5. Upon determination by the Secretary that at the time of license issuance, the minor held an instruction permit and had a traffic citation for which a disposition had not been rendered.

After cancellation, the Secretary of State shall not issue a new license or permit until the applicant meets the provisions of Section 6-107 of this Code.

(b) The Secretary of State shall cancel the license or permit of any person under the age of 18 years if he or she is convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, or the
Methamphetamine Control and Community Protection Act while that person was in actual physical control of a motor vehicle. For purposes of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such. After the cancellation, the Secretary of State shall not issue a new license or permit for a period of one year after the date of cancellation or until the minor attains the age of 18 years, whichever is longer. However, upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety, or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle between the person's residence and person's place of employment or within the scope of the person's employment related duties, or to allow transportation for the person or a household member of the person's family for the receipt of necessary medical care or, if the professional evaluation indicates, provide transportation for the petitioner for alcohol remedial or rehabilitative activity, or for the person to attend classes, as a student, in an accredited educational institution; if the person is able to demonstrate that no alternative means of transportation is reasonably available; provided that the Secretary's discretion shall be limited to cases where undue hardship would result from a failure to issue such restricted driving permit. In each case the Secretary of State may issue a restricted driving permit for a period as he deems appropriate, except that the permit shall expire no later than 2 years within one year from the date of issuance. A restricted driving permit issued hereunder shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued hereunder may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program. Thereafter, upon reapplication for a license as provided in Section 6-106 of this Code or a

A restricted driving permit issued under this paragraph (1.5) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is subsequently convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

recited as an element of the offense, or a similar provision of a law of another state;
that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire no later than 2 years within one year from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in accordance with paragraph 13 of subsection (a) of this Section, no
restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(c-5) (Blank).

(c-6) If a person is convicted of a second violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person's driving privileges shall be revoked pursuant to subdivision (a)(15) of this Section. The person may not make application for a license or permit until the expiration of five years from the effective date of the revocation or the expiration of five years from the date of release from a term of imprisonment, whichever is later.

(c-7) If a person is convicted of a third or subsequent violation of operating a motor vehicle while the person's driver's license, permit or privilege was revoked, where the revocation was for a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012 relating to the offense of reckless homicide or a similar out-of-state offense, the person may never apply for a license or permit.

(d)(1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one-year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may reinstate the petitioner's driver's license and driving privileges, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 24 months each.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is

recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If a person's license or permit is revoked or suspended 2 or more times due to any combination of:

(A) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(B) a statutory summary suspension or revocation under Section 11-501.1; or

(C) a suspension pursuant to Section 6-203.1; arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3.5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

(d-5) The revocation of the license, permit, or driving privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961 or the Criminal Code of 2012, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices for a period not less than 5 years on all vehicles owned by a person who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees. (c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person.

2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. All other driving privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the
Secretary may upon application, to relieve undue hardship (as defined by
the rules of the Secretary of State), issue a restricted driving permit
granting the privilege of driving a motor vehicle between the petitioner's
residence and petitioner's place of employment or within the scope of the
petitioner's employment related duties, or to allow the petitioner to
transport himself or herself, or a family member of the petitioner's
household to a medical facility, to receive necessary medical care, to allow
the petitioner to transport himself or herself to and from alcohol or drug
remedial or rehabilitative activity recommended by a licensed service
provider, or to allow the petitioner to transport himself or herself or a
family member of the petitioner's household to classes, as a student, at an
accredited educational institution, or to allow the petitioner to transport
children, elderly persons, or persons with disabilities who do not hold
driving privileges and are living in the petitioner's household to and from
daycare. The petitioner must demonstrate that no alternative means of
transportation is reasonably available and that the petitioner will not
endanger the public safety or welfare.

(A) If a person's license or permit is revoked or suspended
due to 2 or more convictions of violating Section 11-501 of this
Code or a similar provision of a local ordinance or a similar out-of-
state offense, or Section 9-3 of the Criminal Code of 1961 or the
Criminal Code of 2012, where the use of alcohol or other drugs is
recited as an element of the offense, or a similar out-of-state
offense, or a combination of these offenses, arising out of separate
occurrences, that person, if issued a restricted driving permit, may
not operate a vehicle unless it has been equipped with an ignition
interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2
or more times due to any combination of:

(i) a single conviction of violating Section 11-501
of this Code or a similar provision of a local ordinance or a
similar out-of-state offense or Section 9-3 of the Criminal
Code of 1961 or the Criminal Code of 2012, where the use
of alcohol or other drugs is recited as an element of the
offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension or revocation
under Section 11-501.1; or

(iii) a suspension under Section 6-203.1;

New matter indicated by italics - deletions by strikeout
arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B-5) If a person's license or permit is revoked or suspended due to a conviction for a violation of subparagraph (C) or (F) of paragraph (1) of subsection (d) of Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed $30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes. For any person who, within a 5-year period, is convicted of a second or subsequent offense under Section 11-501 of this Code, or a similar provision of a local ordinance or similar out-of-state offense, this employment exemption does not apply until either a one-year period has elapsed during which that person had his or her driving privileges revoked or a one-year period has elapsed during which that person had a restricted driving permit which required the use of an ignition interlock device on every motor vehicle owned or operated by that person.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire no later than 2 years within one year from the date of issuance. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall
be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(F) A person subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code may make application for a restricted driving permit at a hearing conducted under Section 2-118 of this Code after the expiration of 5 years from the effective date of the most recent revocation or after 5 years from the date of release from a period of imprisonment resulting from a conviction of the most recent offense, whichever is later, provided the person, in addition to all other requirements of the Secretary, shows by clear and convincing evidence:

(i) a minimum of 3 years of uninterrupted abstinence from alcohol and the unlawful use or consumption of cannabis under the Cannabis Control Act, a controlled substance under the Illinois Controlled Substances Act, an intoxicating compound under the Use of Intoxicating Compounds Act, or methamphetamine under the Methamphetamine Control and Community Protection Act; and

(ii) the successful completion of any rehabilitative treatment and involvement in any ongoing rehabilitative activity that may be recommended by a properly licensed service provider according to an assessment of the person's alcohol or drug use under Section 11-501.01 of this Code.

In determining whether an applicant is eligible for a restricted driving permit under this subparagraph (F), the Secretary may consider any relevant evidence, including, but not limited to, testimony, affidavits, records, and the results of regular alcohol or drug tests. Persons subject to the provisions of paragraph 4 of subsection (b) of Section 6-208 of this Code and who have been convicted of more than one violation of paragraph (3), paragraph (4), or paragraph (5) of subsection (a) of Section 11-501 of this Code shall not be eligible to apply for a restricted driving permit under this subparagraph (F).

New matter indicated by italics - deletions by strikeout
A restricted driving permit issued under this subparagraph (F) shall provide that the holder may only operate motor vehicles equipped with an ignition interlock device as required under paragraph (2) of subsection (c) of Section 6-205 of this Code and subparagraph (A) of paragraph 3 of subsection (c) of this Section. The Secretary may revoke a restricted driving permit or amend the conditions of a restricted driving permit issued under this subparagraph (F) if the holder operates a vehicle that is not equipped with an ignition interlock device, or for any other reason authorized under this Code.

A restricted driving permit issued under this subparagraph (F) shall be revoked, and the holder barred from applying for or being issued a restricted driving permit in the future, if the holder is convicted of a violation of Section 11-501 of this Code, a similar provision of a local ordinance, or a similar offense in another state.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, the Secretary of State, or the parent or legal guardian of a driver under the age of 18. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

Section 5. The Food Handling Regulation Enforcement Act is amended by changing Sections 3.3 and 3.4 as follows:

(410 ILCS 625/3.3)
(Text of Section before amendment by P.A. 100-488)
Sec. 3.3. Farmers' markets.
(a) The General Assembly finds as follows:
   (1) Farmers' markets, as defined in subsection (b) of this Section, provide not only a valuable marketplace for farmers and food artisans to sell their products directly to consumers, but also a place for consumers to access fresh fruits, vegetables, and other agricultural products.
   (2) Farmers' markets serve as a stimulator for local economies and for thousands of new businesses every year, allowing farmers to sell directly to consumers and capture the full retail value of their products. They have become important community institutions and have figured in the revitalization of downtown districts and rural communities.
   (3) Since 1999, the number of farmers' markets has tripled and new ones are being established every year. There is a lack of consistent regulation from one county to the next, resulting in confusion and discrepancies between counties regarding how products may be sold. There continues to be inconsistencies, confusion, and lack of awareness by consumers, farmers, markets, and local health authorities of required guidelines affecting farmers' markets from county to county.
   (4) (Blank). In 1999, the Department of Public Health published Technical Information Bulletin/Food #30 in order to outline the food handling and sanitation guidelines required for farmers' markets, producer markets, and other outdoor food sales events.
   (5) (Blank). While this bulletin was revised in 2010, there continues to be inconsistencies, confusion, and lack of awareness by consumers, farmers, markets, and local health authorities of

This Section provides for a statewide scheme for the orderly and consistent interpretation of the Department of Public Health administrative rules pertaining to the safety of food and food products sold at farmers' markets.

(e) (Blank). The Farmers' Market Task Force shall consist of at least 24 members appointed within 60 days after August 16, 2011 (the effective date of this Section). Task Force members shall consist of:

(f) (Blank). The Task Force shall be convened by the Director or his or her designee. Members shall elect a Task Force Chair and Co-Chair.

(g) (Blank). Meetings may be held via conference call, in person, or both. Three members of the Task Force may call a meeting as long as a 5-working-day notification is sent via mail, e-mail, or telephone call to each member of the Task Force.

2. The rules and regulations described in this Section shall be consistently enforced by local health authorities throughout the State.

2.5 Notwithstanding any other provision of law except as provided in this Section, local public health departments and all other units of local government are prohibited from creating sanitation guidelines, rules, or regulations for farmers' markets that are more stringent than those farmers' market sanitation regulations contained in the administrative rules adopted by the Department for the purposes of implementing this Section and Sections 3.4, 3.5, and 4 of this Act. Except as provided for in Sections 3.4 and 4 of this Act, this Section does not intend and shall not be construed to limit the power of local health departments and other government units from requiring licensing and permits for the sale of commercial food products, processed food products, prepared foods, and potentially hazardous foods at farmers' markets or conducting related inspections and enforcement activities, so long as those permits and licenses do not include unreasonable fees or sanitation provisions and rules that are more stringent than those laid out in the administrative rules adopted by the Department for

(6) Recognizing that farmers' markets serve as small business incubators and that farmers' profit margins frequently are narrow, even in direct-to-consumer retail, protecting farmers from costs of regulation that are disproportionate to their profits will help ensure the continued viability of these local farms and small businesses.

If the district posts the report card on its Internet web site, the district shall send a written notice home to parents stating (i) that the report card is available on the web site, (ii) the address of the web site, (iii) that a printed copy of the report card will be sent to parents upon request, and (iv) the telephone number that parents may call to request a printed copy of the report card.

(6) Nothing contained in Public Act 98-648 this amendatory Act of the 98th General Assembly repeals, supersedes, invalidates, or nullifies final decisions in lawsuits pending on July 1, 2014 (the effective date of Public Act 98-648) this amendatory Act of the 98th General Assembly in Illinois courts involving the interpretation of Public Act 97-8.

(1) submits an application for commission and appointment as a notary public which contains substantial and material misstatement or omission of fact; or

(2) is convicted of any felony, misdemeanors, including those defined in Part C, Articles 16, 17, 18, 19, and 21, and Part E, Articles 31, 32, and 33 of the Criminal Code of 2012, or official misconduct under this Act.

(b) Whenever the Secretary of State believes that a violation of this Article has occurred, he or she may investigate any such violation. The Secretary may also investigate possible violations of this Article upon a signed written complaint on a form designated by the Secretary.

(c) A notary's failure to cooperate or respond to an investigation by the Secretary of State is a failure by the notary to fully and faithfully discharge the responsibilities and duties of a notary and shall result in suspension or revocation of the notary's commission.

(1) issue a letter of warning to the notary, including the Secretary's findings;

(2) order suspension of the commission of the notary for a period of time designated by the Secretary;

(3) order revocation of the commission of the notary;

(4) refer the allegations to the appropriate State's Attorney's Office or the Attorney General for criminal investigation; or

(5) refer the allegations to the Illinois Attorney Registration and Disciplinary Commission for disciplinary proceedings.

Section 99. Effective date. This Act takes effect January 1, 2019.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 10-22.6, 26-2a, and 26-12 as follows:

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)
Sec. 10-22.6. Suspension or expulsion of pupils; school searches.
(a) To expel pupils guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school

bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a pupil along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian, the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review, the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension. A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

New matter indicated by italics - deletions by strikeout
(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

(b-20) Unless otherwise required by this Code, out-of-school suspensions of longer than 3 days, expulsions, and disciplinary removals to alternative schools may be used only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's continuing presence in school would either (i) pose a threat to the safety of other students, staff, or members of the school community or (ii) substantially disrupt, impede, or interfere with the operation of the school. For purposes of this subsection (b-20), "threat to the safety of other students, staff, or members of the school community" and "substantially disrupt, impede, or interfere with the operation of the school" shall be determined on a case-by-case basis by school officials. For purposes of this subsection (b-20), the determination of whether "appropriate and available behavioral and disciplinary interventions have been exhausted" shall be made by school officials. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of student exclusions to the greatest extent practicable. Within the suspension decision described in subsection (b) of this Section or the expulsion decision described in subsection (a) of this Section, it shall be documented whether other interventions were attempted or whether it was determined that there were no other appropriate and available interventions.

(b-25) Students who are suspended out-of-school for longer than 4 school days shall be provided appropriate and available support services during the period of their suspension. For purposes of this subsection (b-25), "appropriate and available support services" shall be determined by school authorities. Within the suspension decision described in subsection (b) of this Section, it shall be documented whether such services are to be
provided or whether it was determined that there are no such appropriate and available services.

A school district may refer students who are expelled to appropriate and available support services.

A school district shall create a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting.

(b-30) A school district shall create a policy by which suspended pupils, including those pupils suspended from the school bus who do not have alternate transportation to school, shall have the opportunity to make up work for equivalent academic credit. It shall be the responsibility of a pupil's parent or guardian to notify school officials that a pupil suspended from the school bus does not have alternate transportation to school.

(c) The Department of Human Services shall be invited to send a representative to consult with the board at such meeting whenever there is evidence that mental illness may be the cause for expulsion or suspension.

(c-5) School districts shall make reasonable efforts to provide ongoing professional development to teachers, administrators, school board members, school resource officers, and staff on the adverse consequences of school exclusion and justice-system involvement, effective classroom management strategies, culturally responsive discipline, the appropriate and available supportive services for the promotion of student attendance and engagement, and developmentally appropriate disciplinary methods that promote positive and healthy school climates.

(d) The board may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year:

(1) A firearm. For the purposes of this Section, "firearm" means any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 2012. The expulsion period under this subdivision (1) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

New matter indicated by italics - deletions by strikeout
(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined in subdivision (1) of this subsection (d). The expulsion requirement under this subdivision (2) may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Expulsion or suspension shall be construed in a manner consistent with the Federal Individuals with Disabilities Education Act. A student who is subject to suspension or expulsion as provided in this Section may be eligible for a transfer to an alternative school program in accordance with Article 13A of the School Code.

(d-5) The board may suspend or by regulation authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend a student for a period not to exceed 10 school days or may expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis, if (i) that student has been determined to have made an explicit threat on an Internet website against a school employee, a student, or any school-related personnel, (ii) the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and (iii) the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

(e) To maintain order and security in the schools, school authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student, and without a search warrant. As a matter of public policy, the General Assembly finds that students have no reasonable expectation of privacy in these places and areas or in their personal effects left in these places and areas. School authorities may request the assistance of law enforcement officials for the purpose of conducting inspections and searches of lockers, desks, parking lots, and other school property and equipment owned or controlled by the school for illegal drugs, weapons, or other illegal or dangerous substances.
or materials, including searches conducted through the use of specially trained dogs. If a search conducted in accordance with this Section produces evidence that the student has violated or is violating either the law, local ordinance, or the school's policies or rules, such evidence may be seized by school authorities, and disciplinary action may be taken. School authorities may also turn over such evidence to law enforcement authorities.

(f) Suspension or expulsion may include suspension or expulsion from school and all school activities and a prohibition from being present on school grounds.

(g) A school district may adopt a policy providing that if a student is suspended or expelled for any reason from any public or private school in this or any other state, the student must complete the entire term of the suspension or expulsion in an alternative school program under Article 13A of this Code or an alternative learning opportunities program under Article 13B of this Code before being admitted into the school district if there is no threat to the safety of students or staff in the alternative program.

(h) School officials shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties.

(i) A student may not be issued a monetary fine or fee as a disciplinary consequence, though this shall not preclude requiring a student to provide restitution for lost, stolen, or damaged property.

(j) Subsections (a) through (i) of this Section shall apply to elementary and secondary schools, charter schools, special charter districts, and school districts organized under Article 34 of this Code.

(k) The expulsion of children enrolled in programs funded under Section 1C-2 of this Code is subject to the requirements under paragraph (7) of subsection (a) of Section 2-3.71 of this Code.

"Valid cause" for absence shall be illness, observance of a religious holiday, death in the immediate family, family emergency, and shall include such other situations beyond the control of the student as determined by the board of education in each district, or such other
circumstances which cause reasonable concern to the parent for the mental, emotional, or physical safety or health of the student.

Sec. 26-12. Punitive action.

(a) No punitive action, including out of school suspensions, expulsions or court action, shall be taken against chronic truants for such truancy unless appropriate and available supportive services and other school resources have been provided to the student.

(b) A school district may not refer a truant, chronic truant, or truant minor to any other local public entity, as defined under Section 1-206 of the Local Governmental and Governmental Employees Tort Immunity Act, for that local public entity to issue the child a fine or a fee as punishment for his or her truancy.

(c) A school district may refer any person having custody or control of a truant, chronic truant, or truant minor to any other local public entity, as defined under Section 1-206 of the Local Governmental and Governmental Employees Tort Immunity Act, for that local public entity to issue the person a fine or a fee for the child's truancy only if the school district's truant officer, regional office of education, or intermediate service center has been notified of the truant behavior and

the school district, regional office of education, or intermediate service
center has offered all appropriate and available supportive services and
other school resources to the child. Before a school district may refer a
person having custody or control of a child to a municipality, as defined
under Section 1-1-2 of the Illinois Municipal Code, the school district
must provide the following appropriate and available services:

(1) For any child who is a homeless child, as defined under
Section 1-5 of the Education for Homeless Children Act, a meeting
between the child, the person having custody or control of the
child, relevant school personnel, and a homeless liaison to discuss
any barriers to the child's attendance due to the child's transitional
living situation and to construct a plan that removes these
barriers.

(2) For any child with a documented disability, a meeting
between the child, the person having custody or control of the
child, and relevant school personnel to review the child's current
needs and address the appropriateness of the child's placement
and services. For any child subject to Article 14 of this Code, this
meeting shall be an individualized education program meeting and
shall include relevant members of the individualized education
program team. For any child with a disability under Section 504 of
the federal Rehabilitation Act of 1973 (29 U.S.C. 794), this
meeting shall be a Section 504 plan review and include relevant
members of the Section 504 plan team.

(3) For any child currently being evaluated by a school
district for a disability or for whom the school has a basis of
knowledge that the child is a child with a disability under 20
U.S.C. 1415(k)(5), the completion of the evaluation and
determination of the child's eligibility for special education
services.

(d) Before a school district may refer a person having custody or
control of a child to a local public entity under this Section, the school
district must document any appropriate and available supportive services
offered to the child. In the event a meeting under this Section does not
occur, a school district must have documentation that it made reasonable
efforts to convene the meeting at a mutually convenient time and date for
the school district and the person having custody or control of the child
and, but for the conduct of that person, the meeting would have occurred.

Applicants who are unable to provide the Secretary with proof of lawful status may apply for a driver's license or permit under Section 6-105.1 of this Code.

(c) The application form shall include a notice to the applicant of the registration obligations of sex offenders under the Sex Offender Registration Act. The notice shall be provided in a form and manner prescribed by the Secretary of State. For purposes of this subsection (c),
"sex offender" has the meaning ascribed to it in Section 2 of the Sex Offender Registration Act.

The Secretary of State must forward in an electronic format the necessary personal information regarding the applicants identified in this subsection (d) to the Selective Service System. The applicant's signature on the application serves as an indication that the applicant either has already registered with the Selective Service System or that he is authorizing the Secretary to forward to the Selective Service System the necessary information for registration. The Secretary must notify the applicant at the time of application that his signature constitutes consent to registration with the Selective Service System, if he is not already registered.

(e) Beginning on or before July 1, 2015, for each original or renewal driver's license application under this Code, the Secretary shall inquire as to whether the applicant is a veteran for purposes of issuing a driver's license with a veteran designation under subsection (e-5) of Section 6-110 of this Code. Sec. 16-127. Computation of creditable service.

(a) Each member shall receive regular credit for all service as a teacher from the date membership begins, for which satisfactory evidence is supplied and all contributions have been paid.

(b) The following periods of service shall earn optional credit and each member shall receive credit for all such service for which satisfactory evidence is supplied and all contributions have been paid as of the date specified:

(1) Prior service as a teacher.

(2) Service in a capacity essentially similar or equivalent to that of a teacher, in the public common schools in school districts in this State not included within the provisions of this System, or of any other State, territory, dependency or possession of the United States, or in schools operated by or under the auspices of the United States, or under the auspices of any agency or department of any other State, and service during any period of professional speech correction or special education experience for a public agency within this State or any other State, territory, dependency or possession of the United States, and service prior to February 1, 1951 as a recreation worker for the Illinois Department of Public Safety, for a period not exceeding the lesser of 2/5 of the
total creditable service of the member or 10 years. The maximum service of 10 years which is allowable under this paragraph shall be reduced by the service credit which is validated by other retirement systems under paragraph (i) of Section 15-113 and paragraph 1 of Section 17-133. Credit granted under this paragraph may not be used in determination of a retirement annuity or disability benefits unless the member has at least 5 years of creditable service earned subsequent to this employment with one or more of the following systems: Teachers' Retirement System of the State of Illinois, State Universities Retirement System, and the Public School Teachers' Pension and Retirement Fund of Chicago. Whenever such service credit exceeds the maximum allowed for all purposes of this Article, the first service rendered in point of time shall be considered. The changes to this subdivision (b)(2) made by Public Act 86-272 shall apply not only to persons who on or after its effective date (August 23, 1989) are in service as a teacher under the System, but also to persons whose status as such a teacher terminated prior to such effective date, whether or not such person is an annuitant on that date.

(3) Any periods immediately following teaching service, under this System or under Article 17, (or immediately following service prior to February 1, 1951 as a recreation worker for the Illinois Department of Public Safety) spent in active service with the military forces of the United States; periods spent in educational programs that prepare for return to teaching sponsored by the federal government following such active military service; if a teacher returns to teaching service within one calendar year after discharge or after the completion of the educational program, a further period, not exceeding one calendar year, between time spent in military service or in such educational programs and the return to employment as a teacher under this System; and a period of up to 2 years of active military service not immediately following employment as a teacher.

The changes to this Section and Section 16-128 relating to military service made by P.A. 87-794 shall apply not only to persons who on or after its effective date are in service as a teacher under the System, but also to persons whose status as a teacher terminated prior to that date, whether or not the person is an annuitant on that date. In the case of an annuitant who applies for

credit allowable under this Section for a period of military service that did not immediately follow employment, and who has made the required contributions for such credit, the annuity shall be recalculated to include the additional service credit, with the increase taking effect on the date the System received written notification of the annuitant's intent to purchase the credit, if payment of all the required contributions is made within 60 days of such notice, or else on the first annuity payment date following the date of payment of the required contributions. In calculating the automatic annual increase for an annuity that has been recalculated under this Section, the increase attributable to the additional service allowable under P.A. 87-794 shall be included in the calculation of automatic annual increases accruing after the effective date of the recalculation.

Credit for military service shall be determined as follows: if entry occurs during the months of July, August, or September and the member was a teacher at the end of the immediately preceding school term, credit shall be granted from July 1 of the year in which he or she entered service; if entry occurs during the school term and the teacher was in teaching service at the beginning of the school term, credit shall be granted from July 1 of such year. In all other cases where credit for military service is allowed, credit shall be granted from the date of entry into the service.

The total period of military service for which credit is granted shall not exceed 5 years for any member unless the service: (A) is validated before July 1, 1964, and (B) does not extend beyond July 1, 1963. Credit for military service shall be granted under this Section only if not more than 5 years of the military service for which credit is granted under this Section is used by the member to qualify for a military retirement allotment from any branch of the armed forces of the United States. The changes to this subdivision (b)(3) made by Public Act 86-272 shall apply not only to persons who on or after its effective date (August 23, 1989) are in service as a teacher under the System, but also to persons whose status as such a teacher terminated prior to such effective date, whether or not such person is an annuitant on that date.

(4) Any periods served as a member of the General Assembly.

New matter indicated by italics - deletions by strikeout
(5)(i) Any periods for which a teacher, as defined in Section 16-106, is granted a leave of absence, provided he or she returns to teaching service creditable under this System or the State Universities Retirement System following the leave; (ii) periods during which a teacher is involuntarily laid off from teaching, provided he or she returns to teaching following the lay-off; (iii) periods prior to July 1, 1983 during which a teacher ceased covered employment due to pregnancy, provided that the teacher returned to teaching service creditable under this System or the State Universities Retirement System following the pregnancy and submits evidence satisfactory to the Board documenting that the employment ceased due to pregnancy; and (iv) periods prior to July 1, 1983 during which a teacher ceased covered employment for the purpose of adopting an infant under 3 years of age or caring for a newly adopted infant under 3 years of age, provided that the teacher returned to teaching service creditable under this System or the State Universities Retirement System following the adoption and submits evidence satisfactory to the Board documenting that the employment ceased for the purpose of adopting an infant under 3 years of age or caring for a newly adopted infant under 3 years of age. However, total credit under this paragraph (5) may not exceed 3 years.

Any qualified member or annuitant may apply for credit under item (iii) or (iv) of this paragraph (5) without regard to whether service was terminated before the effective date of this amendatory Act of 1997. In the case of an annuitant who establishes credit under item (iii) or (iv), the annuity shall be recalculated to include the additional service credit. The increase in annuity shall take effect on the date the System receives written notification of the annuitant's intent to purchase the credit, if the required evidence is submitted and the required contribution paid within 60 days of that notification, otherwise on the first annuity payment date following the System's receipt of the required evidence and contribution. The increase in an annuity recalculated under this provision shall be included in the calculation of automatic annual increases in the annuity accruing after the effective date of the recalculation.

Optional credit may be purchased under this subsection (b)(5) for periods during which a teacher has been granted a leave

of absence pursuant to Section 24-13 of the School Code. A teacher whose service under this Article terminated prior to the effective date of P.A. 86-1488 shall be eligible to purchase such optional credit. If a teacher who purchases this optional credit is already receiving a retirement annuity under this Article, the annuity shall be recalculated as if the annuitant had applied for the leave of absence credit at the time of retirement. The difference between the entitled annuity and the actual annuity shall be credited to the purchase of the optional credit. The remainder of the purchase cost of the optional credit shall be paid on or before April 1, 1992.

The change in this paragraph made by Public Act 86-273 shall be applicable to teachers who retire after June 1, 1989, as well as to teachers who are in service on that date.

(6) Any days of unused and uncompensated accumulated sick leave earned by a teacher. The service credit granted under this paragraph shall be the ratio of the number of unused and uncompensated accumulated sick leave days to 170 days, subject to a maximum of 2 years of service credit. Prior to the member's retirement, each former employer shall certify to the System the number of unused and uncompensated accumulated sick leave days credited to the member at the time of termination of service. The period of unused sick leave shall not be considered in determining the effective date of retirement. A member is not required to make contributions in order to obtain service credit for unused sick leave.

Credit for sick leave shall, at retirement, be granted by the System for any retiring regional or assistant regional superintendent of schools at the rate of 6 days per year of creditable service or portion thereof established while serving as such superintendent or assistant superintendent.

(7) Periods prior to February 1, 1987 served as an employee of the Illinois Mathematics and Science Academy for which credit has not been terminated under Section 15-113.9 of this Code.

(8) Service as a substitute teacher for work performed prior to July 1, 1990.

(9) Service as a part-time teacher for work performed prior to July 1, 1990.

(10) Up to 2 years of employment with Southern Illinois University - Carbondale from September 1, 1959 to August 31,
1961, or with Governors State University from September 1, 1972 to August 31, 1974, for which the teacher has no credit under Article 15. To receive credit under this item (10), a teacher must apply in writing to the Board and pay the required contributions before May 1, 1993 and have at least 12 years of service credit under this Article.

Sec. 2-3.173. Substitute teachers; recruiting firms.

New matter indicated by italics - deletions by strikeout
(a) In this Section, "recruiting firm" means a company with expertise in finding qualified applicants for positions and screening those potential workers for an employer.

(b) By January 1, 2019, the State Board of Education shall implement a program and adopt rules to allow school districts to supplement their substitute teacher recruitment for elementary and secondary schools with the use of recruiting firms, subject to the other provisions of this Section. To qualify for the program, a school district shall demonstrate to the State Board that, because of the severity of its substitute teacher shortage, it is unable to find an adequate amount of substitute or retired teachers and has exhausted all other efforts. Substitute teachers provided by a recruiting firm must adhere to all mandated State laws, rules, and screening requirements for substitute teachers not provided by a recruiting firm and must be paid on the same wage scale as substitute teachers not provided by a recruiting firm. This Section shall not be construed to require school districts to use recruiting firms for substitute teachers. A school district may not use a recruiting firm under this Section to circumvent any collective bargaining agreements or State laws, rules, or screening requirements for teachers. A school district may not reduce the number of full-time staff members of a department as a result of hiring a substitute teacher recruiting firm. In the event of a teacher's strike, a school district may not use a recruiting firm to hire a substitute teacher.

(c) A school district organized under Article 34 of this Code may contract with a substitute teacher recruiting firm under this Section only if the district meets the following requirements:

(1) certifies to the State Board of Education that it has adequate funds to fill and pay for all substitute teacher positions;
(2) prioritizes existing substitute teachers over substitute teachers from recruiting firms;
(3) files copies of all substitute teacher contracts with the State Board of Education; and
(4) requires that the substitute teacher recruiting firm file an annual report with the school district that would include the number of substitute teachers that were placed in the district, the total cost of the contract to the district, and the percentage of substitute teacher openings that were filled.
(d) A substitute teacher recruiting firm may enter into an agreement with a labor organization that has a collective bargaining agreement with a school district.

The written explanation may be included with the production of paper copies, if the requester chooses to order paper copies. These rates shall be automatically adjusted as set forth in Section 8-2006. The facility or health care practitioner may, however, charge for the reasonable cost of all duplication of record material or information that cannot routinely be copied or duplicated on a standard commercial photocopy machine such as x-ray films or pictures.

If the facility or health care practitioner needs more time to comply with the request, then within 30 days after receiving the request, the facility or health care practitioner must provide the requesting party with a written statement of the reasons for the delay and the date by which the requested information will be provided. In any event, the facility or health care practitioner must provide the requested information no later than 60 days after receiving the request.

(f) A health care facility or health care practitioner must provide the public with at least 30 days prior notice of the closure of the facility or the health care practitioner's practice. The notice must include an explanation of how copies of the facility's records may be accessed by patients. The notice may be given by publication in a newspaper of general circulation in the area in which the health care facility or health care practitioner is located.

(g) Failure to comply with the time limit requirement of this Section shall subject the denying party to expenses and reasonable attorneys' fees incurred in connection with any court ordered enforcement of the provisions of this Section.

(h) Notwithstanding any other provision of the law in recognition of service provided, a health care facility or health care practitioner shall provide without charge one complete copy of a patient's records if: (1) the patient is an indigent homeless veteran; and (2) the records are being

PUBLIC ACT 100-0816
(House Bill No. 4897)

AN ACT concerning liquor.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Liquor Control Act of 1934 is amended by changing Sections 3-12, 5-1, 5-3, and 6-4 as follows:

(235 ILCS 5/3-12)

Sec. 3-12. Powers and duties of State Commission.
(a) The State commission shall have the following powers, functions, and duties:

(1) To receive applications and to issue licenses to manufacturers, foreign importers, importing distributors, distributors, non-resident dealers, on premise consumption retailers, off premise sale retailers, special event retailer licensees, special use permit licenses, auction liquor licenses, brew pubs, caterer retailers, non-beverage users, railroads, including owners and lessees of sleeping, dining and cafe cars, airplanes, boats, brokers, and wine maker's premises licensees in accordance with the provisions of this Act, and to suspend or revoke such licenses upon the State commission's determination, upon notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation. Except in the case of an action taken pursuant to a violation of Section 6-3, 6-5, or 6-9, any action by the State Commission to suspend or revoke a licensee's license may be limited to the license for the specific premises where the violation occurred. An action for a violation of this Act shall be commenced by the State Commission within 2 years after the date the State Commission becomes aware of the violation.

In lieu of suspending or revoking a license, the commission may impose a fine, upon the State commission's determination and

notice after hearing, that a licensee has violated any provision of this Act or any rule or regulation issued pursuant thereto and in effect for 30 days prior to such violation.

For the purpose of this paragraph (1), when determining multiple violations for the sale of alcohol to a person under the age of 21, a second or subsequent violation for the sale of alcohol to a person under the age of 21 shall only be considered if it was committed within 5 years after the date when a prior violation for the sale of alcohol to a person under the age of 21 was committed.

The fine imposed under this paragraph may not exceed $500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. The maximum fine that may be levied against any licensee, for the period of the license, shall not exceed $20,000. The maximum penalty that may be imposed on a licensee for selling a bottle of alcoholic liquor with a foreign object in it or serving from a bottle of alcoholic liquor with a foreign object in it shall be the destruction of that bottle of alcoholic liquor for the first 10 bottles so sold or served from by the licensee. For the eleventh bottle of alcoholic liquor and for each third bottle thereafter sold or served from by the licensee with a foreign object in it, the maximum penalty that may be imposed on the licensee is the destruction of the bottle of alcoholic liquor and a fine of up to $50.

Any notice issued by the State Commission to a licensee for a violation of this Act or any notice with respect to settlement or offer in compromise shall include the field report, photographs, and any other supporting documentation necessary to reasonably inform the licensee of the nature and extent of the violation or the conduct alleged to have occurred.

(2) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary to carry on its functions and duties to the end that the health, safety and welfare of the People of the State of Illinois shall be protected and temperance in the consumption of alcoholic liquors shall be fostered and promoted and to distribute copies of such rules and regulations to all licensees affected thereby.

(3) To call upon other administrative departments of the State, county and municipal governments, county and city police departments and upon prosecuting officers for such information
and assistance as it deems necessary in the performance of its duties.

(4) To recommend to local commissioners rules and regulations, not inconsistent with the law, for the distribution and sale of alcoholic liquors throughout the State.

(5) To inspect, or cause to be inspected, any premises in this State where alcoholic liquors are manufactured, distributed, warehoused, or sold. Nothing in this Act authorizes an agent of the Commission to inspect private areas within the premises without reasonable suspicion or a warrant during an inspection. "Private areas" include, but are not limited to, safes, personal property, and closed desks.

(5.1) Upon receipt of a complaint or upon having knowledge that any person is engaged in business as a manufacturer, importing distributor, distributor, or retailer without a license or valid license, to notify the local liquor authority, file a complaint with the State's Attorney's Office of the county where the incident occurred, or initiate an investigation with the appropriate law enforcement officials.

(5.2) To issue a cease and desist notice to persons shipping alcoholic liquor into this State from a point outside of this State if the shipment is in violation of this Act.

(5.3) To receive complaints from licensees, local officials, law enforcement agencies, organizations, and persons stating that any licensee has been or is violating any provision of this Act or the rules and regulations issued pursuant to this Act. Such complaints shall be in writing, signed and sworn to by the person making the complaint, and shall state with specificity the facts in relation to the alleged violation. If the Commission has reasonable grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to this Act, it shall conduct an investigation. If, after conducting an investigation, the Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. Hearings under this subsection shall be held in Springfield or Chicago, at whichever location is the more convenient for the parties involved.
convenient for the majority of persons who are parties to the hearing.

(7) The commission shall establish uniform systems of accounts to be kept by all retail licensees having more than 4 employees, and for this purpose the commission may classify all retail licensees having more than 4 employees and establish a uniform system of accounts for each class and prescribe the manner in which such accounts shall be kept. The commission may also prescribe the forms of accounts to be kept by all retail licensees having more than 4 employees, including but not limited to accounts of earnings and expenses and any distribution, payment, or other distribution of earnings or assets, and any other forms, records and memoranda which in the judgment of the commission may be necessary or appropriate to carry out any of the provisions of this Act, including but not limited to such forms, records and memoranda as will readily and accurately disclose at all times the beneficial ownership of such retail licensed business. The accounts, forms, records and memoranda shall be available at all reasonable times for inspection by authorized representatives of the State commission or by any local liquor control commissioner or his or her authorized representative. The commission, may, from time to time, alter, amend or repeal, in whole or in part, any uniform system of accounts, or the form and manner of keeping accounts.

(8) In the conduct of any hearing authorized to be held by the commission, to appoint, at the commission's discretion, hearing officers to conduct hearings involving complex issues or issues that will require a protracted period of time to resolve, to examine, or cause to be examined, under oath, any licensee, and to examine or cause to be examined the books and records of such licensee; to hear testimony and take proof material for its information in the discharge of its duties hereunder; to administer or cause to be administered oaths; for any such purpose to issue subpoena or subpoenas to require the attendance of witnesses and the production of books, which shall be effective in any part of this State, and to adopt rules to implement its powers under this paragraph (8).

(9) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him or her to the legislature of this State, such amendments to this Act, if any, as it may think desirable and as will serve to further the general broad purposes contained in Section 1-2 hereof.

(10) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary for the control, sale or disposition of alcoholic liquor damaged as a result of an accident, wreck, flood, fire or other similar occurrence.

(11) To develop industry educational programs related to responsible serving and selling, particularly in the areas of overserving consumers and illegal underage purchasing and consumption of alcoholic beverages.

(11.1) To license persons providing education and training to alcohol beverage sellers and servers for mandatory and non-mandatory training under the Beverage Alcohol Sellers and Servers Education and Training (BASSET) programs and to develop and administer a public awareness program in Illinois to reduce or eliminate the illegal purchase and consumption of alcoholic beverage products by persons under the age of 21. Application for a license shall be made on forms provided by the State Commission.

(12) To develop and maintain a repository of license and regulatory information.

(13) On or before January 15, 1994, the Commission shall issue a written report to the Governor and General Assembly that is to be based on a comprehensive study of the impact on and implications for the State of Illinois of Section 1926 of the federal ADAMHA Reorganization Act of 1992 (Public Law 102-321). This study shall address the extent to which Illinois currently complies with the provisions of P.L. 102-321 and the rules promulgated pursuant thereto.

As part of its report, the Commission shall provide the following essential information:

(i) the number of retail distributors of tobacco products, by type and geographic area, in the State;
(ii) the number of reported citations and successful convictions, categorized by type and location of retail distributor, for violation of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act and the Smokeless Tobacco Limitation Act;

(iii) the extent and nature of organized educational and governmental activities that are intended to promote, encourage or otherwise secure compliance with any Illinois laws that prohibit the sale or distribution of tobacco products to minors; and

(iv) the level of access and availability of tobacco products to individuals under the age of 18.

To obtain the data necessary to comply with the provisions of P.L. 102-321 and the requirements of this report, the Commission shall conduct random, unannounced inspections of a geographically and scientifically representative sample of the State's retail tobacco distributors.

The Commission shall consult with the Department of Public Health, the Department of Human Services, the Illinois State Police and any other executive branch agency, and private organizations that may have information relevant to this report.

The Commission may contract with the Food and Drug Administration of the U.S. Department of Health and Human Services to conduct unannounced investigations of Illinois tobacco vendors to determine compliance with federal laws relating to the illegal sale of cigarettes and smokeless tobacco products to persons under the age of 18.

(14) On or before April 30, 2008 and every 2 years thereafter, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 95-634 on the business of soliciting, selling, and shipping wine from inside and outside of this State directly to residents of this State. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

(B) The amount of licensing fees received.

New matter indicated by italics - deletions by strikeout
(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.

(D) The number of alcohol compliance operations conducted.

(E) The number of winery shipper's licenses issued.

(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17)(A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established;
(2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or Public Act 95-634 or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find
and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18)(A) A class 1 brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer per year to retail licensees and to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, or both beer and cider to non-licensees at their breweries per year.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State Commission. The State Commission shall approve the application for a self-distribution exemption if the class 1 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufactures more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees or to brewers, class 1 brewers, and class 2 brewers that, pursuant to subsection (e) of Section 6-4 of this Act, sell beer, cider, or both beer and cider to non-licensees at their breweries; and (5) has relinquished any brew pub license held by the licensee, including any ownership interest it held in the licensed brew pub.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the
previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The State Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois’ regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 90-739 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of Public Act 90-739;

(iii) the number of reported violations, the number of cease and desist notices issued by the Commission, the number of notices

Fees collected under this Section shall be paid into the Dram Shop Fund. On and after July 1, 2003 and until June 30, 2016, of the funds received for a retailer's license, in addition to the first $175, an additional $75 shall be paid into the Dram Shop Fund, and $250 shall be paid into the General Revenue Fund. On and after June 30, 2016, one-half of the funds received for a retailer's license shall be paid into the Dram Shop Fund and one-half of the funds received for a retailer's license shall be paid into the General Revenue Fund. Beginning June 30, 1990 and on June 30 of each subsequent year through June 29, 2003, any balance over $5,000,000 remaining in the Dram Shop Fund shall be credited to State liquor licensees and applied against their fees for State liquor licenses for the following year. The amount credited to each licensee shall be a proportion of the balance in the Dram Fund that is the same as the proportion of the license fee paid by the licensee under this Section for the period in which the balance was accumulated to the aggregate fees paid by all licensees during that period.

No fee shall be paid for licenses issued by the State Commission to the following non-beverage users:

(235 ILCS 5/6-4) (from Ch. 43, par. 121)

Sec. 6-4. (a) No person licensed by any licensing authority as a distiller, or a wine manufacturer, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person shall be issued an importing distributor's or distributor's license, nor shall any person licensed by any licensing authority as an importing distributor, distributor or retailer, or any subsidiary or affiliate thereof, or any officer or associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person be issued a distiller's license, a craft distiller's license, or a wine manufacturer's license; and no person or persons licensed as a distiller or craft distiller by any licensing authority shall have any interest, directly or indirectly, with such distributor or importing distributor.

However, an importing distributor or distributor, which on January 1, 1985 is owned by a brewer, or any subsidiary or affiliate thereof or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of the importing distributor or distributor referred to in this paragraph, may own or acquire an ownership interest of more than 5% of the outstanding shares of a wine manufacturer and be issued a wine manufacturer's license by any licensing authority.

(b) The foregoing provisions shall not apply to any person licensed by any licensing authority as a distiller or wine manufacturer, or to any subsidiary or affiliate of any distiller or wine manufacturer who shall have been heretofore licensed by the State Commission as either an importing distributor or distributor during the annual licensing period expiring June 30, 1947, and shall actually have made sales regularly to retailers.

(c) Provided, however, that in such instances where a distributor's or importing distributor's license has been issued to any distiller or wine manufacturer or to any subsidiary or affiliate of any distiller or wine manufacturer who has, during the licensing period ending June 30, 1947,
sold or distributed as such licensed distributor or importing distributor alcoholic
liquors and wines to retailers, such distiller or wine manufacturer or any subsidiary or affiliate of any distiller or wine manufacturer holding such distributor's or importing distributor's license may continue to sell or distribute to retailers such alcoholic liquors and wines which are manufactured, distilled, processed or marketed by distillers and wine manufacturers whose products it sold or distributed to retailers during the whole or any part of its licensing periods; and such additional brands and additional products may be added to the line of such distributor or importing distributor, provided, that such brands and such products were not sold or distributed by any distributor or importing distributor licensed by the State Commission during the licensing period ending June 30, 1947, but can not sell or distribute to retailers any other alcoholic liquors or wines.

(d) It shall be unlawful for any distiller licensed anywhere to have any stock ownership or interest in any distributor's or importing distributor's license wherein any other person has an interest therein who is not a distiller and does not own more than 5% of any stock in any distillery. Nothing herein contained shall apply to such distillers or their subsidiaries or affiliates, who had a distributor's or importing distributor's license during the licensing period ending June 30, 1947, which license was owned in whole by such distiller, or subsidiaries or affiliates of such distiller.

(e) Any person licensed as a brewer, class 1 brewer, or class 2 brewer shall be permitted to sell on the licensed premises to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts such business: (i) beer manufactured by the brewer, class 1 brewer, or class 2 brewer; (ii) beer manufactured by any other brewer, class 1 brewer, or class 2 brewer; and (iii) cider. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises. Such authorization shall be considered a privilege granted by the brewer license and, other than a manufacturer of beer as stated above, no manufacturer or distributor or importing distributor, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee or agent, or shareholder shall be issued a retailer's license, nor shall any person having a retailer's license, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate
thereof, or any officer, associate, member, partner, representative or agent, or shareholder be issued a manufacturer's license or importing distributor's license.

A person who holds a class 1 or class 2 brewer license and is authorized by this Section to sell beer to non-licensees shall not sell beer to non-licensees from more than 3 total brewer or commonly owned brew pub licensed locations in this State. The class 1 or class 2 brewer shall designate to the State Commission the brewer or brew pub locations from which it will sell beer to non-licensees.

A person licensed as a craft distiller, including a person who holds more than one craft distiller license, not affiliated with any other person manufacturing spirits may be authorized by the Commission to sell up to 2,500 gallons of spirits produced by the person to non-licensees for on or off-premises consumption for the premises in which he or she actually conducts business permitting only the retail sale of spirits manufactured at such premises. Such sales shall be limited to on-premises, in-person sales only, for lawful consumption on or off premises, and such authorization shall be considered a privilege granted by the craft distiller license. A craft distiller licensed for retail sale shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

A craft distiller license holder shall not deliver any alcoholic liquor to any non-licensee off the licensed premises. A craft distiller shall affirm in its annual craft distiller's license application that it does not produce more than 100,000 gallons of distilled spirits annually and that the craft distiller does not sell more than 2,500 gallons of spirits to non-licensees for on or off-premises consumption. In the application, which shall be sworn under penalty of perjury, the craft distiller shall state the volume of production and sales for each year since the craft distiller's establishment.

(f) (Blank).

(g) Notwithstanding any of the foregoing prohibitions, a limited wine manufacturer may sell at retail at its manufacturing site for on or off premises consumption and may sell to distributors. A limited wine manufacturer licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(h) The changes made to this Section by Public Act 99-47 shall not diminish or impair the rights of any person, whether a distiller, wine manufacturer, agent, or affiliate thereof, who requested in writing and

submitted documentation to the State Commission on or before February 18, 2015 to be approved for a retail license pursuant to what has heretofore been subsection (f); provided that, on or before that date, the State Commission considered the intent of that person to apply for the retail license under that subsection and, by recorded vote, the State Commission approved a resolution indicating that such a license application could be lawfully approved upon that person duly filing a formal application for a retail license and if that person, within 90 days of the State Commission appearance and recorded vote, first filed an application with the appropriate local commission, which application was subsequently approved by the appropriate local commission prior to consideration by the State Commission of that person's application for a retail license. It is further provided that the State Commission may approve the person's application for a retail license or renewals of such license if such person continues to diligently adhere to all representations made in writing to the State Commission on or before February 18, 2015, or thereafter, or in the affidavit filed by that person with the State Commission to support the issuance of a retail license and to abide by all applicable laws and duly adopted rules.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by adding Section 26-19 as follows:

(105 ILCS 5/26-19 new)
Sec. 26-19. Chronic absenteeism in preschool children.
(a) In this Section, "Chronic absence" has the meaning ascribed to that term in Section 26-18 of this Code.
(b) The General Assembly makes all of the following findings:
(1) The early years are an extremely important period in a child's learning and development.
(2) Missed learning opportunities in the early years make it difficult for a child to enter kindergarten ready for success.
(3) Attendance patterns in the early years serve as predictors of chronic absenteeism and reduced educational outcomes in later school years. Therefore, it is crucial that the implications of chronic absence be understood and reviewed regularly in all publicly funded early childhood programs receiving State funds under Section 2-3.71 of this Code.
(c) Beginning July 1, 2019, any publicly funded early childhood program receiving State funds under Section 2-3.71 of this Code shall collect and review its chronic absence data and determine what support and resources are needed to positively engage chronically absent students and their families to encourage the habit of daily attendance and promote success.
(d) Publicly funded early childhood programs receiving State funds under Section 2-3.71 of this Code are encouraged to do all of the following:

New matter indicated by italics - deletions by strikeout
(1) Provide support to students who are at risk of reaching or exceeding chronic absence levels.

(2) Make resources available to families, such as those available through the State Board of Education's Family Engagement Framework, to support and encourage families to ensure their children's daily program attendance.

(3) Include information about chronic absenteeism as part of their preschool to kindergarten transition resources.

(e) On or before July 1, 2020, and annually thereafter, an early childhood program shall report all data collected under subsection (c) of this Section to the State Board of Education, which shall make the report publicly available via the Illinois Early Childhood Asset Map Internet website and the Preschool for All Program or Preschool for All Expansion Program triennial report.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 21B-20 as follows:

(105 ILCS 5/21B-20)

Sec. 21B-20. Types of licenses. Before July 1, 2013, the State Board of Education shall implement a system of educator licensure, whereby individuals employed in school districts who are required to be licensed must have one of the following licenses: (i) a professional educator license; (ii) a professional educator license with stipulations; or (iii) a substitute teaching license. References in law regarding individuals certified or certificated or required to be certified or certificated under Article 21 of this Code shall also include individuals licensed or required to be licensed under this Article. The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may

be necessary to govern the requirements for licenses and endorsements under this Section.

(1) Professional Educator License. Persons who (i) have successfully completed an approved educator preparation program and are recommended for licensure by the Illinois institution offering the educator preparation program, (ii) have successfully completed the required testing under Section 21B-30 of this Code, (iii) have successfully completed coursework on the psychology of, the identification of, and the methods of instruction for the exceptional child, including without limitation children with learning disabilities, (iv) have successfully completed coursework in methods of reading and reading in the content area, and (v) have met all other criteria established by rule of the State Board of Education shall be issued a Professional Educator License. All Professional Educator Licenses are valid until June 30 immediately following 5 years of the license being issued. The Professional Educator License shall be endorsed with specific areas and grade levels in which the individual is eligible to practice.

Individuals can receive subsequent endorsements on the Professional Educator License. Subsequent endorsements shall require a minimum of 24 semester hours of coursework in the endorsement area, unless otherwise specified by rule, and passage of the applicable content area test.

(2) Educator License with Stipulations. An Educator License with Stipulations shall be issued an endorsement that limits the license holder to one particular position or does not require completion of an approved educator program or both.

An individual with an Educator License with Stipulations must not be employed by a school district or any other entity to replace any presently employed teacher who otherwise would not be replaced for any reason.

An Educator License with Stipulations may be issued with the following endorsements:

(A) Provisional educator. A provisional educator endorsement in a specific content area or areas on an Educator License with Stipulations may be issued to an applicant who holds an educator license from another state, U.S. territory, or foreign country and who, at the time of applying for an Illinois license, does not meet the minimum
requirements under Section 21B-35 of this Code, but does, at a minimum, meet the following requirements:

(i) Holds the equivalent of a minimum of a bachelor's degree, unless a master's degree is required for the endorsement, from a regionally accredited college or university or, for individuals educated in a country other than the United States, the equivalent of a minimum of a bachelor's degree issued in the United States, unless a master's degree is required for the endorsement.

(ii) Has passed or passes a test of basic skills and content area test prior to or within one year after issuance of the provisional educator endorsement on the Educator License with Stipulations. If an individual who holds an Educator License with Stipulations endorsed for provisional educator has not passed a test of basic skills and applicable content area test or tests within one year after issuance of the endorsement, the endorsement shall expire on June 30 following one full year of the endorsement being issued. If such an individual has passed the test of basic skills and applicable content area test or tests either prior to issuance of the endorsement or within one year after issuance of the endorsement, the endorsement is valid until June 30 immediately following 2 years of the license being issued, during which time any and all coursework deficiencies must be met and any and all additional testing deficiencies must be met.

In addition, a provisional educator endorsement for principals or superintendents may be issued if the individual meets the requirements set forth in subdivisions (1) and (3) of subsection (b-5) of Section 21B-35 of this Code. Applicants who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education shall not receive a provisional educator endorsement if the person completed an alternative licensure program in another state, unless the
program has been determined to be equivalent to Illinois program requirements.

Section 5. The School Code is amended by changing Section 21B-50 as follows:
(105 ILCS 5/21B-50)

New matter indicated by italics - deletions by strikeout
Sec. 21B-50. Alternative educator licensure program.

(a) There is established an alternative educator licensure program, to be known as the Alternative Educator Licensure Program for Teachers.

(b) Beginning on January 1, 2013, the Alternative Educator Licensure Program for Teachers may be offered by a recognized institution approved to offer educator preparation programs by the State Board of Education, in consultation with the State Educator Preparation and Licensure Board.

The program shall be comprised of 4 phases:

1. A course of study that at a minimum includes instructional planning; instructional strategies, including special education, reading, and English language learning; classroom management; and the assessment of students and use of data to drive instruction.

2. A year of residency, which is a candidate's assignment to a full-time teaching position or as a co-teacher for one full school year. An individual must hold an Educator License with Stipulations with an alternative provisional educator endorsement in order to enter the residency and must complete additional program requirements that address required State and national standards, pass the assessment of professional teaching before entering the second residency year, as required under phase (3) of this subsection (b), and be recommended by the principal or qualified equivalent of a principal, as required under subsection (d) of this Section, and the program coordinator to continue with the second year of the residency.

3. A second year of residency, which shall include the candidate's assignment to a full-time teaching position for one school year. The candidate must be assigned an experienced teacher to act as a mentor and coach the candidate through the second year of residency.

4. A comprehensive assessment of the candidate's teaching effectiveness, as evaluated by the principal or qualified equivalent of a principal, as required under subsection (d) of this Section, and the program coordinator, at the end of the second year of residency. If there is disagreement between the 2 evaluators about the candidate's teaching effectiveness, the candidate may complete one additional year of residency teaching under a professional development plan developed by the principal or qualified...
equivalent and the preparation program. At the completion of the third year, a candidate must have positive evaluations and a recommendation for full licensure from both the principal or qualified equivalent and the program coordinator or no Professional Educator License shall be issued.

Successful completion of the program shall be deemed to satisfy any other practice or student teaching and content matter requirements established by law.

(c) An alternative provisional educator endorsement on an Educator License with Stipulations is valid for 2 years of teaching in the public schools, including without limitation a preschool educational program under Section 2-3.71 of this Code or charter school, or in a State-recognized nonpublic school in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State, but may be renewed for a third year if needed to complete the Alternative Educator Licensure Program for Teachers. The endorsement shall be issued only once to an individual who meets all of the following requirements:

(1) Has graduated from a regionally accredited college or university with a bachelor's degree or higher.

(2) Has a cumulative grade point average of 3.0 or greater on a 4.0 scale or its equivalent on another scale.

(3) Has completed a major in the content area if seeking a middle or secondary level endorsement or, if seeking an early childhood, elementary, or special education endorsement, has completed a major in the content area of reading, English/language arts, mathematics, or one of the sciences. If the individual does not have a major in a content area for any level of teaching, he or she must submit transcripts to the State Board Superintendent of Education to be reviewed for equivalency.

(4) Has successfully completed phase (1) of subsection (b) of this Section.

(5) Has passed a test of basic skills and content area test required for the specific endorsement for admission into the program, as required under Section 21B-30 of this Code.

A candidate possessing the alternative provisional educator endorsement may receive a salary, benefits, and any other terms of
employment offered to teachers in the school who are members of an exclusive bargaining representative, if any, but a school is not required to provide these benefits during the years of residency if the candidate is serving only as a co-teacher. If the candidate is serving as the teacher of record, the candidate must receive a salary, benefits, and any other terms of employment. Residency experiences must not be counted towards tenure.

(d) The recognized institution offering the Alternative Educator Licensure Program for Teachers must partner with a school district, including without limitation a preschool educational program under Section 2-3.71 of this Code or charter school, or a State-recognized, nonpublic school in this State in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State. A recognized institution that partners with a public school district administering a preschool educational program under Section 2-3.71 of this Code must require a principal to recommend or evaluate candidates in the program. A recognized institution that partners with an eligible entity administering a preschool educational program under Section 2-3.71 of this Code and that is not a public school district must require a principal or qualified equivalent of a principal to recommend or evaluate candidates in the program. The program presented for approval by the State Board of Education must demonstrate the supports that are to be provided to assist the provisional teacher during the 2-year residency period. These supports must provide additional contact hours with mentors during the first year of residency.

(e) Upon completion of the 4 phases outlined in subsection (b) of this Section and all assessments required under Section 21B-30 of this Code, an individual shall receive a Professional Educator License.

(f) The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt such rules as may be necessary to establish and implement the Alternative Educator Licensure Program for Teachers.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative intent. It is the intent of the General Assembly that nothing in this Act reduces or eliminates the funding of Monetary Award Program grants by the Illinois Student Assistance Commission for first-time applicants who are not freshmen of an institution of higher learning.

Section 5. The Higher Education Student Assistance Act is amended by changing Section 35 as follows:

(110 ILCS 947/35)
Sec. 35. Monetary award program.
(a) The Commission shall, each year, receive and consider applications for grant assistance under this Section. Subject to a separate appropriation for such purposes, an applicant is eligible for a grant under this Section when the Commission finds that the applicant:

(1) is a resident of this State and a citizen or permanent resident of the United States; and

(2) in the absence of grant assistance, will be deterred by financial considerations from completing an educational program at the qualified institution of his or her choice.

(b) The Commission shall award renewals only upon the student's application and upon the Commission's finding that the applicant:

(1) has remained a student in good standing;

(2) remains a resident of this State; and

(3) is in a financial situation that continues to warrant assistance.

(c) All grants shall be applicable only to tuition and necessary fee costs. The Commission shall determine the grant amount for each student, which shall not exceed the smallest of the following amounts:

(1) subject to appropriation, $5,468 for fiscal year 2009, $5,968 for fiscal year 2010, and $6,468 for fiscal year 2011 and each fiscal year thereafter, or such lesser amount as the Commission finds to be available, during an academic year;

New matter indicated by italics - deletions by strikeout
(2) the amount which equals 2 semesters or 3 quarters tuition and other necessary fees required generally by the institution of all full-time undergraduate students; or
(3) such amount as the Commission finds to be appropriate in view of the applicant's financial resources.

Subject to appropriation, the maximum grant amount for students not subject to subdivision (1) of this subsection (c) must be increased by the same percentage as any increase made by law to the maximum grant amount under subdivision (1) of this subsection (c).

"Tuition and other necessary fees" as used in this Section include the customary charge for instruction and use of facilities in general, and the additional fixed fees charged for specified purposes, which are required generally of nongrant recipients for each academic period for which the grant applicant actually enrolls, but do not include fees payable only once or breakage fees and other contingent deposits which are refundable in whole or in part. The Commission may prescribe, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(d) No applicant, including those presently receiving scholarship assistance under this Act, is eligible for monetary award program consideration under this Act after receiving a baccalaureate degree or the equivalent of 135 semester credit hours of award payments.

(d-5) In this subsection (d-5), "renewing applicant" means a student attending an institution of higher learning who received a Monetary Award Program grant during the prior academic year. Beginning with the processing of applications for the 2020-2021 academic year, the Commission shall annually publish a priority deadline date for renewing applicants. Subject to appropriation, a renewing applicant who files by the published priority deadline date shall receive a grant if he or she continues to meet the eligibility requirements under this Section. A renewing applicant's failure to apply by the priority deadline date established under this subsection (d-5) shall not disqualify him or her from receiving a grant if sufficient funding is available to provide awards after that date.

(e) The Commission, in determining the number of grants to be offered, shall take into consideration past experience with the rate of grant funds unclaimed by recipients. The Commission shall notify applicants that grant assistance is contingent upon the availability of appropriated funds.

New matter indicated by italics - deletions by strikeout
(e-5) The General Assembly finds and declares that it is an important purpose of the Monetary Award Program to facilitate access to college both for students who pursue postsecondary education immediately following high school and for those who pursue postsecondary education later in life, particularly Illinoisans who are dislocated workers with financial need and who are seeking to improve their economic position through education. For the 2015-2016 and 2016-2017 academic years, the Commission shall give additional and specific consideration to the needs of dislocated workers with the intent of allowing applicants who are dislocated workers an opportunity to secure financial assistance even if applying later than the general pool of applicants. The Commission's consideration shall include, in determining the number of grants to be offered, an estimate of the resources needed to serve dislocated workers who apply after the Commission initially suspends award announcements for the upcoming regular academic year, but prior to the beginning of that academic year. For the purposes of this subsection (e-5), a dislocated worker is defined as in the federal Workforce Innovation and Opportunity Act.

(f) The Commission may request appropriations for deposit into the Monetary Award Program Reserve Fund. Monies deposited into the Monetary Award Program Reserve Fund may be expended exclusively for one purpose: to make Monetary Award Program grants to eligible students. Amounts on deposit in the Monetary Award Program Reserve Fund may not exceed 2% of the current annual State appropriation for the Monetary Award Program.

The purpose of the Monetary Award Program Reserve Fund is to enable the Commission each year to assure as many students as possible of their eligibility for a Monetary Award Program grant and to do so before commencement of the academic year. Moneys deposited in this Reserve Fund are intended to enhance the Commission's management of the Monetary Award Program, minimizing the necessity, magnitude, and frequency of adjusting award amounts and ensuring that the annual Monetary Award Program appropriation can be fully utilized.

(g) The Commission shall determine the eligibility of and make grants to applicants enrolled at qualified for-profit institutions in accordance with the criteria set forth in this Section. The eligibility of applicants enrolled at such for-profit institutions shall be limited as follows:

New matter indicated by italics - deletions by strikeout
(1) Beginning with the academic year 1997, only to eligible first-time freshmen and first-time transfer students who have attained an associate degree.

(2) Beginning with the academic year 1998, only to eligible freshmen students, transfer students who have attained an associate degree, and students who receive a grant under paragraph (1) for the academic year 1997 and whose grants are being renewed for the academic year 1998.

(3) Beginning with the academic year 1999, to all eligible students.

(h) The Commission may adopt rules to implement this Section.

Section 26-1. Beginning with the 2014-2015 school year, any person having custody or control of a child who is below the age of 6 years or is 17 years of age or above and who is enrolled in any of grades kindergarten through 12 in the public school shall cause the child to attend the public school in the district wherein he or she resides when it is in session during the regular school term, unless the child is excused under paragraph 2, 3, 4, 5, or 6 of Section 26-1 of this Code.

(b) A school district shall deny reenrollment in its secondary schools to any child 19 years of age or above who has dropped out of school and who could not, because of age and lack of credits, attend classes during the normal school year and graduate before his or her twenty-first birthday. A district may, however, enroll the child in a graduation incentives program under Section 26-16 of this Code or an alternative learning opportunities program established under Article 13B. No child shall be denied reenrollment for the above reasons unless the school district first offers the child due process as required in cases of expulsion under Section 10-22.6. If a child is denied reenrollment after being provided with due process, the school district must provide counseling to that child and must direct that child to alternative educational programs, including adult education programs, that lead to graduation or receipt of a high school equivalency certificate.

(c) A school or school district may deny enrollment to a student 17 years of age or older for one semester for failure to meet minimum academic standards if all of the following conditions are met:

(1) The student achieved a grade point average of less than "D" (or its equivalent) in the semester immediately prior to the current semester;

(2) The student and the student's parent or guardian are given written notice warning that the student is failing academically and is subject to denial from enrollment for one semester unless a "D" average (or its equivalent) or better is attained in the current semester;

(3) The parent or guardian is provided with the right to appeal the notice, as determined by the State Board of Education in accordance with due process;

(4) The student is provided with an academic improvement plan and academic remediation services;

(5) The student fails to achieve a "D" average (or its equivalent) or better in the current semester.

(2) The student and the student's parent or guardian are given written notice warning that the student is subject to denial from enrollment for one semester unless the student is absent without valid cause less than 20% of the attendance days in the current semester.

(3) The student's parent or guardian is provided with the right to appeal the notice, as determined by the State Board of Education in accordance with due process.

(4) The student is provided with attendance remediation services, including without limitation assessment, counseling, and support services.

(d) No child may be denied enrollment or reenrollment under this Section in violation of the federal Individuals with Disabilities Education Act or the Americans with Disabilities Act.

(House Bill No. 4908)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 27-8.1 as follows:

(105 ILCS 5/27-8.1) (from Ch. 122, par. 27-8.1)

Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination

New matter indicated by italics - deletions by strikeout
within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second, and sixth, and ninth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second, or sixth, or ninth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after January 1, 2008 (the effective date of Public Act 95-671) this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and

rules adopted under this Section, before October 15th of the school year. If
the child fails to present proof by October 15th, the school may hold the
child's report card until one of the following occurs: (i) the child presents
proof of a completed eye examination or (ii) the child presents proof that
an eye examination will take place within 60 days after October 15th. The
Department of Public Health shall establish, by rule, a waiver for children
who show an undue burden or a lack of access to a physician licensed to
practice medicine in all of its branches who provides eye examinations or
to a licensed optometrist. Each public, private, and parochial school must
give notice of this eye examination requirement to the parents and
guardians of students in compliance with rules of the Department of Public
Health. Nothing in this Section shall be construed to allow a school to
exclude a child from attending because of a parent's or guardian's failure to
obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and
regulations specifying the examinations and procedures that constitute a
health examination, which shall include an age-appropriate developmental
screening, an age-appropriate social and emotional screening, and the
collection of data relating to asthma and obesity (including at a minimum,
date of birth, gender, height, weight, blood pressure, and date of exam),
and a dental examination and may recommend by rule that certain
additional examinations be performed. The rules and regulations of the
Department of Public Health shall specify that a tuberculosis skin test
screening shall be included as a required part of each health examination
included under this Section if the child resides in an area designated by the
Department of Public Health as having a high incidence of tuberculosis.
With respect to the developmental screening and the social and emotional
screening, the Department of Public Health must develop rules and
appropriate revisions to the Child Health Examination form in conjunction
with a statewide organization representing school boards; a statewide
organization representing pediatricians; statewide organizations
representing individuals holding Illinois educator licenses with school
support personnel endorsements, including school social workers, school
psychologists, and school nurses; a statewide organization representing
children's mental health experts; a statewide organization representing
school principals; the Director of Healthcare and Family Services or his or
her designee, the State Superintendent of Education or his or her designee;
and representatives of other appropriate State agencies and, at a minimum,
must recommend the use of validated screening tools appropriate to the

child's age or grade, and, with regard to the social and emotional screening, require recording only whether or not the screening was completed. The rules shall take into consideration the screening recommendations of the American Academy of Pediatrics and must be consistent with the State Board of Education's social and emotional learning standards. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice registered nurses, or licensed physician assistants shall be responsible for the performance of the health examinations, other than dental examinations, eye examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice registered nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches or licensed optometrists shall perform all eye examinations required by this Section and shall sign all report forms required by subsection (4) of this Section that pertain to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, subjective refraction to best visual acuity near and far, internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the professional judgment of the doctor are necessary. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or
ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(2.5) With respect to the developmental screening and the social and emotional screening portion of the health examination, each child may present proof of having been screened in accordance with this Section and the rules adopted under this Section before October 15th of the school year. With regard to the social and emotional screening only, the examining health care provider shall only record whether or not the screening was completed. If the child fails to present proof of the developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or guardian's consent, offer the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and guardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a social and emotional screening is completed and proof has been presented to the school, the school may, with a parent's or guardian's consent, make available appropriate school personnel to work with the parent or guardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, guardians, or provider.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the

New matter indicated by italics - deletions by strikeout
State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to asthma or obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice registered nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations, eye examinations, and the developmental screening and the social and

emotional screening portions of the health examination. If the student is an
out-of-state transfer student and does not have the proof required under
this subsection (5) before October 15 of the current year or whatever date
is set by the school district, then he or she may only attend classes (i) if he
or she has proof that an appointment for the required vaccinations has been
scheduled with a party authorized to submit proof of the required
vaccinations. If the proof of vaccination required under this subsection (5)
is not submitted within 30 days after the student is permitted to attend
classes, then the student is not to be permitted to attend classes until proof
of the vaccinations has been properly submitted. No school district or
employee of a school district shall be held liable for any injury or illness to
another person that results from admitting an out-of-state transfer student
to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by
November 15, in the manner which that agency shall require, the number
of children who have received the necessary immunizations and the health
examination (other than a dental examination or eye examination) as
required, indicating, of those who have not received the immunizations
and examination as required, the number of children who are exempt from
health examination and immunization requirements on religious or
medical grounds as provided in subsection (8). On or before December 1
of each year, every public school district and registered nonpublic school
shall make publicly available the immunization data they are required to
submit to the State Board of Education by November 15. The
immunization data made publicly available must be identical to the data
the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June
30, in the manner that the State Board requires, the number of children
who have received the required dental examination, indicating, of those
who have not received the required dental examination, the number of
children who are exempt from the dental examination on religious grounds
as provided in subsection (8) of this Section and the number of children
who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June
30, in the manner that the State Board requires, the number of children
who have received the required eye examination, indicating, of those who
have not received the required eye examination, the number of children
who are exempt from the eye examination as provided in subsection (8) of
this Section, the number of children who have received a waiver under

New matter indicated by italics - deletions by strikeout
subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 or 18-8.15 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious belief that conflicts with the examination, test, immunization, or other medical intervention. The signed certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required unde provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the nationally accepted recommendations from federal agencies such as the Advisory Committee

New matter indicated by italics - deletions by strikeout
on Immunization Practices, the information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization or adopt an individualized immunization schedule. The Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice registered nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form.

Exempting a child from the health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

Sec. 15-102. Width of Vehicles.
(a) On Class III and non-designated State and local highways, the total outside width of any vehicle or load thereon shall not exceed 8 feet 6 inches.
(b) Except during those times when, due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highway are not clearly discernible at a distance of 1000 feet, the following vehicles may exceed the 8 feet 6 inch limitation during the period from a half hour before sunrise to a half hour after sunset:

The following requirements apply to the transportation on another vehicle of an implement of husbandry wider than 8 feet 6 inches on the National System of Interstate and Defense Highways or other highways in the system of State highways:
(A) The driver of a vehicle transporting an implement of husbandry that exceeds 8 feet 6 inches in
width shall obey all traffic laws and shall check the roadways prior to making a movement in order to ensure that adequate clearance is available for the movement. It is prima facie evidence that the driver of a vehicle transporting an implement of husbandry has failed to check the roadway prior to making a movement if the vehicle is involved in a collision with a bridge, overpass, fixed structure, or properly placed traffic control device or if the vehicle blocks traffic due to its inability to proceed because of a bridge, overpass, fixed structure, or properly placed traffic control device.

(B) Flags shall be displayed so as to wave freely at the extremities of overwidth objects and at the extreme ends of all protrusions, projections, and overhangs. All flags shall be clean, bright red flags with no advertising, wording, emblem, or insignia inscribed upon them and at least 18 inches square.

(C) "OVERSIZE LOAD" signs are mandatory on the front and rear of all vehicles with loads over 10 feet wide. These signs must have 12-inch high black letters with a 2-inch stroke on a yellow sign that is 7 feet wide by 18 inches high.

(D) One civilian escort vehicle is required for a load that exceeds 14 feet 6 inches in width and 2 civilian escort vehicles are required for a load that exceeds 16 feet in width on the National System of Interstate and Defense Highways or other highways in the system of State highways.

1. The civilian escort vehicle shall be a passenger car or a second division vehicle not exceeding a gross vehicle weight rating of 26,000 pounds that is designed to afford clear and unobstructed vision to both front and rear.

2. The escort vehicle driver must be properly licensed to operate the vehicle.

3. While in use, the escort vehicle must be equipped with illuminated rotating, oscillating, or

(4) "OVERSIZE LOAD" signs are mandatory on all escort vehicles. The sign on an escort vehicle shall have 8-inch high black letters on a yellow sign that is 5 feet wide by 12 inches high.

(5) When only one escort vehicle is required and it is operating on a two-lane highway, the escort vehicle shall travel approximately 300 feet ahead of the load. The rotating, oscillating, or flashing lights or flashing amber strobe lights and an "OVERSIZE LOAD" sign shall be displayed on the escort vehicle and shall be visible from the front. When only one escort vehicle is required and it is operating on a multilane divided highway, the escort vehicle shall travel approximately 300 feet behind the load and the sign and lights shall be visible from the rear.

(6) When 2 escort vehicles are required, one escort shall travel approximately 300 feet ahead of the load and the second escort shall travel approximately 300 feet behind the load. The rotating, oscillating, or flashing lights or flashing amber strobe lights and an "OVERSIZE LOAD" sign shall be displayed on the escort vehicles and shall be visible from the front on the lead escort and from the rear on the trailing escort.

(7) When traveling within the corporate limits of a municipality, the escort vehicle shall maintain a reasonable and proper distance from the oversize load, consistent with existing traffic conditions.

(8) A separate escort shall be provided for each load hauled.

(9) The driver of an escort vehicle shall obey all traffic laws.

If the load on the transport vehicle blocks the visibility of the amber lighting from the rear of the vehicle, the vehicle must also be equipped with an illuminated rotating, oscillating, or flashing amber light or lights or a flashing amber strobe light or lights mounted on the rear of the load that are of sufficient intensity to be visible at 500 feet in normal sunlight.

(d) (Blank).

(d-1) A recreational vehicle, as defined in Section 1-169, may exceed 8 feet 6 inches in width if:

1. the excess width is attributable to appurtenances that extend 6 inches or less beyond either side of the body of the vehicle; and
2. the roadway on which the vehicle is traveling has marked lanes for vehicular traffic that are at least 11 feet in width.

As used in this subsection (d-1) and in subsection (d-2), the term appurtenance includes (i) a retracted awning and its support hardware and (ii) any appendage that is intended to be an integral part of a recreation vehicle.

(d-2) A recreational vehicle that exceeds 8 feet 6 inches in width as provided in subsection (d-1) may travel any roadway of the State if the vehicle is being operated between a roadway permitted under subsection (d-1) and:

Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this Act or otherwise not in conformity with this Act upon any highway under the jurisdiction of the party granting such permit and for the maintenance of which the party is responsible. Applications and permits other than those in written or printed form may only be accepted from and issued to the company or individual making the movement. Except for an application to move directly across a highway, it shall be the duty of the applicant to establish in the application that the load to be moved by such vehicle or combination cannot reasonably be dismantled or disassembled, the reasonableness of which shall be determined by the Secretary of the Department. For the purpose of over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to multiple objects and the length, width, and weight laws are not exceeded. For the purpose of an over width movement, more than one object may be carried as long as the cause for the over width is not due to multiple objects and length, height, and weight laws are not exceeded. Except for transporting fluid milk products, no State or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried, when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of

an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved except that for vehicles or vehicle combinations registered by the Department as provided in Section 15-319 of this Chapter, only the Illinois Department of Transportation's (IDT) registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by

telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to subsection paragraph (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2-axle single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3-axle or 4-axle vehicle registered by the Secretary of State with axle loads not to exceed 20%, and on a 5-axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

(1) cultivated plants or agricultural produce grown including, but is not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;

(2) livestock, including, but not limited to, hogs, equine, sheep, and poultry;

(3) ensilage; and

(4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Illinois Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.
(e-1) Upon a declaration by the Governor that an emergency harvest situation exists, a special permit issued by the Department under this Section shall be required from September 1 through December 31 during harvest season emergencies for a vehicle that exceeds the maximum axle weight and gross weight limits under Section 15-111 of this Code or exceeds the vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits under Section 15-111 of this Code and does not exceed the vehicle's registered gross weight by 10%. All other restrictions that apply to permits issued under this Section shall apply during the declared time period and no fee shall be charged for the issuance of those permits. Permits issued by the Department under this subsection (e-1) are only valid on federal and State highways under the jurisdiction of the Department, except interstate highways. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements during harvest season emergencies, and set a divisible load weight limit not to exceed 10% above a vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits specified in Section 15-111. Permits issued under this subsection (e-1) shall apply to all registered vehicles eligible to obtain permits under this Section, including vehicles used in private or for-hire movement of divisible load agricultural commodities during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit.
violation as provided in subsection paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while enroute to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

- Single axle: 2000 pounds
- Tandem axle: 3000 pounds
- Gross: 5000 pounds

(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

1. All operators shall be 18 years of age or over and properly licensed to operate the vehicle.
2. Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under the Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off-route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Act.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm, or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm, or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm, or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department may, in its discretion, shall not issue permits to the person, firm, or corporation convicted of a third offense during a period of one year after the date of conviction or supervision for such third offense. If any violation is the cause or contributing cause in a

motor vehicle accident causing damage to property, injury, or death to a person, the Department may, in its discretion, not issue a permit to the person, firm, or corporation for a period of one year after the date of conviction or supervision for the offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a tow truck that exceeds the weight limits provided for in subsection (a) of Section 15-111, provided:

(1) no rear single axle of the tow truck exceeds 26,000 pounds;
(2) no rear tandem axle of the tow truck exceeds 50,000 pounds;
(2.1) no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;
(3) neither the disabled vehicle nor the disabled combination of vehicles exceed the weight restrictions imposed by this Chapter 15, or the weight limits imposed under a permit issued by the Department prior to hookup;
(4) the tow truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;

(5) during the tow operation the tow truck does not violate any weight restriction sign;
(6) the tow truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;
(7) the tow truck is specifically designed and licensed as a tow truck;
(8) the tow truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;
(9) the tow truck is equipped with air brakes;
(10) the tow truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;
(11) the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;
(12) the permit issued to the tow truck is carried in the tow truck and exhibited on demand by a police officer; and
(13) the movement shall be valid only on State routes approved by the Department.

(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of subsection (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling public, whether dismantling or disassembling the load promotes or stifles economic development and whether the proposed route travels less than 5 miles. A load is not required to be dismantled or disassembled for the purposes of subsection (a) if the Secretary of the Department determines there will be no significant negative impact to pavement or structures along the proposed route, the proposed load or vehicle causes no safety hazard to the traveling public, dismantling or disassembling the load does not promote economic development and the proposed route travels less than 5 miles. If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. An individual whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. (Section scheduled to be repealed on January 1, 2022)

Sec. 15-15. Investigation; notice; hearing.
(a) Upon the motion of the Department or the Board or upon a complaint in writing of a person setting forth facts that, if proven, would constitute grounds for suspension, revocation, or other disciplinary action against a licensee or applicant for licensure, the Department shall investigate the actions of the licensee or applicant. If, upon investigation, the Department believes that there may be cause for suspension, revocation, or other disciplinary action, the Department shall use the services of a State certified general real estate appraiser, a State certified residential real estate appraiser, or the Real Estate Coordinator to assist in determining whether grounds for disciplinary action exist prior to commencing formal disciplinary proceedings.
(b) Formal disciplinary proceedings shall commence upon the issuance of a written complaint describing the charges that are the basis of the disciplinary action and delivery of the detailed complaint to the address of record of the licensee or applicant. the service of the notice and complaint. The notification shall inform the licensee or applicant of his or her right to be heard in person or by legal counsel; that the hearing will be afforded not sooner than 30 days after service of the complaint; that failure to file an answer will result in a default being entered against the licensee or applicant; that the license may be suspended, revoked, or placed on probationary status; and that other disciplinary action may be taken pursuant to this Act, including limiting the scope, nature, or extent of the licensee's practice. If the licensee or applicant fails to file an answer after service of notice, his or her license may, at the discretion of the Department, be suspended, revoked, or placed on probationary status and the Department may take whatever disciplinary action it deems proper, including limiting the scope, nature, or extent of the person's practice, without a hearing.

(c) At the time and place fixed in the notice, the Board shall conduct hearing of the charges, providing both the accused person and the complainant ample opportunity to present in person or by counsel such statements, testimony, evidence, and argument as may be pertinent to the charges or to a defense thereto.

(d) The Board shall present to the Secretary a written report of its findings and recommendations. A copy of the report shall be served upon the licensee or applicant, either personally or by certified mail. Within 20 days after the service, the licensee or applicant may present the Secretary with a motion in writing for either a rehearing, a proposed finding of fact, a conclusion of law, or an alternative sanction, and shall specify the particular grounds for the request. If the accused orders a transcript of the record as provided in this Act, the time elapsing thereafter and before the transcript is ready for delivery to the accused shall not be counted as part of the 20 days. If the Secretary is not satisfied that substantial justice has been done, the Secretary may order a rehearing by the Board or other special committee appointed by the Secretary, may remand the matter to the Board for its reconsideration of the matter based on the pleadings and evidence presented to the Board, or may enter a final order in contravention of the Board's recommendation. In all instances under this Act in which the Board has rendered a recommendation to the Secretary with respect to a particular licensee or applicant, the Secretary, if he or she disagrees with the recommendation of the Board, shall file with the Board and provide to the licensee or applicant a copy of the Secretary's specific written reasons for disagreement with the Board. The reasons shall be filed within 60 days of the Board's recommendation to the Secretary and prior to

Notwithstanding a licensee's or applicant's failure to file a motion for rehearing, the Secretary shall have the right to take any of the actions specified in this subsection (d). (e) The Department has the power to issue subpoenas and subpoenas duces tecum to bring before it any person in this State, to take testimony, or to require production of any records relevant to an inquiry or hearing by the Board in the same manner as prescribed by law in judicial proceedings in the courts of this State. In a case of refusal of a witness to attend, testify, or to produce books or papers concerning a matter upon which he or she might be lawfully examined, the circuit court of the county where the hearing is held, upon application of the Department or any party to the proceeding, may compel obedience by proceedings as for contempt.

(f) Any license that is suspended indefinitely or revoked may not be restored for a minimum period of 2 years, or as otherwise ordered by the Secretary.

(g) In addition to the provisions of this Section concerning the conduct of hearings and the recommendations for discipline, the Department has the authority to negotiate disciplinary and non-disciplinary settlement agreements concerning any license issued under this Act. All such agreements shall be recorded as Consent Orders or Consent to Administrative Supervision Orders.

PUBLIC ACT 100-0839
(Senate Bill No. 2940)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Township Code is amended by changing Section 30-50 as follows:

(60 ILCS 1/30-50)
Sec. 30-50. Purchase and use of property.
(a) The electors may make all orders for the purchase, sale, conveyance, regulation, or use of the township's corporate property (including the direct sale or lease of single township road district property) that may be deemed conducive to the interests of its inhabitants, including the lease, for up to 10 years, or for up to 25 years if the lease is for a wireless telecommunications tower, at fair market value, of corporate property for which no use or need during the lease period is anticipated at the time of leasing. The electors may delegate the power to purchase, sell, or lease property to the township board for a period of up to 12 months and the township board may specify properties being considered. The property may be leased to another governmental body, however, or to a not-for-profit corporation that has contracted to construct or fund the construction of a structure or improvement upon the real estate owned by the township and that has contracted with the township to allow the
township to use at least a portion of the structure or improvement to be constructed upon the real estate leased and not otherwise used by the township, for any term not exceeding 50 years and for any consideration. In the case of a not-for-profit corporation, the township shall hold a public hearing on the proposed lease. The township clerk shall give notice of the hearing by publication in a newspaper published in the township, or in a newspaper published in the county and having general circulation in the township if no newspaper is published in the township, and by posting notices in at least 5 public places at least 15 days before the public hearing.

(b) If a new tax is to be levied or an existing tax rate is to be increased above the statutory limits for the purchase of the property, however, no action otherwise authorized in subsection (a) shall be taken unless a petition signed by at least 10% of the registered voters residing in the township is presented to the township clerk. If a petition is presented to the township clerk, the clerk shall order a referendum on the proposition. The referendum shall be held at the next annual or special township meeting or at an election in accordance with the general election law. If the referendum is ordered to be held at the township meeting, the township clerk shall give notice that at the next annual or special township meeting the proposition shall be voted upon. The notice shall set forth the proposition and shall be given by publication in a newspaper published in the township. If there is no newspaper published in the township, the notice shall be published in a newspaper published in the county and having general circulation in the township. Notice also shall be given by posting notices in at least 5 public places at least 15 days before the township meeting. If the referendum is ordered to be held at an election, the township clerk shall certify that proposition to the proper election officials, who shall submit the proposition at an election. The proposition shall be submitted in accordance with the general election law.

(c) If the leased property is utilized in part for private use and in part for public use, those portions of the improvements devoted to private use are fully taxable. The land is exempt from taxation to the extent that the uses on the land are public and taxable to the extent that the uses are private.

(d) Before the township makes a lease or sale of township or road district real property, the electors shall either delegate the power to the township board to purchase, sell, or lease properties for a period of up to 12 months as provided in subsection (a) or adopt a resolution stating the intent to lease or sell the real property, describing the property in full, and
stating the terms and conditions the electors deem necessary and desirable for the lease or sale. A resolution stating the intent to sell real property shall also contain pertinent information concerning the size, use, and zoning of the property. The value of real property shall be determined by a State licensed real estate appraiser. The appraisal shall be available for public inspection. The resolution may direct the sale to be conducted by the staff of the township or by listing with local licensed real estate agencies (in which case the terms of the agent's compensation shall be included in the resolution).

Anytime during the year, the township or township road district may lease or sell personal property by a vote of the township board or request of the township highway commissioner.

The clerk shall thereafter publish the resolution or personal property sale notice once in a newspaper published in the township or, if no newspaper is published in the township, in a newspaper generally circulated in the township. If no newspaper is generally circulated in the township, the clerk shall post the resolution or personal property sale notice in 5 of the most public places in the township. In addition to the foregoing publication requirements, the clerk shall post the resolution or personal property sale notice at the office of the township (if township property is involved) or at the office of the road district (if road district property is involved). The following information shall be published or posted with the resolution or personal property sale notice: (i) the date by which all bids must be received by the township or road district, which shall not be less than 30 days after the date of publication or posting, and (ii) the place, time, and date at which bids shall be opened, which shall be at a regular meeting of the township board.

All bids shall be opened by the clerk (or someone duly appointed to act for the clerk) at the regular meeting of the township board described in the notice. With respect to township personal property, the township board may accept the high bid or any other bid determined to be in the best interests of the township by a majority vote of the board. With respect to township real property, the township board may accept the high bid or any other bid determined to be in the best interests of the township by a vote of three-fourths of the township board then holding office, but in no event at a price less than 80% of the appraised value. With respect to road district property, the highway commissioner may accept the high bid or any other bid determined to be in the best interests of the road district. In each case, the township board or commissioner may reject any and all bids. This
notice and competitive bidding procedure shall not be followed when property is leased to another governmental body. The notice and competitive bidding procedure shall not be followed when real or personal property is declared surplus by the township board or the highway commissioner and sold to another governmental body.

The township board or the highway commissioner may authorize the sale of personal property by public auction conducted by an auctioneer licensed under the Auction License Act or through an approved Internet auction service.

(e) A trade-in of machinery or equipment on new or different machinery or equipment does not constitute the sale of township or road district property.

Sec. 6-102. Authorization of issues of stock.
(a) Subject to the provisions of this Act and of the order of the Commission issued as provided in this Act, a public utility may issue stocks and stock certificates, and bonds, notes and other evidences of indebtedness payable at periods of more than 12 months after the date thereof for any lawful purpose. However, such public utility shall first have secured from the Commission an order authorizing such issue and stating the amount thereof and the purpose or purposes to which the issue or the proceeds thereof are to be applied, and that in the opinion of the Commission, the money, property or labor to be procured or paid for by such issue is reasonably required for the purpose or purposes specified in the order.

(b) The provisions of this subsection (b) shall apply only to (1) any issuances of stock in a cumulative amount, exclusive of any issuances referred to in item (3), that are 10% or more in a calendar year or 20% or more in a 24-month period of the total common stockholders' equity or of the total amount of preferred stock outstanding, as the case may be, of the public utility, and (2) to any issuances of bonds, notes or other evidences of indebtedness in a cumulative principal amount, exclusive of any issuances referred to in item (3), that are 10% or more in a calendar year or 20% or more in a 24-month period of the aggregate principal amount of bonds, notes and other evidences of indebtedness of the public utility.
outstanding, all as of the date of the issuance, but shall not apply to (3) any issuances of stock or of bonds, notes or other evidences of indebtedness 90% or more of the proceeds of which are to be used by the public utility for purposes of refunding, redeeming or refinancing outstanding issues of stock, bonds, notes or other evidences of indebtedness. To enable it to determine whether it will issue the order required by subsection (a) of this Section, the Commission may hold a hearing and may make such additional inquiry or investigation, and examine such witnesses, books, papers, accounts, documents and contracts and require the filing of such data as it may deem of assistance. The public utility may be required by the Commission to disclose every interest of the directors of such public utility in any transaction under investigation. The Commission shall have power to investigate all such transactions and to inquire into the good faith thereof, to examine books, papers, accounts, documents and contracts of public utilities, construction or other companies or of firms or individuals with whom the public utility shall have had financial transactions, for the purpose of enabling it to verify any statements furnished, and to examine into the actual value of property acquired by or services rendered to such public utility. Before issuing its order, the Commission, when it is deemed necessary by the Commission, shall make an adequate physical valuation of all property of the public utility, but a valuation already made under proper public supervision may be adopted, either in whole or in part, at the discretion of the Commission; and shall also examine all previously authorized or outstanding securities of the public utility, and fixed charges attached thereto. A statement of the results of such physical valuation, and a statement of the character of all outstanding securities, together with the conditions under which they are held, shall be included in the order. The Commission may require that such information or such part thereof as it thinks proper, shall appear upon the stock, stock certificate, bond, note or other evidence of indebtedness authorized by its order. The Commission may by its order grant permission for the issue of such stock certificates, or bonds, notes or other evidences of indebtedness in the amount applied for, or in a lesser amount, or not at all, and may attach to the exercise of its permission such condition or conditions as it may deem reasonable and necessary. Nothing in this Section shall prevent a public utility from seeking, nor the Commission from approving, a shelf registration plan for issuing securities over a reasonable period in accordance with regulations established by the United States Securities and Exchange Commission.

New matter indicated by italics - deletions by strikeout
Any securities issued pursuant to an approved shelf registration plan need not be further approved by the Commission so long as they are in compliance with the approved shelf registration plan. The Commission shall have the power to refuse its approval of applications to issue securities, in whole or in part, upon a finding that the issue of such securities would be contrary to public interest. The Commission may also require the public utility to compile for the information of its shareholders such facts in regard to its financial transactions, in such form as the Commission may direct.

No public utility shall, without the consent of the Commission, apply the issue of any stock or stock certificates, or bond, note or other evidence of indebtedness, which was issued pursuant to an order of the Commission entered pursuant to this subsection (b), or any part thereof, or any proceeds thereof, to any purpose not specified in the Commission's order or to any purpose specified in the Commission's order in excess of the amount authorized for such purpose; or issue or dispose of the same on any terms less favorable than those specified in such order, or a modification thereof. The Commission shall have the power to require public utilities to account for the disposition of the proceeds of all sales of stocks and stock certificates, and bonds, notes and other evidences of indebtedness, which were issued pursuant to an order of the Commission entered pursuant to this subsection (b), in such form and detail as it may deem advisable, and to establish such rules and regulations as it may deem reasonable and necessary to insure the disposition of such proceeds for the purpose or purposes specified in its order.

(c) A public utility may issue notes, for proper purposes, and not in violation of any provision of this Act or any other Act, payable at periods of not more than 12 months after the date of issuance of the same, without the consent of the Commission; but no such note shall, in whole or in part, be renewed or be refunded from the proceeds of any other such note or evidence of indebtedness from time to time without the consent of the Commission for an aggregate period of longer than 2 years. A "telecommunications carrier" as that term is defined by Section 13-202 of this Act is exempt from the requirements of this subsection (c).

(d) Any issuance of stock or of bonds, notes or other evidences of indebtedness, other than issuances of notes pursuant to subsection (c) of this Section, which is not subject to subsection (b) of this Section, shall be regulated by the Commission as follows: the public utility shall file with
the Commission, at least 15 days before the date of the issuance, an informational statement setting forth the type and amount of the issue and the purpose or purposes to which the issue or the proceeds thereof are to be applied. Prior to the date of the issuance specified in the public utility's filing, the Commission, if it finds that the issuance is not subject to subsection (b) of this Section, shall issue a written order in conformance with subsection (a) of this Section authorizing the issuance. Notwithstanding any other provisions of this Act, the Commission may delegate its authority to enter the order required by this subsection (d) to an administrative law judge or a hearing examiner.

(e) The Commission shall have no power to authorize the capitalization of the right to be a corporation, or to authorize the capitalization of any franchise, license, or permit whatsoever or the right to own, operate or enjoy any such franchise, license, or permit, in excess of the amount (exclusive of any tax or annual charge) actually paid to the State or to a political subdivision thereof as the consideration for the grant of such franchise, license, permit or right; nor shall any contract for consolidation or lease be capitalized, nor shall any public utility hereafter issue any bonds, notes or other evidences of indebtedness against or as a lien, upon any contract for consolidation or merger.

(f) The provisions of this Section shall not apply to public utilities which are not corporations duly incorporated under the laws of this State to the extent that any such public utility may issue stock, bonds, notes or other evidences of indebtedness not directly or indirectly constituting or creating a lien or charge on, or right to profits from, any property used or useful in rendering service within this State. Nothing in this Section or in Section 6-104 of this Act shall be construed to require a common carrier by railroad subject to Part I of the Interstate Commerce Act, being part of an Act of the 49th Congress of the United States entitled "An Act to Regulate Commerce", as amended, to secure from the Commission authority to issue or execute or deliver any conditional sales contract or similar contract or instrument reserving or retaining title in the seller for all or part of the purchase price of equipment or property used or to be used for or in connection with the transportation of persons or property.

Sec. 7-204. Reorganization defined; Commission approval therefore.

New matter indicated by italics - deletions by strikeout
(a) For purposes of this Section, "reorganization" means any transaction which, regardless of the means by which it is accomplished, results in a change in the ownership of a majority of the voting capital stock of an Illinois public utility; or the ownership or control of any entity which owns or controls a majority of the voting capital stock of a public utility; or by which 2 public utilities merge, or by which a public utility acquires substantially all of the assets of another public utility; provided, however, that "reorganization" as used in this Section shall not include a mortgage or pledge transaction entered into to secure a bona fide borrowing by the party granting the mortgage or making the pledge.

In addition to the foregoing, "reorganization" shall include for purposes of this Section any transaction which, regardless of the means by which it is accomplished, will have the effect of terminating the affiliated interest status of any entity as defined in paragraphs (a), (b), (c) or (d) of subsection (2) of Section 7-101 of this Act where such entity had transactions with the public utility, in the 12 calendar months immediately preceding the date of termination of such affiliated interest status subject to subsection (3) of Section 7-101 of this Act with a value greater than 15% of the public utility's revenues for that same 12-month period. If the proposed transaction would have the effect of terminating the affiliated interest status of more than one Illinois public utility, the utility with the greatest revenues for the 12-month period shall be used to determine whether such proposed transaction is a reorganization for the purposes of this Section. The Commission shall have jurisdiction over any reorganization as defined herein.

(b) No reorganization shall take place without prior Commission approval. The Commission shall not approve any proposed reorganization if the Commission finds, after notice and hearing, that the reorganization will adversely affect the utility's ability to perform its duties under this Act. The Commission shall not approve any proposed reorganization unless the Commission finds, after notice and hearing, in reviewing any proposed reorganization, the Commission must find that:

1. the proposed reorganization will not diminish the utility's ability to provide adequate, reliable, efficient, safe and least-cost public utility service;

2. the proposed reorganization will not result in the unjustified subsidization of non-utility activities by the utility or its customers;

New matter indicated by italics - deletions by strikeout
(3) costs and facilities are fairly and reasonably allocated between utility and non-utility activities in such a manner that the Commission may identify those costs and facilities which are properly included by the utility for ratemaking purposes;

(4) the proposed reorganization will not significantly impair the utility's ability to raise necessary capital on reasonable terms or to maintain a reasonable capital structure;

(5) the utility will remain subject to all applicable laws, regulations, rules, decisions and policies governing the regulation of Illinois public utilities;

(6) the proposed reorganization is not likely to have a significant adverse effect on competition in those markets over which the Commission has jurisdiction;

(7) the proposed reorganization is not likely to result in any adverse rate impacts on retail customers.

(c) The Commission shall not approve a reorganization without ruling on: (i) the allocation of any savings resulting from the proposed reorganization; and (ii) whether the companies should be allowed to recover any costs incurred in accomplishing the proposed reorganization and, if so, the amount of costs eligible for recovery and how the costs will be allocated.

(d) The Commission shall issue its Order approving or denying the proposed reorganization within 11 months after the application is filed. The Commission may extend the deadline for a period equivalent to the length of any delay which the Commission finds to have been caused by the Applicant's failure to provide data or information requested by the Commission or that the Commission ordered the Applicant to provide to the parties. The Commission may also extend the deadline by an additional period not to exceed 3 months to consider amendments to the Applicant's filing, or to consider reasonably unforeseeable changes in circumstances subsequent to the Applicant's initial filing.

(e) Subsections (c) and (d) and subparagraphs (6) and (7) of subsection (b) of this Section shall apply only to merger applications submitted to the Commission subsequent to April 23, 1997. No other Commission approvals shall be required for mergers that are subject to this Section.

(f) In approving any proposed reorganization pursuant to this Section the Commission may impose such terms, conditions or
requirements as, in its judgment, are necessary to protect the interests of the public utility and its customers.

(220 ILCS 5/8-103B)
Sec. 8-103B. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenditures for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (c) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" have the meanings set forth in the Illinois Power Agency Act.

(a-5) This Section applies to electric utilities serving more than 500,000 retail customers in the State for those multi-year plans commencing after December 31, 2017.

(b) For purposes of this Section, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall be deemed to have achieved a cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which percent is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 88,000,000 MWhs. For the purposes of this subsection (b) and subsection (b-5), the 88,000,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and

ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-5):

- (1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;
- (2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;
- (3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;
- (4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;
- (5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;
- (6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;
- (7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;
- (8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025;
- (9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026;
- (10) 2.1% deemed cumulative persisting annual savings for the year ending December 31, 2027;
- (11) 1.8% deemed cumulative persisting annual savings for the year ending December 31, 2028;
- (12) 1.7% deemed cumulative persisting annual savings for the year ending December 31, 2029; and
- (13) 1.5% deemed cumulative persisting annual savings for the year ending December 31, 2030.

For purposes of this Section, "cumulative persisting annual savings" means the total electric energy savings in a given year from measures installed in that year or in previous years, but no earlier than January 1, 2012, that are still operational and providing savings in that year because the measures have not yet reached the end of their useful lives.

(b-5) Beginning in 2018, electric utilities subject to this Section that serve more than 3,000,000 retail customers in the State shall achieve
the following cumulative persisting annual savings goals, as modified by subsection (f) of this Section and as compared to the deemed baseline of 88,000,000 MWhs of electric power and energy sales set forth in subsection (b), as reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(1) 7.8% cumulative persisting annual savings for the year ending December 31, 2018;
(2) 9.1% cumulative persisting annual savings for the year ending December 31, 2019;
(3) 10.4% cumulative persisting annual savings for the year ending December 31, 2020;
(4) 11.8% cumulative persisting annual savings for the year ending December 31, 2021;
(5) 13.1% cumulative persisting annual savings for the year ending December 31, 2022;
(6) 14.4% cumulative persisting annual savings for the year ending December 31, 2023;
(7) 15.7% cumulative persisting annual savings for the year ending December 31, 2024;
(8) 17% cumulative persisting annual savings for the year ending December 31, 2025;
(9) 17.9% cumulative persisting annual savings for the year ending December 31, 2026;
(10) 18.8% cumulative persisting annual savings for the year ending December 31, 2027;
(11) 19.7% cumulative persisting annual savings for the year ending December 31, 2028;
(12) 20.6% cumulative persisting annual savings for the year ending December 31, 2029; and
(13) 21.5% cumulative persisting annual savings for the year ending December 31, 2030.

(b-10) For purposes of this Section, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall be deemed to have achieved a
cumulative persisting annual savings of 6.6% from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, which is based on the deemed average weather normalized sales of electric power and energy during calendar years 2014, 2015, and 2016 of 36,900,000 MWhs. For the purposes of this subsection (b-10) and subsection (b-15), the 36,900,000 MWhs of deemed electric power and energy sales shall be reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section, as averaged across the calendar years 2014, 2015, and 2016. After 2017, the deemed value of cumulative persisting annual savings from energy efficiency measures and programs implemented during the period beginning January 1, 2012 and ending December 31, 2017, shall be reduced each year, as follows, and the applicable value shall be applied to and count toward the utility's achievement of the cumulative persisting annual savings goals set forth in subsection (b-15):

(1) 5.8% deemed cumulative persisting annual savings for the year ending December 31, 2018;
(2) 5.2% deemed cumulative persisting annual savings for the year ending December 31, 2019;
(3) 4.5% deemed cumulative persisting annual savings for the year ending December 31, 2020;
(4) 4.0% deemed cumulative persisting annual savings for the year ending December 31, 2021;
(5) 3.5% deemed cumulative persisting annual savings for the year ending December 31, 2022;
(6) 3.1% deemed cumulative persisting annual savings for the year ending December 31, 2023;
(7) 2.8% deemed cumulative persisting annual savings for the year ending December 31, 2024;
(8) 2.5% deemed cumulative persisting annual savings for the year ending December 31, 2025;
(9) 2.3% deemed cumulative persisting annual savings for the year ending December 31, 2026;
(10) 2.1% deemed cumulative persisting annual savings for the year ending December 31, 2027;

(11) 1.8% deemed cumulative persisting annual savings for the year ending December 31, 2028;
(12) 1.7% deemed cumulative persisting annual savings for the year ending December 31, 2029; and
(13) 1.5% deemed cumulative persisting annual savings for the year ending December 31, 2030.

(b-15) Beginning in 2018, electric utilities subject to this Section that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall achieve the following cumulative persisting annual savings goals, as modified by subsection (b-20) and subsection (f) of this Section and as compared to the deemed baseline as reduced by the number of MWhs equal to the sum of the annual consumption of customers that are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section as averaged across the calendar years 2014, 2015, and 2016, through the implementation of energy efficiency measures during the applicable year and in prior years, but no earlier than January 1, 2012:

(13) 16% cumulative persisting annual savings for the year ending December 31, 2030.

The difference between the cumulative persisting annual savings goal for the applicable calendar year and the cumulative persisting annual savings goal for the immediately preceding calendar year is 0.8% for the period of January 1, 2018 through December 31, 2025 and 0.6% for the period of January 1, 2026 through December 31, 2030.

(b-20) Each electric utility subject to this Section may include cost-effective voltage optimization measures in its plans submitted under subsections (f) and (g) of this Section, and the costs incurred by a utility to implement the measures under a Commission-approved plan shall be recovered under the provisions of Article IX or Section 16-108.5 of this Act. For purposes of this Section, the measure life of voltage optimization measures shall be 15 years. The measure life period is independent of the depreciation rate of the voltage optimization assets deployed.

Within 270 days after the effective date of this amendatory Act of the 99th General Assembly, an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall file a plan with the Commission that identifies the cost-effective voltage optimization investment the electric utility plans to undertake through December 31, 2024. The Commission, after notice and hearing, shall approve or approve with modification the plan within 120 days after the plan's filing and, in the order approving or approving with modification the plan, the Commission shall adjust the applicable cumulative persisting annual savings goals set forth in subsection (b-15) to reflect any amount of cost-effective energy savings approved by the Commission that is greater than or less than the following cumulative persisting annual savings values attributable to voltage optimization for the applicable year:

(1) 0.0% of cumulative persisting annual savings for the year ending December 31, 2018;
(2) 0.17% of cumulative persisting annual savings for the year ending December 31, 2019;

(5) 0.5% of cumulative persisting annual savings for the year ending December 31, 2022;
(6) 0.67% of cumulative persisting annual savings for the year ending December 31, 2023;
(7) 0.83% of cumulative persisting annual savings for the year ending December 31, 2024; and
(8) 1.0% of cumulative persisting annual savings for the year ending December 31, 2025.

(b-25) In the event an electric utility jointly offers an energy efficiency measure or program with a gas utility under plans approved under this Section and Section 8-104 of this Act, the electric utility may continue offering the program, including the gas energy efficiency measures, in the event the gas utility discontinues funding the program. In that event, the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis for the premises. However, the electric utility shall prioritize programs for low-income residential customers to the extent practicable. An electric utility may recover the costs of offering the gas energy efficiency measures under this subsection (b-25).

For those energy efficiency measures or programs that save both electricity and other fuels but are not jointly offered with a gas utility under plans approved under this Section and Section 8-104 or not offered with an affiliated gas utility under paragraph (6) of subsection (f) of Section 8-104 of this Act, the electric utility may count savings of fuels other than electricity toward the achievement of its annual savings goal, and the energy savings value associated with such other fuels shall be converted to electric energy savings on an equivalent Btu basis at the premises.

In no event shall more than 10% of each year's applicable annual incremental goal as defined in paragraph (7) of subsection (g) of this Section be met through savings of fuels other than electricity.

(c) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency plans with the Commission and may, as part of that implementation, outsource various aspects of

program development and implementation. A minimum of 10%, for electric utilities that serve more than 3,000,000 retail customers in the State, and a minimum of 7%, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, of the utility's entire portfolio funding level for a given year shall be used to procure cost-effective energy efficiency measures from units of local government, municipal corporations, school districts, public housing, and community college districts, provided that a minimum percentage of available funds shall be used to procure energy efficiency from public housing, which percentage shall be equal to public housing's share of public building energy consumption.

The utilities shall also implement energy efficiency measures targeted at low-income households, which, for purposes of this Section, shall be defined as households at or below 80% of area median income, and expenditures to implement the measures shall be no less than $25,000,000 per year for electric utilities that serve more than 3,000,000 retail customers in the State and no less than $8,350,000 per year for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State.

Each electric utility shall assess opportunities to implement cost-effective energy efficiency measures and programs through a public housing authority or authorities located in its service territory. If such opportunities are identified, the utility shall propose such measures and programs to address the opportunities. Expenditures to address such opportunities shall be credited toward the minimum procurement and expenditure requirements set forth in this subsection (c).

Implementation of energy efficiency measures and programs targeted at low-income households should be contracted, when it is practicable, to independent third parties that have demonstrated capabilities to serve such households, with a preference for not-for-profit entities and government agencies that have existing relationships with or experience serving low-income communities in the State.

Each electric utility shall develop and implement reporting procedures that address and assist in determining the amount of energy savings that can be applied to the low-income procurement and expenditure requirements set forth in this subsection (c).

The electric utilities shall also convene a low-income energy efficiency advisory committee to assist in the design and evaluation of the
low-income energy efficiency programs. The committee shall be comprised of the electric utilities subject to the requirements of this Section, the gas utilities subject to the requirements of Section 8-104 of this Act, the utilities' low-income energy efficiency implementation contractors, and representatives of community-based organizations.

(d) Notwithstanding any other provision of law to the contrary, a utility providing approved energy efficiency measures and, if applicable, demand-response measures in the State shall be permitted to recover all reasonable and prudently incurred costs of those measures from all retail customers, except as provided in subsection (l) of this Section, as follows, provided that nothing in this subsection (d) permits the double recovery of such costs from customers:

(1) The utility may recover its costs through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, the utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(2) A utility may recover its costs through an energy efficiency formula rate approved by the Commission under a filing under subsections (f) and (g) of this Section, which shall specify the cost components that form the basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. The energy efficiency formula rate shall be implemented through a tariff filed with the Commission under subsections (f) and (g) of this Section that is consistent with the provisions of this paragraph (2) and that shall be applicable to all

delivery services customers. The Commission shall conduct an investigation of the tariff in a manner consistent with the provisions of this paragraph (2), subsections (f) and (g) of this Section, and the provisions of Article IX of this Act to the extent they do not conflict with this paragraph (2). The energy efficiency formula rate approved by the Commission shall remain in effect at the discretion of the utility and shall do the following:

(A) Provide for the recovery of the utility's actual costs incurred under this Section that are prudently incurred and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

(B) Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, a participating electric utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(C) Include a cost of equity, which shall be calculated as the sum of the following:

(i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and

(ii) 580 basis points.

average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the monthly average yields of the U.S. Treasury bonds then having the longest duration published by the Board of Governors in its weekly H.15 Statistical Release or successor publication shall instead be used for purposes of this paragraph (2).

(D) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

(i) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act; incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the energy efficiency formula rate;

(ii) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study; however, this protocol shall not apply if such expense related to costs incurred under this Section is recovered under Article IX or Section 16-108.5 of this Act;

(iii) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(iv) as described in subsection (e), amortization of costs incurred under this Section; and

(v) projected, weather normalized billing determinants for the applicable rate year.

(E) Provide for an annual reconciliation, as described in paragraph (3) of this subsection (d), less any deferred taxes related to the reconciliation, with interest at an annual rate of return equal to the utility's weighted average cost of capital, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return, of the energy efficiency revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under this paragraph (2), with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, the projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense, that shall populate the energy efficiency formula rate and set the initial rates under the formula.

The Commission shall review the proposed tariff in conjunction with its review of a proposed multi-year plan, as specified in paragraph (5) of subsection (g) of this Section. The review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect beginning with the January monthly billing period following the Commission's approval.

The tariff's rate design and cost allocation across customer classes shall be consistent with the utility's automatic adjustment clause tariff in effect on the effective date of this amendatory Act of the 99th General Assembly; however, the Commission may revise the tariff's rate design and cost allocation in subsequent proceedings under paragraph (3) of this subsection (d).

If the energy efficiency formula rate is terminated, the then current rates shall remain in effect until such time as the energy efficiency costs are incorporated into new rates that are set under this subsection (d) or Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs.

(3) The provisions of this paragraph (3) shall only apply to an electric utility that has elected to file an energy efficiency formula rate under paragraph (2) of this subsection (d). Subsequent to the Commission's issuance of an order approving the utility's energy efficiency formula rate structure and protocols, and initial rates under paragraph (2) of this subsection (d), the utility shall file, on or before June 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the energy efficiency formula rate for the applicable rate year and the corresponding new charges, as well as the information described in paragraph (9) of subsection (g) of this Section. Each such filing shall conform to the following requirements and include the following information:

(A) The inputs to the energy efficiency formula rate for the applicable rate year shall be based on the projected costs to be incurred by the utility during the rate year under the utility's multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The filing shall also include a reconciliation of the energy efficiency revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the

applicable rate year. Such over-collection or under-collection shall be adjusted to remove any deferred taxes related to the reconciliation, for purposes of calculating interest at an annual rate of return equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation required by subparagraph (E) of paragraph (2) of this subsection (d).

Notwithstanding any other provision of law to the contrary, the intent of the reconciliation is to ultimately reconcile both the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its energy efficiency formula rate tariff under paragraph (2) of this subsection (d), with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Admin. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

(B) The new charges shall take effect beginning on the first billing day of the following January billing period and remain in effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing under this paragraph (3).
(C) The filing shall include relevant and necessary data and documentation for the applicable rate year. Normalization adjustments shall not be required.

Within 45 days after the utility files its annual update of cost inputs to the energy efficiency formula rate, the Commission shall with reasonable notice, initiate a proceeding concerning whether the projected costs to be incurred by the utility and recovered during the applicable rate year, and that are reflected in the inputs to the energy efficiency formula rate, are consistent with the utility's approved multi-year plan under subsections (f) and (g) of this Section and whether the costs incurred by the utility during the prior rate year were prudent and reasonable. The Commission shall also have the authority to investigate the information and data described in paragraph (9) of subsection (g) of this Section, including the proposed adjustment to the utility's return on equity component of its weighted average cost of capital. During the course of the proceeding, each objection shall be stated with particularity and evidence provided in support thereof, after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules of Practice shall be enforced by the Commission or the assigned administrative law judge hearing examiner. The Commission shall apply the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, during the proceeding as it would apply in a proceeding to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this paragraph (3) to consider or order any changes to the structure or protocols of the energy efficiency formula rate approved under paragraph (2) of this subsection (d). In a proceeding under this paragraph (3), the Commission shall enter its order no later than the earlier of 195 days after the utility's filing of its annual update of cost inputs to the energy efficiency formula rate or December 15. The utility's proposed return on equity calculation, as described in paragraphs (7) through (9) of subsection (g) of this Section, shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless

New matter indicated by italics - deletions by strikeout
the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section. The Commission's determinations of the prudence and reasonableness of the costs incurred, and determination of such return on equity calculation, for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule, or regulation; however, nothing in this paragraph (3) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order under the provisions of this Act.

(e) Beginning on the effective date of this amendatory Act of the 99th General Assembly, a utility subject to the requirements of this Section may elect to defer, as a regulatory asset, up to the full amount of its expenditures incurred under this Section for each annual period, including, but not limited to, any expenditures incurred above the funding level set by subsection (f) of this Section for a given year. The total expenditures deferred as a regulatory asset in a given year shall be amortized and recovered over a period that is equal to the weighted average of the energy efficiency measure lives implemented for that year that are reflected in the regulatory asset. The unamortized balance shall be recognized as of December 31 for a given year. The utility shall also earn a return on the total of the unamortized balances of all of the energy efficiency regulatory assets, less any deferred taxes related to those unamortized balances, at an annual rate equal to the utility's weighted average cost of capital that includes, based on a year-end capital structure, the utility's actual cost of debt for the applicable calendar year and a cost of equity, which shall be calculated as the sum of the (i) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and (ii) 580 basis points, including a revenue conversion factor calculated to recover or refund all additional income taxes that may be payable or receivable as a result of that return. Capital investment costs shall be depreciated and recovered over their useful lives consistent with generally accepted accounting principles. The weighted average cost of capital shall be applied to the capital investment cost balance, less any
accumulated depreciation and accumulated deferred income taxes, as of December 31 for a given year.

When an electric utility creates a regulatory asset under the provisions of this Section, the costs are recovered over a period during which customers also receive a benefit which is in the public interest. Accordingly, it is the intent of the General Assembly that an electric utility that elects to create a regulatory asset under the provisions of this Section shall recover all of the associated costs as set forth in this Section. After the Commission has approved the prudence and reasonableness of the costs that comprise the regulatory asset, the electric utility shall be permitted to recover all such costs, and the value and recoverability through rates of the associated regulatory asset shall not be limited, altered, impaired, or reduced.

(f) Beginning in 2017, each electric utility shall file an energy efficiency plan with the Commission to meet the energy efficiency standards for the next applicable multi-year period beginning January 1 of the year following the filing, according to the schedule set forth in paragraphs (1) through (3) of this subsection (f). If a utility does not file such a plan on or before the applicable filing deadline for the plan, it shall face a penalty of $100,000 per day until the plan is filed.

(1) No later than 30 days after the effective date of this amendatory Act of the 99th General Assembly or May 1, 2017, whichever is later, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2018 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (1) through (4) of subsection (b-5) of this Section or in paragraphs (1) through (4) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, for a utility that serves less than 3,000,000 retail customers, if each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for
the applicable 4-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(2) No later than March 1, 2021, each electric utility shall file a 4-year energy efficiency plan commencing on January 1, 2022 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (5) through (8) of subsection (b-5) of this Section or in paragraphs (5) through (8) of subsection (b-15) of this Section, as applicable, through implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 4-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 4-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 4-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

(3) No later than March 1, 2025, each electric utility shall file a 5-year energy efficiency plan commencing on January 1, 2026 that is designed to achieve the cumulative persisting annual savings goals specified in paragraphs (9) through (13) of subsection (b-5) of this Section or in paragraphs (9) through (13) of subsection (b-15) of this Section, as applicable, through
implementation of energy efficiency measures; however, the goals may be reduced if the utility's expenditures are limited pursuant to subsection (m) of this Section or, each of the following conditions are met: (A) the plan's analysis and forecasts of the utility's ability to acquire energy savings demonstrate that achievement of such goals is not cost effective; and (B) the amount of energy savings achieved by the utility as determined by the independent evaluator for the most recent year for which savings have been evaluated preceding the plan filing was less than the average annual amount of savings required to achieve the goals for the applicable 5-year plan period. Except as provided in subsection (m) of this Section, annual increases in cumulative persisting annual savings goals during the applicable 5-year plan period shall not be reduced to amounts that are less than the maximum amount of cumulative persisting annual savings that is forecast to be cost-effectively achievable during the 5-year plan period. The Commission shall review any proposed goal reduction as part of its review and approval of the utility's proposed plan.

Each utility's plan shall set forth the utility's proposals to meet the energy efficiency standards identified in subsection (b-5) or (b-15), as applicable and as such standards may have been modified under this subsection (f), taking into account the unique circumstances of the utility's service territory. For those plans commencing on January 1, 2018, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan no later than August 31, 2017, or 105 days after the effective date of this amendatory Act of the 99th General Assembly, whichever is later. For those plans commencing after December 31, 2021, the Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 6 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission's concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy

efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund.

(g) In submitting proposed plans and funding levels under subsection (f) of this Section to meet the savings goals identified in subsection (b-5) or (b-15) of this Section, as applicable, the utility shall:

1. Demonstrate that its proposed energy efficiency measures will achieve the applicable requirements that are identified in subsection (b-5) or (b-15) of this Section, as modified by subsection (f) of this Section.

2. Present specific proposals to implement new building and appliance standards that have been placed into effect.

3. Demonstrate that its overall portfolio of measures, not including low-income programs described in subsection (c) of this Section, is cost-effective using the total resource cost test or complies with paragraphs (1) through (3) of subsection (f) of this Section and represents a diverse cross-section of opportunities for customers of all rate classes, other than those customers described in subsection (l) of this Section, to participate in the programs. Individual measures need not be cost effective.

4. Present a third-party energy efficiency implementation program subject to the following requirements:

   A. Beginning with the year commencing January 1, 2019, electric utilities that serve more than 3,000,000 retail customers in the State shall fund third-party energy efficiency programs in an amount that is no less than $25,000,000 per year, and electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State shall fund third-party energy efficiency programs in an amount that is no less than $8,350,000 per year;

   B. During 2018, the utility shall conduct a solicitation process for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more of the years commencing January 1, 2019, January 1, 2020, and January 1, 2021; for those multi-year plans commencing on January 1, 2022 and January 1, 2026, the utility shall conduct a solicitation process during 2021 and 2025,
respectively, for purposes of requesting proposals from third-party vendors for those third-party energy efficiency programs to be offered during one or more years of the respective multi-year plan period; for each solicitation process, the utility shall identify the sector, technology, or geographical area for which it is seeking requests for proposals;

(C) the utility shall propose the bidder qualifications, performance measurement process, and contract structure, which must include a performance payment mechanism and general terms and conditions; the proposed qualifications, process, and structure shall be subject to Commission approval; and

(D) the utility shall retain an independent third party to score the proposals received through the solicitation process described in this paragraph (4), rank them according to their cost per lifetime kilowatt-hours saved, and assemble the portfolio of third-party programs.

The electric utility shall recover all costs associated with Commission-approved, third-party administered programs regardless of the success of those programs.

(4.5) Implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act, and for customers that elect hourly service from the utility pursuant to Section 16-107 of this Act, provided those customers have not been declared competitive. This requirement continues until December 31, 2026.

(5) Include a proposed or revised cost-recovery tariff mechanism, as provided for under subsection (d) of this Section, to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.

(6) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures, as well as a full review of the multi-year plan results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of

the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(7) For electric utilities that serve more than 3,000,000 retail customers in the State:

(A) Through December 31, 2025, provide for an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

(i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 75% of such goal. If the utility achieved more than 75% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 8 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at least 125% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 125% of such goal, then the return on equity component shall be increased by 8 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraphs (1) or (2) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

(aa) the calculation for determining achievement that is at least 125% of the
(bb) the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(B) For the period January 1, 2026 through December 31, 2030, provide for an adjustment to the return on equity component of the utility's weighted average cost of capital calculated under subsection (d) of this Section:

(i) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is less than the applicable annual incremental goal, then the return on equity component shall be reduced by a maximum of 200 basis points in the event that the utility achieved no more than 66% of such goal. If the utility achieved more than 66% of the applicable annual incremental goal but less than 100% of such goal, then the return on equity component shall be reduced by 6 basis points for each percent by which the utility failed to achieve the goal.

(ii) If the independent evaluator determines that the utility achieved a cumulative persisting annual savings that is more than the applicable annual incremental goal, then the return on equity component shall be increased by a maximum of 200 basis points in the event that the utility achieved at

least 134% of such goal. If the utility achieved more than 100% of the applicable annual incremental goal but less than 134% of such goal, then the return on equity component shall be increased by 6 basis points for each percent by which the utility achieved above the goal. If the applicable annual incremental goal was reduced under paragraph (3) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in this item (ii):

(aa) the calculation for determining achievement that is at least 134% of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value; and

(bb) the calculation for determining achievement that is less than 134% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 134% achievement. The 6 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 134% achievement.

(7.5) For purposes of this Section, the term "applicable annual incremental goal" means the difference between the cumulative persisting annual savings goal for the calendar year that is the subject of the independent evaluator's determination and the cumulative persisting annual savings goal for the immediately preceding calendar year, as such goals are defined in subsections (b-5) and (b-15) of this Section and as these goals may have been modified as provided for under subsection (b-20) and paragraphs (1) through (3) of subsection (f) of this Section. Under subsections (b), (b-5), (b-10), and (b-15) of this Section, a utility must first

New matter indicated by italics - deletions by strikeout
replace energy savings from measures that have reached the end of their measure lives and would otherwise have to be replaced to meet the applicable savings goals identified in subsection (b-5) or (b-15) of this Section before any progress towards achievement of its applicable annual incremental goal may be counted. Notwithstanding anything else set forth in this Section, the difference between the actual annual incremental savings achieved in any given year, including the replacement of energy savings from measures that have expired, and the applicable annual incremental goal shall not affect adjustments to the return on equity for subsequent calendar years under this subsection (g).

(8) For electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State:

(A) Through December 31, 2025, the applicable annual incremental goal shall be compared to the annual incremental savings as determined by the independent evaluator.

(i) The return on equity component shall be reduced by 8 basis points for each percent by which the utility did not achieve 84.4% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 8 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased if the annual incremental savings as determined by the independent evaluator is greater than 84.4% of the applicable annual incremental goal and less than 100% of the applicable annual incremental goal.

(iv) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (A).

(B) For the period of January 1, 2026 through December 31, 2030, the applicable annual incremental goal
shall be compared to the annual incremental savings as determined by the independent evaluator.

(i) The return on equity component shall be reduced by 6 basis points for each percent by which the utility did not achieve 100% of the applicable annual incremental goal.

(ii) The return on equity component shall be increased by 6 basis points for each percent by which the utility exceeded 100% of the applicable annual incremental goal.

(iii) The return on equity component shall not be increased or decreased by an amount greater than 200 basis points pursuant to this subparagraph (B).

(C) If the applicable annual incremental goal was reduced under paragraphs (1), (2) or (3) of subsection (f) of this Section, then the following adjustments shall be made to the calculations described in subparagraphs (A) and (B) of this paragraph (8):

(i) The calculation for determining achievement that is at least 125% or 134%, as applicable, of the applicable annual incremental goal shall use the unreduced applicable annual incremental goal to set the value.

(ii) For the period through December 31, 2025, the calculation for determining achievement that is less than 125% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 8 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 125% achievement.

(iii) For the period of January 1, 2026 through December 31, 2030, the calculation for
determining achievement that is less than 134% but more than 100% of the applicable annual incremental goal shall use the reduced applicable annual incremental goal to set the value for 100% achievement of the goal and shall use the unreduced goal to set the value for 125% achievement. The 6 basis point value shall also be modified, as necessary, so that the 200 basis points are evenly apportioned among each percentage point value between 100% and 134% achievement.

(9) The utility shall submit the energy savings data to the independent evaluator no later than 30 days after the close of the plan year. The independent evaluator shall determine the cumulative persisting annual savings for a given plan year no later than 120 days after the close of the plan year. The utility shall submit an informational filing to the Commission no later than 160 days after the close of the plan year that attaches the independent evaluator's final report identifying the cumulative persisting annual savings for the year and calculates, under paragraph (7) or (8) of this subsection (g), as applicable, any resulting change to the utility's return on equity component of the weighted average cost of capital applicable to the next plan year beginning with the January monthly billing period and extending through the December monthly billing period. However, if the utility recovers the costs incurred under this Section under paragraphs (2) and (3) of subsection (d) of this Section, then the utility shall not be required to submit such informational filing, and shall instead submit the information that would otherwise be included in the informational filing as part of its filing under paragraph (3) of such subsection (d) that is due on or before June 1 of each year.

For those utilities that must submit the informational filing, the Commission may, on its own motion or by petition, initiate an investigation of such filing, provided, however, that the utility's proposed return on equity calculation shall be deemed the final, approved calculation on December 15 of the year in which it is filed unless the Commission enters an order on or before December 15, after notice and hearing, that modifies such calculation consistent with this Section.

The adjustments to the return on equity component described in paragraphs (7) and (8) of this subsection (g) shall be applied as described in such paragraphs through a separate tariff mechanism, which shall be filed by the utility under subsections (f) and (g) of this Section.

(h) No more than 6% of energy efficiency and demand-response program revenue may be allocated for research, development, or pilot deployment of new equipment or measures.

(i) When practicable, electric utilities shall incorporate advanced metering infrastructure data into the planning, implementation, and evaluation of energy efficiency measures and programs, subject to the data privacy and confidentiality protections of applicable law.

(j) The independent evaluator shall follow the guidelines and use the savings set forth in Commission-approved energy efficiency policy manuals and technical reference manuals, as each may be updated from time to time. Until such time as measure life values for energy efficiency measures implemented for low-income households under subsection (c) of this Section are incorporated into such Commission-approved manuals, the low-income measures shall have the same measure life values that are established for same measures implemented in households that are not low-income households.

(k) Notwithstanding any provision of law to the contrary, an electric utility subject to the requirements of this Section may file a tariff cancelling an automatic adjustment clause tariff in effect under this Section or Section 8-103, which shall take effect no later than one business day after the date such tariff is filed. Thereafter, the utility shall be authorized to defer and recover its expenditures incurred under this Section through a new tariff authorized under subsection (d) of this Section or in the utility's next rate case under Article IX or Section 16-108.5 of this Act, with interest at an annual rate equal to the utility's weighted average cost of capital as approved by the Commission in such case. If the utility elects to file a new tariff under subsection (d) of this Section, the utility may file the tariff within 10 days after the effective date of this amendatory Act of the 99th General Assembly, and the cost inputs to such tariff shall be based on the projected costs to be incurred by the utility during the calendar year in which the new tariff is filed and that were not recovered under the tariff that was cancelled as provided for in this subsection. Such costs shall include those incurred or to be incurred

New matter indicated by italics - deletions by strikeout
by the utility under its multi-year plan approved under subsections (f) and (g) of this Section, including, but not limited to, projected capital investment costs and projected regulatory asset balances with correspondingly updated depreciation and amortization reserves and expense. The Commission shall, after notice and hearing, approve, or approve with modification, such tariff and cost inputs no later than 75 days after the utility filed the tariff, provided that such approval, or approval with modification, shall be consistent with the provisions of this Section to the extent they do not conflict with this subsection (k). The tariff approved by the Commission shall take effect no later than 5 days after the Commission enters its order approving the tariff.

No later than 60 days after the effective date of the tariff cancelling the utility's automatic adjustment clause tariff, the utility shall file a reconciliation that reconciles the moneys collected under its automatic adjustment clause tariff with the costs incurred during the period beginning June 1, 2016 and ending on the date that the electric utility's automatic adjustment clause tariff was cancelled. In the event the reconciliation reflects an under-collection, the utility shall recover the costs as specified in this subsection (k). If the reconciliation reflects an over-collection, the utility shall apply the amount of such over-collection as a one-time credit to retail customers' bills.

(l) For the calendar years covered by a multi-year plan commencing after December 31, 2017, subsections (a) through (j) of this Section do not apply to any retail customers of an electric utility that serves more than 3,000,000 retail customers in the State and whose total highest 30 minute demand was more than 10,000 kilowatts, or any retail customers of an electric utility that serves less than 3,000,000 retail customers but more than 500,000 retail customers in the State and whose total highest 15 minute demand was more than 10,000 kilowatts. For purposes of this subsection (l), "retail customer" has the meaning set forth in Section 16-102 of this Act. A determination of whether this subsection is applicable to a customer shall be made for each multi-year plan beginning after December 31, 2017. The criteria for determining whether this subsection (l) is applicable to a retail customer shall be based on the 12 consecutive billing periods prior to the start of the first year of each such multi-year plan.

(m) Notwithstanding the requirements of this Section, as part of a proceeding to approve a multi-year plan under subsections (f) and (g) of
this Section, the Commission shall reduce the amount of energy efficiency measures implemented for any single year, and whose costs are recovered under subsection (d) of this Section, by an amount necessary to limit the estimated average net increase due to the cost of the measures to no more than

(1) 3.5% for each of the 4 years beginning January 1, 2018,
(2) 3.75% for each of the 4 years beginning January 1, 2022, and
(3) 4% for each of the 5 years beginning January 1, 2026, of the average amount paid per kilowatthour by residential eligible retail customers during calendar year 2015. To determine the total amount that may be spent by an electric utility in any single year, the applicable percentage of the average amount paid per kilowatthour shall be multiplied by the total amount of energy delivered by such electric utility in the calendar year 2015, adjusted to reflect the proportion of the utility's load attributable to customers who are exempt from subsections (a) through (j) of this Section under subsection (l) of this Section. For purposes of this subsection (m), the amount paid per kilowatthour includes, without limitation, estimated amounts paid for supply, transmission, distribution, surcharges, and add-on taxes. For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act. Once the Commission has approved a plan under subsections (f) and (g) of this Section, no subsequent rate impact determinations shall be made.

Sec. 8-507. Every public utility shall file with the Commission, under such rules and regulations as the Commission may prescribe, a report of every accident occurring to or on its plant, equipment, or other property of such a nature to endanger the safety, health or property of any person. Whenever any accident occasions the loss of life or limb to any person, such public utility shall immediately give notice to the Commission of the fact by the speediest means of communication, whether telephone, electronic notification, telegraph or post.

The Commission shall investigate all accidents occurring within this State upon the property of any public utility or directly or indirectly

arising from or connected with its maintenance or operation, resulting in loss of life or injury to person or property and requiring, in the judgment of the Commission, investigation by it, and shall have the power to make such order or recommendation with respect thereto as in its judgment may seem just and reasonable. Neither the order or recommendation of the Commission nor any accident report filed with the Commission shall be admitted in evidence in any action for damages based on or arising out of the loss of life, or injury to person or property, in this Section referred to. Sec. 8-508. No public utility shall abandon or discontinue any service or, in the case of an electric utility, make any modification as herein defined, without first having secured the approval of the Commission, except in case of assignment, transfer, lease or sale of the whole or any part of its franchises, licenses, permits, plant, equipment, business, or other property to any political subdivision or municipal corporation of this State. In the case of the assignment, transfer, lease or sale, in whole or in part, of any franchise, license, permit, plant, equipment, business or other property to any political subdivision or municipal corporation of this State, the public utility shall notify the Commission of such transaction. "Modification" as used in this Section means any change of fuel type which would result in an annual net systemwide decreased use of 10% or more of coal mined in Illinois. The Commission shall conduct public hearings on any request by a public utility to make such modification and shall accept testimony from interested parties qualified to provide evidence regarding the cost or cost savings of the proposed modification as compared with the cost or cost savings of alternative actions by the utility and shall consider the impact on employment related to the production of coal in Illinois. Such hearings shall be commenced no later than 30 days after the filing of the request by the public utility and shall be concluded within 120 days from the date of filing. The Commission must issue its final determination within 60 days of the conclusion of the hearing. In making its determination the Commission shall attach primary weight to the cost or cost savings to the customers of the utility. In granting its approval, the Commission may impose such terms, conditions or requirements as in its judgment are necessary to protect the public interest. Provided, however, that any public utility abandoning or discontinuing service in pursuance of authority

granted by the Commission shall be deemed to have waived any and all objections to the terms, conditions or requirements imposed by the Commission in that regard. Provided, further, that nothing in this Section shall be construed to limit the right of a public utility to discontinue service to individual patrons in accordance with the effective rules, regulations, and practices of such public utility.

The Commission, after a hearing upon its own motion or upon petition of any public utility, shall have power by order to authorize or require any public utility to curtail or discontinue service to individual customers or classes thereof, or for specific purposes or uses, and otherwise to regulate the furnishing of service, provided that preference for service shall be given to those customers serving essential human needs and governmental agencies performing law enforcement functions, whenever and to the extent such action is required by the convenience and necessity of the public during time of war, invasion, insurrection or martial law, or by reason of a catastrophe, emergency, or shortage of fuel, supplies or equipment employed or service furnished by such public utility; provided, however, that an interim order, effective for a period not exceeding 15 days, may be made without a hearing if the circumstances do not reasonably permit the holding of a hearing. Orders for the curtailment or discontinuance of service pursuant to this paragraph shall not be continued in effect for any period beyond that which is reasonably necessary, shall be vacated by the Commission as soon as public convenience and necessity permit, and shall include such arrangements for substitute service in the interim as the Commission in its judgment may impose. Every such order, during the period it is in effect and for such further period, if any, as the Commission may provide, shall have the effect of suspending the operation of all prior orders or parts of orders of the Commission inconsistent therewith. No public utility shall be held liable for any damage resulting from any action taken, or any omission to act, pursuant to or in compliance with any order under this paragraph for the curtailment or discontinuance of service unless such order was procured by the fraud of the public utility.

Sec. 8-509. When necessary for the construction of any alterations, additions, extensions or improvements ordered or authorized under Section 8-406.1 or 8-503, or 12-218 of this Act, any public utility may
enter upon, take or damage private property in the manner provided for by
the law of eminent domain. If a public utility seeks relief under this
Section in the same proceeding in which it seeks a certificate of public
convenience and necessity under Section 8-406.1 of this Act, the
Commission shall enter its order under this Section either as part of the
Section 8-406.1 order or at the same time it enters the Section 8-406.1
order. If a public utility seeks relief under this Section after the
Commission enters its order in the Section 8-406.1 proceeding, the
Commission shall issue its order under this Section within 45 days after
the utility files its petition under this Section.

Sec. 9-102.1. Negotiated rates.

(a) Notwithstanding anything to the contrary in any other Section
of Article IX of this Act, the Commission may approve one or more rate
schedules filed by a public utility that enable the public utility to provide
service to customers under contracts that are treated as proprietary and
confidential by the Commission notwithstanding the filing thereof. Service
under the contracts shall be provided on such terms and for such rates or
charges as the public utility and the customer agree upon, without regard
to any rate schedules the public utility may have filed with the
Commission under any other Section of Article IX of this Act. The
contracts shall be filed with the Commission, notwithstanding anything to
the contrary in any schedule referred to in subsection (b) of this Section.
For purposes of Section 3-121 of this Act, the amounts collected under the
contracts shall be treated as having been collected under rates that the
public utility is required to file under Section 9-102 of this Act.

(b) Each schedule described in subsection (a) that became effective
before August 25, 1995, and any contract thereunder, shall be deemed to

have become effective in accordance with its terms, subject to the provisions of any Commission order that purported to authorize the schedule.

(c) In any determination of the rates to be charged by an electric public utility having contracts in effect pursuant to schedules filed under this Section or schedules referred to in subsection (b) of this Section, the revenues received, or to be received, by the electric public utility under each such contract shall be deemed to be equal to the revenues, based on the actual usage of the customer, that would have been, or would be, received under the lowest rates available under schedules on file pursuant to Section 9-201, applicable to a class of consumers that includes the customer, including any applicable riders or surcharges, plus any revenues that would have been, or would be required to pay for investment or expenses incurred by the electric public utility that would not be incurred if service were provided under such lowest rates. The cost of capital used to determine rates to be charged by the electric public utility shall be that which would have obtained if service were provided under such lowest rates. The provisions of this subsection (c) shall not apply: (1) in any determination of the rates to be charged by a gas public utility, and (2) in any determination of the rates to be charged by an electric public utility, to contracts in effect prior to the effective date of this amendatory Act of 1996 pursuant to economic development schedules referred to in Section 9-241 of this Act, under which the electric public utility is authorized to provide discounts for new electrical sales that result from the location of new or expanded industrial facilities in the electric public utility's service territory. The preceding sentence shall not be construed to diminish the Commission's existing authority as of the effective date of this amendatory Act of 1996 to allocate the costs of all public utilities equitably, in any determination of rates, so as to set rates which are just and reasonable.

(d) Any contract filed pursuant to the provisions of subsection (a) of this Section shall be accorded proprietary and confidential treatment by the Commission and otherwise deemed to be exempt from the requirements of Sections 9-102, 9-103, 9-104, 9-201, 9-240, 9-241, and 9-243, except to the extent the Commission may, in its discretion, order otherwise. The Commission shall permit any statutory consumer protection agency to have access to any such contract, provided that: (i) the agency, and each individual that will have access on behalf of the agency, agree in writing to keep such contract confidential, such agreement to be in

a form established by the Commission; and (ii) access is limited to full-time employees of the agency and such other persons as are acceptable to the public utility or, if the agency and the public utility are unable to agree, are determined to be acceptable by the Commission. "Statutory consumer protection agency" means any office, corporation, or other agency created by Article XI of this Act or any other Illinois statute as of the effective date of this amendatory Act of 1996 that has an express statutory duty to represent the interest of public utility customers, any such agency subsequently created by act of the General Assembly that expressly authorizes the agency to access the information described in this subsection, or the Attorney General of the State of Illinois.

(e) Nothing in this Section shall be construed to give a public utility the authority to provide electric or natural gas service to a customer the public utility is not otherwise lawfully entitled to serve. Nothing in this Section shall be construed to affect in any way the service rights of electric suppliers as granted under the Electric Supplier Act.

(f) The provisions of subsection (b) of this Section 9-102.1 are intended to be severable from the remaining provisions of this Act; and therefore, no determination of the validity of the provisions of subsection (b) shall affect the validity of the remaining provisions of this Section 9-102.1.

(g) After January 1, 2001, no contract for electric service may be entered into under any schedule filed pursuant to the provisions of subsection (a) of this Section or under any schedule referred to in subsection (b) of this Section. The foregoing provision shall not affect any contract entered into prior to January 1, 2001.

(h) Nothing contained in this Section shall be construed as preventing any customer or other appropriate party from filing a complaint or otherwise requesting that the Commission investigate the reasonableness of the terms and conditions of any schedule filed under this Section or referred to in subsection (b) of this Section. Nothing contained in this Section shall be construed as affecting the right of any customer or public utility to enter into and enforce any contract providing for the amounts to be charged for service where the contract is or has been filed pursuant to any other Section of this Act. Nothing contained in this Section shall be construed to limit any Commission authority to authorize a public utility to engage in experimental programs relating to competition, including direct access programs.

Sec. 9-201. (a) Unless the Commission otherwise orders, and except as otherwise provided in this Section, no change shall be made by any public utility in any rate or other charge or classification, or in any rule, regulation, practice or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, except after 45 days' notice to the Commission and to the public as herein provided. Such notice shall be given by filing with the Commission and keeping open for public inspection new schedules or supplements stating plainly the change or changes to be made in the schedule or schedules then in force, and the time when the change or changes will go into effect, and by publication in a newspaper of general circulation or such other notice to persons affected by such change as may be prescribed by rule of the Commission. The Commission, for good cause shown, may allow changes without requiring the 45 days' notice herein provided for, by an order specifying the changes so to be made and the time when they shall take effect and the manner in which they shall be filed and published.

When any change is proposed in any rate or other charge, or classification, or in any rule, regulation, practice, or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, such proposed change shall be plainly indicated on the new schedule filed with the Commission, by some character to be designated by the Commission, immediately preceding or following the item.

When any public utility providing water or sewer service proposes any change in any rate or other charge, or classification, or in any rule, regulation, practice, or contract relating to or affecting any rate or other charge, classification or service, or in any privilege or facility, such utility shall, in addition to the other notice requirements of this Act, provide notice of such change to all customers potentially affected by including a notice and description of such change, and of Commission procedures for intervention, in the first bill sent to each such customer after the filing of the proposed change.

For water or sewer utilities with greater than 15,000 total customers, the following notice requirements are applicable, in addition to the other notice requirements of this Act:

New matter indicated by italics - deletions by strikeout
(1) As a separate bill insert, an initial notice in the first bill sent to all customers potentially affected by the proposed change after the filing of the proposed change shall include:

   (A) the approximate date when the change or changes shall go into effect assuming the Commission utilizes the 11-month process as described in this Section;

   (B) a statement indicating that the estimated bill impact may vary based on multiple factors, including, but not limited to, meter size, usage volume, and the fire protection district;

   (C) the water or sewer utility's customer service number or other number as may be appropriate where an authorized agent of the water or sewer utility can explain how the proposed increase might impact an individual customer's bill;

   (D) if the proposed change involves a change from a flat to a volumetric rate, an explanation of volumetric rate;

   (E) a reference to the water or sewer utility's website where customers can find tips on water conservation; and

   (F) for customers receiving both water and sewer service from a utility and if the customer has an option to install a separate meter for irrigation to mitigate sewer charges, an explanation of the water and sewer utility's and the customer's responsibilities for installation of a separate meter if such a change is approved.

(2) A second notice to all customers shall be included on the first bill after the Commission suspends the tariffs initiating the rate case.

(3) Final notice of such change shall be sent to all customers potentially affected by the proposed change by including information required under this paragraph (3) with the first bill after the effective date of the rates approved by the Final Order of the Commission in a rate case. The notice shall include the following:

   (A) the date when the change or changes went into effect;

   (B) the water or sewer utility's customer service number or other number as may be appropriate where an
authorized agent of the water or sewer utility can explain how the proposed increase might impact an individual customer's bill;

(C) an explanation that usage shall now be charged at a volumetric rate rather than a flat rate, if applicable;

(D) a reference to the water or sewer utility's website where the customer can find tips on water conservation; and

(E) for customers receiving both water and sewer service from a utility and if the customer has an option to install a separate meter for irrigation to mitigate sewer charges, an explanation of the water and sewer utility's and the customer's responsibilities for installation of a separate meter if such a change is approved.

(b) Whenever there shall be filed with the Commission any schedule stating an individual or joint rate or other charge, classification, contract, practice, rule or regulation, the Commission shall have power, and it is hereby given authority, either upon complaint or upon its own initiative without complaint, at once, and if it so orders, without answer or other formal pleadings by the interested public utility or utilities, but upon reasonable notice, to enter upon a hearing concerning the propriety of such rate or other charge, classification, contract, practice, rule or regulation, and pending the hearing and decision thereon, such rate or other charge, classification, contract, practice, rule or regulation shall not go into effect. The period of suspension of such rate or other charge, classification, contract, practice, rule or regulation shall not extend more than 105 days beyond the time when such rate or other charge, classification, contract, practice, rule or regulation would otherwise go into effect unless the Commission, in its discretion, extends the period of suspension for a further period not exceeding 6 months.

All rates or other charges, classifications, contracts, practices, rules or regulations not so suspended shall, on the expiration of 45 days from the time of filing the same with the Commission, or of such lesser time as the Commission may grant, go into effect and be the established and effective rates or other charges, classifications, contracts, practices, rules and regulations, subject to the power of the Commission, after a hearing had on its own motion or upon complaint, as herein provided, to alter or modify the same.

Within 30 days after such changes have been authorized by the Commission, copies of the new or revised schedules shall be posted or filed in accordance with the terms of Section 9-103 of this Act, in such a manner that all changes shall be plainly indicated. The Commission shall incorporate into the period of suspension a review period of 4 business days during which the Commission may review and determine whether the new or revised schedules comply with the Commission's decision approving a change to the public utility's rates. Such review period shall not extend the suspension period by more than 2 days. Absent notification to the contrary within the 4 business day period, the new or revised schedules shall be deemed approved.

(c) If the Commission enters upon a hearing concerning the propriety of any proposed rate or other charge, classification, contract, practice, rule or regulation, the Commission shall establish the rates or other charges, classifications, contracts, practices, rules or regulations proposed, in whole or in part, or others in lieu thereof, which it shall find to be just and reasonable. In such hearing, the burden of proof to establish the justness and reasonableness of the proposed rates or other charges, classifications, contracts, practices, rules or regulations, in whole and in part, shall be upon the utility. The utility, the staff of the Commission, the Attorney General, or any party to a proceeding initiated under this Section who has been granted intervenor status and submitted a post-hearing brief must be given the opportunity to present oral argument, if requested no later than the date for filing exceptions, on the propriety of any proposed rate or other charge, classification, contract, practice, rule, or regulation. No rate or other charge, classification, contract, practice, rule or regulation shall be found just and reasonable unless it is consistent with Sections of this Article.

(d) Except where compliance with Section 8-401 of this Act is of urgent and immediate concern, no representative of a public utility may discuss with a commissioner, commissioner's assistant, or administrative law judge hearing examiner in a non-public setting a planned filing for a general rate increase. If a public utility makes a filing under this Section, then no substantive communication by any such person with a commissioner, commissioner's assistant, or administrative law judge hearing examiner concerning the filing is permitted until a notice of hearing has been issued. After the notice of hearing has been issued, the only communications by any such person with a commissioner,
commissioner's assistant, or administrative law judge hearing examiner concerning the filing permitted are communications permitted under Section 10-103 of this Act. If any such communication does occur, then within 5 days of the docket being initiated all details relating to the communication shall be placed on the public record of the proceeding. The record shall include any materials, whether written, recorded, filmed, or graphic in nature, produced or reproduced on any media, used in connection with the communication. The record shall reflect the names of all persons who transmitted, received, or were otherwise involved in the communication, the duration of the communication, and whether the communication occurred in person or by other means. In the case of an oral communication, the record shall also reflect the location or locations of all persons involved in the communication and, if the communication occurred by telephone, the telephone numbers for the callers and recipients of the communication. A commissioner, commissioner's assistant, or administrative law judge hearing examiner who is involved in any such communication shall be recused from the affected proceeding. The Commission, or any commissioner or administrative law judge hearing examiner presiding over the proceeding shall, in the event of a violation of this Section, take action necessary to ensure that such violation does not prejudice any party or adversely affect the fairness of the proceedings including dismissing the affected proceeding. Nothing in this subsection (d) is intended to preclude otherwise allowable updates on issues that may be indirectly related to a general rate case filing because cost recovery for the underlying activity may be requested. Such updates may include, without limitation, issues related to outages and restoration, credit ratings, security issuances, reliability, Federal Energy Regulatory Commission matters, Federal Communications Commission matters, regional reliability organizations, consumer education, or labor matters, provided that such updates may not include cost recovery in a planned rate case.

(220 ILCS 5/9-214) (from Ch. 111 2/3, par. 9-214)
Sec. 9-214. (a) As used in this Section:

(1) "CWIP" means those assets which are recorded as construction work in progress on a public utility's books of accounts maintained in accordance with the applicable regulations and orders of the Commission.
(2) "Rate base" means the original cost value of the property on which a return is allowed.

(3) "CWIP ratio" means the fraction, expressed as a percentage, calculated by dividing the amount of CWIP included in a public utility's rate base by the utility's rate base.

(4) "Existing CWIP" means the amount of CWIP included in the rate base on December 1, 1983.

(b) In any determination under Section 9-201, 9-202 or 9-250 of this Act in a proceeding begun on or after December 1, 1983:

(1) For any public utility with a CWIP ratio on December 1, 1983, which is less than 15%, the Commission shall not include in the rate base for such public utility an amount for CWIP to exceed 80% of existing CWIP for the period from December 1, 1983 through December 31, 1984, and 60% of existing CWIP for the period from January 1, 1985 through December 31, 1985 and 40% of existing CWIP for the period from January 1, 1986 through December 31, 1986, and 20% of existing CWIP for the period from January 1, 1987 through December 31, 1987.

(2) For any public utility with a CWIP ratio on December 1, 1983 which is greater than or equal to 15%, the Commission shall not include in the rate base for such public utility an amount for CWIP in excess of the amount of CWIP included in the rate base on December 1, 1983, plus 50% of the allowed construction expenses incurred by the public utility from the date of the most recent rate determination by the Commission prior to December 1, 1983.

(c) The limitations set forth in paragraph (b) of this Section shall not be interpreted as an expansion of the Commission's authority to include CWIP in the rate base, but rather solely as a limitation thereon.

(d) The Commission shall not include an amount for CWIP in the rate base for any public utility for the period after December 31, 1988.

(e) Notwithstanding the provisions of paragraphs (b) and (d) of this Section the Commission may include in the rate base of a public utility an amount for CWIP for a public utility's investment which is scheduled to be placed in service within 12 months of the date of the rate determination. For the purposes of this paragraph nuclear generating facilities shall be considered to be in service upon the commencement of electric generation.

(f) Notwithstanding the provisions of paragraph (b) and (d), the Commission may include in the rate base of a public utility an amount of CWIP for a public utility's investment in pollution control devices for the control of sulfur dioxide emissions and the purification of water and sewage; provided, however, that upon application by a public utility which is constructing one or more pollution control devices for the control of sulfur dioxide emissions as part of a Clean Air Act compliance plan approved by the Commission pursuant to subsection (e) of Section 8-402.1, the Commission shall include in such public utility's rate base an amount of CWIP equal to its investment in such pollution control device or devices, but not to exceed the estimated cost of such facilities specified in the Commission's order or supplemental order pursuant to subsection (e) of Section 8-402.1. For purposes of this subsection (f), the public utility's investment shall not include the amount of any state, federal or other grants provided to the public utility to fund the design, acquisition, construction, installation and testing of pollution control devices for the control of sulfur dioxide emissions.

(g) Except for those amounts of CWIP described in paragraphs (e) and (f) of this Section, the Commission shall consider, in any rate filing subsequent to the coming on line of any new utility plant where CWIP funds have been allowed in rate base, a rate moderation plan directed towards allowing an appropriate return to ratepayers for previous amounts attributable to CWIP funds.

The Commission shall conduct an investigation and study of the costs and benefits to ratepayers of the inclusion of construction work in progress in rate base. Such study shall include a full opportunity for participation by the public through notice and hearings. If the Commission determines that in certain circumstances the inclusion of CWIP in rate base would be demonstrably beneficial to ratepayers, the Commission shall report its findings with recommendations to the General Assembly by December 31, 1988.

Sec. 9-222.2. Additional Charge - Recovery. The additional charge authorized by Section 9-221 or Section 9-222 shall be made (i) in the case of a tax measured by gross receipts or gross revenue, by adding to the customer's bill a uniform percentage to those amounts payable by the customer for intrastate utility service which are includible in the measure
of such tax, except, however, such method is not required where practical considerations justify a utility's or telecommunications carrier's use of another just and reasonable method of recovering its entire liability for such tax, and (ii) in the case of a tax measured by the number of therms or kilowatt-hours distributed, supplied, furnished, sold, transported or transmitted, by adding to the customer's bill an amount equal to the number of therms or kilowatt-hours which are includible in the measure of such tax, multiplied by the applicable tax rate. **Without limiting the generality of the foregoing, it shall not be deemed unjust and unreasonable or a violation of Section 9-241 for telecommunications carriers to recover the expense of taxes imposed by any municipality pursuant to Section 8-11-2 of the Illinois Municipal Code on coin revenues generated by coin-operated telecommunications devices by including the expense of the tax within the coin rates for intra-state coin paid telecommunications services.** (Source: P.A. 87-750.)

Sec. 9-223. Fire protection charge.

(a) The Commission may authorize any public utility engaged in the production, storage, transmission, sale, delivery or furnishing of water to impose a fire protection charge, in addition to any rate authorized by this Act, sufficient to cover a reasonable portion of the cost of providing the capacity, facilities and the water necessary to meet the fire protection needs of any municipality or public fire protection district. Such fire protection charge shall be in the form of a fixed amount per bill and shall be shown separately on the utility bill of each customer of the municipality or fire protection district. Any filing by a public utility to impose such a fire protection charge or to modify a charge shall be made pursuant to Section 9-201 of this Act. Any fire protection charge imposed shall reflect the costs associated with providing fire protection service for each municipality or fire protection district. No such charge shall be imposed directly on any municipality or fire protection district for a reasonable level of fire protection services unless provided for in a separate agreement between the municipality or the fire protection district and the utility.

(b) (Blank). By December 31, 2007, the Commission shall conduct at least 3 public forums to evaluate the purpose and use of each fire protection charge imposed under this Section. At least one forum must be held in northern Illinois, at least one forum must be held in central Illinois, and at least one forum must be held in southern Illinois. The Commission

must invite a representative from each municipality and fire protection district affected by a fire protection charge under this Section to attend a public forum. The Commission shall report its findings concerning recommendations concerning the purpose and use of each fire protection charge to the General Assembly no later than the last day of the veto session in 2008.

Sec. 10-101. The Commission, or any commissioner or administrative law judge hearing examiner designated by the Commission, shall have power to hold investigations, inquiries and hearings concerning any matters covered by the provisions of this Act, or by any other Acts relating to public utilities subject to such rules and regulations as the Commission may establish. In the conduct of any investigation, inquiry or hearing the provisions of the Illinois Administrative Procedure Act, including but not limited to Sections 10-25 and 10-35 of that Act, shall be applicable and the Commission's rules shall be consistent therewith. Complaint cases initiated pursuant to any Section of this Act, investigative proceedings and ratemaking cases shall be considered "contested cases" as defined in Section 1-30 of the Illinois Administrative Procedure Act, any contrary provision therein notwithstanding. Any proceeding intended to lead to the establishment of policies, practices, rules or programs applicable to more than one utility may, in the Commission's discretion, be conducted pursuant to either rulemaking or contested case provisions, provided such choice is clearly indicated at the beginning of such proceeding and subsequently adhered to. No violation of this Section or the Illinois Administrative Procedure Act and no informality in any proceeding or in the manner of taking testimony before the Commission, any commissioner or administrative law judge hearing examiner of the Commission shall invalidate any order, decision, rule or regulation made, approved, or confirmed by the Commission in the absence of prejudice. All hearings conducted by the Commission shall be open to the public.

Each commissioner and every administrative law judge hearing examiner of the Commission designated by it to hold any inquiry, investigation or hearing, shall have the power to administer oaths and affirmations, certify to all official acts, issue subpoenas, compel the attendance and testimony of witnesses, and the production of papers, books, accounts and documents.

Hearings shall be held either by the Commission or by one or more commissioners or administrative law judges hearing examiners.

When any attorney who is not admitted to the practice of law in Illinois by unlimited or conditional admission, but who is licensed in another state, territory, or commonwealth of the United States, the District of Columbia, or a foreign country may desire to appear before the Commission, such attorney shall be allowed to appear before the Commission as provided in Supreme Court Rule 707.

All evidence presented at hearings held by the Commission or under its authority shall become a part of the records of the Commission. In all cases in which the Commission bases any action on reports of investigation or inquiries not conducted as hearings, such reports shall be made a part of the records of the Commission. All proceedings of the Commission and all documents and records in its possession shall be public records, except as in this Act otherwise provided.

To the extent consistent with this Section and the Illinois Administrative Procedure Act, the Commission may adopt reasonable and proper rules and regulations relative to the exercise of its powers, and proper rules to govern its proceedings, and regulate the mode and manner of all investigations and hearings, and alter and amend the same.

Sec. 10-101.1. Mediation; arbitration; case management.

(a) It is the intent of the General Assembly that proceedings before the Commission shall be concluded as expeditiously as is possible consistent with the right of the parties to the due process of law and protection of the public interest. It is further the intent of the General Assembly to permit and encourage voluntary mediation and voluntary binding arbitration of disputes arising under this Act.

(b) Nothing in this Act shall prevent parties to contested cases brought before the Commission from resolving those cases, or other disputes arising under this Act, in part or in their entirety, by agreement of all parties, by compromise and settlement, or by voluntary mediation; provided, however, that nothing in this Section shall limit the Commission's authority to conduct such investigations and enter such orders as it shall deem necessary to enforce the provisions of this Act or otherwise protect the public interest. negotiations is not admissible as evidence should the matter subsequently be heard by the Commission; provided, however that evidence otherwise discoverable is not excluded or deemed inadmissible merely because it is presented in the course of voluntary mediation or compromise negotiations. No civil penalty shall be imposed upon parties that reach an agreement pursuant to the mediation procedures in this Section.

(c) The Commission shall prescribe by rule such procedures and facilities as are necessary to permit parties to resolve disputes through voluntary mediation prior to the filing of, or at any point during, the pendency of a contested matter. Parties to disputes arising under this Act are encouraged to submit disputes to the Commission for voluntary mediation, which shall not be binding upon the parties. Submission of a dispute to voluntary mediation shall not compromise the right of any party to bring action under this Act.

(d) In any contested case before the Commission, at the Commission's or administrative law judge's hearing examiner's direction or on motion of any party, a case management conference may be held at such time in the proceeding prior to evidentiary hearing as the administrative law judge hearing examiner deems proper. Prior to the conference, when directed to do so, all parties shall file a case management memorandum that addresses items (1) through (9) as directed by the administrative law judge hearing examiner. At the conference, the following shall be considered:

(1) the identification and simplification of the issues; provided, however, that the identification of issues by a party shall not foreclose that party from raising such other meritorious issues as that party might subsequently identify;
(2) amendments to the pleadings;
(3) the possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof;
(4) limitations on discovery including:
   (A) the area of expertise and the number of witnesses who will likely be called; provided, however, that the identification of witnesses by a party shall not foreclose that party from producing such other witnesses as that party might subsequently identify; and

(5) the possibility of settlement and scheduling of a settlement conference;
(6) the advisability of alternative dispute resolution including, but not limited to, mediation or arbitration;
(7) the date on which the matter should be ready for evidentiary hearing and the likely duration of the hearing;
(8) the advisability of holding subsequent case management conferences; and
(9) any other matters that may aid in the disposition of the action.
(e) The Commission is hereby authorized, if requested by all parties to any complaint brought under this Act, to arbitrate the complaint and to enter a binding arbitration award disposing of the complaint. The Commission shall prescribe by rule procedures for arbitration.

The provisions of Section 10-60 of the Illinois Administrative Procedure Act shall apply in full to Commission proceedings, including ratemaking cases, any provision of the Illinois Administrative Procedure Act to the contrary notwithstanding.

The provisions of Section 10-60 shall not apply, however, to communications between Commission employees who are engaged in investigatory, prosecutorial or advocacy functions and other parties to the proceeding, provided that such Commission employees are still prohibited from communicating on an ex parte basis, as designated in Section 10-60,

The Commission or a commissioner or administrative law judge hearing examiner or any party may in any investigation or hearing before the Commission, cause the deposition of witnesses residing within or without the State to be taken in the manner prescribed by law for like depositions in civil actions in the courts of this State and to that end may compel the attendance of witnesses and the production of papers, books, accounts and documents.

The Commission may require, by order served on any public utility in the manner provided herein for the service of orders, the production within this State at such time and place as it may designate, of any books, accounts, papers or documents kept by any public utility operating within this State in any office or place without this State, or, at its option, verified copies in lieu thereof, so that an examination thereof may be made by the Commission or under its direction.

At the time fixed for any hearing upon a complaint, the complainant and the person or corporation complained of, and such persons or corporations as the Commission may allow to intervene, shall be entitled to be heard and to introduce evidence. The Commission shall issue process to enforce the attendance of all necessary witnesses. At the conclusion of such hearing the Commission shall make and render findings concerning the subject matter and facts inquired into and enter its order based thereon. Where an order cannot, in the judgment of the Commission, be complied with within twenty days, the Commission may prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order. In any proceeding involving a public utility in which the lawfulness of any of its rates or other charges shall be called in question by any person or corporation furnishing a commodity or service in competition with said public utility at prices or charges not subject to regulation, the Commission may investigate the competitive prices or other charges demanded or received by such person or corporation for such commodity or service, including the rates or other charges applicable to the transportation thereof. The Commission may, on its own motion or that of any party to such proceeding, issue subpoenas to secure the appearance of witnesses or the production of books, papers, accounts and documents necessary to ascertain the prices, rates or other charges for such commodity or service or for the transportation thereof, and shall dismiss from such proceeding any party failing to comply with a subpoena so issued.

In case of an appeal from any order or decision of the Commission, under the terms of Sections 10-201 and 10-202 of this Act, a transcript of such testimony, together with all exhibits or copies thereof introduced and all information secured by the Commission on its own initiative and considered by it in rendering its order or decision (and required by this Act to be made a part of its records) and of the pleadings, records and proceedings in the case, including transcripts of Commission meetings prepared in accordance with Section 10-102 of this Act, shall constitute the record of the Commission: Provided, that on appeal from an order or decision of the Commission, the person or corporation taking the appeal and the Commission may stipulate that a certain question or certain questions alone and a specified portion only of the evidence shall be certified to the court for its judgment, whereupon such stipulation and the question or questions and the evidence therein specified shall constitute the record on appeal.

But nothing in this Act shall be taken to limit or restrict the power of the Commission, summarily, of its own motion, with or without notice, to conduct any investigations or inquiries authorized by this Act, in such manner and by such means as it may deem proper, and to take such action as it may deem necessary in connection therewith. With respect to any rules, regulations, decisions or orders which the Commission is authorized to issue without a hearing, and so issues, any public utility or other person or corporation affected thereby and deeming such rules, regulations, decisions or orders, or any of them, improper, unreasonable or contrary to law, may apply for a hearing thereon, setting forth specifically in such application every ground of objection which the applicant desires to urge against such rule, regulation, decision or order. Within 35 days from the date that a copy of the order or decision sought to be reviewed was served upon the party affected by any order or decision of the Commission refusing an application for a rehearing of any rule, regulation, order or decision of the Commission, including any order granting or denying interim rate relief, or within 35 days from the date that a copy of the order or decision sought to be reviewed was served upon the party affected by any final order or decision of the Commission upon and after a rehearing of any rule, regulation, order or decision of the Commission, including any order granting or denying interim rate relief, any person or corporation affected by such rule, regulation, order or decision, may appeal to the appellate court of the judicial district in which the subject matter of the hearing is situated, or if the subject matter of the hearing is situated in more than one district, then of any one of such districts, for the purpose of having the reasonableness or lawfulness of the rule, regulation, order or decision inquired into and determined.

The court first acquiring jurisdiction of any appeal from any rule, regulation, order or decision shall have and retain jurisdiction of such appeal and of all further appeals from the same rule, regulation, order or decision until such appeal is disposed of in such appellate court.

(b) Pleadings and Record. No proceeding to contest any rule, regulation, decision or order which the Commission is authorized to issue without a hearing and has so issued shall be brought in any court unless application shall have been first made to the Commission for a hearing thereon and until after such application has been acted upon by the Commission, nor shall any person or corporation in any court urge or rely upon any grounds not set forth in such application for a hearing before the Commission, but the Commission shall decide the questions presented by the application with all possible expedition consistent with the duties of the Commission. The party taking such an appeal shall file with the Commission written notice of the appeal. The Commission, upon the filing of such notice of appeal, shall, within 5 days thereafter, file with the clerk of the appellate court to which such appeal is taken a certified copy of the order appealed. The Commission shall prepare a copy of the transcript of the evidence, including exhibits and transcripts of Commission meetings prepared in accordance with Section 10-102 of this Act, or any portion of the record designated in a stipulation that only certain questions are involved on appeal, which stipulation is to be included in the record.
provided for in Section 10-110. The Commission shall certify the record and file the same with the clerk of the appellate court to which such appeal is taken within 35 days of the filing of the notice of appeal. The party serving such notice of appeal shall, within 5 days after the service of such notice upon the Commission, file a copy of the notice, with proof of service, with the clerk of the court to which such appeal is taken, and thereupon the appellate court shall have jurisdiction over the appeal. The appeal shall be heard according to the rules governing other civil cases, so far as the same are applicable.

(c) No appellate court shall permit a party affected by any rule, regulation, order or decision of the Commission to intervene or become a party plaintiff or appellant in such court who has not taken an appeal from such rule, regulation, order or decision in the manner as herein provided.

(d) No new or additional evidence may be introduced in any proceeding upon appeal from a rule, regulation, order or decision of the Commission, issued or confirmed after a hearing, but the appeal shall be heard on the record of the Commission as certified by it. The findings and conclusions of the Commission on questions of fact shall be held prima facie to be true and as found by the Commission; rules, regulations, orders or decisions of the Commission shall be held to be prima facie reasonable, and the burden of proof upon all issues raised by the appeal shall be upon the person or corporation appealing from such rules, regulations, orders or decisions.

(e) Powers and duties of Reviewing Court:

(i) An appellate court to which any such appeal is taken shall have the power, and it shall be its duty, to hear and determine such appeal with all convenient speed. Any proceeding in any court in this State directly affecting a rule, regulation, order or decision of the Commission, or to which the Commission is a party, shall have priority in hearing and determination over all other civil proceedings pending in such court, excepting election contests.

(ii) If it appears that the Commission failed to receive evidence properly proffered, on a hearing or a rehearing, or an application therefor, the court shall remand the case, in whole or in part, to the Commission with instructions to receive the testimony so proffered and rejected, and to enter a new order based upon the evidence theretofore taken, and such new evidence as it is directed to receive, unless it shall appear that such new evidence would not
be controlling, in which case the court shall so find in its order. If the court remands only part of the Commission's rule, regulation, order or decision, it shall determine without delay the lawfulness and reasonableness of any independent portions of the rule, regulation, order or decision subject to appeal.

(iii) If the court determines that the Commission's rule, regulation, order or decision does not contain findings or analysis sufficient to allow an informed judicial review thereof, the court shall remand the rule, regulation, order or decision, in whole or in part, with instructions to the Commission to make the necessary findings or analysis.

(iv) The court shall reverse a Commission rule, regulation, order or decision, in whole or in part, if it finds that:

A. The findings of the Commission are not supported by substantial evidence based on the entire record of evidence presented to or before the Commission for and against such rule, regulation, order or decision; or

B. The rule, regulation, order or decision is without the jurisdiction of the Commission; or

C. The rule, regulation, order or decision is in violation of the State or federal constitution or laws; or

D. The proceedings or manner by which the Commission considered and decided its rule, regulation, order or decision were in violation of the State or federal constitution or laws, to the prejudice of the appellant.

(v) The court may affirm or reverse the rule, regulation, order or decision of the Commission in whole or in part, or to remand the decision in whole or in part where a hearing has been held before the Commission, and to state the questions requiring further hearings or proceedings and to give such other instructions as may be proper.

(vi) When the court remands a rule, regulation, order or decision of the Commission, in whole or in part, the Commission shall enter its final order with respect to the remanded rule, regulation, order or decision no later than 6 months after the date of issuance of the court's mandate. The Commission shall enter its final order, with respect to any remanded matter pending before it on the effective date of this amendatory Act of 1988, no later than

6 months after the effective date of this amendatory Act of 1988. However, when the court mandates, or grants an extension of time which the court determines to be necessary for, the taking of additional evidence, the Commission shall enter an interim order within 6 months after the issuance of the mandate (or within 6 months after the effective date of this amendatory Act of 1988 in the case of a remanded matter pending before it on the effective date of this amendatory Act of 1988), and the Commission shall enter its final order within 5 months after the date the interim order was entered.

(f) When no appeal is taken from a rule, regulation, order or decision of the Commission, as herein provided, parties affected by such rule, regulation, order or decision, shall be deemed to have waived the right to have the merits of the controversy reviewed by a court and there shall be no trial of the merits of any controversy in which such rule, regulation, order or decision was made, by any court to which application may be made for the enforcement of the same, or in any other judicial proceedings.

Sec. 10-204. (a) The pendency of an appeal shall not of itself stay or suspend the operation of the rule, regulation, order or decision of the Commission, but during the pendency of the appeal the reviewing court may in its discretion stay or suspend, in whole or in part, the operation of the Commission's rule, regulation, order or decision. Any stocks or stock certificates, bonds, notes, or other evidence of indebtedness issued pursuant to and in accordance with an order of the Commission shall be valid and binding in accordance with their terms notwithstanding such order of the Commission is later vacated, modified, or otherwise held to be wholly or partly invalid unless operation of such order of the Commission has been stayed or suspended by the reviewing court prior to such issuance.

(b) No order so staying or suspending a rule, regulation, order or decision of the Commission shall be made by the court otherwise than upon 3 days' notice to the Commission and after a hearing, and if the rule, regulation, order or decision of the Commission is suspended, the order suspending the same shall contain a specific finding based upon evidence submitted to the court, and identified by reference thereto, that great or
irreparable damage would otherwise result to the petitioner, and specifying
the nature of the damage.

(c) In case the rule, regulation, order or decision of the
Commission is stayed or suspended, the order of the court shall not

and filed with, and approved by the Commission (or approved, on review,
by the court) payable to the people of the State of Illinois, and sufficient in
amount and security to insure the prompt payment, by the party petitioning
for the review, of all damages caused by the delay in the enforcement of
the rule, regulation, order or decision of the Commission, and of all
moneys which any person or corporation may be compelled to pay,
pending the review proceedings, for transportation, transmission, product,
commodity or service in excess of the charges fixed by the rule, regulation,
order or decision of the Commission, in case said rule, regulation, order or
decision is sustained. However, no bond shall be required in the case of
any stay or suspension granted on application of the State or people of the
State, represented by the Attorney General or Public Counsel, or of any
city or other governmental body. The court in case it stays or suspends the
rule, regulation, order or decision of the Commission in any manner
affecting rates or other charges or classifications, may in its discretion,
also by order direct the public utility affected to pay into court, from time
to time thereto to be impounded until the final decision of the case or into
some bank or trust company paying interest on deposits, under such
conditions as the court may prescribe, all sums of money which it may
collect from any corporation or person in excess of the sum such
corporation or person would have been compelled to pay if the rule,
regulation, order or decision of the Commission had not been stayed or
suspended.

(d) When any rate or other charge has been in force for any length
of time exceeding one year, and that rate or other charge is advanced by
the public utility and the order of the Commission reinstates that such
prior rate or other charge, in whole or in part, no suspending order shall be
allowed in any case from the reinstating order pending the final
determination of the case in the reviewing court, pending the final
determination by such reviewing court.

(Section scheduled to be repealed on December 31, 2020)
Sec. 13-506.2. Market regulation for competitive retail services.
(a) Definitions. As used in this Section:

(1) "Electing Provider" means a telecommunications carrier that is subject to either rate regulation pursuant to Section 13-504 or Section 13-505 or alternative regulation pursuant to Section 13-506.1 and that elects to have the rates, terms, and conditions of its competitive retail telecommunications services solely determined and regulated pursuant to the terms of this Article.

(2) "Basic local exchange service" means either a stand-alone residence network access line and per-call usage or, for any geographic area in which such stand-alone service is not offered, a stand-alone flat rate residence network access line for which local calls are not charged for frequency or duration. Extended Area Service shall be included in basic local exchange service.
(3) "Existing customer" means a residential customer who was subscribing to one of the optional packages described in subsection (d) of this Section as of the effective date of this amendatory Act of the 99th General Assembly. A customer who was subscribing to one of the optional packages on that date but stops subscribing thereafter shall not be considered an "existing customer" as of the date the customer stopped subscribing to the optional package, unless the stoppage is temporary and caused by the customer changing service address locations, or unless the customer resumes subscribing and is eligible to receive discounts on monthly telephone service under the federal Lifeline program, 47 C.F.R. Part 54, Subpart E.

(4) "New customer" means a residential customer who was not subscribing to one of the optional packages described in subsection (d) of this Section as of the effective date of this amendatory Act of the 99th General Assembly and who is eligible to receive discounts on monthly telephone service under the federal Lifeline program, 47 C.F.R. Part 54, Subpart E.

(b) Election for market regulation. Notwithstanding any other provision of this Act, an Electing Provider may elect to have the rates, terms, and conditions of its competitive retail telecommunications services solely determined and regulated pursuant to the terms of this Section by filing written notice of its election for market regulation with the Commission. The notice of election shall designate the geographic area of the Electing Provider's service territory where the market regulation shall apply, either on a state-wide basis or in one or more specified Market Service Areas ("MSA") or Exchange areas. An Electing Provider shall not make an election for market regulation under this Section unless it commits in its written notice of election for market regulation to fulfill the conditions and requirements in this Section in each geographic area in which market regulation is elected. Immediately upon filing the notice of election for market regulation, the Electing Provider shall be subject to the jurisdiction of the Commission to the extent expressly provided in this Section.

(c) Competitive classification. Market regulation shall be available for competitive retail telecommunications services as provided in this subsection.

(1) For geographic areas in which telecommunications services provided by the Electing Provider were classified as competitive either through legislative action or a tariff filing pursuant to Section 13-502 prior to January 1, 2010, and that are included in the Electing Provider's notice of election pursuant to subsection (b) of this Section, such services, and all recurring and nonrecurring charges associated with, related to or used in connection with such services, shall be classified as competitive without further Commission review. For services classified as competitive pursuant to this subsection, the requirements or conditions in any order or decision rendered by the Commission pursuant to Section 13-502 prior to the effective date of this amendatory Act of the 96th General Assembly, except for the commitments made by the Electing Provider in such order or decision concerning the optional packages required in subsection (d) of this Section and basic local exchange service as defined in this Section, shall no longer be in effect and no Commission investigation, review, or proceeding under Section 13-502 shall be continued, conducted, or maintained with respect to such services, charges, requirements, or conditions. If an Electing Provider has ceased providing optional packages to customers pursuant to subdivision (d)(8) of this Section, the commitments made by the Electing Provider in such order or decision concerning the optional packages under subsection (d) of this Section shall no longer be in effect and no Commission investigation, review, or proceeding under Section 13-502 shall be continued, conducted, or maintained with respect to such packages.

(2) For those geographic areas in which residential local exchange telecommunications services have not been classified as competitive as of the effective date of this amendatory Act of the 96th General Assembly, all telecommunications services provided to residential and business end users by an Electing Provider in the geographic area that is included in its notice of election pursuant to subsection (b) shall be classified as competitive for purposes of this Article without further Commission review.

(3) If an Electing Provider was previously subject to alternative regulation pursuant to Section 13-506.1 of this Article, the alternative regulation plan shall terminate in whole for all

services subject to that plan and be of no force or effect, without further Commission review or action, when the Electing Provider's residential local exchange telecommunications service in each MSA in its telecommunications service area in the State has been classified as competitive pursuant to either subdivision (c)(1) or (c)(2) of this Section.

(4) The service packages described in Section 13-518 shall be classified as competitive for purposes of this Section if offered by an Electing Provider in a geographic area in which local exchange telecommunications service has been classified as competitive pursuant to either subdivision (c)(1) or (c)(2) of this Section.

(5) Where a service, or its functional equivalent, or a substitute service offered by a carrier that is not an Electing Provider or the incumbent local exchange carrier for that area is also being offered by an Electing Provider for some identifiable class or group of customers in an exchange, group of exchanges, or some other clearly defined geographical area, the service offered by a carrier that is not an Electing Provider or the incumbent local exchange carrier for that area shall be classified as competitive without further Commission review.

(6) Notwithstanding any other provision of this Act, retail telecommunications services classified as competitive pursuant to Section 13-502 or subdivision (c)(5) of this Section shall have their rates, terms, and conditions solely determined and regulated pursuant to the terms of this Section in the same manner and to the same extent as the competitive retail telecommunications services of an Electing Provider, except that subsections (d), (g), and (j) of this Section shall not apply to a carrier that is not an Electing Provider or to the competitive telecommunications services of a carrier that is not an Electing Provider. The access services of a carrier that is not an Electing Provider shall remain subject to Section 13-900.2. The requirements in subdivision (e)(3) of this Section shall not apply to retail telecommunications services classified as competitive pursuant to Section 13-502 or subdivision (c)(5) of this Section, except that, upon request from the Commission, the telecommunications carrier providing competitive retail telecommunications services shall provide a

If the Electing Provider offers a stand-alone residential access line and local usage on a per call basis, the price for the basic package shall be the Electing Provider's applicable price in effect on January 1, 2010 for the sum of a residential access line and 30 local calls, additional calls over 30 calls shall be provided at the current per call rate. However, this basic package is not required if stand-alone residential network access lines or per-call local usage are not offered by the Electing Provider in the geographic area on January 1, 2010 or if the Electing Provider has not increased its stand-alone network access line and local usage rates, including Extended Area Service rates, since January 1, 2010.

(C) A plus package, which shall consist of residential basic local exchange network access line, unlimited local calls, and the customer's choice of 2 vertical services offered by the Electing Provider. The term "vertical services" as used in this subsection, includes, but is not limited to, call waiting, call forwarding, 3-way calling, caller ID, call tracing, automatic callback, repeat dialing, and voicemail. be the Electing Provider's applicable price in effect on January 1, 2010 for the sum of a residential access line with unlimited local calls and 2 times the average price for the vertical features included in the package.

(2) Subject to subdivision (d)(8) of this Section, for those geographic areas in which local exchange telecommunications services were classified as competitive on the effective date of this amendatory Act of the 96th General Assembly, an Electing Provider in each such MSA or Exchange area shall be subject to the same terms and conditions as provided in commitments made by the Electing Provider in connection with such previous competitive classifications, which shall apply with equal force under this Section, except as follows: (i) the limits on price increases on the optional packages required by this Section shall be extended consistent with subsection (d)(1) of this Section and (ii) the price for the extra package required by subsection (d)(1)(B) shall be reduced by one dollar from the price in effect on January 1, 2010. In addition, if an Electing Provider obtains a competitive classification pursuant to subsection (c)(1) and (c)(2), the price for the optional packages shall be determined in such area in compliance with subsection (d)(1), except the price for the plus package required by subsection (d)(1) (C) shall be the lower of the price for such area or the price of the plus package in effect on January 1, 2010 for areas classified as competitive pursuant to subsection (c)(1).

(3) To the extent that the requirements in Section 13-518 applied to a telecommunications carrier prior to the effective date of this Section and that telecommunications carrier becomes an Electing Provider in accordance with the provisions of this Section, the requirements in Section 13-518 shall cease to apply to that Electing Provider in those geographic areas included in the Electing Provider's notice of election pursuant to subsection (b) of this Section.

(4) Subject to subdivision (d)(8) of this Section, an Electing Provider shall make the optional packages required by this subsection and stand-alone residential network access lines and local usage, where offered, readily available to the public by providing information, in a clear manner, to residential customers.
Information shall be made available on a website, and an Electing Provider shall provide notification to its customers every 6 months, provided that notification may consist of a bill page message that provides an objective description of the safe harbor options that includes a telephone number and website address where the customer may obtain additional information about the packages from the Electing Provider. The optional packages shall be offered on a monthly basis with no term of service requirement. An Electing Provider shall allow online electronic ordering of the optional packages and stand-alone residential network access lines and local usage, where offered, on its website in a manner similar to the online electronic ordering of its other residential services.

(5) Subject to subdivision (d)(8) of this Section, an Electing Provider shall comply with the Commission's existing rules, regulations, and notices in Title 83, Part 735 of the Illinois Administrative Code when offering or providing the optional packages required by this subsection (d) and stand-alone residential network access lines.

(6) Subject to subdivision (d)(8) of this Section, an Electing Provider shall provide to the Commission semi-annual subscribership reports as of June 30 and December 31 that contain the number of its customers subscribing to each of the consumer choice safe harbor packages required by subsection (d)(1) of this Section and the number of its customers subscribing to retail residential basic local exchange service as defined in subsection (a)(2) of this Section. The first semi-annual reports shall be made on April 1, 2011 for December 31, 2010, and on September 1, 2011 for June 30, 2011, and semi-annually on April 1 and September 1 thereafter. Such subscribership information shall be accorded confidential and proprietary treatment upon request by the Electing Provider.

(7) The Commission shall have the power, after notice and hearing as provided in this Article, upon complaint or upon its own motion, to take corrective action if the requirements of this Section are not complied with by an Electing Provider.

(8) On and after the effective date of this amendatory Act of the 99th General Assembly, an Electing Provider shall continue to offer and provide the optional packages described in this

subsection (d) to existing customers and new customers. On and after July 1, 2017, an Electing Provider may immediately stop offering the optional packages described in this subsection (d) and, upon providing two notices to affected customers and to the Commission, may stop providing the optional packages described in this subsection (d) to all customers who subscribe to one of the optional packages. The first notice shall be provided at least 90 days before the date upon which the Electing Provider intends to stop providing the optional packages, and the second notice must be provided at least 30 days before that date. The first notice shall not be provided prior to July 1, 2017. Each notice must identify the date on which the Electing Provider intends to stop providing the optional packages, at least one alternative service available to the customer, and a telephone number by which the customer may contact a service representative of the Electing Provider. After July 1, 2017 with respect to new customers, and upon the expiration of the second notice period with respect to customers who were subscribing to one of the optional packages, subdivisions (d)(1), (d)(2), (d)(4), (d)(5), (d)(6), and (d)(7) of this Section shall not apply to the Electing Provider. Notwithstanding any other provision of this Article, an Electing Provider that has ceased providing the optional packages under this subdivision (d)(8) is not subject to Section 13-301(1)(c) of this Act. Notwithstanding any other provision of this Act, and subject to subdivision (d)(7) of this Section, the Commission’s authority over the discontinuance of the optional packages described in this subsection (d) by an Electing Provider shall be governed solely by this subsection (d)(8).

(e) Service quality and customer credits for basic local exchange service.

(1) An Electing Provider shall meet the following service quality standards in providing basic local exchange service, which for purposes of this subsection (e), includes both basic local exchange service and any consumer choice safe harbor options that may be required by subsection (d) of this Section.

(A) Install basic local exchange service within 5 business days after receipt of an order from the customer unless the customer requests an installation date that is beyond 5 business days after placing the order for basic
service and to inform the customer of the Electing Provider's duty to install service within this timeframe. If installation of service is requested on or by a date more than 5 business days in the future, the Electing Provider shall install service by the date requested.

(B) Restore basic local exchange service for the customer within 30 hours after receiving notice that the customer is out of service.

(C) Keep all repair and installation appointments for basic local exchange service if a customer premises visit requires a customer to be present. The appointment window shall be either a specific time or, at a maximum, a 4-hour time block during evening, weekend, and normal business hours.

(D) Inform a customer when a repair or installation appointment requires the customer to be present.

(2) Customers shall be credited by the Electing Provider for violations of basic local exchange service quality standards described in subdivision (e)(1) of this Section. The credits shall be applied automatically on the statement issued to the customer for the next monthly billing cycle following the violation or following the discovery of the violation. The next monthly billing cycle following the violation or the discovery of the violation means the billing cycle immediately following the billing cycle in process at the time of the violation or discovery of the violation, provided the total time between the violation or discovery of the violation and the issuance of the credit shall not exceed 60 calendar days. The Electing Provider is responsible for providing the credits and the customer is under no obligation to request such credits. The following credits shall apply:

(A) If an Electing Provider fails to repair an out-of-service condition for basic local exchange service within 30 hours, the Electing Provider shall provide a credit to the customer. If the service disruption is for more than 30 hours, but not more than 48 hours, the credit must be equal to a pro-rata portion of the monthly recurring charges for all basic local exchange services disrupted. If the service disruption is for more than 48 hours, but not more than 72
hours, the credit must be equal to at least 33% of one month's recurring charges for all local services disrupted. If the service disruption is for more than 72 hours, but not more than 96 hours, the credit must be equal to at least 67% of one month's recurring charges for all basic local exchange services disrupted. If the service disruption is for more than 96 hours, but not more than 120 hours, the credit must be equal to one month's recurring charges for all basic local exchange services disrupted. For each day or portion thereof that the service disruption continues beyond the initial 120-hour period, the Electing Provider shall also provide an additional credit of $20 per calendar day.

(B) If an Electing Provider fails to install basic local exchange service as required under subdivision (e)(1) of this Section, the Electing Provider shall waive 50% of any installation charges, or in the absence of an installation charge or where installation is pursuant to the Link Up program, the Electing Provider shall provide a credit of $25. If an Electing Provider fails to install service within 10 business days after the service application is placed, or fails to install service within 5 business days after the customer's requested installation date, if the requested date was more than 5 business days after the date of the order, the Electing Provider shall waive 100% of the installation charge, or in the absence of an installation charge or where installation is provided pursuant to the Link Up program, the Electing Provider shall provide a credit of $50. For each day that the failure to install service continues beyond the initial 10 business days, or beyond 5 business days after the customer's requested installation date, if the requested date was more than 5 business days after the date of the order, the Electing Provider shall also provide an additional credit of $20 per calendar day until the basic local exchange service is installed.

(C) If an Electing Provider fails to keep a scheduled repair or installation appointment when a customer premises visit requires a customer to be present as required under subdivision (e)(1) of this Section, the Electing

Provider shall credit the customer $25 per missed appointment. A credit required by this subdivision does not apply when the Electing Provider provides the customer notice of its inability to keep the appointment no later than 8:00 pm of the day prior to the scheduled date of the appointment.

(D) Credits required by this subsection do not apply if the violation of a service quality standard:

   (i) occurs as a result of a negligent or willful act on the part of the customer;

   (ii) occurs as a result of a malfunction of customer-owned telephone equipment or inside wiring;

   (iii) occurs as a result of, or is extended by, an emergency situation as defined in 83 Ill. Adm. Code 732.10;

   (iv) is extended by the Electing Provider's inability to gain access to the customer's premises due to the customer missing an appointment, provided that the violation is not further extended by the Electing Provider;

   (v) occurs as a result of a customer request to change the scheduled appointment, provided that the violation is not further extended by the Electing Provider;

   (vi) occurs as a result of an Electing Provider's right to refuse service to a customer as provided in Commission rules; or

   (vii) occurs as a result of a lack of facilities where a customer requests service at a geographically remote location, where a customer requests service in a geographic area where the Electing Provider is not currently offering service, or where there are insufficient facilities to meet the customer's request for service, subject to an Electing Provider's obligation for reasonable facilities planning.

(ii) the number of installations after 5 business days;

   (i) the total dollar amount of any customer credits paid;
   (ii) the number of any customers receiving credits; and
   (iii) the number of exemptions claimed for each of the categories identified in subdivision (e)(2)(D).

(D) The Electing Provider's annual report required by this subsection shall also include, for informational reporting, the performance data described in subdivisions (e)(2)(A), (e)(2)(B), and (e)(2)(C), and trouble reports per 100 access lines calculated using the Commission's existing applicable rules and regulations for such measures, including the requirements for service standards established in this Section.

(4) It is the intent of the General Assembly that the service quality rules and customer credits in this subsection (e) of this Section and other enforcement mechanisms, including fines and penalties authorized by Section 13-305, shall apply on a nondiscriminatory basis to all Electing Providers. Accordingly, notwithstanding any provision of any service quality rules promulgated by the Commission, any alternative regulation plan adopted by the Commission, or any other order of the Commission, any Electing Provider that is subject to any other order of the Commission and that violates or fails to comply with the service quality standards promulgated pursuant to this subsection (e) or any other order of the Commission shall not be subject to any fines, penalties, customer credits, or enforcement mechanisms other than such fines or penalties or customer credits as may be imposed by the Commission in accordance with the provisions of this subsection (e) and Section 13-305, which are to be generally applicable to all Electing Providers. The amount of any fines or penalties imposed by the Commission for failure to comply with the requirements of this subsection (e) shall be an appropriate amount, taking into account, at a minimum, the Electing Provider's gross annual intrastate revenue; the frequency, duration, and

recurrence of the violation; and the relative harm caused to the affected customers or other users of the network. In imposing fines and penalties, the Commission shall take into account compensation or credits paid by the Electing Provider to its customers pursuant to this subsection (e) in compensation for any violation found pursuant to this subsection (e), and in any event the fine or penalty shall not exceed an amount equal to the maximum amount of a civil penalty that may be imposed under Section 13-305.

(5) An Electing Provider in each of the MSA or Exchange areas classified as competitive pursuant to subsection (c) of this Section shall fulfill the requirements in subdivision (e)(3) of this Section for 3 years after its notice of election becomes effective. After such 3 years, the requirements in subdivision (e)(3) of this Section shall not apply to such Electing Provider, except that, upon request from the Commission, the Electing Provider shall provide a report showing the number of credits and exemptions for the requested time period.

(f) Commission jurisdiction over competitive retail telecommunications services. Except as otherwise expressly stated in this Section, the Commission shall thereafter have no jurisdiction or authority over any aspect of competitive retail telecommunications service of an Electing Provider in those geographic areas included in the Electing Provider's notice of election pursuant to subsection (b) of this Section or of a retail telecommunications service classified as competitive pursuant to Section 13-502 or subdivision (c)(5) of this Section, heretofore subject to the jurisdiction of the Commission, including but not limited to, any requirements of this Article related to the terms, conditions, rates, quality of service, availability, classification or any other aspect of any competitive retail telecommunications services. No telecommunications carrier shall commit any unfair or deceptive act or practice in connection with any aspect of the offering or provision of any competitive retail telecommunications service. Nothing in this Article shall limit or affect any provisions in the Consumer Fraud and Deceptive Business Practices Act with respect to any unfair or deceptive act or practice by a telecommunications carrier.

(1) As part of its Notice of Election for Market Regulation, the Electing Provider shall reduce its intrastate switched access rates to rates no higher than its interstate switched access rates in 4 installments. The first reduction must be made 30 days after submission of its complete application for Notice of Election for Market Regulation, and the Electing Provider must reduce its intrastate switched access rates by an amount equal to 33% of the difference between its current intrastate switched access rates and its current interstate switched access rates. The second reduction must be made no later than one year after the first reduction, and the Electing Provider must reduce its then current intrastate switched access rates by an amount equal to 41% of the difference between its then current intrastate switched access rates and its then current interstate switched access rates. The third reduction must be made no later than one year after the second reduction, and the Electing Provider must reduce its then current intrastate switched access rates by an amount equal to 50% of the difference between its then current intrastate switched access rate and its then current interstate switched access rates. The fourth reduction must be made on or before June 30, 2013, and the Electing Provider must reduce its intrastate switched access rate to mirror its then current interstate switched access rates and rate structure. Following the fourth reduction, each Electing Provider must continue to set its intrastate switched access rates to mirror its interstate switched access rates and rate structure. For purposes of this subsection, the rate for intrastate switched access service means the composite, per-minute rate for that service, including all applicable fixed and traffic-sensitive charges, including, but not limited to, carrier common line charges.

(2) Nothing in paragraph (1) of this subsection (g) prohibits an Electing Provider from electing to offer intrastate switched access service at rates lower than its interstate switched access rates.

(3) The Commission shall have no authority to order an Electing Provider to set its rates for intrastate switched access at a level lower than its interstate switched access rates.

(4) The Commission's authority under this subsection (g) shall only apply to Electing Providers under Market Regulation.

(h) Safety of service equipment and facilities.

(1) An Electing Provider shall furnish, provide, and maintain such service instrumentalities, equipment, and facilities as shall promote the safety, health, comfort, and convenience of its patrons, employees, and public and as shall be in all respects adequate, reliable, and efficient without discrimination or delay. Every Electing Provider shall provide service and facilities that are in all respects environmentally safe.

(2) The Commission is authorized to conduct an investigation of any Electing Provider or part thereof. The investigation may examine the reasonableness, prudence, or efficiency of any aspect of the Electing Provider's operations or functions that may affect the adequacy, safety, efficiency, or reliability of telecommunications service. The Commission may conduct or order an investigation only when it has reasonable grounds to believe that the investigation is necessary to assure that the Electing Provider is providing adequate, efficient, reliable, and safe service. The Commission shall, before initiating any such investigation, issue an order describing the grounds for the investigation and the appropriate scope and nature of the investigation, which shall be reasonably related to the grounds relied upon by the Commission in its order.

Sec. 13-515. Enforcement.

(a) The following expedited procedures shall be used to enforce the provisions of Section 13-514 of this Act, provided that, for a violation of paragraph (8) of Section 13-514 to qualify for the expedited procedures of this Section, the violation must be in a manner that unreasonably delays, increases the cost, or impedes the availability of telecommunications services to consumers. However, the Commission, the complainant, and the respondent may mutually agree to adjust the procedures established in this Section.

(b) (Blank).

(c) No complaint may be filed under this Section until the complainant has first notified the respondent of the alleged violation and

New matter indicated by italics - deletions by strikeout
offered the respondent 48 hours to correct the situation. Provision of notice and the opportunity to correct the situation creates a rebuttable presumption of knowledge under Section 13-514. After the filing of a complaint under this Section, the parties may agree to follow the mediation process under Section 10-101.1 of this Act. The time periods specified in subdivision (d)(7) of this Section shall be tolled during the time spent in mediation under Section 10-101.1.

(d) A telecommunications carrier may file a complaint with the Commission alleging a violation of Section 13-514 in accordance with this subsection:

(1) The complaint shall be filed with the Chief Clerk of the Commission and shall be served in hand upon the respondent, the executive director, and the general counsel of the Commission at the time of the filing.

(2) A complaint filed under this subsection shall include a statement that the requirements of subsection (c) have been fulfilled and that the respondent did not correct the situation as requested.

(3) Reasonable discovery specific to the issue of the complaint may commence upon filing of the complaint. Requests for discovery must be served in hand and responses to discovery must be provided in hand to the requester within 14 days after a request for discovery is made.

(4) An answer and any other responsive pleading to the complaint shall be filed with the Commission and served in hand at the same time upon the complainant, the executive director, and the general counsel of the Commission within 7 days after the date on which the complaint is filed.

(5) If the answer or responsive pleading raises the issue that the complaint violates subsection (i) of this Section, the complainant may file a reply to such allegation within 3 days after actual service of such answer or responsive pleading. Within 4 days after the time for filing a reply has expired, the hearing officer or arbitrator shall either issue a written decision dismissing the complaint as frivolous in violation of subsection (i) of this Section including the reasons for such disposition or shall issue an order directing that the complaint shall proceed.
(6) A pre-hearing conference shall be held within 14 days after the date on which the complaint is filed.

(7) The hearing shall commence within 30 days of the date on which the complaint is filed. The hearing may be conducted by an administrative law judge, a hearing examiner, or by an arbitrator. Parties and the Commission staff shall be entitled to present evidence and legal argument in oral or written form as deemed appropriate by the administrative law judge, hearing examiner, or arbitrator. The administrative law judge, hearing examiner, or arbitrator shall issue a written decision within 60 days after the date on which the complaint is filed. The decision shall include reasons for the disposition of the complaint and, if a violation of Section 13-514 is found, directions and a deadline for correction of the violation.

(8) Any party may file a petition requesting the Commission to review the decision of the administrative law judge, hearing examiner, or arbitrator within 5 days of such decision. Any party may file a response to a petition for review within 3 business days after actual service of the petition. After the time for filing of the petition for review, but no later than 15 days after the decision of the administrative law judge, hearing examiner, or arbitrator, the Commission shall decide to adopt the decision of the administrative law judge, hearing examiner, or arbitrator or shall issue its own final order.

(e) If the alleged violation has a substantial adverse effect on the ability of the complainant to provide service to customers, the complainant may include in its complaint a request for an order for emergency relief. The Commission, acting through its designated administrative law judge, hearing examiner, or arbitrator, shall act upon such a request within 2 business days of the filing of the complaint. An order for emergency relief may be granted, without an evidentiary hearing, upon a verified factual showing that the party seeking relief will likely succeed on the merits, that the party will suffer irreparable harm in its ability to serve customers if emergency relief is not granted, and that the order is in the public interest. An order for emergency relief shall include a finding that the requirements of this subsection have been fulfilled and shall specify the directives that must be fulfilled by the respondent and deadlines for meeting those directives. The decision of the administrative law judge, hearing examiner, or arbitrator shall include a finding that the requirements of this subsection have been fulfilled and shall specify the directives that must be fulfilled by the respondent and deadlines for meeting those directives.
or arbitrator to grant or deny emergency relief shall be considered an order of the Commission unless the Commission enters its own order within 2 calendar days of the decision of the administrative law judge hearing examiner or arbitrator. The order for emergency relief may require the responding party to act or refrain from acting so as to protect the provision of competitive service offerings to customers. Any action required by an emergency relief order must be technically feasible and economically reasonable and the respondent must be given a reasonable period of time to comply with the order.

(f) The Commission is authorized to obtain outside resources including, but not limited to, arbitrators and consultants for the purposes of the hearings authorized by this Section. Any arbitrator or consultant obtained by the Commission shall be approved by both parties to the hearing. The cost of such outside resources including, but not limited to, arbitrators and consultants shall be borne by the parties. The Commission shall review the bill for reasonableness and assess the parties for reasonable costs dividing the costs according to the resolution of the complaint brought under this Section. Such costs shall be paid by the parties directly to the arbitrators, consultants, and other providers of outside resources within 60 days after receiving notice of the assessments from the Commission. Interest at the statutory rate shall accrue after expiration of the 60-day period. The Commission, arbitrators, consultants, or other providers of outside resources may apply to a court of competent jurisdiction for an order requiring payment.

(g) The Commission shall assess the parties under this subsection for all of the Commission’s costs of investigation and conduct of the proceedings brought under this Section including, but not limited to, the prorated salaries of staff, attorneys, administrative law judges hearing examiners, and support personnel and including any travel and per diem, directly attributable to the complaint brought pursuant to this Section, but excluding those costs provided for in subsection (f), dividing the costs according to the resolution of the complaint brought under this Section. All assessments made under this subsection shall be paid into the Public Utility Fund within 60 days after receiving notice of the assessments from the Commission. Interest at the statutory rate shall accrue after the expiration of the 60-day period. The Commission is authorized to apply to a court of competent jurisdiction for an order requiring payment.

(h) If the Commission determines that there is an imminent threat to competition or to the public interest, the Commission may, notwithstanding any other provision of this Act, seek temporary, preliminary, or permanent injunctive relief from a court of competent jurisdiction either prior to or after the hearing.

(i) A party shall not bring or defend a proceeding brought under this Section or assert or controvert an issue in a proceeding brought under this Section, unless there is a non-frivolous basis for doing so. By presenting a pleading, written motion, or other paper in complaint or defense of the actions or inaction of a party under this Section, a party is certifying to the Commission that to the best of that party's knowledge, information, and belief, formed after a reasonable inquiry of the subject matter of the complaint or defense, that the complaint or defense is well grounded in law and fact, and under the circumstances:

(1) it is not being presented to harass the other party, cause unnecessary delay in the provision of competitive telecommunications services to consumers, or create needless increases in the cost of litigation; and

(2) the allegations and other factual contentions have evidentiary support or, if specifically so identified, are likely to have evidentiary support after reasonable opportunity for further investigation or discovery as defined herein.

(j) If, after notice and a reasonable opportunity to respond, the Commission determines that subsection (i) has been violated, the Commission shall impose appropriate sanctions upon the party or parties that have violated subsection (i) or are responsible for the violation. The sanctions shall be not more than $30,000, plus the amount of expenses accrued by the Commission for conducting the hearing. Payment of sanctions imposed under this subsection shall be made to the Common School Fund within 30 days of imposition of such sanctions.

(k) An appeal of a Commission Order made pursuant to this Section shall not effectuate a stay of the Order unless a court of competent jurisdiction specifically finds that the party seeking the stay will likely succeed on the merits, that the party will suffer irreparable harm without the stay, and that the stay is in the public interest.

Sec. 16-108.5. Infrastructure investment and modernization; regulatory reform.

(a) (Blank).

(b) For purposes of this Section, "participating utility" means an electric utility or a combination utility serving more than 1,000,000 customers in Illinois that voluntarily elects and commits to undertake (i) the infrastructure investment program consisting of the commitments and obligations described in this subsection (b) and (ii) the customer assistance program consisting of the commitments and obligations described in subsection (b-10) of this Section, notwithstanding any other provisions of this Act and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required. "Combination utility" means a utility that, as of January 1, 2011, provided electric service to at least one million retail customers in Illinois and gas service to at least 500,000 retail customers in Illinois. A participating utility shall recover the expenditures made under the infrastructure investment program through the ratemaking process, including, but not limited to, the performance-based formula rate and process set forth in this Section.

During the infrastructure investment program's peak program year, a participating utility other than a combination utility shall create 2,000 full-time equivalent jobs in Illinois, and a participating utility that is a combination utility shall create 450 full-time equivalent jobs in Illinois related to the provision of electric service. These jobs shall include direct jobs, contractor positions, and induced jobs, but shall not include any portion of a job commitment, not specifically contingent on an amendatory Act of the 97th General Assembly becoming law, between a participating utility and a labor union that existed on December 30, 2011 (the effective date of Public Act 97-646) and that has not yet been fulfilled. A portion of the full-time equivalent jobs created by each participating utility shall include incremental personnel hired subsequent to December 30, 2011 (the effective date of Public Act 97-646). For purposes of this Section, "peak program year" means the consecutive 12-month period with the highest number of full-time equivalent jobs that occurs between the beginning of investment year 2 and the end of investment year 4.

A participating utility shall meet one of the following commitments, as applicable:

(1) Beginning no later than 180 days after a participating utility other than a combination utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or, beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of October 26, 2011 (the effective date of Public Act 97-616), the participating utility shall, except as provided in subsection (b-5):

(A) over a 5-year period, invest an estimated $1,300,000,000 in electric system upgrades, modernization projects, and training facilities, including, but not limited to:

(i) distribution infrastructure improvements totaling an estimated $1,000,000,000, including underground residential distribution cable injection and replacement and mainline cable system refurbishment and replacement projects;

(ii) training facility construction or upgrade projects totaling an estimated $10,000,000, provided that, at a minimum, one such facility shall be located in a municipality having a population of more than 2 million residents and one such facility shall be located in a municipality having a population of more than 150,000 residents but fewer than 170,000 residents; any such new facility located in a municipality having a population of more than 2 million residents must be designed for the purpose of obtaining, and the owner of the facility shall apply for, certification under the United States Green Building Council's Leadership in Energy Efficiency Design Green Building Rating System;

(iii) wood pole inspection, treatment, and replacement programs;

(iv) an estimated $200,000,000 for reducing the susceptibility of certain circuits to storm-related damage, including, but not limited to, high winds, thunderstorms, and ice storms; improvements may include, but are not limited to, overhead to
underground conversion and other engineered outcomes for circuits; the participating utility shall prioritize the selection of circuits based on each circuit's historical susceptibility to storm-related damage and the ability to provide the greatest customer benefit upon completion of the improvements; to be eligible for improvement, the participating utility's ability to maintain proper tree clearances surrounding the overhead circuit must not have been impeded by third parties; and

(B) over a 10-year period, invest an estimated $1,300,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:

(i) additional smart meters;
(ii) distribution automation;
(iii) associated cyber secure data communication network; and
(iv) substation micro-processor relay upgrades.

(2) Beginning no later than 180 days after a participating utility that is a combination utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or, beginning no later than January 1, 2012 if such utility files such performance-based formula rate tariff within 14 days of October 26, 2011 (the effective date of Public Act 97-616), the participating utility shall, except as provided in subsection (b-5):

(A) over a 10-year period, invest an estimated $265,000,000 in electric system upgrades, modernization projects, and training facilities, including, but not limited to:

(i) distribution infrastructure improvements totaling an estimated $245,000,000, which may include bulk supply substations, transformers, reconductoring, and rebuilding overhead distribution and sub-transmission lines, underground residential distribution cable injection
and replacement and mainline cable system refurbishment and replacement projects;

(ii) training facility construction or upgrade projects totaling an estimated $1,000,000; any such new facility must be designed for the purpose of obtaining, and the owner of the facility shall apply for, certification under the United States Green Building Council's Leadership in Energy Efficiency Design Green Building Rating System; and

(iii) wood pole inspection, treatment, and replacement programs; and

(B) over a 10-year period, invest an estimated $360,000,000 to upgrade and modernize its transmission and distribution infrastructure and in Smart Grid electric system upgrades, including, but not limited to:

(i) additional smart meters;
(ii) distribution automation;
(iii) associated cyber secure data communication network; and
(iv) substation micro-processor relay upgrades.

For purposes of this Section, "Smart Grid electric system upgrades" shall have the meaning set forth in subsection (a) of Section 16-108.6 of this Act.

The investments in the infrastructure investment program described in this subsection (b) shall be incremental to the participating utility's annual capital investment program, as defined by, for purposes of this subsection (b), the participating utility's average capital spend for calendar years 2008, 2009, and 2010 as reported in the applicable Federal Energy Regulatory Commission (FERC) Form 1; provided that where one or more utilities have merged, the average capital spend shall be determined using the aggregate of the merged utilities' capital spend reported in FERC Form 1 for the years 2008, 2009, and 2010. A participating utility may add reasonable construction ramp-up and ramp-down time to the investment periods specified in this subsection (b). For each such investment period, the ramp-up and ramp-down time shall not exceed a total of 6 months.
Within 60 days after filing a tariff under subsection (c) of this Section, a participating utility shall submit to the Commission its plan, including scope, schedule, and staffing, for satisfying its infrastructure investment program commitments pursuant to this subsection (b). The submitted plan shall include a schedule and staffing plan for the next calendar year. The plan shall also include a plan for the creation, operation, and administration of a Smart Grid test bed as described in subsection (c) of Section 16-108.8. The plan need not allocate the work equally over the respective periods, but should allocate material increments throughout such periods commensurate with the work to be undertaken. No later than April 1 of each subsequent year, the utility shall submit to the Commission a report that includes any updates to the plan, a schedule for the next calendar year, the expenditures made for the prior calendar year and cumulatively, and the number of full-time equivalent jobs created for the prior calendar year and cumulatively. If the utility is materially deficient in satisfying a schedule or staffing plan, then the report must also include a corrective action plan to address the deficiency. The fact that the plan, implementation of the plan, or a schedule changes shall not imply the imprudence or unreasonableness of the infrastructure investment program, plan, or schedule. Further, no later than 45 days following the last day of the first, second, and third quarters of each year of the plan, a participating utility shall submit to the Commission a verified quarterly report for the prior quarter that includes (i) the total number of full-time equivalent jobs created during the prior quarter, (ii) the total number of employees as of the last day of the prior quarter, (iii) the total number of full-time equivalent hours in each job classification or job title, (iv) the total number of incremental employees and contractors in support of the investments undertaken pursuant to this subsection (b) for the prior quarter, and (v) any other information that the Commission may require by rule.

With respect to the participating utility's peak job commitment, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after notice and hearing, that a participating utility did not satisfy its peak job commitment described in this subsection (b) for reasons that are reasonably within its control, then the Commission shall also determine, after consideration of the evidence, including, but not limited to, evidence submitted by the Department of Commerce and Economic Opportunity and the utility, the
deficiency in the number of full-time equivalent jobs during the peak program year due to such failure. The Commission shall notify the Department of any proceeding that is initiated pursuant to this paragraph. For each full-time equivalent job deficiency during the peak program year that the Commission finds as set forth in this paragraph, the participating utility shall, within 30 days after the entry of the Commission's order, pay $6,000 to a fund for training grants administered under Section 605-800 of the Department of Commerce and Economic Opportunity Law, which shall not be a recoverable expense.

With respect to the participating utility's investment amount commitments, if, after considering the utility's corrective action plan and compliance thereunder, the Commission enters an order finding, after notice and hearing, that a participating utility is not satisfying its investment amount commitments described in this subsection (b), then the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b) shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order.

In meeting the obligations of this subsection (b), to the extent feasible and consistent with State and federal law, the investments under the infrastructure investment program should provide employment opportunities for all segments of the population and workforce, including minority-owned and female-owned business enterprises, and shall not, consistent with State and federal law, discriminate based on race or socioeconomic status.

(b-5) Nothing in this Section shall prohibit the Commission from investigating the prudence and reasonableness of the expenditures made under the infrastructure investment program during the annual review required by subsection (d) of this Section and shall, as part of such investigation, determine whether the utility's actual costs under the

New matter indicated by italics - deletions by strikeout
program are prudent and reasonable. The fact that a participating utility invests more than the minimum amounts specified in subsection (b) of this Section or its plan shall not imply imprudence or unreasonableness.

If the participating utility finds that it is implementing its plan for satisfying the infrastructure investment program commitments described in subsection (b) of this Section at a cost below the estimated amounts specified in subsection (b) of this Section, then the utility may file a petition with the Commission requesting that it be permitted to satisfy its commitments by spending less than the estimated amounts specified in subsection (b) of this Section. The Commission shall, after notice and hearing, enter its order approving, or approving as modified, or denying each such petition within 150 days after the filing of the petition.

In no event, absent General Assembly approval, shall the capital investment costs incurred by a participating utility other than a combination utility in satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed $3,000,000,000 or, for a participating utility that is a combination utility, $720,000,000. If the participating utility's updated cost estimates for satisfying its infrastructure investment program commitments described in subsection (b) of this Section exceed the limitation imposed by this subsection (b-5), then it shall submit a report to the Commission that identifies the increased costs and explains the reason or reasons for the increased costs no later than the year in which the utility estimates it will exceed the limitation. The Commission shall review the report and shall, within 90 days after the participating utility files the report, report to the General Assembly its findings regarding the participating utility's report. If the General Assembly does not amend the limitation imposed by this subsection (b-5), then the utility may modify its plan so as not to exceed the limitation imposed by this subsection (b-5) and may propose corresponding changes to the metrics established pursuant to subparagraphs (5) through (8) of subsection (f) of this Section, and the Commission may modify the metrics and incremental savings goals established pursuant to subsection (f) of this Section accordingly.

(b-10) All participating utilities shall make contributions for an energy low-income and support program in accordance with this subsection. Beginning no later than 180 days after a participating utility files a performance-based formula rate tariff pursuant to subsection (c) of this Section, or beginning no later than January 1, 2012 if such utility files
such performance-based formula rate tariff within 14 days of December 30, 2011 (the effective date of Public Act 97-646), and without obtaining any approvals from the Commission or any other agency other than as set forth in this Section, regardless of whether any such approval would otherwise be required, a participating utility other than a combination utility shall pay $10,000,000 per year for 5 years and a participating utility that is a combination utility shall pay $1,000,000 per year for 10 years to the energy low-income and support program, which is intended to fund customer assistance programs with the primary purpose being avoidance of imminent disconnection. Such programs may include:

(1) a residential hardship program that may partner with community-based organizations, including senior citizen organizations, and provides grants to low-income residential customers, including low-income senior citizens, who demonstrate a hardship;

(2) a program that provides grants and other bill payment concessions to veterans with disabilities who demonstrate a hardship and members of the armed services or reserve forces of the United States or members of the Illinois National Guard who are on active duty pursuant to an executive order of the President of the United States, an act of the Congress of the United States, or an order of the Governor and who demonstrate a hardship;

(3) a budget assistance program that provides tools and education to low-income senior citizens to assist them with obtaining information regarding energy usage and effective means of managing energy costs;

(4) a non-residential special hardship program that provides grants to non-residential customers such as small businesses and non-profit organizations that demonstrate a hardship, including those providing services to senior citizen and low-income customers; and

(5) a performance-based assistance program that provides grants to encourage residential customers to make on-time payments by matching a portion of the customer's payments or providing credits towards arrearages.

The payments made by a participating utility pursuant to this subsection (b-10) shall not be a recoverable expense. A participating utility

may elect to fund either new or existing customer assistance programs, including, but not limited to, those that are administered by the utility.

Programs that use funds that are provided by a participating utility to reduce utility bills may be implemented through tariffs that are filed with and reviewed by the Commission. If a utility elects to file tariffs with the Commission to implement all or a portion of the programs, those tariffs shall, regardless of the date actually filed, be deemed accepted and approved, and shall become effective on December 30, 2011 (the effective date of Public Act 97-646). The participating utilities whose customers benefit from the funds that are disbursed as contemplated in this Section shall file annual reports documenting the disbursement of those funds with the Commission. The Commission has the authority to audit disbursement of the funds to ensure they were disbursed consistently with this Section.

If the Commission finds that a participating utility is no longer eligible to update the performance-based formula rate tariff pursuant to subsection (d) of this Section, or the performance-based formula rate is otherwise terminated, then the participating utility's voluntary commitments and obligations under this subsection (b-10) shall immediately terminate.

(c) A participating utility may elect to recover its delivery services costs through a performance-based formula rate approved by the Commission, which shall specify the cost components that form the basis of the rate charged to customers with sufficient specificity to operate in a standardized manner and be updated annually with transparent information that reflects the utility's actual costs to be recovered during the applicable rate year, which is the period beginning with the first billing day of January and extending through the last billing day of the following December. In the event the utility recovers a portion of its costs through automatic adjustment clause tariffs on October 26, 2011 (the effective date of Public Act 97-616), the utility may elect to continue to recover these costs through such tariffs, but then these costs shall not be recovered through the performance-based formula rate. In the event the participating utility, prior to December 30, 2011 (the effective date of Public Act 97-646), filed electric delivery services tariffs with the Commission pursuant to Section 9-201 of this Act that are related to the recovery of its electric delivery services costs that are still pending on December 30, 2011 (the effective date of Public Act 97-646), the participating utility shall, at the time it files its performance-based formula rate tariff with the

New matter indicated by italics - deletions by strikeout
Commission, also file a notice of withdrawal with the Commission to withdraw the electric delivery services tariffs previously filed pursuant to Section 9-201 of this Act. Upon receipt of such notice, the Commission shall dismiss with prejudice any docket that had been initiated to investigate the electric delivery services tariffs filed pursuant to Section 9-201 of this Act, and such tariffs and the record related thereto shall not be the subject of any further hearing, investigation, or proceeding of any kind related to rates for electric delivery services.

The performance-based formula rate shall be implemented through a tariff filed with the Commission consistent with the provisions of this subsection (c) that shall be applicable to all delivery services customers. The Commission shall initiate and conduct an investigation of the tariff in a manner consistent with the provisions of this subsection (c) and the provisions of Article IX of this Act to the extent they do not conflict with this subsection (c). Except in the case where the Commission finds, after notice and hearing, that a participating utility is not satisfying its investment amount commitments under subsection (b) of this Section, the performance-based formula rate shall remain in effect at the discretion of the utility. The performance-based formula rate approved by the Commission shall do the following:

1. Provide for the recovery of the utility's actual costs of delivery services that are prudently incurred and reasonable in amount consistent with Commission practice and law. The sole fact that a cost differs from that incurred in a prior calendar year or that an investment is different from that made in a prior calendar year shall not imply the imprudence or unreasonableness of that cost or investment.

2. Reflect the utility's actual year-end capital structure for the applicable calendar year, excluding goodwill, subject to a determination of prudence and reasonableness consistent with Commission practice and law. To enable the financing of the incremental capital expenditures, including regulatory assets, for electric utilities that serve less than 3,000,000 retail customers but more than 500,000 retail customers in the State, a participating electric utility's actual year-end capital structure that includes a common equity ratio, excluding goodwill, of up to and including 50% of the total capital structure shall be deemed reasonable and used to set rates.

(3) Include a cost of equity, which shall be calculated as the sum of the following:

   (A) the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication; and
   (B) 580 basis points.

At such time as the Board of Governors of the Federal Reserve System ceases to include the monthly average yields of 30-year U.S. Treasury bonds in its weekly H.15 Statistical Release or successor publication, the monthly average yields of the U.S. Treasury bonds then having the longest duration published by the Board of Governors in its weekly H.15 Statistical Release or successor publication shall instead be used for purposes of this paragraph (3).

(4) Permit and set forth protocols, subject to a determination of prudence and reasonableness consistent with Commission practice and law, for the following:

   (A) recovery of incentive compensation expense that is based on the achievement of operational metrics, including metrics related to budget controls, outage duration and frequency, safety, customer service, efficiency and productivity, and environmental compliance. Incentive compensation expense that is based on net income or an affiliate's earnings per share shall not be recoverable under the performance-based formula rate;
   (B) recovery of pension and other post-employment benefits expense, provided that such costs are supported by an actuarial study;
   (C) recovery of severance costs, provided that if the amount is over $3,700,000 for a participating utility that is a combination utility or $10,000,000 for a participating utility that serves more than 3 million retail customers, then the full amount shall be amortized consistent with subparagraph (F) of this paragraph (4);
   (D) investment return at a rate equal to the utility's weighted average cost of long-term debt, on the pension

assets as, and in the amount, reported in Account 186 (or in such other Account or Accounts as such asset may subsequently be recorded) of the utility's most recently filed FERC Form 1, net of deferred tax benefits;

(E) recovery of the expenses related to the Commission proceeding under this subsection (c) to approve this performance-based formula rate and initial rates or to subsequent proceedings related to the formula, provided that the recovery shall be amortized over a 3-year period; recovery of expenses related to the annual Commission proceedings under subsection (d) of this Section to review the inputs to the performance-based formula rate shall be expensed and recovered through the performance-based formula rate;

(F) amortization over a 5-year period of the full amount of each charge or credit that exceeds $3,700,000 for a participating utility that is a combination utility or $10,000,000 for a participating utility that serves more than 3 million retail customers in the applicable calendar year and that relates to a workforce reduction program's severance costs, changes in accounting rules, changes in law, compliance with any Commission-initiated audit, or a single storm or other similar expense, provided that any unamortized balance shall be reflected in rate base. For purposes of this subparagraph (F), changes in law includes any enactment, repeal, or amendment in a law, ordinance, rule, regulation, interpretation, permit, license, consent, or order, including those relating to taxes, accounting, or to environmental matters, or in the interpretation or application thereof by any governmental authority occurring after October 26, 2011 (the effective date of Public Act 97-616);

(G) recovery of existing regulatory assets over the periods previously authorized by the Commission;

(H) historical weather normalized billing determinants; and

(I) allocation methods for common costs.

New matter indicated by italics - deletions by strikeout
(5) Provide that if the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a credit through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points higher than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes. If the participating utility's earned rate of return on common equity related to the provision of delivery services for the prior rate year (calculated using costs and capital structure approved by the Commission as provided in subparagraph (2) of this subsection (c), consistent with this Section, in accordance with Commission rules and orders, including, but not limited to, adjustments for goodwill, and after any Commission-ordered disallowances and taxes) is more than 50 basis points less than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section), then the participating utility shall apply a charge through the performance-based formula rate that reflects an amount equal to the value of that portion of the earned rate of return on common equity that is more than 50 basis points less than the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of return on common equity calculated pursuant to paragraph (3) of this subsection (c) (after adjusting for any penalties to the rate of

return on common equity applied pursuant to the performance metrics provision of subsection (f) of this Section) for the prior rate year, adjusted for taxes.

(6) Provide for an annual reconciliation, as described in subsection (d) of this Section, with interest, of the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement would have been had the actual cost information for the applicable calendar year been available at the filing date.

The utility shall file, together with its tariff, final data based on its most recently filed FERC Form 1, plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the tariff and data are filed, that shall populate the performance-based formula rate and set the initial delivery services rates under the formula. For purposes of this Section, "FERC Form 1" means the Annual Report of Major Electric Utilities, Licensees and Others that electric utilities are required to file with the Federal Energy Regulatory Commission under the Federal Power Act, Sections 3, 4(a), 304 and 209, modified as necessary to be consistent with 83 Ill. Admin. Code Part 415 as of May 1, 2011. Nothing in this Section is intended to allow costs that are not otherwise recoverable to be recoverable by virtue of inclusion in FERC Form 1.

After the utility files its proposed performance-based formula rate structure and protocols and initial rates, the Commission shall initiate a docket to review the filing. The Commission shall enter an order approving, or approving as modified, the performance-based formula rate, including the initial rates, as just and reasonable within 270 days after the date on which the tariff was filed, or, if the tariff is filed within 14 days after October 26, 2011 (the effective date of Public Act 97-616), then by May 31, 2012. Such review shall be based on the same evidentiary standards, including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, the Commission applies in a hearing to review a filing for a general increase in rates under Article IX of this Act. The initial rates shall take effect within 30 days after the Commission's order approving the performance-based formula rate tariff.
Until such time as the Commission approves a different rate design and cost allocation pursuant to subsection (e) of this Section, rate design and cost allocation across customer classes shall be consistent with the Commission's most recent order regarding the participating utility's request for a general increase in its delivery services rates.

Subsequent changes to the performance-based formula rate structure or protocols shall be made as set forth in Section 9-201 of this Act, but nothing in this subsection (c) is intended to limit the Commission's authority under Article IX and other provisions of this Act to initiate an investigation of a participating utility's performance-based formula rate tariff, provided that any such changes shall be consistent with paragraphs (1) through (6) of this subsection (c). Any change ordered by the Commission shall be made at the same time new rates take effect following the Commission's next order pursuant to subsection (d) of this Section, provided that the new rates take effect no less than 30 days after the date on which the Commission issues an order adopting the change.

A participating utility that files a tariff pursuant to this subsection (c) must submit a one-time $200,000 filing fee at the time the Chief Clerk of the Commission accepts the filing, which shall be a recoverable expense.

In the event the performance-based formula rate is terminated, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive rate adjustment, with interest, to reconcile rates charged with actual costs. At such time that the performance-based formula rate is terminated, the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training grants pursuant to a Commission order issued under subsection (b) of this Section.

(d) Subsequent to the Commission's issuance of an order approving the utility's performance-based formula rate structure and protocols, and initial rates under subsection (c) of this Section, the utility shall file, on or before May 1 of each year, with the Chief Clerk of the Commission its updated cost inputs to the performance-based formula rate for the applicable rate year and the corresponding new charges. Each such filing shall conform to the following requirements and include the following information:

New matter indicated by italics - deletions by strikeout
(1) The inputs to the performance-based formula rate for the applicable rate year shall be based on final historical data reflected in the utility's most recently filed annual FERC Form 1 plus projected plant additions and correspondingly updated depreciation reserve and expense for the calendar year in which the inputs are filed. The filing shall also include a reconciliation of the revenue requirement that was in effect for the prior rate year (as set by the cost inputs for the prior rate year) with the actual revenue requirement for the prior rate year (determined using a year-end rate base) that uses amounts reflected in the applicable FERC Form 1 that reports the actual costs for the prior rate year. Any over-collection or under-collection indicated by such reconciliation shall be reflected as a credit against, or recovered as an additional charge to, respectively, with interest calculated at a rate equal to the utility's weighted average cost of capital approved by the Commission for the prior rate year, the charges for the applicable rate year. Provided, however, that the first such reconciliation shall be for the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section and shall reconcile (i) the revenue requirement or requirements established by the rate order or orders in effect from time to time during such calendar year (weighted, as applicable) with (ii) the revenue requirement determined using a year-end rate base for that calendar year calculated pursuant to the performance-based formula rate using (A) actual costs for that year as reflected in the applicable FERC Form 1, and (B) for the first such reconciliation only, the cost of equity, which shall be calculated as the sum of 590 basis points plus the average for the applicable calendar year of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The first such reconciliation is not intended to provide for the recovery of costs previously excluded from rates based on a prior Commission order finding of imprudence or unreasonableness. Each reconciliation shall be certified by the participating utility in the same manner that FERC Form 1 is certified. The filing shall also include the charge or credit, if any, resulting from the calculation required by paragraph (6) of subsection (c) of this Section.

New matter indicated by italics - deletions by strikeout
Notwithstanding anything that may be to the contrary, the intent of the reconciliation is to ultimately reconcile the revenue requirement reflected in rates for each calendar year, beginning with the calendar year in which the utility files its performance-based formula rate tariff pursuant to subsection (c) of this Section, with what the revenue requirement determined using a year-end rate base for the applicable calendar year would have been had the actual cost information for the applicable calendar year been available at the filing date.

(2) The new charges shall take effect beginning on the first billing day of the following January billing period and remain in effect through the last billing day of the next December billing period regardless of whether the Commission enters upon a hearing pursuant to this subsection (d).

(3) The filing shall include relevant and necessary data and documentation for the applicable rate year that is consistent with the Commission's rules applicable to a filing for a general increase in rates or any rules adopted by the Commission to implement this Section. Normalization adjustments shall not be required. Notwithstanding any other provision of this Section or Act or any rule or other requirement adopted by the Commission, a participating utility that is a combination utility with more than one rate zone shall not be required to file a separate set of such data and documentation for each rate zone and may combine such data and documentation into a single set of schedules.

Within 45 days after the utility files its annual update of cost inputs to the performance-based formula rate, the Commission shall have the authority, either upon complaint or its own initiative, but with reasonable notice, to enter upon a hearing concerning the prudence and reasonableness of the costs incurred by the utility to be recovered during the applicable rate year that are reflected in the inputs to the performance-based formula rate derived from the utility's FERC Form 1. During the course of the hearing, each objection shall be stated with particularity and evidence provided in support thereof, after which the utility shall have the opportunity to rebut the evidence. Discovery shall be allowed consistent with the Commission's Rules of Practice, which Rules shall be enforced by the Commission or the assigned administrative law judge hearing examiner. The Commission shall apply the same evidentiary standards,
including, but not limited to, those concerning the prudence and reasonableness of the costs incurred by the utility, in the hearing as it would apply in a hearing to review a filing for a general increase in rates under Article IX of this Act. The Commission shall not, however, have the authority in a proceeding under this subsection (d) to consider or order any changes to the structure or protocols of the performance-based formula rate approved pursuant to subsection (c) of this Section. In a proceeding under this subsection (d), the Commission shall enter its order no later than the earlier of 240 days after the utility's filing of its annual update of cost inputs to the performance-based formula rate or December 31. The Commission's determinations of the prudence and reasonableness of the costs incurred for the applicable calendar year shall be final upon entry of the Commission's order and shall not be subject to reopening, reexamination, or collateral attack in any other Commission proceeding, case, docket, order, rule or regulation, provided, however, that nothing in this subsection (d) shall prohibit a party from petitioning the Commission to rehear or appeal to the courts the order pursuant to the provisions of this Act.

In the event the Commission does not, either upon complaint or its own initiative, enter upon a hearing within 45 days after the utility files the annual update of cost inputs to its performance-based formula rate, then the costs incurred for the applicable calendar year shall be deemed prudent and reasonable, and the filed charges shall not be subject to reopening, reexamination, or collateral attack in any other proceeding, case, docket, order, rule, or regulation.

A participating utility's first filing of the updated cost inputs, and any Commission investigation of such inputs pursuant to this subsection (d) shall proceed notwithstanding the fact that the Commission's investigation under subsection (c) of this Section is still pending and notwithstanding any other law, order, rule, or Commission practice to the contrary.

(e) Nothing in subsections (c) or (d) of this Section shall prohibit the Commission from investigating, or a participating utility from filing, revenue-neutral tariff changes related to rate design of a performance-based formula rate that has been placed into effect for the utility. Following approval of a participating utility's performance-based formula rate tariff pursuant to subsection (c) of this Section, the utility shall make a filing with the Commission within one year after the effective date of the

performance-based formula rate tariff that proposes changes to the tariff to incorporate the findings of any final rate design orders of the Commission applicable to the participating utility and entered subsequent to the Commission's approval of the tariff. The Commission shall, after notice and hearing, enter its order approving, or approving with modification, the proposed changes to the performance-based formula rate tariff within 240 days after the utility's filing. Following such approval, the utility shall make a filing with the Commission during each subsequent 3-year period that either proposes revenue-neutral tariff changes or re-files the existing tariffs without change, which shall present the Commission with an opportunity to suspend the tariffs and consider revenue-neutral tariff changes related to rate design.

(f) Within 30 days after the filing of a tariff pursuant to subsection (c) of this Section, each participating utility shall develop and file with the Commission multi-year metrics designed to achieve, ratably (i.e., in equal segments) over a 10-year period, improvement over baseline performance values as follows:

(1) Twenty percent improvement in the System Average Interruption Frequency Index, using a baseline of the average of the data from 2001 through 2010.

(2) Fifteen percent improvement in the system Customer Average Interruption Duration Index, using a baseline of the average of the data from 2001 through 2010.

(3) For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Southern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3), Southern Region shall have the meaning set forth in the participating utility's most recent report filed pursuant to Section 16-125 of this Act.

(3.5) For a participating utility other than a combination utility, 20% improvement in the System Average Interruption Frequency Index for its Northeastern Region, using a baseline of the average of the data from 2001 through 2010. For purposes of this paragraph (3.5), Northeastern Region shall have the meaning set forth in the participating utility's most recent report filed pursuant to Section 16-125 of this Act.
(4) Seventy-five percent improvement in the total number of customers who exceed the service reliability targets as set forth in subparagraphs (A) through (C) of paragraph (4) of subsection (b) of 83 Ill. Admin. Code Part 411.140 as of May 1, 2011, using 2010 as the baseline year.

(5) Reduction in issuance of estimated electric bills: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average number of estimated bills for the years 2008 through 2010.

(6) Consumption on inactive meters: 90% improvement for a participating utility other than a combination utility, and 56% improvement for a participating utility that is a combination utility, using a baseline of the average unbilled kilowatthours for the years 2009 and 2010.

(7) Unaccounted for energy: 50% improvement for a participating utility other than a combination utility using a baseline of the non-technical line loss unaccounted for energy kilowatthours for the year 2009.

(8) Uncollectible expense: reduce uncollectible expense by at least $30,000,000 for a participating utility other than a combination utility and by at least $3,500,000 for a participating utility that is a combination utility, using a baseline of the average uncollectible expense for the years 2008 through 2010.

(9) Opportunities for minority-owned and female-owned business enterprises: design a performance metric regarding the creation of opportunities for minority-owned and female-owned business enterprises consistent with State and federal law using a base performance value of the percentage of the participating utility's capital expenditures that were paid to minority-owned and female-owned business enterprises in 2010.

The definitions set forth in 83 Ill. Admin. Code Part 411.20 as of May 1, 2011 shall be used for purposes of calculating performance under paragraphs (1) through (3.5) of this subsection (f), provided, however, that the participating utility may exclude up to 9 extreme weather event days from such calculation for each year, and provided further that the participating utility shall exclude 9 extreme weather event days when calculating each year of the baseline period to the extent that there are 9

New matter indicated by italics - deletions by strikeout
such days in a given year of the baseline period. For purposes of this Section, an extreme weather event day is a 24-hour calendar day (beginning at 12:00 a.m. and ending at 11:59 p.m.) during which any weather event (e.g., storm, tornado) caused interruptions for 10,000 or more of the participating utility's customers for 3 hours or more. If there are more than 9 extreme weather event days in a year, then the utility may choose no more than 9 extreme weather event days to exclude, provided that the same extreme weather event days are excluded from each of the calculations performed under paragraphs (1) through (3.5) of this subsection (f).

The metrics shall include incremental performance goals for each year of the 10-year period, which shall be designed to demonstrate that the utility is on track to achieve the performance goal in each category at the end of the 10-year period. The utility shall elect when the 10-year period shall commence for the metrics set forth in subparagraphs (1) through (4) and (9) of this subsection (f), provided that it begins no later than 14 months following the date on which the utility begins investing pursuant to subsection (b) of this Section, and when the 10-year period shall commence for the metrics set forth in subparagraphs (5) through (8) of this subsection (f), provided that it begins no later than 14 months following the date on which the Commission enters its order approving the utility's Advanced Metering Infrastructure Deployment Plan pursuant to subsection (c) of Section 16-108.6 of this Act.

The metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) are based on the assumptions that the participating utility may fully implement the technology described in subsection (b) of this Section, including utilizing the full functionality of such technology and that there is no requirement for personal on-site notification. If the utility is unable to meet the metrics and performance goals set forth in subparagraphs (5) through (8) of this subsection (f) for such reasons, and the Commission so finds after notice and hearing, then the utility shall be excused from compliance, but only to the limited extent achievement of the affected metrics and performance goals was hindered by the less than full implementation.

(f-5) The financial penalties applicable to the metrics described in subparagraphs (1) through (8) of subsection (f) of this Section, as applicable, shall be applied through an adjustment to the participating utility's return on equity of no more than a total of 30 basis points in each

New matter indicated by italics - deletions by strikeout
of the first 3 years, of no more than a total of 34 basis points in each of the 3 years thereafter, and of no more than a total of 38 basis points in each of the 4 years thereafter, as follows:

(1) With respect to each of the incremental annual performance goals established pursuant to paragraph (1) of subsection (f) of this Section,

(A) for each year that a participating utility other than a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points; and

(B) for each year that a participating utility that is a combination utility does not achieve the annual goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 10 basis points; during years 4 through 6, by 12 basis points; and during years 7 through 10, by 14 basis points.

(2) With respect to each of the incremental annual performance goals established pursuant to paragraph (2) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(3) With respect to each of the incremental annual performance goals established pursuant to paragraphs (3) and (3.5) of subsection (f) of this Section, for each year that a participating utility other than a combination utility does not achieve both such goals, the participating utility's return on equity shall be reduced as follows: during years 1 through 3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(4) With respect to each of the incremental annual performance goals established pursuant to paragraph (4) of subsection (f) of this Section, for each year that the participating utility does not achieve each such goal, the participating utility's return on equity shall be reduced as follows: during years 1 through

New matter indicated by italics - deletions by strikeout
3, by 5 basis points; during years 4 through 6, by 6 basis points; and during years 7 through 10, by 7 basis points.

(5) With respect to each of the incremental annual performance goals established pursuant to subparagraph (5) of subsection (f) of this Section, for each year that the participating utility does not achieve at least 95% of each such goal, the participating utility's return on equity shall be reduced by 5 basis points for each such unachieved goal.

(6) With respect to each of the incremental annual performance goals established pursuant to paragraphs (6), (7), and (8) of subsection (f) of this Section, as applicable, which together measure non-operational customer savings and benefits relating to the implementation of the Advanced Metering Infrastructure Deployment Plan, as defined in Section 16-108.6 of this Act, the performance under each such goal shall be calculated in terms of the percentage of the goal achieved. The percentage of goal achieved for each of the goals shall be aggregated, and an average percentage value calculated, for each year of the 10-year period. If the utility does not achieve an average percentage value in a given year of at least 95%, the participating utility's return on equity shall be reduced by 5 basis points.

The financial penalties shall be applied as described in this subsection (f-5) for the 12-month period in which the deficiency occurred through a separate tariff mechanism, which shall be filed by the utility together with its metrics. In the event the formula rate tariff established pursuant to subsection (c) of this Section terminates, the utility's obligations under subsection (f) of this Section and this subsection (f-5) shall also terminate, provided, however, that the tariff mechanism established pursuant to subsection (f) of this Section and this subsection (f-5) shall remain in effect until any penalties due and owing at the time of such termination are applied.

The Commission shall, after notice and hearing, enter an order within 120 days after the metrics are filed approving, or approving with modification, a participating utility's tariff or mechanism to satisfy the metrics set forth in subsection (f) of this Section. On June 1 of each subsequent year, each participating utility shall file a report with the Commission that includes, among other things, a description of how the participating utility performed under each metric and an identification of

New matter indicated by italics - deletions by strikeout
any extraordinary events that adversely impacted the utility's performance. Whenever a participating utility does not satisfy the metrics required pursuant to subsection (f) of this Section, the Commission shall, after notice and hearing, enter an order approving financial penalties in accordance with this subsection (f-5). The Commission-approved financial penalties shall be applied beginning with the next rate year. Nothing in this Section shall authorize the Commission to reduce or otherwise obviate the imposition of financial penalties for failing to achieve one or more of the metrics established pursuant to subparagraph (1) through (4) of subsection (f) of this Section.

(g) On or before July 31, 2014, each participating utility shall file a report with the Commission that sets forth the average annual increase in the average amount paid per kilowatthour for residential eligible retail customers, exclusive of the effects of energy efficiency programs, comparing the 12-month period ending May 31, 2012; the 12-month period ending May 31, 2013; and the 12-month period ending May 31, 2014. For a participating utility that is a combination utility with more than one rate zone, the weighted average aggregate increase shall be provided. The report shall be filed together with a statement from an independent auditor attesting to the accuracy of the report. The cost of the independent auditor shall be borne by the participating utility and shall not be a recoverable expense. "The average amount paid per kilowatthour" shall be based on the participating utility's tariffed rates actually in effect and shall not be calculated using any hypothetical rate or adjustments to actual charges (other than as specified for energy efficiency) as an input.

In the event that the average annual increase exceeds 2.5% as calculated pursuant to this subsection (g), then Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection, shall be inoperative as they relate to the utility and its service area as of the date of the report due to be submitted pursuant to this subsection and the utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. In such event, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs, and the participating utility's voluntary commitments and obligations under subsection (b) of this Section shall immediately terminate, except for the utility's obligation to pay an amount already owed to the fund for training.

grants pursuant to a Commission order issued under subsection (b) of this Section.

In the event that the average annual increase is 2.5% or less as calculated pursuant to this subsection (g), then the performance-based formula rate shall remain in effect as set forth in this Section.

For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis, and the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes exclusive of any increases in taxes or new taxes imposed after October 26, 2011 (the effective date of Public Act 97-616). For purposes of this Section, "eligible retail customers" shall have the meaning set forth in Section 16-111.5 of this Act.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may reexamine or otherwise reopen prudence or reasonableness determinations already made.

(h) By December 31, 2017, the Commission shall prepare and file with the General Assembly a report on the infrastructure program and the performance-based formula rate. The report shall include the change in the average amount per kilowatthour paid by residential customers between June 1, 2011 and May 31, 2017. If the change in the total average rate paid exceeds 2.5% compounded annually, the Commission shall include in the report an analysis that shows the portion of the change due to the delivery services component and the portion of the change due to the supply component of the rate. The report shall include separate sections for each participating utility.

Sections 16-108.5, 16-108.6, 16-108.7, and 16-108.8 of this Act, other than this subsection (h), are inoperative after December 31, 2022 for every participating utility, after which time a participating utility shall no longer be eligible to annually update the performance-based formula rate tariff pursuant to subsection (d) of this Section. At such time, the then current rates shall remain in effect until such time as new rates are set pursuant to Article IX of this Act, subject to retroactive adjustment, with interest, to reconcile rates charged with actual costs.

The fact that this Section becomes inoperative as set forth in this subsection shall not be construed to mean that the Commission may
reexamine or otherwise reopen prudence or reasonableness determinations already made.

(i) While a participating utility may use, develop, and maintain broadband systems and the delivery of broadband services, voice-over-internet-protocol services, telecommunications services, and cable and video programming services for use in providing delivery services and Smart Grid functionality or application to its retail customers, including, but not limited to, the installation, implementation and maintenance of Smart Grid electric system upgrades as defined in Section 16-108.6 of this Act, a participating utility is prohibited from offering to its retail customers broadband services or the delivery of broadband services, voice-over-internet-protocol services, telecommunications services, or cable or video programming services, unless they are part of a service directly related to delivery services or Smart Grid functionality or applications as defined in Section 16-108.6 of this Act, and from recovering the costs of such offerings from retail customers.

(j) Nothing in this Section is intended to legislatively overturn the opinion issued in Commonwealth Edison Co. v. Ill. Commerce Comm'n, Nos. 2-08-0959, 2-08-1037, 2-08-1137, 1-08-3008, 1-08-3030, 1-08-3054, 1-08-3313 cons. (Ill. App. Ct. 2d Dist. Sept. 30, 2010). Public Act 97-616 shall not be construed as creating a contract between the General Assembly and the participating utility, and shall not establish a property right in the participating utility.

(k) The changes made in subsections (c) and (d) of this Section by Public Act 98-15 are intended to be a restatement and clarification of existing law, and intended to give binding effect to the provisions of House Resolution 1157 adopted by the House of Representatives of the 97th General Assembly and Senate Resolution 821 adopted by the Senate of the 97th General Assembly that are reflected in paragraph (3) of this subsection. In addition, Public Act 98-15 preempts and supersedes any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 to the extent inconsistent with the amendatory language added to subsections (c) and (d).

(1) No earlier than 5 business days after May 22, 2013 (the effective date of Public Act 98-15), each participating utility shall file any tariff changes necessary to implement the amendatory language set forth in subsections (c) and (d) of this Section by Public Act 98-15 and a revised revenue requirement under the
participating utility's performance-based formula rate. The Commission shall enter a final order approving such tariff changes and revised revenue requirement within 21 days after the participating utility's filing.

(2) Notwithstanding anything that may be to the contrary, a participating utility may file a tariff to retroactively recover its previously unrecovered actual costs of delivery service that are no longer subject to recovery through a reconciliation adjustment under subsection (d) of this Section. This retroactive recovery shall include any derivative adjustments resulting from the changes to subsections (c) and (d) of this Section by Public Act 98-15. Such tariff shall allow the utility to assess, on current customer bills over a period of 12 monthly billing periods, a charge or credit related to those unrecovered costs with interest at the utility's weighted average cost of capital during the period in which those costs were unrecovered. A participating utility may file a tariff that implements a retroactive charge or credit as described in this paragraph for amounts not otherwise included in the tariff filing provided for in paragraph (1) of this subsection (k). The Commission shall enter a final order approving such tariff within 21 days after the participating utility's filing.

(3) The tariff changes described in paragraphs (1) and (2) of this subsection (k) shall relate only to, and be consistent with, the following provisions of Public Act 98-15: paragraph (2) of subsection (c) regarding year-end capital structure, subparagraph (D) of paragraph (4) of subsection (c) regarding pension assets, and subsection (d) regarding the reconciliation components related to year-end rate base and interest calculated at a rate equal to the utility's weighted average cost of capital.

(4) Nothing in this subsection is intended to effect a dismissal of or otherwise affect an appeal from any final Commission orders entered in Docket Nos. 11-0721, 12-0001, 12-0293, and 12-0321 other than to the extent of the amendatory language contained in subsections (c) and (d) of this Section of Public Act 98-15.

(l) Each participating utility shall be deemed to have been in full compliance with all requirements of subsection (b) of this Section, subsection (c) of this Section, Section 16-108.6 of this Act, and all

New matter indicated by italics - deletions by strikeout
Commission orders entered pursuant to Sections 16-108.5 and 16-108.6 of this Act, up to and including May 22, 2013 (the effective date of Public Act 98-15). The Commission shall not undertake any investigation of such compliance and no penalty shall be assessed or adverse action taken against a participating utility for noncompliance with Commission orders associated with subsection (b) of this Section, subsection (c) of this Section, and Section 16-108.6 of this Act prior to such date. Each participating utility other than a combination utility shall be permitted, without penalty, a period of 12 months after such effective date to take actions required to ensure its infrastructure investment program is in compliance with subsection (b) of this Section and with Section 16-108.6 of this Act. Provided further, the following subparagraphs shall apply to a participating utility other than a combination utility:

(A) if the Commission has initiated a proceeding pursuant to subsection (e) of Section 16-108.6 of this Act that is pending as of May 22, 2013 (the effective date of Public Act 98-15), then the order entered in such proceeding shall, after notice and hearing, accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298;

(B) if the Commission has entered an order pursuant to subsection (e) of Section 16-108.6 of this Act prior to May 22, 2013 (the effective date of Public Act 98-15) that does not accelerate the commencement of the meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298, then the utility shall file with the Commission, within 45 days after such effective date, a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298; the Commission shall reopen the proceeding in which it entered its order pursuant to subsection (e) of Section 16-108.6 of this Act and shall, after notice and hearing, enter an amendatory order that approves or approves as modified such accelerated plan within 90 days after the utility's filing; or

(C) if the Commission has not initiated a proceeding pursuant to subsection (e) of Section 16-108.6 of this Act prior to May 22, 2013 (the effective date of Public Act 98-15), then the utility shall file with the Commission, within 45 days after such
effective date, a plan for accelerating the commencement of the utility's meter deployment schedule approved in the final Commission order on rehearing entered in Docket No. 12-0298 and the Commission shall, after notice and hearing, approve or approve as modified such plan within 90 days after the utility's filing.

Any schedule for meter deployment approved by the Commission pursuant to this subsection (l) shall take into consideration procurement times for meters and other equipment and operational issues. Nothing in Public Act 98-15 shall shorten or extend the end dates for the 5-year or 10-year periods set forth in subsection (b) of this Section or Section 16-108.6 of this Act. Nothing in this subsection is intended to address whether a participating utility has, or has not, satisfied any or all of the metrics and performance goals established pursuant to subsection (f) of this Section.

(m) The provisions of Public Act 98-15 are severable under Section 1.31 of the Statute on Statutes.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Animal Welfare Act is amended by changing Sections 2, 2.2, 3, and 3.1 as follows:

(225 ILCS 605/2) (from Ch. 8, par. 302)
Sec. 2. Definitions. As used in this Act unless the context otherwise requires:
"Department" means the Illinois Department of Agriculture.
"Director" means the Director of the Illinois Department of Agriculture.
"Pet shop operator" means any person who sells, offers to sell, exchange, or offers for adoption with or without charge or donation dogs, cats, birds, fish, reptiles, or other animals customarily obtained as pets in this State. (a-5) For purposes of this Section and Section 14-8.02b of this Code, days shall be computed in accordance with Section 1.11 of the Statute on Statutes.

advice and approval of the Advisory Council on Education of Children with Disabilities, promulgate rules and regulations consistent with this Section to establish the rules and procedures for due process hearings.

(c) (Blank).
(d) (Blank).
(e) (Blank).

(f) An impartial due process hearing shall be convened upon the request of a parent, student if at least 18 years of age or emancipated, or a school district. A school district shall make a request in writing to the State Board of Education and promptly mail a copy of the request to the parents or student (if at least 18 years of age or emancipated) at the parent's or student's last known address. A request made by the parent or student shall be made in writing to the superintendent of the school district where the student resides. The superintendent shall forward the request to the State Board of Education within 5 days after receipt of the request. The request shall be filed no more than 2 years following the date the person or school district knew or should have known of the event or events forming the basis for the request. The request shall, at a minimum, contain all of the following:

1. The name of the student, the address of the student's residence, and the name of the school the student is attending.
2. In the case of homeless children (as defined under the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2))), available contact information for the student and the name of the school the student is attending.
3. A description of the nature of the problem relating to the actual or proposed placement, identification, services, or evaluation of the student, including facts relating to the problem.
4. A proposed resolution of the problem to the extent known and available to the party at the time.

(f-5) Within 3 days after receipt of the hearing request, the State Board of Education shall appoint a due process hearing officer using a rotating appointment system and shall notify the hearing officer of his or her appointment.

For a school district other than a school district located in a municipality having a population exceeding 500,000, a hearing officer who is a current resident of the school district, special education cooperative, or other public entity involved in the hearing shall recuse himself or herself. A hearing officer who is a former employee of the
school district, special education cooperative, or other public entity involved in the hearing shall immediately disclose the former employment to the parties and shall recuse himself or herself, unless the parties otherwise agree in writing. A hearing officer having a personal or professional interest that may conflict with his or her objectivity in the hearing shall disclose the conflict to the parties and shall recuse himself or herself unless the parties otherwise agree in writing. For purposes of this subsection an assigned hearing officer shall be considered to have a conflict of interest if, at any time prior to the issuance of his or her written decision, he or she knows or should know that he or she may receive remuneration from a party to the hearing within 3 years following the conclusion of the due process hearing.

A party to a due process hearing shall be permitted one substitution of hearing officer as a matter of right, in accordance with procedures established by the rules adopted by the State Board of Education under this Section. The State Board of Education shall randomly select and appoint another hearing officer within 3 days after receiving notice that the appointed hearing officer is ineligible to serve or upon receiving a proper request for substitution of hearing officer. If a party withdraws its request for a due process hearing after a hearing officer has been appointed, that hearing officer shall retain jurisdiction over a subsequent hearing that involves the same parties and is requested within one year from the date of withdrawal of the previous request, unless that hearing officer is unavailable.

Any party may raise facts that constitute a conflict of interest for the hearing officer at any time before or during the hearing and may move for recusal.

(g) Impartial due process hearings shall be conducted pursuant to this Section and any rules and regulations promulgated by the State Board of Education consistent with this Section and other governing laws and regulations. The hearing shall address only those issues properly raised in the hearing request under subsection (f) of this Section or, if applicable, in the amended hearing request under subsection (g-15) of this Section. The hearing shall be closed to the public unless the parents request that the hearing be open to the public. The parents involved in the hearing shall have the right to have the student who is the subject of the hearing present. The hearing shall be held at a time and place which are reasonably convenient to the parties involved. Upon the request of a party, the hearing officer shall hold the hearing at a location neutral to the parties if the
hearing officer determines that there is no cost for securing the use of the neutral location. Once appointed, the impartial due process hearing officer shall not communicate with the State Board of Education or its employees concerning the hearing, except that, where circumstances require, communications for administrative purposes that do not deal with substantive or procedural matters or issues on the merits are authorized, provided that the hearing officer promptly notifies all parties of the substance of the communication as a matter of record.

(g-5) Unless the school district has previously provided prior written notice to the parent or student (if at least 18 years of age or emancipated) regarding the subject matter of the hearing request, the school district shall, within 10 days after receiving a hearing request initiated by a parent or student (if at least 18 years of age or emancipated), provide a written response to the request that shall include all of the following:

(1) An explanation of why the school district proposed or refused to take the action or actions described in the hearing request.
(2) A description of other options the IEP team considered and the reasons why those options were rejected.
(3) A description of each evaluation procedure, assessment, record, report, or other evidence the school district used as the basis for the proposed or refused action or actions.
(4) A description of the factors that are or were relevant to the school district's proposed or refused action or actions.

(g-10) When the hearing request has been initiated by a school district, within 10 days after receiving the request, the parent or student (if at least 18 years of age or emancipated) shall provide the school district with a response that specifically addresses the issues raised in the school district's hearing request. The parent's or student's response shall be provided in writing, unless he or she is illiterate or has a disability that prevents him or her from providing a written response. The parent's or student's response may be provided in his or her native language, if other than English. In the event that illiteracy or another disabling condition prevents the parent or student from providing a written response, the school district shall assist the parent or student in providing the written response.

(g-15) Within 15 days after receiving notice of the hearing request, the non-requesting party may challenge the sufficiency of the request by

submitting its challenge in writing to the hearing officer. Within 5 days after receiving the challenge to the sufficiency of the request, the hearing officer shall issue a determination of the challenge in writing to the parties. In the event that the hearing officer upholds the challenge, the party who requested the hearing may, with the consent of the non-requesting party or hearing officer, file an amended request. Amendments are permissible for the purpose of raising issues beyond those in the initial hearing request. In addition, the party who requested the hearing may amend the request once as a matter of right by filing the amended request within 5 days after filing the initial request. An amended request, other than an amended request as a matter of right, shall be filed by the date determined by the hearing officer, but in no event any later than 5 days prior to the date of the hearing. If an amended request, other than an amended request as a matter of right, raises issues that were not part of the initial request, the applicable timeline for a hearing, including the timeline under subsection (g-20) of this Section, shall recommence.

(g-20) Within 15 days after receiving a request for a hearing from a parent or student (if at least 18 years of age or emancipated) or, in the event that the school district requests a hearing, within 15 days after initiating the request, the school district shall convene a resolution meeting with the parent and relevant members of the IEP team who have specific knowledge of the facts contained in the request for the purpose of resolving the problem that resulted in the request. The resolution meeting shall include a representative of the school district who has decision-making authority on behalf of the school district. Unless the parent is accompanied by an attorney at the resolution meeting, the school district may not include an attorney representing the school district.

The resolution meeting may not be waived unless agreed to in writing by the school district and the parent or student (if at least 18 years of age or emancipated) or the parent or student (if at least 18 years of age or emancipated) and the school district agree in writing to utilize mediation in place of the resolution meeting. If either party fails to cooperate in the scheduling or convening of the resolution meeting, the hearing officer may order an extension of the timeline for completion of the resolution meeting or, upon the motion of a party and at least 7 days after ordering the non-cooperating party to cooperate, order the dismissal of the hearing request or the granting of all relief set forth in the request, as appropriate.

New matter indicated by italics - deletions by strikeout
In the event that the school district and the parent or student (if at least 18 years of age or emancipated) agree to a resolution of the problem that resulted in the hearing request, the terms of the resolution shall be committed to writing and signed by the parent or student (if at least 18 years of age or emancipated) and the representative of the school district with decision-making authority. The agreement shall be legally binding and shall be enforceable in any State or federal court of competent jurisdiction. In the event that the parties utilize the resolution meeting process, the process shall continue until no later than the 30th day following the receipt of the hearing request by the non-requesting party (or as properly extended by order of the hearing officer) to resolve the issues underlying the request, at which time the timeline for completion of the impartial due process hearing shall commence. The State Board of Education may, by rule, establish additional procedures for the conduct of resolution meetings.

(g-25) If mutually agreed to in writing, the parties to a hearing request may request State-sponsored mediation as a substitute for the resolution process described in subsection (g-20) of this Section or may utilize mediation at the close of the resolution process if all issues underlying the hearing request have not been resolved through the resolution process.

(g-30) If mutually agreed to in writing, the parties to a hearing request may waive the resolution process described in subsection (g-20) of this Section. Upon signing a written agreement to waive the resolution process, the parties shall be required to forward the written waiver to the hearing officer appointed to the case within 2 business days following the signing of the waiver by the parties. The timeline for the impartial due process hearing shall commence on the date of the signing of the waiver by the parties.

(g-35) The timeline for completing the impartial due process hearing, as set forth in subsection (h) of this Section, shall be initiated upon the occurrence of any one of the following events:

1. The unsuccessful completion of the resolution process as described in subsection (g-20) of this Section.
2. The mutual agreement of the parties to waive the resolution process as described in subsection (g-25) or (g-30) of this Section.

(g-40) The hearing officer shall convene a prehearing conference no later than 14 days before the scheduled date for the due process hearing.
for the general purpose of aiding in the fair, orderly, and expeditious conduct of the hearing. The hearing officer shall provide the parties with written notice of the prehearing conference at least 7 days in advance of the conference. The written notice shall require the parties to notify the hearing officer by a date certain whether they intend to participate in the prehearing conference. The hearing officer may conduct the prehearing conference in person or by telephone. Each party shall at the prehearing conference (1) disclose whether it is represented by legal counsel or intends to retain legal counsel; (2) clarify matters it believes to be in dispute in the case and the specific relief being sought; (3) disclose whether there are any additional evaluations for the student that it intends to introduce into the hearing record that have not been previously disclosed to the other parties; (4) disclose a list of all documents it intends to introduce into the hearing record, including the date and a brief description of each document; and (5) disclose the names of all witnesses it intends to call to testify at the hearing. The hearing officer shall specify the order of presentation to be used at the hearing. If the prehearing conference is held by telephone, the parties shall transmit the information required in this paragraph in such a manner that it is available to all parties at the time of the prehearing conference. The State Board of Education may, by rule, establish additional procedures for the conduct of prehearing conferences.

(g-45) The impartial due process hearing officer shall not initiate or participate in any ex parte communications with the parties, except to arrange the date, time, and location of the prehearing conference, due process hearing, or other status conferences convened at the discretion of the hearing officer and to receive confirmation of whether a party intends to participate in the prehearing conference.

(g-50) The parties shall disclose and provide to each other any evidence which they intend to submit into the hearing record no later than 5 days before the hearing. Any party to a hearing has the right to prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least 5 days before the hearing. The party requesting a hearing shall not be permitted at the hearing to raise issues that were not raised in the party's initial or amended request, unless otherwise permitted in this Section.

(g-55) All reasonable efforts must be made by the parties to present their respective cases at the hearing within a cumulative period of 7 days. When scheduling hearing dates, the hearing officer shall schedule the final hearing with a cumulative period of 7 days.
day of the hearing no more than 30 calendar days after the first day of the hearing unless good cause is shown. This subsection (g-55) shall not be applied in a manner that (i) denies any party to the hearing a fair and reasonable allocation of time and opportunity to present its case in its entirety or (ii) deprives any party to the hearing of the safeguards accorded under the federal Individuals with Disabilities Education Improvement Act of 2004 (Public Law 108-446), regulations promulgated under the Individuals with Disabilities Education Improvement Act of 2004, or any other applicable law. The school district shall present evidence that the special education needs of the child have been appropriately identified and that the special education program and related services proposed to meet the needs of the child are adequate, appropriate, and available. Any party to the hearing shall have the right to (1) be represented by counsel and be accompanied and advised by individuals with special knowledge or training with respect to the problems of children with disabilities, at the party's own expense; (2) present evidence and confront and cross-examine witnesses; (3) move for the exclusion of witnesses from the hearing until they are called to testify, provided, however, that this provision may not be invoked to exclude the individual designated by a party to assist that party or its representative in the presentation of the case; (4) obtain a written or electronic verbatim record of the proceedings within 30 days of receipt of a written request from the parents by the school district; and (5) obtain a written decision, including findings of fact and conclusions of law, within 10 calendar days, excluding Saturday, Sunday, and any State holiday, after the conclusion of the hearing. If at issue, the school district shall present evidence that it has properly identified and evaluated the nature and severity of the student's suspected or identified disability and that, if the student has been or should have been determined eligible for special education and related services, that it is providing or has offered a free appropriate public education to the student in the least restrictive environment, consistent with procedural safeguards and in accordance with an individualized educational program. At any time prior to the conclusion of the hearing, the impartial due process hearing officer shall have the authority to require additional information and order independent evaluations for the student at the expense of the school district. The State Board of Education and the school district shall share equally the costs of providing a written or electronic verbatim record of the proceedings. Any party may request that the due process hearing officer issue a subpoena to compel the testimony of witnesses or the production of documents relevant

to the resolution of the hearing. Whenever a person refuses to comply with any subpoena issued under this Section, the circuit court of the county in which that hearing is pending, on application of the impartial hearing officer or the party requesting the issuance of the subpoena, may compel compliance through the contempt powers of the court in the same manner as if the requirements of a subpoena issued by the court had been disobeyed.

(h) The impartial hearing officer shall issue a written decision, including findings of fact and conclusions of law, within 10 calendar days, excluding Saturday, Sunday, and any State holiday, after the conclusion of the hearing and send by certified mail a copy of the decision to the parents or student (if the student requests the hearing), the school district, the director of special education, legal representatives of the parties, and the State Board of Education. Unless the hearing officer has granted specific extensions of time at the request of a party, a final decision, including the clarification of a decision requested under this subsection, shall be reached and mailed to the parties named above not later than 45 days after the initiation of the timeline for conducting the hearing, as described in subsection (g-35) of this Section. The decision shall specify the educational and related services that shall be provided to the student in accordance with the student's needs and the timeline for which the school district shall submit evidence to the State Board of Education to demonstrate compliance with the hearing officer's decision in the event that the decision orders the school district to undertake corrective action. The hearing officer shall retain jurisdiction for the sole purpose of considering a request for clarification of the final decision submitted in writing by a party to the impartial hearing officer within 5 days after receipt of the decision. A copy of the request for clarification shall specify the portions of the decision for which clarification is sought and shall be mailed to all parties of record and to the State Board of Education. The request shall operate to stay implementation of those portions of the decision for which clarification is sought, pending action on the request by the hearing officer, unless the parties otherwise agree. The hearing officer shall issue a clarification of the specified portion of the decision or issue a partial or full denial of the request in writing within 10 days of receipt of the request and mail copies to all parties to whom the decision was mailed. This subsection does not permit a party to request, or authorize a hearing officer to entertain, reconsideration of the decision itself. The statute of limitations for seeking review of the decision shall be tolled from the date
the request is submitted until the date the hearing officer acts upon the request. The hearing officer's decision shall be binding upon the school district and the parents unless a civil action is commenced.

(i) Any party to an impartial due process hearing aggrieved by the final written decision of the impartial due process hearing officer shall have the right to commence a civil action with respect to the issues presented in the impartial due process hearing. That civil action shall be brought in any court of competent jurisdiction within 120 days after a copy of the decision of the impartial due process hearing officer is mailed to the party as provided in subsection (h). The civil action authorized by this subsection shall not be exclusive of any rights or causes of action otherwise available. The commencement of a civil action under this subsection shall operate as a supersedeas. In any action brought under this subsection the Court shall receive the records of the impartial due process hearing, shall hear additional evidence at the request of a party, and, basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate. In any instance where a school district willfully disregards applicable regulations or statutes regarding a child covered by this Article, and which disregard has been detrimental to the child, the school district shall be liable for any reasonable attorney's fees incurred by the parent in connection with proceedings under this Section.

(j) During the pendency of any administrative or judicial proceeding conducted pursuant to this Section, including mediation (if the school district or other public entity voluntarily agrees to participate in mediation), unless the school district and the parents or student (if at least 18 years of age or emancipated) otherwise agree, the student shall remain in his or her present educational placement and continue in his or her present eligibility status and special education and related services, if any. If mediation fails to resolve the dispute between the parties, or if the parties do not agree to use mediation, the parent (or student if 18 years of age or older or emancipated) shall have 10 days after the mediation concludes, or after a party declines to use mediation, to file a request for a due process hearing in order to continue to invoke the "stay-put" provisions of this subsection (j). If applying for initial admission to the school district, the student shall, with the consent of the parents (if the student is not at least 18 years of age or emancipated), be placed in the school district program until all such proceedings have been completed. The costs for any special education and related services or placement

incurred following 60 school days after the initial request for evaluation shall be borne by the school district if the services or placement is in accordance with the final determination as to the special education and related services or placement that must be provided to the child, provided that during that 60-day period there have been no delays caused by the child's parent. The requirements and procedures of this subsection (j) shall be included in the uniform notices developed by the State Superintendent under subsection (g) of Section 14-8.02 of this Code.

(k) Whenever the parents of a child of the type described in Section 14-1.02 are not known or are unavailable, or the child is a youth in care as defined in Section 4d of the Children and Family Services Act, a person shall be assigned to serve as surrogate parent for the child in matters relating to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child. Persons shall be assigned as surrogate parents by the State Superintendent of Education. The State Board of Education shall promulgate rules and regulations establishing qualifications of those persons and their responsibilities and the procedures to be followed in making assignments of persons as surrogate parents. Surrogate parents shall not be employees of the school district, an agency created by joint agreement under Section 10-22.31, an agency involved in the education or care of the student, or the State Board of Education. Services of any person assigned as surrogate parent shall terminate if the parent becomes available unless otherwise requested by the parents. The assignment of a person as surrogate parent at no time supersedes, terminates, or suspends the parents' legal authority relative to the child. Any person participating in good faith as surrogate parent on behalf of the child before school officials or a hearing officer shall have immunity from civil or criminal liability that otherwise might result by reason of that participation, except in cases of willful and wanton misconduct.

(l) At all stages of the hearing, the hearing officer shall require that interpreters be made available by the school district for persons who are deaf or for persons whose normally spoken language is other than English.

(m) If any provision of this Section or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect other provisions or applications of the Section that can be given effect without the invalid application or provision, and to this end the provisions of this Section are severable, unless otherwise provided by this Section.

(c) A person may convey ivory, an ivory product, rhinoceros horn, or a rhinoceros horn product to the legal beneficiary of the ivory, ivory product, rhinoceros horn, or rhinoceros horn product which is part of an estate or other items being conveyed to lawful beneficiaries upon the death of the owner of the ivory, ivory product, rhinoceros horn, or rhinoceros horn product or in anticipation of that death.

(2) When the ivory or rhinoceros horn is part of a musical instrument, including, but not limited to, a string or wind instrument or piano, and that is less than 20% by volume of the instrument, and the owner or seller provides historical documentation demonstrating provenance and showing the item was manufactured no later than 1975.

Section 15. Penalties.

(a) In addition to any applicable penalties which may be imposed under any other law, a person violating any provision of Section 10 of this Act, or any rule adopted under Section 20 of this Act, shall be guilty of:

(1) for a first offense, a business offense and shall be fined not less than $1,000 or an amount equal to 2 times the total value of the ivory, ivory products, rhinoceros horn, and rhinoceros horn products involved in the offense, whichever is greater; and

(2) for a second or subsequent offense, a Class A misdemeanor and shall be fined not less than $5,000 or an amount equal to 2 times the total value of the ivory, ivory products, rhinoceros horn, and rhinoceros horn products involved in the offense, whichever is greater.

PUBLIC ACT 100-0860
(House Bill No. 4885)

AN ACT concerning children.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)
(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with

New matter indicated by italics - deletions by strikeout
low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;

(2) families transitioning from TANF to work;

(3) families at risk of becoming recipients of TANF;

(4) families with special needs as defined by rule;

(5) working families with very low incomes as defined by rule; and

(6) families that are not recipients of TANF and that need child care assistance to participate in education and training activities; and:

(7) families with children under the age of 5 who have an open intact family services case with the Department of Children and Family Services. Any family that receives child care assistance in accordance with this paragraph shall remain eligible for child care assistance 6 months after the child's intact family services case is closed, regardless of whether the child's parents or other relatives as defined by rule are working or participating in Department approved employment or education or training programs. The Department of Human Services, in consultation with the Department of Children and Family Services, shall adopt rules to protect the privacy of families who are the subject of an open intact family services case when such families enroll in child care services. Additional rules shall be adopted to offer children who have an open intact family services case the opportunity to receive an Early Intervention screening and other services that
their families may be eligible for as provided by the Department of Human Services.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention.
and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;

(2) a licensed child care home or home exempt from licensing;

(3) a licensed group child care home;

(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall establish, by rule, a co-payment scale that provides for cost sharing by families that receive child care services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may

be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

1. findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;
2. recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;
3. recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and
4. recommendations for changes in child care program policies that affect the affordability of child care.

(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

1. arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
2. arranging with other agencies and community volunteer groups for non-reimbursed child care;
3. (blank); or
4. adopting such other arrangements as the Department determines appropriate.

(f-5) (Blank).

(g) Families eligible for assistance under this Section shall be given the following options:

1. receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or
2. if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision

of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

PUBLIC ACT 100-0863
(House Bill No. 5447)

AN ACT to revise the law by combining multiple enactments and making technical corrections.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Nature of this Act.
(a) This Act may be cited as the First 2018 General Revisory Act.
(b) This Act is not intended to make any substantive change in the law. It reconciles conflicts that have arisen from multiple amendments and enactments and makes technical corrections and revisions in the law.

This Act revises and, where appropriate, renumbers certain Sections that have been added or amended by more than one Public Act. In certain cases in which a repealed Act or Section has been replaced with a successor law, this Act may incorporate amendments to the repealed Act or Section into the successor law. This Act also corrects errors, revises cross-references, and deletes obsolete text.

(c) In this Act, the reference at the end of each amended Section indicates the sources in the Session Laws of Illinois that were used in the preparation of the text of that Section. The text of the Section included in this Act is intended to include the different versions of the Section found in the Public Acts included in the list of sources, but may not include other versions of the Section to be found in Public Acts not included in the list of sources. The list of sources is not a part of the text of the Section.

(d) Public Acts 99-920 through 100-534 were considered in the preparation of the combining revisories included in this Act. Many of those combining revisories contain no striking or underscoring because no additional changes are being made in the material that is being combined.

Section 30. The State Treasurer Act is amended by changing Section 16.5 as follows:

(15 ILCS 505/16.5)

Sec. 16.5. College Savings Pool. The State Treasurer may establish and administer a College Savings Pool to supplement and enhance the investment opportunities otherwise available to persons seeking to finance the costs of higher education. The State Treasurer, in administering the College Savings Pool, may receive moneys paid into the pool by a participant and may serve as the fiscal agent of that participant for the purpose of holding and investing those moneys.

"Participant", as used in this Section, means any person who has authority to withdraw funds, change the designated beneficiary, or otherwise exercise control over an account. "Donor", as used in this Section, means any person who makes investments in the pool. "Designated beneficiary", as used in this Section, means any person on whose behalf an account is established in the College Savings Pool by a participant. Both in-state and out-of-state persons may be participants, donors, and designated beneficiaries in the College Savings Pool. The College Savings Pool must be available to any individual with a valid social security number or taxpayer identification number for the benefit of any individual with a valid social security number or taxpayer identification number, unless a contract in effect on August 1, 2011 (the
effective date of Public Act 97-233) does not allow for taxpayer identification numbers, in which case taxpayer identification numbers must be allowed upon the expiration of the contract.

New accounts in the College Savings Pool may be processed through participating financial institutions. "Participating financial institution", as used in this Section, means any financial institution insured by the Federal Deposit Insurance Corporation and lawfully doing business in the State of Illinois and any credit union approved by the State Treasurer and lawfully doing business in the State of Illinois that agrees to process new accounts in the College Savings Pool. Participating financial institutions may charge a processing fee to participants to open an account in the pool that shall not exceed $30 until the year 2001. Beginning in 2001 and every year thereafter, the maximum fee limit shall be adjusted by the Treasurer based on the Consumer Price Index for the North Central Region as published by the United States Department of Labor, Bureau of Labor Statistics for the immediately preceding calendar year. Every contribution received by a financial institution for investment in the College Savings Pool shall be transferred from the financial institution to a location selected by the State Treasurer within one business day following the day that the funds must be made available in accordance with federal law. All communications from the State Treasurer to participants and donors shall reference the participating financial institution at which the account was processed.

The Treasurer may invest the moneys in the College Savings Pool in the same manner and in the same types of investments provided for the investment of moneys by the Illinois State Board of Investment. To enhance the safety and liquidity of the College Savings Pool, to ensure the diversification of the investment portfolio of the pool, and in an effort to keep investment dollars in the State of Illinois, the State Treasurer may make a percentage of each account available for investment in participating financial institutions doing business in the State. The State Treasurer may deposit with the participating financial institution at which the account was processed the following percentage of each account at a prevailing rate offered by the institution, provided that the deposit is federally insured or fully collateralized and the institution accepts the deposit: 10% of the total amount of each account for which the current age of the beneficiary is less than 7 years of age, 20% of the total amount of each account for which the beneficiary is at least 7 years of age and less than 12 years of age, and 50% of the total amount of each account for...
which the current age of the beneficiary is at least 12 years of age. The Treasurer shall develop, publish, and implement an investment policy covering the investment of the moneys in the College Savings Pool. The policy shall be published each year as part of the audit of the College Savings Pool by the Auditor General, which shall be distributed to all participants. The Treasurer shall notify all participants in writing, and the Treasurer shall publish in a newspaper of general circulation in both Chicago and Springfield, any changes to the previously published investment policy at least 30 calendar days before implementing the policy. Any investment policy adopted by the Treasurer shall be reviewed and updated if necessary within 90 days following the date that the State Treasurer takes office.

Participants shall be required to use moneys distributed from the College Savings Pool for qualified expenses at eligible educational institutions. "Qualified expenses", as used in this Section, means the following: (i) tuition, fees, and the costs of books, supplies, and equipment required for enrollment or attendance at an eligible educational institution; (ii) expenses for special needs services, in the case of a special needs beneficiary, which are incurred in connection with such enrollment or attendance; (iii) certain expenses for the purchase of computer or peripheral equipment, as defined in Section 168 of the federal Internal Revenue Code (26 U.S.C. 168), computer software, as defined in Section 197 of the federal Internal Revenue Code (26 U.S.C. 197), or Internet access and related services, if such equipment, software, or services are to be used primarily by the beneficiary during any of the years the beneficiary is enrolled at an eligible educational institution, except that, such expenses shall not include expenses for computer software designed for sports, games, or hobbies, unless the software is predominantly educational in nature; and (iv) certain room and board expenses incurred while attending an eligible educational institution at least half-time. "Eligible educational institutions", as used in this Section, means public and private colleges, junior colleges, graduate schools, and certain vocational institutions that are described in Section 481 of the Higher Education Act of 1965 (20 U.S.C. 1088) and that are eligible to participate in Department of Education student aid programs. A student shall be considered to be enrolled at least half-time if the student is enrolled for at least half the full-time academic work load for the course of study the student is pursuing as determined under the standards of the institution at which the student is enrolled. Distributions made from the

pool for qualified expenses shall be made directly to the eligible educational institution, directly to a vendor, in the form of a check payable to both the beneficiary and the institution or vendor, or directly to the designated beneficiary in a manner that is permissible under Section 529 of the Internal Revenue Code. Any moneys that are distributed in any other manner or that are used for expenses other than qualified expenses at an eligible educational institution shall be subject to a penalty of 10% of the earnings unless the beneficiary dies, becomes a person with a disability, or receives a scholarship that equals or exceeds the distribution. Penalties shall be withheld at the time the distribution is made.

The Treasurer shall limit the contributions that may be made on behalf of a designated beneficiary based on the limitations established by the Internal Revenue Service. The contributions made on behalf of a beneficiary who is also a beneficiary under the Illinois Prepaid Tuition Program shall be further restricted to ensure that the contributions in both programs combined do not exceed the limit established for the College Savings Pool. The Treasurer shall provide the Illinois Student Assistance Commission each year at a time designated by the Commission, an electronic report of all participant accounts in the Treasurer's College Savings Pool, listing total contributions and disbursements from each individual account during the previous calendar year. As soon thereafter as is possible following receipt of the Treasurer's report, the Illinois Student Assistance Commission shall, in turn, provide the Treasurer with an electronic report listing those College Savings Pool participants who also participate in the State's prepaid tuition program, administered by the Commission. The Commission shall be responsible for filing any combined tax reports regarding State qualified savings programs required by the United States Internal Revenue Service. The Treasurer shall work with the Illinois Student Assistance Commission to coordinate the marketing of the College Savings Pool and the Illinois Prepaid Tuition Program when considered beneficial by the Treasurer and the Director of the Illinois Student Assistance Commission. The Treasurer's office shall not publicize or otherwise market the College Savings Pool or accept any moneys into the College Savings Pool prior to March 1, 2000. The Treasurer shall provide a separate accounting for each designated beneficiary to each participant, the Illinois Student Assistance Commission, and the participating financial institution at which the account was processed. No interest in the program may be pledged as security for a loan. Moneys held in an account invested in the Illinois

College Savings Pool shall be exempt from all claims of the creditors of the participant, donor, or designated beneficiary of that account, except for the non-exempt College Savings Pool transfers to or from the account as defined under subsection (j) of Section 12-1001 of the Code of Civil Procedure (735 ILCS 5/12-1001(j)).

The assets of the College Savings Pool and its income and operation shall be exempt from all taxation by the State of Illinois and any of its subdivisions. The accrued earnings on investments in the Pool once disbursed on behalf of a designated beneficiary shall be similarly exempt from all taxation by the State of Illinois and its subdivisions, so long as they are used for qualified expenses. Contributions to a College Savings Pool account during the taxable year may be deducted from adjusted gross income as provided in Section 203 of the Illinois Income Tax Act. The provisions of this paragraph are exempt from Section 250 of the Illinois Income Tax Act.

The Treasurer shall adopt rules he or she considers necessary for the efficient administration of the College Savings Pool. The rules shall provide whatever additional parameters and restrictions are necessary to ensure that the College Savings Pool meets all of the requirements for a qualified state tuition program under Section 529 of the Internal Revenue Code (26 U.S.C. 529). The rules shall provide for the administration expenses of the pool to be paid from its earnings and for the investment earnings in excess of the expenses and all moneys collected as penalties to be credited or paid monthly to the several participants in the pool in a manner which equitably reflects the differing amounts of their respective investments in the pool and the differing periods of time for which those amounts were in the custody of the pool. Also, the rules shall require the maintenance of records that enable the Treasurer's office to produce a report for each account in the pool at least annually that documents the account balance and investment earnings. Notice of any proposed amendments to the rules and regulations shall be provided to all participants prior to adoption. Amendments to rules and regulations shall apply only to contributions made after the adoption of the amendment.

Upon creating the College Savings Pool, the State Treasurer shall give bond with 2 or more sufficient sureties, payable to and for the benefit of the participants in the College Savings Pool, in the penal sum of $1,000,000, conditioned upon the faithful discharge of his or her duties in relation to the College Savings Pool.

3. respite care; and
4. in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption were youth in care or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for

financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or

child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) this amendatory Act of the 98th General Assembly and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age

committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under

the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the

New matter indicated by italics - deletions by strikeout
following factors when determining appropriateness of concurrent planning:

(1) the likelihood of prompt reunification;
(2) the past history of the family;
(3) the barriers to reunification being addressed by the family;
(4) the level of cooperation of the family;
(5) the foster parents' willingness to work with the family to reunite;
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;
(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken

New matter indicated by italics - deletions by strikeout
into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful

and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the
Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and foster families with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans’ Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third

party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the

New matter indicated by italics - deletions by strikeout
information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the

New matter indicated by italics - deletions by strikeout
exclusive control of the staff of the facility, whether or not the child has
the freedom of movement within the perimeter of the facility, building, or
distinct part of the building. The plan shall include descriptions of the
types of facilities that are needed in Illinois; the cost of developing these
secure care facilities; the estimated number of placements; the potential
cost savings resulting from the movement of children currently out-of-state
who are projected to be returned to Illinois; the necessary geographic
distribution of these facilities in Illinois; and a proposed timetable for
development of such facilities.

(x) The Department shall conduct annual credit history checks to
determine the financial history of children placed under its guardianship
pursuant to the Juvenile Court Act of 1987. The Department shall conduct
such credit checks starting when a youth in care turns 12 years old and
each year thereafter for the duration of the guardianship as terminated
pursuant to the Juvenile Court Act of 1987. The Department shall
determine if financial exploitation of the child's personal information has
occurred. If financial exploitation appears to have taken place or is
presently ongoing, the Department shall notify the proper law enforcement
agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on July 22, 2010 (the effective date of Public Act 96-
1189) this amendatory Act of the 96th General Assembly, a child with a
disability who receives residential and educational services from the
Department shall be eligible to receive transition services in accordance
with Article 14 of the School Code from the age of 14.5 through age 21,
inclusive, notwithstanding the child's residential services arrangement. For
purposes of this subsection, "child with a disability" means a child with a
disability as defined by the federal Individuals with Disabilities Education
Improvement Act of 2004.

(z) The Department shall access criminal history record
information as defined as "background information" in this subsection and
criminal history record information as defined in the Illinois Uniform
Conviction Information Act for each Department employee or Department
applicant. Each Department employee or Department applicant shall
submit his or her fingerprints to the Department of State Police in the form
and manner prescribed by the Department of State Police. These
fingerprints shall be checked against the fingerprint records now and
hereafter filed in the Department of State Police and the Federal Bureau of
Investigation criminal history records databases. The Department of State
Police shall charge a fee for conducting the criminal history record check,

New matter indicated by italics - deletions by strikeout
which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The Department of State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:

"Background information" means all of the following:

(i) Upon the request of the Department of Children and Family Services, conviction information obtained from the Department of State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Department of State Police's Sex Offender Database, as authorized by Section 120 of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

"Department employee" means a full-time or temporary employee coded or certified within the State of Illinois Personnel System.

"Department applicant" means an individual who has conditional Department full-time or part-time work, a contractor, an individual used to replace or supplement staff, an academic intern, a volunteer in Department offices or on Department contracts, a work-study student, an individual or entity licensed by the Department, or an unlicensed service provider who works as a condition of a contract or an agreement and whose work may bring the unlicensed service provider into contact with Department clients or client records.

Sec. 35.7. Error Reduction Implementations Plans; Inspector General.

(a) The Inspector General of the Department of Children and Family Services shall develop Error Reduction Implementation Plans, as

New matter indicated by italics - deletions by strikeout
necessary, to remedy patterns of errors or problematic practices that compromise or threaten the safety of children as identified in the DCFS Office of the Inspector General (OIG) death or serious injury investigations and Child Death Review Teams recommendations. The Error Reduction Implementation Plans shall include both training and on-site components. The Inspector General shall submit proposed Error Reduction Implementation Plans to the Director for review. The Director may approve the plans submitted, or approve plans amended by the Office of the Inspector General, taking into consideration policies and procedures that govern the function and performance of any affected frontline staff. The Director shall document the basis for disapproval of any submitted or amended plan. The Department shall deploy Error Reduction Safety Teams to implement the Error Reduction Implementation Plans. The Error Reduction Safety Teams shall be composed of Quality Assurance and Division of Training staff to implement hands-on training and Error Reduction Implementation Plans. The teams shall work in the offices of the Department or of agencies, or both, as required by the Error Reduction Implementation Plans, and shall work to ensure that systems are in place to continue reform efforts after the departure of the teams. The Director shall develop a method to ensure consistent compliance with any Error Reduction Implementation Plans, the provisions of which shall be incorporated into the plan.

(b) Quality Assurance shall prepare public reports annually detailing the following: the substance of any Error Reduction Implementation Plan approved; any deviations from the Error Reduction Plan; whether adequate staff was available to perform functions necessary to the Error Reduction Implementation Plan, including identification and reporting of any staff needs; other problems noted or barriers to implementing the Error Reduction Implementation Plan; and recommendations for additional training, amendments to rules and procedures, or other systemic reform identified by the teams. Quality Assurance shall work with affected frontline staff to implement provisions of the approved Error Reduction Implementation Plans related to staff function and performance.

(c) The Error Reduction Teams shall implement training and reform protocols through incubating change in each region, Department office, or purchase of service office, as required. The Inspector General shall disclose the finding of an investigation to the following persons: (i) the Governor, (ii) the Secretary, (iii) the director of the facility or agency, (iv) the alleged victims and their guardians, (v) the complainant, and (vi) the accused. This information shall include whether the allegations were deemed substantiated, unsubstantiated, or unfounded.
(p) Secretary review. Upon review of the Inspector General's investigative report and any agency's or facility's written response, the Secretary shall accept or reject the written response and notify the Inspector General of that determination. The Secretary may further direct that other administrative action be taken, including, but not limited to, any one or more of the following: (i) additional site visits, (ii) training, (iii) provision of technical assistance relative to administrative needs, licensure or certification, or (iv) the imposition of appropriate sanctions.

The facility or agency shall be allowed an additional 30 days to send notice of completion of the action or to send an updated implementation report. If the action has not been completed within the additional 30-day period, the facility or agency shall send updated implementation reports every 60 days until completion. The Inspector General shall conduct a review of any implementation plan that takes more than 120 days after approval to complete, and shall monitor compliance through a random review of approved written responses, which may include, but are not limited to: (i) site visits, (ii) telephone contact, and (iii) requests for additional documentation evidencing compliance.

(2) Notice to employee. Prior to reporting the name of an employee, the employee shall be notified of the Department's obligation to report and shall be granted an opportunity to request an administrative hearing, the sole purpose of which is to determine if the substantiated finding warrants reporting to the Registry. Notice to the employee shall contain a clear and concise statement of the grounds on which the report to the Registry is based, offer the employee an opportunity for a hearing, and identify the process for requesting such a hearing. Notice is sufficient if provided by certified mail to the employee's last known address. If the employee fails to request a hearing within 30 days from the date of the notice, the Inspector General shall report the name of the employee to the Registry. Nothing in this subdivision (s)(2) shall diminish or impair the rights of a person who is a member of a collective bargaining unit under the Illinois Public Labor Relations Act or under any other federal labor statute.

The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

(4) Testimony at Registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of abuse or neglect, or the cause thereof. No evidence

victim in the report, and the person making or investigating the
report. Testimony at hearings is exempt from the confidentiality
requirements of subsection (f) of Section 10 of the Mental Health
and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to
the Registry shall occur and no hearing shall be set or proceed if an
employee notifies the Inspector General in writing, including any

New matter indicated by italics - deletions by strikeout
(f) To establish a program of services to prevent the unnecessary institutionalization of persons in need of long term care and who meet the criteria for blindness or disability as defined by the Social Security Act, thereby enabling them to remain in their own homes. Such preventive services include any or all of the following:

(1) personal assistant services;
(2) homemaker services;
(3) home-delivered meals;
(4) adult day care services;
(5) respite care;
(6) home modification or assistive equipment;
(7) home health services;
(8) electronic home response;
(9) brain injury behavioral/cognitive services;
(10) brain injury habilitation;
(11) brain injury pre-vocational services; or
(12) brain injury supported employment.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided, however, that any portion of a person's income that is equal to or less than the "protected income" level shall not be considered by the Department in determining eligibility. The "protected income" level shall be determined by the Department, shall never be less than the federal poverty standard, and shall be adjusted each year to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. The standards must provide that a person may not have more than $10,000 in assets to be eligible for the services, and the Department may increase or decrease the asset limitation by rule. The Department may not decrease the asset level below $10,000.
The services shall be provided, as established by the Department by rule, to eligible persons to prevent unnecessary or premature institutionalization, to the extent that the cost of the services, together with the other personal maintenance expenses of the persons, are reasonably related to the standards established for care in a group facility appropriate to their condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Illinois Department on Aging. The Department shall set rates and fees for services in a fair and equitable manner. Services identical to those offered by the Department on Aging shall be paid at the same rate.

Personal assistants shall be paid at a rate negotiated between the State and an exclusive representative of personal assistants under a collective bargaining agreement. In no case shall the Department pay personal assistants an hourly wage that is less than the federal minimum wage. Within 30 days after July 6, 2017 (the effective date of Public Act 100-23) this amendatory Act of the 100th General Assembly, the hourly wage paid to personal assistants and individual maintenance home health workers shall be increased by $0.48 per hour.

Solely for the purposes of coverage under the Illinois Public Labor Relations Act, personal assistants providing services under the Department's Home Services Program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of July 16, 2003 (the effective date of Public Act 93-204) this amendatory Act of the 93rd General Assembly, but not before. Solely for the purposes of coverage under the Illinois Public Labor Relations Act, home care and home health workers who function as personal assistants and individual maintenance home health workers and who also provide services under the Department's Home Services Program shall be considered to be public employees, no matter whether the State provides such services through direct fee-for-service arrangements, with the assistance of a managed care organization or other intermediary, or otherwise, and the State of Illinois shall be considered to be the employer of those persons as of January 29, 2013 (the effective date of Public Act 97-1158), but not before except as otherwise provided under this subsection (f). The State shall engage in
collective bargaining with an exclusive representative of home care and home health workers who function as personal assistants and individual maintenance home health workers working under the Home Services Program concerning their terms and conditions of employment that are within the State's control. Nothing in this paragraph shall be understood to limit the right of the persons receiving services defined in this Section to hire and fire home care and home health workers who function as personal assistants and individual maintenance home health workers working under the Home Services Program or to supervise them within the limitations set by the Home Services Program. The State shall not be considered to be the employer of home care and home health workers who function as personal assistants and individual maintenance home health workers working under the Home Services Program for any purposes not specifically provided in Public Act 93-204 or Public Act 97-1158, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Home care and home health workers who function as personal assistants and individual maintenance home health workers and who also provide services under the Department's Home Services Program shall not be covered by the State Employees Group Insurance Act of 1971.

The Department shall execute, relative to nursing home prescreening, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Healthcare and Family Services, to effect the intake procedures and eligibility criteria for those persons who may need long term care. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department, or a designee of the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the

New matter indicated by italics - deletions by strikeout
"protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

To the extent permitted under the federal Social Security Act, the Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21 or blind or who has a permanent and total disability. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall submit an annual report on programs and services provided under this Section. The report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate.

and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

(g) To establish such subdivisions of the Department as shall be desirable and assign to the various subdivisions the responsibilities and duties placed upon the Department by law.

(h) To cooperate and enter into any necessary agreements with the Department of Employment Security for the provision of job placement and job referral services to clients of the Department, including job service registration of such clients with Illinois Employment Security offices and making job listings maintained by the Department of Employment Security available to such clients.

(i) To possess all powers reasonable and necessary for the exercise and administration of the powers, duties and responsibilities of the Department which are provided for by law.

(l) To establish, operate, and maintain a Statewide Housing Clearinghouse of information on available; government subsidized housing accessible to persons with disabilities and available privately owned housing accessible to persons with disabilities. The information shall include, but not be limited to, the location, rental requirements, access features and proximity to public transportation of available housing. The Clearinghouse shall consist of at least a computerized database for the storage and retrieval of information and a separate or shared toll free telephone number for use by those seeking information from the Clearinghouse. Department offices and personnel throughout the State shall also assist in the operation of the Statewide Housing Clearinghouse. Cooperation with local, State, and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information.

(m) To assure that the names and case records of persons who received or are receiving services from the Department, including persons receiving vocational rehabilitation, home services, or other services, and those attending one of the

Department's schools or other supervised facility shall be confidential and not be open to the general public. Those case records and reports or the information contained in those records and reports shall be disclosed by the Director only to proper law enforcement officials, individuals authorized by a court, the General Assembly or any committee or commission of the General Assembly, and other persons and for reasons as the Director designates by rule. Disclosure by the Director may be only in accordance with other applicable law.

(B) As used in this Section, "charge not initiated by arrest" means a charge (as defined by 730 ILCS 5/5-1-3) brought against a defendant where the defendant is not arrested prior to or as a direct result of the charge.

(C) "Conviction" means a judgment of conviction or sentence entered upon a plea of guilty or upon a verdict or finding of guilty of an offense, rendered by a legally constituted jury or by a court of competent jurisdiction authorized to try the case without a jury. An order of supervision successfully completed by the petitioner is not a conviction. An order of qualified probation (as defined in subsection (a)(1)(J)) successfully completed by the petitioner is not a conviction. (F) As used in this Section, "last sentence" means the sentence, order of supervision, or order of qualified probation (as defined by subsection (a)(1)(J)), for a criminal offense (as defined by subsection (a)(1)(D)) that terminates last in time in any jurisdiction, regardless of whether the petitioner has included the criminal offense for which the sentence or order of supervision or qualified probation was imposed in his or her petition. If multiple sentences, orders of supervision, or orders of qualified probation terminate on the same day and are last in time, they shall be collectively considered the "last sentence" regardless of whether they were ordered to run concurrently.

(G) "Minor traffic offense" means a petty offense, business offense, or Class C misdemeanor under the Illinois Vehicle Code or a similar provision of a municipal or local ordinance.

(H) "Municipal ordinance violation" means an offense defined by a municipal or local ordinance that is criminal in nature and with which the petitioner was charged or for which the petitioner was arrested and released without charging.

(K) "Seal" means to physically and electronically maintain the records, unless the records would otherwise be destroyed due to age, but to make the records unavailable without a court order, subject to the exceptions in Sections 12 and 13 of this Act. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(L) "Sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section.

(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(b) Expungement.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois, and for eligible Illinois retail customers of small multi-jurisdictional electric utilities that (i) on December 31, 2005 served less than 100,000 customers in Illinois and (ii) request a procurement plan for their Illinois jurisdictional load.

(c) Renewable portfolio standard.

(1)(A) The Agency shall develop a long-term renewable resources procurement plan that shall include procurement programs and competitive procurement events necessary to meet the goals set forth in this subsection (c). The initial long-term renewable resources procurement plan shall be released for comment no later than 160 days after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly. The Agency shall review, and may revise on an expedited basis, the long-term renewable resources procurement plan at least every 2 years, which shall be conducted in conjunction with the procurement plan under Section 16-111.5 of the Public Utilities Act to the extent practicable to minimize administrative expense. The long-term renewable resources procurement plans shall be subject to review and approval by the Commission under Section 16-111.5 of the Public Utilities Act.

(B) Subject to subparagraph (F) of this paragraph (1), the long-term renewable resources procurement plan shall include the goals for procurement of renewable energy credits to meet at least the following overall percentages: 13% by the 2017 delivery year; increasing by at least 1.5% each delivery year thereafter to at least 25% by the 2025 delivery year; and continuing at no less than 25% for each delivery year thereafter. In the event of a conflict between these goals and the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph (C) of this paragraph (1), the long-term plan shall prioritize compliance with the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph

New matter indicated by italics - deletions by strikeout
(C) of this paragraph (1) over the annual percentage targets described in this subparagraph (B).

For the delivery year beginning June 1, 2017, the procurement plan shall include cost-effective renewable energy resources equal to at least 13% of each utility's load for eligible retail customers and 13% of the applicable portion of each utility's load for retail customers who are not eligible retail customers, which applicable portion shall equal 50% of the utility's load for retail customers who are not eligible retail customers on February 28, 2017.

For the delivery year beginning June 1, 2018, the procurement plan shall include cost-effective renewable energy resources equal to at least 14.5% of each utility's load for eligible retail customers and 14.5% of the applicable portion of each utility's load for retail customers who are not eligible retail customers, which applicable portion shall equal 75% of the utility's load for retail customers who are not eligible retail customers on February 28, 2017.

For the delivery year beginning June 1, 2019, and for each year thereafter, the procurement plans shall include cost-effective renewable energy resources equal to a minimum percentage of each utility's load for all retail customers as follows: 16% by June 1, 2019; increasing by 1.5% each year thereafter to 25% by June 1, 2025; and 25% by June 1, 2026 and each year thereafter.

For each delivery year, the Agency shall first recognize each utility's obligations for that delivery year under existing contracts. Any renewable energy credits under existing contracts, including renewable energy credits as part of renewable energy resources, shall be used to meet the goals set forth in this subsection (c) for the delivery year.

(C) Of the renewable energy credits procured under this subsection (c), at least 75% shall come from wind and photovoltaic projects. The long-term renewable resources procurement plan described in subparagraph (A) of this paragraph (1) shall include the procurement of renewable energy credits in amounts equal to at least the following:

(i) By the end of the 2020 delivery year:

New matter indicated by italics - deletions by strikeout
At least 2,000,000 renewable energy credits for each delivery year shall come from new wind projects; and
At least 2,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy generation devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

(ii) By the end of the 2025 delivery year:
At least 3,000,000 renewable energy credits for each delivery year shall come from new wind projects; and
At least 3,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

(iii) By the end of the 2030 delivery year:

New matter indicated by italics - deletions by strikeout
At least 4,000,000 renewable energy credits for each delivery year shall come from new wind projects; and

At least 4,000,000 renewable energy credits for each delivery year shall come from new photovoltaic projects; of that amount, to the extent possible, the Agency shall procure: at least 50% from solar photovoltaic projects using the program outlined in subparagraph (K) of this paragraph (1) from distributed renewable energy devices or community renewable generation projects; at least 40% from utility-scale solar projects; at least 2% from brownfield site photovoltaic projects that are not community renewable generation projects; and the remainder shall be determined through the long-term planning process described in subparagraph (A) of this paragraph (1).

For purposes of this Section:

"New wind projects" means wind renewable energy facilities that are energized after June 1, 2017 for the delivery year commencing June 1, 2017 or within 3 years after the date the Commission approves contracts for subsequent delivery years.

"New photovoltaic projects" means photovoltaic renewable energy facilities that are energized after June 1, 2017. Photovoltaic projects developed under Section 1-56 of this Act shall not apply towards the new photovoltaic project requirements in this subparagraph (C).

(D) Renewable energy credits shall be cost effective. For purposes of this subsection (c), "cost effective" means that the costs of procuring renewable energy resources do not cause the limit stated in subparagraph (E) of this paragraph (1) to be exceeded and, for renewable energy credits procured through a competitive procurement event, do not exceed benchmarks based on market prices for like products in the region. For purposes of this subsection (c), "like products" means contracts for renewable energy credits from the same or substantially similar technology,
same or substantially similar vintage (new or existing), the same or substantially similar quantity, and the same or substantially similar contract length and structure. Benchmarks shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval. If price benchmarks for like products in the region are not available, the procurement administrator shall establish price benchmarks based on publicly available data on regional technology costs and expected current and future regional energy prices. The benchmarks in this Section shall not be used to curtail or otherwise reduce contractual obligations entered into by or through the Agency prior to June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly.

(E) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year commencing prior to June 1, 2017 shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the delivery year ending immediately prior to the procurement, and, for delivery years commencing on and after June 1, 2017, the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) delivered by the electric utility in the delivery year ending immediately prior to the procurement, to all retail customers in its service territory. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured under the procurement plan for any single year shall be subject to the limitations of this subparagraph (E). Such procurement shall be reduced for all retail customers based on the amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers.
customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011. To arrive at a maximum dollar amount of renewable energy resources to be procured for the particular delivery year, the resulting per kilowatthour amount shall be applied to the actual amount of kilowatthours of electricity delivered, or applicable portion of such amount as specified in paragraph (1) of this subsection (c), as applicable, by the electric utility in the delivery year immediately prior to the procurement to all retail customers in its service territory. The calculations required by this subparagraph (E) shall be made only once for each delivery year at the time that the renewable energy resources are procured. Once the determination as to the amount of renewable energy resources to procure is made based on the calculations set forth in this subparagraph (E) and the contracts procuring those amounts are executed, no subsequent rate impact determinations shall be made and no adjustments to those contract amounts shall be allowed. All costs incurred under such contracts shall be fully recoverable by the electric utility as provided in this Section.

(F) If the limitation on the amount of renewable energy resources procured in subparagraph (E) of this paragraph (1) prevents the Agency from meeting all of the goals in this subsection (c), the Agency's long-term plan shall prioritize compliance with the requirements of this subsection (c) regarding renewable energy credits in the following order:

(i) renewable energy credits under existing contractual obligations;

(i-5) funding for the Illinois Solar for All Program, as described in subparagraph (O) of this paragraph (1);

(ii) renewable energy credits necessary to comply with the new wind and new photovoltaic procurement requirements described in items (i) through (iii) of subparagraph (C) of this paragraph (1); and

(iii) renewable energy credits necessary to meet the remaining requirements of this subsection (c).

(G) The following provisions shall apply to the Agency's procurement of renewable energy credits under this subsection (c):

New matter indicated by italics - deletions by strikeout
(i) Notwithstanding whether a long-term renewable resources procurement plan has been approved, the Agency shall conduct an initial forward procurement for renewable energy credits from new utility-scale wind projects within 160 days after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly. For the purposes of this initial forward procurement, the Agency shall solicit 15-year contracts for delivery of 1,000,000 renewable energy credits delivered annually from new utility-scale wind projects to begin delivery on June 1, 2019, if available, but not later than June 1, 2021. Payments to suppliers of renewable energy credits shall commence upon delivery. Renewable energy credits procured under this initial procurement shall be included in the Agency's long-term plan and shall apply to all renewable energy goals in this subsection (c).

(ii) Notwithstanding whether a long-term renewable resources procurement plan has been approved, the Agency shall conduct an initial forward procurement for renewable energy credits from new utility-scale solar projects and brownfield site photovoltaic projects within one year after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly. For the purposes of this initial forward procurement, the Agency shall solicit 15-year contracts for delivery of 1,000,000 renewable energy credits delivered annually from new utility-scale solar projects and brownfield site photovoltaic projects to begin delivery on June 1, 2019, if available, but not later than June 1, 2021. The Agency may structure this initial procurement in one or more discrete procurement events. Payments to suppliers of renewable energy credits shall commence upon delivery. Renewable energy credits procured under this initial procurement shall be included in the Agency's long-term plan and shall apply to all renewable energy goals in this subsection (c).

(iii) Subsequent forward procurements for utility-scale wind projects shall solicit at least 1,000,000 renewable energy credits delivered annually per procurement event and shall be planned, scheduled, and
designed such that the cumulative amount of renewable energy credits delivered from all new wind projects in each delivery year shall not exceed the Agency's projection of the cumulative amount of renewable energy credits that will be delivered from all new photovoltaic projects, including utility-scale and distributed photovoltaic devices, in the same delivery year at the time scheduled for wind contract delivery.

(iv) If, at any time after the time set for delivery of renewable energy credits pursuant to the initial procurements in items (i) and (ii) of this subparagraph (G), the cumulative amount of renewable energy credits projected to be delivered from all new wind projects in a given delivery year exceeds the cumulative amount of renewable energy credits projected to be delivered from all new photovoltaic projects in that delivery year by 200,000 or more renewable energy credits, then the Agency shall within 60 days adjust the procurement programs in the long-term renewable resources procurement plan to ensure that the projected cumulative amount of renewable energy credits to be delivered from all new wind projects does not exceed the projected cumulative amount of renewable energy credits to be delivered from all new photovoltaic projects by 200,000 or more renewable energy credits, provided that nothing in this Section shall preclude the projected cumulative amount of renewable energy credits to be delivered from all new photovoltaic projects from exceeding the projected cumulative amount of renewable energy credits to be delivered from all new wind projects in each delivery year and provided further that nothing in this item (iv) shall require the curtailment of an executed contract. The Agency shall update, on a quarterly basis, its projection of the renewable energy credits to be delivered from all projects in each delivery year. Notwithstanding anything to the contrary, the Agency may adjust the timing of procurement events conducted under this subparagraph (G). The long-term renewable resources procurement plan shall set forth the process by which the adjustments may be made.

(v) All procurements under this subparagraph (G) shall comply with the geographic requirements in subparagraph (I) of this paragraph (I) and shall follow the procurement processes and procedures described in this Section and Section 16-111.5 of the Public Utilities Act to the extent practicable, and these processes and procedures may be expedited to accommodate the schedule established by this subparagraph (G).

(H) The procurement of renewable energy resources for a given delivery year shall be reduced as described in this subparagraph (H) if an alternative retail electric supplier meets the requirements described in this subparagraph (H).

(i) Within 45 days after June 1, 2017 (the effective date of this amendatory Act of the 99th General Assembly), an alternative retail electric supplier or its successor shall submit an informational filing to the Illinois Commerce Commission certifying that, as of December 31, 2015, the alternative retail electric supplier owned one or more electric generating facilities that generate renewable energy resources as defined in Section 1-10 of this Act, provided that such facilities are not powered by wind or photovoltaics, and the facilities generate one renewable energy credit for each megawatt-hour of energy produced from the facility.

The informational filing shall identify each facility that was eligible to satisfy the alternative retail electric supplier's obligations under Section 16-115D of the Public Utilities Act as described in this item (i).

(ii) For a given delivery year, the alternative retail electric supplier may elect to supply its retail customers with renewable energy credits from the facility or facilities described in item (i) of this subparagraph (H) that continue to be owned by the alternative retail electric supplier.

(iii) The alternative retail electric supplier shall notify the Agency and the applicable utility, no later than February 28 of the year preceding the applicable delivery year or 15 days after June 1, 2017 (the effective date of this amendatory Act of the 99th General Assembly), whichever is later, of its election under item (ii).
of this subparagraph (H) to supply renewable energy credits to retail customers of the utility. Such election shall identify the amount of renewable energy credits to be supplied by the alternative retail electric supplier to the utility's retail customers and the source of the renewable energy credits identified in the informational filing as described in item (i) of this subparagraph (H), subject to the following limitations:

For the delivery year beginning June 1, 2018, the maximum amount of renewable energy credits to be supplied by an alternative retail electric supplier under this subparagraph (H) shall be 68% multiplied by 25% multiplied by 14.5% multiplied by the amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year ending May 31, 2016.

For delivery years beginning June 1, 2019 and each year thereafter, the maximum amount of renewable energy credits to be supplied by an alternative retail electric supplier under this subparagraph (H) shall be 68% multiplied by 50% multiplied by 16% multiplied by the amount of metered electricity (megawatt-hours) delivered by the alternative retail electric supplier to Illinois retail customers during the delivery year ending May 31, 2016, provided that the 16% value shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

For each delivery year, the total amount of renewable energy credits supplied by all alternative retail electric suppliers under this subparagraph (H) shall not exceed 9% of the Illinois target renewable energy credit quantity. The Illinois target renewable energy credit quantity for the delivery year beginning June 1, 2018 is 14.5% multiplied by the total amount of metered electricity (megawatt-hours) delivered in the delivery year.
immediately preceding that delivery year, provided that the 14.5% shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

If the requirements set forth in items (i) through (iii) of this subparagraph (H) are met, the charges that would otherwise be applicable to the retail customers of the alternative retail electric supplier under paragraph (6) of this subsection (c) for the applicable delivery year shall be reduced by the ratio of the quantity of renewable energy credits supplied by the alternative retail electric supplier compared to that supplier's target renewable energy credit quantity. The supplier's target renewable energy credit quantity for the delivery year beginning June 1, 2018 is 14.5% multiplied by the total amount of metered electricity (megawatt-hours) delivered by the alternative retail supplier in that delivery year, provided that the 14.5% shall increase by 1.5% each delivery year thereafter to 25% by the delivery year beginning June 1, 2025, and thereafter the 25% value shall apply to each delivery year.

On or before April 1 of each year, the Agency shall annually publish a report on its website that identifies the aggregate amount of renewable energy credits supplied by alternative retail electric suppliers under this subparagraph (H).

(I) The Agency shall design its long-term renewable energy procurement plan to maximize the State's interest in the health, safety, and welfare of its residents, including but not limited to minimizing sulfur dioxide, nitrogen oxide, particulate matter and other pollution that adversely affects public health in this State, increasing fuel and resource diversity in this State, enhancing the reliability and resiliency of the electricity distribution system in this State, meeting goals to limit carbon dioxide emissions under federal or State law, and contributing to a cleaner and healthier environment for the citizens of this State. In order to further these legislative purposes, renewable energy credits shall be eligible to be counted toward the renewable energy requirements of this subsection (c) if they are generated from facilities located in this State. The Agency may qualify renewable energy credits from

New matter indicated by italics - deletions by strikeout
facilities located in states adjacent to Illinois if the generator demonstrates and the Agency determines that the operation of such facility or facilities will help promote the State's interest in the health, safety, and welfare of its residents based on the public interest criteria described above. To ensure that the public interest criteria are applied to the procurement and given full effect, the Agency's long-term procurement plan shall describe in detail how each public interest factor shall be considered and weighted for facilities located in states adjacent to Illinois.

(J) In order to promote the competitive development of renewable energy resources in furtherance of the State's interest in the health, safety, and welfare of its residents, renewable energy credits shall not be eligible to be counted toward the renewable energy requirements of this subsection (c) if they are sourced from a generating unit whose costs were being recovered through rates regulated by this State or any other state or states on or after January 1, 2017. Each contract executed to purchase renewable energy credits under this subsection (c) shall provide for the contract's termination if the costs of the generating unit supplying the renewable energy credits subsequently begin to be recovered through rates regulated by this State or any other state or states; and each contract shall further provide that, in that event, the supplier of the credits must return 110% of all payments received under the contract. Amounts returned under the requirements of this subparagraph (J) shall be retained by the utility and all of these amounts shall be used for the procurement of additional renewable energy credits from new wind or new photovoltaic resources as defined in this subsection (c). The long-term plan shall provide that these renewable energy credits shall be procured in the next procurement event.

Notwithstanding the limitations of this subparagraph (J), renewable energy credits sourced from generating units that are constructed, purchased, owned, or leased by an electric utility as part of an approved project, program, or pilot under Section 1-56 of this Act shall be eligible to be counted toward the renewable energy requirements of this subsection (c), regardless of how the costs of these units are recovered.

(K) The long-term renewable resources procurement plan developed by the Agency in accordance with subparagraph (A) of
this paragraph (1) shall include an Adjustable Block program for the procurement of renewable energy credits from new photovoltaic projects that are distributed renewable energy generation devices or new photovoltaic community renewable generation projects. The Adjustable Block program shall be designed to provide a transparent schedule of prices and quantities to enable the photovoltaic market to scale up and for renewable energy credit prices to adjust at a predictable rate over time. The prices set by the Adjustable Block program can be reflected as a set value or as the product of a formula.

The Adjustable Block program shall include for each category of eligible projects: a schedule of standard block purchase prices to be offered; a series of steps, with associated nameplate capacity and purchase prices that adjust from step to step; and automatic opening of the next step as soon as the nameplate capacity and available purchase prices for an open step are fully committed or reserved. Only projects energized on or after June 1, 2017 shall be eligible for the Adjustable Block program. For each block group the Agency shall determine the number of blocks, the amount of generation capacity in each block, and the purchase price for each block, provided that the purchase price provided and the total amount of generation in all blocks for all block groups shall be sufficient to meet the goals in this subsection (c). The Agency may periodically review its prior decisions establishing the number of blocks, the amount of generation capacity in each block, and the purchase price for each block, and may propose, on an expedited basis, changes to these previously set values, including but not limited to redistributing these amounts and the available funds as necessary and appropriate, subject to Commission approval as part of the periodic plan revision process described in Section 16-111.5 of the Public Utilities Act. The Agency may define different block sizes, purchase prices, or other distinct terms and conditions for projects located in different utility service territories if the Agency deems it necessary to meet the goals in this subsection (c).

The Adjustable Block program shall include at least the following block groups in at least the following amounts, which may be adjusted upon review by the Agency and approval by the Commission as described in this subparagraph (K):

New matter indicated by italics - deletions by strikeout
(i) At least 25% from distributed renewable energy generation devices with a nameplate capacity of no more than 10 kilowatts.

(ii) At least 25% from distributed renewable energy generation devices with a nameplate capacity of more than 10 kilowatts and no more than 2,000 kilowatts. The Agency may create sub-categories within this category to account for the differences between projects for small commercial customers, large commercial customers, and public or non-profit customers.

(iii) At least 25% from photovoltaic community renewable generation projects.

(iv) The remaining 25% shall be allocated as specified by the Agency in the long-term renewable resources procurement plan.

The Adjustable Block program shall be designed to ensure that renewable energy credits are procured from photovoltaic distributed renewable energy generation devices and new photovoltaic community renewable energy generation projects in diverse locations and are not concentrated in a few geographic areas.

(L) The procurement of photovoltaic renewable energy credits under items (i) through (iv) of subparagraph (K) of this paragraph (1) shall be subject to the following contract and payment terms:

(i) The Agency shall procure contracts of at least 15 years in length.

(ii) For those renewable energy credits that qualify and are procured under item (i) of subparagraph (K) of this paragraph (1), the renewable energy credit purchase price shall be paid in full by the contracting utilities at the time that the facility producing the renewable energy credits is interconnected at the distribution system level of the utility and energized. The electric utility shall receive and retire all renewable energy credits generated by the project for the first 15 years of operation.

(iii) For those renewable energy credits that qualify and are procured under item (ii) and (iii) of subparagraph (K) of this paragraph (1) and any additional categories of
distributed generation included in the long-term renewable resources procurement plan and approved by the Commission, 20 percent of the renewable energy credit purchase price shall be paid by the contracting utilities at the time that the facility producing the renewable energy credits is interconnected at the distribution system level of the utility and energized. The remaining portion shall be paid ratably over the subsequent 4-year period. The electric utility shall receive and retire all renewable energy credits generated by the project for the first 15 years of operation.

(iv) Each contract shall include provisions to ensure the delivery of the renewable energy credits for the full term of the contract.

(v) The utility shall be the counterparty to the contracts executed under this subparagraph (L) that are approved by the Commission under the process described in Section 16-111.5 of the Public Utilities Act. No contract shall be executed for an amount that is less than one renewable energy credit per year.

(vi) If, at any time, approved applications for the Adjustable Block program exceed funds collected by the electric utility or would cause the Agency to exceed the limitation described in subparagraph (E) of this paragraph (1) on the amount of renewable energy resources that may be procured, then the Agency shall consider future uncommitted funds to be reserved for these contracts on a first-come, first-served basis, with the delivery of renewable energy credits required beginning at the time that the reserved funds become available.

(vii) Nothing in this Section shall require the utility to advance any payment or pay any amounts that exceed the actual amount of revenues collected by the utility under paragraph (6) of this subsection (c) and subsection (k) of Section 16-108 of the Public Utilities Act, and contracts executed under this Section shall expressly incorporate this limitation.

(M) The Agency shall be authorized to retain one or more experts or expert consulting firms to develop, administer, implement, operate, and evaluate the Adjustable Block program

New matter indicated by italics - deletions by strikeout
described in subparagraph (K) of this paragraph (1), and the Agency shall retain the consultant or consultants in the same manner, to the extent practicable, as the Agency retains others to administer provisions of this Act, including, but not limited to, the procurement administrator. The selection of experts and expert consulting firms and the procurement process described in this subparagraph (M) are exempt from the requirements of Section 20-10 of the Illinois Procurement Code, under Section 20-10 of that Code. The Agency shall strive to minimize administrative expenses in the implementation of the Adjustable Block program.

The Agency and its consultant or consultants shall monitor block activity, share program activity with stakeholders and conduct regularly scheduled meetings to discuss program activity and market conditions. If necessary, the Agency may make prospective administrative adjustments to the Adjustable Block program design, such as redistributing available funds or making adjustments to purchase prices as necessary to achieve the goals of this subsection (c). Program modifications to any price, capacity block, or other program element that do not deviate from the Commission's approved value by more than 25% shall take effect immediately and are not subject to Commission review and approval. Program modifications to any price, capacity block, or other program element that deviate more than 25% from the Commission's approved value must be approved by the Commission as a long-term plan amendment under Section 16-111.5 of the Public Utilities Act. The Agency shall consider stakeholder feedback when making adjustments to the Adjustable Block design and shall notify stakeholders in advance of any planned changes.

(N) The long-term renewable resources procurement plan required by this subsection (c) shall include a community renewable generation program. The Agency shall establish the terms, conditions, and program requirements for community renewable generation projects with a goal to expand renewable energy generating facility access to a broader group of energy consumers, to ensure robust participation opportunities for residential and small commercial customers and those who cannot install renewable energy on their own properties. Any plan approved by the Commission shall allow subscriptions to

New matter indicated by italics - deletions by strikeout
community renewable generation projects to be portable and transferable. For purposes of this subparagraph (N), "portable" means that subscriptions may be retained by the subscriber even if the subscriber relocates or changes its address within the same utility service territory; and "transferable" means that a subscriber may assign or sell subscriptions to another person within the same utility service territory.

Electric utilities shall provide a monetary credit to a subscriber's subsequent bill for service for the proportional output of a community renewable generation project attributable to that subscriber as specified in Section 16-107.5 of the Public Utilities Act.

The Agency shall purchase renewable energy credits from subscribed shares of photovoltaic community renewable generation projects through the Adjustable Block program described in subparagraph (K) of this paragraph (1) or through the Illinois Solar for All Program described in Section 1-56 of this Act. The electric utility shall purchase any unsubscribed energy from community renewable generation projects that are Qualifying Facilities ("QF") under the electric utility's tariff for purchasing the output from QFs under Public Utilities Regulatory Policies Act of 1978.

The owners of and any subscribers to a community renewable generation project shall not be considered public utilities or alternative retail electricity suppliers under the Public Utilities Act solely as a result of their interest in or subscription to a community renewable generation project and shall not be required to become an alternative retail electric supplier by participating in a community renewable generation project with a public utility.

(O) For the delivery year beginning June 1, 2018, the long-term renewable resources procurement plan required by this subsection (c) shall provide for the Agency to procure contracts to continue offering the Illinois Solar for All Program described in subsection (b) of Section 1-56 of this Act, and the contracts approved by the Commission shall be executed by the utilities that are subject to this subsection (c). The long-term renewable resources procurement plan shall allocate 5% of the funds available under the plan for the applicable delivery year, or $10,000,000 per delivery year, whichever is greater, to fund the programs, and the plan shall determine the amount of funding to be apportioned to the

New matter indicated by italics - deletions by strikeout
programs identified in subsection (b) of Section 1-56 of this Act; provided that for the delivery years beginning June 1, 2017, June 1, 2021, and June 1, 2025, the long-term renewable resources procurement plan shall allocate 10% of the funds available under the plan for the applicable delivery year, or $20,000,000 per delivery year, whichever is greater, and $10,000,000 of such funds in such year shall be used by an electric utility that serves more than 3,000,000 retail customers in the State to implement a Commission-approved plan under Section 16-108.12 of the Public Utilities Act. In making the determinations required under this subparagraph (O), the Commission shall consider the experience and performance under the programs and any evaluation reports. The Commission shall also provide for an independent evaluation of those programs on a periodic basis that are funded under this subparagraph (O).

(2) (Blank).

(3) (Blank).

(4) The electric utility shall retire all renewable energy credits used to comply with the standard.

(5) Beginning with the 2010 delivery year and ending June 1, 2017, an electric utility subject to this subsection (c) shall apply the lesser of the maximum alternative compliance payment rate or the most recent estimated alternative compliance payment rate for its service territory for the corresponding compliance period, established pursuant to subsection (d) of Section 16-115D of the Public Utilities Act to its retail customers that take service pursuant to the electric utility's hourly pricing tariff or tariffs. The electric utility shall retain all amounts collected as a result of the application of the alternative compliance payment rate or rates to such customers, and, beginning in 2011, the utility shall include in the information provided under item (1) of subsection (d) of Section 16-111.5 of the Public Utilities Act the amounts collected under the alternative compliance payment rate or rates for the prior year ending May 31. Notwithstanding any limitation on the procurement of renewable energy resources imposed by item (2) of this subsection (c), the Agency shall increase its spending on the purchase of renewable energy resources to be procured by the electric utility for the next plan year by an amount equal to the
amounts collected by the utility under the alternative compliance payment rate or rates in the prior year ending May 31.

(6) The electric utility shall be entitled to recover all of its costs associated with the procurement of renewable energy credits under plans approved under this Section and Section 16-111.5 of the Public Utilities Act. These costs shall include associated reasonable expenses for implementing the procurement programs, including, but not limited to, the costs of administering and evaluating the Adjustable Block program, through an automatic adjustment clause tariff in accordance with subsection (k) of Section 16-108 of the Public Utilities Act.

(7) Renewable energy credits procured from new photovoltaic projects or new distributed renewable energy generation devices under this Section after June 1, 2017 (the effective date of Public Act 99-906) must be procured from devices installed by a qualified person in compliance with the requirements of Section 16-128A of the Public Utilities Act and any rules or regulations adopted thereunder.

In meeting the renewable energy requirements of this subsection (c), to the extent feasible and consistent with State and federal law, the renewable energy credit procurements, Adjustable Block solar program, and community renewable generation program shall provide employment opportunities for all segments of the population and workforce, including minority-owned and female-owned business enterprises, and shall not, consistent with State and federal law, discriminate based on race or socioeconomic status.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity generated using clean coal. Each utility shall enter into one or more sourcing agreements with the initial clean coal facility, as provided in paragraph (3) of this subsection (d), covering electricity generated by the initial clean coal facility representing at least 5% of each utility's total supply to serve the load of eligible retail customers in 2015 and each year thereafter, as described in paragraph (3) of this subsection (d), subject to the limits specified in paragraph (2) of this subsection (d). It is the goal of the State that by January 1, 2025, 25% of the electricity used in the State

shall be generated by cost-effective clean coal facilities. For purposes of this subsection (d), "cost-effective" means that the expenditures pursuant to such sourcing agreements do not cause the limit stated in paragraph (2) of this subsection (d) to be exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated
average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute.

No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings as to whether that limitation unduly constrains the amount of electricity generated by
cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least 500 MW when commercial operation commences, that has a final Clean Air Act permit on June 1, 2009 (the effective date of Public Act 95-1027) this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any, substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States

Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:

(i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;

(ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;

(iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and

(iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

New matter indicated by italics - deletions by strikeout
(C) contract for differences provisions, which shall:

(i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement (or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is delivered to the initial clean coal facility busbar, multiplied by (2) the quantity of electricity determined pursuant to the preceding clause (i); and

(iii) not require the utility to take physical delivery of the electricity produced by the facility;

New matter indicated by italics - deletions by strikeout
(D) general provisions, which shall:

   (i) specify a term of no more than 30 years, commencing on the commercial operation date of the facility;

   (ii) provide that utilities shall maintain adequate records documenting purchases under the sourcing agreements entered into to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act;

   (iii) provide that all costs associated with the initial clean coal facility will be periodically reported to the Federal Energy Regulatory Commission and to purchasers in accordance with applicable laws governing cost-based wholesale power contracts;

   (iv) permit the Illinois Power Agency to assume ownership of the initial clean coal facility, without monetary consideration and otherwise on reasonable terms acceptable to the Agency, if the Agency so requests no less than 3 years prior to the end of the stated contract term;

   (v) require the owner of the initial clean coal facility to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon emissions from the facility that have been captured and sequestered and report any quantities of carbon released from the site or sites at which carbon emissions were sequestered in prior years, based on continuous monitoring of such sites. If, in any year after the first year of commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior

years has failed, resulting in the release of carbon dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility willfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);
(vii) require Commission review: (1) to determine the justness, reasonableness, and prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

New matter indicated by italics - deletions by strikeout
(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and
(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility.

Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

(i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively "facility cost report"), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

(ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate

New matter indicated by italics - deletions by strikeout
impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms

detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

(i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

(ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include capitalized financing costs during construction, taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from vendors of major

equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs. The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries. The balance of the operating and maintenance cost quote, excluding delivered fuel costs, will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include taxes, insurance, and other owner's costs, and an assumed escalation in materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofitting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(d-5) Zero emission standard.

(1) Beginning with the delivery year commencing on June 1, 2017, the Agency shall, for electric utilities that serve at least 100,000 retail customers in this State, procure contracts with zero emission facilities that are reasonably
capable of generating cost-effective zero emission credits in an amount approximately equal to 16% of the actual amount of electricity delivered by each electric utility to retail customers in the State during calendar year 2014. For an electric utility serving fewer than 100,000 retail customers in this State that requested, under Section 16-111.5 of the Public Utilities Act, that the Agency procure power and energy for all or a portion of the utility's Illinois load for the delivery year commencing June 1, 2016, the Agency shall procure contracts with zero emission facilities that are reasonably capable of generating cost-effective zero emission credits in an amount approximately equal to 16% of the portion of power and energy to be procured by the Agency for the utility. The duration of the contracts procured under this subsection (d-5) shall be for a term of 10 years ending May 31, 2027. The quantity of zero emission credits to be procured under the contracts shall be all of the zero emission credits generated by the zero emission facility in each delivery year; however, if the zero emission facility is owned by more than one entity, then the quantity of zero emission credits to be procured under the contracts shall be the amount of zero emission credits that are generated from the portion of the zero emission facility that is owned by the winning supplier.

The 16% value identified in this paragraph (1) is the average of the percentage targets in subparagraph (B) of paragraph (1) of subsection (c) of Section 1-75 of this Act for the 5 delivery years beginning June 1, 2017.

The procurement process shall be subject to the following provisions:

(A) Those zero emission facilities that intend to participate in the procurement shall submit to the Agency the following eligibility information for each zero emission facility on or before the date established by the Agency:

(i) the in-service date and remaining useful life of the zero emission facility;

(ii) the amount of power generated annually for each of the years 2005 through 2015, and the projected zero emission credits to be generated over

New matter indicated by italics - deletions by strikeout
the remaining useful life of the zero emission facility, which shall be used to determine the capability of each facility;

(iii) the annual zero emission facility cost projections, expressed on a per megawatthour basis, over the next 6 delivery years, which shall include the following: operation and maintenance expenses; fully allocated overhead costs, which shall be allocated using the methodology developed by the Institute for Nuclear Power Operations; fuel expenditures; non-fuel capital expenditures; spent fuel expenditures; a return on working capital; the cost of operational and market risks that could be avoided by ceasing operation; and any other costs necessary for continued operations, provided that "necessary" means, for purposes of this item (iii), that the costs could reasonably be avoided only by ceasing operations of the zero emission facility; and

(iv) a commitment to continue operating, for the duration of the contract or contracts executed under the procurement held under this subsection (d-5), the zero emission facility that produces the zero emission credits to be procured in the procurement.

The information described in item (iii) of this subparagraph (A) may be submitted on a confidential basis and shall be treated and maintained by the Agency, the procurement administrator, and the Commission as confidential and proprietary and exempt from disclosure under subparagraphs (a) and (g) of paragraph (1) of Section 7 of the Freedom of Information Act. The Office of Attorney General shall have access to, and maintain the confidentiality of, such information pursuant to Section 6.5 of the Attorney General Act.

(B) The price for each zero emission credit procured under this subsection (d-5) for each delivery year shall be in an amount that equals the Social Cost of Carbon, expressed on a price per megawatthour basis. However, to ensure that the procurement remains affordable to retail customers in this State if electricity prices increase, the price in an
applicable delivery year shall be reduced below the Social Cost of Carbon by the amount ("Price Adjustment") by which the market price index for the applicable delivery year exceeds the baseline market price index for the consecutive 12-month period ending May 31, 2016. If the Price Adjustment is greater than or equal to the Social Cost of Carbon in an applicable delivery year, then no payments shall be due in that delivery year. The components of this calculation are defined as follows:

(i) Social Cost of Carbon: The Social Cost of Carbon is $16.50 per megawatthour, which is based on the U.S. Interagency Working Group on Social Cost of Carbon's price in the August 2016 Technical Update using a 3% discount rate, adjusted for inflation for each year of the program. Beginning with the delivery year commencing June 1, 2023, the price per megawatthour shall increase by $1 per megawatthour, and continue to increase by an additional $1 per megawatthour each delivery year thereafter.

(ii) Baseline market price index: The baseline market price index for the consecutive 12-month period ending May 31, 2016 is $31.40 per megawatthour, which is based on the sum of (aa) the average day-ahead energy price across all hours of such 12-month period at the PJM Interconnection LLC Northern Illinois Hub, (bb) 50% multiplied by the Base Residual Auction, or its successor, capacity price for the rest of the RTO zone group determined by PJM Interconnection LLC, divided by 24 hours per day, and (cc) 50% multiplied by the Planning Resource Auction, or its successor, capacity price for Zone 4 determined by the Midcontinent Independent System Operator, Inc., divided by 24 hours per day.

(iii) Market price index: The market price index for a delivery year shall be the sum of projected energy prices and projected capacity prices determined as follows:

New matter indicated by italics - deletions by strikeout
(aa) Projected energy prices: the projected energy prices for the applicable delivery year shall be calculated once for the year using the forward market price for the PJM Interconnection, LLC Northern Illinois Hub. The forward market price shall be calculated as follows: the energy forward prices for each month of the applicable delivery year averaged for each trade date during the calendar year immediately preceding that delivery year to produce a single energy forward price for the delivery year. The forward market price calculation shall use data published by the Intercontinental Exchange, or its successor.

(bb) Projected capacity prices:

(I) For the delivery years commencing June 1, 2017, June 1, 2018, and June 1, 2019, the projected capacity price shall be equal to the sum of (1) 50% multiplied by the Base Residual Auction, or its successor, price for the rest of the RTO zone group as determined by PJM Interconnection LLC, divided by 24 hours per day and, (2) 50% multiplied by the resource auction price determined in the resource auction administered by the Midcontinent Independent System Operator, Inc., in which the largest percentage of load cleared for Local Resource Zone 4, divided by 24 hours per day, and where such price is determined by the Midcontinent Independent System Operator, Inc.

(II) For the delivery year commencing June 1, 2020, and each year thereafter, the projected capacity

price shall be equal to the sum of (1) 50% multiplied by the Base Residual Auction, or its successor, price for the ComEd zone as determined by PJM Interconnection LLC, divided by 24 hours per day, and (2) 50% multiplied by the resource auction price determined in the resource auction administered by the Midcontinent Independent System Operator, Inc., in which the largest percentage of load cleared for Local Resource Zone 4, divided by 24 hours per day, and where such price is determined by the Midcontinent Independent System Operator, Inc.

For purposes of this subsection (d-5):

"Rest of the RTO" and "ComEd Zone" shall have the meaning ascribed to them by PJM Interconnection, LLC.

"RTO" means regional transmission organization.

(C) No later than 45 days after June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly, the Agency shall publish its proposed zero emission standard procurement plan. The plan shall be consistent with the provisions of this paragraph (1) and shall provide that winning bids shall be selected based on public interest criteria that include, but are not limited to, minimizing carbon dioxide emissions that result from electricity consumed in Illinois and minimizing sulfur dioxide, nitrogen oxide, and particulate matter emissions that adversely affect the citizens of this State. In particular, the selection of winning bids shall take into account the incremental environmental benefits resulting from the procurement, such as any existing environmental benefits that are preserved by the procurements held under Public Act 99-906 this amendatory Act of the 99th General Assembly and would
cease to exist if the procurements were not held, including the preservation of zero emission facilities. The plan shall also describe in detail how each public interest factor shall be considered and weighted in the bid selection process to ensure that the public interest criteria are applied to the procurement and given full effect.

For purposes of developing the plan, the Agency shall consider any reports issued by a State agency, board, or commission under House Resolution 1146 of the 98th General Assembly and paragraph (4) of subsection (d) of Section 1-75 of this Act, as well as publicly available analyses and studies performed by or for regional transmission organizations that serve the State and their independent market monitors.

Upon publishing of the zero emission standard procurement plan, copies of the plan shall be posted and made publicly available on the Agency's website. All interested parties shall have 10 days following the date of posting to provide comment to the Agency on the plan. All comments shall be posted to the Agency's website. Following the end of the comment period, but no more than 60 days later than June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly, the Agency shall revise the plan as necessary based on the comments received and file its zero emission standard procurement plan with the Commission.

If the Commission determines that the plan will result in the procurement of cost-effective zero emission credits, then the Commission shall, after notice and hearing, but no later than 45 days after the Agency filed the plan, approve the plan or approve with modification. For purposes of this subsection (d-5), "cost effective" means the projected costs of procuring zero emission credits from zero emission facilities do not cause the limit stated in paragraph (2) of this subsection to be exceeded.

(C-5) As part of the Commission's review and acceptance or rejection of the procurement results, the Commission shall, in its public notice of successful bidders:

(i) identify how the winning bids satisfy the public interest criteria described in subparagraph (C) of this paragraph (1) of minimizing carbon dioxide emissions that result from electricity consumed in Illinois and minimizing sulfur dioxide, nitrogen oxide, and particulate matter emissions that adversely affect the citizens of this State;

(ii) specifically address how the selection of winning bids takes into account the incremental environmental benefits resulting from the procurement, including any existing environmental benefits that are preserved by the procurements held under Public Act 99-906 this amendatory Act of the 99th General Assembly and would have ceased to exist if the procurements had not been held, such as the preservation of zero emission facilities;

(iii) quantify the environmental benefit of preserving the resources identified in item (ii) of this subparagraph (C-5), including the following:

(aa) the value of avoided greenhouse gas emissions measured as the product of the zero emission facilities' output over the contract term multiplied by the U.S. Environmental Protection Agency eGrid subregion carbon dioxide emission rate and the U.S. Interagency Working Group on Social Cost of Carbon's price in the August 2016 Technical Update using a 3% discount rate, adjusted for inflation for each delivery year; and

(bb) the costs of replacement with other zero carbon dioxide resources, including wind and photovoltaic, based upon the simple average of the following:

(I) the price, or if there is more than one price, the average of the prices, paid for renewable energy credits from new utility-scale wind projects in the procurement events
specified in item (i) of subparagraph (G) of paragraph (1) of subsection (c) of Section 1-75 of this Act; and

(II) the price, or if there is more than one price, the average of the prices, paid for renewable energy credits from new utility-scale solar projects and brownfield site photovoltaic projects in the procurement events specified in item (ii) of subparagraph (G) of paragraph (1) of subsection (c) of Section 1-75 of this Act and, after January 1, 2015, renewable energy credits from photovoltaic distributed generation projects in procurement events held under subsection (c) of Section 1-75 of this Act.

Each utility shall enter into binding contractual arrangements with the winning suppliers.

The procurement described in this subsection (d-5), including, but not limited to, the execution of all contracts procured, shall be completed no later than May 10, 2017. Based on the effective date of Public Act 99-906 this amendatory Act of the 99th General Assembly, the Agency and Commission may, as appropriate, modify the various dates and timelines under this subparagraph and subparagraphs (C) and (D) of this paragraph (1). The procurement and plan approval processes required by this subsection (d-5) shall be conducted in conjunction with the procurement and plan approval processes required by subsection (c) of this Section and Section 16-111.5 of the Public Utilities Act, to the extent practicable. Notwithstanding whether a procurement event is conducted under Section 16-111.5 of the Public Utilities Act, the Agency shall immediately initiate a procurement process on June 1, 2017 (the effective date of Public Act 99-906) this amendatory Act of the 99th General Assembly.

(D) Following the procurement event described in this paragraph (1) and consistent with subparagraph (B) of this paragraph (1), the Agency shall calculate the payments to be made under each contract for the next delivery year based on the market price index for that delivery year. The Agency shall publish the payment calculations no later than May 25, 2017 and every May 25 thereafter.

(E) Notwithstanding the requirements of this subsection (d-5), the contracts executed under this subsection (d-5) shall provide that the zero emission facility may, as applicable, suspend or terminate performance under the contracts in the following instances:

   (i) A zero emission facility shall be excused from its performance under the contract for any cause beyond the control of the resource, including, but not restricted to, acts of God, flood, drought, earthquake, storm, fire, lightning, epidemic, war, riot, civil disturbance or disobedience, labor dispute, labor or material shortage, sabotage, acts of public enemy, explosions, orders, regulations or restrictions imposed by governmental, military, or lawfully established civilian authorities, which, in any of the foregoing cases, by exercise of commercially reasonable efforts the zero emission facility could not reasonably have been expected to avoid, and which, by the exercise of commercially reasonable efforts, it has been unable to overcome. In such event, the zero emission facility shall be excused from performance for the duration of the event, including, but not limited to, delivery of zero emission credits, and no payment shall be due to the zero emission facility during the duration of the event.

   (ii) A zero emission facility shall be permitted to terminate the contract if legislation is enacted into law by the General Assembly that imposes or authorizes a new tax, special assessment, or fee on the generation of electricity, the ownership or leasehold of a generating unit, or
the privilege or occupation of such generation, ownership, or leasehold of generation units by a zero emission facility. However, the provisions of this item (ii) do not apply to any generally applicable tax, special assessment or fee, or requirements imposed by federal law.

(iii) A zero emission facility shall be permitted to terminate the contract in the event that the resource requires capital expenditures in excess of $40,000,000 that were neither known nor reasonably foreseeable at the time it executed the contract and that a prudent owner or operator of such resource would not undertake.

(iv) A zero emission facility shall be permitted to terminate the contract in the event the Nuclear Regulatory Commission terminates the resource's license.

(F) If the zero emission facility elects to terminate a contract under this subparagraph (E), of this paragraph (1), then the Commission shall reopen the docket in which the Commission approved the zero emission standard procurement plan under subparagraph (C) of this paragraph (1) and, after notice and hearing, enter an order acknowledging the contract termination election if such termination is consistent with the provisions of this subsection (d-5).

(2) For purposes of this subsection (d-5), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d-5), the total amount paid for electric service includes, without limitation, amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (d-5), the contracts executed under this subsection (d-5) shall provide that the total of zero emission credits procured under a procurement plan shall be subject to the limitations of this paragraph (2). For each delivery year, the contractual volume receiving payments in such year shall be reduced for all retail customers based on the amount necessary to limit the net increase that delivery year to the

costs of those credits included in the amounts paid by eligible retail customers in connection with electric service to no more than 1.65% of the amount paid per kilowatthour by eligible retail customers during the year ending May 31, 2009. The result of this computation shall apply to and reduce the procurement for all retail customers, and all those customers shall pay the same single, uniform cents per kilowatthour charge under subsection (k) of Section 16-108 of the Public Utilities Act. To arrive at a maximum dollar amount of zero emission credits to be paid for the particular delivery year, the resulting per kilowatthour amount shall be applied to the actual amount of kilowatthours of electricity delivered by the electric utility in the delivery year immediately prior to the procurement, to all retail customers in its service territory. Unpaid contractual volume for any delivery year shall be paid in any subsequent delivery year in which such payments can be made without exceeding the amount specified in this paragraph (2). The calculations required by this paragraph (2) shall be made only once for each procurement plan year. Once the determination as to the amount of zero emission credits to be paid is made based on the calculations set forth in this paragraph (2), no subsequent rate impact determinations shall be made and no adjustments to those contract amounts shall be allowed. All costs incurred under those contracts and in implementing this subsection (d-5) shall be recovered by the electric utility as provided in this Section.

No later than June 30, 2019, the Commission shall review the limitation on the amount of zero emission credits procured under this subsection (d-5) and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of cost-effective zero emission credits.

(3) Six years after the execution of a contract under this subsection (d-5), the Agency shall determine whether the actual zero emission credit payments received by the supplier over the 6-year period exceed the Average ZEC Payment. In addition, at the end of the term of a contract executed under this subsection (d-5), or at the time, if any, a zero emission facility's contract is terminated under subparagraph (E) of paragraph (1) of this subsection (d-5), then the Agency shall determine whether the actual zero emission credit payments received by the supplier over the term of the contract exceed the Average ZEC Payment, after

taking into account any amounts previously credited back to the utility under this paragraph (3). If the Agency determines that the actual zero emission credit payments received by the supplier over the relevant period exceed the Average ZEC Payment, then the supplier shall credit the difference back to the utility. The amount of the credit shall be remitted to the applicable electric utility no later than 120 days after the Agency's determination, which the utility shall reflect as a credit on its retail customer bills as soon as practicable; however, the credit remitted to the utility shall not exceed the total amount of payments received by the facility under its contract.

For purposes of this Section, the Average ZEC Payment shall be calculated by multiplying the quantity of zero emission credits delivered under the contract times the average contract price. The average contract price shall be determined by subtracting the amount calculated under subparagraph (B) of this paragraph (3) from the amount calculated under subparagraph (A) of this paragraph (3), as follows:

(A) The average of the Social Cost of Carbon, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5), during the term of the contract.

(B) The average of the market price indices, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5), during the term of the contract, minus the baseline market price index, as defined in subparagraph (B) of paragraph (1) of this subsection (d-5). If the subtraction yields a negative number, then the Average ZEC Payment shall be zero.

(4) Cost-effective zero emission credits procured from zero emission facilities shall satisfy the applicable definitions set forth in Section 1-10 of this Act.

(5) The electric utility shall retire all zero emission credits used to comply with the requirements of this subsection (d-5).

(6) Electric utilities shall be entitled to recover all of the costs associated with the procurement of zero emission credits through an automatic adjustment clause tariff in accordance with subsection (k) and (m) of Section 16-108 of the Public Utilities Act, and the contracts executed under this subsection (d-5) shall provide that the utilities' payment obligations under such contracts...
shall be reduced if an adjustment is required under subsection (m) of Section 16-108 of the Public Utilities Act.

(7) This subsection (d-5) shall become inoperative on January 1, 2028.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

(i) A renewable energy credit, carbon emission credit, or zero emission credit can only be used once to comply with a single portfolio or other standard as set forth in subsection (c), subsection (d), or subsection (d-5) of this Section, respectively. A renewable energy credit, carbon emission credit, or zero emission credit cannot be used to satisfy the requirements of more than one standard. If more than one type of credit is issued for the same megawatt hour of energy, only one credit can be used to satisfy the requirements of a single standard. After such use, the credit must be retired together with any other credits issued for the same megawatt hour of energy.

For fiscal year 2010, no road fund moneys shall be appropriated to the Secretary of State.

Beginning in fiscal year 2011, moneys in the Road Fund shall be appropriated to the Secretary of State for the exclusive purpose of paying refunds due to overpayment of fees related to Chapter 3 of the Illinois Vehicle Code unless otherwise provided for by law.

It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

No new program may be initiated in fiscal year 1991 and thereafter that is not consistent with the limitations imposed by this Section for fiscal year 1984 and thereafter, insofar as appropriation of Road Fund monies is concerned.

Nothing in this Section prohibits transfers from the Road Fund to the State Construction Account Fund under Section 5e of this Act; nor to the General Revenue Fund, as authorized by Public Act 93-25 this amendatory Act of the 93rd General Assembly.

The additional amounts authorized for expenditure in this Section by Public Acts 92-0600, 93-0025, 93-0839, and 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary

The additional amounts authorized for expenditure by the Secretary of State and the Department of State Police in this Section by Public Act 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Revised Uniform Unclaimed Property Act and for the expenses incurred by the Auditor General for administering the provisions of Section 2-8.1 of the Illinois State Auditing Act and for operational expenses of the Office of the State Treasurer and for the funding of the unfunded liabilities of the designated retirement systems. Beginning in State fiscal year 2019, payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code.

"Designated retirement systems" means:

(1) the State Employees' Retirement System of Illinois;
(2) the Teachers' Retirement System of the State of Illinois;
(3) the State Universities Retirement System;
(4) the Judges Retirement System of Illinois; and
(5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Revised Uniform Unclaimed Property Act.

(c) As soon as possible after July 30, 2004 (the effective date of this amendatory Act of the 93rd General Assembly), the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that

amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below $5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems.

(c-5) For fiscal years 2006 through 2018, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

(c-6) For fiscal year 2019 and each fiscal year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount among the designated retirement systems as defined in subsection (a) to reduce their actuarial reserve deficiencies. The State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems to fund the unfunded liabilities of the designated retirement systems. The amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actual reserve deficiency of the systems, as determined annually by the Governor's Office of Management and Budget at the request of the State Treasurer. The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after March 5, 2004 (the effective date of Public Act 93-665) this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a

The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by Public Act 88-593 this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

transfers authorized in subsection (c) of this Section, the fiscal year 2005 transfers authorized in this sentence may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund. During State fiscal year 2007, the Departments of Children and Family Services, Corrections, Human Services, and Juvenile Justice may transfer amounts among their respective appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State contributions to retirement systems. During State fiscal year 2010, the Department of Transportation may transfer amounts among their respective appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State contributions to retirement systems. The total amounts transferred shall not exceed 4% in total of the amounts appropriated from the General Revenue Fund or any other State fund that receives monies for long-term care services for each fiscal year. A notice of the fund transfer must be made to the General Assembly and posted at a minimum on the Department of Healthcare and Family Services website, the Governor's Office of Management and Budget website, and any other website the Governor sees fit. (a) Except as otherwise provided in this subsection and subsection (h), Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds, other than Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology, (i) except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, 2011, 2017, or 2018 must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years. Bonds issued under Section 3 of this Act for the costs associated with the purchase and implementation of information technology must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring with the fiscal year in which the respective bonds are issued or with the next succeeding fiscal year, with the respective bonds issued maturing or subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

Notwithstanding any provision of this Act to the contrary, Income Tax Proceed Bonds issued under Section 7.6 shall be payable 12 years from the date of sale and shall be issued with payment of principal or mandatory redemption.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will

apply during such times as Variable Rate Bonds of any series are held by a
person providing credit or liquidity enhancement arrangements for such
Bonds as authorized in subsection (b) of this Section. The Bond Sale
Order may also provide for such variable interest rates to be established
pursuant to a process generally known as an auction rate process and may
provide for appointment of one or more financial institutions to serve as
auction agents and broker-dealers in connection with the establishment of
such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the
State may enter into arrangements to provide additional security and
liquidity for such Bonds, including, without limitation, bond or interest
rate insurance or letters of credit, lines of credit, bond purchase contracts,
or other arrangements whereby funds are made available to retire or
purchase Bonds, thereby assuring the ability of owners of the Bonds to sell
or redeem their Bonds. The State may enter into contracts and may agree
to pay fees to persons providing such arrangements, but only under
circumstances where the Director of the Governor's Office of Management
and Budget certifies that he or she reasonably expects the total interest
paid or to be paid on the Bonds, together with the fees for the
arrangements (being treated as if interest), would not, taken together, cause
the Bonds to bear interest, calculated to their stated maturity, at a rate in
excess of the rate that the Bonds would bear in the absence of such
arrangements.

The State may, with respect to Bonds issued or anticipated to be
issued, participate in and enter into arrangements with respect to interest
rate protection or exchange agreements, guarantees, or financial futures
contracts for the purpose of limiting, reducing, or managing interest rate
exposure. The authority granted under this paragraph, however, shall not
increase the principal amount of Bonds authorized to be issued by law.
The arrangements may be executed and delivered by the Director of the
Governor's Office of Management and Budget on behalf of the State. Net
payments for such arrangements shall constitute interest on the Bonds and
shall be paid from the General Obligation Bond Retirement and Interest
Fund. The Director of the Governor's Office of Management and Budget
shall at least annually certify to the Governor and the State Comptroller his
or her estimate of the amounts of such net payments to be included in the
calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to
subsection (a), the Director of the Governor's Office of Management and

Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which

the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

(f) Beginning with the next issuance by the Governor's Office of Management and Budget to the Procurement Policy Board of a request for quotation for the purpose of formulating a new pool of qualified underwriting banks list, all entities responding to such a request for quotation for inclusion on that list shall provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. The written report submitted to the Comptroller shall (i) be published on the Comptroller's Internet website and (ii) be used by the Governor's Office of Management and Budget for the purposes of scoring such a request for quotation. The written report, at a minimum, shall:

(5) list all time periods during the past 3 months during which the firm held net long or net short State of Illinois CDS proprietary credit protection positions, the amount of such positions, and whether those positions were net long or net short credit protection positions; and

(6) indicate whether, within the previous 3 months, the firm released any publicly available research or marketing reports that reference State of Illinois CDS and include those research or marketing reports as attachments.

(g) All entities included on a Governor's Office of Management and Budget's pool of qualified underwriting banks list shall, as soon as possible after March 18, 2011 (the effective date of Public Act 96-1554), but not later than January 21, 2011, and on a quarterly fiscal basis thereafter, provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. (h) Notwithstanding any other provision of this Section, for purposes of maximizing market efficiencies and cost savings, Income Tax Proceed Bonds may be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Income Tax Proceed Bonds shall be in such form, either coupon, registered, or book entry, in such denominations, shall bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Income Tax Proceed Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act. Income Tax Proceed Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds; provided that all Bonds authorized by Public Act 96-43 and Public Act 96-1497 shall not be

included in determining compliance for any fiscal year with the requirements of the preceding 2 sentences; and further provided that refunding Bonds satisfying the requirements of Section 16 of this Act and sold during fiscal year 2009, 2010, 2011, 2017, or 2018 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget may, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services, and shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

All Income Tax Proceed Bonds shall comply with this Section. Notwithstanding anything to the contrary, however, for purposes of complying with this Section, Income Tax Proceed Bonds, regardless of the number of series or issuances sold thereunder, shall be considered a single issue or series. Furthermore, for purposes of complying with the competitive bidding requirements of this Section, the words "at all times" shall not apply to any such sale of the Income Tax Proceed Bonds. The Director of the Governor's Office of Management and Budget shall determine the time and manner of any competitive sale of the Income Tax Proceed Bonds; however, that sale shall under no circumstances take place later than 60 days after the State closes the sale of 75% of the Income Tax Proceed Bonds by negotiated sale.

The State official or agency responsible for administering the contract shall provide subcontractors and material suppliers, known to the State official or agency, with instructions on how to access the electronic information.

When a contractor receives any payment, the contractor shall pay each lower-tiered subcontractor and material supplier and each subcontractor and material supplier shall make payment to its own respective subcontractors and material suppliers. subcontractors or material suppliers and what amount, if any, is
due to the subcontractors or material suppliers, and the reasonable
cause or causes asserted by the contractor. The State official or
agency shall provide appropriate notice to the parties of the date,
time, and location of the hearing. Each contractor, subcontractor,
or material supplier has the right to be represented by counsel at a

Upon that petition and taking of additional evidence, as may be required, the administrative law judge may issue a supplemental order directing the contractor to pay those reasonable attorney's fees and costs.

(7) The written order of the administrative law judge shall be final and appealable under the Administrative Review Law.

(c) This Section shall not be construed to in any manner diminish, negate, or interfere with the contractor-subcontractor or contractor-material supplier relationship or commercially useful function.

(d) This Section shall not preclude, bar, or stay the rights, remedies, and defenses available to the parties by way of the operation of their contract, purchase agreement, the Mechanics Lien Act, or the Public Construction Bond Act.

(e) State officials and agencies may adopt rules as may be deemed necessary in order to establish the formal procedures required under this Section.

"Reasonable cause" further does not include the withholding, offset, or reduction of payment, in whole or in part, due to the assessment of liquidated damages or penalties assessed by the Department of Transportation against the contractor, unless the subcontractor's performance or supplied materials were the sole and proximate cause of the liquidated damage or penalty.

Section 170. The Grant Accountability and Transparency Act is amended by changing Section 45 as follows:

(30 ILCS 708/45)
(Section scheduled to be repealed on July 16, 2020)
Sec. 45. Applicability.
(a) The requirements established under this Act apply to State grant-making agencies that make State and federal pass-through awards to non-federal entities. These requirements apply to all costs related to State and federal pass-through awards. The requirements established under this Act do not apply to private awards.
(a-5) Nothing in this Act shall prohibit the use of State funds for purposes of federal match or maintenance of effort.
(b) The terms and conditions of State, federal, and pass-through awards apply to subawards and subrecipients unless a particular Section of this Act or the terms and conditions of the State or federal award specifically indicate otherwise. Non-federal entities shall comply with requirements of this Act regardless of whether the non-federal entity is a

recipient or subrecipient of a State or federal pass-through award. Pass-through entities shall comply with the requirements set forth under the rules adopted under subsection (a) of Section 20 of this Act, but not to any requirements in this Act directed towards State or federal awarding agencies, unless the requirements of the State or federal awards indicate otherwise.

When a non-federal entity is awarded a cost-reimbursement contract, only 2 CFR 200.330 through 200.332 are incorporated by reference into the contract. However, when the Cost Accounting Standards are applicable to the contract, they take precedence over the requirements of this Act unless they are in conflict with Subpart F of 2 CFR 200. In addition, costs that are made unallowable under 10 U.S.C. 2324(e) and 41 U.S.C. 4304(a), as described in the Federal Acquisition Regulations, subpart 31.2 and subpart 31.603, are always unallowable. For requirements other than those covered in Subpart D of 2 CFR 200.330 through 200.332, the terms of the contract and the Federal Acquisition Regulations apply.

With the exception of Subpart F of 2 CFR 200, which is required by the Single Audit Act, in any circumstances where the provisions of federal statutes or regulations differ from the provisions of this Act, the provision of the federal statutes or regulations govern. This includes, for agreements with Indian tribes, the provisions of the Indian Self-Determination and Education and Assistance Act, as amended, 25 U.S.C. 450-458ddd-2.

(c) State grant-making agencies may apply subparts A through E of 2 CFR 200 to for-profit entities, foreign public entities, or foreign organizations, except where the awarding agency determines that the application of these subparts would be inconsistent with the international obligations of the United States or the statute or regulations of a foreign government.

(d) Except for 2 CFR 200.202 and 200.330 through 200.332, the requirements in Subparts C, D, and E of 2 CFR 200 do not apply to the following programs:

(1) The block grant awards authorized by the Omnibus Budget Reconciliation Act of 1981 (including Community Services; Preventive Health and Health Services; Alcohol, Drug Abuse, and Mental Health Services; Maternal and Child Health Services; Social Services; Low-Income Home Energy Assistance; States' Program of Community Development Block Grant Awards for Small Cities; and Elementary and Secondary Education, other

(e) Except for the 2 CFR 200.202 requirement to provide public notice of federal financial assistance programs, the guidance in Subpart C Pre-federal Award Requirements and Contents of Federal Awards does not apply to the following programs:

(1) Entitlement federal awards to carry out the following programs of the Social Security Act:

   (A) Temporary Assistance for Needy Families (Title IV-A of the Social Security Act, 42 U.S.C. 601-619);

Sec. 2-3. (a) As soon as possible after the first day of each month, beginning July 1, 1984, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the "Downstate Public Transportation Fund", an amount equal to 2/32 (beginning July 1, 2005, 3/32) of the net revenue realized from the "Retailers' Occupation Tax Act", as now or hereafter amended, the "Service Occupation Tax Act", as now or hereafter amended, the "Use Tax Act", as now or hereafter amended, and the "Service Use Tax Act", as now or after amendment by P.A. 100-363, from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of each participant, other than any Metro-East Transit District participant certified pursuant to subsection (c) of this Section during the preceding month, except that the Department shall pay into the Downstate Public Transportation Fund 2/32 (beginning July 1, 2005, 3/32) of 80% of the net revenue realized under the State tax Acts named above within any municipality or county located wholly within the boundaries of each participant, other than any Metro-East participant, for tax periods beginning on or after January 1, 1990. Net revenue realized for a month shall be the revenue collected by the State pursuant to such Acts during the previous month from persons incurring municipal or county retailers' or service occupation tax liability for the benefit of any municipality or county located wholly within the boundaries of a participant, less the amount paid out during that same month as refunds or credit memoranda to taxpayers for overpayment of liability under such Acts for the benefit of any municipality or county located wholly within the boundaries of a participant.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23) this amendatory Act of the 100th General Assembly, those amounts required under this

subsection (a) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b) As soon as possible after the first day of each month, beginning July 1, 1989, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to a special fund in the State Treasury which is hereby created, to be known as the "Metro-East Public Transportation Fund", an amount equal to 2/32 of the net revenue realized, as above, from within the boundaries of Madison, Monroe, and St. Clair Counties, except that the Department shall pay into the Metro-East Public Transportation Fund 2/32 of 80% of the net revenue realized under the State tax Acts specified in subsection (a) of this Section within the boundaries of Madison, Monroe and St. Clair Counties for tax periods beginning on or after January 1, 1990. A local match equivalent to an amount which could be raised by a tax levy at the rate of .05% on the assessed value of property within the boundaries of Madison County is required annually to cause a total of 2/32 of the net revenue to be deposited in the Metro-East Public Transportation Fund. Failure to raise the required local match annually shall result in only 1/32 being deposited into the Metro-East Public Transportation Fund after July 1, 1989, or 1/32 of 80% of the net revenue realized for tax periods beginning on or after January 1, 1990.

(b-5) As soon as possible after the first day of each month, beginning July 1, 2005, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Monroe and St. Clair Counties under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2005, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Monroe and St. Clair Counties.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23) this amendatory Act of the 100th General Assembly, those amounts required under this subsection (b-5) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be

directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b-6) As soon as possible after the first day of each month, beginning July 1, 2008, upon certification by the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Madison County under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2008, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Madison County.

Notwithstanding any provision of law to the contrary, beginning on July 6, 2017 (the effective date of Public Act 100-23) of the 100th General Assembly, those amounts required under this subsection (b-6) to be transferred by the Treasurer into the Downstate Public Transportation Fund from the General Revenue Fund shall be directly deposited into the Downstate Public Transportation Fund as the revenues are realized from the taxes indicated.

(b-7) Beginning July 1, 2018, notwithstanding the other provisions of this Section, instead of the Comptroller making monthly transfers from the General Revenue Fund to the Downstate Public Transportation Fund, the Department of Revenue shall deposit the designated fraction of the net revenue realized from collections under the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Use Tax Act, and the Service Use Tax Act directly into the Downstate Public Transportation Fund.

(c) The Department shall certify to the Department of Revenue the eligible participants under this Article and the territorial boundaries of such participants for the purposes of the Department of Revenue in subsections (a) and (b) of this Section.

(d) For the purposes of this Article, beginning in fiscal year 2009 the General Assembly shall appropriate an amount from the Downstate Public Transportation Fund equal to the sum total funds projected to be paid to the participants pursuant to Section 2-7. If the General Assembly fails to make appropriations sufficient to cover the amounts projected to be paid pursuant to Section 2-7, this Act shall constitute an irrevocable and continuing appropriation from the Downstate Public Transportation Fund of all amounts necessary for those purposes.

Public Transportation Fund pursuant to this Section shall not exceed $169,000,000 in State fiscal year 2012.

(a) As used in this Section:

"Applicant" means a corporation, partnership, limited liability company, or a natural person that makes an investment in a qualified new business venture. The term "applicant" does not include a corporation, partnership, limited liability company, or a natural person who has a direct

or indirect ownership interest of at least 51% in the profits, capital, or value of the investment or a related member.

"Claimant" means an applicant certified by the Department who files a claim for a credit under this Section.

"Department" means the Department of Commerce and Economic Opportunity.

"Investment" means money (or its equivalent) given to a qualified new business venture, at a risk of loss, in consideration for an equity interest of the qualified new business venture. The Department may adopt rules to permit certain forms of contingent equity investments to be considered eligible for a tax credit under this Section.

"Qualified new business venture" means a business that is registered with the Department under this Section.

"Related member" means a person that, with respect to the applicant, is any one of the following:

(1) An individual, if the individual and the members of the individual's family (as defined in Section 318 of the Internal Revenue Code) own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the value of the outstanding profits, capital, stock, or other ownership interest in the applicant.

(2) A partnership, estate, or trust and any partner or beneficiary, if the partnership, estate, or trust and its partners or beneficiaries own directly, indirectly, beneficially, or constructively, in the aggregate, at least 50% of the profits, capital, stock, or other ownership interest in the applicant.

(3) A corporation, and any party related to the corporation in a manner that would require an attribution of stock from the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the applicant and any other related member own, in the aggregate, directly, indirectly, beneficially, or constructively, at least 50% of the value of the corporation's outstanding stock.

(4) A corporation and any party related to that corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation under the attribution rules of Section 318 of the Internal Revenue Code, if the corporation and all such related parties own, in the aggregate, at
least 50% of the profits, capital, stock, or other ownership interest in the applicant.

(5) A person to or from whom there is attribution of stock ownership in accordance with Section 1563(e) of the Internal Revenue Code, except that for purposes of determining whether a person is a related member under this paragraph, "20%" shall be substituted for "5%" whenever "5%" appears in Section 1563(e) of the Internal Revenue Code.

(b) For taxable years beginning after December 31, 2010, and ending on or before December 31, 2021, subject to the limitations provided in this Section, a claimant may claim, as a credit against the tax imposed under subsections (a) and (b) of Section 201 of this Act, an amount equal to 25% of the claimant's investment made directly in a qualified new business venture. In order for an investment in a qualified new business venture to be eligible for tax credits, the business must have applied for and received certification under subsection (e) for the taxable year in which the investment was made prior to the date on which the investment was made. The credit under this Section may not exceed the taxpayer's Illinois income tax liability for the taxable year. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first. In the case of a partnership or Subchapter S Corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

(c) The minimum amount an applicant must invest in any single qualified new business venture in order to be eligible for a credit under this Section is $10,000. The maximum amount of an applicant's total investment made in any single qualified new business venture that may be used as the basis for a credit under this Section is $2,000,000.

(d) The Department shall implement a program to certify an applicant for an angel investment credit. Upon satisfactory review, the Department shall issue a tax credit certificate stating the amount of the tax credit to which the applicant is entitled. The Department shall annually certify that: (i) each qualified new business venture that receives an angel investment under this Section has maintained a minimum employment...
threshold, as defined by rule, in the State (and continues to maintain a minimum employment threshold in the State for a period of no less than 3 years from the issue date of the last tax credit certificate issued by the Department with respect to such business pursuant to this Section); and (ii) the claimant's investment has been made and remains, except in the event of a qualifying liquidity event, in the qualified new business venture for no less than 3 years.

If an investment for which a claimant is allowed a credit under subsection (b) is held by the claimant for less than 3 years, other than as a result of a permitted sale of the investment to person who is not a related member, the claimant shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that the claimant received related to the subject investment.

If the Department determines that a qualified new business venture failed to maintain a minimum employment threshold in the State through the date which is 3 years from the issue date of the last tax credit certificate issued by the Department with respect to the subject business pursuant to this Section, the claimant or claimants shall pay to the Department of Revenue, in the manner prescribed by the Department of Revenue, the aggregate amount of the disqualified credits that claimant or claimants received related to investments in that business.

(e) The Department shall implement a program to register qualified new business ventures for purposes of this Section. A business desiring registration under this Section shall be required to submit a full and complete application to the Department. A submitted application shall be effective only for the taxable year in which it is submitted, and a business desiring registration under this Section shall be required to submit a separate application in and for each taxable year for which the business desires registration. Further, if at any time prior to the acceptance of an application for registration under this Section by the Department one or more events occurs which makes the information provided in that application materially false or incomplete (in whole or in part), the business shall promptly notify the Department of the same. Any failure of a business to promptly provide the foregoing information to the Department may, at the discretion of the Department, result in a revocation of a previously approved application for that business, or disqualification of the business from future registration under this Section, or both. The

Department may register the business only if all of the following conditions are satisfied:

(1) it has its principal place of business in this State;

(6) (blank); and
(7) it has received not more than $4,000,000 in investments that qualified for tax credits under this Section.

(f) The Department, in consultation with the Department of Revenue, shall adopt rules to administer this Section. The aggregate amount of the tax credits that may be claimed under this Section for investments made in qualified new business ventures shall be limited at $10,000,000 per calendar year, of which $500,000 shall be reserved for investments made in qualified new business ventures which are minority-owned "minority-owned businesses", female-owned "female-owned businesses", or "businesses owned by a person with a disability" (as those terms are used and defined in the Business Enterprise for Minorities, Women Females, and Persons with Disabilities Act), and an additional $500,000 shall be reserved for investments made in qualified new business ventures with their principal place of business in counties with a population of not more than 250,000. The foregoing annual allowable amounts shall be allocated by the Department, on a per calendar quarter basis and prior to the commencement of each calendar year, in such proportion as determined by the Department, provided that: (i) the amount initially allocated by the Department for any one calendar quarter shall not exceed 35% of the total allowable amount; and (ii) any portion of the allocated allowable amount remaining unused as of the end of any of the first 2 calendar quarters of a given calendar year shall be rolled into, and added to, the total allocated amount for the next available calendar quarter.

(g) A claimant may not sell or otherwise transfer a credit awarded under this Section to another person.

(h) On or before March 1 of each year, the Department shall report to the Governor and to the General Assembly on the tax credit certificates awarded under this Section for the prior calendar year.

(1) This report must include, for each tax credit certificate awarded:

(C) the total amount of tax credit certificates sought by applicants, the amount of each tax credit certificate issued to a claimant, the aggregate amount of all tax credit certificates issued in the prior calendar year and the aggregate amount of tax credit certificates issued as authorized under this Section for all calendar years.

(i) For each business seeking registration under this Section after December 31, 2016, the Department shall require the business to include in its application the North American Industry Classification System (NAICS) code applicable to the business and the number of employees of the business at the time of application. Each business registered by the Department as a qualified new business venture that receives an investment giving rise to the issuance of a tax credit certificate pursuant to this Section shall, for each of the 3 years following the issue date of the last tax credit certificate issued by the Department with respect to such business pursuant to this Section, report to the Department the following:

On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred
begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the

Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department
does not exceed $50, the Department may authorize his returns to be filed
on an annual basis, with the return for a given year being due by January
20 of the following year.

Such quarter annual and annual returns, as to form and substance,
shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the
time within which a retailer may file his return, in the case of any retailer
who ceases to engage in a kind of business which makes him responsible
for filing returns under this Act, such retailer shall file a final return under
this Act with the Department not more than one month after discontinuing
such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and
trailers that are required to be registered with an agency of this State, every
retailer selling this kind of tangible personal property shall file, with the
Department, upon a form to be prescribed and supplied by the Department,
a separate return for each such item of tangible personal property which
the retailer sells, except that if, in the same transaction, (i) a retailer of
aircraft, watercraft, motor vehicles or trailers transfers more than one
aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft,
motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of
aircraft, watercraft, motor vehicles, or trailers transfers more than one
aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a
qualifying rolling stock as provided in Section 3-55 of this Act, then that
seller may report the transfer of all the aircraft, watercraft, motor vehicles
or trailers involved in that transaction to the Department on the same
uniform invoice-transaction reporting return form. For purposes of this
Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as
defined in Section 3-2 of the Boat Registration and Safety Act, a personal
watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or
trailers that are required to be registered with an agency of this State, shall
be the same document as the Uniform Invoice referred to in Section 5-402
of the Illinois Vehicle Code and must show the name and address of the
seller; the name and address of the purchaser; the amount of the selling
price including the amount allowed by the retailer for traded-in property, if
any; the amount allowed by the retailer for the traded-in tangible personal
property, if any, to the extent to which Section 2 of this Act allows an
exemption for the value of traded-in property; the balance payable after
deducting such trade-in allowance from the total selling price; the amount

of tax due from the retailer with respect to such transaction; the amount of
tax collected from the purchaser by the retailer on such transaction (or
satisfactory evidence that such tax is not due in that particular instance, if
that is claimed to be the fact); the place and date of the sale; a sufficient
identification of the property sold; such other information as is required in
Section 5-402 of the Illinois Vehicle Code, and such other information as
the Department may reasonably require.

The transaction reporting return in the case of watercraft and
aircraft must show the name and address of the seller; the name and
address of the purchaser; the amount of the selling price including the
amount allowed by the retailer for traded-in property, if any; the amount
allowed by the retailer for the traded-in tangible personal property, if any,
to the extent to which Section 2 of this Act allows an exemption for the
value of traded-in property; the balance payable after deducting such trade-
in allowance from the total selling price; the amount of tax due from the
retailer with respect to such transaction; the amount of tax collected from
the purchaser by the retailer on such transaction (or satisfactory evidence
that such tax is not due in that particular instance, if that is claimed to be
the fact); the place and date of the sale, a sufficient identification of the
property sold, and such other information as the Department may
reasonably require.

Such transaction reporting return shall be filed not later than 20
days after the date of delivery of the item that is being sold, but may be
filed by the retailer at any time sooner than that if he chooses to do so. The
transaction reporting return and tax remittance or proof of exemption from
the tax that is imposed by this Act may be transmitted to the Department
by way of the State agency with which, or State officer with whom, the
tangible personal property must be titled or registered (if titling or
registration is required) if the Department and such agency or State officer
determine that this procedure will expedite the processing of applications
for title or registration.

With each such transaction reporting return, the retailer shall remit
the proper amount of tax due (or shall submit satisfactory evidence that the
sale is not taxable if that is the case), to the Department or its agents,
whereupon the Department shall issue, in the purchaser's name, a tax
receipt (or a certificate of exemption if the Department is satisfied that the
particular sale is tax exempt) which such purchaser may submit to the
agency with which, or State officer with whom, he must title or register the
tangible personal property that is involved (if titling or registration is

required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

New matter indicated by italics - deletions by strikeout
Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside

Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to

the difference between the average monthly claims for payment by the
fund and the average monthly revenues deposited into the fund, excluding
payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received
by the Department under this Act, the Service Use Tax Act, the Service
Occupation Tax Act, and the Retailers' Occupation Tax Act, each month
the Department shall deposit $500,000 into the State Crime Laboratory
Fund.

Of the remainder of the moneys received by the Department
pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois
Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989,
3.8% thereof shall be paid into the Build Illinois Fund; provided, however,
that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as
the case may be, of the moneys received by the Department and required to
be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers'
Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the
Service Use Tax Act, and Section 9 of the Service Occupation Tax Act,
such Acts being hereinafter called the "Tax Acts" and such aggregate of
2.2% or 3.8%, as the case may be, of moneys being hereinafter called the
"Tax Act Amount", and (2) the amount transferred to the Build Illinois
Fund from the State and Local Sales Tax Reform Fund shall be less than
the Annual Specified Amount (as defined in Section 3 of the Retailers'
Occupation Tax Act), an amount equal to the difference shall be
immediately paid into the Build Illinois Fund from other moneys received
by the Department pursuant to the Tax Acts; and further provided, that if
on the last business day of any month the sum of (1) the Tax Act Amount
required to be deposited into the Build Illinois Bond Account in the Build
Illinois Fund during such month and (2) the amount transferred during
such month to the Build Illinois Fund from the State and Local Sales Tax
Reform Fund shall have been less than 1/12 of the Annual Specified
Amount, an amount equal to the difference shall be immediately paid into
the Build Illinois Fund from other moneys received by the Department
pursuant to the Tax Acts; and, further provided, that in no event shall the

payments into the Build Illinois Fund pursuant to this clause (b) for any
fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the
Annual Specified Amount for such fiscal year; and, further provided, that
the amounts payable into the Build Illinois Fund under this clause (b) shall

each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Beginning July 20, 1993 and in each month of each fiscal year

Chairman of the Metropolitan Pier and Exposition Authority for that fiscal
year, less the amount deposited into the McCormick Place Expansion
Project Fund by the State Treasurer in the respective month under
subsection (g) of Section 13 of the Metropolitan Pier and Exposition
Authority Act, plus cumulative deficiencies in the deposits required under
this Section for previous months and years, shall be deposited into the
McCormick Place Expansion Project Fund, until the full amount requested
for the fiscal year, but not in excess of the amount specified above as
"Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the
McCormick Place Expansion Project Fund pursuant to the preceding
paragraphs or in any amendments thereto hereafter enacted, beginning July
1, 1993 and ending on September 30, 2013, the Department shall each
month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net
revenue realized for the preceding month from the 6.25% general rate on
the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the
McCormick Place Expansion Project Fund pursuant to the preceding

with the receipt of the first report of taxes paid by an eligible business and
continuing for a 25-year period, the Department shall each month pay into
the Energy Infrastructure Fund 80% of the net revenue realized from the
6.25% general rate on the selling price of Illinois-mined coal that was sold

beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to $\frac{1}{12}$ of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

(Text of Section after amendment by P.A. 100-363)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer
required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate
hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
6. The signature of the taxpayer; and
7. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the

Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month

during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may

credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft,
motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.
property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be

New matter indicated by italics - deletions by strikeout
credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene
products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the

"Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce

the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month.

Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Section 205. The Service Use Tax Act is amended by changing Sections 2 and 9 as follows:

Sec. 2. Definitions.

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, but does not include the sale or use for demonstration by him of that property in any form as tangible personal property in the regular course of business. "Use" does not mean the interim use of tangible personal property nor the physical incorporation of tangible personal property, as an ingredient or constituent, into other tangible personal property, (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such
purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois.

"Purchased from a serviceman" means the acquisition of the ownership of, or title to, tangible personal property through a sale of service.

"Purchaser" means any person who, through a sale of service, acquires the ownership of, or title to, any tangible personal property.

"Cost price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him or her by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits and service, and shall be determined without any deduction on account of the serviceman's cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, and any receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Sale of service" means any transaction except:

(1) a retail sale of tangible personal property taxable under the Retailers' Occupation Tax Act or under the Use Tax Act.

(2) a sale of tangible personal property for the purpose of resale made in compliance with Section 2c of the Retailers' Occupation Tax Act.

(3) except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service
for or by any governmental body, or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(4) (blank).

(4a) a sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors, or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(4a-5) on and after July 1, 2003 and through June 30, 2004, a sale or transfer of a motor vehicle of the second division with a gross vehicle weight in excess of 8,000 pounds as an incident to the rendering of service if that motor vehicle is subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code. Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.
(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax. The exemption provided by this paragraph (5) does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of Public Act 98-583 this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. The exemption under this paragraph (5) is exempt from the provisions of Section 3-75.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

(5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard

uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(6) until July 1, 2003, a sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(7) at the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (5) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. On and after July 1, 2017, exemption (5) also includes graphic arts machinery and equipment, as defined in paragraph (5) of Section 3-5. The machinery and equipment exemption does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail

sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of Public Act 98-583 of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a

product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax-free purchases unless it has an active exemption identification number issued by the Department.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of service or of tangible personal property within the meaning of this Act.

"Serviceman" means any person who is engaged in the occupation of making sales of service.

"Sale at retail" means "sale at retail" as defined in the Retailers' Occupation Tax Act.

Examples of mechanisms that allow the serviceman to track purchases referred by such persons include but are not limited to the use of a link on the person's Internet website, promotional codes distributed through the person's hand-delivered or mailed material, and promotional codes distributed by the person through radio or other broadcast media. The provisions of this paragraph 1.1 shall apply only if the cumulative gross receipts from sales of service by the serviceman to customers who are referred to the serviceman by all persons in this State under such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December; a serviceman meeting the requirements of this paragraph 1.1 shall be presumed to be maintaining a place of business in this State but may rebut this presumption by submitting proof that the referrals or other activities pursued within this State by such persons were not sufficient to meet the nexus standards of the United States Constitution during the preceding 4 quarterly periods;

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;

New matter indicated by italics - deletions by strikeout
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1996, a taxpayer who has an average monthly tax liability of $20,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

New matter indicated by italics - deletions by strikeout
Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other

Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices, by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after

January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all

other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

New matter indicated by italics - deletions by strikeout
Sec. 2. In this Act:

"Transfer" means any transfer of the title to property or of the ownership of property whether or not the transferor retains title as security for the payment of amounts due him from the transferee.

"Cost Price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, and any receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Sale of Service" means any transaction except:

(a) A retail sale of tangible personal property taxable under the Retailers' Occupation Tax Act or under the Use Tax Act.
(b) A sale of tangible personal property for the purpose of resale made in compliance with Section 2c of the Retailers' Occupation Tax Act.
(c) Except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service for or by any governmental body or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.
(d) (Blank).

personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d-1.1) On and after July 1, 2003 and through June 30, 2004, a sale or transfer of a motor vehicle of the second division with a gross vehicle weight in excess of 8,000 pounds as an incident to the rendering of service if that motor vehicle is subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code. Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(d-2) The repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-3) A sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who

property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-4) Until January 1, 1997, a sale, by a registered serviceman paying tax under this Act to the Department, of special order printed materials delivered outside Illinois and which are not returned to this State, if delivery is made by the seller or agent of the seller, including an agent who causes the product to be delivered outside Illinois by a common carrier or the U.S. postal service.

(e) A sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Occupation Tax or Service Use Tax, rather than Retailers' Occupation Tax or Use Tax. The exemption provided by this paragraph (e) does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of Public Act 98-583 this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. The exemption under this subsection (e) is exempt from the provisions of Section 3-75.

(f) Until July 1, 2003, the sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(g) At the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35% (75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts

production) of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (e) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. On and after July 1, 2017, exemption (e) also includes graphic arts machinery and equipment, as defined in paragraph (5) of Section 3-5. The machinery and equipment exemption does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of Public Act 98-583 this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. For the purposes of exemption (e), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage.
of production in the series; and further for purposes of exemption (e),
photoprocessing is deemed to be a manufacturing process of tangible
personal property for wholesale or retail sale; (2) "assembling process"
shall mean the production of any article of tangible personal property,
whether such article is a finished product or an article for use in the
process of manufacturing or assembling a different article of tangible
personal property, by the combination of existing materials in a manner
commonly regarded as assembling which results in a material of a
different form, use or name; (3) "machinery" shall mean major mechanical
machines or major components of such machines contributing to a
manufacturing or assembling process; and (4) "equipment" shall include
any independent device or tool separate from any machinery but essential
to an integrated manufacturing or assembly process; including computers
used primarily in a manufacturer's computer assisted design, computer
assisted manufacturing (CAD/CAM) system; or any subunit or assembly
comprising a component of any machinery or auxiliary, adjunct or
attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns
and molds; or any parts which require periodic replacement in the course
of normal operation; but shall not include hand tools. Equipment includes
chemicals or chemicals acting as catalysts but only if the chemicals or
chemicals acting as catalysts effect a direct and immediate change upon a
product being manufactured or assembled for wholesale or retail sale or
lease. The purchaser of such machinery and equipment who has an active
resale registration number shall furnish such number to the seller at the
time of purchase. The purchaser of such machinery and equipment and
tools without an active resale registration number shall furnish to the seller
a certificate of exemption for each transaction stating facts establishing the
exemption for that transaction, which certificate shall be available to the
Department for inspection or audit.

Except as provided in Section 2d of this Act, the rolling stock
exemption applies to rolling stock used by an interstate carrier for hire,
even just between points in Illinois, if such rolling stock transports, for
hire, persons whose journeys or property whose shipments originate or
terminate outside Illinois.

Any informal rulings, opinions or letters issued by the Department
in response to an inquiry or request for any opinion from any person
regarding the coverage and applicability of exemption (e) to specific
devices shall be published, maintained as a public record, and made
available for public inspection and copying. If the informal ruling, opinion

or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (c) of this Section shall make *tax-free* purchases unless it has an active exemption identification number issued by the Department.

"Serviceman" means any person who is engaged in the occupation of making sales of service.

"Sale at Retail" means "sale at retail" as defined in the Retailers' Occupation Tax Act.

"Supplier" means any person who makes sales of tangible personal property to servicemen for the purpose of resale as an incident to a sale of service.

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

New matter indicated by italics - deletions by strikeout
Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1,
2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a
taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman

may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers’ Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for
the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Use Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, the Service Use Tax Act, this Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers'
Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are
subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein.
