president or other authorized officer and the chief fiscal officer of the organization who shall certify that the statements therein are true and correct to the best of their knowledge, and shall be accompanied by an opinion signed by an independent certified public accountant that the financial statement therein fairly represents the financial operations of the organization in sufficient detail to permit public evaluation of its operations. Said opinion may be relied upon by the Attorney General.

(b) Every organization registered pursuant to Section 2 of this Act which shall receive in any 12-month period ending upon its established fiscal or calendar year of any year contributions:

   (1) in excess of $15,000, but not in excess of $25,000, during a fiscal year shall file only a simplified summary financial statement disclosing only the gross receipts, total disbursements, and assets on hand at the end of the year on forms prescribed by the Attorney General; or

   (2) in excess of $25,000, but not in excess of $300,000, if it is not required to submit a report under subsection (a) of this Section, shall file a written report with the Attorney General upon forms prescribed by him, on or before June 30 of each year if its books are kept on a calendar basis, or within 6 months after the close of its fiscal year if its books are kept on a fiscal year basis, which shall include a financial statement covering the immediately preceding 12-month period of operation limited to a statement of such organization's gross receipts from contributions, the gross amount expended for charitable educational programs, other charitable programs, management expense, and fund raising expenses including a separate statement of the cost of any goods, services or admissions supplied as part of its solicitations, and the disposition of the net proceeds from contributions, including compensation paid to trustees, consistent with forms furnished by the Attorney General. Such report shall also include a statement of any changes in the information required to be contained in the registration form filed on behalf of such organization. The report shall be signed by the president or other authorized officer and the chief fiscal officer of the organization who shall certify that the statements therein are true and correct to the best of their knowledge.

(c) For any fiscal or calendar year of any organization registered pursuant to Section 2 of this Act in which such organization would have
been exempt from registration pursuant to Section 3 of this Act if it had not been so registered, or in which it did not solicit or receive contributions, such organization shall file, on or before June 30 of each year if its books are kept on a calendar basis, or within 6 months after the close of its fiscal year if its books are kept on a fiscal year basis, instead of the reports required by subdivisions (a) or (b) of this Section, a statement certified under penalty of perjury by its president and chief fiscal officer stating the exemption and the facts upon which it is based or that such organization did not solicit or receive contributions in such fiscal year. The statement shall also include a statement of any changes in the information required to be contained in the registration form filed on behalf of such organization.

(d) As an alternative means of satisfying the duties and obligations otherwise imposed by this Section, any veterans organization chartered or incorporated under federal law and any veterans organization which is affiliated with, and recognized in the bylaws of, a congressionally chartered or incorporated organization may, at its option, annually file with the Attorney General the following documents:

(1) A copy of its Form 990, as filed with the Internal Revenue Service.

(2) Copies of any reports required to be filed by the affiliate with the congressionally chartered or incorporated veterans organization, as well as copies of any reports filed by the congressionally chartered or incorporated veterans organization with the government of the United States pursuant to federal law.

(3) Copies of all contracts entered into by the congressionally chartered or incorporated veterans organization or its affiliate for purposes of raising funds in this State, such copies to be filed with the Attorney General no more than 30 days after execution of the contracts.

(e) As an alternative means of satisfying all of the duties and obligations otherwise imposed by this Section, any person, pursuant to a contract with a charitable organization, a veterans organization or an affiliate described or referred to in subsection (d), who receives, collects, holds or transports as the agent of the organization or affiliate for purposes of resale any used or second hand personal property, including but not limited to household goods, furniture or clothing donated to the organization or affiliate may, at its option, annually file with the Attorney General

General the following documents, accompanied by an annual filing fee of $15:

(1) A notarized report including the number of donations of personal property it has received on behalf of the charitable organization, veterans organization or affiliate during the preceding proceeding year. For purposes of this report, the number of donations of personal property shall refer to the number of stops or pickups made regardless of the number of items received at each stop or pickup. The report may cover the person's fiscal year, in which case it shall be filed with the Attorney General no later than 90 days after the close of that fiscal year.

(2) All contracts with the charitable organization, veterans organization or affiliate under which the person has acted as an agent for the purposes listed above.

(3) All contracts by which the person agreed to pay the charitable organization, veterans organization or affiliate a fixed amount for, or a fixed percentage of the value of, each donation of used or second hand personal property. Copies of all such contracts shall be filed no later than 30 days after they are executed.

(f) The Attorney General may seek appropriate equitable relief from a court or, in his discretion, cancel the registration of any organization which fails to comply with subdivision (a), (b), or (c) of this Section within the time therein prescribed, or fails to furnish such additional information as is requested by the Attorney General within the required time; except that the time may be extended by the Attorney General for a period not to exceed 60 days upon a timely written request and for good cause stated. Unless otherwise stated herein, the Attorney General shall, by rule, set forth the standards used to determine whether a registration shall be cancelled as authorized by this subsection. Such standards shall be stated as precisely and clearly as practicable, to inform fully those persons affected. Notice of such cancellation shall be mailed to the registrant at least 15 days before the effective date thereof.

(g) The Attorney General in his discretion may, pursuant to rule, accept executed copies of federal Internal Revenue returns and reports as a portion of the foregoing annual reporting in the interest of minimizing paperwork, except there shall be no substitute for the independent certified public accountant audit opinion required by this Act.

(h) The Attorney General after canceling the registration of any trust or organization which fails to comply with this Section within the

time therein prescribed may by court proceedings, in addition to all other relief, seek to collect the assets and distribute such under court supervision to other charitable purposes.

(i) Every trustee, person, and organization required to file an annual report shall pay a filing fee of $15 with each annual financial report filed pursuant to this Section. If a proper and complete annual report is not timely filed, a late filing fee of an additional $100 is imposed and shall be paid as a condition of filing a late report. Reports submitted without the proper fee shall not be accepted for filing. Payment of the late filing fee and acceptance by the Attorney General shall both be conditions of filing a late report. All late filing fees shall be used to provide charitable trust enforcement and dissemination of charitable trust information to the public and shall be maintained in a separate fund for such purpose known as the Illinois Charity Bureau Fund.

(j) There is created hereby a separate special fund in the State Treasury to be known as the Illinois Charity Bureau Fund. That Fund shall be under the control of the Attorney General, and the funds, fees, and penalties deposited therein shall be used by the Attorney General to enforce the provisions of this Act and to gather and disseminate information about charitable trustees and organizations to the public.

Section 555. The Surface-Mined Land Conservation and Reclamation Act is amended by changing Section 8 as follows:

(225 ILCS 715/8) (from Ch. 96 1/2, par. 4509)

Sec. 8. Bond of operator; amount; sufficiency of surety; violations; compliance. Any bond herein provided to be filed with the Department by the operator shall be in such form as the Director prescribes, payable to the People of the State of Illinois, conditioned that the operator shall faithfully perform all requirements of this Act and comply with all rules of the Department made in accordance with the provisions of this Act. Such bond shall be signed by the operator as principal, and by a good and sufficient corporate surety, licensed to do business in Illinois, as surety.

New matter indicated in italics - deletions by strikeout
The penalty of such bond shall be an amount between $600 and $10,000 per acre as determined by the Director for lands to be affected by surface mining, including slurry and gob disposal areas. Under circumstances where a written agreement between the operator and a third party requires overburden to be removed, replaced, graded, and seeded in a manner that the necessary bond penalty exceeds $10,000 per acre, the Department shall require a bond amount sufficient to ensure the completion of the reclamation plan specified in the approved permit in the event of forfeiture. In no case shall the bond for the entire area under one permit be less than $600 per acre or $3,000, whichever is greater. Areas used for the disposal of slurry and gob shall continue under bond so long as they are in active use. In lieu of such bonds, the operator may deposit any combination of cash, certificates of deposits, government securities, or irrevocable letters of credit with the Department in an amount equal to that of the required surety bond on conditions as prescribed in this Section. The penalty of the bond or amount of other security shall be increased or reduced from time to time as provided in this Act. Such bond or security shall remain in effect until the affected lands have been reclaimed, approved, and released by the Department except that when the Department determines that grading and covering with materials capable of supporting vegetation in accordance with the plan has been satisfactorily completed, the Department shall release the bond or security except the amount of $100 per acre which shall be retained by the Department until the reclamation according to Section 6 of this Act has been completed. Where an anticipated water impoundment has been approved by the Department in the reclamation plan, and the Department determines the impoundment will be satisfactorily completed upon completion of the operation, the bond covering such anticipated water impoundment area shall be released.

A bond filed as above prescribed shall not be cancelled by the surety except after not less than 90 days' notice to the Department.

If the license to do business in Illinois of any surety upon a bond filed with the Department pursuant to this Act shall be suspended or revoked, the operator, within 30 days after receiving notice thereof from the Department, shall substitute for such surety a good and sufficient corporate surety licensed to do business in Illinois. Upon failure of the operator to make substitution of surety as herein provided, the Department shall have the right to suspend the permit of the operator until such substitution has been made.

New matter indicated in italics - deletions by strikeout
The Department shall give written notice to the operator of any violation of this Act or non-compliance with any of the rules and regulations promulgated by the Department hereunder and if corrective measures, approved by the Department, are not commenced within 45 days, the Department may proceed as provided in Section 11 of this Act to request forfeiture of the bond or security. The forfeiture shall be the amount of bond or security in effect at the time of default for each acre or portion thereof with respect to which the operator has defaulted. Such forfeiture shall fully satisfy all obligations of the operator to reclaim the affected land under the provisions of this Act.

The Department shall have the power to reclaim, in keeping with the provisions of this Act, any affected land with respect to which a bond has been forfeited.

Whenever an operator shall have completed all requirements under the provisions of this Act as to any affected land, he shall notify the Department thereof. If the Department determines that the operator has completed reclamation requirements and refuse disposal requirements and has achieved results appropriate to the use for which the area was reclaimed, the Department shall release the operator from further obligations regarding such affected land and the penalty of the bond shall be reduced proportionately.

Bonding aggregate mining operations under permit by the State is an exclusive power and function of the State. A home rule unit may not require bonding of aggregate mining operations under permit by the State. This provision is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution of 1970.

Section 560. The Illinois Horse Racing Act of 1975 is amended by changing Sections 26, 26.2, 32.1, and 40 as follows:

Sec. 26. Wagering.

(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering
shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or

New matter indicated in italics - deletions by strikeout
employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any
Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after August 15, 2014 (the effective date of Public Act 98-968) this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after August 15, 2014 (the effective date of Public Act 98-968) this amendatory Act of the 98th General Assembly, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning August 15, 2015 (one year after the effective date of Public Act 98-968) this amendatory Act of the 98th General Assembly, non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers.

New matter indicated in italics - deletions by strikeout
The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, through December 31, 2018, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to June 7, 2013 (the effective date of Public Act 98-18) this amendatory Act of the 98th General Assembly taken in reliance on the changes made to this subsection (g) by Public Act 98-18 this amendatory Act of the 98th General Assembly are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All
advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an inter-track wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live

thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an inter-track intertrack wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an inter-track intertrack wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any inter-track intertrack wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each inter-track intertrack wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on

races conducted at racetracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license as follows:

(A) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, when the interstate

simulcast is a standardbred race, the purse share to its standardbred purse account;

(B) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, and the interstate simulcast is a thoroughbred race, the purse share to its interstate simulcast purse pool to be distributed under paragraph (10) of this subsection (g);

(C) Between January 1 and the third Friday in February, inclusive, if live thoroughbred racing is occurring in Illinois, between 6:30 a.m. and 6:30 p.m. the purse share from wagers made during this time period to its thoroughbred purse account and between 6:30 p.m. and 6:30 a.m. the purse share from wagers made during this time period to its standardbred purse accounts;

(D) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 a.m. and 6:30 p.m., the purse share to its thoroughbred purse account;

(E) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 p.m. and 6:30 a.m., the purse share to its standardbred purse account.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this

subparagraph (B) shall be deposited within 2 weeks after
the day they were generated, shall be in addition to and not
in lieu of any other moneys paid to standardbred purses
under this Act, and shall not be commingled with other
moneys paid into that Fund. The moneys deposited
pursuant to this subparagraph (B) shall be allocated as
provided by the Department of Agriculture, with the advice
and assistance of the Illinois Standardbred Breeders Fund
Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the
contrary, if no thoroughbred racing is conducted at a racetrack
located in Madison County during any calendar year beginning on
or after January 1, 2002, all moneys derived by that racetrack from
simulcast wagering and inter-track wagering that (1) are to be used
for purses and (2) are generated between the hours of 6:30 a.m. and
6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that
racetrack requests from the Board at least as many racing
dates as were conducted in calendar year 2000, 80% shall
be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the

deposited into the Illinois Colt Stakes Purse Distribution
Fund pursuant to this subparagraph (B) shall be paid to
Illinois conceived and foaled thoroughbred breeders' programs and to thoroughbred purses for races conducted at
any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture,
with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. The moneys deposited into
the Illinois Colt Stakes Purse Distribution Fund pursuant to
this subparagraph (B) shall be deposited within 2 weeks
after the day they were generated, shall be in addition to
and not in lieu of any other moneys paid to thoroughbred
purses under this Act, and shall not be commingled with
other moneys deposited into that Fund.

(7.3) If no live standardbred racing is conducted at a
racetrack located in Madison County in calendar year 2000 or

racing at that racetrack shall, before January 1, 2002, pay all moneys derived from simulcast wagering and inter-track wagering in calendar years 2000 and 2001 and paid into the licensee's standardbred purse account as follows:

(A) Eighty percent to that licensee's thoroughbred purse account to be used for thoroughbred purses; and

(B) Twenty percent to the Illinois Colt Stakes Purse Distribution Fund.

Failure to make the payment to the Illinois Colt Stakes Purse Distribution Fund before January 1, 2002 shall result in the immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license.

Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with any other moneys paid into that Fund.

(7.4) If live standardbred racing is conducted at a racetrack located in Madison County at any time in calendar year 2001 before the payment required under paragraph (7.3) has been made, the organization licensee who is licensed to conduct racing at that racetrack shall pay all moneys derived by that racetrack from simulcast wagering and inter-track wagering during calendar years 2000 and 2001 that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses.

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

(12) The Board shall have authority to compel all host tracks to receive the simulcast of any or all races conducted at the Springfield or DuQuoin State fairgrounds and include all such races as part of their simulcast programs.

(13) Notwithstanding any other provision of this Act, in the event that the total Illinois pari-mutuel handle on Illinois horse races at all wagering facilities in any calendar year is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at all such wagering facilities for calendar year 1994, then each wagering facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the

wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization

licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may receive inter-track wagering location licenses. An eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 9 inter-track wagering locations, and an eligible race track located in Stickney Township in Cook County may establish up to 16 inter-track wagering locations, and an eligible race track located in Palatine Township in Cook County may establish up to 18 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the

payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to inter-track wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on inter-track intertrack wagering at such location on races as purses, except that an inter-track intertrack wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and inter-track intertrack wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro-rata share of the total handle from inter-track wagering and simulcast wagering for all inter-track wagering location licensees during the calendar year in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first, that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B)

The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. (D) Except as provided in paragraph (11) of this subsection (h), with respect to purse allocation from inter-track wagering, the monies so retained shall be divided as follows:

(i) If the inter-track wagering licensee, except an inter-track wagering licensee that derives its license from an organization licensee located in a county with a population in excess of 230,000 and bounded by the Mississippi River, is not conducting its own race meeting during the same dates, then the entire purse allocation shall be to purses at the track where the races wagered on are being conducted.

(12) The Board shall have all powers necessary and proper to fully supervise and control the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees, including, but not limited to the following:

(A) The Board is vested with power to promulgate reasonable rules and regulations for the purpose of administering the conduct of this wagering and to prescribe reasonable rules, regulations and conditions under which such wagering shall be held and conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(B) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities of any licensee to determine whether there has been compliance with the provisions of this Act and the rules and regulations relating to the conduct of such wagering.

(C) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any licensee's facilities, any person whose conduct or reputation is such that his presence on such premises may, in the opinion of the Board, call into the question the honesty and integrity of, or interfere with the orderly conduct of such wagering; provided, however, that no person shall be excluded or ejected from such premises solely on the grounds of race, color, creed, national origin, ancestry, or sex.

Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board shall give due consideration to the best interests of the public and of horse racing. (15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this amendatory Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17) (A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this amendatory Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more

than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or Public Act 95-634 amending Act or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18) (A) A class 1 brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State Commission. The State Commission shall approve the application for a self-distribution exemption if the class 1 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufactures more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees; and (5) has relinquished any brew pub license held by the licensee, including any ownership interest it held in the licensed brew pub.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law.
of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The State Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 90-739 this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of Public Act 90-739 this amendatory Act of 1998;

(305 ILCS 5/4-1.7) (from Ch. 23, par. 4-1.7)
Sec. 4-1.7. Enforcement of Parental Child Support Obligation. If the parent or parents of the child are failing to meet or are delinquent in their legal obligation to support the child, the parent or other person having custody of the child or the Department of Healthcare and Family Services may request the law enforcement officer authorized or directed by law to so act to file an action for the enforcement of such remedies as the law provides for the fulfillment of the child support obligation.

If a parent has a judicial remedy against the other parent to compel child support, or if, as the result of an action initiated by or in behalf of one parent against the other, a child support order has been entered in respect to which there is noncompliance or delinquency, or where the order so entered may be changed upon petition to the court to provide additional support, the parent or other person having custody of the child or the Department of Healthcare and Family Services may request the appropriate law enforcement officer to seek enforcement of the remedy, or of the support order, or a change therein to provide additional support. If the law enforcement officer is not authorized by law to so act in these instances, the parent, or if so authorized by law the other person having custody of the child, or the Department of Healthcare and Family Services may initiate an action to enforce these remedies.

A parent or other person having custody of the child must comply with the requirements of Title IV of the federal Social Security Act, and the regulations duly promulgated thereunder, and any rules promulgated by the Illinois Department regarding enforcement of the child support obligation. The Department of Healthcare and Family Services and the Department of Human Services may provide by rule for the grant or

continuation of aid to the person for a temporary period if he or she accepts counseling or other services designed to increase his or her motivation to seek enforcement of the child support obligation.

In addition to any other definition of failure or refusal to comply with the requirements of Title IV of the federal Social Security Act, or Illinois Department rule, in the case of failure to attend court hearings, the parent or other person can show cooperation by attending a court hearing or, if a court hearing cannot be scheduled within 14 days following the court hearing that was missed, by signing a statement that the parent or other person is now willing to cooperate in the child support enforcement process and will appear at any later scheduled court date. The parent or other person can show cooperation by signing such a statement only once. If failure to attend the court hearing or other failure to cooperate results in the case being dismissed, such a statement may be signed after 2 months.

No denial or termination of medical assistance pursuant to this Section shall commence during pregnancy of the parent or other person having custody of the child or for 30 days after the termination of such pregnancy. The termination of medical assistance may commence thereafter if the Department of Healthcare and Family Services determines that the failure or refusal to comply with this Section persists. Postponement of denial or termination of medical assistance during pregnancy under this paragraph shall be effective only to the extent it does not conflict with federal law or regulation.

Any evidence a parent or other person having custody of the child gives in order to comply with the requirements of this Section shall not render him or her liable to prosecution under Section 11-35 or 11-40 of the Criminal Code of 2012.

When so requested, the Department of Healthcare and Family Services and the Department of Human Services shall provide such services and assistance as the law enforcement officer may require in connection with the filing of any action hereunder.

The Department of Healthcare and Family Services and the Department of Human Services, as an expense of administration, may also provide applicants for and recipients of aid with such services and assistance, including assumption of the reasonable costs of prosecuting any action or proceeding, as may be necessary to enable them to enforce the child support liability required hereunder.
Nothing in this Section shall be construed as a requirement that an applicant or recipient file an action for dissolution of marriage against his or her spouse.

arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

(1) dental services provided by or under the supervision of a dentist; and
(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

New matter indicated in italics - deletions by strikeout
(A) A baseline mammogram for women 35 to 39 years of age.
(B) An annual mammogram for women 40 years of age or older.
(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.
(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.
(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis. As used in this Section, the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast. If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois...
Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided

to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the
Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 5 days of receipt by the facility of required prescreening information, data for new admissions shall be entered into the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or successor system,

and within 15 days of receipt by the facility of required prescreening information, admission documents shall be submitted through MEDI or REV or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. The registering party shall serve notice on the Department in all cases by first class mail.

1. If the administrative support order or the administrative paternity order was entered by default against the obligor, the obligor must be served with the registration by any method provided by law for service of summons.
2. If a petition or comparable pleading seeking an affirmative remedy is filed with the registration, the non-moving party must be served with the registration and the affirmative pleading by any method provided by law for service of summons.
(e) A notice of registration of an administrative support order or an administrative paternity order must provide the following information:

1. That a registered administrative order is enforceable in the same manner as an order for support or an order for paternity issued by the circuit court.
2. That a hearing to contest enforcement of the registered administrative support order or the registered administrative paternity order must be requested within 30 days after the date of service of the notice.
3. That failure to contest, in a timely manner, the enforcement of the registered administrative support order or the registered administrative paternity order shall result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted.
4. The amount of any alleged arrearages.
(f) A nonregistering party seeking to contest enforcement of a registered administrative support order or a registered administrative paternity order shall request a hearing within 30 days after the date of service of notice of the registration. The nonregistering party may seek to
vacate the registration, to assert any defense to an allegation of noncompliance with the registered administrative support order or the registered administrative paternity order, or to contest the remedies being sought or the amount of any alleged arrearages.

(g) If the nonregistering party fails to contest the enforcement of the registered administrative support order or the registered administrative paternity order in a timely manner, the order shall be confirmed by operation of law.

(h) If a nonregistering party requests a hearing to contest the enforcement of the registered administrative support order or the registered administrative paternity order, the circuit court shall schedule the matter for hearing and give notice to the parties and the Illinois Department of the date, time, and place of the hearing.

(i) A party contesting the enforcement of a registered administrative support order or a registered administrative paternity order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

1. The Illinois Department lacked personal jurisdiction over the contesting party.
2. The administrative support order or the administrative paternity order was obtained by fraud.
3. The administrative support order or the administrative paternity order has been vacated, suspended, or modified by a later order.
4. The Illinois Department has stayed the administrative support order or the administrative paternity order pending appeal.
5. There is a defense under the law to the remedy sought.
6. Full or partial payment has been made.

(j) If a party presents evidence establishing a full or partial payment defense under subsection (i), the court may stay enforcement of the registered order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered administrative support order or the registered administrative paternity order may be enforced by all remedies available under State law.

(k) If a contesting party does not establish a defense under subsection (i) to the enforcement of the administrative support order or the administrative paternity order, the court shall issue an order confirming the administrative support order or the administrative paternity order.
Confirmation of the registered administrative support order or the registered administrative paternity order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration. Upon confirmation, the registered administrative support order or the registered administrative paternity order shall be treated in the same manner as a support order or a paternity order entered by the circuit court, including the ability of the court to entertain a petition to modify the administrative support order due to a substantial change in circumstances or a petition to modify the administrative paternity order due to clear and convincing evidence regarding paternity, or petitions for visitation or custody of the child or children covered by the administrative support order or the administrative paternity order. Nothing in this Section shall be construed to alter the effect of a final administrative support order or a final administrative paternity order, or the restriction of judicial review of such a final order to the provisions of the Administrative Review Law, as provided in Sections 10-11 and 10-17.7 of this Code.

(l) Notwithstanding the limitations of relief provided for under this Section regarding an administrative paternity order and the administrative relief available from an administrative paternity order under Sections 10-12 through 10-14.1 of this Code, a party may petition for relief from a registered final administrative paternity order entered by consent of the parties, excluding a voluntary acknowledgement or denial of paternity as well as an administrative paternity order entered pursuant to genetic testing. The petition shall be filed pursuant to Section 2-1401 of the Code of Civil Procedure based upon a showing of due diligence and a meritorious defense. The court, after reviewing the evidence regarding this specific type of administrative paternity order entered by consent of the parties, shall issue an order regarding the petition. Nothing in this Section shall be construed to alter the effect of a final administrative paternity order, or the restriction of judicial review of such a final order to the provisions of the Administrative Review Law, as provided in Section 10-17.7 of this Code.

For the protection of applicants and recipients, the Illinois Department, the county departments and local governmental units and their respective officers and employees are prohibited, except as hereinafter provided, from disclosing the contents of any records, files, papers and communications, except for purposes directly connected with the administration of public aid under this Code.

In any judicial proceeding, except a proceeding directly concerned with the administration of programs provided for in this Code, such records, files, papers and communications, and their contents shall be deemed privileged communications and shall be disclosed only upon the order of the court, where the court finds such to be necessary in the interest of justice.

Sec. 40. Appeal of permit denial.

(a)(1) If the Agency refuses to grant or grants with conditions a permit under Section 39 of this Act, the applicant may, within 35 days after the date on which the Agency served its decision on the applicant, petition for a hearing before the Board to contest the decision of the Agency. However, the 35-day period for petitioning for a hearing may be extended for an additional period of time not to exceed 90 days by written notice provided to the Board from the applicant and the Agency within the initial appeal period. The Board shall give 21 days’ notice to any person in the county where is located the facility in issue who has requested notice of enforcement proceedings and to each member of the General Assembly in whose legislative district that installation or property is located; and shall publish that 21-day notice in a newspaper of general circulation in that county. The Agency shall appear as respondent in such hearing. At such hearing the rules prescribed in Section 32 and subsection (a) of Section 33 of this Act shall apply, and the burden of proof shall be on the petitioner. If, however, the Agency issues an NPDES permit that imposes limits which are based upon a criterion or denies a permit based upon application of a criterion, then the Agency shall have the burden of going forward with the basis for the derivation of those limits or criterion which were derived under the Board's rules.

(2) Except as provided in paragraph (a)(3), if there is no final action by the Board within 120 days after the date on which it received the petition, the petitioner may deem the permit issued under this Act, provided, however, that that period of 120 days shall not run for any period of time, not to exceed 30 days, during which the Board is without sufficient membership to constitute the quorum required by subsection (a) of Section 5 of this Act, and provided further that such 120 day period
shall not be stayed for lack of quorum beyond 30 days regardless of whether the lack of quorum exists at the beginning of such 120-day period or occurs during the running of such 120-day period.

(3) Paragraph (a)(2) shall not apply to any permit which is subject to subsection (b), (d) or (e) of Section 39. If there is no final action by the Board within 120 days after the date on which it received the petition, the petitioner shall be entitled to an Appellate Court order pursuant to subsection (d) of Section 41 of this Act.

(b) If the Agency grants a RCRA permit for a hazardous waste disposal site, a third party, other than the permit applicant or Agency, may, within 35 days after the date on which the Agency issued its decision, petition the Board for a hearing to contest the issuance of the permit. Unless the Board determines that such petition is duplicative or frivolous, or that the petitioner is so located as to not be affected by the permitted facility, the Board shall hear the petition in accordance with the terms of subsection (a) of this Section and its procedural rules governing denial appeals, such hearing to be based exclusively on the record before the Agency. The burden of proof shall be on the petitioner. The Agency and the permit applicant shall be named co-respondents.

The provisions of this subsection do not apply to the granting of permits issued for the disposal or utilization of sludge from publicly-owned sewage works.

(c) Any party to an Agency proceeding conducted pursuant to Section 39.3 of this Act may petition as of right to the Board for review of the Agency's decision within 35 days from the date of issuance of the Agency's decision, provided that such appeal is not duplicative or frivolous. However, the 35-day period for petitioning for a hearing may be extended by the applicant for a period of time not to exceed 90 days by written notice provided to the Board from the applicant and the Agency within the initial appeal period. If another person with standing to appeal wishes to obtain an extension, there must be a written notice provided to the Board by that person, the Agency, and the applicant, within the initial appeal period. The decision of the Board shall be based exclusively on the record compiled in the Agency proceeding. In other respects the Board's review shall be conducted in accordance with subsection (a) of this Section and the Board's procedural rules governing permit denial appeals.

(d) In reviewing the denial or any condition of a NA NSR permit issued by the Agency pursuant to rules and regulations adopted under subsection (c) of Section 9.1 of this Act, the decision of the Board shall be
based exclusively on the record before the Agency including the record of the hearing, if any, unless the parties agree to supplement the record. The Board shall, if it finds the Agency is in error, make a final determination as to the substantive limitations of the permit including a final determination of Lowest Achievable Emission Rate.

(e)(1) If the Agency grants or denies a permit under subsection (b) of Section 39 of this Act, a third party, other than the permit applicant or Agency, may petition the Board within 35 days from the date of issuance of the Agency's decision, for a hearing to contest the decision of the Agency.

(2) A petitioner shall include the following within a petition submitted under subdivision (1) of this subsection:

(A) a demonstration that the petitioner raised the issues contained within the petition during the public notice period or during the public hearing on the NPDES permit application, if a public hearing was held; and

(B) a demonstration that the petitioner is so situated as to be affected by the permitted facility.

(3) If the Board determines that the petition is not duplicative or frivolous and contains a satisfactory demonstration under subdivision (2) of this subsection, the Board shall hear the petition (i) in accordance with the terms of subsection (a) of this Section and its procedural rules governing permit denial appeals and (ii) exclusively on the basis of the record before the Agency. The burden of proof shall be on the petitioner. The Agency and permit applicant shall be named co-respondents.

(f) Any person who files a petition to contest the issuance of a permit by the Agency shall pay a filing fee.

(625 ILCS 5/3-704.1)
Sec. 3-704.1. Municipal vehicle tax liability; suspension of registration.

(a) As used in this Section:

1. "Municipality" means a city, village or incorporated town with a population over 1,000,000.

New matter indicated in italics - deletions by strikeout
(2) "Vehicle tax" means a motor vehicle tax and any related late fees or charges imposed by a municipality under Section 8-11-4 of the Illinois Municipal Code or under the municipality's home rule powers.

(3) "Vehicle owner" means the registered owner or owners of a vehicle who are residents of the municipality.

(b) A municipality that imposes a vehicle tax may, by ordinance adopted under this Section, establish a system whereby the municipality notifies the Secretary of State of vehicle tax liability and the Secretary of State suspends the registration of vehicles for which the tax has not been paid. An ordinance establishing a system must provide for the following:

(1) A first notice for failure to pay a vehicle tax shall be sent by first class mail to the vehicle owner at the owner's address recorded with the Secretary of State whenever the municipality has reasonable cause to believe that the vehicle owner has failed to pay a vehicle tax as required by ordinance. The notice shall include at least the following:

   (A) The name and address of the vehicle owner.
   (B) The registration plate number of the vehicle.
   (C) The period for which the vehicle tax is due.
   (D) The amount of vehicle tax that is due.
   (E) A statement that the vehicle owner's registration for the vehicle will be subject to suspension proceedings unless the vehicle owner pays the vehicle tax or successfully contests the owner's alleged liability within 30 days of the date of the notice.
   (F) An explanation of the vehicle owner's opportunity to be heard under subsection (c).

(2) If a vehicle owner fails to pay the vehicle tax or to contest successfully the owner's alleged liability within the period specified in the first notice, a second notice of impending registration suspension shall be sent by first class mail to the vehicle owner at the owner's address recorded with the Secretary of State. The notice shall contain the same information as the first notice, but shall also state that the failure to pay the amount owing, or to contest successfully the alleged liability within 45 days of the date of the second notice, will result in the municipality's notification of the Secretary of State that the vehicle owner is eligible for initiation of suspension proceedings under this Section.
(c) An ordinance adopted under this Section must also give the vehicle owner an opportunity to be heard upon the filing of a timely petition with the municipality. A vehicle owner may contest the alleged tax liability either through an adjudication by mail or at an administrative hearing, at the option of the vehicle owner. The grounds upon which the liability may be contested may be limited to the following:

1. The alleged vehicle owner does not own the vehicle.
2. The vehicle is not subject to the vehicle tax by law.
3. The vehicle tax for the period in question has been paid.

At an administrative hearing, the formal or technical rules of evidence shall not apply. The hearing shall be recorded. The person conducting the hearing shall have the power to administer oaths and to secure by subpoena the attendance and testimony of witnesses and the production of relevant documents.

(d) If a vehicle owner who has been sent a first notice of failure to pay a vehicle tax and a second notice of impending registration suspension fails to pay the vehicle tax or to contest successfully the vehicle owner's liability within the periods specified in the notices, the appropriate official shall cause a certified report to be sent to the Secretary of State under subsection (e).

(e) A report of a municipality notifying the Secretary of State of a vehicle owner's failure to pay a vehicle tax or related fines or penalties under this Section shall be certified by the appropriate official and shall contain the following:

1. The name, last known address, and registration plate number of the vehicle of the person who failed to pay the vehicle tax.
2. The name of the municipality making the report.
3. A statement that the municipality sent notices as required by subsection (b); the date on which the notices were sent; the address to which the notices were sent; and the date of the hearing, if any.

(f) Following receipt of the certified report under this Section, the Secretary of State shall notify the vehicle owner that the vehicle's registration will be suspended at the end of a reasonable specified period of time unless the Secretary of State is presented with a notice from the municipality certifying that the person has paid the necessary vehicle tax, or that inclusion of that person's name or registration number on the certified report was in error. The Secretary's notice shall state in substance New matter indicated in italics - deletions by strikeout
the information contained in the certified report from the municipality to the Secretary, and shall be effective as specified by subsection (c) of Section 6-211 of this Code. The notice shall also inform the person of the person's right to a hearing under subsection (g).

(g) An administrative hearing with the Office of the Secretary of State to contest an impending suspension or a suspension made under this Section may be had upon filing a written request with the Secretary of State. The filing fee for this hearing shall be $20 to be paid at the time the request is made.

(1) The scope of any administrative hearing with the Secretary of State to contest an impending suspension under this Section shall be limited to the following issues:

   (A) Whether the report of the appropriate official of the municipality was certified and contained the information required by this Section.

   (B) Whether the municipality making the certified report to the Secretary of State established procedures by ordinance for persons to challenge the accuracy of the certified report.

   (C) Whether the Secretary of State notified the vehicle owner that the vehicle's registration would be suspended at the end of the specified time period unless the Secretary of State was presented with a notice from the municipality certifying that the person has purchased the necessary vehicle tax sticker or that inclusion of that person's name or registration number on the certified report was in error.

A municipality that files a certified report with the Secretary of State under this Section shall reimburse the Secretary for all reasonable costs incurred by the Secretary as a result of the filing of the report, including but not limited to the costs of providing the notice required under subsection (f) and the costs incurred by the Secretary in any hearing conducted with respect to the report under this subsection and any appeal from that hearing.

(h) After the expiration of the time specified under subsection (g), the Secretary of State shall, unless the suspension is successfully contested, suspend the registration of the vehicle until the Secretary receives notice under subsection (i).
(i) Any municipality making a certified report to the Secretary of State under this subsection shall notify the Secretary of State, in a form prescribed by the Secretary, whenever a person named in the certified report has subsequently paid a vehicle tax or whenever the municipality determines that the original report was in error. A certified copy of the notification shall also be given upon request and at no additional charge to the person named in the report. Upon receipt of the notification or presentation of a certified copy of the notification by the municipality, the Secretary of State shall terminate the suspension.

(j) To facilitate enforcement of municipal vehicle tax liability, a municipality may provide by ordinance for a program of vehicle immobilization as provided by Section 11-1430.1 of this Code.

application and the payment of a registration fee of $13. The application for and display of such registration plates for identification purposes by vehicles exempt from registration shall not be deemed as a waiver or rescission of its exempt status, nor make such vehicle subject to registration. Nothing in this Section prohibits the towing of another vehicle by the exempt vehicle if the towed vehicle:

(i) does not exceed the registered weight of 8,000 pounds;
(ii) is used exclusively for transportation to and from the work site;
(iii) is not used for carrying counter weights or other material related to the operation of the exempt vehicle while under tow; and

The registration fee shall be paid in full and shall not be reduced even though such registration is made during the second half of the registration year. These vehicles shall, whether loaded or unloaded, be limited to a maximum gross weight of 36,000 pounds, restricted to a highway speed of not more than 30 miles per hour and a legal width of not more than 12 feet. Such vehicles shall be limited to the furthering of agricultural or horticultural pursuits and in furtherance of these pursuits, such vehicles may be operated upon the highway, within a 50 mile radius of their point of loading as indicated on the written or printed statement required by the "Illinois Fertilizer Act of 1961," as amended, for the purpose of moving plant food materials or agricultural chemicals to the field, or from field to field, for the sole purpose of application.

Sec. 6-106. Application for license or instruction permit.
(a) Every application for any permit or license authorized to be issued under this Code shall be made upon a form furnished by the Secretary of State. Every application shall be accompanied by the proper fee and payment of such fee shall entitle the applicant to not more than 3 attempts to pass the examination within a period of one year after the date of application.
(b) Every application shall state the legal name, social security number, zip code, date of birth, sex, and residence address of the applicant; briefly describe the applicant; state whether the applicant has theretofore been licensed as a driver, and, if so, when and by what state or country, and whether any such license has ever been cancelled, suspended, revoked or refused, and, if so, the date and reason for such cancellation, suspension, revocation or refusal; shall include an affirmation by the applicant that all information set forth is true and correct; and shall bear the applicant's signature. In addition to the residence address, the Secretary may allow the applicant to provide a mailing address. In the case of an applicant who is a judicial officer or peace officer, the Secretary may allow the applicant to provide an office or work address in lieu of a residence or mailing address. The application form may also require the statement of such additional relevant information as the Secretary of State shall deem necessary to determine the applicant's competency and eligibility. The Secretary of State may, in his discretion, by rule or regulation, provide that an application for a driver's license or permit may include a suitable photograph of the applicant in the form prescribed by the Secretary, and he may further provide that each driver's license shall include a photograph of the driver. The Secretary of State may utilize a photograph process or system most suitable to deter alteration or improper reproduction of a driver's license and to prevent substitution of another photo thereon. For the purposes of this subsection (b), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

The Secretary of State must forward in an electronic format the necessary personal information regarding the applicants identified in this subsection (d) to the Selective Service System. The applicant's signature on the application serves as an indication that the applicant either has already registered with the Selective Service System or that he is authorizing the Secretary to forward to the Selective Service System the necessary information for registration. The Secretary must notify the applicant at the time of application that his signature constitutes consent to registration with the Selective Service System, if he is not already registered.

(e) Beginning on or before July 1, 2015, for each original or renewal driver's license application under this Code, the Secretary shall inquire as to whether the applicant is a veteran for purposes of issuing a driver's license with a veteran designation under subsection (e-5) of Section 6-110 of this Code. The acceptable forms of proof shall include, but are not limited to, Department of Defense form DD-214. Sec. 18c-7402. Safety Requirements for Railroad Operations.

(1) Obstruction of crossings.

(a) Obstruction of Emergency Vehicles. Every railroad shall be operated in such a manner as to minimize obstruction of emergency vehicles at crossings. Where such obstruction occurs and the train crew is aware of the obstruction, the train crew shall immediately take any action, consistent with safe operating procedure, necessary to remove the obstruction. In the Chicago and St. Louis switching districts, every railroad dispatcher or other person responsible for the movement of railroad equipment in a specific area who receives notification that railroad equipment is obstructing the movement of an emergency vehicle at any crossing within such area shall immediately notify the train crew through use of existing communication facilities. Upon notification, the train crew shall take immediate action in accordance with this paragraph.

(b) Obstruction of Highway at Grade Crossing Prohibited. It is unlawful for a rail carrier to permit any train, railroad car or engine to obstruct public travel at a railroad-highway grade crossing for a period in excess of 10 minutes, except where such train or railroad car is continuously moving or cannot be moved by reason of circumstances over which the rail carrier has no reasonable control.

In a county with a population of greater than 1,000,000, as determined by the most recent federal census, during the hours of 7:00 a.m. through 9:00 a.m. and 4:00 p.m. through 6:00 p.m. it is unlawful for a rail carrier to permit any single train or railroad car to obstruct public travel at a railroad-highway grade crossing in excess of a total of 10

New matter indicated in italics - deletions by strikeout
minutes during a 30 minute period, except where the train or railroad car cannot be moved by reason or circumstances over which the rail carrier has no reasonable control. Under no circumstances will a moving train be stopped for the purposes of issuing a citation related to this Section.

However, no employee acting under the rules or orders of the rail carrier or its supervisory personnel may be prosecuted for a violation of this subsection (b).

(c) Punishment for Obstruction of Grade Crossing. Any rail carrier violating paragraph (b) of this subsection shall be guilty of a petty offense and fined not less than $200 nor more than $500 if the duration of the obstruction is in excess of 10 minutes but no longer than 15 minutes. If the duration of the obstruction exceeds 15 minutes the violation shall be a business offense and the following fines shall be imposed: if the duration of the obstruction is in excess of 15 minutes but no longer than 20 minutes, the fine shall be $500; if the duration of the obstruction is in excess of 20 minutes but no longer than 25 minutes, the fine shall be $700; if the duration of the obstruction is in excess of 25 minutes, but no longer than 30 minutes, the fine shall be $900; if the duration of the obstruction is in excess of 30 minutes but no longer than 35 minutes, the fine shall be $1,000; if the duration of the obstruction is in excess of 35 minutes, the fine shall be $1,000 plus an additional $500 for each 5 minutes of obstruction in excess of 25 minutes of obstruction.

(2) Other Operational Requirements.

(a) Bell and Whistle-Crossings. Every rail carrier shall cause a bell, and a whistle or horn to be placed and kept on each locomotive, and shall cause the same to be rung or sounded by the engineer or fireman, at the distance of at least 1,320 feet, from the place where the railroad crosses or intersects any public highway, and shall be kept ringing or sounding until the highway is reached; provided that at crossings where the Commission shall by order direct, only after a hearing has been held to determine the public is reasonably and sufficiently protected, the rail carrier may be excused from giving warning provided by this paragraph.

(a-5) The requirements of paragraph (a) of this subsection (2) regarding ringing a bell and sounding a whistle or horn do not apply at a railroad crossing that has a permanently installed automated audible warning device authorized by the Commission.

under Section 18c-7402.1 that sounds automatically when an approaching train is at least 1,320 feet from the crossing and that keeps sounding until the lead locomotive has crossed the highway. The engineer or fireman may ring the bell or sound the whistle or horn at a railroad crossing that has a permanently installed audible warning device.

(b) Speed Limits. Each rail carrier shall operate its trains in compliance with speed limits set by the Commission. The Commission may set train speed limits only where such limits are necessitated by extraordinary circumstances affecting the public safety, and shall maintain such train speed limits in effect only for such time as the extraordinary circumstances prevail.

The Commission and the Department of Transportation shall conduct a study of the relation between train speeds and railroad-highway grade crossing safety. The Commission shall report the findings of the study to the General Assembly no later than January 5, 1997.

(c) Special Speed Limit; Pilot Project. The Commission and the Board of the Commuter Rail Division of the Regional Transportation Authority shall conduct a pilot project in the Village of Fox River Grove, the site of the fatal school bus accident at a railroad crossing on October 25, 1995, in order to improve railroad crossing safety. For this project, the Commission is directed to set the maximum train speed limit for Regional Transportation Authority trains at 50 miles per hour at intersections on that portion of the intrastate rail line located in the Village of Fox River Grove. If the Regional Transportation Authority deliberately fails to comply with this maximum speed limit, then any entity, governmental or otherwise, that provides capital or operational funds to the Regional Transportation Authority shall appropriately reduce or eliminate that funding. The Commission shall report to the Governor and the General Assembly on the results of this pilot project in January 1999, January 2000, and January 2001. The Commission shall also submit a final report on the pilot project to the Governor and the General Assembly in January 2001. The provisions of this subsection (c), other than this sentence, are inoperative after February 1, 2001.

(3) Report and Investigation of Rail Accidents.

New matter indicated in italics - deletions by strikeout
(a) Reports. Every rail carrier shall report to the Commission, by the speediest means possible, whether telephone, telegraph, or otherwise, every accident involving its equipment, track, or other property which resulted in loss of life to any person. In addition, such carriers shall file a written report with the Commission. Reports submitted under this paragraph shall be strictly confidential, shall be specifically prohibited from disclosure, and shall not be admissible in any administrative or judicial proceeding relating to the accidents reported.

(b) Investigations. The Commission may investigate all railroad accidents reported to it or of which it acquires knowledge independent of reports made by rail carriers, and shall have the power, consistent with standards and procedures established under the Federal Railroad Safety Act, as amended, to enter such temporary orders as will minimize the risk of future accidents pending notice, hearing, and final action by the Commission.

Sec. 4-9. Shelter care hearing. At the appearance of the minor before the court at the shelter care hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

(1) If the court finds that there is not probable cause to believe that the minor is addicted, it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is addicted, the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. After such testimony, the court may enter an order that the minor

shall be released upon the request of a parent, guardian or custodian if the parent, guardian or custodian appears to take custody and agrees to abide by a court order which requires the minor and his or her parent, guardian, or legal custodian to complete an evaluation by an entity licensed by the Department of Human Services, as the successor to the Department of Alcoholism and Substance Abuse, and complete any treatment recommendations indicated by the assessment. Custodian shall include any agency of the State which has been given custody or wardship of the child.

The Court shall require documentation by representatives of the Department of Children and Family Services or the probation department as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home, and shall consider the testimony of any person as to those reasonable efforts. If the court finds that it is a matter of immediate and urgent necessity for the protection of the minor or of the person or property of another that the minor be or placed in a shelter care facility or that he or she is likely to flee the jurisdiction of the court, and further, finds that reasonable efforts have been made or good cause has been shown why reasonable efforts cannot prevent or eliminate the necessity of removal of the minor from his or her home, the court may prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility designated by the Department of Children and Family Services or a licensed child welfare agency, or in a facility or program licensed by the Department of Human Services for shelter and treatment services; otherwise it shall release the minor from custody. If the court prescribes shelter care, then in placing the minor, the Department or other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, or in a facility or program licensed by the Department of Human Services for shelter and treatment services, the court shall, upon request of the appropriate Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity. Acceptance of services

New matter indicated in italics - deletions by strikeout
shall not be considered an admission of any allegation in a petition made pursuant to this Act, nor may a referral of services be considered as evidence in any proceeding pursuant to this Act, except where the issue is whether the Department has made reasonable efforts to reunite the family. In making its findings that reasonable efforts have been made or that good cause has been shown why reasonable efforts cannot prevent or eliminate the necessity of removal of the minor from his or her home, the court shall state in writing its findings concerning the nature of the services that were offered or the efforts that were made to prevent removal of the child and the apparent reasons that such services or efforts could not prevent the need for removal. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The temporary custodian shall maintain a copy of the court order and written findings in the case record for the child. The order together with the court's findings of fact in support thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent necessity for the protection of the minor that the minor be placed in a shelter care facility, the minor shall not be returned to the parent, custodian or guardian until the court finds that such placement is no longer necessary for the protection of the minor.

(3) If neither the parent, guardian, legal custodian, responsible relative nor counsel of the minor has had actual notice of or is present at the shelter care hearing, he or she may file his or her affidavit setting forth these facts, and the clerk shall set the matter for rehearing not later than 24 hours, excluding Sundays and legal holidays, after the filing of the affidavit. At the rehearing, the court shall proceed in the same manner as upon the original hearing.

(4) If the minor is not brought before a judicial officer within the time period as specified in Section 4-8, the minor must immediately be released from custody.

(5) Only when there is reasonable cause to believe that the minor taken into custody is a person described in subsection (3) of Section 5-105 may the minor be kept or detained in a detention home or county or municipal jail. This Section shall in no way be construed to limit subsection (6).

(6) No minor under 16 years of age may be confined in a jail or place ordinarily used for the confinement of prisoners in a police station. Minors under 18 years of age must be kept separate from confined adults.
and may not at any time be kept in the same cell, room or yard with adults confined pursuant to the criminal law.

(7) If neither the parent, guardian or custodian appears within 24 hours to take custody of a minor released upon request pursuant to subsection (2) of this Section, then the clerk of the court shall set the matter for rehearing not later than 7 days after the original order and shall issue a summons directed to the parent, guardian or custodian to appear. At the same time the probation department shall prepare a report on the minor. If a parent, guardian or custodian does not appear at such rehearing, the judge may enter an order prescribing that the minor be kept in a suitable place designated by the Department of Children and Family Services or a licensed child welfare agency.

(8) Any interested party, including the State, the temporary custodian, an agency providing services to the minor or family under a service plan pursuant to Section 8.2 of the Abused and Neglected Child Reporting Act, foster parent, or any of their representatives, may file a motion to modify or vacate a temporary custody order on any of the following grounds:

(a) It is no longer a matter of immediate and urgent necessity that the minor remain in shelter care; or
(b) There is a material change in the circumstances of the natural family from which the minor was removed; or
(c) A person, including a parent, relative or legal guardian, is capable of assuming temporary custody of the minor; or
(d) Services provided by the Department of Children and Family Services or a child welfare agency or other service provider have been successful in eliminating the need for temporary custody.

The clerk shall set the matter for hearing not later than 14 days after such motion is filed. In the event that the court modifies or vacates a temporary custody order but does not vacate its finding of probable cause, the court may order that appropriate services be continued or initiated in behalf of the minor and his or her family.

(9) The changes made to this Section by Public Act 98-61 apply to a minor who has been arrested or taken into custody on or after January 1, 2014 (the effective date of Public Act 98-61).

Sec. 5-710. Kinds of sentencing orders.

New matter indicated in italics - deletions by strikeout
(1) The following kinds of sentencing orders may be made in respect of wards of the court:

(a) Except as provided in Sections 5-805, 5-810, 5-815, a minor who is found guilty under Section 5-620 may be:

(i) put on probation or conditional discharge and released to his or her parents, guardian or legal custodian, provided, however, that any such minor who is not committed to the Department of Juvenile Justice under this subsection and who is found to be a delinquent for an offense which is first degree murder, a Class X felony, or a forcible felony shall be placed on probation;

(ii) placed in accordance with Section 5-740, with or without also being put on probation or conditional discharge;

(iii) required to undergo a substance abuse assessment conducted by a licensed provider and participate in the indicated clinical level of care;

(iv) on and after the effective date of this amendatory Act of the 98th General Assembly and before January 1, 2017, placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 16 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. On and after January 1, 2017, placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 15 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older.

New matter indicated in italics - deletions by strikeout
However, the 30-day limitation may be extended by further order of the court for a minor under age 15 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts. The limitation that the minor shall only be placed in a juvenile detention home does not apply as follows:

Persons 18 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

(A) the age of the person;
(B) any previous delinquent or criminal history of the person;
(C) any previous abuse or neglect history of the person;
(D) any mental health history of the person;
and
(E) any educational history of the person;
(vi) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act;
(vii) subject to having his or her driver's license or driving privileges suspended for such time as determined by the court but only until he or she attains 18 years of age;

New matter indicated in italics - deletions by strikeout
(viii) put on probation or conditional discharge and placed in detention under Section 3-6039 of the Counties Code for a period not to exceed the period of incarceration permitted by law for adults found guilty of the same offense or offenses for which the minor was adjudicated delinquent, and in any event no longer than upon attainment of age 21; this subdivision (viii) notwithstanding any contrary provision of the law;

(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body; or

(x) placed in electronic home detention under Part 7A of this Article.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is at least 13 years and under 20 years of age, provided that the commitment to the Department of Juvenile Justice shall be made only if the minor was found guilty of a felony offense or first degree murder. The court shall include in the sentencing order any pre-custody credits the minor is entitled to under Section 5-4.5-100 of the Unified Code of Corrections. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall also be considered as time spent in custody.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

New matter indicated in italics - deletions by strikeout
(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code. Notwithstanding any other provision of this Act, in instances in which educational services are to be provided to a minor in a residential facility where the minor has been placed by the court, costs incurred in the provision of those educational services must be allocated based on the requirements of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act. The court shall include in the sentencing order a limitation on the period of confinement not to exceed the maximum period of imprisonment the court could impose under Article V of the Unified Code of Corrections.

(7.5) In no event shall a guilty minor be committed to the Department of Juvenile Justice or placed in detention when the act for which the minor was adjudicated delinquent would not be illegal if committed by an adult.

(7.6) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense which is a Class 4 felony.

under Section 19-4 (criminal trespass to a residence), 21-1 (criminal damage to property), 21-1.01 (criminal damage to government supported property), 21-1.3 (criminal defacement of property), 26-1 (disorderly conduct), or 31-4 (obstructing justice); of the Criminal Code of 2012.

(7.75) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense that is a Class 3 or Class 4 felony violation of the Illinois Controlled Substances Act unless the commitment occurs upon a third or subsequent judicial finding of a violation of probation for substantial noncompliance with court-ordered treatment or programming.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 or paragraph (4) of subsection (a) of Section 21-1 of the Criminal Code of 2012 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The order may be in addition to any other order authorized by this Section.

(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse, or criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly
confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961 or the Criminal Code of 2012, a violation of any Section of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the

meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(11) If the court determines that the offense was committed in furtherance of the criminal activities of an organized gang, as provided in subsection (10), and that the offense involved the operation or use of a motor vehicle or the use of a driver's license or permit, the court shall notify the Secretary of State of that determination and of the period for which the minor shall be denied driving privileges. If, at the time of the determination, the minor does not hold a driver's license or permit, the court shall provide that the minor shall not be issued a driver's license or permit until his or her 18th birthday. If the minor holds a driver's license or permit at the time of the determination, the court shall provide that the minor's driver's license or permit shall be revoked until his or her 21st birthday, or until a later date or occurrence determined by the court. If the minor holds a driver's license at the time of the determination, the court may direct the Secretary of State to issue the minor a judicial driving permit, also known as a JDP. The JDP shall be subject to the same terms as a JDP issued under Section 6-206.1 of the Illinois Vehicle Code, except that the court may direct that the JDP be effective immediately.

(12) If a minor is found to be guilty of a violation of subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may, in its discretion, and upon recommendation by the State's Attorney, order that minor and his or her parents or legal guardian to attend a smoker's education or youth diversion program as defined in that Act if that program is available in the jurisdiction where the offender resides. Attendance at a smoker's education or youth diversion program shall be time-credited against any community service time imposed for any first violation of subsection (a-7) of Section 1 of that Act. In addition to any other penalty that the court may impose for a violation of subsection (a-7) of Section 1 of that Act, the court, upon request by the State's Attorney, may in its discretion require the offender to remit a fee for his or her attendance at a smoker's education or youth diversion program.

For purposes of this Section, "smoker's education program" or "youth diversion program" includes, but is not limited to, a seminar designed to educate a person on the physical and psychological effects of smoking tobacco products and the health consequences of smoking tobacco products that can be conducted with a locality's youth diversion program.
In addition to any other penalty that the court may impose under this subsection (12):

(a) If a minor violates subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may impose a sentence of 15 hours of community service or a fine of $25 for a first violation.

(b) A second violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a fine of $50 and 25 hours of community service.

(c) A third or subsequent violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a $100 fine and 30 hours of community service.

(d) Any second or subsequent violation not within the 12-month time period after the first violation is punishable as provided for a first violation.

Sec. 5-745. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act, including the Department of Juvenile Justice for youth committed under Section 5-750 of this Act, to report periodically to the court or may cite him or her into court and require him or her, or his or her agency, to make a full and accurate report of his or her or its doings in behalf of the minor, including efforts to secure post-release placement of the youth after release from the Department's facilities. The legal custodian or guardian, within 10 days after the citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the legal custodian or guardian and appoint another in his or her stead or restore the minor to the custody of his or her parents or former guardian or legal custodian.

(2) If the Department of Children and Family Services is appointed legal custodian or guardian of a minor under Section 5-740 of this Act, the Department of Children and Family Services shall file updated case plans with the court every 6 months. Every agency which has guardianship of a child shall file a supplemental petition for court review,
or review by an administrative body appointed or approved by the court and further order within 18 months of the sentencing order and each 18 months thereafter. The petition shall state facts relative to the child's present condition of physical, mental and emotional health as well as facts relative to his or her present custodial or foster care. The petition shall be set for hearing and the clerk shall mail 10 days notice of the hearing by certified mail, return receipt requested, to the person or agency having the physical custody of the child, the minor and other interested parties unless a written waiver of notice is filed with the petition.

If the minor is in the custody of the Illinois Department of Children and Family Services, pursuant to an order entered under this Article, the court shall conduct permanency hearings as set out in subsections (1), (2), and (3) of Section 2-28 of Article II of this Act.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(3) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his or her parents or former guardian or custodian. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his or her guardianship or custody, guardianship or legal custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his or her consent until given notice and an opportunity to be heard by the court.

(4) If the minor is committed to the Department of Juvenile Justice under Section 5-750 of this Act, the Department shall notify the court in writing of the occurrence of any of the following:

(a) a critical incident involving a youth committed to the Department; as used in this paragraph (a), "critical incident" means any incident that involves a serious risk to the life, health, or well-being of the youth and includes, but is not limited to, an accident or suicide attempt resulting in serious bodily harm or hospitalization, psychiatric hospitalization, alleged or suspected abuse, or escape or attempted escape from custody, filed within 10 days of the occurrence;

(b) a youth who has been released by the Prisoner Review Board but remains in a Department facility solely because the youth does not have an approved aftercare release host site, filed within 10 days of the occurrence;

(c) a youth, except a youth who has been adjudicated a habitual or violent juvenile offender under Section 5-815 or 5-820 of this Act or committed for first degree murder, who has been held in a Department facility for over one consecutive year; or

(d) if a report has been filed under paragraph (c) of this subsection, a supplemental report shall be filed every 6 months thereafter.

The notification required by this subsection (4) shall contain a brief description of the incident or situation and a summary of the youth's current physical, mental, and emotional health and the actions the Department took in response to the incident or to identify an aftercare release host site, as applicable. Upon receipt of the notification, the court may require the Department to make a full report under subsection (1) of this Section.

(5) With respect to any report required to be filed with the court under this Section, the Independent Juvenile Ombudsman shall provide a copy to the minor's court appointed guardian ad litem, if the Department has received written notice of the appointment, and to the minor's attorney, if the Department has received written notice of representation from the attorney. If the Department has a record that a guardian has been appointed for the minor and a record of the last known address of the minor's court appointed guardian, the Independent Juvenile Ombudsman shall send a notice to the guardian that the report is available and will be provided by the Independent Juvenile Ombudsman upon request. If the Department has no record regarding the appointment of a guardian for the minor, and the Department's records include the last known addresses of the minor's parents, the Independent Juvenile Ombudsman shall send a notice to the parents that the report is available and will be provided by the Independent Juvenile Ombudsman upon request.

Sec. 5-915. Expungement of juvenile law enforcement and court records.

(0.05) For purposes of this Section and Section 5-622:

"Expunge" means to physically destroy the records and to obliterate the minor's name from any official index or public record, or both. Nothing in this Act shall require the physical destruction of the internal office records, files, or databases maintained by a State's Attorney's Office or other prosecutor.

State Police, the clerk of the circuit court, and law enforcement agencies relating to the incident, but only in any of the following circumstances:

(a) the minor was arrested and no petition for delinquency was filed with the clerk of the circuit court;

(a-5) the minor was charged with an offense and the petition or petitions were dismissed without a finding of delinquency;

(b) the minor was charged with an offense and was found not delinquent of that offense;

(c) the minor was placed under supervision pursuant to Section 5-615, and the order of supervision has since been successfully terminated; or

(d) the minor was adjudicated for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult.

(1.5) Commencing 180 days after January 1, 2015 (the effective date of Public Act 98-637) this amendatory Act of the 98th General Assembly, the Department of State Police shall automatically expunge, on or before January 1 of each year, a person's law enforcement records which are not subject to subsection (1) relating to incidents occurring before his or her 18th birthday in the Department's possession or control and which contains the final disposition which pertain to the person when arrested as a minor if:

(a) the minor was arrested for an eligible offense and no petition for delinquency was filed with the clerk of the circuit court; and

(b) the person attained the age of 18 years during the last calendar year; and

(c) since the date of the minor's most recent arrest, at least 6 months have elapsed without an additional arrest, filing of a petition for delinquency whether related or not to a previous arrest, or filing of charges not initiated by arrest.

The Department of State Police shall allow a person to use the Access and Review process, established in the Department of State Police, for verifying that his or her law enforcement records relating to incidents occurring before his or her 18th birthday eligible under this subsection have been expunged as provided in this subsection.

The Department of State Police shall provide by rule the process for access, review, and automatic expungement.

(1.6) Commencing on January 1, 2015 (the effective date of Public Act 98-637) this amendatory Act of the 98th General Assembly, a person whose law enforcement records are not subject to subsection (1) or (1.5) of this Section and who has attained the age of 18 years may use the Access and Review process, established in the Department of State Police, for verifying his or her law enforcement records relating to incidents occurring before his or her 18th birthday in the Department's possession or control which pertain to the person when arrested as a minor, if the incident occurred no earlier than 30 years before January 1, 2015 (the effective date of Public Act 98-637) this amendatory Act of the 98th General Assembly. If the person identifies a law enforcement record of an eligible offense that meets the requirements of this subsection, paragraphs (a) and (c) of subsection (1.5) of this Section, and all juvenile court proceedings related to the person have been terminated, the person may file a Request for Expungement of Juvenile Law Enforcement Records, in the form and manner prescribed by the Department of State Police, with the Department and the Department shall consider expungement of the record as otherwise provided for automatic expungement under subsection (1.5) of this Section. The person shall provide notice and a copy of the Request for Expungement of Juvenile Law Enforcement Records to the arresting agency, prosecutor charged with the prosecution of the minor, or the State's Attorney of the county that prosecuted the minor. The Department of State Police shall provide by rule the process for access, review, and Request for Expungement of Juvenile Law Enforcement Records.

(1.7) Nothing in subsections (1.5) and (1.6) of this Section precludes a person from filing a petition under subsection (1) for expungement of records subject to automatic expungement under that subsection (1) or subsection (1.5) or (1.6) of this Section.

(1.8) For the purposes of subsections (1.5) and (1.6) of this Section, "eligible offense" means records relating to an arrest or incident occurring before the person's 18th birthday that if committed by an adult is not an offense classified as a Class 2 felony or higher offense, an offense under Article 11 of the Criminal Code of 1961 or the Criminal Code of 2012, or an offense under Section 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961.

(2) Any person may petition the court to expunge all law enforcement records relating to any incidents occurring before his or her 18th birthday which did not result in proceedings in criminal court and all juvenile court records with respect to any adjudications except those based

upon first degree murder and sex offenses which would be felonies if committed by an adult, if the person for whom expungement is sought has had no convictions for any crime since his or her 18th birthday and:

(a) has attained the age of 21 years; or

(b) 5 years have elapsed since all juvenile court proceedings relating to him or her have been terminated or his or her commitment to the Department of Juvenile Justice pursuant to this Act has been terminated; whichever is later of (a) or (b). Nothing in this Section 5-915 precludes a minor from obtaining expungement under Section 5-622.

(2.5) If a minor is arrested and no petition for delinquency is filed with the clerk of the circuit court as provided in paragraph (a) of subsection (1) at the time the minor is released from custody, the youth officer, if applicable, or other designated person from the arresting agency, shall notify verbally and in writing to the minor or the minor's parents or guardians that the minor has a right to petition to have his or her arrest record expunged when all juvenile court proceedings relating to that minor have been terminated and that unless a petition to expunge is filed, the minor shall have an arrest record and shall provide the minor and the minor's parents or guardians with an expungement information packet, including a petition to expunge juvenile records obtained from the clerk of the circuit court.

(2.6) If a minor is charged with an offense and is found not delinquent of that offense; or if a minor is placed under supervision under Section 5-615, and the order of supervision is successfully terminated; or if a minor is adjudicated for an offense that would be a Class B misdemeanor, a Class C misdemeanor, or a business or petty offense if committed by an adult; or if a minor has incidents occurring before his or her 18th birthday that have not resulted in proceedings in criminal court, or resulted in proceedings in juvenile court, and the adjudications were not based upon first degree murder or sex offenses that would be felonies if committed by an adult; then at the time of sentencing or dismissal of the case, the judge shall inform the delinquent minor of his or her right to petition for expungement as provided by law, and the clerk of the circuit court shall provide an expungement information packet to the delinquent minor, written in plain language, including a petition for expungement, a sample of a completed petition, expungement instructions that shall include information informing the minor that (i) once the case is expunged, it shall be treated as if it never occurred, (ii) he or she may

apply to have petition fees waived, (iii) once he or she obtains an
expungement, he or she may not be required to disclose that he or she had
a juvenile record, and (iv) he or she may file the petition on his or her own
or with the assistance of an attorney. The failure of the judge to inform the
delinquent minor of his or her right to petition for expungement as
provided by law does not create a substantive right, nor is that failure
grounds for: (i) a reversal of an adjudication of delinquency, (ii) a new trial; or (iii) an appeal.

(2.7) For counties with a population over 3,000,000, the clerk of the
circuit court shall send a "Notification of a Possible Right to
Expungement" post card to the minor at the address last received by the
clerk of the circuit court on the date that the minor attains the age of 18
based on the birthdate provided to the court by the minor or his or her
guardian in cases under paragraphs (b), (c), and (d) of subsection (1); and
when the minor attains the age of 21 based on the birthdate provided to the
court by the minor or his or her guardian in cases under subsection (2).

(2.8) The petition for expungement for subsection (1) may include
multiple offenses on the same petition and shall be substantially in the
following form:

(4) Upon entry of an order expunging records or files, the offense, which the records or files concern shall be treated as if it never occurred. Law enforcement officers and other public offices and agencies shall properly reply on inquiry that no record or file exists with respect to the person.

(5) Records which have not been expunged are sealed, and may be obtained only under the provisions of Sections 5-901, 5-905, and 5-915.

(6) Nothing in this Section shall be construed to prohibit the maintenance of information relating to an offense after records or files concerning the offense have been expunged if the information is kept in a manner that does not enable identification of the offender. This information may only be used for statistical and bona fide research purposes.

(d) The court shall defer entering any judgment on the charges until the conclusion of the supervision.

(e) At the conclusion of the period of supervision, if the court determines that the defendant has successfully complied with all of the conditions of supervision, the court shall discharge the defendant and enter a judgment dismissing the charges.

The county board with the concurrence of the Chief Judge of the judicial circuit in which the county is located shall establish reasonable fees for the cost of maintenance, testing, and incidental expenses related to the mandatory drug or alcohol testing, or both, and all costs incidental to approved electronic monitoring, of all defendants placed on supervision. The concurrence of the Chief Judge shall be in the form of an administrative order. The fees shall be collected by the clerk of the circuit court, except as provided in an administrative order of the Chief Judge of the circuit court. The clerk of the circuit court shall pay all moneys collected from these fees to the county treasurer who shall use the moneys collected to defray the costs of drug testing, alcohol testing, and electronic monitoring. The fee shall be imposed only upon a defendant who is actively supervised by the probation and court services department. The fee shall be collected by the clerk of the circuit court. The clerk of the circuit court shall pay all monies collected from this fee to the county treasurer for deposit in the probation and court services fund pursuant to Section 15.1 of the Probation and Probation Officers Act.

Of the amount collected as a probation fee, not to exceed $5 of that fee collected per month may be used to provide services to crime victims and their families.

The Court may only waive probation fees based on an offender's ability to pay. The probation department may re-evaluate an offender's ability to pay every 6 months, and, with the approval of the Director of Court Services or the Chief Probation Officer, adjust the monthly fee amount. An offender may elect to pay probation fees due in a lump sum. Any offender that has been assigned to the supervision of a probation department, or has been transferred either under subsection (h) of this Section or under any interstate compact, shall be required to pay probation fees to the department supervising the offender, based on the offender's ability to pay.

It is the finding of the General Assembly that certain non-violent offenders eligible for sentences of incarceration may benefit from the rehabilitative aspects of a county impact incarceration program. It is the intent of the General Assembly that such programs be implemented as provided by this Section. This Section shall not be construed to allow violent offenders to participate in a county impact incarceration program.

(b) Under the direction of the Sheriff and with the approval of the County Board of Commissioners, the Sheriff, in any county with more than 3,000,000 inhabitants, may establish and operate a county impact incarceration program for eligible offenders. If the court finds under Section 5-4-1 that an offender convicted of a felony meets the eligibility requirements of the Sheriff's county impact incarceration program, the court may sentence the offender to the county impact incarceration program. The Sheriff shall be responsible for monitoring all offenders who are sentenced to the county impact incarceration program, including the mandatory period of monitored release following the 120 to 180 days of impact incarceration. Offenders assigned to the county impact incarceration program under an intergovernmental agreement between the county and the Illinois Department of Corrections are exempt from the provisions of this mandatory period of monitored release. In the event the offender is not accepted for placement in the county impact incarceration program, the court shall proceed to sentence the offender to any other disposition authorized by this Code. If the offender does not successfully complete the program, the offender's failure to do so shall constitute a violation of the sentence to the county impact incarceration program.

Upon successful completion of the county impact incarceration program and mandatory term of monitored release and if there is an additional period of probation given, the person shall at that time begin his or her probationary sentence under the supervision of the Adult Probation Department.

(h) A person may be removed from the county impact incarceration program for a violation of the terms or conditions of the program or in the event he or she is for any reason unable to participate. Section 705. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 510 as follows:

Sec. 510. Modification and termination of provisions for maintenance, support, educational expenses, and property disposition.

(a) Except as otherwise provided in paragraph (f) of Section 502 and in subsection (b), clause (3) of Section 505.2, the provisions of any judgment respecting maintenance or support may be modified only as to installments accruing subsequent to due notice by the moving party of the filing of the motion for modification. An order for child support may be modified as follows:

(1) upon a showing of a substantial change in circumstances; and

(2) without the necessity of showing a substantial change in circumstances, as follows:

(A) upon a showing of an inconsistency of at least 20%, but no less than $10 per month, between the amount of the existing order and the amount of child support that results from application of the guidelines specified in Section 505 of this Act unless the inconsistency is due to the fact that the amount of the existing order resulted from a deviation from the guideline amount and there has not been a change in the circumstances that resulted in that deviation; or

(B) upon a showing of a need to provide for the health care needs of the child under the order through health insurance or other means. In no event shall the eligibility for or receipt of medical assistance be considered to meet the need to provide for the child's health care needs.

New matter indicated in italics - deletions by strikeout
The provisions of subparagraph (a)(2)(A) shall apply only in cases in which a party is receiving child support enforcement services from the Department of Healthcare and Family Services under Article X of the Illinois Public Aid Code, and only when at least 36 months have elapsed since the order for child support was entered or last modified.

(a-5) An order for maintenance may be modified or terminated only upon a showing of a substantial change in circumstances. In all such proceedings, as well as in proceedings in which maintenance is being reviewed, the court shall consider the applicable factors set forth in subsection (a) of Section 504 and the following factors:

1. any change in the employment status of either party and whether the change has been made in good faith;
2. the efforts, if any, made by the party receiving maintenance to become self-supporting, and the reasonableness of the efforts where they are appropriate;
3. any impairment of the present and future earning capacity of either party;
4. the tax consequences of the maintenance payments upon the respective economic circumstances of the parties;
5. the duration of the maintenance payments previously paid (and remaining to be paid) relative to the length of the marriage;
6. the property, including retirement benefits, awarded to each party under the judgment of dissolution of marriage, judgment of legal separation, or judgment of declaration of invalidity of marriage and the present status of the property;
7. the increase or decrease in each party's income since the prior judgment or order from which a review, modification, or termination is being sought;
8. the property acquired and currently owned by each party after the entry of the judgment of dissolution of marriage, judgment of legal separation, or judgment of declaration of invalidity of marriage; and
9. any other factor that the court expressly finds to be just and equitable.

(a-6) In a review under subsection (b-4.5) of Section 504 of this Act, the court may enter a fixed-term maintenance award that bars future maintenance only if, at the time of the entry of the award, the marriage had lasted 10 years or less at the time the original action was commenced.

New matter indicated in italics - deletions by strikeout
(b) The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this State.

(c) Unless otherwise agreed by the parties in a written agreement set forth in the judgment or otherwise approved by the court, the obligation to pay future maintenance is terminated upon the death of either party, or the remarriage of the party receiving maintenance, or if the party receiving maintenance cohabits with another person on a resident, continuing conjugal basis. A payor's obligation to pay maintenance or unallocated maintenance terminates by operation of law on the date the recipient remarries or the date the court finds cohabitation began. The payor is entitled to reimbursement for all maintenance paid from that date forward. Any termination of an obligation for maintenance as a result of the death of the payor party, however, shall be inapplicable to any right of the other party or such other party's designee to receive a death benefit under such insurance on the payor party's life. A party receiving maintenance must advise the payor of his or her intention to marry at least 30 days before the remarriage, unless the decision is made within this time period. In that event, he or she must notify the other party within 72 hours of getting married.

(c-5) In an adjudicated case, the court shall make specific factual findings as to the reason for the modification as well as the amount, nature, and duration of the modified maintenance award.

(d) Unless otherwise provided in this Act, or as agreed in writing or expressly provided in the judgment, provisions for the support of a child are terminated by emancipation of the child, or if the child has attained the age of 18 and is still attending high school, provisions for the support of the child are terminated upon the date that the child graduates from high school or the date the child attains the age of 19, whichever is earlier, but not by the death of a parent obligated to support or educate the child. An existing obligation to pay for support or educational expenses, or both, is not terminated by the death of a parent. When a parent obligated to pay support or educational expenses, or both, dies, the amount of support or educational expenses, or both, may be enforced, modified, revoked or commuted to a lump sum payment, as equity may require, and that determination may be provided for at the time of the dissolution of the marriage or thereafter.

(e) The right to petition for support or educational expenses, or both, under Sections 505 and 513 is not extinguished by the death of a

parent. Upon a petition filed before or after a parent's death, the court may award sums of money out of the decedent's estate for the child's support or educational expenses, or both, as equity may require. The time within which a claim may be filed against the estate of a decedent under Sections 505 and 513 and subsection (d) and this subsection shall be governed by the provisions of the Probate Act of 1975, as a barrable, noncontingent claim.

(f) A petition to modify or terminate child support or allocation of parental responsibilities shall not delay any child support enforcement litigation or supplementary proceeding on behalf of the obligee, including, but not limited to, a petition for a rule to show cause, for non-wage garnishment, or for a restraining order.

protection in any civil court, unless specific courts are designated
by local rule or order.

(2) In conjunction with another civil proceeding: By filing a
petition for an order of protection under the same case number as
another civil proceeding involving the parties, including but not
limited to: (i) any proceeding under the Illinois Marriage and
Dissolution of Marriage Act, Illinois Parentage Act of 2015,
Nonsupport of Spouse and Children Act, Revised Uniform
Reciprocal Enforcement of Support Act or an action for
nonsupport brought under Article X 10 of the Illinois Public Aid
Code, provided that a petitioner and the respondent are a party to or
the subject of that proceeding or (ii) a guardianship proceeding
under the Probate Act of 1975, or a proceeding for involuntary
commitment under the Mental Health and Developmental
Disabilities Code, or any proceeding, other than a delinquency
petition, under the Juvenile Court Act of 1987, provided that a
petitioner or the respondent is a party to or the subject of such
proceeding.

(3) In conjunction with a delinquency petition or a criminal
prosecution: By filing a petition for an order of protection, under
the same case number as the delinquency petition or criminal
prosecution, to be granted during pre-trial release of a defendant,
with any dispositional order issued under Section 5-710 of the
Juvenile Court Act of 1987 or as a condition of release,
supervision, conditional discharge, probation, periodic imprisonment, parole, aftercare release, or mandatory supervised release, or in conjunction with imprisonment or a bond forfeiture warrant; provided that:

(i) the violation is alleged in an information, complaint, indictment or delinquency petition on file, and the alleged offender and victim are family or household members or persons protected by this Act; and

(ii) the petition, which is filed by the State's Attorney, names a victim of the alleged crime as a petitioner.

(b) Filing, certification, and service fees. No fee shall be charged by the clerk for filing, amending, vacating, certifying, or photocopying petitions or orders; or for issuing alias summons; or for any related filing service. No fee shall be charged by the sheriff for service by the sheriff of a petition, rule, motion, or order in an action commenced under this Section.

(c) Dismissal and consolidation. Withdrawal or dismissal of any petition for an order of protection prior to adjudication where the petitioner is represented by the State shall operate as a dismissal without prejudice. No action for an order of protection shall be dismissed because the respondent is being prosecuted for a crime against the petitioner. An independent action may be consolidated with another civil proceeding, as provided by paragraph (2) of subsection (a) of this Section. For any action commenced under paragraph (2) or (3) of subsection (a) of this Section, dismissal of the conjoined case (or a finding of not guilty) shall not require dismissal of the action for the order of protection; instead, it may be treated as an independent action and, if necessary and appropriate, transferred to a different court or division. Dismissal of any conjoined case shall not affect the validity of any previously issued order of protection, and thereafter subsections (b)(1) and (b)(2) of Section 220 shall be inapplicable to such order.

(d) Pro se petitions. The court shall provide, through the office of the clerk of the court, simplified forms and clerical assistance to help with the writing and filing of a petition under this Section by any person not represented by counsel. In addition, that assistance may be provided by the state's attorney.

(e) As provided in this subsection, the administrative director of the Administrative Office of the Illinois Courts, with the approval of the

administrative board of the courts, may adopt rules to establish and implement a pilot program to allow the electronic filing of petitions for temporary orders of protection and the issuance of such orders by audio-visual means to accommodate litigants for whom attendance in court to file for and obtain emergency relief would constitute an undue hardship or would constitute a risk of harm to the litigant.

(1) As used in this subsection:

(A) "Electronic means" means any method of transmission of information between computers or other machines designed for the purpose of sending or receiving electronic transmission and that allows for the recipient of information to reproduce the information received in a tangible medium of expression.

(B) "Independent audio-visual system" means an electronic system for the transmission and receiving of audio and visual signals, including those with the means to preclude the unauthorized reception and decoding of the signals by commercially available television receivers, channel converters, or other available receiving devices.

(C) "Electronic appearance" means an appearance in which one or more of the parties are not present in the court, but in which, by means of an independent audio-visual system, all of the participants are simultaneously able to see and hear reproductions of the voices and images of the judge, counsel, parties, witnesses, and any other participants.

(2) Any pilot program under this subsection (e) shall be developed by the administrative director or his or her delegate in consultation with at least one local organization providing assistance to domestic violence victims. The program plan shall include but not be limited to:

(A) identification of agencies equipped with or that have access to an independent audio-visual system and electronic means for filing documents; and

(B) identification of one or more organizations who are trained and available to assist petitioners in preparing and filing petitions for temporary orders of protection and in their electronic appearances before the court to obtain such orders; and

New matter indicated in italics - deletions by strikeout
(C) identification of the existing resources available in local family courts for the implementation and oversight of the pilot program; and

(D) procedures for filing petitions and documents by electronic means, swearing in the petitioners and witnesses, preparation of a transcript of testimony and evidence presented, and a prompt transmission of any orders issued to the parties; and

(E) a timeline for implementation and a plan for informing the public about the availability of the program; and

(F) a description of the data to be collected in order to evaluate and make recommendations for improvements to the pilot program.

(3) In conjunction with an electronic appearance, any petitioner for an ex parte temporary order of protection may, using the assistance of a trained advocate if necessary, commence the proceedings by filing a petition by electronic means.

(A) A petitioner who is seeking an ex parte temporary order of protection using an electronic appearance must file a petition in advance of the appearance and may do so electronically.

(B) The petitioner must show that traveling to or appearing in court would constitute an undue hardship or create a risk of harm to the petitioner. In granting or denying any relief sought by the petitioner, the court shall state the names of all participants and whether it is granting or denying an appearance by electronic means and the basis for such a determination. A party is not required to file a petition or other document by electronic means or to testify by means of an electronic appearance.

(C) Nothing in this subsection (e) affects or changes any existing laws governing the service of process, including requirements for personal service or the sealing and confidentiality of court records in court proceedings or access to court records by the parties to the proceedings.

(4) Appearances.

(A) All electronic appearances by a petitioner seeking an ex parte temporary order of protection under this

New matter indicated in italics - deletions by strikeout
subsection (e) are strictly voluntary and the court shall obtain the consent of the petitioner on the record at the commencement of each appearance.

(B) Electronic appearances under this subsection (e) shall be recorded and preserved for transcription. Documentary evidence, if any, referred to by a party or witness or the court may be transmitted and submitted and introduced by electronic means.

Section 720. The Probate Act of 1975 is amended by changing Section 11a-10 as follows:

(755 ILCS 5/11a-10) (from Ch. 110 1/2, par. 11a-10)

Sec. 11a-10. Procedures preliminary to hearing.

(a) Upon the filing of a petition pursuant to Section 11a-8, the court shall set a date and place for hearing to take place within 30 days. The court shall appoint a guardian ad litem to report to the court concerning the respondent's best interests consistent with the provisions of this Section, except that the appointment of a guardian ad litem shall not be required when the court determines that such appointment is not necessary for the protection of the respondent or a reasonably informed decision on the petition. If the guardian ad litem is not a licensed attorney, he or she shall be qualified, by training or experience, to work with or advocate for persons with developmental disabilities, the mentally ill, persons with physical disabilities, the elderly, or persons with a disability due to mental deterioration, depending on the type of disability that is alleged in the petition. The court may allow the guardian ad litem reasonable compensation. The guardian ad litem may consult with a person who by training or experience is qualified to work with persons with a developmental disability, persons with mental illness, persons with physical disabilities, or persons with a disability due to mental deterioration, depending on the type of disability that is alleged. The guardian ad litem shall personally observe the respondent prior to the hearing and shall inform him orally and in writing of the contents of the petition and of his rights under Section 11a-11. The guardian ad litem shall also attempt to elicit the respondent's position concerning the adjudication of disability, the proposed guardian, a proposed change in residential placement, changes in care that might result from the guardianship, and other areas of inquiry deemed appropriate by the court. Notwithstanding

any provision in the Mental Health and Developmental Disabilities Confidentiality Act or any other law, a guardian ad litem shall have the right to inspect and copy any medical or mental health record of the respondent which the guardian ad litem deems necessary, provided that the information so disclosed shall not be utilized for any other purpose nor be redisclosed except in connection with the proceedings. At or before the hearing, the guardian ad litem shall file a written report detailing his or her observations of the respondent, the responses of the respondent to any of the inquiries detailed in this Section, the opinion of the guardian ad litem or other professionals with whom the guardian ad litem consulted concerning the appropriateness of guardianship, and any other material issue discovered by the guardian ad litem. The guardian ad litem shall appear at the hearing and testify as to any issues presented in his or her report.

(b) The court (1) may appoint counsel for the respondent, if the court finds that the interests of the respondent will be best served by the appointment, and (2) shall appoint counsel upon respondent's request or if the respondent takes a position adverse to that of the guardian ad litem. The respondent shall be permitted to obtain the appointment of counsel either at the hearing or by any written or oral request communicated to the court prior to the hearing. The summons shall inform the respondent of this right to obtain appointed counsel. The court may allow counsel for the respondent reasonable compensation.

(c) If the respondent is unable to pay the fee of the guardian ad litem or appointed counsel, or both, the court may enter an order for the petitioner to pay all such fees or such amounts as the respondent or the respondent's estate may be unable to pay. However, in cases where the Office of State Guardian is the petitioner, consistent with Section 30 of the Guardianship and Advocacy Act, where the public guardian is the petitioner, consistent with Section 13-5 of this Act, where an adult protective services agency is the petitioner, pursuant to Section 9 of the Adult Protective Services Act, or where the Department of Children and Family Services is the petitioner under subparagraph (d) of subsection (1) of Section 2-27 of the Juvenile Court Act of 1987, no guardian ad litem or legal fees shall be assessed against the Office of State Guardian, the public guardian, the adult protective services agency, or the Department of Children and Family Services.

(d) The hearing may be held at such convenient place as the court directs, including at a facility in which the respondent resides.

(e) Unless he is the petitioner, the respondent shall be personally served with a copy of the petition and a summons not less than 14 days before the hearing. The summons shall be printed in large, bold type and shall include the following notice:

Section 730. The Common Interest Community Association Act is amended by changing Section 1-90 as follows:

(765 ILCS 160/1-90)

Sec. 1-90. Compliance with the Condominium and Common Interest Community Ombudsperson Act. Every common interest community association, except for those exempt from this Act under Section 1-75, must comply with the Condominium and Common Interest Community Ombudsperson Act and is subject to all provisions of the Condominium and Common Interest Community Ombudsperson Act. This Section is repealed July 1, 2022.

(Source: P.A. 98-1135, eff. 1-1-17 (See Section 20 of P.A. 99-776 for effective date of P.A. 98-1135); 99-776, eff. 8-12-16; revised 10-27-16.)

Section 735. The Condominium Property Act is amended by changing Section 27 as follows:

(765 ILCS 605/27) (from Ch. 30, par. 327)

Sec. 27. Amendments.

(a) If there is any unit owner other than the developer, and unless otherwise provided in this Act, the condominium instruments shall be amended only as follows:

(i) upon the affirmative vote of 2/3 of those voting or upon the majority specified by the condominium instruments, provided

New matter indicated in italics - deletions by strikeout
that in no event shall the condominium instruments require more
than a three-quarters vote of all unit owners; and

(ii) with the approval of, or notice to, any mortgagees or
other lienholders of record, if required under the provisions of the
condominium instruments.

(b)(1) If there is an omission, error, or inconsistency in a
condominium instrument, such that a provision of a condominium
instrument does not conform to this Act or to another applicable statute,
the association may correct the omission, error, or inconsistency to
conform the condominium instrument to this Act or to another applicable
statute by an amendment adopted by vote of two-thirds of the Board of
Managers, without a unit owner vote. A provision in a condominium
instrument requiring or allowing unit owners, mortgagees, or other
lienholders of record to vote to approve an amendment to a condominium
instrument, or for the mortgagees or other lienholders of record to be given
notice of an amendment to a condominium instrument, is not applicable to
an amendment to the extent that the amendment corrects an omission,
error, or inconsistency to conform the condominium instrument to this Act
or to another applicable statute.

(2) If through a scrivener's error, a unit has not been designated as
owning an appropriate undivided share of the common elements or does
not bear an appropriate share of the common expenses or that all the
common expenses or all of the common elements in the condominium
have not been distributed in the declaration, so that the sum total of the
shares of common elements which have been distributed or the sum total
of the shares of the common expenses fail to equal 100%, or if it appears
that more than 100% of the common elements or common expenses have
been distributed, the error may be corrected by operation of law by filing
an amendment to the declaration approved by vote of two-thirds of the
members of the Board of Managers or a majority vote of the unit owners at
a meeting called for this purpose which proportionately adjusts all
percentage interests so that the total is equal to 100% unless the
condominium instruments specifically provide for a different procedure or
different percentage vote by the owners of the units and the owners of
mortgages thereon affected by modification being made in the undivided
interest in the common elements, the number of votes in the unit owners
association or the liability for common expenses appertaining to the unit.

(3) If an omission or error or a scrivener's error in the declaration,
bylaws or other condominium instrument is corrected by vote of two-
thirds of the members of the Board of Managers pursuant to the authority established in subsections (b)(1) or (b)(2) of this Section 27 of this Act, the Board upon written petition by unit owners with 20 percent of the votes of the association filed within 30 days of the Board action shall call a meeting of the unit owners within 30 days of the filing of the petition to consider the Board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, it is ratified whether or not a quorum is present.

(4) The procedures for amendments set forth in this subsection (b) cannot be used if such an amendment would materially or adversely affect property rights of the unit owners unless the affected unit owners consent in writing. This Section does not restrict the powers of the association to otherwise amend the declaration, bylaws, or other condominium instruments, but authorizes a simple process of amendment requiring a lesser vote for the purpose of correcting defects, errors, or omissions when the property rights of the unit owners are not materially or adversely affected.

(5) If there is an omission or error in the declaration, bylaws, or other condominium instruments, which may not be corrected by an amendment procedure set forth in paragraphs (1) and (2) of this subsection (b) of Section 27 in the declaration then the Circuit Court in the County in which the condominium is located shall have jurisdiction to hear a petition of one or more of the unit owners thereon or of the association, to correct the error or omission, and the action may be a class action. The court may require that one or more methods of correcting the error or omission be submitted to the unit owners to determine the most acceptable correction. All unit owners in the association must be joined as parties to the action. Service of process on owners may be by publication, but the plaintiff shall furnish all unit owners not personally served with process with copies of the petition and final judgment of the court by certified mail return receipt requested, at their last known address.

(6) Nothing contained in this Section shall be construed to invalidate any provision of a condominium instrument authorizing the developer to amend a condominium instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or not it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal

Section 740. The Condominium and Common Interest Community Ombudsperson Act is amended by changing Section 50 as follows:

(765 ILCS 615/50)

Sec. 50. Reports. (a) The Department shall submit an annual written report on the activities of the Office to the General Assembly. The Department shall submit the first report no later than July 1, 2018. Beginning in 2019, the Department shall submit the report no later than October 1 of each year. The report shall include all of the following:

(1) annual workload and performance data, including (i) the number of requests for information; (ii) training, education, or other information provided; (iii) the manner in which education and training was conducted; and (iv) the staff time required to provide the training, education, or other information. For each category of data, the report shall provide subtotals based on the type of question or dispute involved in the request; and

(2) where relevant information is available, analysis of the most common and serious types of concerns within condominiums and common interest communities, along with any recommendations for statutory reform to reduce the frequency or severity of those disputes.

Section 745. The Uniform Disposition of Unclaimed Property Act is amended by changing Section 8.1 as follows:

(765 ILCS 1025/8.1) (from Ch. 141, par. 108.1)

Sec. 8.1. Property held by governments.

(a) All tangible personal property or intangible personal property and all debts owed or entrusted funds or other property held by any federal, state or local government or governmental subdivision, agency, entity, officer or appointee thereof; shall be presumed abandoned if the property has remained unclaimed for 5 years, except as provided in subsection (c).

(b) This Section applies to all abandoned property held by any federal, state or local government or governmental subdivision, agency, entity, officer or appointee thereof; on September 3, 1991 (the effective

New matter indicated in italics - deletions by strikeout
date of Public Act 87-206) this amendatory Act of 1991 or at any time thereafter, regardless of when the property became or becomes presumptively abandoned.

(c) United States savings bonds.

(1) As used in this subsection, "United States savings bond" means property, tangible or intangible, in the form of a savings bond issued by the United States Treasury, whether in paper, electronic, or paperless form, along with all proceeds thereof in the possession of the State Treasurer.

(2) Notwithstanding any provision of this Act to the contrary, a United States savings bond subject to this Section or held or owing in this State by any person shall be presumed abandoned when such bond has remained unclaimed and unredeemed for 5 years after its date of final extended maturity.

(3) United States savings bonds that are presumed abandoned and unclaimed under paragraph (2) shall escheat to the State of Illinois and all property rights and legal title to and ownership of the United States savings bonds, or proceeds from the bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest solely in the State according to the procedure set forth in paragraphs (4) through (6).

(4) Within 180 days after a United States savings bond has been presumed abandoned, in the absence of a claim having been filed with the State Treasurer for the savings bond, the State Treasurer shall commence a civil action in the Circuit Court of Sangamon County for a determination that the United States savings bond has escheated to the State. The State Treasurer may postpone the bringing of the action until sufficient United States savings bonds have accumulated in the State Treasurer's custody to justify the expense of the proceedings.

(5) The State Treasurer shall make service by publication in the civil action in accordance with Sections 2-206 and 2-207 of the Code of Civil Procedure, which shall include the filing with the Circuit Court of Sangamon County of the affidavit required in Section 2-206 of that Code by an employee of the State Treasurer with personal knowledge of the efforts made to contact the owners of United States savings bonds presumed abandoned under this Section. In addition to the diligent inquiries made pursuant to

New matter indicated in italics - deletions by strikeout
Section 2-206 of the Code of Civil Procedure, the State Treasurer may also utilize additional discretionary means to attempt to provide notice to persons who may own a United States savings bond registered to a person with a last known address in the State of Illinois subject to a civil action pursuant to paragraph (4).

(6) The owner of a United States savings bond registered to a person with a last known address in the State of Illinois subject to a civil action pursuant to paragraph (4) may file a claim for such United States savings bond with either the State Treasurer or by filing a claim in the civil action in the Circuit Court of Sangamon County in which the savings bond registered to that person is at issue prior to the entry of a final judgment by the Circuit Court pursuant to this subsection, and unless the Circuit Court determines that such United States savings bond is not owned by the claimant, then such United States savings bond shall no longer be presumed abandoned. If no person files a claim or appears at the hearing to substantiate a disputed claim or if the court determines that a claimant is not entitled to the property claimed by the claimant, then the court, if satisfied by evidence that the State Treasurer has substantially complied with the laws of this State, shall enter a judgment that the United States savings bonds have escheated to this State, and all property rights and legal title to and ownership of such United States savings bonds or proceeds from such bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest in this State.

(7) The State Treasurer shall redeem from the Bureau of the Fiscal Service of the United States Treasury the United States savings bonds escheated to the State and deposit the proceeds from the redemption of United States savings bonds into the Unclaimed Property Trust Fund.

(8) Any person making a claim for the United States savings bonds escheated to the State under this subsection, or for the proceeds from such bonds, may file a claim with the State Treasurer. Upon providing sufficient proof of the validity of such person's claim, the State Treasurer may, in his or her sole discretion, pay such claim. If payment has been made to any claimant, no action thereafter shall be maintained by any other claimant against the State or any officer thereof for or on account of such funds.

Section 775. The Payday Loan Reform Act is amended by changing Section 2-5 as follows:

(815 ILCS 122/2-5)
Sec. 2-5. Loan terms.
(a) Without affecting the right of a consumer to prepay at any time without cost or penalty, no payday loan may have a minimum term of less than 13 days.

(b) Except for an installment payday loan as defined in this Section, no payday loan may be made to a consumer if the loan would result in the consumer being indebted to one or more payday lenders for a period in excess of 45 consecutive days. Except as provided under subsection (c) of this Section and Section 2-40, if a consumer has or has had loans outstanding for a period in excess of 45 consecutive days, no payday lender may offer or make a loan to the consumer for at least 7 calendar days after the date on which the outstanding balance of all payday loans made during the 45 consecutive day period is paid in full. For purposes of this subsection, the term "consecutive days" means a series of continuous calendar days in which the consumer has an outstanding balance on one or more payday loans; however, if a payday loan is made to a consumer within 6 days or less after the outstanding balance of all loans is paid in full, those days are counted as "consecutive days" for purposes of this subsection.

(c) Notwithstanding anything in this Act to the contrary, a payday loan shall also include any installment loan otherwise meeting the definition of payday loan contained in Section 1-10, but that has a term agreed by the parties of not less than 112 days and not exceeding 180 days; hereinafter an "installment payday loan". The following provisions shall apply:

New matter indicated in italics - deletions by strikeout
(i) Any installment payday loan must be fully amortizing, with a finance charge calculated on the principal balances scheduled to be outstanding and be repayable in substantially equal and consecutive installments, according to a payment schedule agreed by the parties with not less than 13 days and not more than one month between payments; except that the first installment period may be longer than the remaining installment periods by not more than 15 days, and the first installment payment may be larger than the remaining installment payments by the amount of finance charges applicable to the extra days. In calculating finance charges under this subsection, when the first installment period is longer than the remaining installment periods, the amount of the finance charges applicable to the extra days shall not be greater than $15.50 per $100 of the original principal balance divided by the number of days in a regularly scheduled installment period and multiplied by the number of extra days determined by subtracting the number of days in a regularly scheduled installment period from the number of days in the first installment period.

(ii) An installment payday loan may be refinanced by a new installment payday loan one time during the term of the initial loan; provided that the total duration of indebtedness on the initial installment payday loan combined with the total term of indebtedness of the new loan refinancing that initial loan, shall not exceed 180 days. For purposes of this Act, a refinancing occurs when an existing installment payday loan is paid from the proceeds of a new installment payday loan.

(iii) In the event an installment payday loan is paid in full prior to the date on which the last scheduled installment payment before maturity is due, other than through a refinancing, no licensee may offer or make a payday loan to the consumer for at least 2 calendar days thereafter.

(iv) No installment payday loan may be made to a consumer if the loan would result in the consumer being indebted to one or more payday lenders for a period in excess of 180 consecutive days. The term "consecutive days" does not include the date on which a consumer makes the final installment payment.

(d) (Blank).

(e) No lender may make a payday loan to a consumer if the total of all payday loan payments coming due within the first calendar month of
the loan, when combined with the payment amount of all of the consumer's other outstanding payday loans coming due within the same month, exceeds the lesser of:

1. $1,000; or
2. in the case of one or more payday loans, 25% of the consumer's gross monthly income; or
3. in the case of one or more installment payday loans, 22.5% of the consumer's gross monthly income; or
4. in the case of a payday loan and an installment payday loan, 22.5% of the consumer's gross monthly income.

No loan shall be made to a consumer who has an outstanding balance on 2 payday loans, except that, for a period of 12 months after March 21, 2011 (the effective date of this amendatory Act of the 96th General Assembly), consumers with an existing CILA loan may be issued an installment loan issued under this Act from the company from which their CILA loan was issued.

(e-5) Except as provided in subsection (c)(i), no lender may charge more than $15.50 per $100 loaned on any payday loan, or more than $15.50 per $100 on the initial principal balance and on the principal balances scheduled to be outstanding during any installment period on any installment payday loan. Except for installment payday loans and except as provided in Section 2-25, this charge is considered fully earned as of the date on which the loan is made. For purposes of determining the finance charge earned on an installment payday loan, the disclosed annual percentage rate shall be applied to the principal balances outstanding from time to time until the loan is paid in full, or until the maturity date, whichever occurs first. No finance charge may be imposed after the final scheduled maturity date.

When any loan contract is paid in full, the licensee shall refund any unearned finance charge. The unearned finance charge that is refunded shall be calculated based on a method that is at least as favorable to the consumer as the actuarial method, as defined by the federal Truth in Lending Act. The sum of the digits or rule of 78ths method of calculating prepaid interest refunds is prohibited.

(f) A lender may not take or attempt to take an interest in any of the consumer's personal property to secure a payday loan.

(g) A consumer has the right to redeem a check or any other item described in the definition of payday loan under Section 1-10 issued in connection with a payday loan from the lender holding the check or other

item at any time before the payday loan becomes payable by paying the full amount of the check or other item.

The disclosure notification shall be made in the most expedient time possible and without unreasonable delay, consistent with any measures necessary to determine the scope of the breach and restore the reasonable integrity, security, and confidentiality of the data system. That cooperation shall include, but need not be limited to, (i) informing the owner or licensee of the breach, including giving notice of the date or approximate date of the breach and the nature of the breach, and (ii) informing the owner or licensee of any steps the data collector has taken or plans to take relating to the breach. Sec. 5-15. Denial or revocation of exemptions.

(a) The Secretary of State may by order deny or revoke any exemption specified in Section 5-10 of this Law with respect to a particular offering of one or more business opportunities. No such order may be entered without appropriate prior notice to all interested parties, opportunity for hearing, and written findings of fact and conclusions of law.

(b) If the public interest or the protection of purchasers so requires, the Secretary of State may by summary order deny or revoke any of the specified exemptions pending final determination of any proceedings under this Section. Upon the entry of the order, the Secretary of State shall promptly notify all interested parties that it has been entered and of the reasons therefor and that the matter will be set for hearing upon written request filed with the Secretary of State within 30 days after the receipt of the request by the respondent. If no hearing is requested and none is ordered by the Secretary of State, the order will remain in effect until it is modified or vacated by the Secretary of State. If a hearing is requested and
none is ordered by the Secretary of State, the order will remain in effect until it is modified or vacated by the Secretary of State. If a hearing is requested or ordered, the Secretary of State, after notice of an opportunity for hearing to all interested persons, may modify or vacate the order or extend it until final determination.

(c) No order under this Section may operate retroactively.

(d) No person may be considered to have violated Section 5-25 by reason of any offer or sale effected after the entry of an order under paragraph (1) of Section 5-65 of this Law if he or she sustains the burden of proof that he or she did not know, and in the exercise of reasonable care could not have known, of the order.

(e) Notwithstanding any provision to the contrary, this Law shall not apply to (i) any dealer, salesperson, or investment adviser registered under the Illinois Securities Law of 1953 or any investment adviser representative, or any person who is regularly engaged in the business of offering or selling securities in a transaction exempted under subsection C, H, M, R, Q, or S of Section 4 of the Illinois Securities Law of 1953 or subsection G of Section 4 of the Illinois Securities Law of 1953 provided that such person is registered under the federal securities law, (ii) an associated person described in subdivision (h)(2) of Section 15 of the Federal 1934 Act, (iii) an investment adviser registered under Section 203 of the Federal 1940 Investment Advisers Act, or (iv) a person described in subdivision (a)(11) of Section 202 of the Federal 1940 Investment Advisers Act.

(f) This Law shall not be deemed to apply in any manner, directly or indirectly, to: (i) a State bank or national bank, as those terms are defined in the Illinois Banking Act, or any subsidiary of a State bank or national bank; (ii) a bank holding company, as that term is defined in the Illinois Bank Holding Company Act of 1957, or any subsidiary of a bank holding company; (iii) a foreign banking corporation, as that term is defined in the Foreign Banking Office Act, or any subsidiary of a foreign banking corporation; (iv) a representative office, as that term is defined in the Foreign Bank Representative Office Act, (v) a corporate fiduciary, as that term is defined in the Corporate Fiduciary Act, or any subsidiary of a corporate fiduciary; (vi) a savings bank organized under the Savings Bank Act, or a federal savings bank organized under federal law, or any subsidiary of a savings bank or federal savings bank; (vii) a savings bank holding company organized under the Savings Bank Act, or any subsidiary of a savings bank holding company; (viii) an association or federal

Section 810. The Contractor Prompt Payment Act is amended by changing Section 10 as follows:

(815 ILCS 603/10)

Sec. 10. Construction contracts. All construction contracts shall be deemed to provide the following:

(1) If a contractor has performed in accordance with the provisions of a construction contract and the payment application has been approved by the owner or the owner's agent, the owner shall pay the amount due to the contractor pursuant to the payment application not more than 15 calendar days after the approval. The payment application shall be deemed approved 25 days after the owner receives it unless the owner provides, before the end of the 25-day period, a written statement of the amount withheld and the reason for withholding payment. If the owner finds that a portion of the work is not in accordance with the contract, payment may be withheld for the reasonable value of that portion only. Payment shall be made for any portion of the contract for which the work has been performed in accordance with the provisions of the contract. Instructions or notification from an owner to his or her lender or architect to process or pay a payment application does not constitute approval of the payment application under this Act.

(2) If a subcontractor has performed in accordance with the provisions of his or her contract with the contractor or subcontractor and the work has been accepted by the owner, the owner's agent, or the contractor, the contractor shall pay to his or her subcontractor and the subcontractor shall pay to his or her subcontractor, within 15 calendar days of the contractor's receipt from the owner or the subcontractor's receipt from the contractor of each periodic payment, final payment, or receipt of retainage monies, the full amount received for the work of the subcontractor.

Section 815. The Motor Vehicle Franchise Act is amended by
changing Section 4 as follows:

(815 ILCS 710/4) (from Ch. 121 1/2, par. 754)

Sec. 4. Unfair competition and practices.

(a) The unfair methods of competition and unfair and deceptive
acts or practices listed in this Section are hereby declared to be unlawful.
In construing the provisions of this Section, the courts may be guided by
the interpretations of the Federal Trade Commission Act (15 U.S.C. 45 et
seq.), as from time to time amended.

(b) It shall be deemed a violation for any manufacturer, factory
branch, factory representative, distributor or wholesaler, distributor
branch, distributor representative or motor vehicle dealer to engage in any
action with respect to a franchise which is arbitrary, in bad faith or
unconscionable and which causes damage to any of the parties or to the
public.

(c) It shall be deemed a violation for a manufacturer, a distributor,
a wholesaler, a distributor branch or division, a factory branch or division,
or a wholesale branch or division, or officer, agent or other representative
thereof, to coerce, or attempt to coerce, any motor vehicle dealer:

(1) to accept, buy or order any motor vehicle or vehicles,
appliances, equipment, parts or accessories therefor, or any other
commodity or commodities or service or services which such
motor vehicle dealer has not voluntarily ordered or requested
except items required by applicable local, state or federal law; or to
require a motor vehicle dealer to accept, buy, order or purchase
such items in order to obtain any motor vehicle or vehicles or any
other commodity or commodities which have been ordered or
requested by such motor vehicle dealer;

(2) to order or accept delivery of any motor vehicle with
special features, appliances, accessories or equipment not included
in the list price of the motor vehicles as publicly advertised by the
manufacturer thereof, except items required by applicable law; or

(3) to order for anyone any parts, accessories, equipment,
machinery, tools, appliances or any commodity whatsoever, except
items required by applicable law.

(d) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, or officer, agent or other representative thereof:

1. to adopt, change, establish or implement a plan or system for the allocation and distribution of new motor vehicles to motor vehicle dealers which is arbitrary or capricious or to modify an existing plan so as to cause the same to be arbitrary or capricious;

2. to fail or refuse to advise or disclose to any motor vehicle dealer having a franchise or selling agreement, upon written request therefor, the basis upon which new motor vehicles of the same line make are allocated or distributed to motor vehicle dealers in the State and the basis upon which the current allocation or distribution is being made or will be made to such motor vehicle dealer;

3. to refuse to deliver in reasonable quantities and within a reasonable time after receipt of dealer's order, to any motor vehicle dealer having a franchise or selling agreement for the retail sale of new motor vehicles sold or distributed by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division, any such motor vehicles as are covered by such franchise or selling agreement specifically publicly advertised in the State by such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division to be available for immediate delivery. However, the failure to deliver any motor vehicle shall not be considered a violation of this Act if such failure is due to an act of God, a work stoppage or delay due to a strike or labor difficulty, a shortage of materials, a lack of manufacturing capacity, a freight embargo or other cause over which the manufacturer, distributor, or wholesaler, or any agent thereof has no control;

4. to coerce, or attempt to coerce, any motor vehicle dealer to enter into any agreement with such manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division, or officer, agent or other representative thereof, or to do any other act prejudicial to the dealer by threatening to reduce his allocation of motor vehicles or cancel any franchise or any selling agreement existing between

such manufacturer, distributor, wholesaler, distributor branch or division, or factory branch or division, or wholesale branch or division, and the dealer. However, notice in good faith to any motor vehicle dealer of the dealer's violation of any terms or provisions of such franchise or selling agreement or of any law or regulation applicable to the conduct of a motor vehicle dealer shall not constitute a violation of this Act;

(5) to require a franchisee to participate in an advertising campaign or contest or any promotional campaign, or to purchase or lease any promotional materials, training materials, show room or other display decorations or materials at the expense of the franchisee;

(6) to cancel or terminate the franchise or selling agreement of a motor vehicle dealer without good cause and without giving notice as hereinafter provided; to fail or refuse to extend the franchise or selling agreement of a motor vehicle dealer upon its expiration without good cause and without giving notice as hereinafter provided; or, to offer a renewal, replacement or succeeding franchise or selling agreement containing terms and provisions the effect of which is to substantially change or modify the sales and service obligations or capital requirements of the motor vehicle dealer arbitrarily and without good cause and without giving notice as hereinafter provided notwithstanding any term or provision of a franchise or selling agreement.

(A) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to cancel or terminate a franchise or selling agreement or intends not to extend or renew a franchise or selling agreement on its expiration, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the effective date of the proposed action, or not later than 10 days before the proposed action when the reason for the action is based upon either of the following:

(i) the business operations of the franchisee have been abandoned or the franchisee has failed to conduct customary sales and service operations during customary business hours for at least 7 consecutive business days unless such closing is due

to an act of God, strike or labor difficulty or other cause over which the franchisee has no control; or

(ii) the conviction of or plea of nolo contendere by the motor vehicle dealer or any operator thereof in a court of competent jurisdiction to an offense punishable by imprisonment for more than two years.

Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed cancellation, termination, or refusal to extend or renew and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(B) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement of such motor vehicle dealer, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the date of expiration of the franchise or selling agreement. Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed action and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(C) Within 30 days from receipt of the notice under subparagraphs (A) and (B), the franchisee may file with the Board a written protest against the proposed action.

When the protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention of the proposed action and to the protesting dealer or franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to cancel or terminate, or fail to extend or renew the franchise or selling agreement of a motor vehicle dealer or franchisee, and to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement. The determination whether good cause exists to cancel, terminate, or refuse to renew or extend the franchise or selling agreement, or to change or modify the obligations of the dealer as a condition to offer renewal, replacement, or succession shall be made by the Board under subsection (d) of Section 12 of this Act.

(D) Notwithstanding the terms, conditions, or provisions of a franchise or selling agreement, the following shall not constitute good cause for cancelling or terminating or failing to extend or renew the franchise or selling agreement: (i) the change of ownership or executive management of the franchisee's dealership; or (ii) the fact that the franchisee or owner of an interest in the franchise owns, has an investment in, participates in the management of, or holds a license for the sale of the same or any other line make of new motor vehicles.

(E) The manufacturer may not cancel or terminate, or fail to extend or renew a franchise or selling agreement or change or modify the obligations of the franchisee as a condition to offering a renewal, replacement, or succeeding franchise or selling agreement before the hearing process is concluded as prescribed by this Act, and thereafter, if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the proposed action;

(7) notwithstanding the terms of any franchise agreement, to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs, expert witness fees, reasonable attorneys' fees of the new motor vehicle dealer, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, arising out of complaints, claims or lawsuits including, but not limited to,

New matter indicated in italics - deletions by strikeout
strict liability, negligence, misrepresentation, warranty (express or implied), or *rescission* of the sale as defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer; provided that, in order to provide an adequate defense, the manufacturer receives notice of the filing of a complaint, claim, or lawsuit within 60 days after the filing;

(8) to require or otherwise coerce a motor vehicle dealer to underutilize the motor vehicle dealer's facilities by requiring or otherwise coercing the motor vehicle dealer to exclude or remove from the motor vehicle dealer's facilities operations for selling or servicing of any vehicles for which the motor vehicle dealer has a franchise agreement with another manufacturer, distributor, wholesaler, distribution branch or division, or officer, agent, or other representative thereof; provided, however, that, in light of all existing circumstances, (i) the motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicle, (ii) the new motor vehicle dealer remains in compliance with any reasonable facilities requirements of the manufacturer, (iii) no change is made in the principal management of the new motor vehicle dealer, and (iv) the addition of the make or line of new motor vehicles would be reasonable. The reasonable facilities requirement set forth in item (ii) of subsection (d)(8) shall not include any requirement that a franchisee establish or maintain exclusive facilities, personnel, or display space. Any decision by a motor vehicle dealer to sell additional makes or lines at the motor vehicle dealer's facility shall be presumed to be reasonable, and the manufacturer shall have the burden to overcome that presumption. A motor vehicle dealer must provide a written notification of its intent to add a make or line of new motor vehicles to the manufacturer. If the manufacturer does not respond to the motor vehicle dealer, in writing, objecting to the addition of the make or line within 60 days after the date that the motor vehicle dealer sends the written notification, then the manufacturer shall be deemed to have approved the addition of the make or line; or

(9) to use or consider the performance of a motor vehicle dealer relating to the sale of the manufacturer's, distributor's, or
wholesaler's vehicles or the motor vehicle dealer's ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of the manufacturer's, distributor's, or wholesaler's new vehicles in determining:

(A) the motor vehicle dealer's eligibility to purchase program, certified, or other used motor vehicles from the manufacturer, distributor, or wholesaler;

(B) the volume, type, or model of program, certified, or other used motor vehicles that a motor vehicle dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(C) the price of any program, certified, or other used motor vehicle that the dealer is eligible to purchase from the manufacturer, distributor, or wholesaler;

(D) the availability or amount of any discount, credit, rebate, or sales incentive that the dealer is eligible to receive from the manufacturer, distributor, or wholesaler for the purchase of any program, certified, or other used motor vehicle offered for sale by the manufacturer, distributor, or wholesaler.

(e) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division or officer, agent or other representative thereof:

(1) to resort to or use any false or misleading advertisement in connection with his business as such manufacturer, distributor, wholesaler, distributor branch or division or officer, agent or other representative thereof;

(2) to offer to sell or lease, or to sell or lease, any new motor vehicle to any motor vehicle dealer at a lower actual price therefor than the actual price offered to any other motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device including, but not limited to, sales promotion plans or programs which result in such lesser actual price or fail to make available to any motor vehicle dealer any preferential pricing, incentive, rebate, finance rate, or low interest loan program offered to competing motor vehicle dealers in other contiguous states. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

New matter indicated in italics - deletions by strikeout
(3) to offer to sell or lease, or to sell or lease, any new motor vehicle to any person, except a wholesaler, distributor or manufacturer's employees at a lower actual price therefor than the actual price offered and charged to a motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device which results in such lesser actual price. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

(4) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or franchisee from changing the executive management control of the motor vehicle dealer or franchisee unless the franchiser, having the burden of proof, proves that such change of executive management will result in executive management control by a person or persons who are not of good moral character or who do not meet the franchiser's existing and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However where the manufacturer rejects a proposed change in executive management control, the manufacturer shall give written notice of his reasons to the dealer within 60 days of notice to the manufacturer by the dealer of the proposed change. If the manufacturer does not send a letter to the franchisee by certified mail, return receipt requested, within 60 days from receipt by the manufacturer of the proposed change, then the change of the executive management control of the franchisee shall be deemed accepted as proposed by the franchisee, and the manufacturer shall give immediate effect to such change;

(5) to prevent or attempt to prevent by contract or otherwise any motor vehicle dealer from establishing or changing the capital structure of his dealership or the means by or through which he finances the operation thereof; provided the dealer meets any reasonable capital standards agreed to between the dealer and the manufacturer, distributor or wholesaler, who may require that the sources, method and manner by which the dealer finances or intends to finance its operation, equipment or facilities be fully disclosed;

(6) to refuse to give effect to or prevent or attempt to prevent by contract or otherwise any motor vehicle dealer or any

officer, partner or stockholder of any motor vehicle dealer from selling or transferring any part of the interest of any of them to any other person or persons or party or parties unless such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or unless the franchiser, having the burden of proof, proves that such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law:

(A) If the manufacturer intends to refuse to approve the sale or transfer of all or a part of the interest, then it shall, within 60 days from receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, send a letter by certified mail, return receipt requested, advising the franchisee of any refusal to approve the sale or transfer of all or part of the interest and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth specific criteria used to evaluate the prospective transferee and the grounds for refusing to approve the sale or transfer to that transferee. Within 30 days from the franchisee's receipt of the manufacturer's notice, the franchisee may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing the date (within 60 days of the date of such order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed notice of intention of the proposed action and to the protesting franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to approve the sale or transfer to the transferee. The determination whether good cause exists to refuse to approve the sale or transfer shall be made by the Board under subdivisions (6)(B). The manufacturer shall not refuse to approve the sale or transfer by a dealer or an officer, partner, or stockholder of a franchise or any part of the interest to any person or persons before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to refuse to approve the sale or transfer to the transferee.

(B) Good cause to refuse to approve such sale or transfer under this Section is established when such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under the "The Illinois Vehicle Code" or such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area.

(7) to obtain money, goods, services, anything of value, or any other benefit from any other person with whom the motor vehicle dealer does business, on account of or in relation to the transactions between the dealer and the other person as compensation, except for services actually rendered, unless such benefit is promptly accounted for and transmitted to the motor vehicle dealer;

(8) to grant an additional franchise in the relevant market area of an existing franchise of the same line make or to relocate an existing motor vehicle dealership within or into a relevant market area of an existing franchise of the same line make. However, if the manufacturer wishes to grant such an additional franchise to an independent person in a bona fide relationship in which such person is prepared to make a significant investment subject to loss in such a dealership, or if the manufacturer wishes to relocate an existing motor vehicle dealership, then the manufacturer shall send

New matter indicated in italics - deletions by strikeout
a letter by certified mail, return receipt requested, to each existing dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise at least 60 days before the manufacturer grants an additional franchise or relocates an existing franchise of the same line make within or into the relevant market area of an existing franchisee of the same line make. Each notice shall set forth the specific grounds for the proposed grant of an additional or relocation of an existing franchise and shall state that the dealer has only 30 days from the date of receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. Unless the parties agree upon the grant or establishment of the additional or relocated franchise within 30 days from the date the notice was received by the existing franchisee of the same line make or any person entitled to receive such notice, the franchisee or other person may file with the Board a written protest against the grant or establishment of the proposed additional or relocated franchise.

When a protest has been timely filed, the Board shall enter an order fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified or registered mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention to grant or establish the proposed additional or relocated franchise and to the protesting dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise.

When more than one protest is filed against the grant or establishment of the additional or relocated franchise of the same line make, the Board may consolidate the hearings to expedite disposition of the matter. The manufacturer shall have the burden of proof to establish that good cause exists to allow the grant or establishment of the additional or relocated franchise. The manufacturer may not grant or establish the additional franchise or relocate the existing franchise before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the grant or
establishment of the additional franchise or relocation of the existing franchise.

The determination whether good cause exists for allowing the grant or establishment of an additional franchise or relocated existing franchise, shall be made by the Board under subsection (c) of Section 12 of this Act. If the manufacturer seeks to enter into a contract, agreement or other arrangement with any person, establishing any additional motor vehicle dealership or other facility, limited to the sale of factory repurchase vehicles or late model vehicles, then the manufacturer shall follow the notice procedures set forth in this Section and the determination whether good cause exists for allowing the proposed agreement shall be made by the Board under subsection (c) of Section 12, with the manufacturer having the burden of proof.

A. (Blank).

B. For the purposes of this Section, appointment of a successor motor vehicle dealer at the same location as its predecessor, or within 2 miles of such location, or the relocation of an existing dealer or franchise within 2 miles of the relocating dealer's or franchisee's existing location, shall not be construed as a grant, establishment or the entering into of an additional franchise or selling agreement, or a relocation of an existing franchise. The reopening of a motor vehicle dealership that has not been in operation for 18 months or more shall be deemed the grant of an additional franchise or selling agreement.

C. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of more than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 7 miles from the nearest dealer of the same line make. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of less than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 12 miles from the nearest dealer of the same line make. A dealer that would be farther away from the new location of an existing dealership or franchise of the same line make.

line make after a relocation may not file a written protest against the relocation with the Motor Vehicle Review Board.

D. Nothing in this Section shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law;

(9) to require a motor vehicle dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this Act;

(10) to prevent or refuse to give effect to the succession to the ownership or management control of a dealership by any legatee under the will of a dealer or to an heir under the laws of descent and distribution of this State unless the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise. Unless the franchiser, having the burden of proof, proves that the successor is a person who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area, any designated successor of a dealer or franchisee may succeed to the ownership or management control of a dealership under the existing franchise if:

(i) The designated successor gives the franchiser written notice by certified mail, return receipt requested, of his or her intention to succeed to the ownership of the dealer within 60 days of the dealer's death or incapacity; and

(ii) The designated successor agrees to be bound by all the terms and conditions of the existing franchise.

Notwithstanding the foregoing, in the event the motor vehicle dealer or franchisee and manufacturer have duly executed an agreement concerning succession rights prior to the dealer's death or incapacitation, the agreement shall be observed.

(A) If the franchiser intends to refuse to honor the successor to the ownership of a deceased or incapacitated dealer or franchisee under an existing franchise agreement,
the franchiser shall send a letter by certified mail, return receipt requested, to the designated successor within 60 days from receipt of a proposal advising of its intent to refuse to honor the succession and to discontinue the existing franchise agreement and shall state that the designated successor only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement.

If notice of refusal is not timely served upon the designated successor, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by paragraph (6) of subsection (d) of Section 4 of this Act.

Within 30 days from the date the notice was received by the designated successor or any other person entitled to notice, the designee or other person may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the franchiser that filed the notice of intention of the proposed action and to the protesting designee or such other person.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to honor the succession and discontinue the existing franchise agreement. The determination whether good cause exists to refuse to honor the succession shall be made by the Board under subdivision (B) of this paragraph (10). The manufacturer shall not refuse to honor the succession or discontinue the existing franchise agreement before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that it has failed to meet
its burden of proof and that good cause does not exist to refuse to honor the succession and discontinue the existing franchise agreement.

(B) No manufacturer shall impose any conditions upon honoring the succession and continuing the existing franchise agreement with the designated successor other than that the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise, or that the designated successor is of good moral character or meets the reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area;

(11) to prevent or refuse to approve a proposal to establish a successor franchise at a location previously approved by the franchiser when submitted with the voluntary termination by the existing franchisee unless the successor franchisee would not otherwise qualify for a new motor vehicle dealer's license under the Illinois Vehicle Code or unless the franchiser, having the burden of proof, proves that such proposed successor is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, when such a rejection of a proposal is made, the manufacturer shall give written notice of its reasons to the franchisee within 60 days of receipt by the manufacturer of the proposal. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities, or from complying with applicable federal, State or local law;

(12) to prevent or refuse to grant a franchise to a person because such person owns, has investment in or participates in the management of or holds a franchise for the sale of another make or line of motor vehicles within 7 miles of the proposed franchise location in a county having a population of more than 300,000 persons, or within 12 miles of the proposed franchise location in a county having a population of less than 300,000 persons; or

(13) to prevent or attempt to prevent any new motor vehicle dealer from establishing any additional motor vehicle dealership or other facility limited to the sale of factory repurchase vehicles or late model vehicles or otherwise offering for sale factory repurchase vehicles of the same line make at an existing franchise by failing to make available any contract, agreement or other arrangement which is made available or otherwise offered to any person.

(f) It is deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent, broker, shareholder, except a shareholder of 1% or less of the outstanding shares of any class of securities of a manufacturer, distributor, or wholesaler which is a publicly traded corporation, or other representative, directly or indirectly, to own or operate a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit:

(1) the ownership or operation of a place of business by a manufacturer, distributor, or wholesaler for a period, not to exceed 18 months, during the transition from one motor vehicle franchisee to another;

(2) the investment in a motor vehicle franchisee by a manufacturer, distributor, or wholesaler if the investment is for the sole purpose of enabling a partner or shareholder in that motor vehicle franchisee to acquire an interest in that motor vehicle franchisee and that partner or shareholder is not otherwise employed by or associated with the manufacturer, distributor, or wholesaler and would not otherwise have the requisite capital investment funds to invest in the motor vehicle franchisee, and has the right to purchase the entire equity interest of the manufacturer, distributor, or wholesaler in the motor vehicle franchisee within a reasonable period of time not to exceed 5 years; or

(3) the ownership or operation of a place of business by a manufacturer that manufactures only diesel engines for installation in trucks having a gross vehicle weight rating of more than 16,000 pounds that are required to be registered under the Illinois Vehicle Code, provided that:

(A) the manufacturer does not otherwise manufacture, distribute, or sell motor vehicles as defined under Section 1-217 of the Illinois Vehicle Code;

New matter indicated in italics - deletions by strikeout
(B) the manufacturer owned a place of business and it was in operation as of January 1, 2016;

(C) the manufacturer complies with all obligations owed to dealers that are not owned, operated, or controlled by the manufacturer, including, but not limited to those obligations arising pursuant to Section 6;

(D) to further avoid any acts or practices, the effect of which may be to lessen or eliminate competition, the manufacturer provides to dealers on substantially equal terms access to all support for completing repairs, including, but not limited to, parts and assemblies, training, and technical service bulletins, and other information concerning repairs that the manufacturer provides to facilities that are owned, operated, or controlled by the manufacturer; and

(E) the manufacturer does not require that warranty repair work be performed by a manufacturer-owned repair facility and the manufacturer provides any dealer that has an agreement with the manufacturer to sell and perform warranty repairs on the manufacturer's engines the opportunity to perform warranty repairs on those engines, regardless of whether the dealer sold the truck into which the engine was installed.

(g) Notwithstanding the terms, provisions, or conditions of any agreement or waiver, it shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent or other representative thereof, to directly or indirectly condition the awarding of a franchise to a prospective new motor vehicle dealer, the addition of a line make or franchise to an existing dealer, the renewal of a franchise of an existing dealer, the approval of the relocation of an existing dealer's facility, or the approval of the sale or transfer of the ownership of a franchise on the willingness of a dealer, proposed new dealer, or owner of an interest in the dealership facility to enter into a site control agreement or exclusive use agreement unless separate and reasonable consideration was offered and accepted for that agreement.

For purposes of this subsection (g), the terms "site control agreement" and "exclusive use agreement" include any agreement that has the effect of either (i) requiring that the dealer establish or maintain

exclusive dealership facilities; or (ii) restricting the ability of the dealer, or the ability of the dealer's lessor in the event the dealership facility is being leased, to transfer, sell, lease, or change the use of the dealership premises, whether by sublease, lease, collateral pledge of lease, or other similar agreement. "Site control agreement" and "exclusive use agreement" also include a manufacturer restricting the ability of a dealer to transfer, sell, or lease the dealership premises by right of first refusal to purchase or lease, option to purchase, or option to lease if the transfer, sale, or lease of the dealership premises is to a person who is an immediate family member of the dealer. For the purposes of this subsection (g), "immediate family member" means a spouse, parent, son, daughter, son-in-law, daughter-in-law, brother, and sister.

If a manufacturer exercises any right of first refusal to purchase or lease or option to purchase or lease with regard to a transfer, sale, or lease of the dealership premises to a person who is not an immediate family member of the dealer, then (1) within 60 days from the receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, the manufacturer must notify the dealer of its intent to exercise the right of first refusal to purchase or lease or option to purchase or lease and (2) the exercise of the right of first refusal to purchase or lease or option to purchase or lease must result in the dealer receiving consideration, terms, and conditions that either are the same as or greater than that which they have contracted to receive in connection with the proposed transfer, sale, or lease of the dealership premises.

Any provision contained in any agreement entered into on or after November 25, 2009 (the effective date of Public Act 96-824) that is inconsistent with the provisions of this subsection (g) shall be voidable at the election of the affected dealer, prospective dealer, or owner of an interest in the dealership facility.

(h) For purposes of this subsection:

"Successor manufacturer" means any motor vehicle manufacturer that, on or after January 1, 2009, acquires, succeeds to, or assumes any part of the business of another manufacturer, referred to as the "predecessor manufacturer", as the result of any of the following:

(i) A change in ownership, operation, or control of the predecessor manufacturer by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation,
combination, joint venture, redemption, court-approved sale, operation of law or otherwise.

(ii) The termination, suspension, or cessation of a part or all of the business operations of the predecessor manufacturer.

(iii) The discontinuance of the sale of the product line.

(iv) A change in distribution system by the predecessor manufacturer, whether through a change in distributor or the predecessor manufacturer's decision to cease conducting business through a distributor altogether.

"Former Franchisee" means a new motor vehicle dealer that has entered into a franchise with a predecessor manufacturer and that has entered into a franchise with a predecessor manufacturer and that has either:

(i) entered into a termination agreement or deferred termination agreement with a predecessor or successor manufacturer related to such franchise; or

(ii) has had such franchise canceled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended.

For a period of 3 years from: (i) the date that a successor manufacturer acquires, succeeds to, or assumes any part of the business of a predecessor manufacturer; (ii) the last day that a former franchisee is authorized to remain in business as a franchised dealer with respect to a particular franchise under a termination agreement or deferred termination agreement with a predecessor or successor manufacturer; (iii) the last day that a former franchisee that was cancelled, terminated, nonrenewed, noncontinued, rejected, nonassumed, or otherwise ended by a predecessor or successor manufacturer is authorized to remain in business as a franchised dealer with respect to a particular franchise; or (iv) November 25, 2009 (the effective date of Public Act 96-824) this amendatory Act of the 96th General Assembly, whichever is latest, it shall be unlawful for such successor manufacturer to enter into a same line make franchise with any person or to permit the relocation of any existing same line make franchise, for a line make of the predecessor manufacturer that would be located or relocated within the relevant market area of a former franchisee who owned or leased a dealership facility in that relevant market area without first offering the additional or relocated franchise to the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability, at no cost and without any requirements or restrictions other than those imposed

generally on the manufacturer's other franchisees at that time, unless one of the following applies:

(1) As a result of the former franchisee's cancellation, termination, noncontinuance, or nonrenewal of the franchise, the predecessor manufacturer had consolidated the line make with another of its line makes for which the predecessor manufacturer had a franchisee with a then-existing dealership facility located within that relevant market area.

(2) The successor manufacturer has paid the former franchisee, or the designated successor of such former franchisee in the event the former franchisee is deceased or a person with a disability, the fair market value of the former franchisee's franchise on (i) the date the franchisor announces the action which results in the termination, cancellation, or nonrenewal; or (ii) the date the action which results in termination, cancellation, or nonrenewal first became general knowledge; or (iii) the day 12 months prior to the date on which the notice of termination, cancellation, or nonrenewal is issued, whichever amount is higher. Payment is due within 90 days of the effective date of the termination, cancellation, or nonrenewal. If the termination, cancellation, or nonrenewal is due to a manufacturer's change in distributors, the manufacturer may avoid paying fair market value to the dealer if the new distributor or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

(3) The successor manufacturer proves that it would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee under item (e)(10) in the event that the former franchisee is deceased or a person with a disability. The determination of whether the successor manufacturer would have had good cause to terminate the franchise agreement of the former franchisee, or the successor of the former franchisee, shall be made by the Board under subsection (d) of Section 12. A successor manufacturer that seeks to assert that it would have had good cause to terminate a former franchisee, or the successor of the former franchisee, must file a petition seeking a hearing on this issue before the Board and shall have the burden of proving that it would have had good cause to terminate the former franchisee or the successor of the former franchisee. No successor dealer, other than the former franchisee,
may be appointed or franchised by the successor manufacturer within the relevant market area of the former franchisee until the Board has held a hearing and rendered a determination on the issue of whether the successor manufacturer would have had good cause to terminate the former franchisee.

In the event that a successor manufacturer attempts to enter into a same line make franchise with any person or to permit the relocation of any existing line make franchise under this subsection (h) at a location that is within the relevant market area of 2 or more former franchisees, then the successor manufacturer may not offer it to any person other than one of those former franchisees unless the successor manufacturer can prove that at least one of the 3 exceptions in items (1), (2), and (3) of this subsection (h) applies to each of those former franchisees.

Section 820. The Earned Income Tax Credit Information Act is amended by changing Section 5 as follows:

(820 ILCS 170/5) (from Ch. 48, par. 2755)

Sec. 5. Declaration of public policy. In order to alleviate the tax burden of low-income persons in Illinois who have earned income and support one or more dependent children, the State should facilitate the furnishing of information to such persons about the availability of the federal earned income tax credit so that eligible taxpayers may claim that credit on their federal income tax returns. It is the intent of this Act to offer the most cost-effective assistance to eligible taxpayers through notices provided by their employers and by State government.

(c) There is no privilege under Section 55 if a court finds, after a hearing in camera, that the party seeking discovery or the proponent of the evidence has shown the evidence is not otherwise available, the need for the evidence substantially outweighs the interest in protecting confidentiality, and the collaborative process communication is sought or offered in:

(1) a court proceeding involving a felony or misdemeanor; or

(2) a proceeding seeking rescission or reformation of a contract arising out of the collaborative process or in which a defense to avoid liability on the contract is asserted.

(e) Disclosure or admission of evidence excepted from the privilege under subsection (b) or (c) does not make the evidence or any other collaborative process communication discoverable or admissible for any other purpose.

(f) The privileges under Section 55 do not apply if the parties agree in advance in a signed record, or if a record of a proceeding reflects agreement by the parties, that all or part of a collaborative process is not privileged. This subsection does not apply to a collaborative process communication made by a person that did not receive actual notice of the agreement before the communication was made.

However, no remandment shall be made on the ground of newly discovered evidence unless it appears to the satisfaction of the court that such evidence has in fact been discovered subsequent to the termination of the proceedings before the administrative agency and that it could not by the exercise of reasonable diligence have been obtained at such proceedings; and that such evidence is material to the issues and is not cumulative;

(8) in case of affirmance or partial affirmance of an administrative decision which requires the payment of money, to enter judgment for the amount justified by the record and for costs, which judgment may be enforced as other judgments for the recovery of money;

(9) when the particular statute under authority of which the administrative decision was entered requires the plaintiff to file a satisfactory bond and provides for the dismissal of the action for the plaintiff’s failure to comply with this requirement unless the court is authorized by the particular statute to enter, and does enter, an order imposing a lien upon the plaintiff’s property, to take such proofs and to enter such orders as may be appropriate to carry out the provisions of the particular statute. However, the court shall not approve the bond, nor enter an order for the lien, in any amount which is less than that prescribed by the particular statute under authority of which the administrative decision was entered if the statute provides what the minimum amount of the bond or lien shall be or provides how said minimum amount shall be determined. No such bond shall be approved by the court without notice to, and an opportunity to be heard thereon by, the administrative agency affected. The lien, created by the entry of a court order in lieu of a bond, shall not apply to property exempted from the lien by the particular statute under authority of which the administrative decision was entered. The lien shall not be effective against real property whose title is registered under the provisions of the Registered Titles (Torrens) Act until the provisions of Section 85 of that Act are complied with.

(c) On motion of either party, the circuit court shall make findings of fact or state the propositions of law upon which its judgment is based.

(d) The changes to this Section made by Public Act 95-831 this amendatory Act of the 95th General Assembly apply to all actions filed on or after August 21, 2007 (the effective date of Public Act 95-831) this amendatory Act of the 95th General Assembly. AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Nursing Home Care Act is amended by changing Section 3-303.1 as follows:

(210 ILCS 45/3-303.1) (from Ch. 111 1/2, par. 4153-303.1)

Sec. 3-303.1. Waiver of requirements.

(a) Upon application by a facility, the Director may grant or renew the waiver of the facility's compliance with a rule or standard for a period not to exceed the duration of the current license or, in the case of an application for license renewal, the duration of the renewal period. The waiver may be conditioned upon the facility taking action prescribed by the Director as a measure equivalent to compliance. In determining whether to grant or renew a waiver, the Director shall consider the duration and basis for any current waiver with respect to the same rule or standard and the validity and effect upon patient health and safety of extending it on the same basis, the effect upon the health and safety of residents, the quality of resident care, the facility's history of compliance with the rules and standards of this Act, and the facility's attempts to comply with the particular rule or standard in question.

(b) The Department may provide, by rule, for the automatic renewal of waivers concerning physical plant requirements upon the renewal of a license. The Department shall renew waivers relating to physical plant standards issued pursuant to this Section at the time of the indicated reviews, unless it can show why such waivers should not be extended for the following reasons:

(1) the condition of the physical plant has deteriorated or its use substantially changed so that the basis upon which the waiver was issued is materially different; or

(2) the facility is renovated or substantially remodeled in such a way as to permit compliance with the applicable rules and standards without substantial increase in cost.

(c) Upon application by a facility, the Director may grant or renew a waiver, in whole or in part, of the registered nurse staffing requirements

New matter indicated in italics - deletions by strikeout
contained in subsection (e) of Section 3-202.05, considering the criteria in subsection (a) of this Section, if the facility demonstrates to the Director's satisfaction that the facility is unable, despite diligent efforts, including offering wages at a competitive rate for registered nurses in the community, to employ the required number of registered nurses and that the waivers will not endanger the health or safety of residents of the facility. A facility in compliance with the terms of a waiver granted under this subsection shall not be subject to fines or penalties imposed by the Department for violating the registered nurse staffing requirements of subsection (e) of Section 3-202.05. Nothing in this subsection (c) allows the Director to grant or renew a waiver of the minimum registered nurse staffing requirements contained in 42 CFR 483.35(b) to a facility that is Medicare-certified or to a facility that is both Medicare-certified and Medicaid-certified. Waivers granted under this subsection (c) shall be reviewed quarterly by the Department, including requiring a demonstration by the facility that it has continued to make diligent efforts to employ the required number of registered nurses, and shall be revoked for noncompliance with any of the following requirements:

(1) For periods in which the number of registered nurses required by law is not in the facility, a physician or registered nurse shall respond immediately to a telephone call from the facility.

(2) The facility shall notify the following of the waiver: the Office of the State Long Term Care Ombudsman, the residents of the facility, the residents' guardians, and the residents' representatives.

(d) A copy of each waiver application and each waiver granted or renewed shall be on file with the Department and available for public inspection. The Director shall annually review such file and recommend to the Long-Term Care Facility Advisory Board any modification in rules or standards suggested by the number and nature of waivers requested and granted and the difficulties faced in compliance by similarly situated facilities.

violation of a participating unit of local government's ordinance, and may be collected in accordance with applicable law.

(b) After expiration of the period in which judicial review under the Illinois Administrative Review Law may be sought for a final determination of a code violation, unless stayed by a court of competent jurisdiction, the findings, decision, and order of the hearing officer may be enforced in the same manner as a judgment entered by a court of competent jurisdiction.

(c) In any case in which a defendant has failed to comply with a judgment ordering a defendant to correct a code violation or imposing any non-real property tax, fee, fine, or other sanction as a result of a code violation, any expenses incurred by a county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, to enforce the judgment, including, but not limited to, attorney's fees, court costs, and costs related to property demolition or foreclosure, after they are fixed by a court of competent jurisdiction or a hearing officer, shall be a debt due and owing the county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, and the findings, decision, and order of the hearing officer may be enforced in the same manner as a judgment entered by a court. Prior to any expenses being fixed by a hearing officer pursuant to this subsection (c), the county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, shall provide notice to the defendant that states that the defendant shall appear at a hearing before the administrative hearing officer to determine whether the defendant has failed to comply with the judgment. If any judgment is set aside pursuant to this subsection (e), the hearing officer shall have authority to enter an order extinguishing any lien that has been recorded for any debt due and owing the county for a violation of a county ordinance, or the participating unit of local government for a violation of a participating unit of local government's ordinance, as a result of the vacated default judgment.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 2-3.64a-5 as follows:

(105 ILCS 5/2-3.64a-5)
Sec. 2-3.64a-5. State goals and assessment.
(a) For the assessment and accountability purposes of this Section, "students" includes those students enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

(b) The State Board of Education shall establish the academic standards that are to be applicable to students who are subject to State assessments under this Section. The State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment and opportunities to file written comments.

(c) Beginning no later than the 2014-2015 school year, the State Board of Education shall annually assess all students enrolled in grades 3 through 8 in English language arts and mathematics.

Beginning no later than the 2017-2018 school year, the State Board of Education shall annually assess all students in science at one grade in grades 3 through 5, at one grade in grades 6 through 8, and at one grade in grades 9 through 12.

The State Board of Education shall annually assess schools that operate a secondary education program, as defined in Section 22-22 of this Code, in English language arts and mathematics. The State Board of Education shall administer no more than 3 assessments, per student, of English language arts and mathematics for students in a secondary education program. One of these assessments shall include a college and

New matter indicated in italics - deletions by strikeout
career ready determination that shall be accepted by this State's public institutions of higher education, as defined in the Board of Higher Education Act, for the purpose of student application or admissions consideration.

Students who are not assessed for college and career ready determinations may not receive a regular high school diploma unless the student is exempted from taking State assessments under subsection (d) of this Section because (i) the student's individualized educational program developed under Article 14 of this Code identifies the State assessment as inappropriate for the student, (ii) the student is enrolled in a program of adult and continuing education, as defined in the Adult Education Act, (iii) the school district is not required to assess the individual student for purposes of accountability under federal No Child Left Behind Act of 2001 requirements, (iv) the student has been determined to be an English learner and has been enrolled in schools in the United States for less than 12 months, or (v) the student is otherwise identified by the State Board of Education, through rules, as being exempt from the assessment.

The State Board of Education shall not assess students under this Section in subjects not required by this Section.

Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the State assessments. The State Board of Education shall establish periods of time in each school year during which State assessments shall occur to meet the objectives of this Section.

(d) Every individualized educational program as described in Article 14 shall identify if the State assessment or components thereof are appropriate for the student. The State Board of Education shall develop rules governing the administration of an alternate assessment that may be available to students for whom participation in this State's regular assessments is not appropriate, even with accommodations as allowed under this Section.

Students receiving special education services whose individualized educational programs identify them as eligible for the alternative State assessments nevertheless shall have the option of taking this State's regular assessment that includes a college and career ready determination, which shall be administered in accordance with the eligible accommodations appropriate for meeting these students' respective needs.

All students determined to be English learners shall participate in the State assessments, excepting those students who have been enrolled in
schools in the United States for less than 12 months. Such students may be exempted from participation in one annual administration of the English language arts assessment. Any student determined to be an English learner shall receive appropriate assessment accommodations, including language supports, which shall be established by rule. Approved assessment accommodations must be provided until the student's English language skills develop to the extent that the student is no longer considered to be an English learner, as demonstrated through a State-identified English language proficiency assessment.

(e) The results or scores of each assessment taken under this Section shall be made available to the parents of each student.

In each school year, the scores attained by a student on the State assessment that includes a college and career ready determination must be placed in the student's permanent record and must be entered on the student's transcript pursuant to rules that the State Board of Education shall adopt for that purpose in accordance with Section 3 of the Illinois School Student Records Act. In each school year, the scores attained by a student on the State assessments administered in grades 3 through 8 must be placed in the student's temporary record.

(f) All schools shall administer an academic assessment of English language proficiency in oral language (listening and speaking) and reading and writing skills to all children determined to be English learners.

(g) All schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial academic assessments under the National Assessment of Educational Progress carried out under Section 411(b)(2) of the federal National Education Statistics Act of 1994 (20 U.S.C. 9010) if the U.S. Secretary of Education pays the costs of administering the assessments.

(h) Subject to available funds to this State for the purpose of student assessment, the State Board of Education shall provide additional assessments and assessment resources that may be used by school districts for local assessment purposes. The State Board of Education shall annually distribute a listing of these additional resources.

(i) For the purposes of this subsection (i), "academically based assessments" means assessments consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skills, and ability of students in the subject matters covered by the assessments. All assessments administered pursuant to this Section must be academically

based assessments. The scoring of academically based assessments shall be reliable, valid, and fair and shall meet the guidelines for assessment development and use prescribed by the American Psychological Association, the National Council on Measurement in Education, and the American Educational Research Association.

The State Board of Education shall review the use of all assessment item types in order to ensure that they are valid and reliable indicators of student performance aligned to the learning standards being assessed and that the development, administration, and scoring of these item types are justifiable in terms of cost.

(j) The State Superintendent of Education shall appoint a committee of no more than 21 members, consisting of parents, teachers, school administrators, school board members, assessment experts, regional superintendents of schools, and citizens, to review the State assessments administered by the State Board of Education. The Committee shall select one of its members as its chairperson. The Committee shall meet on an ongoing basis to review the content and design of the assessments (including whether the requirements of subsection (i) of this Section have been met), the time and money expended at the local and State levels to prepare for and administer the assessments, the collective results of the assessments as measured against the stated purpose of assessing student performance, and other issues involving the assessments identified by the Committee. The Committee shall make periodic recommendations to the State Superintendent of Education and the General Assembly concerning the assessments.

(k) The State Board of Education may adopt rules to implement this Section.

(B) a person has been convicted of one violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide where the use of alcohol or other drugs was recited as an element of the offense, or a similar provision of a law of another state; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(c-5) (Blank).

(c-6) If a person is convicted of a second violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person's driving privileges shall be revoked pursuant to subdivision (a)(15) of this Section. The person may not make application for a license or permit until the expiration of five years from the effective date of the revocation or the expiration of five years from the date of release from a term of imprisonment, whichever is later.

(c-7) If a person is convicted of a third or subsequent violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person may never apply for a license or permit.

(d)(1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one-year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may reinstate the petitioner's driver's license.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:
   (A) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or
   (B) a statutory summary suspension or revocation under Section 11-501.1; or
   (C) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3.5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The
Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

(d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or guardian, within 10 days after such citation, or earlier if the court determines it to be necessary to protect the health, safety, or welfare of the minor, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor

shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(1.5) The public agency that is the custodian or guardian of the minor shall file a written report with the court no later than 15 days after a minor in the agency's care remains:

(1) in a shelter placement beyond 30 days;
(2) in a psychiatric hospital past the time when the minor is clinically ready for discharge or beyond medical necessity for the minor's health; or
(3) in a detention center or Department of Juvenile Justice facility solely because the public agency cannot find an appropriate placement for the minor.

The report shall explain the steps the agency is taking to ensure the minor is placed appropriately, how the minor's needs are being met in the minor's shelter placement, and if a future placement has been identified by the Department, why the anticipated placement is appropriate for the needs of the minor and the anticipated placement date.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, regardless of whether an adjudication or dispositional hearing has been completed within that time frame, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in

New matter indicated in italics - deletions by strikeout
the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the agency's service plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. If not contained in the agency's service plan, the agency's report shall specify if a minor is placed in a licensed child care facility under a corrective plan by the Department due to concerns impacting the minor's safety and well-being. The report shall explain the steps the Department is taking to ensure the safety and well-being of the minor and that the minor's needs are met in the facility. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing.

and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall
not provide further reunification services, but shall provide services consistent with the goal selected.

(H) Notwithstanding any other provision in this Section, the court may select the goal of continuing foster care as a permanency goal if:

1. The Department of Children and Family Services has custody and guardianship of the minor;
2. The court has ruled out all other permanency goals based on the child's best interest;
3. The court has found compelling reasons, based on written documentation reviewed by the court, to place the minor in continuing foster care. Compelling reasons include:
   a. the child does not wish to be adopted or to be placed in the guardianship of his or her relative or foster care placement;
   b. the child exhibits an extreme level of need such that the removal of the child from his or her placement would be detrimental to the child; or
   c. the child who is the subject of the permanency hearing has existing close and strong bonds with a sibling, and achievement of another permanency goal would substantially interfere with the subject child's sibling relationship, taking into consideration the nature and extent of the relationship, and whether ongoing contact is in the subject child's best interest, including long-term emotional interest, as compared with the legal and emotional benefit of permanence;
4. The child has lived with the relative or foster parent for at least one year; and
5. The relative or foster parent currently caring for the child is willing and capable of providing the child with a stable and permanent environment.

The court shall set a permanency goal that is in the best interest of the child. In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:

New matter indicated in italics - deletions by strikeout
(1) Age of the child.
(2) Options available for permanence, including both out-of-State and in-State placement options.
(3) Current placement of the child and the intent of the family regarding adoption.
(4) Emotional, physical, and mental status or condition of the child.
(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.
(6) Availability of services currently needed and whether the services exist.
(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

The court shall make findings as to whether, in violation of Section 8.2 of the Abused and Neglected Child Reporting Act, any portion of the service plan compels a child or parent to engage in any activity or refrain from any activity that is not reasonably related to remedying a condition or conditions that gave rise or which could give rise to any finding of child abuse or neglect. The services contained in the service plan shall include services reasonably related to remedy the conditions that gave rise to removal of the child from the home of his or her parents, guardian, or legal custodian or that the court has found must be remedied prior to returning the child home. Any tasks the court requires of the parents, guardian, or legal custodian or child prior to returning the child home, must be reasonably related to remedying a condition or conditions that gave rise to or which could give rise to any finding of child abuse or neglect.

If the permanency goal is to return home, the court shall make findings that identify any problems that are causing continued placement of the children away from the home and identify what outcomes would be considered a resolution to these problems. The court shall explain to the parents that these findings are based on the information that the court has

New matter indicated in italics - deletions by strikeout
at that time and may be revised, should additional evidence be presented to the court.

The court shall review the Sibling Contact Support Plan developed or modified under subsection (f) of Section 7.4 of the Children and Family Services Act, if applicable. If the Department has not convened a meeting to develop or modify a Sibling Contact Support Plan, or if the court finds that the existing Plan is not in the child's best interest, the court may enter an order requiring the Department to develop, modify or implement a Sibling Contact Support Plan, or order mediation.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter until the new service plan is filed. Unless otherwise specifically authorized by law, the court is not empowered under this subsection (2) or under subsection (3) to order specific placements, specific services, or specific service providers to be included in the plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsection (2) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the
care of the Department of Children and Family Services or other agency for short term placement, and the following determinations:

(i) (Blank).

(ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest and special needs of the minor and, if the minor is placed out-of-State, whether the out-of-State placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

When parental rights have been terminated for a minimum of 3 years and the child who is the subject of the permanency
hearing is 13 years old or older and is not currently placed in a placement likely to achieve permanency, the Department of Children and Family Services shall make reasonable efforts to locate parents whose rights have been terminated, except when the Court determines that those efforts would be futile or inconsistent with the subject child's best interests. The Department of Children and Family Services shall assess the appropriateness of the parent whose rights have been terminated, and shall, as appropriate, foster and support connections between the parent whose rights have been terminated and the youth. The Department of Children and Family Services shall document its determinations and efforts to foster connections in the child's case plan.

 Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

 When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

 (5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated

neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in determining whether the minor can be cared for at home without endangering his or her health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall co-operate with the agent of the court in providing any information sought in the investigation.

(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by changing Section 50 as follows:

(110 ILCS 947/50)

(2) Asian (a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, but not limited to,

Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam).

(3) Black or African American (a person having origins in any of the black racial groups of Africa). Terms such as "Haitian" or "Negro" can be used in addition to "Black or African American".

(5) Native Hawaiian or Other Pacific Islander (a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands).

"Qualified student" means a person (i) who is a resident of this State and a citizen or permanent resident of the United States; (ii) who is a minority student, as defined in this Section; (iii) who, as an eligible applicant, has made a timely application for a minority teaching scholarship under this Section; (iv) who is enrolled on at least a half-time basis at a qualified Illinois institution of higher learning; (v) who is enrolled in a course of study leading to teacher licensure certification, including alternative teacher licensure, or, if the student is already licensed to teach, in a course of study leading to an additional teaching endorsement or a master's degree in an academic field in which he or she is teaching or plans to teach certification; (vi) who maintains a grade point average of no less than 2.5 on a 4.0 scale; and (vii) who continues to advance satisfactorily toward the attainment of a degree.

(b) In order to encourage academically talented Illinois minority students to pursue teaching careers at the preschool or elementary or secondary school level, each qualified student shall be awarded a minority teacher scholarship to any qualified Illinois institution of higher learning. However, preference may be given to qualified applicants enrolled at or above the junior level.

(c) Each minority teacher scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the qualified Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $5,000; except that in the case of a recipient who does not reside on-campus at the institution at which he or she is enrolled, the amount of the scholarship shall be

(d) The total amount of minority teacher scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution at which the student is enrolled. If the amount of minority teacher scholarship to be awarded to a qualified student as provided in subsection (c) of this Section exceeds the cost of attendance at the institution at which the student is enrolled, the minority teacher scholarship shall be reduced by an amount equal to the amount by which the combined financial assistance available to the student exceeds the cost of attendance.

Any minority teacher scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment. If a qualified student withdraws from enrollment prior to completion of the first semester or quarter for which the minority teacher scholarship is applicable, the school

shall refund to the Commission the full amount of the minority teacher scholarship.

(i) The Commission shall administer the minority teacher scholarship aid program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(j) When an appropriation to the Commission for a given fiscal year is insufficient to provide scholarships to all qualified students, the Commission shall allocate the appropriation in accordance with this subsection. If funds are insufficient to provide all qualified students with a scholarship as authorized by this Section, the Commission shall allocate the available scholarship funds for that fiscal year on the basis of the date the Commission receives a complete application form.

(k) Notwithstanding the provisions of subsection (j) or any other provision of this Section, at least 30% of the funds appropriated for scholarships awarded under this Section in each fiscal year shall be reserved for qualified male minority applicants. If the Commission does not receive enough applications from qualified male minorities on or before January 1 of each fiscal year to award 30% of the funds appropriated for these scholarships to qualified male minority applicants, then the Commission may award a portion of the reserved funds to qualified female minority applicants.

(l) Prior to receiving scholarship assistance for any academic year, each recipient of a minority teacher scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the program for which the recipient was awarded a minority teacher scholarship, the recipient (i) shall begin teaching for a period of not less than one year for each year of scholarship assistance he or she was awarded under this Section; and (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool, elementary school, or secondary school at which no less than 30% of the enrolled students are minority students in the year during which the recipient begins teaching at the school; and (iii) shall, upon request by the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection.

(m) If a recipient of a minority teacher scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (l)

New matter indicated in italics - deletions by strikeout
of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, at a rate of interest equal to 5%, and, if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section. All repayments collected under this Section shall be forwarded to the State Comptroller for deposit into the State's General Revenue Fund.

(n) A recipient of minority teacher scholarship shall not be considered in violation of the agreement entered into pursuant to subsection (l) if the recipient (i) enrolls on a full time basis as a graduate student in a course of study related to the field of teaching at a qualified Illinois institution of higher learning; (ii) is serving, not in excess of 3 years, as a member of the armed services of the United States; (iii) is a person with a temporary total disability for a period of time not to exceed 3 years as established by sworn affidavit of a qualified physician; (iv) is seeking and unable to find full time employment as a teacher at an Illinois public, private, or parochial preschool or elementary or secondary school that satisfies the criteria set forth in subsection (l) of this Section and is able to provide evidence of that fact; (v) becomes a person with a permanent total disability as established by sworn affidavit of a qualified physician; (vi) is taking additional courses, on at least a half-time basis, needed to obtain licensure certification as a teacher in Illinois; or (vii) is fulfilling teaching requirements associated with other programs administered by the Commission and cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation.

(o) Scholarship recipients under this Section who withdraw from a program of teacher education but remain enrolled in school to continue their postsecondary studies in another academic discipline shall not be required to commence repayment of their Minority Teachers of Illinois scholarship so long as they remain enrolled in school on a full-time basis or if they can document for the Commission special circumstances that warrant extension of repayment.

If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include the collection of data relating to asthma and obesity (including at a minimum, date of birth, gender, height,
weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if..."
an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to asthma or obesity. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year.
school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations and eye examinations. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds

as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and

Does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance

with this Section and rules adopted under this Section before May 15th of
the school year. If a child in the second or sixth grade fails to present proof
by May 15th, the school may hold the child's report card until one of the
following occurs: (i) the child presents proof of a completed dental
examination or (ii) the child presents proof that a dental examination will
take place within 60 days after May 15th. The Department of Public
Health shall establish, by rule, a waiver for children who show an undue
burden or a lack of access to a dentist. Each public, private, and parochial
school must give notice of this dental examination requirement to the
parents and guardians of students at least 60 days before May 15th of each
school year.

(1.10) Except as otherwise provided in this Section, all children
enrolling in kindergarten in a public, private, or parochial school on or
after the effective date of this amendatory Act of the 95th General
Assembly and any student enrolling for the first time in a public, private,
or parochial school on or after the effective date of this amendatory Act of
the 95th General Assembly shall have an eye examination. Each of these
children shall present proof of having been examined by a physician
licensed to practice medicine in all of its branches or a licensed
optometrist within the previous year, in accordance with this Section and
rules adopted under this Section, before October 15th of the school year. If
the child fails to present proof by October 15th, the school may hold the
child's report card until one of the following occurs: (i) the child presents
proof of a completed eye examination or (ii) the child presents proof that
an eye examination will take place within 60 days after October 15th. The
Department of Public Health shall establish, by rule, a waiver for children
who show an undue burden or a lack of access to a physician licensed to
practice medicine in all of its branches who provides eye examinations or
to a licensed optometrist. Each public, private, and parochial school must
give notice of this eye examination requirement to the parents and
guardians of students in compliance with rules of the Department of Public
Health. Nothing in this Section shall be construed to allow a school to
exclude a child from attending because of a parent's or guardian's failure to
obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and
regulations specifying the examinations and procedures that constitute a
health examination, which shall include an age-appropriate developmental
screening, an age-appropriate social and emotional screening, and the
collection of data relating to asthma and obesity (including at a minimum,
date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. With respect to the developmental screening and the social and emotional screening, the Department of Public Health must develop rules and appropriate revisions to the Child Health Examination form in conjunction with a statewide organization representing school boards; a statewide organization representing pediatricians; statewide organizations representing individuals holding Illinois educator licenses with school support personnel endorsements, including school social workers, school psychologists, and school nurses; a statewide organization representing children's mental health experts; a statewide organization representing school principals; the Director of Healthcare and Family Services or his or her designee, the State Superintendent of Education or his or her designee; and representatives of other appropriate State agencies and, at a minimum, must recommend the use of validated screening tools appropriate to the child's age or grade, and, with regard to the social and emotional screening, require recording only whether or not the screening was completed. The rules shall take into consideration the screening recommendations of the American Academy of Pediatrics and must be consistent with the State Board of Education's social and emotional learning standards. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection
(4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(2.5) With respect to the developmental screening and the social and emotional screening portion of the health examination, each child may present proof of having been screened in accordance with this Section and the rules adopted under this Section before October 15th of the school year. With regard to the social and emotional screening only, the examining health care provider shall only record whether or not the screening was completed. If the child fails to present proof of the developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or guardian's consent, offer the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and guardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a

social and emotional screening is completed and proof has been presented to the school, the school may, with a parent's or guardian's consent, make available appropriate school personnel to work with the parent or guardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, guardians, or provider.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to asthma or obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be
given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations, eye examinations, and the developmental screening and the social and emotional screening portions of the health examination. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or

medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set
forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 13-305 and 13-601 as follows:

Sec. 13-305. Surviving spouse's annuity; eligibility. A surviving spouse who was married to an employee on the date of the employee's death while in service, or was married to an employee on the date of withdrawal from service and remained married to that employee until the employee's death, shall be entitled to a surviving spouse's annuity payable for life. However, the annuity shall not be payable to the surviving spouse of (1) an employee who withdraws from service before attaining the minimum retirement age unless the deceased employee had at least 10 years of service, or at least 5 years of service if the employee was eligible for an annuity upon attainment of age 62 pursuant to Section 13-301(b) or had been receiving a retirement annuity pursuant to Section 13-301(d), or (2) an employee not described in item (1) who first enters service on or after the effective date of this amendatory Act of 1997 and who has been employed as an employee for (i) less than 36 months from the date of the employee's original entry into service or (ii) less than 12 months from the employee's date of latest re-entry into service; except as otherwise

provided in Section 13-306(a) for an employee whose death arises out of or in the course of the employee's service to the employer.

Notwithstanding any other provision of this Section and notwithstanding the forfeiture of rights provisions under subsection (e) of Section 13-601, surviving spouse annuity eligibility or eligibility for alternative survivor's benefits, if applicable, shall be extended to the spouse or civil union partner of an annuitant who retired prior to June 1, 2011 and received a refund of surviving spouse annuity contributions as provided in subsection (b) of Section 13-601 if the annuitant (i) repaid the surviving spouse annuity contributions under subsection (b-5) of Section 13-601, (ii) could not enter into either a civil union or marriage recognized in the State of Illinois prior to that date, and (iii) became:

(A) a party to a civil union or a party to a legal relationship that is recognized as a civil union or marriage under the Illinois Religious Freedom Protection and Civil Union Act on or after June 1, 2011 and before July 1, 2016 and remains such a party;

(B) a party to a marriage under the Illinois Marriage and Dissolution of Marriage Act on or after February 26, 2014 and before July 1, 2016 and remains such a party; or

(C) a party to a marriage, civil union, or other legal relationship that, at the time it was formed, was not legally recognized in Illinois but was subsequently recognized as a civil union or marriage under the Illinois Religious Freedom Protection and Civil Union Act on or after June 1, 2011 and before July 1, 2016, a marriage under the Illinois Marriage and Dissolution of Marriage Act on or after February 26, 2014 and before July 1, 2016, or both, and remains such a party.

A dissolution of marriage after retirement shall not divest the employee's spouse of the entitlement to a surviving spouse's annuity upon the subsequent death of the employee, provided that the surviving spouse and the deceased employee had been married to each other for a period of not less than 10 continuous years on the date of retirement.

(40 ILCS 5/13-601) (from Ch. 108 1/2, par. 13-601)
Sec. 13-601. Refunds.

(a) Withdrawal from service. Upon withdrawal from service, an employee who first became a member before January 1, 2011, who is under age 55 (age 50 if the employee first entered service before June 13, 1997), or an employee age 55 (age 50 if the employee first entered service before June 13, 1997) or over but less than age 60 having less than 20 years of service, or an employee age 60 or over having less than 5 years of service shall be entitled, upon application, to a refund of total contributions from salary deductions or amounts otherwise paid under this Article by the employee. An employee who first becomes a member on or after January 1, 2011, who withdraws before age 62 regardless of length of service, or who withdraws with less than 10 years of service regardless of age is entitled to a refund of total contributions from salary deductions or amounts otherwise paid under this Article by the employee. The refund shall not include interest credited to the contributions. The Board may, in its discretion, withhold payment of a refund for a period not to exceed one year from the date of filing an application for refund.

(b) Surviving spouse's annuity contributions. A refund of all amounts deducted from salary or otherwise contributed by an employee for the surviving spouse's annuity shall be paid upon retirement to any employee who on the date of retirement is either not married or is married but whose spouse is not eligible for a surviving spouse's annuity paid wholly or in part under this Article. The refund shall include interest on each contribution at the rate of 3% per annum compounded annually from the date of the contribution to the date of the refund.

(b-5) An annuitant who (i) retired prior to June 1, 2011, (ii) received a refund of surviving spouse's annuity contributions under subsection (b), and (iii) thereafter became and remains a party to a civil union or marriage, as described in Section 13-305, may, within a period of one year beginning 5 months after the effective date of this amendatory Act of the 100th General Assembly, and in accordance with any rules adopted by the Board and consents required by the Board, make an irrevocable election to re-establish rights to a surviving spouse annuity under Sections 13-305 and 13-306 or to alternative survivor's benefits under subsection (d) of Section 13-314, whichever is applicable, by paying to the Fund: (1) the total amount of the refund received for surviving spouse's annuity contributions; and (2) interest thereon at the actuarially assumed rate of return at the time of the election from the date of the

New matter indicated by italics - deletions by strikeout
refund to the date of repayment in full. Such election may only be made by
the annuitant.

The Fund shall allow the annuitant to repay the total amount of the
refund, plus interest, over a period not to exceed 24 months. To the extent
permitted by the Internal Revenue Code of 1986, as amended, and for
federal and State tax purposes, if a member pays in monthly installments
by reducing the monthly annuity by the amount of the otherwise applicable
contribution, the monthly amount by which the annuitant's benefit is
reduced shall not be treated as a contribution by the annuitant, but rather
as a reduction of the annuitant's monthly annuity. In the event of the death
of the annuitant prior to repayment of the total amount of the refund, plus
interest, the amount owed as of the date of death shall be deducted from
the spouse annuity by a reduction in the surviving spouse's monthly
annuity. The death of the spouse or civil union partner prior to the
annuitant's death shall not void the election.

(c) Payment of Refunds After Death. Whenever any refund is
payable after the death of the employee or annuitant as provided for in this
Article, the refund shall be paid as follows: to the employee's surviving
spouse, but if there is no surviving spouse then in accordance with the
employee's written designation of beneficiary filed with the Board on the
prescribed form before the employee's death. If there is no such
designation of beneficiary, then to the employee's surviving children in
equal parts to each. If there are no such children, the refund shall be paid
to the heirs of the employee according to the law of descent and
distribution of the State of Illinois.

If a personal representative of the estate has not been appointed
within 90 days from the date on which a refund became payable, the
refund may be applied, in the discretion of the Board, toward the payment
of the employee's or the surviving spouse's burial expenses. Any remaining
balance shall be paid to the heirs of the employee according to the law of
descent and distribution of the State of Illinois.

Whenever the total accumulations to the account of an employee
from employee contributions other than the contribution for the cost of
living increase, including interest to the employee's date of withdrawal,
have not been paid to the employee and surviving spouse as a retirement or
spouse's annuity before the death of the employee and spouse, a refund
shall be paid as follows: an amount equal to the excess of such amounts
over the amounts paid on such annuities without interest on either such
amount.

New matter indicated by italics - deletions by strikeout
If a reversionary annuity becomes payable under Section 13-303, the refund provided in this section shall not be paid until the death of the reversionary annuitant and the refund otherwise payable under this section shall be then further reduced by the amount of the reversionary annuity paid.

(d) In lieu of annuity. Notwithstanding the provisions set forth in subsection (a) of this section, whenever an employee's or surviving spouse's annuity will be less than $200 per month, the employee or surviving spouse, as the case may be, may elect to receive a refund of accumulated employee contributions; provided, however, that if the election is made by a surviving spouse the refund shall be reduced by any amounts theretofore paid to the employee in the form of an annuity.

(e) Forfeiture of rights. An employee or surviving spouse who receives a refund forfeits the right to receive an annuity or any other benefit payable under this Article except that if the refund is to a surviving spouse, any child or children of the employee shall not be deprived of the right to receive a child's annuity as provided in Section 13-308 of this Article, and the payment of a child's annuity shall not reduce the amount refundable to the surviving spouse.

theretofore been licensed as a driver, and, if so, when and by what state or country, and whether any such license has ever been cancelled, suspended, revoked or refused, and, if so, the date and reason for such cancellation, suspension, revocation or refusal; shall include an affirmation by the applicant that all information set forth is true and correct; and shall bear the applicant's signature. The Secretary of State may, in his discretion, by rule or regulation, provide that an application for a driver's license or permit may include a suitable photograph of the applicant in the form prescribed by the Secretary, and he may further provide that each driver's license shall include a photograph of the driver. The Secretary of State may utilize a photograph process or system most suitable to deter alteration or improper reproduction of a driver's license and to prevent substitution of another photo thereon. For the purposes of this subsection (b), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

requirements of the federal Military Selective Service Act. The Secretary of State must forward in an electronic format the necessary personal information regarding the applicants identified in this subsection (d) to the Selective Service System. The applicant's signature on the application serves as an indication that the applicant either has already registered with the Selective Service System or that he is authorizing the Secretary to forward to the Selective Service System the necessary information for registration. The Secretary must notify the applicant at the time of application that his signature constitutes consent to registration with the Selective Service System, if he is not already registered.

(e) Beginning on or before July 1, 2015, for each original or renewal driver's license application under this Code, the Secretary shall inquire as to whether the applicant is a veteran for purposes of issuing a driver's license with a veteran designation under subsection (e-5) of Section 6-110 of this Code. The acceptable forms of proof shall include, but are not limited to, Department of Defense form DD-214. The Illinois Department of Veterans' Affairs shall advise the Secretary as to what other forms of proof of a person's status as a veteran are acceptable.

The Illinois Department of Veterans' Affairs shall confirm the status of the applicant as an honorably discharged veteran before the Secretary may issue the driver's license.

expiring on the individual's 21st birthday, or 3 months after the
individual's 21st birthday, the holder thereof may apply for a renewal
thereof, subject to all the provisions of Section 6-103, and the Secretary of
State may require an examination of the applicant. A licensee whose
driver's license expires on his 21st birthday, or 3 months after his 21st
birthday, may not apply for a renewal of his driving privileges until he
reaches the age of 21.

(c) The Secretary of State shall, 30 days prior to the expiration of a
driver's license, forward to each person whose license is to expire a
notification of the expiration of said license which may be presented at the
time of renewal of said license.

There may be included with such notification information
explaining the anatomical gift and Emergency Medical Information Card
provisions of Section 6-110. The format and text of such information shall
be prescribed by the Secretary.

There shall be included with such notification, for a period of 4
years beginning January 1, 2000 information regarding the Illinois

(e) The Secretary of State may decline to process a renewal of a driver's license of any person who has not paid any fee or tax due under this Code and is not paid upon reasonable notice and demand.

(f) The Secretary shall provide that each original or renewal driver's license issued to a licensee under 21 years of age shall expire 3 months after the licensee's 21st birthday. Persons whose current driver's licenses expire on their 21st birthday on or after January 1, 1986 shall not renew their driver's license before their 21st birthday, and their current driver's license will be extended for an additional term of 3 months beyond their 21st birthday. Thereafter, the expiration and term of the driver's license shall be governed by subsection (a) hereof.

(g) The Secretary shall provide that each original or renewal driver's license issued to a licensee 81 years of age through age 86 shall expire 2 years from the date of issuance, or at such later date as the Secretary may by rule and regulation designate, not to exceed an additional 12 calendar months. The Secretary shall also provide that each original or renewal driver's license issued to a licensee 87 years of age or older shall expire 12 months from the date of issuance, or at such later date as the Secretary may by rule and regulation designate, not to exceed an additional 12 calendar months.

The drivers' licenses may be issued with fictitious names and addresses, and may be used only for confidential, investigative, or undercover law enforcement operations. Confidentia\textit{l drivers' licenses may be issued as REAL ID compliant or non-compliant driver's licenses.}

(b) Application procedures for confidential drivers' licenses:

(1) Applications by local, state, and federal government agencies for confidential drivers' licenses must be made to the Secretary of State Police Department on a form and in a manner prescribed by the Secretary of State Police Department.

(2) The application form must include information, as specific as possible without compromising investigations or techniques, setting forth the need for the drivers' licenses and the uses to which the licenses will be limited.

(3) The application form must be signed and verified by the local, state, or federal government agency head or designee.

(4) Registration information maintained by the Secretary of State Police Department for confidential drivers' licenses must show the fictitious names and addresses on all records subject to public disclosure. Confidential drivers' licenses may also be revoked where traffic violation citations have been issued to the driver and subsequent investigation reveals that the issuance of the citations was unrelated to the purposes for which the confidential driver's license was issued. In such cases, the citations and any resulting

court orders, convictions, supervisions or other sanctions must be
treated by the Secretary of State as though they were issued in
relation to the true driver's license of the individual to whom the
confidential driver's license was issued.

(2) A government agency must request cancellation of
confidential drivers' licenses that are no longer required for the
purposes for which they were issued.

(3) All revoked confidential drivers' licenses must be
promptly returned to the Secretary of State Police Department by
the government agency to which they were issued.

(d) For redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs (including refunding bonds under Section 11-74.4-7) may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by Public Act 87-1272 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

(e) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(f) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least

$1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(f-5) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 47 years for redevelopment project areas that were established on December 29, 1981 by the City of Springfield; provided that (i) the City of Springfield adopts an ordinance extending the life of the redevelopment project area to 47 years and (ii) the City of Springfield provides notice to the taxing bodies that would otherwise constitute the joint review board for the redevelopment project area not more than 30 and not less than 14 days prior to the adoption of that ordinance.

Sec. 17. Pharmaceutical disposal. Notwithstanding any provision of law, any county or city, village, or municipality may authorize the use of its city hall, or police department, or any other facility under the county's or municipality's control to display a container suitable for use as a receptacle for used, expired, or unwanted pharmaceuticals. These used, expired, or unwanted pharmaceuticals may include unused medication and prescription drugs, as well as controlled substances if collected in accordance with federal law. This receptacle shall only permit the deposit of items, and the contents shall be locked and secured. The container shall be accessible to the public and shall have posted clearly legible signage indicating that expired or unwanted prescription drugs may be disposed of in the receptacle. The county or municipality shall provide continuous or regular notice to the public regarding the availability of the receptacle. (a) For purposes of this Section:
"Drug destruction device" means a device that is (i) designed by its manufacturer to destroy drug evidence and render it non-retrievable and (ii) used exclusively for that purpose or, to the extent allowed under federal law, to destroy pharmaceuticals collected under Section 17 of the Safe Pharmaceutical Disposal Act.

"Drug evidence" means any illegal drug collected as evidence by a law enforcement agency. "Drug evidence" does not include hazardous waste.

"Illegal drug" means any one or more of the following when obtained without a prescription or otherwise in violation of the law:

(1) any substance as defined and included in the Schedules of Article II of the Illinois Controlled Substances Act;
(2) any cannabis as defined in Section 3 of the Cannabis Control Act; or
(3) any drug as defined in paragraph (b) of Section 3 of the Pharmacy Practice Act.

(b) To the extent allowed under federal law, drug evidence that is placed into a drug destruction device by a law enforcement agency at the location where the evidence is stored by the agency and that is destroyed under the supervision of the agency in accordance with the specifications of the device manufacturer shall not be considered discarded or a waste under this Act until it is rendered non-retrievable.

Section 5. The Counties Code is amended by changing Section 5-1096 as follows:

(55 ILCS 5/5-1096) (from Ch. 34, par. 5-1096)
Sec. 5-1096. Community antenna television systems; interference with and payment for access.

New matter indicated by italics - deletions by strikeout
(a) In any instance in which a county has granted a franchise to any community antenna television company to construct, operate or maintain a cable television system within a designated franchise area, no property owner, condominium association, managing agent, lessee or other person in possession or control of any residential building located within such designated franchise area shall forbid or prevent any occupant, tenant or lessee of any such building from receiving cable television service from such franchisee, nor demand or accept payment from any such occupant, tenant or lessee in any form as a condition of permitting the installation of cable television facilities or the maintenance of cable television service in any such building or any portion thereof occupied or leased by such occupant, tenant or lessee, nor shall any such property owner, condominium association, managing agent, lessee or other person discriminate in rental charges or otherwise against any occupant, tenant or lessee receiving cable service; provided, however, that the owner of such building may require, in exchange and as compensation for permitting the installation of cable television facilities within and upon such building, the payment of just compensation to be paid by the cable television franchisee which provides such cable television service, said sum to be determined in accordance with the provisions of subparagraphs (c) and (d) hereof, and provided further that the cable television franchisee installing such cable television facilities shall agree to indemnify the owner of such building for any damage caused by the installation, operation or removal of such cable television facilities and service.

No community antenna television company shall install cable television facilities within a residential building pursuant to this subparagraph (a) unless an occupant, tenant or lessee of such residential building requests the delivery of cable television services.

(b) In any instance in which a county has granted a franchise to any community antenna television company to construct, operate or maintain a cable television system within a designated franchise area, no property owner, condominium association, managing agent, lessee or other person in possession and control of any improved or unimproved real estate located within such designated franchise area shall forbid or prevent such cable television franchisee from entering upon such real estate for the purpose of and in connection with the construction or installation of such cable television system and cable television facilities, nor shall any such property owner, condominium association, managing agent, lessee or other person in possession or control of such real estate forbid or prevent such
cable television franchisee from constructing or installing upon, beneath or over such real estate, including any buildings or other structures located thereon, hardware, cable, equipment, materials or other cable television facilities utilized by such cable franchisee in the construction and installation of such cable television system; provided, however, that the owner of any such real estate may require, in exchange and as compensation for permitting the construction or installation of cable television facilities upon, beneath or over such real estate, the payment of just compensation by the cable television franchisee which provides such cable television service, said sum to be determined in accordance with the provisions of subparagraphs (c) and (d) hereof, and provided further that the cable television franchisee constructing or installing such cable television facilities shall agree to indemnify the owner of such real estate for any damage caused by the installation, operation or removal of such cable television facilities and service.

(c) In any instance in which the owner of a residential building or the owner of improved or unimproved real estate intends to require the payment of just compensation in excess of $1 in exchange for permitting the installation of cable television facilities in and upon such building, or upon, beneath or over such real estate, the owner shall serve written notice thereof upon the cable television franchisee. Any such notice shall be served within 20 days of the date on which such owner is notified of the cable television franchisee's intention to construct or install cable television facilities in and upon such building, or upon, beneath or over such real estate. Unless timely notice as herein provided is given by the owner to the cable television franchisee, it will be conclusively presumed that the owner of any such building or real estate does not claim or intend to require a payment of more than $1 in exchange and as just compensation for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. In any instance in which a cable television franchisee intends to install cable television facilities as herein provided, written notice of such intention shall be sent by the cable television franchisee to the property owner or to such person, association or managing agent as shall have been appointed or otherwise designated to manage or operate the property. Such notice shall include the address of the property, the name of the cable television franchisee, and information as to the time within which the owner may give notice, demand payment as just compensation and initiate legal proceedings as provided in this subparagraph (c) and subparagraph
(d). In any instance in which a community antenna television company intends to install cable television facilities within a residential building containing 12 or more residential units or upon, beneath, or over real estate that is used as a site for 12 or more manufactured housing units, 12 or more mobile homes, or a combination of 12 or more manufactured housing units and mobile homes, the written notice shall further provide that the property owner may require that the community antenna television company submit to the owner written plans identifying the manner in which cable television facilities are to be installed, including the proposed location of coaxial cable. Approval of those plans by the property owner shall not be unreasonably withheld and the owners' consent to and approval of those plans shall be presumed unless, within 30 days after receipt thereof, or in the case of a condominium association, 90 days after receipt thereof, the property owner identifies in writing the specific manner in which those plans deviate from generally accepted construction or safety standards, and unless the property owner contemporaneously submits an alternative construction plan providing for the installation of cable television facilities in an economically feasible manner. The community antenna television company may proceed with the plans originally submitted if an alternative plan is not submitted by the property owner within 30 days, or in the case of a condominium association, 90 days, or if an alternative plan submitted by the property owner fails to comply with generally accepted construction and safety standards or does not provide for the installation of cable television facilities in an economically feasible manner. For purposes of this subsection, "mobile home" and "manufactured housing unit" have the same meaning as in the Illinois Manufactured Housing and Mobile Home Safety Act.

(d) Any owner of a residential building described in subparagraph (a), and any owner of improved or unimproved real estate described in subparagraph (b), who shall have given timely written notice to the cable television franchisee as provided in subparagraph (c), may assert a claim for just compensation in excess of $1 for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. Within 30 days after notice has been given in accordance with subparagraph (c), the owner shall advise the cable television franchisee in writing of the amount claimed as just compensation. If within 60 days after the receipt of the owner's claim, the cable television franchisee has not agreed to pay the amount claimed or some other amount acceptable to the owner, the owner may bring suit to

enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice given by the cable television franchisee pursuant to subparagraph (c) hereof. In any action brought to determine such amount, the owner may submit evidence of a decrease in the fair market value of the property occasioned by the installation or location of the cable on the property, that the owner has a specific alternative use for the space occupied by cable television facilities, the loss of which will result in a monetary loss to the owner, or that installation of cable television facilities within and upon such building or upon, beneath or over such real estate otherwise substantially interferes with the use and occupancy of such building to an extent which causes a decrease in the fair market value of such building or real estate.

(e) Neither the giving of a notice by the owner under subparagraph (c), nor the assertion of a specific claim, nor the initiation of legal action to enforce such claim, as provided under subparagraph (d), shall delay or impair the right of the cable television franchisee to construct or install cable television facilities and maintain cable television services within or upon any building described in subparagraph (a) or upon, beneath or over real estate described in subparagraph (b).

(f) Notwithstanding the foregoing, no community antenna television company shall enter upon any real estate or rights of way in the possession or control of any public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline to install or remove cable television facilities or to provide underground maintenance or repair services with respect thereto, prior to delivery to the public utility, railroad or pipeline owner or operator of written notice of intent to enter, install, maintain, or remove. For the purposes of this subsection (f), and only in the case of real estate or rights-of-way in possession of or in control of a railroad, the right to enter upon includes the installation, construction, operation, repair, maintenance, or removal of wire, cable, fiber, conduit, or related facilities that are at, above, or below grade and that cross the real estate or rights-of-way in a manner that runs generally perpendicular to the railroad tracks or railroad right-of-way. For the purposes of this subsection (f), and only in the case of real estate or rights-of-way in possession of or in the control of a railroad, the right to enter upon does not apply to wire, cable, fiber, conduit, or related facilities that run along, within, and generally parallel to, but do not cross, the railroad tracks or

railroad right-of-way. No entry shall be made until at least 30 15 business days after receipt of such written notice. Such written notice, which shall be delivered to the registered agent of such public utility, railroad or pipeline owner or operator shall include the following information:

(i) The date of the proposed installation, maintenance, repair, or removal and projected length of time required to complete such installation, maintenance, repair or removal;

(ii) The manner and method of, and the detailed design and construction plans that conform to the applicable published and publicly available American Railway Engineering and Maintenance-of-Way Association standards and the published and publicly available standards for the appropriate railroad for, such installation, maintenance, repair, or removal;

(iii) The location of the proposed entry and path of cable television facilities proposed to be placed, repaired, maintained or removed upon the real estate or right of way; and

(iv) The written agreement of the community antenna television company to indemnify and hold harmless such public utility, railroad or pipeline owner or operator from the costs of any damages directly or indirectly caused by the installation, maintenance, repair, operation, or removal of cable television facilities. Upon request of the public utility, railroad, or owner or operator of an oil, petroleum product, chemical or gas pipeline, the community antenna television company shall provide proof that it has purchased and will maintain a policy or policies of insurance in amounts sufficient to provide coverage for personal injury and property damage losses caused by or resulting from the installation, maintenance, repair, or removal of cable television facilities. The written agreement shall provide that the community antenna television company shall maintain such policies of insurance in full force and effect as long as cable television facilities remain on the real estate or right of way; and:

(v) A statement, based upon information available to the community antenna television company, confirming that the proposed installation, maintenance, repair, or removal does not create a dangerous condition or threaten public or employee safety and will not adversely impact railroad operations or disrupt vital transportation services.

New matter indicated by italics - deletions by strikeout
For purposes of this subsection (f), "community antenna television company," includes, in the case of real estate or rights-of-way in possession of or in control of a railroad, a holder, cable operator, or broadband service provider, as those terms are defined in Section 21-201 of the Public Utilities Act.

Within 30 business days of receipt of the written prior notice of entry the public utility, railroad or pipeline owner or operator shall investigate and determine whether or not the proposed entry and installation or repair, maintenance, or removal would create a dangerous condition threatening the safety of the public or the safety of its employees or threatening to cause an interruption of the furnishing of vital transportation, utility or pipeline services and upon so finding shall so notify the community antenna television company of such decision in writing. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility, railroad or pipeline owner or operator whose real estate or right of way is involved. In the event that the community antenna television company disagrees with such determination, a determination of whether such entry and installation, maintenance, repair, or removal would create such a dangerous condition or interrupt services shall, upon the application of the community antenna television company, be made by the Illinois Commerce Commission Transportation Division in accordance with the Commission's Rail Safety Program or a court of competent jurisdiction upon the application of such community antenna television company. An initial written determination of a public utility, railroad, or pipeline owner or operator timely made and transmitted to the community antenna television company, in the absence of a determination by a court of competent jurisdiction or an Illinois Commerce Commission Transportation Division finding to the contrary, bars the entry of the community antenna television company upon the real estate or right of way for any purpose.

Any public utility, railroad or pipeline owner or operator may assert a written claim against any community antenna television company for just compensation within 30 days after written notice has been given in accordance with this subparagraph (f). If, within 60 days after the receipt of such claim for compensation, the community antenna television company has not agreed to the amount claimed or some other amount acceptable to the public utility, railroad or pipeline owner or operator, the public utility, railroad or pipeline owner or operator may bring suit to enforce such claim for just compensation in any court of competent jurisdiction.
jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice provided for in this subparagraph (f). In any action brought to determine such just compensation, the public utility, railroad or pipeline owner or operator may submit such evidence as may be relevant to the issue of just compensation. Neither the assertion of a claim for compensation nor the initiation of legal action to enforce such claim shall delay or impair the right of the community antenna television company to construct or install cable television facilities upon any real estate or rights of way of any public utility, railroad or pipeline owner or operator.

To the extent that the public utility, railroad, or owner or operator of an oil, petroleum product, chemical or gas pipeline deems it appropriate to supervise, monitor or otherwise assist the community antenna television company in connection with the installation, maintenance, repair, or removal of cable television facilities upon such real estate or rights of way, the community antenna television company shall reimburse the public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline for costs reasonable and actually incurred in connection therewith.

The provisions of this subparagraph (f) shall not be applicable to any easements, rights of way or ways for public service facilities in which public utilities, other than railroads, have any interest pursuant to "an Act to revise the law in relation to plats" approved March 21, 1874, and all ordinances enacted pursuant thereto. Such easements, rights of way and ways for public service facilities are hereby declared to be apportionable and upon written request by a community antenna television company, public utilities shall make such easements, rights of way and ways for public service facilities available for the construction, maintenance, repair or removal of cable television facilities provided that such construction, maintenance, repair or removal does not create a dangerous condition threatening the safety of the public or the safety of such public utility employees or threatening to cause an interruption of the furnishing of vital utility service. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility whose easement, right of way or way for public service facility is involved. In the event the community antenna television company disagrees with such determination, a determination of whether such construction, maintenance, repair or removal would create such a
dangerous condition or threaten to interrupt vital utility services, shall be made by a court of competent jurisdiction upon the application of such community antenna television company.

If a county notifies or a county requires a developer to notify a public utility before or after issuing a permit or other authorization for the construction of residential buildings, then the county or developer shall, at the same time, similarly notify any community antenna television system franchised by or within that county.

In addition to such other notices as may be required by this subparagraph (f), a community antenna television company shall not enter upon the real estate or rights of way of any public utility, railroad or pipeline owner or operator for the purposes of above-ground maintenance or repair of its television cable facilities without giving 96 hours prior written notice to the registered agent of the public utility, railroad or pipeline owner or operator involved, or in the case of a public utility, notice may be given through the statewide one-call notice system provided for by General Order of the Illinois Commerce Commission or, if in Chicago, through the system known as the Chicago Utility Alert Network.

Sec. 11-42-11.1. (a) In any instance in which a municipality has (i) granted a franchise to any community antenna television company or (ii) decided for the municipality itself to construct, operate or maintain a cable television system within a designated area, no property owner, condominium association, managing agent, lessee or other person in possession or control of any residential building located within the designated area shall forbid or prevent any occupant, tenant or lessee of any such building from receiving cable television service from such franchisee or municipality, nor demand or accept payment from any such occupant, tenant or lessee in any form as a condition of permitting the installation of cable television facilities or the maintenance of cable television service in any such building or any portion thereof occupied or leased by such occupant, tenant or lessee, nor shall any such property owner, condominium association, managing agent, lessee or other person discriminate in rental charges or otherwise against any occupant, tenant or lessee receiving cable service; provided, however, that the owner of such building may require, in exchange and as compensation for permitting the

installation of cable television facilities within and upon such building, the payment of just compensation by the cable television franchisee which provides such cable television service, said sum to be determined in accordance with the provisions of subparagraphs (c) and (d) hereof, and provided further that the cable television franchisee installing such cable television facilities shall agree to indemnify the owner of such building for any damage caused by the installation, operation or removal of such cable television facilities and service.

No community antenna television company shall install cable television facilities within a residential building pursuant to this subparagraph (a) unless an occupant, tenant or lessee of such residential building requests the delivery of cable television services. In any instance in which a request for service is made by more than 3 occupants, tenants or lessees of a residential building, the community antenna television company may install cable television facilities throughout the building in a manner which enables the community antenna television company to provide cable television services to occupants, tenants or lessees of other residential units without requiring the installation of additional cable television facilities other than within the residential units occupied by such other occupants, tenants or lessees.

(b) In any instance in which a municipality has (i) granted a franchise to any community antenna television company or (ii) decided for the municipality itself to construct, operate or maintain a cable television system within a designated area, no property owner, condominium association, managing agent, lessee or other person in possession and control of any improved or unimproved real estate located within such designated area shall forbid or prevent such cable television franchisee or municipality from entering upon such real estate for the purpose of and in connection with the construction or installation of such cable television system and cable television facilities, nor shall any such property owner, condominium association, managing agent, lessee or other person in possession or control of such real estate forbid or prevent such cable television franchisee or municipality from constructing or installing upon, beneath or over such real estate, including any buildings or other structures located thereon, hardware, cable, equipment, materials or other cable television facilities utilized by such cable franchisee or municipality in the construction and installation of such cable television system; provided, however, that the owner of any such real estate may require, in exchange and as compensation for permitting the construction or installation of

cable television facilities upon, beneath or over such real estate, the payment of just compensation by the cable television franchisee which provides such cable television service, said sum to be determined in accordance with the provisions of subparagraphs (c) and (d) hereof, and provided further that the cable television franchisee constructing or installing such cable television facilities shall agree to indemnify the owner of such real estate for any damage caused by the installation, operation or removal of such cable television facilities and service.

(c) In any instance in which the owner of a residential building or the owner of improved or unimproved real estate intends to require the payment of just compensation in excess of $1 in exchange for permitting the installation of cable television facilities in and upon such building, or upon, beneath or over such real estate, the owner shall serve written notice thereof upon the cable television franchisee. Any such notice shall be served within 20 days of the date on which such owner is notified of the cable television franchisee's intention to construct or install cable television facilities in and upon such building, or upon, beneath or over such real estate. Unless timely notice as herein provided is given by the owner to the cable television franchisee, it will be conclusively presumed that the owner of any such building or real estate does not claim or intend to require a payment of more than $1 in exchange and as just compensation for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. In any instance in which a cable television franchisee intends to install cable television facilities as herein provided, written notice of such intention shall be sent by the cable television franchisee to the property owner or to such person, association or managing agent as shall have been appointed or otherwise designated to manage or operate the property. Such notice shall include the address of the property, the name of the cable television franchisee, and information as to the time within which the owner may give notice, demand payment as just compensation and initiate legal proceedings as provided in this subparagraph (c) and subparagraph (d). In any instance in which a community antenna television company intends to install cable television facilities within a residential building containing 12 or more residential units or upon, beneath, or over real estate that is used as a site for 12 or more manufactured housing units, 12 or more mobile homes, or a combination of 12 or more manufactured housing units and mobile homes, the written notice shall further provide that the property owner may require that the community antenna television
company submit to the owner written plans identifying the manner in which cable television facilities are to be installed, including the proposed location of coaxial cable. Approval of such plans by the property owner shall not be unreasonably withheld and such owners' consent to and approval of such plans shall be presumed unless, within 30 days after receipt thereof, or in the case of a condominium association, 90 days after receipt thereof, the property owner identifies in writing the specific manner in which such plans deviate from generally accepted construction or safety standards, and unless the property owner contemporaneously submits an alternative construction plan providing for the installation of cable television facilities in an economically feasible manner. The community antenna television company may proceed with the plans originally submitted if an alternative plan is not submitted by the property owner within 30 days, or in the case of a condominium association, 90 days, or if an alternative plan submitted by the property owner fails to comply with generally accepted construction and safety standards or does not provide for the installation of cable television facilities in an economically feasible manner. For purposes of this subsection, "mobile home" and "manufactured housing unit" have the same meaning as in the Illinois Manufactured Housing and Mobile Home Safety Act.

(d) Any owner of a residential building described in subparagraph (a), and any owner of improved or unimproved real estate described in subparagraph (b), who shall have given timely written notice to the cable television franchisee as provided in subparagraph (c), may assert a claim for just compensation in excess of $1 for permitting the installation of cable television facilities within and upon such building, or upon, beneath or over such real estate. Within 30 days after notice has been given in accordance with subparagraph (c), the owner shall advise the cable television franchisee in writing of the amount claimed as just compensation. If within 60 days after the receipt of the owner's claim, the cable television franchisee has not agreed to pay the amount claimed or some other amount acceptable to the owner, the owner may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice given by the cable television franchisee pursuant to subparagraph (c) hereof. In any action brought to determine such amount, the owner may submit evidence of a decrease in the fair market value of the property occasioned by the installation or

location of the cable on the property, that the owner has a specific alternative use for the space occupied by cable television facilities, the loss of which will result in a monetary loss to the owner, or that installation of cable television facilities within and upon such building or upon, beneath or over such real estate otherwise substantially interferes with the use and occupancy of such building to an extent which causes a decrease in the fair market value of such building or real estate.

(e) Neither the giving of a notice by the owner under subparagraph (c), nor the assertion of a specific claim, nor the initiation of legal action to enforce such claim, as provided under subparagraph (d), shall delay or impair the right of the cable television franchisee to construct or install cable television facilities and maintain cable television services within or upon any building described in subparagraph (a) or upon, beneath or over real estate described in subparagraph (b).

(f) Notwithstanding the foregoing, no community antenna television company or municipality shall enter upon any real estate or rights of way in the possession or control of any public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline to install or remove cable television facilities or to provide underground maintenance or repair services with respect thereto, prior to delivery to the public utility, railroad or pipeline owner or operator of written notice of intent to enter, install, maintain, or remove. For the purposes of this subsection (f), and only in the case of real estate or rights-of-way in possession of or in control of a railroad, the right to enter upon includes the installation, construction, operation, repair, maintenance, or removal of wire, cable, fiber, conduit, or related facilities that are at, above, or below grade and that cross the real estate or rights-of-way in a manner that runs generally perpendicular to the railroad tracks or railroad right-of-way. For the purposes of this subsection (f), and only in the case of real estate or rights-of-way in possession of or in control of a railroad, the right to enter upon does not apply to wire, cable, fiber, conduit, or related facilities that run along, within, and generally parallel to, but do not cross, the railroad tracks or railroad right-of-way. No entry shall be made until at least 30 + 15 business days after receipt of such written notice. Such written notice, which shall be delivered to the registered agent of such public utility, railroad or pipeline owner or operator shall include the following information:

New matter indicated by italics - deletions by strikeout
(i) The date of the proposed installation, maintenance, repair, or removal and projected length of time required to complete such installation, maintenance, repair or removal;

(ii) The manner and method of, and the detailed design and construction plans that conform to the applicable published and publicly available American Railway Engineering and Maintenance-of-Way Association standards and the published and publicly available standards for the appropriate railroad for, such installation, maintenance, repair, or removal;

(iii) The location of the proposed entry and path of cable television facilities proposed to be placed, repaired, maintained or removed upon the real estate or right of way; and

(iv) The written agreement of the community antenna television company to indemnify and hold harmless such public utility, railroad or pipeline owner or operator from the costs of any damages directly or indirectly caused by the installation, maintenance, repair, operation, or removal of cable television facilities. Upon request of the public utility, railroad, or owner or operator of an oil, petroleum product, chemical or gas pipeline, the community antenna television company shall provide proof that it has purchased and will maintain a policy or policies of insurance in amounts sufficient to provide coverage for personal injury and property damage losses caused by or resulting from the installation, maintenance, repair, or removal of cable television facilities. The written agreement shall provide that the community antenna television company shall maintain such policies of insurance in full force and effect as long as cable television facilities remain on the real estate or right of way; and

(v) A statement, based upon information available to the community antenna television company, confirming that the proposed installation, maintenance, repair, or removal does not create a dangerous condition or threaten public or employee safety and will not adversely impact railroad operations or disrupt vital transportation services.

For purposes of this subsection (f), and only in the case of real estate or rights-of-way in possession of or in control of a railroad, "community antenna television company" includes a holder, cable operator, or broadband service provider, as those terms are defined in Section 21-201 of the Public Utilities Act.

New matter indicated by italics - deletions by strikeout
Within 30 business days of receipt of the written prior notice of entry the public utility, railroad or pipeline owner or operator shall investigate and determine whether or not the proposed entry and installation or repair, maintenance, or removal would create a dangerous condition threatening the safety of the public or the safety of its employees or threatening to cause an interruption of the furnishing of vital transportation, utility or pipeline services and upon so finding shall so notify the community antenna television company or municipality of such decision in writing. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility, railroad or pipeline owner or operator whose real estate or right of way is involved. In the event that the community antenna television company or municipality disagrees with such determination, a determination of whether such entry and installation, maintenance, repair, or removal would create such a dangerous condition or interrupt services shall, upon application of the community antenna television company, be made by the Illinois Commerce Commission Transportation Division in accordance with the Commission's Rail Safety Program. A court of competent jurisdiction upon the application of such community antenna television company or municipality. An initial written determination of a public utility, railroad, or pipeline owner or operator timely made and transmitted to the community antenna television company or municipality, in the absence of a determination by the Illinois Commerce Commission Transportation Division, in accordance with the Commission's Rail Safety Program, or a court of competent jurisdiction finding to the contrary, bars the entry of the community antenna television company or municipality upon the real estate or right of way for any purpose.

Any public utility, railroad or pipeline owner or operator may assert a written claim against any community antenna television company for just compensation within 30 days after written notice has been given in accordance with this subparagraph (f). If, within 60 days after the receipt of such claim for compensation, the community antenna television company has not agreed to the amount claimed or some other amount acceptable to the public utility, railroad or pipeline owner or operator, the public utility, railroad or pipeline owner or operator may bring suit to enforce such claim for just compensation in any court of competent jurisdiction and, upon timely demand, may require that the amount of just compensation be determined by a jury. Any such action shall be commenced within 6 months of the notice provided for in this

subparagraph (f). In any action brought to determine such just compensation, the public utility, railroad or pipeline owner or operator may submit such evidence as may be relevant to the issue of just compensation. Neither the assertion of a claim for compensation nor the initiation of legal action to enforce such claim shall delay or impair the right of the community antenna television company to construct or install cable television facilities upon any real estate or rights of way of any public utility, railroad or pipeline owner or operator.

To the extent that the public utility, railroad, or owner or operator of an oil, petroleum product, chemical or gas pipeline deems it appropriate to supervise, monitor or otherwise assist the community antenna television company in connection with the installation, maintenance, repair or removal of cable television facilities upon such real estate or rights of way, the community antenna television company shall reimburse the public utility, railroad or owner or operator of an oil, petroleum product, chemical or gas pipeline for costs reasonable and actually incurred in connection therewith.

The provisions of this subparagraph (f) shall not be applicable to any easements, rights of way or ways for public service facilities in which public utilities, other than railroads, have any interest pursuant to "An Act to revise the law in relation to plats", approved March 21, 1874, as amended, and all ordinances enacted pursuant thereto. Such easements, rights of way and ways for public service facilities are hereby declared to be apportionable and upon written request by a community antenna television company, public utilities shall make such easements, rights of way and ways for public service facilities available for the construction, maintenance, repair or removal of cable television facilities provided that such construction, maintenance, repair or removal does not create a dangerous condition threatening the safety of the public or the safety of such public utility employees or threatening to cause an interruption of the furnishing of vital utility service. Initial determination of the existence of such a dangerous condition or interruption of services shall be made by the public utility whose easement, right of way or way for public service facility is involved. In the event the community antenna television company or municipality disagrees with such determination, a determination of whether such construction, maintenance, repair or removal would create such a dangerous condition or threaten to interrupt vital utility services, shall be made by a court of competent jurisdiction upon the application of such community antenna television company.

If a municipality notifies or a municipality requires a developer to notify a public utility before or after issuing a permit or other authorization for the construction of residential buildings, then the municipality or developer shall, at the same time, similarly notify any community antenna television system franchised by or within that municipality.

In addition to such other notices as may be required by this subparagraph (f), a community antenna television company or municipality shall not enter upon the real estate or rights of way of any public utility, railroad or pipeline owner or operator for the purposes of above-ground maintenance or repair of its television cable facilities without giving 96 hours prior written notice to the registered agent of the public utility, railroad or pipeline owner or operator involved, or in the case of a public utility, notice may be given through the statewide one-call notice system provided for by General Order of the Illinois Commerce Commission or, if in Chicago, through the system known as the Chicago Utility Alert Network.

Sec. 5. Definitions. As used in this Act, unless the context otherwise requires:
"Crossing" means the construction, operation, repair, or maintenance of a facility over, under, or across a railroad right-of-way by a utility when the right-of-way is owned by a land management company and not a registered rail carrier.
"Direct expenses" includes, but is not limited to, any or all of the following:

(1) The cost of inspecting and monitoring the crossing site.
(2) Administrative and engineering costs for review of specifications and for entering a crossing on the railroad's books, maps, and property records and other reasonable administrative and engineering costs incurred as a result of the crossing.
(3) Document and preparation fees associated with a crossing, and any engineering specifications related to the crossing.
(4) Damages assessed in connection with the rights granted to a utility with respect to a crossing.

(4) Sanitary and storm sewer service.
(5) Water by piped system.

"Land management company" means an entity that is the owner, manager, or agent of a railroad right-of-way and is not a registered rail carrier.

"Railroad right-of-way" means one or more of the following:

(1) A right-of-way or other interest in real estate that is owned or operated by a land management company and not a registered rail carrier.

(2) Any other interest in a former railroad right-of-way that has been acquired or is operated by a land management company or similar entity.

"Special circumstances" means either or both of the following:

(1) The characteristics of a segment of a railroad right-of-way not found in a typical segment of a railroad right-of-way that enhance the value or increase the damages or the engineering or construction expenses for the land management company associated with a proposed crossing, or to the current or reasonably anticipated use by a land management company of the railroad right-of-way, necessitating additional terms and conditions or compensation associated with a crossing.

(2) Variances from the standard specifications requested by the land management company.

"Special circumstances" may include, but is not limited to, the railroad right-of-way segment's relationship to other property, location in urban or other developed areas, the existence of unique topography or natural resources, or other characteristics or dangers inherent in the particular crossing or segment of the railroad right-of-way.

Section 20. The Illinois Vehicle Code is amended by changing Section 18c-7401 as follows:

(625 ILCS 5/18c-7401) (from Ch. 95 1/2, par. 18c-7401)

Sec. 18c-7401. Safety Requirements for Track, Facilities, and Equipment.

(1) General Requirements. Each rail carrier shall, consistent with rules, orders, and regulations of the Federal Railroad Administration, construct, maintain, and operate all of its equipment, track, and other property in this State in such a manner as to pose no undue risk to its employees or the person or property of any member of the public.

(2) Adoption of Federal Standards. The track safety standards and accident/incident standards promulgated by the Federal Railroad Administration shall be safety standards of the Commission. The Commission may, in addition, adopt by reference in its regulations other federal railroad safety standards, whether contained in federal statutes or in regulations adopted pursuant to such statutes.

(3) Railroad Crossings. No public road, highway, or street shall hereafter be constructed across the track of any rail carrier at grade, nor shall the track of any rail carrier be constructed across a public road, highway or street at grade, without having first secured the permission of the Commission; provided, that this Section shall not apply to the replacement of lawfully existing roads, highways and tracks. No public pedestrian bridge or subway shall be constructed across the track of any rail carrier without having first secured the permission of the Commission. The Commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe. The Commission shall have power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use and protection of each such crossing.

New matter indicated by italics - deletions by strikeout
The Commission shall also have power, after a hearing, to require major alteration of or to abolish any crossing, heretofore or hereafter established, when in its opinion, the public safety requires such alteration or abolition, and, except in cities, villages and incorporated towns of 1,000,000 or more inhabitants, to vacate and close that part of the highway on such crossing altered or abolished and cause barricades to be erected across such highway in such manner as to prevent the use of such crossing as a highway, when, in the opinion of the Commission, the public convenience served by the crossing in question is not such as to justify the further retention thereof; or to require a separation of grades, at railroad-highway grade crossings; or to require a separation of grades at any proposed crossing where a proposed public highway may cross the tracks of any rail carrier or carriers; and to prescribe, after a hearing of the parties, the terms upon which such separations shall be made and the proportion in which the expense of the alteration or abolition of such crossings or the separation of such grades, having regard to the benefits, if any, accruing to the rail carrier or any party in interest, shall be divided between the rail carrier or carriers affected, or between such carrier or carriers and the State, county, municipality or other public authority in interest. However, a public hearing by the Commission to abolish a crossing shall not be required when the public highway authority in interest vacates the highway. In such instance the rail carrier, following notification to the Commission and the highway authority, shall remove any grade crossing warning devices and the grade crossing surface.

The Commission shall also have power by its order to require the reconstruction, minor alteration, minor relocation or improvement of any crossing (including the necessary highway approaches thereto) of any railroad across any highway or public road, pedestrian bridge, or pedestrian subway, whether such crossing be at grade or by overhead structure or by subway, whenever the Commission finds after a hearing or without a hearing as otherwise provided in this paragraph that such reconstruction, alteration, relocation or improvement is necessary to preserve or promote the safety or convenience of the public or of the employees or passengers of such rail carrier or carriers. By its original order or supplemental orders in such case, the Commission may direct such reconstruction, alteration, relocation, or improvement to be made in such manner and upon such terms and conditions as may be reasonable and necessary and may apportion the cost of such reconstruction, alteration, relocation or improvement and the subsequent maintenance

New matter indicated by italics - deletions by strikeout
thereof, having regard to the benefits, if any, accruing to the railroad or any party in interest, between the rail carrier or carriers and public utilities affected, or between such carrier or carriers and public utilities and the State, county, municipality or other public authority in interest. The cost to be so apportioned shall include the cost of changes or alterations in the equipment of public utilities affected as well as the cost of the relocation, diversion or establishment of any public highway, made necessary by such reconstruction, alteration, relocation or improvement of said crossing. A hearing shall not be required in those instances when the Commission enters an order confirming a written stipulation in which the Commission, the public highway authority or other public authority in interest, the rail carrier or carriers affected, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation, agree on the reconstruction, alteration, relocation, or improvement and the subsequent maintenance thereof and the division of costs of such changes of any grade crossing (including the necessary highway approaches thereto) of any railroad across any highway, pedestrian bridge, or pedestrian subway.

Every rail carrier operating in the State of Illinois shall construct and maintain every highway crossing over its tracks within the State so that the roadway at the intersection shall be as flush with the rails as superelevated curves will allow, and, unless otherwise ordered by the Commission, shall construct and maintain the approaches thereto at a grade of not more than 5% within the right of way for a distance of not less the 6 feet on each side of the centerline of such tracks; provided, that the grades at the approaches may be maintained in excess of 5% only when authorized by the Commission.

Every rail carrier operating within this State shall remove from its right of way at all railroad-highway grade crossings within the State, such brush, shrubbery, and trees as is reasonably practical for a distance of not less than 500 feet in either direction from each grade crossing. The Commission shall have power, upon its own motion, or upon complaint, and after having made proper investigation, to require the installation of adequate and appropriate luminous reflective warning signs, luminous flashing signals, crossing gates illuminated at night, or other protective devices in order to promote and safeguard the health and safety of the public. Luminous flashing signal or crossing gate devices installed at grade crossings, which have been approved by the Commission, shall be deemed adequate and appropriate. The Commission shall have authority to

New matter indicated by italics - deletions by strikeout
determine the number, type, and location of such signs, signals, gates, or other protective devices which, however, shall conform as near as may be with generally recognized national standards, and the Commission shall have authority to prescribe the division of the cost of the installation and subsequent maintenance of such signs, signals, gates, or other protective devices between the rail carrier or carriers, the public highway authority or other public authority in interest, and in instances involving the use of the Grade Crossing Protection Fund, the Illinois Department of Transportation. Except where train crews provide flagging of the crossing to road users, yield signs shall be installed at all highway intersections with every grade crossing in this State that is not equipped with automatic warning devices, such as luminous flashing signals or crossing gate devices. A stop sign may be used in lieu of the yield sign when an engineering study conducted in cooperation with the highway authority and the Illinois Department of Transportation has determined that a stop sign is warranted. If the Commission has ordered the installation of luminous flashing signal or crossing gate devices at a grade crossing not equipped with active warning devices, the Commission shall order the installation of temporary stop signs at the highway intersection with the grade crossing unless an engineering study has determined that a stop sign is not appropriate. If a stop sign is not appropriate, the Commission may order the installation of other appropriate supplemental signing as determined by an engineering study. The temporary signs shall remain in place until the luminous flashing signal or crossing gate devices have been installed. The rail carrier is responsible for the installation and subsequent maintenance of any required signs. The permanent signs shall be in place by July 1, 2011.

No railroad may change or modify the warning device system at a railroad-highway grade crossing, including warning systems interconnected with highway traffic control signals, without having first received the approval of the Commission. The Commission shall have the further power, upon application, upon its own motion, or upon complaint and after having made proper investigation, to require the interconnection of grade crossing warning devices with traffic control signals at highway intersections located at or near railroad crossings within the distances described by the State Manual on Uniform Traffic Control Devices adopted pursuant to Section 11-301 of this Code. In addition, State and local authorities may not install, remove, modernize, or otherwise modify traffic control signals at a highway intersection that is interconnected or

New matter indicated by italics - deletions by strikeout
proposed to be interconnected with grade crossing warning devices when the change affects the number, type, or location of traffic control devices on the track approach leg or legs of the intersection or the timing of the railroad preemption sequence of operation until the Commission has approved the installation, removal, modernization, or modification. Commission approval shall be limited to consideration of issues directly affecting the public safety at the railroad-highway grade crossing. The electrical circuit devices, alternate warning devices, and preemption sequences shall conform as nearly as possible, considering the particular characteristics of the crossing and intersection area, to the State manual adopted by the Illinois Department of Transportation pursuant to Section 11-301 of this Code and such federal standards as are made applicable by subsection (2) of this Section. In order to carry out this authority, the Commission shall have the authority to determine the number, type, and location of traffic control devices on the track approach leg or legs of the intersection and the timing of the railroad preemption sequence of operation. The Commission shall prescribe the division of costs for installation and maintenance of all devices required by this paragraph between the railroad or railroads and the highway authority in interest and in instances involving the use of the Grade Crossing Protection Fund or a State highway, the Illinois Department of Transportation.

Any person who unlawfully or maliciously removes, throws down, damages or defaces any sign, signal, gate or other protective device, located at or near any public grade crossing, shall be guilty of a petty offense and fined not less than $50 nor more than $200 for each offense. In addition to fines levied under the provisions of this Section a person adjudged guilty hereunder may also be directed to make restitution for the costs of repair or replacement, or both, necessitated by his misconduct.

It is the public policy of the State of Illinois to enhance public safety by establishing safe grade crossings. In order to implement this policy, the Illinois Commerce Commission is directed to conduct public hearings and to adopt specific criteria by July 1, 1994, that shall be adhered to by the Illinois Commerce Commission in determining if a grade crossing should be opened or abolished. The following factors shall be considered by the Illinois Commerce Commission in developing the specific criteria for opening and abolishing grade crossings:

(a) timetable speed of passenger trains;
(b) distance to an alternate crossing;
(c) accident history for the last 5 years;

New matter indicated by italics - deletions by strikeout
(d) number of vehicular traffic and posted speed limits;
(e) number of freight trains and their timetable speeds;
(f) the type of warning device present at the grade crossing;
(g) alignments of the roadway and railroad, and the angle of intersection of those alignments;
(h) use of the grade crossing by trucks carrying hazardous materials, vehicles carrying passengers for hire, and school buses; and
(i) use of the grade crossing by emergency vehicles.

The Illinois Commerce Commission, upon petition to open or abolish a grade crossing, shall enter an order opening or abolishing the crossing if it meets the specific criteria adopted by the Commission.

Except as otherwise provided in this subsection (3), in no instance shall a grade crossing be permanently closed without public hearing first being held and notice of such hearing being published in an area newspaper of local general circulation.

(4) Freight Trains - Radio Communications. The Commission shall after hearing and order require that every main line railroad freight train operating on main tracks outside of yard limits within this State shall be equipped with a radio communication system. The Commission after notice and hearing may grant exemptions from the requirements of this Section as to secondary and branch lines.

(5) Railroad Bridges and Trestles - Walkway and Handrail. In cases in which the Commission finds the same to be practical and necessary for safety of railroad employees, bridges and trestles, over and upon which railroad trains are operated, shall include as a part thereof, a safe and suitable walkway and handrail on one side only of such bridge or trestle, and such handrail shall be located at the outer edge of the walkway and shall provide a clearance of not less than 8 feet, 6 inches, from the center line of the nearest track, measured at right angles thereto.

(6) Packages Containing Articles for First Aid to Injured on Trains.
(a) All rail carriers shall provide a first aid kit that contains, at a minimum, those articles prescribed by the Commission, on each train or engine, for first aid to persons who may be injured in the course of the operation of such trains.
(b) A vehicle, excluding a taxi cab used in an emergency situation, operated by a contract carrier transporting railroad employees in the course of their employment shall be equipped

New matter indicated by italics - deletions by strikeout
with a readily available first aid kit that contains, as a minimum, the same articles that are required on each train or engine.

(7) Abandoned Bridges, Crossings, and Other Rail Plant. The Commission shall have authority, after notice and hearing, to order:
(a) The removal of any abandoned railroad tracks from roads, streets or other thoroughfares in this State; and
(b) The removal of abandoned overhead railroad structures crossing highways, waterways, or railroads.

The Commission may equitably apportion the cost of such actions between the rail carrier or carriers, public utilities, and the State, county, municipality, township, road district, or other public authority in interest.

(8) Railroad-Highway Bridge Clearance. A vertical clearance of not less than 23 feet above the top of rail shall be provided for all new or reconstructed highway bridges constructed over a railroad track. The Commission may permit a lesser clearance if it determines that the 23 foot clearance standard cannot be justified based on engineering, operational, and economic conditions.

(9) Right of Access To Railroad Property.
(a) A community antenna television company franchised by a municipality or county pursuant to the Illinois Municipal Code or the Counties Code, respectively, shall not enter upon any real estate or rights-of-way in the possession or control of a railroad subject to the jurisdiction of the Illinois Commerce Commission unless the community antenna television company first complies with the applicable provisions of subparagraph (f) of Section 11-42-11.1 of the Illinois Municipal Code or subparagraph (f) of Section 5-1096 of the Counties Code.
(b) Notwithstanding any provision of law to the contrary, this subsection (9) applies to all entries of railroad rights-of-way involving a railroad subject to the jurisdiction of the Illinois Commerce Commission by a community antenna television company and shall govern in the event of any conflict with any other provision of law.
(c) This subsection (9) applies to any entry upon any real estate or right-of-way in the possession or control of a railroad subject to the jurisdiction of the Illinois Commerce Commission for the purpose of or in connection with the construction, or installation of a community antenna television company's system.

(d) Nothing in this amendatory Act of the 100th General

Sections 10-1-7.1, 10-2.1-4, and 10-2.1-6.3 as follows:

(65 ILCS 5/10-1-7.1)

Sec. 10-1-7.1. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 10-1-7.2, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A home rule or non-home rule municipality may not administer its fire department process for original appointments in a manner that is less stringent than this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or

New matter indicated by italics - deletions by strikeout
retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the Civil Service Commission. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the commission upon appointment of such officer or member to the affected department by the commission. After being selected from the register of eligibles to fill a vacancy in the affected department, each appointee shall be presented with his or her certificate of appointment on the day on which he or she is sworn in as a classified member of the affected department. Firefighters who were not issued a certificate of appointment when originally appointed shall be provided with a certificate within 10 days after making a written request to the chairperson of the Civil Service Commission. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters.
firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the municipality shall by ordinance limit applicants to residents of the municipality, county or counties in which the municipality is located, State, or nation. Any examination and testing procedure utilized under subsection (e) of this Section shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. Municipalities may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a municipality cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district,

New matter indicated by italics - deletions by strikeout
(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins to use full-time firefighters to provide all or part of its fire protection service, or

(3) any person who turned 35 while serving as a member of the active or reserve components of any of the branches of the Armed Forces of the United States or the National Guard of any state, whose service was characterized as honorable or under honorable, if separated from the military, and is currently under the age of 40.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.

No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Division 1 has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard

New matter indicated by italics - deletions by strikeout
fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip

New matter indicated by italics - deletions by strikeout
strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means attaining the minimum score set by the commission. Minimum scores should be set by the commission so as to demonstrate a candidate's ability to perform the essential functions of the job. The minimum score set by the commission shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

New matter indicated by italics - deletions by strikeout
In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the minimum score set by the commission. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the minimum score set by the commission.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum score for passage and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

   (1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

   (2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

New matter indicated by italics - deletions by strikeout
(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained a license as a paramedic may be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, certified Firefighter III, State of Illinois or nationally licensed EMT, EMT-I, A-EMT, or paramedic, or any combination of those capacities may be awarded up to a maximum of 5 points. However, the applicant may not be awarded more than 0.5 points for each complete year of paid-on-call or part-time service. Applicants from outside the municipality who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality may be awarded up to 5 experience preference points. However, the applicant may not be awarded more than one point for each complete year of full-time service.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be

New matter indicated by italics - deletions by strikeout
preferred for appointment to and employment with the fire department.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and

New matter indicated by italics - deletions by strikeout
psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or arrest for any cause without conviction thereon. Any such person who is in the department may be removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material

New matter indicated by italics - deletions by strikeout
impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

(65 ILCS 5/10-2.1-4) (from Ch. 24, par. 10-2.1-4)

The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to
his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners. After being selected from the register of eligibles to fill a vacancy in the affected department, each appointee shall be presented with his or her certificate of appointment on the day on which he or she is sworn in as a classified member of the affected department. Firefighters who were not issued a certificate of appointment when originally appointed shall be provided with a certificate within 10 days after making a written request to the chairperson of the Board of Fire and Police Commissioners. In any municipal fire department that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Division 2.1 shall not be used as a temporary or permanent substitute for classified members of a municipality's fire department or for regular appointment as a classified member of a municipality's fire department unless mutually agreed to by the employee's certified
bargaining agent. Such agreement shall be considered a permissive subject of bargaining. Municipal fire departments covered by the changes made by this amendatory Act of the 95th General Assembly that are using non-certificated employees as substitutes immediately prior to the effective date of this amendatory Act of the 95th General Assembly may, by mutual agreement with the certified bargaining agent, continue the existing practice or a modified practice and that agreement shall be considered a permissive subject of bargaining. A home rule unit may not regulate the hiring of temporary or substitute members of the municipality's fire department in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-home rule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-home rule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall

New matter indicated by italics - deletions by strikeout
provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.

To the extent that this Section or any other Section in this Division conflicts with Section 10-2.1-6.3 or 10-2.1-6.4, then Section 10-2.1-6.3 or 10-2.1-6.4 shall control.

Sec. 10-2.1-6.3. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 10-2.1-6.4, this Section shall apply to all original appointments to an affected full-time fire department. Existing registers of

eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in the manner provided for in this Section. Provisions of the Illinois Municipal Code, municipal ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A home rule or non-home rule municipality may not administer its fire department process for original appointments in a manner that is less stringent than this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

A municipality that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

Notwithstanding any other provision of this subsection (a), this Section does not apply to a municipality with more than 1,000,000 inhabitants.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes established by this Section. Only persons who meet or exceed the performance standards required by this Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position

or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the municipality's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the board of fire and police commissioners. All certificates of appointment issued to any officer or member of an affected department shall be signed by the chairperson and secretary, respectively, of the board upon appointment of such officer or member to the affected department by action of the board. After being selected from the register of eligibles to fill a vacancy in the affected department, each appointee shall be presented with his or her certificate of appointment on the day on which he or she is sworn in as a classified member of the affected department. Firefighters who were not issued a certificate of appointment when originally appointed shall be provided with a certificate within 10 days after making a written request to the chairperson of the board of fire and police commissioners. Each person who accepts a certificate of appointment and successfully completes his or her probationary period shall be enrolled as a firefighter and as a regular member of the fire department.

For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

(c) Qualification for placement on register of eligibles. The purpose of establishing a register of eligibles is to identify applicants who possess and demonstrate the mental aptitude and physical ability to perform the duties required of members of the fire department in order to provide the highest quality of service to the public. To this end, all applicants for original appointment to an affected fire department shall be subject to examination and testing which shall be public, competitive, and open to all applicants unless the municipality shall by ordinance limit applicants to residents of the municipality, county or counties in which the municipality is located, State, or nation. Any examination and testing procedure utilized under subsection (e) of this Section shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. Municipalities may establish educational, emergency medical service licensure, and other pre-requisites for participation in an examination or for hire as a firefighter. Any municipality may charge a fee to cover the costs of the application process.

Residency requirements in effect at the time an individual enters the fire service of a municipality cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of fire chief and for no more than 2 positions that rank immediately below that of the chief rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the municipality, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district,

(2) any person who has served a municipality as a regularly enrolled volunteer, paid-on-call, or part-time firefighter for the 5 years immediately preceding the time that the municipality begins
to use full-time firefighters to provide all or part of its fire protection service, or

(3) any person who turned 35 while serving as a member of the active or reserve components of any of the branches of the Armed Forces of the United States or the National Guard of any state, whose service was characterized as honorable or under honorable, if separated from the military, and is currently under the age of 40.

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the municipality or their designees and agents.

No municipality shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.

In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.
(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the municipality, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the municipality, or (ii) on the municipality's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the...
candidate's speed and endurance in performing tasks and evolutions. Tasks tested may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the passage of the written examination and the physical ability component. Passage of the written examination means attaining the minimum score set by the commission. Minimum scores should be set by the commission so as to demonstrate a candidate's ability to perform the essential functions of the job. The minimum score set by the commission shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the
minimum score as set by the commission. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the minimum score set by the commission.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum score for passage and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission showing the final grades of the candidates without reference to priority of time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

(1) Veteran preference. Persons who were engaged in the military service of the United States for a period of at least one year of active duty and who were honorably discharged therefrom, or who are now or have been members on inactive or reserve duty in such military or naval service, shall be preferred for appointment to and employment with the fire department of an affected department.

(2) Fire cadet preference. Persons who have successfully completed 2 years of study in fire techniques or cadet training within a cadet program established under the rules of the Joint Labor and Management Committee (JLMC), as defined in Section 50 of the Fire Department Promotion Act, may be preferred for appointment to and employment with the fire department.

(3) Educational preference. Persons who have successfully obtained an associate's degree in the field of fire service or emergency medical services, or a bachelor's degree from an
accredited college or university may be preferred for appointment to and employment with the fire department.

(4) Paramedic preference. Persons who have obtained a license as a paramedic shall be preferred for appointment to and employment with the fire department of an affected department providing emergency medical services.

(5) Experience preference. All persons employed by a municipality who have been paid-on-call or part-time certified Firefighter II, State of Illinois or nationally licensed EMT, EMT-I, A-EMT, or any combination of those capacities shall be awarded 0.5 point for each year of successful service in one or more of those capacities, up to a maximum of 5 points. Certified Firefighter III and State of Illinois or nationally licensed paramedics shall be awarded one point per year up to a maximum of 5 points. Applicants from outside the municipality who were employed as full-time firefighters or firefighter-paramedics by a fire protection district or another municipality for at least 2 years shall be awarded 5 experience preference points. These additional points presuppose a rating scale totaling 100 points available for the eligibility list. If more or fewer points are used in the rating scale for the eligibility list, the points awarded under this subsection shall be increased or decreased by a factor equal to the total possible points available for the examination divided by 100.

Upon request by the commission, the governing body of the municipality or in the case of applicants from outside the municipality the governing body of any fire protection district or any other municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction shall be preferred for appointment to and employment with the fire department.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history.

employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or arrest for any cause without conviction thereon. Any such person who is in the department may be removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Division, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

Section 10. The Fire Protection District Act is amended by changing Sections 16.04a and 16.06b as follows:

(70 ILCS 705/16.04a) (from Ch. 127 1/2, par. 37.04a)

Sec. 16.04a. The board of fire commissioners shall appoint all officers and members of the fire departments of the district, except the Chief of the fire department. The board of trustees shall appoint the Chief of the fire department, who shall serve at the pleasure of the board, and may enter into a multi-year contract not exceeding 3 years with the Chief.

If a member of the department is appointed Chief of the fire department prior to being eligible to retire on pension he shall be considered as on furlough from the rank he held immediately prior to his appointment as Chief. If he resigns as Chief or is discharged as Chief prior to attaining eligibility to retire on pension, he shall revert to and be established in such prior rank, and thereafter be entitled to all the benefits and emoluments of such prior rank, without regard as to whether a vacancy then exists in such rank. In such instances, the Chief shall be deemed to have continued to accrue seniority in the department during his period of service as Chief, or time in grade in his former rank to which he shall revert during his period of service as Chief, except solely for purposes of any layoff as provided in Section 16.13b hereafter.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the

The sole authority to issue certificates of appointment shall be vested in the board of fire commissioners and all certificates of appointments issued to any officer or member of the fire department shall be signed by the chairman and secretary respectively of the board of fire commissioners upon appointment of such officer or member of the fire department by action of the board of fire commissioners. After being selected from the register of eligibles to fill a vacancy in the affected department, each appointee shall be presented with his or her certificate of appointment on the day on which he or she is sworn in as a classified member of the affected department. Firefighters who were not issued a certificate of appointment when originally appointed shall be provided with a certificate within 10 days after making a written request to the chairperson of the board of fire commissioners.

To the extent that this Section or any other Section in this Act conflicts with Section 16.06b or 16.06c, then Section 16.06b or 16.06c shall control.

Sec. 16.06b. Original appointments; full-time fire department.

(a) Applicability. Unless a commission elects to follow the provisions of Section 16.06c, this Section shall apply to all original appointments to an affected department. Existing registers of eligibles shall continue to be valid until their expiration dates, or up to a maximum of 2 years after the effective date of this amendatory Act of the 97th General Assembly.

Notwithstanding any statute, ordinance, rule, or other law to the contrary, all original appointments to an affected department to which this Section applies shall be administered in a no less stringent manner than the manner provided for in this Section. Provisions of the Illinois Municipal Code, Fire Protection District Act, fire district ordinances, and rules adopted pursuant to such authority and other laws relating to initial hiring of firefighters in affected departments shall continue to apply to the extent they are compatible with this Section, but in the event of a conflict between this Section and any other law, this Section shall control.

A fire protection district that is operating under a court order or consent decree regarding original appointments to a full-time fire department before the effective date of this amendatory Act of the 97th
General Assembly is exempt from the requirements of this Section for the duration of the court order or consent decree.

(b) Original appointments. All original appointments made to an affected fire department shall be made from a register of eligibles established in accordance with the processes required by this Section. Only persons who meet or exceed the performance standards required by the Section shall be placed on a register of eligibles for original appointment to an affected fire department.

Whenever an appointing authority authorizes action to hire a person to perform the duties of a firefighter or to hire a firefighter-paramedic to fill a position that is a new position or vacancy due to resignation, discharge, promotion, death, the granting of a disability or retirement pension, or any other cause, the appointing authority shall appoint to that position the person with the highest ranking on the final eligibility list. If the appointing authority has reason to conclude that the highest ranked person fails to meet the minimum standards for the position or if the appointing authority believes an alternate candidate would better serve the needs of the department, then the appointing authority has the right to pass over the highest ranked person and appoint either: (i) any person who has a ranking in the top 5% of the register of eligibles or (ii) any person who is among the top 5 highest ranked persons on the list of eligibles if the number of people who have a ranking in the top 5% of the register of eligibles is less than 5 people.

Any candidate may pass on an appointment once without losing his or her position on the register of eligibles. Any candidate who passes a second time may be removed from the list by the appointing authority provided that such action shall not prejudice a person's opportunities to participate in future examinations, including an examination held during the time a candidate is already on the fire district's register of eligibles.

The sole authority to issue certificates of appointment shall be vested in the board of fire commissioners, or board of trustees serving in the capacity of a board of fire commissioners. For the purposes of this Section, "firefighter" means any person who has been prior to, on, or after the effective date of this amendatory Act of the 97th General Assembly appointed to a fire department or fire protection district or employed by a State university and sworn or commissioned to perform firefighter duties or paramedic duties, or both, except that the following persons are not included: part-time firefighters; auxiliary, reserve, or voluntary firefighters, including paid-on-call firefighters; clerks and dispatchers or other civilian employees of a fire department or fire protection district who are not routinely expected to perform firefighter duties; and elected officials.

rank which are appointed positions pursuant to the Fire Department Promotion Act.

No person who is 35 years of age or older shall be eligible to take an examination for a position as a firefighter unless the person has had previous employment status as a firefighter in the regularly constituted fire department of the district, except as provided in this Section. The age limitation does not apply to:

(1) any person previously employed as a full-time firefighter in a regularly constituted fire department of (i) any municipality or fire protection district located in Illinois, (ii) a fire protection district whose obligations were assumed by a municipality under Section 21 of the Fire Protection District Act, or (iii) a municipality whose obligations were taken over by a fire protection district;

No person who is under 21 years of age shall be eligible for employment as a firefighter.

No applicant shall be examined concerning his or her political or religious opinions or affiliations. The examinations shall be conducted by the commissioners of the district or their designees and agents.

No district shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year of actual active employment, which may exclude periods of training, or injury or illness leaves, including duty related leave, in excess of 30 calendar days. In the event that any applicant who has been found eligible for appointment and whose name has been placed upon the final eligibility register provided for in this Section has not been appointed to a firefighter position within one year after the date of his or her physical ability examination, the commission may cause a second examination to be made of that applicant's physical ability prior to his or her appointment. If, after the second examination, the physical ability of the applicant shall be found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed. The applicant's name may be retained upon the register of candidates eligible for appointment and when next reached for certification and appointment that applicant may be again examined as provided in this Section, and if the physical ability of that applicant is found to be less than the minimum standard fixed by the rules of the commission, the applicant shall not be appointed, and the name of the applicant shall be removed from the register.

(d) Notice, examination, and testing components. Notice of the time, place, general scope, merit criteria for any subjective component, and fee of every examination shall be given by the commission, by a publication at least 2 weeks preceding the examination: (i) in one or more newspapers published in the district, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the district, or (ii) on the fire protection district's Internet website. Additional notice of the examination may be given as the commission shall prescribe.

The examination and qualifying standards for employment of firefighters shall be based on: mental aptitude, physical ability, preferences, moral character, and health. The mental aptitude, physical ability, and preference components shall determine an applicant's qualification for and placement on the final register of eligibles. The examination may also include a subjective component based on merit criteria as determined by the commission. Scores from the examination must be made available to the public.

(e) Mental aptitude. No person who does not possess at least a high school diploma or an equivalent high school education shall be placed on a register of eligibles. Examination of an applicant's mental aptitude shall be based upon a written examination. The examination shall be practical in character and relate to those matters that fairly test the capacity of the

persons examined to discharge the duties performed by members of a fire department. Written examinations shall be administered in a manner that ensures the security and accuracy of the scores achieved.

(f) Physical ability. All candidates shall be required to undergo an examination of their physical ability to perform the essential functions included in the duties they may be called upon to perform as a member of a fire department. For the purposes of this Section, essential functions of the job are functions associated with duties that a firefighter may be called upon to perform in response to emergency calls. The frequency of the occurrence of those duties as part of the fire department's regular routine shall not be a controlling factor in the design of examination criteria or evolutions selected for testing. These physical examinations shall be open, competitive, and based on industry standards designed to test each applicant's physical abilities in the following dimensions:

(1) Muscular strength to perform tasks and evolutions that may be required in the performance of duties including grip strength, leg strength, and arm strength. Tests shall be conducted under anaerobic as well as aerobic conditions to test both the candidate's speed and endurance in performing tasks and evolutions. Tests may be based on standards developed, or approved, by the local appointing authority.

(2) The ability to climb ladders, operate from heights, walk or crawl in the dark along narrow and uneven surfaces, and operate in proximity to hazardous environments.

(3) The ability to carry out critical, time-sensitive, and complex problem solving during physical exertion in stressful and hazardous environments. The testing environment may be hot and dark with tightly enclosed spaces, flashing lights, sirens, and other distractions.

The tests utilized to measure each applicant's capabilities in each of these dimensions may be tests based on industry standards currently in use or equivalent tests approved by the Joint Labor-Management Committee of the Office of the State Fire Marshal.

Physical ability examinations administered under this Section shall be conducted with a reasonable number of proctors and monitors, open to the public, and subject to reasonable regulations of the commission.

(g) Scoring of examination components. Appointing authorities may create a preliminary eligibility register. A person shall be placed on the list based upon his or her passage of the written examination or the

New matter indicated by italics - deletions by strikeout
passage of the written examination and the physical ability component. Passage of the written examination means attaining the minimum score set by the commission. Minimum scores should be set by the appointing authorities so as to demonstrate a candidate's ability to perform the essential functions of the job. The minimum score set by the commission shall be supported by appropriate validation evidence and shall comply with all applicable State and federal laws. The appointing authority may conduct the physical ability component and any subjective components subsequent to the posting of the preliminary eligibility register.

The examination components for an initial eligibility register shall be graded on a 100-point scale. A person's position on the list shall be determined by the following: (i) the person's score on the written examination, (ii) the person successfully passing the physical ability component, and (iii) the person's results on any subjective component as described in subsection (d).

In order to qualify for placement on the final eligibility register, an applicant's score on the written examination, before any applicable preference points or subjective points are applied, shall be at or above the minimum score set by the commission. The local appointing authority may prescribe the score to qualify for placement on the final eligibility register, but the score shall not be less than the minimum score set by the commission.

The commission shall prepare and keep a register of persons whose total score is not less than the minimum score for passage and who have passed the physical ability examination. These persons shall take rank upon the register as candidates in the order of their relative excellence based on the highest to the lowest total points scored on the mental aptitude, subjective component, and preference components of the test administered in accordance with this Section. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission. The list shall include the final grades of the candidates without reference to priority of the time of examination and subject to claim for preference credit.

Commissions may conduct additional examinations, including without limitation a polygraph test, after a final eligibility register is established and before it expires with the candidates ranked by total score without regard to date of examination. No more than 60 days after each examination, an initial eligibility list shall be posted by the commission.

time of examination and subject to claim for preference credit.

(h) Preferences. The following are preferences:

   (1) Veteran preference. Persons who were engaged in the
       military service of the United States for a period of at least one
       year of active duty and who were honorably discharged therefrom,
       or who are now or have been members on inactive or reserve duty
       in such military or naval service, shall be preferred for appointment
       to and employment with the fire department of an affected
       department.

   (2) Fire cadet preference. Persons who have successfully
       completed 2 years of study in fire techniques or cadet training
       within a cadet program established under the rules of the Joint
       Labor and Management Committee (JLMC), as defined in Section
       50 of the Fire Department Promotion Act, may be preferred for
       appointment to and employment with the fire department.

   (3) Educational preference. Persons who have successfully
       obtained an associate's degree in the field of fire service or
       emergency medical services, or a bachelor's degree from an
       accredited college or university may be preferred for appointment
       to and employment with the fire department.

   (4) Paramedic preference. Persons who have obtained a
       license as a paramedic may be preferred for appointment to and
       employment with the fire department of an affected department
       providing emergency medical services.

   (5) Experience preference. All persons employed by a
       district who have been paid-on-call or part-time certified
       Firefighter II, certified Firefighter III, State of Illinois or nationally
       licensed EMT, EMT-I, A-EMT, or paramedic, or any combination
       of those capacities may be awarded up to a maximum of 5 points.
       However, the applicant may not be awarded more than 0.5 points
       for each complete year of paid-on-call or part-time service.
       Applicants from outside the district who were employed as full-
       time firefighters or firefighter-paramedics by a fire protection
       district or municipality for at least 2 years may be awarded up to 5
       experience preference points. However, the applicant may not be
       awarded more than one point for each complete year of full-time
       service.

New matter indicated by italics - deletions by strikeout
Upon request by the commission, the governing body of the district or in the case of applicants from outside the district the governing body of any other fire protection district or any municipality shall certify to the commission, within 10 days after the request, the number of years of successful paid-on-call, part-time, or full-time service of any person. A candidate may not receive the full amount of preference points under this subsection if the amount of points awarded would place the candidate before a veteran on the eligibility list. If more than one candidate receiving experience preference points is prevented from receiving all of their points due to not being allowed to pass a veteran, the candidates shall be placed on the list below the veteran in rank order based on the totals received if all points under this subsection were to be awarded. Any remaining ties on the list shall be determined by lot.

(6) Residency preference. Applicants whose principal residence is located within the fire department's jurisdiction may be preferred for appointment to and employment with the fire department.

(7) Additional preferences. Up to 5 additional preference points may be awarded for unique categories based on an applicant's experience or background as identified by the commission.

(8) Scoring of preferences. The commission shall give preference for original appointment to persons designated in item (1) by adding to the final grade that they receive 5 points for the recognized preference achieved. The commission shall determine the number of preference points for each category except (1). The number of preference points for each category shall range from 0 to 5. In determining the number of preference points, the commission shall prescribe that if a candidate earns the maximum number of preference points in all categories, that number may not be less than 10 nor more than 30. The commission shall give preference for original appointment to persons designated in items (2) through (7) by adding the requisite number of points to the final grade for each recognized preference achieved. The numerical result thus attained shall be applied by the commission in determining the final eligibility list and appointment from the eligibility list. The local appointing authority may prescribe the total number of

New matter indicated by italics - deletions by strikeout
preference points awarded under this Section, but the total number of preference points shall not be less than 10 points or more than 30 points.

No person entitled to any preference shall be required to claim the credit before any examination held under the provisions of this Section, but the preference shall be given after the posting or publication of the initial eligibility list or register at the request of a person entitled to a credit before any certification or appointments are made from the eligibility register, upon the furnishing of verifiable evidence and proof of qualifying preference credit. Candidates who are eligible for preference credit shall make a claim in writing within 10 days after the posting of the initial eligibility list, or the claim shall be deemed waived. Final eligibility registers shall be established after the awarding of verified preference points. All employment shall be subject to the commission's initial hire background review including, but not limited to, criminal history, employment history, moral character, oral examination, and medical and psychological examinations, all on a pass-fail basis. The medical and psychological examinations must be conducted last, and may only be performed after a conditional offer of employment has been extended.

Any person placed on an eligibility list who exceeds the age requirement before being appointed to a fire department shall remain eligible for appointment until the list is abolished, or his or her name has been on the list for a period of 2 years. No person who has attained the age of 35 years shall be inducted into a fire department, except as otherwise provided in this Section.

The commission shall strike off the names of candidates for original appointment after the names have been on the list for more than 2 years.

(i) Moral character. No person shall be appointed to a fire department unless he or she is a person of good character; not a habitual drunkard, a gambler, or a person who has been convicted of a felony or a crime involving moral turpitude. However, no person shall be disqualified from appointment to the fire department because of the person's record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections 1, 6, and 8 of Section 24-1 of the Criminal Code of 1961 or the Criminal Code of 2012, or arrest for any cause without conviction thereon. Any such person who is in the department may be

removed on charges brought for violating this subsection and after a trial as hereinafter provided.

A classifiable set of the fingerprints of every person who is offered employment as a certificated member of an affected fire department whether with or without compensation, shall be furnished to the Illinois Department of State Police and to the Federal Bureau of Investigation by the commission.

Whenever a commission is authorized or required by law to consider some aspect of criminal history record information for the purpose of carrying out its statutory powers and responsibilities, then, upon request and payment of fees in conformance with the requirements of Section 2605-400 of the State Police Law of the Civil Administrative Code of Illinois, the Department of State Police is authorized to furnish, pursuant to positive identification, the information contained in State files as is necessary to fulfill the request.

(j) Temporary appointments. In order to prevent a stoppage of public business, to meet extraordinary exigencies, or to prevent material impairment of the fire department, the commission may make temporary appointments, to remain in force only until regular appointments are made under the provisions of this Section, but never to exceed 60 days. No temporary appointment of any one person shall be made more than twice in any calendar year.

(k) A person who knowingly divulges or receives test questions or answers before a written examination, or otherwise knowingly violates or subverts any requirement of this Section, commits a violation of this Section and may be subject to charges for official misconduct.

A person who is the knowing recipient of test information in advance of the examination shall be disqualified from the examination or discharged from the position to which he or she was appointed, as applicable, and otherwise subjected to disciplinary actions.

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings. Identity theft is a major concern for the State of Illinois and its employees in both the receipt and management of personal funds. Easy access to salary information by identity thieves makes it easier for them to open new lines of credit in their victims' names. Preventing reporting of the exact amount of State employee salaries preserves employee privacy by lessening the ease with which identity thieves obtain information and helps protect State employees from identity theft.

Section 5. The State Comptroller Act is amended by changing Sections 20 and 27 as follows:

(15 ILCS 405/20) (from Ch. 15, par. 220)
Sec. 20. Annual report. The Comptroller shall annually, as soon as possible after the close of the fiscal year but no later than December 31, make out and present to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate, and the Minority Leader of the House of Representatives a report, showing the amount of warrants drawn on the treasury, on other funds held by the State Treasurer and on any public funds held by State agencies, during the preceding fiscal year, and stating, particularly, on what account they were drawn, and if drawn on the contingent fund, to whom and for what they were issued. He or she shall, also, at the same time, report to the Governor, the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate, and the Minority Leader of the House of Representatives the amount of money received into the treasury, into other funds held by the State Treasurer and into any other funds held by State agencies during the preceding fiscal year, and stating particularly, the source from which the same may be derived, and also a general account of all the business of his office during the preceding fiscal year. The report shall also summarize for the previous fiscal year the information required under Section 19.

Within 60 days after the expiration of each calendar year, the Comptroller shall compile, from records maintained and available in his office, a list of all persons including those employed in the Office of the

Comptroller, who have been employed by the State during the past calendar year and paid from funds in the hands of the State Treasurer.

The list shall be arranged according to counties and shall state in alphabetical order the name of each employee, the address in the county in which he votes, except as specified below, the position and the total salary paid to him or her during the past calendar year, rounded to the nearest hundred dollar. For persons employed by the Department of Corrections, Department of Children and Family Services, Department of Juvenile Justice, Office of the State's Attorneys Appellate Prosecutor, and the Department of State Police, as well as their spouses, no address shall be listed. The list so compiled and arranged shall be kept on file in the office of the Comptroller and be open to inspection by the public at all times.

No person who utilizes the names obtained from this list for solicitation shall represent that such solicitation is authorized by any officer or agency of the State of Illinois. Violation of this provision is a Business Offense punishable by a fine not to exceed $3,000.

(15 ILCS 405/27)

Sec. 27. Comptroller's online ledger. The Comptroller shall establish and maintain an online repository of the State's financial transactions, to be known as the Comptroller's "Online Ledger". The Comptroller shall establish rules and regulations pertaining to the establishment and maintenance of the "Online Ledger". Any listing of an immediately preceding year's amount of State employee salaries on the "Online Ledger" shall list the total amount paid to a State employee during that past calendar year, or a monthly reporting of a State employee's salary from that past calendar year, as rounded to the nearest hundred dollar. Any monthly reporting of a State employee's salary for the current year shall also be listed as rounded to the nearest hundred dollar. The Comptroller, in his or her discretion, may list the unadjusted total salary amount paid to a State employee for any previous year other than the rounded salary amount for the immediately preceding calendar year.

(i) Within 180 days after December 23, 2009 (the effective date of Public Act 96-852), the Department shall promulgate rules which permit a person with a criminal record, who seeks a license or certificate in an occupation for which a criminal record is not expressly a per se bar, to apply to the Department for a non-binding, advisory opinion to be provided by the Board or body with the authority to issue the license or certificate as to whether his or her criminal record would bar the individual from the licensure or certification sought, should the individual meet all other licensure requirements including, but not limited to, the successful completion of the relevant examinations.

(a) When a licensed health care worker, as defined in the Health Care Worker Self-Referral Act, (1) has been convicted of a criminal act that requires registration under the Sex Offender Registration Act; (1.5) has been convicted of involuntary sexual servitude of a minor under subsection (c) of Section 10-9 or subsection (b) of Section 10A-10 of the Criminal Code of 1961 or the Criminal Code of 2012; (2) has been convicted of a criminal battery against any patient in the course of patient care or treatment, including any offense based on sexual conduct or sexual penetration; (3) has been convicted of a forcible felony; or (4) is required as a part of a criminal sentence to register under the Sex Offender Registration Act, then, notwithstanding any other provision of law to the contrary, except as provided in this Section, the license of the health care worker shall by operation of law be permanently revoked without a hearing.

(a-1) If a licensed health care worker has been convicted of a forcible felony, other than a forcible felony requiring registration under the Sex Offender Registration Act, or involuntary sexual servitude of a minor that is a forcible felony, or a criminal battery against any patient in the course of patient care or treatment, is not required to register as a sex offender, and the health care worker has had his or her license revoked pursuant to item (3) of subsection (a) of this Section, then the health care worker may petition the Department to restore his or her license if more than 5 years have passed since the conviction or more than 3 years have passed since the health care worker's release from confinement for that conviction, whichever is later. In determining whether a license shall be restored, the Department shall consider, but is not limited to, the following factors:

(12) restitution to injured parties;

(13) whether the misconduct was self-reported;

(14) any voluntary remedial actions taken or other evidence of rehabilitation; and

(15) the date of conviction.

(b) No person who has been convicted of any offense listed in subsection (a) or required to register as a sex offender may receive a license as a health care worker in Illinois. The process for petition and review by the Department provided in subsection (a-1) shall also apply to a person whose application for licensure is denied pursuant to item (3) of subsection (a) of this Section for a conviction of a forcible felony, other than a forcible felony requiring registration under the Sex Offender Registration Act, or involuntary sexual servitude of a minor that is a forcible felony, or a criminal battery against any patient in the course of patient care or treatment, who is not required to register as a sex offender.

Section 5. The Environmental Protection Act is amended by changing Section 22.54a as follows:

(415 ILCS 5/22.54a)

(Section scheduled to be repealed on February 1, 2018)

Sec. 22.54a. Disposal of asphalt roofing shingles.

(a) As used in this Section:

"BUD" means a beneficial use determination issued under Section 22.54 of this Act.

"Eligible shingle recycling facility" means a shingle recycling facility that:

(1) is approved for asphalt roofing shingle recycling under a beneficial use determination issued pursuant to Section 22.54 of this Act and is in compliance with the terms of that BUD;

(2) is listed on the Department of Transportation's "Qualified Producer List of Certified Sources for Reclaimed Asphalt Shingles" or identified as an approved producer of reclaimed asphalt shingles by the Illinois State Toll Highway Authority; and

(3) accepts all delivered loads of asphalt roofing shingles that can be processed into reclaimed asphalt shingles meeting Department of Transportation or Illinois State Toll Highway Authority specifications.

(b) No owner or operator of a sanitary landfill that is located within a 25-mile radius of an eligible shingle recycling facility at a site where asphalt roofing shingles are recycled under a Beneficial Use Determination (BUD) issued by the Agency pursuant to Section 22.54 of this Act shall accept for disposal loads of whole or processed asphalt roofing shingles that can be processed into reclaimed asphalt shingles meeting Department of Transportation or Illinois State Toll Highway Authority specifications.

(c) Nothing in this Section shall prohibit or restrict a sanitary landfill from accepting for disposal asphalt roofing shingles that can be processed into reclaimed asphalt shingles meeting Department of Transportation or Illinois State Toll Highway Authority specifications but that are either commingled with municipal waste, including, but not limited to, general construction or demolition debris, or rejected by an eligible shingle recycling facility.

(d) The owner or operator of an eligible shingle recycling facility shall notify the Agency in writing of the name and street address of the eligible shingle recycling facility, and he or she shall also notify the
Agency when the facility's status as an eligible shingle recycling facility is rescinded or reinstated in accordance with subsection (e) or subsection (f) of this Section. The Agency shall post on its website the information provided to the Agency under this subsection (d) name and address of each site at which the recycling of asphalt roofing shingles under a BUD is approved.

(e) The Agency may issue a notice of intent to rescind recognition as an eligible shingle recycling facility to any owner or operator of a shingle recycling facility that, in the Agency's judgment, is not in compliance with the terms of the facility's BUD. The Agency shall file a copy of the notice with the Board no later than 10 days after the date of service of the notice on the owner or operator. Each notice issued under this subsection (e) shall be served upon the owner or operator, or that person's authorized agent for service of process, and shall include the following information:

(1) a statement specifying the provisions of the BUD which were not complied with;

(2) if non-compliance was observed during an inspection by the Agency, a copy of the inspection report in which the Agency recorded the non-compliance, which report shall include the date and time of inspection, and weather conditions prevailing during the inspection;

(3) instructions for contesting the notice issued under this subsection (e), including notification that the owner or operator has 35 days within which to file a petition for review before the Board to contest the notice; and

(4) an affidavit by the personnel observing the non-compliance, attesting to their material actions and observations.

If the owner or operator fails to petition the Board for review of the notice within 35 days after the date of service, then the Board shall adopt a final order holding that the shingle recycling facility is not an eligible shingle recycling facility for purposes of this Section. If, within 35 days after the date of service, a petition for review is filed before the Board to contest a notice issued under this subsection (e), then the Agency shall appear as a complainant at a hearing before the Board to be conducted in accordance with Section 32 of this Act. The hearing shall be held not less than 21 days after the Board sends a notice of the hearing to the Agency and the owner or operator who petitioned for review of the notice. In these hearings, the burden of proof shall be on the Agency. If,
based on the record, the Board finds that the alleged non-compliance occurred, then the Board shall adopt a final order holding that the shingle recycling facility is not an eligible shingle recycling facility for purposes of this Section.

(f) If the Board has determined under subsection (e) of this Section that a shingle recycling facility is not an eligible shingle recycling facility, then the owner or operator of the facility may file with the Board a motion to have the facility reinstated as an eligible shingle recycling facility. If, at the time the motion is filed, the owner or operator of the facility is able to affirmatively demonstrate, to the satisfaction of the Board, that all non-compliance at the facility has been corrected, that the facility is in compliance with its BUD, and that the facility is not subject to any pending enforcement action under this Act, then the Board may enter an order reinstating the facility as an eligible shingle recycling facility for the purposes of this Section.

Before issuing any order under this subsection (f), the Board shall conduct an evaluation of the owner or operator's prior experience in asphalt shingle recycling operations. The Board may deny a petition for reinstatement under this subsection (f) if the owner or operator, or any employee or officer of the owner or operator, has a history of repeated violations of federal, State, or local laws, regulations, rules, standards, or ordinances related to the operation of an asphalt shingle recycling facility or site, or a history of gross carelessness or incompetence in the handling, storing, processing, transporting, disposing, or recycling of asphalt shingles.

(g) Nothing in this Section shall be construed to prevent the Agency from issuing an informal warning to an owner or operator before issuing a notice of intent to rescind recognition as an eligible shingle recycling facility under subsection (e) of this Section.

(h) Sections 10-25 through 10-60 of the Illinois Administrative Procedure Act do not apply to proceedings under this Section, and the orders issued by the Board under this subsection apply in addition to any other remedy or penalty that may be provided under this Act or any other law.

No later than January 31 of each year, each recipient of a BUD for asphalt roofing shingles shall submit a report to the Agency that contains the following information: (i) the total quantity of asphalt roofing shingles received under the BUD during the previous calendar year; (ii) the beneficial uses during the previous calendar year of shingles received

These rules shall outline the requirements for obtaining each endorsement.

New matter indicated by italics - deletions by strikeout
(2) In addition to any and all grade level and content area endorsements developed by rule, the State Board of Education, in consultation with the State Educator Preparation and Licensure Board, shall develop the requirements for the following endorsements:

(A) General administrative endorsement. A general administrative endorsement shall be added to a Professional Educator License, provided that an approved program has been completed. An individual holding a general administrative endorsement may work only as a principal or assistant principal or in a related or similar position, as determined by the State Superintendent of Education, in consultation with the State Educator Preparation and Licensure Board.

Beginning on September 1, 2014, the general administrative endorsement shall no longer be issued except to individuals who completed all coursework requirements for the receipt of the general administrative endorsement by September 1, 2014, who have completed all testing requirements by June 30, 2016, and who apply for the endorsement on or before June 30, 2016. Individuals who hold a valid and registered administrative certificate with a general administrative endorsement issued under Section 21-7.1 of this Code or a Professional Educator License with a general administrative endorsement issued prior to September 1, 2014 and who have served for at least one full year during the 5 years prior in a position requiring a general administrative endorsement shall, upon request to the State Board of Education and through July 1, 2015, have their respective general administrative endorsement converted to a principal endorsement on the Professional Educator License. All other individuals holding a valid and registered administrative certificate with a general administrative endorsement issued pursuant to Section 21-7.1 of this Code or a general administrative endorsement on a Professional Educator License issued prior to September 1, 2014 shall
have the general administrative endorsement converted to a principal endorsement on a Professional Educator License upon request to the State Board of Education and by completing one of the following pathways:

Individuals who do not choose to convert the general administrative endorsement on the administrative certificate issued pursuant to Section 21-7.1 of this Code or on the Professional Educator License shall continue to be able to serve in any position previously allowed under paragraph (2) of subsection (e) of Section 21-7.1 of this Code.

The general administrative endorsement on the Professional Educator License is available only to individuals who, prior to September 1, 2014, had such an endorsement on the administrative certificate issued pursuant to Section 21-7.1 of this Code or who already have a Professional Educator License and have completed a general administrative program and who do not choose to convert the general administrative endorsement to a principal endorsement pursuant to the options in this Section.

The recorder shall collect a $9 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program State surcharge from any State agency, any unit of local government or any school district.

On the 15th day of each month, each county recorder shall report to the Department of Revenue, on a form prescribed by the Department, the number of real estate-related documents recorded for which the Rental Housing Support Program State surcharge was collected. Each recorder shall submit $9 of each surcharge collected in the preceding month to the Department of Revenue and the Department shall deposit these amounts in the Rental Housing Support Program Fund. Subject to appropriation, amounts in the Fund may be expended only for the purpose of funding and administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means that term as it is defined in Section 7 of the Rental Housing Support Program Act.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance or resolution, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $5. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $1.

as to other recorded documents or document numbers; or any other individual attribute of the document except as expressly provided in this Section. The fee charged under this Section shall be inclusive of all county and State fees that the county may elect or is required to impose or adjust, including, but not limited to, GIS fees, automation fees, document storage fees, and the Rental Housing Support Program State surcharge.

A predictable fee schedule ordinance or resolution adopted under this Section shall list standard document fees, including document class flat fees as required by subsection (c), and non-standard document fees.

Before approval of an ordinance or resolution under this Section, the recorder or county clerk shall post a notice in their office at least 2 weeks prior, but not more than 4 weeks prior, to the public meeting at which the ordinance or resolution may be adopted. The notice shall contain the proposed ordinance or resolution number, if any, the proposed document class flat fees for each classification, and a reference to this Section or this amendatory Act of the 100th General Assembly.

A predictable fee schedule takes effect 60 days after an ordinance or resolution is adopted.

(c) Pursuant to an ordinance or resolution adopted under subsection (b), the recorder elected as provided for in this Division shall receive such fees as are or may be provided for him or her by law, in case of provision thereof: otherwise he or she shall receive the same fees as are or may be provided in this Section except when increased by county ordinance or resolution pursuant to the provisions of this Section, to be paid to the county clerk for his or her services in the office of recorder for like services. For the purposes of the fee charged, the ordinance or resolution shall divide standard documents into the following classifications and shall establish a single, all inclusive, county and State-imposed aggregate fee charged for each such classification of document at the time of recording for that document, which is called the document class flat fee. A standard document is not subject to more than one classification at the time of recording for the purposes of imposing any fee. Each standard document shall fall within one of the following document class flat fee classifications and fees for each document class shall be charged only as allowed by this subsection (c) and subsection (d):

(1) Deeds. The aggregate fee for recording deeds shall not be less than $21 (being a minimum $12 county fee plus $9 for the Rental Housing Support Program State surcharge). Inclusion of language in the deed as to any restriction; covenant; lien; oil, gas,
or other mineral interest; easement; lease; or a mortgage shall not alter the classification of a document as a deed.

(2) Leases, lease amendments, and similar transfer of interest documents. The aggregate fee for recording leases, lease amendments, and similar transfers of interest documents shall not be less than $21 (being a minimum $12 county fee plus $9 for the Rental Housing Support Program State surcharge).

(3) Mortgages. The aggregate fee for recording mortgages, including assignments, extensions, amendments, subordinations, and mortgage releases shall not be less than $21 (being a minimum $12 county fee plus $9 for the Rental Housing Support Program State surcharge).

(4) Easements not otherwise part of another classification. The aggregate fee for recording easements not otherwise part of another classification, including assignments, extensions, amendments, and easement releases not filed by a State agency, unit of local government, or school district shall not be less than $21 (being a minimum $12 county fee plus $9 for the Rental Housing Support Program State surcharge).

(5) Miscellaneous. The aggregate fee for recording documents not otherwise falling within classifications set forth in paragraphs (1) through (4) and are not nonstandard documents shall not be less than $21 (being a minimum $12 county fee plus $9 for the Rental Housing Support Program State surcharge).

Nothing in this subsection shall preclude an alternate predictable fee schedule for electronic recording within each of the classifications set forth in this subsection (c). If the Rental Housing Support Program State surcharge is amended and the surcharge is increased or lowered, the aggregate amount of the document flat fee attributable to the surcharge in the document may be changed accordingly.

(d) If an ordinance or resolution establishing a predictable fee schedule is adopted pursuant to subsection (b) and any document class flat fee exceeds $21, the county board shall:

(1) obtain from the clerk or recorder an analysis of the average fees collected for the recording of each of the classifications under subsection (c) based on the 3 previous years of recording data, and, if a cost study has not been performed, set respective document class flat fees for each of the 5 document

New matter indicated by italics - deletions by strikeout
classifications at the average for that class rounded upward to the next whole dollar amount; or

(2) if a cost study has been completed within the last 3 years that shows $21 is not sufficient to cover the costs of providing the services related to each document class, obtain from the clerk or recorder an analysis of the average fees collected for the recording of each of the document classifications under subsection (c) from the date of the cost study and set respective document class flat fees for each of the 5 document classifications at the average for that document class rounded upward to the next whole dollar amount.

(e) After a document class flat fee is approved by a county board under subsection (b), the county board may, by ordinance or resolution, increase the document class flat fee and collect the increased fees only if the increase is justified by a cost study that shows that the fees allowed by subsections (c) and (d) are not sufficient to cover the cost of providing the service related to the document class for which the fee is to be increased. A statement of the costs of providing each service, program, and activity shall be prepared by the county board. All supporting documents shall be public record and subject to public examination and audit. All direct and indirect costs, as defined in the United States Office of Management and Budget Circular A-87, may be included in the determination of the costs of each service, program, and activity.

Nothing in this Section precludes a county board from adjusting amounts or allocations within a given document class flat fee as long as the document class flat fee is not increased.

The recorder shall notify the Secretary when a document suspected to be fraudulent is discovered.

In counties with a population of less than 3 million, a recorder shall provide public notice 90 days before the establishment of the fraud referral and review process. The notice shall include a statement of the recorder's intent to create a fraud referral and review process and shall be published in a newspaper of general circulation in the county and, if feasible, posted on the recorder's website and at the recorder's office or offices.

In determining whether to refer a document to an administrative law judge for review, a recorder may take into consideration any of the following factors:

(1) whether the owner of the property or his or her designated representative has reported to the recorder that another individual is attempting or has attempted to record a fraudulent deed or other instrument upon the property;

(2) whether a law enforcement official has contacted the recorder indicating that he or she has probable cause to suspect title or recording fraud;

(3) whether the filer's name has a copyright attached to it or the property owner's name has nonstandard punctuation attached to it;

(4) whether the documents assert fines that do not exist or have no basis under current law or that require payment in gold or silver;

(5) whether the documents are maritime liens, or liens under the Federal Maritime Lien Act or the Preferred Ship Mortgage Act, or not authorized by the United States Coast Guard;

(6) whether the documents are land patents not authorized and certified by the United States Department of the Interior Bureau of Land Management;

(7) whether the documents are representing that the subject of the lien is releasing itself from a lien held by another entity, with no apparent cooperation or authorization provided by the lienholder;

New matter indicated by italics - deletions by strikeout
(8) whether the documents are protesting or disputing a foreclosure proceeding that are not filed within the foreclosure suit and with the court presiding over the matter;
(9) whether the documents are Uniform Commercial Code filings referencing birth certificates or other private records that are not in compliance with Section 9-501 of the Uniform Commercial Code;
(10) whether the documents are re-recording deeds to re-notarize or attach notary certification if prior notarization already appears unaltered on the document of record;
(11) whether the documents are asserting diplomatic credentials or immunity, non-United States citizenship, or independence from the laws of the United States;
(12) whether the documents are claims that a bank cannot hold title after a foreclosure;
(13) whether the documents are deeds not properly signed by the last legal owner of record or his or her court appointed representative or attorney-in-fact under a power of attorney;
(14) whether the documents are manipulated or altered federal or State legal or court forms that release a lien;
(15) whether a document is not related to a valid existing or potential adverse transaction, existing lien, or judgment of a court of competent jurisdiction;
(16) a document that is not related to a valid existing or potential commercial or financial transaction, existing agricultural or other lien, or judgment of a court of competent jurisdiction;
(17) whether the document is filed with the intent to harass or defraud the person identified in the record or any other person;
(18) whether the document is filed with the intent to harass or defraud any member of a governmental office, including, but not limited to, the recorder's office, local government offices, the State of Illinois, or the Federal government; and
(19) whether the documents are previous court determinations, including a previous determination by a court of competent jurisdiction that a particular document is fraudulent, invalid, or forged.
(d) Determinations. If a recorder determines, after review by legal staff and counsel, that a deed or instrument that is recorded in the grantor's index or the grantee's index may be fraudulent, unlawfully altered, or

New matter indicated by italics - deletions by strikeout
intended to unlawfully cloud or transfer the title of any real property, he or she shall refer the deed or instrument to an administrative law judge for review pursuant to subsection (g) of this Section. The recorder shall record a Notice of Referral in the grantor's index or the grantee's index identifying the document, corresponding document number in question, and the date of referral. The recorder shall also notify the parties set forth in subsection (e) of this Section. The recorder may, at his or her discretion, notify law enforcement officials regarding a filing determined to be fraudulent, unlawfully altered, or intended to unlawfully cloud or transfer the title of any real property.

(e) Notice. The recorder shall use county property tax records to identify and provide notice to the last owner of record by telephone, if available, and certified mail both when: (1) a deed or instrument has been referred for review and determination; and (2) a final determination has been made regarding the deed or instrument. Notice, by mail, shall also be sent to the physical address of the property associated with the deed or instrument.

(f) Administrative decision. The recorder's decision to add a Notice of Referral and refer a document for review is a final administrative decision that is subject to review by the circuit court of the county where the real property is located under the Administrative Review Law. The standard of review by the circuit court shall be de novo.

(g) Referral and review process. Prior to referral, the recorder shall notify the last owner of record of the document or documents suspected to be fraudulent. The person, entity, or legal representative thereof shall confirm in writing his or her belief that a document or documents are suspected to be fraudulent and may request that the recorder refer the case for review. Upon request, the recorder shall bring a case to its county department of administrative hearings and, within 10 business days after receipt, an administrative law judge shall schedule a hearing to occur no later than 30 days after receiving the referral. The referral and case shall clearly identify the person, persons, or entity believed to be the last true owner of record as the petitioner. Notice of the hearing shall be provided by the administrative law judge to the filer, or the party represented by the filer, of the suspected fraudulent document, the legal representative of the recorder of deeds who referred the case, and the last owner of record, as identified in the referral.

If clear and convincing evidence shows the document in question to be fraudulent, the administrative law judge shall rule the document to be
fraudulent and forward the judgment to all the parties identified in this subsection. Upon receiving notice of the judgment of fraud, the recorder shall, within 5 business days, record a new document that includes a copy of the judgment in front of the Notice of Referral that shall clearly state that the document in question has been found to be fraudulent and shall not be considered to affect the chain of title of the property in any way.

If the administrative law judge finds the document to be legitimate, the recorder shall, within 5 business days after receiving notice, record a copy of the judgment.

A decision by an administrative law judge shall not preclude a State's attorney or sheriff from proceeding with a criminal investigation or criminal charges. If a county does not have an administrative law judge that specializes in public records, one shall be appointed within 3 months after the effective date of this amendatory Act of the 98th General Assembly, or the original case shall be forwarded to the proper circuit court with jurisdiction.

Nothing in this Section precludes a private right of action by any party with an interest in the property affected by the review and referral, or the filer of the document or documents suspected to be fraudulent. Nothing in this Section requires a person or entity who may have had a fraudulent document or encumbrance filed against his or her property to use the fraud review and referral process or administrative review created by this Section.

(h) Fees. The recorder shall retain any filing fees associated with filing a deed or instrument that is determined to be fraudulent, unlawfully altered, or intended to unlawfully cloud or transfer the title of any real property under this Section.

(i) Liability. Neither a recorder nor any of his or her employees or agents shall be subject to personal liability by reason of any error or omission in the performance of any duty under this Section, except in case of willful or wanton conduct. Neither the recorder nor any of his or her employees shall incur liability for the referral or review, or failure to refer or review, a document or instrument under this Section.

(j) Applicability. This Section applies only to filings provided to the recorder on and after the effective date of this amendatory Act of the 98th General Assembly.

(k) (Blank). This Section is repealed June 1, 2018.

Sec. 1.5. Application for license; application fees; disclosure of fees, charges, and commissions; investigation of applicants; renewal of license; changes in structure and management of licensees.

(a) The applicant for a license shall furnish to the Department the following:

(1) An affidavit stating that he has never been a party to any fraud, has no jail or prison record, belongs to no subversive societies, is of good moral character, has business integrity and is financially responsible. In determining moral character and qualification for licensing, the Department may take into consideration any criminal conviction of the applicant, but such a conviction shall not operate as a bar to licensing.

(2) A completed application, on a form provided by the Department, that includes the name of the person, corporation, or other entity applying for the license; the location at which the person intends to conduct business; the type of employment services provided; and a disclosure of any other pecuniary interests held by the entity applying for the license.

(3) An application fee. The Director shall adopt rules to establish a schedule of fees for application for a license. The application fee is nonrefundable.

(4) A schedule of fees, charges, and commissions, which the employment agency intends to charge and collect for its services, together with a copy of all forms and contracts that the agency intends to be used in the operation of the agency. Such

New matter indicated by italics - deletions by strikeout
schedule of fees, charges, and commissions may thereafter be changed by filing with the Department an amended or supplemental schedule showing such changes at least 15 days before such change is to become effective. Any change in forms or contracts must be filed with the Department of Labor at least 15 days before such change is going to become effective. Such schedule of fees to be charged shall be posted in a conspicuous place in each room of such an agency where applicants are interviewed, in not less than 30 point bold-faced type. Agencies which deal exclusively with employer paid fees shall not be required to post said schedule of fees. The Department may by rule require contracts to contain definitions of terms used in such contracts to eliminate ambiguity.

It shall be unlawful for any employment agency to charge, collect, or receive a greater compensation for any service performed by it than is specified in the schedule filed with the Department. It shall be unlawful for any employment agency to collect or attempt to collect any compensation for any service not specified in the schedule of fees filed with the Department.

(b) Upon the filing of such application and supporting documentation, the Department shall cause an investigation to be made as to the character and the business integrity and financial responsibility of the applicant and those mentioned in the application, and as to the fitness of the premises to be used. The application shall be rejected if the Department finds that any of the persons named in the application fail to demonstrate good moral character, business integrity and financial responsibility, if the premises are unfit, or if there is any good and sufficient reason within the meaning and purpose of this Act for rejecting such application. Unless the application shall be rejected for one or more of the causes specified above, it shall be granted. A detailed report of such investigation and the action taken thereon shall be made in writing, signed by the investigator, and become a part of the official records of the Department. When, at the time of filing the application, the applicant or any person mentioned in the application is employed as an employment counselor by a licensed employment agency in this State, the Department shall notify the agency of this fact.

(c) Once issued, a license may be renewed annually by furnishing the Department the required application fee, a letter from a surety stating that a sufficient bond is in force, and other documents necessary to

complete the renewal. Failure to renew a license at its expiration date shall cause the license to lapse and it may only be reinstated by a new application.

(d) No license shall be transferrable, but a licensee may, with the approval of the Department, make changes in the structure of the business entity operating the agency, but no licensee shall permit any person not mentioned in the original application for a license to become a partner if such agency is a partnership, or an officer of the corporation if such agency is a corporation, unless the written consent of the Department of Labor shall first be obtained. Such consent may be withheld for any reason for which an original application might have been rejected, if the person in question had been mentioned therein. No such change shall be permitted until the written consent of the surety or sureties on the bond required to be filed by Section 2 of this Act, to such change, is filed with the original bond. The Department shall be notified immediately of any change in the management of the agency so that at all times the identity of the person charged with the general management of the agency shall be known by the Department. A licensee may promote persons within its agency or change the titles and duties of existing agency personnel, other than the general manager, without notice to the Department.

(Source: P.A. 99-422, eff. 1-1-16.)

(225 ILCS 515/4) (from Ch. 111, par. 904)

Sec. 4. It shall be unlawful for any person to act as an employment counselor, or to advertise, or assume to act as an employment counselor, without first obtaining a license as such employment counselor, from the Department of Labor. It shall be unlawful for any person to engage in, operate or carry on the business of an employment agency unless each employee of such agency, who furnishes information to any person as to where employees or employment may be obtained or found, is a licensed employment counselor. Where the license to conduct an employment agency is issued to a corporation and any officer of the corporation performs any function defined as those to be performed by an employment counselor, he shall be considered an employee of the corporation and shall be required to secure a license as an employment counselor.

Every person who desires to obtain a license, as employment counselor, shall apply therefor to the Department of Labor, in writing, upon application blanks prepared and furnished by the Department of Labor. Each applicant shall set out in said application

New matter indicated by italics - deletions by strikeout
blanks such information as the Department may require, and said applications shall be accompanied by a permit fee of $50 and the affidavits of two persons of business or professional integrity. Such affiants shall state that they have known the applicant for a period of two years and that the applicant is a person of good moral character.

The Department shall issue to such person a temporary permit to act as an employment counselor which permit shall be valid for 90 days pending examination of such person when:

(a) the applicant is employed by an employment agency, and the application states the name and address of such employment agency; and

(b) the applicant declares under oath his intention that he will complete the examination for the employment agency counselor's license on a date scheduled for such examination by the Department of Labor within 60 days of the date of application.

Commencing January 1, 1974 the Department shall not issue a license to act as an employment counselor to any person not previously licensed as such employment counselor on such date unless he has taken and successfully completed a written examination based upon this Act. The Department of Labor shall conduct such examination at such times and places as it shall determine, but not less than once each month. The examination shall test the applicant's knowledge of the employment agency law, pertinent labor laws and laws against discrimination in employment. Upon successful completion of the written examination and providing the requirements of this Section are met, the Department shall issue a license to act as an employment counselor and no additional licensing fee shall be required.

In the event of failure to appear for the examination as scheduled or if the applicant appears and fails to pass, such person shall pay a fee of $10 for rescheduling at a later date. No person may be rescheduled for examination more than twice in any calendar year except in the event that he has failed to appear for examination and such failure to appear was not willful but was the result of illness of the applicant or a member of his immediate family or of some other emergency.

The Department of Labor may require such other proof as to the honesty, truthfulness and integrity of the applicant, as may be deemed necessary and desirable. If the applicant is shown to be honest, truthful and of known integrity, and has successfully completed the written examination required under this Section, the Department of Labor shall issue a license, which license shall set out the true name and address of the

New matter indicated by italics - deletions by strikeout
applicant, the name of the Employment agency by whom he is employed, and such additional information as the Department may prescribe. The license issued shall authorize the person named therein to act as an employment **counselor**. Such license may be renewed at the end of each year by the payment of a renewal fee of $25.

The applicant must furnish satisfactory proof to the Department that he has never been a party to any fraud, has no jail record, belongs to no subversive societies and is of good moral character and business integrity.

In determining honesty, truthfulness, integrity, moral character and business integrity under this Section, the Department may take into consideration any felony conviction of the applicant, but such a conviction shall not operate as a bar to licensing.

The license of the employment **counselor** shall be mailed to the employment agency by which he is employed, and shall be kept in the office of such agency and produced for inspection by any agent of the Department of Labor, at any time during business hours.

The Department of Labor, upon its own motion, or upon the filing of a verified complaint with the department, by any person, accompanied by such evidence, documentary or otherwise, as makes out a prima facie case that the licensee is unworthy to hold a license, shall notify the employment **counselor** in writing that the question of his honesty, truthfulness, integrity, moral character, business integrity or felony conviction is to be reopened and determined, de novo. This notice shall be served by delivering a copy to the licensed person, or by mailing a copy to him, by registered mail, at his last known business address. Thereupon, the Department of Labor shall require further proof of the licensee's honesty, truthfulness, integrity, moral character and business integrity, and if the proof is not satisfactory to the Department of Labor, it shall revoke his license.

If any employment **counselor** is discharged or terminates his employment with the agency by which he is employed, such agency shall immediately deliver, or forward by mail, the employment **counselor's** license, to the Department of Labor, together with the reasons for his discharge, if he was discharged. Failure to state that the employment **counselor** was discharged will be conclusively presumed to indicate that he terminated his services voluntarily. Thereafter, it shall be unlawful for the employment **counselor**
to exercise any rights or privileges under such license, unless the Department of Labor transfers his license to another employment agency.

Each employment counselor shall notify the Department of Labor of any change in his residence address. Failure to give such notice shall automatically work a revocation of his license.

The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

Any person who violates any provisions of this section or who testifies falsely as to any matter required by the provisions of this section or of this Act, is guilty of a Class B misdemeanor.

(225 ILCS 515/5) (from Ch. 111, par. 905)

Sec. 5. No such licensee shall charge a registration fee without having first obtained a permit to charge such registration fee from the Department of Labor. Any such licensee desiring to charge a registration fee shall make application in writing to the Department of Labor, and shall set out in the application the type of applicants from whom they intend to accept a registration fee, the amount of the fee to be charged, and shall furnish any other information on the subject that the Department of Labor may deem necessary to enable it to determine whether the agency's business methods and past record entitle the agency to a permit.

It is the duty of the Department of Labor to make an investigation, upon receipt of the application, as to the truthfulness of the application and the necessity of the charge of a registration fee; and if it is shown that the agency's method of doing business is of such a nature that a permit to charge a registration fee is necessary, and that the agency's record has been reasonable and fair, then the Department of Labor shall grant a permit to such agency. Such permit shall remain in force until revoked for cause. No permit shall be granted until after 10 days from the date of filing of the application.

When a permit is granted, such licensed person may charge a registration fee not to exceed $4. In all such cases a complete record of all such registration fees and references of applicants shall be kept on file, which record shall, during all business hours, be open for the inspection of the Department of Labor. It is the duty of such licensee to communicate in

New matter indicated by italics - deletions by strikeout
writing with at least 2 of the persons mentioned as reference by every applicant from whom a registration fee is accepted. Failure on the part of a licensee to make such investigation shall be deemed cause to revoke the permit to charge a registration fee. For such registration fee a receipt shall be given to the applicant for employees or employment, and shall state therein the name of such applicant, date and amount of payment, the character of position or employee applied for, and the name and address of such agency. If no position has been furnished by the licensed agency to the applicant, then the registration fee shall be returned to the applicant on demand after 30 days and within 6 months from the date of receipt thereof, less the amount that has been actually expended by the licensee in checking the references of the applicant, and an itemized account of such expenditures shall be presented to the applicant on request at the time of returning the unused portion of such registration fee.

Any such permit granted by the Department of Labor may be revoked by it upon due notice to the holder of said permit and due cause shown and hearing thereon.

No such licensee shall, as a condition to registering or obtaining employment for such applicant, require such applicant to subscribe to any publication or to any postal card service, or advertisement, or exact any other fees, compensation or reward, (except that in the case of applicants for positions paying salaries of $5,000 or more per annum, where the agency has secured from the Department of Labor a permit to furnish a letter service in accordance with regulations of the department governing the furnishing of such service, a special fee not to exceed $250, to be credited on the fee charged for any placement resulting from such letter service, may be charged for furnishing such letter service) other than the aforesaid registration fee and a further fee, called a placement fee, the amount of which shall be agreed upon between such applicant and such licensee to be payable at such time as may be agreed upon in writing. The employment agency shall furnish to each applicant a copy of any contract or any form he signs with the agency regarding the method of payment of the placement or employment service fee. Such contract or form shall contain the name and address of such agency, and such other information as the Department of Labor may deem proper. The contract or form or copy thereof furnished the applicant must state immediately above, below or close to the place provided for the signature of the applicant that he has received a copy of the contract or form and his signature shall acknowledge receipt thereof. The placement or employment service fee

New matter indicated by italics - deletions by strikeout
shall not be received by such licensee before the applicant has accepted a position tendered by the employer. A copy of each contract or other form to which the applicant becomes a party with the licensee shall be given to the applicant by the licensee at the time of executing such contract or document and on any such form on which the word acceptance appears, and such contract or other form shall have the definition of acceptance as defined by this Act printed in not less than 10 point type immediately following the word acceptance. In the event the position so tendered is not accepted by or given to such applicant, the licensee shall refund all fees paid other than the registration fee and special fee aforesaid, within 3 days of demand therefor. The fee charged for placing an applicant in domestic service shall be a single fee for each placement and shall be based upon the applicant's compensation or salary for a period not to exceed one year.

No such licensee shall send out any applicant for employment unless the licensee has a bona fide job order for such employment and the job order is valid in accordance with the renewal requirements of Section 3 of this Act. If no position of the kind applied for was open at the place where the applicant was directed, then the licensee shall refund to such applicant on demand any sum paid or expended by the applicant for transportation in going to and returning from the place, and all fees paid by the applicant. However, in the event a substitute position is taken, the fee to be charged shall be computed on the salary agreed upon for such position.

In addition to the receipt herein provided to be given for a registration fee, it shall be the duty of such licensee to give to every applicant for employment or employees from whom other fee, or fees shall be received, an additional receipt in which shall be stated the name of the applicant, the amount paid and the date of payment. All such receipts shall be in duplicate, numbered consecutively, shall contain the name and address of such agency, and such other information as the Department of Labor may deem proper. The duplicate receipt shall be kept on file in the agency for at least one year.

Every such licensee shall give to every applicant, who is sent out for a job or for an interview with a prospective employer, a card or printed paper or letter of introduction which shall be called a "referral slip" containing the name of the applicant, the name and address of the employer to whom the applicant is sent for employment, the name and address of the agency, the name of the person referring the applicant, and the probable duration of the work, whether temporary or permanent. The
referral slip shall contain a blank space in which the employment 
counselor shall insert and specify in a prominent and legible manner whether the employment service fee is to be paid by the applicant or by the employer, or in the case of a split-fee, the percentage of the fee to be paid by the applicant and the percentage of the fee to be paid by the employer, or shall state whether the fee is to be negotiable between the employer and the employee. A duplicate of all such referral slips shall be kept on file in the agency for a period of one year. In the event that the applicant is referred to a job or to a prospective employer by telephone or telegraph, the referral slip shall be mailed to the applicant and to the prospective employer before the close of the business day on which the telephoned or telegraphed referral was given. No person shall be sent out for a job or to interview a prospective employer unless he has been personally interviewed by the agency or has corresponded with the agency with the purpose of securing employment.

If the employer pays the fee, and the employee fails to remain in the position for a period of 30 days, such licensee shall refund to the employer all fees, less an amount equal to 25% of the total salary or wages paid such employee during the period of such employment, within 3 days after the licensed person has been notified of the employee's failure to remain in the employment, provided such 25% does not exceed the amount charged for a permanent position of like nature.

If the employee pays the fee and is discharged at any time within 30 days for any reason other than intoxication, dishonesty, unexcused tardiness, unexcused absenteeism or insubordination, or otherwise fails to remain in the position for a period of 30 days, through no fault of his own, such licensee shall refund to the employee all fees less an amount equal to 25% of the total salary or wages paid such employee during the period of such employment within 3 days of the time such licensee has been notified of the employee's failure to remain in the employment, provided the 25% does not exceed the charge for a permanent position of like nature. All refunds shall be in cash or negotiable check.

If the employee has promised his prospective employer to report to work at a definite time and place and then fails to report to work, such circumstances shall be considered prima facie evidence that the employee has accepted the employment offered.

Where a dispute concerning a fee exists, the department may conduct a hearing to determine all facts concerning the dispute and shall
after such hearing make such recommendations concerning such dispute as shall be reasonable.

Every such licensee shall post in a conspicuous place in the main room of the agency sections of this Act as required by the Department of Labor, to be supplied by the Department of Labor, and shall also post his license in the main room of the agency.

Every such licensee shall furnish the Department of Labor, under rules to be prescribed by such Department, annual statements showing the number and character of placements made.

Sec. 312. Requirements for dispensing controlled substances.

(a) A practitioner, in good faith, may dispense a Schedule II controlled substance, which is a narcotic drug listed in Section 206 of this Act; or which contains any quantity of amphetamine or methamphetamine, their salts, optical isomers or salts of optical isomers; phenmetrazine and its salts; or pentazocine; and Schedule III, IV, or V controlled substances to any person upon a written or electronic prescription of any prescriber, dated and signed by the person prescribing (or electronically validated in compliance with Section 311.5) on the day when issued and bearing the name and address of the patient for whom, or the owner of the animal for which the controlled substance is dispensed, and the full name, address and registry number under the laws of the United States relating to controlled substances of the prescriber, if he or she is required by those laws to be registered. If the prescription is for an animal it shall state the species of animal for which it is ordered. The practitioner filling the prescription shall, unless otherwise permitted, write the date of filling and his or her own signature on the face of the written prescription or, alternatively, shall indicate such filling using a unique identifier as defined in paragraph (v) of Section 3 of the Pharmacy Practice Act. The written prescription shall be retained on file by the practitioner who filled it or pharmacy in which the prescription was filled for a period of 2 years, so as to be readily accessible for inspection or removal by any officer or employee engaged in the enforcement of this Act. Whenever the practitioner's or pharmacy's copy of any prescription is removed by an officer or employee engaged in the enforcement of this Act, for the purpose of investigation or as evidence, such officer or employee shall give to the practitioner or pharmacy a receipt in lieu thereof. If the specific

prescription is machine or computer generated and printed at the prescriber's office, the date does not need to be handwritten. A prescription for a Schedule II controlled substance shall not be issued for more than a 30 day supply, except as provided in subsection (a-5), and shall be valid for up to 90 days after the date of issuance. A written prescription for Schedule III, IV or V controlled substances shall not be filled or refilled more than 6 months after the date thereof or refilled more than 5 times unless renewed, in writing, by the prescriber. A pharmacy shall maintain a policy regarding the type of identification necessary, if any, to receive a prescription in accordance with State and federal law. The pharmacy must post such information where prescriptions are filled.

(a-5) Physicians may issue multiple prescriptions (3 sequential 30-day supplies) for the same Schedule II controlled substance, authorizing up to a 90-day supply. Before authorizing a 90-day supply of a Schedule II controlled substance, the physician must meet the following conditions:

1. Each separate prescription must be issued for a legitimate medical purpose by an individual physician acting in the usual course of professional practice.
2. The individual physician must provide written instructions on each prescription (other than the first prescription, if the prescribing physician intends for the prescription to be filled immediately) indicating the earliest date on which a pharmacy may fill that prescription.
3. The physician shall document in the medical record of a patient the medical necessity for the amount and duration of the 3 sequential 30-day prescriptions for Schedule II narcotics.

(b) In lieu of a written prescription required by this Section, a pharmacist, in good faith, may dispense Schedule III, IV, or V substances to any person either upon receiving a facsimile of a written, signed prescription transmitted by the prescriber or the prescriber's agent or upon a lawful oral prescription of a prescriber which oral prescription shall be reduced promptly to writing by the pharmacist and such written memorandum thereof shall be dated on the day when such oral prescription is received by the pharmacist and shall bear the full name and address of the ultimate user for whom, or of the owner of the animal for which the controlled substance is dispensed, and the full name, address, and registry number under the law of the United States relating to controlled substances of the prescriber prescribing if he or she is required by those laws to be so registered, and the pharmacist filling such oral

prescription shall write the date of filling and his or her own signature on the face of such written memorandum thereof. The facsimile copy of the prescription or written memorandum of the oral prescription shall be retained on file by the proprietor of the pharmacy in which it is filled for a period of not less than two years, so as to be readily accessible for inspection by any officer or employee engaged in the enforcement of this Act in the same manner as a written prescription. The facsimile copy of the prescription or oral prescription and the written memorandum thereof shall not be filled or refilled more than 6 months after the date thereof or be refilled more than 5 times, unless renewed, in writing, by the prescriber.

(c) Except for any non-prescription targeted methamphetamine precursor regulated by the Methamphetamine Precursor Control Act, a controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose and not for the purpose of evading this Act, and then:

(1) only personally by a person registered to dispense a Schedule V controlled substance and then only to his or her patients, or

(2) only personally by a pharmacist, and then only to a person over 21 years of age who has identified himself or herself to the pharmacist by means of 2 positive documents of identification.

(3) the dispenser shall record the name and address of the purchaser, the name and quantity of the product, the date and time of the sale, and the dispenser’s signature.

(4) no person shall purchase or be dispensed more than 120 milliliters or more than 120 grams of any Schedule V substance which contains codeine, dihydrocodeine, or any salts thereof, or ethylmorphine, or any salts thereof, in any 96 hour period. The purchaser shall sign a form, approved by the Department of Financial and Professional Regulation, attesting that he or she has not purchased any Schedule V controlled substances within the immediately preceding 96 hours.

(5) (Blank).

(6) all records of purchases and sales shall be maintained for not less than 2 years.

(7) no person shall obtain or attempt to obtain within any consecutive 96 hour period any Schedule V substances of more than 120 milliliters or more than 120 grams containing codeine, dihydrocodeine or any of its salts, or ethylmorphine or any of its

salts. Any person obtaining any such preparations or combination of preparations in excess of this limitation shall be in unlawful possession of such controlled substance.

(8) a person qualified to dispense controlled substances under this Act and registered thereunder shall at no time maintain or keep in stock a quantity of Schedule V controlled substances in excess of 4.5 liters for each substance; a pharmacy shall at no time maintain or keep in stock a quantity of Schedule V controlled substances as defined in excess of 4.5 liters for each substance, plus the additional quantity of controlled substances necessary to fill the largest number of prescription orders filled by that pharmacy for such controlled substances in any one week in the previous year. These limitations shall not apply to Schedule V controlled substances which Federal law prohibits from being dispensed without a prescription.

(9) no person shall distribute or dispense butyl nitrite for inhalation or other introduction into the human body for euphoric or physical effect.

(d) Every practitioner shall keep a record or log of controlled substances received by him or her and a record of all such controlled substances administered, dispensed or professionally used by him or her otherwise than by prescription. It shall, however, be sufficient compliance with this paragraph if any practitioner utilizing controlled substances listed in Schedules III, IV and V shall keep a record of all those substances dispensed and distributed by him or her other than those controlled substances which are administered by the direct application of a controlled substance, whether by injection, inhalation, ingestion, or any other means to the body of a patient or research subject. A practitioner who dispenses, other than by administering, a controlled substance in Schedule II, which is a narcotic drug listed in Section 206 of this Act, or which contains any quantity of amphetamine or methamphetamine, their salts, optical isomers or salts of optical isomers, pentazocine, or methaqualone shall do so only upon the issuance of a written prescription blank or electronic prescription issued by a prescriber.

(e) Whenever a manufacturer distributes a controlled substance in a package prepared by him or her, and whenever a wholesale distributor distributes a controlled substance in a package prepared by him or her or the manufacturer, he or she shall securely affix to each package in which that substance is contained a label showing in legible English the name

and address of the manufacturer, the distributor and the quantity, kind and form of controlled substance contained therein. No person except a pharmacist and only for the purposes of filling a prescription under this Act, shall alter, deface or remove any label so affixed.

(f) Whenever a practitioner dispenses any controlled substance except a non-prescription Schedule V product or a non-prescription targeted methamphetamine precursor regulated by the Methamphetamine Precursor Control Act, he or she shall affix to the container in which such substance is sold or dispensed, a label indicating the date of initial filling, the practitioner's name and address, the name of the patient, the name of the prescriber, the directions for use and cautionary statements, if any, contained in any prescription or required by law, the proprietary name or names or the established name of the controlled substance, and the dosage and quantity, except as otherwise authorized by regulation by the Department of Financial and Professional Regulation. No person shall alter, deface or remove any label so affixed as long as the specific medication remains in the container.

(g) A person to whom or for whose use any controlled substance has been prescribed or dispensed by a practitioner, or other persons authorized under this Act, and the owner of any animal for which such substance has been prescribed or dispensed by a veterinarian, may lawfully possess such substance only in the container in which it was delivered to him or her by the person dispensing such substance.

(h) The responsibility for the proper prescribing or dispensing of controlled substances that are under the prescriber's direct control is upon the prescriber. The responsibility for the proper filling of a prescription for controlled substance drugs rests with the pharmacist. An order purporting to be a prescription issued to any individual, which is not in the regular course of professional treatment nor part of an authorized methadone maintenance program, nor in legitimate and authorized research instituted by any accredited hospital, educational institution, charitable foundation, or federal, state or local governmental agency, and which is intended to provide that individual with controlled substances sufficient to maintain that individual's or any other individual's physical or psychological addiction, habitual or customary use, dependence, or diversion of that controlled substance is not a prescription within the meaning and intent of this Act; and the person issuing it, shall be subject to the penalties provided for violations of the law relating to controlled substances.

New matter indicated by italics - deletions by strikeout
(i) A prescriber shall not pre-print or cause to be pre-printed a prescription for any controlled substance; nor shall any practitioner issue, fill or cause to be issued or filled, a pre-printed prescription for any controlled substance.

(i-5) A prescriber may use a machine or electronic device to individually generate a printed prescription, but the prescriber is still required to affix his or her manual signature.

(j) No person shall manufacture, dispense, deliver, possess with intent to deliver, prescribe, or administer or cause to be administered under his or her direction any anabolic steroid, for any use in humans other than the treatment of disease in accordance with the order of a physician licensed to practice medicine in all its branches for a valid medical purpose in the course of professional practice. The use of anabolic steroids for the purpose of hormonal manipulation that is intended to increase muscle mass, strength or weight without a medical necessity to do so, or for the intended purpose of improving physical appearance or performance in any form of exercise, sport, or game, is not a valid medical purpose or in the course of professional practice.

(k) Controlled substances may be mailed if all of the following conditions are met:

1. The controlled substances are not outwardly dangerous and are not likely, of their own force, to cause injury to a person's life or health.
2. The inner container of a parcel containing controlled substances must be marked and sealed as required under this Act and its rules, and be placed in a plain outer container or securely wrapped in plain paper.
3. If the controlled substances consist of prescription medicines, the inner container must be labeled to show the name and address of the pharmacy or practitioner dispensing the prescription.
4. The outside wrapper or container must be free of markings that would indicate the nature of the contents.

(l) Notwithstanding any other provision of this Act to the contrary, emergency medical services personnel may administer Schedule II, III, IV, or V controlled substances to a person in the scope of their employment without a written, electronic, or oral prescription of a prescriber.

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 3-109.1, 3-124.1, and 7-109 and by adding Section 3-109.4 as follows:

(40 ILCS 5/3-109.1) (from Ch. 108 1/2, par. 3-109.1)
Sec. 3-109.1. Chief of police.
(a) Except as provided in subsection (a-5), beginning January 1, 1990, any person who is employed as the chief of police of a "participating municipality" as defined in Section 7-106 of this Code, may elect to participate in the Illinois Municipal Retirement Fund rather than in a fund created under this Article 3. Except as provided in subsection (b), this election shall be irrevocable, and shall be filed in writing with the Board of the Illinois Municipal Retirement Fund.

(a-5) On or after January 1, 2019, a person may not elect to participate in the Illinois Municipal Retirement Fund with respect to his or her employment as the chief of police of a participating municipality, unless that person became a participating employee in the Illinois Municipal Retirement Fund before January 1, 2019.

(b) Until January 1, 1999, a chief of police who has elected under this Section to participate in IMRF rather than a fund created under this Article may elect to rescind that election and transfer his or her participation to the police pension fund established under this Article by the employing municipality. The chief must notify the boards of trustees of both funds in writing of his or her decision to rescind the election and transfer participation. A chief of police who transfers participation under this subsection (b) shall not be deemed ineligible to participate in the police pension fund by reason of having failed to apply within the 3-month period specified in Section 3-106.

(40 ILCS 5/3-109.4 new)
Sec. 3-109.4. Defined contribution plan for certain police officers.

New matter indicated by italics - deletions by strikeout
(a) Each municipality shall establish a defined contribution plan that aggregates police officer and employer contributions in individual accounts used for retirement. The defined contribution plan, including both police officer and employer contributions, established by the municipality must, at a minimum: meet the safe harbor provisions of the Internal Revenue Code of 1986, as amended; be a qualified plan under the Internal Revenue Code of 1986, as amended; and comply with all other applicable laws, rules, and regulations. Contributions shall vest immediately upon deposit in the police officer's account. A police officer who participates in the defined contribution plan under this Section may not earn creditable service or otherwise participate in the defined benefit plan offered by his or her employing municipality, except as an annuitant in another fund or as a survivor, while he or she is a participant in the defined contribution plan. The defined contribution plan under this Section shall not be construed to be a pension, annuity, or other defined benefit under this Code.

(b) If a police officer who has more than 10 years of creditable service in a fund enters active service with a different municipality, he or she may elect to participate in the defined contribution plan under this Section in lieu of the defined benefit plan.

A police officer who has elected under this subsection to participate in the defined contribution plan may, in writing, rescind that election in accordance with the rules of the board. Any employer contributions, and the earnings thereon, shall remain vested in the police officer's account. A police officer who rescinds the election may begin participating in the defined benefit plan on the first day of the month following the rescission.

(c) As used in this Section, "defined benefit plan" means the retirement plan available to police officers under this Article who do not participate in the defined contribution plan under this Section.

Sec. 3-124.1. Re-entry into active service.

(a) If a police officer who is receiving pension payments other than as provided in Section 3-109.3 re-enters active service, pension payment shall be suspended while he or she is in service. When he or she again retires, pension payments shall be resumed. If the police officer remains in service after re-entry for a period of less than 5 years, the pension shall be the same as upon first retirement. If the officer's service after re-entry is at least 5 years and the officer makes the required contributions during the
period of re-entry, his or her pension shall be recomputed by taking into account the additional period of service and salary.

(b) If a police officer who first becomes a member on or after January 1, 2019 is receiving pension payments (other than as provided in Section 3-109.3) and re-enters active service with any municipality that has established a pension fund under this Article, that police officer may continue to receive pension payments while he or she is in active service, but shall only participate in a defined contribution plan established by the municipality pursuant to Section 3-109.4 and may not establish creditable service in the pension fund established by that municipality or have his or her pension recomputed.

(b) Serves as a township treasurer appointed under the School Code, as heretofore or hereafter amended, and who receives for such services regular compensation as distinguished from per diem compensation, and any regular employee in the office of any township treasurer whether or not his earnings are paid from the income of the permanent township fund or from funds subject to distribution to the several school districts and parts of school districts as provided in the School Code, or from both such sources; or is the chief executive officer, chief educational officer, chief fiscal officer, or other employee of a Financial Oversight

If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of sealing, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for sealing.

(e-6) Whenever a person who has been convicted of an offense is granted a certificate of eligibility for expungement by the Prisoner Review Board which specifically authorizes expungement, he or she may, upon

All records sealed by the Department may be disseminated by the Department only as required by this Act or to the arresting authority, a law enforcement agency, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all expunged records of the Department pertaining to that individual. Upon entry of the order of expungement, the circuit court clerk shall promptly mail a copy of the order to the person who was granted the certificate of eligibility for expungement.

(f) Subject to available funding, the Illinois Department of Corrections shall conduct a study of the impact of sealing, especially on employment and recidivism rates, utilizing a random sample of those who apply for the sealing of their criminal records under Public Act 93-211. At the request of the Illinois Department of Corrections, records of the Illinois Department of Employment Security shall be utilized as appropriate to assist in the study. The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. The study shall be made available to the General Assembly no later than September 1, 2010.

Under Section 2-1203 of the Code of Civil Procedure, the petitioner, State's Attorney, or the Department of State Police may file a motion to vacate, modify, or reconsider the order denying the petition to immediately seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure.

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by 730 ILCS 5/5-1-3) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. An order of supervision or an order of qualified probation that is terminated unsatisfactorily is a conviction, unless the unsatisfactory termination is reversed, vacated, or modified and the judgment of conviction, if any, is reversed or vacated.

(D) "Criminal offense" means a petty offense, business offense, misdemeanor, felony, or municipal ordinance violation (as defined in subsection (a)(1)(H)). As used in this Section, a minor traffic offense (as defined in subsection (a)(1)(G)) shall not be considered a criminal offense.

(F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was
imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

For the purpose of this Section, "successful completion" of an order of qualified probation under Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act and Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act means that the probation was terminated satisfactorily and the judgment of conviction was vacated.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections

12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697) this amendatory Act of the 99th General Assembly, the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for that offense. The law enforcement agency shall provide by rule the process for access, review, and to confirm the automatic expungement by the law enforcement agency issuing the citation.
