The General Assembly shall provide by law for a uniform effective date for laws passed prior to June 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to June 1. 75/1. Effective Date of Laws
"§1 (a) A bill passed prior to June 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.
(b) A bill passed prior to June 1 of a calendar year that does provide for an effective date in the terms of the bill shall become effective on that date if that date is the same as or subsequent to the date the bill becomes a law; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

75/2. Special Effective Dates

PUBLIC ACT 99-0503
(House Bill No. 1260)

AN ACT concerning business.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Personal Information Protection Act is amended by changing Sections 5, 10, and 12 and adding Sections 45 and 50 as follows:

(815 ILCS 530/5)
Sec. 5. Definitions. In this Act:
"Data Collector" may include, but is not limited to, government agencies, public and private universities, privately and publicly held corporations, financial institutions, retail operators, and any other entity that, for any purpose, handles, collects, disseminates, or otherwise deals with nonpublic personal information.

"Breach of the security of the system data" or "breach" means unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of personal information maintained by the data collector. "Breach of the security of the system data" does not include good faith acquisition of personal information by an employee or agent of the data collector for a legitimate purpose of the data collector, provided that the personal information is not used for a purpose unrelated to the data collector's business or subject to further unauthorized disclosure.

"Health insurance information" means an individual's health insurance policy number or subscriber identification number, any unique identifier used by a health insurer to identify the individual, or any medical information in an individual's health insurance application and claims history, including any appeals records.

New matter indicated by italics - deletions by strikeout
"Medical information" means any information regarding an individual's medical history, mental or physical condition, or medical treatment or diagnosis by a healthcare professional, including such information provided to a website or mobile application.

"Personal information" means either of the following:

1. an individual's first name or first initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted or redacted or are encrypted or redacted but the keys to unencrypt or unredact or otherwise read the name or data elements have been acquired without authorization through the breach of security:
   - (A) Social Security number.
   - (B) Driver's license number or State identification card number.
   - (C) Account number or credit or debit card number, or an account number or credit card number in combination with any required security code, access code, or password that would permit access to an individual's financial account.
   - (D) Medical information.
   - (E) Health insurance information.
   - (F) Unique biometric data generated from measurements or technical analysis of human body characteristics used by the owner or licensee to authenticate an individual, such as a fingerprint, retina or iris image, or other unique physical representation or digital representation of biometric data.

2. user name or email address, in combination with a password or security question and answer that would permit access to an online account, when either the user name or email address or password or security question and answer are not encrypted or redacted or are encrypted or redacted but the keys to unencrypt or unredact or otherwise read the data elements have been obtained through the breach of security.

"Personal information" does not include publicly available information that is lawfully made available to the general public from federal, State, or local government records.

(815 ILCS 530/10)
Sec. 10. Notice of Breach.

(a) Any data collector that owns or licenses personal information concerning an Illinois resident shall notify the resident at no charge that there has been a breach of the security of the system data following discovery or notification of the breach. The disclosure notification shall be made in the most expedient time possible and without unreasonable delay, consistent with any measures necessary to determine the scope of the breach and restore the reasonable integrity, security, and confidentiality of the data system. The disclosure notification to an Illinois resident shall include, but need not be limited to, information as follows:

(1) With respect to personal information as defined in Section 5 in paragraph (1) of the definition of "personal information":

(A) the toll-free numbers and addresses for consumer reporting agencies;

(B) the toll-free number, address, and website address for the Federal Trade Commission; and

(C) a statement that the individual can obtain information from these sources about fraud alerts and security freezes.

The notification shall not, however, include information concerning the number of Illinois residents affected by the breach.

(2) With respect to personal information defined in Section 5 in paragraph (2) of the definition of "personal information", notice may be provided in electronic or other form directing the Illinois resident whose personal information has been breached to promptly change his or her user name or password and security question or answer, as applicable, or to take other steps appropriate to protect all online accounts for which the resident uses the same user name or email address and password or security question and answer.

(b) Any data collector that maintains or stores, but does not own or license, computerized data that includes personal information that the data collector does not own or license shall notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person. In addition to providing such notification to the owner or licensee, the data collector shall cooperate with the owner or licensee in matters relating to the breach.
That cooperation shall include, but need not be limited to, (i) informing the owner or licensee of the breach, including giving notice of the date or approximate date of the breach and the nature of the breach, and (ii) informing the owner or licensee of any steps the data collector has taken or plans to take relating to the breach. The data collector's cooperation shall not, however, be deemed to require either the disclosure of confidential business information or trade secrets or the notification of an Illinois resident who may have been affected by the breach.

(b-5) The notification to an Illinois resident required by subsection (a) of this Section may be delayed if an appropriate law enforcement agency determines that notification will interfere with a criminal investigation and provides the data collector with a written request for the delay. However, the data collector must notify the Illinois resident as soon as notification will no longer interfere with the investigation.

(c) For purposes of this Section, notice to consumers may be provided by one of the following methods:

(1) written notice;

(2) electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures for notices legally required to be in writing as set forth in Section 7001 of Title 15 of the United States Code; or

(3) substitute notice, if the data collector demonstrates that the cost of providing notice would exceed $250,000 or that the affected class of subject persons to be notified exceeds 500,000, or the data collector does not have sufficient contact information. Sec. 12. Notice of breach; State agency.

(a) Any State agency that collects personal information concerning an Illinois resident shall notify the resident at no charge that there has been a breach of the security of the system data or written material following discovery or notification of the breach. The disclosure notification shall be made in the most expedient time possible and without unreasonable delay, consistent with any measures necessary to determine the scope of the breach and restore the reasonable integrity, security, and confidentiality of the data system. The disclosure notification to an Illinois resident shall include, but need not be limited to information as follows:

(1) With respect to personal information defined in Section 5 in paragraph (1) of the definition of "personal information":
   (i) the toll-free numbers and addresses for consumer reporting agencies;
   (ii) the toll-free number, address, and website address for the Federal Trade Commission; and
   (iii) a statement that the individual can obtain information from these sources about fraud alerts and security freezes.

(2) With respect to personal information as defined in Section 5 in paragraph (2) of the definition of "personal information", notice may be provided in electronic or other form directing the Illinois resident whose personal information has been breached to promptly change his or her user name or password and security question or answer, as applicable, or to take other steps appropriate to protect all online accounts for which the resident uses the same user name or email address and password or security question and answer.

The notification shall not, however, include information concerning the number of Illinois residents affected by the breach.

(a-5) The notification to an Illinois resident required by subsection (a) of this Section may be delayed if an appropriate law enforcement agency determines that notification will interfere with a criminal investigation and provides the State agency with a written request for the

delay. However, the State agency must notify the Illinois resident as soon as notification will no longer interfere with the investigation.

(b) For purposes of this Section, notice to residents may be provided by one of the following methods:

(1) written notice;

(2) electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures for notices legally required to be in writing as set forth in Section 7001 of Title 15 of the United States Code; or

(3) substitute notice, if the State agency demonstrates that the cost of providing notice would exceed $250,000 or that the affected class of subject persons to be notified exceeds 500,000, or the State agency does not have sufficient contact information. Substitute notice shall consist of all of the following: (i) email notice if the State agency has an email address for the subject persons; (ii) conspicuous posting of the notice on the State agency's web site page if the State agency maintains one; and (iii) notification to major statewide media.

(c) Notwithstanding subsection (b), a State agency that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this Act shall be deemed in compliance with the notification requirements of this Section if the State agency notifies subject persons in accordance with its policies in the event of a breach of the security of the system data or written material.

(d) If a State agency is required to notify more than 1,000 persons of a breach of security pursuant to this Section, the State agency shall also notify, without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined by 15 U.S.C. Section 1681a(p), of the timing, distribution, and content of the notices. Nothing in this subsection (d) shall be construed to require the State agency to provide to the consumer reporting agency the names or other personal identifying information of breach notice recipients.

(e) Notice to Attorney General. Any State agency that suffers a single breach of the security of the data concerning the personal information of more than 250 Illinois residents shall provide notice to the Attorney General of the breach, including:

(A) The types of personal information compromised in the breach.

New matter indicated by italics - deletions by strikeout
(B) The number of Illinois residents affected by such incident at the time of notification.
(C) Any steps the State agency has taken or plans to take relating to notification of the breach to consumers.
(D) The date and timeframe of the breach, if known at the time notification is provided.

Such notification must be made within 45 days of the State agency's discovery of the security breach or when the State agency provides any notice to consumers required by this Section, whichever is sooner, unless the State agency has good cause for reasonable delay to determine the scope of the breach and restore the integrity, security, and confidentiality of the data system, or when law enforcement requests in writing to withhold disclosure of some or all of the information required in the notification under this Section. If the date or timeframe of the breach is unknown at the time the notice is sent to the Attorney General, the State agency shall send the Attorney General the date or timeframe of the breach as soon as possible.

PUBLIC ACT 99-0504
(House Bill No. 5913)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Plumbing License Law is amended by changing Sections 3, 8, and 10 as follows:

(225 ILCS 320/3) (from Ch. 111, par. 1103)

Sec. 3. (1) All planning and designing of plumbing systems and all plumbing shall be performed only by plumbers licensed under the provisions of this Act hereinafter called "licensed plumbers" and "licensed apprentice plumbers". The inspection of plumbing and plumbing systems shall be done only by the sponsor or his or her agent who shall be an Illinois licensed plumber. Nothing herein contained shall prohibit licensed plumbers or licensed apprentice plumbers under supervision from planning, designing, inspecting, installing, repairing, maintaining, altering or extending building sewers in accordance with this Act. No person who holds a license or certificate of registration under the Illinois Architecture

Practice Act of 1989, or the Structural Engineering Practice Act of 1989, or the Professional Engineering Practice Act of 1989 shall be prevented from planning and designing plumbing systems. Each licensed plumber shall, as a condition of each annual license renewal after the first license, provide proof of completion of 4 hours of continuing education. Sponsors of continuing education shall meet the criteria provided by the Board of Plumbing Examiners and Plumbing Code advisory council. Continuing education courses shall provide instruction in plumbing, which is supervised directly by an Illinois licensed plumber only.

(2) Nothing herein contained shall prohibit the owner occupant or lessee occupant of a single family residence, or the owner of a single family residence under construction for his or her occupancy, from planning, installing, altering or repairing the plumbing system of such residence, provided that (i) such plumbing shall comply with the minimum standards for plumbing contained in the Illinois State Plumbing Code, and shall be subject to inspection by the Department or the local governmental unit if it retains a licensed plumber as an inspector; and (ii) such owner, owner occupant or lessee occupant shall not employ other than a plumber licensed pursuant to this Act to assist him or her.

For purposes of this subsection, a person shall be considered an "occupant" if and only if he or she has taken possession of and is living in the premises as his or her bona fide sole and exclusive residence, or, in the case of an owner of a single family residence under construction for his or her occupancy, he or she expects to take possession of and live in the premises as his or her bona fide sole and exclusive residence, and he or she has a current intention to live in such premises as his or her bona fide sole and exclusive residence for a period of not less than 6 months after the completion of the plumbing work performed pursuant to the authorization of this subsection, or, in the case of an owner of a single family residence under construction for his or her occupancy, for a period of not less than 6 months after the completion of construction of the residence. Failure to possess and live in the premises as a sole and exclusive residence for a period of 6 months or more shall create a rebuttable presumption of a lack of such intention.

(3) The employees of a firm, association, partnership or corporation who engage in plumbing shall be licensed plumbers or licensed apprentice plumbers. At least one member of every firm, association or partnership engaged in plumbing work, and at least one corporate officer of every corporation engaged in plumbing work, as the

case may be, shall be a licensed plumber. A retired plumber cannot fulfill the requirements of this subsection (3). Plumbing contractors are also required to be registered pursuant to the provisions of this Act.

Notwithstanding the provisions of this subsection (3), it shall be lawful for an irrigation contractor registered under Section 2.5 of this Act to employ or contract with one or more licensed plumbers in connection with work on lawn sprinkler systems pursuant to Section 2.5 of this Act.

(4) (a) A licensed apprentice plumber shall plan, design and install plumbing only under the supervision of the sponsor or his or her agent who is also an Illinois licensed plumber.

(b) An applicant for licensing as an apprentice plumber shall be at least 16 years of age and apply on the application form provided by the Department. Such application shall verify that the applicant is sponsored by an Illinois licensed plumber or an approved apprenticeship program and shall contain the name and license number of the licensed plumber or program sponsor.

(c) No licensed plumber shall sponsor more than 2 licensed apprentice plumbers at the same time. If 2 licensed apprentice plumbers are sponsored by a plumber at the same time, one of the apprentices must have, at a minimum, 2 years experience as a licensed apprentice. No licensed plumber sponsor or his or her agent may supervise 2 licensed apprentices with less than 2 years experience at the same time. The sponsor or agent shall supervise and be responsible for the plumbing performed by a licensed apprentice.

(d) No agent shall supervise more than 2 licensed apprentices at the same time.

(e) No licensed plumber may, in any capacity, supervise more than 2 licensed apprentice plumbers at the same time.

(f) No approved apprenticeship program may sponsor more licensed apprentices than 2 times the number of licensed plumbers available to supervise those licensed apprentices.

(g) No approved apprenticeship program may sponsor more licensed apprentices with less than 2 years experience than it has licensed plumbers available to supervise those licensed apprentices.

(h) No individual shall work as an apprentice plumber unless he or she is properly licensed under this Act. The

New matter indicated by italics - deletions by strikeout
Department shall issue an apprentice plumber's license to each approved applicant.

(i) No licensed apprentice plumber shall serve more than a 6 year licensed apprenticeship period. If, upon completion of a 6 year licensed apprenticeship period, such licensed apprentice plumber does not apply for the examination for a plumber's license and successfully pass the examination for a plumber's license, his or her apprentice plumber's license shall not be renewed.

Nothing contained in P.A. 83-878, entitled "An Act in relation to professions", approved September 26, 1983, was intended by the General Assembly nor should it be construed to require the employees of a governmental unit or privately owned municipal water supplier who operate, maintain or repair a water or sewer plant facility which is owned or operated by such governmental unit or privately owned municipal water supplier to be licensed plumbers under this Act. In addition, nothing contained in P.A. 83-878 was intended by the General Assembly nor should it be construed to permit persons other than licensed plumbers to perform the installation, repair, maintenance or replacement of plumbing fixtures, such as toilet facilities, floor drains, showers and lavatories, and the piping attendant to those fixtures, within such facility or in the construction of a new facility.

Any such work which was customarily performed prior to the effective date of such Act by persons who were licensed plumbers or subcontracted to persons who were licensed plumbers must continue to be performed by persons who are licensed plumbers or subcontracted to persons who are licensed plumbers. When necessary under this Act, the Department shall make the determination whether or not persons who are licensed plumbers customarily performed such work.

In the event the total money available in the Supplementary Payment Reserve from such sources are insufficient to make the total payments to all persons entitled to such increases for the year, a proportionate amount computed as the ratio of the money available to the total of the total payments specified for that year shall be paid to each person for that year.

The Fund shall be obligated for the payment of the increases in annuity as provided for in this Section only to the extent that the assets for such purpose are available.

The tax shall be at a rate that will produce a sum which, when added to the amounts deducted from the policemen's salaries and the amounts deposited in accordance with subsection (g), is sufficient for the purposes of the fund.

Beginning in tax levy year 2020, the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce when extended an annual amount that is equal to no less than (1) the normal cost to the Fund, plus (2) an annual amount sufficient to bring the total assets of the Fund up to 90% of the total actuarial liabilities of the Fund by the end of fiscal year 2055 (2040), as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the Fund or the city. In making these determinations, the required minimum employer contribution shall be calculated each year as a level percentage of payroll over the years remaining up to and including fiscal year 2055 (2040) and shall be determined under the entry age normal actuarial cost method. Beginning in payment year 2056, the city's total required contribution in that year and each year thereafter shall be an annual amount that is equal to no less than (1) the normal cost of the Fund, plus (2) the annual amount determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the Fund to be equal to the amount, if any, needed to bring the total actuarial assets of the Fund up to 90% of the total actuarial liabilities of the Fund as of the end of the year, utilizing the entry age normal cost method as provided above or the projected unit credit actuarial cost method.

For the purposes of this subsection (a), contributions by the policeman to the Fund shall not include payments made by a policeman to establish credit under Section 5-214.2 of this Code.

(a-5) For purposes of determining the required employer contribution to the Fund, the value of the Fund's assets shall be equal to the actuarial value of the Fund's assets, which shall be calculated as follows:

(1) On March 30, 2011, the actuarial value of the Fund's assets shall be equal to the market value of the assets as of that date.

(2) In determining the actuarial value of the Fund's assets for fiscal years after March 30, 2011, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(a-7) If the city fails to transmit to the Fund contributions required of it under this Article for more than 90 days after the payment of those contributions is due, the Fund shall, after giving notice to the city, certify to the State Comptroller the amounts of the delinquent payments, and the Comptroller must, beginning in fiscal year 2016, deduct and deposit into the Fund the certified amounts or a portion of those amounts from the following proportions of grants of State funds to the city:

(1) in fiscal year 2016, one-third of the total amount of any grants of State funds to the city;
(2) in fiscal year 2017, two-thirds of the total amount of any grants of State funds to the city; and
(3) in fiscal year 2018 and each fiscal year thereafter, the total amount of any grants of State funds to the city.

The State Comptroller may not deduct from any grants of State funds to the city more than the amount of delinquent payments certified to the State Comptroller by the Fund.

(b) The tax shall be levied and collected in like manner with the general taxes of the city, and is in addition to all other taxes which the city is now or may hereafter be authorized to levy upon all taxable property therein, and is exclusive of and in addition to the amount of tax the city is now or may hereafter be authorized to levy for general purposes under any law which may limit the amount of tax which the city may levy for general purposes. The county clerk of the county in which the city is located, in reducing tax levies under Section 8-3-1 of the Illinois Municipal Code, shall not consider the tax herein authorized as a part of the general tax levy for city purposes, and shall not include the tax in any limitation of the percent of the assessed valuation upon which taxes are required to be extended for the city.

(c) On or before January 10 of each year, the board shall notify the city council of the requirement that the tax herein authorized be levied by the city council for that current year. The board shall compute the amounts necessary for the purposes of this fund to be credited to the reserves established and maintained within the fund; shall make an annual

determination of the amount of the required city contributions; and shall certify the results thereof to the city council.

As soon as any revenue derived from the tax is collected it shall be paid to the city treasurer of the city and shall be held by him for the benefit of the fund in accordance with this Article.

(d) If the funds available are insufficient during any year to meet the requirements of this Article, the city may issue tax anticipation warrants against the tax levy for the current fiscal year.

(e) The various sums, including interest, to be contributed by the city, shall be taken from the revenue derived from such tax or otherwise as expressly provided in this Section. Any moneys of the city derived from any source other than the tax herein authorized shall not be used for any purpose of the fund nor the cost of administration thereof, unless applied to make the deposit expressly authorized in this Section or the additional city contributions required under subsection (h).

(f) If it is not possible or practicable for the city to make its contributions at the time that salary deductions are made, the city shall make such contributions as soon as possible thereafter, with interest thereon to the time it is made.

(g) In lieu of levying all or a portion of the tax required under this Section in any year, the city may deposit with the city treasurer no later than March 1 of that year for the benefit of the fund, to be held in accordance with this Article, an amount that, together with the taxes levied under this Section for that year, is not less than the amount of the city contributions for that year as certified by the board to the city council. The deposit may be derived from any source legally available for that purpose, including, but not limited to, the proceeds of city borrowings. The making of a deposit shall satisfy fully the requirements of this Section for that year to the extent of the amounts so deposited. Amounts deposited under this subsection may be used by the fund for any of the purposes for which the proceeds of the tax levied under this Section may be used, including the payment of any amount that is otherwise required by this Article to be paid from the proceeds of that tax.

(h) In addition to the contributions required under the other provisions of this Article, by November 1 of the following specified years, the city shall deposit with the city treasurer for the benefit of the fund, to be held and used in accordance with this Article, the following specified amounts: $6,300,000 in 1999; $5,880,000 in 2000; $5,460,000 in 2001; $5,040,000 in 2002; and $4,620,000 in 2003.

Payments on such bonded obligations include any statutory fund transfers or other prefunding mechanisms or formulas set forth, now or hereafter, in State law, city ordinance, or bond indentures, into debt service funds or accounts of the city related to such bonded obligations, consistent with the payment schedules associated with such obligations.

Sec. 830-30. State Guarantees for existing debt.

New matter indicated by italics - deletions by strikeout
(a) The Authority is authorized to issue State Guarantees for farmers' existing debts held by a lender. For the purposes of this Section, a farmer shall be a resident of Illinois, who is a principal operator of a farm or land, at least 50% of whose annual gross income is derived from farming and whose debt to asset ratio shall not be less than 40%, except in those cases where the applicant has previously used the guarantee program there shall be no debt to asset ratio or income restriction. For the purposes of this Section, debt to asset ratio shall mean the current outstanding liabilities of the farmer divided by the current outstanding assets of the farmer. The Authority shall establish the maximum permissible debt to asset ratio based on criteria established by the Authority. Lenders shall apply for the State Guarantees on forms provided by the Authority and certify that the application and any other documents submitted are true and correct. The lender or borrower, or both in combination, shall pay an administrative fee as determined by the Authority. The applicant shall be responsible for paying any fees or charges involved in recording mortgages, releases, financing statements, insurance for secondary market issues and any other similar fees or charges as the Authority may require. The application shall at a minimum contain the farmer's name, address, present credit and financial information, including cash flow statements, financial statements, balance sheets, and any other information pertinent to the application, and the collateral to be used to secure the State Guarantee. In addition, the lender must agree to bring the farmer's debt to a current status at the time the State Guarantee is provided and must also agree to charge a fixed or adjustable interest rate which the Authority determines to be below the market rate of interest generally available to the borrower. If both the lender and applicant agree, the interest rate on the State Guarantee Loan can be converted to a fixed interest rate at any time during the term of the loan. Any State Guarantees provided under this Section (i) shall not exceed $500,000 per farmer, (ii) shall be set up on a payment schedule not to exceed 30 years, and shall be no longer than 30 years in duration, and (iii) shall be subject to an annual review and renewal by the lender and the Authority; provided that only one such State Guarantee shall be outstanding per farmer at any one time. No State Guarantee shall be revoked by the Authority without a 90-day notice, in writing, to all parties. In those cases where the borrower has not previously used the guarantee program, the lender shall not call due any loan during the first 3 years for any reason except for lack of performance or insufficient collateral. The lender can review and withdraw or continue with the State Guarantee on

an annual basis after the first 3 years of the loan, provided a 90-day notice, in writing, to all parties has been given.

(b) The Authority shall provide or renew a State Guarantee to a lender if:

(i) A fee equal to 25 basis points on the loan is paid to the Authority on an annual basis by the lender.

(ii) The application provides collateral acceptable to the Authority that is at least equal to the State's portion of the Guarantee to be provided.

(iii) The lender assumes all responsibility and costs for pursuing legal action on collecting any loan that is delinquent or in default.

(iv) The lender is responsible for the first 15% of the outstanding principal of the note for which the State Guarantee has been applied.

(c) There is hereby created outside of the State treasury a special fund to be known as the Illinois Agricultural Loan Guarantee Fund. The State Treasurer shall be custodian of this Fund. Any amounts in the Illinois Agricultural Loan Guarantee Fund not currently needed to meet the obligations of the Fund shall be invested as provided by law, and all interest earned from these investments shall be deposited into the Fund until the Fund reaches the maximum amount authorized in this Act; thereafter, interest earned shall be deposited into the General Revenue Fund. After September 1, 1989, annual investment earnings equal to 1.5% of the Fund shall remain in the Fund to be used for the purposes established in Section 830-40 of this Act. The Authority is authorized to transfer to the Fund such amounts as are necessary to satisfy claims during the duration of the State Guarantee program to secure State Guarantees issued under this Section, provided that amounts to be paid from the Industrial Project Insurance Fund created under Article 805 of this Act may be paid by the Authority directly to satisfy claims and need not be deposited first into the Illinois Agricultural Loan Guarantee Fund. If for any reason the General Assembly fails to make an appropriation sufficient to meet these obligations, this Act shall constitute an irrevocable and continuing appropriation of an amount necessary to secure guarantees as defaults occur and the irrevocable and continuing authority for, and direction to, the State Treasurer and the Comptroller to make the necessary transfers to the Illinois Agricultural Loan Guarantee Fund, as directed by the Governor, out of the General Revenue Fund. Within 30 days after

November 15, 1985, the Authority may transfer up to $7,000,000 from available appropriations into the Illinois Agricultural Loan Guarantee Fund for the purposes of this Act. Thereafter, the Authority may transfer additional amounts into the Illinois Agricultural Loan Guarantee Fund to secure guarantees for defaults as defaults occur. In the event of default by the farmer, the lender shall be entitled to, and the Authority shall direct payment on, the State Guarantee after 90 days of delinquency. All payments by the Authority shall be made from the Illinois Agricultural Loan Guarantee Fund to satisfy claims against the State Guarantee shall be made, in whole or in part, from any of the following funds in such order and in such amounts as the Authority shall determine: (1) the Industrial Project Insurance Fund created under Article 805 of this Act (if the Authority exercises its discretion under subsection (j) of Section 805-20); (2) the Illinois Agricultural Loan Guarantee Fund; or (3) the Illinois Farmer and Agribusiness Loan Guarantee Fund. The Illinois Agricultural Loan Guarantee Fund shall guarantee receipt of payment of the 85% of the principal and interest owed on the State Guarantee Loan by the farmer to the guarantee holder, provided that payments by the Authority to satisfy claims against the State Guarantee shall be made in accordance with the preceding sentence. It shall be the responsibility of the lender to proceed with the collecting and disposing of collateral on the State Guarantee under this Section, Section 830-35, Section 830-45, Section 830-50, Section 830-55, or Article 835 within 14 months of the time the State Guarantee is declared delinquent; provided, however, that the lender shall not collect or dispose of collateral on the State Guarantee without the express written prior approval of the Authority. If the lender does not dispose of the collateral within 14 months, the lender shall be liable to repay to the State interest on the State Guarantee equal to the same rate which the lender charges on the State Guarantee; provided, however, that the Authority may extend the 14-month period for a lender in the case of bankruptcy or extenuating circumstances. The Fund from which a payment is made shall be reimbursed for any amounts paid from that Fund under this Section, Section 830-35, Section 830-45, Section 830-50, Section 830-55, or Article 835 upon liquidation of the collateral. The Authority, by resolution of the Board, may borrow sums from the Fund and provide for repayment as soon as may be practical upon receipt of payments of principal and interest by a farmer. Money may be borrowed from the Fund by the Authority for the sole purpose of paying certain interest costs for farmers associated with selling a loan subject to a State Guarantee in a

(d) Notwithstanding the provisions of this Section 830-30 with respect to the farmers and lenders who may obtain State Guarantees, the Authority may promulgate rules establishing the eligibility of farmers and lenders to participate in the State guarantee program and the terms, standards, and procedures that will apply, when the Authority finds that emergency conditions in Illinois agriculture have created the need for State Guarantees pursuant to terms, standards, and procedures other than those specified in this Section.

(4) the lender is responsible for the first 15% of the outstanding principal of the note for which the State Guarantee has been applied.

(c) If, for any reason, the General Assembly fails to make an appropriation sufficient to meet the obligations under a State Guarantee, this Act shall constitute an irrevocable and continuing appropriation of an amount necessary to secure guarantees as defaults occur and the irrevocable and continuing authority for, and direction to, the State Treasurer and the Comptroller to make the necessary transfers to the Industrial Project Insurance Fund, the Illinois Agricultural Loan Guarantee Fund, or the Illinois Farmer and Agribusiness Loan Guarantee Fund, or any combination of those funds, as directed by the Governor, out of the General Revenue Fund. Payments by the Authority to satisfy claims against the State Guarantee shall be made, in whole or in part, from any of the following funds in such order and in such amounts as the Authority shall determine: (1) the Industrial Project Insurance Fund created under Article 805 of this Act (if the Authority exercises its discretion under subsection (j) of Section 805-20); (2) the Illinois Farmer and Agribusiness Loan Guarantee Fund; or (3) the Illinois Agricultural Loan Guarantee Fund. It shall be the responsibility of the lender to proceed with collecting and disposing of collateral on the State Guarantee under this Section within 14 months after the State Guarantee is declared delinquent. If the lender does not dispose of the collateral within that 14-month period, the lender shall be liable to repay to the State interest on the State Guarantee at a rate equal to the same rate that the lender charges on the State Guarantee, provided that the Authority shall have the authority to extend the 14-month period for a lender in the case of bankruptcy or extenuating circumstances. The applicable fund or funds shall be reimbursed for any amounts paid under this Section, Section 830-30, Section 830-35, Section 830-45, Section 830-50, or Section 830–55 upon liquidation of the collateral. The Authority, by resolution of the Board, may borrow sums from a fund or funds and provide for repayment as soon as may be practical upon receipt of payments of principal and interest by a borrower on loans subject to a State Guarantee under this Section, Section 830-30, Section 830-35, Section 830-45, Section 830-50,
or Section 830-55. Money may be borrowed from the Fund by the Authority for the sole purpose of paying certain interest costs for borrowers associated with selling a loan subject to a State Guarantee under this Section, Section 830–30, Section 830–35, Section 830–45, Section 830–50, or Section 830–55 in a secondary market as may be deemed reasonable and necessary by the Authority.

(d) Notwithstanding the provisions of this Section with respect to the qualified veteran-owned small businesses and lenders who may obtain State Guarantees, the Authority may adopt rules establishing the eligibility of qualified veteran-owned small businesses and lenders to participate in the State Guarantee program and the terms, standards, and procedures that will apply, if the Authority finds that emergency conditions in Illinois have created the need for State Guarantees pursuant to terms, standards, and procedures other than those specified in this Section.

(b) Every application shall state the legal name, social security number, zip code, date of birth, sex, and residence address of the applicant; briefly describe the applicant; state whether the applicant has theretofore been licensed as a driver, and, if so, when and by what state or country, and whether any such license has ever been cancelled, suspended, revoked or refused, and, if so, the date and reason for such cancellation, suspension, revocation or refusal; shall include an affirmation by the applicant that all information set forth is true and correct; and shall bear the applicant's signature. In addition to the residence address, the Secretary may allow the applicant to provide a mailing address. (c) The application form shall include a notice to the applicant of the registration obligations of sex offenders under the Sex Offender Registration Act. The notice shall be provided in a form and manner prescribed by the Secretary of State. For purposes of this subsection (c), "sex offender" has the meaning ascribed to it in Section 2 of the Sex Offender Registration Act.

(d) Any male United States citizen or immigrant who applies for any permit or license authorized to be issued under this Code or for a renewal of any permit or license, and who is at least 18 years of age but less than 26 years of age, must be registered in compliance with the requirements of the federal Military Selective Service Act. The Secretary of State must forward in an electronic format the necessary personal information regarding the applicants identified in this subsection (d) to the Selective Service System. The applicant's signature on the application serves as an indication that the applicant either has already registered with the Selective Service System or that he is authorizing the Secretary to forward to the Selective Service System the necessary information for registration. The Secretary must notify the applicant at the time of application that his signature constitutes consent to registration with the Selective Service System, if he is not already registered.

(2) pursuant to the provisions of Article VIIC, be organized to write only liability insurance as a captive insurance company and, except as provided elsewhere in this Article, must comply with all of the laws, rules, regulations and requirements applicable to such insurers organized in this State and with Section 123B-4 of this Article to the extent such requirements are not a limitation on laws, rules, regulations or requirements of this State.

Except that, as of the effective date of this amendatory Act of 1995, a new risk retention group must qualify under paragraph (1) of this subsection, and any risk retention group presently organized in accordance with paragraph (2) of this subsection shall amend its articles of incorporation and comply with paragraph (1) of this subsection within 6 months of the effective date of this amendatory Act of 1995 or cease operating under this Article.

B. Before it may offer insurance in any state, each risk retention group shall also submit for approval to the Director a plan of operation or a feasibility study and revisions of such plan or study if the group intends to offer any additional lines of liability insurance. In the event of any subsequent material change in any item of its plan or study, such risk retention group shall submit an appropriate revision to the Director within 10 days of any such change for approval by the Director. The group shall not offer any additional kinds of liability insurance, in this State or in any other state, until a revision of such plan or study is approved by the Director.

C. At the time of filing its application for organization, the risk retention group shall provide to the Director in summary form the following information: the identity of the initial members of the group, the identity of those individuals who organized the group or who will provide administrative services or otherwise influence or control the activities of the group, the amount and nature of initial capitalization, the coverages to be afforded, and the states in which the group intends to operate. Upon receipt of this information, the Director shall forward the information to the NAIC. Providing notification to the NAIC is in addition to and shall not be sufficient to satisfy the requirements of Section 123B-4 of this Code or any other provisions of this Article.

D. The name under which a risk retention group may be organized and licensed shall include the phrase "Risk Retention Group".

E. Notwithstanding any other provision to the contrary, all risk retention groups chartered in this State shall file an annual statement with
the Department and NAIC the National Association of Insurance Commissioners (NAIC). The annual statement shall be in a form prescribed by the Director. The statement may be required to be in diskette form. The statement shall be completed in accordance with the annual statement instructions and the NAIC Accounting Practices and Procedures Manual.

F. As used in this subsection F:

"Board of directors" means the governing body of the risk retention group elected by shareholders or members to establish policy, elect or appoint officers and committees, and make other governing decisions.

"Director" means a natural person designated in the articles of the risk retention group, or designated, elected, or appointed by any other manner, name, or title, to act as a director.

"Material relationship" means a relationship of a person with the risk retention group that includes, but is not limited to:

(a) The receipt in any one 12-month period of compensation or payment of any other item of value by the person, a member of the person's immediate family, or any business with which the person is affiliated from the risk retention group or a consultant or services provider to the risk retention group is greater than or equal to 5% of the risk retention group's gross written premium for the 12-month period or 2% of its surplus, whichever is greater, as measured at the end of any fiscal quarter falling in a 12-month period. The person or immediate family member of that person is not independent until one year after his or her compensation from the risk retention group falls below the threshold.

(b) A relationship with the auditor as follows: a director or an immediate family member of a director who is affiliated with or employed in a professional capacity by a present or former internal or external auditor of the risk retention group is not independent until one year after the end of the affiliation, employment, or auditing relationship.

(c) A relationship with a related entity as follows: a director or an immediate family member of a director who is employed as an executive officer of another company where any of the risk retention group's present executives serve on that other
company's board of directors is not independent until one year after the end of the service or the employment relationship.

Within one year after the effective date of this amendatory Act of the 99th General Assembly, existing risk retention groups shall be in compliance with the following governance standards and new risk retention groups shall be in compliance with the standards at the time of licensure:

(1) The board of directors of the risk retention group shall have a majority of independent directors. If the risk retention group is a reciprocal, then the attorney-in-fact shall adhere to the same standards regarding independence of operations and governance as imposed on the risk retention group's board of directors or subscribers advisory committee under these standards and, to the extent permissible under State law, service providers of a reciprocal risk retention group shall contract with the risk retention group and not the attorney-in-fact.

No director qualifies as independent unless the board of directors affirmatively determines that the director has no material relationship with the risk retention group. Each risk retention group shall disclose these determinations to the Department at least annually and the Director may approve or refute the board's determination. For this purpose, any person that is a direct or indirect owner of or subscriber in the risk retention group (or is an officer, director, or employee of an owner and insured, unless some other position of the officer, director, or employee constitutes a material relationship), as contemplated by 15 U.S.C. 3901(a)(4)(E)(ii), shall be deemed independent.

A material relationship shall not be deemed to exist by reason that a majority of the membership of the related entity's board of directors is the same as the membership of the board of directors of the risk retention group unless the director decides otherwise.

(2) The term of any material service provider contract with the risk retention group shall not exceed 5 years. Any contract, or its renewal, shall require the approval of the majority of the risk retention group's independent directors. The risk retention group's board of directors shall have the right to terminate any service provider, audit, or actuarial contracts at any time for cause after providing adequate notice as defined in the contract. The service

provider contract is deemed material if the amount to be paid for the contract is greater than or equal to 5% of the risk retention group’s annual gross written premium or 2% of its surplus, whichever is greater.

No service provider in a material relationship with the risk retention group shall enter into a contract with the risk retention group unless the risk retention group has notified the Director of Insurance in writing of its intention to enter into a transaction at least 30 days prior thereto and the Director of Insurance has not disapproved it within that period.

For the purposes of this paragraph (2), "service providers" includes captive managers, auditors, accountants, actuaries, investment advisors, lawyers, managing general underwriters, and other parties responsible for underwriting, determination of rates, collection of premium, adjusting and settling claims or preparation of financial statements.

"Lawyers" does not include defense counsel retained by the risk retention group to defend claims, unless the amount of fees paid to the lawyers meet the definition of a material relationship.

(3) The risk retention group's board of directors shall adopt a written policy in the plan of operation as approved by the board that requires the board to:

(a) ensure that all owner-insureds of the risk retention group receive evidence of ownership interest;

(b) develop a set of governance standards applicable to the risk retention group;

(c) oversee the evaluation of the risk retention group's management, including, but not limited to, the performance of the captive manager, managing general underwriter, or other party or parties responsible for underwriting, determination of rates, collection of premium, adjusting or settling claims or the preparation of financial statements;

(d) review and approve the amount to be paid for all material service providers; and

(e) review and approve at least annually:

   (i) the risk retention group’s goals and objectives relevant to the compensation of officers and service providers;

PUBLIC ACT 99-0512
(ii) the officers' and service providers' performance in light of those goals and objectives; and

(iii) the continued engagement of the officers and material service providers.

(4) The risk retention group shall have an audit committee composed of at least 3 independent board members as defined in this subsection F. A non-independent board member may participate in the activities of the audit committee, if invited by the members, but cannot be a member of the committee.

The audit committee shall have a written charter that defines the committee's purpose, which at a minimum must be to:

(a) assist board oversight of: (I) the integrity of the financial statements, (II) the compliance with legal and regulatory requirements, and (III) the qualifications, independence, and performance of the independent auditor and actuary;

(b) discuss the annual audited financial statements and quarterly financial statements with management;

(c) discuss the annual audited financial statements with its independent auditor and, if advisable, discuss its quarterly financial statements with its independent auditor;

(d) discuss policies with respect to risk assessment and risk management;

(e) meet separately and periodically, either directly or through a designated representative of the committee, with management and independent auditors;

(f) review with the independent auditor any audit problems or difficulties and management's response;

(g) set clear hiring policies of the risk retention group as to the hiring of employees or former employees of the independent auditor;

(h) require the external auditor to rotate the lead or coordinating audit partner having primary responsibility for the risk retention group's audit as well as the audit partner responsible for reviewing that audit so that neither individual performs audit services for more than 5 consecutive fiscal years; and

(i) report regularly to the board of directors.

New matter indicated by italics - deletions by strikeout
The Department may waive the requirement to establish an audit committee composed of independent board members if the risk retention group is able to demonstrate to the Department that it is impracticable to do so and the risk retention group's board of directors itself is otherwise able to accomplish the purposes of an audit committee as described in this paragraph (4).

(5) The board of directors shall adopt and disclose governance standards, either through electronic or other means, and provide information to members and insureds upon request, including, but not limited to:

(a) a process by which the directors are elected by the owner or insureds;
(b) director qualification standards;
(c) director responsibilities;
(d) director access to management and, as necessary and appropriate, independent advisors;
(e) director compensation;
(f) director orientation and continuing education;
(g) the policies and procedures that are followed for management succession; and
(h) the policies and procedures that are followed for annual performance evaluation of the board.

(6) The board of directors shall adopt and disclose a code of business conduct and ethics for directors, officers, and employees and promptly disclose to the board of directors any waivers of the code for directors or executive officers. The code of business conduct and ethics shall include, but is not limited to, the following topics:

(a) conflicts of interest;
(b) matters covered under the corporate opportunities doctrine under the state of domicile;
(c) confidentiality;
(d) fair dealing;
(e) protection and proper use of risk retention group assets;
(f) compliance with all applicable laws, rules, and regulations; and

New matter indicated by italics - deletions by strikeout
(g) the required reporting of any illegal or unethical behavior that affects the operation of the risk retention group.

(7) The captive manager, president, or chief executive officer of the risk retention group shall promptly notify the Department in writing if he or she becomes aware of any material non-compliance with any of these governance standards.

(iii) any amount of rebate of taxes shall not exceed the portion, if any, of taxes levied by the county or such taxing district or districts which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the economic development project area over and above the initial equalized assessed value of each property existing at the time property tax allocation financing was adopted for said economic development project area; and

Sec. 7. Creation of special tax allocation fund. If a county has adopted property tax allocation financing by ordinance for an economic development project area, the Department has approved and certified the economic development project area, and the county clerk has thereafter certified the "total initial equalized value" of the taxable real property within such economic development project area in the manner provided in subsection (b) of Section 6 of this Act, each year after the date of the certification by the county clerk of the "initial equalized assessed value" until economic development project costs and all county obligations financing economic development project costs have been paid, the ad valorem taxes, if any, arising from the levies upon the taxable real property in the economic development project area by taxing districts and tax rates determined in the manner provided in subsection (b) of Section 6 of this Act shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time property tax allocation financing was adopted shall be allocated and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by the law in the absence of the adoption of property tax allocation financing.

(2) That portion, if any, of those taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the economic development project area that has been paid by the county collector to the respective affected taxing districts.
development project are, over and above the initial equalized assessed value of each property existing at the time property tax allocation financing was adopted shall be allocated to and when collected shall be paid to the county treasurer, who shall deposit those taxes into a special fund called the special tax allocation fund of the county for the purpose of paying economic development project costs and obligations incurred in the payment thereof.

The county, by an ordinance adopting property tax allocation financing, may pledge the funds in and to be deposited in the special tax allocation fund for the payment of obligations issued under this Act and for the payment of economic development project costs. No part of the current equalized assessed valuation of each property in the economic development project area attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all economic development projects costs have been paid as provided for in this Section.

Whenever a county issues bonds for the purpose of financing economic development project costs, the county may provide by ordinance for the appointment of a trustee, which may be any trust company within the State, and for the establishment of the funds or accounts to be maintained by such trustee as the county shall deem necessary to provide for the security and payment of the bonds. If the county provides for the appointment of a trustee, the trustee shall be considered the assignee of any payments assigned by the county pursuant to the ordinance and this Section. Any amounts paid to the trustee as assignee shall be deposited in the funds or accounts established pursuant to the trust agreement, and shall be held by the trustee in trust for the benefit of the holders of the bonds, and the holders shall have a lien on and a security interest in those bonds or accounts so long as the bonds remain outstanding and unpaid. Upon retirement of the bonds, the trustee shall pay over any excess amounts held to the county for deposit in the special tax allocation fund.

When the economic development project costs, including without limitation all county obligations financing economic development project costs incurred under this Act, have been paid, all surplus funds remaining in the special tax allocation funds shall be distributed by being paid by the county treasurer to the county collector, who shall immediately thereafter pay those funds to the taxing districts having taxable property in the economic development project area in the same manner and proportion

districts of real property taxes from real property in the economic
development project area.

Upon the payment of all economic development project costs,
retirement of obligations and the distribution of any excess monies
pursuant to this Section and not later than 23 years from the date of
adoption of the ordinance adopting property tax allocation financing, the
county shall adopt an ordinance dissolving the special tax allocation fund
for the economic development project area and terminating the designation
of the economic development project area as an economic development
project area; however, in relation to one or more contiguous parcels not
exceeding a total area of 120 acres within which an electric generating
facility is intended to be constructed, and with respect to which the owner
of that proposed electric generating facility has entered into a
redevelopment agreement with Grundy County on or before July 25, 2017,
the ordinance of the county required in this paragraph shall not dissolve
the special tax allocation fund for the existing economic development
project area and shall only terminate the designation of the economic
development project area as to those portions of the economic
development project area excluding the area covered by the
redevelopment agreement between the owner of the proposed electric
generating facility and Grundy County; the county shall adopt an
ordinance dissolving the special tax allocation fund for the economic
development project area and terminating the designation of the economic
development project area as an economic development project area with
regard to the electric generating facility property not later than 35 years
from the date of adoption of the ordinance adopting property tax
allocation financing. Thereafter the rates of the taxing districts shall be
extended and taxes levied, collected and distributed in the manner
applicable in the absence of the adoption of property tax allocation
financing.

Nothing in this Section shall be construed as relieving property in
economic development project areas from being assessed as provided in
the Property Tax Code or as relieving owners of that property from paying

Sec. 8. Issuance of obligations for economic development project costs. Obligations secured by the special tax allocation fund provided for in Section 7 for an economic development project area may be issued to provide for economic development project costs. Those obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of the obligations by the receipts of taxes levied as specified in Section 6 against the taxable property included in the economic development project area and by other revenues designated or pledged by the county. A county may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 7 to the payment of the economic development project costs and obligations. Whenever a county pledges all of the funds to the credit of a special tax allocation fund to secure obligations issued or to be issued to pay economic development project costs, the county may specifically provide that funds remaining to the credit of such special tax allocation fund after the payment of such obligations shall be accounted for annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be distributed as hereinafter provided. Whenever a county pledges less than all of the monies to the credit of a special tax allocation fund to secure obligations issued or to be issued to pay economic development project costs, the county shall provide that monies to the credit of a special tax allocation fund and not subject to such pledge or otherwise encumbered or required for payment of contractual obligations for specified economic development project costs shall be calculated annually and shall be deemed to be "surplus" funds, and such "surplus" funds shall be distributed as hereinafter provided. All funds to the credit of a special tax allocation fund which are deemed to be "surplus" funds shall be distributed annually within 180 days after the close of the county's fiscal year by being paid by the county treasurer to the county collector. The county collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to those taxing districts of real property taxes from real property in the economic development project area.

Without limiting the foregoing in this Section the county may, in addition to obligations secured by the special tax allocation fund, pledge for a period not greater than the term of the obligations towards payment of those obligations any part or any combination of the following: (i) net revenues of all or part of any economic development project; (ii) taxes levied and collected on any or all property in the county, including,
specifically, taxes levied or imposed by the county in a special service area pursuant to "An Act to provide the manner of levying or imposing taxes for the provision of special services to areas within the boundaries of home rule units and non-home rule municipalities and counties", approved September 21, 1973; (iii) the full faith and credit of the county; (iv) a mortgage on part or all of the economic development project; or (v) any other taxes or anticipated receipts that the county may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the county shall determine by ordinance, which rate or rates may be variable or fixed, without regard to any limitations contained in any law now in effect or hereafter adopted. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, but in no event exceeding 23 years from the date of establishment of the economic development project area; however, with respect to obligations payable from incremental revenues generated from an area comprised of one or more contiguous parcels not exceeding a total area of 120 acres within which an electric generating facility is intended to be constructed, and with respect to which the owner of such proposed electric generating facility has entered into a redevelopment agreement with Grundy County on or before July 25, 2017, those obligations shall bear such date or dates, mature at such time or times not exceeding 35 years from the date of establishment of the economic development project area, be in such denomination, be in such form, whether coupon, registered or book-entry, carry such registration, conversion and exchange privileges, be executed in such manner, be payable in such medium of payment at such place or places within or without the State of Illinois, contain such covenants, terms and conditions, be subject to redemption with or without premium, be subject to defeasance upon such terms, and have such rank or priority, as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the counties. Such obligations may, but need not, be issued utilizing the provisions of any one or more of the omnibus bond Acts specified in Section 1.33 of "An Act to revise the law in relation to the construction of the statutes", approved March 5, 1874, as such term is defined in the Statute on Statutes. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Act except as provided in this Section.

In the event the county (i) authorizes the issuance of obligations pursuant to the authority of this Act and secured by the full faith and credit of the county or (ii) pledges taxes levied and collected on any or all property in the county, which obligations or taxes are not obligations or taxes authorized under home rule powers pursuant to Section 6 of Article VII of the Illinois Constitution of 1970, or are not obligations or taxes authorized under "An Act to provide the manner of levying or imposing taxes for the provision of special services to areas within the boundaries of home rule units and non-home rule municipalities and counties", approved September 21, 1973, the ordinance authorizing the issuance of those obligations or pledging those taxes shall be published within 10 days after the ordinance has been adopted, in one or more newspapers having a general circulation within the county. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the questions of the issuance of the obligations or pledging ad valorem taxes to be submitted to the electors; (2) the time within which the petition must be filed; and (3) the date of the prospective referendum. The county clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the county clerk, as hereinafter provided in this Section, within 21 days after the publication of the ordinance, the ordinance shall be in effect. However, if within that 21 day period a petition is filed with the county clerk, signed by electors numbering not less than 5% of the number of legal voters who voted at the last general election in such county, asking that the question of issuing obligations using the full faith and credit of the county as security for the cost of paying for economic development project costs, or of pledging ad valorem taxes for the payment of those obligations, or both, be submitted to the electors of the county, the county shall not be authorized to issue obligations of the county using the full faith and credit of the county as security or pledging ad valorem taxes for the payment of those obligations, or both, until the proposition has been submitted to and approved by a majority of the voters voting on the proposition at a regularly scheduled election. The county shall certify the proposition to the proper election authorities for submission in accordance with the general election law.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Act, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

New matter indicated by italics - deletions by strikeout
In the event the county authorizes issuance of obligations pursuant to this Act secured by the full faith and credit of the county, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the county sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the county, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the county certifies the amount of those monies available to the county clerk.

A certified copy of the ordinance shall be filed with the county clerk and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A county may also issue its obligations to refund, in whole or in part, obligations theretofore issued by the county under the authority of this Act, whether at or prior to maturity. However, the last maturity of the refunding obligations shall not be expressed to mature later than 23 years from the date of the ordinance establishing the economic development project area, however, with regard to obligations payable from incremental revenues generated from an area comprised of one or more contiguous parcels not exceeding a total area of 120 acres within which an electric generating facility is intended to be constructed, and with respect to which the owner of that proposed electric generating facility has entered into a redevelopment agreement with Grundy County on or before July 25, 2017, the last maturity of the refunding obligations shall not be expressed to mature later than 35 years from the date of the ordinance establishing the economic development project area.

In the event a county issues obligations under home rule powers and other legislative authority, including specifically, "An Act to provide the manner of levying or imposing taxes for the provisions of special services to areas within the boundaries of home rule units and non-home rule municipalities and counties", approved September 21, 1973, the proceeds of which are pledged to pay for economic development project costs, the county may, if it has followed the procedures in conformance with this Act, retire those obligations from funds in the special tax allocation fund in amount and in such manner as if those obligations had been issued pursuant to the provisions of this Act.

No obligations issued pursuant to this Act shall be regarded as indebtedness of the county issuing those obligations for the purpose of any limitation imposed by law.

Obligations issued pursuant to this Act shall not be subject to the provisions of the Bond Authorization Act.

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Open Meetings Act is amended by changing Section 2.06 as follows:

(5 ILCS 120/2.06) (from Ch. 102, par. 42.06)
Sec. 2.06. Minutes; right to speak.
(a) All public bodies shall keep written minutes of all their meetings, whether open or closed, and a verbatim record of all their closed meetings in the form of an audio or video recording. Minutes shall include, but need not be limited to:

(1) the date, time and place of the meeting;
(2) the members of the public body recorded as either present or absent and whether the members were physically present or present by means of video or audio conference; and
(3) a summary of discussion on all matters proposed, deliberated, or decided, and a record of any votes taken.
(b) A public body shall approve the minutes of its open meeting within 30 days after that meeting or at the public body's second subsequent regular meeting, whichever is later. The minutes of meetings open to the

public shall be available for public inspection within 10 days after the approval of such minutes by the public body. Beginning July 1, 2006, at the time it complies with the other requirements of this subsection, a public body that has a website that the full-time staff of the public body maintains shall post the minutes of a regular meeting of its governing body open to the public on the public body's website within 10 days after the approval of the minutes by the public body. Beginning July 1, 2006, any minutes of meetings open to the public posted on the public body's website shall remain posted on the website for at least 60 days after their initial posting.

(c) The verbatim record may be destroyed without notification to or the approval of a records commission or the State Archivist under the Local Records Act or the State Records Act no less than 18 months after the completion of the meeting recorded but only after:

(1) the public body approves the destruction of a particular recording; and

(2) the public body approves minutes of the closed meeting that meet the written minutes requirements of subsection (a) of this Section.

(d) Each public body shall periodically, but no less than semi-annually, meet to review minutes of all closed meetings. At such meetings a determination shall be made, and reported in an open session that (1) the need for confidentiality still exists as to all or part of those minutes or (2) that the minutes or portions thereof no longer require confidential treatment and are available for public inspection. The failure of a public body to strictly comply with the semi-annual review of closed session written minutes, whether before or after the effective date of this amendatory Act of the 94th General Assembly, shall not cause the written minutes or related verbatim record to become public or available for inspection in any judicial proceeding, other than a proceeding involving an alleged violation of this Act, if the public body, within 60 days of discovering its failure to strictly comply with the technical requirements of this subsection, reviews the closed session minutes and determines and thereafter reports in open session that either (1) the need for confidentiality still exists as to all or part of the minutes or verbatim record, or (2) that the minutes or recordings or portions thereof no longer require confidential treatment and are available for public inspection.

(e) Unless the public body has made a determination that the verbatim recording no longer requires confidential treatment or otherwise

consents to disclosure, the verbatim record of a meeting closed to the public shall not be open for public inspection or subject to discovery in any administrative or judicial proceeding other than one brought to enforce this Act. In the case of a civil action brought to enforce this Act, the court, if the judge believes such an examination is necessary, must conduct such in camera examination of the verbatim record as it finds appropriate in order to determine whether there has been a violation of this Act. In the case of a criminal proceeding, the court may conduct an examination in order to determine what portions, if any, must be made available to the parties for use as evidence in the prosecution. Any such initial inspection must be held in camera. If the court determines that a complaint or suit brought for noncompliance under this Act is valid it may, for the purposes of discovery, redact from the minutes of the meeting closed to the public any information deemed to qualify under the attorney-client privilege. The provisions of this subsection do not supersede the privacy or confidentiality provisions of State or federal law.

Access to verbatim recordings shall be provided to duly elected officials or appointed officials filling a vacancy of an elected office in a public body, and access shall be granted in the public body's main office or official storage location, in the presence of a records secretary, an administrative official of the public body, or any elected official of the public body. No verbatim recordings shall be recorded or removed from the public body's main office or official storage location, except by vote of the public body or by court order. Nothing in this subsection (e) is intended to limit the Public Access Counselor's access to those records necessary to address a request for administrative review under Section 7.5 of this Act.

(f) Minutes of meetings closed to the public shall be available only after the public body determines that it is no longer necessary to protect the public interest or the privacy of an individual by keeping them confidential, except that duly elected officials or appointed officials filling a vacancy of an elected office in a public body shall be provided access to minutes of meetings closed to the public. Access to minutes shall be granted in the public body's main office or official storage location, in the presence of a records secretary, an administrative official of the public body, or any elected official of the public body. No minutes of meetings closed to the public shall be removed from the public body's main office or official storage location, except by vote of the public body or by court order. Sec. 5A-2. Assessment.

(a)(I) Subject to Sections 5A-3 and 5A-10, for State fiscal years 2009 through 2018, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to $218.38 multiplied by the difference of the hospital's occupied bed days less the hospital's Medicare bed days, provided, however, that the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the State share of the payments authorized under Section 5A-12.5 Section 12-5, with such increase only taking effect upon the date that a State share for such payments is required under federal law. For the period of April through June 2015, the amount of $218.38 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $20,250,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

(2) In addition to any other assessments imposed under this Article, effective July 1, 2016 and semi-annually thereafter through June 2018, in addition to any federally required State share as authorized under paragraph (1), the amount of $218.38 shall be increased by a uniform percentage to generate an amount equal to 75% of the ACA Assessment Adjustment, as defined in subsection (b-6) of this Section.

For State fiscal years 2009 through 2014 and after, a hospital's occupied bed days and Medicare bed days shall be determined using the most recent data available from each hospital's 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, without regard to any subsequent

If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Illinois Department may obtain the hospital provider's occupied bed days and Medicare bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(b) (Blank).

For the period beginning June 10, 2012 through June 30, 2012, the annual assessment on outpatient services shall be prorated by multiplying the assessment amount by a fraction, the numerator of which is 21 days and the denominator of which is 365 days. For the period of April through June 2015, the amount of .008766 used to calculate the assessment under this paragraph shall, by emergency rule under subsection (s) of Section 5-45 of the Illinois Administrative Procedure Act, be increased by a uniform percentage to generate $6,750,000 in the aggregate for that period from all hospitals subject to the annual assessment under this paragraph.

For the portion of State fiscal year 2012, beginning June 10, 2012 through June 30, 2012, and State fiscal years 2013 through 2018, a hospital's outpatient gross revenue shall be determined using the most recent data available from each hospital's 2009 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on June 30, 2011, without regard to any subsequent
adjustments or changes to such data. If a hospital's 2009 Medicare cost report is not contained in the Healthcare Cost Report Information System, then the Department may obtain the hospital provider's outpatient gross revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department or its duly authorized agents and employees.

located for each Medicaid inpatient day of care provided by the hospital during State fiscal year 2005.

For purposes of this subsection, "eligibility growth factor" means the percentage by which the number of Medicaid recipients in the county increased from State fiscal year 1998 to State fiscal year 2005.

(k) For purposes of this Section, a hospital that is enrolled to provide Medicaid services during State fiscal year 2005 shall have its utilization and associated reimbursements annualized prior to the payment calculations being performed under this Section.

(l) For purposes of this Section, the terms "Medicaid days", "ambulatory procedure listing services", and "ambulatory procedure listing payments" do not include any days, charges, or services for which Medicare or a managed care organization reimbursed on a capitated basis was liable for payment, except where explicitly stated otherwise in this Section.

(m) For purposes of this Section, in determining the percentile ranking of an Illinois hospital's case mix index or capital costs, hospitals described in subsection (b) of Section 5A-3 shall be excluded from the ranking.

(n) Definitions. Unless the context requires otherwise or unless provided otherwise in this Section, the terms used in this Section for qualifying criteria and payment calculations shall have the same meanings as those terms have been given in the Illinois Department's administrative rules as in effect on March 1, 2008. Other terms shall be defined by the Illinois Department by rule.

As used in this Section, unless the context requires otherwise:

"Base inpatient payments" means, for a given hospital, the sum of base payments for inpatient services made on a per diem or per admission (DRG) basis, excluding those portions of per admission payments that are classified as capital payments. Disproportionate share hospital adjustment payments, Medicaid Percentage Adjustments, Medicaid High Volume Adjustments, and outlier payments, as defined by rule by the Department as of January 1, 2008, are not base payments.

"Capital costs" means, for a given hospital, the total capital costs determined using the most recent 2005 Medicare cost report as contained in the Healthcare Cost Report Information System file, for the quarter ending on December 31, 2006, divided by the total inpatient days from the same cost report to calculate a capital cost per day. The resulting capital cost per day is inflated to the midpoint of State fiscal year 2009 utilizing...
the national hospital market price proxies (DRI) hospital cost index. If a hospital's 2005 Medicare cost report is not contained in the Healthcare Cost Report Information System, the Department may obtain the data necessary to compute the hospital's capital costs from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

"Case mix index" means, for a given hospital, the sum of the DRG relative weighting factors in effect on January 1, 2005, for all general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82, divided by the total number of general acute care admissions for State fiscal year 2005, excluding Medicare crossover admissions and transplant admissions reimbursed under 89 Ill. Adm. Code 148.82.

"Medicaid inpatient day" means, for a given hospital, the sum of days of inpatient hospital days provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.

"Medicaid obstetrical day" means, for a given hospital, the sum of days of inpatient hospital days grouped by the Department to DRGs of 370 through 375 provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding days for individuals eligible for Medicare under Title XVIII of that Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for admissions occurring during State fiscal year 2005 that was adjudicated by the Department through March 23, 2007.

"Outpatient ambulatory procedure listing payments" means, for a given hospital, the sum of payments for ambulatory procedure listing services, as described in 89 Ill. Adm. Code 148.140(b), provided to recipients of medical assistance under Title XIX of the federal Social Security Act, excluding payments for individuals eligible for Medicare under Title XVIII of the Act (Medicaid/Medicare crossover days), as tabulated from the Department's paid claims data for services occurring in State fiscal year 2005 that were adjudicated by the Department through March 23, 2007.

New matter indicated by italics - deletions by strikeout
(o) The Department may adjust payments made under this Section 5A-12.2 to comply with federal law or regulations regarding hospital-specific payment limitations on government-owned or government-operated hospitals.

(p) Notwithstanding any of the other provisions of this Section, the Department is authorized to adopt rules that change the hospital access improvement payments specified in this Section, but only to the extent necessary to conform to any federally approved amendment to the Title XIX State plan. Any such rules shall be adopted by the Department as authorized by Section 5-50 of the Illinois Administrative Procedure Act. Notwithstanding any other provision of law, any changes implemented as a result of this subsection (p) shall be given retroactive effect so that they shall be deemed to have taken effect as of the effective date of this Section.

(q) (Blank).

(r) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

(s) On or after January 1, 2016 July 1, 2014, but no later than October 1, 2014, and no less than annually thereafter, the Department shall may increase capitation payments to capitated managed care organizations (MCOs) to equal the aggregate reduction of payments made in this Section and in Section 5A-12.4 by a uniform percentage on a regional basis to preserve access to hospital services for recipients under the Illinois Medical Assistance Program. The aggregate amount of all increased capitation payments to all MCOs for a fiscal year shall be the amount needed to avoid reduction in payments authorized under Section 5A-15. Payments to MCOs under this Section shall be consistent with actuarial certification and shall be published by the Department each year. Each MCO shall only expend the increased capitation payments it receives under this Section to support the availability of hospital services and to ensure access to hospital services, with such expenditures being made within 15 calendar days from when the MCO receives the increased capitation payment. The Department shall make available, on a monthly basis, a report of the capitation payments that are made to each MCO pursuant to this subsection, including the number of enrollees for which such payment is made, the per enrollee amount of the payment, and any
adjustments that have been made. Payments made under this subsection shall be guaranteed by a surety bond obtained by the MCO in an amount established by the Department to approximate one month's liability of payments authorized under this subsection. The Department may advance the payments guaranteed by the surety bond. Payments to MCOs that would be paid consistent with actuarial certification and enrollment in the absence of the increased capitation payments under this Section shall not be reduced as a consequence of payments made under this subsection.

As used in this subsection, “MCO” means an entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis.

(t) On or after July 1, 2014, the Department may increase capitation payments to capitated managed care organizations (MCOs) to equal the aggregate reduction of payments made in Section 5A-12.5 to preserve access to hospital services for recipients under the Illinois Medical Assistance Program. Effective January 1, 2016, the Department shall increase capitation payments to MCOs to include the payments authorized under Section 5A-12.5 to preserve access to hospital services for recipients under the Illinois Medical Assistance Program by ensuring that the reimbursement provided for Affordable Care Act adults enrolled in a MCO is equivalent to the reimbursement provided for Affordable Care Act adults enrolled in a fee-for-service program. Payments to MCOs under this Section shall be consistent with actuarial certification and federal approval (which may be retrospectively determined) and shall be published by the Department each year. Each MCO shall only expend the increased capitation payments it receives under this Section to support the availability of hospital services and to ensure access to hospital services, with such expenditures being made within 15 calendar days from when the MCO receives the increased capitation payment. Payments made under this subsection may be guaranteed by a surety bond obtained by the MCO in an amount established by the Department to approximate one month's liability of payments authorized under this subsection. The Department may advance the payments to hospitals under this subsection, in the event the MCO fails to make such payments. The Department shall make available, on a monthly basis, a report of the capitation payments that are made to each MCO pursuant to this subsection, including the number of enrollees for which such payment is made, the per enrollee amount of the payment, and any adjustments that have been made. Payments to MCOs that would be paid consistent with actuarial certification and enrollment in

Section 15. The Local Tax Collection Act is amended by changing Section 1 as follows:

(35 ILCS 720/1) (from Ch. 120, par. 1901)

New matter indicated by italics - deletions by strikeout
Sec. 1. (a) The Department of Revenue and any unit of local government county or municipality may agree to the Department's collecting, and transmitting back to the unit of local government such county or municipality, any tax lawfully imposed by that unit of local government county or municipality, the subject of which is similar to that of a tax imposed by the State and collected by the Department of Revenue, unless the General Assembly has specifically required a different method of collection for such tax. However, the Department may not enter into a contract with any unit of local government municipality or county pursuant to this Act for the collection of any tax based on the sale or use of tangible personal property generally, not including taxes based only on the sale or use of specifically limited kinds of tangible personal property, unless the municipal or county ordinance adopted by the unit of local government imposes a sales or use tax which is substantively identical to and which contains the same exemptions as the taxes imposed by the unit of local government's municipalities' or counties' ordinances authorized by the Home Rule or Non-Home Rule Municipal or County Retailers' Occupation Tax Act, the Home Rule or Non-Home Rule or the Municipal or County Use Tax, or any other Retailers' Occupation Tax Act or Law that is administered by the Department of Revenue, as interpreted by the Department through its regulations as those Acts and as those regulations may from time to time be amended.

(b) Regarding the collection of a tax pursuant to this Section, the Department and any person subject to a tax collected by the Department pursuant to this Section shall, as much as practicable, have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, definitions of terms and procedures, as those set forth in the Act imposing the State tax, the subject of which is similar to the tax being collected by the Department pursuant to this Section. The Department and unit of local government county or municipality shall specifically agree in writing to such rights, remedies, privileges, immunities, powers, duties, conditions, restrictions, limitations, penalties, definitions of terms and procedures, as well as any other terms deemed necessary or advisable. All terms so agreed upon shall be incorporated into an ordinance of such unit of local government county or municipality, and the Department shall not collect the tax pursuant to this Section until such ordinance takes effect.

(c) (1) The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected
hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named units of local government cities and counties from which retailers or other taxpayers have paid taxes or penalties hereunder to the Department during the second preceding calendar month.

(i) The amount to be paid to each unit of local government county and municipality, which shall equal the taxes and penalties collected by the Department for the unit of local government such county or municipality pursuant to this Section during the second preceding calendar month (not including credit memoranda), plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department of behalf of such county or municipality and (ii) any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county, less 2% of the balance, or any greater amount of the balance as provided in the agreement between the Department and the unit of local government required under this Section, which sum shall be retained by the State Treasurer. total amount of taxes and penalties collected by the Department for such county or municipality pursuant to this Section or the actual cost of collection of such taxes and penalties determined pursuant to the agreement described in subsection (b), whichever is less, which shall be retained by the State; and

(ii) With respect to the total amount to be retained by the State Treasurer pursuant to subparagraph (i), the Department, at the time of each monthly disbursement to the units of local government, shall prepare and certify to the Comptroller the amount so retained by the State Treasurer, which shall be transferred such amount to be deposited into the Tax Compliance and Administration General Revenue Fund of the State treasury and used by the Department, subject to appropriation, to cover the costs incurred by the Department in collecting such taxes and penalties.

(2) Within 10 days after receiving the certifications described in paragraph (1), the Comptroller shall issue orders for payment of the amounts specified in subparagraph (i) of paragraph (1).
(d) Any home rule unit of local government which imposes a tax collected by the Department pursuant to this Section substantially similar to a State imposed tax, or which imposes a tax which is intended to be collected from a retail purchaser of goods or services at the same time a similar State tax is also collected, must file a certified copy of the ordinance imposing the tax with the Department within 10 days after its passage. Beginning on the effective date of this amendatory Act of the 99th General Assembly, an ordinance or resolution imposing or discontinuing a tax collected by the Department under this Section or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax imposition, discontinuance, or rate change as of the first day of July next following the adoption and filing; or (ii) be adopted and certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax imposition, discontinuance, or rate change as of the first day of January next following the adoption and filing. No such ordinance shall become effective until it is so filed. Any home rule unit of local government which has enacted such an ordinance prior to the effective date of this Act shall file a copy of such ordinance with the Department within 90 days after the effective date of this Act.

(e) It is declared to be the law of this State, pursuant to paragraph (g) of Section 6 of Article VII of the Illinois Constitution, that this amendatory Act of 1988 is a denial of the power of a home rule unit to fail to comply with the requirements of paragraphs (d) and (e) of this Section.

PUBLIC ACT 99-0519  
(Senate Bill No. 0010)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Compassionate Use of Medical Cannabis Pilot Program Act is amended by changing Sections 5, 10, 15, 35, 45, 60, 70, 75, and 220 and by adding Sections 7 and 57 as follows:
(410 ILCS 130/5)
(Section scheduled to be repealed on January 1, 2018)
Sec. 5. Findings.
(a) The recorded use of cannabis as a medicine goes back nearly 5,000 years. Modern medical research has confirmed the beneficial uses of cannabis in treating or alleviating the pain, nausea, and other symptoms associated with a variety of debilitating medical conditions, including cancer, multiple sclerosis, and HIV/AIDS, as found by the National Academy of Sciences' Institute of Medicine in March 1999.
(b) Studies published since the 1999 Institute of Medicine report continue to show the therapeutic value of cannabis in treating a wide array

New matter indicated by italics - deletions by strikeout
of debilitating medical conditions. These include relief of the neuropathic
pain caused by multiple sclerosis, HIV/AIDS, and other illnesses that often
fail to respond to conventional treatments and relief of nausea, vomiting,
and other side effects of drugs used to treat HIV/AIDS and hepatitis C,
increasing the chances of patients continuing on life-saving treatment
regimens.

(c) Cannabis has many currently accepted medical uses in the
United States, having been recommended by thousands of licensed
physicians to at least 600,000 patients in states with medical cannabis
laws. The medical utility of cannabis is recognized by a wide range of
medical and public health organizations, including the American Academy
of HIV Medicine, the American College of Physicians, the American
Nurses Association, the American Public Health Association, the
Leukemia & Lymphoma Society, and many others.

(d) Data from the Federal Bureau of Investigation's Uniform Crime
Reports and the Compendium of Federal Justice Statistics show that
approximately 99 out of every 100 cannabis arrests in the U.S. are made
under state law, rather than under federal law. Consequently, changing
State law will have the practical effect of protecting from arrest the vast
majority of seriously ill patients who have a medical need to use cannabis.

(d-5) In 2014, the Task Force on Veterans' Suicide was created by
the Illinois General Assembly to gather data on veterans' suicide
prevention. Data from a U.S. Department of Veterans Affairs study
indicates that 22 veterans commit suicide each day.

(e) Alaska, Arizona, California, Colorado, Connecticut, Delaware,
Hawaii, Maine, Massachusetts, Michigan, Montana, Nevada, New Jersey,
New Mexico, Oregon, Rhode Island, Vermont, Washington, and
Washington, D.C. have removed state-level criminal penalties from the
medical use and cultivation of cannabis. Illinois joins in this effort for the
health and welfare of its citizens.

(f) States are not required to enforce federal law or prosecute
people for engaging in activities prohibited by federal law. Therefore,
compliance with this Act does not put the State of Illinois in violation of
federal law.

(g) State law should make a distinction between the medical and
non-medical uses of cannabis. Hence, the purpose of this Act is to protect
patients with debilitating medical conditions, as well as their physicians
and providers, from arrest and prosecution, criminal and other penalties,

and property forfeiture if the patients engage in the medical use of cannabis.

(2) All medical cannabis products purchased by a qualifying patient at a licensed dispensing organization shall be lawful products and a distinction shall be made between medical and non-medical uses of cannabis as a result of the qualifying patient's cardholder status under the authorized use granted under State law.

"Debt service extension base" means an amount equal to that
portion of the extension for a taxing district for the 1994 levy year, or for
those taxing districts subject to this Law in accordance with Section 18-213,
except for those subject to paragraph (2) of subsection (e) of Section 18-213,
for the levy year in which the referendum making this Law
applicable to the taxing district is held, or for those taxing districts subject
to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of

extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). A debt service extension base established or increased at any time pursuant to any provision of this Law, except Section 18-212, shall be increased each year commencing with the later of (i) the 2009 levy year or (ii) the first levy year in which this Law becomes applicable to the taxing district, by the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year. The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, and 18-230. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

Notwithstanding any other provision of law, for levy year 2012, the aggregate extension base for West Northfield School District No. 31 in Cook County shall be $12,654,592.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value, and (iv) any increase in assessed value due to oil or gas production from an oil or gas well required to be permitted under the Hydraulic Fracturing Regulatory Act that was not produced in or accounted for during the previous levy year. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs

Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a

new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided. In the case of a taxing district that obtained referendum approval for an increased limiting rate on March 20, 2012, the limiting rate for tax year 2012 shall be the rate that generates the approximate total amount of taxes extendable for that tax year, as set forth in the proposition approved by the voters; this rate shall be the final rate applied by the county clerk for the aggregate of all capped funds of the district for tax year 2012.

Section 10. The School Code is amended by changing Section 34-53 as follows:

(105 ILCS 5/34-53) (from Ch. 122, par. 34-53)

Sec. 34-53. Tax levies; Purpose; Rates. For the purpose of establishing and supporting free schools for not fewer than 9 months in each year and defraying their expenses the board may levy annually, upon all taxable property of such district for educational purposes a tax for the fiscal years 1996 and each succeeding fiscal year at a rate of not to exceed the sum of (i) 3.07% (or such other rate as may be set by law independent of the rate difference described in (ii) below) and (ii) the difference between .50% and the rate per cent of taxes extended for a School Finance Authority organized under Article 34A of the School Code, for the calendar year in which the applicable fiscal year of the board begins as determined by the county clerk and certified to the board pursuant to Section 18-110 of the Property Tax Code, of the value as equalized or assessed by the Department of Revenue for the year in which such levy is made.

Beginning on the effective date of this amendatory Act of the 99th General Assembly, for the purpose of making an employer contribution to the Public School Teachers' Pension and Retirement Fund of Chicago, the board may levy annually, upon all taxable property located within the district, a tax at a rate not to exceed 0.383%. The proceeds from this additional tax shall be paid, as soon as possible after collection, directly
to Public School Teachers' Pension and Retirement Fund of Chicago and not to the Board of Education. The rate under this paragraph is not a new rate for the purposes of the Property Tax Extension Limitation Law. Notwithstanding any other provision of law, for the 2016 tax year only, the board shall certify the rate to the county clerk on the effective date of this amendatory Act of the 99th General Assembly, and the county clerk shall extend that rate against all taxable property located within the district as soon after receiving the certification as possible.

Nothing in this amendatory Act of 1995 shall in any way impair or restrict the levy or extension of taxes pursuant to any tax levies for any purposes of the board lawfully made prior to the adoption of this amendatory Act of 1995.

Notwithstanding any other provision of this Code and in addition to any other methods provided for increasing the tax rate the board may, by proper resolution, cause a proposition to increase the annual tax rate for educational purposes to be submitted to the voters of such district at any general or special election. The maximum rate for educational purposes shall not exceed 4.00%. The election called for such purpose shall be governed by Article 9 of this Act. If at such election a majority of the votes cast on the proposition is in favor thereof, the Board of Education may thereafter until such authority is revoked in a like manner, levy annually the tax so authorized.

For purposes of this Article, educational purposes for fiscal years beginning in 1995 and each subsequent year shall also include, but not be limited to, in addition to those purposes authorized before this amendatory Act of 1995, constructing, acquiring, leasing (other than from the Public Building Commission of Chicago), operating, maintaining, improving, repairing, and renovating land, buildings, furnishings, and equipment for school houses and buildings, and related incidental expenses, and provision of special education, furnishing free textbooks and instructional aids and school supplies, establishing, equipping, maintaining, and operating supervised playgrounds under the control of the board, school extracurricular activities, and stadia, social center, and summer swimming pool programs open to the public in connection with any public school; making an employer contribution to the Public School Teachers' Pension and Retirement Fund as required by Section 17-129 of the Illinois Pension Code; and providing an agricultural science school, including site development and improvements, maintenance repairs, and supplies. Educational purposes also includes student transportation expenses.

All collections of all taxes levied for fiscal years ending before 1996 under this Section or under Sections 34-53.2, 34-53.3, 34-58, 34-60, or 34-62 of this Article as in effect prior to this amendatory Act of 1995 may be used for any educational purposes as defined by this amendatory Act of 1995 and need not be used for the particular purposes for which they were levied. The levy and extension of taxes pursuant to this Section as amended by this amendatory Act of 1995 shall not constitute a new or increased tax rate within the meaning of the Property Tax Extension Limitation Law or the One-year Property Tax Extension Limitation Law.

The rate at which taxes may be levied for the fiscal year beginning September 1, 1996, for educational purposes shall be the full rate authorized by this Section for such taxes for fiscal years ending after 1995.

In accordance with technical specifications provided by the State Board of Elections, each election authority shall maintain a voter registration system capable of receiving and processing voter registration application information, including electronic signatures, from the online voter registration system established by the State Board of Elections.

(b) The online voter registration system shall employ security measures to ensure the accuracy and integrity of voter registration applications submitted electronically pursuant to this Section.

(c) The Board may receive voter registration information provided by applicants using the State Board of Elections' website, may cross reference that information with data or information contained in the Secretary of State's database in order to match the information submitted by applicants, and may receive from the Secretary of State the applicant's digitized signature upon a successful match of that applicant's information with that contained in the Secretary of State's database.

(d) Notwithstanding any other provision of law, a person who is qualified to register to vote and who has an authentic Illinois driver's license or State identification card issued by the Secretary of State may submit an application to register to vote electronically on a website maintained by the State Board of Elections.

(e) An online voter registration application shall contain all of the information that is required for a paper application as provided in Section 1A-16 of this Code, except that the applicant shall be required to provide:

(1) the applicant's full Illinois driver's license or State identification card number;

(2) the last 4 digits of the applicant's social security number; and

New matter indicated by italics - deletions by strikeout
(3) the date the Illinois driver's license or State identification card was issued.

(f) For an applicant's registration or change in registration to be accepted, the applicant shall mark the box associated with the following statement included as part of the online voter registration application:

"By clicking on the box below, I swear or affirm all of the following:

(1) I am the person whose name and identifying information is provided on this form, and I desire to register to vote in the State of Illinois.

(2) All the information I have provided on this form is true and correct as of the date I am submitting this form.

(3) I authorize the Secretary of State to transmit to the State Board of Elections my signature that is on file with the Secretary of State and understand that such signature will be used by my local election authority on this online voter registration application for admission as an elector as if I had signed this form personally."

(g) Immediately upon receiving a completed online voter registration application, the online voter registration system shall send, by electronic mail, a confirmation notice that the application has been received. Within 48 hours of receiving such an application, the online voter registration system shall send by electronic mail, a notice informing the applicant of whether the following information has been matched with the Secretary of State database:

(1) that the applicant has an authentic Illinois driver's license or State identification card issued by the Secretary of State and that the driver's license or State identification number provided by the applicant matches the driver's license or State identification card number for that person on file with the Secretary of State;

(2) that the date of issuance of the Illinois driver's license or State identification card listed on the application matches the date of issuance of that card for that person on file with the Secretary of State;

(3) that the date of birth provided by the applicant matches the date of birth for that person on file with the Secretary of State; and

(4) that the last 4 digits of the applicant's social security number matches the last 4 digits for that person on file with the Secretary of State.
(h) If the information provided by the applicant matches the information on the Secretary of State's databases for any driver's license and State identification card holder and is matched as provided in subsection (g) above, the online voter registration system shall:

(1) retrieve from the Secretary of State's database files an electronic copy of the applicant's signature from his or her Illinois driver's license or State identification card and such signature shall be deemed to be the applicant's signature on his or her online voter registration application;

(2) within 2 days of receiving the application, forward to the county clerk or board of election commissioners having jurisdiction over the applicant's voter registration: (i) the application, along with the applicant's relevant data that can be directly loaded into the jurisdiction's voter registration system and (ii) a copy of the applicant's electronic signature and a certification from the State Board of Elections that the applicant's driver's license or State identification card number, driver's license or State identification card date of issuance, and date of birth and social security information have been successfully matched.

(i) Upon receipt of the online voter registration application, the county clerk or board of election commissioners having jurisdiction over the applicant's voter registration shall promptly search its voter registration database to determine whether the applicant is already registered to vote at the address on the application and whether the new registration would create a duplicate registration. If the applicant is already registered to vote at the address on the application, the clerk or board, as the case may be, shall send the applicant by first class mail, and electronic mail if the applicant has provided an electronic mail address on the original voter registration form for that address, a disposition notice as otherwise required by law informing the applicant that he or she is already registered to vote at such address. If the applicant is not already registered to vote at the address on the application and the applicant is otherwise eligible to register to vote, the clerk or board, as the case may be, shall:

(1) enter the name and address of the applicant on the list of registered voters in the jurisdiction; and

(2) send by mail, and electronic mail if the applicant has provided an electronic mail address on the voter registration form, a disposition notice to the applicant as otherwise provided by law

setting forth the applicant's name and address as it appears on the application and stating that the person is registered to vote.

(j) An electronic signature of the person submitting a duplicate registration application or a change of address form that is retrieved and imported from the Secretary of State's driver's license or State identification card database as provided herein may, in the discretion of the clerk or board, be substituted for and replace any existing signature for that individual in the voter registration database of the county clerk or board of election commissioners.

(k) Any new registration or change of address submitted electronically as provided in this Section shall become effective as of the date it is received by the county clerk or board of election commissioners having jurisdiction over said registration. Disposition notices prescribed in this Section shall be sent within 5 business days of receipt of the online application or change of address by the county clerk or board of election commissioners.

(l) All provisions of this Code governing voter registration and applicable thereto and not inconsistent with this Section shall apply to online voter registration under this Section. All applications submitted on a website maintained by the State Board of Elections shall be deemed timely filed if they are submitted no later than 11:59 p.m. on the 16th day final day for voter registration prior to an election. After the registration period for an upcoming election has ended and until the 2nd day following such election, the web page containing the online voter registration form on the State Board of Elections website shall inform users of the procedure for grace period voting.

(m) The State Board of Elections shall maintain a list of the name, street address, e-mail address, and likely precinct, ward, township, and district numbers, as the case may be, of people who apply to vote online through the voter registration system and those names and that information shall be stored in an electronic format on its website, arranged by county and accessible to State and local political committees.

(n) The Illinois State Board of Elections shall develop or cause to be developed an online voter registration system able to be accessed by at least the top two most used mobile electronic operating systems by January 1, 2016.

(o) (Blank).

(p) Each State department that maintains an Internet website must include a hypertext link to the homepage website maintained and operated
pursuant to this Section 1A-16.5. For the purposes of this Section, "State department" means the departments of State Government listed in Section 5-15 of the Civil Administrative Code of Illinois (General Provisions and Departments of State Government).

(10 ILCS 5/1A-16.8)

Sec. 1A-16.8. Automatic transfer of registration based upon information from the National Change of Address database. The State Board of Elections shall cross-reference the statewide voter registration database against the United States Postal Service's National Change of Address database twice each calendar year, April 15 and October 1 in odd-numbered years and April 15 and December 1 in even-numbered years, and shall share the findings with the election authorities. An election authority shall automatically register any voter who has moved into its jurisdiction from another jurisdiction in Illinois or has moved within its jurisdiction provided that:

1. the election authority whose jurisdiction includes the new registration address provides the voter an opportunity to reject the change in registration address through a mailing, sent by non-forwardable mail, to the new registration address, and
2. when the election authority whose jurisdiction includes the previous registration address is a different election authority, then that election authority provides the same opportunity through a mailing, sent by forwardable mail, to the previous registration address.

This change in registration shall trigger the same inter-jurisdictional or intra-jurisdictional workflows as if the voter completed a new registration card, including the cancellation of the voter's previous registration. Should the registration of a voter be changed from one address to another within the State and should the voter appear at the polls and offer to vote from the prior registration address, attesting that the prior registration address is the true current address, the voter, if confirmed by the election authority as having been registered at the prior registration address and canceled only by the process authorized by this Section, shall be issued a regular ballot, and the change of registration address shall be canceled. If the election authority is unable to immediately confirm the registration, the voter shall be issued a provisional ballot and the provisional ballot shall be counted.

Sec. 1A-50. The ERIC Operations Trust Fund. The ERIC Operations Trust Fund (Trust Fund) is created as a nonappropriated trust fund to be held outside of the State treasury, with the State Treasurer as ex officio custodian. The Trust Fund shall be financed by a combination of private donations and by appropriations by the General Assembly. The Board may accept from all sources, contributions, grants, gifts, bequeaths, legacies of money, and securities to be deposited into the Trust Fund. All deposits shall become part of the Trust Fund corpus. Moneys in the Trust Fund are not subject to appropriation and shall be used by the Board solely for the costs and expenses related to the participation in the Electronic Registration Information Center pursuant to this Code.

All gifts, grants, assets, funds, or moneys received by the Board for the purpose of participation in the Electronic Registration Information Center shall be deposited and held in the Trust Fund by the State Treasurer separate and apart from all public moneys or funds of this State and shall be administered by the Board exclusively for the purposes set forth in this Section. All moneys in the Trust Fund shall be invested and reinvested by the State Treasurer. All interest accruing from these investments shall be deposited in the Trust Fund.

The ERIC Operations Trust Fund is not subject to sweeps, administrative charge-backs, or any other fiscal or budgetary maneuver that would in any way transfer any amounts from the ERIC Operations Trust Fund into any other fund of the State.

The registration record cards, which shall include an affidavit of registration as hereinafter provided, shall be executed in duplicate.

also be inspected, upon approval of the officer in charge of the cards, during the 27 days immediately preceding any election. Registration record cards shall also be open to inspection by certified judges and poll watchers and challengers at the polling place on election day, but only to the extent necessary to determine the question of the right of a person to vote or to serve as a judge of election. At no time shall poll watchers or challengers be allowed to physically handle the registration record cards.

Updated copies of computer tapes or computer discs or other electronic data processing information containing voter registration information shall be furnished by the county clerk within 10 days after December 15 and May 15 each year and within 10 days after each registration period is closed to the State Board of Elections in a form prescribed by the Board. For the purposes of this Section, a registration period is closed 27 days before the date of any regular or special election. Registration information shall include, but not be limited to, the following information: name, sex, residence, telephone number, if any, age, party affiliation, if applicable, precinct, ward, township, county, and representative, legislative and congressional districts. In the event of noncompliance, the State Board of Elections is directed to obtain compliance forthwith with this nondiscretionary duty of the election authority by instituting legal proceedings in the circuit court of the county in which the election authority maintains the registration information. The costs of furnishing updated copies of tapes or discs shall be paid at a rate of $.00034 per name of registered voters in the election jurisdiction, but not less than $50 per tape or disc and shall be paid from appropriations made to the State Board of Elections for reimbursement to the election authority for such purpose. The State Board shall furnish copies of such tapes, discs, other electronic data or compilations thereof to state political committees registered pursuant to the Illinois Campaign Finance Act or the Federal Election Campaign Act and to governmental entities, at their request and at a reasonable cost. view the centralized statewide voter registration list on a computer screen at the Springfield office of the State Board of Elections, during normal business hours other than during the 27 days before an election, but the person viewing the list under this exception may not print, duplicate, transmit, or alter the list. Copies of the tapes, discs, or other electronic data shall be furnished by the county clerk to local political committees and governmental entities at their request and at a reasonable cost. Reasonable cost of the tapes, discs, et cetera for this purpose would be the cost of duplication plus 15% for administration. The individual representing a political committee requesting copies of such tapes shall make a sworn affidavit that the information shall be used only for bona fide political purposes, including by or for candidates for office or incumbent office holders. Such tapes, discs or other electronic data shall not be used under any circumstances by any political committee or individuals for purposes of commercial solicitation or other business purposes. If such tapes contain information on county residents related to the operations of county government in addition to registration information, that information shall not be used under any circumstances for commercial solicitation or other business purposes. The prohibition in this Section against using the computer tapes or computer discs or other electronic data processing information containing voter registration information for purposes of commercial solicitation or other business purposes shall be prospective only from the effective date of this amended Act of 1979. Any person who violates this provision shall be guilty of a Class 4 felony.

The State Board of Elections shall promulgate, by October 1, 1987, such regulations as may be necessary to ensure uniformity throughout the State in electronic data processing of voter registration information. Sec. 4-20. The original registration cards shall remain permanently in the office of the county clerk or election authority except as destroyed as provided in Section 4-5.01; shall be filed alphabetically without regard to precincts; and shall be known as the master file. The master file may be kept in a computer-based voter registration file or paper format, provided a secondary digital back-up is kept off site. The digital file shall be searchable and remain current with all registration activity conducted by the county clerk or election authority. The duplicate registration cards shall constitute the official registry of voters for all elections subject to the provisions of this Article 4, shall be filed by precincts alphabetically or geographically so as to correspond with the arrangement of the list for each precinct respectively, compiled pursuant to Section 4-11 of this Article, and shall be known as the precinct file. The duplicate cards for use in conducting elections shall be delivered to the judges of election by the county clerk in a suitable binder or other device, which shall be locked and sealed in accordance with the directions to be given by the county clerk and shall also be suitably indexed for convenient use by the precinct officers. The duplicate cards shall be delivered to the judges of election for use at the polls for elections at the same time as the official ballots are delivered to them, and shall be returned to the county clerk by the judges of election within the time provided for the return of the official ballots. The county clerk shall determine the manner of delivery and return of such duplicate cards, and shall at all other times retain them at his office except for such use of them as may be made under this Article with respect to registration not at the office of the county clerk.

Sec. 4-33. Computerization of voter records.

(a) The State Board of Elections shall design a registration record card that, except as otherwise provided in this Section, shall be used in duplicate by all election authorities in the State adopting a computer-based voter registration file as provided in this Section. The Board shall prescribe the form and specifications, including but not limited to the weight of paper, color, and print of the cards. The cards shall contain boxes or spaces for the information required under Sections 4-8 and 4-21; provided that the cards shall also contain: (i) A space for a person to fill in his or her Illinois driver's license number if the person has a driver's license; (ii) A space for a person without a driver's license to fill in the last four digits of his or her social security number if the person has a social security number.

(b) The election authority may develop and implement a system to prepare, use, and maintain a computer-based voter registration file that includes a computer-stored image of the signature of each voter. The computer-based voter registration file may be used for all purposes for which the original registration cards are to be used, provided that a system for the storage of at least one copy of the original registration cards remains in effect. In the case of voter registration forms received via an online voter registration system, the original registration cards will include the signature received from the Secretary of State database. The electronic file shall be the master file.

(b-2) The election authority may develop and implement a system to maintain registration cards in digital form using digitized signatures, which may be stored in a computer-based voter registration file under subsection (b) of this Section. The making and signing of any form, including an application to register and a certificate authorizing cancellation of a registration or authorizing a transfer of registration may be by a signature written in ink or by a digitized signature.

(c) Any system created, used, and maintained under subsection (b) of this Section shall meet the following standards:

(1) Access to any computer-based voter registration file shall be limited to those persons authorized by the election authority, and each access to the computer-based voter registration file, other than an access solely for inquiry, shall be recorded.

(2) No copy, summary, list, abstract, or index of any computer-based voter registration file that includes any computer-
stored image of the signature of any registered voter shall be made available to the public outside of the offices of the election authority.

(3) Any copy, summary, list, abstract, or index of any computer-based voter registration file that includes a computer-stored image of the signature of a registered voter shall be produced in such a manner that it cannot be reproduced.

(4) Each person desiring to vote shall sign an application for a ballot, and the signature comparison authorized in Articles 17 and 18 of this Code may be made to a copy of the computer-stored image of the signature of the registered voter.

(5) Any voter list produced from a computer-based voter registration file that includes computer-stored images of the signatures of registered voters and is used in a polling place during an election shall be preserved by the election authority in secure storage until the end of the second calendar year following the election in which it was used.

(d) Before the first election in which the election authority elects to use a voter list produced from the computer-stored images of the signatures of registered voters in a computer-based voter registration file for signature comparison in a polling place, the State Board of Elections shall certify that the system used by the election authority complies with the standards set forth in this Section. The State Board of Elections may request a sample poll list intended to be used in a polling place to test the accuracy of the list and the adequacy of the computer-stored images of the signatures of the registered voters.

(e) With respect to a jurisdiction that has copied all of its voter signatures into a computer-based registration file, all references in this Act or any other Act to the use, other than storage, of paper-based voter registration records shall be deemed to refer to their computer-based equivalents.

(f) Nothing in this Section prevents an election authority from submitting to the State Board of Elections a duplicate copy of some, as the State Board of Elections shall determine, or all of the data contained in each voter registration record that is part of the electronic master file. The duplicate copy of the registration record shall be maintained by the State Board of Elections under the same terms and limitations applicable to the election authority and shall be of equal legal dignity with the original.

duplicate by all election authorities in the State adopting a computer-based
voter registration file as provided in this Section. The Board shall
prescribe the form and specifications, including but not limited to the

(3) Any copy, summary, list, abstract, or index of any computer-based voter registration file that includes a computer-stored image of the signature of a registered voter shall be produced in such a manner that it cannot be reproduced.

(4) Each person desiring to vote shall sign an application for a ballot, and the signature comparison authorized in Articles 17 and 18 of this Code may be made to a copy of the computer-stored image of the signature of the registered voter.

each election authority in a conspicuous, open, and public place accessible to the public at the entrance of the office of the election authority and in a manner that the list may be viewed without necessity of requesting permission for viewing.

Each election authority shall maintain a list for each election of the voters to whom it has issued vote by mail ballots. The list shall be maintained for each precinct within the jurisdiction of the election authority. Prior to the opening of the polls on election day, the election authority shall deliver to the judges of election in each precinct the list of registered voters in that precinct to whom vote by mail ballots have been issued by mail.

Each election authority shall maintain a list for each election of voters to whom it has issued temporarily absent student ballots. Sec. 19-8. Time and place of counting ballots.

(a) (Blank.)

(b) Each vote by mail voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and may be processed by the election authority beginning on the 15th day before election day it is received by the election authority in the central ballot counting location of the election authority, but the results of the processing may not be counted until the day of the election after 7:00 p.m., except as provided in subsections (g) and (g-5).

(c) Each vote by mail voter's ballot that is mailed to an election authority and postmarked no later than election day, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the period for counting provisional ballots. Each vote by mail voter's ballot that is mailed to an election authority absent a postmark or a barcode usable with an intelligent mail barcode tracking system, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt, opened to inspect the date inserted on the certification, and, if the certification date is a date preceding the election day or earlier and the ballot is otherwise found to be valid under the requirements of this Section, counted at the central ballot counting location of the election authority during the period for counting provisional ballots. Absent a date on the certification, the ballot shall not be counted.

If an election authority is using an intelligent mail barcode tracking system, a ballot that is mailed to an election authority absent a postmark may be counted if the intelligent mail barcode tracking system verifies the envelope was mailed no later than election day.

(d) Special write-in vote by mail voter's blank ballots returned to an election authority, by any means authorized by this Article, and

received by the election authority at any time before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same period provided for counting vote by mail voters' ballots under subsections (b), (g), and (g-5). Special write-in vote by mail voter's blank ballots that are mailed to an election authority and postmarked no later than election day, but that are received by the election authority after the polls close on election day and before the closing of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same periods provided for counting vote by mail voters' ballots under subsection (c).

(e) Except as otherwise provided in this Section, vote by mail voters' ballots and special write-in vote by mail voter's blank ballots received by the election authority after the closing of the polls on an election day shall be endorsed by the election authority receiving them with the day and hour of receipt and shall be safely kept unopened by the election authority for the period of time required for the preservation of ballots used at the election, and shall then, without being opened, be destroyed in like manner as the used ballots of that election.

(f) Counting required under this Section to begin on election day after the closing of the polls shall commence no later than 8:00 p.m. and shall be conducted by a panel or panels of election judges appointed in the manner provided by law. The counting shall continue until all vote by mail voters' ballots and special write-in vote by mail voter's blank ballots required to be counted on election day have been counted.

(g) The procedures set forth in Articles 17 and 18 of this Code shall apply to all ballots counted under this Section. In addition, within 2 days after a vote by mail ballot is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that vote by mail ballot with the signature of the voter on file in the office of the election authority. If the election judge or official determines that the 2 signatures match, and that the vote by mail voter is otherwise qualified to cast a vote by mail ballot, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the precinct in which the voter is registered. If the election judge or official determines that the signatures do

New matter indicated by italics - deletions by strikeout
not match, or that the vote by mail voter is not qualified to cast a vote by mail ballot, then without opening the certification envelope, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

In addition to the voter's signatures not matching, a vote by mail ballot may be rejected by the election judge or official:

1. if the ballot envelope is open or has been opened and resealed;
2. if the voter has already cast an early or grace period ballot;
3. if the voter voted in person on election day or the voter is not a duly registered voter in the precinct; or
4. on any other basis set forth in this Code.

If the election judge or official determines that any of these reasons apply, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

(g-5) If a vote by mail ballot is rejected by the election judge or official for any reason, the election authority shall, within 2 days after the rejection but in all cases before the close of the period for counting provisional ballots, notify the vote by mail voter that his or her ballot was rejected. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be rejected. The voter may present evidence to the election authority supporting his or her contention that the ballot should be counted. The election authority shall appoint a panel of 3 election judges to review the contested ballot, application, and certification envelope, as well as any evidence submitted by the vote by mail voter. No more than 2 election judges on the reviewing panel shall be of the same political party. The reviewing panel of election judges shall make a final determination as to the validity of the contested vote by mail ballot. The judges' determination shall not be reviewable either administratively or judicially.

A vote by mail ballot subject to this subsection that is determined to be valid shall be counted before the close of the period for counting provisional ballots.

(g-10) All vote by mail ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.
(h) Each political party, candidate, and qualified civic organization shall be entitled to have present one pollwatcher for each panel of election judges therein assigned.

In addition, within 2 days after a ballot subject to this Article is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that ballot with the signature of the voter on file in the office of the election authority. If the election judge or official determines that the 2 signatures match, and that the voter is otherwise qualified to cast a ballot under this Article, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the precinct in which the voter is registered. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be rejected. New matter indicated by italics - deletions by strikeout
President and Vice-President of the United States and such State Convention or State central committee of such party or group shall also choose electors at large, if any are to be appointed for this State and such State Convention or State central committee of such party or group shall by its chairman and secretary certify the total list of such electors together with electors at large so chosen to the State Board of Elections.

The filing of such certificate with the Board, of such choosing of electors shall be deemed and taken to be the choosing and selection of the electors of this State, if such party or group is successful at the polls as herein provided in choosing their candidates for President and Vice-President of the United States.

(b) The names of the candidates of the several political parties or groups for electors of President and Vice-President shall not be printed on the official ballot to be voted in the election to be held on the day in this Act above named. In lieu of the names of the candidates for such electors of President and Vice-President, immediately under the appellation of party name of a party or group in the column of its candidates on the official ballot, to be voted at said election first above named in subsection (1) of Section 2A-1.2 and Section 2A-2, there shall be printed within a bracket the name of the candidate for President and the name of the candidate for Vice-President of such party or group with a square to the left of such bracket. Each voter in this State from the several lists or sets of electors so chosen and selected by the said respective political parties or groups, may choose and elect one of such lists or sets of electors by placing a cross in the square to the left of the bracket aforesaid of one of such parties or groups. Placing a cross within the square before the bracket enclosing the names of President and Vice-President shall not be deemed and taken as a direct vote for such candidates for President and Vice-President, or either of them, but shall only be deemed and taken to be a vote for the entire list or set of electors chosen by that political party or group so certified to the State Board of Elections as herein provided. Voting by means of placing a cross in the appropriate place preceding the appellation or title of the particular political party or group, shall not be deemed or taken as a direct vote for the candidates for President and Vice-President, or either of them, but instead to the Presidential vote, as a vote for the entire list or set of electors chosen by that political party or group so certified to the State Board of Elections as herein provided.

(c) Such certification by the respective political parties or groups in this State of electors of President and Vice-President shall be made to the
State Board of Elections within 2 days after such State convention or meeting of the State central committee in which the electors were chosen.

(d) Should more than one certificate of choice and selection of electors of the same political party or group be filed by contesting conventions or contesting groups, it shall be the duty of the State Board of Elections within 10 days after the adjournment of the last of such conventions to meet and determine which set of nominees for electors of such party or group was chosen and selected by the authorized convention of such party or group. The Board, after notice to the chairman and secretaries or managers of the conventions or groups and after a hearing shall determine which set of electors was so chosen by the authorized convention and shall so announce and publish the fact, and such decision shall be final and the set of electors so determined upon by the electoral board to be so chosen shall be the list or set of electors to be deemed elected if that party shall be successful at the polls, as herein provided.

(e) Should a vacancy occur in the choice of an elector in a congressional district, such vacancy may be filled by the executive committee of the party or group for such congressional district, to be certified by such committee to the State Board of Elections. Should a vacancy occur in the office of elector at large, such vacancy shall be filled by the State committee of such political party or group, and certified by it to the State Board of Elections.

Sec. 24C-12. Procedures for Counting and Tallying of Ballots. In an election jurisdiction where a Direct Recording Electronic Voting System is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, the judges of elections shall assemble the voting equipment and devices and turn the equipment on. The judges shall, if necessary, take steps to activate the voting devices and counting equipment by inserting into the equipment and voting devices appropriate data cards containing passwords and data codes that will select the proper ballot formats selected for that polling place and that will prevent inadvertent or unauthorized activation of the poll-opening function. Before voting begins and before ballots are entered into the voting devices, the judges of election shall cause to be printed a record of the following: the election's identification data, the device's unit identification, the ballot's format identification, the contents of each active

New matter indicated by italics - deletions by strikeout
candidate register by office and of each active public question register showing that they contain all zero votes, all ballot fields that can be used to invoke special voting options, and other information needed to ensure the readiness of the equipment and to accommodate administrative reporting requirements. The judges must also check to be sure that the totals are all zeros in the counting columns and in the public counter affixed to the voting devices.

After the judges have determined that a person is qualified to vote, a voting device with the proper ballot to which the voter is entitled shall be enabled to be used by the voter. The ballot may then be cast by the voter by marking by appropriate means the designated area of the ballot for the casting of a vote for any candidate or for or against any public question. The voter shall be able to vote for any and all candidates and public measures appearing on the ballot in any legal number and combination and the voter shall be able to delete, change or correct his or her selections before the ballot is cast. The voter shall be able to select candidates whose names do not appear upon the ballot for any office by entering electronically as many names of candidates as the voter is entitled to select for each office.

Upon completing his or her selection of candidates or public questions, the voter shall signify that voting has been completed by activating the appropriate button, switch or active area of the ballot screen associated with end of voting. Upon activation, the voting system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. Upon activation, the voting system shall also print a permanent paper record of each ballot cast as defined in Section 24C-2 of this Code. This permanent paper record shall (i) be printed in a clear, readily readable format that can be easily reviewed by the voter for completeness and accuracy and (ii) either be self-contained within the voting device or be deposited by the voter into a secure ballot box. No permanent paper record shall be removed from the polling place except by election officials as authorized by this Article. All permanent paper records shall be preserved and secured by election officials in the same manner as paper ballots and shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used. The voter shall exit the voting station and the voting system shall prevent any further attempt to vote until it has been properly re-activated. If a voting device has been enabled for
voting but the voter leaves the polling place without casting a ballot, 2 judges of election, one from each of the 2 major political parties, shall spoil the ballot.

Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or public question on the voting or counting equipment. Such equipment shall be programmed so that no person may reset the equipment for reentry of ballots unless provided the proper code from an authorized representative of the election authority.

The precinct judges of election shall check the public register to determine whether the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the applications for ballot. If the same do not agree, the judges of election shall immediately contact the offices of the election authority in charge of the election for further instructions. If the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the application for ballot, the number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated. One copy of an "In-Precinct Totals Report" shall be generated by the automatic tabulating equipment for return to the election authority. One copy of an "In-Precinct Totals Report" shall be generated and posted in a conspicuous place inside the polling place, provided that any authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots is present. The judges of election shall provide, if requested, a set for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

Until December 31, 2019 2015, in elections at which fractional cumulative votes are cast for candidates, the tabulation of those fractional cumulative votes may be made by the election authority at its central office location, and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulation equipment and shall be posted in 4 conspicuous places at the central office location where those fractional cumulative votes have been tabulated.

If instructed by the election authority, the judges of election shall cause the tabulated returns to be transmitted electronically to the offices of the election authority via modem or other electronic medium.

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials and equipment as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose in a manner that the ballots cannot be removed from the container without breaking the seal or filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots and election materials and equipment from all precincts within the jurisdiction of the election authority have been returned to the election authority. Ballots and election materials and equipment returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots and election materials and equipment by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots and election materials and equipment as provided shall, in the event the ballots, materials or equipment cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

ARTICLE 5. AMENDATORY PROVISIONS

Section 5-5. The Illinois Lottery Law is amended by changing Section 7.12 as follows:

(20 ILCS 1605/7.12)
Sec. 7.12. Internet pilot program.
(a) The General Assembly finds that:
(1) the consumer market in Illinois has changed since the creation of the Illinois State Lottery in 1974;

New matter indicated by italics - deletions by strikeout
(2) the Internet has become an integral part of everyday life for a significant number of Illinois residents not only in regards to their professional life, but also in regards to personal business and communication; and

(3) the current practices of selling lottery tickets does not appeal to the new form of market participants who prefer to make purchases on the Internet at their own convenience.

It is the intent of the General Assembly to create an Internet pilot program for the sale of lottery tickets to capture this new form of market participant.

(b) The Department shall create a pilot program that allows an individual 18 years of age or older to purchase lottery tickets or shares on the Internet without using a Lottery retailer with on-line status, as those terms are defined by rule. The Department shall restrict the sale of lottery tickets on the Internet to transactions initiated and received or otherwise made exclusively within the State of Illinois. The Department shall adopt rules necessary for the administration of this program. These rules shall include, among other things, requirements for marketing of the Lottery to infrequent players, as well as limitations on the purchases that may be made through any one individual's lottery account. The provisions of this Act and the rules adopted under this Act shall apply to the sale of lottery tickets or shares under this program.

Before beginning the pilot program, the Department of the Lottery must submit a request to the United States Department of Justice for review of the State's plan to implement a pilot program for the sale of lottery tickets on the Internet and its propriety under federal law. The Department shall implement the Internet pilot program only if the Department of Justice does not object to the implementation of the program within a reasonable period of time after its review.

The Department is obligated to implement the pilot program set forth in this Section and Sections 7.15 and 7.16 only at such time, and to such extent, that the Department of Justice does not object to the implementation of the program within a reasonable period of time after its review. While the Illinois Lottery may only offer Lotto, Mega Millions, and Powerball games through the pilot program, the Department shall request review from the federal Department of Justice for the Illinois Lottery to sell lottery tickets on the Internet on behalf of the State of Illinois that are not limited to just these games.

New matter indicated by italics - deletions by strikeout
The Department shall authorize the private manager to implement and administer the program pursuant to the management agreement entered into under Section 9.1 and in a manner consistent with the provisions of this Section. If a private manager has not been selected pursuant to Section 9.1 at the time the Department is obligated to implement the pilot program, then the Department shall not proceed with the pilot program until after the selection of the private manager, at which time the Department shall authorize the private manager to implement and administer the program pursuant to the management agreement entered into under Section 9.1 and in a manner consistent with the provisions of this Section.

The pilot program shall last for not less than 36 months, but not more than 48 months from the date of its initial operation.

Nothing in this Section shall be construed as prohibiting the Department from implementing and operating a website portal whereby individuals who are 18 years of age or older with an Illinois mailing address may apply to purchase lottery tickets via subscription. Nothing in this Section shall also be construed as prohibiting the sale of Lotto, Mega Millions, and Powerball games by a lottery licensee pursuant to the Department's rules.

(c) (Blank). There is created the Internet Lottery Study Committee as an advisory body within the Department. The Department shall conduct a study to determine the impact of the Internet pilot program on lottery licensees. The Department shall also determine the feasibility of the sale of stored value cards by lottery licensees as a non-exclusive option for use by individuals 18 years of age or older who purchase tickets for authorized lottery games in the Internet pilot program. For the purposes of this study, it is anticipated that the stored value cards will have, but need not be limited to, the following characteristics: (1) the cards will be available only to individuals 18 years of age and older; (2) the cards will be rechargeable, closed-loop cards that can only be loaded with cash; (3) the cards will have unique identifying numbers to be used for on-line play; (4) the cards will have on-line play subtracted from the card's value; (5) the cards may have on-line winnings added to them; (6) the cards will be used at Lottery retailers to cash out winnings of up to $600; and (7) the cards will meet all technological, programming, and security requirements mandated by the Department and the governing bodies of both Mega Millions and Powerball:

To the fullest extent possible, but subject to available resources, the Department shall ensure that the study evaluates and analyzes at least the following issues:

(1) economic benefits to the State from Internet Lottery sales from stored value cards and from resulting sales taxes;
(2) economic benefits to local governments from sales taxes generated from Internet Lottery sales through stored value cards;
(3) economic benefits to Lottery retailers from Internet Lottery sales and from ancillary retail product sales in connection with the same;
(4) enhanced player age verification from face-to-face interaction;
(5) enhanced control of gambling addiction from face-to-face interaction;
(6) elimination of credit card overspending through the use of stored value cards and resulting reduced debt issues;
(7) the feasibility of the utilization of existing Lottery machines to dispense stored value cards;
(8) the technological, programming, and security requirements to make stored value cards an appropriate sales alternative; and
(9) the cost and project time estimates for implementation, including adaptation of existing Lottery machines, programming, and technology enhancements and impact to operations.

The Study Committee shall consist of the Director or his or her designee; the chief executive officer of the Lottery’s private manager or his or her designee; a representative appointed by the Governor’s Office; 2 representatives of the lottery licensee community appointed by the Director; one representative of a statewide association representing food retailers appointed by the Director; and one representative of a statewide association representing retail merchants appointed by the Director.

Members of the Study Committee shall be appointed within 30 days after the effective date of this amendatory Act of the 97th General Assembly. No later than 6 months after the effective date of this amendatory Act of the 97th General Assembly, the Department shall provide to the members of the Study Committee the proposed findings and recommendations of the study in order to solicit input from the Study Committee. Within 30 calendar days thereafter, the Study Committee shall

convene a meeting of the members to discuss the proposed findings and recommendations of the study. No later than 15 calendar days after meeting, the Study Committee shall submit to the Department any written changes, additions, or corrections the Study Committee wishes the Department to make to the study. The Department shall consider the propriety of and respond to each change, addition, or correction offered by the Study Committee in the study. The Department shall also set forth any such change, addition, or correction offered by members of the Study Committee and the Department's responses thereto in the appendix to the study. No later than 15 calendar days after receiving the changes, additions, or corrections offered by the Study Committee, the Department shall deliver copies of the final study and appendices, if any, to the Governor, President of the Senate, Minority Leader of the Senate, Speaker of the House of Representatives, Minority Leader of the House of Representatives, and each of the members of the Study Committee.

Section 5-7. The General Assembly Compensation Act is amended by changing Section 1 as follows:

(25 ILCS 115/1) (from Ch. 63, par. 14)
Sec. 1. Each member of the General Assembly shall receive an annual salary of $28,000 or as set by the Compensation Review Board, whichever is greater. The following named officers, committee chairmen and committee minority spokesmen shall receive additional amounts per year for their services as such officers, committee chairmen and committee minority spokesmen respectively, as set by the Compensation Review Board or, as follows, whichever is greater: Beginning the second Wednesday in January 1989, the Speaker and the minority leader of the House of Representatives and the President and the minority leader of the Senate, $16,000 each; the majority leader in the House of Representatives $13,500; 6 assistant majority leaders and 5 assistant minority leaders in the Senate, $12,000 each; 6 assistant majority leaders and 6 assistant minority leaders in the House of Representatives, $10,500 each; 2 Deputy Majority leaders in the House of Representatives $11,500 each; and 2 Deputy Minority leaders in the House of Representatives, $11,500 each; the majority caucus chairman and minority caucus chairman in the Senate, $12,000 each; and beginning the second Wednesday in January, 1989, the majority conference chairman and the minority conference chairman in the

House of Representatives, $10,500 each; beginning the second Wednesday in January, 1989, the chairman and minority spokesman of each standing committee of the Senate, except the Rules Committee, the Committee on Committees, and the Committee on Assignment of Bills, $6,000 each; and beginning the second Wednesday in January, 1989, the chairman and minority spokesman of each standing and select committee of the House of Representatives, $6,000 each. A member who serves in more than one position as an officer, committee chairman, or committee minority spokesman shall receive only one additional amount based on the position paying the highest additional amount. The compensation provided for in this Section to be paid per year to members of the General Assembly, including the additional sums payable per year to officers of the General Assembly shall be paid in 12 equal monthly installments. The first such installment is payable on January 31, 1977. All subsequent equal monthly installments are payable on the last working day of the month. A member who has held office any part of a month is entitled to compensation for an entire month.

Mileage shall be paid at the rate of 20 cents per mile before January 9, 1985, and at the mileage allowance rate in effect under regulations promulgated pursuant to 5 U.S.C. 5707(b)(2) beginning January 9, 1985, for the number of actual highway miles necessarily and conveniently traveled by the most feasible route to be present upon convening of the sessions of the General Assembly by such member in each and every trip during each session in going to and returning from the seat of government, to be computed by the Comptroller. A member traveling by public transportation for such purposes, however, shall be paid his actual cost of that transportation instead of on the mileage rate if his cost of public transportation exceeds the amount to which he would be entitled on a mileage basis. No member may be paid, whether on a mileage basis or for actual costs of public transportation, for more than one such trip for each week the General Assembly is actually in session. Each member shall also receive an allowance of $36 per day for lodging and meals while in attendance at sessions of the General Assembly before January 9, 1985; beginning January 9, 1985, such food and lodging allowance shall be equal to the amount per day permitted to be deducted for such expenses under the Internal Revenue Code; however, beginning May 31, 1995, no allowance for food and lodging while in attendance at sessions is authorized for periods of time after the last day in May of each calendar year, except (i) if the General Assembly is convened in special

session by either the Governor or the presiding officers of both houses, as provided by subsection (b) of Section 5 of Article IV of the Illinois Constitution or (ii) if the General Assembly is convened to consider bills vetoed, item vetoed, reduced, or returned with specific recommendations for change by the Governor as provided in Section 9 of Article IV of the Illinois Constitution. For fiscal year 2011 and for session days in fiscal years 2012, 2013, 2014, 2015, and 2016, and 2017 only (i) the allowance for lodging and meals is $111 per day and (ii) mileage for automobile travel shall be reimbursed at a rate of $0.39 per mile.

Notwithstanding any other provision of law to the contrary, beginning in fiscal year 2012, travel reimbursement for General Assembly members on non-session days shall be calculated using the guidelines set forth by the Legislative Travel Control Board, except that fiscal year 2012, 2013, 2014, 2015, and 2016, and 2017 mileage reimbursement is set at a rate of $0.39 per mile.

If a member dies having received only a portion of the amount payable as compensation, the unpaid balance shall be paid to the surviving spouse of such member, or, if there be none, to the estate of such member.

Section 5-8. The Compensation Review Act is amended by adding Section 6.4 as follows:

(25 ILCS 120/6.4 new)
Sec. 6.4. FY17 COLAs prohibited. Notwithstanding any former or current provision of this Act, any other law, any report of the Compensation Review Board, or any resolution of the General Assembly to the contrary, members of the General Assembly, State's attorneys, other than the county supplement, elected executive branch constitutional officers of State government, and persons in certain appointed offices of State government, including the membership of State departments, agencies, boards, and commissions, whose annual compensation previously was recommended or determined by the Compensation Review Board, are prohibited from receiving and shall not receive any increase in compensation that would otherwise apply based on a cost of living adjustment, as authorized by Senate Joint Resolution 192 of the 86th General Assembly, for or during the fiscal year beginning July 1, 2016.

Sec. 5k. Cash flow borrowing and general funds liquidity; FY15.

(a) In order to meet cash flow deficits and to maintain liquidity in the General Revenue Fund and the Health Insurance Reserve Fund, on and after July 1, 2014 and through June 30, 2015, the State Treasurer and the State Comptroller shall make transfers to the General Revenue Fund and the Health Insurance Reserve Fund, as directed by the Governor, out of special funds of the State, to the extent allowed by federal law. No such transfer may reduce the cumulative balance of all of the special funds of the State to an amount less than the total debt service payable during the 12 months immediately following the date of the transfer on any bonded indebtedness of the State and any certificates issued under the Short Term Borrowing Act. At no time shall the outstanding total transfers made from the special funds of the State to the General Revenue Fund and the Health Insurance Reserve Fund under this Section exceed $650,000,000; once the amount of $650,000,000 has been transferred from the special funds of the State to the General Revenue Fund and the Health Insurance Reserve Fund, additional transfers may be made from the special funds of the State to the General Revenue Fund and the Health Insurance Reserve Fund under this Section only to the extent that moneys have first been re-transferred from the General Revenue Fund and the Health Insurance Reserve Fund to those special funds of the State. Notwithstanding any other provision of this Section, no such transfer may be made from any special fund that is exclusively collected by or appropriated to any other constitutional officer without the written approval of that constitutional officer.

(b) If moneys have been transferred to the General Revenue Fund and the Health Insurance Reserve Fund pursuant to subsection (a) of this Section, this amendatory Act of the 98th General Assembly shall constitute the continuing authority for and direction to the State Treasurer and State Comptroller to reimburse the funds of origin from the General Revenue Fund by transferring to the funds of origin, at such times and in such amounts as directed by the Governor when necessary to support appropriated expenditures from the funds, an amount equal to that transferred from them plus any interest that would have accrued thereon had the transfer not occurred, except that any moneys transferred pursuant to subsection (a) of this Section shall be repaid to the fund of origin within 18 months after the date on which they were borrowed. When any of the funds from which moneys have been transferred pursuant to subsection (a) have insufficient cash from which the State Comptroller may make

expenditures properly supported by appropriations from the fund, then the
State Treasurer and State Comptroller shall transfer from the General
Revenue Fund to the fund only such amount as is immediately necessary
to satisfy outstanding expenditure obligations on a timely basis.

(c) On the first day of each quarterly period in each fiscal year,
until such time as a report indicates that all moneys borrowed and interest
pursuant to this Section have been repaid, the Governor's Office of
Management and Budget shall provide to the President and the Minority
Leader of the Senate, the Speaker and the Minority Leader of the House of
Representatives, and the Commission on Government Forecasting and
Accountability a report on all transfers made pursuant to this Section in the
prior quarterly period. The report must be provided in electronic format.
The report must include all of the following:

(1) The date each transfer was made.
(2) The amount of each transfer.
(3) In the case of a transfer from the General Revenue Fund
to a fund of origin pursuant to subsection (b) of this Section, the
amount of interest being paid to the fund of origin.
(4) The end of day balance of the fund of origin, the
General Revenue Fund and the Health Insurance Reserve Fund on
the date the transfer was made.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

Section 5-35. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a

New matter indicated by italics - deletions by strikeout
combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

New matter indicated by italics - deletions by strikeout
(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an
aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar

New matter indicated by italics - deletions by strikeout
amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each
school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

New matter indicated by italics - deletions by strikeout
(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12. Days of attendance by pupils through verified participation in an e-learning program approved by the State Board of Education under Section 10-20.56 of the Code shall be considered as full days of attendance for purposes of this Section.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

New matter indicated by italics - deletions by strikeout
(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) (Blank).

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time

New matter indicated by italics - deletions by strikeout
used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days.

New matter indicated by italics - deletions by strikeout
When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the assessment that includes a college and career ready determination is administered under subsection (c) of Section 2-3.64a-5 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of one-fifth day of attendance for every clock hour of instruction attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student is not classified as participating in the remote educational program on a year-round schedule.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school
district, together with (i) the applicable tax rate used in extending taxes for
the funds of the district as of September 30 of the previous year and (ii) the
limiting rate for all school districts subject to property tax extension
limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed
value of all taxable property of each school district situated entirely or
partially within a county that is or was subject to the provisions of Section
15-176 or 15-177 of the Property Tax Code (a) an amount equal to the
total amount by which the homestead exemption allowed under Section
15-176 or 15-177 of the Property Tax Code for real property situated in
that school district exceeds the total amount that would have been allowed
in that school district if the maximum reduction under Section 15-176 was
(i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003
or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an
amount equal to the aggregate amount for the taxable year of all additional
exemptions under Section 15-175 of the Property Tax Code for owners
with a household income of $30,000 or less. The county clerk of any
county that is or was subject to the provisions of Section 15-176 or 15-177
of the Property Tax Code shall annually calculate and certify to the
Department of Revenue for each school district all homestead exemption
amounts under Section 15-176 or 15-177 of the Property Tax Code and all
amounts of additional exemptions under Section 15-175 of the Property
Tax Code for owners with a household income of $30,000 or less. It is the
intent of this paragraph that if the general homestead exemption for a
parcel of property is determined under Section 15-176 or 15-177 of the
Property Tax Code rather than Section 15-175, then the calculation of
Available Local Resources shall not be affected by the difference, if any,
between the amount of the general homestead exemption allowed for that
parcel of property under Section 15-176 or 15-177 of the Property Tax Code
and the amount that would have been allowed had the general
homestead exemption for that parcel of property been determined under
Section 15-175 of the Property Tax Code. It is further the intent of this
paragraph that if additional exemptions are allowed under Section 15-175
of the Property Tax Code for owners with a household income of less than
$30,000, then the calculation of Available Local Resources shall not be
affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the
requirements of this subsection, shall be utilized in the calculation of
Available Local Resources.

New matter indicated by italics - deletions by strikeout
(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

New matter indicated by italics - deletions by strikeout
For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the

New matter indicated by italics - deletions by strikeout
district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(3.5) For the 2010-2011 school year and each school year thereafter, if a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board of Education, for the purpose of calculating general State aid, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's Equalized Assessed Valuation.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school

New matter indicated by italics - deletions by strikeout
district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most

New matter indicated by italics - deletions by strikeout
recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, the Children's Health Insurance Program, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

New matter indicated by italics - deletions by strikeout
(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of
Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve

educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any
modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school

programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial

members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation

level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

(Q) State Fiscal Year 2015 Payments.

For payments made for State fiscal year 2015, the State Board of Education shall, for each school district, calculate that district's pro-rata share of a minimum sum of $13,600,000 or additional amounts as needed from the total net General State Aid funding as calculated under this Section that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. Each school district must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board of Education.

(R) State Fiscal Year 2016 Payments.

For payments made for State fiscal year 2016, the State Board of Education shall, for each school district, calculate that district's pro-rata share of a minimum sum of $1 or additional amounts as needed from the total net General State Aid funding as calculated under this Section that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board of Education.

Section 5-40. The Board of Higher Education Act is amended by adding Section 9.35 as follows:

(110 ILCS 205/9.35 new)

Sec. 9.35. Assistance in financial emergencies.

(a) In this Section, "financial emergency" means a situation that requires a reduction or reallocation of staff and expenditures and the consequent reduction, reorganization, or termination of programs and activities that cannot be achieved through normal academic, administrative, budgetary, and personnel processes.

(b) In fiscal year 2017 the Board, in consultation with the Illinois Community College Board, shall conduct a review to determine the existence of a financial emergency at a public institution of higher education that requires financial assistance from the Board, but only after the institution's governing board has formally requested the review by adopting a resolution stating that the institution is in a state of financial emergency that requires financial assistance from the Board. To be in a state of financial emergency, the institution must demonstrate that it is significantly diminishing all available resources and must satisfy any other factors determined appropriate by the Board. Subject to appropriation, payments shall be made to institutions in a state of financial emergency, in such amounts as shall be deemed necessary by the Board, in order to minimize, to the extent practicable, adverse impacts to students as a consequence of emergent staff or programmatic reductions.

ARTICLE 10. RETIREMENT CONTRIBUTIONS

Section 10-5. The State Finance Act is amended by changing Sections 8.12 and 14.1 as follows:

(30 ILCS 105/8.12) (from Ch. 127, par. 144.12)

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of...
Unclaimed Property Act and for the expenses incurred by the Auditor General for administering the provisions of Section 2-8.1 of the Illinois State Auditing Act and for the funding of the unfunded liabilities of the designated retirement systems. Beginning in State fiscal year 2018, payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:
   (1) the State Employees' Retirement System of Illinois;
   (2) the Teachers' Retirement System of the State of Illinois;
   (3) the State Universities Retirement System;
   (4) the Judges Retirement System of Illinois; and
   (5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund, the Savings Bank Regulatory Fund, and the Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institution Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year,
(2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below $5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006 through 2017, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

(c-6) For fiscal year 2018 and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports

and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

Sec. 14.1. Appropriations for State contributions to the State Employees' Retirement System; payroll requirements.

(a) Appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this Section. Except as otherwise provided in subsections (a-1), (a-2), (a-3), and (a-4) at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is exhausted or is unavailable due to any limitation on appropriations that may apply, (including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act), the amounts shall be paid under the continuing

appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

(a-1) Beginning on the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this subsection (a-1). At the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the General Revenue Fund from the amount appropriated for State contributions to the State Employees' Retirement System of an amount calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-2) For fiscal year 2010 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2010 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. For fiscal year 2010 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-3) For fiscal year 2011 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2011 by the Board of Trustees of the State Employees' Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code.

(b) Except during the period beginning on the effective date of this
amendatory Act of the 93rd General Assembly and ending at the time of
the payment of the final payroll from fiscal year 2004 appropriations, the
State Comptroller shall not approve for payment any payroll voucher that
(1) includes payments of salary to eligible employees in the State
Employees' Retirement System of Illinois and (2) does not include the
corresponding payment of State contributions to that retirement system at
the full rate certified under Section 14-135.08 for that fiscal year for
eligible employees, unless the balance in the fund on which the payroll
voucher is drawn is insufficient to pay the total payroll voucher, or

so notify the Retirement System.

(b-1) For fiscal year 2010 and fiscal year 2011 only, the State
Comptroller shall not approve for payment any non-General Revenue

If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System of Illinois, the Comptroller shall promptly so notify the retirement system.

(c) Notwithstanding any other provisions of law, beginning July 1, 2007, required State and employee contributions to the State Employees' Retirement System of Illinois relating to affected legislative staff employees shall be paid out of moneys appropriated for that purpose to the Commission on Government Forecasting and Accountability, rather than out of the lump-sum appropriations otherwise made for the payroll and other costs of those employees.

These payments must be made pursuant to payroll vouchers submitted by the employing entity as part of the regular payroll voucher process.

For the purpose of this subsection, "affected legislative staff employees" means legislative staff employees paid out of lump-sum appropriations made to the General Assembly, an Officer of the General Assembly, or the Senate Operations Commission, but does not include district-office staff or employees of legislative support services agencies.

Section 10-10. The Illinois Pension Code is amended by changing Section 14-131 as follows:

(40 ILCS 5/14-131)
Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not
include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal years 2010, 2012, 2013, 2014, 2015, and 2016, and 2017 only, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls...
paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal years 2010, 2012, 2013, 2014, 2015, and 2016, and 2017 only, on or as soon as possible after the 15th day of each month, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the fiscal year General Revenue Fund contribution as certified by the System pursuant to Section 14-135.08 of the Illinois Pension Code.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified

New matter indicated by italics - deletions by strikeout
State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 14-135.08 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain
of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted.

Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(h) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(i) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more
than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Overpayment" for purposes of this Section, and the Fiscal Year 2010 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(j) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2011 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2011 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2011 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2011 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2011 Shortfall" for purposes of this Section, and the Fiscal Year 2011 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2011 Overpayment" for purposes of this Section, and the Fiscal Year 2011 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(k) For fiscal years 2012 through 2016 only, after the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in the fiscal year have been made, the Comptroller shall provide to the System a certification of the sum of all expenditures in the fiscal year for personal services. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for the fiscal year in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System for the fiscal year. (40 ILCS 15/1.2)

Sec. 1.2. Appropriations for the State Employees' Retirement System.

(a) From each fund from which an amount is appropriated for personal services to a department or other employer under Article 14 of the Illinois Pension Code, there is hereby appropriated to that department or other employer, on a continuing annual basis for each State fiscal year, an additional amount equal to the amount, if any, by which (1) an amount equal to the percentage of the personal services line item for that department or employer from that fund for that fiscal year that the Board of Trustees of the State Employees' Retirement System of Illinois has certified under Section 14-135.08 of the Illinois Pension Code to be necessary to meet the State's obligation under Section 14-131 of the Illinois Pension Code for that fiscal year, exceeds (2) the amounts otherwise appropriated to that department or employer from that fund for State contributions to the State Employees' Retirement System for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the final payment from a department or employer's personal services line item for fiscal year 2004, payments to the State Employees' Retirement System that otherwise would have been made under this subsection (a) shall be governed by the provisions in subsection (a-1).

(a-1) If a Fiscal Year 2004 Shortfall is certified under subsection (f) of Section 14-131 of the Illinois Pension Code, there is hereby appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2004 Shortfall.

(a-2) If a Fiscal Year 2010 Shortfall is certified under subsection (i) of Section 14-131 of the Illinois Pension Code, there is hereby

appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2010 Shortfall.

(a-3) If a Fiscal Year 2016 Shortfall is certified under subsection (k) of Section 14-131 of the Illinois Pension Code, there is hereby appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2016 Shortfall.

(b) The continuing appropriations provided for by this Section shall first be available in State fiscal year 1996.

(c) Beginning in Fiscal Year 2005, any continuing appropriation under this Section arising out of an appropriation for personal services from the Road Fund to the Department of State Police or the Secretary of State shall be payable from the General Revenue Fund rather than the Road Fund.

(d) For State fiscal year 2010 only, a continuing appropriation is provided to the State Employees' Retirement System equal to the amount certified by the System on or before December 31, 2008, less the gross proceeds of the bonds sold in fiscal year 2010 under the authorization contained in subsection (a) of Section 7.2 of the General Obligation Bond Act.

(e) For State fiscal year 2011 only, the continuing appropriation under this Section provided to the State Employees' Retirement System is limited to an amount equal to the amount certified by the System on or before December 31, 2009, less any amounts received pursuant to subsection (a-3) of Section 14.1 of the State Finance Act.

(f) For State fiscal year 2011 only, a continuing appropriation is provided to the State Employees' Retirement System equal to the amount certified by the System on or before April 1, 2011, less the gross proceeds of the bonds sold in fiscal year 2011 under the authorization contained in subsection (a) of Section 7.2 of the General Obligation Bond Act.

Section 10-20. The Uniform Disposition of Unclaimed Property Act is amended by changing Section 18 as follows:

(765 ILCS 1025/18) (from Ch. 141, par. 118)

Sec. 18. Deposit of funds received under the Act.

(a) The State Treasurer shall retain all funds received under this Act, including the proceeds from the sale of abandoned property under Section 17, in a trust fund known as the Unclaimed Property Trust Fund.

New matter indicated by italics - deletions by strikeout
The State Treasurer may deposit any amount in the Unclaimed Property Trust Fund into the State Pensions Fund during the fiscal year at his or her discretion; however, he or she shall, on April 15 and October 15 of each year, deposit any amount in the Unclaimed Property Trust Fund exceeding $2,500,000 into the State Pensions Fund. If on either April 15 or October 15, the State Treasurer determines that a balance of $2,500,000 is insufficient for the prompt payment of unclaimed property claims authorized under this Act, the Treasurer may retain more than $2,500,000 in the Unclaimed Property Trust Fund in order to ensure the prompt payment of claims. Beginning in State fiscal year 2017, all amounts that are deposited into the State Pensions Fund from the Unclaimed Property Trust Fund shall be apportioned to the designated retirement systems as provided in subsection (c-6) of Section 8.12 of the State Finance Act to reduce their actuarial reserve deficiencies. He or she shall make prompt payment of claims he or she duly allows as provided for in this Act for the Unclaimed Property Trust Fund. Before making the deposit the State Treasurer shall record the name and last known address of each person appearing from the holders' reports to be entitled to the abandoned property. The record shall be available for public inspection during reasonable business hours.

(b) Before making any deposit to the credit of the State Pensions Fund, the State Treasurer may deduct: (1) any costs in connection with sale of abandoned property, (2) any costs of mailing and publication in connection with any abandoned property, and (3) any costs in connection with the maintenance of records or disposition of claims made pursuant to this Act. The State Treasurer shall semiannually file an itemized report of all such expenses with the Legislative Audit Commission.

New matter indicated by italics - deletions by strikeout
(1) grants, awards, appropriations, cost sharings, inter-fund transfers, gifts, and bequests from any source, public or private, in support of activities authorized under the Grant Accountability and Transparency Act;

(2) federal funds received as a result of cost allocation or indirect cost reimbursements;

(3) interest earned on moneys in the Fund; and

(4) receipts or inter-fund transfers resulting from billings issued by the Governor's Office of Management and Budget to State agencies for the costs of services rendered pursuant to the Grant Accountability and Transparency Act.

(b) State agencies may direct the Comptroller to process inter-fund transfers or make payment through the voucher and warrant process to the Grant Accountability and Transparency Fund in satisfaction of billings issued under subsection (a).

(c) Moneys in the Grant Accountability and Transparency Fund may be used by the Governor's Office of Management and Budget for costs in support of the implementation and administration of the Grant Accountability and Transparency Act and Budgeting for Results.

(d) The Governor's Office of Management and Budget may require reports from State agencies as deemed necessary to perform cost allocation reconciliations in connection with services provided and expenses incurred in the administration of the Grant Accountability and Transparency Act. In the event that, in any fiscal year, the payments or inter-fund transfers are in excess of the costs of services provided in that fiscal year, the Governor's Office of Management and Budget may use one or a combination of the following methods to return excess funds:

(1) order that the amounts owed by the State agency in the following fiscal year be offset against such excess amount;

(2) direct the Comptroller to process an inter-fund transfer;

or

(3) make a refund payment.

Section 20-10. The Grant Accountability and Transparency Act is amended by changing Sections 20, 25, 55, 85, 90, and 100 as follows:

Sec. 20. Adoption of federal rules applicable to grants.

(a) On or before July 1, 2016, the Governor's Office of Management and Budget, with the advice and technical assistance of the

Illinois Single Audit Commission, shall adopt rules which adopt the Uniform Guidance at 2 CFR 200. The rules, which shall apply to all State and federal pass-through awards effective on and after July 1, 2016, shall include the following:

(1) Administrative requirements. In accordance with Subparts B through D of 2 CFR 200, the rules shall set forth the uniform administrative requirements for grant and cooperative agreements, including the requirements for the management by State awarding agencies of federal grant programs before State and federal pass-through awards have been made and requirements that State awarding agencies may impose on non-federal entities in State and federal pass-through awards.

(2) Cost principles. In accordance with Subpart E of 2 CFR 200, the rules shall establish principles for determining the allowable costs incurred by non-federal entities under State and federal pass-through awards. The principles are intended for cost determination, but are not intended to identify the circumstances or dictate the extent of State or federal pass-through participation in financing a particular program or project. The principles shall provide that State and federal awards bear their fair share of cost recognized under these principles, except where restricted or prohibited by State or federal law.

(3) Audit and single audit requirements and audit follow-up. In accordance with Subpart F of 2 CFR 200 and the federal Single Audit Act Amendments of 1996, the rules shall set forth standards to obtain consistency and uniformity among State and federal pass-through awarding agencies for the audit of non-federal entities expending State and federal awards. These provisions shall also set forth the policies and procedures for State and federal pass-through entities when using the results of these audits.

The provisions of this item (3) do not apply to for-profit subrecipients because for-profit subrecipients are not subject to the requirements of OMB Circular A-133, Audits of States, Local and Non-Profit Organizations. Audits of for-profit subrecipients must be conducted pursuant to a Program Audit Guide issued by the Federal awarding agency. If a Program Audit Guide is not available, the State awarding agency must prepare a Program Audit Guide in accordance with the OMB Circular A-133 Compliance Supplement. For-profit entities are subject to all other general

administrative requirements and cost principles applicable to grants.

(b) This Act addresses only State and federal pass-through auditing functions and does not address the external audit function of the Auditor General.

(c) For public institutions of higher education, the provisions of this Section apply only to awards funded by State appropriations and federal pass-through awards from a State agency to public institutions of higher education. Federal pass-through awards from a State agency to public institutions of higher education are governed by and must comply with federal guidelines under 2 CFR 200.

(d) The State grant-making agency is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients. The agreement with the for-profit subrecipient shall describe the applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for State and federal pass-through awards made to for-profit subrecipients shall include pre-award, audits, monitoring during the agreement, and post-award audits. The Governor's Office of Management and Budget shall provide such advice and technical assistance to the State grant-making agency as is necessary or indicated.

(G) performance measures and statewide prioritized goals under Section 50-25 of the State Budget Law of the Civil Administrative Code of Illinois, commonly referred to as "Budgeting for Results"; and

(B) mandatory requirements regarding contents of the budget including, at a minimum, common detail line items specified under guidelines issued by the Governor's Office of Management and Budget;

(H) whether the applicant is or has ever been on the federal Excluded Parties List; and
(I) whether the applicant is or has ever been on the Sanctioned Party List maintained by the Illinois Department of Healthcare and Family Services.

Nothing in this Act affects the provisions of the Fiscal Control and Internal Auditing Act nor the requirement that the management of each State agency is responsible for maintaining effective internal controls under that Act.

For public institutions of higher education, the provisions of this Section apply only to awards funded by State appropriations and federal pass-through awards from a State agency to public institutions of higher education.

Sec. 2.5. Limitation on issuance of Bonds.

New matter indicated by italics - deletions by strikeout
(a) Except as provided in subsection (b), no Bonds may be issued if, after the issuance, in the next State fiscal year after the issuance of the Bonds, the amount of debt service (including principal, whether payable at maturity or pursuant to mandatory sinking fund installments, and interest) on all then-outstanding Bonds, other than Bonds authorized by Public Act 96-43 and other than Bonds authorized by Public Act 96-1497 this amendatory Act of the 96th General Assembly, would exceed 7% of the aggregate appropriations from the general funds (which consist of the General Revenue Fund, the Common School Fund, the General Revenue Common School Special Account Fund, and the Education Assistance Fund) and the Road Fund for the fiscal year immediately prior to the fiscal year of the issuance.

(b) If the Comptroller and Treasurer each consent in writing, Bonds may be issued even if the issuance does not comply with subsection (a). In addition, $2,000,000,000 in Bonds for the purposes set forth in Sections 3, 4, 5, 6, and 7, and $2,000,000,000 in Refunding Bonds under Section 16, may be issued during State fiscal year 2017 without complying with subsection (a).

Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal and interest, as shall be specified in the Bond Sale Order. In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget on behalf of the State.
Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

(f) Beginning with the next issuance by the Governor's Office of Management and Budget to the Procurement Policy Board of a request for quotation for the purpose of formulating a new pool of qualified underwriting banks list, all entities responding to such a request for quotation for inclusion on that list shall provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. The written report submitted to the Comptroller shall (i) be published on the Comptroller's Internet website and (ii) be used by the Governor's Office of Management and Budget for the purposes of scoring such a request for quotation. The written report, at a minimum, shall:

Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds; provided that all Bonds authorized by Public Act 96-43 and Public Act 96-1497 this amendatory Act of the 96th General Assembly shall not be included in determining compliance for any fiscal year with the requirements of the preceding 2
sentences; and further provided that refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011, or 2017 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget may, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services, and shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

Sec. 16. Refunding Bonds. The State of Illinois is authorized to issue, sell, and provide for the retirement of General Obligation Bonds of the State of Illinois in the amount of $4,839,025,000, at any time and from time to time outstanding, for the purpose of refunding any State of Illinois general obligation Bonds then outstanding, including the payment of any redemption premium thereon, any reasonable expenses of such refunding, any interest accrued or to accrue to the earliest or any subsequent date of redemption or maturity of such outstanding Bonds and any interest to accrue to the first interest payment on the refunding Bonds; provided that all non-refunding Bonds in an issue that includes refunding Bonds shall mature no later than the final maturity date of Bonds being refunded; provided that no refunding Bonds shall be offered for sale unless the net

present value of debt service savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that, except for refunding Bonds sold in fiscal year 2009, 2010, or 2011, or 2017, the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding.

The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale Order relating to the Refunding Bonds. Proceeds not needed for deposit in an escrow account shall be deposited in the General Obligation Bond Retirement and Interest Fund. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding general obligation Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the Bonds shall continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be subject to the terms and conditions of this Act.

Section 25-10. The Build Illinois Bond Act is amended by changing Sections 6, 8, and 15 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 6. Conditions for Issuance and Sale of Bonds - Requirements for Bonds - Master and Supplemental Indentures - Credit and Liquidity Enhancement.

(a) Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be payable only from the specific sources and secured in the manner provided in this Act. Bonds shall be in such form, in such denominations, mature on such dates within 25 years from their date of issuance, be subject to optional or mandatory redemption, bear interest payable at such times and at such rate or rates, fixed or variable, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in an order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed rates shall not exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended, and interest payable at variable rates shall not exceed the maximum rate permitted in the Bond Sale Order. Said Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal only or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011, or 2017, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget.
Management and Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less than $100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement arrangements, interest rate swaps or guarantees or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company, investment bank or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates,
different security or claim priorities or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than $100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Best & Co. or any comparable rating service or government bond dealers reporting to, trading with, and recognized as primary dealers by a Federal Reserve Bank and having capital and surplus of not less than $100,000,000, or other persons whose debt securities are rated in the highest long-term categories by both Moody's Investors' Services, Inc. and Standard & Poor's Corporation. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State in substantially the form approved in the Bond Sale Order relating to such Bonds.

(30 ILCS 425/15) (from Ch. 127, par. 2815)

Sec. 15. Refunding Bonds. Refunding Bonds are hereby authorized for the purpose of refunding any outstanding Bonds, including the payment of any redemption premium thereon, any reasonable expenses of such refunding, and any interest accrued or to accrue to the earliest or any subsequent date of redemption or maturity of outstanding Bonds; provided that all non-refunding Bonds in an issue that includes refunding Bonds shall mature no later than the final maturity date of Bonds being refunded; provided that no refunding Bonds shall be offered for sale unless the net present value of debt service savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that, except for refunding Bonds sold in fiscal year 2009, 2010, or 2011, or 2017, the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding.

Refunding Bonds may be sold in such amounts and at such times, as directed by the Governor upon recommendation by the Director of the Governor's Office of Management and Budget. The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale

Order relating to the refunding Bonds. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the refunded Bonds shall continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account and the refunded Bonds shall be deemed paid, discharged and no longer to be outstanding.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be issued pursuant to and subject to the terms and conditions of this Act and shall be secured by and payable from only the funds and sources which are provided under this Act.

Sec. 9.02c. Continuation of Section 9.02a; validation.

(a) The General Assembly finds and declares that:

(1) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(2) This amendatory Act of the 99th General Assembly manifests the intention of the General Assembly to eliminate the internal repeal of Section 9.02a of the Capital Development Board Act and have Section 9.02a of the Capital Development Board Act continue in effect.

(3) Section 9.02a of the Capital Development Board Act was originally enacted to protect, promote, and preserve the general welfare. Any construction of this Act that results in the
repeal of this Act on June 30, 2016 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of the Capital Development Board Act.

(b) It is hereby declared to have been the intent of the General Assembly that Section 9.02a of the Capital Development Board Act not be subject to repeal on June 30, 2016.

(c) Section 9.02a of the Capital Development Board Act shall be deemed to have been in continuous effect since June 30, 1988 (the effective date of Public Act 85-1026), and it shall continue to be in effect henceforward until it is otherwise lawfully repealed. All previously enacted amendments to the Act taking effect on or after June 30, 2016 are hereby validated.

(d) All actions taken in reliance on or pursuant to Section 9.02a of the Capital Development Board by the Capital Development Board or any other person or entity are hereby validated.

(e) To ensure the continuing effectiveness of Section 9.02a of the Capital Development Board Act, it is set forth in full and re-enacted by this amendatory Act of the 99th General Assembly. This re-enactment is intended as a continuation of the Act. It is not intended to supersede any amendment to the Act that is enacted by the 99th General Assembly.

(f) Section 9.02a of the Capital Development Board Act applies to all claims, civil actions, and proceedings pending on or filed on or before the effective date of this amendatory Act of the 99th General Assembly.

Section 1. Purpose. This Act makes appropriations and reappropriations for State fiscal year 2017. Article 110 contains reappropriations of certain appropriations and reappropriations from State fiscal year 2015 as provided in Public Act 98-0681, as may have been reappropriated for State fiscal year 2016 by a Public Act of the 99th General Assembly. To the extent that such a Public Act has not been enacted, Article 111 contains appropriations of identical amounts and purposes to those in Article 110 but as new appropriations rather than as reappropriations. Section 99 of Article 999 sets forth an effective date that causes Article 110 to become effective if, and only if, an applicable Public Act of the 99th General Assembly should be enacted; should such not be enacted, the Section causes Article 111 to become effective.

Prior to appointment and in the course of service on the Board, members of the Board shall disclose the employment or other financial interest of any other relative of the member, if known, in service or facilities subject to the Act. Members of the Board shall declare any conflict of interest that may exist with respect to the status of those relatives and recuse themselves from voting on any issue for which a conflict of interest is declared. No person shall be appointed or continue to serve as a member of the State Board who is, or whose spouse, parent, sibling, or child is, a member of the Board of Directors of, has a financial interest in, or has a business relationship with a health care facility.

Sec. 8.5. Certificate of exemption for change of ownership of a
health care facility; discontinuation of a health care facility or category of
service; public notice and public hearing.

(a) Upon a finding that an application for a change of ownership is
complete, the State Board shall publish a legal notice on one day in a

and afford the public an opportunity to request a hearing. If the application
is for a facility located in a Metropolitan Statistical Area, an additional
legal notice shall be published in a newspaper of limited circulation, if one

required under this subsection. The legal notice shall also be posted on the Health Facilities and Services Review Board's web site and sent to the State Representative and State Senator of the district in which the health care facility is located. An application for change of ownership of a hospital shall not be deemed complete without a signed certification that for a period of 2 years after the change of ownership transaction is effective, the hospital will not adopt a charity care policy that is more restrictive than the policy in effect during the year prior to the transaction. An application for a change of ownership need not contain signed transaction documents so long as it includes the following key terms of the transaction: names and background of the parties; structure of the transaction; the person who will be the licensed or certified entity after the transaction; the ownership or membership interests in such licensed or certified entity both prior to and after the transaction; fair market value of assets to be transferred; and the purchase price or other form of consideration to be provided for those assets. The issuance of the certificate of exemption shall be contingent upon the applicant submitting a statement to the Board within 90 days after the closing date of the transaction, or such longer period as provided by the Board, certifying that the change of ownership has been completed in accordance with the key terms contained in the application. If such key terms of the transaction change, a new application shall be required.

Where a change of ownership is among related persons, and there are no other changes being proposed at the health care facility that would otherwise require a permit or exemption under this Act, the applicant shall submit an application consisting of a standard notice in a form set forth by the Board briefly explaining the reasons for the proposed change of ownership. Once such an application is submitted to the Board and reviewed by the Board staff, the Board Chair shall take action on an application for an exemption for a change of ownership among related persons within 45 days after the application has been deemed complete, provided the application meets the applicable standards under this Section. If the Board Chair has a conflict of interest or for other good cause, the Chair may request review by the Board. Notwithstanding any other provision of this Act, for purposes of this Section, a change of ownership among related persons means a transaction where the parties to the transaction are under common control or ownership before and after the transaction is completed.

Nothing in this Act shall be construed as authorizing the Board to impose any conditions, obligations, or limitations, other than those required by this Section, with respect to the issuance of an exemption for a change of ownership, including, but not limited to, the time period before which a subsequent change of ownership of the health care facility could be sought, or the commitment to continue to offer for a specified time period any services currently offered by the health care facility.

(a-3) Upon a finding that an application to close a health care facility is complete, the State Board shall publish a legal notice on 3 consecutive days in a newspaper of general circulation in the area or community to be affected and afford the public an opportunity to request a hearing. If the application is for a facility located in a Metropolitan Statistical Area, an additional legal notice shall be published in a newspaper of limited circulation, if one exists, in the area in which the facility is located. If the newspaper of limited circulation is published on a daily basis, the additional legal notice shall be published on 3 consecutive days. The legal notice shall also be posted on the Health Facilities and Services Review Board's web site and sent to the State Representative and State Senator of the district in which the health care facility is located. *No later than 90 days after a discontinuation of a health facility, the applicant must submit a statement to the State Board certifying that the discontinuation is complete.*

(a-5) Upon a finding that an application to discontinue a category of service is complete and provides the requested information, as specified by the State Board, an exemption shall be issued. No later than 30 days after the issuance of the exemption, the health care facility must give written notice of the discontinuation of the category of service to the State Senator and State Representative serving the legislative district in which the health care facility is located. *No later than 90 days after a discontinuation of a category of service, the applicant must submit a statement to the State Board certifying that the discontinuation is complete.*

(b) If a public hearing is requested, it shall be held at least 15 days but no more than 30 days after the date of publication of the legal notice in the community in which the facility is located. The hearing shall be held in a place of reasonable size and accessibility and a full and complete written transcript of the proceedings shall be made. *All interested persons attending the hearing shall be given a reasonable opportunity to present*
their positions in writing or orally. The applicant shall provide a summary of the proposal for distribution at the public hearing.

(c) For the purposes of this Section "newspaper of limited circulation" means a newspaper intended to serve a particular or defined population of a specific geographic area within a Metropolitan Statistical Area such as a municipality, town, village, township, or community area, but does not include publications of professional and trade associations.

Sec. 10. Presenting information relevant to the approval of a permit or certificate or in opposition to the denial of the application; notice of outcome and review proceedings.

Subsequent to an appearance by the applicant before the State Board or default of such opportunity to appear, a motion by the State Board to approve an application for a permit or a certificate of recognition, fails to pass, or when a motion to deny an application for a permit or a certificate of recognition is passed, the applicant or the holder of the permit, as the case may be, and such other parties as the State Board permits, will be given an opportunity to appear before the State Board and present such information as may be relevant to the approval of a permit or certificate or in opposition to the denial of the application.

Subsequent to an appearance by the applicant before the State Board or default of such opportunity to appear, a motion by the State Board to approve an application for a permit or a certificate of recognition which fails to pass or a motion to deny an application for a permit or a certificate of recognition which passes shall be considered denial of the application for a permit or certificate of recognition, as the case may be. Such action of denial or an action by the State Board to revoke a permit or a certificate of recognition shall be communicated to the applicant or holder of the permit or certificate of recognition. Such person or organization shall be afforded an opportunity for a hearing before an administrative law judge, who is appointed by the Chairman of the State Board. A written notice of a request for such hearing shall be served upon the Chairman of the State Board within 30 days following notification of the decision of the State Board. The administrative law judge shall take actions necessary to ensure that the hearing is completed within a reasonable period of time, but not to exceed 120 days, except for delays or continuances agreed to by the person requesting the hearing. Following its consideration of the report of the hearing, or upon default of the party to the hearing, the State Board shall make its final determination, specifying

its findings and conclusions within 90 days of receiving the written report of the hearing. A copy of such determination shall be sent by certified mail or served personally upon the party.

A full and complete record shall be kept of all proceedings, including the notice of hearing, complaint, and all other documents in the nature of pleadings, written motions filed in the proceedings, and the report and orders of the State Board or hearing officer. All testimony shall be reported but need not be transcribed unless the decision is appealed in accordance with the Administrative Review Law, as now or hereafter amended. A copy or copies of the transcript may be obtained by any interested party on payment of the cost of preparing such copy or copies.

The State Board or hearing officer shall upon its own or his motion, or on the written request of any party to the proceeding who has, in the State Board's or hearing officer's opinion, demonstrated the relevancy of such request to the outcome of the proceedings, issue subpoenas requiring the attendance and the giving of testimony by witnesses, and subpoenas duces tecum requiring the production of books, papers, records, or memoranda. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the circuit court of this State.

When the witness is subpoenaed at the instance of the State Board, or its hearing officer, such fees shall be paid in the same manner as other expenses of the Board, and when the witness is subpoenaed at the instance of any other party to any such proceeding the State Board may, in accordance with its rules, require that the cost of service of the subpoena or subpoena duces tecum and the fee of the witness be borne by the party at whose instance the witness is summoned. In such case, the State Board in its discretion, may require a deposit to cover the cost of such service and witness fees. A subpoena or subpoena duces tecum so issued shall be served in the same manner as a subpoena issued out of a court.

Any circuit court of this State upon the application of the State Board or upon the application of any other party to the proceeding, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before it or its hearing officer conducting an investigation or holding a hearing authorized by this Act, by an attachment for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court. Such health facility plans shall be coordinated by the Board with pertinent State Plans. Inventories pursuant to this Section of skilled or intermediate care facilities licensed under the Nursing Home Care Act, skilled or intermediate care facilities licensed under the ID/DD Community Care Act, skilled or intermediate care facilities licensed under the MC/DD Act, facilities licensed under the Specialized Mental Health Rehabilitation Act of 2013, or nursing homes licensed under the Hospital Licensing Act shall be conducted on an annual basis no later than July 1 of each year and shall include among the information requested a list of all services provided by a facility to its residents and to the community at large and differentiate between active and inactive beds.

The health care facility plans which are developed and adopted in accordance with this Section shall form the basis for the plan of the State to deal most effectively with statewide health needs in regard to health care facilities.

(5) Coordinate with the Center for Comprehensive Health Planning and other state agencies having responsibilities affecting health care facilities, including those of licensure and cost reporting. Beginning no later than January 1, 2013, the Department of Public Health shall produce a written annual report to the Governor and the General Assembly regarding the development of the Center for Comprehensive Health Planning. The Chairman of the State Board and the State Board Administrator shall also receive a copy of the annual report.

The Chairman may approve applications for exemption that meet the criteria set forth in rules or refer them to the full Board. The Chairman may approve any unopposed application that meets all of the review criteria or refer them to the full Board.

Such rules shall not abridge the right of the Center for Comprehensive Health Planning to make recommendations on the classification and approval of projects, nor shall such rules prevent the conduct of a public hearing upon the timely request of an interested party. Such reviews shall not exceed 60 days from the date the application is declared to be complete.

(9) Prescribe rules, regulations, standards, and criteria pertaining to the granting of permits for construction and modifications which are emergent in nature and must be undertaken immediately to prevent or correct structural deficiencies or hazardous conditions that may harm or injure persons using the facility, as defined in the rules and regulations of the State Board. In consultation with other experts from the health field of long-term care, the Board and the Subcommittee shall study new approaches to the current bed need formula and Health Service Area boundaries to encourage flexibility and innovation in design models reflective of the changing long-term care marketplace and consumer preferences and submit its recommendations to the Chairman of the Board no later than January 1, 2017. The Subcommittee shall evaluate, and make recommendations to the State Board regarding, the buying, selling, and exchange of beds between long-term care facilities within a specified geographic area or drive time. The Board shall file the proposed related administrative rules for the separate rules and guidelines for long-term care required by this paragraph (15) by no later than September 30, 2011. (House Bill No. 4826)

AN ACT concerning aging.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Adult Protective Services Act is amended by changing Section 15 as follows:
(320 ILCS 20/15)
Sec. 15. Fatality Review Teams.
(a) State policy.

(1) Both the State and the community maintain a commitment to preventing the abuse, neglect, and financial exploitation of at-risk adults. This includes a charge to bring perpetrators of crimes against at-risk adults to justice and prevent untimely deaths in the community.

(2) When an at-risk adult dies, the response to the death by the community, law enforcement, and the State must include an accurate and complete determination of the cause of death, and the development and implementation of measures to prevent future deaths from similar causes.

(3) Multidisciplinary and multi-agency reviews of deaths can assist the State and counties in developing a greater understanding of the incidence and causes of premature deaths and the methods for preventing those deaths, improving methods for investigating deaths, and identifying gaps in services to at-risk adults.

(4) Access to information regarding the deceased person and his or her family by multidisciplinary and multi-agency fatality...
review teams is necessary in order to fulfill their purposes and duties.

(a-5) Definitions. As used in this Section:

"Review Team" means a regional interagency fatality review team.

(b) The Director, in consultation with the Advisory Council, law enforcement, and other professionals who work in the fields of investigating, treating, or preventing abuse or neglect of at-risk adults, shall appoint members to a minimum of one review team in each of the Department's planning and service areas. Each member of a review team shall be appointed for a 2-year term and shall be eligible for reappointment upon the expiration of the term. A review team's purpose in conducting review of at-risk adult deaths is: (i) to assist local agencies in identifying and reviewing suspicious deaths of adult victims of alleged, suspected, or substantiated abuse or neglect in domestic living situations; (ii) to facilitate communications between officials responsible for autopsies and inquests and persons involved in reporting or investigating alleged or suspected cases of abuse, neglect, or financial exploitation of at-risk adults and persons involved in providing services to at-risk adults; (iii) to evaluate means by which the death might have been prevented; and (iv) to report its findings to the appropriate agencies and the Advisory Council and make recommendations that may help to reduce the number of at-risk adult deaths caused by abuse and neglect and that may help to improve the investigations of deaths of at-risk adults and increase prosecutions, if appropriate.

(b-5) Each such team shall be composed of representatives of entities and individuals including, but not limited to:

1. the Department on Aging;
2. coroners or medical examiners (or both);
3. State's Attorneys;
4. local police departments;
5. forensic units;
6. local health departments;
7. a social service or health care agency that provides services to persons with mental illness, in a program whose accreditation to provide such services is recognized by the Division of Mental Health within the Department of Human Services;

(8) a social service or health care agency that provides services to persons with developmental disabilities, in a program whose accreditation to provide such services is recognized by the Division of Developmental Disabilities within the Department of Human Services;

(9) a local hospital, trauma center, or provider of emergency medicine;

(10) providers of services for eligible adults in domestic living situations; and

(11) a physician, psychiatrist, or other health care provider knowledgeable about abuse and neglect of at-risk adults.

(c) A review team shall review cases of deaths of at-risk adults occurring in its planning and service area (i) involving blunt force trauma or an undetermined manner or suspicious cause of death; (ii) if requested by the deceased's attending physician or an emergency room physician; (iii) upon referral by a health care provider; (iv) upon referral by a coroner or medical examiner; (v) constituting an open or closed case from an adult protective services agency, law enforcement agency, State's Attorney's office, or the Department of Human Services' Office of the Inspector General that involves alleged or suspected abuse, neglect, or financial exploitation; or (vi) upon referral by a law enforcement agency or State's Attorney's office. If such a death occurs in a planning and service area where a review team has not yet been established, the Director shall request that the Advisory Council or another review team review that death. A team may also review deaths of at-risk adults if the alleged abuse or neglect occurred while the person was residing in a domestic living situation.

A review team shall meet not less than 4 times a year to discuss cases for its possible review. Each review team, with the advice and consent of the Department, shall establish criteria to be used in discussing cases of alleged, suspected, or substantiated abuse or neglect for review and shall conduct its activities in accordance with any applicable policies and procedures established by the Department.

(c-5) The Illinois Fatality Review Team Advisory Council, consisting of one member from each review team in Illinois, shall be the coordinating and oversight body for review teams and activities in Illinois. The Director may appoint to the Advisory Council any ex-officio members deemed necessary. Persons with expertise needed by the Advisory Council may be invited to meetings. The Advisory Council must select from its

members a chairperson and a vice-chairperson, each to serve a 2-year term. The chairperson or vice-chairperson may be selected to serve additional, subsequent terms. The Advisory Council must meet at least 4 times during each calendar year.

The Department may provide or arrange for the staff support necessary for the Advisory Council to carry out its duties. The Director, in cooperation and consultation with the Advisory Council, shall appoint, reappoint, and remove review team members.

The Advisory Council has, but is not limited to, the following duties:

(1) To serve as the voice of review teams in Illinois.
(2) To oversee the review teams in order to ensure that the review teams' work is coordinated and in compliance with State statutes and the operating protocol.
(3) To ensure that the data, results, findings, and recommendations of the review teams are adequately used in a timely manner to make any necessary changes to the policies, procedures, and State statutes in order to protect at-risk adults.
(4) To collaborate with the Department in order to develop any legislation needed to prevent unnecessary deaths of at-risk adults.
(5) To ensure that the review teams' review processes are standardized in order to convey data, findings, and recommendations in a usable format.
(6) To serve as a link with review teams throughout the country and to participate in national review team activities.
(7) To provide the review teams with the most current information and practices concerning at-risk adult death review and related topics.
(8) To perform any other functions necessary to enhance the capability of the review teams to reduce and prevent at-risk adult fatalities.

The Advisory Council may prepare an annual report, in consultation with the Department, using aggregate data gathered by review teams and using the review teams' recommendations to develop education, prevention, prosecution, or other strategies designed to improve the coordination of services for at-risk adults and their families.

In any instance where a review team does not operate in accordance with established protocol, the Director, in consultation and
cooperation with the Advisory Council, must take any necessary actions to bring the review team into compliance with the protocol.

(d) Any document or oral or written communication shared within or produced by the review team relating to a case discussed or reviewed by the review team is confidential and is not admissible as evidence in any civil or criminal proceeding, except for use by a State's Attorney's office in prosecuting a criminal case against a caregiver. Those records and information are, however, subject to discovery or subpoena, and are admissible as evidence, to the extent they are otherwise available to the public.

Any document or oral or written communication provided to a review team by an individual or entity, and created by that individual or entity solely for the use of the review team, is confidential, is not subject to disclosure to or discoverable by another party, and is not admissible as evidence in any civil or criminal proceeding, except for use by a State's Attorney's office in prosecuting a criminal case against a caregiver. Those records and information are, however, subject to discovery or subpoena, and are admissible as evidence, to the extent they are otherwise available to the public.

Each entity or individual represented on the fatality review team may share with other members of the team information in the entity's or individual's possession concerning the decedent who is the subject of the review or concerning any person who was in contact with the decedent, as well as any other information deemed by the entity or individual to be pertinent to the review. Any such information shared by an entity or individual with other members of the review team is confidential. The intent of this paragraph is to permit the disclosure to members of the review team of any information deemed confidential or privileged or prohibited from disclosure by any other provision of law. Release of confidential communication between domestic violence advocates and a domestic violence victim shall follow subsection (d) of Section 227 of the Illinois Domestic Violence Act of 1986 which allows for the waiver of privilege afforded to guardians, executors, or administrator of the estate of the domestic violence victim. This provision relating to the release of confidential communication between domestic violence advocates and a domestic violence victim shall exclude adult protective service providers.

A coroner's or medical examiner's office may share with the review team medical records that have been made available to the coroner's or
medical examiner's office in connection with that office's investigation of a death.

Members of a review team and the Advisory Council are not subject to examination, in any civil or criminal proceeding, concerning information presented to members of the review team or the Advisory Council or opinions formed by members of the review team or the Advisory Council based on that information. A person may, however, be examined concerning information provided to a review team or the Advisory Council.

(d-5) Meetings of the review teams and the Advisory Council may be closed to the public under the Open Meetings Act. Records and information provided to a review team and the Advisory Council, and records maintained by a team or the Advisory Council, are exempt from release under the Freedom of Information Act.

(e) A review team's recommendation in relation to a case discussed or reviewed by the review team, including, but not limited to, a recommendation concerning an investigation or prosecution, may be disclosed by the review team upon the completion of its review and at the discretion of a majority of its members who reviewed the case.

(e-5) The State shall indemnify and hold harmless members of a review team and the Advisory Council for all their acts, omissions, decisions, or other conduct arising out of the scope of their service on the review team or Advisory Council, except those involving willful or wanton misconduct. The method of providing indemnification shall be as provided in the State Employee Indemnification Act.

(f) The Department, in consultation with coroners, medical examiners, and law enforcement agencies, shall use aggregate data gathered by and recommendations from the Advisory Council and the review teams to create an annual report and may use those data and recommendations to develop education, prevention, prosecution, or other strategies designed to improve the coordination of services for at-risk adults and their families. The Department or other State or county agency, in consultation with coroners, medical examiners, and law enforcement agencies, also may use aggregate data gathered by the review teams to create a database of at-risk individuals.

(g) The Department shall adopt such rules and regulations as it deems necessary to implement this Section.

(20 ILCS 3855/1-75)

Sec. 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. The Planning and Procurement Bureau shall also develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load. This Section shall not apply to a small multi-jurisdictional utility until such time as a small multi-jurisdictional utility requests the Agency to prepare a procurement plan for their Illinois jurisdictional load. For the purposes of this Section, the term "eligible retail customers" has the same definition as found in Section 16-111.5(a) of the Public Utilities Act.

(1) The Agency shall each year, beginning in 2008, as needed, issue a request for qualifications for experts or expert consulting firms to develop the procurement plans in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois and for small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load. This Section shall not apply to a small multi-jurisdictional utility until such time as a small multi-jurisdictional utility requests the Agency to prepare a procurement plan for their Illinois jurisdictional load. (G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

(A) failure to satisfy qualification criteria;
(B) identification of a conflict of interest; or
(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award contracts of up to 5 years to those selected.

administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a 5-year contract to the expert or expert consulting firm so selected with Commission approval.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois, and for eligible Illinois retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load.

(c) Renewable portfolio standard.

(1) The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility's total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. To the extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation and, beginning on June 1, 2011, at least the following percentages of the renewable energy resources used to meet these standards shall come from photovoltaics on the following schedule: 0.5% by June 1, 2012, 1.5% by June 1, 2013; 3% by June 1, 2014; and 6% by June 1, 2015 and thereafter. Of the renewable energy resources procured pursuant to this Section, at least the following percentages shall come from distributed renewable energy generation devices: 0.5%
by June 1, 2013, 0.75% by June 1, 2014, and 1% by June 1, 2015 and thereafter. To the extent available, half of the renewable energy resources procured from distributed renewable energy generation shall come from devices of less than 25 kilowatts in nameplate capacity. Renewable energy resources procured from distributed generation devices may also count towards the required percentages for wind and solar photovoltaics. Procurement of renewable energy resources from distributed renewable energy generation devices shall be done on an annual basis through multi-year contracts of no less than 5 years, and shall consist solely of renewable energy credits.

The Agency shall create credit requirements for suppliers of distributed renewable energy. In order to minimize the administrative burden on contracting entities, the Agency shall solicit the use of third-party organizations to aggregate distributed renewable energy into groups of no less than one megawatt in installed capacity. These third-party organizations shall administer contracts with individual distributed renewable energy generation device owners. An individual distributed renewable energy generation device owner shall have the ability to measure the output of his or her distributed renewable energy generation device.

For purposes of this subsection (c), "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded and do not exceed benchmarks based on market prices for renewable energy resources in the region, which shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(2) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for

New matter indicated by italics - deletions by strikeout
electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy

New matter indicated by italics - deletions by strikeout
resources procured pursuant to this subsection (c) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective renewable energy resources.

(3) Through June 1, 2011, renewable energy resources shall be counted for the purpose of meeting the renewable energy standards set forth in paragraph (1) of this subsection (c) only if they are generated from facilities located in the State, provided that cost-effective renewable energy resources are available from those facilities. If those cost-effective resources are not available in Illinois, they shall be procured in states that adjoin Illinois and may be counted towards compliance. If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance. After June 1, 2011, cost-effective renewable energy resources located in Illinois and in states that adjoin Illinois may be counted towards compliance with the standards set forth in paragraph (1) of this subsection (c). If those cost-effective resources are not available in Illinois or in states that adjoin Illinois, they shall be purchased elsewhere and shall be counted towards compliance.

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the year commencing June 1, 2010, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the

New matter indicated by italics - deletions by strikeout
Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31. Beginning April 1, 2012, and each year thereafter, the Agency shall prepare a public report for the General Assembly and Illinois Commerce Commission that shall include, but not necessarily be limited to:

(A) a comparison of the costs associated with the Agency's procurement of renewable energy resources to (1) the Agency's costs associated with electricity generated by other types of generation facilities and (2) the benefits associated with the Agency's procurement of renewable energy resources; and

(B) an analysis of the rate impacts associated with the Illinois Power Agency's procurement of renewable resources, including, but not limited to, any long-term contracts, on the eligible retail customers of electric utilities.

The analysis shall include the Agency's estimate of the total dollar impact that the Agency's procurement of renewable resources has had on the annual electricity bills of the customer classes that comprise each eligible retail customer class taking service from an electric utility. The Agency's report shall also analyze how the operation of the alternative compliance payment mechanism, any long-term contracts, or other aspects of the applicable renewable portfolio standards impacts the rates of customers of alternative retail electric suppliers.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5% of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State

shall be generated by cost-effective clean coal facilities. For purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated

average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute.

No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by

cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least 500 MW when commercial operation commences, that has a final Clean Air Act permit on the effective date of this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-

products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:

   (i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;
   
   (ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;
   
   (iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and
   
   (iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

(C) contract for differences provisions, which shall:

(i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement (or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is delivered to the initial clean coal facility busbar, multiplied by (2) the quantity of electricity determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical delivery of the electricity produced by the facility;

(D) general provisions, which shall:

New matter indicated by italics - deletions by strikeout
(i) specify a term of no more than 30 years, commencing on the commercial operation date of the facility;

(ii) provide that utilities shall maintain adequate records documenting purchases under the sourcing agreements entered into to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act;

(iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with applicable laws governing cost-based wholesale power contracts;

(iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

(v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon

dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility wilfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and

prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the

power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and (xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility.

Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

(i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

(ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the
Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

(i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and
related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include capitalized financing costs during construction, taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs. The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries. The balance of the operating and maintenance cost quote, excluding delivered fuel costs, will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term

service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreements.

agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

(20 ILCS 3855/1-80)

Sec. 1-80. Resource Development Bureau. Upon its establishment by the Agency, the Resource Development Bureau has the following duties and responsibilities:

(a) At the Agency's discretion, conduct feasibility studies on the construction of any facility. Funding for a study shall come from either:

(i) fees assessed by the Agency on municipal electric systems, governmental aggregators, unit or units of local government, or rural electric cooperatives requesting the feasibility study; or

(ii) an appropriation from the General Assembly.

(b) If the Agency undertakes the construction of a facility, moneys generated from the sale of revenue bonds by the Authority
for the facility shall be used to reimburse the source of the money used for the facility's feasibility study.

(c) The Agency may develop, finance, construct, or operate electric generation and co-generation facilities that use indigenous coal or renewable resources, or both, financed with bonds issued by the Authority on behalf of the Agency. Any such facility that uses coal must be a clean coal facility and must be constructed in a location where the geology is suitable for carbon sequestration. The Agency may also develop, finance, construct, or operate a carbon sequestration facility.

(1) The Agency may enter into contractual arrangements with private and public entities, including but not limited to municipal electric systems, governmental aggregators, and rural electric cooperatives, to plan, site, construct, improve, rehabilitate, and operate those electric generation and co-generation facilities. No contract shall be entered into by the Agency that would jeopardize the tax-exempt status of any bond issued in connection with a project for which the Agency entered into the contract.

(2) The Agency shall hold at least one public hearing before entering into any such contractual arrangements. At least 30-days' notice of the hearing shall be given by publication once in each week during that period in 6 newspapers within the State, at least one of which has a circulation area that includes the location of the proposed facility.

(3) The first facility that the Agency develops, finances, or constructs shall be a facility that uses coal produced in Illinois. The Agency may, however, also develop, finance, or construct renewable energy facilities after work on the first facility has commenced.

(4) The Agency may not develop, finance, or construct a nuclear power plant.

(5) The Agency shall assess fees to applicants seeking to partner with the Agency on projects.

(d) Use of electricity generated by the Agency's facilities. The Agency may supply electricity produced by the Agency's facilities to municipal electric systems, governmental aggregators,
or rural electric cooperatives in Illinois. The electricity shall be supplied at cost.

(1) Contracts to supply power and energy from the Agency's facilities shall provide for the effectuation of the policies set forth in this Act.

(2) The contracts shall also provide that, notwithstanding any provision in the Public Utilities Act, entities supplied with power and energy from an Agency facility shall supply the power and energy to retail customers at the same price paid to purchase power and energy from the Agency.

(e) Electric utilities shall not be required to purchase electricity directly or indirectly from facilities developed or sponsored by the Agency.

(f) The Agency may sell excess capacity and excess energy into the wholesale electric market at prevailing market rates; provided, however, the Agency may not sell excess capacity or excess energy through the procurement process described in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall not directly sell electric power and energy to retail customers. Nothing in this paragraph shall be construed to prohibit sales to municipal electric systems, governmental aggregators, or rural electric cooperatives.

The annual report shall include, but not be limited to, each of the following:

(1) The average quantity, price, and term of all contracts for electricity procured under the procurement plans for electric utilities.

(2) \( (Blank) \). The quantity, price, and rate impact of all renewable resources purchased under the electricity procurement plans for electric utilities:

utilities, and any measures included in the procurement plan pursuant to Section 16-111.5B of the Public Utilities Act.

(4) The amount of power and energy produced by each Agency facility.

(5) The quantity of electricity supplied by each Agency facility to municipal electric systems, governmental aggregators, or rural electric cooperatives in Illinois.

(6) The revenues as allocated by the Agency to each facility.

(7) The costs as allocated by the Agency to each facility.

(8) The accumulated depreciation for each facility.

(9) The status of any projects under development.

(10) Basic financial and operating information specifically detailed for the reporting year and including, but not limited to, income and expense statements, balance sheets, and changes in financial position, all in accordance with generally accepted accounting principles, debt structure, and a summary of funds on a cash basis.

(11) The average quantity, price, contract type and term, and rate impact of all renewable resources purchased pursuant to long-term contracts under the electricity procurement plans for electric utilities.

(12) A comparison of the costs associated with the Agency's procurement of renewable energy resources to (A) the Agency's costs associated with electricity generated by other types of generation facilities and (B) the benefits associated with the Agency's procurement of renewable energy resources.

(13) An analysis of the rate impacts associated with the Illinois Power Agency's procurement of renewable resources, including, but not limited to, any long-term contracts, on the eligible retail customers of electric utilities. The analysis shall include the Agency's estimate of the total dollar impact that the Agency's procurement of renewable resources has had on the annual electricity bills of the customer classes that comprise each eligible retail customer class taking service from an electric utility.

(14) An analysis of how the operation of the alternative compliance payment mechanism, any long-term contracts, or other aspects of the applicable renewable portfolio standards impacts the rates of customers of alternative retail electric suppliers.

Section 10. The State Finance Act is amended by changing Section 6z-75 as follows:

(30 ILCS 105/6z-75)
Sec. 6z-75. The Illinois Power Agency Trust Fund.
(a) Creation. The Illinois Power Agency Trust Fund is created as a special fund in the State treasury. The State Treasurer shall be the custodian of the Fund. Amounts in the Fund, both principal and interest not appropriated, shall be invested as provided by law.
(b) Funding and investment.

(1) The Illinois Power Agency Trust Fund may accept, receive, and administer any grants, loans, or other funds made available to it by any source. Any such funds received by the Fund shall not be considered income, but shall be added to the principal of the Fund.

(2) The investments of the Fund shall be managed by the Illinois State Board of Investment, for the purpose of obtaining a total return on investments for the long term, as provided for under Article 22A of the Illinois Pension Code.
(c) Investment proceeds. Subject to the provisions of subsection (d) of this Section, the General Assembly may annually appropriate from the Illinois Power Agency Trust Fund to the Illinois Power Agency Operations Fund an amount calculated not to exceed 90% of the prior fiscal year’s annual investment income earned by the Fund to the Illinois Power Agency. Any investment income not appropriated by the General Assembly in a given fiscal year shall be added to the principal of the Fund, and thereafter considered a part thereof and not subject to appropriation as income earned by the Fund.
(d) Expenditures.

(1) During Fiscal Year 2008 and Fiscal Year 2009, the General Assembly shall not appropriate any of the investment income earned by the Illinois Power Agency Trust Fund to the Illinois Power Agency.

(2) During Fiscal Year 2010 and Fiscal Year 2011, the General Assembly shall appropriate a portion of the investment income earned by the Illinois Power Agency Trust Fund to repay to the General Revenue Fund of the State of Illinois those amounts, if any, appropriated from the General Revenue Fund for the operation of the Illinois Power Agency during Fiscal Year 2008 and Fiscal...
Year 2009, so that at the end of Fiscal Year 2011, the entire amount, if any, appropriated from the General Revenue Fund for the operation of the Illinois Power Agency during Fiscal Year 2008 and Fiscal Year 2009 will be repaid in full to the General Revenue Fund.

(3) In Fiscal Year 2012 and thereafter, the General Assembly shall consider the need to balance its appropriations from the investment income earned by the Fund with the need to provide for the growth of the principal of the Illinois Power Agency Trust Fund in order to ensure that the Fund is able to produce sufficient investment income to fund the operations of the Illinois Power Agency in future years.

(4) If the Illinois Power Agency shall cease operations, then, unless otherwise provided for by law or appropriation, the principal and any investment income earned by the Fund shall be transferred into the Supplemental Low-Income Energy Assistance Program (LIHEAP) Fund under Section 13 of the Energy Assistance Act of 1989.

(e) Implementation. The provisions of this Section shall not be operative until the Illinois Power Agency Trust Fund has accumulated a principal balance of $25,000,000.

Sec. 5.09. (A) In all gassy mines:

New matter indicated by italics - deletions by strikeout
1. When the mine is to be operated, he shall have the prescribed working places of such mine examined by a certified mine examiner within 3 4 hours before the workers of any shift, other than the examiner or the examiners designated by the mine manager to make the examination, enter the underground areas of such mine. Have the mine examiner inspect every active working place in the mine and make tests therein with a multi-gas detector permissible flame safety lamp for accumulation of methane and oxygen deficiency in the air therein; examine intake seals used to ventilate a working section and doors to determine whether they are functioning properly; inspect and test the roof, face and rib conditions in the working areas and on active roadways and travelways; inspect active roadways, travelways, approaches to abandoned workings and accessible falls in active sections for explosive gas and other hazards; and inspect to determine whether the air in each split is traveling in its proper course and in normal volume.

2. On "non-coal producing shifts", if the mine has a minimum of 120 psi seals, he shall have the mine examined by a certified mine examiner in any area where any person is scheduled to work or travel underground. If the mine has less than 120 psi seals, he shall have the mine examined by a certified mine examiner in its entirety the same as for a coal producing shift, except where persons are to work only in the shaft, slope, drift, or on the immediate shaft or slope bottom, then only that area immediately surrounding the bottom shall be examined. If the mine has a minimum of 120 psi seals and the mine has not been examined in its entirety for 7 consecutive days, he shall have a certified mine examiner conduct a full mine examination, including seals and escape ways, prior to anyone other than the mine examiner or mine examiners designated by the mine manager to make the examination enter the underground areas of such mine. If it is known that the air downwind of a minimum 120 psi seals when tested at a point not less than 12 inches from the roof, face, or rib contains more than 1.0% of methane as determined by permissible methane detector, air analysis, or other recognized means of accurately detecting such gas, he shall have the mine examined in its entirety the same as for a coal producing shift, except where persons are to work only in the shaft, slope, or drift or on the immediate shaft or slope bottom, then only that area immediately surrounding the bottom shall be examined.

3. He shall see that no person, other than competent personnel, enters any underground area in a gassy mine, except during a coal-producing shift, unless an examination of such area has been made by a

mine examiner within 12 hours immediately preceding his entrance into such area.

4. If the mine has constructed a minimum of 120 psi seals, he shall have a certified mine examiner conduct weekly examinations at each seal along return and bleeder air courses and at each seal along intake air courses where intake air passing by the seal is not used to ventilate a working section. If the mine has constructed less than 120 psi seals, he shall have a certified mine examiner conduct a daily examination of each seal along return and bleeder air courses. If it is known that the air downwind of a minimum 120 psi seals when tested at a point not less than 12 inches from the roof, face, or rib contains more than 1.0% of methane as determined by permissible methane detector, air analysis, or other recognized means of accurately detecting such gas, he shall have each seal along return and bleeder air courses and at each seal along intake air courses where intake air passing by the seal not used to ventilate a working section to be examined by a certified mine examiner before the workers of any shift, other than the examiner or the examiners designated by the mine manager to make the examination, enter the underground areas of such mine.

5. He shall have a certified mine examiner conduct weekly examinations of escape ways required by Sections 19.11 and 19.13.

(B) In non-gassy mines:

1. Have the underground areas examined by a certified mine examiner at least once in each calendar day during which coal is produced. Such examination shall be made within 4 hours immediately preceding the beginning of the first coal-producing shift on such day.

2. On idle days, have all sections of the mine examined where men are to be required to work.

3. On idle nights, when the mine has been examined for the day shift and the men are to work in sections previously examined and no coal is to be mined, no further examination shall be required.

(C) One examination on each day when workers perform production or idle day work shall include the escape ways required by Sections 19.11 and 19.13.

necessary for safety. Examinations in a gassy mine such examinations shall include tests with a multi-gas detector permissible flame safety lamp for methane and oxygen deficiency. In all underground face workings in a gassy mine where electrically driven equipment is operated, examinations for methane shall be made with a multi-gas detector permissible flame safety lamp by a person trained in the use of such multi-gas detector lamp before equipment is taken into or operated in face regions, and frequent examinations for methane shall be made during such operations.
