The incremental change to such charges imposed by this amendatory Act of the 96th General Assembly shall not (i) be used for any purpose other than to directly assist customers and (ii) be applicable to utilities serving less than 100,000 customers in Illinois on January 1, 2009.

In addition, electric and gas utilities have committed, and shall contribute, a one-time payment of $22 million to the Fund, within 10 days after the effective date of the tariffs established pursuant to Sections 16-111.8 and 19-145 of the Public Utilities Act to be used for the Department's cost of implementing the programs described in Section 18 of this amendatory Act of the 96th General Assembly, the Arrearage Reduction Program described in Section 18, and the programs described in Section 8-105 of the Public Utilities Act. If a utility elects not to file a rider within 90 days after the effective date of this amendatory Act of the 96th General Assembly, then the contribution from such utility shall be made no later than February 1, 2010.

(c) For purposes of this Section:

(1) "residential electric service" means electric utility service for household purposes delivered to a dwelling of 2 or fewer units which is billed under a residential rate, or electric utility service for household purposes delivered to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;

New matter indicated by italics - deletions by strikeout
(e) The Energy Assistance Charge assessed by electric and gas public utilities shall be considered a charge for public utility service.

(f) By the 20th day of the month following the month in which the charges imposed by the Section were collected, each public utility, municipal utility, and electric cooperative shall remit to the Department of Revenue all moneys received as payment of the Energy Assistance Charge on a return prescribed and furnished by the Department of Revenue showing such information as the Department of Revenue may reasonably require; provided, however, that a utility offering an Arrearage Reduction Program pursuant to Section 18 of this Act shall be entitled to net those amounts necessary to fund and recover the costs of such Program as authorized by that Section that is no more than the incremental change in such Energy Assistance Charge authorized by this amending Act of the 96th General Assembly. If a customer makes a partial payment, a public utility, municipal utility, or electric cooperative may elect either: (i) to apply such partial payments first to amounts owed to the utility or cooperative for its services and then to payment for the Energy Assistance Charge or (ii) to apply such partial payments on a pro-rata basis between amounts owed to the utility or cooperative for its services and to payment for the Energy Assistance Charge.

(g) The Department of Revenue shall deposit into the Supplemental Low-Income Energy Assistance Fund all moneys remitted to it in accordance with subsection (f) of this Section; provided, however, that the amounts remitted by each utility shall be used to provide assistance to that utility's customers. (j) The Department of Commerce and Economic Opportunity may establish such rules as it deems necessary to implement this Section.

(k) The charges imposed by this Section shall only apply to customers of municipal electric or gas utilities and electric or gas cooperatives if the municipal electric or gas utility or electric or gas cooperative makes an affirmative decision to impose the charge. If a
municipal electric or gas utility or an electric cooperative makes an affirmative decision to impose the charge provided by this Section, the municipal electric or gas utility or electric cooperative shall inform the Department of Revenue in writing of such decision when it begins to impose the charge. If a municipal electric or gas utility or electric or gas cooperative does not assess this charge, the Department may not use funds from the Supplemental Low-Income Energy Assistance Fund to provide benefits to its customers under the program authorized by Section 4 of this Act.

In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

This Section is repealed effective December 31, 2018 unless renewed by action of the General Assembly. The General Assembly shall consider the results of the evaluations described in Section 8 in its deliberations.

iii. All sources and source categories that would be required to obtain a permit solely because they are subject to Part 60, Subpart AAA - Standards of Performance for New Residential Wood Heaters (40 CFR Part 60).

iv. All sources and source categories that would be required to obtain a permit solely because they are subject to Part 61, Subpart M - National Emission Standard for Hazardous Air Pollutants for Asbestos, Section 61.145 (40 CFR Part 61).

v. Any other source categories exempted by USEPA regulations pursuant to Section 502(a) of the Clean Air Act.

vi. Major sources of greenhouse gas emissions required to obtain a CAAPP permit under this Section if any of the following occurs:

   (A) enactment of federal legislation depriving the Administrator of the USEPA of authority to regulate greenhouse gases under the Clean Air Act;

   (B) the issuance of any opinion, ruling, judgment, order, or decree by a federal court depriving the Administrator of the USEPA of authority to regulate greenhouse gases under the Clean Air Act; or

   (C) action by the President of the United States or the President's authorized agent, including the Administrator of the USEPA, to repeal or withdraw the Greenhouse Gas Tailoring Rule (75 Fed. Reg. 31514, June 3, 2010).

If any event listed in this subparagraph (vi) occurs, CAAPP permits issued after such event shall not impose

permit terms or conditions addressing greenhouse gases during the effectiveness of any event listed in subparagraph (vi). If any event listed in this subparagraph (vi) occurs, any owner or operator with a CAAPP permit that includes terms or conditions addressing greenhouse gases may elect to submit an application to the Agency to address a revision or repeal of such terms or conditions. If any owner or operator submits such an application, the Agency shall expeditiously process the permit application in accordance with applicable laws and regulations. Nothing in this subparagraph (vi) shall relieve an owner or operator of a source from the requirement to obtain a CAAPP permit for its emissions of regulated air pollutants other than greenhouse gases, as required by this Section.

c. For purposes of this Section the term "major source" means any source that is:

i. A major source under Section 112 of the Clean Air Act, which is defined as:

A. For pollutants other than radionuclides, any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 tons per year (tpy) or more of any hazardous air pollutant which has been listed pursuant to Section 112(b) of the Clean Air Act, 25 tpy or more of any combination of such hazardous air pollutants, or such lesser quantity as USEPA may establish by rule. Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such stations are major sources.

B. For radionuclides, "major source" shall have the meaning specified by the USEPA by rule.
ii. A major stationary source of air pollutants, as defined in Section 302 of the Clean Air Act, that directly emits or has the potential to emit, 100 tpy or more of any air pollutant subject to regulation (including any major source of fugitive emissions of any such pollutant, as determined by rule by USEPA). For purposes of this subsection, "fugitive emissions" means those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally-equivalent opening. The fugitive emissions of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of Section 302(j) of the Clean Air Act, unless the source belongs to one of the following categories of stationary source:

A. Coal cleaning plants (with thermal dryers).
B. Kraft pulp mills.
C. Portland cement plants.
D. Primary zinc smelters.
E. Iron and steel mills.
F. Primary aluminum ore reduction plants.
G. Primary copper smelters.
H. Municipal incinerators capable of charging more than 250 tons of refuse per day.
I. Hydrofluoric, sulfuric, or nitric acid plants.
J. Petroleum refineries.
K. Lime plants.
L. Phosphate rock processing plants.
M. Coke oven batteries.
N. Sulfur recovery plants.
O. Carbon black plants (furnace process).
P. Primary lead smelters.
Q. Fuel conversion plants.
R. Sintering plants.
S. Secondary metal production plants.
T. Chemical process plants.

U. Fossil-fuel boilers (or combination thereof) totaling more than 250 million British thermal units per hour heat input.
V. Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels.
W. Taconite ore processing plants.
X. Glass fiber processing plants.
Y. Charcoal production plants.
Z. Fossil fuel-fired steam electric plants of more than 250 million British thermal units per hour heat input.
AA. All other stationary source categories, which as of August 7, 1980 are being regulated by a standard promulgated under Section 111 or 112 of the Clean Air Act.
BB. Any other stationary source category designated by USEPA by rule.

iii. A major stationary source as defined in part D of Title I of the Clean Air Act including:
A. For ozone nonattainment areas, sources with the potential to emit 100 tons or more per year of volatile organic compounds or oxides of nitrogen in areas classified as "marginal" or "moderate", 50 tons or more per year in areas classified as "serious", 25 tons or more per year in areas classified as "severe", and 10 tons or more per year in areas classified as "extreme"; except that the references in this clause to 100, 50, 25, and 10 tons per year of nitrogen oxides shall not apply with respect to any source for which USEPA has made a finding, under Section 182(f)(1) or (2) of the Clean Air Act, that requirements otherwise applicable to such source under Section 182(f) of the Clean Air Act do not apply. Such sources shall remain subject to the major source criteria of subparagraph (ii) of paragraph (c) of this subsection.
B. For ozone transport regions established pursuant to Section 184 of the Clean Air Act,
sources with the potential to emit 50 tons or more per year of volatile organic compounds (VOCs).

C. For carbon monoxide nonattainment areas (1) that are classified as "serious", and (2) in which stationary sources contribute significantly to carbon monoxide levels as determined under rules issued by USEPA, sources with the potential to emit 50 tons or more per year of carbon monoxide.

D. For particulate matter (PM-10) nonattainment areas classified as "serious", sources with the potential to emit 70 tons or more per year of PM-10.

3. Agency Authority To Issue CAAPP Permits and Federally Enforceable State Operating Permits.

a. The Agency shall issue CAAPP permits under this Section consistent with the Clean Air Act and regulations promulgated thereunder and this Act and regulations promulgated thereunder.

b. The Agency shall issue CAAPP permits for fixed terms of 5 years, except CAAPP permits issued for solid waste incineration units combusting municipal waste which shall be issued for fixed terms of 12 years and except CAAPP permits for affected sources for acid deposition which shall be issued for initial terms to expire on December 31, 1999, and for fixed terms of 5 years thereafter.

c. The Agency shall have the authority to issue a State operating permit for a source under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder, which includes federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph (c) of subsection 2 of this Section, thereby excluding the source from the CAAPP, when requested by the applicant pursuant to paragraph (u) of subsection 5 of this Section. The public notice requirements of this Section applicable to CAAPP permits shall also apply to the initial issuance of permits under this paragraph.

d. For purposes of this Act, a permit issued by USEPA under Section 505 of the Clean Air Act, as now and hereafter

amended, shall be deemed to be a permit issued by the Agency pursuant to Section 39.5 of this Act.

4. Transition.
   a. An owner or operator of a CAAPP source shall not be required to renew an existing State operating permit for any emission unit at such CAAPP source once a CAAPP application timely submitted prior to expiration of the State operating permit has been deemed complete. For purposes other than permit renewal, the obligation upon the owner or operator of a CAAPP source to obtain a State operating permit is not removed upon submittal of the complete CAAPP permit application. An owner or operator of a CAAPP source seeking to make a modification to a source prior to the issuance of its CAAPP permit shall be required to obtain a construction permit, operating permit, or both as required for such modification in accordance with the State permit program under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder. The application for such construction permit, operating permit, or both shall be considered an amendment to the CAAPP application submitted for such source.

   b. An owner or operator of a CAAPP source shall continue to operate in accordance with the terms and conditions of its applicable State operating permit notwithstanding the expiration of the State operating permit until the source's CAAPP permit has been issued.

   c. An owner or operator of a CAAPP source shall submit its initial CAAPP application to the Agency no later than 12 months after the effective date of the CAAPP. The Agency may request submittal of initial CAAPP applications during this 12-month period according to a schedule set forth within Agency procedures, however, in no event shall the Agency require such submittal earlier than 3 months after such effective date of the CAAPP. An owner or operator may voluntarily submit its initial CAAPP application prior to the date required within this paragraph or applicable procedures, if any, subsequent to the date the Agency submits the CAAPP to USEPA for approval.

   d. The Agency shall act on initial CAAPP applications in accordance with paragraph (j) of subsection 5 of this Section.

New matter indicated by italics - deletions by strikeout
e. For purposes of this Section, the term "initial CAAPP application" shall mean the first CAAPP application submitted for a source existing as of the effective date of the CAAPP.

f. The Agency shall provide owners or operators of CAAPP sources with at least 3 months advance notice of the date on which their applications are required to be submitted. In determining which sources shall be subject to early submittal, the Agency shall include among its considerations the complexity of the permit application, and the burden that such early submittal will have on the source.

g. The CAAPP permit shall upon becoming effective supersede the State operating permit.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

5. Applications and Completeness.

a. An owner or operator of a CAAPP source shall submit its complete CAAPP application consistent with the Act and applicable regulations.

b. An owner or operator of a CAAPP source shall submit a single complete CAAPP application covering all emission units at that source.

c. To be deemed complete, a CAAPP application must provide all information, as requested in Agency application forms, sufficient to evaluate the subject source and its application and to determine all applicable requirements, pursuant to the Clean Air Act, and regulations thereunder, this Act and regulations thereunder. Such Agency application forms shall be finalized and made available prior to the date on which any CAAPP application is required.

d. An owner or operator of a CAAPP source shall submit, as part of its complete CAAPP application, a compliance plan, including a schedule of compliance, describing how each emission unit will comply with all applicable requirements. Any such schedule of compliance shall be supplemental to, and shall not sanction noncompliance with, the applicable requirements on which it is based.

New matter indicated by italics - deletions by strikeout
e. Each submitted CAAPP application shall be certified for truth, accuracy, and completeness by a responsible official in accordance with applicable regulations.

f. The Agency shall provide notice to a CAAPP applicant as to whether a submitted CAAPP application is complete. Unless the Agency notifies the applicant of incompleteness, within 60 days after receipt of the CAAPP application, the application shall be deemed complete. The Agency may request additional information as needed to make the completeness determination. The Agency may to the extent practicable provide the applicant with a reasonable opportunity to correct deficiencies prior to a final determination of completeness.

g. If after the determination of completeness the Agency finds that additional information is necessary to evaluate or take final action on the CAAPP application, the Agency may request in writing such information from the source with a reasonable deadline for response.

h. If the owner or operator of a CAAPP source submits a timely and complete CAAPP application, the source's failure to have a CAAPP permit shall not be a violation of this Section until the Agency takes final action on the submitted CAAPP application, provided, however, where the applicant fails to submit the requested information under paragraph (g) of this subsection 5 within the time frame specified by the Agency, this protection shall cease to apply.

i. Any applicant who fails to submit any relevant facts necessary to evaluate the subject source and its CAAPP application or who has submitted incorrect information in a CAAPP application shall, upon becoming aware of such failure or incorrect submittal, submit supplementary facts or correct information to the Agency. In addition, an applicant shall provide to the Agency additional information as necessary to address any requirements which become applicable to the source subsequent to the date the applicant submitted its complete CAAPP application but prior to release of the draft CAAPP permit.

j. The Agency shall issue or deny the CAAPP permit within 18 months after the date of receipt of the complete CAAPP application, with the following exceptions: (i) permits for affected sources for acid deposition shall be issued or denied within 6

New matter indicated by italics - deletions by strikeout
months after receipt of a complete application in accordance with subsection 17 of this Section; (ii) the Agency shall act on initial CAAPP applications within 24 months after the date of receipt of the complete CAAPP application; (iii) the Agency shall act on complete applications containing early reduction demonstrations under Section 112(i)(5) of the Clean Air Act within 9 months of receipt of the complete CAAPP application.

Where the Agency does not take final action on the permit within the required time period, the permit shall not be deemed issued; rather, the failure to act shall be treated as a final permit action for purposes of judicial review pursuant to Sections 40.2 and 41 of this Act.

k. The submittal of a complete CAAPP application shall not affect the requirement that any source have a preconstruction permit under Title I of the Clean Air Act.

l. Unless a timely and complete renewal application has been submitted consistent with this subsection, a CAAPP source operating upon the expiration of its CAAPP permit shall be deemed to be operating without a CAAPP permit. Such operation is prohibited under this Act.

m. Permits being renewed shall be subject to the same procedural requirements, including those for public participation and federal review and objection, that apply to original permit issuance.

n. For purposes of permit renewal, a timely application is one that is submitted no less than 9 months prior to the date of permit expiration.

o. The terms and conditions of a CAAPP permit shall remain in effect until the issuance of a CAAPP renewal permit provided a timely and complete CAAPP application has been submitted.

p. The owner or operator of a CAAPP source seeking a permit shield pursuant to paragraph (j) of subsection 7 of this Section shall request such permit shield in the CAAPP application regarding that source.

q. The Agency shall make available to the public all documents submitted by the applicant to the Agency, including each CAAPP application, compliance plan (including the schedule of compliance), and emissions or compliance monitoring report.

with the exception of information entitled to confidential treatment pursuant to Section 7 of this Act.

r. The Agency shall use the standardized forms required under Title IV of the Clean Air Act and regulations promulgated thereunder for affected sources for acid deposition.

s. An owner or operator of a CAAPP source may include within its CAAPP application a request for permission to operate during a startup, malfunction, or breakdown consistent with applicable Board regulations.

t. An owner or operator of a CAAPP source, in order to utilize the operational flexibility provided under paragraph (l) of subsection 7 of this Section, must request such use and provide the necessary information within its CAAPP application.

u. An owner or operator of a CAAPP source which seeks exclusion from the CAAPP through the imposition of federally enforceable conditions, pursuant to paragraph (c) of subsection 3 of this Section, must request such exclusion within a CAAPP application submitted consistent with this subsection on or after the date that the CAAPP application for the source is due. Prior to such date, but in no case later than 9 months after the effective date of the CAAPP, such owner or operator may request the imposition of federally enforceable conditions pursuant to paragraph (b) of subsection 1.1 of this Section.

v. CAAPP applications shall contain accurate information on allowable emissions to implement the fee provisions of subsection 18 of this Section.

w. An owner or operator of a CAAPP source shall submit within its CAAPP application emissions information regarding all regulated air pollutants emitted at that source consistent with applicable Agency procedures. Emissions information regarding insignificant activities or emission levels, as determined by the Agency pursuant to Board regulations, may be submitted as a list within the CAAPP application. The Agency shall propose regulations to the Board defining insignificant activities or emission levels, consistent with federal regulations, if any, no later than 18 months after the effective date of this amendatory Act of 1992, consistent with Section 112(n)(1) of the Clean Air Act. The Board shall adopt final regulations defining insignificant activities.

or emission levels no later than 9 months after the date of the Agency's proposal.

x. The owner or operator of a new CAAPP source shall submit its complete CAAPP application consistent with this subsection within 12 months after commencing operation of such source. The owner or operator of an existing source that has been excluded from the provisions of this Section under subsection 1.1 or paragraph (c) of subsection 3 of this Section and that becomes subject to the CAAPP solely due to a change in operation at the source shall submit its complete CAAPP application consistent with this subsection at least 180 days before commencing operation in accordance with the change in operation.

y. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

6. Prohibitions.

a. It shall be unlawful for any person to violate any terms or conditions of a permit issued under this Section, to operate any CAAPP source except in compliance with a permit issued by the Agency under this Section or to violate any other applicable requirements. All terms and conditions of a permit issued under this Section are enforceable by USEPA and citizens under the Clean Air Act, except those, if any, that are specifically designated as not being federally enforceable in the permit pursuant to paragraph (m) of subsection 7 of this Section.

b. After the applicable CAAPP permit or renewal application submittal date, as specified in subsection 5 of this Section, no person shall operate a CAAPP source without a CAAPP permit unless the complete CAAPP permit or renewal application for such source has been timely submitted to the Agency.

c. No owner or operator of a CAAPP source shall cause or threaten or allow the continued operation of an emission source during malfunction or breakdown of the emission source or related air pollution control equipment if such operation would cause a violation of the standards or limitations applicable to the source, unless the CAAPP permit granted to the source provides for such operation consistent with this Act and applicable Board regulations.

7. Permit Content.
   a. All CAAPP permits shall contain emission limitations and standards and other enforceable terms and conditions, including but not limited to operational requirements, and schedules for achieving compliance at the earliest reasonable date, which are or will be required to accomplish the purposes and provisions of this Act and to assure compliance with all applicable requirements.

   b. The Agency shall include among such conditions applicable monitoring, reporting, record keeping and compliance certification requirements, as authorized by paragraphs (d), (e), and (f) of this subsection, that the Agency deems necessary to assure compliance with the Clean Air Act, the regulations promulgated thereunder, this Act, and applicable Board regulations. When monitoring, reporting, record keeping, and compliance certification requirements are specified within the Clean Air Act, regulations promulgated thereunder, this Act, or applicable regulations, such requirements shall be included within the CAAPP permit. The Board shall have authority to promulgate additional regulations where necessary to accomplish the purposes of the Clean Air Act, this Act, and regulations promulgated thereunder.

   c. The Agency shall assure, within such conditions, the use of terms, test methods, units, averaging periods, and other statistical conventions consistent with the applicable emission limitations, standards, and other requirements contained in the permit.

   d. To meet the requirements of this subsection with respect to monitoring, the permit shall:
      i. Incorporate and identify all applicable emissions monitoring and analysis procedures or test methods required under the Clean Air Act, regulations promulgated thereunder, this Act, and applicable Board regulations, including any procedures and methods promulgated by USEPA pursuant to Section 504(b) or Section 114 (a)(3) of the Clean Air Act.

      ii. Where the applicable requirement does not require periodic testing or instrumental or noninstrumental monitoring (which may consist of recordkeeping designed to serve as monitoring), require periodic monitoring.

sufficient to yield reliable data from the relevant time period that is representative of the source's compliance with the permit, as reported pursuant to paragraph (f) of this subsection. The Agency may determine that recordkeeping requirements are sufficient to meet the requirements of this subparagraph.

iii. As necessary, specify requirements concerning the use, maintenance, and when appropriate, installation of monitoring equipment or methods.

e. To meet the requirements of this subsection with respect to record keeping, the permit shall incorporate and identify all applicable recordkeeping requirements and require, where applicable, the following:

i. Records of required monitoring information that include the following:
   A. The date, place and time of sampling or measurements.
   B. The date(s) analyses were performed.
   C. The company or entity that performed the analyses.
   D. The analytical techniques or methods used.
   E. The results of such analyses.
   F. The operating conditions as existing at the time of sampling or measurement.

ii. Retention of records of all monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, report, or application. Support information includes all calibration and maintenance records, original strip-chart recordings for continuous monitoring instrumentation, and copies of all reports required by the permit.

f. To meet the requirements of this subsection with respect to reporting, the permit shall incorporate and identify all applicable reporting requirements and require the following:

i. Submittal of reports of any required monitoring every 6 months. More frequent submittals may be requested by the Agency if such submittals are necessary to assure compliance with this Act or regulations promulgated by the

New matter indicated by italics - deletions by strikeout
Board thereunder. All instances of deviations from permit requirements must be clearly identified in such reports. All required reports must be certified by a responsible official consistent with subsection 5 of this Section.

ii. Prompt reporting of deviations from permit requirements, including those attributable to upset conditions as defined in the permit, the probable cause of such deviations, and any corrective actions or preventive measures taken.

g. Each CAAPP permit issued under subsection 10 of this Section shall include a condition prohibiting emissions exceeding any allowances that the source lawfully holds under Title IV of the Clean Air Act or the regulations promulgated thereunder, consistent with subsection 17 of this Section and applicable regulations, if any.

h. All CAAPP permits shall state that, where another applicable requirement of the Clean Air Act is more stringent than any applicable requirement of regulations promulgated under Title IV of the Clean Air Act, both provisions shall be incorporated into the permit and shall be State and federally enforceable.

i. Each CAAPP permit issued under subsection 10 of this Section shall include a severability clause to ensure the continued validity of the various permit requirements in the event of a challenge to any portions of the permit.

j. The following shall apply with respect to owners or operators requesting a permit shield:

i. The Agency shall include in a CAAPP permit, when requested by an applicant pursuant to paragraph (p) of subsection 5 of this Section, a provision stating that compliance with the conditions of the permit shall be deemed compliance with applicable requirements which are applicable as of the date of release of the proposed permit, provided that:

A. The applicable requirement is specifically identified within the permit; or

B. The Agency in acting on the CAAPP application or revision determines in writing that other requirements specifically identified are not
applicable to the source, and the permit includes that determination or a concise summary thereof.

ii. The permit shall identify the requirements for which the source is shielded. The shield shall not extend to applicable requirements which are promulgated after the date of release of the proposed permit unless the permit has been modified to reflect such new requirements.

iii. A CAAPP permit which does not expressly indicate the existence of a permit shield shall not provide such a shield.

iv. Nothing in this paragraph or in a CAAPP permit shall alter or affect the following:

A. The provisions of Section 303 (emergency powers) of the Clean Air Act, including USEPA's authority under that section.

B. The liability of an owner or operator of a source for any violation of applicable requirements prior to or at the time of permit issuance.

C. The applicable requirements of the acid rain program consistent with Section 408(a) of the Clean Air Act.

D. The ability of USEPA to obtain information from a source pursuant to Section 114 (inspections, monitoring, and entry) of the Clean Air Act.

k. Each CAAPP permit shall include an emergency provision providing an affirmative defense of emergency to an action brought for noncompliance with technology-based emission limitations under a CAAPP permit if the following conditions are met through properly signed, contemporaneous operating logs, or other relevant evidence:

i. An emergency occurred and the permittee can identify the cause(s) of the emergency.

ii. The permitted facility was at the time being properly operated.

iii. The permittee submitted notice of the emergency to the Agency within 2 working days after the time when emission limitations were exceeded due to the emergency. This notice must contain a detailed description of the
emergency, any steps taken to mitigate emissions, and corrective actions taken.

iv. During the period of the emergency the permittee took all reasonable steps to minimize levels of emissions that exceeded the emission limitations, standards, or requirements in the permit.

For purposes of this subsection, "emergency" means any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, such as an act of God, that requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operation error.

In any enforcement proceeding, the permittee seeking to establish the occurrence of an emergency has the burden of proof. This provision is in addition to any emergency or upset provision contained in any applicable requirement. This provision does not relieve a permittee of any reporting obligations under existing federal or state laws or regulations.

l. The Agency shall include in each permit issued under subsection 10 of this Section:

   i. Terms and conditions for reasonably anticipated operating scenarios identified by the source in its application. The permit terms and conditions for each such operating scenario shall meet all applicable requirements and the requirements of this Section.

      A. Under this subparagraph, the source must record in a log at the permitted facility a record of the scenario under which it is operating contemporaneously with making a change from one operating scenario to another.

      B. The permit shield described in paragraph (j) of subsection 7 of this Section shall extend to all terms and conditions under each such operating scenario.

New matter indicated by italics - deletions by strikeout
ii. Where requested by an applicant, all terms and conditions allowing for trading of emissions increases and decreases between different emission units at the CAAPP source, to the extent that the applicable requirements provide for trading of such emissions increases and decreases without a case-by-case approval of each emissions trade. Such terms and conditions:

A. Shall include all terms required under this subsection to determine compliance;
B. Must meet all applicable requirements;
C. Shall extend the permit shield described in paragraph (j) of subsection 7 of this Section to all terms and conditions that allow such increases and decreases in emissions.

m. The Agency shall specifically designate as not being federally enforceable under the Clean Air Act any terms and conditions included in the permit that are not specifically required under the Clean Air Act or federal regulations promulgated thereunder. Terms or conditions so designated shall be subject to all applicable state requirements, except the requirements of subsection 7 (other than this paragraph, paragraph q of subsection 7, subsections 8 through 11, and subsections 13 through 16 of this Section. The Agency shall, however, include such terms and conditions in the CAAPP permit issued to the source.

n. Each CAAPP permit issued under subsection 10 of this Section shall specify and reference the origin of and authority for each term or condition, and identify any difference in form as compared to the applicable requirement upon which the term or condition is based.

o. Each CAAPP permit issued under subsection 10 of this Section shall include provisions stating the following:

i. Duty to comply. The permittee must comply with all terms and conditions of the CAAPP permit. Any permit noncompliance constitutes a violation of the Clean Air Act and the Act, and is grounds for any or all of the following: enforcement action; permit termination, revocation and reissuance, or modification; or denial of a permit renewal application.

New matter indicated by italics - deletions by strikeout
ii. Need to halt or reduce activity not a defense. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of this permit.

iii. Permit actions. The permit may be modified, revoked, reopened, and reissued, or terminated for cause in accordance with the applicable subsections of Section 39.5 of this Act. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or of a notification of planned changes or anticipated noncompliance does not stay any permit condition.

iv. Property rights. The permit does not convey any property rights of any sort, or any exclusive privilege.

v. Duty to provide information. The permittee shall furnish to the Agency within a reasonable time specified by the Agency any information that the Agency may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the Agency copies of records required to be kept by the permit or, for information claimed to be confidential, the permittee may furnish such records directly to USEPA along with a claim of confidentiality.

vi. Duty to pay fees. The permittee must pay fees to the Agency consistent with the fee schedule approved pursuant to subsection 18 of this Section, and submit any information relevant thereto.

vii. Emissions trading. No permit revision shall be required for increases in emissions allowed under any approved economic incentives, marketable permits, emissions trading, and other similar programs or processes for changes that are provided for in the permit and that are authorized by the applicable requirement.

p. Each CAAPP permit issued under subsection 10 of this Section shall contain the following elements with respect to compliance:

New matter indicated by italics - deletions by strikeout
i. Compliance certification, testing, monitoring, reporting, and record keeping requirements sufficient to assure compliance with the terms and conditions of the permit. Any document (including reports) required by a CAAPP permit shall contain a certification by a responsible official that meets the requirements of subsection 5 of this Section and applicable regulations.

ii. Inspection and entry requirements that necessitate that, upon presentation of credentials and other documents as may be required by law and in accordance with constitutional limitations, the permittee shall allow the Agency, or an authorized representative to perform the following:

A. Enter upon the permittee's premises where a CAAPP source is located or emissions-related activity is conducted, or where records must be kept under the conditions of the permit.

B. Have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit.

C. Inspect at reasonable times any facilities, equipment (including monitoring and air pollution control equipment), practices, or operations regulated or required under the permit.

D. Sample or monitor any substances or parameters at any location:

1. As authorized by the Clean Air Act, at reasonable times, for the purposes of assuring compliance with the CAAPP permit or applicable requirements; or

2. As otherwise authorized by this Act.

iii. A schedule of compliance consistent with subsection 5 of this Section and applicable regulations.

iv. Progress reports consistent with an applicable schedule of compliance pursuant to paragraph (d) of subsection 5 of this Section and applicable regulations to be submitted semiannually, or more frequently if the Agency determines that such more frequent submittals are necessary.

New matter indicated by italics - deletions by strikeout
for compliance with the Act or regulations promulgated by the Board thereunder. Such progress reports shall contain the following:

A. Required dates for achieving the activities, milestones, or compliance required by the schedule of compliance and dates when such activities, milestones or compliance were achieved.

B. An explanation of why any dates in the schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.

v. Requirements for compliance certification with terms and conditions contained in the permit, including emission limitations, standards, or work practices. Permits shall include each of the following:

A. The frequency (annually or more frequently as specified in any applicable requirement or by the Agency pursuant to written procedures) of submissions of compliance certifications.

B. A means for assessing or monitoring the compliance of the source with its emissions limitations, standards, and work practices.

C. A requirement that the compliance certification include the following:

1. The identification of each term or condition contained in the permit that is the basis of the certification.
2. The compliance status.
3. Whether compliance was continuous or intermittent.
4. The method(s) used for determining the compliance status of the source, both currently and over the reporting period consistent with subsection 7 of this Section.

D. A requirement that all compliance certifications be submitted to USEPA as well as to the Agency.

E. Additional requirements as may be specified pursuant to Sections 114(a)(3) and 504(b) of the Clean Air Act.
F. Other provisions as the Agency may require.
q. If the owner or operator of CAAPP source can demonstrate in its CAAPP application, including an application for a significant modification, that an alternative emission limit would be equivalent to that contained in the applicable Board regulations, the Agency shall include the alternative emission limit in the CAAPP permit, which shall supersede the emission limit set forth in the applicable Board regulations, and shall include conditions that insure that the resulting emission limit is quantifiable, accountable, enforceable, and based on replicable procedures.
8. Public Notice; Affected State Review.
   a. The Agency shall provide notice to the public, including an opportunity for public comment and a hearing, on each draft CAAPP permit for issuance, renewal or significant modification, subject to Section 7.1 and subsection (a) of Section 7 of this Act.
   b. The Agency shall prepare a draft CAAPP permit and a statement that sets forth the legal and factual basis for the draft CAAPP permit conditions, including references to the applicable statutory or regulatory provisions. The Agency shall provide this statement to any person who requests it.
   c. The Agency shall give notice of each draft CAAPP permit to the applicant and to any affected State on or before the time that the Agency has provided notice to the public, except as otherwise provided in this Act.
   d. The Agency, as part of its submittal of a proposed permit to USEPA (or as soon as possible after the submittal for minor permit modification procedures allowed under subsection 14 of this Section), shall notify USEPA and any affected State in writing of any refusal of the Agency to accept all of the recommendations for the proposed permit that an affected State submitted during the public or affected State review period. The notice shall include the Agency's reasons for not accepting the recommendations. The Agency is not required to accept recommendations that are not based on applicable requirements or the requirements of this Section.

New matter indicated by italics - deletions by strikeout
e. The Agency shall make available to the public any CAAPP permit application, compliance plan (including the schedule of compliance), CAAPP permit, and emissions or compliance monitoring report. If an owner or operator of a CAAPP source is required to submit information entitled to protection from disclosure under Section 7.1 and subsection (a) of Section 7 of this Act, the owner or operator shall submit such information separately. The requirements of Section 7.1 and subsection (a) of Section 7 of this Act shall apply to such information, which shall not be included in a CAAPP permit unless required by law. The contents of a CAAPP permit shall not be entitled to protection under Section 7.1 and subsection (a) of Section 7 of this Act.

f. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

g. If requested by the permit applicant, the Agency shall provide the permit applicant with a copy of the draft CAAPP permit prior to any public review period. If requested by the permit applicant, the Agency shall provide the permit applicant with a copy of the final CAAPP permit prior to issuance of the CAAPP permit.

9. USEPA Notice and Objection.

a. The Agency shall provide to USEPA for its review a copy of each CAAPP application (including any application for permit modification), statement of basis as provided in paragraph (b) of subsection 8 of this Section, proposed CAAPP permit, CAAPP permit, and, if the Agency does not incorporate any affected State's recommendations on a proposed CAAPP permit, a written statement of this decision and its reasons for not accepting the recommendations, except as otherwise provided in this Act or by agreement with USEPA. To the extent practicable, the preceding information shall be provided in computer readable format compatible with USEPA's national database management system.

b. The Agency shall not issue the proposed CAAPP permit if USEPA objects in writing within 45 days after receipt of the proposed CAAPP permit and all necessary supporting information.

c. If USEPA objects in writing to the issuance of the proposed CAAPP permit within the 45-day period, the Agency

New matter indicated by italics - deletions by strikeout
shall respond in writing and may revise and resubmit the proposed CAAPP permit in response to the stated objection, to the extent supported by the record, within 90 days after the date of the objection. Prior to submitting a revised permit to USEPA, the Agency shall provide the applicant and any person who participated in the public comment process, pursuant to subsection 8 of this Section, with a 10-day period to comment on any revision which the Agency is proposing to make to the permit in response to USEPA's objection in accordance with Agency procedures.

d. Any USEPA objection under this subsection, according to the Clean Air Act, will include a statement of reasons for the objection and a description of the terms and conditions that must be in the permit, in order to adequately respond to the objections. Grounds for a USEPA objection include the failure of the Agency to: (1) submit the items and notices required under this subsection; (2) submit any other information necessary to adequately review the proposed CAAPP permit; or (3) process the permit under subsection 8 of this Section except for minor permit modifications.

e. If USEPA does not object in writing to issuance of a permit under this subsection, any person may petition USEPA within 60 days after expiration of the 45-day review period to make such objection.

f. If the permit has not yet been issued and USEPA objects to the permit as a result of a petition, the Agency shall not issue the permit until USEPA's objection has been resolved. The Agency shall provide a 10-day comment period in accordance with paragraph c of this subsection. A petition does not, however, stay the effectiveness of a permit or its requirements if the permit was issued after expiration of the 45-day review period and prior to a USEPA objection.

g. If the Agency has issued a permit after expiration of the 45-day review period and prior to receipt of a USEPA objection under this subsection in response to a petition submitted pursuant to paragraph e of this subsection, the Agency may, upon receipt of an objection from USEPA, revise and resubmit the permit to USEPA pursuant to this subsection after providing a 10-day comment period in accordance with paragraph c of this subsection. If the Agency fails to submit a revised permit in response to the objection, USEPA shall modify, terminate or revoke the permit.

any case, the source will not be in violation of the requirement to have submitted a timely and complete application.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

a. The Agency shall issue a CAAPP permit, permit modification, or permit renewal if all of the following conditions are met:

i. The applicant has submitted a complete and certified application for a permit, permit modification, or permit renewal consistent with subsections 5 and 14 of this Section, as applicable, and applicable regulations.

ii. The applicant has submitted with its complete application an approvable compliance plan, including a schedule for achieving compliance, consistent with subsection 5 of this Section and applicable regulations.

iii. The applicant has timely paid the fees required pursuant to subsection 18 of this Section and applicable regulations.

iv. The Agency has received a complete CAAPP application and, if necessary, has requested and received additional information from the applicant consistent with subsection 5 of this Section and applicable regulations.

v. The Agency has complied with all applicable provisions regarding public notice and affected State review consistent with subsection 8 of this Section and applicable regulations.

vi. The Agency has provided a copy of each CAAPP application, or summary thereof, pursuant to agreement with USEPA and proposed CAAPP permit required under subsection 9 of this Section to USEPA, and USEPA has not objected to the issuance of the permit in accordance with the Clean Air Act and 40 CFR Part 70.

b. The Agency shall have the authority to deny a CAAPP permit, permit modification, or permit renewal if the applicant has not complied with the requirements of subparagraphs (i) through (iv) of paragraph (a) of this subsection or if USEPA objects to its issuance.

New matter indicated by italics - deletions by strikeout
c. i. Prior to denial of a CAAPP permit, permit modification, or permit renewal under this Section, the Agency shall notify the applicant of the possible denial and the reasons for the denial.

ii. Within such notice, the Agency shall specify an appropriate date by which the applicant shall adequately respond to the Agency’s notice. Such date shall not exceed 15 days from the date the notification is received by the applicant. The Agency may grant a reasonable extension for good cause shown.

iii. Failure by the applicant to adequately respond by the date specified in the notification or by any granted extension date shall be grounds for denial of the permit.

For purposes of obtaining judicial review under Sections 40.2 and 41 of this Act, the Agency shall provide to USEPA and each applicant, and, upon request, to affected States, any person who participated in the public comment process, and any other person who could obtain judicial review under Sections 40.2 and 41 of this Act, a copy of each CAAPP permit or notification of denial pertaining to that party.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

11. General Permits.

a. The Agency may issue a general permit covering numerous similar sources, except for affected sources for acid deposition unless otherwise provided in regulations promulgated under Title IV of the Clean Air Act.

b. The Agency shall identify, in any general permit, criteria by which sources may qualify for the general permit.

c. CAAPP sources that would qualify for a general permit must apply for coverage under the terms of the general permit or must apply for a CAAPP permit consistent with subsection 5 of this Section and applicable regulations.

d. The Agency shall comply with the public comment and hearing provisions of this Section as well as the USEPA and affected State review procedures prior to issuance of a general permit.

New matter indicated by italics - deletions by strikeout
e. When granting a subsequent request by a qualifying CAAPP source for coverage under the terms of a general permit, the Agency shall not be required to repeat the public notice and comment procedures. The granting of such request shall not be considered a final permit action for purposes of judicial review.

f. The Agency may not issue a general permit to cover any discrete emission unit at a CAAPP source if another CAAPP permit covers emission units at the source.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

12. Operational Flexibility.

a. An owner or operator of a CAAPP source may make changes at the CAAPP source without requiring a prior permit revision, consistent with subparagraphs (i) through (iii) of paragraph (a) of this subsection, so long as the changes are not modifications under any provision of Title I of the Clean Air Act and they do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions), provided that the owner or operator of the CAAPP source provides USEPA and the Agency with written notification as required below in advance of the proposed changes, which shall be a minimum of 7 days, unless otherwise provided by the Agency in applicable regulations regarding emergencies. The owner or operator of a CAAPP source and the Agency shall each attach such notice to their copy of the relevant permit.

i. An owner or operator of a CAAPP source may make Section 502 (b) (10) changes without a permit revision, if the changes are not modifications under any provision of Title I of the Clean Air Act and the changes do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions).

A. For each such change, the written notification required above shall include a brief description of the change within the source, the date on which the change will occur, any change in emissions, and any permit term or condition that is no longer applicable as a result of the change.
B. The permit shield described in paragraph (j) of subsection 7 of this Section shall not apply to any change made pursuant to this subparagraph.

ii. An owner or operator of a CAAPP source may trade increases and decreases in emissions in the CAAPP source, where the applicable implementation plan provides for such emission trades without requiring a permit revision. This provision is available in those cases where the permit does not already provide for such emissions trading.

A. Under this subparagraph (ii) of paragraph (a) of this subsection, the written notification required above shall include such information as may be required by the provision in the applicable implementation plan authorizing the emissions trade, including at a minimum, when the proposed changes will occur, a description of each such change, any change in emissions, the permit requirements with which the source will comply using the emissions trading provisions of the applicable implementation plan, and the pollutants emitted subject to the emissions trade. The notice shall also refer to the provisions in the applicable implementation plan with which the source will comply and provide for the emissions trade.

B. The permit shield described in paragraph (j) of subsection 7 of this Section shall not apply to any change made pursuant to subparagraph (ii) of paragraph (a) of this subsection. Compliance with the permit requirements that the source will meet using the emissions trade shall be determined according to the requirements of the applicable implementation plan authorizing the emissions trade.

iii. If requested within a CAAPP application, the Agency shall issue a CAAPP permit which contains terms and conditions, including all terms required under subsection 7 of this Section to determine compliance, allowing for the trading of emissions increases and decreases...
decreases at the CAAPP source solely for the purpose of complying with a federally-enforceable emissions cap that is established in the permit independent of otherwise applicable requirements. The owner or operator of a CAAPP source shall include in its CAAPP application proposed replicable procedures and permit terms that ensure the emissions trades are quantifiable and enforceable. The permit shall also require compliance with all applicable requirements.

A. Under this subparagraph (iii) of paragraph (a), the written notification required above shall state when the change will occur and shall describe the changes in emissions that will result and how these increases and decreases in emissions will comply with the terms and conditions of the permit.

B. The permit shield described in paragraph (j) of subsection 7 of this Section shall extend to terms and conditions that allow such increases and decreases in emissions.

b. An owner or operator of a CAAPP source may make changes that are not addressed or prohibited by the permit, other than those which are subject to any requirements under Title IV of the Clean Air Act or are modifications under any provisions of Title I of the Clean Air Act, without a permit revision, in accordance with the following requirements:

(i) Each such change shall meet all applicable requirements and shall not violate any existing permit term or condition;

(ii) Sources must provide contemporaneous written notice to the Agency and USEPA of each such change, except for changes that qualify as insignificant under provisions adopted by the Agency or the Board. Such written notice shall describe each such change, including the date, any change in emissions, pollutants emitted, and any applicable requirement that would apply as a result of the change;

New matter indicated by italics - deletions by strikeout
(iii) The change shall not qualify for the shield described in paragraph (j) of subsection 7 of this Section; and

(iv) The permittee shall keep a record describing changes made at the source that result in emissions of a regulated air pollutant subject to an applicable Clean Air Act requirement, but not otherwise regulated under the permit, and the emissions resulting from those changes.

c. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

13. Administrative Permit Amendments.

a. The Agency shall take final action on a request for an administrative permit amendment within 60 days after receipt of the request. Neither notice nor an opportunity for public and affected State comment shall be required for the Agency to incorporate such revisions, provided it designates the permit revisions as having been made pursuant to this subsection.

b. The Agency shall submit a copy of the revised permit to USEPA.

c. For purposes of this Section the term "administrative permit amendment" shall be defined as a permit revision that can accomplish one or more of the changes described below:

i. Corrects typographical errors;

ii. Identifies a change in the name, address, or phone number of any person identified in the permit, or provides a similar minor administrative change at the source;

iii. Requires more frequent monitoring or reporting by the permittee;

iv. Allows for a change in ownership or operational control of a source where the Agency determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittees has been submitted to the Agency;

v. Incorporates into the CAAPP permit the requirements from preconstruction review permits authorized under a USEPA-approved program, provided

the program meets procedural and compliance requirements substantially equivalent to those contained in this Section;

vi. (Blank); or

vii. Any other type of change which USEPA has determined as part of the approved CAAPP permit program to be similar to those included in this subsection.

d. The Agency shall, upon taking final action granting a request for an administrative permit amendment, allow coverage by the permit shield in paragraph (j) of subsection 7 of this Section for administrative permit amendments made pursuant to subparagraph (v) of paragraph (c) of this subsection which meet the relevant requirements for significant permit modifications.

e. Permit revisions and modifications, including administrative amendments and automatic amendments (pursuant to Sections 408(b) and 403(d) of the Clean Air Act or regulations promulgated thereunder), for purposes of the acid rain portion of the permit shall be governed by the regulations promulgated under Title IV of the Clean Air Act. Owners or operators of affected sources for acid deposition shall have the flexibility to amend their compliance plans as provided in the regulations promulgated under Title IV of the Clean Air Act.

f. The CAAPP source may implement the changes addressed in the request for an administrative permit amendment immediately upon submittal of the request.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

14. Permit Modifications.

a. Minor permit modification procedures.

i. The Agency shall review a permit modification using the "minor permit" modification procedures only for those permit modifications that:

A. Do not violate any applicable requirement;

B. Do not involve significant changes to existing monitoring, reporting, or recordkeeping requirements in the permit;

C. Do not require a case-by-case determination of an emission limitation or other
standard, or a source-specific determination of ambient impacts, or a visibility or increment analysis;

D. Do not seek to establish or change a permit term or condition for which there is no corresponding underlying requirement and which avoids an applicable requirement to which the source would otherwise be subject. Such terms and conditions include:

1. A federally enforceable emissions cap assumed to avoid classification as a modification under any provision of Title I of the Clean Air Act; and

2. An alternative emissions limit approved pursuant to regulations promulgated under Section 112(i)(5) of the Clean Air Act;

E. Are not modifications under any provision of Title I of the Clean Air Act; and

F. Are not required to be processed as a significant modification.

ii. Notwithstanding subparagraph (i) of paragraph (a) and subparagraph (ii) of paragraph (b) of this subsection, minor permit modification procedures may be used for permit modifications involving the use of economic incentives, marketable permits, emissions trading, and other similar approaches, to the extent that such minor permit modification procedures are explicitly provided for in an applicable implementation plan or in applicable requirements promulgated by USEPA.

iii. An applicant requesting the use of minor permit modification procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:

A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs;

B. The source's suggested draft permit;

New matter indicated by italics - deletions by strikeout
C. Certification by a responsible official, consistent with paragraph (e) of subsection 5 of this Section and applicable regulations, that the proposed modification meets the criteria for use of minor permit modification procedures and a request that such procedures be used; and

D. Completed forms for the Agency to use to notify USEPA and affected States as required under subsections 8 and 9 of this Section.

iv. Within 5 working days after receipt of a complete permit modification application, the Agency shall notify USEPA and affected States of the requested permit modification in accordance with subsections 8 and 9 of this Section. The Agency promptly shall send any notice required under paragraph (d) of subsection 8 of this Section to USEPA.

v. The Agency may not issue a final permit modification until after the 45-day review period for USEPA or until USEPA has notified the Agency that USEPA will not object to the issuance of the permit modification, whichever comes first, although the Agency can approve the permit modification prior to that time. Within 90 days after the Agency's receipt of an application under the minor permit modification procedures or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later, the Agency shall:

A. Issue the permit modification as proposed;
B. Deny the permit modification application;
C. Determine that the requested modification does not meet the minor permit modification criteria and should be reviewed under the significant modification procedures; or
D. Revise the draft permit modification and transmit to USEPA the new proposed permit modification as required by subsection 9 of this Section.

New matter indicated by italics - deletions by strikeout
vi. Any CAAPP source may make the change proposed in its minor permit modification application immediately after it files such application. After the CAAPP source makes the change allowed by the preceding sentence, and until the Agency takes any of the actions specified in items (A) through (C) of subparagraph (v) of paragraph (a) of this subsection, the source must comply with both the applicable requirements governing the change and the proposed permit terms and conditions. During this time period, the source need not comply with the existing permit terms and conditions it seeks to modify. If the source fails to comply with its proposed permit terms and conditions during this time period, the existing permit terms and conditions which it seeks to modify may be enforced against it.

vii. The permit shield under paragraph (j) of subsection 7 of this Section may not extend to minor permit modifications.

viii. If a construction permit is required, pursuant to subsection (a) of Section 39 of this Act and regulations thereunder, for a change for which the minor permit modification procedures are applicable, the source may request that the processing of the construction permit application be consolidated with the processing of the application for the minor permit modification. In such cases, the provisions of this Section, including those within subsections 5, 8, and 9, shall apply and the Agency shall act on such applications pursuant to subparagraph (v) of paragraph (a) of subsection 14 of this Section. The source may make the proposed change immediately after filing its application for the minor permit modification. Nothing in this subparagraph shall otherwise affect the requirements and procedures applicable to construction permits.

b. Group Processing of Minor Permit Modifications.

i. Where requested by an applicant within its application, the Agency shall process groups of a source's applications for certain modifications eligible for minor permit modification processing in accordance with the provisions of this paragraph (b).
ii. Permit modifications may be processed in accordance with the procedures for group processing, for those modifications:

A. Which meet the criteria for minor permit modification procedures under subparagraph (i) of paragraph (a) of subsection 14 of this Section; and

B. That collectively are below 10 percent of the emissions allowed by the permit for the emissions unit for which change is requested, 20 percent of the applicable definition of major source set forth in subsection 2 of this Section, or 5 tons per year, whichever is least.

iii. An applicant requesting the use of group processing procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:

A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs.

B. The source's suggested draft permit.

C. Certification by a responsible official consistent with paragraph (e) of subsection 5 of this Section, that the proposed modification meets the criteria for use of group processing procedures and a request that such procedures be used.

D. A list of the source's other pending applications awaiting group processing, and a determination of whether the requested modification, aggregated with these other applications, equals or exceeds the threshold set under item (B) of subparagraph (ii) of paragraph (b) of this subsection.

E. Certification, consistent with paragraph (e) of subsection 5 of this Section, that the source has notified USEPA of the proposed modification. Such notification need only contain a brief description of the requested modification.
F. Completed forms for the Agency to use to notify USEPA and affected states as required under subsections 8 and 9 of this Section.

iv. On a quarterly basis or within 5 business days after receipt of an application demonstrating that the aggregate of a source's pending applications equals or exceeds the threshold level set forth within item (B) of subparagraph (ii) of paragraph (b) of this subsection, whichever is earlier, the Agency shall promptly notify USEPA and affected States of the requested permit modifications in accordance with subsections 8 and 9 of this Section. The Agency shall send any notice required under paragraph (d) of subsection 8 of this Section to USEPA.

v. The provisions of subparagraph (v) of paragraph (a) of this subsection shall apply to modifications eligible for group processing, except that the Agency shall take one of the actions specified in items (A) through (D) of subparagraph (v) of paragraph (a) of this subsection within 180 days after receipt of the application or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later.

vi. The provisions of subparagraph (vi) of paragraph (a) of this subsection shall apply to modifications for group processing.

vii. The provisions of paragraph (j) of subsection 7 of this Section shall not apply to modifications eligible for group processing.

c. Significant Permit Modifications.

i. Significant modification procedures shall be used for applications requesting significant permit modifications and for those applications that do not qualify as either minor permit modifications or as administrative permit amendments.

ii. Every significant change in existing monitoring permit terms or conditions and every relaxation of reporting or recordkeeping requirements shall be considered significant. A modification shall also be considered significant if in the judgment of the Agency action on an

New matter indicated by italics - deletions by strikeout
application for modification would require decisions to be made on technically complex issues. Nothing herein shall be construed to preclude the permittee from making changes consistent with this Section that would render existing permit compliance terms and conditions irrelevant.

iii. Significant permit modifications must meet all the requirements of this Section, including those for applications (including completeness review), public participation, review by affected States, and review by USEPA applicable to initial permit issuance and permit renewal. The Agency shall take final action on significant permit modifications within 9 months after receipt of a complete application.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

15. Reopenings for Cause by the Agency.

a. Each issued CAAPP permit shall include provisions specifying the conditions under which the permit will be reopened prior to the expiration of the permit. Such revisions shall be made as expeditiously as practicable. A CAAPP permit shall be reopened and revised under any of the following circumstances, in accordance with procedures adopted by the Agency:

i. Additional requirements under the Clean Air Act become applicable to a major CAAPP source for which 3 or more years remain on the original term of the permit. Such a reopening shall be completed not later than 18 months after the promulgation of the applicable requirement. No such revision is required if the effective date of the requirement is later than the date on which the permit is due to expire.

ii. Additional requirements (including excess emissions requirements) become applicable to an affected source for acid deposition under the acid rain program. Excess emissions offset plans shall be deemed to be incorporated into the permit upon approval by USEPA.

iii. The Agency or USEPA determines that the permit contains a material mistake or that inaccurate statements were made in establishing the emissions

standards, limitations, or other terms or conditions of the permit.

iv. The Agency or USEPA determines that the permit must be revised or revoked to assure compliance with the applicable requirements.

b. In the event that the Agency determines that there are grounds for revoking a CAAPP permit, for cause, consistent with paragraph a of this subsection, it shall file a petition before the Board setting forth the basis for such revocation. In any such proceeding, the Agency shall have the burden of establishing that the permit should be revoked under the standards set forth in this Act and the Clean Air Act. Any such proceeding shall be conducted pursuant to the Board's procedures for adjudicatory hearings and the Board shall render its decision within 120 days of the filing of the petition. The Agency shall take final action to revoke and reissue a CAAPP permit consistent with the Board's order.

c. Proceedings regarding a reopened CAAPP permit shall follow the same procedures as apply to initial permit issuance and shall affect only those parts of the permit for which cause to reopen exists.

d. Reopenings under paragraph (a) of this subsection shall not be initiated before a notice of such intent is provided to the CAAPP source by the Agency at least 30 days in advance of the date that the permit is to be reopened, except that the Agency may provide a shorter time period in the case of an emergency.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

16. Reopenings for Cause by USEPA.

a. When USEPA finds that cause exists to terminate, modify, or revoke and reissue a CAAPP permit pursuant to subsection 15 of this Section, and thereafter notifies the Agency and the permittee of such finding in writing, the Agency shall forward to USEPA and the permittee a proposed determination of termination, modification, or revocation and reissuance as appropriate, in accordance with paragraph (b) of this subsection. The Agency's proposed determination shall be in accordance with the record, the Clean Air Act, regulations promulgated thereunder,

New matter indicated by italics - deletions by strikeout
this Act and regulations promulgated thereunder. Such proposed
determination shall not affect the permit or constitute a final permit
action for purposes of this Act or the Administrative Review Law.
The Agency shall forward to USEPA such proposed determination
within 90 days after receipt of the notification from USEPA. If
additional time is necessary to submit the proposed determination,
the Agency shall request a 90-day extension from USEPA and
shall submit the proposed determination within 180 days after
receipt of notification from USEPA.

b. i. Prior to the Agency's submittal to USEPA of a
proposed determination to terminate or revoke and reissue
the permit, the Agency shall file a petition before the Board
setting forth USEPA's objection, the permit record, the
Agency's proposed determination, and the justification for
its proposed determination. The Board shall conduct a
hearing pursuant to the rules prescribed by Section 32 of
this Act, and the burden of proof shall be on the Agency.

ii. After due consideration of the written and oral
statements, the testimony and arguments that shall be
submitted at hearing, the Board shall issue and enter an
interim order for the proposed determination, which shall
set forth all changes, if any, required in the Agency's
proposed determination. The interim order shall comply
with the requirements for final orders as set forth in Section
33 of this Act. Issuance of an interim order by the Board
under this paragraph, however, shall not affect the permit
status and does not constitute a final action for purposes of
this Act or the Administrative Review Law.

iii. The Board shall cause a copy of its interim order
to be served upon all parties to the proceeding as well as
upon USEPA. The Agency shall submit the proposed
determination to USEPA in accordance with the Board's
Interim Order within 180 days after receipt of the
notification from USEPA.

c. USEPA shall review the proposed determination to
terminate, modify, or revoke and reissue the permit within 90 days
after receipt.

i. When USEPA reviews the proposed
determination to terminate or revoke and reissue and does

New matter indicated by italics - deletions by strikeout
not object, the Board shall, within 7 days after receipt of USEPA's final approval, enter the interim order as a final order. The final order may be appealed as provided by Title XI of this Act. The Agency shall take final action in accordance with the Board's final order.

ii. When USEPA reviews such proposed determination to terminate or revoke and reissue and objects, the Agency shall submit USEPA's objection and the Agency's comments and recommendation on the objection to the Board and permittee. The Board shall review its interim order in response to USEPA's objection and the Agency's comments and recommendation and issue a final order in accordance with Sections 32 and 33 of this Act. The Agency shall, within 90 days after receipt of such objection, respond to USEPA's objection in accordance with the Board's final order.

iii. When USEPA reviews such proposed determination to modify and objects, the Agency shall, within 90 days after receipt of the objection, resolve the objection and modify the permit in accordance with USEPA's objection, based upon the record, the Clean Air Act, regulations promulgated thereunder, this Act, and regulations promulgated thereunder.

d. If the Agency fails to submit the proposed determination pursuant to paragraph a of this subsection or fails to resolve any USEPA objection pursuant to paragraph c of this subsection, USEPA will terminate, modify, or revoke and reissue the permit.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

17. Title IV; Acid Rain Provisions.

a. The Agency shall act on initial CAAPP applications for affected sources for acid deposition in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue initial CAAPP permits to the affected sources for acid deposition which shall become effective no earlier than January 1, 1995, and which shall terminate on December 31, 1999, in accordance with
this Section. Subsequent CAAPP permits issued to affected sources for acid deposition shall be issued for a fixed term of 5 years. Title IV of the Clean Air Act and regulations promulgated thereunder, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are applicable to and enforceable under this Act.

b. A designated representative of an affected source for acid deposition shall submit a timely and complete Phase II acid rain permit application and compliance plan to the Agency, not later than January 1, 1996, that meets the requirements of Titles IV and V of the Clean Air Act and regulations. The Agency shall act on the Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. The Agency shall issue the Phase II acid rain permit to an affected source for acid deposition no later than December 31, 1997, which shall become effective on January 1, 2000, in accordance with this Section, except as modified by Title IV and regulations promulgated thereunder; provided that the designated representative of the source submitted a timely and complete Phase II permit application and compliance plan to the Agency that meets the requirements of Title IV and V of the Clean Air Act and regulations.

rain permit in accordance with this Section. The Phase II acid rain permit for the new unit shall become effective no later than the date required under Title IV of the Clean Air Act and its regulations.

e. A designated representative of an affected source for acid deposition shall submit a timely and complete Title IV NOx permit application to the Agency, not later than January 1, 1998, that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall reopen the Phase II acid rain permit for cause and incorporate the approved NOx provisions into the Phase II acid rain permit not later than January 1, 1999, in accordance with this Section, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. Such reopening shall not affect the term of the Phase II acid rain permit.

f. The designated representative of the affected source for acid deposition shall renew the initial CAAPP permit and Phase II acid rain permit in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder.

g. In the case of an affected source for acid deposition for which a complete Phase II acid rain permit application and compliance plan are timely received under this subsection, the complete permit application and compliance plan, including amendments thereto, shall be binding on the owner, operator and designated representative, all affected units for acid deposition at the affected source, and any other unit, as defined in Section 402 of the Clean Air Act, governed by the Phase II acid rain permit and shall be enforceable as an acid rain permit for purposes of Titles IV and V of the Clean Air Act, from the date of submission of the acid rain permit application until a Phase II acid rain permit is issued or denied by the Agency.

h. The Agency shall not include or implement any measure which would interfere with or modify the requirements of Title IV of the Clean Air Act or regulations promulgated thereunder.

i. Nothing in this Section shall be construed as affecting allowances or USEPA's decision regarding an excess emissions offset plan, as set forth in Title IV of the Clean Air Act or regulations promulgated thereunder.

New matter indicated by italics - deletions by strikeout
i. No permit revision shall be required for increases in emissions that are authorized by allowances acquired pursuant to the acid rain program, provided that such increases do not require a permit revision under any other applicable requirement.

ii. No limit shall be placed on the number of allowances held by the source. The source may not, however, use allowances as a defense to noncompliance with any other applicable requirement.

iii. Any such allowance shall be accounted for according to the procedures established in regulations promulgated under Title IV of the Clean Air Act.

j. To the extent that the federal regulations promulgated under Title IV, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are inconsistent with the federal regulations promulgated under Title V, the federal regulations promulgated under Title IV shall take precedence.

k. The USEPA may intervene as a matter of right in any permit appeal involving a Phase II acid rain permit provision or denial of a Phase II acid rain permit.

l. It is unlawful for any owner or operator to violate any terms or conditions of a Phase II acid rain permit issued under this subsection, to operate any affected source for acid deposition except in compliance with a Phase II acid rain permit issued by the Agency under this subsection, or to violate any other applicable requirements.

m. The designated representative of an affected source for acid deposition shall submit to the Agency the data and information submitted quarterly to USEPA, pursuant to 40 CFR 75.64, concurrently with the submission to USEPA. The submission shall be in the same electronic format as specified by USEPA.

n. The Agency shall act on any petition for exemption of a new unit or retired unit, as those terms are defined in Section 402 of the Clean Air Act, from the requirements of the acid rain program in accordance with Title IV of the Clean Air Act and its regulations.
o. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

a. A source subject to this Section or excluded under subsection 1.1 or paragraph (c) of subsection 3 of this Section, shall pay a fee as provided in this paragraph (a) of subsection 18. However, a source that has been excluded from the provisions of this Section under subsection 1.1 or under paragraph (c) of subsection 3 of this Section because the source emits less than 25 tons per year of any combination of regulated air pollutants, except greenhouse gases, shall pay fees in accordance with paragraph (1) of subsection (b) of Section 9.6.

i. The fee for a source allowed to emit less than 100 tons per year of any combination of regulated air pollutants, except greenhouse gases, shall be $1,800 per year, and that fee shall increase, beginning January 1, 2012, to $2,150 per year.

ii. The fee for a source allowed to emit 100 tons or more per year of any combination of regulated air pollutants, except greenhouse gases and those regulated air pollutants excluded in paragraph (f) of this subsection 18, shall be as follows:

A. The Agency shall assess a fee of $18 per ton, per year for the allowable emissions of regulated air pollutants subject to this subparagraph (ii) of paragraph (a) of subsection 18, and that fee shall increase, beginning January 1, 2012, to $21.50 per ton, per year. These fees shall be used by the Agency and the Board to fund the activities required by Title V of the Clean Air Act including such activities as may be carried out by other State or local agencies pursuant to paragraph (d) of this subsection. The amount of such fee shall be based on the information supplied by the applicant in its complete CAAPP permit application or in the CAAPP permit if the permit has been granted and shall be determined by the amount of emissions that the source is allowed to emit annually, provided

however, that the maximum fee for a CAAPP permit under this subparagraph (ii) of paragraph (a) of subsection 18 is $250,000, and increases, beginning January 1, 2012, to $294,000. Beginning January 1, 2012, the maximum fee under this subparagraph (ii) of paragraph (a) of subsection 18 for a source that has been excluded under subsection 1.1 of this Section or under paragraph (c) of subsection 3 of this Section is $4,112. The Agency shall provide as part of the permit application form required under subsection 5 of this Section a separate fee calculation form which will allow the applicant to identify the allowable emissions and calculate the fee. In no event shall the Agency raise the amount of allowable emissions requested by the applicant unless such increases are required to demonstrate compliance with terms of a CAAPP permit.

Notwithstanding the above, any applicant may seek a change in its permit which would result in increases in allowable emissions due to an increase in the hours of operation or production rates of an emission unit or units and such a change shall be consistent with the construction permit requirements of the existing State permit program, under subsection (a) of Section 39 of this Act and applicable provisions of this Section. Where a construction permit is required, the Agency shall expeditiously grant such construction permit and shall, if necessary, modify the CAAPP permit based on the same application.

B. The applicant or permittee may pay the fee annually or semiannually for those fees greater than $5,000. However, any applicant paying a fee equal to or greater than $100,000 shall pay the full amount on July 1, for the subsequent fiscal year, or pay 50% of the fee on July 1 and the remaining 50% by the next January 1. The Agency may change any annual billing date upon reasonable notice, but shall
prorate the new bill so that the permittee or applicant does not pay more than its required fees for the fee period for which payment is made.

c. (Blank).

d. There is hereby created in the State Treasury a special fund to be known as the Clean Air Act Permit Fund (formerly known as the “CAA Permit Fund”). All Funds collected by the Agency pursuant to this subsection shall be deposited into the Fund. The General Assembly shall appropriate monies from this Fund to the Agency and to the Board to carry out their obligations under this Section. The General Assembly may also authorize monies to be granted by the Agency from this Fund to other State and local agencies which perform duties related to the CAAPP. Interest generated on the monies deposited in this Fund shall be returned to the Fund.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

f. For purposes of this subsection, the term "regulated air pollutant" shall have the meaning given to it under subsection 1 of this Section but shall exclude the following:

i. carbon monoxide;

ii. any Class I or II substance which is a regulated air pollutant solely because it is listed pursuant to Section 602 of the Clean Air Act; and

iii. any pollutant that is a regulated air pollutant solely because it is subject to a standard or regulation under Section 112(r) of the Clean Air Act based on the emissions allowed in the permit effective in that calendar year, at the time the applicable bill is generated.

a. In the event that the USEPA fails to promulgate in a timely manner a standard pursuant to Section 112(d) of the Clean Air Act, the Agency shall have the authority to issue permits, pursuant to Section 112(j) of the Clean Air Act and regulations promulgated thereunder, which contain emission limitations which are equivalent to the emission limitations that would apply to a source if an emission standard had been promulgated in a timely manner.
manner by USEPA pursuant to Section 112(d). Provided, however,
that the owner or operator of a source shall have the opportunity to
submit to the Agency a proposed emission limitation which it
determines to be equivalent to the emission limitations that would
apply to such source if an emission standard had been promulgated
in a timely manner by USEPA. If the Agency refuses to include the
emission limitation proposed by the owner or operator in a CAAPP
permit, the owner or operator may petition the Board to establish
whether the emission limitation proposal submitted by the owner
or operator provides for emission limitations which are equivalent
to the emission limitations that would apply to the source if the
emission standard had been promulgated by USEPA in a timely
manner. The Board shall determine whether the emission limitation
proposed by the owner or operator or an alternative emission
limitation proposed by the Agency provides for the level of control
required under Section 112 of the Clean Air Act, or shall otherwise
establish an appropriate emission limitation, pursuant to Section
112 of the Clean Air Act.

b. Any Board proceeding brought under paragraph (a) or (e)
of this subsection shall be conducted according to the Board's
procedures for adjudicatory hearings and the Board shall render its
decision within 120 days of the filing of the petition. Any such
decision shall be subject to review pursuant to Section 41 of this
Act. Where USEPA promulgates an applicable emission standard
prior to the issuance of the CAAPP permit, the Agency shall
include in the permit the promulgated standard, provided that the
source shall have the compliance period provided under Section
112(i) of the Clean Air Act. Where USEPA promulgates an
applicable standard subsequent to the issuance of the CAAPP
permit, the Agency shall revise such permit upon the next renewal
to reflect the promulgated standard, providing a reasonable time for
the applicable source to comply with the standard, but no longer
than 8 years after the date on which the source is first required to
comply with the emissions limitation established under this
subsection.

c. The Agency shall have the authority to implement and
enforce complete or partial emission standards promulgated by
USEPA pursuant to Section 112(d), and standards promulgated by
USEPA pursuant to Sections 112(f), 112(h), 112(m), and 112(n),
and may accept delegation of authority from USEPA to implement and enforce Section 112(l) and requirements for the prevention and detection of accidental releases pursuant to Section 112(r) of the Clean Air Act.

d. The Agency shall have the authority to issue permits pursuant to Section 112(ii)(5) of the Clean Air Act.

e. The Agency has the authority to implement Section 112(g) of the Clean Air Act consistent with the Clean Air Act and federal regulations promulgated thereunder. If the Agency refuses to include the emission limitations proposed in an application submitted by an owner or operator for a case-by-case maximum achievable control technology (MACT) determination, the owner or operator may petition the Board to determine whether the emission limitation proposed by the owner or operator or an alternative emission limitation proposed by the Agency provides for a level of control required by Section 112 of the Clean Air Act, or to otherwise establish an appropriate emission limitation under Section 112 of the Clean Air Act.

a. For purposes of this subsection:

4. does not emit 50 tons or more per year of any regulated air pollutant, except greenhouse gases; and
5. emits less than 75 tons per year of all regulated pollutants, except greenhouse gases.
b. The Agency shall adopt and submit to USEPA, after reasonable notice and opportunity for public comment, as a revision to the Illinois state implementation plan, plans for establishing the Program.
c. The Agency shall have the authority to enter into such contracts and agreements as the Agency deems necessary to carry out the purposes of this subsection.
d. The Agency may establish such procedures as it may deem necessary for the purposes of implementing and executing its responsibilities under this subsection.
e. There shall be appointed a Small Business Ombudsman (hereinafter in this subsection referred to as "Ombudsman") to monitor the Small Business Assistance Program. The Ombudsman shall be a nonpartisan designated official, with the ability to independently assess whether the goals of the Program are being met.
f. The State Ombudsman Office shall be located in an existing Ombudsman office within the State or in any State Department.
g. There is hereby created a State Compliance Advisory Panel (hereinafter in this subsection referred to as "Panel") for determining the overall effectiveness of the Small Business Assistance Program within this State.
h. The selection of Panel members shall be by the following method:
   1. The Governor shall select two members who are not owners or representatives of owners of small business stationary sources to represent the general public;
   2. The Director of the Agency shall select one member to represent the Agency; and
   3. The State Legislature shall select four members who are owners or representatives of owners of small business stationary sources. Both the majority and minority leadership in both Houses of the Legislature shall appoint one member of the panel.

j. The Panel shall select its own Chair by a majority vote. The Chair may meet and consult with the Ombudsman and the head of the Small Business Assistance Program in planning the activities for the Panel.

21. Temporary Sources.

a. The Agency may issue a single permit authorizing emissions from similar operations by the same source owner or operator at multiple temporary locations, except for sources which are affected sources for acid deposition under Title IV of the Clean Air Act.

b. The applicant must demonstrate that the operation is temporary and will involve at least one change of location during the term of the permit.

c. Any such permit shall meet all applicable requirements of this Section and applicable regulations, and include conditions assuring compliance with all applicable requirements at all authorized locations and requirements that the owner or operator notify the Agency at least 10 days in advance of each change in location.

22. Solid Waste Incineration Units.

a. A CAAPP permit for a solid waste incineration unit combusting municipal waste subject to standards promulgated under Section 129(e) of the Clean Air Act shall be issued for a period of 12 years and shall be reviewed every 5 years, unless the Agency requires more frequent review through Agency procedures.

b. During the review in paragraph (a) of this subsection, the Agency shall fully review the previously submitted CAAPP permit application and corresponding reports subsequently submitted to determine whether the source is in compliance with all applicable requirements.

c. If the Agency determines that the source is not in compliance with all applicable requirements it shall revise the CAAPP permit as appropriate.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

(b) Such additional amount shall be assessed by the court imposing sentence and shall be collected by the Circuit Clerk in addition to the fine, if any, and costs in the case to be used by the supervising authority in implementing the domestic violence surveillance program. The clerk of the circuit court shall pay all monies collected from this fee to the county treasurer for deposit in the probation and court services fund under Section 15.1 of the Probation and Probations Officers Act.

The court shall order that the defendant may not use funds belonging solely to the victim of the offense for payment of the fee.

When the supervising authority is the court or the probation and court services department, the fee shall be collected by the circuit court clerk. The clerk of the circuit court shall pay all monies collected from this fee and all other required probation fees that are assessed to the county treasurer for deposit in the probation and court services fund under Section 15.1 of the Probation and Probations Officers Act. Sec. 34.10. Home child care demonstration project; conversion and renovation grants; Department of Human Services.

(a) The legislature finds that the demand for quality child care far outweighs the number of safe, quality spaces for our children. The purpose of this Section is to increase the number of child care providers by:

   (1) developing a demonstration project to train individuals to become home child care providers who are able to establish and operate their own child care facility; and

   (2) providing grants to convert and renovate existing facilities.

(b) The Department of Human Services may from appropriations from the Child Care Development Block Grant establish a demonstration project to train individuals to become home child care providers who are able to establish and operate their own home-based child care facilities. The Department of Human Services is authorized to use funds for this purpose from the child care and development funds deposited into the DHS Special Purposes Trust Fund as described in Section 12-10 of the Illinois Public Aid Code and, until October 1, 1998, the Child Care and Development Fund created by the 87th General Assembly. As an economic development program, the project's focus is to foster individual self-sufficiency through an entrepreneurial approach by the creation of new jobs and opening of new small home-based child care businesses. governments and the private sector, including but not limited to: the

Economic Opportunity, the State Board of Education, large and small
private businesses, nonprofit programs, unions, and child care providers in
the State.

The Department shall submit:

(1) a progress report on the demonstration project to the
legislature by one year after the effective date of this amendatory
Act of 1991; and

(2) a final evaluation report on the demonstration project,
including findings and recommendations, to the legislature by one
year after the due date of the progress report.

(c) The Department of Human Services may from appropriations
from the Child Care Development Block Grant provide grants to family
child care providers and center based programs to convert and renovate
existing facilities, to the extent permitted by federal law, so additional
family child care homes and child care centers can be located in such
facilities.

(1) Applications for grants shall be made to the Department
and shall contain information as the Department shall require by
rule. Every applicant shall provide assurance to the Department
that:

(A) the facility to be renovated or improved shall be
used as family child care home or child care center for a
continuous period of at least 5 years;

(B) any family child care home or child care center
program located in a renovated or improved facility shall be
licensed by the Department;

(C) the program shall comply with applicable
federal and State laws prohibiting discrimination against
any person on the basis of race, color, national origin,
religion, creed, or sex;

(D) the grant shall not be used for purposes of
entertainment or perquisites;

(E) the applicant shall comply with any other
requirement the Department may prescribe to ensure
adherence to applicable federal, State, and county laws;

(F) all renovations and improvements undertaken with funds received under this Section shall comply with all applicable State and county statutes and ordinances including applicable building codes and structural requirements of the Department; and

(G) the applicant shall indemnify and save harmless the State and its officers, agents, and employees from and against any and all claims arising out of or resulting from the renovation and improvements made with funds provided by this Section, and, upon request of the Department, the applicant shall procure sufficient insurance to provide that indemnification.

(2) To receive a grant under this Section to convert an existing facility into a family child care home or child care center facility, the applicant shall:

(A) agree to make available to the Department of Human Services all records it may have relating to the operation of any family child care home and child care center facility, and to allow State agencies to monitor its compliance with the purpose of this Section;

(B) agree that, if the facility is to be altered or improved, or is to be used by other groups, moneys appropriated by this Section shall be used for renovating or improving the facility only to the proportionate extent that the floor space will be used by the child care program; and

(C) establish, to the satisfaction of the Department that sufficient funds are available for the effective use of the facility for the purpose for which it is being renovated or improved.

(3) In selecting applicants for funding, the Department shall make every effort to ensure that family child care home or child care center facilities are equitably distributed throughout the State according to demographic need. The Department shall give priority consideration to rural/Downstate areas of the State that are currently experiencing a shortage of child care services.

Sec. 8h. Transfers to General Revenue Fund.
(a) Except as otherwise provided in this Section and Section 8n of this Act, and notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i)
8% of the revenues to be deposited into the fund during that fiscal year or
(ii) an amount that leaves a remaining fund balance of 25% of the July 1
fund balance of that fiscal year. In fiscal year 2005 only, prior to
calculating the July 1, 2004 final balances, the Governor may calculate and
direct the State Treasurer with the Comptroller to transfer additional
amounts determined by applying the formula authorized in Public Act 93-
839 to the funds balances on July 1, 2003. No transfer may be made from a
fund under this Section that would have the effect of reducing the
available balance in the fund to an amount less than the amount remaining
unexpended and unreserved from the total appropriation from that fund
estimated to be expended for that fiscal year. This Section does not apply
to any funds that are restricted by federal law to a specific use, to any

Facility Development and Operation Fund, the Horse Racing Equity Trust
Fund, the Metabolic Screening and Treatment Fund, or the Hospital Basic
Services Preservation Fund, or to any funds to which Section 70-50 of the
Nurse Practice Act applies. No transfers may be made under this Section
from the Pet Population Control Fund. Notwithstanding any other
provision of this Section, for fiscal year 2004, the total transfer under this
Section from the Road Fund or the State Construction Account Fund shall
not exceed the lesser of (i) 5% of the revenues to be deposited into the
fund during that fiscal year or (ii) 25% of the beginning balance in the
fund. For fiscal year 2005 through fiscal year 2007, no amounts may be
transferred under this Section from the Road Fund, the State Construction
Account Fund, the Criminal Justice Information Systems Trust Fund, the
Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may
include receipts, transfers into the fund, and other resources anticipated to
be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts
designated under this Section as soon as may be practicable after receiving
the direction to transfer from the Governor.

Sec. 13-703. (a) The Commission shall design and implement a program whereby each telecommunications carrier providing local

exchange service shall provide a telecommunications device capable of servicing the needs of those persons with a hearing or speech disability together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as having a hearing or speech disability by a licensed physician, speech-language pathologist, audiologist or a qualified State agency and to any subscriber which is an organization serving the needs of those persons with a hearing or speech disability as determined and specified by the Commission pursuant to subsection (d).

(b) The Commission shall design and implement a program, whereby each telecommunications carrier providing local exchange service shall provide a telecommunications relay system, using third party intervention to connect those persons having a hearing or speech disability with persons of normal hearing by way of intercommunications devices and the telephone system, making available reasonable access to all phases of public telephone service to persons who have a hearing or speech disability. In order to design a telecommunications relay system which will meet the requirements of those persons with a hearing or speech disability available at a reasonable cost, the Commission shall initiate an investigation and conduct public hearings to determine the most cost-effective method of providing telecommunications relay service to those persons who have a hearing or speech disability when using telecommunications devices and therein solicit the advice, counsel, and physical assistance of Statewide nonprofit consumer organizations that serve persons with hearing or speech disabilities in such hearings and during the development and implementation of the system. The Commission shall phase in this program, on a geographical basis, as soon as is practicable, but no later than June 30, 1990.

(c) The Commission shall establish a competitively neutral rate recovery mechanism that establishes charges in an amount to be determined by the Commission for each line of a subscriber to allow telecommunications carriers providing local exchange service to recover costs as they are incurred under this Section. Beginning no later than April 1, 2016, and on a yearly basis thereafter, the Commission shall initiate a proceeding to establish the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers, and consumers of prepaid wireless telecommunications service in a manner consistent with this subsection (c) and subsection (f) of this Section. The Commission shall

New matter indicated by italics - deletions by strikeout
issue its order establishing the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers, and purchasers of prepaid wireless telecommunications service on or prior to June 1 of each year, and such amount shall take effect June 1 of each year.

Telecommunications carriers, wireless carriers, Interconnected VoIP service providers, and sellers of prepaid wireless telecommunications service shall have 60 days from the date the Commission files its order to implement the new rate established by the order.

(d) The Commission shall determine and specify those organizations serving the needs of those persons having a hearing or speech disability that shall receive a telecommunications device and in which offices the equipment shall be installed in the case of an organization having more than one office. For the purposes of this Section, "organizations serving the needs of those persons with hearing or speech disabilities" means centers for independent living as described in Section 12a of the Rehabilitation of Persons with Disabilities Act and not-for-profit organizations whose primary purpose is serving the needs of those persons with hearing or speech disabilities. The Commission shall direct the telecommunications carriers subject to its jurisdiction and this Section to comply with its determinations and specifications in this regard.

(e) As used in this Section:
"Prepaid wireless telecommunications service" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Retail transaction" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Seller" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Telecommunications carrier providing local exchange service" includes, without otherwise limiting the meaning of the term, telecommunications carriers which are purely mutual concerns, having no rates or charges for services, but paying the operating expenses by assessment upon the members of such a company and no other person.
"Wireless carrier" has the meaning given to that term under Section 10 of the Wireless Emergency Telephone Safety Act.

(f) Interconnected VoIP service providers, sellers of prepaid wireless telecommunications service, and wireless carriers in Illinois shall
collect and remit assessments determined in accordance with this Section in a competitively neutral manner in the same manner as a telecommunications carrier providing local exchange service. However, the assessment imposed on consumers of prepaid wireless telecommunications service shall be collected by the seller from the consumer and imposed per retail transaction as a percentage of that retail transaction on all retail transactions occurring in this State. The assessment on subscribers of wireless carriers and consumers of prepaid wireless telecommunications service shall not be imposed or collected prior to June 1, 2016.

Sellers of prepaid wireless telecommunications service shall remit the assessments to the Department of Revenue on the same form and in the same manner which they remit the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act. For the purposes of display on the consumers' receipts, the rates of the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act and the assessment under this Section may be combined. In administration and enforcement of this Section, the provisions of Sections 15 and 20 of the Prepaid Wireless 9-1-1 Surcharge Act (except subsections (a), (a-5), (b-5), (e), and (e-5) of Section 15 and subsections (c) and (e) of Section 20 of the Prepaid Wireless 9-1-1 Surcharge Act and, from June 29, 2015 (the effective date of Public Act 99-6) this amendatory Act of the 99th General Assembly, the seller shall be permitted to deduct and retain 3% of the assessments that are collected by the seller from consumers and that are remitted and timely filed with the Department) that are not inconsistent with this Section, shall apply, as far as practicable, to the subject matter of this Section to the same extent as if those provisions were included in this Section. The Department shall deposit all assessments and penalties collected under this Section into the Illinois Telecommunications Access Corporation Fund, a special fund created in the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available to the Commission for distribution out of the Illinois Telecommunications Access Corporation Fund. The amount certified shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body or fund. The amount paid to the Illinois Telecommunications Access Corporation Fund shall not include any amount equal to the amount of refunds made during the second
preceding calendar month by the Department to retailers under this Section or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body or fund but were erroneously paid to the Illinois Telecommunications Access Corporation Fund. The Commission shall distribute all the funds to the Illinois Telecommunications Access Corporation and the funds may only be used in accordance with the provisions of this Section. The Department shall deduct 2% of all amounts deposited in the Illinois Telecommunications Access Corporation Fund during every year of remitted assessments. Of the 2% deducted by the Department, one-half shall be transferred into the Tax Compliance and Administration Fund to reimburse the Department for its direct costs of administering the collection and remittance of the assessment. The remaining one-half shall be transferred into the Public Utility Fund to reimburse the Commission for its costs of distributing to the Illinois Telecommunications Access Corporation the amount certified by the Department for distribution. The amount to be charged or assessed under subsections (c) and (f) is not imposed on a provider or the consumer for wireless Lifeline service where the consumer does not pay the provider for the service. Where the consumer purchases from the provider optional minutes, texts, or other services in addition to the federally funded Lifeline benefit, a consumer must pay the charge or assessment, and it must be collected by the seller according to subsection (f).

Interconnected VoIP services shall not be considered an intrastate telecommunications service for the purposes of this Section in a manner inconsistent with federal law or Federal Communications Commission regulation.

(g) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(h) The Commission may adopt rules necessary to implement this Section.

Except for actions involving the ground numbered (26), all proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years next after receipt by the Department of a complaint alleging the commission of or notice of the conviction order for any of the acts described herein. Except for the grounds numbered (8), (9), (26), and (29), no action shall be commenced more than 10 years after the date of the incident or act alleged to have violated this Section. For actions involving the ground numbered (26), a pattern of practice or other behavior includes all incidents alleged to be part of the pattern of practice or other behavior that occurred, or a report pursuant to Section 23 of this Act received, within the 10-year period preceding the filing of the complaint. In the event of the settlement of any claim or cause of action in favor of the claimant or the reduction to final judgment of any civil action in favor of the plaintiff, such claim, cause of action or civil action being grounded on the allegation that a person licensed under this Act was negligent in providing care, the Department shall have an additional period of 2 years from the date of notification to the Department under Section 23 of this Act of such settlement or final judgment in which to investigate and commence formal disciplinary proceedings under Section 36 of this Act, except as otherwise provided by law. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined
to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and
(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals,

In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Illinois State Medical Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

(D) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

500,000 population, assistance furnished in the county under Article VI of this Code during the previous month and the expenses for the administration thereof, and the actual revenues available through taxation by the local governmental units. If the Illinois Department has reason to believe that the amounts submitted by any county are excessive, it may require appropriate officials of the county to appear before it and substantiate the amounts to the satisfaction of the Department.

The Illinois Department shall review these amounts and shall determine and allocate to the several counties the amounts necessary to supplement local funds actually available for public aid purposes. There shall be a yearly reconciliation of amounts allocated to the local governmental units by the Illinois Department to supplement local funds.

If, because of circumstances beyond the local governmental unit's control, such as a sudden caseload increase or an unexpected increase in the administrative expenses, a local governmental unit has insufficient local funds actually available to furnish assistance or pay administrative expenses, the Illinois Department shall provide a special allocation of funds to the local governmental unit to meet the need. In calculating the need for a special allocation, the Illinois Department shall take into consideration the amount of funds legally available from the taxes levied by the local governmental unit for public aid purposes and any available unobligated balances.

If a local governmental unit has not received State funds for public aid purposes for at least 84 consecutive months immediately prior to its request for State funds, the Illinois Department shall not consider as a legally available resource of the governmental unit public aid funds, or the proceeds of public aid taxes and tax anticipation warrants which may have been transferred or expended during such period for other purposes.

Except as hereinafter provided, State allocations shall be paid to the County Treasurer for disbursement to local governmental units as certified by the Illinois Department. Until January 1, 1974, moneys allocated by the Illinois Department for General Assistance purposes in a city, village or incorporated town of more than 500,000 population and moneys received from the Treasurer of the municipality from taxes levied for General Assistance purposes in the municipality and other moneys and funds designated in Section 11-43-2 of the Illinois Municipal Code shall be paid into the special fund established by the County Treasurer of the county in which the municipality is located and retained for disbursement.

After December 31, 1973, but not later than June 30, 1979, State allocations and municipal funds for General Assistance purposes in such a municipality, and other moneys and funds designated by Section 11-43-2 of the Illinois Municipal Code, shall be paid into the Special Purposes Trust Fund (now known as the DHS Special Purposes Trust Fund) and disbursed as provided in Section 12-10. State and municipal moneys paid into the Special Purposes Trust Fund (now known as the DHS Special Purposes Trust Fund) under the foregoing provision shall be used exclusively for (1) furnishing General Assistance within the municipality; (2) the payment of administrative costs; and (3) the payment of warrants issued against and in anticipation of taxes levied by the municipality for General Assistance purposes, and the accrued interest thereon. Sec. 3-2. Annual audit.

(a) At the licensee's fiscal year-end, but in no case more than 12 months after the last audit conducted pursuant to this Section, except as otherwise provided in this Section, it shall be mandatory for each residential mortgage licensee to cause its books and accounts to be audited by a certified public accountant not connected with such licensee. The books and records of all licensees under this Act shall be maintained on an accrual basis. The audit must be sufficiently comprehensive in scope to permit the expression of an opinion on the financial statements, which must be prepared in accordance with generally accepted accounting principles, and must be performed in accordance with generally accepted auditing standards. Notwithstanding the requirements of this subsection, a licensee that is a subsidiary may submit audited consolidated financial statements of its parent, intermediary parent, or ultimate parent as long as the consolidated statements are supported by consolidating statements which include the licensee's financial statement. If the consolidating statements are unaudited, the licensee's chief financial officer shall attest to the licensee's financial statements disclosed in the consolidating statements.

(b) As used herein, the term "expression of opinion" includes either (1) an unqualified opinion, (2) a qualified opinion, (3) a disclaimer of opinion, or (4) an adverse opinion.

(c) If a qualified or adverse opinion is expressed or if an opinion is disclaimed, the reasons therefore must be fully explained. An opinion, qualified as to a scope limitation, shall not be acceptable.

(d) The most recent audit report shall be filed with the Commissioner within 90 days after the end of the licensee's fiscal year, or with the Nationwide Mortgage Licensing System and Registry, if applicable, pursuant to Mortgage Call Report requirements. The report filed with the Commissioner shall be certified by the certified public accountant conducting the audit. The Commissioner may promulgate rules regarding late audit reports.

(f) In lieu of the audit or compilation financial statement required by this Section, a licensee shall submit and the Commissioner may accept any audit made in conformance with the audit requirements of the U.S. Department of Housing and Urban Development.

(g) With respect to licensees who solely broker residential mortgage loans as defined in subsection (o) of Section 1-4, instead of the audit required by this Section, the Commissioner may accept compilation financial statements prepared at least every 12 months, and the compilation financial statement must be submitted within 90 days after the end of the licensee's fiscal year, or with the Nationwide Mortgage Licensing System and Registry, if applicable, pursuant to Mortgage Call Report requirements. If a licensee under this Section fails to file a compilation as required, the Commissioner shall cause an audit of the licensee's books and accounts to be made by a certified public accountant at the licensee's expense. The Commissioner shall select the certified public accountant by advertising for bids or by such other fair and impartial means as he or she establishes by rule. A licensee who files false or misleading compilation financial statements is guilty of a business offense and shall be fined not less than $5,000.

(h) The workpapers of the certified public accountants employed by each licensee for purposes of this Section are to be made available to the Commissioner or the Commissioner's designee upon request and may be reproduced by the Commissioner or the Commissioner's designee to enable the Commissioner to carry out the purposes of this Act.

(i) Notwithstanding any other provision of this Section, if a licensee relying on subsection (g) of this Section causes its books to be audited at any other time or causes its financial statements to be reviewed, a complete copy of the audited or reviewed financial statements shall be delivered to the Commissioner at the time of the annual license renewal payment following receipt by the licensee of the audited or reviewed financial statements. Any money so recovered shall be placed in the Wildlife and Fish Fund in the State Treasury.

(d) The penalties provided for in this Section may be recovered in a civil action.

(e) The State's Attorney of the county in which the violation occurred, or the Attorney General, may, at the request of the Agency or on his own motion, institute a civil action for an injunction, prohibitory or mandatory, to restrain violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order, or to require such other actions as may be necessary to address violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

(f) The State's Attorney of the county in which the violation occurred, or the Attorney General, shall bring such actions in the name of the people of the State of Illinois. Without limiting any other authority which may exist for the awarding of attorney's fees and costs, the Board or a court of competent jurisdiction may award costs and reasonable attorney's fees, including the reasonable costs of expert witnesses and consultants, to the State's Attorney or the Attorney General in a case where he has prevailed against a person who has committed a willful, knowing or repeated violation of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

Any funds collected under this subsection (f) in which the Attorney General has prevailed shall be deposited in the Hazardous Waste Fund created in Section 22.2 of this Act. (g) All final orders imposing civil penalties pursuant to this Section shall prescribe the time for payment of such penalties. (h) In determining the appropriate civil penalty to be imposed under subdivisions (a), (b)(1), (b)(2), (b)(3), or (b)(7) of this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency;
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform; and

New matter indicated by italics - deletions by strikeout
(8) whether the respondent has successfully completed a Compliance Commitment Agreement under subsection (a) of Section 31 of this Act to remedy the violations that are the subject of the complaint.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), (5), (6), or (7) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be off-set in whole or in part pursuant to a supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

(1) that the non-compliance was discovered through an environmental audit or a compliance management system documented by the regulated entity as reflecting the regulated entity's due diligence in preventing, detecting, and correcting violations;

(2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;

(3) that the non-compliance was discovered and disclosed prior to:

   (i) the commencement of an Agency inspection, investigation, or request for information;
   (ii) notice of a citizen suit;
   (iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State's Attorney of the county in which the violation occurred;
   (iv) the reporting of the non-compliance by an employee of the person without that person's knowledge; or
   (v) imminent discovery of the non-compliance by the Agency;

(4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;

New matter indicated by italics - deletions by strikeout
(5) that the person agrees to prevent a recurrence of the non-compliance;
(6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;
(7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;
(8) that the person cooperates as reasonably requested by the Agency after the disclosure; and
(9) that the non-compliance was identified voluntarily and not through a monitoring, sampling, or auditing procedure that is required by statute, rule, permit, judicial or administrative order, or consent agreement.
If a person can establish all of the elements under this subsection except the element set forth in paragraph (1) of this subsection, the person is entitled to a 75% reduction in the portion of the penalty that is not based upon the economic benefit of non-compliance.

(j) In addition to any other remedy or penalty that may apply, whether civil or criminal, any person who violates Section 22.52 of this Act shall be liable for an additional civil penalty of up to 3 times the gross amount of any pecuniary gain resulting from the violation.

(k) In addition to any other remedy or penalty that may apply, whether civil or criminal, any person who violates subdivision (a)(7.6) of Section 31 of this Act shall be liable for an additional civil penalty of $2,000.

Such notice shall include the identified response action and an opportunity for such person to perform the response action.

(r) The Agency may enter into written delegation agreements with any unit of local government under which it may delegate all or portions of its inspecting, investigating and enforcement functions. Such delegation agreements shall require that work performed thereunder be in accordance with Agency criteria and subject to Agency review. (u) Pursuant to the Illinois Administrative Procedure Act, the Agency shall have the authority to adopt such rules as are necessary or appropriate for the Agency to implement Section 31.1 of this Act.

(v) (Blank.)

(x) (1) The Agency shall have authority to distribute grants, subject to appropriation by the General Assembly, to units of local government for financing and construction of public water supply facilities. With respect to all monies appropriated from the Build Illinois Bond Fund or the Build Illinois Purposes Fund for public water supply grants, such grants shall be made in accordance with rules promulgated by the Agency. Such rules shall include a requirement for a local match of 30% of the total project cost for projects funded through such grants.

(2) The Agency shall not terminate a grant to a unit of local government for the financing and construction of public water supply facilities unless and until the Agency adopts rules that set forth precise and complete standards, pursuant to Section 5-20 of the Illinois Administrative Procedure Act, for the termination of such grants. The Agency shall not make determinations on whether specific grant conditions are necessary to ensure the integrity of a project or on whether subagreements shall be awarded, with

(y) The Agency shall have authority to release any person from further responsibility for preventive or corrective action under this Act following successful completion of preventive or corrective action undertaken by such person upon written request by the person.

(z) To the extent permitted by any applicable federal law or regulation, for all work performed for State construction projects which are funded in whole or in part by a capital infrastructure bill enacted by the 96th General Assembly by sums appropriated to the Environmental Protection Agency, at least 50% of the total labor hours must be performed by actual residents of the State of Illinois. For purposes of this subsection, "actual residents of the State of Illinois" means persons domiciled in the State of Illinois. The Department of Labor shall promulgate rules providing for the enforcement of this subsection.

(aa) The Agency may adopt rules requiring the electronic submission of any information required to be submitted to the Agency pursuant to any State or federal law or regulation or any court or Board order. If there is no vacancy on the Board, 4 members of the Board shall constitute a quorum to transact business; otherwise, a majority of the Board shall constitute a quorum to transact business, and no vacancy shall impair the right of the remaining members to exercise all of the powers of the Board. Sec. 29. (a) Any person adversely affected or threatened by any rule or regulation of the Board may obtain a determination of the validity or application of such rule or regulation by petition for review under Section 41 of this Act.

(b) Action by the Board in adopting any regulation for which judicial review could have been obtained under Section 41 of this Act shall not be subject to review regarding the regulation's validity or application in any subsequent proceeding under Title VIII, Title IX or Section 40 of this Act.

(c) This Section does not apply to orders entered by the Board pursuant to Section 38.5 of this Act. Sec. 38.5. Time-limited water quality standards.

(a) To the extent consistent with the Federal Water Pollution Control Act, rules adopted by the United States Environmental Protection Agency under that Act, this Section, and rules adopted by the Board under this Section, the Board may adopt, and may conduct non-adjudicatory proceedings to adopt, a time-limited water quality standard for a watershed or one or more of the following:

(1) water bodies;
(2) waterbody segments; or
(3) dischargers.

(b) A time-limited water quality standard may be sought by:

(1) persons who file with the Board a petition for a time-limited water quality standard under this Section; and
(2) persons who have a petition for a variance from a water quality standard under Section 35 of this Act converted into a

petition for a time-limited water quality standard under subsection (c) of this Section.

(c) Any petition for a variance from a water quality standard under Section 35 of this Act that was filed with the Board before the effective date of this amendatory Act of the 99th General Assembly and that has not been disposed of by the Board shall be converted, by operation of law, into a petition for a time-limited water quality standard under this Section on the effective date of this amendatory Act of the 99th General Assembly.

(d) The Board's hearings concerning the adoption of time-limited water quality standards shall be open to the public and must be held in compliance with 40 CFR 131.14, including, but not limited to, the public notice and participation requirements referenced in 40 CFR 25 and 40 CFR 131.20(b); this Section; and rules adopted by the Board under this Section.

(e) Within 21 days after any petition for a time-limited water quality standard is filed with the Board under this Section, or within 21 days after the effective date of this amendatory Act of the 99th General Assembly in the case of a petition for time-limited water quality standard created under subsection (c) of this Section, the Agency shall file with the Board a response that:

1. identifies the discharger or classes of dischargers affected by the water quality standard from which relief is sought;
2. identifies the watershed, water bodies, or waterbody segments affected by the water quality standard from which relief is sought;
3. identifies the appropriate type of time-limited water quality standard, based on factors, such as the nature of the pollutant, the condition of the affected water body, and the number and type of dischargers; and
4. recommends, for the purposes of subsection (h), prompt deadlines for the classes of dischargers to file a substantially compliant petition.

(f) Within 30 days after receipt of a response from the Agency under subsection (e) of this Section, the Board shall enter a final order that establishes the discharger or classes of dischargers that may be covered by the time-limited water quality standard and prompt deadlines by which the discharger and dischargers in the identified classes must, for the purposes of subsection (h), file with the Board either:

New matter indicated by italics - deletions by strikeout
(1) a petition for a time-limited water quality standard, if the petition has not been previously filed; or

(2) an amended petition for a time-limited water quality standard, if the petition has been previously filed and it is necessary to file an amended petition to maintain a stay under paragraph (3) of subsection (h) of this Section.

(g) As soon as practicable after entering an order under subsection (f), the Board shall conduct an evaluation of the petition to assess its substantial compliance with 40 CFR 131.14, this Section, and rules adopted pursuant to this Section. After the Board determines that a petition is in substantial compliance with those requirements, the Agency shall file a recommendation concerning the petition.

(h)(1) The effectiveness of a water quality standard from which relief is sought shall be stayed as to the following persons from the effective date of the water quality standard until the stay is terminated as provided in this subsection:

(A) any person who has a petition for a variance seeking relief from a water quality standard under Section 35 of this Act converted into a petition for a time-limited water quality standard under subsection (c) of this Section;

(B) any person who files a petition for a time-limited water quality standard within 35 days after the effective date of the water quality standard from which relief is sought; and

(C) any person, not covered by subparagraph (B) of this subsection, who is a member of a class of dischargers that is identified in a Board order under subsection (f) that concerns a petition for a time-limited water quality standard that was filed within 35 days after the effective date of the water quality standard from which relief is sought and who files a petition for a time-limited water quality standard before the deadline established for that class under subsection (f) of this Section.

(2) If the Board determines that the petition of a person described in paragraph (1) of this subsection is in substantial compliance, then the stay shall continue until the Board:

(A) denies the petition and all rights to judicial review of the Board order denying the petition are exhausted; or

New matter indicated by italics - deletions by strikeout
(B) adopts the time-limited water quality standard and the United States Environmental Protection Agency either:

   (i) approves the time-limited water quality standard; or

   (ii) disapproves the time-limited water quality standard for failure to comply with 40 CFR 131.14.

(3) If the Board determines that the petition of a person described in paragraph (1) of this subsection is not in substantial compliance, then the Board shall enter an interim order that identifies the deficiencies in the petition that must be corrected for the petition to be in substantial compliance. The petitioner must file an amended petition by the deadlines adopted by the Board pursuant to subsection (f), and the Board shall enter, after the applicable Board-established deadline, a final order that determines whether the amended petition is in substantial compliance.

(4) If the Board determines that the amended petition described in paragraph (3) of this subsection is in substantial compliance, then the stay shall continue until the Board:

   (A) denies the petition and all rights to judicial review of the Board order denying the petition are exhausted; or

   (B) adopts the time-limited water quality standard and the United States Environmental Protection Agency either:

       (i) approves the time-limited water quality standard; or

       (ii) disapproves the time-limited water quality standard for failure to comply with 40 CFR 131.14.

(5) If the Board determines that the amended petition described in paragraph (3) of this subsection is not in substantial compliance by the Board-established deadline, the Board shall deny the petition and the stay shall continue until all rights to judicial review are exhausted.

(6) If the Board determines that a petition for a time-limited water quality standard is not in substantial compliance and if the

New matter indicated by italics - deletions by strikeout
person fails to file, on or before the Board-established deadline, an amended petition, the Board shall dismiss the petition and the stay shall continue until all rights to judicial review are exhausted.

(7) If a person other than a person described in paragraph (1) of subsection (h) of this Section files a petition for a time-limited water quality standard, then the effectiveness of the water quality standard from which relief is sought shall not be stayed as to that person. However, the person may seek a time-limited water quality standard from the Board by complying with 40 CFR 131.14, this Section, and rules adopted pursuant to this Section.

(i) Each time-limited water quality standard adopted by the Board for more than one discharger shall set forth criteria that may be used by dischargers or classes of dischargers to obtain coverage under the time-limited water quality standard during its duration. Any discharger that has not obtained a time-limited water quality standard may obtain coverage under a Board-approved time-limited water quality standard by satisfying, at the time of the renewal or modification of that person’s federal National Pollutant Discharge Elimination System (NPDES) permit or at the time the person files an application for certification under Section 401 of the federal Clean Water Act, the Board-approved criteria for coverage under the time-limited water quality standard.

(j) Any person who is adversely affected or threatened by a final Board order entered pursuant to this Section may obtain judicial review of the Board order by filing a petition for review within 35 days after the date the Board order was served on the person affected by the order, under the provisions of the Administrative Review Law, and the rules adopted pursuant thereto, except that review shall be afforded directly in the appellate court for the district in which the cause of action arose and not in the circuit court. For purposes of judicial review under this subsection, a person is deemed to have been served with the Board’s final order on the date on which the order is first published by the Board on its website.

No challenge to the validity of a final Board order under this Section shall be made in any enforcement proceeding under Title XII of this Act as to any issue that could have been raised in a timely petition for review under this subsection.

(k) Not later than 6 months after the effective date of this amendatory Act of the 99th General Assembly, the Agency shall propose, and not later than 9 months thereafter the Board shall adopt, rules that

prescribe specific procedures and standards to be used by the Board when adopting time-limited water quality standards. The public notice and participation requirements in 40 CFR 25 and 40 CFR 131.20(b) shall be incorporated into the rules adopted under this subsection.

Until the rules adopted under this subsection are effective, the Board may adopt time-limited water quality standards to the full extent allowed under this Section and 40 C.F.R. 131.14.

(l) Section 5-35 of the Illinois Administrative Procedure Act, Title VII of this Act, and the other Sections in Title IX of this Act do not apply to Board proceedings under this Section.

(415 ILCS 5/41) (from Ch. 111 1/2, par. 1041)
Sec. 41. Judicial review.

(a) Any party to a Board hearing, any person who filed a complaint on which a hearing was denied, any person who has been denied a variance or permit under this Act, any party adversely affected by a final order or determination of the Board, and any person who participated in the public comment process under subsection (8) of Section 39.5 of this Act may obtain judicial review, by filing a petition for review within 35 days from the date that a copy of the order or other final action sought to be reviewed was served upon the party affected by the order or other final Board action complained of, under the provisions of the Administrative Review Law, as amended and the rules adopted pursuant thereto, except that review shall be afforded directly in the Appellate Court for the District in which the cause of action arose and not in the Circuit Court. Review of any rule or regulation promulgated by the Board shall not be limited by this section but may also be had as provided in Section 29 of this Act.

(b) Any final order of the Board under this Act shall be based solely on the evidence in the record of the particular proceeding involved, and any such final order for permit appeals, enforcement actions and variance proceedings, shall be invalid if it is against the manifest weight of the evidence. Notwithstanding this subsection, the Board may include such conditions in granting a variance and may adopt such rules and regulations as the policies of this Act may require. If an objection is made to a variance condition, the board shall reconsider the condition within not more than 75 days from the date of the objection.

(c) No challenge to the validity of a Board order shall be made in any enforcement proceeding under Title XII of this Act as to any issue that could have been raised in a timely petition for review under this Section.

New matter indicated by italics - deletions by strikeout
(d) If there is no final action by the Board within 120 days on a request for a variance which is subject to subsection (c) of Section 38 or a permit appeal which is subject to paragraph (a) (3) of Section 40 or paragraph (d) of Section 40.2 or Section 40.3, the petitioner shall be entitled to an Appellate Court order under this subsection. If a hearing is required under this Act and was not held by the Board, the Appellate Court shall order the Board to conduct such a hearing, and to make a decision within 90 days from the date of the order. If a hearing was held by the Board, or if a hearing is not required under this Act and was not held by the Board, the Appellate Court shall order the Board to make a decision within 90 days from the date of the order.

The Appellate Court shall retain jurisdiction during the pendency of any further action conducted by the Board under an order by the Appellate Court. The Appellate Court shall have jurisdiction to review all issues of law and fact presented upon appeal.

(e) This Section does not apply to orders entered by the Board pursuant to Section 38.5 of this Act. Final orders entered by the Board pursuant to Section 38.5 of this Act are subject to judicial review under subsection (j) of that Section. Interim orders entered by the Board pursuant to Section 38.5 are not subject to judicial review under this Section or Section 38.5.

Eligible inmates for an award of earned sentence credit under this paragraph (3) may be selected to receive the credit at the Director's or his or her designee's sole discretion. Eligibility for the additional earned sentence credit under this paragraph (3) shall be based on, but is not limited to, the results of any available risk/needs assessment or other relevant assessments or evaluations administered by the Department using a validated instrument, the circumstances of the crime, any history of conviction for a forcible felony enumerated in Section 2-8 of the Criminal Code of 2012, the inmate's behavior and disciplinary history while incarcerated, and the inmate's commitment to rehabilitation, including participation in programming offered by the Department. Consideration may be based on, but not limited to, any available risk assessment analysis on the inmate, any history of conviction for violent crimes as defined by the Rights of Crime Victims and Witnesses Act, facts and circumstances

The Director shall not award sentence credit under this paragraph (3) to an inmate unless the inmate has served a minimum of 60 days of the sentence; except nothing in this paragraph shall be construed to permit the Director to extend an inmate's sentence beyond that which was imposed by the court. Prior to awarding credit under this paragraph (3), the Director shall make a written determination that the inmate:

(A) is eligible for the earned sentence credit;
(B) has served a minimum of 60 days, or as close to 60 days as the sentence will allow; and
(B-1) has received a risk/needs assessment or other relevant evaluation or assessment administered by the Department using a validated instrument; and
(C) has met the eligibility criteria established under paragraph (4) of this subsection (a) and by rule for earned sentence credit.

The Director shall determine the form and content of the written determination required in this subsection.

(3.5) The Department shall provide annual written reports to the Governor and the General Assembly on the award of earned sentence credit no later than February 1 of each year for good conduct, with the first report due January 1, 2014. The Department must publish both reports on its website within 48 hours of transmitting the reports to the Governor and the General Assembly. The reports must include:

(A) the number of inmates awarded earned sentence credit for good conduct;
(B) the average amount of earned sentence credit for good conduct awarded;
(C) the holding offenses of inmates awarded earned sentence credit for good conduct; and
(D) the number of earned sentence credit for good conduct revocations.

(4) The rules and regulations shall also provide that the sentence credit accumulated and retained under paragraph (2.1) of subsection (a) of this Section by any inmate during specific periods of time in which such inmate is engaged full-time in substance abuse programs, correctional industry assignments, educational programs, behavior modification programs, life skills courses, or re-entry planning provided by the
Department under this paragraph (4) and satisfactorily completes the assigned program as determined by the standards of the Department, shall be multiplied by a factor of 1.25 for program participation before August 11, 1993 and 1.50 for program participation on or after that date. The rules and regulations shall also provide that sentence credit, subject to the same offense limits and multiplier provided in this paragraph, may be provided to an inmate who was held in pre-trial detention prior to his or her current commitment to the Department of Corrections and successfully completed a full-time, 60-day or longer substance abuse program, educational program, behavior modification program, life skills course, or re-entry planning provided by the county department of corrections or county jail. Calculation of this county program credit shall be done at sentencing as provided in Section 5-4.5-100 of this Code and shall be included in the sentencing order. However, no inmate shall be eligible for the additional sentence credit under this paragraph (4) or (4.1) of this subsection (a) while assigned to a boot camp or electronic detention, or if convicted of an offense enumerated in subdivision (a)(2)(i), (ii), or (iii) of this Section that is committed on or after June 19, 1998 or subdivision (a)(2)(iv) of this Section that is committed on or after June 23, 2005 (the effective date of Public Act 94-71) or subdivision (a)(2)(v) of this Section that is committed on or after August 13, 2007 (the effective date of Public Act 95-134) or subdivision (a)(2)(vi) when the offense is committed on or after June 1, 2008 (the effective date of Public Act 95-625) or subdivision (a)(2)(vii) when the offense is committed on or after July 23, 2010 (the effective date of Public Act 96-1224), or if convicted of aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm as described in Section 12-4.2 or subdivision (e)(1), (e)(2), (e)(3), or (e)(4) of Section 12-
3.05, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse, behavior modification programs, life skills courses, re-entry planning, and correctional industry programs under which sentence credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 90 days of sentence credit shall be awarded to any prisoner who passes high school equivalency testing while the prisoner is committed to the Department of Corrections. The sentence credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of sentence credit under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The sentence credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a high school equivalency certificate. If, after an award of the high school equivalency testing sentence credit has been made, the Department determines that the prisoner was not eligible, then the award shall be revoked. The Department may also award 90 days of sentence credit to any committed

person who passed high school equivalency testing while he or she was held in pre-trial detention prior to the current commitment to the Department of Corrections.

(4.5) The rules and regulations on sentence credit shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no sentence credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the sentence credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive sentence credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on sentence credit shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall receive no sentence credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded sentence credit at a rate as the Director shall determine.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of earned sentence credit for good conduct under paragraph (3) of subsection (a) of this Section given at any time during the term, the Department shall give reasonable notice of the impending release not less than 14 days prior to the date of the release to

the State's Attorney of the county where the prosecution of the inmate took place, and if applicable, the State's Attorney of the county into which the inmate will be released. The Department must also make identification information and a recent photo of the inmate being released accessible on the Internet by means of a hyperlink labeled "Community Notification of Inmate Early Release" on the Department's World Wide Web homepage. The identification information shall include the inmate's: name, any known alias, date of birth, physical characteristics, commitment offense and county where conviction was imposed. The identification information shall be placed on the website within 3 days of the inmate's release and the information may not be removed until either: completion of the first year of mandatory supervised release or return of the inmate to custody of the Department.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of sentence credit.

(c) The Department shall prescribe rules and regulations for revoking sentence credit, including revoking sentence credit awarded for good conduct under paragraph (3) of subsection (a) of this Section. The Department shall prescribe rules and regulations for suspending or reducing the rate of accumulation of sentence credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of sentence credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any sentence credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of sentence credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of sentence credit. The Board may subsequently approve the revocation of additional sentence credit, if the Department seeks to revoke sentence credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of sentence credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.
The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days of sentence credits which have been revoked, suspended or reduced. Any restoration of sentence credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore sentence credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of sentence credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of sentence credit by bringing charges against the prisoner sought to be deprived of the sentence credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of sentence credit at the time of the finding, then the Prisoner Review Board may revoke all sentence credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;

(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;

(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;

(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act, an action under the federal Civil Rights Act (42 U.S.C. 1983), or a second or subsequent petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963 whether filed with or without leave of court or a second or subsequent petition for relief from judgment under Section 2-1401 of the Code of Civil Procedure.

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

(f) Whenever the Department is to release any inmate who has been convicted of a violation of an order of protection under Section 12-3.4 or 12-30 of the Criminal Code of 1961 or the Criminal Code of 2012, earlier than it otherwise would because of a grant of sentence credit, the Department, as a condition of release, shall require that the person, upon release, be placed under electronic surveillance as provided in Section 5-8A-7 of this Code.

Sec. 5-4-1. Sentencing Hearing.

(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual's residence. At the hearing the court shall:

Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7) shall become part of the record of the court. For the purpose of this paragraph (7), "qualified

For the purposes of this paragraph (7), "qualified individual" includes any peace officer, or any member of any duly organized State, county, or municipal peace unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements;

(9) in cases involving a felony sex offense as defined under the Sex Offender Management Board Act, consider the results of the sex offender evaluation conducted pursuant to Section 5-3-2 of this Act; and

(10) make a finding of whether a motor vehicle was used in the commission of the offense for which the defendant is being sentenced.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(b-1) In imposing a sentence of imprisonment or periodic imprisonment for a Class 3 or Class 4 felony for which a sentence of probation or conditional discharge is an available sentence, if the defendant has no prior sentence of probation or conditional discharge and no prior conviction for a violent crime, the defendant shall not be sentenced to imprisonment before review and consideration of a presentence report and determination and explanation of why the particular evidence, information, factor in aggravation, factual finding, or other reasons support a sentencing determination that one or more of the factors under subsection (a) of Section 5-6-1 of this Code apply and that probation or conditional discharge is not an appropriate sentence.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for sentence credit found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(4) (a)(3) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional earned sentence credit for good conduct. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time

served in prison will be longer. The defendant may also receive an additional one-half day sentence credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3 committed on or after June 19, 1998, and other than when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if the offense was committed on or after January 1, 1999, and other than when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and other than when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her sentence credit, the period of estimated actual custody is ... years and ... months, less up to 90 days additional sentence credit for good conduct. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day sentence credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 if
the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176), and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (C) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code committed on or after January 1, 2011 (the effective date of Public Act 96-1230), the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of sentence credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant is not entitled to sentence credit. Therefore, this defendant will serve 100% of his or her sentence."
When the sentencing order recommends placement in a substance abuse program for any offense that results in incarceration in a Department of Corrections facility and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no earned sentence credit for good conduct under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from the Director of Corrections pursuant to clause (4.5) of subsection (a) of Section 3-6-3."

(c-4) Before the sentencing hearing and as part of the presentence investigation under Section 5-3-1, the court shall inquire of the defendant whether the defendant is currently serving in or is a veteran of the Armed Forces of the United States. If the defendant is currently serving in the Armed Forces of the United States or is a veteran of the Armed Forces of the United States and has been diagnosed as having a mental illness by a qualified psychiatrist or clinical psychologist or physician, the court may:

(1) order that the officer preparing the presentence report consult with the United States Department of Veterans Affairs, Illinois Department of Veterans' Affairs, or another agency or person with suitable knowledge or experience for the purpose of providing the court with information regarding treatment options available to the defendant, including federal, State, and local programming; and

(2) consider the treatment recommendations of any diagnosing or treating mental health professionals together with the treatment options available to the defendant in imposing sentence.

For the purposes of this subsection (c-4), "qualified psychiatrist" means a reputable physician licensed in Illinois to practice medicine in all its branches, who has specialized in the diagnosis and treatment of mental and nervous disorders for a period of not less than 5 years.

(c-6) In imposing a sentence, the trial judge shall specify, on the record, the particular evidence and other reasons which led to his or her
determination that a motor vehicle was used in the commission of the offense.

(d) When the defendant is committed to the Department of Corrections, the State's Attorney shall and counsel for the defendant may file a statement with the clerk of the court to be transmitted to the department, agency or institution to which the defendant is committed to furnish such department, agency or institution with the facts and circumstances of the offense for which the person was committed together with all other factual information accessible to them in regard to the person prior to his commitment relative to his habits, associates, disposition and reputation and any other facts and circumstances which may aid such department, agency or institution during its custody of such person. The clerk shall within 10 days after receiving any such statements transmit a copy to such department, agency or institution and a copy to the other party, provided, however, that this shall not be cause for delay in conveying the person to the department, agency or institution to which he has been committed.

(e) The clerk of the court shall transmit to the department, agency or institution, if any, to which the defendant is committed, the following:

(1) the sentence imposed;
(2) any statement by the court of the basis for imposing the sentence;

PROPOSED AMENDMENT
TO ADD SECTION 11 TO ARTICLE IX
OF THE ILLINOIS CONSTITUTION
That will be submitted to the voters
November 8, 2016
This pamphlet includes
EXPLANATION OF THE PROPOSED AMENDMENT
ARGUMENTS IN FAVOR OF THE AMENDMENT
ARGUMENTS AGAINST THE AMENDMENT
FORM OF BALLOT
To the Electors of the State of Illinois:
The Illinois Constitution establishes a structure for government and laws. There are three ways to initiate change to the Illinois Constitution: (1) a constitutional convention may propose changes to any part; (2) the General Assembly may propose changes to any part; or (3) a petition initiative may propose amendments limited to structural and procedural subjects contained in the Legislative Article. The people of Illinois must approve any changes to the Constitution before they become effective. The purpose of this document is to inform you of proposed changes to the Illinois
Constitution and provide you with a brief explanation and a summary of the arguments in favor of and in opposition to the proposed amendment.

**EXPLANATION**

The proposed amendment adds a new Section to the Revenue Article of the Illinois Constitution that provides revenue generated from transportation related taxes and fees (referred to as "transportation funds") shall be used exclusively for transportation related purposes. Transportation related taxes and fees include motor fuel taxes, vehicle registration fees, and other taxes and user fees dedicated to public highways, roads, streets, bridges, mass transit (buses and rail), ports, or airports.

Under the proposed amendment, transportation funds may be used by the State or local governments only for the following purposes: (1) costs related to administering transportation and vehicle laws, including public safety purposes and the payment of obligations such as bonds; (2) the State or local share necessary to secure federal funds or for local government transportation purposes as authorized by law; (3) the construction, reconstruction, improvement, repair, maintenance, and operation of highways, mass transit, and railroad crossings; (4) expenses related to workers' compensation claims for death or injury of transportation agency employees; and (5) to purchase land for building highways or buildings for to be used for highway purposes.

This new Section is a limitation on the power of the General Assembly or a unit of local government to use, divert, or transfer transportation funds for a purpose other than transportation. It does not, and is not intended to, impact or change the way in which the State and local governments use sales taxes, including the sales and excise tax on motor fuel, or alter home rule powers granted under this Constitution. It does not seek to change the way in which the State funds programs administered by the Illinois Secretary of State, Illinois Department of Transportation, and operations by the Illinois State Police directly dedicated to the safety of roads, or entities or programs funded by units of local government. Further, the Section does not impact the expenditure of federal funds, which may be spent for any purpose authorized by federal law.

**Arguments In Favor of the Proposed Amendment**

Historically, the State and units of local government have used portions of revenue from transportation funds for other purposes. Approval of this amendment will ensure that transportation funds are used only for transportation purposes. This limitation provides a dedicated source of funding for projects that will increase the quality of Illinois' roads, bridges, bridge and road safety inspections, and mass transit. Improving the quality
of our roads and highways will help reduce accidents and damage to vehicles caused by road conditions or hazards.

**Arguments Against the Proposed Amendment**

Approval of the proposed amendment unnecessarily limits the power of the State and local governments to appropriate public revenues for the general welfare of all Illinoisans in order to protect funding for one particular purpose - transportation. Our elected officials should be asked to prioritize the use of public funds, but this amendment would restrict their ability to spend funds as the elected officials and taxpayers deem fit. As a result, elected officials may be asked to reduce funding for other priorities, such as education or social service programs.

**FORM OF BALLOT**

Proposed Amendment to the 1970 Illinois Constitution

Explanation of Amendment

The proposed amendment adds a new section to the Revenue Article of the Illinois Constitution. You are asked to decide whether the proposed amendment should become part of the Illinois Constitution.

PRESCRIPTION DISCONTINUATION
(House Joint Resolution No 139)

WHEREAS, A gap exists in Illinois in communication between all healthcare providers with regards to a patient's transition in care within and between healthcare practice settings, including but not limited to community, health-system, and long-term care; and

WHEREAS, When medications are discontinued, added, changed, or replaced by a prescriber, the notification of the change is inconsistently communicated to the next healthcare provider responsible for that patient's
care, including but not limited to the primary care physician, pharmacist, nurse practitioner, or physician's assistant; and

WHEREAS, This inconsistency in communication, as the patient transitions in the healthcare continuum, may cause medication duplications, adverse reactions, and subtherapeutic or supratherapeutic dosing of medications for the treatment of the patient's disease and healthcare conditions; these situations may expose the patient to increased risks and costs; and

WHEREAS, The State of Illinois maintains very little data on this issue; the only available studies are extremely limited in scope and pertain only to high-risk medications within a connected healthcare system; and

WHEREAS, Each day in Illinois, thousands of medication discontinuations, additions, and modifications occur; and

WHEREAS, When a prescriber makes any medication change, the medication change should be communicated to all other healthcare providers and practitioners involved in other healthcare settings who use different electronic health records; and

WHEREAS, Medication reconciliation and effective communication between healthcare providers improves patient outcomes and allows pharmacists to assure that patients only receive current medications for the treatment of their disease and health conditions; and

WHEREAS, Many patients have limited knowledge of the exact names or doses of all of their medications and depend on the medication education they receive from their pharmacist; and

WHEREAS, Mechanisms to enable the transmission of "discontinue", "cancel", or "stop" orders through interoperability of healthcare systems are being developed by the relevant stakeholders; and

WHEREAS, Patients with chronic diseases often have frequent changes to their medication regimens, which are not consistently communicated to pharmacies and each has the potential to cause misutilization of medications; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we urge the Department of Public Health to undertake a study coordinating with the University of Illinois at Chicago College of Pharmacy (Chicago and Rockford campuses), the Southern Illinois University Edwardsville School of Pharmacy, and the Chicago State University College of Pharmacy to determine the appropriateness of promoting and encouraging interprofessional communication between healthcare providers, be they physicians, nurse practitioners, physician's assistants, or pharmacists to
facilitate more effective methods for transitioning care of a patient between the various healthcare settings or managing their medication regimens; and be it further

RESOLVED, That we urge the Department of Public Health to examine and recommend solutions for a mechanism or process for electronically-prescribed prescription orders to electronically transmit "discontinuation", "cancel", or "stop" notifications to the pharmacy upon discontinuation or cancellation of the order; and be it further

RESOLVED, That we urge the Department of Public Health to examine the overall benefits of mandated pharmacist-led medication reconciliation upon patient entrance into a new healthcare setting and patient discharge education upon transition to a new healthcare setting, follow-up communication with patients by healthcare providers after a specified period of time after transitioning, electronic communication to pharmacies whenever a change in medication occurs, and use of the primary care provider as a nexus for communication between healthcare providers, including pharmacists, to assure a centralized medication list is maintained for each patient; and be it further

RESOLVED, That we urge the Department of Public Health to complete its study and submit its findings to the General Assembly, the Governor, and the Secretary of Public Health by January 1, 2017.

WHEREAS, The Purple Heart is awarded to a member of the United States Armed Forces who is wounded or killed in action as a result of enemy activity; and

WHEREAS, The Purple Heart is a symbol of courage and devotion; purple was chosen because it was associated with royalty and would stand out on any uniform; and

RE-AUTHORIZE SECTION 4 FEDERAL VOTING RIGHTS
(House Joint Resolution No. 124)

WHEREAS, In 2013, the Supreme Court of the United States, in Shelby County v. Holder, held that states can no longer be judged by voter discrimination that went on decades ago; and
WHEREAS, The formula used in Section 4(b) of the Voting Rights Act was found to be unconstitutional, outdated, and no longer relevant in modern times; if a state had qualified under the formula in Section 4(b), Section 5 would be activated, which required review either by the United States District Court for Washington, D.C. or the Attorney General; and

WHEREAS, The U.S. Supreme Court directed Congress to identify jurisdictions that should be singled out now for voter discrimination, as opposed to discrimination 40 years ago, as long as the formula does not include black voter registration and turnout from decades ago; and

WHEREAS, If Congress does not re-authorize the formula in Section 4(b), the Voting Rights Act loses much of its original purpose to prevent discrimination in voting; without a formula in Section 4, Section 5 preclearance goes unused in states with a history of discrimination; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we urge Congress to re-authorize Section 4 of the Federal Voting Rights Act so that citizens who were previously protected do not become disenfranchised; and be it further

Executive Order Rescinding Executive Order Number 2 (2004) 2016-12
Executive Order Establishing The Illinois Competitiveness Council 2016-13
WHEREAS, although the State of Illinois devotes significant resources to its information technology systems – ranking Illinois among the top five states nationally by technology expenditures – the State is considered among the bottom quartile of states nationally in digitization and other metrics of technological advancement; and

WHEREAS, much of the State’s technology spending is wasted; most agencies are responsible for managing their own technologies and technology personnel, resulting in thousands of redundant and non-interoperable systems; and the State continues to use outdated systems (in some cases, dating to 1974) that are more costly to maintain; and

WHEREAS, these thousands of systems are vulnerable to cyberattack, placing private information about State employees and their dependents, consumers of State services, taxpayers, and the residents and businesses of Illinois at risk to hackers, terrorists, and criminals; and

WHEREAS, the State previously recognized and attempted to confront this problem: in 2003, the General Assembly authorized the Department of Central Management Services (“CMS”) to direct the transfer and centralization of information technology functions from State agencies under the jurisdiction of the Governor to CMS; and

WHEREAS, under that authority, CMS consolidated some, but not all, information technology functions into its Bureau of Communications and Computer Services, but the results have been disappointing: many agencies continue to maintain their own infrastructure; almost all agencies continue to support their own software and application development; more than 70% of technology spending remains outside of CMS; and agencies in aggregate employ twice as many information technology personnel outside of CMS (approximately 1,200) as are employed by CMS (approximately 500); and

WHEREAS, although consolidation was not completed, it remains the best way to transform our information technology functions; to protect State data from cyberattack and breaches and to ensure compliance with data protection laws; to consolidate State technology resources, develop statewide enterprise solutions, leverage the State’s buying power, and avoid inefficiencies; to reduce costs and provide better value for our investment; and to provide State agencies with state-of-the-art technology and ensure interoperability of systems and data across State agencies, enabling those
agencies to provide better service to taxpayers, residents, businesses, and consumers and providers of State services; and

WHEREAS, consolidation and transformation of the State’s information technology functions will be accomplished most effectively through an agency independent of CMS, in particular because: information technology is too large to be a bureau of another agency; the State’s information technology headcount exceeds the combined headcount for all other functions performed by CMS; CMS is focused on other important administrative reforms; and the State must be nimble and flexible in order to meet the needs of its agencies and to provide timely, up-to-date technology services; and

WHEREAS, twenty-nine other states, as well as many local governments including the City of Chicago, have centralized responsibility for information technology functions within a single agency; and

WHEREAS, consolidation and transformation of the State’s information technology functions will carry out the purposes of the 2003 legislation, now codified at 20 ILCS 405/405-410;

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 11 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. DEFINITIONS

As used in this Executive Order:
“BCCS” means the CMS Bureau of Communications and Computer Services, also known as the Bureau of Information and Communication Services, created by 2 IAC 750.40, or its successor bureau within CMS.
“Client agency” means each transferring agency or its successor and each other public agency to which DoIT provides service.
“CMS” means the Department of Central Management Services.
“DoIT” means the Department of Innovation and Technology.
“Information technology” means technology, infrastructure, equipment, systems, software, networks, and processes used to create, send, receive, and store electronic or digital information, including without limitation both computer systems and telecommunication systems. The term “information technology” shall be construed broadly to incorporate future technologies (such as sensors) that change or supplant those in effect as of the effective date of this Executive Order.
“Information technology functions” means the development, procurement, installation, retention, maintenance, operation, possession, storage, and related functions of all information technology.
“Information Technology Office” means the Information Technology Office, also known as of the Office of the Chief Information Officer, an office within
the Office of the Governor, created by Executive Order 1999-05, or its successor office.

"Legacy IT division" means any division, bureau, or other unit of a transferring agency which has responsibility for information technology functions for the agency prior to the transfer of such functions to DoIT, including without limitation BCCS.

"Retained functions" means, with respect to a legacy IT division, non-information technology functions for which the legacy IT division is responsible, which are not transferred to DoIT.

"Secretary" means the Secretary of Innovation and Technology.

"Transferring agency" means each agency, authority, board, bureau, commission, council, department, division, instrumentality, office, or unit of the Executive Branch of State government which is directly responsible to the Governor and is transferring functions, employees, property, or funds to DoIT pursuant to this Executive Order.

II. CREATION OF DEPARTMENT OF INNOVATION AND TECHNOLOGY

The Information Technology Office, also known as the Office of the Chief Information Officer, is hereby reconstituted as a new principal department of the Executive Branch of State government, directly responsible to the Governor, called the Department of Innovation and Technology ("DoIT"). BCCS shall be consolidated into DoIT as of July 1, 2016.

The head officer of DoIT shall be known as the Secretary of Innovation and Technology ("Secretary"). The Secretary shall be the chief information officer for the State and the steward of State data, with respect to those agencies under the jurisdiction of the Governor. The Secretary shall be appointed by the Governor, with the advice and consent of the Senate. DoIT may employ or retain other persons to assist in the discharge of its functions, subject to the Personnel Code. DoIT shall be subject to all of the general laws applicable to Executive Branch agencies. The mission of DoIT is to deliver best-in-class innovation and technology to client agencies to foster collaboration among client agencies, to empower client agencies to provide better service to residents of Illinois, and to maximize the value of taxpayer resources. DoIT shall be responsible for the information technology functions on behalf of client agencies.

DoIT shall develop and implement data security and interoperability policies and procedures that ensure the security and interoperability of State data, including in particular data that are confidential, sensitive, or protected from disclosure by privacy or other laws, while recognizing and balancing the need for collaboration and public transparency. DoIT shall ensure compliance with applicable federal and State laws pertaining to information technology, data,
and records of DoIT and the client agencies, including without limitation the
Freedom of Information Act (5 ILCS 140/1 et seq.), the State Records Act (5
ILCS 160/1 et seq.), the Personal Information Protection Act (815 ILCS 530/1 et seq.), the federal Health Insurance Portability and Accountability Act
(HIPAA), the federal Health Information Technology for Economic and
Clinical Health Act (HITECH Act), and the federal Gramm-Leach-Bliley Act.
DoIT may establish, through the Secretary, charges for services rendered by
DoIT to client agencies for which funds are provided directly to the client
agency. In establishing charges, the Secretary shall consult with client
agencies, ensure that charges are transparent and clear, and minimize or avoid
charges for costs for which DoIT has other funding sources available.
Following the transfer of information technology functions to DoIT pursuant
to Section IV of this Executive Order, client agencies shall continue to apply
for and otherwise seek federal funds and other capital and operational
resources for technology for which the agencies are eligible and, subject to
compliance with applicable laws, regulations, and grant terms, make those
funds available for use by DoIT. DoIT shall assist client agencies in
identifying funding opportunities and, if funds are used by DoIT, ensuring
compliance with all applicable laws, regulations, and grant terms.
DoIT and each client agency continue to have whatever authority is provided
to them pursuant to the Intergovernmental Cooperation Act and other
applicable law to enter into interagency contracts. To the extent permitted by
law, DoIT may enter into such contracts to use personnel and other resources
that are retained by transferring agencies or other public agencies, to provide
services to public agencies within the State in addition to transferring
agencies, and for other appropriate purposes to accomplish DoIT’s mission.
III. TRANSITION
Beginning on the effective date of this Executive Order, DoIT and the
transferring agencies shall work cooperatively to prepare for the transfer of
functions, employees, property, and funds pursuant to Section IV of this
Executive Order, and to carry out other actions required to give effect to such
transfers, as of July 1, 2016. The transferring agencies shall provide DoIT
with access to personnel and other resources necessary to accomplish such
transition. During the transition period:
1. Under the direction of the Governor, the Secretary, in consultation
with the transferring agencies and labor organizations representing
the affected employees, shall identify each position and employee
who is engaged in the performance of functions transferred to DoIT,
or engaged in the administration of a law the administration of which
is transferred to DoIT, to be transferred to DoIT pursuant to Section
IV(1) of this Executive Order. An employee engaged primarily in
providing administrative support to a legacy IT division or information technology personnel may be considered engaged in the performance of functions transferred to DoIT. The Secretary shall ensure compliance with all applicable provisions of the Personnel Code and collective bargaining agreements, including providing any notices required thereunder within the applicable time periods.

2. Under the direction of the Governor, the Secretary, in consultation with the transferring agencies, shall identify personnel records, documents, books, correspondence, and other property, both real and personal, affected by the reorganization to be transferred to DoIT pursuant to Section IV(2) of this Executive Order. Such property may include contracts pertaining to the functions transferred to DoIT.

3. Under the direction of the Governor, the Director of the Governor’s Office of Management and Budget, in consultation with the Secretary and the transferring agencies, shall identify the unexpended balances of both Fiscal Year 2016 and Fiscal Year 2017 appropriations and other funds, or the relevant portions thereof, to be transferred to DoIT pursuant to Section IV(3) of this Executive Order.

IV. TRANSFER OF FUNCTIONS

As of July 1, 2016, the responsibility for information technology functions shall be transferred from each transferring agency to DoIT. These functions derive from the statutes set out on Exhibit A to this Executive Order. In connection with such transfer, as of July 1, 2016:

1. Each position and employee who is engaged in the performance of functions transferred to DoIT, or engaged in the administration of a law the administration of which is transferred to DoIT (as identified pursuant to Section III of this Executive Order), and the employee in each such position, shall be transferred to DoIT, pursuant to the provisions of any applicable collective bargaining agreement. The status and rights of any such employee, the State, and its agencies under the Personnel Code shall not be affected by this reorganization.

2. All personnel records, documents, books, correspondence, and other property, both real and personal, affected by the reorganization (as identified pursuant to Section III of this Executive Order) shall be delivered and transferred to DoIT or to the State Archives.

3. The unexpended balances of Fiscal Year 2016 and Fiscal Year 2017 appropriations and other funds available for use by a transferring agency in connection with the functions transferred to DoIT or the relevant portions thereof (as identified pursuant to Section III of this Executive Order and deemed necessary by the Governor) shall be transferred to DoIT and expended for the purposes for which the
appropriations or other funds were originally made or given to the transferring agency.

4. With respect to each transferring agency, this reorganization shall not affect (i) the composition of any multi-member board, commission, or authority, (ii) the manner in which any official of the agency is appointed, (iii) whether the nomination or appointment of any official of the agency is subject to the advice and consent of the Senate, (iv) any eligibility or qualification requirements pertaining to service as an official of the agency, or (v) the service or term of any incumbent official serving as of the effective date of this Executive Order.

5. Whenever any provision of any previous Executive Order or any Act provides for membership on any board, commission, authority, or other entity by a representative or designee of a transferring agency with responsibility for the functions transferred to DoIT, the Secretary, in consultation with the head of the transferring agency, shall designate the same number of representatives or designees of DoIT or the transferring agency, as appropriate.

V. LEGACY INFORMATION TECHNOLOGY DIVISIONS
Some transferring agencies have dedicated divisions, bureaus, or other units within the agency that are responsible for information technology functions ("legacy IT divisions"). The purpose of this Section V is to provide for the winding up of those legacy IT divisions.

a. Legacy IT Divisions with No Retained Functions
A legacy IT division that is responsible for only information technology functions will have no retained functions after the transfer of those functions to DoIT. In that circumstance, (i) the functions, employees, property, and funds of the legacy IT division shall be transferred to DoIT pursuant to Section IV of this Executive Order, and (ii) the head of the transferring agency shall abolish the legacy IT division as soon as practicable after July 1, 2016.

b. Legacy IT Divisions with Retained Functions
A legacy IT division that is responsible for both information technology functions and non-information technology functions will continue to be responsible for those non-information technology functions ("retained functions") after the transfer of information technology functions to DoIT. In that circumstance, (i) the information technology functions, employees, property, and funds of the legacy IT division shall be transferred to DoIT pursuant to Section IV of this Executive Order, and (ii) the head of the transferring agency shall continue to be responsible for the retained functions, and the head of the transferring agency shall consolidate the legacy IT division into another unit of the transferring agency or shall reconstitute the legacy IT
division as a non-information technology unit of the transferring agency, as determined by the head of the transferring agency, as soon as practicable after July 1, 2016.

If a legacy IT division has retained functions, employees, property, or funds which are not transferred to DoIT, then:

1. Each employee of the legacy IT division who is not transferred to DoIT shall continue to be employed by the transferring agency in a unit determined by the head of that agency. The status and rights of any such employee, the State, and its agencies under the Personnel Code shall not be affected by this reorganization.

2. All personnel records, documents, books, correspondence, and other property, both real and personal, of the legacy IT division in any way pertaining to the retained functions shall continue to be possessed by the transferring agency, within a unit determined by the head of the transferring agency.

3. The unexpended balances of appropriations and other funds available for use by a legacy IT division in connection with the retained functions shall be maintained by the transferring agency and expended for the purposes for which the appropriations or other funds were originally made or given.

4. With respect to each legacy IT division and transferring agency, this reorganization shall not affect (i) the composition of any multi-member board, commission, or authority, (ii) the manner in which any official of the agency is appointed, (iii) whether the nomination or appointment of any official of the agency is subject to the advice and consent of the Senate, (iv) any eligibility or qualification requirements pertaining to service as an official of the agency, or (v) the service or term of any incumbent official serving as of the effective date of this Executive Order.

5. Whenever any provision of any previous Executive Order or any Act provides for membership on any board, commission, authority, or other entity by a representative or designee of a legacy IT division with responsibility for retained functions, the head of the transferring agency shall designate the same number of representatives or designees of the transferring agency, as appropriate.

VI. INCONSISTENT ACTS; SPECIAL FUNDS

From the effective date of this reorganization, and as long as such reorganization remains in effect, the operation of any prior act of the General Assembly inconsistent with this reorganization is suspended to the extent of the inconsistency. In particular, but without limitation:
1. As of July 1, 2016, the information technology functions transferred from the transferring agencies to DoIT shall be the responsibility of DoIT, notwithstanding any statute that provides in particular that such function shall be carried out by CMS or a transferring agency (including without limitation 20 ILCS 405/405-10, 405-20, 405-250, 405-255, 405-260, 405-265, and 405-270).

2. As of July 1, 2016, the authority of CMS to expend funds of the Statistical Services Revolving Fund (a special fund of the State established pursuant to 30 ILCS 105/5.55, 6p-1, and 8.16a) and the Communications Revolving Fund (a special fund of the State established pursuant to 30 ILCS 105/5.12, 6p-2, and 8.16b), or the successor funds, shall be transferred to DoIT; and the authority of the Director of CMS to approve any contract or obligation incurred for any expenditure from either such special fund shall be transferred to the Secretary.

VII. REPORT TO THE GENERAL ASSEMBLY
DoIT shall provide a report to the General Assembly not later than December 31, 2016 and annually thereafter for three years, that includes data on the economies effected by the reorganization and an analysis of the effect of the reorganization on State government. The report shall also include the DoIT’s recommendations for further legislation relating to reorganization.
A copy of such report shall be filed with the Speaker, the Minority Leader, and the Clerk of the House of Representatives; the President, the Minority Leader, and the Secretary of the Senate; the Legislative Research Unit; and the State Government Report Distribution Center for the General Assembly.

VIII. SAVINGS CLAUSE
1. The rights, powers, duties, and functions transferred to the DoIT by this Executive Order shall be vested in, and shall be exercised by, DoIT. Each act done in exercise of such rights, powers, duties, and functions shall have the same legal affect as if done by the agency from which they were transferred. Every person shall be subject to the same obligations and duties and to the associated penalties, if any, and shall have the same rights arising from the exercise of these obligations and duties as if exercised subject to that agency or the officers and employees of that agency.

2. This Executive Order shall not affect any act undertaken, ratified or cancelled or any right occurring or established or any action or proceeding commenced in an administrative, civil, or criminal case before this Executive Order takes effect, but these actions or proceedings may be prosecuted and continued by the successor agency in cooperation with another agency, if necessary.
3. This Executive Order shall not affect the legality of any rules in the Illinois Administrative Code that are in force on the effective date of this Executive Order, which rules have been duly adopted by the pertinent agencies. Any rules, regulations, and other agency actions affected by the reorganization shall continue in effect and be transferred together with the transfer of functions. If necessary, however, the affected agencies shall propose, adopt, or repeal rules, rule amendments, and rule recodifications as appropriate to effectuate this Executive Order. These rule modifications shall coincide with, if applicable, the transfer of functions to DoIT.

4. Whenever reports or notices are now required to be made or given or paper or documents furnished or served by any person in regard to the functions transferred from an agency to DoIT pursuant to this Executive Order, the same shall be made, given, furnished, or served in the same manner to or upon DoIT.

5. This Executive Order does not contravene, and shall not be construed to contravene, any federal law, State statute (except as provided in Section VI of this Executive Order), or collective bargaining agreement.

IX. PRIOR EXECUTIVE ORDERS
This Executive Order supersedes any contrary provision of any other prior Executive Order, including without limitation Executive Order 1999-05.

X. SEVERABILITY CLAUSE
If any part of this Executive Order is found invalid by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect. The provisions of this Executive Order are severable.

XI. FILINGS
This Executive Order shall be filed with Secretary of State. A copy of this Executive Order shall be delivered to the Secretary of the Senate and to the Clerk of the House of Representatives and, for the purpose of preparing a revisory bill, to the Legislative Reference Bureau.

XII. EFFECTIVE DATE
Provided that neither house of the General Assembly disapproves of this Executive Order by the record vote of a majority of the members elected, this Executive Order shall take effect 60 days after its delivery to the General Assembly.

2016-2
EXECUTIVE ORDER PROMOTING COLLABORATION FOR ECONOMIC DEVELOPMENT

WHEREAS, Illinois is home to some of the greatest economic assets in the world, including a smart, dynamic workforce; strong, innovative companies; top universities; and roads, rail, waterways and airports that reach every corner of the continent and the world; and

WHEREAS, despite these advantages, for too long the policies and practices of State government have impeded economic growth in Illinois, causing Illinois to rank 48th out of all states for best business climate in 2015 by Chief Executive Magazine, rank 43rd by Forbes Magazine in 2015 for regulatory environment, receive an “F” grade for small business friendliness in the 2015 Thumbtack.com small business friendliness survey, and
according to the Bureau of Labor Statistics, ranked 45th in the nation for year-over-year private job creation entering 2016, and ranked 50th in the nation in monthly job creation in December 2015; and

WHEREAS, fostering opportunities for business growth and job creation is vital for Illinois to experience positive economic growth and greater opportunities for our citizens; and

WHEREAS, the Department of Commerce and Economic Opportunity (the “Department”) needs private sector assistance in order to operate with the efficiency and speed required to attract investment and jobs to Illinois; and

WHEREAS, other states that compete with Illinois at attracting companies looking to relocate or expand have established or partnered non-profit economic development corporations that recruit businesses more efficiently and effectively than the Department; and

WHEREAS, economic development corporations have been established around the country, including Indiana, Ohio, Missouri, North Carolina, Wisconsin, Michigan, Florida, and Virginia; and

WHEREAS, local governments in Illinois, including the City of Chicago, have also partnered with economic development corporations to recruit businesses to the city; and

WHEREAS, the Department, like many State agencies, works closely with private sector entities to fulfill its statutory mandated duties; and

WHEREAS, collaboration between the Department and an economic development corporation will enable the State to draw on the strengths of the private sector and more efficiently foster economic development, including through the research and development of best practices for economic development; and

WHEREAS, the Department will ensure that all work with any economic development corporation is accountable and transparent; and

WHEREAS, the Illinois Business and Economic Development Corporation was established as an operationally independent Illinois not-for-profit corporation to assist the Department in carrying out its economic development work and, in particular, to lessen the burdens of government of the State of Illinois, and to carry out research related to the economic development of the State of Illinois;

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 8 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. COLLABORATION BETWEEN THE DEPARTMENT AND THE ILLINOIS BUSINESS AND ECONOMIC DEVELOPMENT CORPORATION
The Department shall seek opportunities to collaborate with economic development corporations, including the Illinois Business and Economic Development Corporation, to promote Illinois and to facilitate business development, job creation, and investment. Because the Department is statutorily required to encourage job growth and economic development, collaboration with an economic development corporation will enable the Department to carry out those statutory duties more efficiently, thereby lessening the burdens of the Department and the government generally and improving the outcomes of the Department’s statutory mandates. The Department shall comply with all applicable laws, regulations, and policies, including procurement, grant-making, and transparency, in seeking and entering into any such collaboration.

IV. SEVERABILITY CLAUSE
If any part of this Executive Order is found invalid by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect.

If any part of this Executive Order is found invalid by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect.

VII. SAVINGS CLAUSE
This Executive Order does not contravene, and shall not be construed to contravene, any State or federal law, or any collective bargaining agreement.

VIII. PRIOR EXECUTIVE ORDERS
This Executive Order supersedes any contrary provision of any prior Executive Order.

2016-4
EXECUTIVE ORDER UPDATING AND STRENGTHENING ADMINISTRATIVE ORDER 6 (2003)

WHEREAS, the Governor has the constitutional authority, pursuant to Section 2 of Article XIII of the Illinois Constitution, to establish and enforce ethical standards for the executive branch; and

WHEREAS, the Governor’s authority under Section 2 of Article XIII of the Illinois Constitution allows the Governor to establish and enforce ethical standards above and beyond those already provided by legislation, regulation, or any employment contract (see Illinois State Employees Association v. Walker, 57 Ill. 2d 512 (1974)); and

WHEREAS, the Governor’s enforcement power under Section 2 of Article XIII of the Illinois Constitution includes without limitation the ability to impose appropriate discipline on employees properly found to have engaged in misconduct; and

WHEREAS, the State Officials and Employees Ethics Act (5 ILCS 430) (the “Ethics Act”) established the Office of Executive Inspector General for the Agencies of the Illinois Governor (“OEIG”) to investigate misconduct in agencies, boards, and commissions under the jurisdiction of the Governor; and

WHEREAS, the State Officials and Employees Ethics Act (5 ILCS 430) (the “Ethics Act”) established the Office of Executive Inspector General for the Agencies of the Illinois Governor (“OEIG”) to investigate misconduct in agencies, boards, and commissions under the jurisdiction of the Governor; and

WHEREAS, Administrative Order 6 (2003) purported to clarify the duties and responsibilities of the OEIG and the ISP DII, and to set forth procedures for investigating and reporting allegations of misconduct by State officeholders, appointees, employees, and vendors, as well as incidents at State facilities; and

WHEREAS, upon reviewing the policies and procedures set forth in Administrative Order 6 (2003), the Office of the Governor and the OEIG
concluded that those policies and procedures must be updated and strengthened to ensure that the OEIG, ISP DII, and agency inspectors general have the tools needed to investigate unethical conduct and corruption and enforce ethical standards in the executive branch;

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 2 of Article XIII and Section 8 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. DEFINITIONS

“Agency Head” means, with respect to a State Agency, the head of that State Agency, whether titled Director, Secretary, or otherwise.

“Agency Inspector General” means each inspector general of a State Agency, other than the OEIG, including without limitation each of the inspectors general of the Department of Child and Family Services, the Department of Healthcare and Family Services, the Department of Human Services, the Illinois State Toll Highway Authority, and any other statutorily-created inspector general of a State Agency.

“CMS” means the Department of Central Management Services.

“Ethics Officer” means, with respect to a State Agency, the ethics officer designated for that State Agency pursuant to Section 20-23 of the Ethics Act.

“Executive Inspector General” means the Executive Inspector General appointed by the Governor pursuant to Section 20-10 of the Ethics Act.

“Misconduct” or “misconduct” means any fraud, waste, abuse, mismanagement, misconduct, nonfeasance, misfeasance, malfeasance, or violation of law, rules, regulations, or court orders, including without limitation violations of the Ethics Act and/or the Criminal Code of 2012 (720 ILCS 5).

“State Agency” means any officer, department, agency, board, commission, or authority of the Executive Branch of the State of Illinois under the jurisdiction of the Governor for the purposes of Section 20-10(c) of the Ethics Act.

“State Employee” means any officer, employee (including without limitation full-time, part-time, and contractual employees), appointee (including without limitation paid and unpaid appointees), or person holding a similar position in any State Agency.

II. REVOCATION OF ADMINISTRATIVE ORDER 6 (2003)

Administrative Order 6 (2003) is revoked and rescinded. All policies and procedures set forth in Administrative Order 6 (2003) are replaced in their entirety by the policies and procedures set forth in this Executive Order.

III. RETALIATION IS NOT TOLERATED

The State of Illinois does not tolerate retaliation against State Employees who
raise genuine concerns about unethical, inappropriate, or illegal behavior. No State Employee shall retaliate against, punish, or penalize any person for complaining to, cooperating with, or assisting with an investigation or inquiry by a State Agency, the OEIG, ISP DII, or law enforcement. Any State Employee who violates this provision shall be subject to disciplinary action, up to and including discharge.

IV. ADOPTION OF A CODE OF PERSONAL CONDUCT

Pursuant to my authority under Section 2, Article XIII of the Illinois Constitution and Section 5-5(a)(i) of the Ethics Act, I direct CMS to adopt and implement a Code of Personal Conduct for all State Employees. I further authorize CMS, on my behalf, to file such Code of Personal Conduct with the Executive Ethics Commissions pursuant to Section 5-5(b) of the Ethics Act within 100 days of this Executive Order. Any State Employee who knowingly violates the Code of Personal Conduct, with the intent to defraud the State of Illinois, violates the Ethics Act and shall be subject to disciplinary action under the Ethics Act as set forth without limitation in Sections 20-15, 20-20, 20-50, 20-55, 50-5 and 50-10 of the Ethics Act and Title 2, Sections 1620.1100 and 1620.1110 of the Illinois Administrative Code.

V. STATE AGENCIES AND EMPLOYEES HAVE THE RESPONSIBILITY TO REPORT AND INVESTIGATE MISCONDUCT

Administrative Order 6 (2003) stated that State Employees must report alleged misconduct to the OEIG and must cooperate in OEIG investigations. However, that order also stated that only the OEIG had the authority to conduct internal State Agency investigations. This restriction led on many occasions to State Agencies failing to conduct their own investigatory and discipline processes when there were allegations of serious and often ongoing wrongdoing, allowing unethical behavior and other misconduct to thrive in State government without State Agencies or the Governor taking appropriate remedial action.

To ensure that allegations of misconduct that may be causing harm to taxpayers, State Employees, or recipients of State services are being addressed quickly and fairly, all State Agencies and State Employees must adhere to the following procedures:

1. **Reporting of Information**: In addition to all other statutory and State Agency reporting requirements, each State Employee shall report promptly to the OEIG and/or their Ethics Officer any information concerning alleged misconduct by a State Employee or vendor. The knowing failure of any State Employee to so report shall be cause for discipline, up to and including discharge. The knowing provision of
false information to the OEIG and/or Ethics Officer by any State Employee shall be cause for discipline, up to and including discharge.

2. Duty to Cooperate: Each State Agency and State Employee shall cooperate with, and provide assistance to, the OEIG in the performance of any investigation. In particular, each State Agency shall make its premises, equipment, personnel, books, records, and papers readily available to the OEIG. OEIG staff may enter the premises of any State Agency at any time, without prior announcement, if necessary for the successful completion of an investigation. In the course of an investigation, OEIG staff may question any State Employee serving in, and any other person transacting business with, a State Agency, and may inspect and copy any books, records, or papers in the possession of a State Agency, including without limitation those made confidential by law, taking care to preserve the confidentiality of information that is made confidential by law and is contained in any response to questions or in any book, record, or paper. Consistent with these duties, State Agencies shall consider the OEIG to be a “law enforcement agency.” The OEIG may compel any State Employee to truthfully answer questions concerning any matter related to the performance of his or her official duties. If so compelled, no statement or other evidence derived therefrom may be used against such State Employee in any subsequent criminal prosecution other than for charges of perjury or contempt arising from such testimony. The refusal of any State Employee to answer questions if compelled to do so shall be cause for discipline, up to and including discharge.

3. Responsibilities of Ethics Officers: Each Ethics Officer shall act as his or her State Agency’s primary liaison to the OEIG. Each Ethics Officer must promptly notify the OEIG of any allegations of misconduct after receiving such information. The notification should include all information known about the allegations and identities of potential witnesses. In addition, each Ethics Officer shall ensure that his or her current contact information, as well as the contact information for any other State Employee at the State Agency whose primary responsibility involves conducting or overseeing internal investigations, is provided to the OEIG.

4. Internal Agency Investigations: After referring an allegation to the OEIG in the manner set forth above, a State Agency shall take whatever further investigative or disciplinary action it deems appropriate, unless the OEIG has specifically requested, in writing, that the State Agency refrain from taking further action. In certain
circumstances, the OEIG may request that a State Agency conduct an internal investigation into allegations referred to the State Agency by the OEIG. In such cases, the Agency Head and the Ethics Officer shall immediately refer the allegations to a designated person or unit within the State Agency to investigate. The OEIG may require a written response regarding the State Agency’s internal investigation and outcome. The State Agency must respond to these requests for a response in a timely manner. If the State Agency’s internal inquiry develops information suggesting that the conduct alleged is more serious, widespread, or in any way different than originally reported, the State Agency shall contact the OEIG before continuing the investigation.

VI. OEIG AUTHORITY TO REVIEW HIRING AND EMPLOYMENT FILES

Pursuant to Section 20-20(9) of the Ethics Act, the OEIG has the authority to review hiring and employment files of each State Agency within its jurisdiction. Pursuant to this authority, the OEIG initiated a unit dedicated to the review of hiring and employment files: The Division of Hiring and Employment Monitoring. Each State Agency and every State Employee shall cooperate with, and provide assistance to, this division of the OEIG in the performance of any hiring and/or employment review. In particular, each State Agency shall make its premises, equipment, personnel, books, records, and papers readily available to the OEIG. In the course of a hiring and/or employment review, OEIG staff may, without prior announcement, request background and/or procedural information from any State Employee serving in, and any other person transacting business with, a State Agency, and may inspect and copy any books, records, or papers in the possession of a State Agency, including without limitation those made confidential by law, taking care to preserve the confidentiality of information that is made confidential by law and is contained in responses to questions or in books, records, or papers. OEIG staff may also monitor the interview and/or selection processes utilized by or within each State Agency.

VII. PROCEDURES FOR CERTAIN CRIMINAL CONDUCT AND EMERGENCY SITUATIONS

Certain incidents involving potential criminal conduct and other emergency situations must be reported immediately to the appropriate law enforcement agencies. In the event of an emergency situation requiring an immediate police response, the Illinois State Police, county, or municipal police agency that can provide the fastest response should be contacted. Examples of such emergency criminal situations include illegal use or unlawful possession of a weapon, bodily injury or immediate threat of bodily injury, narcotics-related
activity, criminal sexual assault, or death. In the event of an emergency
criminal situation, State Agencies and State Employees must adhere to the
following procedures:

1. **Report to ISP DII:** If another police agency was contacted in
an emergency criminal situation, the ISP DII also should be
contacted promptly.

2. **Preservation of Evidence:** The State Agency shall ensure the
preservation of the scene of the incident, the security of the
evidence, the maintenance of accurate records relating to the
condition of the victim, and other relevant information. Each
State Agency facility shall adopt and maintain procedures that
guarantee the preservation of evidence. Non-law enforcement
State Employees shall be advised not to disturb the scene until
law enforcement personnel arrive. Non-law enforcement State
Employees shall not take or initiate any investigation or
action unless directed to do so by law enforcement officers. If
any law enforcement official asks non-law enforcement State
Employees of a facility to take action, the non-law
enforcement State Employees shall promptly document
investigative activity and retain any physical evidence
gathered as a result of the inquiry.

3. **Reports and Records:** The State Agency shall maintain all
relevant documents and attachments related to the incident.
Any written record shall be confined to a concise summary of
the facts, and shall not contain conclusions or opinions. The
State Agency shall maintain related records in compliance
with the State Records Act (5 ILCS 160) and for a period of
at least five years after the close of the incident investigation.

4. **Special Procedures for Allegations of Physical Abuse:** All
suspected patient/resident/inmate abuse, criminal sexual
abuse or other incidents involving physical abuse for which
State Employees are allegedly responsible, or in which State
Employee negligence could have been a factor, shall be
reported immediately to the respective Agency Head or
designated administrative personnel. Any initial action taken
should be limited to assessing whether the conduct described
has occurred. If an incident has, or appears to have occurred
the matter should be treated as follows:

a. **Patient/Resident/Inmate Abuse or Neglect:** Upon
receiving notification of alleged abuse to a patient,
resident, or inmate in a State Agency facility by State
Employees, the administrator of the relevant facility shall immediately:

i. Have a physician examine and treat the patient, resident, or inmate and document his or her physical condition.

ii. Conduct a preliminary inquiry to establish that an incident of abuse has or appears to have occurred, and preserve all evidence and the integrity of the scene of the incident.

iii. Notify the Illinois State Police or other law enforcement agency if the need for immediate response by law enforcement is necessary. If the Illinois State Police was not notified in the first instance, the ISP DII shall be notified promptly.

iv. Conduct further inquiry into the incident if requested to do so.

v. Report any incident of patient, resident, or inmate abuse involving a person under the age of 18 years old in accordance with the Abused and Neglected Child Reporting Act (325 ILCS 5) to the Department of Children and Family Services within 24 hours after learning of such incident.

b. **Criminal Sexual Abuse:** If an alleged incident involves the criminal sexual abuse of a patient, resident, or inmate in a State Agency facility, the relevant facility administrator shall ensure that a physician examines the victim, utilizing a rape kit, as soon as possible after the alleged criminal sexual abuse. Such examination will be conducted to check the physical well-being of the victim, confirm injuries to the victim and document/obtain any physical evidence of any crime. All evidence should be obtained and preserved and clinical documentation completed. The facility administrator or his or her designee shall promptly notify the ISP DII.

c. **Death:** In accordance with the Counties Code (55 ILCS 5/3-3013), any death occurring in a State Agency facility shall be reported to the coroner of the county in which the State Agency facility is located.
In addition, in accordance with the Mental Health and Disabilities Code (405 ILCS 5/5-100), notice of death of a patient or resident (a change of status report) shall be given to the Clerk of the Circuit Court which committed the patient or resident, and other notifications and reports required by law, rules, or policies of the caretaker State Agency shall be made. All deaths other than by natural causes must be immediately reported to the ISP DII.

5. Special Procedures for Allegations of Attempted Bribery: Illinois law requires all State Employees to report attempted bribery. In general, bribery is an offer or solicitation of property (including without limitation money) or personal advantage with the intent to improperly influence a public employee in the performance of any act relating to his or her employment (720 ILCS 5/33-1). By law, State Employees must report all offers of bribes to the Illinois State Police (720 ILCS 5/33-2). Any employee who has reasonable grounds to believe that an attempt to bribe has been made or suggested shall (a) avoid any statement or implication indicating acceptance or non-acceptance of the bribe, and (b) immediately report the matter to supervisory personnel. A supervisor must promptly report all incidents of attempted bribery to the ISP DII. State Employees shall cooperate fully and completely in all bribery investigations and any matters relating to the investigation. The ISP DII shall immediately notify the local State’s Attorney and the OEIG, and initiate an investigation.

VIII. ENSURING COORDINATION BETWEEN AGENCY INSPECTORS GENERAL

1. Background

Administrative Order 6 (2003) stated that “in agencies where the position of inspector general is governed by statute, the inspectors general shall, by this Order, report to the OEIG. These agency inspectors general shall otherwise continue to operate and function as set forth in relevant sections of the Illinois Compiled Statutes and the Illinois Administrative Code.” Coordination among Agency Inspectors General and the OEIG ensures efficiency and effectiveness through cooperation in investigatory efforts and the sharing of resources and information. Although this reporting system has been in place for over 13 years, the efficiency and effectiveness of the Agency Inspectors General and the OEIG continue to be limited by
disconnects in communication, redundant functions, and “silohed” operations.

In State Agencies with an Agency Inspector General, the Agency Inspector General shall report to the OEIG. Because State Agencies with Agency Inspectors General benefit from receiving inspector general services that are specific to that State Agency, State Agencies with Agency Inspectors General shall continue to employ their respective Agency Inspector General and related staff, and shall continue to be responsible for all costs associated with the operations and activities of their respective Agency Inspector General and related staff. Except as set forth herein, Agency Inspectors General shall otherwise continue to operate and function as set forth in relevant sections of the Illinois Compiled Statutes and the Illinois Administrative Code.

To strengthen the reporting by the Agency Inspectors General to the OEIG that has been in place since 2003, and to ensure greater effectiveness of, and coordination between, the OEIG and the Agency Inspectors General, beginning on the date of this Executive Order:

a. The Executive Inspector General and the Agency Inspectors General shall meet bimonthly at a place and time set forth by the Executive Inspector General in order for the Agency Inspectors General to report to the Executive Inspector General on investigations and for the Executive Inspector General and the Agency Inspectors General to coordinate investigatory efforts.

b. The Executive Inspector General and the Agency Inspectors General shall share resources and coordinate investigations to reduce costs and operate more efficiently.

c. The Executive Inspector General shall review and approve the allocation of Agency Inspectors General staff and resources to ensure that investigations are conducted in an effective and impartial manner.

d. Agency Inspectors General shall report to and consult with the Executive Inspector General on all investigative reports that include findings of misconduct or other wrongdoing and the recommended corrective action contained in such reports before a report is finalized.

e. The Executive Inspector General shall set forth other reporting policies and procedures that she deems appropriate, and the Agency Inspectors General and
their respective staffs shall follow such policies and procedures in accordance with this Executive Order.

IX. SAVINGS CLAUSE
This Executive Order does not contravene, and shall not be construed to contravene, any federal law, State statute, or collective bargaining agreement.

X. PRIOR EXECUTIVE ORDERS
This Executive Order supersedes any contrary provision of any other prior Executive Order.

XI. SEVERABILITY CLAUSE
If any part of this Executive Order is found invalid by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect.

The provisions of this Executive Order are severable.

WHEREAS, State government-administered health care programs should operate in a transparent and efficient manner with the goal of delivering quality services while providing value to taxpayers; and

WHEREAS, fraud, waste, and abuse in State-administered health care programs increase the State’s health care costs, resulting in a bad deal for taxpayers and less resources for critical services; and

WHEREAS, in fiscal year 2015, the State of Illinois spent over $19 billion on the State Employee Group Insurance Program and the State-administered Medicaid program; and

WHEREAS, the federal Department of Health and Human Services estimates that on a national level, over $29 billion of taxpayer funds are spent each year on improper Medicaid payments; and

WHEREAS, notwithstanding these successes, a more comprehensive and cross-disciplinary approach is needed to harness the State’s various fraud-prevention resources to further prevent and eliminate fraud, waste, and
abuse and ensure that taxpayers are receiving the best return on investment for the State’s fraud prevention efforts;

2016-6

EXECUTIVE ORDER TO ELIMINATE THE BACKLOG AND DELAY IN STATE ADMINISTRATIVE PROCEEDINGS

WHEREAS, agencies of the State of Illinois make decisions that significantly impact the lives and livelihoods of Illinois residents and businesses – from deciding eligibility for healthcare and family benefits to
licensing professionals and businesses, and from determining whether a person has been a victim of discrimination to ensuring that employers pay all wages due to their employees; and

WHEREAS, our constitutional, democratic principles require the State to afford due process to people and businesses affected by these decisions; and

WHEREAS, State agency decisions are reviewable through administrative hearings conducted under the Administrative Procedures Act; and

WHEREAS, more than 100,000 administrative hearings are requested each year, and more requests are expected in years to come; and

WHEREAS, each State agency is responsible for conducting its own administrative hearings, and this decentralized approach has resulted in a patchwork system that often is inefficient and unresponsive to the needs of the people and businesses that depend on it; and

WHEREAS, State agencies often do not have systems that track the amount of time it takes for cases to be concluded, making it difficult to determine with any sense of certainty where to direct resources and personnel; and

WHEREAS, under our current administrative hearing system at some agencies, such as the Departments of Labor and Financial and Professional Regulation, parties can wait up to two years to have their cases adjudicated; and

WHEREAS, the Human Rights Commission, which enforces state laws that prohibit discrimination, currently has a backlog of over 1,000 cases that have been pending without a decision for at least 2 years and some as long as 3; and

WHEREAS, these backlogs and delays are unacceptable and can illustrate the legal maxim, “justice delayed is justice denied”; and

WHEREAS, although a single statute governs State agencies’ administrative hearings, agencies often have different, conflicting, and inconsistent rules of administrative procedure, which confuse parties, impede transparency, and contribute to the backlog and delays; and

WHEREAS, administrative law judges and hearing officers generally conduct administrative hearings for the agencies at which they work even when those very agencies are a party in the case, thereby creating at least an appearance of a conflict of interest; and

WHEREAS, each State agency now bears responsibility for creating its own procedural rules and its own filing and case management systems, and this arrangement results in redundant and inconsistent, non-interoperable procedures and systems across State government, with some agencies using
electronic filing systems while other agencies do not and with some agencies sending and receiving documents by email while others do not; and

WHEREAS, because State agencies use multiple disparate systems, data across the State are isolated in agency-specific applications, and as a result agencies cannot easily share data to more efficiently serve businesses and citizens and save taxpayer resources; and

WHEREAS, some State agencies have so little administrative support for their adjudicators that the adjudicators themselves must take time away from conducting hearings and drafting decisions in order to schedule hearings, arrange for interpreters, copy documents and perform similar tasks, all of which increases case backlogs and the amount of time citizens must wait to receive decisions; and

WHEREAS, currently, the amount of resources and personnel each State agency with adjudicators expends varies greatly and does not necessarily bear a relation to the number of claims received and adjudicated by that agency; an assessment of State agencies’ use of their resources for administrative hearings is required to determine if they are efficiently and effectively providing a high level of service, transparency, accountability, timely resolutions, efficient practices and procedures; and

WHEREAS, 30 states have established, either by statute or executive order, some form of a centralized office to preside over the state’s administrative hearings and more efficiently manage their large administrative caseloads; and

WHEREAS, the purpose of this Executive Order is to initiate a pilot program through which the State will provide some central, uniform administrative support to a limited number of State agencies and to determine whether further consolidation should be considered through a subsequent Executive Order or legislation;

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 11 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. DEFINITIONS

“Adjudicator” means an administrative law judge, hearing officer, hearing referee, or other State employee who conducts hearings on behalf of a State agency under the authority of the Office of the Governor pursuant to the Administrative Procedures Act.

“Bureau” means the CMS Bureau of Administrative Hearings.

“CMS” means the Department of Central Management Services.

“Pilot period” means the period from the effective date of this Executive Order until June 30, 2017, subject to extension by the Office of the Governor.

“State” means the State of Illinois.
II. CREATION OF THE BUREAU OF ADMINISTRATIVE HEARINGS

The Director of CMS shall create within CMS the Bureau of Administrative Hearings (the “Bureau”). The Director of CMS shall also appoint the Bureau Chief from its existing legal staff. The Bureau shall exist only during the pilot period, unless continued by subsequent Executive Order, administrative rule, or Public Act.

The Bureau shall invite up to ten State agencies (or such other number of State agencies as approved by the Office of the Governor) to participate in an administrative hearing support program during the pilot period. The Bureau shall enter into an interagency contract with each participating State agency, as authorized by the Intergovernmental Cooperation Act and other applicable law. Pursuant to such contract, the Bureau shall develop training programs for adjudicators; improve the process for assigning cases among adjudicators; promote shared resources among participating State agencies; develop uniform rules of procedure and recommend revisions to the agency’s administrative rules on administrative hearings; develop a standard code of professional conduct for adjudicators; and in cooperation with the Department of Innovation and Technology (“DoIT”), implement modern, uniform filing and case management systems.

As part of their focus on providing excellent customer service, State agencies should actively track case backlogs and workflows. Coordination among State agencies and the Bureau shall ensure efficiency and effectiveness through cooperation in the development of uniform rules of procedure and a standard code of professional conduct and through the sharing of resources and information necessary to determine the efficacy of the pilot program. The Bureau should monitor and seek to eliminate backlogs and inefficiencies wherever they exist, and should identify where these goals are hindered by disconnects in communication, poor or nonexistent electronic case management systems and decentralized operations.

The Bureau shall investigate and determine whether and to what extent the further consolidation of adjudicators, administrative hearing and support functions, and associated resources among State agencies would result in a more efficient, timely, and responsive administrative hearing system. Such consolidation would be accomplished by subsequent Executive Order or Public Act. The Bureau shall consider, without limitation, whether consolidation would enable more efficient administrative procedures, greater customer satisfaction, greater public trust and confidence, reduced backlog of cases, and any cost savings or cost avoidance.

The Bureau Chief shall meet with the Office of the Governor and the Director of CMS by each of June 30, 2016 and December 31, 2016, to report on, and
assess the impact of the administrative hearing support program. The Bureau Chief also shall describe the Bureau’s investigation and determination with respect to further consolidation, as contemplated above, and include the Bureau’s recommendations for any further reforms. By July 30, 2017, the Bureau Chief shall submit a written report to the Governor and the General Assembly and include the Bureau’s recommendations for any subsequent reforms.

III. SAVINGS CLAUSE
1. This Executive Order does not, and shall not be construed to, transfer any rights, powers, duties, functions, property, personnel, or funds from, to, or among State agencies; each State agency continues to have whatever authority is provided to it pursuant to the Intergovernmental Cooperation Act and other applicable law to enter into interagency contracts, which may include permissible transfers.
2. This Executive Order shall not affect any act undertaken, ratified, or cancelled or any right occurring or established or any action or proceeding commenced in an administrative, civil, or criminal case before this Executive Order takes effect, but these actions or proceedings may be prosecuted and continued by the Bureau in cooperation with the State agency, if necessary.
3. This Executive Order shall not affect the legality of any rules in the Illinois Administrative Code that are in force on the effective date of this Executive Order, which rules have been duly adopted by the pertinent agencies. If necessary, however, the affected agencies shall propose, adopt, or repeal rules, rule amendments, and rule recodifications as appropriate to effectuate this Executive Order.
4. This Executive Order does not contravene, and shall not be construed to contravene, any federal law, State statute, or collective bargaining agreement.

IV. PRIOR EXECUTIVE ORDERS
This Executive Order supersedes any contrary provision of any other prior Executive Order.

V. SEVERABILITY CLAUSE
If any part of this Executive Order is found invalid by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect. The provisions of this Executive Order are severable.

VI. EFFECTIVE DATE

2016-8
EXECUTIVE ORDER TO ENSURE EQUAL OPPORTUNITY IS PROVIDED TO ALL ILLINOIS BUSINESSES

WHEREAS, Illinois benefits from a diverse, multi-ethnic population, which contributes to the success of our economy and the character of our community; and

WHEREAS, it is the public policy of the State of Illinois to promote and encourage the continuing economic development of businesses owned by minority persons, women, and persons with disabilities; and

WHEREAS, the State of Illinois 2015 Disparity and Availability Study found that disparities exist between the availability of minority-owned and female-owned businesses and their utilization on State contracts and
associated subcontracts, as well as throughout the wider Illinois economy; and

WHEREAS, the State’s Chief Procurement Officer for General Services oversees the competitive bid process by which goods and services for the State are procured, and the Department of Central Management Services through its Business Enterprise Program works closely with the Chief Procurement Officer on procurements for agencies under the purview of the Office of the Governor; and

WHEREAS, ensuring that business opportunities are open to all persons and businesses, including in particular those of diverse backgrounds, and alleviating any discrimination and disparities in business opportunities, are critical to ensuring that Illinois’s economy grows and our community strengthens;

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 8 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. DEFINITIONS

As used in this Executive Order:
“BEP” means the State of Illinois Business Enterprise Program.
“CMS” means the Illinois Department of Central Management Services.
“CPO” means the Chief Procurement Officer for General Services.
“Disparity Study” means the State of Illinois 2015 Disparity and Availability Study.
“Female Owned Business” has the meaning provided by Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575/2).
“Minority Owned Business” has the meaning provided by Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575/2).
“Minority Person” has the meaning provided by Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575/2).
“Sheltered Market” has the meaning provided by Section 8b of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575/8b).
“State contracts” has the meaning provided by Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act (30 ILCS 575/2).

II. IMPLEMENTATION OF DISPARITY STUDY RECOMMENDATIONS

While CMS, the Governor’s Office, and the CPO already aim to eliminate
barriers in State contracting to minority and female owned businesses and to increase access to State contracting information for these market players through the State’s Business Enterprise Program housed at CMS, the 2015 Disparity and Availability Study reveals the State can do much more to advance the principle of fair contracting. CMS, in partnership with the Office of the Governor, shall implement the following reform programs within various agencies under the jurisdiction of the Governor:

Mentor/Protégé Program: CMS shall develop a Mentor/Protégé program to foster the development and mentoring of minority and female owned businesses. This program will pair BEP businesses with more experienced businesses to create mutually beneficial relationships. Protégés may receive financial, technical, or management assistance in obtaining and performing State contracts, while mentors may receive credit toward BEP goals that have been placed on their contracts in addition to other incentives.

Electronic Contracting: CMS shall implement an electronic contract data collection and monitoring system to track certain data included in State contracts relating to the utilization of BEP firms. This will increase transparency and access for vendors and ensure that the program meets best practices.

Financial Assistance: Access to bonding and working capital are the two largest barriers to the development and success of minority businesses. CMS shall take steps to enhance access to the current State-sponsored bonding and financial assistance programs. The State may allocate more resources to such programs to permit larger loans and bonds, helping to increase the capacity of BEP businesses.

Goal Setting: CMS shall review the process for placing BEP goals on State contracts using the availability estimates in the 2015 Disparity Study. CMS shall reform its goal-setting procedures accordingly and implement recommendations included in the Disparity Study to improve the process.

Procurement Forecasting: The ability to plan ahead is critical for small firms, which often lack the resources to respond quickly to new opportunities. CMS shall implement procurement forecasts, whereby State agencies project what they will spend at the general industry level or on specific projects, in order to increase BEP businesses’ access to State contracting information.

Increased Information: CMS shall conduct a review of the time it takes to put bid solicitations out to the public and the period of time in which bidders are required to submit their responses, to find ways to give prime and subcontractors an opportunity to identify partners
when bidding on State contracts.

Remove Barriers: CMS shall conduct a review of barriers to BEP businesses seeking State contracts, such as current experience requirements and location requirements, in an effort to address unequal access to contracting opportunities created by unnecessary or burdensome standards.

CMS shall report on its findings and its progress to the Office of the Governor and the CPO by July 1 of each year, beginning on July 1, 2017. This Section II shall not be construed to diminish the procuring authority or statutory responsibility of the CPO.

III. SHELTERED MARKET INITIATIVE

Sheltered markets are a procurement procedure in which certain State contracts are selected and specifically set aside for businesses owned and controlled by minorities, females, and persons with disabilities through competitive solicitations. Through this process, sheltered markets initiatives work to advance parity in State contracting for these groups. In the spirit of these initiatives, CMS shall review the findings of the 2015 Disparity and Availability Study, which examined disparities across different categories of spending. Where sheltered markets could be an appropriate solution to identified disparities in industry-specific areas, CMS shall take appropriate steps for the establishment of sheltered markets pursuant to the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, the Illinois Procurement Code, and other applicable law.

CMS shall report on its findings and its progress to the Office of the Governor and the CPO by July 1 of each year, beginning on July 1, 2017. This Section III shall not be construed to diminish the procuring authority or statutory responsibility of the CPO.

IV. SAVINGS CLAUSE

This Executive Order does not contravene, and shall not be construed to contravene, any federal law, State statute, or collective bargaining agreement.

V. PRIOR EXECUTIVE ORDERS

This Executive Order supersedes any contrary provision of any other prior Executive Order.

VI. SEVERABILITY CLAUSE

If any part of this Executive Order is found invalid by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect. The provisions of this Executive Order are severable.

VII. EFFECTIVE DATE

This Executive Order shall take effect immediately upon filing with the Secretary of State.

supporting, permanent organization, independent of the State, with flexibility to set its own agenda and goals; and

WHEREAS, the State will continue to support and be a partner in the Millennium Reserve Initiative;

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 8 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. LEADERSHIP FOR THE MILLENNIUM RESERVE INITIATIVE

The Task Force shall identify barriers faced by Millennium Reserve Initiative partners to accessing information, technical assistance, and funding from the Task Force’s member agencies; develop sustainable policies and programs to address those barriers within each agency’s mission, authorities, and existing resources; and promote and facilitate public-private partnerships to advance the initiative’s goals.

III. REPORT AND SUNSET

EXECUTIVE ORDER UPDATING TERMINOLOGY AT THE ILLINOIS DEPARTMENT OF CHILDREN AND FAMILY SERVICES

WHEREAS, there are approximately 14,800 youth in the care of the Illinois Department of Children and Family Services (DCFS) under the provisions of the Children and Family Services Act (20 ILCS 505) and the Juvenile Court Act of 1987 (705 ILCS 405); and

WHEREAS, the General Assembly passed House Bill 5665, authorizing foster parents to operate under a prudent parent standard encouraging foster youth to participate in appropriate extracurricular,
enrichment, cultural, and social activities in a manner that allows that child to be involved in his or her community to the fullest extent possible; and

WHEREAS, those youth in the care of the State who participate in age-appropriate extracurricular, enrichment, cultural, and social activities have better odds of developing long-term self-sufficiency after care; and

WHEREAS, foster youth have expressed displeasure with being labeled and treated differently from other youth; and

WHEREAS, the child welfare system currently utilizes terminology – such as “placement” instead of “home” and “ward” instead of “youth” – that makes youth in care feel they are part of a bureaucracy instead of a family; and

WHEREAS, the term “ward” is widely viewed by foster youth as particularly disparaging and becomes a dominant label for their legal status as distinct to that of other children and youth; and

WHEREAS, the way we label and treat children and youth has a substantial effect on their self-confidence and their trust in those they rely on for protection and nurture; and

WHEREAS, the terms “ward of the state” and “ward of the Department” are outdated and misused terms; and

WHEREAS, young people who have been part of the foster care system support the replacement of the outdated terminology “ward of the state” and “ward of the Department” with the term “youth in care”;

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 8 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. TERMINOLOGY

1. DCFS shall refrain from using the term “ward” except in situations required under Illinois statutes. DCFS shall instead use the term “youth in care” and other terms that show respect and encouragement to youth who are in State care.

Issued by the Governor October 14, 2016.
Filed by the Secretary of State October 14, 2016.

WHEREAS, in the World Economic Forum’s Global Competitiveness Report, international economic experts found that “[g]overnment attitudes
toward markets and freedoms and the efficiency of its operations” are “very important” to “sustaining prosperity and raising the well-being of its citizens”; and

WHEREAS, the World Economic Forum also found that “excessive bureaucracy and red tape, overregulation, corruption, dishonesty in dealing with public contracts, lack of transparency and trustworthiness, inability to provide appropriate services for the business sector and political dependence on the judicial system impose significant economic costs to businesses and slow the process of economic development”; and

WHEREAS, by statutory mandates, administrative rules, licensing requirements, and internal agency policies, the State of Illinois has placed a tremendous regulatory burden on its citizens, social service providers and businesses that increase the cost of doing business in Illinois, stretch the resources of social service providers and prevent our citizens from obtaining critical services in a timely manner; and

WHEREAS, burdensome and unnecessary regulations, policies, and licensing requirements impose a disproportionate economic impact on small businesses and, according to one study published by the State of California, add as much as $134,000 in additional expenses on every small business each year; and

WHEREAS, Illinois trails other states, such as Arizona, Colorado, Florida, Indiana, Kentucky, Massachusetts, Michigan, New Jersey, and Wisconsin, which have implemented comprehensive reviews and reforms of anti-competitive laws, rules, and policies that impose unnecessary costs on their businesses and citizens, giving those states a competitive edge over Illinois when it comes to attracting businesses and entrepreneurs; and

WHEREAS, government regulations should promote economic development, increase government effectiveness, and help our most vulnerable citizens obtain services in an efficient and expeditious manner; and

WHEREAS, Illinois’ regulatory process should be transparent and take into account public input, and agencies should be responsive to regulated communities to ensure compliance; and

WHEREAS, many of the State’s agencies have outdated, redundant or inconsistent regulations, resulting in an inconsistent and unnecessary regulatory framework across the State and public frustration; and

WHEREAS, licensing rules cause those seeking a license a delay in pursuing their chosen profession and create anti-competitive barriers to entry into the marketplace; and

WHEREAS, there is no clear, concise guidance for drafting and implementing new policies and regulations and therefore, state agencies apply
an inconsistent patchwork of anti-competitive standards to the rule making process; and

WHEREAS, a comprehensive review of existing administrative rules and internal agency policies is essential to determine their current necessity and relieve citizens, businesses and social service providers from the crush of unnecessary, outdated and inconsistent regulations; and

WHEREAS, Illinois’ government should strive for the most legally-grounded, least onerous, least costly and most efficient and effective body of administrative law possible; and

WHEREAS, without compromising the health, safety or welfare of Illinois’ citizens, this review should result in the elimination or simplification of unnecessary or unduly burdensome and anti-competitive administrative rules and policies; and

THEREFORE, I, Bruce Rauner, Governor of Illinois, by virtue of the executive authority vested in me by Section 8 of Article V of the Constitution of the State of Illinois, do hereby order as follows:

I. CUTTING THE RED TAPE

All agencies, boards, commissions, and authorities of the Executive Branch of the State of Illinois under the jurisdiction of the Governor (each an “Agency”) shall conduct a comprehensive review of their administrative rules and policies, (collectively “ Regulations”), as part of the Cutting the Red Tape Initiative. All other State agencies are also urged to conduct a similar review. In conducting such review, each Agency shall ensure that all current and new regulations meet the following guidelines:

1. Regulation is up to date and reflective of current Agency functions and programs.
2. Regulation is drafted in such a way as to be understood by the general public. Regulations should be clear, concise and drafted in readily understood language. Regulations should not create legal uncertainty.
3. Regulation is consistent with other rules across Agencies. Agencies should coordinate to ensure rules are not conflicting or have duplicative requirements.
4. Regulation should not cause an undue administrative delay or backlog in processing necessary paperwork for businesses or citizens.
5. Regulation does not impose unduly burdensome requirements on business, whether through time or cost, or have a negative effect on the State’s overall job growth. In considering this criterion, the Agency should consider whether there are less burdensome alternatives to achieve the Regulation’s purpose.
6. Regulation does not impose unnecessary burden on social service providers or recipients, whether though time or cost. In considering this criterion, the Agency should consider whether there are ways to revise the Regulation to make it easier for social service providers and recipients to provide or receive services.

7. There is a clear need and statutory authority for the Regulation. Regulation should not exceed the Agency’s statutory authority and should be drafted so as to impose statutory requirements in the least restrictive way possible. In considering these criteria, the Agency should also consider whether the Regulation exceeds federal requirements or duplicates local regulations or procedures.

Each Agency shall complete their review of their administrative rules by May 1, 2017. Each Agency shall provide the Competitiveness Council established by this Executive Order with quarterly reports until such review is complete. Any current or proposed Regulation that does not meet each of the above criteria should be revised or repealed. Upon completion of the Agency’s review, the Agency shall submit all revisions and repeals of administrative rules to the Joint Committee on Administrative Rules and the Secretary of State in accordance with the Administrative Procedure Act (5 ILCS 100). For any internal agency policy not required by the Administrative Procedure Act to be submitted to the Joint Committee on Administrative Rules and the Secretary of State, the Agency shall promptly process all revisions and appeals in accordance with Agency procedure.

II. ENSURING TRANSPARENCY AND PUBLIC INPUT

Burdensome Regulations affect the public’s ability to start and run a business, achieve desired employment, and receive and provide critical services. It is essential that Agencies work closely with the citizens they serve in order to ensure that those affected by government regulation have their voices heard. In order to ensure transparency and proper public input in Cutting the Red Tape, each Agency shall:

DISASTER AREA - STATE OF ILLINOIS

WHEREAS, between December 23 and 28, 2015, continuous waves of severe storms generating heavy rainfall moved through Illinois; and,
WHEREAS, moderate to major flooding continues on the Mississippi, Ohio, Illinois, Embarras and Sangamon rivers in many locations, with some crests still expected; and,
WHEREAS, the high river levels have caused and continue to pose a severe risk of substantial flooding in many Illinois counties, resulting in significant property damage to homes and businesses, power outages, and impacts to transportation; and,
WHEREAS, according to the National Weather Service, these storms have produced a range of approximately four to nine inches of precipitation in the affected counties; and,
WHEREAS, requests for aid received by the Illinois Emergency Management Agency indicate that local resources and capabilities have been exhausted and that State resources are needed to respond to and recover from the effects of the flooding; and,
WHEREAS, these conditions provide legal justification under section 7 of the Illinois Emergency Management Act for the issuance of a proclamation of disaster;
NOW, THEREFORE, in the interest of aiding the people of Illinois and the local governments responsible for ensuring public health and safety, I, Bruce Rauner, Governor of the State of Illinois, hereby proclaim as follows:
Section 1: Pursuant to the provisions of Section 7 of the Illinois Emergency Management Agency Act, 20 ILCS 3305/7, I find that a disaster exists within the State of Illinois and specifically declare Cass, Cumberland, Iroquois, Lawrence, Marion, Menard, Moultrie, Pike, Richland, Sangamon and Vermilion Counties as disaster areas.
Section 2. The Illinois Emergency Management Agency is directed to continue the implementation of the State Emergency Operations Plan and the coordination of State resources to support local governments in disaster response and recovery operations.
Section 3. Pursuant to the provisions of Section 7(a)(1), I suspend any regulatory statute or order, rule, or regulation of any State agency that the Illinois Emergency Management Agency determines that, to best implement the State Emergency Operations Plan, strict compliance with the provisions of that statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action, including emergency purchases, to cope with this disaster.
Section 4: This proclamation can facilitate a request for Federal disaster assistance if a complete and comprehensive assessment of damage indicates that effective recovery is beyond the capabilities of the State and affected local governments.

Section 5: This proclamation shall be effective immediately and remain in effect for 30 days.

Issued by the Governor January 5, 2016.
Filed by the Secretary of State January 5, 2016.

2016-2
CAREER AND TECHNICAL EDUCATION MONTH
