filing of the petition, may not exceed 6 months. Notwithstanding any provision to the contrary contained in the Election Code, the regional superintendent of schools shall make all determinations regarding the validity of the petition, including, without limitation, signatures on the petition. Any party who is dissatisfied with the determination of the regional superintendent regarding the validity of the petition may appeal the regional superintendent's decision to the regional board of school trustees by motion, and the motion must be heard by the regional board of school trustees prior to any hearing on annexing the territory of a district being dissolved. If no opposition petition is timely filed, the regional board of school trustees shall have no authority to deny dissolution requested in a proper petition for dissolution filed under this Section subsection (b), but shall exercise its discretion in accordance with Section 7-11 of this Code on the issue of annexing the territory of a district being dissolved, giving consideration to but not being bound by the wishes expressed by the residents of the various school districts that may be affected by such annexation.

When dissolution and annexation become effective for purposes of administration and attendance as determined pursuant to Section 7-11, the positions of teachers in contractual continued service in the district being dissolved are transferred to an annexing district or to annexing districts pursuant to the provisions of subsection (h) of Section 24-11 of this Code relative to teachers having contractual continued service status whose positions are transferred from one board to the control of a different board, and those said provisions of subsection (h) of Section 24-11 of this Code shall apply to said transferred teachers. In the event that the territory is added to 2 or more districts, the decision on which positions shall be transferred to which annexing districts shall be made giving consideration to the proportionate percent of pupils transferred and the annexing districts' staffing needs, and the transfer of specific individuals into such positions shall be based upon the request of those teachers in order of seniority in the dissolving district. The contractual continued service status of any teacher thereby transferred to an annexing district is not lost and the different board is subject to this Act with respect to such transferred teacher in the same manner as if such teacher was that district's employee and had been its employee during the time such teacher was actually employed by the board of the dissolving district from which the position was transferred.

than 5 days prior to the day upon which the hearing or joint hearing is to be held.

(h-5) Except for motions and briefs challenging the validity of a petition or otherwise challenging the jurisdiction of the regional board of school trustees to conduct a hearing on a petition and except for motions and briefs related to the type of evidence the regional board of school trustees may consider under subsection (i) of this Section, no other motions, pleadings, briefs, discovery requests, or other like documents may be filed with the regional board of school trustees or served on other parties, and the regional board of school trustees shall have no authority to consider such documents, except that if a legal issue arises during a hearing, then the regional board of school trustees may, at its discretion, request briefs to be submitted to it on that issue.

(i) The regional board of school trustees shall hear evidence as to the school needs and conditions of the territory in the area within and adjacent thereto and the effect detachment will have on those needs and conditions and as to the ability of the detaching or dissolving and annexing school districts to meet the standards of recognition as prescribed by the State Board of Education, shall take into consideration the division of funds and assets that will result from the change of boundaries, and shall determine whether it is in the best interests of the schools of the area and the direct educational welfare of the pupils that such change in boundaries be granted. If non-high school territory is contained in the petition, the normal high school attendance pattern of the pupils must be taken into consideration. However, upon resolution by the regional board of school trustees, the secretary thereof shall conduct the hearing upon any boundary petition and present a transcript of such hearing to the trustees, who shall base their decision upon the transcript, maps, and information and any presentation of counsel. in the petition the normal high school attendance pattern of the children shall be taken into consideration. If the non-high school territory overlies an elementary district, a part of which is in a high school district, such territory may be annexed to such high school district even though not contiguous to the high school district. However, upon resolution by the regional board of school trustees, or regional boards of school trustees in cases of a joint hearing the secretary or secretaries thereof shall conduct the hearing or joint hearing upon any boundary petition and present a transcript of such hearing to the trustees who shall base their decision upon the transcript, maps and information and any presentation of counsel. In the instance of a change of boundaries through detachment:

(1) When considering the effect the detachment will have on the direct educational welfare of the pupils, the regional board of school trustees or the regional boards of school trustees shall consider a comparison of the school report cards for the schools of the detaching and annexing affected districts and the school district report cards for the detaching and annexing affected districts only if there is no more than a 3% difference in the minority, low-income, and English learner student populations of the relevant schools of the districts.

(2) The community of interest of the petitioners and their children and the effect detachment will have on the whole child may be considered only if the regional board of school trustees or the regional boards of school trustees first determines that there would be a significant direct educational benefit to the petitioners' children if the change in boundaries were allowed.

(3) When petitioners cite an annexing district attendance center or centers in the petition or during testimony, the regional board of school trustees or the regional boards of school trustees may consider the difference in the distances from the detaching area to the current attendance centers and the cited annexing district attendance centers only if the difference is no less than 10 miles shorter to one of the cited annexing district attendance centers than it is to the corresponding current attendance center.

(4) The regional board of school trustees or the regional boards of school trustees may not grant a petition if doing so will increase the percentage of minority or low-income students or English learners by more than 3% at the attendance center where students in the detaching territory currently attend, provided that if

the percentage of any one of those groups also decreases at that attendance center, the regional board or boards may grant the petition upon consideration of other factors under this Section and this Article.

(5) The regional board of school trustees or the regional boards of school trustees may not consider whether changing the boundaries will increase the property values of the petitioners' property.

The factors in subdivisions (1) through (5) of this subsection (i) are applicable whether or not there are children residing in the petitioning area at the time the hearing is conducted.

If the regional board of school trustees or the regional boards of school trustees grants a petition to change school district boundaries, then the annexing school district shall determine the attendance center or centers that children from the petitioning area shall attend.

(j) At the hearing, or joint hearing any resident of the territory described in the petition or any resident in any detaching, dissolving, or annexing school district or any representative of a detaching, dissolving, or annexing school district affected by the proposed change of boundaries may appear in person or by an attorney in support of the petition or to object to the granting of the petition and may present evidence in support of his or her position through either oral or written testimony.

(k) At the conclusion of the hearing, the regional superintendent of schools as secretary to the regional board of school trustees shall, within 30 days, enter an order either granting or denying the petition. The regional superintendent of schools shall deliver a certified copy of the order by certified mail, return receipt requested, to the petitioners or committee of petitioners, as applicable; the president of the school board of each detaching or dissolving and annexing district; any person providing testimony in support of or opposition to the petition at the hearing; and any attorney who appears for a person. The regional superintendent of schools shall also deliver a copy of the order to the regional superintendent of schools who has supervision and control, as defined in Section 3-14.2 of this Code, of the annexing district if different from the regional superintendent of schools with whom the petition was filed. The regional superintendent of schools is not required to send a copy of the regional board of school trustees' order to those attending the hearing but not participating. The final order shall be in writing and include findings of fact, conclusions of law, and the decision to grant or
deny the petition. At the conclusion of the hearing, other than a joint hearing, the regional superintendent of schools as ex officio member of the regional board of school trustees shall within 30 days enter an order either granting or denying the petition and shall deliver to the committee of petitioners, if any, and any person who has filed his appearance in writing at the hearing and any attorney who appears for any person and any objector who testifies at the hearing and the regional superintendent of schools a certified copy of its order.

(l) Notwithstanding the foregoing provisions of this Section, if within 12 months after a petition is submitted under the provisions of Section 7-1 of this Code the petition is not approved or denied by the regional board of school trustees and the order approving or denying that petition entered and a copy thereof served as provided in this Section, petitioners the school boards or registered voters of the districts affected that submitted the petition (or the committee of 10, or an attorney acting on its behalf, if designated in the petition) may submit a copy of the petition directly to the State Superintendent of Education for approval or denial. The copy of the petition as so submitted shall be accompanied by a record of all proceedings had with respect to the petition up to the time the copy of the petition is submitted to the State Superintendent of Education (including a copy of any notice given or published, any certificate or other proof of publication, copies of any maps or written report of the financial and educational conditions of the school districts affected if furnished by the secretary of the regional board of school trustees, copies of any amendments to the petition and stipulations made, accepted or refused, a transcript of any hearing or part of a hearing held, continued or adjourned on the petition, and any orders entered with respect to the petition or any hearing held thereon). The petitioners school boards, registered voters or committee of 10 submitting the petition and record of proceedings to the State Superintendent of Education shall give written notice by certified mail, return receipt requested, to the regional board of school trustees and to the secretary of that board and to the detaching or dissolving and annexing school districts that the petition has been submitted to the State Superintendent of Education for approval or denial; and shall furnish a copy of the notice so given to the State Superintendent of Education. The cost of assembling the record of proceedings for submission to the State Superintendent of Education shall be the responsibility of the petitioners that submit school boards, registered voters or committee of 10 that submits the petition and record of proceedings to the State Superintendent of Education.

(b) Where a minor is the victim of a predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse or criminal sexual abuse, as provided in Sections 11-1.20 through 11-1.60 of the Criminal Code of 2012, the consent of the minor's parent or legal guardian need not be obtained to authorize a hospital, physician, chiropractic physician, optometrist, advanced practice nurse, physician assistant, or other medical personnel to furnish health care services or counseling related to the diagnosis or treatment of any disease or injury arising from such offense. The minor may consent to such counseling, diagnosis or treatment as if the minor had reached his or her age of majority. Each incident of sexually transmitted disease shall be reported to the State Department of Public Health or the local board of health in accordance with regulations adopted under statute or ordinance. The consent of the minor shall be valid and binding as if the minor had achieved his or her majority. The consent shall not be voidable nor subject to later disaffirmance because of minority.

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 11-5.4 as follows:

(305 ILCS 5/11-5.4)

Sec. 11-5.4. Expedited long-term care eligibility determination and enrollment.

(a) An expedited long-term care eligibility determination and enrollment system shall be established to reduce long-term care determinations to 90 days or fewer by July 1, 2014 and streamline the long-term care enrollment process. Establishment of the system shall be a joint venture of the Department of Human Services and Healthcare and Family Services and the Department on Aging. The Governor shall name a lead agency no later than 30 days after the effective date of this amendatory Act of the 98th General Assembly to assume responsibility for the full implementation of the establishment and maintenance of the system. Project outcomes shall include an enhanced eligibility determination tracking system accessible to providers and a centralized application review and eligibility determination with all applicants reviewed within 90 days of receipt by the State of a complete application. If the Department of Healthcare and Family Services' Office of the Inspector General determines that there is a likelihood that a non-allowable transfer of assets has occurred, and the facility in which the applicant resides is notified, an extension of up to 90 days shall be permissible. On or before December 31, 2015, a streamlined application and enrollment process shall be put in place based on the following principles:

(1) Minimize the burden on applicants by collecting only the data necessary to determine eligibility for medical services, long-term care services, and spousal impoverishment offset.

(2) Integrate online data sources to simplify the application process by reducing the amount of information needed to be entered and to expedite eligibility verification.

(3) Provide online prompts to alert the applicant that information is missing or not complete.

New matter indicated by italics - deletions by strikeout
(b) The Department shall, on or before July 1, 2014, assess the feasibility of incorporating all information needed to determine eligibility for long-term care services, including asset transfer and spousal impoverishment financials, into the State's integrated eligibility system identifying all resources needed and reasonable timeframes for achieving the specified integration.

(c) The lead agency shall file interim reports with the Chairs and Minority Spokespersons of the House and Senate Human Services Committees no later than September 1, 2013 and on February 1, 2014. The Department of Healthcare and Family Services shall include in the annual Medicaid report for State Fiscal Year 2014 and every fiscal year thereafter information concerning implementation of the provisions of this Section.

(d) No later than August 1, 2014, the Auditor General shall report to the General Assembly concerning the extent to which the timeframes specified in this Section have been met and the extent to which State staffing levels are adequate to meet the requirements of this Section.

(e) The Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging shall take the following steps to achieve federally established timeframes for eligibility determinations for Medicaid and long-term care benefits and shall work toward the federal goal of real time determinations:

   (1) The Departments shall review, in collaboration with representatives of affected providers, all forms and procedures currently in use, federal guidelines either suggested or mandated, and staff deployment by September 30, 2014 to identify additional measures that can improve long-term care eligibility processing and make adjustments where possible.

   (2) No later than June 30, 2014, the Department of Healthcare and Family Services shall issue vouchers for advance payments not to exceed $50,000,000 to nursing facilities with significant outstanding Medicaid liability associated with services provided to residents with Medicaid applications pending and residents facing the greatest delays. Each facility with an advance payment shall state in writing whether its own recoupment schedule will be in 3 or 6 equal monthly installments, as long as all advances are recouped by June 30, 2015.

   (3) The Department of Healthcare and Family Services' Office of Inspector General and the Department of Human Services shall immediately forgo resource review and review of transfers
during the relevant look-back period for applications that were submitted prior to September 1, 2013. An applicant who applied prior to September 1, 2013, who was denied for failure to cooperate in providing required information, and whose application was incorrectly reviewed under the wrong look-back period rules may request review and correction of the denial based on this subsection. If found eligible upon review, such applicants shall be retroactively enrolled.

(4) As soon as practicable, the Department of Healthcare and Family Services shall implement policies and promulgate rules to simplify financial eligibility verification in the following instances: (A) for applicants or recipients who are receiving Supplemental Security Income payments or who had been receiving such payments at the time they were admitted to a nursing facility and (B) for applicants or recipients with verified income at or below 100% of the federal poverty level when the declared value of their countable resources is no greater than the allowable amounts pursuant to Section 5-2 of this Code for classes of eligible persons for whom a resource limit applies. Such simplified verification policies shall apply to community cases as well as long-term care cases.

(5) As soon as practicable, but not later than July 1, 2014, the Department of Healthcare and Family Services and the Department of Human Services shall jointly begin a special enrollment project by using simplified eligibility verification policies and by redeploying caseworkers trained to handle long-term care cases to prioritize those cases, until the backlog is eliminated and processing time is within 90 days. This project shall apply to applications for long-term care received by the State on or before May 15, 2014.

(6) As soon as practicable, but not later than September 1, 2014, the Department on Aging shall make available to long-term care facilities and community providers upon request, through an electronic method, the information contained within the Interagency Certification of Screening Results completed by the pre-screener, in a form and manner acceptable to the Department of Human Services.

(7) Effective 30 days after the completion of 3 regionally based trainings, nursing facilities shall submit all applications for
medical assistance online via the Application for Benefits Eligibility (ABE) website. This requirement shall extend to scanning and uploading with the online application any required additional forms such as the Long Term Care Facility Notification and the Additional Financial Information for Long Term Care Applicants as well as scanned copies of any supporting documentation. Long-term care facility admission documents must be submitted as required in Section 5-5 of this Code. No local Department of Human Services office shall refuse to accept an electronically filed application.

(8) Notwithstanding any other provision of this Code, the Department of Human Services and the Department of Healthcare and Family Services' Office of the Inspector General shall, upon request, allow an applicant additional time to submit information and documents needed as part of a review of available resources or resources transferred during the look-back period. The initial extension shall not exceed 30 days. A second extension of 30 days may be granted upon request. Any request for information issued by the State to an applicant shall include the following: an explanation of the information required and the date by which the information must be submitted; a statement that failure to respond in a timely manner can result in denial of the application; a statement that the applicant or the facility in the name of the applicant may seek an extension; and the name and contact information of a caseworker in case of questions. Any such request for information shall also be sent to the facility. In deciding whether to grant an extension, the Department of Human Services or the Department of Healthcare and Family Services' Office of the Inspector General shall take into account what is in the best interest of the applicant. The time limits for processing an application shall be tolled during the period of any extension granted under this subsection.

(9) The Department of Human Services and the Department of Healthcare and Family Services must jointly compile data on pending applications, denials, appeals, and redeterminations into a monthly report, which shall be posted on each Department's website for the purposes of monitoring long-term care eligibility processing. The report must specify the number of applications and redeterminations pending long-term care eligibility determination...
and admission and the number of appeals of denials in the following categories:

(A) Length of time applications, redeterminations, and appeals are pending - 0 to 45 days, 46 days to 90 days, 91 days to 180 days, 181 days to 12 months, over 12 months to 18 months, over 18 months to 24 months, and over 24 months.

(B) Percentage of applications and redeterminations pending in the Department of Human Services' Family Community Resource Centers, in the Department of Human Services' long-term care hubs, with the Department of Healthcare and Family Services' Office of Inspector General, and those applications which are being tolled due to requests for extension of time for additional information.

(C) Status of pending applications, denials, appeals, and redeterminations.

(f) Beginning on July 1, 2017, the Auditor General shall report every 3 years to the General Assembly on the performance and compliance of the Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging in meeting the requirements of this Section and the federal requirements concerning eligibility determinations for Medicaid long-term care services and supports, and shall report any issues or deficiencies and make recommendations. The Auditor General shall, at a minimum, review, consider, and evaluate the following:

(1) compliance with federal regulations on furnishing services as related to Medicaid long-term care services and supports as provided under 42 CFR 435.930;

(2) compliance with federal regulations on the timely determination of eligibility as provided under 42 CFR 435.912;

(3) the accuracy and completeness of the report required under paragraph (9) of subsection (e);

(4) the efficacy and efficiency of the task-based process used for making eligibility determinations in the centralized offices of the Department of Human Services for long-term care services, including the role of the State's integrated eligibility system, as opposed to the traditional caseworker-specific process from which these central offices have converted; and

New matter indicated by italics - deletions by strikeout
(5) any issues affecting eligibility determinations related to the Department of Human Services' staff completing Medicaid eligibility determinations instead of the designated single-state Medicaid agency in Illinois, the Department of Healthcare and Family Services.

The Auditor General's report shall include any and all other areas or issues which are identified through an annual review. Paragraphs (1) through (5) of this subsection shall not be construed to limit the scope of the annual review and the Auditor General's authority to thoroughly and completely evaluate any and all processes, policies, and procedures concerning compliance with federal and State law requirements on eligibility determinations for Medicaid long-term care services and supports.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Environmental Protection Act is amended by changing Section 39.2 as follows:

Sec. 39.2. Local siting review.
(a) The county board of the county or the governing body of the municipality, as determined by paragraph (c) of Section 39 of this Act, shall approve or disapprove the request for local siting approval for each pollution control facility which is subject to such review. An applicant for local siting approval shall submit sufficient details describing the proposed facility and evidence to demonstrate compliance, and local siting approval shall be granted only if the proposed facility meets the following criteria:

(i) the facility is necessary to accommodate the waste needs of the area it is intended to serve;

(ii) the facility is so designed, located and proposed to be operated that the public health, safety and welfare will be protected;

(iii) the facility is located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property;

New matter indicated by italics - deletions by strikeout
(iv) (A) for a facility other than a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100 year flood plain or the site is flood-proofed; (B) for a facility that is a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100-year floodplain, or if the facility is a facility described in subsection (b)(3) of Section 22.19a, the site is flood-proofed;

(v) the plan of operations for the facility is designed to minimize the danger to the surrounding area from fire, spills, or other operational accidents;

(vi) the traffic patterns to or from the facility are so designed as to minimize the impact on existing traffic flows;

(vii) if the facility will be treating, storing or disposing of hazardous waste, an emergency response plan exists for the facility which includes notification, containment and evacuation procedures to be used in case of an accidental release;

(viii) if the facility is to be located in a county where the county board has adopted a solid waste management plan consistent with the planning requirements of the Local Solid Waste Disposal Act or the Solid Waste Planning and Recycling Act, the facility is consistent with that plan; for purposes of this criterion (viii), the "solid waste management plan" means the plan that is in effect as of the date the application for siting approval is filed; and

(ix) if the facility will be located within a regulated recharge area, any applicable requirements specified by the Board for such areas have been met.

The county board or the governing body of the municipality may also consider as evidence the previous operating experience and past record of convictions or admissions of violations of the applicant (and any subsidiary or parent corporation) in the field of solid waste management when considering criteria (ii) and (v) under this Section.

If the facility is subject to the location restrictions in Section 22.14 of this Act, compliance with that Section shall be determined as of the date the application for siting approval is filed.

(b) No later than 14 days before the date on which the county board or governing body of the municipality receives a request for site approval, the applicant shall cause written notice of such request to be served either in person or by registered mail, return receipt requested, on the owners of all property within the subject area not solely owned by the applicant, and

New matter indicated by italics - deletions by strikeout
on the owners of all property within 250 feet in each direction of the lot line of the subject property, said owners being such persons or entities which appear from the authentic tax records of the County in which such facility is to be located; provided, that the number of all feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement; provided further, that in no event shall this requirement exceed 400 feet, including public streets, alleys and other public ways.

Such written notice shall also be served upon members of the General Assembly from the legislative district in which the proposed facility is located and shall be published in a newspaper of general circulation published in the county in which the site is located.

Such notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted, and a description of the right of persons to comment on such request as hereafter provided.

(c) An applicant shall file a copy of its request with the county board of the county or the governing body of the municipality in which the proposed site is located. The request shall include (i) the substance of the applicant's proposal and (ii) all documents, if any, submitted as of that date to the Agency pertaining to the proposed facility, except trade secrets as determined under Section 7.1 of this Act. All such documents or other materials on file with the county board or governing body of the municipality shall be made available for public inspection at the office of the county board or the governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

Any person may file written comment with the county board or governing body of the municipality concerning the appropriateness of the proposed site for its intended purpose. The county board or governing body of the municipality shall consider any comment received or postmarked not later than 30 days after the date of the last public hearing.

(d) At least one public hearing, at which an applicant shall present at least one witness to testify subject to cross-examination, is to be held by the county board or governing body of the municipality no sooner than 90 days but no later than 120 days after the date on which it received the request for site approval. No later than 14 days prior to such hearing, notice shall be published in a newspaper of general circulation published...
in the county of the proposed site, and delivered by certified mail to all members of the General Assembly from the district in which the proposed site is located, to the governing authority of every municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located, to the county board of the county where the proposed site is to be located, if the proposed site is located within the boundaries of a municipality, and to the Agency. Members or representatives of the governing authority of a municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located and, if the proposed site is located in a municipality, members or representatives of the county board of a county in which the proposed site is to be located may appear at and participate in public hearings held pursuant to this Section. The public hearing shall develop a record sufficient to form the basis of appeal of the decision in accordance with Section 40.1 of this Act. The fact that a member of the county board or governing body of the municipality has publicly expressed an opinion on an issue related to a site review proceeding shall not preclude the member from taking part in the proceeding and voting on the issue.

(e) Decisions of the county board or governing body of the municipality are to be in writing, confirming a public hearing was held with testimony from at least one witness presented by the applicant, specifying the reasons for the decision, such reasons to be in conformance with subsection (a) of this Section. In granting approval for a site the county board or governing body of the municipality may impose such conditions as may be reasonable and necessary to accomplish the purposes of this Section and as are not inconsistent with regulations promulgated by the Board. Such decision shall be available for public inspection at the office of the county board or governing body of the municipality and may be copied upon payment of the actual cost of reproduction. If there is no final action by the county board or governing body of the municipality within 180 days after the date on which it received the request for site approval, the applicant may deem the request approved.

At the public hearing, at any time prior to completion by the applicant of the presentation of the applicant's factual evidence, testimony, and an opportunity for cross-examination of the county board or governing body of the municipality and any participants, the applicant may file not more than one amended application upon payment of additional fees pursuant to subsection (k); in which case the time

New matter indicated by italics - deletions by strikeout
limitation for final action set forth in this subsection (e) shall be extended for an additional period of 90 days.

If, prior to making a final local siting decision, a county board or governing body of a municipality has negotiated and entered into a host agreement with the local siting applicant, the terms and conditions of the host agreement, whether written or oral, shall be disclosed and made a part of the hearing record for that local siting proceeding. In the case of an oral agreement, the disclosure shall be made in the form of a written summary jointly prepared and submitted by the county board or governing body of the municipality and the siting applicant and shall describe the terms and conditions of the oral agreement.

(e-5) Siting approval obtained pursuant to this Section is transferable and may be transferred to a subsequent owner or operator. In the event that siting approval has been transferred to a subsequent owner or operator, that subsequent owner or operator assumes and takes subject to any and all conditions imposed upon the prior owner or operator by the county board of the county or governing body of the municipality pursuant to subsection (e). However, any such conditions imposed pursuant to this Section may be modified by agreement between the subsequent owner or operator and the appropriate county board or governing body. Further, in the event that siting approval obtained pursuant to this Section has been transferred to a subsequent owner or operator, that subsequent owner or operator assumes all rights and obligations and takes the facility subject to any and all terms and conditions of any existing host agreement between the prior owner or operator and the appropriate county board or governing body.

(f) A local siting approval granted under this Section shall expire at the end of 2 calendar years from the date upon which it was granted, unless the local siting approval granted under this Section is for a sanitary landfill operation, in which case the approval shall expire at the end of 3 calendar years from the date upon which it was granted, and unless within that period the applicant has made application to the Agency for a permit to develop the site. In the event that the local siting decision has been appealed, such expiration period shall be deemed to begin on the date upon which the appeal process is concluded.

Except as otherwise provided in this subsection, upon the expiration of a development permit under subsection (k) of Section 39, any associated local siting approval granted for the facility under this Section shall also expire.
If a first development permit for a municipal waste incineration facility expires under subsection (k) of Section 39 after September 30, 1989 due to circumstances beyond the control of the applicant, any associated local siting approval granted for the facility under this Section may be used to fulfill the local siting approval requirement upon application for a second development permit for the same site, provided that the proposal in the new application is materially the same, with respect to the criteria in subsection (a) of this Section, as the proposal that received the original siting approval, and application for the second development permit is made before January 1, 1990.

(g) The siting approval procedures, criteria and appeal procedures provided for in this Act for new pollution control facilities shall be the exclusive siting procedures and rules and appeal procedures for facilities subject to such procedures. Local zoning or other local land use requirements shall not be applicable to such siting decisions.

(h) Nothing in this Section shall apply to any existing or new pollution control facility located within the corporate limits of a municipality with a population of over 1,000,000.

(i) (Blank.)

The Board shall adopt regulations establishing the geologic and hydrologic siting criteria necessary to protect usable groundwater resources which are to be followed by the Agency in its review of permit applications for new pollution control facilities. Such regulations, insofar as they apply to new pollution control facilities authorized to store, treat or dispose of any hazardous waste, shall be at least as stringent as the requirements of the Resource Conservation and Recovery Act and any State or federal regulations adopted pursuant thereto.

(j) Any new pollution control facility which has never obtained local siting approval under the provisions of this Section shall be required to obtain such approval after a final decision on an appeal of a permit denial.

(k) A county board or governing body of a municipality may charge applicants for siting review under this Section a reasonable fee to cover the reasonable and necessary costs incurred by such county or municipality in the siting review process.

(l) The governing Authority as determined by subsection (c) of Section 39 of this Act may request the Department of Transportation to perform traffic impact studies of proposed or potential locations for required pollution control facilities.

New matter indicated by italics - deletions by strikeout
(m) An applicant may not file a request for local siting approval which is substantially the same as a request which was disapproved pursuant to a finding against the applicant under any of criteria (i) through (ix) of subsection (a) of this Section within the preceding 2 years.

(n) In any review proceeding of a decision of the county board or governing body of a municipality made pursuant to the local siting review process, the petitioner in the review proceeding shall pay to the county or municipality the cost of preparing and certifying the record of proceedings. Should the petitioner in the review proceeding fail to make payment, the provisions of Section 3-109 of the Code of Civil Procedure shall apply.

In the event the petitioner is a citizens' group that participated in the siting proceeding and is so located as to be affected by the proposed facility, such petitioner shall be exempt from paying the costs of preparing and certifying the record.

(o) Notwithstanding any other provision of this Section, a transfer station used exclusively for landscape waste, where landscape waste is held no longer than 24 hours from the time it was received, is not subject to the requirements of local siting approval under this Section, but is subject only to local zoning approval.

(e) The Department may designate a non-profit organization to select animals from humane societies and shelters for the purpose of being trained as service dogs and for participation in any program designed to train animal care professionals.

(f) After a dog is trained by the committed person as a service dog, a review committee consisting of an equal number of persons from the Department and the non-profit organization shall select a person with a disability or a veteran with post-traumatic stress disorder (PTSD) or depression to receive the service dog free of charge.

(g) Employees of the Department shall periodically visit persons with disabilities who have received service dogs from the Department under this Section to determine whether the needs of the persons with disabilities or veterans with post-traumatic stress disorder (PTSD) or depression have been met by the service dogs trained by committed persons.

(h) Employees of the Department shall periodically visit committed persons who have been certified as service dog trainers or animal care professionals and who have been paroled or placed on mandatory supervised release to determine whether the committed persons are using their skills as certified service dog trainers or animal care professionals.

Effective January 1, 2018.

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

New matter indicated by italics - deletions by strikeout
(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
(2) families transitioning from TANF to work;
(3) families at risk of becoming recipients of TANF;
(4) families with special needs as defined by rule; and
(5) working families with very low incomes as defined by rule; and

(6) families that are not recipients of TANF and that need child care assistance to participate in education and training activities.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate $7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.
The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
(2) a licensed child care home or home exempt from licensing;
(3) a licensed group child care home;
(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not

New matter indicated by italics - deletions by strikeout
specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In accorduig child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall establish, by rule, a co-payment scale that provides for cost sharing by families that receive child care services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

(1) findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;
(2) recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;
(3) recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and
(4) recommendations for changes in child care program policies that affect the affordability of child care.
(e) (Blank).
(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;

New matter indicated by italics - deletions by strikeout
(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;
(3) (blank); or
(4) adopting such other arrangements as the Department determines appropriate.
(f-5) (Blank).
(g) Families eligible for assistance under this Section shall be given the following options:
   (1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or
   (2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

Section 99. Effective date. This Act takes effect July 1, 2017.

PUBLIC ACT 100-0388
(Senate Bill No. 0057)

AN ACT concerning domestic violence.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 112A-14 as follows:
(725 ILCS 5/112A-14) (from Ch. 38, par. 112A-14)
Sec. 112A-14. Order of protection; remedies.
(a) Issuance of order. If the court finds that petitioner has been abused by a family or household member, as defined in this Article, an

New matter indicated by italics - deletions by strikeout
order of protection prohibiting such abuse shall issue; provided that petitioner must also satisfy the requirements of one of the following Sections, as appropriate: Section 112A-17 on emergency orders, Section 112A-18 on interim orders, or Section 112A-19 on plenary orders. Petitioner shall not be denied an order of protection because petitioner or respondent is a minor. The court, when determining whether or not to issue an order of protection, shall not require physical manifestations of abuse on the person of the victim. Modification and extension of prior orders of protection shall be in accordance with this Article.

(b) Remedies and standards. The remedies to be included in an order of protection shall be determined in accordance with this Section and one of the following Sections, as appropriate: Section 112A-17 on emergency orders, Section 112A-18 on interim orders, and Section 112A-19 on plenary orders. The remedies listed in this subsection shall be in addition to other civil or criminal remedies available to petitioner.

(1) Prohibition of abuse. Prohibit respondent's harassment, interference with personal liberty, intimidation of a dependent, physical abuse or willful deprivation, as defined in this Article, if such abuse has occurred or otherwise appears likely to occur if not prohibited.

(2) Grant of exclusive possession of residence. Prohibit respondent from entering or remaining in any residence, household, or premises of the petitioner, including one owned or leased by respondent, if petitioner has a right to occupancy thereof. The grant of exclusive possession of the residence, household, or premises shall not affect title to real property, nor shall the court be limited by the standard set forth in Section 701 of the Illinois Marriage and Dissolution of Marriage Act.

(A) Right to occupancy. A party has a right to occupancy of a residence or household if it is solely or jointly owned or leased by that party, that party's spouse, a person with a legal duty to support that party or a minor child in that party's care, or by any person or entity other than the opposing party that authorizes that party's occupancy (e.g., a domestic violence shelter). Standards set forth in subparagraph (B) shall not preclude equitable relief.

(B) Presumption of hardships. If petitioner and respondent each has the right to occupancy of a residence or

5222

household, the court shall balance (i) the hardships to respondent and any minor child or dependent adult in respondent's care resulting from entry of this remedy with (ii) the hardships to petitioner and any minor child or dependent adult in petitioner's care resulting from continued exposure to the risk of abuse (should petitioner remain at the residence or household) or from loss of possession of the residence or household (should petitioner leave to avoid the risk of abuse). When determining the balance of hardships, the court shall also take into account the accessibility of the residence or household. Hardships need not be balanced if respondent does not have a right to occupancy.

The balance of hardships is presumed to favor possession by petitioner unless the presumption is rebutted by a preponderance of the evidence, showing that the hardships to respondent substantially outweigh the hardships to petitioner and any minor child or dependent adult in petitioner's care. The court, on the request of petitioner or on its own motion, may order respondent to provide suitable, accessible, alternate housing for petitioner instead of excluding respondent from a mutual residence or household.

(3) Stay away order and additional prohibitions. Order respondent to stay away from petitioner or any other person protected by the order of protection, or prohibit respondent from entering or remaining present at petitioner's school, place of employment, or other specified places at times when petitioner is present, or both, if reasonable, given the balance of hardships. Hardships need not be balanced for the court to enter a stay away order or prohibit entry if respondent has no right to enter the premises.

If an order of protection grants petitioner exclusive possession of the residence, or prohibits respondent from entering the residence, or orders respondent to stay away from petitioner or other protected persons, then the court may allow respondent access to the residence to remove items of clothing and personal adornment used exclusively by respondent, medications, and other items as the court directs. The right to access shall be exercised on

New matter indicated by italics - deletions by strikeout
only one occasion as the court directs and in the presence of an agreed-upon adult third party or law enforcement officer.

(4) Counseling. Require or recommend the respondent to undergo counseling for a specified duration with a social worker, psychologist, clinical psychologist, psychiatrist, family service agency, alcohol or substance abuse program, mental health center guidance counselor, agency providing services to elders, program designed for domestic violence abusers or any other guidance service the court deems appropriate. The court may order the respondent in any intimate partner relationship to report to an Illinois Department of Human Services protocol approved partner abuse intervention program for an assessment and to follow all recommended treatment.

(5) Physical care and possession of the minor child. In order to protect the minor child from abuse, neglect, or unwarranted separation from the person who has been the minor child's primary caretaker, or to otherwise protect the well-being of the minor child, the court may do either or both of the following: (i) grant petitioner physical care or possession of the minor child, or both, or (ii) order respondent to return a minor child to, or not remove a minor child from, the physical care of a parent or person in loco parentis.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 112A-3) of a minor child, there shall be a rebuttable presumption that awarding physical care to respondent would not be in the minor child's best interest.

(6) Temporary legal custody. Award temporary legal custody to petitioner in accordance with this Section, the Illinois Marriage and Dissolution of Marriage Act, the Illinois Parentage Act of 2015, and this State's Uniform Child-Custody Jurisdiction and Enforcement Act.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 112A-3) of a minor child, there shall be a rebuttable presumption that awarding temporary legal custody to respondent would not be in the child's best interest.

(7) Visitation. Determine the visitation rights, if any, of respondent in any case in which the court awards physical care or temporary legal custody of a minor child to petitioner. The court shall restrict or deny respondent's visitation with a minor child if the court finds that respondent has done or is likely to do any of the

New matter indicated by italics - deletions by strikeout
following: (i) abuse or endanger the minor child during visitation; (ii) use the visitation as an opportunity to abuse or harass petitioner or petitioner's family or household members; (iii) improperly conceal or detain the minor child; or (iv) otherwise act in a manner that is not in the best interests of the minor child. The court shall not be limited by the standards set forth in Section 607.1 of the Illinois Marriage and Dissolution of Marriage Act. If the court grants visitation, the order shall specify dates and times for the visitation to take place or other specific parameters or conditions that are appropriate. No order for visitation shall refer merely to the term "reasonable visitation".

Petitioner may deny respondent access to the minor child if, when respondent arrives for visitation, respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of petitioner or petitioner's minor children or is behaving in a violent or abusive manner.

If necessary to protect any member of petitioner's family or household from future abuse, respondent shall be prohibited from coming to petitioner's residence to meet the minor child for visitation, and the parties shall submit to the court their recommendations for reasonable alternative arrangements for visitation. A person may be approved to supervise visitation only after filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(8) Removal or concealment of minor child. Prohibit respondent from removing a minor child from the State or concealing the child within the State.

(9) Order to appear. Order the respondent to appear in court, alone or with a minor child, to prevent abuse, neglect, removal or concealment of the child, to return the child to the custody or care of the petitioner or to permit any court-ordered interview or examination of the child or the respondent.

(10) Possession of personal property. Grant petitioner exclusive possession of personal property and, if respondent has possession or control, direct respondent to promptly make it available to petitioner, if:

   (i) petitioner, but not respondent, owns the property; or
(ii) the parties own the property jointly; sharing it would risk abuse of petitioner by respondent or is impracticable; and the balance of hardships favors temporary possession by petitioner.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may award petitioner temporary possession thereof under the standards of subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

No order under this provision shall affect title to property.

(11) Protection of property. Forbid the respondent from taking, transferring, encumbering, concealing, damaging or otherwise disposing of any real or personal property, except as explicitly authorized by the court, if:

(i) petitioner, but not respondent, owns the property; or

(ii) the parties own the property jointly, and the balance of hardships favors granting this remedy.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may grant petitioner relief under subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

The court may further prohibit respondent from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of respondent or of any other person.

(11.5) Protection of animals. Grant the petitioner the exclusive care, custody, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent and order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the animal.

(12) Order for payment of support. Order respondent to pay temporary support for the petitioner or any child in the petitioner's care or custody, when the respondent has a legal obligation to

New matter indicated by italics - deletions by strikeout
support that person, in accordance with the Illinois Marriage and Dissolution of Marriage Act, which shall govern, among other matters, the amount of support, payment through the clerk and withholding of income to secure payment. An order for child support may be granted to a petitioner with lawful physical care or custody of a child, or an order or agreement for physical care or custody, prior to entry of an order for legal custody. Such a support order shall expire upon entry of a valid order granting legal custody to another, unless otherwise provided in the custody order.

(13) Order for payment of losses. Order respondent to pay petitioner for losses suffered as a direct result of the abuse. Such losses shall include, but not be limited to, medical expenses, lost earnings or other support, repair or replacement of property damaged or taken, reasonable attorney's fees, court costs and moving or other travel expenses, including additional reasonable expenses for temporary shelter and restaurant meals.

(i) Losses affecting family needs. If a party is entitled to seek maintenance, child support or property distribution from the other party under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended, the court may order respondent to reimburse petitioner's actual losses, to the extent that such reimbursement would be "appropriate temporary relief", as authorized by subsection (a)(3) of Section 501 of that Act.

(ii) Recovery of expenses. In the case of an improper concealment or removal of a minor child, the court may order respondent to pay the reasonable expenses incurred or to be incurred in the search for and recovery of the minor child, including but not limited to legal fees, court costs, private investigator fees, and travel costs.

(14) Prohibition of entry. Prohibit the respondent from entering or remaining in the residence or household while the respondent is under the influence of alcohol or drugs and constitutes a threat to the safety and well-being of the petitioner or the petitioner's children.

(14.5) Prohibition of firearm possession.

(A) A person who is subject to an existing order of protection, interim order of protection, emergency order of protection, or plenary order of protection, issued under this
Code may not lawfully possess weapons under Section 8.2 of the Firearm Owners Identification Card Act.

(B) Any firearms in the possession of the respondent, except as provided in subparagraph (C) of this paragraph (14.5), shall be ordered by the court to be turned over to a person with a valid Firearm Owner's Identification Card for safekeeping. The court shall issue an order that the respondent's Firearm Owner's Identification Card be turned over to the local law enforcement agency, which in turn shall immediately mail the card to the Department of State Police Firearm Owner's Identification Card Office for safekeeping. The period of safekeeping shall be for the duration of the order of protection. The firearm or firearms and Firearm Owner's Identification Card, if unexpired, shall at the respondent's request be returned to the respondent at expiration of the order of protection.

(C) If the respondent is a peace officer as defined in Section 2-13 of the Criminal Code of 2012, the court shall order that any firearms used by the respondent in the performance of his or her duties as a peace officer be surrendered to the chief law enforcement executive of the agency in which the respondent is employed, who shall retain the firearms for safekeeping for the duration of the order of protection.

(D) Upon expiration of the period of safekeeping, if the firearms or Firearm Owner's Identification Card cannot be returned to respondent because respondent cannot be located, fails to respond to requests to retrieve the firearms, or is not lawfully eligible to possess a firearm, upon petition from the local law enforcement agency, the court may order the local law enforcement agency to destroy the firearms, use the firearms for training purposes, or for any other application as deemed appropriate by the local law enforcement agency; or that the firearms be turned over to a third party who is lawfully eligible to possess firearms, and who does not reside with respondent.

(15) Prohibition of access to records. If an order of protection prohibits respondent from having contact with the minor child, or if petitioner's address is omitted under subsection (b) of

New matter indicated by italics - deletions by strikeout
Section 112A-5, or if necessary to prevent abuse or wrongful removal or concealment of a minor child, the order shall deny respondent access to, and prohibit respondent from inspecting, obtaining, or attempting to inspect or obtain, school or any other records of the minor child who is in the care of petitioner.

(16) Order for payment of shelter services. Order respondent to reimburse a shelter providing temporary housing and counseling services to the petitioner for the cost of the services, as certified by the shelter and deemed reasonable by the court.

(17) Order for injunctive relief. Enter injunctive relief necessary or appropriate to prevent further abuse of a family or household member or to effectuate one of the granted remedies, if supported by the balance of hardships. If the harm to be prevented by the injunction is abuse or any other harm that one of the remedies listed in paragraphs (1) through (16) of this subsection is designed to prevent, no further evidence is necessary to establish that the harm is an irreparable injury.

(18) Telephone services.

(A) Unless a condition described in subparagraph (B) of this paragraph exists, the court may, upon request by the petitioner, order a wireless telephone service provider to transfer to the petitioner the right to continue to use a telephone number or numbers indicated by the petitioner and the financial responsibility associated with the number or numbers, as set forth in subparagraph (C) of this paragraph. For purposes of this paragraph (18), the term "wireless telephone service provider" means a provider of commercial mobile service as defined in 47 U.S.C. 332. The petitioner may request the transfer of each telephone number that the petitioner, or a minor child in his or her custody, uses. The clerk of the court shall serve the order on the wireless telephone service provider's agent for service of process provided to the Illinois Commerce Commission. The order shall contain all of the following:

(i) The name and billing telephone number of the account holder including the name of the wireless telephone service provider that serves the account.

New matter indicated by italics - deletions by strikeout
(ii) Each telephone number that will be transferred.

(iii) A statement that the provider transfers to the petitioner all financial responsibility for and right to the use of any telephone number transferred under this paragraph.

(B) A wireless telephone service provider shall terminate the respondent's use of, and shall transfer to the petitioner use of, the telephone number or numbers indicated in subparagraph (A) of this paragraph unless it notifies the petitioner, within 72 hours after it receives the order, that one of the following applies:

(i) The account holder named in the order has terminated the account.

(ii) A difference in network technology would prevent or impair the functionality of a device on a network if the transfer occurs.

(iii) The transfer would cause a geographic or other limitation on network or service provision to the petitioner.

(iv) Another technological or operational issue would prevent or impair the use of the telephone number if the transfer occurs.

(C) The petitioner assumes all financial responsibility for and right to the use of any telephone number transferred under this paragraph. In this paragraph, "financial responsibility" includes monthly service costs and costs associated with any mobile device associated with the number.

(D) A wireless telephone service provider may apply to the petitioner its routine and customary requirements for establishing an account or transferring a number, including requiring the petitioner to provide proof of identification, financial information, and customer preferences.

(E) Except for willful or wanton misconduct, a wireless telephone service provider is immune from civil liability for its actions taken in compliance with a court order issued under this paragraph.
(F) All wireless service providers that provide services to residential customers shall provide to the Illinois Commerce Commission the name and address of an agent for service of orders entered under this paragraph (18). Any change in status of the registered agent must be reported to the Illinois Commerce Commission within 30 days of such change.

(G) The Illinois Commerce Commission shall maintain the list of registered agents for service for each wireless telephone service provider on the Commission's website. The Commission may consult with wireless telephone service providers and the Circuit Court Clerks on the manner in which this information is provided and displayed.

(c) Relevant factors; findings.

(1) In determining whether to grant a specific remedy, other than payment of support, the court shall consider relevant factors, including but not limited to the following:

(i) the nature, frequency, severity, pattern and consequences of the respondent's past abuse of the petitioner or any family or household member, including the concealment of his or her location in order to evade service of process or notice, and the likelihood of danger of future abuse to petitioner or any member of petitioner's or respondent's family or household; and

(ii) the danger that any minor child will be abused or neglected or improperly removed from the jurisdiction, improperly concealed within the State or improperly separated from the child's primary caretaker.

(2) In comparing relative hardships resulting to the parties from loss of possession of the family home, the court shall consider relevant factors, including but not limited to the following:

(i) availability, accessibility, cost, safety, adequacy, location and other characteristics of alternate housing for each party and any minor child or dependent adult in the party's care;

(ii) the effect on the party's employment; and

New matter indicated by italics - deletions by strikeout
(iii) the effect on the relationship of the party, and any minor child or dependent adult in the party's care, to family, school, church and community.

(3) Subject to the exceptions set forth in paragraph (4) of this subsection, the court shall make its findings in an official record or in writing, and shall at a minimum set forth the following:

(i) That the court has considered the applicable relevant factors described in paragraphs (1) and (2) of this subsection.

(ii) Whether the conduct or actions of respondent, unless prohibited, will likely cause irreparable harm or continued abuse.

(iii) Whether it is necessary to grant the requested relief in order to protect petitioner or other alleged abused persons.

(4) For purposes of issuing an ex parte emergency order of protection, the court, as an alternative to or as a supplement to making the findings described in paragraphs (c)(3)(i) through (c)(3)(iii) of this subsection, may use the following procedure:

When a verified petition for an emergency order of protection in accordance with the requirements of Sections 112A-5 and 112A-17 is presented to the court, the court shall examine petitioner on oath or affirmation. An emergency order of protection shall be issued by the court if it appears from the contents of the petition and the examination of petitioner that the averments are sufficient to indicate abuse by respondent and to support the granting of relief under the issuance of the emergency order of protection.

(5) Never married parties. No rights or responsibilities for a minor child born outside of marriage attach to a putative father until a father and child relationship has been established under the Illinois Parentage Act of 1984 or under the Illinois Parentage Act of 2015 on and after the effective date of that Act. Absent such an adjudication, no putative father shall be granted temporary custody of the minor child, visitation with the minor child, or physical care and possession of the minor child, nor shall an order of payment for support of the minor child be entered.

(d) Balance of hardships; findings. If the court finds that the balance of hardships does not support the granting of a remedy governed by paragraph (2), (3), (10), (11), or (16) of subsection (b) of this Section, which may require such balancing, the court's findings shall so indicate and shall include a finding as to whether granting the remedy will result in hardship to respondent that would substantially outweigh the hardship to petitioner from denial of the remedy. The findings shall be an official record or in writing.

(e) Denial of remedies. Denial of any remedy shall not be based, in whole or in part, on evidence that:

(1) Respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article 7 of the Criminal Code of 2012;

(2) Respondent was voluntarily intoxicated;

(3) Petitioner acted in self-defense or defense of another, provided that, if petitioner utilized force, such force was justifiable under Article 7 of the Criminal Code of 2012;

(4) Petitioner did not act in self-defense or defense of another;

(5) Petitioner left the residence or household to avoid further abuse by respondent;

(6) Petitioner did not leave the residence or household to avoid further abuse by respondent;

(7) Conduct by any family or household member excused the abuse by respondent, unless that same conduct would have excused such abuse if the parties had not been family or household members.

Section 10. The Illinois Domestic Violence Act of 1986 is amended by changing Section 214 as follows:

(750 ILCS 60/214) (from Ch. 40, par. 2312-14)
Sec. 214. Order of protection; remedies.
(a) Issuance of order. If the court finds that petitioner has been abused by a family or household member or that petitioner is a high-risk adult who has been abused, neglected, or exploited, as defined in this Act, an order of protection prohibiting the abuse, neglect, or exploitation shall issue; provided that petitioner must also satisfy the requirements of one of the following Sections, as appropriate: Section 217 on emergency orders, Section 218 on interim orders, or Section 219 on plenary orders. Petitioner
shall not be denied an order of protection because petitioner or respondent is a minor. The court, when determining whether or not to issue an order of protection, shall not require physical manifestations of abuse on the person of the victim. Modification and extension of prior orders of protection shall be in accordance with this Act.

(b) Remedies and standards. The remedies to be included in an order of protection shall be determined in accordance with this Section and one of the following Sections, as appropriate: Section 217 on emergency orders, Section 218 on interim orders, and Section 219 on plenary orders. The remedies listed in this subsection shall be in addition to other civil or criminal remedies available to petitioner.

(1) Prohibition of abuse, neglect, or exploitation. Prohibit respondent's harassment, interference with personal liberty, intimidation of a dependent, physical abuse, or willful deprivation, neglect or exploitation, as defined in this Act, or stalking of the petitioner, as defined in Section 12-7.3 of the Criminal Code of 2012, if such abuse, neglect, exploitation, or stalking has occurred or otherwise appears likely to occur if not prohibited.

(2) Grant of exclusive possession of residence. Prohibit respondent from entering or remaining in any residence, household, or premises of the petitioner, including one owned or leased by respondent, if petitioner has a right to occupancy thereof. The grant of exclusive possession of the residence, household, or premises shall not affect title to real property, nor shall the court be limited by the standard set forth in Section 701 of the Illinois Marriage and Dissolution of Marriage Act.

(A) Right to occupancy. A party has a right to occupancy of a residence or household if it is solely or jointly owned or leased by that party, that party's spouse, a person with a legal duty to support that party or a minor child in that party's care, or by any person or entity other than the opposing party that authorizes that party's occupancy (e.g., a domestic violence shelter). Standards set forth in subparagraph (B) shall not preclude equitable relief.

(B) Presumption of hardships. If petitioner and respondent each has the right to occupancy of a residence or household, the court shall balance (i) the hardships to respondent and any minor child or dependent adult in
respondent's care resulting from entry of this remedy with
(ii) the hardships to petitioner and any minor child or
dependent adult in petitioner's care resulting from
continued exposure to the risk of abuse (should petitioner
remain at the residence or household) or from loss of
possession of the residence or household (should petitioner
leave to avoid the risk of abuse). When determining the
balance of hardships, the court shall also take into account
the accessibility of the residence or household. Hardships
need not be balanced if respondent does not have a right to
occupancy.

The balance of hardships is presumed to favor
possession by petitioner unless the presumption is rebutted
by a preponderance of the evidence, showing that the
hardships to respondent substantially outweigh the
hardships to petitioner and any minor child or dependent
adult in petitioner's care. The court, on the request of
petitioner or on its own motion, may order respondent to
provide suitable, accessible, alternate housing for petitioner
instead of excluding respondent from a mutual residence or
household.

(3) Stay away order and additional prohibitions. Order
respondent to stay away from petitioner or any other person
protected by the order of protection, or prohibit respondent from
entering or remaining present at petitioner's school, place of
employment, or other specified places at times when petitioner is
present, or both, if reasonable, given the balance of hardships.
Hardships need not be balanced for the court to enter a stay away
order or prohibit entry if respondent has no right to enter the
premises.

(A) If an order of protection grants petitioner
exclusive possession of the residence, or prohibits
respondent from entering the residence, or orders
respondent to stay away from petitioner or other protected
persons, then the court may allow respondent access to the
residence to remove items of clothing and personal
adornment used exclusively by respondent, medications,
and other items as the court directs. The right to access
shall be exercised on only one occasion as the court directs

and in the presence of an agreed-upon adult third party or law enforcement officer.

(B) When the petitioner and the respondent attend the same public, private, or non-public elementary, middle, or high school, the court when issuing an order of protection and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent accept a change of placement or change of program, as determined by the school district or private or non-public school, or place restrictions on the respondent's movements within the school attended by the petitioner. The respondent bears the burden of proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent or otherwise does not take an action required to effectuate a transfer, change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's

New matter indicated by italics - deletions by strikeout
school district or private or non-public school, the school
district or private or non-public school shall have sole
discretion to determine the attendance center to which the
respondent is transferred. In the event the court order
results in a transfer of the minor respondent to another
attendance center, a change in the respondent's placement,
or a change of the respondent's program, the parents,
guardian, or legal custodian of the respondent is responsible
for transportation and other costs associated with the
transfer or change.

(C) The court may order the parents, guardian, or
legal custodian of a minor respondent to take certain
actions or to refrain from taking certain actions to ensure
that the respondent complies with the order. In the event the
court orders a transfer of the respondent to another school,
the parents, guardian, or legal custodian of the respondent
is responsible for transportation and other costs associated
with the change of school by the respondent.

(4) Counseling. Require or recommend the respondent to
undergo counseling for a specified duration with a social worker,
psychologist, clinical psychologist, psychiatrist, family service
agency, alcohol or substance abuse program, mental health center
guidance counselor, agency providing services to elders, program
designed for domestic violence abusers or any other guidance
service the court deems appropriate. The Court may order the
respondent in any intimate partner relationship to report to an
Illinois Department of Human Services protocol approved partner
abuse intervention program for an assessment and to follow all
recommended treatment.

(5) Physical care and possession of the minor child. In order
to protect the minor child from abuse, neglect, or unwarranted
separation from the person who has been the minor child's primary
caretaker, or to otherwise protect the well-being of the minor child,
the court may do either or both of the following: (i) grant petitioner
physical care or possession of the minor child, or both, or (ii) order
respondent to return a minor child to, or not remove a minor child
from, the physical care of a parent or person in loco parentis.

If a court finds, after a hearing, that respondent has
committed abuse (as defined in Section 103) of a minor child, there

New matter indicated by italics - deletions by strikeout
shall be a rebuttable presumption that awarding physical care to respondent would not be in the minor child's best interest.

(6) Temporary allocation of parental responsibilities: significant decision-making. Award temporary decision-making responsibility to petitioner in accordance with this Section, the Illinois Marriage and Dissolution of Marriage Act, the Illinois Parentage Act of 2015, and this State's Uniform Child-Custody Jurisdiction and Enforcement Act.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 103) of a minor child, there shall be a rebuttable presumption that awarding temporary significant decision-making responsibility to respondent would not be in the child's best interest.

(7) Parenting time. Determine the parenting time, if any, of respondent in any case in which the court awards physical care or allocates temporary significant decision-making responsibility of a minor child to petitioner. The court shall restrict or deny respondent's parenting time with a minor child if the court finds that respondent has done or is likely to do any of the following: (i) abuse or endanger the minor child during parenting time; (ii) use the parenting time as an opportunity to abuse or harass petitioner or petitioner's family or household members; (iii) improperly conceal or detain the minor child; or (iv) otherwise act in a manner that is not in the best interests of the minor child. The court shall not be limited by the standards set forth in Section 603.10 of the Illinois Marriage and Dissolution of Marriage Act. If the court grants parenting time, the order shall specify dates and times for the parenting time to take place or other specific parameters or conditions that are appropriate. No order for parenting time shall refer merely to the term "reasonable parenting time".

Petitioner may deny respondent access to the minor child if, when respondent arrives for parenting time, respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of petitioner or petitioner's minor children or is behaving in a violent or abusive manner.

If necessary to protect any member of petitioner's family or household from future abuse, respondent shall be prohibited from coming to petitioner's residence to meet the minor child for parenting time, and the parties shall submit to the court their

recommendations for reasonable alternative arrangements for parenting time. A person may be approved to supervise parenting time only after filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(8) Removal or concealment of minor child. Prohibit respondent from removing a minor child from the State or concealing the child within the State.

(9) Order to appear. Order the respondent to appear in court, alone or with a minor child, to prevent abuse, neglect, removal or concealment of the child, to return the child to the custody or care of the petitioner or to permit any court-ordered interview or examination of the child or the respondent.

(10) Possession of personal property. Grant petitioner exclusive possession of personal property and, if respondent has possession or control, direct respondent to promptly make it available to petitioner, if:

(i) petitioner, but not respondent, owns the property; or

(ii) the parties own the property jointly; sharing it would risk abuse of petitioner by respondent or is impracticable; and the balance of hardships favors temporary possession by petitioner.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may award petitioner temporary possession thereof under the standards of subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

No order under this provision shall affect title to property.

(11) Protection of property. Forbid the respondent from taking, transferring, encumbering, concealing, damaging or otherwise disposing of any real or personal property, except as explicitly authorized by the court, if:

(i) petitioner, but not respondent, owns the property; or

(ii) the parties own the property jointly, and the balance of hardships favors granting this remedy.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may grant petitioner relief under
subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

The court may further prohibit respondent from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of respondent or of any other person.

(11.5) Protection of animals. Grant the petitioner the exclusive care, custody, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent and order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the animal.

(12) Order for payment of support. Order respondent to pay temporary support for the petitioner or any child in the petitioner's care or over whom the petitioner has been allocated parental responsibility, when the respondent has a legal obligation to support that person, in accordance with the Illinois Marriage and Dissolution of Marriage Act, which shall govern, among other matters, the amount of support, payment through the clerk and withholding of income to secure payment. An order for child support may be granted to a petitioner with lawful physical care of a child, or an order or agreement for physical care of a child, prior to entry of an order allocating significant decision-making responsibility. Such a support order shall expire upon entry of a valid order allocating parental responsibility differently and vacating the petitioner's significant decision-making authority, unless otherwise provided in the order.

(13) Order for payment of losses. Order respondent to pay petitioner for losses suffered as a direct result of the abuse, neglect, or exploitation. Such losses shall include, but not be limited to, medical expenses, lost earnings or other support, repair or replacement of property damaged or taken, reasonable attorney's fees, court costs and moving or other travel expenses, including additional reasonable expenses for temporary shelter and restaurant meals.

(i) Losses affecting family needs. If a party is entitled to seek maintenance, child support or property distribution from the other party under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended, the court may order respondent to reimburse petitioner's actual losses, to the extent that such reimbursement would be "appropriate temporary relief", as authorized by subsection (a)(3) of Section 501 of that Act.

(ii) Recovery of expenses. In the case of an improper concealment or removal of a minor child, the court may order respondent to pay the reasonable expenses incurred or to be incurred in the search for and recovery of the minor child, including but not limited to legal fees, court costs, private investigator fees, and travel costs.

(14) Prohibition of entry. Prohibit the respondent from entering or remaining in the residence or household while the respondent is under the influence of alcohol or drugs and constitutes a threat to the safety and well-being of the petitioner or the petitioner's children.

(14.5) Prohibition of firearm possession.

(a) Prohibit a respondent against whom an order of protection was issued from possessing any firearms during the duration of the order if the order:

(1) was issued after a hearing of which such person received actual notice, and at which such person had an opportunity to participate;

(2) restrains such person from harassing, stalking, or threatening an intimate partner of such person or child of such intimate partner or person, or engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child; and

(3)(i) includes a finding that such person represents a credible threat to the physical safety of such intimate partner or child; or (ii) by its terms explicitly prohibits the use, attempted use, or threatened use of physical force against such intimate partner or child that would reasonably be expected to cause bodily injury.

Any Firearm Owner's Identification Card in the possession of the respondent, except as provided in subsection (b), shall be ordered by the court to be turned over to the local law enforcement agency. The local law enforcement agency shall immediately mail the card to the Department of State Police Firearm Owner's Identification Card Office for safekeeping. The court shall issue a warrant for seizure of any firearm in the possession of the respondent, to be kept by the local law enforcement agency for safekeeping, except as provided in subsection (b). The period of safekeeping shall be for the duration of the order of protection. The firearm or firearms and Firearm Owner's Identification Card, if unexpired, shall at the respondent's request, be returned to the respondent at the end of the order of protection. It is the respondent's responsibility to notify the Department of State Police Firearm Owner's Identification Card Office.

(b) If the respondent is a peace officer as defined in Section 2-13 of the Criminal Code of 2012, the court shall order that any firearms used by the respondent in the performance of his or her duties as a peace officer be surrendered to the chief law enforcement executive of the agency in which the respondent is employed, who shall retain the firearms for safekeeping for the duration of the order of protection.

(c) Upon expiration of the period of safekeeping, if the firearms or Firearm Owner's Identification Card cannot be returned to respondent because respondent cannot be located, fails to respond to requests to retrieve the firearms, or is not lawfully eligible to possess a firearm, upon petition from the local law enforcement agency, the court may order the local law enforcement agency to destroy the firearms, use the firearms for training purposes, or for any other application as deemed appropriate by the local law enforcement agency; or that the firearms be turned over to a third party who is lawfully eligible to possess firearms, and who does not reside with respondent.

(15) Prohibition of access to records. If an order of protection prohibits respondent from having contact with the minor

child, or if petitioner's address is omitted under subsection (b) of Section 203, or if necessary to prevent abuse or wrongful removal or concealment of a minor child, the order shall deny respondent access to, and prohibit respondent from inspecting, obtaining, or attempting to inspect or obtain, school or any other records of the minor child who is in the care of petitioner.

(16) Order for payment of shelter services. Order respondent to reimburse a shelter providing temporary housing and counseling services to the petitioner for the cost of the services, as certified by the shelter and deemed reasonable by the court.

(17) Order for injunctive relief. Enter injunctive relief necessary or appropriate to prevent further abuse of a family or household member or further abuse, neglect, or exploitation of a high-risk adult with disabilities or to effectuate one of the granted remedies, if supported by the balance of hardships. If the harm to be prevented by the injunction is abuse or any other harm that one of the remedies listed in paragraphs (1) through (16) of this subsection is designed to prevent, no further evidence is necessary that the harm is an irreparable injury.

(18) Telephone services.

(A) Unless a condition described in subparagraph (B) of this paragraph exists, the court may, upon request by the petitioner, order a wireless telephone service provider to transfer to the petitioner the right to continue to use a telephone number or numbers indicated by the petitioner and the financial responsibility associated with the number or numbers, as set forth in subparagraph (C) of this paragraph. For purposes of this paragraph (18), the term "wireless telephone service provider" means a provider of commercial mobile service as defined in 47 U.S.C. 332. The petitioner may request the transfer of each telephone number that the petitioner, or a minor child in his or her custody, uses. The clerk of the court shall serve the order on the wireless telephone service provider's agent for service of process provided to the Illinois Commerce Commission. The order shall contain all of the following:

(i) The name and billing telephone number of the account holder including the name of the
wireless telephone service provider that serves the account.

(ii) Each telephone number that will be transferred.

(iii) A statement that the provider transfers to the petitioner all financial responsibility for and right to the use of any telephone number transferred under this paragraph.

(B) A wireless telephone service provider shall terminate the respondent's use of, and shall transfer to the petitioner use of, the telephone number or numbers indicated in subparagraph (A) of this paragraph unless it notifies the petitioner, within 72 hours after it receives the order, that one of the following applies:

(i) The account holder named in the order has terminated the account.

(ii) A difference in network technology would prevent or impair the functionality of a device on a network if the transfer occurs.

(iii) The transfer would cause a geographic or other limitation on network or service provision to the petitioner.

(iv) Another technological or operational issue would prevent or impair the use of the telephone number if the transfer occurs.

(C) The petitioner assumes all financial responsibility for and right to the use of any telephone number transferred under this paragraph. In this paragraph, "financial responsibility" includes monthly service costs and costs associated with any mobile device associated with the number.

(D) A wireless telephone service provider may apply to the petitioner its routine and customary requirements for establishing an account or transferring a number, including requiring the petitioner to provide proof of identification, financial information, and customer preferences.

(E) Except for willful or wanton misconduct, a wireless telephone service provider is immune from civil

New matter indicated by italics - deletions by strikeout
liability for its actions taken in compliance with a court order issued under this paragraph.

(F) All wireless service providers that provide services to residential customers shall provide to the Illinois Commerce Commission the name and address of an agent for service of orders entered under this paragraph (18). Any change in status of the registered agent must be reported to the Illinois Commerce Commission within 30 days of such change.

(G) The Illinois Commerce Commission shall maintain the list of registered agents for service for each wireless telephone service provider on the Commission's website. The Commission may consult with wireless telephone service providers and the Circuit Court Clerks on the manner in which this information is provided and displayed.

(c) Relevant factors; findings.

(1) In determining whether to grant a specific remedy, other than payment of support, the court shall consider relevant factors, including but not limited to the following:

   (i) the nature, frequency, severity, pattern and consequences of the respondent's past abuse, neglect or exploitation of the petitioner or any family or household member, including the concealment of his or her location in order to evade service of process or notice, and the likelihood of danger of future abuse, neglect, or exploitation to petitioner or any member of petitioner's or respondent's family or household; and

   (ii) the danger that any minor child will be abused or neglected or improperly relocated from the jurisdiction, improperly concealed within the State or improperly separated from the child's primary caretaker.

(2) In comparing relative hardships resulting to the parties from loss of possession of the family home, the court shall consider relevant factors, including but not limited to the following:

   (i) availability, accessibility, cost, safety, adequacy, location and other characteristics of alternate housing for each party and any minor child or dependent adult in the party's care;
(ii) the effect on the party's employment; and
(iii) the effect on the relationship of the party, and
any minor child or dependent adult in the party's care, to
family, school, church and community.

(3) Subject to the exceptions set forth in paragraph (4) of
this subsection, the court shall make its findings in an official
record or in writing, and shall at a minimum set forth the
following:

(i) That the court has considered the applicable
relevant factors described in paragraphs (1) and (2) of this
subsection.

(ii) Whether the conduct or actions of respondent,
unless prohibited, will likely cause irreparable harm or
continued abuse.

(iii) Whether it is necessary to grant the requested
relief in order to protect petitioner or other alleged abused
persons.

(4) For purposes of issuing an ex parte emergency order of
protection, the court, as an alternative to or as a supplement to
making the findings described in paragraphs (c)(3)(i) through
(c)(3)(iii) of this subsection, may use the following procedure:

When a verified petition for an emergency order of
protection in accordance with the requirements of Sections 203 and
217 is presented to the court, the court shall examine petitioner on
oath or affirmation. An emergency order of protection shall be
issued by the court if it appears from the contents of the petition
and the examination of petitioner that the averments are sufficient
to indicate abuse by respondent and to support the granting of relief
under the issuance of the emergency order of protection.

(5) Never married parties. No rights or responsibilities for a
minor child born outside of marriage attach to a putative father
until a father and child relationship has been established under the
Illinois Parentage Act of 1984, the Illinois Parentage Act of 2015,
the Illinois Public Aid Code, Section 12 of the Vital Records Act,
the Juvenile Court Act of 1987, the Probate Act of 1985, the
Revised Uniform Reciprocal Enforcement of Support Act, the
Uniform Interstate Family Support Act, the Expedited Child
Support Act of 1990, any judicial, administrative, or other act of
another state or territory, any other Illinois statute, or by any

foreign nation establishing the father and child relationship, any
other proceeding substantially in conformity with the Personal
Responsibility and Work Opportunity Reconciliation Act of 1996
(Pub. L. 104-193), or where both parties appeared in open court or
at an administrative hearing acknowledging under oath or
admitting by affirmation the existence of a father and child
relationship. Absent such an adjudication, finding, or
acknowledgement, no putative father shall be granted temporary
allocation of parental responsibilities, including parenting time
with the minor child, or physical care and possession of the minor
child, nor shall an order of payment for support of the minor child
be entered.

(d) Balance of hardships; findings. If the court finds that the
balance of hardships does not support the granting of a remedy governed
by paragraph (2), (3), (10), (11), or (16) of subsection (b) of this Section,
which may require such balancing, the court's findings shall so indicate
and shall include a finding as to whether granting the remedy will result in
hardship to respondent that would substantially outweigh the hardship to
petitioner from denial of the remedy. The findings shall be an official
record or in writing.

(e) Denial of remedies. Denial of any remedy shall not be based, in
whole or in part, on evidence that:

(1) Respondent has cause for any use of force, unless that
cause satisfies the standards for justifiable use of force provided by
Article 7 of the Criminal Code of 2012;
(2) Respondent was voluntarily intoxicated;
(3) Petitioner acted in self-defense or defense of another,
provided that, if petitioner utilized force, such force was justifiable
under Article 7 of the Criminal Code of 2012;
(4) Petitioner did not act in self-defense or defense of
another;
(5) Petitioner left the residence or household to avoid
further abuse, neglect, or exploitation by respondent;
(6) Petitioner did not leave the residence or household to
avoid further abuse, neglect, or exploitation by respondent;
(7) Conduct by any family or household member excused
the abuse, neglect, or exploitation by respondent, unless that same
conduct would have excused such abuse, neglect, or exploitation if
the parties had not been family or household members.

Section 10. The Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois is amended by repealing Section 605-525.

Section 15. The Illinois Lottery Law is amended by changing Section 9.1 as follows:

(20 ILCS 1605/9.1)

Sec. 9.1. Private manager and management agreement.

(a) As used in this Section:

"Offeror" means a person or group of persons that responds to a request for qualifications under this Section.

"Request for qualifications" means all materials and documents prepared by the Department to solicit the following from offerors:

(1) Statements of qualifications.

(2) Proposals to enter into a management agreement, including the identity of any prospective vendor or vendors that the offeror intends to initially engage to assist the offeror in performing its obligations under the management agreement.

"Final offer" means the last proposal submitted by an offeror in response to the request for qualifications, including the identity of any prospective vendor or vendors that the offeror intends to initially engage to assist the offeror in performing its obligations under the management agreement.

"Final offeror" means the offeror ultimately selected by the Governor to be the private manager for the Lottery under subsection (h) of this Section.

New matter indicated by italics - deletions by strikeout
As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:

(1) where such contracts contain a provision authorizing termination upon notice, the Department shall provide notice of termination to occur upon the mutually agreed timetable for transfer of functions;

(2) upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall not renew such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

(3) in the event any current contract provides for termination of that contract upon the implementation of a contract with the private manager, the Department shall perform all necessary actions to terminate the contract on the date that coincides with the mutually agreed timetable for transfer of functions.

If the contracts to support the current operation of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly are not subject to termination as provided for in this subsection (c), then the Department may include a provision in the contract with the private manager specifying a mutually agreeable methodology for incorporation.

(c-5) The Department shall include provisions in the management agreement whereby the private manager shall, for a fee, and pursuant to a contract negotiated with the Department (the "Employee Use Contract"), utilize the services of current Department employees to assist in the administration and operation of the Lottery. Department employees shall operate under the same employment policies, rules, regulations, and procedures, as other employees of the Department. (e) Notwithstanding any other law to the contrary, the Department shall select a private manager through a competitive request for qualifications process consistent with Section 20-35 of the Illinois Procurement Code, which shall take into account:

The Department shall not select any prospective advisor with a substantial business or financial relationship that the Department deems to impair the objectivity of the services to be provided by the prospective advisor.

New matter indicated by italics - deletions by strikeout
During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. The Department shall not include terms in the request for qualifications that provide a material advantage whether directly or indirectly to any potential offeror, or any contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery, including terms contained in previous responses to requests for proposals or qualifications submitted to Illinois, another State or foreign government when those terms are uniquely associated with a particular potential offeror, contractor, or subcontractor. The request for proposals offered by the Department on December 22, 2008 as "LOT08GAMESYS" and reference number "22016176" is declared void.

(g) The Department shall select at least 2 offerors as finalists to potentially serve as the private manager no later than August 9, 2010. Upon making preliminary selections, the Department shall schedule a public hearing on the finalists' proposals and provide public notice of the hearing at least 7 calendar days before the hearing. The notice must include all of the following:

1. The date, time, and place of the hearing.
2. The subject matter of the hearing.
3. A brief description of the management agreement to be awarded.
4. The identity of the offerors that have been selected as finalists to serve as the private manager.
5. The address and telephone number of the Department.

(h) At the public hearing, the Department shall (i) provide sufficient time for each finalist to present and explain its proposal to the Department and the Governor or the Governor's designee, including an opportunity to respond to questions posed by the Department, Governor, or designee and (ii) allow the public and non-selected offerors to comment on the presentations. The Governor or a designee shall attend the public hearing. After the public hearing, the Department shall have 14 calendar days to recommend to the Governor whether a management agreement should be entered into with a particular finalist. After reviewing the Department's recommendation, the Governor may accept or reject the Department's recommendation, and shall select a final offeror as the
private manager by publication of a notice in the Illinois Procurement Bulletin on or before September 15, 2010. The Governor shall include in the notice a detailed explanation and the reasons why the final offeror is superior to other offerors and will provide management services in a manner that best achieves the objectives of this Section. The Governor shall also sign the management agreement with the private manager.

(i) Any action to contest the private manager selected by the Governor under this Section must be brought within 7 calendar days after the publication of the notice of the designation of the private manager as provided in subsection (h) of this Section.

(j) The Lottery shall remain, for so long as a private manager manages the Lottery in accordance with provisions of this Act, a Lottery conducted by the State, and the State shall not be authorized to sell or transfer the Lottery to a third party.

(k) Any tangible personal property used exclusively in connection with the lottery that is owned by the Department and leased to the private manager shall be owned by the Department in the name of the State and shall be considered to be public property devoted to an essential public and governmental function.

(l) The Department may exercise any of its powers under this Section or any other law as necessary or desirable for the execution of the Department's powers under this Section.

(m) Neither this Section nor any management agreement entered into under this Section prohibits the General Assembly from authorizing forms of gambling that are not in direct competition with the Lottery.

(n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private manager under this subsection.

(o) The powers conferred by this Section are in addition and supplemental to the powers conferred by any other law. If any other law or rule is inconsistent with this Section, including, but not limited to, provisions of the Illinois Procurement Code, then this Section controls as to any management agreement entered into under this Section. This Section and any rules adopted under this Section contain full and complete authority for a management agreement between the Department and a
private manager. No law, procedure, proceeding, publication, notice, consent, approval, order, or act by the Department or any other officer, Department, agency, or instrumentality of the State or any political subdivision is required for the Department to enter into a management agreement under this Section. This Section contains full and complete authority for the Department to approve any contracts entered into by a private manager with a vendor providing goods, services, or both goods and services to the private manager under the terms of the management agreement, including subcontractors of such vendors.

Upon receipt of a written request from the Chief Procurement Officer, the Department shall provide to the Chief Procurement Officer a complete and un-redacted copy of the management agreement or any contract that is subject to the Department's approval authority under this subsection (o). The Department shall provide a copy of the agreement or contract to the Chief Procurement Officer in the time specified by the Chief Procurement Officer in his or her written request, but no later than 5 business days after the request is received by the Department. The Chief Procurement Officer must retain any portions of the management agreement or of any contract designated by the Department as confidential, proprietary, or trade secret information in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act. The Department shall also provide the Chief Procurement Officer with reasonable advance written notice of any contract that is pending Department approval.

Notwithstanding any other provision of this Section to the contrary, the Chief Procurement Officer shall adopt administrative rules, including emergency rules, to establish a procurement process to select a successor private manager if a private management agreement has been terminated. The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private manager and sign the management agreement with the private manager.

(2) The payment of costs incurred in the operation and administration of the Lottery, including the payment of sums due to the private manager under the management agreement with the Department.

(3) On the last day of each month or as soon thereafter as possible, the State Comptroller shall direct and the State Treasurer shall transfer from the State Lottery Fund to the Common School Fund an amount that is equal to the proceeds transferred in the corresponding month of fiscal year 2009, as adjusted for inflation, to the Common School Fund.

Sec. 2705-585. Diversity goals.

(Section scheduled to be repealed on June 30, 2017)

Sec. 2705-600. Target market program. In order to remedy particular incidents and patterns of egregious race or gender discrimination, the chief procurement officer, in consultation with the Department, shall have the power to implement a target market program incorporating the following terms:

(0.5) Each fiscal year, the Department shall review any and all evidence of discrimination related to transportation construction projects. Evidence of discrimination may include, but is not limited to: (i) the determination of the Department's utilization of minority-owned and women-owned female-owned firms in its prime contracts and associated subcontracts; (ii) the availability of minority-owned and women-owned female-owned firms in the Department's geographic market areas and specific construction industry markets; (iii) any disparities between the utilization of minority-owned and women-owned female-owned firms in the

New matter indicated by italics - deletions by strikeout
Department's markets and the utilization of those firms on the Department's prime contracts and subcontracts in those markets; (iv) any disparities between the utilization of minority-owned and women-owned female-owned firms in the overall construction markets in which the Department purchases and the utilization of those firms in the overall construction economy in which the Department operates; (v) evidence of discrimination in the rates at which minority-owned and women-owned female-owned firms in the Department's markets form businesses compared to similar non-minority-owned and non-women-owned non-female-owned firms in the Department's markets and in the dollars earned by such businesses; and (vi) quantitative and qualitative anecdotal evidence of discrimination. If after reviewing such evidence, the Department finds and the chief procurement officer concurs in the findings that the Department has a strong basis in evidence that it has a compelling interest in remedying the identified discrimination against a specific group, race, or gender, and that the only remedy for such discrimination is a narrowly tailored target market, the chief procurement officer, in consultation with the Department, has the power to establish and implement a target market program tailored to address the specific findings of egregious discrimination made by the Department, after a public hearing at which minority, women female, and general contractor groups, community organizations, and other interested parties shall have the opportunity to provide comments.

(1) In January of each year, the Department and the chief procurement officer shall report jointly to the General Assembly the results of any evidentiary inquiries or studies that establish the Department's compelling interest in remedying egregious discrimination based upon strong evidence of the need for a narrowly tailored target market to remedy such discrimination and public hearings held pursuant to this Section, and shall report the actions to be taken to address the findings, including, if warranted, the establishment and implementation of any target market initiatives.

(2) The chief procurement officer shall work with the officers and divisions of the Department to determine the appropriate designation of contracts as target market contracts. The chief procurement officer, in consultation with the Department,
shall determine appropriate contract formation and bidding procedures for target market contracts, including, but not limited to, the dividing of procurements so designated into contract award units in order to facilitate offers or bids from minority-owned businesses and women-owned female-owned businesses and the removal of bid bond requirements for minority-owned businesses and women-owned female-owned businesses. Minority-owned businesses and women-owned female-owned businesses shall remain eligible to seek the procurement award of contracts that have not been designated as target market contracts.

(3) The chief procurement officer may make participation in the target market program dependent upon submission to stricter compliance audits than are generally applicable. No contract shall be eligible for inclusion in the target market program unless the Department determines that there are at least 3 minority-owned businesses or women-owned female-owned businesses interested in participating in that type of contract. The Department, with the concurrence of the chief procurement officer, may develop guidelines to regulate the level of participation of individual minority-owned businesses and women-owned female-owned businesses in the target market program in order to prevent the domination of the target market program by a small number of those entities. The Department may require minority-owned businesses and women-owned female-owned businesses to participate in training programs offered by the Department or other State agencies as a condition precedent to participation in the target market program.

(4) Participation in the target market program shall be limited to minority-owned businesses and women-owned female-owned businesses and joint ventures consisting exclusively of minority-owned businesses, women-owned female-owned businesses, or both, that are certified as disadvantaged businesses pursuant to the provisions of Section 6(d) of the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act. A firm awarded a target market contract may subcontract up to 50% of the dollar value of the target market contract to subcontractors who are not minority-owned businesses or women-owned female-owned businesses.

New matter indicated by italics - deletions by strikeout
(5) The Department may include in the target market program contracts that are funded by the federal government to the extent allowed by federal law and may vary the standards of eligibility of the target market program to the extent necessary to comply with the federal funding requirements.

(6) If no satisfactory bid or response is received with respect to a contract that has been designated as part of the target market program, the chief procurement officer, in consultation with the Department, may delete that contract from the target market program. In addition, the chief procurement officer, in consultation with the Department, may thereupon designate and set aside for the target market program additional contracts corresponding in approximate value to the contract that was deleted from the target market program, in keeping with the narrowly tailored process used for selecting contracts suitable for the program and to the extent feasible.

(7) The chief procurement officer, in consultation with the Department, shall promulgate such rules as he or she deems necessary to administer the target market program.

If any part, sentence, or clause of this Section is for any reason held invalid or to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Section.

This Section is repealed on June 30, 2017.

care, the Authority may evaluate such gaps and provide resources as available, giving priority to healthcare providers serving a significant percentage of Medicaid or uninsured patients and in medically underserved or rural areas.

(30 ILCS 500/30-30)
Sec. 30-30. Design-bid-build construction.
(a) The provisions of this subsection are operative through December 31, 2019.
For building construction contracts in excess of $250,000, separate specifications may be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

1. plumbing;
2. heating, piping, refrigeration, and automatic temperature control systems, including the testing and balancing of those systems;
3. ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;
4. electric wiring; and
5. general contract work.

The specifications may be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof may award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made.
directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract.

Beginning on the effective date of this amendatory Act of the 99th General Assembly and through December 31, 2019, for single prime projects: (i) the bid of the successful low bidder shall identify the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section; (ii) the contract entered into with the successful bidder shall provide that no identified subcontractor may be terminated without the written consent of the Capital Development Board; (iii) the contract shall comply with the disadvantaged business practices of the Business Enterprise for Minorities, Women, Females, and Persons with Disabilities Act and the equal employment practices of Section 2-105 of the Illinois Human Rights Act; (iv) the Capital Development Board shall submit a quarterly report to the Procurement Policy Board with information on the general scope, project budget, and established Business Enterprise Program goals for any single prime procurement bid in the previous 3 months with a total construction cost valued at $10,000,000 or less; and (v) the Capital Development Board shall submit an annual report to the General Assembly and Governor on the bidding, award, and performance of all single prime projects.

For building construction projects with a total construction cost valued at $5,000,000 or less, the Capital Development Board shall not use the single prime procurement delivery method for more than 50% of the total number of projects bid for each fiscal year. Any project with a total construction cost valued greater than $5,000,000 may be bid using single prime at the discretion of the Executive Director of the Capital Development Board.

Beginning on the effective date of this amendatory Act of the 99th General Assembly and through December 31, 2017, the Capital Development Board shall, on a weekly basis: review the projects that have been designed, and approved to bid; and, for every fifth determination to use the single prime procurement delivery method for a project under $10,000,000, submit to the Procurement Policy Board a written notice of its intent to use the single prime method on the project. The notice shall include the reasons for using the single prime method and an explanation of why the use of that method is in the best interest of the State. The Capital Development Board shall post the notice on its online procurement webpage and on the online Procurement Bulletin at least 3 business days following submission. The Procurement Policy Board shall review and
provide its decision on the use of the single prime method for every fifth use of the single prime procurement delivery method for a project under $10,000,000 within 7 business days of receipt of the notice from the Capital Development Board. Approval by the Procurement Policy Board shall not be unreasonably withheld and shall be provided unless the Procurement Policy Board finds that the use of the single prime method is not in the best interest of the State. Any decision by the Procurement Policy Board to disapprove the use of the single prime method shall be made in writing to the Capital Development Board, posted on the online Procurement Bulletin, and shall state the reasons why the single prime method was disapproved and why it is not in the best interest of the State.

(b) The provisions of this subsection are operative on and after January 1, 2020. For building construction contracts in excess of $250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

(3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;
(4) electric wiring; and
(5) general contract work.

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract.

Sec. 45-45. Small businesses.

New matter indicated by italics - deletions by strikeout
(a) Set-asides. Each chief procurement officer has authority to designate as small business set-asides a fair proportion of construction, supply, and service contracts for award to small businesses in Illinois. Advertisements for bids or offers for those contracts shall specify designation as small business set-asides. In awarding the contracts, only bids or offers from qualified small businesses shall be considered.

(b) Small business. "Small business" means a business that is independently owned and operated and that is not dominant in its field of operation. The chief procurement officer shall establish a detailed definition by rule, using in addition to the foregoing criteria other criteria, including the number of employees and the dollar volume of business. When computing the size status of a potential contractor, annual sales and receipts of the potential contractor and all of its affiliates shall be included. The maximum number of employees and the maximum dollar volume that a small business may have under the rules promulgated by the chief procurement officer may vary from industry to industry to the extent necessary to reflect differing characteristics of those industries, subject to the following limitations:

(1) No wholesale business is a small business if its annual sales for its most recently completed fiscal year exceed $13,000,000.

(2) No retail business or business selling services is a small business if its annual sales and receipts exceed $8,000,000.

(3) No manufacturing business is a small business if it employs more than 250 persons.

(4) No construction business is a small business if its annual sales and receipts exceed $14,000,000.

(c) Fair proportion. For the purpose of subsection (a), for State agencies of the executive branch, a fair proportion of construction contracts shall be no less than 25% nor more than 40% of the annual total contracts for construction.

(d) Withdrawal of designation. A small business set-aside designation may be withdrawn by the purchasing agency when deemed in the best interests of the State. Upon withdrawal, all bids or offers shall be rejected, and the bidders or offerors shall be notified of the reason for rejection. The contract shall then be awarded in accordance with this Code without the designation of small business set-aside.

(e) Small business specialist. The chief procurement officer shall designate a State purchasing officer who will be responsible for engaging
an experienced contract negotiator to serve as its small business specialist, whose duties shall include:

1. Compiling and maintaining a comprehensive list of potential small contractors. In this duty, he or she shall cooperate with the Federal Small Business Administration in locating potential sources for various products and services.

2. Assisting small businesses in complying with the procedures for bidding on State contracts.

3. Examining requests from State agencies for the purchase of property or services to help determine which invitations to bid are to be designated small business set-asides.

4. Making recommendations to the chief procurement officer for the simplification of specifications and terms in order to increase the opportunities for small business participation.

5. Assisting in investigations by purchasing agencies to determine the responsibility of bidders or offerors on small business set-asides.

(f) Small business annual report. The State purchasing officer designated under subsection (e) shall annually before December 1 report in writing to the General Assembly concerning the awarding of contracts to small businesses. The report shall include the total value of awards made in the preceding fiscal year under the designation of small business set-aside. The report shall also include the total value of awards made to businesses owned by minorities, women females, and persons with disabilities, as defined in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act, in the preceding fiscal year under the designation of small business set-aside.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act.

Sec. 45-57. Veterans.

(a) Set-aside goal. It is the goal of the State to promote and encourage the continued economic development of small businesses owned and controlled by qualified veterans and that qualified service-disabled veteran-owned small businesses (referred to as SDVOSB) and veteran-owned small businesses (referred to as VOSB) participate in the State's procurement process as both prime contractors and subcontractors.
Not less than 3% of the total dollar amount of State contracts, as defined by the Director of Central Management Services, shall be established as a goal to be awarded to SDVOSB and VOSB. That portion of a contract under which the contractor subcontracts with a SDVOSB or VOSB may be counted toward the goal of this subsection. The Department of Central Management Services shall adopt rules to implement compliance with this subsection by all State agencies.

(b) Fiscal year reports. By each September 1, each chief procurement officer shall report to the Department of Central Management Services on all of the following for the immediately preceding fiscal year, and by each March 1 the Department of Central Management Services shall compile and report that information to the General Assembly:

(c) Yearly review and recommendations. Each year, each chief procurement officer shall review the progress of all State agencies under its jurisdiction in meeting the goal described in subsection (a), with input from statewide veterans' service organizations and from the business community, including businesses owned by qualified veterans, and shall make recommendations to be included in the Department of Central Management Services' report to the General Assembly regarding continuation, increases, or decreases of the percentage goal. The recommendations shall be based upon the number of businesses that are owned by qualified veterans and on the continued need to encourage and promote businesses owned by qualified veterans.

(d) Governor's recommendations. To assist the State in reaching the goal described in subsection (a), the Governor shall recommend to the General Assembly changes in programs to assist businesses owned by qualified veterans.

(30 ILCS 537/5)

(Section scheduled to be repealed on July 1, 2019)

Sec. 5. Legislative policy. It is the intent of the General Assembly that the Capital Development Board be allowed to use the design-build delivery method for public projects if it is shown to be in the State's best interest for that particular project. It shall be the policy of the Capital Development Board in the procurement of design-build services to publicly announce all requirements for design-build services and to procure these services on the basis of demonstrated competence and qualifications and with due regard for the principles of competitive selection.

The Capital Development Board shall, prior to issuing requests for proposals, promulgate and publish procedures for the solicitation and award of contracts pursuant to this Act.

The Capital Development Board shall, for each public project or projects permitted under this Act, make a written determination, including a description as to the particular advantages of the design-build procurement method, that it is in the best interests of this State to enter

into a design-build contract for the project or projects. In making that
determination, the following factors shall be considered:

(1) The probability that the design-build procurement
method will be in the best interests of the State by providing a
material savings of time or cost over the design-bid-build or other
delivery system.

(2) The type and size of the project and its suitability to the
design-build procurement method.

(3) The ability of the State construction agency to define
and provide comprehensive scope and performance criteria for the
project.

No State construction agency may use a design-build procurement
method unless the agency determines in writing that the project will
comply with the disadvantaged business and equal employment practices
of the State as established in the Business Enterprise for Minorities,
Women Females, and Persons with Disabilities Act and Section 2-105 of
the Illinois Human Rights Act.

The Capital Development Board shall within 15 days after the
initial determination provide an advisory copy to the Procurement Policy

Sec. 15. Solicitation of proposals.
(a) When the State construction agency elects to use the design-
build delivery method, it must issue a notice of intent to receive requests
for proposals for the project at least 14 days before issuing the request for
the proposal. The State construction agency must publish the advance
notice in the official procurement bulletin of the State or the professional
services bulletin of the State construction agency, if any. The agency is
encouraged to use publication of the notice in related construction industry
service publications. A brief description of the proposed procurement must
be included in the notice. The State construction agency must provide a
copy of the request for proposal to any party requesting a copy.

(b) The request for proposal shall be prepared for each project and
must contain, without limitation, the following information:

(1) The name of the State construction agency.

(2) A preliminary schedule for the completion of the
contract.

New matter indicated by italics - deletions by strikeout
(3) The proposed budget for the project, the source of funds, and the currently available funds at the time the request for proposal is submitted.

(4) Prequalification criteria for design-build entities wishing to submit proposals. The State construction agency shall include, at a minimum, its normal prequalification, licensing, registration, and other requirements, but nothing contained herein precludes the use of additional prequalification criteria by the State construction agency.

(5) Material requirements of the contract, including but not limited to, the proposed terms and conditions, required performance and payment bonds, insurance, and the entity's plan to comply with the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, Females, and Persons with Disabilities Act, and with Section 2-105 of the Illinois Human Rights Act.

(6) The performance criteria.

(7) The evaluation criteria for each phase of the solicitation.

(8) The number of entities that will be considered for the technical and cost evaluation phase.

(c) The State construction agency may include any other relevant information that it chooses to supply. The design-build entity shall be entitled to rely upon the accuracy of this documentation in the development of its proposal.

(d) The date that proposals are due must be at least 21 calendar days after the date of the issuance of the request for proposal. In the event the cost of the project is estimated to exceed $10 million, then the proposal due date must be at least 28 calendar days after the date of the issuance of the request for proposal. The State construction agency shall include in the request for proposal a minimum of 30 days to develop the Phase II submissions after the selection of entities from the Phase I evaluation is completed.

(Section scheduled to be repealed on July 1, 2019)

Sec. 30. Procedures for Selection.

(a) The State construction agency must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the
procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.

(b) The State construction agency shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the agency has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase I evaluation of design-build entities: (1) experience of personnel; (2) successful experience with similar project types; (3) financial capability; (4) timeliness of past performance; (5) experience with similarly sized projects; (6) successful reference checks of the firm; (7) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (8) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act and with Section 2-105 of the Illinois Human Rights Act. The State construction agency may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The State construction agency may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including but not limited to, long-term leasehold, mutual performance, or development contracts with the State construction agency, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No proposal shall be considered that does not include an entity's plan to comply with the requirements established in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act, for both the design and construction areas of performance, and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the State construction agency shall create a shortlist of the most highly qualified entities.
design-build entities. The State construction agency, in its discretion, is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided however, no less than 2 design-build entities nor more than 6 are selected to submit Phase II proposals.

The State construction agency shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The State construction agency must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the State agency.

(c) The State construction agency shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase II technical evaluation of design-build entities: (1) compliance with objectives of the project; (2) compliance of proposed services to the request for proposal requirements; (3) quality of products or materials proposed; (4) quality of design parameters; (5) design concepts; (6) innovation in meeting the scope and performance criteria; and (7) constructability of the proposed project. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The State construction agency shall include the following criteria in every Phase II cost evaluation: the total project cost, the construction costs, and the time of completion. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection. The total project cost criteria weighing factor shall be 25%.

The State construction agency shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards.
Upon completion of the technical submissions and cost submissions evaluation, the State construction agency may award the design-build contract to the highest overall ranked entity.

Sec. 46. Reports and evaluation. At the end of every 6 month period following the contract award, and again prior to final contract payout and closure, a selected design-build entity shall detail, in a written report submitted to the State agency, its efforts and success in implementing the entity's plan to comply with the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act and the provisions of Section 2-105 of the Illinois Human Rights Act. If the entity's performance in implementing the plan falls short of the performance measures and outcomes set forth in the plans submitted by the entity during the proposal process, the entity shall, in a detailed written report, inform the General Assembly and the Governor whether and to what degree each design-build contract authorized under this Act promoted the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act and the provisions of Section 2-105 of the Illinois Human Rights Act.

The Illinois Department of Labor shall submit to the General Assembly and the Governor an annual report that details the number of minorities and women females employed under all public labor agreements within the State.

Section 70. The Business Enterprise for Minorities, Females, and Persons with Disabilities Act is amended by changing Sections 0.01, 1, 2, 4, 4f, 5, 6, 6a, 7, 8, 8a, 8b, and 8f and by adding Sections 8g, 8h, and 8i as follows:

and operated businesses and that minority-owned and women-owned female-owned and operated businesses participate in the State's procurement process as both prime and subcontractors. The State of Illinois has observed that the goals established in this Act have served to increase the participation of minority and women businesses in contracts awarded by the State. The State hereby declares that the adoption of this amendatory Act of 1989 shall serve the State's continuing interest in promoting open access in the awarding of State contracts to disadvantaged small business enterprises victimized by discriminatory practices. Furthermore, after reviewing evidence of the high level of attainment of the 10% minimum goals established under this Act, and, after considering evidence that minority and women businesses, as established in 1982, constituted and continue to constitute more than 10% of the businesses operating in this State, the State declares that the continuation of such 10% minimum goals under this amendatory Act of 1989 is a narrowly tailored means of promoting open access and thus the further growth and development of minority and women businesses.

The State of Illinois further declares that it is the public policy of this State to promote and encourage the continuous economic development of businesses owned by persons with disabilities and a 2% contracting goal is a narrowly tailored means of promoting open access and thus the further growth and development of those businesses.

(40 ILCS 5/1-109.1) (from Ch. 108 1/2, par. 1-109.1)

(1) Subject to the provisions of Section 22A-113 of this Code and subsections (2) and (3) of this Section, the board of trustees of a retirement system or pension fund established under this Code may:

(a) Appoint one or more investment managers as fiduciaries to manage (including the power to acquire and dispose of) any assets of the retirement system or pension fund; and

(b) Allocate duties among themselves and designate others as fiduciaries to carry out specific fiduciary activities other than the management of the assets of the retirement system or pension fund.

(2) The board of trustees of a pension fund established under Article 5, 6, 8, 9, 10, 11, 12 or 17 of this Code may not transfer its investment authority, nor transfer the assets of the fund to any other person or entity for the purpose of consolidating or merging its assets and management with any other pension fund or public investment authority, unless the board resolution authorizing such transfer is submitted for approval to the contributors and pensioners of the fund at elections held not less than 30 days after the adoption of such resolution by the board, and such resolution is approved by a majority of the votes cast on the
question in both the contributors election and the pensioners election. The election procedures and qualifications governing the election of trustees shall govern the submission of resolutions for approval under this paragraph, insofar as they may be made applicable.

(3) Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Illinois Constitution, the investment authority of boards of trustees of retirement systems and pension funds established under this Code is declared to be a subject of exclusive State jurisdiction, and the concurrent exercise by a home rule unit of any power affecting such investment authority is hereby specifically denied and preempted.

(4) For the purposes of this Code, "emerging investment manager" means a qualified investment adviser that manages an investment portfolio of at least $10,000,000 but less than $10,000,000,000 and is a "minority-owned minority owned business", "women-owned female owned business" or "business owned by a person with a disability" as those terms are defined in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act.

It is hereby declared to be the public policy of the State of Illinois to encourage the trustees of public employee retirement systems, pension funds, and investment boards to use emerging investment managers in managing their system's assets, encompassing all asset classes, and increase the racial, ethnic, and gender diversity of its fiduciaries, to the greatest extent feasible within the bounds of financial and fiduciary prudence, and to take affirmative steps to remove any barriers to the full participation in investment opportunities afforded by those retirement systems, pension funds, and investment boards.

On or before January 1, 2010, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for utilization of emerging investment managers. This policy shall include quantifiable goals for the management of assets in specific asset classes by emerging investment managers. The retirement system, pension fund, or investment board shall establish 3 separate goals for: (i) emerging investment managers that are minority-owned minority owned businesses; (ii) emerging investment managers that are women-owned female owned businesses; and (iii) emerging investment managers that are businesses owned by a person with a disability. The goals established shall be based on the percentage of total dollar amount of investment service contracts let to minority-owned minority owned businesses, women-owned female owned businesses, minority-owned minority owned businesses, women-owned female owned businesses, and businesses owned by a person with a disability.
female-owned businesses, and businesses owned by a person with a disability, as those terms are defined in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act. The retirement system, pension fund, or investment board shall annually review the goals established under this subsection.

If in any case an emerging investment manager meets the criteria established by a board for a specific search and meets the criteria established by a consultant for that search, then that emerging investment manager shall receive an invitation by the board of trustees, or an investment committee of the board of trustees, to present his or her firm for final consideration of a contract. In the case where multiple emerging investment managers meet the criteria of this Section, the staff may choose the most qualified firm or firms to present to the board.

The use of an emerging investment manager does not constitute a transfer of investment authority for the purposes of subsection (2) of this Section.

(5) Each retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall establish a policy that sets forth goals for increasing the racial, ethnic, and gender diversity of its fiduciaries, including its consultants and senior staff. Each system, fund, and investment board shall annually review the goals established under this subsection.

(6) On or before January 1, 2010, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for utilization of businesses owned by minorities, women females, and persons with disabilities for all contracts and services. The goals established shall be based on the percentage of total dollar amount of all contracts let to minority-owned minority owned businesses, women-owned female-owned businesses, and businesses owned by a person with a disability, as those terms are defined in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act. The retirement system, pension fund, or investment board shall annually review the goals established under this subsection.

The retirement system, pension fund, or investment board shall annually review the goals established under this Section.

(8) Each retirement system, pension fund, and investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall submit a report to the Governor and the General Assembly by January 1 of each year that includes the following: (i) the policy adopted under subsection (4) of this Section, including the names and addresses of the emerging investment managers used, percentage of the assets under the investment control of emerging investment managers for the 3 separate goals, and the actions it has undertaken to increase the use of emerging investment managers, including encouraging other investment managers to use emerging investment managers as subcontractors when the opportunity arises; (ii) the policy adopted under subsection (5) of this Section; (iii) the policy adopted under subsection (6) of this Section; (iv) the policy adopted under subsection (7) of this Section, including specific actions undertaken to increase the use of minority broker-dealers; and (v) the policy adopted under subsection (9) of this Section.

(9) On or before February 1, 2015, a retirement system, pension fund, or investment board subject to this Code, except those whose investments are restricted by Section 1-113.2 of this Code, shall adopt a policy that sets forth goals for increasing the utilization of minority investment managers. For the purposes of this Code, "minority investment manager" means a qualified investment manager that manages an investment portfolio and meets the definition of "minority-owned business", "women-owned female owned business", or "business owned by a person with a disability", as those terms are defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

It is hereby declared to be the public policy of the State of Illinois to encourage the trustees of public employee retirement systems, pension funds, and investment boards to use minority investment managers in managing their systems' assets, encompassing all asset classes, and to increase the racial, ethnic, and gender diversity of their fiduciaries, to the
greatest extent feasible within the bounds of financial and fiduciary prudence, and to take affirmative steps to remove any barriers to the full participation in investment opportunities afforded by those retirement systems, pension funds, and investment boards.

The retirement system, pension fund, or investment board shall establish 3 separate goals for: (i) minority investment managers that are minority-owned businesses; (ii) minority investment managers that are women-owned female owned businesses; and (iii) minority investment managers that are businesses owned by a person with a disability. The retirement system, pension fund, or investment board shall annually review the goals established under this Section.

If in any case a minority investment manager meets the criteria established by a board for a specific search and meets the criteria established by a consultant for that search, then that minority investment manager shall receive an invitation by the board of trustees, or an investment committee of the board of trustees, to present his or her firm for final consideration of a contract. In the case where multiple minority investment managers meet the criteria of this Section, the staff may choose the most qualified firm or firms to present to the board.

The use of a minority investment manager does not constitute a transfer of investment authority for the purposes of subsection (2) of this Section.

(10) Beginning January 1, 2016, it shall be the aspirational goal for a retirement system, pension fund, or investment board subject to this Code to use emerging investment managers for not less than 20% of the total funds under management. Furthermore, it shall be the aspirational goal that not less than 20% of investment advisors be minorities, women females, and persons with disabilities as those terms are defined in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act. (a) The Authority shall, within 90 days after the effective date of this amendatory Act of 1984, establish and maintain an affirmative action program designed to promote equal employment opportunity and eliminate the effects of past discrimination. Such program shall include a plan, including timetables where appropriate, which shall specify goals and methods for increasing participation by women and minorities in employment, including employment related to the planning, organization, and staging of the games, by the Authority and by parties which contract with the Authority. The Authority shall submit a detailed plan with the General Assembly prior to September 1 of each year. Such program shall also establish procedures and sanctions (including debarment), which the Authority shall enforce to ensure compliance with the plan established

pursuant to this Section and with State and federal laws and regulations relating to the employment of women and minorities. A determination by the Authority as to whether a party to a contract with the Authority has achieved the goals or employed the methods for increasing participation by women and minorities shall be determined in accordance with the terms of such contracts or the applicable provisions of rules and regulations of the Authority existing at the time such contract was executed, including any provisions for consideration of good faith efforts at compliance which the Authority may reasonably adopt.

(b) The Authority shall adopt and maintain minority-owned and women-owned female-owned business enterprise procurement programs under the affirmative action program described in subsection (a) for any and all work, including all contracting related to the planning, organization, and staging of the games, undertaken by the Authority. That work shall include, but is not limited to, the purchase of professional services, construction services, supplies, materials, and equipment. The programs shall establish goals of awarding not less than 25% of the annual dollar value of all contracts, purchase orders, or other agreements (collectively referred to as "contracts") to minority-owned businesses and 5% of the annual dollar value of all contracts to women-owned businesses. Without limiting the generality of the foregoing, the programs shall require in connection with the prequalification or consideration of vendors for professional service contracts, construction contracts, and contracts for supplies, materials, equipment, and services that each proposer or bidder submit as part of his or her proposal or bid a commitment detailing how he or she will expend 25% or more of the dollar value of his or her contracts with one or more minority-owned businesses and 5% or more of the dollar value with one or more women-owned businesses. Bids or proposals that do not include such detailed commitments are not responsive and shall be rejected unless the Authority deems it appropriate to grant a waiver of these requirements. In addition the Authority may, in connection with the selection of providers of professional services, reserve the right to select a minority-owned or women-owned female business or businesses to fulfill the commitment to minority and female business participation. Each contract shall require the contractor or provider to submit a certified monthly report detailing the status of that contractor or provider's compliance with the Authority's minority-owned and women-owned business enterprise procurement program. The Authority, after reviewing the monthly reports of the contractors and providers, shall compile a comprehensive report regarding compliance with this procurement program and file it quarterly with the General Assembly. If, in connection with a particular contract, the Authority determines that it is impracticable or excessively costly to obtain minority-owned or women-owned businesses to perform sufficient work to fulfill the commitment required by this subsection, the Authority shall reduce or waive the commitment in the contract, as may be appropriate. The Authority shall establish rules and regulations setting forth the standards to be used in determining whether or not a reduction or waiver is appropriate. The terms "minority-owned business" and "women-owned business" have the meanings given to those terms in the Business Enterprise for Minorities, Women and Persons with Disabilities Act.

(c) The Authority shall adopt and maintain an affirmative action program in connection with the hiring of minorities and women on the Expansion Project and on any and all construction projects, including all contracting related to the planning, organization, and staging of the games, undertaken by the Authority. The program shall be designed to promote equal employment opportunity and shall specify the goals and methods for increasing the participation of minorities and women in a representative mix of job classifications required to perform the respective contracts awarded by the Authority.

(e) The Authority is authorized to enter into agreements with contractors' associations, labor unions, and the contractors working on the Expansion Project to establish an Apprenticeship Preparedness Training Program to provide for an increase in the number of minority and women female journeymen and apprentices in the building trades and to enter into agreements with Community College District 508 to provide readiness training. The Authority is further authorized to enter into contracts with public and private educational institutions and persons in the hospitality industry to provide training for employment in the hospitality industry.

Members of the McCormick Place Advisory Board shall serve 2-year terms and until their successors are appointed, except members who serve as a result of their elected position whose terms shall continue as long as they hold their designated elected positions. Vacancies shall be filled by appointment for the unexpired term in the same manner as original appointments are made. The McCormick Place Advisory Board shall elect its own chairperson.

Members of the McCormick Place Advisory Board shall serve without compensation but, at the Authority's discretion, shall be reimbursed for necessary expenses in connection with the performance of their duties.

Section 140. The Public Utilities Act is amended by changing Section 9-220 as follows:

(220 ILCS 5/9-220) (from Ch. 111 2/3, par. 9-220)
Sec. 9-220. Rate changes based on changes in fuel costs.

(a) Notwithstanding the provisions of Section 9-201, the Commission may authorize the increase or decrease of rates and charges based upon changes in the cost of fuel used in the generation or production of electric power, changes in the cost of purchased power, or changes in the cost of purchased gas through the application of fuel adjustment clauses or purchased gas adjustment clauses. The Commission may also authorize the increase or decrease of rates and charges based upon expenditures or revenues resulting from the purchase or sale of emission allowances created under the federal Clean Air Act Amendments of 1990, through such fuel adjustment clauses, as a cost of fuel. For the purposes of this paragraph, cost of fuel used in the generation or production of electric power shall include the amount of any fees paid by the utility for the implementation and operation of a process for the desulfurization of the flue gas when burning high sulfur coal at any location within the State of Illinois irrespective of the attainment status designation of such location; but shall not include transportation costs of coal (i) except to the extent that for contracts entered into on and after the effective date of this amendatory Act of 1997, the cost of the coal, including transportation
costs, constitutes the lowest cost for adequate and reliable fuel supply reasonably available to the public utility in comparison to the cost, including transportation costs, of other adequate and reliable sources of fuel supply reasonably available to the public utility, or (ii) except as otherwise provided in the next 3 sentences of this paragraph. Such costs of fuel shall, when requested by a utility or at the conclusion of the utility's next general electric rate proceeding, whichever shall first occur, include transportation costs of coal purchased under existing coal purchase contracts. For purposes of this paragraph "existing coal purchase contracts" means contracts for the purchase of coal in effect on the effective date of this amendatory Act of 1991, as such contracts may thereafter be amended, but only to the extent that any such amendment does not increase the aggregate quantity of coal to be purchased under such contract. Nothing herein shall authorize an electric utility to recover through its fuel adjustment clause any amounts of transportation costs of coal that were included in the revenue requirement used to set base rates in its most recent general rate proceeding. Cost shall be based upon uniformly applied accounting principles. Annually, the Commission shall initiate public hearings to determine whether the clauses reflect actual costs of fuel, gas, power, or coal transportation purchased to determine whether such purchases were prudent, and to reconcile any amounts collected with the actual costs of fuel, power, gas, or coal transportation prudently purchased. In each such proceeding, the burden of proof shall be upon the utility to establish the prudence of its cost of fuel, power, gas, or coal transportation purchases and costs. The Commission shall issue its final order in each such annual proceeding for an electric utility by December 31 of the year immediately following the year to which the proceeding pertains, provided, that the Commission shall issue its final order with respect to such annual proceeding for the years 1996 and earlier by December 31, 1998.

(b) A public utility providing electric service, other than a public utility described in subsections (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that eliminate the public utility's fuel adjustment clause and adjust the public utility's base rate tariffs by the amount necessary for the base fuel component of the base rates to recover the public utility's average fuel and power supply costs per kilowatt-hour for the 2 most recent years for which the Commission has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs
per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified, the proposed tariff sheets within 60 days after the date of the public utility's filing. The Commission may modify the public utility's proposed tariff sheets only to the extent the Commission finds necessary to achieve conformance to the requirements of this subsection (b). During the 5 years following the date of the Commission's order, but in any event no earlier than January 1, 2007, a public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement of a fuel adjustment clause.

(c) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service, other than a public utility described in subsection (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that establish the rate per kilowatt-hour to be applied pursuant to the public utility's fuel adjustment clause at the average value for such rate during the preceding 24 months, provided that such average rate results in a credit to customers' bills, without making any revisions to the public utility's base rate tariffs. The proposed tariff sheets shall establish the fuel adjustment rate for a specific time period of at least 3 years but not more than 5 years, provided that the terms and conditions for any reinstatement earlier than 5 years shall be set forth in the proposed tariff sheets and subject to modification or approval by the Commission. The Commission shall review and shall by order approve the proposed tariff sheets if it finds that the requirements of this subsection are met. The Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for the period that the factor established pursuant to this subsection is in effect.

(d) A public utility providing electric service, or a public utility providing gas service may file with the Commission proposed tariff sheets
that eliminate the public utility's fuel or purchased gas adjustment clause and adjust the public utility's base rate tariffs to provide for recovery of power supply costs or gas supply costs that would have been recovered through such clause; provided, that the provisions of this subsection (d) shall not be available to a public utility described in subsections (e) or (f) of this Section to eliminate its fuel adjustment clause. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified in the Commission's order, the proposed tariff sheets within 240 days after the date of the public utility's filing. The Commission's order shall approve rates and charges that the Commission, based on information in the public utility's filing or on the record if a hearing is held by the Commission, finds will recover the reasonable, prudent and necessary jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs for a 12 month historical period conforming to (i) above and (2) its projected jurisdictional power supply costs or gas supply costs for a future 12 month period conforming to (ii) above. If the Commission's order requires modifications in the tariff sheets filed by the public utility, the public utility shall have 7 days following the date of the order to notify the Commission whether the public utility will implement the modified tariffs or elect to continue its fuel or purchased gas adjustment clause in force as though no order had been entered. The Commission's order shall provide for any reconciliation of power supply costs or gas supply costs, as the case may be, and associated revenues through the date that the public utility's fuel or purchased gas adjustment clause is eliminated. During the 5 years following the date of the Commission's order, a public utility whose fuel or purchased gas adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement or adoption of a fuel or purchased gas adjustment clause.

clause. Nothing in this subsection (d) shall be construed as limiting the Commission's authority to eliminate a public utility's fuel adjustment clause or purchased gas adjustment clause in accordance with any other applicable provisions of this Act.

(e) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause without adjusting its base rates, and such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months; provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(f) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 500,000 customers but fewer than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause and adjust its base rates by the amount necessary for the base fuel component.

of the base rates to recover 91% of the public utility's average fuel and power supply costs for the 2 most recent years for which the Commission, as of January 1, 1997, has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years, provided, that such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months. Provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(g) The Commission shall have authority to promulgate rules and regulations to carry out the provisions of this Section.

(h) Any Illinois gas utility may enter into a contract on or before September 30, 2011 for up to 10 years of supply with any company for the purchase of substitute natural gas (SNG) produced from coal through the gasification process if the company has commenced construction of a clean coal SNG facility by July 1, 2012 and commencement of construction shall mean that material physical site work has occurred, such as site clearing and excavation, water runoff prevention, water retention reservoir preparation, or foundation development. The contract shall contain the following provisions: (i) at least 90% of feedstock to be used in the gasification process shall be coal with a high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content; (ii) at
the time the contract term commences, the price per million Btu may not exceed $7.95 in 2008 dollars, adjusted annually based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics (or a suitable Consumer Price Index calculation if this Consumer Price Index is not available) for the previous calendar year; provided that the price per million Btu shall not exceed $9.95 at any time during the contract; (iii) the utility's supply contract for the purchase of SNG does not exceed 15% of the annual system supply requirements of the utility as of 2008; and (iv) the contract costs pursuant to subsection (h-10) of this Section shall not include any lobbying expenses, charitable contributions, advertising, organizational memberships, carbon dioxide pipeline or sequestration expenses, or marketing expenses.

Any gas utility that is providing service to more than 150,000 customers on August 2, 2011 (the effective date of Public Act 97-239) shall either elect to enter into a contract on or before September 30, 2011 for 10 years of SNG supply with the owner of a clean coal SNG facility or to file biennial rate proceedings before the Commission in the years 2012, 2014, and 2016, with such filings made after August 2, 2011 and no later than September 30 of the years 2012, 2014, and 2016 consistent with all requirements of 83 Ill. Adm. Code 255 and 285 as though the gas utility were filing for an increase in its rates, without regard to whether such filing would produce an increase, a decrease, or no change in the gas utility's rates, and the Commission shall review the gas utility's filing and shall issue its order in accordance with the provisions of Section 9-201 of this Act.

Within 7 days after August 2, 2011, the owner of the clean coal SNG facility shall submit to the Illinois Power Agency and each gas utility that is providing service to more than 150,000 customers on August 2, 2011 a copy of a draft contract. Within 30 days after the receipt of the draft contract, each such gas utility shall provide the Illinois Power Agency and the owner of the clean coal SNG facility with its comments and recommended revisions to the draft contract. Within 7 days after the receipt of the gas utility's comments and recommended revisions, the owner of the facility shall submit its responsive comments and a further revised draft of the contract to the Illinois Power Agency. The Illinois Power Agency shall review the draft contract and comments.

During its review of the draft contract, the Illinois Power Agency shall:

New matter indicated by italics - deletions by strikeout
(1) review and confirm in writing that the terms stated in this subsection (h) are incorporated in the SNG contract;

(2) review the SNG pricing formula included in the contract and approve that formula if the Illinois Power Agency determines that the formula, at the time the contract term commences: (A) starts with a price of $6.50 per MMBtu adjusted by the adjusted final capitalized plant cost; (B) takes into account budgeted miscellaneous net revenue after cost allowance, including sale of SNG produced by the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, as approved by the Illinois Power Agency; (C) does not include carbon dioxide transportation or sequestration expenses; and (D) includes all provisions required under this subsection (h); if the Illinois Power Agency does not approve of the SNG pricing formula, then the Illinois Power Agency shall modify the formula to ensure that it meets the requirements of this subsection (h);

(3) review and approve the amount of budgeted miscellaneous net revenue after cost allowance, including sale of SNG produced by the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, to be included in the pricing formula; the Illinois Power Agency shall approve the amount of budgeted miscellaneous net revenue to be included in the pricing formula if it determines the budgeted amount to be reasonable and accurate;

(4) review and confirm in writing that using the EIA Annual Energy Outlook-2011 Henry Hub Spot Price, the contract terms set out in subsection (h), the reconciliation account terms as set out in subsection (h-15), and an estimated inflation rate of 2.5% for each corresponding year, that there will be no cumulative estimated increase for residential customers; and

(5) allocate the nameplate capacity of the clean coal SNG by total therms sold to ultimate customers by each gas utility in 2008; provided, however, no utility shall be required to purchase more than 42% of the projected annual output of the facility; additionally, the Illinois Power Agency shall further adjust the allocation only as required to take into account (A) adverse consolidation, derivative, or lease impacts to the balance sheet or income statement of any gas utility or (B) the physical capacity of the gas utility to accept SNG.

If the parties to the contract do not agree on the terms therein, then the Illinois Power Agency shall retain an independent mediator to mediate the dispute between the parties. If the parties are in agreement on the terms of the contract, then the Illinois Power Agency shall approve the contract. If after mediation the parties have failed to come to agreement, then the Illinois Power Agency shall revise the draft contract as necessary to confirm that the contract contains only terms that are reasonable and equitable. The Illinois Power Agency may, in its discretion, retain an independent, qualified, and experienced expert to assist in its obligations under this subsection (h). The Illinois Power Agency shall adopt and make public policies detailing the processes for retaining a mediator and an expert under this subsection (h). Any mediator or expert retained under this subsection (h) shall be retained no later than 60 days after August 2, 2011.

The Illinois Power Agency shall complete all of its responsibilities under this subsection (h) within 60 days after August 2, 2011. The clean coal SNG facility shall pay a reasonable fee as required by the Illinois Power Agency for its services under this subsection (h) and shall pay the mediator's and expert's reasonable fees, if any. A gas utility and its customers shall have no obligation to reimburse the clean coal SNG facility or the Illinois Power Agency of any such costs.

Within 30 days after commercial production of SNG has begun, the Commission shall initiate a review to determine whether the final capitalized plant cost of the clean coal SNG facility reflects actual incurred costs and whether the incurred costs were reasonable. In determining the actual incurred costs included in the final capitalized plant cost and the reasonableness of those costs, the Commission may in its discretion retain independent, qualified, and experienced experts to assist in its determination. The expert shall not own or control any direct or indirect interest in the clean coal SNG facility and shall have no contractual relationship with the clean coal SNG facility. If an expert is retained by the Commission, then the clean coal SNG facility shall pay the expert's reasonable fees. The fees shall not be passed on to a utility or its customers. The Commission shall adopt and make public a policy detailing the process for retaining experts under this subsection (h).

Within 30 days after completion of its review, the Commission shall initiate a formal proceeding on the final capitalized plant cost of the clean coal SNG facility at which comments and testimony may be submitted by any interested parties and the public. If the Commission finds...
that the final capitalized plant cost includes costs that were not actually incurred or costs that were unreasonably incurred, then the Commission shall disallow the amount of non-incurred or unreasonable costs from the SNG price under contracts entered into under this subsection (h). If the Commission disallows any costs, then the Commission shall adjust the SNG price using the price formula in the contract approved by the Illinois Power Agency under this subsection (h) to reflect the disallowed costs and shall enter an order specifying the revised price. In addition, the Commission's order shall direct the clean coal SNG facility to issue refunds of such sums as shall represent the difference between actual gross revenues and the gross revenue that would have been obtained based upon the same volume, from the price revised by the Commission. Any refund shall include interest calculated at a rate determined by the Commission and shall be returned according to procedures prescribed by the Commission.

Nothing in this subsection (h) shall preclude any party affected by a decision of the Commission under this subsection (h) from seeking judicial review of the Commission's decision.

(h-1) Any Illinois gas utility may enter into a sourcing agreement for up to 30 years of supply with the clean coal SNG brownfield facility if the clean coal SNG brownfield facility has commenced construction. Any gas utility that is providing service to more than 150,000 customers on July 13, 2011 (the effective date of Public Act 97-096) shall either elect to file biennial rate proceedings before the Commission in the years 2012, 2014, and 2016 or enter into a sourcing agreement or sourcing agreements with a clean coal SNG brownfield facility with an initial term of 30 years for either (i) a percentage of 43,500,000,000 cubic feet per year, such that the utilities entering into sourcing agreements with the clean coal SNG brownfield facility purchase 100%, allocated by total therms sold to ultimate customers by each gas utility in 2008 or (ii) such lesser amount as may be available from the clean coal SNG brownfield facility; provided that no utility shall be required to purchase more than 42% of the projected annual output of the clean coal SNG brownfield facility, with the remainder of such utility's obligation to be divided proportionately between the other utilities, and provided that the Illinois Power Agency shall further adjust the allocation only as required to take into account adverse consolidation, derivative, or lease impacts to the balance sheet or income statement of any gas utility.

A gas utility electing to file biennial rate proceedings before the Commission must file a notice of its election with the Commission within 60 days after July 13, 2011 or its right to make the election is irrevocably waived. A gas utility electing to file biennial rate proceedings shall make such filings no later than August 1 of the years 2012, 2014, and 2016, consistent with all requirements of 83 Ill. Adm. Code 255 and 285 as though the gas utility were filing for an increase in its rates, without regard to whether such filing would produce an increase, a decrease, or no change in the gas utility's rates, and notwithstanding any other provisions of this Act, the Commission shall fully review the gas utility's filing and shall issue its order in accordance with the provisions of Section 9-201 of this Act, regardless of whether the Commission has approved a formula rate for the gas utility.

Within 15 days after July 13, 2011, the owner of the clean coal SNG brownfield facility shall submit to the Illinois Power Agency and each gas utility that is providing service to more than 150,000 customers on July 13, 2011 a copy of a draft sourcing agreement. Within 45 days after receipt of the draft sourcing agreement, each such gas utility shall provide the Illinois Power Agency and the owner of a clean coal SNG brownfield facility with its comments and recommended revisions to the draft sourcing agreement. Within 15 days after the receipt of the gas utility's comments and recommended revisions, the owner of the clean coal SNG brownfield facility shall submit its responsive comments and a further revised draft of the sourcing agreement to the Illinois Power Agency. The Illinois Power Agency shall review the draft sourcing agreement and comments.

If the parties to the sourcing agreement do not agree on the terms therein, then the Illinois Power Agency shall retain an independent mediator to mediate the dispute between the parties. If the parties are in agreement on the terms of the sourcing agreement, the Illinois Power Agency shall approve the final draft sourcing agreement. If after mediation the parties have failed to come to agreement, then the Illinois Power Agency shall revise the draft sourcing agreement as necessary to confirm that the final draft sourcing agreement contains only terms that are reasonable and equitable. The Illinois Power Agency shall adopt and make public a policy detailing the process for retaining a mediator under this subsection (h-1). Any mediator retained to assist with mediating disputes between the parties regarding the sourcing agreement shall be retained no later than 60 days after July 13, 2011.

Upon approval of a final draft agreement, the Illinois Power Agency shall submit the final draft agreement to the Capital Development Board and the Commission no later than 90 days after July 13, 2011. The gas utility and the clean coal SNG brownfield facility shall pay a reasonable fee as required by the Illinois Power Agency for its services under this subsection (h-1) and shall pay the mediator's reasonable fees, if any. The Illinois Power Agency shall adopt and make public a policy detailing the process for retaining a mediator under this Section.

The sourcing agreement between a gas utility and the clean coal SNG brownfield facility shall contain the following provisions:

(1) Any and all coal used in the gasification process must be coal that has high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content.

(2) Coal and petroleum coke are feedstocks for the gasification process, with coal comprising at least 50% of the total feedstock over the term of the sourcing agreement unless the facility reasonably determines that it is necessary to use additional petroleum coke to deliver net consumer savings, in which case the facility shall use coal for at least 35% of the total feedstock over the term of any sourcing agreement and with the feedstocks to be procured in accordance with requirements of Section 1-78 of the Illinois Power Agency Act.

(3) The sourcing agreement has an initial term that once entered into terminates no more than 30 years after the commencement of the commercial production of SNG at the clean coal SNG brownfield facility.

(4) The clean coal SNG brownfield facility guarantees a minimum of $100,000,000 in consumer savings to customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility, calculated in real 2010 dollars at the conclusion of the term of the sourcing agreement by comparing the delivered SNG price to the Chicago City-gate price on a weighted daily basis for each day over the entire term of the sourcing agreement, to be provided in accordance with subsection (h-2) of this Section.

(5) Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall establish a consumer protection reserve account for the benefit of the customers of the utilities that have entered into...
sourcing agreements with the clean coal SNG brownfield facility pursuant to this subsection (h-1), with cash principal in the amount of $150,000,000. This cash principal shall only be recoverable through the consumer protection reserve account and not as a cost to be recovered in the delivered SNG price pursuant to subsection (h-3) of this Section. The consumer protection reserve account shall be maintained and administered by an independent trustee that is mutually agreed upon by the clean coal SNG brownfield facility, the utilities, and the Commission in an interest-bearing account in accordance with subsection (h-2) of this Section.

"Consumer protection reserve account principal maximum amount" shall mean the maximum amount of principal to be maintained in the consumer protection reserve account. During the first 2 years of operation of the facility, there shall be no consumer protection reserve account maximum amount. After the first 2 years of operation of the facility, the consumer protection reserve account maximum amount shall be $150,000,000. After 5 years of operation, and every 5 years thereafter, the trustee shall calculate the 5-year average balance of the consumer protection reserve account. If the trustee determines that during the prior 5 years the consumer protection reserve account has had an average account balance of less than $75,000,000, then the consumer protection reserve account principal maximum amount shall be increased by $5,000,000. If the trustee determines that during the prior 5 years the consumer protection reserve account has had an average account balance of more than $75,000,000, then the consumer protection reserve account principal maximum amount shall be decreased by $5,000,000.

(6) The clean coal SNG brownfield facility shall identify and sell economically viable by-products produced by the facility.

(7) Fifty percent of all additional net revenue, defined as miscellaneous net revenue from products produced by the facility and delivered during the month after cost allowance for costs associated with additional net revenue that are not otherwise recoverable pursuant to subsection (h-3) of this Section, including net revenue from sales of substitute natural gas derived from the facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the consumer
protection reserve account pursuant to subsection (h-2) of this Section.

(8) The delivered SNG price per million btu to be paid monthly by the utility to the clean coal SNG brownfield facility, which shall be based only upon the following: (A) a capital recovery charge, operations and maintenance costs, and sequestration costs, only to the extent approved by the Commission pursuant to paragraphs (1), (2), and (3) of subsection (h-3) of this Section; (B) the actual delivered and processed fuel costs pursuant to paragraph (4) of subsection (h-3) of this Section; (C) actual costs of SNG transportation pursuant to paragraph (6) of subsection (h-3) of this Section; (D) certain taxes and fees imposed by the federal government, the State, or any unit of local government as provided in paragraph (6) of subsection (h-3) of this Section; and (E) the credit, if any, from the consumer protection reserve account pursuant to subsection (h-2) of this Section. The delivered SNG price per million Btu shall proportionately reflect these elements over the term of the sourcing agreement.

(9) A formula to translate the recoverable costs and charges under subsection (h-3) of this Section into the delivered SNG price per million btu.

(10) Title to the SNG shall pass at a mutually agreeable point in Illinois, and may provide that, rather than the utility taking title to the SNG, a mutually agreed upon third-party gas marketer pursuant to a contract approved by the Illinois Power Agency or its designee may take title to the SNG pursuant to an agreement between the utility, the owner of the clean coal SNG brownfield facility, and the third-party gas marketer.

(11) A utility may exit the sourcing agreement without penalty if the clean coal SNG brownfield facility does not commence construction by July 1, 2015.

(12) A utility is responsible to pay only the Commission determined unit price cost of SNG that is purchased by the utility. Nothing in the sourcing agreement will obligate a utility to invest capital in a clean coal SNG brownfield facility.

(13) The quality of SNG must, at a minimum, be equivalent to the quality required for interstate pipeline gas before a utility is required to accept and pay for SNG gas.

New matter indicated by italics - deletions by strikeout
(14) Nothing in the sourcing agreement will require a utility to construct any facilities to accept delivery of SNG. Provided, however, if a utility is required by law or otherwise elects to connect the clean coal SNG brownfield facility to an interstate pipeline, then the utility shall be entitled to recover pursuant to its tariffs all just and reasonable costs that are prudently incurred. Any costs incurred by the utility to receive, deliver, manage, or otherwise accommodate purchases under the SNG sourcing agreement will be fully recoverable through a utility's purchased gas adjustment clause rider mechanism in conjunction with a SNG brownfield facility rider mechanism. The SNG brownfield facility rider mechanism (A) shall be applicable to all customers who receive transportation service from the utility, (B) shall be designed to have an equal percent impact on the transportation services rates of each class of the utility's customers, and (C) shall accurately reflect the net consumer savings, if any, and above-market costs, if any, associated with the utility receiving, delivering, managing, or otherwise accommodating purchases under the SNG sourcing agreement.

(15) Remedies for the clean coal SNG brownfield facility's failure to deliver a designated amount for a designated period.

(16) The clean coal SNG brownfield facility shall make a good faith effort to ensure that an amount equal to not less than 15% of the value of its prime construction contract for the facility shall be established as a goal to be awarded to minority-owned businesses, women-owned businesses, and businesses owned by a person with a disability; provided that at least 75% of the amount of such total goal shall be for minority-owned businesses. "Minority-owned business", "women-owned business", and "business owned by a person with a disability" shall have the meanings ascribed to them in Section 2 of the Business Enterprise for Minorities, Women, Females and Persons with Disabilities Act.

(17) Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall file with the Commission a certificate from an independent engineer that the clean coal SNG brownfield facility has (A) obtained all applicable State and federal environmental

New matter indicated by italics - deletions by strikeout
permits required for construction; (B) obtained approval from the Commission of a carbon capture and sequestration plan; and (C) obtained all necessary permits required for construction for the transportation and sequestration of carbon dioxide as set forth in the Commission-approved carbon capture and sequestration plan.

(h-2) Consumer protection reserve account. The clean coal SNG brownfield facility shall guarantee a minimum of $100,000,000 in consumer savings to customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility, calculated in real 2010 dollars at the conclusion of the term of the sourcing agreement by comparing the delivered SNG price to the Chicago City-gate price on a weighted daily basis for each day over the entire term of the sourcing agreement. Prior to the clean coal SNG brownfield facility issuing a notice to proceed to construction, the clean coal SNG brownfield facility shall establish a consumer protection reserve account for the benefit of the retail customers of the utilities that have entered into sourcing agreements with the clean coal SNG brownfield facility pursuant to subsection (h-1), with cash principal in the amount of $150,000,000. Such cash principal shall only be recovered through the consumer protection reserve account and not as a cost to be recovered in the delivered SNG price pursuant to subsection (h-3) of this Section. The consumer protection reserve account shall be maintained and administered by an independent trustee that is mutually agreed upon by the clean coal SNG brownfield facility, the utilities, and the Commission in an interest-bearing account in accordance with the following:

(1) The clean coal SNG brownfield facility monthly shall calculate (A) the difference between the monthly delivered SNG price and the Chicago City-gate price, by comparing the delivered SNG price, which shall include the cost of transportation to the delivery point, if any, to the Chicago City-gate price on a weighted daily basis for each day of the prior month based upon a mutually agreed upon published index and (B) the overage amount, if any, by calculating the annualized incremental additional cost, if any, of the delivered SNG in excess of 2.015% of the average annual inflation-adjusted amounts paid by all gas distribution customers in connection with natural gas service during the 5 years ending May 31, 2010.

(2) During the first 2 years of operation of the facility:

New matter indicated by italics - deletions by strikeout
(A) to the extent there is an overage amount, the consumer protection reserve account shall be used to provide a credit to reduce the SNG price by an amount equal to the overage amount; and

(B) to the extent the monthly delivered SNG price is less than or equal to the Chicago City-gate price, the utility shall credit the difference between the monthly delivered SNG price and the monthly Chicago City-gate price, if any, to the consumer protection reserve account. Such credit issued pursuant to this paragraph (B) shall be deemed prudent and reasonable and not subject to a Commission prudence review;

(3) After 2 years of operation of the facility, and monthly, on an on-going basis, thereafter:

(A) to the extent that the monthly delivered SNG price is less than or equal to the Chicago City-gate price, calculated using the weighted average of the daily Chicago City-gate price on a daily basis over the entire month, the utility shall credit the difference, if any, to the consumer protection reserve account. Such credit issued pursuant to this subparagraph (A) shall be deemed prudent and reasonable and not subject to a Commission prudence review;

(B) any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum amount shall be distributed as follows: (i) if retail customers have not realized net consumer savings, calculated by comparing the delivered SNG price to the weighted average of the daily Chicago City-gate price on a daily basis over the entire term of the sourcing agreement to date, then 50% of any amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed to the clean coal SNG brownfield facility, with the remaining 50% of any such additional amounts being credited to retail customers, and (ii) if retail customers have realized net consumer savings, then 100% of any amounts in the consumer protection reserve account in excess of the consumer protection reserve account

principal maximum shall be distributed to the clean coal SNG brownfield facility; provided, however, that under no circumstances shall the total cumulative amount distributed to the clean coal SNG brownfield facility under this subparagraph (B) exceed $150,000,000;

(C) to the extent there is an overage amount, after distributing the amounts pursuant to subparagraph (B) of this paragraph (3), if any, the consumer protection reserve account shall be used to provide a credit to reduce the SNG price by an amount equal to the overage amount;

(D) if retail customers have realized net consumer savings, calculated by comparing the delivered SNG price to the weighted average of the daily Chicago City-gate price on a daily basis over the entire term of the sourcing agreement to date, then after distributing the amounts pursuant to subparagraphs (B) and (C) of this paragraph (3), 50% of any additional amounts in the consumer protection reserve account in excess of the consumer protection reserve account principal maximum shall be distributed to the clean coal SNG brownfield facility, with the remaining 50% of any such additional amounts being credited to retail customers; provided, however, that if retail customers have not realized such net consumer savings, no such distribution shall be made to the clean coal SNG brownfield facility, and 100% of such additional amounts shall be credited to the retail customers to the extent the consumer protection reserve account exceeds the consumer protection reserve account principal maximum amount.

(4) Fifty percent of all additional net revenue, defined as miscellaneous net revenue after cost allowance for costs associated with additional net revenue that are not otherwise recoverable pursuant to subsection (h-3) of this Section, including net revenue from sales of substitute natural gas derived from the facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the consumer protection reserve account.

(5) At the conclusion of the term of the sourcing agreement, to the extent retail customers have not saved the minimum of $100,000,000 in consumer savings as guaranteed in this subsection

New matter indicated by italics - deletions by strikeout
(h-2), amounts in the consumer protection reserve account shall be credited to retail customers to the extent the retail customers have saved the minimum of $100,000,000; 50% of any additional amounts in the consumer protection reserve account shall be distributed to the company, and the remaining 50% shall be distributed to retail customers.

(6) If, at the conclusion of the term of the sourcing agreement, the customers have not saved the minimum $100,000,000 in savings as guaranteed in this subsection (h-2) and the consumer protection reserve account has been depleted, then the clean coal SNG brownfield facility shall be liable for any remaining amount owed to the retail customers to the extent that the customers are provided with the $100,000,000 in savings as guaranteed in this subsection (h-2). The retail customers shall have first priority in recovering that debt above any creditors, except the original senior secured lender to the extent that the original senior secured lender has any senior secured debt outstanding, including any clean coal SNG brownfield facility parent companies or affiliates.

(7) The clean coal SNG brownfield facility, the utilities, and the trustee shall work together to take commercially reasonable steps to minimize the tax impact of these transactions, while preserving the consumer benefits.

(8) The clean coal SNG brownfield facility shall each month, starting in the facility’s first year of commercial operation, file with the Commission, in such form as the Commission shall require, a report as to the consumer protection reserve account. The monthly report must contain the following information:

(A) the extent the monthly delivered SNG price is greater than, less than, or equal to the Chicago City-gate price;
(B) the amount credited or debited to the consumer protection reserve account during the month;
(C) the amounts credited to consumers and distributed to the clean coal SNG brownfield facility during the month;
(D) the total amount of the consumer protection reserve account at the beginning and end of the month;
(E) the total amount of consumer savings to date;

New matter indicated by italics - deletions by strikeout
(F) a confidential summary of the inputs used to calculate the additional net revenue; and
(G) any other additional information the Commission shall require.

When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the clean coal SNG brownfield facility to amend the report within 30 days, and, before or after the termination of the 30-day period, the Commission may examine the trustee of the consumer protection reserve account or the officers, agents, employees, books, records, or accounts of the clean coal SNG brownfield facility and correct such items in the report as upon such examination the Commission may find defective or erroneous. All reports shall be under oath.

All reports made to the Commission by the clean coal SNG brownfield facility and the contents of the reports shall be open to public inspection and shall be deemed a public record under the Freedom of Information Act. Such reports shall be preserved in the office of the Commission. The Commission shall publish an annual summary of the reports prior to February 1 of the following year. The annual summary shall be made available to the public on the Commission's website and shall be submitted to the General Assembly.

Any facility that fails to file a report required under this paragraph (8) to the Commission within the time specified or to make specific answer to any question propounded by the Commission within 30 days from the time it is lawfully required to do so, or within such further time not to exceed 90 days as may in its discretion be allowed by the Commission, shall pay a penalty of $500 to the Commission for each day it is in default.

Any person who willfully makes any false report to the Commission or to any member, officer, or employee thereof, any person who willfully in a report withholds or fails to provide material information to which the Commission is entitled under this paragraph (8) and which information is either required to be filed by statute, rule, regulation, order, or decision of the Commission or has been requested by the Commission, and any person who willfully aids or abets such person shall be guilty of a Class A misdemeanor.

(h-3) Recoverable costs and revenue by the clean coal SNG brownfield facility.

(1) A capital recovery charge approved by the Commission shall be recoverable by the clean coal SNG brownfield facility under a sourcing agreement. The capital recovery charge shall be comprised of capital costs and a reasonable rate of return. "Capital costs" means costs to be incurred in connection with the construction and development of a facility, as defined in Section 1-10 of the Illinois Power Agency Act, and such other costs as the Capital Development Board deems appropriate to be recovered in the capital recovery charge.

(A) Capital costs. The Capital Development Board shall calculate a range of capital costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. In making this determination, the Capital Development Board shall review the facility cost report, if any, of the clean coal SNG brownfield facility, adjusting the results based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics, the final draft of the sourcing agreement, and the rate of return approved by the Commission. In addition, the Capital Development Board may consult as much as it deems necessary with the clean coal SNG brownfield facility and conduct whatever research and investigation it deems necessary.

The Capital Development Board shall retain an engineering expert to assist in determining both the range of capital costs and the range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. Provided, however, that such expert shall: (i) not have been involved in the clean coal SNG brownfield facility's facility cost report, if any, (ii) not own or control any direct or indirect interest in the initial clean coal facility, and (iii) have no contractual relationship with the clean coal SNG brownfield facility. In order to qualify as an independent expert, a person or company must have:

New matter indicated by italics - deletions by strikeout
(i) direct previous experience conducting front-end engineering and design studies for large-scale energy facilities and administering large-scale energy operations and maintenance contracts, which may be particularized to the specific type of financing associated with the clean coal SNG brownfield facility;

(ii) an advanced degree in economics, mathematics, engineering, or a related area of study;

(iii) ten years of experience in the energy sector, including construction and risk management experience;

(iv) expertise in assisting companies with obtaining financing for large-scale energy projects, which may be particularized to the specific type of financing associated with the clean coal SNG brownfield facility;

(v) expertise in operations and maintenance which may be particularized to the specific type of operations and maintenance associated with the clean coal SNG brownfield facility;

(vi) expertise in credit and contract protocols;

(vii) adequate resources to perform and fulfill the required functions and responsibilities; and

(viii) the absence of a conflict of interest and inappropriate bias for or against an affected gas utility or the clean coal SNG brownfield facility.

The clean coal SNG brownfield facility and the Illinois Power Agency shall cooperate with the Capital Development Board in any investigation it deems necessary. The Capital Development Board shall make its final determination of the range of capital costs confidentially and shall submit that range to the Commission in a confidential filing within 120 days after July 13, 2011 (the effective date of Public Act 97-096). The clean coal SNG brownfield facility shall submit to the Commission its estimate of the capital costs to be recovered
under the sourcing agreement. Only after the clean coal SNG brownfield facility has submitted this estimate shall the Commission publicly announce the range of capital costs submitted by the Capital Development Board.

In the event that the estimate submitted by the clean coal SNG brownfield facility is within or below the range submitted by the Capital Development Board, the clean coal SNG brownfield facility's estimate shall be approved by the Commission as the amount of capital costs to be recovered under the sourcing agreement. In the event that the estimate submitted by the clean coal SNG brownfield facility is above the range submitted by the Capital Development Board, the amount of capital costs at the lowest end of the range submitted by the Capital Development Board shall be approved by the Commission as the amount of capital costs to be recovered under the sourcing agreement. Within 15 days after the Capital Development Board has submitted its range and the clean coal SNG brownfield facility has submitted its estimate, the Commission shall approve the capital costs for the clean coal SNG brownfield facility.

The Capital Development Board shall monitor the construction of the clean coal SNG brownfield facility for the full duration of construction to assess potential cost overruns. The Capital Development Board, in its discretion, may retain an expert to facilitate such monitoring. The clean coal SNG brownfield facility shall pay a reasonable fee as required by the Capital Development Board for the Capital Development Board's services under this subsection (h-3) to be deposited into the Capital Development Board Revolving Fund, and such fee shall not be passed through to a utility or its customers. If an expert is retained by the Capital Development Board for monitoring of construction, then the clean coal SNG brownfield facility must pay for the expert's reasonable fees and such costs shall not be passed through to a utility or its customers.

(B) Rate of Return. No later than 30 days after the date on which the Illinois Power Agency submits a final draft sourcing agreement, the Commission shall hold a
public hearing to determine the rate of return to be recovered under the sourcing agreement. Rate of return shall be comprised of the clean coal SNG brownfield facility's actual cost of debt, including mortgage-style amortization, and a reasonable return on equity. The Commission shall post notice of the hearing on its website no later than 10 days prior to the date of the hearing. The Commission shall provide the public and all interested parties, including the gas utilities, the Attorney General, and the Illinois Power Agency, an opportunity to be heard.

In determining the return on equity, the Commission shall select a commercially reasonable return on equity taking into account the return on equity being received by developers of similar facilities in or outside of Illinois, the need to balance an incentive for clean-coal technology with the need to protect ratepayers from high gas prices, the risks being borne by the clean coal SNG brownfield facility in the final draft sourcing agreement, and any other information that the Commission may deem relevant. The Commission may establish a return on equity that varies with the amount of savings, if any, to customers during the term of the sourcing agreement, comparing the delivered SNG price to a daily weighted average price of natural gas, based upon an index. The Illinois Power Agency shall recommend a return on equity to the Commission using the same criteria. Within 60 days after receiving the final draft sourcing agreement from the Illinois Power Agency, the Commission shall approve the rate of return for the clean coal brownfield facility. Within 30 days after obtaining debt financing for the clean coal SNG brownfield facility, the clean coal SNG brownfield facility shall file a notice with the Commission identifying the actual cost of debt.

(2) Operations and maintenance costs approved by the Commission shall be recoverable by the clean coal SNG brownfield facility under the sourcing agreement. The operations and maintenance costs mean costs that have been incurred for the administration, supervision, operation, maintenance, preservation, and protection of the clean coal SNG brownfield facility's physical plant.

New matter indicated by italics - deletions by strikeout
The Capital Development Board shall calculate a range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement, incorporating an inflation index or combination of inflation indices to most accurately reflect the actual costs of operating the clean coal SNG brownfield facility. In making this determination, the Capital Development Board shall review the facility cost report, if any, of the clean coal SNG brownfield facility, adjusting the results for inflation based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics, the final draft of the sourcing agreement, and the rate of return approved by the Commission. In addition, the Capital Development Board may consult as much as it deems necessary with the clean coal SNG brownfield facility and conduct whatever research and investigation it deems necessary. As set forth in subparagraph (A) of paragraph (1) of this subsection (h-3), the Capital Development Board shall retain an independent engineering expert to assist in determining both the range of operations and maintenance costs that it believes would be reasonable for the clean coal SNG brownfield facility to recover under the sourcing agreement. The clean coal SNG brownfield facility and the Illinois Power Agency shall cooperate with the Capital Development Board in any investigation it deems necessary. The Capital Development Board shall make its final determination of the range of operations and maintenance costs confidentially and shall submit that range to the Commission in a confidential filing within 120 days after July 13, 2011.

The clean coal SNG brownfield facility shall submit to the Commission its estimate of the operations and maintenance costs to be recovered under the sourcing agreement. Only after the clean coal SNG brownfield facility has submitted this estimate shall the Commission publicly announce the range of operations and maintenance costs submitted by the Capital Development Board. In the event that the estimate submitted by the clean coal SNG brownfield facility is within or below the range submitted by the Capital Development Board, the clean coal SNG brownfield facility's estimate shall be approved by the Commission as the

amount of operations and maintenance costs to be recovered under
the sourcing agreement. In the event that the estimate submitted by
the clean coal SNG brownfield facility is above the range
submitted by the Capital Development Board, the amount of
operations and maintenance costs at the lowest end of the range
submitted by the Capital Development Board shall be approved by
the Commission as the amount of operations and maintenance
costs to be recovered under the sourcing agreement. Within 15
days after the Capital Development Board has submitted its range
and the clean coal SNG brownfield facility has submitted its
estimate, the Commission shall approve the operations and
maintenance costs for the clean coal SNG brownfield facility.

The clean coal SNG brownfield facility shall pay for the
independent engineering expert's reasonable fees and such costs
shall not be passed through to a utility or its customers. The clean
col SNG brownfield facility shall pay a reasonable fee as required
by the Capital Development Board for the Capital Development
Board's services under this subsection (h-3) to be deposited into the
Capital Development Board Revolving Fund, and such fee shall
not be passed through to a utility or its customers.

(3) Sequestration costs approved by the Commission shall
be recoverable by the clean coal SNG brownfield facility.
"Sequestration costs" means costs to be incurred by the clean coal
SNG brownfield facility in accordance with its Commission-
approved carbon capture and sequestration plan to:

(A) capture carbon dioxide;
(B) build, operate, and maintain a sequestration site
in which carbon dioxide may be injected;
(C) build, operate, and maintain a carbon dioxide
pipeline; and
(D) transport the carbon dioxide to the sequestration
site or a pipeline.

The Commission shall assess the prudency of the
sequestration costs for the clean coal SNG brownfield facility
before construction commences at the sequestration site or
pipeline. Any revenues the clean coal SNG brownfield facility
receives as a result of the capture, transportation, or sequestration
of carbon dioxide shall be first credited against all sequestration

costs, with the positive balance, if any, treated as additional net revenue.

The Commission may, in its discretion, retain an expert to assist in its review of sequestration costs. The clean coal SNG brownfield facility shall pay for the expert's reasonable fees if an expert is retained by the Commission, and such costs shall not be passed through to a utility or its customers. Once made, the Commission's determination of the amount of recoverable sequestration costs shall not be increased unless the clean coal SNG brownfield facility can show by clear and convincing evidence that (i) the costs were not reasonably foreseeable; (ii) the costs were due to circumstances beyond the clean coal SNG brownfield facility's control; and (iii) the clean coal SNG brownfield facility took all reasonable steps to mitigate the costs. If the Commission determines that sequestration costs may be increased, the Commission shall provide for notice and a public hearing for approval of the increased sequestration costs.

(4) Actual delivered and processed fuel costs shall be set by the Illinois Power Agency through a SNG feedstock procurement, pursuant to Sections 1-20, 1-77, and 1-78 of the Illinois Power Agency Act, to be performed at least every 5 years and purchased by the clean coal SNG brownfield facility pursuant to feedstock procurement contracts developed by the Illinois Power Agency, with coal comprising at least 50% of the total feedstock over the term of the sourcing agreement and petroleum coke comprising the remainder of the SNG feedstock. If the Commission fails to approve a feedstock procurement plan or fails to approve the results of a feedstock procurement event, then the fuel shall be purchased by the company month-by-month on the spot market and those actual delivered and processed fuel costs shall be recoverable under the sourcing agreement. If a supplier defaults under the terms of a procurement contract, then the Illinois Power Agency shall immediately initiate a feedstock procurement process to obtain a replacement supply, and, prior to the conclusion of that process, fuel shall be purchased by the company month-by-month on the spot market and those actual delivered and processed fuel costs shall be recoverable under the sourcing agreement.

(5) Taxes and fees imposed by the federal government, the State, or any unit of local government applicable to the clean coal

New matter indicated by italics - deletions by strikeout
SNG brownfield facility, excluding income tax, shall be recoverable by the clean coal SNG brownfield facility under the sourcing agreement to the extent such taxes and fees were not applicable to the facility on July 13, 2011.

(6) The actual transportation costs, in accordance with the applicable utility's tariffs, and third-party marketer costs incurred by the company, if any, associated with transporting the SNG from the clean coal SNG brownfield facility to the Chicago City-gate to sell such SNG into the natural gas markets shall be recoverable under the sourcing agreement.

(7) Unless otherwise provided, within 30 days after a decision of the Commission on recoverable costs under this Section, any interested party to the Commission's decision may apply for a rehearing with respect to the decision. The Commission shall receive and consider the application for rehearing and shall grant or deny the application in whole or in part within 20 days after the date of the receipt of the application by the Commission. If no rehearing is applied for within the required 30 days or an application for rehearing is denied, then the Commission decision shall be final. If an application for rehearing is granted, then the Commission shall hold a rehearing within 30 days after granting the application. The decision of the Commission upon rehearing shall be final.

Any person affected by a decision of the Commission under this subsection (h-3) may have the decision reviewed only under and in accordance with the Administrative Review Law. Unless otherwise provided, the provisions of the Administrative Review Law, all amendments and modifications to that Law, and the rules adopted pursuant to that Law shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Commission under this subsection (h-3). The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(8) The Capital Development Board shall adopt and make public a policy detailing the process for retaining experts under this Section. Any experts retained to assist with calculating the range of capital costs or operations and maintenance costs shall be retained no later than 45 days after July 13, 2011.
(h-4) No later than 90 days after the Illinois Power Agency submits the final draft sourcing agreement pursuant to subsection (h-1), the Commission shall approve a sourcing agreement containing (i) the capital costs, rate of return, and operations and maintenance costs established pursuant to subsection (h-3) and (ii) all other terms and conditions, rights, provisions, exceptions, and limitations contained in the final draft sourcing agreement; provided, however, the Commission shall correct typographical and scrivener's errors and modify the contract only as necessary to provide that the gas utility does not have the right to terminate the sourcing agreement due to any future events that may occur other than the clean coal SNG brownfield facility's failure to timely meet milestones, uncured default, extended force majeure, or abandonment. Once the sourcing agreement is approved, then the gas utility subject to that sourcing agreement shall have 45 days after the date of the Commission's approval to enter into the sourcing agreement.

(h-5) Sequestration enforcement.

(A) All contracts entered into under subsection (h) of this Section and all sourcing agreements under subsection (h-1) of this Section, regardless of duration, shall require the owner of any facility supplying SNG under the contract or sourcing agreement to provide certified documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon dioxide emissions from the facility that have been captured and sequestered and reporting any quantities of carbon dioxide released from the site or sites at which carbon dioxide emissions were sequestered in prior years, based on continuous monitoring of those sites.

(B) If, in any year, the owner of the clean coal SNG facility fails to demonstrate that the SNG facility captured and sequestered at least 90% of the total carbon dioxide emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, then the owner of the clean coal SNG facility must pay a penalty of $20 per ton of excess carbon dioxide emissions not to exceed $40,000,000, in any given year which shall be deposited into the Energy Efficiency Trust Fund and distributed pursuant to subsection (b) of Section 6-6 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997. On or before the 5-year anniversary of the execution of the contract and

New matter indicated by italics - deletions by strikeout
every 5 years thereafter, an expert hired by the owner of the facility with the approval of the Attorney General shall conduct an analysis to determine the cost of sequestration of at least 90% of the total carbon dioxide emissions the plant would otherwise emit. If the analysis shows that the actual annual cost is greater than the penalty, then the penalty shall be increased to equal the actual cost. Provided, however, to the extent that the owner of the facility described in subsection (h) of this Section can demonstrate that the failure was as a result of acts of God (including fire, flood, earthquake, tornado, lightning, hurricane, or other natural disaster); any amendment, modification, or abrogation of any applicable law or regulation that would prevent performance; war; invasion; act of foreign enemies; hostilities (regardless of whether war is declared); civil war; rebellion; revolution; insurrection; military or usurped power or confiscation; terrorist activities; civil disturbance; riots; nationalization; sabotage; blockage; or embargo, the owner of the facility described in subsection (h) of this Section shall not be subject to a penalty if and only if (i) it promptly provides notice of its failure to the Commission; (ii) as soon as practicable and consistent with any order or direction from the Commission, it submits to the Commission proposed modifications to its carbon capture and sequestration plan; and (iii) it carries out its proposed modifications in the manner and time directed by the Commission.

If the Commission finds that the facility has not satisfied each of these requirements, then the facility shall be subject to the penalty. If the owner of the clean coal SNG facility captured and sequestered more than 90% of the total carbon dioxide emissions that the facility would otherwise emit, then the owner of the facility may credit such additional amounts to reduce the amount of any future penalty to be paid. The penalty resulting from the failure to capture and sequester at least the minimum amount of carbon dioxide shall not be passed on to a utility or its customers.

If the clean coal SNG facility fails to meet the requirements specified in this subsection (h-5), then the Attorney General, on behalf of the People of the State of Illinois, shall bring an action to enforce the obligations related to the facility set forth in this subsection (h-5), including any penalty payments owed, but not including the physical obligation to capture and sequester at least 90% of the total carbon dioxide emissions that the facility would

New matter indicated by italics - deletions by strikeout
otherwise emit. Such action may be filed in any circuit court in Illinois. By entering into a contract pursuant to subsection (h) of this Section, the clean coal SNG facility agrees to waive any objections to venue or to the jurisdiction of the court with regard to the Attorney General's action under this subsection (h-5).

Compliance with the sequestration requirements and any penalty requirements specified in this subsection (h-5) for the clean coal SNG facility shall be assessed annually by the Commission, which may in its discretion retain an expert to facilitate its assessment. If any expert is retained by the Commission, then the clean coal SNG facility shall pay for the expert's reasonable fees, and such costs shall not be passed through to the utility or its customers.

In addition, carbon dioxide emission credits received by the clean coal SNG facility in connection with sequestration of carbon dioxide from the facility must be sold in a timely fashion with any revenue, less applicable fees and expenses and any expenses required to be paid by facility for carbon dioxide transportation or sequestration, deposited into the reconciliation account within 30 days after receipt of such funds by the owner of the clean coal SNG facility.

The clean coal SNG facility is prohibited from transporting or sequestering carbon dioxide unless the owner of the carbon dioxide pipeline that transfers the carbon dioxide from the facility and the owner of the sequestration site where the carbon dioxide captured by the facility is stored has acquired all applicable permits under applicable State and federal laws, statutes, rules, or regulations prior to the transfer or sequestration of carbon dioxide. The responsibility for compliance with the sequestration requirements specified in this subsection (h-5) for the clean coal SNG facility shall reside solely with the clean coal SNG facility, regardless of whether the facility has contracted with another party to capture, transport, or sequester carbon dioxide.

(C) If, in any year, the owner of a clean coal SNG brownfield facility fails to demonstrate that the clean coal SNG brownfield facility captured and sequestered at least 85% of the total carbon dioxide emissions that the facility would otherwise emit, then the owner of the clean coal SNG brownfield facility must pay a penalty of $20 per ton of excess carbon emissions up to

$20,000,000, which shall be deposited into the Energy Efficiency Trust Fund and distributed pursuant to subsection (b) of Section 6-6 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997. Provided, however, to the extent that the owner of the clean coal SNG brownfield facility can demonstrate that the failure was as a result of acts of God (including fire, flood, earthquake, tornado, lightning, hurricane, or other natural disaster); any amendment, modification, or abrogation of any applicable law or regulation that would prevent performance; war; invasion; act of foreign enemies; hostilities (regardless of whether war is declared); civil war; rebellion; revolution; insurrection; military or usurped power or confiscation; terrorist activities; civil disturbances; riots; nationalization; sabotage; blockage; or embargo, the owner of the clean coal SNG brownfield facility shall not be subject to a penalty if and only if (i) it promptly provides notice of its failure to the Commission; (ii) as soon as practicable and consistent with any order or direction from the Commission, it submits to the Commission proposed modifications to its carbon capture and sequestration plan; and (iii) it carries out its proposed modifications in the manner and time directed by the Commission. If the Commission finds that the facility has not satisfied each of these requirements, then the facility shall be subject to the penalty. If the owner of a clean coal SNG brownfield facility demonstrates that the clean coal SNG brownfield facility captured and sequestered more than 85% of the total carbon emissions that the facility would otherwise emit, the owner of the clean coal SNG brownfield facility may credit such additional amounts to reduce the amount of any future penalty to be paid. The penalty resulting from the failure to capture and sequester at least the minimum amount of carbon dioxide shall not be passed on to a utility or its customers.

In addition to any penalty for the clean coal SNG brownfield facility's failure to capture and sequester at least its minimum sequestration requirement, the Attorney General, on behalf of the People of the State of Illinois, shall bring an action for specific performance of this subsection (h-5). Such action may be filed in any circuit court in Illinois. By entering into a sourcing agreement pursuant to subsection (h-1) of this Section, the clean coal SNG brownfield facility agrees to waive any objections to

New matter indicated by italics - deletions by strikeout
venue or to the jurisdiction of the court with regard to the Attorney General's action for specific performance under this subsection (h-5).

Compliance with the sequestration requirements and penalty requirements specified in this subsection (h-5) for the clean coal SNG brownfield facility shall be assessed annually by the Commission, which may in its discretion retain an expert to facilitate its assessment. If an expert is retained by the Commission, then the clean coal SNG brownfield facility shall pay for the expert's reasonable fees, and such costs shall not be passed through to a utility or its customers. A SNG facility operating pursuant to this subsection (h-5) shall not forfeit its designation as a clean coal SNG facility or a clean coal SNG brownfield facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased or requisite penalties are paid.

Responsibility for compliance with the sequestration requirements specified in this subsection (h-5) for the clean coal SNG brownfield facility shall reside solely with the clean coal SNG brownfield facility regardless of whether the facility has contracted with another party to capture, transport, or sequester carbon dioxide.

(h-7) Sequestration permitting, oversight, and investigations.

(1) No clean coal facility or clean coal SNG brownfield facility may transport or sequester carbon dioxide unless the Commission approves the method of carbon dioxide transportation or sequestration. Such approval shall be required regardless of whether the facility has contracted with another to transport or sequester the carbon dioxide. Nothing in this subsection (h-7) shall release the owner or operator of a carbon dioxide sequestration site or carbon dioxide pipeline from any other permitting requirements under applicable State and federal laws, statutes, rules, or regulations.

(2) The Commission shall review carbon dioxide transportation and sequestration methods proposed by a clean coal facility or a clean coal SNG brownfield facility and shall approve those methods it deems reasonable and cost-effective. For purposes of this review, "cost-effective" means a commercially reasonable price for similar carbon dioxide transportation or sequestration.

techniques. In determining whether sequestration is reasonable and cost-effective, the Commission may consult with the Illinois State Geological Survey and retain third parties to assist in its determination, provided that such third parties shall not own or control any direct or indirect interest in the facility that is proposing the carbon dioxide transportation or the carbon dioxide sequestration method and shall have no contractual relationship with that facility. If a third party is retained by the Commission, then the facility proposing the carbon dioxide transportation or sequestration method shall pay for the expert's reasonable fees, and these costs shall not be passed through to a utility or its customers.

No later than 6 months prior to the date upon which the owner intends to commence construction of a clean coal facility or the clean coal SNG brownfield facility, the owner of the facility shall file with the Commission a carbon dioxide transportation or sequestration plan. The Commission shall hold a public hearing within 30 days after receipt of the facility's carbon dioxide transportation or sequestration plan. The Commission shall post notice of the review on its website upon submission of a carbon dioxide transportation or sequestration method and shall accept written public comments. The Commission shall take the comments into account when making its decision.

The Commission may not approve a carbon dioxide sequestration method if the owner or operator of the sequestration site has not received (i) an Underground Injection Control permit from the United States Environmental Protection Agency, or from the Illinois Environmental Protection Agency pursuant to the Environmental Protection Act; (ii) an Underground Injection Control permit from the Illinois Department of Natural Resources pursuant to the Illinois Oil and Gas Act; or (iii) an Underground Injection Control permit from the United States Environmental Protection Agency or a permit similar to items (i) or (ii) from the state in which the sequestration site is located if the sequestration will take place outside of Illinois. The Commission shall approve or deny the carbon dioxide transportation or sequestration method within 90 days after the receipt of all required information.

(3) At least annually, the Illinois Environmental Protection Agency shall inspect all carbon dioxide sequestration sites in Illinois. The Illinois Environmental Protection Agency may, as

often as deemed necessary, monitor and conduct investigations of those sites. The owner or operator of the sequestration site must cooperate with the Illinois Environmental Protection Agency investigations of carbon dioxide sequestration sites.

If the Illinois Environmental Protection Agency determines at any time a site creates conditions that warrant the issuance of a seal order under Section 34 of the Environmental Protection Act, then the Illinois Environmental Protection Agency shall seal the site pursuant to the Environmental Protection Act. If the Illinois Environmental Protection Agency determines at any time a carbon dioxide sequestration site creates conditions that warrant the institution of a civil action for an injunction under Section 43 of the Environmental Protection Act, then the Illinois Environmental Protection Agency shall request the State's Attorney or the Attorney General institute such action. The Illinois Environmental Protection Agency shall provide notice of any such actions as soon as possible on its website. The SNG facility shall incur all reasonable costs associated with any such inspection or monitoring of the sequestration sites, and these costs shall not be recoverable from utilities or their customers.

(4) (Blank).

(h-9) The clean coal SNG brownfield facility shall have the right to recover prudently incurred increased costs or reduced revenue resulting from any new or amendatory legislation or other action. The State of Illinois pledges that the State will not enact any law or take any action to:

(1) break, or repeal the authority for, sourcing agreements approved by the Commission and entered into between public utilities and the clean coal SNG brownfield facility;

(2) deny public utilities full cost recovery for their costs incurred under those sourcing agreements; or

(3) deny the clean coal SNG brownfield facility full cost and revenue recovery as provided under those sourcing agreements that are recoverable pursuant to subsection (h-3) of this Section.

These pledges are for the benefit of the parties to those sourcing agreements and the issuers and holders of bonds or other obligations issued or incurred to finance or refinance the clean coal SNG brownfield facility. The clean coal SNG brownfield facility is authorized to include and refer to these pledges in any financing agreement into which it may enter in regard to those sourcing agreements.
The State of Illinois retains and reserves all other rights to enact new or amendatory legislation or take any other action, without impairment of the right of the clean coal SNG brownfield facility to recover prudently incurred increased costs or reduced revenue resulting from the new or amendatory legislation or other action, including, but not limited to, such legislation or other action that would (i) directly or indirectly raise the costs the clean coal SNG brownfield facility must incur; (ii) directly or indirectly place additional restrictions, regulations, or requirements on the clean coal SNG brownfield facility; (iii) prohibit sequestration in general or prohibit a specific sequestration method or project; or (iv) increase minimum sequestration requirements for the clean coal SNG brownfield facility to the extent technically feasible. The clean coal SNG brownfield facility shall have the right to recover prudently incurred increased costs or reduced revenue resulting from the new or amendatory legislation or other action as described in this subsection (h-9).

(h-10) Contract costs for SNG incurred by an Illinois gas utility are reasonable and prudent and recoverable through the purchased gas adjustment clause and are not subject to review or disallowance by the Commission. Contract costs are costs incurred by the utility under the terms of a contract that incorporates the terms stated in subsection (h) of this Section as confirmed in writing by the Illinois Power Agency as set forth in subsection (h) of this Section, which confirmation shall be deemed conclusive, or as a consequence of or condition to its performance under the contract, including (i) amounts paid for SNG under the SNG contract and (ii) costs of transportation and storage services of SNG purchased from interstate pipelines under federally approved tariffs. The Illinois gas utility shall initiate a clean coal SNG facility rider mechanism that (A) shall be applicable to all customers who receive transportation service from the utility, (B) shall be designed to have an equal percentage impact on the transportation services rates of each class of the utility's total customers, and (C) shall accurately reflect the net customer savings, if any, and above market costs, if any, under the SNG contract. Any contract, the terms of which have been confirmed in writing by the Illinois Power Agency as set forth in subsection (h) of this Section and the performance of the parties under such contract cannot be grounds for challenging prudence or cost recovery by the utility through the purchased gas adjustment clause, and in such cases, the Commission is directed not to consider, and has no authority to consider, any attempted challenges.
The contracts entered into by Illinois gas utilities pursuant to subsection (h) of this Section shall provide that the utility retains the right to terminate the contract without further obligation or liability to any party if the contract has been impaired as a result of any legislative, administrative, judicial, or other governmental action that is taken that eliminates all or part of the prudence protection of this subsection (h-10) or denies the recoverability of all or part of the contract costs through the purchased gas adjustment clause. Should any Illinois gas utility exercise its right under this subsection (h-10) to terminate the contract, all contract costs incurred prior to termination are and will be deemed reasonable, prudent, and recoverable as and when incurred and not subject to review or disallowance by the Commission. Any order, issued by the State requiring or authorizing the discontinuation of the merchant function, defined as the purchase and sale of natural gas by an Illinois gas utility for the ultimate consumer in its service territory shall include provisions necessary to prevent the impairment of the value of any contract hereunder over its full term.

(h-11) All costs incurred by an Illinois gas utility in procuring SNG from a clean coal SNG brownfield facility pursuant to subsection (h-1) or a third-party marketer pursuant to subsection (h-1) are reasonable and prudent and recoverable through the purchased gas adjustment clause in conjunction with a SNG brownfield facility rider mechanism and are not subject to review or disallowance by the Commission; provided that if a utility is required by law or otherwise elects to connect the clean coal SNG brownfield facility to an interstate pipeline, then the utility shall be entitled to recover pursuant to its tariffs all just and reasonable costs that are prudently incurred. Sourcing agreement costs are costs incurred by the utility under the terms of a sourcing agreement that incorporates the terms stated in subsection (h-1) of this Section as approved by the Commission as set forth in subsection (h-4) of this Section, which approval shall be deemed conclusive, or as a consequence of or condition to its performance under the contract, including (i) amounts paid for SNG under the SNG contract and (ii) costs of transportation and storage services of SNG purchased from interstate pipelines under federally approved tariffs. Any sourcing agreement, the terms of which have been approved by the Commission as set forth in subsection (h-4) of this Section, and the performance of the parties under the sourcing agreement cannot be grounds for challenging prudence or cost recovery by the utility, and in

New matter indicated by italics - deletions by strikeout
these cases, the Commission is directed not to consider, and has no authority to consider, any attempted challenges.

(h-15) Reconciliation account. The clean coal SNG facility shall establish a reconciliation account for the benefit of the retail customers of the utilities that have entered into contracts with the clean coal SNG facility pursuant to subsection (h). The reconciliation account shall be maintained and administered by an independent trustee that is mutually agreed upon by the owners of the clean coal SNG facility, the utilities, and the Commission in an interest-bearing account in accordance with the following:

(1) The clean coal SNG facility shall conduct an analysis annually within 60 days after receiving the necessary cost information, which shall be provided by the gas utility within 6 months after the end of the preceding calendar year, to determine (i) the average annual contract SNG cost, which shall be calculated as the total amount paid for SNG purchased from the clean coal SNG facility over the preceding 12 months, plus the cost to the utility of the required transportation and storage services of SNG, divided by the total number of MMBtus of SNG actually purchased from the clean coal SNG facility in the preceding 12 months under the utility contract; (ii) the average annual natural gas purchase cost, which shall be calculated as the total annual supply costs paid for baseload natural gas (excluding any SNG) purchased by such utility over the preceding 12 months plus the costs of transportation and storage services of such natural gas (excluding such costs for SNG), divided by the total number of MMBtus of baseload natural gas (excluding SNG) actually purchased by the utility during the year; (iii) the cost differential, which shall be the difference between the average annual contract SNG cost and the average annual natural gas purchase cost; and (iv) the revenue share target which shall be the cost differential multiplied by the total amount of SNG purchased over the preceding 12 months under such utility contract.

(A) To the extent the annual average contract SNG cost is less than the annual average natural gas purchase cost, the utility shall credit an amount equal to the revenue share target to the reconciliation account. Such credit payment shall be made monthly starting within 30 days after the completed analysis in this subsection (h-15) and

New matter indicated by italics - deletions by strikeout
based on collections from all customers via a line item charge in all customer bills designed to have an equal percentage impact on the transportation services of each class of customers. Credit payments made pursuant to this subparagraph (A) shall be deemed prudent and reasonable and not subject to Commission prudence review.

(B) To the extent the annual average contract SNG cost is greater than the annual average natural gas purchase cost, the reconciliation account shall be used to provide a credit equal to the revenue share target to the utilities to be used to reduce the utility's natural gas costs through the purchased gas adjustment clause. Such payment shall be made within 30 days after the completed analysis pursuant to this subsection (h-15), but only to the extent that the reconciliation account has a positive balance.

(2) At the conclusion of the term of the SNG contracts pursuant to subsection (h) and the completion of the final annual analysis pursuant to this subsection (h-15), to the extent the facility owes any amount to retail customers, amounts in the account shall be credited to retail customers to the extent the owed amount is repaid; 50% of any additional amount in the reconciliation account shall be distributed to the utilities to be used to reduce the utilities' natural gas costs through the purchase gas adjustment clause with the remaining amount distributed to the clean coal SNG facility. Such payment shall be made within 30 days after the last completed analysis pursuant to this subsection (h-15). If the facility has repaid all owed amounts, if any, to retail customers and has distributed 50% of any additional amount in the account to the utilities, then the owners of the clean coal SNG facility shall have no further obligation to the utility or the retail customers.

If, at the conclusion of the term of the contracts pursuant to subsection (h) and the completion of the final annual analysis pursuant to this subsection (h-15), the facility owes any amount to retail customers and the account has been depleted, then the clean coal SNG facility shall be liable for any remaining amount owed to the retail customers. The clean coal SNG facility shall market the daily production of SNG and distribute on a monthly basis 5% of the amounts collected with respect to such future sales to the utilities in proportion to each utility's SNG contract to be used to

New matter indicated by italics - deletions by strikeout
reduce the utility's natural gas costs through the purchase gas adjustment clause; such payments to the utility shall continue until either 15 years after the conclusion of the contract or such time as the sum of such payments equals the remaining amount owed to the retail customers at the end of the contract, whichever is earlier. If the debt to the retail customers is not repaid within 15 years after the conclusion of the contract, then the owner of the clean coal SNG facility must sell the facility, and all proceeds from that sale must be used to repay any amount owed to the retail customers under this subsection (h-15).

The retail customers shall have first priority in recovering that debt above any creditors, except the secured lenders to the extent that the secured lenders have any secured debt outstanding, including any parent companies or affiliates of the clean coal SNG facility.

(3) 50% of all additional net revenue, defined as miscellaneous net revenue after cost allowance and above the budgeted estimate established for revenue pursuant to subsection (h), including sale of substitute natural gas derived from the clean coal SNG facility above the nameplate capacity of the facility and other by-products produced by the facility, shall be credited to the reconciliation account on an annual basis with such payment made within 30 days after the end of each calendar year during the term of the contract.

(4) The clean coal SNG facility shall each year, starting in the facility's first year of commercial operation, file with the Commission, in such form as the Commission shall require, a report as to the reconciliation account. The annual report must contain the following information:

(A) the revenue share target amount;
(B) the amount credited or debited to the reconciliation account during the year;
(C) the amount credited to the utilities to be used to reduce the utilities natural gas costs though the purchase gas adjustment clause;
(D) the total amount of reconciliation account at the beginning and end of the year;
(E) the total amount of consumer savings to date;

and

New matter indicated by italics - deletions by strikeout
(F) any additional information the Commission may require.

When any report is erroneous or defective or appears to the Commission to be erroneous or defective, the Commission may notify the clean coal SNG facility to amend the report within 30 days; before or after the termination of the 30-day period, the Commission may examine the trustee of the reconciliation account or the officers, agents, employees, books, records, or accounts of the clean coal SNG facility and correct such items in the report as upon such examination the Commission may find defective or erroneous. All reports shall be under oath.

All reports made to the Commission by the clean coal SNG facility and the contents of the reports shall be open to public inspection and shall be deemed a public record under the Freedom of Information Act. Such reports shall be preserved in the office of the Commission. The Commission shall publish an annual summary of the reports prior to February 1 of the following year. The annual summary shall be made available to the public on the Commission's website and shall be submitted to the General Assembly.

Any facility that fails to file the report required under this paragraph (4) to the Commission within the time specified or to make specific answer to any question propounded by the Commission within 30 days after the time it is lawfully required to do so, or within such further time not to exceed 90 days as may be allowed by the Commission in its discretion, shall pay a penalty of $500 to the Commission for each day it is in default.

Any person who willfully makes any false report to the Commission or to any member, officer, or employee thereof, any person who willfully in a report withholds or fails to provide material information to which the Commission is entitled under this paragraph (4) and which information is either required to be filed by statute, rule, regulation, order, or decision of the Commission or has been requested by the Commission, and any person who willfully aids or abets such person shall be guilty of a Class A misdemeanor.

(h-20) The General Assembly authorizes the Illinois Finance Authority to issue bonds to the maximum extent permitted to finance coal gasification facilities described in this Section, which constitute both "industrial projects" under Article 801 of the Illinois Finance Authority Act and "clean coal and energy projects" under Sections 825-65 through 825-75 of the Illinois Finance Authority Act.

New matter indicated by italics - deletions by strikeout
Administrative costs incurred by the Illinois Finance Authority in performance of this subsection (h-20) shall be subject to reimbursement by the clean coal SNG facility on terms as the Illinois Finance Authority and the clean coal SNG facility may agree. The utility and its customers shall have no obligation to reimburse the clean coal SNG facility or the Illinois Finance Authority for any such costs.

(h-25) The State of Illinois pledges that the State may not enact any law or take any action to (1) break or repeal the authority for SNG purchase contracts entered into between public gas utilities and the clean coal SNG facility pursuant to subsection (h) of this Section or (2) deny public gas utilities their full cost recovery for contract costs, as defined in subsection (h-10), that are incurred under such SNG purchase contracts. These pledges are for the benefit of the parties to such SNG purchase contracts and the issuers and holders of bonds or other obligations issued or incurred to finance or refinance the clean coal SNG facility. The beneficiaries are authorized to include and refer to these pledges in any finance agreement into which they may enter in regard to such contracts.

(h-30) The State of Illinois retains and reserves all other rights to enact new or amendatory legislation or take any other action, including, but not limited to, such legislation or other action that would (1) directly or indirectly raise the costs that the clean coal SNG facility must incur; (2) directly or indirectly place additional restrictions, regulations, or requirements on the clean coal SNG facility; (3) prohibit sequestration in general or prohibit a specific sequestration method or project; or (4) increase minimum sequestration requirements.

(i) If a gas utility or an affiliate of a gas utility has an ownership interest in any entity that produces or sells synthetic natural gas, Article VII of this Act shall apply.

Section 145. The Illinois Horse Racing Act of 1975 is amended by changing Sections 12.1 and 12.2 as follows:

(230 ILCS 5/12.1) (from Ch. 8, par. 37-12.1)
Sec. 12.1. (a) The General Assembly finds that the Illinois Racing Industry does not include a fair proportion of minority or female workers. Therefore, the General Assembly urges that the job training institutes, trade associations and employers involved in the Illinois Horse Racing Industry take affirmative action to encourage equal employment opportunity to all workers regardless of race, color, creed or sex.

(e) The Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the

Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval,
the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

(c) Notwithstanding anything to the contrary in Section 7(e), an applicant may apply to the Board for approval of relocation of a re-issued license to a new home dock location authorized under Section 3(c) upon receipt of the approval from the municipality or county, as the case may be, pursuant to Section 7(j).

(d) In determining whether to grant a re-issued owners license to an applicant, the Board shall consider all of the factors set forth in Sections 7(b) and (e) as well as the amount of the applicant's license bid. The Board may grant the re-issued owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in Sections 7(b) and (e) that favored the winning bidder.

Section 170. The Public-Private Partnerships for Transportation Act is amended by changing Section 25 as follows:

(630 ILCS 5/25)

Sec. 25. Design-build procurement.

(a) This Section 25 shall apply only to transportation projects for which the Department or the Authority intends to execute a design-build agreement, in which case the Department or the Authority shall abide by the requirements and procedures of this Section 25 in addition to other applicable requirements and procedures set forth in this Act.

(b) (1) The transportation agency must issue a notice of intent to receive proposals for the project at least 14 days before issuing the request for the qualifications. The transportation agency must publish the advance notice in a daily newspaper of general circulation in the county where the transportation agency is located. The transportation agency is encouraged to use publication of the notice in related construction industry service publications. A brief description of the proposed procurement must be included in the notice. The transportation agency must provide a copy of the request for qualifications to any party requesting a copy.

(2) The request for qualifications shall be prepared for each project and must contain, without limitation, the following information: (i) the name of the transportation agency; (ii) a preliminary schedule for the completion of the contract; (iii) the proposed budget for the project and the source of funds, to the extent not already reflected in the Department's Multi-Year Highway Improvement Program; (iv) the shortlisting process for entities or groups of entities such as unincorporated joint ventures wishing to submit proposals (the transportation agency shall include, at a minimum, its normal prequalification, licensing, registration, and other requirements, but nothing contained herein precludes the use of additional criteria by the transportation agency); (v) a summary of anticipated material requirements of the contract, including but not limited to, the proposed terms and conditions, required performance and payment bonds, insurance, and the utilization goals established by the transportation agency for minority and women business enterprises and compliance with Section 2-105 of the Illinois Human Rights Act; and (vi) the anticipated number of entities that will be shortlisted for the request for proposals phase.

(3) The transportation agency may include any other relevant information in the request for qualifications that it chooses to supply. The

private entity shall be entitled to rely upon the accuracy of this documentation in the development of its statement of qualifications and its proposal only to the extent expressly warranted by the transportation agency.

(4) The date that statements of qualifications are due must be at least 21 calendar days after the date of the issuance of the request for qualifications. In the event the cost of the project is estimated to exceed $12,000,000, then the statement of qualifications due date must be at least 28 calendar days after the date of the issuance of the request for qualifications. The transportation agency shall include in the request for proposals a minimum of 30 days to develop the proposals after the selection of entities from the evaluation of the statements of qualifications is completed.

(c)(1) The transportation agency shall develop, with the assistance of a licensed design professional, the request for qualifications and the request for proposals, which shall include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the private entities of the transportation agency's overall programmatic needs and goals, including criteria and preliminary design plans, general budget parameters, schedule, and delivery requirements.

(2) Each request for qualifications and request for proposals shall also include a description of the level of design to be provided in the proposals. This description must include the scope and type of renderings, drawings, and specifications that, at a minimum, will be required by the transportation agency to be produced by the private entities.

(3) The scope and performance criteria shall be prepared by a design professional who is an employee of the transportation agency, or the transportation agency may contract with an independent design professional selected under the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act to provide these services.

(4) The design professional that prepares the scope and performance criteria is prohibited from participating in any private entity proposal for the project.

(d)(1) The transportation agency must use a two phase procedure for the selection of the successful design-build entity. The request for qualifications phase will evaluate and shortlist the private entities based on qualifications, and the request for proposals will evaluate the technical and cost proposals.
(2) The transportation agency shall include in the request for qualifications the evaluating factors to be used in the request for qualifications phase. These factors are in addition to any prequalification requirements of private entities that the transportation agency has set forth. Each request for qualifications shall establish the relative importance assigned to each evaluation factor, including any weighting of criteria to be employed by the transportation agency. The transportation agency must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The transportation agency shall include the following criteria in every request for qualifications phase evaluation of private entities: (i) experience of personnel; (ii) successful experience with similar project types; (iii) financial capability; (iv) timeliness of past performance; (v) experience with similarly sized projects; (vi) successful reference checks of the firm; (vii) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (viii) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, Females, and Persons with Disabilities Act and in complying with Section 2-105 of the Illinois Human Rights Act. No proposal shall be considered that does not include an entity's plan to comply with the requirements regarding minority and women business enterprises and economically disadvantaged firms established by the transportation agency and with Section 2-105 of the Illinois Human Rights Act. The transportation agency may include any additional relevant criteria in the request for qualifications phase that it deems necessary for a proper qualification review.

Upon completion of the qualifications evaluation, the transportation agency shall create a shortlist of the most highly qualified private entities.

The transportation agency shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the request for proposals phase technical and cost evaluations. The transportation agency must allow sufficient time for the shortlist entities to prepare their proposals considering the scope and detail requested by the transportation agency.

(3) The transportation agency shall include in the request for proposals the evaluating factors to be used in the technical and cost submission components. Each request for proposals shall establish, for

both the technical and cost submission components, the relative importance assigned to each evaluation factor, including any weighting of criteria to be employed by the transportation agency. The transportation agency must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The transportation agency shall include the following criteria in every request for proposals phase technical evaluation of private entities: (i) compliance with objectives of the project; (ii) compliance of proposed services to the request for proposal requirements; (iii) compliance with the request for proposal requirements of products or materials proposed; (iv) quality of design parameters; and (v) design concepts. The transportation agency may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The transportation agency shall include the following criteria in every request for proposals phase cost evaluation: the total project cost and the time of completion. The transportation agency may include any additional relevant technical evaluation factors it deems necessary for proper selection. The guaranteed maximum project cost criteria weighing factor shall not exceed 30%.

The transportation agency shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards.

(e) Statements of qualifications and proposals must be properly identified and sealed. Statements of qualifications and proposals may not be reviewed until after the deadline for submission has passed as set forth in the request for qualifications or the request for proposals. All private entities submitting statements of qualifications or proposals shall be disclosed after the deadline for submission, and all private entities who are selected for request for proposals phase evaluation shall also be disclosed at the time of that determination.

Design-build proposals shall include a bid bond in the form and security as designated in the request for proposals. Proposals shall also contain a separate sealed envelope with the cost information within the overall proposal submission. Proposals shall include a list of all design professionals and other entities to which any work identified in Section 30-30 of the Illinois Procurement Code as a subdivision of construction work may be subcontracted during the performance of the contract to the extent known at the time of proposal. If the information is not known at
the time of proposal, then the design-build agreement shall require the identification prior to a previously unlisted subcontractor commencing work on the transportation project.

Statements of qualifications and proposals must meet all material requirements of the request for qualifications or request for proposals, or else they may be rejected as non-responsive. The transportation agency shall have the right to reject any and all statements of qualifications and proposals.

The private entity's proprietary intellectual property contained in the drawings and specifications of any unsuccessful statement of qualifications or proposal shall remain the property of the private entity.

The transportation agency shall review the statements of qualifications and the proposals for compliance with the performance criteria and evaluation factors.

Statements of qualifications and proposals may be withdrawn prior to the due date and time for submissions for any cause. After evaluation begins by the transportation agency, clear and convincing evidence of error is required for withdrawal.

Sec. 2.01b. Illinois Veterans Home at Chicago. The Illinois Veterans Home at Chicago is established. The Department shall operate and maintain the Illinois Veterans Home at Chicago.

(20 ILCS 2805/2.03) (from Ch. 126 1/2, par. 67.03)

Sec. 2.03. Admissions. Admissions to an Illinois Veterans Home are subject to the rules and regulations adopted by the Department of Veterans' Affairs to govern the admission of applicants.

Each resident of a Home is liable for the payment of sums representing maintenance charges for care at the Home at a rate to be

determined by the Department, based on the resident's ability to pay. However, the charges shall not exceed the average annual per capita cost of maintaining the resident in the Home. The Department, upon being furnished proof of payment, shall in its discretion make allowances for unusual expenses in determining the ability of the resident to pay maintenance charges.

The basis upon which the payment of maintenance charges shall be calculated by the Department is the average per capita cost for the care of all residents at each Home for the fiscal year immediately preceding the period for which the rate for each Home is being calculated.

The Department may require residents to pay charges monthly, quarterly, or otherwise as may be most suitably arranged for the individual members. The amounts received from each Home for the charges shall be transmitted to the Treasurer of the State of Illinois for deposit in each Veterans Home Fund, respectively, except that receipts attributable to the Illinois Veterans Home at Chicago shall be deposited into the Illinois Veterans' Homes Fund.

The Department may investigate the financial condition of residents of a Home to determine their ability to pay maintenance charges and to establish standards as a basis of judgment for such determination. Such standards shall be recomputed periodically to reflect changes in the cost of living and other pertinent factors.

Refusal to pay the maintenance charges is cause for discharge of a resident from a Home.

The Department may collect any medical or health benefits to which a resident may become entitled through tax supported or privately financed systems of insurance, as a result of his or her care or treatment in the facilities provided by the Department, or because of care or treatment in other facilities when such care or treatment has been paid for by the Department.

Admission of a resident is not limited or conditioned in any manner by the financial status of the resident or his or her ability to pay maintenance charges.

Sec. 2.04. There shall be established in the State Treasury special funds known as (i) the LaSalle Veterans Home Fund, (ii) the Anna Veterans Home Fund, (iii) the Manteno Veterans Home Fund, and (iv) the Quincy Veterans Home Fund. All moneys received by an Illinois Veterans Home from Medicare and from maintenance charges to veterans, spouses, and surviving spouses residing at that Home shall be paid into that Home's Fund. All moneys received from the U.S. Department of Veterans Affairs for patient care shall be transmitted to the Treasurer of the State for deposit in the Veterans Home Fund for the Home in which the veteran resides. Appropriations shall be made from a Fund only for the needs of the Home, including capital improvements, building rehabilitation, and repairs. The Illinois Veterans' Homes Fund shall be the Veterans Home Fund for the Illinois Veterans Home at Chicago.

The administrator of each Veterans Home shall establish a locally-held member's benefits fund. The Director may authorize the Veterans Home to conduct limited fundraising in accordance with applicable laws and regulations for which the sole purpose is to benefit the Veterans Home's member's benefits fund. Revenues accruing to an Illinois Veterans Home, including any donations, grants for the operation of the Home,
profits from commissary stores, and funds received from any individual or other source, including limited fundraising, shall be deposited into that Home's benefits fund. Expenditures from the benefits funds shall be solely for the special comfort, pleasure, and amusement of residents. Contributors of unsolicited private donations may specify the purpose for which the private donations are to be used.

Upon request of the Department, the State's Attorney of the county in which a resident or living former resident of an Illinois Veterans Home who is liable under this Act for payment of sums representing maintenance charges resides shall file an action in a court of competent jurisdiction against any such person who fails or refuses to pay such sums. The court may order the payment of sums due to maintenance charges for such period or periods of time as the circumstances require.

Upon the death of a person who is or has been a resident of an Illinois Veterans Home who is liable for maintenance charges and who is possessed of property, the Department may present a claim for such sum or for the balance due in case less than the rate prescribed under this Act has been paid. The claim shall be allowed and paid as other lawful claims against the estate.

The administrator of each Veterans Home shall establish a locally-held trust fund to maintain moneys held for residents. Whenever the Department finds it necessary to preserve order, preserve health, or enforce discipline, the resident shall deposit in a trust account at the Home such monies from any source of income as may be determined necessary, and disbursement of these funds to the resident shall be made only by direction of the administrator.

If a resident of an Illinois Veterans Home has a dependent child, spouse, or parent the administrator may require that all monies received be deposited in a trust account with dependency contributions being made at the direction of the administrator. The balance retained in the trust account shall be disbursed to the resident at the time of discharge from the Home or to his or her heirs or legal representative at the time of the resident's death, subject to Department regulations or order of the court.

The Director of Central Management Services, with the consent of the Director of Veterans' Affairs, is authorized and empowered to lease or let any real property held by the Department of Veterans' Affairs for an Illinois Veterans Home to entities or persons upon terms and conditions which are considered to be in the best interest of that Home. The real property must not be needed for any direct or immediate purpose of the
Home. In any leasing or letting, primary consideration shall be given to the use of real property for agricultural purposes, and all moneys received shall be transmitted to the Treasurer of the State for deposit in the appropriate Veterans Home Fund.

PUBLIC ACT 100-0395
(Senate Bill No. 0314)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 356g as follows:

New matter indicated by italics - deletions by strikeout
Sec. 356g. Mammograms; mastectomies.

(a) Every insurer shall provide in each group or individual policy, contract, or certificate of insurance issued or renewed for persons who are residents of this State, coverage for screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer within the provisions of the policy, contract, or certificate. The coverage shall be as follows:

(1) A baseline mammogram for women 35 to 39 years of age.

(2) An annual mammogram for women 40 years of age or older.

(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(4) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(5) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with radiation exposure delivery of less than 1 rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis. As used in this Section, the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection

and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this subsection, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this subsection.

(a-5) Coverage as described by subsection (a) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(a-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (a-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(b) No policy of accident or health insurance that provides for the surgical procedure known as a mastectomy shall be issued, amended, delivered, or renewed in this State unless that coverage also provides for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

(1) reconstruction of the breast upon which the mastectomy has been performed;
(2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and
(3) prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the

removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

Written notice of the availability of coverage under this Section shall be delivered to the insured upon enrollment and annually thereafter. An insurer may not deny to an insured eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan solely for the purpose of avoiding the requirements of this Section. An insurer may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(c) Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

in the Federal Register or issues an opinion, guidance, or other action that
would require the State, pursuant to any provision of the Patient Protection

(a-5) Coverage as described in subsection (a) shall be provided at
no cost to the enrollee and shall not be applied to an annual or lifetime

as a mastectomy shall be issued, amended, delivered, or renewed in this
State on or after the effective date of this amendatory Act of the 92nd
General Assembly unless that coverage also provides for prosthetic
devices or reconstructive surgery incident to the mastectomy, providing
that the mastectomy is performed after the effective date of this
amendatory Act. Coverage for breast reconstruction in connection with a
mastectomy shall include:

The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a

persons who rely on treatment by spiritual means alone through prayer for
healing.

Notwithstanding any other provision of this Section, a
comprehensive tobacco use cessation program that includes purchasing
prescription drugs or prescription medical devices approved by the Food
and Drug Administration shall be covered under the medical assistance
program under this Article for persons who are otherwise eligible for
assistance under this Article.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

(2) To pay for the use of this leased property in accordance with the terms of the lease and with the provisions of the Public Building Commission Act, approved July 5, 1955, as heretofore or hereafter amended.

maintain exclusive possession of all schools, school administrative
offices, and school facilities which it is occupying or acquiring
pursuant to any such lease or lease purchase agreement, and in
addition shall have and exercise complete control over the
education program conducted at such schools, offices and facilities.
The board's contribution under any such agreement shall be limited
to the use of the real estate and existing improvements on a rental

reserved for students who live within proximity to the school.
"Proximity to the school" means all areas within the existing city

Under such agreements the board shall have exclusive possession of all such school buildings and related property and facilities which it is occupying or acquiring pursuant to any such agreements, and in addition shall have and exercise complete control over the educational program conducted at such school. Under such agreements the board also may lease to another party to such agreement real estate and existing improvements which are appropriate and available for use as part of the necessary school buildings and related property and facilities for an agricultural science school. Any interest created by such a lease shall be exempt from any form of leasehold tax or assessment, and the interests of the board as owner or lessor of property covered by such a lease may be subordinated to the interests of a mortgage holder or holders acquired as security for additional improvements made on the property. In addition, but subject to the provisions of subparagraph (9) of this Section, the board is authorized: (i) to pay for the use of school buildings and related property and facilities for an agricultural science school as provided for in an agreement entered into pursuant to this subparagraph (8) and to enter into any such agreement without making a previous appropriation for the expense thereby incurred; and (ii) to enter into agreements to purchase any ownership interests in any school buildings and related property and facilities subject to any agreement entered into by the board pursuant to this subparagraph (8) and to assume or retire any outstanding debt or obligation relating to such school buildings and related property and facilities.

1991 to sell, lease, transfer or otherwise convey all or any part of the property so purchased or acquired, nor any of the school buildings or related facilities thereon, but the same shall be held, used, occupied and maintained by the board solely for the purpose of conducting and operating an agricultural science school. The board shall not, on or after the effective date of this amendatory Act of 1991, enter into any contracts or agreements for the construction, alteration or modification of any new or existing school buildings or related facilities or structural improvements on any part of the 78.85 acres purchased or otherwise acquired by the board for agricultural science school purposes, excepting only those contracts or agreements that are entered into by the board for the construction, alteration or modification of such school buildings, related facilities or structural improvements that on the effective date of this amendatory Act of 1991 are either located upon, under construction upon or scheduled under existing plans and specifications to be constructed upon a parcel of land, consisting of 17.45 acres more or less and measuring approximately 880 feet along its northerly and southerly boundaries and 864 feet along its easterly and westerly boundaries, located in the northeast part of the 78.85 acres. Nothing in this subparagraph (9) shall be deemed or construed to alter, modify, impair or otherwise affect the terms and provisions of, nor the rights and obligations of the parties under any agreement or contract made and entered into by the board prior to the effective date of this amendatory Act (i) for the acquisition, lease or lease purchase of, or for the construction, alteration or modification of any school buildings, related facilities or structural improvements upon all or any part of the 78.85 acres purchased or acquired by the board for agricultural science school purposes, or (ii) for the lease by the board of an irregularly shaped parcel, consisting of 23.19 acres more or less, of that 78.85 acres for park board purposes.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 15-170, 15-172, and 15-175 as follows:

(35 ILCS 200/15-170)
Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and 2007, the maximum reduction shall be $3,500. For taxable years 2008 through 2011, the maximum reduction is $4,000 in all counties. For taxable year 2012, the maximum reduction is $5,000 in counties with 3,000,000 or more inhabitants and $4,000 in all other counties. For taxable years 2013 through 2016 and thereafter, the maximum reduction is $5,000 in all counties. For taxable years 2017 and thereafter, the maximum reduction is $8,000 in counties with 3,000,000 or more inhabitants and $5,000 in all other counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable

New matter indicated by italics - deletions by strikeout
interest in the cooperative apartment building, other than a leasehold
interest. For land improved with a life care facility, the maximum
reduction from the value of the property, as equalized by the Department,
shall be multiplied by the number of apartments or units occupied by
persons 65 years of age or older, irrespective of any legal, equitable, or
leasehold interest in the facility, who are liable, under a contract with the
owner or owners of record of the facility, for paying property taxes on the
property. In a cooperative or a life care facility where a homestead
exemption has been granted, the cooperative association or the
management firm of the cooperative or facility shall credit the savings
resulting from that exemption only to the apportioned tax liability of the
owner or resident who qualified for the exemption. Any person who
willfully refuses to so credit the savings shall be guilty of a Class B
misdemeanor. Under this Section and Sections 15-175, 15-176, and 15-
177, "life care facility" means a facility, as defined in Section 2 of the Life
Care Facilities Act, with which the applicant for the homestead exemption
has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section
and the person qualifying subsequently becomes a resident of a facility
licensed under the Assisted Living and Shared Housing Act, the Nursing
Home Care Act, the Specialized Mental Health Rehabilitation Act of
2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption
shall continue so long as the residence continues to be occupied by the
qualifying person's spouse if the spouse is 65 years of age or older, or if
the residence remains unoccupied but is still owned by the person
qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment
year shall be eligible to apply for the homestead exemption during that
assessment year. Application shall be made during the application period
in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004,
property that is first occupied as a residence after January 1 of any
assessment year by a person who is eligible for the senior citizens
homestead exemption under this Section must be granted a pro-rata
exemption for the assessment year. The amount of the pro-rata exemption
is the exemption allowed in the county under this Section divided by 365
and multiplied by the number of days during the assessment year the
property is occupied as a residence by a person eligible for the exemption

under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with 3,000,000 or more inhabitants, beginning in taxable year 2010, each taxpayer who has been granted an exemption under this Section must reapply on an annual basis. The chief county assessment officer shall mail the application to the taxpayer. In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification.
of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/15-172)
Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.
(b) As used in this Section:
"Applicant" means an individual who has filed an application under this Section.
"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.
"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces

New matter indicated by italics - deletions by strikeout
the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

(1) $35,000 prior to taxable year 1999;
(2) $40,000 in taxable years 1999 through 2003;
(3) $45,000 in taxable years 2004 through 2005;
(4) $50,000 in taxable years 2006 and 2007; and
(5) $55,000 in taxable years 2008 through 2016; and thereafter:
(6) for taxable year 2017, (i) $65,000 for qualified property located in a county with 3,000,000 or more inhabitants and (ii)
$55,000 for qualified property located in a county with fewer than 
3,000,000 inhabitants; and

(7) for taxable years 2018 and thereafter, $65,000 for all 
qualified property.

"Residence" means the principal dwelling place and appurtenant 
structures used for residential purposes in this State occupied on January 1 
of the taxable year by a household and so much of the surrounding land, 
constituting the parcel upon which the dwelling place is situated, as is used 
for residential purposes. If the Chief County Assessment Officer has 
established a specific legal description for a portion of property 
constituting the residence, then that portion of property shall be deemed 
the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem 
property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment 
freeze homestead exemption is granted for real property that is improved 
with a permanent structure that is occupied as a residence by an applicant 
who (i) is 65 years of age or older during the taxable year, (ii) has a 
household income that does not exceed the maximum income limitation, 
(iii) is liable for paying real property taxes on the property, and (iv) is an 
owner of record of the property or has a legal or equitable interest in the 
property as evidenced by a written instrument. This homestead exemption 
shall also apply to a leasehold interest in a parcel of property improved 
with a permanent structure that is a single family residence that is 
occupied as a residence by a person who (i) is 65 years of age or older 
during the taxable year, (ii) has a household income that does not exceed 
the maximum income limitation, (iii) has a legal or equitable ownership 
interest in the property as lessee, and (iv) is liable for the payment of real 
property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the 
exemption for all taxable years is the equalized assessed value of the 
residence in the taxable year for which application is made minus the base 
amount. In all other counties, the amount of the exemption is as follows: 
(i) through taxable year 2005 and for taxable year 2007 and thereafter, the 
amount of this exemption shall be the equalized assessed value of the 
residence in the taxable year for which application is made minus the base 
amount; and (ii) for taxable year 2006, the amount of the exemption is as 
follows:

New matter indicated by italics - deletions by strikeout
(1) For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed

the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants,
beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 2012. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice nurse, or physician assistant stating the nature and extent of the condition, that, in the physician's, advanced practice nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an
applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice nurse, or physician assistant stating the nature and extent of the condition, and that, in the physician's, advanced practice nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the
provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

Notwithstanding any other provision of law, for taxable year 2017 and thereafter, in counties of 3,000,000 or more inhabitants, the amount of the exemption shall be the greater of (i) the amount of the exemption otherwise calculated under this Section or (ii) $2,000.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-175. General homestead exemption.

(a) Except as provided in Sections 15-176 and 15-177, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax Appeal Board, or a court to have been excessive, the

New matter indicated by italics - deletions by strikeout
equalized assessed value which should have been placed on the property for 1977 shall be used to determine the amount of the exemption.

(b) Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be $4,500 in counties with 3,000,000 or more inhabitants and $3,500 in all other counties. Except as provided in Sections 15-176 and 15-177, for taxable years 2004 through 2007, the maximum reduction shall be $5,000, for taxable year 2008, the maximum reduction is $5,500, and, for taxable years 2009 through 2011, the maximum reduction is $6,000 in all counties. For taxable years 2004 through 2016 and thereafter, the maximum reduction is $7,000 in counties with 3,000,000 or more inhabitants and $6,000 in all other counties. For taxable years 2017 and thereafter, the maximum reduction is $10,000 in counties with 3,000,000 or more inhabitants and $6,000 in all other counties. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners who, for the taxable year, have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 or a long-time occupant homestead exemption under Section 15-177, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less.

(c) In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

(d) If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180 resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and
multiplied by the number of days the property qualified as homestead property.

(d-1) In counties with 3,000,000 or more inhabitants, where the chief county assessment officer provides a notice of discovery, if a property is not occupied by its owner as a principal residence as of January 1 of the current tax year, then the property owner shall notify the chief county assessment officer of that fact on a form prescribed by the chief county assessment officer. That notice must be received by the chief county assessment officer on or before March 1 of the collection year. If mailed, the form shall be sent by certified mail, return receipt requested. If the form is provided in person, the chief county assessment officer shall provide a date stamped copy of the notice. Failure to provide timely notice pursuant to this subsection (d-1) shall result in the exemption being treated as an erroneous exemption. Upon timely receipt of the notice for the current tax year, no exemption shall be applied to the property for the current tax year. If the exemption is not removed upon timely receipt of the notice by the chief assessment officer, then the error is considered granted as a result of a clerical error or omission on the part of the chief county assessment officer as described in subsection (h) of Section 9-275, and the property owner shall not be liable for the payment of interest and penalties due to the erroneous exemption for the current tax year for which the notice was filed after the date that notice was timely received pursuant to this subsection. Notice provided under this subsection shall not constitute a defense or amnesty for prior year erroneous exemptions.

For the purposes of this subsection (d-1):
"Collection year" means the year in which the first and second installment of the current tax year is billed.
"Current tax year" means the year prior to the collection year.
(e) The chief county assessment officer may, when considering whether to grant a leasehold exemption under this Section, require the following conditions to be met:

(1) that a notarized application for the exemption, signed by both the owner and the lessee of the property, must be submitted each year during the application period in effect for the county in which the property is located;

(2) that a copy of the lease must be filed with the chief county assessment officer by the owner of the property at the time the notarized application is submitted;

New matter indicated by italics - deletions by strikeout
(3) that the lease must expressly state that the lessee is liable for the payment of property taxes; and
(4) that the lease must include the following language in substantially the following form:

"Lessee shall be liable for the payment of real estate taxes with respect to the residence in accordance with the terms and conditions of Section 15-175 of the Property Tax Code (35 ILCS 200/15-175). The permanent real estate index number for the premises is (insert number), and, according to the most recent property tax bill, the current amount of real estate taxes associated with the premises is (insert amount) per year. The parties agree that the monthly rent set forth above shall be increased or decreased pro rata (effective January 1 of each calendar year) to reflect any increase or decrease in real estate taxes. Lessee shall be deemed to be satisfying Lessee's liability for the above mentioned real estate taxes with the monthly rent payments as set forth above (or increased or decreased as set forth herein)."

In addition, if there is a change in lessee, or if the lessee vacates the property, then the chief county assessment officer may require the owner of the property to notify the chief county assessment officer of that change.

This subsection (e) does not apply to leasehold interests in property owned by a municipality.

(f) "Homestead property" under this Section includes residential property that is occupied by its owner or owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on which the person is liable for the payment of property taxes. For land improved with an apartment building owned and operated as a cooperative or a building which is a life care facility as defined in Section 15-170 and considered to be a cooperative under Section 15-170, the maximum reduction from the equalized assessed value shall be limited to the increase in the value above the equalized assessed value of the property for 1977, up to the maximum reduction set forth above, multiplied by the number of apartments or units occupied by a person or persons who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the

cooperative apartment building, other than a leasehold interest. For purposes of this Section, the term "life care facility" has the meaning stated in Section 15-170.

"Household", as used in this Section, means the owner, the spouse of the owner, and all persons using the residence of the owner as their principal place of residence.

"Household income", as used in this Section, means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income", as used in this Section, has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that "income" does not include veteran's benefits.

(g) In a cooperative where a homestead exemption has been granted, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor.

(h) Where married persons maintain and reside in separate residences qualifying as homestead property, each residence shall receive 50% of the total reduction in equalized assessed valuation provided by this Section.

(i) In all counties, the assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department, provided that the taxpayer applying for an additional general exemption under this Section shall submit to the chief county assessment officer an application with an affidavit of the applicant's total household income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

New matter indicated by italics - deletions by strikeout
(i-5) This subsection (i-5) applies to counties with 3,000,000 or more inhabitants. In the event of a sale of homestead property, the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. Upon receipt of a transfer declaration transmitted by the recorder pursuant to Section 31-30 of the Real Estate Transfer Tax Law for property receiving an exemption under this Section, the assessor shall mail a notice and forms to the new owner of the property providing information pertaining to the rules and applicable filing periods for applying or reapplying for homestead exemptions under this Code for which the property may be eligible. If the new owner fails to apply or reapply for a homestead exemption during the applicable filing period or the property no longer qualifies for an existing homestead exemption, the assessor shall cancel such exemption for any ensuing assessment year.

(j) In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief county assessment officer may require the new owner of the property to apply for the homestead exemption for the following assessment year.

(k) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Additional sites may be added during the pilot program, and the pilot program may be expanded and converted into a permanent statewide program.

The independent evidence-based evaluation may include, but is not limited to, data regarding: (i) the number of children removed from their parents; (ii) the number of children who remain with the non-offending parent; (iii) the number of indicated and unfounded investigative findings and corresponding allegations of maltreatment for the non-offending parent and domestic violence perpetrator; (iv) the number of referrals to the co-located domestic violence advocates; (v) the number of referrals for services; and (vi) the number of months that children remained in foster care whose cases involved the co-located domestic violence advocate.

The social security numbers of the parents shall not be recorded on the certificate of birth. The social security numbers may only be used for purposes allowed under federal law. The new certificate shall be substituted for the original certificate of birth:

(a) Thereafter, the original certificate and the evidence of adoption, paternity, legitimation, or change of sex designation shall not be subject to inspection or certification except upon order of the circuit court, request of the person named on the certificate of birth, or as provided by rule. If the new certificate was issued subsequent to an adoption, then the evidence of adoption is not subject to inspection or certification except upon order of the circuit court or as provided by rule, and the original certificate shall not be subject to inspection until the adopted person has reached the age of 21; thereafter, the original certificate shall be made available as provided by Section 18.1b of the Adoption Act, and nothing in this subsection shall impede or prohibit access to the original birth certificate under Section 18.1b of the Adoption Act.

(b) Upon receipt of notice of annulment of adoption, the original certificate of birth shall be restored to its place in the files, and the new certificate and evidence shall not be subject to inspection or certification except upon order of the circuit court.

(3) If no certificate of birth is on file for the person for whom a new certificate is to be established under this Section, a delayed record of birth shall be filed with the State Registrar of Vital Records as provided in Section 14 or Section 15 of this Act before a new certificate of birth is established, except that when the date and place of birth and parentage have been established in the adoption proceedings, a delayed record shall not be required.

"Purchase price" means the amount paid to the issuer of a qualified equity investment for that qualified equity investment.

"Qualified active low-income community business" has the meaning given to that term in Section 45D of the Internal Revenue Code of 1986, as amended; except that any business that derives or projects to derive 15% or more of its annual revenue from the rental or sale of real estate is not considered to be a qualified active low-income community business. This exception does not apply to a business that is controlled by or under common control with another business if the second business (i) does not derive or project to derive 15% or more of its annual revenue from the rental or sale of real estate and (ii) is the primary tenant of the real estate leased from the initial business. A business shall be considered a qualified active low-income community business for the duration of the qualified community development entity's investment in or loan to the business if the entity reasonably expects, at the time it makes the investment or loan, that the business will continue to satisfy the requirements for being a qualified active low-income community business throughout the entire period of the investment or loan.

"Qualified community development entity" has the meaning given to that term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into, or is controlled by an entity that has entered into, an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, that includes the State of Illinois within the service area set forth in that allocation agreement.

1) is acquired after the effective date of this Act at its original issuance solely in exchange for cash;
2) with respect to qualified equity investments made before January 1, 2017, has at least 85% of its cash purchase price used by the issuer to make qualified low-income community investments in the State of Illinois, and, with respect to qualified equity investments made on or after January 1, 2017, has 100% of the cash purchase price used by the issuer to make qualified low-income community investments in the State of Illinois; and

(3) is designated by the issuer as a qualified equity investment under this Act; with respect to qualified equity investments made on or after January 1, 2017, is designated by the issuer as a qualified equity investment under Section 45D of the Internal Revenue Code of 1986, as amended; and is certified by the Department as not exceeding the limitation contained in Section 20.

This term includes any qualified equity investment that does not meet the provisions of item (1) of this definition if the investment was a qualified equity investment in the hands of a prior holder.

"Qualified low-income community investment" means any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in that business, on a collective basis with all of its affiliates that may be counted towards the satisfaction of paragraph (2) of the definition of qualified equity investment, shall be $10,000,000 whether issued to one or several qualified community development entities.

"Tax credit" means a credit against any income, franchise, or insurance premium taxes, including insurance retaliatory taxes, otherwise due under Illinois law.

The Department shall limit the monetary amount of qualified equity investments permitted under this Act to a level necessary to limit tax credit use at no more than $20,000,000 of tax credits in any fiscal year. Sec. 25. Certification of qualified equity investments.

(a) A qualified community development entity that seeks to have an equity investment or long-term debt security designated as a qualified equity investment and eligible for tax credits under this Section shall apply to the Department. The qualified community development entity must
submit an application on a form that the Department provides that includes:

1. The name, address, tax identification number of the entity, and evidence of the entity's certification as a qualified community development entity.
2. A copy of the allocation agreement executed by the entity, or its controlling entity, and the Community Development Financial Institutions Fund.
3. A certificate executed by an executive officer of the entity attesting that the allocation agreement remains in effect and has not been revoked or cancelled by the Community Development Financial Institutions Fund.
4. A description of the proposed amount, structure, and purchaser of the equity investment or long-term debt security.
5. The name and tax identification number of any taxpayer eligible to utilize tax credits earned as a result of the issuance of the qualified equity investment.
6. Information regarding the proposed use of proceeds from the issuance of the qualified equity investment.
7. A nonrefundable application fee of $5,000. This fee shall be paid to the Department and shall be required of each application submitted.
8. With respect to qualified equity investments made on or after January 1, 2017, the amount of qualified equity investment authority the applicant agrees to designate as a federal qualified equity investment under Section 45D of the Internal Revenue Code, including a copy of the screen shot from the Community Development Financial Institutions Fund's Allocation Tracking System of the applicant's remaining federal qualified equity investment authority.

(b) Within 30 days after receipt of a completed application containing the information necessary for the Department to certify a potential qualified equity investment, including the payment of the application fee, the Department shall grant or deny the application in full or in part. If the Department denies any part of the application, it shall inform the qualified community development entity of the grounds for the denial. If the qualified community development entity provides any additional information required by the Department or otherwise completes its application within 15 days of the notice of denial, the application shall

be considered completed as of the original date of submission. If the qualified community development entity fails to provide the information or complete its application within the 15-day period, the application remains denied and must be resubmitted in full with a new submission date.

(c) If the application is deemed complete, the Department shall certify the proposed equity investment or long-term debt security as a qualified equity investment that is eligible for tax credits under this Section, subject to the limitations contained in Section 20. The Department shall provide written notice of the certification to the qualified community development entity. The notice shall include the names of those taxpayers who are eligible to utilize the credits and their respective credit amounts. If the names of the taxpayers who are eligible to utilize the credits change due to a transfer of a qualified equity investment or a change in an allocation pursuant to Section 15, the qualified community development entity shall notify the Department of such change.

(d) With respect to applications received before January 1, 2017, the Department shall certify qualified equity investments in the order applications are received by the Department. Applications received on the same day shall be deemed to have been received simultaneously. For applications received on the same day and deemed complete, the Department shall certify, consistent with remaining tax credit capacity, qualified equity investments in proportionate percentages based upon the ratio of the amount of qualified equity investment requested in an application to the total amount of qualified equity investments requested in all applications received on the same day.

(d-5) With respect to applications received on or after January 1, 2017, the Department shall certify applications by applicants that agree to designate qualified equity investments as federal qualified equity investments in accordance with item (8) of subsection (a) of this Section in proportionate percentages based upon the ratio of the amount of qualified equity investments requested in an application to be designated as federal qualified equity investments to the total amount of qualified equity investments to be designated as federal qualified equity investments requested in all applications received on the same day.

(d-10) With respect to applications received on or after January 1, 2017, after complying with subsection (d-5), the Department shall certify the qualified equity investments of all other applicants, including the remaining qualified equity investment authority requested by applicants

not designated as federal qualified equity investments in accordance with item (8) of subsection (a) of this Section, in proportionate percentages based upon the ratio of the amount of qualified equity investments requested in the applications to the total amount of qualified equity investments requested in all applications received on the same day.

(e) Once the Department has certified qualified equity investments that, on a cumulative basis, are eligible for $20,000,000 in tax credits, the Department may not certify any more qualified equity investments. If a pending request cannot be fully certified, the Department shall certify the portion that may be certified unless the qualified community development entity elects to withdraw its request rather than receive partial credit.

(f) Within 30 days after receiving notice of certification, the qualified community development entity shall (i) issue the qualified equity investment and receive cash in the amount of the certified amount and (ii) with respect to qualified equity investments made on or after January 1, 2017, if applicable, designate the required amount of qualified equity investment authority as a federal qualified equity investment. The qualified community development entity must provide the Department with evidence of the receipt of the cash investment within 10 business days after receipt and, with respect to qualified equity investments made on or after January 1, 2017, if applicable, provide evidence that the required amount of qualified equity investment authority was designated as a federal qualified equity investment. If the qualified community development entity does not receive the cash investment and issue the qualified equity investment within 30 days following receipt of the certification notice, the certification shall lapse and the entity may not issue the qualified equity investment without reapplying to the Department for certification. A certification that lapses reverts back to the Department and may be reissued only in accordance with the application process outline in this Section 25.

(g) Allocation rounds enabled by this Act shall be applied for according to the following schedule:

(1) on January 2, 2019, $125,000,000 of qualified equity investments; and

(2) on January 2, 2020, $125,000,000 of qualified equity investments.

Sec. 40. Recapture. The Department of Revenue shall recapture, from the taxpayer that claimed the credit on a return, the tax credit allowed under this Act if:

(1) any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this Act is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended. In that case, the Department of Revenue's recapture shall be proportionate to the federal recapture with respect to that qualified equity investment;

(2) the issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the 7th anniversary of the issuance of the qualified equity investment. In that case, the Department of Revenue's recapture shall be proportionate to the amount of the redemption or repayment with respect to the qualified equity investment; or

(3) the issuer fails to invest at least 85% of the cash purchase price of the qualified equity investment with respect to qualified equity investments made before January 1, 2017 and 100% of the cash purchase price of the qualified equity investment with respect to qualified equity investments made on or after January 1, 2017 in qualified low-income community investments in the State of Illinois within 12 months of the issuance of the qualified equity investment and maintain such level of investment in qualified low-income community investments in Illinois until the last credit allowance date for such qualified equity investment; or

(4) with respect to qualified equity investments made on or after January 1, 2017, the issuer violates Section 43 of this Act.

For purposes of this Section, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment in this State within 12 months after the receipt of that capital. An issuer is not required to reinvest capital returned from qualified low-income community investments after the 6th anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment in the State of Illinois within 12 months after the receipt of that capital.
income community investment shall be considered held by the issuer through the 7th anniversary of the qualified equity investment's issuance.

The Department of Revenue shall provide notice to the qualified community development entity of any proposed recapture of tax credits pursuant to this Section. The entity shall have 90 days to cure any deficiency indicated in the Department of Revenue's original recapture notice and avoid such recapture. If the entity fails or is unable to cure such deficiency with the 90-day period, the Department of Revenue shall provide the entity and the taxpayer from whom the credit is to be recaptured with a final order of recapture. Any tax credit for which a final recapture order has been issued shall be recaptured by the Department of Revenue from the taxpayer who claimed the tax credit on a tax return.

Sec. 50. Sunset. For fiscal years following fiscal year 2021, qualified equity investments shall not be made under this Act unless reauthorization is made pursuant to this Section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under Section 20. The Director shall establish procedures for the ratable allocation and distribution of disbursements to the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, the Illinois Health Maintenance Organization Guaranty Association, and similar organizations in other states. All funds available for disbursement after the establishment of the prescribed reserve shall be promptly distributed. As a condition to receipt of funds in reimbursement of covered claims obligations, the Director shall secure from the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, the Illinois Health Maintenance Organization Guaranty Association, and each similar organization in other states, an agreement to return to the Director on demand funds previously received as may be required to pay claims of

Sec. 545. Effect of paid claims.

The Fund shall have all the rights, duties and obligations under the policy to the extent of the covered claim payment, provided the Fund shall have no cause of action against the insured of the insolvent company for any sums it has paid out except such causes of action as the insolvent company would have had if such sums had been paid by the insolvent company and except as provided in paragraph (d) of this Section.

(b) The Fund and any similar organization in another state shall be recognized as claimants in the liquidation of an insolvent company for any amounts paid by them on covered claims obligations as determined under this Article or similar laws in other states and shall receive dividends at the priority set forth in paragraph (d) of subsection (1) of Section 205 of this Code; provided that if, at the time that the liquidator issues a cut-off notice to the Fund in anticipation of closing the estate, a reserve has been established by the Fund, or any similar organization in another state, for the amount of their future administrative expenses and loss development associated with unpaid reported pending claims, these reserves will be deemed to have been paid as of the date of the notice and payment shall be made accordingly. The liquidator of an insolvent company shall be bound by determinations of covered claim eligibility under the Act and by settlements of claims made by the Fund or a similar organization in another state on the receipt of certification of such payments, to the extent those determinations or settlements satisfy obligations of the Fund, but the receiver shall not be bound in any way by

In submitting their claim for covered claim payments the Fund and any similar organization in another state shall not be subject to the requirements of Sections 208 and 209 of this Code and shall not be affected by the failure of the person receiving a covered claim payment to file a proof of claim.

(c) The expenses of the Fund and of any similar organization in any other state, other than expenses incurred in the performance of duties under Section 547 or similar duties under the statute governing a similar organization in another state, shall be accorded the same priority over all claims against the estate, except as provided for in paragraph (a) of subsection (1) of Section 205 of this Code as the liquidator's expenses. The liquidator shall make prompt reimbursement to the Fund and any similar organization for such expense payments.

(d) The Fund has the right to recover from the following persons the amount of any covered claims and allocated claims expenses which the Fund paid or incurred on behalf of such person in satisfaction, in whole or in part, of liability obligations of such person to any other person:

4. if it has no participating employees with current earnings, an amount payable which, over a closed period of 20 years for participating municipalities and 10 years for participating instrumentalities, will amortize, at the effective rate for that year, any unfunded obligation. The unfunded obligation shall be computed as provided in paragraph 2 of subsection (b);

5. if it has fewer than 7 participating employees or a negative balance in its municipality reserve, the greater of (A) an amount payable that, over a period of 20 years, will amortize at the effective rate for that year any unfunded obligation, computed as provided in paragraph 2 of subsection (b) or (B) the amount required by paragraph 1 of this subsection (a).

(b) A separate municipality contribution rate shall be determined for each calendar year for all participating municipalities together with all instrumentalities thereof. The municipality contribution rate shall be determined for participating instrumentalities as if they were participating municipalities. The municipality contribution rate shall be the sum of the following percentages:

1. The percentage of earnings of all the participating employees of all participating municipalities and participating instrumentalities which, if paid over the entire period of their service, will be sufficient when combined with all employee contributions available for the payment of benefits, to provide all annuities for participating employees, and the $3,000 death benefit payable under Sections 7-158 and 7-164, such percentage to be known as the normal cost rate.

4. The percentage of earnings of the participating employees of all participating municipalities and participating instrumentalities necessary to provide the present value of the net single sum death benefits expected to become payable from the reserve established under Section 7-206 during the year for which this rate is fixed.

5. The percentage of earnings necessary to meet any deficiency arising in the Terminated Municipality Reserve.

(c) A separate municipality contribution rate shall be computed for each participating municipality or participating instrumentality for its sheriff's law enforcement employees.

For the period from January 1, 1986 to December 31, 1986, such rate shall be the forest preserve district's regular rate plus 2%.

In the event that the Board determines that there is an actuarial deficiency in the account of any municipality with respect to a person who has elected to participate in the Fund under Section 3-109.1 of this Code, the Board may adjust the municipality's contribution rate so as to make up that deficiency over such reasonable period of time as the Board may determine.

(d) The Board may establish a separate municipality contribution rate for all employees who are program participants employed under the federal Comprehensive Employment Training Act by all of the participating municipalities and instrumentalities. The Board may also provide that, in lieu of a separate municipality rate for these employees, a portion of the municipality contributions for such program participants shall be refunded or an extra charge assessed so that the amount of municipality contributions retained or received by the fund for all CETA program participants shall be an amount equal to that which would be provided by the separate municipality contribution rate for all such employees.

In establishing the municipality contribution rate as provided in paragraph (b) of this Section, the use of a separate municipality contribution rate for program participants or the refund of a portion of the municipality contributions, as the case may be, may be considered.

(e) Computations of municipality contribution rates for the following calendar year shall be made prior to the beginning of each year, from the information available at the time the computations are made, and on the assumption that the employees in each participating municipality or participating instrumentality at such time will continue in service until the end of such calendar year at their respective rates of earnings at such time.

(f) Any municipality which is the recipient of State allocations representing that municipality's contributions for retirement annuity purposes on behalf of its employees as provided in Section 12-21.16 of the Illinois Public Aid Code shall pay the allocations so received to the Board for such purpose. Estimates of State allocations to be received during any taxable year shall be considered in the determination of the municipality's tax rate for that year under Section 7-171. If a special tax is levied under Section 7-171, none of the proceeds may be used to reimburse the municipality for the amount of State allocations received and paid to the Board. Any multiple-county or consolidated health department which receives contributions from a county under Section 11.2 of "An Act in relation to establishment and maintenance of county and multiple-county health departments", approved July 9, 1943, as amended, or distributions under Section 3 of the Department of Public Health Act, shall use these only for municipality contributions by the health department.

(g) Municipality contributions for the several purposes specified shall, for township treasurers and employees in the offices of the township treasurers who meet the qualifying conditions for coverage hereunder, be allocated among the several school districts and parts of school districts serviced by such treasurers and employees in the proportion which the amount of school funds of each district or part of a district handled by the treasurer bears to the total amount of all school funds handled by the treasurer.

From the funds subject to allocation among districts and parts of districts pursuant to the School Code, the trustees shall withhold the proportionate share of the liability for municipality contributions imposed
upon such districts by this Section, in respect to such township treasurers and employees and remit the same to the Board.

The municipality contribution rate for an educational service center shall initially be the same rate for each year as the regional office of education or school district which serves as its administrative agent. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

The municipality contribution rate for a public agency, other than a vocational education cooperative, formed under the Intergovernmental Cooperation Act shall initially be the average rate for the municipalities which are parties to the intergovernmental agreement. When actuarial data become available, a separate rate shall be established as provided in subparagraph (i) of this Section.

(h) Each participating municipality and participating instrumentality shall make the contributions in the amounts provided in this Section in the manner prescribed from time to time by the Board and all such contributions shall be obligations of the respective participating municipalities and participating instrumentalities to this fund. The failure to deduct any employee contributions shall not relieve the participating municipality or participating instrumentality of its obligation to this fund. Delinquent payments of contributions due under this Section may, with interest, be recovered by civil action against the participating municipalities or participating instrumentalities. Municipality contributions, other than the amount necessary for employee contributions, for periods of service by employees from whose earnings no deductions were made for employee contributions to the fund, may be charged to the municipality reserve for the municipality or participating instrumentality.

(i) Contributions by participating instrumentalities shall be determined as provided herein except that the percentage derived under subparagraph 2 of paragraph (b) of this Section, and the amount payable under subparagraph 4 of paragraph (a) of this Section, shall be based on an amortization period of 10 years.

(j) Notwithstanding the other provisions of this Section, the additional unfunded liability accruing as a result of this amendatory Act of the 94th General Assembly shall be amortized over a period of 30 years beginning on January 1 of the second calendar year following the calendar year in which this amendatory Act takes effect, except that the employer may provide for a longer amortization period by adopting a resolution or ordinance specifying a 35-year or 40-year period and submitting a certified

New matter indicated by italics - deletions by strikeout
copy of the ordinance or resolution to the fund no later than June 1 of the calendar year following the calendar year in which this amendatory Act takes effect.

(k) If the amount of a participating employee's reported earnings for any of the 12-month periods used to determine the final rate of earnings exceeds the employee's 12 month reported earnings with the same employer for the previous year by the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as established by the United States Department of Labor for the preceding September, the participating municipality or participating instrumentality that paid those earnings shall pay to the Fund, in addition to any other contributions required under this Article, the present value of the increase in the pension resulting from the portion of the increase in salary that is in excess of the greater of 6% or 1.5 times the annual increase in the Consumer Price Index-U, as determined by the Fund. This present value shall be computed on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the Fund that is available at the time of the computation.

Whenever it determines that a payment is or may be required under this subsection (k), the fund shall calculate the amount of the payment and bill the participating municipality or participating instrumentality for that amount. The bill shall specify the calculations used to determine the amount due. If the participating municipality or participating instrumentality disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the fund in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the fund shall review the application and, if appropriate, recalculate the amount due. The participating municipality and participating instrumentality contributions required under this subsection (k) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the participating municipality and participating instrumentality contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the fund's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after receipt of the bill by the participating municipality or participating instrumentality.

When assessing payment for any amount due under this subsection (k), the fund shall exclude earnings increases resulting from overload or overtime earnings.
When assessing payment for any amount due under this subsection (k), the fund shall exclude earnings increases resulting from payments for unused vacation time, but only for payments for unused vacation time made in the final 3 months of the final rate of earnings period.

When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings increases attributable to standard employment promotions resulting in increased responsibility and workload.

This subsection (k) does not apply to earnings increases paid to individuals under contracts or collective bargaining agreements entered into, amended, or renewed before January 1, 2012 (the effective date of Public Act 97-609), earnings increases paid to members who are 10 years or more from retirement eligibility, or earnings increases resulting from an increase in the number of hours required to be worked.

When assessing payment for any amount due under this subsection (k), the fund shall also exclude earnings attributable to personnel policies adopted before January 1, 2012 (the effective date of Public Act 97-609) as long as those policies are not applicable to employees who begin service on or after January 1, 2012 (the effective date of Public Act 97-609).

(Senate Bill No. 0707)

AN ACT concerning cybersecurity.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Personal Information Protection Act is amended by changing Section 12 as follows:

(815 ILCS 530/12)

(a) Any State agency that collects personal information concerning an Illinois resident shall notify the resident at no charge that there has been

a breach of the security of the system data or written material following
discovery or notification of the breach. The disclosure notification shall be
made in the most expedient time possible and without unreasonable delay,
consistent with any measures necessary to determine the scope of the
breach and restore the reasonable integrity, security, and confidentiality of
the data system. The disclosure notification to an Illinois resident shall
include, but need not be limited to information as follows:

(1) With respect to personal information defined in Section
5 in paragraph (1) of the definition of "personal information":
   (i) the toll-free numbers and addresses for consumer
   reporting agencies;
   (ii) the toll-free number, address, and website
   address for the Federal Trade Commission; and
   (iii) a statement that the individual can obtain
   information from these sources about fraud alerts and
   security freezes.

(2) With respect to personal information as defined in
Section 5 in paragraph (2) of the definition of "personal
information", notice may be provided in electronic or other form
directing the Illinois resident whose personal information has been
breached to promptly change his or her user name or password and
security question or answer, as applicable, or to take other steps
appropriate to protect all online accounts for which the resident
uses the same user name or email address and password or security
question and answer.

The notification shall not, however, include information
concerning the number of Illinois residents affected by the breach.

(a-5) The notification to an Illinois resident required by subsection
(a) of this Section may be delayed if an appropriate law enforcement
agency determines that notification will interfere with a criminal
investigation and provides the State agency with a written request for the
delay. However, the State agency must notify the Illinois resident as soon
as notification will no longer interfere with the investigation.

(b) For purposes of this Section, notice to residents may be
provided by one of the following methods:
   (1) written notice;
   (2) electronic notice, if the notice provided is consistent
with the provisions regarding electronic records and signatures for

New matter indicated by italics - deletions by strikeout
notices legally required to be in writing as set forth in Section 7001 of Title 15 of the United States Code; or

(3) substitute notice, if the State agency demonstrates that the cost of providing notice would exceed $250,000 or that the affected class of subject persons to be notified exceeds 500,000, or the State agency does not have sufficient contact information. Substitute notice shall consist of all of the following: (i) email notice if the State agency has an email address for the subject persons; (ii) conspicuous posting of the notice on the State agency’s web site page if the State agency maintains one; and (iii) notification to major statewide media.

(c) Notwithstanding subsection (b), a State agency that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this Act shall be deemed in compliance with the notification requirements of this Section if the State agency notifies subject persons in accordance with its policies in the event of a breach of the security of the system data or written material.

(d) If a State agency is required to notify more than 1,000 persons of a breach of security pursuant to this Section, the State agency shall also notify, without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined by 15 U.S.C. Section 1681a(p), of the timing, distribution, and content of the notices. Nothing in this subsection (d) shall be construed to require the State agency to provide to the consumer reporting agency the names or other personal identifying information of breach notice recipients.

(e) Notice to Attorney General. Any State agency that suffers a single breach of the security of the data concerning the personal information of more than 250 Illinois residents shall provide notice to the Attorney General of the breach, including:

(A) The types of personal information compromised in the breach.
(B) The number of Illinois residents affected by such incident at the time of notification.
(C) Any steps the State agency has taken or plans to take relating to notification of the breach to consumers.
(D) The date and timeframe of the breach, if known at the time notification is provided.

New matter indicated by italics - deletions by strikeout
Such notification must be made within 45 days of the State agency's discovery of the security breach or when the State agency provides any notice to consumers required by this Section, whichever is sooner, unless the State agency has good cause for reasonable delay to determine the scope of the breach and restore the integrity, security, and confidentiality of the data system, or when law enforcement requests in writing to withhold disclosure of some or all of the information required in the notification under this Section. If the date or timeframe of the breach is unknown at the time the notice is sent to the Attorney General, the State agency shall send the Attorney General the date or timeframe of the breach as soon as possible.

(f) In addition to the report required by Section 25 of this Act, if the State agency that suffers a breach determines the identity of the actor who perpetrated the breach, then the State agency shall report this information, within 5 days after the determination, to the General Assembly, provided that such report would not jeopardize the security of Illinois residents or compromise a security investigation.

(g) A State agency directly responsible to the Governor that has been subject to or has reason to believe it has been subject to a single breach of the security of the data concerning the personal information of more than 250 Illinois residents or an instance of aggravated computer tampering, as defined in Section 17-53 of the Criminal Code of 2012, shall notify the Office of the Chief Information Security Officer of the Illinois Department of Innovation and Technology and the Attorney General regarding the breach or instance of aggravated computer tampering. The notification shall be made without delay, but no later than 72 hours following the discovery of the incident.

Upon receiving notification of such incident, the Chief Information Security Officer shall without delay take necessary and reasonable actions to:

(i) assess the incident to determine the potential impact on the overall confidentiality, security, and availability of State of Illinois data and information systems;
(ii) ensure the security incident is contained to minimize additional impact and risk to the State;
(iii) identify the root cause of the incident;
(iv) provide recommendations to the impacted State agency to assist with eradicating the threat and removing and mitigating any vulnerabilities to reduce the risk of further compromise; and

New matter indicated by italics - deletions by strikeout
(v) assist the impacted State agency in any necessary recovery efforts to ensure effective return to a state of normal operations.

The Department of Innovation and Technology may agree to submit the reports required in subsections (e) and (f) of this Section and in Section 25 in lieu of the impacted agency.

(h) Upon receiving notification from a State agency of a breach of personal information or from the Department of Innovation and Technology in lieu of the impacted agency, the Attorney General may publish the name of the State agency that suffered the breach, the types of personal information compromised in the breach, and the date range of the breach.

(105 ILCS 5/27A-5)
(Text of Section before amendment by P.A. 99-927)
Sec. 27A-5. Charter school; legal entity; requirements.

(a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

(c) A charter school shall be administered and governed by its board of directors or other governing body in the manner provided in its charter. The governing body of a charter school shall be subject to the Freedom of Information Act and the Open Meetings Act.

New matter indicated by italics - deletions by strikeout
(d) For purposes of this subsection (d), "non-curricular health and safety requirement" means any health and safety requirement created by statute or rule to provide, maintain, preserve, or safeguard safe or healthful conditions for students and school personnel or to eliminate, reduce, or prevent threats to the health and safety of students and school personnel. "Non-curricular health and safety requirement" does not include any course of study or specialized instructional requirement for which the State Board has established goals and learning standards or which is designed primarily to impart knowledge and skills for students to master and apply as an outcome of their education.

A charter school shall comply with all non-curricular health and safety requirements applicable to public schools under the laws of the State of Illinois. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. The list shall be updated annually no later than September 1. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. To ensure financial accountability for the use of public funds, on or before December 1 of every year of operation, each charter school shall submit to its authorizer and the State Board a copy of its audit and a copy of the Form 990 the charter school filed that year with the federal Internal Revenue Service. In addition, if deemed necessary for proper financial
oversight of the charter school, an authorizer may require quarterly financial statements from each charter school.

(g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

1. Sections 10-21.9 and 34-18.5 of this Code regarding criminal history records checks and checks of the Statewide Sex Offender Database and Statewide Murderer and Violent Offender Against Youth Database of applicants for employment;

2. Sections 10-20.14, 10-22.6, 24-24, 34-19, and 34-84a of this Code regarding discipline of students;

3. The Local Governmental and Governmental Employees Tort Immunity Act;

4. Section 108.75 of the General Not For Profit Corporation Act of 1986 regarding indemnification of officers, directors, employees, and agents;

5. The Abused and Neglected Child Reporting Act;

5.5 subsection (b) of Section 10-23.12 and subsection (b) of Section 34-18.6 of this Code;

6. The Illinois School Student Records Act;

7. Section 10-17a of this Code regarding school report cards;

8. The P-20 Longitudinal Education Data System Act;

9. Section 27-23.7 of this Code regarding bullying prevention;

10. Section 2-3.162 of this Code regarding student discipline reporting; and

11. Section 22-80 of this Code.

The change made by Public Act 96-104 to this subsection (g) is declaratory of existing law.

(h) A charter school may negotiate and contract with a school district, the governing body of a State college or university or public community college, or any other public or for-profit or nonprofit private entity for: (i) the use of a school building and grounds or any other real property or facilities that the charter school desires to use or convert for

use as a charter school site, (ii) the operation and maintenance thereof, and
(iii) the provision of any service, activity, or undertaking that the charter
school is required to perform in order to carry out the terms of its charter.
However, a charter school that is established on or after April 16, 2003
(the effective date of Public Act 93-3) and that operates in a city having a
population exceeding 500,000 may not contract with a for-profit entity to
manage or operate the school during the period that commences on April
16, 2003 (the effective date of Public Act 93-3) and concludes at the end
of the 2004-2005 school year. Except as provided in subsection (i) of this
Section, a school district may charge a charter school reasonable rent for
the use of the district's buildings, grounds, and facilities. Any services for
which a charter school contracts with a school district shall be provided by
the district at cost. Any services for which a charter school contracts with a
local school board or with the governing body of a State college or
university or public community college shall be provided by the public
entity at cost.

(i) In no event shall a charter school that is established by
converting an existing school or attendance center to charter school status
be required to pay rent for space that is deemed available, as negotiated
and provided in the charter agreement, in school district facilities.
However, all other costs for the operation and maintenance of school
district facilities that are used by the charter school shall be subject to
negotiation between the charter school and the local school board and shall
be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade
level.

(k) If the charter school is approved by the Commission, then the
Commission charter school is its own local education agency.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. The report shall include policy recommendations for virtual-schooling.

Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. Before the performance of nonemergency repairs on residential real estate inhabited by a buyer, the seller shall provide the buyer with at least 72 hours' written notice of the seller's intent to make the proposed repairs. Nothing in this Section limits the seller's right to negotiate or secure recovery of the

seller's actual cost to make repairs caused due to negligence or malicious damage on the part of the buyer.

(c) Except for limitations included in the statement required by item (20) of subsection (c) of Section 10, nothing in this Section limits the buyer's right to obtain the services of a building contractor to make repairs that are chargeable to the buyer under this Act.

(d) No seller may require, by contract or otherwise, that only the seller or an agent of the seller may make repairs. The buyer has the right to contract with other building contractors to make repairs for which the buyer is financially responsible.

(d) For other buyer requests for account statements, the seller may not charge the buyer more than the reasonable costs of copying and producing the account statement.

Section 35. Insurance proceeds. A buyer or seller who receives payment of insurance proceeds as a result of damage to a dwelling structure shall apply the proceeds to the repair of the damage. However, the buyer and seller may make a fair and reasonable distribution of the insurance proceeds between each of them by a signed written agreement. The written agreement shall not be made until at least 7 days after any award of insurance on a claim has been settled and written notice of the settlement and award has been made by the insurer to both the buyer and seller. There shall be an exception for the application of insurance proceeds to the seller's mortgage balance when required by the terms of the seller's mortgage, with a corresponding credit to the buyer for the amount payable due on the installment sales contract.

Section 40. Right to cure default. If the buyer defaults in payment, any action brought against the buyer under the contract shall be initiated only after the expiration of 90 days from the date of the default. A buyer in default may, prior to the expiration of the 90-day period, make all

payments, fees, and charges currently due under the contract to cure the default.

Section 45. Unlawful acts. It is a violation of this Act for either party to make an oral or written misrepresentation to the other party concerning a contract or regarding the rights or duties of either party under this Act or to induce either party to sign incomplete forms, contracts, notices, or written statements relating to the sale of residential real estate.

Section 50. No waiver. The buyer or the seller may not waive any provisions of this Act by written contract or otherwise. Any contractual provisions or other agreements contrary to this Act are void and unenforceable.

Section 55. Circumstances voiding mandatory arbitration provisions. A mandatory arbitration provision of an installment sales contract that is oppressive, unfair, unconscionable, or substantially in derogation of the rights of either party is void.

Section 60. Prepayment penalties prohibited. The seller may not charge or collect a prepayment penalty or any similar fee or finance charge if the buyer elects to pay the outstanding principal balance of the purchase price under the contract before the scheduled payment date under the contract.

Section 65. Prohibited contract terms. Any contract term that would put the buyer in default of the contract for failure to make improvements and repairs to residential real estate for conditions that existed prior to the date of sale is prohibited and unenforceable.

Section 70. Cooling-off period.

to maintain the association's reserve funds in a single interest bearing account with similar funds of other associations. The management company shall at all times maintain records identifying all moneys of each association in such investment account. The management company may hold all operating funds of associations which it manages in a single operating account but shall at all times maintain records identifying all moneys of each association in such operating account. Such operating and reserve funds held by the management company for the association shall not be subject to attachment by any creditor of the management company.

For the purpose of this subsection, a management company shall be defined as a person, partnership, corporation, or other legal entity entitled to transact business on behalf of others, acting on behalf of or as an agent for a unit owner, unit owners or association of unit owners for the purpose of carrying out the duties, responsibilities, and other obligations necessary for the day to day operation and management of any property subject to this Act. For purposes of this subsection, the term "fiduciary insurance coverage" shall be defined as both a fidelity bond and directors and officers liability coverage, the fidelity bond in the full amount of association funds and association reserves that will be in the custody of the association, and the directors and officers liability coverage at a level as shall be determined to be reasonable by the board of managers, if not otherwise established by the declaration or by laws.

Until one year after September 21, 1985 (the effective date of Public Act 84-722), if a condominium association has reserves plus assessments in excess of $250,000 and cannot reasonably obtain 100% fidelity bond coverage for such amount, then it must obtain a fidelity bond coverage of $250,000.

unpaid assessments or other charges due and owing from such owner.

(j) Designation and removal of personnel necessary for the maintenance, repair and replacement of the common elements.

(k) Such restrictions on and requirements respecting the use and maintenance of the units and the use of the common elements, not set forth in the declaration, as are designed to prevent unreasonable interference with the use of their respective units and of the common elements by the several unit owners.

(l) Method of adopting and of amending administrative rules and regulations governing the operation and use of the common elements.

(m) The percentage of votes required to modify or amend the bylaws, but each one of the particulars set forth in this section shall always be embodied in the bylaws.

(n)(i) The provisions of this Act, the declaration, bylaws, other condominium instruments, and rules and regulations that relate to the use of the individual unit or the common elements shall be applicable to any person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after August 30, 1984 (the effective date of Public Act 83-1271).

(ii) With regard to any lease entered into subsequent to July 1, 1990 (the effective date of Public Act 86-991), the unit owner leasing the unit shall deliver a copy of the signed lease to the board or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first. In addition to any other remedies, by filing an action jointly against the tenant and the unit owner, an association may seek to enjoin a tenant from occupying a unit or seek to evict a tenant under the provisions of Article IX of the Code of Civil Procedure for failure of the lessor-owner to comply with the leasing requirements prescribed by this Section or by the declaration, bylaws, and rules and regulations. The board of managers may proceed directly against a tenant, at law or in equity, or under the provisions of Article IX of the Code of Civil Procedure, for any other breach by tenant of any covenants, rules, regulations or bylaws.

(o) The association shall have no authority to forbear the payment of assessments by any unit owner.

New matter indicated by italics - deletions by strikeout
(p) That when 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, any percentage vote of members specified herein or in the condominium instruments shall require the specified percentage by number of units rather than by percentage of interest in the common elements allocated to units that would otherwise be applicable and garage units or storage units, or both, shall have, in total, no more votes than their aggregate percentage of ownership in the common elements; this shall mean that if garage units or storage units, or both, are to be given a vote, or portion of a vote, that the association must add the total number of votes cast of garage units, storage units, or both, and divide the total by the number of garage units, storage units, or both, and multiply by the aggregate percentage of ownership of garage units and storage units to determine the vote, or portion of a vote, that garage units or storage units, or both, have. For purposes of this subsection (p), when making a determination of whether 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, a unit shall not include a garage unit or a storage unit.

(q) That a unit owner may not assign, delegate, transfer, surrender, or avoid the duties, responsibilities, and liabilities of a unit owner under this Act, the condominium instruments, or the rules and regulations of the Association; and that such an attempted assignment, delegation, transfer, surrender, or avoidance shall be deemed void.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument which fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

corporation or unincorporated association that exercises those or other powers on behalf of one or more condominiums, or for the benefit of the unit owners of one or more condominiums, such corporation or association shall be a master association.

(b) There shall be included in the declaration, other condominium instruments, or other duly recorded covenants establishing the powers and duties of the master association the provisions set forth in subsections (c) through (h).

In interpreting subsections (c) through (h), the courts should interpret these provisions so that they are interpreted consistently with the similar parallel provisions found in other parts of this Act.

(c) Meetings and finances.

(1) Each unit owner of a condominium subject to the authority of the board of the master association shall receive, at least 30 days prior to the adoption thereof by the board of the master association, a copy of the proposed annual budget.

(2) The board of the master association shall annually supply to all unit owners of condominiums subject to the authority of the board of the master association an itemized accounting of the common expenses for the preceding year actually incurred or paid, together with a tabulation of the amounts collected pursuant to the budget or assessment, and showing the net excess or deficit of income over expenditures plus reserves.

(3) Each unit owner of a condominium subject to the authority of the board of the master association shall receive written notice mailed or delivered no less than 10 and no more than 30 days prior to any meeting of the board of the master association concerning the adoption of the proposed annual budget or any increase in the budget, or establishment of an assessment.

(4) Meetings of the board of the master association shall be open to any unit owner in a condominium subject to the authority of the board of the master association, except for the portion of any meeting held:

(B) to consider information regarding appointment, employment or dismissal of an employee, or
(C) to discuss violations of rules and regulations of the master association or unpaid common expenses owed to the master association.

Any vote on these matters shall be taken at a meeting or portion thereof open to any unit owner of a condominium subject to the authority of the master association.

Any unit owner may record the proceedings at meetings required to be open by this Act by tape, film or other means; the board may prescribe reasonable rules and regulations to govern the right to make such recordings. Notice of meetings shall be mailed or delivered at least 48 hours prior thereto, unless a written waiver of such notice is signed by the persons entitled to notice before the meeting is convened. Copies of notices of meetings of the board of the master association shall be posted in entranceways, elevators, or other conspicuous places in the condominium at least 48 hours prior to the meeting of the board of the master association. Where there is no common entranceway for 7 or more units, the board of the master association may designate one or more locations in the proximity of these units where the notices of meetings shall be posted.

(5) If the declaration provides for election by unit owners of members of the board of directors in the event of a resale of a unit in the master association, the purchaser of a unit from a seller other than the developer pursuant to an installment sales contract for purchase shall, during such times as he or she resides in the unit, be counted toward a quorum for purposes of election of members of the board of directors at any meeting of the unit owners called for purposes of electing members of the board, and shall have the right to vote for the election of members of the board of directors and to be elected to and serve on the board of directors unless the seller expressly retains in writing any or all of those rights. In no event may the seller and purchaser both be counted toward a quorum, be permitted to vote for a particular office, or be elected and serve on the board. Satisfactory evidence of the installment sales contract shall be made available to the association or its agents. For purposes of this subsection, "installment sales contract" shall have the same meaning as set forth in Section 5 of the Installment Sales

(7) The board of the master association or a common interest community association shall have the power, after notice and an opportunity to be heard, to levy and collect reasonable fines from members for violations of the declaration, bylaws, and rules and regulations of the master association or the common interest community association. Nothing contained in this subdivision (7) shall give rise to a statutory lien for unpaid fines.

(8) Other than attorney's fees, no fees pertaining to the collection of a unit owner's financial obligation to the Association, including fees charged by a manager or managing agent, shall be added to and deemed a part of an owner's respective share of the common expenses unless: (i) the managing agent fees relate to the costs to collect common expenses for the Association; (ii) the fees are set forth in a contract between the managing agent and the Association; and (iii) the authority to add the management fees to an owner's respective share of the common expenses is specifically stated in the declaration or bylaws of the Association.

(2) The election of the initial board of directors of a master association whose declaration is recorded on or after August 10, 1990, by the unit owners or the boards of managers of the underlying condominium associations, shall be held not later than 60 days after the conveyance by the developer of 75% of the units, or 3 years after the recording of the declaration, whichever is earlier. The developer shall give at least 21 days notice of the meeting to elect the initial board of directors and shall upon request provide to any unit owner, within 3 working days of the request, the names, addresses, and weighted vote of each unit owner entitled to vote at the meeting. Any unit owner shall upon receipt of the request be provided with the same information, within 10 days of the request, with respect to each subsequent meeting to elect members of the board of directors.

(4) Within 60 days following the election of a majority of the board of directors, other than the developer, by unit owners, the developer shall deliver to the board of directors:

(ii) A detailed accounting by the developer, setting forth the source and nature of receipts and expenditures in connection with the management, maintenance and operation of the property, copies of all insurance policies, and a list of any loans or advances to the association which are outstanding.

(iii) Association funds, which shall have been at all times segregated from any other moneys of the developer.

(vi) If the developer fails to fully comply with this paragraph (4) within the 60 days provided and fails to fully comply within 10 days of written demand mailed by registered or certified mail to his or her last known address, the board may bring an action to compel compliance with this paragraph (4). If the court finds that any of the required deliveries were not made within the required period, the board shall be entitled to recover its reasonable attorneys'
fees and costs incurred from and after the date of expiration of the 10 day demand.

(5) With respect to any master association whose declaration is recorded on or after August 10, 1990, any contract, lease, or other agreement made prior to the election of a majority of the board of directors other than the developer by or on behalf of unit owners or underlying condominium associations, the association or the board of directors, which extends for a period of more than 2 years from the recording of the declaration, shall be subject to cancellation by more than 1/2 of the votes of the unit owners, other than the developer, cast at a special meeting of members called for that purpose during a period of 90 days prior to the expiration of the 2 year period if the board of managers is elected by the unit owners, otherwise by more than 1/2 of the underlying condominium board of managers. At least 60 days prior to the expiration of the 2 year period, the board of directors, or, if the board is still under developer control, then the board of managers or the developer shall send notice to every unit owner or underlying condominium board of managers, notifying them of this provision, of what contracts, leases and other agreements are affected, and of the procedure for calling a meeting of the unit owners or for action by the underlying condominium board of managers for the purpose of acting to terminate such contracts, leases or other agreements. During the 90 day period the other party to the contract, lease, or other agreement shall also have the right of cancellation.

(6) The statute of limitations for any actions in law or equity which the master association may bring shall not begin to run until the unit owners or underlying condominium board of managers have elected a majority of the members of the board of directors.

(g) In the event of any resale of a unit in a master association by a unit owner other than the developer, the owner shall obtain from the board of directors and shall make available for inspection to the prospective purchaser, upon demand, the following:

(6) A statement of the status of any pending suits or judgments in which the association is a party.

(7) A statement setting forth what insurance coverage is provided for all unit owners by the association.

(8) A statement that any improvements or alterations made to the unit, or any part of the common areas assigned thereto, by the prior unit owner are in good faith believed to be in compliance with the declaration of the master association.

The principal officer of the unit owner's association or such other officer as is specifically designated shall furnish the above information when requested to do so in writing, within 30 days of receiving the request.

A reasonable fee covering the direct out-of-pocket cost of copying and providing such information may be charged by the association or its board of directors to the unit seller for providing the information.

(g-1) The purchaser of a unit of a common interest community at a judicial foreclosure sale, other than a mortgagee, who takes possession of a unit of a common interest community pursuant to a court order or a purchaser who acquires title from a mortgagee shall have the duty to pay the proportionate share, if any, of the common expenses for the unit that would have become due in the absence of any assessment acceleration during the 6 months immediately preceding institution of an action to enforce the collection of assessments and the court costs incurred by the association in an action to enforce the collection that remain unpaid by the owner during whose possession the assessments accrued. If the outstanding assessments and the court costs incurred by the association in an action to enforce the collection are paid at any time during any action to enforce the collection of assessments, the purchaser shall have no

obligation to pay any assessments that accrued before he or she acquired title. The notice of sale of a unit of a common interest community under subsection (c) of Section 15-1507 of the Code of Civil Procedure shall state that the purchaser of the unit other than a mortgagee shall pay the assessments and court costs required by this subsection (g-1).

(h) Errors and omissions.

(1) If there is an omission or error in the declaration or other instrument of the master association, the master association may correct the error or omission by an amendment to the declaration or other instrument, as may be required to conform it to this Act, to any other applicable statute, or to the declaration. The amendment shall be adopted by vote of two-thirds of the members of the board of directors or by a majority vote of the unit owners at a meeting called for that purpose, unless the Act or the declaration of the master association specifically provides for greater percentages or different procedures.

(2) If, through a scrivener's error, a unit has not been designated as owning an appropriate undivided share of the common areas or does not bear an appropriate share of the common expenses, or if all of the common expenses or all of the common elements in the condominium have not been distributed in the declaration, so that the sum total of the shares of common areas which have been distributed or the sum total of the shares of the common expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the declaration, approved by vote of two-thirds of the members of the board of directors or a majority vote of the unit owners at a meeting called for that purpose, which proportionately adjusts all percentage interests so that the total is equal to 100%, unless the declaration specifically provides for a different procedure or different percentage vote by the owners of the units and the owners of mortgages thereon affected by modification being made in the undivided interest in the common areas, the number of votes in the unit owners association or the liability for common expenses appertaining to the unit.

(3) If an omission or error or a scrivener's error in the declaration or other instrument is corrected by vote of two-thirds of the members of the board of directors pursuant to the authority

established in subdivisions (h)(1) or (h)(2) of this Section, the board, upon written petition by unit owners with 20% of the votes of the association or resolutions adopted by the board of managers or board of directors of the condominium and common interest community associations which select 20% of the members of the board of directors of the master association, whichever is applicable, received within 30 days of the board action, shall call a meeting of the unit owners or the boards of the condominium and common interest community associations which select members of the board of directors of the master association within 30 days of the filing of the petition or receipt of the condominium and common interest community association resolution to consider the board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, or board of managers or board of directors of condominium and common interest community associations which select over 50% of the members of the board of the master association adopt resolutions prior to the meeting rejecting the action of the board of directors of the master association, it is ratified whether or not a quorum is present.

(4) The procedures for amendments set forth in this subsection (h) cannot be used if such an amendment would materially or adversely affect property rights of the unit owners unless the affected unit owners consent in writing. This Section does not restrict the powers of the association to otherwise amend the declaration, bylaws, or other condominium instruments, but authorizes a simple process of amendment requiring a lesser vote for the purpose of correcting defects, errors, or omissions when the property rights of the unit owners are not materially or adversely affected.

(5) If there is an omission or error in the declaration or other instruments that may not be corrected by an amendment procedure set forth in subdivision (h)(1) or (h)(2) of this Section, then the circuit court in the county in which the master association is located shall have jurisdiction to hear a petition of one or more of the unit owners thereon or of the association, to correct the error or omission, and the action may be a class action. The court may require that one or more methods of correcting the error or omission be submitted to the unit owners to determine the most

acceptable correction. All unit owners in the association must be joined as parties to the action. Service of process on owners may be by publication, but the plaintiff shall furnish all unit owners not personally served with process with copies of the petition and final judgment of the court by certified mail, return receipt requested, at their last known address.

(6) Nothing contained in this Section shall be construed to invalidate any provision of a declaration authorizing the developer to amend an instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or not it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Veterans Administration or their respective successors and assigns.

(i) The provisions of subsections (c) through (h) are applicable to all declarations, other condominium instruments, and other duly recorded covenants establishing the powers and duties of the master association recorded under this Act. Any portion of a declaration, other condominium instrument, or other duly recorded covenant establishing the powers and duties of a master association which contains provisions contrary to the provisions of subsection (c) through (h) shall be void as against public policy and ineffective. Any declaration, other condominium instrument, or other duly recorded covenant establishing the powers and duties of the master association which fails to contain the provisions required by subsections (c) through (h) shall be deemed to incorporate such provisions by operation of law.

(3) a provision that provides that children participating in an accelerated placement program and their parents or guardians will be provided a written plan detailing the type of acceleration the child will receive and strategies to support the child.

(c) The State Board of Education shall adopt rules to determine data to be collected regarding accelerated placement and a method of making the information available to the public.

(750 ILCS 5/501) (from Ch. 40, par. 501)
Sec. 501. Temporary relief. In all proceedings under this Act, temporary relief shall be as follows:
(a) Either party may petition or move for:
   (1) temporary maintenance or temporary support of a child of the marriage entitled to support, accompanied by an affidavit as to the factual basis for the relief requested. One form of financial affidavit, as determined by the Supreme Court, shall be used statewide. The financial affidavit shall be supported by documentary evidence including, but not limited to, income tax returns, pay stubs, and banking statements. Unless the court otherwise directs, any affidavit or supporting documentary evidence submitted pursuant to this paragraph shall not be made part of the public record of the proceedings but shall be available to the court or an appellate court in which the proceedings are subject to review, to the parties, their attorneys, and such other persons as the court may direct. Upon motion of a party, a court may hold a hearing to determine whether and why there is a disparity between

a party's sworn affidavit and the supporting documentation. If a party intentionally or recklessly files an inaccurate or misleading financial affidavit, the court shall impose significant penalties and sanctions including, but not limited to, costs and attorney's fees;

(2) a temporary restraining order or preliminary injunction, accompanied by affidavit showing a factual basis for any of the following relief:

(i) restraining any person from transferring, encumbering, concealing or otherwise disposing of any property except in the usual course of business or for the necessities of life, and, if so restrained, requiring him to notify the moving party and his attorney of any proposed extraordinary expenditures made after the order is issued; however, an order need not include an exception for transferring, encumbering, or otherwise disposing of property in the usual course of business or for the necessities of life if the court enters appropriate orders that enable the parties to pay their necessary personal and business expenses including, but not limited to, appropriate professionals to assist the court pursuant to subsection (l) of Section 503 to administer the payment and accounting of such living and business expenses;

(ii) enjoining a party from removing a child from the jurisdiction of the court for more than 14 days;

(iii) enjoining a party from striking or interfering with the personal liberty of the other party or of any child; or

(iv) providing other injunctive relief proper in the circumstances; or

(3) other appropriate temporary relief including, in the discretion of the court, ordering the purchase or sale of assets and requiring that a party or parties borrow funds in the appropriate circumstances.

Issues concerning temporary maintenance or temporary support of a child entitled to support shall be dealt with on a summary basis based on allocated parenting time, financial affidavits, tax returns, pay stubs, banking statements, and other relevant documentation, except an evidentiary hearing may be held upon a showing of good cause. If a party intentionally or recklessly files an inaccurate or misleading financial

affidavit, the court shall impose significant penalties and sanctions including, but not limited to, costs and attorney's fees resulting from the improper representation.

(b) The court may issue a temporary restraining order without requiring notice to the other party only if it finds, on the basis of the moving affidavit or other evidence, that irreparable injury will result to the moving party if no order is issued until the time for responding has elapsed.

(c) A response hereunder may be filed within 21 days after service of notice of motion or at the time specified in the temporary restraining order.

(c-1) As used in this subsection (c-1), "interim attorney's fees and costs" means attorney's fees and costs assessed from time to time while a case is pending, in favor of the petitioning party's current counsel, for reasonable fees and costs either already incurred or to be incurred, and "interim award" means an award of interim attorney's fees and costs. Interim awards shall be governed by the following:

(1) Except for good cause shown, a proceeding for (or relating to) interim attorney's fees and costs in a pre-judgment dissolution proceeding shall be nonevidentiary and summary in nature. All hearings for or relating to interim attorney's fees and costs under this subsection shall be scheduled expeditiously by the court. When a party files a petition for interim attorney's fees and costs supported by one or more affidavits that delineate relevant factors, the court (or a hearing officer) shall assess an interim award after affording the opposing party a reasonable opportunity to file a responsive pleading. A responsive pleading shall set out the amount of each retainer or other payment or payments, or both, previously paid to the responding party's counsel by or on behalf of the responding party. A responsive pleading shall include costs incurred, and shall indicate whether the costs are paid or unpaid. In assessing an interim award, the court shall consider all relevant factors, as presented, that appear reasonable and necessary, including to the extent applicable:

(A) the income and property of each party, including alleged marital property within the sole control of one party and alleged non-marital property within access to a party;

(B) the needs of each party;

New matter indicated by italics - deletions by strikeout
(C) the realistic earning capacity of each party;
(D) any impairment to present earning capacity of either party, including age and physical and emotional health;
(E) the standard of living established during the marriage;
(F) the degree of complexity of the issues, including allocation of parental responsibility, valuation or division (or both) of closely held businesses, and tax planning, as well as reasonable needs for expert investigations or expert witnesses, or both;
(G) each party's access to relevant information;
(H) the amount of the payment or payments made or reasonably expected to be made to the attorney for the other party; and
(I) any other factor that the court expressly finds to be just and equitable.

(2) Any assessment of an interim award (including one pursuant to an agreed order) shall be without prejudice to any final allocation and without prejudice as to any claim or right of either party or any counsel of record at the time of the award. Any such claim or right may be presented by the appropriate party or counsel at a hearing on contribution under subsection (j) of Section 503 or a hearing on counsel's fees under subsection (c) of Section 508. Unless otherwise ordered by the court at the final hearing between the parties or in a hearing under subsection (j) of Section 503 or subsection (c) of Section 508, interim awards, as well as the aggregate of all other payments by each party to counsel and related payments to third parties, shall be deemed to have been advances from the parties' marital estate. Any portion of any interim award constituting an overpayment shall be remitted back to the appropriate party or parties, or, alternatively, to successor counsel, as the court determines and directs, after notice in a form designated by the Supreme Court. An order for the award of interim attorney's fees shall be a standardized form order and labeled "Interim Fee Award Order".

(3) In any proceeding under this subsection (c-1), the court (or hearing officer) shall assess an interim award against an opposing party in an amount necessary to enable the petitioning
party to participate adequately in the litigation, upon findings that the party from whom attorney's fees and costs are sought has the financial ability to pay reasonable amounts and that the party seeking attorney's fees and costs lacks sufficient access to assets or income to pay reasonable amounts. In determining an award, the court shall consider whether adequate participation in the litigation requires expenditure of more fees and costs for a party that is not in control of assets or relevant information. Except for good cause shown, an interim award shall not be less than payments made or reasonably expected to be made to the counsel for the other party. If the court finds that both parties lack financial ability or access to assets or income for reasonable attorney's fees and costs, the court (or hearing officer) shall enter an order that allocates available funds for each party's counsel, including retainers or interim payments, or both, previously paid, in a manner that achieves substantial parity between the parties.

(4) The changes to this Section 501 made by this amendatory Act of 1996 apply to cases pending on or after June 1, 1997, except as otherwise provided in Section 508.

(c-2) Allocation of use of marital residence. Where there is on file a verified complaint or verified petition seeking temporary eviction from the marital residence, the court may, during the pendency of the proceeding, only in cases where the physical or mental well-being of either spouse or his or her children is jeopardized by occupancy of the marital residence by both spouses, and only upon due notice and full hearing, unless waived by the court on good cause shown, enter orders granting the exclusive possession of the marital residence to either spouse, by eviction from, or restoration of, the marital residence, until the final determination of the cause pursuant to the factors listed in Section 602.7 of this Act. No such order shall in any manner affect any estate in homestead property of either party. In entering orders under this subsection (c-2), the court shall balance hardships to the parties.

(d) A temporary order entered under this Section:
   (1) does not prejudice the rights of the parties or the child which are to be adjudicated at subsequent hearings in the proceeding;
   (2) may be revoked or modified before final judgment, on a showing by affidavit and upon hearing; and

New matter indicated by italics - deletions by strikeout
(3) terminates when the final judgment is entered or when
the petition for dissolution of marriage or legal separation or
declaration of invalidity of marriage is dismissed.
(e) The fees or costs of mediation shall be borne by the parties and
may be assessed by the court as it deems equitable without prejudice and
are subject to reallocation at the conclusion of the case.
(f) Companion animals. Either party may petition or move for the
temporary allocation of sole or joint possession of and responsibility for a
companion animal jointly owned by the parties. In issuing an order under
this subsection, the court shall take into consideration the well-being of
the companion animal. As used in this Section, "companion animal" does
not include a service animal as defined in Section 2.01c of the Humane
Care for Animals Act.

(750 ILCS 5/502) (from Ch. 40, par. 502)
Sec. 502. Agreement.
(a) To promote amicable settlement of disputes between parties to
a marriage attendant upon the dissolution of their marriage, the parties
may enter into an agreement containing provisions for disposition of any
property owned by either of them, maintenance of either of them, support,
parental responsibility allocation of their children, and support of their
children as provided in Sections 513 and 513.5 after the children attain
majority. The parties may also enter into an agreement allocating the sole
or joint ownership of or responsibility for a companion animal. As used in
this Section, "companion animal" does not include a service animal as
defined in Section 2.01c of the Humane Care for Animals Act. Any
agreement pursuant to this Section must be in writing, except for good
cause shown with the approval of the court, before proceeding to an oral
prove up.
(b) The terms of the agreement, except those providing for the
support and parental responsibility allocation of children, are binding upon
the court unless it finds, after considering the economic circumstances of
the parties and any other relevant evidence produced by the parties, on
their own motion or on request of the court, that the agreement is
unconscionable. The terms of the agreement incorporated into the
judgment are binding if there is any conflict between the terms of the
agreement and any testimony made at an uncontested prove-up hearing on
the grounds or the substance of the agreement.

New matter indicated by italics - deletions by strikeout
(c) If the court finds the agreement unconscionable, it may request the parties to submit a revised agreement or upon hearing, may make orders for the disposition of property, maintenance, child support and other matters.

(d) Unless the agreement provides to the contrary, its terms shall be set forth in the judgment, and the parties shall be ordered to perform under such terms, or if the agreement provides that its terms shall not be set forth in the judgment, the judgment shall identify the agreement and state that the court has approved its terms.

(e) Terms of the agreement set forth in the judgment are enforceable by all remedies available for enforcement of a judgment, including contempt, and are enforceable as contract terms.

(f) Child support, support of children as provided in Sections 513 and 513.5 after the children attain majority, and parental responsibility allocation of children may be modified upon a showing of a substantial change in circumstances. The parties may provide that maintenance is non-modifiable in amount, duration, or both. If the parties do not provide that maintenance is non-modifiable in amount, duration, or both, then those terms are modifiable upon a substantial change of circumstances. Property provisions of an agreement are never modifiable. The judgment may expressly preclude or limit modification of other terms set forth in the judgment if the agreement so provides. Otherwise, terms of an agreement set forth in the judgment are automatically modified by modification of the judgment.

(750 ILCS 5/503) (from Ch. 40, par. 503)

Sec. 503. Disposition of property and debts.

(a) For purposes of this Act, "marital property" means all property, including debts and other obligations, acquired by either spouse subsequent to the marriage, except the following, which is known as "non-marital property":

1) property acquired by gift, legacy or descent or property acquired in exchange for such property;
2) property acquired in exchange for property acquired before the marriage;
3) property acquired by a spouse after a judgment of legal separation;
4) property excluded by valid agreement of the parties, including a premarital agreement or a postnuptial agreement;

New matter indicated by italics - deletions by strikeout
(5) any judgment or property obtained by judgment awarded to a spouse from the other spouse except, however, when a spouse is required to sue the other spouse in order to obtain insurance coverage or otherwise recover from a third party and the recovery is directly related to amounts advanced by the marital estate, the judgment shall be considered marital property;

(6) property acquired before the marriage, except as it relates to retirement plans that may have both marital and non-marital characteristics;

(6.5) all property acquired by a spouse by the sole use of non-marital property as collateral for a loan that then is used to acquire property during the marriage; to the extent that the marital estate repays any portion of the loan, it shall be considered a contribution from the marital estate to the non-marital estate subject to reimbursement;

(7) the increase in value of non-marital property, irrespective of whether the increase results from a contribution of marital property, non-marital property, the personal effort of a spouse, or otherwise, subject to the right of reimbursement provided in subsection (c) of this Section; and

(8) income from property acquired by a method listed in paragraphs (1) through (7) of this subsection if the income is not attributable to the personal effort of a spouse.

Property acquired prior to a marriage that would otherwise be non-marital property shall not be deemed to be marital property solely because the property was acquired in contemplation of marriage.

The court shall make specific factual findings as to its classification of assets as marital or non-marital property, values, and other factual findings supporting its property award.

(b)(1) For purposes of distribution of property, all property acquired by either spouse after the marriage and before a judgment of dissolution of marriage or declaration of invalidity of marriage is presumed marital property. This presumption includes non-marital property transferred into some form of co-ownership between the spouses, regardless of whether title is held individually or by the spouses in some form of co-ownership such as joint tenancy, tenancy in common, tenancy by the entirety, or community property. The presumption of marital property is overcome by showing through clear and convincing evidence that the property was acquired by a method listed in subsection (a) of this
Section or was done for estate or tax planning purposes or for other reasons that establish that a transfer between spouses was not intended to be a gift.

(2) For purposes of distribution of property pursuant to this Section, all pension benefits (including pension benefits under the Illinois Pension Code, defined benefit plans, defined contribution plans and accounts, individual retirement accounts, and non-qualified plans) acquired by or participated in by either spouse after the marriage and before a judgment of dissolution of marriage or legal separation or declaration of invalidity of the marriage are presumed to be marital property. A spouse may overcome the presumption that these pension benefits are marital property by showing through clear and convincing evidence that the pension benefits were acquired by a method listed in subsection (a) of this Section. The right to a division of pension benefits in just proportions under this Section is enforceable under Section 1-119 of the Illinois Pension Code.

The value of pension benefits in a retirement system subject to the Illinois Pension Code shall be determined in accordance with the valuation procedures established by the retirement system.

The recognition of pension benefits as marital property and the division of those benefits pursuant to a Qualified Illinois Domestic Relations Order shall not be deemed to be a diminishment, alienation, or impairment of those benefits. The division of pension benefits is an allocation of property in which each spouse has a species of common ownership.

(3) For purposes of distribution of property under this Section, all stock options and restricted stock or similar form of benefit granted to either spouse after the marriage and before a judgment of dissolution of marriage or legal separation or declaration of invalidity of marriage, whether vested or non-vested or whether their value is ascertainable, are presumed to be marital property. This presumption of marital property is overcome by a showing that the stock options or restricted stock or similar form of benefit were acquired by a method listed in subsection (a) of this Section. The court shall allocate stock options and restricted stock or similar form of benefit between the parties at the time of the judgment of dissolution of marriage or declaration of invalidity of marriage recognizing that the value of the stock options and restricted stock or similar form of benefit may not be then determinable and that the actual division of the options may not occur until a future date. In making the allocation between

New matter indicated by italics - deletions by strikeout
the parties, the court shall consider, in addition to the factors set forth in subsection (d) of this Section, the following:

(i) All circumstances underlying the grant of the stock option and restricted stock or similar form of benefit including but not limited to the vesting schedule, whether the grant was for past, present, or future efforts, whether the grant is designed to promote future performance or employment, or any combination thereof.

(ii) The length of time from the grant of the option to the time the option is exercisable.

(b-5) As to any existing policy of life insurance insuring the life of either spouse, or any interest in such policy, that constitutes marital property, whether whole life, term life, group term life, universal life, or other form of life insurance policy, and whether or not the value is ascertainable, the court shall allocate ownership, death benefits or the right to assign death benefits, and the obligation for premium payments, if any, equitably between the parties at the time of the judgment for dissolution or declaration of invalidity of marriage.

(c) Commingled marital and non-marital property shall be treated in the following manner, unless otherwise agreed by the spouses:

(1)(A) If marital and non-marital property are commingled by one estate being contributed into the other, the following shall apply:

(i) If the contributed property loses its identity, the contributed property transmutes to the estate receiving the property, subject to the provisions of paragraph (2) of this subsection (c).

(ii) If the contributed property retains its identity, it does not transmute and remains property of the contributing estate.

(B) If marital and non-marital property are commingled into newly acquired property resulting in a loss of identity of the contributing estates, the commingled property shall be deemed transmuted to marital property, subject to the provisions of paragraph (2) of this subsection (c).

(2)(A) When one estate of property makes a contribution to another estate of property, the contributing estate shall be reimbursed from the estate receiving the contribution notwithstanding any transmutation. No such reimbursement shall be made with respect to a contribution that is not traceable by clear
and convincing evidence or that was a gift. The court may provide for reimbursement out of the marital property to be divided or by imposing a lien against the non-marital property that received the contribution.

(B) When a spouse contributes personal effort to non-marital property, it shall be deemed a contribution from the marital estate, which shall receive reimbursement for the efforts if the efforts are significant and result in substantial appreciation to the non-marital property except that if the marital estate reasonably has been compensated for his or her efforts, it shall not be deemed a contribution to the marital estate and there shall be no reimbursement to the marital estate. The court may provide for reimbursement out of the marital property to be divided or by imposing a lien against the non-marital property which received the contribution.

(d) In a proceeding for dissolution of marriage or declaration of invalidity of marriage, or in a proceeding for disposition of property following dissolution of marriage by a court that lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court shall assign each spouse's non-marital property to that spouse. It also shall divide the marital property without regard to marital misconduct in just proportions considering all relevant factors, including:

(1) each party's contribution to the acquisition, preservation, or increase or decrease in value of the marital or non-marital property, including (i) any decrease attributable to an advance from the parties' marital estate under subsection (c-1)(2) of Section 501; (ii) the contribution of a spouse as a homemaker or to the family unit; and (iii) whether the contribution is after the commencement of a proceeding for dissolution of marriage or declaration of invalidity of marriage;

(2) the dissipation by each party of the marital property, provided that a party's claim of dissipation is subject to the following conditions:

(i) a notice of intent to claim dissipation shall be given no later than 60 days before trial or 30 days after discovery closes, whichever is later;

(ii) the notice of intent to claim dissipation shall contain, at a minimum, a date or period of time during which the marriage began undergoing an irretrievable
breakdown, an identification of the property dissipated, and a date or period of time during which the dissipation occurred;

(iii) a certificate or service of the notice of intent to claim dissipation shall be filed with the clerk of the court and be served pursuant to applicable rules;

(iv) no dissipation shall be deemed to have occurred prior to 3 years after the party claiming dissipation knew or should have known of the dissipation, but in no event prior to 5 years before the filing of the petition for dissolution of marriage;

(3) the value of the property assigned to each spouse;

(4) the duration of the marriage;

(5) the relevant economic circumstances of each spouse when the division of property is to become effective, including the desirability of awarding the family home, or the right to live therein for reasonable periods, to the spouse having the primary residence of the children;

(6) any obligations and rights arising from a prior marriage of either party;

(7) any prenuptial or postnuptial agreement of the parties;

(8) the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, and needs of each of the parties;

(9) the custodial provisions for any children;

(10) whether the apportionment is in lieu of or in addition to maintenance;

(11) the reasonable opportunity of each spouse for future acquisition of capital assets and income; and

(12) the tax consequences of the property division upon the respective economic circumstances of the parties.

(e) Each spouse has a species of common ownership in the marital property which vests at the time dissolution proceedings are commenced and continues only during the pendency of the action. Any such interest in marital property shall not encumber that property so as to restrict its transfer, assignment or conveyance by the title holder unless such title holder is specifically enjoined from making such transfer, assignment or conveyance.

New matter indicated by italics - deletions by strikeout
(f) In a proceeding for dissolution of marriage or declaration of invalidity of marriage or in a proceeding for disposition of property following dissolution of marriage by a court that lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of the property, the court, in determining the value of the marital and non-marital property for purposes of dividing the property, has the discretion to use the date of the trial or such other date as agreed upon by the parties, or ordered by the court within its discretion, for purposes of determining the value of assets or property.

(g) The court if necessary to protect and promote the best interests of the children may set aside a portion of the jointly or separately held estates of the parties in a separate fund or trust for the support, maintenance, education, physical and mental health, and general welfare of any minor, dependent, or incompetent child of the parties. In making a determination under this subsection, the court may consider, among other things, the conviction of a party of any of the offenses set forth in Section 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 12-3.3, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-13, 12-14, 12-14.1, 12-15, or 12-16, or Section 12-3.05 except for subdivision (a)(4) or (g)(1), of the Criminal Code of 1961 or the Criminal Code of 2012 if the victim is a child of one or both of the parties, and there is a need for, and cost of, care, healing and counseling for the child who is the victim of the crime.

(h) Unless specifically directed by a reviewing court, or upon good cause shown, the court shall not on remand consider any increase or decrease in the value of any "marital" or "non-marital" property occurring since the assessment of such property at the original trial or hearing, but shall use only that assessment made at the original trial or hearing.

(i) The court may make such judgments affecting the marital property as may be just and may enforce such judgments by ordering a sale of marital property, with proceeds therefrom to be applied as determined by the court.

(j) After proofs have closed in the final hearing on all other issues between the parties (or in conjunction with the final hearing, if all parties so stipulate) and before judgment is entered, a party's petition for contribution to fees and costs incurred in the proceeding shall be heard and decided, in accordance with the following provisions:

(1) A petition for contribution, if not filed before the final hearing on other issues between the parties, shall be filed no later
than 14 days after the closing of proofs in the final hearing or within such other period as the court orders.

(2) Any award of contribution to one party from the other party shall be based on the criteria for division of marital property under this Section 503 and, if maintenance has been awarded, on the criteria for an award of maintenance under Section 504.

(3) The filing of a petition for contribution shall not be deemed to constitute a waiver of the attorney-client privilege between the petitioning party and current or former counsel; and such a waiver shall not constitute a prerequisite to a hearing for contribution. If either party's presentation on contribution, however, includes evidence within the scope of the attorney-client privilege, the disclosure or disclosures shall be narrowly construed and shall not be deemed by the court to constitute a general waiver of the privilege as to matters beyond the scope of the presentation.

(4) No finding on which a contribution award is based or denied shall be asserted against counsel or former counsel for purposes of any hearing under subsection (c) or (e) of Section 508.

(5) A contribution award (payable to either the petitioning party or the party's counsel, or jointly, as the court determines) may be in the form of either a set dollar amount or a percentage of fees and costs (or a portion of fees and costs) to be subsequently agreed upon by the petitioning party and counsel or, alternatively, thereafter determined in a hearing pursuant to subsection (c) of Section 508 or previously or thereafter determined in an independent proceeding under subsection (e) of Section 508.

(6) The changes to this Section 503 made by this amendatory Act of 1996 apply to cases pending on or after June 1, 1997, except as otherwise provided in Section 508.

(k) In determining the value of assets or property under this Section, the court shall employ a fair market value standard. The date of valuation for the purposes of division of assets shall be the date of trial or such other date as agreed by the parties or ordered by the court, within its discretion. If the court grants a petition brought under Section 2-1401 of the Code of Civil Procedure, then the court has the discretion to use the date of the trial or such other date as agreed upon by the parties, or ordered by the court within its discretion, for purposes of determining the value of assets or property.
(l) The court may seek the advice of financial experts or other professionals, whether or not employed by the court on a regular basis. The advice given shall be in writing and made available by the court to counsel. Counsel may examine as a witness any professional consulted by the court designated as the court's witness. Professional personnel consulted by the court are subject to subpoena for the purposes of discovery, trial, or both. The court shall allocate the costs and fees of those professional personnel between the parties based upon the financial ability of each party and any other criteria the court considers appropriate, and the allocation is subject to reallocation under subsection (a) of Section 508. Upon the request of any party or upon the court's own motion, the court may conduct a hearing as to the reasonableness of those fees and costs.

(m) The changes made to this Section by Public Act 97-941 apply only to petitions for dissolution of marriage filed on or after January 1, 2013 (the effective date of Public Act 97-941).

(n) If the court finds that a companion animal of the parties is a marital asset, it shall allocate the sole or joint ownership of and responsibility for a companion animal of the parties. In issuing an order under this subsection, the court shall take into consideration the well-being of the companion animal. As used in this Section, "companion animal" does not include a service animal as defined in Section 2.01c of the Humane Care for Animals Act.

PUBLIC ACT 100-0424
(Senate Bill No. 1276)

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 104-15 as follows:

(a) The person or persons conducting an examination of the defendant, pursuant to paragraph (a) or (b) of Section 104-13 shall submit a written report to the court, the State, and the defense within 30 days of the date of the order. The report shall include:

(1) A diagnosis and an explanation as to how it was reached and the facts upon which it is based;

New matter indicated by italics - deletions by strikeout
(2) A description of the defendant's mental or physical disability, if any; its severity; and an opinion as to whether and to what extent it impairs the defendant's ability to understand the nature and purpose of the proceedings against him or to assist in his defense, or both.

(b) If the report indicates that the defendant is not fit to stand trial or to plead because of a disability, the report shall include an opinion as to the likelihood of the defendant attaining fitness within a period of time from the date of the finding of unfitness one year if provided with a course of treatment. For a defendant charged with a felony, the period of time shall be one year. For a defendant charged with a misdemeanor, the period of time shall be no longer than the maximum term of imprisonment for the most serious offense. If the person or persons preparing the report are unable to form such an opinion, the report shall state the reasons therefor. The report may include a general description of the type of treatment needed and of the least physically restrictive form of treatment therapeutically appropriate.

(c) The report shall indicate what information, if any, contained therein may be harmful to the mental condition of the defendant if made known to him.

(d) In addition to the report, a person retained or appointed by the State or the defense to conduct an examination shall, upon written request, make his or her notes, other evaluations reviewed or relied upon by the testifying witness, and any videotaped interviews available to another examiner of the defendant. All forensic interviews conducted by a person retained or appointed by the State or the defense shall be videotaped unless doing so would be impractical. In the event that the interview is not videotaped, the examiner may still testify as to the person's fitness and the court may only consider the lack of compliance in according the weight and not the admissibility of the expert testimony. An examiner may use these materials as part of his or her diagnosis and explanation but shall not otherwise disclose the contents, including at a hearing before the court, except as otherwise provided in Section 104-14 of this Code.

Section 10. The Unified Code of Corrections is amended by changing Section 5-2-4 as follows:

(730 ILCS 5/5-2-4) (from Ch. 38, par. 1005-2-4)

Sec. 5-2-4. Proceedings after Acquittal by Reason of Insanity.

New matter indicated by italics - deletions by strikeout
(a) After a finding or verdict of not guilty by reason of insanity under Sections 104-25, 115-3 or 115-4 of the Code of Criminal Procedure of 1963, the defendant shall be ordered to the Department of Human Services for an evaluation as to whether he is in need of mental health services. The order shall specify whether the evaluation shall be conducted on an inpatient or outpatient basis. If the evaluation is to be conducted on an inpatient basis, the defendant shall be placed in a secure setting. With the court order for evaluation shall be sent a copy of the arrest report, criminal charges, arrest record, jail record, any report prepared under Section 115-6 of the Code of Criminal Procedure of 1963, and any victim impact statement prepared under Section 6 of the Rights of Crime Victims and Witnesses Act. After the evaluation and during the period of time required to determine the appropriate placement, the defendant shall remain in jail. Individualized placement evaluations by the Department of Human Services determine the most appropriate setting for forensic treatment based upon a number of factors including mental health diagnosis, proximity to surviving victims, security need, age, gender, and proximity to family. Upon completion of the placement process the sheriff shall be notified and shall transport the defendant to the designated facility.

The Department shall provide the Court with a report of its evaluation within 30 days of the date of this order. The Court shall hold a hearing as provided under the Mental Health and Developmental Disabilities Code to determine if the individual is: (a) in need of mental health services on an inpatient basis; (b) in need of mental health services on an outpatient basis; (c) a person not in need of mental health services. The Court shall enter its findings.

If the defendant is found to be in need of mental health services on an inpatient care basis, the Court shall order the defendant to the Department of Human Services. The defendant shall be placed in a secure setting. Such defendants placed in a secure setting shall not be permitted outside the facility's housing unit unless escorted or accompanied by personnel of the Department of Human Services or with the prior approval of the Court for unsupervised on-grounds privileges as provided herein. Any defendant placed in a secure setting pursuant to this Section, transported to court hearings or other necessary appointments off facility grounds by personnel of the Department of Human Services, shall be placed in security devices or otherwise secured during the period of transportation to assure secure transport of the defendant and the safety of

Department of Human Services personnel and others. These security measures shall not constitute restraint as defined in the Mental Health and Developmental Disabilities Code. If the defendant is found to be in need of mental health services, but not on an inpatient care basis, the Court shall conditionally release the defendant, under such conditions as set forth in this Section as will reasonably assure the defendant's satisfactory progress and participation in treatment or rehabilitation and the safety of the defendant and others. If the Court finds the person not in need of mental health services, then the Court shall order the defendant discharged from custody.

(a-1) Definitions. For the purposes of this Section:

(A) (Blank).

(B) "In need of mental health services on an inpatient basis" means: a defendant who has been found not guilty by reason of insanity but who due to mental illness is reasonably expected to inflict serious physical harm upon himself or another and who would benefit from inpatient care or is in need of inpatient care.

(C) "In need of mental health services on an outpatient basis" means: a defendant who has been found not guilty by reason of insanity who is not in need of mental health services on an inpatient basis, but is in need of outpatient care, drug and/or alcohol rehabilitation programs, community adjustment programs, individual, group, family therapy, or chemotherapy.

(D) "Conditional Release" means: the release from either the custody of the Department of Human Services or the custody of the Court of a person who has been found not guilty by reason of insanity under such conditions as the Court may impose which reasonably assure the defendant's satisfactory progress in treatment or habilitation and the safety of the defendant and others. The Court shall consider such terms and conditions which may include, but need not be limited to, outpatient care, alcoholic and drug rehabilitation programs, community adjustment programs, individual, group, family, and chemotherapy, random testing to ensure the defendant's timely and continuous taking of any medicines prescribed to control or manage his or her conduct or mental state, and periodic checks with the legal authorities and/or the Department of Human Services. The Court may order as a condition of conditional release that the defendant not contact the victim of the offense that resulted in the finding or verdict of not
guilty by reason of insanity or any other person. The Court may order the Department of Human Services to provide care to any person conditionally released under this Section. The Department may contract with any public or private agency in order to discharge any responsibilities imposed under this Section. The Department shall monitor the provision of services to persons conditionally released under this Section and provide periodic reports to the Court concerning the services and the condition of the defendant. Whenever a person is conditionally released pursuant to this Section, the State's Attorney for the county in which the hearing is held shall designate in writing the name, telephone number, and address of a person employed by him or her who shall be notified in the event that either the reporting agency or the Department decides that the conditional release of the defendant should be revoked or modified pursuant to subsection (i) of this Section. Such conditional release shall be for a period of five years. However, the defendant, the person or facility rendering the treatment, therapy, program or outpatient care, the Department, or the State's Attorney may petition the Court for an extension of the conditional release period for an additional 5 years. Upon receipt of such a petition, the Court shall hold a hearing consistent with the provisions of paragraph (a), this paragraph (a-1), and paragraph (f) of this Section, shall determine whether the defendant should continue to be subject to the terms of conditional release, and shall enter an order either extending the defendant's period of conditional release for an additional 5 year period or discharging the defendant. Additional 5-year periods of conditional release may be ordered following a hearing as provided in this Section. However, in no event shall the defendant's period of conditional release continue beyond the maximum period of commitment ordered by the Court pursuant to paragraph (b) of this Section. These provisions for extension of conditional release shall only apply to defendants conditionally released on or after August 8, 2003. However the extension provisions of Public Act 83-1449 apply only to defendants charged with a forcible felony.

(E) "Facility director" means the chief officer of a mental health or developmental disabilities facility or his or her designee or the supervisor of a program of treatment or habilitation or his or her designee. "Designee" may include a physician, clinical

psychologist, social worker, nurse, or clinical professional counselor.

(b) If the Court finds the defendant in need of mental health services on an inpatient basis, the admission, detention, care, treatment or habilitation, treatment plans, review proceedings, including review of treatment and treatment plans, and discharge of the defendant after such order shall be under the Mental Health and Developmental Disabilities Code, except that the initial order for admission of a defendant acquitted of a felony by reason of insanity shall be for an indefinite period of time. Such period of commitment shall not exceed the maximum length of time that the defendant would have been required to serve, less credit for good behavior as provided in Section 5-4-1 of the Unified Code of Corrections, before becoming eligible for release had he been convicted of and received the maximum sentence for the most serious crime for which he has been acquitted by reason of insanity. The Court shall determine the maximum period of commitment by an appropriate order. During this period of time, the defendant shall not be permitted to be in the community in any manner, including but not limited to off-grounds privileges, with or without escort by personnel of the Department of Human Services, unsupervised on-grounds privileges, discharge or conditional or temporary release, except by a plan as provided in this Section. In no event shall a defendant's continued unauthorized absence be a basis for discharge. Not more than 30 days after admission and every 90 days thereafter so long as the initial order remains in effect, the facility director shall file a treatment plan report in writing with the court and forward a copy of the treatment plan report to the clerk of the court, the State's Attorney, and the defendant's attorney, if the defendant is represented by counsel, or to a person authorized by the defendant under the Mental Health and Developmental Disabilities Confidentiality Act to be sent a copy of the report. The report shall include an opinion as to whether the defendant is currently in need of mental health services on an inpatient basis or in need of mental health services on an outpatient basis. The report shall also summarize the basis for those findings and provide a current summary of the following items from the treatment plan: (1) an assessment of the defendant's treatment needs, (2) a description of the services recommended for treatment, (3) the goals of each type of element of service, (4) an anticipated timetable for the accomplishment of the goals, and (5) a designation of the qualified professional responsible for the implementation of the plan. The report may also include unsupervised on-
grounds privileges, off-grounds privileges (with or without escort by personnel of the Department of Human Services), home visits and participation in work programs, but only where such privileges have been approved by specific court order, which order may include such conditions on the defendant as the Court may deem appropriate and necessary to reasonably assure the defendant's satisfactory progress in treatment and the safety of the defendant and others.

(c) Every defendant acquitted of a felony by reason of insanity and subsequently found to be in need of mental health services shall be represented by counsel in all proceedings under this Section and under the Mental Health and Developmental Disabilities Code.

(1) The Court shall appoint as counsel the public defender or an attorney licensed by this State.

(2) Upon filing with the Court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (1) of this subsection, the Court shall determine a reasonable fee for such services. If the defendant is unable to pay the fee, the Court shall enter an order upon the State to pay the entire fee or such amount as the defendant is unable to pay from funds appropriated by the General Assembly for that purpose.

(d) When the facility director determines that:

(1) the defendant is no longer in need of mental health services on an inpatient basis; and

(2) the defendant may be conditionally released because he or she is still in need of mental health services or that the defendant may be discharged as not in need of any mental health services; or

(3) (blank);

the facility director shall give written notice to the Court, State's Attorney and defense attorney. Such notice shall set forth in detail the basis for the recommendation of the facility director, and specify clearly the recommendations, if any, of the facility director, concerning conditional release. Any recommendation for conditional release shall include an evaluation of the defendant's need for psychotropic medication, what provisions should be made, if any, to ensure that the defendant will continue to receive psychotropic medication following discharge, and what provisions should be made to assure the safety of the defendant and others in the event the defendant is no longer receiving psychotropic medication. Within 30 days of the notification by the facility director, the Court shall set a hearing and make a finding as to whether the defendant is:

(i) (blank); or
(ii) in need of mental health services in the form of inpatient care; or
(iii) in need of mental health services but not subject to inpatient care; or
(iv) no longer in need of mental health services; or
(v) (blank).

Upon finding by the Court, the Court shall enter its findings and such appropriate order as provided in subsections (a) and (a-1) of this Section.

(e) A defendant admitted pursuant to this Section, or any person on his behalf, may file a petition for treatment plan review or discharge or conditional release under the standards of this Section in the Court which rendered the verdict. Upon receipt of a petition for treatment plan review or discharge or conditional release, the Court shall set a hearing to be held within 120 days. Thereafter, no new petition may be filed for 180 days without leave of the Court.

(f) The Court shall direct that notice of the time and place of the hearing be served upon the defendant, the facility director, the State's Attorney, and the defendant's attorney. If requested by either the State or the defense or if the Court feels it is appropriate, an impartial examination of the defendant by a psychiatrist or clinical psychologist as defined in Section 1-103 of the Mental Health and Developmental Disabilities Code who is not in the employ of the Department of Human Services shall be ordered, and the report considered at the time of the hearing.

(g) The findings of the Court shall be established by clear and convincing evidence. The burden of proof and the burden of going forth with the evidence rest with the defendant or any person on the defendant's behalf when a hearing is held to review a petition filed by or on behalf of the defendant. The evidence shall be presented in open Court with the right of confrontation and cross-examination. Such evidence may include, but is not limited to:

(1) whether the defendant appreciates the harm caused by the defendant to others and the community by his or her prior conduct that resulted in the finding of not guilty by reason of insanity;

(2) Whether the person appreciates the criminality of conduct similar to the conduct for which he or she was originally charged in this matter;

New matter indicated by italics - deletions by strikeout
(3) the current state of the defendant's illness;
(4) what, if any, medications the defendant is taking to control his or her mental illness;
(5) what, if any, adverse physical side effects the medication has on the defendant;
(6) the length of time it would take for the defendant's mental health to deteriorate if the defendant stopped taking prescribed medication;
(7) the defendant's history or potential for alcohol and drug abuse;
(8) the defendant's past criminal history;
(9) any specialized physical or medical needs of the defendant;
(10) any family participation or involvement expected upon release and what is the willingness and ability of the family to participate or be involved;
(11) the defendant's potential to be a danger to himself, herself, or others; and
(12) any other factor or factors the Court deems appropriate.

(h) Before the court orders that the defendant be discharged or conditionally released, it shall order the facility director to establish a discharge plan that includes a plan for the defendant's shelter, support, and medication. If appropriate, the court shall order that the facility director establish a program to train the defendant in self-medication under standards established by the Department of Human Services. If the Court finds, consistent with the provisions of this Section, that the defendant is no longer in need of mental health services it shall order the facility director to discharge the defendant. If the Court finds, consistent with the provisions of this Section, that the defendant is in need of mental health services, and no longer in need of inpatient care, it shall order the facility director to release the defendant under such conditions as the Court deems appropriate and as provided by this Section. Such conditional release shall be imposed for a period of 5 years as provided in paragraph (D) of subsection (a-1) and shall be subject to later modification by the Court as provided by this Section. If the Court finds consistent with the provisions in this Section that the defendant is in need of mental health services on an inpatient basis, it shall order the facility director not to discharge or release the defendant in accordance with paragraph (b) of this Section.

New matter indicated by italics - deletions by strikeout
(i) If within the period of the defendant's conditional release the State's Attorney determines that the defendant has not fulfilled the conditions of his or her release, the State's Attorney may petition the Court to revoke or modify the conditional release of the defendant. Upon the filing of such petition the defendant may be remanded to the custody of the Department, or to any other mental health facility designated by the Department, pending the resolution of the petition. Nothing in this Section shall prevent the emergency admission of a defendant pursuant to Article VI of Chapter III of the Mental Health and Developmental Disabilities Code or the voluntary admission of the defendant pursuant to Article IV of Chapter III of the Mental Health and Developmental Disabilities Code. If the Court determines, after hearing evidence, that the defendant has not fulfilled the conditions of release, the Court shall order a hearing to be held consistent with the provisions of paragraph (f) and (g) of this Section. At such hearing, if the Court finds that the defendant is in need of mental health services on an inpatient basis, it shall enter an order remanding him or her to the Department of Human Services or other facility. If the defendant is remanded to the Department of Human Services, he or she shall be placed in a secure setting unless the Court determines that there are compelling reasons that such placement is not necessary. If the Court finds that the defendant continues to be in need of mental health services but not on an inpatient basis, it may modify the conditions of the original release in order to reasonably assure the defendant's satisfactory progress in treatment and his or her safety and the safety of others in accordance with the standards established in paragraph (D) of subsection (a-1). Nothing in this Section shall limit a Court's contempt powers or any other powers of a Court.

(j) An order of admission under this Section does not affect the remedy of habeas corpus.

(k) In the event of a conflict between this Section and the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Confidentiality Act, the provisions of this Section shall govern.

(l) This amendatory Act shall apply to all persons who have been found not guilty by reason of insanity and who are presently committed to the Department of Mental Health and Developmental Disabilities (now the Department of Human Services).

(m) The Clerk of the Court shall transmit a certified copy of the order of discharge or conditional release to the Department of Human Services.
Services, to the sheriff of the county from which the defendant was admitted, to the Illinois Department of State Police, to the proper law enforcement agency for the municipality where the offense took place, and to the sheriff of the county into which the defendant is conditionally discharged. The Illinois Department of State Police shall maintain a centralized record of discharged or conditionally released defendants while they are under court supervision for access and use of appropriate law enforcement agencies.

Effective January 1, 2018.

PUBLIC ACT 100-0425
(Senate Bill No. 1304)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 10-2.1-4 and by adding Section 10-1-7.3 as follows:

(65 ILCS 5/10-1-7.3 new)
Sec. 10-1-7.3. Appointment of fire chief. Notwithstanding any other provision in this Division, after the effective date of this amendatory Act of the 100th General Assembly, a person shall not be appointed as the chief, the acting chief, the department head, or a position, by whatever title, that is responsible for day-to-day operations of a fire department for greater than 180 days unless he or she possesses the following qualifications and certifications:

(1) Office of the State Fire Marshal Firefighter Basic Certification or Firefighter II Certification; Office of the State Fire Marshal Fire Officer I and II Certifications; and an associate degree in fire science or a bachelor's degree from an accredited university or college; or

(2) a minimum of 10 years' experience as a firefighter at the fire department in the jurisdiction making the appointment.

This Section applies to fire departments that employ firefighters hired under Section 10-1-7.1 or 10-1-7.2 of this Division.

New matter indicated by italics - deletions by strikeout
Sec. 10-2.1-4. Fire and police departments; Appointment of members; Certificates of appointments. The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

After the effective date of this amendatory Act of the 100th General Assembly, a person shall not be appointed as the chief, the acting chief, the department head, or a position, by whatever title, that is responsible for day-to-day operations of a fire department for greater than 180 days unless he or she possesses the following qualifications and certifications:

1. Office of the State Fire Marshal Firefighter Basic Certification or Firefighter II Certification; Office of the State Fire Marshal Fire Officer I and II Certifications; and an associate degree in fire science or a bachelor’s degree from an accredited university or college; or

2. a minimum of 10 years’ experience as a firefighter at the fire department in the jurisdiction making the appointment.

This paragraph applies to fire departments that employ firefighters hired under the provisions of this Division.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be

New matter indicated by italics - deletions by strikeout
established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners. In any municipal fire department that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Division 2.1 shall not be used as a temporary or permanent substitute for classified members of a municipality's fire department or for regular appointment as a classified member of a municipality's fire department unless mutually agreed to by the employee's certified bargaining agent. Such agreement shall be considered a permissive subject of bargaining. Municipal fire departments covered by the changes made by this amendatory Act of the 95th General Assembly that are using non-certificated employees as substitutes immediately prior to the effective date of this amendatory Act of the 95th General Assembly may, by mutual agreement with the certified bargaining agent, continue the existing practice or a modified practice and that agreement shall be considered a permissive subject of bargaining. A home rule unit may not regulate the hiring of temporary or substitute members of the municipality's fire department.
department in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-home rule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-home rule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank of chief.

currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.

To the extent that this Section or any other Section in this Division conflicts with Section 10-2.1-6.3 or 10-2.1-6.4, then Section 10-2.1-6.3 or 10-2.1-6.4 shall control.

Except for the grounds numbered (8), (9), (26), and (29), no action shall be commenced more than 10 years after the date of the incident or act alleged to have violated this Section. For actions involving the ground numbered (26), a pattern of practice or other behavior includes all incidents alleged to be part of the pattern of practice or other behavior that occurred, or a report pursuant to Section 23 of this Act received, within the 10-year period preceding the filing of the complaint. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined
to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and
(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and
may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an examination and evaluation for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals.

Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Illinois State Medical Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or permit is revoked under this Section...
subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Department shall not revoke, suspend, place on probation, reprimand, refuse to issue or renew, or take any other disciplinary or non-disciplinary action against the license or permit issued under this Act to practice medicine to a physician based solely upon the recommendation of the physician to an eligible patient regarding, or prescription for, or treatment with, an investigational drug, biological product, or device.

(D) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 100-0431
(Senate Bill No. 1399)

AN ACT concerning courts.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 3. The Juvenile Court Act of 1987 is amended by changing the heading of Part 7A of Article V and by changing Sections 5-710, 5-7A-101, 5-7A-110, 5-7A-115, 5-7A-120, and 5-7A-125 as follows:

(705 ILCS 405/5-710)

(1) The following kinds of sentencing orders may be made in respect of wards of the court:
(a) Except as provided in Sections 5-805, 5-810, and 5-815, a minor who is found guilty under Section 5-620 may be:
(i) put on probation or conditional discharge and released to his or her parents, guardian or legal custodian, provided, however, that any such minor who is not committed to the Department of Juvenile Justice under this subsection and who is found to be a delinquent for an offense which is first degree murder, a Class X felony, or a forcible felony shall be placed on probation;

(ii) placed in accordance with Section 5-740, with or without also being put on probation or conditional discharge;

(iii) required to undergo a substance abuse assessment conducted by a licensed provider and participate in the indicated clinical level of care;

(iv) on and after the effective date of this amendatory Act of the 98th General Assembly and before January 1, 2017, placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 16 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. On and after January 1, 2017, placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 15 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 15 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article.

for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts. The limitation that the minor shall only be placed in a juvenile detention home does not apply as follows:

Persons 18 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

(A) the age of the person;
(B) any previous delinquent or criminal history of the person;
(C) any previous abuse or neglect history of the person;
(D) any mental health history of the person; and
(E) any educational history of the person;
(vi) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act;
(vii) subject to having his or her driver's license or driving privileges suspended for such time as determined by the court but only until he or she attains 18 years of age;
(viii) put on probation or conditional discharge and placed in detention under Section 3-6039 of the Counties Code for a period not to exceed the period of incarceration permitted by law for adults found guilty of the same offense or offenses for which the minor was adjudicated delinquent, and in any event no longer than upon attainment of age 21; this subdivision (viii) notwithstanding any contrary provision of the law;
(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body; or
(x) placed in electronic monitoring or home detention under Part 7A of this Article.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is at least 13 years and under 20 years of age, provided that the commitment to the Department of Juvenile Justice shall be made only if the minor was found guilty of a felony offense or first degree murder. The court shall include in the sentencing order any pre-custody credits the minor is entitled to under Section 5-4.5-100 of the Unified Code of Corrections. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall also be considered as time spent in custody.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.
(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code. Notwithstanding any other provision of this Act, in instances in which educational services are to be provided to a minor in a residential facility where the minor has been placed by the court, costs incurred in the provision of those educational services must be allocated based on the requirements of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act. The court shall include in the sentencing order a limitation on the period of confinement not to exceed the maximum period of imprisonment the court could impose under Article V of the Unified Code of Corrections.

(7.5) In no event shall a guilty minor be committed to the Department of Juvenile Justice or placed in detention when the act for which the minor was adjudicated delinquent would not be illegal if committed by an adult.

(7.6) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense which is a Class 4 felony under Section 19-4 (criminal trespass to a residence), 21-1 (criminal damage to property), 21-1.01 (criminal damage to government supported property), 21-1.3 (criminal defacement of property), 26-1 (disorderly conduct), or 31-4 (obstructing justice); of the Criminal Code of 2012.

(7.75) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense that is a Class 3 or Class 4 felony violation of the Illinois Controlled Substances Act unless the commitment occurs upon a third or subsequent judicial finding of a violation of probation for substantial noncompliance with court-ordered treatment or programming.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 or paragraph (4) of subsection (a) of Section 21-1 of the Criminal Code of 2012 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The order may be in addition to any other order authorized by this Section.

(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse, or criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal

guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961 or the Criminal Code of 2012, a violation of any Section of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(11) If the court determines that the offense was committed in furtherance of the criminal activities of an organized gang, as provided in subsection (10), and that the offense involved the operation or use of a motor vehicle or the use of a driver's license or permit, the court shall notify the Secretary of State of that determination and of the period for which the minor shall be denied driving privileges. If, at the time of the determination, the minor does not hold a driver's license or permit, the court shall provide that the minor shall not be issued a driver's license or

permit until his or her 18th birthday. If the minor holds a driver's license or permit at the time of the determination, the court shall provide that the minor's driver's license or permit shall be revoked until his or her 21st birthday, or until a later date or occurrence determined by the court. If the minor holds a driver's license at the time of the determination, the court may direct the Secretary of State to issue the minor a judicial driving permit, also known as a JDP. The JDP shall be subject to the same terms as a JDP issued under Section 6-206.1 of the Illinois Vehicle Code, except that the court may direct that the JDP be effective immediately.

(12) If a minor is found to be guilty of a violation of subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may, in its discretion, and upon recommendation by the State's Attorney, order that minor and his or her parents or legal guardian to attend a smoker's education or youth diversion program as defined in that Act if that program is available in the jurisdiction where the offender resides. Attendance at a smoker's education or youth diversion program shall be time-credited against any community service time imposed for any first violation of subsection (a-7) of Section 1 of that Act. In addition to any other penalty that the court may impose for a violation of subsection (a-7) of Section 1 of that Act, the court, upon request by the State's Attorney, may in its discretion require the offender to remit a fee for his or her attendance at a smoker's education or youth diversion program.

For purposes of this Section, "smoker's education program" or "youth diversion program" includes, but is not limited to, a seminar designed to educate a person on the physical and psychological effects of smoking tobacco products and the health consequences of smoking tobacco products that can be conducted with a locality's youth diversion program.

In addition to any other penalty that the court may impose under this subsection (12):

(a) If a minor violates subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may impose a sentence of 15 hours of community service or a fine of $25 for a first violation.

(b) A second violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a fine of $50 and 25 hours of community service.

New matter indicated by italics - deletions by strikeout
(c) A third or subsequent violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a $100 fine and 30 hours of community service.

(d) Any second or subsequent violation not within the 12-month time period after the first violation is punishable as provided for a first violation.

(2) Reporting allegations of adult students with disabilities. Upon receipt of a reportable allegation regarding an adult student...
with a disability, the Department's Office of the Inspector General shall determine whether the allegation meets the criteria for the Domestic Abuse Program under the Abuse of Adults with Disabilities Intervention Act. Sec. 3-206.01. Health Care Worker Registry care worker registry.
(a) The Department shall establish and maintain a Health Care Worker Registry accessible by health care employers, as defined in the Health Care Worker Background Check Act, that includes background check and training information of all individuals who (i) have satisfactorily completed the training required by Section 3-206, (ii) have begun a current course of training as set forth in Section 3-206, or (iii) are otherwise acting as a nursing assistant, habilitation aide, home health aide, psychiatric services rehabilitation aide, or child care aide. Any individual placed on the registry is required to inform the Department of any change of address within 30 days. A facility shall not employ an individual as a nursing assistant, habilitation aide, home health aide, psychiatric services rehabilitation aide, or child care aide, or newly hired as an individual who may have access to a resident, a resident's living quarters, or a resident's personal, financial, or medical records, unless the facility has inquired of the Department's Health Care Worker Registry and the individual is listed on the Health Care Worker Registry as eligible to work for a health care employer health care worker registry as to information in the registry concerning the individual. The facility shall not employ an individual as a nursing assistant, habilitation aide, or child care aide if that individual is not on the Health Care Worker Registry registry unless the individual is enrolled in a training program under paragraph (5) of subsection (a) of Section 3-206 of this Act. The Department may also maintain a publicly accessible registry.

(a-5) The Health Care Worker Registry registry maintained by the Department exclusive to health care employers, as defined in the Health Care Worker Background Check Act, shall clearly indicate whether an applicant or employee is eligible for employment and shall include the following:

(1) information about the individual, including the individual's name, his or her current address, Social Security number, the date and location of the training course completed by the individual, whether the individual has any of the disqualifying convictions listed in Section 25 of the Health Care Worker
Background Check Act from the date of the individual's last criminal record check, whether the individual has a waiver pending under Section 40 of the Health Care Worker Background Check Act, and whether the individual has received a waiver under Section 40 of that Act;

(2) the following language:

"A waiver granted by the Department of Public Health is a determination that the applicant or employee is eligible to work in a health care facility. The Equal Employment Opportunity Commission provides guidance about federal law regarding hiring of individuals with criminal records."

and

(3) a link to Equal Employment Opportunity Commission guidance regarding hiring of individuals with criminal records.

(a-10) After January 1, 2017, the publicly accessible registry maintained by the Department shall report that an individual is ineligible to work if he or she has a disqualifying offense under Section 25 of the Health Care Worker Background Check Act and has not received a waiver under Section 40 of that Act. If an applicant or employee has received a waiver for one or more disqualifying offenses under Section 40 of the Health Care Worker Background Check Act and he or she is otherwise eligible to work, the Department of Public Health shall report on the public registry that the applicant or employee is eligible to work. The Department, however, shall not report information regarding the waiver on the public registry.

(a-15) (Blank). If the Department finds that a nursing assistant, habilitation aide, home health aide, psychiatric services rehabilitation aide, or child care aide, or an unlicensed individual, has abused or neglected a resident or an individual under his or her care or misappropriated property of a resident or an individual under his or her care, the Department shall notify the individual of this finding by certified mail sent to the address contained in the registry. The notice shall give the individual an opportunity to contest the finding in a hearing before the Department or to submit a written response to the findings in lieu of requesting a hearing. If, after a hearing or if the individual does not request a hearing, the Department finds that the individual abused a resident, neglected a resident, or misappropriated resident property in a facility, the finding shall be included as part of the registry as well as a clear and accurate summary from the individual, if he or she chooses to make such a statement. The

Department shall make the following information in the registry available to the public: an individual's full name; the date an individual successfully completed a nurse aide training or competency evaluation; and whether the Department has made a finding that an individual has been guilty of abuse or neglect of a resident or misappropriation of resident property. In the case of inquiries to the registry concerning an individual listed in the registry, any information disclosed concerning such a finding shall also include disclosure of the individual's statement in the registry relating to the finding or a clear and accurate summary of the statement.

The results of any fingerprint-based background check that is initiated with the Department as the requester shall be entered in the Health Care Worker Registry.

(g) As long as the employee has had a fingerprint-based criminal history record check required by this Act requested by the Department of Public Health and stays active on the Health Care Worker Registry, no further criminal history record checks are required necessary, as the Department of State Police shall notify the Department of Public Health of any additional convictions associated with the fingerprints previously submitted. Health care employers shall are required to check the Health Care Worker Registry before hiring an employee to determine that the individual has had a fingerprint-based record check required by this Act requested by the Department of Public Health and has no disqualifying convictions or has been granted a waiver pursuant to Section 40 of this Act. (3) That the applicant, if hired conditionally, may be terminated if the criminal records report indicates that the applicant has a record of a conviction of any of the criminal offenses enumerated in Section 25, unless the applicant obtains a waiver pursuant to Section 40 of this Act.

2. the identity of each county that has elected to participate in the manufacturer e-waste program during the program year;
3. for each county, the location of each program collection site and one-day collection event included in the manufacturer e-waste program for the program year;
4. the collector operating each program collection site and one-day collection event included in the manufacturer e-waste program for the program year;
5. the recyclers that manufacturers plan to use during the program year to transport and subsequently recycle residential CEDs under the program, with the updated list of recyclers to be provided to the Agency no later than December 1 preceding each program year; and
6. an explanation of any deviation by the program from the standard program collection site distribution set forth in subsection (a) of Section 1-15 of this Act for the program year, along with copies of all written agreements made pursuant to paragraphs (1) or (2) of subsection (b) of Section 1-15 for the program year.

(b) Within 60 days after receiving a manufacturer e-waste program plan, the Agency shall review the plan and approve the plan or disapprove the plan.

1. If the Agency determines that the program collection sites and one-day collection events specified in the plan will satisfy the convenience standard set forth in Section 1-15 of this Act, then the Agency shall approve the manufacturer e-waste program plan and provide written notification of the approval to the individual who serves as the point of contact for the manufacturer. The Agency shall post the approved plan on the Agency's website.
2. If the Agency determines the plan will not satisfy the convenience standard set forth in Section 1-15 of this Act, then the

Agency shall disapprove the manufacturer e-waste program plan and provide written notification of the disapproval and the reasons for the disapproval to the individual who serves as the point of contact for the manufacturer. Within 30 days after the date of disapproval, the individual who serves as the point of contact for the manufacturer shall submit a revised manufacturer e-waste program plan that addresses the deficiencies noted in the Agency's disapproval.

Section 1-30. Manufacturer registration.
(a) By April 1, 2018, and by April 1 of each year thereafter for the upcoming program year, beginning with program year 2019, each manufacturer who sells CEDs in the State must register with the Agency by: (i) submitting to the Agency a $3,000 registration fee; and (ii) completing and submitting to the Agency the registration form prescribed by the Agency. Information on the registration form shall include, without limitation, all of the following:

(1) a list of all of the brands and labels under which the manufacturer's CEDs are sold or offered for sale in the State; and

(2) the weight of all individual CEDs by category sold or offered for sale under any of the manufacturer's brands or labels in the United States during the calendar year 2 years before the applicable program year.

If, during a program year, any of the manufacturer's CEDs are sold or offered for sale in the State under a brand that is not listed in the manufacturer's registration, then, within 30 days after the first sale or offer for sale under that brand, the manufacturer must amend its registration to add the brand. All registration fees collected by the Agency pursuant to this Section shall be deposited into the Solid Waste Management Fund.

(b) The Agency shall post on its website a list of all registered manufacturers.

(c) Beginning in program year 2019, a manufacturer whose CEDs are sold or offered for sale in this State for the first time on or after April 1 of a program year must register with the Agency within 30 days after the date the CEDs are first sold or offered for sale in the State.

(d) Beginning in program year 2019, manufacturers shall ensure that only recyclers that have registered with the Agency and meet the recycler standards set forth in Section 1-40 are used to transport or recycle residential CEDs collected at any program collection site or one-day collection event.
(e) Beginning in program year 2019, no manufacturer may sell or offer for sale a CED in this State unless the manufacturer is registered and operates a manufacturer program either individually or as part of the manufacturer clearinghouse as required in this Act.

(f) Beginning in program year 2019, no manufacturer may sell or offer for sale a CED in this State unless the manufacturer's brand name is permanently affixed to, and is readily visible on, the CED.

Section 1-35. Retailer responsibilities.

(a) Beginning in program year 2019, no retailer who first sells, through a sales outlet, catalogue, or the Internet, a CED at retail to an individual for residential use may sell or offer for sale any CED in or for delivery into this State unless:

(1) the CED is labeled with a brand, and the label is permanently affixed and readily visible; and

(2) the manufacturer is registered with the Agency at the time the retailer purchases the CED.

(b) A retailer shall be considered to have complied with paragraphs (1) and (2) of subsection (a) if:

(1) a manufacturer registers with the agency within 30 days of a retailer taking possession of the manufacturer's CED;

(2) a manufacturer's registration expires and the retailer ordered the CED prior to the expiration, in which case the retailer may sell the CED, but only if the sale takes place within 180 days of the expiration; or

(3) a manufacturer is no longer conducting business and has no successor in interest the retailer may sell any orphan CED ordered prior to the discontinuation of business.

(c) Retailers shall not be considered collectors under the convenience standard and retail collection sites shall not be considered a collection site for the purposes of the convenience standard pursuant to Sections 1-10, 1-15, and 1-25 unless otherwise agreed to in writing by the retailer, operators of the manufacture e-waste program, and the county coordinator. If retailers agree to participate in a county program collection site, then the retailer collection site does not have to collect all CEDs or register as a collector.

(d) Manufacturers may use retail collection sites for satisfying some or all of their obligations pursuant to Sections 1-10, 1-15 and 1-25.

(e) Nothing in this Act shall prohibit a retailer from collecting a fee for each CED collected.

Section 1-40. Recycler responsibilities.

(a) By January 1, 2019, and by January 1 of each year thereafter for that program year, beginning with program year 2019, each recycler must register with the Agency by (i) submitting to the Agency a $3,000 registration fee and (ii) completing and submitting to the Agency the registration form prescribed by the Agency. The registration form prescribed by the Agency shall include, without limitation, the address of each location where the recycler manages residential CEDs. All registration fees collected by the Agency pursuant to this Section shall be deposited into the Solid Waste Management Fund.

(b) The Agency shall post on the Agency's website a list of all registered recyclers and the information requested by subsection (d) of Section 1-40.

(c) Beginning in program year 2019, no person may act as a recycler of residential CEDs for a manufacturer's e-waste program unless the recycler is registered with the Agency as required under this Section.

(d) Beginning in program year 2019, recyclers must, at a minimum, comply with all of the following:

1. Recyclers must comply with federal, State, and local laws and regulations, including federal and State minimum wage laws, specifically relevant to the handling, processing, and recycling of residential CEDs and must have proper authorization by all appropriate governing authorities to perform the handling, processing, and recycling.

2. Recyclers must implement the appropriate measures to safeguard occupational and environmental health and safety, through the following:

   (A) environmental health and safety training of personnel, including training with regard to material and equipment handling, worker exposure, controlling releases, and safety and emergency procedures;

   (B) an up-to-date, written plan for the identification and management of hazardous materials; and

   (C) an up-to-date, written plan for reporting and responding to exceptional pollutant releases, including emergencies such as accidents, spills, fires, and explosions.

3. Recyclers must maintain (i) commercial general liability insurance or the equivalent corporate guarantee for accidents and other emergencies with limits of not less than $1,000,000 per
occurrence and $1,000,000 aggregate and (ii) pollution legal liability insurance with limits not less than $1,000,000 per occurrence for companies engaged solely in the dismantling activities and $5,000,000 per occurrence for companies engaged in recycling.

(4) Recyclers must maintain on file documentation that demonstrates the completion of an environmental health and safety audit completed and certified by a competent internal and external auditor annually. A competent auditor is an individual who, through professional training or work experience, is appropriately qualified to evaluate the environmental health and safety conditions, practices, and procedures of the facility. Documentation of auditors' qualifications must be available for inspection by Agency officials and third-party auditors.

(5) Recyclers must maintain on file proof of workers' compensation and employers' liability insurance.

(6) Recyclers must provide adequate assurance, such as bonds or corporate guarantees, to cover environmental and other costs of the closure of the recycler's facility, including cleanup of stockpiled equipment and materials.

(7) Recyclers must apply due diligence principles to the selection of facilities to which components and materials, such as plastics, metals, and circuit boards, from residential CEDs are sent for reuse and recycling.

(8) Recyclers must establish a documented environmental management system that is appropriate in level of detail and documentation to the scale and function of the facility, including documented regular self-audits or inspections of the recycler's environmental compliance at the facility.

(9) Recyclers must use the appropriate equipment for the proper processing of incoming materials as well as controlling environmental releases to the environment. The dismantling operations and storage of residential CED components that contain hazardous substances must be conducted indoors and over impervious floors. Storage areas must be adequate to hold all processed and unprocessed inventory. When heat is used to soften solder and when residential CED components are shredded, operations must be designed to control indoor and outdoor hazardous air emissions.

(10) Recyclers must establish a system for identifying and properly managing components, such as circuit boards, batteries, cathode-ray tubes, and mercury phosphor lamps, that are removed from residential CEDs during disassembly. Recyclers must properly manage all hazardous and other components requiring special handling from residential CEDs consistent with federal, State, and local laws and regulations. Recyclers must provide visible tracking, such as hazardous waste manifests or bills of lading, of hazardous components and materials from the facility to the destination facilities and documentation, such as contracts, stating how the destination facility processes the materials received. No recycler may send, either directly or through intermediaries, hazardous wastes to solid non-hazardous waste landfills or to non-hazardous waste incinerators for disposal or energy recovery. For the purpose of these guidelines, smelting of hazardous wastes to recover metals for reuse in conformance with all applicable laws and regulations is not considered disposal or energy recovery.

(11) Recyclers must use a regularly implemented and documented monitoring and record-keeping program that tracks total inbound residential CED material weights and total subsequent outbound weights to each destination, injury and illness rates, and compliance with applicable permit parameters including monitoring of effluents and emissions. Recyclers must maintain contracts or other documents, such as sales receipts, suitable to demonstrate: (i) the reasonable expectation that there is a downstream market or uses for designated electronics, which may include recycling or reclamation processes such as smelting to recover metals for reuse; and (ii) that any residuals from recycling or reclamation processes, or both, are properly handled and managed to maximize reuse and recycling of materials to the extent practical.

(12) Recyclers must employ industry-accepted procedures for the destruction or sanitization of data on hard drives and other data storage devices. Acceptable guidelines for the destruction or sanitization of data are contained in the National Institute of Standards and Technology's Guidelines for Media Sanitation or those guidelines certified by the National Association for Information Destruction.

outside of the manufacturer program; and
(4) containers holding the CEDs must be structurally sound
for transportation.
   (e) Except as provided in subsection (f) of this Section, each
collector that operates a program collection site or one-day collection
event during a program year shall accept all residential CEDs that are
delivered to the program collection site or one-day collection event during
the program year.
   (f) No collector that operates a program collection site or one-day
collection event shall accept more than 7 residential CEDs from an
individual at any one time.

participating in county supervised collection programs may collect a fee
for each desktop computer monitor or television accepted for recycling to
cover costs for collection and preparation for bulk shipment or cover cost
for subsection (e) of Section 1-45.

(b) The penalties provided for in this Section may be recovered in a civil action brought in the name of the people of the State of Illinois by the State's Attorney of the county in which the violation occurred or by the Attorney General. Any penalties collected under this Section in an action in which the Attorney General has prevailed shall be deposited in the Environmental Protection Trust Fund, to be used in accordance with the provisions of the Environmental Trust Fund Act.

(c) The Attorney General or the State's Attorney of a county in which a violation occurs may institute a civil action for an injunction, prohibitory or mandatory, to restrain violations of this Act or to require such actions as may be necessary to address violations of this Act.

(d) A fine imposed by administrative citation pursuant to Section 1-55 of this Act shall be $1,000 per violation, plus any hearing costs incurred by the Illinois Pollution Control Board and the Agency. Such fines shall be made payable to the Environmental Protection Trust Fund to be used in accordance with the Environmental Protection Trust Fund Act.

(e) The penalties and injunctions provided in this Act are in addition to any penalties, injunctions, or other relief provided under any other law. Nothing in this Act bars a cause of action by the State for any other penalty, injunction, or other relief provided by any other law.

(f) A knowing violation of subsections (a), (b), or (c) of Section 1-83 of this Act by anyone other than a residential consumer is a petty offense punishable by a fine of $500. (c) If a petition for review is filed with the Board to contest an administrative citation issued under this Section, then the Agency shall appear as a complainant at a hearing before the Board to be conducted pursuant to subsection (d) of this Section at a time not less than 21 days after notice of the hearing has been sent by the Board to the Agency and the person named in the citation. In those hearings, the burden of proof shall be on the Agency. If, based on the record, the Board finds that the alleged violation occurred, then the Board shall adopt a final order, which shall include the administrative citation and findings of violation as alleged in the citation, and shall impose the penalty specified in subsection (d) of Section 1-50 of this Act. However, if the Board finds that the person appealing the citation has shown that the violation resulted from uncontrollable circumstances, then the Board shall adopt a final order that makes no finding of violation and imposes no penalty.

(5) $650 if not more than 10,000 cubic yards of non-hazardous solid waste is permanently disposed of at the site in a calendar year.

The corporate authorities of the unit of local government may use proceeds from the fee, tax, or surcharge to reimburse a highway commissioner whose road district lies wholly or partially within the corporate limits of the unit of local government for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

If the fees are to be used to conduct a local sanitary landfill inspection or enforcement program, the unit of local government must enter into a written delegation agreement with the Agency pursuant to subsection (r) of Section 4. The unit of local government and the Agency shall enter into such a written delegation agreement within 60 days after the establishment of such fees. At least annually, the Agency shall conduct
an audit of the expenditures made by units of local government from the funds granted by the Agency to the units of local government for purposes of local sanitary landfill inspection and enforcement programs, to ensure that the funds have been expended for the prescribed purposes under the grant.

The fees, taxes or surcharges collected under this subsection (j) shall be placed by the unit of local government in a separate fund, and the interest received on the moneys in the fund shall be credited to the fund. The monies in the fund may be accumulated over a period of years to be expended in accordance with this subsection.

A unit of local government, as defined in the Local Solid Waste Disposal Act, shall prepare and distribute to the Agency, in April of each year, a report that details spending plans for monies collected in accordance with this subsection. The report will at a minimum include the following:

(1) The total monies collected pursuant to this subsection.
(2) The most current balance of monies collected pursuant to this subsection.
(3) An itemized accounting of all monies expended for the previous year pursuant to this subsection.
(4) An estimation of monies to be collected for the following 3 years pursuant to this subsection.
(5) A narrative detailing the general direction and scope of future expenditures for one, 2 and 3 years.

The exemptions granted under Sections 22.16 and 22.16a, and under subsection (k) of this Section, shall be applicable to any fee, tax or surcharge imposed under this subsection (j); except that the fee, tax or surcharge authorized to be imposed under this subsection (j) may be made applicable by a unit of local government to the permanent disposal of solid waste after December 31, 1986, under any contract lawfully executed before June 1, 1986 under which more than 150,000 cubic yards (or 50,000 tons) of solid waste is to be permanently disposed of, even though the waste is exempt from the fee imposed by the State under subsection (b) of this Section pursuant to an exemption granted under Section 22.16.

(k) In accordance with the findings and purposes of the Illinois Solid Waste Management Act, beginning January 1, 1989 the fee under subsection (b) and the fee, tax or surcharge under subsection (j) shall not apply to:

(1) Waste which is hazardous waste; or

New matter indicated by italics - deletions by strikeout
(2) Waste which is pollution control waste; or  
(3) Waste from recycling, reclamation or reuse processes which have been approved by the Agency as being designed to remove any contaminant from wastes so as to render such wastes reusable, provided that the process renders at least 50% of the waste reusable; or  
(4) Non-hazardous solid waste that is received at a sanitary landfill and composted or recycled through a process permitted by the Agency; or  
(5) Any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste.

Section 5-15. The Electronic Products Recycling and Reuse Act is amended by changing Sections 15, 20, 30, 40, 50, 55, 60, and 85 and by adding Section 100 as follows:

(415 ILCS 150/15)

Sec. 15. Statewide recycling and reuse goals for all covered electronic devices.

(a) For program year 2010, the statewide recycling or reuse goal for all CEDs is the product of: (i) the latest population estimate for the State, as published on the U.S. Census Bureau's website on January 1, 2010; multiplied by (ii) 2.5 pounds per capita.

(b) For program year 2011, the statewide recycling or reuse goal for all CEDs is the product of: (i) the 2010 base weight; multiplied by (ii) the 2010 goal attainment percentage.

For the purposes of this subsection (b):

The "2010 base weight" means the greater of: (i) twice the total weight of all CEDs that were recycled or processed for reuse between January 1, 2010 and June 30, 2010 as reported to the Agency under subsection (i) or (j) of Section 30; or (ii) twice the total weight of all CEDs that were recycled or processed for reuse between January 1, 2010 and June 30, 2010 as reported to the Agency under subsection (c) of Section 55.

The "2010 goal attainment percentage" means:

(1) 90% if the 2010 base weight is less than 90% of the statewide recycling or reuse goal for program year 2010;  
(2) 95% if the 2010 base weight is 90% or greater, but does not exceed 95%, of the statewide recycling or reuse goal for program year 2010;

New matter indicated by italics - deletions by strikeout
(3) 100% if the 2010 base weight is 95% or greater, but does not exceed 105%, of the statewide recycling or reuse goal for program year 2010;
(4) 105% if the 2010 base weight is 105% or greater, but does not exceed 110%, of the statewide recycling or reuse goal for program year 2010; and
(5) 110% if the 2010 base weight is 110% or greater of the statewide recycling or reuse goal for program year 2010.

(c) For program year 2012 and for each of the following categories of electronic devices, each manufacturer shall recycle or reuse at least 40% of the total weight of the electronic devices that the manufacturer sold in that category in Illinois during the calendar year beginning January 1, 2010: computers, monitors, televisions, printers, electronic keyboards, facsimile machines, video cassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, and small-scale servers. To determine the manufacturer's annual recycling or reuse goal, the manufacturer shall use its own Illinois sales data or its own national sales data proportioned to Illinois' share of the U.S. population, based on the U.S. Census population estimate for 2009.

(c-5) For program year 2013 and program year 2014 and for each of the following categories of electronic devices, each manufacturer shall recycle or reuse at least 50% of the total weight of the electronic devices that the manufacturer sold in that category in Illinois during the calendar year 2 years before the applicable program year: computers, monitors, televisions, printers, electronic keyboards, facsimile machines, video cassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, and small-scale servers.

To determine the manufacturer's annual recycling or reuse goal, the manufacturer shall use its own Illinois sales data or its own national sales data proportioned to Illinois' share of the U.S. population, based on the most recent U.S. Census data.

(c-6) For program year 2015, the total annual recycling goal for all manufacturers shall be as follows:

(1) 30,800,000 pounds for manufacturers of televisions and computer monitors; and

New matter indicated by italics - deletions by strikeout
(2) 15,800,000 pounds for manufacturers of all other covered electronic devices.
For program year 2016 and program year 2017 and program year 2018, the total annual recycling goal for all manufacturers shall be as follows:

(1) 34,000,000 pounds for manufacturers of televisions and computer monitors; and
(2) 15,600,000 pounds for manufacturers of all other covered electronic devices.

An individual manufacturer's annual recycling goal for televisions, computer monitors, and all other covered electronic devices shall be in proportion to the manufacturer's market share of those product types sold in Illinois during the calendar year 2 years before the applicable program year.

For program year 2018 and thereafter, and for each of the following categories of electronic devices, each manufacturer shall recycle or reuse at least 50% of the total weight of the electronic devices that the manufacturer sold in that category in Illinois during the calendar year 2 years before the applicable program year: computers, monitors, televisions, printers, electronic keyboards, facsimile machines, video cassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, and small-scale servers.

To determine the manufacturer's annual recycling or reuse goal for program year 2018 and thereafter, the manufacturer shall use its own Illinois sales data or its own national sales data proportioned to Illinois' share of the U.S. population, based on the most recent U.S. census data.

(d) In order to further the policy of the State of Illinois to reduce the environmental and economic impacts of transporting and managing cathode-ray tube (CRT) glass, and to support (i) the beneficial use of CRTs in accordance with beneficial use determinations issued by the Agency under Section 22.54 of the Environmental Protection Act and (ii) the storage of CRTs in retrievable storage cells at locations within the State for future recovery, the total weight of a CRT device, prior to processing, may be applied toward the manufacturer's annual recycling or reuse goal, provided that:

(1) all recyclable components are removed from the device; and
(2) the glass from the device is either:
   (A) beneficially reused in accordance with a beneficial use determination issued under Section 22.54 of the Environmental Protection Act; or
   (B) placed in a storage cell, in a manner that allows it to be retrieved in the future, at a waste disposal site that is permitted to accept the glass.

In those hearings, the burden of proof shall be on the Agency or unit of local government. If, based on the record, the Board finds that the alleged violation occurred, it shall adopt a final order, which shall include the administrative citation and findings of violation as alleged in the citation, and shall impose the penalty specified in Section 80 of this Act. However, if the Board finds that the person appealing the citation has shown that the violation resulted from uncontrollable circumstances, the Board shall adopt a final order that makes no finding of violation and imposes no penalty.

(n) All hearings under this Act shall be held before a qualified hearing officer, who may be attended by one or more members of the Board, designated by the Chairman. All of these hearings shall be open to the public, and any person may submit written statements to the Board in connection with the subject of these hearings. under a new brand that is not listed in the manufacturer's registration, then, within 30 days after the first sale or offer for sale under the new brand, the manufacturer must amend its registration to add the new brand.

(b) Prior to July 1, 2009 for the first program year, and by the November 1 preceding each program year thereafter, through program year 2018, years 2011 and later, all manufacturers whose computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, or small-scale servers are offered for sale in the State shall submit to the Agency, at an address prescribed by the Agency, the registration fee for the next program year. The registration fee for program year 2010 is $5,000. The registration fee for program year 2011 is $5,000, increased by the applicable inflation factor as described below. In program year 2012, if, in program year 2011, a manufacturer sold 250 or fewer of the aforementioned electronic devices in the State, then the registration fee for that manufacturer is $1,250. In each program year after 2012, if, in the preceding program year, a manufacturer sold 250 or fewer of the aforementioned electronic devices in the State, then the registration fee is the fee that applied in the previous year to manufacturers that sold that number of the aforementioned electronic devices, increased by the applicable inflation factor as described below. In program year 2012, if, in the preceding program year a manufacturer sold 251 or more of the aforementioned electronic devices in the State, then the registration fee for that manufacturer is $5,000. In each program year after 2012 through program year 2018, if, in the preceding program year, a manufacturer sold 251 or more of the aforementioned electronic devices in the State, then the registration fee is the fee that applied in the previous year to manufacturers that sold that number of the aforementioned electronic devices, increased by the applicable inflation factor as described below. For program year 2011, program year 2013, and each program year thereafter, through program year 2018, the applicable registration fee is increased each year by an inflation factor determined by the annual Implicit Price Deflator for Gross National Product, as published by the U.S. Department of Commerce in its Survey of Current Business. The inflation factor must be calculated each year by dividing the latest published annual Implicit Price Deflator for Gross National Product by the annual Implicit Price Deflator for Gross National Product for the previous year. The inflation factor must

be rounded to the nearest 1/100th, and the resulting registration fee must be rounded to the nearest whole dollar. No later than October 1 of each program year, through October 1, 2017, the Agency shall post on its website the registration fee for the next program year.

(c) Through program year 2018, a manufacturer whose computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, or small-scale servers are sold or offered for sale in this State on or after January 1 of a program year must register with the Agency within 30 days after the first sale or offer for sale in accordance with subsection (a) of this Section and submit the registration fee required under subsection (b) of this Section prior to the aforementioned electronic devices being sold or offered for sale.

(d) Through program year 2018, each manufacturer shall recycle or process for reuse CEDs and EEDs whose total weight equals or exceeds the manufacturer's individual recycling and reuse goal set forth in Section 15 of this Act. Individual consumers shall not be charged a fee when bringing their CEDs and EEDs to collection locations, unless a financial incentive of equal or greater value, such as a coupon, is provided. Collectors may charge a fee for premium services such as curbside collection, home pick-up, or a similar method of collection.

When determining whether a manufacturer has met or exceeded its individual recycling and reuse goal set forth in Section 15 of this Act, all of the following adjustments must be made:

1. The total weight of CEDs processed by the manufacturer, its recyclers, or its refurbishers for reuse is doubled.

2. The total weight of CEDs is tripled if they are donated for reuse by the manufacturer to a primary or secondary public education institution the majority of whose students are considered low income or developmentally disabled or to low-income children or families or to assist the developmentally disabled in Illinois. This subsection applies only to CEDs for which the manufacturer has received a written confirmation that the recipient has accepted the donation. Copies of all written confirmations must be submitted in the annual report required under Section 30.

3. The total weight of CEDs collected by manufacturers free of charge in underserved counties is doubled. This subsection

applies only to CEDs that are documented by collectors as being collected or received free of charge in underserved counties. This documentation must include, without limitation, the date and location of collection or receipt, the weight of the CEDs collected or received, and an acknowledgement by the collector that the CEDs were collected or received free of charge. Copies of the documentation must be submitted in the annual report required under subsection (h), (i), (j), (k), or (l) of Section 30.

(4) If an entity (i) collects, recycles, or refurbishes CEDs for a manufacturer, (ii) qualifies for non-profit status under Section 501(c)(3) of the Internal Revenue Code of 1986, and (iii) at least 75% of its employees are developmentally disabled, then the total weight of CEDs will be tripled. A manufacturer that uses such a recycler or refurbisher shall submit documentation in the annual report required under Section 30 identifying the name, location, and length of service of the entity that qualifies for credit under this subsection.

(e) (Blank).

(f) Through program year 2018, manufacturers shall ensure that only recyclers and refurbishers that have registered with the Agency are used to meet the individual recycling and reuse goals set forth in this Act.

(g) Through program year 2018, manufacturers shall ensure that the recyclers and refurbishers used to meet the individual recycling and reuse goals set forth in this Act shall, at a minimum, comply with the standards set forth under subsection (d) of Section 50 of this Act. By November 1, 2011 and every November 1 thereafter, through November 1, 2017, manufacturers shall submit a document, as prescribed by the Agency, listing each registered recycler and refurbisher that will be used to meet the manufacturer's annual CED recycling and reuse goal and certifying that those recyclers or refurbishers comply with the standards set forth in subsection (d) of Section 50.

(h) By September 1, 2012 and every September 1 thereafter, through September 1, 2017, manufacturers of computers, computer monitors, printers, televisions, electronic keyboards, facsimile machines, videocassette recorders, portable digital music players, digital video disc players, video game consoles, electronic mice, scanners, digital converter boxes, cable receivers, satellite receivers, digital video disc recorders, or small-scale servers shall submit to the Agency, in the form and manner

Sec. 50. Recycler and refurbisher registration.

(a) Prior to January 1 of each program year, through program year 2018, each recycler and refurbisher must register with the Agency and submit a registration fee pursuant to subsection (b) for that program year. Registration must be on forms and in a format prescribed by the Agency and shall include, but not be limited to, the address of each location where the recycler or refurbisher manages CEDs or EEDs and identification of each location at which the recycler or refurbisher accepts CEDs or EEDs from a residence.

(b) The registration fee for program year 2010 is $2,000. For program year 2011, if a recycler's or refurbisher's annual combined total weight of CEDs and EEDs is less than 1,000 tons per year, the registration fee shall be $500. For program year 2012 and for all subsequent program years, through program year 2018, both registration fees shall be increased each year by an inflation factor determined by the annual Implicit Price Deflator for Gross National Product as published by the U.S. Department of Commerce in its Survey of Current Business. The inflation factor must be calculated each year by dividing the latest published annual Implicit Price Deflator for Gross National Product by the annual Implicit Price Deflator for Gross National Product for the previous year. The inflation factor must be rounded to the nearest 1/100th, and the resulting registration fee must be rounded to the nearest whole dollar. No later than October 1 of each program year, through October 1, 2017, the Agency shall post on its website the registration fee for the next program year.

(c) Through program year 2018, no person may act as a recycler or a refurbisher of CEDs for a manufacturer obligated to meet goals under this Act unless the recycler or refurbisher is registered with the

New matter indicated by italics - deletions by strikeout
Agency and has paid the registration fee as required under this Section. Beginning in program year 2016, and through program year 2018, all recycling or refurbishing facilities used by collectors of CEDs and EEDs shall be accredited by the Responsible Recycling (R2) Practices or e-Stewards certification programs or any other equivalent certification programs recognized by the United States Environmental Protection Agency. Manufacturers of CEDs and EEDs shall ensure that recycling or refurbishing facilities used as part of their recovery programs meet this requirement.

(c-5) Through program year 2018, a *registered recycler or refurbisher of CEDs and EEDs for a manufacturer obligated to meet goals under this Act may not charge individual consumers or units of local government acting as collectors a fee to recycle or refurbish CEDs and EEDs, unless the recycler or refurbisher provides (i) a financial incentive, such as a coupon, that is of greater or equal value to the fee being charged or (ii) premium service, such as curbside collection, home pick-up, or similar methods of collection. Local units of government serving as collectors of CEDs and EEDs shall not charge a manufacturer for collection costs and shall offer the manufacturer or its representative all CEDs and EEDs collected by the local government at no cost. Nothing in this Act requires a local unit of government to serve as a collector.

(c-10) Nothing in this Act prohibits any waste hauler from entering into a contractual agreement with a unit of local government to establish a collection program for the recycling or reuse of CEDs or EEDs, including services such as curbside collection, home pick-up, drop-off locations, or similar methods of collection.

(d) Through program year 2018, recyclers and refurbishers must, at a minimum, comply with all of the following:

1. Recyclers and refurbishers must comply with federal, State, and local laws and regulations, including federal and State minimum wage laws, specifically relevant to the handling, processing, refurbishing and recycling of residential CEDs and must have proper authorization by all appropriate governing authorities to perform the handling, processing, refurbishment, and recycling.

2. Recyclers and refurbishers must implement the appropriate measures to safeguard occupational and environmental health and safety, through the following:

   New matter indicated by italics - deletions by strikeout
(A) environmental health and safety training of personnel, including training with regard to material and equipment handling, worker exposure, controlling releases, and safety and emergency procedures;

(B) an up-to-date, written plan for the identification and management of hazardous materials; and

(C) an up-to-date, written plan for reporting and responding to exceptional pollutant releases, including emergencies such as accidents, spills, fires, and explosions.

(3) Recyclers and refurbishers must maintain (i) commercial general liability insurance or the equivalent corporate guarantee for accidents and other emergencies with limits of not less than $1,000,000 per occurrence and $1,000,000 aggregate and (ii) pollution legal liability insurance with limits not less than $1,000,000 per occurrence for companies engaged solely in the dismantling activities and $5,000,000 per occurrence for companies engaged in recycling.

(4) Recyclers and refurbishers must maintain on file documentation that demonstrates the completion of an environmental health and safety audit completed and certified by a competent internal and external auditor annually. A competent auditor is an individual who, through professional training or work experience, is appropriately qualified to evaluate the environmental health and safety conditions, practices, and procedures of the facility. Documentation of auditors' qualifications must be available for inspection by Agency officials and third-party auditors.

(5) Recyclers and refurbishers must maintain on file proof of workers' compensation and employers' liability insurance.

(6) Recyclers and refurbishers must provide adequate assurance (such as bonds or corporate guarantee) to cover environmental and other costs of the closure of the recycler or refurbisher's facility, including cleanup of stockpiled equipment and materials.

(7) Recyclers and refurbishers must apply due diligence principles to the selection of facilities to which components and materials (such as plastics, metals, and circuit boards) from CEDs and EEDs are sent for reuse and recycling.

New matter indicated by italics - deletions by strikeout
(8) Recyclers and refurbishers must establish a documented environmental management system that is appropriate in level of detail and documentation to the scale and function of the facility, including documented regular self-audits or inspections of the recycler or refurbisher's environmental compliance at the facility.

(9) Recyclers and refurbishers must use the appropriate equipment for the proper processing of incoming materials as well as controlling environmental releases to the environment. The dismantling operations and storage of CED and EED components that contain hazardous substances must be conducted indoors and over impervious floors. Storage areas must be adequate to hold all processed and unprocessed inventory. When heat is used to soften solder and when CED and EED components are shredded, operations must be designed to control indoor and outdoor hazardous air emissions.

(10) Recyclers and refurbishers must establish a system for identifying and properly managing components (such as circuit boards, batteries, CRTs, and mercury phosphor lamps) that are removed from CEDs and EEDs during disassembly. Recyclers and refurbishers must properly manage all hazardous and other components requiring special handling from CEDs and EEDs consistent with federal, State, and local laws and regulations. Recyclers and refurbishers must provide visible tracking (such as hazardous waste manifests or bills of lading) of hazardous components and materials from the facility to the destination facilities and documentation (such as contracts) stating how the destination facility processes the materials received. No recycler or refurbisher may send, either directly or through intermediaries, hazardous wastes to solid waste (non-hazardous waste) landfills or to non-hazardous waste incinerators for disposal or energy recovery. For the purpose of these guidelines, smelting of hazardous wastes to recover metals for reuse in conformance with all applicable laws and regulations is not considered disposal or energy recovery.

(11) Recyclers and refurbishers must use a regularly implemented and documented monitoring and record-keeping program that tracks inbound CED and EED material weights (total) and subsequent outbound weights (total to each destination), injury and illness rates, and compliance with applicable permit

New matter indicated by italics - deletions by strikeout
parameters including monitoring of effluents and emissions. Recyclers and refurbishers must maintain contracts or other documents, such as sales receipts, suitable to demonstrate: (i) the reasonable expectation that there is a downstream market or uses for designated electronics (which may include recycling or reclamation processes such as smelting to recover metals for reuse); and (ii) that any residuals from recycling or reclamation processes, or both, are properly handled and managed to maximize reuse and recycling of materials to the extent practical.

(12) Recyclers and refurbishers must comply with federal and international law and agreements regarding the export of used products or materials. In the case of exports of CEDs and EEDs, recyclers and refurbishers must comply with applicable requirements of the U.S. and of the import and transit countries and must maintain proper business records documenting its compliance. No recycler or refurbisher may establish or use intermediaries for the purpose of circumventing these U.S. import and transit country requirements.

(13) Recyclers and refurbishers that conduct transactions involving the transboundary shipment of used CEDs and EEDs shall use contracts (or the equivalent commercial arrangements) made in advance that detail the quantity and nature of the materials to be shipped. For the export of materials to a foreign country (directly or indirectly through downstream market contractors): (i) the shipment of intact televisions and computer monitors destined for reuse must include only whole products that are tested and certified as being in working order or requiring only minor repair (e.g. not requiring the replacement of circuit boards or CRTs), must be destined for reuse with respect to the original purpose, and the recipient must have verified a market for the sale or donation of such product for reuse; (ii) the shipments of CEDs and EEDs for material recovery must be prepared in a manner for recycling, including, without limitation, smelting where metals will be recovered, plastics recovery and glass-to-glass recycling; or (iii) the shipment of CEDs and EEDs are being exported to companies or facilities that are owned or controlled by the original equipment manufacturer.

(14) Recyclers and refurbishers must maintain the following export records for each shipment on file for a minimum
of 3 years: (i) the facility name and the address to which shipment is exported; (ii) the shipment contents and volumes; (iii) the intended use of contents by the destination facility; (iv) any specification required by the destination facility in relation to shipment contents; (v) an assurance that all shipments for export, as applicable to the CED manufacturer, are legal and satisfy all applicable laws of the destination country.

(15) Recyclers and refurbishers must employ industry-accepted procedures for the destruction or sanitization of data on hard drives and other data storage devices. Acceptable guidelines for the destruction or sanitization of data are contained in the National Institute of Standards and Technology's Guidelines for Media Sanitation or those guidelines certified by the National Association for Information Destruction;

(16) No recycler or refurbisher may employ prison labor in any operation related to the collection, transportation, recycling, and refurbishment of CEDs and EEDs. No recycler or refurbisher may employ any third party that uses or subcontracts for the use of prison labor.

Registration must be in the form and manner required by the Agency and must include, without limitation, the address of each location where CEDs or EEDs are received and the identification of each location at which the collector accepts CEDs or EEDs from a residence. (3) The address of each collector's facility where the CEDs and EEDs were collected or received. Each facility address must include the county in which the facility is located.

(e) Through program year 2018, collectors may accept no more than 10 CEDs or EEDs at one time from individual members of the public and, when scheduling collection events, shall provide no fewer than 30 days' notice to the county waste agency of those events.

(d-6) When a defendant seeks dismissal of the charge upon the grounds set forth in subsection (a)(2) of this Section, the prosecution shall have the burden of proving, by a preponderance of the evidence, that the prosecution of the offense is not barred by Sections 3-3 through 3-8 of the Criminal Code of 2012.

(e) Dismissal of the charge upon the grounds set forth in subsections (a)(4) through (a)(11) of this Section shall not prevent the return of a new indictment or the filing of a new charge, and upon such dismissal the court may order that the defendant be held in custody or, if the defendant had been previously released on bail, that the bail be continued for a specified time pending the return of a new indictment or the filing of a new charge.

(h) In determining the appropriate civil penalty to be imposed under subdivisions (a), (b)(1), (b)(2), (b)(3), or (b)(5) of this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency;
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform; and
8. whether the respondent has successfully completed a Compliance Commitment Agreement under subsection (a) of Section 31 of this Act to remedy the violations that are the subject of the complaint.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty

New matter indicated by italics - deletions by strikeout
would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be off-set in whole or in part pursuant to a supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

(1) that either the regulated entity is a small entity or the non-compliance was discovered through an environmental audit or a compliance management system documented by the regulated entity as reflecting the regulated entity's due diligence in preventing, detecting, and correcting violations;

(2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;

(3) that the non-compliance was discovered and disclosed prior to:

   (i) the commencement of an Agency inspection, investigation, or request for information;
   (ii) notice of a citizen suit;
   (iii) the filing of a complaint by a citizen, the Illinois Attorney General, or the State's Attorney of the county in which the violation occurred;
   (iv) the reporting of the non-compliance by an employee of the person without that person's knowledge; or
   (v) imminent discovery of the non-compliance by the Agency;

(4) that the non-compliance is being corrected and any environmental harm is being remediated in a timely fashion;

(5) that the person agrees to prevent a recurrence of the non-compliance;

(6) that no related non-compliance events have occurred in the past 3 years at the same facility or in the past 5 years as part of a pattern at multiple facilities owned or operated by the person;

(7) that the non-compliance did not result in serious actual harm or present an imminent and substantial endangerment to human health or the environment or violate the specific terms of any judicial or administrative order or consent agreement;

New matter indicated by italics - deletions by strikeout
(8) that the person cooperates as reasonably requested by the Agency after the disclosure; and
(9) that the non-compliance was identified voluntarily and not through a monitoring, sampling, or auditing procedure that is required by statute, rule, permit, judicial or administrative order, or consent agreement.

If a person can establish all of the elements under this subsection except the element set forth in paragraph (1) of this subsection, the person is entitled to a 75% reduction in the portion of the penalty that is not based upon the economic benefit of non-compliance.

For the purposes of this subsection (i), "small entity" has the same meaning as in Section 221 of the federal Small Business Regulatory Enforcement Fairness Act of 1996 (5 U.S.C. 601).

(j) In addition to any other remedy or penalty that may apply, whether civil or criminal, any person who violates Section 22.52 of this Act shall be liable for an additional civil penalty of up to 3 times the gross amount of any pecuniary gain resulting from the violation.

(k) In addition to any other remedy or penalty that may apply, whether civil or criminal, any person who violates subdivision (a)(7.6) of Section 31 of this Act shall be liable for an additional civil penalty of $2,000.

The Department shall have full power to administer and enforce this Section; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. The issuance of the drive-away permit or having the out-of-state registration plates to be transferred is prima facie evidence that the motor vehicle will not be titled in this State.

(25-5) The exemption under item (25) does not apply if the state in which the motor vehicle will be titled does not allow a reciprocal exemption for a motor vehicle sold and delivered in that state to an Illinois resident but titled in Illinois. The tax collected under this Act on the sale of a motor vehicle in this State to a resident of another state that does not allow a reciprocal exemption shall be imposed at a rate equal to the state's rate of tax on taxable property in the state in which the purchaser is a resident, except that the tax shall not exceed the tax that would otherwise be imposed under this Act. At the time of the sale, the purchaser shall execute a statement, signed under penalty of perjury, of his or her intent to title the vehicle in the state in which the purchaser is a resident within 30 days after the sale and of the fact of the payment to the State of Illinois of tax in an amount equivalent to the state's rate of tax on taxable property in his or her state of residence and shall submit the statement to the

of the vehicle from this state following the filing of an intent to title the
vehicle in the purchaser's state of residence if the purchaser titles the
vehicle in his or her state of residence within 30 days after the date of sale.
The tax collected under this Act in accordance with this item (25-5) shall
be proportionately distributed as if the tax were collected at the 6.25%
general rate imposed under this Act.

91.407;

(2) the aircraft is not based or registered in this State after
the sale of the aircraft; and

(3) the seller retains in his or her books and records and
provides to the Department a signed and dated certification from
the purchaser, on a form prescribed by the Department, certifying
that the requirements of this item (25-7) are met. The certificate
must also include the name and address of the purchaser, the

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly May 30, 2017
AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Notary Public Act is amended by adding Section 1-105 as follows:

(5 ILCS 312/1-105 new)

(a) The General Assembly finds and declares that:

(1) As more and more citizens throughout the State of Illinois rely on electronic devices they also increasingly depend on electronic documentation. Any assertion that e-mails or word processing documents are necessarily "informal and not legally binding" has been dispelled by national legislation such as the federal "E-Sign" law in 2000 and the Uniform Electronic Transactions Act, which has been virtually universally adopted throughout the United States. Increasingly, laws have bestowed upon electronic documents the same legal effect as paper instruments.

(2) Moreover, institutions, businesses, and commerce have gradually put more of their faith in electronic commerce and information technology in order to facilitate formal and informal interactions that are oftentimes mission-critical and sensitive. In order to meet the growing demand for electronic commerce that is both convenient and secure, understanding the processes and technology is critical and the need for an electronic or remote notarization - the process of notarizing a signature on an electronic document by electronic methods - is becoming a necessity.

(b) As used in this Section, "Task Force" means the Notarization Task Force on Best Practices and Verification Standards to Implement Electronic Notarization.

(c) There is created a Notarization Task Force on Best Practices and Verification Standards to Implement Electronic Notarization to review and report on national standards for best practices in relation to electronic notarization, including security concerns and fraud prevention.

New matter indicated by italics - deletions by strikeout
The goal of the Task Force is to investigate and provide recommendations on national and State initiatives to implement electronic notarization in such a manner that increases the availability to notary public services, protects consumers, and maintains the integrity of the notarization seal and signature.

(d) The Task Force’s report shall include, but not be limited to, standards for an electronic signature, including encryption and decryption; the application process for electronic notarial commission; and the training of notaries on electronic notarization standards and best practices prior to the commission of an electronic notary's electronic signature. The report shall also evaluate and make a recommendation on fees for notary application and commission, on which documents and acts can be attested to by electronic notaries, and on security measures that will protect the integrity of the electronic notary's electronic signature, as well as standards that the Secretary of State may rely upon for revoking an electronic notarization. The report must make a recommendation on whether and to what extent this Act should be expanded and updated.

(e) The Task Force shall meet no less than 5 times between the effective date of this amendatory Act of the 100th General Assembly and December 31, 2019. The Task Force shall prepare a report that summarizes its work and makes recommendations resulting from its review. The Task Force shall submit the report of its findings and recommendations to the Governor and the General Assembly no later than June 30, 2020.

(f) The Task Force shall consist of the following 17 members:
   (1) one member appointed by the Secretary of State from the Index Department of the Office of the Secretary of State;
   (2) one member appointed by the Secretary of State from the Department of Information Technology of the Office of the Secretary of State;
   (3) one member appointed by the President of the Senate;
   (4) one member appointed by the Minority Leader of the Senate;

(11) one member appointed by the Secretary of State from nominations made by a statewide organization representing bankers;

(12) one member appointed by the Secretary of State from nominations made by a statewide organization representing community bankers;

(13) one member appointed by the Secretary of State from nominations made by a statewide organization representing credit unions;

(14) one member appointed by the Secretary of State from nominations made by a statewide organization representing corporate fiduciaries;

(16) one member appointed by the Secretary of State from nominations made by a statewide organization representing realtors; and

(17) one member appointed by the Secretary of State from nominations made by a statewide chapter of a national organization representing elder law attorneys.

(g) The Secretary of State shall designate which member shall serve as chairperson and facilitate the Task Force. The members of the Task Force shall be appointed no later than 90 days after the effective date of this amendatory Act of the 100th General Assembly. Vacancies in the membership of the Task Force shall be filled in the same manner as the original appointment. The members of the Task Force shall not receive compensation for serving as members of the Task Force.

Ballots cast by persons who register or change address during the grace period at a location other than their designated polling place on election day must be transmitted to and counted at the election authority's central ballot counting location and shall not be transmitted to and counted at precinct polling places. Sec. 6-100. Grace period. Notwithstanding any other provision of this Code to the contrary, each election authority shall establish procedures for the registration of voters and for change of address during the period from the close of registration for an election until and including the day of the election. During this grace period, an unregistered qualified elector may register to vote, and a registered voter may submit a change of address form, in person in the office of the election authority, at a permanent polling place established under Section 19A-10, at any other early voting site beginning 15 days prior to the election, at a polling place on election day, or at a voter registration location specifically designated for this purpose by the election authority. Grace period registration and changes of address shall also be conducted for eligible residents in connection with voting at facilities under Section 19-12.2 of this Code. The election authority shall register that individual, or change a registered voter's address, in the same manner as otherwise provided by this Article for registration and change of address.

If a voter who registers or changes address during this grace period wishes to vote at the election or primary occurring during the grace period. The election authority shall offer in-person grace period voting at the authority's office, any permanent polling place established under Section 19A-10, and at any other early voting site beginning 15 days prior to the election, at a polling place on election day, where grace period registration is required by this Section; and may offer in-person grace period voting at additional hours and locations specifically designated for the purpose of grace period voting by the election authority. The election authority may allow grace period voting by mail only if the election authority has no ballots prepared at the authority's office. Grace period voting shall be in a manner substantially similar to voting under Article 19A.

Within one day after a voter casts a grace period ballot, or within one day after the ballot is received by the election authority if the election authority allows grace period voting by mail, the election authority shall transmit by electronic means pursuant to a process established by the State Board of Elections the voter's name, street address, e-mail address, and precinct, ward, township, and district numbers, as the case may be, to the State Board of Elections, which shall maintain those names and that information in an electronic format on its website, arranged by county and accessible to State and local political committees. The name of each person issued a grace period ballot shall also be placed on the appropriate

New matter indicated by italics - deletions by strikeout
precinct list of persons to whom vote by mail and early ballots have been issued, for use as provided in Sections 17-9 and 18-5.

A person who casts a grace period ballot shall not be permitted to revoke that ballot and vote another ballot with respect to that primary or election. Ballots cast by persons who register or change address during the grace period at a location other than their designated polling place on election day must be transmitted to and counted at the election authority's central ballot counting location and shall not be transmitted to and counted at precinct polling places. The grace period ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

In counties with a population of less than 100,000 that do not have electronic poll books, the election authority may opt out of registration in the polling place if the election authority establishes grace period registration and voting at other sites on election day at the following sites: (i) the election authority's main office and (ii) a polling place in each municipality where 20% or more of the county's residents reside if the election authority's main office is not located in that municipality. The election authority may establish other grace period registration and voting sites on election day provided that the election authority has met the notice requirements of Section 19A-25 for permanent and temporary early voting sites.

(105 ILCS 5/14-13.01) (from Ch. 122, par. 14-13.01)

Sec. 14-13.01. Reimbursement payable by State; amounts for personnel and transportation.

(a) For staff working on behalf of children who have not been identified as eligible for special education and for eligible children with physical disabilities, including all eligible children whose placement has been determined under Section 14-8.02 in hospital or home instruction, 1/2 of the teacher's salary but not more than $1,000 annually per child or $9,000 per teacher, whichever is less. A child qualifies for home or hospital instruction if it is anticipated that, due to a medical condition, the child will be unable to attend school, and instead must be instructed at home or in the hospital, for a period of 2 or more consecutive weeks or on an ongoing intermittent basis. For purposes of this Section, "ongoing intermittent basis" means that the child's medical condition is of such a nature or severity that it is anticipated that the child will be absent from school due to the medical condition for periods of at least 2 days at a time multiple times during the school year totaling at least 10 days or more of absences. There shall be no requirement that a child be absent from school a minimum number of days before the child qualifies for home or hospital instruction. In order to establish eligibility for home or hospital services, a student's parent or guardian must submit to the child's school district of residence a written statement from a physician licensed to practice medicine in all of its branches, a licensed physician assistant, or a licensed advanced practice nurse stating the existence of such medical condition, the impact on the child's ability to participate in education, and the anticipated duration or nature of the child's absence from school. Home or hospital instruction may commence upon receipt of a written

physician's, physician assistant's, or advanced practice nurse's statement in accordance with this Section, but instruction shall commence not later than 5 school days after the school district receives the physician's, physician assistant's, or advanced practice nurse's statement. Special education and related services required by the child's IEP or services and accommodations required by the child's federal Section 504 plan must be implemented as part of the child's home or hospital instruction, unless the IEP team or federal Section 504 plan team determines that modifications are necessary during the home or hospital instruction due to the child's condition. Eligible children to be included in any reimbursement under this paragraph must regularly receive a minimum of one hour of instruction each school day, or in lieu thereof of a minimum of 5 hours of instruction in each school week in order to qualify for full reimbursement under this Section. If the attending physician, physician assistant, or advanced practice nurse for such a child has certified that the child should not receive as many as 5 hours of instruction in a school week, however, reimbursement under this paragraph on account of that child shall be computed proportionate to the actual hours of instruction per week for that child divided by 5. The State Board of Education shall establish rules governing the required qualifications of staff providing home or hospital instruction.

(b) For children described in Section 14-1.02, 80% of the cost of transportation approved as a related service in the Individualized Education Program for each student in order to take advantage of special educational facilities. Transportation costs shall be determined in the same fashion as provided in Section 29-5. For purposes of this subsection (b), the dates for processing claims specified in Section 29-5 shall apply.

(c) For each qualified worker, the annual sum of $9,000.

(d) For one full time qualified director of the special education program of each school district which maintains a fully approved program of special education the annual sum of $9,000. Districts participating in a joint agreement special education program shall not receive such reimbursement if reimbursement is made for a director of the joint agreement program.

(e) (Blank).

(f) (Blank).

(g) For readers, working with blind or partially seeing children 1/2 of their salary but not more than $400 annually per child. Readers may be employed to assist such children and shall not be required to be certified.

but prior to employment shall meet standards set up by the State Board of Education.

(h) For non-certified employees, as defined by rules promulgated by the State Board of Education, who deliver services to students with IEPs, 1/2 of the salary paid or $3,500 per employee, whichever is less.

The State Board of Education shall set standards and prescribe rules for determining the allocation of reimbursement under this section on less than a full time basis and for less than a school year.

When any school district eligible for reimbursement under this Section operates a school or program approved by the State Superintendent of Education for a number of days in excess of the adopted school calendar but not to exceed 235 school days, such reimbursement shall be increased by 1/180 of the amount or rate paid hereunder for each day such school is operated in excess of 180 days per calendar year.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02b, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source.
