(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or
reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon entry of the order of sealing, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for sealing.

All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all expunged records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for expungement.

AN ACT concerning courts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Sections 1-7, 1-8, and 5-915 as follows:

(705 ILCS 405/1-7) (from Ch. 37, par. 801-7)

Sec. 1-7. Confidentiality of law enforcement and municipal ordinance violation records.

(A) All juvenile records which have not been expunged are sealed and may never be disclosed to the general public or otherwise made widely available. Sealed records may be obtained only under this Section and Section 1-8 and 5-915 of this Act, when their use is needed for good cause and with an order from the juvenile court, as required by those not authorized to retain them. Inspection and copying of law enforcement records maintained by law enforcement agencies or records of municipal ordinance violations maintained by any State, local, or municipal agency that relate to a minor who has been investigated, arrested, or taken into custody before his or her 18th birthday shall be restricted to the following:

(1) Any local, State or federal law enforcement officers of any jurisdiction or agency when necessary for the discharge of their official duties during the investigation or prosecution of a crime or relating to a minor who has been adjudicated delinquent and there has been a previous finding that the act which constitutes the previous offense was committed in furtherance of criminal activities by a criminal street gang, or, when necessary for the discharge of its official duties in connection with a particular investigation of the conduct of a law enforcement officer, an independent agency or its staff created by ordinance and charged by a unit of local government with the duty of investigating the conduct of law enforcement officers. For purposes of this Section, "criminal street gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(2) Prosecutors, probation officers, social workers, or other individuals assigned by the court to conduct a pre-adjudication or pre-disposition investigation, and individuals responsible for supervising or providing temporary or permanent care and custody

(3) Prosecutors and probation officers:
   (a) in the course of a trial when institution of criminal proceedings has been permitted or required under Section 5-805; or
   (b) when institution of criminal proceedings has been permitted or required under Section 5-805 and such minor is the subject of a proceeding to determine the amount of bail; or
   (c) when criminal proceedings have been permitted or required under Section 5-805 and such minor is the subject of a pre-trial investigation, pre-sentence investigation, fitness hearing, or proceedings on an application for probation.

(4) Adult and Juvenile Prisoner Review Board.

(5) Authorized military personnel.

(6) Persons engaged in bona fide research, with the permission of the Presiding Judge of the Juvenile Court and the chief executive of the respective law enforcement agency; provided that publication of such research results in no disclosure of a minor's identity and protects the confidentiality of the minor's record.

(7) Department of Children and Family Services child protection investigators acting in their official capacity.

(8) The appropriate school official only if the agency or officer believes that there is an imminent threat of physical harm to students, school personnel, or others who are present in the school or on school grounds.

(A) Inspection and copying shall be limited to law enforcement records transmitted to the appropriate school official or officials whom the school has determined to have a legitimate educational or safety interest by a local law enforcement agency under a reciprocal reporting system established and maintained between the school district and the local law enforcement agency under Section 10-20.14 of the School Code concerning a minor enrolled in a school within the school district who has been arrested or taken into custody for any of the following offenses:

(i) any violation of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012;

(ii) a violation of the Illinois Controlled Substances Act;

(vi) a violation of Section 1-2 of the Harassiong and Obscene Communications Act;

(vii) a violation of the Hazing Act; or

The information derived from the law enforcement records shall be kept separate from and shall not become a part of the official school record of that child and shall not be a public record. The information shall be used solely by the appropriate school official or officials whom the school has determined to have a legitimate educational or safety interest to aid in the proper rehabilitation of the child and to protect the safety of students and employees in the school. If the designated law enforcement and school officials deem it to be in the best interest of the minor, the student may be referred to in-school or community based social services if those services are available. "Rehabilitation services" may include interventions by school support personnel, evaluation for eligibility for special education, referrals to community-based agencies such as youth services, behavioral healthcare service providers, drug and alcohol prevention or treatment programs, and other interventions as deemed appropriate for the student.

(B) Any information provided to appropriate school officials whom the school has determined to have a legitimate educational or safety interest by local law
enforcement officials about a minor who is the subject of a current police investigation that is directly related to school safety shall consist of oral information only, and not written law enforcement records, and shall be used solely by the appropriate school official or officials to protect the safety of students and employees in the school and aid in the proper rehabilitation of the child. The information derived orally from the local law enforcement officials shall be kept separate from and shall not become a part of the official school record of the child and shall not be a public record. This limitation on the use of information about a minor who is the subject of a current police investigation shall in no way limit the use of this information by prosecutors in pursuing criminal charges arising out of the information disclosed during a police investigation of the minor. For purposes of this paragraph, "investigation" means an official systematic inquiry by a law enforcement agency into actual or suspected criminal activity.

(9) Mental health professionals on behalf of the Illinois Department of Corrections or the Department of Human Services or prosecutors who are evaluating, prosecuting, or investigating a potential or actual petition brought under the Sexually Violent Persons Commitment Act relating to a person who is the subject of juvenile law enforcement records or the respondent to a petition brought under the Sexually Violent Persons Commitment Act who is the subject of the juvenile law enforcement records sought. Any records and any information obtained from those records under this paragraph (9) may be used only in sexually violent persons commitment proceedings.

Inspection and copying shall be limited to law enforcement records transmitted to the president of the park district by the Illinois State Police under Section 8-23 of the Park District Code or Section 16a-5 of the Chicago Park District Act concerning a person who is seeking employment with that park district and who has been adjudicated a juvenile delinquent for any of the offenses listed in subsection (c) of Section 8-23 of the Park District Code or subsection (c) of Section 16a-5 of the Chicago Park District Act.
(B)(1) Except as provided in paragraph (2), no law enforcement officer or other person or agency may knowingly transmit to the Department of Corrections or the Department of State Police or to the Federal Bureau of Investigation any fingerprint or photograph relating to a minor who has been arrested or taken into custody before his or her 18th birthday, unless the court in proceedings under this Act authorizes the transmission or enters an order under Section 5-805 permitting or requiring the institution of criminal proceedings.

(2) Law enforcement officers or other persons or agencies shall transmit to the Department of State Police copies of fingerprints and descriptions of all minors who have been arrested or taken into custody before their 18th birthday for the offense of unlawful use of weapons under Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, a Class X or Class 1 felony, a forcible felony as defined in Section 2-8 of the Criminal Code of 1961 or the Criminal Code of 2012, or a Class 2 or greater felony under the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or Chapter 4 of the Illinois Vehicle Code, pursuant to Section 5 of the Criminal Identification Act. Information reported to the Department pursuant to this Section may be maintained with records that the Department files pursuant to Section 2.1 of the Criminal Identification Act. Nothing in this Act prohibits a law enforcement agency from fingerprinting a minor taken into custody or arrested before his or her 18th birthday for an offense other than those listed in this paragraph (2).

(C) The records of law enforcement officers, or of an independent agency created by ordinance and charged by a unit of local government with the duty of investigating the conduct of law enforcement officers, concerning all minors under 18 years of age must be maintained separate from the records of arrests and may not be open to public inspection or their contents disclosed to the public except by order of the court presiding over matters pursuant to this Act or when the institution of criminal proceedings has been permitted or required under Section 5-805 or such a person has been convicted of a crime and is the subject of pre-sentence investigation or proceedings on an application for probation or when provided by law. (3) In determining whether the records should be available for inspection, the court shall consider the minor's interest in confidentiality and rehabilitation over the moving party's interest in obtaining the information. Any records obtained in violation of this subsection (C) shall not be admissible in any criminal or civil proceeding, or operate to disqualify a minor from subsequently holding public office or securing employment, or operate as a forfeiture of any public benefit, right, privilege, or right to receive any license granted by public authority.

(D) Nothing contained in subsection (C) of this Section shall prohibit the inspection or disclosure to victims and witnesses of photographs contained in the records of law enforcement agencies when the inspection and disclosure is conducted in the presence of a law enforcement officer for the purpose of the identification or apprehension of any person subject to the provisions of this Act or for the investigation or prosecution of any crime.

Unless expressly allowed by law, adjudications shall not prejudice or disqualify the individual in any civil service application or appointment, from holding public office, or from receiving any license granted by public authority. All juvenile records which have not been expunged are sealed and may never be disclosed to the general public or otherwise made widely available. (J) The changes made to this Section by Public Act 98-61 apply to law enforcement records of a minor who has been arrested or taken into custody on or after January 1, 2014 (the effective date of Public Act 98-61).

(K) Willful violation of this Section is a Class C misdemeanor and each violation is subject to a fine of $1,000. This subsection (K) shall not apply to the person who is the subject of the record.

(L) A person convicted of violating this Section is liable for damages in the amount of $1,000 or actual damages, whichever is greater.

(0.05) For purposes of this Section and Section 5-622:
"Dissemination" or "disseminate" means to publish, produce, print, manufacture, distribute, sell, lease, exhibit, broadcast, display, transmit, or otherwise share information in any format so as to make the information accessible to others.
"Expunge" means to physically destroy the records and to obliterate the minor's name and juvenile court records from any official index, or public record, or electronic database both. No evidence of the juvenile court records may be retained by any law enforcement agency, the juvenile court, or by any municipal, county, or State agency or department. Nothing in this Act shall require the physical destruction of the internal office records, files, or databases maintained by a State's Attorney's Office or other prosecutor or by the Office of the Secretary of State. "Juvenile court record" includes, but is not limited to:

(a) all documents filed in or maintained by the juvenile court pertaining to a specific incident, proceeding, or individual;
(b) all documents relating to a specific incident, proceeding, or individual made available to or maintained by probation officers;
(c) all documents, video or audio tapes, photographs, and exhibits admitted into evidence at juvenile court hearings; or
(d) all documents, transcripts, records, reports or other evidence prepared by, maintained by, or released by any municipal, county, or state agency or department, in any format, if indicating involvement with the juvenile court relating to a specific incident, proceeding, or individual.

"Law enforcement record" includes but is not limited to records of arrest, station adjustments, fingerprints, probation adjustments, the issuance of a notice to appear, or any other records or documents maintained by any law enforcement agency relating to a minor suspected of committing an offense or evidence of interaction with law enforcement.

(0.1) (a) The Department of State Police and all law enforcement agencies within the State shall automatically expunge, on or before January 1 of each year, all law enforcement records relating to events occurring before an individual's 18th birthday if:

(1) one year or more has elapsed since the date of the arrest or law enforcement interaction documented in the records;

New matter indicated by italics - deletions by strikeout
(2) no petition for delinquency or criminal charges were filed with the clerk of the circuit court relating to the arrest or law enforcement interaction documented in the records; and

(3) 6 months have elapsed without an additional subsequent arrest or filing of a petition for delinquency or criminal charges whether related or not to the arrest or law enforcement interaction documented in the records.

(b) If the law enforcement agency is unable to verify satisfaction of conditions (2) and (3) of this subsection (0.1), records that satisfy condition (1) of this subsection (0.1) shall be automatically expunged if the records relate to an offense that if committed by an adult would not be an offense classified as Class 2 felony or higher, an offense under Article 11 of the Criminal Code of 1961 or Criminal Code of 2012, or an offense under 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961.

(0.2) (a) Upon dismissal of a petition alleging delinquency or upon a finding of not delinquent, the successful termination of an order of supervision, or an adjudication for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult, the court shall automatically order the expungement of the juvenile court and law enforcement records within 60 business days.

(b) If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed for a pending investigation involving the commission of a felony, that information, and information identifying the juvenile, may be retained in an intelligence file until the investigation is terminated or for one additional year, whichever is sooner. Retention of a portion of a juvenile’s law enforcement record does not disqualify the remainder of his or her record from immediate automatic expungement.

(0.3) (a) Upon an adjudication of delinquency based on any offense except a disqualified offense, the juvenile court shall automatically order the expungement of the juvenile records 2 years after the juvenile’s case was closed if no delinquency or criminal proceeding is pending and the person has had no subsequent delinquency adjudication or criminal conviction. The court shall automatically order the expungement of the juvenile court and law enforcement records within 60 business days. For the purposes of this subsection (0.3), "disqualified offense" means any of the following offenses: Section 8-1.2, 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, 10-

(b) If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed for a pending investigation involving the commission of a felony, that information, and information identifying the juvenile, may be retained in an intelligence file until the investigation is terminated or for one additional year, whichever is sooner. Retention of a portion of a juvenile's law enforcement record does not disqualify the remainder of his or her record from immediate automatic expungement.

(1) Nothing in this subsection (1) precludes an eligible minor from obtaining expungement under subsections (0.1), (0.2), or (0.3). Whenever a person has been arrested, charged, or adjudicated delinquent for an incident occurring before his or her 18th birthday that if committed by an adult would be an offense, and that person's records are not eligible for automatic expungement under subsections (0.1), (0.2), or (0.3), the person may petition the court at any time for expungement of law enforcement records and juvenile court records relating to the incident and upon termination of all juvenile court proceedings relating to that incident, the court shall order the expungement of all records in the possession of the Department of State Police, the clerk of the circuit court, and law enforcement agencies relating to the incident, but only in any of the following circumstances:

(a) the minor was arrested and no petition for delinquency was filed with the clerk of the circuit court;

(a-5) the minor was charged with an offense and the petition or petitions were dismissed without a finding of delinquency;

New matter indicated by italics - deletions by strikeout
(b) the minor was charged with an offense and was found not delinquent of that offense;
(c) the minor was placed under supervision pursuant to Section 5-615, and the order of supervision has since been successfully terminated; or
(d) the minor was adjudicated for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult.

(1.5) Commencing 180 days after the effective date of this amendatory Act of the 98th General Assembly, the Department of State Police shall automatically expunge, on or before January 1 of each year, a person's law enforcement records which are not subject to subsection (1) relating to incidents occurring before his or her 18th birthday in the Department's possession or control and which contains the final disposition which pertain to the person when arrested as a minor if:
(a) the minor was arrested for an eligible offense and no petition for delinquency was filed with the clerk of the circuit court; and
(b) the person attained the age of 18 years during the last calendar year; and
(c) since the date of the minor's most recent arrest, at least 6 months have elapsed without an additional arrest, filing of a petition for delinquency whether related or not to a previous arrest, or filing of charges not initiated by arrest.

The Department of State Police shall allow a person to use the Access and Review process, established in the Department of State Police, for verifying that his or her law enforcement records relating to incidents occurring before his or her 18th birthday eligible under this Act subsection have been expunged as provided in this subsection.

The Department of State Police shall provide by rule the process for access, review, and automatic expungement.

(1.6) (Blank). Commencing on the effective date of this amendatory Act of the 98th General Assembly, a person whose law enforcement records are not subject to subsection (1) or (1.5) of this Section and who has attained the age of 18 years may use the Access and Review process, established in the Department of State Police, for verifying his or her law enforcement records relating to incidents occurring before his or her 18th birthday in the Department's possession or control which pertain to the person when arrested as a minor, if the incident

occurred no earlier than 30 years before the effective date of this amendatory Act of the 98th General Assembly. If the person identifies a law enforcement record of an eligible offense that meets the requirements of this subsection, paragraphs (a) and (e) of subsection (1.5) of this Section, and all juvenile court proceedings related to the person have been terminated, the person may file a Request for Expungement of Juvenile Law Enforcement Records, in the form and manner prescribed by the Department of State Police, with the Department and the Department shall consider expungement of the record as otherwise provided for automatic expungement under subsection (1.5) of this Section. The person shall provide notice and a copy of the Request for Expungement of Juvenile Law Enforcement Records to the arresting agency, prosecutor charged with the prosecution of the minor, or the State's Attorney of the county that prosecuted the minor. The Department of State Police shall provide by rule the process for access, review, and Request for Expungement of Juvenile Law Enforcement Records.

(1.7) (Blank). Nothing in subsections (1.5) and (1.6) of this Section precludes a person from filing a petition under subsection (1) for expungement of records subject to automatic expungement under that subsection (1) or subsection (1.5) or (1.6) of this Section.

(1.8) (Blank). For the purposes of subsections (1.5) and (1.6) of this Section, “eligible offense” means records relating to an arrest or incident occurring before the person's 18th birthday that if committed by an adult is not an offense classified as a Class 2 felony or higher offense, an offense under Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012, or an offense under Section 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961.

(2) Any person whose delinquency adjudications are not eligible for automatic expungement under subsection (0.3) of this Section may petition the court to expunge all law enforcement records relating to any incidents occurring before his or her 18th birthday which did not result in proceedings in criminal court and all juvenile court records with respect to any adjudications except those based upon first degree murder or an offense under Article 11 of the Criminal Code of 2012 if the person is required to register under the Sex Offender Registration Act; provided that: and sex offenses which would be felonies if committed by an adult, if the person for whom expungement is sought has had no convictions for any crime since his or her 18th birthday and:

(a) (blank); or has attained the age of 21 years; or
(b) 2 ½ years have elapsed since all juvenile court proceedings relating to him or her have been terminated and his or her commitment to the Department of Juvenile Justice under this Act has been terminated; whichever is later of (a) or (b). Nothing in this Section 5-915 precludes a minor from obtaining expungement under Section 5-622.

(2.5) If a minor is arrested and no petition for delinquency is filed with the clerk of the circuit court as provided in paragraph (a) of subsection (1) at the time the minor is released from custody, the youth officer, if applicable, or other designated person from the arresting agency, shall notify verbally and in writing to the minor or the minor's parents or guardians that the minor has a right to petition to have his or her arrest record expunged when all juvenile court proceedings relating to that minor have been terminated and that unless a petition to expunge is filed, that the minor shall have an arrest record and shall provide the minor and the minor's parents or guardians with an expungement information packet, information regarding this State's expungement laws including a petition to expunge juvenile records obtained from the clerk of the circuit court.

(2.6) If a minor is referred to court charged with an offense and is found not delinquent of that offense; or if a minor is placed under supervision under Section 5-615, and the order of supervision is successfully terminated; or if a minor is adjudicated for an offense that would be a Class B misdemeanor, a Class C misdemeanor, or a business or petty offense if committed by an adult; or if a minor has incidents occurring before his or her 18th birthday that have not resulted in proceedings in criminal court, or resulted in proceedings in juvenile court, and the adjudications were not based upon first degree murder or sex offenses that would be felonies if committed by an adult; then at the time of sentencing or dismissal of the case, or successful completion of supervision, the judge shall inform the delinquent minor of his or her rights regarding expungement right to petition for expungement as provided by law; and the clerk of the circuit court shall provide an expungement information packet to the delinquent minor, written in plain language, including information regarding this State's expungement laws and a petition for expungement, a sample of a completed petition, expungement instructions that shall include information informing the minor that (i) once the case is expunged, it shall be treated as if it never occurred, (ii) he or she may apply to have petition fees waived, (iii) once he or she obtains an expungement, he or she may not be required to

disclose that he or she had a juvenile record, and (iv) *if petitioning* he or she may file the petition on his or her own or with the assistance of an attorney. The failure of the judge to inform the delinquent minor of his or her right to petition for expungement as provided by law does not create a substantive right, nor is that failure grounds for: (i) a reversal of an adjudication of delinquency, (ii) a new trial; or (iii) an appeal.

(2.7) *Blank.* For counties with a population over 3,000,000, the clerk of the circuit court shall send a "Notification of a Possible Right to Expungement" post card to the minor at the address last received by the clerk of the circuit court on the date that the minor attains the age of 18 based on the birthdate provided to the court by the minor or his or her guardian in cases under paragraphs (b), (c), and (d) of subsection (1); and when the minor attains the age of 21 based on the birthdate provided to the court by the minor or his or her guardian in cases under subsection (2).

(2.8) The petition for expungement for subsection (1) *and* (2) may include multiple offenses on the same petition and shall be substantially in the following form:

(4)(a) Upon entry of an order expunging records or files, the offense, which the records or files concern shall be treated as if it never occurred. Law enforcement officers and other public offices and agencies shall properly reply on inquiry that no record or file exists with respect to the person.

(a-5) Local law enforcement agencies shall send written notice to the minor of the expungement of any records within 60 days of automatic expungement or the date of service of an expungement order, whichever applies. If a minor's court file has been expunged, the clerk of the circuit court shall send written notice to the minor of the expungement of any records within 60 days of automatic expungement or the date of service of an expungement order, whichever applies.

(b) Except with respect to authorized military personnel, an expunged juvenile record may not be considered by any private or public entity in employment matters, certification, licensing, revocation of certification or licensure, or registration. Applications for employment within the State must contain specific language that states that the

applicant is not obligated to disclose expunged juvenile records of adjudication or arrest. Employers may not ask, in any format or context, if an applicant has had a juvenile record expunged. Information about an expunged record obtained by a potential employer, even inadvertently, from an employment application that does not contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of adjudication or arrest, shall be treated as dissemination of an expunged record by the employer.

(c) A person whose juvenile records have been expunged is not entitled to remission of any fines, costs, or other money paid as a consequence of expungement.

(5) (Blank). Records which have not been expunged are sealed, and may be obtained only under the provisions of Sections 5-901, 5-905 and 5-915.

(5.5) Whether or not expunged, records eligible for automatic expungement under subdivision (0.1)(a), (0.2)(a), or (0.3)(a) may be treated as expunged by the individual subject to the records.

(6) Nothing in this Section shall be construed to prohibit the maintenance of information relating to an offense after records or files concerning the offense have been expunged if the information is kept in a manner that does not enable identification of the individual offender. This information may only be used for anonymous statistical and bona fide research purposes.

(6.5) The Department of State Police or any employee of the Department shall be immune from civil or criminal liability for failure to expunge any records of arrest that are subject to expungement under subsection (1.5) or (1.6) of this Section because of inability to verify a record. Nothing in subsection (1.5) or (1.6) of this Section shall create Department of State Police liability or responsibility for the expungement of law enforcement records it does not possess.

(7)(a) The State Appellate Defender shall establish, maintain, and carry out, by December 31, 2004, a juvenile expungement program to provide information and assistance to minors eligible to have their juvenile records expunged.

(b) The State Appellate Defender shall develop brochures, pamphlets, and other materials in printed form and through the agency's World Wide Web site. The pamphlets and other materials shall include at a minimum the following information:

(ii) The circumstances under which juvenile expungement may occur;

(iii) The juvenile offenses that may be expunged;

(iv) The steps necessary to initiate and complete the juvenile expungement process; and

(v) Directions on how to contact the State Appellate Defender.

(c) The State Appellate Defender shall establish and maintain a statewide toll-free telephone number that a person may use to receive information or assistance concerning the expungement of juvenile records. The State Appellate Defender shall advertise the toll-free telephone number statewide. The State Appellate Defender shall develop an expungement information packet that may be sent to eligible persons seeking expungement of their juvenile records, which may include, but is not limited to, a pre-printed expungement petition with instructions on how to complete the petition and a pamphlet containing information that would assist individuals through the juvenile expungement process.

(d) The State Appellate Defender shall compile a statewide list of volunteer attorneys willing to assist eligible individuals through the juvenile expungement process.

(e) This Section shall be implemented from funds appropriated by the General Assembly to the State Appellate Defender for this purpose. The State Appellate Defender shall employ the necessary staff and adopt the necessary rules for implementation of this Section.

(7.5) (a) Willful dissemination of any information contained in an expunged record shall be treated as a Class C misdemeanor and punishable by a fine of $1,000 per violation.

(b) Willful dissemination for financial gain of any information contained in an expunged record shall be treated as a Class 4 felony. Dissemination for financial gain by an employee of any municipal, county, or State agency, including law enforcement, shall result in immediate termination.

(c) The person whose record was expunged has a right of action against any person who intentionally disseminates an expunged record. In the proceeding, punitive damages up to an amount of $1,000 may be

(2) unless otherwise specified, whether 5 years since a felony conviction or 3 years since release from confinement for the conviction, whichever is later, have passed without a subsequent conviction;

(2) a list of convictions that the Department determined will impair the applicant's ability to engage in the position for which a license, registration, or certificate is sought;

(a) The practice of professions licensed or registered by the Department is hereby declared to affect the public health, safety, and welfare and to be subject to regulation and control in the public interest. It is further declared to be a matter of public interest and concern that persons who are licensed or registered to engage in any of the professions licensed or registered by the Department are of good moral character, which shall be a continuing requirement of licensure or registration so as to merit and receive the confidence and trust of the public. Upon a finding by the Department that a person has committed a violation of the disciplinary grounds of any licensing Act administered by the Department with regard to licenses, certificates, or authorities of persons exercising the respective professions, trades, or occupations, the Department is authorized to revoke, suspend, refuse to renew, place on probationary status, fine, or take any other disciplinary action it deems warranted against any licensee or registrant whose conduct violates the continuing requirement of good moral character.

(b) No application for licensure or registration shall be denied by reason of a finding of lack of good moral character when the finding is based solely upon the fact that the applicant has previously been convicted of one or more criminal offenses. New matter indicated by italics - deletions by strikeout
(a) Except with respect to law enforcement agencies, the Department of Corrections, State's Attorneys, or other prosecutors, and as provided in Section 13 of this Act, an expunged or sealed record may not be considered by any private or public entity in employment matters, certification, licensing, revocation of certification or licensure, or registration. Applications for employment must contain specific language which states that the applicant is not obligated to disclose sealed or expunged records of conviction or arrest. The entity authorized to grant a license, certification, or registration shall include in an application for licensure, certification, or registration specific language stating that the applicant is not obligated to disclose sealed or expunged records of a conviction or arrest; however, if the inclusion of that language in an application for licensure, certification, or registration is not practical, the entity shall publish on its website instructions specifying that applicants are not obligated to disclose sealed or expunged records of a conviction or arrest. Employers may not ask if an applicant has had records expunged or sealed.

(b) A person whose records have been sealed or expunged is not entitled to remission of any fines, costs, or other money paid as a consequence of the sealing or expungement. Each applicant for license shall pay such fee to the Department at the time of submitting his application for license to the Department.

Every applicant who is required to procure a distributor's license shall file with his application a joint and several bond. Such bond shall be executed to the Department of Revenue, with good and sufficient surety or sureties residing or licensed to do business within the State of Illinois, in the amount of $2,500, conditioned upon the true and faithful compliance by the licensee with all of the provisions of this Act. New matter indicated by italics - deletions by strikeout
(3) a corporation, if any officer, manager or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of such corporation, would not be eligible to receive a license under this Act for any reason;

(4) a person, or any person who owns more than 15 percent of the ownership interests in a person or a related party who:

The Department, upon receipt of an application, license fee and bond in proper form, from a person who is eligible to receive a distributor's license under this Act, shall issue to such applicant a license in form as prescribed by the Department, which license shall permit the applicant to which it is issued to engage in business as a distributor at the place shown in his application. All licenses issued by the Department under this Act shall be valid for not to exceed one year after issuance unless sooner revoked, canceled or suspended as provided in this Act. No license issued under this Act is transferable or assignable. Such license shall be conspicuously displayed in the place of business conducted by the licensee in Illinois under such license. under this Act as distributors of cigarettes in this State, and who, to the satisfaction of the Department, furnish adequate security to insure payment of the tax, provided that any such permit shall extend only to cigarettes which such permittee manufacturer places in original packages that are contained inside a sealed transparent wrapper. Such permits shall be issued without charge in such form as the Department may prescribe and shall not be transferable or assignable.

The following are ineligible to receive a distributor's permit under this subsection:

(2) a person who has been convicted of a felony under any Federal or State law, if the Department, after investigation and a hearing and consideration of mitigating factors and evidence of rehabilitation contained in the applicant's record, including those in Section 4i of this Act, if requested by the applicant, determines that such person has not been sufficiently rehabilitated to warrant the public trust and the conviction will impair the ability of the person to engage in the position for which a permit is sought;

(3) a corporation, if any officer, manager or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of such corporation, would not be eligible to receive a permit under this Act for any reason.

Each such remittance shall be accompanied by a return filed with the Department on a form to be prescribed and furnished by the Department and shall disclose such information as the Department may lawfully require. The Department may promulgate rules to require that the permittee's return be accompanied by appropriate computer-generated magnetic media supporting schedule data in the format prescribed by the Department, unless, as provided by rule, the Department grants an exception upon petition of the permittee. Each such return shall be accompanied by a copy of each invoice rendered by the permittee to any licensed distributor to whom the permittee delivered cigarettes of the type covered by the permit (or caused cigarettes
of the type covered by the permit to be delivered) in Illinois during the period covered by such return.

The Department shall have the power, in its discretion, to issue a new permit after such suspension, cancellation or revocation, except when the person who would receive the permit is ineligible to receive a distributor's permit under this Act.

(2) a person who has been convicted of a felony under any federal or State law, if the Department, after investigation and a hearing and consideration of mitigating factors and evidence of rehabilitation contained in the applicant's record, including those set forth in Section 4i of this Act, if requested by the applicant, determines that the person has not been sufficiently rehabilitated to warrant the public trust and the conviction will impair the ability of

(3) a corporation, if any officer, manager, or director thereof, or any stockholder or stockholders owning in the aggregate more than 5% of the stock of the corporation, would not be eligible to receive a permit under this Act for any reason.

With respect to original packages of cigarettes that such permittee delivers or causes to be delivered in Illinois and distributes to the public for promotional purposes without consideration, the permittee shall pay the tax imposed by this Act by remitting the amount thereof to the Department by the 5th day of each month covering cigarettes shipped or otherwise delivered in Illinois for those purposes during the preceding calendar month. The permittee, before delivering those cigarettes or causing those cigarettes to be delivered in this State, shall evidence his or her obligation to remit the taxes due with respect to those cigarettes by imprinting language to be prescribed by the Department on each original package of cigarettes, in such place thereon and in such manner also to be prescribed by the Department. The imprinted language shall acknowledge the permittee's payment of or liability for the tax imposed by this Act with respect to the distribution of those cigarettes.

With respect to cigarettes that the permittee delivers or causes to be delivered in Illinois to Illinois licensed distributors or distributed to the public for promotional purposes, the permittee shall, by the 5th day of each month, file with the Department, a report covering cigarettes shipped or otherwise delivered in Illinois to licensed distributors or distributed to the public for promotional purposes during the preceding calendar month on a form to be prescribed and furnished by the Department and shall disclose such other information as the Department may lawfully require. Each such report shall be accompanied by a copy of each invoice rendered by the permittee to any purchaser to whom the permittee delivered cigarettes of the type covered by the permit (or caused cigarettes of the type covered by the permit to be delivered) in Illinois during the period covered by such report.

(d) Each employer shall maintain a record of each employee that is accessible to the duly authorized representatives of the Commission. The record shall contain all of the following information:

An agency shall inform the Commission within 15 days after contracting or employing a licensed repossession agency employee. The Commission shall develop a registration process by rule.

(g) Every employer shall obtain the identification card of every employee who terminates employment with the employer. An employer shall immediately report an identification card that is lost or stolen to the local police department having jurisdiction over the repossession agency location.

New matter indicated by italics - deletions by strikeout
Sec. 5.2. Expungement and sealing.

(a) General Provisions.

(1) Definitions. In this Act, words and phrases have the meanings set forth in this subsection, except when a particular context clearly requires a different meaning.

(A) The following terms shall have the meanings ascribed to them in the Unified Code of Corrections, 730 ILCS 5/5-1-2 through 5/5-1-22:

(i) Business Offense (730 ILCS 5/5-1-2),
(ii) Charge (730 ILCS 5/5-1-3),
(iii) Court (730 ILCS 5/5-1-6),
(iv) Defendant (730 ILCS 5/5-1-7),
(v) Felony (730 ILCS 5/5-1-9),
(vi) Imprisonment (730 ILCS 5/5-1-10),
(vii) Judgment (730 ILCS 5/5-1-12),
(viii) Misdemeanor (730 ILCS 5/5-1-14),
(ix) Offense (730 ILCS 5/5-1-15),
(x) Parole (730 ILCS 5/5-1-16),
(xi) Petty Offense (730 ILCS 5/5-1-17),
(xii) Probation (730 ILCS 5/5-1-18),
(xiii) Sentence (730 ILCS 5/5-1-19),
(xiv) Supervision (730 ILCS 5/5-1-21), and
(xv) Victim (730 ILCS 5/5-1-22).

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by 730 ILCS 5/5-1-3) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory
termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(E) "Expunge" means to physically destroy the records or return them to the petitioner and to obliterate the petitioner's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the circuit court file, but such records relating to arrests or charges, or both, ordered expunged shall be impounded as required by subsections (d)(9)(A)(ii) and (d)(9)(B)(ii).

(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.
(I) "Petitioner" means an adult or a minor prosecuted as an adult who has applied for relief under this Section.

(J) "Qualified probation" means an order of probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act. For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

New matter indicated by italics - deletions by strikeout
(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697) this amendatory Act of the 99th General Assembly, the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for that offense. The law enforcement agency shall provide by rule the process for access, review, and to confirm the automatic expungement by the law enforcement agency issuing the citation. Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697) this amendatory Act of the 99th General Assembly, the clerk of the circuit court shall expunge, upon order of the court, or in the absence of a court order on or before January 1 and July 1 of each year, the court records of a person found in the circuit court to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the clerk's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for any of those offenses.

(3) Exclusions. Except as otherwise provided in subsections (b)(5), (b)(6), (b)(8), (e), (e-5), and (e-6) of this Section, the court shall not order:

(A) the sealing or expungement of the records of arrests or charges not initiated by arrest that result in an order of supervision for or conviction of: (i) any sexual offense committed against a minor; (ii) Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance; or (iii) Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, unless the arrest or charge is for a misdemeanor violation of subsection (a) of Section 11-503 or a similar provision of a local ordinance.

(B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(C) the sealing of the records of arrests or charges not initiated by arrest which result in an order of supervision or a conviction for the following offenses:

(i) offenses included in Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012 or a similar provision of a local ordinance, except Section 11-14 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance;

(i) the charge is amended to a misdemeanor and is otherwise eligible to be sealed pursuant to subsection (c);

New matter indicated by italics - deletions by strikeout
(ii) the charge is brought along with another charge as a part of one case and the charge results in acquittal, dismissal, or conviction when the conviction was reversed or vacated, and another charge brought in the same case results in a disposition for a misdemeanor offense that is eligible to be sealed pursuant to subsection (c) or a disposition listed in paragraph (i), (iii), or (iv) of this subsection;

(iv) the charge is for a felony offense listed in subsection (c)(2)(F) or the charge is amended to a felony offense listed in subsection (c)(2)(F);

(v) the charge results in acquittal, dismissal, or the petitioner's release without conviction; or

(vi) the charge results in a conviction, but the conviction was reversed or vacated.

(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or
vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act.

sealed 3 years after the termination of the petitioner's last sentence (as defined in subsection (a)(1)(F)).

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsections (c)(2)(C), (c)(2)(D), (c)(2)(E), or (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence, aftercare release, or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence, aftercare release, or mandatory supervised release. If a petition for sealing eligible records filed under this subparagraph is denied by the court, the time periods under subparagraph (B) or (C) shall apply to any subsequent petition for sealing filed by the petitioner.

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). The court may, upon conviction for a subsequent felony offense, order the unsealing of prior felony conviction records previously ordered sealed by the court.

(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests
occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. In a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2019 or one year after January 1, 2017 (the effective date of Public Act 99-881) this amendatory Act of the 99th General Assembly, whichever is later.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has passed a test taken within 30 days before the filing of the petition showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, and the Cannabis Control Act if he or she is petitioning to:

(A) seal felony records under clause (c)(2)(E);
(B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control

and Community Protection Act, or the Cannabis Control Act under clause (c)(2)(F);  
(C) seal felony records under subsection (e-5); or  
(D) expunge felony records of a qualified probation under clause (b)(1)(iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting agency and the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought.

in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;
(B) the reasons for retention of the conviction records by the State;
(C) the petitioner's age, criminal record history, and employment history;
(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and
(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. After entering an order to expunge or seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(9) Implementation of order.

(A) Upon entry of an order to expunge records pursuant to (b)(2)(A) or (b)(2)(B)(ii), or both:

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency, the Department, and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the

Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order; and

(iii) in response to an inquiry for expunged records, the court, the Department, or the agency receiving such inquiry, shall reply as it does in response to inquiries when no records ever existed.

(B) Upon entry of an order to expunge records pursuant to (b)(2)(B)(i) or (b)(2)(C), or both:

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

(v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(B-5) Upon entry of an order to expunge records under subsection (e-6):

(i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed under paragraph (12) of subsection (d) of this Section;

(iv) records impounded by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony, and to the Department of Corrections upon conviction for any offense; and

receiving the inquiry shall reply as it does in response to inquiries when no records ever existed.

(C) Upon entry of an order to seal records under subsection (c), the arresting agency, any other agency as ordered by the court, the Department, and the court shall seal the records (as defined in subsection (a)(1)(K)). In response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

(15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the
effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

(e) Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been pardoned but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was pardoned.

(e-5) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for sealing by the Prisoner Review Board which specifically authorizes sealing, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered sealing the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she

she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of sealing, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for sealing.

(e-6) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for expungement by the Prisoner Review Board which specifically authorizes expungement, he or she may, upon verified petition to the Chief Judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the circuit court clerk and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the petitioner obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he or she had been granted the certificate but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all expunged records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for expungement.

PUBLIC ACT 100-0288
(House Bill No. 0106)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 21B-20 and 21B-25 as follows:

(105 ILCS 5/21B-20)

Sec. 21B-20. Types of licenses. Before July 1, 2013, the State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following licenses: (i) a professional educator license; (ii) a professional educator license with stipulations; or (iii) a substitute teaching license. References in law regarding individuals certified or certificated or required to be certified or certificated under Article 21 of this Code shall also include individuals licensed or required to be licensed under this Article. The first year of all licenses ends on June 30 following one full year of the license being issued.

The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may

New matter indicated by italics - deletions by strikeout
be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of, the identification of, and the methods of instruction for the exceptional child, including without limitation children with learning disabilities, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of Education shall be issued a Professional Educator License. All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the endorsement area, unless otherwise specified by rule, and passage of the applicable content area test.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that limits the license holder to one particular position or does not require completion of an approved educator program or both.

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

(A) Provisional educator. A provisional educator endorsement in a specific content area or areas on an Educator License with Stipulations may be issued to an applicant who holds an educator license with a minimum of 15 semester hours in content coursework from another state, U.S. territory, or foreign country and who, at the time

New matter indicated by italics - deletions by strikeout
of applying for an Illinois license, does not meet the minimum requirements under Section 21B-35 of this Code, but does, at a minimum, meet the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree, unless a master's degree is required for the endorsement, from a regionally accredited college or university or, for individuals educated in a country other than the United States, the equivalent of a minimum of a bachelor's degree issued in the United States, unless a master's degree is required for the endorsement.

(ii) Has passed or passes a test of basic skills and content area test, as required by Section 21B-30 of this Code, prior to or within one year after issuance of the provisional educator endorsement on the Educator License with Stipulations. If an individual who holds an Educator License with Stipulations endorsed for provisional educator has not passed a test of basic skills and applicable content area test or tests within one year after issuance of the endorsement, the endorsement shall expire on June 30 following one full year of the endorsement being issued. If such an individual has passed the test of basic skills and applicable content area test or tests either prior to issuance of the endorsement or within one year after issuance of the endorsement, the endorsement is valid until June 30 immediately following 2 years of the license being issued, during which time any and all coursework deficiencies must be met and any and all additional testing deficiencies must be met.

In addition, a provisional educator endorsement for principals or superintendents may be issued if the individual meets the requirements set forth in subdivisions (1) and (3) of subsection (b-5) of Section 21B-35 of this Code. Applicants who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education shall not receive a provisional educator endorsement if the person completed

an alternative licensure program in another state, unless the program has been determined to be equivalent to Illinois program requirements.

Notwithstanding any other requirements of this Section, a service member or spouse of a service member may obtain a Professional Educator License with Stipulations, and a provisional educator endorsement in a specific content area or areas, if he or she holds a valid teaching certificate or license in good standing from another state, meets the qualifications of educators outlined in Section 21B-15 of this Code, and has not engaged in any misconduct that would prohibit an individual from obtaining a license pursuant to Illinois law, including without limitation any administrative rules of the State Board of Education.

In this Section, "service member" means any person who, at the time of application under this Section, is an active duty member of the United States Armed Forces or any reserve component of the United States Armed Forces or the National Guard of any state, commonwealth, or territory of the United States or the District of Columbia.

A provisional educator endorsement is valid until June 30 immediately following 2 years of the license being issued, provided that any remaining testing and coursework deficiencies are met as set forth in this Section. Failure to satisfy all stated deficiencies shall mean the individual, including any service member or spouse who has obtained a Professional Educator License with Stipulations and a provisional educator endorsement in a specific content area or areas, is ineligible to receive a Professional Educator License at that time. An Educator License with Stipulations endorsed for provisional educator shall not be renewed for individuals who hold an Educator License with Stipulations and who have held a position in a public school or non-public school recognized by the State Board of Education.

(B) Alternative provisional educator. An alternative provisional educator endorsement on an Educator License with Stipulations may be issued to an applicant who, at the

New matter indicated by italics - deletions by strikeout
time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited college or university with a minimum of a bachelor's degree.

(ii) Successfully completed the first phase of the Alternative Educator Licensure Program for Teachers, as described in Section 21B-50 of this Code.

(iii) Passed a test of basic skills and content area test, as required under Section 21B-30 of this Code.

The alternative provisional educator endorsement is valid for 2 years of teaching and may be renewed for a third year by an individual meeting the requirements set forth in Section 21B-50 of this Code.

(C) Alternative provisional superintendent. An alternative provisional superintendent endorsement on an Educator License with Stipulations entitles the holder to serve only as a superintendent or assistant superintendent in a school district's central office. This endorsement may only be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited college or university with a minimum of a master's degree in a management field other than education.

(ii) Been employed for a period of at least 5 years in a management level position in a field other than education.

(iii) Successfully completed the first phase of an alternative route to superintendent endorsement program, as provided in Section 21B-55 of this Code.

(iv) Passed a test of basic skills and content area tests required under Section 21B-30 of this Code.

The endorsement may be registered for 2 fiscal years in order to complete one full year of serving as a superintendent or assistant superintendent.
(D) Resident teacher endorsement. A resident teacher endorsement on an Educator License with Stipulations may be issued to an applicant who, at the time of applying for the endorsement, has done all of the following:

(i) Graduated from a regionally accredited institution of higher education with a minimum of a bachelor's degree.
(ii) Enrolled in an approved Illinois educator preparation program.
(iii) Passed a test of basic skills and content area test, as required under Section 21B-30 of this Code.

The resident teacher endorsement on an Educator License with Stipulations is valid for 4 years of teaching and shall not be renewed.

A resident teacher may teach only under the direction of a licensed teacher, who shall act as the resident mentor teacher, and may not teach in place of a licensed teacher. A resident teacher endorsement on an Educator License with Stipulations shall no longer be valid after June 30, 2017.

(E) Career and technical educator. A career and technical educator endorsement on an Educator License with Stipulations may be issued to an applicant who has a minimum of 60 semester hours of coursework from a regionally accredited institution of higher education and has a minimum of 2,000 hours of experience outside of education in each area to be taught.

The career and technical educator endorsement on an Educator License with Stipulations is valid until June 30 immediately following 5 years of the endorsement being issued and may be renewed. An emergency situation is one in which an unforeseen vacancy has occurred and (i) a teacher is unable to fulfill his or her contractual duties or (ii) teacher capacity needs of the district exceed previous indications, and the district is actively engaged in advertising to hire a fully licensed teacher for the vacant position.

There is no limit on the number of days that a substitute teacher may teach in a single school district, provided that no substitute teacher may teach for longer than 90 school days for any one licensed teacher under contract in the same school year. A substitute teacher who holds a Professional Educator License or Educator License with Stipulations shall not teach for more than 120 school days for any one licensed teacher under contract in the same school year. Sec. 21B-25. Endorsement on licenses. All licenses issued under paragraph (1) of Section 21B-20 of this Code shall be specifically endorsed by the State Board of Education for each content area, school support area, and administrative area for which the holder of the license is qualified. consultation with the State Educator Preparation and Licensure Board, shall develop the requirements for the following endorsements:

(A) General administrative endorsement. A general administrative endorsement shall be added to a Professional Educator License, provided that an approved program has been completed. An individual holding a general administrative endorsement may work only as a principal or assistant principal or in a related or similar position, as determined by the State Superintendent of Education, in consultation with the State Educator Preparation and Licensure Board.

Beginning on September 1, 2014, the general administrative endorsement shall no longer be issued except to individuals who completed all coursework requirements for the receipt of the general administrative endorsement by September 1, 2014, who have completed all testing requirements by June 30, 2016, and who apply for the endorsement on or before June 30, 2016. Candidates shall not be admitted to an approved general administrative preparation program after September 1, 2012.

All other individuals holding a valid and registered administrative certificate with a general administrative endorsement issued pursuant to Section 21-7.1 of this Code or a general administrative endorsement on a Professional Educator License issued prior to September 1, 2014 shall have the general administrative endorsement converted to a principal endorsement on a Professional Educator License.

(iii) Completion of a principal preparation program established and approved pursuant to Section 21B-60 of this Code and applicable rules.

Individuals who do not choose to convert the general administrative endorsement on the administrative certificate issued pursuant to Section 21-7.1 of this Code or on the Professional Educator License shall continue to be able to serve in any position previously allowed under paragraph (2) of subsection (e) of Section 21-7.1 of this Code.

The general administrative endorsement on the Professional Educator License is available only to individuals who, prior to September 1, 2014, had such an endorsement on the administrative certificate issued pursuant to Section 21-7.1 of this Code or who already have a Professional Educator License and have completed a general administrative program and who do not choose to convert the general administrative endorsement to a principal endorsement pursuant to the options in this Section.

(B) Principal endorsement. A principal endorsement shall be affixed to a Professional Educator License of any holder who qualifies by having all of the following:

school or out-of-state nonpublic school meeting out-
of-state recognition standards comparable to those
approved by the State Superintendent of Education;
however, the State Board of Education, in
consultation with the State Educator Preparation
and Licensure Board, shall allow, by rules, for fewer
than 4 years of experience based on meeting
standards set forth in such rules, including without
limitation a review of performance evaluations or
other evidence of demonstrated qualifications.

(iii) A master's degree or higher from a
regionally accredited college or university.

(C) Chief school business official endorsement. A
chief school business official endorsement shall be affixed
to the Professional Educator License of any holder who
qualifies by having a master's degree or higher, 2 years of
full-time administrative experience in school business
management or 2 years of university-approved practical
experience, and a minimum of 24 semester hours of
graduate credit in a program approved by the State Board of
Education for the preparation of school business

The chief school business official endorsement may also be

The superintendent endorsement shall allow individuals to serve only as a superintendent or assistant superintendent.

(E) Teacher leader endorsement. It shall be the policy of this State to improve the quality of instructional leaders by providing a career pathway for teachers interested in serving in leadership roles, but not as principals. The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may issue a teacher leader endorsement under this subdivision (E). Persons who meet and successfully complete the requirements of the endorsement shall be issued a teacher leader endorsement on the Professional Educator License for serving in schools in this State. The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to establish and implement the teacher leader endorsement program and to specify the positions for which this endorsement shall be required.

(F) Special education endorsement. A special education endorsement in one or more areas shall be affixed to a Professional Educator License for any individual that meets those requirements established by the State Board of Education in rules. (iii) Speech Language Pathologist;
(iv) Blind or Visually Impaired;
(v) Deaf-Hard of Hearing; and

Notwithstanding anything in this Code to the contrary, the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may add additional areas of special education by rule.

(G) School support personnel endorsement. School support personnel endorsement areas shall include, but are not limited to, school counselor, marriage and family therapist, school psychologist, school speech and language pathologist, school nurse, and school social worker. This

endorsement is for individuals who are not teachers or administrators, but still require licensure to work in an instructional support position in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control or a charter school operating in compliance with the Charter Schools Law. The school support personnel endorsement shall be affixed to the Professional Educator License and shall meet all of the requirements established in any rules adopted to implement this subdivision (G). The holder of such an endorsement is entitled to all of the rights and privileges granted holders of any other Professional Educator License, including teacher benefits, compensation, and working conditions.

Beginning on January 1, 2014 and ending on April 30, 2014, a person holding a Professional Educator License with a school speech and language pathologist (teaching) endorsement may exchange his or her school speech and language pathologist (teaching) endorsement for a school speech and language pathologist (non-teaching) endorsement through application to the State Board of Education. There shall be no cost for this exchange.

Section 5. The Code of Civil Procedure is amended by changing Section 2-301 as follows:

(735 ILCS 5/2-301) (from Ch. 110, par. 2-301)

Sec. 2-301. Objections to jurisdiction over the person.
(a) Prior to the filing of any other pleading or motion other than as set forth in subsection (a-6) a motion for an extension of time to answer or otherwise appear, a party may object to the court's jurisdiction over the party's person, either on the ground that the party is not amenable to

process of a court of this State or on the ground of insufficiency of process or insufficiency of service of process, by filing a motion to dismiss the entire proceeding or any cause of action involved in the proceeding or by filing a motion to quash service of process. Such a motion may be made singly or included with others in a combined motion, but the parts of a combined motion must be identified in the manner described in Section 2-619.1. Unless the facts that constitute the basis for the objection are apparent from papers already on file in the case, the motion must be supported by an affidavit setting forth those facts.

(a-5) (Blank). If the objecting party files a responsive pleading or a motion (other than a motion for an extension of time to answer or otherwise appear) prior to the filing of a motion in compliance with subsection (a), that party waives all objections to the court's jurisdiction over the party's person.

(a-6) A party filing any other pleading or motion prior to the filing of a motion objecting to the court's jurisdiction over the party's person as set forth in subsection (a) waives all objections to the court's jurisdiction over the party's person prospectively, unless the initial motion filed is one of the following:

(1) A motion for an extension of time to answer or otherwise plead.

(2) A motion filed under Section 2-1301, 2-1401, or 2-1401.1.

Any motion objecting to the court's jurisdiction over the party's person as set forth in subsection (a) shall be filed within 60 days of the court's order disposing of the initial motion filed under Section 2-1301, 2-1401, or 2-1401.1. Nothing in this subsection precludes a party from filing a motion under subsection (a) combined with a motion under Section 2-1301, 2-1401, or 2-1401.1. If such a combined motion is filed, any objection to the court's jurisdiction over the party's person is not waived.

(b) In disposing of a motion objecting to the court's jurisdiction over the person of the objecting party, the court shall consider all matters apparent from the papers on file in the case, affidavits submitted by any party, and any evidence adduced upon contested issues of fact. The court shall enter an appropriate order sustaining or overruling the objection. No determination of any issue of fact in connection with the objection is a determination of the merits of the case or any aspect thereof. A decision adverse to the objector does not preclude the objector from making any motion or defense which he or she might otherwise have made.

Sec. 1-20. Amendments to the declaration, bylaws, or operating agreement.

(a) The administration of every property shall be governed by the declaration and bylaws or operating agreement, which may either be embodied in the declaration or in a separate instrument, a true copy of which shall be appended to and recorded with the declaration. (b) Unless otherwise provided by this Act, amendments to community instruments authorized to be recorded shall be executed and recorded by the president of the board or such other officer authorized by the common interest community association or the community instruments.

(c) If an association that currently permits leasing amends its declaration, bylaws, or rules and regulations to prohibit leasing, nothing in this Act or the declarations, bylaws, rules and regulations of an association shall prohibit a unit owner incorporated under 26 USC 501(c)(3) which is

(b) The board shall provide all members with a reasonably detailed summary of the receipts, common expenses, and reserves for the preceding budget year. The board shall (i) make available for review to all members an itemized accounting of the common expenses for the preceding year actually incurred or paid, together with an indication of which portions were for reserves, capital expenditures or repairs or payment of real estate taxes and with a tabulation of the amounts collected pursuant to the budget or assessment, and showing the net excess or deficit of income over expenditures plus reserves or (ii) provide a consolidated annual independent audit report of the financial status of all fund accounts within the association.

(c) If an adopted budget or any separate assessment adopted by the board would result in the sum of all regular and separate assessments payable in the current fiscal year exceeding 115% of the sum of all regular

and separate assessments payable during the preceding fiscal year, the common interest community association, upon written petition by members with 20% of the votes of the association delivered to the board within 14 days of the board action, shall call a meeting of the members within 30 days of the date of delivery of the petition to consider the budget or separate assessment; unless a majority of the total votes of the members are cast at the meeting to reject the budget or separate assessment, it shall be deemed ratified.

(d) If total common expenses exceed the total amount of the approved and adopted budget, the common interest community association shall disclose this variance to all its members and specifically identify the subsequent assessments needed to offset this variance in future budgets.

(e) Separate assessments for expenditures relating to emergencies or mandated by law may be adopted by the board without being subject to member approval or the provisions of subsection (c) or (f) of this Section. As used herein, "emergency" means a danger to or a compromise of the structural integrity of the common areas or any of the common facilities of the common interest community. "Emergency" also includes a danger to the life, health or safety of the membership.

(f) Assessments for additions and alterations to the common areas or to association-owned property not included in the adopted annual budget, shall be separately assessed and are subject to approval of a simple majority of the total members at a meeting called for that purpose.

(g) The board may adopt separate assessments payable over more than one fiscal year. With respect to multi-year assessments not governed by subsections (e) and (f) of this Section, the entire amount of the multi-year assessment shall be deemed considered and authorized in the first fiscal year in which the assessment is approved.

(h) The board of a common interest community association shall have the authority to establish and maintain a system of master metering of public utility services to collect payments in conjunction therewith, subject to the requirements of the Tenant Utility Payment Disclosure Act.

Section 10. The Condominium Property Act is amended by changing Sections 9, 15, 18, 18.4, 19, 27, and 31 and by adding Section 18.10 as follows:

(765 ILCS 605/9) (from Ch. 30, par. 309)

Sec. 9. Sharing of expenses - Lien for nonpayment.

(a) All common expenses incurred or accrued prior to the first conveyance of a unit shall be paid by the developer, and during this period no common expense assessment shall be payable to the association. It shall be the duty of each unit owner including the developer to pay his proportionate share of the common expenses commencing with the first conveyance. The proportionate share shall be in the same ratio as his percentage of ownership in the common elements set forth in the declaration.

(b) The condominium instruments may provide that common expenses for insurance premiums be assessed on a basis reflecting increased charges for coverage on certain units.

(c) Budget and reserves.

(1) The board of managers shall prepare and distribute to all unit owners a detailed proposed annual budget, setting forth with particularity all anticipated common expenses by category as well as all anticipated assessments and other income. The initial budget and common expense assessment based thereon shall be adopted prior to the conveyance of any unit. The budget shall also set forth each unit owner's proposed common expense assessment.

(2) All budgets adopted by a board of managers on or after July 1, 1990 shall provide for reasonable reserves for capital expenditures and deferred maintenance for repair or replacement of the common elements. To determine the amount of reserves appropriate for an association, the board of managers shall take into consideration the following: (i) the repair and replacement cost, and the estimated useful life, of the property which the association is obligated to maintain, including but not limited to structural and mechanical components, surfaces of the buildings and common elements, and energy systems and equipment; (ii) the current and anticipated return on investment of association funds; (iii) any independent professional reserve study which the association may obtain; (iv) the financial impact on unit owners, and the market value of the condominium units, of any assessment

increase needed to fund reserves; and (v) the ability of the association to obtain financing or refinancing.

(3) Notwithstanding the provisions of this subsection (c), an association without a reserve requirement in its condominium instruments may elect to waive in whole or in part the reserve requirements of this Section by a vote of 2/3 of the total votes of the association. Any association having elected under this paragraph (3) to waive the provisions of subsection (c) may by a vote of 2/3 of the total votes of the association elect to again be governed by the requirements of subsection (c).

(4) In the event that an association elects to waive all or part of the reserve requirements of this Section, that fact must be disclosed after the meeting at which the waiver occurs by the association in the financial statements of the association and, highlighted in bold print, in the response to any request of a prospective purchaser for the information prescribed under Section 22.1; and no member of the board of managers or the managing agent of the association shall be liable, and no cause of action may be brought for damages against these parties, for the lack or inadequacy of reserve funds in the association budget.

(5) At the end of an association's fiscal year and after the association has approved any end-of-year fiscal audit, if applicable, if the fiscal year ended with a surplus of funds over actual expenses, including budgeted reserve fund contributions, then, to the extent that there are not any contrary provisions in the association's declaration and bylaws, the board of managers has the authority, in its discretion, to dispose of the surplus in one or more of the following ways: (i) contribute the surplus to the association's reserve fund; (ii) return the surplus to the unit owners as a credit against the remaining monthly assessments for the current fiscal year; (iii) return the surplus to the unit owners in the form of a direct payment to the unit owners; or (iv) maintain the funds in the operating account, in which case the funds shall be applied as a credit when calculating the following year's annual budget. If the fiscal year ends in a deficit, then, to the extent that there are not any contrary provisions in the association's declaration and bylaws, the board of managers has the authority, in its discretion, to address the deficit by incorporating it into the following year's annual budget. If 20% of the unit owners of the

association deliver a petition objecting to the action under this paragraph (5) within 30 days after notice to the unit owners of the action, the board of managers shall call a meeting of the unit owners within 30 days of the date of delivery of the petition. At the meeting, the unit owners may vote to select a different option than the option selected by the board of managers. Unless a majority of the total votes of the unit owners are cast at the meeting to reject the board’s selection and select a different option, the board’s decision is ratified.

(d) (Blank).

(e) The condominium instruments may provide for the assessment, in connection with expenditures for the limited common elements, of only those units to which the limited common elements are assigned.

(f) Payment of any assessment shall be in amounts and at times determined by the board of managers.

(g) Lien.

(1) If any unit owner shall fail or refuse to make any payment of the common expenses or the amount of any unpaid fine when due, the amount thereof together with any interest, late charges, reasonable attorney fees incurred enforcing the covenants of the condominium instruments, rules and regulations of the board of managers, or any applicable statute or ordinance, and costs of collections shall constitute a lien on the interest of the unit owner in the property prior to all other liens and encumbrances, recorded or unrecorded, except only (a) taxes, special assessments and special taxes theretofore or thereafter levied by any political subdivision or municipal corporation of this State and other State or federal taxes which by law are a lien on the interest of the unit owner prior to preexisting recorded encumbrances thereon and (b) encumbrances on the interest of the unit owner recorded prior to the date of such failure or refusal which by law would be a lien thereon prior to subsequently recorded encumbrances. Any action brought to extinguish the lien of the association shall include the association as a party.

(2) With respect to encumbrances executed prior to August 30, 1984 or encumbrances executed subsequent to August 30, 1984 which are neither bonafide first mortgages nor trust deeds and which encumbrances contain a statement of a mailing address in the State of Illinois where notice may be mailed to the

encumbrancer thereunder, if and whenever and as often as the manager or board of managers shall send, by United States certified or registered mail, return receipt requested, to any such encumbrancer at the mailing address set forth in the recorded encumbrance a statement of the amounts and due dates of the unpaid common expenses with respect to the encumbered unit, then, unless otherwise provided in the declaration or bylaws, the prior recorded encumbrance shall be subject to the lien of all unpaid common expenses with respect to the unit which become due and payable within a period of 90 days after the date of mailing of each such notice.

(3) The purchaser of a condominium unit at a judicial foreclosure sale, or a mortgagee who receives title to a unit by deed in lieu of foreclosure or judgment by common law strict foreclosure or otherwise takes possession pursuant to court order under the Illinois Mortgage Foreclosure Law, shall have the duty to pay the unit's proportionate share of the common expenses for the unit assessed from and after the first day of the month after the date of the judicial foreclosure sale, delivery of the deed in lieu of foreclosure, entry of a judgment in common law strict foreclosure, or taking of possession pursuant to such court order. Such payment confirms the extinguishment of any lien created pursuant to paragraph (1) or (2) of this subsection (g) by virtue of the failure or refusal of a prior unit owner to make payment of common expenses, where the judicial foreclosure sale has been confirmed by order of the court, a deed in lieu thereof has been accepted by the lender, or a consent judgment has been entered by the court.

(4) The purchaser of a condominium unit at a judicial foreclosure sale, other than a mortgagee, who takes possession of a condominium unit pursuant to a court order or a purchaser who acquires title from a mortgagee shall have the duty to pay the proportionate share, if any, of the common expenses for the unit which would have become due in the absence of any assessment acceleration during the 6 months immediately preceding institution of an action to enforce the collection of assessments, and which remain unpaid by the owner during whose possession the assessments accrued. If the outstanding assessments are paid at any time during any action to enforce the collection of assessments, the
purchaser shall have no obligation to pay any assessments which accrued before he or she acquired title.

(5) The notice of sale of a condominium unit under subsection (c) of Section 15-1507 of the Code of Civil Procedure shall state that the purchaser of the unit other than a mortgagee shall pay the assessments and the legal fees required by subdivisions (g)(1) and (g)(4) of Section 9 of this Act. The statement of assessment account issued by the association to a unit owner under subsection (i) of Section 18 of this Act, and the disclosure statement issued to a prospective purchaser under Section 22.1 of this Act, shall state the amount of the assessments and the legal fees, if any, required by subdivisions (g)(1) and (g)(4) of Section 9 of this Act.

(h) A lien for common expenses shall be in favor of the members of the board of managers and their successors in office and shall be for the benefit of all other unit owners. Notice of the lien may be recorded by the board of managers, or if the developer is the manager or has a majority of seats on the board of managers and the manager or board of managers fails to do so, any unit owner may record notice of the lien. Upon the recording of such notice the lien may be foreclosed by an action brought in the name of the board of managers in the same manner as a mortgage of real property.

(i) Unless otherwise provided in the declaration, the members of the board of managers and their successors in office, acting on behalf of the other unit owners, shall have the power to bid on the interest so foreclosed at the foreclosure sale, and to acquire and hold, lease, mortgage and convey it.

(j) Any encumbrancer may from time to time request in writing a written statement from the manager or board of managers setting forth the unpaid common expenses with respect to the unit covered by his encumbrance. Unless the request is complied with within 20 days, all unpaid common expenses which become due prior to the date of the making of such request shall be subordinate to the lien of the encumbrance. Any encumbrancer holding a lien on a unit may pay any unpaid common expenses payable with respect to the unit, and upon payment the encumbrancer shall have a lien on the unit for the amounts paid at the same rank as the lien of his encumbrance.

(k) Nothing in Public Act 83-1271 is intended to change the lien priorities of any encumbrance created prior to August 30, 1984.

(a) Unless a greater percentage is provided for in the declaration or bylaws, and notwithstanding the provisions of Sections 13 and 14 hereof, a majority of the unit owners where the property contains 2 units, or not less than 66 2/3% where the property contains three units, and not less than 75% where the property contains 4 or more units may, by affirmative vote at a meeting of unit owners duly called for such purpose, elect to sell the property. Such action shall be binding upon all unit owners, and it shall thereupon become the duty of every unit owner to execute and deliver such instruments and to perform all acts as in manner and form may be necessary to effect such sale, provided, however, that any unit owner who did not vote in favor of such action and who has filed written objection thereto with the manager or board of managers within 20 days after the date of the meeting at which such sale was approved shall be entitled to receive from the proceeds of such sale an amount equivalent to the greater of: (i) the value of his or her interest, as determined by a fair appraisal, less the amount of any unpaid assessments or charges due and owing from such unit owner or (ii) the outstanding balance of any bona fide debt secured by the objecting unit owner's interest which was incurred by such unit owner in connection with the acquisition or refinance of the unit owner's interest, less the amount of any unpaid assessments or charges due and owing from such unit owner. The objecting unit owner is also entitled to receive from the proceeds of a sale under this Section reimbursement for reasonable relocation costs, determined in the same manner as under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended from time to time, and as implemented by regulations promulgated under that Act.

(b) If there is a disagreement as to the value of the interest of a unit owner who did not vote in favor of the sale of the property, that unit owner shall have a right to designate an expert in appraisal or property valuation to represent him, in which case, the prospective purchaser of the property shall designate an expert in appraisal or property valuation to represent him, and both of these experts shall mutually designate a third expert in appraisal or property valuation. The 3 experts shall constitute a panel to determine by vote of at least 2 of the members of the panel, the value of that unit owner's interest in the property. A management company holding reserve funds of an association shall at all times maintain a separate account for each association, provided, however, that for investment purposes, the Board of Managers of an association may authorize a management company to maintain the association's reserve funds in a single interest bearing account with similar funds of other associations. The management company shall at all times maintain records identifying all moneys of each association in such investment account. The management company may hold all operating funds of associations which it manages in a single operating account but shall at all times maintain records identifying all moneys of each association in such operating account. Such operating and reserve funds held by the management company for the association shall not be subject to attachment by any creditor of the management company.

For the purpose of this subsection, a management company shall be defined as a person, partnership, corporation, or other legal entity entitled to transact business on behalf of others, acting on behalf of or as an agent for a unit owner, unit owners or association of unit owners for the purpose of carrying out the duties, responsibilities, and other obligations necessary for the day to day operation and management of any property subject to this Act. For purposes of this subsection, the term "fiduciary insurance coverage" shall be defined as both a fidelity bond and directors and officers liability coverage, the fidelity bond in the full amount of association funds and association reserves that will be in the

custody of the association, and the directors and officers liability coverage at a level as shall be determined to be reasonable by the board of managers, if not otherwise established by the declaration or by laws.

Until one year after September 21, 1985 (the effective date of Public Act 84-722), if a condominium association has reserves plus assessments in excess of $250,000 and cannot reasonably obtain 100% fidelity bond coverage for such amount, then it must obtain a fidelity bond coverage of $250,000.

(h) Method of estimating the amount of the annual budget, and the manner of assessing and collecting from the unit owners their respective shares of such estimated expenses, and of any other expenses lawfully agreed upon.

(i) That upon 10 days notice to the manager or board of managers and payment of a reasonable fee, any unit owner shall be furnished a statement of his account setting forth the amount of any unpaid assessments or other charges due and owing from such owner.

(j) Designation and removal of personnel necessary for the maintenance, repair and replacement of the common elements.

(k) Such restrictions on and requirements respecting the use and maintenance of the units and the use of the common elements, not set forth in the declaration, as are designed to prevent unreasonable interference with the use of their respective units and of the common elements by the several unit owners.

(l) Method of adopting and of amending administrative rules and regulations governing the operation and use of the common elements.

(m) The percentage of votes required to modify or amend the bylaws, but each one of the particulars set forth in this section shall always be embodied in the bylaws.

(n)(i) The provisions of this Act, the declaration, bylaws, other condominium instruments, and rules and regulations that relate to the use of the individual unit or the common elements shall be applicable to any person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after August 30, 1984 (the effective date of Public Act 83-1271).

(ii) With regard to any lease entered into subsequent to July 1, 1990 (the effective date of Public Act 86-991), the unit owner
leasing the unit shall deliver a copy of the signed lease to the board or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first. In addition to any other remedies, by filing an action jointly against the tenant and the unit owner, an association may seek to enjoin a tenant from occupying a unit or seek to evict a tenant under the provisions of Article IX of the Code of Civil Procedure for failure of the lessor-owner to comply with the leasing requirements prescribed by this Section or by the declaration, bylaws, and rules and regulations. The board of managers may proceed directly against a tenant, at law or in equity, or under the provisions of Article IX of the Code of Civil Procedure, for any other breach by tenant of any covenants, rules, regulations or bylaws.

(o) The association shall have no authority to forbear the payment of assessments by any unit owner.

(p) That when 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, any percentage vote of members specified herein or in the condominium instruments shall require the specified percentage by number of units rather than by percentage of interest in the common elements allocated to units that would otherwise be applicable and garage units or storage units, or both, shall have, in total, no more votes than their aggregate percentage of ownership in the common elements; this shall mean that if garage units or storage units, or both, are to be given a vote, or portion of a vote, that the association must add the total number of votes cast of garage units, storage units, or both, and divide the total by the number of garage units, storage units, or both, and multiply by the aggregate percentage of ownership of garage units and storage units to determine the vote, or portion of a vote, that garage units or storage units, or both, have. For purposes of this subsection (p), when making a determination of whether 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, a unit shall not include a garage unit or a storage unit.

(q) That a unit owner may not assign, delegate, transfer, surrender, or avoid the duties, responsibilities, and liabilities of a unit owner under this Act, the condominium instruments, or the

rules and regulations of the Association; and that such an attempted assignment, delegation, transfer, surrender, or avoidance shall be deemed void.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument which fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

Sec. 18.4. Powers and duties of board of managers. The board of managers shall exercise for the association all powers, duties and authority vested in the association by law or the condominium instruments except for such powers, duties and authority reserved by law to the members of the association. The powers and duties of the board of managers shall include, but shall not be limited to, the following:

(a) To provide for the operation, care, upkeep, maintenance, replacement and improvement of the common elements. Nothing in this subsection (a) shall be deemed to invalidate any provision in a condominium instrument placing limits on expenditures for the common elements, provided, that such limits shall not be applicable to expenditures for repair, replacement, or restoration of existing portions of the common elements. The term "repair, replacement or restoration" means expenditures to deteriorated or damaged portions of the property related to the existing decorating, facilities, or structural or mechanical components, interior or exterior surfaces, or energy systems and equipment with the functional equivalent of the original portions of such areas. Replacement of the common elements may result in an improvement over the original quality of such elements or facilities; provided that, unless the improvement is mandated by law or is an emergency as defined in item (iv) of subparagraph (8) of paragraph (a) of Section 18, if the improvement results in a proposed expenditure exceeding 5% of the annual budget, the board of managers, upon written petition by unit owners with 20% of the votes of the association delivered to the board within 21 days of the board action to approve the expenditure, shall call a

(c) To levy and expend assessments.

(d) To collect assessments from unit owners.

(e) To provide for the employment and dismissal of the personnel necessary or advisable for the maintenance and operation of the common elements.

(f) To obtain adequate and appropriate kinds of insurance.

(g) To own, convey, encumber, lease, and otherwise deal with units conveyed to or purchased by it.

(h) To adopt and amend rules and regulations covering the details of the operation and use of the property, after a meeting of the unit owners called for the specific purpose of discussing the proposed rules and regulations. Notice of the meeting shall contain the full text of the proposed rules and regulations, and the meeting shall conform to the requirements of Section 18(b) of this Act, except that no quorum is required at the meeting of the unit owners unless the declaration, bylaws or other condominium instrument expressly provides to the contrary. However, no rule or regulation may impair any rights guaranteed by the First Amendment to the Constitution of the United States or Section 4 of Article I of the Illinois Constitution including, but not limited to, the free exercise of religion, nor may any rules or regulations conflict with the provisions of this Act or the condominium instruments. No rule or regulation shall prohibit any reasonable accommodation for religious practices, including the attachment of religiously mandated objects to the front-door area of a condominium unit.

(i) To keep detailed, accurate records of the receipts and expenditures affecting the use and operation of the property.

(j) To have access to each unit from time to time as may be necessary for the maintenance, repair or replacement of any common elements or for making emergency repairs necessary to prevent damage to the common elements or to other units.

political subdivision thereof, or other lawful taxing or assessing body, which are authorized by law to be assessed and levied upon the real property of the condominium.

(l) To impose charges for late payment of a unit owner's proportionate share of the common expenses, or any other expenses lawfully agreed upon, and after notice and an opportunity to be heard, to levy reasonable fines for violation of the declaration, by-laws, and rules and regulations of the association.

(m) By a majority vote of the entire board of managers, to assign the right of the association to future income from common expenses or other sources, and to mortgage or pledge substantially all of the remaining assets of the association.

(n) To record the dedication of a portion of the common elements to a public body for use as, or in connection with, a street or utility where authorized by the unit owners under the provisions of Section 14.2.

(o) To record the granting of an easement for the laying of cable television or high speed Internet cable where authorized by the unit owners under the provisions of Section 14.3; to obtain, if available and determined by the board to be in the best interests of the association, cable television or bulk high speed Internet service for all of the units of the condominium on a bulk identical service and equal cost per unit basis; and to assess and recover the expense as a common expense and, if so determined by the board, to assess each and every unit on the same equal cost per unit basis.

(p) To seek relief on behalf of all unit owners when authorized pursuant to subsection (c) of Section 10 from or in connection with the assessment or levying of real property taxes, special assessments, and any other special taxes or charges of the State of Illinois or of any political subdivision thereof or of any lawful taxing or assessing body.

(q) To reasonably accommodate the needs of a unit owner who is a person with a disability as required by the federal Civil Rights Act of 1968, the Human Rights Act and any applicable local ordinances in the exercise of its powers with respect to the use of common elements or approval of modifications in an individual unit.

(r) To accept service of a notice of claim for purposes of the Mechanics Lien Act on behalf of each respective member of the

Unit Owners' Association with respect to improvements performed pursuant to any contract entered into by the Board of Managers or any contract entered into prior to the recording of the condominium declaration pursuant to this Act, for a property containing more than 8 units, and to distribute the notice to the unit owners within 7 days of the acceptance of the service by the Board of Managers. The service shall be effective as if each individual unit owner had been served individually with notice.

(s) To adopt and amend rules and regulations (1) authorizing electronic delivery of notices and other communications required or contemplated by this Act to each unit owner who provides the association with written authorization for electronic delivery and an electronic address to which such communications are to be electronically transmitted; and (2) authorizing each unit owner to designate an electronic address or a U.S. Postal Service address, or both, as the unit owner's address on any list of members or unit owners which an association is required to provide upon request pursuant to any provision of this Act or any condominium instrument.

In the performance of their duties, the officers and members of the board, whether appointed by the developer or elected by the unit owners, shall exercise the care required of a fiduciary of the unit owners.

The collection of assessments from unit owners by an association, board of managers or their duly authorized agents shall not be considered acts constituting a collection agency for purposes of the Collection Agency Act.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument that fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

Failure of an association's board of managers to make available all records so requested within 10 business days of receipt of the member's written request shall be deemed a denial.
Any member who prevails in an enforcement action to compel examination of records described in subdivisions (1), (2), (3), (4), and (5), (6), and (9) of subsection (a) of this Section shall be entitled to recover reasonable attorney's fees and costs from the association.

Sec. 27. Amendments.

(a) If there is any unit owner other than the developer, and unless otherwise provided in this Act, the condominium instruments shall be amended only as follows:

(i) upon the affirmative vote of 2/3 of those voting or upon the majority specified by the condominium instruments, provided that in no event shall the condominium instruments require more than a three-quarters vote of all unit owners; and

(ii) with the approval of, or notice to, any mortgagees or other lienholders of record, if required under the provisions of the condominium instruments. If the condominium instruments require approval of any mortgagee or lienholder of record and the mortgagee or lienholder of record receives a request to approve or consent to the amendment to the condominium instruments, the mortgagee or lienholder of record is deemed to have approved or consented to the request unless the mortgagee or lienholder of record delivers a negative response to the requesting party within 60 days after the mailing of the request. A request to approve or consent to an amendment to the condominium instruments that is required to be sent to a mortgagee or lienholder of record shall be sent by certified mail.

(b)(1) If there is an omission, error, or inconsistency in a condominium instrument, such that a provision of a condominium instrument does not conform to this Act or to another applicable statute, the association may correct the omission, error, or inconsistency to conform the condominium instrument to this Act or to another applicable statute by an amendment adopted by vote of two-thirds of the Board of Managers, without a unit owner vote. A provision in a condominium instrument requiring or allowing unit owners, mortgagees, or other lienholders of record to vote to approve an amendment to a condominium instrument, or for the mortgagees or other lienholders of record to be given notice of an amendment to a condominium instrument, is not applicable to an amendment to the extent that the amendment corrects an omission, error, or inconsistency to conform the condominium instrument to this Act or to another applicable statute.

(2) If through a scrivener's error, a unit has not been designated as owning an appropriate undivided share of the common elements or does not bear an appropriate share of the common expenses or that all the common expenses or all of the common elements in the condominium

New matter indicated by italics - deletions by strikeout
have not been distributed in the declaration, so that the sum total of the shares of common elements which have been distributed or the sum total of the shares of the common expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the declaration approved by vote of two-thirds of the members of the Board of Managers or a majority vote of the unit owners at a meeting called for this purpose which proportionately adjusts all percentage interests so that the total is equal to 100% unless the condominium instruments specifically provide for a different procedure or different percentage vote by the owners of the units and the owners of mortgages thereon affected by modification being made in the undivided interest in the common elements, the number of votes in the unit owners association or the liability for common expenses appertaining to the unit.

(3) If an omission or error or a scrivener’s error in the declaration, bylaws or other condominium instrument is corrected by vote of two-thirds of the members of the Board of Managers pursuant to the authority established in paragraphs (1) or (2) of this subsection (b) of Section 27 of this Act, the Board upon written petition by unit owners with 20 percent of the votes of the association filed within 30 days of the Board action shall call a meeting of the unit owners within 30 days of the filing of the petition to consider the Board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, it is ratified whether or not a quorum is present.

(4) The procedures for amendments set forth in this subsection (b) cannot be used if such an amendment would materially or adversely affect property rights of the unit owners unless the affected unit owners consent in writing. This Section does not restrict the powers of the association to otherwise amend the declaration, bylaws, or other condominium instruments, but authorizes a simple process of amendment requiring a lesser vote for the purpose of correcting defects, errors, or omissions when the property rights of the unit owners are not materially or adversely affected.

(5) If there is an omission or error in the declaration, bylaws, or other condominium instruments, which may not be corrected by an amendment procedure set forth in paragraphs (1) and (2) of this subsection (b) of Section 27 in the declaration then the Circuit Court in the County in which the condominium is located shall have jurisdiction to hear a petition

of one or more of the unit owners thereon or of the association, to correct the error or omission, and the action may be a class action. The court may require that one or more methods of correcting the error or omission be submitted to the unit owners to determine the most acceptable correction. All unit owners in the association must be joined as parties to the action. Service of process on owners may be by publication, but the plaintiff shall furnish all unit owners not personally served with process with copies of the petition and final judgment of the court by certified mail return receipt requested, at their last known address.

(6) Nothing contained in this Section shall be construed to invalidate any provision of a condominium instrument authorizing the developer to amend a condominium instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or not it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Veterans Administration or their respective successors and assigns.

Sec. 31. Subdivision or combination of units.

(a) As used in this Section, "combination of any units" means any 2 or more residential units to be used as a single unit as shown on the plat or amended plat, which may involve, without limitation, additional exclusive use of a portion of the common elements within the building adjacent to the combined unit (for example, without limitation, the use of a portion of an adjacent common hallway).

(b) Unless the condominium instruments expressly prohibit the subdivision or combination of any units, and subject to additional limitations provided by the condominium instruments, the owner or owners may, at their own expense, subdivide or combine and locate or relocate common elements affected or required thereby, in accordance with the provisions of the condominium instruments and the requirements of this Act. The owner or owners shall make written application to the board of managers, requesting an amendment to the condominium instruments, setting forth in the application a proposed reallocation to the new units of the percentage interest in the common elements, and setting forth whether the limited common elements, if any, previously assigned to the unit to be subdivided should be assigned to each new unit or to fewer

than all of the new units created and requesting, if desired in the event of a combination of any units, that the new unit be granted the exclusive right to use as a limited common element, a portion of the common elements within the building adjacent to the new unit. If the transaction is approved by a majority of the board of managers, it shall be effective upon (1) recording of an amendment to condominium instruments in accordance with the provisions of Sections 5 and 6 of this Act, and (2) execution by the owners of the units involved.

(c) In the event of a combination of any units, the amendment under subsection (b) may grant the owner of the combined unit the exclusive right to use, as a limited common element, a portion of the common elements within the building adjacent to the new unit. The request for the amendment shall be granted and the amendment shall grant this exclusive right to use as a limited common element if the following conditions are met:

(1) the common element for which the exclusive right to use as a limited common element is sought is not necessary or practical for use by the owners of any units other than the owner or owners of the combined unit; and

(2) the owner or owners of the combined unit are responsible for any and all costs associated with the renovation, modification, or other adaptation performed as a result of the granting of the exclusive right to use as a limited common element.

(d) If the combined unit is divided, part of the original combined unit is sold, and the grant of the exclusive right to use as a limited common element is no longer necessary, practical, or appropriate for the use and enjoyment of the owner or owners of the original combined unit, the board may terminate the grant of the exclusive right to use as a limited common element and require that the owner or owners of the original combined unit restore the common area to its condition prior to the grant of the exclusive right to use as a limited common element. If the combined unit is sold without being divided, the grant of the exclusive right to use as a limited common element shall apply to the new owner or owners of the combined unit, who shall assume the rights and responsibilities of the original owner or owners.

(e) Under this Section, the exclusive right to use as a limited common element any portion of the common elements that is not necessary or practical for use by the owners of any other units is not a diminution of the ownership interests of all other unit owners requiring unanimous

consent of all unit owners under subsection (e) of Section 4 of this Act or any percentage set forth in the condominium instruments.

Beginning July 1, 2000, the salary that the regional superintendent of schools receives for his or her services shall be adjusted annually to reflect the percentage increase, if any, in the most recent Consumer Price Index, as defined and officially reported by the United States Department of Labor. The adjustments shall be effective on July 1 of the year following the year in which the Consumer Price Index was reported.
of Labor, Bureau of Labor Statistics, except that no annual increment may exceed 2.9%. If the percentage of change in the Consumer Price Index is a percentage decrease, the salary that the regional superintendent of schools receives shall not be adjusted for that year.

When regional superintendents are authorized by the School Code to appoint assistant regional superintendents, the assistant regional superintendent shall receive an annual salary based on his or her qualifications and computed as a percentage of the salary of the regional superintendent to whom he or she is assistant, as set out in the following schedule:

**SALARIES OF ASSISTANT REGIONAL SUPERINTENDENTS**

However, in any region in which the appointment of more than one assistant regional superintendent is authorized, whether by Section 3-15.10 of this Code or otherwise, not more than one assistant may be compensated at the 90% rate and any other assistant shall be paid at not exceeding the 75% rate, in each case depending on the qualifications of the assistant.

The salaries provided in this Section plus an amount for other employment-related compensation or benefits for regional superintendents and assistant regional superintendents are payable monthly by the State Board of Education out of the Personal Property Tax Replacement Fund through a specific appropriation to that effect in the State Board of Education budget. The State Comptroller in making his or her warrant to any county for the amount due it from the Personal Property Tax Replacement Fund shall deduct from it the several amounts for which warrants have been issued to the regional superintendent, and any assistant regional superintendent, of the educational service region encompassing the county since the preceding apportionment from the Personal Property Tax Replacement Fund.

Upon abolition of the office of regional superintendent of schools in educational service regions containing 2,000,000 or more inhabitants as provided in Section 3-0.01 of this Code, the funds provided under subsection (a) of this Section shall continue to be appropriated and reallocated, as provided for pursuant to subsection (b) of Section 3-0.01 of this Code, to the educational service centers established pursuant to Section 2-3.62 of this Code for an educational service region containing 2,000,000 or more inhabitants.

(c) If the State pays all or any portion of the employee contributions required under Section 16-152 of the Illinois Pension Code for employees of the State Board of Education, it shall also, subject to appropriation in the State Board of Education budget for such payments to Regional Superintendents and Assistant Regional Superintendents, pay the employee contributions required of regional superintendents of schools and assistant regional superintendents of schools on the same basis, but excluding any contributions based on compensation that is paid by the county rather than the State.

This subsection (c) applies to contributions based on payments of salary earned after the effective date of this amendatory Act of the 91st General Assembly, except that in the case of an elected regional superintendent of schools, this subsection does not apply to contributions based on payments of salary earned during a term of office that commenced before the effective date of this amendatory Act.

(d) References to "regional superintendent" in this Section shall also include the chief administrative officer of the educational service centers established under Section 2-3.62 of this Code and serving that portion of a Class II county school unit outside of a city with a population of 500,000 or more inhabitants. References to "assistant regional superintendent" in this Section shall include one assistant appointed by the chief administrative officer of the educational service centers established under Section 2-3.62 of this Code and serving that portion of a Class II county school unit outside of a city with a population of 500,000 or more inhabitants. For the purposes of calculating regional superintendent and assistant regional superintendent salaries for educational service centers established under Section 2-3.62 of this Code, populations shall be established by subtracting from the total county...
population the population of a city with 500,000 or more inhabitants, divided by the number of educational service centers in the county.

AN ACT concerning public safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Gasoline Storage Act is amended by changing Section 2 as follows:

(430 ILCS 15/2) (from Ch. 127 1/2, par. 154)

Sec. 2. Jurisdiction; regulation of tanks.

(1) (a) Except as otherwise provided in this Act, the jurisdiction of the Office of the State Fire Marshal under this Act shall be concurrent with that of municipalities and other political subdivisions. The Office of the State Fire Marshal has power to promulgate, pursuant to the Illinois Administrative Procedure Act, reasonable rules and regulations governing the keeping, storage, transportation, sale or use of gasoline and volatile oils. Nothing in this Act shall relieve any person, corporation, or other entity from complying with any zoning ordinance of a municipality or home rule unit enacted pursuant to Section 11-13-1 of the Illinois Municipal Code or any ordinance enacted pursuant to Section 11-8-4 of the Illinois Municipal Code.

(b) The rulemaking power shall include the power to promulgate rules providing for the issuance and revocation of permits allowing the self service dispensing of motor fuels as such term is defined in the Motor Fuel Tax Law in retail service stations or any other place of business where motor fuels are dispensed into the fuel tanks of motor vehicles, internal combustion engines or portable containers. Such rules shall specify the requirements that must be met both prior and subsequent to the issuance of such permits in order to insure the safety and welfare of the general public. The operation of such service stations without a permit shall be unlawful. The Office of the State Fire Marshal shall revoke such permit if the self service operation of such a service station is found to pose a significant risk to the safety and welfare of the general public.

(c) However, except in any county with a population of 1,000,000 or more, the Office of the State Fire Marshal shall not have the authority to prohibit the operation of a service station solely on the basis that it is an unattended self-service station which utilizes key or card operated self-service motor fuel dispensing devices. Nothing in this paragraph shall prohibit the Office of the State Fire Marshal from adopting reasonable
rules and regulations governing the safety of self-service motor fuel dispensing devices.

(d) The State Fire Marshal shall not prohibit the dispensing or delivery of flammable or combustible motor vehicle fuels directly into the fuel tanks of vehicles from tank trucks, tank wagons, or other portable tanks. The State Fire Marshal shall adopt rules (i) for the issuance of permits for the dispensing of motor vehicle fuels in the manner described in this paragraph (d), (ii) that establish fees for permits and inspections, and provide for those fees to be deposited into the Fire Prevention Fund, (iii) that require the dispensing of motor fuel in the manner described in this paragraph (d) to meet conditions consistent with nationally recognized standards such as those of the National Fire Protection Association, and (iv) that restrict the dispensing of motor vehicle fuels in the manner described in this paragraph (d) to the following:

(A) agriculture sites for agricultural purposes; 
(B) construction sites for refueling construction equipment used at the construction site; 
(C) sites used for the parking, operation, or maintenance of a commercial vehicle fleet, but only if the site is located in a county with 3,000,000 or more inhabitants or a county contiguous to a county with 3,000,000 or more inhabitants and the site is not normally accessible to the public; 
(D) sites used for the refueling of police, fire, or emergency medical services vehicles or other vehicles that are owned, leased, or operated by (or operated under contract with) the State, a unit of local government, or a school district, or any agency of the State and that are not normally accessible to the public;and 
(E) any of the following sites permitted under the Environmental Protection Act, provided that the only refueling at the sites is limited to off-road vehicles and equipment used at and for the operation of the sites:
   (i) waste disposal sites; 
   (ii) sanitary landfills; and 
   (iii) municipal solid waste landfill units.

(2) (a) The Office of the State Fire Marshal shall adopt rules and regulations regarding underground storage tanks and associated piping and no municipality or other political subdivision shall adopt or enforce any ordinances or regulations regarding such underground tanks and piping other than those which are identical to the rules and regulations of the
Office of the State Fire Marshal. It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment and enforcement of standards regarding underground storage tanks and associated piping within the jurisdiction of the Office of the State Fire Marshal is an exclusive State function which may not be exercised concurrently by a home rule unit except as expressly permitted in this Act.

(b) The Office of the State Fire Marshal may enter into written contracts with municipalities of over 500,000 in population to enforce the rules and regulations adopted under this subsection.

(3) (a) The Office of the State Fire Marshal shall have authority over underground storage tanks which contain, have contained, or are designed to contain petroleum, hazardous substances and regulated substances as those terms are used in Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616), as amended by the Superfund Amendments and Reauthorization Act of 1986 (P.L. 99-499). The Office shall have the power with regard to underground storage tanks to require any person who tests, installs, repairs, replaces, relines, or removes any underground storage tank system containing, formerly containing, or which is designed to contain petroleum or other regulated substances, to obtain a permit to install, repair, replace, reline, or remove the particular tank system, and to pay a fee set by the Office for a permit to install, repair, replace, reline, upgrade, test, or remove any portion of an underground storage tank system. All persons who do repairs above grade level for themselves need not pay a fee or be certified. All fees received by the Office from certification and permits shall be deposited in the Fire Prevention Fund for the exclusive use of the Office in administering the Underground Storage Tank program.

(b) (i) Within 120 days after the promulgation of regulations or amendments thereto by the Administrator of the United States Environmental Protection Agency to implement Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, the Office of the State Fire Marshal shall adopt regulations or amendments thereto which are identical in substance. The rulemaking provisions of Section 5-35 of the Illinois Administrative Procedure Act shall not apply to regulations or amendments thereto adopted pursuant to this subparagraph (i).
(ii) The Office of the State Fire Marshal may adopt additional regulations relating to an underground storage tank program that are not inconsistent with and at least as stringent as Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, or regulations adopted thereunder. Except as provided otherwise in subparagraph (i) of this paragraph (b), the Office of the State Fire Marshal shall not adopt regulations relating to corrective action at underground storage tanks. Regulations adopted pursuant to this subsection shall be adopted in accordance with the procedures for rulemaking in Section 5-35 of the Illinois Administrative Procedure Act.

(c) The Office of the State Fire Marshal shall require any person, corporation or other entity who tests an underground tank or its piping or cathodic protection for another to report the results of such test to the Office.

(d) In accordance with constitutional limitations, the Office shall have authority to enter at all reasonable times upon any private or public property for the purpose of:

(i) Inspecting and investigating to ascertain possible violations of this Act, of regulations thereunder or of permits or terms or conditions thereof; or

(ii) In accordance with the provisions of this Act, taking whatever emergency action, that is necessary or appropriate, to assure that the public health or safety is not threatened whenever there is a release or a substantial threat of a release of petroleum or a regulated substance from an underground storage tank.

(e) The Office of the State Fire Marshal may issue an Administrative Order to any person who it reasonably believes has violated the rules and regulations governing underground storage tanks, including the installation, repair, leak detection, cathodic protection tank testing, removal or release notification. Such an order shall be served by registered or certified mail or in person. Any person served with such an order may appeal such order by submitting in writing any such appeal to the Office within 10 days of the date of receipt of such order. The Office shall conduct an administrative hearing governed by the Illinois Administrative Procedure Act and enter an order to sustain, modify or revoke such order. Any appeal from such order shall be to the circuit court of the county in which the violation took place and shall be governed by the Administrative Review Law.

New matter indicated by italics - deletions by strikeout
(f) The Office of the State Fire Marshal shall not require the removal of an underground tank system taken out of operation before January 2, 1974, except in the case in which the office of the State Fire Marshal has determined that a release from the underground tank system poses a current or potential threat to human health and the environment. In that case, and upon receipt of an Order from the Office of the State Fire Marshal, the owner or operator of the nonoperational underground tank system shall assess the excavation zone and close the system in accordance with regulations promulgated by the Office of the State Fire Marshal.

(4) (a) The Office of the State Fire Marshal shall adopt rules and regulations regarding aboveground storage tanks and associated piping and no municipality or other political subdivision shall adopt or enforce any ordinances or regulations regarding such aboveground tanks and piping other than those which are identical to the rules and regulations of the Office of the State Fire Marshal unless, in the interest of fire safety, the Office of the State Fire Marshal delegates such authority to municipalities, political subdivisions or home rule units. It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of standards regarding aboveground storage tanks and associated piping within the jurisdiction of the Office of the State Fire Marshal is an exclusive State function which may not be exercised concurrently by a home rule unit except as expressly permitted in this Act.

(b) The Office of the State Fire Marshal shall enforce its rules and regulations concerning aboveground storage tanks and associated piping; however, municipalities may enforce any of their zoning ordinances or zoning regulations regarding aboveground tanks. The Office of the State Fire Marshal may issue an administrative order to any owner of an aboveground storage tank and associated piping it reasonably believes to be in violation of such rules and regulations to remedy or remove any such violation. Such an order shall be served by registered or certified mail or in person. Any person served with such an order may appeal such order by submitting in writing any such appeal to the Office within 10 days of the date of receipt of such order. The Office shall conduct an administrative hearing governed by the Illinois Administrative Procedure Act and enter an order to sustain, modify or revoke such order. Any appeal from such order shall be to the circuit court of the county in which the violation took place and shall be governed by the Administrative Review Law.

(a) The conveyances of real property authorized by Section 5 shall be made subject to: (1) existing public utilities, existing public roads, and any and all reservations, easements, encumbrances, covenants and restrictions of record; (2) the express condition that within one year after
conveyance, the Fox Waterway Agency shall: sell the real property for no less than fair market value; use any proceeds from the sale to purchase of an alternate dredge material disposal site or sites for no more than fair market value; and transfer any proceeds remaining after the purchase of an alternate dredge material disposal site or sites to the Department of Natural Resources for deposit into the General Revenue Fund; and (3) the requirements of subsection (b) of this Section.

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Retailers' Occupation Tax Act is amended by changing Section 2a as follows:
(35 ILCS 120/2a) (from Ch. 120, par. 441a)
Sec. 2a. It is unlawful for any person to engage in the business of selling tangible personal property at retail in this State without a certificate of registration from the Department. Application for a certificate of registration shall be made to the Department upon forms furnished by it. Each such application shall be signed and verified and shall state: (1) the name and social security number of the applicant; (2) the address of his principal place of business; (3) the address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State and the addresses of all other places of business, if any (enumerating such addresses, if any, in a separate list attached to and made a part of the application), from which he engages in the business of selling tangible personal property at retail in this State; (4) the name and address of the person or persons who will be responsible for filing returns and payment of taxes due under this Act; (5) in the case of a publicly traded corporation, the name and title of the Chief Financial Officer, Chief Operating Officer, and any other officer or employee with responsibility for preparing tax returns under this Act, along with the last 4 digits of each of their social security numbers, and, in the case of all other corporations, the name, title, and social security number of each corporate officer; (6) in the case of a limited liability company, the name, social security number, and FEIN number of each manager and member; and (7) such other information as the Department may reasonably require. The application shall contain an acceptance of responsibility signed by the person or persons who will be responsible for filing returns and payment of the taxes due under this Act. If the applicant will sell tangible personal property at retail through vending machines, his application to register shall indicate the number of vending machines to be so operated. If requested by the Department at any time, that person shall verify the total number of vending machines he or she uses in his or her business of selling tangible personal property at retail.

The Department may deny a certificate of registration to any applicant if a person who is named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer of the applicant on the application for the certificate of registration is or has been named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer on the application for the certificate of registration of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department. For purposes of this paragraph only, in determining whether a person is in default for moneys due, the Department shall include only amounts established as a final liability within the 20 years prior to the date of the Department's notice of denial of a certificate of registration.

The Department may require an applicant for a certificate of registration hereunder to, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. In making a determination as to whether to require a bond or other security, the Department shall take into consideration whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department; and whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer whose certificate of registration has been revoked within the previous 5 years under this Act or any other tax or fee Act administered by the Department. If a bond or other security is required, the Department shall fix the amount of the bond or other security, taking into

consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance, or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the applicant's average monthly tax liability, or $50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security, if required, as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if required, the Department shall issue to such applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued prior to July 1, 2017 to a taxpayer who files returns required by this Act on a monthly basis or renewed prior to July 1, 2017 by a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. No certificate of registration issued on or after July 1, 2017 to a taxpayer who files returns required by this Act on a monthly basis or renewed on or after July 1, 2017 by a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of one year from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be

that of the certificate of registration to which the sub-certificate relates. *Prior to July 1, 2017, a certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by the Department as provided by this paragraph. On and after July 1, 2017, a certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional one year from the date of its expiration unless otherwise notified by the Department as provided by this paragraph.*

Where a taxpayer to whom a certificate of registration is issued under this Act is in default to the State of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 60 days before the expiration date of such certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall

New matter indicated by italics - deletions by strikeout
be in addition to and not in lieu of the security that may be required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.

A certificate of registration issued under this Act more than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after the effective date of this amendatory Act of 1989. A certificate of registration issued less than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of registration to a conspicuous part of such vending machine. If a person who is registered to sell tangible personal property at retail through vending machines adds an additional vending machine or additional vending machines to the number of vending machines he or she uses in his or her business of selling tangible personal property at retail, he or she shall notify the Department, on a form prescribed by the Department, to request an additional sub-certificate or additional sub-certificates of registration, as applicable. With each such request, the applicant shall report the number of sub-certificates of registration he or she is requesting as well as the total number of vending machines from which he or she makes retail sales.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under other substantially dissimilar circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinbefore in this Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the "Retailers' Occupation Tax Act" as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of a bond or other security as a condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under
this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, may be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.

No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the

Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into money, the Department shall pay such excess to the taxpayer who furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

1. such taxpayer becomes a Prior Continuous Compliance taxpayer; or
2. such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

PUBLIC ACT 100-0303
(House Bill No. 0821)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 3. The Illinois Income Tax Act is amended by changing Section 704A as follows:

(35 ILCS 5/704A)
Sec. 704A. Employer's return and payment of tax withheld.
(a) In general, every employer who deducts and withholds or is required to deduct and withhold tax under this Act on or after January 1, 2008 shall make those payments and returns as provided in this Section.
(b) Returns. Every employer shall, in the form and manner required by the Department, make returns with respect to taxes withheld or required to be withheld under this Article 7 for each quarter beginning on or after January 1, 2008, on or before the last day of the first month following the close of that quarter.
(c) Payments. With respect to amounts withheld or required to be withheld on or after January 1, 2008:

(1) Semi-weekly payments. For each calendar year, each employer who withheld or was required to withhold more than $12,000 during the one-year period ending on June 30 of the immediately preceding calendar year, payment must be made:

(A) on or before each Friday of the calendar year, for taxes withheld or required to be withheld on the immediately preceding Saturday, Sunday, Monday, or Tuesday;

(B) on or before each Wednesday of the calendar year, for taxes withheld or required to be withheld on the immediately preceding Wednesday, Thursday, or Friday.

Beginning with calendar year 2011, payments made under this paragraph (1) of subsection (c) must be made by electronic funds transfer.

(2) Semi-weekly payments. Any employer who withholds or is required to withhold more than $12,000 in any quarter of a calendar year is required to make payments on the dates set forth

New matter indicated by italics - deletions by strikeout
under item (1) of this subsection (c) for each remaining quarter of that calendar year and for the subsequent calendar year.

(3) Monthly payments. Each employer, other than an employer described in items (1) or (2) of this subsection, shall pay to the Department, on or before the 15th day of each month the taxes withheld or required to be withheld during the immediately preceding month.

(4) Payments with returns. Each employer shall pay to the Department, on or before the due date for each return required to be filed under this Section, any tax withheld or required to be withheld during the period for which the return is due and not previously paid to the Department.

(d) Regulatory authority. The Department may, by rule:

(1) Permit employers, in lieu of the requirements of subsections (b) and (c), to file annual returns due on or before January 31 of the year for taxes withheld or required to be withheld during the previous calendar year and, if the aggregate amounts required to be withheld by the employer under this Article 7 (other than amounts required to be withheld under Section 709.5) do not exceed $1,000 for the previous calendar year, to pay the taxes required to be shown on each such return no later than the due date for such return.

(2) Provide that any payment required to be made under subsection (c)(1) or (c)(2) is deemed to be timely to the extent paid by electronic funds transfer on or before the due date for deposit of federal income taxes withheld from, or federal employment taxes due with respect to, the wages from which the Illinois taxes were withheld.

(3) Designate one or more depositories to which payment of taxes required to be withheld under this Article 7 must be paid by some or all employers.

(4) Increase the threshold dollar amounts at which employers are required to make semi-weekly payments under subsection (c)(1) or (c)(2).

(e) Annual return and payment. Every employer who deducts and withholds or is required to deduct and withhold tax from a person engaged in domestic service employment, as that term is defined in Section 3510 of the Internal Revenue Code, may comply with the requirements of this Section with respect to such employees by filing an annual return and
paying the taxes required to be deducted and withheld on or before the 15th day of the fourth month following the close of the employer's taxable year. The Department may allow the employer's return to be submitted with the employer's individual income tax return or to be submitted with a return due from the employer under Section 1400.2 of the Unemployment Insurance Act.

(f) Magnetic media and electronic filing.

With respect to taxes withheld in calendar years prior to 2017, any W-2 Form that, under the Internal Revenue Code and regulations promulgated thereunder, is required to be submitted to the Internal Revenue Service on magnetic media or electronically must also be submitted to the Department on magnetic media or electronically for Illinois purposes, if required by the Department.

With respect to taxes withheld in 2017 and subsequent calendar years, the Department may, by rule, require that any return (including any amended return) under this Section and any W-2 Form that is required to be submitted to the Department must be submitted on magnetic media or electronically.

The due date for submitting W-2 Forms shall be as prescribed by the Department by rule.

(g) For amounts deducted or withheld after December 31, 2009, a taxpayer who makes an election under subsection (f) of Section 5-15 of the Economic Development for a Growing Economy Tax Credit Act for a taxable year shall be allowed a credit against payments due under this Section for amounts withheld during the first calendar year beginning after the end of that taxable year equal to the amount of the credit for the incremental income tax attributable to full-time employees of the taxpayer awarded to the taxpayer by the Department of Commerce and Economic Opportunity under the Economic Development for a Growing Economy Tax Credit Act for the taxable year and credits not previously claimed and allowed to be carried forward under Section 211(4) of this Act as provided in subsection (f) of Section 5-15 of the Economic Development for a Growing Economy Tax Credit Act. The credit or credits may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit or credits exceeds the total payments due under this Section with respect to amounts withheld during the calendar year, the excess may be carried forward and applied against the taxpayer's liability under this Section in the succeeding calendar years as allowed to be carried forward under paragraph (4) of Section 211 of this Act.
Act. The credit or credits shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one taxable year that are available to offset a liability, the earlier credit shall be applied first. Each employer who deducts and withholds or is required to deduct and withhold tax under this Act and who retains income tax withholdings under subsection (f) of Section 5-15 of the Economic Development for a Growing Economy Tax Credit Act must make a return with respect to such taxes and retained amounts in the form and manner that the Department, by rule, requires and pay to the Department or to a depositary designated by the Department those withheld taxes not retained by the taxpayer. For purposes of this subsection (g), the term taxpayer shall include taxpayer and members of the taxpayer's unitary business group as defined under paragraph (27) of subsection (a) of Section 1501 of this Act. This Section is exempt from the provisions of Section 250 of this Act.

(h) An employer may claim a credit against payments due under this Section for amounts withheld during the first calendar year ending after the date on which a tax credit certificate was issued under Section 35 of the Small Business Job Creation Tax Credit Act. The credit shall be equal to the amount shown on the certificate, but may not reduce the taxpayer's obligation for any payment due under this Section to less than zero. If the amount of the credit exceeds the total payments due under this Section with respect to amounts withheld during the calendar year, the excess may be carried forward and applied against the taxpayer's liability under this Section in the 5 succeeding calendar years. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one calendar year that are available to offset a liability, the earlier credit shall be applied first. This Section is exempt from the provisions of Section 250 of this Act.

Section 5. The Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990,

New matter indicated by italics - deletions by strikeout
and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such
calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
6. The signature of the taxpayer; and
7. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer

who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of

New matter indicated by italics - deletions by strikeout
highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until
such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any

New matter indicated by italics - deletions by strikeout
part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles

New matter indicated by italics - deletions by strikeout
or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The

transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form

in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices
by the United States Food and Drug Administration that are used for
cancer treatment pursuant to a prescription, as well as any accessories and
components related to those devices, and insulin, urine testing materials,
syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay
into the County and Mass Transit District Fund 4% of the net revenue
realized for the preceding month from the 6.25% general rate on the
selling price of tangible personal property which is purchased outside
Illinois at retail from a retailer and which is titled or registered by an
agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay
into the State and Local Sales Tax Reform Fund, a special fund in the
State Treasury, 20% of the net revenue realized for the preceding month
from the 6.25% general rate on the selling price of tangible personal
property, other than tangible personal property which is purchased outside
Illinois at retail from a retailer and which is titled or registered by an
agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay
into the State and Local Sales Tax Reform Fund 100% of the net revenue
realized for the preceding month from the 1.25% rate on the selling price
of motor fuel and gasohol. Beginning September 1, 2010, each month the
Department shall pay into the State and Local Sales Tax Reform Fund
100% of the net revenue realized for the preceding month from the 1.25%
rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay
into the Local Government Tax Fund 16% of the net revenue realized for
the preceding month from the 6.25% general rate on the selling price of
tangible personal property which is purchased outside Illinois at retail
from a retailer and which is titled or registered by an agency of this State's
government.

Beginning October 1, 2009, each month the Department shall pay
into the Capital Projects Fund an amount that is equal to an amount
estimated by the Department to represent 80% of the net revenue realized

products, and soft drinks that had been taxed at a rate of 1% prior to
September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into
the Clean Air Act Permit Fund 80% of the net revenue realized for the
preceding month from the 6.25% general rate on the selling price of
sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098) this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month.

Beginning April 1, 2000, this transfer is no longer required and shall not
be made.

Net revenue realized for a month shall be the revenue collected by
the State pursuant to this Act, less the amount paid out during that month
as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers
and wholesalers whose products are sold at retail in Illinois by numerous
retailers, and who wish to do so, may assume the responsibility for
accounting and paying to the Department all tax accruing under this Act
with respect to such sales, if the retailers who are affected do not make
written objection to the Department to this arrangement.

Section 10. The Service Use Tax Act is amended by changing
Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax
herein imposed shall pay to the Department the amount of such tax (except
as otherwise provided) at the time when he is required to file his return for
the period during which such tax was collected, less a discount of 2.1%
prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per
calendar year, whichever is greater, which is allowed to reimburse the
serviceman for expenses incurred in collecting the tax, keeping records,
preparing and filing returns, remitting the tax and supplying data to the
Department on request. The discount allowed under this Section is allowed
only for returns that are filed in the manner required by this Act. The
Department may disallow the discount for servicemen whose certificate of
registration is revoked at the time the return is filed, but only if the
Department's decision to revoke the certificate of registration has become
final. A serviceman need not remit that part of any tax collected by him to
the extent that he is required to pay and does pay the tax imposed by the
Service Occupation Tax Act with respect to his sale of service involving
the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the
twentieth day of each calendar month, such serviceman shall file a return
for the preceding calendar month in accordance with reasonable Rules and
Regulations to be promulgated by the Department. Such return shall be
filed on a form prescribed by the Department and shall contain such

information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. *The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act.* The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. *On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically.* Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;

5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

(35 ILCS 120/2a) (from Ch. 120, par. 441a)

New matter indicated by italics - deletions by strikeout
Sec. 2a. It is unlawful for any person to engage in the business of selling tangible personal property at retail in this State without a certificate of registration from the Department. Application for a certificate of registration shall be made to the Department upon forms furnished by it. Each such application shall be signed and verified and shall state: (1) the name and social security number of the applicant; (2) the address of his principal place of business; (3) the address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State and the addresses of all other places of business, if any (enumerating such addresses, if any, in a separate list attached to and made a part of the application), from which he engages in the business of selling tangible personal property at retail in this State; (4) the name and address of the person or persons who will be responsible for filing returns and payment of taxes due under this Act; (5) in the case of a publicly traded corporation, the name and title of the Chief Financial Officer, Chief Operating Officer, and any other officer or employee with responsibility for preparing tax returns under this Act, along with the last 4 digits of each of their social security numbers; and, in the case of all other corporations, the name, title, and social security number of each corporate officer; (6) in the case of a limited liability company, the name, social security number, and FEIN number of each manager and member; and (7) such other information as the Department may reasonably require. The application shall contain an acceptance of responsibility signed by the person or persons who will be responsible for filing returns and payment of the taxes due under this Act. If the applicant will sell tangible personal property at retail through vending machines, his application to register shall indicate the number of vending machines to be so operated. If requested by the Department at any time, that person shall verify the total number of vending machines he or she uses in his or her business of selling tangible personal property at retail.

The Department may deny a certificate of registration to any applicant if a person who is named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer of the applicant on the application for the certificate of registration is or has been named as the owner, a partner, a manager or member of a limited liability company, or a corporate officer on the application for the certificate of registration of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department. For purposes of this paragraph only, in determining whether a person is in

New matter indicated by italics - deletions by strikeout
default for moneys due, the Department shall include only amounts established as a final liability within the 20 years prior to the date of the Department's notice of denial of a certificate of registration.

The Department may require an applicant for a certificate of registration hereunder to, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. In making a determination as to whether to require a bond or other security, the Department shall take into consideration whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer that is in default for moneys due under this Act or any other tax or fee Act administered by the Department; and whether the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer of another retailer whose certificate of registration has been revoked within the previous 5 years under this Act or any other tax or fee Act administered by the Department. If a bond or other security is required, the Department shall fix the amount of the bond or other security, taking into consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance, or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or

New matter indicated by italics - deletions by strikeout
county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the applicant's average monthly tax liability, or $50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security, if required, as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, if required, the Department shall issue to such applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued to a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be that of the certificate of registration to which the sub-certificate relates. A certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by the Department as provided by this paragraph. Where a taxpayer to whom a certificate of registration is issued under this Act is in default to the State of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 60 days before the expiration date of such certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in

full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall be in addition to and not in lieu of the security that may be required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.

A certificate of registration issued under this Act more than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after the effective date of this amendatory Act of 1989. A certificate of registration issued less than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and

the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of registration to a conspicuous part of such vending machine. If a person who is registered to sell tangible personal property at retail through vending machines adds an additional vending machine or additional vending machines to the number of vending machines he or she uses in his or her business of selling tangible personal property at retail, he or she shall notify the Department, on a form prescribed by the Department, to request an additional sub-certificate or additional sub-certificates of registration, as applicable. With each such request, the applicant shall report the number of sub-certificates of registration he or she is requesting as well as the total number of vending machines from which he or she makes retail sales.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under other substantially dissimilar circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinbefore in this Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the "Retailers' Occupation Tax Act" as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or

under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of a bond or other security as a condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, may be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.

No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.
Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into money, the Department shall pay such excess to the taxpayer who furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

1) such taxpayer becomes a Prior Continuous Compliance taxpayer; or

(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

7. The amount of credit provided in Section 2d of this Act;
8. The amount of tax due;
9. The signature of the taxpayer; and
10. Such other reasonable information as the Department may require.

On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such

calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;

5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds

transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under
Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property.
property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the

agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.
Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began

prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may

petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to September 1, 1985 (the effective date of Public Act 84-221) this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month

during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such

quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098) this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.
The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of

the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Every person engaged in this State in the business of renting automobiles shall apply to the Department (upon a form prescribed and furnished by the Department) for a certificate of registration under this Act. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit such rentor to engage in a business which is taxable under this Section without registering separately with the Department.

The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. such tax by rentors to rental prices by prescribing bracket systems for the
purpose of enabling such rentors to add and collect, as far as practicable,
the amount of such tax.

The Department shall have full power to administer and enforce this Section; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. Section 30. The Prepaid Wireless 9-1-1 Surcharge Act is amended by changing Section 20 as follows:

(50 ILCS 753/20)
Sec. 20. Administration of prepaid wireless 9-1-1 surcharge.
(a) In the administration and enforcement of this Act, the provisions of Sections 2a, 2b, 2c, 3, 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, and 12 of the Retailers' Occupation Tax Act that are not inconsistent with this Act, and Section 3-7 of the Uniform Penalty and Interest Act shall apply, as far as practicable, to the subject matter of this Act to the same extent as if those provisions were included in this Act. References to "taxes" in these incorporated Sections shall be construed to apply to the administration, payment, and remittance of all surcharges under this Act. The Department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply to the Retailers' Occupation Tax Act.

(b) A seller shall be permitted to deduct and retain 3% of prepaid wireless 9-1-1 surcharges that are collected by the seller from consumers and that are remitted and timely filed with the Department. Beginning January 1, 2018, the seller is allowed to deduct and retain a portion of the prepaid wireless 9-1-1 surcharges as authorized by this subsection only if the return is filed electronically as provided in Section 3 of the Retailers'
Occupation Tax Act. Sellers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

(c) Other than the amounts for deposit into the Municipal Wireless Service Emergency Fund, the Department shall pay to the State Treasurer all prepaid wireless E911 charges, penalties, and interest collected under this Act for deposit into the Statewide 9-1-1 Fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available to the Department of State Police for distribution out of the Statewide 9-1-1 Fund. The amount certified shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body. The amount paid to the Statewide 9-1-1 Fund shall not include any amount equal to the amount of refunds made during the second preceding calendar month by the Department of Revenue to retailers under this Act or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Statewide 9-1-1 Fund. The Department of State Police shall distribute the funds in accordance with Section 30 of the Emergency Telephone Safety Act. The Department may deduct an amount, not to exceed 2% of remitted charges, to be transferred into the Tax Compliance and Administration Fund to reimburse the Department for its direct costs of administering the collection and remittance of prepaid wireless 9-1-1 surcharges.

(d) The Department shall administer the collection of all 9-1-1 surcharges and may adopt and enforce reasonable rules relating to the administration and enforcement of the provisions of this Act as may be deemed expedient. The Department shall require all surcharges collected under this Act to be reported on existing forms or combined forms, including, but not limited to, Form ST-1. Any overpayments received by the Department for liabilities reported on existing or combined returns shall be applied as an overpayment of retailers' occupation tax, use tax, service occupation tax, or service use tax liability.

(e) If a home rule municipality having a population in excess of 500,000 as of the effective date of this amendatory Act of the 97th General Assembly imposes an E911 surcharge under subsection (a-5) of Section 15 of this Act, then the Department shall pay to the State Treasurer all prepaid wireless E911 charges, penalties, and interest collected for deposit into the Statewide 9-1-1 Fund.
Municipal Wireless Service Emergency Fund. All deposits into the Municipal Wireless Service Emergency Fund shall be held by the State Treasurer as ex officio custodian apart from all public moneys or funds of this State. Any interest attributable to moneys in the Fund must be deposited into the Fund. Moneys in the Municipal Wireless Service Emergency Fund are not subject to appropriation. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available for disbursement to the home rule municipality out of the Municipal Wireless Service Emergency Fund. The amount to be paid to the Municipal Wireless Service Emergency Fund shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body. The amount paid to the Municipal Wireless Service Emergency Fund shall not include any amount equal to the amount of refunds made during the second preceding calendar month by the Department to retailers under this Act or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Municipal Wireless Service Emergency Fund. Within 10 days after receipt by the Comptroller of the certification provided for in this subsection, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions in the certification. The Department may deduct an amount, not to exceed 2% of remitted charges, to be transferred into the Tax Compliance and Administration Fund to reimburse the Department for its direct costs of administering the collection and remittance of prepaid wireless 9-1-1 surcharges.

Section 35. The Public Utilities Act is amended by changing Section 13-703 as follows:

(220 ILCS 5/13-703) (from Ch. 111 2/3, par. 13-703)
(Section scheduled to be repealed on July 1, 2017)

Sec. 13-703. (a) The Commission shall design and implement a program whereby each telecommunications carrier providing local exchange service shall provide a telecommunications device capable of servicing the needs of those persons with a hearing or speech disability together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as having a hearing or speech disability by a hearing care professional, as defined in the Hearing

Instrument Consumer Protection Act, a speech-language pathologist, or a qualified State agency and to any subscriber which is an organization serving the needs of those persons with a hearing or speech disability as determined and specified by the Commission pursuant to subsection (d).

(b) The Commission shall design and implement a program, whereby each telecommunications carrier providing local exchange service shall provide a telecommunications relay system, using third party intervention to connect those persons having a hearing or speech disability with persons of normal hearing by way of intercommunications devices and the telephone system, making available reasonable access to all phases of public telephone service to persons who have a hearing or speech disability. In order to design a telecommunications relay system which will meet the requirements of those persons with a hearing or speech disability available at a reasonable cost, the Commission shall initiate an investigation and conduct public hearings to determine the most cost-effective method of providing telecommunications relay service to those persons who have a hearing or speech disability when using telecommunications devices and therein solicit the advice, counsel, and physical assistance of Statewide nonprofit consumer organizations that serve persons with hearing or speech disabilities in such hearings and during the development and implementation of the system. The Commission shall phase in this program, on a geographical basis, as soon as is practicable, but no later than June 30, 1990.

(c) The Commission shall establish a competitively neutral rate recovery mechanism that establishes charges in an amount to be determined by the Commission for each line of a subscriber to allow telecommunications carriers providing local exchange service to recover costs as they are incurred under this Section. Beginning no later than April 1, 2016, and on a yearly basis thereafter, the Commission shall initiate a proceeding to establish the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers, and consumers of prepaid wireless telecommunications service in a manner consistent with this subsection (c) and subsection (f) of this Section. The Commission shall issue its order establishing the competitively neutral amount to be charged or assessed to subscribers of telecommunications carriers and wireless carriers, Interconnected VoIP service providers, and purchasers of prepaid wireless telecommunications service on or prior to June 1 of each year, and such amount shall take effect June 1 of each year.

New matter indicated by italics - deletions by strikeout
Telecommunications carriers, wireless carriers, Interconnected VoIP service providers, and sellers of prepaid wireless telecommunications service shall have 60 days from the date the Commission files its order to implement the new rate established by the order.

(d) The Commission shall determine and specify those organizations serving the needs of those persons having a hearing or speech disability that shall receive a telecommunications device and in which offices the equipment shall be installed in the case of an organization having more than one office. For the purposes of this Section, "organizations serving the needs of those persons with hearing or speech disabilities" means centers for independent living as described in Section 12a of the Rehabilitation of Persons with Disabilities Act and not-for-profit organizations whose primary purpose is serving the needs of those persons with hearing or speech disabilities. The Commission shall direct the telecommunications carriers subject to its jurisdiction and this Section to comply with its determinations and specifications in this regard.

(e) As used in this Section:
"Prepaid wireless telecommunications service" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Retail transaction" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Seller" has the meaning given to that term under Section 10 of the Prepaid Wireless 9-1-1 Surcharge Act.
"Telecommunications carrier providing local exchange service" includes, without otherwise limiting the meaning of the term, telecommunications carriers which are purely mutual concerns, having no rates or charges for services, but paying the operating expenses by assessment upon the members of such a company and no other person.
"Wireless carrier" has the meaning given to that term under Section 10 of the Wireless Emergency Telephone Safety Act.

(f) Interconnected VoIP service providers, sellers of prepaid wireless telecommunications service, and wireless carriers in Illinois shall collect and remit assessments determined in accordance with this Section in a competitively neutral manner in the same manner as a telecommunications carrier providing local exchange service. However, the assessment imposed on consumers of prepaid wireless telecommunications service shall be collected by the seller from the

consumer and imposed per retail transaction as a percentage of that retail transaction on all retail transactions occurring in this State. The assessment on subscribers of wireless carriers and consumers of prepaid wireless telecommunications service shall not be imposed or collected prior to June 1, 2016.

Sellers of prepaid wireless telecommunications service shall remit the assessments to the Department of Revenue on the same form and in the same manner which they remit the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act. For the purposes of display on the consumers' receipts, the rates of the fee collected under the Prepaid Wireless 9-1-1 Surcharge Act and the assessment under this Section may be combined. In administration and enforcement of this Section, the provisions of Sections 15 and 20 of the Prepaid Wireless 9-1-1 Surcharge Act (except subsections (a), (a-5), (b-5), (e), and (e-5) of Section 15 and subsections (c) and (e) of Section 20 of the Prepaid Wireless 9-1-1 Surcharge Act and, from June 29, 2015 (the effective date of Public Act 99-6), the seller shall be permitted to deduct and retain 3% of the assessments that are collected by the seller from consumers and that are remitted and timely filed with the Department) that are not inconsistent with this Section, shall apply, as far as practicable, to the subject matter of this Section to the same extent as if those provisions were included in this Section. Beginning on January 1, 2018, the seller is allowed to deduct and retain 3% of the assessments that are collected by the seller from consumers and that are remitted timely and timely filed with the Department, but only if the return is filed electronically as provided in Section 3 of the Retailers' Occupation Tax Act. Sellers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement. The Department shall deposit all assessments and penalties collected under this Section into the Illinois Telecommunications Access Corporation Fund, a special fund created in the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available to the Commission for distribution out of the Illinois Telecommunications Access Corporation Fund. The amount certified shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body or fund. Telecommunications Access Corporation Fund shall not include any amount equal to the amount of refunds made during the second preceding calendar month by the Department to retailers under this Section or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body or fund but were erroneously paid to the Illinois Telecommunications Access Corporation Fund. The Commission shall distribute all the funds to the Illinois Telecommunications Access Corporation and the funds may only be used in accordance with the provisions of this Section. The Department shall deduct 2% of all amounts deposited in the Illinois Telecommunications Access Corporation Fund during every year of remitted assessments. Of the 2% deducted by the Department, one-half shall be transferred into the Tax Compliance and Administration Fund to reimburse the Department for its direct costs of administering the collection and remittance of the assessment. The remaining one-half shall be transferred into the Public Utility Fund to reimburse the Commission for its costs of distributing to the Illinois Telecommunications Access Corporation the amount certified by the Department for distribution. The amount to be charged or assessed under subsections (c) and (f) is not imposed on a provider or the consumer for wireless Lifeline service where the consumer does not pay the provider for the service. Where the consumer purchases from the provider optional minutes, texts, or other services in addition to the federally funded Lifeline benefit, a consumer must pay the charge or assessment, and it must be collected by the seller according to this subsection (f).

Interconnected VoIP services shall not be considered an intrastate telecommunications service for the purposes of this Section in a manner inconsistent with federal law or Federal Communications Commission regulation.

(g) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(h) The Commission may adopt rules necessary to implement this Section.

(415 ILCS 5/55.8) (from Ch. 111 1/2, par. 1055.8)
Sec. 55.8. Tire retailers.

New matter indicated by italics - deletions by strikeout
(a) Any person selling new or used tires at retail or offering new or used tires for retail sale in this State shall:

(1) beginning on June 20, 2003 (the effective date of Public Act 93-32), collect from retail customers a fee of $2 per new or used tire sold and delivered in this State, to be paid to the Department of Revenue and deposited into the Used Tire Management Fund, less a collection allowance of 10 cents per tire to be retained by the retail seller and a collection allowance of 10 cents per tire to be retained by the Department of Revenue and paid into the General Revenue Fund; the collection allowance for retail sellers, however, shall be allowed only if the return is filed timely and in the manner required by this Title XIV and only for the amount that is paid timely in accordance with this Title XIV;

(1.5) beginning on July 1, 2003, collect from retail customers an additional 50 cents per new or used tire sold and delivered in this State; the money collected from this fee shall be deposited into the Emergency Public Health Fund;

(2) accept for recycling used tires from customers, at the point of transfer, in a quantity equal to the number of new tires purchased; and

(3) post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put used tires in the trash."; "Recycle your used tires."; and "State law requires us to accept used tires for recycling, in exchange for new tires purchased."

(b) A person who accepts used tires for recycling under subsection (a) shall not allow the tires to accumulate for periods of more than 90 days.

(c) The requirements of subsection (a) of this Section do not apply to mail order sales nor shall the retail sale of a motor vehicle be considered to be the sale of tires at retail or offering of tires for retail sale. Instead of filing returns, retailers of tires may remit the tire user fee to their suppliers of tires if the supplier of tires is a registered retailer of tires and agrees or otherwise arranges to collect and remit the tire fee to the Department of Revenue, notwithstanding the fact that the sale of the tire is a sale for resale and not a sale at retail. A tire supplier who enters into such an arrangement with a tire retailer shall be liable for the tax on all tires sold to the tire retailer and must (i) provide the tire retailer with a receipt that separately reflects the tire tax collected from the retailer on each
transaction and (ii) accept used tires for recycling from the retailer's customers. The tire supplier shall be entitled to the collection allowance of 10 cents per tire, but only if the return is filed timely and only for the amount that is paid timely in accordance with this Title XIV.

The retailer of the tires must maintain in its books and records evidence that the appropriate fee was paid to the tire supplier and that the tire supplier has agreed to remit the fee to the Department of Revenue for each tire sold by the retailer. Otherwise, the tire retailer shall be directly liable for the fee on all tires sold at retail. Tire retailers paying the fee to their suppliers are not entitled to the collection allowance of 10 cents per tire. The collection allowance for suppliers, however, shall be allowed only if the return is filed timely and in the manner required by this Title XIV and only for the amount that is paid timely in accordance with this Title XIV.

(d) The requirements of subsection (a) of this Section shall apply exclusively to tires to be used for vehicles defined in Section 1-217 of the Illinois Vehicle Code, aircraft tires, special mobile equipment, and implements of husbandry.

(e) The requirements of paragraph (1) of subsection (a) do not apply to the sale of reprocessed tires. For purposes of this Section, "reprocessed tire" means a used tire that has been recapped, retreaded, or regrooved and that has not been placed on a vehicle wheel rim.

(415 ILCS 5/55.10) (from Ch. 111 1/2, par. 1055.10)

Sec. 55.10. Tax returns by retailer.

(a) Except as otherwise provided in this Section, for returns due on or before January 31, 2010, each retailer of tires maintaining a place of business in this State shall make a return to the Department of Revenue on a quarter annual basis, with the return for January, February and March of a given year being due by April 30 of that year; with the return for April, May and June of a given year being due by July 31 of that year; with the return for July, August and September of a given year being due by October 31 of that year; and with the return for October, November and December of a given year being due by January 31 of the following year.

For returns due after January 31, 2010, each retailer of tires maintaining a place of business in this State shall make a return to the Department of Revenue on a quarter annual basis, with the return for January, February, and March of a given year being due by April 30 of that year; with the return for April, May, and June of a given year being due by
July 20 of that year; with the return for July, August, and September of a
given year being due by October 20 of that year; and with the return for
October, November, and December of a given year being due by January
20 of the following year.

Notwithstanding any other provision of this Section to the contrary,
the return for October, November, and December of 2009 is due by
February 20, 2010.

On and after January 1, 2018, tire retailers and suppliers required
to file electronically under Section 3 of the Retailers' Occupation Tax Act
or Section 9 of the Use Tax Act must electronically file all returns
pursuant to this Act. Tire retailers and suppliers who demonstrate that
they do not have access to the Internet or demonstrate hardship in filing
electronically may petition the Department to waive the electronic filing
requirement.

(b) Each return made to the Department of Revenue shall state:
(1) the name of the retailer;
(2) the address of the retailer's principal place of business,
and the address of the principal place of business (if that is a
different address) from which the retailer engages in the business
of making retail sales of tires;
(3) total number of tires sold at retail for the preceding
calendar quarter;
(4) the amount of tax due; and
(5) such other reasonable information as the Department of
Revenue may require.

Notwithstanding any other provision of this Act concerning the
time within which a retailer may file his return, in the case of any retailer
who ceases to engage in the retail sale of tires, the retailer shall file a final
return under this Act with the Department of Revenue not more than one
month after discontinuing that business.

If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. PUBLIC ACT 100-0308
(Senate Bill No. 1687)

AN ACT concerning business.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Motor Vehicle Franchise Act is amended by changing Sections 1.1, 2, 4, and 12 as follows:

(815 ILCS 710/1.1) (from Ch. 121 1/2, par. 751.1)
Sec. 1.1. Declaration of purpose. The Legislature finds and declares that the distribution and sale of vehicles within this State vitally affects the general economy of the State and the public interest, and welfare, and safety and that in order to promote the public interest, and welfare, and safety, and in the exercise of its police power, it is necessary

to regulate motor vehicle manufacturers, distributors, wholesalers and
factory or distributor branches or representatives, and to regulate dealers of
motor vehicles doing business in this State in order to prevent frauds,
impositions, discrimination, and other abuses upon its citizens, to protect
and preserve the investments and properties of the citizens of this State, to
foster healthy competition, and to provide adequate and sufficient service
to consumers generally. The licensing and supervision of motor vehicle
dealers is necessary for the protection of consumers and the sale of motor
vehicles by unlicensed dealers should be prevented.

The Legislature further finds that the regulation of motor vehicle
manufacturers, distributors, wholesalers, factory branches, distributor
branches and representatives, and dealers promotes the distribution of
motor vehicles to the public and provides a system for servicing vehicles
and for complying with manufacturer warranties so that consumers can
keep their motor vehicles properly functioning and safe. The sale and
distribution of motor vehicles constitutes a continuing obligation of
manufacturers, distributors, wholesalers, factory branches, distributor
branches and representatives, and dealers to consumers, and the public
has an interest in promoting the availability of post-sale mechanical and
operational services.

(815 ILCS 710/4) (from Ch. 121 1/2, par. 754)

Sec. 4. Unfair competition and practices.

(a) The unfair methods of competition and unfair and deceptive acts or practices listed in this Section are hereby declared to be unlawful. In construing the provisions of this Section, the courts may be guided by
the interpretations of the Federal Trade Commission Act (15 U.S.C. 45 et seq.), as from time to time amended.

(b) It shall be deemed a violation for any manufacturer, factory branch, factory representative, distributor or wholesaler, distributor branch, distributor representative or motor vehicle dealer to engage in any action with respect to a franchise which is arbitrary, in bad faith or unconscionable and which causes damage to any of the parties or to the public.

(c) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to coerce, or attempt to coerce, any motor vehicle dealer:

(1) to accept, buy or order any motor vehicle or vehicles, appliances, equipment, parts or accessories therefor, or any other commodity or commodities or service or services which such motor vehicle dealer has not voluntarily ordered or requested except items required by applicable local, state or federal law; or to require a motor vehicle dealer to accept, buy, order or purchase such items in order to obtain any motor vehicle or vehicles or any other commodity or commodities which have been ordered or requested by such motor vehicle dealer;

(2) to order or accept delivery of any motor vehicle with special features, appliances, accessories or equipment not included in the list price of the motor vehicles as publicly advertised by the manufacturer thereof, except items required by applicable law; or

(d) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, or officer, agent or other representative thereof:

(1) to adopt, change, establish or implement a plan or system for the allocation and distribution of new motor vehicles to motor vehicle dealers which is arbitrary or capricious or to modify an existing plan so as to cause the same to be arbitrary or capricious;

(2) to fail or refuse to advise or disclose to any motor vehicle dealer having a franchise or selling agreement, upon written request therefor, the basis upon which new motor vehicles

of the same line make are allocated or distributed to motor vehicle dealers in the State and the basis upon which the current allocation or distribution is being made or will be made to such motor vehicle dealer;

(3) to refuse to deliver in reasonable quantities and within a reasonable time after receipt of dealer's order, to any motor vehicle dealer having a franchise or selling agreement for the retail sale of new motor vehicles sold or distributed by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division, any such motor vehicles as are covered by such franchise or selling agreement specifically publicly advertised in the State by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division to be available for immediate delivery. However, the failure to deliver any motor vehicle shall not be considered a violation of this Act if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of manufacturing capacity, a freight embargo or other cause over which the manufacturer, distributor, or wholesaler, or any agent thereof has no control;

(4) to coerce, or attempt to coerce, any motor vehicle dealer to enter into any agreement with such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division, or officer, agent or other representative thereof, or to do any other act prejudicial to the dealer by threatening to reduce his allocation of motor vehicles or cancel any franchise or any selling agreement existing between such manufacturer, distributor, wholesaler, distributor branch or division, or factory branch or division, or wholesale branch or division, and the dealer. However, notice in good faith to any motor vehicle dealer of the dealer's violation of any terms or provisions of such franchise or selling agreement or of any law or regulation applicable to the conduct of a motor vehicle dealer shall not constitute a violation of this Act;

(5) to require a franchisee to participate in an advertising campaign or contest or any promotional campaign, or to purchase or lease any promotional materials, training materials, show room
or other display decorations or materials at the expense of the franchisee;

(6) to cancel or terminate the franchise or selling agreement of a motor vehicle dealer without good cause and without giving notice as hereinafter provided; to fail or refuse to extend the franchise or selling agreement of a motor vehicle dealer upon its expiration without good cause and without giving notice as hereinafter provided; or, to offer a renewal, replacement or succeeding franchise or selling agreement containing terms and provisions the effect of which is to substantially change or modify the sales and service obligations or capital requirements of the motor vehicle dealer arbitrarily and without good cause and without giving notice as hereinafter provided notwithstanding any term or provision of a franchise or selling agreement.

(A) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to cancel or terminate a franchise or selling agreement or intends not to extend or renew a franchise or selling agreement on its expiration, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the effective date of the proposed action, or not later than 10 days before the proposed action when the reason for the action is based upon either of the following:

(i) the business operations of the franchisee have been abandoned or the franchisee has failed to conduct customary sales and service operations during customary business hours for at least 7 consecutive business days unless such closing is due to an act of God, strike or labor difficulty or other cause over which the franchisee has no control; or

(ii) the conviction of or plea of nolo contendere by the motor vehicle dealer or any operator thereof in a court of competent jurisdiction to an offense punishable by imprisonment for more than two years.

Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed cancellation, termination, or refusal to extend or

renew and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(B) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement of such motor vehicle dealer, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the date of expiration of the franchise or selling agreement. Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed action and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(C) Within 30 days from receipt of the notice under subparagraphs (A) and (B), the franchisee may file with the Board a written protest against the proposed action.

When the protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention of the proposed action and to the protesting dealer or franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to cancel or terminate, or fail to extend or renew the franchise or selling agreement of a motor vehicle dealer or franchisee, and to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement. The determination whether good cause exists to cancel, terminate, or refuse to renew or extend the franchise or selling agreement, or to change or modify the

obligations of the dealer as a condition to offer renewal, replacement, or succession shall be made by the Board under subsection (d) of Section 12 of this Act.

(D) Notwithstanding the terms, conditions, or provisions of a franchise or selling agreement, the following shall not constitute good cause for cancelling or terminating or failing to extend or renew the franchise or selling agreement: (i) the change of ownership or executive management of the franchisee's dealership; or (ii) the fact that the franchisee or owner of an interest in the franchise owns, has an investment in, participates in the management of, or holds a license for the sale of the same or any other line make of new motor vehicles.

(E) The manufacturer may not cancel or terminate, or fail to extend or renew a franchise or selling agreement or change or modify the obligations of the franchisee as a condition to offering a renewal, replacement, or succeeding franchise or selling agreement before the hearing process is concluded as prescribed by this Act, and thereafter, if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the proposed action;

(7) notwithstanding the terms of any franchise agreement, to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs, expert witness fees, reasonable attorneys' fees of the new motor vehicle dealer, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or **rescission** of the sale as defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer; provided that, in order to provide an adequate defense, the manufacturer receives notice of the filing of a complaint, claim, or lawsuit within 60 days after the filing;

(8) to require or otherwise coerce a motor vehicle dealer to underutilize the motor vehicle dealer's facilities by requiring or otherwise coercing the motor vehicle dealer to exclude or remove from the motor vehicle dealer's facilities operations for selling or servicing of any vehicles for which the motor vehicle dealer has a franchise agreement with another manufacturer, distributor, wholesaler, distribution branch or division, or officer, agent, or other representative thereof; provided, however, that, in light of all existing circumstances, (i) the motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, (ii) the new motor vehicle dealer remains in compliance with any reasonable facilities requirements of the manufacturer, (iii) no change is made in the principal management of the new motor vehicle dealer, and (iv) the addition of the make or line of new motor vehicles would be reasonable. The reasonable facilities requirement set forth in item (ii) of subsection (d)(8) shall not include any requirement that a franchisee establish or maintain exclusive facilities, personnel, or display space. Any decision by a motor vehicle dealer to sell additional makes or lines at the motor vehicle dealer's facility shall be presumed to be reasonable, and the manufacturer shall have the burden to overcome that presumption. A motor vehicle dealer must provide a written notification of its intent to add a make or line of new motor vehicles to the manufacturer. If the manufacturer does not respond to the motor vehicle dealer, in writing, objecting to the addition of the make or line within 60 days after the date that the motor vehicle dealer sends the written notification, then the manufacturer shall be deemed to have approved the addition of the make or line; or

(9) to use or consider the performance of a motor vehicle dealer relating to the sale of the manufacturer's, distributor's, or wholesaler's vehicles or the motor vehicle dealer's ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the manufacturer's, distributor's, or wholesaler's new vehicles in determining:

(A) the motor vehicle dealer's eligibility to purchase program, certified, or other used motor vehicles from the manufacturer, distributor, or wholesaler;

(B) the volume, type, or model of program, certified, or other used motor vehicles that a motor vehicle

dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(C) the price of any program, certified, or other used motor vehicle that the dealer is eligible to purchase from the manufacturer, distributor, or wholesaler; or

(D) the availability or amount of any discount, credit, rebate, or sales incentive that the dealer is eligible to receive from the manufacturer, distributor, or wholesaler for the purchase of any program, certified, or other used motor vehicle offered for sale by the manufacturer, distributor, or wholesaler;

(10) to take any adverse action against a dealer pursuant to an export or sale-for-resale prohibition because the dealer sold or leased a vehicle to a customer who either exported the vehicle to a foreign country or resold the vehicle in violation of the prohibition, unless the export or sale-for-resale prohibition policy was provided to the dealer in writing either electronically or on paper, prior to the sale or lease, and the dealer knew or reasonably should have known of the customer's intent to export or resell the vehicle in violation of the prohibition at the time of the sale or lease. If the dealer causes the vehicle to be registered and titled in this or any other state, and collects or causes to be collected any applicable sales or use tax to this State, a rebuttable presumption is established that the dealer did not have reason to know of the customer's intent to resell the vehicle;

(11) to coerce or require any dealer to construct improvements to his or her facilities or to install new signs or other franchiser image elements that replace or substantially alter those improvements, signs, or franchiser image elements completed within the past 10 years that were required and approved by the manufacturer or one of its affiliates. The 10-year period under this paragraph (11) begins to run for a dealer, including that dealer's successors and assigns, on the date that the manufacturer gives final written approval of the facility improvements or installation of signs or other franchiser image elements or the date that the dealer receives a certificate of occupancy, whichever is later. For the purpose of this paragraph (11), the term "substantially alter" does not include routine maintenance, including, but not limited to, interior painting, that is

reasonably necessary to keep a dealer facility in attractive condition; or

(12) to require a dealer to purchase goods or services to make improvements to the dealer's facilities from a vendor selected, identified, or designated by a manufacturer or one of its affiliates by agreement, program, incentive provision, or otherwise without making available to the dealer the option to obtain the goods or services of substantially similar quality and overall design from a vendor chosen by the dealer and approved by the manufacturer; however, approval by the manufacturer shall not be unreasonably withheld, and the dealer's option to select a vendor shall not be available if the manufacturer provides substantial reimbursement for the goods or services offered. "Substantial reimbursement" means an amount equal to or greater than the cost savings that would result if the dealer were to utilize a vendor of the dealer's own selection instead of using the vendor identified by the manufacturer. For the purpose of this paragraph (12), the term "goods" does not include movable displays, brochures, and promotional materials containing material subject to the intellectual property rights of a manufacturer. If signs, other than signs containing the manufacturer's brand or logo or free-standing signs that are not directly attached to a building, or other franchiser image or design elements or trade dress are to be leased to the dealer by a vendor selected, identified, or designated by the manufacturer, the dealer has the right to purchase the signs or other franchiser image or design elements or trade dress of substantially similar quality and design from a vendor selected by the dealer if the signs, franchiser image or design elements, or trade dress are approved by the manufacturer. Approval by the manufacturer shall not be unreasonably withheld. This paragraph (12) shall not be construed to allow a dealer or vendor to impair, infringe upon, or eliminate, directly or indirectly, the intellectual property rights of the manufacturer including, but not limited to, the manufacturer's intellectual property rights in any trademarks or trade dress, or other intellectual property interests owned or controlled by the manufacturer. This paragraph (12) shall not be construed to permit a dealer to erect or maintain signs that do not conform to the manufacturer's intellectual property rights or trademark or trade dress usage guidelines.

(e) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division or officer, agent or other representative thereof:

(1) to resort to or use any false or misleading advertisement in connection with his business as such manufacturer, distributor, wholesaler, distributor branch or division or officer, agent or other representative thereof;

(2) to offer to sell or lease, or to sell or lease, any new motor vehicle to any motor vehicle dealer at a lower actual price therefor than the actual price offered to any other motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device including, but not limited to, sales promotion plans or programs which result in such lesser actual price or fail to make available to any motor vehicle dealer any preferential pricing, incentive, rebate, finance rate, or low interest loan program offered to competing motor vehicle dealers in other contiguous states. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(3) to offer to sell or lease, or to sell or lease, any new motor vehicle to any person, except a wholesaler, distributor or manufacturer's employees at a lower actual price therefor than the actual price offered and charged to a motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device which results in such lesser actual price. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(4) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or franchisee from changing the executive management control of the motor vehicle dealer or franchisee unless the franchiser, having the burden of proof, proves that such change of executive management will result in executive management control by a person or persons who are not of good moral character or who do not meet the franchiser's existing and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However where the manufacturer rejects a proposed change in executive management control, the

manufacturer shall give written notice of his reasons to the dealer within 60 days of notice to the manufacturer by the dealer of the proposed change. If the manufacturer does not send a letter to the franchisee by certified mail, return receipt requested, within 60 days from receipt by the manufacturer of the proposed change, then the change of the executive management control of the franchisee shall be deemed accepted as proposed by the franchisee, and the manufacturer shall give immediate effect to such change;

(5) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer from establishing or changing the capital structure of his dealership or the means by or through which he finances the operation thereof; provided the dealer meets any reasonable capital standards agreed to between the dealer and the manufacturer, distributor or wholesaler, who may require that the sources, method and manner by which the dealer finances or intends to finance its operation, equipment or facilities be fully disclosed;

(6) to refuse to give effect to or prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or any officer, partner or stockholder of any motor vehicle dealer from selling or transferring any part of the interest of any of them to any other person or persons or party or parties unless such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under the "The Illinois Vehicle Code" or unless the franchiser, having the burden of proof, proves that such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law:

(A) If the manufacturer intends to refuse to approve the sale or transfer of all or a part of the interest, then it shall, within 60 days from receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding

the proposed transfer, send a letter by certified mail, return receipt requested, advising the franchisee of any refusal to approve the sale or transfer of all or part of the interest and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth specific criteria used to evaluate the prospective transferee and the grounds for refusing to approve the sale or transfer to that transferee. Within 30 days from the franchisee's receipt of the manufacturer's notice, the franchisee may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing the date (within 60 days of the date of such order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed notice of intention of the proposed action and to the protesting franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to approve the sale or transfer to the transferee. The determination whether good cause exists to refuse to approve the sale or transfer shall be made by the Board under subdivisions (6)(B). The manufacturer shall not refuse to approve the sale or transfer by a dealer or an officer, partner, or stockholder of a franchise or any part of the interest to any person or persons before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to refuse to approve the sale or transfer to the transferee.

(B) Good cause to refuse to approve such sale or transfer under this Section is established when such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under the "The Illinois Vehicle Code" or such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital

standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area.

(7) to obtain money, goods, services, anything of value, or any other benefit from any other person with whom the motor vehicle dealer does business, on account of or in relation to the transactions between the dealer and the other person as compensation, except for services actually rendered, unless such benefit is promptly accounted for and transmitted to the motor vehicle dealer;

(8) to grant an additional franchise in the relevant market area of an existing franchise of the same line make or to relocate an existing motor vehicle dealership within or into a relevant market area of an existing franchise of the same line make. However, if the manufacturer wishes to grant such an additional franchise to an independent person in a bona fide relationship in which such person is prepared to make a significant investment subject to loss in such a dealership, or if the manufacturer wishes to relocate an existing motor vehicle dealership, then the manufacturer shall send a letter by certified mail, return receipt requested, to each existing dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise at least 60 days before the manufacturer grants an additional franchise or relocates an existing franchise of the same line make within or into the relevant market area of an existing franchisee of the same line make. Each notice shall set forth the specific grounds for the proposed grant of an additional or relocation of an existing franchise and shall state that the dealer has only 30 days from the date of receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. Unless the parties agree upon the grant or establishment of the additional or relocated franchise within 30 days from the date the notice was received by the existing franchisee of the same line make or any person entitled to receive such notice, the franchisee or other person may file with the Board a written protest against the grant or establishment of the proposed additional or relocated franchise.

When a protest has been timely filed, the Board shall enter an order fixing a date (within 60 days of the date of the order),

time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified or registered mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention to grant or establish the proposed additional or relocated franchise and to the protesting dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise.

When more than one protest is filed against the grant or establishment of the additional or relocated franchise of the same line make, the Board may consolidate the hearings to expedite disposition of the matter. The manufacturer shall have the burden of proof to establish that good cause exists to allow the grant or establishment of the additional or relocated franchise. The manufacturer may not grant or establish the additional franchise or relocate the existing franchise before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the grant or establishment of the additional franchise or relocation of the existing franchise.

The determination whether good cause exists for allowing the grant or establishment of an additional franchise or relocated existing franchise, shall be made by the Board under subsection (c) of Section 12 of this Act. If the manufacturer seeks to enter into a contract, agreement or other arrangement with any person, establishing any additional motor vehicle dealership or other facility, limited to the sale of factory repurchase vehicles or late model vehicles, then the manufacturer shall follow the notice procedures set forth in this Section and the determination whether good cause exists for allowing the proposed agreement shall be made by the Board under subsection (c) of Section 12, with the manufacturer having the burden of proof.

A. (Blank).

B. For the purposes of this Section, appointment of a successor motor vehicle dealer at the same location as its predecessor, or within 2 miles of such location, or the relocation of an existing dealer or franchise within 2 miles of the relocating dealer's or franchisee's existing location, shall not be construed as a grant, establishment or the

entering into of an additional franchise or selling agreement, or a relocation of an existing franchise. The reopening of a motor vehicle dealership that has not been in operation for 18 months or more shall be deemed the grant of an additional franchise or selling agreement.

C. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of more than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 7 miles from the nearest dealer of the same line make. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of less than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 12 miles from the nearest dealer of the same line make. A dealer that would be farther away from the new location of an existing dealership or franchise of the same line make after a relocation may not file a written protest against the relocation with the Motor Vehicle Review Board.

D. Nothing in this Section shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law;

(9) to require a motor vehicle dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this Act;

(10) to prevent or refuse to give effect to the succession to the ownership or management control of a dealership by any legatee under the will of a dealer or to an heir under the laws of descent and distribution of this State unless the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise. Unless the franchiser, having the burden of proof, proves that the successor is a person who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience

standards in the market area, any designated successor of a dealer or franchisee may succeed to the ownership or management control of a dealership under the existing franchise if:

(i) The designated successor gives the franchiser written notice by certified mail, return receipt requested, of his or her intention to succeed to the ownership of the dealer within 60 days of the dealer's death or incapacity; and

(ii) The designated successor agrees to be bound by all the terms and conditions of the existing franchise.

Notwithstanding the foregoing, in the event the motor vehicle dealer or franchisee and manufacturer have duly executed an agreement concerning succession rights prior to the dealer's death or incapacity, the agreement shall be observed.

(A) If the franchiser intends to refuse to honor the successor to the ownership of a deceased or incapacitated dealer or franchisee under an existing franchise agreement, the franchiser shall send a letter by certified mail, return receipt requested, to the designated successor within 60 days from receipt of a proposal advising of its intent to refuse to honor the succession and to discontinue the existing franchise agreement and shall state that the designated successor only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement.

If notice of refusal is not timely served upon the designated successor, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by paragraph (6) of subsection (d) of Section 4 of this Act.

Within 30 days from the date the notice was received by the designated successor or any other person entitled to notice, the designee or other person may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the franchiser that filed the notice of intention of the proposed action and to the protesting designee or such other person.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to honor the succession and discontinue the existing franchise agreement. The determination whether good cause exists to refuse to honor the succession shall be made by the Board under subdivision (B) of this paragraph (10). The manufacturer shall not refuse to honor the succession or discontinue the existing franchise agreement before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that it has failed to meet its burden of proof and that good cause does not exist to refuse to honor the succession and discontinue the existing franchise agreement.

(B) No manufacturer shall impose any conditions upon honoring the succession and continuing the existing franchise agreement with the designated successor other than that the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise, or that the designated successor is of good moral character or meets the reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area;

(11) to prevent or refuse to approve a proposal to establish a successor franchise at a location previously approved by the franchiser when submitted with the voluntary termination by the existing franchisee unless the successor franchisee would not otherwise qualify for a new motor vehicle dealer's license under the Illinois Vehicle Code or unless the franchiser, having the burden of proof, proves that such proposed successor is not of good moral character or does not meet the franchiser's existing and reasonable

capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, when such a rejection of a proposal is made, the manufacturer shall give written notice of its reasons to the franchisee within 60 days of receipt by the manufacturer of the proposal. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities, or from complying with applicable federal, State or local law;

(12) to prevent or refuse to grant a franchise to a person because such person owns, has investment in or participates in the management of or holds a franchise for the sale of another make or line of motor vehicles within 7 miles of the proposed franchise location in a county having a population of more than 300,000 persons, or within 12 miles of the proposed franchise location in a county having a population of less than 300,000 persons; or

(13) to prevent or attempt to prevent any new motor vehicle dealer from establishing any additional motor vehicle dealership or other facility limited to the sale of factory repurchase vehicles or late model vehicles or otherwise offering for sale factory repurchase vehicles of the same line make at an existing franchise by failing to make available any contract, agreement or other arrangement which is made available or otherwise offered to any person; or:

(14) to exercise a right of first refusal or other right to acquire a franchise from a dealer, unless the manufacturer:

(A) notifies the dealer in writing that it intends to exercise its right to acquire the franchise not later than 60 days after the manufacturer's or distributor's receipt of a notice of the proposed transfer from the dealer and all information and documents reasonably and customarily required by the manufacturer or distributor supporting the proposed transfer;

(B) pays to the dealer the same or greater consideration as the dealer has contracted to receive in connection with the proposed transfer or sale of all or substantially all of the dealership assets, stock, or other ownership interest, including the purchase or lease of all

real property, leasehold, or improvements related to the transfer or sale of the dealership. Upon exercise of the right of first refusal or such other right, the manufacturer or distributor shall have the right to assign the lease or to convey the real property;

(C) assumes all of the duties, obligations, and liabilities contained in the agreements that were to be assumed by the proposed transferee and with respect to which the manufacturer or distributor exercised the right of first refusal or other right to acquire the franchise;

(D) reimburses the proposed transferee for all reasonable expenses incurred in evaluating, investigating, and negotiating the transfer of the dealership prior to the manufacturer's or distributor's exercise of its right of first refusal or other right to acquire the dealership. For purposes of this paragraph, "reasonable expenses" includes the usual and customary legal and accounting fees charged for similar work, as well as expenses associated with the evaluation and investigation of any real property on which the dealership is operated. The proposed transferee shall submit an itemized list of its expenses to the manufacturer or distributor not later than 30 days after the manufacturer's or distributor's exercise of the right of first refusal or other right to acquire the motor vehicle franchise. The manufacturer or distributor shall reimburse the proposed transferee for its expenses not later than 90 days after receipt of the itemized list. A manufacturer or distributor may request to be provided with the itemized list of expenses before exercising the manufacturer's or distributor's right of first refusal.

Except as provided in this paragraph (14), neither the selling dealer nor the manufacturer or distributor shall have any liability to any person as a result of a manufacturer or distributor exercising its right of first refusal.

For the purpose of this paragraph, "proposed transferee" means the person to whom the franchise would have been transferred to, or was proposed to be transferred to, had the right of first refusal or other right to acquire the franchise not been exercised by the manufacturer or distributor.
(f) It is deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent, broker, shareholder, except a shareholder of 1% or less of the outstanding shares of any class of securities of a manufacturer, distributor, or wholesaler which is a publicly traded corporation, or other representative, directly or indirectly, to own or operate a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit:

(1) the ownership or operation of a place of business by a manufacturer, distributor, or wholesaler for a period, not to exceed 18 months, during the transition from one motor vehicle franchisee to another;

(2) the investment in a motor vehicle franchisee by a manufacturer, distributor, or wholesaler if the investment is for the sole purpose of enabling a partner or shareholder in that motor vehicle franchisee to acquire an interest in that motor vehicle franchisee and that partner or shareholder is not otherwise employed by or associated with the manufacturer, distributor, or wholesaler and would not otherwise have the requisite capital investment funds to invest in the motor vehicle franchisee, and has the right to purchase the entire equity interest of the manufacturer, distributor, or wholesaler in the motor vehicle franchisee within a reasonable period of time not to exceed 5 years; or

(3) the ownership or operation of a place of business by a manufacturer that manufactures only diesel engines for installation in trucks having a gross vehicle weight rating of more than 16,000 pounds that are required to be registered under the Illinois Vehicle Code, provided that:

(A) the manufacturer does not otherwise manufacture, distribute, or sell motor vehicles as defined under Section 1-217 of the Illinois Vehicle Code;

(B) the manufacturer owned a place of business and it was in operation as of January 1, 2016;

(C) the manufacturer complies with all obligations owed to dealers that are not owned, operated, or controlled by the manufacturer, including, but not limited to those obligations arising pursuant to Section 6;

(D) to further avoid any acts or practices, the effect of which may be to lessen or eliminate competition, the

manufacturer provides to dealers on substantially equal terms access to all support for completing repairs, including, but not limited to, parts and assemblies, training, and technical service bulletins, and other information concerning repairs that the manufacturer provides to facilities that are owned, operated, or controlled by the manufacturer; and

(E) the manufacturer does not require that warranty repair work be performed by a manufacturer-owned repair facility and the manufacturer provides any dealer that has an agreement with the manufacturer to sell and perform warranty repairs on the manufacturer's engines the opportunity to perform warranty repairs on those engines, regardless of whether the dealer sold the truck into which the engine was installed.

(g) Notwithstanding the terms, provisions, or conditions of any agreement or waiver, it shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to directly or indirectly condition the awarding of a franchise to a prospective new motor vehicle dealer, the addition of a line make or franchise to an existing dealer, the renewal of a franchise of an existing dealer, the approval of the relocation of an existing dealer's facility, or the approval of the sale or transfer of the ownership of a franchise on the willingness of a dealer, proposed new dealer, or owner of an interest in the dealership facility to enter into a site control agreement or exclusive use agreement unless separate and reasonable consideration was offered and accepted for that agreement.

For purposes of this subsection (g), the terms "site control agreement" and "exclusive use agreement" include any agreement that has the effect of either (i) requiring that the dealer establish or maintain exclusive dealership facilities; or (ii) restricting the ability of the dealer, or the ability of the dealer's lessor in the event the dealership facility is being leased, to transfer, sell, lease, or change the use of the dealership premises, whether by sublease, lease, collateral pledge of lease, or other similar agreement. "Site control agreement" and "exclusive use agreement" also include a manufacturer restricting the ability of a dealer to transfer, sell, or lease the dealership premises by right of first refusal to purchase or lease, option to purchase, or option to lease if the transfer, sale, or lease of the

dealership premises is to a person who is an immediate family member of the dealer. For the purposes of this subsection (g), "immediate family member" means a spouse, parent, son, daughter, son-in-law, daughter-in-law, brother, and sister.

If a manufacturer exercises any right of first refusal to purchase or lease or option to purchase or lease with regard to a transfer, sale, or lease of the dealership premises to a person who is not an immediate family member of the dealer, then (1) within 60 days from the receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, the manufacturer must notify the dealer of its intent to exercise the right of first refusal to purchase or lease or option to purchase or lease and (2) the exercise of the right of first refusal to purchase or lease or option to purchase or lease must result in the dealer receiving consideration, terms, and conditions that either are the same as or greater than that which they have contracted to receive in connection with the proposed transfer, sale, or lease of the dealership premises.

Any provision contained in any agreement entered into on or after November 25, 2009 (the effective date of Public Act 96-824) this amending Act of the 96th General Assembly that is inconsistent with the provisions of this subsection (g) shall be voidable at the election of the affected dealer, prospective dealer, or owner of an interest in the dealership facility.

(h) For purposes of this subsection:
"Successor manufacturer" means any motor vehicle manufacturer that, on or after January 1, 2009, acquires, succeeds to, or assumes any part of the business of another manufacturer, referred to as the "predecessor manufacturer", as the result of any of the following:

(i) A change in ownership, operation, or control of the predecessor manufacturer by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, court-approved sale, operation of law or otherwise.

(ii) The termination, suspension, or cessation of a part or all of the business operations of the predecessor manufacturer.

(iii) The discontinuance of the sale of the product line.

(iv) A change in distribution system by the predecessor manufacturer, whether through a change in distributor or the

predecessor manufacturer's decision to cease conducting business through a distributor altogether.

"Former Franchisee" means a new motor vehicle dealer that has entered into a franchise with a predecessor manufacturer and that has either:

(i) entered into a termination agreement or deferred termination agreement with a predecessor or successor manufacturer related to such franchise; or

(ii) has had such franchise canceled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended.

For a period of 3 years from: (i) the date that a successor manufacturer acquires, succeeds to, or assumes any part of the business of a predecessor manufacturer; (ii) the last day that a former franchisee is authorized to remain in business as a franchised dealer with respect to a particular franchise under a termination agreement or deferred termination agreement with a predecessor or successor manufacturer; (iii) the last day that a former franchisee that was cancelled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended by a predecessor or successor manufacturer is authorized to remain in business as a franchised dealer with respect to a particular franchise; or (iv) November 25, 2009 (the effective date of Public Act 96-824) this amendatory Act of the 96th General Assembly, whichever is latest, it shall be unlawful for such successor manufacturer to enter into a same line make franchise with any person or to permit the relocation of any existing same line make franchise, for a line make of the predecessor manufacturer that would be located or relocated within the relevant market area of a former franchisee who owned or leased a dealership facility in that relevant market area without first offering the additional or relocated franchise to the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability, at no cost and without any requirements or restrictions other than those imposed generally on the manufacturer's other franchisees at that time, unless one of the following applies:

(1) As a result of the former franchisee's cancellation, termination, noncontinuance, or nonrenewal of the franchise, the predecessor manufacturer had consolidated the line make with another of its line makes for which the predecessor manufacturer

had a franchisee with a then-existing dealership facility located within that relevant market area.

(2) The successor manufacturer has paid the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability, the fair market value of the former franchisee's franchise on (i) the date the franchisor announces the action which results in the termination, cancellation, or nonrenewal; or (ii) the date the action which results in termination, cancellation, or nonrenewal first became general knowledge; or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued, whichever amount is higher. Payment is due within 90 days of the effective date of the termination, cancellation, or nonrenewal. If the termination, cancellation, or nonrenewal is due to a manufacturer's change in distributors, the manufacturer may avoid paying fair market value to the dealer if the new distributor or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

(3) The successor manufacturer proves that it would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee under item (e)(10) in the event that the former franchisee is deceased or a person with a disability. The determination of whether the successor manufacturer would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee, shall be made by the Board under subsection (d) of Section 12. A successor manufacturer that seeks to assert that it would have had good cause to terminate a former franchisee, or the successor of the former franchisee, must file a petition seeking a hearing on this issue before the Board and shall have the burden of proving that it would have had good cause to terminate the former franchisee or the successor of the former franchisee. No successor dealer, other than the former franchisee, may be appointed or franchised by the successor manufacturer within the relevant market area of the former franchisee until the Board has held a hearing and rendered a determination on the issue of whether the successor manufacturer would have had good cause to terminate the former franchisee.

In the event that a successor manufacturer attempts to enter into a same line make franchise with any person or to permit the relocation of any existing line make franchise under this subsection (h) at a location that is within the relevant market area of 2 or more former franchisees, then the successor manufacturer may not offer it to any person other than one of those former franchisees unless the successor manufacturer can prove that at least one of the 3 exceptions in items (1), (2), and (3) of this subsection (h) applies to each of those former franchisees.

(815 ILCS 710/12) (from Ch. 121 1/2, par. 762)

Sec. 12. Arbitration; administrative proceedings; civil actions; determining good cause.

(a) The franchiser and franchisee may agree to submit a dispute involving Section 4, 5, 6, 7, 9, 10.1, or 11 to arbitration. Any such proceeding shall be conducted under the provisions of the Uniform Arbitration Act by a 3 member panel composed of one member appointed by the franchisee and one member appointed by the franchiser who together shall choose the third member.

An arbitration proceeding hereunder for a remedy under paragraph (6) of subsection (d) or paragraph (6), (8), (10) or (11) of subsection (e) of Section 4 of this Act shall be commenced by written notice to the franchiser by the objecting franchisee within 30 days from the date the dealer received notice to cancel, terminate, modify or not extend or renew an existing franchise or selling agreement or refusal to honor succession to ownership or refusal to honor a sale or transfer or to grant or enter into the additional franchise or selling agreement, or to relocate an existing motor vehicle dealer; or within 60 days of the date the franchisee received notice in writing by the franchiser of its determination under any provision of Section 4 (other than paragraph (6) of subsection (d) or paragraph (6), (8), (10) or (11) of subsection (e) of Section 4), 5, 6, 7, 9, 10.1, or 11 of this Act; however, if notice of the provision under which the determination has been made is not given by the franchiser, then the proceeding shall be commenced as provided by Section 14 of this Act.

PUBLIC ACT 100-0309
(Senate Bill No. 1692)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 22-80 as follows:

(105 ILCS 5/22-80)
Sec. 22-80. Student athletes; concussions and head injuries.
(a) The General Assembly recognizes all of the following:
(1) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The Centers for Disease Control and Prevention estimates that as many as 3,900,000 sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body

that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(2) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority of concussions occur without loss of consciousness.

(3) Continuing to play with a concussion or symptoms of a head injury leaves a young athlete especially vulnerable to greater injury and even death. The General Assembly recognizes that, despite having generally recognized return-to-play standards for concussions and head injuries, some affected youth athletes are prematurely returned to play, resulting in actual or potential physical injury or death to youth athletes in this State.

(4) Student athletes who have sustained a concussion may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the student is fully recovered. To that end, all schools are encouraged to establish a return-to-learn protocol that is based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines and conduct baseline testing for student athletes.

(b) In this Section:
"Athletic trainer" means an athletic trainer licensed under the Illinois Athletic Trainers Practice Act who is working under the supervision of a physician.

"Coach" means any volunteer or employee of a school who is responsible for organizing and supervising students to teach them or train them in the fundamental skills of an interscholastic athletic activity. "Coach" refers to both head coaches and assistant coaches.

"Concussion" means a complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may include temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms or altered sleep patterns and which may or may not involve a loss of consciousness.

New matter indicated by italics - deletions by strikeout
"Department" means the Department of Financial and Professional Regulation.

"Game official" means a person who officiates at an interscholastic athletic activity, such as a referee or umpire, including, but not limited to, persons enrolled as game officials by the Illinois High School Association or Illinois Elementary School Association.

"Interscholastic athletic activity" means any organized school-sponsored or school-sanctioned activity for students, generally outside of school instructional hours, under the direction of a coach, athletic director, or band leader, including, but not limited to, baseball, basketball, cheerleading, cross country track, fencing, field hockey, football, golf, gymnastics, ice hockey, lacrosse, marching band, rugby, soccer, skating, softball, swimming and diving, tennis, track (indoor and outdoor), ultimate Frisbee, volleyball, water polo, and wrestling. All interscholastic athletics are deemed to be interscholastic activities.

"Licensed healthcare professional" means a person who has experience with concussion management and who is a nurse, a psychologist who holds a license under the Clinical Psychologist Licensing Act and specializes in the practice of neuropsychology, a physical therapist licensed under the Illinois Physical Therapy Act, an occupational therapist licensed under the Illinois Occupational Therapy Practice Act, a physician assistant, or an athletic trainer.

"Nurse" means a person who is employed by or volunteers at a school and is licensed under the Nurse Practice Act as a registered nurse, practical nurse, or advanced practice nurse.

"Physician" means a physician licensed to practice medicine in all of its branches under the Medical Practice Act of 1987.

"Physician assistant" means a physician assistant licensed under the Physician Assistant Practice Act of 1987.

"School" means any public or private elementary or secondary school, including a charter school.

"Student" means an adolescent or child enrolled in a school.

(c) This Section applies to any interscholastic athletic activity, including practice and competition, sponsored or sanctioned by a school, the Illinois Elementary School Association, or the Illinois High School Association. This Section applies beginning with the 2016-2017 school year.

(d) The governing body of each public or charter school and the appropriate administrative officer of a private school with students
enrolled who participate in an interscholastic athletic activity shall appoint or approve a concussion oversight team. Each concussion oversight team shall establish a return-to-play protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to interscholastic athletics practice or competition following a force or impact believed to have caused a concussion. Each concussion oversight team shall also establish a return-to-learn protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to the classroom after that student is believed to have experienced a concussion, whether or not the concussion took place while the student was participating in an interscholastic athletic activity.

Each concussion oversight team must include to the extent practicable at least one physician. If a school employs an athletic trainer, the athletic trainer must be a member of the school concussion oversight team to the extent practicable. If a school employs a nurse, the nurse must be a member of the school concussion oversight team to the extent practicable. At a minimum, a school shall appoint a person who is responsible for implementing and complying with the return-to-play and return-to-learn protocols adopted by the concussion oversight team. At a minimum, a concussion oversight team may be composed of only one person and this person need not be a licensed healthcare professional, but it may not be a coach. A school may appoint other licensed healthcare professionals to serve on the concussion oversight team.

(e) A student may not participate in an interscholastic athletic activity for a school year until the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student have signed a form for that school year that acknowledges receiving and reading written information that explains concussion prevention, symptoms, treatment, and oversight and that includes guidelines for safely resuming participation in an athletic activity following a concussion. The form must be approved by the Illinois High School Association.

(f) A student must be removed from an interscholastic athletics practice or competition immediately if one of the following persons believes the student might have sustained a concussion during the practice or competition:

(1) the student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, by a treating physician (chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student), or an athletic trainer, an advanced practice nurse, or a physician assistant working under the supervision of a physician;

(2) the student has successfully completed each requirement of the return-to-play protocol established under this Section necessary for the student to return to play;

(3) the student has successfully completed each requirement of the return-to-learn protocol established under this Section necessary for the student to return to learn;

(4) the treating physician, the athletic trainer, or the physician assistant working under the supervision of a physician has provided a written statement indicating that, in the physician's professional judgment, it is safe for the student to return to play and return to learn or the treating advanced practice nurse has provided a written statement indicating that it is safe for the student to return to play and return to learn; and

(i) has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play and return-to-learn protocols;

A coach of an interscholastic athletics team may not authorize a student's return to play or return to learn.

4. The rebate or payment of money or any other valuable consideration from the towing service or its owners, managers or employees to the owners or operators of the premises from which the vehicles are towed or removed, for the privilege of removing or towing those vehicles, is prohibited. Any individual who violates this paragraph shall be guilty of a Class A misdemeanor.

5. Except for property appurtenant to and obviously a part of a single family residence, and except for instances where notice is personally given to the owner or other legally authorized person in control of the vehicle that the area in which that vehicle is parked is reserved or otherwise unavailable to unauthorized vehicles and they are subject to being removed at the owner or operator's expense, any property owner or lessor, prior to towing or removing any vehicle from private property without the consent of the owner or other legally authorized person in control of that vehicle, must post a notice meeting the following requirements:

A detailed, signed receipt showing the legal name of the towing service must be given to the person paying towing or storage charges at the time of payment, whether requested or not.

The provisions of Section 1 of that Act relating to notice and implied consent shall be deemed satisfied by compliance with Section 18a-302 and subsection (6) of Section 18a-300. In no event shall such lien be greater than the rate or rates established in accordance with subsection (6) of Section 18a-200 of this Code. The Inspector General shall have no supervision over, or involvement in, the routine programmatic, licensing, funding, or certification operations of the Department. Nothing in this subsection limits investigations by the Department that may otherwise be required by law or that may be necessary in the Department's capacity as central administrative authority responsible for the operation of the State's mental health and developmental disabilities facilities.

(g) Rulemaking authority. The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations as well as for initiating, conducting, and completing investigations based upon the nature of the allegation or allegations. The rules shall clearly establish that if 2 or more State agencies could investigate an allegation, the Inspector General shall not conduct an investigation that would be redundant to, or interfere with, an investigation conducted by another State agency. The rules shall further clarify the method and circumstances under which the Office of Inspector General may interact with the licensing, funding, or certification units of the Department in preventing further occurrences of mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, and financial exploitation.

(h) Training programs. The Inspector General shall (i) establish a comprehensive program to ensure that every person authorized to conduct investigations receives ongoing training relative to investigation techniques, communication skills, and the appropriate means of interacting with persons receiving treatment for mental illness, developmental disability, or both mental illness and developmental disability, and (ii) establish and conduct periodic training programs for facility and agency employees concerning the prevention and reporting of any one or more of the following: mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, or financial exploitation. the Office of the Inspector General is in violation of this Act.

(j) Subpoena powers. The Inspector General shall have the power
to subpoena witnesses and compel the production of all documents and
physical evidence relating to his or her investigations and any hearings
authorized by this Act. This subpoena power shall not extend to persons or
documents of a labor organization or its representatives insofar as the
persons are acting in a representative capacity to an employee whose

representation. Any person who otherwise fails to respond to a subpoena
or who knowingly provides false information to the Office of the Inspector
General by subpoena during an investigation is guilty of a Class A
misdemeanor.

agency's or facility's procedures, but in no event later than 4 hours after the initial discovery of the incident, allegation, or suspicion of any one or more of the following: mental abuse, physical abuse, sexual abuse, neglect, or financial exploitation. A required reporter as defined in subsection (b) of this Section who knowingly or intentionally fails to comply with these reporting requirements is guilty of a Class A misdemeanor.

(2) Deaths. Absent an allegation, a required reporter shall, within 24 hours after initial discovery, report by phone to the Office of the Inspector General hotline each of the following:

   (i) Any death of an individual occurring within 14 calendar days after discharge or transfer of the individual from a residential program or facility.

Within 24 hours after determining that there is credible evidence indicating that a criminal act may have been committed or that special expertise may be required in an investigation, the Inspector General shall notify the Department of State Police or other appropriate law enforcement authority, or ensure that such notification is made. The Department of State Police shall investigate any report from a State-operated facility indicating a possible murder, sexual assault, or other felony by an employee. All investigations conducted by the Inspector General shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

If the alleged victim is already receiving services from the Department, the Office of the Inspector General shall also make a referral to the respective Department of Human Services' Division or Bureau.

(m) Investigative reports. Upon completion of an investigation, the Office of Inspector General shall issue an investigative report identifying whether the allegations are substantiated, unsubstantiated, or unfounded. Within 10 business days after the transmittal of a completed investigative report substantiating an allegation, finding an allegation is unsubstantiated, or if a recommendation is made, the Inspector General shall provide the investigative report on the case to the Secretary and to the director of the facility or agency where any one or more of the following occurred: mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, or financial exploitation. The director of the facility or agency shall be responsible for maintaining the confidentiality of the investigative report consistent with State and federal law. In a substantiated case, the investigative report shall include any mitigating or aggravating circumstances that were identified during the investigation. If the case involves substantiated neglect, the investigative report shall also state whether egregious neglect was found. An investigative report may also set forth recommendations. All investigative reports prepared by the Office of the Inspector General shall be considered confidential and shall not be released except as provided by the law of this State or as required under applicable federal law. Unsubstantiated and unfounded reports shall not be disclosed except as allowed under Section 6 of the Abused and Neglected Long Term Care Facility Residents Reporting Act. (1) Written responses. Within 30 calendar days from receipt of a substantiated investigative report or an investigative report which contains recommendations, absent a reconsideration request, the facility or agency shall file a written response that addresses, in a concise and reasoned manner, the actions taken to: (i) protect the individual; (ii) prevent recurrences; and (iii) eliminate the problems identified. The response shall include the implementation and completion dates of such actions. If the written response is not filed within the allotted 30 calendar day period, the Secretary shall determine the appropriate corrective action to be taken.

(2) Reconsideration requests. The facility, agency, victim or guardian, or the subject employee may request that the Office of Inspector General reconsider or clarify its finding based upon additional information.

(o) Disclosure of the finding by the Inspector General. The Inspector General shall disclose the finding of an investigation to the following persons: (i) the Governor, (ii) the Secretary, (iii) the director of the facility or agency, (iv) the alleged victims and their guardians, (v) the complainant, and (vi) the accused. This information shall include whether the allegations were deemed substantiated, unsubstantiated, or unfounded.

(p) Secretary review. Upon review of the Inspector General's investigative report and any agency's or facility's written response, the Secretary shall accept or reject the written response and notify the Inspector General of that determination. The facility or agency shall be allowed an additional 30 days to send notice of completion of the action or to send an updated implementation report. If the action has not been completed within the additional 30 day period, the facility or agency shall send updated implementation reports every 60 days until completion. The Inspector General shall conduct a review of any implementation plan that takes more
than 120 days after approval to complete, and shall monitor compliance through a random review of approved written responses, which may include, but are not limited to: (i) site visits, (ii) telephone contact, and (iii) requests for additional documentation evidencing compliance.

(2) Notice to employee. Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole purpose of which is to determine if the substantiated finding warrants reporting to the registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if provided by certified mail to the employee's last known address. If the employee requests an administrative hearing, the employee shall be granted an opportunity to appear before an administrative law judge to present reasons why the employee's name should not be reported to the registry. The Department shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that the substantiated finding warrants reporting to the registry. After considering all the evidence presented, the administrative law judge shall make a recommendation to the Secretary as to whether the substantiated finding warrants reporting the name of the employee to the registry. The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

(4) Testimony at registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of abuse or neglect, or the cause thereof. No evidence shall be excluded by reason of any common law or statutory privilege relating to communications between the alleged perpetrator of abuse or neglect, or the individual alleged as the victim in the report, and the person making or investigating the report. Testimony at hearings is exempt from the confidentiality requirements of subsection (f) of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to the registry shall occur and no hearing shall be set or proceed if an employee notifies the Inspector General in writing, including any supporting documentation, that he or she is formally contesting an adverse employment action resulting from a substantiated finding by complaint filed with the Illinois Civil Service Commission, or which otherwise seeks to enforce the employee's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against an employee as a result of a finding of physical abuse, sexual abuse, or egregious neglect is overturned through an action filed with the Illinois Civil Service Commission

Upon receiving notice of such request, the Inspector General shall conduct an investigation into the petition. Upon receipt of such request, an administrative hearing will be set by the Department. At the hearing, the employee shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that removal of the name from the registry is in the public interest. The parties may jointly request that the administrative law judge consider a stipulated disposition of these proceedings.

PUBLIC ACT 100-0316
(Senate Bill No. 1807)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-19-1, 11-19-2, and 11-19-5 as follows:

(65 ILCS 5/11-19-1) (from Ch. 24, par. 11-19-1)

New matter indicated by italics - deletions by strikeout
Sec. 11-19-1. Contracts.

(a) Any city, village or incorporated town may make contracts with any other city, village, or incorporated town or with any person, corporation, or county, or any agency created by intergovernmental agreement, for more than one year and not exceeding 30 years relating to the collection and final disposition, or relating solely to either the collection or final disposition of garbage, refuse and ashes. A municipality may contract with private industry to operate a designated facility for the disposal, treatment or recycling of solid waste, and may enter into contracts with private firms or local governments for the delivery of waste to such facility. In regard to a contract involving a garbage, refuse, or garbage and refuse incineration facility, the 30 year contract limitation imposed by this Section shall be computed so that the 30 years shall not begin to run until the date on which the facility actually begins accepting garbage or refuse. The payments required in regard to any contract entered into under this Division 19 shall not be regarded as indebtedness of the city, village, or incorporated town, as the case may be, for the purpose of any debt limitation imposed by any law. On and after the effective date of this amendatory Act of the 100th General Assembly, a municipality with a population of less than 1,000,000 shall not enter into any new contracts with any other unit of local government, by intergovernmental agreement or otherwise, or with any corporation or person relating to the collecting and final disposition of general construction or demolition debris; except that this sentence does not apply to a municipality with a population of less than 1,000,000 that is a party to: (1) a contract relating to the collecting and final disposition of general construction or demolition debris on the effective date of this amendatory Act of the 100th General Assembly; or (2) the renewal or extension of a contract relating to the collecting and final disposition of general construction or demolition debris irrespective of whether the contract automatically renews, is amended, or is subject to a new request for proposal after the effective date of this amendatory Act of the 100th General Assembly.

(a-5) If a municipality with a population of less than 1,000,000 located in a county as defined in the Solid Waste and Recycling Program Act has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then the municipality may not award a franchise unless:

(1) the municipality provides prior written notice to all haulers licensed to provide waste hauling service in that

New matter indicated by italics - deletions by strikeout
municipality of the municipality's intent to issue a request for proposal under this Section;

(2) the municipality adopts an ordinance requiring each licensed hauler, for a period of no less than 36 continuous months commencing on the first day of the month following the effective date of such ordinance, to report every 6 months to the municipality the number of non-residential locations served by the hauler in the municipality and the number of non-residential locations contracting with the hauler for the recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act; and

(3) the report to the municipality required under paragraph (2) of this subsection (a-5) for the final 6 months of that 36-month period establishes that less than 50% of the non-residential locations in the municipality contract for recyclable material collection services pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act.

All such reports shall be filed with the municipality by the hauler on or before the last day of the month following the end of the 6-month reporting period. Within 15 days after the last day for licensed haulers to file such reports, the municipality shall post on its website: (i) the information provided by each hauler pursuant to paragraph (2) of this subsection (a-5), without identifying the hauler; and (ii) the aggregate number of non-residential locations served by all licensed haulers in the municipality and the aggregate number of non-residential locations contracting with all licensed haulers in the municipality for the recyclable materials collection service under Section 10 of the Solid Waste Hauling and Recycling Program Act.

(a-10) Beginning at the conclusion of the 36-month reporting period and thereafter, and upon written request of the municipality, each licensed hauler shall, for every 6-month period, report to the municipality (i) the number of non-residential locations served by the hauler in the municipality and the number of non-residential locations contracting with the hauler for the recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act, (ii) an estimate of the quantity of recyclable materials, in tons, collected by the hauler in the municipality from non-residential locations contracting with the hauler for recyclable materials collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act, and (iii) an
estimate of the quantity of municipal waste, in tons, collected by the hauler in the municipality from those non-residential locations. All reports for that 6-month period shall be filed with the municipality by the hauler on or before the last day of the month following the end of the 6-month reporting period. Within 15 days after the last day for licensed haulers to file such reports, the municipality shall post on its website: (i) the information provided by each hauler pursuant to this subsection (a-10), without identifying the hauler; and (ii) the aggregate number of non-residential locations served by all licensed haulers in the municipality and the aggregate number of non-residential locations contracting with all licensed haulers in the municipality for the recyclable materials collection service under Section 10 of the Solid Waste Hauling and Recycling Program Act.

A municipality subject to subsection (a-5) of this Section may not award a franchise unless 2 consecutive 6-month reports determine that less than 50% of the non-residential locations within the municipality contract for recyclable material collection service pursuant to Section 10 of the Solid Waste Hauling and Recycling Program Act.

(b) If a municipality with a population of less than 1,000,000 has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then that municipality may not award such a franchise without issuing a request for proposal. The municipality may not issue a request for proposal without first: (i) holding at least one public hearing seeking comment on the advisability of issuing a request for proposal and awarding a franchise; (ii) providing at least 30 days' written notice of the hearing, delivered by first class mail to all private entities that provide non-residential waste collection services within the municipality that the municipality is able to identify through its records; and (iii) providing at least 30 days' public notice of the hearing. After issuing a request for proposal, the municipality may not award a franchise without first: (i) allowing at least 30 days for proposals to be submitted to the municipality; (ii) holding at least one public hearing after the receipt of proposals on whether to award a franchise to a proposed franchisee; and (iii) providing at least 30 days' public notice of the hearing. At the public hearing, the municipality must disclose and discuss the proposed franchise fee or calculation formula of such franchise fee that it will receive under the proposed franchise.
(b-5) If no request for proposal is issued within 120 days after the initial public hearing required in subsection (b), then the municipality must hold another hearing as outlined in subsection (b).

(b-10) If a municipality has not awarded a franchise within 210 days after the date that a request for proposal is issued pursuant to subsection (b), then the municipality must adhere to all of the requirements set forth in subsections (b) and (b-5).

(b-15) The franchise fee and any other fees, taxes, or charges imposed by the municipality in connection with a franchise for the collection of waste from non-residential locations must be used exclusively for costs associated with administering the franchise program.

(c) If a municipality with a population of less than 1,000,000 has never awarded a franchise to a private entity for the collection of waste from non-residential locations, then a private entity may not begin providing waste collection services to non-residential locations under a franchise agreement with that municipality at any time before the date that is 15 months after the date the ordinance or resolution approving the award of the franchise is adopted.

(d) For purposes of this Section, "waste" means garbage, refuse, or ashes as defined in Section 11-19-2.

(e) A home rule unit may not award a franchise to a private entity for the collection of waste in a manner contrary to the provisions of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

(f) A municipality with a population of less than 1,000,000 shall not award a franchise or contract to any private entity for the collection of general construction or demolition debris from residential or non-residential locations. This subsection does not apply to a municipality with a population of less than 1,000,000 that is a party to: (1) a franchise or contract with a private entity for the collection of general construction or demolition debris from residential or non-residential locations on the effective date of this amendatory Act of the 100th General Assembly; or (2) the renewal or extension of a franchise or contract with a private entity for the collection of general construction or demolition debris from residential or non-residential locations irrespective of whether the franchise or contract automatically renews, is amended, or is subject to a new request for proposal after the effective date of this amendatory Act of the 100th General Assembly.

(2) "Refuse" means combustible trash, including, but not limited to, paper, cartons, boxes, barrels, wood, excelsior, tree branches, yard trimmings, wood furniture, bedding; noncombustible trash, including, but not limited to, metals, tin cans, metal furniture, dirt, small quantities of rock and pieces of concrete, glass, crockery, other mineral waste; street rubbish, including, but not limited to, street sweepings, dirt, leaves, catch-basin dirt, contents of litter receptacles, but refuse does not mean earth and wastes from building operations, nor shall it include solid wastes resulting from industrial processes and manufacturing operations such as food processing wastes, boiler-house cinders, lumber, scraps and shavings.

(3) "Ashes" means residue from fires used for cooking and for heating buildings.

(4) "General construction or demolition debris" has the meaning given to that term in Section 3.160 of the Environmental Protection Act. (Source: Laws 1961, p. 576.)

Sec. 11-19-5. Every city, village or incorporated town may provide such method or methods as shall be approved by the corporate authorities for the disposition of garbage, refuse and ashes. Any municipality may provide by ordinance that such method or methods shall be the exclusive method or methods for the disposition of garbage, refuse and ashes to be allowed within that municipality. Such ordinance may be enacted notwithstanding the fact that competition may be displaced or that such ordinance may have an anti-competitive effect. Such methods may include, but need not be limited to land fill, feeding of garbage to hogs, incineration, reduction to fertilizer, or otherwise. Salvage and fertilizer or other matter or things of value may be sold and the proceeds used for the operation of the system. Material that is intended or collected to be recycled is not garbage, refuse or ashes. A municipality with a population of less than 1,000,000 shall not provide by ordinance for any methods that award a franchise for the collection or final disposition of general
construction or demolition debris, except as allowed under Section 11-19-1.

Section 5. The Use Tax Act is amended by changing Sections 3-55, 3-61, and 10 as follows:

(35 ILCS 105/3-55) (from Ch. 120, par. 439.3-55)
Sec. 3-55. Multistate exemption. To prevent actual or likely multistate taxation, the tax imposed by this Act does not apply to the use of tangible personal property in this State under the following circumstances:

(a) The use, in this State, of tangible personal property acquired outside this State by a nonresident individual and brought into this State by the individual for his or her own use while temporarily within this State or while passing through this State.

(b) (Blank). The use, in this State, of tangible personal property by an interstate carrier for hire as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer executed or in effect at the time of purchase of tangible personal property by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(c) The use, in this State, by owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d) The use, in this State, of tangible personal property that is acquired outside this State and caused to be brought into this State by a person who has already paid a tax in another State in respect to the sale, purchase, or use of that property, to the extent of the amount of the tax properly due and paid in the other State.

(e) The temporary storage, in this State, of tangible personal property that is acquired outside this State and that, after being brought into this State and stored here temporarily, is used solely outside this State or is physically attached to or incorporated into other tangible personal property that is used solely outside this State, or is altered by converting, fabricating, manufacturing, printing, processing, or shaping, and, as altered, is used solely outside this State.

New matter indicated by italics - deletions by strikeout
(f) The temporary storage in this State of building materials and fixtures that are acquired either in this State or outside this State by an Illinois registered combination retailer and construction contractor, and that the purchaser thereafter uses outside this State by incorporating that property into real estate located outside this State.

(g) The use or purchase of tangible personal property by a common carrier by rail or motor that receives the physical possession of the property in Illinois, and that transports the property, or shares with another common carrier in the transportation of the property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of the property to a destination outside Illinois, for use outside Illinois.

(h) Except as provided in subsection (h-1), the use, in this State, of a motor vehicle that was sold in this State to a nonresident, even though the motor vehicle is delivered to the nonresident in this State, if the motor vehicle is not to be titled in this State, and if a drive-away permit is issued to the motor vehicle as provided in Section 3-603 of the Illinois Vehicle Code or if the nonresident purchaser has vehicle registration plates to transfer to the motor vehicle upon returning to his or her home state. The issuance of the drive-away permit or having the out-of-state registration plates to be transferred shall be prima facie evidence that the motor vehicle will not be titled in this State.

(h-1) The exemption under subsection (h) does not apply if the state in which the motor vehicle will be titled does not allow a reciprocal exemption for the use in that state of a motor vehicle sold and delivered in that state to an Illinois resident but titled in Illinois. The tax collected under this Act on the sale of a motor vehicle in this State to a resident of another state that does not allow a reciprocal exemption shall be imposed at a rate equal to the state's rate of tax on taxable property in the state in which the purchaser is a resident, except that the tax shall not exceed the tax that would otherwise be imposed under this Act. At the time of the sale, the purchaser shall execute a statement, signed under penalty of perjury, of his or her intent to title the vehicle in the state in which the purchaser is a resident within 30 days after the sale and of the fact of the payment to the State of Illinois of tax in an amount equivalent to the state's rate of tax on taxable property in his or her state of residence and shall submit the statement to the appropriate tax collection agency in his or her state of residence. In addition, the retailer must retain a signed copy of the statement in his or her records. Nothing in this subsection shall be
construed to require the removal of the vehicle from this state following the filing of an intent to title the vehicle in the purchaser's state of residence if the purchaser titles the vehicle in his or her state of residence within 30 days after the date of sale. The tax collected under this Act in accordance with this subsection (h-1) shall be proportionately distributed as if the tax were collected at the 6.25% general rate imposed under this Act.

(h-2) The following exemptions apply with respect to certain aircraft:

(1) Beginning on July 1, 2007, no tax is imposed under this Act on the purchase of an aircraft, as defined in Section 3 of the Illinois Aeronautics Act, if all of the following conditions are met:

C.F.R. 91.407;

(B) the aircraft is not based or registered in this
State either before or after the post-sale customization; and

(C) the purchaser provides the Department with a
signed and dated certification, on a form prescribed by the
Department, certifying that the requirements of this item (3)
are met. The certificate must also include the name and
address of the purchaser, the address of the location where
the aircraft is to be titled or registered, the address of the
primary physical location of the aircraft, and other

purchaser's use of the aircraft in this State, the purchaser shall file a return
with the Department and pay the tax on the fair market value of the
aircraft. This return and payment of the tax must be made no later than 30
days after the aircraft is used in a taxable manner in this State. The tax is
based on the fair market value of the aircraft on the date that it is first used

(j) Beginning on January 1, 2002 and through June 30, 2016, the use of tangible personal property purchased from an Illinois retailer by a taxpayer engaged in centralized purchasing activities in Illinois who will, upon receipt of the property in Illinois, temporarily store the property in Illinois (i) for the purpose of subsequently transporting it outside this State for use or consumption thereafter solely outside this State or (ii) for the purpose of being processed, fabricated, or manufactured into, attached to, or incorporated into other tangible personal property to be transported outside this State and thereafter used or consumed solely outside this State. The Director of Revenue shall, pursuant to rules adopted in accordance with the Illinois Administrative Procedure Act, issue a permit to any taxpayer in good standing with the Department who is eligible for the exemption under this subsection (j). New matter indicated by italics - deletions by strikeout
on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) (Blank). On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) This subsection (c) applies to motor vehicles, other than limousines, purchased through June 30, 2017. For motor vehicles, other than limousines, purchased on or after July 1, 2017, subsection (d-5) applies. This subsection (c) applies to limousines purchased before, on, or after July 1, 2017. "Use Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraph paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles, other than limousines, purchased through June 30, 2017.
vehicles used as rolling stock moving in interstate commerce may be claimed only for the following vehicles: (i) motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds; and (ii) limousines, as defined in Section 1-139.1 of the Illinois Vehicle Code. Through June 30, 2017, this definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof. On and after July 1, 2017, this definition applies to property purchased for the purpose of being attached to limousines as a part thereof.

(d) For purchases made through June 30, 2017 Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraph paragraphs (b) and (c) of Section 3-55 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer,
semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailers, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

(d-5) For motor vehicles and trailers purchased on or after July 1, 2017, "use as rolling stock moving in interstate commerce" means that:

(1) the motor vehicle or trailer is used to transport persons or property for hire;

(2) for purposes of the exemption under subsection (c) of Section 3-55, the purchaser who is an owner, lessor, or shipper claiming the exemption certifies that the motor vehicle or trailer will be utilized, from the time of purchase and continuing through the statute of limitations for issuing a notice of tax liability under this Act, by an interstate carrier or carriers for hire who hold, and are required by Federal Motor Carrier Safety Administration regulations to hold, an active USDOT Number with the Carrier Operation listed as "Interstate" and the Operation Classification listed as "authorized for hire", "exempt for hire", or both "authorized for hire" and "exempt for hire"; except that this paragraph (2) does not apply to a motor vehicle or trailer used at an airport to support the operation of an aircraft moving in

New matter indicated by italics - deletions by strikeout
interstate commerce, as long as (i) in the case of a motor vehicle, the motor vehicle meets paragraphs (1) and (3) of this subsection (d-5) or (ii) in the case of a trailer, the trailer meets paragraph (1) of this subsection (d-5); and

(3) for motor vehicles, the gross vehicle weight rating exceeds 16,000 pounds.

The definition of "use as rolling stock moving in interstate commerce" in this subsection (d-5) applies to all property purchased on or after July 1, 2017 for the purpose of being attached to a motor vehicle or trailer as a part thereof, regardless of whether the motor vehicle or trailer was purchased before, on, or after July 1, 2017.

If an item ceases to meet requirements (1) through (3) under this subsection (d-5), then the tax is imposed on the selling price, allowing for a reasonable depreciation for the period during which the item qualified for the exemption.

For purposes of this subsection (d-5):

"Motor vehicle" excludes limousines, but otherwise means that term as defined in Section 1-146 of the Illinois Vehicle Code.

"Trailer" means (i) "trailer", as defined in Section 1-209 of the Illinois Vehicle Code, (ii) "semitrailer", as defined in Section 1-187 of the Illinois Vehicle Code, and (iii) "pole trailer", as defined in Section 1-161 of the Illinois Vehicle Code.

(e) For aircraft and watercraft purchased on or after January 1, 2014, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs when, during a 12-month period, the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. For aircraft, flight hours may be used in lieu of recording miles in determining whether the aircraft meets the mileage test in this subsection. For watercraft, nautical miles or trip hours may be used in lieu of recording miles in determining whether the watercraft meets the mileage test in this subsection.

Notwithstanding any other provision of law to the contrary, property purchased on or after January 1, 2014 for the purpose of being
attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce only if the aircraft or watercraft to which it will be attached qualifies as rolling stock moving in interstate commerce under the test set forth in this subsection (e), regardless of when the aircraft or watercraft was purchased. Persons who purchased aircraft or watercraft prior to January 1, 2014 shall make an election to use either the trips or mileage method and document that election in their books and records for the purpose of determining whether property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce under this subsection (e).

(f) The election to use either the trips or mileage method made under the provisions of subsections (c), (d), or (e) of this Section will remain in effect for the duration of the purchaser's ownership of that item.

(35 ILCS 105/10) (from Ch. 120, par. 439.10)

Sec. 10. Except as to motor vehicles, aircraft, watercraft, and trailers, and except as to cigarettes as defined in the Cigarette Use Tax Act, when tangible personal property is purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and who does not file returns with the Department as a retailer under Section 9 of this Act, such purchaser (by the last day of the month following the calendar month in which such purchaser makes any payment upon the selling price of such property) shall, except as otherwise provided in this Section, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser during the preceding calendar month. When tangible personal property, including but not limited to motor vehicles and aircraft, is purchased by a lessor, under a lease for one year or longer, executed or in effect at the time of purchase to an interstate carrier for hire, who did not pay the tax imposed by this Act to the retailer, such lessor (by the last day of the month following the calendar month in which such property reverts to the use of such lessor) shall file a return with the Department and pay the tax upon the fair market value of such property on the date of such reversion. However, in determining the fair market value at the time of reversion, the fair market value of such property shall not exceed the original purchase price of the property that was paid by the lessor at the time of purchase. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. Such return
and payment from the purchaser shall be submitted to the Department sooner than the last day of the month after the month in which the purchase is made to the extent that that may be necessary in order to secure the title to a motor vehicle or the certificate of registration for an aircraft. However, except as to motor vehicles and aircraft, and except as to cigarettes as defined in the Cigarette Use Tax Act, if the purchaser's annual use tax liability does not exceed $600, the purchaser may file the return on an annual basis on or before April 15th of the year following the year use tax liability was incurred. Individual purchasers with an annual use tax liability that does not exceed $600 may, in lieu of the filing and payment requirements in this Section, file and pay in compliance with Section 502.1 of the Illinois Income Tax Act.

If cigarettes, as defined in the Cigarette Use Tax Act, are purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and who does not file returns with the Department as a retailer under Section 9 of this Act, such purchaser must, within 30 days after acquiring the cigarettes, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser for the cigarettes.

In addition with respect to motor vehicles, aircraft, watercraft, and trailers, a purchaser of such tangible personal property for use in this State, who purchases such tangible personal property from an out-of-state retailer, shall file with the Department, upon a form to be prescribed and supplied by the Department, a return for each such item of tangible personal property purchased, except that if, in the same transaction, (i) a purchaser of motor vehicles, aircraft, watercraft, or trailers who is a retailer of motor vehicles, aircraft, watercraft, or trailers purchases more than one motor vehicle, aircraft, watercraft, or trailer for the purpose of resale or (ii) a purchaser of motor vehicles, aircraft, watercraft, or trailer for the purpose of use as qualifying rolling stock as provided in Section 3-55 of this Act, then the purchaser may report the purchase of all motor vehicles, aircraft, watercraft, or trailers involved in that transaction to the Department on a single return prescribed by the Department. Such return in the case of motor vehicles and aircraft must show the name and address of the seller, the name, address of purchaser, the amount of the selling price including the amount allowed by the retailer for traded in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for

the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the purchaser with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such return shall be filed not later than 30 days after such motor vehicle or aircraft is brought into this State for use.

For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such return, the purchaser shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

When a purchaser pays a tax imposed by this Act directly to the Department, the Department (upon request therefor from such purchaser) shall issue an appropriate receipt to such purchaser showing that he has paid such tax to the Department. Such receipt shall be sufficient to relieve the purchaser from further liability for the tax to which such receipt may refer.

A user who is liable to pay use tax directly to the Department only occasionally and not on a frequently recurring basis, and who is not

required to file returns with the Department as a retailer under Section 9 of this Act, or under the "Retailers' Occupation Tax Act", or as a registrant with the Department under the "Service Occupation Tax Act" or the "Service Use Tax Act", need not register with the Department. However, if such a user has a frequently recurring direct use tax liability to pay to the Department, such user shall be required to register with the Department on forms prescribed by the Department and to obtain and display a certificate of registration from the Department. In that event, all of the provisions of Section 9 of this Act concerning the filing of regular monthly, quarterly or annual tax returns and all of the provisions of Section 2a of the "Retailers' Occupation Tax Act" concerning the requirements for registrants to post bond or other security with the Department, as the provisions of such sections now exist or may hereafter be amended, shall apply to such users to the same extent as if such provisions were included herein.

When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him or her by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits and service, and shall be determined without any deduction on account of the serviceman's cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act.

Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax. The exemption provided by this paragraph (5) does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

The

provisions of this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the
time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of service or of tangible personal property within the meaning of this Act.

"Serviceman" means any person who is engaged in the occupation of making sales of service.

"Sale at retail" means "sale at retail" as defined in the Retailers' Occupation Tax Act.

"Supplier" means any person who makes sales of tangible personal property to servicemen for the purpose of resale as an incident to a sale of service.

"Serviceman maintaining a place of business in this State", or any like term, means and includes any serviceman:

1. having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the serviceman or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or

temporarily, or whether such serviceman or subsidiary is licensed
to do business in this State;

1.1. having a contract with a person located in this State
under which the person, for a commission or other consideration
based on the sale of service by the serviceman, directly or
indirectly refers potential customers to the serviceman by providing
to the potential customers a promotional code or other mechanism
that allows the serviceman to track purchases referred by such
persons. Examples of mechanisms that allow the serviceman to
track purchases referred by such persons include but are not limited
to the use of a link on the person's Internet website, promotional
codes distributed through the person's hand-delivered or mailed
material, and promotional codes distributed by the person through
radio or other broadcast media. The provisions of this paragraph
1.1 shall apply only if the cumulative gross receipts from sales of
service by the serviceman to customers who are referred to the
serviceman by all persons in this State under such contracts exceed
$10,000 during the preceding 4 quarterly periods ending on the last
day of March, June, September, and December; a serviceman
meeting the requirements of this paragraph 1.1 shall be presumed
to be maintaining a place of business in this State but may rebut
this presumption by submitting proof that the referrals or other
activities pursued within this State by such persons were not
sufficient to meet the nexus standards of the United States
Constitution during the preceding 4 quarterly periods;

1.2. beginning July 1, 2011, having a contract with a person

A. the serviceman sells the same or substantially
similar line of services as the person located in this State
and does so using an identical or substantially similar name,
trade name, or trademark as the person located in this State;
and

B. the serviceman provides a commission or other
consideration to the person located in this State based upon
the sale of services by the serviceman.

The provisions of this paragraph 1.2 shall apply only if the
cumulative gross receipts from sales of service by the serviceman
to customers in this State under all such contracts exceed $10,000
during the preceding 4 quarterly periods ending on the last day of March, June, September, and December;

2. soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this State;

3. pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions;

4. soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities;

5. being owned or controlled by the same interests which own or control any retailer engaging in business in the same or similar line of business in this State;

6. having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this Section;

7. pursuant to a contract with a cable television operator located in this State, soliciting orders for tangible personal property by means of advertising which is transmitted or distributed over a cable television system in this State; or

8. engaging in activities in Illinois, which activities in the state in which the supply business engaging in such activities is located would constitute maintaining a place of business in that state.

15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof:

(b) (Blank). On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and subsection (b) of Section 3-45 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken:

(c) This subsection (c) applies to motor vehicles, other than limousines, purchased through June 30, 2017. For motor vehicles, other than limousines, purchased on or after July 1, 2017, subsection (d-5) applies. This subsection (c) applies to limousines purchased before, on, or after July 1, 2017. Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and subsection (b) of Section 3-45 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the

motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for the following vehicles: (i) motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds; and (ii) limousines, as defined in Section 1-139.1 of the Illinois Vehicle Code. Through June 30, 2017, this definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof. On and after July 1, 2017, this definition applies to property purchased for the purpose of being attached to limousines as a part thereof.

(d) For purchases made through June 30, 2017 Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and subsection (b) of Section 3-45 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

New matter indicated by italics - deletions by strikeout
(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailers, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

(d-5) For motor vehicles and trailers purchased on or after July 1, 2017, "use as rolling stock moving in interstate commerce" means that:

(1) the motor vehicle or trailer is used to transport persons or property for hire;

(2) for purposes of the exemption under paragraph (4a) of the definition of "sale of service" in Section 2, the purchaser who is an owner, lessor, or shipper claiming the exemption certifies that the motor vehicle or trailer will be utilized, from the time of purchase and continuing through the statute of limitations for issuing a notice of tax liability under this Act, by an interstate carrier or carriers for hire who hold, and are required by Federal Motor Carrier Safety Administration regulations to hold, an active USDOT Number with the Carrier Operation listed as "Interstate" and the Operation Classification listed as "authorized for hire",

"exempt for hire", or both "authorized for hire" and "exempt for hire"; except that this paragraph (2) does not apply to a motor vehicle or trailer used at an airport to support the operation of an aircraft moving in interstate commerce, as long as (i) in the case of a motor vehicle, the motor vehicle meets paragraphs (1) and (3) of this subsection (d-5) or (ii) in the case of a trailer, the trailer meets paragraph (1) of this subsection (d-5); and

(3) for motor vehicles, the gross vehicle weight rating exceeds 16,000 pounds.

The definition of "use as rolling stock moving in interstate commerce" in this subsection (d-5) applies to all property purchased on or after July 1, 2017 for the purpose of being attached to a motor vehicle or trailer as a part thereof, regardless of whether the motor vehicle or trailer was purchased before, on, or after July 1, 2017.

If an item ceases to meet requirements (1) through (3) under this subsection (d-5), then the tax is imposed on the selling price, allowing for a reasonable depreciation for the period during which the item qualified for the exemption.

For purposes of this subsection (d-5):

"Motor vehicle" excludes limousines, but otherwise means that term as defined in Section 1-146 of the Illinois Vehicle Code.

"Trailer" means (i) "trailer", as defined in Section 1-209 of the Illinois Vehicle Code, (ii) "semitrailer", as defined in Section 1-187 of the Illinois Vehicle Code, and (iii) "pole trailer", as defined in Section 1-161 of the Illinois Vehicle Code.

(e) For aircraft and watercraft purchased on or after January 1, 2014, "use as rolling stock moving in interstate commerce" in (i) paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and (ii) subsection (b) of Section 3-45 occurs when, during a 12-month period, the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. For aircraft, flight hours may be used in lieu of recording miles in determining whether the aircraft meets the mileage test in this subsection. For watercraft, nautical miles or trip hours may be used in lieu of
recording miles in determining whether the watercraft meets the mileage test in this subsection.

Notwithstanding any other provision of law to the contrary, property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce only if the aircraft or watercraft to which it will be attached qualifies as rolling stock moving in interstate commerce under the test set forth in this subsection (e), regardless of when the aircraft or watercraft was purchased. Persons who purchased aircraft or watercraft prior to January 1, 2014 shall make an election to use either the trips or mileage method and document that election in their books and records for the purpose of determining whether property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce under this subsection (e).

(f) The election to use either the trips or mileage method made under the provisions of subsections (c), (d), or (e) of this Section will remain in effect for the duration of the purchaser's ownership of that item.

expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Occupation Tax or Service Use Tax, rather than Retailers' Occupation Tax or Use Tax. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

The machinery and equipment exemption does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further for purposes of exemption (e), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential
to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The purchaser of such machinery and equipment and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit.

Except as provided in Section 2d of this Act, the rolling stock exemption applies to rolling stock used by an interstate carrier for hire, even just between points in Illinois, if such rolling stock transports, for hire, persons whose journeys or property whose shipments originate or terminate outside Illinois.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (e) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (c) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

"Serviceman" means any person who is engaged in the occupation of making sales of service.
"Sale at Retail" means "sale at retail" as defined in the Retailers' Occupation Tax Act.

"Supplier" means any person who makes sales of tangible personal property to servicemen for the purpose of resale as an incident to a sale of service.

This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof:

(b) (Blank).

Trips that are only between points in Illinois will not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips will be included in total trips taken:

(c) This subsection (c) applies to motor vehicles, other than limousines, purchased through June 30, 2017. For motor vehicles, other than limousines, purchased on or after July 1, 2017, subsection (d-5) applies. This subsection (c) applies to limousines purchased before, on, or after July 1, 2017. "Use Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraph paragraphs (d) and (d-1) of the definition of "sale of service" in Section 2 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in

interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for the following vehicles: (i) motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds; and (ii) limousines, as defined in Section 1-139.1 of the Illinois Vehicle Code. Through June 30, 2017, this definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof. On and after July 1, 2017, this definition applies to property purchased for the purpose of being attached to limousines as a part thereof.

(d) For purchases made through June 30, 2017 Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraph paragraphs (d) and (d-1) of the definition of "sale of service" in Section 2 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(1) the motor vehicle or trailer is used to transport persons or property for hire;

New matter indicated by italics - deletions by strikeout
(2) for purposes of the exemption under paragraph (d-1) of the definition of "sale of service" in Section 2, the purchaser who is an owner, lessor, or shipper claiming the exemption certifies that the motor vehicle or trailer will be utilized, from the time of purchase and continuing through the statute of limitations for issuing a notice of tax liability under this Act, by an interstate carrier or carriers for hire who hold, and are required by Federal Motor Carrier Safety Administration regulations to hold, an active USDOT Number with the Carrier Operation listed as "Interstate" and the Operation Classification listed as "authorized for hire", "exempt for hire", or both "authorized for hire" and "exempt for hire"; except that this paragraph (2) does not apply to a motor vehicle or trailer used at an airport to support the operation of an aircraft moving in interstate commerce, as long as (i) in the case of a motor vehicle, the motor vehicle meets paragraphs (1) and (3) of this subsection (d-5) or (ii) in the case of a trailer, the trailer meets paragraph (1) of this subsection (d-5); and

(3) for motor vehicles, the gross vehicle weight rating exceeds 16,000 pounds.

The definition of "use as rolling stock moving in interstate commerce" in this subsection (d-5) applies to all property purchased on or after July 1, 2017 for the purpose of being attached to a motor vehicle or trailer as a part thereof, regardless of whether the motor vehicle or trailer was purchased before, on, or after July 1, 2017.

If an item ceases to meet requirements (1) through (3) under this subsection (d-5), then the tax is imposed on the selling price, allowing for a reasonable depreciation for the period during which the item qualified for the exemption.

For purposes of this subsection (d-5):

"Trailer" means (i) "trailer", as defined in Section 1-209 of the Illinois Vehicle Code, (ii) "semitrailer", as defined in Section 1-187 of the Illinois Vehicle Code, and (iii) "pole trailer", as defined in Section 1-161 of the Illinois Vehicle Code.

(e) For aircraft and watercraft purchased on or after January 1, 2014, "use as rolling stock moving in interstate commerce" in paragraph paragraphs (d) and (d-1) of the definition of "sale of service" in Section 2 occurs when, during a 12-month period, the rolling stock has carried
persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. For aircraft, flight hours may be used in lieu of recording miles in determining whether the aircraft meets the mileage test in this subsection. For watercraft, nautical miles or trip hours may be used in lieu of recording miles in determining whether the watercraft meets the mileage test in this subsection.

Notwithstanding any other provision of law to the contrary, property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce only if the aircraft or watercraft to which it will be attached qualifies as rolling stock moving in interstate commerce under the test set forth in this subsection (e), regardless of when the aircraft or watercraft was purchased. Persons who purchased aircraft or watercraft prior to January 1, 2014 shall make an election to use either the trips or mileage method and document that election in their books and records for the purpose of determining whether property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce under this subsection (e).

nonresident purchaser has vehicle registration plates to transfer to the
car upon returning to his or her home state. The issuance of the
drive-away permit or having the out-of-state registration plates to be
transferred is prima facie evidence that the motor vehicle will not be titled

(25-5) The exemption under item (25) does not apply if the state in
which the motor vehicle will be titled does not allow a reciprocal

a motor vehicle in this State to a resident of another state that does not
allow a reciprocal exemption shall be imposed at a rate equal to the state's
rate of tax on taxable property in the state in which the purchaser is a
resident, except that the tax shall not exceed the tax that would otherwise
be imposed under this Act. At the time of the sale, the purchaser shall
execute a statement, signed under penalty of perjury, of his or her intent to
title the vehicle in the state in which the purchaser is a resident within 30
days after the sale and of the fact of the payment to the State of Illinois of

his or her state of residence and shall submit the statement to the
appropriate tax collection agency in his or her state of residence. In
addition, the retailer must retain a signed copy of the statement in his or
her records. Nothing in this item shall be construed to require the removal
of the vehicle from this state following the filing of an intent to title the
vehicle in the purchaser's state of residence if the purchaser titles the
vehicle in his or her state of residence within 30 days after the date of sale.
The tax collected under this Act in accordance with this item (25-5) shall
be proportionately distributed as if the tax were collected at the 6.25%
general rate imposed under this Act.

Sec. 2-51. Motor vehicles; trailers; use as rolling stock definition.
(a) (Blank). Through June 30, 2003, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code,
and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) (Blank). On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) This subsection (c) applies to motor vehicles, other than limousines, purchased through June 30, 2017. For motor vehicles, other than limousines, purchased on or after July 1, 2017, subsection (d-5) applies. This subsection (c) applies to limousines purchased before, on, or after July 1, 2017. Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraph paragraphs (12) and (13) of Section 2-5 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose

shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for the following vehicles: (i) motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds; and (ii) limousines, as defined in Section 1-139.1 of the Illinois Vehicle Code. 

*Through June 30, 2017, this definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof. On and after July 1, 2017, this definition applies to property purchased for the purpose of being attached to limousines as a part thereof.*

(d) For purchases made through June 30, 2017, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer,
semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailers, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

(d-5) For motor vehicles and trailers purchased on or after July 1, 2017, "use as rolling stock moving in interstate commerce" means that:

(1) the motor vehicle or trailer is used to transport persons or property for hire;

(2) for purposes of the exemption under paragraph (13) of Section 2-5, the purchaser who is an owner, lessor, or shipper claiming the exemption certifies that the motor vehicle or trailer will be utilized, from the time of purchase and continuing through the statute of limitations for issuing a notice of tax liability under this Act, by an interstate carrier or carriers for hire who hold, and are required by Federal Motor Carrier Safety Administration regulations to hold, an active USDOT Number with the Carrier Operation listed as "Interstate" and the Operation Classification listed as "authorized for hire", "exempt for hire", or both "authorized for hire" and "exempt for hire"; except that this paragraph (2) does not apply to a motor vehicle or trailer used at an airport to support the operation of an aircraft moving in

interstate commerce, as long as (i) in the case of a motor vehicle, the motor vehicle meets paragraphs (1) and (3) of this subsection (d-5) or (ii) in the case of a trailer, the trailer meets paragraph (1) of this subsection (d-5); and

(3) for motor vehicles, the gross vehicle weight rating exceeds 16,000 pounds.

The definition of "use as rolling stock moving in interstate commerce" in this subsection (d-5) applies to all property purchased on or after July 1, 2017 for the purpose of being attached to a motor vehicle or trailer as a part thereof, regardless of whether the motor vehicle or trailer was purchased before, on, or after July 1, 2017.

If an item ceases to meet requirements (1) through (3) under this subsection (d-5), then the tax is imposed on the selling price, allowing for a reasonable depreciation for the period during which the item qualified for the exemption.

For purposes of this subsection (d-5):

"Motor vehicle" excludes limousines, but otherwise means that term as defined in Section 1-146 of the Illinois Vehicle Code.

"Trailer" means (i) "trailer", as defined in Section 1-209 of the Illinois Vehicle Code, (ii) "semitrailer", as defined in Section 1-187 of the Illinois Vehicle Code, and (iii) "pole trailer", as defined in Section 1-161 of the Illinois Vehicle Code.

(e) For aircraft and watercraft purchased on or after January 1, 2014, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs when, during a 12-month period, the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. For aircraft, flight hours may be used in lieu of recording miles in determining whether the aircraft meets the mileage test in this subsection. For watercraft, nautical miles or trip hours may be used in lieu of recording miles in determining whether the watercraft meets the mileage test in this subsection.

Notwithstanding any other provision of law to the contrary, property purchased on or after January 1, 2014 for the purpose of being
attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce only if the aircraft or watercraft to which it will be attached qualifies as rolling stock moving in interstate commerce under the test set forth in this subsection (e), regardless of when the aircraft or watercraft was purchased. Persons who purchased aircraft or watercraft prior to January 1, 2014 shall make an election to use either the trips or mileage method and document that election in their books and records for the purpose of determining whether property purchased on or after January 1, 2014 for the purpose of being attached to aircraft or watercraft as a part thereof qualifies as rolling stock moving in interstate commerce under this subsection (e).

(f) The election to use either the trips or mileage method made under the provisions of subsections (c), (d), or (e) of this Section will remain in effect for the duration of the purchaser's ownership of that item.

(225 ILCS 605/3.6)

Sec. 3.6. Acceptance of stray dogs and cats.

(a) No animal shelter may accept a stray dog or cat unless the animal is reported by the shelter to the animal control or law enforcement of the county in which the animal is found by the next business day. An animal shelter may accept animals from: (1) the owner of the animal where the owner signs a relinquishment form which states he or she is the owner of the animal; (2) an animal shelter licensed under this Act; or (3) an out-of-state animal control facility, rescue group, or animal shelter that is duly licensed in their state or is a not-for-profit organization.

(b) When stray dogs and cats are accepted by an animal shelter, they must be scanned for the presence of a microchip and examined for other currently-acceptable methods of identification, including, but not limited to, identification tags, tattoos, and rabies license tags. The examination for identification shall be done within 24 hours after the intake of each dog or cat. The animal shelter shall notify the owner and transfer any dog with an identified owner to the animal control or law enforcement agency in the jurisdiction in which it was found or the local animal control agency for redemption.

(c) If no transfer can occur, the animal shelter shall make every reasonable attempt to contact the owner, agent, or caretaker as soon as possible. The animal shelter shall give notice of not less than 7 business days to the owner, agent, or caretaker prior to disposal of the animal. The notice shall be mailed to the last known address of the owner, agent, or caretaker. Testimony of the animal shelter, or its authorized agent, who mails the notice shall be evidence of the receipt of the notice by the owner, agent, or caretaker of the animal. A mailed notice shall remain the primary means of owner, agent, or caretaker contact; however, the animal shelter shall also attempt to contact the owner, agent, or caretaker by any other contact information, such as by telephone or email address, provided by

the microchip or other method of identification found on the dog or cat. If the dog or cat has been microchipped and the primary contact listed by the chip manufacturer cannot be located or refuses to reclaim the dog or cat, an attempt shall be made to contact any secondary contacts listed by the chip manufacturer prior to adoption, transfer, or euthanization. Prior to transferring any stray dog or cat to another humane shelter, pet store, or rescue group, or euthanization, the dog or cat shall be scanned again for the presence of a microchip and examined for other means of identification. If a second scan provides the same identifying information as the initial intake scan and the owner, agent, or caretaker has not been located or refuses to reclaim the dog or cat, the animal shelter may proceed with adoption, transfer, or euthanization.

(d) When stray dogs and cats are accepted by an animal shelter and no owner can be identified, the shelter shall hold the animal for the period specified in local ordinance prior to adoption, transfer, or euthanasia. The animal shelter shall allow access to the public to view the animals housed there. If a dog is identified by an owner who desires to make redemption of it, the dog shall be transferred to the local animal control for redemption. If no transfer can occur, the animal shelter shall proceed pursuant to Section 3.7. Upon lapse of the hold period specified in local ordinance and no owner can be identified, ownership of the animal, by operation of law, transfers to the shelter that has custody of the animal.

(e) No representative of an animal shelter may enter private property and remove an animal without permission from the property owner and animal owner, nor can any representative of an animal shelter direct another individual to enter private property and remove an animal unless that individual is an approved humane investigator (approved by the Department) operating pursuant to the provisions of the Humane Care for Animals Act.

(f) Nothing in this Section limits an animal shelter and an animal control facility who, through mutual agreement, wish to enter into an agreement for animal control, boarding, holding, or other services provided that the agreement requires parties adhere to the provisions of the Animal Control Act, the Humane Euthanasia in Animal Shelters Act, and the Humane Care for Animals Act.

(a-5) All dogs and cats shall be microchipped by a pet shop operator prior to sale.

(b) The information required in subsection (a) shall be provided to the customer in written form by the pet shop operator and shall have an acknowledgement of disclosures form, which must be signed by the customer and the pet shop operator at the time of sale. The acknowledgement of disclosures form shall include the following:

New matter indicated by italics - deletions by strikeout
(1) within 21 days after the date of sale, a licensed veterinarian states in writing that at the time of sale (A) the dog or cat was unfit for purchase due to illness or disease, the presence of symptoms of a contagious or infectious disease, or obvious signs of severe parasitism that are extreme enough to influence the general health of the animal, excluding fleas or ticks, or (B) the dog or cat has died from a disease that existed in the dog or cat on or before the date of delivery to the customer; or

(2) within one year after the date of sale, a licensed veterinarian states in writing that the dog or cat possesses a congenital or hereditary condition that adversely affects the health of the dog or cat or requires either hospitalization or a non-elective surgical procedure or has died of a congenital or hereditary condition. Internal or external parasites may not be considered to adversely affect the health of the dog unless the presence of the parasites makes the dog or cat clinically ill. The veterinarian's statement shall include:

(A) the customer's name and address;
(B) a statement that the veterinarian examined the dog or cat;
(C) the date or dates that the dog or cat was examined;
(D) the breed and age of the dog or cat, if known;
(E) a statement that the dog or cat has or had a disease, illness, or congenital or hereditary condition that is subject to remedy; and
(F) the findings of the examination or necropsy, including any lab results or copies of the results.

(g) A customer entitled to a remedy under subsection (f) of this Section may:

(1) return the dog or cat to the pet shop for a full refund of the purchase price;
(2) exchange the dog or cat for another dog or cat of comparable value chosen by the customer;
(3) retain the dog or cat and be reimbursed for reasonable veterinary fees for diagnosis and treatment of the dog or cat, not to exceed the purchase price of the dog or cat; or
(4) if the dog or cat is deceased, be reimbursed for the full purchase price of the dog or cat plus reasonable veterinary fees.

associated with the diagnosis and treatment of the dog or cat, not to exceed one times the purchase price of the dog or cat.

For the purposes of this subsection (g), veterinary fees shall be considered reasonable if (i) the services provided are appropriate for the diagnosis and treatment of the disease, illness, or congenital or hereditary condition and (ii) the cost of the services is comparable to that charged for similar services by other licensed veterinarians located in close proximity to the treating veterinarian.

(h) Unless the pet shop contests a reimbursement required under subsection (g) of this Section, the reimbursement shall be made to the customer no later than 10 business days after the pet shop operator receives the veterinarian's statement under subsection (f) of this Section.

(i) To obtain a remedy under this Section, a customer shall:

(1) notify the pet shop as soon as reasonably possible and not to exceed 3 business days after a diagnosis by a licensed veterinarian of a disease, illness, or congenital or hereditary condition of the dog or cat for which the customer is seeking a remedy;

(2) provide to the pet shop a written statement provided for under subsection (f) of this Section by a licensed veterinarian within 5 business days after a diagnosis by the veterinarian;

(3) upon request of the pet shop, take the dog or cat for an examination by a second licensed veterinarian; the customer may either choose the second licensed veterinarian or allow the pet shop to choose the second veterinarian, if the pet shop agrees to do so. The party choosing the second veterinarian shall assume the cost of the resulting examination; and

(4) if the customer requests a reimbursement of veterinary fees, provide to the pet shop an itemized bill for the disease, illness, or congenital or hereditary condition of the dog or cat for which the customer is seeking a remedy.

(j) A customer is not entitled to a remedy under this Section if:

(1) the illness or death resulted from: (A) maltreatment or neglect by the customer; (B) an injury sustained after the delivery of the dog or cat to the customer; or (C) an illness or disease contracted after the delivery of the dog or cat to the customer;

(2) the customer does not carry out the recommended treatment prescribed by the veterinarian who made the diagnosis; or

New matter indicated by italics - deletions by strikeout
(3) the customer does not return to the pet shop all documents provided to register the dog or cat, unless the documents have already been sent to the registry organization.

(k) A pet shop may contest a remedy under this Section by having the dog or cat examined by a second licensed veterinarian pursuant to paragraph (3) of subsection (i) of this Section if the dog or cat is still living. If the dog or cat is deceased, the pet shop may choose to have the second veterinarian review any records provided by the veterinarian who examined or treated the dog or cat for the customer before its death.

If the customer and the pet shop have not reached an agreement within 10 business days after the examination of the medical records and the dog or cat, if alive, or the dog's or cat's medical records, if deceased, by the second veterinarian, then:

(1) the customer may bring suit in a court of competent jurisdiction to resolve the dispute; or

(2) if the customer and the pet shop agree in writing, the parties may submit the dispute to binding arbitration.

If the court or arbiter finds that either party acted in bad faith in seeking or denying the requested remedy, then the offending party may be required to pay reasonable attorney's fees and court costs of the adverse party.

(l) This Section shall not apply to any adoption of dogs or cats, including those in which a pet shop or other organization rents or donates space to facilitate the adoption.

(m) If a pet shop offers its own warranty on a pet, a customer may choose to waive the remedies provided under subsection (f) of this Section in favor of choosing the warranty provided by the pet shop. If a customer waives the rights provided by subsection (f), the only remedies available to the customer are those provided by the pet shop's warranty. For the statement to be an effective waiver of the customer's right to refund or exchange the animal under subsection (f), the pet shop must provide, in writing, a statement of the remedy under subsection (f) that the customer is waiving as well as a written copy of the pet shop's warranty. For the statement to be an effective waiver of the customer's right to refund or exchange the animal under subsection (f), it shall be substantially similar to the following language:

"I have agreed to accept the warranty provided by the pet shop in lieu of the remedies under subsection (f) of Section 3.15 of the Animal Welfare Act. I have received a copy of the pet shop's warranty."
warranty and a statement of the remedies provided under subsection (f) of Section 3.15 of the Animal Welfare Act. This is a waiver pursuant to subsection (m) of Section 3.15 of the Animal Welfare Act whereby I, the customer, relinquish any and all right to return the animal for congenital and hereditary disorders provided by subsection (f) of Section 3.15 of the Animal Welfare Act. I agree that my exclusive remedy is the warranty provided by the pet shop at the time of sale."

Sec. 55. Prohibited activities.

(a) No person shall:

(1) Cause or allow the open dumping of any used or waste tire.

(2) Cause or allow the open burning of any used or waste tire.

(3) Except at a tire storage site which contains more than 50 used tires, cause or allow the storage of any used tire unless the tire is altered, reprocessed, converted, covered, or otherwise prevented from accumulating water.

(4) Cause or allow the operation of a tire storage site except in compliance with Board regulations.

New matter indicated by italics - deletions by strikeout
(5) Abandon, dump or dispose of any used or waste tire on private or public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.

(b) (Blank.)

(b-1) Beginning January 1, 1995, no person shall knowingly mix any used or waste tire, either whole or cut, with municipal waste, and no owner or operator of a sanitary landfill shall accept any used or waste tire for final disposal; except that used or waste tires, when separated from other waste, may be accepted if: (1) the sanitary landfill provides and maintains a means for shredding, slitting, or chopping whole tires and so treats whole tires and, if approved by the Agency in a permit issued under this Act, uses the used or waste tires for alternative uses, which may include on-site practices such as lining of roadways with tire scraps, alternative daily cover, or use in a leachate collection system or (2) the sanitary landfill, by its notification to the Illinois Industrial Materials Exchange Service, makes available the used or waste tire to an appropriate facility for reuse, reprocessing, or converting, including use as an alternate energy fuel. If, within 30 days after notification to the Illinois Industrial Materials Exchange Service of the availability of waste tires, no specific request for the used or waste tires is received by the sanitary landfill, and the sanitary landfill determines it has no alternative use for those used or waste tires, the sanitary landfill may dispose of slit, chopped, or shredded used or waste tires in the sanitary landfill. In the event the physical condition of a used or waste tire makes shredding, slitting, chopping, reuse, reprocessing, or other alternative use of the used or waste tire impractical or infeasible, then the sanitary landfill, after authorization by the Agency, may accept the used or waste tire for disposal.

Sanitary landfills and facilities for reuse, reprocessing, or converting, including use as alternative fuel, shall (i) notify the Illinois Industrial Materials Exchange Service of the availability of and demand for used or waste tires and (ii) consult with the Department of Commerce and Economic Opportunity regarding the status of marketing of waste tires to facilities for reuse.

(c) Any person who sells new or used tires at retail or operates a tire storage site or a tire disposal site which contains more than 50 used or waste tires shall give notice of such activity to the Agency. Any person engaging in such activity for the first time after January 1, 1990, shall give

location.

(d) Beginning January 1, 1992, no person shall cause or allow the
operation of:

(1) a tire storage site which contains more than 50 used
tires, unless the owner or operator, by January 1, 1992 (or the

(d-6) No person shall cause or allow the operation of a tire storage site in violation of the financial assurance rules established by the Board under subsection (b) of Section 55.2 of this Act. In addition to the remedies otherwise provided under this Act, the State's Attorney of the county in which the violation occurred, or the Attorney General, may, at the request of the Agency or on his or her own motion, institute a civil action for an immediate injunction, prohibitory or mandatory, to restrain any violation of this subsection (d-6) or to require any other action as may be necessary to abate or mitigate any immediate danger or threat to public health or the environment at the site. AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Income Tax Act is amended by changing Section 220 as follows:

(35 ILCS 5/220)

Sec. 220. Angel investment credit.

(a) As used in this Section:

"Applicant" means a corporation, partnership, limited liability company, or a natural person that makes an investment in a qualified new business venture. The term "applicant" does not include a corporation, partnership, limited liability company, or a natural person who has a direct or indirect ownership interest of at least 51% in the profits, capital, or value of the investment or a related member.

New matter indicated by italics - deletions by strikeout
"Claimant" means an applicant certified by the Department who files a claim for a credit under this Section.

"Department" means the Department of Commerce and Economic Opportunity.

"Investment" means money (or its equivalent) given to a qualified new business venture, at a risk of loss, in consideration for an equity interest of the qualified new business venture. The Department may adopt rules to permit certain forms of contingent equity investments to be considered eligible for a tax credit under this Section.

"Qualified new business venture" means a business that is registered with the Department under this Section.

"Related member" means a person that, with respect to the applicant investment, is any one of the following:

1. An individual, if the individual and the members of the individual's family (as defined in Section 318 of the Internal Revenue Code) own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the value of the outstanding profits, capital, stock, or other ownership interest in the applicant.

2. A partnership, estate, or trust and any partner or beneficiary, if the partnership, estate, or trust and its partners or beneficiaries own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the profits, capital, stock, or other ownership interest in the applicant.

3. A corporation, and any party related to the corporation in a manner that would require an attribution of stock from the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the applicant and any other related member own, in the aggregate, directly, indirectly, beneficially, or constructively, at least 50% of the value of the corporation's outstanding stock.

4. A corporation and any party related to that corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the corporation and all such related parties own, in the aggregate, at least 50% of the profits, capital, stock, or other ownership interest in the applicant.
(5) A person to or from whom there is attribution of stock ownership in accordance with Section 1563(e) of the Internal Revenue Code, except that for purposes of determining whether a person is a related member under this paragraph, "20%" shall be substituted for "5%" whenever "5%" appears in Section 1563(e) of the Internal Revenue Code.

(b) For taxable years beginning after December 31, 2010, and ending on or before December 31, 2021, subject to the limitations provided in this Section, a claimant may claim, as a credit against the tax imposed under subsections (a) and (b) of Section 201 of this Act, an amount equal to 25% of the claimant's investment made directly in a qualified new business venture. In order for an investment in a qualified new business venture to be eligible for tax credits, the business must have applied for and received certification under subsection (e) for the taxable year in which the investment was made prior to the date on which the investment was made. The credit under this Section may not exceed the taxpayer's Illinois income tax liability for the taxable year. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first. In the case of a partnership or Subchapter S Corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

(c) **The minimum amount an applicant must invest in any single qualified new business venture in order to be eligible for a credit under this Section is $10,000.** The maximum amount of an applicant's total investment made in any single qualified new business venture that may be used as the basis for a credit under this Section is $2,000,000 for each investment made directly in a qualified new business venture.

(d) The Department shall implement a program to certify an applicant for an angel investment credit. Upon satisfactory review, the Department shall issue a tax credit certificate stating the amount of the tax credit to which the applicant is entitled. The Department shall annually certify that: (i) **each qualified new business venture that receives an angel investment under this Section has maintained a minimum employment**
threshold, as defined by rule, in the State (and continues to maintain a minimum employment threshold in the State for a period of no less than 3 years from the issue date of the last tax credit certificate issued by the Department with respect to such business pursuant to this Section); and (ii) the claimant's investment has been made and remains, except in the event of a qualifying liquidity event, in the qualified new business venture for no less than 3 years.

If an investment for which a claimant is allowed a credit under subsection (b) is held by the claimant for less than 3 years, other than as a result of a permitted sale of the investment to a person who is not a related member, or, if within that period of time the qualified new business venture is moved from the State of Illinois, the claimant shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that the claimant received related to the subject investment.

If the Department determines that a qualified new business venture failed to maintain a minimum employment threshold in the State through the date which is 3 years from the issue date of the last tax credit certificate issued by the Department with respect to the subject business pursuant to this Section, the claimant or claimants shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that claimant or claimants received related to investments in that business.

(e) The Department shall implement a program to register qualified new business ventures for purposes of this Section. A business desiring registration under this Section shall be required to submit a full and complete application to the Department in each taxable year for which the business desires registration. A submitted application shall be effective only for the taxable year in which it is submitted, and a business desiring registration under this Section shall be required to submit a separate application in and for each taxable year for which the business desires registration. AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 29-5 as follows:
(105 ILCS 5/29-5) (from Ch. 122, par. 29-5)
Sec. 29-5. Reimbursement by State for transportation. Any school district, maintaining a school, transporting resident pupils to another school district's vocational program, offered through a joint agreement approved by the State Board of Education, as provided in Section 10-22.22 or transporting its resident pupils to a school which meets the standards for recognition as established by the State Board of Education which provides transportation meeting the standards of safety, comfort, convenience, efficiency and operation prescribed by the State Board of Education for resident pupils in kindergarten or any of grades 1 through 12 who: (a) reside at least 1 1/2 miles as measured by the customary route of travel, from the school attended; or (b) reside in areas where conditions are such that walking constitutes a hazard to the safety of the child when determined under Section 29-3; and (c) are transported to the school attended from pick-up points at the beginning of the school day and back again at the close of the school day or transported to and from their assigned attendance centers during the school day, shall be reimbursed by the State as hereinafter provided in this Section.

To be eligible to receive reimbursement in excess of 4/5 of the cost to transport eligible pupils, a school district shall have a Transportation Fund tax rate of at least .12%. If a school district does not have a .12% Transportation Fund tax rate, the amount of its claim in excess of 4/5 of the cost of

transporting pupils shall be reduced by the sum arrived at by subtracting
the Transportation Fund tax rate from .12% and multiplying that amount
by the districts equalized or assessed valuation, provided, that in no case
shall said reduction result in reimbursement of less than 4/5 of the cost to
transport eligible pupils.

The minimum amount to be received by a district is $16 times the
number of eligible pupils transported.

When calculating the reimbursement for transportation costs, the
State Board of Education may not deduct the number of pupils enrolled in
early education programs from the number of pupils eligible for
reimbursement if the pupils enrolled in the early education programs are
transported at the same time as other eligible pupils.

Any such district transporting resident pupils during the school day
to an area vocational school or another school district's vocational program
more than 1 1/2 miles from the school attended, as provided in Sections
10-22.20a and 10-22.22, shall be reimbursed by the State for 4/5 of the
cost of transporting eligible pupils.

School day means that period of time which the pupil is required to
be in attendance for instructional purposes.

If a pupil is at a location within the school district other than his
residence for child care purposes at the time for transportation to school,
that location may be considered for purposes of determining the 1 1/2
miles from the school attended.

Claims for reimbursement that include children who attend any
school other than a public school shall show the number of such children
transported.

Claims for reimbursement under this Section shall not be paid for
the transportation of pupils for whom transportation costs are claimed for
payment under other Sections of this Act.

The allowable direct cost of transporting pupils for regular,
vocational, and special education pupil transportation shall be limited to
the sum of the cost of physical examinations required for employment as a
school bus driver; the salaries of full or part-time drivers and school bus
maintenance personnel; employee benefits excluding Illinois municipal
retirement payments, social security payments, unemployment insurance
payments and workers' compensation insurance premiums; expenditures to
independent carriers who operate school buses; payments to other school
districts for pupil transportation services; pre-approved contractual
expenditures for computerized bus scheduling; *expenditures for housing*

Each school year, if a school district has made expenditures to the Regional Transportation Authority or any of its service boards, a mass transit district, or an urban transportation district under an intergovernmental agreement with the district to provide for the transportation of pupils and if the public transit carrier received direct payment for services or passes from a school district within its service area during the 2000-2001 school year, then the allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall also include the expenditures that the district has made to the public transit carrier. In addition to the above allowable costs school districts shall also claim all transportation supervisory salary costs, including Illinois municipal retirement payments, and all transportation related building and building maintenance costs without limitation.

Special education allowable costs shall also include expenditures for the salaries of attendants or aides for that portion of the time they assist special education pupils while in transit and expenditures for parents and public carriers for transporting special education pupils when pre-approved by the State Superintendent of Education.

New matter indicated by italics - deletions by strikeout
Indirect costs shall be included in the reimbursement claim for districts which own and operate their own school buses. Such indirect costs shall include administrative costs, or any costs attributable to transporting pupils from their attendance centers to another school building for instructional purposes. No school district which owns and operates its own school buses may claim reimbursement for indirect costs which exceed 5% of the total allowable direct costs for pupil transportation.

The State Board of Education shall prescribe uniform regulations for determining the above standards and shall prescribe forms of cost accounting and standards of determining reasonable depreciation. Such depreciation shall include the cost of equipping school buses with the safety features required by law or by the rules, regulations and standards promulgated by the State Board of Education, and the Department of Transportation for the safety and construction of school buses provided, however, any equipment cost reimbursed by the Department of Transportation for equipping school buses with such safety equipment shall be deducted from the allowable cost in the computation of reimbursement under this Section in the same percentage as the cost of the equipment is depreciated.

On or before August 15, annually, the chief school administrator for the district shall certify to the State Superintendent of Education the district's claim for reimbursement for the school year ending on June 30 next preceding. The State Superintendent of Education shall check and approve the claims and prepare the vouchers showing the amounts due for district reimbursement claims. Each fiscal year, the State Superintendent of Education shall prepare and transmit the first 3 vouchers to the Comptroller on the 30th day of September, December and March, respectively, and the final voucher, no later than June 20.

If the amount appropriated for transportation reimbursement is insufficient to fund total claims for any fiscal year, the State Board of Education shall reduce each school district's allowable costs and flat grant amount proportionately to make total adjusted claims equal the total amount appropriated.

For purposes of calculating claims for reimbursement under this Section for any school year beginning July 1, 1998, or thereafter, the equalized assessed valuation for a school district used to compute reimbursement shall be computed in the same manner as it is computed under paragraph (2) of subsection (G) of Section 18-8.05.

New matter indicated by italics - deletions by strikeout
All reimbursements received from the State shall be deposited into the district's transportation fund or into the fund from which the allowable expenditures were made.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02b, or 14-13.01 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Any school district with a population of not more than 500,000 must deposit all funds received under this Article into the transportation fund and use those funds for the provision of transportation services.

(105 ILCS 45/1-17 new)

Sec. 1-17. Homeless prevention.

New matter indicated by italics - deletions by strikeout
(a) If a child is homeless or is at risk of becoming homeless, the school district may:

(1) provide rental or mortgage assistance in such amount as will allow the child and his or her parent, his or her guardian, or the person who enrolled the child to remain permanently in their current living situation or obtain a new living situation;

(2) provide financial assistance with respect to unpaid bills, loans, or other financial debts that results in housing being considered inadequate pursuant to Section 1-5 of this Act and the Federal McKinney-Vento Homeless Assistance Act; or

(3) provide assistance under both items (1) and (2) of this subsection (a).

(b) In order to provide homeless prevention assistance under subsection (a) of this Section, a school district shall first make an attempt to provide such assistance through a homeless assistance agency that is part of the Federal McKinney-Vento Homeless Assistance Act's continuum of care for the area in which the school district is located. If the attempts to secure assistance through the applicable continuum of care are unsuccessful, subject to the limitations specified in Section 29-5 of the School Code, transportation funds under Section 29-5 of the School Code may be used for those purposes.

(c) Prior to providing homeless prevention assistance pursuant to subsection (a) of this Section, a housing plan must first be approved in writing by the school district and the parent, guardian, or person who enrolled the child.

(d) For purposes of this Section:

"At risk of becoming homeless" means that documented evidence has been provided by the parent, guardian, or person who enrolled the child that shows that a living situation will, within 8 weeks, cease to become fixed, regular, and adequate and will result in the child becoming homeless within the definition of Section 1-5 of this Act and the Federal McKinney-Vento Homeless Assistance Act. The documented evidence shall include, but need not be limited to: foreclosure notices, eviction notices, notices indicating that utilities will be shut off or discontinued, or written statements from the parent, guardian, or person who enrolled the child, supplemented by financial documentation, that indicate a loss of income that will prevent the maintenance of a permanent living situation.

"Person who enrolled the child" also means an unaccompanied youth.
Sec. 1-18. Legislative intent. It is not the intent of this amendatory Act of the 100th General Assembly to require school districts, parents, guardians, or persons who enroll children to enter into housing assistance or homeless prevention plans. It is the intent of this amendatory Act of the 100th General Assembly to permit school districts, parents, guardians, or persons who enroll children to voluntarily enter into housing assistance or homeless prevention plans when both parties agree that those arrangements will be in the best of interest of the child and district.

However, the County Board of Commissioners may appoint 3 judges of election to serve in lieu of the 5 judges of election otherwise required by this Section (1) to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose or (2) if the county board passes an ordinance to reduce the number of judges of election to 3 for primary elections. The tally judges shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

In addition to such precinct judges, the county board of commissioners shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

other judges of election. The number of such panels of judges required shall be determined by regulations of the State Board of Elections which shall base the required numbers of special panels on the number of registered voters in the jurisdiction or the number of vote by mail ballots voted at recent elections, or any combination of such factors.

Such appointment shall be confirmed by the court as provided in Section 13-3 of this Article. No more than 3 persons of the same political party shall be appointed judges of the same election precinct or election judge panel. The appointment shall be made in the following manner: The county board of commissioners shall select and approve 3 persons as judges of election in each election precinct from a certified list, furnished by the chairman of the County Central Committee of the first leading political party in such precinct; and the county board of commissioners shall also select and approve 2 persons as judges of election in each election precinct from a certified list, furnished by the chairman of the County Central Committee of the second leading political party. However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding sentences with regard to 5 election judges in each precinct. Such certified list shall be filed with the county clerk not less than 10 days before the annual meeting of the county board of commissioners. Such list shall be arranged according to precincts. The chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. The county board of commissioners shall acknowledge in writing to each county chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or such list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board of commissioners shall make or complete such list from the names contained in the supplemental list provided for in

(10 ILCS 5/13-2) (from Ch. 46, par. 13-2)

Sec. 13-2. In counties under the township organization the county board shall at its meeting in July in each even-numbered year except in counties containing a population of 3,000,000 inhabitants or over and except when such judges are appointed by election commissioners, select in each election precinct in the county, 5 capable and discreet persons to be judges of election who shall possess the qualifications required by this Act for such judges. Where neither voting machines nor electronic, mechanical or electric voting systems are used, the county board may, for any precinct with respect to which the board considers such action necessary or desirable in view of the number of voters, and shall for general elections for any precinct containing more than 600 registered voters, appoint in addition to the 5 judges of election a team of 5 tally judges. In such precincts the judges of election shall preside over the election during the hours the polls are open, and the tally judges, with the assistance of the holdover judges designated pursuant to Section 13-6.2, shall count the vote after the closing of the polls. The tally judges shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

However, the county board may appoint 3 judges of election to serve in lieu of the 5 judges of election otherwise required by this Section (1) to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose or (2) if the county board passes an ordinance to reduce the number of judges of election to 3 for primary elections.

In addition to such precinct judges, the county board shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by
regulations of the State Board of Elections, which shall base the required number of special panels on the number of registered voters in the jurisdiction or the number of absentee ballots voted at recent elections or any combination of such factors.

No more than 3 persons of the same political party shall be appointed judges in the same election district or undivided precinct. The election of the judges of election in the various election precincts shall be made in the following manner: The county board shall select and approve 3 of the election judges in each precinct from a certified list furnished by the chairman of the County Central Committee of the first leading political party in such election precinct and shall also select and approve 2 judges of election in each election precinct from a certified list furnished by the chairman of the County Central Committee of the second leading political party in such election precinct. However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding sentences with regard to 5 election judges in each precinct. The respective County Central Committee chairman shall notify the county board by June 1 of each odd-numbered year immediately preceding the annual meeting of the county board whether or not such certified list will be filed by such chairman. Such list shall be arranged according to precincts. The chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. Such certified list, if filed, shall be filed with the county clerk not less than 20 days before the annual meeting of the county board. The county board shall acknowledge in writing to each county chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or the list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board shall make or complete such list from the names contained in the supplemental list.
provided for in Section 13-1.1. Provided, further, that in any case where a
township has been or shall be redistricted, in whole or in part, subsequent
to one general election for Governor, and prior to the next, the judges of
election to be selected for all new or altered precincts shall be selected in
that one of the methods above detailed, which shall be applicable
according to the facts and circumstances of the particular case, but the
majority of such judges for each such precinct shall be selected from the
first leading political party, and the minority judges from the second
leading political party. Provided, further, that in counties having a
population of 3,000,000 inhabitants or over the selection of judges of
election shall be made in the same manner in all respects as in other
counties, except that the provisions relating to tally judges are inapplicable
to such counties and except that the county board shall meet during the
month of January for the purpose of making such selection, each township
committeeperson shall assume the responsibilities given to the chairman of
the county central committee in this Section for the precincts within his or
her township, and the township committeeperson shall notify the county
board by the preceding October 1 whether or not the certified list will be
filed. Such judges of election shall hold their office for 2 years from their
appointment and until their successors are duly appointed in the manner
provided in this Act. The county board shall fill all vacancies in the office
of judges of elections at any time in the manner herein provided.

Such selections under this Section shall be confirmed by the circuit
court as provided in Section 13-3 of this Article.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 100-0339
(House Bill No. 0655)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 21B-45 as follows:
(105 ILCS 5/21B-45)
Sec. 21B-45. Professional Educator License renewal.
(a) Individuals holding a Professional Educator License are required to complete the licensure renewal requirements as specified in this Section, unless otherwise provided in this Code.

New matter indicated by italics - deletions by strikeout
Individuals holding a Professional Educator License shall meet the renewal requirements set forth in this Section, unless otherwise provided in this Code. If an individual holds a license endorsed in more than one area that has different renewal requirements, that individual shall follow the renewal requirements for the position for which he or she spends the majority of his or her time working.

(b) All Professional Educator Licenses not renewed as provided in this Section shall lapse on September 1 of that year. *Notwithstanding any other provisions of this Section, if a license holder's electronic mail address is available, the State Board of Education shall send him or her notification electronically that his or her license will lapse if not renewed, to be sent no more than 6 months prior to the license lapsing.* Lapsed licenses may be immediately reinstated upon (i) payment by the applicant of a $500 penalty to the State Board of Education or (ii) the demonstration of proficiency by completing 9 semester hours of coursework from a regionally accredited institution of higher education in the content area that most aligns with one or more of the educator's endorsement areas. Any and all back fees, including without limitation registration fees owed from the time of expiration of the license until the date of reinstatement, shall be paid and kept in accordance with the provisions in Article 3 of this Code concerning an institute fund and the provisions in Article 21B of this Code concerning fees and requirements for registration. Licenses not registered in accordance with Section 21B-40 of this Code shall lapse after a period of 6 months from the expiration of the last year of registration. An unregistered license is invalid after September 1 for employment and performance of services in an Illinois public or State-operated school or cooperative and in a charter school. Any license or endorsement may be voluntarily surrendered by the license holder. A voluntarily surrendered license, except a substitute teaching license issued under Section 21B-20 of this Code, shall be treated as a revoked license. An Educator License with Stipulations with only a paraprofessional endorsement does not lapse.

(c) From July 1, 2013 through June 30, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator licensee with an administrative endorsement who is working in a position requiring such endorsement shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, per fiscal year.

(d) Beginning July 1, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator
licensee may create a professional development plan each year. The plan shall address one or more of the endorsements that are required of his or her educator position if the licensee is employed and performing services in an Illinois public or State-operated school or cooperative. If the licensee is employed in a charter school, the plan shall address that endorsement or those endorsements most closely related to his or her educator position. Licensees employed and performing services in any other Illinois schools may participate in the renewal requirements by adhering to the same process.

Except as otherwise provided in this Section, the licensee's professional development activities shall align with one or more of the following criteria:

1. activities are of a type that engage participants over a sustained period of time allowing for analysis, discovery, and application as they relate to student learning, social or emotional achievement, or well-being;
2. professional development aligns to the licensee's performance;
3. outcomes for the activities must relate to student growth or district improvement;
4. activities align to State-approved standards; and
5. higher education coursework.

(e) For each renewal cycle, each professional educator licensee shall engage in professional development activities. Prior to renewal, the licensee shall enter electronically into the Educator Licensure Information System (ELIS) the name, date, and location of the activity, the number of professional development hours, and the provider's name. The following provisions shall apply concerning professional development activities:

1. Each licensee shall complete a total of 120 hours of professional development per 5-year renewal cycle in order to renew the license, except as otherwise provided in this Section.
2. Beginning with his or her first full 5-year cycle, any licensee with an administrative endorsement who is not working in a position requiring such endorsement shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, in each 5-year renewal cycle in which the administrative endorsement was held for at least one year. The Illinois Administrators' Academy course may count toward the total of 120 hours per 5-year cycle.

New matter indicated by italics - deletions by strikeout
(3) Any licensee with an administrative endorsement who is working in a position requiring such endorsement or an individual with a Teacher Leader endorsement serving in an administrative capacity at least 50% of the day shall complete one Illinois Administrators' Academy course, as described in Article 2 of this Code, each fiscal year in addition to 100 hours of professional development per 5-year renewal cycle in accordance with this Code.

(4) Any licensee holding a current National Board for Professional Teaching Standards (NBPTS) master teacher designation shall complete a total of 60 hours of professional development per 5-year renewal cycle in order to renew the license.

(5) Licensees working in a position that does not require educator licensure or working in a position for less than 50% for any particular year are considered to be exempt and shall be required to pay only the registration fee in order to renew and maintain the validity of the license.

(6) Licensees who are retired and qualify for benefits from a State retirement system shall notify the State Board of Education using ELIS, and the license shall be maintained in retired status. An individual with a license in retired status shall not be required to complete professional development activities or pay registration fees until returning to a position that requires educator licensure. Upon returning to work in a position that requires the Professional Educator License, the licensee shall immediately pay a registration fee and complete renewal requirements for that year. A license in retired status cannot lapse.

(7) For any renewal cycle in which professional development hours were required, but not fulfilled, the licensee shall complete any missed hours to total the minimum professional development hours required in this Section prior to September 1 of that year. For any fiscal year or renewal cycle in which an Illinois Administrators' Academy course was required but not completed, the licensee shall complete any missed Illinois Administrators' Academy courses prior to September 1 of that year. The licensee may complete all deficient hours and Illinois Administrators' Academy courses while continuing to work in a position that requires that license until September 1 of that year.

New matter indicated by italics - deletions by strikeout
(8) Any licensee who has not fulfilled the professional development renewal requirements set forth in this Section at the end of any 5-year renewal cycle is ineligible to register his or her license and may submit an appeal to the State Superintendent of Education for reinstatement of the license.

(9) If professional development opportunities were unavailable to a licensee, proof that opportunities were unavailable and request for an extension of time beyond August 31 to complete the renewal requirements may be submitted from April 1 through June 30 of that year to the State Educator Preparation and Licensure Board. If an extension is approved, the license shall remain valid during the extension period.

(10) Individuals who hold exempt licenses prior to December 27, 2013 (the effective date of Public Act 98-610) shall commence the annual renewal process with the first scheduled registration due after December 27, 2013 (the effective date of Public Act 98-610).

(11) Notwithstanding any other provision of this subsection (e), if a licensee earns more than the required number of professional development hours during a renewal cycle, then the licensee may carry over any hours earned from April 1 through June 30 of the last year of the renewal cycle. Any hours carried over in this manner must be applied to the next renewal cycle. Illinois Administrators' Academy courses or hours earned in those courses may not be carried over.

(f) At the time of renewal, each licensee shall respond to the required questions under penalty of perjury.

(g) The following entities shall be designated as approved to provide professional development activities for the renewal of Professional Educator Licenses:

(1) The State Board of Education.
(2) Regional offices of education and intermediate service centers.

PUBLIC ACT 100-0340
(House Bill No. 0656)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 16-158 as follows:

(40 ILCS 5/16-158) (from Ch. 108 1/2, par. 16-158)

(Text of Section WITHOUT the changes made by P.A. 98-599, which has been held unconstitutional)

Sec. 16-158. Contributions by State and other employing units.
(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15 until November 15, 2011, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification under this subsection (a-1) shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year, beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State

Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

New matter indicated by italics - deletions by strikeout
For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.
proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that,

by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, which, beginning July 1, 2017 2014, shall be at a rate, expressed as a percentage of salary, equal to the total employer's minimum contribution to the System to be made by the State for that fiscal year, including both normal cost and unfunded liability components, expressed as a percentage of payroll, as determined by the System under subsection (b-3) of this Section. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System. Any contribution for fiscal year 2015 collected as a result of the change made by this amendatory Act of the 98th General Assembly shall be considered a State contribution under subsection (b-3) of this Section.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

1. Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.
2. Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all

New matter indicated by italics - deletions by strikeout
other payments required under this Section and in accordance with
guidelines established by the System, the present value of the increase in
benefits resulting from the portion of the increase in salary that is in excess
of 6%. This present value shall be computed by the System on the basis of
the actuarial assumptions and tables used in the most recent actuarial
valuation of the System that is available at the time of the computation. If
a teacher's salary for the 2005-2006 school year is used to determine final
average salary under this subsection (f), then the changes made to this
subsection (f) by Public Act 94-1057 shall apply in calculating whether the
increase in his or her salary is in excess of 6%. For the purposes of this
Section, change in employment under Section 10-21.12 of the School
Code on or after June 1, 2005 shall constitute a change in employer. The
System may require the employer to provide any pertinent information or
documentation. The changes made to this subsection (f) by this
amendatory Act of the 94th General Assembly apply without regard to
whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under
this subsection, the System shall calculate the amount of the payment and
bill the employer for that amount. The bill shall specify the calculations
used to determine the amount due. If the employer disputes the amount of
the bill, it may, within 30 days after receipt of the bill, apply to the System
in writing for a recalculation. The application must specify in detail the
grounds of the dispute and, if the employer asserts that the calculation is
subject to subsection (g) or (h) of this Section, must include an affidavit
setting forth and attesting to all facts within the employer's knowledge that
are pertinent to the applicability of that subsection. Upon receiving a
timely application for recalculation, the System shall review the
application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may
be paid in the form of a lump sum within 90 days after receipt of the bill.
If the employer contributions are not paid within 90 days after receipt of
the bill, then interest will be charged at a rate equal to the System's annual
actuarially assumed rate of return on investment compounded annually
from the 91st day after receipt of the bill. Payments must be concluded
within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary
increases given on or after June 1, 2005 but before July 1, 2011. The
changes made by Public Act 94-1057 shall not require the System to

refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014

under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

(1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(k) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

(b) Any agency or instrumentality of the State of Illinois or unit of local government may seek recovery for the cost of the repair of damaged or destroyed highways, highway structures, or traffic-control devices that result from operating, driving, or moving a truck tractor-semitrailer combination exceeding 55 feet in overall dimension authorized under paragraph (1) of subsection (b) or paragraph (1) of subsection (f) of Section 15-107 of the Illinois Vehicle Code. The measure of liability for the damage is the cost of repairing the highway, highway structure, or traffic-control device, or the depreciated replacement cost of a highway structure or traffic-control device.

(Source: P.A. 97-373, eff. 1-1-12.)

Section 10. The Illinois Vehicle Code is amended by changing Section 15-107 as follows:

(625 ILCS 5/15-107) (from Ch. 95 1/2, par. 15-107)

Sec. 15-107. Length of vehicles.
(a) The maximum length of a single vehicle on any highway of this State may not exceed 42 feet except the following:

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Adoption Act is amended by changing Section 4.1 as follows:

(750 ILCS 50/4.1) (from Ch. 40, par. 1506)

Sec. 4.1. Adoption between multiple jurisdictions. It is the public policy of this State to promote child welfare in adoption between multiple jurisdictions by implementing standards that foster permanency for children in an expeditious manner while considering the best interests of the child as paramount. Ensuring that standards for interjurisdictional adoption are clear and applied consistently, efficiently, and reasonably will promote the best interests of the child in finding a permanent home.

(a) The Department of Children and Family Services shall promulgate rules regarding the approval and regulation of agencies providing, in this State, adoption services, as defined in Section 2.24 of the Child Care Act of 1969, which shall include, but not be limited to, a requirement that any agency shall be licensed in this State as a child welfare agency as defined in Section 2.08 of the Child Care Act of 1969. Any out-of-state agency, if not licensed in this State as a child welfare agency, must obtain the approval of the Department in order to act as a sending agency, as defined in Section 1 of the Interstate Compact on Placement of Children Act, seeking to place a child into this State through a placement subject to the Interstate Compact on the Placement of Children. An out-of-state agency, if not licensed in this State as a child welfare agency, is prohibited from providing in this State adoption services, as defined by Section 2.24 of the Child Care Act of 1969; shall comply with Section 12C-70 of the Criminal Code of 2012; and shall provide all of the following to the Department:

(1) A copy of the agency's current license or other form of authorization from the approving authority in the agency's state. If no license or authorization is issued, the agency must provide a reference statement, from the approving authority, stating that the

New matter indicated by italics - deletions by strikeout
agency is authorized to place children in foster care or adoption or both in its jurisdiction.

(2) A description of the program, including home studies, placements, and supervisions, that the child placing agency conducts within its geographical area, and, if applicable, adoptive placements and the finalization of adoptions. The child placing agency must accept continued responsibility for placement planning and replacement if the placement fails.

(3) Notification to the Department of any significant child placing agency changes after approval.

(4) Any other information the Department may require.

The rules shall also provide that any agency that places children for adoption in this State may not, in any policy or practice relating to the placement of children for adoption, discriminate against any child or prospective adoptive parent on the basis of race.

(a-5) (Blank).

(b) Interstate adoptions.

(1) All interstate adoption placements under this Act shall comply with the Child Care Act of 1969 and the Interstate Compact on the Placement of Children. The placement of children with relatives by the Department of Children and Family Services shall also comply with subsection (b) of Section 7 of the Children and Family Services Act. The Department may promulgate rules to implement interstate adoption placements, including those requirements set forth in this Section.

(2) If an adoption is finalized prior to bringing or sending a child to this State, compliance with the Interstate Compact on the Placement of Children is not required.

(3) Approval requirements. The Department shall promulgate procedures for interstate adoption placements of children under this Act. No later than 30 days after the effective date of this amendatory Act of the 100th General Assembly, the Department shall distribute a written list of all pre-adoption approval requirements to all Illinois licensed child welfare agencies performing adoption services, and all out-of-state agencies approved under this Section, and shall post the requirements on the Department's website. The Department may not require any further pre-adoption requirements other than those set forth in the procedures required under this paragraph. The

New matter indicated by italics - deletions by strikeout
procedures shall reflect the standard of review as stated in the Interstate Compact on the Placement of Children and approval shall be given by the Department if the placement appears not to be contrary to the best interests of the child.

(4) Time for review and decision. In all cases where the child to be placed is not a youth in care in Illinois or any other state, a provisional or final approval for placement shall be provided in writing from the Department in accordance with the Interstate Compact on the Placement of Children. Approval or denial of the placement must be given by the Department as soon as practicable, but in no event more than 3 business days of the receipt of the completed referral packet by the Department's Interstate Compact Administrator. Receipt of the packet shall be evidenced by the packet's arrival at the address designated by the Department to receive such referrals. The written decision to approve or deny the placement shall be communicated in an expeditious manner, including, but not limited to, electronic means referenced in paragraph (b)(7) of this Section, and shall be provided to all Illinois licensed child welfare agencies involved in the placement, all out-of-state child placing agencies involved in the placement, and all attorneys representing the prospective adoptive parent or biological parent. If, during its initial review of the packet, the Department believes there are any incomplete or missing documents, or missing information, as required in paragraph (b)(3), the Department shall, as soon as practicable, but in no event more than 2 business days of receipt of the packet, communicate a list of any incomplete or missing documents and information to all Illinois licensed child welfare agencies involved in the placement, all out-of-state child placing agencies involved in the placement, and all attorneys representing the adoptive parent or biological parent. This list shall be communicated in an expeditious manner, including, but not limited to, electronic means referenced in paragraph (b)(7) of this Section.

(5) Denial of approval. In all cases where the child to be placed is not a youth in the care of any state, if the Department denies approval of an interstate placement, the written decision referenced in paragraph (b)(4) of this Section shall set forth the reason or reasons why the placement was not approved and shall reference which requirements under paragraph (b)(3) of this

New matter indicated by italics - deletions by strikeout
Section were not met. The written decision shall be communicated in an expeditious manner, including, but not limited to, electronic means referenced in paragraph (b)(7) of this Section, to all Illinois licensed child welfare agencies involved in the placement, all out-of-state child placing agencies involved in the placement, and all attorneys representing the prospective adoptive parent or biological parent.

(6) Provisional approval. Nothing in paragraphs (b)(3) through (b)(5) of this Section shall preclude the Department from issuing provisional approval of the placement pending receipt of any missing or incomplete documents or information.

(7) Electronic communication. All communications concerning an interstate placement made between the Department and an Illinois licensed child welfare agency, an out-of-state child placing agency, and attorneys representing the prospective adoptive parent or biological parent, including the written communications referenced in this Section, may be made through any type of electronic means, including, but not limited to, electronic mail.

(c) Intercountry adoptions. The adoption of a child, if the child is a habitual resident of a country other than the United States and the petitioner is a habitual resident of the United States, or, if the child is a habitual resident of the United States and the petitioner is a habitual resident of a country other than the United States, shall comply with the Intercountry Adoption Act of 2000, as amended, and the Immigration and Nationality Act, as amended. In the case of an intercountry adoption that requires oversight by the adoption services governed by the Intercountry Adoption Universal Accreditation Act of 2012, this State shall not impose any additional preadoption requirements.

(d) (Blank).

(e) Re-adoption after an intercountry adoption.

(1) Any time after a minor child has been adopted in a foreign country and has immigrated to the United States, the adoptive parent or parents of the child may petition the court for a judgment of adoption to re-adopt the child and confirm the foreign adoption decree.

(2) The petitioner must submit to the court one or more of the following to verify the foreign adoption:

New matter indicated by italics - deletions by strikeout
(i) an immigrant visa for the child issued by United States Citizenship and Immigration Services of the U.S. Department of Homeland Security that was valid at the time of the child's immigration;

(ii) a decree, judgment, certificate of adoption, adoption registration, or equivalent court order, entered or issued by a court of competent jurisdiction or administrative body outside the United States, establishing the relationship of parent and child by adoption; or

(iii) such other evidence deemed satisfactory by the court.

(3) The child's immigrant visa shall be prima facie proof that the adoption was established in accordance with the laws of the foreign jurisdiction and met United States requirements for immigration.

(4) If the petitioner submits documentation that satisfies the requirements of paragraph (2), the court shall not appoint a guardian ad litem for the minor who is the subject of the proceeding, shall not require any further termination of parental rights of the child's biological parents, nor shall it require any home study, investigation, post-placement visit, or background check of the petitioner.

(5) The petition may include a request for change of the child's name and any other request for specific relief that is in the best interests of the child. The relief may include a request for a revised birth date for the child if supported by evidence from a medical or dental professional attesting to the appropriate age of the child or other collateral evidence.

(6) Two adoptive parents who adopted a minor child together in a foreign country while married to one another may file a petition for adoption to re-adopt the child jointly, regardless of whether their marriage has been dissolved. If either parent whose marriage was dissolved has subsequently remarried or entered into a civil union with another person, the new spouse or civil union partner shall not join in the petition to re-adopt the child, unless the new spouse or civil union partner is seeking to adopt the child. If either adoptive parent does not join in the petition, he or she must be joined as a party defendant. The defendant parent's failure to participate in the re-adoption proceeding shall not affect the

existing parental rights or obligations of the parent as they relate to
the minor child, and the parent's name shall be placed on any
subsequent birth record issued for the child as a result of the re-
adoption proceeding.

(7) An adoptive parent who adopted a minor child in a
foreign country as an unmarried person may file a petition for
adoption to re-adopt the child as a sole petitioner, even if the
adoptive parent has subsequently married or entered into a civil
union.

(8) If one of the adoptive parents who adopted a minor
child dies prior to a re-adoption proceeding, the deceased parent's
name shall be placed on any subsequent birth record issued for the
child as a result of the re-adoption proceeding.

be less than 40% of the proceeds of the action or settlement, and shall be paid from the proceeds.

(c) If the person bringing the action as a result of a violation of this Act has paid money to the defendant or to an attorney acting on behalf of the defendant in the underlying claim, then he or she shall be entitled to up to double the amount paid to the defendant or the attorney if that amount is greater than 50% of the proceeds.

(d) Where the action is one that the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the action under Section 15, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative or administrative report, hearing, audit, or investigation, or from the news media, the court may award those sums that it considers appropriate, but in no case more than 10% of the proceeds, taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation.

(e) Any payment to a person under subsection (a), (b), (c), or (d) shall be made from the proceeds. The person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney's fees and costs. All of those expenses, fees, and costs shall be awarded against the defendant.

(f) If a local State's Attorney has proceeded with an action under this Act, the Treasurer of the County where the action was brought shall receive an amount for reasonable expenses that the court finds to have been necessarily incurred by the State's Attorney, including reasonable attorney's fees and costs, plus 50% of the funds not awarded to a private party. Those amounts shall be used to investigate and prosecute insurance fraud, augmenting existing budgets rather than replacing them. All remaining funds shall go to the State and be deposited in the General Revenue Fund and, when appropriated, shall be allocated to appropriate State agencies for enhanced insurance fraud investigation, prosecution, and prevention efforts.

(g) If the Attorney General has proceeded with an action under this Act, all funds not awarded to a private party, shall go to the State and be deposited in the General Revenue Fund and, when appropriated, shall be allocated to appropriate State agencies for enhanced insurance fraud investigation, prosecution, and prevention efforts.

(h) If neither a local State's Attorney or the Attorney General has proceeded with an action under this Act, 50% of the funds not awarded to
a private party shall be deposited with the Treasurer of the County where
the action was brought and shall be disbursed to the State's Attorney of the
County where the action was brought. Those funds shall be used by the
State's Attorney solely to investigate, prosecute, and prevent *crime insurance fraud*, augmenting existing budgets rather than replacing them.
All remaining funds shall go to the State and be deposited in the General
Revenue Fund and, when appropriated, shall be allocated to appropriate
State agencies for enhanced *crime insurance fraud* investigation, prosecution, and prevention efforts.

(i) Whether or not the State's Attorney or Attorney General
proceeds with the action, if the court finds that the action was brought by a
person who planned and initiated the violation of this Act, that person
shall be dismissed from the civil action and shall not receive any share of
the proceeds of the action. The dismissal shall not prejudice the right of
the State's Attorney or Attorney General to continue the action on behalf of
the State.

(j) If the State's Attorney or Attorney General does not proceed
with the action, and the person bringing the action conducts the action, the
court may award to the defendant its reasonable attorney's fees and
expenses if the defendant prevails in the action and the court finds that the
claim of the person bringing the action was clearly frivolous, clearly
vexatious, or brought primarily for purposes of harassment.

Shares held in a joint account owned by more than one member may be voted by any one of the members, however, the number of cumulative votes cast may not exceed a total equal to the number of shares multiplied by the number of directors to be elected. A majority of the shares entitled to vote shall be represented either in person or by proxy for the election of directors. Each director shall wholly take and subscribe to an oath that he will diligently and honestly perform his duties in administering the affairs of the credit union, that while he may delegate to another the performance of those administrative duties he is not thereby relieved from his responsibility for their performance, that he will not knowingly violate or permit to be violated any law applicable to the credit union, and that he is the owner of at least one share of the credit union.

(1.10) Upon amendment of a credit union's bylaws approved by the members, in all elections for directors, every member who is a natural person shall have the right to cast one vote, regardless of the number of his or her shares, in person, or by proxy, or by secure electronic record if approved by the board of directors, for as many persons as there are directors to be elected.

(2) The board of directors shall appoint from among the members of the credit union, a supervisory committee of not less than 3 members at the organization meeting and within 30 days following each annual meeting of the members for such terms as the bylaws provide. (a) By January 1, 2019, and by January 1 of each year thereafter for that program year, beginning with program year 2019, each recycler must register with the Agency by (i) submitting to the Agency a $3,000 registration fee and (ii) completing and submitting to the Agency the registration form prescribed by the Agency. The registration form prescribed by the Agency shall include, without limitation, the address of each location where the recycler manages residential CEDs collected through a manufacturer e-waste program and the certification required under subsection (d) of this Section. All registration fees collected by the Agency pursuant to this Section shall be deposited into the Solid Waste Management Fund.

(a-5) The Agency may deny a registration under this Section if the recycler or any employee or officer of the recycler has a history of:

(1) repeated violations of federal, State, or local laws, regulations, standards, or ordinances related to the collection, recycling, or other management of CEDs;

(2) conviction in this State or another state of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or conviction in this State or another state or federal court of any of the following crimes: forgery, official misconduct, bribery, perjury, or knowingly submitting false information under any environmental law, regulation, or permit term or condition; or

(3) gross carelessness or incompetence in handling, storing, processing, transporting, disposing, or otherwise managing CEDs.

(b) The Agency shall post on the Agency's website a list of all registered recyclers and the information requested by subsection (d) of Section 1-40.

(c) Beginning in program year 2019, no person may act as a recycler of residential CEDs for a manufacturer's e-waste program unless the recycler is registered with the Agency as required under this Section.

(d) Beginning in program year 2019, recyclers must, as a part of their annual registration, certify compliance at a minimum, comply with all of the following requirements:

1. Recyclers must comply with federal, State, and local laws and regulations, including federal and State minimum wage laws, specifically relevant to the handling, processing, and recycling of residential CEDs and must have proper authorization by all appropriate governing authorities to perform the handling, processing, and recycling.

2. Recyclers must implement the appropriate measures to safeguard occupational and environmental health and safety, through the following:

   (A) environmental health and safety training of personnel, including training with regard to material and equipment handling, worker exposure, controlling releases, and safety and emergency procedures;

   (B) an up-to-date, written plan for the identification and management of hazardous materials; and

   (C) an up-to-date, written plan for reporting and responding to exceptional pollutant releases, including emergencies such as accidents, spills, fires, and explosions.

3. Recyclers must maintain (i) commercial general liability insurance or the equivalent corporate guarantee for accidents and other emergencies with limits of not less than $1,000,000 per occurrence and $1,000,000 aggregate and (ii) pollution legal liability insurance with limits not less than $1,000,000 per occurrence for companies engaged solely in the dismantling activities and $5,000,000 per occurrence for companies engaged in recycling.

4. Recyclers must maintain on file documentation that demonstrates the completion of an environmental health and safety audit completed and certified by a competent internal and external auditor annually. A competent auditor is an individual who, through professional training or work experience, is appropriately qualified to evaluate the environmental health and safety conditions, practices, and procedures of the facility.

New matter indicated by italics - deletions by strikeout
Documentation of auditors' qualifications must be available for inspection by Agency officials and third-party auditors.

(5) Recyclers must maintain on file proof of workers' compensation and employers' liability insurance.

(6) Recyclers must provide adequate assurance, such as bonds or corporate guarantees, to cover environmental and other costs of the closure of the recycler's facility, including cleanup of stockpiled equipment and materials.

(7) Recyclers must apply due diligence principles to the selection of facilities to which components and materials, such as plastics, metals, and circuit boards, from residential CEDs are sent for reuse and recycling.

(8) Recyclers must establish a documented environmental management system that is appropriate in level of detail and documentation to the scale and function of the facility, including documented regular self-audits or inspections of the recycler's environmental compliance at the facility.

(9) Recyclers must use the appropriate equipment for the proper processing of incoming materials as well as controlling environmental releases to the environment. The dismantling operations and storage of residential CED components that contain hazardous substances must be conducted indoors and over impervious floors. Storage areas must be adequate to hold all processed and unprocessed inventory. When heat is used to soften solder and when residential CED components are shredded, operations must be designed to control indoor and outdoor hazardous air emissions.

(10) Recyclers must establish a system for identifying and properly managing components, such as circuit boards, batteries, cathode-ray tubes, and mercury phosphor lamps, that are removed from residential CEDs during disassembly. Recyclers must properly manage all hazardous and other components requiring special handling from residential CEDs consistent with federal, State, and local laws and regulations. Recyclers must provide visible tracking, such as hazardous waste manifests or bills of lading, of hazardous components and materials from the facility to the destination facilities and documentation, such as contracts, stating how the destination facility processes the materials received. No recycler may send, either directly or through
intermediaries, hazardous wastes to solid non-hazardous waste landfills or to non-hazardous waste incinerators for disposal or energy recovery. For the purpose of these guidelines, smelting of hazardous wastes to recover metals for reuse in conformance with all applicable laws and regulations is not considered disposal or energy recovery.

(11) Recyclers must use a regularly implemented and documented monitoring and record-keeping program that tracks total inbound residential CED material weights and total subsequent outbound weights to each destination, injury and illness rates, and compliance with applicable permit parameters including monitoring of effluents and emissions. Recyclers must maintain contracts or other documents, such as sales receipts, suitable to demonstrate: (i) the reasonable expectation that there is a downstream market or uses for designated electronics, which may include recycling or reclamation processes such as smelting to recover metals for reuse; and (ii) that any residuals from recycling or reclamation processes, or both, are properly handled and managed to maximize reuse and recycling of materials to the extent practical.

(12) Recyclers must employ industry-accepted procedures for the destruction or sanitization of data on hard drives and other data storage devices. Acceptable guidelines for the destruction or sanitization of data are contained in the National Institute of Standards and Technology's Guidelines for Media Sanitation or those guidelines certified by the National Association for Information Destruction.

(13) No recycler may employ prison labor in any operation related to the collection, transportation, and recycling of CEDs. No recycler may employ any third party that uses or subcontracts for the use of prison labor.

(e) Each recycler shall, during each calendar year, transport from each site that the recycler uses to manage residential CEDs not less than 75% of the total weight of residential CEDs present at the site during the preceding calendar year. Each recycler shall maintain on-site records that demonstrate compliance with this requirement and shall make those records available to the Agency for inspection and copying.

(f) Nothing in this Act shall prevent a person from acting as a recycler independently of a manufacturer e-waste program.

Sec. 1-45. Collector responsibilities.

The registration form prescribed by the Agency must include, without limitation, the address of each location at which the collector accepts residential CEDs.

(a-5) The Agency may deny a registration under this Section if the collector or any employee or officer of the collector has a history of:

(2) conviction in this State or another state of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or conviction in this State or another state or federal court of any of the following crimes: forgery, official misconduct, bribery, perjury, or knowingly submitting false information under any environmental law, regulation, or permit term or condition; or

(3) gross carelessness or incompetence in handling, storing, processing, transporting, disposing, or otherwise managing CEDs.

(b) The Agency shall post on the Agency’s website a list of all registered collectors.

(c) Manufacturers and recyclers acting as collectors shall so indicate on their registration under Section 1-30 or 1-40 of this Act.

(d) By March 1 January 31, 2020 and every March 1 January 31 thereafter, each collector that operates a program collection site or one-day collection event shall report, to the Agency and to the manufacturer e-waste program, the total weight, by CED category, of residential CEDs transported from the program collection site or one-day collection event during the previous program year its previous program year data on CEDs collected to the Agency and manufacturer clearinghouse to assist in satisfying a manufacturer’s obligation pursuant to subsection (c) of Section 1-15.

New matter indicated by italics - deletions by strikeout
(e) Each collector that operates a program collection site or one-day event shall ensure that the collected residential CEDs are sorted and loaded in compliance with local, State, and federal law and in accordance with best practices recommended by the recycler and Section 1-85 of this Act. In addition, at a minimum, the collector shall also comply with the following requirements:

3. residential CEDs shall be sorted into the following categories:
   A. computer monitors and televisions containing a cathode-ray tube, other than televisions with wooden exteriors;
   B. computer monitors and televisions containing a flat panel screen;
   C. all other covered televisions that are residential CEDs;
   D. computers;
   E. all other residential CEDs; and
   F. any electronic device that is not part of the manufacturer program that the collector has arranged to have picked up with residential CEDs and for which a financial arrangement has been made to cover the recycling costs outside of the manufacturer program;

4. containers holding the CEDs must be structurally sound for transportation; and

5. each shipment of residential CEDs from a program collection site or one-day collection event shall include a collector-
prepared bill of lading or similar manifest, which describes the origin of the shipment and the number of pallets or bulk containers of residential CEDs in the shipment.

(f) (e) Except as provided in subsection (g) (f) of this Section, each collector that operates a program collection site or one-day collection event during a program year shall accept all residential CEDs that are delivered to the program collection site or one-day collection event during the program year.

(g) (f) No collector that operates a program collection site or one-day collection event shall:

(1) accept, at the program collection site or one-day collection event, more than 7 residential CEDs from an individual at any one time;

(2) scrap, salvage, dismantle, or otherwise disassemble any residential CED collected at a program collection site or one-day collection event;

(h) (g) Beginning in program year 2019, registered collectors participating in county supervised collection programs may collect a fee for each desktop computer monitor or television accepted for recycling to cover costs for collection and preparation for bulk shipment or to cover costs associated with the requirements of subsection (e) of Section 1-45.

(i) (h) Nothing in this Act shall prevent a person an individual from acting as a collector independently of a manufacturer e-waste program.

To ensure the equitable and efficient allocation of those obligations, the rules adopted by the Pollution Control Board shall include a formula that shall be used by manufacturers to identify their proportional responsibility for the transportation and recycling of collected residential CEDs. The formula developed by the Pollution Control Board shall take into consideration each manufacturer's market and return shares and any other factors the Pollution Control Board deems relevant. Section 5. The Downstate Public Transportation Act is amended by changing Section 2-3 as follows:

(30 ILCS 740/2-3) (from Ch. 111 2/3, par. 663)
Sec. 2-3. (a) As soon as possible after the first day of each month, beginning July 1, 1984, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the "Downstate Public Transportation Fund", an amount equal to 2/32 (beginning July 1, 2005, 3/32) of the net revenue realized from the "Retailers' Occupation Tax Act", as now or hereafter amended, the "Service Occupation Tax Act", as now or hereafter amended, the "Use Tax Act", as now or hereafter amended, and the "Service Use Tax Act", as now or hereafter amended, from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the

boundaries of each participant other than any Metro-East Transit District participant certified pursuant to subsection (c) of this Section during the preceding month, except that the Department shall pay into the Downstate Public Transportation Fund 2/32 (beginning July 1, 2005, 3/32) of 80% of the net revenue realized under the State tax Acts named above within any municipality or county located wholly within the boundaries of each participant, other than any Metro-East participant, for tax periods beginning on or after January 1, 1990. Net revenue realized for a month shall be the revenue collected by the State pursuant to such Acts during the previous month from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of a participant, less the amount paid out during that same month as refunds or credit memoranda to taxpayers for overpayment of liability under such Acts for the benefit of any municipality or county located wholly within the boundaries of a participant.

(b) As soon as possible after the first day of each month, beginning July 1, 1989, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the "Metro-East Public Transportation Fund", an amount equal to 2/32 of the net revenue realized, as above, from within the boundaries of Madison, Monroe, and St. Clair Counties, except that the Department shall pay into the Metro-East Public Transportation Fund 2/32 of 80% of the net revenue realized under the State tax Acts specified in subsection (a) of this Section within the boundaries of Madison, Monroe, and St. Clair Counties for tax periods beginning on or after January 1, 1990. A local match equivalent to an amount which could be raised by a tax levy at the rate of .05% on the assessed value of property within the boundaries of Madison County is required annually to cause a total of 2/32 of the net revenue to be deposited in the Metro-East Public Transportation Fund. Failure to raise the required local match annually shall result in only 1/32 being deposited into the Metro-East Public Transportation Fund after July 1, 1989, or 1/32 of 80% of the net revenue realized for tax periods beginning on or after January 1, 1990.

(b-5) As soon as possible after the first day of each month, beginning July 1, 2005, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund.
Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Monroe and St. Clair Counties under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2005, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Monroe and St. Clair Counties.

(b-6) As soon as possible after the first day of each month, beginning July 1, 2008, upon certification by the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Madison County under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2008, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Madison County.

(b-7) Beginning July 1, 2018, notwithstanding the other provisions of this Section, instead of the Comptroller making monthly transfers from the General Revenue Fund to the Downstate Public Transportation Fund, the Department of Revenue shall deposit the designated fraction of the net revenue realized from collections under the Retailers’ Occupation Tax Act, the Service Occupation Tax Act, the Use Tax Act, and the Service Use Tax Act directly into the Downstate Public Transportation Fund.

(c) The Department shall certify to the Department of Revenue the eligible participants under this Article and the territorial boundaries of such participants for the purposes of the Department of Revenue in subsections (a) and (b) of this Section.

(d) For the purposes of this Article, beginning in fiscal year 2009 the General Assembly shall appropriate an amount from the Downstate Public Transportation Fund equal to the sum total funds projected to be paid to the participants pursuant to Section 2-7. If the General Assembly fails to make appropriations sufficient to cover the amounts projected to be paid pursuant to Section 2-7, this Act shall constitute an irrevocable and continuing appropriation from the Downstate Public Transportation Fund of all amounts necessary for those purposes.

Section 10. The Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such

New matter indicated by italics - deletions by strikeout
calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
6. The signature of the taxpayer; and
7. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer

who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of

highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until

such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any

part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles

or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The

transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form.
in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices

Illinois at retail from a retailer and which is titled or registered by an

from the 6.25% general rate on the selling price of tangible personal
property, other than tangible personal property which is purchased outside
Illinois at retail from a retailer and which is titled or registered by an
agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay
into the State and Local Sales Tax Reform Fund 100% of the net revenue
realized for the preceding month from the 1.25% rate on the selling price
of motor fuel and gasohol. Beginning September 1, 2010, each month the
Department shall pay into the State and Local Sales Tax Reform Fund
100% of the net revenue realized for the preceding month from the 1.25%
rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay
into the Local Government Tax Fund 16% of the net revenue realized for
the preceding month from the 6.25% general rate on the selling price of
tangible personal property which is purchased outside Illinois at retail
from a retailer and which is titled or registered by an agency of this State's
government.

Beginning October 1, 2009, each month the Department shall pay
into the Capital Projects Fund an amount that is equal to an amount
estimated by the Department to represent 80% of the net revenue realized
for the preceding month from the sale of candy, grooming and hygiene
products, and soft drinks that had been taxed at a rate of 1% prior to
September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into
the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received.
by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.
Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 15. The Service Use Tax Act is amended by changing Section 9 as follows:

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with

respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of

the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his
returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

    Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

    Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

    Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

    Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

    If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

    Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the
fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect
thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act,
but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after the effective date of this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act,

the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the
monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed
distributor, importing distributor, or manufacturer, as defined in the Liquor
Control Act of 1934, but is engaged in the business of selling, at retail,
alcoholic liquor shall file a statement with the Department of Revenue, in
a format and at a time prescribed by the Department, showing the total
amount paid for alcoholic liquor purchased during the preceding month
and such other information as is reasonably required by the Department.
The Department may adopt rules to require that this statement be filed in
an electronic or telephonic format. Such rules may provide for exceptions
from the filing requirements of this paragraph. For the purposes of this
paragraph, the term "alcoholic liquor" shall have the meaning prescribed in
the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing
distributor, and manufacturer of alcoholic liquor as defined in the Liquor
Control Act of 1934, shall file a statement with the Department of
Revenue, no later than the 10th day of the month for the preceding month
during which transactions occurred, by electronic means, showing the total
amount of gross receipts from the sale of alcoholic liquor sold or
distributed during the preceding month to purchasers; identifying the
purchaser to whom it was sold or distributed; the purchaser's tax
registration number; and such other information reasonably required by the
Department. A distributor, importing distributor, or manufacturer of
alcoholic liquor must personally deliver, mail, or provide by electronic
means to each retailer listed on the monthly statement a report containing a
cumulative total of that distributor's, importing distributor's, or
manufacturer's total sales of alcoholic liquor to that retailer no later than
the 10th day of the month for the preceding month during which the
transaction occurred. The distributor, importing distributor, or
manufacturer shall notify the retailer as to the method by which the
distributor, importing distributor, or manufacturer will provide the sales
information. If the retailer is unable to receive the sales information by
electronic means, the distributor, importing distributor, or manufacturer
shall furnish the sales information by personal delivery or by mail. For
purposes of this paragraph, the term "electronic means" includes, but is not
limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or
creditable, such amount shall be disregarded if it is less than 50 cents and
shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in

any case where the fractional part of a dollar is 50 cents or more, and
decreased to the nearest whole-dollar amount where the fractional part of a
dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if
the retailer's average monthly tax liability to the Department does not
exceed $200, the Department may authorize his returns to be filed on a
quarter annual basis, with the return for January, February and March of a
given year being due by April 20 of such year; with the return for April,
May and June of a given year being due by July 20 of such year; with the
return for July, August and September of a given year being due by
October 20 of such year, and with the return for October, November and
December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly
return and if the retailer's average monthly tax liability with the
Department does not exceed $50, the Department may authorize his
returns to be filed on an annual basis, with the return for a given year being
due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance,
shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the
time within which a retailer may file his return, in the case of any retailer
who ceases to engage in a kind of business which makes him responsible
for filing returns under this Act, such retailer shall file a final return under
this Act with the Department not more than one month after discontinuing
such business.

Where the same person has more than one business registered with
the Department under separate registrations under this Act, such person
may not file each return that is due as a single return covering all such
registered businesses, but shall file separate returns for each such
registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and
trailers that are required to be registered with an agency of this State, every
retailer selling this kind of tangible personal property shall file, with the
Department, upon a form to be prescribed and supplied by the Department,
a separate return for each such item of tangible personal property which
the retailer sells, except that if, in the same transaction, (i) a retailer of
aircraft, watercraft, motor vehicles or trailers transfers more than one
aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft,
motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a

retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in

property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the

New matter indicated by italics - deletions by strikeout
Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the

Department's decision to revoke the certificate of registration has become final.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status.

On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the

New matter indicated by italics - deletions by strikeout
time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than $20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part

of the credit taken was not actually due to the taxpayer, the taxpayer's
2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of
the difference between the credit taken and that actually due, and that
taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of
this Act which exceeds the taxpayer's liability to the Department under this
Act for the month which the taxpayer is filing a return, the Department
shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay
into the Local Government Tax Fund, a special fund in the State treasury
which is hereby created, the net revenue realized for the preceding month
from the 1% tax on sales of food for human consumption which is to be
consumed off the premises where it is sold (other than alcoholic

preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay
into the County and Mass Transit District Fund 20% of the net revenue
realized for the preceding month from the 1.25% rate on the selling price
of motor fuel and gasohol. Beginning September 1, 2010, each month the
Department shall pay into the County and Mass Transit District Fund 20%
of the net revenue realized for the preceding month from the 1.25% rate on
the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay
into the Local Government Tax Fund 16% of the net revenue realized for
the preceding month from the 6.25% general rate on the selling price of
tangible personal property.

Beginning August 1, 2000, each month the Department shall pay
into the Local Government Tax Fund 80% of the net revenue realized for

shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act (CAA) Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act (CAA) Permit Fund under this Act and the Use Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and this Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as

(210 ILCS 49/1-101.5)
Sec. 1-101.5. Prior law.

(a) This Act provides for licensure of long term care facilities that are federally designated as institutions for the mentally diseased on the effective date of this Act and specialize in providing services to individuals with a serious mental illness. On and after the effective date of this Act, these facilities shall be governed by this Act instead of the Nursing Home Care Act. The existence of a current or pending administrative hearing, notice of violation, or other enforcement action, except for a pending notice of revocation, authorized under the Nursing Home Care Act shall not be a barrier to the provisional licensure of a facility under this Act. Provisional licensure under this Act shall not relieve a facility from the responsibility for the payment of any past, current, or future fines or penalties, or for any other enforcement remedy, imposed upon the facility under the Nursing Home Care Act.

(b) All consent decrees that apply to facilities federally designated as institutions for the mentally diseased shall continue to apply to facilities licensed under this Act.

(c) A facility licensed under this Act may voluntarily close, and the facility may reopen in an underserved region of the State, if the facility receives a certificate of need from the Health Facilities and Services Review Board. At no time shall the total number of licensed beds under this Act exceed the total number of licensed beds existing on July 22, 2013 (the effective date of Public Act 98-104).

Sec. 4-105. Provisional licensure duration. A provisional license shall be valid upon fulfilling the requirements established by the Department by emergency rule. The license shall remain valid as long as a facility remains in compliance with the licensure provisions established in rule. Provisional licenses issued upon initial licensure as a specialized mental health rehabilitation facility shall expire at the end of a 3-year period, which commences on the date the provisional license is issued. Issuance of a provisional license for any reason other than initial licensure (including, but not limited to, change of ownership, location, number of beds, or services) shall not extend the maximum 3-year period, at the end of which a facility must be licensed pursuant to Section 4-201. Notwithstanding any other provision of this Act or the Specialized Mental Health Rehabilitation Facilities Code, 77 Ill. Admin. Code 380, to the contrary, if a facility has received notice from the Department that its application for provisional licensure to provide recovery and rehabilitation services has been accepted as complete and the facility has attested in writing to the Department that it will comply with the staff training plan approved by the Division of Mental Health, then a provisional license for recovery and rehabilitation services shall be issued to the facility within 60 days after the Department determines that the facility is in compliance with the requirements of the Life Safety Code in accordance with Section 4-104.5 of this Act.

Sec. 4-108.5. Provisional licensure period; surveys. During the provisional licensure period, the Department shall conduct surveys to determine compliance with timetables and benchmarks with a facility's provisional licensure application plan of operation. Timetables and benchmarks shall be established in rule and shall include, but not be limited to, the following: (1) training of new and existing staff; (2) establishment of a data collection and reporting program for the facility's Quality Assessment and Performance Improvement Program; and (3)

compliance with building environment standards beyond compliance with Chapter 33 of the National Fire Protection Association (NFPA) 101 Life Safety Code. Waivers granted by the Department in accordance with Section 4-104.5 of this Act shall be considered by the Department in its determination of the facility's compliance with the Life Safety Code.

During the provisional licensure period, the Department shall conduct State licensure surveys as well as a conformance standard review to determine compliance with timetables and benchmarks associated with the accreditation process. Timetables and benchmarks shall be met in accordance with the preferred accrediting organization conformance standards and recommendations and shall include, but not be limited to, conducting a comprehensive facility self-evaluation in accordance with an established national accreditation program. The facility shall submit all data reporting and outcomes required by accrediting organization to the Department of Public Health for review to determine progress towards accreditation. Accreditation status shall supplement but not replace the State's licensure surveys of facilities licensed under this Act and their certified programs and services to determine the extent to which these facilities provide high quality interventions, especially evidence-based practices, appropriate to the assessed clinical needs of individuals in the 4 certified levels of care.

Except for incidents involving the potential for harm, serious harm, death, or substantial facility failure to address a serious systemic issue within 60 days, findings of the facility's root cause analysis of problems and the facility's Quality Assessment and Performance Improvement program in accordance with item (22) of Section 4-104 shall not be used as a basis for non-compliance.

The Department shall have the authority to hire licensed practitioners of the healing arts and qualified mental health professionals to consult with and participate in survey and inspection activities.

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 15-101 and 15-111 as follows:

(625 ILCS 5/15-101) (from Ch. 95 1/2, par. 15-101)

(a) It is unlawful for any person to drive or move on, upon or across or for the owner to cause or knowingly permit to be driven or moved on, upon or across any highway any vehicle or vehicles of a size and weight exceeding the limitations stated in this Chapter or otherwise in violation of this Chapter, and the maximum size and weight of vehicles herein specified shall be lawful throughout this State, and local authorities shall have no power or authority to alter such limitations except as express authority may be granted in this Chapter.

(b) The provisions of this Chapter governing size, weight, and load do not apply to equipment for snow and ice removal operations owned or operated by any governmental body, or to implements of husbandry, as defined in Chapter 1 of this Code, temporarily operated or towed in a combination upon a highway provided such combination does not consist of more than 3 vehicles or, in the case of hauling fresh, perishable fruits or vegetables from farm to the point of first processing, not more than 3 wagons being towed by an implement of husbandry, or to a vehicle operated under the terms of a special permit issued hereunder. Except for weight limits on Class I highways under this Chapter, the provisions of this Chapter governing size, weight, and load do not apply to fire apparatus or emergency vehicles.

(c) The provisions of this Chapter governing size, weight, and load do not apply to any snow and ice removal equipment that is no more than 12 feet in width, if the equipment displays flags at least 18 inches square mounted on the driver's side of the snow plow.

These vehicles must be equipped with an illuminated rotating, oscillating, or flashing amber light or lights, or a flashing amber strobe light or lights, mounted on the top of the cab and of sufficient intensity to be visible at 500 feet in normal sunlight. If the load on the transport vehicle blocks the visibility of the amber lighting from the rear of the

vehicle, the vehicle must also be equipped with an illuminated rotating, oscillating, or flashing amber light or lights, or a flashing amber strobe light or lights, mounted on the rear of the load and of sufficient intensity to be visible at 500 feet in normal sunlight.

(625 ILCS 5/15-111) (from Ch. 95 1/2, par. 15-111)
Sec. 15-111. Wheel and axle loads and gross weights.

(a) No vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: \( W = 500 \times \left( \frac{L}{N-1} \right) + 12N + 36, \) where \( W \) equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, \( L \) equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and \( N \) equals the number of axles in the group under consideration.

The above formula when expressed in tabular form results in allowable loads as follows:

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (a) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (a) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

(1) Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

(2) Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

(3) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2-axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2-axle motor vehicle operating over any street of the city exceed 40,000 pounds.
(4) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

(4.5) A 3-axle or 4-axle vehicle (including when laden) operated or hired by a municipality within Cook, Lake, McHenry, Kane, DuPage, or Will county being operated for the purpose of performing emergency sewer repair that would be subject to a weight limitation less than 66,000 pounds under the formula in this subsection (a) shall have a weight limitation of 66,000 pounds or the vehicle's gross vehicle weight rating, whichever is less. This paragraph (4.5) does not apply to vehicles being operated on the National System of Interstate and Defense Highways, or to vehicles being operated on bridges or other elevated structures constituting a part of a highway.

(5) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more, notwithstanding the lower limit resulting from the application of the above formula.

(6) A truck, not in combination and used exclusively for the collection of rendering materials, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle.

(7) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(7.5) A 3-axle rear discharge truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

maximum weights: 22,000 pounds on single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(8) Except as provided in paragraph (7.5) of this subsection (a), tandem axles on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2024 and first registered in Illinois prior to January 1, 2025, with a distance greater than 72 inches but not more than 96 inches between any series of 2 axles, is allowed a combined weight on the series not to exceed 36,000 pounds and neither axle of the series may exceed 20,000 pounds. Any vehicle of this type manufactured after the model year of 2024 or first registered in Illinois after December 31, 2024 may not exceed a combined weight of 34,000 pounds through the series of 2 axles and neither axle of the series may exceed 20,000 pounds.

A 3-axle combination sewer cleaning jetting vacuum truck registered as a Special Hauling Vehicle, used exclusively for the transportation of non-hazardous solid waste, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(9) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2024, and registered in Illinois prior to January 1, 2025, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2024 may not exceed the weights allowed by the bridge formula.

(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon

issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

(12.5) The vehicle weight limitations in this Section do not apply to a covered heavy duty tow and recovery vehicle. The covered heavy duty tow and recovery vehicle license plate must cover the operating empty weight of the covered heavy duty tow and recovery vehicle only.

(13) Upon and during a declaration of an emergency propane supply disaster by the Governor under Section 7 of the Illinois Emergency Management Agency Act:

(i) a truck not in combination, equipped with a cargo tank, used exclusively for the transportation of propane or liquefied petroleum gas may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle; and

(ii) a truck when in combination with a trailer equipped with a cargo tank used exclusively for the transportation of propane or liquefied petroleum gas may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 90,000 pounds gross weight on a 5-axle or 6-axle vehicle.

Vehicles operating under this paragraph (13) are not subject to the bridge formula.

(14) A vehicle or combination of vehicles that uses natural gas or propane gas as a motor fuel may exceed the above weight limitations by up to 2,000 pounds, the total allowance is calculated by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas or propane gas tank and fueling system carried by the vehicle, and the weight of a

New matter indicated by italics - deletions by strikeout
comparable diesel tank and fueling system. This paragraph (14) shall not allow a vehicle to exceed any posted weight limit on a highway or structure.

(15) An emergency vehicle or fire apparatus that is a vehicle designed to be used under emergency conditions to transport personnel and equipment, and used to support the suppression of fires and mitigation of other hazardous situations on a Class I highway, may not exceed 86,000 pounds gross weight, or any of the following weight allowances:

(i) 24,000 pounds on a single steering axle;
(ii) 33,500 pounds on a single drive axle;
(iii) 62,000 pounds on a tandem axle; or
(iv) 52,000 pounds on a tandem rear drive steer axle.

(16) A bus, motor coach, or recreational vehicle may carry a total weight of 24,000 pounds on a single axle, but may not exceed other weight provisions of this Section.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

New matter indicated by italics - deletions by strikeout
For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(d) No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Food Handling Regulation Enforcement Act is amended by changing Section 3.06 and by adding Section 3.07 as follows:

(410 ILCS 625/3.06)

Sec. 3.06. Food handler training; restaurants.

(a) For the purpose of this Section, "restaurant" means any business that is primarily engaged in the sale of ready-to-eat food for immediate consumption. "Primarily engaged" means having sales of ready-to-eat food for immediate consumption comprising at least 51% of the total sales, excluding the sale of liquor.

(b) Unless otherwise provided, all food handlers employed by a restaurant, other than someone holding a food service sanitation manager certificate, must receive or obtain American National Standards Institute-accredited training in basic safe food handling principles within 30 days after employment and every 3 years thereafter. Notwithstanding the provisions of Section 3.05 of this Act, food handlers employed in nursing homes, licensed day care homes and facilities, hospitals, schools, and long-term care facilities must renew their training every 3 years. There is no limit to how many times an employee may take the training. The training indicated in subsections (e) and (f) of this Section is transferable between employers, but not individuals. The training indicated in subsections (c) and (d) of this Section is not transferable between individuals or employers. Proof that a food handler has been trained must be available upon reasonable request by a State or local health department inspector and may be provided electronically.

(c) If a business with an internal training program is approved in another state prior to the effective date of this amendatory Act of the 98th General Assembly, then the business's training program and assessment shall be automatically approved by the Department upon the business providing proof that the program is approved in said state.
(d) The Department shall approve the training program of any multi-state business or a franchisee, as defined in the Franchise Disclosure Act of 1987, of any multi-state business with a plan that follows the guidelines in subsection (b) of Section 3.05 of this Act and is on file with the Department by August 1, 2017 March 31, 2015.

(e) If an entity uses an American National Standards Institute food handler training accredited program, that training program shall be automatically approved by the Department.

(f) Certified local health departments in counties serving jurisdictions with a population of 100,000 or less, as reported by the U.S. Census Bureau in the 2010 Census of Population, may have a training program. The training program must meet the requirements of Section 3.05(b) and be approved by the Department. This Section notwithstanding, certified local health departments in the following counties may have a training program:

(1) a county with a population of 677,560 as reported by the U.S. Census Bureau in the 2010 Census of Population;
(2) a county with a population of 308,760 as reported by the U.S. Census Bureau in the 2010 Census of Population;
(3) a county with a population of 515,269 as reported by the U.S. Census Bureau in the 2010 Census of Population;
(4) a county with a population of 114,736 as reported by the U.S. Census Bureau in the 2010 Census of Population;
(5) a county with a population of 110,768 as reported by the U.S. Census Bureau in the 2010 Census of Population;
(6) a county with a population of 135,394 as reported by the U.S. Census Bureau in the 2010 Census of Population.

The certified local health departments in paragraphs (1) through (6) of this subsection (f) must have their training programs on file with the Department no later than 90 days after the effective date of this Act. Any modules that meet the requirements of subsection (b) of Section 3.05 of this Act and are not approved within 180 days after the Department's receipt of the application of the entity seeking to conduct the training shall automatically be considered approved by the Department.

(g) Any and all documents, materials, or information related to a restaurant or business food handler training module submitted to the Department is confidential and shall not be open to public inspection or dissemination and is exempt from disclosure under Section 7 of the Freedom of Information Act. Training may be conducted by any means.

There must be at least one commercially available, approved food handler
training module at a cost of no more than $15 per employee; if an
approved food handler training module is not available at that cost, then
the provisions of this Section 3.06 shall not apply.

(h) The regulation of food handler training is considered to be an
exclusive function of the State, and local regulation is prohibited. This
subsection (h) is a denial and limitation of home rule powers and functions

"Certified food service sanitation manager" means a food service
sanitation manager certified under Section 3 of this Act.
"Major food allergen" includes milk, eggs, fish, crustaceans, tree
nuts, wheat, peanuts, soybeans, and food ingredients that contain protein
derived from these foods.
"Primarily engaged" means having sales of ready-to-eat food for
immediate consumption comprising at least 51% of the total sales,
excluding the sale of liquor.
"Restaurant" means any business that is primarily engaged in the
sale of ready-to-eat food for immediate consumption.
(b) Unless otherwise provided, all certified food service sanitation
managers employed by a restaurant must receive or obtain training in
basic allergen awareness principles within 30 days after employment and
every 3 years thereafter. Training programs must be accredited by the
American National Standards Institute or another reputable accreditation
agency under the ASTM International E2659-09 (Standard Practice for
Certificate Programs). There is no limit to how many times an employee
may take the training.
(c) Allergen awareness training must cover and assess knowledge
of the following topics:

another name by which to be afterwards called and known, the person may file a petition in the circuit court of the county wherein he or she resides praying for that relief. If it appears to the court that the conditions hereinbefore mentioned have been complied with and that there is no reason why the prayer should not be granted, the court, by an order to be entered of record, may direct and provide that the name of that person be changed in accordance with the prayer in the petition.

(b) The filing of a petition in accordance with this Section shall be the sole and exclusive means by which any person committed under the laws of this State to a penal institution may change his or her name and assume another name. However, any person convicted of a felony in this State or any other state who has not been pardoned may not file a petition for a name change until 10 years have passed since completion and discharge from his or her sentence. A person who has been convicted of identity theft, aggravated identity theft, felony or misdemeanor criminal sexual abuse when the victim of the offense at the time of its commission is under 18 years of age, felony or misdemeanor sexual exploitation of a child, felony or misdemeanor indecent solicitation of a child, or felony or misdemeanor indecent solicitation of an adult, or any other offense for which a person is required to register under the Sex Offender Registration Act in this State or any other state who has not been pardoned shall not be permitted to file a petition for a name change in the courts of Illinois.

(c) A petitioner may include his or her spouse and adult unmarried children, with their consent, and his or her minor children where it appears to the court that it is for their best interest, in the petition and prayer, and the court's order shall then include the spouse and children. Whenever any minor has resided in the family of any person for the space of 3 years and has been recognized and known as an adopted child in the family of that person, the application herein provided for may be made by the person having that minor in his or her family.

An order shall be entered as to a minor only if the court finds by clear and convincing evidence that the change is necessary to serve the best interest of the child. In determining the best interest of a minor child under this Section, the court shall consider all relevant factors, including:

1. The wishes of the child's parents and any person acting as a parent who has physical custody of the child.
2. The wishes of the child and the reasons for those wishes. The court may interview the child in chambers to ascertain the child's wishes with respect to the change of name. Counsel...
shall be present at the interview unless otherwise agreed upon by the parties. The court shall cause a court reporter to be present who shall make a complete record of the interview instantaneously to be part of the record in the case.

(3) The interaction and interrelationship of the child with his or her parents or persons acting as parents who have physical custody of the child, step-parents, siblings, step-siblings, or any other person who may significantly affect the child's best interest.

(4) The child's adjustment to his or her home, school, and community.

(d) If it appears to the court that the conditions and requirements under this Article have been complied with and that there is no reason why the prayer should not be granted, the court, by an order to be entered of record, may direct and provide that the name of that person be changed in accordance with the prayer in the petition. If the circuit court orders that a name change be granted to a person who has been adjudicated or convicted of a felony or misdemeanor offense under the laws of this State or any other state for which a pardon has not been granted, or has an arrest for which a charge has not been filed or a pending charge on a felony or misdemeanor offense, a copy of the order, including a copy of each applicable access and review response, shall be forwarded to the Department of State Police. The Department of State Police shall update any criminal history transcript or offender registration of each person 18 years of age or older in the order to include the change of name as well as his or her former name.

Sec. 5-1. County school units.

(a) The territory in each county, exclusive of any school district governed by any special act which requires the district to appoint its own school treasurer, shall constitute a county school unit. County school units of less than 2,000,000 inhabitants shall be known as Class I county school units and the office of township trustees, where existing on July 1, 1962, in such units shall be abolished on that date and all books and records of such former township trustees shall be forthwith thereafter transferred to the county board of school trustees. (b) Notwithstanding subsections (a) and (c), the school board of any elementary school district having a fall, 1989 aggregate enrollment of at least 2,500 but less than 6,500 pupils and having boundaries that are coterminous with the boundaries of a high school district, and the school board of any high school district having a fall, 1989 aggregate enrollment of at least 2,500 but less than 6,500 pupils and having boundaries that are coterminous with the boundaries of an elementary school district, may, whenever the territory of such school district forms a part of a Class II county school unit, by proper resolution withdraw such school district from the jurisdiction and authority of the trustees of schools of the township in which such school district is located and from the jurisdiction and authority of the township treasurer in such Class II county school unit; provided that the school board of any such school district shall, upon the adoption and passage of such resolution, thereupon elect or appoint its own school treasurer as provided in Section 8-1. Upon the adoption and passage of such resolution and the election or appointment by the school board

Upon the effective date of this amendatory Act of 1993, the legal title to, and all right, title and interest formerly held by the township trustees in any school buildings and school sites used and occupied by the school board of such school district for school purposes, that legal title, right, title and interest thereafter having been transferred to and vested in the regional board of school trustees under P.A. 87-473 until the abolition of that regional board of school trustees by P.A. 87-969, shall be deemed transferred by operation of law to and shall vest in the school board of that school district.

Notwithstanding subsections (a) and (c), the school boards of Oak Park & River Forest District 200, Oak Park Elementary School District 97, and River Forest School District 90 may, by proper resolution, withdraw from the jurisdiction and authority of the trustees of schools of Proviso and Cicero Townships and the township treasurer, provided that the school board shall, upon the adoption and passage of the resolution, elect or appoint its own school treasurer as provided in Section 8-1 of this Code. Upon the adoption and passage of the resolution and the election or appointment by the school board of its own school treasurer: (1) the trustees of schools in the township or townships shall no longer have or exercise any powers or duties with respect to the school district or with respect to the school business, operations, or assets of the school district; (2) all books and records of the trustees of schools and all moneys, securities, loanable funds, and other assets relating to the school business and affairs of the school district shall be transferred and delivered to the school board; and (3) all legal title to and all right, title, and interest formerly held by the trustees of schools in any common school lands, school buildings, or school sites used and occupied by the school board and all rights of property and causes of action pertaining to or constituting a part of the common school lands, buildings, or sites shall be deemed transferred by operation of law to and shall vest in the school board.

100, Cicero School District 99, and J.S. Morton High School District 201 may, by proper resolution, withdraw from the jurisdiction and authority of the trustees of schools of Cicero Township and the township treasurer, provided that the school board shall, upon the adoption and passage of the resolution, elect or appoint its own school treasurer as provided in Section 8-1 of this Code. Upon the adoption and passage of the resolution and the election or appointment by the school board of its own school treasurer: (1) the trustees of schools in the township shall no longer have or exercise any powers or duties with respect to the school district or with respect to the school business, operations, or assets of the school district; (2) all books and records of the trustees of schools and all moneys, securities, loanable funds, and other assets relating to the school business and affairs of the school district shall be transferred and delivered to the school board; and (3) all legal title to and all right, title, and interest formerly held by the trustees of schools in any common school lands, school buildings, or school sites used and occupied by the school board and all rights of property and causes of action pertaining to or constituting a part of the common school lands, buildings, or sites shall be deemed transferred by operation of law to and shall vest in the school board.

(c) Notwithstanding the provisions of subsection (a), the offices of township treasurer and trustee of schools of any township located in a Class II county school unit shall be abolished as provided in this subsection if all of the following conditions are met:

(1) During the same 30 day period, each school board of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished gives written notice by certified mail, return receipt requested to the township treasurer and trustees of schools of that township of the date of a meeting of the school board, to be held not more than 90 nor less than 60 days after the date when the notice is given, at which meeting the school board is to consider and vote upon the question of whether there shall be submitted to the electors of the school district a proposition to abolish the offices of township treasurer and trustee of schools of that township. None of the notices given under this paragraph to the township treasurer and trustees of schools of a township shall be deemed sufficient or in compliance with the requirements of this
paragraph unless all of those notices are given within the same 30 day period.

(2) Each school board of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished, by the affirmative vote of at least 5 members of the school board at a school board meeting of which notice is given as required by paragraph (1) of this subsection, adopts a resolution requiring the secretary of the school board to certify to the proper election authorities for submission to the electors of the school district at the next consolidated election in accordance with the general election law a proposition to abolish the offices of township treasurer and trustee of schools of that township. None of the resolutions adopted under this paragraph by any elementary or unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished shall be deemed in compliance with the requirements of this paragraph or sufficient to authorize submission of the proposition to abolish those offices to a referendum of the electors in any such school district unless all of the school boards of all of the elementary and unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township adopt such a resolution in accordance with the provisions of this paragraph.

(3) The school boards of all of the elementary and unit school districts that are subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished submit a proposition to abolish the offices of township treasurer and trustee of schools of that township to the electors of their respective school districts at the same consolidated election in accordance with the general election law, the ballot in each such district to be in substantially the following form:

(4) At the consolidated election at which the proposition to abolish the offices of township treasurer and trustee of schools of a township is submitted to the electors of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustee of schools of that township, a majority of the electors voting on the proposition in each such elementary and unit school district votes in favor of the proposition as submitted to them.

If in each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished a majority of the electors in each such district voting at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of that township votes in favor of the proposition as submitted to them, the proposition shall be deemed to have passed; but if in any such elementary or unit school district a majority of the electors voting on that proposition in that district fails to vote in favor of the proposition as submitted to them, then notwithstanding the vote of the electors in any other such elementary or unit school district on that proposition the proposition shall not be deemed to have passed in any of those elementary or unit school districts, and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless in each of those elementary and unit school districts remaining subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township proceedings are again initiated to abolish those offices and all of the proceedings and conditions prescribed in paragraphs (1) through (4) of this subsection are repeated and met in each of those elementary and unit school districts.

New matter indicated by italics - deletions by strikeout
The electors in all of the school districts subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished shall vote at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of that township. If a majority of the electors in all of the school districts combined voting on the proposition vote in favor of the proposition, then the proposition shall be deemed to have passed; but if a majority of the electors voting on the proposition in all of the school district fails to vote in favor of the proposition as submitted to them, then the proposition shall not be deemed to have passed and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless and until the proceedings detailed in paragraphs (1) through (3) of this subsection and the conditions set forth in this paragraph are met.

If the proposition to abolish the offices of township treasurer and trustee of schools of a township is deemed to have passed at the consolidated election as provided in this subsection, those offices shall be deemed abolished by operation of law effective on January 1 of the calendar year immediately following the calendar year in which that consolidated election is held, provided that if after the election, the trustees of schools by resolution elect to abolish the offices of township treasurer and trustee of schools effective on July 1 immediately following the election, then the offices shall be abolished on July 1 immediately following the election. On the date that the offices of township treasurer and trustee of schools of a township are deemed abolished by operation of law, the school board of each elementary and unit school district and the school board of each high school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices are abolished: (i) shall appoint its own school treasurer as provided in Section 8-1; and (ii) unless the term of the contract of a township treasurer expires on the date that the office of township treasurer is abolished, shall pay to the former township treasurer its proportionate share of any aggregate compensation that, were the office of township treasurer not abolished at that time, would have been payable to the former township treasurer after that date over the remainder of the term of the contract of the former township treasurer that began prior to but ends after that date. In addition, on the date that the offices of township
treasurer and trustee of schools of a township are deemed abolished as provided in this subsection, the school board of each elementary school, high school and unit school district that until that date is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township shall be deemed by operation of law to have agreed and assumed to pay and, when determined, shall pay to the Illinois Municipal Retirement Fund a proportionate share of the unfunded liability existing in that Fund at the time these offices are abolished in that calendar year for all annuities or other benefits then or thereafter to become payable from that Fund with respect to all periods of service performed prior to that date as a participating employee in that Fund by persons serving during those periods of service as a trustee of schools, township treasurer or regular employee in the office of the township treasurer of that township. That unfunded liability shall be actuarially determined by the board of trustees of the Illinois Municipal Retirement Fund, and the board of trustees shall thereupon notify each school board required to pay a proportionate share of that unfunded liability of the aggregate amount of the unfunded liability so determined. The amount so paid to the Illinois Municipal Retirement Fund by each of those school districts shall be credited to the account of the township in that Fund. For each elementary school, high school and unit school district under the jurisdiction and authority of a township treasurer and trustees of schools of a township in which those offices are abolished as provided in this subsection, each such district's proportionate share of the aggregate compensation payable to the former township treasurer as provided in this paragraph and each such district's proportionate share of the aggregate amount of the unfunded liability payable to the Illinois Municipal Retirement Fund as provided in this paragraph shall be computed in accordance with the ratio that the number of pupils in average daily attendance in each such district for the school year last ending prior to the date on which the offices of township treasurer and trustee of schools of that township are abolished bears to the aggregate number of pupils in average daily attendance in all of those districts as so reported for that school year.

Upon abolition of the offices of township treasurer and trustee of schools of a township as provided in this subsection: (i) the regional board of school trustees, in its corporate capacity, shall be deemed the successor in interest to the former trustees of schools of that township with respect to the common school lands and township loanable funds of the township; (ii) all right, title and interest existing or vested in the former trustees of

schools of that township in the common school lands and township loanable funds of the township, and all records, moneys, securities and other assets, rights of property and causes of action pertaining to or constituting a part of those common school lands or township loanable funds, shall be transferred to and deemed vested by operation of law in the regional board of school trustees, which shall hold legal title to, manage and operate all common school lands and township loanable funds of the township, receive the rents, issues and profits therefrom, and have and exercise with respect thereto the same powers and duties as are provided by this Code to be exercised by regional boards of school trustees when acting as township land commissioners in counties having at least 220,000 but fewer than 2,000,000 inhabitants; (iii) the regional board of school trustees shall select to serve as its treasurer with respect to the common school lands and township loanable funds of the township a person from time to time also serving as the appointed school treasurer of any school district that was subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices were abolished, and the person selected to also serve as treasurer of the regional board of school trustees shall have his compensation for services in that capacity fixed by the regional board of school trustees, to be paid from the township loanable funds, and shall make to the regional board of school trustees the reports required to be made by treasurers of township land commissioners, give bond as required by treasurers of township land commissioners, and perform the duties and exercise the powers of treasurers of township land commissioners; (iv) the regional board of school trustees shall designate in the manner provided by Section 8-7, insofar as applicable, a depositary for its treasurer, and the proceeds of all rents, issues and profits from the common school lands and township loanable funds of that township shall be deposited and held in the account maintained for those purposes with that depositary and shall be expended and distributed therefrom as provided in Section 15-24 and other applicable provisions of this Code; and (v) whenever there is vested in the trustees of schools of a township at the time that office is abolished under this subsection the legal title to any school buildings or school sites used or occupied for school purposes by any elementary school, high school or unit school district subject to the jurisdiction and authority of those trustees of school at the time that office is abolished, the legal title to those school buildings and school sites shall be deemed transferred by operation of law to and invested in the school board of that school district, in its
