AN ACT concerning safety.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Electronic Products Recycling and Reuse Act is amended by changing Section 50 as follows:
(415 ILCS 150/50)
(Section scheduled to be repealed on January 1, 2020)
Sec. 50. Recycler and refurbisher registration.
(a) Prior to January 1 of each program year, through program year 2018, each recycler and refurbisher must register with the Agency and submit a registration fee pursuant to subsection (b) for that program year. Registration must be on forms and in a format prescribed by the Agency and shall include, but not be limited to, the address of each location where
the recycler or refurbisher manages CEDs or EEDs and identification of each location at which the recycler or refurbisher accepts CEDs or EEDs from a residence.

(b) The registration fee for program year 2010 is $2,000. For program year 2011, if a recycler's or refurbisher's annual combined total weight of CEDs and EEDs is less than 1,000 tons per year, the registration fee shall be $500. For program year 2012 and for all subsequent program years, through program year 2018, both registration fees shall be increased each year by an inflation factor determined by the annual Implicit Price Deflator for Gross National Product as published by the U.S. Department of Commerce in its Survey of Current Business. The inflation factor must be calculated each year by dividing the latest published annual Implicit Price Deflator for Gross National Product by the annual Implicit Price Deflator for Gross National Product for the previous year. The inflation factor must be rounded to the nearest 1/100th, and the resulting registration fee must be rounded to the nearest whole dollar. No later than October 1 of each program year, through October 1, 2017, the Agency shall post on its website the registration fee for the next program year.

(c) Through program year 2018, no person may act as a recycler or a refurbisher of CEDs for a manufacturer obligated to meet goals under this Act unless the recycler or refurbisher is registered with the Agency and has paid the registration fee as required under this Section. Beginning in program year 2016, and through program year 2018, all recycling or refurbishing facilities used by collectors of CEDs and EEDs shall be accredited by the Responsible Recycling (R2) Practices or e-Stewards certification programs or any other equivalent certification programs recognized by the United States Environmental Protection Agency. Accreditation is not required for facilities that place cathode ray tube (CRT) glass in storage cells for future retrieval in accordance with subsection (d) of Section 15 of this Act. Manufacturers of CEDs and EEDs shall ensure that recycling or refurbishing facilities used as part of their recovery programs meet this requirement. Any organization that accredits facilities pursuant to this Section is prohibited from penalizing or taking other negative actions against any recycler, refurbisher, or collector of CEDs and EEDs based on the recycler's, refurbisher's, or collector's use of a facility that places CRT glass in storage cells for future retrieval in accordance with subsection (d) of Section 15 of this Act.

(c-5) Through program year 2018, a registered recycler or refurbisher of CEDs and EEDs for a manufacturer obligated to meet goals

New matter indicated by italics - deletions by strikeout
under this Act may not charge individual consumers or units of local
government acting as collectors a fee to recycle or refurbish CEDs and
EEDs, unless the recycler or refurbisher provides (i) a financial incentive,
such as a coupon, that is of greater or equal value to the fee being charged
or (ii) premium service, such as curbside collection, home pick-up, or
similar methods of collection. Local units of government serving as
collectors of CEDs and EEDs shall not charge a manufacturer for
collection costs and shall offer the manufacturer or its representative all
CEDs and EEDs collected by the local government at no cost. Nothing in
this Act requires a local unit of government to serve as a collector.

(c-10) Nothing in this Act prohibits any waste hauler from entering
into a contractual agreement with a unit of local government to establish a
collection program for the recycling or reuse of CEDs or EEDs, including
services such as curbside collection, home pick-up, drop-off locations, or
similar methods of collection.

(d) Through program year 2018, recyclers and refurbishers must, at
a minimum, comply with all of the following:

(1) Recyclers and refurbishers must comply with federal,
State, and local laws and regulations, including federal and State
minimum wage laws, specifically relevant to the handling,
processing, refurbishing and recycling of residential CEDs and
must have proper authorization by all appropriate governing
authorities to perform the handling, processing, refurbishment, and
recycling.

(2) Recyclers and refurbishers must implement the
appropriate measures to safeguard occupational and environmental
health and safety, through the following:

(A) environmental health and safety training of
personnel, including training with regard to material and
equipment handling, worker exposure, controlling releases,
and safety and emergency procedures;

(B) an up-to-date, written plan for the identification
and management of hazardous materials; and

(C) an up-to-date, written plan for reporting and
responding to exceptional pollutant releases, including
emergencies such as accidents, spills, fires, and explosions.

(3) Recyclers and refurbishers must maintain (i)
commercial general liability insurance or the equivalent corporate
guarantee for accidents and other emergencies with limits of not

New matter indicated by italics - deletions by strikeout
less than $1,000,000 per occurrence and $1,000,000 aggregate and (ii) pollution legal liability insurance with limits not less than $1,000,000 per occurrence for companies engaged solely in the dismantling activities and $5,000,000 per occurrence for companies engaged in recycling.

(4) Recyclers and refurbishers must maintain on file documentation that demonstrates the completion of an environmental health and safety audit completed and certified by a competent internal and external auditor annually. A competent auditor is an individual who, through professional training or work experience, is appropriately qualified to evaluate the environmental health and safety conditions, practices, and procedures of the facility. Documentation of auditors' qualifications must be available for inspection by Agency officials and third-party auditors.

(5) Recyclers and refurbishers must maintain on file proof of workers' compensation and employers' liability insurance.

(6) Recyclers and refurbishers must provide adequate assurance (such as bonds or corporate guarantee) to cover environmental and other costs of the closure of the recycler or refurbisher's facility, including cleanup of stockpiled equipment and materials.

(7) Recyclers and refurbishers must apply due diligence principles to the selection of facilities to which components and materials (such as plastics, metals, and circuit boards) from CEDs and EEDs are sent for reuse and recycling.

(8) Recyclers and refurbishers must establish a documented environmental management system that is appropriate in level of detail and documentation to the scale and function of the facility, including documented regular self-audits or inspections of the recycler or refurbisher's environmental compliance at the facility.

(9) Recyclers and refurbishers must use the appropriate equipment for the proper processing of incoming materials as well as controlling environmental releases to the environment. The dismantling operations and storage of CED and EED components that contain hazardous substances must be conducted indoors and over impervious floors. Storage areas must be adequate to hold all processed and unprocessed inventory. When heat is used to soften solder and when CED and EED components are shredded,

New matter indicated by italics - deletions by strikeout
operations must be designed to control indoor and outdoor hazardous air emissions.

(10) Recyclers and refurbishers must establish a system for identifying and properly managing components (such as circuit boards, batteries, CRTs, and mercury phosphor lamps) that are removed from CEDs and EEDs during disassembly. Recyclers and refurbishers must properly manage all hazardous and other components requiring special handling from CEDs and EEDs consistent with federal, State, and local laws and regulations. Recyclers and refurbishers must provide visible tracking (such as hazardous waste manifests or bills of lading) of hazardous components and materials from the facility to the destination facilities and documentation (such as contracts) stating how the destination facility processes the materials received. No recycler or refurbisher may send, either directly or through intermediaries, hazardous wastes to solid waste (non-hazardous waste) landfills or to non-hazardous waste incinerators for disposal or energy recovery. For the purpose of these guidelines, smelting of hazardous wastes to recover metals for reuse in conformance with all applicable laws and regulations is not considered disposal or energy recovery.

(11) Recyclers and refurbishers must use a regularly implemented and documented monitoring and record-keeping program that tracks inbound CED and EED material weights (total) and subsequent outbound weights (total to each destination), injury and illness rates, and compliance with applicable permit parameters including monitoring of effluents and emissions. Recyclers and refurbishers must maintain contracts or other documents, such as sales receipts, suitable to demonstrate: (i) the reasonable expectation that there is a downstream market or uses for designated electronics (which may include recycling or reclamation processes such as smelting to recover metals for reuse); and (ii) that any residuals from recycling or reclamation processes, or both, are properly handled and managed to maximize reuse and recycling of materials to the extent practical.

(12) Recyclers and refurbishers must comply with federal and international law and agreements regarding the export of used products or materials. In the case of exports of CEDs and EEDs, recyclers and refurbishers must comply with applicable

New matter indicated by italics - deletions by strikeout
requirements of the U.S. and of the import and transit countries and must maintain proper business records documenting its compliance. No recycler or refurbisher may establish or use intermediaries for the purpose of circumventing these U.S. import and transit country requirements.

(13) Recyclers and refurbishers that conduct transactions involving the transboundary shipment of used CEDs and EEDs shall use contracts (or the equivalent commercial arrangements) made in advance that detail the quantity and nature of the materials to be shipped. For the export of materials to a foreign country (directly or indirectly through downstream market contractors): (i) the shipment of intact televisions and computer monitors destined for reuse must include only whole products that are tested and certified as being in working order or requiring only minor repair (e.g. not requiring the replacement of circuit boards or CRTs), must be destined for reuse with respect to the original purpose, and the recipient must have verified a market for the sale or donation of such product for reuse; (ii) the shipments of CEDs and EEDs for material recovery must be prepared in a manner for recycling, including, without limitation, smelting where metals will be recovered, plastics recovery and glass-to-glass recycling; or (iii) the shipment of CEDs and EEDs are being exported to companies or facilities that are owned or controlled by the original equipment manufacturer.

(14) Recyclers and refurbishers must maintain the following export records for each shipment on file for a minimum of 3 years: (i) the facility name and the address to which shipment is exported; (ii) the shipment contents and volumes; (iii) the intended use of contents by the destination facility; (iv) any specification required by the destination facility in relation to shipment contents; (v) an assurance that all shipments for export, as applicable to the CED manufacturer, are legal and satisfy all applicable laws of the destination country.

(15) Recyclers and refurbishers must employ industry-accepted procedures for the destruction or sanitization of data on hard drives and other data storage devices. Acceptable guidelines for the destruction or sanitization of data are contained in the National Institute of Standards and Technology's Guidelines for
Media Sanitation or those guidelines certified by the National Association for Information Destruction;

(16) No recycler or refurbisher may employ prison labor in any operation related to the collection, transportation, recycling, and refurbishment of CEDs and EEDs. No recycler or refurbisher may employ any third party that uses or subcontracts for the use of prison labor.

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Mental Health and Developmental Disabilities Code is amended by adding Article 5A to Chapter III as follows:

(405 ILCS 5/Ch. III, Art. V-A heading new)
ARTICLE V-A. RIGHT OF MINORS TO CONSENT TO COUNSELING SERVICES OR PSYCHOTHERAPY ON AN OUTPATIENT BASIS
(405 ILCS 5/3-5A-105 new)
Sec. 3-5A-105. Minors 12 years of age or older request to receive counseling services or psychotherapy on an outpatient basis.
(a) Any minor 12 years of age or older may request and receive counseling services or psychotherapy on an outpatient basis. The consent of the minor’s parent, guardian, or person in loco parentis shall not be necessary to authorize outpatient counseling services or psychotherapy. However, until the consent of the minor’s parent, guardian, or person in loco parentis has been obtained, outpatient counseling services or psychotherapy provided to a minor under the age of 17 shall be initially limited to not more than 8 90-minute sessions. The service provider shall consider the factors contained in subsection (a-1) of this Section throughout the therapeutic process to determine, through consultation with the minor, whether attempting to obtain the consent of a parent,

New matter indicated by italics - deletions by strikeout
guardian, or person in loco parentis would be detrimental to the minor's well-being. No later than the eighth session, the service provider shall determine and share with the minor the service provider's decision as described below:

(1) If the service provider finds that attempting to obtain consent would not be detrimental to the minor's well-being, the provider shall notify the minor that the consent of a parent, guardian, or person in loco parentis is required to continue counseling services or psychotherapy.

(2) If the minor does not permit the service provider to notify the parent, guardian, or person in loco parentis for the purpose of consent after the eighth session the service provider shall discontinue counseling services or psychotherapy and shall not notify the parent, guardian, or person in loco parentis about the counseling services or psychotherapy.

(3) If the minor permits the service provider to notify the parent, guardian, or person in loco parentis for the purpose of consent, without discontinuing counseling services or psychotherapy, the service provider shall make reasonable attempts to obtain consent. The service provider shall document each attempt to obtain consent in the minor's clinical record. The service provider may continue to provide counseling services or psychotherapy without the consent of the minor's parent, guardian, or person in loco parentis if:

(A) the service provider has made at least 2 unsuccessful attempts to contact the minor's parent, guardian, or person in loco parentis to obtain consent; and

(B) the service provider has obtained the minor's written consent.

(4) If, after the eighth session, the service provider of counseling services or psychotherapy determines that obtaining consent would be detrimental to the minor's well-being, the service provider shall consult with his or her supervisor when possible to review and authorize the determination under subsection (a) of this Section. The service provider shall document the basis for the determination in the minor's clinical record and may then accept the minor's written consent to continue to provide counseling services or psychotherapy without also obtaining the consent of a parent, guardian, or person in loco parentis.

New matter indicated by italics - deletions by strikeout
(5) If the minor continues to receive counseling services or psychotherapy without the consent of a parent, guardian, or person in loco parentis beyond 8 sessions, the service provider shall evaluate, in consultation with his or her supervisor when possible, his or her determination under this subsection (a), and review the determination every 60 days until counseling services or psychotherapy ends or the minor reaches age 17. If it is determined appropriate to notify the parent, guardian, or person in loco parentis and the minor consents, the service provider shall proceed under paragraph (3) of subsection (a) of this Section.

(6) When counseling services or psychotherapy are related to allegations of neglect, sexual abuse, or mental or physical abuse by the minor's parent, guardian, or person in loco parentis, obtaining consent of that parent, guardian, or person in loco parentis shall be presumed to be detrimental to the minor's well-being.

(a-1) Each of the following factors must be present in order for the service provider to find that obtaining the consent of a parent, guardian, or person in loco parentis would be detrimental to the minor's well-being:

(1) requiring the consent or notification of a parent, guardian, or person in loco parentis would cause the minor to reject the counseling services or psychotherapy;
(2) the failure to provide the counseling services or psychotherapy would be detrimental to the minor's well-being;
(3) the minor has knowingly and voluntarily sought the counseling services or psychotherapy; and
(4) in the opinion of the service provider, the minor is mature enough to participate in counseling services or psychotherapy productively.

(a-2) The minor's parent, guardian, or person in loco parentis shall not be informed of the counseling services or psychotherapy without the written consent of the minor unless the service provider believes the disclosure is necessary under subsection (a) of this Section. If the facility director or service provider intends to disclose the fact of counseling services or psychotherapy, the minor shall be so informed and if the minor chooses to discontinue counseling services or psychotherapy after being informed of the decision of the facility director or service provider to disclose the fact of counseling services or psychotherapy to the parent, guardian, or person in loco parentis, then the parent, guardian, or person

in loco parentis shall not be notified. Under the Mental Health and Developmental Disabilities Confidentiality Act, the facility director, his or her designee, or the service provider shall not allow the minor's parent, guardian, or person in loco parentis, upon request, to inspect or copy the minor's record or any part of the record if the service provider finds that there are compelling reasons for denying the access. Nothing in this Section shall be interpreted to limit a minor's privacy and confidentiality protections under State law.

(b) The minor's parent, guardian, or person in loco parentis shall not be liable for the costs of outpatient counseling services or psychotherapy which is received by the minor without the consent of the minor's parent, guardian, or person in loco parentis.

(c) Counseling services or psychotherapy provided under this Section shall be provided in compliance with the Professional Counselor and Clinical Professional Counselor Licensing and Practice Act, the Clinical Social Work and Social Work Practice Act, or the Clinical Psychologist Licensing Act.

(110 ILCS 947/35)

Sec. 35. Monetary award program.

(a) The Commission shall, each year, receive and consider applications for grant assistance under this Section. Subject to a separate appropriation for such purposes, an applicant is eligible for a grant under this Section when the Commission finds that the applicant:

(1) is a resident of this State and a citizen or permanent resident of the United States; and

(2) in the absence of grant assistance, will be deterred by financial considerations from completing an educational program at the qualified institution of his or her choice.

(b) The Commission shall award renewals only upon the student's application and upon the Commission's finding that the applicant:

(1) has remained a student in good standing;

(2) remains a resident of this State; and
(3) is in a financial situation that continues to warrant assistance.

(c) All grants shall be applicable only to tuition and necessary fee costs. The Commission shall determine the grant amount for each student, which shall not exceed the smallest of the following amounts:

(1) subject to appropriation, $5,468 for fiscal year 2009, $5,968 for fiscal year 2010, and $6,468 for fiscal year 2011 and each fiscal year thereafter, or such lesser amount as the Commission finds to be available, during an academic year;
(2) the amount which equals 2 semesters or 3 quarters tuition and other necessary fees required generally by the institution of all full-time undergraduate students; or
(3) such amount as the Commission finds to be appropriate in view of the applicant's financial resources.

Subject to appropriation, the maximum grant amount for students not subject to subdivision (1) of this subsection (c) must be increased by the same percentage as any increase made by law to the maximum grant amount under subdivision (1) of this subsection (c).

"Tuition and other necessary fees" as used in this Section include the customary charge for instruction and use of facilities in general, and the additional fixed fees charged for specified purposes, which are required generally of nongrant recipients for each academic period for which the grant applicant actually enrolls, but do not include fees payable only once or breakage fees and other contingent deposits which are refundable in whole or in part. The Commission may prescribe, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(d) No applicant, including those presently receiving scholarship assistance under this Act, is eligible for monetary award program consideration under this Act after receiving a baccalaureate degree or the equivalent of 135 semester credit hours of award payments.

(e) The Commission, in determining the number of grants to be offered, shall take into consideration past experience with the rate of grant funds unclaimed by recipients. The Commission shall notify applicants that grant assistance is contingent upon the availability of appropriated funds.

college both for students who pursue postsecondary education immediately following high school and for those who pursue postsecondary education later in life, particularly Illinoisans who are dislocated workers with financial need and who are seeking to improve their economic position through education. For the 2015-2016 and 2016-2017 academic years, the Commission shall give additional and specific consideration to the needs of dislocated workers with the intent of allowing applicants who are dislocated workers an opportunity to secure financial assistance even if applying later than the general pool of applicants. The Commission's consideration shall include, in determining the number of grants to be offered, an estimate of the resources needed to serve dislocated workers who apply after the Commission initially suspends award announcements for the upcoming regular academic year, but prior to the beginning of that academic year. For the purposes of this subsection (e-5), a dislocated worker is defined as in the federal Workforce Investment Act of 1998.

(f) (Blank). The Commission may request appropriations for deposit into the Monetary Award Program Reserve Fund. Monies deposited into the Monetary Award Program Reserve Fund may be expended exclusively for one purpose: to make Monetary Award Program grants to eligible students. Amounts on deposit in the Monetary Award Program Reserve Fund may not exceed 2% of the current annual State appropriation for the Monetary Award Program.

The purpose of the Monetary Award Program Reserve Fund is to enable the Commission each year to assure as many students as possible of their eligibility for a Monetary Award Program grant and to do so before commencement of the academic year. Moneys deposited in this Reserve Fund are intended to enhance the Commission's management of the Monetary Award Program, minimizing the necessity, magnitude, and frequency of adjusting award amounts and ensuring that the annual Monetary Award Program appropriation can be fully utilized.

(g) The Commission shall determine the eligibility of and make grants to applicants enrolled at qualified for-profit institutions in accordance with the criteria set forth in this Section. The eligibility of applicants enrolled at such for-profit institutions shall be limited as follows:

(1) Beginning with the academic year 1997, only to eligible first-time freshmen and first-time transfer students who have attained an associate degree.

In addition to the remedies otherwise provided under this Act, the State's Attorney of the county in which the violation occurred, or the Attorney General, may, at the request of the Agency or on his or her own motion, institute a civil
action for an immediate injunction, prohibitory or mandatory, to restrain any violation of this subsection (d-6) or to require any other action as may be necessary to abate or mitigate any immediate danger or threat to public health or the environment at the site. Injunctions to restrain a violation of this subsection (d-6) may include, but are not limited to, the required removal of all tires for which financial assurance is not maintained and a prohibition against the acceptance of tires in excess of the amount for which financial assurance is maintained.

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 15-155 and 16-158 as follows:

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)

Sec. 15-155. Employer contributions.
(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For each of State fiscal years 2018, 2019, and 2020, the State shall make an additional contribution to the System equal to 2% of the total payroll.
payroll of each employee who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applies in State fiscal year 2018 or thereafter shall be implemented in equal annual amounts over a 5-year period beginning in the State fiscal year in which the actuarial change first applies to the required State contribution.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applied to the State contribution in fiscal year 2014, 2015, 2016, or 2017 shall be implemented:

(i) as already applied in State fiscal years before 2018; and
(ii) in the portion of the 5-year period beginning in the State fiscal year in which the actuarial change first applied that occurs in State fiscal year 2018 or thereafter, by calculating the change in equal annual amounts over that 5-year period and then implementing it at the resulting annual rate in each of the remaining fiscal years in that 5-year period.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the

New matter indicated by italics - deletions by strikeout
General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010,
however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(a-2) Beginning in fiscal year 2018, each employer under this Article shall pay to the System a required contribution determined as a percentage of projected payroll and sufficient to produce an annual amount equal to:

(i) for each of fiscal years 2018, 2019, and 2020, the defined benefit normal cost of the defined benefit plan, less the employee contribution, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161; for fiscal year 2021 and each fiscal year thereafter, the defined benefit normal cost of the defined benefit plan, less the employee contribution, plus 2%, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161; plus

(ii) the amount required for that fiscal year to amortize any unfunded actuarial accrued liability associated with the present value of liabilities attributable to the employer's account under Section 15-155.2, determined as a level percentage of payroll over a 30-year rolling amortization period.

In determining contributions required under item (i) of this subsection, the System shall determine an aggregate rate for all employers, expressed as a percentage of projected payroll.

In determining the contributions required under item (ii) of this subsection, the amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation.

The contributions required under this subsection (a-2) shall be paid by an employer concurrently with that employer's payroll payment period. The State, as the actual employer of an employee, shall make the required contributions under this subsection.

As used in this subsection, "academic year" means the 12-month period beginning September 1.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System.
and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (g) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill.
the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

When assessing payment for any amount due under this subsection (g), the System shall include earnings, to the extent not established by a participant under Section 15-113.11 or 15-113.12, that would have been paid to the participant had the participant not taken (i) periods of voluntary or involuntary furlough occurring on or after July 1, 2015 and on or before June 30, 2017 or (ii) periods of voluntary pay reduction in lieu of furlough occurring on or after July 1, 2015 and on or before June 30, 2017. Determining earnings that would have been paid to a participant had the participant not taken periods of voluntary or involuntary furlough or periods of voluntary pay reduction shall be the responsibility of the employer, and shall be reported in a manner prescribed by the System.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j-5) For State fiscal academic years beginning on or after July 1, 2017, if the amount of a participant's earnings for any State fiscal school year, determined on a full-time equivalent basis, exceeds the amount of the salary set by law for the Governor that is in effect on July 1 of that fiscal year, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with

guidelines established by the System, an amount determined by the System to be equal to the employer normal cost, as established by the System and expressed as a total percentage of payroll, multiplied by the amount of earnings in excess of the amount of the salary set by law for the Governor. This amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculation used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection may be paid in the form of a lump sum within 90 days after issuance of the bill. If the employer contributions are not paid within 90 days after issuance of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after issuance of the bill. All payments must be received within 3 years after issuance of the bill. If the employer fails to make complete payment, including applicable interest, within 3 years, then the System may, after giving notice to the employer, certify the delinquent amount to the State Comptroller, and the Comptroller shall thereupon deduct the certified delinquent amount from State funds payable to the employer and pay them instead to the System.

This subsection (j-5) does not apply to a participant's earnings to the extent an employer pays the employer normal cost of such earnings.

The changes made to this subsection (j-5) by this amendatory Act of the 100th General Assembly are intended to apply retroactively to July 6, 2017 (the effective date of Public Act 100-23).

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual

basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by Public Act 94-4 this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year, beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-10) By November 1, 2017, the Board shall recalculate and recertify to the State Actuary, the Governor, and the General Assembly the amount of the State contribution to the System for State fiscal year 2018,
taking into account the changes in required State contributions made by Public Act 100-23 this amendatory Act of the 100th General Assembly. The State Actuary shall review the assumptions and valuations underlying the Board's revised certification and issue a preliminary report concerning the proposed recertification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. The Board's final certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From March 5, 2004 (the effective date of Public Act 93-665) through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.
(b-3) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For each of State fiscal years 2018, 2019, and 2020, the State shall make an additional contribution to the System equal to 2% of the total payroll of each employee who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applies in State fiscal year 2018 or thereafter shall be implemented in equal annual amounts over a 5-year period beginning in the State fiscal year in which the actuarial change first applies to the required State contribution.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applied to the State contribution in fiscal year 2014, 2015, 2016, or 2017 shall be implemented:

(i) as already applied in State fiscal years before 2018; and
(ii) in the portion of the 5-year period beginning in the State fiscal year in which the actuarial change first applied that occurs in State fiscal year 2018 or thereafter, by calculating the change in equal annual amounts over that 5-year period and then implementing it at the resulting annual rate in each of the remaining fiscal years in that 5-year period.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain
the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b-4) Beginning in fiscal year 2018, each employer under this Article shall pay to the System a required contribution determined as a percentage of projected payroll and sufficient to produce an annual amount equal to:

(i) for each of fiscal years 2018, 2019, and 2020, the defined benefit normal cost of the defined benefit plan, less the

employee contribution, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (b) of Section 1-161; for fiscal year 2021 and each fiscal year thereafter, the defined benefit normal cost of the defined benefit plan, less the employee contribution, plus 2%, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (b) of Section 1-161; plus

(ii) the amount required for that fiscal year to amortize any unfunded actuarial accrued liability associated with the present value of liabilities attributable to the employer's account under Section 16-158.3, determined as a level percentage of payroll over a 30-year rolling amortization period.

In determining contributions required under item (i) of this subsection, the System shall determine an aggregate rate for all employers, expressed as a percentage of projected payroll.

In determining the contributions required under item (ii) of this subsection, the amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation.

The contributions required under this subsection (b-4) shall be paid by an employer concurrently with that employer's payroll payment period. The State, as the actual employer of an employee, shall make the required contributions under this subsection.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, which, beginning July 1, 2017, shall be at a rate, expressed as a percentage of salary, equal to the total employer's normal cost, expressed as a percentage of payroll, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and

the System. Any contribution for fiscal year 2015 collected as a result of the change made by Public Act 98-674 shall be considered a State contribution under subsection (b-3) of this Section.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from Public Act 90-582.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of this amendatory Act of 1998.

Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by Public Act 90-582 this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by Public Act 94-1111 this amendatory Act of the 94th General Assembly apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and

bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.
When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(i-5) For school years beginning on or after July 1, 2017, if the amount of a participant's salary for any school year, determined on a full-time equivalent basis, exceeds the amount of the salary set for the Governor, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, an amount determined by the System to be equal to the employer normal cost, as established by the System and expressed as a total percentage of payroll, multiplied by the amount of salary in excess of the amount of the salary set for the Governor. This amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

Payments must be concluded within 3 years after the employer's receipt of the bill.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Sections 26, 26.8, 26.9, and 27 as follows:

(230 ILCS 5/26) (from Ch. 8, par. 37-26)

Sec. 26. Wagering.

distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after August 15, 2014 (the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after August 15, 2014 (the effective date of Public Act 98-968), on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning August 15, 2015 (one year after the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate

simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, through December 31, 2018, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance

deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to June 7, 2013 (the effective date of Public Act 98-18) taken in reliance on the changes made to this subsection (g) by Public Act 98-18 are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all

organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an inter-track wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an inter-track wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an inter-track wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any inter-track wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the
privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each inter-track wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall

be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license as follows:

(A) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, when the interstate simulcast is a standardbred race, the purse share to its standardbred purse account;

(B) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, and the interstate simulcast is a thoroughbred race, the purse share to its interstate simulcast purse pool to be distributed under paragraph (10) of this subsection (g);

(C) Between January 1 and the third Friday in February, inclusive, if live thoroughbred racing is occurring in Illinois, between 6:30 a.m. and 6:30 p.m. the purse share from wagers made during this time period to its thoroughbred purse account and between 6:30 p.m. and 6:30 a.m. the purse share from wagers made during this time period to its standardbred purse accounts;

(D) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 a.m. and 6:30 p.m., the purse share to its thoroughbred purse account;

(E) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 p.m. and 6:30 a.m., the purse share to its standardbred purse account.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on
or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. The moneys deposited pursuant to this subparagraph (B) shall be allocated as provided by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board.

(7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. The moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund.

(7.3) If no live standardbred racing is conducted at a racetrack located in Madison County in calendar year 2000 or 2001, an organization licensee who is licensed to conduct horse racing at that racetrack shall, before January 1, 2002, pay all moneys derived from simulcast wagering and inter-track wagering in calendar years 2000 and 2001 and paid into the licensee's standardbred purse account as follows:

(A) Eighty percent to that licensee's thoroughbred purse account to be used for thoroughbred purses; and
(B) Twenty percent to the Illinois Colt Stakes Purse Distribution Fund.

Failure to make the payment to the Illinois Colt Stakes Purse Distribution Fund before January 1, 2002 shall result in the immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license.

Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with any other moneys paid into that Fund.

(7.4) If live standardbred racing is conducted at a racetrack located in Madison County at any time in calendar year 2001 before the payment required under paragraph (7.3) has been made, the organization licensee who is licensed to conduct racing at that

racetrack shall pay all moneys derived by that racetrack from simulcast wagering and inter-track wagering during calendar years 2000 and 2001 that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses.

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

1. Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the
immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may receive inter-track wagering location licenses. An eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 9 inter-track wagering locations, an eligible race track located in Stickney Township in Cook County may establish up to 16 inter-track wagering locations, and an eligible race track located in Palatine Township in Cook County may establish up to 18 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a
license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year,

unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution, prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and

simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to inter-track wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be
paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an inter-track wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the Illinois organization licensee that provides the race or races, and an inter-track wagering licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on inter-track wagering at such location on races as purses, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and inter-track wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year

The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in

(D) Except as provided in paragraph (11) of this subsection (h), with respect to purse allocation from inter-track wagering, the monies so retained shall be divided as follows:

(12) The Board shall have all powers necessary and proper to fully supervise and control the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees, including, but not limited to the following:

Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(B) The Board, and any person or persons to whom it delegates this power, is vested with the power to enter the facilities of any licensee to determine whether there has been compliance with the provisions of this Act and the rules and regulations relating to the conduct of such wagering.

(C) The Board, and any person or persons to whom it delegates this power, may eject or exclude from any licensee's facilities, any person whose conduct or reputation is such that his presence on such premises may, in the opinion of the Board, call into the question the honesty and integrity of, or interfere with the orderly conduct of such wagering; provided, however, that no person shall be excluded or ejected from such premises solely on the

(13) The Department of Agriculture may enter into agreements with licensees authorizing such licensees to conduct inter-track wagering on races to be held at the licensed race meetings conducted by the Department of Agriculture. Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board shall give due consideration to the best interests of the public and of horse racing. The provisions of paragraphs (1), (8), (8.1), and

(230 ILCS 5/27) (from Ch. 8, par. 37-27)

Sec. 27. (a) In addition to the organization license fee provided by this Act, until January 1, 2000, a graduated privilege tax is hereby imposed for conducting the pari-mutuel system of wagering permitted under this Act. Until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, all of the breakage of each racing day held by any licensee in the State shall be paid to the State. Until January 1, 2000, such daily graduated privilege tax shall be paid by the licensee from the amount permitted to be retained under this Act. Until January 1, 2000, each day's graduated privilege tax, breakage, and Horse Racing Tax Allocation funds shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes. The privilege tax hereby imposed, until January 1, 2000, shall be a flat tax at the rate of 2% of the daily pari-mutuel handle except as provided in Section 27.1.

In addition, every organization licensee, except as provided in Section 27.1 of this Act, which conducts multiple wagering shall pay, until January 1, 2000, as a privilege tax on multiple wagers an amount equal to 1.25% of all moneys wagered each day on such multiple wagers, plus an additional amount equal to 3.5% of the amount wagered each day on any other multiple wager which involves a single betting interest on 3 or more horses. The licensee shall remit the amount of such taxes to the Department of Revenue within 48 hours after the close of the racing day on which it is assessed or within such other time as the Board prescribes.

This subsection (a) shall be inoperative and of no force and effect on and after January 1, 2000.

(a-5) Beginning on January 1, 2000, a flat pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at all pari-mutuel wagering facilities and on advance deposit wagering from a location other than a wagering facility, except as otherwise provided for in this subsection (a-5). In addition to the pari-mutuel tax imposed on advance deposit wagering pursuant to this subsection (a-5), beginning on August 24, 2012 (the effective date of Public Act 97-1060) and through December 31, 2020, an additional pari-mutuel tax at the rate of 0.25% shall be imposed on advance deposit wagering. Until August 25, 2012, the

additional 0.25% pari-mutuel tax imposed on advance deposit wagering by Public Act 96-972 shall be deposited into the Quarter Horse Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board for grants to thoroughbred organization licensees for payment of purses for quarter horse races conducted by the organization licensee. Beginning on August 26, 2012, the additional 0.25% pari-mutuel tax imposed on advance deposit wagering shall be deposited into the Standardbred Purse Fund, which shall be created as a non-appropriated trust fund administered by the Board, for grants to the standardbred organization licensees for payment of purses for standardbred horse races conducted by the organization licensee. Thoroughbred organization licensees may petition the Board to conduct quarter horse racing and receive purse grants from the Quarter Horse Purse Fund. The Board shall have complete discretion in distributing the Quarter Horse Purse Fund to the petitioning organization licensees. Beginning on July 26, 2010 (the effective date of Public Act 96-1287), a pari-mutuel tax at the rate of 0.75% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. The pari-mutuel tax imposed by this subsection (a-5) shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes.

(b) On or before December 31, 1999, in the event that any organization licensee conducts 2 separate programs of races on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the privilege tax on such daily handle as provided in subsection (a) of this Section.

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. The Board shall require verified reports and a statement of the total of all monies wagered daily at each wagering facility upon which the taxes are assessed and may prescribe forms upon which such reports and statement shall be made.

(d) Any licensee failing or refusing to pay the amount of any tax due under this Section shall be guilty of a business offense and upon conviction shall be fined not more than $5,000 in addition to the amount found due as tax under this Section. Each day's violation shall constitute a separate offense. All fines paid into Court by a licensee hereunder shall be transmitted and paid over by the Clerk of the Court to the Board.

(e) No other license fee, privilege tax, excise tax, or racing fee, except as provided in this Act, shall be assessed or collected from any such licensee by the State.

(f) No other license fee, privilege tax, excise tax or racing fee shall be assessed or collected from any such licensee by units of local government except as provided in paragraph 10.1 of subsection (h) and subsection (f) of Section 26 of this Act. However, any municipality that has a Board licensed horse race meeting at a race track wholly within its corporate boundaries or a township that has a Board licensed horse race meeting at a race track wholly within the unincorporated area of the township may charge a local amusement tax not to exceed 10¢ per admission to such horse race meeting by the enactment of an ordinance. However, any municipality or county that has a Board licensed inter-track wagering location facility wholly within its corporate boundaries may each impose an admission fee not to exceed $1.00 per admission to such inter-track wagering location facility, so that a total of not more than $2.00 per admission may be imposed. Except as provided in subparagraph (g) of Section 27 of this Act, the inter-track wagering location licensee shall collect any and all such fees and within 48 hours remit the fees to the Board, which shall, pursuant to rule, cause the fees to be distributed to the county or municipality.

(g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first $11 million of that excess amount shall be allocated at the earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount of taxes and fees exceeds $11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

New matter indicated by italics - deletions by strikeout
(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first $1,500,000 of the amount allocated to standardbred purses under item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the succeeding allocation year.

To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds $11 million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

The following dispositions of a qualified historic structure shall not be deemed to be a recapture event for purposes of this Section:

(1) a transfer by reason of death;
(2) a transfer between spouses incident to divorce;
(3) a sale by and leaseback to an entity that, when the rehabilitated portions of the qualified historic structure are placed in service, will be a lessee of the qualified historic structure, but only for so long as the entity continues to be a lessee; and
(4) a mere change in the form of conducting the trade or business by the owner (or, if applicable, the lessee) of the qualified historic structure, so long as the property interest in such qualified historic structure is retained in such trade or business and the owner or lessee retains a substantial interest in such trade or business.

The adjusted basis of the building and its structural components shall be determined as of the beginning of the first day of such 24-month period or as of the beginning of the first day of the holding period of the building, whichever is later. For purposes of determining the adjusted basis, the determination of the beginning of the holding period shall be made without regard to any reconstruction by the taxpayer in connection with the rehabilitation. In the case of any phased rehabilitation, with phases set forth in architectural plans and specifications completed before the rehabilitation begins, this definition shall be applied by substituting "60-month period" for "24-month period" wherever that term occurs in the definition.

Section 10. Allowable credit.

(a) To the extent authorized by this Act, for taxable years beginning on or after January 1, 2019 and ending on or before December 31, 2023, there shall be allowed a tax credit against the tax imposed by subsections (a) and (b) of Section 201 of the Illinois Income Tax Act in an
aggregate amount equal to 25% of qualified expenditures incurred by a qualified taxpayer undertaking a qualified rehabilitation plan of a qualified historic structure, provided that the total amount of such expenditures must (i) equal $5,000 or more or (ii) exceed the adjusted basis of the qualified historic structure on the first day the qualified rehabilitation plan commenced. If the qualified rehabilitation plan spans multiple years, the aggregate credit for the entire project shall be allowed in the last taxable year.

(b) To obtain a tax credit pursuant to this Section, the taxpayer must apply with the Division. The Division shall determine the amount of eligible rehabilitation expenditures within 45 days after receipt of a complete application. The taxpayer must provide to the Division a third-party cost certification conducted by a certified public accountant verifying (i) the qualified and non-qualified rehabilitation expenses and (ii) that the qualified expenditures exceed the adjusted basis of the qualified historic structure on the first day the qualified rehabilitation plan commenced. The accountant shall provide appropriate review and testing of invoices. The Division is authorized, but not required, to accept this third-party cost certification to determine the amount of qualified expenditures. The Division and the National Park Service shall determine whether the rehabilitation is consistent with the Standards of the Secretary of the United States Department of the Interior.

(c) If the amount of any tax credit awarded under this Act exceeds the qualified taxpayer's income tax liability for the year in which the qualified rehabilitation plan was placed in service, the excess amount may be carried forward for deduction from the taxpayer's income tax liability in the next succeeding year or years until the total amount of the credit has been used, except that a credit may not be carried forward for deduction after the tenth taxable year after the taxable year in which the qualified rehabilitation plan was placed in service. Upon completion and review of the project, the Division shall issue a single certificate in the amount of the eligible credits equal to 25% of the qualified expenditures incurred during the eligible taxable years. At the time the certificate is issued, an issuance fee up to the maximum amount of 2% of the amount of the credits issued by the certificate may be collected from the applicant to administer the Act. If collected, this issuance fee shall be directed to the Division Historic Property Administrative Fund or other such fund as appropriate for use of the Division in the administration of the Historic Preservation Tax Credit Program. The taxpayer must attach the certificate or legal documentation
of her or his proportional share of the certificate to the tax return on which the credits are to be claimed. The tax credit under this Section may not reduce the taxpayer's liability to less than zero. If the amount of the credit exceeds the tax liability for the year, the excess credit may be carried forward and applied to the tax liability of the 10 taxable years following the excess credit year.

(d) If the taxpayer is (i) a corporation having an election in effect under Subchapter S of the federal Internal Revenue Code, (ii) a partnership, or (iii) a limited liability company, the credit provided under this Act may be claimed by the shareholders of the corporation, the partners of the partnership, or the members of the limited liability company in the same manner as those shareholders, partners, or members account for their proportionate shares of the income or losses of the corporation, partnership, or limited liability company, or as provided in the bylaws or other executed agreement of the corporation, partnership, or limited liability company. Credits granted to a partnership, a limited liability company taxed as a partnership, or other multiple owners of property shall be passed through to the partners, members, or owners respectively on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting any alternate distribution method.

(e) If a recapture event occurs during the recapture period with respect to a qualified historic structure, then for any taxable year in which the credits are allowed as specified in this Act, the tax under the applicable Section of this Act shall be increased by applying the recapture percentage set forth below to the tax decrease resulting from the application of credits allowed under this Act to the taxable year in question.

For the purposes of this subsection, the recapture percentage shall be determined as follows:

1. if the recapture event occurs within the first year after commencement of the recapture period, then the recapture percentage is 100%;
2. if the recapture event occurs within the second year after commencement of the recapture period, then the recapture percentage is 80%;
3. if the recapture event occurs within the third year after commencement of the recapture period, then the recapture percentage is 60%;

New matter indicated by italics - deletions by strikeout
(4) if the recapture event occurs within the fourth year after commencement of the recapture period, then the recapture percentage is 40%; and
(5) if the recapture event occurs within the fifth year after commencement of the recapture period, then the recapture percentage is 20%.

In the case of any recapture event, the carryforwards under this Act shall be adjusted by reason of such event.

(d) The Division may adopt rules to implement this Section in addition to the rules expressly authorized herein.

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Gasoline Storage Act is amended by changing Section 2 as follows:

(430 ILCS 15/2) (from Ch. 127 1/2, par. 154)
Sec. 2. Jurisdiction; regulation of tanks.

(1)(a) Except as otherwise provided in this Act, the jurisdiction of the Office of the State Fire Marshal under this Act shall be concurrent with that of municipalities and other political subdivisions. The Office of the State Fire Marshal has power to promulgate, pursuant to the Illinois Administrative Procedure Act, reasonable rules and regulations governing the keeping, storage, transportation, sale or use of gasoline and volatile oils. Nothing in this Act shall relieve any person, corporation, or other entity from complying with any zoning ordinance of a municipality or home rule unit enacted pursuant to Section 11-13-1 of the Illinois Municipal Code or any ordinance enacted pursuant to Section 11-8-4 of the Illinois Municipal Code.

(b) The rulemaking power shall include the power to promulgate rules providing for the issuance and revocation of permits allowing the self service dispensing of motor fuels as such term is defined in the Motor Fuel Tax Law in retail service stations or any other place of business where motor fuels are dispensed into the fuel tanks of motor vehicles, internal combustion engines or portable containers. Such rules shall specify the requirements that must be met both prior and subsequent to the issuance of such permits in order to insure the safety and welfare of the general public. The operation of such service stations without a permit shall be unlawful. The Office of the State Fire Marshal shall revoke such permit if the self service operation of such a service station is found to pose a significant risk to the safety and welfare of the general public.

(c) However, except in any county with a population of 1,000,000 or more, the Office of the State Fire Marshal shall not have the authority to prohibit the operation of a service station solely on the basis that it is an unattended self-service station which utilizes key or card operated self-service motor fuel dispensing devices. Nothing in this paragraph shall prohibit the Office of the State Fire Marshal from adopting reasonable
rules and regulations governing the safety of self-service motor fuel dispensing devices.

(d) The State Fire Marshal shall not prohibit the dispensing or delivery of flammable or combustible motor vehicle fuels directly into the fuel tanks of vehicles from tank trucks, tank wagons, or other portable tanks. The State Fire Marshal shall adopt rules (i) for the issuance of permits for the dispensing of motor vehicle fuels in the manner described in this paragraph (d), (ii) that establish fees for permits and inspections, and provide for those fees to be deposited into the Fire Prevention Fund, (iii) that require the dispensing of motor fuel in the manner described in this paragraph (d) to meet conditions consistent with nationally recognized standards such as those of the National Fire Protection Association, and (iv) that restrict the dispensing of motor vehicle fuels in the manner described in this paragraph (d) to the following:

(A) agriculture sites for agricultural purposes;

(B) construction sites for refueling construction equipment used at the construction site;

(C) sites used for the parking, operation, or maintenance of a commercial vehicle fleet, but only if the site is located in a county with 3,000,000 or more inhabitants or a county contiguous to a county with 3,000,000 or more inhabitants and the site is not normally accessible to the public;

(D) sites used for the refueling of police, fire, or emergency medical services vehicles or other vehicles that are owned, leased, or operated by (or operated under contract with) the State, a unit of local government, or a school district, or any agency of the State and that are not normally accessible to the public; and

(E) any of the following sites permitted under the Environmental Protection Act, provided that the only refueling at the sites is limited to off-road vehicles and equipment used at and for the operation of the sites:

(i) waste disposal sites;

(ii) sanitary landfills; and

(iii) municipal solid waste landfill units.

(2)(a) The Office of the State Fire Marshal shall adopt rules and regulations regarding underground storage tanks and associated piping and no municipality or other political subdivision shall adopt or enforce any ordinances or regulations regarding such underground tanks and piping other than those which are identical to the rules and regulations of the

Office of the State Fire Marshal. It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment and enforcement of standards regarding underground storage tanks and associated piping within the jurisdiction of the Office of the State Fire Marshal is an exclusive State function which may not be exercised concurrently by a home rule unit except as expressly permitted in this Act.

(b) The Office of the State Fire Marshal may enter into written contracts with municipalities of over 500,000 in population to enforce the rules and regulations adopted under this subsection.

(3)(a) The Office of the State Fire Marshal shall have authority over underground storage tanks which contain, have contained, or are designed to contain petroleum, hazardous substances and regulated substances as those terms are used in Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616), as amended by the Superfund Amendments and Reauthorization Act of 1986 (P.L. 99-499). The Office shall have the power with regard to underground storage tanks to require any person who tests, installs, repairs, replaces, relines, or removes any underground storage tank system containing, formerly containing, or which is designed to contain petroleum or other regulated substances, to obtain a permit to install, repair, replace, reline, or remove the particular tank system, and to pay a fee set by the Office for a permit to install, repair, replace, reline, upgrade, test, or remove any portion of an underground storage tank system. All persons who do repairs above grade level for themselves need not pay a fee or be certified. All fees received by the Office from certification and permits shall be deposited in the Fire Prevention Fund for the exclusive use of the Office in administering the Underground Storage Tank program.

(b)(i) Within 120 days after the promulgation of regulations or amendments thereto by the Administrator of the United States Environmental Protection Agency to implement Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, the Office of the State Fire Marshal shall adopt regulations or amendments thereto which are identical in substance. The rulemaking provisions of Section 5-35 of the Illinois Administrative Procedure Act shall not apply to regulations or amendments thereto adopted pursuant to this subparagraph (i).
(ii) The Office of the State Fire Marshal may adopt additional regulations relating to an underground storage tank program that are not inconsistent with and at least as stringent as Section 9003 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) of the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, or regulations adopted thereunder. Except as provided otherwise in subparagraph (i) of this paragraph (b), the Office of the State Fire Marshal shall not adopt regulations relating to corrective action at underground storage tanks. Regulations adopted pursuant to this subsection shall be adopted in accordance with the procedures for rulemaking in Section 5-35 of the Illinois Administrative Procedure Act.

(c) The Office of the State Fire Marshal shall require any person, corporation or other entity who tests an underground tank or its piping or cathodic protection for another to report the results of such test to the Office.

(d) In accordance with constitutional limitations, the Office shall have authority to enter at all reasonable times upon any private or public property for the purpose of:

(i) Inspecting and investigating to ascertain possible violations of this Act, of regulations thereunder or of permits or terms or conditions thereof; or

(ii) In accordance with the provisions of this Act, taking whatever emergency action, that is necessary or appropriate, to assure that the public health or safety is not threatened whenever there is a release or a substantial threat of a release of petroleum or a regulated substance from an underground storage tank.

(e) The Office of the State Fire Marshal may issue an Administrative Order to any person who it reasonably believes has violated the rules and regulations governing underground storage tanks, including the installation, repair, leak detection, cathodic protection tank testing, removal or release notification. Such an order shall be served by registered or certified mail or in person. Any person served with such an order may appeal such order by submitting in writing any such appeal to the Office within 10 days of the date of receipt of such order. The Office shall conduct an administrative hearing governed by the Illinois Administrative Procedure Act and enter an order to sustain, modify or revoke such order. Any appeal from such order shall be to the circuit court of the county in which the violation took place and shall be governed by the Administrative Review Law.

(f) The Office of the State Fire Marshal shall not require the removal of an underground tank system taken out of operation before January 2, 1974, except in the case in which the office of the State Fire Marshal has determined that a release from the underground tank system poses a current or potential threat to human health and the environment. In that case, and upon receipt of an Order from the Office of the State Fire Marshal, the owner or operator of the nonoperational underground tank system shall assess the excavation zone and close the system in accordance with regulations promulgated by the Office of the State Fire Marshal.

(4)(a) The Office of the State Fire Marshal shall adopt rules and regulations regarding aboveground storage tanks and associated piping and no municipality or other political subdivision shall adopt or enforce any ordinances or regulations regarding such aboveground tanks and piping other than those which are identical to the rules and regulations of the Office of the State Fire Marshal unless, in the interest of fire safety, the Office of the State Fire Marshal delegates such authority to municipalities, political subdivisions or home rule units. A facility used for: (i) agricultural purposes at an agricultural site; (ii) refueling construction equipment at a construction site; or (iii) parking, operating, or maintaining a commercial vehicle fleet, may store an aggregate total of 12,000 gallons of fuel for dispensing in aboveground storage tanks, as long as the facility complies with all other requirements of the rules of the Office of the State Fire Marshal. It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of standards regarding aboveground storage tanks and associated piping within the jurisdiction of the Office of the State Fire Marshal is an exclusive State function which may not be exercised concurrently by a home rule unit except as expressly permitted in this Act.

(b) The Office of the State Fire Marshal shall enforce its rules and regulations concerning aboveground storage tanks and associated piping; however, municipalities may enforce any of their zoning ordinances or zoning regulations regarding aboveground tanks. The Office of the State Fire Marshal may issue an administrative order to any owner of an aboveground storage tank and associated piping it reasonably believes to be in violation of such rules and regulations to remedy or remove any such violation. Such an order shall be served by registered or certified mail or in person. Any person served with such an order may appeal such order by submitting in writing any such appeal to the Office within 10 days of the

(3.5) Beginning with the 2018-2019 school year and until the 2023-2024 school year, an individual may teach preschool children in an early childhood program under this Section if he or she holds a Professional Educator License with an early childhood education endorsement or with short-term approval for early childhood education or he or she pursues a Professional Educator License and holds any of the following:

(4) (Blank).

(4.5) The State Board of Education shall provide the primary source of funding through appropriations for the program. Such funds shall be distributed to achieve a goal of "Preschool for All Children" for the benefit of all children whose families choose to participate in the program. Based on available appropriations, newly funded programs shall be selected through a process giving first priority to qualified programs serving primarily at-risk children and second priority to qualified programs serving primarily children with a family income of less than 4 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2). For purposes of this paragraph (4.5), at-risk children are those who because of their home and community environment are subject to such language, cultural, economic and like disadvantages to cause them to have been determined as at risk of academic failure. Such screening procedures shall be based on criteria established by the State Board of Education.

Except as otherwise provided in this paragraph (4.5), grantees under the program must enter into a memorandum of understanding with the appropriate local Head Start agency. This memorandum must be entered into no later than 3 months after the award of a grantee's grant under the program, except that, in the case of the 2009-2010 program year, the memorandum must be entered into no later than the deadline set by the State Board of Education for applications to participate in the program in fiscal year 2011, and must address collaboration between the grantee's program and the local Head Start agency on certain issues, which shall include without limitation the following:

(A) educational activities, curricular objectives, and instruction;
(B) public information dissemination and access to programs for families contacting programs;
(C) service areas;
(D) selection priorities for eligible children to be served by programs;
(E) maximizing the impact of federal and State funding to benefit young children;
(F) staff training, including opportunities for joint staff training;
(G) technical assistance;
(H) communication and parent outreach for smooth transitions to kindergarten;
(I) provision and use of facilities, transportation, and other program elements;
(J) facilitating each program's fulfillment of its statutory and regulatory requirements;
(K) improving local planning and collaboration; and
(L) providing comprehensive services for the neediest Illinois children and families.

If the appropriate local Head Start agency is unable or unwilling to enter into a memorandum of understanding as required under this paragraph (4.5), the memorandum of understanding requirement shall not apply and the grantee under the program must notify the State Board of Education in writing of the Head Start agency's inability or unwillingness. The State Board of Education shall

compile all such written notices and make them available to the public.

(5) The State Board of Education shall develop and provide evaluation tools, including tests, that school districts and other eligible entities may use to evaluate children for school readiness prior to age 5. The State Board of Education shall require school districts and other eligible entities to obtain consent from the parents or guardians of children before any evaluations are conducted. The State Board of Education shall encourage local school districts and other eligible entities to evaluate the population of preschool children in their communities and provide preschool programs, pursuant to this subsection, where appropriate.

(6) The State Board of Education shall report to the General Assembly by November 1, 2018 and every 2 years thereafter on the results and progress of students who were enrolled in preschool educational programs, including an assessment of which programs have been most successful in promoting academic excellence and alleviating academic failure. The State Board of Education shall assess the academic progress of all students who have been enrolled in preschool educational programs.

On or before November 1 of each fiscal year in which the General Assembly provides funding for new programs under paragraph (4.5) of this Section, the State Board of Education shall report to the General Assembly on what percentage of new funding was provided to programs serving primarily at-risk children, what percentage of new funding was provided to programs serving primarily children with a family income of less than 4 times the federal poverty level, and what percentage of new funding was provided to other programs.

(7) Due to evidence that expulsion practices in the preschool years are linked to poor child outcomes and are employed inconsistently across racial and gender groups, early childhood programs receiving State funds under this subsection (a) shall prohibit expulsions. Planned transitions to settings that are able to better meet a child's needs are not considered expulsion under this paragraph (7).

(A) When persistent and serious challenging behaviors emerge, the early childhood program shall document steps taken to ensure that the child can

New matter indicated by italics - deletions by strikeout
participate safely in the program; including observations of initial and ongoing challenging behaviors, strategies for remediation and intervention plans to address the behaviors, and communication with the parent or legal guardian, including participation of the parent or legal guardian in planning and decision-making.

(B) The early childhood program shall, with parental or legal guardian consent as required, utilize a range of community resources, if available and deemed necessary, including, but not limited to, developmental screenings, referrals to programs and services administered by a local educational agency or early intervention agency under Parts B and C of the federal Individual with Disabilities Education Act, and consultation with infant and early childhood mental health consultants and the child's health care provider. The program shall document attempts to engage these resources, including parent or legal guardian participation and consent attempted and obtained. Communication with the parent or legal guardian shall take place in a culturally and linguistically competent manner.

(C) If there is documented evidence that all available interventions and supports recommended by a qualified professional have been exhausted and the program determines in its professional judgment that transitioning a child to another program is necessary for the well-being of the child or his or her peers and staff, with parent or legal guardian permission, both the current and pending programs shall create a transition plan designed to ensure continuity of services and the comprehensive development of the child. Communication with families shall occur in a culturally and linguistically competent manner.

(D) Nothing in this paragraph (7) shall preclude a parent's or legal guardian's right to voluntarily withdraw his or her child from an early childhood program. Early childhood programs shall request and keep on file, when received, a written statement from the parent or legal guardian stating the reason for his or her decision to withdraw his or her child.
(E) In the case of the determination of a serious safety threat to a child or others or in the case of behaviors listed in subsection (d) of Section 10-22.6 of this Code, the temporary removal of a child from attendance in group settings may be used. Temporary removal of a child from attendance in a group setting shall trigger the process detailed in subparagraphs (A), (B), and (C) of this paragraph (7), with the child placed back in a group setting as quickly as possible.

(F) Early childhood programs may utilize and the State Board of Education, the Department of Human Services, and the Department of Children and Family Services shall recommend training, technical support, and professional development resources to improve the ability of teachers, administrators, program directors, and other staff to promote social-emotional development and behavioral health, to address challenging behaviors, and to understand trauma and trauma-informed care, cultural competence, family engagement with diverse populations, the impact of implicit bias on adult behavior, and the use of reflective practice techniques. Support shall include the availability of resources to contract with infant and early childhood mental health consultants.

(G) Beginning on July 1, 2018, early childhood programs shall annually report to the State Board of Education, and, beginning in fiscal year 2020, the State Board of Education shall make available on a biennial basis, in an existing report, all of the following data for children from birth to age 5 who are served by the program:

(i) Total number served over the course of the program year and the total number of children who left the program during the program year.

(ii) Number of planned transitions to another program due to children's behavior, by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iii) Number of temporary removals of a child from attendance in group settings due to a serious safety threat under subparagraph (E) of this paragraph (7).
paragraph (7), by children's race, gender, disability, language, class/group size, teacher-child ratio, and length of program day.

(iv) Hours of infant and early childhood mental health consultant contact with program leaders, staff, and families over the program year.

(H) Changes to services for children with an individualized education program or individual family service plan shall be construed in a manner consistent with the federal Individuals with Disabilities Education Act.

The State Board of Education, in consultation with the Governor's Office of Early Childhood Development and the Department of Children and Family Services, shall adopt rules to administer this paragraph (7).

Section 99. Effective date. This Act takes effect July 1, 2018.
Passed in the General Assembly May 24, 2018.

PUBLIC ACT 100-0646
(Senate Bill No. 1851)

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings; intent. According to the Congressional Research Service reporting, approximately 35% to 60% of children placed in foster care have at least one chronic or acute physical health condition that requires treatment, including growth failure, asthma, obesity, vision impairment, hearing loss, neurological problems, and complex chronic illnesses; as many as 50% to 75% show behavioral or social competency issues that may warrant mental health services; many of these physical and mental health care issues persist and, relative to their peers in the general population, children who leave foster care for adoption and those who age out of care continue to have greater health needs.

Federal child welfare policy requires states to develop strategies to address the health care needs of each child in foster care and mandates

New matter indicated by italics - deletions by strikeout
coordination of state child welfare and Medicaid agencies to ensure that the health care needs of children in foster care are properly identified and treated.

The Department of Children and Family Services is responsible for ensuring safety, family permanence, and well-being for the children placed in its custody and protecting these children from further trauma by ensuring timely access to appropriate placements and services, especially those children with complex emotional and behavioral needs who are at much greater risk for not achieving the fundamental child welfare goals of safety, permanence, and well-being.

The Department remains under federal court oversight pursuant to the B.H. Consent Decree, in part, for failure to provide constitutionally sufficient services and placements for children with psychological, behavioral, or emotional challenges; the 2015 court-appointed Expert Panel found too many children in the class experience multiple disruptions of placement, services, and relationships; these children and their families endure indeterminate waits, month upon month, for services the child and family need, without a concrete plan or timeframe; these disruptions and delays and the inaction of Department officials exacerbate children's already serious and chronic mental health problems; the Department's approach to treatment and its system of practice have been shaped by crises, practitioner preferences, tradition, and system expediency.

The American Academy of Pediatrics cautions that the effects of managed care on children's access to services and actual health outcomes are not yet clear; it outlines design and implementation principles if managed care is to be implemented for children.

It is the intent of the General Assembly to ensure that children are provided a system of health care with full and inclusive access to physical and behavioral health services necessary for them to thrive.

The General Assembly finds it necessary to protect youth in care by requiring the Department to plan the use of managed care services transparently, collaboratively, and deliberately to ensure quality outcomes and accountable oversight.

Section 18. The Hospital Licensing Act is amended by changing Section 6.22 as follows:

(210 ILCS 85/6.22)
Sec. 6.22. Arrangement for transportation of patient by an ambulance service provider.

(a) In this Section:
"Ambulance service provider" means a Vehicle Service Provider as defined in the Emergency Medical Services (EMS) Systems Act who provides non-emergency transportation services by ambulance.

"Patient" means a person who is transported by an ambulance service provider.

(b) If a hospital arranges for medi-car, service car, or ground ambulance transportation of a patient of the hospital by ambulance, the hospital must provide the ambulance service provider, at or prior to transport, a Physician Certification Statement formatted and completed in compliance with federal regulations or an equivalent form developed by the hospital. Each hospital shall develop a policy requiring a physician or the physician's designee to complete the Physician Certification Statement. The Physician Certification Statement shall be maintained as part of the patient's medical record. A hospital shall, upon request, furnish assistance to the ambulance service provider in the completion of the form if the Physician Certification Statement is incomplete. The Physician Certification Statement or equivalent form is not required prior to transport if a delay in transport can be expected to negatively affect the patient outcome; however, a hospital shall provide a copy of the Physician Certification Statement to the ambulance service provider at no charge within 10 days after the request.

(c) If a hospital is unable to provide a Physician Certification Statement or equivalent form, then the hospital shall provide to the patient a written notice and a verbal explanation of the written notice, which notice must meet all of the following requirements:

(1) The following caption must appear at the beginning of the notice in at least 14-point type: Notice to Patient Regarding Non-Emergency Ambulance Services.

(2) The notice must contain each of the following statements in at least 14-point type:

(B) Your insurance may not cover the charges for ambulance transportation.

(C) You may be responsible for the cost of ambulance transportation.

(D) The estimated cost of ambulance transportation is $\text{(amount)}$.

(3) The notice must be signed by the patient or by the patient's authorized representative. A copy shall be given to the patient and the hospital shall retain a copy.

(d) The notice set forth in subsection (c) of this Section shall not be required if a delay in transport can be expected to negatively affect the patient outcome.

(e) If a patient is physically or mentally unable to sign the notice described in subsection (c) of this Section and no authorized representative of the patient is available to sign the notice on the patient's behalf, the hospital must be able to provide documentation of the patient's inability to sign the notice and the unavailability of an authorized representative. In any case described in this subsection (e), the hospital shall be considered to have met the requirements of subsection (c) of this Section.

Section 20. The Illinois Public Aid Code is amended by changing Sections 5-4.2, 5-5.4h, and 5A-16 and by adding Sections 5-5.07 and 5-30.8 as follows:

(305 ILCS 5/5-4.2) (from Ch. 23, par. 5-4.2)

Sec. 5-4.2. Ambulance services payments.

(a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this

purpose, is consistent with the payment principles of Medicare. To ensure
uniformity between the payment principles of Medicare and Medicaid, the
Illinois Department shall follow, to the extent necessary and practicable
and subject to the availability of funds appropriated by the General
Assembly for this purpose, the statutes, laws, regulations, policies,
procedures, principles, definitions, guidelines, and manuals used to
determine the amounts paid to ambulance service providers under Title
XVIII of the Social Security Act (Medicare).

(b) For ambulance services provided to a recipient of aid under this
Article on or after January 1, 1996, the Illinois Department shall reimburse
ambulance service providers based upon the actual distance traveled if a
natural disaster, weather conditions, road repairs, or traffic congestion
necessitates the use of a route other than the most direct route.

(c) For purposes of this Section, "ambulance services" includes
medical transportation services provided by means of an ambulance, medi-
car, service car, or taxi.

(c-1) For purposes of this Section, "ground ambulance service"
means medical transportation services that are described as ground
ambulance services by the Centers for Medicare and Medicaid Services
and provided in a vehicle that is licensed as an ambulance by the Illinois
Department of Public Health pursuant to the Emergency Medical Services
(EMS) Systems Act.

(c-2) For purposes of this Section, "ground ambulance service
provider" means a vehicle service provider as described in the Emergency
Medical Services (EMS) Systems Act that operates licensed ambulances
for the purpose of providing emergency ambulance services, or non-
emergency ambulance services, or both. For purposes of this Section, this
includes both ambulance providers and ambulance suppliers as described
by the Centers for Medicare and Medicaid Services.

(c-3) For purposes of this Section, "medi-car" means
transportation services provided to a patient who is confined to a
wheelchair and requires the use of a hydraulic or electric lift or ramp and
wheelchair lockdown when the patient's condition does not require
medical observation, medical supervision, medical equipment, the
administration of medications, or the administration of oxygen.

(c-4) For purposes of this Section, "service car" means
transportation services provided to a patient by a passenger vehicle where
that patient does not require the specialized modes described in subsection
(c-1) or (c-3).

New matter indicated by italics - deletions by strikeout
(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers must maintain legible documentation in their records of the driver and, as applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years.

Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical transportation by ground ambulance service providers, including, but not limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be filed by December 15, 2012 and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received
to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

(f-5) Beginning 90 days after July 20, 2012 (the effective date of Public Act 97-842), (i) no denial of a request for approval for payment of non-emergency transportation by means of ground ambulance service, and (ii) no approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than would have been received at the level of service submitted by the ground ambulance service provider, may be issued by the Department or its agent unless the Department has submitted the criteria for determining the appropriateness of the transport for first notice publication in the Illinois Register pursuant to Section 5-40 of the Illinois Administrative Procedure Act.

(g) Whenever a patient covered by a medical assistance program under this Code or by another medical program administered by the Department, including a patient covered under the State's Medicaid managed care program, is being transported discharged from a facility and requires non-emergency transportation including ground ambulance, medi-car, or service car transportation, a Physician Certification Statement, a physician discharge order as described in this Section shall be required for each patient whose discharge requires medically supervised ground ambulance services. Facilities shall develop procedures for a licensed medical professional physician with medical staff privileges to provide a written and signed Physician Certification Statement physician discharge order. The Physician Certification Statement physician discharge order shall specify the level of transportation ground ambulance services needed and complete a medical certification establishing the criteria for approval of non-emergency ambulance transportation, as published by the Department of Healthcare and Family Services, that is met by the patient. This order and the medical certification shall be completed prior to ordering the transportation an ambulance service and prior to patient discharge. The Physician Certification Statement is not required prior to transport if a delay in transport can be expected to negatively affect the patient outcome. discharge.

New matter indicated by italics - deletions by strikeout
The medical certification specifying the level and type of non-emergency transportation needed shall be in the form of the Physician Certification Statement on a standardized form prescribed by the Department of Healthcare and Family Services. Within 75 days after the effective date of this amendatory Act of the 100th General Assembly, the Department of Healthcare and Family Services shall develop a standardized form of the Physician Certification Statement specifying the level and type of transportation services needed in consultation with the Department of Public Health, Medicaid managed care organizations, a statewide association representing ambulance providers, a statewide association representing hospitals, 3 statewide associations representing nursing homes, and other stakeholders. The Physician Certification Statement shall include, but is not limited to, the criteria necessary to demonstrate medical necessity for the level of transport needed as required by (i) the Department of Healthcare and Family Services and (ii) the federal Centers for Medicare and Medicaid Services as outlined in the Centers for Medicare and Medicaid Services' Medicare Benefit Policy Manual, Pub. 100-02, Chap. 10, Sec. 10.2.1, et seq. The use of the Physician Certification Statement shall satisfy the obligations of hospitals under Section 6.22 of the Hospital Licensing Act and nursing homes under Section 2-217 of the Nursing Home Care Act. Implementation and acceptance of the Physician Certification Statement shall take place no later than 90 days after the issuance of the Physician Certification Statement by the Department of Healthcare and Family Services.

Pursuant to subsection (E) of Section 12-4.25 of this Code, the Department is entitled to recover overpayments paid to a provider or vendor, including, but not limited to, from the discharging physician, the discharging facility, and the ground ambulance service provider, in instances where a non-emergency ground ambulance service is rendered as the result of improper or false certification.

Beginning October 1, 2018, the Department of Healthcare and Family Services shall collect data from Medicaid managed care organizations and transportation brokers, including the Department's NETSPAP broker, regarding denials and appeals related to the missing or incomplete Physician Certification Statement forms and overall compliance with this subsection. The Department of Healthcare and Family Services shall publish quarterly results on its website within 15 days following the end of each quarter.

Subject to federal approval of changes to the Title XIX State Plan, for dates of services starting April 1, 2019, medically complex for the developmentally disabled facilities must be reimbursed an exceptional care per diem rate, instead of the base rate, for services to residents with complex or extensive medical needs. Exceptional care per diem rates must be paid for the conditions or services specified under subsection (f) at the following per diem rates: Tier 1 $326, Tier 2 $546, and Tier 3 $735.

(d) For To qualify for the per diem rate of $669 for clinically complex residents on a ventilator pursuant to subsection (c) or subsection (f), facilities shall have a policy documenting their method of routine assessment of a resident's weaning potential with interventions implemented noted in the resident's medical record.

(e) For services provided prior to April 1, 2019 and for For the purposes of this Section, a resident is considered clinically complex if the resident requires at least one of the following medical services:

1. Tracheostomy care with dependence on mechanical ventilation for a minimum of 6 hours each day.
2. Tracheostomy care requiring suctioning at least every 6 hours, room air mist or oxygen as needed, and dependence on one of the treatment procedures listed under paragraph (4) excluding the procedure listed in subparagraph (A) of paragraph (4).
3. Total parenteral nutrition or other intravenous nutritional support and one of the treatment procedures listed under paragraph (4).
4. The following treatment procedures apply to the conditions in paragraphs (2) and (3) of this subsection:
   A. Intermittent suctioning at least every 8 hours and room air mist or oxygen as needed.

(A) An initial meeting for the Department to review
MCO data and draft rate assumptions to be used in the
development of capitation base rates for the following year.

(B) A draft rate meeting after the Department

discuss, review, and seek feedback regarding the draft
capitation base rates.

(3) Prior to the submission of final capitation rates to the
federal Centers for Medicare and Medicaid Services, the
Department shall provide the MCOs with a final actuarial report
including the final capitation base rates for the following year and

(2) No later than 60 days after the effective date of the policy change or program implementation, the Department shall meet with the MCOs regarding the initial data collection needed to establish capitation base rates for the policy change. Additionally, the Department shall share with the participating MCOs what other data is needed to estimate the change and the processes for collection of that data that shall be utilized to develop capitation base rates.

(3) No later than 60 days after the effective date of the policy change or program implementation, the Department shall meet with MCOs to review data and the Department's written draft assumptions to be used in development of capitation base rates for the policy change, and shall provide opportunities for questions to be asked and answered.

(4) No later than 60 days after the effective date of the policy change or program implementation, the Department shall provide the MCOs with draft capitation base rates and shall also conduct a draft capitation base rate meeting with MCOs to discuss, review, and seek feedback regarding the draft capitation base rates.

(c) Pursuant to the terms of this subsection, the Department shall endeavor to expeditiously terminate the existing contracts in support of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly in connection with the selection of the private manager. As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:

(1) where such contracts contain a provision authorizing termination upon notice, the Department shall provide notice of termination to occur upon the mutually agreed timetable for transfer of functions;

(2) upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall not renew such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

(3) in the event any current contract provides for termination of that contract upon the implementation of a contract with the private manager, the Department shall perform all necessary actions to terminate the contract on the date that coincides with the mutually agreed timetable for transfer of functions.

If the contracts to support the current operation of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly are not subject to termination as provided for in this subsection (c), then the Department may include a provision in the contract with the

(5) A provision providing for compensation of the private manager that may consist of, among other things, a fee for services and a performance based bonus as consideration for managing the Lottery, including terms that may provide the private manager with an increase in compensation if Lottery revenues grow by a specified percentage in a given year.

(f) The Department may retain the services of an advisor or advisors with significant experience in financial services or the management, operation, and procurement of goods, services, and equipment for a government-run lottery to assist in the preparation of the terms of the request for qualifications and selection of the private manager. Any prospective advisor seeking to provide services under this subsection (f) shall disclose any material business or financial relationship during the past 3 years with any potential offeror, or with a contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery. The Department shall evaluate the material business or financial relationship of each prospective advisor. The Department shall not select any prospective advisor with a substantial business or financial relationship that the Department deems to impair the objectivity of the services to be provided by the prospective advisor. During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. The Department shall not include terms in the request for qualifications that provide a material advantage whether directly or indirectly to any potential offeror, or any contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery, including terms contained in previous responses to requests for proposals or qualifications submitted to Illinois, another State or foreign government when those terms are uniquely associated with a particular potential offeror, contractor, or subcontractor. The request for proposals offered by the Department on December 22, 2008 as "LOT08GAMESYS" and reference number "22016176" is declared void.

(g) The Department shall select at least 2 offerors as finalists to potentially serve as the private manager no later than August 9, 2010. The notice must include all of the following:

(2) The subject matter of the hearing.
(3) A brief description of the management agreement to be awarded.

New matter indicated by italics - deletions by strikeout
(4) The identity of the offerors that have been selected as finalists to serve as the private manager.

(5) The address and telephone number of the Department.

(h) At the public hearing, the Department shall (i) provide sufficient time for each finalist to present and explain its proposal to the Department and the Governor or the Governor's designee, including an opportunity to respond to questions posed by the Department, Governor, or designee and (ii) allow the public and non-selected offerors to comment on the presentations. The Governor or a designee shall attend the public hearing. After the public hearing, the Department shall have 14 calendar days to recommend to the Governor whether a management agreement should be entered into with a particular finalist. After reviewing the Department's recommendation, the Governor may accept or reject the Department's recommendation, and shall select a final offeror as the private manager by publication of a notice in the Illinois Procurement Bulletin on or before September 15, 2010. The Governor shall include in the notice a detailed explanation and the reasons why the final offeror is superior to other offerors and will provide management services in a manner that best achieves the objectives of this Section. The Governor shall also sign the management agreement with the private manager.

(i) Any action to contest the private manager selected by the Governor under this Section must be brought within 7 calendar days after the publication of the notice of the designation of the private manager as provided in subsection (h) of this Section.

(j) The Lottery shall remain, for so long as a private manager manages the Lottery in accordance with provisions of this Act, a Lottery conducted by the State, and the State shall not be authorized to sell or transfer the Lottery to a third party.

(k) Any tangible personal property used exclusively in connection with the Lottery that is owned by the Department and leased to the private manager shall be owned by the Department in the name of the State and shall be considered to be public property devoted to an essential public and governmental function.

(l) The Department may exercise any of its powers under this Section or any other law as necessary or desirable for the execution of the Department's powers under this Section.

(m) Neither this Section nor any management agreement entered into under this Section prohibits the General Assembly from authorizing forms of gambling that are not in direct competition with the Lottery.
(n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private manager under this subsection.

(o) The powers conferred by this Section are in addition and supplemental to the powers conferred by any other law. If any other law or rule is inconsistent with this Section, including, but not limited to, provisions of the Illinois Procurement Code, then this Section controls as to any management agreement entered into under this Section. This Section and any rules adopted under this Section contain full and complete authority for a management agreement between the Department and a private manager. No law, procedure, proceeding, publication, notice, consent, approval, order, or act by the Department or any other officer, Department, agency, or instrumentality of the State or any political subdivision is required for the Department to enter into a management agreement under this Section. This Section contains full and complete authority for the Department to approve any contracts entered into by a private manager with a vendor providing goods, services, or both goods and services to the private manager under the terms of the management agreement, including subcontractors of such vendors.

Upon receipt of a written request from the Chief Procurement Officer, the Department shall provide to the Chief Procurement Officer a complete and un-redacted copy of the management agreement or any contract that is subject to the Department's approval authority under this subsection (o). The Department shall provide a copy of the agreement or contract to the Chief Procurement Officer in the time specified by the Chief Procurement Officer in his or her written request, but no later than 5 business days after the request is received by the Department. The Chief Procurement Officer must retain any portions of the management agreement or of any contract designated by the Department as confidential, proprietary, or trade secret information in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act. The Department shall also provide the Chief Procurement Officer with reasonable advance written notice of any contract that is pending Department approval.

Notwithstanding any other provision of this Section to the contrary, the Chief Procurement Officer shall adopt administrative rules, including emergency rules, to establish a procurement process to select a successor private manager if a private management agreement has been terminated. The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private manager and sign the management agreement with the private manager.

Except as provided in Sections 21.5, 21.6, 21.7, 21.8, and 21.9, and 21.10 the Department shall distribute all proceeds of lottery tickets and shares sold in the following priority and manner:

1. The payment of prizes and retailer bonuses.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Route 66 Centennial Commission Act.

Section 5. Purpose. Route 66 is one of the original highways within the National Highway System. The importance of Route 66 is rooted within its cultural and historical impact beginning with its numerical designation in 1926 to its upcoming centennial in 2026.

From the outset, public road planners intended for the highway to connect the main streets of rural and urban communities so that small towns could have access to a major national thoroughfare. Illinois has had a major impact on Route 66 as home to the start of the road in Chicago and the first state to have the road paved across the entire State. Route 66 in Illinois runs almost 300 miles through numerous towns, eventually reaching Missouri before continuing its way to Santa Monica, California. Since 1989, the Route 66 Association of Illinois has been working to preserve and promote the highway in Illinois through methods such as establishing the Route 66 Hall of Fame & Museum. In 2005, the Illinois

stretch of Route 66 received recognition as a National Scenic Byway. The National Park Service Route 66 Corridor Preservation Program has awarded more than 23 cost-share grants to assist properties in Illinois.

2026 will mark the centennial of the creation of Route 66. The centennial is an opportunity to promote the preservation and commemoration of Route 66 including, but not limited to, existing roadways, buildings, and attractions along the route. The centennial is also an opportunity to celebrate the important history of Route 66 in Illinois through commemorative, educational, and community events. The centennial celebration may include events about the history of how local communities grew and changed with the construction of Route 66, the cultural impact of Route 66 within the United States and internationally, the portrayal of Route 66 in music, artwork, and folklore, and how to maintain the mystique and appeal of Route 66 for future generations.

Section 10. Commission. The Commission shall be composed of 20 members who reflect the interests, history, and importance of the communities along Route 66 in Illinois. The members shall be appointed as follows:

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

PUBLIC ACT 100-0651
(House Bill No. 4213)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative intent. Saving money and cutting costs on behalf of Illinois taxpayers is an important aspect when considering potential legislation. To that end, the General Assembly looks for avenues in which to save taxpayers' money by finding ways to simplify or refine certain State operations. Under current State policy, State-owned motor vehicles are required to undergo an oil change every 3,000-5,000 miles, regardless of whether an oil change may truly be required given that vehicle's make and model. It is the intent of the General Assembly with

this legislation to reduce the frequency of needless oil changes to State-owned vehicles, and the expenses that go along with them, and reduce the frequency with which such expenses are passed on to the taxpayers.

Section 5. The Department of Central Management Services Law of the Civil Administrative Code of Illinois is amended by changing Section 405-280 as follows:

(20 ILCS 405/405-280) (was 20 ILCS 405/67.15)
Sec. 405-280. State garages; passenger cars.
(a) To supervise and administer all State garages used for the repair, maintenance, or servicing of State-owned motor vehicles except those operated by any State college or university or by the Illinois Mathematics and Science Academy; and to acquire, maintain, and administer the operation of the passenger cars reasonably necessary to the operations of the executive department of the State government. To this end, the Department shall adopt regulations setting forth guidelines for the acquisition, use, maintenance, and replacement of motor vehicles, including the use of ethanol blended gasoline whenever feasible, used by the executive department of State government; shall occupy the space and take possession of the personnel, facilities, equipment, tools, and vehicles that are in the possession or under the administration of the former Department of Administrative Services for these purposes on July 13, 1982 (the effective date of Public Act 82-789); and shall, from time to time, acquire any further, additional, and replacement facilities, space, tools, and vehicles that are reasonably necessary for the purposes described in this Section.

(a-5) Notwithstanding any State policy or rule to the contrary, any State-owned motor vehicle requiring maintenance in the form of an oil change shall have such maintenance performed according to the applicable Department policy which considers the manufacturer's suggested oil change frequency for that vehicle's particular make, model, and year. The Department shall evaluate the original equipment manufacturer's oil change interval recommendations and other related impacts periodically and consider policy adjustments as is cost and operationally efficient for the State.

(b) The Department shall evaluate the availability and cost of GPS systems that State agencies may be able to use to track State-owned motor vehicles.

(c) The Department shall distribute a spreadsheet or otherwise make data entry available to each State agency to facilitate the collection
of data for publishing on the Department's Internet website. Each State agency shall cooperate with the Department in furnishing the data necessary for the implementation of this subsection within the timeframe specified by the Department. Each State agency shall be responsible for the validity and accuracy of the data provided. Beginning on July 1, 2013, the Department shall make available to the public on its Internet website the following information:

(1) vehicle cost data, organized by individual vehicle and by State agency, and including repair, maintenance, fuel, insurance, and other costs, as well as whether required vehicle inspections have been performed; and

(2) an annual vehicle breakeven analysis, organized by individual vehicle and by State agency, comparing the number of miles a vehicle has been driven with the total cost of maintaining the vehicle.

(d) Beginning on the effective date of this amendatory Act of the 97th General Assembly, and notwithstanding any provision of law to the contrary, the Department may not make any new motor vehicle purchases until the Department sets forth procedures to condition the purchase of new motor vehicles on (i) a determination of need based on a breakeven analysis, and (ii) a determination that no other available means, including car sharing or rental agreements, would be more cost-effective to the State. However, the Department may purchase motor vehicles not meeting or exceeding a breakeven analysis only if there is no alternative available to carry out agency work functions and the purchase is approved by the Manager of the Division of Vehicles upon the receipt of a written explanation from the agency head of the operational needs justifying the purchase.

If the lessee fails to provide the lessor with a mailing address or electronic mail address, the lessor shall not be held liable for any damages or penalties as a result of the lessee's failure to provide an address.

(b) If, through no fault of the lessor, the lessor is unable to produce as required in subsection (a) receipts for repairs or replacements, or copies thereof, then the lessor shall produce an itemized list of the cost of repair or replacement, any other evidence the lessor has of the cost, and a verified statement of the lessor or the agent of the lessor detailing the specific reasons why the lessor is unable to produce the required receipts or copies and verifying that the lessor has provided all other evidence the lessor has of the cost.

New matter indicated by italics - deletions by strikeout
Sec. 11-10-2. (a) A department foreign fire insurance board shall be created within the fire department of each municipality with fewer than 500,000 inhabitants that has an organized fire department. The board shall consist of 7 trustees; the fire chief, who shall hold office by virtue of rank, and 6 members, who shall be elected at large by the sworn members of the department. If there is an insufficient number of candidates to fill all these positions, the number of board members may be reduced, but not to fewer than 3 trustees. All members of the department shall be eligible to be elected as officers of the department foreign fire insurance board. The members of this board shall annually elect officers. These officers shall be a chairman and a treasurer. The trustees of the department foreign fire insurance board shall make all needful rules and regulations with respect to the department foreign fire insurance board and the management of the money to be appropriated to the board. The officers of the department foreign fire insurance board shall develop and maintain a listing of those items that the board feels are appropriate expenditures under this Act. The treasurer of the department foreign fire insurance board shall give a sufficient bond to the municipality in which the fire department is organized. This bond shall be approved by the mayor or president, as the case may be, conditioned upon the faithful performance by the treasurer of his or her duties under the ordinance and the rules and regulations provided for in this section. The treasurer of the department foreign fire insurance board shall receive the appropriated money and shall pay out the money upon the order of the department foreign fire insurance board for the maintenance, use, and benefit of the department. As part of the annual municipal audit, these funds shall be audited to verify that the funds have been expended by that board only for the maintenance, use, and benefit of the department.

(b) As used in this subsection, "active member" means a member of the Chicago Fire Department who is not receiving a disability pension, retired, or a deferred pensioner of the Firemen's Annuity and Benefit Fund of Chicago.

A department foreign fire insurance board is created within the Chicago Fire Department. The board shall consist of 7 trustees who shall be initially elected on or before January 1, 2019: the fire commissioner, who shall hold office by virtue of rank, and 6 elected trustees, who shall be elected at large by the sworn members of the department. If there is an insufficient number of candidates seeking election to each vacant trustee position, the number of board members is reduced to 5 trustees, including

the fire commissioner of the department, until the next election cycle when there are enough active members seeking election to fill all 7 member seats. All active members are eligible to be elected as trustees of the department foreign fire insurance board. Of the trustees first elected, 3 trustees shall be elected to a 2-year term and 3 trustees shall be elected to a 3-year term. After the initial election, a trustee shall be elected for a term of 3 years. If a member of the board resigns, is removed, or is unable to continue serving on the board, the vacancy shall be filled by special election of the active members or, in the case of a vacancy that will exist for fewer than 180 days until the term expires, by appointment by majority vote of the members of the board.

The members of the board shall annually elect officers. These officers shall be a chairman, treasurer, and secretary. The trustees of the board shall make rules and regulations with respect to the board and the management of the money appropriated to the board. The officers of the board shall develop and maintain a listing of those items that the board believes are appropriate expenditures under this subsection. The treasurer of the board shall give a sufficient bond to the City of Chicago. The cost of the bond shall be paid out of the moneys in the board's fund. The bond shall be conditioned upon the faithful performance by the treasurer of his or her duties under the rules and regulations provided for in this subsection. The treasurer of the board shall receive the appropriated proceeds and shall disburse the proceeds upon the order of the board for the maintenance, use, and benefit of the department consistent with this subsection. As part of the annual municipal audit, these funds shall be audited to verify that the funds have been expended lawfully by the board consistent with this subsection.

Within 30 days after receipt of any foreign fire insurance proceeds by the City of Chicago, the City of Chicago shall transfer the proceeds to the board by depositing the proceeds into an account determined by the board, except that if the effective date of this amendatory Act of the 100th General Assembly is after July 31, 2018, then the City of Chicago shall, for budget year 2019 only, transfer only 50% of the proceeds to the board. Notwithstanding any other provision of law: 50% of the foreign fire insurance proceeds received by the board shall be used for the maintenance, use, benefit, or enhancement of fire stations or training facilities used by the active members of the fire department; 25% of the foreign fire insurance proceeds received by the board shall be used for the maintenance, use, benefit, or enhancement of emergency response
vehicles, tools, and equipment used by the active members of the department; and 25% of the foreign fire insurance proceeds received by the board shall be used for the maintenance and enhancement of the department and for the use and benefit of the active members of the department in a manner otherwise consistent with this subsection. Foreign fire insurance proceeds may not be used to purchase, maintain, or enhance personal property of a member of the department, except for personal property used in the performance of his or her duties or training activities.

an explanation of the information required and the date by which the information must be submitted; a statement that failure to respond in a timely manner can result in denial of the application; a statement that the applicant or the facility in the name of the applicant may seek an extension; and the name and contact information of a caseworker in case of questions. Any such request for information shall also be sent to the facility. In deciding whether to grant an extension, the Department of Human Services or the Department of Healthcare and Family Services' Office of the Inspector General shall take into account what is in the best interest of the applicant. The time limits for processing an application shall be tolled during the period of any extension granted under this subsection.

(f) The Department of Human Services and the Department of Healthcare and Family Services must jointly compile data on pending applications, denials, appeals, and redeterminations into a monthly report, which shall be posted on each Department's website for the purposes of monitoring long-term care eligibility processing. The report must specify the number of applications and redeterminations pending long-term care eligibility determination and admission and the number of appeals of denials in the following categories:

(A) Length of time applications, redeterminations, and appeals are pending - 0 to 45 days, 46 days to 90 days, 91 days to 180 days, 181 days to 12 months, over 12 months to 18 months, over 18 months to 24 months, and over 24 months.

(B) Percentage of applications and redeterminations pending in the Department of Human Services' Family Community Resource Centers, in the Department of Human Services' long-term care hubs, with the Department of Healthcare and Family Services' Office of Inspector General, and those applications which are being tolled due to requests for extension of time for additional information.

(C) Status of pending applications, denials, appeals, and redeterminations.

(g) Beginning on July 1, 2017, the Auditor General shall report every 3 years to the General Assembly on the performance and compliance of the Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging in meeting the requirements of this Section and the federal requirements concerning eligibility determinations for Medicaid long-term care services and supports, and shall report any issues or deficiencies and make
recommendations. The Auditor General shall, at a minimum, review, consider, and evaluate the following:

(1) compliance with federal regulations on furnishing services as related to Medicaid long-term care services and supports as provided under 42 CFR 435.930;

(2) compliance with federal regulations on the timely determination of eligibility as provided under 42 CFR 435.912;

(3) the accuracy and completeness of the report required under paragraph (9) of subsection (e);

(4) the efficacy and efficiency of the task-based process used for making eligibility determinations in the centralized offices of the Department of Human Services for long-term care services, including the role of the State's integrated eligibility system, as opposed to the traditional caseworker-specific process from which these central offices have converted; and

(5) any issues affecting eligibility determinations related to the Department of Human Services' staff completing Medicaid eligibility determinations instead of the designated single-state Medicaid agency in Illinois, the Department of Healthcare and Family Services.

The Auditor General's report shall include any and all other areas or issues which are identified through an annual review. Paragraphs (1) through (5) of this subsection shall not be construed to limit the scope of the annual review and the Auditor General's authority to thoroughly and completely evaluate any and all processes, policies, and procedures concerning compliance with federal and State law requirements on eligibility determinations for Medicaid long-term care services and supports.

(h) The Department of Healthcare and Family Services shall adopt any rules necessary to administer and enforce any provision of this Section. Rulemaking shall not delay the full implementation of this Section.

copy of the "Home Repair: Know Your Consumer Rights" pamphlet prior to the execution of any home repair and remodeling contract. The consumer shall sign and date an acknowledgment form entitled "Consumer Rights Acknowledgment Form" that states: "I, the homeowner, have received from the contractor a copy of the pamphlet entitled 'Home Repair: Know Your Consumer Rights.'" The contractor or his or her representative shall also sign and date the acknowledgment form, which includes the name and address of the home repair and remodeling business. The acknowledgment form shall be in duplicate and incorporated into the pamphlet. The original acknowledgment form shall be retained by the contractor and the duplicate copy shall be retained within the pamphlet by the consumer.

(b) For any contract for $1,000 or under, any person engaging in the business of home repair and remodeling shall provide to its customers a copy of the "Home Repair: Know Your Consumer Rights" pamphlet. No written acknowledgment of receipt of the pamphlet is required for a contract of $1,000 or under.

(c) The pamphlet must be a separate document, in at least 12 point type, and in legible ink. The pamphlet shall read as follows:

"HOME REPAIR: KNOW YOUR CONSUMER RIGHTS

As you plan for your home repair/improvement project, it is important to ask the right questions in order to protect your investment. The tips in this fact sheet should allow you to protect yourself and minimize the possibility that a misunderstanding may occur.

AVOIDING HOME REPAIR FRAUD

Please use extreme caution when confronted with the following warning signs of a potential scam:

(1) Door-to-door salespersons with no local connections who offer to do home repair work for substantially less than the market price.

(2) Solicitations for repair work from a company that lists only a telephone number or a post-office box number to contact, particularly if it is an out-of-state company.

(3) Contractors who fail to provide customers references when requested.

(4) Persons offering to inspect your home for free. Do not admit anyone into your home unless he or she can present authentic identification establishing his or her business status. When in doubt, do not hesitate to call the worker's employer to verify his or her identity.
(5) Contractors demanding cash payment for a job or who ask you to make a check payable to a person other than the owner or company name.

(6) Offers from a contractor to drive you to the bank to withdraw funds to pay for the work.

CONTRACTS

(1) Get all estimates in writing.

(2) Do not be induced into signing a contract by high-pressure sales tactics.

(3) Never sign a contract with blank spaces or one you do not fully understand. If you are taking out a loan to finance the work, do not sign the contract before your lender approves the loan.

(4) Remember, you have 3 business days from the time you sign your contract to cancel any contract if the sale is made at your home. The contractor cannot deprive you of this right by initiating work, selling your contract to a lender, or any other tactic.

(5) If the contractor does business under a name other than the contractor's real name, the business must either be incorporated or registered under the Assumed Business Name Act. Check with the Secretary of State to see if the business is incorporated or with the county clerk to see if the business has registered under the Assumed Business Name Act.

(6) Homeowners should check with local and county units of government to determine if permits or inspections are required.

(7) Determine whether the contractor will guarantee his or her work and products.

(8) Determine whether the contractor has the proper insurance.

(9) Do not sign a certificate of completion or make final payment until the work is done to your satisfaction.

(10) Before you pay your contractor, understand that the Mechanics Lien Act requires that you shall request and the contractor shall give you a signed and notarized written statement (known as a "Sworn Statement") that lists all the persons or companies your contractor hired to work on your home, their addresses along with the amounts about to be paid, and the total amount owed after the payment to those persons or companies.

Suppliers and subcontractors have a right to file a lien against your home if they do not get paid for their labor or materials. To protect yourself against liens, you should demand that your contractor provide
you with a Sworn Statement before you pay the contractor. You should also obtain lien waivers from all contractors and subcontractors if appropriate. You should consult with an attorney to learn more about your rights and obligations under the Mechanics Lien Act.

Disclaimer: The contents of this paragraph are required to be placed in the pamphlet for consumer guidance and information only. The contents of this paragraph are not substantive enforceable provisions of the Home Repair and Remodeling Act and are not intended to affect the substantive law of the Mechanics Lien Act. Remember, homeowners should know who provides supplies and labor for any work performed on your home. Suppliers and subcontractors have a right to file a lien against your property if the general contractor fails to pay them. To protect your property, request lien waivers from the general contractor.

BASIC TERMS TO BE INCLUDED IN A CONTRACT

(1) Contractor's full name, address, and telephone number. Illinois law requires that persons selling home repair and improvement services provide their customers with notice of any change to their business name or address that comes about prior to the agreed dates for beginning or completing the work.

(2) A description of the work to be performed.

(3) Starting and estimated completion dates.

(4) Total cost of work to be performed.

(5) Schedule and method of payment, including down payment, subsequent payments, and final payment.

(6) A provision stating the grounds for termination of the contract by either party. However, the homeowner must pay the contractor for work completed. If the contractor fails to commence or complete work within the contracted time period, the homeowner may cancel and may be entitled to a refund of any down payment or other payments made towards the work, upon written demand by certified mail.

(7) A provision stating the grounds for termination of the contract if you are notified by your insurer that all or any part of the claim or contract is not a covered loss under the insurance policy, you may cancel the contract by mailing or delivering written notice to (name of contractor) at (address of contractor's place of business) at any time prior to the earlier of midnight on the fifth business day after you have received such notice from your insurer or the thirtieth business day after receipt of a properly executed proof of loss by the insurer from the insured. If you cancel, any payments made by you under the contract will be returned to you within 10

business days following receipt by the contractor of your cancellation notice. If, however, the contractor has provided any goods or services related to a catastrophe, acknowledged and agreed to by the insured homeowner in writing to be necessary to prevent damage to the premises, the contractor is entitled to the reasonable value of such goods and services.

Homeowners should obtain a copy of the signed contract and keep it in a safe place for reference as needed.

To file a complaint against a roofing contractor, contact the Illinois Department of Financial and Professional Regulation at 312-814-6910 or file a complaint directly on its website.

IF YOU THINK YOU HAVE BEEN DEFRAUDED OR YOU HAVE QUESTIONS

The reports shall be filed in writing within 60 days after a determination that a report is required under this Section. All reports shall contain the following information:

1. The name, address, and telephone number of the person making the report.
2. The name, address, and telephone number of the person who is the subject of the report.
3. The name and date of birth of any person or persons whose treatment is a subject of the report, or other means of identification if that information is not available, and identification of the nursing home facility where the care at issue in the report was rendered.
4. A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.
5. If court action is involved, the identity of the court in which the action is filed, along with the docket number and the date the action was filed.
6. Any further pertinent information that the reporting party deems to be an aid in evaluating the report.

If the Department receives a written report concerning an incident required to be reported under item (19), (20), or (21) of subsection (a) of Section 17, then the licensee's failure to report the incident to the Department within 60 days may not be the sole ground for any disciplinary action against the licensee.

(f) Any individual or organization acting in good faith, and not in a willful manner, and wanton manner, in complying with this Section by providing any report or other information to the Department, by assisting in the investigation or preparation of such information, by voluntarily reporting to the Department information regarding alleged errors or negligence by a licensee, or by participating in proceedings of the Department, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(g) Upon the receipt of any report required by this Section, the Department shall notify in writing, by certified mail, the person who is the

subject of the report. The notification shall be made within 30 days after
the Department's receipt of the report.

The notification shall include a written notice setting forth the
person's right to examine the report. The notification shall also include the
address at which the file is maintained, the name of the custodian of the
file, and the telephone number at which the custodian may be reached. The
person who is the subject of the report shall submit a written statement
responding, clarifying, adding to, or proposing the amending of the report
previously filed. The statement shall become a permanent part of the file
and must be received by the Department no more than 30 days after the
date on which the person was notified by the Department of the existence
of the original report.

The Department shall review a report received by it, together with
any supporting information and responding statements submitted by the
person who is the subject of the report. The review by the Department
shall be in a timely manner, but in no event shall the Department's initial
review of the material contained in each disciplinary file last less than 61
days nor more than 180 days after the receipt of the initial report by the
Department.

When the Department makes its initial review of the materials
contained within its disciplinary files, the Department shall, in writing,
make a determination as to whether there are sufficient facts to warrant
further investigation or action. Failure to make such a determination
within the time provided shall be deemed to be a determination that there
are not sufficient facts to warrant further investigation or action. The
Department shall notify the person who is the subject of the report of any
final action on the report.

(h) A violation of this Section is a Class A misdemeanor.

(i) If any person or entity violates this Section, then an action may
be brought in the name of the People of the State of Illinois, through the
Attorney General of the State of Illinois, for an order enjoining the
violation or for an order enforcing compliance with this Section. Upon
filing of a verified petition in the court, the court may issue a temporary
restraining order without notice or bond and may preliminarily or
permanently enjoin the violation. If it is established that the person or
entity has violated or is violating the injunction, the court may punish the
offender for contempt of court. Proceedings under this subsection (i) shall
be in addition to, and not in lieu of, all other remedies and penalties
provided for by this Section.

Sec. 19. Investigation; notice and hearing.

(a) The Department may investigate the actions of any applicant or of any person holding or claiming to hold a license under this Act.

(b) The Department shall, before disciplining an applicant or licensee, at least 30 days prior to the date set for the hearing: (i) notify, in writing, the accused of the charges made and the time and place for the hearing on the charges, (ii) direct him or her to file a written answer to the charges under oath within 20 days after service of the notice, and (iii) inform the applicant or licensee that failure to file an answer will result in a default being entered against the applicant or licensee.

(c) Written or electronic notice, and any notice in the subsequent proceeding, may be served by personal delivery, by email, or by mail to the applicant or licensee at his or her address of record or email address of record.

(d) At the time and place fixed in the notice, the Board or hearing officer appointed by the Secretary shall proceed to hear the charges and the parties or their counsel shall be accorded ample opportunity to present any statement, testimony, evidence, and argument as may be pertinent to the charges or to their defense. The Board or hearing officer may continue the hearing from time to time.

(e) In case the person, after receiving the notice, fails to file an answer, his or her license may, in the discretion of the Secretary, having first received the recommendation of the Board, be suspended, revoked, or placed on probationary status, or be subject to whatever disciplinary action the Secretary considers proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without hearing, if the act or acts charged constitute sufficient grounds for that action under this Act.

Upon the motion of either the Department or the Board or upon the verified complaint in writing of any person setting forth facts that, if proven, would constitute grounds for suspension or revocation under Section 17 of this Act, the Department shall investigate the actions of any person, so accused, who holds or represents that he or she holds a license. Such a person is hereinafter called the accused:

The Department shall, before suspending, revoking, placing on probationary status, or taking any other disciplinary action as the
Department may deem proper with regard to any license at least 30 days prior to the date set for the hearing, notify the accused in writing of any charges made and the time and place for a hearing of the charges before the Board, direct them to file their written answer to such notice to the Board under oath within 30 days after the service on them of such notice and inform them that if they fail to file such answer default will be taken against them and their license may be suspended, revoked, placed on probationary status, or have other disciplinary action, including limiting the scope, nature or extent of their practice, as the Department may deem proper taken with regard thereto.

Written notice may be served by personal delivery or by registered or certified mail to the applicant or licensee at his or her last address of record with the Department.

Sec. 20.1. Summary suspension. The Secretary may summarily suspend the license of a nursing home administrator without a hearing, simultaneously with the institution of proceedings for a hearing provided under this Act if the Secretary finds that evidence in his or her possession indicates that a licensee's administrator's continuation in practice would constitute an immediate danger to the public. If the Secretary summarily suspends the license of an administrator without a hearing, a hearing shall be held within 30 calendar days after the suspension has occurred.

The hearing officer shall have full authority to conduct the hearing. If (i) a direct appeal is requested, (ii) the Board fails to issue its findings of fact, conclusions of law, and recommendations within the 30-day mandate from the Secretary or the Secretary fails to order the Board to do so; and (iii) the Secretary fails to issue an order within 30 calendar days thereafter, then the hearing officer's report is deemed accepted and a final decision of the Secretary. Notwithstanding any other provision of this Section, if the Secretary, upon review, determines that substantial justice has not been done in the revocation, suspension, or refusal to issue or renew a license or other disciplinary action taken as the result of the entry of the hearing officer's report, the Secretary may order a rehearing by the same or other examiners. If the Secretary disagrees with the recommendation of the Board or the hearing officer, the Secretary may issue an order in contravention of the Board's report. The Secretary shall promptly provide a written explanation to the Board on any such disagreement.

At the conclusion of the hearing, the Board or the hearing officer shall present to the Secretary a written report of its findings of fact, conclusions of law, and recommendations. If the Board fails to present its report, the applicant or licensee may request in writing a direct appeal to the Secretary, in which case the Secretary may issue an order based upon the report of the hearing officer and the record of the proceedings or issue an order remanding the matter back to the hearing officer for additional proceedings in accordance with the order.

(b) At the conclusion of the hearing, a copy of the Board's or hearing officer's such report shall be served upon the applicant or licensee accused person, either personally or as provided in this Act for the service of the notice of hearing by certified mail. Within 20 days after such service, the applicant or licensee accused person may present to the Department a motion, in writing, for a rehearing that shall specify the particular grounds for rehearing. The Department may respond to the motion for rehearing within 20 calendar days after its service on the Department. AN ACT concerning finance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Grant Accountability and Transparency Act is amended by changing Sections 20, 25, 45, and 60 as follows:

(30 ILCS 708/20)

Sec. 20. Adoption of federal rules applicable to grants.

(a) On or before July 1, 2016, the Governor's Office of Management and Budget, with the advice and technical assistance of the Illinois Single Audit Commission, shall adopt rules which adopt the Uniform Guidance at 2 CFR 200. The rules, which shall apply to all State and federal pass-through awards effective on and after July 1, 2016, shall include the following:

(1) Administrative requirements. In accordance with Subparts B through D of 2 CFR 200, the rules shall set forth the uniform administrative requirements for grant and cooperative agreements, including the requirements for the management by State awarding agencies of federal grant programs before State and federal pass-through awards have been made and requirements that State awarding agencies may impose on non-federal entities in State and federal pass-through awards.

(2) Cost principles. In accordance with Subpart E of 2 CFR 200, the rules shall establish principles for determining the allowable costs incurred by non-federal entities under State and federal pass-through awards. The principles are intended for cost determination, but are not intended to identify the circumstances or dictate the extent of State or federal pass-through participation in financing a particular program or project. The principles shall provide that State and federal awards bear their fair share of cost recognized under these principles, except where restricted or prohibited by State or federal law.

(3) Audit and single audit requirements and audit follow-up. In accordance with Subpart F of 2 CFR 200 and the federal Single Audit Act Amendments of 1996, the rules shall set forth standards to obtain consistency and uniformity among State and federal awards.
federal pass-through awarding agencies for the audit of non-federal entities expending State and federal awards. These provisions shall also set forth the policies and procedures for State and federal pass-through entities when using the results of these audits.

The provisions of this item (3) do not apply to for-profit subrecipients because for-profit subrecipients are not subject to the requirements of 2 CFR 200, Subpart F — Audit Requirements - OMB Circular A-133, Audits of States, Local and Non-Profit Organizations. Audits of for-profit subrecipients must be conducted pursuant to a Program Audit Guide issued by the Federal awarding agency. If a Program Audit Guide is not available, the State awarding agency must prepare a Program Audit Guide in accordance with the 2 CFR 200, Subpart F – Audit Requirements - OMB Circular A-133 Compliance Supplement. For-profit entities are subject to all other general administrative requirements and cost principles applicable to grants.

(b) This Act addresses only State and federal pass-through auditing functions and does not address the external audit function of the Auditor General.

(c) For public institutions of higher education, the provisions of this Section apply only to awards funded by State appropriations and federal pass-through awards from a State agency to public institutions of higher education. Federal pass-through awards from a State agency to public institutions of higher education are governed by and must comply with federal guidelines under 2 CFR 200.

(d) The State grant-making agency is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients. The agreement with the for-profit subrecipient shall describe the applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for State and federal pass-through awards made to for-profit subrecipients shall include pre-award, audits, monitoring during the agreement, and post-award audits. The Governor's Office of Management and Budget shall provide such advice and technical assistance to the State grant-making agency as is necessary or indicated.

Sec. 25. Supplemental rules. On or before July 1, 2017, the Governor's Office of Management and Budget, with the advice and technical assistance of the Illinois Single Audit Commission, shall adopt supplemental rules pertaining to the following:

(1) Criteria to define mandatory formula-based grants and discretionary grants.

(2) The award of one-year grants for new applicants.

(3) The award of competitive grants in 3-year terms (one-year initial terms with the option to renew for up to 2 additional years) to coincide with the federal award.

   (A) public notice of announcements of funding opportunities;
   (B) the development of uniform grant applications;
   (C) State agency review of merit of proposals and risk posed by applicants;
   (D) specific conditions for individual recipients (including requiring the use of a fiscal agent and additional corrective conditions);
   (E) certifications and representations;
   (F) pre-award costs;
   (G) performance measures and statewide prioritized goals under Section 50-25 of the State Budget Law of the Civil Administrative Code of Illinois, commonly referred to as "Budgeting for Results"; and
   (H) for mandatory formula grants, the merit of the proposal and the risk posed should result in additional reporting, monitoring, or measures such as reimbursement-basis only.

(5) The development of uniform budget requirements, which shall include:

   (A) mandatory submission of budgets as part of the grant application process;
   (B) mandatory requirements regarding contents of the budget including, at a minimum, common detail line items specified under guidelines issued by the Governor's Office of Management and Budget;

New matter indicated by italics - deletions by strikeout
(C) a requirement that the budget allow flexibility to add lines describing costs that are common for the services provided as outlined in the grant application;

(D) a requirement that the budget include information necessary for analyzing cost and performance for use in Budgeting for Results; and

(E) caps on the amount of salaries that may be charged to grants based on the limitations imposed by federal agencies.

(6) The development of pre-qualification requirements for applicants, including the fiscal condition of the organization and the provision of the following information:

(A) organization name;

(B) Federal Employee Identification Number;

(C) Data Universal Numbering System (DUNS) number;

(D) fiscal condition;

(E) whether the applicant is in good standing with the Secretary of State;

(F) past performance in administering grants;

(H) whether the applicant is or has ever been on the federal Excluded Parties List; and

(I) whether the applicant is or has ever been on the Sanctioned Party List maintained by the Illinois Department of Healthcare and Family Services.

Nothing in this Act affects the provisions of the Fiscal Control and Internal Auditing Act nor the requirement that the management of each State agency is responsible for maintaining effective internal controls under that Act.

For public institutions of higher education, the provisions of this Section apply only to awards funded by State appropriations and federal pass-through awards from a State agency to public institutions of higher education.

Sec. 45. Applicability.

(a) The requirements established under this Act apply to State grant-making agencies that make State and federal pass-through awards to non-federal entities. These requirements apply to all costs related to State and federal pass-through awards. The requirements established under this Act do not apply to private awards.

(a-5) Nothing in this Act shall prohibit the use of State funds for purposes of federal match or maintenance of effort.

(b) The terms and conditions of State, federal, and pass-through awards apply to subawards and subrecipients unless a particular Section of this Act or the terms and conditions of the State or federal award specifically indicate otherwise. Non-federal entities shall comply with requirements of this Act regardless of whether the non-federal entity is a recipient or subrecipient of a State or federal pass-through award. Pass-through entities shall comply with the requirements set forth under the rules adopted under subsection (a) of Section 20 of this Act, but not to any requirements in this Act directed towards State or federal awarding agencies, unless the requirements of the State or federal awards indicate otherwise.

When a non-federal entity is awarded a cost-reimbursement contract, only 2 CFR 200.330 through 200.332 are incorporated by reference into the contract. However, when the Cost Accounting Standards are applicable to the contract, they take precedence over the requirements of this Act unless they are in conflict with Subpart F of 2 CFR 200. In addition, costs that are made unallowable under 10 U.S.C. 2324(e) and 41 U.S.C. 4304(a), as described in the Federal Acquisition Regulations, subpart 31.2 and subpart 31.603, are always unallowable. For requirements other than those covered in Subpart D of 2 CFR 200.330 through 200.332, the terms of the contract and the Federal Acquisition Regulations apply.

With the exception of Subpart F of 2 CFR 200, which is required by the Single Audit Act, in any circumstances where the provisions of federal statutes or regulations differ from the provisions of this Act, the provision of the federal statutes or regulations govern. This includes, for agreements with Indian tribes, the provisions of the Indian Self-Determination and Education and Assistance Act, as amended, 25 U.S.C. 450-458ddd-2.

(c) State grant-making agencies may apply subparts A through E of 2 CFR 200 to for-profit entities, foreign public entities, or foreign organizations, except where the awarding agency determines that the

New matter indicated by italics - deletions by strikeout
application of these subparts would be inconsistent with the international obligations of the United States or the statute or regulations of a foreign government.

(d) 2 CFR 200.101 specifies how 2 CFR 200 is applicable to different types of awards. The same applicability applies to this Act. Except for 2 CFR 200.202 and 200.330 through 200.332; the requirements in Subparts C, D, and E of 2 CFR 200 do not apply to the following programs:

(1) The block grant awards authorized by the Omnibus Budget Reconciliation Act of 1981 (including Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States' Program of Community Development Block Grant Awards for Small Cities; and Elementary and Secondary Education, other than programs administered by the Secretary of Education under Title V, Subtitle D, Chapter 2, Section 583 – the Secretary's discretionary award program) and both the Alcohol and Drug Abuse Treatment and Rehabilitation Block Grant Award (42 U.S.C. 300x-21 to 300x-35 and 42 U.S.C. 300x-51 to 300x-64) and the Mental Health Service for the Homeless Block Grant Award (42 U.S.C. 300x-1 to 300x-9) under the Public Health Services Act.

Sec. 5. Construction, modification, or establishment of health care facilities or acquisition of major medical equipment; permits or exemptions. No person shall construct, modify or establish a health care facility or acquire major medical equipment without first obtaining a permit or exemption from the State Board. The State Board shall not delegate to the staff of the State Board or any other person or entity the authority to grant permits or exemptions whenever the staff or other person or entity would be required to exercise any discretion affecting the decision to grant a permit or exemption. The State Board may, by rule, delegate authority to the Chairman to grant permits or exemptions when applications meet all of the State Board's review criteria and are unopposed.

A permit or exemption shall be obtained prior to the acquisition of major medical equipment or to the construction or modification of a health care facility which:

(a) requires a total capital expenditure in excess of the capital expenditure minimum; or

(b) substantially changes the scope or changes the functional operation of the facility; or

(c) changes the bed capacity of a health care facility by increasing the total number of beds or by distributing beds among various categories of service or by relocating beds from one physical facility or site to another by more than 20 beds or more than 10% of total bed capacity as defined by the State Board, whichever is less, over a 2-year period.

A permit shall be valid only for the defined construction or modifications, site, amount and person named in the application for such permit and shall not be transferable or assignable. The State Board may approve the transfer of an existing permit without regard to whether the permit to be transferred has yet been financially committed, except for

permits to establish a new facility or category of service. A permit shall be valid until such time as the project has been completed, provided that the project commences and proceeds to completion with due diligence by the completion date or extension date approved by the Board.

A permit holder must do the following: (i) submit the final completion and cost report for the project within 90 days after the approved project completion date or extension date and (ii) submit annual progress reports no earlier than 30 days before and no later than 30 days after each anniversary date of the Board's approval of the permit until the project is completed. To maintain a valid permit and to monitor progress toward project commencement and completion, routine post-permit reports shall be limited to annual progress reports and the final completion and cost report. Annual progress reports shall include information regarding the committed funds expended toward the approved project. For projects to be completed in 12 months or fewer, the permit holder shall report financial commitment in the final completion and cost report. For projects to be completed between 12 to 24 months, the permit holder shall report financial commitment in the first annual report. For projects to be completed in more than 24 months the permit holder shall report financial commitment in the second annual progress report. The State Board may extend the expenditure commitment period after considering a permit holder's showing of good cause and request for additional time to complete the project.

The Certificate of Need process required under this Act is designed to restrain rising health care costs by preventing unnecessary construction or modification of health care facilities. The Board must assure that the establishment, construction, or modification of a health care facility or the acquisition of major medical equipment is consistent with the public interest and that the proposed project is consistent with the orderly and economic development or acquisition of those facilities and equipment and is in accord with the standards, criteria, or plans of need adopted and approved by the Board. Board decisions regarding the construction of

health care facilities must consider capacity, quality, value, and equity. Projects may deviate from the costs, fees, and expenses provided in their project cost information for the project's cost components, provided that the final total project cost does not exceed the approved permit amount. Project alterations shall not increase the total approved permit amount by more than the limit set forth under the Board's rules.

Major construction projects, for the purposes of this Act, shall include but are not limited to: projects for the construction of new buildings; additions to existing facilities; modernization projects whose cost is in excess of $1,000,000 or 10% of the facilities' operating revenue, whichever is less; and such other projects as the State Board shall define and prescribe pursuant to this Act.

The acquisition by any person of major medical equipment that will not be owned by or located in a health care facility and that will not be used to provide services to inpatients of a health care facility shall be exempt from review provided that a notice is filed in accordance with exemption requirements.

(20 ILCS 3960/13) (from Ch. 111 1/2, par. 1163)

Sec. 13. Investigation of applications for permits and certificates of recognition. The State Board shall make or cause to be made such investigations as it deems necessary in connection with an application for a permit or an application for a certificate of recognition, or in connection with a determination of whether or not construction or modification that which has been commenced is in accord with the permit issued by the State Board, or whether construction or modification has been commenced without a permit having been obtained. The State Board may issue subpoenas duces tecum requiring the production of records and may administer oaths to such witnesses.

Any circuit court of this State, upon the application of the State Board or upon the application of any party to such proceedings, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before the State Board, by a proceeding as for contempt, or otherwise, in the same manner as production of evidence may be compelled before the court.

The State Board shall require all health facilities operating in this State to provide such reasonable reports at such times and containing such information as is needed by it to carry out the purposes and provisions of this Act. Prior to collecting information from health facilities, the State Board shall make reasonable efforts through a public process to consult with health facilities and associations that represent them to determine whether data and information requests will result in useful information for health planning, whether sufficient information is available from other sources, and whether data requested is routinely collected by health facilities and is available without retrospective record review. Data and

information requests shall not impose undue paperwork burdens on health care facilities and personnel. Health facilities not complying with this requirement shall be reported to licensing, accrediting, certifying, or payment agencies as being in violation of State law. Health care facilities and other parties at interest shall have reasonable access, under rules established by the State Board, to all planning information submitted in accord with this Act pertaining to their area.

Among the reports to be required by the State Board are facility questionnaires for health care facilities licensed under the Ambulatory Surgical Treatment Center Act, the Hospital Licensing Act, the Nursing Home Care Act, the ID/DD Community Care Act, the MC/DD Act, the Specialized Mental Health Rehabilitation Act of 2013, or the End Stage Renal Disease Facility Act. These questionnaires shall be conducted on an annual basis and compiled by the State Board. For health care facilities licensed under the Nursing Home Care Act or the Specialized Mental Health Rehabilitation Act of 2013, these reports shall include, but not be limited to, the identification of specialty services provided by the facility to patients, residents, and the community at large. Annual reports for facilities licensed under the ID/DD Community Care Act and facilities licensed under the MC/DD Act shall be different from the annual reports required of other health care facilities and shall be specific to those facilities licensed under the ID/DD Community Care Act or the MC/DD Act. The Health Facilities and Services Review Board shall consult with associations representing facilities licensed under the ID/DD Community Care Act and associations representing facilities licensed under the MC/DD Act when developing the information requested in these annual reports. For health care facilities that contain long term care beds, the reports shall also include the number of staffed long term care beds, physical capacity for long term care beds at the facility, and long term care beds available for immediate occupancy. For purposes of this paragraph, "long term care beds" means beds (i) licensed under the Nursing Home Care Act, (ii) licensed under the ID/DD Community Care Act, (iii) licensed under the MC/DD Act, (iv) licensed under the Hospital Licensing Act, or (v) licensed under the Specialized Mental Health Rehabilitation Act of 2013 and certified as skilled nursing or nursing facility beds under Medicaid or Medicare.

   (1) The acquisition of major medical equipment without a permit or in violation of the terms of a permit.

   (2) The establishment, construction, modification, or change of ownership of a health care facility without a permit or exemption or in violation of the terms of a permit.

For facilities licensed under the Nursing Home Care Act, no permit shall be denied on the basis of prior operator history, other than for: (i) actions specified under item (2), (3), (4), (5), or (6) of Section 3-117 of the Nursing Home Care Act; (ii) actions specified under item (a)(6) of Section 3-119 of the Nursing Home Care Act; or (iii) actions within the preceding 5 years constituting a substantial and repeated failure to comply with the Nursing Home Care Act or the rules and regulations adopted by the Department under that Act. substantially comply with a mandatory or voluntary plan of correction associated with any action described in this subsection (a-5).

(b) Persons shall be subject to fines as follows:

(1) A permit holder who fails to comply with the requirements of maintaining a valid permit shall be fined an amount not to exceed 1% of the approved permit amount plus an additional 1% of the approved permit amount for each 30-day period, or fraction thereof, that the violation continues.

(2) A permit holder who alters the scope of an approved project or whose project costs exceed the allowable permit amount without first obtaining approval from the State Board shall be fined an amount not to exceed the sum of (i) the lesser of $25,000 or 2% of the approved permit amount and (ii) in those cases where the approved permit amount is exceeded by more than $1,000,000, an additional $20,000 for each $1,000,000, or fraction thereof, in excess of the approved permit amount.

This fine shall continue to accrue until the date that (i) the post-permit requirements are met and the post-permit or post-exemption reports are received by the State Board or (ii) the matter is referred by the State Board to the State Board's legal counsel. The accrued fine is not waived by the permit or exemption holder submitting the required information and reports. Prior to any fine beginning to accrue, the Board shall notify, in writing, a permit or exemption holder of the due date for the post-permit and reporting requirements no later than 30 days before the due date for the requirements. The exemption letter shall serve as the notice for exemptions. This paragraph (2.5) takes effect 6 months after August 27, 2012 (the effective date of Public Act 97-1115).

(3) A person who acquires major medical equipment or who establishes a category of service without first obtaining a permit or exemption, as the case may be, shall be fined an amount not to exceed $10,000 for each such acquisition or category of service established plus an additional $10,000 for each 30-day period, or fraction thereof, that the violation continues.
(4) A person who constructs, modifies, establishes, or changes ownership of a health care facility without first obtaining a permit or exemption shall be fined an amount not to exceed $25,000 plus an additional $25,000 for each 30-day period, or fraction thereof, that the violation continues.

(5) A person who discontinues a health care facility or a category of service without first obtaining a permit or exemption shall be fined an amount not to exceed $10,000 plus an additional $10,000 for each 30-day period, or fraction thereof, that the violation continues. For purposes of this subparagraph (5), facilities licensed under the Nursing Home Care Act, the ID/DD Community Care Act, or the MC/DD Act, with the exceptions of facilities operated by a county or Illinois Veterans Homes, are exempt from this permit requirement. (b-5) The State Board may accept in-kind services or donations instead of or in combination with the imposition of a fine. This authorization is limited to cases where the non-compliant individual or entity has waived the right to an administrative hearing or opportunity to appear before the Board regarding the non-compliant matter.

(c) Before imposing any fine authorized under this Section, the State Board shall afford the person or permit holder, as the case may be, an appearance before the State Board and an opportunity for a hearing before a hearing officer appointed by the State Board. The hearing shall be...

(e) Fines imposed under this Section shall continue to accrue until: (i) the date that the matter is referred by the State Board to the Board's legal counsel; or (ii) the date that the health care facility becomes compliant with the Act, whichever is earlier.

Section 5. The Illinois Vehicle Code is amended by changing
Section 13-109 as follows:
(625 ILCS 5/13-109) (from Ch. 95 1/2, par. 13-109)

Sec. 13-109. Safety test prior to application for license - Subsequent tests - Repairs - Retest.
(a) Except as otherwise provided in Chapter 13, each second division vehicle, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, and medical transport vehicle, except those vehicles other than school buses or medical transport vehicles owned or operated by a municipal corporation or political subdivision having a population of 1,000,000 or more inhabitants which are subjected to safety tests imposed by local ordinance or resolution, operated in whole or in part over the highways of this State, motor vehicle used for driver education training, and each vehicle designed to carry 15 or fewer passengers operated by a contract carrier transporting employees in the course of their employment on a highway of this State, shall be subjected to the safety test provided for in Chapter 13 of this Code. Tests shall be conducted at an official testing station within 6 months prior to the application for registration as provided for in this Code. Subsequently each vehicle shall be subject to tests (i) at least every 6 months, (ii) in the case of school buses and first division vehicles including taxis which are used for a purpose that requires a school bus driver permit, at least every 6 months or 10,000 miles, whichever occurs first, (iii) in the case of driver education vehicles used by public high schools, at least every 12 months for vehicles over 5 model years of age or having an odometer reading of over 75,000 miles, whichever occurs first, or (iv) in the case of truck tractors, semitrailers, and property-carrying vehicles registered for a gross weight of more than 10,000 pounds but less than 26,001 pounds, in combination with a semitrailer, at least every 12 months, and according to schedules established by rules and regulations promulgated by the Department. Any component subject to regular inspection which is

damaged in a reportable accident must be reinspected before the bus or first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit is returned to service.

(b) The Department shall also conduct periodic nonscheduled inspections of school buses, of buses registered as charitable vehicles and of religious organization buses. If such inspection reveals that a vehicle is not in substantial compliance with the rules promulgated by the Department, the Department shall remove the Certificate of Safety from the vehicle, and shall place the vehicle out-of-service. A bright orange, triangular decal shall be placed on an out-of-service vehicle where the Certificate of Safety has been removed. The vehicle must pass a safety test at an official testing station before it is again placed in service.

(c) If the violation is not substantial a bright yellow, triangular sticker shall be placed next to the Certificate of Safety at the time the nonscheduled inspection is made. The Department shall reinspect the vehicle after 3 working days to determine that the violation has been corrected and remove the yellow, triangular decal. If the violation is not corrected within 3 working days, the Department shall place the vehicle out-of-service in accordance with procedures in subsection (b).

(d) If a violation is not substantial and does not directly affect the safe operation of the vehicle, the Department shall issue a warning notice requiring correction of the violation. Such correction shall be accomplished as soon as practicable and a report of the correction shall be made to the Department within 30 days in a manner established by the Department. If the Department has not been advised that the corrections have been made, and the violations still exist, the Department shall place the vehicle out-of-service in accordance with procedures in subsection (b).

(e) The Department is authorized to promulgate regulations to implement its program of nonscheduled inspections. Causing or allowing the operation of an out-of-service vehicle with passengers or unauthorized removal of an out-of-service sticker is a Class 3 felony. Causing or allowing the operation of a vehicle with a 3-day sticker for longer than 3 days with the sticker attached or the unauthorized removal of a 3-day sticker is a Class C misdemeanor.

(f) If a second division vehicle, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, medical transport vehicle, or vehicle operated by a contract carrier as provided in subsection (a) of this Section is in safe mechanical condition, as determined pursuant to Chapter 13, the operator of the official testing station
station must at once issue to the second division vehicle, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, or medical transport vehicle a certificate of safety, in the form and manner prescribed by the Department, which shall be affixed to the vehicle by the certified safety tester who performed the safety tests. The owner of the second division vehicle, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, or medical transport vehicle or the contract carrier shall at all times display the Certificate of Safety on the second division vehicle, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, medical transport vehicle, or vehicle operated by a contract carrier in the manner prescribed by the Department.

(g) If a test shows that a second division vehicle, first division vehicle including a taxi which is used for a purpose that requires a school bus driver permit, medical transport vehicle, or vehicle operated by a contract carrier is not in safe mechanical condition as provided in this Section, it shall not be operated on the highways until it has been repaired and submitted to a retest at an official testing station. If the owner or contract carrier submits the vehicle to a retest at a different official testing station from that where it failed to pass the first test, he or she shall present to the operator of the second station the report of the original test, and shall notify the Department in writing, giving the name and address of the original testing station and the defects which prevented the issuance of a Certificate of Safety, and the name and address of the second official testing station making the retest.

After notice is given as required in this Section a copy thereof shall be filed in the office of the clerk of the court entering the judgment, together with a certificate of counsel or other proof that notice has been served in compliance with this Section.

(4) The party who gives notice of public sale in accordance with subsection (c) of Section 15-1507 shall again give notice in accordance with that Section of any adjourned sale; provided, however, that if the adjourned sale is to occur less than 60 days after the last scheduled sale, notice of any adjourned sale need not be given pursuant to this Section. In the event of adjournment, the person conducting the sale shall, upon adjournment, announce the

Notwithstanding any language to the contrary, for any adjourned sale that is to be conducted more than 60 days after the date on which it was to first be held, the party giving notice of such sale shall again give notice in accordance with this Section.

The Certificate of Sale shall be freely assignable by endorsement thereon.

(g) Interest after Sale. Any bid at sale shall be deemed to include, without the necessity of a court order, interest at the statutory judgment rate on any unpaid portion of the sale price from the date of sale to the date of payment.

(a) As used in this Section:
"Applicant" means a corporation, partnership, limited liability company, or a natural person that makes an investment in a qualified new business venture. The term "applicant" does not include (i) a corporation, partnership, limited liability company, or a natural person who has a direct or indirect ownership interest of at least 51% in the profits, capital, or value of the qualified new business venture receiving the investment or (ii) a related member.

"Claimant" means an applicant certified by the Department who files a claim for a credit under this Section.

"Department" means the Department of Commerce and Economic Opportunity.

"Investment" means money (or its equivalent) given to a qualified new business venture, at a risk of loss, in consideration for an equity interest of the qualified new business venture. The Department may adopt rules to permit certain forms of contingent equity investments to be considered eligible for a tax credit under this Section.

"Qualified new business venture" means a business that is registered with the Department under this Section.

"Related member" means a person that, with respect to the applicant, is any one of the following:

(1) An individual, if the individual and the members of the individual's family (as defined in Section 318 of the Internal Revenue Code) own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the value of the

outstanding profits, capital, stock, or other ownership interest in the qualified new business venture that is the recipient of the applicant's investment.

(2) A partnership, estate, or trust and any partner or beneficiary, if the partnership, estate, or trust and its partners or beneficiaries own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the profits, capital, stock, or other ownership interest in the qualified new business venture that is the recipient of the applicant's investment.

(3) A corporation, and any party related to the corporation in a manner that would require an attribution of stock from the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the applicant and any other related member own, in the aggregate, directly, indirectly, beneficially, or constructively, at least 50% of the value of the corporation's outstanding stock of the qualified new business venture that is the recipient of the applicant's investment.

(4) A corporation and any party related to that corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the corporation and all such related parties own, in the aggregate, at least 50% of the profits, capital, stock, or other ownership interest in the qualified new business venture that is the recipient of the applicant's investment.

(5) A person to or from whom there is attribution of stock ownership of stock in the qualified new business venture that is the recipient of the applicant's investment in accordance with Section 1563(e) of the Internal Revenue Code, except that for purposes of determining whether a person is a related member under this paragraph, "20%" shall be substituted for "5%" whenever "5%" appears in Section 1563(e) of the Internal Revenue Code.

(b) For taxable years beginning after December 31, 2010, and ending on or before December 31, 2021, subject to the limitations provided in this Section, a claimant may claim, as a credit against the tax imposed under subsections (a) and (b) of Section 201 of this Act, an amount equal to 25% of the claimant's investment made directly in a qualified new business venture. In order for an investment in a qualified new business venture to be eligible for tax credits, the business must have
applied for and received certification under subsection (e) for the taxable year in which the investment was made prior to the date on which the investment was made. The credit under this Section may not exceed the taxpayer's Illinois income tax liability for the taxable year. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first. In the case of a partnership or Subchapter S Corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

(c) The minimum amount an applicant must invest in any single qualified new business venture in order to be eligible for a credit under this Section is $10,000. The maximum amount of an applicant's total investment made in any single qualified new business venture that may be used as the basis for a credit under this Section is $2,000,000.

(d) The Department shall implement a program to certify an applicant for an angel investment credit. Upon satisfactory review, the Department shall issue a tax credit certificate stating the amount of the tax credit to which the applicant is entitled. The Department shall annually certify that: (i) each qualified new business venture that receives an angel investment under this Section has maintained a minimum employment threshold, as defined by rule, in the State (and continues to maintain a minimum employment threshold in the State for a period of no less than 3 years from the issue date of the last tax credit certificate issued by the Department with respect to such business pursuant to this Section); and (ii) the claimant's investment has been made and remains, except in the event of a qualifying liquidity event, in the qualified new business venture for no less than 3 years.

If an investment for which a claimant is allowed a credit under subsection (b) is held by the claimant for less than 3 years, other than as a result of a permitted sale of the investment to person who is not a related member, the claimant shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that the claimant received related to the subject investment.
If the Department determines that a qualified new business venture failed to maintain a minimum employment threshold in the State through the date which is 3 years from the issue date of the last tax credit certificate issued by the Department with respect to the subject business pursuant to this Section, the claimant or claimants shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that claimant or claimants received related to investments in that business.

(e) The Department shall implement a program to register qualified new business ventures for purposes of this Section. A business desiring registration under this Section shall be required to submit a full and complete application to the Department. A submitted application shall be effective only for the taxable year in which it is submitted, and a business desiring registration under this Section shall be required to submit a separate application in and for each taxable year for which the business desires registration. Further, if at any time prior to the acceptance of an application for registration under this Section by the Department one or more events occurs which makes the information provided in that application materially false or incomplete (in whole or in part), the business shall promptly notify the Department of the same. Any failure of a business to promptly provide the foregoing information to the Department may, at the discretion of the Department, result in a revocation of a previously approved application for that business, or disqualification of the business from future registration under this Section, or both. The Department may register the business only if all of the following conditions are satisfied:

1. it has its principal place of business in this State;
2. at least 51% of the employees employed by the business are employed in this State;
3. the business has the potential for increasing jobs in this State, increasing capital investment in this State, or both, as determined by the Department, and either of the following apply:
   A. it is principally engaged in innovation in any of the following: manufacturing; biotechnology; nanotechnology; communications; agricultural sciences; clean energy creation or storage technology; processing or assembling products, including medical devices, pharmaceuticals, computer software, computer hardware, semiconductors, other innovative technology products, or
(B) it is undertaking pre-commercialization activity related to proprietary technology that includes conducting research, developing a new product or business process, or developing a service that is principally reliant on applying proprietary technology;

(4) it is not principally engaged in real estate development, insurance, banking, lending, lobbying, political consulting, professional services provided by attorneys, accountants, business consultants, physicians, or health care consultants, wholesale or retail trade, leisure, hospitality, transportation, or construction, except construction of power production plants that derive energy from a renewable energy resource, as defined in Section 1 of the Illinois Power Agency Act;

(5) at the time it is first certified:
   (A) it has fewer than 100 employees;
   (B) it has been in operation in Illinois for not more than 10 consecutive years prior to the year of certification; and
   (C) it has received not more than $10,000,000 in aggregate investments;

(5.1) it agrees to maintain a minimum employment threshold in the State of Illinois prior to the date which is 3 years from the issue date of the last tax credit certificate issued by the Department with respect to that business pursuant to this Section;

(6) (blank); and

(7) it has received not more than $4,000,000 in investments that qualified for tax credits under this Section.

(f) The Department, in consultation with the Department of Revenue, shall adopt rules to administer this Section. The aggregate amount of the tax credits that may be claimed under this Section for investments made in qualified new business ventures shall be limited at $10,000,000 per calendar year, of which $500,000 shall be reserved for investments made in qualified new business ventures which are "minority-owned businesses", "women-owned businesses", or "businesses owned by a person with a disability" (as those
terms are used and defined in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act), and an additional $500,000 shall be reserved for investments made in qualified new business ventures with their principal place of business in counties with a population of not more than 250,000. The foregoing annual allowable amounts shall be allocated by the Department, on a per calendar quarter basis and prior to the commencement of each calendar year, in such proportion as determined by the Department, provided that: (i) the amount initially allocated by the Department for any one calendar quarter shall not exceed 35% of the total allowable amount; and (ii) any portion of the allocated allowable amount remaining unused as of the end of any of the first 3 or 4 calendar quarters of a given calendar year shall be rolled into, and added to, the total allocated amount for the next available calendar quarter; and (iii) the reservation of tax credits for investments in minority-owned businesses, women-owned businesses, businesses owned by a person with a disability, and in businesses in counties with a population of not more than 250,000 is limited to the first 3 calendar quarters of a given calendar year, after which they may be claimed by investors in any qualified new business venture.

(g) A claimant may not sell or otherwise transfer a credit awarded under this Section to another person.

(h) On or before March 1 of each year, the Department shall report to the Governor and to the General Assembly on the tax credit certificates awarded under this Section for the prior calendar year.

(1) This report must include, for each tax credit certificate awarded:

(A) the name of the claimant and the amount of credit awarded or allocated to that claimant;
(B) the name and address (including the county) of the qualified new business venture that received the investment giving rise to the credit, the North American Industry Classification System (NAICS) code applicable to that qualified new business venture, and the number of employees of the qualified new business venture; and
(C) the date of approval by the Department of each claimant's tax credit certificate.

(2) The report must also include:

(A) the total number of applicants and the total number of claimants, including the amount of each tax credit awarded;

(B) the total number of applications from businesses seeking registration under this Section, the total number of new qualified business ventures registered by the Department, and the aggregate amount of investment upon which tax credit certificates were issued in the prior calendar year; and

(C) the total amount of tax credit certificates sought by applicants, the amount of each tax credit certificate issued to a claimant, the aggregate amount of all tax credit certificates issued in the prior calendar year and the aggregate amount of tax credit certificates issued as authorized under this Section for all calendar years.

(i) For each business seeking registration under this Section after December 31, 2016, the Department shall require the business to include in its application the North American Industry Classification System (NAICS) code applicable to the business and the number of employees of the business at the time of application. Each business registered by the Department as a qualified new business venture that receives an investment giving rise to the issuance of a tax credit certificate pursuant to this Section shall, for each of the 3 years following the issue date of the last tax credit certificate issued by the Department with respect to such business pursuant to this Section, report to the Department the following:

(1) the number of employees and the location at which those employees are employed, both as of the end of each year;

(2) the amount of additional new capital investment raised as of the end of each year, if any; and

(3) the terms of any liquidity event occurring during such year; for the purposes of this Section, a "liquidity event" means any event that would be considered an exit for an illiquid investment, including any event that allows the equity holders of the business (or any material portion thereof) to cash out some or all of their respective equity interests.

In determining the application of the provisions of this paragraph in situations where a person could be covered by the association of more than one state, whether as an owner, payee, enrollee, beneficiary, or assignee, this Article shall be construed in conjunction with other state laws to result in coverage by only one association.

If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this Section, the interest or change in value determined by using the procedures defined in the policy or contract will be credited as if the contractual date of crediting interest or changing values was the date of impairment or insolvency, whichever is earlier, and will not be subject to forfeiture; or
(xv) that portion or part of a variable life insurance or variable annuity contract not guaranteed by a member insurer.
(c) The exclusion from coverage referenced in subdivision (iii) of paragraph (b) of this subsection shall not apply to any portion of a policy

(3) The benefits for which the Association may become liable shall in no event exceed the lesser of:

(ii) with respect to each individual participating in a governmental retirement benefit plan established under Section Sections 401, 403(b), or 457 of the U.S. Internal Revenue Code covered by an unallocated annuity contract or the beneficiaries of each such individual if deceased, in the aggregate, $250,000 in present value annuity benefits, including net cash surrender and net cash withdrawal values;

(iii) with respect to each payee of a structured settlement annuity or beneficiary or beneficiaries of the payee if deceased, $250,000 in present value annuity benefits, in the aggregate,
including net cash surrender and net cash withdrawal values, if any; or

(iv) with respect to either (1) one contract owner provided coverage under subparagraph (ii) of paragraph (c) of subsection (1) of this Section or (2) one plan sponsor whose plans own directly or in trust one or more unallocated annuity contracts not included in subparagraph (ii) of paragraph (b) of this subsection, $5,000,000 in benefits, irrespective of the number of contracts with respect to the contract owner or plan sponsor. However, in the case where one or more unallocated annuity contracts are covered contracts under this Article and are owned by a trust or other entity for the benefit of 2 or more plan sponsors, coverage shall be afforded by the Association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in this State. In no event shall the Association be obligated to cover more than $5,000,000 in benefits with respect to all these unallocated contracts.

In no event shall the Association be obligated to cover more than (1) an aggregate of $300,000 in benefits with respect to any one life under subparagraphs (i), (ii), and (iii) of this paragraph (b) except with respect to benefits for health benefit plans basic hospital, medical, and surgical insurance and major medical insurance under item (B) of subparagraph (i) of this paragraph (b), in which case the aggregate liability of the Association shall not exceed $500,000 with respect to any one individual or (2) with respect to one owner of multiple nongroup policies of life insurance, whether the policy or contract owner is an individual, firm, corporation, or other person and whether the persons insured are officers, managers, employees, or other persons, $5,000,000 in benefits, regardless of the number of policies and contracts held by the owner.

The limitations set forth in this subsection are limitations on the benefits for which the Association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the Association's obligations under this Article may be met by the use of assets attributable to covered policies or reimbursed to the Association pursuant to its subrogation and assignment rights.

For purposes of this Article, benefits provided by a long-term care rider to a life insurance policy or annuity contract shall be considered the

same type of benefits as the base life insurance policy or annuity contract to which it relates.

(4) In performing its obligations to provide coverage under Section 531.08 of this Code, the Association shall not be required to guarantee, assume, reinsure, reissue, or perform or cause to be guaranteed, assumed, reinsured, reissued, or performed the contractual obligations of the insolvent or impaired insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract.

Sec. 531.09. Assessments.

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the Association, the board of directors shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. Assessments shall be due not less than 30 days after written notice to the member insurers and shall accrue interest from the due date at such adjusted rate as is established under Section 6621 of Chapter 26 of the United States Code and such interest shall be compounded daily.

(2) There shall be 2 classes of assessments, as follows:

(a) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses and examinations conducted under the authority of the Director under subsection (5) of Section 531.12.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the Association under Section 531.08 with regard to an impaired or insolvent domestic insurer or insolvent foreign or alien insurers.

(3)(a) The amount of any Class A assessment shall be determined at the discretion of the board of directors and such assessments shall be authorized and called on a non-pro rata basis. The amount of any Class B assessment, except for assessments related to long-term care insurance, shall be allocated for assessment purposes among the accounts and subaccounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

(b) Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this State by each assessed member insurer on policies or contracts covered by each account or subaccount for the three most recent calendar years for which information is available preceding the year in which the member insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this State for such calendar years by all assessed member insurers.

(b-5) The amount of the Class B assessment for long-term care insurance written by the impaired or insolvent insurer shall be allocated according to a methodology included in the plan of operation and approved by the Director. The methodology shall provide for 50% of the assessment to be allocated to accident and health member insurers and 50% to be allocated to life and annuity member insurers.

(c) Assessments for funds to meet the requirements of the Association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this Article. Classification of assessments under subsection (2) and computations of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The Association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated or deferred in whole or in part the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this Section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred pursuant to a repayment plan approved by the Association.

(5) (a) Subject to the provisions of subparagraph (ii) of this paragraph, the total of all assessments authorized by the Association with respect to a member insurer for each subaccount of the life insurance and annuity account and for the health account shall not in one calendar year exceed 2% of that member insurer's average annual premiums received in this State on the policies and contracts covered by the subaccount or account during the 3 calendar years preceding the year in which the member insurer became an impaired or insolvent insurer.

If 2 or more assessments are authorized in one calendar year with respect to member insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subparagraph (a) of this paragraph shall be equal and limited to the higher of the 3-year average annual premiums for the applicable subaccount or account as calculated pursuant to this Section.

If the maximum assessment, together with the other assets of the Association in an account, does not provide in one year in either account an amount sufficient to carry out the responsibilities of the Association, the necessary additional funds shall be assessed as soon thereafter as permitted by this Article.

(b) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(c) If the maximum assessment for a subaccount of the life insurance and annuity account in one year does not provide an amount sufficient to carry out the responsibilities of the Association, then pursuant to paragraph (b) of subsection (3), the board shall assess the other subaccounts of the life insurance and annuity account for the necessary additional amount, subject to the maximum stated in paragraph (a) of this subsection.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each member insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the Association with regard to that account, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the Association and for future losses.

(7) An assessment is deemed to occur on the date upon which the board votes such assessment. The board may defer calling the payment of the assessment or may call for payment in one or more installments.

(8) It is proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance or health maintenance organization business within the scope of this Article, to consider the amount reasonably necessary to meet its assessment obligations under this Article.

All outstanding certificates are of equal dignity and priority without reference to amounts or dates of issue. - 80% for the second calendar year after the year of issuance;
- 60% for the third calendar year after the year of issuance;
- 40% for the fourth calendar year after the year of issuance;
- 20% for the fifth calendar year after the year of issuance.

(a) a member insurer that wishes to protest all or part of an assessment shall pay when due the full amount of the assessment as set forth in the notice provided by the Association. The payment shall be available to meet Association obligations during the pendency of the protest or any subsequent appeal. Payment shall be accompanied by a statement in writing that the payment is made under protest and setting forth a brief statement of the grounds for the protest;

(b) within 30 days following the payment of an assessment under protest by any protesting member insurer, the Association must notify the member insurer in writing of its determination with respect to the protest unless the Association notifies the member that additional time is required to resolve the issues raised by the protest;

(d) the decision of the Association with respect to a protest may be appealed to the Director pursuant to Section 531.11(3);

(e) in the alternative to rendering a decision with respect to any protest based on a question regarding the assessment base, the Association may refer such protests to the Director for final decision, with or without a recommendation from the Association; and

(f) interest on any refund due a protesting member insurer shall be paid at the rate actually earned by the Association.
(5) The plan of operation may provide that any or all powers and duties of the Association, except those under paragraph (3) (c) of subsection (n) of Section 531.08 and Section 531.09 are delegated to a corporation, association or other organization which performs or will perform functions similar to those of this Association, or its equivalent, in 2 or more states. Such a corporation, association or organization shall be reimbursed for any payments made on behalf of the Association and shall be paid for its performance of any function of the Association. A delegation under this subsection shall take effect only with the approval of both the Board of Directors and the Director, and may be made only to a corporation, association or organization which extends protection not substantially less favorable and effective than that provided by this Act.

(5) The board of directors shall, at the conclusion of any member insurer insolvency in which the Association was obligated to pay covered claims prepare a report to the Director containing such information as it may have in its possession bearing on the history and causes of such insolvency. The board shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes for insolvency of a particular member insurer, and may adopt by reference any report prepared by such other associations.

Sec. 531.13. Tax offset. In the event the aggregate Class A, B and C assessments for all member insurers do not exceed $3,000,000 in any one calendar year, no member insurer shall receive a tax offset. (215 ILCS 5/531.14) (from Ch. 73, par. 1065.80-14)

(1) Nothing in this Article may be construed to reduce the liability for unpaid assessments of the insured of an impaired or insolvent insurer operating under a plan with assessment liability.

(2) Records must be kept of all negotiations and meetings in which the Association or its representatives are involved to discuss the activities of the Association in carrying out its powers and duties under Section 531.08. Records of such negotiations or meetings may be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction. Nothing in this paragraph (2) limits the duty of the Association to render a report of its activities under Section 531.15.

(3) For the purpose of carrying out its obligations under this Article, the Association is deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies or contracts reduced by any amounts to which the Association is entitled as subrogee (under subsection (m) paragraph (8) of Section 531.08). All assets of the impaired or insolvent insurer attributable to covered policies or contracts must be used to continue all covered policies and pay all contractual obligations of the impaired insurer as required by this Article. "Assets attributable to covered policies or contracts", as used in this paragraph (3), is that proportion of the assets which the reserves that should have been established for such policies or contracts bear to the reserve that should have been established for all policies of insurance or health benefit plans written by the impaired or insolvent insurer.

(4) (a) Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the Association, the
shareholders, contract owners, certificate holders, enrollees, and policy owners of the impaired or insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such impaired or insolvent insurer. In such a determination, consideration must be given to the welfare of the policy owners, contract owners, certificate holders, and enrollees of the continuing or successor insurer.

(b) No distribution to stockholders, if any, of an impaired or insolvent insurer may be made until and unless the total amount of valid claims of the Association for funds expended with interest in carrying out its powers and duties under Section 531.08, with respect to such member insurer have been fully recovered by the Association.

(5) (a) If an order for liquidation or rehabilitation of a member insurer domiciled in this State has been entered, the receiver appointed under such order has a right to recover on behalf of the member insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the member insurer on its capital stock, made at any time during the 5 years preceding the petition for liquidation or rehabilitation subject to the limitations of paragraphs (b) to (d).

(b) No such dividend is recoverable if the member insurer shows that when paid the distribution was lawful and reasonable, and that the member insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the member insurer to fulfill its contractual obligations.

(c) Any person who as an affiliate that controlled the member insurer at the time the distributions were paid is liable up to the amount of distributions he received. Any person who was an affiliate that controlled the member insurer at the time the distributions were declared, is liable up to the amount of distributions he would have received if they had been paid immediately. If 2 persons are liable with respect to the same distributions, they are jointly and severally liable.

(d) The maximum amount recoverable under subsection (5) of this Section is the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.

(e) If any person liable under paragraph (c) of subsection (5) of this Section is insolvent, all its affiliates that controlled it at the time the dividend was paid are jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.
(6) As a creditor of the impaired or insolvent insurer as established in subsection (3) of this Section and consistent with subsection (2) of Section 205 of this Code, the Association and other similar associations shall be entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this Article. If the liquidator has not, within 120 days after a final determination of insolvency of a member insurer by the receivership court, made an application to the court for the approval of a proposal to disburse assets out of marshaled assets to guaranty associations having obligations because of the insolvency, then the Association shall be entitled to make application to the receivership court for approval of its own proposal to disburse these assets.

(215 ILCS 5/531.19) (from Ch. 73, par. 1065.80-19)

(a) No person, including a member insurer, agent or affiliate of a member insurer shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in any newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio station or television station, or in any other way, any advertisement, announcement or statement, written or oral, which uses the existence of the Insurance Guaranty Association of this State for the purpose of sales, solicitation or inducement to purchase any form of insurance or other coverage covered by this Article; provided, however, that this Section shall not apply to the Illinois Life and Health Guaranty Association or any other entity which does not sell or solicit insurance or coverage by a health maintenance organization.

(b) Within 180 days of August 16, 1993, the Association shall prepare a summary document describing the general purposes and current limitations of this Article and complying with subsection (c). This document shall be submitted to the Director for approval. Sixty days after receiving approval, no member insurer may deliver a policy or contract described in subparagraph (a) of paragraph (2) of Section 531.03 and not excluded under subparagraph (b) of that Section to a policy owner, or contract owner, certificate holder, or enrollee unless the document is delivered to the policy owner, or contract owner, certificate holder, or

enrollee prior to or at the time of delivery of the policy or contract. The
document should also be available upon request by a policy owner, 
contract owner, certificate holder, or enrollee policyholder. The
distribution, delivery, or contents or interpretation of this document shall
not mean that either the policy or the contract or the policy owner, contract
owner, certificate holder, or enrollee thereof would be covered in the
event of the impairment or insolvency of a member insurer. The
description document shall be revised by the Association as amendments
to this Article may require. Failure to receive this document does not give
the policy owner, policyholder, contract owner, certificate holder,
enrollee, or insured any greater rights than those stated in this Article.

(c) The document prepared under subsection (b) shall contain a
clear and conspicuous disclaimer on its face. The Director shall
promulgate a rule establishing the form and content of the disclaimer. The
disclaimer shall:

(1) State the name and address of the Life and Health
Insurance Guaranty Association and of the Department.

(2) Prominently warn the policy owner, contract owner, 
certificate holder, or enrollee that the Life and Health Insurance
Guaranty Association may not cover the policy or contract or, if
coverage is available, it will be subject to substantial limitations
and exclusions and conditioned on continued residence in the
State.

(3) State that the member insurer and its agents are
prohibited by law from using the existence of the Life and Health
Insurance Guaranty Association for the purpose of sales,
solicitation, or inducement to purchase any form of insurance or
health maintenance organization coverage.

(4) Emphasize that the policy owner, contract owner, 
certificate holder, or enrollee should not rely on coverage under
the Life and Health Insurance Guaranty Association when selecting
an insurer or health maintenance organization.

(5) Provide other information as directed by the Director.

Health Maintenance Organization Guaranty Association with and into the Illinois Life and Health Insurance Guaranty Association, the following shall apply:

The Illinois Life and Health Insurance Guaranty Association shall adopt changes to its plan of operation which reasonably accomplish this.

(5) Any action or proceeding pending by or against the Illinois Health Maintenance Organization Guaranty Association may be prosecuted to judgment.

(6) Notwithstanding any other provision to the contrary in this Article:

(A) It is the intent of this Section to preserve only the rights, powers, privileges, assets, property, debts, obligations, and liabilities of the Illinois Health Maintenance Organization Guaranty Association as they existed on the date of its merger into the Illinois Life and Health Insurance Guaranty Association, and not to provide contract owners, certificate holders, enrollees and policy owners, or their respective payees, beneficiaries, or assignees, with duplicative or new rights, powers, privileges, assets, or property.

(B) Accordingly, no contract owner, certificate holder, enrollee and policy owner, and no contract owner's, certificate holder's, enrollee's or policy owner's payee, beneficiary, or assignee, shall be entitled to (i) a recovery from the Illinois Life and Health Insurance Guaranty Association that is duplicative of a previous recovery from the Illinois Health Maintenance Organization Guaranty Association or (ii) a recovery from the Illinois Life and Health Insurance Guaranty Association on account of a claim against the Illinois Health Maintenance Organization Guaranty Association where the Illinois Life and Health Insurance Guaranty Association is liable with respect to a claim under the same policy or contract under this Article.

PUBLIC ACT 100-0689
(House Bill No. 5257)

AN ACT concerning juveniles.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Section 35.1 as follows:

(20 ILCS 505/35.1) (from Ch. 23, par. 5035.1)
Sec. 35.1. The case and clinical records of patients in Department supervised facilities, youth in care, children receiving or applying for child welfare services, persons receiving or applying for other services of the Department, and Department reports of injury or abuse to children shall not be open to the general public. Such case and clinical records and reports or the information contained therein shall be disclosed by the Director of the Department to juvenile authorities when necessary for the discharge of their official duties who request information concerning the minor and who certify in writing that the information will not be disclosed to any other party except as provided under law or order of court. For purposes of this Section, "juvenile authorities" means: (i) a judge of the circuit court and members of the staff of the court designated by the judge; (ii) parties to the proceedings under the Juvenile Court Act of 1987 and their attorneys; (iii) probation officers and court appointed advocates for the juvenile authorized by the judge hearing the case; (iv) any individual, public or private agency having custody of the child pursuant to court order or pursuant to placement of the child by the Department; (v) any individual, public or private agency providing education, medical or mental health service to the child when the requested information is needed to determine the appropriate service or treatment for the minor; (vi) any potential placement provider when such release is authorized by the court for the limited purpose of determining the appropriateness of the

potential placement; (vii) law enforcement officers and prosecutors; (viii) adult and juvenile prisoner review boards; (ix) authorized military personnel; (x) individuals authorized by court; (xi) the Illinois General Assembly or any committee or commission thereof. This Section does not apply to the Department's fiscal records, other records of a purely administrative nature, or any forms, documents or other records required of facilities subject to licensure by the Department except as may otherwise be provided under the Child Care Act of 1969. Notwithstanding any other provision of this Section, upon request, a guardian ad litem or attorney appointed to represent a child who is the subject of an action pursuant to Article II of the Juvenile Court Act of 1987 may obtain a copy of foster home licensing records, including all information related to licensing complaints and investigations, regarding a home in which the child is placed or regarding a home in which the Department plans to place the child. Any information contained in foster home licensing records that is protected from disclosure by federal or State law may be obtained only in compliance with that law. Nothing in this Section restricts the authority of a court to order release of licensing records for purposes of discovery or as otherwise authorized by law.

Nothing contained in this Act prevents the sharing or disclosure of information or records relating or pertaining to juveniles subject to the provisions of the Serious Habitual Offender Comprehensive Action Program when that information is used to assist in the early identification and treatment of habitual juvenile offenders.

Nothing contained in this Act prevents the sharing or disclosure of information or records relating or pertaining to the death of a minor under the care of or receiving services from the Department and under the jurisdiction of the juvenile court with the juvenile court, the State's Attorney, and the minor's attorney.

request that the State's Attorney of the county in which the
conviction occurred file a verified petition with the presiding trial
judge at the petitioners trial to have a court order entered to seal
the records of the circuit court clerk in connection with the
proceedings of the trial court concerning that offense. However, the

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). (1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. In a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). (7) Hearings. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. (v) in response to an inquiry for such records from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. reconsider, or any appeal or petition for discretionary appellate review, is pending.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. (15) Compliance with Order Granting Petition to Expunge Records. While a party is seeking relief from the order granting the petition to expunge through a motion filed under paragraph (12) of this subsection (d) or is appealing the order, and unless a court has entered a stay of that order, the parties entitled to notice of the petition must seal, but need not expunge, the records until there is a final order on the motion for relief or, in the case of an appeal, the issuance of that court's mandate.

(16) The changes to this subsection (d) made by Public Act 98-163 apply to all petitions pending on August 5, 2013 (the effective date of Public Act 98-163) and to all orders ruling on a petition to expunge or seal on or after August 5, 2013 (the effective date of Public Act 98-163).

All records sealed by the Department may be disseminated by the Department only to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the

Section 5. The Protection and Advocacy for Persons with Developmental Disabilities Act is amended by changing Section 1 as follows:

(405 ILCS 40/1) (from Ch. 91 1/2, par. 1151)

Sec. 1. The Governor may designate a private not-for-profit corporation as the agency to administer a State plan to protect and advocate the rights of persons with developmental disabilities pursuant to the requirements of the federal Developmental Disabilities Assistance and Bill of Rights Act, 42 U.S.C. 6001 to 6081, as now or hereafter amended. The designated agency may pursue legal, administrative, and other appropriate remedies to ensure the protection of the rights of such persons who are receiving treatment, services or habilitation within this State. The agency designated by the Governor shall be independent of any agency which provides treatment, services, guardianship, or habilitation to persons with developmental disabilities, and such agency shall not be administered by the Governor's Planning Council on Developmental Disabilities or any successor State Planning Council organized pursuant to federal law.

The designated agency may receive and expend funds to protect and advocate the rights of persons with developmental disabilities. In order to properly exercise its powers and duties, such agency shall have access to developmental disability facilities and mental health facilities, as defined under Sections 1-107 and 1-114 of the Mental Health and Developmental Disabilities Code, and facilities as defined in Section 1-113 of the Nursing Home Care Act, Section 1-113 of the ID/DD Community Care Act, or Section 1-113 of the MC/DD Act, and community-integrated living arrangements as defined in Section 3 of the

Community-Integrated Living Arrangements Licensure and Certification Act. Such access shall be granted for the purposes of meeting with residents and staff, informing them of services available from the agency, distributing written information about the agency and the rights of persons with developmental disabilities, conducting scheduled and unscheduled visits, and performing other activities designed to protect the rights of persons with developmental disabilities. The agency also shall have access, for the purpose of inspection and copying, to the records of a person with developmental disabilities who resides in any such facility subject to the limitations of this Act, the Mental Health and Developmental Disabilities Confidentiality Act, the Nursing Home Care Act, the ID/DD Community Care Act, and the MC/DD Act. The agency also shall have access, for the purpose of inspection and copying, to the records of a person with developmental disabilities who resides in any such facility if (1) a complaint is received by the agency from or on behalf of the person with a developmental disability, and (2) such person does not have a legal guardian or the State or the designee of the State is the legal guardian of such person. The designated agency shall provide written notice to the person with developmental disabilities and the State guardian of the nature of the complaint based upon which the designated agency has gained access to the records. No record or the contents of any record shall be redisclosed by the designated agency unless the person with developmental disabilities and the State guardian are provided 7 days advance written notice, except in emergency situations, of the designated agency's intent to redisclose such record, during which time the person with developmental disabilities or the State guardian may seek to judicially enjoin the designated agency's redisclosure of such record on the grounds that such redisclosure is contrary to the interests of the person with developmental disabilities. Any person who in good faith complains to the designated agency on behalf of a person with developmental disabilities, or provides information or participates in the investigation of any such complaint shall have immunity from any liability, civil, criminal or otherwise, and shall not be subject to any penalties, sanctions, restrictions or retaliation as a consequence of making such complaint, providing such information or participating in such investigation.

Upon request, the designated agency shall be entitled to inspect and copy any records or other materials which may further the agency's investigation of problems affecting numbers of persons with developmental disabilities. When required by law any personally

identifiable information of persons with developmental disabilities shall be removed from the records. However, the designated agency may not inspect or copy any records or other materials when the removal of personally identifiable information imposes an unreasonable burden on mental health and developmental disabilities facilities pursuant to the Mental Health and Developmental Disabilities Code or facilities as defined in the Nursing Home Care Act, the ID/DD Community Care Act, or the MC/DD Act.

The Governor shall not redesignate the agency to administer the State plan to protect and advocate the rights of persons with developmental disabilities unless there is good cause for the redesignation and unless notice of the intent to make such redesignation is given to persons with developmental disabilities or their representatives, the federal Secretary of Health and Human Services, and the General Assembly at least 60 days prior thereto.

The designated agency shall submit to the Department of Human Services an annual report to be made available to the public. The annual report shall include, but is not limited to:

(1) how many visits were made by the designated agency to developmental disability facilities in the year preceding the report;

(2) which community provider agencies or State-operated developmental centers were visited in the year preceding the report; and

(3) the nature of each visit, such as meeting with residents and staff of the developmental disability facility, distributing written information to the developmental disability facility, or whether the visit was scheduled or unscheduled.

Sec. 22. Amistad Commission.
(a) Purpose. The General Assembly finds and declares that all people should know of and remember the human carnage and dehumanizing atrocities committed during the period of the African slave trade and slavery in America and of the vestiges of slavery in this country; and it is in fact vital to educate our citizens on these events, the legacy of slavery, the sad history of racism in this country, and the principles of human rights and dignity in a civilized society.

It is the policy of the State of Illinois that the history of the African slave trade, slavery in America, the depth of their impact in our society, and the triumphs of African-Americans and their significant contributions to the development of this country is the proper concern of all people, particularly students enrolled in the schools of the State of Illinois.

It is therefore desirable to create a Commission that, as an organized body and on a continuous basis, will survey, design, encourage, and promote the implementation of education and awareness programs in Illinois that are concerned with the African slave trade, slavery in America, the vestiges of slavery in this country, and the contributions of African-Americans in building our country; to develop workshops, institutes, seminars, and other teacher training activities designed to educate teachers on this subject matter; and that will be responsible for the coordination of events on a regular basis, throughout the State, that provide appropriate memorialization of the events concerning the enslavement of Africans and their descendants in America and their struggle for freedom, liberty, and equality.

(b) Amistad Commission. The Amistad Commission is created within the Department Agency. The Commission is named to honor the group of enslaved Africans transported in 1839 on a vessel named the Amistad who overthrew their captors and created an international incident that was eventually argued before the Supreme Court and that shed a growing light on the evils of the slave trade and galvanized a growing abolitionist movement towards demanding the end of slavery in the United States.

(c) Membership. The Commission shall consist of 15 members, including 3 ex officio members: the State Superintendent of Education or his or her designee, the Director of Commerce and Economic Opportunity or his or her designee, and the Director of Historic Sites and Preservation or his or her designee; and 12 public members. Public members shall be appointed as follows:

   (i) 2 members appointed by the President of the Senate and one member appointed by the Minority Leader of the Senate;
   (ii) 2 members appointed by the Speaker of the House of Representatives and one member appointed by the Minority Leader of the House of Representatives; and
   (iii) 6 members, no more than 4 of whom shall be of the same political party, appointed by the Governor.

The public members shall be residents of this State, chosen with due regard to broad geographic representation and ethnic diversity, who have served actively in organizations that educate the public on the history of the African slave trade, the contributions of African-Americans to our society, and civil rights issues.

Each public member of the Commission shall serve for a term of 3 years, except that of the initial members so appointed: one member appointed by the President of the Senate, one member appointed by the Speaker of the House of Representatives, and 2 members appointed by the Governor shall serve for terms of one year; the member appointed by the Minority Leader of the Senate, one member appointed by the Speaker of the House of Representatives, and 2 members appointed by the Governor shall serve for terms of 2 years; and one member appointed by the President of the Senate, the member appointed by the Minority Leader of the House of Representatives, and 2 members appointed by the Governor shall serve for terms of 3 years. Public members shall be eligible for reappointment. They shall serve until their successors are appointed and qualified, and the term of the successor of any incumbent shall be calculated from the expiration of the term of that incumbent. A vacancy occurring other than by expiration of term shall be filled in the same manner as the original appointment, but for the unexpired term only.

   (d) Election of chairperson; meetings. At its first meeting and annually thereafter, the Commission shall elect from among its members a chairperson and other officers it considers necessary or appropriate. After its first meeting, the Commission shall meet at least quarterly, or more

circumstances in which a warrantless seizure or arrest would be reasonable; or
(5) in accordance with the Code of Criminal Procedure of 1963.
(e) In the event of seizure pursuant to subsection (c) of this Section, forfeiture proceedings shall be instituted in accordance with the Drug Asset Forfeiture Procedure Act.
(f) Property taken or detained under this Section shall not be subject to replevin, but is deemed to be in the custody of the Director of the Department of State Police subject only to the order and judgments of the circuit court having jurisdiction over the forfeiture proceedings and the decisions of the State's Attorney under the Drug Asset Forfeiture Procedure Act. If property is seized under this Act, then the seizing agency shall promptly conduct an inventory of the seized property and estimate the property's value, and shall forward a copy of the inventory of seized property and the estimate of the property's value to the Director of the Department of State Police. Upon receiving notice of seizure, the Secretary may:
(1) place the property under seal;
(2) remove the property to a place designated by the Secretary;
(3) keep the property in the possession of the seizing agency;
(4) remove the property to a storage area for safekeeping or, if the property is a negotiable instrument or money and is not needed for evidentiary purposes, deposit it in an interest bearing account;

(6) provide for another agency or custodian, including an owner, secured party, or lienholder, to take custody of the property upon the terms and conditions set by the Director of the Department of State Police.
(g) If the Department suspends or revokes a registration, all legend drugs owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No
disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation rule becoming final, all substances may be forfeited to the Department.

(h) If property is forfeited under this Act, then the Director of the Department of State Police must sell all such property unless such property is required by law to be destroyed or is harmful to the public, and shall distribute the proceeds of the sale, together with any moneys forfeited or seized, in accordance with subsection (i) of this Section. Upon the application of the seizing agency or prosecutor who was responsible for the investigation, arrest or arrests, and prosecution that led to the forfeiture, the Director of the Department of State Police may return any item of forfeited property to the seizing agency or prosecutor for official use in the enforcement of laws if the agency or prosecutor can demonstrate that the item requested would be useful to the agency or prosecutor in their enforcement efforts. If any forfeited conveyance, including an aircraft, vehicle, or vessel, is returned to the seizing agency or prosecutor, then the conveyance may be used immediately in the enforcement of the criminal laws of the State. Upon disposal, all proceeds from the sale of the conveyance must be used for drug enforcement purposes. If any real property returned to the seizing agency is sold by the agency or its unit of government, then the proceeds of the sale shall be delivered to the Director of the Department of State Police and distributed in accordance with subsection (i) of this Section.

(i) All moneys and the sale proceeds of all other property forfeited and seized under this Act shall be distributed as follows:

(1) 65% shall be distributed to the metropolitan enforcement group, local, municipal, county, or State law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law upon which the forfeiture is based. Amounts distributed to the agency or agencies shall be used for the enforcement of laws.

New matter indicated by italics - deletions by strikeout
(2) 12.5% shall be distributed to the Office of the State's Attorney of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State's Attorney for use in the enforcement of laws. In counties over 3,000,000 population, 25% will be distributed to the Office of the State's Attorney for use in the enforcement of laws governing cannabis and controlled substances. If the prosecution is undertaken solely by the Attorney General, the portion provided hereunder shall be distributed to the Attorney General for use in the enforcement of laws.

(3) 12.5% shall be distributed to the Office of the State's Attorneys Appellate Prosecutor and deposited in a separate fund of that office to be used for additional expenses incurred in the investigation, prosecution and appeal of cases. The Office of the State's Attorneys Appellate Prosecutor shall not receive distribution from cases brought in counties with over 3,000,000 population.

(4) 10% shall be retained by the Department of State Police for expenses related to the administration and sale of seized and forfeited property.

(6) The hearing must be held within 60 days after filing of the answer unless continued for good cause.

(7) The State shall show the existence of probable cause for forfeiture of the property. If the State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(8) If the State does not show existence of probable cause, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does show existence of probable cause, the court shall order all property forfeited to the State.

(9) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(10) An acquittal or dismissal in a criminal proceeding does not preclude civil proceedings under this Article; however, for good cause shown, on a motion by the State's Attorney, the court may stay civil forfeiture proceedings during the criminal trial for a

related criminal indictment or information alleging a money laundering violation. Such a stay shall not be available pending an appeal. Property subject to forfeiture under this Article shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

(11) All property declared forfeited under this Article vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Any such property or proceeds subsequently transferred to any person remain subject to forfeiture and thereafter shall be ordered forfeited.

(12) A civil action under this Article must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(m) Stay of time periods. If property is seized for evidence and for forfeiture, the time periods for instituting judicial and non-judicial forfeiture proceedings shall not begin until the property is no longer necessary for evidence.

(n) Settlement of claims. Notwithstanding other provisions of this Article, the State's Attorney and a claimant of seized property may enter into an agreed-upon settlement concerning the seized property in such an amount and upon such terms as are set out in writing in a settlement agreement.

(o) Property constituting attorney fees. Nothing in this Article applies to property which constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the forfeiture proceeding or criminal proceeding relating directly thereto where such property was paid before its seizure, before the issuance of any seizure warrant or court order prohibiting transfer of the property and where the attorney, at the time he or she received the property did not know that it was property subject to forfeiture under this Article.

(p) Construction. It is the intent of the General Assembly that the forfeiture provisions of this Article be liberally construed so as to effect their remedial purpose. The forfeiture of property and other remedies

hereunder shall be considered to be in addition to, and not exclusive of, any sentence or other remedy provided by law.

(q) Judicial review. If property has been declared forfeited under subsection (k) of this Section, any person who has an interest in the property declared forfeited may, within 30 days after the effective date of the notice of the declaration of forfeiture, file a claim and cost bond as described in paragraph (3) of subsection (k) of this Section. If a claim and cost bond is filed under this Section, then the procedures described in subsection (l) of this Section apply.

(r) Burden of proof of exemption or exception. It is not necessary for the State to negate any exemption or exception in this Article in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding under this Article. The burden of proof of any exemption or exception is upon the person claiming it.

(s) Review of administrative decisions. All administrative findings, rulings, final determinations, findings, and conclusions of the State's Attorney's Office under this Article are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision pursuant to the provisions of the Administrative Review Law and the rules adopted pursuant to that Law. Pending final decision on such review, the administrative acts, orders, and rulings of the State's Attorney's Office remain in full force and effect unless modified or suspended by order of court pending final judicial decision. Pending final decision on such review, the acts, orders, and rulings of the State's Attorney's Office remain in full force and effect, unless stayed by order of court. However, no stay of any decision of the administrative agency shall issue unless the person aggrieved by the decision establishes by a preponderance of the evidence that good cause exists for the stay. In determining good cause, the court shall find that the aggrieved party has established a substantial likelihood of prevailing on the merits and that granting the stay will not have an injurious effect on the general public.

Such a temporary order shall expire not more than 30 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period. A hearing requested concerning an order entered under this paragraph shall be held at the earliest possible time and prior to the expiration of the temporary order.

(l) Judicial in rem procedures. If property seized under the provisions of this Article is non-real property that exceeds $20,000 in value excluding the value of any conveyance; or is real property, or a claimant has filed a claim under paragraph (3) of subsection (k) of this Section, the following judicial in rem procedures shall apply:

(1) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 28 days of the receipt of notice of seizure by the seizing agency or the filing of the claim, whichever is later, the State's Attorney shall institute judicial forfeiture

proceedings by filing a verified complaint for forfeiture. When
authorized by law, a forfeiture must be ordered by a court on an
action in rem brought by a State’s Attorney under a verified
complaint for forfeiture.

(1.5) A complaint of forfeiture shall include:
(i) a description of the property seized;
(ii) the date and place of seizure of the property;
(iii) the name and address of the law enforcement
agency making the seizure; and
(iv) the specific statutory and factual grounds for the
seizure.

(1.10) The complaint shall be served upon the person from
whom the property was seized and all persons known or reasonably
believed by the State to claim an interest in the property, as
provided in subsection (i) of this Section. The complaint shall be
accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of
Civil Procedure. You received this Complaint of Forfeiture
because the State’s Attorney’s office has brought a legal action
seeking forfeiture of your seized property. This complaint starts the
court process where the State seeks to prove that your property
should be forfeited and not returned to you. This process is also
your opportunity to try to prove to a judge that you should get your
property back. The complaint lists the date, time, and location of
your first court date. You must appear in court on that day, or you
may lose the case automatically. You must also file an appearance
and answer. If you are unable to pay the appearance fee, you may
qualify to have the fee waived. If there is a criminal case related to
the seizure of your property, your case may be set for trial after the
criminal case has been resolved. Before trial, the judge may allow
discovery, where the State can ask you to respond in writing to
questions and give them certain documents; and you can make
similar requests of the State. The trial is your opportunity to
explain what happened when your property was seized and why
you should get the property back."

(2) The laws of evidence relating to civil actions shall apply
to proceedings under this Article with the following exception. The
parties shall be allowed to use, and the court shall receive and
consider all relevant hearsay evidence which relates to evidentiary
foundation; chain—of—custody, business—records, recordings; laboratory analysis, laboratory reports, and relevant hearsay related to the use of technology in the investigation which resulted in the seizure of property which is now subject to this forfeiture action.

(3) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. Upon motion of the State, the court shall first hold a hearing, wherein any claimant must establish by a preponderance of the evidence, that he or she has a lawful, legitimate ownership interest in the property and that it was obtained through a lawful source:

(4) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:

(A) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;

(B) the address at which the claimant will accept mail;

(C) the nature and extent of the claimant's interest in the property;

(D) the date, identity of transferor, and circumstances of the claimant's acquisition of the interest in the property;

(E) the name and address of all other persons known to have an interest in the property;

(F) all essential facts supporting each assertion;

(G) the precise relief sought; and

(H) the answer shall follow the rules under the Code of Civil Procedure.

(5) The answer must be filed with the court within 45 days after service of the civil in rem complaint.

(6) The hearing must be held within 60 days after filing of the answer unless continued for good cause.

(7) At the judicial in rem proceeding, in the State's case in chief, the State shall show by a preponderance of the evidence that the property is subject to forfeiture. If the State makes such a showing, the claimant shall have the burden of production to set forth evidence that the property is not related to the alleged factual basis of the forfeiture. After this production of evidence, the State
shall maintain the burden of proof to overcome this assertion. A claimant shall provide the State notice of its intent to allege that the currency or its equivalent is not related to the alleged factual basis of the forfeiture and why. As to conveyees, at the judicial in rem proceeding, in their case in chief, the State shall show by a preponderance of the evidence, that (1) the property is subject to forfeiture; and (2) at least one of the following:

(i) that the claimant was legally accountable for the conduct giving rise to the forfeiture;

(ii) that the claimant knew or reasonably should have known of the conduct giving rise to the forfeiture;

(iii) that the claimant knew or reasonably should have known that the conduct giving rise to the forfeiture was likely to occur;

(iv) that the claimant held the property for the benefit of, or as nominee for, any person whose conduct gave rise to its forfeiture;

(v) that if the claimant acquired their interest through any person engaging in any of the conduct described above or conduct giving rise to the forfeiture:

(1) the claimant did not acquire it as a bona fide purchaser for value; or

(2) the claimant acquired the interest under the circumstances that they reasonably should have known the property was derived from, or used in, the conduct giving rise to the forfeiture; or

(vii) that the claimant is not the true owner of the property that is subject to forfeiture.

(8) If the State does not meet its burden to show that the property is subject to forfeiture, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does meet its burden to show that the property is subject to forfeiture, the court shall order all property forfeited to the State.

(9) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an

appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(10) On a motion by the parties, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a money laundering violation. Such a stay shall not be available pending an appeal. Property subject to forfeiture under this Article shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if: (1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or (2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding relating to the factual allegations of the forfeiture action:

(11) All property declared forfeited under this Article vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Article, title to any such property or proceeds subsequently transferred to any person remain subject to forfeiture and thereafter shall be ordered forfeited unless the person to whom the property was transferred makes an appropriate claim and has his or her claim adjudicated at the judicial in rem hearing:

(12) A civil action under this Article must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress:

(m) Stay of time periods. If property is seized for evidence and for forfeiture, the time periods for instituting judicial and non-judicial forfeiture proceedings shall not begin until the property is no longer necessary for evidence:

New matter indicated by italics - deletions by strikeout
(n) Settlement of claims. Notwithstanding other provisions of this Article, the State's Attorney and a claimant of seized property may enter into an agreed-upon settlement concerning the seized property in such an amount and upon such terms as are set out in writing in a settlement agreement. All proceeds from a settlement agreement shall be tendered to the Department of State Police and distributed under paragraph (6) of subsection (h) of this Section.

(o) Property constituting attorney fees. Nothing in this Article applies to property which constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the forfeiture proceeding or criminal proceeding relating directly thereto where such property was paid before its seizure, before the issuance of any seizure warrant or court order prohibiting transfer of the property and where the attorney, at the time he or she received the property did not know that it was property subject to forfeiture under this Article.

(p) Construction. It is the intent of the General Assembly that the forfeiture provisions of this Article be liberally construed so as to effect their remedial purpose. The forfeiture of property and other remedies hereunder shall be considered to be in addition to, and not exclusive of, any sentence or other remedy provided by law.

(q) Judicial review. If property has been declared forfeited under subsection (k) of this Section, any person who has an interest in the property declared forfeited may, within 30 days after the effective date of the notice of the declaration of forfeiture, file a claim as described in paragraph (3) of subsection (k) of this Section. If a claim is filed under this Section, then the procedures described in subsection (l) of this Section apply:

(r) (Blank).

(s) Review of administrative decisions. All administrative findings, rulings, final determinations, findings, and conclusions of the State's Attorney's Office under this Article are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision pursuant to the provisions of the Administrative Review Law and the rules adopted pursuant to that Law. Pending final decision on such review, the administrative acts, orders, and rulings of the State's Attorney's Office remain in full force and effect unless modified or suspended by order of court pending final judicial decision. Pending final decision on such review, the acts, orders, and rulings of the State's Attorney's Office remain in full force and effect, unless stayed by order of

court. However, no stay of any decision of the administrative agency shall issue unless the person aggrieved by the decision establishes by a preponderance of the evidence that good cause exists for the stay. In determining good cause, the court shall find that the aggrieved party has established a substantial likelihood of prevailing on the merits and that granting the stay will not have an injurious effect on the general public.

(t) Actual physical seizure of real property subject to forfeiture under this Act requires the issuance of a seizure warrant. Nothing in this Section prohibits the constructive seizure of real property through the filing of a complaint for forfeiture in circuit court and the recording of a lis pendens against the real property which is subject to forfeiture without any hearing, warrant application, or judicial approval.

(u) Property which is forfeited shall be subject to an 8th amendment to the United States Constitution disproportionate penalties analysis and the property forfeiture may be denied in whole or in part if the court finds that the forfeiture would constitute an excessive fine in violation of the 8th amendment as interpreted by ease law.

(v) If property is ordered forfeited under this Section from a claimant who held title to the property in joint tenancy or tenancy in common with another claimant, the court shall determine the amount of each owner's interest in the property according to principles of property law.

(w) A claimant or a party interested in personal property contained within a seized conveyance may file a request with the State's Attorney in a non-judicial forfeiture action, or a motion with the court in a judicial forfeiture action for the return of any personal property contained within a conveyance which is seized under this Article. The return of personal property shall not be unreasonably withheld if the personal property is not mechanically or electrically coupled to the conveyance, needed for evidentiary purposes, or otherwise contraband. Any law enforcement agency that returns property under a court order under this Section shall not be liable to any person who claims ownership to the property if it is returned to an improper party.

(x) Innocent owner hearing:

(1) After a complaint for forfeiture has been filed and all claimants have appeared and answered, a claimant may file a motion with the court for an innocent owner hearing prior to trial. This motion shall be made and supported by sworn affidavit and
shall assert the following along with specific facts which support each assertion:

(i) that the claimant filing the motion is the true owner of the conveyance as interpreted by case law;

(ii) that the claimant was not legally accountable for the conduct giving rise to the forfeiture or acquiesced in the conduct;

(iii) that the claimant did not solicit, conspire, or attempt to commit the conduct giving rise to the forfeiture;

(iv) that the claimant did not know or did not have reason to know that the conduct giving rise to the forfeiture was likely to occur; and

(v) that the claimant did not hold the property for the benefit of, or as nominee for any person whose conduct gave rise to its forfeiture or if the owner or interest holder acquired the interest through any person, the owner or interest holder did not acquire it as a bona fide purchaser for value or acquired the interest without knowledge of the seizure of the property for forfeiture.

(2) The claimant shall include specific facts which support these assertions in their motion.

(3) Upon this filing, a hearing may only be conducted after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Discovery shall be limited to the People's requests in these areas but may proceed by any means allowed in the Code of Civil Procedure.

(i) After discovery is complete and the court has allowed for sufficient time to review and investigate the discovery responses, the court shall conduct a hearing. At the hearing, the fact that the conveyance is subject to forfeiture shall not be at issue. The court shall only hear evidence relating to the issue of innocent ownership.

(ii) At the hearing on the motion, it shall be the burden of the claimant to prove each of the assertions listed in paragraph (1) of this subsection (x) by a preponderance of the evidence.

New matter indicated by italics - deletions by strikeout
(iii) If a claimant meets his burden of proof, the court shall grant the motion and order the property returned to the claimant. If the claimant fails to meet his or her burden of proof then the court shall deny the motion.

(y) No property shall be forfeited under this Section from a person who, without actual or constructive notice that the property was the subject of forfeiture proceedings, obtained possession of the property as a bona fide purchaser for value. A person who purports to affect transfer of property after receiving actual or constructive notice that the property is subject to seizure or forfeiture is guilty of contempt of court, and shall be liable to the State for a penalty in the amount of the fair market value of the property.

(z) Forfeiture proceedings under this Section shall be subject to the Code of Civil Procedure and the rules of evidence relating to civil actions.

(aa) Return of property, damages, and costs:

(1) The law enforcement agency that holds custody of property seized for forfeiture shall deliver property ordered by the court to be returned or conveyed to the claimant within a reasonable time not to exceed 7 days, unless the order is stayed by the trial court or a reviewing court pending an appeal, motion to reconsider, or other reason.

(2) The law enforcement agency that holds custody of property is responsible for any damages, storage fees, and related costs applicable to property returned. The claimant shall not be subject to any charges by the State for storage of the property or expenses incurred in the preservation of the property. Charges for the towing of a conveyance shall be borne by the claimant unless the conveyance was towed for the sole reason of seizure for forfeiture. This Section does not prohibit the imposition of any fees or costs by a home rule unit of local government related to the impoundment of a conveyance under an ordinance enacted by the unit of government.

(3) A law enforcement agency shall not retain forfeited property for its own use or transfer the property to any person or entity, except as provided under this Section. A law enforcement agency may apply in writing to the Director of State Police to request that a forfeited property be awarded to the agency for a specifically articulated official law enforcement use in an investigation. The Director of State Police shall provide a written
justification in each instance detailing the reasons why the forfeited property was placed into official use and the justification shall be retained for a period of not less than 3 years.

(bb) The changes made to this Section by this amendatory Act of the 100th General Assembly are subject to Sections 2 and 4 of the Statute on Statutes.

(2) a financial transaction was conducted or attempted with the use of a false or fictitious name or a forged instrument;

Sec. 29B-3. Duty to enforce this Article.
(a) It is the duty of the Department of State Police, and its agents, officers, and investigators, to enforce this Article, except those provisions otherwise specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, or of any state, relating to money laundering. Only an agent, officer, or investigator designated by the Director may be authorized in accordance with this Section to serve seizure notices, warrants, subpoenas, and summonses under the authority of this State.

Sec. 29B-4. Protective orders and warrants for forfeiture purposes.
(a) Upon application of the State, the court may enter a restraining order or injunction, require the execution of a satisfactory performance bond, or take any other action to preserve the availability of property described in Section 29B-5 of this Article for forfeiture under this Article:

(1) upon the filing of an indictment, information, or complaint charging a violation of this Article for which forfeiture may be ordered under this Article and alleging that the property with respect to which the order is sought would be subject to forfeiture under this Article; or

(2) prior to the filing of the indictment, information, or complaint, if, after notice to persons appearing to have an interest in the property and opportunity for a hearing, the court determines that:

(A) there is probable cause to believe that the State will prevail on the issue of forfeiture and that failure to enter the order will result in the property being destroyed,

New matter indicated by italics - deletions by strikeout
removed from the jurisdiction of the court, or otherwise made unavailable for forfeiture; and

(B) the need to preserve the availability of the property through the entry of the requested order outweighs the hardship on any party against whom the order is to be entered.

Provided, however, that an order entered under paragraph (2) of this Section shall be effective for not more than 90 days, unless extended by the court for good cause shown or unless an indictment, information, complaint, or administrative notice has been filed.

(b) A temporary restraining order under this subsection (b) may be entered upon application of the State without notice or opportunity for a hearing when an indictment, information, complaint, or administrative notice has not yet been filed with respect to the property, if the State demonstrates that there is probable cause to believe that the property with respect to which the order is sought would be subject to forfeiture under this Article and that provision of notice will jeopardize the availability of the property for forfeiture. The temporary order shall expire not more than 30 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period. A hearing requested concerning an order entered under this subsection (b) shall be held at the earliest possible time and prior to the expiration of the temporary order.

(c) The court may receive and consider, at a hearing held under this Section, evidence and information that would be inadmissible under the Illinois rules of evidence.

(d) Under its authority to enter a pretrial restraining order under this Section, the court may order a defendant to repatriate any property that may be seized and forfeited and to deposit that property pending trial with the Department of State Police or another law enforcement agency designated by the Department of State Police. Failure to comply with an order under this Section is punishable as a civil or criminal contempt of court.

(e) The State may request the issuance of a warrant authorizing the seizure of property described in Section 29B-5 of this Article in the same manner as provided for a search warrant. If the court determines that there is probable cause to believe that the property to be seized would be
subject to forfeiture, the court shall issue a warrant authorizing the seizure of that property.

Sec. 29B-10. Notice to owner or interest holder.

(a) The first attempted service of notice shall be commenced within 28 days of the latter of filing of the verified claim or the receipt of the notice from the seizing agency by Form 4-64. A complaint for forfeiture or a notice of pending forfeiture shall be served on a claimant if the owner's or interest holder's name and current address are known, then by either: (1) personal service; or (2) mailing a copy of the notice by certified mail, return receipt requested, and first class mail to that address.

(b) If no signed return receipt is received by the State's Attorney within 28 days of mailing or no communication from the owner or interest holder is received by the State's Attorney documenting actual notice by the parties, the State's Attorney shall, within a reasonable period of time, mail a second copy of the notice by certified mail, return receipt requested, and first class mail to that address. For purposes of notice under this Section, if a person has been arrested for the conduct giving rise to the forfeiture, the address provided to the arresting agency at the time of arrest shall be deemed to be that person's known address. Provided, however, if an owner or interest holder's address changes prior to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the seizing agency of the change in address or, if the owner or interest holder's address changes subsequent to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the State's Attorney of the change in address. If the property seized is a conveyance, notice shall also be directed to the address reflected in the office of the agency or official in which title to or interest in the conveyance is required by law to be recorded.

If authorized by law, a forfeiture shall be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(2) A complaint of forfeiture shall include:

(3) The complaint shall be served upon the person from whom the property was seized and all persons known or reasonably believed by the State to claim an interest in the property, as provided in Section 29B-10 of this Article. The complaint shall be accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the State seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is
your opportunity to explain what happened when your property was seized and why you should get the property back.”

(6) The answer must be signed by the owner or interest holder under penalty of perjury and shall set forth:

(A) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
(B) the address at which the claimant will accept mail;

(F) all essential facts supporting each assertion;
(G) the precise relief sought;
(H) in a forfeiture action involving currency or its equivalent, a claimant shall provide the State with notice of his or her intent to allege that the currency or its equivalent is not related to the alleged factual basis for the forfeiture, and why; and

(7) The answer shall be filed with the court within 45 days after service of the civil in rem complaint.

If the State makes such a showing, the claimant shall have the burden of production to set forth evidence that the property is not related to the alleged factual basis of the forfeiture. After this production of evidence, the State shall maintain the burden of proof to overcome this assertion. A claimant shall provide the State notice of its intent to allege that the currency or its equivalent is not related to the alleged factual basis of the forfeiture and why. As to conveyances, at the judicial in rem proceeding, in its case in chief, the State shall show by a preponderance of the evidence, that (A) the property is subject to forfeiture; and (B) at least one of the following:

(iv) that the claimant held the property for the benefit of, or as nominee for, any person whose conduct gave rise to its forfeiture;
(v) that if the claimant acquired the interest through any person engaging in any of the conduct described above or conduct giving rise to the forfeiture:
   (a) the claimant did not acquire it as a bona fide purchaser for value; or
   (b) the claimant acquired the interest under the circumstances that the claimant reasonably should have known the property was derived from, or used in, the conduct giving rise to the forfeiture; or
(vi) that the claimant is not the true owner of the property that is subject to forfeiture.

(10) If the State does not meet its burden to show that the property is subject to forfeiture, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does meet its burden to show that the
property is subject to forfeiture, the court shall order all property forfeited to the State.

(11) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. Discovery shall be limited to the People's requests in these areas but may proceed by any means allowed in the Code of Civil Procedure.

(1) After discovery is complete and the court has allowed for sufficient time to review and investigate the discovery responses, the court shall conduct a hearing. At the hearing, the fact that the conveyance is subject to forfeiture shall not be at issue. The court shall only hear evidence relating to the issue of innocent ownership.

(2) At the hearing on the motion, it shall be the burden of the claimant to prove each of the assertions listed in subsection (a) of this Section by a preponderance of the evidence.

(3) If a claimant meets his or her burden of proof, the court shall grant the motion and order the property returned to the claimant. If the claimant fails to meet his or her burden of proof, then the court shall deny the motion and the forfeiture case shall proceed according to the Code of Civil Procedure.

(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

For seizures of conveyances, within 7 days of a finding of probable cause under subsection (a), the registered owner or other claimant may file a motion in writing supported by sworn affidavits claiming that denial of the use of the conveyance during the pendency of the forfeiture proceedings creates a substantial hardship. The court shall consider the following factors in determining whether a substantial hardship has been proven:

1. the nature of the claimed hardship;
2. the availability of public transportation or other available means of transportation; and
3. any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. If the court determines that the hardship outweighs the State's interest in safeguarding the conveyance, the court may temporarily release the conveyance to the registered owner or the registered owner's authorized designee, or both, until the conclusion of the forfeiture proceedings or for such shorter period as ordered by the court provided that the person to whom the conveyance is released provides proof of insurance and a valid driver's license and all State and local registrations for operation of the conveyance are current. The court shall place conditions on the conveyance limiting its use to the stated hardship and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the registered owner or his or her authorized designee shall post a cash security with the Clerk of the Court as ordered by the court. The court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;

New matter indicated by italics - deletions by strikeout
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance;
and
(D) such other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. If the conveyance is returned in a condition other than the condition in which it was released, the cash security shall be returned to the surety who posted the security minus the amount of the diminished value, and that amount shall be forfeited in the same manner as the conveyance subject to forfeiture. Additionally, the court may enter an order allowing any law enforcement agency in the State of Illinois to seize the conveyance wherever it may be found in the State to satisfy the judgment if the cash security was less than the full market value of the conveyance.

The court shall place conditions on the conveyance limiting its use to the stated hardship and providing transportation for employment, religious purposes, medical needs, child care, and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. The use of the vehicle shall be further restricted to exclude all recreational and entertainment purposes. The court may order additional restrictions it deems reasonable and just on its own motion or on motion of the People. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the court may order the registered owner or his or her authorized designee to post a cash security with the clerk of the court as ordered by the court. If cash security is ordered, the court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance;
(D) the ability of the owner or designee to pay; and
(E) other conditions as the court deems necessary to safeguard the conveyance.

Sec. 36-2. Action for forfeiture.

(a) The State's Attorney in the county in which such seizure occurs if he or she finds that the forfeiture was incurred without willful negligence or without any intention on the part of the owner of the vessel or watercraft, vehicle or aircraft or any person whose right, title or interest is of record as described in Section 36-1, to violate the law, or finds the existence of such mitigating circumstances as to justify remission of the forfeiture, may cause the law enforcement agency to remit the same upon such terms and conditions as the State's Attorney deems reasonable and just. The State's Attorney shall exercise his or her discretion under the foregoing provision of this Section 36-2(a) prior to or promptly after the preliminary review under Section 36-1.5.

(b) If the State's Attorney does not cause the forfeiture to be remitted he or she shall forthwith bring an action for forfeiture in the Circuit Court within whose jurisdiction the seizure and confiscation has taken place. The State's Attorney shall give notice of seizure and the forfeiture proceeding to each person according to the following method: upon each person whose right, title, or interest is of record in the office of the Secretary of State, the Secretary of Transportation, the Administrator of the Federal Aviation Agency, or any other department of this State, or any other state of the United States if the vessel or watercraft, vehicle, or aircraft is required to be so registered, as the case may be, by delivering the notice and complaint in open court or by certified mail to the address

(c) The owner of the seized vessel or watercraft, vehicle, or aircraft or any person whose right, title, or interest is of record as described in Section 36-1, may within 20 days after delivery in open court or the mailing of such notice file a verified answer to the Complaint and may appear at the hearing on the action for forfeiture.

(d) The State shall show at such hearing by a preponderance of the evidence, that such vessel or watercraft, vehicle, or aircraft was used in the commission of an offense described in Section 36-1.

(e) The owner of such vessel or watercraft, vehicle, or aircraft or any person whose right, title, or interest is of record as described in Section 36-1, may show by a preponderance of the evidence that he did not know, and did not have reason to know, that the vessel or watercraft, vehicle, or aircraft was to be used in the commission of such an offense or that any of the exceptions set forth in Section 36-3 are applicable.

(f) Unless the State shall make such showing, the Court shall order such vessel or watercraft, vehicle, or aircraft released to the owner. Where the State has made such showing, the Court may order the vessel or watercraft, vehicle, or aircraft destroyed or may order it forfeited to any local, municipal or county law enforcement agency, or the Department of State Police or the Department of Revenue of the State of Illinois.

(g) A copy of the order shall be filed with the law enforcement agency, and with each Federal or State office or agency with which such vessel or watercraft, vehicle, or aircraft is required to be registered. Sec. 36-2. Complaint for forfeiture.

(a) If the State's Attorney of the county in which such seizure occurs finds that the alleged violation of law giving rise to the seizure was incurred without willful negligence or without any intention on the part of the owner of the vessel or watercraft, vehicle or aircraft or any person whose right, title or interest is of record as described in Section 36-1 of this Article, to violate the law, or finds the existence of such mitigating circumstances as to justify remission of the forfeiture, he or she may cause the law enforcement agency having custody of the property to return the property to the owner within a reasonable time not to exceed 7 days. The State's Attorney shall exercise his or her discretion under this subsection (a) prior to or promptly after the preliminary review under Section 36-1.5.

(b) If, after review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture and the State's Attorney does not cause the forfeiture to be remitted under subsection (a) of this Section, he or she shall forthwith bring an action for forfeiture in the circuit court within whose jurisdiction the seizure and confiscation has taken place by filing a verified complaint for forfeiture in the circuit court within whose jurisdiction the seizure occurred, or within whose jurisdiction an act or omission giving rise to the seizure occurred, subject to Supreme Court Rule 187. The complaint shall be filed as soon as practicable but not later than 28 days after the State's Attorney receives notice from the seizing agency as provided in Section 36-1.5 of this Article. A complaint of forfeiture shall include:

(1) a description of the property seized;
(2) the date and place of seizure of the property;
(3) the name and address of the law enforcement agency making the seizure; and
(4) the specific statutory and factual grounds for the seizure.

The complaint shall be served upon each person whose right, title, or interest is of record in the office of the Secretary of State, the Secretary of Transportation, the Administrator of the Federal Aviation Agency, or any other department of this State, or any other state of the United States if the vessel or watercraft, vehicle, or aircraft is required to be so registered,
as the case may be, the person from whom the property was seized, and all persons known or reasonably believed by the State to claim an interest in the property, as provided in this Article. The complaint shall be accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the State seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to explain what happened when your property was seized and why you should get the property back."

Sec. 36-2.5. Judicial in rem procedures.

(a) The laws of evidence relating to civil actions shall apply to judicial in rem proceedings under this Article.

(b) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. A person not named in the forfeiture complaint who claims to have an interest in the property may petition to intervene as a claimant under Section 2-408 of the Code of Civil Procedure.

(c) The answer shall be filed with the court within 45 days after service of the civil in rem complaint.

(d) The trial shall be held within 60 days after filing of the answer unless continued for good cause.

(e) In its case in chief, the State shall show by a preponderance of the evidence that:

1. the property is subject to forfeiture; and
2. at least one of the following:
   i. the claimant knew or should have known that the conduct was likely to occur; or
   ii. the claimant is not the true owner of the property that is subject to forfeiture.

In any forfeiture case under this Article, a claimant may present evidence to overcome evidence presented by the State that the property is subject to forfeiture.

(f) Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if:

1. a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or
2. the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding related to the factual allegations of the forfeiture action.

(h) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(i) An acquittal or dismissal in a criminal proceeding shall not preclude civil proceedings under this Act; however, for good cause shown, on a motion by either party, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a violation of law authorizing forfeiture under Section 36-1 of this Article.

(j) Title to all property declared forfeited under this Act vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Article, any property or proceeds subsequently transferred to any person remain subject to forfeiture unless a person to whom the property was transferred makes an appropriate claim under or has the claim adjudicated at the judicial in rem hearing.

A person who purports to transfer property after receiving actual or constructive notice that the property is subject to seizure or forfeiture is guilty of contempt of court, and shall be liable to the State for a penalty in the amount of the fair market value of the property.

(l) A civil action under this Article shall be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

Sec. 36-2.7. Innocent owner hearing.
(a) After a complaint for forfeiture has been filed and all claimants have appeared and answered, a claimant may file a motion with the court for an innocent owner hearing prior to trial. This motion shall be made and supported by sworn affidavit and shall assert the following along with specific facts that support each assertion:

(1) that the claimant filing the motion is the true owner of the conveyance as interpreted by case law; and

(2) that the claimant did not know or did not have reason to know the conduct giving rise to the forfeiture was likely to occur.

(b) The claimant's motion shall include specific facts that support these assertions in their motion.

(b) Upon the filing, a hearing may only be conducted after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Discovery shall be limited to the People's requests in these areas but may proceed by any means allowed in the Code of Civil Procedure.

(c) After discovery is complete and the court has allowed for sufficient time to review and investigate the discovery responses, the court shall conduct a hearing. At the hearing, the fact that the conveyance is subject to forfeiture shall not be at issue. The court shall only hear evidence relating to the issue of innocent ownership.

(d) At the hearing on the motion, the claimant shall bear the burden of proving each of the assertions listed in subsection (a) of this Section by a preponderance of the evidence. If a claimant meets the burden of proof, the court shall grant the motion and order the conveyance returned to the claimant. If the claimant fails to meet the burden of proof, the court shall deny the motion and the forfeiture case shall proceed according to the Code Rules of Civil Procedure.

(c) All moneys and the sale proceeds of all other property forfeited and seized under this Act shall be distributed as follows:

(1) 65% shall be distributed to the drug task force, metropolitan enforcement group, local, municipal, county, or State law enforcement agency or agencies that conducted or participated in the investigation resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law upon which the forfeiture is based. Amounts distributed to the agency or agencies shall be used, at the discretion of the agency, for the enforcement of criminal laws; or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol; or for security cameras used for the prevention or detection of violence, except that amounts distributed to the Secretary of State shall be deposited into the Secretary of State Evidence Fund to be used as provided in Section 2-115 of the Illinois Vehicle Code.

(2) 12.5% shall be distributed to the Office of the State's Attorney of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State's Attorney for use, at the discretion of the State's Attorney, in the enforcement of criminal laws; or for public education in the community or schools in the prevention or detection of the abuse of drugs or alcohol; or at the discretion of the State's Attorney, in addition to other authorized purposes, to make grants to local substance abuse treatment facilities and half-way houses. (d) The court may accept a finding of probable cause at a preliminary hearing following the filing of an information or complaint charging a related criminal offense or following the return of indictment by a grand jury charging the related offense as sufficient evidence of probable cause as required under subsection (a).

(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

For seizures of conveyances, within 7 days of a finding of probable cause under subsection (a), the registered owner or other claimant may file a motion in writing supported by sworn affidavits claiming that denial of the use of the conveyance during the pendency of the forfeiture proceedings creates a substantial hardship. The court shall consider the following factors in determining whether a substantial hardship has been proven:

(3) any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. The court shall place conditions on the conveyance limiting its use to the stated hardship and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the registered owner or his or her authorized designee shall post a cash security with the Clerk of the Court as ordered by the court. The court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance;

and

(D) such other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. Sec. 9. Judicial in rem procedures. If property seized under the provisions of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act is non-real property that exceeds $20,000 in value excluding the value of any conveyance, or is real property, or a claimant has filed a claim and a cost bond under subsection (C) of Section 6 of this Act, the following judicial in rem procedures shall apply:

(A) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days of the receipt of notice of seizure by the seizing agency or the filing of the claim and cost bond, whichever is later, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture and, if the claimant has filed a claim and cost bond, by depositing the cost bond with the clerk of the court. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(B) During the probable cause portion of the judicial in rem proceeding wherein the State presents its case-in-chief, the court must receive and consider, among other things, all relevant hearsay evidence and information. The laws of evidence relating to civil actions shall apply to all other portions of the judicial in rem proceeding.

(E) The answer must be filed with the court within 45 days after service of the civil in rem complaint.

(F) The hearing must be held within 60 days after filing of the answer unless continued for good cause.

(G) The State shall show the existence of probable cause for forfeiture of the property. If the State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(H) If the State does not show existence of probable cause or a claimant has established by a preponderance of evidence that the claimant has an interest that is exempt under Section 8 of this Act, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does show existence of probable cause and the claimant does not establish by a preponderance of evidence that the claimant has an interest that is exempt under Section 8 of this Act, the court shall order all property forfeited to the State.

(I) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Act regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(J) An acquittal or dismissal in a criminal proceeding shall not preclude civil proceedings under this Act; however, for good cause shown, on a motion by the State's Attorney, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act. Such a stay shall not be available pending an appeal. If property seized under the provisions of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act is non-real property that exceeds $150,000 in value excluding the value of any conveyance, or is real property, or a claimant has filed a claim and a cost bond under subsection (C) of Section 6 of this Act, the following judicial in rem procedures shall apply:

(A) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture in the circuit court within whose jurisdiction the seizure occurred, or within whose jurisdiction an act or omission giving rise to the seizure occurred, subject to Supreme Court Rule 187. The complaint for forfeiture shall be filed as soon as practicable, but not later than 28 days after the filing of a verified claim by a claimant if the property was acted upon under a non-judicial forfeiture action, or 28 days after the State's Attorney receives notice from the seizing agency as provided under Section 5 of this Act, whichever occurs later. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

New matter indicated by italics - deletions by strikeout
(A-5) If the State's Attorney finds that the alleged violation of law giving rise to the seizure was incurred without willful negligence or without any intention on the part of the owner of the property to violate the law or finds the existence of those mitigating circumstances to justify remission of the forfeiture, may cause the law enforcement agency having custody of the property to return the property to the owner within a reasonable time not to exceed 7 days. The State's Attorney shall exercise his or her discretion prior to or promptly after the preliminary review under Section 3.5 of this Act. Judicial in rem forfeiture proceedings under this Act shall be subject to the Code of Civil Procedure and the rules of evidence relating to civil actions.

(A-10) A complaint of forfeiture shall include:

(1) a description of the property seized;
(2) the date and place of seizure of the property;
(3) the name and address of the law enforcement agency making the seizure; and
(4) the specific statutory and factual grounds for the seizure.

The complaint shall be served upon the person from whom the property was seized and all persons known or reasonably believed by the State to claim an interest in the property, as provided in Section 4 of this Act. The complaint shall be accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the state seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to

explain what happened when your property was seized and why you should get the property back."

(B) The laws of evidence relating to civil actions shall apply to all other proceedings under this Act except that the parties shall be allowed to use, and the court must receive and consider, all relevant hearsay evidence that relates to evidentiary foundation, chain of custody, business records, recordings, laboratory analysis, laboratory reports, and the use of technology in the investigation that resulted in the seizure of the property that is subject to the forfeiture action.

(C) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. A person not named in the forfeiture complaint who claims to have an interest in the property may petition to intervene as a claimant under Section 2-408 of the Code of Civil Procedure.

(D) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:

(i) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
(ii) the address at which the claimant will accept mail;
(iii) the nature and extent of the claimant's interest in the property;
(iv) the date, identity of transferor, and circumstances of the claimant's acquisition of the interest in the property;
(v) the names and addresses of all other persons known to have an interest in the property;
(vi) the specific provisions of Section 8 of this Act relied on in asserting it is exempt from forfeiture, if applicable;
(vii) all essential facts supporting each assertion;
(viii) the precise relief sought; and
(ix) in a forfeiture action involving currency or its equivalent, a claimant shall provide the State with notice of the claimant's intent to allege that the currency or its equivalent is not related to the alleged factual basis for the forfeiture, and why.

(E) The answer must be filed with the court within 45 days after service of the civil in rem complaint.

(F) The trial shall be held within 60 days after filing of the answer unless continued for good cause.
(G) The State, in its case in chief, shall show by a preponderance of the evidence the property is subject to forfeiture; and at least one of the following:

(i) In the case of personal property, including conveyances:
   (a) that the claimant was legally accountable for the conduct giving rise to the forfeiture;
   (b) that the claimant knew or reasonably should have known of the conduct giving rise to the forfeiture;
   (c) that the claimant knew or reasonably should have known that the conduct giving rise to the forfeiture was likely to occur;
   (d) that the claimant held the property for the benefit of, or as nominee for, any person whose conduct gave rise to its forfeiture;
   (e) that if the claimant acquired the interest through any person engaging in any of the conduct described above or conduct giving rise to the forfeiture:
      (1) the claimant did not acquire it as a bona fide purchaser for value, or
      (2) the claimant acquired the interest under such circumstances that the claimant reasonably should have known the property was derived from, or used in, the conduct giving rise to the forfeiture; or
   (f) that the claimant is not the true owner of the property;
   (g) that the claimant acquired the interest:
      (1) before the commencement of the conduct giving rise to the forfeiture and the person whose conduct gave rise to the forfeiture did not have authority to convey the interest to a bona fide purchaser for value at the time of the conduct; or
      (2) after the commencement of the conduct giving rise to the forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct that gave rise to the forfeiture, and without the knowledge of the seizure of the property for forfeiture.

(ii) In the case of real property:
   (a) that the claimant was legally accountable for the conduct giving rise to the forfeiture;
   (b) that the claimant solicited, conspired, or attempted to commit the conduct giving rise to the forfeiture; or
   (c) that the claimant had acquired or stood to acquire substantial proceeds from the conduct giving rise to its forfeiture other than as an interest holder in an arm's length transaction;
   (d) that the claimant is not the true owner of the property;
   (e) that the claimant acquired the interest:
      (1) before the commencement of the conduct giving rise to the forfeiture and the person whose conduct gave rise to the forfeiture did not have authority to convey the interest to a bona fide purchaser for value at the time of the conduct; or
      (2) after the commencement of the conduct giving rise to the forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct that gave rise to the forfeiture, and before the filing in the office of the recorder of deeds of the county in which the real estate is located a notice of seizure for forfeiture or a lis pendens notice.

(G-5) If the property that is the subject of the forfeiture proceeding is currency or its equivalent, the State, in its case in chief, shall show by a preponderance of the evidence that the property is subject to forfeiture. If the State makes that showing, the claimant shall have the burden of production to set forth evidence that the currency or its equivalent is not related to the alleged factual basis of the forfeiture. After the production of evidence, the State shall maintain the burden of proof to overcome this assertion.

(G-10) Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if:

(1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or

(2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding related to the factual allegations of the forfeiture action.

(H) If the State does not meet its burden of proof, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property as to which the State does meet its burden of proof forfeited to the State. If the State does meet its burden of proof, the court shall order all property forfeited to the State.

(I) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Act regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(J) An acquittal or dismissal in a criminal proceeding shall not preclude civil proceedings under this Act; however, for good cause shown, on a motion by the State's Attorney, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act. Such a stay shall not be available pending an appeal. Property subject to forfeiture under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

(K) Title to all property declared forfeited under this Act vests in the State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Act, any such property or proceeds subsequently transferred to any person remain subject to forfeiture unless a person to whom the property was transferred makes an appropriate claim under this Act and has their claim adjudicated in the judicial in rem proceeding.

(L) A civil action under this Act must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is

discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(M) No property shall be forfeited under this Act from a person who, without actual or constructive notice that the property was the subject of forfeiture proceedings, obtained possession of the property as a bona fide purchaser for value. A person who purports to transfer property after receiving actual or constructive notice that the property is subject to seizure or forfeiture is guilty of contempt of court and shall be liable to the State for a penalty in the amount of the fair market value of the property.

(N) If property is ordered forfeited under this Act from a claimant who held title to the property in joint tenancy or tenancy in common with another claimant, the court shall determine the amount of each owner's interest in the property according to principles of property law.

Sec. 9.1. Innocent owner hearing.

(a) After a complaint for forfeiture is filed and all claimants have appeared and answered, a claimant may file a motion with the court for an innocent owner hearing prior to trial. This motion shall be made and supported by sworn affidavit and shall assert the following along with specific facts that support each assertion:

1. that the claimant filing the motion is the true owner of the conveyance as interpreted by case law;
   (2) that the claimant was not legally accountable for the conduct giving rise to the forfeiture or acquiesced in the conduct;
   (3) that the claimant did not solicit, conspire, or attempt to commit the conduct giving rise to the forfeiture;
   (4) that the claimant did not know or did not have reason to know that the conduct giving rise to the forfeiture was likely to occur; and
   (5) that the claimant did not hold the property for the benefit of, or as nominee for any person whose conduct gave rise to its forfeiture, or if the owner or interest holder acquired the interest through any such person, the owner or interest holder did not acquire it as a bona fide purchaser for value, or acquired the

interest without knowledge of the seizure of the property for forfeiture.

(b) The claimant's motion shall include specific facts supporting these assertions.

(b) Upon this filing, a hearing may only be held after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Discovery shall be limited to the People's requests in these areas but may proceed by any means allowed in the Code of Civil Procedure.

(c) After discovery is complete and the court has allowed for sufficient time to review and investigate the discovery responses, the court shall conduct a hearing. At the hearing, the fact that the property is subject to forfeiture shall not be at issue. The court shall only hear evidence relating to the issue of innocent ownership.

(d) At the hearing on the motion, the claimant shall bear the burden of proving by a preponderance of the evidence each of the assertions set forth in subsection (a) of this Section. If a claimant meets the burden of proof, the court shall grant the motion and order the property returned to the claimant. If the claimant fails to meet the burden of proof, then the court shall deny the motion and the forfeiture case shall proceed according to the Code Rules of Civil Procedure.
