Article, except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, or of any state, relating to money laundering. Only an agent, officer, or investigator designated by the Director may be authorized in accordance with this Section to serve seizure notices, warrants, subpoenas, and summonses under the authority of this State.

(2) Any agent, officer, investigator, or peace officer designated by the Director may: (A) make seizure of property pursuant to the provisions of this Article; and (B) perform such other law enforcement duties as the Director designates. It is the duty of all State's Attorneys to prosecute violations of this Article and institute legal proceedings as authorized under this Article.

(f) Protective orders.

(1) Upon application of the State, the court may enter a restraining order or injunction, require the execution of a satisfactory performance bond, or take any other action to preserve the availability of property described in subsection (h) for forfeiture under this Article:

(A) upon the filing of an indictment, information, or complaint charging a violation of this Article for which forfeiture may be ordered under this Article and alleging that the property with respect to which the order is sought would be subject to forfeiture under this Article; or

(B) prior to the filing of such an indictment, information, or complaint, if, after notice to persons appearing to have an interest in the property and opportunity for a hearing, the court determines that:

(i) there is probable cause to believe that the State will prevail on the issue of forfeiture and that failure to enter the order will result in the property being destroyed, removed from the jurisdiction of the court, or otherwise made unavailable for forfeiture; and

(ii) the need to preserve the availability of the property through the entry of the requested order outweighs the hardship on any party against whom the order is to be entered.

Provided, however, that an order entered pursuant to subparagraph (B) shall be effective for not more than 90 days, unless extended by the court for good cause shown or unless an indictment, information, complaint, or administrative notice has been filed.

(2) A temporary restraining order under this subsection may be entered upon application of the State without notice or opportunity for a hearing when an indictment, information, complaint, or administrative notice has not yet been filed with respect to the property, if the State demonstrates that there is probable cause to believe that the property with respect to which the order is sought would be subject to forfeiture under this Section and that provision of notice will jeopardize the availability of the property for forfeiture. Such a temporary order shall expire not more than 30 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period. A hearing requested concerning an order entered under this paragraph shall be held at the earliest possible time and prior to the expiration of the temporary order.

(3) The court may receive and consider, at a hearing held pursuant to this subsection (f), evidence and information that would be inadmissible under the Illinois rules of evidence.

(4) Order to repatriate and deposit.

(A) In general. Pursuant to its authority to enter a pretrial restraining order under this Section, the court may order a defendant to repatriate any property that may be seized and forfeited and to deposit that property pending trial with the Illinois State Police or another law enforcement agency designated by the Illinois State Police.

(B) Failure to comply. Failure to comply with an order under this subsection (f) is punishable as a civil or criminal contempt of court.

(g) Warrant of seizure. The State may request the issuance of a warrant authorizing the seizure of property described in subsection (h) in the same manner as provided for a search warrant. If the court determines that there is probable cause to believe that the property to be seized would be subject to forfeiture, the court shall issue a warrant authorizing the seizure of such property.

(C) all conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, sale, receipt, possession, or concealment of property described in subparagraphs (A) and (B), but:

(3) In the event of seizure pursuant to paragraph (2), forfeiture proceedings shall be instituted in accordance with subsections (i) through (r).

However, upon the application of the seizing agency or prosecutor who was responsible for the investigation, arrest or arrests and prosecution which lead to the forfeiture, the Director may return any item of forfeited property to the seizing agency or prosecutor for official use in the enforcement of laws, if the agency or prosecutor can demonstrate that the item requested would be useful to the agency or prosecutor in its enforcement efforts. When any real property returned to the seizing agency is sold by the agency or its unit of government, the proceeds of the sale shall be delivered to the Director and distributed in accordance with paragraph (6).

(6) All monies and the sale proceeds of all other property forfeited and seized under this Article shall be distributed as follows:

(A) 65% shall be distributed to the metropolitan enforcement group, local, municipal, county, or State law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law upon which the forfeiture is based. Amounts
distributed to the agency or agencies shall be used for the enforcement of laws.

(B)(i) 12.5% shall be distributed to the Office of the State's Attorney of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in the enforcement of laws. (B) The rules of evidence shall not apply to any proceeding conducted under this Section.

(C) The court may conduct the review under subparagraph (A) of this paragraph (7.5) simultaneously with a proceeding under Section 109-1 of the Code of Criminal Procedure of 1963 for a related criminal offense if a prosecution is commenced by information or complaint.

(D) The court may accept a finding of probable cause at a preliminary hearing following the filing of an information or complaint charging a related criminal offense or following the return of indictment by a grand jury charging the related offense as sufficient evidence of probable cause as required under subparagraph (A) of this paragraph (7.5).

(E) Upon a finding of probable cause as required under this Section, the circuit court shall order the property subject to the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

(i) Notice to owner or interest holder.

(1) The first attempted service shall be commenced within 28 days of the latter of filing of the verified claim or the receipt of the notice from seizing agency by form 4-64. The attempts at service and the posting if required, shall be documented by the person attempting service and the documentation shall be made part of a return of service returned to the State's Attorney. The State's Attorney may utilize any Sheriff or Deputy Sheriff, a peace officer, a private process server or investigator, or an employee, agent, or investigator of the State's Attorney's Office to attempt service without seeking leave of court. After the procedures listed are followed, service shall be effective on the owner or interest holder on the date of receipt by the State's Attorney of a returned return receipt requested, or on the date of receipt of a communication from an owner or interest holder documenting actual notice, whichever is first in time, or on the date of the last act performed by the State's Attorney in attempting personal service. For purposes of notice under this Section, if a person has been arrested for the conduct giving rise to the forfeiture, the address provided to the arresting agency at the time of arrest shall be deemed to be that person's known address. Provided, however, if an owner or interest holder's address changes prior to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the seizing agency of the change in address or, if the owner or interest holder's address changes subsequent to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the State's Attorney of the change in address. the seizing agency of the change in address or, if the owner
or interest holder's address changes subsequent to the
effective date of the notice of pending forfeiture, the owner
or interest holder shall promptly notify the State's Attorney
of the change in address; or

(A-5) If the owner's or interest holder's address is
not known, and is not on record as provided in paragraph

After a claimant files a verified claim with the State's Attorney and provides an address at which they will accept service, the complaint shall be served and notice shall be complete upon the mailing of the complaint to the claimant at the address the claimant provided via certified mail, return receipt requested and first class mail. No return receipt card need be received, or any other attempts at service need be made to comply with service and notice requirements under this Section. This certified mailing, return receipt requested shall be proof of service of the complaint on the claimant. If notice is to be shown by actual notice from communication with a claimant, then the State's Attorney shall file an affidavit as proof of service providing details of the communication which shall be accepted as proof of service by the court.

(B) If the property seized is a conveyance, to the address reflected in the office of the agency or official in which title or interest to the conveyance is required by law to be recorded, then by mailing a copy of the notice by certified mail, return receipt requested, to that address; or

When the property seized for forfeiture is a vehicle, the law enforcement agency seizing the property shall immediately notify the Secretary of State that forfeiture proceedings are pending regarding such vehicle. *This notice shall be by the form 4-64.*

(k) Non-judicial forfeiture. If non-real property that exceeds $20,000 in value excluding the value of any conveyance, or if real property is seized under the provisions of this Article, the State's Attorney shall institute judicial in rem forfeiture proceedings as described in subsection (l) of this Section within 28 days from receipt of notice of seizure from the seizing agency under subsection (j) of this Section. However, if non-real property that does not exceed $20,000 in value excluding the value of any conveyance is seized, the following procedure shall be used:

(1) If, after review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days after the receipt of notice of seizure from the seizing agency, the State's Attorney shall cause notice of pending forfeiture to be given to the owner of the property and all known interest holders of the property in accordance with subsection (i) of this Section.

(2) The notice of pending forfeiture must include a description of the property, the estimated value of the property, the date and place of seizure, the conduct giving rise to forfeiture or the violation of law alleged, and a summary of procedures and procedural rights applicable to the forfeiture action.

The claim must set forth:

(iv) the date, identity of the transferor, and circumstances of the claimant's acquisition of the interest in the property;

(v) the name and address of all other persons known to have an interest in the property;

(vi) the specific provision of law relied on in asserting the property is not subject to forfeiture;

(vii) all essential facts supporting each assertion; and

(viii) the relief sought.

(B) If a claimant files the claim and deposits with the State's Attorney a cost bond, in the form of a cashier's check payable to the clerk of the court, in the sum of 10% of the reasonable value of the property as alleged by the State's Attorney or the sum of $100, whichever is greater, upon condition that, in the case of forfeiture, the claimant must pay all costs and expenses of forfeiture proceedings, then the State's Attorney shall institute judicial in rem forfeiture proceedings and deposit the cost bond with the clerk of the court as described in subsection (l) of this Section within 45 days after receipt of the claim and cost bond. In lieu of a cost bond, a person claiming interest in the seized property may file, under penalty of perjury, an indigency affidavit which has been approved by a circuit court judge.

(C) (Blank).

If none of the seized property is forfeited in the judicial in rem proceeding, the clerk of the court shall return to the claimant, unless the court orders otherwise, 90% of the sum which has been deposited and shall retain as costs 10% of the money deposited. (4) If no claim is filed or bond given within the 45 day period as described in paragraph (3) of this subsection (k), the State's Attorney shall declare the property forfeited and shall promptly notify the owner and all known interest holders of the property and the Director of State Police of the declaration of

(l) Judicial in rem procedures. If property seized under the provisions of this Article is non-real property that exceeds $20,000 in value excluding the value of any conveyance, or is real property, or a claimant has filed a claim and a cost bond under paragraph (3) of subsection (k) of this Section, the following judicial in rem procedures shall apply:

(1) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 28 days of the receipt of notice of seizure by the seizing agency or the filing of the claim and cost bond, whichever is later, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture and, if the claimant has filed a claim and cost bond, by depositing the cost bond with the clerk of the court. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(1.5) A complaint of forfeiture shall include:
(i) a description of the property seized;
(ii) the date and place of seizure of the property;
(iii) the name and address of the law enforcement agency making the seizure; and
(iv) the specific statutory and factual grounds for the seizure.

(1.10) The complaint shall be served upon the person from whom the property was seized and all persons known or reasonably believed by the State to claim an interest in the property, as provided in subsection (i) of this Section. The complaint shall be accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the State seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you
may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to explain what happened when your property was seized and why you should get the property back."

(2) The laws of evidence relating to civil actions shall apply to proceedings under this Article with the following exception. The parties shall be allowed to use, and the court shall receive and consider all relevant hearsay evidence which relates to evidentiary foundation, chain of custody, business records, recordings, laboratory analysis, laboratory reports, and relevant hearsay related to the use of technology in the investigation which resulted in the seizure of property which is now subject to this forfeiture action. During the probable cause portion of the judicial in rem proceeding wherein the State presents its case-in-chief, the court must receive and consider, among other things, all relevant hearsay evidence and information. The laws of evidence relating to civil actions apply to all other portions of the judicial in rem proceeding.

(3) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. Upon motion of the State, the court shall first hold a hearing, wherein any claimant must establish by a preponderance of the evidence, that he or she has a lawful, legitimate ownership interest in the property and that it was obtained through a lawful source.

(4) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:

   (A) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
   (B) the address at which the claimant will accept mail;
   (C) the nature and extent of the claimant's interest in the property;

New matter indicated by italics - deletions by strikeout
(D) the date, identity of transferor, and circumstances of the claimant's acquisition of the interest in the property;

(E) the name and address of all other persons known to have an interest in the property;

(F) all essential facts supporting each assertion; and

(G) the precise relief sought; and

(H) the answer shall follow the rules under the Code of Civil Procedure.

(5) The answer must be filed with the court within 45 days after service of the civil in rem complaint.

(6) The hearing must be held within 60 days after filing of the answer unless continued for good cause.

(7) At the judicial in rem proceeding, in the State's case in chief, the State shall show by a preponderance of the evidence that the property is subject to forfeiture. If the State makes such a showing, the claimant shall have the burden of production to set forth evidence that the property is not related to the alleged factual basis of the forfeiture. After this production of evidence, the State shall maintain the burden of proof to overcome this assertion. A claimant shall provide the State notice of its intent to allege that the currency or its equivalent is not related to the alleged factual basis of the forfeiture and why. As to conveyances, at the judicial in rem proceeding, in their case in chief, the State shall show by a preponderance of the evidence, that (1) the property is subject to forfeiture; and (2) at least one of the following:

(i) that the claimant was legally accountable for the conduct giving rise to the forfeiture;

(ii) that the claimant knew or reasonably should have known of the conduct giving rise to the forfeiture;

(iii) that the claimant knew or reasonable should have known that the conduct giving rise to the forfeiture was likely to occur;

(iv) that the claimant held the property for the benefit of, or as nominee for, any person whose conduct gave rise to its forfeiture;

(v) that if the claimant acquired their interest through any person engaging in any of the conduct described above or conduct giving rise to the forfeiture;

New matter indicated by italics - deletions by strikeout
(1) the claimant did not acquire it as a bona fide purchaser for value; or
(2) the claimant acquired the interest under the circumstances that they reasonably should have known the property was derived from, or used in, the conduct giving rise to the forfeiture; or
(vii) that the claimant is not the true owner of the property that is subject to forfeiture. The State shall show the existence of probable cause for forfeiture of the property. If the State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(8) If the State does not show existence of probable cause, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does meet its burden to show that the property is subject to forfeiture, the court shall order all property forfeited to the State.

(9) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(10) An acquittal or dismissal in a criminal proceeding does not preclude civil proceedings under this Article; however, for good cause shown, on a motion by the parties, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a money laundering violation. Such a stay shall not be available pending an appeal. Property subject to forfeiture under this Article shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if: (1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or (2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding relating to the factual allegations of the forfeiture action.

(11) All property declared forfeited under this Article vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Article, title to any property or proceeds subsequently transferred to any person remain subject to forfeiture and thereafter shall be ordered forfeited unless the person to whom the property was transferred makes an appropriate claim and has his or her claim adjudicated at the judicial in rem hearing.

(12) A civil action under this Article must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(m) Stay of time periods. If property is seized for evidence and for forfeiture, the time periods for instituting judicial and non-judicial forfeiture proceedings shall not begin until the property is no longer necessary for evidence.

(n) Settlement of claims. Notwithstanding other provisions of this Article, the State's Attorney and a claimant of seized property may enter into an agreed-upon settlement concerning the seized property in such an amount and upon such terms as are set out in writing in a settlement agreement. All proceeds from a settlement agreement shall be tendered to the Department of State Police and distributed under paragraph (6) of subsection (h) of this Section.

proceeding or criminal proceeding relating directly thereto where such property was paid before its seizure, before the issuance of any seizure warrant or court order prohibiting transfer of the property and where the attorney, at the time he or she received the property did not know that it was property subject to forfeiture under this Article.

(p) Construction. It is the intent of the General Assembly that the forfeiture provisions of this Article be liberally construed so as to effect their remedial purpose. The forfeiture of property and other remedies hereunder shall be considered to be in addition to, and not exclusive of, any sentence or other remedy provided by law.

(q) Judicial review. If property has been declared forfeited under subsection (k) of this Section, any person who has an interest in the property declared forfeited may, within 30 days after the effective date of the notice of the declaration of forfeiture, file a claim and cost bond as described in paragraph (3) of subsection (k) of this Section. If a claim and cost bond is filed under this Section, then the procedures described in subsection (l) of this Section apply.

(r) (Blank). Burden of proof of exemption or exception. (2) The claimant shall include specific facts which support these assertions in their motion.

(3) Upon this filing, a hearing may only be conducted after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Discovery shall be limited to the People's requests in these areas but may proceed by any means allowed in the Code of Civil Procedure.

(i) After discovery is complete and the court has allowed for sufficient time to review and investigate the discovery responses, the court shall conduct a hearing. At the hearing, the fact that the conveyance is subject to forfeiture shall not be at issue. The court shall only hear evidence relating to the issue of innocent ownership.

(ii) At the hearing on the motion, it shall be the burden of the claimant to prove each of the assertions listed in paragraph (1) of this subsection (x) by a preponderance of the evidence.

This Section does not prohibit the imposition of any fees or costs by a home rule unit of local government related to the impoundment of a conveyance under an ordinance enacted by the unit of government.

(3) A law enforcement agency shall not retain forfeited property for its own use or transfer the property to any person or entity, except as provided under this Section. A law enforcement agency may apply in writing to the Director of State Police to request that a forfeited property be awarded to the agency for a specifically articulated official law enforcement use in an investigation. Sec. 36-1.5. Preliminary review.

(a) Within 14 days of the seizure, the State's Attorney in the county in which the seizure occurred shall seek a preliminary determination from the circuit court as to whether there is probable cause that the property may be subject to forfeiture.

(b) The rules of evidence shall not apply to any proceeding conducted under this Section.

(c) The court may conduct the review under subsection (a) simultaneously with a proceeding pursuant to Section 109-1 of the Code of Criminal Procedure of 1963 for a related criminal offense if a prosecution is commenced by information or complaint.

(d) The court may accept a finding of probable cause at a preliminary hearing following the filing of an information or complaint charging a related criminal offense or following the return of indictment by a grand jury charging the related offense as sufficient evidence of probable cause as required under subsection (a).

(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions
of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

For seizures of conveyances, within 28 days of a finding of probable cause under subsection (a), the registered owner or other claimant may file a motion in writing supported by sworn affidavits claiming that denial of the use of the conveyance during the pendency of the forfeiture proceedings creates a substantial hardship and alleges facts showing that the delay was not due to his or her culpable negligence. The court shall consider the following factors in determining whether a substantial hardship has been proven:

1. the nature of the claimed hardship;
2. the availability of public transportation or other available means of transportation; and
3. any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. If the court determines that the hardship outweighs the State's interest in safeguarding the conveyance, the court may temporarily release the conveyance to the registered owner or the registered owner's authorized designee, or both, until the conclusion of the forfeiture proceedings or for such shorter period as ordered by the court provided that the person to whom the conveyance is released provides proof of insurance and a valid driver's license and all State and local registrations for operation of the conveyance are current. The court shall place conditions on the conveyance limiting its use to the stated hardship and providing transportation for employment, religious purposes, medical needs, child care, and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. The use of the vehicle shall be further restricted to exclude all recreational and entertainment purposes. The court may order additional restrictions it deems reasonable and just on its own motion or on motion of the People. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the court may order the registered

owner or his or her authorized designee to post a cash security with the Clerk of the Court as ordered by the court. If cash security is ordered, the court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance; and
(D) the ability of the owner or designee to pay; and such other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. If the conveyance is returned in a condition other than the condition in which it was released, the cash security shall be returned to the surety who posted the security minus the amount of the diminished value, and that amount shall be forfeited in the same manner as the conveyance subject to forfeiture. Sec. 36-2. Complaint Action for forfeiture.

(a) "If the State's Attorney in the county in which such seizure occurs if he or she finds that the alleged violation of law giving rise to the seizure forfeiture was incurred without willful negligence or without any intention on the part of the owner of the vessel or watercraft, vehicle or aircraft or any person whose right, title or interest is of record as described in Section 36-1 of this Article, to violate the law, or finds the existence of such mitigating circumstances as to justify remission of the forfeiture, he or she may cause the law enforcement agency having custody of the property to return the property to the owner within a reasonable time not to exceed 7 days to remit the same upon such terms and conditions as the State's Attorney deems reasonable and just. The State's Attorney shall exercise his or her discretion under this subsection (a) the foregoing provision of this Section 36-2(a) prior to or promptly after the preliminary review under Section 36-1.5.

(b) If, after review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture and the State's Attorney does not cause the forfeiture to be remitted under subsection (a) of this Section, he or she shall forthwith bring an action for forfeiture in the Circuit Court within whose jurisdiction the seizure and confiscation has taken place by filing a verified complaint of forfeiture in the circuit court within whose jurisdiction the seizure occurred, or within whose jurisdiction an act or omission giving rise to the seizure occurred, subject to Supreme Court Rule 187. The complaint shall be filed as soon as practicable but not less than 28 days after a finding of probable cause at a preliminary review under Section 36-1.5 of this Article. A complaint of forfeiture shall include:

(1) a description of the property seized;
(2) the date and place of seizure of the property;
(3) the name and address of the law enforcement agency making the seizure; and
(4) the specific statutory and factual grounds for the seizure.

The complaint shall be served upon each person whose right, title, or interest is of record in the office of the Secretary of State, the Secretary of Transportation, the Administrator of the Federal Aviation Agency, or any other department of this State, or any other state of the United States if the vessel or watercraft, vehicle, or aircraft is required to be so registered, as the case may be, the person from whom the property was seized, and all persons known or reasonably believed by the State to claim an interest in the property, as provided in this Article. The complaint shall be accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State’s Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the State seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to explain what happened when your property was seized and why you should get the property back."

The State’s Attorney shall give notice of seizure and the forfeiture proceeding to each person according to the following method: upon each person whose right, title, or interest is of record in the office of the Secretary of State, the Secretary of Transportation, the Administrator of the Federal Aviation Agency, or any other department of this State, or any other state of the United States if the vessel or watercraft, vehicle, or aircraft is required to be so registered, as the case may be, by delivering the notice and complaint in open court or by certified mail to the address as given upon the records of the Secretary of State, the Division of Aeronautics of the Department of Transportation, the Capital Development Board, or any other department of this State or the United States if the vessel or watercraft, vehicle, or aircraft is required to be so registered:
(c) (Blank). The owner of the seized vessel or watercraft, vehicle, or aircraft or any person whose right, title, or interest is of record as described in Section 36-1, may within 20 days after delivery in open court or the mailing of such notice file a verified answer to the Complaint and may appear at the hearing on the action for forfeiture.

(d) (Blank). The State shall show at such hearing by a preponderance of the evidence, that such vessel or watercraft, vehicle, or aircraft was used in the commission of an offense described in Section 36-1.

(e) (Blank). The owner of such vessel or watercraft, vehicle, or aircraft or any person whose right, title, or interest is of record as described in Section 36-1, may show by a preponderance of the evidence that he did not know, and did not have reason to know, that the vessel or watercraft, vehicle, or aircraft was to be used in the commission of such an offense or that any of the exceptions set forth in Section 36-3 are applicable.

(f) (Blank). Unless the State shall make such showing, the Court shall order such vessel or watercraft, vehicle, or aircraft released to the owner. Where the State has made such showing, the Court may order the vessel or watercraft, vehicle, or aircraft destroyed or may order it forfeited to any local, municipal, or county law enforcement agency, or the Department of State Police or the Department of Revenue of the State of Illinois.

(g) (Blank). A copy of the order shall be filed with the law enforcement agency, and with each Federal or State office or agency with which such vessel or watercraft, vehicle, or aircraft is required to be registered. Such order, when filed, constitutes authority for the issuance of clear title to such vessel or watercraft, vehicle, or aircraft, to the department or agency to whom it is delivered or any purchaser thereof. The law enforcement agency shall comply promptly with instructions to remit received from the State's Attorney or Attorney General in accordance with Sections 36-2(a) or 36-3.

(h) (Blank). Sec. 36-2.1. Notice to Owner or Interest Holder. The first attempted service shall be commenced within 28 days of the receipt of the notice from the seizing agency by the form 4-64. If the property seized is a conveyance, notice shall also be directed to the address reflected in the office of the agency or official in which title or interest to the conveyance is required by law to be recorded. A complaint for forfeiture shall be served upon the property owner or interest holder in the following manner:

(1) If the owner's or interest holder's name and current address are known, then by either:

The State's Attorney may utilize a Sheriff or Deputy Sheriff, any peace officer, a private process server or investigator, or any employee, agent, or investigator of the State's Attorney's office to attempt service without seeking leave of court.

After the procedures are followed, service shall be effective on an owner or interest holder on the date of receipt by the State's Attorney of a returned return receipt requested, or on the date of receipt of a communication from an owner or interest holder documenting actual notice, whichever is first in time, or on the date of the last act performed by the State's Attorney in attempting personal service under item (ii) of this paragraph (1). If notice is to be shown by actual notice from communication with a claimant, then the State's Attorney shall file an affidavit providing details of the communication, which shall be accepted as sufficient proof of service by the court.

For purposes of notice under this Section, if a person has been arrested for the conduct giving rise to the forfeiture, the address provided to the arresting agency at the time of arrest shall be deemed to be that person's known address. Provided, however, if an owner or interest holder's address changes prior to the effective date of the complaint for forfeiture, the owner or interest holder shall promptly notify the seizing agency of the change in address or, if the owner or interest holder's address changes subsequent to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the State's Attorney of the change in address; or if the property seized is a conveyance, to the address reflected in the office of the agency or official in which title or interest to the conveyance is required by law to be recorded.

Sec. 36-2.5. Judicial in rem procedures.
(a) The laws of evidence relating to civil actions shall apply to judicial in rem proceedings under this Article.
(b) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. A person not named in the forfeiture complaint who claims to have an interest in the property may petition to intervene as a claimant under Section 2-408 of the Code of Civil Procedure.
(c) The answer shall be filed with the court within 45 days after service of the civil in rem complaint.
(d) The trial shall be held within 60 days after filing of the answer unless continued for good cause.
(e) In its case in chief, the State shall show by a preponderance of the evidence that:

(1) the property is subject to forfeiture; and
(2) at least one of the following:
   (i) the claimant knew or should have known that the conduct was likely to occur; or
   (ii) the claimant is not the true owner of the property that is subject to forfeiture.

In any forfeiture case under this Article, a claimant may present evidence to overcome evidence presented by the State that the property is subject to forfeiture.
(f) Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if:

(1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or
(2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding related to the factual allegations of the forfeiture action.

(g) If the State does not meet its burden of proof, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property in which the State does meet its burden of proof forfeited to the State. If the State does meet its burden of proof, the court shall order all property forfeited to the State.

(h) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(i) An acquittal or dismissal in a criminal proceeding shall not preclude civil proceedings under this Act; however, for good cause shown, on a motion by either party, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a violation of law authorizing forfeiture under Section 36-1 of this Article.

(j) Title to all property declared forfeited under this Act vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Article, any property or proceeds subsequently transferred to any person whom the property was transferred makes an appropriate claim under or has their claim adjudicated at the judicial in rem hearing.

(k) No property shall be forfeited under this Article from a person who, without actual or constructive notice that the property was the subject of forfeiture proceedings, obtained possession of the property as a bona fide purchaser for value. A person who purports to transfer property after receiving actual or constructive notice that the property is subject to seizure or forfeiture is guilty of contempt of court, and shall be liable to the State for a penalty in the amount of the fair market value of the property.

(l) A civil action under this Article shall be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

Sec. 36-2.7. Innocent owner hearing.
(a) After a complaint for forfeiture has been filed and all claimants have appeared and answered, a claimant may file a motion with the court for an innocent owner hearing prior to trial. This motion shall be made and supported by sworn affidavit and shall assert the following along with specific facts which support each assertion:

(1) that the claimant filing the motion is the true owner of the conveyance as interpreted by case law; and
(2) that the claimant did not know or did not have reason to know the conduct giving rise to the forfeiture was likely to occur.
(b) The claimant shall include specific facts which support these assertions in their motion.
(c) Upon the filing, a hearing may only be conducted after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Discovery shall be limited to the People's requests in these areas but may proceed by any means allowed in the Code of Civil Procedure.
(d) After discovery is complete and the court has allowed for sufficient time to review and investigate the discovery responses, the court shall conduct a hearing. At the hearing, the fact that the conveyance is subject to forfeiture shall not be at issue. The court shall only hear evidence relating to the issue of innocent ownership.
(e) At the hearing on the motion, the claimant shall bear the burden of proving each of the assertions listed in subsection (a) of this Section by a preponderance of the evidence.
(f) If a claimant meets their burden of proof, the court shall grant the motion and order the conveyance returned to the claimant. If the claimant fails to meet their burden of proof, the court shall deny the motion and the forfeiture case shall proceed according to the Rules of Civil Procedure.

Sec. 3.5. Preliminary Review.
(a) Within 14 days of the seizure, the State shall seek a preliminary determination from the circuit court as to whether there is probable cause that the property may be subject to forfeiture.
(b) The rules of evidence shall not apply to any proceeding conducted under this Section.
(c) The court may conduct the review under subsection (a) simultaneously with a proceeding pursuant to Section 109-1 of the Code of Criminal Procedure of 1963 for a related criminal offense if a prosecution is commenced by information or complaint.
(d) The court may accept a finding of probable cause at a preliminary hearing following the filing of an information or complaint charging a related criminal offense or following the return of indictment by a grand jury charging the related offense as sufficient evidence of probable cause as required under subsection (a).
(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

For seizures of conveyances, within 28 days after within 7 days of a finding of probable cause under subsection (a), the registered owner or other claimant may file a motion in writing supported by sworn affidavits claiming that denial of the use of the conveyance during the pendency of the forfeiture proceedings creates a substantial hardship and alleges facts

showing that the delay was not due to his or her culpable negligence. The court shall consider the following factors in determining whether a substantial hardship has been proven:

(1) the nature of the claimed hardship;
(2) the availability of public transportation or other available means of transportation; and
(3) any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. If the court determines that the hardship outweighs the State's interest in safeguarding the conveyance, the court may temporarily release the conveyance to the registered owner or the registered owner's authorized designee, or both, until the conclusion of the forfeiture proceedings or for such shorter period as ordered by the court provided that the person to whom the conveyance is released provides proof of insurance and a valid driver's license and all State and local registrations for operation of the conveyance are current. The court shall place conditions on the conveyance limiting its use to the stated hardship and providing transportation for employment, religious purposes, medical needs, child care, and obtaining food, and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. The use of the vehicle shall be further restricted to exclude all recreational and entertainment purposes. The court may order any additional restrictions it deems reasonable and just on its own motion or on motion of the People. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the court may order the registered owner or his or her authorized designee to post a cash security with the Clerk of the Court as ordered by the court. If cash security is ordered, the court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;

New matter indicated by italics - deletions by strikeout
(C) the extent and length of the usage of the conveyance;

and

(D) the ability of the owner or designee to pay; and such other conditions as the court deems necessary to safeguard the conveyance:

(E) other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. If the conveyance is returned in a condition other than the condition in which it was released, the cash security shall be returned to the surety who posted the security minus the amount of the diminished value, and that amount shall be forfeited in the same manner as the conveyance subject to forfeiture. Additionally, the court may enter an order allowing any law enforcement agency in the State of Illinois to seize the conveyance wherever it may be found in the State to satisfy the judgment if the cash security was less than the full market value of the conveyance.

No return receipt card need be received or any other attempts at service need be made to comply with service and notice requirements under this Act. This certified mailing, return receipt requested shall be proof of service of the complaint on the claimant.

(4) Notice to any business entity, corporation, LLC, LLP, or partnership shall be complete by a single mailing of a copy of the notice by certified mail, return receipt requested and first class mail, to that address. If property seized under the provisions of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act is non-real property that exceeds $150,000 in value excluding the value of any conveyance, or is real property, or a claimant has filed a claim and a cost bond under subsection (C) of Section 6 of this Act, the following judicial in rem procedures shall apply:

(A) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days of the receipt of notice of seizure by the seizing agency or the filing of the claim and cost bond, whichever is later, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture in the circuit court within whose jurisdiction the seizure occurred, or within whose jurisdiction an act or omission giving rise to the seizure occurred, subject to Supreme Court Rule 187 and, if the claimant has filed a claim and cost bond, by depositing the cost bond with the clerk of the court. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(A-5) If the State's Attorney finds that the alleged violation of law giving rise to the seizure was incurred without willful negligence or without any intention on the part of the owner of the property to violate the law or finds the existence of those mitigating circumstances to justify remission of the forfeiture, may cause the law enforcement agency having custody of the property to return the property to the owner within a

reasonable time not to exceed 7 days. The State's Attorney shall exercise his or her discretion prior to or promptly after the preliminary review under Section 3.5 of this Act. The complaint shall be served upon the person from whom the property was seized and all persons known or reasonably believed by the State to claim an interest in the property, as provided in Section 4 of this Act. The complaint shall be accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the state seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to explain what happened when your property was seized and why you should get the property back."

(e) that the claimant acquired the interest:

(1) before the commencement of the conduct giving rise to the forfeiture and the person whose conduct gave rise to the forfeiture did not have authority to convey the interest to a bona fide purchaser for value at the time of the conduct; or

(2) after the commencement of the conduct giving rise to the forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct which gave rise to the forfeiture, and before the filing in the office of the recorder of deeds of the county in which the real estate is located a notice of seizure for forfeiture or a lis pendens notice.

(G-5) If the property that is the subject of the forfeiture proceeding is currency or its equivalent, the State, in its case in chief, shall show by a preponderance of the evidence that the property is subject to forfeiture. If the State makes that showing, the claimant shall have the burden of production to set forth evidence that the currency or its equivalent is not related to the alleged factual basis of the forfeiture. After the production of evidence, the State shall maintain the burden of proof to overcome this assertion.

(G-10) Notwithstanding any other provision of this Section, the State’s burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if:

(1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or

(2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding related to the factual allegations of the forfeiture action.

(H) If the State does not meet its burden of proof show existence of probable cause or a claimant has established by a preponderance of evidence that the claimant has an interest that is exempt under Section 8 of this Act, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property as to which the State does meet its burden of proof forfeited to the State. If the State does meet its burden of proof show existence of probable cause and the claimant does not establish by a preponderance of evidence that the claimant has an interest that is exempt under Section 8 of this Act, the court shall order all property forfeited to the State.

(I) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Act regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(J) An acquittal or dismissal in a criminal proceeding shall not preclude civil proceedings under this Act; however, for good cause shown, on a motion by the State's Attorney, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act. Such a stay shall not be available pending an appeal. Property subject to forfeiture under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

person to whom the property was transferred makes an appropriate claim under this Act and has their claim adjudicated in the judicial in rem proceeding and thereafter shall be ordered forfeited unless the transferee claims and establishes in a hearing under the provisions of this Act that the transferee's interest is exempt under Section 8 of this Act.

(L) A civil action under this Act must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(M) No property shall be forfeited under this Act from a person who, without actual or constructive notice that the property was the subject of forfeiture proceedings, obtained possession of the property as a bona fide purchaser for value. A person who purports to transfer property after receiving actual or constructive notice that the property is subject to seizure or forfeiture is guilty of contempt of court and shall be liable to the State for a penalty in the amount of the fair market value of the property.

(N) If property is ordered forfeited under this Act from a claimant who held title to the property in joint tenancy or tenancy in common with another claimant, the court shall determine the amount of each owner's interest in the property according to principles of property law.

Sec. 9.1. Innocent owner hearing.

(a) After a complaint for forfeiture is filed and all claimants have appeared and answered, a claimant may file a motion with the court for an innocent owner hearing prior to trial. This motion shall be made and supported by sworn affidavit and shall assert the following along with specific facts which support each assertion:

(1) that the claimant filing the motion is the true owner of the conveyance as interpreted by case law;

(3) that the claimant did not solicit, conspire, or attempt to commit the conduct giving rise to the forfeiture;
(4) that the claimant did not know or did they have reason to know that the conduct giving rise to the forfeiture was likely to occur; and

(5) that the claimant did not hold the property for the benefit of, or as nominee for any person whose conduct gave rise to its forfeiture, or if the owner or interest holder acquired the interest through any such person, the owner or interest holder did not acquire it as a bona fide purchaser for value, or acquired the interest without knowledge of the seizure of the property for forfeiture.

(b) The claimant's motion shall include specific facts supporting these assertions.

(c) Upon this filing, a hearing may only be held after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Discovery shall be limited to the People's requests in these areas but may proceed by any means allowed in the Code of Civil Procedure.

(d) After discovery is complete and the court has allowed for sufficient time to review and investigate the discovery responses, the court shall conduct a hearing. At the hearing, the fact that the property is subject to forfeiture shall not be at issue. The court shall only hear evidence relating to the issue of innocent ownership.

(e) At the hearing on the motion, the claimant shall bear the burden of proving by a preponderance of the evidence each of the assertions set forth in subsection (a) of this Section.

(f) If a claimant meets their burden of proof, the court shall grant the motion and order the property returned to the claimant. If the claimant fails to meet their burden of proof, then the court shall deny the motion and the forfeiture case shall proceed according to the Rules of Civil Procedure.

(b) The law enforcement agency that holds custody of property described in subsection (a) of this Section is responsible for any damages, storage fees, and related costs applicable to property returned. The claimant shall not be subject to any charges by the State for storage of the property or expenses incurred in the preservation of the property. Charges for the towing of a conveyance shall be borne by the claimant unless the conveyance was towed for the sole reason of seizure for forfeiture. This Section does not prohibit the imposition of any fees or costs by a home rule unit of local government related to the impoundment of a conveyance pursuant to an ordinance enacted by the unit of government.

(c) A law enforcement agency shall not retain forfeited property for its own use or transfer the property to any person or entity, except as provided under this Section. A law enforcement agency may apply in writing to the Director of State Police to request that a forfeited property be awarded to the agency for a specifically articulated official law enforcement use in an investigation. The Director of State Police shall provide a written justification in each instance detailing the reasons why

The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law upon which the forfeiture is based. Amounts distributed to the agency or agencies shall be used for the enforcement of laws governing cannabis and controlled substances; for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol; or for security cameras used for the prevention or detection of violence, except that amounts distributed to the Secretary of State shall be deposited into the Secretary of State Evidence Fund to be used as provided in Section 2-115 of the Illinois Vehicle Code.

The special agents have and may exercise all the powers of peace officers solely for the purpose of enforcing provisions of this Act.

The Director must authorize to each special agent employed under this Section a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Department and (ii) contains a unique and identifying number.

Special agents shall comply with all training requirements established for law enforcement officers by provisions of the Illinois Police Training Act.

(5) The Secretary of State, by rule, may conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions from any provision of Section 5, 6, 7, 8, 8a, or 9 of this Act or of any rule promulgated under these Sections, to the extent that such exemption is necessary or appropriate in the public interest, and is consistent with the protection of investors.

B. In addition, the Secretary of State may secure information or books and records from or through others and may make or cause to be made investigations respecting the business, affairs, and property of the issuer of securities, any person involved in the sale or offer for sale, purchase or offer to purchase of any mineral investment contract, mineral deferred delivery contract, or security and of dealers, Internet portals, salespersons, investment advisers, and investment adviser representatives that are registered or are the subject of an application for registration under this Act. C. Whenever it shall appear to the Secretary of State, either upon complaint or otherwise, that this Act, or any rule or regulation prescribed under authority thereof, has been or is about to be violated, he or she may, in his or her discretion, do one or more of the following:

(1) require or permit the person to file with the Secretary of State a statement in writing under oath, or otherwise, as to all the facts and circumstances concerning the subject matter which the Secretary of State believes to be in the public interest to investigate, audit, examine, or inspect;

(2) conduct an investigation, audit, examination, or inspection as necessary or advisable for the protection of the interests of the public; and

(3) appoint investigators to conduct all investigations, searches, seizures, arrests, and other duties imposed under the provisions of any law administered by the Department. (2) The Secretary of State or a person designated by him or her is further empowered to administer oaths and affirmations, subpoena witnesses, take evidence, and require the production of any books and records, papers, or other documents in this State at the request of a securities agency of another state, if the activities constituting the alleged violation for which the information is sought would be in violation of Section 12 of this Act if the activities had occurred in this State.

(3) The Circuit Court of any County of this State, upon application of the Secretary of State or a person designated by him or her may order

(5) Whenever a subpoena is issued at the request of a complainant or respondent as the case may be, the Secretary of State may require that the cost of service and the fee of the witness shall be borne by the party at whose instance the witness is summoned.

(6) The Secretary of State shall have power at his or her discretion, to require a deposit to cover the cost of the service and witness fees and the payment of the legal witness fee and mileage to the witness served with subpoena.

(7) A subpoena issued under this Act shall be served in the same manner as a subpoena issued out of a circuit court.

(8) The Secretary of State may in any investigation, audits, examinations, or inspections cause the taking of depositions of persons residing within or without this State in the manner provided in civil actions under the laws of this State.

E. Anything in this Act to the contrary notwithstanding:

(2) If the Secretary of State shall find that any person has violated subsection C, D, E, F, G, H, I, J, or K of Section 12 of this Act, the Secretary of State may by written order temporarily or permanently prohibit or suspend the person from offering or selling

any securities, any mineral investment contract, or any mineral deferred delivery contract in this State, provided that any person who is the subject of an order of permanent prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the order of permanent prohibition.

(3) If the Secretary of State shall find that any person is engaging or has engaged in the business of selling or offering for sale securities as a dealer, Internet portal, or salesperson or is acting or has acted as an investment adviser, investment adviser representative, or federal covered investment adviser, without prior thereto and at the time thereof having complied with the registration or notice filing requirements of this Act, the Secretary of State may by written order prohibit or suspend the person from engaging in the business of selling or offering for sale securities, or acting as an investment adviser, investment adviser representative, or federal covered investment adviser, in this State.

(4) In addition to any other sanction or remedy contained in this subsection E, the Secretary of State, after finding that any provision of this Act has been violated, may impose a fine as provided by rule, regulation or order not to exceed $10,000 for each violation of this Act, may issue an order of public censure against the violator, and may charge as costs of investigation all reasonable expenses, including attorney's fees and witness fees.

F. (1) The Secretary of State shall not deny, suspend or revoke the registration of securities, suspend or revoke the registration of a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative, prohibit or suspend the offer or sale of any securities, prohibit or suspend any person from offering or selling any securities in this State, prohibit or suspend a dealer or salesperson from engaging in the business of selling or offering for sale securities, prohibit or suspend a person from acting as an investment adviser or federal covered investment adviser, or investment adviser representative, impose any fine for violation of this Act, issue an order of public censure, or enter into an agreed settlement except after an opportunity for hearing upon not less than 10 days notice given by personal service or registered mail or certified mail, return receipt requested, to the person or persons concerned. Such notice shall state the date and time and place of the hearing and shall contain a brief statement of the proposed action of the Secretary of State and the

New matter indicated by italics - deletions by strikeout
grounds for the proposed action. A failure to appear at the hearing or otherwise respond to the allegations set forth in the notice of hearing shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to enter an order.

(2) Anything herein contained to the contrary notwithstanding, the Secretary of State may temporarily prohibit or suspend, for a maximum period of 90 days, by an order effective immediately, the offer or sale or registration of securities, the registration of a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative, or the offer or sale of securities by any person, or the business of rendering investment advice, without the notice and prior hearing in this subsection prescribed, if the Secretary of State shall in his or her opinion, based on credible evidence, deem it necessary to prevent an imminent violation of this Act or to prevent losses to investors which the Secretary of State reasonably believes will occur as a result of a prior violation of this Act.

Immediately after taking action without such notice and hearing, the Secretary of State shall deliver a copy of the temporary order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The temporary order shall set forth the grounds for the action and shall advise that the respondent may request a hearing, that the request for a hearing will not stop the effectiveness of the temporary order and that respondent's failure to request a hearing within 30 days after the date of the entry of the temporary order shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to make the temporary order final. Any provision of this paragraph (2) to the contrary notwithstanding, the Secretary of State may not pursuant to the provisions of this paragraph (2) suspend the registration of a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative based upon sub-paragraph (n) of paragraph (l) of subsection E of Section 8 of this Act or revoke the registration of securities or revoke the registration of any dealer, salesperson, investment adviser representative, or investment adviser.

(3) The Secretary of State may issue a temporary order suspending or delaying the effectiveness of any registration of securities under subsection A or B of Section 5, 6 or 7 of this Act subsequent to and upon the basis of the issuance of any stop, suspension or similar order by the Securities and Exchange Commission with respect to the securities which are the subject of the registration under subsection A or B of Section 5, 6 or 7 of this Act, and the order shall become effective as of the date and

New matter indicated by italics - deletions by strikeout
time of effectiveness of the Securities and Exchange Commission order and shall be vacated automatically at such time as the order of the Securities and Exchange Commission is no longer in effect.

(4) When the Secretary of State finds that an application for registration as a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative should be denied, the Secretary of State may enter an order denying the registration. Immediately after taking such action, the Secretary of State shall deliver a copy of the order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The order shall state the grounds for the action and that the matter will be set for hearing upon written request filed with the Secretary of State within 30 days after the receipt of the request by the respondent. The respondent's failure to request a hearing within 30 days after receipt of the order shall constitute an admission of any facts alleged therein and shall make the order final. If a hearing is held, the Secretary of State shall affirm, vacate, or modify the order.

(5) The findings and decision of the Secretary of State upon the conclusion of each final hearing held pursuant to this subsection shall be set forth in a written order signed on behalf of the Secretary of State by his or her designee and shall be filed as a public record. All hearings shall be held before a person designated by the Secretary of State, and appropriate records thereof shall be kept.

(6) Notwithstanding the foregoing, the Secretary of State, after notice and opportunity for hearing, may at his or her discretion enter into an agreed settlement, stipulation or consent order with a respondent in accordance with the provisions of the Illinois Administrative Procedure Act. The provisions of the agreed settlement, stipulation or consent order shall have the full force and effect of an order issued by the Secretary of State.

(7) Anything in this Act to the contrary notwithstanding, whenever the Secretary of State finds that a person is currently expelled from, refused membership in or association with, or limited in any material capacity by a self-regulatory organization registered under the Federal 1934 Act or the Federal 1974 Act because of a fraudulent or deceptive act or a practice in violation of a rule, regulation, or standard duly promulgated by the self-regulatory organization, the Secretary of State may, at his or her discretion, enter a Summary Order of Prohibition, which shall prohibit the offer or sale of any securities, mineral investment contract, or mineral deferred delivery contract by the person in this State.
The order shall take effect immediately upon its entry. Immediately after taking the action the Secretary of State shall deliver a copy of the order to the named Respondent by personal service or registered mail or certified mail, return receipt requested. A person who is the subject of an Order of Prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the Order of Prohibition.

G. No administrative action shall be brought by the Secretary of State for relief under this Act or upon or because of any of the matters for which relief is granted by this Act after the earlier to occur of (i) 3 years from the date upon which the Secretary of State had notice of facts which in the exercise of reasonable diligence would lead to actual knowledge of the alleged violation of the Act, or (ii) 5 years from the date on which the alleged violation occurred.

H. The action of the Secretary of State in denying, suspending, or revoking the registration of a dealer, Internet portal, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative, in prohibiting any person from engaging in the business of offering or selling securities as a dealer, limited Canadian dealer, or salesperson, in prohibiting or suspending the offer or sale of securities by any person, in prohibiting a person from acting as an investment adviser, federal covered investment adviser, or investment adviser representative, in denying, suspending, or revoking the registration of securities, in prohibiting or suspending the offer or sale or proposed offer or sale of securities, in imposing any fine for violation of this Act, or in issuing any order shall be subject to judicial review in the Circuit Courts of Cook or Sangamon Counties in this State. The Administrative Review Law shall apply to and govern every action for the judicial review of final actions or decisions of the Secretary of State under this Act.

I. Notwithstanding any other provisions of this Act to the contrary, whenever it shall appear to the Secretary of State that any person is engaged or about to engage in any acts or practices which constitute or will constitute a violation of this Act or of any rule or regulation prescribed under authority of this Act, the Secretary of State may at his or her discretion, through the Attorney General take any of the following actions:

1. File a complaint and apply for a temporary restraining order without notice, and upon a proper showing the court may
enter a temporary restraining order without bond, to enforce this Act.

(2) File a complaint and apply for a preliminary or permanent injunction, and, after notice and a hearing and upon a proper showing, the court may grant a preliminary or permanent injunction and may order the defendant to make an offer of rescission with respect to any sales or purchases of securities, mineral investment contracts, or mineral deferred delivery contracts determined by the court to be unlawful under this Act.

(3) Seek the seizure of assets when probable cause exists that the assets were obtained by a defendant through conduct in violation of Section 12, paragraph F, G, I, J, K, or L of this Act, and thereby subject to a judicial forfeiture hearing as required under this Act.

(a) In the event that such probable cause exists that the subject of an investigation who is alleged to have committed one of the relevant violations of this Act has in his possession assets obtained as a result of the conduct giving rise to the violation, the Secretary of State may seek a seizure warrant in any circuit court in Illinois.

(b) In seeking a seizure warrant, the Secretary of State, or his or her designee, shall submit to the court a sworn affidavit detailing the probable cause evidence for the seizure, the location of the assets to be seized, the relevant violation under Section 12 of this Act, and a statement detailing any known owners or interest holders in the assets.

(c) Seizure of the assets shall be made by any peace officer upon process of the seizure warrant issued by the court. Following the seizure of assets under this Act and pursuant to a seizure warrant, notice of seizure, including a description of the seized assets, shall immediately be returned to the issuing court. Seized assets shall be maintained pending a judicial forfeiture hearing in accordance with the instructions of the court.

(d) In the event that management of seized assets becomes necessary to prevent the devaluation, dissipation, or otherwise to preserve the property, the court shall have jurisdiction to appoint a receiver, conservator, ancillary

receiver, or ancillary conservator for that purpose, as provided in item (2) of this subsection.

(4) Seek the forfeiture of assets obtained through conduct in violation of Section 12, paragraph F, G, H, I, J, K, or L when authorized by law. A forfeiture must be ordered by a circuit court or an action brought by the Secretary of State as provided for in this Act, under a verified complaint for forfeiture.

(a) In the event assets have been seized pursuant to this Act, forfeiture proceedings shall be instituted by the Attorney General within 45 days of seizure.

(b) Service of the complaint filed under the provisions of this Act shall be made in the manner as provided in civil actions in this State.

(c) Only an owner of or interest holder in the property may file an answer asserting a claim against the property. For purposes of this Section, the owner or interest holder shall be referred to as claimant.

(d) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:

(i) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;

(ii) the address at which the claimant will accept mail;

(iii) the nature and extent of the claimant's interest in the property;

(iv) the date, identity of the transferor, and circumstances of the claimant's acquisition of the interest in the property;

(v) the name and address of all other persons known to have an interest in the property;

(vi) the specific provisions of this Act relied on in asserting that the property is not subject to forfeiture;

(vii) all essential facts supporting each assertion; and

(viii) the precise relief sought.

(e) The answer must be filed with the court within 45 days after service of the complaint.

(f) A property interest is exempt from forfeiture under this Act if its owner or interest holder establishes by a preponderance of evidence that the owner or interest holder:

   (i) is not legally accountable for the conduct giving rise to the forfeiture, did not acquiesce in it, and did not know and could not reasonably have known of the conduct or that the conduct was likely to occur;

   (ii) with respect to conveyances, did not hold the property jointly or in common with a person whose conduct gave rise to the forfeiture;

   (iii) does not hold the property for the benefit of or as a nominee for any person whose conduct gave rise to its forfeiture and the owner or interest holder acquires it as a bona fide purchaser for value without knowingly taking part in the conduct giving rise to the forfeiture; or

   (iv) acquired the interest after the commencement of the conduct giving rise to its forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct that gave rise to the forfeiture.

(g) The hearing must be held within 60 days after the answer is filed unless continued for good cause.

(h) During the probable cause portion of the judicial in rem proceeding wherein the Secretary of State presents its case-in-chief, the court must receive and consider, among other things, any relevant hearsay evidence and information. The laws of evidence relating to civil actions shall apply to all other portions of the judicial in rem proceeding.

   (i) The Secretary of State shall show the existence of probable cause for forfeiture of the property. If the Secretary of State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence
that the claimant's interest in the property is not subject to forfeiture.

(j) If the Secretary of State does not show the existence of probable cause or a claimant has an interest that is exempt under subdivision I (4)(d) of this Section, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the Secretary of State pursuant to all provisions of this Act. If the Secretary of State does show the existence of probable cause and the claimant does not establish by a preponderance of the evidence that the claimant has an interest that is exempt under subsection D herein, the court shall order all the property forfeited to the Secretary of State pursuant to the provisions of the Section.

(k) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding for violations of the Act giving rise to forfeiture of property herein regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(l) An acquittal or dismissal in a criminal proceeding for violations of the Act giving rise to the forfeiture of property herein shall not preclude civil proceedings under this provision; however, for good cause shown, on a motion by the Secretary of State, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging violation of the provisions of Section 12 of the Illinois Securities Law of 1953. Property subject to forfeiture under this Section shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of the property unless the return or release is consented to by the Secretary of State.

(m) All property declared forfeited under this Act vests in the State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Any such property or proceeds subsequently transferred to any person remain subject to forfeiture and
thereafter shall be ordered forfeited unless the transferee claims and establishes in a hearing under the provisions of this Act that the transferee's interest is exempt under the Act. Any assets forfeited to the State shall be disposed of in following manner:

(i) all forfeited property and assets shall be liquidated by the Secretary of State in accordance with all laws and rules governing the disposition of such property;

(ii) the Secretary of State shall provide the court at the time the property and assets are declared forfeited a verified statement of investors subject to the conduct giving rise to the forfeiture;

(iii) after payment of any costs of sale, receivership, storage, or expenses for preservation of the property seized, other costs to the State, and payment to claimants for any amount deemed exempt from forfeiture, the proceeds from liquidation shall be distributed pro rata to investors subject to the conduct giving rise to the forfeiture; and

(iv) any proceeds remaining after all verified investors have been made whole shall be distributed 25% to the Securities Investors Education Fund, 25% to the Securities Audit and Enforcement Fund, 25% to the Attorney General or any State's Attorney bringing criminal charges for the conduct giving rise to the forfeiture, and 25% to other law enforcement agencies participating in the investigation of the criminal charges for the conduct giving rise to the forfeiture. In the event that no other law enforcement agencies are involved in the investigation of the conduct giving rise to the forfeiture, then the portion to other law enforcement agencies shall be distributed to the Securities Investors Education Fund.

(n) The Secretary of State shall notify by certified mail, return receipt requested, all known investors in the matter giving rise to the forfeiture of the forfeiture.
proceeding and sale of assets forfeited arising from the violations of this Act, and shall further publish notice in a paper of general circulation in the district in which the violations were prosecuted. The notice to investors shall identify the name, address, and other identifying information about any defendant prosecuted for violations of this Act that resulted in forfeiture and sale of property, the offense for which the defendant was convicted, and that the court has ordered forfeiture and sale of property for claims of investors who incurred losses or damages as a result of the violations. Investors may then file a claim in a form prescribed by the Secretary of State in order to share in disbursement of the proceeds from sale of the forfeited property. Investor claims must be filed with the Secretary of State within 30 days after receipt of the certified mail return receipt, or within 30 days after the last date of publication of the general notice in a paper of general circulation in the district in which the violations were prosecuted, whichever occurs last.

(o) A civil action under this subsection must be commenced within 5 years after the last conduct giving rise to the forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding time during which either the property or claimant is out of this State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(p) If property is seized for evidence and for forfeiture, the time periods for instituting judicial forfeiture proceedings shall not begin until the property is no longer necessary for evidence.

(q) Notwithstanding other provisions of this Act, the Secretary of State and a claimant of forfeitable property may enter into an agreed-upon settlement concerning the forfeitable property in such an amount and upon such terms as are set out in writing in a settlement agreement.

(r) Nothing in this Act shall apply to property that constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the

forfeiture proceeding or criminal proceeding relating directly thereto when the property was paid before its seizure and before the issuance of any seizure warrant or court order prohibiting transfer of the property and when the attorney, at the time he or she received the property, did not know that it was property subject to forfeiture under this Act.

The court shall further have jurisdiction and authority, in addition to the penalties and other remedies in this Act provided, to enter an order for the appointment of the court or a person as a receiver, conservator, ancillary receiver or ancillary conservator for the defendant or the defendant's assets located in this State, or to require restitution, damages or disgorgement of profits on behalf of the person or persons injured by the act or practice constituting the subject matter of the action, and may assess costs against the defendant for the use of the State; provided, however, that the civil remedies of rescission and appointment of a receiver, conservator, ancillary receiver or ancillary conservator shall not be available against any person by reason of the failure to file with the Secretary of State, or on account of the contents of, any report of sale provided for in subsection G or P of Section 4, paragraph (2) of subsection D of Sections 5 and 6, or paragraph (2) of subsection F of Section 7 of this Act. Appeals may be taken as in other civil cases.

I-5. Property forfeited under this Section is subject to reporting under the Seizure and Forfeiture Reporting Act.

J. In no case shall the Secretary of State, or any of his or her employees or agents, in the administration of this Act, incur any official or personal liability by instituting an injunction or other proceeding or by denying, suspending or revoking the registration of a dealer or salesperson, or by denying, suspending or revoking the registration of securities or prohibiting the offer or sale of securities, or by suspending or prohibiting any person from acting as a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative or from offering or selling securities.

K. No provision of this Act shall be construed to require or to authorize the Secretary of State to require any investment adviser or federal covered investment adviser engaged in rendering investment supervisory services to disclose the identity, investments, or affairs of any client of the investment adviser or federal covered investment adviser, except insofar as the disclosure may be necessary or appropriate in a

particular proceeding or investigation having as its object the enforcement of this Act.

L. Whenever, after an examination, investigation or hearing, the Secretary of State deems it of public interest or advantage, he or she may certify a record to the State's Attorney of the county in which the act complained of, examined or investigated occurred. The State's Attorney of that county within 90 days after receipt of the record shall file a written statement at the Office of the Secretary of State, which statement shall set forth the action taken upon the record, or if no action has been taken upon the record that fact, together with the reasons therefor, shall be stated.

M. The Secretary of State may initiate, take, pursue, or prosecute any action authorized or permitted under Section 6d of the Federal 1974 Act.

N. (1) Notwithstanding any provision of this Act to the contrary, to encourage uniform interpretation, administration, and enforcement of the provisions of this Act, the Secretary of State may cooperate with the securities agencies or administrators of one or more states, Canadian provinces or territories, or another country, the Securities and Exchange Commission, the Commodity Futures Trading Commission, the Securities Investor Protection Corporation, any self-regulatory organization, and any governmental law enforcement or regulatory agency.

Sec. 2L. Any retail sale of a motor vehicle made after January 1, 1968 to a consumer by a new motor vehicle dealer or used motor vehicle dealer within the meaning of Chapter 5 of the Illinois Vehicle Code is made subject to this Section.

(a) The dealer is liable to the purchasing consumer for the following share of the cost of the repair of Power Train components for a period of 30 days from date of delivery, unless the repairs have become necessary by abuse, negligence, or collision. The burden of establishing that a claim for repairs is not within this Section shall be on the selling dealer. The dealer's share of such repair costs is:

(1) in the case of a motor vehicle which is not more than 2 years old, 50%;
(2) in the case of a motor vehicle which is 2 or more, but less than 3 years old, 25%;
(3) in the case of a motor vehicle which is 3 or more, but less than 4 years old, 10%; and
(4) in the case of a motor vehicle which is 4 or more years old, none.

(b) Notwithstanding the foregoing, such a dealer and a purchasing consumer may negotiate a sale and purchase that is not subject to this Section if there is stamped on any purchase order, contract, agreement, or other instrument to be signed by the consumer as a part of that transaction, in at least 10-point bold type immediately above the signature line, the following:

"THIS VEHICLE IS SOLD AS IS WITH NO WARRANTY AS TO MECHANICAL CONDITION"

(c) As used in this Section, "Power Train components" means the engine block, head, all internal engine parts, oil pan and gaskets, water pump, intake manifold, transmission, and all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and all rear axle internal parts, and rear wheel bearings.

(d) The repair liability means that the dealer will make necessary Power Train component repairs in his shop, or in the shop of his service affiliate, on the basis of his regular list price charge for parts and labor, where the flat rate list price does not exceed 50% of the selling price of the vehicle at the time repairs are requested.

(e) The age of the vehicle shall be measured according to the manufacturer's model year designation as shown on the Certificate of Title or Registration Certificate. Vehicles shall be designated as current year

models, one year old, 2 year old, and so forth according to the time that has elapsed since January 1 of the appropriate model year so designated.

(f) This Section does not preclude the issuance of a warranty or guarantee by a motor vehicle dealer or motor car manufacturer that meets or exceeds the basic provisions of paragraph (a).

(g) After the effective date of this amendatory Act of 1989, executives' and officials' cars when so advertised shall have been used exclusively by executives of the parent motor car manufacturer's personnel or by an executive of an authorized dealer in the same make of car. These cars, so advertised, shall not have been sold to a member of the public prior to the appearance of the advertisement.

Any person who violates this Section commits an unlawful practice within the meaning of this Act.

(Text of Section after amendment by P.A. 99-768)

Sec. 2L. Used motor vehicles; modification or disclaimer of implied warranty of merchantability limited.

(a) Any retail sale of a used motor vehicle made after the effective date of this amendatory Act of the 99th General Assembly to a consumer by a licensed vehicle dealer within the meaning of Chapter 5 of the Illinois Vehicle Code or by an auction company at an auction that is open to the general public is made subject to this Section.

(b) This Section does not apply to vehicles with more than 150,000 miles at the time of sale. In addition, this Section does not apply to vehicles with titles that have been branded "rebuilt" or "flood".

(b-5) This Section does not apply to forfeited vehicles sold at auction by or on behalf of the Department of State Police.

(c) Any sale of a used motor vehicle as described in subsection (a) may not exclude, modify, or disclaim the implied warranty of merchantability prescribed in Section 2-314 of the Uniform Commercial Code or limit the remedies for a breach of the warranty before midnight of the 15th calendar day after delivery of a used motor vehicle or until a used motor vehicle is driven 500 miles after delivery, whichever is earlier. In calculating time under this Section, a day on which the warranty is breached and all subsequent days in which the used motor vehicle fails to conform with the implied warranty of merchantability are excluded. In calculating distance under this Section, the miles driven to obtain or in connection with the repair, servicing, or testing of a used motor vehicle that fails to conform with the implied warranty of merchantability are

New matter indicated by italics - deletions by strikeout
excluded. An attempt to exclude, modify, or disclaim the implied warranty of merchantability or to limit the remedies for a breach of the warranty in violation of this Section renders a purchase agreement voidable at the option of the purchaser.

(d) An implied warranty of merchantability is met if a used motor vehicle functions free of a defect in a power train component. As used in this Section, "power train component" means the engine block, head, all internal engine parts, oil pan and gaskets, water pump, intake manifold, transmission, and all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and all rear axle internal parts, and rear wheel bearings.

(e) The implied warranty of merchantability expires at midnight of the 15th calendar day after delivery of a used motor vehicle or when a used motor vehicle is driven 500 miles after delivery, whichever is earlier. In calculating time, a day on which the implied warranty of merchantability is breached is excluded and all subsequent days in which the used motor vehicle fails to conform with the warranty are also excluded. In calculating distance, the miles driven to or by the seller to obtain or in connection with the repair, servicing, or testing of a used motor vehicle that fails to conform with the implied warranty of merchantability are excluded. An implied warranty of merchantability does not extend to damage that occurs after the sale of the used motor vehicle that results from:

(1) off-road use;
(2) racing;
(3) towing;
(4) abuse;
(5) misuse;
(6) neglect;
(7) failure to perform regular maintenance; and
(8) failure to maintain adequate oil, coolant, and other required fluids or lubricants.

(f) If the implied warranty of merchantability described in this Section is breached, the consumer shall give reasonable notice to the seller no later than 2 business days after the end of the statutory warranty period. Before the consumer exercises another remedy pursuant to Article 2 of the Uniform Commercial Code, the seller shall have a reasonable opportunity to repair the used motor vehicle. The consumer shall pay one-half of the cost of the first 2 repairs necessary to bring the used motor vehicle into compliance with the warranty. The payments by the consumer are limited

New matter indicated by italics - deletions by strikeout
to a maximum payment of $100 for each repair; however, the consumer shall only be responsible for a maximum payment of $100 if the consumer brings in the vehicle for a second repair for the same defect. Reasonable notice as defined in this Section shall include, but not be limited to:

(1) text, provided the seller has provided the consumer with a cell phone number;
(2) phone call or message to the seller's business phone number provided on the seller's bill of sale for the purchase of the motor vehicle;
(3) in writing to the seller's address provided on the seller's bill of sale for the purchase of the motor vehicle;
(4) in person at the seller's address provided on the seller's bill of sale for the purchase of the motor vehicle.

(g) The maximum liability of a seller for repairs pursuant to this Section is limited to the purchase price paid for the used motor vehicle, to be refunded to the consumer or lender, as applicable, in exchange for return of the vehicle.

(h) An agreement for the sale of a used motor vehicle subject to this Section is voidable at the option of the consumer, unless it contains on its face the following conspicuous statement printed in boldface 10-point or larger type set off from the body of the agreement:

"Illinois law requires that this vehicle will be free of a defect in a power train component for 15 days or 500 miles after delivery, whichever is earlier, except with regard to particular defects disclosed on the first page of this agreement. "Power train component" means the engine block, head, all internal engine parts, oil pan and gaskets, water pump, intake manifold, transmission, and all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and all rear axle internal parts, and rear wheel bearings. You (the consumer) will have to pay up to $100 for each of the first 2 repairs if the warranty is violated."

(i) The inclusion in the agreement of the statement prescribed in subsection (h) of this Section does not create an express warranty.

(j) A consumer of a used motor vehicle may waive the implied warranty of merchantability only for a particular defect in the vehicle including, but not limited to, a rebuilt or flood-branded title and only if all of the following conditions are satisfied:

(1) the seller subject to this Section fully and accurately discloses to the consumer that because of circumstances unusual to the business, the used motor vehicle has a particular defect;

New matter indicated by italics - deletions by strikeout
(2) the consumer agrees to buy the used motor vehicle after
disclosure of the defect; and

(3) before the sale, the consumer indicates agreement to the
waiver by signing and dating the following conspicuous statement
that is printed on the first page of the sales agreement or on a
separate document in boldface 10-point or larger type and that is
written in the language in which the presentation was made:

"Attention consumer: sign here only if the seller has told
you that this vehicle has the following problem or problems and
you agree to buy the vehicle on those terms:
1. ......................................................
2. ..................................................
3. ..................................................."

(k) It shall be an affirmative defense to any claim under this
Section that:

(1) an alleged nonconformity does not substantially impair
the use and market value of the motor vehicle;
(2) a nonconformity is the result of abuse, neglect, or
unauthorized modifications or alterations of the motor vehicle;
(3) a claim by a consumer was not filed in good faith; or
(4) any other affirmative defense allowed by law.

(l) Other than the 15-day, 500-mile implied warranty of
merchantability identified herein, a seller subject to this Section is not
required to provide any further express or implied warranties to a
purchasing consumer unless:

(1) the seller is required by federal or State law to provide a
further express or implied warranty; or
(2) the seller fails to fully inform and disclose to the
consumer that the vehicle is being sold without any further express
or implied warranties, other than the 15 day, 500 mile implied
warranty of merchantability identified in this Section.

(m) This Section does not apply to the sale of antique vehicles, as
defined in the Illinois Vehicle Code, or to collector motor vehicles.

Section 20. The Illinois Identification Card Act is amended by changing Section 4 as follows:

(15 ILCS 335/4) (from Ch. 124, par. 24)
(Text of Section before amendment by P.A. 99-907)
Sec. 4. Identification card.
(a) The Secretary of State shall issue a standard Illinois Identification Card to any natural person who is a resident of the State of Illinois who applies for such card, or renewal thereof, or who applies for a standard Illinois Identification Card upon release as a committed person on parole, mandatory supervised release, aftercare release, final discharge, or pardon from the Department of Corrections or Department of Juvenile Justice by submitting an identification card issued by the Department of Corrections or Department of Juvenile Justice under Section 3-14-1 or Section 3-2.5-70 of the Unified Code of Corrections, together with the prescribed fees. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph and signature or mark of the applicant. However, the Secretary of State may provide by rule for the issuance of Illinois Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(a-5) If an applicant for an identification card has a current driver's license or instruction permit issued by the Secretary of State, the Secretary may require the applicant to utilize the same residence address and name

on the identification card, driver's license, and instruction permit records maintained by the Secretary. The Secretary may promulgate rules to implement this provision.

(a-10) If the applicant is a judicial officer as defined in Section 1-10 of the Judicial Privacy Act or a peace officer, the applicant may elect to have his or her office or work address listed on the card instead of the applicant's residence or mailing address. The Secretary may promulgate rules to implement this provision. For the purposes of this subsection (a-10), "peace officer" means any person who by virtue of his or her office or public employment is vested by law with a duty to maintain public order or to make arrests for a violation of any penal statute of this State, whether that duty extends to all violations or is limited to specific violations.

(a-15) The Secretary of State may provide for an expedited process for the issuance of an Illinois Identification Card. The Secretary shall charge an additional fee for the expedited issuance of an Illinois Identification Card, to be set by rule, not to exceed $75. All fees collected by the Secretary for expedited Illinois Identification Card service shall be deposited into the Secretary of State Special Services Fund. The Secretary may adopt rules regarding the eligibility, process, and fee for an expedited Illinois Identification Card. If the Secretary of State determines that the volume of expedited identification card requests received on a given day exceeds the ability of the Secretary to process those requests in an expedited manner, the Secretary may decline to provide expedited services, and the additional fee for the expedited service shall be refunded to the applicant.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Person with a Disability Identification Card, to any natural person who is a resident of the State of Illinois, who is a person with a disability as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Illinois Person with a Disability Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph and signature or mark of the applicant, a designation indicating that the card is an Illinois Person with a Disability Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's

disability as set out in Section 4A of this Act. However, the Secretary of State may provide by rule for the issuance of Illinois Person with a Disability Identification Cards without photographs if the applicant has a bona fide religious objection to being photographed or to the display of his or her photograph. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary determines would be helpful to the applicant in securing emergency medical care. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Person with a Disability Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

The Illinois Person with a Disability Identification Card may be used as adequate documentation of disability in lieu of a physician's determination of disability, a determination of disability from a physician assistant, a determination of disability from an advanced practice registered nurse, or any other documentation of disability whenever any State law requires that a person with a disability provide such documentation of disability, however an Illinois Person with a Disability Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Person with a Disability Identification Card, or evidence that the Secretary of State has issued an Illinois Person with a Disability Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a person with a disability or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

An optometrist's determination of a visual disability under Section 4A of this Act is acceptable as documentation for the purpose of issuing an Illinois Person with a Disability Identification Card.

When medical information is contained on an Illinois Person with a Disability Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

(c) The Secretary of State shall provide that each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a person under the age of 21 shall be of a

distinct nature from those Illinois Identification Cards or Illinois Person with a Disability Identification Cards issued to individuals 21 years of age or older. The color designated for Illinois Identification Cards or Illinois Person with a Disability Identification Cards for persons under the age of 21 shall be at the discretion of the Secretary of State.

(c-1) Each original or renewal Illinois Identification Card or Illinois Person with a Disability Identification Card issued to a person under the age of 21 shall display the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(c-3) The General Assembly recognizes the need to identify military veterans living in this State for the purpose of ensuring that they receive all of the services and benefits to which they are legally entitled, including healthcare, education assistance, and job placement. To assist the State in identifying these veterans and delivering these vital services and benefits, the Secretary of State is authorized to issue Illinois Identification Cards and Illinois Person with a Disability Identification Cards with the word "veteran" appearing on the face of the cards. This authorization is predicated on the unique status of veterans. The Secretary may not issue any other identification card which identifies an occupation, status, affiliation, hobby, or other unique characteristics of the identification card holder which is unrelated to the purpose of the identification card.

(c-5) Beginning on or before July 1, 2015, the Secretary of State shall designate a space on each original or renewal identification card where, at the request of the applicant, the word "veteran" shall be placed. The veteran designation shall be available to a person identified as a veteran under subsection (b) of Section 5 of this Act who was discharged or separated under honorable conditions.

(d) The Secretary of State may issue a Senior Citizen discount card, to any natural person who is a resident of the State of Illinois who is 60 years of age or older and who applies for such a card or renewal thereof. The Secretary of State shall charge no fee to issue such card. The card shall be issued in every county and applications shall be made available at, but not limited to, nutrition sites, senior citizen centers and Area Agencies on Aging. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.
(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Person with a Disability Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the card holder has renewed his or her Illinois Identification Card or Illinois Person with a Disability Identification Card.

The literature shall provide information and resources for substance abuse treatment.

The Director may establish or authorize programs for prescribing, dispensing, or distributing opioid antagonists for the treatment of drug overdose. Such programs may include the prescribing of opioid antagonists for the treatment of drug overdose to a person who is not at risk of opioid overdose but who, in the judgment of the health care professional, may be in a position to assist another individual during an opioid-related drug overdose and who has received basic instruction on how to administer an opioid antagonist.

(2) The Director may provide advice to State and local officials on the growing drug overdose crisis, including the prevalence of drug overdose incidents, programs promoting the disposal of unused prescription drugs, trends in drug overdose incidents, and solutions to the drug overdose crisis.

(5) Investigate procedures for inclusion of school districts, public community college districts, and other units of local government in programs for the centralized purchase of insurance.

(6) Implement recommendations of the State Property Insurance Study Commission that the Department finds necessary or desirable in the performance of its powers and duties under this Section to achieve efficient and comprehensive risk management.

(7) Prepare and, in the discretion of the Director, implement a plan providing for the purchase of public liability insurance or for self-insurance for public liability or for a combination of purchased insurance and self-insurance for public liability (i) covering the State and drivers of motor vehicles owned, leased, or controlled by the State of Illinois pursuant to the provisions and limitations contained in the Illinois Vehicle Code, (ii) covering other public liability exposures of the State and its employees within the scope of their employment, and (iii) covering drivers of motor vehicles not owned, leased, or controlled by the State but used by a State employee on State business, in excess of liability covered by an insurance policy obtained by the owner of the motor vehicle or in excess of the dollar amounts that the Department shall determine to be reasonable. Any contract of insurance let under this Law shall be by bid in accordance with the procedure set forth in the Illinois Purchasing Act. Any provisions for self-insurance shall conform to subdivision (11).

Subsequent to payment of a claim on behalf of an employee pursuant to this Section and after reasonable advance written notice to the employee, the Director may exclude the employee from future coverage or limit the coverage under the plan if (i) the Director determines that the claim resulted from an incident in which the employee was grossly negligent or had engaged in willful and wanton misconduct or (ii) the Director determines that the employee is no longer an acceptable risk based on a review of prior accidents in which the employee was at fault and for which payments were made pursuant to this Section.

The Director is authorized to promulgate administrative rules that may be necessary to establish and administer the plan.

Appropriations from the Road Fund shall be used to pay auto liability claims and related expenses involving employees of the Department of Transportation, the Illinois State Police, and the Secretary of State.

(8) Charge, collect, and receive from all other agencies of the State government fees or monies equivalent to the cost of purchasing the insurance.

Beginning with fiscal year 1996, all amounts recovered by the Department through subrogation in workers' compensation and workers' occupational disease cases shall be deposited into the Workers' Compensation Revolving Fund created under this subdivision (9).

(10) Establish rules, procedures, and forms to be used by State agencies in the administration and payment of workers' compensation claims. For claims filed on or after July 1, 2013, the Department shall retain responsibility for certain administrative payments including, but not limited to, payments to the private vendor contracted to perform services under subdivision (10b) of this Section, payments related to travel expenses for employees of the Office of the Attorney General, and payments to internal Department staff responsible for the oversight and management of any contract awarded pursuant to subdivision (10b) of this Section. Through December 31, 2012, the Director may delegate to any agency with the agreement of the agency head the responsibility for evaluation, administration, and payment of that agency's claims. Information that the Director must provide to the State Workers' Compensation Program Advisory Board includes, but is not limited to, documents, reports of negotiations, bid invitations, requests for proposals, specifications, copies of proposed and final contracts or agreements, and any other materials concerning contracts or agreements for the program. By the first of each month prior to calendar year 2013, the Director must provide updated, and any new, information to the State Workers' Compensation Program Advisory Board until the State workers' compensation program for the next fiscal year is determined.

(10b) No later than January 1, 2013, the chief procurement officer appointed under paragraph (4) of subsection (a) of Section 10-20 of the Illinois Procurement Code (hereinafter "chief procurement officer"), in consultation with the Department of Central Management Services, shall procure one or more private vendors to administer the program providing payments for workers' compensation liability with respect to the employees of all State agencies. The chief procurement officer may procure a single contract applicable to all State agencies or multiple contracts applicable to one or more State agencies. If the chief procurement officer procures a single contract applicable to all State agencies, then the Department of Central Management Services shall be designated as the agency that enters into the contract and shall be responsible for the contract. If the chief procurement officer procures multiple contracts applicable to one or more State agencies, each agency to which the contract applies shall be designated as the agency that shall enter into the contract and shall be responsible for the contract. If the chief procurement officer procures contracts applicable to an individual State agency, the agency subject to the contract shall be designated as the agency responsible for the contract.

(10c) The procurement of private vendors for the administration of the workers' compensation program for State employees is subject to the provisions of the Illinois Procurement Code and administration by the chief procurement officer.

employees shall be based upon, but limited to, the following criteria: (i) administrative cost, (ii) service capabilities of the vendor, and (iii) the compensation (including premiums, fees, or other charges). A vendor for the administration of the workers' compensation program for State employees shall provide services, including, but not limited to:

(A) providing a web-based case management system and provide access to the Office of the Attorney General;

(B) ensuring claims adjusters are available to provide testimony or information as requested by the Office of the Attorney General;

(C) establishing a preferred provider program for all State agencies and facilities; and

(D) authorizing the payment of medical bills at the preferred provider discount rate.

(10e) By September 15, 2012, the Department of Central Management Services shall prepare a plan to effectuate the transfer of responsibility and administration of the workers' compensation program for State employees to the selected private vendors. The Department shall submit a copy of the plan to the General Assembly.

(11) Any plan for public liability self-insurance implemented under this Section shall provide that (i) the Department shall attempt to settle and may settle any public liability claim filed against the State of Illinois or any public liability claim filed against a State employee on the basis of an occurrence in the course of the employee's State employment; (ii) any settlement of such a claim is not subject to fiscal year limitations and must be approved by the Director and, in cases of settlements exceeding $100,000, by the Governor; and (iii) a settlement of any public liability claim against the State or a State employee shall require an unqualified release of any right of action against the State and the employee for acts within the scope of the employee's employment giving rise to the claim.

tort filed against the employee for acts or omissions within the scope of the employee's employment in any proper judicial forum and not settled pursuant to this subdivision (11), provided that this obligation of the State of Illinois shall not exceed a maximum liability of $2,000,000 for any single occurrence in connection with the operation of a motor vehicle or $100,000 per person per occurrence for any other single occurrence, or $500,000 for any single occurrence in connection with the provision of medical care by a licensed physician, advanced practice registered nurse, or physician assistant employee.

Any claims against the State of Illinois under a self-insurance plan that are not settled pursuant to this subdivision (11) shall be heard and determined by the Court of Claims and may not be filed or adjudicated in any other forum. The Attorney General of the State of Illinois or the Attorney General's designee shall be the attorney with respect to all public liability self-insurance claims that are not settled pursuant to this subdivision (11) and therefore result in litigation. The payment of any award of the Court of Claims entered against the State relating to any public liability self-insurance claim shall act as a release against any State employee involved in the occurrence.

(12) Administer a plan the purpose of which is to make payments on final settlements or final judgments in accordance with the State Employee Indemnification Act. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose, except that indemnification expenses for employees of the Department of Transportation, the Illinois State Police, and the Secretary of State shall be paid from the Road Fund. The term "employee" as used in this subdivision (12) has the same meaning as under subsection (b) of Section 1 of the State Employee Indemnification Act. Subject to sufficient appropriation, the Director shall approve payment of any claim, without regard to fiscal year limitations, presented to the Director that is supported by a final settlement or final judgment when the Attorney General and the chief officer of the public body against whose employee the claim or cause of action is asserted certify to the Director that the claim is in accordance with the State Employee Indemnification Act and that they approve of the

(13) Administer a plan the purpose of which is to make payments on final settlements or final judgments for employee wage claims in situations where there was an appropriation relevant to the wage claim, the fiscal year and lapse period have expired, and sufficient funds were available to pay the claim. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose.

Subject to sufficient appropriation, the Director is authorized to pay any wage claim presented to the Director that is supported by a final settlement or final judgment when the chief officer of the State agency employing the claimant certifies to the Director that the claim is a valid wage claim and that the fiscal year and lapse period have expired. Payment for claims that are properly submitted and certified as valid by the Director shall include interest accrued at the rate of 7% per annum from the forty-fifth day after the claims are received by the Department or 45 days from the date on which the amount of payment is agreed upon, whichever is later, until the date the claims are submitted to the Comptroller for payment. When the Attorney General has filed an appearance in any proceeding concerning a wage claim settlement or judgment, the Attorney General shall certify to the Director that the wage claim is valid before any payment is made. In no event shall an amount in excess of $150,000 be paid from this plan to or for the benefit of any claimant.

Nothing in Public Act 84-961 shall be construed to affect in any manner the jurisdiction of the Court of Claims concerning wage claims made against the State of Illinois.

staff, the Chester Mental Health Center may confine all persons on a unit to their rooms. The facility director of the Chester Mental Health Center may authorize the temporary use of handcuffs on a recipient for a period not to exceed 10 minutes when necessary in the course of transport of the recipient within the facility to maintain custody or security. Use of handcuffs is subject to the provisions of Section 2-108 of the Mental Health and Developmental Disabilities Code. The facility shall keep a monthly record listing each instance in which handcuffs are used, circumstances indicating the need for use of handcuffs, and time of application of handcuffs and time of release therefrom. The facility director shall allow the Illinois Guardianship and Advocacy Commission, the agency designated by the Governor under Section 1 of the Protection and Advocacy for Persons with Developmental Disabilities Act, and the Department to examine and copy such record upon request.

Department to examine and copy the record upon request. This use of
transport devices shall not be considered restraint as defined in the Mental
Health and Developmental Disabilities Code. For the purpose of this
Section "transport device" means ankle cuffs, handcuffs, waist chains or
wrist-waist devices designed to restrict an individual's range of motion
while being transported. These devices must be approved by the Division

required to be eligible to transport patients and all other required training
relating to the safe use and application of transport devices, including
recognizing and responding to signs of distress in an individual whose
movement is being restricted by a transport device.

If and when it shall appear to the satisfaction of the Department
that any person confined in the Chester Mental Health Center is not or has
ceased to be such a source of danger to the public as to require his
subjection to the regimen of the center, the Department is hereby

Section 70. The Property Tax Code is amended by changing Sections 15-168 and 15-172 as follows:

(35 ILCS 200/15-168)

Sec. 15-168. Homestead exemption for persons with disabilities.
(a) Beginning with taxable year 2007, an annual homestead exemption is granted to persons with disabilities in the amount of $2,000, except as provided in subsection (c), to be deducted from the property's value as equalized or assessed by the Department of Revenue. The person with a disability shall receive the homestead exemption upon meeting the following requirements:

1. The property must be occupied as the primary residence by the person with a disability.
2. The person with a disability must be liable for paying the real estate taxes on the property.
3. The person with a disability must be an owner of record of the property or have a legal or equitable interest in the property as evidenced by a written instrument. In the case of a leasehold interest in property, the lease must be for a single family residence.

New matter indicated by italics - deletions by strikeout
A person who has a disability during the taxable year is eligible to apply for this homestead exemption during that taxable year. Application must be made during the application period in effect for the county of residence. If a homestead exemption has been granted under this Section and the person awarded the exemption subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, then the exemption shall continue (i) so long as the residence continues to be occupied by the qualifying person's spouse or (ii) if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

(b) For the purposes of this Section, "person with a disability" means a person unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. Persons with disabilities filing claims under this Act shall submit proof of disability in such form and manner as the Department shall by rule and regulation prescribe. Proof that a claimant is eligible to receive disability benefits under the Federal Social Security Act shall constitute proof of disability for purposes of this Act. Issuance of an Illinois Person with a Disability Identification Card stating that the claimant is under a Class 2 disability, as defined in Section 4A of the Illinois Identification Card Act, shall constitute proof that the person named thereon is a person with a disability for purposes of this Act. A person with a disability not covered under the Federal Social Security Act and not presenting an Illinois Person with a Disability Identification Card stating that the claimant is under a Class 2 disability shall be examined by a physician, advanced practice registered nurse, or physician assistant designated by the Department, and his status as a person with a disability determined using the same standards as used by the Social Security Administration. The costs of any required examination shall be borne by the claimant.

(c) For land improved with (i) an apartment building owned and operated as a cooperative or (ii) a life care facility as defined under Section 2 of the Life Care Facilities Act that is considered to be a cooperative, the maximum reduction from the value of the property, as equalized or assessed by the Department, shall be multiplied by the number of apartments or units occupied by a person with a disability. The person with
a disability shall receive the homestead exemption upon meeting the following requirements:

   (1) The property must be occupied as the primary residence by the person with a disability.

   (2) The person with a disability must be liable by contract with the owner or owners of record for paying the apportioned property taxes on the property of the cooperative or life care facility. In the case of a life care facility, the person with a disability must be liable for paying the apportioned property taxes under a life care contract as defined in Section 2 of the Life Care Facilities Act.

   (3) The person with a disability must be an owner of record of a legal or equitable interest in the cooperative apartment building. A leasehold interest does not meet this requirement.

If a homestead exemption is granted under this subsection, the cooperative association or management firm shall credit the savings resulting from the exemption to the apportioned tax liability of the qualifying person with a disability. The chief county assessment officer may request reasonable proof that the association or firm has properly credited the exemption. A person who willfully refuses to credit an exemption to the qualified person with a disability is guilty of a Class B misdemeanor.

(d) The chief county assessment officer shall determine the eligibility of property to receive the homestead exemption according to guidelines established by the Department. After a person has received an exemption under this Section, an annual verification of eligibility for the exemption shall be mailed to the taxpayer.

In counties with fewer than 3,000,000 inhabitants, the chief county assessment officer shall provide to each person granted a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the person's qualifying property. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay an administrative fee of $5 to the chief county assessment officer. The assessment officer shall then file the executed designation with the county collector, who shall issue the duplicate notices as indicated by the designation. A designation may be rescinded by the

person with a disability in the manner required by the chief county assessment officer.

(e) A taxpayer who claims an exemption under Section 15-165 or 15-169 may not claim an exemption under this Section.

Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the

New matter indicated by italics - deletions by strikeout
property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

(1) $35,000 prior to taxable year 1999;
(2) $40,000 in taxable years 1999 through 2003;
(3) $45,000 in taxable years 2004 through 2005;
(4) $50,000 in taxable years 2006 and 2007; and
(5) $55,000 in taxable year 2008 and thereafter.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

New matter indicated by italics - deletions by strikeout
(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006, the amount of the exemption is as follows:

1. For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.
2. For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.
3. For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

New matter indicated by italics - deletions by strikeout
(4) For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Assisted Living and Shared Housing Act, the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD

New matter indicated by italics - deletions by strikeout
Community Care Act, or the MC/DD Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it
is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 2012. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician, advanced practice registered nurse, or physician assistant stating the nature and extent of the condition, and that, in the physician's, advanced practice registered nurse's, or physician assistant's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due
to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

New matter indicated by italics - deletions by strikeout
(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(55 ILCS 5/3-14049) (from Ch. 34, par. 3-14049)

Sec. 3-14049. Appointment of physicians and nurses for the poor and mentally ill persons. The appointment, employment and removal by the Board of Commissioners of Cook County of all physicians and surgeons, advanced practice registered nurses, physician assistants, and nurses for the care and treatment of the sick, poor, mentally ill or persons in need of mental treatment of said county shall be made only in conformity with rules prescribed by the County Civil Service Commission to accomplish the purposes of this Section.

The Board of Commissioners of Cook County may provide that all such physicians and surgeons who serve without compensation shall be appointed for a term to be fixed by the Board, and that the physicians and surgeons usually designated and known as interns shall be appointed for a term to be fixed by the Board: Provided, that there may also, at the discretion of the board, be a consulting staff of physicians and surgeons, which staff may be appointed by the president, subject to the approval of the board, and provided further, that the Board may contract with any recognized training school or any program for health professionals for health care services of any or all of such sick or mentally ill or persons in need of mental treatment.

substantial flight risk or some other extraordinary circumstance that dictates security restraints be used to ensure the safety and security of the prisoner, her child or unborn child, the staff of the county department of corrections or medical facility, other prisoners, or the public. The protections set out in clauses (b)(3) and (b)(4) of this Section shall apply to security restraints used pursuant to this subsection. Sec. 5-1069. Group life, health, accident, hospital, and medical insurance.

(a) The county board of any county may arrange to provide, for the benefit of employees of the county, group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, or the county board may self-insure, for the benefit of its employees, all or a portion of the employees' group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, including a combination of self-insurance and other types of insurance authorized by this Section, provided that the county

board complies with all other requirements of this Section. The insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a well recognized religious denomination. The county board may provide for payment by the county of a portion or all of the premium or charge for the insurance with the employee paying the balance of the premium or charge, if any. If the county board undertakes a plan under which the county pays only a portion of the premium or charge, the county board shall provide for withholding and deducting from the compensation of those employees who consent to join the plan the balance of the premium or charge for the insurance.

(b) If the county board does not provide for self-insurance or for a plan under which the county pays a portion or all of the premium or charge for a group insurance plan, the county board may provide for withholding and deducting from the compensation of those employees who consent thereto the total premium or charge for any group life, health, accident, hospital, and medical insurance.

(c) The county board may exercise the powers granted in this Section only if it provides for self-insurance or, where it makes arrangements to provide group insurance through an insurance carrier, if the kinds of group insurance are obtained from an insurance company authorized to do business in the State of Illinois. The county board may enact an ordinance prescribing the method of operation of the insurance program.

(d) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer unless the county elects to provide mammograms itself under Section 5-1069.1. The coverage shall be as follows:

1. A baseline mammogram for women 35 to 39 years of age.
2. An annual mammogram for women 40 years of age or older.
3. A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

New matter indicated by italics - deletions by strikeout
(4) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches, advanced practice registered nurse, or physician assistant.

For purposes of this subsection, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(d-5) Coverage as described by subsection (d) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(d-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-15) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include mastectomy coverage, which includes coverage for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

1) reconstruction of the breast upon which the mastectomy has been performed;

2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and

3) prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence

of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

A county, including a home rule county, that is a self-insurer for purposes of providing health insurance coverage for its employees, may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(d-20) The requirement that mammograms be included in health insurance coverage as provided in subsections (d) through (d-15) is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule county powers. A home rule county to which subsections (d) through (d-15) apply must comply with every provision of those subsections.

(e) The term "employees" as used in this Section includes elected or appointed officials but does not include temporary employees.

(f) The county board may, by ordinance, arrange to provide group life, health, accident, hospital, and medical insurance, or any one or a combination of those types of insurance, under this Section to retired former employees and retired former elected or appointed officials of the county.

(g) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Department shall be considered furloughed without pay from the positions from which they were reduced or removed.

Such reductions and removals shall be in strict compliance with seniority and in no event shall any officer or member be reduced more than one rank in a reduction of force. Officers and members with the least seniority in the position to be reduced shall be reduced to the next lower rated position. For purposes of determining which officers and members will be reduced in rank, seniority shall be determined by adding the time spent at the rank or position from which the officer or member is to be reduced and the time spent at any higher rank or position in the Department. For purposes of determining which officers or members in the lowest rank or position shall be removed from the Department in the event of a layoff, length of service in the Department shall be the basis for determining seniority, with the least senior such officer or member being the first so removed and laid off. Such officers or members laid off shall have their names placed on an appropriate reemployment list in the reverse order of dates of layoff.

If any positions which have been vacated because of reduction in forces or displacement and abolition of positions, are reinstated, such members and officers of the Fire Department or of the Police Department as are furloughed from the said positions shall be notified by registered mail of such reinstatement of positions and shall have prior right to such positions if otherwise qualified, and in all cases seniority shall prevail.

Written application for such reinstated position must be made by the furloughed person within 30 days after notification as above provided and such person may be required to submit to examination by physicians, advanced practice registered nurses, or physician assistants of both the commission and the appropriate pension board to determine his physical fitness.

(105 ILCS 5/22-80)
Sec. 22-80. Student athletes; concussions and head injuries.
(a) The General Assembly recognizes all of the following:

(1) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The Centers for Disease Control and Prevention estimates that as many as 3,900,000 sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(2) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority of concussions occur without loss of consciousness.

(3) Continuing to play with a concussion or symptoms of a head injury leaves a young athlete especially vulnerable to greater injury and even death. The General Assembly recognizes that, despite having generally recognized return-to-play standards for concussions and head injuries, some affected youth athletes are prematurely returned to play, resulting in actual or potential physical injury or death to youth athletes in this State.

(4) Student athletes who have sustained a concussion may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the

student is fully recovered. To that end, all schools are encouraged
to establish a return-to-learn protocol that is based on peer-
reviewed scientific evidence consistent with Centers for Disease
Control and Prevention guidelines and conduct baseline testing for
student athletes.

affecting the brain caused by a traumatic physical force or impact to the
head or body, which may include temporary or prolonged altered brain

sleep patterns and which may or may not involve a loss of consciousness.
"Department" means the Department of Financial and Professional
Regulation.
"Game official" means a person who officiates at an interscholastic
athletic activity, such as a referee or umpire, including, but not limited to,
persons enrolled as game officials by the Illinois High School Association
or Illinois Elementary School Association.

school instructional hours, under the direction of a coach, athletic director,

experience with concussion management and who is a nurse, a
psychologist who holds a license under the Clinical Psychologist

"Physician" means a physician licensed to practice medicine in all of its branches under the Medical Practice Act of 1987.

"School" means any public or private elementary or secondary school, including a charter school.

"Student" means an adolescent or child enrolled in a school.

(c) This Section applies to any interscholastic athletic activity, including practice and competition, sponsored or sanctioned by a school, the Illinois Elementary School Association, or the Illinois High School Association. This Section applies beginning with the 2016-2017 school year.

(d) The governing body of each public or charter school and the appropriate administrative officer of a private school with students enrolled who participate in an interscholastic athletic activity shall appoint or approve a concussion oversight team. Each concussion oversight team shall establish a return-to-play protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to interscholastic athletics practice or competition following a force or impact believed to have caused a concussion. Each concussion oversight team shall also establish a return-to-learn protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to the classroom after that student is believed to have experienced a concussion, whether or not the concussion took place while the student was participating in an interscholastic athletic activity.

Each concussion oversight team must include to the extent practicable at least one physician. If a school employs an athletic trainer, the athletic trainer must be a member of the school concussion oversight team to the extent practicable. If a school employs a nurse, the nurse must be a member of the school concussion oversight team to the extent practicable. At a minimum, a school shall appoint a person who is responsible for implementing and complying with the return-to-play and return-to-learn protocols adopted by the concussion oversight team. A school may appoint other licensed healthcare professionals to serve on the concussion oversight team.

(e) A student may not participate in an interscholastic athletic activity for a school year until the student and the student's parent or
guardian or another person with legal authority to make medical decisions for the student have signed a form for that school year that acknowledges receiving and reading written information that explains concussion prevention, symptoms, treatment, and oversight and that includes guidelines for safely resuming participation in an athletic activity following a concussion. The form must be approved by the Illinois High School Association.

(f) A student must be removed from an interscholastic athletics practice or competition immediately if one of the following persons believes the student might have sustained a concussion during the practice or competition:

1. a coach;
2. a physician;
3. a game official;
4. an athletic trainer;
5. the student's parent or guardian or another person with legal authority to make medical decisions for the student;
6. the student; or
7. any other person deemed appropriate under the school's return-to-play protocol.

(g) A student removed from an interscholastic athletics practice or competition under this Section may not be permitted to practice or compete again following the force or impact believed to have caused the concussion until:

1. the student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, by a treating physician (chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student) or an athletic trainer working under the supervision of a physician;
2. the student has successfully completed each requirement of the return-to-play protocol established under this Section necessary for the student to return to play;
3. the student has successfully completed each requirement of the return-to-learn protocol established under this Section necessary for the student to return to learn;
4. the treating physician or athletic trainer working under the supervision of a physician has provided a written statement...

indicating that, in the physician's professional judgment, it is safe for the student to return to play and return to learn; and

(5) the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student:

(A) have acknowledged that the student has completed the requirements of the return-to-play and return-to-learn protocols necessary for the student to return to play;

(B) have provided the treating physician's or athletic trainer's written statement under subdivision (4) of this subsection (g) to the person responsible for compliance with the return-to-play and return-to-learn protocols under this subsection (g) and the person who has supervisory responsibilities under this subsection (g); and

(C) have signed a consent form indicating that the person signing:

(i) has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play and return-to-learn protocols;

(ii) understands the risks associated with the student returning to play and returning to learn and will comply with any ongoing requirements in the return-to-play and return-to-learn protocols; and

(iii) consents to the disclosure to appropriate persons, consistent with the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191), of the treating physician's or athletic trainer's written statement under subdivision (4) of this subsection (g) and, if any, the return-to-play and return-to-learn recommendations of the treating physician or the athletic trainer, as the case may be.

A coach of an interscholastic athletics team may not authorize a student's return to play or return to learn.

The district superintendent or the superintendent's designee in the case of a public elementary or secondary school, the chief school administrator or that person's designee in the case of a charter school, or
the appropriate administrative officer or that person's designee in the case of a private school shall supervise an athletic trainer or other person responsible for compliance with the return-to-play protocol and shall supervise the person responsible for compliance with the return-to-learn protocol. The person who has supervisory responsibilities under this paragraph may not be a coach of an interscholastic athletics team.

(h)(1) The Illinois High School Association shall approve, for coaches and game officials of interscholastic athletic activities, training courses that provide for not less than 2 hours of training in the subject matter of concussions, including evaluation, prevention, symptoms, risks, and long-term effects. The Association shall maintain an updated list of individuals and organizations authorized by the Association to provide the training.

(2) The following persons must take a training course in accordance with paragraph (4) of this subsection (h) from an authorized training provider at least once every 2 years:

(A) a coach of an interscholastic athletic activity;
(B) a nurse who serves as a member of a concussion oversight team and is an employee, representative, or agent of a school;
(C) a game official of an interscholastic athletic activity; and
(D) a nurse who serves on a volunteer basis as a member of a concussion oversight team for a school.

(3) A physician who serves as a member of a concussion oversight team shall, to the greatest extent practicable, periodically take an appropriate continuing medical education course in the subject matter of concussions.

(4) For purposes of paragraph (2) of this subsection (h):

(A) a coach or game officials, as the case may be, must take a course described in paragraph (1) of this subsection (h).
(B) an athletic trainer must take a concussion-related continuing education course from an athletic trainer continuing education sponsor approved by the Department; and
(C) a nurse must take a course concerning the subject matter of concussions that has been approved for continuing education credit by the Department.

(5) Each person described in paragraph (2) of this subsection (h) must submit proof of timely completion of an approved course in

compliance with paragraph (4) of this subsection (h) to the district superintendent or the superintendent's designee in the case of a public elementary or secondary school, the chief school administrator or that person's designee in the case of a charter school, or the appropriate administrative officer or that person's designee in the case of a private school.

(6) A physician, athletic trainer, or nurse who is not in compliance with the training requirements under this subsection (h) may not serve on a concussion oversight team in any capacity.

(7) A person required under this subsection (h) to take a training course in the subject of concussions must initially complete the training not later than September 1, 2016.

(i) The governing body of each public or charter school and the appropriate administrative officer of a private school with students enrolled who participate in an interscholastic athletic activity shall develop a school-specific emergency action plan for interscholastic athletic activities to address the serious injuries and acute medical conditions in which the condition of the student may deteriorate rapidly. The plan shall include a delineation of roles, methods of communication, available emergency equipment, and access to and a plan for emergency transport. This emergency action plan must be:

(1) in writing;
(2) reviewed by the concussion oversight team;
(3) approved by the district superintendent or the superintendent's designee in the case of a public elementary or secondary school, the chief school administrator or that person's designee in the case of a charter school, or the appropriate administrative officer or that person's designee in the case of a private school;
(4) distributed to all appropriate personnel;
(5) posted conspicuously at all venues utilized by the school; and
(6) reviewed annually by all athletic trainers, first responders, coaches, school nurses, athletic directors, and volunteers for interscholastic athletic activities.

Sec. 24-5. Physical fitness and professional growth.
(a) In this Section, "employee" means any employee of a school district, a student teacher, an employee of a contractor that provides services to students or in schools, or any other individual subject to the requirements of Section 10-21.9 or 34-18.5 of this Code.

(b) School boards shall require of new employees evidence of physical fitness to perform duties assigned and freedom from communicable disease. Such evidence shall consist of a physical examination by a physician licensed in Illinois or any other state to practice medicine and surgery in all its branches, a licensed advanced practice registered nurse, or a licensed physician assistant not more than 90 days preceding time of presentation to the board, and the cost of such examination shall rest with the employee. A new or existing employee may be subject to additional health examinations, including screening for tuberculosis, as required by rules adopted by the Department of Public Health or by order of a local public health official. The board may from time to time require an examination of any employee by a physician licensed in Illinois to practice medicine and surgery in all its branches, a licensed advanced practice registered nurse, or a licensed physician assistant and shall pay the expenses thereof from school funds.

(c) School boards may require teachers in their employ to furnish from time to time evidence of continued professional growth.

Sec. 24-6. Sick leave. The school boards of all school districts, including special charter districts, but not including school districts in municipalities of 500,000 or more, shall grant their full-time teachers, and also shall grant such of their other employees as are eligible to participate in the Illinois Municipal Retirement Fund under the "600-Hour Standard" established, or under such other eligibility participation standard as may from time to time be established, by rules and regulations now or hereafter promulgated by the Board of that Fund under Section 7-198 of the Illinois Pension Code, as now or hereafter amended, sick leave provisions not less in amount than 10 days at full pay in each school year. If any such teacher or employee does not use the full amount of annual leave thus allowed, the unused amount shall be allowed to accumulate to a minimum available leave of 180 days at full pay, including the leave of the current year. Sick leave shall be interpreted to mean personal illness, quarantine at home,
serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. The school board may require a certificate from a physician licensed in Illinois to practice medicine and surgery in all its branches, a chiropractic physician licensed under the Medical Practice Act of 1987, a licensed advanced practice registered nurse, a licensed physician assistant, or, if the treatment is by prayer or spiritual means, a spiritual adviser or practitioner of the teacher's or employee's faith as a basis for pay during leave after an absence of 3 days for personal illness or 30 days for birth or as the school board may deem necessary in other cases. If the school board does require a certificate as a basis for pay during leave of less than 3 days for personal illness, the school board shall pay, from school funds, the expenses incurred by the teachers or other employees in obtaining the certificate. For paid leave for adoption or placement for adoption, the school board may require that the teacher or other employee provide evidence that the formal adoption process is underway, and such leave is limited to 30 days unless a longer leave has been negotiated with the exclusive bargaining representative.

If, by reason of any change in the boundaries of school districts, or by reason of the creation of a new school district, the employment of a teacher is transferred to a new or different board, the accumulated sick leave of such teacher is not thereby lost, but is transferred to such new or different district.

For purposes of this Section, "immediate family" shall include parents, spouse, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, and legal guardians.

3. Any child necessarily and lawfully employed according to the provisions of the law regulating child labor may be excused from attendance at school by the county superintendent of schools or the superintendent of the public school which the child should be attending, on certification of the facts by and the recommendation of the school board of the public school district in which the child resides. holidays on which it shall be mandatory to excuse a child; but
nothing in this paragraph 5 shall be construed to limit the right of
any school board, at its discretion, to excuse an absence on any
other day by reason of the observance of a religious holiday. A
school board may require the parent or guardian of a child who is
to be excused from attending school due to the observance of a

public school on a particular day or days or at a particular time of
day for the purpose of sounding "Taps" at a military honors funeral

under this paragraph 7, the student shall notify the school's
administration at least 2 days prior to the date of the absence and
shall provide the school's administration with the date, time, and
location of the military honors funeral. The school's administration
may waive this 2-day notification requirement if the student did not
receive at least 2 days advance notice, but the student shall notify
the school's administration as soon as possible of the absence. A
student whose absence is excused under this paragraph 7 shall be
counted as if the student attended school for purposes of
calculating the average daily attendance of students in the school
district. A student whose absence is excused under this paragraph 7
must be allowed a reasonable time to make up school work missed
during the absence. If the student satisfactorily completes the
school work, the day of absence shall be counted as a day of
compulsory attendance and he or she may not be penalized for that

Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue

burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include the collection of data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. The Department of Public Health shall specify
that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice registered nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice registered nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public

New matter indicated by italics - deletions by strikeout
Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to obesity. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice registered nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in

violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations and eye examinations. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children

who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a

New matter indicated by italics - deletions by strikeout
vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice registered nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Exempting a child from the health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial

school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include an age-appropriate developmental screening, an age-appropriate social and emotional screening, and the collection of data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. With respect to the developmental screening and the social and emotional screening, the
Department of Public Health must develop rules and appropriate revisions to the Child Health Examination form in conjunction with a statewide organization representing school boards; a statewide organization representing pediatricians; statewide organizations representing individuals holding Illinois educator licenses with school support personnel endorsements, including school social workers, school psychologists, and school nurses; a statewide organization representing children's mental health experts; a statewide organization representing school principals; the Director of Healthcare and Family Services or his or her designee, the State Superintendent of Education or his or her designee; and representatives of other appropriate State agencies and, at a minimum, must recommend the use of validated screening tools appropriate to the child's age or grade, and, with regard to the social and emotional screening, require recording only whether or not the screening was completed. The rules shall take into consideration the screening recommendations of the American Academy of Pediatrics and must be consistent with the State Board of Education's social and emotional learning standards. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice registered nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice registered nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests.
or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(2.5) With respect to the developmental screening and the social and emotional screening portion of the health examination, each child may present proof of having been screened in accordance with this Section and the rules adopted under this Section before October 15th of the school year. With regard to the social and emotional screening only, the examining health care provider shall only record whether or not the screening was completed. If the child fails to present proof of the developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or guardian's consent, offer the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and guardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a social and emotional screening is completed and proof has been presented to the school, the school may, with a parent's or guardian's consent, make available appropriate school personnel to work with the parent or guardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, guardians, or provider.
(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice registered nurse, physician assistant, registered nurse, or local health department that will be
responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations, eye examinations, and the developmental screening and the social and emotional screening portions of the health examination. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.
Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health

examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

"Home nursing agency" does not include an individually licensed nurse acting as a private contractor or a person that provides or procures temporary employment in health care facilities, as defined in the Nurse Agency Licensing Act.

Section 130. The End Stage Renal Disease Facility Act is amended by changing Section 25 as follows:

Sec. 25. Minimum staffing. An end stage renal disease facility shall be under the medical direction of a physician experienced in renal disease treatment, as required for licensure under this Act. New matter indicated by italics - deletions by strikeout
"Health care professional" includes a physician licensed to practice medicine in all its branches, a physician assistant, or an advanced practice registered nurse licensed in the State.

(b) When treatment is provided in a hospital's emergency department, a health care professional who treats a drug overdose or hospital administrator or designee shall report the case to the Department of Public Health within 48 hours of providing treatment for the drug overdose or at such time the drug overdose is confirmed. The Department shall by rule create a form for this purpose which requires the following information, if known: (1) whether an opioid antagonist was administered; (2) the cause of the overdose; and (3) the demographic information of the person treated. The Department shall create the form with input from the statewide association representing a majority of hospitals in Illinois. The person completing the form may not disclose the name, address, or any other personal information of the individual experiencing the overdose.

(c) The identity of the person and entity reporting under this subsection shall not be disclosed to the subject of the report. For the purposes of this subsection, the health care professional, hospital administrator, or designee making the report and his or her employer shall not be held criminally, civilly, or professionally liable for reporting under this subsection, except for willful or wanton misconduct.

(d) The Department shall provide a semiannual report to the General Assembly summarizing the reports received. The Department shall also provide on its website a monthly report of drug overdose figures. The figures shall be organized by the overdose location, the age of the victim, the cause of the overdose, and any other factors the Department deems appropriate.

Sec. 6.23a. Sepsis screening protocols.

(a) Each hospital shall adopt, implement, and periodically update evidence-based protocols for the early recognition and treatment of patients with sepsis, severe sepsis, or septic shock (sepsis protocols) that are based on generally accepted standards of care. Sepsis protocols must include components specific to the identification, care, and treatment of adults and of children, and must clearly identify where and when components will differ for adults and for children seeking treatment in the emergency department or as an inpatient. These protocols must also include the following components:

New matter indicated by italics - deletions by strikeout
(1) a process for the screening and early recognition of patients with sepsis, severe sepsis, or septic shock;

(2) a process to identify and document individuals appropriate for treatment through sepsis protocols, including explicit criteria defining those patients who should be excluded from the protocols, such as patients with certain clinical conditions or who have elected palliative care;

(3) guidelines for hemodynamic support with explicit physiologic and treatment goals, methodology for invasive or non-invasive hemodynamic monitoring, and timeframe goals;

(4) for infants and children, guidelines for fluid resuscitation consistent with current, evidence-based guidelines for severe sepsis and septic shock with defined therapeutic goals for children;

(5) identification of the infectious source and delivery of early broad spectrum antibiotics with timely re-evaluation to adjust to narrow spectrum antibiotics targeted to identified infectious sources; and

(6) criteria for use, based on accepted evidence of vasoactive agents.

(b) Each hospital shall ensure that professional staff with direct patient care responsibilities and, as appropriate, staff with indirect patient care responsibilities, including, but not limited to, laboratory and pharmacy staff, are periodically trained to implement the sepsis protocols required under subsection (a). The hospital shall ensure updated training of staff if the hospital initiates substantive changes to the sepsis protocols.

(c) Each hospital shall be responsible for the collection and utilization of quality measures related to the recognition and treatment of severe sepsis for purposes of internal quality improvement.

(3) complete a digest of efforts and recommendations no later than 12 months after the effective date of this amendatory Act of the 99th General Assembly; the digest may include Illinois-specific data, trends, conditions, or other clinical factors; a summary shall be provided to the Governor and General Assembly and shall be publicly available on the Department's website; and

(4) consult and seek input and feedback prior to the proposal, publication, or issuance of any guidance, methodologies, metrics, rulemaking, or any other information authorized under this Section from statewide organizations representing hospitals, physicians, advanced practice registered nurses, pharmacists, and long-term care facilities. Public and private hospitals, epidemiologists, infection prevention professionals, health care informatics and health care data professionals, and academic researchers may be consulted.

If the Department receives an appropriation and carries out the requirements of paragraphs (1), (2), (3), and (4), then the Department may adopt rules concerning the collection of data from hospitals regarding sepsis and requiring that each hospital shall be responsible for reporting to the Department.

Any publicly released hospital-specific information under this Section is subject to data provisions specified in Section 25 of the Hospital Report Card Act.

(1) The employed physician is a member of the medical staff of either the hospital or hospital affiliate. If a hospital affiliate decides to have a medical staff, its medical staff shall be organized in accordance with written bylaws where the affiliate medical staff is responsible for making recommendations to the governing body of the affiliate regarding all quality assurance activities and safeguarding professional autonomy. The affiliate medical staff bylaws may not be unilaterally changed by the governing body of the affiliate. Nothing in this Section requires hospital affiliates to have a medical staff.

(2) Independent physicians, who are not employed by an employing entity, periodically review the quality of the medical services provided by the employed physician to continuously improve patient care.

(3) The employing entity and the employed physician sign a statement acknowledging that the employer shall not unreasonably exercise control, direct, or interfere with the employed physician's exercise and execution of his or her professional judgment in a manner that adversely affects the employed physician's ability to provide quality care to patients. provisions of this Section, but nothing in this Section shall require or
permit the Department to license, certify, or otherwise investigate the
activities of a hospital affiliate not otherwise required to be licensed by the
Department.

e) Retaliation prohibited. No employing entity shall retaliate
against any employed physician for requesting a hearing or review under
this Section. No action may be taken that affects the ability of a physician
to practice during this review, except in circumstances where the medical
staff bylaws authorize summary suspension.

(f) Physician collaboration. No employing entity shall adopt or
enforce, either formally or informally, any policy, rule, regulation, or
practice inconsistent with the provision of adequate collaboration,
including medical direction of licensed advanced practice registered
nurses or supervision of licensed physician assistants and delegation to

pay for a particular health care service or to prohibit a medical group,
independent practice association, hospital medical staff, or hospital
governing body from enforcing reasonable peer review or utilization
review protocols or determining whether the employed physician complied
with those protocols.

The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Disciplinary Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. (a) Entities Required to Report.

(1) Health Care Institutions. The chief administrator or executive officer of a health care institution licensed by the Department of Public Health, which provides the minimum due process set forth in Section 10.4 of the Hospital Licensing Act, shall report to the Board when an advanced practice registered nurse's organized professional staff clinical privileges are terminated or are restricted based on a final determination, in accordance with that institution's bylaws or rules and regulations, that (i) a person has either committed an act or acts that may directly threaten patient care and that are not of an administrative nature or (ii) that a person may have a mental or physical disability that may endanger patients under that person's care. The chief administrator or officer shall also report if an advanced practice

registered nurse accepts voluntary termination or restriction of clinical privileges in lieu of formal action based upon conduct related directly to patient care and not of an administrative nature, or in lieu of formal action seeking to determine whether a person may have a mental or physical disability that may endanger patients under that person's care. The Department Board shall provide by rule for the reporting to it of all instances in which a person licensed under this Article, who is impaired by reason of age, drug, or alcohol abuse or physical or mental impairment, is under supervision and, where appropriate, is in a program of rehabilitation. Reports submitted under this subsection shall be strictly confidential and may be reviewed and considered only by the members of the Board or authorized staff as provided by rule of the Department Board. Provisions shall be made for the periodic report of the status of any such reported person not less than twice annually in order that the Board shall have current information upon which to determine the status of that person. Initial and periodic reports of impaired advanced practice registered nurses shall not be considered records within the meaning of the State Records Act and shall be disposed of, following a determination by the Board that such reports are no longer required, in a manner and at an appropriate time as the Board shall determine by rule. The filing of reports submitted under this subsection shall be construed as the filing of a report for purposes of subsection (c) of this Section.

(2) Professional Associations. The President or chief executive officer of an association or society of persons licensed under this Article, operating within this State, shall report to the Board when the association or society renders a final determination that a person licensed under this Article has committed unprofessional conduct related directly to patient care or that a person may have a mental or physical disability that may endanger patients under the person's care.

(3) Professional Liability Insurers. Every insurance company that offers policies of professional liability insurance to persons licensed under this Article, or any other entity that seeks to indemnify the professional liability of a person licensed under this Article, shall report to the Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action,
that alleged negligence in the furnishing of patient care by the licensee when the settlement or final judgment is in favor of the plaintiff.

(4) State's Attorneys. The State's Attorney of each county shall report to the Board all instances in which a person licensed under this Article is convicted or otherwise found guilty of the commission of a felony.

(5) State Agencies. All agencies, boards, commissions, departments, or other instrumentalities of the government of this State shall report to the Board any instance arising in connection with the operations of the agency, including the administration of any law by the agency, in which a person licensed under this Article has either committed an act or acts that may constitute a violation of this Article, that may constitute unprofessional conduct related directly to patient care, or that indicates that a person licensed under this Article may have a mental or physical disability that may endanger patients under that person's care.

(b) Mandatory Reporting. All reports required under items (16) and (17) of subsection (a) of Section 70-5 shall be submitted to the Board in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Article. All reports shall contain the following information:

(1) The name, address, and telephone number of the person making the report.

(2) The name, address, and telephone number of the person who is the subject of the report.

(3) The name or other means of identification of any patient or patients whose treatment is a subject of the report, except that no medical records may be revealed without the written consent of the patient or patients.

(4) A brief description of the facts that gave rise to the issuance of the report, including, but not limited to, the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, the docket number, and date of filing of the action.

(6) Any further pertinent information that the reporting party deems to be an aid in the evaluation of the report.

Nothing contained in this Section shall be construed to in any way waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Board, the Board's attorneys, the investigative staff, and authorized clerical staff and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure.

(c) Immunity from Prosecution. An individual or organization acting in good faith, and not in a willful and wanton manner, in complying with this Section by providing a report or other information to the Board, by assisting in the investigation or preparation of a report or information, by participating in proceedings of the Board, or by serving as a member of the Board shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(d) Indemnification. Members of the Board, the Board's attorneys, the investigative staff, advanced practice registered nurses or physicians retained under contract to assist and advise in the investigation, and authorized clerical staff shall be indemnified by the State for any actions (i) occurring within the scope of services on the Board, (ii) performed in good faith, and (iii) not willful and wanton in nature. The Attorney General shall defend all actions taken against those persons unless he or she determines either that there would be a conflict of interest in the representation or that the actions complained of were not performed in good faith or were willful and wanton in nature. The Attorney General shall determine within 7 days after receiving the notice whether he or she will undertake to represent the member.

(e) Deliberations of Board. Upon the receipt of a report called for by this Section, other than those reports of impaired persons licensed under this Article required pursuant to the rules of the Board, the Board shall notify in writing by certified or registered mail or by email to the

email address of record the person who is the subject of the report. The notification shall be made within 30 days of receipt by the Board of the report. The notification shall include a written notice setting forth the person's right to examine the report. Included in the notification shall be the address at which the file is maintained, the name of the custodian of the reports, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding to, clarifying, adding to, or proposing to amend the report previously filed. The statement shall become a permanent part of the file and shall be received by the Board no more than 30 days after the date on which the person was notified of the existence of the original report. The Board shall review all reports received by it and any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Board shall be in a timely manner but in no event shall the Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Board. When the Board makes its initial review of the materials contained within its disciplinary files, the Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make that determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action. Should the Board find that there are not sufficient facts to warrant further investigation or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Board of any final action on their report or complaint.

(f) (Blank). Summary Reports. The Board shall prepare, on a timely basis, but in no event less than one every other month, a summary report of final actions taken upon disciplinary files maintained by the Board. The summary reports shall be made available to the public upon request and payment of the fees set by the Department. This publication may be made available to the public on the Department's Internet website.

(g) Any violation of this Section shall constitute a Class A misdemeanor.

(h) If a person violates the provisions of this Section, an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining the

Upon filing of a verified petition in court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin the violation, and if it is established that the person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this subsection shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

Sec. 70-10. Intoxication and drug abuse.
(a) Any nurse who is an administrator or officer in any hospital, nursing home, other health care agency or facility, or nurse agency and has knowledge of any action or condition which reasonably indicates that a registered professional nurse or licensed practical nurse is impaired due to the use of alcohol or mood altering drugs to the extent that such impairment adversely affects such nurse's professional performance, or unlawfully possesses, uses, distributes or converts mood altering drugs belonging to the place of employment, shall promptly report the individual to the Department or designee of the Department; provided however, an administrator or officer need not file the report if the nurse participates in a course of remedial professional counseling or medical treatment for substance abuse, as long as such nurse actively pursues such treatment under monitoring by the administrator or officer or by the hospital, nursing home, health care agency or facility, or nurse agency and the nurse continues to be employed by such hospital, nursing home, health care agency or facility, or nurse agency. The Department shall review all reports received by it in a timely manner. Its initial review shall be completed no later than 60 days after receipt of the report. Within this 60 day period, the Department shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action.

Any nurse participating in mandatory reporting to the Department under this Section or in good faith assisting another person in making such a report shall have immunity from any liability, either criminal or civil, that might result by reason of such action.

Should the Department find insufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported.

Any of the aforementioned actions or a determination that there are insufficient facts to warrant further investigation or action shall be

requesting the report.

(c) Any person making a report under this Section or in good faith
assisting another person in making such a report shall have immunity from
any liability, either criminal or civil, that might result by reason of such
action. For the purpose of any legal proceeding, criminal or civil, there
shall be a rebuttable presumption that any person making a report under
this Section or assisting another person in making such report was acting
in good faith. All such reports and any information disclosed to or
collected by the Department pursuant to this Section shall remain

(Section scheduled to be repealed on January 1, 2021)
Sec. 6. Accreditation of administrators of radiation; Limited scope accreditation; Rules and regulations; Education.

(a) The Agency shall promulgate such rules and regulations as are necessary to establish accreditation standards and procedures, including a minimum course of education and continuing education requirements in the administration of radiation to human beings, which are appropriate to the classification of accreditation and which are to be met by all physician assistants, advanced practice registered nurses, nurses, technicians, or other assistants who administer radiation to human beings under the supervision of a person licensed under the Medical Practice Act of 1987. Such rules and regulations may provide for different classes of accreditation based on evidence of national certification, clinical experience or community hardship as conditions of initial and continuing accreditation. The rules and regulations of the Agency shall be consistent with national standards in regard to the protection of the health and safety of the general public.

(b) The rules and regulations shall also provide that persons who have been accredited by the Agency, in accordance with the Radiation Protection Act, without passing an examination, will remain accredited as provided in Section 43 of this Act and that those persons may be

accredited, without passing an examination, to use other equipment, procedures, or supervision within the original category of accreditation if the Agency receives written assurances from a person licensed under the Medical Practice Act of 1987, that the person accredited has the necessary skill and qualifications for such additional equipment procedures or supervision. The Agency shall, in accordance with subsection (c) of this Section, provide for the accreditation of nurses, technicians, or other assistants, unless exempted elsewhere in this Act, to perform a limited scope of diagnostic radiography procedures of the chest, the extremities, skull and sinuses, or the spine, while under the supervision of a person licensed under the Medical Practice Act of 1987.

(c) The rules or regulations promulgated by the Agency pursuant to subsection (a) shall establish standards and procedures for accrediting persons to perform a limited scope of diagnostic radiography procedures. The rules or regulations shall require persons seeking limited scope accreditation to register with the Agency as a "student-in-training," and declare those procedures in which the student will be receiving training. The student-in-training registration shall be valid for a period of 16 months, during which the time the student may, under the supervision of a person licensed under the Medical Practice Act of 1987, perform the diagnostic radiography procedures listed on the student's registration. The student-in-training registration shall be nonrenewable.

Upon expiration of the 16 month training period, the student shall be prohibited from performing diagnostic radiography procedures unless accredited by the Agency to perform such procedures. In order to be accredited to perform a limited scope of diagnostic radiography procedures, an individual must pass an examination offered by the Agency. The examination shall be consistent with national standards in regard to protection of public health and safety. The examination shall consist of a standardized component covering general principles applicable to diagnostic radiography procedures and a clinical component specific to the types of procedures for which accreditation is being sought. The Agency may assess a reasonable fee for such examinations to cover the costs incurred by the Agency in conjunction with offering the examinations.

(d) The Agency shall by rule or regulation exempt from accreditation physician assistants, advanced practice registered nurses, nurses, technicians, or other assistants who administer radiation to human beings under supervision of a person licensed to practice under the

(f) A school bus driver permit holder shall notify the employer and the Secretary of State if he or she is issued an order of court supervision for or convicted in another state of an offense that would make him or her ineligible for a permit under subsection (a) of this Section. The written notification shall be made within 5 days of the entry of the order of court supervision or conviction. Failure of the permit holder to provide the notification is punishable as a petty offense for a first violation and a Class B misdemeanor for a second or subsequent violation.

(g) Cancellation; suspension; notice and procedure.

(1) The Secretary of State shall cancel a school bus driver permit of an applicant whose criminal background investigation discloses that he or she is not in compliance with the provisions of subsection (a) of this Section.

The Secretary of State shall notify the State Superintendent of
Education and the permit holder's prospective or current employer that the
applicant has (1) has failed a criminal background investigation or (2) is

pursuant to Section 2-118 of this Code. The scope of the hearing shall be
limited to the issuance criteria contained in subsection (a) of this Section.
A petition requesting a hearing shall be submitted to the Secretary of State
and shall contain the reason the individual feels he or she is entitled to a

notification pursuant to this subsection, (i) the Secretary of State shall
characterize the permit as inactive until a permit holder renews the permit
as provided in subsection (i) of this Section, and (ii) if a permit holder fails

the Secretary of State shall not characterize the permit as invalid.

(625 ILCS 5/6-106.1a)
Sec. 6-106.1a. Cancellation of school bus driver permit; trace of alcohol.

(a) A person who has been issued a school bus driver permit by the Secretary of State in accordance with Section 6-106.1 of this Code and who drives or is in actual physical control of a school bus or any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of this Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine

or other bodily substance test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(1) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by the Department of State Police for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of the Department of State Police, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe rules as necessary.

(2) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content. This limitation does not apply to the taking of breath, other bodily substance, or urine specimens.

(3) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The test administered at the request of the person may be admissible into evidence at a hearing conducted in accordance with Section 2-118 of this Code. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

New matter indicated by italics - deletions by strikeout
(4) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person's attorney by the requesting law enforcement agency within 72 hours of receipt of the test result.

(5) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(6) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, licensed physician assistant, licensed advanced practice registered nurse, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided in this Section shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to possess a school bus driver permit. The loss of the individual's privilege to possess a school bus driver permit shall be imposed in accordance with Section 6-106.1b of this Code. A person requested to submit to a test under this Section shall also acknowledge, in writing, receipt of the warning required under this subsection (c). If the person refuses to acknowledge receipt of the warning, the law enforcement officer shall make a written notation on the warning that the person refused to sign the warning. A person's refusal to sign the warning shall not be evidence that the person was not read the warning.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit
the same sworn report when a person who has been issued a school bus driver permit and who was operating a school bus or any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than the alcohol concentration at which driving or being in actual physical control of a motor vehicle is prohibited under paragraph (1) of subsection (a) of Section 11-501.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the school bus driver permit sanction on the individual's driving record and the sanction shall be effective on the 46th day following the date notice of the sanction was given to the person.

The law enforcement officer submitting the sworn report shall serve immediate notice of this school bus driver permit sanction on the person and the sanction shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood, other bodily substance, or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his or her last known address and the loss of the school bus driver permit shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the school bus driver permit sanction to the driver and the driver's current employer by mailing a notice of the effective date of the sanction to the individual. However, shall the sworn report be defective by not containing sufficient information or be completed in error, the notice of the school bus driver permit sanction may not be mailed to the person or his current employer or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this school bus driver permit sanction by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this

New matter indicated by italics - deletions by strikeout
Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(1) whether the police officer had probable cause to believe that the person was driving or in actual physical control of a school bus or any other vehicle owned or operated by or for a public or private school, or a school operated by a religious institution, when the vehicle is being used over a regularly scheduled route for the transportation of persons enrolled as students in grade 12 or below, in connection with any activity of the entities listed, upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of this Code or a similar provision of a local ordinance; and

(2) whether the person was issued a Uniform Traffic Ticket for any violation of this Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to possess a school bus driver permit would be canceled if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to possess a school bus driver permit would be canceled if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00 and the person did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

New matter indicated by italics - deletions by strikeout
(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol through ingestion of the prescribed or recommended dosage of medicine.

The Secretary of State may adopt administrative rules setting forth circumstances under which the holder of a school bus driver permit is not required to appear in person at the hearing.

Provided that the petitioner may subpoena the officer, the hearing may be conducted upon a review of the law enforcement officer's own official reports. Failure of the officer to answer the subpoena shall be grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the school bus driver permit sanction.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension or revocation of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension or revocation.

(g) This Section applies only to drivers who have been issued a school bus driver permit in accordance with Section 6-106.1 of this Code at the time of the issuance of the Uniform Traffic Ticket for a violation of this Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, canceling, or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

501 or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees. During the time period in which a person is required to install an ignition interlock device under this subsection (e), that person shall only operate vehicles in which ignition interlock devices have been installed, except as allowed by subdivision (c)(5) or (d)(5) of Section 6-205 of this Code.

(f) In addition to any other penalties and liabilities, a person who is found guilty of or pleads guilty to violating Section 11-501, including any person placed on court supervision for violating Section 11-501, shall be assessed $750, payable to the circuit clerk, who shall distribute the money as follows: $350 to the law enforcement agency that made the arrest, and $400 shall be forwarded to the State Treasurer for deposit into the General Revenue Fund. If the person has been previously convicted of violating Section 11-501 or a similar provision of a local ordinance, the fine shall be $1,000, and the circuit clerk shall distribute $200 to the law enforcement agency that made the arrest and $800 to the State Treasurer for deposit into the General Revenue Fund. In the event that more than one agency is responsible for the arrest, the amount payable to law enforcement agencies shall be shared equally. Any moneys received by a law enforcement agency under this subsection (f) shall be used for enforcement and prevention of driving while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or any combination thereof, as defined by Section 11-501 of this Code, including but not limited to the purchase of law enforcement equipment and commodities that will assist in the prevention of alcohol related criminal violence throughout the State; police officer training and education in areas related to alcohol related crime, including but not limited to DUI training; and police officer salaries, including but not limited to salaries for hire back funding for safety checkpoints, saturation patrols, and liquor store sting operations. Any moneys received by the Department of State Police under this subsection (f) shall be deposited into the State Police DUI Fund and shall be used to purchase law enforcement equipment that will assist in the prevention of alcohol related criminal violence throughout the State.

(g) The Secretary of State Police DUI Fund is created as a special fund in the State treasury. All moneys received by the Secretary of State Police...
Police under subsection (f) of this Section shall be deposited into the Secretary of State Police DUI Fund and, subject to appropriation, shall be used for enforcement and prevention of driving while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or any combination thereof, as defined by Section 11-501 of this Code, including but not limited to the purchase of law enforcement equipment and commodities to assist in the prevention of alcohol related criminal violence throughout the State; police officer training and education in areas related to alcohol related crime, including but not limited to DUI training; and police officer salaries, including but not limited to salaries for hire back funding for safety checkpoints, saturation patrols, and liquor store sting operations.

(h) Whenever an individual is sentenced for an offense based upon an arrest for a violation of Section 11-501 or a similar provision of a local ordinance, and the professional evaluation recommends remedial or rehabilitative treatment or education, neither the treatment nor the education shall be the sole disposition and either or both may be imposed only in conjunction with another disposition. The court shall monitor compliance with any remedial education or treatment recommendations contained in the professional evaluation. Programs conducting alcohol or other drug evaluation or remedial education must be licensed by the Department of Human Services. If the individual is not a resident of Illinois, however, the court may accept an alcohol or other drug evaluation or remedial education program in the individual's state of residence. Programs providing treatment must be licensed under existing applicable alcoholism and drug treatment licensure standards.

(i) In addition to any other fine or penalty required by law, an individual convicted of a violation of Section 11-501, Section 5-7 of the Snowmobile Registration and Safety Act, Section 5-16 of the Boat Registration and Safety Act, or a similar provision, whose operation of a motor vehicle, snowmobile, or watercraft while in violation of Section 11-501, Section 5-7 of the Snowmobile Registration and Safety Act, Section 5-16 of the Boat Registration and Safety Act, or a similar provision proximately caused an incident resulting in an appropriate emergency response, shall be required to make restitution to a public agency for the costs of that emergency response. The restitution may not exceed $1,000 per public agency for each emergency response. As used in this subsection (i), "emergency response" means any incident requiring a response by a police officer, a firefighter carried on the rolls of a regularly constituted
fire department, or an ambulance. With respect to funds designated for the Department of State Police, the moneys shall be remitted by the circuit court clerk to the State Police within one month after receipt for deposit into the State Police DUI Fund. With respect to funds designated for the Department of Natural Resources, the Department of Natural Resources shall deposit the moneys into the Conservation Police Operations Assistance Fund.

(j) A person that is subject to a chemical test or tests of blood under subsection (a) of Section 11-501.1 or subdivision (c)(2) of Section 11-501.2 of this Code, whether or not that person consents to testing, shall be liable for the expense up to $500 for blood withdrawal by a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, a trained phlebotomist, a licensed paramedic, or a qualified person other than a police officer approved by the Department of State Police to withdraw blood, who responds, whether at a law enforcement facility or a health care facility, to a police department request for the drawing of blood based upon refusal of the person to submit to a lawfully requested breath test or probable cause exists to believe the test would disclose the ingestion, consumption, or use of drugs or intoxicating compounds if:

1. the person is found guilty of violating Section 11-501 of this Code or a similar provision of a local ordinance; or
2. the person pleads guilty to or stipulates to facts supporting a violation of Section 11-503 of this Code or a similar provision of a local ordinance when the plea or stipulation was the result of a plea agreement in which the person was originally charged with violating Section 11-501 of this Code or a similar local ordinance.

the person's blood, urine, breath, or other bodily substance, shall be admissible. Where such test is made the following provisions shall apply:

1. Chemical analyses of the person's blood, urine, breath, or other bodily substance to be considered valid under the provisions of this Section shall have been performed according to standards promulgated by the Department of State Police by a licensed physician, registered nurse, trained phlebotomist, licensed paramedic, or other individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, to issue permits which shall be subject to termination or revocation at the discretion of that Department and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary to implement this Section.

2. When a person in this State shall submit to a blood test at the request of a law enforcement officer under the provisions of Section 11-501.1, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, trained phlebotomist, or licensed paramedic, or other qualified person approved by the Department of State Police may withdraw blood for the purpose of determining the alcohol, drug, or alcohol and drug content therein. This limitation shall not apply to the taking of breath, other bodily substance, or urine specimens.

When a blood test of a person who has been taken to an adjoining state for medical treatment is requested by an Illinois law enforcement officer, the blood may be withdrawn only by a physician authorized to practice medicine in the adjoining state, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, a trained phlebotomist acting under the direction of the physician, or licensed paramedic. The law enforcement officer requesting the test shall take custody of the blood sample, and the blood sample shall be analyzed by a laboratory certified by the Department of State Police for that purpose.

3. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of

their own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

4. Upon the request of the person who shall submit to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or such person's attorney.

5. Alcohol concentration shall mean either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

6. Tetrahydrocannabinol concentration means either 5 nanograms or more of delta-9-tetrahydrocannabinol per milliliter of whole blood or 10 nanograms or more of delta-9-tetrahydrocannabinol per milliliter of other bodily substance.

(a-5) Law enforcement officials may use standardized field sobriety tests approved by the National Highway Traffic Safety Administration when conducting investigations of a violation of Section 11-501 or similar local ordinance by drivers suspected of driving under the influence of cannabis. The General Assembly finds that standardized field sobriety tests approved by the National Highway Traffic Safety Administration are divided attention tasks that are intended to determine if a person is under the influence of cannabis. The purpose of these tests is to determine the effect of the use of cannabis on a person's capacity to think and act with ordinary care and therefore operate a motor vehicle safely. Therefore, the results of these standardized field sobriety tests, appropriately administered, shall be admissible in the trial of any civil or criminal action or proceeding arising out of an arrest for a cannabis-related offense as defined in Section 11-501 or a similar local ordinance or proceedings under Section 2-118.1 or 2-118.2. Where a test is made the following provisions shall apply:

1. The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of their own choosing administer a chemical test or tests in addition to the standardized field sobriety test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person does not preclude the
admission of evidence relating to the test or tests taken at the
direction of a law enforcement officer.

2. Upon the request of the person who shall submit to a
standardized field sobriety test or tests at the request of a law
enforcement officer, full information concerning the test or tests
shall be made available to the person or the person's attorney.

3. At the trial of any civil or criminal action or proceeding
arising out of an arrest for an offense as defined in Section 11-501
or a similar local ordinance or proceedings under Section 2-118.1
or 2-118.2 in which the results of these standardized field sobriety
tests are admitted, the cardholder may present and the trier of fact
may consider evidence that the card holder lacked the physical
capacity to perform the standardized field sobriety tests.

(b) Upon the trial of any civil or criminal action or proceeding
arising out of acts alleged to have been committed by any person while
driving or in actual physical control of a vehicle while under the influence
of alcohol, the concentration of alcohol in the person's blood or breath at
the time alleged as shown by analysis of the person's blood, urine, breath,
or other bodily substance shall give rise to the following presumptions:

1. If there was at that time an alcohol concentration of 0.05
or less, it shall be presumed that the person was not under the
influence of alcohol.

2. If there was at that time an alcohol concentration in
excess of 0.05 but less than 0.08, such facts shall not give rise to
any presumption that the person was or was not under the influence
of alcohol, but such fact may be considered with other competent
evidence in determining whether the person was under the
influence of alcohol.

3. If there was at that time an alcohol concentration of 0.08
or more, it shall be presumed that the person was under the
influence of alcohol.

4. The foregoing provisions of this Section shall not be
construed as limiting the introduction of any other relevant
evidence bearing upon the question whether the person was under the
influence of alcohol.

(b-5) Upon the trial of any civil or criminal action or proceeding
arising out of acts alleged to have been committed by any person while
driving or in actual physical control of a vehicle while under the influence
of alcohol, other drug or drugs, intoxicating compound or compounds or
any combination thereof, the concentration of cannabis in the person's whole blood or other bodily substance at the time alleged as shown by analysis of the person's blood or other bodily substance shall give rise to the following presumptions:

1. If there was a tetrahydrocannabinol concentration of 5 nanograms or more in whole blood or 10 nanograms or more in an other bodily substance as defined in this Section, it shall be presumed that the person was under the influence of cannabis.

2. If there was at that time a tetrahydrocannabinol concentration of less than 5 nanograms in whole blood or less than 10 nanograms in an other bodily substance, such facts shall not give rise to any presumption that the person was or was not under the influence of cannabis, but such fact may be considered with other competent evidence in determining whether the person was under the influence of cannabis.

(c) 1. If a person under arrest refuses to submit to a chemical test under the provisions of Section 11-501.1, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof was driving or in actual physical control of a motor vehicle.

2. Notwithstanding any ability to refuse under this Code to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a motor vehicle driven by or in actual physical control of a person under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof has caused the death or personal injury to another, the law enforcement officer shall request, and that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content thereof or the presence of any other drug or combination of both.

This provision does not affect the applicability of or imposition of driver's license sanctions under Section 11-501.1 of this Code.

3. For purposes of this Section, a personal injury includes any Type A injury as indicated on the traffic accident report completed by a law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A Type A injury includes severe

bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

(d) If a person refuses standardized field sobriety tests under Section 11-501.9 of this Code, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts committed while the person was driving or in actual physical control of a vehicle and alleged to have been impaired by the use of cannabis.

(e) Department of State Police compliance with the changes in this amendatory Act of the 99th General Assembly concerning testing of other bodily substances and tetrahydrocannabinol concentration by Department of State Police laboratories is subject to appropriation and until the Department of State Police adopt standards and completion validation. Any laboratories that test for the presence of cannabis or other drugs under this Article, the Snowmobile Registration and Safety Act, or the Boat Registration and Safety Act must comply with ISO/IEC 17025:2005.

Sec. 11-501.6. Driver involvement in personal injury or fatal motor vehicle accident; chemical test.

(a) Any person who drives or is in actual control of a motor vehicle upon the public highways of this State and who has been involved in a personal injury or fatal motor vehicle accident, shall be deemed to have given consent to a breath test using a portable device as approved by the Department of State Police or to a chemical test or tests of blood, breath, other bodily substance, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds of such person's blood if arrested as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, with the exception of equipment violations contained in Chapter 12 of this Code, or similar provisions of local ordinances. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. Up to 2 additional tests of urine or other bodily substance may be administered even after a blood or breath test or both has been administered. Compliance with this Section does not relieve such person from the requirements of Section 11-501.1 of this Code.
(b) Any person who is dead, unconscious or who is otherwise in a condition rendering such person incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (a) of this Section. In addition, if a driver of a vehicle is receiving medical treatment as a result of a motor vehicle accident, any physician licensed to practice medicine, licensed physician assistant, licensed advanced practice registered nurse, registered nurse or a phlebotomist acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol, other drug or drugs, or intoxicating compound or compounds, upon the specific request of a law enforcement officer. However, no such testing shall be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of 0.08 or more, or testing discloses the presence of cannabis as listed in the Cannabis Control Act with a tetrahydrocannabinol concentration as defined in paragraph 6 of subsection (a) of Section 11-501.2 of this Code, or any amount of a drug, substance, or intoxicating compound resulting from the unlawful use or consumption of a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act as detected in such person's blood, other bodily substance, or urine, may result in the suspension of such person's privilege to operate a motor vehicle. If the person is also a CDL holder, he or she shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound resulting from the unlawful use or consumption of cannabis, as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act as detected in the person's blood, other bodily substance, or urine, may result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code. The length of the suspension shall be the same as
outlined in Section 6-208.1 of this Code regarding statutory summary suspensions.

A person requested to submit to a test shall also acknowledge, in writing, receipt of the warning required under this Section. If the person refuses to acknowledge receipt of the warning, the law enforcement officer shall make a written notation on the warning that the person refused to sign the warning. A person's refusal to sign the warning shall not be evidence that the person was not read the warning.

(d) If the person refuses testing or submits to a test which discloses an alcohol concentration of 0.08 or more, the presence of cannabis as listed in the Cannabis Control Act with a tetrahydrocannabinol concentration as defined in paragraph 6 of subsection (a) of Section 11-501.2 of this Code, or any amount of a drug, substance, or intoxicating compound in such person's blood or urine resulting from the unlawful use or consumption of a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of 0.08 or more, the presence of cannabis as listed in the Cannabis Control Act with a tetrahydrocannabinol concentration as defined in paragraph 6 of subsection (a) of Section 11-501.2 of this Code, or any amount of a drug, substance, or intoxicating compound in such person's blood, other bodily substance, or urine, resulting from the unlawful use or consumption of a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act. If the person is also a CDL holder and refuses testing or submits to a test which discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in the person's blood, other bodily substance, or urine resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, the law enforcement officer shall

immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in such person's blood, other bodily substance, or urine, resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act.

Upon receipt of the sworn report of a law enforcement officer, the Secretary shall enter the suspension and disqualification to the individual's driving record and the suspension and disqualification shall be effective on the 46th day following the date notice of the suspension was given to the person.

The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension on the person and such suspension and disqualification shall be effective on the 46th day following the date notice was given.

In cases involving a person who is not a CDL holder where the blood alcohol concentration of 0.08 or more, or blood testing discloses the presence of cannabis as listed in the Cannabis Control Act with a tetrahydrocannabinol concentration as defined in paragraph 6 of subsection (a) of Section 11-501.2 of this Code, or any amount of a drug, substance, or intoxicating compound resulting from the unlawful use or consumption of a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, is established by a subsequent analysis of blood, other bodily substance, or urine collected at the time of arrest, the arresting officer shall give notice as provided in this Section or by deposit in the United States mail of such notice in an envelope with postage prepaid and addressed to such person at his or her address as shown on the Uniform Traffic Ticket and the suspension shall be effective on the 46th day following the date notice was given.

of cannabis as listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, is established by a subsequent analysis of blood, other bodily substance, or urine collected at the time of arrest, the arresting officer shall give notice as provided in this Section or by deposit in the United States mail of such notice in an envelope with postage prepaid and addressed to the person at his or her address as shown on the Uniform Traffic Ticket and the suspension and disqualification shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary shall also give notice of the suspension and disqualification to the driver by mailing a notice of the effective date of the suspension and disqualification to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the suspension and disqualification shall not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this suspension of his or her driving privileges and disqualification of his or her CDL privileges by requesting an administrative hearing with the Secretary in accordance with Section 2-118 of this Code. At the conclusion of a hearing held under Section 2-118 of this Code, the Secretary may rescind, continue, or modify the orders of suspension and disqualification. If the Secretary does not rescind the orders of suspension and disqualification, a restricted driving permit may be granted by the Secretary upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship to allow driving for employment, educational, and medical purposes as outlined in Section 6-206 of this Code. The provisions of Section 6-206 of this Code shall apply. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified.

Sec. 11-501.8. Suspension of driver's license; persons under age 21.

(a) A person who is less than 21 years of age and who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, other bodily substance, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. Up to 2 additional tests of urine or other bodily substance may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(i) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of that Department, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary.

(ii) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a licensed physician assistant, a licensed advanced practice registered nurse, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content therein. This limitation does not apply to the taking of breath, other bodily substance, or urine specimens.

(iii) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(iv) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person's attorney.

(v) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(vi) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, licensed physician assistant, licensed advanced practice registered nurse, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to operate a motor vehicle and may result in the disqualification of
of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

A person requested to submit to a test shall also acknowledge, in writing, receipt of the warning required under this Section. If the person refuses to acknowledge receipt of the warning, the law enforcement officer shall make a written notation on the warning that the person refused to sign the warning. A person's refusal to sign the warning shall not be evidence that the person was not read the warning.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person under the age of 21 submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than 0.08.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the suspension and disqualification on the individual's driving record and the suspension and disqualification shall be effective on the 46th day following the date notice of the suspension was given to the person. If this suspension is the individual's first driver's license suspension under this Section, reports received by the Secretary of State under this Section shall, except during the time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the Secretary of State, or the individual personally, unless the person is a CDL holder, is operating a commercial motor vehicle or vehicle required to be placarded for hazardous materials, in which case the suspension shall not be privileged. Reports received by the Secretary of State under this Section shall also be made available to the parent or guardian of a person under the age of 18 years that holds an instruction permit or a graduated driver's license, regardless of whether the suspension is in effect.

The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension on the person and the

suspension and disqualification shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood, other bodily substance, or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his last known address and the loss of driving privileges shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the suspension and disqualification to the driver by mailing a notice of the effective date of the suspension and disqualification to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the suspension and disqualification shall not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this suspension and disqualification by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(1) whether the police officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(2) whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to operate a motor vehicle would be suspended if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00, did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol through ingestion of the prescribed or recommended dosage of medicine.

At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the suspension and disqualification. If the Secretary of State does not rescind the suspension and disqualification, a restricted driving permit may be granted by the Secretary of State upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship by allowing driving for employment, educational, and medical purposes as outlined in item (3) of part (c) of Section 6-206 of this Code. The provisions of item (3) of part (c) of Section 6-206 of this Code and of subsection (f) of that Section shall apply. The Secretary of State shall promulgate rules providing for participation in an alcohol education and awareness program or activity, a drug education and awareness program or activity, or both as a condition to the issuance of a restricted driving permit for suspensions imposed under this Section.

considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension or revocation of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension or revocation.

(g) This Section applies only to drivers who are under age 21 at the time of the issuance of a Uniform Traffic Ticket for a violation of the Illinois Vehicle Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, cancelling, or disqualifying any license or permit shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

The decal or device shall be issued only upon a showing by adequate documentation that the person for whose benefit the decal or device is to be used has a disability as defined in Section 1-159.1 of this Code and the disability is temporary.

(b) The local governing authorities shall be responsible for the provision of such decal or device, its issuance and designated placement within the vehicle. The cost of such decal or device shall be at the discretion of such local governing authority.

(c) The Secretary of State may, pursuant to Section 3-616(c), issue a person with disabilities parking decal or device to a person with disabilities as defined by Section 1-159.1. Any person with disabilities parking decal or device issued by the Secretary of State shall be registered to that person with disabilities in the form to be prescribed by the Secretary of State. The person with disabilities parking decal or device shall not display that person's address. One additional decal or device may be issued to an applicant upon his or her written request and with the approval of the Secretary of State. The written request must include a justification of the need for the additional decal or device.

(c-5) Beginning January 1, 2014, the Secretary shall provide by administrative rule for the issuance of a separate and distinct parking decal or device for persons with disabilities as defined by Section 1-159.1 of this Code and who meet the qualifications under this subsection. The authorized holder of a decal or device issued under this subsection (c-5) shall be exempt from the payment of fees generated by parking in a metered space, a parking area subject to paragraph (10) of subsection (a) of Section 11-209 of this Code, or a publicly owned parking area.

The Secretary shall issue a meter-exempt decal or device to a person with disabilities who: (i) has been issued registration plates under subsection (a) of Section 3-609 or Section 3-616 of this Code or a special decal or device under this Section, (ii) holds a valid Illinois driver's license, and (iii) is unable to do one or more of the following:

(1) manage, manipulate, or insert coins, or obtain tickets or tokens in parking meters or ticket machines in parking lots, due to the lack of fine motor control of both hands;

(3) approach a parking meter due to his or her use of a wheelchair or other device for mobility; or

(4) walk more than 20 feet due to an orthopedic, neurological, cardiovascular, or lung condition in which the degree of debilitation is so severe that it almost completely impedes the ability to walk.

The application for a meter-exempt parking decal or device shall contain a statement certified by a licensed physician, physician assistant, or advanced practice registered nurse attesting to the permanent nature of the applicant's condition and verifying that the applicant meets the physical qualifications specified in this subsection (c-5).

Notwithstanding the requirements of this subsection (c-5), the Secretary shall issue a meter-exempt decal or device to a person who has been issued registration plates under Section 3-616 of this Code or a special decal or device under this Section, if the applicant is the parent or guardian of a person with disabilities who is under 18 years of age and incapable of driving.

(d) Replacement decals or devices may be issued for lost, stolen, or destroyed decals upon application and payment of a $10 fee. The replacement fee may be waived for individuals that have claimed and received a grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act.

(e) A person classified as a veteran under subsection (e) of Section 6-106 of this Code that has been issued a decal or device under this Section shall not be required to submit evidence of disability in order to renew that decal or device if, at the time of initial application, he or she submitted evidence from his or her physician or the Department of Veterans' Affairs that the disability is of a permanent nature. However, the Secretary shall take reasonable steps to ensure the veteran still resides in this State at the time of the renewal. These steps may include requiring the veteran to provide additional documentation or to appear at a Secretary of State facility. To identify veterans who are eligible for this exemption, the Secretary shall compare the list of the persons who have been issued a decal or device to the list of persons who have been issued a vehicle registration plate for veterans with disabilities under Section 3-609 of this Code, or who are identified as a veteran on their driver's license under Section 6-110 of this Code or on their identification card under Section 4 of the Illinois Identification Card Act.

(625 ILCS 45/5-16c)
Sec. 5-16c. Operator involvement in personal injury or fatal boating accident; chemical tests.

(a) Any person who operates or is in actual physical control of a motorboat within this State and who has been involved in a personal injury or fatal boating accident shall be deemed to have given consent to a breath test using a portable device as approved by the Department of State Police or to a chemical test or tests of blood, breath, other bodily substance, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds of the person's blood if arrested as evidenced by the issuance of a uniform citation for a violation of the Boat Registration and Safety Act or a similar provision of a local ordinance, with the exception of equipment violations contained in Article IV of this Act or similar provisions of local ordinances. Compliance with this Section does not relieve the person from the requirements of any other Section of this Act.

(b) Any person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (a) of this Section. In addition, if an operator of a motorboat is receiving medical treatment as a result of a boating accident, any physician licensed to practice medicine, licensed physician assistant, licensed advanced practice registered nurse, registered nurse, or a phlebotomist acting under the direction of a licensed

(13) the defendant was a principal administrator, organizer, or leader of a calculated criminal drug conspiracy consisting of a hierarchical position of authority superior to that of all other members of the conspiracy, and the defendant counseled, commanded, induced, procured, or caused the intentional killing of the murdered person; or

(14) the murder was intentional and involved the infliction of torture. For the purpose of this Section torture means the infliction of or subjection to extreme physical pain, motivated by an intent to increase or prolong the pain, suffering or agony of the victim; or

(15) the murder was committed as a result of the intentional discharge of a firearm by the defendant from a motor vehicle and the victim was not present within the motor vehicle; or

(16) the murdered individual was 60 years of age or older and the death resulted from exceptionally brutal or heinous behavior indicative of wanton cruelty; or

(17) the murdered individual was a person with a disability and the defendant knew or should have known that the murdered individual was a person with a disability. For purposes of this paragraph (17), "person with a disability" means a person who suffers from a permanent physical or mental impairment resulting from disease, an injury, a functional disorder, or a congenital condition that renders the person incapable of adequately providing for his or her own health or personal care; or

(18) the murder was committed by reason of any person's activity as a community policing volunteer or to prevent any person from engaging in activity as a community policing volunteer; or

(21) the murder was committed by the defendant in connection with or as a result of the offense of terrorism as defined in Section 29D-14.9 of this Code.

(b-5) Aggravating Factor; Natural Life Imprisonment. A defendant who has been found guilty of first degree murder and who at the time of the commission of the offense had attained the age of 18 years or more may be sentenced to natural life imprisonment if (i) the murdered individual was a physician, physician assistant, psychologist, nurse, or advanced practice registered nurse, (ii) the defendant knew or should have known that the murdered individual was a physician, physician assistant, psychologist, nurse, or advanced practice registered nurse, and (iii) the murdered individual was killed in the course of acting in his or her capacity as a physician, physician assistant, psychologist, nurse, or advanced practice registered nurse, or to prevent him or her from acting in that capacity, or in retaliation for his or her acting in that capacity.

(c) Consideration of factors in Aggravation and Mitigation.

The court shall consider, or shall instruct the jury to consider any aggravating and any mitigating factors which are relevant to the imposition of the death penalty. Aggravating factors may include but need not be limited to those factors set forth in subsection (b). Mitigating factors may include but need not be limited to the following:

(1) the defendant has no significant history of prior criminal activity;
(2) the murder was committed while the defendant was under the influence of extreme mental or emotional disturbance, although not such as to constitute a defense to prosecution;
(3) the murdered individual was a participant in the defendant's homicidal conduct or consented to the homicidal act;
(4) the defendant acted under the compulsion of threat or menace of the imminent infliction of death or great bodily harm;
(5) the defendant was not personally present during commission of the act or acts causing death;

New matter indicated by italics - deletions by strikeout
(6) the defendant's background includes a history of extreme emotional or physical abuse;
(7) the defendant suffers from a reduced mental capacity.

(d) Separate sentencing hearing.
Where requested by the State, the court shall conduct a separate sentencing proceeding to determine the existence of factors set forth in subsection (b) and to consider any aggravating or mitigating factors as indicated in subsection (c). The proceeding shall be conducted:
(1) before the jury that determined the defendant's guilt; or
(2) before a jury impanelled for the purpose of the proceeding if:
   A. the defendant was convicted upon a plea of guilty; or
   B. the defendant was convicted after a trial before the court sitting without a jury; or
   C. the court for good cause shown discharges the jury that determined the defendant's guilt; or
(3) before the court alone if the defendant waives a jury for the separate proceeding.

(e) Evidence and Argument.
During the proceeding any information relevant to any of the factors set forth in subsection (b) may be presented by either the State or the defendant under the rules governing the admission of evidence at criminal trials. Any information relevant to any additional aggravating factors or any mitigating factors indicated in subsection (c) may be presented by the State or defendant regardless of its admissibility under the rules governing the admission of evidence at criminal trials. The State and the defendant shall be given fair opportunity to rebut any information received at the hearing.

(f) Proof.
The burden of proof of establishing the existence of any of the factors set forth in subsection (b) is on the State and shall not be satisfied unless established beyond a reasonable doubt.

(g) Procedure - Jury.
If at the separate sentencing proceeding the jury finds that none of the factors set forth in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections. If there is a unanimous finding by the jury that one or more of the factors set forth in subsection (b) exist, the jury shall consider
aggravating and mitigating factors as instructed by the court and shall determine whether the sentence of death shall be imposed. If the jury determines unanimously, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the court shall sentence the defendant to death. If the court does not concur with the jury determination that death is the appropriate sentence, the court shall set forth reasons in writing including what facts or circumstances the court relied upon, along with any relevant documents, that compelled the court to non-concur with the sentence. This document and any attachments shall be part of the record for appellate review. The court shall be bound by the jury's sentencing determination.

If after weighing the factors in aggravation and mitigation, one or more jurors determines that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h) Procedure - No Jury.

In a proceeding before the court alone, if the court finds that none of the factors found in subsection (b) exists, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

If the Court determines that one or more of the factors set forth in subsection (b) exists, the Court shall consider any aggravating and mitigating factors as indicated in subsection (c). If the Court determines, after weighing the factors in aggravation and mitigation, that death is the appropriate sentence, the Court shall sentence the defendant to death.

If the court finds that death is not the appropriate sentence, the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(h-5) Decertification as a capital case.

In a case in which the defendant has been found guilty of first degree murder by a judge or jury, or a case on remand for resentencing, and the State seeks the death penalty as an appropriate sentence, on the court's own motion or the written motion of the defendant, the court may decertify the case as a death penalty case if the court finds that the only evidence supporting the defendant's conviction is the uncorroborated testimony of an informant witness, as defined in Section 115-21 of the Code of Criminal Procedure of 1963, concerning the confession or admission of the defendant or that the sole evidence against the defendant is a single eyewitness or single accomplice without any other

New matter indicated by italics - deletions by strikeout
corroborating evidence. If the court decertifies the case as a capital case under either of the grounds set forth above, the court shall issue a written finding. The State may pursue its right to appeal the decertification pursuant to Supreme Court Rule 604(a)(1). If the court does not decertify the case as a capital case, the matter shall proceed to the eligibility phase of the sentencing hearing.

(i) Appellate Procedure.

The conviction and sentence of death shall be subject to automatic review by the Supreme Court. Such review shall be in accordance with rules promulgated by the Supreme Court. The Illinois Supreme Court may overturn the death sentence, and order the imposition of imprisonment under Chapter V of the Unified Code of Corrections if the court finds that the death sentence is fundamentally unjust as applied to the particular case. If the Illinois Supreme Court finds that the death sentence is fundamentally unjust as applied to the particular case, independent of any procedural grounds for relief, the Illinois Supreme Court shall issue a written opinion explaining this finding.

(j) Disposition of reversed death sentence.

In the event that the death penalty in this Act is held to be unconstitutional by the Supreme Court of the United States or of the State of Illinois, any person convicted of first degree murder shall be sentenced by the court to a term of imprisonment under Chapter V of the Unified Code of Corrections.

In the event that any death sentence pursuant to the sentencing provisions of this Section is declared unconstitutional by the Supreme Court of the United States or of the State of Illinois, the court having jurisdiction over a person previously sentenced to death shall cause the defendant to be brought before the court, and the court shall sentence the defendant to a term of imprisonment under Chapter V of the Unified Code of Corrections.

(k) Guidelines for seeking the death penalty.

The Attorney General and State's Attorneys Association shall consult on voluntary guidelines for procedures governing whether or not to seek the death penalty. The guidelines do not have the force of law and are only advisory in nature.

practitioners and attorneys) requesting copies of records shall reimburse the facility or the health care practitioner at the time of such copying for all reasonable expenses, including the costs of independent copy service companies, incurred in connection with such copying not to exceed a $20 handling charge for processing the request and the actual postage or shipping charge, if any, plus: (1) for paper copies 75 cents per page for the first through 25th pages, 50 cents per page for the 26th through 50th pages, and 25 cents per page for all pages in excess of 50 (except that the charge shall not exceed $1.25 per page for any copies made from microfiche or microfilm; records retrieved from scanning, digital imaging, electronic information or other digital format do not qualify as microfiche or microfilm retrieval for purposes of calculating charges); and (2) for electronic records, retrieved from a scanning, digital imaging, electronic information or other digital format in an electronic document, a charge of 50% of the per page charge for paper copies under subdivision (d)(1). This per page charge includes the cost of each CD Rom, DVD, or other storage media. Records already maintained in an electronic or digital format shall be provided in an electronic format when so requested. If the records system does not allow for the creation or transmission of an electronic or digital record, then the facility or practitioner shall inform the requester in writing of the reason the records can not be provided electronically. The written explanation may be included with the production of paper copies, if the requester chooses to order paper copies. These rates shall be automatically adjusted as set forth in Section 8-2006. The facility or health care practitioner may, however, charge for the reasonable cost of all duplication of record material or information that cannot routinely be copied or duplicated on a standard commercial photocopy machine such as x-ray films or pictures.

(d-5) The handling fee shall not be collected from the patient or the patient's personal representative who obtains copies of records under Section 8-2001.5.

(e) The requirements of this Section shall be satisfied within 30 days of the receipt of a written request by a patient or by his or her legally authorized representative, health care practitioner, authorized attorney, or any person, entity, or organization presenting a valid authorization for the release of records signed by the patient or the patient's legally authorized representative. If the facility or health care practitioner needs more time to comply with the request, then within 30 days after receiving the request, the facility or health care practitioner must provide the requesting party

with a written statement of the reasons for the delay and the date by which the requested information will be provided. In any event, the facility or health care practitioner must provide the requested information no later than 60 days after receiving the request.

(f) A health care facility or health care practitioner must provide the public with at least 30 days prior notice of the closure of the facility or the health care practitioner's practice. The notice must include an explanation of how copies of the facility's records may be accessed by patients. The notice may be given by publication in a newspaper of general circulation in the area in which the health care facility or health care practitioner is located.

(g) Failure to comply with the time limit requirement of this Section shall subject the denying party to expenses and reasonable attorneys' fees incurred in connection with any court ordered enforcement of the provisions of this Section.

(b) For purposes of this Section, a "free medical clinic" is:

which the care provided does not include the use of general anesthesia or require an overnight stay in a health-care facility; or

(2) a program organized by a certified local health department pursuant to Part 600 of Title 77 of the Illinois Administrative Code, utilizing health professional members of the Volunteer Medical Reserve Corps (the federal organization under 42 U.S.C. 300hh-15) providing medical care without charge to individuals unable to pay for it, at which the care provided does not include an overnight stay in a health-care facility.

(c) The provisions of subsection (a) of this Section do not apply to a particular case unless the free medical clinic has posted in a conspicuous place on its premises an explanation of the exemption from civil liability provided herein.

(d) The immunity from civil damages provided under subsection (a) also applies to physicians, hospitals, and other health care providers that provide further medical treatment, diagnosis, or advice to a patient upon referral from an established free medical clinic without fee or compensation.

(e) Nothing in this Section prohibits a free medical clinic from accepting voluntary contributions for medical services provided to a patient who has acknowledged his or her ability and willingness to pay a portion of the value of the medical services provided.

Any voluntary contribution collected for providing care at a free medical clinic shall be used only to pay overhead expenses of operating the clinic. No portion of any moneys collected shall be used to provide a fee or other compensation to any person licensed under Medical Practice Act of 1987.

(f) The changes to this Section made by this amendatory Act of the 99th General Assembly apply only to causes of action accruing on or after the effective date of this amendatory Act of the 99th General Assembly.

Sec. 68. Disaster Relief Volunteers. Any firefighter, licensed emergency medical technician (EMT) as defined by Section 3.50 of the Emergency Medical Services (EMS) Systems Act, physician, dentist, podiatric physician, optometrist, pharmacist, advanced practice registered nurse, physician assistant, or nurse who in good faith and without fee or compensation provides health care services as a disaster relief volunteer shall not, as a result of his or her acts or omissions, except willful and wanton misconduct on the part of the person, in providing health care services, be liable to a person to whom the health care services are provided for civil damages. This immunity applies to health care services that are provided without fee or compensation during or within 10 days following the end of a disaster or catastrophic event.

The immunity provided in this Section only applies to a disaster relief volunteer who provides health care services in relief of an earthquake, hurricane, tornado, nuclear attack, terrorist attack, epidemic, or pandemic without fee or compensation for providing the volunteer health care services.

The provisions of this Section shall not apply to any health care facility as defined in Section 8-2001 of the Code of Civil Procedure or to any practitioner, who is not a disaster relief volunteer, providing health care services in a hospital or health care facility.

Section 335. The Health Care Surrogate Act is amended by changing Section 65 as follows:

(a) An individual of sound mind and having reached the age of majority or having obtained the status of an emancipated person pursuant to the Emancipation of Minors Act may execute a document (consistent with the Department of Public Health Uniform POLST form described in Section 2310-600 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois) directing that resuscitating efforts shall not be implemented. Such a document may also be executed by an attending health care practitioner. If more than one practitioner shares that responsibility, any of the attending health care practitioners may act under this Section. Notwithstanding the existence of a do-not-resuscitate (DNR) order or Department of Public Health Uniform POLST form, appropriate organ donation treatment may be applied or

New matter indicated by italics - deletions by strikeout
continued temporarily in the event of the patient's death, in accordance with subsection (g) of Section 20 of this Act, if the patient is an organ donor.

(a-5) Execution of a Department of Public Health Uniform POLST form is voluntary; no person can be required to execute either form. A person who has executed a Department of Public Health Uniform POLST form should review the form annually and when the person's condition changes.

(b) Consent to a Department of Public Health Uniform POLST form may be obtained from the individual, or from another person at the individual's direction, or from the individual's legal guardian, agent under a power of attorney for health care, or surrogate decision maker, and witnessed by one individual 18 years of age or older, who attests that the individual, other person, guardian, agent, or surrogate (1) has had an opportunity to read the form; and (2) has signed the form or acknowledged his or her signature or mark on the form in the witness's presence.

(b-5) As used in this Section, "attending health care practitioner" means an individual who (1) is an Illinois licensed physician, advanced practice registered nurse, physician assistant, or licensed resident after completion of one year in a program; (2) is selected by or assigned to the patient; and (3) has primary responsibility for treatment and care of the patient. "POLST" means practitioner orders for life-sustaining treatments.

(c) Nothing in this Section shall be construed to affect the ability of an individual to include instructions in an advance directive, such as a power of attorney for health care. The uniform form may, but need not, be in the form adopted by the Department of Public Health pursuant to Section 2310-600 of the Department of Public Health Powers and Duties Law (20 ILCS 2310/2310-600).

(d) A health care professional or health care provider may presume, in the absence of knowledge to the contrary, that a completed Department of Public Health Uniform POLST form, or a copy of that form or a previous version of the uniform form, is valid. A health care professional or health care provider, or an employee of a health care professional or health care provider, who in good faith complies with a cardiopulmonary resuscitation (CPR) or life-sustaining treatment order, Department of Public Health Uniform POLST form, or a previous version of the uniform form made in accordance with this Act is not, as a result of that compliance, subject to any criminal or civil liability, except for willful and
wanton misconduct, and may not be found to have committed an act of unprofessional conduct.

(e) Nothing in this Section or this amendatory Act of the 94th General Assembly or this amendatory Act of the 98th General Assembly shall be construed to affect the ability of a physician or other practitioner to make a do-not-resuscitate order.

Section 340. The Illinois Power of Attorney Act is amended by changing Sections 4-5.1 and 4-10 as follows:

(755 ILCS 45/4-5.1)
Sec. 4-5.1. Limitations on who may witness health care agencies.

(a) Every health care agency shall bear the signature of a witness to the signing of the agency. No witness may be under 18 years of age. None of the following licensed professionals providing services to the principal may serve as a witness to the signing of a health care agency:

(1) the attending physician, advanced practice registered nurse, physician assistant, dentist, podiatric physician, optometrist, or psychologist of the principal, or a relative of the physician, advanced practice registered nurse, physician assistant, dentist, podiatric physician, optometrist, or psychologist;

(2) an owner, operator, or relative of an owner or operator of a health care facility in which the principal is a patient or resident;

(3) a parent, sibling, or descendant, or the spouse of a parent, sibling, or descendant, of either the principal or any agent or successor agent, regardless of whether the relationship is by blood, marriage, or adoption;

(4) an agent or successor agent for health care.

(b) The prohibition on the operator of a health care facility from serving as a witness shall extend to directors and executive officers of an operator that is a corporate entity but not other employees of the operator such as, but not limited to, non-owner chaplains or social workers, nurses, and other employees.

(755 ILCS 45/4-10) (from Ch. 110 1/2, par. 804-10)
Sec. 4-10. Statutory short form power of attorney for health care.

(a) The form prescribed in this Section (sometimes also referred to in this Act as the "statutory health care power") may be used to grant an agent powers with respect to the principal's own health care; but the

New matter indicated by italics - deletions by strikeout
statutory health care power is not intended to be exclusive nor to cover delegation of a parent's power to control the health care of a minor child, and no provision of this Article shall be construed to invalidate or bar use by the principal of any other or different form of power of attorney for health care. Nonstatutory health care powers must be executed by the principal, designate the agent and the agent's powers, and comply with the limitations in Section 4-5 of this Article, but they need not be witnessed or conform in any other respect to the statutory health care power.

No specific format is required for the statutory health care power of attorney other than the notice must precede the form. The statutory health care power may be included in or combined with any other form of power of attorney governing property or other matters.

(b) The Illinois Statutory Short Form Power of Attorney for Health Care shall be substantially as follows:

NOTICE TO THE INDIVIDUAL SIGNING
THE POWER OF ATTORNEY FOR HEALTH CARE

No one can predict when a serious illness or accident might occur. When it does, you may need someone else to speak or make health care decisions for you. If you plan now, you can increase the chances that the medical treatment you get will be the treatment you want.

In Illinois, you can choose someone to be your "health care agent". Your agent is the person you trust to make health care decisions for you if you are unable or do not want to make them yourself. These decisions should be based on your personal values and wishes.

It is important to put your choice of agent in writing. The written form is often called an "advance directive". You may use this form or another form, as long as it meets the legal requirements of Illinois. There are many written and on-line resources to guide you and your loved ones in having a conversation about these issues. You may find it helpful to look at these resources while thinking about and discussing your advance directive.

WHAT ARE THE THINGS I WANT MY
HEALTH CARE AGENT TO KNOW?

The selection of your agent should be considered carefully, as your agent will have the ultimate decision making authority once this document goes into effect, in most instances after you are no longer able to make your own decisions. While the goal is for your agent to make decisions in keeping with your preferences and in the majority of circumstances that is what happens, please know that the law does allow your agent to make

New matter indicated by italics - deletions by strikeout
decisions to direct or refuse health care interventions or withdraw treatment. Your agent will need to think about conversations you have had, your personality, and how you handled important health care issues in the past. Therefore, it is important to talk with your agent and your family about such things as:

- (i) What is most important to you in your life?
- (ii) How important is it to you to avoid pain and suffering?
- (iii) If you had to choose, is it more important to you to live as long as possible, or to avoid prolonged suffering or disability?
- (iv) Would you rather be at home or in a hospital for the last days or weeks of your life?
- (v) Do you have religious, spiritual, or cultural beliefs that you want your agent and others to consider?
- (vi) Do you wish to make a significant contribution to medical science after your death through organ or whole body donation?
- (vii) Do you have an existing advanced directive, such as a living will, that contains your specific wishes about health care that is only delaying your death? If you have another advance directive, make sure to discuss with your agent the directive and the treatment decisions contained within that outline your preferences. Make sure that your agent agrees to honor the wishes expressed in your advance directive.

WHAT KIND OF DECISIONS CAN MY AGENT MAKE?

If there is ever a period of time when your physician determines that you cannot make your own health care decisions, or if you do not want to make your own decisions, some of the decisions your agent could make are to:

- (i) talk with physicians and other health care providers about your condition.
- (ii) see medical records and approve who else can see them.
- (iii) give permission for medical tests, medicines, surgery, or other treatments.
- (iv) choose where you receive care and which physicians and others provide it.
- (v) decide to accept, withdraw, or decline treatments designed to keep you alive if you are near death or not likely to recover. You may choose to include guidelines and/or restrictions to your agent's authority.

New matter indicated by italics - deletions by strikeout
(vi) agree or decline to donate your organs or your whole body if you have not already made this decision yourself. This could include donation for transplant, research, and/or education. You should let your agent know whether you are registered as a donor in the First Person Consent registry maintained by the Illinois Secretary of State or whether you have agreed to donate your whole body for medical research and/or education.

(vii) decide what to do with your remains after you have died, if you have not already made plans.

(viii) talk with your other loved ones to help come to a decision (but your designated agent will have the final say over your other loved ones).

Your agent is not automatically responsible for your health care expenses.

WHOM SHOULD I CHOOSE TO BE MY HEALTH CARE AGENT?

You can pick a family member, but you do not have to. Your agent will have the responsibility to make medical treatment decisions, even if other people close to you might urge a different decision. The selection of your agent should be done carefully, as he or she will have ultimate decision-making authority for your treatment decisions once you are no longer able to voice your preferences. Choose a family member, friend, or other person who:

(i) is at least 18 years old;
(ii) knows you well;
(iii) you trust to do what is best for you and is willing to carry out your wishes, even if he or she may not agree with your wishes;
(iv) would be comfortable talking with and questioning your physicians and other health care providers;
(v) would not be too upset to carry out your wishes if you became very sick; and
(vi) can be there for you when you need it and is willing to accept this important role.

WHAT IF MY AGENT IS NOT AVAILABLE OR IS UNWILLING TO MAKE DECISIONS FOR ME?

If the person who is your first choice is unable to carry out this role, then the second agent you chose will make the decisions; if your second agent is not available, then the third agent you chose will make the decisions. The second and third agents are called your successor agents.
and they function as back-up agents to your first choice agent and may act
only one at a time and in the order you list them.

WHAT WILL HAPPEN IF I DO NOT
CHOOSE A HEALTH CARE AGENT?

If you become unable to make your own health care decisions and
have not named an agent in writing, your physician and other health care
providers will ask a family member, friend, or guardian to make decisions
for you. In Illinois, a law directs which of these individuals will be
consulted. In that law, each of these individuals is called a "surrogate".

There are reasons why you may want to name an agent rather than
rely on a surrogate:

(i) The person or people listed by this law may not be who
you would want to make decisions for you.
(ii) Some family members or friends might not be able or
willing to make decisions as you would want them to.
(iii) Family members and friends may disagree with one
another about the best decisions.
(iv) Under some circumstances, a surrogate may not be able
to make the same kinds of decisions that an agent can make.

WHAT IF THERE IS NO ONE AVAILABLE
WHOM I TRUST TO BE MY AGENT?

In this situation, it is especially important to talk to your physician
and other health care providers and create written guidance about what you
want or do not want, in case you are ever critically ill and cannot express
your own wishes. You can complete a living will. You can also write your
wishes down and/or discuss them with your physician or other health care
provider and ask him or her to write it down in your chart. You might also
want to use written or on-line resources to guide you through this process.

WHAT DO I DO WITH THIS FORM ONCE I COMPLETE IT?

Follow these instructions after you have completed the form:

(i) Sign the form in front of a witness. See the form for a
list of who can and cannot witness it.
(ii) Ask the witness to sign it, too.
(iii) There is no need to have the form notarized.
(iv) Give a copy to your agent and to each of your successor
agents.
(v) Give another copy to your physician.
(vi) Take a copy with you when you go to the hospital.
(vii) Show it to your family and friends and others who care for you.

WHAT IF I CHANGE MY MIND?
You may change your mind at any time. If you do, tell someone who is at least 18 years old that you have changed your mind, and/or destroy your document and any copies. If you wish, fill out a new form and make sure everyone you gave the old form to has a copy of the new one, including, but not limited to, your agents and your physicians.

WHAT IF I DO NOT WANT TO USE THIS FORM?
In the event you do not want to use the Illinois statutory form provided here, any document you complete must be executed by you, designate an agent who is over 18 years of age and not prohibited from serving as your agent, and state the agent's powers, but it need not be witnessed or conform in any other respect to the statutory health care power.

If you have questions about the use of any form, you may want to consult your physician, other health care provider, and/or an attorney.

MY AGENT CAN MAKE HEALTH CARE DECISIONS FOR ME, INCLUDING:

(i) Deciding to accept, withdraw or decline treatment for any physical or mental condition of mine, including life-and-death decisions.

(ii) Agreeing to admit me to or discharge me from any hospital, home, or other institution, including a mental health facility.

(iii) Having complete access to my medical and mental health records, and sharing them with others as needed, including after I die.

(iv) Carrying out the plans I have already made, or, if I have not done so, making decisions about my body or remains, including organ, tissue or whole body donation, autopsy, cremation, and burial.

The above grant of power is intended to be as broad as possible so that my agent will have the authority to make any decision I could make to obtain or terminate any type of health care, including withdrawal of nutrition and hydration and other life-sustaining measures.

I AUTHORIZE MY AGENT TO (please check any one box):

... Make decisions for me starting now and continuing after I am no longer able to make them for myself. While I am still able to make my own decisions, I can still do so if I want to.

The subject of life-sustaining treatment is of particular importance. Life-sustaining treatments may include tube feedings or fluids through a tube, breathing machines, and CPR. In general, in making decisions concerning life-sustaining treatment, your agent is instructed to consider the relief of suffering, the quality as well as the possible extension of your life, and your previously expressed wishes. Your agent will weigh the burdens versus benefits of proposed treatments in making decisions on your behalf.

Additional statements concerning the withholding or removal of life-sustaining treatment are described below. These can serve as a guide for your agent when making decisions for you. Ask your physician or health care provider if you have any questions about these statements.

SELECT ONLY ONE STATEMENT BELOW THAT BEST EXPRESSES YOUR WISHES (optional):

... The quality of my life is more important than the length of my life. If I am unconscious and my attending physician believes, in accordance with reasonable medical standards, that I will not wake up or recover my ability to think, communicate with my family and friends, and experience my surroundings, I do not want treatments to prolong my life or delay my death, but I do want treatment or care to make me comfortable and to relieve me of pain.

... Staying alive is more important to me, no matter how sick I am, how much I am suffering, the cost of the procedures, or how unlikely my chances for recovery are. I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards.

SPECIFIC LIMITATIONS TO MY AGENT'S DECISION-MAKING AUTHORITY:

The above grant of power is intended to be as broad as possible so that your agent will have the authority to make any decision you could make to obtain or terminate any type of health care. If you wish to limit the scope of your agent's powers or prescribe special rules or limit the power to authorize autopsy or dispose of remains, you may do so specifically in this form.

(c) The statutory short form power of attorney for health care (the "statutory health care power") authorizes the agent to make any and all health care decisions on behalf of the principal which the principal could make if present and under no disability, subject to any limitations on the granted powers that appear on the face of the form, to be exercised in such manner as the agent deems consistent with the intent and desires of the principal. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's health care; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory health care power and will be liable for negligent exercise. The agent may act in person or through others reasonably employed by the agent for that purpose but may not delegate authority to make health care decisions. The agent may sign and deliver all instruments, negotiate and enter into all agreements and do all other acts reasonably necessary to implement the exercise of the powers granted to the agent. Without limiting the generality of the foregoing, the statutory health care power shall include the following powers, subject to any limitations appearing on the face of the form:

New matter indicated by italics - deletions by strikeout
(1) The agent is authorized to give consent to and authorize or refuse, or to withhold or withdraw consent to, any and all types of medical care, treatment or procedures relating to the physical or mental health of the principal, including any medication program, surgical procedures, life-sustaining treatment or provision of food and fluids for the principal.

(2) The agent is authorized to admit the principal to or discharge the principal from any and all types of hospitals, institutions, homes, residential or nursing facilities, treatment centers and other health care institutions providing personal care or treatment for any type of physical or mental condition. The agent shall have the same right to visit the principal in the hospital or other institution as is granted to a spouse or adult child of the principal, any rule of the institution to the contrary notwithstanding.

(3) The agent is authorized to contract for any and all types of health care services and facilities in the name of and on behalf of the principal and to bind the principal to pay for all such services and facilities, and to have and exercise those powers over the principal's property as are authorized under the statutory property power, to the extent the agent deems necessary to pay health care costs; and the agent shall not be personally liable for any services or care contracted for on behalf of the principal.

(4) At the principal's expense and subject to reasonable rules of the health care provider to prevent disruption of the principal's health care, the agent shall have the same right the principal has to examine and copy and consent to disclosure of all the principal's medical records that the agent deems relevant to the exercise of the agent's powers, whether the records relate to mental health or any other medical condition and whether they are in the possession of or maintained by any physician, psychiatrist, psychologist, therapist, hospital, nursing home or other health care provider. The authority under this paragraph (4) applies to any information governed by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and regulations thereunder. The agent serves as the principal's personal representative, as that term is defined under HIPAA and regulations thereunder.

(5) The agent is authorized: to direct that an autopsy be made pursuant to Section 2 of "An Act in relation to autopsy of..."
dead bodies", approved August 13, 1965, including all amendments; to make a disposition of any part or all of the principal's body pursuant to the Illinois Anatomical Gift Act, as now or hereafter amended; and to direct the disposition of the principal's remains.

(6) At any time during which there is no executor or administrator appointed for the principal's estate, the agent is authorized to continue to pursue an application or appeal for government benefits if those benefits were applied for during the life of the principal.

(d) A physician may determine that the principal is unable to make health care decisions for himself or herself only if the principal lacks decisional capacity, as that term is defined in Section 10 of the Health Care Surrogate Act.

(e) If the principal names the agent as a guardian on the statutory short form, and if a court decides that the appointment of a guardian will serve the principal's best interests and welfare, the court shall appoint the agent to serve without bond or security.

PUBLIC ACT 100-0516
(House Bill No. 0622)

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Labor Relations Act is amended by changing Section 11 as follows:

(5 ILCS 315/11) (from Ch. 48, par. 1611)
Sec. 11. Unfair Labor Practice Procedures. Unfair labor practices may be dealt with by the Board in the following manner:

(a) Whenever it is charged that any person has engaged in or is engaging in any unfair labor practice, the Board or any agent designated by the Board for such purposes, shall conduct an investigation of the charge. If after such investigation the Board finds that the charge involves a dispositive issue of law or fact the Board shall issue a complaint and cause to be served upon the person a complaint stating the charges, accompanied by a notice of hearing before the Board or a member thereof designated by the Board, or before a qualified hearing officer designated by the Board at the offices of the Board or such other location as the Board deems appropriate, not less than 5 days after serving of such complaint provided that no complaint shall issue based upon any unfair labor practice occurring more than six months prior to the filing of a charge with the Board and the service of a copy thereof upon the person against whom the charge is made, unless the person aggrieved thereby did not reasonably have knowledge of the alleged unfair labor practice or was prevented from filing such a charge by reason of service in the armed forces, in which event the six month period shall be computed from the date of his discharge. Any such complaint may be amended by the member or hearing officer conducting the hearing for the Board in his discretion at any time.

prior to the issuance of an order based thereon. The person who is the
subject of the complaint has the right to file an answer to the original or
amended complaint and to appear in person or by a representative and give
testimony at the place and time fixed in the complaint. In the discretion of
the member or hearing officer conducting the hearing or the Board, any
other person may be allowed to intervene in the proceeding and to present
testimony. In any hearing conducted by the Board, neither the Board nor
the member or agent conducting the hearing shall be bound by the rules of
evidence applicable to courts, except as to the rules of privilege recognized
by law.

(b) The Board shall have the power to issue subpoenas and
administer oaths. If any party wilfully fails or neglects to appear or testify
or to produce books, papers and records pursuant to the issuance of a
subpoena by the Board, the Board may apply to a court of competent
jurisdiction to request that such party be ordered to appear before the
Board to testify or produce the requested evidence.

(c) Any testimony taken by the Board, or a member designated by
the Board or a hearing officer thereof, must be reduced to writing and filed
with the Board. A full and complete record shall be kept of all proceedings
before the Board, and all proceedings shall be transcribed by a reporter
appointed by the Board. The party on whom the burden of proof rests shall
be required to sustain such burden by a preponderance of the evidence. If,
upon a preponderance of the evidence taken, the Board is of the opinion
that any person named in the charge has engaged in or is engaging in an
unfair labor practice, then it shall state its findings of fact and shall issue
and cause to be served upon the person an order requiring him to cease and
desist from the unfair labor practice, and to take such affirmative action,
including reinstatement of public employees with or without back pay, as
will effectuate the policies of this Act. If the Board awards back pay, it
shall also award interest at the rate of 7% per annum. The Board's order
may further require the person to make reports from time to time, and
demonstrate the extent to which he has complied with the order. If there is
no preponderance of evidence to indicate to the Board that the person
named in the charge has engaged in or is engaging in the unfair labor
practice, then the Board shall state its findings of fact and shall issue an
order dismissing the complaint. The Board's order may in its discretion
also include an appropriate sanction, based on the Board's rules and
regulations, and the sanction may include an order to pay the other party or
parties' reasonable expenses including costs and reasonable attorney's fee,

if the other party has made allegations or denials without reasonable cause and found to be untrue or has engaged in frivolous litigation for the purpose of delay or needless increase in the cost of litigation; the State of Illinois or any agency thereof shall be subject to the provisions of this sentence in the same manner as any other party.

(d) Until the record in a case has been filed in court, the Board at any time, upon reasonable notice and in such manner as it deems proper, may modify or set aside, in whole or in part, any finding or order made or issued by it.

(e) A charging party or any person aggrieved by a final order of the Board granting or denying in whole or in part the relief sought may apply for and obtain judicial review of an order of the Board entered under this Act, in accordance with the provisions of the Administrative Review Law, as now or hereafter amended, except that such judicial review shall be afforded directly in the appellate court for the district in which the aggrieved party resides or transacts business, and provided, that such judicial review shall not be available for the purpose of challenging a final order issued by the Board pursuant to Section 9 of this Act for which judicial review has been petitioned pursuant to subsection (i) of Section 9. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision. The filing of such an appeal to the Appellate Court shall not automatically stay the enforcement of the Board's order. An aggrieved party may apply to the Appellate Court for a stay of the enforcement of the Board's order after the aggrieved party has followed the procedure prescribed by Supreme Court Rule 335. The Board in proceedings under this Section may obtain an order of the court for the enforcement of its order.

(f) Whenever it appears that any person has violated a final order of the Board issued pursuant to this Section, the Board must commence an action in the name of the People of the State of Illinois by petition, alleging the violation, attaching a copy of the order of the Board, and praying for the issuance of an order directing the person, his officers, agents, servants, successors, and assigns to comply with the order of the Board. The Board shall be represented in this action by the Attorney General in accordance with the Attorney General Act. The court may grant or refuse, in whole or in part, the relief sought, provided that the court may stay an order of the Board in accordance with the Administrative Review

Law, pending disposition of the proceedings. The court may punish a violation of its order as in civil contempt.

(g) The proceedings provided in paragraph (f) of this Section shall be commenced in the Appellate Court for the district where the unfair labor practice which is the subject of the Board's order was committed, or where a person required to cease and desist by such order resides or transacts business.

(h) The Board through the Attorney General, shall have power, upon issuance of an unfair labor practice complaint alleging that a person has engaged in or is engaging in an unfair labor practice, to petition the circuit court where the alleged unfair labor practice which is the subject of the Board's complaint was allegedly committed, or where a person required to cease and desist from such alleged unfair labor practice resides or transacts business, for appropriate temporary relief or restraining order. Upon the filing of any such petition, the court shall cause notice thereof to be served upon such persons, and thereupon shall have jurisdiction to grant to the Board such temporary relief or restraining order as it deems just and proper.

(i) If an unfair labor practice charge involves the interpretation or application of a collective bargaining agreement and said agreement contains a grievance procedure with binding arbitration as its terminal step, the Board may defer the resolution of such dispute to the grievance and arbitration procedure contained in said agreement.

Any third party client who violates this subsection (a-1) may be subject to a civil penalty not to exceed $500 for each violation found by the Department. Such civil penalty may increase to $2,500 for a second or subsequent violation. (b) A day and temporary labor service agency shall provide each worker an annual earnings summary within a reasonable time after the preceding calendar year, but in no case later than February 1. A day and temporary labor service agency shall, at the time of each wage payment, give notice to day or temporary laborers of the availability of the annual earnings summary or post such a notice in a conspicuous place in the public reception area.

(c) At the request of a day or temporary laborer, a day and temporary labor service agency shall hold the daily wages of the day or temporary laborer and make either weekly, bi-weekly, or semi-monthly payments. Members of the public shall have until 10 days before the meeting of the State Board to submit any written response concerning the Board staff's written review or findings. The Board staff may revise any findings to address corrections of factual errors cited in the public response. At the meeting, the State Board may, in its discretion, permit the submission of other additional written materials.

(d) Upon receipt of an application for a permit, the State Board shall approve and authorize the issuance of a permit if it finds (1) that the applicant is fit, willing, and able to provide a proper standard of health care service for the community with particular regard to the qualification, background and character of the applicant, (2) that economic feasibility is demonstrated in terms of effect on the existing and projected operating budget of the applicant and of the health care facility; in terms of the applicant's ability to establish and operate such facility in accordance with licensure regulations promulgated under pertinent state laws; and in terms of the projected impact on the total health care expenditures in the facility and community, (3) that safeguards are provided which assure that the establishment, construction or modification of the health care facility or acquisition of major medical equipment is consistent with the public interest, and (4) that the proposed project is consistent with the orderly and economic development of such facilities and equipment and is in accord with standards, criteria, or plans of need adopted and approved pursuant to the provisions of Section 12 of this Act.

Such rules shall not prevent the conduct of a public hearing upon the timely request of an interested party. Such reviews shall not exceed 60 days from the date the application is declared to be complete.

(9) Prescribe rules, regulations, standards, and criteria pertaining to the granting of permits for construction and modifications which are emergent in nature and must be undertaken immediately to prevent or correct structural deficiencies or hazardous conditions that may harm or injure persons using the facility, as defined in the rules and regulations of the State Board. The Subcommittee shall also provide continuous review and commentary on policies and procedures relative to long-term care and the review of related projects. The Subcommittee shall make recommendations to the Board no later than January 1, 2016 and every January thereafter pursuant to the Subcommittee's responsibility for the continuous review and commentary

In consultation with other experts from the health field of long-term care, the Board and the Subcommittee shall study new approaches to the current bed need formula and Health Service Area boundaries to encourage flexibility and innovation in design models reflective of the changing long-term care marketplace and consumer preferences and submit its recommendations to the Chairman of the Board no later than January 1, 2017. The Subcommittee shall evaluate, and make recommendations to the State Board regarding, the buying, selling, and exchange of beds between long-term care facilities within a specified geographic area or drive time. The Board shall file the proposed related administrative rules for the separate rules and guidelines for long-term care required by this paragraph (15) by no later than September 30, 2011. The Subcommittee shall be provided a reasonable and timely opportunity to review and comment on any review, revision, or updating of the criteria, standards, procedures, and rules used to evaluate project applications as provided under Section 12.3 of this Act.

The Chairman of the Board shall appoint voting members of the Subcommittee, who shall serve for a period of 3 years, with one-third of the terms expiring each January, to be determined by lot. Appointees shall include, but not be limited to, recommendations from each of the 3 statewide long-term care associations, with an equal number to be appointed from each. Compliance with this provision shall be through the appointment and reappointment process. Patients may be discharged from the postsurgical recovery care center in less than 24 hours if the attending physician or the facility's medical director believes the patient has recovered enough to be discharged. A postsurgical recovery care center is either freestanding or a defined unit of an ambulatory surgical treatment center or hospital. No facility, or portion of a facility, may participate in a demonstration program as a postsurgical recovery care center unless the facility has been licensed as an ambulatory surgical treatment center or hospital for at least 2 years before August 20, 1993 (the effective date of Public Act 88-441). The maximum length of stay for patients in a postsurgical recovery care center is not to exceed 48 hours unless the treating physician requests an extension of time from the recovery center's medical director on the basis of medical or clinical documentation that an additional care period is required for the recovery of a patient and the medical director approves the extension of time. In no case, however, shall a patient's length of stay in a postsurgical recovery care center be longer than 72 hours. If a patient requires an additional care period after the expiration of the 72-hour limit, the patient shall be transferred to an appropriate facility. Reports on variances from the 24-hour or 48-hour limit shall be sent to the Department for its evaluation. The reports shall, before submission to the Department, have removed from them all patient and physician identifiers. Blood products may be administered in the postsurgical recovery care center model. In order to handle cases of complications, emergencies, or exigent circumstances, every postsurgical recovery care center as defined in this paragraph shall maintain a contractual relationship, including a transfer agreement, with a general acute care hospital. A postsurgical recovery care center shall be no larger than 20 beds. A postsurgical recovery care center shall be located within 15 minutes travel time from the general acute care hospital with which the center maintains a contractual relationship, including a transfer agreement, as required under this paragraph.

No postsurgical recovery care center shall discriminate against any patient requiring treatment because of the source of payment for services, including Medicare and Medicaid recipients.

The Department shall adopt rules to implement the provisions of Public Act 88-441 concerning postsurgical recovery care.

This care is to be provided in a home-like environment that serves no more than 12 children at a time, except that a children's community-based health care center in existence on the effective date of this amendatory Act of the 100th General Assembly that is located in Chicago on grade level for Life Safety Code purposes may provide care to no more than 16 children at a time. Children's community-based health care center services must be available through the model to all families, including those whose care is paid for through the Department of Healthcare and Family Services, the Department of Children and Family Services, the Department of Human Services, and insurance companies who cover home health care services or private duty nursing care in the home.

The provisions of this paragraph establish the minimum level of services that must be provided by an Alzheimer's disease management center. An Alzheimer's disease management center model shall have no more than 100 residents. Nothing in this paragraph (5) shall be construed as prohibiting a person or facility from providing services and care to persons with Alzheimer's disease as otherwise authorized under State law.

(3) except for oil or gas from non-coal formations, if received as a royalty, overriding or limited royalty, or bonus, or from a working, net profit, or any other interest in minerals, oil, gas, or other natural resources, receipts not provided for in the preceding paragraphs of this Section shall be apportioned on a yearly basis in accordance with this paragraph whether or not any natural resource was being taken from the land at the time the trust was established. The trustee shall allocate to principal as an allowance for depletion the greater of (i) that portion, if any, of the gross receipts that is allowed as a depletion deduction for federal income tax purposes and (ii) 10% of the gross receipts, except that that allocation shall not exceed 50% of the net receipts remaining after payment of all expenses, direct and indirect, computed without the allowance for depletion. The trustee shall allocate the balance of the gross receipts, after payment therefrom of all expenses, direct and indirect, to income;

(4) with respect only to nontrust estates described in Section 15 of this Act, for oil or gas from non-coal formations, proceeds from the sale of such minerals produced and received as royalty, overriding royalty, limited royalty, working interest, net profit interest, time-limited interest or term interest, or lease bonus shall be deemed income.

(b) If an item of depletable property of a type specified in this Section is held on the effective date of this Act, receipts from the property shall be allocated in the manner used before the effective date of this Act, but as to all depletable property acquired after the effective date of this Act by an existing or new trust, the method of allocation provided herein shall be used.

(c) If any part of the principal consists of timber, water, soil, sod, dirt, peat, turf, or mosses, the receipts from those resources shall be allocated in accordance with Section 3.

Sec. 15. Non-trust estates.

(a) The provisions of this Act, as far as applicable, shall apply to nontrust estates subject to any agreement of the parties or any specific direction by statute or otherwise, and the references to trusts and trustees shall be read as applying to nontrust estates and to legal tenants (including life tenants, tenants for terms of years, or any other period of tenancy) and

remaindermen as the context requires; except that if either a legal tenant or a remainderman has incurred a charge for his benefit without the consent or agreement of the other, he shall pay that charge in full.

(b) If the costs of an improvement, including special taxes or assessments, representing an addition to value of property forming part of the principal cannot reasonably be expected to outlast the legal tenancy, the costs shall be paid by the legal tenant. If the improvement can reasonably be expected to outlast the legal tenancy, only a portion of the costs shall be paid by the legal tenant and the balance by the remainderman. The portion payable by the legal tenant shall be that fraction of the total found by dividing the present value of the legal tenancy by the present value of an estate of the same form as that of the legal tenancy but limited to a period corresponding to the reasonably expected duration of the improvement. The computation of present value of the legal tenancy shall be computed on the basis of two-thirds of the value determined by use of the tables set forth under Section 7520 of the Internal Revenue Code of 1986 and the regulations thereunder for the calculation of the values of annuities, life estates, and terms for years, and no other evidence of duration or expectancy shall be considered, except that any legal tenancy or remainder interest acquired for consideration based on those tables shall be computed on the basis of the tables in effect at the time acquired. The method of computing the present value of a legal tenancy established in this subsection shall apply to all legal tenancies and remainders created after January 1, 1992 and to all legal tenancies and remainders which were acquired for consideration if the amount of the consideration was based on the tables set forth under Section 2031 or 7520 of the Internal Revenue Code then in effect.

(c) If a legal tenant has leased any lands for agricultural or farming operations and his legal tenancy terminates on or after the day any rent has become due and payable, he or his representative is entitled to recover that rent from the lessee; and if a legal tenancy terminates before the rent under the lease is fully paid, the legal tenant or his representative is entitled to recover from the lessee:

(1) that portion of the rent not due which the number of days from the beginning of the period for which the rent is not due to the date of the termination of the legal tenancy bears to the total number of days in the period for which the rent is unpaid; and

(2) that portion of the landlord's share of actual expenses paid before the termination of the legal tenancy and not previously paid.

recovered by him, which the number of days in the lease period on and after the termination bears to the total number of days in the lease period.

Section 10. The Code of Civil Procedure is amended by adding Section 21-103.5 as follows:

(735 ILCS 5/21-103.5 new)

Sec. 21-103.5. Change of name involving a minor. In any application for a change of name involving a minor, before a judgment under this Article may be entered, actual notice and an opportunity to be heard shall be given to any parent whose parental rights have not been previously terminated and to any person who has been allocated parental responsibilities under Section 602.5 or 602.7 of the Illinois Marriage and Dissolution of Marriage Act. If any of these persons is outside this State, notice and an opportunity to be heard shall be given under Section 21-104.

Section 15. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Sections 413 and 504 as follows:

(750 ILCS 5/413) (from Ch. 40, par. 413)

Sec. 413. Judgment.

(a) A judgment of dissolution of marriage or of legal separation or of declaration of invalidity of marriage shall be entered within 60 days of the closing of proofs; however, if the court enters an order specifying good cause as to why the court needs an additional 30 days, the judgment shall be entered within 90 days of the closing of proofs, including any hearing under subsection (j) of Section 503 of this Act and submission of closing arguments. A judgment of dissolution of marriage or of legal separation or of declaration of invalidity of marriage is final when entered, subject to the
right of appeal. An appeal from the judgment of dissolution of marriage that does not challenge the finding as to grounds does not delay the finality of that provision of the judgment which dissolves the marriage, beyond the time for appealing from that provision, and either of the parties may remarry pending appeal. An order requiring maintenance or support of a spouse or a minor child or children entered under this Act or any other law of this State shall not be suspended or the enforcement thereof stayed pending the filing and resolution of post-judgment motions or an appeal.

(b) The clerk of the court shall give notice of the entry of a judgment of dissolution of marriage or legal separation or a declaration of invalidity of marriage:

(1) if the marriage is registered in this State, to the county clerk of the county where the marriage is registered, who shall enter the fact of dissolution of marriage or legal separation or declaration of invalidity of marriage in the marriage registry; and within 45 days after the close of the month in which the judgment is entered, the clerk shall forward the certificate to the Department of Public Health on a form furnished by the Department; or

(2) if the marriage is registered in another jurisdiction, to the appropriate official of that jurisdiction, with the request that he enter the fact of dissolution of marriage or legal separation or declaration of invalidity of marriage in the appropriate record.

(c) Unless the person whose marriage is dissolved or declared invalid requests otherwise, the judgment under this Section shall contain a provision authorizing the person to resume the use of his or her former or maiden name, should he or she choose to do so, at any time he or she chooses to do so. Upon request by a wife whose marriage is dissolved or declared invalid, the court shall order her maiden name or a former name restored.

(d) A judgment of dissolution of marriage or legal separation, if made, shall be awarded to both of the parties, and shall provide that it affects the status previously existing between the parties in the manner adjudged.

(750 ILCS 5/504) (from Ch. 40, par. 504)
Sec. 504. Maintenance.

(a) Entitlement to maintenance. In a proceeding for dissolution of marriage or legal separation or declaration of invalidity of marriage, or a proceeding for maintenance following dissolution of the marriage by a
court which lacked personal jurisdiction over the absent spouse, the court may grant a maintenance award for either spouse in amounts and for periods of time as the court deems just, without regard to marital misconduct, and the maintenance may be paid from the income or property of the other spouse. The court shall first determine whether a maintenance award is appropriate, after consideration of all relevant factors, including:

(1) the income and property of each party, including marital property apportioned and non-marital property assigned to the party seeking maintenance as well as all financial obligations imposed on the parties as a result of the dissolution of marriage;

(2) the needs of each party;

(3) the realistic present and future earning capacity of each party;

(4) any impairment of the present and future earning capacity of the party seeking maintenance due to that party devoting time to domestic duties or having forgone or delayed education, training, employment, or career opportunities due to the marriage;

(5) any impairment of the realistic present or future earning capacity of the party against whom maintenance is sought;

(6) the time necessary to enable the party seeking maintenance to acquire appropriate education, training, and employment, and whether that party is able to support himself or herself through appropriate employment or any parental responsibility arrangements and its effect on the party seeking employment;

(7) the standard of living established during the marriage;

(8) the duration of the marriage;

(9) the age, health, station, occupation, amount and sources of income, vocational skills, employability, estate, liabilities, and the needs of each of the parties;

(10) all sources of public and private income including, without limitation, disability and retirement income;

(11) the tax consequences of the property division upon the respective economic circumstances of the parties;

(12) contributions and services by the party seeking maintenance to the education, training, career or career potential, or license of the other spouse;

(13) any valid agreement of the parties; and

New matter indicated by italics - deletions by strikeout
(14) any other factor that the court expressly finds to be just and equitable.

(b) (Blank).

(b-1) Amount and duration of maintenance. If the court determines that a maintenance award is appropriate, the court shall order maintenance in accordance with either paragraph (1) or (2) of this subsection (b-1):

(1) Maintenance award in accordance with guidelines. In situations when the combined gross annual income of the parties is less than $500,000 and the payor has no obligation to pay child support or maintenance or both from a prior relationship, maintenance payable after the date the parties' marriage is dissolved shall be in accordance with subparagraphs (A) and (B) of this paragraph (1), unless the court makes a finding that the application of the guidelines would be inappropriate.

(A) The amount of maintenance under this paragraph (1) shall be calculated by taking 30% of the payor's gross annual income minus 20% of the payee's gross annual income. The amount calculated as maintenance, however, when added to the gross income of the payee, may not result in the payee receiving an amount that is in excess of 40% of the combined gross income of the parties.

(B) The duration of an award under this paragraph (1) shall be calculated by multiplying the length of the marriage at the time the action was commenced by whichever of the following factors applies: less than 5 years (.20); 5 years or more but less than 6 years (.24); 6 years or more but less than 7 years (.28); 7 years or more but less than 8 years (.32); 8 years or more but less than 9 years (.36); 9 years or more but less than 10 years (.40); 10 years or more but less than 11 years (.44); 11 years or more but less than 12 years (.48); 12 years or more but less than 13 years (.52); 13 years or more but less than 14 years (.56); 14 years or more but less than 15 years (.60); 15 years or more but less than 16 years (.64); 16 years or more but less than 17 years (.68); 17 years or more but less than 18 years (.72); 18 years or more but less than 19 years (.76); 19 years or more but less than 20 years (.80).
10 years or more but less than 15 years (.60); or 15 years or more but less than 20 years (.80). For a marriage of 20 or more years, the court, in its discretion, shall order either permanent maintenance or maintenance for a period equal to the length of the marriage or for an indefinite term.

(1.5) In the discretion of the court, any term of temporary maintenance paid by court order pursuant to Section 501 may be a corresponding credit to the duration of maintenance set forth in subparagraph (b-1)(1)(B).

(2) Maintenance award not in accordance with guidelines. Any non-guidelines award of maintenance shall be made after the court's consideration of all relevant factors set forth in subsection (a) of this Section.

(b-2) Findings. In each case involving the issue of maintenance, the court shall make specific findings of fact, as follows:

(1) the court shall state its reasoning for awarding or not awarding maintenance and shall include references to each relevant factor set forth in subsection (a) of this Section; and

(2) if the court deviates from otherwise applicable guidelines under paragraph (1) of subsection (b-1), it shall state in its findings the amount of maintenance (if determinable) or duration that would have been required under the guidelines and the reasoning for any variance from the guidelines.

(b-3) Gross income. For purposes of this Section, the term "gross income" means all income from all sources, within the scope of that phrase in Section 505 of this Act.

(b-4) Unallocated maintenance. Unless the parties otherwise agree, the court may not order unallocated maintenance and child support in any dissolution judgment or in any post-dissolution order. In its discretion, the court may order unallocated maintenance and child support in any pre-dissolution temporary order.

(b-4.5) Fixed-term maintenance in marriages of less than 10 years. If a court grants maintenance for a fixed period under subsection (a) of this Section at the conclusion of a case commenced before the tenth anniversary of the marriage, the court may also designate the termination of the period during which this maintenance is to be paid as a "permanent termination". The effect of this designation is that maintenance is barred after the ending date of the period during which maintenance is to be paid.
(b-5) Interest on maintenance. Any maintenance obligation including any unallocated maintenance and child support obligation, or any portion of any support obligation, that becomes due and remains unpaid shall accrue simple interest as set forth in Section 505 of this Act.

(b-7) Maintenance judgments. Any new or existing maintenance order including any unallocated maintenance and child support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder. Each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order, except no judgment shall arise as to any installment coming due after the termination of maintenance as provided by Section 510 of the Illinois Marriage and Dissolution of Marriage Act or the provisions of any order for maintenance. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Notwithstanding any other State or local law to the contrary, a lien arises by operation of law against the real and personal property of the obligor for each installment of overdue support owed by the obligor.

(b-8) Upon review of any previously ordered maintenance award, the court may extend maintenance for further review, extend maintenance for a fixed non-modifiable term, extend maintenance for an indefinite term, or permanently terminate maintenance in accordance with subdivision (b-1)(1)(A) of this Section.

(c) Maintenance during an appeal. The court may grant and enforce the payment of maintenance during the pendency of an appeal as the court shall deem reasonable and proper.

(d) Maintenance during imprisonment. No maintenance shall accrue during the period in which a party is imprisoned for failure to comply with the court's order for the payment of such maintenance.

(e) Fees when maintenance is paid through the clerk. When maintenance is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the maintenance payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.
(f) Maintenance secured by life insurance. An award ordered by a court upon entry of a dissolution judgment or upon entry of an award of maintenance following a reservation of maintenance in a dissolution judgment may be reasonably secured, in whole or in part, by life insurance on the payor's life on terms as to which the parties agree, or, if they do not agree, on such terms determined by the court, subject to the following:

(1) With respect to existing life insurance, provided the court is apprised through evidence, stipulation, or otherwise as to level of death benefits, premium, and other relevant data and makes findings relative thereto, the court may allocate death benefits, the right to assign death benefits, or the obligation for future premium payments between the parties as it deems just.

(2) To the extent the court determines that its award should be secured, in whole or in part, by new life insurance on the payor's life, the court may only order:

   (i) that the payor cooperate on all appropriate steps for the payee to obtain such new life insurance; and

   (ii) that the payee, at his or her sole option and expense, may obtain such new life insurance on the payor's life up to a maximum level of death benefit coverage, or descending death benefit coverage, as is set by the court, such level not to exceed a reasonable amount in light of the court's award, with the payee or the payee's designee being the beneficiary of such life insurance.

In determining the maximum level of death benefit coverage, the court shall take into account all relevant facts and circumstances, including the impact on access to life insurance by the maintenance payor. If in resolving any issues under paragraph (2) of this subsection (f) a court reviews any submitted or proposed application for new insurance on the life of a maintenance payor, the review shall be in camera.

(3) A judgment shall expressly set forth that all death benefits paid under life insurance on a payor's life maintained or obtained pursuant to this subsection to secure maintenance are designated as excludable from the gross income of the maintenance payee under Section 71(b)(1)(B) of the Internal Revenue Code, unless an agreement or stipulation of the parties otherwise provides.

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;
(2) homemakers;
(3) counseling;
(4) parent education;
(5) day care; and
(6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

1. Comprehensive family-based services;
2. Assessments;
3. Respite care; and
4. In-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.
(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the

community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after the effective date of this amendatory Act of the 98th General Assembly and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on

aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

(m) The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the

guardian or custodian of the child if the child is not in the custody of either parent, or
(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.
If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary

custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a

prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

New matter indicated by italics - deletions by strikeout
(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

New matter indicated by italics - deletions by strikeout
The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

   (1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

   (2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

   (3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within

New matter indicated by italics - deletions by strikeout
10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the

New matter indicated by italics - deletions by strikeout
prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting when a ward turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If

New matter indicated by italics - deletions by strikeout
financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on the effective date of this amendatory Act of the 96th General Assembly, a child with a disability who receives residential and educational services from the Department shall be eligible to receive transition services in accordance with Article 14 of the School Code from the age of 14.5 through age 21, inclusive, notwithstanding the child's residential services arrangement. For purposes of this subsection, "child with a disability" means a child with a disability as defined by the federal Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record information as defined as "background information" in this subsection and criminal history record information as defined in the Illinois Uniform Conviction Information Act for each Department employee or Department applicant. Each Department employee or Department applicant shall submit his or her fingerprints to the Department of State Police in the form and manner prescribed by the Department of State Police. These fingerprints shall be checked against the fingerprint records now and hereafter filed in the Department of State Police and the Federal Bureau of Investigation criminal history records databases. The Department of State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The Department of State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:
"Background information" means all of the following:

(i) Upon the request of the Department of Children and Family Services, conviction information obtained from the Department of State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Department of State Police's Sex Offender Database, as authorized by Section 120
of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

"Department employee" means a full-time or temporary employee coded or certified within the State of Illinois Personnel System.

"Department applicant" means an individual who has conditional Department full-time or part-time work, a contractor, an individual used to replace or supplement staff, an academic intern, a volunteer in Department offices or on Department contracts, a work-study student, an individual or entity licensed by the Department, or an unlicensed service provider who works as a condition of a contract or an agreement and whose work may bring the unlicensed service provider into contact with Department clients or client records.

Sec. 4.06. Public bidding.

(a) The Board shall adopt regulations to ensure that the construction or acquisition by the Authority or a Service Board other than the Chicago Transit Authority of services or public transportation facilities (other than real estate) involving a cost of more than the small purchase threshold set by the Federal Transit Administration $40,000 and the disposition of all property of the Authority or a Service Board other than the Chicago Transit Authority shall be after public notice and with public bidding. The Board shall adopt regulations to ensure that the construction, demolition, rehabilitation, renovation, and building maintenance projects by the Authority or a Service Board other than the Chicago Transit Authority for services or public transportation facilities involving a cost of more than $40,000 shall be after public notice and with public bidding. Such regulations may provide for exceptions to such requirements for acquisition of repair parts, accessories, equipment or services previously furnished or contracted for; for the immediate delivery of supplies, material or equipment or performance of service when it is determined by the concurrence of two-thirds of the then Directors that an emergency requires immediate delivery or supply thereof; for goods or services that are economically procurable from only one source; for contracts for the maintenance or servicing of equipment which are made with the manufacturers or authorized service agent of that equipment where the maintenance or servicing can best be performed by the manufacturer or authorized service agent or such a contract would be otherwise advantageous to the Authority or a Service Board, other than the Chicago Transit Authority, except that the exceptions in this clause shall not apply to contracts for plumbing, heating, piping, refrigeration and automatic temperature control systems, ventilating and distribution systems for conditioned air, and electrical wiring; for goods or services procured from another governmental agency; for purchases and contracts for the use or purchase of data processing equipment and data processing systems software; for the acquisition of professional or utility services; and for the acquisition of public transportation equipment including, but not limited to, rolling stock, locomotives and buses, provided that: (i) it is determined by a vote of 2/3 of the then Directors of the Service Board making the acquisition that a negotiated acquisition offers opportunities with respect to the cost or financing of the equipment, its delivery, or the performance of a portion of the work within the State or the use of goods
produced or services provided within the State; (ii) a notice of intention to negotiate for the acquisition of such public transportation equipment is published in a newspaper of general circulation within the City of Chicago inviting proposals from qualified vendors; and (iii) any contract with respect to such acquisition is authorized by a vote of 2/3 of the then Directors of the Service Board making the acquisition. The requirements set forth in this Section shall not apply to purchase of service agreements or other contracts, purchases or sales entered into by the Authority with any transportation agency or unit of local government.

(b) (1) In connection with two-phase design/build selection procedures authorized in this Section, a Service Board may authorize, by the affirmative vote of two-thirds of the then members of the Service Board, the use of competitive selection and the prequalification of responsible bidders consistent with applicable federal regulations and this subsection (b).

(2) Two-phase design/build selection procedures shall consist of the following:

   (i) A Service Board shall develop, through licensed architects or licensed engineers, a scope of work statement for inclusion in the solicitation for phase-one proposals that defines the project and provides prospective offerors with sufficient information regarding the Service Board's requirements. The statement shall include criteria and preliminary design, and general budget parameters and general schedule or delivery requirements to enable the offerors to submit proposals which meet the Service Board's needs. When the two-phase design/build selection procedure is used and the Service Board contracts for development of the scope of work statement, the Service Board shall contract for architectural or engineering services as defined by and in accordance with the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act and all applicable licensing statutes.

   (ii) The evaluation factors to be used in evaluating phase-one proposals must be stated in the solicitation and must include specialized experience and technical competence, capability to perform, past performance of the offeror's team (including the architect-engineer and

construction members of the team) and other appropriate technical and qualifications factors. Each solicitation must establish the relative importance assigned to the evaluation factors and the subfactors that must be considered in the evaluation of phase-one proposals on the basis of the evaluation factors set forth in the solicitation. Each design/build team must include a licensed design professional independent from the Service Board's licensed architect or engineer and a licensed design professional must be named in the phase-one proposals submitted to the Service Board.

(iii) On the basis of the phase-one proposal the Service Board shall select as the most highly qualified the number of offerors specified in the solicitation and request the selected offerors to submit phase-two competitive proposals and cost or price information. Each solicitation must establish the relative importance assigned to the evaluation factors and the subfactors that must be considered in the evaluation of phase-two proposals on the basis of the evaluation factors set forth in the solicitation. A Service Board may negotiate with the selected design/build team after award but prior to contract execution for the purpose of securing better terms than originally proposed, provided the salient features of the design/build solicitation are not diminished. Each phase-two solicitation evaluates separately (A) the technical submission for the proposal, including design concepts or proposed solutions to requirements addressed within the scope of work, and (B) the evaluation factors and subfactors, including cost or price, that must be considered in the evaluations of proposals.

(iv) A design/build solicitation issued under the procedures in this subsection (b) shall state the maximum number of offerors that are to be selected to submit competitive phase-two proposals. The maximum number specified in the solicitation shall not exceed 5 unless the Service Board with respect to an individual solicitation determines that a specified number greater than 5 is in the best interest of the Service Board and is consistent with the
purposes and objectives of the two-phase design/build selection process.

(v) All designs submitted as part of the two-phase selection process and not selected shall be proprietary to the preparers.

hearing the Board shall present to the Secretary a written report of its
findings and recommendations. The report shall contain a finding of
whether or not the accused entity violated this Act or failed to comply with
the conditions required in this Act. The Board shall specify the nature of

the Secretary.

The report of findings of fact, conclusions of law, and

Sec. 125. Hearing officer. The Secretary has the authority to appoint an attorney duly licensed to practice law in the State of Illinois to serve as the hearing officer in an action for refusal to issue or renew a license, or for the discipline of a licensee. The Secretary shall notify the Board of an appointment. The hearing officer shall have full authority to conduct the hearing. The hearing officer shall report his or her findings and recommendations to the Board and the Secretary. The Board shall have 60 days from receipt of the report to review the report of the hearing officer and present its findings of fact, conclusions of law and recommendation to the Secretary. If the Board fails to present its report within the 60-day period, the respondent may request in writing a direct appeal to the Secretary, in which case the Secretary shall, within 7 calendar days after the request, issue an order directing the Board to issue its findings of fact, conclusions of law, and recommendations to the Secretary within 30 calendar days after such order. If the Board fails to issue its findings of fact, conclusions of law, and recommendations within that time frame to the Secretary after the entry of such order, the Secretary shall, within 30 calendar days thereafter, issue an order based upon the report of the hearing officer and the record of the proceedings or issue an order remanding the matter back to the hearing officer for additional proceedings in accordance with the order. If (i) a direct appeal is requested, (ii) the Board fails to issue its findings of fact, conclusions of law, and recommendations within the 30-day mandate from the Secretary or the Secretary fails to order the Board to do so, and (iii) the Secretary fails to issue an order within 30 calendar days thereafter, then the hearing officer's report is deemed accepted and a final decision of the Secretary. Notwithstanding any other provision of this Section, if the Secretary, upon review, determines that substantial justice has not been done in the revocation, suspension, or refusal to issue or renew a license or other disciplinary action taken as the result of the entry of the hearing officer's or Board's report, the Secretary may order a rehearing by the same or other
examiners. If the Secretary disagrees in any regard with the report of the Board, the Secretary may issue an order in contravention thereof. Except for fraud in procuring a license, all proceedings to suspend, revoke, place on probationary status, or take any other disciplinary action as the Department may deem proper, with regard to a license on any of the foregoing grounds, must be commenced within 5 years after receipt by the Department of a complaint alleging the commission of or notice of the conviction order for any of the acts described in this Section. Except for the grounds set forth in items (8), (9), (26), and (29) of this Section, no action shall be commenced more than 10 years after the date of the incident or act alleged to have been a violation of this Section. In the event of the settlement of any claim or cause of action in favor of the claimant or the reduction to final judgment of any civil action in favor of the plaintiff, such claim, cause of action, or civil action being grounded on the allegation that a person licensed under this Act was negligent in providing care, the Department shall have an additional period of 2 years from the date of notification to the Department under Section 26 of this Act of such settlement or final judgment in which to investigate and commence formal disciplinary proceedings under Section 24 of this Act, except as otherwise provided by law. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

In enforcing this Section, the Department or Board upon a showing of a possible violation may compel an individual licensed to practice under this Act, or who has applied for licensure under this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The Department or Board may order the examining physician to present testimony concerning the mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The examining physicians shall be specifically designated by the Board or Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. Failure of an individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license until the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

(A) The Board shall by rule provide for the reporting to it of all instances in which a podiatric physician licensed under this Act who is impaired by reason of age, drug or alcohol abuse or physical or mental impairment, is under supervision and, where appropriate, is in a program of rehabilitation. Reports shall be strictly confidential and may be reviewed and considered only by the members of the Board, or by authorized staff of the Department as provided by the rules of the Board. Provisions shall be made for the periodic report of the status of any such
podiatric physician not less than twice annually in order that the Board shall have current information upon which to determine the status of any such podiatric physician. Such initial and periodic reports of impaired physicians shall not be considered records within the meaning of the State Records Act and shall be disposed of, following a determination by the Board that such reports are no longer required, in a manner and at such time as the Board shall determine by rule. The filing of such reports shall be construed as the filing of a report for the purposes of subsection (C) of this Section. Failure to file a report under this Section shall be a Class A misdemeanor.

(A-5) The following persons and entities shall report to the Department or the Board in the instances and under the conditions set forth in this subsection (A-5):

(1) Any administrator or officer of any hospital, nursing home or other health care agency or facility who has knowledge of any action or condition which reasonably indicates to him or her that a licensed podiatric physician practicing in such hospital, nursing home or other health care agency or facility is habitually intoxicated or addicted to the use of habit forming drugs, or is otherwise impaired, to the extent that such intoxication, addiction, or impairment adversely affects such podiatric physician's professional performance, or has knowledge that reasonably indicates to him or her that any podiatric physician unlawfully possesses, uses, distributes or converts habit-forming drugs belonging to the hospital, nursing home or other health care agency or facility for such podiatric physician's own use or benefit, shall promptly file a written report thereof to the Department. The report shall include the name of the podiatric physician, the name of the patient or patients involved, if any, a brief summary of the action, condition or occurrence that has necessitated the report, and any other information as the Department may deem necessary. The Department shall provide forms on which such reports shall be filed.

(2) The president or chief executive officer of any association or society of podiatric physicians licensed under this Act, operating within this State shall report to the Board when the association or society renders a final determination relating to the professional competence or conduct of the podiatric physician.

(3) Every insurance company that offers policies of professional liability insurance to persons licensed under this Act, or any other entity that seeks to indemnify the professional liability of a podiatric physician licensed under this Act, shall report to the Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action that alleged negligence in the furnishing of medical care by such licensed person when such settlement or final judgement is in favor of the plaintiff.

(4) The State's Attorney of each county shall report to the Board all instances in which a person licensed under this Act is convicted or otherwise found guilty of the commission of any felony.

(5) All agencies, boards, commissions, departments, or other instrumentalities of the government of the State of Illinois shall report to the Board any instance arising in connection with the operations of such agency, including the administration of any law by such agency, in which a podiatric physician licensed under this Act has either committed an act or acts that may be a violation of this Act or that may constitute unprofessional conduct related directly to patient care or that indicates that a podiatric physician licensed under this Act may have a mental or physical disability that may endanger patients under that physician's care.

(B) All reports required by this Act shall be submitted to the Board in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Act. All reports shall contain the following information:

(1) The name, address and telephone number of the person making the report.

(2) The name, address and telephone number of the podiatric physician who is the subject of the report.

(3) The name or other means of identification of any patient or patients whose treatment is a subject of the report, provided, however, no medical records may be revealed without the written consent of the patient or patients.

(4) A brief description of the facts that gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

New matter indicated by italics - deletions by strikeout
(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and date of filing of the action.

(6) Any further pertinent information that the reporting party deems to be an aid in the evaluation of the report.

Nothing contained in this Section shall waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Board, the Board's attorneys, the investigative staff and other authorized Department staff, as provided in this Act, and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure.

(C) Any individual or organization acting in good faith, and not in a willful and wanton manner, in complying with this Act by providing any report or other information to the Board, or assisting in the investigation or preparation of such information, or by participating in proceedings of the Board, or by serving as a member of the Board, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(D) Members of the Board, the Board's attorneys, the investigative staff, other podiatric physicians retained under contract to assist and advise in the investigation, and other authorized Department staff shall be indemnified by the State for any actions occurring within the scope of services on the Board, done in good faith and not willful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that he or she would have a conflict of interest in such representation or that the actions complained of were not in good faith or were willful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were willful and wanton. The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification. The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent the member.
(E) Upon the receipt of any report called for by this Act, other than those reports of impaired persons licensed under this Act required pursuant to the rules of the Board, the Board shall notify in writing, by certified mail or email, the podiatric physician who is the subject of the report. Such notification shall be made within 30 days of receipt by the Board of the report.

The notification shall include a written notice setting forth the podiatric physician's right to examine the report. Included in such notification shall be the address at which the file is maintained, the name of the custodian of the reports, and the telephone number at which the custodian may be reached. The podiatric physician who is the subject of the report shall be permitted to submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The statement shall become a permanent part of the file and must be received by the Board no more than 30 days after the date on which the podiatric physician was notified of the existence of the original report.

The Board shall review all reports received by it, together with any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Board shall be in a timely manner but in no event shall the Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Board.

When the Board makes its initial review of the materials contained within its disciplinary files the Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported.

The individual or entity filing the original report or complaint and the podiatric physician who is the subject of the report or complaint shall be notified in writing by the Board of any final action on their report or complaint.

(F) The Board shall prepare on a timely basis, but in no event less than once every other month, a summary report of final disciplinary actions taken upon disciplinary files maintained by the Board. The summary reports shall be made available on the Department's web site.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such podiatric physician violates the provisions of this Section, an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such podiatric physician has violated or is violating the injunction, the Court may punish the offender for contempt of court. PUBLIC ACT 100-0528
(Senate Bill No. 0060)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Township Code is amended by changing Sections 205-140 and 205-145 and by adding Section 205-141 as follows:

(60 ILCS 1/205-140)
Sec. 205-140. Initiating proceedings for particular locality; rates and charges; lien.
(a) This Section applies to townships to which Section 205-141 does not apply.
(a-1) (a) A township board may initiate proceedings under Sections 205-130 through 205-150 in the manner provided by Section 205-20.
(b) The township board may establish the rate or charge to each user of the waterworks system or sewerage system, or combined waterworks and sewerage system, or improvement or extension at a rate that will be sufficient to pay the principal and interest of any bonds issued to pay the cost of the system, improvement, or extension and the maintenance and operation of the system, improvement, or extension and may provide an adequate depreciation fund for the bonds. Charges or rates shall be established, revised, and maintained by ordinance and become payable as the township board determines by ordinance.

New matter indicated by italics - deletions by strikeout
(c) The charges or rates are liens upon the real estate upon or for which sewerage service is supplied whenever the charges or rates become delinquent as provided by the ordinance of the board fixing a delinquency date.

(d) Notwithstanding any provision of law to the contrary, the township shall conduct a cost study regarding the connection charge of the township:

(1) before the township increases or creates a connection charge;
(2) upon the request of the supervisor or a majority of the township board of the township;
(3) upon the request of a majority of the mayors or village presidents of the municipalities located within or substantially within the township or township's facility planning area; or
(4) upon the filing with the township board of a petition signed by 10% or more of the customers who have paid connection charges to the township in the previous 5 calendar years.

The cost study shall be conducted by an independent entity within 6 months of action taken under paragraphs (1), (2), (3), or (4) of this subsection (d). For purposes of subsections (d) and (e), the term "independent entity" shall mean an engineering firm that has not entered into a contract with any State agency, unit of local government, or non-governmental entity for goods or services within the township or township service area in the 24 months prior to being contracted to perform the cost study. After performing a cost study under this subsection (d), an independent entity may not contract with any State agency, unit of local government, or non-governmental entity for goods or services within the township or township service area in the 24 months after completion of the cost study other than to perform further cost studies under this subsection (d). A township shall not be required to conduct more than one cost study in a 60 month period under paragraphs (3) or (4) of this subsection (d).

The cost study must include, at a minimum, an examination of similar water main and sewer connection charges in neighboring units of local government or units of local government similar in size or population. Following the completion of the cost study, no increase or new connection charge may be imposed unless the increase or new charge is justified by the cost study. If the connection charge the township charged prior to completion of the cost study is higher than is justified by the cost study, the township shall reduce its connection charge to the amount justified by
the cost study. For purposes of this subsection (d), "connection charge" means any charge or fee, by whatever name, assessed to recover the cost of connecting the customer's water main, sewer, or water main and sewer service line to the township's facilities, and includes only the direct and indirect costs of physically tying the service line into the township's main.

(e) If a cost study has been conducted pursuant to subsection (d) of this Section and a new cost study is requested under paragraph (3) or (4) of subsection (d), the township shall obtain a written quote from an independent entity detailing the cost of the requested cost study and one of the following shall occur prior to a new cost study beginning:

1. each township, village, and municipality whose mayor or president requested the cost study under paragraph (3) of subsection (d) shall pay a proportionate share of the entire cost of the cost study as detailed in the written quote required under this subsection (e); or

2. the customers who signed the petition under paragraph (4) of subsection (d) shall pay a pro rata share of the entire cost of the cost study as detailed in written quote required under this subsection (e).

Payments required under either paragraph (1) or (2) of this subsection (e) shall be made to the township clerk, who shall forward the same to the independent entity upon receipt of entire amount of the written quote for the cost study. If the entire amount of the written quote for the cost study has not been received within 90 days from the township clerk providing public note of the amount of the written quote, then those amounts received by the township clerk shall be refunded to the persons or entities which paid them.

The cost study must include, at a minimum, an examination of residential and commercial connection charges for the waterworks system or sewerage system, whichever applies, in at least 30 units of local government in Illinois with a similar number of customers as are connected to the township’s waterworks system and sewerage system. Following the completion of the cost study, no increase or new connection charge may be imposed unless the increase or new charge is justified by the cost study. (e) For purposes of this Section:
"Connection charge" means any nominal charge or fee, by whatever name, assessed to recover the cost of connecting the customer’s water main, sewer, or water main and sewer service line to the township’s facilities, and includes only the direct and indirect costs of physically tying the service line into the township’s main line in the adjoining utility easement.

PUBLIC ACT 100-0531
(Senate Bill No. 1290)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the

New matter indicated by italics - deletions by strikeout
redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; (d-5) repayment of bonds issued pursuant to subsection (p-130) of Section 19-1 of the School Code; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration
privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance

New matter indicated by italics - deletions by strikeout
shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations may not be later than the dates set forth under Section 11-74.4-3.5.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

Section 10. The School Code is amended by changing Sections 19-1 and 19-11 as follows:

(105 ILCS 5/19-1)

Sec. 19-1. Debt limitations of school districts.
(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in the Local Government Debt Limitation Act.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the
aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election.

called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds

New matter indicated by italics - deletions by strikeout
approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of $5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory

New matter indicated by italics - deletions by strikeout
limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school

building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than $29,000,000.

(h) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27.6% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(iv) The bonds are issued pursuant to Sections 19-2 through 19-7 of this Code.

(i) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

(1) the school district is located in 2 counties, and a referendum to authorize the additional indebtedness was approved by a majority of the voters of the school district voting on the proposition to authorize that indebtedness;

(105 ILCS 10/5) (from Ch. 122, par. 50-5)

New matter indicated by italics - deletions by strikeout
Sec. 5. (a) A parent or any person specifically designated as a representative by a parent shall have the right to inspect and copy all school student permanent and temporary records of that parent's child. A student shall have the right to inspect and copy his or her school student permanent record. No person who is prohibited by an order of protection from inspecting or obtaining school records of a student pursuant to the Illinois Domestic Violence Act of 1986, as now or hereafter amended, shall have any right of access to, or inspection of, the school records of that student. If a school's principal or person with like responsibilities or his designee has knowledge of such order of protection, the school shall prohibit access or inspection of the student's school records by such person.

(b) Whenever access to any person is granted pursuant to paragraph (a) of this Section, at the option of either the parent or the school a qualified professional, who may be a psychologist, counsellor or other advisor, and who may be an employee of the school or employed by the parent, may be present to interpret the information contained in the student temporary record. If the school requires that a professional be present, the school shall secure and bear any cost of the presence of the professional. If the parent so requests, the school shall secure and bear any cost of the presence of a professional employed by the school.

(c) A parent's or student's request to inspect and copy records, or to allow a specifically designated representative to inspect and copy records, must be granted within a reasonable time, and in no case later than 10 business days after the date of receipt of such request by the official records custodian.

2. the request requires the collection of a substantial number of specified records;

3. the request is couched in categorical terms and requires an extensive search for the records responsive to it;

4. the requested records have not been located in the course of routine search and additional efforts are being made to locate them;

The person making a request and the school district may agree in writing to extend the time for compliance for a period to be determined by the parties. If the requester and the school district agree to extend the period for compliance, a failure by the school district to comply with any previous deadlines shall not be treated as a denial of the request for the records.

(d) The school may charge its reasonable costs for the copying of school student records, not to exceed the amounts fixed in schedules adopted by the State Board, to any person permitted to copy such records, except that no parent or student shall be denied a copy of school student records as permitted under this Section 5 for inability to bear the cost of such copying.

(e) Nothing contained in this Section 5 shall make available to a parent or student confidential letters and statements of recommendation furnished in connection with applications for employment to a post-secondary educational institution or the receipt of an honor or honorary recognition, provided such letters and statements are not used for purposes other than those for which they were specifically intended, and

(1) were placed in a school student record prior to January 1, 1975; or

(2) the student has waived access thereto after being advised of his right to obtain upon request the names of all such persons making such confidential recommendations.

(f-5) In addition to the requirements imposed under subsections (b), (c), (d), (e), and (f) of this Section, ticket brokers and resellers must comply with the requirements of this subsection. Before accepting any payment from a purchaser, a ticket broker or reseller must disclose to the purchaser in a clear, conspicuous, and readily noticeable manner the following information:

(1) the registered name and city of the event venue;

2. the ticket fails to conform substantially to its description as advertised; or

6. Any towing service that tows or removes vehicles and proposes to require the owner, operator, or person in control of the vehicle to pay the costs of towing and storage prior to redemption of the vehicle must file and keep on record with the local law enforcement agency a complete copy of the current rates to be charged for such services, and post at the storage site an identical rate schedule and any written contracts with property owners, lessors, or persons in control of property which authorize them to remove vehicles as provided in this Section. The towing and storage charges, however, shall not exceed the maximum allowed by the Illinois Commerce Commission under Section 18a-200.

Any vehicle owner or custodian or agent shall have the right to inspect the vehicle before accepting its return, and no release or waiver of any kind which would release the towing service from liability for damages incurred during the towing and storage may be required from any vehicle owner or other legally authorized person as a condition of release of the vehicle. A detailed, signed receipt showing the legal name of the towing service must be given to the person paying towing or storage charges at the time of payment, whether requested or not.

The provisions of Section 1 of that Act relating to notice and implied consent shall be deemed satisfied by compliance with Section 18a-302 and subsection (6) of Section 18a-300. In no event shall such lien be greater than the rate or rates established in accordance with subsection (6) of Section 18a-200 of this Code. In no event shall such lien be increased or altered to reflect any charge for services or materials rendered in addition to those authorized by this Act. Every such lien shall be payable by use of any major credit card, in addition to being payable in cash.

(4) Any personal property belonging to the vehicle owner in a vehicle subject to a lien under this subsection (g) shall likewise be subject to that lien, excepting only: child restraint systems as defined in Section 4 of the Child Passenger Protection Act and other child booster seats; eyeglasses; food; medicine; perishable property; any operator's licenses; any cash, credit cards, or checks or checkbooks; any wallet, purse, or other property containing any operator's license or other identifying documents or materials, cash, credit cards, checks, or checkbooks; and any personal property belonging to a person other than the vehicle owner if that person provides adequate proof that the personal property belongs to that person. The regulation of liens on personal property and exceptions to those liens in the case of vehicles towed as a result of being involved in an accident are exclusive powers and functions of the State. A home rule unit may not regulate liens on personal property and exceptions to those liens in the case of vehicles towed as a result of being involved in an accident. This paragraph (5) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(6) No lien under this subsection (g) shall: exceed $2,000 in its total amount; or be increased or altered to reflect any charge for services or materials rendered in addition to those authorized by this Act.

(5) If, prior to the expiration of the impoundment period specified above, the citation is dismissed or the defendant is found not guilty of the offense.

(i) Except for vehicles exempted under subsection (b) of Section 7-601 of this Code, whenever a law enforcement officer issues a citation to a driver for a violation of Section 3-707 of this Code, and the driver has a prior conviction for a violation of Section 3-707 of this Code in the past 12 months, the arresting officer shall authorize the removal and impoundment of the vehicle by a towing service.

PUBLIC ACT 100-0538
(House Bill No. 0040)

AN ACT concerning abortion.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Employees Group Insurance Act of 1971 is amended by changing Sections 6 and 6.1 as follows:

(5 ILCS 375/6) (from Ch. 127, par. 526)

Sec. 6. Program of health benefits.

(a) The program of health benefits shall provide for protection against the financial costs of health care expenses incurred in and out of hospital including basic hospital-surgical-medical coverages. The program may include, but shall not be limited to, such supplemental coverages as out-patient diagnostic X-ray and laboratory expenses, prescription drugs, dental services, hearing evaluations, hearing aids, the dispensing and fitting of hearing aids, and similar group benefits as are now or may become available. However, nothing in this Act shall be construed to permit, on or after July 1, 1980, the non-contributory portion of any such program to include the expenses of obtaining an abortion, induced miscarriage or induced premature birth unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment; or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or the unborn child. The program may also

include coverage for those who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a recognized religious denomination.

The program of health benefits shall be designed by the Director (1) to provide a reasonable relationship between the benefits to be included and the expected distribution of expenses of each such type to be incurred by the covered members and dependents, (2) to specify, as covered benefits and as optional benefits, the medical services of practitioners in all categories licensed under the Medical Practice Act of 1987, (3) to include reasonable controls, which may include deductible and co-insurance provisions, applicable to some or all of the benefits, or a coordination of benefits provision, to prevent or minimize unnecessary utilization of the various hospital, surgical and medical expenses to be provided and to provide reasonable assurance of stability of the program, and (4) to provide benefits to the extent possible to members throughout the State, wherever located, on an equitable basis. Notwithstanding any other provision of this Section or Act, for all members or dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, the Department shall reduce benefits which would otherwise be paid by Medicare, by the amount of benefits for which the member or dependents are eligible under Medicare, except that such reduction in benefits shall apply only to those members or dependents who (1) first become eligible for such medicare coverage on or after the effective date of this amendatory Act of 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for but no longer receive Medicare coverage which they had been receiving on or after the effective date of this amendatory Act of 1992.

Notwithstanding any other provisions of this Act, where a covered member or dependents are eligible for benefits under the federal Medicare health insurance program (Title XVIII of the Social Security Act as added by Public Law 89-97, 89th Congress), benefits paid under the State of Illinois program or plan will be reduced by the amount of benefits paid by Medicare. For members or dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, benefits shall be reduced by the amount for which the member or dependent is eligible under Medicare, except that such reduction in benefits shall apply only to those members or

dependents who (1) first become eligible for such Medicare coverage on or after the effective date of this amendatory Act of 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after the effective date of this amendatory Act of 1992. Premiums may be adjusted, where applicable, to an amount deemed by the Director to be reasonably consistent with any reduction of benefits.

(b) A member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, shall pay the premiums for coverage, not exceeding the amount paid by the State for the non-contributory coverage for other members, under the group health benefits program under this Act. The Director shall determine the premiums to be paid by a member under this subsection (b).

(5 ILCS 375/6.1) (from Ch. 127, par. 526.1)

Sec. 6.1. The program of health benefits may offer as an alternative, available on an optional basis, coverage through health maintenance organizations. That part of the premium for such coverage which is in excess of the amount which would otherwise be paid by the State for the program of health benefits shall be paid by the member who elects such alternative coverage and shall be collected as provided for premiums for other optional coverages.

However, nothing in this Act shall be construed to permit, after the effective date of this amendatory Act of 1983, the noncontributory portion of any such program to include the expenses of obtaining an abortion, induced miscarriage or induced premature birth unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child.

medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois
Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be

reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

1. dental services provided by or under the supervision of a dentist; and
2. eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

A. A baseline mammogram for women 35 to 39 years of age.
(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis. As used in this Section, the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast. If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide

additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

New matter indicated by italics - deletions by strikeout
(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program. Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and

New matter indicated by italics - deletions by strikeout
regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the
new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of

vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

1. In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.
2. In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.
3. In the case of a provider for whom the Illinois Department initiates the monthly billing process.
4. In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 5 days of receipt by the facility of required prescreening information, data for new admissions shall be entered into the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or successor system, and within 15 days of receipt by the facility of required prescreening information, admission documents shall be submitted through MEDI or

REV or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department
of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(a) actual statistics and trends in utilization of medical services by public aid recipients;
(b) actual statistics and trends in the provision of the various medical services by medical vendors;
(c) current rate structures and proposed changes in those rate structures for the various medical vendors; and

(d) efforts at utilization review and control by the Illinois Department. The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The filing of one copy of the report with the Speaker, one copy with the Minority Leader and one copy with the Clerk of the House of Representatives, one copy with the President, one copy with the Minority Leader and one copy with the Secretary of the Senate, one copy with the Legislative Research Unit, and such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act shall be deemed sufficient to comply with this Section.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all FDA approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment
of opioid dependence shall be covered under both fee for service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, or (3) lifetime restriction limit mandate.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees related to the dispensing and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

The Department may not provide for legally authorized services of any physician who has been convicted of having performed an abortion procedure in a wilful and wanton manner on a woman who was not pregnant at the time such abortion procedure was performed. The utilization of the services of persons engaged in the treatment or care of the sick, which persons are not required to be licensed or registered under the laws of this State, is not prohibited by this Section.

However, the Director of Healthcare and Family Services may, after providing reasonable notice and opportunity for hearing, deny, suspend or terminate any otherwise qualified person, firm, corporation, association, agency, institution, or other legal entity, from participation as a vendor of goods or services under the medical assistance program authorized by this Article if the Director finds such vendor of medical services in violation of this Act or the policy or rules and regulations issued pursuant to this Act. Sec. 6-1. Eligibility requirements. Financial aid in meeting basic maintenance requirements shall be given under this Article to or in behalf of persons who meet the eligibility conditions of Sections 6-1.1 through 6-
1.10. In addition, each unit of local government subject to this Article shall provide persons receiving financial aid in meeting basic maintenance requirements with financial aid for either (a) necessary treatment, care, and supplies required because of illness or disability, or (b) acute medical treatment, care, and supplies only. If a local governmental unit elects to provide financial aid for acute medical treatment, care, and supplies only, the general types of acute medical treatment, care, and supplies for which financial aid is provided shall be specified in the general assistance rules of the local governmental unit, which rules shall provide that financial aid is provided, at a minimum, for acute medical treatment, care, or supplies necessitated by a medical condition for which prior approval or authorization of medical treatment, care, or supplies is not required by the general assistance rules of the Illinois Department. Nothing in this Article shall be construed to permit the granting of financial aid where the purpose of such aid is to obtain an abortion, induced miscarriage or induced premature birth unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child.

Sec. 4-100. Section 20. The Illinois Abortion Law of 1975 is amended by changing Section 1 as follows:

(720 ILCS 510/1) (from Ch. 38, par. 81-21)

Sec. 1. It is the intention of the General Assembly of the State of Illinois to reasonably regulate abortion in conformance with the legal standards set forth in the decisions of the United States Supreme Court of January 22, 1973. Without in any way restricting the right of privacy of a woman or the right of a woman to an abortion under those decisions, the General Assembly of the State of Illinois do solemnly declare and find in

New matter indicated by italics - deletions by strikeout
reaffirmation of the longstanding policy of this State, that the unborn child is a human being from the time of conception and is, therefore, a legal person for purposes of the unborn child's right to life and is entitled to the right to life from conception under the laws and Constitution of this State. Further, the General Assembly finds and declares that longstanding policy of this State to protect the right to life of the unborn child from conception by prohibiting abortion unless necessary to preserve the life of the mother is impermissible only because of the decisions of the United States Supreme Court and that, therefore, if those decisions of the United States Supreme Court are ever reversed or modified or the United States Constitution is amended to allow protection of the unborn then the former policy of this State to prohibit abortions unless necessary for the preservation of the mother's life shall be reinstated.

It is the further intention of the General Assembly to assure and protect the woman's health and the integrity of the woman's decision whether or not to continue to bear a child, to protect the valid and compelling state interest in the infant and unborn child, to assure the integrity of marital and familial relations and the rights and interests of persons who participate in such relations, and to gather data for establishing criteria for medical decisions. The General Assembly finds as fact, upon hearings and public disclosures, that these rights and interests are not secure in the economic and social context in which abortion is presently performed.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 4-108.5 and 6-164 as follows:

(40 ILCS 5/4-108.5)

Sec. 4-108.5. Service for providing certain fire protection services.

(a) A firefighter for a participating municipality who was employed as an active firefighter providing fire protection for a village or incorporated town with a population of greater than 10,000 but less than 11,000 located in a county with a population of greater than 600,000 and less than 700,000, as estimated by the United States Census on July 1, 2004, may elect to establish creditable service for periods of that employment in which the firefighter provided fire protection services for the participating municipality if, by May 1, 2007, the firefighter (i) makes written application to the Board and (ii) pays into the pension fund the amount that the person would have contributed had deductions from salary been made for this purpose at the time the service was rendered, plus interest thereon at 6% per annum compounded annually from the time the service was rendered until the date of payment.

(b) Time spent providing fire protection on a part-time basis for a village or incorporated town with a population of greater than 10,000 but less than 11,000 located in a county with a population of greater than 600,000 and less than 700,000, as estimated by the United States Census on July 1, 2004, shall be calculated at the rate of one year of creditable service for each 5 years of time spent providing such fire protection, if the firefighter (i) has at least 5 years of creditable service as an active firefighter, (ii) has at least 5 years of such service with a qualifying village or incorporated town, (iii) applies for the creditable service within 30 days after the effective date of this amendatory Act of the 94th General Assembly, and (iv) contributes to the Fund an amount representing employee contributions for the number of years of creditable service granted under this subsection (b) based on the salary and contribution rate in effect for the firefighter at the date of entry into the fund, as determined by the Board. The amount of creditable service granted under this subsection (b) may not exceed 3 years.

New matter indicated by italics - deletions by strikeout
(c) This subsection applies only to a person who was first employed by a municipality in 2008 to provide fire protection services on a full-time basis as a firefighter or fire chief, but was prevented from participating in a pension fund under this Article until 2015 by reason of the employing municipality's delay in establishing a pension fund as required under this Article. Such a person may elect to establish creditable service for periods of such employment by that municipality during which he or she did not participate, by applying to the board in writing and paying to the pension fund the employee contributions that he or she would have made had deductions from salary been made for employee contributions at the time the service was rendered, together with interest thereon at the rate of 6% per annum, compounded annually, from the time the service was rendered to the date of payment; except that the granting of such creditable service is contingent upon the consent of the governing body of the municipality and payment to the pension fund by the municipality of the corresponding employer contributions, plus interest.

For the purposes of Sections 4-109, 4-109.1, and 4-114, and notwithstanding any other provision of this Article, for a person who establishes creditable service under this subsection (c), the date upon which the person first became a participating firefighter under this Article shall be deemed to be no later than the first day of employment for which such creditable service has been granted.

Sec. 6-164. Automatic annual increase; retirement after September 1, 1959.

(a) A fireman qualifying for a minimum annuity who retires from service after September 1, 1959 shall, upon either the first of the month following the first anniversary of his date of retirement if he is age 60 (age 55 if born before January 1, 1966) or over on that anniversary date, or upon the first of the month following his attainment of age 60 (age 55 if born before January 1, 1966) if that occurs after the first anniversary of his retirement date, have his then fixed and payable monthly annuity increased by 1 1/2%, and such first fixed annuity as granted at retirement increased by an additional 1 1/2% in January of each year thereafter up to a maximum increase of 30%. Beginning July 1, 1982 for firemen born before January 1, 1930, and beginning January 1, 1990 for firemen born after December 31, 1929 and before January 1, 1940, and beginning January 1, 1996 for firemen born after December 31, 1939 but before

January 1, 1945, and beginning January 1, 2004, for firemen born after
December 31, 1944 but before January 1, 1955, and beginning January 1,
2017, for firemen born after December 31, 1954 but before January 1,
1966, such increases shall be 3% and such firemen shall not be subject to
the 30% maximum increase.

Any fireman born before January 1, 1945 who qualifies for a
minimum annuity and retires after September 1, 1967 but has not received
the initial increase under this subsection before January 1, 1996 is entitled
to receive the initial increase under this subsection on (1) January 1, 1996,
(2) the first anniversary of the date of retirement, or (3) attainment of age
55, whichever occurs last. The changes to this Section made by this
amendatory Act of 1995 apply beginning January 1, 1996 and apply
without regard to whether the fireman or annuitant terminated service
before the effective date of this amendatory Act of 1995.

Any fireman born before January 1, 1955 who qualifies for a
minimum annuity and retires after September 1, 1967 but has not received
the initial increase under this subsection before January 1, 2004 is entitled
to receive the initial increase under this subsection on (1) January 1, 2004,
(2) the first anniversary of the date of retirement, or (3) attainment of age

January 1, 2017 is entitled to receive an initial increase under this
subsection on (1) January 1, 2017, (2) the first anniversary of the date of

annuity upon the first of the month following the first anniversary of his
date of retirement if he is age 55 or over on that anniversary date or upon
the first of the month following his attainment of age 55 if that date occurs
after the first anniversary of his retirement date and such first fixed
annuity as granted at retirement shall be increased by an additional 3% in
January of each year thereafter. In the case of a fireman born after
December 31, 1954 but before January 1, 1966 who received an increase
in any year of 1.5%, that fireman shall receive an increase for any such
year so that the total increase is equal to 3% for each year the fireman

would have been otherwise eligible had the fireman not received any increase for each complete year following the date of retirement or attainment of age 55, whichever occurs later. The changes to this subsection made by this amendatory Act of the 99th General Assembly apply without regard to whether the fireman or annuitant terminated service before the effective date of this amendatory Act. The changes to this subsection made by this amendatory Act of the 100th General Assembly are a declaration of existing law and shall not be construed as a new enactment.

(b) Subsection (a) of this Section is not applicable to an employee receiving a term annuity.

(c) To help defray the cost of such increases in annuity, there shall be deducted, beginning September 1, 1959, from each payment of salary to a fireman, 1/8 of 1% of each such salary payment and an additional 1/8 of 1% beginning on September 1, 1961, and September 1, 1963, respectively, concurrently with and in addition to the salary deductions otherwise made for annuity purposes.

Each such additional 1/8 of 1% deduction from salary which shall, on September 1, 1963, result in a total increase of 3/8 of 1% of salary, shall be credited to the Automatic Increase Reserve, to be used, together with city contributions as provided in this Article, to defray the cost of the annuity increments specified in this Section. Any balance in such reserve as of the beginning of each calendar year shall be credited with interest at the rate of 3% per annum.

The salary deductions provided in this Section are not subject to refund, except to the fireman himself in any case in which: (i) the fireman withdraws prior to qualification for minimum annuity or Tier 2 monthly retirement annuity and applies for refund, (ii) the fireman applies for an annuity of a type that is not subject to annual increases under this Section, or (iii) a term annuity becomes payable.
