district who maintains residency in that district or meets other residency definitions established by the State Board, and who was enrolled either in one of the approved instructional program categories in that district, or in another community college district to which the resident's district is paying tuition under Section 6-2 or with which the resident's district has entered into a cooperative agreement in lieu of such tuition. Students shall be classified as residents of the community college district without meeting the 30-day residency requirement of the district if they are currently residing in the district and are youth (i) who are currently under the legal guardianship of the Illinois Department of Children and Family Services or have recently been emancipated from the Department and (ii) who had previously met the 30-day residency requirement of the district but who had a placement change into a new community college district. The student, a caseworker or other personnel of the Department, or the student's attorney or guardian ad litem appointed under the Juvenile Court Act of 1987 shall provide the district with proof of current in-district residency.

For the purposes of this Section, a "full-time equivalent" student is equal to 30 semester credit hours.

The Illinois Community College Board Contracts and Grants Fund is hereby created in the State Treasury. Items of income to this fund shall include any grants, awards, endowments, or like proceeds, and where appropriate, other funds made available through contracts with governmental, public, and private agencies or persons. The General Assembly shall from time to time make appropriations payable from such fund for the support, improvement, and expenses of the State Board and Illinois community college districts.

PUBLIC ACT 99-0846  
(Senate Bill No. 0242)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 10-21.4 and 10-23.8 as follows:

(105 ILCS 5/10-21.4) (from Ch. 122, par. 10-21.4)

Sec. 10-21.4. Superintendent - Duties. Except in districts in which there is only one school with fewer than 4 teachers, to employ a superintendent, who shall have charge of the administration of the schools under the direction of the board of education. However, in any school district that has boundaries that lie in 3 counties, one county of which has a population exceeding 1,000,000 inhabitants, that has an enrollment of more than 35,000 students, and that has on staff properly licensed assistant superintendents or directors in the areas of instruction, finance, special education, assessments, and career and technology education, the school board may instead, by a vote of a majority of its full membership, appoint a chief executive officer to serve as its superintendent, who shall be a person of recognized administrative ability and management experience, hold a master's degree, have been employed with the school district for a minimum of 5 years in an administrative capacity, be

responsible for the management of the district, and have all other powers and duties of a superintendent as set forth in this Code, but who shall be exempt from the provisions and requirements of Section 21B-15 of this Code for a period of 5 years.

In addition to the administrative duties, the superintendent shall make recommendations to the board concerning the budget, building plans, the locations of sites, the selection, retention and dismissal of teachers and all other employees, the selection of textbooks, instructional material and courses of study. However, in districts under a Financial Oversight Panel pursuant to Section 1A-8 for violating a financial plan, the duties and responsibilities of the superintendent in relation to the financial and business operations of the district shall be approved by the Panel. In the event the Board refuses or fails to follow a directive or comply with an information request of the Panel, the performance of those duties shall be subject to the direction of the Panel. The superintendent shall also notify the State Board of Education, the board and the chief administrative official, other than the alleged perpetrator himself, in the school where the alleged perpetrator serves, that any person who is employed in a school or otherwise comes into frequent contact with children in the school has been named as a perpetrator in an indicated report filed pursuant to the Abused and Neglected Child Reporting Act, approved June 26, 1975, as amended. The superintendent shall keep or cause to be kept the records and accounts as directed and required by the board, aid in making reports required by the board, and perform such other duties as the board may delegate to him.

In addition, each year at a time designated by the State Superintendent of Education, each superintendent shall report to the State Board of Education the number of high school students in the district who are enrolled in accredited courses (for which high school credit will be awarded upon successful completion of the courses) at any community college, together with the name and number of the course or courses which each such student is taking.

The provisions of this Section section shall also apply to board of director districts.

Notice of intent not to renew a contract must be given in writing stating the specific reason therefor by April 1 of the contract year unless the contract specifically provides otherwise. Failure to do so will automatically extend the contract for an additional year. Within 10 days after receipt of notice of intent not to renew a contract, the superintendent may request a closed session hearing on the dismissal. At the hearing the

Sec. 10-23.8. Superintendent contracts. After the effective date of this amendatory Act of 1997 and the expiration of contracts in effect on the effective date of this amendatory Act, school districts may only employ a superintendent or, if authorized by law, a chief executive officer under either a contract for a period not exceeding one year or a performance-based contract for a period not exceeding 5 years.

Performance-based contracts shall be linked to student performance and academic improvement within the schools of the districts. No performance-based contract shall be extended or rolled-over prior to its scheduled expiration unless all the performance and improvement goals contained in the contract have been met. Each performance-based contract shall include the goals and indicators of student performance and academic improvement determined and used by the local school board to measure the performance and effectiveness of the superintendent and such other information as the local school board may determine.

By accepting the terms of a multi-year contract, the superintendent or chief executive officer waives all rights granted him or her under Sections 24-11 through 24-16 of this Act only for the term of the multi-year contract. Upon acceptance of a multi-year contract, the superintendent or chief executive officer shall not lose any previously acquired tenure credit with the district.

Section 5. The Public Utilities Act is amended by changing Section 13-703 as follows:

(220 ILCS 5/13-703) (from Ch. 111 2/3, par. 13-703)

(Section scheduled to be repealed on July 1, 2017)

Sec. 13-703. (a) The Commission shall design and implement a program whereby each telecommunications carrier providing local exchange service shall provide a telecommunications device capable of servicing the needs of those persons with a hearing or speech disability together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as having a hearing or speech disability by a hearing care professional, as defined in the Hearing Instrument Consumer Protection Act licensed physician, speech-language pathologist, audiologist or a qualified State agency and to any subscriber which is an organization serving the needs of those persons with a hearing or speech disability as determined and specified by the Commission pursuant to subsection (d).

(b) The Commission shall design and implement a program, whereby each telecommunications carrier providing local exchange service shall provide a telecommunications relay system, using third party intervention to connect those persons having a hearing or speech disability with persons of normal hearing by way of intercommunications devices and the telephone system, making available reasonable access to all phases of public telephone service to persons who have a hearing or speech disability. In order to design a telecommunications relay system which will meet the requirements of those persons with a hearing or speech disability available at a reasonable cost, the Commission shall initiate an investigation and conduct public hearings to determine the most cost-effective method of providing telecommunications relay service to those persons who have a hearing or speech disability when using telecommunications devices and therein solicit the advice, counsel, and physical assistance of Statewide nonprofit consumer organizations that serve persons with hearing or speech disabilities in such hearings and during the development and implementation of the system. The Commission shall phase in this program, on a geographical basis, as soon as is practicable, but no later than June 30, 1990.

(c) The Commission shall establish a competitively neutral rate recovery mechanism that establishes charges in an amount to be determined by the Commission for each line of a subscriber to allow telecommunications carriers providing local exchange service to recover

costs as they are incurred under this Section. Beginning no later than April 1, 2016, and on a yearly basis thereafter, the Commission shall initiate a proceeding to establish the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers, and consumers of prepaid wireless telecommunications service in a manner consistent with this subsection (c) and subsection (f) of this Section. The Commission shall issue its order establishing the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers, and purchasers of prepaid wireless telecommunications service on or prior to June 1 of each year, and such amount shall take effect June 1 of each year.

Telecommunications carriers, wireless carriers, Interconnected VoIP service providers, and sellers of prepaid wireless telecommunications service shall have 60 days from the date the Commission files its order to implement the new rate established by the order.

(d) The Commission shall determine and specify those organizations serving the needs of those persons having a hearing or speech disability that shall receive a telecommunications device and in which offices the equipment shall be installed in the case of an organization having more than one office. For the purposes of this Section, "organizations serving the needs of those persons with hearing or speech disabilities" means centers for independent living as described in Section 12a of the Rehabilitation of Persons with Disabilities Act and not-for-profit organizations whose primary purpose is serving the needs of those persons with hearing or speech disabilities. The Commission shall direct the telecommunications carriers subject to its jurisdiction and this Section to comply with its determinations and specifications in this regard.

(e) As used in this Section:
"Prepaid wireless telecommunications service" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Retail transaction" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Seller" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Telecommunications carrier providing local exchange service" includes, without otherwise limiting the meaning of the term,
telecommunications carriers which are purely mutual concerns, having no rates or charges for services, but paying the operating expenses by assessment upon the members of such a company and no other person.

"Wireless carrier" has the meaning given to that term under Section 10 of the Wireless Emergency Telephone Safety Act.

(f) Interconnected VoIP service providers, sellers of prepaid wireless telecommunications service, and wireless carriers in Illinois shall collect and remit assessments determined in accordance with this Section in a competitively neutral manner in the same manner as a telecommunications carrier providing local exchange service. However, the assessment imposed on consumers of prepaid wireless telecommunications service shall be collected by the seller from the consumer and imposed per retail transaction as a percentage of that retail transaction on all retail transactions occurring in this State. The assessment on subscribers of wireless carriers and consumers of prepaid wireless telecommunications service shall not be imposed or collected prior to June 1, 2016.

Sellers of prepaid wireless telecommunications service shall remit the assessments to the Department of Revenue on the same form and in the same manner which they remit the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act. For the purposes of display on the consumers' receipts, the rates of the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act and the assessment under this Section may be combined. In administration and enforcement of this Section, the provisions of Sections 15 and 20 of the Prepaid Wireless 9-1-1 Surcharge Act (except subsections (a), (a-5), (b-5), (e), and (e-5) of Section 15 and subsections (c) and (e) of Section 20 of the Prepaid Wireless 9-1-1 Surcharge Act and, from June 29, 2015 (the effective date of Public Act 99-6) this amendatory Act of the 99th General Assembly, the seller shall be permitted to deduct and retain 3% of the assessments that are collected by the seller from consumers and that are remitted and timely filed with the Department) that are not inconsistent with this Section, shall apply, as far as practicable, to the subject matter of this Section to the same extent as if those provisions were included in this Section. The Department shall deposit all assessments and penalties collected under this Section into the Illinois Telecommunications Access Corporation Fund, a special fund created in the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available to the Commission for distribution out of the Illinois

Telecommunications Access Corporation Fund. The amount certified shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body or fund. The amount paid to the Illinois Telecommunications Access Corporation Fund shall not include any amount equal to the amount of refunds made during the second preceding calendar month by the Department to retailers under this Section or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body or fund but were erroneously paid to the Illinois Telecommunications Access Corporation Fund. The Commission shall distribute all the funds to the Illinois Telecommunications Access Corporation and the funds may only be used in accordance with the provisions of this Section. The Department shall deduct 2% of all amounts deposited in the Illinois Telecommunications Access Corporation Fund during every year of remitted assessments. Of the 2% deducted by the Department, one-half shall be transferred into the Tax Compliance and Administration Fund to reimburse the Department for its direct costs of administering the collection and remittance of the assessment. The remaining one-half shall be transferred into the Public Utilities Fund to reimburse the Commission for its costs of distributing to the Illinois Telecommunications Access Corporation the amount certified by the Department for distribution. The amount to be charged or assessed under subsections (c) and (f) is not imposed on a provider or the consumer for wireless Lifeline service where the consumer does not pay the provider for the service. Where the consumer purchases from the provider optional minutes, texts, or other services in addition to the federally funded Lifeline benefit, a consumer must pay the charge or assessment, and it must be collected by the seller according to subsection (f).

Interconnected VoIP services shall not be considered an intrastate telecommunications service for the purposes of this Section in a manner inconsistent with federal law or Federal Communications Commission regulation.

(g) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(h) The Commission may adopt rules necessary to implement this Section.

Sec. 8. Applicant qualifications; examination.
(a) In order to protect persons who are deaf or hard of hearing, the Department shall authorize or shall conduct an appropriate examination, which may be the International Hearing Society's licensure examination, for persons who dispense, test, select, recommend, fit, or service hearing instruments. The frequency of holding these examinations shall be determined by the Department by rule. Those who successfully pass such an examination shall be issued a license as a hearing instrument dispenser, which shall be effective for a 2-year period.

(c) Prior to engaging in the practice of fitting, dispensing, or servicing hearing instruments, an applicant shall demonstrate, by means of written and practical examinations, that such person is qualified to practice the testing, selecting, recommending, fitting, selling, or servicing of hearing instruments as defined in this Act. An applicant must obtain a license within 12 months after passing either the written or practical examination, whichever is passed first, or must take and pass those examinations again in order to be eligible to receive a license.

The Department shall, by rule, determine the conditions under which an individual is examined.

(d) Proof of having met the minimum requirements of continuing education as determined by the Board shall be required of all license renewals. Pursuant to rule, the continuing education requirements may, upon petition to the Board, be waived in whole or in part if the hearing instrument dispenser can demonstrate that he or she served in the Coast Guard or Armed Forces, had an extreme hardship, or obtained his or her

license by examination or endorsement within the preceding renewal period.

(e) Persons applying for an initial license must demonstrate having earned, at a minimum, an associate degree or its equivalent from an accredited institution of higher education that is recognized by the U.S. Department of Education or that meets the U.S. Department of Education equivalency as determined through a National Association of Credential Evaluation Services (NACES) member, and meet the other requirements of this Section. In addition, the applicant must demonstrate the successful completion of (1) 12 semester hours or 18 quarter hours of academic undergraduate course work in an accredited institution consisting of 3 semester hours of anatomy and physiology of the speech and hearing mechanism, 3 semester hours of hearing science, 3 semester hours of introduction to audiology, and 3 semester hours of aural rehabilitation, or the quarter hour equivalent or (2) an equivalent program as determined by the Department that is consistent with the scope of practice of a hearing instrument dispenser as defined in Section 3 of this Act. Persons licensed before January 1, 2003 who have a valid license on that date may have their license renewed without meeting the requirements of this subsection.

(4) all final decisions of the administrative hearing officer shall be subject to review under the provisions of the Administrative Review Law, unless the county or municipality allows in the enabling ordinance for direct appeal to the circuit court having jurisdiction over the county or municipality; and

(5) unless the administrative hearing officer overturns the basis for the vehicle impoundment, no vehicle shall be released to the owner, lessee, or lienholder of record until all administrative fees and towing and storage charges are paid; and:

(6) if the administrative hearing officer finds that a county or municipality that impounds a vehicle exceeded its authority under this Code, the county or municipality shall be liable to the registered owner or lessee of the vehicle for the cost of storage fees and reasonable attorney's fees.

(h) Vehicles not retrieved from the towing facility or storage facility within 35 days after the administrative hearing officer issues a written decision shall be deemed abandoned and disposed of in accordance with the provisions of Article II of Chapter 4 of this Code.

The powers and duties of the board of managers shall include, but shall not be limited to, the following:

In the performance of their duties, the officers and members of the board, whether appointed by the developer or elected by the unit owners, shall exercise the care required of a fiduciary of the unit owners.

The collection of assessments from unit owners by an association, board of managers or their duly authorized agents shall not be considered acts constituting a collection agency for purposes of the Collection Agency Act.

(105 ILCS 126/16 new)
Sec. 16. Breakfast after the bell program.
(a) For the purposes of this Section, "breakfast after the bell" means breakfast is provided to children after the instructional day has officially begun. This term does not prohibit schools from also providing breakfast before the instructional day begins.
(b) The board of education of each school district in this State shall implement and operate a breakfast after the bell program by the first school day of the next academic year after the effective date of this amendatory Act of the 99th General Assembly, if a breakfast after the bell program does not currently exist, in each school building within its district (1) in which at least 70% or more of the students are eligible for free or reduced-price lunches based upon the previous year's October claim (for those schools that participate in the National School Lunch Program); (2) in which at least 70% or more of the students are classified as low-income according to the Fall Housing Data from the previous year (for those schools that do not participate in the National School Lunch Program); or (3) that has an individual site percentage for free or reduced-price meals of 70% or more (for those schools using Provision 2 under Section 11(a)(1) of the federal Richard B. consecutive years, it has the option to continue participating in the program, but is not required to do so.

(c) Each school under this Section may determine the breakfast after the bell service model that best suits its students. Service models include, but are not limited to, breakfast in the classroom, grab and go breakfast, and second-chance breakfast.

(d) School districts required to implement a breakfast after the bell program provided for under this Section that demonstrate that (i) they are delivering school breakfast effectively, as defined by 70% or more of free or reduced-price eligible students participating in the School Breakfast Program, or (ii) due to circumstances specific to that school district, the expense reimbursement would not fully cover the costs of implementing and operating a breakfast after the bell program may be relieved of the delivery model requirement provided for in this Section after a cost analysis is submitted to the board of education of the district, the board of education holds a public hearing, and the board of education passes a resolution that the district cannot afford to operate a breakfast after the bell program. The district shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its website and notify the State Board of Education at least 14 days prior to the hearing.

(e) Before the beginning of the next academic year after the effective date of this amendatory Act of the 99th General Assembly, the State Board of Education shall develop and distribute guidelines for the implementation of this Section, which must be in compliance with federal regulations governing the school breakfast program.

(f) The State Board of Education shall annually collect information about breakfast after the bell delivery models implemented at each school and make the information publicly available. Final resolutions approving a breakfast after the bell exemption must be submitted by the board of education of the district to the State Board of Education upon passage.

(g) In fulfilling its responsibilities under this Section, the State Board of Education shall collaborate with school districts and nonprofit organizations knowledgeable about equity, the opportunity gap, hunger and food security issues, and best practices for improving student access to school breakfast. The State Board of Education shall collaborate with nonprofit organizations knowledgeable about food security issues and best practices for improving access to school breakfast to create and post a list

PUBLIC ACT 99-0851
(Senate Bill No. 2427)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Property Tax Code is amended by changing Sections 9-275 and 15-175 as follows:
(35 ILCS 200/9-275)
Sec. 9-275. Erroneous homestead exemptions.
(a) For purposes of this Section:
"Erroneous homestead exemption" means a homestead exemption that was granted for real property in a taxable year if the property was not eligible for that exemption in that taxable year. If the taxpayer receives an erroneous homestead exemption under a single Section of this Code for the same property in multiple years, that exemption is considered a single erroneous homestead exemption for purposes of this Section. However, if the taxpayer receives erroneous homestead exemptions under multiple Sections of this Code for the same property, or if the taxpayer receives erroneous homestead exemptions under the same Section of this Code for multiple properties, then each of those exemptions is considered a separate erroneous homestead exemption for purposes of this Section.
"Erroneous exemption principal amount" means the total difference between the property taxes actually billed to a property index number and the amount of property taxes that would have been billed but for the erroneous exemption or exemptions.

New matter indicated by italics - deletions by strikeout
"Taxpayer" means the property owner or leasehold owner that erroneously received a homestead exemption upon property.

(b) Notwithstanding any other provision of law, in counties with 3,000,000 or more inhabitants, the chief county assessment officer shall include the following information with each assessment notice sent in a general assessment year: (1) a list of each homestead exemption available under Article 15 of this Code and a description of the eligibility criteria for that exemption; (2) a list of each homestead exemption applied to the property in the current assessment year; (3) information regarding penalties and interest that may be incurred under this Section if the taxpayer received an erroneous homestead exemption in a previous taxable year; and (4) notice of the 60-day grace period available under this subsection. If, within 60 days after receiving his or her assessment notice, the taxpayer notifies the chief county assessment officer that he or she received an erroneous homestead exemption in a previous taxable year, and if the taxpayer pays the erroneous exemption principal amount, plus interest as provided in subsection (f), then the taxpayer shall not be liable for the penalties provided in subsection (f) with respect to that exemption.

(c) In counties with 3,000,000 or more inhabitants, when the chief county assessment officer determines that one or more erroneous homestead exemptions was applied to the property, the erroneous exemption principal amount, together with all applicable interest and penalties as provided in subsections (f) and (j), shall constitute a lien in the name of the People of Cook County on the property receiving the erroneous homestead exemption. Upon becoming aware of the existence of one or more erroneous homestead exemptions, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, a notice of discovery as set forth in subsection (c-5). The chief county assessment officer in a county with 3,000,000 or more inhabitants may cause a lien to be recorded against property that (1) is located in the county and (2) received one or more erroneous homestead exemptions if, upon determination of the chief county assessment officer, the taxpayer received: (A) one or 2 erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during any of the 3 collection years immediately prior to the current collection year in which the notice of discovery is served; or (B) 3 or more erroneous homestead exemptions for real property, including at least one erroneous homestead exemption granted for the property against which the lien is sought, during
any of the 6 collection years immediately prior to the current collection year in which the notice of discovery is served. Prior to recording the lien against the property, the chief county assessment officer shall cause to be served, by both regular mail and certified mail, return receipt requested, on the person to whom the most recent tax bill was mailed and the owner of record, a notice of intent to record a lien against the property. The chief county assessment officer shall cause the notice of intent to record a lien to be served within 3 years from the date on which the notice of discovery was served.

(c-5) The notice of discovery described in subsection (c) shall: (1) identify, by property index number, the property for which the chief county assessment officer has knowledge indicating the existence of an erroneous homestead exemption; (2) set forth the taxpayer's liability for principal, interest, penalties, and administrative costs including, but not limited to, recording fees described in subsection (f); (3) inform the taxpayer that he or she will be served with a notice of intent to record a lien within 3 years from the date of service of the notice of discovery; and (4) inform the taxpayer that he or she may pay the outstanding amount, plus interest, penalties, and administrative costs at any time prior to being served with the notice of intent to record a lien or within 30 days after the notice of intent to record a lien is served; and (5) inform the taxpayer that, if the taxpayer provided notice to the chief county assessment officer as provided in subsection (d-1) of Section 15-175 of this Code, upon submission by the taxpayer of evidence of timely notice and receipt thereof by the chief county assessment officer, the chief county assessment officer will withdraw the notice of discovery and reissue a notice of discovery in compliance with this Section in which the taxpayer is not liable for interest and penalties for the current tax year in which the notice was received.

For the purposes of this subsection (c-5):
"Collection year" means the year in which the first and second installment of the current tax year is billed.
"Current tax year" means the year prior to the collection year.

(d) The notice of intent to record a lien described in subsection (c) shall: (1) identify, by property index number, the property against which the lien is being sought; (2) identify each specific homestead exemption that was erroneously granted and the year or years in which each exemption was granted; (3) set forth the erroneous exemption principal amount due and the interest amount and any penalty and administrative costs included; (4) inform the taxpayer that he or she may pay the outstanding amount, plus interest, penalties, and administrative costs at any time prior to being served with the notice of intent to record a lien or within 30 days after the notice of intent to record a lien is served; and (5) inform the taxpayer that, if the taxpayer provided notice to the chief county assessment officer as provided in subsection (d-1) of Section 15-175 of this Code, upon submission by the taxpayer of evidence of timely notice and receipt thereof by the chief county assessment officer, the chief county assessment officer will withdraw the notice of discovery and reissue a notice of discovery in compliance with this Section in which the taxpayer is not liable for interest and penalties for the current tax year in which the notice was received.
(e) The notice of intent to record a lien shall also include a form that the taxpayer may return to the chief county assessment officer to request a hearing. The taxpayer may request a hearing by returning the form within 30 days after service. The hearing shall be held within 90 days after the taxpayer is served. The chief county assessment officer shall promulgate rules of service and procedure for the hearing. The chief county assessment officer must generally follow rules of evidence and practices that prevail in the county circuit courts, but, because of the nature of these proceedings, the chief county assessment officer is not bound by those rules in all particulars. The chief county assessment officer shall appoint a hearing officer to oversee the hearing. The taxpayer shall be allowed to present evidence to the hearing officer at the hearing. After taking into consideration all the relevant testimony and evidence, the hearing officer shall make an administrative decision on whether the taxpayer was erroneously granted a homestead exemption for the taxable year in question. The taxpayer may appeal the hearing officer's ruling to the circuit court of the county where the property is located as a final administrative decision under the Administrative Review Law.

(f) A lien against the property imposed under this Section shall be filed with the county recorder of deeds, but may not be filed sooner than 60 days after the notice of intent to record a lien was delivered to the taxpayer if the taxpayer does not request a hearing, or until the conclusion of the hearing and all appeals if the taxpayer does request a hearing. If a lien is filed pursuant to this Section and the taxpayer received one or 2 erroneous homestead exemptions during any of the 3 collection years immediately prior to the current collection year in which the notice of discovery is served, then the erroneous exemption principal amount, plus 10% interest per annum or portion thereof from the date the erroneous exemption principal amount, plus interest and penalties, within 30 days after service; and (6) inform the taxpayer that, if the lien is recorded against the property, the amount of the lien will be adjusted to include the applicable recording fee and that fees for recording a release of the lien shall be incurred by the taxpayer. A lien shall not be filed pursuant to this Section if the taxpayer pays the erroneous exemption principal amount, plus penalties and interest, within 30 days of service of the notice of intent to record a lien.

New matter indicated by italics - deletions by strikeout
exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. However, if a lien is filed pursuant to this Section and the taxpayer received 3 or more erroneous homestead exemptions during any of the 6 collection years immediately prior to the current collection year in which the notice of discovery is served, the erroneous exemption principal amount, plus a penalty of 50% of the total amount of the erroneous exemption principal amount for that property and 10% interest per annum or portion thereof from the date the erroneous exemption principal amount would have become due if properly included in the tax bill, shall be charged against the property by the chief county assessment officer. If a lien is filed pursuant to this Section, the taxpayer shall not be liable for interest that accrues between the date the notice of discovery is served and the date the lien is filed. Before recording the lien with the county recorder of deeds, the chief county assessment officer shall adjust the amount of the lien to add administrative costs, including but not limited to the applicable recording fee, to the total lien amount.

(g) If a person received an erroneous homestead exemption under Section 15-170 and: (1) the person was the spouse, child, grandchild, brother, sister, niece, or nephew of the previous taxpayer; and (2) the person received the property by bequest or inheritance; then the person is not liable for the penalties imposed under this Section for any year or years during which the chief county assessment officer did not require an annual application for the exemption. However, that person is responsible for any interest owed under subsection (f).

(h) If the erroneous homestead exemption was granted as a result of a clerical error or omission on the part of the chief county assessment officer, and if the taxpayer has paid the tax bills as received for the year in which the error occurred, then the interest and penalties authorized by this Section with respect to that homestead exemption shall not be chargeable to the taxpayer. However, nothing in this Section shall prevent the collection of the erroneous exemption principal amount due and owing.

(i) A lien under this Section is not valid as to (1) any bona fide purchaser for value without notice of the erroneous homestead exemption whose rights in and to the underlying parcel arose after the erroneous homestead exemption was granted but before the filing of the notice of lien; or (2) any mortgagee, judgment creditor, or other lienor whose rights in and to the underlying parcel arose before the filing of the notice of lien. licensed to do business in the State showing that the property is free and clear of any liens imposed under this Section shall be prima facie evidence that the taxpayer is without notice of the erroneous homestead exemption. Nothing in this Section shall be deemed to impair the rights of subsequent creditors and subsequent purchasers under Section 30 of the Conveyances Act.

(j) When a lien is filed against the property pursuant to this Section, the chief county assessment officer shall mail a copy of the lien to the person to whom the most recent tax bill was mailed and to the owner of record, and the outstanding liability created by such a lien is due and payable within 30 days after the mailing of the lien by the chief county assessment officer. This liability is deemed delinquent and shall bear interest beginning on the day after the due date at a rate of 1.5% per month or portion thereof. Payment shall be made to the county treasurer. Upon receipt of the full amount due, as determined by the chief county assessment officer, the county treasurer shall distribute the amount paid as provided in subsection (k). Upon presentment by the taxpayer to the chief county assessment officer of proof of payment of the total liability, the chief county assessment officer shall provide in reasonable form a release of the lien. The release of the lien provided shall clearly inform the taxpayer that it is the responsibility of the taxpayer to record the lien release form with the county recorder of deeds and to pay any applicable recording fees.

(k) The county treasurer shall pay collected erroneous exemption principal amounts, pro rata, to the taxing districts, or their legal successors, that levied upon the subject property in the taxable year or years for which the erroneous homestead exemptions were granted, except as set forth in this Section. The county treasurer shall deposit collected penalties and interest into a special fund established by the county treasurer to offset the costs of administration of the provisions of this Section by the chief county assessment officer's office, as appropriated by the county board. If the costs of administration of this Section exceed the amount of interest and penalties collected in the special fund, the chief county assessor shall be reimbursed by each taxing district or their legal successors for those costs. Such costs shall be paid out of the funds collected by the county treasurer on behalf of each taxing district pursuant to this Section.

(l) The chief county assessment officer in a county with 3,000,000 or more inhabitants shall establish an amnesty period for all taxpayers owing any tax due to an erroneous homestead exemption granted in a tax

year prior to the 2013 tax year. The amnesty period shall begin on the effective date of this amendatory Act of the 98th General Assembly and shall run through December 31, 2013. If, during the amnesty period, the taxpayer pays the entire arrearage of taxes due for tax years prior to 2013, the county clerk shall abate and not seek to collect any interest or penalties that may be applicable and shall not seek civil or criminal prosecution for any taxpayer for tax years prior to 2013. Failure to pay all such taxes due during the amnesty period established under this Section shall invalidate the amnesty period for that taxpayer.

The chief county assessment officer in a county with 3,000,000 or more inhabitants shall (i) mail notice of the amnesty period with the tax bills for the second installment of taxes for the 2012 assessment year and (ii) as soon as possible after the effective date of this amendatory Act of the 98th General Assembly, publish notice of the amnesty period in a newspaper of general circulation in the county. Notices shall include information on the amnesty period, its purpose, and the method by which to make payment.

Taxpayers who are a party to any criminal investigation or to any civil or criminal litigation that is pending in any circuit court or appellate court, or in the Supreme Court of this State, for nonpayment, delinquency, or fraud in relation to any property tax imposed by any taxing district located in the State on the effective date of this amendatory Act of the 98th General Assembly may not take advantage of the amnesty period.

A taxpayer who has claimed 3 or more homestead exemptions in error shall not be eligible for the amnesty period established under this subsection.

Sec. 15-175. General homestead exemption.
(a) Except as provided in Sections 15-176 and 15-177, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax Appeal Board, or a court to have been excessive, the
equalized assessed value which should have been placed on the property for 1977 shall be used to determine the amount of the exemption.

(b) Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be $4,500 in counties with 3,000,000 or more inhabitants and $3,500 in all other counties. Except as provided in Sections 15-176 and 15-177, for taxable years 2004 through 2007, the maximum reduction shall be $5,000, for taxable year 2008, the maximum reduction is $5,500, and, for taxable years 2009 through 2011, the maximum reduction is $6,000 in all counties. For taxable years 2012 and thereafter, the maximum reduction is $7,000 in counties with 3,000,000 or more inhabitants and $6,000 in all other counties. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners who, for the taxable year, have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 or a long-time occupant homestead exemption under Section 15-177, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less.

(c) In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

(d) If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180 resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and multiplied by the number of days the property qualified as homestead property.

(d-1) In counties with 3,000,000 or more inhabitants, where the chief county assessment officer provides a notice of discovery, if a
property is not occupied by its owner as a principal residence as of January 1 of the current tax year, then the property owner shall notify the chief county assessment officer of that fact on a form prescribed by the chief county assessment officer. That notice must be received by the chief county assessment officer on or before March 1 of the collection year. If mailed, the form shall be sent by certified mail, return receipt requested. If the form is provided in person, the chief county assessment officer shall provide a date stamped copy of the notice. Failure to provide timely notice pursuant to this subsection (d-1) shall result in the exemption being treated as an erroneous exemption. Upon timely receipt of the notice for the current tax year, no exemption shall be applied to the property for the current tax year. If the exemption is not removed upon timely receipt of the notice by the chief assessment officer, then the error is considered granted as a result of a clerical error or omission on the part of the chief county assessment officer as described in subsection (h) of Section 9-275, and the property owner shall not be liable for the payment of interest and penalties due to the erroneous exemption for the current tax year for which the notice was filed after the date that notice was timely received pursuant to this subsection. Notice provided under this subsection shall not constitute a defense or amnesty for prior year erroneous exemptions.

For the purposes of this subsection (d-1):
"Collection year" means the year in which the first and second installment of the current tax year is billed.
"Current tax year" means the year prior to the collection year.

(e) The chief county assessment officer may, when considering whether to grant a leasehold exemption under this Section, require the following conditions to be met:

(1) that a notarized application for the exemption, signed by both the owner and the lessee of the property, must be submitted each year during the application period in effect for the county in which the property is located;

(2) that a copy of the lease must be filed with the chief county assessment officer by the owner of the property at the time the notarized application is submitted;

(3) that the lease must expressly state that the lessee is liable for the payment of property taxes; and

(4) that the lease must include the following language in substantially the following form:

New matter indicated by italics - deletions by strikeout
"Lessee shall be liable for the payment of real estate taxes with respect to the residence in accordance with the terms and conditions of Section 15-175 of the Property Tax Code (35 ILCS 200/15-175). The permanent real estate index number for the premises is (insert number), and, according to the most recent property tax bill, the current amount of real estate taxes associated with the premises is (insert amount) per year. The parties agree that the monthly rent set forth above shall be increased or decreased pro rata (effective January 1 of each calendar year) to reflect any increase or decrease in real estate taxes. Lessee shall be deemed to be satisfying Lessee's liability for the above mentioned real estate taxes with the monthly rent payments as set forth above (or increased or decreased as set forth herein)."

In addition, if there is a change in lessee, or if the lessee vacates the property, then the chief county assessment officer may require the owner of the property to notify the chief county assessment officer of that change. This subsection (e) does not apply to leasehold interests in property owned by a municipality.

(f) "Homestead property" under this Section includes residential property that is occupied by its owner or owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on which the person is liable for the payment of property taxes. For land improved with an apartment building owned and operated as a cooperative or a building which is a life care facility as defined in Section 15-170 and considered to be a cooperative under Section 15-170, the maximum reduction from the equalized assessed value shall be limited to the increase in the value above the equalized assessed value of the property for 1977, up to the maximum reduction set forth above, multiplied by the number of apartments or units occupied by a person or persons who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For purposes of this Section, the term "life care facility" has the meaning stated in Section 15-170.
"Household", as used in this Section, means the owner, the spouse of the owner, and all persons using the residence of the owner as their principal place of residence.

"Household income", as used in this Section, means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income", as used in this Section, has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that "income" does not include veteran's benefits.

(g) In a cooperative where a homestead exemption has been granted, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor.

(h) Where married persons maintain and reside in separate residences qualifying as homestead property, each residence shall receive 50% of the total reduction in equalized assessed valuation provided by this Section.

(i) In all counties, the assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department, provided that the taxpayer applying for an additional general exemption under this Section shall submit to the chief county assessment officer an application with an affidavit of the applicant's total household income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

(i-5) This subsection (i-5) applies to counties with 3,000,000 or more inhabitants. In the event of a sale of homestead property, the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. Upon receipt of a transfer declaration
transmitted by the recorder pursuant to Section 31-30 of the Real Estate Transfer Tax Law for property receiving an exemption under this Section, the assessor shall mail a notice and forms to the new owner of the property providing information pertaining to the rules and applicable filing periods for applying or reapplying for homestead exemptions under this Code for which the property may be eligible. If the new owner fails to apply or reapply for a homestead exemption during the applicable filing period or the property no longer qualifies for an existing homestead exemption, the assessor shall cancel such exemption for any ensuing assessment year.

(j) In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief county assessment officer may require the new owner of the property to apply for the homestead exemption for the following assessment year.

(k) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Upon creating a Public Treasurers' Investment Pool the State Treasurer shall give bond with 2 or more sufficient sureties, payable to custodians of public funds who participate in the Pool for the benefit of the public agencies whose funds are paid into the Pool for investment, in the penal sum of $150,000, conditioned for the faithful discharge of his duties in relation to the Public Treasurers' Investment Pool.

"Public funds" and "public agency", as used in this Section have the meanings ascribed to them in Section 1 of "An Act relating to certain investments of public funds by public agencies", approved July 23, 1943, as amended.

This amendatory Act of 1975 is not a limit on any home rule unit.

*After the effective date of this amendatory Act of the 99th General Assembly, participation in the Public Treasurers' Investment Pool shall not be a prerequisite for participation in the Treasurer's E-Pay program.*

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or

(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Beginning on the effective date of this amendatory Act of the 98th General Assembly, "prescription and nonprescription medicines and drugs" includes medical cannabis purchased from a registered dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act.

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to

motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a
taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department.
the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly

New matter indicated by italics - deletions by strikeout
liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the
Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount

allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of
exemption made to the Department before the retailer is willing to take
these actions and such user has not paid the tax to the retailer, such user
may certify to the fact of such delay by the retailer, and may (upon the
Department being satisfied of the truth of such certification) transmit the
information required by the transaction reporting return and the remittance
for tax or proof of exemption directly to the Department and obtain his tax
receipt or exemption determination, in which event the transaction
reporting return and tax remittance (if a tax payment was required) shall be
credited by the Department to the proper retailer's account with the
Department, but without the 2.1% or 1.75% discount provided for in this
Section being allowed. When the user pays the tax directly to the
Department, he shall pay the tax in the same amount and in the same form
in which it would be remitted if the tax had been remitted to the
Department by the retailer.

Where a retailer collects the tax with respect to the selling price of
tangible personal property which he sells and the purchaser thereafter
returns such tangible personal property and the retailer refunds the selling
price thereof to the purchaser, such retailer shall also refund, to the
purchaser, the tax so collected from the purchaser. When filing his return
for the period in which he refunds such tax to the purchaser, the retailer
may deduct the amount of the tax so refunded by him to the purchaser
from any other use tax which such retailer may be required to pay or remit
to the Department, as shown by such return, if the amount of the tax to be
deducted was previously remitted to the Department by such retailer. If the
retailer has not previously remitted the amount of such tax to the
Department, he is entitled to no deduction under this Act upon refunding
such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for
the purpose of paying tax thereon) the total tax covered by such return
upon the selling price of tangible personal property purchased by him at
retail from a retailer, but as to which the tax imposed by this Act was not
collected from the retailer filing such return, and such retailer shall remit
the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the
Department may prescribe and furnish a combination or joint return which
will enable retailers, who are required to file returns hereunder and also
under the Retailers' Occupation Tax Act, to furnish all the return
information required by both Acts on the one form.
Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for
the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989,
3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than

the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under

subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers'
Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 10. The Service Use Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 110/3-10) (from Ch. 120, par. 439.33-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the selling price of tangible personal property transferred as an incident to the sale of service, but, for the purpose of computing this tax, in no event shall the selling price be less than the cost price of the property to the serviceman.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the selling price of property

transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018, and (iii) 100% of the selling price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred as an incident to the sale of those services.

New matter indicated by italics - deletions by strikeout
The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the

premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Beginning on January 1, 2014 (the effective date of Public Act 98-122), "prescription and nonprescription medicines and drugs" includes medical cannabis purchased from a registered dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act.

If the property that is acquired from a serviceman is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

(35 ILCS 110/9) (from Ch. 120, par. 439.39)
Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

New matter indicated by italics - deletions by strikeout
If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.
The Department shall adopt such rules as are necessary to
effectuate a program of electronic funds transfer and the requirements of
this Section.

If the serviceman is otherwise required to file a monthly return and
if the serviceman's average monthly tax liability to the Department does
not exceed $200, the Department may authorize his returns to be filed on a
quarter annual basis, with the return for January, February and March of a
given year being due by April 20 of such year; with the return for April,
May and June of a given year being due by July 20 of such year; with the
return for July, August and September of a given year being due by
October 20 of such year, and with the return for October, November and
December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or
quarterly return and if the serviceman's average monthly tax liability to the
Department does not exceed $50, the Department may authorize his
returns to be filed on an annual basis, with the return for a given year being
due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance,
shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the
time within which a serviceman may file his return, in the case of any
serviceman who ceases to engage in a kind of business which makes him
responsible for filing returns under this Act, such serviceman shall file a
final return under this Act with the Department not more than 1 month
after discontinuing such business.

Where a serviceman collects the tax with respect to the selling
price of property which he sells and the purchaser thereafter returns such
property and the serviceman refunds the selling price thereof to the
purchaser, such serviceman shall also refund, to the purchaser, the tax so
collected from the purchaser. When filing his return for the period in
which he refunds such tax to the purchaser, the serviceman may deduct the
amount of the tax so refunded by him to the purchaser from any other
Service Use Tax, Service Occupation Tax, retailers' occupation tax or use
tax which such serviceman may be required to pay or remit to the
Department, as shown by such return, provided that the amount of the tax
to be deducted shall previously have been remitted to the Department by
such serviceman. If the serviceman shall not previously have remitted the
amount of such tax to the Department, he shall be entitled to no deduction
hereunder upon refunding such tax to the purchaser.

New matter indicated by italics - deletions by strikeout
Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices, by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized
for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount
required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter

enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month.

Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

Section 15. The Service Occupation Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 115/3-10) (from Ch. 120, par. 439.103-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the "selling price", as defined in Section 2 of the Service Use Tax Act, of the tangible personal property. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act shall apply to (i) 70% of the cost price of property transferred as an incident to the sale of service on or before January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018, and (iii) 100% of the cost price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%,
then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is

to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, *products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices*, modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of

this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Beginning on January 1, 2014 (the effective date of Public Act 98-122), "prescription and nonprescription medicines and drugs" includes medical cannabis purchased from a registered dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act. (Source: P.A. 98-104, eff. 7-22-13; 98-122, eff. 1-1-14; 98-756, eff. 7-16-14; 99-143, eff. 7-27-15; 99-180, eff. 7-29-15; revised 10-16-15.)

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

New matter indicated by italics - deletions by strikeout
Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1,
2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a
taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman

may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for

the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, this Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers'
Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are

subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each

month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form
prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Section 20. The Retailers' Occupation Tax Act is amended by changing Sections 2-10 and 3 as follows:

(35 ILCS 120/2-10)

Sec. 2-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of gross receipts from sales of tangible personal property made in the course of business.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

Beginning on August 6, 2010 through August 15, 2010, with respect to sales tax holiday items as defined in Section 2-8 of this Act, the tax is imposed at the rate of 1.25%.

Within 14 days after the effective date of this amendatory Act of the 91st General Assembly, each retailer of motor fuel and gasohol shall cause the following notice to be posted in a prominently visible place on each retail dispensing device that is used to dispense motor fuel or gasohol in the State of Illinois: "As of July 1, 2000, the State of Illinois has eliminated the State's share of sales tax on motor fuel and gasohol through

December 31, 2000. The price on this pump should reflect the elimination of the tax." The notice shall be printed in bold print on a sign that is no smaller than 4 inches by 8 inches. The sign shall be clearly visible to customers. Any retailer who fails to post or maintain a required sign through December 31, 2000 is guilty of a petty offense for which the fine shall be $500 per day per each retail premises where a violation occurs.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2018, and (iii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2018 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2018 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the

United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, modifications to a motor vehicle for the purpose of rendering it usable by a person with a disability, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until September 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "soft drinks" means non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Until August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine. Beginning August 1, 2009, and notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy"
does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning September 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or
(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

Beginning on the effective date of this amendatory Act of the 98th General Assembly, "prescription and nonprescription medicines and drugs" includes medical cannabis purchased from a registered dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act.

4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;
5. Deductions allowed by law;
6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;
7. The amount of credit provided in Section 2d of this Act;
8. The amount of tax due;
9. The signature of the taxpayer; and
10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such

calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds

transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under
this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal

property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the

New matter indicated by italics - deletions by strikeout
agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4

of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status.

On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an

amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each
month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of
the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. (a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting

New matter indicated by italics - deletions by strikeout
these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. The court may in its sentencing order recommend a defendant for placement in a Department of Corrections substance abuse treatment program as provided in paragraph (a) of subsection (1) of Section 3-2-2 conditioned upon the defendant being accepted in a program by the Department of Corrections. At the hearing the court shall:

1. consider the evidence, if any, received upon the trial;
2. consider any presentence reports;
3. consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
4. consider evidence and information offered by the parties in aggravation and mitigation;
4.5 consider substance abuse treatment, eligibility screening, and an assessment, if any, of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
5. hear arguments as to sentencing alternatives;
6. afford the defendant the opportunity to make a statement in his own behalf;
7. afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, or a qualified individual affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act or a violation of Section 55 or Section 65 of the Methamphetamine Control and Community Protection Act, or (ii) a Class 4 felony violation of Section 11-14, 11-14.3 except as described in subdivisions (a)(2)(A) and (a)(2)(B), 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961 or the Criminal Code of 2012, committed by the defendant the opportunity to make a statement concerning the impact on the victim and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation must first be prepared in writing in conjunction with the

State's Attorney before it may be presented orally at the hearing. Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7) shall become part of the record of the court. For the purpose of this paragraph (7), "qualified individual" means any person who (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; and (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. For the purposes of this paragraph (7), "qualified individual" includes any peace officer, or any member of any duly organized State, county, or municipal peace unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements;

(9) in cases involving a felony sex offense as defined under the Sex Offender Management Board Act, consider the results of the sex offender evaluation conducted pursuant to Section 5-3-2 of this Act; and

(10) make a finding of whether a motor vehicle was used in the commission of the offense for which the defendant is being sentenced.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(b-1) In imposing a sentence of imprisonment or periodic imprisonment for a Class 3 or Class 4 felony for which a sentence of probation or conditional discharge is an available sentence, if the defendant has no prior sentence of probation or conditional discharge and no prior conviction for a violent crime, the defendant shall not be sentenced to imprisonment before review and consideration of a
presentence report and determination and explanation of why the particular evidence, information, factor in aggravation, factual finding, or other reasons support a sentencing determination that one or more of the factors under subsection (a) of Section 5-6-1 of this Code apply and that probation or conditional discharge is not an appropriate sentence.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for sentence credit found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming
the defendant receives all of his or her sentence credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional sentence credit for good conduct. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day sentence credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute.

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence credit, the period of estimated actual custody is ... years and ... months, less up to 90 days additional sentence credit for good conduct. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of sentence credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. When the sentencing order recommends placement in a substance abuse program for any offense that results in incarceration in a Department of Corrections facility and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no sentence credit for good conduct under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from the Director of Corrections pursuant to clause (4.5) of subsection (a) of Section 3-6-3."

with all other factual information accessible to them in regard to the
person prior to his commitment relative to his habits, associates,
disposition and reputation and any other facts and circumstances which
may aid such department, agency or institution during its custody of such
person. The clerk shall within 10 days after receiving any such statements
transmit a copy to such department, agency or institution and a copy to the

For youth age 18 and under, the Youth Hunting License shall entitle the licensee to hunt while supervised by a parent, grandparent, or

The Department of Natural Resources shall authorize personnel of the Department, or volunteer instructors, found by the Department to be competent, to provide instruction in courses on trapping techniques and ethical trapping behavior as needed throughout the State, which courses shall be at least 8 hours in length. Persons so authorized shall provide instruction in such courses to individuals at no charge, and shall issue to
individuals successfully completing such courses certificates of competency in basic trapping techniques. The owners residing on, or bona fide tenants of farm lands, and their children actually residing on such lands, shall have the right to trap mammals protected by this Act, for which an open trapping season has been established, upon such lands, without procuring licenses, provided that such mammals are taken during the periods of time and with such devices as are permitted by this Act.

Persons eligible for medical assistance under this paragraph 18 shall receive coverage for the Health Benefits Service Package as that term is defined in subsection (m) of Section 5-1.1 of this Code. If Illinois' federal medical assistance percentage (FMAP) is reduced below 90% for persons eligible for medical assistance under this paragraph 18, eligibility under this paragraph 18 shall cease no later than the end of the third month following the month in which the reduction in FMAP takes effect.

nonfinancial eligibility requirements of Sections 16-2, 16-3, and 16-5 of this Code. The Department may extend medical assistance for persons who are foreign-born victims of human trafficking, torture, or other serious crimes whose medical assistance would be terminated pursuant to subsection (b) of Section 16-5 if the Department determines that the person, during the year of initial eligibility (1) experienced a health crisis, (2) has been unable, after reasonable attempts, to obtain necessary information from a third party, or (3) has other extenuating circumstances that prevented the person from completing his or her application for status. The Department may adopt any rules necessary to implement the provisions of this paragraph.

In implementing the provisions of Public Act 96-20, the Department is authorized to adopt only those rules necessary, including emergency rules. Nothing in Public Act 96-20 permits the Department to adopt rules or issue a decision that expands eligibility for the FamilyCare Program to a person whose income exceeds 185% of the Federal Poverty Level as determined from time to time by the U.S. Department of Health and Human Services, unless the Department is provided with express statutory authority.

The eligibility of any such person for medical assistance under this Article is not affected by the payment of any grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act.

The Department shall by rule establish the amounts of assets to be disregarded in determining eligibility for medical assistance, which shall at a minimum equal the amounts to be disregarded under the Federal Supplemental Security Income Program. The amount of assets of a single person to be disregarded shall not be less than $2,000, and the amount of assets of a married couple to be disregarded shall not be less than $3,000.

To the extent permitted under federal law, any person found guilty of a second violation of Article VIIIA shall be ineligible for medical assistance under this Article, as provided in Section 8A-8.

The eligibility of any person for medical assistance under this Article shall not be affected by the receipt by the person of donations or benefits from fundraisers held for the person in cases of serious illness, as long as neither the person nor members of the person's family have actual
control over the donations or benefits or the disbursement of the donations or benefits.

Notwithstanding any other provision of this Code, if the United States Supreme Court holds Title II, Subtitle A, Section 2001(a) of Public Law 111-148 to be unconstitutional, or if a holding of Public Law 111-148 makes Medicaid eligibility allowed under Section 2001(a) inoperable, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Notwithstanding any other provision of this Code, if an Act of Congress that becomes a Public Law eliminates Section 2001(a) of Public Law 111-148, the State or a unit of local government shall be prohibited from enrolling individuals in the Medical Assistance Program as the result of federal approval of a State Medicaid waiver on or after the effective date of this amendatory Act of the 97th General Assembly, and any individuals enrolled in the Medical Assistance Program pursuant to eligibility permitted as a result of such a State Medicaid waiver shall become immediately ineligible.

Effective October 1, 2013, the determination of eligibility of persons who qualify under paragraphs 5, 6, 8, 15, 17, and 18 of this Section shall comply with the requirements of 42 U.S.C. 1396a(e)(14) and applicable federal regulations.

The Department of Healthcare and Family Services, the Department of Human Services, and the Illinois health insurance marketplace shall work cooperatively to assist persons who would otherwise lose health benefits as a result of changes made under this amendatory Act of the 98th General Assembly to transition to other health insurance coverage.

The registry shall include the individual's name, his or her current address, Social Security number, and the date and location of the training course completed by the individual, and whether the individual has any of the disqualifying convictions listed in Section 25 of the Health Care Worker Background Check Act from the date of the individual's last criminal records check. Any individual placed on the registry is required to inform the Department of any change of address within 30 days. A facility shall not employ an individual as a nursing assistant, habilitation aide, home health aide, psychiatric services rehabilitation aide, or child care aide, or newly hired as an individual who may have access to a resident, a resident's living quarters, or a resident's personal, financial, or medical records, unless the facility has inquired of the Department's health care worker registry as to information in the registry concerning the individual. The facility shall not employ an individual as a nursing assistant, habilitation aide, or child care aide if that individual is not on the registry unless the individual is enrolled in a training program under paragraph (5) of subsection (a) of Section 3-206 of this Act. The Department may also maintain a publicly accessible registry.

(a-5) The registry maintained by the Department exclusive to health care employers, as defined in the Health Care Worker Background Check Act.
Check Act, shall clearly indicate whether an applicant or employee is eligible for employment and shall include the following:

(1) information about the individual, including the individual’s name, his or her current address, Social Security number, the date and location of the training course completed by the individual, whether the individual has any of the disqualifying convictions listed in Section 25 of the Health Care Worker Background Check Act from the date of the individual’s last criminal record check, whether the individual has a waiver pending under Section 40 of the Health Care Worker Background Check Act, and whether the individual has received a waiver under Section 40 of that Act;

(2) the following language:

"A waiver granted by the Department of Public Health is a determination that the applicant or employee is eligible to work in a health care facility. The Equal Employment Opportunity Commission provides guidance about federal law regarding hiring of individuals with criminal records."

(3) a link to Equal Employment Opportunity Commission guidance regarding hiring of individuals with criminal records.

(a-10) After January 1, 2017, the publicly accessible registry maintained by the Department shall report that an individual is ineligible to work if he or she has a disqualifying offense under Section 25 of the Health Care Worker Background Check Act and has not received a waiver under Section 40 of that Act. If an applicant or employee has received a waiver for one or more disqualifying offenses under Section 40 of the Health Care Worker Background Check Act and he or she is otherwise eligible to work, the Department of Public Health shall report on the public registry that the applicant or employee is eligible to work. The Department, however, shall not report information regarding the waiver on the public registry.

(a-15) If the Department finds that a nursing assistant, habilitation aide, home health aide, psychiatric services rehabilitation aide, or child care aide, or an unlicensed individual, has abused or neglected a resident or an individual under his or her care or misappropriated property of a resident or an individual under his or her care, the Department shall notify the individual of this finding by certified mail sent to the address contained in the registry. The notice shall give the individual an opportunity to
contest the finding in a hearing before the Department or to submit a written response to the findings in lieu of requesting a hearing. If, after a hearing or if the individual does not request a hearing, the Department finds that the individual abused a resident, neglected a resident, or misappropriated resident property in a facility, the finding shall be included as part of the registry as well as a clear and accurate summary from the individual, if he or she chooses to make such a statement. The Department shall make the following information in the registry available to the public: an individual's full name; the date an individual successfully completed a nurse aide training or competency evaluation; and whether the Department has made a finding that an individual has been guilty of abuse or neglect of a resident or misappropriation of resident property. In the case of inquiries to the registry concerning an individual listed in the registry, any information disclosed concerning such a finding shall also include disclosure of the individual's statement in the registry relating to the finding or a clear and accurate summary of the statement.

(b) The Department shall add to the health care worker registry records of findings as reported by the Inspector General or remove from the health care worker registry records of findings as reported by the Department of Human Services, under subsection (s) of Section 1-17 of the Department of Human Services Act.

Sec. 33. Fingerprint-based criminal history records check.
(a) A fingerprint-based criminal history records check is not required for health care employees who have been continuously employed by a health care employer since October 1, 2007, have met the requirements for criminal history background checks prior to October 1, 2007, and have no disqualifying convictions or requested and received a

waiver of those disqualifying convictions. These employees shall be retained on the Health Care Worker Registry as long as they remain active. Nothing in this subsection (a) shall be construed to prohibit a health care employer from initiating a criminal history records check for these employees. Should these employees seek a new position with a different health care employer, then a fingerprint-based criminal history records check shall be required.

(b) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, any student, applicant, or employee who desires to be included on the Department of Public Health's Health Care Worker Registry must authorize the Department of Public Health or its designee to request a fingerprint-based criminal history records check to determine if the individual has a conviction for a disqualifying offense. This authorization shall allow the Department of Public Health to request and receive information and assistance from any State or local governmental agency. Each individual shall submit his or her fingerprints to the Department of State Police in an electronic format that complies with the form and manner for requesting and furnishing criminal history record information prescribed by the Department of State Police. The fingerprints submitted under this Section shall be checked against the fingerprint records now and hereafter filed in the Department of State Police criminal history record databases. The Department of State Police shall charge a fee for conducting the criminal history records check, which shall not exceed the actual cost of the records check. The livescan vendor may act as the designee for individuals, educational entities, or health care employers in the collection of Department of State Police fees and deposit those fees into the State Police Services Fund. The Department of State Police shall provide information concerning any criminal convictions, now or hereafter filed, against the individual.

(c) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, an educational entity, other than a secondary school, conducting a nurse aide training program must initiate a fingerprint-based criminal history records check requested by the Department of Public Health prior to entry of an individual into the training program.

(d) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, a health care employer who makes a conditional offer of employment to an individual indicated by italics - deletions by strikeout
applicant for a position as an employee must initiate a fingerprint-based criminal history record check, requested by the Department of Public Health, on the applicant, if such a background check has not been previously conducted.

(e) When initiating a background check requested by the Department of Public Health, an educational entity or health care employer shall electronically submit to the Department of Public Health the student's, applicant's, or employee's social security number, demographics, disclosure, and authorization information in a format prescribed by the Department of Public Health within 2 working days after the authorization is secured. The student, applicant, or employee must have his or her fingerprints collected electronically and transmitted to the Department of State Police within 10 working days. The educational entity or health care employer must transmit all necessary information and fees to the livescan vendor and Department of State Police within 10 working days after receipt of the authorization. This information and the results of the criminal history record checks shall be maintained by the Department of Public Health's Health Care Worker Registry.

(f) A direct care employer may initiate a fingerprint-based background check requested by the Department of Public Health for any of its employees, but may not use this process to initiate background checks for residents. The results of any fingerprint-based background check that is initiated with the Department as the requestor shall be entered in the Health Care Worker Registry.

(g) As long as the employee has had a fingerprint-based criminal history record check requested by the Department of Public Health and stays active on the Health Care Worker Registry, no further criminal history record checks shall be deemed necessary, as the Department of State Police shall notify the Department of Public Health of any additional convictions associated with the fingerprints previously submitted. Health care employers are required to check the Health Care Worker Registry before hiring an employee to determine that the individual has had a fingerprint-based record check requested by the Department of Public Health and has no disqualifying convictions or has been granted a waiver pursuant to Section 40 of this Act. If the individual has not had such a background check or is not active on the Health Care Worker Registry, then the health care employer must initiate a fingerprint-based record check requested by the Department of Public Health. If an individual is inactive on the Health Care Worker Registry, that individual is prohibited

from being hired to work as a certified nurse aide if, since the individual's most recent completion of a competency test, there has been a period of 24 consecutive months during which the individual has not provided nursing or nursing-related services for pay. If the individual can provide proof of having retained his or her certification by not having a 24 consecutive month break in service for pay, he or she may be hired as a certified nurse aide and that employment information shall be entered into the Health Care Worker Registry.

(h) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, if the Department of State Police notifies the Department of Public Health that an employee has a new conviction of a disqualifying offense, based upon the fingerprints that were previously submitted, then (i) the Health Care Worker Registry shall notify the employee's last known employer of the offense, (ii) a record of the employee's disqualifying offense shall be entered on the Health Care Worker Registry, and (iii) the individual shall no longer be eligible to work as an employee unless he or she obtains a waiver pursuant to Section 40 of this Act.
