Section 10. The Illinois Anatomical Gift Act is amended by changing Sections 5-5, 5-7, 5-20, 5-43, and 5-47 as follows:

Sec. 5-5. Persons who may execute an anatomical gift.

(a) An anatomical gift of a donor's body or part that is to be carried out upon the donor's death may be made during the life of the donor for the purpose of transplantation, therapy, research, or education by:

(1) the donor, if the donor is an adult, or if the donor is an emancipated minor, or 16 or 17 years of age and registered in the First Person Consent organ and tissue donor registry under subsection (g) of Section 6-117 of the Illinois Vehicle Code;

(2) an agent of the donor, unless the power of attorney for health care or other record prohibits the agent from making an anatomical gift;

(3) a parent of the donor, if the donor is an unemancipated minor; or

(4) the donor's guardian.

(b) If no gift has been executed under subsection (a), an anatomical gift of a decedent's body or part for the purpose of transplantation, therapy, research, or education may be made at the time of the decedent's death, or when death is imminent, by a member of the following classes of persons who is reasonably available for the giving of authorization or refusal, in the order of priority listed, when persons in prior classes are not available for the giving of authorization or refusal and in the absence of actual notice of contrary intentions by the decedent:

(b-5) If there is more than one member of a class listed in item (2), (4), (5), (6), or (7) of subsection (b) of this Section entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift may pass under Section 5-12 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available for the giving of authorization or refusal.

(b-10) A person may not make an anatomical gift if, at the time of the decedent's death, a person in a higher priority class under subsection (b) of this Section is reasonably available for the giving of authorization or refusal.

(c) A gift of all or part of a body authorizes any blood or tissue test or minimally invasive examination necessary to assure medical acceptability of the gift for the purposes intended. The hospital shall, to the extent possible and in accordance with any agreement with the organ procurement organization or tissue bank, take measures necessary to maintain the medical suitability of the part until the procurement organization has had the opportunity to advise the applicable persons as set forth in this Act of the option to make an anatomical gift or has ascertained that the individual expressed a contrary intent and has so informed the hospital. The results of tests and examinations under this subsection shall be used or disclosed only for purposes of evaluating medical suitability for donation, to facilitate the donation process, and as required or permitted by existing law.

Sec. 5-7. Preclusive effect of anatomical gift, amendment, or revocation.

New matter indicated by italics - deletions by strikeout
(a) Subject to subsection (f) of this Section and except as provided in subsection (a-5) of this Section, in the absence of an express, contrary indication by the donor, a person other than the donor is barred from changing, amending, or revoking an anatomical gift of a donor's body or part if the donor made an anatomical gift of the donor's body or part under Section 5-20 or an amendment to an anatomical gift of the donor's body or part under Section 5-42.

(a-5) Upon the death of a donor who is an unemancipated minor, a parent or guardian of the donor may amend or revoke an anatomical gift of the donor's body made under subsection (b-1) of Section 5-20 of this Act.

(b) A donor's revocation of an anatomical gift of the donor's body or part under Section 5-42 is not a refusal and does not bar another person specified in subsection (a) or (b) of Section 5-5 from making an anatomical gift of the donor's body or part under subsection (a), (b), (e), or (e-5) of Section 5-20.

(c) If a person other than the donor makes an unrevoked anatomical gift of the donor's body or part under subsection (a) or (b) of Section 5-20, or an amendment to an anatomical gift of the donor's body or part under Section 5-42, another person may not make, amend, or revoke the gift of the donor's body or part under subsection (e) or (e-5) of Section 5-20.

(d) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift, a revocation of an anatomical gift of a donor's body or part under Section 5-42 by a person other than the donor does not bar another person from making an anatomical gift of the body or part under subsection (a), (b), (e), or (e-5) of Section 5-20.

(e) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under subsection (a) of Section 5-5, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.

(f) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under subsection (a) of Section 5-5, an anatomical gift of a part for one or more of the purposes set forth in subsection (a) of Section 5-5 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under subsection (a), (b), (b-5), (b-10), (e), or (e-5) of Section 5-20.
Sec. 5-20. Manner of Executing Anatomical Gifts.

(a) A donor may make an anatomical gift:

(1) by authorizing a statement or symbol indicating that the donor has made an anatomical gift to be imprinted on the donor's driver's license or identification card;

(2) in a will;

(3) during a terminal illness or injury of the donor, by any form of communication addressed to at least 2 adults, at least one of whom is a disinterested witness; or

(4) as provided in subsection (b) and (b-1) of this Section.

(b) A donor or other person authorized to make an anatomical gift under subsection (a) of Section 5-5 may make a gift by a donor card or other record signed by the donor or other person making the gift or by authorizing that a statement or symbol indicating that the donor has made an anatomical gift be included on a donor registry. If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and must:

(1) be witnessed by at least 2 adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other person; and

(2) state that it has been signed and witnessed as provided in paragraph (1) of this subsection (b).

(b-1) A gift under Section 5-5 (a) may also be made by an individual consenting to have his or her name included in the First Person Consent organ and tissue donor registry maintained by the Secretary of State under Section 6-117 of the Illinois Vehicle Code. An individual's consent to have his or her name included in the First Person Consent organ and tissue donor registry constitutes full legal authority for the donation of any of his or her organs or tissue for purposes of transplantation, therapy, or research. Consenting to be included in the First Person Consent organ and tissue donor registry is effective without regard to the presence or signature of witnesses.

(b-5) Revocation, suspension, expiration, or cancellation of a driver's license or identification card upon which an anatomical gift is indicated does not invalidate the gift.
(b-10) An anatomical gift made by will takes effect upon the donor's death whether or not the will is probated. Invalidation of the will after the donor's death does not invalidate the gift.

(c) The anatomical gift may be made to a specified donee or without specifying a donee. If the gift is made to a specified donee who is not available at the time and place of death, then if made for the purpose of transplantation, it shall be effectuated in accordance with Section 5-25.

(d) The donee or other person authorized to accept the gift pursuant to Section 5-12 may employ or authorize any qualified technician, surgeon, or physician to perform the recovery.

(e) A person authorized to make an anatomical gift under subsection (b) of Section 5-5 may make an anatomical gift by a document of gift signed by the person making the gift or by that person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the individual receiving the oral communication.

(e-5) An anatomical gift by a person authorized under subsection (b) of Section 5-5 may be amended or revoked orally or in a record by a member of a prior class who is reasonably available for the giving of authorization or refusal. Sec. 20-15. Competitive sealed proposals.

(a) Conditions for use. When provided under this Code or under rules, or when the purchasing agency determines in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the State, a contract may be entered into by competitive sealed proposals.

(b) Request for proposals. Proposals shall be solicited through a request for proposals.

Sec. 20-20. Small purchases.

(a) Amount. Any individual procurement of supplies or services other than professional or artistic services, not exceeding $100,000 and any procurement of construction not exceeding $100,000, or any individual procurement of professional or artistic services not
exceeding $100,000 $30,000 may be made without competitive source selection sealed bidding. Procurements shall not be artificially divided so as to constitute a small purchase under this Section. Sec. 20-25. Sole source procurements.

(a) In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. A State contract may be awarded as a sole source contract procurement unless an interested party submits a written request for a public hearing at which the chief procurement officer and purchasing agency present written justification for the procurement method. Any interested party may present testimony. A sole source contract where a hearing was requested by an interested party may be awarded after the hearing is conducted with the approval of the chief procurement officer.

(b) This Section may not be used as a basis for amending a contract for professional or artistic services if the amendment would result in an increase in the amount paid under the contract of more than 5% of the initial award, or would extend the contract term beyond the time reasonably needed for a competitive procurement, not to exceed 2 months.

(c) Notice of intent to enter into a sole source contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 calendar days before the public hearing required in subsection (a). The notice shall include the sole source procurement justification form prescribed by the Board, a description of

Sec. 4.05. Other methods of joint purchases.

(a) It may be determined that it is impractical to obtain competition because either (i) there is only one economically-feasible source for the item or (ii) there is a threat to public health or public safety, or when immediate expenditure is necessary to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records.

(b) When the State of Illinois is a party to the joint purchase agreement, the applicable chief procurement officer shall make a determination whether (i) there is only one economically feasible source for the item or (ii) that there exists a threat to public health or public safety or that immediate expenditure is necessary to prevent or minimize serious disruption in critical State services.

(c) When there is only one economically feasible source for the item, the chief procurement officer may authorize a sole economically-feasible source contract. When there exists a threat to public health or public safety or when immediate expenditure is necessary to prevent or minimize serious disruption in critical State services, the chief procurement officer may authorize an emergency procurement without competitive sealed bidding or competitive sealed proposals or prior notice.

(d) All joint purchases made pursuant to this Section shall follow the same procedures for sole source contracts in the Illinois Procurement Code when the chief procurement officer determines there is only one

economically-feasible source for the item. All joint purchases made pursuant to this Section shall follow the same procedures for emergency purchases in the Illinois Procurement Code when the chief procurement officer determines immediate expenditure is necessary to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records.

(e) Each chief procurement officer shall submit to the General Assembly by November 1 of each year a report of procurements made under this Section.

Section 26. The State Prompt Payment Act is amended by changing Section 7 as follows:

(30 ILCS 540/7) (from Ch. 127, par. 132.407)

Sec. 7. Payments to subcontractors and material suppliers.

(a) When a State official or agency responsible for administering a contract submits a voucher to the Comptroller for payment to a contractor, that State official or agency shall promptly make available electronically the voucher number, the date of the voucher, and the amount of the voucher. The State official or agency responsible for administering the contract shall provide subcontractors and material suppliers, known to the State official or agency, with instructions on how to access the electronic information.

(a-5) When a contractor receives any payment, the contractor shall pay each subcontractor and material supplier in proportion to the work completed by each subcontractor and material supplier its application or pay estimate, plus interest received under this Act, less any retention. When a contractor receives any payment, the contractor shall pay each lower-tiered subcontractor and material supplier and each subcontractor and material supplier shall make payment to its own respective subcontractors and material suppliers. If the contractor receives less than the full payment due under the public construction contract, the contractor shall be obligated to disburse on a pro rata basis those funds received, plus

interest received under this Act, with the contractor, subcontractors and material suppliers each receiving a prorated portion based on the amount of payment each has earned. When, however, the State official or agency public owner does not release the full payment due under the contract because there are specific areas of work or materials the State agency or official has determined contractor is rejecting or because the contractor has otherwise determined such areas are not suitable for payment, then those specific subcontractors or material suppliers involved shall not be paid for that portion of work rejected or deemed not suitable for payment and all other subcontractors and suppliers shall be paid based upon the amount of payment each has earned in full, plus interest received under this Act.

(a-10) For construction contracts with the Department of Transportation, the contractor, subcontractor, or material supplier, regardless of tier, shall not offset, decrease, or diminish payment or payments that are due to its subcontractors or material suppliers without reasonable cause.

A contractor, who refuses to make prompt payment, in whole or in part, shall provide to the subcontractor or material supplier and the public owner or its agent, a written notice of that refusal. The written notice shall be made by a contractor no later than 5 calendar days after payment is received by the contractor. The written notice shall identify the Department of Transportation's contract, any subcontract or material purchase agreement, a detailed reason for refusal, the value of the payment to be withheld, and the specific remedial actions required of the subcontractor or material supplier so that payment may be made. Written notice of refusal may be given in a form and method which is acceptable to the parties and public owner.

(b) If the contractor, without reasonable cause, fails to make full payment of amounts due under subsection (a) to its subcontractors and material suppliers within 15 calendar days after receipt of payment from the State official or agency under the public construction contract, the contractor shall pay to its subcontractors and material suppliers, in addition to the payment due them, interest in the amount of 2% per month, calculated from the expiration of the 15-day period until fully paid. This subsection shall further also apply to any payments made by subcontractors and material suppliers to their subcontractors and material suppliers and to all payments made to lower tier subcontractors and material suppliers throughout the contracting chain.

(1) If a contractor, without reasonable cause, fails to make payment in full as provided in subsection (a-5) (a) within 15 calendar days after receipt of payment under the public construction contract, any subcontractor or material supplier to whom payments are owed may file a written notice and request for administrative hearing with the State official or agency setting forth the amount owed by the contractor and the contractor's failure to timely pay the amount owed. The written notice and request for administrative hearing shall identify the public construction contract, the contractor, and the amount owed, and shall contain a sworn statement or attestation to verify the accuracy of the notice. The notice and request for administrative hearing shall be filed with the State official for the public construction contract, with a copy of the notice concurrently provided to the contractor. Notice to the State official may be made by certified or registered mail, messenger service, or personal service, and must include proof of delivery to the State official.

(2) The State official or agency, within 15 calendar days after receipt of a subcontractor's or material supplier's written notice and request for administrative hearing of the failure to receive payment from the contractor, shall hold a hearing convened by an administrative law judge to determine whether the contractor withheld payment, without reasonable cause, from the subcontractors or and material suppliers and what amount, if any, is due to the subcontractors or and material suppliers, and the reasonable cause or causes asserted by the contractor. The State official or agency shall provide appropriate notice to the parties of the date, time, and location of the hearing. Each contractor, subcontractor, or and material supplier has the right to be represented by counsel at the hearing and to cross-examine witnesses and challenge documents. Upon the request of the subcontractor or material supplier and a showing of good cause, reasonable continuances may be granted by the administrative law judge.

(3) Upon if there is a finding by the administrative law judge that the contractor failed to make payment in full, without reasonable cause, as provided in subsection (a-10) (a), then the administrative law judge shall, in writing, order direct the contractor to pay the amount owed to the subcontractors or and

material suppliers plus interest within 15 calendar days after the order finding.

(4) If a contractor fails to make full payment as ordered under paragraph (3) of this subsection (b) within 15 days after the administrative law judge's order finding, then the contractor shall be barred from entering into a State public construction contract for a period of one year beginning on the date of the administrative law judge's order finding.

(5) If, on 2 or more occasions within a 3-calendar-year period, there is a finding by an administrative law judge that the contractor failed to make payment in full, without reasonable cause, and a written order was issued to a contractor under paragraph (3) of this subsection (b), then the contractor shall be barred from entering into a State public construction contract for a period of 6 months beginning on the date of the administrative law judge's second written order, even if the payments required under the orders were made in full.

(6) If a contractor fails to make full payment as ordered under paragraph (4) of this subsection (b), the subcontractor or material supplier may, within 30 days of the date of that order, petition the State agency for an order for reasonable attorney's fees and costs incurred in the prosecution of the action under this subsection (b). Upon that petition and taking of additional evidence, as may be required, the administrative law judge may issue a supplemental order directing the contractor to pay those reasonable attorney's fees and costs.

(7) The written order of the administrative law judge shall be final and appealable under the Administrative Review Law.

(c) This Section shall not be construed to in any manner diminish, negate, or interfere with the contractor-subcontractor or contractor-material supplier relationship or commercially useful function.

(d) This Section shall not preclude, bar, or stay the rights, remedies, and defenses available to the parties by way of the operation of their contract, purchase agreement, the Mechanics Lien Act, or the Public Construction Bond Act.

(e) State officials and agencies may adopt rules as may be deemed necessary in order to establish the formal procedures required under this Section.

(f) As used in this Section:

"Reasonable cause" does not include payments issued to the contractor that create a negative or reduced valuation pay application or pay estimate due to a reduction of contract quantities or work not performed or provided by the subcontractor or material supplier; the interception or withholding of funds for reasons not related to the subcontractor's or material supplier's work on the contract; anticipated claims or assessments of third parties not a party related to the contract or subcontract; asserted claims or assessments of third parties that are not authorized by court order, administrative tribunal, or statute. "Reasonable cause" further does not include the withholding, offset, or reduction of payment, in whole or in part, due to the assessment of liquidated damages or penalties assessed by the Department of Transportation against the contractor, unless the subcontractor's performance or supplied materials were the sole and proximate cause of the liquidated damage or penalty.

Sec. 31-15. Qualifications for licensure as a fingerprint vendor agency.

(a) Upon receipt of the required fee, compliance with subsection (e) of this Section, and proof that the applicant has a full-time Illinois licensed fingerprint vendor license-in-charge, which is a continuing requirement for agency licensure, the Department may issue a license as a fingerprint vendor agency to any of the following:

(1) An individual who submits an application and is a licensed fingerprint vendor under this Act.

(2) A firm that submits an application and all of the members of the firm are licensed fingerprint vendors under this Act.

(3) A corporation or limited liability company doing business in Illinois that is authorized to engage in the business of conducting a fingerprint vendor agency if at least one officer or

(b) An individual licensed as a fingerprint vendor operating under a business name other than the licensed fingerprint vendor's own name shall not be required to obtain a fingerprint vendor agency license if that licensed fingerprint vendor does not employ any persons to provide fingerprinting services. However, in either circumstance, the individual shall comply with the requirements of subsection (e) of this Section as a requirement for licensure.

(c) No fingerprint vendor may be the licensee-in-charge for more than one fingerprint vendor agency. Upon written request by a representative of the agency, within 10 days after the loss of a licensee-in-charge of an agency because of the death of that individual or because of the termination of the employment of that individual, the Department shall issue a temporary certificate of authority allowing the continuing operation of the licensed agency. No temporary certificate of authority shall be valid for more than 90 days. An extension of an additional 90 days may be granted upon written request by the representative of the agency. Not more than 2 extensions may be granted to any agency. No temporary permit shall be issued for loss of the licensee-in-charge because of disciplinary action by the Department related to his or her conduct on behalf of the agency.

(d) Upon issuance of the temporary certificate of authority as provided for in subsection (c) of this Section and at any time thereafter while the temporary certificate of authority is in effect, the Department may request in writing additional information from the agency regarding the loss of its licensee-in-charge, the selection of a new licensee-in-charge, and the management of the agency. Failure of the agency to respond or respond to the satisfaction of the Department shall cause the Department to deny any extension of the temporary certificate of authority. While the temporary certificate of authority is in effect, the Department may disapprove the selection of a new licensee-in-charge by the agency if the person's license is not operative or the Department has good cause to believe that the person selected will not fully exercise the responsibilities of a licensee-in-charge. AN ACT concerning courts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Sections 2-23 and 2-28 as follows:

(705 ILCS 405/2-23) (from Ch. 37, par. 802-23)
Sec. 2-23. Kinds of dispositional orders.
(1) The following kinds of orders of disposition may be made in respect of wards of the court:
(a) A minor under 18 years of age found to be neglected or abused under Section 2-3 or dependent under Section 2-4 may be (1) continued in the custody of his or her parents, guardian or legal custodian; (2) placed in accordance with Section 2-27; (3) restored to the custody of the parent, parents, guardian, or legal custodian, provided the court shall order the parent, parents, guardian, or legal custodian to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan or risk the loss of custody of the child and the possible termination of their parental rights; or (4) ordered partially or completely

emancipated in accordance with the provisions of the Emancipation of Minors Act.

However, in any case in which a minor is found by the court to be neglected or abused under Section 2-3 of this Act, custody of the minor shall not be restored to any parent, guardian or legal custodian whose acts or omissions or both have been identified, pursuant to subsection (1) of Section 2-21, as forming the basis for the court's finding of abuse or neglect, until such time as a hearing is held on the issue of the best interests of the minor and the fitness of such parent, guardian or legal custodian to care for the minor without endangering the minor's health or safety, and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(b) A minor under 18 years of age found to be dependent under Section 2-4 may be (1) placed in accordance with Section 2-27 or (2) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act.

However, in any case in which a minor is found by the court to be dependent under Section 2-4 of this Act, custody of the minor shall not be restored to any parent, guardian or legal custodian whose acts or omissions or both have been identified, pursuant to subsection (1) of Section 2-21, as forming the basis for the court's finding of dependency, until such time as a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor without endangering the minor's health or safety, and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(b-1) A minor between the ages of 18 and 21 may be placed pursuant to Section 2-27 of this Act if (1) the court has granted a supplemental petition to reinstate wardship of the minor pursuant to subsection (2) of Section 2-33, or (2) the court has adjudicated the minor a ward of the court, permitted the minor to return home under an order of protection, and subsequently made a finding that it is in the minor's best interest to vacate the order of protection and commit the minor to the Department of Children and Family Services for care and service.

(c) When the court awards guardianship to the Department of Children and Family Services, the court shall order the parents to cooperate with the Department of Children and Family Services,
comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

(2) Any order of disposition may provide for protective supervision under Section 2-24 and may include an order of protection under Section 2-25.

Unless the order of disposition expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification, not inconsistent with Section 2-28, until final closing and discharge of the proceedings under Section 2-31.

(3) The court also shall enter any other orders necessary to fulfill the service plan, including, but not limited to, (i) orders requiring parties to cooperate with services, (ii) restraining orders controlling the conduct of any party likely to frustrate the achievement of the goal, and (iii) visiting orders. When the child is placed separately from a sibling, the court shall review the Sibling Contact Support Plan developed under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's best interest, the court may enter an order requiring the Department to develop and implement a Sibling Contact Support Plan under subsection (f) of Section 7.4 of the Children and Family Services Act or order mediation. Unless otherwise specifically authorized by law, the court is not empowered under this subsection (3) to order specific placements, specific services, or specific service providers to be included in the plan.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days after the date of the order. The court shall continue the matter until the new service plan is filed. Except as authorized by subsection (3.5) of this Section or authorized by law, the court is not empowered under this Section to order specific placements, specific services, or specific service providers to be included in the service plan.

empowered under this subsection (3) or under subsection (2) to order specific placements, specific services, or specific service providers to be included in the plan.

(3.5) If, after reviewing the evidence, including evidence from the Department, the court determines that the minor's current or planned placement is not necessary or appropriate to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting its determination and enter specific findings based on the evidence. If the court finds that the minor's current or planned placement is not necessary or appropriate, the court may enter an order directing the Department to implement a recommendation by the minor's treating clinician or a clinician contracted by the Department to evaluate the minor or a recommendation made by the Department. If the Department places a minor in a placement under an order entered under this subsection (3.5), the Department has the authority to remove the minor from that placement when a change in circumstances necessitates the removal to protect the minor's health, safety, and best interest. If the Department determines removal is necessary, the Department shall notify the parties of the planned placement change in writing no later than 10 days prior to the implementation of its determination unless remaining in the placement poses an imminent risk of harm to the minor, in which case the Department shall notify the parties of the placement change in writing immediately following the implementation of its decision. The Department shall notify others of the decision to change the minor's placement as required by Department rule.

(4) In addition to any other order of disposition, the court may order any minor adjudicated neglected with respect to his or her own injurious behavior to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentence hearing" referred to therein shall be the dispositional hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may pay some or all of such restitution on the minor's behalf.

(5) Any order for disposition where the minor is committed or placed in accordance with Section 2-27 shall provide for the parents or guardian of the estate of such minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the

minor's needs. Such payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the order of disposition requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code.

(7) The court may terminate the parental rights of a parent at the initial dispositional hearing if all of the conditions in subsection (5) of Section 2-21 are met.

(705 ILCS 405/2-28) (from Ch. 37, par. 802-28)
Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or guardian, within 10 days after such citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, regardless of whether
an adjudication or dispositional hearing has been completed within that
time frame, (b) if the parental rights of both parents have been terminated
in accordance with the procedure described in subsection (5) of Section 2-
21, within 30 days of the order for termination of parental rights and
appointment of a guardian with power to consent to adoption, or (c) in
accordance with subsection (2) of Section 2-13.1. Subsequent permanency
hearings shall be held every 6 months or more frequently if necessary in
the court's determination following the initial permanency hearing, in
accordance with the standards set forth in this Section, until the court
determines that the plan and goal have been achieved. Once the plan and
goal have been achieved, if the minor remains in substitute care, the case
shall be reviewed at least every 6 months thereafter, subject to the
provisions of this Section, unless the minor is placed in the guardianship
of a suitable relative or other person and the court determines that further
monitoring by the court does not further the health, safety or best interest
of the child and that this is a stable permanent placement. The permanency
hearings must occur within the time frames set forth in this subsection and
may not be delayed in anticipation of a report from any source or due to
the agency's failure to timely file its written report (this written report
means the one required under the next paragraph and does not mean the
service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or
another agency responsible for the minor's care, shall ensure that all parties
to the permanency hearings are provided a copy of the most recent service
plan prepared within the prior 6 months at least 14 days in advance of the
hearing. If not contained in the plan, the agency shall also include a report
setting forth (i) any special physical, psychological, educational, medical,
emotional, or other needs of the minor or his or her family that are relevant
to a permanency or placement determination and (ii) for any minor age 16
or over, a written description of the programs and services that will enable
the minor to prepare for independent living. The agency's written report
must detail what progress or lack of progress the parent has made in
correcting the conditions requiring the child to be in care; whether the
child can be returned home without jeopardizing the child's health, safety,
and welfare, and if not, what permanency goal is recommended to be in
the best interests of the child, and why the other permanency goals are not
appropriate. The caseworker must appear and testify at the permanency
hearing. If a permanency hearing has not previously been scheduled by the
court, the moving party shall move for the setting of a permanency hearing

and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall

New matter indicated by italics - deletions by strikeout
not provide further reunification services, but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

1. The Department of Children and Family Services has custody and guardianship of the minor;
2. The court has ruled out all other permanency goals based on the child's best interest;
3. The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:
   a. the child does not wish to be adopted or to be placed in the guardianship of his or her relative or foster care placement;
   b. the child exhibits an extreme level of need such that the removal of the child from his or her placement would be detrimental to the child; or
   c. the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the relationship, and whether ongoing contact is in the subject child's best interest, including long-term emotional interest, as compared with the legal and emotional benefit of permanence;
4. The child has lived with the relative or foster parent for at least one year; and
5. The relative or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.

The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

New matter indicated by italics - deletions by strikeout
(1) Age of the child.
(2) Options available for permanence, including both out-of-State and in-State placement options.
(3) Current placement of the child and the intent of the family regarding adoption.
(4) Emotional, physical, and mental status or condition of the child.
(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.
(6) Availability of services currently needed and whether the services exist.
(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include services reasonably related to remedy the conditions that gave rise to removal of the child from the home of his or her parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home, must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that these findings are based on the information that the court has.

New matter indicated by italics - deletions by strikeout
at that time and may be revised, should additional evidence be presented to
the court.

The court shall review the Sibling Contact Support Plan developed
or modified under subsection (f) of Section 7.4 of the Children and Family
Services Act, if applicable. If the Department has not convened a meeting
to develop or modify a Sibling Contact Support Plan, or if the court finds
that the existing Plan is not in the child's best interest, the court may enter
an order requiring the Department to develop, modify or implement a
Sibling Contact Support Plan, or order mediation.

If the goal has been achieved, the court shall enter orders that are
necessary to conform the minor's legal custody and status to those
findings.

If, after receiving evidence, the court determines that the services
contained in the plan are not reasonably calculated to facilitate
achievement of the permanency goal, the court shall put in writing the
factual basis supporting the determination and enter specific findings
based on the evidence. The court also shall enter an order for the
Department to develop and implement a new service plan or to implement
changes to the current service plan consistent with the court's findings. The
new service plan shall be filed with the court and served on all parties
within 45 days of the date of the order. The court shall continue the matter
until the new service plan is filed. *Except as authorized by subsection (2.5)
of this Section and as otherwise specifically authorized by law, the court is
not empowered under this Section to order specific placements, specific
services, or specific service providers to be included in the service plan.*

*Unless otherwise specifically authorized by law, the court is not
empowered under this subsection (2) or under subsection (3) to order
specific placements, specific services, or specific service providers to be
included in the plan.*

A guardian or custodian appointed by the court pursuant to this Act
shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against
any public agency by complaints for relief by mandamus filed in any
proceedings brought under this Act.

*(2.5) If, after reviewing the evidence, including evidence from the
Department, the court determines that the minor's current or planned
placement is not necessary or appropriate to facilitate achievement of the
permanency goal, the court shall put in writing the factual basis
supporting its determination and enter specific findings based on the

evidence. If the court finds that the minor’s current or planned placement is not necessary or appropriate, the court may enter an order directing the Department to implement a recommendation by the minor’s treating clinician or a clinician contracted by the Department to evaluate the minor or a recommendation made by the Department. If the Department places a minor in a placement under an order entered under this subsection (2.5), the Department has the authority to remove the minor from that placement when a change in circumstances necessitates the removal to protect the minor’s health, safety, and best interest. If the Department determines removal is necessary, the Department shall notify the parties of the planned placement change in writing no later than 10 days prior to the implementation of its determination unless remaining in the placement poses an imminent risk of harm to the minor, in which case the Department shall notify the parties of the placement change in writing immediately following the implementation of its decision. The Department shall notify others of the decision to change the minor’s placement as required by Department rule.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsection (2) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor’s legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor’s current or planned placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best

interest and special needs of the minor and, if the minor is placed out-of-State, whether the out-of-State placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).
(v) (Blank).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.

Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected.

or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without endangering his or her health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall co-operate with the agent of the court in providing any information sought in the investigation.

(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking

restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

(b) Public information. Nothing contained in this Act shall prevent the Director from publishing or making available to the public the names and addresses of persons filing returns under this Act, or from publishing or making available reasonable statistics concerning the operation of the tax wherein the contents of returns are grouped into aggregates in such a way that the information contained in any individual return shall not be disclosed.

measured by income, for exclusively official purposes, information received by the Department in the administration of this Act, but such permission shall be granted only if the United States or such other state, as the case may be, grants the Department substantially similar privileges. The Director may exchange information with the Department of Healthcare and Family Services and the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) for the purpose of verifying sources and amounts of income and for other purposes directly connected with the administration of this Act, the Illinois Public Aid Code, and any other health benefit program administered by the State. The Director may make available to any State agency, including the Illinois Supreme Court, units of local government, and school districts, information regarding whether a bidder or contractor is an affiliate of a person who is not collecting and remitting Illinois Use taxes, for the limited purpose of enforcing bidder and contractor certifications.

The Director may also make available to the Secretary of State information that a corporation which has been issued a certificate of incorporation by the Secretary of State has failed to file returns under this Act or pay the tax, penalty and interest shown therein, or has failed to pay any final assessment of tax, penalty or interest due under this Act. An assessment is final when all proceedings in court for review of such assessment have terminated or the time for the taking thereof has expired without such proceedings being instituted. For taxable years ending on or after December 31, 1987, the Director may make available to the Director or principal officer of any Department of the State of Illinois, information that a person employed by such Department has failed to file returns under this Act or pay the tax, penalty and interest shown therein. (House Bill No. 2383)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Mental Health and Developmental Disabilities Administrative Act is amended by changing Section 15.4 as follows:

(20 ILCS 1705/15.4)

Sec. 15.4. Authorization for nursing delegation to permit direct care staff to administer medications.

(a) This Section applies to (i) all residential programs for persons with a developmental disability in settings of 16 persons or fewer that are funded or licensed by the Department of Human Services and that distribute or administer medications, and (ii) all intermediate care facilities for persons with developmental disabilities with 16 beds or fewer that are licensed by the Department of Public Health, and (iii) all day programs

certified to serve persons with developmental disabilities by the Department of Human Services. The Department of Human Services shall develop a training program for authorized direct care staff to administer medications under the supervision and monitoring of a registered professional nurse. The training program for authorized direct care staff shall include educational and oversight components for staff who work in day programs that are similar to those for staff who work in residential programs. This training program shall be developed in consultation with professional associations representing (i) physicians licensed to practice medicine in all its branches, (ii) registered professional nurses, and (iii) pharmacists.

(b) For the purposes of this Section:
"Authorized direct care staff" means non-licensed persons who have successfully completed a medication administration training program approved by the Department of Human Services and conducted by a nurse-trainer. This authorization is specific to an individual receiving service in a specific agency and does not transfer to another agency.

"Medications" means oral and topical medications, insulin in an injectable form, oxygen, epinephrine auto-injectors, and vaginal and rectal creams and suppositories. "Oral" includes inhalants and medications administered through enteral tubes, utilizing aseptic technique. "Topical" includes eye, ear, and nasal medications. Any controlled substances must be packaged specifically for an identified individual.

"Insulin in an injectable form" means a subcutaneous injection via an insulin pen pre-filled by the manufacturer. Authorized direct care staff may administer insulin, as ordered by a physician, advanced practice nurse, or physician assistant, if: (i) the staff has successfully completed a Department-approved advanced training program specific to insulin administration developed in consultation with professional associations listed in subsection (a) of this Section, and (ii) the staff consults with the registered nurse, prior to administration, of any insulin dose that is determined based on a blood glucose test result. The authorized direct care staff shall not: (i) calculate the insulin dosage needed when the dose is dependent upon a blood glucose test result, or (ii) administer insulin to individuals who require blood glucose monitoring greater than 3 times daily, unless directed to do so by the registered nurse.

"Nurse-trainer training program" means a standardized, competency-based medication administration train-the-trainer program provided by the Department of Human Services and conducted by a
Department of Human Services master nurse-trainer for the purpose of training nurse-trainers to train persons employed or under contract to provide direct care or treatment to individuals receiving services to administer medications and provide self-administration of medication training to individuals under the supervision and monitoring of the nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, and a curriculum overview, including the ethical and legal aspects of supervising those administering medications.

"Self-administration of medications" means an individual administers his or her own medications. To be considered capable to self-administer their own medication, individuals must, at a minimum, be able to identify their medication by size, shape, or color, know when they should take the medication, and know the amount of medication to be taken each time.

"Training program" means a standardized medication administration training program approved by the Department of Human Services and conducted by a registered professional nurse for the purpose of training persons employed or under contract to provide direct care or treatment to individuals receiving services to administer medications and provide self-administration of medication training to individuals under the delegation and supervision of a nurse-trainer. The program incorporates adult learning styles, teaching strategies, classroom management, curriculum overview, including ethical-legal aspects, and standardized competency-based evaluations on administration of medications and self-administration of medication training programs.

(c) Training and authorization of non-licensed direct care staff by nurse-trainers must meet the requirements of this subsection.

(1) Prior to training non-licensed direct care staff to administer medication, the nurse-trainer shall perform the following for each individual to whom medication will be administered by non-licensed direct care staff:

(A) An assessment of the individual's health history and physical and mental status.

(B) An evaluation of the medications prescribed.

(2) Non-licensed authorized direct care staff shall meet the following criteria:

(A) Be 18 years of age or older.

(B) Have completed high school or have a high school equivalency certificate.
(C) Have demonstrated functional literacy.
(D) Have satisfactorily completed the Health and Safety component of a Department of Human Services authorized direct care staff training program.
(E) Have successfully completed the training program, pass the written portion of the comprehensive exam, and score 100% on the competency-based assessment specific to the individual and his or her medications.
(F) Have received additional competency-based assessment by the nurse-trainer as deemed necessary by the nurse-trainer whenever a change of medication occurs or a new individual that requires medication administration enters the program.

(3) Authorized direct care staff shall be re-evaluated by a nurse-trainer at least annually or more frequently at the discretion of the registered professional nurse. Any necessary retraining shall be to the extent that is necessary to ensure competency of the authorized direct care staff to administer medication.

(4) Authorization of direct care staff to administer medication shall be revoked if, in the opinion of the registered professional nurse, the authorized direct care staff is no longer competent to administer medication.

(5) The registered professional nurse shall assess an individual's health status at least annually or more frequently at the discretion of the registered professional nurse.

(d) Medication self-administration shall meet the following requirements:

(1) As part of the normalization process, in order for each individual to attain the highest possible level of independent functioning, all individuals shall be permitted to participate in their total health care program. This program shall include, but not be limited to, individual training in preventive health and self-medication procedures.

(A) Every program shall adopt written policies and procedures for assisting individuals in obtaining preventative health and self-medication skills in consultation with a registered professional nurse, advanced

practice nurse, physician assistant, or physician licensed to practice medicine in all its branches.

(B) Individuals shall be evaluated to determine their ability to self-medicate by the nurse-trainer through the use of the Department's required, standardized screening and assessment instruments.

(C) When the results of the screening and assessment indicate an individual not to be capable to self-administer his or her own medications, programs shall be developed in consultation with the Community Support Team or Interdisciplinary Team to provide individuals with self-medication administration.

(2) Each individual shall be presumed to be competent to self-administer medications if:

(A) authorized by an order of a physician licensed to practice medicine in all its branches, an advanced practice nurse, or a physician assistant; and

(B) approved to self-administer medication by the individual's Community Support Team or Interdisciplinary Team, which includes a registered professional nurse or an advanced practice nurse.

(e) Quality Assurance.

(1) A registered professional nurse, advanced practice nurse, licensed practical nurse, physician licensed to practice medicine in all its branches, physician assistant, or pharmacist shall review the following for all individuals:

(A) Medication orders.

(B) Medication labels, including medications listed on the medication administration record for persons who are not self-medicating to ensure the labels match the orders issued by the physician licensed to practice medicine in all its branches, advanced practice nurse, or physician assistant.

(C) Medication administration records for persons who are not self-medicating to ensure that the records are completed appropriately for:

(i) medication administered as prescribed;

(ii) refusal by the individual; and
(iii) full signatures provided for all initials used.

(2) Reviews shall occur at least quarterly, but may be done more frequently at the discretion of the registered professional nurse or advanced practice nurse.

(3) A quality assurance review of medication errors and data collection for the purpose of monitoring and recommending corrective action shall be conducted within 7 days and included in the required annual review.

(f) Programs using authorized direct care staff to administer medications are responsible for documenting and maintaining records on the training that is completed.

(g) The absence of this training program constitutes a threat to the public interest, safety, and welfare and necessitates emergency rulemaking by the Departments of Human Services and Public Health under Section 5-45 of the Illinois Administrative Procedure Act.

(h) Direct care staff who fail to qualify for delegated authority to administer medications pursuant to the provisions of this Section shall be given additional education and testing to meet criteria for delegation authority to administer medications. Any direct care staff person who fails to qualify as an authorized direct care staff after initial training and testing must within 3 months be given another opportunity for retraining and retesting. A direct care staff person who fails to meet criteria for delegated authority to administer medication, including, but not limited to, failure of the written test on 2 occasions shall be given consideration for shift transfer or reassignment, if possible. No employee shall be terminated for failure to qualify during the 3-month time period following initial testing. Refusal to complete training and testing required by this Section may be grounds for immediate dismissal.

(i) No authorized direct care staff person delegated to administer medication shall be subject to suspension or discharge for errors resulting from the staff person's acts or omissions when performing the functions unless the staff person's actions or omissions constitute willful and wanton conduct. Nothing in this subsection is intended to supersede paragraph (4) of subsection (c).

(j) A registered professional nurse, advanced practice nurse, physician licensed to practice medicine in all its branches, or physician assistant shall be on duty or on call at all times in any program covered by this Section.

New matter indicated by italics - deletions by strikeout
(k) The employer shall be responsible for maintaining liability insurance for any program covered by this Section.

(l) Any direct care staff person who qualifies as authorized direct care staff pursuant to this Section shall be granted consideration for a one-time additional salary differential. The Department shall determine and provide the necessary funding for the differential in the base. This subsection (l) is inoperative on and after June 30, 2000.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 7-1-1 as follows:

(65 ILCS 5/7-1-1) (from Ch. 24, par. 7-1-1)

Sec. 7-1-1. Annexation of contiguous territory. Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a lake, river, or other waterway or the territory is separated from the municipality by a strip parcel, railroad or public utility right-of-way, or former railroad right-of-way that has been converted to a recreational trail, but upon annexation the area included within that strip parcel, right-of-way, or former right-of-way shall not be considered to be annexed to the municipality. For purposes of this Section, "strip parcel" means a separation no wider than 30 feet between the territory to be annexed and the municipal boundary.

Except in counties with a population of more than 600,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district, federal wildlife refuge, open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, or conservation area, may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8, but only if the annexing municipality can show that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area creates an artificial barrier preventing the annexation and that the location of the forest preserve district, federal wildlife refuge, open land, open space, or conservation area property prevents the orderly natural growth of the annexing municipality. Except for parcels of land less than one acre in size, it shall be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other

New matter indicated by italics - deletions by strikeout
than the municipality seeking annexation through the existing forest preserve district, federal wildlife refuge, open land, open space, or conservation area), (ii) forest preserve district property, federal wildlife refuge, open land, open space, or conservation area, or (iii) a combination of other municipalities and forest preserve district property, federal wildlife refuge property, open land, open space, or conservation area. Except of parcels of land less than one acre in size, it shall also be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, open space, or conservation area does not create an artificial barrier if the municipality seeking annexation is not the closest municipality within the county to the property to be annexed. The territory included within such forest preserve district, federal wildlife refuge, open land, open space, or conservation area shall not be annexed to the municipality nor shall the territory of the forest preserve district, federal wildlife refuge, open land, open space, or conservation area be subject to rights-of-way for access or services between the parts of the municipality separated by the forest preserve district, federal wildlife refuge, open land, open space, or conservation area without the consent of the governing body of the forest preserve district or federal wildlife refuge. Parcels of land less than one acre in size may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8 if it would be contiguous to the municipality but for the separation therefrom by a forest preserve district, federal wildlife refuge, open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, or conservation area. The changes made to this Section by Public Act 91-824 are declaratory of existing law and shall not be construed as a new enactment.

For the purpose of this Section, "conservation area" means an area dedicated to conservation and owned by a not-for-profit organized under Section 501(c)(3) of the Internal Revenue Code of 1986, or any area owned by a conservation district.

In counties that are contiguous to the Mississippi River with populations of more than 200,000 but less than 255,000, a municipality that is partially located in territory that is wholly surrounded by the Mississippi River and a canal, connected at both ends to the Mississippi River and located on property owned by the United States of America, may annex noncontiguous territory in the surrounded territory under Sections 7-1-7, 7-1-8, or 7-1-9 if that territory is separated from the municipality by property owned by the United States of America, but that
federal property shall not be annexed without the consent of the federal government.

For the purposes of this Article, any territory to be annexed to a municipality that is located in a county with more than 500,000 inhabitants shall be considered to be contiguous to the municipality if only a river and a national heritage corridor separate the territory from the municipality. Upon annexation, no river or national heritage corridor shall be considered annexed to the municipality.

When any land proposed to be annexed is part of any Fire Protection District or of any Public Library District and the annexing municipality provides fire protection or a public library, as the case may be, the Trustees of each District shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. The notice shall be served 10 days in advance. An affidavit that service of notice has been had as provided by this Section must be filed with the clerk of the court in which the annexation proceedings are pending or will be instituted or, when no court proceedings are involved, with the recorder for the county where the land is situated. No annexation of that land is effective unless service is had and the affidavit filed as provided in this Section.

The new boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. These highways shall be considered to be annexed even though not included in the legal description set forth in the petition for annexation. When any land proposed to be annexed includes any highway under the jurisdiction of any township, the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. In the event that a municipality fails to notify the Township Commissioner of Highways, the Board of Town Trustees, the Township Supervisor, and the Township Clerk of the annexation of an area within the township, the municipality shall reimburse that township for any loss or liability caused by the failure to give notice. If any municipality has annexed any area before October 1, 1975, and the legal description in the petition for annexation did not include the entire adjacent highway, any such annexation shall be valid and any highway adjacent to the area annexed shall be considered to be annexed notwithstanding the failure of the petition to annex to include the description of the entire adjacent highway.

New matter indicated by italics - deletions by strikeout
When annexing territory separated from the municipality by a lake, river, or other waterway, the municipality also annexes the portion of the lake, river, or other waterway that would make the municipality and territory contiguous if the lake, river, or other waterway is under the jurisdiction and control of another unit of local government or the State, or the federal government if allowed under federal law, except for any territory within the corporate limits of another municipality.

Any annexation, disconnection and annexation, or disconnection under this Article of any territory must be reported by certified or registered mail by the corporate authority initiating the action to the election authorities having jurisdiction in the territory and the post office branches serving the territory within 30 days of the annexation, disconnection and annexation, or disconnection.

Failure to give notice to the required election authorities or post office branches will not invalidate the annexation or disconnection. For purposes of this Section "election authorities" means the county clerk where the clerk acts as the clerk of elections or the clerk of the election commission having jurisdiction.

No annexation, disconnection and annexation, or disconnection under this Article of territory having electors residing therein made (1) before any primary election to be held within the municipality affected thereby and after the time for filing petitions as a candidate for nomination to any office to be chosen at the primary election or (2) within 60 days before any general election to be held within the municipality shall be effective until the day after the date of the primary or general election, as the case may be.

For the purpose of this Section, a toll highway or connection between parcels via an overpass bridge over a toll highway shall not be considered a deterrent to the definition of contiguous territory.

When territory is proposed to be annexed by court order under this Article, the corporate authorities or petitioners initiating the action shall notify each person who pays real estate taxes on property within that territory unless the person is a petitioner. The notice shall be served by certified or registered mail, return receipt requested, at least 20 days before a court hearing or other court action. If the person who pays real estate taxes on the property is not the owner of record, then the payor shall notify the owner of record of the proposed annexation.

It is further recognized that the distribution and delivery of the wood chips, mulch, and other products to residents of the district is a long-standing tradition in certain parts of this State with a minimum fiscal impact. It is further declared that this traditional service is salutary, as long as it is provided without prejudice or favor to any particular person or interest.

2018, funding for Preschool Education, Parental Training, and Prevention Initiative programs above the allocation for these programs in Fiscal Year 2017 must be used solely as a supplement for these programs and may not supplant funds received from other sources.

(c) The educational services block grant shall include the following programs: Regular and Vocational Transportation, State Lunch and Free Breakfast Program, Special Education (Personnel, Transportation, Orphanage, Private Tuition), funding for children requiring special education services, Summer School, Educational Service Centers, and Administrator's Academy. This subsection (c) does not relieve the district of its obligation to provide the services required under a program that is included within the educational services block grant. It is the intention of the General Assembly in enacting the provisions of this subsection (c) to relieve the district of the administrative burdens that impede efficiency and accompany single-program funding. The General Assembly encourages the board to pursue mandate waivers pursuant to Section 2-3.25g.

The funding program included in the educational services block grant for funding for children requiring special education services in each fiscal year shall be treated in that fiscal year as a payment to the school district in respect of services provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section. Nothing in this Section shall change the nature of payments for any program that, apart from this Section, would be or, prior to adoption or amendment of this Section, was on the basis of a payment in a fiscal year in respect of services provided or costs incurred in the prior fiscal year, calculated in each case as provided in this Section.

(d) For fiscal year 1996 and each fiscal year thereafter, the amount of the district's block grants shall be determined as follows: (i) with respect to each program that is included within each block grant, the district shall receive an amount equal to the same percentage of the current fiscal year appropriation made for that program as the percentage of the appropriation received by the district from the 1995 fiscal year appropriation made for that program, and (ii) the total amount that is due the district under the block grant shall be the aggregate of the amounts that the district is entitled to receive for the fiscal year with respect to each program that is included within the block grant that the State Board of Education shall award the district under this Section for that fiscal year. In the case of the Summer Bridges program, the amount of the district's block

New matter indicated by italics - deletions by strikeout
grant shall be equal to 44% of the amount of the current fiscal year appropriation made for that program.

(e) The district is not required to file any application or other claim in order to receive the block grants to which it is entitled under this Section. The State Board of Education shall make payments to the district of amounts due under the district's block grants on a schedule determined by the State Board of Education.

(f) A school district to which this Section applies shall report to the State Board of Education on its use of the block grants in such form and detail as the State Board of Education may specify. In addition, the report must include the following description for the district, which must also be reported to the General Assembly: block grant allocation and expenditures by program; population and service levels by program; and administrative expenditures by program. The State Board of Education shall ensure that the reporting requirements for the district are the same as for all other school districts in this State.

(g) This paragraph provides for the treatment of block grants under Article 1C for purposes of calculating the amount of block grants for a district under this Section. Those block grants under Article 1C are, for this purpose, treated as included in the amount of appropriation for the various programs set forth in paragraph (b) above. The appropriation in each current fiscal year for each block grant under Article 1C shall be treated for these purposes as appropriations for the individual program included in that block grant. The proportion of each block grant so allocated to each such program included in it shall be the proportion which the appropriation for that program was of all appropriations for such purposes now in that block grant, in fiscal 1995.

Payments to the school district under this Section with respect to each program for which payments to school districts generally, as of the date of this amendatory Act of the 92nd General Assembly, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis, pursuant to the provisions of this Code governing those programs.

(h) Notwithstanding any other provision of law, any school district receiving a block grant under this Section may classify all or a portion of the funds that it receives in a particular fiscal year from any block grant authorized under this Code or from general State aid pursuant to Section 18-8.05 of this Code (other than supplemental general State aid) as funds received in connection with any funding program for which it is entitled to

receive funds from the State in that fiscal year (including, without limitation, any funding program referred to in subsection (c) of this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any block grant or general State aid to be classified under this subsection (h) and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this subsection (h) by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this subsection (h) by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to the block grant as provided in this Section, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of provision of services.

(c) (1) Notwithstanding any other provision of this Act or any other law, confidential supervisory information shall be the property of the Secretary Commissioner and shall be privileged from disclosure to any person except as provided in this Section. No person in possession of confidential supervisory information may disclose that information for any reason or under any circumstances not specified in this Section without the prior authorization of the Secretary Commissioner. Any person upon whom a demand for production of confidential supervisory information is made, whether by subpoena, order, or other judicial or administrative process, must withhold production of the confidential supervisory information and must notify the Secretary Commissioner of the demand, at which time the Secretary Commissioner is authorized to intervene for the purpose of enforcing the limitations of this Section or seeking the withdrawal or termination of the attempt to compel production of the confidential supervisory information.

(2) Any request for discovery or disclosure of confidential supervisory information, whether by subpoena, order, or other judicial or administrative process, shall be made to the Secretary Commissioner, and the Secretary Commissioner shall determine within 15 days whether to disclose the information pursuant to procedures and standards that the Secretary Commissioner shall establish by rule. If the Secretary Commissioner determines that such information will not be disclosed, the Secretary's decision shall be subject to judicial review under the provisions of the Administrative Review Law, and venue shall be in either Sangamon County or Cook County.

(3) Any court order that compels disclosure of confidential supervisory information may be immediately appealed by the Secretary Commissioner, and the order shall be automatically stayed pending the outcome of the appeal.

(d) If any officer, agent, attorney, or employee of a savings bank knowingly and willfully furnishes confidential supervisory information in violation of this Section, the Secretary Commissioner may impose a civil monetary penalty up to $1,000 for the violation against the officer, agent, attorney, or employee.

(e) Subject to the limits of this Section, the Secretary Commissioner also may promulgate regulations to set procedures and standards for disclosure of the following items:

(205 ILCS 305/9.1)

Sec. 9.1. Disclosures of reports of examinations and confidential supervisory information; limitations.

(1) Any report of examination, visitation, or investigation prepared by the Secretary under this Act or by the state regulatory authority charged with enforcing the Electronic Fund Transfer Act or the Corporate Fiduciary Act or by the state regulatory authority of another state that examines an office of an Illinois credit union in that state, any document or record prepared or obtained in connection with or relating to any examination, visitation, or investigation, and any record prepared or obtained by the Secretary to the extent that the record summarizes or contains information derived from any report, document, or record described in this subsection shall be deemed "confidential supervisory information". AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 10-22.31 as follows:

(105 ILCS 5/10-22.31) (from Ch. 122, par. 10-22.31)
Sec. 10-22.31. Special education.

(a) To enter into joint agreements with other school boards to provide the needed special educational facilities and to employ a director and other professional workers as defined in Section 14-1.10 and to establish facilities as defined in Section 14-1.08 for the types of children described in Sections 14-1.02 and 14-1.03a. The director (who may be employed under a contract as provided in subsection (c) of this Section) and other professional workers may be employed by one district, which shall be reimbursed on a mutually agreed basis by other districts that are parties to the joint agreement. Such agreements may provide that one district may supply professional workers for a joint program conducted in another district. Such agreement shall provide that any full-time professional worker who is employed by a joint agreement program and spends over 50% of his or her time in one school district shall not be required to work a different teaching schedule than the other professional worker in that district. Such agreement shall include, but not be limited to, provisions for administration, staff, programs, financing, housing, transportation, an advisory body, and the method or methods to be employed for disposing of property upon the withdrawal of a school district or dissolution of the joint agreement and shall specify procedures for the withdrawal of districts from the joint agreement as long as these procedures are consistent with this Section. Such agreement may be amended at any time as provided in the joint agreement or, if the joint agreement does not so provide, then such agreement may be amended at any time upon the adoption of concurring resolutions by the school boards of all member districts, provided that no later than 6 months after August 28, 2009 (the effective date of Public Act 96-783), all existing agreements shall be amended to be consistent with Public Act 96-783. Such an amendment may include the removal of a school district from or the addition of a school district to the joint agreement without a petition as

New matter indicated by italics - deletions by strikeout
otherwise required in this Section if all member districts adopt concurring resolutions to that effect. A fully executed copy of any such agreement or amendment entered into on or after January 1, 1989 shall be filed with the State Board of Education. Petitions for withdrawal shall be made to the regional board or boards of school trustees exercising oversight or governance over any of the districts in the joint agreement. Upon receipt of a petition for withdrawal, the regional board of school trustees shall publish notice of and conduct a hearing or, in instances in which more than one regional board of school trustees exercises oversight or governance over any of the districts in the joint agreement, a joint hearing, in accordance with rules adopted by the State Board of Education. In instances in which a single regional board of school trustees holds the hearing, approval of the petition must be by a two-thirds majority vote of the school trustees. In instances in which a joint hearing of 2 or more regional boards of school trustees is required, approval of the petition must be by a two-thirds majority of all those school trustees present and voting. Notwithstanding the provisions of Article 6 of this Code, in instances in which the competent regional board or boards of school trustees has been abolished, petitions for withdrawal shall be made to the school boards of those districts that fall under the oversight or governance of the abolished regional board of school trustees in accordance with rules adopted by the State Board of Education. If any petition is approved pursuant to this subsection (a), the withdrawal takes effect as provided in Section 7-9 of this Act. The changes to this Section made by Public Act 96-769 apply to all changes to special education joint agreement membership initiated after July 1, 2009.

(b) To either (1) designate an administrative district to act as fiscal and legal agent for the districts that are parties to the joint agreement, or (2) designate a governing board composed of one member of the school board of each cooperating district and designated by such boards to act in accordance with the joint agreement. No such governing board may levy taxes and no such governing board may incur any indebtedness except within an annual budget for the joint agreement approved by the governing board and by the boards of at least a majority of the cooperating school districts or a number of districts greater than a majority if required by the joint agreement. The governing board may appoint an executive board of at least 7 members to administer the joint agreement in accordance with its terms. However, if 7 or more school districts are parties to a joint agreement that does not have an administrative district: (i) at least a
majority of the members appointed by the governing board to the executive board shall be members of the school boards of the cooperating districts; or (ii) if the governing board wishes to appoint members who are not school board members, they shall be superintendents from the cooperating districts.

(c) To employ a full-time director of special education of the joint agreement program under a one-year or multi-year contract. No such contract can be offered or accepted for less than one year. Such contract may be discontinued at any time by mutual agreement of the contracting parties, or may be extended for an additional one-year or multi-year period at the end of any year.

The contract year is July 1 through the following June 30th, unless the contract specifically provides otherwise. Notice of intent not to renew a contract when given by a controlling board or administrative district must be in writing stating the specific reason therefor. Notice of intent not to renew the contract must be given by the controlling board or the administrative district at least 90 days before the contract expires. Failure to do so will automatically extend the contract for one additional year.

By accepting the terms of the contract, the director of a special education joint agreement waives all rights granted under Sections 24-11 through 24-16 for the duration of his or her employment as a director of a special education joint agreement.

(d) To designate a district that is a party to the joint agreement as the issuer of bonds or notes for the purposes and in the manner provided in this Section. It is not necessary for such district to also be the administrative district for the joint agreement, nor is it necessary for the same district to be designated as the issuer of all series of bonds or notes issued hereunder. Any district so designated may, from time to time, borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the board of education of the issuing district. The resolution may contain such covenants as may be deemed necessary or advisable by the district to

assure the payment of the bonds or notes. The resolution shall be effective immediately upon its adoption.

Prior to the issuance of such bonds or notes, each school district that is a party to the joint agreement shall agree, whether by amendment to the joint agreement or by resolution of the board of education, to be jointly and severally liable for the payment of the bonds and notes. The bonds or notes shall be payable solely and only from the payments made pursuant to such agreement.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district, including the issuing district, within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the agreement by a district to pay the bonds and notes shall be irrevocable notwithstanding the district's withdrawal from membership in the joint special education program.

(e) If a district whose employees are on strike was, prior to the strike, sending students with disabilities to special educational facilities and services in another district or cooperative, the district affected by the strike shall continue to send such students during the strike and shall be eligible to receive appropriate State reimbursement.

(f) With respect to those joint agreements that have a governing board composed of one member of the school board of each cooperating district and designated by those boards to act in accordance with the joint agreement, the governing board shall have, in addition to its other powers under this Section, the authority to issue bonds or notes for the purposes and in the manner provided in this subsection. The governing board of the joint agreement may from time to time borrow money and, in evidence of its obligation to repay the borrowing, issue its negotiable bonds or notes for the purpose of acquiring, constructing, altering, repairing, enlarging and equipping any building or portion thereof, together with any land or interest therein, necessary to provide special educational facilities and services as defined in Section 14-1.08 and including also facilities for activities of administration and educational support personnel employees. Title in and to any such facilities shall be held in accordance with the joint agreement.

Any such bonds or notes shall be authorized by a resolution of the governing board. The resolution may contain such covenants as may be deemed necessary or advisable by the governing board to assure the
payment of the bonds or notes and interest accruing thereon. The resolution shall be effective immediately upon its adoption.

Each school district that is a party to the joint agreement shall be automatically liable, by virtue of its membership in the joint agreement, for its proportionate share of the principal amount of the bonds and notes plus interest accruing thereon, as provided in the resolution. Subject to the joint and several liability hereinafter provided for, the resolution may provide for different payment schedules for different districts except that the aggregate amount of scheduled payments for each district shall be equal to its proportionate share of the debt service in the bonds or notes based upon the fraction that its equalized assessed valuation bears to the total equalized assessed valuation of all the district members of the joint agreement as adjusted in the manner hereinafter provided. In computing that fraction the most recent available equalized assessed valuation at the time of the issuance of the bonds and notes shall be used, and the equalized assessed valuation of any district maintaining grades K to 12 shall be doubled in both the numerator and denominator of the fraction used for all of the districts that are members of the joint agreement. In case of default in payment by any member, each school district that is a party to the joint agreement shall automatically be jointly and severally liable for the amount of any deficiency. The bonds or notes and interest thereon shall be payable solely and only from the funds made available pursuant to the procedures set forth in this subsection. No project authorized under this subsection may require an annual contribution for bond payments from any member district in excess of 0.15% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-8 or 9-12 and 0.30% of the value of taxable property as equalized or assessed by the Department of Revenue in the case of districts maintaining grades K-12. This limitation on taxing authority is expressly applicable to taxing authority provided under Section 17-9 and other applicable Sections of this Act. Nothing contained in this subsection shall be construed as an exception to the property tax limitations contained in Section 17-2, 17-2.2a, 17-5, or any other applicable Section of this Act.

Neither the bonds or notes nor the obligation to pay the bonds or notes under any joint agreement shall constitute an indebtedness of any district within the meaning of any constitutional or statutory limitation.

As long as any bonds or notes are outstanding and unpaid, the obligation of a district to pay its proportionate share of the principal of and interest on the bonds and notes as required in this Section shall be a

New matter indicated by italics - deletions by strikeout
general obligation of the district payable from any and all sources of
revenue designated for that purpose by the board of education of the
district and shall be irrevocable notwithstanding the district's withdrawal
from membership in the joint special education program.

(g) A member district wishing to withdraw from a joint agreement
may obtain from its school board a written resolution approving the
withdrawal. The withdrawing district must then present a written petition
for withdrawal from the joint agreement to the other member districts
within such timelines designated by the joint agreement. Upon approval by
school board written resolution of all of the remaining member districts,
the petitioning member district shall be withdrawn from the joint
agreement effective the following July 1 and shall notify the State Board
of Education of the approved withdrawal in writing. If the petition for
withdrawal is not approved and the petitioning member district is a part
of a Class II county school unit outside of a city of 500,000 or more
inhabitants, the petitioning member district may appeal the disapproval
decision to the trustees of schools of the township that has jurisdiction and
authority over the withdrawing district. If a withdrawing district is not
under the jurisdiction and authority of the trustees of schools of a
township, a hearing panel shall be established by the chief administrative
officer of the intermediate service center having jurisdiction over the
withdrawing district. The hearing panel shall be made up of 3 persons
who have a demonstrated interest and background in education. Each
hearing panel member must reside within an educational service region of
2,000,000 or more inhabitants but not within the withdrawing district and
may not be a current school board member or employee of the
withdrawing district or hold any county office. None of the hearing panel
members may reside within the same school district. The hearing panel
shall serve without remuneration; however, the necessary expenses,
including travel, attendant upon any meeting or hearing in relation to
these proceedings must be paid. If the trustees of schools of the township
having jurisdiction and authority over the withdrawing district or the
hearing panel established by the chief administrative officer of the
intermediate service center having jurisdiction over the withdrawing
district approves the petition for withdrawal, then the petitioning member
district shall be withdrawn from the joint agreement effective the
following July 1 and shall notify the State Board of Education of the
approved withdrawal in writing.

(h) The changes to this Section made by Public Act 96-783 apply to withdrawals from or dissolutions of special education joint agreements initiated after August 28, 2009 (the effective date of Public Act 96-783).

(i) Notwithstanding subsections (a), (g), and (h) of this Section or any other provision of this Code to the contrary, an elementary school district that maintains grades up to and including grade 8, that had a 2014-2015 best 3 months' average daily attendance of 5,209.57, and that had a 2014 equalized assessed valuation of at least $451,500,000, but not more than $452,000,000, may withdraw from its special education joint agreement program consisting of 6 school districts upon submission and approval of the comprehensive plan, in compliance with the applicable requirements of Section 14-4.01 of this Code, in addition to the approval by the school board of the elementary school district and notification to and the filing of an intent to withdraw statement with the governing board of the joint agreement program. Such notification and statement shall specify the effective date of the withdrawal, which in no case shall be less than 60 days after the date of the filing of the notification and statement. Upon receipt of the notification and statement, the governing board of the joint agreement program shall distribute a copy to each member district of the joint agreement and shall initiate any appropriate allocation of assets and liabilities among the remaining member districts to take effect upon the date of the withdrawal. The withdrawal shall take effect upon the date specified in the notification and statement.

AN ACT concerning children.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 7.4 as follows:

(325 ILCS 5/7.4) (from Ch. 23, par. 2057.4)

Sec. 7.4. (a) The Department shall be capable of receiving reports of suspected child abuse or neglect 24 hours a day, 7 days a week. Whenever the Department receives a report alleging that a child is a truant as defined in Section 26-2a of The School Code, as now or hereafter amended, the Department shall notify the superintendent of the school district in which the child resides and the appropriate superintendent of the educational service region. The notification to the appropriate officials by the Department shall not be considered an allegation of abuse or neglect under this Act.

(a-5) The Department of Children and Family Services may implement a 5-year demonstration of a "differential response program" in accordance with criteria, standards, and procedures prescribed by rule. The program may provide that, upon receiving a report, the Department shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child abuse or neglect.

For purposes of this subsection (a-5), "family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. "Family assessment" does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

For purposes of this subsection (a-5), "investigation" means fact-gathering related to the current safety of a child and the risk of subsequent abuse or neglect that determines whether a report of suspected child abuse or neglect should be indicated or unfounded and whether child protective services are needed.

Under the "differential response program" implemented under this subsection (a-5), the Department:

New matter indicated by italics - deletions by strikeout
(1) Shall conduct an investigation on reports involving substantial child abuse or neglect.

(2) Shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that substantial child abuse or neglect or a serious threat to the child's safety exists.

(3) May conduct a family assessment for reports that do not allege substantial child endangerment. In determining that a family assessment is appropriate, the Department may consider issues including, but not limited to, child safety, parental cooperation, and the need for an immediate response.

(4) Shall promulgate criteria, standards, and procedures that shall be applied in making this determination, taking into consideration the Child Endangerment Risk Assessment Protocol of the Department.

(5) May conduct a family assessment on a report that was initially screened and assigned for an investigation.

In determining that a complete investigation is not required, the Department must document the reason for terminating the investigation and notify the local law enforcement agency or the Department of State Police if the local law enforcement agency or Department of State Police is conducting a joint investigation.

Once it is determined that a "family assessment" will be implemented, the case shall not be reported to the central register of abuse and neglect reports.

During a family assessment, the Department shall collect any available and relevant information to determine child safety, risk of subsequent abuse or neglect, and family strengths.

Information collected includes, but is not limited to, when relevant: information with regard to the person reporting the alleged abuse or neglect, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being abused or neglected; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged abuse or neglect. Information relevant to the assessment must be asked for, and may include:

(A) The child's sex and age, prior reports of abuse or neglect, information relating to developmental functioning, credibility of the child's statement, and whether the information

New matter indicated by italics - deletions by strikeout
provided under this paragraph (A) is consistent with other
information collected during the course of the assessment or
investigation.

(B) The alleged offender's age, a record check for prior
reports of abuse or neglect, and criminal charges and convictions.
The alleged offender may submit supporting documentation
relevant to the assessment.

(C) Collateral source information regarding the alleged
abuse or neglect and care of the child. Collateral information
includes, when relevant: (i) a medical examination of the child; (ii)
prior medical records relating to the alleged maltreatment or care
of the child maintained by any facility, clinic, or health care
professional, and an interview with the treating professionals; and
(iii) interviews with the child's caretakers, including the child's
parent, guardian, foster parent, child care provider, teachers,
counselors, family members, relatives, and other persons who may
have knowledge regarding the alleged maltreatment and the care of
the child.

(D) Information on the existence of domestic abuse and
violence in the home of the child, and substance abuse.

Nothing in this subsection (a-5) precludes the Department from
collecting other relevant information necessary to conduct the assessment
or investigation. Nothing in this subsection (a-5) shall be construed to
allow the name or identity of a reporter to be disclosed in violation of the
protections afforded under Section 7.19 of this Act.

After conducting the family assessment, the Department shall
determine whether services are needed to address the safety of the child
and other family members and the risk of subsequent abuse or neglect.

Upon completion of the family assessment, if the Department
concludes that no services shall be offered, then the case shall be closed. If
the Department concludes that services shall be offered, the Department
shall develop a family preservation plan and offer or refer services to the
family.

At any time during a family assessment, if the Department believes
there is any reason to stop the assessment and conduct an investigation
based on the information discovered, the Department shall do so.

The procedures available to the Department in conducting
investigations under this Act shall be followed as appropriate during a
family assessment.

If the Department implements a differential response program authorized under this subsection (a-5), the Department shall arrange for an independent evaluation of the program for at least the first 3 years of implementation to determine whether it is meeting the goals in accordance with Section 2 of this Act.

The Department shall arrange for an independent evaluation of the "differential response program" authorized and implemented under this subsection (a-5) to determine whether it is meeting the goals in accordance with Section 2 of this Act. The Department may adopt administrative rules necessary for the execution of this Section, in accordance with Section 4 of the Children and Family Services Act.

The Department shall submit a report to the General Assembly by January 15, 2018 on the implementation progress and recommendations for additional needed legislative changes.

The demonstration conducted under this subsection (a-5) shall become a permanent program on July 1, 2016, upon completion of the demonstration project period.

(b)(1) The following procedures shall be followed in the investigation of all reports of suspected abuse or neglect of a child, except as provided in subsection (c) of this Section.

(2) If, during a family assessment authorized by subsection (a-5) or an investigation, it appears that the immediate safety or well-being of a child is endangered, that the family may flee or the child disappear, or that the facts otherwise so warrant, the Child Protective Service Unit shall commence an investigation immediately, regardless of the time of day or night. All other investigations shall be commenced within 24 hours of receipt of the report. Upon receipt of a report, the Child Protective Service Unit shall conduct a family assessment authorized by subsection (a-5) or begin an initial investigation and make an initial determination whether the report is a good faith indication of alleged child abuse or neglect.

(3) Based on an initial investigation, if the Unit determines the report is a good faith indication of alleged child abuse or neglect, then a formal investigation shall commence and, pursuant to Section 7.12 of this Act, may or may not result in an indicated report. The formal investigation shall include: direct contact with the subject or subjects of the report as soon as possible after the report is received; an evaluation of the environment of the child named in the report and any other children in the same environment; a determination of the risk to such children if they continue to remain in the existing environments, as well as a determination

of the nature, extent and cause of any condition enumerated in such report; the name, age and condition of other children in the environment; and an evaluation as to whether there would be an immediate and urgent necessity to remove the child from the environment if appropriate family preservation services were provided. After seeing to the safety of the child or children, the Department shall forthwith notify the subjects of the report in writing, of the existence of the report and their rights existing under this Act in regard to amendment or expungement. To fulfill the requirements of this Section, the Child Protective Service Unit shall have the capability of providing or arranging for comprehensive emergency services to children and families at all times of the day or night.

(4) If (i) at the conclusion of the Unit's initial investigation of a report, the Unit determines the report to be a good faith indication of alleged child abuse or neglect that warrants a formal investigation by the Unit, the Department, any law enforcement agency or any other responsible agency and (ii) the person who is alleged to have caused the abuse or neglect is employed or otherwise engaged in an activity resulting in frequent contact with children and the alleged abuse or neglect are in the course of such employment or activity, then the Department shall, except in investigations where the Director determines that such notification would be detrimental to the Department's investigation, inform the appropriate supervisor or administrator of that employment or activity that the Unit has commenced a formal investigation pursuant to this Act, which may or may not result in an indicated report. The Department shall also notify the person being investigated, unless the Director determines that such notification would be detrimental to the Department's investigation.

(c) In an investigation of a report of suspected abuse or neglect of a child by a school employee at a school or on school grounds, the Department shall make reasonable efforts to follow the following procedures:

(1) Investigations involving teachers shall not, to the extent possible, be conducted when the teacher is scheduled to conduct classes. Investigations involving other school employees shall be conducted so as to minimize disruption of the school day. The school employee accused of child abuse or neglect may have his superior, his association or union representative and his attorney present at any interview or meeting at which the teacher or administrator is present. The accused school employee shall be informed by a representative of the Department, at any interview or...

meeting, of the accused school employee's due process rights and of the steps in the investigation process. The information shall include, but need not necessarily be limited to the right, subject to the approval of the Department, of the school employee to confront the accuser, if the accuser is 14 years of age or older, or the right to review the specific allegations which gave rise to the investigation, and the right to review all materials and evidence that have been submitted to the Department in support of the allegation. These due process rights shall also include the right of the school employee to present countervailing evidence regarding the accusations.

(2) If a report of neglect or abuse of a child by a teacher or administrator does not involve allegations of sexual abuse or extreme physical abuse, the Child Protective Service Unit shall make reasonable efforts to conduct the initial investigation in coordination with the employee's supervisor.

If the Unit determines that the report is a good faith indication of potential child abuse or neglect, it shall then commence a formal investigation under paragraph (3) of subsection (b) of this Section.

(3) If a report of neglect or abuse of a child by a teacher or administrator involves an allegation of sexual abuse or extreme physical abuse, the Child Protective Unit shall commence an investigation under paragraph (2) of subsection (b) of this Section.

(c-5) In any instance in which a report is made or caused to made by a school district employee involving the conduct of a person employed by the school district, at the time the report was made, as required under Section 4 of this Act, the Child Protective Service Unit shall send a copy of its final finding report to the general superintendent of that school district.

(d) If the Department has contact with an employer, or with a religious institution or religious official having supervisory or hierarchical authority over a member of the clergy accused of the abuse of a child, in the course of its investigation, the Department shall notify the employer or the religious institution or religious official, in writing, when a report is unfounded so that any record of the investigation can be expunged from the employee's or member of the clergy's personnel or other records. The Department shall also notify the employee or the member of the clergy, in writing, that notification has been sent to the employer or to the appropriate religious institution or religious official informing the

employer or religious institution or religious official that the Department's investigation has resulted in an unfounded report.

(e) Upon request by the Department, the Department of State Police and law enforcement agencies are authorized to provide criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) to properly designated employees of the Department of Children and Family Services if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The request shall be in the form and manner required by the Department of State Police. Any information obtained by the Department of Children and Family Services under this Section is confidential and may not be transmitted outside the Department of Children and Family Services other than to a court of competent jurisdiction or unless otherwise authorized by law. Any employee of the Department of Children and Family Services who transmits confidential information in violation of this Section or causes the information to be transmitted in violation of this Section is guilty of a Class A misdemeanor unless the transmittal of the information is authorized by this Section or otherwise authorized by law.

(f) For purposes of this Section "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.

PUBLIC ACT 100-0070
(House Bill No. 2580)

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 3-401 and 15-301 as follows:

(625 ILCS 5/3-401) (from Ch. 95 1/2, par. 3-401)
Sec. 3-401. Effect of provisions.
(a) It shall be unlawful for any person to violate any provision of this Chapter or to drive or move or for an owner knowingly to permit to be driven or moved upon any highway any vehicle of a type required to be registered hereunder which is not registered or for which the appropriate fee has not been paid when and as required hereunder, except that when application accompanied by proper fee has been made for registration of a vehicle it may be operated temporarily pending complete registration upon displaying a duplicate application duly verified or other evidence of such application or otherwise under rules and regulations promulgated by the Secretary of State.

(b) The appropriate fees required to be paid under the various provisions of this Act for registration of vehicles shall mean the fee or fees which would have been paid initially, if proper and timely application had been made to the Secretary of State for the appropriate registration required, whether such registration be a flat weight registration, a single

New matter indicated by italics - deletions by strikeout
trip permit, a reciprocity permit or a supplemental application to an original prorate application together with payment of fees due under the supplemental application for prorate decals.

(c) Effective October 1, 1984, no vehicle required to pay a Federal Highway Users Tax shall be registered unless proof of payment, in a form prescribed and approved by the Secretary of State, is submitted with the appropriate registration. Notwithstanding any other provision of this Code, failure of the applicant to comply with this paragraph shall be deemed grounds for the Secretary to refuse registration.

(c-1) A vehicle may not be registered by the Secretary of State unless that vehicle:

1. was originally manufactured for operation on highways;
2. is a modification of a vehicle that was originally manufactured for operation on highways; or
3. was assembled from component parts designed for use in vehicles to be operated on highways.

(d) Second division vehicles.

1. A vehicle of the second division moved or operated within this State shall have had paid for it the appropriate registration fees and flat weight tax, as evidenced by the Illinois registration issued for that vehicle, for the gross weight of the vehicle and load being operated or moved within this State. Second division vehicles of foreign jurisdictions operated within this State under a single trip permit, fleet reciprocity plan, prorate registration plan, or apportional registration plan, instead of second division vehicle registration under Article VIII of this Chapter, must have had paid for it the appropriate registration fees and flat weight tax in the base jurisdiction of that vehicle, as evidenced by the maximum gross weight shown on the foreign registration cards, plus any appropriate fees required under this Code.

2. If a vehicle and load are operated in this State and the appropriate fees and taxes have not been paid or the vehicle and load exceed the registered gross weight for which the required fees and taxes have been paid by 2001 pounds or more, the operator or owner shall be fined as provided in Section 15-113 of this Code. However, an owner or operator shall not be subject to arrest under this subsection for any weight in excess of 80,000 pounds. Further, no fine shall exceed the actual cost of what the appropriate registration for that vehicle and load should have been as

New matter indicated by italics - deletions by strikeout
established in subsection (a) of Section 3-815 of this Chapter
regardless of the route traveled. For purposes of this paragraph (2),
"appropriate registration" means the full annual cost of the required
registration and its associated fees.

(3) Any person operating a legal combination of vehicles
displaying valid registration shall not be considered in violation of
the registration provision of this subsection unless the total gross
weight of the combination exceeds the total licensed weight of the
vehicles in the combination. The gross weight of a vehicle exempt
from the registration requirements of this Chapter shall not be
included when determining the total gross weight of vehicles in
combination. Any vehicle operating under an emergency harvest
permit, as described in subsection (e-1) of Section 15-301 of this
Code, shall not be in violation of this paragraph (3).

(4) If the defendant claims that he or she had previously
paid the appropriate Illinois registration fees and taxes for this
vehicle before the alleged violation, the defendant shall have the
burden of proving the existence of the payment by competent
evidence. Proof of proper Illinois registration issued by the
Secretary of State, or the appropriate registration authority from the
foreign state, shall be the only competent evidence of payment.

(625 ILCS 5/15-301) (from Ch. 95 1/2, par. 15-301)
Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction
and local authorities with respect to highways under their jurisdiction may,
in their discretion, upon application and good cause being shown therefor,
issue a special permit authorizing the applicant to operate or move a
vehicle or combination of vehicles of a size or weight of vehicle or load
exceeding the maximum specified in this Act or otherwise not in
conformity with this Act upon any highway under the jurisdiction of the
party granting such permit and for the maintenance of which the party is
responsible. Applications and permits other than those in written or printed
form may only be accepted from and issued to the company or individual
making the movement. Except for an application to move directly across a
highway, it shall be the duty of the applicant to establish in the application
that the load to be moved by such vehicle or combination cannot
reasonably be dismantled or disassembled, the reasonableness of which
shall be determined by the Secretary of the Department. For the purpose of

New matter indicated by italics - deletions by strikeout
over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to multiple objects and the length, width, and weight laws are not exceeded. For the purpose of over width movement, more than one object may be carried as long as the cause for the over width is not due to multiple objects and length, height, and weight laws are not exceeded. Except for transporting fluid milk products, no State or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried, when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved except that for vehicles or vehicle combinations registered by the Department as provided in Section 15-319 of this Chapter, only the Illinois Department of Transportation's (IDT) registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

New matter indicated by italics - deletions by strikeout
(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to paragraph (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2 axle single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3 or 4 axle vehicle registered by the Secretary of State with axle loads not to exceed 20%, and on a 5 axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:
(1) cultivated plants or agricultural produce grown including, but is not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;
(2) livestock, including but not limited to hogs, equine, sheep, and poultry;
(3) ensilage; and
(4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Illinois Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) Upon a declaration by the Governor that an emergency harvest situation exists, a special permit issued by the Department under this Section shall not be required from September 1 through December 31 during harvest season emergencies for a vehicle that exceeds the maximum axle weight and gross weight limits under Section 15-111 of this Code or exceeds the vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits under Section 15-111 of this Code and does not exceed the vehicle's registered gross weight by 10%. All other restrictions that apply to permits issued under this Section shall apply during the declared time period and no fee shall be charged for the issuance of those permits. Permits issued by the Department under this subsection (e-1) are only valid on federal and State highways under the jurisdiction of the Department, except interstate highways. The weight does not exceed 20% above the limits provided in Section 15-111. All other restrictions that apply to permits issued under this Section shall apply during the declared time period. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements during harvest season emergencies, and set a divisible load weight limit not to exceed 10% above a vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits specified in Section 15-111.

Permits issued under this subsection (e-1)

New matter indicated by italics - deletions by strikeout
apply to all registered vehicles eligible to obtain permits under this Section, including commercial vehicles used in private or for-hire movement of divisible load agricultural commodities in use during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while enroute to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

- Single axle: 2000 pounds
- Tandem axle: 3000 pounds
- Gross: 5000 pounds

(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which

New matter indicated by italics - deletions by strikeout
cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

(1) All operators shall be 18 years of age or over and properly licensed to operate the vehicle.

(2) Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under the Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to
the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Act.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department shall not issue permits to the person, firm or corporation convicted of a third offense during a period of one year after the date of conviction for such third offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a
tow-truck that exceeds the weight limits provided for in subsection (a) of Section 15-111, provided:

(1) no rear single axle of the tow-truck exceeds 26,000 pounds;
(2) no rear tandem axle of the tow-truck exceeds 50,000 pounds;
(2.1) no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;
(3) neither the disabled vehicle nor the disabled combination of vehicles exceed the weight restrictions imposed by this Chapter 15, or the weight limits imposed under a permit issued by the Department prior to hookup;
(4) the tow-truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;
(5) during the tow operation the tow-truck does not violate any weight restriction sign;
(6) the tow-truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;
(7) the tow-truck is specifically designed and licensed as a tow-truck;
(8) the tow-truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;
(9) the tow-truck is equipped with air brakes;
(10) the tow-truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;
(11) the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;
(12) the permit issued to the tow-truck is carried in the tow-truck and exhibited on demand by a police officer; and
(13) the movement shall be valid only on state routes approved by the Department.

(o) (Blank).

(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of paragraph (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling public, whether

dismantling or disassembling the load promotes or stifles economic
development and whether the proposed route travels less than 5 miles. A
load is not required to be dismantled or disassembled for the purposes of
paragraph (a) if the Secretary of the Department determines there will be
no significant negative impact to pavement or structures along the
proposed route, the proposed load or vehicle causes no safety hazard to the
traveling public, dismantling or disassembling the load does not promote
economic development and the proposed route travels less than 5 miles.
The Department may promulgate rules for the purpose of establishing the
divisibility of a load pursuant to paragraph (a). Any load determined by the
Secretary to be nondivisible shall otherwise comply with the existing size
or weight maximums specified in this Chapter.

(c) To provide for the collection of tolls and charges for the privilege of using the said toll highways. Before it adopts an increase in the rates for toll, the Authority shall hold a public hearing at which any person may appear, express opinions, suggestions, or objections, or direct inquiries relating to the proposed increase. Any person may submit a written statement to the Authority at the hearing, whether appearing in person or not. The hearing shall be held in the county in which the proposed increase of the rates is to take place. The Authority shall give notice of the hearing by advertisement on 3 successive days at least 15 days prior to the date of the hearing in a daily newspaper of general circulation within the county within which the hearing is held. The notice shall state the date, time, and place of the hearing, shall contain a description of the proposed increase, and shall specify how interested persons may obtain copies of any reports, resolutions, or certificates describing the basis on which the proposed change, alteration, or modification was calculated. After consideration of any statements filed or oral opinions, suggestions, objections, or inquiries made at the hearing, the Authority may proceed to adopt the proposed increase of the rates for toll. No change or alteration in or modification of the rates for toll shall be effective unless at least 30 days prior to the effective date of such rates notice thereof shall be given to the public by publication in a newspaper of general circulation, and such notice, or notices, thereof shall be posted and publicly displayed at each and every toll station upon or along said toll highways.

(d) To construct, at the Authority's discretion, grade separations at intersections with any railroads, waterways, street railways, streets, thoroughfares, public roads or highways intersected by the said toll highways, and to change and adjust the lines and grades thereof so as to accommodate the same to the design of such grade separation and to construct interchange improvements. The Authority is authorized to provide such grade separations or interchange improvements at its own cost or to enter into contracts or agreements with reference to division of cost therefor with any municipality or political subdivision of the State of Illinois, or with the Federal Government, or any agency thereof, or with any corporation, individual, firm, person or association. Where such structures have been or will be built by the Authority, the and a local highway agency or municipality with jurisdiction shall enter into an agreement with the Authority for the ongoing maintenance of the structures. If did not enter into an agreement to the contrary, the Authority
shall maintain the entire structure, including the road surface, at the Authority's expense.

(e) To contract with and grant concessions to or lease or license to any person, partnership, firm, association or corporation so desiring the use of any part of any toll highways, excluding the paved portion thereof, but including the right of way adjoining, under, or over said paved portion for the placing of telephone, telegraph, electric, power lines and other utilities, and for the placing of pipe lines, and to enter into operating agreements with or to contract with and grant concessions to or to lease to any person, partnership, firm, association or corporation so desiring the use of any part of the toll highways, excluding the paved portion thereof, but including the right of way adjoining, or over said paved portion for motor fuel service stations and facilities, garages, stores and restaurants, or for any other lawful purpose, and to fix the terms, conditions, rents, rates and charges for such use.

By January 1, 2016, the Authority shall construct and maintain at least one electric vehicle charging station at any location where the Authority has entered into an agreement with any entity pursuant to this subsection (e) for the purposes of providing motor fuel service stations and facilities, garages, stores, or restaurants. The Authority shall charge a fee for the use of these charging stations to offset the costs of constructing and maintaining these charging stations. The Authority shall adopt rules to implement the erection, user fees, and maintenance of electric vehicle charging stations pursuant to this subsection (e).

The Authority shall also have power to establish reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called public utilities) of any public utility as defined in the Public Utilities Act along, over or under any toll road project. Whenever the Authority shall determine that it is necessary that any such public utility facilities which now are located in, on, along, over or under any project or projects be relocated or removed entirely from any such project or projects, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the Authority. All costs and expenses of such relocation or removal, including the cost of installing such facilities in a new location or locations, and the cost of any land or lands, or interest in land, or any other rights required to accomplish such relocation or removal shall be ascertained and paid by the Authority as a part of the cost of any such

project or projects, and further, there shall be no rent, fee or other charge of any kind imposed upon the public utility owning or operating any facilities ordered relocated on the properties of the said Authority and the said Authority shall grant to the said public utility owning or operating said facilities and its successors and assigns the right to operate the same in the new location or locations for as long a period and upon the same terms and conditions as it had the right to maintain and operate such facilities in their former location or locations.

(f) To enter into an intergovernmental agreement or contract with a unit of local government or other public or private entity for the collection, enforcement, and administration of tolls, fees, revenue, and violations.

The General Assembly finds that electronic toll collection systems in Illinois should be standardized to promote safety, efficiency, and traveler convenience. The Authority shall cooperate with other public and private entities to further the goal of standardized toll collection in Illinois and is authorized to provide toll collection and toll violation enforcement services to such entities when doing so is in the best interest of the Authority and consistent with its obligations under Section 23 of this Act.

clerk of the court in which such conviction is had within 5 days thereafter to forward to the Secretary of State a report of the conviction and the court may recommend the suspension of the driver's license or permit of the person so convicted.

The reporting requirements of this subsection shall apply to all violations stated in paragraphs (1) and (2) of this subsection when the individual has been adjudicated under the Juvenile Court Act or the Juvenile Court Act of 1987. Such reporting requirements shall also apply to individuals adjudicated under the Juvenile Court Act or the Juvenile Court Act of 1987 who have committed a violation of Section 11-501 of this Code, or similar provision of a local ordinance, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide, or Section 5-7 of the Snowmobile Registration and Safety Act or Section 5-16 of the Boat Registration and Safety Act, relating to the offense of operating a snowmobile or a watercraft while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof. These reporting requirements also apply to individuals adjudicated under the Juvenile Court Act of 1987 based on any offense determined to have been committed in furtherance of the criminal activities of an organized gang, as provided in Section 5-710 of that Act, and that involved the operation or use of a motor vehicle or the use of a driver's license or permit. similar provision of a local ordinance, shall be privileged and available only to the Secretary of State, courts, and police officers.

The reporting requirements of this subsection (a) apply to all violations listed in paragraphs (1) and (2) of this subsection (a), excluding parking violations, when the driver holds a CLP or CDL, regardless of the type of vehicle in which the violation occurred, or when any driver committed the violation in a commercial motor vehicle as defined in Section 6-500 of this Code.

(3) Whenever an order is entered vacating the forfeiture of any bail, security or bond given to secure appearance for any offense under this Code or similar offenses under municipal ordinance, it shall be the duty of the clerk of the court in which such vacation was had or the judge of such court if such court has no clerk, within 5 days thereafter to forward to the Secretary of State a report of the vacation.

In counties with a population over 300,000, instead of forwarding reports to the Supreme Court, reports of conviction under this Code and sentencing hearings under the Juvenile Court Act of 1987 in an electronic format or a computer processible medium may be forwarded to the Secretary of State by the Circuit Court Clerk in a form and format required by the Secretary of State and established by written agreement between the Circuit Court Clerk and the Secretary of State. Failure to forward the reports of conviction or

sentencing hearing under the Juvenile Court Act of 1987 as required by this Section shall be deemed an omission of duty and it shall be the duty of the several State's Attorneys to enforce the requirements of this Section.

(b) Whenever a restricted driving permit is forwarded to a court, as a result of confiscation by a police officer pursuant to the authority in Section 6-113(f), it shall be the duty of the clerk, or judge, if the court has no clerk, to forward such restricted driving permit and a facsimile of the officer's citation to the Secretary of State as expeditiously as practicable.

(c) For the purposes of this Code, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court when forfeiture has not been vacated, or the failure of a defendant to appear for trial after depositing his driver's license in lieu of other bail, shall be equivalent to a conviction.

(d) For the purpose of providing the Secretary of State with records necessary to properly monitor and assess driver performance and assist the courts in the proper disposition of repeat traffic law offenders, the clerk of the court shall forward to the Secretary of State, on a form prescribed by the Secretary, records of a driver's participation in a driver remedial or rehabilitative program which was required, through a court order or court supervision, in relation to the driver's arrest for a violation of Section 11-501 of this Code or a similar provision of a local ordinance. The clerk of the court shall also forward to the Secretary, either on paper or in an electronic format or a computer processible medium as required under paragraph (5) of subsection (a) of this Section, any disposition of court supervision for any traffic violation, excluding those offenses listed in paragraph (2) of subsection (a) of this Section. These reports shall be sent within 5 days after disposition, or, if the driver is referred to a driver remedial or rehabilitative program, within 5 days of the driver's referral to that program. These reports received by the Secretary of State, including those required to be forwarded under paragraph (a)(4), shall be privileged information, available only (i) to the affected driver, (ii) to the parent or guardian of a person under the age of 18 years holding an instruction permit or a graduated driver's license, and (iii) for use by the courts, police officers, prosecuting authorities, the Secretary of State, and the driver licensing administrator of any other state. (House Bill No. 2626)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Parental Rights for the Blind Act.

Section 5. Findings. The General Assembly finds that:

(1) blind individuals continue to face unfair, preconceived, and unnecessary societal biases as well as antiquated attitudes regarding their ability to successfully parent their children;

(2) blind individuals face these biases and preconceived attitudes in family and dependency law proceedings in which the allocation of parental responsibilities and parenting time are at stake and in public and private adoption, guardianship, and foster care proceedings;

(3) because of these societal biases and antiquated attitudes, children of blind parents are unnecessarily being removed from their parents' care or being restricted from enjoying meaningful time with their parents; and

(4) children are being denied the opportunity to enjoy the experience of living in loving homes with blind parents or other blind caregivers.

Section 10. Purpose. The purpose of this Act is to protect the best interests of children cared for or parented by blind individuals or children.
who could be cared for or parented by blind individuals through the establishment of procedural safeguards that require adherence to the Americans with Disabilities Act and respect for the due process and equal protection rights of blind parents or prospective blind parents in the context of child welfare, foster care, family law, and adoption.

Section 15. Definitions. As used in this Act:

"Blindness" means central visual acuity of 20/200 or less in the better eye with the use of a correcting lens. An eye that has a limitation in the field of vision so that the widest diameter of the visual field subtends an angle no greater than 20 degrees is considered to have a central visual acuity of 20/200 or less. "Blindness" includes a degenerative condition that reasonably can be expected to result in blindness.

"Supportive parenting services" means services that assist a person with blindness in the effective use of non-visual techniques and other alternative methods to enable the person to discharge parental responsibilities as successfully as a person who does not have blindness.

Section 20. Prohibitions; burden of proof.

(a) A person's blindness shall not serve as a basis for denial or restriction of parenting time or the allocation of parental responsibilities if the parenting time or the allocation of parental responsibilities is determined to be otherwise in the best interests of the child.

(b) A person's blindness shall not serve as a basis for denial of participation in public or private adoption when the adoption is determined to be otherwise in the best interests of the child.

(c) A person's blindness shall not serve as a basis for denial of foster care or guardianship when the appointment is determined to be otherwise in the best interests of the child.

(d) The Department of Children and Family Services shall develop and implement procedures that ensure and provide equal access to child welfare services, programs, and activities in a nondiscriminatory manner. Services, programs, and activities include, but are not limited to, investigations, assessments, provision of in-home services, out-of-home placements, case planning and service planning, visitation, guardianship, adoption, foster care, and reunification services. Such services, programs, and activities may also extend to proceedings under the Juvenile Court Act and proceedings to terminate parental rights. The Department of Children and Family Services shall provide training to child welfare investigators and caseworkers on these procedures.

New matter indicated by italics - deletions by strikeout
(e) If the court determines that the right of a person with blindness to the allocation of parental responsibilities, parenting time, foster care, guardianship, or adoption should be denied or limited in any manner, the court shall make specific written findings stating the basis for such a determination and why supportive parenting services cannot prevent the denial or limitation.

(755 ILCS 5/2-3) (from Ch. 110 1/2, par. 2-3)

Sec. 2-3. Posthumous child.

(a) For purposes of the descent and distribution of property passing by intestate succession under this Act, a posthumous child of a decedent shall receive the same share of an estate as if the child had been born in wedlock during the decedent's lifetime, but only if: (1) the child was provided that such posthumous child is shall have been in utero at the decedent's death; or (2) in the case of a posthumous child not in utero at the decedent's death, the conditions of subsection (b) are met.

(b) A posthumous child of a decedent not in utero at the decedent's death meets the requirements of this subsection (b) only if all of the following conditions apply:

(1) The child is born of the decedent's gametes, whether those gametes form an embryo before or after the decedent's death ("gametes").

(2) The child is born within 36 months of the death of the decedent.

(3) The decedent had provided consent in writing to be a parent of any child born of such gametes posthumously and had not revoked the consent prior to death.

New matter indicated by italics - deletions by strikeout
(4) The administrator of the estate receives a signed and acknowledged written notice with a copy of the written consent attached within 6 months of the date of issuance of a certificate of the decedent’s death or entry of a judgment determining the fact of the decedent’s death, whichever event occurs first, from a person to whom such consent applies that:
   (i) the decedent's gametes exist;
   (ii) the person has the intent to use the gametes in a manner that could result in a child being born within 36 months of the death of the decedent; and
   (iii) the person has the intent to raise any such child as his or her child.

The requirements of this subsection impose no duty on the administrator of an estate to provide notice of death to any person and apply without regard to when any person receives notice of the decedent’s death.

(c) For the purpose of determining the property rights of any person under any instrument, a posthumous child of a decedent who is in utero at the decedent's death shall be treated as a child of the decedent unless the intent to exclude the child is demonstrated by the express terms of the instrument by clear and convincing evidence.

(d) For the purpose of determining the property rights of any person under any instrument, a posthumous child of a decedent not in utero at the decedent's death shall not be treated as a child of the decedent unless one of the following conditions applies:
   (1) the intent to include the child is demonstrated by the express terms of the instrument by clear and convincing evidence; or
   (2) the fiduciary or other holder of the property treated the child as a child of the decedent for purposes of a division or distribution of property made prior to January 1, 2018 under the instrument based on a good faith interpretation of Illinois law regarding the right of the child to take property under the instrument.

(e) For purposes of subsection (d), the use in the instrument of terms such as "child", "children", "grandchild", "grandchildren", "descendants", and "issue", whether or not modified by phrases such as "biological", "genetic", "born to", or "of the body" shall not alone constitute clear and convincing evidence of an intent to include

posthumous children not in utero at the decedent's death. An intent to
exclude posthumous children not in utero at the decedent's death shall be
presumed with respect to any instrument that does not address specifically
how and when the class of posthumous children are to be determined with
respect to each division or distribution provided for under the instrument
as well as whose posthumous children are to be included and when a
posthumous child has to be born to be considered a beneficiary with
respect to a particular division or distribution.

(f) No fiduciary or other person shall be liable to any other person
for any action taken or benefit received prior to the effective date of this
amendatory Act of the 100th General Assembly that was based on a good
faith interpretation of Illinois law regarding the right of posthumous
children to take property by intestate succession or under an instrument. If
after the effective date of this amendatory Act of the 100th General
Assembly the administrator of an estate does not receive the written notice
required by subsection (b), the administrator of the estate shall not be
liable to any posthumous child not in utero at the decedent's death or any
person claiming for or through the child.

(g) The changes made to subsection (a) of this Section by this
amendatory Act of the 100th General Assembly apply to the estates of all
decedents who die on or after January 1, 2018. For the purpose of
determining the property rights of any person under any instrument, the
changes made by this amendatory Act of the 100th General Assembly
apply to all instruments executed before, on, or after the effective date of
this amendatory Act of the 100th General Assembly.

AN ACT concerning education.

the General Assembly:

Section 5. The Eastern Illinois University Law is amended by
changing Section 10-92 as follows:

(110 ILCS 665/10-92)

New matter indicated by italics - deletions by strikeout
Sec. 10-92. Tuition affordability discount program.
(a) The General Assembly makes all of the following findings:
   (1) Both access and affordability are important points in the Illinois Public Agenda for College and Career Success.
   (2) This State is in the top quartile with respect to the percentage of family income needed to pay for college.
   (3) Research suggests that as loan amounts increase, versus grants-in-aid, the probability of college attendance decreases.
   (4) There is further research indicating socioeconomic status may affect the willingness of students to use loans to attend college.
   (5) Strategic use of tuition discounting will decrease the amount of loans that students must use to pay for tuition.
   (6) A modest, individually tailored tuition discount can make the difference in choosing to attend college and would enhance college access for low (up to 150% of the federal poverty level) and middle income (151% to 300% of the federal poverty level) families.
   (7) Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.
   (8) This State is the second largest exporter of students in the country.
   (9) Illinois students need to be kept in this State. State universities in other states have adopted pricing and incentives that make college expenses for residents of this State less than in this State.
   (10) A mechanism is needed to stop the outflow of Illinois students to institutions in other states, assisting in State efforts to maintain and educate a highly trained workforce.
   (11) By being competitive on costs of attendance, this State can bring out-of-state students to this State.
   (12) The program established under this Section will allow Eastern Illinois University to compete for highly qualified students who may reside in other states by mitigating the effect of cost differences.
   (13) Modest tuition discounts, individually targeted and tailored, result in enhanced revenue for university programs.

New matter indicated by italics - deletions by strikeout
(14) By increasing Eastern Illinois University's capacity to strategically use tuition discounting, the University will be capable of creating enhanced tuition revenue by increasing enrollment yields.

(15) The Board of Higher Education's current institutional tuition waiver limitation is 3% of total available undergraduate tuition revenue.

(b) The Board shall establish a program to increase the Board of Higher Education's institutional tuition waiver limitation for the university over a 4-year period to increase access to college and make college more affordable for undergraduate students. Under the program, the institutional tuition waiver limitation shall be increased by 2 percentage points in the 2012-2013 academic year, 2 percentage points in the 2013-2014 academic year, 2 percentage points in the 2014-2015 academic year, and one percentage point in the 2015-2016 academic year, resulting in an institutional tuition waiver limitation of 10% in the fourth year of the program and thereafter.

(c) The program shall require that students who receive a tuition discount under the program be accepted to the university through normal admissions standards and processes. Individual tuition discounts granted under the program must not exceed $2,500 per academic year. The program shall provide a maximum of one discount per academic year for a maximum of 4 years to each student in the program who maintains satisfactory academic progress. The program shall be terminated after the 2022-2023 2018-2019 academic year, with no new students receiving discounts. However, notwithstanding the Board of Higher Education's institutional tuition waiver limitation, existing students receiving discounts under the program are eligible to maintain those discounts, with satisfactory academic progress, under the 4-year limitation, after the 2022-2023 2018-2019 academic year due to maintenance of effort within their 4-year window. Sunset dates for discounted support shall be based upon the first academic year in which a student receives a discount.

(d) Every 2 years, the Board shall report to the Board of Higher Education on the program's impact on tuition revenue, enrollment goals, and increasing access and affordability on such dates as the Board of Higher Education shall determine.

(e) The Board of Higher Education may adopt any rules that are necessary to implement this Section.

(f) This Section is repealed on July 1, 2026 2022.

No later than December 31, 2018, and on December 31 of each year thereafter through December 31, 2023, the Department shall prepare and submit an annual report, covering the previous fiscal year, to the General Assembly regarding youth in care waiting for placements. (3) the number of youth in care who remained in a detention center or Department of Juvenile Justice facility solely because the Department cannot locate an appropriate placement for the youth, their genders and ages, their recommended placement type, the total length of time each youth remained in the detention center or Department of Juvenile Justice facility after they could have been released, the barriers to timely placement, and whether they were placed in the recommended placement type after being released from detention of the Juvenile Justice facility, and if not, what type of placement they were placed in;

(4) a description of how the Department collected the information reported and any difficulties the Department had in collecting the information and whether there are concerns about the validity of the information; and

(5) a description of any steps the Department is taking to reduce the length of time youth in care wait in psychiatric hospitals, emergency placements, detention centers, and Department of Juvenile Justice facilities for clinically appropriate placements.

persons from transacting any company business or disposing of its property until the further order of the court. The court may also restrain all persons, companies, and entities from bringing or further prosecuting all actions and proceedings at law or in equity or otherwise, whether in this State or elsewhere, against the company or its assets or property or the Director except insofar as those actions or proceedings arise in or are brought in the conservation, rehabilitation, or liquidation proceeding. The court may issue such other injunctions or enter such other orders as may be deemed necessary to prevent interference with the proceedings, or with the Director's possession and control or title, rights or interests as herein provided or to prevent interference with the conduct of the business by the Director, and may issue such other injunctions or enter such other orders as may be deemed necessary to prevent waste of assets or the obtaining, asserting, or enforcing of preferences, judgments, attachments, or other like liens, including common law retaining liens, or the making of any levy against such company or its property and assets while in the possession and control of the Director. The court may issue any other injunctions or enter any other orders that are necessary to protect enrollees in accordance with subsection (c) of Section 5-6 of the Health Maintenance Organization Act. Any injunction issued under this article may be served and enforced as in other civil proceedings, but no bond or other security shall be required of the plaintiff, either for costs or for any injunction. The provisions of this Section are subject to the exclusion set forth in subsection (o) of Section 204 of this Article.

(215 ILCS 5/204) (from Ch. 73, par. 816)

Sec. 204. Prohibited and voidable transfers and liens.

(a)(1) A preference is a transfer of any of the property of a company to or for the benefit of a creditor, for or on account of an antecedent debt, made or suffered by the company within 2 years before the filing of a complaint under this Article, the effect of which may be to enable the creditor to obtain a greater percentage of this debt than another creditor of the same class would receive.

(2) Any preference may be avoided by the Director as rehabilitator, liquidator, or conservator if:

(A) the company was insolvent at the time of the transfer; and

(B) the transfer was made within 4 months before the filing of the complaint; or the creditor receiving it was (i) an officer, or

New matter indicated by italics - deletions by strikeout
any employee or attorney or other person who was in fact in a position of comparable influence in the company to an officer whether or not that person held such a position, (ii) any shareholder holding, directly or indirectly, more than 5% of any class of any equity security issued by the company, or (iii) any other person, firm, corporation, association, or aggregation of individuals with whom the company did not deal at arm's length.

(3) Where the preference is voidable, the Director as rehabilitator, liquidator, or conservator may recover the property or, if it has been converted, its value from any person who has received or converted the property; except where a bona fide purchaser or lienor has given less than fair equivalent value, the purchaser or lienor shall have a lien upon the property to the extent of the consideration actually given. Where a preference by way of lien or security title is voidable, the court may on due notice order the lien or title to be preserved for the benefit of the estate, in which event the lien or title shall pass to the Director as rehabilitator or liquidator.

(b) (1) A transfer of property other than real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent lien obtainable by legal or equitable proceedings on a simple contract could become superior to the rights of the transferee.

(2) A transfer of real property shall be deemed to be made or suffered when it becomes so far perfected that no subsequent bona fide purchaser from the company could obtain rights superior to the rights of the transferee.

(3) A transfer that creates an equitable lien shall not be deemed to be perfected if there are available means by which a legal lien could be created.

(4) A transfer not perfected before the filing of a complaint shall be deemed to be made immediately before the filing of the complaint.

(5) The provisions of this subsection apply whether or not there are or were creditors who might have obtained liens or persons who might have become bona fide purchasers.

(c) For purposes of this Section:

(1) A lien obtainable by legal or equitable proceedings upon a simple contract is one arising in the ordinary course of the proceedings upon the entry or docketing of a judgment or decree, or upon attachment, garnishment, execution, or like process, whether before, upon, or after judgment or decree and whether

New matter indicated by italics - deletions by strikeout
before or upon levy. It does not include liens that, under applicable law, are given a special priority over other liens that are prior in time.

(2) A lien obtainable by legal or equitable proceedings could become superior to the rights of a transferee, or a purchaser could obtain rights superior to the rights of a transferee within the meaning of subsection (b) of this Section, if such consequences would follow only from the lien or purchase itself, or from the lien or purchase followed by any step wholly within the control of the respective lienholder or purchaser, with or without the aid of ministerial action by public officials. A lien could not, however, become superior and a purchase could not create superior rights for the purpose of subsection (b) of this Section through any acts subsequent to an obtaining of the lien or subsequent to a purchase that requires the agreement or concurrence of any third party or that requires any further judicial action or ruling.

(d) A transfer of property for or on account of a new and contemporaneous consideration which is deemed under subsection (b) of this Section to be made or suffered after the transfer because of delay in perfecting it does not thereby become a transfer for or on account of an antecedent debt if any acts required by the applicable law to be performed in order to perfect the transfer as against liens or bona fide purchasers' rights are performed within 21 days or any period expressly allowed by the law, whichever is less. A transfer to secure a future loan, if the loan is actually made, or a transfer that becomes security for a future loan, shall have the same effect as a transfer for or on account of a new and contemporaneous consideration.

(e) If any lien deemed voidable under part (2) of subsection (a) of this Section has been dissolved by the furnishing of a bond or other obligation, the surety on which has been indemnified directly or indirectly by the transfer of or the creation of a lien upon any property of a company before the filing of a complaint under this Article, the indemnifying transfer or lien shall also be deemed voidable.

(f) The property affected by any lien deemed voidable under subsections (a) and (e) of this Section shall be discharged from the lien, and that property and any of the indemnifying property transferred to or for the benefit of a surety shall pass to the Director as rehabilitator or liquidator, except that the court may, on due notice, order any such lien to be preserved for the benefit of the estate and the court may direct that such...

New matter indicated by italics - deletions by strikeout
conveyance be executed as may be proper or adequate to evidence the title of the Director as rehabilitator or liquidator.

(g) The court shall have summary jurisdiction over any proceeding by the Director as rehabilitator, liquidator, or conservator to hear and determine the rights of any parties under this Section. Reasonable notice of any hearings in the proceeding shall be given to all parties in interest, including the obligee of a releasing bond or other life obligation. Where an order is entered for the recovery of indemnifying property in kind or for the avoidance of an indemnifying lien, the court, upon application of any party in interest, shall in the same proceeding ascertain the value of the property or lien, and if the value is less than the amount for which the property is indemnity or than the amount of the lien, the transferee or lienholder may elect to retain the property or lien upon payment of its value, as ascertained by the court, to the Director as rehabilitator, liquidator, or conservator, within such reasonable times as the court shall fix.

(h) The liability of the surety under the releasing bond or other similar obligation shall be discharged to the extent of the value of the indemnifying property recovered or the indemnifying lien nullified and avoided by the Director as rehabilitator, liquidator, or conservator. Where the property is retained under subsection (g) of this Section, the liability shall be discharged to the extent of the amount paid to the Director as rehabilitator, liquidator, or conservator.

(i) If a creditor has been preferred and thereafter in good faith gives the company further credit without security of any kind, for property which becomes a part of the company's estate, the amount of the new credit remaining unpaid at the time of the petition may be set off against the preference which would otherwise be recoverable from the creditor.

(j) If a company shall, directly or indirectly, within 4 months before the filing of a complaint under this Article, or at any time in contemplation of such a proceeding, pay money or transfer property to any attorney for services rendered or to be rendered, the transactions may be examined by the court on its own motion or shall be examined by the court on petition of the Director as rehabilitator, liquidator, or conservator and shall be held valid only to the extent of a reasonable amount to be determined by the court, and the excess may be recovered by the Director as rehabilitator, liquidator, or conservator for the benefit of the estate provided that where the attorney is in a position of influence in the company or an affiliate thereof payment of any money or the transfer of any property to the

New matter indicated by italics - deletions by strikeout
attorney for services rendered or to be rendered shall be governed by item (B) of part (2) of subsection (a) of this Section.

(k) (1) An officer, director, manager, employee, shareholder, member, subscriber, attorney, or other person acting on behalf of the company who knowingly participates in giving any preference when that officer, director, manager, employee, shareholder, member, subscriber, attorney, or other person has reasonable cause to believe the company is or is about to become insolvent at the time of the preference shall be personally liable to the Director as rehabilitator, liquidator, or conservator for the amount of the preference. There is a reasonable cause to so believe if the transfer was made within 4 months before the date of filing of the complaint.

(2) A person receiving any property from the company or the benefit thereof as a preference voidable under subsection (a) of this Section shall be personally liable therefor and shall be bound to account to the Director as rehabilitator, liquidator, or conservator.

(3) Nothing in this Section shall prejudice any other claim by the Director as rehabilitator, liquidator, or conservator against any person.

(l) For purposes of this Section, the company is presumed to have been insolvent on and during the 4 month period immediately preceding the date of the filing of the complaint.

(m) The Director as rehabilitator, liquidator, or conservator may not avoid a transfer under this Section to the extent that the transfer was:

(A) Intended by the company and the creditor to or for whose benefit the transfer was made to be a contemporaneous exchange for new value given to the company, and was in fact a substantially contemporaneous exchange; or

(B) In payment of a debt incurred by the company in the ordinary course of business or financial affairs of the company and the transferee; made in the ordinary course of business or financial affairs of the company and the transferee; and made according to ordinary business terms; or

(C) In the case of a transfer by a company where the Director has determined that an event described in Section 35A-25 or 35A-30 has occurred, specifically approved by the Director in writing pursuant to this subsection, whether or not the company is in receivership under this Article. Upon approval by the Director, such a transfer cannot later be found to constitute a prohibited or voidable transfer based solely upon a deviation from the statutory...
payment priorities established by law for any subsequent receivership; or:

(D) Of money or other property arising under or in connection with any Federal Home Loan Bank security agreement or any pledge, security, collateral or guarantee agreement, or any other similar arrangement or credit enhancement relating to a Federal Home Loan Bank security agreement.

(n) The Director as rehabilitator, liquidator, or conservator may avoid any transfer of or lien upon the property of a company that the estate of the company or a policyholder, creditor, member, or stockholder of the company may have avoided, and the Director as rehabilitator, liquidator, or conservator may recover and collect the property so transferred or its value from the person to whom it was transferred unless the property was transferred to a bona fide holder for value before the filing of the complaint. The Director as rehabilitator, liquidator, or conservator shall be deemed a creditor for purposes of pursuing claims under the Uniform Fraudulent Transfer Act.

(o) Notwithstanding any provision of this Article to the contrary, a Federal Home Loan Bank shall not be stayed, enjoined, or prohibited from exercising or enforcing any right or cause of action regarding collateral pledged under any security agreement or any pledge, security, collateral or guarantee agreement, or any other similar arrangement or credit enhancement relating to a Federal Home Loan Bank security agreement.

A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and Court Services Department shall submit annual plans to the Division for probation and related services.

(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. Candidates for chief managing officer and other probation officer positions must apply with both the Chief Judge of the circuit and the Supreme Court.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs.

Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed $1,250 per month beginning July 1, 1995, and an additional $250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) $1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this

amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult offenders to the Department of Corrections and to reduce the commitment of juvenile offenders to the Department of Juvenile Justice and shall require, when appropriate, coordination with the Department of Corrections, the Department of Juvenile Justice, and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the

Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least $17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under

New matter indicated by italics - deletions by strikeout
subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. The Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

(A) Employers. For any employer to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of unlawful discrimination or citizenship status.

(A-5) Language. For an employer to impose a restriction that has the effect of prohibiting a language from being spoken by an employee in communications that are unrelated to the employee's duties.

For the purposes of this subdivision (A-5), "language" means a person's native tongue, such as Polish, Spanish, or Chinese. "Language" does not include such things as slang, jargon, profanity, or vulgarity.

(B) Employment Agency. For any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of unlawful discrimination or citizenship status.

New matter indicated by italics - deletions by strikeout
or to accept from any person any job order, requisition or request for referral of applicants for employment or apprenticeship which makes or has the effect of making unlawful discrimination or discrimination on the basis of citizenship status a condition of referral.

(C) Labor Organization. For any labor organization to limit, segregate or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take, or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment or apprenticeship conditions on the basis of unlawful discrimination or citizenship status.

(D) Sexual Harassment. For any employer, employee, agent of any employer, employment agency or labor organization to engage in sexual harassment; provided, that an employer shall be responsible for sexual harassment of the employer's employees by nonemployees or nonmanagerial and nonsupervisory employees only if the employer becomes aware of the conduct and fails to take reasonable corrective measures.

(E) Public Employers. For any public employer to refuse to permit a public employee under its jurisdiction who takes time off from work in order to practice his or her religious beliefs to engage in work, during hours other than such employee's regular working hours, consistent with the operational needs of the employer and in order to compensate for work time lost for such religious reasons. Any employee who elects such deferred work shall be compensated at the wage rate which he or she would have earned during the originally scheduled work period. The employer may require that an employee who plans to take time off from work in order to practice his or her religious beliefs provide the employer with a notice of his or her intention to be absent from work not exceeding 5 days prior to the date of absence.

(E-5) Religious discrimination. For any employer to impose upon a person as a condition of obtaining or retaining employment, including opportunities for promotion, advancement, or transfer, any terms or conditions that would require such person to violate or forgo a sincerely held practice of his or her religion including, but not limited to, the wearing of any attire, clothing, or facial hair in accordance with the requirements of his or her religion, unless, after engaging in a bona fide effort, the employer demonstrates that it is unable to reasonably

New matter indicated by italics - deletions by strikeout
accommodate the employee's or prospective employee's sincerely held religious belief, practice, or observance without undue hardship on the conduct of the employer's business.

Nothing in this Section prohibits an employer from enacting a dress code or grooming policy that may include restrictions on attire, clothing, or facial hair to maintain workplace safety or food sanitation.

(F) Training and Apprenticeship Programs. For any employer, employment agency or labor organization to discriminate against a person on the basis of age in the selection, referral for or conduct of apprenticeship or training programs.

(G) Immigration-Related Practices.

(1) for an employer to request for purposes of satisfying the requirements of Section 1324a(b) of Title 8 of the United States Code, as now or hereafter amended, more or different documents than are required under such Section or to refuse to honor documents tendered that on their face reasonably appear to be genuine; or

(2) for an employer participating in the E-Verify Program, as authorized by 8 U.S.C. 1324a, Notes, Pilot Programs for Employment Eligibility Confirmation (enacted by PL 104-208, div. C title IV, subtitle A) to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment without following the procedures under the E-Verify Program.

(H) (Blank).

(I) Pregnancy. For an employer to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth. Women affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth shall be treated the same for all employment-related purposes, including receipt of benefits under fringe benefit programs, as other persons not so affected but similar in their ability or inability to work, regardless of the source of the inability to work or employment classification or status.

(J) Pregnancy; reasonable accommodations.

New matter indicated by italics - deletions by strikeout
(1) If after a job applicant or employee, including a part-time, full-time, or probationary employee, requests a reasonable accommodation, for an employer to not make reasonable accommodations for any medical or common condition of a job applicant or employee related to pregnancy or childbirth, unless the employer can demonstrate that the accommodation would impose an undue hardship on the ordinary operation of the business of the employer. The employer may request documentation from the employee's health care provider concerning the need for the requested reasonable accommodation or accommodations to the same extent documentation is requested for conditions related to disability if the employer's request for documentation is job-related and consistent with business necessity. The employer may require only the medical justification for the requested accommodation or accommodations, a description of the reasonable accommodation or accommodations medically advisable, the date the reasonable accommodation or accommodations became medically advisable, and the probable duration of the reasonable accommodation or accommodations. It is the duty of the individual seeking a reasonable accommodation or accommodations to submit to the employer any documentation that is requested in accordance with this paragraph. Notwithstanding the provisions of this paragraph, the employer may require documentation by the employee's health care provider to determine compliance with other laws. The employee and employer shall engage in a timely, good faith, and meaningful exchange to determine effective reasonable accommodations.

(2) For an employer to deny employment opportunities or benefits to or take adverse action against an otherwise qualified job applicant or employee, including a part-time, full-time, or probationary employee, if the denial or adverse action is based on the need of the employer to make reasonable accommodations to the known medical or common conditions related to the pregnancy or childbirth of the applicant or employee.

(3) For an employer to require a job applicant or employee, including a part-time, full-time, or probationary employee, affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to accept an accommodation when the applicant or employee did not request an accommodation and the

New matter indicated by italics - deletions by strikeout
applicant or employee chooses not to accept the employer's accommodation.

(4) For an employer to require an employee, including a part-time, full-time, or probationary employee, to take leave under any leave law or policy of the employer if another reasonable accommodation can be provided to the known medical or common conditions related to the pregnancy or childbirth of an employee. No employer shall fail or refuse to reinstate the employee affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to her original job or to an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other applicable service credits upon her signifying her intent to return or when her need for reasonable accommodation ceases, unless the employer can demonstrate that the accommodation would impose an undue hardship on the ordinary operation of the business of the employer.

For the purposes of this subdivision (J), "reasonable accommodations" means reasonable modifications or adjustments to the job application process or work environment, or to the manner or circumstances under which the position desired or held is customarily performed, that enable an applicant or employee affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to be considered for the position the applicant desires or to perform the essential functions of that position, and may include, but is not limited to: more frequent or longer bathroom breaks, breaks for increased water intake, and breaks for periodic rest; private non-bathroom space for expressing breast milk and breastfeeding; seating; assistance with manual labor; light duty; temporary transfer to a less strenuous or hazardous position; the provision of an accessible worksite; acquisition or modification of equipment; job restructuring; a part-time or modified work schedule; appropriate adjustment or modifications of examinations, training materials, or policies; reassignment to a vacant position; time off to recover from conditions related to childbirth; and leave necessitated by pregnancy, childbirth, or medical or common conditions resulting from pregnancy or childbirth.

For the purposes of this subdivision (J), "undue hardship" means an action that is prohibitively expensive or disruptive when considered in light of the following factors: (i) the nature and cost of the accommodation needed; (ii) the overall financial resources of the facility or facilities

New matter indicated by italics - deletions by strikeout
involved in the provision of the reasonable accommodation, the number of persons employed at the facility, the effect on expenses and resources, or the impact otherwise of the accommodation upon the operation of the facility; (iii) the overall financial resources of the employer, the overall size of the business of the employer with respect to the number of its employees, and the number, type, and location of its facilities; and (iv) the type of operation or operations of the employer, including the composition, structure, and functions of the workforce of the employer, the geographic separateness, administrative, or fiscal relationship of the facility or facilities in question to the employer. The employer has the burden of proving undue hardship. The fact that the employer provides or would be required to provide a similar accommodation to similarly situated employees creates a rebuttable presumption that the accommodation does not impose an undue hardship on the employer.

No employer is required by this subdivision (J) to create additional employment that the employer would not otherwise have created, unless the employer does so or would do so for other classes of employees who need accommodation. The employer is not required to discharge any employee, transfer any employee with more seniority, or promote any employee who is not qualified to perform the job, unless the employer does so or would do so to accommodate other classes of employees who need it.

(K) Notice.

(1) For an employer to fail to post or keep posted in a conspicuous location on the premises of the employer where notices to employees are customarily posted, or fail to include in any employee handbook information concerning an employee's rights under this Article, a notice, to be prepared or approved by the Department, summarizing the requirements of this Article and information pertaining to the filing of a charge, including the right to be free from unlawful discrimination and the right to certain reasonable accommodations. The Department shall make the documents required under this paragraph available for retrieval from the Department's website.

(2) Upon notification of a violation of paragraph (1) of this subdivision (K), the Department may launch a preliminary investigation. If the Department finds a violation, the Department may issue a notice to show cause giving the employer 30 days to

New matter indicated by italics - deletions by strikeout
correct the violation. If the violation is not corrected, the Department may initiate a charge of a civil rights violation.

PUBLIC ACT 100-0101
(Senate Bill No. 1746)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Section 7 as follows:

Sec. 7. Placement of children; considerations.
(a) In placing any child under this Act, the Department shall place the child, as far as possible, in the care and custody of some individual holding the same religious belief as the parents of the child, or with some child care facility which is operated by persons of like religious faith as the parents of such child.
(a-5) In placing a child under this Act, the Department shall place the child with the child's sibling or siblings under Section 7.4 of this Act unless the placement is not in each child's best interest, or is otherwise not possible under the Department's rules. If the child is not placed with a sibling under the Department's rules, the Department shall consider placements that are likely to develop, preserve, nurture, and support sibling relationships, where doing so is in each child's best interest.
(b) In placing a child under this Act, the Department may place a child with a relative if the Department determines that the relative will be able to adequately provide for the child's safety and welfare based on the factors set forth in the Department's rules governing relative placements, and that the placement is consistent with the child's best interests, taking into consideration the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

New matter indicated by italics - deletions by strikeout
When the Department first assumes custody of a child, in placing that child under this Act, the Department shall make reasonable efforts to identify, locate, and provide notice to all adult grandparents and other adult relatives of the child who are ready, willing, and able to care for the child. At a minimum, these efforts shall be renewed each time the child requires a placement change and it is appropriate for the child to be cared for in a home environment. The Department must document its efforts to identify, locate, and provide notice to such potential relative placements and maintain the documentation in the child's case file.

If the Department determines that a placement with any identified relative is not in the child's best interests or that the relative does not meet the requirements to be a relative caregiver, as set forth in Department rules or by statute, the Department must document the basis for that decision and maintain the documentation in the child's case file.

If, pursuant to the Department's rules, any person files an administrative appeal of the Department's decision not to place a child with a relative, it is the Department's burden to prove that the decision is consistent with the child's best interests.

When the Department determines that the child requires placement in an environment, other than a home environment, the Department shall continue to make reasonable efforts to identify and locate relatives to serve as visitation resources for the child and potential future placement resources, except when the Department determines that those efforts would be futile or inconsistent with the child's best interests.

If the Department determines that efforts to identify and locate relatives would be futile or inconsistent with the child's best interests, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

If the Department determines that an individual or a group of relatives are inappropriate to serve as visitation resources or possible placement resources, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

If the Department determines that an individual or a group of relatives are appropriate to serve as visitation resources or possible future placement resources, the Department shall document the basis of its determination, maintain the documentation in the child's case file, create a visitation or transition plan, or both, and incorporate the visitation or transition plan, or both, into the child's case plan. For the purpose of this subsection, any determination as to the child's best interests shall include

New matter indicated by italics - deletions by strikeout
consideration of the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

The Department may not place a child with a relative, with the exception of certain circumstances which may be waived as defined by the Department in rules, if the results of a check of the Law Enforcement Agencies Data System (LEADS) identifies a prior criminal conviction of the relative or any adult member of the relative's household for any of the following offenses under the Criminal Code of 1961 or the Criminal Code of 2012:

(1) murder;
(1.1) solicitation of murder;
(1.2) solicitation of murder for hire;
(1.3) intentional homicide of an unborn child;
(1.4) voluntary manslaughter of an unborn child;
(1.5) involuntary manslaughter;
(1.6) reckless homicide;
(1.7) concealment of a homicidal death;
(1.8) involuntary manslaughter of an unborn child;
(1.9) reckless homicide of an unborn child;
(1.10) drug-induced homicide;

For the purpose of this subsection, "relative" shall include any person, 21 years of age or over, other than the parent, who (i) is currently related to the child in any of the following ways by blood or adoption: grandparent, sibling, great-grandparent, uncle, aunt, nephew, niece, first cousin, second cousin, godparent, great-uncle, or great-aunt; or (ii) is the spouse of such a relative; or (iii) is the child's step-father, step-mother, or adult step-brother or step-sister; or (iv) is a fictive kin; "relative" also includes a person related in any of the foregoing ways to a sibling of a child, even though the person is not related to the child, when the child and its sibling are placed together with that person. For children who have been in the guardianship of the Department, have been adopted, and are subsequently returned to the temporary custody or guardianship of the Department, a "relative" may also include any person who would have qualified as a relative under this paragraph prior to the adoption, but only if the Department determines, and documents, that it would be in the child's best interests to consider this person a relative, based upon the factors for determining best interests set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987. A relative with whom a

child is placed pursuant to this subsection may, but is not required to, apply for licensure as a foster family home pursuant to the Child Care Act of 1969; provided, however, that as of July 1, 1995, foster care payments shall be made only to licensed foster family homes pursuant to the terms of Section 5 of this Act.

Notwithstanding any other provision under this subsection to the contrary, a fictive kin with whom a child is placed pursuant to this subsection shall apply for licensure as a foster family home pursuant to the Child Care Act of 1969 within 6 months of the child's placement with the fictive kin. The Department shall not remove a child from the home of a fictive kin on the basis that the fictive kin fails to apply for licensure within 6 months of the child's placement with the fictive kin, or fails to meet the standard for licensure. All other requirements established under the rules and procedures of the Department concerning the placement of a child, for whom the Department is legally responsible, with a relative shall apply. By June 1, 2015, the Department shall promulgate rules establishing criteria and standards for placement, identification, and licensure of fictive kin.

For purposes of this subsection, "fictive kin" means any individual, unrelated by birth or marriage, who:

(i) is shown to have significant and close personal or emotional ties with the child or the child's family prior to the child's placement with the individual; or

(ii) is the current foster parent of a child in the custody or guardianship of the Department pursuant to this Act and the Juvenile Court Act of 1987, if the child has been placed in the home for at least one year and has established a significant and family-like relationship with the foster parent, and the foster parent has been identified by the Department as the child's permanent connection, as defined by Department rule.

The provisions added to this subsection (b) by Public Act 98-846 shall become operative on and after June 1, 2015.

(c) In placing a child under this Act, the Department shall ensure that the child's health, safety, and best interests are met. In rejecting placement of a child with an identified relative, the Department shall ensure that the child's health, safety, and best interests are met. In evaluating the best interests of the child, the Department shall take into consideration the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

New matter indicated by italics - deletions by strikeout
The Department shall consider the individual needs of the child and the capacity of the prospective foster or adoptive parents to meet the needs of the child. When a child must be placed outside his or her home and cannot be immediately returned to his or her parents or guardian, a comprehensive, individualized assessment shall be performed of that child at which time the needs of the child shall be determined. Only if race, color, or national origin is identified as a legitimate factor in advancing the child's best interests shall it be considered. Race, color, or national origin shall not be routinely considered in making a placement decision. The Department shall make special efforts for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of the children for whom foster and adoptive homes are needed. "Special efforts" shall include contacting and working with community organizations and religious organizations and may include contracting with those organizations, utilizing local media and other local resources, and conducting outreach activities.

(c-1) At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of Section 5, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child. To the extent that doing so is in the child's best interests as set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987, the Department should consider placements that will permit the child to maintain a meaningful relationship with his or her parents.

(d) The Department may accept gifts, grants, offers of services, and other contributions to use in making special recruitment efforts.

(e) The Department in placing children in adoptive or foster care homes may not, in any policy or practice relating to the placement of children for adoption or foster care, discriminate against any child or prospective adoptive or foster parent on the basis of race.

PUBLIC ACT 100-0103
(Senate Bill No. 1943)

AN ACT concerning safety.
Be it enacted by the People of the State of Illinois,
represented in the General Assembly:

Section 5. The Illinois Plumbing License Law is amended by
changing Section 35.5 as follows:

(225 ILCS 320/35.5)
Sec. 35.5. Lead in drinking water prevention.
(a) The General Assembly finds that lead has been detected in the
drinking water of schools in this State. The General Assembly also finds
that infants and young children may suffer adverse health effects and
developmental delays as a result of exposure to even low levels of lead.
The General Assembly further finds that it is in the best interests of the
people of the State to require school districts or chief school
administrators, or the designee of the school district or chief school
administrator, to test for lead in drinking water in school buildings and
provide written notification of the test results.

The purpose of this Section is to require (i) school districts or chief
school administrators, or the designees of the school districts or chief
school administrators, to test for lead with the goal of providing school
building occupants with an adequate supply of safe, potable water; and (ii)
school districts or chief school administrators, or the designees of the
school districts or chief school administrators, to notify the parents and
legal guardians of enrolled students of the sampling results from their
respective school buildings.

(b) For the purposes of this Section:
"Community water system" has the meaning provided in 35 Ill.

"School building" means any facility or portion thereof that was
constructed on or before January 1, 2000 and may be occupied by more
than 10 children or students, pre-kindergarten through grade 5, under the
control of (a) a school district or (b) a public, private, charter, or nonpublic
day or residential educational institution.

"Source of potable water" means the point at which non-bottled
water that may be ingested by children or used for food preparation exits
any tap, faucet, drinking fountain, wash basin in a classroom occupied by
children or students under grade 1, or similar point of use; provided,
however, that all (a) bathroom sinks and (b) wash basins used by janitorial staff are excluded from this definition.

(c) Each school district or chief school administrator, or the designee of each school district or chief school administrator, shall test each source of potable water in a school building for lead contamination as required in this subsection.

(1) Each school district or chief school administrator, or the designee of each school district or chief school administrator, shall, at a minimum, (a) collect a first-draw 250 milliliter sample of water, (b) flush for 30 seconds, and (c) collect a second-draw 250 milliliter sample from each source of potable water located at each corresponding school building; provided, however, that to the extent that multiple sources of potable water utilize the same drain, (i) the foregoing collection protocol is required for one such source of potable water, and (ii) only a first-draw 250 milliliter sample of water is required from the remaining such sources of potable water. The water corresponding to the first-draw 250 milliliter sample from each source of potable water shall have been standing in the plumbing pipes for at least 8 hours, but not more than 18 hours, without any flushing of the source of potable water before sample collection.

(2) Each school district or chief school administrator, or the designee of each school district or chief school administrator, shall arrange to have the samples it collects pursuant to subdivision (1) of this subsection submitted to a laboratory that is certified for the analysis of lead in drinking water in accordance with accreditation requirements developed by a national laboratory accreditation body, such as the National Environmental Laboratory Accreditation Conference (NELAC) Institute (TNI). Samples submitted to laboratories pursuant to this subdivision (2) shall be analyzed for lead using one of the test methods for lead that is described in 40 CFR 141.23(k)(1). Within 7 days after receiving a final analytical result concerning a sample collected pursuant to subdivision (1) of this subsection, the school district or chief school administrator, or a designee of the school district or chief school administrator, that collected the sample shall provide the final analytical result to the Department. submit or cause to be submitted (A) the samples to an Illinois Environmental Protection Agency-accredited laboratory for analysis for lead in accordance

with the instructions supplied by an Illinois Environmental Protection Agency-accredited laboratory and (B) the written sampling results to the Department within 7 business days of receipt of the results.

(3) If any of the samples taken in the school exceed 5 parts per billion, the school district or chief school administrator, or the designee of the school district or chief school administrator, shall promptly provide an individual notification of the sampling results, via written or electronic communication, to the parents or legal guardians of all enrolled students and include the following information: the corresponding sampling location within the school building and the United States Environmental Protection Agency's website for information about lead in drinking water. If any of the samples taken at the school are at or below 5 parts per billion, notification may be made as provided in this paragraph or by posting on the school's website.

(4) Sampling and analysis required under this Section shall be completed by the following applicable deadlines: for school buildings constructed prior to January 1, 1987, by December 31, 2017; and for school buildings constructed between January 2, 1987 and January 1, 2000, by December 31, 2018.

(5) A school district or chief school administrator, or the designee of the school district or chief school administrator, may seek a waiver of the requirements of this subsection from the Department, if (A) the school district or chief school administrator, or the designee of the school district or chief school administrator, collected at least one 250 milliliter or greater sample of water from each source of potable water that had been standing in the plumbing pipes for at least 6 hours and that was collected without flushing the source of potable water before collection, (B) an Illinois Environmental Protection Agency-accredited laboratory described in subdivision (2) of this subsection analyzed the samples in accordance with a test method described in that subdivision, (C) test results were obtained prior to the effective date of this amendatory Act of the 99th General Assembly, but after January 1, 2013, and (D) test results were submitted to the Department within 120 days of the effective date of this amendatory Act of the 99th General Assembly.
(6) The owner or operator of a community water system may agree to pay for the cost of the laboratory analysis of the samples required under this Section and may utilize the lead hazard cost recovery fee under Section 11-150.1-1 of the Illinois Municipal Code or other available funds to defray said costs.

(7) Lead sampling results obtained shall not be used for purposes of determining compliance with the Board's rules that implement the national primary drinking water regulations for lead and copper.

(d) By no later than June 30, 2019, the Department shall determine whether it is necessary and appropriate to protect public health to require schools constructed in whole or in part after January 1, 2000 to conduct testing for lead from sources of potable water, taking into account, among other relevant information, the results of testing conducted pursuant to this Section.

(e) Within 90 days of the effective date of this amendatory Act of the 99th General Assembly, the Department shall post on its website guidance on mitigation actions for lead in drinking water, and ongoing water management practices, in schools. In preparing such guidance, the Department may, in part, reference the United States Environmental Protection Agency's 3Ts for Reducing Lead in Drinking Water in Schools.

(415 ILCS 5/12.4)

Sec. 12.4. Vegetable by-product; land application; report. In addition to any other requirements of this Act, a generator of vegetable by-products utilizing land application shall prepare and file an annual report with the Agency identifying the quantity of vegetable by-products transported for land application during the reporting period, the hauler or haulers utilized for the transportation, and the sites to which the vegetable by-products were transported. The report must be retained on the premises of the generator for a minimum of 5 calendar years after the end of the applicable reporting period and must, during that time, be made available to the Agency for inspection and copying during normal business hours.

The form for such notification shall be specified by the
Agency, and shall be limited to information regarding: the name and address of the location of the operation; the type of operation; the types and amounts of waste stored, treated or disposed of on an annual basis; the remaining capacity of the operation; and the remaining expected life of the operation.

Item (3) of this subsection (d) shall not apply to any person engaged in agricultural activity who is disposing of a substance that constitutes solid waste, if the substance was acquired for use by that person on his own property, and the substance is disposed of on his own property in accordance with regulations or standards adopted by the Board.

This subsection (d) shall not apply to hazardous waste.

(e) Dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

However, sludge from a water or sewage treatment plant owned and operated by a unit of local government which (1) is subject to a sludge management plan approved by the Agency or a permit granted by the Agency, and (2) has been tested and determined not to be a hazardous waste as required by applicable State and federal laws and regulations, may be transported in this State without a special waste hauling permit, and the preparation and carrying of a manifest shall not be required for such sludge under the rules of the Pollution Control Board. The unit of local government which operates the treatment plant producing such sludge shall file an annual report with the Agency identifying the volume of such sludge transported during the reporting period, the hauler of the sludge, and the disposal sites to which it was transported. (D) no fee is charged for the acceptance of materials to be composted at the facility; and

(E) the owner or operator, by January 1, 2014 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, registers the site with the Agency, (ii) reports to the Agency on the volume of composting material received and used at the site; (iii) certifies to the Agency that the site complies with the requirements set forth in subparagraphs (A), (A-5), (B), (C), and (D) of this paragraph (2.5); and (iv) certifies to the Agency that all composting material was placed more than 200 feet from the nearest potable water supply well,

(a) There is hereby created within the State Treasury a special fund to be known as the "Solid Waste Management Fund", to be constituted from the fees collected by the State pursuant to this Section and from repayments of loans made from the Fund for solid waste projects. Moneys received by the Department of Commerce and Economic Opportunity in repayment of loans made pursuant to the Illinois Solid Waste Management Act shall be deposited into the General Revenue Fund.

(b) The Agency shall assess and collect a fee in the amount set forth herein from the owner or operator of each sanitary landfill permitted
or required to be permitted by the Agency to dispose of solid waste if the sanitary landfill is located off the site where such waste was produced and if such sanitary landfill is owned, controlled, and operated by a person other than the generator of such waste. The Agency shall deposit all fees collected into the Solid Waste Management Fund. If a site is contiguous to one or more landfills owned or operated by the same person, the volumes permanently disposed of by each landfill shall be combined for purposes of determining the fee under this subsection.

(1) If more than 150,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall either pay a fee of 95 cents per cubic yard or, alternatively, the owner or operator may weigh the quantity of the solid waste permanently disposed of with a device for which certification has been obtained under the Weights and Measures Act and pay a fee of $2.00 per ton of solid waste permanently disposed of. In no case shall the fee collected or paid by the owner or operator under this paragraph exceed $1.55 per cubic yard or $3.27 per ton.

(2) If more than 100,000 cubic yards but not more than 150,000 cubic yards of non-hazardous waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $52,630.

(3) If more than 50,000 cubic yards but not more than 100,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $23,790.

(4) If more than 10,000 cubic yards but not more than 50,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $7,260.

(5) If not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at a site in a calendar year, the owner or operator shall pay a fee of $1050.

(c) (Blank).

(d) The Agency shall establish rules relating to the collection of the fees authorized by this Section. Such rules shall include, but not be limited to:

(1) necessary records identifying the quantities of solid waste received or disposed;

New matter indicated by italics - deletions by strikeout
(2) the form and submission of reports to accompany the payment of fees to the Agency;

(3) the time and manner of payment of fees to the Agency, which payments shall not be more often than quarterly; and

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after

(5) Any pollutant subject to a standard promulgated under Section 112 or other requirements established under Section 112 of the Clean Air Act, including Sections 112(g), (j) and (r).

   (i) Any pollutant subject to requirements under Section 112(j) of the Clean Air Act. Any pollutant listed under Section 112(b) for which the subject source would be major shall be considered to be regulated 18 months after the date on which USEPA was required to promulgate an applicable standard pursuant to Section 112(e) of the Clean Air Act, if USEPA fails to promulgate such standard.

   (ii) Any pollutant for which the requirements of Section 112(g)(2) of the Clean Air Act have been met, but only with respect to the individual source subject to Section 112(g)(2) requirement.

(6) Greenhouse gases.

"Renewal" means the process by which a permit is reissued at the end of its term.

"Responsible official" means one of the following:

   (1) For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of such person if the representative is responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a permit and either (i) the facilities employ more than 250 persons or have gross annual sales or expenditures exceeding $25 million (in second quarter 1980 dollars), or (ii) the delegation of authority to such representative is approved in advance by the Agency.

responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a permit and either (i) the facilities employ more than 250 persons or have gross annual sales or expenditures exceeding $25 million (in second quarter 1980 dollars), or (ii) the delegation of authority to such representative is approved in advance by the Agency.

(3) For a municipality, State, Federal, or other public agency: either a principal executive officer or ranking elected official. For the purposes of this part, a principal executive officer of a Federal agency includes the chief executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., a Regional Administrator of USEPA).

(4) For affected sources for acid deposition:

   (i) The designated representative shall be the "responsible official" in so far as actions, standards, requirements, or prohibitions under Title IV of the Clean Air Act or the regulations promulgated thereunder are concerned.

   (ii) The designated representative may also be the "responsible official" for any other purposes with respect to air pollution control.

"Section 502(b)(10) changes" means changes that contravene express permit terms. "Section 502(b)(10) changes" do not include changes that would violate applicable requirements or contravene federally enforceable permit terms or conditions that are monitoring (including test methods), recordkeeping, reporting, or compliance certification requirements.

"Solid waste incineration unit" means a distinct operating unit of any facility which combusts any solid waste material from commercial or industrial establishments or the general public (including single and multiple residences, hotels, and motels). The term does not include incinerators or other units required to have a permit under Section 3005 of the Solid Waste Disposal Act. The term also does not include (A) materials recovery facilities (including primary or secondary smelters) which combust waste for the primary purpose of recovering metals, (B) qualifying small power production facilities, as defined in Section 3(17)(C) of the Federal Power Act (16 U.S.C. 769(17)(C)), or qualifying cogeneration facilities, as defined in Section 3(18)(B) of the Federal Power Act (16 U.S.C. 796(18)(B)), which burn homogeneous waste (such as

units which burn tires or used oil, but not including refuse-derived fuel) for the production of electric energy or in the case of qualifying cogeneration facilities which burn homogeneous waste for the production of electric energy and steam or forms of useful energy (such as heat) which are used for industrial, commercial, heating or cooling purposes, or (C) air curtain incinerators provided that such incinerators only burn wood wastes, yard waste and clean lumber and that such air curtain incinerators comply with opacity limitations to be established by the USEPA by rule.

"Source" means any stationary source (or any group of stationary sources) that is located on one or more contiguous or adjacent properties that are under common control of the same person (or persons under common control) and that belongs to a single major industrial grouping. For the purposes of defining "source," a stationary source or group of stationary sources shall be considered part of a single major industrial grouping if all of the pollutant emitting activities at such source or group of sources located on contiguous or adjacent properties and under common control belong to the same Major Group (i.e., all have the same two-digit code) as described in the Standard Industrial Classification Manual, 1987, or such pollutant emitting activities at a stationary source (or group of stationary sources) located on contiguous or adjacent properties and under common control constitute a support facility. The determination as to whether any group of stationary sources is located on contiguous or adjacent properties, and/or is under common control, and/or whether the pollutant emitting activities at such group of stationary sources constitute a support facility shall be made on a case by case basis.

"Stationary source" means any building, structure, facility, or installation that emits or may emit any regulated air pollutant or any pollutant listed under Section 112(b) of the Clean Air Act, except those emissions resulting directly from an internal combustion engine for transportation purposes or from a nonroad engine or nonroad vehicle as defined in Section 216 of the Clean Air Act.

"Subject to regulation" has the meaning given to it in 40 CFR 70.2, as now or hereafter amended.

"Support facility" means any stationary source (or group of stationary sources) that conveys, stores, or otherwise assists to a significant extent in the production of a principal product at another stationary source (or group of stationary sources). A support facility shall be considered to be part of the same source as the stationary source (or group of stationary sources).
sources) that it supports regardless of the 2-digit Standard Industrial Classification code for the support facility.

"USEPA" means the Administrator of the United States Environmental Protection Agency (USEPA) or a person designated by the Administrator.

1.1. Exclusion From the CAAPP.
   a. An owner or operator of a source which determines that the source could be excluded from the CAAPP may seek such exclusion prior to the date that the CAAPP application for the source is due but in no case later than 9 months after the effective date of the CAAPP through the imposition of federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph (c) of subsection 2 of this Section, within a State operating permit issued pursuant to subsection (a) of Section 39 of this Act. After such date, an exclusion from the CAAPP may be sought under paragraph (c) of subsection 3 of this Section.
   b. An owner or operator of a source seeking exclusion from the CAAPP pursuant to paragraph (a) of this subsection must submit a permit application consistent with the existing State permit program which specifically requests such exclusion through the imposition of such federally enforceable conditions.
   c. Upon such request, if the Agency determines that the owner or operator of a source has met the requirements for exclusion pursuant to paragraph (a) of this subsection and other applicable requirements for permit issuance under subsection (a) of Section 39 of this Act, the Agency shall issue a State operating permit for such source under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder with federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph (c) of subsection 2 of this Section.
   d. The Agency shall provide an owner or operator of a source which may be excluded from the CAAPP pursuant to this subsection with reasonable notice that the owner or operator may seek such exclusion.
   e. The Agency shall provide such sources with the necessary permit application forms.

2. Applicability.

New matter indicated by italics - deletions by strikeout
a. Sources subject to this Section shall include:
   i. Any major source as defined in paragraph (c) of this subsection.
   ii. Any source subject to a standard or other requirements promulgated under Section 111 (New Source Performance Standards) or Section 112 (Hazardous Air Pollutants) of the Clean Air Act, except that a source is not required to obtain a permit solely because it is subject to regulations or requirements under Section 112(r) of the Clean Air Act.
   iii. Any affected source for acid deposition, as defined in subsection 1 of this Section.
   iv. Any other source subject to this Section under the Clean Air Act or regulations promulgated thereunder, or applicable Board regulations.

b. Sources exempted from this Section shall include:
   i. All sources listed in paragraph (a) of this subsection that are not major sources, affected sources for acid deposition or solid waste incineration units required to obtain a permit pursuant to Section 129(e) of the Clean Air Act, until the source is required to obtain a CAAPP permit pursuant to the Clean Air Act or regulations promulgated thereunder.
   ii. Nonmajor sources subject to a standard or other requirements subsequently promulgated by USEPA under Section 111 or 112 of the Clean Air Act that are determined by USEPA to be exempt at the time a new standard is promulgated.
   iii. All sources and source categories that would be required to obtain a permit solely because they are subject to Part 60, Subpart AAA - Standards of Performance for New Residential Wood Heaters (40 CFR Part 60).
   iv. All sources and source categories that would be required to obtain a permit solely because they are subject to Part 61, Subpart M - National Emission Standard for Hazardous Air Pollutants for Asbestos, Section 61.145 (40 CFR Part 61).
   v. Any other source categories exempted by USEPA regulations pursuant to Section 502(a) of the Clean Air Act.

New matter indicated by italics - deletions by strikeout
vi. Major sources of greenhouse gas emissions required to obtain a CAAPP permit under this Section if any of the following occurs:

(A) enactment of federal legislation depriving the Administrator of the USEPA of authority to regulate greenhouse gases under the Clean Air Act;

(B) the issuance of any opinion, ruling, judgment, order, or decree by a federal court depriving the Administrator of the USEPA of authority to regulate greenhouse gases under the Clean Air Act; or

(C) action by the President of the United States or the President's authorized agent, including the Administrator of the USEPA, to repeal or withdraw the Greenhouse Gas Tailoring Rule (75 Fed. Reg. 31514, June 3, 2010).

If any event listed in this subparagraph (vi) occurs, CAAPP permits issued after such event shall not impose permit terms or conditions addressing greenhouse gases during the effectiveness of any event listed in subparagraph (vi). If any event listed in this subparagraph (vi) occurs, any owner or operator with a CAAPP permit that includes terms or conditions addressing greenhouse gases may elect to submit an application to the Agency to address a revision or repeal of such terms or conditions. If any owner or operator submits such an application, the Agency shall expeditiously process the permit application in accordance with applicable laws and regulations. Nothing in this subparagraph (vi) shall relieve an owner or operator of a source from the requirement to obtain a CAAPP permit for its emissions of regulated air pollutants other than greenhouse gases, as required by this Section.

c. For purposes of this Section the term "major source" means any source that is:

i. A major source under Section 112 of the Clean Air Act, which is defined as:

   A. For pollutants other than radionuclides, any stationary source or group of stationary sources
located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 tons per year (tpy) or more of any hazardous air pollutant which has been listed pursuant to Section 112(b) of the Clean Air Act, 25 tpy or more of any combination of such hazardous air pollutants, or such lesser quantity as USEPA may establish by rule. Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such stations are major sources.

B. For radionuclides, "major source" shall have the meaning specified by the USEPA by rule.

ii. A major stationary source of air pollutants, as defined in Section 302 of the Clean Air Act, that directly emits or has the potential to emit, 100 tpy or more of any air pollutant subject to regulation (including any major source of fugitive emissions of any such pollutant, as determined by rule by USEPA). For purposes of this subsection, "fugitive emissions" means those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally-equivalent opening. The fugitive emissions of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of Section 302(j) of the Clean Air Act, unless the source belongs to one of the following categories of stationary source:

A. Coal cleaning plants (with thermal dryers).

B. Kraft pulp mills.
C. Portland cement plants.
D. Primary zinc smelters.
E. Iron and steel mills.
F. Primary aluminum ore reduction plants.
G. Primary copper smelters.
H. Municipal incinerators capable of charging more than 250 tons of refuse per day.
   I. Hydrofluoric, sulfuric, or nitric acid plants.

   V. Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels.
   W. Taconite ore processing plants.
   X. Glass fiber processing plants.
   Y. Charcoal production plants.
   Z. Fossil fuel-fired steam electric plants of more than 250 million British thermal units per hour heat input.

AA. All other stationary source categories, which as of August 7, 1980 are being regulated by a standard promulgated under Section 111 or 112 of the Clean Air Act.

BB. Any other stationary source category designated by USEPA by rule.

iii. A major stationary source as defined in part D of Title I of the Clean Air Act including:
   A. For ozone nonattainment areas, sources with the potential to emit 100 tons or more per year of volatile organic compounds or oxides of nitrogen in areas classified as "marginal" or "moderate", 50
tons or more per year in areas classified as "serious", 25 tons or more per year in areas classified as "severe", and 10 tons or more per year in areas classified as "extreme"; except that the references in this clause to 100, 50, 25, and 10 tons per year of nitrogen oxides shall not apply with respect to any source for which USEPA has made a finding, under Section 182(f)(1) or (2) of the Clean Air Act, that requirements otherwise applicable to such source under Section 182(f) of the Clean Air Act do not apply. Such sources shall remain subject to the major source criteria of subparagraph (ii) of paragraph (c) of this subsection.

B. For ozone transport regions established pursuant to Section 184 of the Clean Air Act, sources with the potential to emit 50 tons or more per year of volatile organic compounds (VOCs).

D. For particulate matter (PM-10) nonattainment areas classified as "serious", sources with the potential to emit 70 tons or more per year of PM-10.

3. Agency Authority To Issue CAAPP Permits and Federally Enforceable State Operating Permits.

   a. The Agency shall issue CAAPP permits under this Section consistent with the Clean Air Act and regulations promulgated thereunder and this Act and regulations promulgated thereunder.

   b. The Agency shall issue CAAPP permits for fixed terms of 5 years, except CAAPP permits issued for solid waste incineration units combusting municipal waste which shall be issued for fixed terms of 12 years and except CAAPP permits for affected sources for acid deposition which shall be issued for initial
terms to expire on December 31, 1999, and for fixed terms of 5 years thereafter.

c. The Agency shall have the authority to issue a State operating permit for a source under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder, which includes federally enforceable conditions limiting the "potential to emit" of the source to a level below the major source threshold for that source as described in paragraph (c) of subsection 2 of this Section, thereby excluding the source from the CAAPP, when requested by the applicant pursuant to paragraph (u) of subsection 5 of this Section. The public notice requirements of this Section applicable to CAAPP permits shall also apply to the initial issuance of permits under this paragraph.

d. For purposes of this Act, a permit issued by USEPA under Section 505 of the Clean Air Act, as now and hereafter amended, shall be deemed to be a permit issued by the Agency pursuant to Section 39.5 of this Act.

4. Transition.

a. An owner or operator of a CAAPP source shall not be required to renew an existing State operating permit for any emission unit at such CAAPP source once a CAAPP application timely submitted prior to expiration of the State operating permit has been deemed complete. For purposes other than permit renewal, the obligation upon the owner or operator of a CAAPP source to obtain a State operating permit is not removed upon submittal of the complete CAAPP permit application. An owner or operator of a CAAPP source seeking to make a modification to a source prior to the issuance of its CAAPP permit shall be required to obtain a construction permit, operating permit, or both as required for such modification in accordance with the State permit program under subsection (a) of Section 39 of this Act, as amended, and regulations promulgated thereunder. The application for such construction permit, operating permit, or both shall be considered an amendment to the CAAPP application submitted for such source.

b. An owner or operator of a CAAPP source shall continue to operate in accordance with the terms and conditions of its applicable State operating permit notwithstanding the expiration of
the State operating permit until the source's CAAPP permit has been issued.

c. An owner or operator of a CAAPP source shall submit its initial CAAPP application to the Agency no later than 12 months after the effective date of the CAAPP. The Agency may request submittal of initial CAAPP applications during this 12-month period according to a schedule set forth within Agency procedures, however, in no event shall the Agency require such submittal earlier than 3 months after such effective date of the CAAPP. An owner or operator may voluntarily submit its initial CAAPP application prior to the date required within this paragraph or applicable procedures, if any, subsequent to the date the Agency submits the CAAPP to USEPA for approval.

d. The Agency shall act on initial CAAPP applications in accordance with paragraph (j) of subsection 5 of this Section.

e. For purposes of this Section, the term "initial CAAPP application" shall mean the first CAAPP application submitted for a source existing as of the effective date of the CAAPP.

f. The Agency shall provide owners or operators of CAAPP sources with at least 3 months advance notice of the date on which their applications are required to be submitted. In determining which sources shall be subject to early submittal, the Agency shall include among its considerations the complexity of the permit application, and the burden that such early submittal will have on the source.

g. The CAAPP permit shall upon becoming effective supersede the State operating permit.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

5. Applications and Completeness.

a. An owner or operator of a CAAPP source shall submit its complete CAAPP application consistent with the Act and applicable regulations.

b. An owner or operator of a CAAPP source shall submit a single complete CAAPP application covering all emission units at that source.

c. To be deemed complete, a CAAPP application must provide all information, as requested in Agency application forms,
sufficient to evaluate the subject source and its application and to
determine all applicable requirements, pursuant to the Clean Air
Act, and regulations thereunder, this Act and regulations
thereunder. Such Agency application forms shall be finalized and
made available prior to the date on which any CAAPP application
is required.

d. An owner or operator of a CAAPP source shall submit,
as part of its complete CAAPP application, a compliance plan,
including a schedule of compliance, describing how each emission
unit will comply with all applicable requirements. Any such
schedule of compliance shall be supplemental to, and shall not
sanction noncompliance with, the applicable requirements on
which it is based.

e. Each submitted CAAPP application shall be certified for
truth, accuracy, and completeness by a responsible official in
accordance with applicable regulations.

f. The Agency shall provide notice to a CAAPP applicant
as to whether a submitted CAAPP application is complete. Unless
the Agency notifies the applicant of incompleteness, within 60
days after receipt of the CAAPP application, the application shall
be deemed complete. The Agency may request additional
information as needed to make the completeness determination.
The Agency may to the extent practicable provide the applicant
with a reasonable opportunity to correct deficiencies prior to a final
determination of completeness.

g. If after the determination of completeness the Agency
finds that additional information is necessary to evaluate or take
final action on the CAAPP application, the Agency may request in
writing such information from the source with a reasonable
deadline for response.

h. If the owner or operator of a CAAPP source submits a
timely and complete CAAPP application, the source's failure to
have a CAAPP permit shall not be a violation of this Section until
the Agency takes final action on the submitted CAAPP application,
provided, however, where the applicant fails to submit the
requested information under paragraph (g) of this subsection 5
within the time frame specified by the Agency, this protection shall
cease to apply.

i. Any applicant who fails to submit any relevant facts necessary to evaluate the subject source and its CAAPP application or who has submitted incorrect information in a CAAPP application shall, upon becoming aware of such failure or incorrect submittal, submit supplementary facts or correct information to the Agency. In addition, an applicant shall provide to the Agency additional information as necessary to address any requirements which become applicable to the source subsequent to the date the applicant submitted its complete CAAPP application but prior to release of the draft CAAPP permit.

j. The Agency shall issue or deny the CAAPP permit within 18 months after the date of receipt of the complete CAAPP application, with the following exceptions: (i) permits for affected sources for acid deposition shall be issued or denied within 6 months after receipt of a complete application in accordance with subsection 17 of this Section; (ii) the Agency shall act on initial CAAPP applications within 24 months after the date of receipt of the complete CAAPP application; (iii) the Agency shall act on complete applications containing early reduction demonstrations under Section 112(i)(5) of the Clean Air Act within 9 months of receipt of the complete CAAPP application.

Where the Agency does not take final action on the permit within the required time period, the permit shall not be deemed issued; rather, the failure to act shall be treated as a final permit action for purposes of judicial review pursuant to Sections 40.2 and 41 of this Act.

ek. The submittal of a complete CAAPP application shall not affect the requirement that any source have a preconstruction permit under Title I of the Clean Air Act.

l. Unless a timely and complete renewal application has been submitted consistent with this subsection, a CAAPP source operating upon the expiration of its CAAPP permit shall be deemed to be operating without a CAAPP permit. Such operation is prohibited under this Act.

m. Permits being renewed shall be subject to the same procedural requirements, including those for public participation and federal review and objection, that apply to original permit issuance.
n. For purposes of permit renewal, a timely application is one that is submitted no less than 9 months prior to the date of permit expiration.

o. The terms and conditions of a CAAPP permit shall remain in effect until the issuance of a CAAPP renewal permit provided a timely and complete CAAPP application has been submitted.

p. The owner or operator of a CAAPP source seeking a permit shield pursuant to paragraph (j) of subsection 7 of this Section shall request such permit shield in the CAAPP application regarding that source.

q. The Agency shall make available to the public all documents submitted by the applicant to the Agency, including each CAAPP application, compliance plan (including the schedule of compliance), and emissions or compliance monitoring report, with the exception of information entitled to confidential treatment pursuant to Section 7 of this Act.

r. The Agency shall use the standardized forms required under Title IV of the Clean Air Act and regulations promulgated thereunder for affected sources for acid deposition.

s. An owner or operator of a CAAPP source may include within its CAAPP application a request for permission to operate during a startup, malfunction, or breakdown consistent with applicable Board regulations.

t. An owner or operator of a CAAPP source, in order to utilize the operational flexibility provided under paragraph (l) of subsection 7 of this Section, must request such use and provide the necessary information within its CAAPP application.

u. An owner or operator of a CAAPP source which seeks exclusion from the CAAPP through the imposition of federally enforceable conditions, pursuant to paragraph (c) of subsection 3 of this Section, must request such exclusion within a CAAPP application submitted consistent with this subsection on or after the date that the CAAPP application for the source is due. Prior to such date, but in no case later than 9 months after the effective date of the CAAPP, such owner or operator may request the imposition of federally enforceable conditions pursuant to paragraph (b) of subsection 1.1 of this Section.
v. CAAPP applications shall contain accurate information on allowable emissions to implement the fee provisions of subsection 18 of this Section.

w. An owner or operator of a CAAPP source shall submit within its CAAPP application emissions information regarding all regulated air pollutants emitted at that source consistent with applicable Agency procedures. Emissions information regarding insignificant activities or emission levels, as determined by the Agency pursuant to Board regulations, may be submitted as a list within the CAAPP application. The Agency shall propose regulations to the Board defining insignificant activities or emission levels, consistent with federal regulations, if any, no later than 18 months after the effective date of this amendatory Act of 1992, consistent with Section 112(n)(1) of the Clean Air Act. The Board shall adopt final regulations defining insignificant activities or emission levels no later than 9 months after the date of the Agency's proposal.

x. The owner or operator of a new CAAPP source shall submit its complete CAAPP application consistent with this subsection within 12 months after commencing operation of such source. The owner or operator of an existing source that has been excluded from the provisions of this Section under subsection 1.1 or paragraph (c) of subsection 3 of this Section and that becomes subject to the CAAPP solely due to a change in operation at the source shall submit its complete CAAPP application consistent with this subsection at least 180 days before commencing operation in accordance with the change in operation.

y. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

6. Prohibitions.

a. It shall be unlawful for any person to violate any terms or conditions of a permit issued under this Section, to operate any CAAPP source except in compliance with a permit issued by the Agency under this Section or to violate any other applicable requirements. All terms and conditions of a permit issued under this Section are enforceable by USEPA and citizens under the Clean Air Act, except those, if any, that are specifically designated.

as not being federally enforceable in the permit pursuant to paragraph (m) of subsection 7 of this Section.

b. After the applicable CAAPP permit or renewal application submittal date, as specified in subsection 5 of this Section, no person shall operate a CAAPP source without a CAAPP permit unless the complete CAAPP permit or renewal application for such source has been timely submitted to the Agency.

c. No owner or operator of a CAAPP source shall cause or threaten or allow the continued operation of an emission source during malfunction or breakdown of the emission source or related air pollution control equipment if such operation would cause a violation of the standards or limitations applicable to the source, unless the CAAPP permit granted to the source provides for such operation consistent with this Act and applicable Board regulations.

7. Permit Content.

a. All CAAPP permits shall contain emission limitations and standards and other enforceable terms and conditions, including but not limited to operational requirements, and schedules for achieving compliance at the earliest reasonable date, which are or will be required to accomplish the purposes and provisions of this Act and to assure compliance with all applicable requirements.

b. The Agency shall include among such conditions applicable monitoring, reporting, record keeping and compliance certification requirements, as authorized by paragraphs (d), (e), and (f) of this subsection, that the Agency deems necessary to assure compliance with the Clean Air Act, the regulations promulgated thereunder, this Act, and applicable Board regulations. When monitoring, reporting, record keeping, and compliance certification requirements are specified within the Clean Air Act, regulations promulgated thereunder, this Act, or applicable regulations, such requirements shall be included within the CAAPP permit. The Board shall have authority to promulgate additional regulations where necessary to accomplish the purposes of the Clean Air Act, this Act, and regulations promulgated thereunder.

c. The Agency shall assure, within such conditions, the use of terms, test methods, units, averaging periods, and other

statistical conventions consistent with the applicable emission limitations, standards, and other requirements contained in the permit.

d. To meet the requirements of this subsection with respect to monitoring, the permit shall:

   i. Incorporate and identify all applicable emissions monitoring and analysis procedures or test methods required under the Clean Air Act, regulations promulgated thereunder, this Act, and applicable Board regulations, including any procedures and methods promulgated by USEPA pursuant to Section 504(b) or Section 114 (a)(3) of the Clean Air Act.

   ii. Where the applicable requirement does not require periodic testing or instrumental or noninstrumental monitoring (which may consist of recordkeeping designed to serve as monitoring), require periodic monitoring sufficient to yield reliable data from the relevant time period that is representative of the source's compliance with the permit, as reported pursuant to paragraph (f) of this subsection. The Agency may determine that recordkeeping requirements are sufficient to meet the requirements of this subparagraph.

   iii. As necessary, specify requirements concerning the use, maintenance, and when appropriate, installation of monitoring equipment or methods.

e. To meet the requirements of this subsection with respect to record keeping, the permit shall incorporate and identify all applicable recordkeeping requirements and require, where applicable, the following:

   i. Records of required monitoring information that include the following:

      A. The date, place and time of sampling or measurements.
      B. The date(s) analyses were performed.
      C. The company or entity that performed the analyses.
      D. The analytical techniques or methods used.
      E. The results of such analyses.

New matter indicated by italics - deletions by strikeout
F. The operating conditions as existing at the time of sampling or measurement.

ii. Retention of records of all monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, report, or application. Support information includes all calibration and maintenance records, original strip-chart recordings for continuous monitoring instrumentation, and copies of all reports required by the permit.

f. To meet the requirements of this subsection with respect to reporting, the permit shall incorporate and identify all applicable reporting requirements and require the following:

i. Submittal of reports of any required monitoring every 6 months. More frequent submittals may be requested by the Agency if such submittals are necessary to assure compliance with this Act or regulations promulgated by the Board thereunder. All instances of deviations from permit requirements must be clearly identified in such reports. All required reports must be certified by a responsible official consistent with subsection 5 of this Section.

ii. Prompt reporting of deviations from permit requirements, including those attributable to upset conditions as defined in the permit, the probable cause of such deviations, and any corrective actions or preventive measures taken.

g. Each CAAPP permit issued under subsection 10 of this Section shall include a condition prohibiting emissions exceeding any allowances that the source lawfully holds under Title IV of the Clean Air Act or the regulations promulgated thereunder, consistent with subsection 17 of this Section and applicable regulations, if any.

h. All CAAPP permits shall state that, where another applicable requirement of the Clean Air Act is more stringent than any applicable requirement of regulations promulgated under Title IV of the Clean Air Act, both provisions shall be incorporated into the permit and shall be State and federally enforceable.

i. Each CAAPP permit issued under subsection 10 of this Section shall include a severability clause to ensure the continued

validity of the various permit requirements in the event of a challenge to any portions of the permit.

j. The following shall apply with respect to owners or operators requesting a permit shield:

i. The Agency shall include in a CAAPP permit, when requested by an applicant pursuant to paragraph (p) of subsection 5 of this Section, a provision stating that compliance with the conditions of the permit shall be deemed compliance with applicable requirements which are applicable as of the date of release of the proposed permit, provided that:

A. The applicable requirement is specifically identified within the permit; or

B. The Agency in acting on the CAAPP application or revision determines in writing that other requirements specifically identified are not applicable to the source, and the permit includes that determination or a concise summary thereof.

ii. The permit shall identify the requirements for which the source is shielded. The shield shall not extend to applicable requirements which are promulgated after the date of release of the proposed permit unless the permit has been modified to reflect such new requirements.

iii. A CAAPP permit which does not expressly indicate the existence of a permit shield shall not provide such a shield.

iv. Nothing in this paragraph or in a CAAPP permit shall alter or affect the following:

A. The provisions of Section 303 (emergency powers) of the Clean Air Act, including USEPA's authority under that section.

B. The liability of an owner or operator of a source for any violation of applicable requirements prior to or at the time of permit issuance.

C. The applicable requirements of the acid rain program consistent with Section 408(a) of the Clean Air Act.

D. The ability of USEPA to obtain information from a source pursuant to Section 114

(inspections, monitoring, and entry) of the Clean Air Act.

k. Each CAAPP permit shall include an emergency provision providing an affirmative defense of emergency to an action brought for noncompliance with technology-based emission limitations under a CAAPP permit if the following conditions are met through properly signed, contemporaneous operating logs, or other relevant evidence:

i. An emergency occurred and the permittee can identify the cause(s) of the emergency.

ii. The permitted facility was at the time being properly operated.

iii. The permittee submitted notice of the emergency to the Agency within 2 working days after the time when emission limitations were exceeded due to the emergency. This notice must contain a detailed description of the emergency, any steps taken to mitigate emissions, and corrective actions taken.

iv. During the period of the emergency the permittee took all reasonable steps to minimize levels of emissions that exceeded the emission limitations, standards, or requirements in the permit.

For purposes of this subsection, "emergency" means any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, such as an act of God, that requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operation error.

In any enforcement proceeding, the permittee seeking to establish the occurrence of an emergency has the burden of proof. This provision is in addition to any emergency or upset provision contained in any applicable requirement. This provision does not relieve a permittee of any reporting obligations under existing federal or state laws or regulations.
I. The Agency shall include in each permit issued under subsection 10 of this Section:
   i. Terms and conditions for reasonably anticipated operating scenarios identified by the source in its application. The permit terms and conditions for each such operating scenario shall meet all applicable requirements and the requirements of this Section.
      A. Under this subparagraph, the source must record in a log at the permitted facility a record of the scenario under which it is operating contemporaneously with making a change from one operating scenario to another.
      B. The permit shield described in paragraph (j) of subsection 7 of this Section shall extend to all terms and conditions under each such operating scenario.
   ii. Where requested by an applicant, all terms and conditions allowing for trading of emissions increases and decreases between different emission units at the CAAPP source, to the extent that the applicable requirements provide for trading of such emissions increases and decreases without a case-by-case approval of each emissions trade. Such terms and conditions:
      A. Shall include all terms required under this subsection to determine compliance;
      B. Must meet all applicable requirements;
      C. Shall extend the permit shield described in paragraph (j) of subsection 7 of this Section to all terms and conditions that allow such increases and decreases in emissions.
   m. The Agency shall specifically designate as not being federally enforceable under the Clean Air Act any terms and conditions included in the permit that are not specifically required under the Clean Air Act or federal regulations promulgated thereunder. Terms or conditions so designated shall be subject to all applicable state requirements, except the requirements of subsection 7 (other than this paragraph, paragraph q of subsection 7, subsections 8 through 11, and subsections 13 through 16 of this
Section. The Agency shall, however, include such terms and conditions in the CAAPP permit issued to the source.

n. Each CAAPP permit issued under subsection 10 of this Section shall specify and reference the origin of and authority for each term or condition, and identify any difference in form as compared to the applicable requirement upon which the term or condition is based.

o. Each CAAPP permit issued under subsection 10 of this Section shall include provisions stating the following:

i. Duty to comply. The permittee must comply with all terms and conditions of the CAAPP permit. Any permit noncompliance constitutes a violation of the Clean Air Act and the Act, and is grounds for any or all of the following: enforcement action; permit termination, revocation and reissuance, or modification; or denial of a permit renewal application.

ii. Need to halt or reduce activity not a defense. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of this permit.

iii. Permit actions. The permit may be modified, revoked, reopened, and reissued, or terminated for cause in accordance with the applicable subsections of Section 39.5 of this Act. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or of a notification of planned changes or anticipated noncompliance does not stay any permit condition.

iv. Property rights. The permit does not convey any property rights of any sort, or any exclusive privilege.

v. Duty to provide information. The permittee shall furnish to the Agency within a reasonable time specified by the Agency any information that the Agency may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the Agency copies of records required to be kept by the permit or, for information

claimed to be confidential, the permittee may furnish such records directly to USEPA along with a claim of confidentiality.

vi. Duty to pay fees. The permittee must pay fees to the Agency consistent with the fee schedule approved pursuant to subsection 18 of this Section, and submit any information relevant thereto.

vii. Emissions trading. No permit revision shall be required for increases in emissions allowed under any approved economic incentives, marketable permits, emissions trading, and other similar programs or processes for changes that are provided for in the permit and that are authorized by the applicable requirement.

p. Each CAAPP permit issued under subsection 10 of this Section shall contain the following elements with respect to compliance:

i. Compliance certification, testing, monitoring, reporting, and record keeping requirements sufficient to assure compliance with the terms and conditions of the permit. Any document (including reports) required by a CAAPP permit shall contain a certification by a responsible official that meets the requirements of subsection 5 of this Section and applicable regulations.

ii. Inspection and entry requirements that necessitate that, upon presentation of credentials and other documents as may be required by law and in accordance with constitutional limitations, the permittee shall allow the Agency, or an authorized representative to perform the following:

A. Enter upon the permittee's premises where a CAAPP source is located or emissions-related activity is conducted, or where records must be kept under the conditions of the permit.

B. Have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit.

C. Inspect at reasonable times any facilities, equipment (including monitoring and air pollution
control equipment), practices, or operations regulated or required under the permit.

D. Sample or monitor any substances or parameters at any location:

1. As authorized by the Clean Air Act, at reasonable times, for the purposes of assuring compliance with the CAAPP permit or applicable requirements; or

2. As otherwise authorized by this Act.

iii. A schedule of compliance consistent with subsection 5 of this Section and applicable regulations.

iv. Progress reports consistent with an applicable schedule of compliance pursuant to paragraph (d) of subsection 5 of this Section and applicable regulations to be submitted semiannually, or more frequently if the Agency determines that such more frequent submittals are necessary for compliance with the Act or regulations promulgated by the Board thereunder. Such progress reports shall contain the following:

A. Required dates for achieving the activities, milestones, or compliance required by the schedule of compliance and dates when such activities, milestones or compliance were achieved.

B. An explanation of why any dates in the schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.

v. Requirements for compliance certification with terms and conditions contained in the permit, including emission limitations, standards, or work practices. Permits shall include each of the following:

A. The frequency (annually or more frequently as specified in any applicable requirement or by the Agency pursuant to written procedures) of submissions of compliance certifications.

B. A means for assessing or monitoring the compliance of the source with its emissions limitations, standards, and work practices.

New matter indicated by italics - deletions by strikeout
C. A requirement that the compliance certification include the following:
   1. The identification of each term or condition contained in the permit that is the basis of the certification.
   2. The compliance status.
   3. Whether compliance was continuous or intermittent.
   4. The method(s) used for determining the compliance status of the source, both currently and over the reporting period consistent with subsection 7 of this Section.
D. A requirement that all compliance certifications be submitted to USEPA as well as to the Agency.
E. Additional requirements as may be specified pursuant to Sections 114(a)(3) and 504(b) of the Clean Air Act.
F. Other provisions as the Agency may require.

q. If the owner or operator of CAAPP source can demonstrate in its CAAPP application, including an application for a significant modification, that an alternative emission limit would be equivalent to that contained in the applicable Board regulations, the Agency shall include the alternative emission limit in the CAAPP permit, which shall supersede the emission limit set forth in the applicable Board regulations, and shall include conditions that insure that the resulting emission limit is quantifiable, accountable, enforceable, and based on replicable procedures.

8. Public Notice; Affected State Review.
   a. The Agency shall provide notice to the public, including an opportunity for public comment and a hearing, on each draft CAAPP permit for issuance, renewal or significant modification, subject to Section 7.1 and subsection (a) of Section 7 of this Act.
   b. The Agency shall prepare a draft CAAPP permit and a statement that sets forth the legal and factual basis for the draft CAAPP permit conditions, including references to the applicable regulations.
statutory or regulatory provisions. The Agency shall provide this statement to any person who requests it.

c. The Agency shall give notice of each draft CAAPP permit to the applicant and to any affected State on or before the time that the Agency has provided notice to the public, except as otherwise provided in this Act.

d. The Agency, as part of its submittal of a proposed permit to USEPA (or as soon as possible after the submittal for minor permit modification procedures allowed under subsection 14 of this Section), shall notify USEPA and any affected State in writing of any refusal of the Agency to accept all of the recommendations for the proposed permit that an affected State submitted during the public or affected State review period. The notice shall include the Agency's reasons for not accepting the recommendations. The Agency is not required to accept recommendations that are not based on applicable requirements or the requirements of this Section.

e. The Agency shall make available to the public any CAAPP permit application, compliance plan (including the schedule of compliance), CAAPP permit, and emissions or compliance monitoring report. If an owner or operator of a CAAPP source is required to submit information entitled to protection from disclosure under Section 7.1 and subsection (a) of Section 7 of this Act, the owner or operator shall submit such information separately. The requirements of Section 7.1 and subsection (a) of Section 7 of this Act shall apply to such information, which shall not be included in a CAAPP permit unless required by law. The contents of a CAAPP permit shall not be entitled to protection under Section 7.1 and subsection (a) of Section 7 of this Act.

f. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

g. If requested by the permit applicant, the Agency shall provide the permit applicant with a copy of the draft CAAPP permit prior to any public review period. If requested by the permit applicant, the Agency shall provide the permit applicant with a copy of the final CAAPP permit prior to issuance of the CAAPP permit.

9. USEPA Notice and Objection.

New matter indicated by italics - deletions by strikeout
a. The Agency shall provide to USEPA for its review a copy of each CAAPP application (including any application for permit modification), statement of basis as provided in paragraph (b) of subsection 8 of this Section, proposed CAAPP permit, CAAPP permit, and, if the Agency does not incorporate any affected State's recommendations on a proposed CAAPP permit, a written statement of this decision and its reasons for not accepting the recommendations, except as otherwise provided in this Act or by agreement with USEPA. To the extent practicable, the preceding information shall be provided in computer readable format compatible with USEPA's national database management system.

b. The Agency shall not issue the proposed CAAPP permit if USEPA objects in writing within 45 days after receipt of the proposed CAAPP permit and all necessary supporting information.

c. If USEPA objects in writing to the issuance of the proposed CAAPP permit within the 45-day period, the Agency shall respond in writing and may revise and resubmit the proposed CAAPP permit in response to the stated objection, to the extent supported by the record, within 90 days after the date of the objection. Prior to submitting a revised permit to USEPA, the Agency shall provide the applicant and any person who participated in the public comment process, pursuant to subsection 8 of this Section, with a 10-day period to comment on any revision which the Agency is proposing to make to the permit in response to USEPA's objection in accordance with Agency procedures.

d. Any USEPA objection under this subsection, according to the Clean Air Act, will include a statement of reasons for the objection and a description of the terms and conditions that must be in the permit, in order to adequately respond to the objections. Grounds for a USEPA objection include the failure of the Agency to: (1) submit the items and notices required under this subsection; (2) submit any other information necessary to adequately review the proposed CAAPP permit; or (3) process the permit under subsection 8 of this Section except for minor permit modifications.

e. If USEPA does not object in writing to issuance of a permit under this subsection, any person may petition USEPA within 60 days after expiration of the 45-day review period to make such objection.

New matter indicated by italics - deletions by strikeout
f. If the permit has not yet been issued and USEPA objects to the permit as a result of a petition, the Agency shall not issue the permit until USEPA's objection has been resolved. The Agency shall provide a 10-day comment period in accordance with paragraph c of this subsection. A petition does not, however, stay the effectiveness of a permit or its requirements if the permit was issued after expiration of the 45-day review period and prior to a USEPA objection.

g. If the Agency has issued a permit after expiration of the 45-day review period and prior to receipt of a USEPA objection under this subsection in response to a petition submitted pursuant to paragraph e of this subsection, the Agency may, upon receipt of an objection from USEPA, revise and resubmit the permit to USEPA pursuant to this subsection after providing a 10-day comment period in accordance with paragraph c of this subsection. If the Agency fails to submit a revised permit in response to the objection, USEPA shall modify, terminate or revoke the permit. In any case, the source will not be in violation of the requirement to have submitted a timely and complete application.

h. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

a. The Agency shall issue a CAAPP permit, permit modification, or permit renewal if all of the following conditions are met:

i. The applicant has submitted a complete and certified application for a permit, permit modification, or permit renewal consistent with subsections 5 and 14 of this Section, as applicable, and applicable regulations.

ii. The applicant has submitted with its complete application an approvable compliance plan, including a schedule for achieving compliance, consistent with subsection 5 of this Section and applicable regulations.

iii. The applicant has timely paid the fees required pursuant to subsection 18 of this Section and applicable regulations.

iv. The Agency has received a complete CAAPP application and, if necessary, has requested and received

New matter indicated by italics - deletions by strikeout
additional information from the applicant consistent with subsection 5 of this Section and applicable regulations.

v. The Agency has complied with all applicable provisions regarding public notice and affected State review consistent with subsection 8 of this Section and applicable regulations.

vi. The Agency has provided a copy of each CAAPP application, or summary thereof, pursuant to agreement with USEPA and proposed CAAPP permit required under subsection 9 of this Section to USEPA, and USEPA has not objected to the issuance of the permit in accordance with the Clean Air Act and 40 CFR Part 70.

b. The Agency shall have the authority to deny a CAAPP permit, permit modification, or permit renewal if the applicant has not complied with the requirements of subparagraphs (i) through (iv) of paragraph (a) of this subsection or if USEPA objects to its issuance.

c. i. Prior to denial of a CAAPP permit, permit modification, or permit renewal under this Section, the Agency shall notify the applicant of the possible denial and the reasons for the denial.

   ii. Within such notice, the Agency shall specify an appropriate date by which the applicant shall adequately respond to the Agency's notice. Such date shall not exceed 15 days from the date the notification is received by the applicant. The Agency may grant a reasonable extension for good cause shown.

   iii. Failure by the applicant to adequately respond by the date specified in the notification or by any granted extension date shall be grounds for denial of the permit.

   For purposes of obtaining judicial review under Sections 40.2 and 41 of this Act, the Agency shall provide to USEPA and each applicant, and, upon request, to affected States, any person who participated in the public comment process, and any other person who could obtain judicial review under Sections 40.2 and 41 of this Act, a copy of each CAAPP permit or notification of denial pertaining to that party.
d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

11. General Permits.

a. The Agency may issue a general permit covering numerous similar sources, except for affected sources for acid deposition unless otherwise provided in regulations promulgated under Title IV of the Clean Air Act.

b. The Agency shall identify, in any general permit, criteria by which sources may qualify for the general permit.

c. CAAPP sources that would qualify for a general permit must apply for coverage under the terms of the general permit or must apply for a CAAPP permit consistent with subsection 5 of this Section and applicable regulations.

d. The Agency shall comply with the public comment and hearing provisions of this Section as well as the USEPA and affected State review procedures prior to issuance of a general permit.

e. When granting a subsequent request by a qualifying CAAPP source for coverage under the terms of a general permit, the Agency shall not be required to repeat the public notice and comment procedures. The granting of such request shall not be considered a final permit action for purposes of judicial review.

f. The Agency may not issue a general permit to cover any discrete emission unit at a CAAPP source if another CAAPP permit covers emission units at the source.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

12. Operational Flexibility.

a. An owner or operator of a CAAPP source may make changes at the CAAPP source without requiring a prior permit revision, consistent with subparagraphs (i) through (iii) of paragraph (a) of this subsection, so long as the changes are not modifications under any provision of Title I of the Clean Air Act and they do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions), provided that the owner or operator of the CAAPP source provides USEPA and the Agency with written notification.

New matter indicated by italics - deletions by strikeout
as required below in advance of the proposed changes, which shall be a minimum of 7 days, unless otherwise provided by the Agency in applicable regulations regarding emergencies. The owner or operator of a CAAPP source and the Agency shall each attach such notice to their copy of the relevant permit.

i. An owner or operator of a CAAPP source may make Section 502 (b) (10) changes without a permit revision, if the changes are not modifications under any provision of Title I of the Clean Air Act and the changes do not exceed the emissions allowable under the permit (whether expressed therein as a rate of emissions or in terms of total emissions).

A. For each such change, the written notification required above shall include a brief description of the change within the source, the date on which the change will occur, any change in emissions, and any permit term or condition that is no longer applicable as a result of the change.

B. The permit shield described in paragraph (j) of subsection 7 of this Section shall not apply to any change made pursuant to this subparagraph.

ii. An owner or operator of a CAAPP source may trade increases and decreases in emissions in the CAAPP source, where the applicable implementation plan provides for such emission trades without requiring a permit revision. This provision is available in those cases where the permit does not already provide for such emissions trading.

A. Under this subparagraph (ii) of paragraph (a) of this subsection, the written notification required above shall include such information as may be required by the provision in the applicable implementation plan authorizing the emissions trade, including at a minimum, when the proposed changes will occur, a description of each such change, any change in emissions, the permit requirements with which the source will comply using the emissions trading provisions of the applicable implementation plan, and the pollutants

New matter indicated by italics - deletions by strikeout
emitted subject to the emissions trade. The notice shall also refer to the provisions in the applicable implementation plan with which the source will comply and provide for the emissions trade.

B. The permit shield described in paragraph (j) of subsection 7 of this Section shall not apply to any change made pursuant to subparagraph (ii) of paragraph (a) of this subsection. Compliance with the permit requirements that the source will meet using the emissions trade shall be determined according to the requirements of the applicable implementation plan authorizing the emissions trade.

iii. If requested within a CAAPP application, the Agency shall issue a CAAPP permit which contains terms and conditions, including all terms required under subsection 7 of this Section to determine compliance, allowing for the trading of emissions increases and decreases at the CAAPP source solely for the purpose of complying with a federally-enforceable emissions cap that is established in the permit independent of otherwise applicable requirements. The owner or operator of a CAAPP source shall include in its CAAPP application proposed replicable procedures and permit terms that ensure the emissions trades are quantifiable and enforceable. The permit shall also require compliance with all applicable requirements.

A. Under this subparagraph (iii) of paragraph (a), the written notification required above shall state when the change will occur and shall describe the changes in emissions that will result and how these increases and decreases in emissions will comply with the terms and conditions of the permit.

B. The permit shield described in paragraph (j) of subsection 7 of this Section shall extend to terms and conditions that allow such increases and decreases in emissions.

New matter indicated by italics - deletions by strikeout
b. An owner or operator of a CAAPP source may make changes that are not addressed or prohibited by the permit, other than those which are subject to any requirements under Title IV of the Clean Air Act or are modifications under any provisions of Title I of the Clean Air Act, without a permit revision, in accordance with the following requirements:

(i) Each such change shall meet all applicable requirements and shall not violate any existing permit term or condition;

(ii) Sources must provide contemporaneous written notice to the Agency and USEPA of each such change, except for changes that qualify as insignificant under provisions adopted by the Agency or the Board. Such written notice shall describe each such change, including the date, any change in emissions, pollutants emitted, and any applicable requirement that would apply as a result of the change;

(iii) The change shall not qualify for the shield described in paragraph (j) of subsection 7 of this Section; and

(iv) The permittee shall keep a record describing changes made at the source that result in emissions of a regulated air pollutant subject to an applicable Clean Air Act requirement, but not otherwise regulated under the permit, and the emissions resulting from those changes.

c. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

13. Administrative Permit Amendments.

a. The Agency shall take final action on a request for an administrative permit amendment within 60 days after receipt of the request. Neither notice nor an opportunity for public and affected State comment shall be required for the Agency to incorporate such revisions, provided it designates the permit revisions as having been made pursuant to this subsection.

b. The Agency shall submit a copy of the revised permit to USEPA.
c. For purposes of this Section the term "administrative permit amendment" shall be defined as a permit revision that can accomplish one or more of the changes described below:
   i. Corrects typographical errors;
   ii. Identifies a change in the name, address, or phone number of any person identified in the permit, or provides a similar minor administrative change at the source;
   iii. Requires more frequent monitoring or reporting by the permittee;
   iv. Allows for a change in ownership or operational control of a source where the Agency determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittees has been submitted to the Agency;
   v. Incorporates into the CAAPP permit the requirements from preconstruction review permits authorized under a USEPA-approved program, provided the program meets procedural and compliance requirements substantially equivalent to those contained in this Section;
   vi. (Blank); or
   vii. Any other type of change which USEPA has determined as part of the approved CAAPP permit program to be similar to those included in this subsection.

d. The Agency shall, upon taking final action granting a request for an administrative permit amendment, allow coverage by the permit shield in paragraph (j) of subsection 7 of this Section for administrative permit amendments made pursuant to subparagraph (v) of paragraph (c) of this subsection which meet the relevant requirements for significant permit modifications.

e. Permit revisions and modifications, including administrative amendments and automatic amendments (pursuant to Sections 408(b) and 403(d) of the Clean Air Act or regulations promulgated thereunder), for purposes of the acid rain portion of the permit shall be governed by the regulations promulgated under Title IV of the Clean Air Act. Owners or operators of affected sources for acid deposition shall have the flexibility to amend their

compliance plans as provided in the regulations promulgated under Title IV of the Clean Air Act.

f. The CAAPP source may implement the changes addressed in the request for an administrative permit amendment immediately upon submittal of the request.

g. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

14. Permit Modifications.

a. Minor permit modification procedures.
   i. The Agency shall review a permit modification using the "minor permit" modification procedures only for those permit modifications that:
      A. Do not violate any applicable requirement;
      B. Do not involve significant changes to existing monitoring, reporting, or recordkeeping requirements in the permit;
      C. Do not require a case-by-case determination of an emission limitation or other standard, or a source-specific determination of ambient impacts, or a visibility or increment analysis;
      D. Do not seek to establish or change a permit term or condition for which there is no corresponding underlying requirement and which avoids an applicable requirement to which the source would otherwise be subject. Such terms and conditions include:
         1. A federally enforceable emissions cap assumed to avoid classification as a modification under any provision of Title I of the Clean Air Act; and
         2. An alternative emissions limit approved pursuant to regulations promulgated under Section 112(i)(5) of the Clean Air Act;
      E. Are not modifications under any provision of Title I of the Clean Air Act; and

New matter indicated by italics - deletions by strikeout
F. Are not required to be processed as a significant modification.

ii. Notwithstanding subparagraph (i) of paragraph (a) and subparagraph (ii) of paragraph (b) of this subsection, minor permit modification procedures may be used for permit modifications involving the use of economic incentives, marketable permits, emissions trading, and other similar approaches, to the extent that such minor permit modification procedures are explicitly provided for in an applicable implementation plan or in applicable requirements promulgated by USEPA.

iii. An applicant requesting the use of minor permit modification procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:

A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs;

B. The source's suggested draft permit;

C. Certification by a responsible official, consistent with paragraph (e) of subsection 5 of this Section and applicable regulations, that the proposed modification meets the criteria for use of minor permit modification procedures and a request that such procedures be used; and

D. Completed forms for the Agency to use to notify USEPA and affected States as required under subsections 8 and 9 of this Section.

iv. Within 5 working days after receipt of a complete permit modification application, the Agency shall notify USEPA and affected States of the requested permit modification in accordance with subsections 8 and 9 of this Section. The Agency promptly shall send any notice required under paragraph (d) of subsection 8 of this Section to USEPA.

v. The Agency may not issue a final permit modification until after the 45-day review period for USEPA or until USEPA has notified the Agency that
USEPA will not object to the issuance of the permit modification, whichever comes first, although the Agency can approve the permit modification prior to that time. Within 90 days after the Agency's receipt of an application under the minor permit modification procedures or 15 days after the end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later, the Agency shall:

A. Issue the permit modification as proposed;
B. Deny the permit modification application;
C. Determine that the requested modification does not meet the minor permit modification criteria and should be reviewed under the significant modification procedures; or
D. Revise the draft permit modification and transmit to USEPA the new proposed permit modification as required by subsection 9 of this Section.

vi. Any CAAPP source may make the change proposed in its minor permit modification application immediately after it files such application. After the CAAPP source makes the change allowed by the preceding sentence, and until the Agency takes any of the actions specified in items (A) through (C) of subparagraph (v) of paragraph (a) of this subsection, the source must comply with both the applicable requirements governing the change and the proposed permit terms and conditions. During this time period, the source need not comply with the existing permit terms and conditions it seeks to modify. If the source fails to comply with its proposed permit terms and conditions during this time period, the existing permit terms and conditions which it seeks to modify may be enforced against it.

vii. The permit shield under paragraph (j) of subsection 7 of this Section may not extend to minor permit modifications.

viii. If a construction permit is required, pursuant to subsection (a) of Section 39 of this Act and regulations

New matter indicated by italics - deletions by strikeout
thereunder, for a change for which the minor permit modification procedures are applicable, the source may request that the processing of the construction permit application be consolidated with the processing of the application for the minor permit modification. In such cases, the provisions of this Section, including those within subsections 5, 8, and 9, shall apply and the Agency shall act on such applications pursuant to subparagraph (v) of paragraph (a) of subsection 14 of this Section. The source may make the proposed change immediately after filing its application for the minor permit modification. Nothing in this subparagraph shall otherwise affect the requirements and procedures applicable to construction permits.

b. Group Processing of Minor Permit Modifications.
   i. Where requested by an applicant within its application, the Agency shall process groups of a source's applications for certain modifications eligible for minor permit modification processing in accordance with the provisions of this paragraph (b).
   ii. Permit modifications may be processed in accordance with the procedures for group processing, for those modifications:
      A. Which meet the criteria for minor permit modification procedures under subparagraph (i) of paragraph (a) of subsection 14 of this Section; and
      B. That collectively are below 10 percent of the emissions allowed by the permit for the emissions unit for which change is requested, 20 percent of the applicable definition of major source set forth in subsection 2 of this Section, or 5 tons per year, whichever is least.
   iii. An applicant requesting the use of group processing procedures shall meet the requirements of subsection 5 of this Section and shall include the following in its application:
      A. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs.

New matter indicated by italics - deletions by strikeout
B. The source's suggested draft permit.

C. Certification by a responsible official consistent with paragraph (e) of subsection 5 of this Section, that the proposed modification meets the criteria for use of group processing procedures and a request that such procedures be used.

D. A list of the source's other pending applications awaiting group processing, and a determination of whether the requested modification, aggregated with these other applications, equals or exceeds the threshold set under item (B) of subparagraph (ii) of paragraph (b) of this subsection.

E. Certification, consistent with paragraph (e) of subsection 5 of this Section, that the source has notified USEPA of the proposed modification. Such notification need only contain a brief description of the requested modification.

F. Completed forms for the Agency to use to notify USEPA and affected states as required under subsections 8 and 9 of this Section.

iv. On a quarterly basis or within 5 business days after receipt of an application demonstrating that the aggregate of a source's pending applications equals or exceeds the threshold level set forth within item (B) of subparagraph (ii) of paragraph (b) of this subsection, whichever is earlier, the Agency shall promptly notify USEPA and affected States of the requested permit modifications in accordance with subsections 8 and 9 of this Section. The Agency shall send any notice required under paragraph (d) of subsection 8 of this Section to USEPA.

v. The provisions of subparagraph (v) of paragraph (a) of this subsection shall apply to modifications eligible for group processing, except that the Agency shall take one of the actions specified in items (A) through (D) of subparagraph (v) of paragraph (a) of this subsection within 180 days after receipt of the application or 15 days after the
end of USEPA's 45-day review period under subsection 9 of this Section, whichever is later.

vi. The provisions of subparagraph (vi) of paragraph (a) of this subsection shall apply to modifications for group processing.

vii. The provisions of paragraph (j) of subsection 7 of this Section shall not apply to modifications eligible for group processing.

c. Significant Permit Modifications.
   i. Significant modification procedures shall be used for applications requesting significant permit modifications and for those applications that do not qualify as either minor permit modifications or as administrative permit amendments.

   ii. Every significant change in existing monitoring permit terms or conditions and every relaxation of reporting or recordkeeping requirements shall be considered significant. A modification shall also be considered significant if in the judgment of the Agency action on an application for modification would require decisions to be made on technically complex issues. Nothing herein shall be construed to preclude the permittee from making changes consistent with this Section that would render existing permit compliance terms and conditions irrelevant.

   iii. Significant permit modifications must meet all the requirements of this Section, including those for applications (including completeness review), public participation, review by affected States, and review by USEPA applicable to initial permit issuance and permit renewal. The Agency shall take final action on significant permit modifications within 9 months after receipt of a complete application.

d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

15. Reopenings for Cause by the Agency.
   a. Each issued CAAPP permit shall include provisions specifying the conditions under which the permit will be reopened prior to the expiration of the permit. Such revisions shall be made
as expeditiously as practicable. A CAAPP permit shall be reopened and revised under any of the following circumstances, in accordance with procedures adopted by the Agency:

i. Additional requirements under the Clean Air Act become applicable to a major CAAPP source for which 3 or more years remain on the original term of the permit. Such a reopening shall be completed not later than 18 months after the promulgation of the applicable requirement. No such revision is required if the effective date of the requirement is later than the date on which the permit is due to expire.

ii. Additional requirements (including excess emissions requirements) become applicable to an affected source for acid deposition under the acid rain program. Excess emissions offset plans shall be deemed to be incorporated into the permit upon approval by USEPA.

iii. The Agency or USEPA determines that the permit contains a material mistake or that inaccurate statements were made in establishing the emissions standards, limitations, or other terms or conditions of the permit.

iv. The Agency or USEPA determines that the permit must be revised or revoked to assure compliance with the applicable requirements.

b. In the event that the Agency determines that there are grounds for revoking a CAAPP permit, for cause, consistent with paragraph a of this subsection, it shall file a petition before the Board setting forth the basis for such revocation. In any such proceeding, the Agency shall have the burden of establishing that the permit should be revoked under the standards set forth in this Act and the Clean Air Act. Any such proceeding shall be conducted pursuant to the Board's procedures for adjudicatory hearings and the Board shall render its decision within 120 days of the filing of the petition. The Agency shall take final action to revoke and reissue a CAAPP permit consistent with the Board's order.

c. Proceedings regarding a reopened CAAPP permit shall follow the same procedures as apply to initial permit issuance and
shall affect only those parts of the permit for which cause to reopen exists.

d. Reopenings under paragraph (a) of this subsection shall not be initiated before a notice of such intent is provided to the CAAPP source by the Agency at least 30 days in advance of the date that the permit is to be reopened, except that the Agency may provide a shorter time period in the case of an emergency.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

16. Reopenings for Cause by USEPA.

a. When USEPA finds that cause exists to terminate, modify, or revoke and reissue a CAAPP permit pursuant to subsection 15 of this Section, and thereafter notifies the Agency and the permittee of such finding in writing, the Agency shall forward to USEPA and the permittee a proposed determination of termination, modification, or revocation and reissuance as appropriate, in accordance with paragraph (b) of this subsection. The Agency's proposed determination shall be in accordance with the record, the Clean Air Act, regulations promulgated thereunder, this Act and regulations promulgated thereunder. Such proposed determination shall not affect the permit or constitute a final permit action for purposes of this Act or the Administrative Review Law. The Agency shall forward to USEPA such proposed determination within 90 days after receipt of the notification from USEPA. If additional time is necessary to submit the proposed determination, the Agency shall request a 90-day extension from USEPA and shall submit the proposed determination within 180 days after receipt of notification from USEPA.

b. i. Prior to the Agency's submittal to USEPA of a proposed determination to terminate or revoke and reissue the permit, the Agency shall file a petition before the Board setting forth USEPA's objection, the permit record, the Agency's proposed determination, and the justification for its proposed determination. The Board shall conduct a hearing pursuant to the rules prescribed by Section 32 of this Act, and the burden of proof shall be on the Agency.

ii. After due consideration of the written and oral statements, the testimony and arguments that shall be

submitted at hearing, the Board shall issue and enter an interim order for the proposed determination, which shall set forth all changes, if any, required in the Agency's proposed determination. The interim order shall comply with the requirements for final orders as set forth in Section 33 of this Act. Issuance of an interim order by the Board under this paragraph, however, shall not affect the permit status and does not constitute a final action for purposes of this Act or the Administrative Review Law.

iii. The Board shall cause a copy of its interim order to be served upon all parties to the proceeding as well as upon USEPA. The Agency shall submit the proposed determination to USEPA in accordance with the Board's Interim Order within 180 days after receipt of the notification from USEPA.

c. USEPA shall review the proposed determination to terminate, modify, or revoke and reissue the permit within 90 days after receipt.

i. When USEPA reviews the proposed determination to terminate or revoke and reissue and does not object, the Board shall, within 7 days after receipt of USEPA's final approval, enter the interim order as a final order. The final order may be appealed as provided by Title XI of this Act. The Agency shall take final action in accordance with the Board's final order.

ii. When USEPA reviews such proposed determination to terminate or revoke and reissue and objects, the Agency shall submit USEPA's objection and the Agency's comments and recommendation on the objection to the Board and permittee. The Board shall review its interim order in response to USEPA's objection and the Agency's comments and recommendation and issue a final order in accordance with Sections 32 and 33 of this Act. The Agency shall, within 90 days after receipt of such objection, respond to USEPA's objection in accordance with the Board's final order.

iii. When USEPA reviews such proposed determination to modify and objects, the Agency shall, within 90 days after receipt of the objection, resolve the

objection and modify the permit in accordance with
USEPA's objection, based upon the record, the Clean Air
Act, regulations promulgated thereunder, this Act, and
regulations promulgated thereunder.

d. If the Agency fails to submit the proposed determination
pursuant to paragraph a of this subsection or fails to resolve any
USEPA objection pursuant to paragraph c of this subsection,
USEPA will terminate, modify, or revoke and reissue the permit.
e. The Agency shall have the authority to adopt procedural
rules, in accordance with the Illinois Administrative Procedure Act,
as the Agency deems necessary, to implement this subsection.

17. Title IV; Acid Rain Provisions.

a. The Agency shall act on initial CAAPP applications for
affected sources for acid deposition in accordance with this Section
and Title V of the Clean Air Act and regulations promulgated
thereunder, except as modified by Title IV of the Clean Air Act
and regulations promulgated thereunder. The Agency shall issue
initial CAAPP permits to the affected sources for acid deposition
which shall become effective no earlier than January 1, 1995, and
which shall terminate on December 31, 1999, in accordance with
this Section. Subsequent CAAPP permits issued to affected
sources for acid deposition shall be issued for a fixed term of 5
years. Title IV of the Clean Air Act and regulations promulgated
thereunder, including but not limited to 40 C.F.R. Part 72, as now
or hereafter amended, are applicable to and enforceable under this
Act.

b. A designated representative of an affected source for acid
deposition shall submit a timely and complete Phase II acid rain
permit application and compliance plan to the Agency, not later
than January 1, 1996, that meets the requirements of Titles IV and
V of the Clean Air Act and regulations. The Agency shall act on
the Phase II acid rain permit application and compliance plan in
accordance with this Section and Title V of the Clean Air Act and
regulations promulgated thereunder, except as modified by Title IV
of the Clean Air Act and regulations promulgated thereunder. The
Agency shall issue the Phase II acid rain permit to an affected
source for acid deposition no later than December 31, 1997, which
shall become effective on January 1, 2000, in accordance with this
Section, except as modified by Title IV and regulations

promulgated thereunder; provided that the designated representative of the source submitted a timely and complete Phase II permit application and compliance plan to the Agency that meets the requirements of Title IV and V of the Clean Air Act and regulations.

c. Each Phase II acid rain permit issued in accordance with this subsection shall have a fixed term of 5 years. Except as provided in paragraph b above, the Agency shall issue or deny a Phase II acid rain permit within 18 months of receiving a complete Phase II permit application and compliance plan.

d. A designated representative of a new unit, as defined in Section 402 of the Clean Air Act, shall submit a timely and complete Phase II acid rain permit application and compliance plan that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall act on the new unit's Phase II acid rain permit application and compliance plan in accordance with this Section and Title V of the Clean Air Act and its regulations, except as modified by Title IV of the Clean Air Act and its regulations. The Agency shall reopen the new unit's CAAPP permit for cause to incorporate the approved Phase II acid rain permit in accordance with this Section. The Phase II acid rain permit for the new unit shall become effective no later than the date required under Title IV of the Clean Air Act and its regulations.

e. A designated representative of an affected source for acid deposition shall submit a timely and complete Title IV NOx permit application to the Agency, not later than January 1, 1998, that meets the requirements of Titles IV and V of the Clean Air Act and its regulations. The Agency shall reopen the Phase II acid rain permit for cause and incorporate the approved NOx provisions into the Phase II acid rain permit not later than January 1, 1999, in accordance with this Section, except as modified by Title IV of the Clean Air Act and regulations promulgated thereunder. Such reopening shall not affect the term of the Phase II acid rain permit.

f. The designated representative of the affected source for acid deposition shall renew the initial CAAPP permit and Phase II acid rain permit in accordance with this Section and Title V of the Clean Air Act and regulations promulgated thereunder, except as

modified by Title IV of the Clean Air Act and regulations promulgated thereunder.

g. In the case of an affected source for acid deposition for which a complete Phase II acid rain permit application and compliance plan are timely received under this subsection, the complete permit application and compliance plan, including amendments thereto, shall be binding on the owner, operator and designated representative, all affected units for acid deposition at the affected source, and any other unit, as defined in Section 402 of the Clean Air Act, governed by the Phase II acid rain permit application and shall be enforceable as an acid rain permit for purposes of Titles IV and V of the Clean Air Act, from the date of submission of the acid rain permit application until a Phase II acid rain permit is issued or denied by the Agency.

h. The Agency shall not include or implement any measure which would interfere with or modify the requirements of Title IV of the Clean Air Act or regulations promulgated thereunder.

i. Nothing in this Section shall be construed as affecting allowances or USEPA's decision regarding an excess emissions offset plan, as set forth in Title IV of the Clean Air Act or regulations promulgated thereunder.

i. No permit revision shall be required for increases in emissions that are authorized by allowances acquired pursuant to the acid rain program, provided that such increases do not require a permit revision under any other applicable requirement.

ii. No limit shall be placed on the number of allowances held by the source. The source may not, however, use allowances as a defense to noncompliance with any other applicable requirement.

iii. Any such allowance shall be accounted for according to the procedures established in regulations promulgated under Title IV of the Clean Air Act.

j. To the extent that the federal regulations promulgated under Title IV, including but not limited to 40 C.F.R. Part 72, as now or hereafter amended, are inconsistent with the federal regulations promulgated under Title V, the federal regulations promulgated under Title IV shall take precedence.
k. The USEPA may intervene as a matter of right in any permit appeal involving a Phase II acid rain permit provision or denial of a Phase II acid rain permit.

l. It is unlawful for any owner or operator to violate any terms or conditions of a Phase II acid rain permit issued under this subsection, to operate any affected source for acid deposition except in compliance with a Phase II acid rain permit issued by the Agency under this subsection, or to violate any other applicable requirements.

m. The designated representative of an affected source for acid deposition shall submit to the Agency the data and information submitted quarterly to USEPA, pursuant to 40 CFR 75.64, concurrently with the submission to USEPA. The submission shall be in the same electronic format as specified by USEPA.

n. The Agency shall act on any petition for exemption of a new unit or retired unit, as those terms are defined in Section 402 of the Clean Air Act, from the requirements of the acid rain program in accordance with Title IV of the Clean Air Act and its regulations.

o. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

a. A source subject to this Section or excluded under subsection 1.1 or paragraph (c) of subsection 3 of this Section, shall pay a fee as provided in this paragraph (a) of subsection 18. However, a source that has been excluded from the provisions of this Section under subsection 1.1 or under paragraph (c) of subsection 3 of this Section because the source emits less than 25 tons per year of any combination of regulated air pollutants, except greenhouse gases, shall pay fees in accordance with paragraph (1) of subsection (b) of Section 9.6.

i. The fee for a source allowed to emit less than 100 tons per year of any combination of regulated air pollutants, except greenhouse gases, shall be $1,800 per year, and that fee shall increase, beginning January 1, 2012, to $2,150 per year.

New matter indicated by italics - deletions by strikeout
ii. The fee for a source allowed to emit 100 tons or more per year of any combination of regulated air pollutants, except greenhouse gases and those regulated air pollutants excluded in paragraph (f) of this subsection 18, shall be as follows:

A. The Agency shall assess a fee of $18 per ton, per year for the allowable emissions of regulated air pollutants subject to this subparagraph (ii) of paragraph (a) of subsection 18, and that fee shall increase, beginning January 1, 2012, to $21.50 per ton, per year. These fees shall be used by the Agency and the Board to fund the activities required by Title V of the Clean Air Act including such activities as may be carried out by other State or local agencies pursuant to paragraph (d) of this subsection. The amount of such fee shall be based on the information supplied by the applicant in its complete CAAPP permit application or in the CAAPP permit if the permit has been granted and shall be determined by the amount of emissions that the source is allowed to emit annually, provided however, that the maximum fee for a CAAPP permit under this subparagraph (ii) of paragraph (a) of subsection 18 is $250,000, and increases, beginning January 1, 2012, to $294,000. Beginning January 1, 2012, the maximum fee under this subparagraph (ii) of paragraph (a) of subsection 18 for a source that has been excluded under subsection 1.1 of this Section or under paragraph (c) of subsection 3 of this Section is $4,112. The Agency shall provide as part of the permit application form required under subsection 5 of this Section a separate fee calculation form which will allow the applicant to identify the allowable emissions and calculate the fee. In no event shall the Agency raise the amount of allowable emissions requested by the applicant unless such increases are required to demonstrate compliance with terms of a CAAPP permit.

New matter indicated by italics - deletions by strikeout
Notwithstanding the above, any applicant may seek a change in its permit which would result in increases in allowable emissions due to an increase in the hours of operation or production rates of an emission unit or units and such a change shall be consistent with the construction permit requirements of the existing State permit program, under subsection (a) of Section 39 of this Act and applicable provisions of this Section. Where a construction permit is required, the Agency shall expeditiously grant such construction permit and shall, if necessary, modify the CAAPP permit based on the same application.

B. The applicant or permittee may pay the fee annually or semiannually for those fees greater than $5,000. However, any applicant paying a fee equal to or greater than $100,000 shall pay the full amount on July 1, for the subsequent fiscal year, or pay 50% of the fee on July 1 and the remaining 50% by the next January 1. The Agency may change any annual billing date upon reasonable notice, but shall prorate the new bill so that the permittee or applicant does not pay more than its required fees for the fee period for which payment is made.

b. (Blank).
c. (Blank).
d. There is hereby created in the State Treasury a special fund to be known as the Clean Air Act Permit Fund (formerly known as the CAA Permit Fund). All Funds collected by the Agency pursuant to this subsection shall be deposited into the Fund. The General Assembly shall appropriate monies from this Fund to the Agency and to the Board to carry out their obligations under this Section. The General Assembly may also authorize monies to be granted by the Agency from this Fund to other State and local agencies which perform duties related to the CAAPP. Interest generated on the monies deposited in this Fund shall be returned to the Fund.

e. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary to implement this subsection.

f. For purposes of this subsection, the term "regulated air pollutant" shall have the meaning given to it under subsection 1 of this Section but shall exclude the following:
   i. carbon monoxide;
   ii. any Class I or II substance which is a regulated air pollutant solely because it is listed pursuant to Section 602 of the Clean Air Act; and
   iii. any pollutant that is a regulated air pollutant solely because it is subject to a standard or regulation under Section 112(r) of the Clean Air Act based on the emissions allowed in the permit effective in that calendar year, at the time the applicable bill is generated.

a. In the event that the USEPA fails to promulgate in a timely manner a standard pursuant to Section 112(d) of the Clean Air Act, the Agency shall have the authority to issue permits, pursuant to Section 112(j) of the Clean Air Act and regulations promulgated thereunder, which contain emission limitations which are equivalent to the emission limitations that would apply to a source if an emission standard had been promulgated in a timely manner by USEPA pursuant to Section 112(d). Provided, however, that the owner or operator of a source shall have the opportunity to submit to the Agency a proposed emission limitation which it determines to be equivalent to the emission limitations that would apply to such source if an emission standard had been promulgated in a timely manner by USEPA. If the Agency refuses to include the emission limitation proposed by the owner or operator in a CAAPP permit, the owner or operator may petition the Board to establish whether the emission limitation proposal submitted by the owner or operator provides for emission limitations which are equivalent to the emission limitations that would apply to the source if the emission standard had been promulgated by USEPA in a timely manner. The Board shall determine whether the emission limitation proposed by the owner or operator or an alternative emission limitation proposed by the Agency provides for the level of control required under Section 112 of the Clean Air Act, or shall otherwise

New matter indicated by italics - deletions by strikeout
establish an appropriate emission limitation, pursuant to Section 112 of the Clean Air Act.

b. Any Board proceeding brought under paragraph (a) or (e) of this subsection shall be conducted according to the Board's procedures for adjudicatory hearings and the Board shall render its decision within 120 days of the filing of the petition. Any such decision shall be subject to review pursuant to Section 41 of this Act. Where USEPA promulgates an applicable emission standard prior to the issuance of the CAAPP permit, the Agency shall include in the permit the promulgated standard, provided that the source shall have the compliance period provided under Section 112(i) of the Clean Air Act. Where USEPA promulgates an applicable standard subsequent to the issuance of the CAAPP permit, the Agency shall revise such permit upon the next renewal to reflect the promulgated standard, providing a reasonable time for the applicable source to comply with the standard, but no longer than 8 years after the date on which the source is first required to comply with the emissions limitation established under this subsection.

c. The Agency shall have the authority to implement and enforce complete or partial emission standards promulgated by USEPA pursuant to Section 112(d), and standards promulgated by USEPA pursuant to Sections 112(f), 112(h), 112(m), and 112(n), and may accept delegation of authority from USEPA to implement and enforce Section 112(l) and requirements for the prevention and detection of accidental releases pursuant to Section 112(r) of the Clean Air Act.

d. The Agency shall have the authority to issue permits pursuant to Section 112(i)(5) of the Clean Air Act.

e. The Agency has the authority to implement Section 112(g) of the Clean Air Act consistent with the Clean Air Act and federal regulations promulgated thereunder. If the Agency refuses to include the emission limitations proposed in an application submitted by an owner or operator for a case-by-case maximum achievable control technology (MACT) determination, the owner or operator may petition the Board to determine whether the emission limitation proposed by the owner or operator or an alternative emission limitation proposed by the Agency provides for a level of control required by Section 112 of the Clean Air Act,

or to otherwise establish an appropriate emission limitation under Section 112 of the Clean Air Act.

   a. For purposes of this subsection:
      "Program" is the Small Business Stationary Source Technical and Environmental Compliance Assistance Program created within this State pursuant to Section 507 of the Clean Air Act and guidance promulgated thereunder, to provide technical assistance and compliance information to small business stationary sources;
      "Small Business Assistance Program" is a component of the Program responsible for providing sufficient communications with small businesses through the collection and dissemination of information to small business stationary sources; and
      "Small Business Stationary Source" means a stationary source that:
         1. is owned or operated by a person that employs 100 or fewer individuals;
         2. is a small business concern as defined in the "Small Business Act";
         3. is not a major source as that term is defined in subsection 2 of this Section;
         4. does not emit 50 tons or more per year of any regulated air pollutant, except greenhouse gases; and
         5. emits less than 75 tons per year of all regulated pollutants, except greenhouse gases.
   b. The Agency shall adopt and submit to USEPA, after reasonable notice and opportunity for public comment, as a revision to the Illinois state implementation plan, plans for establishing the Program.
   c. The Agency shall have the authority to enter into such contracts and agreements as the Agency deems necessary to carry out the purposes of this subsection.
   d. The Agency may establish such procedures as it may deem necessary for the purposes of implementing and executing its responsibilities under this subsection.
   e. There shall be appointed a Small Business Ombudsman (hereinafter in this subsection referred to as "Ombudsman") to monitor the Small Business Assistance Program. The Ombudsman

New matter indicated by italics - deletions by strikeout
shall be a nonpartisan designated official, with the ability to independently assess whether the goals of the Program are being met.

f. The State Ombudsman Office shall be located in an existing Ombudsman office within the State or in any State Department.

g. There is hereby created a State Compliance Advisory Panel (hereinafter in this subsection referred to as "Panel") for determining the overall effectiveness of the Small Business Assistance Program within this State.

h. The selection of Panel members shall be by the following method:

1. The Governor shall select two members who are not owners or representatives of owners of small business stationary sources to represent the general public;
2. The Director of the Agency shall select one member to represent the Agency; and
3. The State Legislature shall select four members who are owners or representatives of owners of small business stationary sources. Both the majority and minority leadership in both Houses of the Legislature shall appoint one member of the panel.

i. Panel members should serve without compensation but will receive full reimbursement for expenses including travel and per diem as authorized within this State.

j. The Panel shall select its own Chair by a majority vote. The Chair may meet and consult with the Ombudsman and the head of the Small Business Assistance Program in planning the activities for the Panel.

21. Temporary Sources.

a. The Agency may issue a single permit authorizing emissions from similar operations by the same source owner or operator at multiple temporary locations, except for sources which are affected sources for acid deposition under Title IV of the Clean Air Act.

b. The applicant must demonstrate that the operation is temporary and will involve at least one change of location during the term of the permit.
c. Any such permit shall meet all applicable requirements of this Section and applicable regulations, and include conditions assuring compliance with all applicable requirements at all authorized locations and requirements that the owner or operator notify the Agency at least 10 days in advance of each change in location.

22. Solid Waste Incineration Units.
   a. A CAAPP permit for a solid waste incineration unit combusting municipal waste subject to standards promulgated under Section 129(e) of the Clean Air Act shall be issued for a period of 12 years and shall be reviewed every 5 years, unless the Agency requires more frequent review through Agency procedures.
   b. During the review in paragraph (a) of this subsection, the Agency shall fully review the previously submitted CAAPP permit application and corresponding reports subsequently submitted to determine whether the source is in compliance with all applicable requirements.
   c. If the Agency determines that the source is not in compliance with all applicable requirements it shall revise the CAAPP permit as appropriate.
   d. The Agency shall have the authority to adopt procedural rules, in accordance with the Illinois Administrative Procedure Act, as the Agency deems necessary, to implement this subsection.

Sec. 55. Prohibited activities.
(a) No person shall:
   (1) Cause or allow the open dumping of any used or waste tire.
   (2) Cause or allow the open burning of any used or waste tire.
   (3) Except at a tire storage site which contains more than 50 used tires, cause or allow the storage of any used tire unless the tire is altered, reprocessed, converted, covered, or otherwise prevented from accumulating water.
   (4) Cause or allow the operation of a tire storage site except in compliance with Board regulations.

New matter indicated by italics - deletions by strikeout
(5) Abandon, dump or dispose of any used or waste tire on private or public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.

(6) Fail to submit required reports, tire removal agreements, or Board regulations.

(b) (Blank.)

(b-1) No person shall knowingly mix any used or waste tire, either whole or cut, with municipal waste, and no owner or operator of a sanitary landfill shall accept any used or waste tire for final disposal; except that used or waste tires, when separated from other waste, may be accepted if: (1) the sanitary landfill provides and maintains a means for shredding, slitting, or chopping whole tires and so treats whole tires and, if approved by the Agency in a permit issued under this Act, uses the used or waste tires for alternative uses, which may include on-site practices such as lining of roadways with tire scraps, alternative daily cover, or use in a leachate collection system or (2) the sanitary landfill, by its notification to the Illinois Industrial Materials Exchange Service, makes available the used or waste tire to an appropriate facility for reuse, reprocessing, or converting, including use as an alternate energy fuel. If, within 30 days after notification to the Illinois Industrial Materials Exchange Service of the availability of waste tires, no specific request for the used or waste tires is received by the sanitary landfill, and the sanitary landfill determines it has no alternative use for those used or waste tires, the sanitary landfill may dispose of slit, chopped, or shredded used or waste tires in the sanitary landfill. In the event the physical condition of a used or waste tire makes shredding, slitting, chopping, reuse, reprocessing, or other alternative use of the used or waste tire impractical or infeasible, then the sanitary landfill, after authorization by the Agency, may accept the used or waste tire for disposal.

Sanitary landfills and facilities for reuse, reprocessing, or converting, including use as alternative fuel, shall (i) notify the Illinois Industrial Materials Exchange Service of the availability of and demand for used or waste tires and (ii) consult with the Department of Commerce and Economic Opportunity regarding the status of marketing of waste tires to facilities for reuse.

(c) Any person who sells new or used tires at retail or operates a tire storage site or a tire disposal site which contains more than 50 used or waste tires shall give notice of such activity to the Agency. Any person engaging in such activity for the first time after January 1, 1990, shall give notice.
notice to the Agency within 30 days after the date of commencement of
the activity. The form of such notice shall be specified by the Agency and
shall be limited to information regarding the following:

(1) the name and address of the owner and operator;
(2) the name, address and location of the operation;
(3) the type of operations involving used and waste tires
(storage, disposal, conversion or processing); and
(4) the number of used and waste tires present at the
location.
(d) Beginning January 1, 1992, no person shall cause or allow the
operation of:

(1) a tire storage site which contains more than 50 used
tires, unless the owner or operator, by January 1, 1992 (or the
January 1 following commencement of operation, whichever is
later) and January 1 of each year thereafter, (i) registers the site
with the Agency, except that the registration requirement in this
item (i) does not apply in the case of a tire storage site required to
be permitted under subsection (d-5), (ii) certifies to the Agency that
the site complies with any applicable standards adopted by the
Board pursuant to Section 55.2, (iii) reports to the Agency the
number of tires accumulated, the status of vector controls, and the
actions taken to handle and process the tires, and (iv) pays the fee
required under subsection (b) of Section 55.6; or
(2) a tire disposal site, unless the owner or operator (i) has
received approval from the Agency after filing a tire removal
agreement pursuant to Section 55.4, or (ii) has entered into a

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly-May 19, 2017.
Approved-August 11, 2017.
Effective-August 11, 2017.

PUBLIC ACT 100-0104
(Senate Bill No. 1946)

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 3-117.1 and 5-104.3 and by adding Section 3-117.3 as follows:

(a) Except as provided in Chapter 4 and Section 3-117.3 of this Code, a person who possesses a junk vehicle shall within 15 days cause the certificate of title, salvage certificate, certificate of purchase, or a similarly acceptable out-of-state document of ownership to be surrendered to the Secretary of State along with an application for a junking certificate, except as provided in Section 3-117.2, whereupon the Secretary of State shall issue to such a person a junking certificate, which shall authorize the holder thereof to possess, transport, or, by an endorsement, transfer ownership in such junked vehicle, and a certificate of title shall not again be issued for such vehicle.

A licensee who possesses a junk vehicle and a Certificate of Title, Salvage Certificate, Certificate of Purchase, or a similarly acceptable out-of-state document of ownership for such junk vehicle, may transport the junk vehicle to another licensee prior to applying for or obtaining a junking certificate, by executing a uniform invoice. The licensee transferor shall furnish a copy of the uniform invoice to the licensee transferee at the time of transfer. In any case, the licensee transferor shall apply for a
junking certificate in conformance with Section 3-117.1 of this Chapter. The following information shall be contained on a uniform invoice:

1. The business name, address and dealer license number of the person disposing of the vehicle, junk vehicle or vehicle cowl;

2. The name and address of the person acquiring the vehicle, junk vehicle or vehicle cowl, and if that person is a dealer, the Illinois or out-of-state dealer license number of that dealer;

3. The date of the disposition of the vehicle, junk vehicle or vehicle cowl;

4. The year, make, model, color and description of each vehicle, junk vehicle or vehicle cowl disposed of by such person;

5. The manufacturer's vehicle identification number, Secretary of State identification number or Illinois Department of State Police number, for each vehicle, junk vehicle or vehicle cowl part disposed of by such person;

6. The printed name and legible signature of the person or agent disposing of the vehicle, junk vehicle or vehicle cowl; and

7. The printed name and legible signature of the person accepting delivery of the vehicle, junk vehicle or vehicle cowl.

The Secretary of State may certify a junking manifest in a form prescribed by the Secretary of State that reflects those vehicles for which junking certificates have been applied or issued. A junking manifest may be issued to any person and it shall constitute evidence of ownership for the vehicle listed upon it. A junking manifest may be transferred only to a person licensed under Section 5-301 of this Code as a scrap processor. A junking manifest will allow the transportation of those vehicles to a scrap processor prior to receiving the junk certificate from the Secretary of State.

(b) An application for a salvage certificate shall be submitted to the Secretary of State in any of the following situations:

1. When an insurance company makes a payment of damages on a total loss claim for a vehicle, the insurance company shall be deemed to be the owner of such vehicle and the vehicle shall be considered to be salvage except that ownership of (i) a vehicle that has incurred only hail damage that does not affect the operational safety of the vehicle or (ii) any vehicle 9 model years of age or older may, by agreement between the registered owner and the insurance company, be retained by the registered owner of such vehicle. The insurance company shall promptly deliver or

New matter indicated by italics - deletions by strikeout
mail within 20 days the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the insurance company. Notwithstanding the foregoing, an insurer making payment of damages on a total loss claim for the theft of a vehicle shall not be required to apply for a salvage certificate unless the vehicle is recovered and has incurred damage that initially would have caused the vehicle to be declared a total loss by the insurer.

(1.1) When a vehicle of a self-insured company is to be sold in the State of Illinois and has sustained damaged by collision, fire, theft, rust corrosion, or other means so that the self-insured company determines the vehicle to be a total loss, or if the cost of repairing the damage, including labor, would be greater than 50% of its fair market value without that damage, the vehicle shall be considered salvage. The self-insured company shall promptly deliver the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the self-insured company. A self-insured company making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the self-insured shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule, require photographs to be submitted.

(2) When a vehicle the ownership of which has been transferred to any person through a certificate of purchase from acquisition of the vehicle at an auction, other dispositions as set forth in Sections 4-208 and 4-209 of this Code, a lien arising under Section 18a-501 of this Code, or a public sale under the Abandoned Mobile Home Act shall be deemed salvage or junk at the option of the purchaser. The person acquiring such vehicle in such manner shall promptly deliver or mail, within 20 days after the acquisition of the vehicle, the certificate of purchase, the proper application and fee, and, if the vehicle is an abandoned mobile home under the Abandoned Mobile Home Act, a certification from a local law enforcement agency that the vehicle was purchased or acquired at a public sale under the Abandoned Mobile Home Act.
to the Secretary of State and a salvage certificate or junking certificate shall be issued in the name of that person. The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his

New matter indicated by italics - deletions by strikeout
interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(6) When any licensed rebuilder, repairer, new or used vehicle dealer, or remittance agent has submitted an application for title to a vehicle (other than an application for title to a rebuilt vehicle) that he or she knows or reasonably should have known to have sustained damages in excess of 33 1/3% of the vehicle's fair market value without that damage; provided, however, that any application for a salvage certificate for a vehicle recovered from theft and acquired from an insurance company shall be made as required by paragraph (1) of this subsection (b).

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

Sec. 3-117.1. When junking certificates or salvage certificates must be obtained.

(a) Except as provided in Chapter 4 and Section 3-117.3 of this Code, a person who possesses a junk vehicle shall within 15 days cause the certificate of title, salvage certificate, certificate of purchase, or a similarly acceptable out of state document of ownership to be surrendered to the Secretary of State along with an application for a junking certificate, except as provided in Section 3-117.2, whereupon the Secretary of State shall issue to such a person a junking certificate, which shall authorize the holder thereof to possess, transport, or, by an endorsement, transfer ownership in such junked vehicle, and a certificate of title shall not again be issued for such vehicle.

A licensee who possesses a junk vehicle and a Certificate of Title, Salvage Certificate, Certificate of Purchase, or a similarly acceptable out-of-state document of ownership for such junk vehicle, may transport the
junk vehicle to another licensee prior to applying for or obtaining a junking certificate, by executing a uniform invoice. The licensee transferor shall furnish a copy of the uniform invoice to the licensee transferee at the time of transfer. In any case, the licensee transferor shall apply for a junking certificate in conformance with Section 3-117.1 of this Chapter. The following information shall be contained on a uniform invoice:

6. The printed name and legible signature of the person or agent disposing of the vehicle, junk vehicle or vehicle cowl; and
7. The printed name and legible signature of the person accepting delivery of the vehicle, junk vehicle or vehicle cowl.

The Secretary of State may certify a junking manifest in a form prescribed by the Secretary of State that reflects those vehicles for which junking certificates have been applied or issued. A junking manifest may be issued to any person and it shall constitute evidence of ownership for the vehicle listed upon it. A junking manifest may be transferred only to a person licensed under Section 5-301 of this Code as a scrap processor. 1. When an insurance company makes a payment of damages on a total loss claim for a vehicle, the insurance company shall be deemed to be the owner of such vehicle and the vehicle shall be considered to be salvage except that ownership of:

such vehicle. The insurance company shall promptly deliver or
mail within 20 days the certificate of title along with proper
application and fee to the Secretary of State, and a salvage
certificate shall be issued in the name of the insurance company.
Notwithstanding the foregoing, an insurer making payment of
damages on a total loss claim for the theft of a vehicle shall not be
required to apply for a salvage certificate unless the vehicle is
recovered and has incurred damage that initially would have
caused the vehicle to be declared a total loss by the insurer.

(1.1) When a vehicle of a self-insured company is to be

its fair market value without that damage, the vehicle shall be
considered salvage. The self-insured company shall promptly
deliver the certificate of title along with proper application and fee
to the Secretary of State, and a salvage certificate shall be issued in
the name of the self-insured company. A self-insured company
making payment of damages on a total loss claim for the theft of a
vehicle may exchange the salvage certificate for a certificate of title
if the vehicle is recovered without damage. In such a situation, the
self-insured shall fill out and sign a form prescribed by the
Secretary of State which contains an affirmation under penalty of

Secretary of State may, by rule, require photographs to be

forth in Sections 4-208 and 4-209 of this Code, a lien arising under
Section 18a-501 of this Code, or a public sale under the

The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision,
fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(6) When any licensed rebuilder, repairer, new or used vehicle dealer, or remittance agent has submitted an application for title to a vehicle (other than an application for title to a rebuilt vehicle) that he or she knows or reasonably should have known to have sustained damages in excess of 33 1/3% of the vehicle's fair market value...
market value without that damage; provided, however, that any application for a salvage certificate for a vehicle recovered from theft and acquired from an insurance company shall be made as required by paragraph (1) of this subsection (b).

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

Section 99. Effective date. This Act takes effect 90 days after becoming law.

Passed in the General Assembly May 19, 2017.

Approved August 11, 2017.

Effective November 9, 2017.

PUBLIC ACT 100-0105
(House Bill No. 2663)

AN ACT concerning children.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings and purposes.
(a) The General Assembly finds all of the following:

(1) Research suggests that school expulsion and suspension practices are associated with negative educational, health, and developmental outcomes for children.

(2) Recent studies have shown that the expulsion of children in early care and educational settings is occurring at alarmingly high rates, particularly among certain racial and gender groups. A nationwide study on preschool expulsion found that

New matter indicated by italics - deletions by strikeout
preschoolers were expelled at more than 3 times the rate of kindergarten through twelfth grade students.

(3) Recent data from the U.S. Department of Education indicate that there are significant disparities within this trend. African American boys make up 19% of preschool enrollment but 45% of preschoolers suspended more than once. Other research shows that while Hispanic and African American boys combined represent 46% of all boys in preschool, these children represent 55% of preschool boys suspended. Boys make up 79% of preschoolers suspended once and 82% of preschoolers suspended multiple times. African American girls also represent 54% of female children receiving one or more out-of-school suspensions, but only 20% of female preschool enrollment overall.

(4) A study completed in 2005 analyzing expulsion rates among states indicated that while this State reported the sixth-lowest expulsion rate of the 40 states surveyed, pre-kindergartners were expelled at a rate 3 times that of their older peers. A study conducted in 2002 in Chicago showed a high rate of expulsion, particularly in infant-toddler programs, with over 40% of child care programs asking a child to leave because of social-emotional and behavioral problems, with the most challenging behaviors being biting, hitting, and aggressive behavior.

(5) This State has recently improved expulsion and suspension practices in grades kindergarten through 12 via Public Act 99-456, and the federal government has imposed new expulsion and suspension policy requirements on some federally funded early childhood programs. These protections are important, but inconsistent and incomplete, as they do not cover all children in Illinois early learning programs.

(6) Access to infant and early childhood mental health consultants and positive behavior intervention and support have been shown to reduce or prevent expulsion and suspension in early care and education programs. Early childhood professionals also need training, technical assistance, and professional development support to ensure they are able to respond to the social-emotional needs of young children and to ensure successful student participation in programs.

(7) Nationally and in this State, insufficient data collection hinders the ability to gauge the prevalence of expulsion or

New matter indicated by italics - deletions by strikeout
suspension of children from a range of early learning programs prior to formal school entry.

(b) The purposes of this Act are to:

(1) ensure that the goals of any disciplinary action by State-funded or State-licensed early childhood programs shall always include the well-being of all children, including those experiencing difficulties as well as others in the classroom, and prohibit the behavior-related removal of young children from early care and education settings without prior documentation, intervention, and planned transitions;

(2) ensure that early childhood professionals have the resources needed to support children's social and emotional health and to address challenging behaviors; and

(3) develop systems to track expulsion and suspension.

Section 5. The School Code is amended by changing Sections 2-3.71, 2-3.71a, and 10-22.6 as follows:

(105 ILCS 5/2-3.71) (from Ch. 122, par. 2-3.71)

Sec. 2-3.71. Grants for preschool educational programs.

(a) Preschool program.

(1) The State Board of Education shall implement and administer a grant program under the provisions of this subsection which shall consist of grants to public school districts and other eligible entities, as defined by the State Board of Education, to conduct voluntary preschool educational programs for children ages 3 to 5 which include a parent education component. A public school district which receives grants under this subsection may subcontract with other entities that are eligible to conduct a preschool educational program. These grants must be used to supplement, not supplant, funds received from any other source.

(2) (Blank).

(3) Any teacher of preschool children in the program authorized by this subsection shall hold an early childhood teaching certificate.

(4) (Blank).

(4.5) The State Board of Education shall provide the primary source of funding through appropriations for the program. Such funds shall be distributed to achieve a goal of "Preschool for All Children" for the benefit of all children whose families choose to participate in the program. Based on available appropriations,
newly funded programs shall be selected through a process giving first priority to qualified programs serving primarily at-risk children and second priority to qualified programs serving primarily children with a family income of less than 4 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). For purposes of this paragraph (4.5), at-risk children are those who because of their home and community environment are subject to such language, cultural, economic and like disadvantages to cause them to have been determined as a result of screening procedures to be at risk of academic failure. Such screening procedures shall be based on criteria established by the State Board of Education.

Except as otherwise provided in this paragraph (4.5), grantees under the program must enter into a memorandum of understanding with the appropriate local Head Start agency. This memorandum must be entered into no later than 3 months after the award of a grantee's grant under the program, except that, in the case of the 2009-2010 program year, the memorandum must be entered into no later than the deadline set by the State Board of Education for applications to participate in the program in fiscal year 2011, and must address collaboration between the grantee's program and the local Head Start agency on certain issues, which shall include without limitation the following:

(A) educational activities, curricular objectives, and instruction;
(B) public information dissemination and access to programs for families contacting programs;
(C) service areas;
(D) selection priorities for eligible children to be served by programs;
(E) maximizing the impact of federal and State funding to benefit young children;
(F) staff training, including opportunities for joint staff training;
(G) technical assistance;
(H) communication and parent outreach for smooth transitions to kindergarten;

New matter indicated by italics - deletions by strikeout
(I) provision and use of facilities, transportation, and other program elements;

(J) facilitating each program's fulfillment of its statutory and regulatory requirements;

(K) improving local planning and collaboration; and

(L) providing comprehensive services for the neediest Illinois children and families.

If the appropriate local Head Start agency is unable or unwilling to enter into a memorandum of understanding as required under this paragraph (4.5), the memorandum of understanding requirement shall not apply and the grantee under the program must notify the State Board of Education in writing of the Head Start agency's inability or unwillingness. The State Board of Education shall compile all such written notices and make them available to the public.

(5) The State Board of Education shall develop and provide evaluation tools, including tests, that school districts and other eligible entities may use to evaluate children for school readiness prior to age 5. The State Board of Education shall require school districts and other eligible entities to obtain consent from the parents or guardians of children before any evaluations are conducted. The State Board of Education shall encourage local school districts and other eligible entities to evaluate the population of preschool children in their communities and provide preschool programs, pursuant to this subsection, where appropriate.

(6) The State Board of Education shall report to the General Assembly by November 1, 2018, and every 3 years thereafter on the results and progress of students who were enrolled in preschool educational programs, including an assessment of which programs have been most successful in promoting academic excellence and alleviating academic failure. The State Board of Education shall assess the academic progress of all students who have been enrolled in preschool educational programs.

On or before November 1 of each fiscal year in which the General Assembly provides funding for new programs under paragraph (4.5) of this Section, the State Board of Education shall report to the General Assembly on what percentage of new funding was provided to programs serving primarily at-risk children, what percentage of new funding was provided to programs serving

New matter indicated by italics - deletions by strikeout
primarily children with a family income of less than 4 times the federal poverty level, and what percentage of new funding was provided to other programs.

(7) Due to evidence that expulsion practices in the preschool years are linked to poor child outcomes and are employed inconsistently across racial and gender groups, early childhood programs receiving State funds under this subsection (a) shall prohibit expulsions. Planned transitions to settings that are able to better meet a child's needs are not considered expulsion under this paragraph (7).

(A) When persistent and serious challenging behaviors emerge, the early childhood program shall document steps taken to ensure that the child can participate safely in the program; including observations of initial and ongoing challenging behaviors, strategies for remediation and intervention plans to address the behaviors, and communication with the parent or legal guardian, including participation of the parent or legal guardian in planning and decision-making.

(B) The early childhood program shall, with parental or legal guardian consent as required, utilize a range of community resources, if available and deemed necessary, including, but not limited to, developmental screenings, referrals to programs and services administered by a local educational agency or early intervention agency under Parts B and C of the federal Individual with Disabilities Education Act, and consultation with infant and early childhood mental health consultants and the child’s health care provider. The program shall document attempts to engage these resources, including parent or legal guardian participation and consent attempted and obtained. Communication with the parent or legal guardian shall take place in a culturally and linguistically competent manner.

(C) If there is documented evidence that all available interventions and supports recommended by a qualified professional have been exhausted and the program determines in its professional judgment that transitioning a child to another program is necessary for
the well-being of the child or his or her peers and staff, with parent or legal guardian permission, both the current and pending programs shall create a transition plan designed to ensure continuity of services and the comprehensive development of the child. Communication with families shall occur in a culturally and linguistically competent manner.

(D) Nothing in this paragraph (7) shall preclude a parent's or legal guardian's right to voluntarily withdraw his or her child from an early childhood program. Early childhood programs shall request and keep on file, when received, a written statement from the parent or legal guardian stating the reason for his or her decision to withdraw his or her child.

(E) In the case of the determination of a serious safety threat to a child or others or in the case of behaviors listed in subsection (d) of Section 10-22.6 of this Code, the temporary removal of a child from attendance in group settings may be used. Temporary removal of a child from attendance in a group setting shall trigger the process detailed in subparagraphs (A), (B), and (C) of this paragraph (7), with the child placed back in a group setting as quickly as possible.

(F) Early childhood programs may utilize and the State Board of Education, the Department of Human Services, and the Department of Children and Family Services shall recommend training, technical support, and professional development resources to improve the ability of teachers, administrators, program directors, and other staff to promote social-emotional development and behavioral health, to address challenging behaviors, and to understand trauma and trauma-informed care, cultural competence, family engagement with diverse populations, the impact of implicit bias on adult behavior, and the use of reflective practice techniques. Support shall include the availability of resources to contract with infant and early childhood mental health consultants.

(G) Beginning on July 1, 2018, early childhood programs shall annually report to the State Board of Education.
Education, and, beginning in fiscal year 2020, the State Board of Education shall make available on a biennial basis, in an existing report, all of the following data for children from birth to age 5 who are served by the program:

(i) Total number served over the course of the program year and the total number of children who left the program during the program year.

(ii) Number of planned transitions to another program due to children's behavior, by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iii) Number of temporary removals of a child from attendance in group settings due to a serious safety threat under subparagraph (E) of this paragraph (7), by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iv) Hours of infant and early childhood mental health consultant contact with program leaders, staff, and families over the program year.

(H) Changes to services for children with an individualized education program or individual family service plan shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act.

The State Board of Education, in consultation with the Governor's Office of Early Childhood Development and the Department of Children and Family Services, shall adopt rules to administer this paragraph (7).

(b) (Blank).

the period of life from birth to kindergarten. A public school district that receives grants under this Section may contract with other eligible entities to conduct an early childhood parental training program. These grants must be used to supplement, not supplant, funds received from any other source. A school board or other eligible entity shall employ appropriately qualified personnel for its early childhood parental training program, including but not limited to certified teachers, counselors, psychiatrists, psychologists and social workers.

(a) As used in this Section, "parental training" means and includes instruction in the following:

(1) Child growth and development, including prenatal development.
(2) Childbirth and child care.
(3) Family structure, function and management.
(4) Prenatal and postnatal care for mothers and infants.
(5) Prevention of child abuse.
(6) The physical, mental, emotional, social, economic and psychological aspects of interpersonal and family relationships.
(7) Parenting skill development.

The programs shall include activities that require substantial participation and interaction between parent and child.

(b) The Board shall annually award funds through a grant approval process established by the State Board of Education, providing that an annual appropriation is made for this purpose from State, federal or private funds. Nothing in this Section shall preclude school districts from applying for or accepting private funds to establish and implement programs.

(c) The State Board of Education shall assist those districts and other eligible entities offering early childhood parental training programs, upon request, in developing instructional materials, training teachers and staff, and establishing appropriate time allotments for each of the areas included in such instruction.

(d) School districts and other eligible entities may offer early childhood parental training courses during that period of the day which is not part of the regular school day. Residents of the community may enroll in such courses. The school board or other eligible entity may establish fees and collect such charges as may be necessary for attendance at such courses in an amount not to exceed the per capita cost of the operation thereof, except that the board or other eligible entity may waive all or part of such charges if it determines that the parent is indigent or that the

(g) The State Board of Education shall report to the General Assembly by July 1, 1991, on the results of the programs funded pursuant to this Section and whether a need continues for such programs.

(h) After July 1, 2006, any parental training services funded pursuant to this Section on the effective date of this amendatory Act of the 94th General Assembly shall continue to be funded pursuant to this Section, subject to appropriation and the meeting of program standards. Any additional parental training services must be funded, subject to appropriation, through preschool education grants pursuant to subdivision (4) of subsection (a) of Section 2-3.71 of this Code for families with children ages 3 to 5 and through prevention initiative grants pursuant to subsection (b) of Section 2-3.89 of this Code for expecting families and those with children from birth to 3 years of age.

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)

Sec. 10-22.6. Suspension or expulsion of pupils; school searches.

(a) To expel pupils guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and

New matter indicated by italics - deletions by strikeout
the date on which the expulsion is to become effective. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a pupil along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend.
suspension decision shall also include a rationale as to the specific duration of the suspension. A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

(b-20) Unless otherwise required by this Code, out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and "substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 4 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting.

(b-30) A school district shall create a policy by which suspended pupils, including those pupils suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a pupil's parent or guardian to notify school officials that a pupil suspended from the school bus does not have alternate transportation to school.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to teachers, administrators, school board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the Federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case by case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the

threatened individual because of his or her duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.
(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

(k) The expulsion of children enrolled in programs funded under Section 1C-2 of this Code is subject to the requirements under paragraph (7) of subsection (a) of Section 2-3.71 of this Code.

Sec. 28-1. The initiation and submission of all public questions to be voted upon by the electors of the State or of any political subdivision or district or precinct or combination of precincts shall be subject to the provisions of this Article.

Questions of public policy which have any legal effect shall be submitted to referendum only as authorized by a statute which so provides or by the Constitution. Advisory questions of public policy shall be submitted to referendum pursuant to Section 28-5 or pursuant to a statute which so provides.

The method of initiating the submission of a public question shall be as provided by the statute authorizing such public question, or as provided by the Constitution.

All public questions shall be initiated, submitted and printed on the ballot in the form required by Section 16-7 of this Act, except as may otherwise be specified in the statute authorizing a public question.

Whenever a statute provides for the initiation of a public question by a petition of electors, the provisions of such statute shall govern with respect to the number of signatures required, the qualifications of persons entitled to sign the petition, the contents of the petition, the officer with whom the petition must be filed, and the form of the question to be submitted. If such statute does not specify any of the foregoing petition requirements, the corresponding petition requirements of Section 28-6 shall govern such petition.

Irrespective of the method of initiation, not more than 3 public questions other than (a) back door referenda, (b) referenda to determine whether a disconnection may take place where a city coterminous with a township is proposing to annex territory from an adjacent township, (c) referenda held under the provisions of the Property Tax Extension Limitation Law in the Property Tax Code, or (d) referenda held under Section 2-3002 of the Counties Code, or (e) referenda held under Article 22, 23, or 29 of the Township Code may be submitted to referendum with respect to a political subdivision at the same election.

If more than 3 propositions are timely initiated or certified for submission at an election with respect to a political subdivision, the first 3 validly initiated, by the filing of a petition or by the adoption of a
resolution or ordinance of a political subdivision, as the case may be, shall be printed on the ballot and submitted at that election. However, except as expressly authorized by law not more than one proposition to change the form of government of a municipality pursuant to Article VII of the Constitution may be submitted at an election. If more than one such proposition is timely initiated or certified for submission at an election with respect to a municipality, the first validly initiated shall be the one printed on the ballot and submitted at that election.

No public question shall be submitted to the voters of a political subdivision at any regularly scheduled election at which such voters are not scheduled to cast votes for any candidates for nomination for, election to or retention in public office, except that if, in any existing or proposed political subdivision in which the submission of a public question at a regularly scheduled election is desired, the voters of only a portion of such existing or proposed political subdivision are not scheduled to cast votes for nomination for, election to or retention in public office at such election, but the voters in one or more other portions of such existing or proposed political subdivision are scheduled to cast votes for nomination for, election to or retention in public office at such election, the public question shall be voted upon by all the qualified voters of the entire existing or proposed political subdivision at the election.

Not more than 3 advisory public questions may be submitted to the voters of the entire state at a general election. If more than 3 such advisory propositions are initiated, the first 3 timely and validly initiated shall be the questions printed on the ballot and submitted at that election; provided however, that a question for a proposed amendment to Article IV of the Constitution pursuant to Section 3, Article XIV of the Constitution, or for a question submitted under the Property Tax Cap Referendum Law, shall not be included in the foregoing limitation.

PUBLIC ACT 100-0122
(House Bill No. 2618)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 14-8.02 and 14-8.02a as follows:

(105 ILCS 5/14-8.02) (from Ch. 122, par. 14-8.02)
Sec. 14-8.02. Identification, evaluation and placement of children.
(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public

education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to English learners coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". For purposes of this Section, as well as Sections 14-8.02a, 14-8.02b, and 14-8.02c of this Code, "parent" means a parent as defined in the federal Individuals with Disabilities Education Act (20 U.S.C. 1401(23)).

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for

performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent written request unless the school district initiates an impartial due process hearing or the parent or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent is entitled to an independent educational evaluation, it must be completed within 30 days of the decision unless the parent or the school district offers reasonable grounds to show that such 30 day period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for children with a mental disability who are educable or for children with a mental disability who are trainable except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent of a child before any evaluation is conducted. If consent is not given by the parent or if the parent disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made and the IEP meeting shall be completed within 60 school days from the date of written parental consent. In those instances when written parental consent is obtained with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made and the IEP meeting shall be completed prior to the first day of the following school year. Special education and related services must be provided in accordance with the student's IEP no later

than 10 school attendance days after notice is provided to the parents pursuant to Section 300.503 of Title 34 of the Code of Federal Regulations and implementing rules adopted by the State Board of Education. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent and the State Board of Education the nature of the services the child will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired, the school district shall notify the parents, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

In the development of the individualized education program for a student who has a disability on the autism spectrum (which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition (DSM-IV, 2000)), the IEP team shall consider all of the following factors:

1. The verbal and nonverbal communication needs of the child.
2. The need to develop social interaction skills and proficiencies.
3. The needs resulting from the child's unusual responses to sensory experiences.
4. The needs resulting from resistance to environmental change or change in daily routines.

(5) The needs resulting from engagement in repetitive activities and stereotyped movements.

(6) The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.

(7) Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.

Public Act 95-257 does not create any new entitlement to a service, program, or benefit, but must not affect any entitlement to a service, program, or benefit created by any other law.

If the student may be eligible to participate in the Home-Based Support Services Program for Adults with Mental Disabilities authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The

assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who do not have a disability; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in special classes, separate schools or other removal of the child with a disability from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of English learners with disabilities shall be in non-restrictive environments which provide for integration with peers who do not have disabilities in bilingual classrooms. Annually, each January, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article 10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents of a child prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. Such written notification shall also inform the parent of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents in the parents' native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446); it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446) to be used by all school boards. The notice shall also inform the parents of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents in initiating an impartial due process hearing. The State Superintendent shall revise the uniform notices required by this subsection (g) to reflect current law and procedures at least once every 2 years. Any parent who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

(g-5) For purposes of this subsection (g-5), "qualified professional" means an individual who holds credentials to evaluate the child in the domain or domains for which an evaluation is sought or an intern working under the direct supervision of a qualified professional, including a master's or doctoral degree candidate.

To ensure that a parent can participate fully and effectively with school personnel in the development of appropriate educational and related services for his or her child, the parent, an independent educational evaluator, or a qualified professional retained by or on behalf of a parent or

child must be afforded reasonable access to educational facilities, personnel, classrooms, and buildings and to the child as provided in this subsection (g-5). The requirements of this subsection (g-5) apply to any public school facility, building, or program and to any facility, building, or program supported in whole or in part by public funds. Prior to visiting a school, school building, or school facility, the parent, independent educational evaluator, or qualified professional may be required by the school district to inform the building principal or supervisor in writing of the proposed visit, the purpose of the visit, and the approximate duration of the visit. The visitor and the school district shall arrange the visit or visits at times that are mutually agreeable. Visitors shall comply with school safety, security, and visitation policies at all times. School district visitation policies must not conflict with this subsection (g-5). Visitors shall be required to comply with the requirements of applicable privacy laws, including those laws protecting the confidentiality of education records such as the federal Family Educational Rights and Privacy Act and the Illinois School Student Records Act. The visitor shall not disrupt the educational process.

(1) A parent must be afforded reasonable access of sufficient duration and scope for the purpose of observing his or her child in the child's current educational placement, services, or program or for the purpose of visiting an educational placement or program proposed for the child.

(2) An independent educational evaluator or a qualified professional retained by or on behalf of a parent or child must be afforded reasonable access of sufficient duration and scope for the purpose of conducting an evaluation of the child, the child's performance, the child's current educational program, placement, services, or environment, or any educational program, placement, services, or environment proposed for the child, including interviews of educational personnel, child observations, assessments, tests or assessments of the child's educational program, services, or placement or of any proposed educational program, services, or placement. If one or more interviews of school personnel are part of the evaluation, the interviews must be conducted at a mutually agreed upon time, date, and place that do not interfere with the school employee's school duties. The school district may limit interviews to personnel having information relevant to the child's current educational services, program, or
placement or to a proposed educational service, program, or placement.

(a-5) For purposes of this Section and Section 14-8.02b of this Code, days shall be computed in accordance with Section 1.11 of the Statute on Statutes.

(b) The State Board of Education shall establish an impartial due process hearing system in accordance with this Section and may, with the advice and approval of the Advisory Council on Education of Children with Disabilities, promulgate rules and regulations consistent with this Section to establish the rules and procedures for due process hearings.

(f) An impartial due process hearing shall be convened upon the request of a parent, student if at least 18 years of age or emancipated, or a school district. A school district shall make a request in writing to the State Board of Education and promptly mail a copy of the request to the parents or student (if at least 18 years of age or emancipated) at the parent's or student's last known address. A request made by the parent or student shall be made in writing to the superintendent of the school district where the student resides. The superintendent shall forward the request to the State Board of Education within 5 days after receipt of the request. The request shall be filed no more than 2 years following the date the person or

school district knew or should have known of the event or events forming the basis for the request. The request shall, at a minimum, contain all of the following:

   (1) The name of the student, the address of the student's residence, and the name of the school the student is attending.
   (2) In the case of homeless children (as defined under the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), available contact information for the student and the name of the school the student is attending.
   (3) A description of the nature of the problem relating to the actual or proposed placement, identification, services, or evaluation of the student, including facts relating to the problem.
   (4) A proposed resolution of the problem to the extent known and available to the party at the time.

   (f-5) Within 3 days after receipt of the hearing request, the State Board of Education shall appoint a due process hearing officer using a rotating appointment system and shall notify the hearing officer of his or her appointment.

   For a school district other than a school district located in a municipality having a population exceeding 500,000, a hearing officer who is a current resident of the school district, special education cooperative, or other public entity involved in the hearing shall recuse himself or herself. A hearing officer who is a former employee of the school district, special education cooperative, or other public entity involved in the hearing shall immediately disclose the former employment to the parties and shall recuse himself or herself, unless the parties otherwise agree in writing. A hearing officer having a personal or professional interest that may conflict with his or her objectivity in the hearing shall disclose the conflict to the parties and shall recuse himself or herself unless the parties otherwise agree in writing. For purposes of this subsection an assigned hearing officer shall be considered to have a conflict of interest if, at any time prior to the issuance of his or her written decision, he or she knows or should know that he or she may receive remuneration from a party to the hearing within 3 years following the conclusion of the due process hearing.

   A party to a due process hearing shall be permitted one substitution of hearing officer as a matter of right, in accordance with procedures established by the rules adopted by the State Board of Education under this Section. The State Board of Education shall randomly select and appoint

New matter indicated by italics - deletions by strikeout
another hearing officer within 3 days after receiving notice that the 
appointed hearing officer is ineligible to serve or upon receiving a proper 
request for substitution of hearing officer. If a party withdraws its request 
for a due process hearing after a hearing officer has been appointed, that 
hearing officer shall retain jurisdiction over a subsequent hearing that 
involves the same parties and is requested within one year from the date of 
withdrawal of the previous request, unless that hearing officer is 
unavailable.

Any party may raise facts that constitute a conflict of interest for 
the hearing officer at any time before or during the hearing and may move 
for recusal.

(g) Impartial due process hearings shall be conducted pursuant to 
this Section and any rules and regulations promulgated by the State Board 
of Education consistent with this Section and other governing laws and 
regulations. The hearing shall address only those issues properly raised in 
the hearing request under subsection (f) of this Section or, if applicable, in 
the amended hearing request under subsection (g-15) of this Section. The 
hearing shall be closed to the public unless the parents request that the 
hearing be open to the public. The parents involved in the hearing shall 
have the right to have the student who is the subject of the hearing present. 
The hearing shall be held at a time and place which are reasonably 
convenient to the parties involved. Upon the request of a party, the hearing 
officer shall hold the hearing at a location neutral to the parties if the 
hearing officer determines that there is no cost for securing the use of the 
neutral location. Once appointed, the impartial due process hearing officer 
shall not communicate with the State Board of Education or its employees 
concerning the hearing, except that, where circumstances require, 
communications for administrative purposes that do not deal with 
substantive or procedural matters or issues on the merits are authorized, 
provided that the hearing officer promptly notifies all parties of the 
substance of the communication as a matter of record.

(g-5) Unless the school district has previously provided prior 
written notice to the parent or student (if at least 18 years of age or 
emancipated) regarding the subject matter of the hearing request, the 
school district shall, within 10 days after receiving a hearing request 
initiated by a parent or student (if at least 18 years of age or emancipated), 
provide a written response to the request that shall include all of the 
following:

New matter indicated by italics - deletions by strikeout
(1) An explanation of why the school district proposed or refused to take the action or actions described in the hearing request.

(2) A description of other options the IEP team considered and the reasons why those options were rejected.

(3) A description of each evaluation procedure, assessment, record, report, or other evidence the school district used as the basis for the proposed or refused action or actions.

(4) A description of the factors that are or were relevant to the school district's proposed or refused action or actions.

(g-10) When the hearing request has been initiated by a school district, within 10 days after receiving the request, the parent or student (if at least 18 years of age or emancipated) shall provide the school district with a response that specifically addresses the issues raised in the school district's hearing request. The parent's or student's response shall be provided in writing, unless he or she is illiterate or has a disability that prevents him or her from providing a written response. The parent's or student's response may be provided in his or her native language, if other than English. In the event that illiteracy or another disabling condition prevents the parent or student from providing a written response, the school district shall assist the parent or student in providing the written response.

(g-15) Within 15 days after receiving notice of the hearing request, the non-requesting party may challenge the sufficiency of the request by submitting its challenge in writing to the hearing officer. Within 5 days after receiving the challenge to the sufficiency of the request, the hearing officer shall issue a determination of the challenge in writing to the parties. In the event that the hearing officer upholds the challenge, the party who requested the hearing may, with the consent of the non-requesting party or hearing officer, file an amended request. Amendments are permissible for the purpose of raising issues beyond those in the initial hearing request. In addition, the party who requested the hearing may amend the request once as a matter of right by filing the amended request within 5 days after filing the initial request. An amended request, other than an amended request as a matter of right, shall be filed by the date determined by the hearing officer, but in no event any later than 5 days prior to the date of the hearing. If an amended request, other than an amended request as a matter of right, raises issues that were not part of the initial request, the applicable
timeline for a hearing, including the timeline under subsection (g-20) of this Section, shall recommence.

(g-20) Within 15 days after receiving a request for a hearing from a parent or student (if at least 18 years of age or emancipated) or, in the event that the school district requests a hearing, within 15 days after initiating the request, the school district shall convene a resolution meeting with the parent and relevant members of the IEP team who have specific knowledge of the facts contained in the request for the purpose of resolving the problem that resulted in the request. The resolution meeting shall include a representative of the school district who has decision-making authority on behalf of the school district. Unless the parent is accompanied by an attorney at the resolution meeting, the school district may not include an attorney representing the school district.

The resolution meeting may not be waived unless agreed to in writing by the school district and the parent or student (if at least 18 years of age or emancipated) or the parent or student (if at least 18 years of age or emancipated) and the school district agree in writing to utilize mediation in place of the resolution meeting. If either party fails to cooperate in the scheduling or convening of the resolution meeting, the hearing officer may order an extension of the timeline for completion of the resolution meeting or, upon the motion of a party and at least 7 days after ordering the non-cooperating party to cooperate, order the dismissal of the hearing request or the granting of all relief set forth in the request, as appropriate.

In the event that the school district and the parent or student (if at least 18 years of age or emancipated) agree to a resolution of the problem that resulted in the hearing request, the terms of the resolution shall be committed to writing and signed by the parent or student (if at least 18 years of age or emancipated) and the representative of the school district with decision-making authority. The agreement shall be legally binding and shall be enforceable in any State or federal court of competent jurisdiction. In the event that the parties utilize the resolution meeting process, the process shall continue until no later than the 30th day following the receipt of the hearing request by the non-requesting party (or as properly extended by order of the hearing officer) to resolve the issues underlying the request, at which time the timeline for completion of the impartial due process hearing shall commence. The State Board of Education may, by rule, establish additional procedures for the conduct of resolution meetings.

(g-25) If mutually agreed to in writing, the parties to a hearing request may request State-sponsored mediation as a substitute for the resolution process described in subsection (g-20) of this Section or may utilize mediation at the close of the resolution process if all issues underlying the hearing request have not been resolved through the resolution process.

(g-30) If mutually agreed to in writing, the parties to a hearing request may waive the resolution process described in subsection (g-20) of this Section. Upon signing a written agreement to waive the resolution process, the parties shall be required to forward the written waiver to the hearing officer appointed to the case within 2 business days following the signing of the waiver by the parties. The timeline for the impartial due process hearing shall commence on the date of the signing of the waiver by the parties.

(g-35) The timeline for completing the impartial due process hearing, as set forth in subsection (h) of this Section, shall be initiated upon the occurrence of any one of the following events:

1. The unsuccessful completion of the resolution process as described in subsection (g-20) of this Section.
2. The mutual agreement of the parties to waive the resolution process as described in subsection (g-25) or (g-30) of this Section.

(g-40) The hearing officer shall convene a prehearing conference no later than 14 days before the scheduled date for the due process hearing for the general purpose of aiding in the fair, orderly, and expeditious conduct of the hearing. The hearing officer shall provide the parties with written notice of the prehearing conference at least 7 days in advance of the conference. The written notice shall require the parties to notify the hearing officer by a date certain whether they intend to participate in the prehearing conference. The hearing officer may conduct the prehearing conference in person or by telephone. Each party shall at the prehearing conference (1) disclose whether it is represented by legal counsel or intends to retain legal counsel; (2) clarify matters it believes to be in dispute in the case and the specific relief being sought; (3) disclose whether there are any additional evaluations for the student that it intends to introduce into the hearing record that have not been previously disclosed to the other parties; (4) disclose a list of all documents it intends to introduce into the hearing record, including the date and a brief description of each document; and (5) disclose the names of all witnesses.

it intends to call to testify at the hearing. The hearing officer shall specify
the order of presentation to be used at the hearing. If the prehearing
conference is held by telephone, the parties shall transmit the information
required in this paragraph in such a manner that it is available to all parties
at the time of the prehearing conference. The State Board of Education
may, by rule, establish additional procedures for the conduct of prehearing
conferences.

(g-45) The impartial due process hearing officer shall not initiate or
participate in any ex parte communications with the parties, except to
arrange the date, time, and location of the prehearing conference, due
process hearing, or other status conferences convened at the discretion of
the hearing officer and to receive confirmation of whether a party intends
to participate in the prehearing conference.

(g-50) The parties shall disclose and provide to each other any
evidence which they intend to submit into the hearing record no later than
5 days before the hearing. Any party to a hearing has the right to prohibit
the introduction of any evidence at the hearing that has not been disclosed
to that party at least 5 days before the hearing. The party requesting a
hearing shall not be permitted at the hearing to raise issues that were not
raised in the party's initial or amended request, unless otherwise permitted
in this Section.

(g-55) All reasonable efforts must be made by the parties to present
their respective cases at the hearing within a cumulative period of 7 days.
When scheduling hearing dates, the hearing officer shall schedule the final
day of the hearing no more than 30 calendar days after the first day of the
hearing unless good cause is shown. This subsection (g-55) shall not be
applied in a manner that (i) denies any party to the hearing a fair and
reasonable allocation of time and opportunity to present its case in its
entirety or (ii) deprives any party to the hearing of the safeguards accorded
under the federal Individuals with Disabilities Education Improvement Act
of 2004 (Public Law 108-446), regulations promulgated under the
Individuals with Disabilities Education Improvement Act of 2004, or any
other applicable law. The school district shall present evidence that the
special education needs of the child have been appropriately identified and
that the special education program and related services proposed to meet
the needs of the child are adequate, appropriate, and available. Any party
to the hearing shall have the right to (1) be represented by counsel and be
accompanied and advised by individuals with special knowledge or
training with respect to the problems of children with disabilities, at the

party's own expense; (2) present evidence and confront and cross-examine witnesses; (3) move for the exclusion of witnesses from the hearing until they are called to testify, provided, however, that this provision may not be invoked to exclude the individual designated by a party to assist that party or its representative in the presentation of the case; (4) obtain a written or electronic verbatim record of the proceedings within 30 days of receipt of a written request from the parents by the school district; and (5) obtain a written decision, including findings of fact and conclusions of law, within 10 days after the conclusion of the hearing. If at issue, the school district shall present evidence that it has properly identified and evaluated the nature and severity of the student's suspected or identified disability and that, if the student has been or should have been determined eligible for special education and related services, that it is providing or has offered a free appropriate public education to the student in the least restrictive environment, consistent with procedural safeguards and in accordance with an individualized educational program. At any time prior to the conclusion of the hearing, the impartial due process hearing officer shall have the authority to require additional information and order independent evaluations for the student at the expense of the school district. The State Board of Education and the school district shall share equally the costs of providing a written or electronic verbatim record of the proceedings. Any party may request that the due process hearing officer issue a subpoena to compel the testimony of witnesses or the production of documents relevant to the resolution of the hearing. Whenever a person refuses to comply with any subpoena issued under this Section, the circuit court of the county in which that hearing is pending, on application of the impartial hearing officer or the party requesting the issuance of the subpoena, may compel compliance through the contempt powers of the court in the same manner as if the requirements of a subpoena issued by the court had been disobeyed.

(h) The impartial hearing officer shall issue a written decision, including findings of fact and conclusions of law, within 10 days after the conclusion of the hearing and send by certified mail a copy of the decision to the parents or student (if the student requests the hearing), the school district, the director of special education, legal representatives of the parties, and the State Board of Education. Unless the hearing officer has granted specific extensions of time at the request of a party, a final decision, including the clarification of a decision requested under this subsection, shall be reached and mailed to the parties named above not

later than 45 days after the initiation of the timeline for conducting the hearing, as described in subsection (g-35) of this Section. The decision shall specify the educational and related services that shall be provided to the student in accordance with the student's needs and the timeline for which the school district shall submit evidence to the State Board of Education to demonstrate compliance with the hearing officer's decision in the event that the decision orders the school district to undertake corrective action. The hearing officer shall retain jurisdiction for the sole purpose of considering a request for clarification of the final decision submitted in writing by a party to the impartial hearing officer within 5 days after receipt of the decision. A copy of the request for clarification shall specify the portions of the decision for which clarification is sought and shall be mailed to all parties of record and to the State Board of Education. The request shall operate to stay implementation of those portions of the decision for which clarification is sought, pending action on the request by the hearing officer, unless the parties otherwise agree. The hearing officer shall issue a clarification of the specified portion of the decision or issue a partial or full denial of the request in writing within 10 days of receipt of the request and mail copies to all parties to whom the decision was mailed. This subsection does not permit a party to request, or authorize a hearing officer to entertain, reconsideration of the decision itself. The statute of limitations for seeking review of the decision shall be tolled from the date the request is submitted until the date the hearing officer acts upon the request. The hearing officer's decision shall be binding upon the school district and the parents unless a civil action is commenced.

(i) Any party to an impartial due process hearing aggrieved by the final written decision of the impartial due process hearing officer shall have the right to commence a civil action with respect to the issues presented in the impartial due process hearing. That civil action shall be brought in any court of competent jurisdiction within 120 days after a copy of the decision of the impartial due process hearing officer is mailed to the party as provided in subsection (h). The civil action authorized by this subsection shall not be exclusive of any rights or causes of action otherwise available. The commencement of a civil action under this subsection shall operate as a supersedeas. In any action brought under this subsection the Court shall receive the records of the impartial due process hearing, shall hear additional evidence at the request of a party, and, basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate. In any instance where a
school district willfully disregards applicable regulations or statutes regarding a child covered by this Article, and which disregard has been detrimental to the child, the school district shall be liable for any reasonable attorney's fees incurred by the parent in connection with proceedings under this Section.

(j) During the pendency of any administrative or judicial proceeding conducted pursuant to this Section, including mediation (if the school district or other public entity voluntarily agrees to participate in mediation), unless the school district and the parents or student (if at least 18 years of age or emancipated) otherwise agree, the student shall remain in his or her present educational placement and continue in his or her present eligibility status and special education and related services, if any. If mediation fails to resolve the dispute between the parties, or if the parties do not agree to use mediation, the parent (or student if 18 years of age or older or emancipated) shall have 10 days after the mediation concludes, or after a party declines to use mediation, to file a request for a due process hearing in order to continue to invoke the "stay-put" provisions of this subsection (j). If applying for initial admission to the school district, the student shall, with the consent of the parents (if the student is not at least 18 years of age or emancipated), be placed in the school district program until all such proceedings have been completed. The costs for any special education and related services or placement incurred following 60 school days after the initial request for evaluation shall be borne by the school district if the services or placement is in accordance with the final determination as to the special education and related services or placement that must be provided to the child, provided that during that 60 day period there have been no delays caused by the child's parent. The requirements and procedures of this subsection (j) shall be included in the uniform notices developed by the State Superintendent under subsection (g) of Section 14-8.02 of this Code.

(k) Whenever the parents of a child of the type described in Section 14-1.02 are not known, are unavailable, or the child is a ward of the State, a person shall be assigned to serve as surrogate parent for the child in matters relating to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child. Persons shall be assigned as surrogate parents by the State Superintendent of Education. The State Board of Education shall promulgate rules and regulations establishing qualifications of those persons and their responsibilities and the procedures to be followed in
making assignments of persons as surrogate parents. Surrogate parents shall not be employees of the school district, an agency created by joint agreement under Section 10-22.31, an agency involved in the education or care of the student, or the State Board of Education. Services of any person assigned as surrogate parent shall terminate if the parent becomes available unless otherwise requested by the parents. The assignment of a person as surrogate parent at no time supersedes, terminates, or suspends the parents' legal authority relative to the child. Any person participating in good faith as surrogate parent on behalf of the child before school officials or a hearing officer shall have immunity from civil or criminal liability that otherwise might result by reason of that participation, except in cases of willful and wanton misconduct.

(l) At all stages of the hearing the hearing officer shall require that interpreters be made available by the school district for persons who are deaf or for persons whose normally spoken language is other than English.

(m) If any provision of this Section or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect other provisions or applications of the Section that can be given effect without the invalid application or provision, and to this end the provisions of this Section are severable, unless otherwise provided by this Section.

Section 5. The School Code is amended by changing Section 3-15.12 as follows:

(105 ILCS 5/3-15.12) (from Ch. 122, par. 3-15.12)

The regional superintendent of schools and the Illinois Community College Board shall make available for qualified individuals residing within the region a High School Equivalency Testing Program and alternative methods of credentialing, as identified under this Section. For that purpose the regional superintendent alone or with other regional superintendents may establish and supervise a testing center or centers to administer the secure forms for high school equivalency testing to qualified persons. Such centers shall be under the supervision of the regional superintendent in whose region such centers are located, subject to the approval of the Executive Director of the Illinois Community College Board. Such regional superintendent shall determine if the applicant meets statutory and regulatory state standards.

If qualified the applicant shall at the time of such application pay a fee established by the Illinois Community College Board, which fee shall be paid into a special fund under the control and supervision of the regional superintendent. Such moneys received by the regional superintendent shall be used, first, for the expenses incurred in administering and scoring the examination, and next for other educational programs that are developed and designed by the regional superintendent of schools to assist those who successfully complete high school equivalency testing or meet the criteria for alternative methods of credentialing in furthering their academic development or their ability to secure and retain gainful employment, including programs for the competitive award based on test scores of college or adult education scholarship grants or similar educational incentives. Any excess moneys shall be paid into the institute fund.

Any applicant who has achieved the minimum passing standards as established by the Illinois Community College Board shall be notified in writing by the regional superintendent and shall be issued a high school equivalency certificate on the forms provided by the Illinois Community College Board. The regional superintendent shall then certify to the Illinois Community College Board the score of the applicant and such other and additional information that may be required by the Illinois Community College Board. The moneys received therefrom shall be used in the same manner as provided for in this Section.

Notwithstanding the provisions of this Section, any applicant who has been out of school for at least one year may request the regional
superintendent of schools to administer restricted high school equivalency testing upon written request of: the director of a program who certifies to the Chief Examiner of an official high school equivalency testing center that the applicant has completed a program of instruction provided by such agencies as the Job Corps, the Postal Service Academy, or an apprenticeship training program; an employer or program director for purposes of entry into apprenticeship programs; another state's department of education in order to meet regulations established by that department of education; or a post high school educational institution for purposes of admission, the Department of Financial and Professional Regulation for licensing purposes, or the Armed Forces for induction purposes. The regional superintendent shall administer such testing, and the applicant shall be notified in writing that he or she is eligible to receive a high school equivalency certificate upon reaching age 17, provided he or she meets the standards established by the Illinois Community College Board.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or Public Act 95-634 amendatory Act or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18) (A) A class 1 brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually
manufacture less than 930,000 gallons of beer, may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State Commission. The State Commission shall approve the application for a self-distribution exemption if the class 1 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufactures more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees; and (5) has relinquished any brew pub license held by the licensee, including any ownership interest it held in the licensed brew pub.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated

group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The State Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 90-739 this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State. As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of Public Act 90-739 this amendatory Act of 1998;

(ii) the amount of licensing fees received as a result of Public Act 90-739 this amendatory Act of 1998;

(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices of violations issued to the Department of Revenue, and the number
of notices and complaints of violations to law enforcement officials.

Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or guardian, within 10 days after such citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, regardless of whether an adjudication or dispositional hearing has been completed within that time frame, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety,
and welfare, and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

New matter indicated by italics - deletions by strikeout
In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

(1) The Department of Children and Family Services has custody and guardianship of the minor;
(2) The court has ruled out all other permanency goals based on the child's best interest;
(3) The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:
   (a) the child does not wish to be adopted or to be placed in the guardianship of his or her relative or foster care placement;
   (b) the child exhibits an extreme level of need such that the removal of the child from his or her placement would be detrimental to the child; or
   (c) the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the relationship, and whether ongoing contact is in the subject child's best interest, including long-term emotional interest, as compared with the legal and emotional benefit of permanence;
(4) The child has lived with the relative or foster parent for at least one year; and
(5) The relative or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.
The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

1. Age of the child.
2. Options available for permanence, including both out-of-State and in-State placement options.
3. Current placement of the child and the intent of the family regarding adoption.
4. Emotional, physical, and mental status or condition of the child.
5. Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.
6. Availability of services currently needed and whether the services exist.
7. Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include services reasonably related to remedy the conditions that gave rise to removal of the child from the home of his or her parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home, must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that these findings are based on the information that the court has at that time and may be revised, should additional evidence be presented to the court.

The court shall review the Sibling Contact Support Plan developed or modified under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop or modify a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's best interest, the court may enter an order requiring the Department to develop, modify or implement a Sibling Contact Support Plan, or order mediation.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Unless otherwise specifically authorized by law, the court is not empowered under this subsection (2) or under subsection (3) to order specific placements, specific services, or specific service providers to be included in the plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsection (2) of this Section and sets forth the following:

New matter indicated by italics - deletions by strikeout
(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's placement current or planned is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest and special needs of the minor and, if the minor is placed out-of-State, whether the out-of-State placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or

New matter indicated by italics - deletions by strikeout
for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.

Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of

an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without endangering his or her health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall co-operate with the agent of the court in providing any information sought in the investigation.

(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

(House Bill No. 2950)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 27-23.7 as follows:

(105 ILCS 5/27-23.7)

Sec. 27-23.7. Bullying prevention.

(a) The General Assembly finds that a safe and civil school environment is necessary for students to learn and achieve and that bullying causes physical, psychological, and emotional harm to students and interferes with students' ability to learn and participate in school activities. The General Assembly further finds that bullying has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence. Because of the negative outcomes associated with bullying in schools, the General Assembly finds that school districts, charter schools, and non-public, non-sectarian elementary and secondary schools should educate students, parents, and school district, charter school, or non-public, non-sectarian elementary or secondary school personnel about what behaviors constitute prohibited bullying.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in all school districts, charter schools, and non-public, non-sectarian elementary and secondary schools. No student shall be subjected to bullying:

(1) during any school-sponsored education program or activity;
(2) while in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities;
(3) through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment; or
(4) through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic

device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

(a-5) Nothing in this Section is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the United States Constitution or under Section 3 of Article I of the Illinois Constitution.

(b) In this Section:
"Bullying" includes "cyber-bullying" and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. causing a substantially detrimental effect on the student's or students' physical or mental health;
3. substantially interfering with the student's or students' academic performance; or
4. substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, as defined in this subsection (b), may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

"Cyber-bullying" includes the creation of a
webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying in this Section. "Cyber-bullying" also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying in this Section.

"Policy on bullying" means a bullying prevention policy that meets the following criteria:

(1) Includes the bullying definition provided in this Section.
(2) Includes a statement that bullying is contrary to State law and the policy of the school district, charter school, or non-public, non-sectarian elementary or secondary school and is consistent with subsection (a-5) of this Section.
(3) Includes procedures for promptly reporting bullying, including, but not limited to, identifying and providing the school e-mail address (if applicable) and school telephone number for the staff person or persons responsible for receiving such reports and a procedure for anonymous reporting; however, this shall not be construed to permit formal disciplinary action solely on the basis of an anonymous report.
(4) Consistent with federal and State laws and rules governing student privacy rights, includes procedures for promptly informing parents or guardians of all students involved in the alleged incident of bullying and discussing, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.
(5) Contains procedures for promptly investigating and addressing reports of bullying, including the following:

(B) Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.

(C) Notifying the principal or school administrator or his or her designee of the report of the incident of bullying as soon as possible after the report is received.

(D) Consistent with federal and State laws and rules governing student privacy rights, providing parents and guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

(6) Includes the interventions that can be taken to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

(7) Includes a statement prohibiting reprisal or retaliation against any person who reports an act of bullying and the consequences and appropriate remedial actions for a person who engages in reprisal or retaliation.

(8) Includes consequences and appropriate remedial actions for a person found to have falsely accused another of bullying as a means of retaliation or as a means of bullying.

(9) Is based on the engagement of a range of school stakeholders, including students and parents or guardians.

(10) Is posted on the school district's, charter school's, or non-public, non-sectarian elementary or secondary school's existing Internet website, and is included in the student handbook, and, where applicable, posted where other policies, rules, and standards of conduct are currently posted in the school and provided periodically throughout the school year to students and faculty, and is distributed annually to parents, guardians, students, and school personnel, including new employees when hired.

(11) As part of the process of reviewing and re-evaluating the policy under subsection (d) of this Section, contains a policy

evaluation process to assess the outcomes and effectiveness of the policy that includes, but is not limited to, factors such as the frequency of victimization; student, staff, and family observations of safety at a school; identification of areas of a school where bullying occurs; the types of bullying utilized; and bystander intervention or participation. The school district, charter school, or non-public, non-sectarian elementary or secondary school may use relevant data and information it already collects for other purposes in the policy evaluation. The information developed as a result of the policy evaluation must be made available on the Internet website of the school district, charter school, or non-public, non-sectarian elementary or secondary school. If an Internet website is not available, the information must be provided to school administrators, school board members, school personnel, parents, guardians, and students.

(12) Is consistent with the policies of the school board, charter school, or non-public, non-sectarian elementary or secondary school.

"Restorative measures" means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

"School personnel" means persons employed by, on contract with, or who volunteer in a school district, charter school, or non-public, non-sectarian elementary or secondary school, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

(c) (Blank).

(d) Each school district, charter school, and non-public, non-sectarian elementary or secondary school shall create, maintain, and
implement a policy on bullying, which policy must be filed with the State Board of Education. The policy or implementing procedure shall include a process to investigate whether a reported act of bullying is within the permissible scope of the district's or school's jurisdiction and shall require that the district or school provide the victim with information regarding services that are available within the district and community, such as counseling, support services, and other programs. School personnel available for help with a bully or to make a report about bullying shall be made known to parents or legal guardians, students, and school personnel. Every 2 years, each school district, charter school, and non-public, non-sectarian elementary or secondary school shall conduct a review and re-evaluation of its policy and make any necessary and appropriate revisions. The policy must be filed with the State Board of Education after being updated. The State Board of Education shall monitor and provide technical support for the implementation of policies created under this subsection (d).

(e) This Section shall not be interpreted to prevent a victim from seeking redress under any other available civil or criminal law.

(4) the insured meets all utilization management criteria specific to the prescription drugs at the time of synchronization;

(5) the prescription drugs are of a formulation that can be safely split into short-fill periods to achieve synchronization; and

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 7-172 and 7-174 as follows:

(40 ILCS 5/7-172) (from Ch. 108 1/2, par. 7-172)

Sec. 7-172. Contributions by participating municipalities and participating instrumentalities.

(a) Each participating municipality and each participating instrumentality shall make payment to the fund as follows:

1. municipality contributions in an amount determined by applying the municipality contribution rate to each payment of earnings paid to each of its participating employees;

2. an amount equal to the employee contributions provided by paragraph (a) of Section 7-173, whether or not the employee contributions are withheld as permitted by that Section;

3. all accounts receivable, together with interest charged thereon, as provided in Section 7-209, and any amounts due under subsection (a-5) of Section 7-144;

4. if it has no participating employees with current earnings, an amount payable which, over a closed period of 20 years for participating municipalities and 10 years for participating instrumentalities, will amortize, at the effective rate for that year, any unfunded obligation. The unfunded obligation shall be computed as provided in paragraph 2 of subsection (b);

5. if it has fewer than 7 participating employees or a negative balance in its municipality reserve, the greater of (A) an amount payable that, over a period of 20 years, will amortize at the effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection (a).

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be determined for participating instrumentalities as if they were participating.
municipalities. The municipality contribution rate shall be the sum of the following percentages:

1. The percentage of earnings of all the participating employees of all participating municipalities and participating instrumentalities which, if paid over the entire period of their service, will be sufficient when combined with all employee contributions available for the payment of benefits, to provide all annuities for participating employees, and the $3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to be known as the normal cost rate.

2. The percentage of earnings of the participating employees of each participating municipality and participating instrumentalities necessary to adjust for the difference between the present value of all benefits, excluding temporary and total and permanent disability and death benefits, to be provided for its participating employees and the sum of its accumulated municipality contributions and the accumulated employee contributions and the present value of expected future employee and municipality contributions pursuant to subparagraph 1 of this paragraph (b). This adjustment shall be spread over a period determined by the Board, not to exceed 30 years for participating municipalities or 10 years for participating instrumentalities.

3. The percentage of earnings of the participating employees of all municipalities and participating instrumentalities necessary to provide the present value of all temporary and total and permanent disability benefits granted during the most recent year for which information is available.

4. The percentage of earnings of the participating employees of all participating municipalities and participating instrumentalities necessary to provide the present value of the net single sum death benefits expected to become payable from the reserve established under Section 7-206 during the year for which this rate is fixed.

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

(c) A separate municipality contribution rate shall be computed for each participating municipality or participating instrumentality for its sheriff's law enforcement employees.

New matter indicated by italics - deletions by strikeout
A separate municipality contribution rate shall be computed for the sheriff's law enforcement employees of each forest preserve district that elects to have such employees. For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the municipality's contribution rate so as to make up that deficiency over such reasonable period of time as the Board may determine.

(d) The Board may establish a separate municipality contribution rate for all employees who are program participants employed under the federal Comprehensive Employment Training Act by all of the participating municipalities and instrumentalities. The Board may also provide that, in lieu of a separate municipality rate for these employees, a portion of the municipality contributions for such program participants shall be refunded or an extra charge assessed so that the amount of municipality contributions retained or received by the fund for all CETA program participants shall be an amount equal to that which would be provided by the separate municipality contribution rate for all such program participants. Refunds shall be made to prime sponsors of programs upon submission of a claim therefor and extra charges shall be assessed to participating municipalities and instrumentalities. In establishing the municipality contribution rate as provided in paragraph (b) of this Section, the use of a separate municipality contribution rate for program participants or the refund of a portion of the municipality contributions, as the case may be, may be considered.

(e) Computations of municipality contribution rates for the following calendar year shall be made prior to the beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

(f) Any municipality which is the recipient of State allocations representing that municipality's contributions for retirement annuity purposes on behalf of its employees as provided in Section 12-21.16 of the Illinois Public Aid Code shall pay the allocations so received to the Board for such purpose. Estimates of State allocations to be received during any

New matter indicated by italics - deletions by strikeout
taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. If a special tax is levied under Section 7-171, none of the proceeds may be used to reimburse the municipality for the amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department which receives contributions from a county under Section 11.2 of "An Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as amended, or distributions under Section 3 of the Department of Public Health Act, shall use these only for municipality contributions by the health department.

(g) Municipality contributions for the several purposes specified shall, for township treasurers and employees in the offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

From the funds subject to allocation among districts and parts of districts pursuant to the School Code, the trustees shall withhold the proportionate share of the liability for municipality contributions imposed upon such districts by this Section, in respect to such township treasurers and employees and remit the same to the Board.

The municipality contribution rate for an educational service center shall initially be the same rate for each year as the regional office of education or school district which serves as its administrative agent. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

The municipality contribution rate for a public agency, other than a vocational education cooperative, formed under the Intergovernmental Cooperation Act shall initially be the average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

(h) Each participating municipality and participating instrumentality shall make the contributions in the amounts provided in this Section in the manner prescribed from time to time by the Board and all such contributions shall be obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure
to deduct any employee contributions shall not relieve the participating municipality or participating instrumentality of its obligation to this fund. Delinquent payments of contributions due under this Section may, with interest, be recovered by civil action against the participating municipalities or participating instrumentalities. Municipality contributions, other than the amount necessary for employee contributions, for periods of service by employees from whose earnings no deductions were made for employee contributions to the fund, may be charged to the municipality reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable under subparagraph 4 of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(j) Notwithstanding the other provisions of this Section, the additional unfunded liability accruing as a result of this amendatory Act of the 94th General Assembly shall be amortized over a period of 30 years beginning on January 1 of the second calendar year following the calendar year in which this amendatory Act takes effect, except that the employer may provide for a longer amortization period by adopting a resolution or ordinance specifying a 35-year or 40-year period and submitting a certified copy of the ordinance or resolution to the fund no later than June 1 of the calendar year following the calendar year in which this amendatory Act takes effect.

(k) If the amount of a participating employee's reported earnings for any of the 12-month periods used to determine the final rate of earnings exceeds the employee's 12 month reported earnings with the same employer for the previous year by the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as established by the United States Department of Labor for the preceding September, the participating municipality or participating instrumentality that paid those earnings shall pay to the Fund, in addition to any other contributions required under this Article, the present value of the increase in the pension resulting from the portion of the increase in reported earnings salary that is in excess of the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as determined by the Fund. This present value shall be computed on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the Fund that is available at the time of the computation.

The bill shall specify the calculations used to determine the amount due. If the participating municipality or participating instrumentality disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the fund in writing for a recalculation. No proposed site shall be selected as the site for the regional disposal facility unless it satisfies the site selection criteria established by the Task Group under subsection (b) of this Section.

(d) The contractor selected by the Agency under Sections 5 and 10 of this Act shall conduct evaluations, including possible intrusive field
investigations, of the sites and locations identified under the site selection process established under subsection (c-5) of this Section.

(e) Upon completion of the site evaluations, the contractor selected by the Agency shall identify one site of at least 640 acres that appears promising for development of the regional disposal facility in compliance with the site selection criteria established by the Task Group pursuant to subsection (b) of this Section. The contractor may conduct any other evaluation of the site identified under this subsection that the contractor deems appropriate to determine whether the site satisfies the criteria adopted under subsection (b) of this Section. Upon completion of the evaluations under this subsection, the contractor shall prepare and submit to the Agency a report on the evaluation of the identified site, including a recommendation as to whether the identified site should be further considered for selection as a site for the regional disposal facility. A site so recommended for further consideration is hereinafter referred to as a "proposed site".

(f) A report completed under subsection (e) of this Section that recommends a proposed site shall also be submitted to the chairman of the Task Group. Within 45 days following receipt of a report, the chairman of the Task Group shall publish in newspapers of general circulation in the county or counties in which a proposed site is located a notice of the availability of the report and a notice of a public meeting. The chairman of the Task Group shall also, within the 45-day period, provide copies of the report and the notice to the Governor, the President and Minority Leader of the Senate; the Speaker and Minority Leader of the House; members of the General Assembly from the legislative district or districts in which a proposed site is located; the county board or boards of the county or counties containing a proposed site; and each city, village, and incorporated town within a 5 mile radius of a proposed site. The chairman of the Task Group shall make copies of the report available without charge to the public.

(g) The chairman of the Task Group shall convene at least one public meeting on each proposed site. At the public meeting or meetings, the contractor selected by the Agency shall present the results of the evaluation of the proposed site. The Task Group shall receive such other written and oral information about the proposed site that may be submitted at the meeting. Following the meeting, the Task Group shall decide whether the proposed site satisfies the criteria adopted under subsection (b) of this Section. If the Task Group determines that the proposed site
does not satisfy the criteria, the Agency may require a contractor to submit a further report pursuant to subsection (e) of this Section proposing another site from the locations identified under the site selection process established pursuant to subsection (c-5) of this Section as likely to satisfy the criteria. The following notice and distribution of the report as required by subsection (f) of this Section, the new proposed site shall be the subject of a public meeting under this subsection. The contractor selected by the Agency shall propose additional sites, and the Task Group shall conduct additional public meetings, until the Agency Task Group has approved a proposed site recommended by a contractor as satisfying the criteria adopted under subsection (b) of this Section. In the event that the Agency Task Group does not approve any of the proposed sites recommended by the contractor under this subsection, as satisfying the criteria adopted under subsection (b) of this Section, the Task Group shall immediately suspend all work and the Agency shall prepare a study containing, at a minimum, the Agency's recommendations regarding the viability of the site selection process established pursuant to this Act, based on the factors and circumstances specified in items (1) through (6) of subsection (c-3) of Section 10.2. The Agency shall provide copies of the study to the Governor, the President and Minority Leader of the Senate, and the Speaker and Minority Leader of the House. The Agency shall also publish a notice of availability of the study in the State newspaper and make copies of the report available without charge to the public.

(h) (Blank).

(i) Upon the Agency's approval Task Group's decision that a proposed site satisfies the criteria adopted under subsection (b) of this Section, the contractor shall proceed with the characterization and licensure of the proposed site under Section 10.3 of this Act and the Task Group shall immediately suspend all work, except as otherwise specifically required in subsection (b) of Section 10.3 of this Act.

Sec. 10.3. Site characterization; license application; adjudicatory hearing; exclusivity.

(a) If the contractor chosen under Sections 5 and 10, following characterization, determines that the proposed site is appropriate for the development of a regional disposal facility, (i) the contractor shall submit to the Agency an application for a license to construct and operate the

facility at the selected site and (ii) the Task Group shall be abolished and its records transferred to the Agency.

(b) If the contractor determines, following or at any time during characterization of the site proposed under Section 10.2 of this Act, that the proposed site is not appropriate for the development of a regional disposal facility, the Agency may require the contractor to propose an additional site to the Task Group from the locations identified under the site selection process established under subsection (c-5) of Section 10.2 that is likely to satisfy the criteria adopted under subsection (b) of Section 10.2. The new proposed site shall be the subject of public notice, distribution, and public meeting conducted by the Agency Task Group under the procedures set forth in subsections (f) and (g) of Section 10.2 of this Act. The contractor selected by the Agency shall propose additional sites and the Agency Task Group shall conduct additional public meetings until (i) the Task Group has approved a proposed site recommended by a contractor as satisfying the criteria adopted under subsection (b) of Section 10.2, and (ii) the contractor has determined, following characterization, that the site is appropriate for the development of the regional disposal facility. Upon the selection of a proposed site under this subsection, (i) the contractor shall submit to the Agency an application for a license to construct and operate a regional disposal facility at the selected site and (ii) the Task Group shall be abolished and its records transferred to the Agency.

(c) The Agency shall review the license application filed pursuant to Section 8 and subsections (a) and (b) of this Section in accordance with its rules and the agreement between the State of Illinois and the Nuclear Regulatory Commission under Section 274 of the Atomic Energy Act. If the Agency determines that the license should be issued, the Agency shall publish in the State newspaper a notice of intent to issue the license. Objections to issuance of the license may be filed within 90 days of publication of the notice. Upon receipt of objections, the Director shall appoint a hearing officer who shall conduct an adjudicatory hearing on the objections. The burden of proof at the hearing shall be on the person filing the objections. Upon completion of the hearing, the hearing officer shall recommend to the Director whether the license should be issued. The decision of the Director to issue or deny the license may be appealed under Section 18.

(d) The procedures, criteria, terms, and conditions set forth in this Act, and in the rules adopted under this Act, for the treatment, storage, and
disposal of low-level radioactive waste and for the siting, licensure, design, construction, maintenance, operation, closure, decommissioning, and post-closure care of the regional disposal facility shall be the exclusive procedures, criteria, terms, and conditions for those matters.

Sec. 12.1. Grants; community agreements.

(a) The Director may make grants to the county or counties containing a site proposed under subsection (d) of Section 10.2 and may make grants to any municipality containing or within 1.5 miles of a proposed site. The grants may be used for any lawful purposes, including technical reviews of the proposed site and participation in public meetings held during the site selection process under subsection (g) of Section 10.2.

(b) The Director may make grants to the county or counties containing a site to be characterized under Section 10.3 and may make a grant to any municipality containing or within 1.5 miles of any such site. The grants may be used for any lawful purposes, including review of site characterization work, participation in an adjudicatory hearing under subsection (c) of Section 10.3, and negotiation of an agreement under subsection (c) of this Section.

(c) The Director may enter into one or more community agreements with the county or counties containing a site for which a license application has been submitted under Section 10.3. The Director may also enter into one or more community agreements with any municipality containing or within 1.5 miles of a site for which a license application has been submitted under Section 10.3. An agreement under this subsection may include, but need not be limited to, matters of technical and socioeconomic concern regarding the development, operation, closure, and post-closure care of the disposal facility to be constructed at the site.

PUBLIC ACT 100-0147
(House Bill No. 3059)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 18-8.05 as follows:
(105 ILCS 5/18-8.05)

New matter indicated by italics - deletions by strikeout
Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not

New matter indicated by italics - deletions by strikeout
having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.
(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164. For the 2006-2007 school year, the Foundation Level of support is $5,334. For the 2007-2008 school year, the Foundation Level of support is $5,734. For the 2008-2009 school year, the Foundation Level of support is $5,959.

(3) For the 2009-2010 school year and each school year thereafter, the Foundation Level of support is $6,119 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year

New matter indicated by italics - deletions by strikeout
immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

New matter indicated by italics - deletions by strikeout
(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year one year before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the
1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year for each grade level served. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal age.
school age and in kindergarten and grades 1 through 12. Days of attendance by pupils through verified participation in an e-learning program approved by the State Board of Education under Section 10-20.56 of the Code shall be considered as full days of attendance for purposes of this Section.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) (Blank).

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year, provided a district conducts an in-service training program for teachers in accordance with Section 10-22.39 of this Code; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day required for a legal school calendar pursuant to Section 10-19 of this Code; (1.5) when, of the 5 days allowed under item (1), a maximum of 4 days are used for parent-teacher conferences, or, in lieu of 4 such days, 2 full days are used, in which case each such day may be counted as a calendar day required under Section 10-19 of this Code, provided that the full-day, parent-teacher conference consists of (i) a minimum of 5 clock hours of parent-teacher conferences, (ii) both

New matter indicated by italics - deletions by strikeout
a minimum of 2 clock hours of parent-teacher conferences held in the evening following a full day of student attendance, as specified in subsection (F)(1)(c), and a minimum of 3 clock hours of parent-teacher conferences held on the day immediately following evening parent-teacher conferences, or (iii) multiple parent-teacher conferences held in the evenings following full days of student attendance, as specified in subsection (F)(1)(c), in which the time used for the parent-teacher conferences is equivalent to a minimum of 5 clock hours; and (2) when days in addition to those provided in items (1) and (1.5) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour

may be counted as 1/2 day of attendance; however, for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the assessment that includes a college and career ready determination is administered under subsection (c) of Section 2-3.64a-5 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(j) Pupils enrolled in a remote educational program established under Section 10-29 of this Code may be counted on the basis of one-fifth day of attendance for every clock hour of instruction attended in the remote educational program, provided that, in any month, the school district may not claim for a student enrolled in a remote educational program more days of attendance than the maximum number of days of attendance the district can claim (i) for students enrolled in a building holding year-round classes if the student is classified as participating in the remote educational program on a year-round schedule or (ii) for students enrolled in a building not holding year-round classes if the student

is not classified as participating in the remote educational program on a year-round schedule.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this

New matter indicated by italics - deletions by strikeout
paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same
percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. Except as otherwise provided in this paragraph for a school district that has approved or does approve an

New matter indicated by italics - deletions by strikeout
increase in its limiting rate, for the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D). For the 2009-2010 school year and each school year thereafter, if a school district has approved or does approve an increase in its limiting rate, pursuant to Section 18-190 of the Property Tax Code, affecting the Base Tax Year, the Extension Limitation Equalized Assessed Valuation of the school district, as calculated by the State Board of Education, shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid times an amount equal to one plus the percentage increase, if any, in the Consumer Price Index for all Urban Consumers for all items published by the United States Department of Labor for the 12-month calendar year preceding the Base Tax Year, plus the Equalized Assessed Valuation of new property, annexed property, and recovered tax increment value and minus the Equalized Assessed Valuation of disconnected property. New property and recovered tax increment value shall have the meanings set forth in the Property Tax Extension Limitation Law.

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(3.5) For the 2010-2011 school year and each school year thereafter, if a school district's boundaries span multiple counties, then the Department of Revenue shall send to the State Board of Education, for the purpose of calculating general State aid, the limiting rate and individual rates by purpose for the county that contains the majority of the school district's Equalized Assessed Valuation.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its

New matter indicated by italics - deletions by strikeout
general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal

New matter indicated by italics - deletions by strikeout
censuses in the low-income eligible pupil count of a high school district
with fewer than 400 students exceeds by 75% or more the percentage
change in the total low-income eligible pupil count of contiguous
elementary school districts, whose boundaries are coterminous with the
high school district, or (ii) a high school district within 2 counties and
serving 5 elementary school districts, whose boundaries are coterminous
with the high school district, has a percentage decrease from the 2 most
recent federal censuses in the low-income eligible pupil count and there is
a percentage increase in the total low-income eligible pupil count of a
majority of the elementary school districts in excess of 50% from the 2
most recent federal censuses, then the high school district's low-income
eligible pupil count from the earlier federal census shall be the number
used as the low-income eligible pupil count for the high school district, for
purposes of this subsection (H). The changes made to this paragraph (1) by
Public Act 92-28 shall apply to supplemental general State aid grants for
school years preceding the 2003-2004 school year that are paid in fiscal
year 1999 or thereafter and to any State aid payments made in fiscal year
1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8
of this Code (which was repealed on July 1, 1998), and any high school
district that is affected by Public Act 92-28 is entitled to a recomputation
of its supplemental general State aid grant or State aid paid in any of those
fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year
and each school year thereafter. For purposes of this subsection (H), the
term "Low-Income Concentration Level" shall, for each fiscal year, be the
low-income eligible pupil count as of July 1 of the immediately preceding
fiscal year (as determined by the Department of Human Services based on
the number of pupils who are eligible for at least one of the following low
income programs: Medicaid, the Children's Health Insurance Program,
TANF, or Food Stamps, excluding pupils who are eligible for services
provided by the Department of Children and Family Services, averaged
over the 2 immediately preceding fiscal years for fiscal year 2004 and over
the 3 immediately preceding fiscal years for each fiscal year thereafter)
divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H)
shall be provided as follows for the 1998-1999, 1999-2000, and 2000-
2001 school years only:

(a) For any school district with a Low Income
Concentration Level of at least 20% and less than 35%, the grant

New matter indicated by italics - deletions by strikeout
for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.
(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received
during the 2002-2003 school year added to the product of 0.75 multiplied
by the difference between the grant amount calculated under subsection (a)
or (b) of this paragraph (2.10), whichever is applicable, and the grant
received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more
than 1,000 and less than 50,000 that qualify for supplemental general State
aid pursuant to this subsection shall submit a plan to the State Board of
Education prior to October 30 of each year for the use of the funds
resulting from this grant of supplemental general State aid for the
improvement of instruction in which priority is given to meeting the
education needs of disadvantaged children. Such plan shall be submitted in
accordance with rules and regulations promulgated by the State Board of
Education.

(4) School districts with an Average Daily Attendance of 50,000 or
more that qualify for supplemental general State aid pursuant to this
subsection shall be required to distribute from funds available pursuant to
this Section, no less than $261,000,000 in accordance with the following
requirements:

(a) The required amounts shall be distributed to the
attendance centers within the district in proportion to the number
of pupils enrolled at each attendance center who are eligible to
receive free or reduced-price lunches or breakfasts under the
federal Child Nutrition Act of 1966 and under the National School
Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and
general State aid among attendance centers according to these
requirements shall not be compensated for or contravened by
adjustments of the total of other funds appropriated to any
attendance centers, and the Board of Education shall utilize
funding from one or several sources in order to fully implement
this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school
district a distribution of noncategorical funds and other categorical
funds to which an attendance center is entitled under law in order
that the general State aid and supplemental general State aid
provided by application of this subsection supplements rather than
supplants the noncategorical funds and other categorical funds
provided by the school district to the attendance centers.
(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds

New matter indicated by italics - deletions by strikeout
otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except

New matter indicated by italics - deletions by strikeout
under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.
The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

(Q) State Fiscal Year 2015 Payments.

For payments made for State fiscal year 2015, the State Board of Education shall, for each school district, calculate that district's pro-rata share of a minimum sum of $13,600,000 or additional amounts as needed from the total net General State Aid funding as calculated under this Section that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with...
Disabilities Education Act. Each school district must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board of Education. (R) State Fiscal Year 2016 Payments.

For payments made for State fiscal year 2016, the State Board of Education shall, for each school district, calculate that district's pro rata share of a minimum sum of $1 or additional amounts as needed from the total net General State Aid funding as calculated under this Section that shall be deemed attributable to the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, in a manner that ensures compliance with maintenance of State financial support requirements under the federal Individuals with Disabilities Education Act. Each school district must use such funds only for the provision of special educational facilities and services, as defined in Section 14-1.08 of this Code, and must comply with any expenditure verification procedures adopted by the State Board of Education.

(House Bill No. 3070)

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 7-139, 7-139.2, 7-142.1, 7-145.1, and 7-169 as follows:

(40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)
(Text of Section WITHOUT the changes made by P.A. 98-599, which has been held unconstitutional)

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

New matter indicated by italics - deletions by strikeout
1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

   If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

   If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

   A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

   Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same

municipality or participating instrumentality after the effective date
and becomes a participating employee is entitled to creditable
service for prior service as otherwise provided in this subdivision
(a)(1) only if he or she renders 2 years of service as a participating
employee after the effective date. Application for such service
must be made while in a participating status. The salary rate to be
used in the calculation of the required employee contribution, if
any, shall be the employee's salary rate at the time of first
reentering service with the employer after the employer's effective
date of participation.

2. For current service, each participating employee shall be
credited with:

   a. Additional credits of amounts equal to each
      payment of additional contributions received from him
      under Section 7-173, as of the date the corresponding
      payment of earnings is payable to him.

   b. Normal credits of amounts equal to each payment
      of normal contributions received from him, as of the date
      the corresponding payment of earnings is payable to him,
      and normal contributions made for the purpose of
      establishing out-of-state service credits as permitted under
      the conditions set forth in paragraph 6 of this subsection
      (a).

   c. Municipality credits in an amount equal to 1.4
times the normal credits, except those established by out-
of-state service credits, as of the date of computation of any
benefit if these credits would increase the benefit.

   d. Survivor credits equal to each payment of
      survivor contributions received from the participating
      employee as of the date the corresponding payment of
      earnings is payable, and survivor contributions made for the
      purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent
disability benefits, each employee receiving disability benefits shall
be granted creditable service for the period during which disability
benefits are payable. Normal and survivor credits, based upon the
rate of earnings applied for disability benefits, shall also be granted
if such credits would result in a higher benefit to any such
employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

   a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment.

   b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

   c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

   d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

   e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time

active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

New matter indicated by italics - deletions by strikeout
In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. The required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by Public Acts 95-483 and 95-486 apply only to participating employees in service on or after August 28, 2007 (the effective date of those Public Acts).

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official
of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Except as provided in item b-1, only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

New matter indicated by italics - deletions by strikeout
b-1. If the employee was in the service of more than one employer as defined in item (2) of paragraph (a) of subsection (A) of Section 7-132, then the sick leave days from all such employers shall be credited, as long as the creditable service attributed to those sick leave days does not exceed the limitation in item f of this paragraph. In calculating the creditable service under this item b-1, the sick leave days from the last employer shall be considered first, then the remaining sick leave days shall be considered until there are no more days or the maximum creditable sick leave threshold under item f of this paragraph has been reached.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision.

e. Employee contributions shall not be required for creditable service under this subdivision.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 4, 5, 8, 14, or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 4-108.3, 5-235, 8-226.7, 14-105.6, or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year,
compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. (Blank).

11. For service transferred from an Article 3 system under Section 3-110.3: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.3, to any active member of this Fund, upon transfer of such credits pursuant to Section 3-110.3. If the board determines that the amount transferred is less than the true cost to the Fund of allowing that creditable service to be established, then in order to establish that creditable service, the member must pay to the Fund an additional contribution equal to the difference, as determined by the board in accordance with the rules and procedures adopted under this paragraph. If the member does not make the full additional payment as required by this paragraph prior to termination of his participation with that employer, then his or her creditable service shall be reduced by an amount equal to the difference between the amount transferred under Section 3-110.3, including any payments made by the member under this paragraph prior to termination, and the true cost to the Fund of allowing that creditable service to be established, as determined by the board in accordance with the rules and procedures adopted under this paragraph.

The board shall establish by rule the manner of making the calculation required under this paragraph 11, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history, and any other factors that the board determines to be relevant.

12. For omitted service: Any employee who was employed by a participating employer in a position that required participation, but who was not enrolled in the Fund, may establish such credits under the following conditions:

a. Application for such credits is received by the Board while the employee is an active participant of the Fund or a reciprocal retirement system.

New matter indicated by italics - deletions by strikeout
b. Eligibility for participation and earnings are verified by the Authorized Agent of the participating employer for which the service was rendered. Creditable service under this paragraph shall be granted upon payment of the employee contributions that would have been required had he participated, which shall be calculated by the Fund using the member contribution rate in effect during the period that the service was rendered.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule. Payments made to establish service credit under paragraph 1, 4, 5, 5.1, 6, 7, or 12 of subsection (a) of this Section must be received by the Board while the applicant is an active participant.
in the Fund or a reciprocal retirement system, except that an applicant may make one payment after termination of active participation in the Fund or a reciprocal retirement system.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

Sec. 7-139.2. Validation of service credits. An active member of the General Assembly having no service credits or creditable service in the Fund, may establish service credit and creditable service for periods during which he was an employee of a municipality in an elective office and could have elected to participate in the Fund but did not so elect. Service credits and creditable service may be established by payment to the Fund of an amount equal to the contributions he would have made if he had elected to participate plus interest to the date of payment, together with the applicable municipality credits including interest, but the total period of such creditable service that may be validated shall not exceed 8 years. Payments made to establish such service credit must be received by the Board while the member is an active participant in the General Assembly Retirement System, except that one payment will be permitted after the member terminates such service.

(40 ILCS 5/7-142.1) (from Ch. 108 1/2, par. 7-142.1)

Sec. 7-142.1. Sheriff's law enforcement employees.

(a) In lieu of the retirement annuity provided by subparagraph 1 of paragraph (a) of Section 7-142:

Any sheriff's law enforcement employee who has 20 or more years of service in that capacity and who terminates service prior to January 1, 1988 shall be entitled at his option to receive a monthly retirement annuity for his service as a sheriff's law enforcement employee computed by multiplying 2% for each year of such service up to 10 years, 2 1/4% for each year of such service above 10 years and up to 20 years, and 2 1/2%
for each year of such service above 20 years, by his annual final rate of earnings and dividing by 12.

Any sheriff's law enforcement employee who has 20 or more years of service in that capacity and who terminates service on or after January 1, 1988 and before July 1, 2004 shall be entitled at his option to receive a monthly retirement annuity for his service as a sheriff's law enforcement employee computed by multiplying 2.5% for each year of such service up to 20 years, 2% for each year of such service above 20 years and up to 30 years, and 1% for each year of such service above 30 years, by his annual final rate of earnings and dividing by 12.

Any sheriff's law enforcement employee who has 20 or more years of service in that capacity and who terminates service on or after July 1, 2004 shall be entitled at his or her option to receive a monthly retirement annuity for service as a sheriff's law enforcement employee computed by multiplying 2.5% for each year of such service by his annual final rate of earnings and dividing by 12.

If a sheriff's law enforcement employee has service in any other capacity, his retirement annuity for service as a sheriff's law enforcement employee may be computed under this Section and the retirement annuity for his other service under Section 7-142.

In no case shall the total monthly retirement annuity for persons who retire before July 1, 2004 exceed 75% of the monthly final rate of earnings. In no case shall the total monthly retirement annuity for persons who retire on or after July 1, 2004 exceed 80% of the monthly final rate of earnings.

(b) Whenever continued group insurance coverage is elected in accordance with the provisions of Section 367h of the Illinois Insurance Code, as now or hereafter amended, the total monthly premium for such continued group insurance coverage or such portion thereof as is not paid by the municipality shall, upon request of the person electing such continued group insurance coverage, be deducted from any monthly pension benefit otherwise payable to such person pursuant to this Section, to be remitted by the Fund to the insurance company or other entity providing the group insurance coverage.

(c) A sheriff's law enforcement employee who began service in that capacity prior to the effective date of this amendatory Act of the 97th General Assembly and who has service in any other capacity may convert up to 10 years of that service into service as a sheriff's law enforcement employee by paying to the Fund an amount equal to (1) the additional

New matter indicated by italics - deletions by strikeout
employee contribution required under Section 7-173.1, plus (2) the additional employer contribution required under Section 7-172, plus (3) interest on items (1) and (2) at the prescribed rate from the date of the service to the date of payment. Application must be received by the Board while the employee is an active participant in the Fund. Payment must be received while the member is an active participant, except that one payment will be permitted after termination of participation.

(d) The changes to subsections (a) and (b) of this Section made by this amendatory Act of the 94th General Assembly apply only to persons in service on or after July 1, 2004. In the case of such a person who begins to receive a retirement annuity before the effective date of this amendatory Act of the 94th General Assembly, the annuity shall be recalculated prospectively to reflect those changes, with the resulting increase beginning to accrue on the first annuity payment date following the effective date of this amendatory Act.

(e) Any elected county officer who was entitled to receive a stipend from the State on or after July 1, 2009 and on or before June 30, 2010 may establish earnings credit for the amount of stipend not received, if the elected county official applies in writing to the fund within 6 months after the effective date of this amendatory Act of the 96th General Assembly and pays to the fund an amount equal to (i) employee contributions on the amount of stipend not received, (ii) employer contributions determined by the Board equal to the employer's normal cost of the benefit on the amount of stipend not received, plus (iii) interest on items (i) and (ii) at the actuarially assumed rate.

(f) Notwithstanding any other provision of this Article, the provisions of this subsection (f) apply to a person who first becomes a sheriff's law enforcement employee under this Article on or after January 1, 2011.

A sheriff's law enforcement employee age 55 or more who has 10 or more years of service in that capacity shall be entitled at his option to receive a monthly retirement annuity for his or her service as a sheriff's law enforcement employee computed by multiplying 2.5% for each year of such service by his or her final rate of earnings.

The retirement annuity of a sheriff's law enforcement employee who is retiring after attaining age 50 with 10 or more years of creditable service shall be reduced by one-half of 1% for each month that the sheriff's law enforcement employee's age is under age 55.

New matter indicated by italics - deletions by strikeout
The maximum retirement annuity under this subsection (f) shall be 75% of final rate of earnings.

For the purposes of this subsection (f), "final rate of earnings" means the average monthly earnings obtained by dividing the total salary of the sheriff's law enforcement employee during the 96 consecutive months of service within the last 120 months of service in which the total earnings was the highest by the number of months of service in that period.

Notwithstanding any other provision of this Article, beginning on January 1, 2011, for all purposes under this Code (including without limitation the calculation of benefits and employee contributions), the annual earnings of a sheriff's law enforcement employee to whom this Section applies shall not include overtime and shall not exceed $106,800; however, that amount shall annually thereafter be increased by the lesser of (i) 3% of that amount, including all previous adjustments, or (ii) one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, including all previous adjustments.

(g) Notwithstanding any other provision of this Article, the monthly annuity of a person who first becomes a sheriff's law enforcement employee under this Article on or after January 1, 2011 shall be increased on the January 1 occurring either on or after the attainment of age 60 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

(h) Notwithstanding any other provision of this Article, for a person who first becomes a sheriff's law enforcement employee under this Article on or after January 1, 2011, the annuity to which the surviving spouse, children, or parents are entitled under this subsection (h) shall be in the amount of 66 2/3% of the sheriff's law enforcement employee's earned annuity at the date of death.

(i) Notwithstanding any other provision of this Article, the monthly annuity of a survivor of a person who first becomes a sheriff's law enforcement employee under this Article on or after January 1, 2011 shall
be increased on the January 1 after attainment of age 60 by the recipient of the survivor's annuity and each January 1 thereafter by 3% or one-half the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted pension. If the annual unadjusted percentage change in the consumer price index-u for a 12-month period ending in September is zero or, when compared with the preceding period, decreases, then the annuity shall not be increased.

(j) For the purposes of this Section, "consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. Sec. 7-145.1. Alternative annuity for county officers.

(a) The benefits provided in this Section and Section 7-145.2 are available only if, prior to the effective date of this amendatory Act of the 97th General Assembly, the county board has filed with the Board of the Fund a resolution or ordinance expressly consenting to the availability of these benefits for its elected county officers. The county board's consent is irrevocable with respect to persons participating in the program, but may be revoked at any time with respect to persons who have not paid an additional optional contribution under this Section before the date of revocation.

An elected county officer may elect to establish alternative credits for an alternative annuity by electing in writing before the effective date of this amendatory Act of the 97th General Assembly to make additional optional contributions in accordance with this Section and procedures established by the board. These alternative credits are available only for periods of service as an elected county officer. The elected county officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service as an elected county officer after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Section 7-173.

(2) For service as an elected county officer before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment, plus any additional amount required by the county board under paragraph (3). All payments for past service must be paid in full before credit is given. Payment must be received by the Board while the member is an active participant, except that one payment will be permitted after termination of participation.

(3) With respect to service as an elected county officer before the option is elected, if payment is made after the county board has filed with the Board of the Fund a resolution or ordinance requiring an additional contribution under this paragraph, then the contribution required under paragraph (2) shall include an amount to be determined by the Fund, equal to the actuarial present value of the additional employer cost that would otherwise result from the alternative credits being established for that service. A county board's resolution or ordinance requiring additional contributions under this paragraph (3) is irrevocable. Payment must be received by the Board while the member is an active participant, except that one payment will be permitted after termination of participation.

No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(b) In lieu of the retirement annuity otherwise payable under this Article, an elected county officer who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, (2) has held and made additional optional contributions with respect to the same elected county office for at least 8 years, and (3) has attained age 55 with at least 8 years of service credit (or has attained age 50 with at least 20 years of service as a sheriff's law enforcement officer),
employee) may elect to have his retirement annuity computed as follows: 3% of the participant's salary for each of the first 8 years of service credit, plus 4% of that salary for each of the next 4 years of service credit, plus 5% of that salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of that salary.

This formula applies only to service in an elected county office that the officer held for at least 8 years, and only to service for which additional optional contributions have been paid under this Section. If an elected county officer qualifies to have this formula applied to service in more than one elected county office, the qualifying service shall be accumulated for purposes of determining the applicable accrual percentages, but the salary used for each office shall be the separate salary calculated for that office, as defined in subsection (g).

To the extent that the elected county officer has service credit that does not qualify for this formula, his retirement annuity will first be determined in accordance with this formula with respect to the service to which this formula applies, and then in accordance with the remaining Sections of this Article with respect to the service to which this formula does not apply.

(c) In lieu of the disability benefits otherwise payable under this Article, an elected county officer who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of his office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). For the purposes of this subsection, an elected county officer shall be considered permanently disabled only if: (i) disability occurs while in service as an elected county officer and is of such a nature as to prevent him from reasonably performing the duties of his office at the time; and (ii) the board has received a written certification by at least 2 licensed physicians appointed by it stating that the officer is disabled and that the disability is likely to be permanent.

(d) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 7-166, 7-167 and 7-168. Interest shall be credited at the effective rate on the same basis and under the same conditions as for other contributions.

If an elected county officer fails to hold that same elected county office for at least 8 years, he or she shall be entitled after leaving office to
receive a refund of the additional optional contributions made with respect to that office, plus interest at the effective rate.

(e) The plan of optional alternative benefits and contributions shall be available to persons who are elected county officers and active contributors to the Fund on or after November 15, 1994 and elected to establish alternative credit before the effective date of this amendatory Act of the 97th General Assembly. A person who was an elected county officer and an active contributor to the Fund on November 15, 1994 but is no longer an active contributor may apply to make additional optional contributions under this Section at any time within 90 days after the effective date of this amendatory Act of 1997; if the person is an annuitant, the resulting increase in annuity shall begin to accrue on the first day of the month following the month in which the required payment is received by the Fund.

(f) For the purposes of this Section and Section 7-145.2, the terms "elected county officer" and "elected county office" include, but are not limited to: (1) the county clerk, recorder, treasurer, coroner, assessor (if elected), auditor, sheriff, and State's Attorney; members of the county board; and the clerk of the circuit court; and (2) a person who has been appointed to fill a vacancy in an office that is normally filled by election on a countywide basis, for the duration of his or her service in that office. The terms "elected county officer" and "elected county office" do not include any officer or office of a county that has not consented to the availability of benefits under this Section and Section 7-145.2.

(g) For the purposes of this Section and Section 7-145.2, the term "salary" means the final rate of earnings for the elected county office held, calculated in a manner consistent with Section 7-116, but for that office only. If an elected county officer qualifies to have the formula in subsection (b) applied to service in more than one elected county office, a separate salary shall be calculated and applied with respect to each such office.

(h) The changes to this Section made by this amendatory Act of the 91st General Assembly apply to persons who first make an additional optional contribution under this Section on or after the effective date of this amendatory Act.

(i) Any elected county officer who was entitled to receive a stipend from the State on or after July 1, 2009 and on or before June 30, 2010 may establish earnings credit for the amount of stipend not received, if the elected county official applies in writing to the fund within 6 months after
the effective date of this amendatory Act of the 96th General Assembly
and pays to the fund an amount equal to (i) employee contributions on the
amount of stipend not received, (ii) employer contributions determined by
the Board equal to the employer's normal cost of the benefit on the amount
of stipend not received, plus (iii) interest on items (i) and (ii) at the
actuarially assumed rate.

Sec. 7-169. Separation benefits; repayments.
(a) If an employee who has received a separation benefit
subsequently becomes a participating employee, and renders at least 2
years of contributing service from the date of such re-entry, he may pay to
the fund the amount of the separation benefit, plus interest at the effective
rate for each year from the date of payment of the separation benefit to the
date of repayment. Upon payment his creditable service shall be reinstated
and the payment shall be credited to his account as normal contributions.
Application must be received by the Board while the employee is an active participant in the Fund or a reciprocal retirement system. Payment must be received while the member is an active participant, except that one payment will be permitted after termination of participation in the Fund or a reciprocal retirement system.

(b) Beginning July 1, 2004, the requirement of returning to service
for at least 2 years does not apply to persons who return to service as a sheriff's law enforcement employee. This subsection applies only to persons in service on or after July 1, 2004. In the case of such a person who begins to receive a retirement annuity before the effective date of this amendatory Act of the 94th General Assembly, the annuity shall be recalculated prospectively to reflect any credits reinstated as a result of this subsection, with the resulting increase in annuity beginning to accrue on the first annuity payment date following the effective date of this amendatory Act, but not earlier than the date the repayment is received by the Fund.

(a) Except as otherwise provided in subsection (a-5), any person who drives or is in actual physical control of a motor vehicle on any highway of this State at a time when such person's driver's license, permit or privilege to do so or the privilege to obtain a driver's license or permit is revoked or suspended as provided by this Code or the law of another state, except as may be specifically allowed by a judicial driving permit issued prior to January 1, 2009, monitoring device driving permit, family financial responsibility driving permit, probationary license to drive, or a restricted driving permit issued pursuant to this Code or under the law of another state, shall be guilty of a Class A misdemeanor.

(a-3) A second or subsequent violation of subsection (a) of this Section is a Class 4 felony if committed by a person whose driving or operation of a motor vehicle is the proximate cause of a motor vehicle accident that causes personal injury or death to another. For purposes of this subsection, a personal injury includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. (a-10) A person's driver's license, permit, or privilege to obtain a driver's license or permit may be subject to multiple revocations, multiple suspensions, or any combination of both simultaneously. No revocation or suspension shall serve to negate, invalidate, cancel, postpone, or in any way lessen the effect of any other revocation or suspension entered prior or subsequent to any other revocation or suspension.

(b) (Blank).

(b-1) Upon receiving a report of the conviction of any violation indicating a person was operating a motor vehicle during the time when the person's driver's license, permit or privilege was suspended by the Secretary of State or the driver's licensing administrator of another state, except as specifically allowed by a probationary license, judicial driving permit, restricted driving permit or monitoring device driving permit the Secretary shall extend the suspension for the same period of time as the originally imposed suspension unless the suspension has already expired, in which case the Secretary shall be authorized to suspend the person's driving privileges for the same period of time as the originally imposed suspension.

for an additional period of one year from the date of the conviction.

aggravated driving under the influence of alcohol, other drug or drugs, or
intoxicating compound or compounds, or any combination thereof when
the violation was a proximate cause of a death, or a similar provision of a
law of another state.

(b-6) Upon receiving a report of a first conviction of operating a
motor vehicle while the person's driver's license, permit or privilege was
revoked where the revocation was for a violation of Section 9-3 of the
Criminal Code of 1961 or the Criminal Code of 2012 relating to the
offense of reckless homicide, or a violation of subparagraph (F) of
paragraph (1) of subsection (d) of Section 11-501 of this Code, relating to

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The School Code is amended by changing Section 27A-5
and by adding Section 26-18 as follows:

(105 ILCS 5/26-18 new)

Sec. 26-18. Chronic absenteeism report and support.

(a) As used in this Section:

"Chronic absence" means absences that total 10% or more of
school days of the most recent academic school year, including absences
with and without valid cause, as defined in Section 26-2a of this Code, and
out-of-school suspensions for an enrolled student.

"Student" means any enrolled student that is subject to compulsory
attendance under Section 26-1 of this Code but does not mean a student
for whom a documented homebound or hospital record is on file during
the student's absence from school.

(b) The General Assembly finds that:

(1) The early years are a critical period in children's
learning and development. Every child should be counted present
every day. Every day of school matters.

(2) Being absent too many days from school can make it
difficult for students to stay on-track academically and maintain
the momentum to graduate from high school in order to be college-
or career-ready.

(3) Every day of school attendance matters for all students
and their families. It is crucial, therefore, that the implications of
chronic absence be understood and reviewed regularly.

(c) Beginning July 1, 2018, every school district, charter school, or
alternative school or any school receiving public funds shall collect and
review its chronic absence data and determine what systems of support
and resources are needed to engage chronically absent students and their
families to encourage the habit of daily attendance and promote success.
The review shall include an analysis of chronic absence data from each
attendance center or campus of the school district, charter school, or
alternative school or other school receiving public funds.

New matter indicated by italics - deletions by strikeout
(d) School districts, charter schools, or alternative schools or any school receiving public funds are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies such as those available through the Illinois Multi-tiered Systems of Support Network. Schools additionally are encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

(105 ILCS 5/27A-5)

(Text of Section before amendment by P.A. 99-927)
Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including
without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted

New matter indicated by italics - deletions by strikeout
annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

1. Sections 10-21.9 and 34-18.5 of this Code regarding criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database of applicants for employment;
2. Sections 10-20.14, 10-22.6, 24-24, 34-19, and 34-84a of this Code regarding discipline of students;
3. the Local Governmental and Governmental Employees Tort Immunity Act;
4. Section 108.75 of the General Not For Profit Corporation Act of 1986 regarding indemnification of officers, directors, employees, and agents;
5. the Abused and Neglected Child Reporting Act;
6. the Illinois School Student Records Act;

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. However, a charter school that is established on or after April 16, 2003 (the effective date of Public Act 93-3) and that operates in a city having a population exceeding 500,000 may not contract with a for-profit entity to manage or operate the school during the period that commences on April 16, 2003 (the effective date of Public Act 93-3) and concludes at the end of the 2004-2005 school year. Except as provided in subsection (i) of this Section, a school district may charge a charter school reasonable rent for the use of the district's buildings, grounds, and facilities. Any services for which a charter school contracts with a school district shall be provided by the district at cost. Any services for which a charter school contracts with a local school board or with the governing body of a State college or university or public community college shall be provided by the public entity at cost.

(i) In no event shall a charter school that is established by converting an existing school or attendance center to charter school status be required to pay rent for space that is deemed available, as negotiated and provided in the charter agreement, in school district facilities. However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

(k) If the charter school is approved by the Commission, then the Commission charter school is its own local education agency. New matter indicated by italics - deletions by strikeout
(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any

course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code.
governing public schools and local school board policies; however, a charter school is not exempt from the following:

2. Sections 10-20.14, 10-22.6, 24-24, 34-19, and 34-84a of this Code regarding discipline of students;
3. the Local Governmental and Governmental Employees Tort Immunity Act;
4. Section 108.75 of the General Not For Profit Corporation Act of 1986 regarding indemnification of officers, directors, employees, and agents;
5. the Abused and Neglected Child Reporting Act;

11. Sections 22-80 and 27-8.1 of this Code; and:
12. Section 26-18 of this Code.

The change made by Public Act 96-104 to this subsection (g) is declaratory of existing law.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for use as a charter school site, (ii) the operation and maintenance thereof, and (iii) the provision of any service, activity, or undertaking that the charter school is required to perform in order to carry out the terms of its charter. (325 ILCS 5/7.14) (from Ch. 23, par. 2057.14)

Sec. 7.14. All reports in the central register shall be classified in one of three categories: "indicated", "unfounded" or "undetermined", as the case may be. Prior to classifying the report, the person making the classification shall determine whether the child named in the report is the subject of an action under Article V of the Juvenile Court Act of 1987 who is in the custody or guardianship of the Department or who has an open intact family services case with the Department or is the subject of an action under Article II of the Juvenile Court Act of 1987. If the child is either the subject of an action under Article V of the Juvenile Court Act of 1987 and is in the custody or guardianship of the Department or has an open intact family services case with the Department or is the subject of an action under Article II of the Juvenile Court Act of 1987 and the Department intends to classify the report as indicated, the Department shall, within 45 days of classification of the report, transmit a copy of the report to the attorney or guardian ad litem appointed for the child under Section 2-17 of the Juvenile Court Act of 1987 or to a guardian ad litem appointed under Section 5-610 of the Juvenile Court Act of 1987. If the child is either the subject of an action under Article V of the Juvenile Court Act of 1987 and is in the custody or guardianship of the Department or has an open intact family services case with the Department or is the subject of an action under Article II of the Juvenile Court Act of 1987 and the Department intends to classify the report as unfounded, the Department shall, within 45 days of deciding its intent to classify the report as unfounded, transmit a copy of the report and written notice of the Department's intent to the attorney or guardian ad litem appointed for the child under Section 2-17 of the Juvenile Court Act of 1987, or to a guardian ad litem appointed under Section 5-610 of the Juvenile Court Act of 1987. The Department's obligation under this Section to provide reports to a guardian ad litem appointed under Section 5-610 of the Juvenile Court Act of 1987 for a minor with an open intact family services case applies only if the guardian ad litem notified the Department in writing of the representation. All information identifying the subjects of an unfounded report shall be expunged from the register forthwith, except as provided in Section 7.7. Unfounded reports may only be made available to the Child Protective Service Unit when investigating a subsequent report of suspected abuse or maltreatment involving a child named in the unfounded report; and to the subject of the report, provided the Department has not expunged the file in accordance with Section 7.7. The Child Protective Service Unit shall not indicate the subsequent report

solely based upon the existence of the prior unfounded report or reports. Notwithstanding any other provision of law to the contrary, an unfounded report shall not be admissible in any judicial or administrative proceeding or action except for proceedings under Sections 2-10 and 2-21 of the Juvenile Court Act of 1987 involving a petition filed under Section 2-13 of the Juvenile Court Act of 1987 alleging abuse or neglect to the same child, a sibling of the child, or the same perpetrator. Identifying information on all other records shall be removed from the register no later than 5 years after the report is indicated. However, if another report is received involving the same child, his sibling or offspring, or a child in the care of the persons responsible for the child's welfare, or involving the same alleged offender, the identifying information may be maintained in the register until 5 years after the subsequent case or report is closed.

Notwithstanding any other provision of this Section, identifying information in indicated reports involving serious physical injury to a child as defined by the Department in rules, may be retained longer than 5 years after the report is indicated or after the subsequent case or report is closed, and may not be removed from the register except as provided by the Department in rules. Identifying information in indicated reports involving sexual penetration of a child, sexual molestation of a child, sexual exploitation of a child, torture of a child, or the death of a child, as defined by the Department in rules, shall be retained for a period of not less than 50 years after the report is indicated or after the subsequent case or report is closed.

concerning the circumstances that give rise to an indicated report. Such request shall be in writing and directed to such person as the Department designates in the notification letter notifying the perpetrator of the indicated finding. The perpetrator shall have the right to a timely hearing within the Department to determine whether the record of the report should be amended or removed on the grounds that it is inaccurate or it is being maintained in a manner inconsistent with this Act, except that there shall be no such right to a hearing on the ground of the report's inaccuracy if there has been a court finding of child abuse or neglect or a criminal finding of guilt as to the perpetrator. Such hearing shall be held within a reasonable time after the perpetrator's request and at a reasonable place and hour. The appropriate Child Protective Service Unit shall be given notice of the hearing. If the minor, who is the victim named in the report sought to be amended or removed from the State Central Register, is the subject of a pending action under Article V of the Juvenile Court Act of 1987 and is in the custody or guardianship of the Department or has an open intact family services case with the Department or is the subject of a pending action under Article II of the Juvenile Court Act of 1987, and the report was made while a guardian ad litem was appointed for the minor under Section 5-610 or 2-17 of the Juvenile Court Act of 1987, then the minor shall, through the minor's attorney or guardian ad litem appointed under Section 5-610 or 2-17 of the Juvenile Court Act of 1987, have the right to participate and be heard in such hearing as defined under the Department's rules. The Department's obligation under this Section to provide a minor with a guardian ad litem appointed under Section 5-610 of the Juvenile Court Act of 1987 and an open intact family services case with the right to participate and be heard applies only if the guardian ad litem notified the Department in writing of the representation. In such hearings, the burden of proving the accuracy and consistency of the record shall be on the Department and the appropriate Child Protective Service Unit. The hearing shall be conducted by the Director or his designee, who is hereby authorized and empowered to order the amendment or removal of the record to make it accurate and consistent with this Act. The decision shall be made, in writing, at the close of the hearing, or within 60 days thereof, and shall state the reasons upon which it is based. Decisions of the Department under this Section are administrative decisions subject to judicial review under the Administrative Review Law.

Should the Department grant the request of the perpetrator pursuant to this Section either on administrative review or after an

Sec. 7.22. Reviews of unfounded reports.
(a) Whenever the Department determines that a reported incident of child abuse or neglect will be "unfounded", the Department shall forward a copy of the report and written notice of the Department's intent to classify the report as unfounded to a guardian ad litem appointed under Section 5-610 of the Juvenile Court Act of 1987 for a minor who is in the custody or guardianship of the Department or who has an open intact family services case with the Department or the minor's attorney or guardian ad litem appointed under Section 2-17 of the Juvenile Court Act of 1987. The Department's obligation under this subsection to provide reports to a guardian ad litem appointed under Section 5-610 of the Juvenile Court Act of 1987 for a minor with an open intact family services case applies only if the guardian ad litem notified the Department in writing of the representation. The minor's attorney or guardian ad litem who receives a report pursuant to this subsection may request a review of the investigation within 10 days of receipt of the report and written notice of the Department's intent to classify the report as unfounded, as provided in Section 7.14 of this Act, if the subject of the report is also the minor for whom the attorney or guardian ad litem has been appointed.

(b) Reviews requested under subsection (a) may be requested by sending a request via U.S. Mail, postmarked within 10 days after notice of the Department's intent to classify the report as unfounded, or by faxing a request within 10 days after notice of the Department's intent to classify the report as unfounded. The date of notification of the Department's intent to classify the report as unfounded is the date the attorney or guardian ad litem received a copy of the report and written notice from the Department. Following the review, the Department shall inform the minor's attorney or guardian ad litem as to whether the report will be classified as indicated or unfounded. The minor's attorney or guardian ad litem shall also receive a final finding notice from the State Central Register.

(c) By January 1, 2014, the Department shall promulgate rules addressing reviews requested under subsection (a). The rules shall provide
that a review requested under subsection (a) must occur before the report is classified and a final finding is entered in the central register and that the review must be conducted by a Department employee outside the supervisory chain of the assigned investigator.

(4) If, during the court proceedings, the parents, guardian, or legal custodian prove that he or she has an actual conflict of interest with the minor in that delinquency proceeding and that the parents, guardian, or legal custodian are indigent, the court shall appoint a separate attorney for that parent, guardian, or legal custodian.

(5) A guardian ad litem appointed under this Section for a minor who is in the custody or guardianship of the Department of Children and Family Services or who has an open intact family services case with the Department of Children and Family Services is entitled to receive copies of any and all classified reports of child abuse or neglect made pursuant to the Abused and Neglected Child Reporting Act in which the minor, who is the subject of the report under the Abused and Neglected Child Reporting Act, is also a minor for whom the guardian ad litem is appointed under this Act. The Department of Children and Family Services' obligation under this subsection to provide reports to a guardian ad litem for a minor with an open intact family services case applies only if the guardian ad litem notified the Department in writing of the representation.

Section 20. The Children and Family Services Act is amended by changing Sections 5, 5a, 6b, 7.5, 34.11, 35.1, and 39.3 and by adding Section 4d as follows:

(20 ILCS 505/4d new)
Sec. 4d. Definition. As used in this Act:

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

New matter indicated by italics - deletions by strikeout
(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remediating, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual

or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or
(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or
(iii) who are female children who are pregnant, pregnant and parenting or parenting, or
(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child

(2) foster care;
(3) family counseling;
(4) protective services;
(5) (blank);

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care ward, the Department shall create an appropriate individualized, program-oriented plan for such youth in care ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;
(2) homemakers;
(3) counseling;
(4) parent education;
(5) day care; and
(6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

1. comprehensive family-based services;
2. assessments;
3. respite care; and
4. in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption were youth in care legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care legal wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

New matter indicated by italics - deletions by strikeout
(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the

New matter indicated by italics - deletions by strikeout
community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after the effective date of this amendatory Act of the 98th General Assembly and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special

New matter indicated by italics - deletions by strikeout
program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must

New matter indicated by italics - deletions by strikeout
make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

(m) The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
2. the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized

representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.
(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a youth in care ward who was placed in under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the
development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination

on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court.
pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic

or neglect, are in the care of a grandparent or other nonparent relative.

(2) The principal causes of this increase include parental substance abuse, chronic illness, child abuse, mental illness, military deployment, poverty, homelessness, deportation, and death, as well as concerted efforts by families and by the child welfare service system to keep children with relatives whenever possible.

(3) Grandparents and older relatives providing primary care for at-risk children may experience unique resultant problems, such as financial stress due to limited incomes, emotional difficulties dealing with the loss of the child's parents or the child's unique behaviors, and decreased physical stamina coupled with a much higher incidence of chronic illness.

(4) Many children being raised by nonparent relatives experience one or a combination of emotional, behavioral, psychological, academic, or medical problems, especially those born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment.

(5) Grandparents and other relatives providing primary care for children lack appropriate information about the issues of kinship care, the special needs (both physical and psychological) of children born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment, and the support resources currently available to them.

(6) An increasing number of grandparents and other relatives age 60 or older are adopting or becoming the subsidized guardians of children placed in their care by the Department. Some of these children will experience the death of their adoptive parent or guardian before reaching the age of 18. For most of these children, no legal plan has been made for the child's future care and custody in the event of the caregiver's death or incapacity.

(7) Grandparents and other relatives providing primary care for children lack appropriate information about future care and custody planning for children in their care. They also lack access to resources that may assist them in developing future legal care and custody plans for children in their legal custody.

(b) The Department may establish an informational and educational program for grandparents and other relatives who provide

primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. As a part of the program, the Department may develop, publish, and distribute an informational brochure for grandparents and other relatives who provide primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. The information provided under the program authorized by this Section may include, but is not limited to the following:

(1) The most prevalent causes of kinship care, especially the risk of (i) substance exposure, (ii) child abuse, neglect, or abandonment, (iii) chronic illness, (iv) mental illness, (v) military deployment, or (vi) death.

(2) The problems experienced by children being raised by nonparent caregivers.

(3) The problems experienced by grandparents and other nonparent relatives providing primary care for children who have special needs.

(4) The legal system as it relates to children and their nonparent primary caregivers.

(5) The benefits available to children and their nonparent primary caregivers.

(6) A list of support groups and resources located throughout the State.

The brochure may be distributed through hospitals, public health nurses, child protective services, medical professional offices, elementary and secondary schools, senior citizen centers, public libraries, community action agencies selected by the Department, and the Department of Human Services.

The Kinship Navigator established under the Kinship Navigator Act shall coordinate the grandparent child care program under this Section with the programs and services established and administered by the Department of Human Services under the Kinship Navigator Act.

(c) In addition to other provisions of this Section, the Department shall establish a program of information, social work services, and legal services for any person age 60 or over and any other person who may be in need of a future legal care and custody plan who adopt, have adopted, take guardianship of, or have taken guardianship of children previously in the Department's custody. This program shall also assist families of deceased

adoptive parents and guardians. As part of the program, the Department shall:

1. Develop a protocol for identification of persons age 60 or over and others who may be in need of future care and custody plans, including ill caregivers, who are adoptive parents, prospective adoptive parents, guardians, or prospective guardians of children who are or have been in Department custody.

2. Provide outreach to caregivers before and after adoption and guardianship, and to the families of deceased caregivers, regarding Illinois legal options for future care and custody of children.

3. Provide training for Department and private agency staff on methods of assisting caregivers before and after adoption and guardianship, and the families of older and ill caregivers, who wish to make future care and custody plans for children who have been youth in care wards of the Department and who are or will be adopted by or are or will be placed in the guardianship of those caregivers become wards of those caregivers.

4. Ensure that all caregivers age 60 or over who will adopt or will become guardians of former youth in care children previously in Department custody have specifically designated future caregivers for children in their care. The Department shall document this designation, and the Department shall also document acceptance of this responsibility by any future caregiver. Documentation of future care designation shall be included in each child's case file and adoption or guardianship subsidy files as applicable to the child.

5. Ensure that any designated future caregiver and the family of a deceased caregiver have information on the financial needs of the child and future resources that may be available to support the child, including any adoption assistance and subsidized guardianship for which the child is or may be eligible.

6. With respect to programs of social work and legal services:

   i. Provide contracted social work services to older and ill caregivers, and the families of deceased caregivers, including those who will or have adopted or will take or have taken guardianship of children previously in Department custody. Social work services to caregivers will
have the goal of securing a future care and custody plan for children in their care. Such services will include providing information to the caregivers and families on standby guardianship, guardianship, standby adoption, and adoption. The Department will assist the caregiver in developing a plan for the child if the caregiver becomes incapacitated or terminally ill, or dies while the child is a minor. The Department shall develop a form to document the information given to caregivers and to document plans for future custody, in addition to the documentation described in subsection (b) (4). This form shall be included in each child's case file and adoption or guardianship subsidy files as applicable to the child.

(ii) Through a program of contracted legal services, assist older and ill caregivers, and the families of deceased caregivers, with the goal of securing court-ordered future care and custody plans for children in their care. Court-ordered future care and custody plans may include: standby guardianship, successor guardianship, standby adoption, and successor adoption. The program will also study ways in which to provide timely and cost-effective legal services to older and ill caregivers, and to families of deceased caregivers in order to ensure permanency for children in their care.

(7) Ensure that future caregivers designated by adoptive parents or guardians, and the families of deceased caregivers, understand their rights and potential responsibilities and shall be able to provide adequate support and education for children who may become their legal responsibility.

(8) Ensure that future caregivers designated by adoptive parents and guardians, and the families of deceased caregivers, understand the problems of children who have experienced multiple caregivers and who may have experienced abuse, neglect, or abandonment or may have been born to substance-abusing mothers.

(9) Ensure that future caregivers designated by adoptive parents and guardians, and the families of deceased caregivers, understand the problems experienced by older and ill caregivers of children, including children with special needs, such as financial difficulties.

Coroners in their discretion shall notify such physician as is designated in accordance with Section 3-3014 to attempt to ascertain the cause of death, either by autopsy or otherwise.

In cases of accidental death involving a motor vehicle in which the decedent was (1) the operator or a suspected operator of a motor vehicle, or (2) a pedestrian 16 years of age or older, the coroner shall require that a blood specimen of at least 30 cc., and if medically possible a urine specimen of at least 30 cc. or as much as possible up to 30 cc., be withdrawn from the body of the decedent in a timely fashion after the accident causing his death, by such physician as has been designated in accordance with Section 3-3014, or by the coroner or deputy coroner or a qualified person designated by such physician, coroner, or deputy coroner. In all counties, in cases of apparent suicide, homicide, or accidental death or in other cases, within the discretion of the coroner, the coroner may summon 8 persons of lawful age from those persons drawn for petit jurors in the county. The summons shall command these persons to present themselves personally at such a place and time as the coroner shall determine, and may be in any form which the coroner shall determine and may incorporate any reasonable form of request for acknowledgement which the coroner deems practical and provides a reliable proof of service. The summons may be served by first class mail. From the 8 persons so summoned, the coroner shall select 6 to serve as the jury for the inquest. Inquests may be continued from time to time, as the coroner may deem necessary. The 6 jurors selected in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the original jurors shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. A juror serving pursuant to this paragraph shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county. The coroner shall furnish to each juror without fee at the time of his discharge a certificate of the number of days in attendance at an inquest, and, upon being presented with such certificate, the county treasurer shall pay to the juror the sum provided for his services.

In counties which have a jury commission, in cases of apparent suicide or homicide or of accidental death, the coroner may conduct an inquest. The jury commission shall provide at least 8 jurors to the coroner, from whom the coroner shall select any 6 to serve as the jury for the inquest. Inquests may be continued from time to time as the coroner may deem necessary. The 6 jurors originally chosen in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the 6 jurors originally chosen shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. At the coroner's discretion, additional jurors to fill such vacancies shall be supplied by the jury commission. A juror serving pursuant to this paragraph in such county shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county.

In every case in which a fire is determined to be a contributing factor in a death, the coroner shall report the death to the Office of the State Fire Marshal. The coroner shall provide a copy of the death certificate (i) within 30 days after filing the permanent death certificate
and (ii) in a manner that is agreed upon by the coroner and the State Fire Marshal.

In every case in which a drug overdose is determined to be the cause or a contributing factor in the death, the coroner or medical examiner shall report the death to the Department of Public Health. The Department of Public Health shall adopt rules regarding specific information that must be reported in the event of such a death. If possible, the coroner shall report the cause of the overdose. As used in this Section, "overdose" has the same meaning as it does in Section 414 of the Illinois Controlled Substances Act. The Department of Public Health shall issue a semiannual report to the General Assembly summarizing the reports received. The Department shall also provide on its website a monthly report of overdose death figures organized by location, age, and any other factors, the Department deems appropriate.

In addition, in every case in which domestic violence is determined to be a contributing factor in a death, the coroner shall report the death to the Department of State Police.

All deaths in State institutions and all deaths of wards of the State or youth in care as defined in Section 4d of the Children and Family Services Act in private care facilities or in programs funded by the Department of Human Services under its powers relating to mental health and developmental disabilities or alcoholism and substance abuse or funded by the Department of Children and Family Services shall be reported to the coroner of the county in which the facility is located. If the coroner has reason to believe that an investigation is needed to determine whether the death was caused by maltreatment or negligent care of the ward of the State or youth in care as defined in Section 4d of the Children and Family Services Act, the coroner may conduct a preliminary investigation of the circumstances of such death as in cases of death under circumstances set forth in paragraphs (a) through (e) of this Section.

A school district shall make a request in writing to the State Board of Education and promptly mail a copy of the request to the parents or student (if at least 18 years of age or emancipated) at the parent's or student's last known address. A request made by the parent or student shall be made in writing to the superintendent of the school district where the student resides. The superintendent shall forward the request to the State Board of Education within 5 days after receipt of the request. rotating appointment system and shall notify the hearing officer of his or her appointment.

For a school district other than a school district located in a municipality having a population exceeding 500,000, a hearing officer who is a current resident of the school district, special education cooperative, or other public entity involved in the hearing shall recuse himself or herself. A hearing officer who is a former employee of the school district, special education cooperative, or other public entity involved in the hearing shall immediately disclose the former employment to the parties and shall recuse himself or herself, unless the parties otherwise agree in writing. A hearing officer having a personal or professional interest that may conflict with his or her objectivity in the hearing shall disclose the conflict to the parties and shall recuse himself or herself unless the parties otherwise agree in writing. For purposes of this subsection an assigned hearing officer shall be considered to have a conflict of interest if, at any time prior to the issuance of his or her written decision, he or she knows or should know that he or she may receive remuneration from a party to the hearing within 3 years following the conclusion of the due process hearing.

A party to a due process hearing shall be permitted one substitution of hearing officer as a matter of right, in accordance with procedures established by the rules adopted by the State Board of Education under this Section. The State Board of Education shall randomly select and appoint another hearing officer within 3 days after receiving notice that the appointed hearing officer is ineligible to serve or upon receiving a proper request for substitution of hearing officer. If a party withdraws its request for a due process hearing after a hearing officer has been appointed, that hearing officer shall retain jurisdiction over a subsequent hearing that involves the same parties and is requested within one year from the date of withdrawal of the previous request, unless that hearing officer is unavailable.

Any party may raise facts that constitute a conflict of interest for the hearing officer at any time before or during the hearing and may move for recusal.

(g) Impartial due process hearings shall be conducted pursuant to this Section and any rules and regulations promulgated by the State Board of Education consistent with this Section and other governing laws and regulations. the amended hearing request under subsection (g-15) of this Section. The hearing shall be closed to the public unless the parents request that the hearing be open to the public. The parents involved in the hearing shall have the right to have the student who is the subject of the hearing present. The hearing shall be held at a time and place which are reasonably convenient to the parties involved. Upon the request of a party, the hearing officer shall hold the hearing at a location neutral to the parties if the hearing officer determines that there is no cost for securing the use of the neutral location. Once appointed, the impartial due process hearing officer shall not communicate with the State Board of Education or its employees concerning the hearing, except that, where circumstances require, communications for administrative purposes that do not deal with substantive or procedural matters or issues on the merits are authorized, provided that the hearing officer promptly notifies all parties of the substance of the communication as a matter of record.

(g-5) Unless the school district has previously provided prior written notice to the parent or student (if at least 18 years of age or emancipated) regarding the subject matter of the hearing request, the school district shall, within 10 days after receiving a hearing request initiated by a parent or student (if at least 18 years of age or emancipated), provide a written response to the request that shall include all of the following:

2. A description of other options the IEP team considered and the reasons why those options were rejected.
3. A description of each evaluation procedure, assessment, record, report, or other evidence the school district used as the basis for the proposed or refused action or actions.

(g-10) When the hearing request has been initiated by a school district, within 10 days after receiving the request, the parent or student (if at least 18 years of age or emancipated) shall provide the school district with a response that specifically addresses the issues raised in the school district's hearing request. The parent's or student's response shall be provided in writing, unless he or she is illiterate or has a disability that prevents him or her from providing a written response. The parent's or

student's response may be provided in his or her native language, if other than English. In the event that illiteracy or another disabling condition prevents the parent or student from providing a written response, the school district shall assist the parent or student in providing the written response.

(g-15) Within 15 days after receiving notice of the hearing request, the non-requesting party may challenge the sufficiency of the request by submitting its challenge in writing to the hearing officer. Within 5 days after receiving the challenge to the sufficiency of the request, the hearing officer shall issue a determination of the challenge in writing to the parties. In the event that the hearing officer upholds the challenge, the party who requested the hearing may, with the consent of the non-requesting party or hearing officer, file an amended request. Amendments are permissible for the purpose of raising issues beyond those in the initial hearing request. In addition, the party who requested the hearing may amend the request once as a matter of right by filing the amended request within 5 days after filing the initial request. An amended request, other than an amended request as a matter of right, shall be filed by the date determined by the hearing officer, but in no event any later than 5 days prior to the date of the hearing. If an amended request, other than an amended request as a matter of right, raises issues that were not part of the initial request, the applicable timeline for a hearing, including the timeline under subsection (g-20) of this Section, shall recommence.

(g-20) Within 15 days after receiving a request for a hearing from a parent or student (if at least 18 years of age or emancipated) or, in the event that the school district requests a hearing, within 15 days after initiating the request, the school district shall convene a resolution meeting with the parent and relevant members of the IEP team who have specific knowledge of the facts contained in the request for the purpose of resolving the problem that resulted in the request. The resolution meeting shall include a representative of the school district who has decision-making authority on behalf of the school district. Unless the parent is accompanied by an attorney at the resolution meeting, the school district may not include an attorney representing the school district.

The resolution meeting may not be waived unless agreed to in writing by the school district and the parent or student (if at least 18 years of age or emancipated) or the parent or student (if at least 18 years of age or emancipated) and the school district agree in writing to utilize mediation in place of the resolution meeting. If either party fails to
cooperate in the scheduling or convening of the resolution meeting, the
hearing officer may order an extension of the timeline for completion of
the resolution meeting or, upon the motion of a party and at least 7 days
after ordering the non-cooperating party to cooperate, order the dismissal
of the hearing request or the granting of all relief set forth in the request, as
appropriate.

In the event that the school district and the parent or student (if at
least 18 years of age or emancipated) agree to a resolution of the problem
that resulted in the hearing request, the terms of the resolution shall be
committed to writing and signed by the parent or student (if at least 18
years of age or emancipated) and the representative of the school district
with decision-making authority. The agreement shall be legally binding
and shall be enforceable in any State or federal court of competent
jurisdiction. In the event that the parties utilize the resolution meeting
process, the process shall continue until no later than the 30th day
following the receipt of the hearing request by the non-requesting party (or
as properly extended by order of the hearing officer) to resolve the issues
underlying the request, at which time the timeline for completion of the
impartial due process hearing shall commence. The State Board of
Education may, by rule, establish additional procedures for the conduct of
resolution meetings.

(g-25) If mutually agreed to in writing, the parties to a hearing
request may request State-sponsored mediation as a substitute for the
resolution process described in subsection (g-20) of this Section or may
utilize mediation at the close of the resolution process if all issues
underlying the hearing request have not been resolved through the
resolution process.

(g-30) If mutually agreed to in writing, the parties to a hearing
request may waive the resolution process described in subsection (g-20) of
this Section. Upon signing a written agreement to waive the resolution
process, the parties shall be required to forward the written waiver to the
hearing officer appointed to the case within 2 business days following the
signing of the waiver by the parties. The timeline for the impartial due
process hearing shall commence on the date of the signing of the waiver
by the parties.

(g-35) The timeline for completing the impartial due process
hearing, as set forth in subsection (h) of this Section, shall be initiated
upon the occurrence of any one of the following events:

New matter indicated by italics - deletions by strikeout
(1) The unsuccessful completion of the resolution process as described in subsection (g-20) of this Section.

(2) The mutual agreement of the parties to waive the resolution process as described in subsection (g-25) or (g-30) of this Section.

(g-40) The hearing officer shall convene a prehearing conference no later than 14 days before the scheduled date for the due process hearing for the general purpose of aiding in the fair, orderly, and expeditious conduct of the hearing. The hearing officer shall provide the parties with written notice of the prehearing conference at least 7 days in advance of the conference. The written notice shall require the parties to notify the hearing officer by a date certain whether they intend to participate in the prehearing conference. The hearing officer may conduct the prehearing conference in person or by telephone. Each party shall at the prehearing conference (1) disclose whether it is represented by legal counsel or intends to retain legal counsel; (2) clarify matters it believes to be in dispute in the case and the specific relief being sought; (3) disclose whether there are any additional evaluations for the student that it intends to introduce into the hearing record that have not been previously disclosed to the other parties; (4) disclose a list of all documents it intends to introduce into the hearing record, including the date and a brief description of each document; and (5) disclose the names of all witnesses it intends to call to testify at the hearing. The hearing officer shall specify the order of presentation to be used at the hearing. If the prehearing conference is held by telephone, the parties shall transmit the information required in this paragraph in such a manner that it is available to all parties at the time of the prehearing conference. The State Board of Education may, by rule, establish additional procedures for the conduct of prehearing conferences.

(g-45) The impartial due process hearing officer shall not initiate or participate in any ex parte communications with the parties, except to arrange the date, time, and location of the prehearing conference, due process hearing, or other status conferences convened at the discretion of the hearing officer and to receive confirmation of whether a party intends to participate in the prehearing conference.

(g-50) The parties shall disclose and provide to each other any evidence which they intend to submit into the hearing record no later than 5 days before the hearing. Any party to a hearing has the right to prohibit the introduction of any evidence at the hearing that has not been disclosed

to that party at least 5 days before the hearing. The party requesting a hearing shall not be permitted at the hearing to raise issues that were not raised in the party's initial or amended request, unless otherwise permitted in this Section.

(g-55) All reasonable efforts must be made by the parties to present their respective cases at the hearing within a cumulative period of 7 days. When scheduling hearing dates, the hearing officer shall schedule the final day of the hearing no more than 30 calendar days after the first day of the hearing unless good cause is shown. This subsection (g-55) shall not be applied in a manner that (i) denies any party to the hearing a fair and reasonable allocation of time and opportunity to present its case in its entirety or (ii) deprives any party to the hearing of the safeguards accorded under the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446), regulations promulgated under the Individuals with Disabilities Education Improvement Act of 2004, or any other applicable law. The school district shall present evidence that the special education needs of the child have been appropriately identified and that the special education program and related services proposed to meet the needs of the child are adequate, appropriate, and available. Any party to the hearing shall have the right to (1) be represented by counsel and be accompanied and advised by individuals with special knowledge or training with respect to the problems of children with disabilities, at the party's own expense; (2) present evidence and confront and cross-examine witnesses; (3) move for the exclusion of witnesses from the hearing until they are called to testify, provided, however, that this provision may not be invoked to exclude the individual designated by a party to assist that party or its representative in the presentation of the case; (4) obtain a written or electronic verbatim record of the proceedings within 30 days of receipt of a written request from the parents by the school district; and (5) obtain a written decision, including findings of fact and conclusions of law, within 10 days after the conclusion of the hearing. If at issue, the school district shall present evidence that it has properly identified and evaluated the nature and severity of the student's suspected or identified disability and that, if the student has been or should have been determined eligible for special education and related services, that it is providing or has offered a free appropriate public education to the student in the least restrictive environment, consistent with procedural safeguards and in accordance with an individualized educational program. At any time prior to the conclusion of the hearing, the impartial due process hearing officer shall
have the authority to require additional information and order independent evaluations for the student at the expense of the school district. The State Board of Education and the school district shall share equally the costs of providing a written or electronic verbatim record of the proceedings. Any party may request that the due process hearing officer issue a subpoena to compel the testimony of witnesses or the production of documents relevant to the resolution of the hearing. Whenever a person refuses to comply with any subpoena issued under this Section, the circuit court of the county in which that hearing is pending, on application of the impartial hearing officer or the party requesting the issuance of the subpoena, may compel compliance through the contempt powers of the court in the same manner as if the requirements of a subpoena issued by the court had been disobeyed.

(h) The impartial hearing officer shall issue a written decision, including findings of fact and conclusions of law, within 10 days after the conclusion of the hearing and send by certified mail a copy of the decision to the parents or student (if the student requests the hearing), the school district, the director of special education, legal representatives of the parties, and the State Board of Education. Unless the hearing officer has granted specific extensions of time at the request of a party, a final decision, including the clarification of a decision requested under this subsection, shall be reached and mailed to the parties named above not later than 45 days after the initiation of the timeline for conducting the hearing, as described in subsection (g-35) of this Section. The decision shall specify the educational and related services that shall be provided to the student in accordance with the student's needs and the timeline for which the school district shall submit evidence to the State Board of Education to demonstrate compliance with the hearing officer's decision in the event that the decision orders the school district to undertake corrective action. The hearing officer shall retain jurisdiction for the sole purpose of considering a request for clarification of the final decision submitted in writing by a party to the impartial hearing officer within 5 days after receipt of the decision. A copy of the request for clarification shall specify the portions of the decision for which clarification is sought and shall be mailed to all parties of record and to the State Board of Education. The request shall operate to stay implementation of those portions of the decision for which clarification is sought, pending action on the request by the hearing officer, unless the parties otherwise agree. The hearing officer shall issue a clarification of the specified portion of the decision or issue a
partial or full denial of the request in writing within 10 days of receipt of
the request and mail copies to all parties to whom the decision was mailed.
This subsection does not permit a party to request, or authorize a hearing
officer to entertain, reconsideration of the decision itself. The statute of
limitations for seeking review of the decision shall be tolled from the date
the request is submitted until the date the hearing officer acts upon the
request. The hearing officer's decision shall be binding upon the school
district and the parents unless a civil action is commenced.

(i) Any party to an impartial due process hearing aggrieved by the
final written decision of the impartial due process hearing officer shall
have the right to commence a civil action with respect to the issues
presented in the impartial due process hearing. That civil action shall be
brought in any court of competent jurisdiction within 120 days after a copy
of the decision of the impartial due process hearing officer is mailed to the
party as provided in subsection (h). The civil action authorized by this
subsection shall not be exclusive of any rights or causes of action
otherwise available. The commencement of a civil action under this
subsection shall operate as a supersedeas. In any action brought under this
subsection the Court shall receive the records of the impartial due process
hearing, shall hear additional evidence at the request of a party, and,
basing its decision on the preponderance of the evidence, shall grant such
relief as the court determines is appropriate. In any instance where a
school district willfully disregards applicable regulations or statutes
regarding a child covered by this Article, and which disregard has been
detrimental to the child, the school district shall be liable for any
reasonable attorney's fees incurred by the parent in connection with
proceedings under this Section.

(j) During the pendency of any administrative or judicial
proceeding conducted pursuant to this Section, including mediation (if the
school district or other public entity voluntarily agrees to participate in
mediation), unless the school district and the parents or student (if at least
18 years of age or emancipated) otherwise agree, the student shall remain
in his or her present educational placement and continue in his or her
present eligibility status and special education and related services, if any.
If mediation fails to resolve the dispute between the parties, the parent (or
student if 18 years of age or older or emancipated) shall have 10 days after
the mediation concludes to file a request for a due process hearing in order
to continue to invoke the "stay-put" provisions of this subsection (j). If
applying for initial admission to the school district, the student shall, with

the consent of the parents (if the student is not at least 18 years of age or emancipated), be placed in the school district program until all such proceedings have been completed. The costs for any special education and related services or placement incurred following 60 school days after the initial request for evaluation shall be borne by the school district if the services or placement is in accordance with the final determination as to the special education and related services or placement that must be provided to the child, provided that during that 60 day period there have been no delays caused by the child's parent.

(k) Whenever the parents of a child of the type described in Section 14-1.02 are not known, are unavailable, or the child is a youth in care as defined in Section 4d of the Children and Family Services Act ward of the State, a person shall be assigned to serve as surrogate parent for the child in matters relating to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child. Persons shall be assigned as surrogate parents by the State Superintendent of Education. The State Board of Education shall promulgate rules and regulations establishing qualifications of those persons and their responsibilities and the procedures to be followed in making assignments of persons as surrogate parents. Surrogate parents shall not be employees of the school district, an agency created by joint agreement under Section 10-22.31, an agency involved in the education or care of the student, or the State Board of Education. Services of any person assigned as surrogate parent shall terminate if the parent becomes available unless otherwise requested by the parents. The assignment of a person as surrogate parent at no time supersedes, terminates, or suspends the parents' legal authority relative to the child. Any person participating in good faith as surrogate parent on behalf of the child before school officials or a hearing officer shall have immunity from civil or criminal liability that otherwise might result by reason of that participation, except in cases of willful and wanton misconduct.

(l) At all stages of the hearing the hearing officer shall require that interpreters be made available by the school district for persons who are deaf or for persons whose normally spoken language is other than English.

(m) If any provision of this Section or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect other provisions or applications of the Section that can be given effect without the invalid application or provision, and to

this end the provisions of this Section are severable, unless otherwise provided by this Section.

Section 55. The Child Care Act of 1969 is amended by changing Sections 2.31 and 7.3 and by adding Section 2.01b as follows:

(225 ILCS 10/2.01b new)

Sec. 2.01b. Youth in care. "Youth in care" has the meaning ascribed to that term in Section 4d of the Children and Family Services Act.

(225 ILCS 10/2.31)

Sec. 2.31. Secondary placement. "Secondary placement" means a placement, including but not limited to the placement of a youth in care ward of the Department, that occurs after a placement disruption or adoption dissolution. "Secondary placement" does not mean secondary placements arising due to the death of the adoptive parent of the child.
(Source: P.A. 99-49, eff. 7-15-15.)

(225 ILCS 10/7.3)

Sec. 7.3. Children placed by private child welfare agency.
(a) Before placing a child who is a youth in care ward of the Department in a foster family home, a private child welfare agency must ascertain (i) whether any other children who are youth in care wards of the Department have been placed in that home and (ii) whether every such child who has been placed in that home continues to reside in that home, unless the child has been transferred to another placement or is no longer a youth in care ward of the Department. The agency must keep a record of every other child welfare agency that has placed such a child in that foster family home; the record must include the name and telephone number of a contact person at each such agency.

(b) At least once every 30 days, a private child welfare agency that places youth in care wards of the Department in foster family homes must make a site visit to every such home where it has placed a youth in care ward. The purpose of the site visit is to verify that the child continues to reside in that home and to verify the child's safety and well-being. The agency must document the verification in its records. If a private child welfare agency fails to comply with the requirements of this subsection, the Department must suspend all payments to the agency until the agency complies.
(c) The Department must periodically (but no less often than once every 6 months) review the child placement records of each private child welfare agency that places youth in care wards of the Department.

(d) If a child placed in a foster family home is missing, the foster parent must promptly report that fact to the Department or to the child welfare agency that placed the child in the home. If the foster parent fails to make such a report, the Department shall put the home on hold for the placement of other children and initiate corrective action that may include revocation of the foster parent's license to operate the foster family home. A foster parent who knowingly and willfully fails to report a missing foster child under this subsection is guilty of a Class A misdemeanor.

(e) If a private child welfare agency determines that a youth in care ward of the Department whom it has placed in a foster family home no longer resides in that home, the agency must promptly report that fact to the Department. If the agency fails to make such a report, the Department shall put the agency on hold for the placement of other children and initiate corrective action that may include revocation of the agency's license.

(f) When a child is missing from a foster home, the Department or private agency in charge of case management shall report regularly to the foster parent concerning efforts to locate the missing child.

(g) The Department must strive to account for the status and whereabouts of every one of its youth in care wards who it determines is not residing in the authorized placement in which he or she was placed.

Section 60. The Early Intervention Services System Act is amended by changing Section 12 as follows:

(325 ILCS 20/12) (from Ch. 23, par. 4162)

Sec. 12. Procedural safeguards. The lead agency shall adopt procedural safeguards that meet federal requirements and ensure effective implementation of the safeguards for families by each public agency involved in the provision of early intervention services under this Act.

The procedural safeguards shall provide, at a minimum, the following:

(a) The timely administrative resolution of State complaints, due process hearings, and mediations as defined by administrative rule.

(b) The right to confidentiality of personally identifiable information.

New matter indicated by italics - deletions by strikeout
(c) The opportunity for parents and a guardian to examine and receive copies of records relating to evaluations and assessments, screening, eligibility determinations, and the development and implementation of the Individualized Family Service Plan provision of early intervention services, individual complaints involving the child, or any part of the child's early intervention record.

(d) Procedures to protect the rights of the eligible infant or toddler whenever the parents or guardians of the child are not known or unavailable or the child is a youth in care as defined in Section 4d of the Children and Family Services Act ward of the State, including the assignment of an individual (who shall not be an employee of the State agency or local agency providing services) to act as a surrogate for the parents or guardian. The regional intake entity must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 days after a public agency determines that the child needs a surrogate parent.

(e) Timely written prior notice to the parents or guardian of the eligible infant or toddler whenever the State agency or public or private service provider proposes to initiate or change or refuses to initiate or change the identification, evaluation, placement, or the provision of appropriate early intervention services to the eligible infant or toddler.

(f) Written prior notice to fully inform the parents or guardians, in their native language or mode of communication used by the parent, unless clearly not feasible to do so, in a comprehensible manner, of these procedural safeguards.

(g) During the pendency of any State complaint procedure, due process hearing, or mediation involving a complaint, unless the State agency and the parents or guardian otherwise agree, the child shall continue to receive the appropriate early intervention services currently being provided, or in the case of an application for initial services, the child shall receive the services not in dispute.

The Department of Human Services, and the other cooperating agencies, shall establish provisions for community involvement in the design, development, implementation and administration of these programs. The programs shall be targeted to high risk youth residing in the geographic areas served by the respective programs. Section 80. The Juvenile Court Act of 1987 is amended by changing Sections 2-10, 3-12, 3-21, 3-24, 4-9, 4-18, 4-21, 5-615, and 5-715 as follows:

(705 ILCS 405/2-10) (from Ch. 37, par. 802-10)
Sec. 2-10. Temporary custody hearing. At the appearance of the minor before the court at the temporary custody hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

(1) If the court finds that there is not probable cause to believe that the minor is abused, neglected or dependent it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is abused, neglected or dependent, the court shall state in writing the factual basis supporting its finding and the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. The Department of Children and Family Services shall give testimony concerning indicated reports of abuse and neglect, of which they are aware of through the central registry, involving the minor's parent, guardian or custodian. After such testimony, the court may, consistent with the health, safety and best interests of the minor, enter an order that the minor shall be released upon the request of parent, guardian or custodian if the parent, guardian or custodian appears to take custody. If it is determined that a parent's, guardian's, or custodian's compliance with critical services mitigates the necessity for removal of the minor from his or her home, the court may enter an Order of Protection setting forth reasonable conditions of behavior that a parent, guardian, or

A custodian must observe for a specified period of time, not to exceed 12 months, without a violation; provided, however, that the 12-month period shall begin anew after any violation. "Custodian" includes the Department of Children and Family Services, if it has been given custody of the child, or any other agency of the State which has been given custody or wardship of the child. Custodian shall include any agency of the State which has been given custody or wardship of the child. If it is consistent with the health, safety and best interests of the minor, the court may also prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility designated by the Department of Children and Family Services or a licensed child welfare agency; however, on and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 16 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists; and on and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 15 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

In placing the minor, the Department or other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. In determining the health, safety and best interests of the minor to prescribe shelter care, the court must find that it is a matter of immediate and urgent necessity for the safety and protection of the minor or of the person or property of another that the minor be placed in a shelter care facility or that he or she is likely to flee the jurisdiction of the court, and must further find that reasonable efforts have been made or that, consistent with the health, safety and best interests of the minor, no efforts reasonably can be made to prevent or eliminate the

necessity of removal of the minor from his or her home. The court shall require documentation from the Department of Children and Family Services as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home or the reasons why no efforts reasonably could be made to prevent or eliminate the necessity of removal. When a minor is placed in the home of a relative, the Department of Children and Family Services shall complete a preliminary background review of the members of the minor's custodian's household in accordance with Section 4.3 of the Child Care Act of 1969 within 90 days of that placement. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, the court shall, upon request of the appropriate Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity.

Where the Department of Children and Family Services Guardianship Administrator is appointed as the executive temporary custodian, the Department of Children and Family Services shall file with the court and serve on the parties a parent-child visiting plan, within 10 days, excluding weekends and holidays, after the appointment. The parent-child visiting plan shall set out the time and place of visits, the frequency of visits, the length of visits, who shall be present at the visits, and where appropriate, the minor's opportunities to have telephone and mail communication with the parents.

Where the Department of Children and Family Services Guardianship Administrator is appointed as the executive temporary custodian, and when the child has siblings in care, the Department of Children and Family Services shall file with the court and serve on the parties a sibling placement and contact plan within 10 days, excluding weekends and holidays, after the appointment. The sibling placement and contact plan shall set forth whether the siblings are placed together, and if they are not placed together, what, if any, efforts are being made to place them together. If the Department has determined that it is not in a child's best interest to be placed with a sibling, the Department shall document in the sibling placement and contact plan the basis for its determination. For

siblings placed separately, the sibling placement and contact plan shall set
the time and place for visits, the frequency of the visits, the length of
visits, who shall be present for the visits, and where appropriate, the child's
opportunities to have contact with their siblings in addition to in person
contact. If the Department determines it is not in the best interest of a
sibling to have contact with a sibling, the Department shall document in
the sibling placement and contact plan the basis for its determination. The
sibling placement and contact plan shall specify a date for development of
the Sibling Contact Support Plan, under subsection (f) of Section 7.4 of
the Children and Family Services Act, and shall remain in effect until the
Sibling Contact Support Plan is developed.

For good cause, the court may waive the requirement to file the
parent-child visiting plan or the sibling placement and contact plan, or
extend the time for filing either plan. Any party may, by motion, request
the court to review the parent-child visiting plan to determine whether it is
reasonably calculated to expeditiously facilitate the achievement of the
permanency goal. A party may, by motion, request the court to review the
parent-child visiting plan or the sibling placement and contact plan to
determine whether it is consistent with the minor's best interest. The
court may refer the parties to mediation where available. The frequency,
duration, and locations of visitation shall be measured by the needs of the
child and family, and not by the convenience of Department personnel.
Child development principles shall be considered by the court in its
analysis of how frequent visitation should be, how long it should last,
where it should take place, and who should be present. If upon motion of
the party to review either plan and after receiving evidence, the court
determines that the parent-child visiting plan is not reasonably calculated
to expeditiously facilitate the achievement of the permanency goal or that
the restrictions placed on parent-child contact or sibling placement or
contact are contrary to the child's best interests, the court shall put in
writing the factual basis supporting the determination and enter specific
findings based on the evidence. The court shall enter an order for the
Department to implement changes to the parent-child visiting plan or
sibling placement or contact plan, consistent with the court's findings. At
any stage of proceeding, any party may by motion request the court to
enter any orders necessary to implement the parent-child visiting plan,
sibling placement or contact plan or subsequently developed Sibling
Contact Support Plan. Nothing under this subsection (2) shall restrict the
court from granting discretionary authority to the Department to increase

opportunities for additional parent-child contacts or sibling contacts, without further court orders. Nothing in this subsection (2) shall restrict the Department from immediately restricting or terminating parent-child contact or sibling contacts, without either amending the parent-child visiting plan or the sibling contact plan or obtaining a court order, where the Department or its assigns reasonably believe that continuation of the contact, as set out in the plan, would be contrary to the child's health, safety, and welfare. The Department shall file with the court and serve on the parties any amendments to the plan within 10 days, excluding weekends and holidays, of the change of the visitation.

Acceptance of services shall not be considered an admission of any allegation in a petition made pursuant to this Act, nor may a referral of services be considered as evidence in any proceeding pursuant to this Act, except where the issue is whether the Department has made reasonable efforts to reunite the family. In making its findings that it is consistent with the health, safety and best interests of the minor to prescribe shelter care, the court shall state in writing (i) the factual basis supporting its findings concerning the immediate and urgent necessity for the protection of the minor or of the person or property of another and (ii) the factual basis supporting its findings that reasonable efforts were made to prevent or eliminate the removal of the minor from his or her home or that no efforts reasonably could be made to prevent or eliminate the removal of the minor from his or her home. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The temporary custodian shall maintain a copy of the court order and written findings in the case record for the child. The order together with the court's findings of fact in support thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent necessity for the protection of the minor that the minor be placed in a shelter care facility, the minor shall not be returned to the parent, custodian or guardian until the court finds that such placement is no longer necessary for the protection of the minor.

If the child is placed in the temporary custody of the Department of Children and Family Services for his or her protection, the court shall admonish the parents, guardian, custodian or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions which require the child to be in care, or risk termination of their

parental rights. The court shall ensure, by inquiring in open court of each parent, guardian, custodian or responsible relative, that the parent, guardian, custodian or responsible relative has had the opportunity to provide the Department with all known names, addresses, and telephone numbers of each of the minor's living maternal and paternal adult relatives, including, but not limited to, grandparents, aunts, uncles, and siblings. The court shall advise the parents, guardian, custodian or responsible relative to inform the Department if additional information regarding the minor's adult relatives becomes available.

(3) If prior to the shelter care hearing for a minor described in Sections 2-3, 2-4, 3-3 and 4-3 the moving party is unable to serve notice on the party respondent, the shelter care hearing may proceed ex parte. A shelter care order from an ex parte hearing shall be endorsed with the date and hour of issuance and shall be filed with the clerk's office and entered of record. The order shall expire after 10 days from the time it is issued unless before its expiration it is renewed, at a hearing upon appearance of the party respondent, or upon an affidavit of the moving party as to all diligent efforts to notify the party respondent by notice as herein prescribed. The notice prescribed shall be in writing and shall be personally delivered to the minor or the minor's attorney and to the last known address of the other person or persons entitled to notice. The notice shall also state the nature of the allegations, the nature of the order sought by the State, including whether temporary custody is sought, and the consequences of failure to appear and shall contain a notice that the parties will not be entitled to further written notices or publication notices of proceedings in this case, including the filing of an amended petition or a motion to terminate parental rights, except as required by Supreme Court Rule 11; and shall explain the right of the parties and the procedures to vacate or modify a shelter care order as provided in this Section. The notice for a shelter care hearing shall be substantially as follows:

YOUR FAILURE TO APPEAR AT THE HEARING MAY RESULT IN PLACEMENT of the child or children in foster care until a trial can be held. A trial may not be held for up to 90 days. You will not be entitled to further notices of proceedings in this case, including the filing of an amended petition or a motion to terminate parental rights.

At the shelter care hearing, parents have the following rights:

1. To ask the court to appoint a lawyer if they cannot afford one.
2. To ask the court to continue the hearing to allow them time to prepare.
3. To present evidence concerning:
   a. Whether or not the child or children were abused, neglected or dependent.
   b. Whether or not there is "immediate and urgent necessity" to remove the child from home (including: their ability to care for the child, conditions in the home, alternative means of protecting the child other than removal).
   c. The best interests of the child.
4. To cross examine the State's witnesses.

The Notice for rehearings shall be substantially as follows:

NOTICE OF PARENT'S AND CHILDREN'S RIGHTS TO REHEARING ON TEMPORARY CUSTODY

If you were not present at and did not have adequate notice of the Shelter Care Hearing at which temporary custody of ............... was awarded to ............... , you have the right to request a full rehearing on whether the State should have temporary custody of ............... To request this rehearing, you must file with the Clerk of the Juvenile Court (address): ................., in person or by mailing a statement (affidavit) setting forth the following:

1. That you were not present at the shelter care hearing.
2. That you did not get adequate notice (explaining how the notice was inadequate).
3. Your signature.
4. Signature must be notarized.

New matter indicated by italics - deletions by strikeout
The rehearing should be scheduled within 48 hours of your filing this affidavit.

At the rehearing, your rights are the same as at the initial shelter care hearing. The enclosed notice explains those rights.

At the Shelter Care Hearing, children have the following rights:

1. To have a guardian ad litem appointed.
2. To be declared competent as a witness and to present testimony concerning:
   a. Whether they are abused, neglected or dependent.
   b. Whether there is "immediate and urgent necessity" to be removed from home.
   c. Their best interests.
3. To cross examine witnesses for other parties.
4. To obtain an explanation of any proceedings and orders of the court.

(4) If the parent, guardian, legal custodian, responsible relative, minor age 8 or over, or counsel of the minor did not have actual notice of or was not present at the shelter care hearing, he or she may file an affidavit setting forth these facts, and the clerk shall set the matter for rehearing not later than 48 hours, excluding Sundays and legal holidays, after the filing of the affidavit. At the rehearing, the court shall proceed in the same manner as upon the original hearing.

(5) Only when there is reasonable cause to believe that the minor taken into custody is a person described in subsection (3) of Section 5-105 may the minor be kept or detained in a detention home or county or municipal jail. This Section shall in no way be construed to limit subsection (6).

(6) No minor under 16 years of age may be confined in a jail or place ordinarily used for the confinement of prisoners in a police station. Minors under 18 years of age must be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with adults confined pursuant to the criminal law.

(7) If the minor is not brought before a judicial officer within the time period as specified in Section 2-9, the minor must immediately be released from custody.

(8) If neither the parent, guardian or custodian appears within 24 hours to take custody of a minor released upon request pursuant to

subsection (2) of this Section, then the clerk of the court shall set the matter for rehearing not later than 7 days after the original order and shall issue a summons directed to the parent, guardian or custodian to appear. At the same time the probation department shall prepare a report on the minor. If a parent, guardian or custodian does not appear at such rehearing, the judge may enter an order prescribing that the minor be kept in a suitable place designated by the Department of Children and Family Services or a licensed child welfare agency.

(9) Notwithstanding any other provision of this Section any interested party, including the State, the temporary custodian, an agency providing services to the minor or family under a service plan pursuant to Section 8.2 of the Abused and Neglected Child Reporting Act, foster parent, or any of their representatives, on notice to all parties entitled to notice, may file a motion that it is in the best interests of the minor to modify or vacate a temporary custody order on any of the following grounds:

(a) It is no longer a matter of immediate and urgent necessity that the minor remain in shelter care; or

(b) There is a material change in the circumstances of the natural family from which the minor was removed and the child can be cared for at home without endangering the child's health or safety; or

(c) A person not a party to the alleged abuse, neglect or dependency, including a parent, relative or legal guardian, is capable of assuming temporary custody of the minor; or

(d) Services provided by the Department of Children and Family Services or a child welfare agency or other service provider have been successful in eliminating the need for temporary custody and the child can be cared for at home without endangering the child's health or safety.

In ruling on the motion, the court shall determine whether it is consistent with the health, safety and best interests of the minor to modify or vacate a temporary custody order.

The clerk shall set the matter for hearing not later than 14 days after such motion is filed. In the event that the court modifies or vacates a temporary custody order but does not vacate its finding of probable cause, the court may order that appropriate services be continued or initiated in behalf of the minor and his or her family.
(10) When the court finds or has found that there is probable cause to believe a minor is an abused minor as described in subsection (2) of Section 2-3 and that there is an immediate and urgent necessity for the abused minor to be placed in shelter care, immediate and urgent necessity shall be presumed for any other minor residing in the same household as the abused minor provided:

(a) Such other minor is the subject of an abuse or neglect petition pending before the court; and

(b) A party to the petition is seeking shelter care for such other minor.

Once the presumption of immediate and urgent necessity has been raised, the burden of demonstrating the lack of immediate and urgent necessity shall be on any party that is opposing shelter care for the other minor.

(11) The changes made to this Section by Public Act 98-61 apply to a minor who has been arrested or taken into custody on or after January 1, 2014 (the effective date of Public Act 98-61).

Sec. 3-12. Shelter care hearing. At the appearance of the minor before the court at the shelter care hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

(1) If the court finds that there is not probable cause to believe that the minor is a person requiring authoritative intervention, it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is a person requiring authoritative intervention, the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. After such testimony, the court may enter an order that the minor shall be released upon the request of a parent, guardian or custodian if the parent, guardian or custodian appears to take custody. "Custodian" includes the Department of Children and Family Services, if it has been given custody of the child, or any other agency of the State which has been given custody or wardship of the child. Custodian shall include any agency of the State which has been given custody or wardship of the child. The Court shall require documentation by representatives of the Department of Children and Family Services or

the probation department as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home, and shall consider the testimony of any person as to those reasonable efforts. If the court finds that it is a matter of immediate and urgent necessity for the protection of the minor or of the person or property of another that the minor be placed in a shelter care facility, or that he or she is likely to flee the jurisdiction of the court, and further finds that reasonable efforts have been made or good cause has been shown why reasonable efforts cannot prevent or eliminate the necessity of removal of the minor from his or her home, the court may prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility designated by the Department of Children and Family Services or a licensed child welfare agency; otherwise it shall release the minor from custody. If the court prescribes shelter care, then in placing the minor, the Department or other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, the court shall, upon request of the Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity. Acceptance of services shall not be considered an admission of any allegation in a petition made pursuant to this Act, nor may a referral of services be considered as evidence in any proceeding pursuant to this Act, except where the issue is whether the Department has made reasonable efforts to reunite the family. In making its findings that reasonable efforts have been made or that good cause has been shown why reasonable efforts cannot prevent or eliminate the necessity of removal of the minor from his or her home, the court shall state in writing its findings concerning the nature of the services that were offered or the efforts that were made to prevent removal of the child and the apparent reasons that such services or efforts could not prevent the need for removal. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The

temporary custodian shall maintain a copy of the court order and written
findings in the case record for the child.

The order together with the court's findings of fact and support
thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent
necessity for the protection of the minor that the minor be placed in a
shelter care facility, the minor shall not be returned to the parent, custodian
or guardian until the court finds that such placement is no longer necessary
for the protection of the minor.

(3) If prior to the shelter care hearing for a minor described in
Sections 2-3, 2-4, 3-3, and 4-3 the petitioner is unable to serve notice on
the party respondent, the shelter care hearing may proceed ex parte. A
shelter care order from an ex parte hearing shall be endorsed with the date
and hour of issuance and shall be filed with the clerk's office and entered
of record. The order shall expire after 10 days from the time it is issued
unless before its expiration it is renewed, at a hearing upon appearance of
the party respondent, or upon an affidavit of the moving party as to all
diligent efforts to notify the party respondent by notice as herein
prescribed. The notice prescribed shall be in writing and shall be
personally delivered to the minor or the minor's attorney and to the last
known address of the other person or persons entitled to notice. The notice
shall also state the nature of the allegations, the nature of the order sought
by the State, including whether temporary custody is sought, and the
consequences of failure to appear; and shall explain the right of the parties
and the procedures to vacate or modify a shelter care order as provided in
this Section. The notice for a shelter care hearing shall be substantially as
follows:
