(10 ILCS 5/6-60) (from Ch. 46, par. 6-60)

Sec. 6-60. Immediately after the last registration day before any election, except as is otherwise provided in Section 6-43 of this Article, the board of election commissioners shall prepare and print precinct registers in the manner provided by Section 6-43 of this article, and make such copies available to any person applying therefor. Provided, however, that in cities, villages and incorporated towns of less than 200,000 inhabitants such printed lists shall be prepared only before a general election. On the precinct registers, the board of election commissioners shall indicate, by italics, asterisk, or other means, the names of all persons who have registered since the last regularly scheduled election in the consolidated schedule of elections established in Section 2A-1.1 of this Act.

Prior to the general election of even-numbered years, all boards of election commissioners shall give the precinct registers to the chair of a county central committee of an established political party, as such party is defined in Section 10-2 of this Act, or to the chair's duly authorized representative. Within 30 days of the effective date of this Amendatory Act of 1983, all boards of election commissioners shall give the precinct registers compiled prior to the general November election of 1982 to the chair of a county central committee of an
established political party or to the chair's duly authorized representative.

For the first registration under this article, such precinct register shall be printed and available to any person upon application therefor at least three days before the first day upon which any voter may make application in writing to have any name erased from the register as provided by Section 6-44 of this Article. For subsequent registrations, such registers, except as otherwise provided in this section for municipalities of more than 500,000, shall be printed and shall be available to any person upon application at least five days before the first day upon which any voter may make application in writing to have any name erased from the register.

Application to have a name upon such register erased may be made in the manner provided by Section 6-44 of this Article, and applications to erase names, complete registration, or to register or restore names shall be heard in the same manner as is provided by Section 6-45 of this Article, with application to the circuit court and appeal to the Supreme Court as provided in Sections 6-46 and 6-47. The rights conferred and the times specified by these sections with respect to the first election under this article shall also apply to succeeding registrations and elections. Provided, however, that in municipalities having a population of more than 500,000, and having a Board of Election Commissioners, as to all elections, registrations for which are made solely with the Board of Election Commissioners, and where no general precinct registrations were provided for or held within twenty-eight days before the election, an application to have a name upon such register erased, as provided for in Section 6-44, shall be made within two days after the publication of the printed precinct register, and the Board of Election Commissioners shall announce its decision on such applications within four days after said applications are made, and within four days after its decision on such applications shall cause a supplemental printed precinct register showing such correction as may be necessary by reason of such decision to be printed in like manner as hereinabove provided in Section 6-43 hereof, and upon application a copy of the same shall be given to any person applying therefor. Such list shall have printed on the bottom thereof the facsimile signatures of the members of the board of election commissioners. Said supplemental printed precinct register shall be prima facie evidence that the electors whose names appear thereon are entitled to vote. If the dates specified in this Article as to applications to complete or erase registrations or as to

proceedings before the Board of Election Commissioners or the circuit court in the first registration under this Article shall not be applicable to any subsequent primary or regular or special election, the Board of Election Commissioners shall, with the approval of the circuit court, adopt and publish a schedule of dates which shall permit equal intervals of time therefor as are provided for such first registrations.

After action by the Board of Election Commissioners and by the circuit court, a supplemental list shall be prepared and made available in the manner provided by Section 6-48 of this Article.

Within 60 days after each general election the board of election commissioners shall indicate by italics, asterisk, or other means, on the list of registered voters in each precinct, each registrant who voted at that general election, and shall provide a copy of such list to the chair chairman of the county central committee of each established political party or to the chair's chairman's duly authorized representative.

Within 60 days after the effective date of this amendatory Act of 1983, the board of election commissioners shall indicate by italics, asterisk, or other means, on the list of registered voters in each precinct, each registrant who voted at the general election of 1982, and shall provide a copy of such coded list to the chair chairman of the county central committee of each established political party or to the chair's chairman's duly authorized representative.

The board of election commissioners may charge a fee to reimburse the actual cost of duplicating each copy of a list provided under either of the 2 preceding paragraphs.

(10 ILCS 5/6-66) (from Ch. 46, par. 6-66)

Sec. 6-66. Upon application to vote each registered elector shall sign his name or make his mark as the case may be, on a certificate substantially as follows:

"CERTIFICATE OF REGISTERED VOTER
City of ................. Ward .... Precinct .... Election ............(Date).......(Month)...........(Year)
Registration Record ....... Checked by ............... Voter's number ....

INSTRUCTION TO VOTERS
Sign this certificate and hand it to the election officers in charge. After the registration record has been checked, the officer will hand it back

to you. Whereupon you shall present it to the officer in charge of the
ballots.

I hereby certify that I am registered from the address below and am
qualified to vote.

Signature of voter ................
Residence address ................

An individual shall not be required to provide his social security
number when applying for a ballot. He shall not be denied a ballot, nor
shall his ballot be challenged, solely because of his refusal to provide his
social security number. Nothing in this Act prevents an individual from
being requested to provide his social security number when the individual
applies for a ballot. If, however, the certificate contains a space for the
individual's social security number, the following notice shall appear on
the certificate, immediately above such space, in bold-face capital letters,
in type the size of which equals the largest type on the certificate:

"THE INDIVIDUAL APPLYING FOR A BALLOT WITH THIS
DOCUMENT IS NOT REQUIRED TO DISCLOSE HIS OR HER
SOCIAL SECURITY NUMBER. HE OR SHE MAY NOT BE DENIED
A BALLOT, NOR SHALL HIS OR HER BALLOT BE CHALLENGED,
SOLELY BECAUSE OF HIS OR HER REFUSAL TO PROVIDE HIS
OR HER SOCIAL SECURITY NUMBER."

The applications of each State-wide political party at a primary
election shall be separately printed upon paper of uniform quality, texture
and size, but the applications of no 2 State-wide political parties shall be
of the same color or tint. If the election authority provides computer
generated applications with the precinct, ballot style, and voter's name and
address preprinted on the application, a single application may be used for
State-wide political parties if it contains spaces or check-off boxes to
indicate the political party. Such applications may contain spaces or check-
off boxes permitting the voter to also request a primary ballot of any
political party which is established only within a political subdivision and
for which a primary is conducted on the same election day. Such
applications shall not entitle the voter to vote in both the primary of a
State-wide political party and the primary of a local political party with
respect to the offices of the same political subdivision or to vote in the
primary of more than one State-wide political party on the same day.

The judges in charge of the precinct registration files shall compare
the signature upon such certificate with the signature on the registration
record card as a means of identifying the voter. Unless satisfied by such

comparison that the applicant to vote is the identical person who is
registered under the same name, the judges shall ask such applicant the
questions for identification which appear on the registration card, and if
the applicant does not prove to the satisfaction of a majority of the judges
of the election precinct that he is the identical person registered under the
name in question then the vote of such applicant shall be challenged by a
judge of election, and the same procedure followed as provided in this
Article and Act for challenged voters.

In case the elector is unable to sign his name, a judge of election
shall check the data on the registration card and shall check the address
given, with the registered address, in order to determine whether he is
entitled to vote.

One of the judges of election shall check the certificate of such
applicant for a ballot after the registration record has been examined, and
shall sign his initials on the certificate in the space provided therefor, and
shall enter upon such certificate the number of the voter in the place
provided therefor, and make an entry in the voting record space on the
registration record, to indicate whether or not the applicant voted. Such
judge shall then hand such certificate back to the applicant in case he is
permitted to vote, and such applicant shall hand it to the judge of election
in charge of the ballots. The certificates of the voters shall be filed in the
order in which they are received and shall constitute an official poll record.
The terms "poll lists" and "poll books", where used in this Article and Act,
shall be construed to apply to such official poll record.

After each general primary election the board of election
commissioners shall indicate by color code or other means next to the
name of each registrant on the list of registered voters in each precinct the
primary ballot of a political party that the registrant requested at the
general primary election. The board of election commissioners, within 60
days after that general primary election, shall provide a copy of this coded
list to the chairman of the county central committee of each established
political party or to the chair's duly authorized representative.

Within 60 days after the effective date of this amendatory Act of
1983, the board of election commissioners shall provide to the chairman of
the county central committee of each established political party or to the
chair's duly authorized representative the list of registered
voters in each precinct at the time of the general primary election of 1982
and shall indicate on such list by color code or other means next to the

name of a registrant the primary ballot of a political party that the registrant requested at the general primary election of 1982.

The board of election commissioners may charge a fee to reimburse the actual cost of duplicating each copy of a list provided under either of the 2 preceding paragraphs.

Where an elector makes application to vote by signing and presenting the certificate provided by this Section, and his registration card is not found in the precinct registry of voters, but his name appears as that of a registered voter in such precinct upon the printed precinct register as corrected or revised by the supplemental list, or upon the consolidated list, if any provided by this Article and whose name has not been erased or withdrawn from such register, the printed precinct register as corrected or revised by the supplemental list, or consolidated list, if any, shall be prima facie evidence of the elector's right to vote upon compliance with the provisions hereinafter set forth in this Section. In such event it shall be the duty of one of the judges of election to require an affidavit by such person and 2 voters residing in the precinct before the judges of election that he is the same person whose name appears upon the printed precinct register as corrected or revised by the supplemental list, or consolidated list, if any, and that he resides in the precinct, stating the street and number of his residence, and upon the presentation of such affidavits, a certificate shall be issued to such elector, and upon the presentation of such certificate and affidavits, he shall be entitled to vote. Any elector whose name does not appear as a registered voter on the printed precinct register or supplemental list but who has a certificate issued by the board of election commissioners as provided in Section 6-43 of this Article, shall be entitled to vote upon the presentation of such certificate accompanied by the affidavits of 2 voters residing in the precinct that the elector is the same person described in such certificate and that he resides in the precinct, stating the street and number of his residence. Forms for all affidavits required hereunder shall be supplied by the board of election commissioners. All affidavits made under this paragraph shall be preserved and returned to the board of election commissioners in the manner provided by this Article and Article 18 of this Act. It shall be the duty of the board of election commissioners, within 30 days after such election, to take the steps provided by Section 6-64 of this Article for the execution of new registration affidavits by electors who have voted under the provisions of this paragraph.

New matter indicated by italics - deletions by strikeout
When the board of election commissioners delivers to the judges of election for use at the polls a supplemental or consolidated list of the printed precinct register, it shall give a copy of the supplemental or consolidated list to the chair chairman of a county central committee of an established political party or to the chair's chairman's duly authorized representative.

Whenever 2 or more elections occur simultaneously, the election official or officials charged with the duty of providing application certificates may prescribe the form thereof so that a voter is required to execute only one, indicating in which of the elections he desires to vote.

After the signature has been verified, the judges shall determine in which political subdivisions the voter resides by use of the information contained on the voter registration cards or the separate registration lists or other means approved by the State Board of Elections and prepared and supplied by the election authority. The voter's certificate shall be so marked by the judges as to show the respective ballots which the voter is given.

(a) If the county board adopts an ordinance providing for the establishment of a county board of election commissioners, or if a majority of the votes cast on a proposition submitted in accordance with Section 6A-2(a) are in favor of a county board of election commissioners, a county board of election commissioners shall be appointed in the same manner as is provided in Article 6 for boards of election commissioners in cities, villages and incorporated towns, except that the county board of election commissioners shall be appointed by the chair of the county board rather than the circuit court. However, before any appointments are made, the appointing authority shall ascertain whether the county clerk desires to be a member of the county board of election commissioners. The candidate receiving the highest number of votes shall be declared elected State central committeeperson from the district. A political party may, in lieu of the foregoing, by a majority vote of delegates at any State convention of such party, determine to thereafter elect the State central committeepersons in the manner following:

At the county convention held by such political party, State central committeepersons shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township or precinct committeeperson shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another congressional district, each ward, township or precinct committeeperson shall vote only with respect to the congressional district in which his ward, township, part of a township or precinct is located. In the case of a congressional district which encompasses more than one county, each ward, township or precinct committeeperson residing within the congressional district shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chair of the county central committee shall report the results of the election to the State Board of Elections. After August 6, 1999 (the effective date of Public Act 91-426), whenever a vacancy occurs in the office of Chair Chairman of a State central committee, or at the end of the term of office of Chair Chairman, the State central committee of each political party that has selected Alternative A shall elect a Chair Chairman who shall not be required to be a member of the State Central Committee. The Chair Chairman shall be a registered voter in this State and of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of the sex opposite that of the incumbent member for that congressional district to serve as an additional member of the State central committee until his or her successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the male candidate receiving the highest number of votes of the party's male candidates for State central committeeman, and the female candidate receiving the highest number of votes of the party's female candidates for State central committeewoman, shall be declared elected State central committeeman and State central committeewoman from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeemen or State central committeewomen from a congressional district are of the same sex, the candidate receiving the highest number of votes shall be declared elected a State central committeeman or State central committeewoman from the district, and, because of a failure to elect one male and one female to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of the sex opposite that of the committeeman or committeewoman elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chair Chairman of a State central committee composed as provided in this Alternative B must be selected from the committee's members.

The members of the State central committee shall, within 41 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a Chair, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. No names so withdrawn shall be certified or printed on the primary ballot. If petitions for nomination have been filed for the same person with respect to more than one political party, his name shall not be certified nor printed on the primary ballot of any party. If petitions for nomination have been filed for the same person for 2 or more offices which are incompatible so that the same person could not serve in more than one of such offices if elected, that person must withdraw as a candidate for all but one of such offices within the 5 business days following the last day for petition filing. A candidate in a judicial election may file petitions for nomination for only one vacancy in a subcircuit and only one vacancy in a circuit in any one filing period, and if petitions for nomination have been filed for the same person for 2 or more vacancies in the same circuit or subcircuit in the same filing period, his or her name shall be certified only for the first vacancy for which the petitions for nomination were filed. If he fails to withdraw as a candidate for all but one of such offices within such time his name shall not be certified, nor printed on the primary ballot, for any office. For the

purpose of the foregoing provisions, an office in a political party is not incompatible with any other office.

(10)(a) Notwithstanding the provisions of any other statute, no primary shall be held for an established political party in any township, municipality, or ward thereof, where the nomination of such party for every office to be voted upon by the electors of such township, municipality, or ward thereof, is uncontested. Whenever a political party's nomination of candidates is uncontested as to one or more, but not all, of the offices to be voted upon by the electors of a township, municipality, or ward thereof, then a primary shall be held for that party in such township, municipality, or ward thereof; provided that the primary ballot shall not include those offices within such township, municipality, or ward thereof, for which the nomination is uncontested. For purposes of this Article, the nomination of an established political party of a candidate for election to an office shall be deemed to be uncontested where not more than the number of persons to be nominated have timely filed valid nomination papers seeking the nomination of such party for election to such office.

(b) Notwithstanding the provisions of any other statute, no primary election shall be held for an established political party for any special primary election called for the purpose of filling a vacancy in the office of representative in the United States Congress where the nomination of such political party for said office is uncontested. For the purposes of this Article, the nomination of an established political party of a candidate for election to said office shall be deemed to be uncontested where not more than the number of persons to be nominated have timely filed valid nomination papers seeking the nomination of such established party for election to said office. This subsection (b) shall not apply if such primary election is conducted on a regularly scheduled election day.

(c) Notwithstanding the provisions in subparagraph (a) and (b) of this paragraph (10), whenever a person who has not timely filed valid nomination papers and who intends to become a write-in candidate for a political party's nomination for any office for which the nomination is uncontested files a written statement or notice of that intent with the State Board of Elections or the local election official with whom nomination papers for such office are

An election authority shall have no duty to conduct a primary and prepare a primary ballot for any office for which the nomination is uncontested unless a statement or notice meeting the requirements of this Section is filed in a timely manner.

(11) If multiple sets of nomination papers are filed for a candidate to the same office, the State Board of Elections, appropriate election authority or local election official where the petitions are filed shall within 2 business days notify the candidate of his or her multiple petition filings and that the candidate has 3 business days after receipt of the notice to notify the State Board of Elections, appropriate election authority or local election official that he or she may cancel prior sets of petitions. If the candidate notifies the State Board of Elections, appropriate election authority or local election official, the last set of petitions filed shall be the only petitions to be considered valid by the State Board of Elections, election authority or local election official. If the candidate fails to notify the State Board of Elections, election authority or local election official then only the first set of petitions filed shall be valid and all subsequent petitions shall be void.

(12) All nominating petitions shall be available for public inspection and shall be preserved for a period of not less than 6 months.

which Illinois will be entitled at the respective national nominating conventions to the State Board of Elections convened as aforesaid to be utilized by the State Board of Elections in calculating the number of delegates and alternates to be elected from each congressional district in the State at large or State convention, as the case may be.

Alternative A: The State Board of Elections shall allocate the number of delegates and alternate delegates to which the State is entitled among the congressional districts in the State.

1. Of the number of delegates to which the State is entitled, 10, plus those remaining unallocated under paragraph 2, shall be delegates at large. The State central committee of the appropriate political party shall determine whether the delegates at large shall be (a) elected in the primary from the State at large, (b) selected by the State convention, or (c) chosen by a combination of these 2 methods. If the State central committee determines that all or a specified number of the delegates at large shall be elected in the primary, the committee shall file with the Board a report of such determination at the same time it certifies the alternative it wishes to use in allocating its delegates.

2. All delegates other than the delegates at large shall be elected from the congressional districts. Two delegates shall be allocated from this number to each district. After reserving 10 delegates to be delegates at large and allocating 2 delegates to each district, the Board shall allocate the remaining delegates to the congressional districts pursuant to the following formula:

(a) For each district, the number of remaining delegates shall be multiplied by a fraction, the numerator of which is the vote cast in the congressional district for the party's nominee in the last Presidential election, and the denominator of which is the vote cast in the State for the party's nominee in the last Presidential election.

(b) The Board shall first allocate to each district a number of delegates equal to the whole number in the product resulting from the multiplication procedure in subparagraph (a).

(c) The Board shall then allocate any remaining delegates, one to each district, in the order of the largest fractional remainder in the product resulting from the multiplication procedure in subparagraph (a), omitting those districts for which that product is less than 1.875.

(d) The Board shall then allocate any remaining delegates, one to each district, in the order of the largest fractional remainder

in the product resulting from the multiplication procedure in subparagraph (a), among those districts for which that product is at least one but less than 1.875.

(e) Any delegates remaining unallocated shall be delegates at large and shall be selected as determined by the State central committee under paragraph 1 of this Alternative A.

3. The alternate delegates at large shall be allocated in the same manner as the delegates at large. The alternate delegates other than the alternate delegates at large shall be allocated in the same manner as the delegates other than the delegates at large.

Alternative B: the chair of the State central committee shall file with the State Board of Elections a statement of the number of delegates and alternate delegates to which the State is entitled and the number of such delegates and alternate delegates to be elected from congressional districts. The State Board of Elections shall allocate such number of delegates and alternate delegates, as the case may be, among the congressional districts in the State for election from the congressional districts.

The Board shall utilize the sum of 1/3 of each of the following formulae to determine the number of delegates and alternate delegates, as the case may be, to be elected from each congressional district:

(1) Formula 1 shall be determined by multiplying paragraphs (a), (b), and (c) together as follows:

(a) The fraction derived by dividing the population of the district by the population of the State and adding to that fraction the following: 1/2 of the fraction calculated by dividing the total district vote for the party's candidate in the most recent presidential election by the total statewide vote for that candidate in that election, plus 1/2 of the fraction calculated by dividing the total district vote for the party's candidate in the second most recent Presidential election by the total statewide vote for that candidate in that election;

(b) 1/2;

(c) The number of delegates or alternate delegates, as the case may be, to which the State is entitled at the party's national nominating convention.

(2) Formula 2 shall be determined by multiplying paragraphs (a), (b), and (c) together as follows:
(a) The fraction calculated by dividing the total numbers of votes in the district for the party's candidate in the most recent Gubernatorial election by the total statewide vote for that candidate in that election, plus, the fraction calculated by dividing the total district vote for the party's candidate in the most recent presidential election by the total statewide vote for that candidate in that election;

(b) 1/2;

(c) The number of delegates or alternate delegates, as the case may be, to which the State is entitled at the party's national nominating convention.

(3) Formula 3 shall be determined by multiplying paragraphs (a), (b), and (c) together as follows:

(a) 1/2 of the fraction calculated by dividing the total district vote for the party's candidate in the most recent presidential election by the total statewide vote for that candidate in that election, plus 1/2 of the fraction calculated by dividing the total district vote for the party's candidate in the second most recent presidential election by the total statewide vote for that candidate in that election. This sum shall be added to the fraction calculated by dividing the total voter registration of the party in the district by the total voter registration of the party in the State as of January 1 of the year prior to the year in which the national nominating convention is held;

(b) 1/2;

(c) The number of delegates or alternate delegates, as the case may be, to which the State is entitled at the party's national nominating convention.

Fractional numbers of delegates and alternate delegates shall be rounded upward in rank order to the next whole number, largest fraction first, until the total number of delegates and alternate delegates, respectively, to be so chosen have been allocated.

The remainder of the delegates and alternate delegates shall be selected as determined by the State central committee of the party and shall be certified to the State Board of Elections by the chair chairman of the State central committee.

Notwithstanding anything to the contrary contained herein, with respect to all aspects of the selection of delegates and alternate delegates to a national nominating convention under Alternative B, this Code shall be

Sec. 7-17. Candidate ballot name procedures.

(a) Each election authority in each county shall cause to be printed upon the general primary ballot of each party for each precinct in his jurisdiction the name of each candidate whose petition for nomination or for committeeperson committeeman has been filed in the office of the county clerk, as herein provided; and also the name of each candidate whose name has been certified to his office by the State Board of Elections, and in the order so certified, except as hereinafter provided.

It shall be the duty of the election authority to cause to be printed upon the consolidated primary ballot of each political party for each precinct in his jurisdiction the name of each candidate whose name has been certified to him, as herein provided and which is to be voted for in such precinct.

(b) In the designation of the name of a candidate on the primary ballot the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof, may be used in addition to the candidate's surname. If a candidate has changed his or her name, whether by a statutory or common law procedure in Illinois or any other jurisdiction, within 3 years before the last day for filing the petition for nomination, nomination papers, or certificate of nomination for that office, whichever is applicable, then (i) the candidate's name on the primary ballot must be followed by "formerly known as (list all prior names during the 3-year period) until name changed on (list date of each such name change)" and (ii) the petition, papers, or certificate must be accompanied by the candidate's affidavit stating the candidate's previous names during the period specified in (i) and the date or dates each of those names was changed; failure to meet these requirements shall be grounds for denying certification of the candidate's name for the ballot or removing the candidate's name from the ballot, as appropriate, but these requirements do not apply to name changes resulting from adoption to assume an adoptive parent's or parents' surname, marriage to assume a spouse's surname, or dissolution of marriage or declaration of invalidity of marriage to assume a former surname. No other designation such as a political slogan, title, or degree, or nickname suggesting or implying
possession of a title, degree or professional status, or similar information may be used in connection with the candidate's surname. For purposes of this Section, a "political slogan" is defined as any word or words expressing or connoting a position, opinion, or belief that the candidate may espouse, including but not limited to, any word or words conveying any meaning other than that of the personal identity of the candidate. A candidate may not use a political slogan as part of his or her name on the ballot, notwithstanding that the political slogan may be part of the candidate's name.

(c) The State Board of Elections, a local election official, or an election authority shall remove any candidate's name designation from a ballot that is inconsistent with subsection (b) of this Section. In addition, the State Board of Elections, a local election official, or an election authority shall not certify to any election authority any candidate name designation that is inconsistent with subsection (b) of this Section.

(d) If the State Board of Elections, a local election official, or an election authority removes a candidate's name designation from a ballot under subsection (c) of this Section, then the aggrieved candidate may seek appropriate relief in circuit court.

Sec. 7-19. The primary ballot of each political party for each precinct shall be arranged and printed substantially in the manner following:

1. Designating words. At the top of the ballot shall be printed in large capital letters, words designating the ballot, if a Republican ballot, the designating words shall be: "REPUBLICAN PRIMARY BALLOT"; if a Democratic ballot the designating words shall be: "DEMOCRATIC PRIMARY BALLOT"; and in like manner for each political party.

2. Order of Names, Directions to Voters, etc. Beginning not less than one inch below designating words, the name of each office to be filled shall be printed in capital letters. Such names may be printed on the ballot either in a single column or in 2 or more columns and in the following order, to-wit:

   President of the United States, State offices, congressional offices, delegates and alternate delegates to be elected from the State at large to National nominating conventions, delegates and alternate delegates to be elected from congressional districts to National nominating conventions, member or members of the State central committee, trustees of sanitary

districts, county offices, judicial officers, city, village and incorporated
town offices, town offices, or of such of the said offices as candidates are
to be nominated for at such primary, and precinct, township or ward
comiteepersons committeemen. If two or more columns are used, the
foregoing offices to and including member of the State central committee
shall be listed in the left-hand column and Senatorial offices, as defined in
Section 8-3, shall be the first offices listed in the second column.

Below the name of each office shall be printed in small letters the
directions to voters: "Vote for one"; "Vote for not more than two"; "Vote
for not more than three". If no candidate or candidates file for an office
and if no person or persons file a declaration as a write-in candidate for
that office, then below the title of that office the election authority instead
shall print "No Candidate".

Next to the name of each candidate for delegate or alternate
delegate to a national nominating convention shall appear either (a) the
name of the candidate's preference for President of the United States or the
word "uncommitted" or (b) no official designation, depending upon the
action taken by the State central committee pursuant to Section 7-10.3 of
this Act.

Below the name of each office shall be printed in capital letters the
names of all candidates, arranged in the order in which their petitions for
nominations were filed, except as otherwise provided in Sections 7-14 and
7-17 of this Article. Opposite and in front of the name of each candidate
shall be printed a square and all squares upon the primary ballot shall be of
uniform size. The names of each team of candidates for Governor and
Lieutenant Governor, however, shall be printed within a bracket, and a
single square shall be printed in front of the bracket. Spaces between the
names of candidates under each office shall be uniform and sufficient
spaces shall separate the names of candidates for one office from the
names of candidates for another office, to avoid confusion and to permit
the writing in of the names of other candidates.

Sec. 7-34. Pollwatchers in a primary election shall be authorized in the following manner:

(1) Each established political party shall be entitled to appoint one pollwatcher per precinct. Such pollwatchers must be affiliated with the political party for which they are pollwatching and must be a registered voter in Illinois.

(2) Each candidate shall be entitled to appoint two pollwatchers per precinct. For Federal, State, county, township, and municipal primary elections, the pollwatchers must be registered to vote in Illinois.

(3) Each organization of citizens within the county or political subdivision, which has among its purposes or interests the investigation or prosecution of election frauds, and which shall have registered its name and address and the names and addresses of its principal officers with the proper election authority at least 40 days before the primary election, shall be entitled to appoint one pollwatcher per precinct. For all primary elections, the pollwatcher must be registered to vote in Illinois.

(3.5) Each State nonpartisan civic organization within the county or political subdivision shall be entitled to appoint one pollwatcher per precinct, provided that no more than 2 pollwatchers appointed by State nonpartisan civic organizations shall be present in a precinct polling place at the same time. Each organization shall have registered the names and addresses of its principal officers with the proper election authority at least 40 days before the primary election. The pollwatchers must be registered to vote in Illinois. For the purpose of this paragraph, a "State nonpartisan civic organization" means any corporation, unincorporated association, or organization that:

(i) as part of its written articles of incorporation, bylaws, or charter or by separate written declaration, has among its stated purposes the provision of voter information and education, the
protection of individual voters' rights, and the promotion of free and equal elections;

(ii) is organized or primarily conducts its activities within the State of Illinois; and

(iii) continuously maintains an office or business location within the State of Illinois, together with a current listed telephone number (a post office box number without a current listed telephone number is not sufficient).

(4) Each organized group of proponents or opponents of a ballot proposition, which shall have registered the name and address of its organization or committee and the name and address of its chair

with the proper election authority at least 40 days before the primary election, shall be entitled to appoint one pollwatcher per precinct. The pollwatcher must be registered to vote in Illinois.

(5) In any primary election held to nominate candidates for the offices of a municipality of less than 3,000,000 population that is situated in 2 or more counties, a pollwatcher who is a resident of a county in which any part of the municipality is situated shall be eligible to serve as a pollwatcher in any polling place located within such municipality, provided that such pollwatcher otherwise complies with the respective requirements of subsections (1) through (4) of this Section and is a registered voter whose residence is within Illinois.

All pollwatchers shall be required to have proper credentials. Such credentials shall be printed in sufficient quantities, shall be issued by and under the facsimile signature(s) of the election authority and shall be available for distribution at least 2 weeks prior to the election. Such credentials shall be authorized by the real or facsimile signature of the State or local party official or the candidate or the presiding officer of the civic organization or the chair chairman of the proponent or opponent group, as the case may be.

Pollwatcher credentials shall be in substantially the following form:

Pollwatchers must present their credentials to the Judges of Election upon entering the polling place. Pollwatcher credentials properly executed and signed shall be proof of the qualifications of the pollwatcher authorized thereby. Such credentials are retained by the Judges and returned to the Election Authority at the end of the day of election with the other election materials. Once a pollwatcher has surrendered a valid credential, he may leave and reenter the polling place provided that such continuing action does not disrupt the conduct of the election. Pollwatchers may be substituted during the course of the day, but established political parties, candidates, qualified civic organizations and proponents and opponents of a ballot proposition can have only as many pollwatchers at any given time as are authorized in this Article. A substitute must present his signed credential to the judges of election upon entering the polling place. Election authorities must provide a sufficient number of credentials to allow for substitution of pollwatchers. After the polls have closed, pollwatchers shall be allowed to remain until the canvass of votes is completed; but may leave and reenter only in cases of necessity, provided that such action is not so continuous as to disrupt the canvass of votes.

Candidates seeking office in a district or municipality encompassing 2 or more counties shall be admitted to any and all polling places throughout such district or municipality without regard to the counties in which such candidates are registered to vote. Candidates seeking office in a district or municipality encompassing 2 or more counties who desire to be admitted to polling places on election day in such district or municipality shall be required to have proper credentials. Such credentials shall be printed in sufficient quantities, shall be issued by and under the facsimile signature of the election authority of the election jurisdiction where the polling place in which the candidate seeks admittance is located, and shall be available for distribution at least 2 weeks prior to the election. Such credentials shall be signed by the candidate.

Pollwatchers shall be permitted to observe all proceedings and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, and to station themselves in a position in the voting room as will enable them to observe the judges making the signature comparison between the voter application and the voter registration record card; provided, however, that such pollwatchers shall not be permitted to station themselves in such close proximity to the judges of election so as to interfere with the orderly conduct of the election and shall not, in any event, be permitted to handle election materials. Pollwatchers may challenge for cause the voting qualifications of a person offering to vote and may call to the attention of the judges of election any incorrect procedure or apparent violations of this Code.

If a majority of the judges of election determine that the polling place has become too overcrowded with pollwatchers so as to interfere with the orderly conduct of the election, the judges shall, by lot, limit such pollwatchers to a reasonable number, except that each candidate and each established or new political party shall be permitted to have at least one pollwatcher present.

Representatives of an election authority, with regard to an election under its jurisdiction, the State Board of Elections, and law enforcement agencies, including but not limited to a United States Attorney, a State's attorney, the Attorney General, and a State, county, or local police department, in the performance of their official election duties, shall be permitted at all times to enter and remain in the polling place. Upon entering the polling place, such representatives shall display their official credentials or other identification to the judges of election.

Uniformed police officers assigned to polling place duty shall follow all lawful instructions of the judges of election.

The provisions of this Section shall also apply to supervised casting of vote by mail ballots as provided in Section 19-12.2 of this Act.

Sec. 7-46. On receiving from the primary judges a primary ballot of his party, the primary elector shall forthwith and without leaving the polling place, retire alone to one of the voting booths and prepare such primary ballot by marking a cross (X) in the square in front of and opposite the name of each candidate of his choice for each office to be filled, and for delegates and alternate delegates to national nominating conventions, and for committeepersons committeemen, if committeepersons committeemen are being elected at such primary. A cross (X) in the square in front of the bracket enclosing the names of a team of candidates for Governor and Lieutenant Governor counts as one vote for each of those candidates.

Any primary elector may, instead of voting for any candidate for nomination or for committeeperson committeeman or for delegate or alternate delegate to national nominating conventions, whose name is printed on the primary ballot, write in the name of any other person affiliated with such party as a candidate for the nomination for any office, or for committeeperson committeeman, or for delegates or alternate delegates to national nominating conventions, and indicate his choice of such candidate or committeeperson committeeman or delegate or alternate

No primary ballot, without the endorsement of the judge's initials thereon, shall be counted.

No judge shall omit to endorse his initials on a primary ballot, as required by this Article, nor shall any person not authorized so to do initial a primary ballot knowing that he is not so authorized.

Primary ballots not counted shall be marked "defective" on the back thereof; and primary ballots to which objections have been made by either of the primary judges or challengers shall be marked "objected to" on the back thereof; and a memorandum, signed by the primary judges, stating how it was counted, shall be written on the back of each primary ballot so marked; and all primary ballots marked "defective" or "objected to" shall be enclosed in an envelope and securely sealed, and so marked and endorsed as to clearly disclose its contents. The envelope to be used for enclosing ballots marked "defective" or "objected to" shall bear upon its face, in not less than 1 1/2 inch type, the legend: "This envelope is for use after 6:00 P.M. only." Sec. 10-2. The term "political party", as hereinafter used in this Article 10, shall mean any "established political party", as hereinafter defined and shall also mean any political group which shall hereafter undertake to form an established political party in the manner provided for in this Article 10: Provided, that no political organization or group shall be qualified as a political party hereunder, or given a place on a ballot, which organization or group is associated, directly or indirectly, with Communist, Fascist, Nazi or other un-American principles and engages in activities or propaganda designed to teach subservience to the political principles and ideals of foreign nations or the overthrow by violence of the established constitutional form of government of the United States and the State of Illinois.

A political party which, at the last general election for State and county officers, polled for its candidate for Governor more than 5% of the entire vote cast for Governor, is hereby declared to be an "established political party" as to the State and as to any district or political subdivision thereof.

A political party which, at the last election in any congressional district, legislative district, county, township, municipality or other political subdivision or district in the State, polled more than 5% of the entire vote cast within such territorial area or political subdivision, as the case may be, has voted as a unit for the election of officers to serve the respective territorial area of such district or political subdivision, is hereby declared to be an "established political party" within the meaning of this Article as to such district or political subdivision.

Any group of persons hereafter desiring to form a new political party throughout the State, or in any congressional, legislative or judicial district, or in any other district or in any political subdivision (other than a municipality) not entirely within a single county, shall file with the State

Board of Elections a petition, as hereinafter provided; and any such group of persons hereafter desiring to form a new political party within any county shall file such petition with the county clerk; and any such group of persons hereafter desiring to form a new political party within any municipality or township or within any district of a unit of local government other than a county shall file such petition with the local election official or Board of Election Commissioners of such municipality, township or other unit of local government, as the case may be. Any such petition for the formation of a new political party throughout the State, or in any such district or political subdivision, as the case may be, shall declare as concisely as may be the intention of the signers thereof to form such new political party in the State, or in such district or political subdivision; shall state in not more than 5 words the name of such new political party; shall at the time of filing contain a complete list of candidates of such party for all offices to be filled in the State, or such district or political subdivision as the case may be, at the next ensuing election then to be held; and, if such new political party shall be formed for the entire State, shall be signed by 1% of the number of voters who voted at the next preceding Statewide general election or 25,000 qualified voters, whichever is less. If such new political party shall be formed for any district or political subdivision less than the entire State, such petition shall be signed by qualified voters equaling in number not less than 5% of the number of voters who voted at the next preceding regular election in such district or political subdivision in which such district or political subdivision voted as a unit for the election of officers to serve its respective territorial area. However, whenever the minimum signature requirement for a district or political subdivision new political party petition shall exceed the minimum number of signatures for State-wide new political party petitions at the next preceding State-wide general election, such State-wide petition signature requirement shall be the minimum for such district or political subdivision new political party petition.

For the first election following a redistricting of congressional districts, a petition to form a new political party in a congressional district shall be signed by at least 5,000 qualified voters of the congressional district. For the first election following a redistricting of legislative districts, a petition to form a new political party in a legislative district shall be signed by at least 3,000 qualified voters of the legislative district. For the first election following a redistricting of representative districts, a
petition to form a new political party in a representative district shall be signed by at least 1,500 qualified voters of the representative district.

For the first election following redistricting of county board districts, or of municipal wards or districts, or for the first election following the initial establishment of such districts or wards in a county or municipality, a petition to form a new political party in a county board district or in a municipal ward or district shall be signed by qualified voters of the district or ward equal to not less than 5% of the total number of votes cast at the preceding general or municipal election, as the case may be, for the county or municipal office voted on throughout the county or municipality for which the greatest total number of votes were cast for all candidates, divided by the number of districts or wards, but in any event not less than 25 qualified voters of the district or ward.

In the case of a petition to form a new political party within a political subdivision in which officers are to be elected from districts and at-large, such petition shall consist of separate components for each district from which an officer is to be elected. Each component shall be circulated only within a district of the political subdivision and signed only by qualified electors who are residents of such district. Each sheet of such petition must contain a complete list of the names of the candidates of the party for all offices to be filled in the political subdivision at large, but the sheets comprising each component shall also contain the names of those candidates to be elected from the particular district. Each component of the petition for each district from which an officer is to be elected must be signed by qualified voters of the district equaling in number not less than 5% of the number of voters who voted at the next preceding regular election in such district at which an officer was elected to serve the district. The entire petition, including all components, must be signed by a total of qualified voters of the entire political subdivision equaling in number not less than 5% of the number of voters who voted at the next preceding regular election in such political subdivision at which an officer was elected to serve the political subdivision at large.

The filing of such petition shall constitute the political group a new political party, for the purpose only of placing upon the ballot at such next ensuing election such list or an adjusted list in accordance with Section 10-11, of party candidates for offices to be voted for throughout the State, or for offices to be voted for in such district or political subdivision less than the State, as the case may be, under the name of and as the candidates of such new political party.

If, at such ensuing election, the new political party's candidate for Governor shall receive more than 5% of the entire votes cast for Governor, then such new political party shall become an "established political party" as to the State and as to every district or political subdivision thereof. If, at such ensuing election, the other candidates of the new political party, or any other candidate or candidates of the new political party shall receive more than 5% of all the votes cast for the office or offices for which they were candidates at such election, in the State, or in any district or political subdivision, as the case may be, then and in that event, such new political party shall become an "established political party" within the State or within such district or political subdivision less than the State, as the case may be, in which such candidate or candidates received more than 5% of the votes cast for the office or offices for which they were candidates. It shall thereafter nominate its candidates for public offices to be filled in the State, or such district or political subdivision, as the case may be, under the provisions of the laws regulating the nomination of candidates of established political parties at primary elections and political party conventions, as now or hereafter in force.

A political party which continues to receive for its candidate for Governor more than 5% of the entire vote cast for Governor, shall remain an "established political party" as to the State and as to every district or political subdivision thereof. But if the political party's candidate for Governor fails to receive more than 5% of the entire vote cast for Governor, or if the political party does not nominate a candidate for Governor, the political party shall remain an "established political party" within the State or within such district or political subdivision less than the State, as the case may be, only so long as, and only in those districts or political subdivisions in which, the candidates of that political party, or any candidate or candidates of that political party, continue to receive more than 5% of all the votes cast for the office or offices for which they were candidates at succeeding general or consolidated elections within the State or within any district or political subdivision, as the case may be.

Any such petition shall be filed at the same time and shall be subject to the same requirements and to the same provisions in respect to objections thereto and to any hearing or hearings upon such objections that are hereinafter in this Article 10 contained in regard to the nomination of any other candidate or candidates by petition. If any such new political party shall become an "established political party" in the manner herein provided, the candidate or candidates of such new political party

For special districts situated in more than one county, the county

district is located has jurisdiction to hear and pass upon objections. For
purposes of this Section, "special districts" means all political subdivisions
other than counties, municipalities, townships and school and community
college districts.

In the event that any member of the appropriate board is a
candidate for the office with relation to which the objector's petition is
filed, he shall not be eligible to serve on that board and shall not act as a
member of the board and his place shall be filled as follows:

  a. In the county officers electoral board by the county
treasurer, and if he or she is ineligible to serve, by the sheriff of the

The Chief Judge shall be so notified by a member of the electoral board or the officer or board with whom the objector's petition was filed. Sec. 10-10. Within 24 hours after the receipt of the certificate of nomination or nomination papers or proposed question of public policy, as the case may be, and the objector's petition, the chair of the electoral board other than the State Board of Elections shall send a call by registered or certified mail to each of the members of the electoral board, and to the objector who filed the objector's petition, and either to the candidate whose certificate of nomination or nomination papers are objected to or to the principal proponent or attorney for proponents of a question of public policy, as the case may be, whose petitions are objected to, and shall also cause the sheriff of the county or counties in which such officers and persons reside to serve a copy of such call upon each of such officers and persons, which call shall set out the fact that the electoral board is required to meet to hear and pass upon the objections to nominations made for the office, designating it, and shall state the day, hour and place at which the electoral board shall meet for the purpose, which place shall be in the county court house in the county in the case of the County Officers Electoral Board, the Municipal Officers Electoral Board, the Township Officers Electoral Board or the Education Officers Electoral Board, except that the Municipal Officers Electoral Board, the Township Officers Electoral Board, and the Education Officers Electoral Board may meet at the location where the governing body of the municipality, township, or community college district, respectively, holds its regularly scheduled meetings, if that location is available; provided that voter records may be removed from the offices of an election authority only at the discretion and under the supervision of the election authority. In those cases where the State Board of Elections is the electoral board

designated under Section 10-9, the chairman of the State Board of Elections shall, within 24 hours after the receipt of the certificate of nomination or nomination papers or petitions for a proposed amendment to Article IV of the Constitution or proposed statewide question of public policy, send a call by registered or certified mail to the objector who files the objector's petition, and either to the candidate whose certificate of nomination or nomination papers are objected to or to the principal proponent or attorney for proponents of the proposed Constitutional amendment or statewide question of public policy and shall state the day, hour, and place at which the electoral board shall meet for the purpose, which place may be in the Capitol Building or in the principal or permanent branch office of the State Board. The day of the meeting shall not be less than 3 nor more than 5 days after the receipt of the certificate of nomination or nomination papers and the objector's petition by the chairman of the electoral board.

The electoral board shall have the power to administer oaths and to subpoena and examine witnesses and, at the request of either party and only upon a vote by a majority of its members, may authorize the chairman to issue subpoenas requiring the attendance of witnesses and subpoenas duces tecum requiring the production of such books, papers, records and documents as may be evidence of any matter under inquiry before the electoral board, in the same manner as witnesses are subpoenaed in the Circuit Court.

Service of such subpoenas shall be made by any sheriff or other person in the same manner as in cases in such court and the fees of such sheriff shall be the same as is provided by law, and shall be paid by the objector or candidate who causes the issuance of the subpoena. In case any person so served shall knowingly neglect or refuse to obey any such subpoena, or to testify, the electoral board shall at once file a petition in the circuit court of the county in which such hearing is to be heard, or has been attempted to be heard, setting forth the facts, of such knowing refusal or neglect, and accompanying the petition with a copy of the citation and the answer, if one has been filed, together with a copy of the subpoena and the return of service thereon, and shall apply for an order of court requiring such person to attend and testify, and forthwith produce books and papers, before the electoral board. Any circuit court of the state, excluding the judge who is sitting on the electoral board, upon such showing shall order such person to appear and testify, and to forthwith produce such books and papers, before the electoral board at a place to be fixed by the court. If
such person shall knowingly fail or refuse to obey such order of the court without lawful excuse, the court shall punish him or her by fine and imprisonment, as the nature of the case may require and may be lawful in cases of contempt of court.

The electoral board on the first day of its meeting shall adopt rules of procedure for the introduction of evidence and the presentation of arguments and may, in its discretion, provide for the filing of briefs by the parties to the objection or by other interested persons.

In the event of a State Electoral Board hearing on objections to a petition for an amendment to Article IV of the Constitution pursuant to Section 3 of Article XIV of the Constitution, or to a petition for a question of public policy to be submitted to the voters of the entire State, the certificates of the county clerks and boards of election commissioners showing the results of the random sample of signatures on the petition shall be prima facie valid and accurate, and shall be presumed to establish the number of valid and invalid signatures on the petition sheets reviewed in the random sample, as prescribed in Section 28-11 and 28-12 of this Code. Either party, however, may introduce evidence at such hearing to dispute the findings as to particular signatures. In addition to the foregoing, in the absence of competent evidence presented at such hearing by a party substantially challenging the results of a random sample, or showing a different result obtained by an additional sample, this certificate of a county clerk or board of election commissioners shall be presumed to establish the ratio of valid to invalid signatures within the particular election jurisdiction.

The electoral board shall take up the question as to whether or not the certificate of nomination or nomination papers or petitions are in proper form, and whether or not they were filed within the time and under the conditions required by law, and whether or not they are the genuine certificate of nomination or nomination papers or petitions which they purport to be, and whether or not in the case of the certificate of nomination in question it represents accurately the decision of the caucus or convention issuing it, and in general shall decide whether or not the certificate of nomination or nominating papers or petitions on file are valid or whether the objections thereto should be sustained and the decision of a majority of the electoral board shall be final subject to judicial review as provided in Section 10-10.1. The electoral board must state its findings in writing and must state in writing which objections, if any, it has sustained. A copy of the decision shall be served upon the parties to the proceedings.

in open proceedings before the electoral board. If a party does not appear for receipt of the decision, the decision shall be deemed to have been served on the absent party on the date when a copy of the decision is personally delivered or on the date when a copy of the decision is deposited in the United States mail, in a sealed envelope or package, with postage prepaid, addressed to each party affected by the decision or to such party's attorney of record, if any, at the address on record for such person in the files of the electoral board.

Upon the expiration of the period within which a proceeding for judicial review must be commenced under Section 10-10.1, the electoral board shall, unless a proceeding for judicial review has been commenced within such period, transmit, by registered or certified mail, a certified copy of its ruling, together with the original certificate of nomination or nomination papers or petitions and the original objector's petition, to the officer or board with whom the certificate of nomination or nomination papers or petitions, as objected to, were on file, and such officer or board shall abide by and comply with the ruling so made to all intents and purposes.

Sec. 11-6. Within 60 days after July 1, 2014 (the effective date of Public Act 98-691), each election authority shall transmit to the principal office of the State Board of Elections and publish on any website maintained by the election authority maps in electronic portable document format (PDF) showing the current boundaries of all the precincts within its jurisdiction. Whenever election precincts in an election jurisdiction have been redivided or readjusted, the county board or board of election commissioners shall prepare maps in electronic portable document format (PDF) showing such election precinct boundaries no later than 90 days before the next scheduled election. The maps shall show the boundaries of all political subdivisions and districts. The county board or board of election commissioners shall immediately forward copies thereof to the chair of each county central committee in the county, to each township, ward, or precinct committeeperson, and each local election official whose political subdivision is wholly or partly in the county and, upon request, shall furnish copies thereof to each candidate for political or public office in the county and shall transmit copies thereof to

Sec. 13-1. In counties not under township organization, the county board of commissioners shall at its meeting in July in each even-numbered year appoint in each election precinct 5 capable and discreet persons meeting the qualifications of Section 13-4 to be judges of election. Where neither voting machines nor electronic, mechanical or electric voting systems are used, the county board may, for any precinct with respect to which the board considers such action necessary or desirable in view of the number of voters, and shall for general elections for any precinct containing more than 600 registered voters, appoint in addition to the 5 judges of election a team of 5 tally judges. In such precincts the judges of election shall preside over the election during the hours the polls are open, and the tally judges, with the assistance of the holdover judges designated pursuant to Section 13-6.2, shall count the vote after the closing of the polls. However, the County Board of Commissioners may appoint 3 judges of election to serve in lieu of the 5 judges of election otherwise required by this Section (1) to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose or (2) if the county board passes an ordinance to reduce the number of judges of election to 3 for primary elections. The tally judges shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

In addition to such precinct judges, the county board of commissioners shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulations of the State Board of Elections which shall base the required numbers of special panels on the number of registered voters in the jurisdiction or the number of vote by mail ballots voted at recent elections, or any combination of such factors.

Such appointment shall be confirmed by the court as provided in Section 13-3 of this Article. No more than 3 persons of the same political
party shall be appointed judges of the same election precinct or election judge panel. The appointment shall be made in the following manner: The county board of commissioners shall select and approve 3 persons as judges of election in each election precinct from a certified list, furnished by the chair chairman of the County Central Committee of the first leading political party in such precinct; and the county board of commissioners shall also select and approve 2 persons as judges of election in each election precinct from a certified list, furnished by the chair chairman of the County Central Committee of the second leading political party. However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding sentences with regard to 5 election judges in each precinct. Such certified list shall be filed with the county clerk not less than 10 days before the annual meeting of the county board of commissioners. Such list shall be arranged according to precincts. The chair chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. The county board of commissioners shall acknowledge in writing to each county chair chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or such list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board of commissioners shall make or complete such list from the names contained in the supplemental list provided for in Section 13-1.1. The election judges shall hold their office for 2 years from their appointment, and until their successors are duly appointed in the manner provided in this Act. The county board of commissioners shall fill all vacancies in the office of judge of election at any time in the manner provided in this Act. (Source: P.A. 100-337, eff. 8-25-17.)

Sec. 13-1.1. In addition to the list provided for in Section 13-1 or 13-2, the chair chairman of the county central committee, or each township committeeperson in a county with a population of more than 3,000,000, of each of the two leading political parties shall submit to the county board a supplemental list, arranged according to precincts in which they are to serve, of persons available as judges of election, the names and number of all persons listed thereon to be acknowledged in writing to the county chair chairman or township committeeperson, as the case may be, submitting such list by the county board. Vacancies among the judges of election shall be filled by selection from this supplemental list of persons qualified under Section 13-4. If the list provided for in Section 13-1 or 13-2 for any precinct is exhausted, then selection shall be made from the supplemental list submitted by the chair chairman of the county central committee, or each township committeeperson in a county with a population of more than 3,000,000, of the party. If such supplemental list is exhausted for any precinct, then selection shall be made from any of the persons on the supplemental list without regard to the precincts in which they are listed to serve. No selection or appointment from the supplemental list shall be made more than 21 days prior to the date of precinct registration for those judges needed as precinct registrars, and more than 60 days prior to the date of an election for those additional persons needed as election judges. In any case where selection cannot be made from the supplemental list without violating Section 13-4, selection shall be made from outside the supplemental list of some person qualified under Section 13-4.

Sec. 13-2. In counties under the township organization the county board shall at its meeting in July in each even-numbered year except in counties containing a population of 3,000,000 inhabitants or over and except when such judges are appointed by election commissioners, select in each election precinct in the county, 5 capable and discreet persons to be judges of election who shall possess the qualifications required by this Act for such judges. Where neither voting machines nor electronic, mechanical or electric voting systems are used, the county board may, for any precinct with respect to which the board considers such action necessary or desirable in view of the number of voters, and shall for general elections for any precinct containing more than 600 registered voters, appoint in addition to the 5 judges of election a team of 5 tally

judges. In such precincts the judges of election shall preside over the election during the hours the polls are open, and the tally judges, with the assistance of the holdover judges designated pursuant to Section 13-6.2, shall count the vote after the closing of the polls. The tally judges shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

However, the county board may appoint 3 judges of election to serve in lieu of the 5 judges of election otherwise required by this Section (1) to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose or (2) if the county board passes an ordinance to reduce the number of judges of election to 3 for primary elections.

In addition to such precinct judges, the county board shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulations of the State Board of Elections, which shall base the required number of special panels on the number of registered voters in the jurisdiction or the number of absentee ballots voted at recent elections or any combination of such factors.

No more than 3 persons of the same political party shall be appointed judges in the same election district or undivided precinct. The election of the judges of election in the various election precincts shall be made in the following manner: The county board shall select and approve 3 of the election judges in each precinct from a certified list furnished by the chairman of the County Central Committee of the first leading political party in such election precinct and shall also select and approve 2 judges of election in each election precinct from a certified list furnished by the chairman of the County Central Committee of the second leading political party in such election precinct. However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding

sentences with regard to 5 election judges in each precinct. The respective County Central Committee chair chairman shall notify the county board by June 1 of each odd-numbered year immediately preceding the annual meeting of the county board whether or not such certified list will be filed by such chair chairman. Such list shall be arranged according to precincts. The chair chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. Such certified list, if filed, shall be filed with the county clerk not less than 20 days before the annual meeting of the county board. The county board shall acknowledge in writing to each county chair chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or the list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board shall make or complete such list from the names contained in the supplemental list provided for in Section 13-1.1. Provided, further, that in any case where a township has been or shall be redistricted, in whole or in part, subsequent to one general election for Governor, and prior to the next, the judges of election to be selected for all new or altered precincts shall be selected in that one of the methods above detailed, which shall be applicable according to the facts and circumstances of the particular case, but the majority of such judges for each such precinct shall be selected from the first leading political party, and the minority judges from the second leading political party. Provided, further, that in counties having a population of 3,000,000 inhabitants or over the selection of judges of election shall be made in the same manner in all respects as in other counties, except that the provisions relating to tally judges are inapplicable to such counties and except that the county board shall meet during the month of January for the purpose of making such selection, each township committeeperson shall assume the responsibilities given to the chair chairman of the county central committee in this Section for the precincts within his or her township, and the township committeeperson shall notify the county board by the preceding October 1 whether or not the certified list will be filed. Such
judges of election shall hold their office for 2 years from their appointment and until their successors are duly appointed in the manner provided in this Act. The county board shall fill all vacancies in the office of judges of elections at any time in the manner herein provided.

Such selections under this Section shall be confirmed by the circuit court as provided in Section 13-3 of this Article.

(10 ILCS 5/13-3) (from Ch. 46, par. 13-3)

Sec. 13-3. After the judges of election have been selected and approved as hereinbefore provided, a report of such selections shall be made by the county board and filed in the circuit court, and application shall then be made by the county board to the court for their confirmation and appointment, whereupon the court shall enter an order that cause be shown, if any exists, against the confirmation and appointment of such persons so named on or before the opening of the court on a day to be fixed by the court. The county board shall immediately give notice of such order and the names of all such judges so reported to such court for confirmation and their residence and the precinct for which they were selected by causing a notice to be published in one or more newspapers in the county and if no newspaper be published therein then by posting such notice in 5 of the most public places in the county. The notice shall state that a list of judges of election is available for public inspection in the office of the election authority. If no cause to the contrary is shown prior to the day fixed, and if, in each precinct, at least one judge representing each of the two major political parties has been certified by the county clerk as having satisfactorily completed within the preceding 6 months the training course and examination for judges of election, as provided in Section 13-2.1 and 13-2.2 of this Act, such appointment shall be confirmed by order entered by that court.

If in any precinct the requisite 2 judges have not been so certified by the county clerk as having satisfactorily completed such course and examination, the county clerk shall immediately notify all judges in that precinct, to whose appointment there is no other objection, that all such judges shall attend the next such course. The county clerk shall then certify to the court that all such judges have been so notified (and such certification need contain no detail other than a mere recital). The appointment of such judges shall then be confirmed by order entered by the court. If any judge so notified and so confirmed fails to attend the next

such course, such failure shall subject such judge to possible removal from office at the option of the election authority.

If objections to the appointment of any judge be filed prior to the day fixed by the court for confirmation of judges, the court shall hear such objections and the evidence introduced in support thereof, and shall confirm or refuse to confirm such nominations as the interests of the public may require. No reasons may be given for the refusal to confirm. If any vacancy exists at any time the county board shall, subject to the provisions of Section 13-1.1, further report and nominate persons to fill such vacancies so existing in the manner aforesaid, and a court in the same way shall consider such nominations and shall confirm or refuse to confirm the same in the manner aforesaid. Upon the confirmation of such judges, at any time, a commission shall issue to each of such judges, under the seal of such court, and appropriate forms shall be prepared by the county clerk of each county for such purpose and furnished to the county board, and after confirmation and acceptance of such commission, such judges shall thereupon become officers of such court. If a vacancy occurs so late that nomination by the county board and application to and confirmation by the court cannot be had before the election, then the court shall, subject to the provisions of Section 13-1.1, make an appointment and issue a commission to such officer or officers, and when thus appointed such officer shall be considered an officer of the court and subject to the same rules as if nominated by the county board and confirmed by the court, and any judge, however appointed, and at whatever time, shall be considered an officer of court and be subject to the same control and punishment in case of misbehavior. Not more than 10 business days after the day of election, the county clerk shall compile a list containing the name, address and party affiliation of each judge of election who served on the day of election, and shall preserve such list and make it available for public inspection and copying for a period of not more than one year from the date of receipt of such list. Copies of such list shall be available for purchase at a cost not to exceed the cost of duplication. The board has the right, at any time, in case of misbehavior or neglect of duty, to remove any judge of election and cause such vacancy to be filled in accordance with this Act. Except for judges appointed under subsection (b) of Section 13-4, the board shall have the right, at any time, to remove any judge of election for failing to vote the primary ballot of the political party he represents, at a primary election at which he served as such judge, and shall cause such vacancy to be filled in accordance with this Act. The
board shall remove any judge of election who, twice during the same term of office, fails to provide for the opening of the polling place at the time prescribed in Section 17-1 or Section 18-2, whichever is applicable, unless such delay can be demonstrated by the judge of election to be beyond his or her control. In the event that any judge of election is removed for cause, the board shall specify such cause in writing and make such writing a matter of public record, with a copy to be sent to the appropriate county chair who made the initial recommendation of the election judge. If any vacancies occur or exist more than 15 days before election the judges appointed to such places must be confirmed by such court. The county board shall not voluntarily remove any judge within 15 days of such election except for flagrant misbehavior, incapacity or dishonesty, and the reason therefor must afterward be reported in writing to such court and made a matter of public record, with a copy to be sent to the appropriate county chair who made the initial recommendation of the election judge. Provided further that where a vacancy in the office of judge of election exists 20 days or less prior to any election in counties having a population of 3,000,000 or more inhabitants, or where such vacancy exists 10 days or less prior to any election in counties having less than 3,000,000 inhabitants, the county clerk shall, subject to the provisions of Section 13-1.1, appoint a person of the same major political party to fill such vacancy and issue a commission thereto. The name of the officer so appointed shall be reported to the court as a matter of record and after acceptance of such commission such person shall be liable in the same manner as officers regularly appointed by the county board and confirmed by the court. The county clerk shall have the power on election day to remove without cause any judge of election appointed by the other judges of election pursuant to Section 13-7 and to appoint another judge of election to serve for that election. Sec. 14-3.1. The board of election commissioners shall, during the month of July of each even-numbered year, select for each election precinct within the jurisdiction of the board 5 persons to be judges of election who shall possess the qualifications required by this Act for such
judges. The selection shall be made by a county board of election commissioners in the following manner: the county board of election commissioners shall select and approve 3 persons as judges of election in each election precinct from a certified list furnished by the *chairman* of the county central committee of the first leading political party in that precinct; the county board of election commissioners also shall select and approve 2 persons as judges of election in each election precinct from a certified list furnished by the *chairman* of the county central committee of the second leading political party in that precinct. The selection by a municipal board of election commissioners shall be made in the following manner: for each precinct, 3 judges shall be selected from one of the 2 leading political parties and the other 2 judges shall be selected from the other leading political party; the parties entitled to 3 and 2 judges, respectively, in the several precincts shall be determined as provided in Section 14-4. However, a Board of Election Commissioners may appoint three judges of election to serve in lieu of the 5 judges of election otherwise required by this Section to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose.

If only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct, and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined as set forth in this Section for a county board of election commissioners' selection of 5 election judges in each precinct or in Section 14-4 for a municipal board of election commissioners' selection of election judges in each precinct, whichever is appropriate. In addition to such precinct judges, the board of election commissioners shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulation of the State Board of Elections, which shall base the required number of special panels on the number of registered voters in the jurisdiction or the number of absentee ballots voted at recent elections or any combination of such factors. Lists furnished by chairman of county central committees or ward committeepersons, as the case may be, under this Section shall be arranged according to precincts. The chair chairman of each county central committee or ward committeepersons, as the case may be, shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. The board of election commissioners shall no later than March 1 of each even-numbered year notify the chairmen of the respective county central committees or ward committeepersons, as the case may be, of their responsibility to furnish such lists, and each such chair chairman shall furnish the board of election commissioners with the list for his party on or before May 1 of each even-numbered year. The board of election commissioners shall acknowledge in writing to each county chair chairman or ward committeepersons, as the case may be, the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is furnished or if no names or an insufficient number of names are furnished for certain precincts, the board of election commissioners shall make or complete such list from the names contained in the supplemental list provided for in Section 14-3.2. Judges of election shall hold their office for 2 years from their appointment and until their successors are duly appointed in the manner herein provided. The board of election commissioners shall, subject to the provisions of Section 14-3.2, fill all vacancies in the office of judges of election at any time in the manner herein provided.

After the judges are selected and have agreed to serve as provided in Sections 14-1 to 14-4, inclusive, then a report of such selections shall be made and filed in the court, and application shall then be made by the board to the circuit court for their confirmation and appointment, whereupon the court shall enter an order that cause be shown, if any exists, against the confirmation and appointment of such persons so named, on or before the opening of the court on a day to be fixed by the court. inspection in the office of the election authority. If no cause to the contrary is shown prior to the day fixed, and if, in each precinct, at least one judge representing each of the two major political parties has been certified by the board of commissioners as having satisfactorily completed within the preceding 6 months the training course and examination for judges of election, as provided in Section 14-4.1 of this Act such appointments shall be confirmed by order entered by that court.

If in any precinct the requisite 2 judges have not been so certified by the board of commissioners as having satisfactorily completed such course and examination, the board of commissioners shall immediately notify all judges in that precinct, to whose appointment there is no other objection, that all such judges shall attend the next such course. The board of commissioners shall then certify to the court that all such judges have been so notified (and such certification need contain no detail other than a mere recital). The appointment of such judges shall then be confirmed by order entered by the court. If any judge so notified and so confirmed fails to attend the next such course, such failure shall subject such judge to possible removal from office at the option of the election authority.

If objections to the appointment of any such judge is filed prior to the day fixed by the court for confirmation of judges, the court shall hear such objections and the evidence introduced in support thereof, and shall confirm or refuse to confirm such nominations, as the interests of the public may require. No reasons may be given for the refusal to confirm. If any vacancies exist by reason of the action of such board or otherwise, at any time, the board of commissioners shall, subject to the provisions of Section 14-3.2, further report and nominate persons to fill such vacancies so existing in the manner aforesaid, and a court in the same way shall consider such nominations and shall confirm or refuse to confirm the same in the manner aforesaid. Upon the confirmation of such judges, at any time, a commission shall issue to each of such judges, under the seal of such court, and appropriate forms shall be prepared by the board of commissioners for such purpose. After such confirmation and acceptance of such commission, such judges shall thereupon become officers of such court. If a vacancy occurs so late that application to and confirmation by the court cannot be had before the election, then the board of commissioners shall, subject to the provisions of Section 14-3.2, make an appointment and issue a commission to such officer or officers, and when thus appointed such officer shall be considered an officer of the court and subject to the same rules and punishment, in case of misbehavior, as if

confirmed by the court, and any judge, however appointed, and at whatever time, shall be considered an officer of court, and be subject to the same control and punishment in case of misbehavior. Not more than 10 business days after the day of election, the board of election commissioners shall compile a list containing the name, address and party affiliation of each judge of election who served on the day of election, and shall preserve such list and make it available for public inspection and copying for a period of not more than one year from the date of receipt of such list. Copies of such list shall be available for purchase at a cost not to exceed the cost of duplication. The board of commissioners has the right at any time, in case of misbehavior or neglect of duty, to remove any judge of election, and shall cause such vacancy to be filled in accordance with this Act. Except for judges appointed under subsection (c) of Section 14-1, the board has the right, at any time, to remove any judge of election for failing to vote the primary ballot of the political party he represents at a primary election at which he served as such judge, and shall cause such vacancy to be filled in accordance with this Act. The board shall remove any judge of election who, twice during the same term of office, fails to provide for the opening of the polling place at the time prescribed in Section 17-1 or Section 18-2, whichever is applicable, unless such delay can be demonstrated by the judge of election to be beyond his or her control. In the event that any judge of election is removed for cause, the board shall specify such cause in writing and make such writing a matter of public record, with a copy to be sent to the appropriate county chair who made the initial recommendation of the election judges. The judges of election must be appointed and confirmed at least 35 days prior to the next election.

If any vacancy shall occur or exist, more than 5 days before election the judges appointed to such places must be confirmed by such court. Such commissioners shall not voluntarily remove any judge within 5 days of such election, except for flagrant misbehavior, incapacity or dishonesty, and the reasons therefor must afterwards be reported in writing to such court and made a matter of public record, with a copy to be sent to the appropriate county chair who made the initial recommendation of the election judge. If such removal be wilful and without cause, the commissioners shall be punished for contempt of court and subject to removal. The board of election commissioners shall have the power on election day to remove without cause any judge of election appointed by the other judges of election pursuant to Section 14-6 and to
appoint another judge of election to serve for that election. Such substitute judge of election must be selected, where possible, pursuant to the provisions of Section 14-3.2 and must be qualified in accordance with Section 14-1.

Sec. 17-18.1. Wherever the judicial retention ballot to be used in any general election contains the names of more than 15 judges on a separate paper ballot, the County Clerk or Board of Election Commissioners as the case may be, shall designate special judges of election for the purpose of tallying and canvassing the votes cast for and against the propositions for the retention of judges in office in such places and at such times as the County Clerk or Board of Election Commissioners determine. Special judges of election shall be designated from certified lists submitted by the respective chairmen of the county central committees of the two leading political parties. In the event that the County Clerk or Board of Election Commissioners as the case may be, decides that the counting of the retention ballots shall be performed in the precinct where such ballots are cast, 2 special judges of election shall be designated to tally and canvass the vote of each precinct with one being named from each of the 2 leading political parties.

In the event that the County Clerk or Board of Election Commissioners decides that the judicial retention ballots from several precincts shall be tallied and canvassed in a central or common location, then each major political party shall be entitled to an equal number of special election judges in each such central or common location. The County Clerk or Board of Election Commissioners, as the case may be, shall inform, no later than 75 days prior to such election, the respective chairmen of the county central committees of the location or locations where the counting of retention ballots will be done, the number of names to be included on the certified lists, and the number of special election judges to be selected from those lists. If the certified list for either party is not submitted within thirty days after the chairmen have been so informed, the County Clerk or Board of Election Commissioners shall designate special judges of election for that party in whatever manner it determines.

The County Clerk or Board of Election Commissioners shall apply to the Circuit Court for the confirmation of the special judges of election designated under this Section. The court shall confirm or refuse to confirm such designations as the interest of the public may require. Those

confirmed shall be officers of the court and subject to its disciplinary powers.

The County Clerk or Board of Election Commissioners shall, in the exercise of sound discretion, prescribe the forms, materials and supplies together with the procedures for completion and return thereof for use in such election by special judges of election. The special judges of election designated under this Section shall have full responsibility and authority for tallying and canvassing the votes pertaining to the retention of judges and the return of ballots and supplies.

If the County Clerk or Board of Election Commissioners decides that the counting of the retention ballots shall be performed in the precinct where such ballots were cast, at least 2 ballot boxes shall be provided for paper retention ballots, one of which shall be used from the opening of the polls until 9:00 a.m. and from 12:00 noon until 3:00 p.m. and the second of which shall be used from 9:00 a.m. until 12:00 noon and from 3:00 p.m. until the closing of the polls; provided that if additional ballot boxes are provided, the additional boxes shall be used instead of reusing boxes used earlier. At the close of each such period of use, a ballot box used for retention ballots shall be immediately unsealed and opened and the ballots therein counted and tallied by the special judges of election. After counting and tallying the retention ballots, the special judges of election shall place the counted ballots in a container provided for that purpose by the County Clerk or Board of Election Commissioners and clearly marked with the appropriate printing and shall thereupon seal such container. One such container shall be provided for each of the four time periods and clearly designated as the container for the respective period. The tally shall be recorded on sheets provided by the County Clerk or Board of Election Commissioners and designated as tally sheets for the respective time periods. Before a ballot box may be reused, it shall in the presence of all of the judges of election be verified to be empty, whereupon it shall be resealed. After the close of the polls, and after the tally of votes cast by vote by mail voters, the special judges of election shall add together the tallies of all the ballot boxes used throughout the day, and complete the canvass of votes for retention of judges in the manner established by this Act. All of these procedures shall be carried out within the clear view of the other judges of election. The sealed containers of used retention ballots shall be returned with other voted ballots to the County Clerk or Board of Election Commissioners in the manner provided by this Act.

Such tally sheets and certificates of results may be duplicates of the tally sheet and certificate of results otherwise required by this Section, showing all votes for all candidates and public questions voted for or upon in the precinct, or may be on separate forms prepared by the election authority and showing only those votes cast for candidates and public questions of each such political subdivision.

Within 2 days of delivery of complete returns of the consolidated election, the county clerk shall transmit an original, sealed tally sheet and certificate of results from each precinct in his jurisdiction in which candidates or public questions of a political subdivision were on the ballot to the local election official of such political subdivision. (iii) continuously maintains an office or business location within the State of Illinois, together with a current listed telephone number (a post office box number without a current listed telephone number is not sufficient).
(4) In any general election held to elect candidates for the offices of a municipality of less than 3,000,000 population that is situated in 2 or more counties, a pollwatcher who is a resident of Illinois shall be eligible to serve as a pollwatcher in any poll located within such municipality, provided that such pollwatcher otherwise complies with the respective requirements of subsections (1) through (3) of this Section and is a registered voter in Illinois.

(5) Each organized group of proponents or opponents of a ballot proposition, which shall have registered the name and address of its organization or committee and the name and address of its chair with the proper election authority at least 40 days before the election, shall be entitled to appoint one pollwatcher per precinct. The pollwatcher must be registered to vote in Illinois.

All pollwatchers shall be required to have proper credentials. Such credentials shall be printed in sufficient quantities, shall be issued by and under the facsimile signature(s) of the election authority or the State Board of Elections and shall be available for distribution by the election authority and State Board of Elections at least 2 weeks prior to the election. Such credentials shall be authorized by the real or facsimile signature of the State or local party official or the candidate or the presiding officer of the civic organization or the chair of the proponent or opponent group, as the case may be. Neither the election authority nor the State Board of Elections may require any such party official or the candidate or the presiding officer of the civic organization or the chair of the proponent or opponent group to submit the names or other information concerning pollwatchers before making credentials available to such persons or organizations.

Pollwatcher credentials shall be in substantially the following form:

Pollwatchers must present their credentials to the Judges of
Election upon entering the polling place. Pollwatcher credentials properly
executed and signed shall be proof of the qualifications of the pollwatcher
authorized thereby. Such credentials are retained by the Judges and
returned to the Election Authority at the end of the day of election with the
other election materials. Once a pollwatcher has surrendered a valid
credential, he may leave and reenter the polling place provided that such
continuing action does not disrupt the conduct of the election.
Pollwatchers may be substituted during the course of the day, but
established political parties, candidates and qualified civic organizations
can have only as many pollwatchers at any given time as are authorized in
this Article. A substitute must present his signed credential to the judges of
election upon entering the polling place. Election authorities must provide
a sufficient number of credentials to allow for substitution of pollwatchers.
After the polls have closed pollwatchers shall be allowed to remain until
the canvass of votes is completed; but may leave and reenter only in cases
of necessity, provided that such action is not so continuous as to disrupt
the canvass of votes.

Candidates seeking office in a district or municipality
encompassing 2 or more counties shall be admitted to any and all polling
places throughout such district or municipality without regard to the
counties in which such candidates are registered to vote. Actions of such
candidates shall be governed in each polling place by the same privileges
and limitations that apply to pollwatchers as provided in this Section. Any
such candidate who engages in an activity in a polling place which could
reasonably be construed by a majority of the judges of election as
campaign activity shall be removed forthwith from such polling place.

Pollwatchers shall be permitted to observe all proceedings and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, and to station themselves in a position in the voting room as will enable them to observe the judges making the signature comparison between the voter application and the voter registration record card; provided, however, that such pollwatchers shall not be permitted to station themselves in such close proximity to the judges of election so as to interfere with the orderly conduct of the election and shall not, in any event, be permitted to handle election materials. Pollwatchers may challenge for cause the voting qualifications of a person offering to vote and may call to the attention of the judges of election any incorrect procedure or apparent violations of this Code.

If a majority of the judges of election determine that the polling place has become too overcrowded with pollwatchers so as to interfere with the orderly conduct of the election, the judges shall, by lot, limit such
pollwatchers to a reasonable number, except that each established or new political party shall be permitted to have at least one pollwatcher present.

Representatives of an election authority, with regard to an election under its jurisdiction, the State Board of Elections, and law enforcement agencies, including but not limited to a United States Attorney, a State's attorney, the Attorney General, and a State, county, or local police department, in the performance of their official election duties, shall be permitted at all times to enter and remain in the polling place. Upon entering the polling place, such representatives shall display their official credentials or other identification to the judges of election.

Uniformed police officers assigned to polling place duty shall follow all lawful instructions of the judges of election.

The provisions of this Section shall also apply to supervised casting of vote by mail ballots as provided in Section 19-12.2 of this Act.

Sec. 18-1. The provisions of this Article 18 shall be applicable only to and in municipalities operating under Article 6 of this Act.

At every election in any municipality operating under Article 6 of this Act, each of the political parties shall have the right to designate a canvasser for each election precinct, who may make a canvass of the precinct in which he is appointed to act, not less than 20 nor more than 31 days previous to such election, for the purpose of ascertaining the names and addresses of the legal voters residing in such precinct. An authority signed by the executive director of the board of election commissioners, shall be sufficient evidence of the right of such canvasser to make a canvass of the precinct in which he is appointed to act. The executive director of the board of election commissioners shall issue such certificate of authority to any person designated in a written request signed by the recognized chair chairman or presiding officer of the chief managing committee of a political party in such city, village or incorporated town; and a record shall be kept in the office of the election commissioners of all appointments of such canvassers. In making such canvass no person shall refuse to answer questions and give the information asked for and known to him or her.

partly printed. Each of the statements shall contain a caption stating the day on which, and the number of the election precinct and the ward, city and county, in relation to which such statements shall be made, and the time of opening and closing of the polls of such election precinct. It shall also contain a statement showing the whole number of votes given for each person, designating the office for which they were given, which statement shall be written, or partly written and partly printed, in words at length; and in case a proposition of any kind has been submitted to a vote at such election, such statements shall also show the whole number of votes cast for or against such proposition, written out or partly written and partly printed, in words at length, and at the end thereof a certificate that such statement is correct in all respects; which certificate, and each sheet of paper forming part of the statement, shall be subscribed by the judges. If any judge shall decline to sign such return, he shall state his reason therefor in writing, and a copy thereof, signed by himself, shall be enclosed with each return. Each of the statements shall be enclosed in an envelope, which shall then be securely sealed with sealing wax or other adhesive material; and each of the judges shall write his name across every fold at which the envelope, if unfastened, could be opened. One of the envelopes shall be directed to the county clerk and one to the comptroller of the city, or to the officer of such city whose duties correspond with those of comptroller. The judges of election shall make quadruplicate sets of tallies, and each set of tallies shall also be signed by the judges of the election. If, however, the number of established political parties, as defined in Section 10-2, exceeds 2, one additional set of tallies shall be made and signed for each established political party in excess of 2. Each set shall be enclosed in an envelope, securely sealed and signed in like manner; and one of the envelopes shall be directed on the outside to the election commissioners and the other to the city, village or town clerk; the other two envelopes shall be addressed, respectively, to the chairmen of the county central committees of the established political parties. On the outside of every envelope shall be endorsed whether it contains the statements of the votes cast or the tallies, and for what precinct and ward, village or town.

However, in those jurisdictions where electronic voting systems utilizing in-precinct counting equipment are used, one such envelope shall be transmitted to the chair chairman of the county central committee of each established political party and 2 such envelopes shall be transmitted to the board of election commissioners.

Where voting machines or electronic voting systems are used, the provisions of this Section may be modified as required or authorized by Article 24 or Article 24A, whichever is applicable.

At the nonpartisan and consolidated elections, the judges of election shall make a tally sheet and certificate of results for each political subdivision as to which candidates or public questions are on the ballot at such election, except where such votes are to be canvassed by the board of election commissioners or by the city canvassing board provided in Section 22-8. The judges shall sign, seal in a marked envelope and deliver them to the county clerk with the other certificates of results herein required. Such tally sheets and certificates of results may be duplicates of the tally sheet and certificate of results otherwise required by this Section, showing all votes for all candidates and public questions voted for or upon in the precinct, or may be on separate forms prepared by the election authority and showing only those votes cast for candidates and public questions of each such political subdivision.

Within 2 days of delivery of complete returns of the consolidated and nonpartisan elections, the board of election commissioners shall transmit an original, sealed tally sheet and certificate of results from each precinct in its jurisdiction in which candidates or public questions of a political subdivision were on the ballot to the local election official of such political subdivision where a local canvassing board is designated to canvass such votes. Each local election official, within 24 hours of receipt of all of the tally sheets and certificates of results for all precincts in which candidates or public questions of his political subdivision were on the ballot, shall transmit such sealed tally sheets and certificates of results to the canvassing board for that political subdivision.

In the case of referenda for the formation of a political subdivision the tally sheets and certificates of results shall be transmitted by the board of election commissioners to the circuit court that ordered the proposition submitted or to the officials designated by the court to conduct the canvass of votes. In the case of school referenda for which a regional superintendent of schools is responsible for the canvass of votes, the board of election commissioners shall transmit the tally sheets and certificates of results to the regional superintendent. It shall be the privilege of such party and organization representatives to be present at the preparation of the voting machines for the election and to see that each machine is tested for accuracy and is properly prepared and that all registering counters are set at zero. The
custodian shall, in the presence of the party and candidate and organization representatives, prepare the voting machine for the election and set all registering counters at zero, and he shall then, assisted by the watchers, test each such registering counter for accuracy by casting votes upon it, and such testing shall be done in the presence of the watchers, until each such registering counter is correctly registering each vote cast upon it, and each certificate for each machine shall state that this has been done, and the custodians shall then, in the presence of the party and candidate and organization representatives, reset each registering counter to zero, and shall then immediately seal the voting machine with a numbered metal seal, and a record of the number on the seal shall then and there be made by the custodian on the certificate for that machine and the seal shall be so placed as to prevent operation of the machine or its registering counters without breaking the seal, and the custodian shall then immediately make a record on the certificate for that machine of the reading shown on the protective counter. Unless objection is filed, within 2 days, with the election authority, to the use of a particular machine or machines, such voting machine or machines when certified to be correct by the custodian shall be conclusively presumed to have been properly prepared for use at the election for which they were prepared. Any objection filed shall particularly set forth the number of the machine objected to, and the particulars or basis for the objection. No precinct election official shall break the seal of such envelope except in the presence of all members of the precinct election board, and such envelope shall not be opened until it shall have been examined by each member of the precinct election board to see that it has not been previously opened. Such envelope shall not be opened until it shall have been found that the numbers and records recorded thereon are correct and agree in every respect with the numbers and records as shown on the machine. If any such number is found not to agree with the numbers on the machine, the envelope shall not be opened until the precinct election officials shall have notified the election authority, and until the election authority or some other person authorized by the election authority shall have presented himself at the polling place for the purpose of re-examining the machine, and shall have certified that it is properly arranged after testing and examining it. On the morning of the election the precinct election officials shall meet in the polling place at least one hour before the time for opening the polls. They shall see that the sample ballot labels and instructions for voting are posted properly, and prominently so that the voters can have easy access to them and that the instruction model is placed on the precinct election officials' table and that everything is in readiness for voting at the hour of opening the polls. They shall also see that the voting machine is properly illuminated in accordance with the equipment furnished. The precinct election officials shall compare the ballot labels on the machine with the sample ballots and return sheets, see that they are correct, examine and see that all the registering counters in the machine are set at zero (0) or if the machine is equipped with a device which will automatically record the number on the registering columns on the back of the machine to recording sheets of paper and the said paper can be removed without opening the back of the machine, that all of the said registering counters for each candidate as appears on the said recording sheet registers (0) and that the public counter is also set at zero (0) and that the machine is otherwise in perfect order and they shall compare and record the number on the metal seal with which the voting

machine is sealed, with the number furnished them as recorded on the envelope containing the keys, by the election authority, and if the number on the seal and the number on the protective counter do not agree with the numbers supplied to them, they shall not open the polls, but shall notify the election authority, and the election authority or its authorized representatives or custodian, shall, as soon as may be, test, examine and set the machine in the same manner as is provided in this section for the testing, setting and preparation of voting machines for an election. If, after being so tested and examined, it is found that such voting machine is in perfect working order, all registering counters shall be set at zero (0), the reading of the protective counter shall be read and recorded and the precinct election officials may proceed with the opening of the polls. If such machine be found not to be in perfect working order as hereinbefore provided, it shall not be used in the election, but shall be replaced with another machine which is in perfect working order, properly set, tested and sealed, and the election board shall then proceed to examine such machine in the same manner as is provided in this section for the examination of each voting machine by the election board before the opening of the polls. They shall not thereafter permit the counters to be operated or moved except by electors in voting, and they shall also see that all necessary arrangements and adjustments are made for voting irregular ballots on the machine. Each precinct election official shall sign a certificate which shall certify that he has complied with all the provisions of this Article, and that, before the polls were declared open, he found the ballot labels to be in their proper places and to exactly agree with the facsimile diagrams and return or recording sheet belonging to that precinct; all registering counters set at zero (0); the number on the metal seal and the number on the protective counter exactly agree with the records furnished by the election authority; the metal seal actually was sealed so as to prevent movement of the voting machine mechanism without first breaking the seal; all ballot labels were clean and without marks of any kind upon them and they were in no way defaced or mutilated. When voting machines are used in an election precinct, the watchers or challengers representing the various political parties, candidates and citizens' organizations, provided by law to be present shall be permitted to be present from the time the precinct election board convenes on election morning until the completion of the canvass after the close of the polls. Such watchers shall be permitted to carefully examine each voting machine before the polls are declared open and to compare the number of the metal seal and the number on the
protective counter with their own records, and to see that all ballot labels are in their proper places, and that the machine registering counters are all set at zero (0), and that the machine or machines are in every way ready for voting at the opening of the polls. If it is found that the ballot labels are not in their proper places on the machine, or that they fail to conform in any respect, with the facsimile diagrams and return sheets belonging to the precinct, the precinct election officials shall not use such machine but shall at once notify the proper election authority, and such machine shall not be used until the election authority or person authorized by it, shall have supplied the proper ballot labels, and shall have placed such proper ballot labels in their proper places, and they shall have been found to be correct by the precinct election officials and watchers. If any registering counter shall be found not to be set at zero (0), the precinct election officials shall immediately notify the custodian or officer or officers or board having charge of the preparation of the voting machines for the election or primary, and the election authority or person authorized by him or them or it shall adjust such registering counter or counters to zero (0), in the presence of all the precinct election officials and watchers serving in such election district.

(10 ILCS 5/24A-10) (from Ch. 46, par. 24A-10)

Sec. 24A-10. (1) In an election jurisdiction which has adopted an electronic voting system, the election official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(a) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on paper ballots, including any paper ballots required to be voted other than on the electronic voting system. Ballots deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in "The Election Code," as amended, for the counting and handling of paper ballots. Immediately after the closing of the polls, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. Such slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock each ballot box; provided, that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be

wrapped around the box lengthwise and crosswise, at least twice each way, and in such manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign such seal. Thereupon two of the judges of election, of different political parties, shall forthwith and by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic tabulating equipment, the first ballot box shall be opened at the central counting station by the two precinct transport judges. Upon opening a ballot box, such team shall first count the number of ballots in the box. If 2 or more are folded together so as to appear to have been cast by the same person, all of the ballots so folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to such excess.

Such excess ballots shall be marked "Excess-Not Counted" and signed by the two precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote; or

(b) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in "The Election Code," as amended, for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic voting system shall be processed as follows:

Immediately after the closing of the polls, the precinct judges of election then shall open the ballot box and canvass the votes polled to determine that the number of ballots therein agree with the number of voters voting as shown by the applications for ballot or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of "The

New matter indicated by italics - deletions by strikeout
Election Code." The judges of election shall then examine all ballot cards and ballot card envelopes which are in the ballot box to determine whether the ballot cards and ballot card envelopes bear the initials of a precinct judge of election. If any ballot card or ballot card envelope is not initialed, it shall be marked on the back "Defective," initialed as to such label by all judges immediately under such word "Defective," and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope."

When an electronic voting system is used which utilizes a ballot card, before separating the ballot cards from their respective covering envelopes, the judges of election shall examine the ballot card envelopes for write-in votes. When the voter has voted a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot card to determine whether such write-in results in an overvote for any office. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card except for the office which is overvoted, by using the ballot label booklet of the precinct and one of the marking devices of the precinct so as to transfer all votes of the voter except for the office overvoted, to an official ballot card of that kind used in the precinct at that election. The original ballot card and envelope upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballot cards and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots and their envelopes shall be placed in the "Duplicate Ballots" envelope. Envelopes bearing write-in votes marked in the place designated therefor and bearing the initials of a precinct judge of election and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted, tallied, and their votes recorded on a tally sheet provided by the election official in charge of the election. The ballot cards and ballot card envelopes shall be separated and all except any defective or overvoted shall be placed separately in the box for return of the ballots. The judges of election shall examine the ballots and ballot cards to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot or ballot card is damaged or defective

New matter indicated by italics - deletions by strikeout
so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card by using the ballot label booklet of the precinct and one of the marking devices of the precinct. The original ballot or ballot card and envelope shall be clearly labeled "Damaged Ballot" and the ballot or ballot card so produced "Duplicate Damaged Ballot," and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot or ballot cards, and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots or ballot cards and their envelopes shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election thereupon immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political parties, forthwith shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the
2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end thereof of each signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and thereupon shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots or ballot cards and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges; or

(c) A single ballot box, for the deposit of all votes cast, shall be used. Immediately after the closing of the polls, the precinct judges of election shall securely lock the ballot box; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political
parties, shall forthwith by the most direct route transport the box for return of the ballots and enclosed vote by mail and early ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of the election from recommendations by the appropriate political party organizations.

At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of such teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chair chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chair chairman of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot; and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of the Election Code. The tally judges shall then examine all ballot sheets which are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all tally judges immediately under such word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective

Ballots Envelope". An overvote for one office shall invalidate only the vote or count of that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(2) Regardless of which procedure described in subsection (1) of this Section is used, the judges of election designated to transport the ballots, properly signed and sealed as provided herein, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (1) of this Section until the judges transporting the same make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the same shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event such ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24A-11. All proceedings at the location for central counting shall be under the direction of the county clerk or board of election commissioners, as the case may be. Except for any specially trained technicians required for the operation of the automatic tabulating equipment, the employees at the counting station shall be equally divided between members of the 2 leading political parties and all duties performed by such employees shall be by teams consisting of an equal number of members of each political party. Thirty days before an election the county clerk or board of election commissioners shall submit to the chairman of each political party, for his approval or disapproval, a list of persons of his party proposed to be employed. If a chairman fails to notify the election authority of his disapproval of any proposed

employee within a period of 10 days thereafter the list shall be deemed approved.

Sec. 24A-15. The precinct return printed by the automatic tabulating equipment shall include the number of ballots cast and votes cast for each candidate and proposition and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the write-in votes, the total number of ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy with respect to the total number of votes cast in any precinct, shall have the ballots for such precinct retabulated to correct the return. The procedures for retabulation shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots except for election contests and discovery recounts. In those election jurisdictions that utilize in-precinct counting equipment, the certificate of results, which has been prepared by the judges of election after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals which has been affixed to such certificate of results, the ballots for such precinct shall be retabulated to correct the return. As an additional part of this check prior to the proclamation, in those jurisdictions where in-precinct counting equipment is utilized, the election authority shall retabulate the total number of votes cast in 5% of the precincts within the election jurisdiction, as well as 5% of the voting devices used in early voting. The precincts and the voting devices to be retabulated shall be selected after election day on a random basis by the State Board of Elections, so that every precinct in the election jurisdiction and every voting device used in early voting has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts and voting devices which are to be retabulated. The State central committee chairman of each established political party shall be given prior

New matter indicated by italics - deletions by strikeout
written notice of the time and place of such random selection procedure and may be represented at such procedure. Such retabulation shall consist of counting the ballot cards which were originally counted and shall not involve any determination as to which ballot cards were, in fact, properly counted. The ballots from the precincts selected for such retabulation shall remain at all times under the custody and control of the election authority and shall be transported and retabulated by the designated staff of the election authority.

As part of such retabulation, the election authority shall test the computer program in the selected precincts and on the selected early voting devices. Such test shall be conducted by processing a preaudited group of ballots so punched so as to record a predetermined number of valid votes for each candidate and on each public question, and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the equipment to reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made prior to the official canvass and proclamation of election results.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of such retabulation and may be represented at such retabulation.

The results of this retabulation shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Act. Upon completion of the retabulation, the election authority shall print a comparison of the results of the retabulation with the original precinct return printed by the automatic tabulating equipment. Such comparison shall be done for each precinct and for each early voting device selected for testing and for each office voted upon within that precinct or on that voting device, and the comparisons shall be open to the public.

Sec. 24B-10. Receiving, Counting, Tallying and Return of Ballots; Acceptance of Ballots by Election Authority.

(a) In an election jurisdiction which has adopted an electronic Precinct Tabulation Optical Scan Technology voting system, the election
offical in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(1) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on other ballots, including any paper ballots required to be voted other than on the Precinct Tabulation Optical Scan Technology electronic voting system. Ballots deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in this Code for the counting and handling of paper ballots. Immediately after the closing of the polls, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. The slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock each ballot box; provided, that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose that shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in a manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign the seal. Two of the judges of election, of different political parties, shall by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic Precinct Tabulation Optical Scan Technology tabulating equipment, the first ballot box shall be opened at the central counting station by the 2 precinct transport judges. Upon opening a ballot box, the team shall first count the number of ballots in the box. If 2 or more are folded together to appear to have been cast by the same person, all of the ballots folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to the excess.

New matter indicated by italics - deletions by strikeout
The excess ballots shall be marked "Excess-Not Counted" and signed by the 2 precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote.

(2) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in this Code for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic Precinct Tabulation Optical Scan Technology voting system shall be processed as follows:

Immediately after the closing of the polls, the precinct judges of election shall open the ballot box and canvass the votes polled to determine that the number of ballots agree with the number of voters voting as shown by the applications for ballot, or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code.

In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on the ballot except for the office which is overvoted, by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct to transfer all votes of the voter except for the office overvoted, to an official ballot of that kind used in the precinct at that election. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballots and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots shall be placed in the

New matter indicated by italics - deletions by strikeout
"Duplicate Ballots" envelope. The ballots except any defective or overvoted ballot shall be placed separately in the box for return of the ballots. The judges of election shall examine the ballots to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct. The original ballot and ballot envelope shall be clearly labeled "Damaged Ballot" and the ballot so produced "Duplicate Damaged Ballot", and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person and the total number of voters of the precinct who voted at the election shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most

direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end of each envelope signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(3) A single ballot box, for the deposit of all votes cast, shall be used. purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in a manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most direct route transport the box for return of the ballots and enclosed vote by mail and early ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of the teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chair chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chair chairman.

of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of this Code. The tally judges shall then examine all ballot sheets that are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to that label by all tally judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". An overvote for one office shall invalidate only the vote or count for that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic Precinct Tabulation Optical Scan Technology tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(b) Regardless of which procedure described in subsection (a) of this Section is used, the judges of election designated to transport the ballots properly signed and sealed, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station, a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (a) of this Section until the judges transporting the ballots make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the ballots shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event the ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24B-11. Proceedings at Location for Central Counting; Employees; Approval of List. All proceedings at the location for central counting shall be under the direction of the county clerk or board of election commissioners. Except for any specially trained technicians required for the operation of the automatic Precinct Tabulation Optical Scan Technology tabulating equipment, the employees at the counting station shall be equally divided between members of the 2 leading political parties and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party. Thirty days before an election the county clerk or board of election commissioners shall submit to the chairman of each political party, for his or her approval or disapproval, a list of persons of his or her party proposed to be employed. If a chairman fails to notify the election authority of his or her disapproval of any proposed employee within a period of 10 days thereafter the list shall be deemed approved.

(10 ILCS 5/24B-15)

Sec. 24B-15. Official Return of Precinct; Check of Totals; Retabulation. The precinct return printed by the automatic Precinct Tabulation Optical Scan Technology tabulating equipment shall include the number of ballots cast and votes cast for each candidate and proposition and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the write-in votes, the total number of ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct retabulated to correct the return. The procedures for retabulation shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots except for election contests and discovery recounts. In those election jurisdictions that use in-precinct counting equipment, the certificate of results, which has been prepared by the judges of election after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during...
the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals which has been affixed to the certificate of results, the ballots for that precinct shall be retabulated to correct the return. As an additional part of this check prior to the proclamation, in those jurisdictions where in-precinct counting equipment is used, the election authority shall retabulate the total number of votes cast in 5% of the precincts within the election jurisdiction, as well as 5% of the voting devices used in early voting. The precincts and the voting devices to be retabulated shall be selected after election day on a random basis by the State Board of Elections, so that every precinct in the election jurisdiction and every voting device used in early voting has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts and voting devices which are to be retabulated. The State central committee chairman of each established political party shall be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure. The retabulation shall consist of counting the ballots which were originally counted and shall not involve any determination of which ballots were, in fact, properly counted. The ballots from the precincts selected for the retabulation shall remain at all times under the custody and control of the election authority and shall be transported and retabulated by the designated staff of the election authority.

As part of the retabulation, the election authority shall test the computer program in the selected precincts and on the selected early voting devices. The test shall be conducted by processing a preaudited group of ballots marked to record a predetermined number of valid votes for each candidate and on each public question, and shall include for each office one or more ballots which have votes in excess of the number allowed by law to test the ability of the equipment and the marking device to reject such votes. If any error is detected, the cause shall be determined and corrected, and an errorless count shall be made prior to the official canvass and proclamation of election results.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the retabulation and may be represented at the retabulation.

New matter indicated by italics - deletions by strikeout
The results of this retabulation shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Code. Upon completion of the retabulation, the election authority shall print a comparison of the results of the retabulation with the original precinct return printed by the automatic tabulating equipment. The comparison shall be done for each precinct and for each early voting device selected for testing and for each office voted upon within that precinct or on that voting device, and the comparisons shall be open to the public. Upon completion of the retabulation, the returns shall be open to the public.

Sec. 24C-13. Vote by Mail ballots; Early voting ballots; Proceedings at Location for Central Counting; Employees; Approval of List.

(a) All jurisdictions using Direct Recording Electronic Voting Systems shall use paper ballots or paper ballot sheets approved for use under Articles 16, 24A or 24B of this Code when conducting vote by mail voting. All vote by mail ballots shall be counted at the central ballot counting location of the election authority. The provisions of Section 24A-9, 24B-9 and 24C-9 of this Code shall apply to the testing and notice requirements for central count tabulation equipment, including comparing the signature on the ballot envelope with the signature of the voter on the permanent voter registration record card taken from the master file. Vote results shall be recorded by precinct and shall be added to the vote results for the precinct in which the vote by mail voter was eligible to vote prior to completion of the official canvass.

(b) All proceedings at the location for central counting shall be under the direction of the county clerk or board of election commissioners. Except for any specially trained technicians required for the operation of the Direct Recording Electronic Voting System, the employees at the counting station shall be equally divided between members of the 2 leading political parties and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party. Thirty days before an election the county clerk or board of election commissioners shall submit to the chair chairman of each political party, for his or her approval or disapproval, a list of persons of his or her party proposed to be employed. Sec. 24C-15. Official Return of Precinct; Check of Totals; Audit. The precinct return printed by the Direct Recording Electronic Voting System tabulating equipment shall include the number of ballots cast and votes cast for each candidate and public question and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the total number of ballots and vote by mail ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct audited to correct the return. The procedures for this audit shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots or voting devices except for election contests and discovery recounts. The certificate of results, which has been prepared and signed by the judges of election after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals reflected on the certificate of results, the ballots for that precinct shall be audited to correct the return.

Prior to the proclamation, the election authority shall test the voting devices and equipment in 5% of the precincts within the election jurisdiction, as well as 5% of the voting devices used in early voting. The precincts and the voting devices to be tested shall be selected after election day on a random basis by the State Board of Elections, so that every precinct and every device used in early voting in the election jurisdiction has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts and voting devices that are to be tested. The State central committee chair chairman of each established political party shall
be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure.

The test shall be conducted by counting the votes marked on the permanent paper record of each ballot cast in the tested precinct printed by the voting system at the time that each ballot was cast and comparing the results of this count with the results shown by the certificate of results prepared by the Direct Recording Electronic Voting System in the test precinct. The election authority shall test count these votes either by hand or by using an automatic tabulating device other than a Direct Recording Electronic voting device that has been approved by the State Board of Elections for that purpose and tested before use to ensure accuracy. The election authority shall print the results of each test count. If any error is detected, the cause shall be determined and corrected, and an errorless count shall be made prior to the official canvass and proclamation of election results. If an errorless count cannot be conducted and there continues to be difference in vote results between the certificate of results produced by the Direct Recording Electronic Voting System and the count of the permanent paper records or if an error was detected and corrected, the election authority shall immediately prepare and forward to the appropriate canvassing board a written report explaining the results of the test and any errors encountered and the report shall be made available for public inspection.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chair of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the test and may be represented at the test.

The results of this post-election test shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Code.

Whenever a Senator has been appointed to fill a vacancy and was thereafter elected to that office, the term of service under the authority of the election shall be considered a new term of service, separate from the term of service rendered under the authority of the appointment.

PUBLIC ACT 100-1028
(House Bill No. 1853)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Psychology Interjurisdictional Compact Act.

Section 5. Psychology Interjurisdictional Compact. The State of Illinois enters into the Psychology Interjurisdictional Compact in substantially the following form with all other states joining the Compact:

PSYCHOLOGY INTERJURISDICTIONAL COMPACT (PSYPACT)

ARTICLE I
PURPOSE

New matter indicated by italics - deletions by strikeout
Whereas, states license psychologists, in order to protect the public through verification of education, training and experience and ensure accountability for professional practice; and

Whereas, this Compact is intended to regulate the day to day practice of telepsychology (i.e. the provision of psychological services using telecommunication technologies) by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority; and

Whereas, this Compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this Compact is intended to authorize State Psychology Regulatory Authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state;

Whereas, this Compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety;

Whereas, this Compact does not apply when a psychologist is licensed in both the Home and Receiving States; and

Whereas, this Compact does not apply to permanent in-person, face-to-face practice, it does allow for authorization of temporary psychological practice.

Consistent with these principles, this Compact is designed to achieve the following purposes and objectives:

1. Increase public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary in-person, face-to-face services into a state which the psychologist is not licensed to practice psychology;

2. Enhance the states' ability to protect the public's health and safety, especially client/patient safety;

3. Encourage the cooperation of Compact States in the areas of psychology licensure and regulation;

4. Facilitate the exchange of information between Compact States regarding psychologist licensure, adverse actions and disciplinary history;

5. Promote compliance with the laws governing psychological practice in each Compact State; and

ARTICLE XII
OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

A. Oversight
1. The Executive, Legislative and Judicial branches of state government in each Compact State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a Compact State pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

B. Default, Technical Assistance, and Termination
1. If the Commission determines that a Compact State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:
   a. Provide written notice to the defaulting state and other Compact States of the nature of the default, the proposed means of remedying the default and/or any other action to be taken by the Commission; and
   b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to remedy the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the Compact States, and all rights, privileges and benefits conferred by this Compact shall be
terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the Compact States.

4. A Compact State which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

5. The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a Compact State, the Commission shall attempt to resolve disputes related to the Compact which arise among Compact States and between Compact and Non-Compact States.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices against a Compact State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and Bylaws. The relief sought may include both injunctive relief and damages.

New matter indicated by italics - deletions by strikeout
In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE XIII
DATE OF IMPLEMENTATION OF THE PSYCHOLOGY INTERJURISDICTIONAL COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENTS

A. The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh Compact State. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state which joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any Compact State may withdraw from this Compact by enacting a statute repealing the same.

1. A Compact State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Psychology Regulatory Authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a Compact State and a Non-Compact State which does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Compact States. No amendment to this Compact shall become effective and binding upon any Compact State until it is enacted into the law of all Compact States.

ARTICLE XIV

Sec. 76b. Article 76b. Lack of mental capacity or mental
responsibility; commitment of accused for examination and treatment.
(a) Persons incompetent to stand trial.

(1)(A) In general, no person may be brought to trial by
court-martial if that person is presently suffering from a mental
disease or defect rendering that person mentally incompetent to the
extent that he or she is unable to understand the nature of the
proceedings against them or to conduct or cooperate intelligently
in the defense of the case.

(B) A person is presumed to have the capacity to stand trial
unless the contrary is established.

(C) Determination of capacity of an accused to stand trial
shall be made in accordance with Rule 909 (c), (d), and (e) of the
Rules for Courts-Martial as described in the Manual for Courts-
Martial, United States (2012 Edition), or as provided in any
subsequent rule adopted in accordance with applicable law and
regulation by the President of the United States, except that
references in those rules to "the Attorney General" mean the
Department of Human Services.

(2) An inquiry into the mental capacity or mental
responsibility of the accused shall be conducted as provided in
Rule 706 of the Rules for Courts-Martial as described in the
Manual for Courts-Martial, United States (2012 Edition), or as
provided in any subsequent rule adopted in accordance with

custody of the Department of Human Services or the convening authority may order him or her to be placed in the custody of any other appropriate public or private mental health facility or treatment program which has agreed to provide treatment to the accused. If the accused is placed in the custody of the Department of Human Services, the accused may be placed in a secure setting. During the period of time required to determine the appropriate placement, the accused shall remain confined. If, upon the completion of the placement process, the Department of Human Services determines that the accused is currently fit to stand trial, the Department shall immediately notify the convening authority and shall submit a written report within 7 days. In that circumstance, the placement shall be held pending a court hearing on the Department's report. Otherwise, upon completion of the placement process, the sheriff shall be notified and shall transport the accused to the designated facility. The placement may be ordered on either an inpatient or an outpatient basis.

In addition to other matters, the inquiry shall determine whether there is a substantial probability that the accused will attain mental responsibility to stand trial within one year if he or she is provided with a course of treatment.

(A) In the case of a general court-martial, if the official responsible for determining capacity to stand trial finds that there is not a substantial probability that the accused will attain mental responsibility within one year if he or she is provided with a course of treatment, the case shall proceed as provided in Section 104-23 of the Code of Criminal Procedure of 1963. In a special court-martial, the case shall proceed after the expiration of the maximum period of confinement authorized for the offense or offenses charged.

(B) If the official responsible for determining capacity to stand trial finds that there is a probability that the accused will attain mental responsibility within one year if he or she is provided with a course of treatment, or if the official is unable to determine whether a substantial probability exists, the accused shall be ordered to undergo treatment for the purpose of rendering him or her fit in

accordance with subsections (b) or (c) of Section 104-17 of the Code of Criminal Procedure of 1963.

(1) Any references to "the court" in Sections 104-23 and 104-17 of the Code of Criminal Procedure of 1963 mean the general court-martial convening authority.

(2) The general court-martial convening authority shall, as necessary, transmit the information as provided in subsection (d) of Section 104-17 of the Code of Criminal Procedure of 1963.

(b) Persons found not guilty by reason of lack of mental responsibility.

(1) The accused is presumed to have been mentally responsible at the time of the alleged offense. This presumption continues until the accused establishes, by clear and convincing evidence, that he or she was not mentally responsible at the time of the alleged offense. A mental condition not amounting to a lack of mental responsibility under Article 50a of this Code is not an affirmative defense.

(2) If a question is raised concerning the mental responsibility of the accused, the military judge shall rule whether to direct an inquiry under Rule 706 of the Rules for Court-Martial as described in the Manual for Courts-Martial, United States (2012 Edition), or under any subsequent rule adopted in accordance with applicable law and regulation by the President of the United States. The issue of mental responsibility shall not be considered an interlocutory question.

(3) If a person is found not guilty only by reason of lack of mental responsibility, the case shall proceed in accordance with State law pertaining to persons acquitted by reason of insanity as provided in Section 5-2-4 of the Unified Code of Corrections. References within that Section to "the court" or "clerk of the court" mean the general court-martial convening authority.

(4) After a finding or verdict of not guilty only by reason of lack of mental responsibility, the accused shall be ordered to the Department of Human Services for an evaluation as to whether he or she is in need of mental health services. The order shall specify whether the evaluation shall be conducted on an inpatient or outpatient basis. If the evaluation is to be conducted on an
inpatient basis, the accused shall be placed in a secure setting. A copy of the law enforcement reports, criminal charges, arrest record, jail record, record of trial, and any victim impact statement shall be sent with the order for evaluation. After the evaluation and during the period of time required to determine the appropriate placement, the accused shall remain in confinement. Individualized placement evaluations performed by the Department of Human Services shall be used to determine the most appropriate setting for forensic treatment based upon a number of factors including mental health diagnosis, proximity to surviving victims, security need, age, gender, and proximity to family. Upon completion of the placement process, the sheriff shall be notified and shall transport the accused to the designated facility.

The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. or she shall receive the same fees as are or may be provided in this Section, except when increased by county ordinance or resolution pursuant to the provisions of this Section, to be paid to the county clerk for his or her services in the office of recorder for like services.

For recording assignments of mortgages, leases or liens, $12 for the first 4 pages thereof, plus $1 for each additional page thereof. For recording any document that affects an interest in real property other than documents which solely affect or relate to an easement for water, sewer, electricity, gas, telephone or other public service, the recorder shall charge a fee of $1 per document to all filers of documents not filed by any State agency, any unit of local government, or any school district. Fifty cents of the $1 fee hereby established shall be deposited into the County General Revenue Fund. The remaining $0.50 shall be deposited into the Recorder's Automation Fund and may not be appropriated or expended for any other purpose. The additional amounts available to the recorder for expenditure from the Recorder's Automation Fund shall not offset or reduce any other county appropriations or funding for the office of the recorder.

The provisions of this paragraph shall not be applicable to any person or entity who obtains non-certified copies of records in the following manner: (i) in bulk for all documents recorded on any given day in an electronic or paper format for a negotiated amount less than the amount provided for in this paragraph for non-certified copies, (ii) under a contractual relationship with the recorder for a negotiated amount less than the amount provided for in this paragraph for non-certified copies, or (iii) by means of Internet access pursuant to Section 5-1106.1.

For certified copies of records, the same fees as for recording, but in no case shall the fee for a certified copy of a map or plat of an addition, subdivision or otherwise exceed $10.

Each certificate of such recorder of the recording of the deed or other writing and of the date of recording the same signed by such recorder, shall be sufficient evidence of the recording thereof, and such certificate including the indexing of record, shall be furnished upon the payment of the fee for recording the instrument, and no additional fee shall be allowed for the certificate or indexing.

The recorder shall charge an additional fee, in an amount equal to the fee otherwise provided by law, for recording a document (other than a document filed under the Plat Act or the Uniform Commercial Code) that does not conform to the following standards:

1. The document shall consist of one or more individual sheets measuring 8.5 inches by 11 inches, not permanently bound and not a continuous form. Graphic displays accompanying a document to be recorded that measure up to 11 inches by 17 inches shall be recorded without charging an additional fee.

2. The document shall be legibly printed in black ink, by hand, type, or computer. Signatures and dates may be in contrasting colors if they will reproduce clearly.

3. The document shall be on white paper of not less than 20-pound weight and shall have a clean margin of at least one-half inch on the top, the bottom, and each side. Margins may be used for non-essential notations that will not affect the validity of the
document, including but not limited to form numbers, page numbers, and customer notations.

(4) The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.

(5) The document shall not have any attachment stapled or otherwise affixed to any page.

A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board of any county may provide for an additional charge of $3 for filing every instrument, paper, or notice for record, (1) in order to defray the cost of converting the county recorder's document storage system to computers or micrographics and (2) in order to defray the cost of providing access to records through the global information system known as the Internet.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of $3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic or automated access to the county's Geographic Information System or property records. Of that amount, $2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. The remaining $1 must be deposited into the recorder's special funds created under Section 3-5005.4. The recorder may, in his or her discretion, use moneys in the funds created

The recorder shall collect a $9 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program State surcharge from any State agency, any unit of local government or any school district.

On the 15th day of each month, each county recorder shall report to the Department of Revenue, on a form prescribed by the Department, the number of real estate-related documents recorded for which the Rental Housing Support Program State surcharge was collected. Each recorder shall submit $9 of each surcharge collected in the preceding month to the Department of Revenue and the Department shall deposit these amounts in the Rental Housing Support Program Fund. Subject to appropriation, amounts in the Fund may be expended only for the purpose of funding and administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means that term as it is defined in Section 7 of the Rental Housing Support Program Act.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance or resolution, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $5. Regardless of any other provision in this Section, the maximum fee that may be collected
from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $1.

A statement of the costs of providing each service, program and activity shall be prepared by the county board. All supporting documents shall be public record and subject to public examination and audit. All direct and indirect costs, as defined in the United States Office of Management and Budget Circular A-87, may be included in the determination of the costs of each service, program and activity. Sec. 4-12002.1. Predictable fee schedule for recordings in third class counties.

(a) As used in this Section:
“Nonstandard document” means:
(1) a document that creates a division of a then active existing tax parcel identification number;
(2) a document recorded pursuant to the Uniform Commercial Code;
(3) a document which is non-conforming, as described in paragraphs (1) through (5) of Section 4-12002;
(4) a State lien or a federal lien;
(5) a document making specific reference to more than 5 tax parcel identification numbers in the county in which it is presented for recording; or
(6) a document making specific reference to more than 5 other document numbers recorded in the county in which it is presented for recording.

"Standard document" means any document other than a nonstandard document.

(b) On or before January 1, 2020, a county shall adopt and implement, by ordinance or resolution, a predictable fee schedule that eliminates surcharges or fees based on the individual attributes of a standard document to be recorded. The initial predictable fee schedule approved by a county board shall be set only as allowed under subsection (c) and any subsequent predictable fee schedule approved by a county board shall be set only as allowed under subsection (d). Except as to the recording of standard documents, the fees imposed by Section 4-12002 shall remain in effect. Under a predictable fee schedule, which only applies to standard documents, no charge shall be based on: page count; number, length, or type of legal descriptions; number of tax identification or other parcel identifying code numbers; number of common addresses; number of references contained as to other recorded documents or document numbers; or any other individual attribute of the document except as expressly provided in this Section. The fee charged under this Section shall be inclusive of all county and State fees that the county may elect or is required to impose or adjust, including, but not limited to, GIS

New matter indicated by italics - deletions by strikeout
fees, automation fees, document storage fees, and the Rental Housing Support Program State surcharge.

A predictable fee schedule ordinance or resolution adopted under this Section shall list standard document fees, including document class flat fees as required by subsection (c), and nonstandard document fees.

Before approval of an ordinance or resolution under this Section, the recorder or county clerk shall post a notice in his or her office at least 2 weeks prior, but not more than 4 weeks prior, to the public meeting at which the ordinance or resolution may be adopted. The notice shall contain the proposed ordinance or resolution number, if any, the proposed document class flat fees for each classification, and a reference to this Section or this amendatory Act of the 100th General Assembly.

A predictable fee schedule takes effect 60 days after an ordinance or resolution is adopted.

(c) Pursuant to an ordinance or resolution adopted under subsection (b), the recorder elected as provided for in this Division shall receive such fees as are or may be provided for him or her by law, in case of provision thereof; otherwise he or she shall receive the same fees as are or may be provided in this Section except when increased by county ordinance or resolution pursuant to the provisions of this Section, to be paid to the county clerk for his or her services in the office of recorder for like services. For the purposes of the fee charged, the ordinance or resolution shall divide standard documents into the following classifications and shall establish a single, all-inclusive, county and State-imposed aggregate fee charged for each such classification of document at the time of recording for that document, which is called the document class flat fee. A standard document is not subject to more than one classification at the time of recording for the purposes of imposing any fee. Each standard document shall fall within one of the following document class flat fee classifications and fees for each document class shall be charged only as allowed by this subsection (c) and subsection (d):

1. Deeds. The aggregate fee for recording deeds shall not be less than $29 (being a minimum $20 county fee plus $9 for the Rental Housing Support Program State surcharge). Inclusion of language in the deed as to any restriction; covenant; lien; oil, gas, or other mineral interest; easement; lease; or a mortgage shall not alter the classification of a document as a deed.

2. Leases, lease amendments, and similar transfer of interest documents. The aggregate fee for recording leases, lease
amendments, and similar transfers of interest documents shall not be less than $29 (being a minimum $20 county fee plus $9 for the Rental Housing Support Program State surcharge).

(3) Mortgages. The aggregate fee for recording mortgages, including assignments, extensions, amendments, subordinations, and mortgage releases shall not be less than $29 (being a minimum $20 county fee plus $9 for the Rental Housing Support Program State surcharge).

(4) Easements not otherwise part of another classification. The aggregate fee for recording easements not otherwise part of another classification, including assignments, extensions, amendments, and easement releases not filed by a State agency, unit of local government, or school district shall not be less than $29 (being a minimum $20 county fee plus $9 for the Rental Housing Support Program State surcharge).

(5) Miscellaneous. The aggregate fee for recording documents not otherwise falling within classifications set forth in paragraphs (1) through (4) and are not nonstandard documents shall not be less than $29 (being a minimum $20 county fee plus $9 for the Rental Housing Support Program State surcharge). Nothing in this subsection shall preclude an alternate predictable fee schedule for electronic recording within each of the classifications set forth in this subsection (c). If the Rental Housing Support Program State surcharge is amended and the surcharge is increased or lowered, the aggregate amount of the document flat fee attributable to the surcharge in the document may be changed accordingly.

(d) After a document class flat fee is approved by a county board under subsection (b), the county board may, by ordinance or resolution, increase the document class flat fee and collect the increased fees if the established fees are not sufficient to cover the costs of providing the services related to the document class for which the fee is to be increased.

Nothing in this Section precludes a county board from adjusting amounts or allocations within a given document class flat fee when the document class flat fee is not increased.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 10-22.6 as follows:

(105 ILCS 5/10-22.6) (from Ch. 122, par. 10-22.6)

Sec. 10-22.6. Suspension or expulsion of pupils; school searches.

(a) To expel pupils guilty of gross disobedience or misconduct, including gross disobedience or misconduct perpetuated by electronic means, pursuant to subsection (b-20) of this Section, and no action shall lie against them for such expulsion. Expulsion shall take place only after the parents have been requested to appear at a meeting of the board, or with a hearing officer appointed by it, to discuss their child's behavior. Such request shall be made by registered or certified mail and shall state the time, place and purpose of the meeting. The board, or a hearing officer appointed by it, at such meeting shall state the reasons for dismissal and the date on which the expulsion is to become effective. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting and the board may take such action thereon as it finds appropriate. If the board acts to expel a pupil, the written expulsion decision shall detail the specific reasons why removing the pupil from the learning environment is in the best interest of the school. The expulsion decision shall also include a rationale as to the specific duration of the expulsion. An expelled pupil may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the expulsion, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b) To suspend or by policy to authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend pupils guilty of gross disobedience or misconduct, or to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus, pursuant to subsections (b-15) and (b-20) of this Section, and no action shall lie against them for such suspension. The board may by policy authorize the superintendent of the district or the principal, assistant principal, or dean of students of any school to suspend
pupils guilty of such acts for a period not to exceed 10 school days. If a pupil is suspended due to gross disobedience or misconduct on a school bus, the board may suspend the pupil in excess of 10 school days for safety reasons.

Any suspension shall be reported immediately to the parents or guardian of a pupil along with a full statement of the reasons for such suspension and a notice of their right to a review. The school board must be given a summary of the notice, including the reason for the suspension and the suspension length. Upon request of the parents or guardian, the school board or a hearing officer appointed by it shall review such action of the superintendent or principal, assistant principal, or dean of students. At such review, the parents or guardian of the pupil may appear and discuss the suspension with the board or its hearing officer. If a hearing officer is appointed by the board, he shall report to the board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the board may take such action as it finds appropriate. If a student is suspended pursuant to this subsection (b), the board shall, in the written suspension decision, detail the specific act of gross disobedience or misconduct resulting in the decision to suspend. The suspension decision shall also include a rationale as to the specific duration of the suspension. A pupil who is suspended in excess of 20 school days may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of this Code. A pupil must not be denied transfer because of the suspension, except in cases in which such transfer is deemed to cause a threat to the safety of students or staff in the alternative program.

(b-5) Among the many possible disciplinary interventions and consequences available to school officials, school exclusions, such as out-of-school suspensions and expulsions, are the most serious. School officials shall limit the number and duration of expulsions and suspensions to the greatest extent practicable, and it is recommended that they use them only for legitimate educational purposes. To ensure that students are not excluded from school unnecessarily, it is recommended that school officials consider forms of non-exclusionary discipline prior to using out-of-school suspensions or expulsions.

(b-10) Unless otherwise required by federal law or this Code, school boards may not institute zero-tolerance policies by which school administrators are required to suspend or expel students for particular behaviors.

New matter indicated by italics - deletions by strikeout
(b-15) Out-of-school suspensions of 3 days or less may be used only if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities. For purposes of this subsection (b-15), "threat to school safety or a disruption to other students' learning opportunities" shall be determined on a case-by-case basis by the school board or its designee. School officials shall make all reasonable efforts to resolve such threats, address such disruptions, and minimize the length of suspensions to the greatest extent practicable.

their offices. With respect to county clerk systems, the determination to institute such a system shall be in the sole discretion of the county clerk and shall meet the requirements set out in this Section. With respect to a Secretary of State system, the determination to institute such a system shall be in the sole discretion of the Secretary of State and shall meet the requirements set out in this Section and those Sections of the State Officials and Employees Ethics Act requiring ethics officer review prior to filing. The system shall be capable of allowing an ethics officer to approve a statement of economic interests and shall include a means to amend a statement of economic interests. When this Section does not modify or remove the requirements set forth elsewhere in this Article, those requirements shall apply to any system of Internet-based filing authorized by this Section. When this Section does modify or remove the requirements set forth elsewhere in this Article, the provisions of this Section shall apply to any system of Internet-based filing authorized by this Section.

(b) In any system of Internet-based filing of statements of economic interests instituted by the Secretary of State or a county clerk:

(1) Any filing of an Internet-based statement of economic interests shall be the equivalent of the filing of a verified, written statement of economic interests as required by Section 4A-101 and the equivalent of the filing of a verified, dated, and signed statement of economic interests as required by Section 4A-104.

(2) The Secretary of State and county clerks who institute a system of Internet-based filing of statements of economic interests shall establish a password-protected website to receive the filings of such statements. Annually, the duly appointed ethics officer for each legislative caucus shall certify to the Secretary of State whether his or her caucus members will file their statements of economic interests electronically or in a written or printed format for that year. If the ethics officer for a caucus certifies that the statements of economic interests shall be written or printed, then members of the General Assembly of that caucus shall not use the Internet to file his or her statement of economic interests, but shall file his or her statement of economic interests in a written or printed form and shall receive a written or printed receipt for his or her filing. If no certification is made by an ethics officer for a legislative caucus, or if a member of the General Assembly is not affiliated with a legislative caucus, then the affected member or members of the General Assembly may file their statements of economic interests using the Internet.

(4) In the first year of the implementation of a system of Internet-based filing of statements of economic interests, each person required to file such a statement is to be notified in writing of his or her obligation to file his or her statement of economic interests by way of the Internet-based system. If access to the web site requires a code or password, this information shall be included in the notice prescribed by this paragraph.

(5) When a person required to file a statement of economic interests has supplied the Secretary of State or a county clerk, as applicable, with an email address for the purpose of receiving notices under this Article by email, a notice sent by email to the supplied email address shall be the equivalent of a notice sent by first class mail, as set forth in Section 4A-106. New matter indicated by italics - deletions by strikeout
(6) If any person who is required to file a statement of economic interests and who has chosen to receive notices by email fails to file his or her statement by May 10, then the Secretary of State or county clerk, as applicable, shall send an additional email notice on that date, informing the person that he or she has not filed and describing the penalties for late filing and failing to file. This notice shall be in addition to other notices provided for in this Article.

(7) The Secretary of State and each county clerk who institutes a system of Internet-based filing of statements of economic interests may also institute an Internet-based process for the filing of the list of names and addresses of persons required to file statements of economic interests by the chief administrative officers that must file such information with the Secretary of State or county clerk, as applicable, pursuant to Section 4A-106. Whenever the Secretary of State or a county clerk institutes such a system under this paragraph, every chief administrative officer must use the system to file this information.

(8) The Secretary of State and any county clerk who institutes a system of Internet-based filing of statements of economic interests shall post the contents of such statements filed with him or her available for inspection and copying on a publicly accessible website. Section 5. The Nursing Home Care Act is amended by changing Section 2-213 as follows:
(210 ILCS 45/2-213)
Sec. 2-213. Vaccinations.

New matter indicated by italics - deletions by strikeout
(a) A facility shall annually administer or arrange for administration of a vaccination against influenza to each resident, in accordance with the recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention that are most recent to the time of vaccination, unless the vaccination is medically contraindicated or the resident has refused the vaccine. Influenza vaccinations for all residents age 65 and over shall be completed by November 30 of each year or as soon as practicable if vaccine supplies are not available before November 1. Residents admitted after November 30, during the flu season, and until February 1 shall, as medically appropriate, receive an influenza vaccination prior to or upon admission or as soon as practicable if vaccine supplies are not available at the time of the admission, unless the vaccine is medically contraindicated or the resident has refused the vaccine. In the event that the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention determines that dates of administration other than those stated in this Act are optimal to protect the health of residents, the Department is authorized to develop rules to mandate vaccinations at those times rather than the times stated in this Act. A facility shall document in the resident's medical record that an annual vaccination against influenza was administered, arranged, refused or medically contraindicated.

(b) A facility shall administer or arrange for administration of a pneumococcal vaccination to each resident, in accordance with the recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention, who has not received this immunization prior to or upon admission to the facility, unless the resident refuses the offer for vaccination or the vaccination is medically contraindicated. A facility shall document in each resident's medical record that a vaccination against pneumococcal pneumonia was offered and administered, arranged, refused, or medically contraindicated.

(c) All persons seeking admission to a nursing facility shall be verbally screened for risk factors associated with hepatitis B, hepatitis C, and the Human Immunodeficiency Virus (HIV) according to guidelines established by the U.S. Centers for Disease Control and Prevention. Persons who are identified as being at high risk for hepatitis B, hepatitis C, or HIV shall be offered an opportunity to undergo laboratory testing in order to determine infection status if they will be admitted to the nursing facility for at least 7 days and are not known to be infected with any of the listed viruses. All HIV testing shall be conducted in compliance with the
AIDS Confidentiality Act. All persons determined to be susceptible to the hepatitis B virus shall be offered immunization within 10 days of admission to any nursing facility. A facility shall document in the resident's medical record that he or she was verbally screened for risk factors associated with hepatitis B, hepatitis C, and HIV, and whether or not the resident was immunized against hepatitis B. Nothing in this subsection (c) shall apply to a nursing facility licensed or regulated by the Illinois Department of Veterans' Affairs.

(d) A skilled nursing facility shall designate a person or persons as Infection Prevention and Control Professionals to develop and implement policies governing control of infections and communicable diseases. The Infection Prevention and Control Professionals shall be qualified through education, training, experience, or certification or a combination of such qualifications. The Infection Prevention and Control Professional's qualifications shall be documented and shall be made available for inspection by the Department.

(e) The Department shall provide facilities with educational information on all vaccines recommended by the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices, including, but not limited to, the risks associated with shingles and how to protect oneself against the varicella-zoster virus. A facility shall distribute the information to: (1) each resident who requests the information; and (2) each newly admitted resident. The facility may distribute the information to residents electronically.

WHEREAS, The Centers for Disease Control and Prevention define positive parenting skills as good communication, appropriate discipline, and responding to a child's physical and emotional needs; and

WHEREAS, Studies in the last decade have shown that well-designed programs created to promote healthy cognitive, emotional, and social development can improve the prospects and quality of life of many children; and

WHEREAS, Parenting programs have been shown to provide critical information on child development and safety, promote positive parenting behaviors, teach effective discipline strategies, alter adverse family patterns, and reduce levels of child abuse and neglect; and

WHEREAS, In the first major study of child abuse and neglect in 20 years, researchers with the National Academy of Sciences reported that the damaging consequences of abuse can reshape a child's brain (resulting in consequences that last throughout his or her life), influence the child's amygdala (the part of the brain that regulates emotions, particularly fear and anxiety), and change how the functioning prefrontal cortex works (the part of the brain responsible for thinking, planning, reasoning, and decision-making), which can lead to behavioral and academic problems; and

Section 5. The School Code is amended by changing Section 27-

School districts may offer parenting education courses during that period of the day which is not part of the regular school day. Residents of the school district may enroll in such courses. The school board may establish fees and collect such charges as may be necessary for attendance at such courses in an amount not to exceed the per capita cost of the operation thereof, except that the board may waive all or part of such charges if it determines that the individual is indigent or that the educational needs of the individual requires his or her attendance at such courses.

(b) Beginning with the 2019-2020 school year, from appropriations made for the purposes of this Section, the State Board of Education shall implement and administer a 3-year pilot program supporting the health and wellness student-learning requirement by utilizing a unit of instruction on parenting education in participating school districts that maintain grades 9 through 12, to be determined by the participating school districts. The program is encouraged to include, but is not be limited to, instruction on (i) family structure, function, and management, (ii) the prevention of child abuse, (iii) the physical, mental, emotional, social, economic, and psychological aspects of interpersonal and family relationships, and (iv) parenting education competency development that is aligned to the social and emotional learning standards of the student's grade level. Section 307. Impermissible appointment.

(a) Except as otherwise provided in Section 306, an exercise of a power of appointment in favor of an impermissible appointee is ineffective.

If a powerholder exercises a power of appointment in a disposition that also disposes of property the powerholder owns, the owned property and the appointive property must be allocated in the permissible manner that best carries out the powerholder's intent.

Section 309. Capture doctrine: disposition of ineffectively appointed property under general power. To the extent a powerholder of a general power of appointment, other than a power to revoke, amend, or withdraw property from a trust, makes an ineffective appointment:

(1) the gift-in-default clause controls the disposition of the unappointed property; or

(2) if there is no gift-in-default clause or to the extent the clause is ineffective:

(A) except as otherwise provided in subparagraph (B), the unappointed property passes to:

(i) the powerholder if the powerholder is a permissible appointee and living; or
(ii) if the powerholder is an impermissible appointee or not living, the powerholder's estate if the estate is a permissible appointee; or

Section 311. Disposition of unappointed property under released or unexercised nongeneral power. To the extent a powerholder releases, ineffectively exercises, or fails to exercise a nongeneral power of appointment:

(1) the gift-in-default clause controls the disposition of the unappointed property; or

(ii) the terms of the instrument creating the power do not manifest a contrary intent; or

(B) if there is no taker under subparagraph (A), passes under a reversionary interest to the donor or the donor's transferee or successor in interest.

Section 312. Disposition of unappointed property if partial appointment to taker in default. Unless the terms of the instrument creating or exercising a power of appointment manifest a contrary intent, if the powerholder makes a valid partial appointment to a taker in default of appointment, the taker in default of appointment may share fully in unappointed property.

Section 313. Appointment to taker in default. If a powerholder of a general power makes an appointment to a taker in default of appointment and the appointee would have taken the property under a gift-in-default clause had the property not been appointed, the power of appointment is deemed not to have been exercised, and the appointee takes under the gift-in-default clause.

Section 314. Powerholder's authority to revoke or amend exercise. A powerholder may revoke or amend an exercise of a power of appointment only to the extent that:

(1) the powerholder reserves a power of revocation or amendment in the instrument exercising the power of appointment and, if the power is nongeneral, the terms of the instrument creating the power of appointment do not prohibit the reservation; or

(2) the terms of the instrument creating the power of appointment provide that the exercise is revocable or amendable.

Section 315. Disposition of trust property subject to power. In disposing of trust property subject to a power of appointment exercisable by an instrument other than a will, a trustee acting in good faith shall have no liability to any appointee or taker in default of appointment for relying upon an instrument believed to be genuine purporting to exercise a power of appointment or for assuming that there is no instrument exercising the power of appointment in the absence of actual knowledge thereof within 3 months of the last date on which the power of appointment may be exercised.

(d) Subject to subsections (b) and (c), and notwithstanding the presence of a spendthrift provision or whether the claim arose before or after the creation of the power of appointment, appointive property subject to a general power of appointment created by the powerholder is subject to a claim of a creditor of:

(1) the powerholder, to the same extent as if the powerholder owned the appointive property, if the power is presently exercisable; and

(2) the powerholder's estate, to the extent the estate is insufficient to satisfy the claim and subject to the right of a decedent to direct the source from which liabilities are paid, if the power is exercisable at the powerholder's death.

to the right of the deceased powerholder to direct the source from which liabilities are paid.

(b) Subject to subsection (c) of Section 504, a power of appointment created by a person other than the powerholder which is subject to an ascertainable standard relating to an individual's health, education, support, or maintenance within the meaning of 26 U.S.C. 2041(b)(1)(A) or 26 U.S.C. 2514(c)(1), as amended, is treated for purposes of this Article as a nongeneral power.

Section 503. Power to withdraw.

(b) A power to withdraw property from a trust ceases to be treated as a presently exercisable general power of appointment upon its lapse, release, or waiver.

Section 504. Creditor claim: nongeneral power.

(b) Appointive property subject to a nongeneral power of appointment is subject to a claim of a creditor of the powerholder or the powerholder's estate to the extent that the powerholder owned the property and, reserving the nongeneral power, transferred the property in violation of the Uniform Fraudulent Transfer Act.

(c) If the initial gift in default of appointment is to the powerholder or the powerholder's estate, a nongeneral power of appointment is treated for purposes of this Section as a general power.

(2) this Act applies to a judicial proceeding concerning a power of appointment commenced on or after its effective date;
(3) this Act applies to a judicial proceeding concerning a power of appointment commenced before its effective date unless the court finds that application of a particular provision of this Act would substantially interfere with the effective conduct of the judicial proceeding or prejudice a right of a party, in which case the particular provision of this Act does not apply and the superseded law applies;
(4) a rule of construction or presumption provided in this Act applies to an instrument executed before the effective date of the Act unless there is a clear indication of a contrary intent in the terms of the instrument; and
(5) an act done before the effective date of this Act is not affected by this Act.

(b) If a right is acquired, extinguished, or barred on the expiration of a prescribed period that commenced under law of this State other than this Act before the effective date of this Act, the law continues to apply to the right.

(c) No trustee is liable to any person in whose favor a power of appointment may have been exercised for any distribution of property made to persons entitled to take in default of the effective exercise of the power of appointment to the extent that the distribution shall have been completed prior to the effective date of this Act.

Section 604. The Probate Act of 1975 is amended by changing Section 2-7 as follows:

(755 ILCS 5/2-7) (from Ch. 110 1/2, par. 2-7)
Sec. 2-7. Disclaimer. (a) Right to Disclaim Interest in Property. A person to whom any property or interest therein passes, by whatever means, may disclaim the property or interest in whole or in part by delivering or filing a written disclaimer as hereinafter provided. A disclaimer may be of a fractional share or undivided interest, a specifically identifiable asset, portion or amount, any limited interest or estate or any property or interest derived through right of survivorship. A powerholder, as that term is defined in Section 102 of the Uniform Powers of Appointment Act, power (as defined in "An Act Concerning Termination

New matter indicated by italics - deletions by strikeout
of Powers", approved May 25, 1943, as amended) with respect to property shall be deemed to be a holder of an interest in such property.

The representative of a decedent or ward may disclaim on behalf of the decedent or ward with leave of court. The court may approve the disclaimer by a representative of a decedent if it finds that the disclaimer benefits the estate as a whole and those interested in the estate generally even if the disclaimer alters the distribution of the property, part or interest disclaimed. The court may approve the disclaimer by a representative of a ward if it finds that it benefits those interested in the estate generally and is not materially detrimental to the interests of the ward. A disclaimer by a representative of a decedent or ward may be made without leave of court if a will or other instrument signed by the decedent or ward designating the representative specifically authorizes the representative to disclaim without court approval.

The right to disclaim granted by this Section exists irrespective of any limitation on the interest of the disclaimant in the nature of a spendthrift provision or similar restriction.

(b) Form of Disclaimer. The disclaimer shall (1) describe the property or part or interest disclaimed, (2) be signed by the disclaimant or his representative and (3) declare the disclaimer and the extent thereof.

(c) Delivery of Disclaimer. The disclaimer shall be delivered to the transferor or donor or his representative, or to the trustee or other person who has legal title to the property, part or interest disclaimed, or, if none of the foregoing is readily determinable, shall be either delivered to a person having possession of the property, part or interest or who is entitled thereto by reason of the disclaimer, or filed or recorded as hereinafter provided. In the case of an interest passing by reason of the death of any person, an executed counterpart of the disclaimer may be filed with the clerk of the circuit court in the county in which the estate of the decedent is administered, or, if administration has not been commenced, in which it could be commenced. If an interest in real property is disclaimed, an executed counterpart of the disclaimer may be recorded in the office of the recorder in the county in which the real estate lies, or, if the title to the real estate is registered under "An Act concerning land titles", approved May 1, 1897, as amended, may be filed in the office of the registrar of titles of such county.

(d) Effect of Disclaimer. Unless expressly provided otherwise in an instrument transferring the property or creating the interest disclaimed, the property, part or interest disclaimed shall descend or be distributed (1) if a

New matter indicated by italics - deletions by strikeout
present interest (a) in the case of a transfer by reason of the death of any person, as if the disclaimant had predeceased the decedent; (b) in the case of a transfer by revocable instrument or contract, as if the disclaimant had predeceased the date the maker no longer has the power to transfer to himself or another the entire legal and equitable ownership of the property or interest; or (c) in the case of any other inter vivos transfer, as if the disclaimant had predeceased the date of the transfer; and (2) if a future interest, as if the disclaimant had predeceased the event that determines that the taker of the property or interest has become finally ascertained and his interest has become indefeasibly fixed both in quality and quantity; and in each case the disclaimer shall relate back to such date for all purposes.

A disclaimer of property or an interest in property shall not preclude any disclaimant from receiving the same property in another capacity or from receiving other interests in the property to which the disclaimer relates.

Unless expressly provided otherwise in an instrument transferring the property or creating the interest disclaimed, a future interest limited to take effect at or after the termination of the estate or interest disclaimed shall accelerate and take effect in possession and enjoyment to the same extent as if the disclaimant had died before the date to which the disclaimer relates back.

A disclaimer made pursuant to this Section shall be irrevocable and shall be binding upon the disclaimant and all persons claiming by, through or under the disclaimant.

(e) Waiver and Bar. The right to disclaim property or a part thereof or an interest therein shall be barred by (1) a judicial sale of the property, part or interest before the disclaimer is effected; (2) an assignment, conveyance, encumbrance, pledge, sale or other transfer of the property, part or interest, or a contract therefor, by the disclaimant or his representative; (3) a written waiver of the right to disclaim; or (4) an acceptance of the property, part or interest by the disclaimant or his representative. Any person may presume, in the absence of actual knowledge to the contrary, that a disclaimer delivered or filed as provided in this Section is a valid disclaimer that is not barred by the preceding provisions of this paragraph.

A written waiver of the right to disclaim may be made by any person or his representative and an executed counterpart of a waiver of the
right to disclaim may be recorded or filed, all in the same manner as provided in this Section with respect to a disclaimer.

In every case, acceptance must be affirmatively proved in order to constitute a bar to a disclaimer. An acceptance of property or an interest in property shall include the taking of possession, the acceptance of delivery or the receipt of benefits of the property or interest; except that (1) in the case of an interest in joint tenancy with right of survivorship such acceptance shall extend only to the fractional share of such property or interest determined by dividing the number one by the number of joint tenants, and (2) in the case of a ward, such acceptance shall extend only to property actually received by or on behalf of the ward or his representative during his minority or incapacity. The mere lapse of time or creation of an interest, in joint tenancy with right of survivorship or otherwise, with or without knowledge of the interest on the part of the disclaimant, shall not constitute acceptance for purposes of this Section.

This Section does not abridge the right of any person to assign, convey, release, renounce or disclaim any property or interest therein arising under any other statute or that which arose under prior law.

Any interest in real or personal property that which exists on or after the effective date of this Section may be disclaimed after that date in the manner provided herein, but no interest that which has arisen prior to that date in any person other than the disclaimant shall be destroyed or diminished by any action of the disclaimant taken pursuant to this Section.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Section 8 as follows:

Sec. 8. Scholarships and fee waivers; tuition waiver.

(a) Each year the Department shall select a minimum of 53 students (at least 4 of whom shall be children of veterans) to receive scholarships and fee waivers which will enable them to attend and complete their post-secondary education at a community college, university, or college. Youth shall be selected from among the youth for whom the Department has court-ordered legal responsibility, youth who aged out of care at age 18 or older, or youth formerly under care who have been adopted or who have been placed in private guardianship. Recipients must have earned a high school diploma from an accredited institution or a high school equivalency certificate or diploma or have met the State criteria for high school graduation before the start of the school year for which they are applying for the scholarship and waiver. Scholarships and fee waivers shall be available to students for at least 5 years, provided they are continuing to work toward graduation. Unused scholarship dollars and fee waivers shall be reallocated to new recipients. No later than January 1, 2015, the Department shall promulgate rules identifying the criteria for "continuing to work toward graduation" and for reallocating unused scholarships and fee waivers. Selection shall be made on the basis of several factors, including, but not limited to, scholastic record, aptitude, and general interest in higher education. The selection committee shall include at least 2 individuals formerly under the care of the Department who have completed their post-secondary education. In accordance with this Act, tuition scholarships and fee waivers shall be available to such students at any university or college maintained by the State of Illinois. The Department shall provide maintenance and school expenses, except tuition and fees, during the academic years to supplement the students' earnings or other resources so long as they consistently maintain scholastic records which are acceptable to their schools and to the Department. Students may attend other colleges and universities, if scholarships are

awarded them, and receive the same benefits for maintenance and other expenses as those students attending any Illinois State community college, university, or college under this Section. Beginning with recipients receiving scholarships and waivers in August 2014, the Department shall collect data and report annually to the General Assembly on measures of success, including (i) the number of youth applying for and receiving scholarships or waivers, (ii) the percentage of scholarship or waiver recipients who complete their college or university degree within 5 years, (iii) the average length of time it takes for scholarship or waiver recipients to complete their college or university degree, (iv) the reasons that scholarship or waiver recipients are discharged or fail to complete their college or university degree, (v) when available, youths' outcomes 5 years and 10 years after being awarded the scholarships or waivers, and (vi) budget allocations for maintenance and school expenses incurred by the Department.

(b) Youth who are not selected to receive a scholarship or fee waiver under subsection (a) shall receive a tuition and fee waiver to assist them in attending and completing their post-secondary education at any community college, university, or college maintained by the State of Illinois if they are youth for whom the Department has court-ordered legal responsibility, youth who aged out of care at age 18 or older, or youth formerly under care who have been adopted and were the subject of an adoption assistance agreement or who have been placed in private guardianship and were the subject of a subsidized guardianship agreement.

To receive a waiver under this subsection, an applicant must:

(1) have earned a high school diploma from an accredited institution or a high school equivalency certificate or have met the State criteria for high school graduation before the start of the school year for which the applicant is applying for the waiver;

(2) enroll in a qualifying post-secondary education before the applicant reaches the age of 26; and

(3) apply for federal and State grant assistance by completing the Free Application for Federal Student Aid.

The community college or public university that an applicant attends must waive any tuition and fee amounts that exceed the amounts paid to the applicant under the federal Pell Grant Program or the State's Monetary Award Program.
Tuition and fee waivers shall be available to a student for at least the first 5 years the student is enrolled in a community college, university, or college maintained by the State of Illinois so long as the student makes satisfactory progress toward completing his or her degree. The age requirement and 5-year cap on tuition and fee waivers under this subsection shall be waived and eligibility for tuition and fee waivers shall be extended for any applicant or student who the Department determines was unable to enroll in a qualifying post-secondary school or complete an academic term because the applicant or student: (i) was called into active duty with the United States Armed Forces; (ii) was deployed for service in the United States Public Health Service Commissioned Corps; or (iii) volunteered in the Peace Corps or the AmeriCorps. The Department shall extend eligibility for a qualifying applicant or student by the total number of months or years during which the applicant or student served on active duty with the United States Armed Forces, was deployed for service in the United States Public Health Service Commissioned Corps, or volunteered in the Peace Corps or the AmeriCorps. The number of months an applicant or student served on active duty with the United States Armed Forces shall be rounded up to the next higher year to determine the maximum length of time to extend eligibility for the applicant or student.

The Department may provide the student with a stipend to cover maintenance and school expenses, except tuition and fees, during the academic years to supplement the student's earnings or other resources so long as the student consistently maintains scholastic records which are acceptable to the student's school and to the Department.

The Department shall develop outreach programs to ensure that youths who qualify for the tuition and fee waivers under this subsection who are high school students in grades 9 through 12 or who are enrolled in a high school equivalency testing program are aware of the availability of the tuition and fee waivers.

AN ACT concerning education. 
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative intent. It is the intent of the General Assembly that State assessments be rooted in classroom content and best practices and be used as an opportunity to demonstrate learning and feedback. It is also the intent of the General Assembly that assessments used for accountability should support learning opportunities that inform instruction.

(a) For the purposes of State accountability in this Section and Sections 3.25b, 3.25c, 3.25d, 3.25e, and 3.25f of this Code, "school district" includes other public entities responsible for administering public schools, such as cooperatives, joint agreements, charter schools, special charter districts, regional offices of education, local agencies, and the Department of Human Services.

(b) In addition to the standards established pursuant to Section 2-3.25, the State Board of Education shall develop recognition standards for student performance and school improvement for all school districts and their individual schools, which must be an outcomes-based, balanced accountability measure. The State Board of Education is prohibited from having separate performance standards for students based on race or ethnicity.

The accountability measure shall be outlined in the State Plan that the State Board of Education submits to the federal Department of Education pursuant to the federal Every Student Succeeds Act. If the federal Every Student Succeeds Act ceases to require a State Plan, the State Board of Education shall develop a written plan in consultation with the Balanced Accountability Committee created under subsection (b-5) of this Section.

Subject to the availability of federal, State, public, or private funds, the balanced accountability measure must be designed to focus on 2

New matter indicated by italics - deletions by strikeout
components, student performance and professional practice. The student performance component shall count for 30% of the total balanced accountability measure, and the professional practice component shall count for 70% of the total balanced accountability measure. The student performance component shall focus on student outcomes and closing the achievement gaps within each school district and its individual schools using a Multiple Measure Index and Annual Measurable Objectives, as set forth in Section 2-3.25d of this Code. The professional practice component shall focus on the degree to which a school district, as well as its individual schools, is implementing evidence-based, best professional practices and exhibiting continued improvement. Beginning with the 2015-2016 school year, the balanced accountability measure shall consist of only the student performance component, which shall account for 100% of the total balanced accountability measure. From the 2017-2018 school year through the 2022-2023 school year, the State Board of Education and a Balanced Accountability Measure Committee shall identify a number of school districts per the designated school years to begin implementing the balanced accountability measure, which includes both the student performance and professional practice components. By the 2022-2023 school year, all school districts must be implementing the balanced accountability measure, which includes both components.

(b-5) The Balanced Accountability Measure Committee is created and shall consist of the following individuals: a representative of a statewide association representing regional superintendents of schools, a representative of a statewide association representing principals, a representative of an association representing principals in a city having a population exceeding 500,000, a representative of a statewide association representing school administrators, a representative of a statewide professional teachers' organization, a representative of a different statewide professional teachers' organization, an additional representative from either statewide professional teachers' organization, a representative of a professional teachers' organization in a city having a population exceeding 500,000, a representative of a statewide association representing school boards, and a representative of a school district organized under Article 34 of this Code. The head of each association or entity listed in this paragraph shall appoint its respective representative. The State Superintendent of Education, in consultation with the Committee, may appoint no more than 2 additional individuals to the Committee, which individuals shall serve in an advisory role and must not have voting or

New matter indicated by italics - deletions by strikeout
other decision-making rights. The Committee is abolished on June 1, 2023.

The Balanced Accountability Measure Committee shall meet no less than 4 times per year to discuss the accountability standards set forth in the State Plan pursuant to the federal Every Student Succeeds Act and to provide stakeholder feedback and recommendations to the State Board of Education with regard to the State Plan, which the State Board shall take into consideration. Upon completion of the 2019-2020 school year, the Balanced Accountability Measure Committee shall assess the implementation of the State Plan and, if necessary, make recommendations to the State Board for any changes. The Committee shall consider accountability recommendations made by the Illinois P-20 Council established under Section 22-45 of this Code, the Illinois Early Learning Council created under the Illinois Early Learning Council Act, and any other stakeholder group established by the State Board in relation to the federal Every Student Succeeds Act. The State Board shall provide to the Committee an annual report with data and other information collected from entities identified by the State Board as learning partners, including, but not limited to, data and information on the learning partners' effectiveness, geographic distribution, and cost to serve as part of a comprehensive statewide system of support.

Using a Multiple Measure Index consistent with subsection (a) of Section 2-3.25d of this Code, the student performance component shall consist of the following subcategories, each of which must be valued at 10%:

(1) achievement status;
(2) achievement growth; and
(3) Annual Measurable Objectives, as set forth in subsection (b) of Section 2-3.25d of this Code.

Achievement status shall measure and assess college and career readiness, as well as the graduation rate. Achievement growth shall measure the school district's and its individual schools' student growth via this State's growth value tables. Annual Measurable Objectives shall measure the degree to which school districts, as well as their individual schools, are closing their achievement gaps among their student population and subgroups.

The professional practice component shall consist of the following subcategories:

(A) compliance;

New matter indicated by italics - deletions by strikeout
(B) evidence-based best practices; and
(C) contextual improvement.

Compliance, which shall count for 10%, shall measure the degree to which a school district and its individual schools meet the current State compliance requirements. Evidence-based best practices, which shall count for 30%, shall measure the degree to which school districts and their individual schools are adhering to a set of evidence-based-quality standards and best practice for effective schools that include (i) continuous improvement, (ii) culture and climate, (iii) shared leadership, (iv) governance, (v) education and employee quality, (vi) family and community connections, and (vii) student and learning development and are further developed in consultation with the State Board of Education and the Balanced Accountability Measure Committee set forth in this subsection (b). Contextual improvement, which shall count for 30%, shall provide school districts and their individual schools the opportunity to demonstrate improved outcomes through local data, including without limitation school climate, unique characteristics, and barriers that impact the educational environment and hinder the development and implementation of action plans to address areas of school district and individual school improvement. Each school district, in good faith cooperation with its teachers or, where applicable, the exclusive bargaining representatives of its teachers, shall develop 2 measurable objectives to demonstrate contextual improvement, each of which must be equally-weighted. Each school district shall begin such good faith cooperative development of these objectives no later than 6 months prior to the beginning of the school year in which the school district is to implement the professional practice component of the balanced accountability measure. The professional practice component must be scored using trained peer review teams that observe and verify school district practices using an evidence-based framework.

The balanced accountability measure shall combine the student performance and professional practice components into one summative score based on 100 points at the school district and individual-school level. A school district shall be designated as "Exceeds Standards—Exemplar" if the overall score is 100 to 90, "Meets Standards—Proficient" if the overall score is 89 to 75, "Approaching Standards—Needs Improvement" if the overall score is 74 to 60, and "Below Standards—Unsatisfactory" if the overall score is 59 to 0. The balanced accountability measure shall also detail both incentives that reward school districts for...
continued improved performance, as provided in Section 2-3.25c of this Code, and consequences for school districts that fail to provide evidence of continued improved performance, which may include presentation of a barrier analysis, additional school board and administrator training, or additional State assistance. Based on its summative score, a school district may be exempt from the balanced accountability measure for one or more school years. The State Board of Education, in collaboration with the Balanced Accountability Measure Committee set forth in this subsection (b-5) (b), shall adopt rules that further implementation in accordance with the requirements of this Section.

The board shall take into consideration the prevention of segregation and the elimination of separation of children in public schools because of color, race, sex, or nationality. Except that children may be committed to or attend parental and social adjustment schools established and maintained either for boys or girls only. The appropriate geographical area in which such open enrollment may be exercised shall be determined by the board of education. Such children may be admitted to any such attendance center on a space available basis after all children residing within such attendance center's area have been accommodated. If the number of applicants from outside the attendance area exceed the space available, then successful applicants shall be selected by lottery. Any request by a parent or guardian to transfer his or her child from one attendance center to another within the school district pursuant to Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6317) must be made no later than 30 days after the parent or guardian receives notice of the right to transfer pursuant to that law. A student may not transfer to any of the following attendance centers, except by change in residence if the policy authorizes enrollment based on residence in an attendance area or unless approved by the board on an individual basis:

1. An attendance center that exceeds or as a result of the transfer would exceed its attendance capacity.
2. An attendance center for which the board has established academic criteria for enrollment if the student does not meet the criteria, provided that the transfer must be permitted if the attendance center is the only attendance center serving the student's grade that has not been identified for school improvement, corrective action, or restructuring under Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6317).
3. Any attendance center if the transfer would prevent the school district from meeting its obligations under a State or federal law, court order, or consent decree applicable to the school district.

(b) The board shall establish and implement a policy governing the transfer of students within the school district from a persistently dangerous attendance center to another attendance center in that district that is not deemed to be persistently dangerous. New matter indicated by italics - deletions by strikeout
(a-5) Extended term. A lease for real property owned by the University of Illinois to be used by the University of Illinois at Chicago for an ambulatory surgical center, which would include both clinical services and retail space, may exceed 10 years in length where: (i) the lease requires the lessor to make capital improvements in excess of $100,000; and (ii) the Board of Trustees of the University of Illinois determines a term of more than 10 years is necessary and is in the best interest of the University. A lease under this subsection (a-5) may not exceed 30 years in length.

(b) Renewal. Leases may include a renewal option. An option to renew may be exercised only when a State purchasing officer determines in writing that renewal is in the best interest of the State and notice of the exercise of the option is published in the appropriate volume of the Procurement Bulletin at least 60 calendar days prior to the exercise of the option.

(c) Subject to appropriation. All leases shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the lease.

(735 ILCS 5/2-201) (from Ch. 110, par. 2-201)
Sec. 2-201. Commencement of actions - Forms of process.

New matter indicated by italics - deletions by strikeout

The form and substance of the summons, and of all other process, and the issuance of alias process, and the service of copies of pleadings shall be according to rules.

(b) One or more duplicate original summonses may be issued, marked "First Duplicate," "Second Duplicate," etc., as the case may be, whenever it will facilitate the service of summons in any one or more counties, including the county of venue.

(c) A court's jurisdiction is not affected by a technical error in format of a summons if the summons has been issued by a clerk of the court, the person or entity to be served is identified as a defendant on the summons, and the summons is properly served. This subsection is declarative of existing law.

(Source: P.A. 82-280.)

(735 ILCS 5/2-1401) (from Ch. 110, par. 2-1401)

Sec. 2-1401. Relief from judgments.

(a) Relief from final orders and judgments, after 30 days from the entry thereof, may be had upon petition as provided in this Section. Writs of error coram nobis and coram vobis, bills of review and bills in the nature of bills of review are abolished. All relief heretofore obtainable and the grounds for such relief heretofore available, whether by any of the foregoing remedies or otherwise, shall be available in every case, by proceedings hereunder, regardless of the nature of the order or judgment from which relief is sought or of the proceedings in which it was entered. Except as provided in the Illinois Parentage Act of 2015, there shall be no distinction between actions and other proceedings, statutory or otherwise, as to availability of relief, grounds for relief or the relief obtainable.

(b) The petition must be filed in the same proceeding in which the order or judgment was entered but is not a continuation thereof. The petition must be supported by affidavit or other appropriate showing as to matters not of record. A petition to reopen a foreclosure proceeding must include as parties to the petition, but is not limited to, all parties in the original action in addition to the current record title holders of the property, current occupants, and any individual or entity that had a recorded interest in the property before the filing of the petition. All parties to the petition shall be notified as provided by rule.
(b-5) A movant may present a meritorious claim under this Section if the allegations in the petition establish each of the following by a preponderance of the evidence:

(1) the movant was convicted of a forcible felony;

(2) the movant's participation in the offense was related to him or her previously having been a victim of domestic violence as perpetrated by an intimate partner;

(3) no evidence of domestic violence against the movant was presented at the movant's sentencing hearing;

(4) the movant was unaware of the mitigating nature of the evidence of the domestic violence at the time of sentencing and could not have learned of its significance sooner through diligence; and

(5) the new evidence of domestic violence against the movant is material and noncumulative to other evidence offered at the sentencing hearing, and is of such a conclusive character that it would likely change the sentence imposed by the original trial court.

Nothing in this subsection (b-5) shall prevent a movant from applying for any other relief under this Section or any other law otherwise available to him or her.

As used in this subsection (b-5):

"Forcible felony" has the meaning ascribed to the term in Section 2-8 of the Criminal Code of 2012.

"Intimate partner" means a spouse or former spouse, persons who have or allegedly have had a child in common, or persons who have or have had a dating or engagement relationship.

(c) Except as provided in Section 20b of the Adoption Act and Section 2-32 of the Juvenile Court Act of 1987 or in a petition based upon Section 116-3 of the Code of Criminal Procedure of 1963, the petition must be filed not later than 2 years after the entry of the order or judgment. Time during which the person seeking relief is under legal disability or duress or the ground for relief is fraudulently concealed shall be excluded in computing the period of 2 years.

(d) The filing of a petition under this Section does not affect the order or judgment, or suspend its operation.
(e) Unless lack of jurisdiction affirmatively appears from the record proper, the vacation or modification of an order or judgment pursuant to the provisions of this Section does not affect the right, title or interest in or to any real or personal property of any person, not a party to the original action, acquired for value after the entry of the order or judgment but before the filing of the petition, nor affect any right of any person not a party to the original action under any certificate of sale issued before the filing of the petition, pursuant to a sale based on the order or judgment. When a petition is filed pursuant to this Section to reopen a foreclosure proceeding, notwithstanding the provisions of Section 15-1701 of this Code, the purchaser or successor purchaser of real property subject to a foreclosure sale who was not a party to the mortgage foreclosure proceedings is entitled to remain in possession of the property until the foreclosure action is defeated or the previously foreclosed defendant redeems from the foreclosure sale if the purchaser has been in possession of the property for more than 6 months.

(f) Nothing contained in this Section affects any existing right to relief from a void order or judgment, or to employ any existing method to procure that relief.

(735 ILCS 5/13-107) (from Ch. 110, par. 13-107)
Sec. 13-107. Seven years with possession and record title. Except as provided in Section 13-107.1, actions brought for the recovery of any lands, tenements or hereditaments of which any person may be possessed by actual residence thereon for 7 successive years, having a connected title, deductible of record, from this State or the United States, or from any public officer or other person authorized by the laws of this State to sell such land for the non-payment of taxes, or from any sheriff, marshal, or other person authorized to sell such land for the enforcement of a judgment or under any order or judgment of any court shall be brought within 7 years next after possession is taken, but when the possessor acquires such title after taking such possession, the limitation shall begin to run from the time of acquiring title.

(735 ILCS 5/13-107.1 new)
Sec. 13-107.1. Two years with possession and record title derived from a judicial foreclosure sale.

New matter indicated by italics - deletions by strikeout
(a) Actions brought for the recovery of any lands, tenements, or
hereditaments of which any person may be possessed for 2 successive
years, having a connected title, deductible of record, as a purchaser at a
judicial foreclosure sale, other than a mortgagee, who takes possession
pursuant to a court order under the Illinois Mortgage Foreclosure Law, or
a purchaser who acquires title from a mortgagee or a purchaser at a
judicial foreclosure sale who received title and took possession pursuant
to a court order, shall be brought within 2 years after possession is taken.
When the purchaser acquires title and has taken possession, the limitation
shall begin to run from the date a mortgagee or a purchaser at a judicial
foreclosure sale takes possession pursuant to a court order under the
Illinois Mortgage Foreclosure Law or Article IX of this Code. The
vacation or modification, pursuant to the provisions of Section 2-1401, of
an order or judgment entered in the judicial foreclosure does not affect the
limitation in this Section.

(b) This Section applies to actions filed on or after 180 days after
the effective date of this amendatory Act of the 100th General Assembly.

(110 ILCS 27/16 new)
Sec. 16. High school and community college partnership agreements; dual credit. A community college district shall, upon the request of a school district within the jurisdiction of the community college district, enter into a partnership agreement with the school district to offer dual credit coursework.

A school district may offer any course identified in the Illinois Articulation Initiative General Education Core Curriculum package under the Illinois Articulation Initiative Act as a dual credit course on the campus of a high school of the school district and may use a high school instructor who has met the academic credential requirements under this Act to teach the dual credit course.

The partnership agreement shall include all of the following:
   (1) The establishment of the school district's and the community college district's respective roles and responsibilities in providing the program and ensuring the quality and instructional rigor of the program. This must include an assurance that the community college district has appropriate academic control of the curriculum, consistent with any State or federal law and as

required or negotiated with the Higher Learning Commission or other applicable accrediting agency.

(2) The dual credit courses that the school district will offer its students and whether those courses will be offered on the high school or community college campus or through an online platform established by the Illinois Community College Board.

(3) The establishment of academic criteria for granting eligibility for high school students to enroll in dual credit coursework. The academic criteria shall be evidence-based and shall include multiple appropriate measures to determine whether a student is prepared for any dual credit coursework in which the student enrolls.

(4) The establishment of any limitations that the school district or community college district may put on course offerings due to availability of instructors, the availability of students for specific course offerings, or local board policy.

(5) The requirement that the dual credit instructor meet the academic credential requirements to teach a dual credit course, consistent with paragraphs (1), (2), and (3) of Section 20 of this Act, but shall not be required to exceed those credentials.

(6) The collaborative process and criteria by which the school district shall identify and recommend and the community college district shall review and approve high school instructors of dual credit courses taught on the campus of a high school. This provision shall require that the school district be responsible for hiring and compensating the instructor.

(7) The requirement that a community college district take the appropriate steps to ensure that dual credit courses are equivalent to those courses offered at the community college in quality and rigor to qualify for college credit. The dual credit programs shall encompass the following characteristics:

(B) Course content, course delivery, and course rigor shall be evaluated by the community college chief
academic officer or his or her designee, in consultation with the school district's superintendent or his or her designee. The evaluation shall be conducted in a manner that is consistent with the community college district's review and evaluation policy and procedures for on-campus adjunct faculty, including visits to the secondary class. This evaluation shall be limited to the course and the ability of the instructor to deliver quality, rigorous college credit coursework. This evaluation shall not impact the instructor's performance evaluation under Article 24A of the School Code.

(C) The academic supports and, if applicable, guidance that will be provided to students participating in the program by the high school and the community college district.

(8) Identify all fees and costs to be assessed by the community college district for dual credit courses. This provision shall require that any fees and costs assessed for dual credit courses shall be reasonable and promote student access to those courses, and may take into account regional considerations and differences.

(9) The community college district shall establish a mechanism for evaluating and documenting on a regular basis the performance of students who complete dual credit courses, consistent with paragraph (9) of Section 20 and Section 30 of this Act, and for sharing that data in a meaningful and timely manner with the school district. This evaluation shall be limited to the course and the coursework. This evaluation shall not impact the instructor's performance evaluation under Article 24A of the School Code.

If, within 180 calendar days of the school district's initial request to enter into a partnership agreement with the community college district, the school district and the community college district do not reach agreement on the partnership agreement, then the school district and community college district shall jointly implement the provisions of the Model Partnership Agreement established under Section 19 of this Act for which local agreement could not be reached. Sec. 17. Out-of-state dual credit contracts. On or after the effective date of this amendatory Act of the 100th General Assembly, a school district may not enter into a new contract with an out-of-state institution to provide a dual credit course without first offering the community college district in the district in which the school district is located the opportunity to provide the course. Prior to entering into a contract with an out-of-state institution, the school district shall notify the Board of Higher Education of its intent to enter into an agreement with an out-of-state institution. The Board of Higher Education shall have 30 days to provide the school district with a list of in-state institutions that can provide the school district an equivalent dual credit opportunity. In deciding which dual credit courses to offer, a school district reserves the right to evaluate any dual credit course offered by any institution for quality, rigor, and alignment with the school district's students' needs.

Agreements to provide dual credit courses between a school district and an out-of-state institution in existence on the effective date of this amendatory Act of the 100th General Assembly shall remain in effect and shall not be impacted by this Section.

The institution shall have 30 days to review the plan and approve an instructor professional development plan that is in line with the credentials set forth in paragraph (2) of this Section. The institution shall not unreasonably withhold approval of a professional.
development plan. These approvals shall be good for as long as satisfactory progress toward the completion of the credential is demonstrated, but in no event shall a professional development plan be in effect for more than 3 years from the date of its approval. A high school instructor whose professional development plan is not approved by the institution may appeal to the Illinois Community College Board or the Board of Higher Education, as appropriate.

(C) The Illinois Community College Board shall report yearly on its Internet website the number of teachers who have approved professional development plans under this Section.

(2) A high school instructor shall qualify for a professional development plan if the instructor:

(8) Every dual credit course must be reviewed annually by faculty through the appropriate department to ensure consistency with campus courses.

(9) Dual credit students must be assessed using methods consistent with students in traditional credit-bearing college courses.

The fine imposed under this paragraph may not exceed $500 for each violation. Each day that the activity, which gave rise to the original fine, continues is a separate violation. The maximum fine that may be levied against any licensee, for the period of the license, shall not exceed $20,000. The maximum penalty that may be imposed on a licensee for selling a bottle of alcoholic liquor with a foreign object in it or serving from a bottle of alcoholic liquor with a foreign object in it shall be the destruction of that bottle of alcoholic liquor for the first 10 bottles so sold or served from by the licensee. For the eleventh bottle of alcoholic liquor and for each third bottle thereafter sold or served from by the licensee with a foreign object in it, the maximum penalty that may be imposed on the licensee is the destruction of the bottle of alcoholic liquor and a fine of up to $50.

Any notice issued by the State Commission to a licensee for a violation of this Act or any notice with respect to settlement or offer in compromise shall include the field report, photographs, and any other supporting documentation necessary to reasonably inform the licensee of the nature and extent of the violation or the conduct alleged to have occurred. The failure to include such required documentation shall result in the dismissal of the action.
(2) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary to carry on its functions and duties to the end that the health, safety and welfare of the People of the State of Illinois shall be protected and temperance in the consumption of alcoholic liquors shall be fostered and promoted and to distribute copies of such rules and regulations to all licensees affected thereby.

(3) To call upon other administrative departments of the State, county and municipal governments, county and city police departments and upon prosecuting officers for such information and assistance as it deems necessary in the performance of its duties.

"Private areas" include, but are not limited to, safes, personal property, and closed desks.

(5.1) Upon receipt of a complaint or upon having knowledge that any person is engaged in business as a manufacturer, importing distributor, distributor, or retailer without a license or valid license, to notify the local liquor authority, file a complaint with the State's Attorney's Office of the county where the incident occurred, or initiate an investigation with the appropriate law enforcement officials.

(5.2) To issue a cease and desist notice to persons shipping alcoholic liquor into this State from a point outside of this State if the shipment is in violation of this Act.

(5.3) To receive complaints from licensees, local officials, law enforcement agencies, organizations, and persons stating that any licensee has been or is violating any provision of this Act or the rules and regulations issued pursuant to this Act. Such complaints shall be in writing, signed and sworn to by the person making the complaint, and shall state with specificity the facts in relation to the alleged violation. If the Commission has reasonable

grounds to believe that the complaint substantially alleges a violation of this Act or rules and regulations adopted pursuant to this Act, it shall conduct an investigation. If, after conducting an investigation, the Commission is satisfied that the alleged violation did occur, it shall proceed with disciplinary action against the licensee as provided in this Act.

(6) To hear and determine appeals from orders of a local commission in accordance with the provisions of this Act, as hereinafter set forth. Hearings under this subsection shall be held in Springfield or Chicago, at whichever location is the more convenient for the majority of persons who are parties to the hearing.

(7) The commission shall establish uniform systems of accounts to be kept by all retail licensees having more than 4 employees, and for this purpose the commission may classify all retail licensees having more than 4 employees and establish a uniform system of accounts for each class and prescribe the manner in which such accounts shall be kept. The commission may also prescribe the forms of accounts to be kept by all retail licensees having more than 4 employees, including but not limited to accounts of earnings and expenses and any distribution, payment, or other distribution of earnings or assets, and any other forms, records and memoranda which in the judgment of the commission may be necessary or appropriate to carry out any of the provisions of this Act, including but not limited to such forms, records and memoranda as will readily and accurately disclose at all times the beneficial ownership of such retail licensed business. The accounts, forms, records and memoranda shall be available at all reasonable times for inspection by authorized representatives of the State commission or by any local liquor control commissioner or his or her authorized representative. The commission, may, from time to time, alter, amend or repeal, in whole or in part, any uniform system of accounts, or the form and manner of keeping accounts.

(8) In the conduct of any hearing authorized to be held by the commission, to appoint, at the commission's discretion, hearing officers to conduct hearings involving complex issues or issues that will require a protracted period of time to resolve, to examine, or cause to be examined, under oath, any licensee, and to examine or

cause to be examined the books and records of such licensee; to hear testimony and take proof material for its information in the discharge of its duties hereunder; to administer or cause to be administered oaths; for any such purpose to issue subpoena or subpoenas to require the attendance of witnesses and the production of books, which shall be effective in any part of this State, and to adopt rules to implement its powers under this paragraph (8).

Any Circuit Court may by order duly entered, require the attendance of witnesses and the production of relevant books subpoenaed by the State commission and the court may compel obedience to its order by proceedings for contempt.

(9) To investigate the administration of laws in relation to alcoholic liquors in this and other states and any foreign countries, and to recommend from time to time to the Governor and through him or her to the legislature of this State, such amendments to this Act, if any, as it may think desirable and as will serve to further the general broad purposes contained in Section 1-2 hereof.

(10) To adopt such rules and regulations consistent with the provisions of this Act which shall be necessary for the control, sale or disposition of alcoholic liquor damaged as a result of an accident, wreck, flood, fire or other similar occurrence.

(11) To develop industry educational programs related to responsible serving and selling, particularly in the areas of overserving consumers and illegal underage purchasing and consumption of alcoholic beverages.

(11.1) To license persons providing education and training to alcohol beverage sellers and servers for mandatory and non-mandatory training under the Beverage Alcohol Sellers and Servers Education and Training (BASSET) programs and to develop and administer a public awareness program in Illinois to reduce or eliminate the illegal purchase and consumption of alcoholic beverage products by persons under the age of 21. Application for a license shall be made on forms provided by the State Commission.

(12) To develop and maintain a repository of license and regulatory information.

(13) On or before January 15, 1994, the Commission shall issue a written report to the Governor and General Assembly that is
to be based on a comprehensive study of the impact on and implications for the State of Illinois of Section 1926 of the federal ADAMHA Reorganization Act of 1992 (Public Law 102-321). This study shall address the extent to which Illinois currently complies with the provisions of P.L. 102-321 and the rules promulgated pursuant thereto.

As part of its report, the Commission shall provide the following essential information:

(i) the number of retail distributors of tobacco products, by type and geographic area, in the State;
(ii) the number of reported citations and successful convictions, categorized by type and location of retail distributor, for violation of the Prevention of Tobacco Use by Minors and Sale and Distribution of Tobacco Products Act and the Smokeless Tobacco Limitation Act;
(iii) the extent and nature of organized educational and governmental activities that are intended to promote, encourage or otherwise secure compliance with any Illinois laws that prohibit the sale or distribution of tobacco products to minors; and
(iv) the level of access and availability of tobacco products to individuals under the age of 18.

To obtain the data necessary to comply with the provisions of P.L. 102-321 and the requirements of this report, the Commission shall conduct random, unannounced inspections of a geographically and scientifically representative sample of the State's retail tobacco distributors.

The Commission shall consult with the Department of Public Health, the Department of Human Services, the Illinois State Police and any other executive branch agency, and private organizations that may have information relevant to this report.

The Commission may contract with the Food and Drug Administration of the U.S. Department of Health and Human Services to conduct unannounced investigations of Illinois tobacco vendors to determine compliance with federal laws relating to the illegal sale of cigarettes and smokeless tobacco products to persons under the age of 18.

(14) On or before April 30, 2008 and every 2 years thereafter, the Commission shall present a written report to the
Governor and the General Assembly that shall be based on a study of the impact of Public Act 95-634 on the business of soliciting, selling, and shipping wine from inside and outside of this State directly to residents of this State. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.

(B) The amount of licensing fees received.

(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.

(D) The number of alcohol compliance operations conducted.

(E) The number of winery shipper's licenses issued.

(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.

(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper's license under this Act to the Illinois Attorney General and to the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(17)(A) A person licensed to make wine under the laws of another state who has a winery shipper's license under this Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer's license, a

first-class or second-class wine-maker's license, or a limited wine manufacturer's license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder's wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.

(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. The Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or liquor law of Illinois, exceeded production of 25,000 gallons of wine in any calendar year, or become part of an affiliated group producing more than 25,000 gallons of wine or any other alcoholic liquor.

(E) Except in hearings for violations of this Act or Public Act 95-634 or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

New matter indicated by italics - deletions by strikeout
(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(18)(A) A class 1 brewer licensee, who must also be either a licensed brewer or licensed non-resident dealer and annually manufacture less than 930,000 gallons of beer, may make application to the State Commission for a self-distribution exemption to allow the sale of not more than 232,500 gallons of the exemption holder's beer to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, the class 1 brewer licensee shall state (1) the date it was established; (2) its volume of beer manufactured and sold for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its beer; and (5) that it will comply with the alcoholic beverage and revenue laws of the United States, this State, and any other state where it is licensed.

(C) Any application submitted shall be posted on the State Commission's website at least 45 days prior to action by the State Commission. The State Commission shall approve the application for a self-distribution exemption if the class 1 brewer licensee: (1) is in compliance with the State, revenue, and alcoholic beverage laws; (2) is not a member of any affiliated group that manufactures more than 930,000 gallons of beer per annum or produces any other alcoholic beverages; (3) shall not annually manufacture for sale more than 930,000 gallons of beer; (4) shall not annually sell more than 232,500 gallons of its beer to retail licensees; and (5) has relinquished any brew pub license held by the licensee, including any ownership interest it held in the licensed brew pub.

(D) A self-distribution exemption holder shall annually certify to the State Commission its manufacture of beer during the previous 12 months and its anticipated manufacture and sales of beer for the next 12 months. The State Commission may fine, suspend, or revoke a self-distribution exemption after a hearing if it finds that the exemption holder has made a material misrepresentation in its application, violated a revenue or alcoholic beverage law of Illinois, exceeded the manufacture of 930,000 gallons of beer in any calendar year or became part of an affiliated group manufacturing more than 930,000 gallons of beer or any other alcoholic beverage.

(E) The State Commission shall issue rules and regulations governing self-distribution exemptions consistent with this Act.

(F) Nothing in this paragraph (18) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois importing distributor or a distributor. If a self-distribution exemption holder enters into a distribution agreement and has assigned distribution rights to an importing distributor or distributor, then the self-distribution exemption holder's distribution rights in the assigned territories shall cease in a reasonable time not to exceed 60 days.

(G) It is the intent of this paragraph (18) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system, it is necessary to create an exception for smaller manufacturers in order to afford and allow such smaller manufacturers of beer access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of Public Act 90-739 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

As part of its report, the Commission shall provide the following information:

(i) the amount of State excise and sales tax revenues generated as a result of Public Act 90-739;
(ii) the amount of licensing fees received as a result of Public Act 90-739;

A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

Sec. 8-5. As soon as practicable after any return is filed but not before 90 days after the return is filed, or any amendments to that return, whichever is later, the Department shall examine such return or amended return and shall correct such return according to its best judgment and information, which return so corrected by the Department shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due, as shown therein. Instead of requiring the licensee to file an amended return, the Department may simply notify the licensee of the correction or corrections it has made. Proof of such correction by the Department, or of the determination of the amount of tax due as provided in Sections 8-4 and 8-10, may be made at any hearing before the Department or in any legal proceeding by a reproduced copy of the Department's record relating thereto in the name of the Department under the certificate of the Director of Revenue. Such reproduced copy shall, without further proof, be admitted into evidence before the Department or in any legal proceeding and shall be prima facie proof of the correctness of the amount of tax due, as shown therein. If the return so corrected by the Department discloses the sale or use, by a licensed manufacturer or importing distributor, of alcoholic liquors as to which the tax provided for in this Article should have been paid, but has not been paid, in excess of the alcoholic liquors reported as being taxable by the licensee, and as to which the proper tax was paid the Department shall notify the licensee that it shall issue the taxpayer a notice of tax liability for the amount of tax claimed by the Department to be due, together with penalties at the rates prescribed by Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act, which amount of tax shall be equivalent to the amount of tax which, at the prescribed rate per gallon, should have been paid with respect to the alcoholic liquors disposed of in excess of those reported as being taxable. In a case where no return has been filed, the Department shall determine the amount of tax due according to its best judgment and information and shall issue the taxpayer a notice of tax liability for the amount of tax claimed by the Department to be due as herein provided.
together with penalties at the rates prescribed by Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act. If, in administering the provisions of this Act, a comparison of a licensee's return or returns with the books, records and physical inventories of such licensee discloses a deficiency which cannot be allocated by the Department to a particular month or months, the Department shall issue the taxpayer a notice of tax liability for the amount of tax claimed by the Department to be due for a given period, but without any obligation upon the Department to allocate such deficiency to any particular month or months, together with penalties at the rates prescribed by Sections 3-3, 3-5 and 3-6 of the Uniform Penalty and Interest Act, which amount of tax shall be equivalent to the amount of tax which, at the prescribed rate per gallon, should have been paid with respect to the alcoholic liquors disposed of in excess of those reported being taxable, with the tax thereon having been paid under which circumstances the aforesaid notice of tax liability shall be prima facie correct and shall be prima facie evidence of the correctness of the amount of tax due as shown therein; and proof of such correctness may be made in accordance with, and the admissibility of a reproduced copy of such notice of the Department's notice of tax liability shall be governed by, all the provisions of this Act applicable to corrected returns.

If the licensee dies or becomes a person under legal disability at any time before the Department issues its notice of tax liability, such notice shall be issued to the administrator, executor or other legal representative, as such, of the deceased or licensee who is under legal disability.

If such licensee or legal representative, within 60 days after such notice of tax liability, files a protest to such notice of tax liability and requests a hearing thereon, the Department shall give at least 7 days' notice to such licensee or legal representative, as the case may be, of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act, and pursuant thereto shall issue a final assessment to such licensee or legal representative for the amount found to be due as a result of such hearing.

If a protest to the notice of tax liability and a request for a hearing thereon is not filed within 60 days after such notice of tax liability, such notice of tax liability shall become final without the necessity of a final assessment being issued and shall be deemed to be a final assessment.

In case of failure to pay the tax, or any portion thereof, or any penalty provided for herein, when due, the Department may recover the
amount of such tax, or portion thereof, or penalty in a civil action; or if the
licensee dies or becomes a person under legal disability, by filing a claim
therefor against his or her estate; provided that no such claim shall be filed
against the estate of any deceased or of the licensee who is under legal
disability for any tax or penalty or portion thereof except in the manner
prescribed and within the time limited by the Probate Act of 1975, as
amended.

The collection of any such tax and penalty, or either, by any means
provided for herein, shall not be a bar to any prosecution under this Act.

In addition to any other penalty provided for in this Article, any
licensee who fails to pay any tax within the time required by this Article
shall be subject to assessment of penalties and interest at rates set forth in
the Uniform Penalty and Interest Act.

In any situation in which a committed person is being visited:

(A) the name of the visitor must be listed per the facility's or institution's documentation;

(B) the visitor shall submit to the search of his or her person or any personal property under his or her control at any time; and

(C) the custodial agency may deny the committed person access to a telephone or limit the number of visitors the committed person may receive for purposes of safety.

If a committed person receives medical care and treatment at a place other than an institution or facility of the Department of Corrections, county, or municipality, then the custodial agency shall ensure that the committed person is wearing security restraints in accordance with the custodial agency's rules and procedures if the custodial agency determines

that restraints are necessary for the following reasons: (i) to prevent physical harm to the committed person or another person; (ii) because the committed person has a history of disruptive behavior that has placed others in potentially harmful situations or presents a substantial risk of inflicting physical harm on himself or herself or others as evidenced by recent behavior; or (iii) there is a well-founded belief that the committed person presents a substantial risk of flight. Under no circumstances may leg irons or shackles or waist shackles be used on any pregnant female prisoner who is in labor. In addition, restraint of a pregnant female prisoner in the custody of the Cook County shall comply with Section 3-15003.6 of the Counties Code.

The hospital or medical facility may establish protocols for the receipt of committed persons in collaboration with the Department of Corrections, county, or municipality, specifically with regard to potentially violent persons.

(b) If a committed person receives medical care and treatment at a place other than an institution or facility of the Department of Juvenile Justice, then the institution or facility shall:

(1) to the greatest extent practicable, notify the hospital or medical facility that is treating the committed person prior to the committed person’s visit, and notify the hospital or medical facility of any significant medical, mental health, recent violent actions, or other safety concerns regarding the patient;

(2) to the greatest extent practicable, ensure the transferred committed person is accompanied by the most comprehensive medical records possible;

(3) provide: (A) at least one guard trained in custodial escort and custody of high-risk committed persons to accompany any committed person. The custodial agency shall attest to such training for custodial escort and custody of high-risk committed persons through: (i) the training of the Department of Corrections or Department of Juvenile Justice, (ii) law enforcement training that is substantially equivalent to the training of the Department of Corrections or Department of Juvenile Justice, or (iii) the training described in Section 35; or (B) 2 guards to accompany the committed person at all times during the visit to the hospital or medical facility; and

(4) ensure that only medical personnel, Department of Juvenile Justice personnel, and visitors on the committed person’s
approved institutional visitors list may visit the committed person. Visitation by a person on the committed person's approved institutional visitors list shall be subject to the rules and procedures of the hospital or medical facility and the Department of Juvenile Justice. In any situation in which a committed person is being visited:

(A) the name of the visitor must be listed per the facility's or institution's documentation;

(B) the visitor shall submit to the search of his or her person or any personal property under his or her control at any time; and

(C) the custodial agency may deny the committed person access to a telephone or limit the number of visitors the committed person may receive for purposes of safety.

If a committed person receives medical care and treatment at a place other than an institution or facility of the Department of Juvenile Justice, then the Department of Juvenile Justice shall ensure that the committed person is wearing security restraints on either his or her wrists or ankles in accordance with the rules and procedures of the Department of Juvenile Justice if the Department of Juvenile Justice determines that restraints are necessary for the following reasons: (i) to prevent physical harm to the committed person or another person; (ii) because the committed person has a history of disruptive behavior that has placed others in potentially harmful situations or presents a substantial risk of inflicting physical harm on himself or herself or others as evidenced by recent behavior; or (iii) there is a well-founded belief that the committed person presents a substantial risk of flight. Any restraints used on a committed person under this paragraph shall be the least restrictive restraints necessary to prevent flight or physical harm to the committed person or another person. Restraints shall not be used on the committed person as provided in this paragraph if medical personnel determine that the restraints would impede medical treatment. Under no circumstances may leg irons or shackles or waist shackles be used on any pregnant female prisoner who is in labor. In addition, restraint of a pregnant female prisoner in the custody of the Cook County shall comply with Section 3-15003.6 of the Counties Code.

Sec. 3-6-2. Institutions and Facility Administration.

(a) Each institution and facility of the Department shall be administered by a chief administrative officer appointed by the Director. A chief administrative officer shall be responsible for all persons assigned to the institution or facility. The chief administrative officer shall administer the programs of the Department for the custody and treatment of such persons.

(b) The chief administrative officer shall have such assistants as the Department may assign.

(c) The Director or Assistant Director shall have the emergency powers to temporarily transfer individuals without formal procedures to any State, county, municipal or regional correctional or detention institution or facility in the State, subject to the acceptance of such receiving institution or facility, or to designate any reasonably secure place in the State as such an institution or facility and to make transfers thereto. However, transfers made under emergency powers shall be reviewed as soon as practicable under Article 8, and shall be subject to Section 5-905 of the Juvenile Court Act of 1987. This Section shall not apply to transfers to the Department of Human Services which are provided for under Section 3-8-5 or Section 3-10-5.

(d) The Department shall provide educational programs for all committed persons so that all persons have an opportunity to attain the achievement level equivalent to the completion of the twelfth grade in the public school system in this State. Other higher levels of attainment shall

be encouraged and professional instruction shall be maintained wherever possible. The Department may establish programs of mandatory education and may establish rules and regulations for the administration of such programs. A person committed to the Department who, during the period of his or her incarceration, participates in an educational program provided by or through the Department and through that program is awarded or earns the number of hours of credit required for the award of an associate, baccalaureate, or higher degree from a community college, college, or university located in Illinois shall reimburse the State, through the Department, for the costs incurred by the State in providing that person during his or her incarceration with the education that qualifies him or her for the award of that degree. The costs for which reimbursement is required under this subsection shall be determined and computed by the Department under rules and regulations that it shall establish for that purpose. However, interest at the rate of 6% per annum shall be charged on the balance of those costs from time to time remaining unpaid, from the date of the person's parole, mandatory supervised release, or release constituting a final termination of his or her commitment to the Department until paid.

(d-5) A person committed to the Department is entitled to confidential testing for infection with human immunodeficiency virus (HIV) and to counseling in connection with such testing, with no copay to the committed person. A person committed to the Department who has tested positive for infection with HIV is entitled to medical care while incarcerated, counseling, and referrals to support services, in connection with that positive test result. Implementation of this subsection (d-5) is subject to appropriation.

(e-5) If a physician providing medical care to a committed person
on behalf of the Department advises the chief administrative officer that
the committed person's mental or physical health has deteriorated as a
result of the cessation of ingestion of food or liquid to the point where
medical or surgical treatment is required to prevent death, damage, or
impairment to bodily functions, the chief administrative officer may
authorize such medical or surgical treatment.

(f) In the event that the person requires medical care and treatment
at a place other than the institution or facility, the person may be removed
therefrom under conditions prescribed by the Department. The Department
shall require the committed person receiving medical or dental services on
a non-emergency basis to pay a $5 co-payment to the Department for each
visit for medical or dental services. The amount of each co-payment shall
be deducted from the committed person's individual account. A committed
person who has a chronic illness, as defined by Department rules and
regulations, shall be exempt from the $5 co-payment for treatment of the
chronic illness. A committed person shall not be subject to a $5 co-
payment for follow-up visits ordered by a physician, who is employed by,
or contracts with, the Department. A committed person who is indigent is
exempt from the $5 co-payment and is entitled to receive medical or dental
services on the same basis as a committed person who is financially able
to afford the co-payment. For purposes of this Section only, "indigent"
means a committed person who has $20 or less in his or her Inmate Trust
Fund at the time of such services and for the 30 days prior to such
services. Notwithstanding any other provision in this subsection (f) to the
contrary, any person committed to any facility operated by the Department
of Juvenile Justice, as set forth in Section 3-2.5-15 of this Code, is exempt
from the co-payment requirement for the duration of confinement in those
facilities.

(f-5) The Department shall comply with the Health Care Violence
Prevention Act.

commitment or any woman giving birth to a child after her commitment,
may arrange through the Department of Children and Family Services for
suitable placement of the child outside of the Department of Corrections.
The Director of the Department of Corrections may determine that there are special reasons why the child should continue in the custody of the mother until the child is 6 years old.

(h) The Department may provide Family Responsibility Services which may consist of, but not be limited to the following:

(1) family advocacy counseling;
(2) parent self-help group;
(3) parenting skills training;

(k) Any minor committed to the Department of Juvenile Justice for a sex offense as defined by the Sex Offender Management Board Act shall be required to undergo sex offender treatment by a treatment provider approved by the Board and conducted in conformance with the Sex Offender Management Board Act.

(l) Prior to the release of any inmate committed to a facility of the Department or the Department of Juvenile Justice, the Department must provide the inmate with appropriate information verbally, in writing, by video, or other electronic means, concerning HIV and AIDS. The Department shall develop the informational materials in consultation with the Department of Public Health. At the same time, the Department must also offer the committed person the option of testing for infection with human immunodeficiency virus (HIV), with no copayment for the test. Pre-test information shall be provided to the committed person and informed consent obtained as required in subsection (d) of Section 3 and Section 5 of the AIDS Confidentiality Act. The Department may conduct opt-out HIV testing as defined in Section 4 of the AIDS Confidentiality Act.

Act. If the Department conducts opt-out HIV testing, the Department shall place signs in English, Spanish and other languages as needed in multiple, highly visible locations in the area where HIV testing is conducted informing inmates that they will be tested for HIV unless they refuse, and refusal or acceptance of testing shall be documented in the inmate's medical record. The Department shall follow procedures established by the Department of Public Health to conduct HIV testing and testing to confirm positive HIV test results. All testing must be conducted by medical personnel, but pre-test and other information may be provided by committed persons who have received appropriate training. The Department, in conjunction with the Department of Public Health, shall develop a plan that complies with the AIDS Confidentiality Act to deliver confidentially all positive or negative HIV test results to inmates or former inmates. Nothing in this Section shall require the Department to offer HIV testing to an inmate who is known to be infected with HIV, or who has been tested for HIV within the previous 180 days and whose documented HIV test result is available to the Department electronically. The testing provided under this subsection (l) shall consist of a test approved by the Illinois Department of Public Health to determine the presence of HIV infection, based upon recommendations of the United States Centers for Disease Control and Prevention. If the test result is positive, a reliable supplemental test based upon recommendations of the United States Centers for Disease Control and Prevention shall be administered.

Prior to the release of an inmate who the Department knows has tested positive for infection with HIV, the Department in a timely manner shall offer the inmate transitional case management, including referrals to other support services.

(m) The chief administrative officer of each institution or facility of the Department shall make a room in the institution or facility available for addiction recovery services to be provided to committed persons on a voluntary basis. The services shall be provided for one hour once a week at a time specified by the chief administrative officer of the institution or facility if the following conditions are met:

(2) the committed person may attend the meeting for addiction recovery services only if the committed person uses pre-existing free time already available to the committed person;

New matter indicated by italics - deletions by strikeout
(3) all disciplinary and other rules of the institution or facility remain in effect;
(4) the committed person is not given any additional privileges to attend addiction recovery services;
(5) if the addiction recovery service does not arrange for scheduling a meeting for that week, no addiction recovery services shall be provided to the committed person in the institution or facility for that week;
(6) the number of committed persons who may attend an addiction recovery meeting shall not exceed 40 during any session held at the correctional institution or facility;
(7) a volunteer seeking to provide addiction recovery services under this subsection (m) must submit an application to the Department of Corrections under existing Department rules and the Department must review the application within 60 days after submission of the application to the Department; and
(8) each institution and facility of the Department shall manage the addiction recovery services program according to its own processes and procedures.

For the purposes of this subsection (m), "addiction recovery services" means recovery services for alcoholics and addicts provided by volunteers of recovery support services recognized by the Department of Human Services.

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Managed Care Reform and Patient Rights Act is amended by changing Section 25 as follows:
(215 ILCS 134/25)
Sec. 25. Transition of services.
(a) A health care plan shall provide for continuity of care for its enrollees as follows:
(1) If an enrollee's physician leaves the health care plan's network of health care providers for reasons other than termination of a contract in situations involving imminent harm to a patient or a final disciplinary action by a State licensing board and the physician remains within the health care plan's service area, the health care plan shall permit the enrollee to continue an ongoing course of treatment with that physician during a transitional period:
(A) of 90 days from the date of the notice of physician's termination from the health care plan to the enrollee of the physician's disaffiliation from the health care plan if the enrollee has an ongoing course of treatment; or
(B) if the enrollee has entered the third trimester of pregnancy at the time of the physician's disaffiliation, that includes the provision of post-partum care directly related to the delivery.

New matter indicated by italics - deletions by strikeout
(2) Notwithstanding the provisions in item (1) of this subsection, such care shall be authorized by the health care plan during the transitional period only if the physician agrees:

   (A) to continue to accept reimbursement from the health care plan at the rates applicable prior to the start of the transitional period;

   (B) to adhere to the health care plan's quality assurance requirements and to provide to the health care plan necessary medical information related to such care; and

   (C) to otherwise adhere to the health care plan's policies and procedures, including but not limited to procedures regarding referrals and obtaining preauthorizations for treatment.

(3) During an enrollee's plan year, a health care plan shall not remove a drug from its formulary or negatively change its preferred or cost-tier sharing unless, at least 60 days before making the formulary change, the health care plan:

   (A) provides general notification of the change in its formulary to current and prospective enrollees;

   (B) directly notifies enrollees currently receiving coverage for the drug, including information on the specific drugs involved and the steps they may take to request coverage determinations and exceptions, including a statement that a certification of medical necessity by the enrollee's prescribing provider will result in continuation of coverage at the existing level; and

   (C) directly notifies by first class mail and through an electronic transmission, if available, the prescribing provider of all health care plan enrollees currently prescribed the drug affected by the proposed change; the notice shall include a one-page form by which the prescribing provider can notify the health care plan by first class mail that coverage of the drug for the enrollee is medically necessary.

The notification in paragraph (C) may direct the prescribing provider to an electronic portal through which the prescribing provider may electronically file a certification to the health care plan that coverage of the drug for the enrollee is medically necessary.

New matter indicated by italics - deletions by strikeout
medically necessary. The prescribing provider may make a secure electronic signature beside the words "certification of medical necessity", and this certification shall authorize continuation of coverage for the drug.

If the prescribing provider certifies to the health care plan either in writing or electronically that the drug is medically necessary for the enrollee as provided in paragraph (C), a health care plan shall authorize coverage for the drug prescribed based solely on the prescribing provider's assertion that coverage is medically necessary, and the health care plan is prohibited from making modifications to the coverage related to the covered drug, including, but not limited to:

(i) increasing the out-of-pocket costs for the covered drug;

(ii) moving the covered drug to a more restrictive tier; or

(iii) denying an enrollee coverage of the drug for which the enrollee has been previously approved for coverage by the health care plan.

Nothing in this item (3) prevents a health care plan from removing a drug from its formulary or denying an enrollee coverage if the United States Food and Drug Administration has issued a statement about the drug that calls into question the clinical safety of the drug, the drug manufacturer has notified the United States Food and Drug Administration of a manufacturing discontinuance or potential discontinuance of the drug as required by Section 506C of the Federal Food, Drug, and Cosmetic Act, as codified in 21 U.S.C. 356c, or the drug manufacturer has removed the drug from the market.

Nothing in this item (3) prohibits a health care plan, by contract, written policy or procedure, or any other agreement or course of conduct, from requiring a pharmacist to effect substitutions of prescription drugs consistent with Section 19.5 of the Pharmacy Practice Act, under which a pharmacist may substitute an interchangeable biologic for a prescribed biologic product, and Section 25 of the Pharmacy Practice Act, under which a pharmacist may select a generic drug determined to be therapeutically equivalent by the United States Food and Drug
Administration and in accordance with the Illinois Food, Drug and Cosmetic Act.

This item (3) applies to a policy or contract that is amended, delivered, issued, or renewed on or after January 1, 2019. This item (3) does not apply to a health plan as defined in the State Employees Group Insurance Act of 1971 or medical assistance under Article V of the Illinois Public Aid Code.

(b) A health care plan shall provide for continuity of care for new enrollees as follows:

(1) If a new enrollee whose physician is not a member of the health care plan's provider network, but is within the health care plan's service area, enrolls in the health care plan, the health care plan shall permit the enrollee to continue an ongoing course of treatment with the enrollee's current physician during a transitional period:

(A) of 90 days from the effective date of enrollment if the enrollee has an ongoing course of treatment; or

(B) if the enrollee has entered the third trimester of pregnancy at the effective date of enrollment, that includes the provision of post-partum care directly related to the delivery.

(2) If an enrollee elects to continue to receive care from such physician pursuant to item (1) of this subsection, such care shall be authorized by the health care plan for the transitional period only if the physician agrees:

(A) to accept reimbursement from the health care plan at rates established by the health care plan; such rates shall be the level of reimbursement applicable to similar physicians within the health care plan for such services;

(B) to adhere to the health care plan's quality assurance requirements and to provide to the health care plan necessary medical information related to such care; and

(C) to otherwise adhere to the health care plan's policies and procedures including, but not limited to procedures regarding referrals and obtaining preauthorization for treatment.

(c) In no event shall this Section be construed to require a health care plan to provide coverage for benefits not otherwise covered or to

diminish or impair preexisting condition limitations contained in the enrollee's contract. In no event shall this Section be construed to prohibit the addition of prescription drugs to a health care plan's list of covered drugs during the coverage year.

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probate Act of 1975 is amended by changing Section 11a-17 as follows:

(755 ILCS 5/11a-17) (from Ch. 110 1/2, par. 11a-17)
Sec. 11a-17. Duties of personal guardian.
(a) To the extent ordered by the court and under the direction of the court, the guardian of the person shall have custody of the ward and the ward's minor and adult dependent children and shall procure for them and shall make provision for their support, care, comfort, health, education and maintenance, and professional services as are appropriate, but the ward's spouse may not be deprived of the custody and education of the ward's minor and adult dependent children, without the consent of the spouse, unless the court finds that the spouse is not a fit and competent person to have that custody and education. The guardian shall assist the ward in the development of maximum self-reliance and independence. The guardian of the person may petition the court for an order directing the guardian of the estate to pay an amount periodically for the provision of the services specified by the court order. If the ward's estate is insufficient to provide for education and the guardian of the ward's person fails to provide education, the court may award the custody of the ward to some other person for the purpose of providing education. If a person makes a settlement upon or provision for the support or education of a ward, the court may make an order for the visitation of the ward by the person making the settlement or provision as the court deems proper. A guardian of the person may not admit a ward to a mental health facility except at the ward's request as provided in Article IV of the Mental Health and Developmental Disabilities Code and unless the ward has the capacity to consent to such admission as provided in Article IV of the Mental Health and Developmental Disabilities Code.

(a-5) If the ward filed a petition for dissolution of marriage under the Illinois Marriage and Dissolution of Marriage Act before the ward was adjudicated a person with a disability under this Article, the guardian of the ward's person and estate may maintain that action for dissolution of marriage on behalf of the ward. Upon petition by the guardian of the

New matter indicated by italics - deletions by strikeout
ward's person or estate, the court may authorize and direct a guardian of
the ward's person or estate to file a petition for dissolution of marriage or
to file a petition for legal separation or declaration of invalidity of
marriage under the Illinois Marriage and Dissolution of Marriage Act on
behalf of the ward if the court finds by clear and convincing evidence that
the relief sought is in the ward's best interests. In making its determination,
the court shall consider the standards set forth in subsection (e) of this
Section.

(a-10) Upon petition by the guardian of the ward's person or estate,
the court may authorize and direct a guardian of the ward's person or estate
to consent, on behalf of the ward, to the ward's marriage pursuant to Part II
of the Illinois Marriage and Dissolution of Marriage Act if the court finds
by clear and convincing evidence that the marriage is in the ward's best
interests. In making its determination, the court shall consider the
standards set forth in subsection (e) of this Section. Upon presentation of a
court order authorizing and directing a guardian of the ward's person or
estate to consent to the ward's marriage, the county clerk shall accept the
guardian's application, appearance, and signature on behalf of the ward for
purposes of issuing a license to marry under Section 203 of the Illinois
Marriage and Dissolution of Marriage Act.

(b) If the court directs, the guardian of the person shall file with the
court at intervals indicated by the court, a report that shall state briefly: (1)
the current mental, physical, and social condition of the ward and the
ward's minor and adult dependent children; (2) their present living
arrangement, and a description and the address of every residence where
they lived during the reporting period and the length of stay at each place;
(3) a summary of the medical, educational, vocational, and other
professional services given to them; (4) a resume of the guardian's visits
with and activities on behalf of the ward and the ward's minor and adult
dependent children; (5) a recommendation as to the need for continued
guardianship; (6) any other information requested by the court or useful in
the opinion of the guardian. The Office of the State Guardian shall assist
the guardian in filing the report when requested by the guardian. The court
may take such action as it deems appropriate pursuant to the report.

(c) Absent court order pursuant to the Illinois Power of Attorney
Act directing a guardian to exercise powers of the principal under an
agency that survives disability, the guardian has no power, duty, or liability
with respect to any personal or health care matters covered by the agency.
This subsection (c) applies to all agencies, whenever and wherever executed.

(d) A guardian acting as a surrogate decision maker under the Health Care Surrogate Act shall have all the rights of a surrogate under that Act without court order including the right to make medical treatment decisions such as decisions to forgo or withdraw life-sustaining treatment. Any decisions by the guardian to forgo or withdraw life-sustaining treatment that are not authorized under the Health Care Surrogate Act shall require a court order. Nothing in this Section shall prevent an agent acting under a power of attorney for health care from exercising his or her authority under the Illinois Power of Attorney Act without further court order, unless a court has acted under Section 2-10 of the Illinois Power of Attorney Act. If a guardian is also a health care agent for the ward under a valid power of attorney for health care, the guardian acting as agent may execute his or her authority under that act without further court order.

(e) Decisions made by a guardian on behalf of a ward shall be made in accordance with the following standards for decision making. Decisions made by a guardian on behalf of a ward may be made by conforming as closely as possible to what the ward, if competent, would have done or intended under the circumstances, taking into account evidence that includes, but is not limited to, the ward's personal, philosophical, religious and moral beliefs, and ethical values relative to the decision to be made by the guardian. Where possible, the guardian shall determine how the ward would have made a decision based on the ward's previously expressed preferences, and make decisions in accordance with the preferences of the ward. If the ward's wishes are unknown and remain unknown after reasonable efforts to discern them, the decision shall be made on the basis of the ward's best interests as determined by the guardian. In determining the ward's best interests, the guardian shall weigh the reason for and nature of the proposed action, the benefit or necessity of the action, the possible risks and other consequences of the proposed action, and any available alternatives and their risks, consequences and benefits, and shall take into account any other information, including the views of family and friends, that the guardian believes the ward would have considered if able to act for herself or himself.

(f) Upon petition by any interested person (including the standby or short-term guardian), with such notice to interested persons as the court directs and a finding by the court that it is in the best interest of the person with a disability, the court may terminate or limit the authority of a

New matter indicated by italics - deletions by strikeout
standby or short-term guardian or may enter such other orders as the court
deems necessary to provide for the best interest of the person with a
disability. The petition for termination or limitation of the authority of a
standby or short-term guardian may, but need not, be combined with a
petition to have another guardian appointed for the person with a
disability.

(g)(1) Unless there is a court order to the contrary, the guardian,
consistent with the standards set forth in subsection (e) of this Section,
shall use reasonable efforts to notify the ward's known adult children, who
have requested notification and provided contact information, of the ward's
admission to a hospital or hospice program, the ward's death, and the
arrangements for the disposition of the ward's remains.

(2) If a guardian unreasonably prevents an adult child, spouse,
adult grandchild, parent, or adult sibling of the ward from visiting the
ward, the court, upon a verified petition by an adult child, may order the
guardian to permit visitation between the ward and the adult child, spouse,
adult grandchild, parent, or adult sibling if the court finds that the
visitation is in the ward's best interests. In making its determination, the
court shall consider the standards set forth in subsection (e) of this Section.
The court shall not allow visitation if the court finds that the ward has
capacity to evaluate and communicate decisions regarding visitation and
expresses a desire not to have visitation with the petitioner. This
subsection (g) does not apply to duly appointed public guardians or the
Office of State Guardian.

I understand that if I do not receive any of my rights as described in the form, it shall not constitute a basis to revoke this Final and Irrevocable Consent to Adoption by a Specified Person or Persons.

6. I do hereby consent and agree to the adoption of such child by ........... (names of current foster parent(s) or caregiver(s), hereinafter referred to as the " (specified person or persons") only.

8. I understand that this consent allows my child to be adopted by the specified person or persons only and that I cannot under any circumstances after signing this document change my mind and revoke or cancel this consent.

I understand that if this consent is void, my child may be adopted by someone other than the specified person or persons only if I sign a new consent or surrender, or my parental rights are involuntarily terminated. I understand that if this consent is void, the Department will notify me within 30 days using the addresses and telephone numbers I provided in paragraph 2 of this form. I understand that if a petition for adoption of my child is filed by someone other than the specified person or persons, the Department will notify me within 14 days after the Department becomes aware of the petition. The fact that someone other than the specified person or persons files a petition to adopt my child does not make this consent void.

11. If a person other than the specified person or persons files a petition to adopt my child or if the consent is void under paragraph 9, the Department will send written notice to me using the mailing address and email address provided by me in paragraph 2 of this form. I have fully explained that by signing this consent this parent is irrevocably and permanently relinquishing all parental rights to the child so that the child may be adopted by a specified person or persons, and this parent has stated that such is (her)(his) intention and desire. I have fully explained that this consent is void only if:

(a) the placement is disrupted and the child is moved to a different placement; or

No proceeding for termination of parental rights shall be brought unless the parent who executed the consent to adoption by a specified person or persons has been notified of the proceedings pursuant to Section 7 of this Act or subsection (4) of Section 2-13 of the Juvenile Court Act of 1987.

P. AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by adding Sections 3-5010.8, 5-41065, and 5-43043 as follows:

(55 ILCS 5/3-5010.8 new)

Sec. 3-5010.8. Mechanics lien demand and referral pilot program.

(a) Legislative findings. The General Assembly finds that expired mechanics liens on residential property, which cloud title to property, are a rapidly growing problem throughout the State. In order to address the increase in expired mechanics liens and, more specifically, those that have not been released by the lienholder, a recorder may establish a process to demand and refer mechanics liens that have been recorded but not litigated or released in accordance with the Mechanics Lien Act to an administrative law judge for resolution or demand that the lienholder commence suit or forfeit the lien.

(b) Definitions. As used in this Section:

"Demand to Commence Suit" means the written demand specified in Section 34 of the Mechanics Lien Act.

"Mechanics lien" and "lien" are used interchangeably in this Section.

"Notice of Expired Mechanics Lien" means the notice a recorder gives to a property owner under subsection (d) informing the property owner of an expired lien.

"Notice of Referral" means the document referring a mechanics lien to a county's code hearing unit.

"Recording" and "filing" are used interchangeably in this Section.

"Referral" or "refer" means a recorder's referral of a mechanics lien to a county's code hearing unit to obtain a determination as to whether a recorded mechanics lien is valid.

"Residential property" means real property improved with not less than one nor more than 4 residential dwelling units; a residential condominium unit, including, but not limited to, the common elements allocated to the exclusive use of the condominium unit that form an integral part of the condominium unit and any parking unit or units specified by the declaration to be allocated to a specific residential

New matter indicated by italics - deletions by strikeout
condominium unit; or a single tract of agriculture real estate consisting of 40 acres or less that is improved with a single-family residence. If a declaration of condominium ownership provides for individually owned and transferable parking units, "residential property" does not include the parking unit of a specified residential condominium unit unless the parking unit is included in the legal description of the property against which the mechanics lien is recorded.

(c) Establishment of a mechanics lien demand and referral process. After a public hearing, a recorder in a county with a code hearing unit may adopt rules establishing a mechanics lien demand and referral process for residential property. A recorder shall provide public notice 90 days before the public hearing. The notice shall include a statement of the recorder's intent to create a mechanics lien demand and referral process and shall be published in a newspaper of general circulation in the county and, if feasible, be posted on the recorder's website and at the recorder's office or offices.

(d) Notice of Expired Lien. If a recorder determines, after review by legal staff or counsel, that a mechanics lien recorded in the grantor's index or the grantee's index is an expired lien, the recorder shall serve a Notice of Expired Lien by certified mail to the last known address of the owner. The owner or legal representative of the owner of the residential property shall confirm in writing his or her belief that the lien is not involved in pending litigation and, if there is no pending litigation, as verified and confirmed by county court records, the owner may request that the recorder proceed with a referral or serve a Demand to Commence Suit.

For the purposes of this Section, a recorder shall determine a lien is an expired lien if the lien is unenforced (if a suit to enforce the lien has not been commenced by the lienholder or a counterclaim has not been filed (within 2 years after the completion date of the contract as specified in the recorded mechanics lien, the completion of extra or additional work, or furnishing of extra or additional material under Section 9 of the Mechanics Lien Act; if a completion date is not specified in the recorded lien, then the work completion date shall be deemed the date of recording of the mechanics lien) and if an automatic stay under Section 362(a) of the United States Bankruptcy Code does not prohibit a suit or counterclaim to foreclose.

(e) Demand to Commence Suit. Upon receipt of an owner's confirmation that the lien is not involved in pending litigation and a
request for the recorder to serve a Demand to Commence Suit, the recorder shall serve a Demand to Commence Suit on the lienholder of the expired lien as provided in Section 34 of the Mechanics Lien Act. A recorder may request that the Secretary of State assist in providing registered agent information or obtain information from the Secretary of State's registered business database when the recorder seeks to serve a Demand to Commence suit on the lienholder. Upon request, the Secretary of State, or his or her designee, shall provide the last known address or registered agent information for a lienholder who is incorporated or doing business in the State. The recorder must record a copy of the Demand to Commence suit in the grantor's index or the grantee's index identifying the mechanics lien and include the corresponding document number and the date of demand. The recorder may, at his or her discretion, notify the Secretary of State regarding a Demand to Commence suit determined to involve a company, corporation, or business registered with that office.

When the lienholder commences a suit or files an answer within 30 days or the lienholder records a release of lien with the county recorder as required by subsection (a) of Section 34 of the Mechanics Lien Act, then the demand and referral process is completed for the recorder for that property. If service under this Section is responded to consistent with Section 34 of the Mechanics Lien Act, the recorder may not proceed under subsection (f). If no response is received consistent with Section 34 of the Mechanics Lien Act, the recorder may proceed under subsection (f).

(f) Referral. Upon receipt of an owner's confirmation that the lien is not involved in pending litigation and a request for the recorder to proceed with a referral, the recorder shall: (i) file the Notice of Referral with the county's code hearing unit; (ii) identify and notify the lienholder by telephone, if available, of the referral and send a copy of the Notice of Referral by certified mail to the lienholder using information included in the recorded mechanics lien or the last known address or registered agent received from the Secretary of State or obtained from the Secretary of State's registered business database; (iii) send a copy of the Notice of Referral by mail to the physical address of the property owner associated with the lien; and (iv) record a copy of the Notice of Referral in the grantor's index or the grantee's index identifying the mechanics lien and include the corresponding document number. The Notice of Referral shall clearly identify the person, persons, or entity believed to be the owner, assignee, successor, or beneficiary of the lien. The recorder may, at his or
her discretion, notify the Secretary of State regarding a referral
determined to involve a company, corporation, or business registered with
that office.

No earlier than 30 business days after the date the lienholder is
required to respond to a Demand to Commence Suit under Section 34 of
the Mechanics Lien Act, the code hearing unit shall schedule a hearing to
occur at least 30 days after sending notice of the date of hearing. Notice of
the hearing shall be provided by the county recorder, by and through his
or her representative, to the filer, or the party represented by the filer, of
the expired lien, the legal representative of the recorder of deeds who
referred the case, and the last owner of record, as identified in the Notice
of Referral.

If the recorder shows by clear and convincing evidence that the
lien in question is an expired lien, the administrative law judge shall rule
the lien is forfeited under Section 34.5 of the Mechanics Lien Act and that
the lien no longer affects the chain of title of the property in any way. The
judgment shall be forwarded to all parties identified in this subsection.
Upon receiving judgment of a forfeited lien, the recorder shall, within 5
business days, record a copy of the judgment in the grantor's index or the
grantee's index.

If the administrative law judge finds the lien is not expired, the
recorder shall, no later than 5 business days after receiving notice of the
decision of the administrative law judge, record a copy of the judgment in
the grantor's index or the grantee's index.

A decision by an administrative law judge is reviewable under the
Administrative Review Law, and nothing in this Section precludes a
property owner or lienholder from proceeding with a civil action to
resolve questions concerning a mechanics lien.

A lienholder or property owner may remove the action from the
code hearing unit to the circuit court as provided in subsection (i).

(g) Final administrative decision. The recorder's decision to refer
a mechanics lien or serve a Demand to Commence Suit is a final
administrative decision that is subject to review under the Administrative
Review Law by the circuit court of the county where the real property is
located. The standard of review by the circuit court shall be consistent
with the Administrative Review Law.

(h) Liability. A recorder and his or her employees or agents are
not subject to personal liability by reason of any error or omission in the
performance of any duty under this Section, except in the case of willful or

New matter indicated by italics - deletions by strikeout
wanton conduct. The recorder and his or her employees or agents are not liable for the decision to refer a lien or serve a Demand to Commence Suit, or failure to refer or serve a Demand to Commence Suit, of a lien under this Section.

(i) Private actions; use of demand and referral process. Nothing in this Section precludes a private right of action by any party with an interest in the property affected by the mechanics lien or a decision by the code hearing unit. Nothing in this Section requires a person or entity who may have a mechanics lien recorded against his or her property to use the mechanics lien demand and referral process created by this Section.

A lienholder or property owner may remove a matter in the referral process to the circuit court at any time prior to the final decision of the administrative law judge by delivering a certified notice of the suit filed in the circuit court to the administrative law judge. Upon receipt of the certified notice, the administrative law judge shall dismiss the matter without prejudice. If the matter is dismissed due to removal, then the demand and referral process is completed for the recorder for that property. If the circuit court dismisses the removed matter without deciding on whether the lien is expired and without prejudice, the recorder may reinstitute the demand and referral process under subsection (d).

(j) Repeal. This Section is repealed on January 1, 2022.

Sec. 5-41065. Mechanics lien demand and referral adjudication.
(a) Notwithstanding any other provision in this Division, a county’s code hearing unit must adjudicate an expired mechanics lien referred to the unit under Section 3-5010.8.

(b) If a county does not have an administrative law judge in its code hearing unit who is familiar with the areas of law relating to mechanics liens, one may be appointed no later than 3 months after the effective date of this amendatory Act of the 100th General Assembly to adjudicate all referrals concerning mechanics liens under Section 3-5010.8.

(c) If an administrative law judge familiar with the areas of law relating to mechanics liens has not been appointed as provided subsection (b) when a mechanics lien is referred under Section 3-5010.8 to the code hearing unit, the case shall be removed to the proper circuit court with jurisdiction.

If payment is not issued to the payee within this 60-day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made. Any bill, except a bill for pharmacy or nursing facility services or goods, and except as provided under paragraph (1.05) of this Section, submitted under Article V of the Illinois Public Aid Code approved for payment under this Section must be paid or the payment issued to the payee within 60 days after receipt of a proper bill or invoice, and, if payment is not issued to the payee within this 60-day period, an interest penalty of 2.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made. Any bill for pharmacy or nursing facility services or goods submitted under Article V of the Illinois Public Aid Code, except as provided under paragraph (1.05) of this Section, and approved for payment under this Section must be paid or the payment issued to the payee within 60 days of receipt of a proper bill or invoice. If payment is not issued to the payee within this 60-day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60-day period, until final payment is made.

(1.05) For State fiscal year 2012 and future fiscal years, any bill approved for payment under this Section must be paid or the payment issued to the payee within 90 days of receipt of a proper bill or invoice.
bill or invoice. If payment is not issued to the payee within this 90-day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month, or 0.033% (one-thirtieth of one percent) of any amount approved and unpaid for each day, after the end of this 90-day period, until final payment is made.

If the State agency determines that the bill or invoice contains a defect making it unable to process the payment request, the agency shall notify the vendor requesting payment as soon as possible after discovering the defect pursuant to rules promulgated under Section 3-3; provided, however, that the notice for construction related bills or invoices must be given not later than 30 days after the bill or invoice was first submitted. The notice shall identify the defect and any additional information necessary to correct the defect. If one or more items on a construction related bill or invoice are disapproved, but not the entire bill or invoice, then the portion that is not disapproved shall be paid.

(2) Where a State official or agency is late in payment of a vendor's bill or invoice properly approved in accordance with this Act, and different late payment terms are not reduced to writing as a contractual agreement, the State official or agency shall automatically pay interest penalties required by this Section amounting to $50 or more to the appropriate vendor. Each agency shall be responsible for determining whether an interest penalty is owed and for paying the interest to the vendor. Except as provided in paragraph (4), an individual interest payment amounting to $5 or less shall not be paid by the State. Interest due to a vendor that amounts to greater than $5 and less than $50 shall not be paid but shall be accrued until all interest due the vendor for all similar warrants exceeds $50, at which time the accrued interest shall be payable and interest will begin accruing again, except that interest accrued as of the end of the fiscal year that does not exceed $50 shall be payable at that time. In the event an individual has paid a vendor for services in advance, the provisions of this Section shall apply until payment is made to that individual.

(3) The provisions of Public Act 96-1501 reducing the interest rate on pharmacy claims under Article V of the Illinois Public Aid Code to 1.0% per month shall apply to any pharmacy
bills for services and goods under Article V of the Illinois Public Aid Code received on or after the date 60 days before January 25, 2011 (the effective date of Public Act 96-1501) except as provided under paragraph (1.05) of this Section.

In such event, interest shall not accrue during the pendency of the Auditor General's review.

*(House Bill No. 5868)*

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative findings and purpose. Medical clinics, emergency rooms, and hospitals across the country are overwhelmed by the opioid crisis and have been adversely affected by costs and increasing

rates of recidivism due to an increase in the need for additional comprehensive community-based continuum of care services for persons with opioid and other substance use disorders. According to the Centers for Disease Control and Prevention, there has been a 600% increase in the incidence of opioid use disorders since 1999, creating an increased need for treatment and other recovery support services. Most persons with substance use disorders also face co-existing social and economic challenges including poverty, job insecurity, and a lack of safe and sober living environments. The current health care system is often too expensive, fragmented, and disjointed to sufficiently address the needs of persons with substance use disorders. Consequently, we are at a pivotal time in history when insurance companies are having to become more innovative in their approaches to contain costs and improve the outcomes of those persons with substance use disorders. Hospitals are also contemplating new and innovative ways to reduce their costs and rates of recidivism, improve the outcomes of those persons with substance use disorders, and monitor these persons with a greater level of care in order to achieve the highest level of multiple performance outcomes at a time when performance metrics matter more than ever. The State of Illinois has the opportunity to lead the nation by supporting and amplifying the most comprehensive and vertically integrated approach to recovery that can effectively address the root causes of substance use disorders, while stabilizing other co-existing social, economic, and housing conditions that can impair a person's long-term recovery. In addition to helping persons achieve physical recovery from a substance use disorder, it is also important to help them find new meaning in their personal lives by rebuilding and strengthening their family relationships, community ties, and spiritual development. Recovery housing can facilitate this holistic approach to recovery and help persons replace their need for substances with more meaningful elements of life. Therefore, it is the purpose of this Act to provide Illinois citizens with greater access to a more robust and holistic continuum of behavioral health care services and supports by providing health care coverage for recovery housing for persons with substance use disorders.

Section 5. The Illinois Insurance Code is amended by adding Section 356z.29 as follows:

(215 ILCS 5/356z.29 new)

Sec. 356z.29. Recovery housing for persons with substance use disorders.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Human Rights Act is amended by changing Sections 7-109.1, 7A-102, 7B-102, 8-101, 8-102, 8-103, 8-110, 8A-103, and 8B-103 as follows:

(775 ILCS 5/7-109.1) (from Ch. 68, par. 7-109.1)
Sec. 7-109.1. Administrative dismissal of charges Federal or State Court Proceedings. For charges filed under this Act, if the charging party has initiated litigation for the purpose of seeking final relief in a State or federal court or before an administrative law judge or hearing officer in an administrative proceeding before a local government administrative agency, and if a final decision on the merits in that litigation or administrative hearing would preclude the charging party from bringing another action based on the pending charge, the Department shall cease its investigation and dismiss the pending charge by order of the Director, who shall provide the charging party notice of his or her right to commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. The Director shall also provide the charging party notice of his or her right to seek review of the dismissal order before the Commission. Any review by the Commission of the dismissal shall be limited to the question of whether the charge was properly dismissed pursuant to this Section. Nothing in this Section shall preclude the Department from continuing to investigate an allegation in a charge that is unique to this Act or otherwise could not have been included in the litigation or administrative proceeding. The Department may administratively close a charge pending before the Department if the issues which are the basis of the charge are being litigated in a State or federal court proceeding.

(A) Charge.

New matter indicated by italics - deletions by strikeout
(1) Within 300 calendar days after the date that a civil rights violation allegedly has been committed, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(3) Charges deemed filed with the Department pursuant to subsection (A-1) of this Section shall be deemed to be in compliance with this subsection.

(1) If a charge is filed with the Equal Employment Opportunity Commission (EEOC) within 300 calendar days after the date of the alleged civil rights violation, the charge shall be deemed filed with the Department on the date filed with the EEOC. If the EEOC is the governmental agency designated to investigate the charge first, the Department shall take no action until the EEOC makes a determination on the charge and after the complainant notifies the Department of the EEOC's determination. In such cases, after receiving notice from the EEOC that a charge was filed, the Department shall notify the parties that (i) a charge has been received by the EEOC and has been sent to the Department for dual filing purposes; (ii) the EEOC is the governmental agency responsible for investigating the charge and that the investigation shall be conducted pursuant to the rules and procedures adopted by the EEOC; (iii) it will take no action on the charge until the EEOC issues its determination; (iv) the complainant must submit a copy of the EEOC's determination within 30 days after service of the determination by the EEOC on complainant; and (v) that the time period to investigate the charge contained in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC until the EEOC issues its determination.

(2) If the EEOC finds reasonable cause to believe that there has been a violation of federal law and if the Department is timely notified of the EEOC's findings by complainant, the Department shall notify complainant that the Department has adopted the EEOC's determination of reasonable cause and that complainant...
has the right, within 90 days after receipt of the Department's notice, to either file his or her own complaint with the Illinois Human Rights Commission or commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. *This notice shall be provided to the complainant within 10 business days after the Department's receipt of the EEOC's determination.* The Department's notice to complainant that the Department has adopted the EEOC's determination of reasonable cause shall constitute the Department's Report for purposes of subparagraph (D) of this Section.

(3) For those charges alleging violations within the jurisdiction of both the EEOC and the Department and for which the EEOC either (i) does not issue a determination, but does issue the complainant a notice of a right to sue, including when the right to sue is issued at the request of the complainant, or (ii) determines that it is unable to establish that illegal discrimination has occurred and issues the complainant a right to sue notice, and if the Department is timely notified of the EEOC's determination by complainant, the Department shall notify the parties, *within 10 business days after receipt of the EEOC's determination,* that the Department will adopt the EEOC's determination as a dismissal for lack of substantial evidence unless the complainant requests in writing within 35 days after receipt of the Department's notice that the Department review the EEOC's determination.

(a) If the complainant does not file a written request with the Department to review the EEOC's determination within 35 days after receipt of the Department's notice, the Department shall notify complainant, *within 10 business days after the expiration of the 35-day period,* that the decision of the EEOC has been adopted by the Department as a dismissal for lack of substantial evidence and that the complainant has the right, within 90 days after receipt of the Department's notice, to commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. The Department's notice to complainant that the Department has adopted the EEOC's determination shall constitute the Department's report for purposes of subparagraph (D) of this Section.

New matter indicated by italics - deletions by strikeout
(b) If the complainant does file a written request with the Department to review the EEOC's determination, the Department shall review the EEOC's determination and any evidence obtained by the EEOC during its investigation. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is no need for further investigation of the charge, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of Section 7A-102. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is a need for further investigation of the charge, the Department may conduct any further investigation it deems necessary. After reviewing the EEOC's determination, the evidence obtained by the EEOC, and any additional investigation conducted by the Department, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of Section 7A-102 of this Act.

(4) Pursuant to this Section, if the EEOC dismisses the charge or a portion of the charge of discrimination because, under federal law, the EEOC lacks jurisdiction over the charge, and if, under this Act, the Department has jurisdiction over the charge of discrimination, the Department shall investigate the charge or portion of the charge dismissed by the EEOC for lack of jurisdiction pursuant to subsections (A), (A-1), (B), (B-1), (C), (D), (E), (F), (G), (H), (I), (J), and (K) of Section 7A-102 of this Act.

(5) The time limit set out in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC to the date on which the EEOC issues its determination.

(6) The failure of the Department to meet the 10-business-day notification deadlines set out in paragraph (2) of this subsection shall not impair the rights of any party.

(B) Notice and Response to Charge. The Department shall, within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent and provide all parties with a notice of the

complainant's right to opt out of the investigation within 60 days as set forth in subsection (C-1). This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of the charge. The position statements and other materials filed shall remain confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during pendency of a charge with the Department. The Department may require the respondent to file a response to the allegations contained in the charge. Upon the Department's request, the respondent shall file a response to the charge within 60 days and shall serve a copy of its response on the complainant or his or her representative. Notwithstanding any request from the Department, the respondent may elect to file a response to the charge within 60 days of receipt of notice of the charge, provided the respondent serves a copy of its response on the complainant or his or her representative. All allegations contained in the charge not denied by the respondent within 60 days of the Department's request for a response may be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a response to a charge within 60 days of receipt of the Department's request, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 30 days of receipt of the respondent's response, the complainant may file a reply to said response and shall serve a copy of said reply on the respondent or his or her representative. A party shall have the right to supplement his or her response or reply at any time that the investigation of the charge is pending. The Department shall, within 10 days of the date on which the charge was filed, and again no later than 335 days thereafter, send by certified or registered mail written notice to the complainant and to the respondent informing the complainant of the complainant's rights to either file a complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court under subparagraph (2) of paragraph (G) and under subsection (C-1), including in such notice the dates within which the complainant may exercise these rights. In the notice the Department shall notify the complainant that the charge of civil rights violation will be dismissed with prejudice and with no right to

further proceed if a written complaint is not timely filed with the Commission or with the appropriate circuit court by the complainant pursuant to subparagraph (2) of paragraph (G) or subsection (C-1) or by the Department pursuant to subparagraph (1) of paragraph (G).

(B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

(1) If the complainant does not elect to opt out of an investigation pursuant to subsection (C-1), the Department shall conduct an investigation sufficient to determine whether the allegations set forth in the charge are supported by substantial evidence.

(2) The Director or his or her designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

(4) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference, unless prior to 365 days after the date on which the charge was filed the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed, the charge has been dismissed for lack of jurisdiction, or the parties voluntarily and in writing agree to waive the fact finding conference. Any party's failure to attend the conference without good cause shall result in dismissal or default. The term

New matter indicated by italics - deletions by strikeout
"good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director. The notice of default issued by the Director shall notify the respondent that a request for review may be filed in writing with the Commission within 30 days of receipt of notice of default. The notice of dismissal issued by the Director shall give the complainant notice of his or her right to seek review of the dismissal before the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, he or she may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, he or she must do so within 90 days after receipt of the Director's notice.

(C-1) Opt out of Department's investigation. At any time within 60 days after receipt of notice of the right to opt out, a complainant may submit a written request seeking notice from the Director indicating that the complainant has opted out of the investigation and may commence a civil action in the appropriate circuit court. The Department shall respond to a complainant's opt-out request within 10 business days by issuing the complainant a notice of the right to commence an action in circuit court. The Department shall also notify the respondent that the complainant has elected to opt out of the administrative process within 10 business days of receipt of the complainant's request. If the complainant chooses to commence an action in a circuit court under this subsection, he or she must do so within 90 days after receipt of the Director's notice of the right to commence an action in circuit court. The complainant shall notify the Department and the respondent that a complaint has been filed with the appropriate circuit court and shall mail a copy of the complaint to the Department and the respondent on the same date that the complaint is filed with the appropriate circuit court. Upon receipt of notice that the complainant has filed an action with the appropriate circuit court, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Once a complainant has commenced an action in circuit court under this subsection, he or she may not file or...
refile a substantially similar charge with the Department arising from the same incident of unlawful discrimination or harassment.

(D) Report.

(1) Each charge investigated under subsection (C) shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not limited to, findings of fact and conclusions, as well as the reasons for the determinations on all material issues. Substantial evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.

(3) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the Director shall give the complainant notice of his or her right to seek review of the dismissal order before the Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, he or she may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, he or she must do so within 90 days after receipt of the Director's notice.

(4) If the Director determines that there is substantial evidence, he or she shall notify the complainant and respondent of that determination. The Director shall also notify the parties that the complainant has the right to either commence a civil action in the appropriate circuit court or request that the Department of Human Rights file a complaint with the Human Rights Commission on his or her behalf. Any such complaint shall be

filed within 90 days after receipt of the Director's notice. If the complainant chooses to have the Department file a complaint with the Human Rights Commission on his or her behalf, the complainant must, within 30 days after receipt of the Director's notice, request in writing that the Department file the complaint. If the complainant timely requests that the Department file the complaint, the Department shall file the complaint on his or her behalf. If the complainant fails to timely request that the Department file the complaint, the complainant may file his or her complaint with the Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Human Rights Commission, the complainant shall give notice to the Department of the filing of the complaint with the Human Rights Commission.

(E) Conciliation.

(1) When there is a finding of substantial evidence, the Department may designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(2) When the Department determines that a formal conciliation conference is necessary, the complainant and respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(3) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(4) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made.

(5) The Department's efforts to conciliate the matter shall not stay or extend the time for filing the complaint with the Commission or the circuit court.

(F) Complaint.

(1) When the complainant requests that the Department file a complaint with the Commission on his or her behalf, the Department shall prepare a written complaint, under oath or

New matter indicated by italics - deletions by strikeout
affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief sought on behalf of the aggrieved party. The Department shall file the complaint with the Commission.

(2) If the complainant chooses to commence a civil action in a circuit court, he or she must do so in the circuit court in the county wherein the civil rights violation was allegedly committed. The form of the complaint in any such civil action shall be in accordance with the Illinois Code of Civil Procedure.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall issue its report as required by subparagraph (D). Any such report shall be duly served upon both the complainant and the respondent.

(2) If the Department has not issued its report within 365 days after the charge is filed, or any such longer period agreed to in writing by all the parties, the complainant shall have 90 days to either file his or her own complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Commission, the form of the complaint shall be in accordance with the provisions of paragraph (F)(1). If the complainant commences a civil action in a circuit court, the form of the complaint shall be in accordance with the Illinois Code of Civil Procedure. The aggrieved party shall notify the Department that a complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission or in circuit court. If the complainant files a complaint with the Commission, he or she may not later commence a civil action in circuit court.

(3) If an aggrieved party files a complaint with the Human Rights Commission or commences a civil action in circuit court pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Commission under this Section is appealable in accordance with paragraph (B)(1) of Section 8-111. Failure to immediately cease an investigation and
dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. The Department may also be liable for any costs and other damages incurred by the respondent as a result of the action of the Department.

(4) (Blank) The Department shall stay any administrative proceedings under this Section after the filing of a civil action by or on behalf of the aggrieved party under any federal or State law seeking relief with respect to the alleged civil rights violation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

(I) This amendatory Act of 1996 applies to causes of action filed on or after January 1, 1996.

(775 ILCS 5/7B-102) (from Ch. 68, par. 7B-102)
Sec. 7B-102. Procedures.

(A) Charge.

(1) Within one year after the date that a civil rights violation allegedly has been committed or terminated, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(B) Notice and Response to Charge.

(1) The Department shall serve notice upon the aggrieved party acknowledging such charge and advising the aggrieved party of the time limits and choice of forums provided under this Act. The Department shall, within 10 days of the date on which the
charge was filed or the identification of an additional respondent under paragraph (2) of this subsection, serve on the respondent a copy of the charge along with a notice identifying the alleged civil rights violation and advising the respondent of the procedural rights and obligations of respondents under this Act and may require the respondent to file a response to the allegations contained in the charge. Upon the Department's request, the respondent shall file a response to the charge within 30 days and shall serve a copy of its response on the complainant or his or her representative. Notwithstanding any request from the Department, the respondent may elect to file a response to the charge within 30 days of receipt of notice of the charge, provided the respondent serves a copy of its response on the complainant or his or her representative. All allegations contained in the charge not denied by the respondent within 30 days after the Department's request for a response may be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a response to a charge within 30 days of the Department's request, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 10 days of the date he or she receives the respondent's response, the complainant may file his or her reply to said response. If he or she chooses to file a reply, the complainant shall serve a copy of said reply on the respondent or his or her representative. A party may supplement his or her response or reply at any time that the investigation of the charge is pending.

(2) A person who is not named as a respondent in a charge, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under subsection (B), to such person, from the Department. Such notice, in addition to meeting the requirements of subsections (A) and (B), shall explain the basis for the Department's belief that a person to whom the notice is addressed is properly joined as a respondent.

(C) Investigation.

New matter indicated by italics - deletions by strikeout
(1) The Department shall conduct a full investigation of the allegations set forth in the charge and complete such investigation within 100 days after the filing of the charge, unless it is impracticable to do so. The Department's failure to complete the investigation within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) If the Department is unable to complete the investigation within 100 days after the charge is filed, the Department shall notify the complainant and respondent in writing of the reasons for not doing so.

(3) The Director or his or her designated representative shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(4) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as provided for in the taking of depositions in civil cases in circuit courts.

(5) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference, unless prior to 100 days from the date on which the charge was filed, the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed or the parties voluntarily and in writing agree to waive the fact finding conference. A party's failure to attend the conference without good cause may result in dismissal or default. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Commission within 30 days of receipt of notice of dismissal or default.

(D) Report.

(1) Each investigated charge investigated under subsection (C) shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where

New matter indicated by italics - deletions by strikeout
indicated by this Act, members of the Commission or their
designated hearing officers.

The report shall contain:
(a) the names and dates of contacts with witnesses;
(b) a summary and the date of correspondence and
other contacts with the aggrieved party and the respondent;
(c) a summary description of other pertinent
records;
(d) a summary of witness statements; and
(e) answers to questionnaires.

A final report under this paragraph may be amended if
additional evidence is later discovered.

(2) Upon review of the report and within 100 days of the
filing of the charge, unless it is impracticable to do so, the Director
shall determine whether there is substantial evidence that the
alleged civil rights violation has been committed or is about to be
committed. If the Director is unable to make the determination
within 100 days after the filing of the charge, the Director shall
notify the complainant and respondent in writing of the reasons for
not doing so. The Director's failure to make the determination
within 100 days after the proper filing of the charge does not
deprive the Department of jurisdiction over the charge.

(a) If the Director determines that there is no
substantial evidence, the charge shall be dismissed and the
aggrieved party notified that he or she may seek review of
the dismissal order before the Commission. The aggrieved
party shall have 90 days from receipt of notice to file a
request for review by the Commission. The Director shall
make public disclosure of each such dismissal.

(b) If the Director determines that there is
substantial evidence, he or she shall immediately issue a
complaint on behalf of the aggrieved party pursuant to
subsection (F).

(E) Conciliation.

(1) During the period beginning with the filing of charge
and ending with the filing of a complaint or a dismissal by the
Department, the Department shall, to the extent feasible, engage in
conciliation with respect to such charge.

New matter indicated by italics - deletions by strikeout
When the Department determines that a formal conciliation conference is feasible, the aggrieved party and respondent shall be notified of the time and place of the conference by registered or certified mail at least 7 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be made public or used as evidence in a subsequent proceeding for the purpose of proving a violation under this Act unless the complainant and respondent agree in writing that such disclosure be made.

(4) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the complainant, and shall be subject to approval by the Department and Commission.

(5) A conciliation agreement may provide for binding arbitration of the dispute arising from the charge. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(6) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Department determines that disclosure is not required to further the purpose of this Act.

(F) Complaint.

(1) When there is a failure to settle or adjust any charge through a conciliation conference and the charge is not dismissed, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation and the relief sought on behalf of the aggrieved party. Such complaint shall be based on the final investigation report and need not be limited to the facts or grounds alleged in the charge filed under subsection (A).

(2) The complaint shall be filed with the Commission.

(3) The Department may not issue a complaint under this Section regarding an alleged civil rights violation after the beginning of the trial of a civil action commenced by the aggrieved
party under any State or federal law, seeking relief with respect to that alleged civil rights violation.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 100 days thereof, unless it is impracticable to do so, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued. Any such order shall be duly served upon both the aggrieved party and the respondent. The Department's failure to either issue and file a complaint or order that no complaint be issued within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) The Director shall make available to the aggrieved party and the respondent, at any time, upon request following completion of the Department's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

(I) The changes made to this Section by Public Act 95-243 apply to charges filed on or after the effective date of those changes.

(J) The changes made to this Section by this amendatory Act of the 96th General Assembly apply to charges filed on or after the effective date of those changes.

The application shall be served on all other parties. The Commission shall have discretion to order a response to the application. The filing of an application for rehearing is optional. The failure to file an application for rehearing shall not be considered a failure to exhaust administrative remedies. This amendatory Act of 1991 applies to pending proceedings as well as those filed on or after its effective date.

(2) Applications for rehearing shall be viewed with disfavor, and may be granted, by vote of 6 Commission members, only upon a clear demonstration that a matter raises legal issues of significant impact or that Commission decisions are in conflict.

j. Sec. 9.1. Private manager and management agreement.
(a) As used in this Section:
"Offeror" means a person or group of persons that responds to a request for qualifications under this Section.
"Request for qualifications" means all materials and documents prepared by the Department to solicit the following from offerors:

(1) Statements of qualifications.

(2) Proposals to enter into a management agreement, including the identity of any prospective vendor or vendors that the offeror intends to initially engage to assist the offeror in performing its obligations under the management agreement.

"Final offer" means the last proposal submitted by an offeror in response to the request for qualifications, including the identity of any prospective vendor or vendors that the offeror intends to initially engage to assist the offeror in performing its obligations under the management agreement.

(b) By September 15, 2010, the Governor shall select a private manager for the total management of the Lottery with integrated functions, such as lottery game design, supply of goods and services, and advertising and as specified in this Section.

(c) Pursuant to the terms of this subsection, the Department shall endeavor to expeditiously terminate the existing contracts in support of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly in connection with the selection of the private manager. As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:

(1) where such contracts contain a provision authorizing termination upon notice, the Department shall provide notice of termination to occur upon the mutually agreed timetable for transfer of functions;

(2) upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall not renew such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

(3) in the event any current contract provides for termination of that contract upon the implementation of a contract with the private manager, the Department shall perform all

necessary actions to terminate the contract on the date that coincides with the mutually agreed timetable for transfer of functions.

If the contracts to support the current operation of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly are not subject to termination as provided for in this subsection (c), then the Department may include a provision in the contract with the private manager specifying a mutually agreeable methodology for incorporation.

(c-5) The Department shall include provisions in the management agreement whereby the private manager shall, for a fee, and pursuant to a contract negotiated with the Department (the "Employee Use Contract"), utilize the services of current Department employees to assist in the administration and operation of the Lottery. The Department shall be the employer of all such bargaining unit employees assigned to perform such work for the private manager, and such employees shall be State employees, as defined by the Personnel Code. Department employees shall operate under the same employment policies, rules, regulations, and procedures, as other employees of the Department. In addition, neither historical representation rights under the Illinois Public Labor Relations Act, nor existing collective bargaining agreements, shall be disturbed by the management agreement with the private manager for the management of the Lottery.

(d) The management agreement with the private manager shall include all of the following:

(4) A provision requiring the private manager to provide the Department with advance notice of any operating decision that bears significantly on the public interest, including, but not limited to, decisions on the kinds of games to be offered to the public and decisions affecting the relative risk and reward of the games being offered, so the Department has a reasonable opportunity to evaluate and countermand that decision.

(5) A provision providing for compensation of the private manager that may consist of, among other things, a fee for services and a performance based bonus as consideration for managing the Lottery, including terms that may provide the private manager with an increase in compensation if Lottery revenues grow by a specified percentage in a given year.

(6) (Blank).

(7) A provision requiring the deposit of all Lottery proceeds to be deposited into the State Lottery Fund except as otherwise provided in Section 20 of this Act.

(8) A provision requiring the private manager to locate its principal office within the State.

(8-5) A provision encouraging that at least 20% of the cost of contracts entered into for goods and services by the private manager in connection with its management of the Lottery, other than contracts with sales agents or technical advisors, be awarded to businesses that are a minority-owned business, a women-owned business, or a business owned by a person with disability, as those terms are defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(9) A requirement that so long as the private manager complies with all the conditions of the agreement under the oversight of the Department, the private manager shall have the following duties and obligations with respect to the management of the Lottery:

(10) A requirement that advertising and promotion must be consistent with Section 7.8a of this Act.

(11) A requirement that the private manager market the Lottery to those residents who are new, infrequent, or lapsed players of the Lottery, especially those who are most likely to make regular purchases on the Internet as permitted by law.

(12) A code of ethics for the private manager's officers and employees.

(13) A requirement that the Department monitor and oversee the private manager's practices and take action that the Department considers appropriate to ensure that the private manager is in compliance with the terms of the management agreement, while allowing the manager, unless specifically prohibited by law or the management agreement, to negotiate and sign its own contracts with vendors.

(18) Procedures for amendment of the agreement.

(19) A provision requiring the private manager to engage in an open and competitive bidding process for any procurement having a cost in excess of $50,000 that is not a part of the private manager's final offer. The process shall favor the selection of a vendor deemed to have submitted a proposal that provides the Lottery with the best overall value. The process shall not be subject to the provisions of the Illinois Procurement Code, unless specifically required by the management agreement.

(20) The transition of rights and obligations, including any associated equipment or other assets used in the operation of the Lottery, from the manager to any successor manager of the lottery, including the Department, following the termination of or foreclosure upon the management agreement.

(21) Right of use of copyrights, trademarks, and service marks held by the Department in the name of the State. The agreement must provide that any use of them by the manager shall only be for the purpose of fulfilling its obligations under the management agreement during the term of the agreement.

New matter indicated by italics - deletions by strikeout
(3) the offeror's ability to provide the most successful management of the Lottery for the benefit of the people of the State based on current and past business practices or plans of the offeror; and

(4) the offeror's poor or inadequate past performance in servicing, equipping, operating or managing a lottery on behalf of Illinois, another State or foreign government and attracting persons who are not currently regular players of a lottery.

(f) The Department may retain the services of an advisor or advisors with significant experience in financial services or the management, operation, and procurement of goods, services, and equipment for a government-run lottery to assist in the preparation of the terms of the request for qualifications and selection of the private manager. Any prospective advisor seeking to provide services under this subsection (f) shall disclose any material business or financial relationship during the past 3 years with any potential offeror, or with a contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery. The Department shall evaluate the material business or financial relationship of each prospective advisor. The Department shall not select any prospective advisor with a substantial business or financial relationship that the Department deems to impair the objectivity of the services to be provided by the prospective advisor. During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. The Department shall not include terms in the request for qualifications that provide a material advantage whether directly or indirectly to any potential offeror, or any contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery, including terms contained in previous responses to requests for proposals or qualifications submitted to Illinois, another State or foreign government when those terms are uniquely associated with a particular potential offeror, contractor, or subcontractor. The request for proposals offered by the Department on December 22, 2008 as "LOT08GAMESYS" and reference number "22016176" is declared void.

(g) The Department shall select at least 2 offerors as finalists to potentially serve as the private manager no later than August 9, 2010.
Upon making preliminary selections, the Department shall schedule a public hearing on the finalists' proposals and provide public notice of the hearing at least 7 calendar days before the hearing. The notice must include all of the following:

1. The date, time, and place of the hearing.
2. The subject matter of the hearing.
3. A brief description of the management agreement to be awarded.
4. The identity of the offerors that have been selected as finalists to serve as the private manager.
5. The address and telephone number of the Department.

(h) At the public hearing, the Department shall (i) provide sufficient time for each finalist to present and explain its proposal to the Department and the Governor or the Governor's designee, including an opportunity to respond to questions posed by the Department, Governor, or designee and (ii) allow the public and non-selected offerors to comment on the presentations. The Governor or a designee shall attend the public hearing. After the public hearing, the Department shall have 14 calendar days to recommend to the Governor whether a management agreement should be entered into with a particular finalist. After reviewing the Department's recommendation, the Governor may accept or reject the Department's recommendation, and shall select a final offeror as the private manager by publication of a notice in the Illinois Procurement Bulletin on or before September 15, 2010. The Governor shall include in the notice a detailed explanation and the reasons why the final offeror is superior to other offerors and will provide management services in a manner that best achieves the objectives of this Section. The Governor shall also sign the management agreement with the private manager.

(i) Any action to contest the private manager selected by the Governor under this Section must be brought within 7 calendar days after the publication of the notice of the designation of the private manager as provided in subsection (h) of this Section.

(j) The Lottery shall remain, for so long as a private manager manages the Lottery in accordance with provisions of this Act, a Lottery conducted by the State, and the State shall not be authorized to sell or transfer the Lottery to a third party.

(k) Any tangible personal property used exclusively in connection with the lottery that is owned by the Department and leased to the private manager shall be owned by the Department in the name of the State and
shall be considered to be public property devoted to an essential public and governmental function.

(l) The Department may exercise any of its powers under this Section or any other law as necessary or desirable for the execution of the Department's powers under this Section.

(m) Neither this Section nor any management agreement entered into under this Section prohibits the General Assembly from authorizing forms of gambling that are not in direct competition with the Lottery.

(n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private manager under this subsection.

(o) The powers conferred by this Section are in addition and supplemental to the powers conferred by any other law. If any other law or rule is inconsistent with this Section, including, but not limited to, provisions of the Illinois Procurement Code, then this Section controls as to any management agreement entered into under this Section. This Section and any rules adopted under this Section contain full and complete authority for a management agreement between the Department and a private manager. No law, procedure, proceeding, publication, notice, consent, approval, order, or act by the Department or any other officer, Department, agency, or instrumentality of the State or any political subdivision is required for the Department to enter into a management agreement under this Section. This Section contains full and complete authority for the Department to approve any contracts entered into by a private manager with a vendor providing goods, services, or both goods and services to the private manager under the terms of the management agreement, including subcontractors of such vendors.

Upon receipt of a written request from the Chief Procurement Officer, the Department shall provide to the Chief Procurement Officer a complete and un-redacted copy of the management agreement or any contract that is subject to the Department's approval authority under this subsection (o). The Department shall provide a copy of the agreement or contract to the Chief Procurement Officer in the time specified by the Chief Procurement Officer in his or her written request, but no later than 5 business days after the request is received by the Department. Notwithstanding any other provision of this Section to the contrary, the Chief Procurement Officer shall adopt administrative rules, including emergency rules, to establish a procurement process to select a successor private manager if a private management agreement has been terminated. The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private manager and sign the management agreement with the private manager.

Except as provided in Sections 21.5, 21.6, 21.7, 21.8, and 21.9, 21.10, the Department shall distribute all proceeds of lottery tickets and shares sold in the following priority and manner:

The operation of the game shall be governed by this Act and any rules adopted by the Department. If any provision of this Section is inconsistent with any other provision of this Act, then this Section governs.

(b) The Homelessness Prevention Revenue Fund is created as a special fund in the State treasury. The net revenue from the scratch-off game to fund homelessness prevention programs shall be deposited into the Homelessness Prevention Revenue Fund. Subject to appropriation, moneys in the Fund shall be used by the Department of Human Services solely for grants to homelessness prevention and assistance projects under the Homelessness Prevention Act.

As used in this subsection, "net revenue" means the total amount for which tickets have been sold less the sum of the amount paid out in the prizes and the actual administrative expenses of the Department solely related to the scratch-off game under this Section.

(c) During the time that tickets are sold for the scratch-off game to fund homelessness prevention programs, the Department shall not unreasonably diminish the efforts devoted to marketing any other instant scratch-off lottery game.

(d) The Department may adopt any rules necessary to implement and administer the provisions of this Section.

(e) Nothing in this Section shall be construed to affect any revenue that any Homelessness Prevention line item receives through the General Revenue Fund or the Illinois Affordable Housing Trust Fund.

Sec. 4. Cottage food operation.
(a) For the purpose of this Section:

A food is "acidified" if: (i) acid or acid ingredients are added to it to produce a final equilibrium pH of 4.6 or below; or (ii) it is fermented to produce a final equilibrium pH of 4.6 or below.

"Canned food" means food preserved in air-tight, vacuum-sealed containers that are heat processed sufficiently to enable storing the food at normal home temperatures.

"Cottage food operation" means an operation conducted by a person who produces or packages food or drink, other than foods and drinks listed as prohibited in paragraph (1.5) of subsection (b) of this Section, in a kitchen located in that person's primary domestic residence or another appropriately designed and equipped residential or commercial-style kitchen on that property for direct sale by the owner, a family member, or employee.

Sec. 21-205. Tax sale procedures.
(a) The collector, in person or by deputy, shall attend, on the day and in the place specified in the notice for the sale of property for taxes, and shall, between 9:00 a.m. and 4:00 p.m., or later at the collector's discretion, proceed to offer for sale, separately and in consecutive order, all property in the list on which the taxes, special assessments, interest or costs have not been paid. special assessment, may, in default of bidders, withdraw from collection the special assessment levied against any property by the corporate authorities of the city, village or incorporated town. In case of a withdrawal, there shall be no sale of that property on account of the delinquent special assessment thereon.

(b) Until January 1, 2013, in every sale of property pursuant to the provisions of this Code, the collector may employ any automated means that the collector deems appropriate. Beginning on January 1, 2013, either (i) the collector shall employ an automated bidding system that is programmed to accept the lowest redemption price bid by an eligible tax purchaser, subject to the penalty percentage limitation set forth in Section 21-215, or (ii) all tax sales shall be digitally recorded with video and audio. All bidders are required to personally attend the sale and, if automated means are used, all hardware and software used with respect to those automated means must be certified by the Department and re-certified by the Department every 5 years. If the tax sales are digitally recorded and no automated bidding system is used, then the recordings shall be maintained by the collector for a period of at least 3 years from the date of the tax sale. The changes made by this amendatory Act of the 94th General Assembly are declarative of existing law.

(c) County collectors may, when applicable, eject tax bidders who disrupt the tax sale or use illegal bid practices.

Sec. 21-245. Automation fee. In all counties, each person purchasing any property at a sale under this Code, shall pay to the county collector, prior to the issuance of any tax certificate, an automation fee set by the county collector of not more than $10 for each item purchased. A like sum shall be paid for each year that all or a portion of the subsequent taxes are paid by a tax purchaser and posted to the tax judgment, sale, redemption and forfeiture record where the underlying certificate is recorded. The county collector in all counties may assess to the purchaser of property for delinquent taxes an automation fee of not more than $10 per parcel. In counties with less than 3,000,000 inhabitants:

In these counties, the certificate holder shall also pay to the County Collector a fee of $80 for each year that all or a portion of subsequent taxes are paid by the tax purchaser and posted to the tax judgment, sale, redemption, and forfeiture record, plus an additional sum equal to 5% of all subsequent taxes, interest, and penalties. The additional 5% fees are not required after December 31, 2006. The changes to this subsection made by this amendatory Act of the 91st General Assembly are not a new enactment, but declaratory of existing law.

(b) The amount paid prior to issuance of the certificate of purchase pursuant to subsection (a) or (a-5) shall be included in the purchase price of the property in the certificate of purchase and all amounts paid under this Section shall be included in the amount required to redeem under Section 21-355. If an allegation is raised to a school board member during the course of an open or closed school board meeting that a child who is enrolled in the school district of which he or she is a board member is an abused child as defined in Section 3 of this Act, the member shall direct or cause the school board to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse. For purposes of this paragraph, a school board member is granted the authority in his or her individual capacity to direct the superintendent of the school district or
other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse.

Notwithstanding any other provision of this Act, if an employee of a school district has made a report or caused a report to be made to the Department under this Act involving the conduct of a current or former employee of the school district and a request is made by another school district for the provision of information concerning the job performance or qualifications of the current or former employee because he or she is an applicant for employment with the requesting school district, the general superintendent of the school district to which the request is being made must disclose to the requesting school district the fact that an employee of the school district has made a report involving the conduct of the applicant or caused a report to be made to the Department, as required under this Act. The privileged quality of communication between any professional person required to report and his patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act or constitute grounds for failure to share information or documents with the Department during the course of a child abuse or neglect investigation. Any person who knowingly transmits a false report to the Department commits the offense of disorderly conduct under subsection (a)(7) of Section 26-1 of the Criminal Code of 2012. A violation of this provision is a Class 4 felony.

Any person who knowingly and willfully violates any provision of this Section other than a second or subsequent violation of transmitting a false report as described in the preceding paragraph, is guilty of a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation; except that if the person acted as part of a plan or scheme having as its object the prevention of discovery of an abused or neglected child by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense).

A child whose parent, guardian or custodian in good faith selects and depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care may be considered neglected or abused, but not for the sole reason that his parent, guardian or custodian accepts and practices such beliefs.

A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of the School Code, as amended.

Nothing in this Act prohibits a mandated reporter who reasonably believes that an animal is being abused or neglected in violation of the Humane Care for Animals Act from reporting animal abuse or neglect to the Department of Agriculture's Bureau of Animal Health and Welfare.
A home rule unit may not regulate the reporting of child abuse or neglect in a manner inconsistent with the provisions of this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

For purposes of this Section "child abuse or neglect" includes abuse or neglect of an adult resident as defined in this Act.

asking that the described property be detached and disconnected from the fire protection district. The petition shall be signed and sworn to by the mayor or village president pursuant to a resolution of the corporate authorities of the municipality authorizing the filing of the petition.

For the purpose of meeting the requirement of this Section that the detachment and disconnection will not cause the remaining property to be noncontiguous, property shall be considered to be contiguous if the only separation between parts of the property is land owned by the United States, the State, or any agency or instrumentality of either, or any regional airport authority.

Upon the filing of the petition, the court shall set the same for hearing on a day not less than 2 weeks nor more than 4 weeks from the filing thereof and shall give 2 weeks' notice of such hearing in the manner provided in Section 1 of this Act. The fire protection district shall be a necessary party to the proceedings and it shall be served with summons in the manner prescribed for a party defendant under the Civil Practice Law. All property owners in such district, the district from which the transfer of property is to be made, and all persons interested therein may file objections, and at the hearing may appear and contest the detachment and disconnection of the property from the fire protection district, and both objectors and petitioners may offer any competent evidence in regard thereto. If the court, upon hearing such petition, finds that the petition complies with this Section 15c and that the allegations of the petition are true, the court shall enter an order detaching and disconnecting the property from the district, and upon entry of the order the property shall cease to be a part of the fire protection district and shall be serviced by the home rule municipality, except that the property remains liable for its proportionate share of any outstanding bonded indebtedness of the district. The circuit clerk shall transmit a certified copy of the order to the county clerk of each county in which any of the affected property is situated and to the Office of the State Fire Marshal.

(2) a statement of the costs of service incurred by the municipality in providing fire protection or emergency medical services after disconnecting the territory within the fire protection district;

(4) a statement of the probable positive or negative economic effect on businesses within the territory sought to be disconnected; and

(5) a statement of the probable positive or negative economic effect on residents within the territory sought to be disconnected.

(c) Within 30 days after the filing of an economic impact analysis required by subsection (b), a municipality shall serve a copy of the economic impact analysis on the board of trustees of each impacted fire protection district by certified or registered mail. An affidavit that service of the economic impact analysis has been had as provided by this subsection must be filed with the clerk of the court in which the disconnection proceedings will be instituted. Disconnection of territory is not effective unless service is certified by affidavit filed as provided in this subsection.

(d) The territory is disconnected from the Fire Protection District and annexed to the municipality effective on January 1 following the entry of a final court order finding that the petition meets the criteria set forth in this Section.

(e) A municipality, including a home rule municipality, may not disconnect territory from a fire protection district in a manner inconsistent with this Section. This Section is a limitation under subsection (i) of
Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 5. The Intergovernmental Cooperation Act is amended by changing Sections 3.1 and 3.4 as follows:

(5 ILCS 220/3.1) (from Ch. 127, par. 743.1)

The Board of Directors shall determine the general policy of the Municipal Joint Action Water Agency, shall approve the annual budget, shall make all appropriations (which may include appropriations made at any time in addition to those made in any annual appropriation document), shall approve all contracts for the purchase or sale of water, shall adopt any resolutions providing for the issuance of bonds or notes by the Agency, shall adopt its by-laws, rules and regulations, and shall have such other powers and duties as may be prescribed in the agreement. Such agreement may further specify those powers and actions of the Municipal Joint Action Water Agency which shall be authorized only upon votes of greater than a majority of all Directors or only upon consents of the corporate authorities of a certain number of member municipalities, public water districts, townships, State universities, or counties.

The agreement may provide for the establishment of an Executive Committee to consist of the municipal manager or other elected or appointed official of each member municipality, public water district, township, State university, or county, as designated by ordinance or other official action, from time to time by the corporate authorities of the member municipality, public water district, township, State university, or county, and may prescribe powers and duties of the Executive Committee for the efficient administration of the Agency.

(c) A Municipal Joint Action Water Agency established pursuant to this Section 3.1 may plan, construct, improve, extend, acquire, finance (including the issuance of revenue bonds or notes as provided in this Section 3.1), operate, maintain, and contract for a joint waterworks or water supply system which may include, or may consist of, without limitation, facilities for receiving, storing, and transmitting water from any source for supplying water to member municipalities, public water districts, townships, or counties (including county special service areas created under the Special Service Area Tax Act and county service areas authorized under the Counties Code), or other public agencies, persons, or corporations. of water without setoff or counterclaim and irrespective of whether the supply of water is ever furnished, made available or delivered to the Agency or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract may provide that if one or more of the other purchasers defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water one or more of the remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers. No such contract may have a term in excess of 50 years.

A Municipal Joint Action Water Agency shall have the power to sell water and to enter into contracts with any person, corporation or public agency (including any member municipality, any public water district, any township, any State university, or any county on behalf of a county service area as set forth in this Section) for that purpose. No such contract may have a term in excess of 50 years. Any such contract entered into to sell water to a public agency may provide that the payments to be made thereunder by such public agency shall be made solely from revenues to be derived by such public agency from the operation of its waterworks system or its combined waterworks and sewerage system. Any public agency so contracting to purchase water shall establish from time to time such fees and charges for its water service or combined water and sewer service as will produce revenues sufficient at all times to pay its obligations to the Agency under the purchase contract. Any such contract so providing shall not constitute indebtedness of such public agency so contracting to buy water within the meaning of any statutory or constitutional limitation. Any such contract of a public agency to buy water shall be a continuing, valid and binding obligation of such public agency payable from such revenues.

A Municipal Joint Action Water Agency shall establish fees and charges for the purchase of water from it or for the use of its facilities. No prior appropriation shall be required by either the Municipal Joint Action Water Agency or any public agency before entering into any contract authorized by this paragraph (d).

The changes in this Section made by this amendatory Act of 1984 are intended to be declarative of existing law.

(e) 1. A Municipal Joint Action Water Agency established pursuant to this Section 3.1 may, from time to time, borrow money and, in evidence
of its obligation to repay the borrowing, issue its negotiable water revenue bonds or notes pursuant to this paragraph (e) for any of the following purposes: for paying costs of constructing, acquiring, improving or extending a joint waterworks or water supply system; for paying other expenses incident to or incurred in connection with such construction, acquisition, improvement or extension; for repaying advances made to or by the Agency for such purposes; for paying interest on the bonds or notes until the estimated date of completion of any such construction, acquisition, improvement or extension and for such period after the estimated completion date as the Board of Directors of the Agency shall determine; for paying financial, legal, administrative and other expenses of the authorization, issuance, sale or delivery of bonds or notes; for paying costs of insuring payment of the bonds or notes; for providing or increasing a debt service reserve fund with respect to any or all of the Agency's bonds or notes; and for paying, refunding or redeeming any of the Agency's bonds or notes before, after or at their maturity, including paying redemption premiums or interest accruing or to accrue on such bonds or notes being paid or redeemed or for paying any other costs in connection with any such payment or redemption.

2. Any bonds or notes issued pursuant to this paragraph (e) by a Municipal Joint Action Water Agency shall be authorized by a resolution of the Board of Directors of the Agency adopted by the affirmative vote of Directors from a majority of the member municipalities, public water districts, townships, State universities, and counties, and any additional requirements as may be set forth in the agreement establishing the Agency. The authorizing resolution may be effective immediately upon its adoption. The authorizing resolution shall describe in a general way any project contemplated to be financed by the bonds or notes, shall set forth the estimated cost of the project and shall determine its period of usefulness. The authorizing resolution shall determine the maturity or maturities of the bonds or notes, the rate or rates at which the bonds or notes are to bear interest and all the other terms and details of the bonds or notes. All such bonds or notes shall mature within the period of estimated usefulness of the project with respect to which such bonds or notes are issued, as determined by the Board of Directors, but in any event not more than 50 years from their date of issue. The bonds and notes may bear interest, payable at such times, at a rate or rates not exceeding the maximum rate established in the Bond Authorization Act, as from time to time in effect. Bonds or notes of a Municipal Joint Action Water Agency...
shall be sold in such manner as the Board of Directors of the Agency shall
determine, either at par or at a premium or discount, but such that the
effective interest cost (excluding any redemption premium) to the Agency
of the bonds or notes shall not exceed a rate equal to the rate of interest
specified in the Act referred to in the preceding sentence.

The resolution authorizing the issuance of any bonds or notes
pursuant to this paragraph (e) shall constitute a contract with the holders of
the bonds and notes. The resolution may contain such covenants and
restrictions with respect to the purchase or sale of water by the Agency and
the contracts for such purchases or sales, the operation of the joint
waterworks system or water supply system, the issuance of additional
bonds or notes by the Agency, the security for the bonds and notes, and
any other matters, as may be deemed necessary or advisable by the Board
of Directors to assure the payment of the bonds or notes of the Agency.

3. The resolution authorizing the issuance of bonds or notes by a
Municipal Joint Action Water Agency shall pledge and provide for the
application of revenues derived from the operation of the Agency's joint
waterworks or water supply system (including from contracts for the sale
of water by the Agency) and investment earnings thereon to the payment
of the cost of operation and maintenance of the system (including costs of
purchasing water), to provision of adequate depreciation, reserve or
replacement funds with respect to the system or the bonds or notes, and to
the payment of principal, premium, if any, and interest on the bonds or
notes of the Agency (including amounts for the purchase of such bonds or
notes). The resolution shall provide that revenues of the Municipal Joint
Action Water Agency so derived from the operation of the system,
sufficient (together with other receipts of the Agency which may be
applied to such purposes) to provide for such purposes, shall be set aside
as collected in a separate fund or funds and used for such purposes. The
resolution may provide that revenues not required for such purposes may
be used for any proper purpose of the Agency or may be returned to
member municipalities.

Any notes of a Municipal Joint Action Water Agency issued in
anticipation of the issuance of bonds by it may, in addition, be secured by
a pledge of proceeds of bonds to be issued by the Agency, as specified in
the resolution authorizing the issuance of such notes.

4. (i) Except as provided in clauses (ii) and (iii) of this
subparagraph 4 of this paragraph (e), all bonds and notes of the Municipal
Joint Action Water Agency issued pursuant to this paragraph (e) shall be

revenue bonds or notes. Such revenue bonds or notes shall have no claim for payment other than from revenues of the Agency derived from the operation of its joint waterworks or water supply system (including from contracts for the sale of water by the Agency) and investment earnings thereon, from bond or note proceeds and investment earnings thereon, or from such other receipts of the Agency as the agreement establishing the Agency may authorize to be pledged to the payment of revenue bonds or notes, all as and to the extent as provided in the resolution of the Board of Directors authorizing the issuance of the revenue bonds or notes. Revenue bonds or notes issued by a Municipal Joint Action Water Agency pursuant to this paragraph (e) shall not constitute an indebtedness of the Agency or of any member municipality, public water district, township, or county within the meaning of any constitutional or statutory limitation. It shall be plainly stated on each revenue bond and note that it does not constitute an indebtedness of the Municipal Joint Action Water Agency or of any member municipality, public water district, township, or county within the meaning of any constitutional or statutory limitation.

(ii) If the Agreement so provides and subject to the referendum provided for in clause (iii) of this subparagraph 4 of this paragraph (e), the Municipal Joint Action Water Agency may borrow money for corporate purposes on the credit of the Municipal Joint Action Water Agency, and issue general obligation bonds therefor, in such amounts and form and on such conditions as it shall prescribe, but shall not become indebted in any manner or for any purpose in an amount including existing indebtedness in the aggregate which exceeds 5.75% of the aggregate value of the taxable property within the boundaries of the participating municipalities, public water districts, townships, and county service areas within a member county determined by the governing body of the county by resolution to be served by the Municipal Joint Action Water Agency (including any territory added to the Agency after the issuance of such general obligation bonds), collectively defined as the "Service Area", as equalized and assessed by the Department of Revenue and as most recently available at the time of the issue of said bonds. Before or at the time of incurring any such general obligation indebtedness, the Municipal Joint Action Water Agency shall provide for the collection of a direct annual tax, which shall be unlimited as to rate or amount, sufficient to pay the interest on such debt as it falls due and also to pay and discharge the principal thereof at maturity, which shall be within 40 years after the date of issue thereof. Such tax shall be levied upon and collected from all of the taxable
property within the territorial boundaries of such Service Area at the time of the referendum provided for in clause (iii) and shall be levied upon and collected from all taxable property within the boundaries of any territory subsequently added to the Service Area. Dissolution of the Municipal Joint Action Water Agency for any reason shall not relieve the taxable property within such Service Area from liability for such tax. Liability for such tax for property transferred to or released from such Service Area shall be determined in the same manner as for general obligation bonds of such county, if in an unincorporated area, and of such municipality, if within the boundaries thereof. The clerk or other officer of the Municipal Joint Action Water Agency shall file a certified copy of the resolution or ordinance by which such bonds are authorized to be issued and such tax is levied with the County Clerk or Clerks of the county or counties containing the Service Area, and such filing shall constitute, without the doing of any other act, full and complete authority for such County Clerk or Clerks to extend such tax for collection upon all the taxable property within the Service Area subject to such tax in each and every year, as required, in amounts sufficient to pay the principal of and interest on such bonds, as aforesaid, without limit as to rate or amount. Such tax shall be in addition to and in excess of all other taxes authorized to be levied by the Municipal Joint Action Water Agency or by such county, municipality, township, or public water district. The issuance of such general obligation bonds shall be subject to the other provisions of this paragraph (e), except for the provisions of clause (i) of this subparagraph 4.

(iii) No issue of general obligation bonds of the Municipal Joint Action Water Agency (except bonds to refund an existing bonded indebtedness) shall be authorized unless the Municipal Joint Action Water Agency certifies the proposition of issuing such bonds to the proper election authorities, who shall submit the proposition to the voters in the Service Area at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be substantially in the following form:

Shall general obligation bonds for the purpose of (state purpose), in the sum not to exceed $....(insert amount), be issued by the .........

Yes

(insert corporate name of the Municipal Joint Action Water Agency)?

5. As long as any bonds or notes of a Municipal Joint Action Water Agency created pursuant to this Section 3.1 are outstanding and unpaid, the Agency shall not terminate or dissolve and, except as permitted by the resolution or resolutions authorizing outstanding bonds or notes, no member municipality, public water district, township, or county may withdraw from the Agency. While any such bonds or notes are outstanding, all contracts for the sale of water by the Agency to member municipalities, public water districts, townships, or counties shall be irrevocable except as permitted by the resolution or resolutions authorizing such bonds or notes. The Agency shall establish fees and charges for its operations sufficient to provide adequate revenues to meet all of the requirements under its various resolutions authorizing bonds or notes.

6. A holder of any bond or note issued pursuant to this paragraph (e) may, in any civil action, mandamus or other proceeding, enforce and compel performance of all duties required to be performed by the Agency or such counties, as provided in the authorizing resolution, or by any of the public agencies contracting with the Agency to purchase water, including the imposition of fees and charges, the collection of sufficient revenues and the proper application of revenues as provided in this paragraph (e) and the levying, extension and collection of such taxes.

7. In addition, the resolution authorizing any bonds or notes issued pursuant to this paragraph (e) may provide for a pledge, assignment, lien or security interest, for the benefit of the holders of any or all bonds or notes of the Agency, (i) on any or all revenues derived from the operation of the joint waterworks or water supply system (including from contracts for the sale of water) and investment earnings thereon or (ii) on funds or accounts securing the payment of the bonds or notes as provided in the authorizing resolution. In addition, such a pledge, assignment, lien or security interest may be made with respect to any receipts of the Agency which the agreement establishing the Agency authorizes it to apply to payment of bonds or notes. Any such pledge, assignment, lien or security interest for the benefit of holders of bonds or notes shall be valid and binding from the time the bonds or notes are issued, without any physical delivery or further act, and shall be valid and binding as against or prior to any claims of any other party having any claims of any kind against the Agency.

Agency irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest.

A resolution of a Municipal Joint Water Agency authorizing the issuance of bonds or notes pursuant to this paragraph (e) may provide for the appointment of a corporate trustee with respect to any or all of such bonds or notes (which trustee may be any trust company or state or national bank having the power of a trust company within Illinois). In that event, the resolution shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Agency and the protection of the holders of such bonds or notes. The resolution may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided in the resolution. The resolution authorizing the bonds or notes may provide for the assignment and direct payment to the trustee of amounts owed by public agencies to the Municipal Joint Action Water Agency under water sales contracts for application by the trustee to the purposes for which such revenues are to be used as provided in this paragraph (e) and as provided in the authorizing resolution. Upon receipt of notice of such assignment, the public agency shall thereafter make the assigned payments directly to such trustee.

Nothing in this Section authorizes a Joint Action Water Agency to provide water service directly to residents within a municipality or in territory within one mile or less of the corporate limits of a municipality that operates a public water supply unless the municipality has consented in writing to such service being provided.

Approved August 24, 2018.
Effective August 24, 2018.

PUBLIC ACT 100-1077
(Senate Bill No. 3093)

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Property Tax Code is amended by changing Section 15-175 as follows:
(35 ILCS 200/15-175)
Sec. 15-175. General homestead exemption.

New matter indicated by italics - deletions by strikeout
(a) Except as provided in Sections 15-176 and 15-177, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax Appeal Board, or a court to have been excessive, the equalized assessed value which should have been placed on the property for 1977 shall be used to determine the amount of the exemption.

(b) Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be $4,500 in counties with 3,000,000 or more inhabitants and $3,500 in all other counties. Except as provided in Sections 15-176 and 15-177, for taxable years 2004 through 2007, the maximum reduction shall be $5,000, for taxable year 2008, the maximum reduction is $5,500, and, for taxable years 2009 through 2011, the maximum reduction is $6,000 in all counties. For taxable years 2012 through 2016, the maximum reduction is $7,000 in counties with 3,000,000 or more inhabitants and $6,000 in all other counties. For taxable years 2017 and thereafter, the maximum reduction is $10,000 in counties with 3,000,000 or more inhabitants and $6,000 in all other counties. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners who, for the taxable year, have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 or a long-time occupant homestead exemption under Section 15-177, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less.

(c) In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

New matter indicated by italics - deletions by strikeout
(d) If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180 resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and multiplied by the number of days the property qualified as homestead property.

(d-1) In counties with 3,000,000 or more inhabitants, where the chief county assessment officer provides a notice of discovery, if a property is not occupied by its owner as a principal residence as of January 1 of the current tax year, then the property owner shall notify the chief county assessment officer of that fact on a form prescribed by the chief county assessment officer. That notice must be received by the chief county assessment officer on or before March 1 of the collection year. If mailed, the form shall be sent by certified mail, return receipt requested. If the form is provided in person, the chief county assessment officer shall provide a date stamped copy of the notice. Failure to provide timely notice pursuant to this subsection (d-1) shall result in the exemption being treated as an erroneous exemption. Upon timely receipt of the notice for the current tax year, no exemption shall be applied to the property for the current tax year. If the exemption is not removed upon timely receipt of the notice by the chief assessment officer, then the error is considered granted as a result of a clerical error or omission on the part of the chief county assessment officer as described in subsection (h) of Section 9-275, and the property owner shall not be liable for the payment of interest and penalties due to the erroneous exemption for the current tax year for which the notice was filed after the date that notice was timely received pursuant to this subsection. Notice provided under this subsection shall not constitute a defense or amnesty for prior year erroneous exemptions.

For the purposes of this subsection (d-1):
"Collection year" means the year in which the first and second installment of the current tax year is billed.
"Current tax year" means the year prior to the collection year.

New matter indicated by italics - deletions by strikeout
(e) The chief county assessment officer may, when considering whether to grant a leasehold exemption under this Section, require the following conditions to be met:

(1) that a notarized application for the exemption, signed by both the owner and the lessee of the property, must be submitted each year during the application period in effect for the county in which the property is located;

(2) that a copy of the lease must be filed with the chief county assessment officer by the owner of the property at the time the notarized application is submitted;

(3) that the lease must expressly state that the lessee is liable for the payment of property taxes; and

(4) that the lease must include the following language in substantially the following form:

"Lessee shall be liable for the payment of real estate taxes with respect to the residence in accordance with the terms and conditions of Section 15-175 of the Property Tax Code (35 ILCS 200/15-175). The permanent real estate index number for the premises is (insert number), and, according to the most recent property tax bill, the current amount of real estate taxes associated with the premises is (insert amount) per year. The parties agree that the monthly rent set forth above shall be increased or decreased pro rata (effective January 1 of each calendar year) to reflect any increase or decrease in real estate taxes. Lessee shall be deemed to be satisfying Lessee's liability for the above mentioned real estate taxes with the monthly rent payments as set forth above (or increased or decreased as set forth herein)."

In addition, if there is a change in lessee, or if the lessee vacates the property, then the chief county assessment officer may require the owner of the property to notify the chief county assessment officer of that change.

This subsection (e) does not apply to leasehold interests in property owned by a municipality.

(f) "Homestead property" under this Section includes residential property that is occupied by its owner or owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on

which the person is liable for the payment of property taxes. For land improved with an apartment building owned and operated as a cooperative or a building which is a life care facility as defined in Section 15-170 and considered to be a cooperative under Section 15-170, the maximum reduction from the equalized assessed value shall be limited to the increase in the value above the equalized assessed value of the property for 1977, up to the maximum reduction set forth above, multiplied by the number of apartments or units occupied by a person or persons who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person or persons, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a life care contract with the owner or owners of record of the facility, for paying property taxes on the property. For purposes of this Section, the term "life care facility" has the meaning stated in Section 15-170.

"Household", as used in this Section, means the owner, the spouse of the owner, and all persons using the residence of the owner as their principal place of residence.

"Household income", as used in this Section, means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income", as used in this Section, has the same meaning as provided in Section 3.07 of the Senior Citizens and Persons with Disabilities Property Tax Relief Act, except that "income" does not include veteran's benefits.

(g) In a cooperative or life care facility where a homestead exemption has been granted, the cooperative association or the its management of the cooperative or life care facility firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor.

(h) Where married persons maintain and reside in separate residences qualifying as homestead property, each residence shall receive
50% of the total reduction in equalized assessed valuation provided by this Section.

(i) In all counties, the assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department, provided that the taxpayer applying for an additional general exemption under this Section shall submit to the chief county assessment officer an application with an affidavit of the applicant's total household income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

(i-5) This subsection (i-5) applies to counties with 3,000,000 or more inhabitants. In the event of a sale of homestead property, the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. Upon receipt of a transfer declaration transmitted by the recorder pursuant to Section 31-30 of the Real Estate Transfer Tax Law for property receiving an exemption under this Section, the assessor shall mail a notice and forms to the new owner of the property providing information pertaining to the rules and applicable filing periods for applying or reapplying for homestead exemptions under this Code for which the property may be eligible. If the new owner fails to apply or reapply for a homestead exemption during the applicable filing period or the property no longer qualifies for an existing homestead exemption, the assessor shall cancel such exemption for any ensuing assessment year.

(j) In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief county assessment officer may require the new owner of the property to apply for the homestead exemption for the following assessment year.

(k) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.
(l) The changes made to this Section by this amendatory Act of the 100th General Assembly are effective for the 2018 tax year and thereafter.

Additionally, beginning June 1, 1996, any license issued by the Department may be suspended or revoked if the Department, after the opportunity for a hearing under the appropriate licensing Act, finds that the licensee has failed to make satisfactory repayment to the Illinois Student Assistance Commission for a delinquent or defaulted loan. For the purposes of this Section, "satisfactory repayment record" shall be defined by rule.

The Department shall refuse to issue or renew a license to, or shall suspend or revoke a license of, any person who, after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or child support proceeding. The Department may implement this paragraph as added by Public Act 89-6 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement this paragraph shall be considered an emergency and necessary for the public interest, safety, and welfare.

Notwithstanding any provisions in this Code to the contrary, the Department of Professional Regulation shall not be liable under any federal or State law to any person for any disclosure of information to the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) under this paragraph (8) or for any other action taken in good faith to comply with the requirements of this paragraph (8).

Those sums may be advanced to the agent when the Director deems that procedure to be in the public interest. Sums for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities and other activities as set forth in this Section shall be advanced to the agent who is to make the purchase from the Professional Regulation Evidence Fund on vouchers signed by the Director. The Director and those agents are authorized to maintain one or more commercial checking accounts with any State banking corporation or corporations organized under or subject to the Illinois Banking Act for the deposit and withdrawal of moneys to be used for the purposes set forth in this Section; provided, that no check may be written nor any withdrawal made from any such

(f-5) Notwithstanding anything that may appear in any individual licensing statute or administrative rule, the Department shall allow an applicant to provide his or her individual taxpayer identification number as an alternative to providing a social security number when applying for a license.

(g) Notwithstanding anything that may appear in any individual licensing statute or administrative rule, the Department shall deny any license application or renewal authorized under any licensing Act administered by the Department to any person who has failed to file a return, or to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of tax, penalty, or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirement of any such tax Act are satisfied; however, the Department may issue a license or renewal if the person has established a satisfactory repayment record as determined by the Illinois Department of Revenue. For the purpose of this Section, "satisfactory repayment record" shall be defined by rule.

In addition, a complaint filed with the Department by the Illinois Department of Revenue that includes a certification, signed by its Director or designee, attesting to the amount of the unpaid tax liability or the years for which a return was not filed, or both, is prima facie evidence of the licensee's failure to comply with the tax laws administered by the Illinois Department of Revenue.

Department of Revenue. Upon receipt of that certification, the Department shall, without a hearing, immediately suspend all licenses held by the licensee. Enforcement of the Department's order shall be stayed for 60 days. The Department shall provide notice of the suspension to the licensee by mailing a copy of the Department's order to the licensee's address of record or emailing a copy of the order to the licensee's email address of record. The notice shall advise the licensee that the suspension shall be effective 60 days after the issuance of the Department's order unless the Department receives, from the licensee, a request for a hearing before the Department to dispute the matters contained in the order.

Any suspension imposed under this subsection (g) shall be terminated by the Department upon notification from the Illinois Department of Revenue that the licensee is in compliance with all tax laws administered by the Illinois Department of Revenue.

The Department may promulgate rules for the administration of this subsection (g).

(h) The Department may grant the title "Retired", to be used immediately adjacent to the title of a profession regulated by the Department, to eligible retirees. For individuals licensed under the Medical Practice Act of 1987, the title "Retired" may be used in the profile required by the Patients' Right to Know Act. The use of the title "Retired" shall not constitute representation of current licensure, registration, or certification. Any person without an active license, registration, or certificate in a profession that requires licensure, registration, or certification shall not be permitted to practice that profession.

(i) Within 180 days after December 23, 2009 (the effective date of Public Act 96-852), the Department shall promulgate rules which permit a person with a criminal record, who seeks a license or certificate in an occupation for which a criminal record is not expressly a per se bar, to apply to the Department for a non-binding, advisory opinion to be provided by the Board or body with the authority to issue the license or certificate as to whether his or her criminal record would bar the individual from the licensure or certification sought, should the individual meet all other licensure requirements including, but not limited to, the successful completion of the relevant examinations.

The General Assembly finds and declares that this Section is a State law within the meaning of subsection (d) of Section 1621 of Title 8 of the United States Code. Nothing in this Section shall affect the requirements to obtain a professional license that are not directly related to citizenship status or immigration status. Section 10. The School Code is amended by changing Section 21B-15 as follows:

(105 ILCS 5/21B-15)
Sec. 21B-15. Qualifications of educators.

(a) No one may be licensed to teach or supervise or be otherwise employed in the public schools of this State who is not of good character and at least 19 years of age.

In determining good character under this Section, the State Superintendent of Education shall take into consideration the disciplinary actions of other states or national entities against certificates or licenses issued by those states and held by individuals from those states. In addition, any felony conviction of the applicant may be taken into consideration; however, no one may be licensed to teach or supervise in the public schools of this State who has been convicted of (i) an offense set forth in subsection (b) of Section 21B-80 of this Code until 7 years following the end of the sentence for the criminal offense or (ii) an offense set forth in subsection (c) of Section 21B-80 of this Code. Unless the conviction is for an offense set forth in Section 21B-80 of this Code, an applicant must be permitted to submit character references or other written material before such a conviction or other information regarding the applicant's character may be used by the State Superintendent of Education as a basis for denying the application.

(b) No person otherwise qualified shall be denied the right to be licensed or to receive training for the purpose of becoming an educator because of a physical disability, including, but not limited to, visual and hearing disabilities; nor shall any school district refuse to employ a teacher on such grounds, provided that the person is able to carry out the duties of the position for which he or she applies.

(c) No person may be granted or continue to hold an educator license who has knowingly altered or misrepresented his or her qualifications, in this State or any other state, in order to acquire or renew the license. Any other license issued under this Article held by the person may be suspended or revoked by the State Educator Preparation and Licensure Board, depending upon the severity of the alteration or misrepresentation.

(d) No one may teach or supervise in the public schools nor receive for teaching or supervising any part of any public school fund who does not hold an educator license granted by the State Superintendent of Education as provided in this Article. However, the provisions of this Article do not apply to a member of the armed forces who is employed as a teacher of subjects in the Reserve Officers' Training Corps of any school, nor to an individual teaching a dual credit course as provided for in the Dual Credit Quality Act.

(e) Notwithstanding any other provision of this Code, the school board of a school district may grant to a teacher of the district a leave of absence with full pay for a period of not more than one year to permit the teacher to teach in a foreign state under the provisions of the Exchange Teacher Program established under Public Law 584, 79th Congress, and Public Law 402, 80th Congress, as amended. The school board granting the leave of absence may employ, with or without pay, a national of the foreign state wherein the teacher on the leave of absence is to teach if the national is qualified to teach in that foreign state and if that national is to teach in a grade level similar to the one that was taught in the foreign state. The State Board of Education, in consultation with the State Educator Preparation and Licensure Board, may adopt rules as may be necessary to implement this subsection (e).

(f) No person shall be denied a license issued under this Article solely based on his or her citizenship status or immigration status. The General Assembly finds and declares that this subsection (f) is a State law within the meaning of subsection (d) of Section 1621 of Title 8 of the United States Code. Nothing in this subsection shall affect the requirements to obtain a license that are not directly related to citizenship status or immigration status. Nothing in this subsection shall be construed to grant eligibility for obtaining any public benefit other than a license issued under this Article.

(415 ILCS 5/31) (from Ch. 111 1/2, par. 1031)
Sec. 31. Notice; complaint; hearing.
(a)(1) Within 180 days after becoming aware of an alleged violation of the Act, any rule adopted under the Act, a permit granted by the Agency, or a condition of such a permit, the Agency shall issue and serve, by certified mail, upon the person complained against a written notice informing that person that the Agency has evidence of the alleged violation. At a minimum, the written notice shall contain:

(A) a notification to the person complained against of the requirement to submit a written response addressing the violations alleged and the option to meet with appropriate agency personnel to resolve any alleged violations that could lead to the filing of a formal complaint;

(B) a detailed explanation by the Agency of the violations alleged;

(C) an explanation by the Agency of the actions that the Agency believes may resolve the alleged violations, including an estimate of a reasonable time period for the person complained against to complete the suggested resolution; and

(2) A written response to the violations alleged shall be submitted to the Agency, by certified mail, within 45 days after receipt of notice by the person complained against, unless the Agency agrees to an extension. The written response shall include:

(A) information in rebuttal, explanation or justification of each alleged violation;

(B) if the person complained against desires to enter into a Compliance Commitment Agreement, proposed terms for a Compliance Commitment Agreement that includes specified times for achieving each commitment.

and which may consist of a statement indicating that the person complained against believes that compliance has been achieved; and

  (C) a request for a meeting with appropriate Agency personnel if a meeting is desired by the person complained against.

(3) If the person complained against fails to respond in accordance with the requirements of subdivision (2) of this subsection (a), the failure to respond shall be considered a waiver of the requirements of this subsection (a) and nothing in this Section shall preclude the Agency from proceeding pursuant to subsection (b) of this Section.

(4) A meeting requested pursuant to subdivision (2) of this subsection (a) shall be held without a representative of the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred, within 60 days after receipt of notice by the person complained against, unless the Agency agrees to a postponement. chooses to rely upon the initial written response submitted pursuant to subdivision (2) of this subsection (a).

(6) If the person complained against fails to respond in accordance with the requirements of subdivision (5) of this subsection (a), the failure to respond shall be considered a waiver of the requirements of this subsection (a) and nothing in this Section shall preclude the Agency from proceeding pursuant to subsection (b) of this Section.

(7) Within 30 days after the Agency's receipt of a written response submitted by the person complained against pursuant to subdivision (2) of this subsection (a) if a meeting is not requested or pursuant to subdivision (5) of this subsection (a) if a meeting is held, or within a later time period as agreed to by the Agency and the person complained against, the Agency shall issue and serve, by certified mail, upon the person complained against (i) a proposed Compliance Commitment Agreement or (ii) a notice that one or more violations cannot be resolved without the involvement of the Office of the Attorney General or the State's Attorney of the county in which the alleged violation occurred and that no proposed Compliance Commitment Agreement will be issued by the Agency for those violations. The Agency shall include terms and conditions in the proposed Compliance Commitment Agreement that are, in its discretion, necessary to bring the person complained against into compliance with the Act, any rule adopted under the Act, any permit granted by the Agency, or any condition of such a permit. The Agency shall take into consideration the proposed terms for the proposed Compliance Commitment Agreement that were provided under subdivision (a)(2)(B) or (a)(5)(B) of this Section by the person complained against.

(7.5) Within 30 days after the receipt of the Agency's proposed Compliance Commitment Agreement by the person complained against, the person shall either (i) agree to and sign the proposed Compliance Commitment Agreement provided by the Agency and submit the signed Compliance Commitment Agreement to the Agency by certified mail or (ii) notify the Agency in writing by certified mail of the person's rejection of the proposed Compliance Commitment Agreement. If the person complained against fails to respond to the proposed Compliance Commitment Agreement within 30 days as required under this paragraph, the
proposed Compliance Commitment Agreement is deemed rejected by operation of law. Any Compliance Commitment Agreement entered into under item (i) of this paragraph may be amended subsequently in writing by mutual agreement between the Agency and the signatory to the Compliance Commitment Agreement, the signatory's legal representative, or the signatory's agent.

(7.6) No person shall violate the terms or conditions of a Compliance Commitment Agreement entered into under subdivision (a)(7.5) of this Section. Successful completion of a Compliance Commitment Agreement or an amended Compliance Commitment Agreement shall be a factor to be weighed, in favor of the person completing the Agreement, by the Office of the Illinois Attorney General in determining whether to file a complaint for the violations that were the subject of the Agreement.

(7.7) Within 30 days after a Compliance Commitment Agreement takes effect or is amended in accordance with paragraph (7.5), the Agency shall publish a copy of the final executed Compliance Commitment Agreement on the Agency's website. The Agency shall maintain an Internet database of all Compliance Commitment Agreements entered on or after the effective date of this amendatory Act of the 100th General Assembly. At a minimum, the database shall be searchable by the following categories: the county in which the facility that is subject to the Compliance Commitment Agreement is located; the date of final execution of the Compliance Commitment Agreement; the name of the respondent; and the media involved, including air, water, land, or public water supply.

(8) Nothing in this subsection (a) is intended to require the Agency to enter into Compliance Commitment Agreements for any alleged violation that the Agency believes cannot be resolved without the involvement of the Office of the Attorney General or the State's Attorney of the county in which the alleged violation occurred, for, among other purposes, the imposition of statutory penalties.

(9) The Agency's failure to respond within 30 days to a written response submitted pursuant to subdivision (2) of this subsection (a) if a meeting is not requested or pursuant to subdivision (5) of this subsection (a) if a meeting is held, or within
the time period otherwise agreed to in writing by the Agency and the person complained against, shall be deemed an acceptance by the Agency of the proposed terms of the Compliance Commitment Agreement for the violations alleged in the written notice issued under subdivision (1) of this subsection (a) as contained within the written response.

(10) If the person complained against complies with the terms of a Compliance Commitment Agreement accepted pursuant to this subsection (a), the Agency shall not refer the alleged violations which are the subject of the Compliance Commitment Agreement to the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred. However, nothing in this subsection is intended to preclude the Agency from continuing negotiations with the person complained against or from proceeding pursuant to the provisions of subsection (b) of this Section for alleged violations that remain the subject of disagreement between the Agency and the person complained against following fulfillment of the requirements of this subsection (a).

(11) Nothing in this subsection (a) is intended to preclude the person complained against from submitting to the Agency, by certified mail, at any time, notification that the person complained against consents to waiver of the requirements of subsections (a) and (b) of this Section.

(12) The Agency shall have the authority to adopt rules for the administration of subsection (a) of this Section. The rules shall be adopted in accordance with the provisions of the Illinois Administrative Procedure Act.

(b) For alleged violations that remain the subject of disagreement between the Agency and the person complained against following fulfillment of the requirements of subsection (a) of this Section, and for alleged violations of the terms or conditions of a Compliance Commitment Agreement entered into under subdivision (a)(7.5) of this Section as well as the alleged violations that are the subject of the Compliance Commitment Agreement, and as a precondition to the Agency's referral or request to the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred for legal representation regarding an alleged violation that may be addressed pursuant to subsection (c) or (d) of this Section or pursuant to Section 42

of this Act, the Agency shall issue and serve, by certified mail, upon the person complained against a written notice informing that person that the Agency intends to pursue legal action. Such notice shall notify the person complained against of the violations to be alleged and offer the person an opportunity to meet with appropriate Agency personnel in an effort to resolve any alleged violations that could lead to the filing of a formal complaint. The meeting with Agency personnel shall be held within 30 days after receipt of notice served pursuant to this subsection upon the person complained against, unless the Agency agrees to a postponement or the person notifies the Agency that he or she will not appear at a meeting within the 30-day time period. Nothing in this subsection is intended to preclude the Agency from following the provisions of subsection (c) or (d) of this Section or from requesting the legal representation of the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violations occurred for alleged violations which remain the subject of disagreement between the Agency and the person complained against after the provisions of this subsection are fulfilled.

(c)(1) For alleged violations which remain the subject of disagreement between the Agency and the person complained against following waiver pursuant to subdivision (10) of subsection (a) of this Section or fulfillment of the requirements of subsections (a) and (b) of this Section, the Office of the Illinois Attorney General or the State's Attorney of the county in which the alleged violation occurred shall issue and serve upon the person complained against a written notice, together with a formal complaint, which shall specify the provision of the Act, rule, regulation, permit, or term or condition thereof under which such person is said to be in violation and a statement of the manner in and the extent to which such person is said to violate the Act, rule, regulation, permit, or term or condition thereof and shall require the person so complained against to answer the charges of such formal complaint at a hearing before the Board at a time not less than 21 days after the date of notice by the Board, except as provided in Section 34 of this Act. Such complaint shall be accompanied by a notification to the defendant that financing may be available, through the Illinois Environmental Facilities Financing Act, to correct such violation. A copy of such notice of such hearings shall also be sent to any person that has complained to the Agency respecting the respondent within the six months.

preceding the date of the complaint, and to any person in the county in which the offending activity occurred that has requested notice of enforcement proceedings; 21 days notice of such hearings shall also be published in a newspaper of general circulation in such county. The respondent may file a written answer, and at such hearing the rules prescribed in Sections 32 and 33 of this Act shall apply. In the case of actual or threatened acts outside Illinois contributing to environmental damage in Illinois, the extraterritorial service-of-process provisions of Sections 2-208 and 2-209 of the Code of Civil Procedure shall apply.

With respect to notices served pursuant to this subsection (c)(1) that involve hazardous material or wastes in any manner, the Agency shall annually publish a list of all such notices served. The list shall include the date the investigation commenced, the date notice was sent, the date the matter was referred to the Attorney General, if applicable, and the current status of the matter.

(2) Notwithstanding the provisions of subdivision (1) of this subsection (c), whenever a complaint has been filed on behalf of the Agency or by the People of the State of Illinois, the parties may file with the Board a stipulation and proposal for settlement accompanied by a request for relief from the requirement of a hearing pursuant to subdivision (1). Unless the Board, in its discretion, concludes that a hearing will be held, the Board shall cause notice of the stipulation, proposal and request for relief to be published and sent in the same manner as is required for hearing pursuant to subdivision (1) of this subsection. The notice shall include a statement that any person may file a written demand for hearing within 21 days after receiving the notice. If any person files a timely written demand for hearing, the Board shall deny the request for relief from a hearing and shall hold a hearing in accordance with the provisions of subdivision (1).

(3) Notwithstanding the provisions of subdivision (1) of this subsection (c), if the Agency becomes aware of a violation of this Act arising from, or as a result of, voluntary pollution prevention activities, the Agency shall not proceed with the written notice required by subsection (a) of this Section unless:

(A) the person fails to take corrective action or eliminate the reported violation within a reasonable time; or
(B) the Agency believes that the violation poses a substantial and imminent danger to the public health or welfare or the environment. For the purposes of this item (B), "substantial and imminent danger" means a danger with a likelihood of serious or irreversible harm.

(d)(1) Any person may file with the Board a complaint, meeting the requirements of subsection (c) of this Section, against any person allegedly violating this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order. The complainant shall immediately serve a copy of such complaint upon the person or persons named therein. Unless the Board determines that such complaint is duplicative or frivolous, it shall schedule a hearing and serve written notice thereof upon the person or persons named therein, in accord with subsection (c) of this Section.

(2) Whenever a complaint has been filed by a person other than the Attorney General or the State's Attorney, the parties may file with the Board a stipulation and proposal for settlement accompanied by a request for relief from the hearing requirement of subdivision (c)(1) of this Section. Unless the Board, in its discretion, concludes that a hearing should be held, no hearing on the stipulation and proposal for settlement is required.

(e) In hearings before the Board under this Title the burden shall be on the Agency or other complainant to show either that the respondent has caused or threatened to cause air or water pollution or that the respondent has violated or threatens to violate any provision of this Act or any rule or regulation of the Board or permit or term or condition thereof. Sec. 11. Technology Development Account II.

(a) Including in addition to the amount provided in Section 10 of this Act, the State Treasurer shall may segregate a portion of the Treasurer's State investment portfolio, that at no time shall be greater than 5% 2% of the portfolio, in the Technology Development Account IIa ("TDA IIa"), an account that shall be maintained separately and apart from other moneys invested by the Treasurer. Distributions from the investments in TDA IIa may be reinvested into TDA IIa without being counted against the 5% 2% cap. The aggregate investment in TDA IIa and the aggregate commitment of investment capital in a TDA II-Recipient Fund shall at no time be greater than 5% of the State's investment portfolio, which shall be calculated as: (1) the balance at the inception of the State's fiscal year; or (2) the average balance in the immediately preceding 5 fiscal years, whichever number is greater. Distributions from a TDA II-Recipient Fund, in an amount not to exceed the commitment amount, may be reinvested into TDA IIa without being counted against the 5% cap.

The Treasurer may make investments from TDA IIa that help attract, assist, and retain quality technology businesses in Illinois. The earnings on TDA IIa shall be accounted for separately from other investments made by the Treasurer.

New matter indicated by italics - deletions by strikeout
(b) The Treasurer may solicit proposals from entities to manage and be the General Partner of a separate fund ("Technology Development Account IIb" or "TDA IIb") consisting of investments from private sector investors that must invest, at the direction of the general partner, in tandem with TDA IIa in a pro-rata portion. The Treasurer may enter into an agreement with the entity managing TDA IIb to advise on the investment strategy of TDA IIa and TDA IIb (collectively "Technology Development Account II" or "TDA II") and fulfill other mutually agreeable terms. Funds in TDA IIb shall be kept separate and apart from moneys in the State treasury.

(c) All or a portion of the moneys in TDA IIa shall may be invested by the State Treasurer to provide venture capital to technology businesses, including co-investments, seeking to locate, expand, or remain in Illinois by placing money with Illinois venture capital firms for investment by the venture capital firms in technology businesses. "Venture capital", as used in this Section, means equity financing that is provided for starting up, expanding, or relocating a company, or related purposes such as financing for seed capital, research and development, introduction of a product or process into the marketplace, or similar needs requiring risk capital. "Technology business", as used in this Section, means a company that has as its principal function the providing of services, including computer, information transfer, communication, distribution, processing, administrative, laboratory, experimental, developmental, technical, or testing services; manufacture of goods or materials; the processing of goods or materials by physical or chemical change; computer related activities; robotics, biological, or pharmaceutical industrial activities; activity, or technology-oriented technology-oriented or emerging industrial activity. "Illinois venture capital firm", as used in this Section, means an entity that: (1) has a majority of its employees in Illinois (more than 50%) or that has at least one general managing partner or principal member of the general partner domiciled in Illinois, and that (2) provides equity financing for starting up or expanding a company, or related purposes such as financing for seed capital, research and development, introduction of a product or process into the marketplace, or similar needs requiring risk capital. "Illinois venture capital firm" may also mean an entity that has a track record of identifying, evaluating, and investing in Illinois companies and that provides equity financing for starting up or expanding a company, or related purposes such as financing for seed capital, research and development, introduction of a product or

process into the marketplace, or similar needs requiring risk capital. For purposes of this Section, "track record" means having made, on average, at least one investment in an Illinois company in each of its funds if the Illinois venture capital firm has multiple funds or at least 2 investments in Illinois companies if the Illinois venture capital firm has only one fund. In no case shall more than $15\%$ of the capital in the TDA IIa be invested in firms based outside of Illinois.

(d) Any fund created by an Illinois venture capital firm in which the State Treasurer places money pursuant to this Section shall be required by the State Treasurer to seek investments in technology businesses seeking to locate, expand, or remain in Illinois. Any fund created by an Illinois venture capital firm in which the State Treasurer places money under this Section ("TDA II-Recipient Fund") shall invest a minimum of twice (2x) the aggregate amount of investable capital that is received from the State Treasurer under this Section in Illinois companies during the life of the fund. "Illinois companies", as used in this Section, are companies that are headquartered or that otherwise have a significant presence in the State at the time of initial or follow-on investment. Investable capital is calculated as committed capital, as defined in the firm's applicable fund's governing documents, less related estimated fees and expenses to be incurred during the life of the fund. For the purposes of this subsection (d), "significant presence" means at least one physical office and one full-time employee within the geographic borders of this State.

Any TDA II-Recipient Fund shall also invest additional capital in Illinois companies during the life of the fund if, as determined by the fund's manager, the investment:

(1) is consistent with the firm's fiduciary responsibility to its limited partners;
(2) is consistent with the fund manager's investment strategy; and
(3) demonstrates the potential to create risk-adjusted financial returns consistent with the fund manager's investment goals.

In addition to any reporting requirements set forth in Section 10 of this Act, any TDA II-Recipient Fund shall report the following additional information to the Treasurer on a quarterly or annual basis, as determined by the Treasurer, for all investments:

(1) the names of portfolio companies invested in during the applicable investment period;

New matter indicated by italics - deletions by strikeout
(2) the addresses of reported portfolio companies;
(3) the date of the initial (and follow-on) investment;
(4) the cost of the investment;
(5) the current fair market value of the investment;
(6) for Illinois companies, the number of Illinois employees on the investment date; and
(7) for Illinois companies, the current number of Illinois employees.

If, as of the earlier to occur of (i) the fourth year of the investment period of any TDA II-Recipient Fund or (ii) when that TDA II-Recipient Fund has drawn more than 60% of the investable capital of all limited partners, that TDA II-Recipient Fund has failed to invest the minimum amount required under this subsection (d) in Illinois companies, then the Treasurer shall deliver written notice to the manager of that fund seeking compliance with the minimum amount requirement under this subsection (d). If, after 180 days of delivery of notice, the TDA II-Recipient Fund has still failed to invest the minimum amount required under this subsection (d) in Illinois companies, then the Treasurer may elect, in writing, to terminate any further commitment to make capital contributions to that fund which otherwise would have been made under this Section.

(e) Notwithstanding the limitation found in subsection (d) of Section 10 of this Act, the investment of the State Treasurer in any fund created by an Illinois venture capital firm in which the State Treasurer places money pursuant to this Section shall not exceed 15% of the total investments in the fund.

(f) (Blank). The State Treasurer shall not invest more than one-third of Technology Development Account II in any given calendar year. If in any calendar year less than one-third of Technology Development Account II is invested, 50% of the shortfall may be invested in the following calendar year in addition to the regular one-third investment.

(g) The Treasurer may deposit no more than 10% of the earnings of the investments in the Technology Development Account IIa into the Technology Development Fund.

(b) A mobile home park owner or operator may commence a proceeding to obtain a judgment of the court declaring that a manufactured home has been abandoned upon proof of all of the following:

The notice shall also be sent by certified mail, return receipt requested, to the last person who paid the mobile home privilege tax on the mobile home as shown on the records of the county treasurer of the county where the mobile home is located. Before commencing a proceeding under this Act, the mobile home park owner or operator shall cause a search to be done to determine whether there are any lienholders with an existing interest in the manufactured home. The notice shall include a description of the manufactured home and its location, and that proceedings will be initiated by the mobile home park owner or operator under this Section for the removal and disposal of the manufactured home. The notice shall also describe the procedure for the manufactured home owner or manufactured home resident to retrieve any household goods or other personal property in the manufactured home before the conclusion of proceedings under this Section.

(4) At least 3 of the following factors apply:

(E) other objective evidence of abandonment that the court finds reliable.

(c) A proceeding under this Act shall be commenced by filing a complaint naming as defendants all known holders of liens against the manufactured home, manufactured home owners, and manufactured home residents. The complaint shall comply with the requirements of a

complaint under the Code of Civil Procedure. The summons shall state that if the defendant fails to answer and establish any defense that he or she may have, then he or she may be precluded from asserting such defense or the claim on which it is based in any other proceeding or action, that a final judgment may be entered if the court finds that the plaintiff has made the requisite showing, and that the result of that final judgment shall be the loss of the manufactured home resident's home. Service of the summons and complaint, return of process, and filing of an answer or other responsive pleading shall conform to the requirements of the Code of Civil Procedure and Supreme Court Rules.

(d) Upon the entry of a judgment that a manufactured home has been abandoned, the mobile home park owner or operator shall execute the judgment and cause the removal of the manufactured home from the mobile home park within 30 days after delivery of the judgment.

(e) The judgment shall clearly recite that a declaration of abandonment has been granted and that the manufactured home will be removed from the mobile home park no later than the 30th day after the delivery of the judgment unless an alternate disposition is ordered under subsection (f).

(f) As used in this subsection, "diligent inquiry" means sending a notice by certified mail to the last known address.

In lieu of ordering the removal of a manufactured home, the court may, upon good cause shown, provide for an alternate disposition of the manufactured home, including, but not limited to, sale, assignment of title, or destruction. When a manufactured home is disposed of under this Section through a sale of the manufactured home, the mobile home park owner or operator shall, after payment of all outstanding rent, fees, costs, and expenses to the community, and payment in priority order to lienholders, including providers of any utility services, pay any remaining balance to the title holder of the manufactured home. If the title holder cannot be found through diligent inquiry after 90 days, then the funds shall be forfeited.

(g) If any household goods or other personal property of the defendant remain in the manufactured home at the conclusion of proceedings under this Act, then the mobile home park owner or operator shall provide for the storage of the household goods and personal property for a period of not less than 30 days after the date of the final judgment of the court providing for the disposition of the manufactured home. If the household goods or other personal property are stored in a

New matter indicated by italics - deletions by strikeout
self-storage facility, then an amount equal to the charges imposed for such storage may be recovered from the defendant. Upon the expiration of such period, the mobile home park owner or operator: (1) has no further liability for the storage or safekeeping of such household goods or personal property; and (2) may provide for the destruction or other disposition of such household goods or personal property. At least 20 days before removing any household goods or other personal property of the defendant that remains in the manufactured home at the conclusion of proceedings under this Act, the mobile home park owner or operator shall send all known manufactured home owners and manufactured home residents written notice to the last known address by certified mail, return receipt requested. The notice shall include a description of the procedures, deadlines, and costs for the retrieval of items being stored in accordance with this subsection (g).

(210 ILCS 117/15)

Sec. 15. Authorization. The corporate authority of a municipality may remove and dispose of any abandoned mobile home found within the municipality and may legally enter upon any land to do so if the mobile home park owner or operator of the mobile home park where the abandoned mobile home is located has not initiated proceedings under Section 10.1 of this Act within 45 days after written notice to the mobile home park owner or operator by certified mail, return receipt requested stating that the corporate authority intends to take action under this Act. The notice to the mobile home park owner or operator shall specify the location of the abandoned mobile home in the park. This amendatory Act of the 100th General Assembly shall not be construed to affect any other authorization or obligation of the corporate authority under this Act.

(b) An application for a salvage certificate shall be submitted to the Secretary of State in any of the following situations:

(1) When an insurance company makes a payment of damages on a total loss claim for a vehicle, the insurance company shall be deemed to be the owner of such vehicle and the vehicle shall be considered to be salvage except that ownership of (i) a vehicle that has incurred only hail damage that does not affect the operational safety of the vehicle or (ii) any vehicle 9 model years of age or older may, by agreement between the registered owner and the insurance company, be retained by the registered owner of such vehicle. The insurance company shall promptly deliver or mail within 20 days the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the insurance company. Notwithstanding the foregoing, an insurer making payment of damages on a total loss claim for the theft of a vehicle shall not be required to apply for a salvage certificate unless the vehicle is recovered and has incurred damage that initially would have caused the vehicle to be declared a total loss by the insurer.

(1.1) When a vehicle of a self-insured company is to be sold in the State of Illinois and has sustained damaged by collision, fire, theft, rust corrosion, or other means so that the self-insured company determines the vehicle to be a total loss, or if the cost of repairing the damage, including labor, would be greater than 70% of its fair market value without that damage, the vehicle shall be considered salvage. The self-insured company shall promptly deliver the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the self-insured company. A self-insured company making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the self-insured shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule, require photographs to be submitted.

(2) When a vehicle the ownership of which has been transferred to any person through a certificate of purchase from
acquisition of the vehicle at an auction, other dispositions as set forth in Sections 4-208 and 4-209 of this Code, or a lien arising under Section 18a-501 of this Code, or a public sale under the Abandoned Mobile Home Act shall be deemed salvage or junk at the option of the purchaser. The person acquiring such vehicle in such manner shall promptly deliver or mail, within 20 days after the acquisition of the vehicle, the certificate of purchase, the proper application and fee, and, if the vehicle is an abandoned mobile home under the Abandoned Mobile Home Act, a certification from a local law enforcement agency that the vehicle was purchased or acquired at a public sale under the Abandoned Mobile Home Act to the Secretary of State and a salvage certificate or junking certificate shall be issued in the name of that person. The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue

a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued

shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(6) When any licensed rebuilder, repairer, new or used vehicle dealer, or remittance agent has submitted an application for title to a vehicle (other than an application for title to a rebuilt vehicle) that he or she knows or reasonably should have known to have sustained damages in excess of 33 1/3% of the vehicle's fair market value without that damage; provided, however, that any application for a salvage certificate for a vehicle recovered from theft and acquired from an insurance company shall be made as required by paragraph (1) of this subsection (b).

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

(G) any other data the State Comptroller and the Department may reasonably request from time to time;

(10) the agreement of each qualified purchaser to use its reasonable best efforts, and for any sub-participant to cause a qualified purchaser to use its reasonable best efforts, to diligently pursue receipt of assigned penalties associated with the assigned receivables, including, without limitation, by promptly notifying the relevant State agency that an assigned penalty is due and, if necessary, seeking payment of assigned penalties through the Illinois Court of Claims; and

(11) the agreement of each qualified purchaser and any sub-participant to use their reasonable best efforts to implement the Program terms and to perform their obligations under the Program in a timely fashion.

(g) Each qualified purchaser's performance and implementation of its obligations under subsection (f) shall be subject to review by the Department and the State Comptroller at any time to confirm that the qualified purchaser is undertaking those obligations in a manner consistent with the terms and conditions of the Program. A qualified purchaser's failure to so perform its obligations including, without limitation, its obligations to diligently pursue receipt of assigned penalties associated with assigned receivables, shall be grounds for the Department and the State Comptroller to terminate the qualified purchaser's participation in the Program under subsection (i). Any such termination shall be without prejudice to any rights a participating vendor may have against that qualified purchaser, in law or in equity, including, without limitation, the right to enforce the terms of the assignment agreement and of the Program against the qualified purchaser.

(h) In determining whether any applicant shall be designated as a qualified purchaser, the Department shall have the right to review or approve sub-participants that intend to purchase assigned receivables, directly or indirectly, by or through the applicant. The Department reserves the right to reject or terminate the designation of any applicant as a qualified purchaser or require an applicant to exclude a proposed sub-participant in order to become or remain a qualified purchaser on the basis of a review, whether prior to or after the designation. Each applicant and each qualified purchaser has an affirmative obligation to promptly notify the Department of any change or proposed change in the identity of the sub-participants that it disclosed to the Department no later
than 3 business days after that change. Each sub-participant shall be required to execute a sub-participant certification that will be attached to the corresponding qualified purchaser designation. Sub-participants shall meet, at a minimum, the requirements of paragraphs (2), (3), (10), and (11) of subsection (f).

(i) The Program, as codified under this Section, shall continue until terminated or suspended as follows:

(1) The Program may be terminated or suspended: (A) by the State Comptroller, after consulting with the Department, by giving 10 days prior written notice to the Department and the qualified purchasers in the Program; or (B) by the Department, after consulting with the State Comptroller, by giving 10 days prior written notice to the State Comptroller and the qualified purchasers in the Program.

(2) In the event a qualified purchaser or sub-participant breaches or fails to meet any of the terms or conditions of the Program, that qualified purchaser or sub-participant may be terminated from the Program: (A) by the State Comptroller, after consulting with the Department. The termination shall be effective immediately upon the State Comptroller giving written notice to the Department and the qualified purchaser or sub-participant; or (B) by the Department, after consulting with the State Comptroller. The termination shall be effective immediately upon the Department giving written notice to the State Comptroller and the qualified purchaser or sub-participant.

(3) A qualified purchaser or sub-participant may terminate its participation in the Program, solely with respect to its own participation in the Program, in the event of any change to this Act from the form that existed on the date that the qualified purchaser or the sub-participant, as applicable, submitted the necessary documentation for admission into the Program if the change materially and adversely affects the qualified purchaser's or the sub-participant's ability to purchase and receive payment on receivables on the terms described in this Section.

If the Program, a qualified purchaser, or a sub-participant is terminated or suspended under paragraphs (1) or (2) of this subsection (i), the Program, qualified purchaser, or sub-participant may be reinstated only by written agreement of the State Comptroller and the Department. No termination or suspension under paragraphs (1), (2), or (3) of this

PUBLIC ACT 100-1090
(House Bill No. 5749)

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 15-301 and 15-312 as follows:

(625 ILCS 5/15-301) (from Ch. 95 1/2, par. 15-301)

Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load

New matter indicated by italics - deletions by strikeout
exceeding the maximum specified in this Act or otherwise not in
conformity with this Act upon any highway under the jurisdiction of the
party granting such permit and for the maintenance of which the party is
responsible. Applications and permits other than those in written or printed
form may only be accepted from and issued to the company or individual
making the movement. Except for an application to move directly across a
highway, it shall be the duty of the applicant to establish in the application
that the load to be moved by such vehicle or combination cannot
reasonably be dismantled or disassembled, the reasonableness of which
shall be determined by the Secretary of the Department. For the purpose of
over length movements, more than one object may be carried side by side
as long as the height, width, and weight laws are not exceeded and the
cause for the over length is not due to multiple objects. For the purpose of
over height movements, more than one object may be carried as long as the
cause for the over height is not due to multiple objects and the length,
width, and weight laws are not exceeded. For the purpose of an over width
movement, more than one object may be carried as long as the cause for
the over width is not due to multiple objects and length, height, and weight
laws are not exceeded. Except for transporting fluid milk products, no
State or local agency shall authorize the issuance of excess size or weight
permits for vehicles and loads that are divisible and that can be carried,
when divided, within the existing size or weight maximums specified in
this Chapter. Any excess size or weight permit issued in violation of the
provisions of this Section shall be void at issue and any movement made
thereunder shall not be authorized under the terms of the void permit. In
any prosecution for a violation of this Chapter when the authorization of
an excess size or weight permit is at issue, it is the burden of the defendant
to establish that the permit was valid because the load to be moved could
not reasonably be dismantled or disassembled, or was otherwise
nondivisible.

(b) The application for any such permit shall: (1) state whether
such permit is requested for a single trip or for limited continuous
operation; (2) state if the applicant is an authorized carrier under the
Illinois Motor Carrier of Property Law, if so, his certificate, registration or
permit number issued by the Illinois Commerce Commission; (3)
specifically describe and identify the vehicle or vehicles and load to be
operated or moved except that for vehicles or vehicle combinations
registered by the Department as provided in Section 15-319 of this
Chapter, only the Illinois Department of Transportation's (IDT)

New matter indicated by italics - deletions by strikeout
registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to subsection paragraph (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2-axle
single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3-axle or 4-axle vehicle registered by the Secretary of State with axle loads not to exceed 20%, and on a 5-axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

(1) cultivated plants or agricultural produce grown including, but is not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;
(2) livestock, including, but not limited to, hogs, equine, sheep, and poultry;
(3) ensilage; and
(4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Illinois Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) Upon a declaration by the Governor that an emergency harvest situation exists, a special permit shall be issued by the Department under this Section and shall be required from September 1 through December 31 during harvest season emergencies for a vehicle that exceeds the maximum axle weight and gross weight limits under Section 15-111 of this Code or exceeds the vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits under Section 15-111 of this Code and does not exceed the vehicle's registered gross weight by 10%. All other restrictions that apply to permits issued under this Section shall apply during the declared time period and no fee shall be charged for the issuance of those permits. Permits issued by the Department under this subsection (e-1) are only valid on federal and State highways under the jurisdiction of the Department, except interstate highways. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion:

New matter indicated by italics - deletions by strikeout
discretion, waive special permit requirements during harvest season emergencies, and set a divisible load weight limit not to exceed 10% above a vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits specified in Section 15-111. Permits issued under this subsection (e-1) shall apply to all registered vehicles eligible to obtain permits under this Section, including vehicles used in private or for-hire movement of divisible load agricultural commodities during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in subsection paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while enroute to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

- Single axle: 2000 pounds
- Tandem axle: 3000 pounds
- Gross: 5000 pounds

New matter indicated by italics - deletions by strikeout
(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

(1) All operators shall be 18 years of age or over and properly licensed to operate the vehicle.

(2) Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under the Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off-route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or
corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Code Act.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department shall not issue permits to the person, firm or corporation convicted of a third offense during a period of one year after the date of conviction for such third offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a tow truck that exceeds the weight limits provided for in subsection (a) of Section 15-111, provided:

1. no rear single axle of the tow truck exceeds 26,000 pounds;
2. no rear tandem axle of the tow truck exceeds 50,000 pounds;
2.1. no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;
3. neither the disabled vehicle nor the disabled combination of vehicles exceed the weight restrictions imposed by this Chapter 15, or the weight limits imposed under a permit issued by the Department prior to hookup;
4. the tow truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;
5. during the tow operation the tow truck does not violate any weight restriction sign;
6. the tow truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;
7. the tow truck is specifically designed and licensed as a tow truck;
8. the tow truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;
9. the tow truck is equipped with air brakes;
10. the tow truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;
11. the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;
12. the permit issued to the tow truck is carried in the tow truck and exhibited on demand by a police officer; and

(13) the movement shall be valid only on State routes approved by the Department.

(o) (Blank).

(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of subsection paragraph (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling public, whether dismantling or disassembling the load promotes or stifles economic development and whether the proposed route travels less than 5 miles. A load is not required to be dismantled or disassembled for the purposes of subsection paragraph (a) if the Secretary of the Department determines there will be no significant negative impact to pavement or structures along the proposed route, the proposed load or vehicle causes no safety hazard to the traveling public, dismantling or disassembling the load does not promote economic development and the proposed route travels less than 5 miles. The Department may promulgate rules for the purpose of establishing the divisibility of a load pursuant to subsection paragraph (a). Any load determined by the Secretary to be nondivisible shall otherwise comply with the existing size or weight maximums specified in this Chapter.

Methods of communication shall be available for consultation with the collaborating physician in person or by telecommunications or electronic communications as set forth in the written agreement.

(b-5) Absent an employment relationship, a written collaborative agreement may not (1) restrict the categories of patients of an advanced practice registered nurse within the scope of the advanced practice registered nurses training and experience, (2) limit third party payors or government health programs, such as the medical assistance program or Medicare with which the advanced practice registered nurse contracts, or (3) limit the geographic area or practice location of the advanced practice registered nurse in this State.

Section 99. Effective date. This Act takes effect January 1, 2018.
Approved August 26, 2018.
Effective August 26, 2018.
AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 4-112, 7-109, and 7-109.3 as follows:

(40 ILCS 5/4-112) (from Ch. 108 1/2, par. 4-112)

Sec. 4-112. Determination of disability; restoration to active service; disability cannot constitute cause for discharge. A disability pension shall not be paid until disability has been established by the board by examinations of the firefighter at pension fund expense by 3 physicians selected by the board and such other evidence as the board deems necessary. The 3 physicians selected by the board need not agree as to the existence of any disability or the nature and extent of a disability. Medical examination of a firefighter receiving a disability pension shall be made at least once each year prior to attainment of age 50 in order to verify continuance of disability, except that a medical examination of a firefighter receiving a disability pension for post-traumatic stress disorder (PTSD) related to his or her service as a firefighter shall not be made if: (1) the firefighter has attained age 45; (2) the firefighter has provided to the board documentation approving the discontinuance of the medical examination from at least 2 physicians; and (3) at least 4 members of the board have voted in the affirmative to allow the firefighter to discontinue the medical examination. No examination shall be required after age 50.

No physical or mental disability that constitutes, in whole or in part, the basis of an application for benefits under this Article may be used, in whole or in part, by any municipality or fire protection district employing firefighters, emergency medical technicians, or paramedics as cause for discharge.

Upon satisfactory proof to the board that a firefighter on the disability pension has recovered from disability, the board shall terminate the disability pension. The firefighter shall report to the marshal or chief of the fire department, who shall thereupon order immediate reinstatement into active service, and the municipality shall immediately return the firefighter to its payroll, in the same rank or grade held at the date he or she was placed on disability pension. If the firefighter must file a civil action against the municipality to enforce his or her mandated return to

payroll under this paragraph, then the firefighter is entitled to recovery of reasonable court costs and attorney's fees.

The firefighter shall be entitled to 10 days notice before any hearing or meeting of the board at which the question of his or her disability is to be considered, and shall have the right to be present at any such hearing or meeting, and to be represented by counsel; however, the board shall not have any obligation to provide such fireman with counsel. Sec. 7-109. Employee.
(1) "Employee" means any person who:

(a) 1. Receives earnings as payment for the performance of personal services or official duties out of the general fund of a municipality, or out of any special fund or funds controlled by a municipality, or by an instrumentality thereof, or a participating instrumentality, including, in counties, the fees or earnings of any county fee office; and

2. Under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee with a municipality, or any instrumentality thereof, or a participating instrumentality, including aldermen, county supervisors and other persons (excepting those employed as independent contractors) who are paid compensation, fees, allowances or other emolument for official duties, and, in counties, the several county fee offices.

(b) Serves as a township treasurer appointed under the School Code, as heretofore or hereafter amended, and who receives for such services regular compensation as distinguished from per diem compensation, and any regular employee in the office of any township treasurer whether or not his earnings are paid from the income of the permanent township fund or from funds subject to distribution to the several school districts and parts of school districts as provided in the School Code, or from both such sources; or is the chief executive officer, chief educational officer, chief fiscal officer, or other employee of a Financial Oversight Panel established pursuant to Article 1H of the School Code, other than a superintendent or certified school business official, except that such person shall not be treated as an employee under this Section if that person has negotiated with the Financial Oversight
Panel, in conjunction with the school district, a contractual agreement for exclusion from this Section.

(c) Holds an elective office in a municipality, instrumentality thereof or participating instrumentality.

(2) "Employee" does not include persons who:

(a) Are eligible for inclusion under any of the following laws:

2. Articles 15 and 16 of this Code.

However, such persons shall be included as employees to the extent of earnings that are not eligible for inclusion under the foregoing laws for services not of an instructional nature of any kind.

However, any member of the armed forces who is employed as a teacher of subjects in the Reserve Officers Training Corps of any school and who is not certified under the law governing the certification of teachers shall be included as an employee.

(b) Are designated by the governing body of a municipality in which a pension fund is required by law to be established for policemen or firemen, respectively, as performing police or fire protection duties, except that when such persons are the heads of the police or fire department and are not eligible to be included within any such pension fund, they shall be included within this Article; provided, that such persons shall not be excluded to the extent of concurrent service and earnings not designated as being for police or fire protection duties. However, (i) any head of a police department who was a participant under this Article immediately before October 1, 1977 and did not elect, under Section 3-109 of this Act, to participate in a police pension fund shall be an "employee", and (ii) any chief of police who became a participating employee under this Article before January 1, 2019 and who elects to participate in this Fund under Section 3-109.1 of this Code, regardless of whether such person continues to be employed as chief of police or is employed in some other rank or capacity within the police department, shall be an employee under this Article for so long as such person is employed to perform
police duties by a participating municipality and has not lawfully rescinded that election.

(b-5) Were not participating employees under this Article before the effective date of this amendatory Act of the 100th General Assembly and participated as a chief of police in a fund under Article 3 and return to work in any capacity with the police department, with any oversight of the police department, or in an advisory capacity for the police department with the same municipality with which that pension was earned, regardless of whether they are considered an employee of the police department or are eligible for inclusion in the municipality's Article 3 fund.

(c) Are contributors to or eligible to contribute to a Taft-Hartley pension plan to which the participating municipality is required to contribute as the person's employer based on earnings from the municipality. Nothing in this paragraph shall affect service credit or creditable service for any period of service prior to the effective date of this amendatory Act of the 98th General Assembly, and this paragraph shall not apply to individuals who are participating in the Fund prior to the effective date of this amendatory Act of the 98th General Assembly.

(d) Become an employee of any of the following participating instrumentalities on or after the effective date of this amendatory Act of the 99th General Assembly: the Illinois Municipal League; the Illinois Association of Park Districts; the Illinois Supervisors, County Commissioners and Superintendents of Highways Association; an association, or not-for-profit corporation, membership in which is authorized under Section 85-15 of the Township Code; the United Counties Council; or the Will County Governmental League.

(3) All persons, including, without limitation, public defenders and probation officers, who receive earnings from general or special funds of a county for performance of personal services or official duties within the territorial limits of the county, are employees of the county (unless excluded by subsection (2) of this Section) notwithstanding that they may be appointed by and are subject to the direction of a person or persons other than a county board or a county officer. It is hereby established that an employer-employee relationship under the usual common law rules exists between such employees and the county paying their salaries by reason of the fact that the county boards fix their rates of compensation,
appropriate funds for payment of their earnings and otherwise exercise control over them. This finding and this amendatory Act shall apply to all such employees from the date of appointment whether such date is prior to or after the effective date of this amendatory Act and is intended to clarify existing law pertaining to their status as participating employees in the Fund.

(2) Reporting allegations of adult students with disabilities. Upon receipt of a reportable allegation regarding an adult student with a disability, the Department's Office of the Inspector General shall determine whether the allegation meets the criteria for the Domestic Abuse Program under the Abuse of Adults with Disabilities Intervention Act. If the allegation is reportable to that program, the Office of the Inspector General shall initiate an investigation. If the allegation is not reportable to the Domestic Abuse Program, the Office of the Inspector General shall make an expeditious referral to the respective law enforcement entity. If the alleged victim is already receiving services from the Department,
the Office of the Inspector General shall also make a referral to the respective Department of Human Services' Division or Bureau.

(m) Investigative reports. Upon completion of an investigation, the Office of Inspector General shall issue an investigative report identifying whether the allegations are substantiated, unsubstantiated, or unfounded. Within 10 business days after the transmittal of a completed investigative report substantiating an allegation, finding an allegation is unsubstantiated, or if a recommendation is made, the Inspector General shall provide the investigative report on the case to the Secretary and to the director of the facility or agency where any one or more of the following occurred: mental abuse, physical abuse, sexual abuse, neglect, egregious neglect, or financial exploitation. The director of the facility or agency shall be responsible for maintaining the confidentiality of the investigative report consistent with State and federal law. In a substantiated case, the investigative report shall include any mitigating or aggravating circumstances that were identified during the investigation. If the case involves substantiated neglect, the investigative report shall also state whether egregious neglect was found. An investigative report may also set forth recommendations. All investigative reports prepared by the Office of the Inspector General shall be considered confidential and shall not be released except as provided by the law of this State or as required under applicable federal law. Unsubstantiated and unfounded reports shall not be disclosed except as allowed under Section 6 of the Abused and Neglected Long Term Care Facility Residents Reporting Act. Raw data used to compile the investigative report shall not be subject to release unless required by law or a court order. "Raw data used to compile the investigative report" includes, but is not limited to, any one or more of the following: the initial complaint, witness statements, photographs, investigator's notes, police reports, or incident reports. If the allegations are substantiated, the accused shall be provided with a redacted copy of the investigative report. Death reports where there was no allegation of abuse or neglect shall only be released pursuant to applicable State or federal law or a valid court order.

(n) Written responses and reconsideration requests.

(1) Written responses. Within 30 calendar days from receipt of a substantiated investigative report or an investigative report which contains recommendations, absent a reconsideration request, the facility or agency shall file a written response that addresses, in a concise and reasoned manner, the actions taken to: (i) protect the

individual; (ii) prevent recurrences; and (iii) eliminate the problems identified. The response shall include the implementation and completion dates of such actions. If the written response is not filed within the allotted 30 calendar day period, the Secretary shall determine the appropriate corrective action to be taken.

(2) Reconsideration requests. The facility, agency, victim or guardian, or the subject employee may request that the Office of Inspector General reconsider or clarify its finding based upon additional information.

(o) Disclosure of the finding by the Inspector General. The Inspector General shall disclose the finding of an investigation to the following persons: (i) the Governor, (ii) the Secretary, (iii) the director of the facility or agency, (iv) the alleged victims and their guardians, (v) the complainant, and (vi) the accused. This information shall include whether the allegations were deemed substantiated, unsubstantiated, or unfounded.

(p) Secretary review. Upon review of the Inspector General's investigative report and any agency's or facility's written response, the Secretary shall accept or reject the written response and notify the Inspector General of that determination. The Secretary may further direct that other administrative action be taken, including, but not limited to, any one or more of the following: (i) additional site visits, (ii) training, (iii) provision of technical assistance relative to administrative needs, licensure or certification, or (iv) the imposition of appropriate sanctions.

(q) Action by facility or agency. Within 30 days of the date the Secretary approves the written response or directs that further administrative action be taken, the facility or agency shall provide an implementation report to the Inspector General that provides the status of the action taken. The facility or agency shall be allowed an additional 30 days to send notice of completion of the action or to send an updated implementation report. If the action has not been completed within the additional 30-day period, the facility or agency shall send updated implementation reports every 60 days until completion. The Inspector General shall conduct a review of any implementation plan that takes more than 120 days after approval to complete, and shall monitor compliance through a random review of approved written responses, which may include, but are not limited to: (i) site visits, (ii) telephone contact, and (iii) requests for additional documentation evidencing compliance.

(r) Sanctions. Sanctions, if imposed by the Secretary under Subdivision (p)(iv) of this Section, shall be designed to prevent further...
acts of mental abuse, physical abuse, sexual abuse, neglect, egregious
neglect, or financial exploitation or some combination of one or more of
those acts at a facility or agency, and may include any one or more of the
following:

(1) Appointment of on-site monitors.
(2) Transfer or relocation of an individual or individuals.
(3) Closure of units.
(4) Termination of any one or more of the following: (i)
Department licensing, (ii) funding, or (iii) certification.

The Inspector General may seek the assistance of the Illinois
Attorney General or the office of any State's Attorney in implementing
sanctions.

(s) Health Care Worker Registry.

(1) Reporting to the Registry. The Inspector General shall
report to the Department of Public Health's Health Care Worker
Registry, a public registry, the identity and finding of each
employee of a facility or agency against whom there is a final
investigative report containing a substantiated allegation of
physical or sexual abuse, financial exploitation, or egregious
neglect of an individual.

(2) Notice to employee. Prior to reporting the name of an
employee, the employee shall be notified of the Department's
obligation to report and shall be granted an opportunity to request
an administrative hearing, the sole purpose of which is to
determine if the substantiated finding warrants reporting to the
Registry. Notice to the employee shall contain a clear and concise
statement of the grounds on which the report to the Registry is
based, offer the employee an opportunity for a hearing, and identify
the process for requesting such a hearing. Notice is sufficient if
provided by certified mail to the employee's last known address. If
the employee fails to request a hearing within 30 days from the
date of the notice, the Inspector General shall report the name of
the employee to the Registry. Nothing in this subdivision (s)(2)
shall diminish or impair the rights of a person who is a member of
a collective bargaining unit under the Illinois Public Labor
Relations Act or under any other federal labor statute.

(3) Registry hearings. If the employee requests an
administrative hearing, the employee shall be granted an
opportunity to appear before an administrative law judge to present

reasons why the employee's name should not be reported to the Registry. The Department shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that the substantiated finding warrants reporting to the Registry. After considering all the evidence presented, the administrative law judge shall make a recommendation to the Secretary as to whether the substantiated finding warrants reporting the name of the employee to the Registry. The Secretary shall render the final decision. The Department and the employee shall have the right to request that the administrative law judge consider a stipulated disposition of these proceedings.

(4) Testimony at Registry hearings. A person who makes a report or who investigates a report under this Act shall testify fully in any judicial proceeding resulting from such a report, as to any evidence of abuse or neglect, or the cause thereof. No evidence shall be excluded by reason of any common law or statutory privilege relating to communications between the alleged perpetrator of abuse or neglect, or the individual alleged as the victim in the report, and the person making or investigating the report. Testimony at hearings is exempt from the confidentiality requirements of subsection (f) of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act.

(5) Employee's rights to collateral action. No reporting to the Registry shall occur and no hearing shall be set or proceed if an employee notifies the Inspector General in writing, including any supporting documentation, that he or she is formally contesting an adverse employment action resulting from a substantiated finding by complaint filed with the Illinois Civil Service Commission, or which otherwise seeks to enforce the employee's rights pursuant to any applicable collective bargaining agreement. If an action taken by an employer against an employee as a result of a finding of physical abuse, sexual abuse, or egregious neglect is overturned through an action filed with the Illinois Civil Service Commission or under any applicable collective bargaining agreement and if that employee's name has already been sent to the Registry, the employee's name shall be removed from the Registry.

(6) Removal from Registry. At any time after the report to the Registry, but no more than once in any 12-month period, an employee may petition the Department in writing to remove his or

her name from the Registry. Upon receiving notice of such request, the Inspector General shall conduct an investigation into the petition. Upon receipt of such request, an administrative hearing will be set by the Department. At the hearing, the employee shall bear the burden of presenting evidence that establishes, by a preponderance of the evidence, that removal of the name from the Registry is in the public interest. The parties may jointly request that the administrative law judge consider a stipulated disposition of these proceedings.

(t) Review of Administrative Decisions. The Department shall preserve a record of all proceedings at any formal hearing conducted by the Department involving Health Care Worker Registry hearings. Final administrative decisions of the Department are subject to judicial review pursuant to provisions of the Administrative Review Law.

(u) Quality Care Board. There is created, within the Office of the Inspector General, a Quality Care Board to be composed of 7 members appointed by the Governor with the advice and consent of the Senate. One of the members shall be designated as chairman by the Governor. Of the initial appointments made by the Governor, 4 Board members shall each be appointed for a term of 4 years and 3 members shall each be appointed for a term of 2 years. Upon the expiration of each member's term, a successor shall be appointed for a term of 4 years. In the case of a vacancy in the office of any member, the Governor shall appoint a successor for the remainder of the unexpired term.

Members appointed by the Governor shall be qualified by professional knowledge or experience in the area of law, investigatory techniques, or in the area of care of the mentally ill or care of persons with developmental disabilities. Two members appointed by the Governor shall be persons with a disability or a parent of a person with a disability. Members shall serve without compensation, but shall be reimbursed for expenses incurred in connection with the performance of their duties as members.

The Board shall meet quarterly, and may hold other meetings on the call of the chairman. Four members shall constitute a quorum allowing the Board to conduct its business. The Board may adopt rules and regulations it deems necessary to govern its own procedures.

The Board shall monitor and oversee the operations, policies, and procedures of the Inspector General to ensure the prompt and thorough

(3) Advise the Inspector General as to the content of training activities authorized under this Section.

(4) Recommend policies concerning methods for improving the intergovernmental relationships between the Office of the Inspector General and other State or federal offices.

(v) Annual report. The Inspector General shall provide to the General Assembly and the Governor, no later than January 1 of each year, a summary of reports and investigations made under this Act for the prior fiscal year with respect to individuals receiving mental health or developmental disabilities services. The report shall detail the imposition of sanctions, if any, and the final disposition of any corrective or administrative action directed by the Secretary. The summaries shall not contain any confidential or identifying information of any individual, but shall include objective data identifying any trends in the number of reported allegations, the timeliness of the Office of the Inspector General's investigations, and their disposition, for each facility and Department-wide, for the most recent 3-year time period. The report shall also identify, by facility, the staff-to-patient ratios taking account of direct care staff only. The report shall also include detailed recommended administrative actions and matters for consideration by the General Assembly.

(w) Program audit. The Auditor General shall conduct a program audit of the Office of the Inspector General on an as-needed basis, as determined by the Auditor General. The audit shall specifically include the Inspector General's compliance with the Act and effectiveness in investigating reports of allegations occurring in any facility or agency. The Auditor General shall conduct the program audit according to the provisions of the Illinois State Auditing Act and shall report its findings to the General Assembly no later than January 1 following the audit period.

(x) Nothing in this Section shall be construed to mean that an individual is a victim of abuse or neglect because of health care services appropriately provided or not provided by health care professionals.

New matter indicated by italics - deletions by strikeout
(y) Nothing in this Section shall require a facility, including its employees, agents, medical staff members, and health care professionals, to provide a service to an individual in contravention of that individual's stated or implied objection to the provision of that service on the ground that that service conflicts with the individual's religious beliefs or practices, nor shall the failure to provide a service to an individual be considered abuse under this Section if the individual has objected to the provision of that service based on his or her religious beliefs or practices.

Sec. 2.04. Reclamation.
(a) The Department or such agency or department of State government as the Department may designate pursuant to subsection (d) of Section 3.05 may enter and reclaim abandoned lands under this Section if the Department finds that:

(1) land or water resources have been adversely affected by past coal mining practices; and

(2) the adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent should be taken; and

(3) the owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known, or readily available; or the owners will not give permission for the United States, the States, political subdivisions, their agents, employees, or contractors to enter upon such property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices.

(b) After (1) the findings required by subsection (a) of this Section have been made, and (2) giving notice by mail return receipt requested to the owners if known or if not known by posting notice upon the premises and advertising once in a newspaper of general circulation in the municipality in which the land lies, the Department or such agency or department of State government as the Department may designate pursuant to subsection (d) of Section 3.05 shall have the right to enter on the property adversely affected by past mining practices and any other property to have access to such property to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects.

(c) The moneys expended for such work and the benefits accruing to any such premises so entered upon shall be chargeable against such land and shall mitigate or offset any claim in or any action brought by any owner of any interest in such premises for any alleged damage by virtue of such entry. This provision is not intended to create new rights of action or eliminate existing immunities.

Sec. 2.09. Liens.

(a) Within 6 months after the completion of projects to restore, reclaim, abate, control, or prevent adverse effects of past coal mining practices on privately owned land under this Article, the Department shall itemize the moneys so expended and may file a statement thereof in the office of the county in which the land lies which has the responsibility under local law for the recording of judgments against land, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of adverse effects of past mining practices if the moneys so expended shall result in a significant increase in property value. Such statement shall constitute a lien upon the land. The lien shall not exceed the amount determined by appraisal to be the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

(b) No lien shall be filed under this Section against the property of any person who owned the surface prior to May 2, 1977, and who neither consented to nor participated in nor exercised control over the mining operation which necessitated the reclamation performed hereunder.

New matter indicated by italics - deletions by strikeout
(c) The landowner may proceed as provided by law to petition within 60 days of the filing of the lien, to determine the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. The amount reported to be the increase in value of the premises shall constitute the amount of the lien and shall be recorded with the statement provided in this Section. Any party aggrieved by the decision may seek appropriate judicial relief at the Circuit Court.

(d) The lien provided in this Section shall be entered in the county office in which the land lies and which has responsibility under local law for the recording of judgments against land. Such statement shall constitute a lien upon the said land as of the date of the expenditure of the moneys and shall have priority as a lien second only to the lien of real estate taxes imposed upon said land or such lesser priority as may be permitted or required by the Federal Act or regulations thereunder. The statement shall state the priority claimed for such lien.

To the extent that it is consistent with the Federal Surface Mining Control and Reclamation Act of 1977, Public Law P.L. 95-87, as amended, the Department shall provide by rule for the accumulation of interest on the amount secured by the lien. (Source: P.A. 89-445, eff. 2-7-96.)

(a) (Blank). It is hereby declared that open and abandoned tunnels, shafts, and entryways and abandoned and deteriorating equipment, structures, and facilities resulting from any previous non-coal mining operations constitute a hazard to the public health and safety. The Department is authorized and empowered to fill or seal such abandoned tunnels, shafts, and entryways and remove equipment, structures, and facilities which it determines could endanger life and property and constitute a hazard to the public health and safety.

(b) The Department may make expenditures and carry out the purposes of this Section for lands mined for substances other than coal; provided, however, that those non-coal reclamation projects be accorded a high priority under subsection (a) of paragraph (1) of Section 2.03 and that annual expenditures for non-coal reclamation do not exceed 2% of the Department's annual budget for mine land reclamation. Except for those non-coal reclamation projects relating to the protection of the public health or safety which shall be accorded a high priority, non-coal reclamation

New matter indicated by italics - deletions by strikeout
expenditures shall be made only after all reclamation with respect to abandoned coal lands or coal development impacts has been accomplished.

(c) In those instances where coal mine waste piles are being reworked for conservation purposes, the Department may make additional incremental expenditures to dispose of the wastes from such operations by filling voids and sealing tunnels if the disposal of these wastes is in accordance with the purposes of this Section.

(d) The Department shall acquire, by purchase, exchange, gifts, condemnation or otherwise, the fee simple title or any lesser interest in and to such land rights or other property as the Department considers necessary to carry out the provisions of this Section. Transfers and dispositions of such land shall be made in the same manner as prescribed by Section 2.07 of this Act.

(e) Consistent with this Section, the Department may enter and reclaim abandoned non-coal mined lands in the same manner as prescribed in Section 2.04 of this Act.

(Source: P.A. 97-991, eff. 8-17-12.)

(20 ILCS 1920/3.04) (from Ch. 96 1/2, par. 8003.04)

Sec. 3.04. Water Pollution Control.

(a) The Department may set aside up to 30% of each year's allocation of available abandoned mine reclamation funds distributed annually from the State share and historic coal share funds into a separate fund for the abatement of the causes and treatment of the effects of acid mine drainage in a comprehensive manner within qualified hydrologic units affected by coal mining practices. These funds shall be deposited into a special State account and will be used and accounted for in accordance with all applicable State and federal regulations used solely to achieve the priorities stated in Title IV of the federal Surface Mining Control and Reclamation Act of 1977. In this Section, "qualified hydrologic unit" means a hydrologic unit in which the water quality has been significantly affected by acid mine drainage from coal mining practices in a manner that adversely impacts biological resources and that contains land and water that are eligible for protection under Section 1.03 of this Act and includes any of the priorities described in Section 2.03 of this Act.

(b) The Department or such agency or department of State government as the Department may designate pursuant to subsection (d) of Section 3.05 may construct and operate a plant or plants for the control and treatment of water pollution resulting from mine drainage. The extent
of this control and treatment may be dependent upon the ultimate use of the water. No control or treatment under this Section shall in any way be less than that required under the Environmental Protection Act. The construction of a plant or plants may include major interceptors and other facilities appurtenant to the plan.

"Annual training" means any active duty performed under Section 10147 or 12301(b) of Title 10 of the United States Code or under Section 502(a) of Title 32 of the United States Code.

"Base pay" means the main component of military pay, whether active or inactive, based on rank and time in service. It does not include the addition of conditional funds for specific purposes such as allowances, incentive and special pay. Base pay, also known as basic pay, can be determined by referencing the appropriate military pay chart covering the time period in question located on the federal Defense Finance and Accounting Services website or as reflected on a federal Military Leave and Earnings Statement.

"Benefits" includes, but is not limited to, the terms, conditions, or privileges of employment, including any advantage, profit, privilege, gain, status, account, or interest, including wages or salary for work performed, that accrues by reason of an employment contract or agreement or an employer policy, plan, or practice and includes rights and benefits under a pension plan, a health plan, an employee stock ownership plan, insurance coverage and awards, bonuses, severance pay, supplemental unemployment benefits, vacations, and the opportunity to select work hours or location of employment.

"Differential compensation" means pay due when the employee's daily rate of compensation for military service is less than his or her daily rate of compensation as a public employee.

"Employee" means anyone employed by an employer. "Employee" includes any person who is a citizen, national, or permanent resident alien of the United States employed in a workplace that the State has legal authority to regulate business and employment. "Employee" does not include an independent contractor.

"Employer" means any person, institution, organization, or other entity that pays salary or wages for work performed or that has control over employment opportunities, including:

1. a person, institution, organization, or other entity to whom the employer has delegated the performance of employment-related responsibilities;
2. an employer of a public employee;
3. any successor in interest to a person, institution, organization, or other entity referred to under this definition; and
4. a person, institution, organization, or other entity that has been denied initial employment in violation of Section 5-15.
"Inactive duty" means inactive duty training, including drills, consisting of regularly scheduled unit training assemblies, additional training assemblies, periods of appropriate duty or equivalent training, and any special additional duties authorized for reserve component personnel by appropriate military authority. "Inactive duty" does not include active duty.

"Military leave" means a furlough or leave of absence while performing active service. It cannot be substituted for accrued vacation, annual, or similar leave with pay except at the sole discretion of the service member employee. It is not a benefit of employment that is requested but a legal requirement upon receiving notice of pending military service.

"Military service" means:

1. Service in the Armed Forces of the United States, the National Guard of any state or territory regardless of status, and the State Guard as defined in the State Guard Act. "Military service", whether active or reserve, includes service under the authority of U.S.C. Titles 10, 14, or 32, or State active duty.
2. Service in a federally recognized auxiliary of the United States Armed Forces when performing official duties in support of military or civilian authorities as a result of an emergency.

"Unit of local government" means any city, village, town, county, or special district.

(a) As used in this Section, "work days" are the actual number of days the employee would have worked during the period of military leave but for the service member's military obligation. "Work days" are tabulated without regard for the number of hours in a work day. Work hours that extend into the next calendar day count as 2 work days.

(b) Differential compensation under this Act is calculated on a daily basis and only applies to days in which the employee would have otherwise been scheduled or required to work as a public employee. Differential compensation shall be paid to all forms of active service except active service without pay. Differential compensation is calculated as follows:

(1) To calculate differential compensation, subtract the daily rate of compensation for military service from the daily rate of compensation as a public employee.

(2) To calculate the daily rate of compensation as a public employee, divide the employee's regular compensation as a public employee during the pay period by the number of work days in the pay period.

(3) To calculate the daily rate of compensation for military service, divide the employee's base pay for the applicable military service by the number of calendar days in the month the service member was paid by the military. For purposes of inactive duty, the daily rate of compensation for military service is calculated in accordance with the applicable drill pay chart issued by Defense Finance and Accounting Services.

Section 1-20. Independent contractors. Whether an individual is an employee or independent contractor under this Act is determined based on the following factors:

(1) the extent of the employer's right to control the manner in which the individual's work is to be performed;
(2) the opportunity for profit or loss that depends upon the individual's managerial skill;
(3) any investment in equipment or materials required for the individual's tasks, or his or her employment of helpers;
(4) whether the service the individual performs requires a special skill;

New matter indicated by italics - deletions by strikeout
(5) the degree of permanence of the individual's working relationship; and
(6) whether the service the individual performs is an integral part of the employer's business.

No single one of these factors is controlling, but all are relevant to determining whether an individual is an employee or an independent contractor.

Article 5. Service Member Employment Protections.

Section 5-5. Basic Protections. This Section incorporates Sections 4304, 4312, 4313, 4316, 4317, and 4318 of the Uniformed Services Employment and Reemployment Rights Act under Title 38 of the United States Code, as may be amended, including case law and regulations promulgated under that Act, subject to the following:

(1) For the purposes of this Section, all employment rights shall be extended to all employees in military service under this Act, unless otherwise stated.

(2) Military leave. A service member employee is not required to get permission from his or her employer for military leave. The service member employee is only required to give such employer advance notice of pending service. This advance notice entitles a service member employee to military leave.

An employer may not impose conditions for military leave, such as work shift replacement, not otherwise imposed by this Act or other applicable law. This paragraph shall not be construed to prevent an employer from providing scheduling options to employees in lieu of paid military leave.

A service member employee is not required to accommodate his or her employer's needs as to the timing, frequency, or duration of military leave; however, employers are permitted to bring concerns over the timing, frequency, or duration of military leave to the attention of the appropriate military authority. The accommodation of these requests are subject to military law and discretion.

Military necessity as an exception to advance notice of pending military leave for State active duty will be determined by appropriate State military authority and is not subject to judicial review.

For purposes of notice of pending military service under paragraphs (2) or (3) of the definition of "military service" under

New matter indicated by italics - deletions by strikeout
Section 1-10, an employer may require notice by appropriate military authority on official letterhead. For purposes of this paragraph, notice exceptions do not apply.

(3) Service, efficiency, and performance rating. A service member employee who is absent on military leave shall, minimally, for the period of military leave, be credited with the average of the efficiency or performance ratings or evaluations received for the 3 years immediately before the absence for military leave. Additionally, the rating shall not be less than the rating that he or she received for the rated period immediately prior to his or her absence on military leave. In computing seniority and service requirements for promotion eligibility or any other benefit of employment, the period of military duty shall be counted as civilian service. This paragraph does not apply to probationary periods.

(4) State active duty ineligible discharge. For purposes of State active duty, a disqualifying discharge or separation will be the State equivalent under the Military Code of Illinois for purposes of ineligibility of reemployment under the Uniformed Services Employment and Reemployment Rights Act as determined by appropriate State military authority.

(5) A retroactive upgrade of a disqualifying discharge or release will restore reemployment rights providing the service member employee otherwise meets this Act's eligibility criteria.

Section 5-10. Additional benefits for public employee members of a reserve component.

(a) Concurrent compensation. During periods of military leave for annual training, public employees shall continue to receive full compensation as a public employee for up to 30 days per calendar year and military leave for purposes of receiving concurrent compensation may be performed nonsynchronously.

(b) Differential Compensation. During periods of military leave for active service, public employees shall receive differential compensation subject to the following:

(1) Public employees may elect the use of accrued vacation, annual, or similar leave with pay in lieu of differential compensation during any period of military leave.

(2) Differential compensation for voluntary active service under Section 1-10 is limited to 60 work days in a calendar year.

New matter indicated by italics - deletions by strikeout
(3) Differential compensation shall not be paid for active service without pay.

(4) Public employees who have exhausted concurrent compensation under subsection (a) of Section 5-10 in a calendar year shall receive differential compensation when authorized under subsection (b) of Section 5-10 in the same calendar year.

(c) Employer-based health plan benefits shall continue in accordance with Section 5-5 of this Act, except the employer's share of the full premium and administrative costs shall continue to be paid by the employer for active duty.

(d) In the event that 20% or more employees of a unit of local government are mobilized under 10 U.S.C. 12301(a), 10 U.S.C. 12302, 10 U.S.C. 12304, or 10 U.S.C. 12304a, or 14 U.S.C. 712 concurrently, additional benefits under this Section are not required without funding for that purpose.

Section 5-15. Prohibitions on Discrimination. For the purposes of this Section, Section 4311 of the federal Uniformed Services Employment and Reemployment Rights Act entitled Discrimination Against Persons Who Serve in the Uniformed Services and Acts of Reprisal Prohibited and the regulations promulgated under that Act are incorporated.

Section 5-20. Notice of rights and duties.

(a) Each employer shall provide to employees entitled to rights and benefits under this Act a notice of the rights, benefits, and obligations of service member employees under this Act.

(b) The requirement for the provision of notice under this Act may be met by the posting of the notice where the employer's customarily place notices for employees.

Article 10. Violations.

Section 10-5. Violations. Any violation of Article 5 is a violation of this Act.

Article 15. Compliance.

Section 15-5. Private right enforcement. A service member may bring a private civil action for enforcement of a violation of this Act. A violation of Section 5-20 may not be a sole basis for a civil action under this Act.

Section 15-10. Circuit court actions by the Attorney General.

(a) If the Attorney General has reasonable cause to believe that any employer is engaged in a violation of this Act, then the Attorney General may commence a civil action in the name of the People of the State, as
parens patriae on behalf of persons within the State to enforce the provisions of this Act in any appropriate circuit court.

(b) Prior to initiating a civil action, the Attorney General shall conduct a preliminary investigation to determine whether there is reasonable cause to believe that any employer is engaged in a violation of this Act and whether the dispute can be resolved without litigation. In conducting this investigation, the Attorney General may:

(1) require the individual or entity to file a statement or report in writing under oath or otherwise, as to all information the Attorney General may consider necessary;

(2) examine under oath any person alleged to have participated in or with knowledge of the alleged violation; or

(3) issue subpoenas or conduct hearings in aid of any investigation.

(c) Service by the Attorney General of any notice requiring a person to file a statement or report, or of a subpoena upon any person, shall be made:

(1) personally by delivery of a duly executed copy thereof to the person to be served or, if a person is not a natural person, in the manner provided by the Civil Procedure law when a complaint is filed; or

(2) by mailing by certified mail a duly executed copy thereof to the person to be served at his last known abode or principal place of business within this State.

(d) In lieu of a civil action, the individual or entity alleged to have violated this Act may enter into an Assurance of Voluntary Compliance with respect to the alleged violation.

(e) Whenever any person fails to comply with any subpoena issued under this Section or whenever satisfactory copying or reproduction of any material requested in an investigation cannot be done and the person refuses to surrender the material, the Attorney General may file in any appropriate circuit court, and serve upon the person, a petition for a court order for the enforcement of the subpoena or other request.

Any person who has received a subpoena issued under subsection (b) may file in the appropriate circuit court, and serve upon the Attorney General, a petition for a court order to modify or set aside the subpoena or other request. The petition must be filed either: (1) within 20 days after the date of service of the subpoena or at any time before the return date.
specified in the subpoena, whichever date is earlier, or (2) within a longer period as may be prescribed in writing by the Attorney General.

The petition shall specify each ground upon which the petitioner relies in seeking relief under this subsection and may be based upon any failure of the subpoena to comply with the provisions of this Section or upon any constitutional or other legal right or privilege of the petitioner. During the pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the subpoena or other request, in whole or in part, except that the petitioner shall comply with any portion of the subpoena or other request not sought to be modified or set aside.

Section 15-20. Remedies.
(a) A court in its discretion may award actual damages or any other relief that the court deems proper.

Punitive damages are not authorized except in cases involving violations under Section 5-15 and may not exceed $50,000 per violation.
Reasonable attorney's fees may be awarded to the prevailing party, however, prevailing defendants may only receive attorney's fees if the court makes a finding that the plaintiff acted in bad faith.

(b) The Attorney General may bring an action in the name of the People of the State against any employer to restrain by preliminary or permanent injunction the use of any practice that violates this Act. In such an action, the court may award restitution to a service member. In addition, the court may assess a civil penalty not to exceed $5,000 per violation of this Act.

If a court orders a party to make payments to the Attorney General and the payments are to be used for the operations of the Office of the Attorney General or a party agrees, in an Assurance of Voluntary Compliance under this Act, to make payment to the Attorney General for the operations of the Office of the Attorney General, then moneys shall be deposited into the Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties of the Attorney General including, but not limited to, enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court or by an agreement to be used for a particular purpose shall be used for that purpose.

expediting the national defense under the emergent conditions which are threatening the peace and security of this nation. It is the considered judgment of the General Assembly that the service members of Illinois who respond to their country’s call to service in this time of crisis, are deserving of every protection of their employment status which the law may afford, and that repetition of the regrettable experience existing after the great war of 1917-1918, wherein returning service men were subjected to serious discrimination with regard to tenure and other rights of employment, must be avoided, since any form of economic discrimination against returning service men is a serious menace to the entire social fabric of the United States of America and the State of Illinois.

By safeguarding the employment and the rights and privileges inhering in the employment contract, of service men, the State of Illinois encourages its workers to participate to the fullest extent in the national defense program and thereby heightens the contribution of our State to the protection of our heritage of liberty and democracy.

(215 ILCS 5/356z.4)
Sec. 356z.4. Coverage for contraceptives.
(a)(1) The General Assembly hereby finds and declares all of the following:

(A) Illinois has a long history of expanding timely access to birth control to prevent unintended pregnancy.

(B) The federal Patient Protection and Affordable Care Act includes a contraceptive coverage guarantee as part of a broader requirement for health insurance to cover key preventive care services without out-of-pocket costs for patients.

(C) The General Assembly intends to build on existing State and federal law to promote gender equity and women's health and to ensure greater contraceptive coverage equity and timely access to all federal Food and Drug Administration approved methods of birth control for all individuals covered by an individual or group health insurance policy in Illinois.

(D) Medical management techniques such as denials, step therapy, or prior authorization in public and private health care coverage can impede access to the most effective contraceptive methods.

(2) As used in this subsection (a):
"Contraceptive services" includes consultations, examinations, procedures, and medical services related to the use of contraceptive methods (including natural family planning) to prevent an unintended pregnancy.

New matter indicated by italics - deletions by strikeout
"Medical necessity", for the purposes of this subsection (a), includes, but is not limited to, considerations such as severity of side effects, differences in permanence and reversibility of contraceptive, and ability to adhere to the appropriate use of the item or service, as determined by the attending provider.

"Therapeutic equivalent version" means drugs, devices, or products that can be expected to have the same clinical effect and safety profile when administered to patients under the conditions specified in the labeling and satisfy the following general criteria:

(i) they are approved as safe and effective;
(ii) they are pharmaceutical equivalents in that they (A) contain identical amounts of the same active drug ingredient in the same dosage form and route of administration and (B) meet compendial or other applicable standards of strength, quality, purity, and identity;
(iii) they are bioequivalent in that (A) they do not present a known or potential bioequivalence problem and they meet an acceptable in vitro standard or (B) if they do present such a known or potential problem, they are shown to meet an appropriate bioequivalence standard;
(iv) they are adequately labeled; and
(v) they are manufactured in compliance with Current Good Manufacturing Practice regulations.

(3) An individual or group policy of accident and health insurance amended, delivered, issued, or renewed in this State after the effective date of this amendatory Act of the 99th General Assembly shall provide coverage for all of the following services and contraceptive methods:

(A) All contraceptive drugs, devices, and other products approved by the United States Food and Drug Administration. This includes all over-the-counter contraceptive drugs, devices, and products approved by the United States Food and Drug Administration, excluding male condoms. The following apply:

(i) If the United States Food and Drug Administration has approved one or more therapeutic equivalent versions of a contraceptive drug, device, or product, a policy is not required to include all such therapeutic equivalent versions in its formulary, so long as at least one is included and covered without cost-sharing and in accordance with this Section.

New matter indicated by italics - deletions by strikeout
(ii) If an individual's attending provider recommends a particular service or item approved by the United States Food and Drug Administration based on a determination of medical necessity with respect to that individual, the plan or issuer must cover that service or item without cost sharing. The plan or issuer must defer to the determination of the attending provider.

(iii) If a drug, device, or product is not covered, plans and issuers must have an easily accessible, transparent, and sufficiently expedient process that is not unduly burdensome on the individual or a provider or other individual acting as a patient's authorized representative to ensure coverage without cost sharing.

(iv) This coverage must provide for the dispensing of 12 months' worth of contraception at one time.

(B) Voluntary sterilization procedures.

(C) Contraceptive services, patient education, and counseling on contraception.

(D) Follow-up services related to the drugs, devices, products, and procedures covered under this Section, including, but not limited to, management of side effects, counseling for continued adherence, and device insertion and removal.

(4) Except as otherwise provided in this subsection (a), a policy subject to this subsection (a) shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided. The provisions of this paragraph do not apply to coverage of voluntary male sterilization procedures to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to the federal Internal Revenue Code, 26 U.S.C. 223.

(5) Except as otherwise authorized under this subsection (a), a policy shall not impose any restrictions or delays on the coverage required under this subsection (a).

(6) If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited

to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage outlined in this subsection (a), then this subsection (a) is inoperative with respect to all coverage outlined in this subsection (a) other than that authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of the coverage set forth in this subsection (a).

(b) This subsection (b) shall become operative if and only if subsection (a) becomes inoperative.

An individual or group policy of accident and health insurance amended, delivered, issued, or renewed in this State after the date this subsection (b) becomes operative that provides coverage for outpatient services and outpatient prescription drugs or devices must provide coverage for the insured and any dependent of the insured covered by the policy for all outpatient contraceptive services and all outpatient contraceptive drugs and devices approved by the Food and Drug Administration. Coverage required under this Section may not impose any deductible, coinsurance, waiting period, or other cost-sharing or limitation that is greater than that required for any outpatient service or outpatient prescription drug or device otherwise covered by the policy.

Nothing in this subsection (b) shall be construed to require an insurance company to cover services related to permanent sterilization that requires a surgical procedure.

As used in this subsection (b), "outpatient contraceptive service" means consultations, examinations, procedures, and medical services, provided on an outpatient basis and related to the use of contraceptive methods (including natural family planning) to prevent an unintended pregnancy.

(c) Nothing in this Section shall be construed to require an insurance company to cover services related to an abortion as the term "abortion" is defined in the Illinois Abortion Law of 1975.

(d) If a plan or issuer utilizes a network of providers, nothing in this Section shall be construed to require coverage or to prohibit the plan or issuer from imposing cost-sharing for items or services described in this Section that are provided or delivered by an out-of-network provider, unless the plan or issuer does not have in its network a provider who is able to or is willing to provide the applicable items or services.

Section 5. The Property Tax Code is amended by changing Section 20-175 as follows:

(35 ILCS 200/20-175)

Sec. 20-175. Refund for erroneous assessments or overpayments.

(a) In counties other than Cook County, if any property is twice assessed for the same year, or assessed before it becomes taxable, and the erroneously assessed taxes have been paid either at sale or otherwise, or have been overpaid by the same claimant or by different claimants, the County Collector, upon being satisfied of the facts in the case, shall refund the taxes to the proper claimant. When the County Collector is unable to determine the proper claimant, the circuit court, on petition of the person paying the taxes, or his or her agent, and being satisfied of the facts in the case, shall direct the county collector to refund the taxes and deduct the amount thereof, pro rata, from the moneys due to taxing bodies which received the taxes erroneously paid, or their legal successors. Pleadings in connection with the petition provided for in this Section shall conform to that prescribed in the Civil Practice Law. Appeals may be taken from the judgment of the circuit court, either by the county collector or by the petitioner, as in other civil cases. A claim for refund shall not be allowed unless a petition is filed within 5 years from the date the right to a refund arose. If a certificate of error results in the allowance of a homestead exemption not previously allowed, the county collector shall pay the taxpayer interest on the amount of taxes paid that are attributable to the amount of the additional allowance, at the rate of 6% per year. To cover the cost of interest, the county collector shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated.

(a-1) In Cook County, if any property is twice assessed for the same year, or assessed before it becomes taxable, and the erroneously assessed taxes have been paid either at sale or otherwise, or have been overpaid by the same claimant or by different claimants, the Cook County Treasurer, upon being satisfied of the facts in the case, shall refund the taxes to the proper claimant. When the Cook County Treasurer is unable to determine the proper claimant, the circuit court, on petition of the person paying the taxes, or his or her agent, and being satisfied of the facts in the case, shall direct the Cook County Treasurer to refund the taxes plus costs of suit and deduct the amount thereof, pro rata, from the moneys due to taxing bodies which received the taxes erroneously paid, or their legal successors. Section shall conform to that prescribed in the Civil Practice Law. Appeals may be taken from the judgment of the circuit court, either by the Cook County Treasurer or by the petitioner, as in other civil cases. A claim for refund shall not be allowed unless a petition is filed within 20 years from the date the right to a refund arose. The total amount of taxes and interest refunded for claims under this subsection for which the right to a refund arose prior to January 1, 2009 shall not exceed $5,000,000 per year. If the payment of a claim for a refund would cause the aggregate total of taxes and interest for all claims to exceed $5,000,000 in any year, the refund shall be paid in the next succeeding year. If a certificate of error results in the allowance of a homestead exemption not previously allowed, the Cook County Treasurer shall pay the taxpayer interest on the amount of taxes paid that are attributable to the amount of the additional allowance, at the rate of 6% per year. To cover the cost of interest, the Cook County Treasurer shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated.

(b) Notwithstanding any other provision of law, in Cook County a claim for refund under this Section is also allowed if the application therefor is filed between September 1, 2011 and September 1, 2012 and the right to a refund arose more than 5 years prior to the date the application is filed but not earlier than January 1, 2000. The Cook County Treasurer, upon being satisfied of the facts in the case, shall refund the taxes to the proper claimant and shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated. Refunds under this subsection shall be paid in the order in which the claims are received. The Cook County Treasurer shall not accept a claim for refund under this subsection before September 1, 2011. For the purposes of this subsection, the Cook County Treasurer shall accept a claim for refund by mail or in person. In no event shall a refund be paid under this subsection if the issuance of that refund would cause the aggregate total of taxes and interest refunded for all claims under this subsection to exceed $350,000. The Cook County Treasurer shall notify the public of the provisions of this subsection on the Treasurer's website. A home rule unit may not regulate claims for refunds in a manner that is inconsistent with this Act. This Section is a limitation of home rule powers under subsection (i) of Section 6 of Article VII of the Illinois Constitution.

The State Treasurer may not invest State money in any savings and loan or building and loan association unless a commitment by the savings and loan (or building and loan) association, executed by the president or chief executive officer of that association, is submitted in the following form:

Whenever the total amount of vouchers presented to the Comptroller under Section 9 of the State Comptroller Act exceeds the funds available in the General Revenue Fund by $1,000,000,000 or more, then the State Treasurer may invest any State money in the Treasury, other than money in the General Revenue Fund, Health Insurance Reserve Fund, Attorney General Court Ordered and Voluntary Compliance Payment Projects Fund, Attorney General Whistleblower Reward and Protection Fund, and Attorney General's State Projects and Court Ordered Distribution Fund, which is not needed for current expenditures, due or about to become due, or any money in the State Treasury which has been set aside and held for the payment of the principal of and the interest on any State bonds with the Office of the Comptroller in order to enable the Comptroller to pay outstanding vouchers. the funds in the Treasury from which the Treasurer will draw the investment, and other terms upon which the State Treasurer and Comptroller mutually agree. Such investment agreements shall be public records and the State Treasurer shall post the terms of all such investment agreements on the State Treasurer's official website. In compliance with the intergovernmental agreement, the Comptroller shall order and the State Treasurer shall transfer amounts sufficient for the payment of principal and interest invested by the State Treasurer with the Office of the Comptroller under this paragraph from the General Revenue Fund or the Health Insurance Reserve Fund to the respective funds in the Treasury from which the State Treasurer drew the investment. AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Central Management Services Law of the Civil Administrative Code of Illinois is amended by changing Section 405-300 as follows:

(20 ILCS 405/405-300) (was 20 ILCS 405/67.02)
Sec. 405-300. Lease or purchase of facilities; training programs.

(a) To lease or purchase office and storage space, buildings, land, and other facilities for all State agencies, authorities, boards, commissions, departments, institutions, and bodies politic and all other administrative units or outgrowths of the executive branch of State government except the Constitutional officers, the State Board of Education and the State colleges and universities and their governing bodies. However, before leasing or purchasing any office or storage space, buildings, land or other facilities in any municipality the Department shall survey the existing State-owned and State-leased property to make a determination of need.

The leases shall be for a term not to exceed 5 years, except that the leases may contain a renewal clause subject to acceptance by the State after that date or an option to purchase. The purchases shall be made through contracts that (i) may provide for the title to the property to transfer immediately to the State or a trustee or nominee for the benefit of the State, (ii) shall provide for the consideration to be paid in installments to be made at stated intervals during a certain term not to exceed 30 years from the date of the contract, and (iii) may provide for the payment of interest on the unpaid balance at a rate that does not exceed a rate determined by adding 3 percentage points to the annual yield on United States Treasury obligations of comparable maturity as most recently published in the Wall Street Journal at the time such contract is signed. The leases and purchase contracts shall be and shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent or purchase installments payable under the terms of the lease or purchase contract. Additionally, the purchase contract shall specify that title to the office and storage space, buildings, land, and other facilities being acquired under the contract shall revert to the Seller in the event of the failure of the General

Assembly to appropriate suitable funds. However, this limitation on the term of the leases does not apply to leases to and with the Illinois Building Authority, as provided for in the Building Authority Act. Leases to and with that Authority may be entered into for a term not to exceed 30 years and shall be and shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent payable under the terms of the lease. These limitations do not apply if the lease or purchase contract contains a provision limiting the liability for the payment of the rentals or installments thereof solely to funds received from the Federal government.

(b) To lease from an airport authority office, aircraft hangar, and service buildings constructed upon a public airport under the Airport Authorities Act for the use and occupancy of the State Department of Transportation. The lease may be entered into for a term not to exceed 30 years.

(c) To establish training programs for teaching State leasing procedures and practices to new employees of the Department and to keep all employees of the Department informed about current leasing practices and developments in the real estate industry.

(d) To enter into an agreement with a municipality or county to construct, remodel, or convert a structure for the purposes of its serving as a correctional institution or facility pursuant to paragraph (c) of Section 3-2-2 of the Unified Code of Corrections.

(e) To enter into an agreement with a private individual, trust, partnership, or corporation or a municipality or other unit of local government, when authorized to do so by the Department of Corrections, whereby that individual, trust, partnership, or corporation or municipality or other unit of local government will construct, remodel, or convert a structure for the purposes of its serving as a correctional institution or facility and then lease the structure to the Department for the use of the Department of Corrections. A lease entered into pursuant to the authority granted in this subsection shall be for a term not to exceed 30 years but may grant to the State the option to purchase the structure outright.

The leases shall be and shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent payable under the terms of the lease.

(f) On and after September 17, 1983, the powers granted to the Department under this Section shall be exercised exclusively by the
Department, and no other State agency may concurrently exercise any such power unless specifically authorized otherwise by a later enacted law. This subsection is not intended to impair any contract existing as of September 17, 1983.

However, no lease for more than 10,000 square feet of space shall be executed unless the Director, in consultation with the Executive Director of the Capital Development Board, has certified that leasing is in the best interest of the State, considering programmatic requirements, availability of vacant State-owned space, the cost-benefits of purchasing or constructing new space, and other criteria as he or she shall determine. The Director shall not permit multiple leases for less than 10,000 square feet to be executed in order to evade this provision.

(g) To develop and implement, in cooperation with the Interagency Energy Conservation Committee, a system for evaluating energy consumption in facilities leased by the Department, and to develop energy consumption standards for use in evaluating prospective lease sites.

(h) (1) After June 1, 1998 (the effective date of Public Act 90-520), the Department shall not enter into an agreement for the installment purchase or lease purchase of buildings, land, or facilities unless:

(A) the using agency certifies to the Department that the agency reasonably expects that the building, land, or facilities being considered for purchase will meet a permanent space need;

(B) the building or facilities will be substantially occupied by State agencies after purchase (or after acceptance in the case of a build to suit);

(C) the building or facilities shall be in new or like new condition and have a remaining economic life exceeding the term of the contract;

(D) no structural or other major building component or system has a remaining economic life of less than 10 years;

Section 15. The Compassionate Use of Medical Cannabis Pilot Program Act is amended by changing Sections 5, 7, 10, 35, 55, 60, 65, 75, 130, and 160 and by adding Sections 36 and 62 as follows:

(410 ILCS 130/5)

(Section scheduled to be repealed on July 1, 2020)

Sec. 5. Findings.

(a) The recorded use of cannabis as a medicine goes back nearly 5,000 years. Modern medical research has confirmed the beneficial uses of cannabis in treating or alleviating the pain, nausea, and other symptoms associated with a variety of debilitating medical conditions, including
cancer, multiple sclerosis, and HIV/AIDS, as found by the National Academy of Sciences' Institute of Medicine in March 1999.

(b) Studies published since the 1999 Institute of Medicine report continue to show the therapeutic value of cannabis in treating a wide array of debilitating medical conditions. These include relief of the neuropathic pain caused by multiple sclerosis, HIV/AIDS, and other illnesses that often fail to respond to conventional treatments and relief of nausea, vomiting, and other side effects of drugs used to treat HIV/AIDS and hepatitis C, increasing the chances of patients continuing on life-saving treatment regimens.

(c) Cannabis has many currently accepted medical uses in the United States, having been recommended by thousands of licensed physicians to at least 600,000 patients in states with medical cannabis laws. The medical utility of cannabis is recognized by a wide range of medical and public health organizations, including the American Academy of HIV Medicine, the American College of Physicians, the American Nurses Association, the American Public Health Association, the Leukemia & Lymphoma Society, and many others.

(d) Data from the Federal Bureau of Investigation's Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 cannabis arrests in the U.S. are made under state law, rather than under federal law. Consequently, changing State law will have the practical effect of protecting from arrest the vast majority of seriously ill patients who have a medical need to use cannabis.

(d-5) In 2014, the Task Force on Veterans' Suicide was created by the Illinois General Assembly to gather data on veterans' suicide prevention. Data from a U.S. Department of Veterans Affairs study indicates that 22 veterans commit suicide each day.

(d-10) According to the State of Illinois Opioid Action Plan released in September 2017, "The opioid epidemic is the most significant public health and public safety crisis facing Illinois". According to the Action Plan, "Fueled by the growing opioid epidemic, drug overdoses have now become the leading cause of death nationwide for people under the age of 50. In Illinois, opioid overdoses have killed nearly 11,000 people since 2008. Just last year, nearly 1,900 people died of overdoses—almost twice the number of fatal car accidents. Beyond these deaths are thousands of emergency department visits, hospital stays, as well as the pain suffered by individuals, families, and communities".

New matter indicated by italics - deletions by strikeout
According to the Action Plan, "At the current rate, the opioid epidemic will claim the lives of more than 2,700 Illinoisans in 2020".

Further, the Action Plan states, "Physical tolerance to opioids can begin to develop as early as two to three days following the continuous use of opioids, which is a large factor that contributes to their addictive potential".

The 2017 State of Illinois Opioid Action Plan also states, "The increase in OUD [opioid use disorder] and opioid overdose deaths is largely due to the dramatic rise in the rate and amount of opioids prescribed for pain over the past decades".

Further, according to the Action Plan, "In the absence of alternative treatments, reducing the supply of prescription opioids too abruptly may drive more people to switch to using illicit drugs (including heroin), thus increasing the risk of overdose".

(e) Alaska, Arizona, California, Colorado, Connecticut, Delaware, Hawaii, Maine, Massachusetts, Michigan, Montana, Nevada, New Jersey, New Mexico, Oregon, Rhode Island, Vermont, Washington, and Washington, D.C. have removed state-level criminal penalties from the medical use and cultivation of cannabis. Illinois joins in this effort for the health and welfare of its citizens.

(f) States are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. Therefore, compliance with this Act does not put the State of Illinois in violation of federal law.

(g) State law should make a distinction between the medical and non-medical uses of cannabis. Hence, the purpose of this Act is to protect patients with debilitating medical conditions, as well as their physicians and providers, from arrest and prosecution, criminal and other penalties, and property forfeiture if the patients engage in the medical use of cannabis.

(1) A cardholder under this Act shall not be considered an unlawful user or addicted to narcotics solely as a result of his or her qualifying patient or designated caregiver status.
(2) All medical cannabis products purchased by a qualifying patient at a licensed dispensing organization shall be lawful products and a distinction shall be made between medical and non-medical uses of cannabis as a result of the qualifying patient's cardholder status, *provisional registration for qualifying patient cardholder status, or participation in the Opioid Alternative Pilot Program* under the authorized use granted under State law.

(3) *An individual with a provisional registration for qualifying patient cardholder status, a qualifying patient in the medical cannabis pilot program, or an Opioid Alternative Pilot Program participant under Section 62 shall not be considered an unlawful user or addicted to narcotics solely as a result of his or her application to or participation in the program.*

Except as provided in subsection (b-5) of this Section, no person who has been convicted of a felony under the Illinois Controlled Substances Act, Cannabis Control Act, or Methamphetamine Control and Community Protection Act, or similar provision in a local ordinance or other jurisdiction is eligible to receive a registry identification card.

(b-5) (Blank). If a person was convicted of a felony under the Cannabis Control Act or a similar provision of a local ordinance or of a law of another jurisdiction, and the action warranting that felony is no longer considered a felony after the effective date of this amendatory Act of the 99th General Assembly, that person shall be eligible to receive a registry identification card.

(c) The Department of Public Health may deny an application or renewal for a designated caregiver chosen by a qualifying patient whose registry identification card was granted only if:

(1) the designated caregiver does not meet the requirements of subsection (i) of Section 10;
(2) the applicant did not provide the information required;
(3) the prospective patient's application was denied;
(4) the designated caregiver previously had a registry identification card revoked; or
(5) the applicant or the designated caregiver provided false or falsified information; or:
(6) violated any requirement of this Act.

(d) (Blank). The Department of Public Health through the Department of State Police shall conduct a background check of the prospective qualifying patient and designated caregiver in order to carry out this Section. The Department of State Police shall charge a fee for conducting the criminal history record check, which shall be deposited in the State Police Services Fund and shall not exceed the actual cost of the record check. Each person applying as a qualifying patient or a designated caregiver shall submit a full set of fingerprints to the Department of State Police for the purpose of obtaining a State and federal criminal records check. These fingerprints shall be checked against the fingerprint records now and hereafter, to the extent allowed by law, filed in the Department of State Police and Federal Bureau of Investigation criminal history records databases. The Department of State Police shall furnish, following positive
identification, all Illinois conviction information to the Department of Public Health. The Department of Public Health may waive the submission of a qualifying patient's complete fingerprints based on (1) the severity of the patient's illness and (2) the inability of the qualifying patient to supply those fingerprints, provided that a complete criminal background check is conducted by the Department of State Police prior to the issuance of a registry identification card.

(e) The Department of Public Health shall notify the qualifying patient who has designated someone to serve as his or her designated caregiver if a registry identification card will not be issued to the designated caregiver.

(f) Denial of an application or renewal is considered a final Department action, subject to judicial review. Jurisdiction and venue for judicial review are vested in the Circuit Court.

Section 10. Certifications for victims of qualifying criminal activity.

New matter indicated by italics - deletions by strikeout
(a) The head of each certifying agency shall designate an official or officials in supervisory roles, either within the agency or, by agreement with another agency with concurrent jurisdiction over the geographic area or subject matter covered by that agency, within that other agency. Designated officials may not be members of a collective bargaining unit represented by a labor organization, unless the official is an attorney or is employed in an agency in which all supervisory officials are members of a collective bargaining unit. Certifying officials shall:

(1) respond to requests for completion of certification forms received by the agency, as required by this Section; and

(2) make information regarding the agency's procedures for certification requests publicly available for victims of qualifying criminal activity and their representatives.

(b) Any person seeking completion of a certification form shall first submit a request for completion of the certification form to the certifying official for any certifying agency that detected, investigated, or prosecuted the criminal activity upon which the request is based.

(c) A request for completion of a certification form under this Section may be submitted by a representative of the person seeking the certification form, including, but not limited to, an attorney, accredited representative, or domestic violence or sexual assault services provider.

(d) Upon receiving a request for completion of a certification form, a certifying official shall complete the certification form for any victim of qualifying criminal activity. If the certifying official cannot determine that the applicant is a victim of qualifying criminal activity, the certifying official may provide written notice to the person or the person's representative explaining why the available evidence does not support a finding that the person is a victim of qualifying criminal activity. The certifying official shall complete the certification form and provide it to the person within 90 business days of receiving the request, except:

(1) if the person making the request for completion of the certification form is in federal immigration removal proceedings or detained, the certifying official shall complete and provide the certification form to the person no later than 21 business days after the request is received by the certifying agency;

(2) if the children, parents, or siblings of the person making the request for completion of the certification form would become ineligible for benefits under Sections 1184(p) and 1184(o) of Title 8 of the United States Code by virtue of the person's children

having reached the age of 21 years, the person having reached the age of 21 years, or the person's sibling having reached the age of 18 years within 90 business days from the date that the certifying official receives the certification request, the certifying official shall complete and provide the certification form to the person no later than 21 business days after the request is received by the certifying agency;

(3) if the person's children, parents, or siblings under paragraph (2) of this subsection (d) would become ineligible for benefits under Sections 1184(p) and 1184(o) of Title 8 of the United States Code in less than 21 business days of receipt of the certification request, the certifying official shall complete and provide a certification form to the person within 5 business days; or

(4) a certifying official may extend the time period by which it must complete and provide the certification form to the person as required under this subsection (d) only upon written agreement with the person or person's representative.

Requests for expedited completion of a certification form under paragraphs (1), (2), and (3) of this subsection (d) shall be affirmatively raised by the person or that person's representative in writing to the certifying agency and shall establish that the person is eligible for expedited review.

(e) A certifying official who issued an initial certification form shall complete and reissue a certification form within 90 business days of receiving a request from a victim to reissue. If the victim seeking recertification has a deadline to respond to a request for evidence from United States Citizenship and Immigration Services, the certifying official shall complete and issue the form no later than 21 business days after the request is received by the certifying official. Requests for expedited recertification shall be affirmatively raised by the victim or victim's representative in writing and shall establish that the victim is eligible for expedited review. A certifying official may extend the deadline by which he or she will complete and reissue the certification form only upon written agreement with the victim or victim's representative.

(f) Notwithstanding any other provision of this Section, a certifying official's completion of a certification form shall not be considered sufficient evidence that an applicant for a U or T visa has met all eligibility requirements for that visa and completion of a certification form by a
The certifying official shall not be construed to guarantee that the victim will receive federal immigration relief. It is the exclusive responsibility of federal immigration officials to determine whether a person is eligible for a U or T visa. Completion of a certification form by a certifying official merely verifies factual information relevant to the federal immigration benefit sought, including information relevant for federal immigration officials to determine eligibility for a U or T visa. By completing a certification form, the certifying official attests that the information is true and correct to the best of the certifying official's knowledge. No provision in this Act limits the manner in which a certifying officer or certifying agency may describe whether the person has cooperated or been helpful to the agency or provide any additional information the certifying officer or certifying agency believes might be relevant to a federal immigration officer's adjudication of a U or T visa application. If, after completion of a certification form, the certifying official later determines the person was not the victim of qualifying criminal activity or the victim unreasonably refuses to assist in the investigation or prosecution of the qualifying criminal activity of which he or she is a victim, the certifying official may notify United States Citizenship and Immigration Services in writing.

(g) A certifying official or agency receiving requests for completion of certification forms shall not disclose the immigration status of a victim or person requesting the certification form, except to comply with federal law or State law, legal process, or if authorized, by the victim or person requesting the certification form.

Section 15. Immunity. A certifying agency or certifying official acting or failing to act in good faith in compliance with this Act shall have immunity from civil or criminal liability that might otherwise occur as a result of so acting or failing to act, with the exception of willful or wanton misconduct. Any action brought to seek enforcement of this Act shall be ineligible to seek attorney's fees and costs, unless the action demonstrates willful or wanton misconduct by a certifying agency or certifying official.

PUBLIC ACT 100-1117
(Senate Bill No. 0904)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Workers' Compensation Act is amended by changing Sections 8.2 and 8.2a as follows:

(820 ILCS 305/8.2)
Sec. 8.2. Fee schedule.
(a) Except as provided for in subsection (c), for procedures, treatments, or services covered under this Act and rendered or to be rendered on and after February 1, 2006, the maximum allowable payment shall be 90% of the 80th percentile of charges and fees as determined by the Commission utilizing information provided by employers' and insurers' national databases, with a minimum of 12,000,000 Illinois line item charges and fees comprised of health care provider and hospital charges and fees as of August 1, 2004 but not earlier than August 1, 2002. These charges and fees are provider billed amounts and shall not include discounted charges. The 80th percentile is the point on an ordered data set from low to high such that 80% of the cases are below or equal to that

New matter indicated by italics - deletions by strikeout
point and at most 20% are above or equal to that point. The Commission shall adjust these historical charges and fees as of August 1, 2004 by the Consumer Price Index-U for the period August 1, 2004 through September 30, 2005. The Commission shall establish fee schedules for procedures, treatments, or services for hospital inpatient, hospital outpatient, emergency room and trauma, ambulatory surgical treatment centers, and professional services. These charges and fees shall be designated by geozip or any smaller geographic unit. The data shall in no way identify or tend to identify any patient, employer, or health care provider. As used in this Section, "geozip" means a three-digit zip code based on data similarities, geographical similarities, and frequencies. A geozip does not cross state boundaries. As used in this Section, "three-digit zip code" means a geographic area in which all zip codes have the same first 3 digits. If a geozip does not have the necessary number of charges and fees to calculate a valid percentile for a specific procedure, treatment, or service, the Commission may combine data from the geozip with up to 4 other geozips that are demographically and economically similar and exhibit similarities in data and frequencies until the Commission reaches 9 charges or fees for that specific procedure, treatment, or service. In cases where the compiled data contains less than 9 charges or fees for a procedure, treatment, or service, reimbursement shall occur at 76% of charges and fees as determined by the Commission in a manner consistent with the provisions of this paragraph. Providers of out-of-state procedures, treatments, services, products, or supplies shall be reimbursed at the lesser of that state's fee schedule amount or the fee schedule amount for the region in which the employee resides. If no fee schedule exists in that state, the provider shall be reimbursed at the lesser of the actual charge or the fee schedule amount for the region in which the employee resides. Not later than September 30 in 2006 and each year thereafter, the Commission shall automatically increase or decrease the maximum allowable payment for a procedure, treatment, or service established and in effect on January 1 of that year by the percentage change in the Consumer Price Index-U for the 12-month period ending August 31 of that year. The increase or decrease shall become effective on January 1 of the following year. As used in this Section, "Consumer Price Index-U" means the index published by the Bureau of Labor Statistics of the U.S. Department of Labor, that measures the average change in prices of all goods and services purchased by all urban consumers, U.S. city average, all items, 1982-84=100.

(a-1) Notwithstanding the provisions of subsection (a) and unless otherwise indicated, the following provisions shall apply to the medical fee schedule starting on September 1, 2011:

(1) The Commission shall establish and maintain fee schedules for procedures, treatments, products, services, or supplies for hospital inpatient, hospital outpatient, emergency room, ambulatory surgical treatment centers, accredited ambulatory surgical treatment facilities, prescriptions filled and dispensed outside of a licensed pharmacy, dental services, and professional services. This fee schedule shall be based on the fee schedule amounts already established by the Commission pursuant to subsection (a) of this Section. However, starting on January 1, 2012, these fee schedule amounts shall be grouped into geographic regions in the following manner:

(A) Four regions for non-hospital fee schedule amounts shall be utilized:
   (i) Cook County;
   (ii) DuPage, Kane, Lake, and Will Counties;
   (iii) Bond, Calhoun, Clinton, Jersey, Macoupin, Madison, Monroe, Montgomery, Randolph, St. Clair, and Washington Counties; and
   (iv) All other counties of the State.

(B) Fourteen regions for hospital fee schedule amounts shall be utilized:
   (i) Cook, DuPage, Will, Kane, McHenry, DeKalb, Kendall, and Grundy Counties;
   (ii) Kankakee County;
   (iii) Madison, St. Clair, Macoupin, Clinton, Monroe, Jersey, Bond, and Calhoun Counties;
   (iv) Winnebago and Boone Counties;
   (v) Peoria, Tazewell, Woodford, Marshall, and Stark Counties;
   (vi) Champaign, Piatt, and Ford Counties;
   (vii) Rock Island, Henry, and Mercer Counties;
   (viii) Sangamon and Menard Counties;
   (ix) McLean County;
   (x) Lake County;
   (xi) Macon County;

(xii) Vermilion County;
(xiii) Alexander County; and
(xiv) All other counties of the State.

(2) If a geozip, as defined in subsection (a) of this Section, overlaps into one or more of the regions set forth in this Section, then the Commission shall average or repeat the charges and fees in a geozip in order to designate charges and fees for each region.

(3) In cases where the compiled data contains less than 9 charges or fees for a procedure, treatment, product, supply, or service or where the fee schedule amount cannot be determined by the non-discounted charge data, non-Medicare relative values and conversion factors derived from established fee schedule amounts, coding crosswalks, or other data as determined by the Commission, reimbursement shall occur at 76% of charges and fees until September 1, 2011 and 53.2% of charges and fees thereafter as determined by the Commission in a manner consistent with the provisions of this paragraph.

(4) To establish additional fee schedule amounts, the Commission shall utilize provider non-discounted charge data, non-Medicare relative values and conversion factors derived from established fee schedule amounts, and coding crosswalks. The Commission may establish additional fee schedule amounts based on either the charge or cost of the procedure, treatment, product, supply, or service.

(5) Implants shall be reimbursed at 25% above the net manufacturer's invoice price less rebates, plus actual reasonable and customary shipping charges whether or not the implant charge is submitted by a provider in conjunction with a bill for all other services associated with the implant, submitted by a provider on a separate claim form, submitted by a distributor, or submitted by the manufacturer of the implant. "Implants" include the following codes or any substantially similar updated code as determined by the Commission: 0274 (prosthetics/orthotics); 0275 (pacemaker); 0276 (lens implant); 0278 (implants); 0540 and 0545 (ambulance); 0624 (investigational devices); and 0636 (drugs requiring detailed coding). Non-implantable devices or supplies within these codes shall be reimbursed at 65% of actual charge, which is the provider's normal rates under its standard chargemaster. A standard chargemaster is the provider's list of charges for procedures.
treatments, products, supplies, or services used to bill payers in a consistent manner.

(6) The Commission shall automatically update all codes and associated rules with the version of the codes and rules valid on January 1 of that year.

(a-2) For procedures, treatments, services, or supplies covered under this Act and rendered or to be rendered on or after September 1, 2011, the maximum allowable payment shall be 70% of the fee schedule amounts, which shall be adjusted yearly by the Consumer Price Index-U, as described in subsection (a) of this Section.

(a-3) Prescriptions filled and dispensed outside of a licensed pharmacy shall be subject to a fee schedule that shall not exceed the Average Wholesale Price (AWP) plus a dispensing fee of $4.18. AWP or its equivalent as registered by the National Drug Code shall be set forth for that drug on that date as published in Medispan.

(b) Notwithstanding the provisions of subsection (a), if the Commission finds that there is a significant limitation on access to quality health care in either a specific field of health care services or a specific geographic limitation on access to health care, it may change the Consumer Price Index-U increase or decrease for that specific field or specific geographic limitation on access to health care to address that limitation.

(c) The Commission shall establish by rule a process to review those medical cases or outliers that involve extra-ordinary treatment to determine whether to make an additional adjustment to the maximum payment within a fee schedule for a procedure, treatment, or service.

(d) When a patient notifies a provider that the treatment, procedure, or service being sought is for a work-related illness or injury and furnishes the provider the name and address of the responsible employer, the provider shall bill the employer or its designee directly. The employer or its designee shall make payment for treatment in accordance with the provisions of this Section directly to the provider, except that, if a provider has designated a third-party billing entity to bill on its behalf, payment shall be made directly to the billing entity. Providers shall submit bills and records in accordance with the provisions of this Section.

(1) All payments to providers for treatment provided pursuant to this Act shall be made within 30 days of receipt of the bills as long as the bill claim contains substantially all the required data elements necessary to adjudicate the bill.
(2) If the bill claim does not contain substantially all the required data elements necessary to adjudicate the bill, or the claim is denied for any other reason, in whole or in part, the employer or insurer shall provide written notification to the provider in the form of an explanation of benefits; explaining the basis for the denial and describing any additional necessary data elements, to the provider within 30 days of receipt of the bill. The Commission, with assistance from the Medical Fee Advisory Board, shall adopt rules detailing the requirements for the explanation of benefits required under this subsection.

(3) In the case (i) of nonpayment to a provider within 30 days of receipt of the bill which contained substantially all of the required data elements necessary to adjudicate the bill, (ii) of nonpayment to a provider of a portion of such a bill, or (iii) where the provider has not been issued an explanation of benefits for a bill up to the lesser of the actual charge or the payment level set by the Commission in the fee schedule established in this Section, the bill, or portion of the bill up to the lesser of the actual charge or the payment level set by the Commission in the fee schedule established in this Section, shall incur interest at a rate of 1% per month payable by the employer to the provider. Any required interest payments shall be made by the employer or its insurer to the provider not later than within 30 days after payment of the bill.

(4) If the employer or its insurer fails to pay interest required pursuant to this subsection (d), the provider may bring an action in circuit court to enforce the provisions of this subsection (d) against the employer or its insurer responsible for insuring the employer's liability pursuant to item (3) of subsection (a) of Section 4. Interest under this subsection (d) is only payable to the provider. An employee is not responsible for the payment of interest under this Section. The right to interest under this subsection (d) shall not delay, diminish, restrict, or alter in any way the benefits to which the employee or his or her dependents are entitled under this Act.

The changes made to this subsection (d) by this amendatory Act of the 100th General Assembly apply to procedures, treatments, and services rendered on and after the effective date of this amendatory Act of the 100th General Assembly.

(e) Except as provided in subsections (e-5), (e-10), and (e-15), a provider shall not hold an employee liable for costs related to a non-
disputed procedure, treatment, or service rendered in connection with a compensable injury. The provisions of subsections (e-5), (e-10), (e-15), and (e-20) shall not apply if an employee provides information to the provider regarding participation in a group health plan. If the employee participates in a group health plan, the provider may submit a claim for services to the group health plan. If the claim for service is covered by the group health plan, the employee's responsibility shall be limited to applicable deductibles, co-payments, or co-insurance. Except as provided under subsections (e-5), (e-10), (e-15), and (e-20), a provider shall not bill or otherwise attempt to recover from the employee the difference between the provider's charge and the amount paid by the employer or the insurer on a compensable injury, or for medical services or treatment determined by the Commission to be excessive or unnecessary.

(e-5) If an employer notifies a provider that the employer does not consider the illness or injury to be compensable under this Act, the provider may seek payment of the provider's actual charges from the employee for any procedure, treatment, or service rendered. Once an employee informs the provider that there is an application filed with the Commission to resolve a dispute over payment of such charges, the provider shall cease any and all efforts to collect payment for the services that are the subject of the dispute. Any statute of limitations or statute of repose applicable to the provider's efforts to collect payment from the employee shall be tolled from the date that the employee files the application with the Commission until the date that the provider is permitted to resume collection efforts under the provisions of this Section.

(e-10) If an employer notifies a provider that the employer will pay only a portion of a bill for any procedure, treatment, or service rendered in connection with a compensable illness or disease, the provider may seek payment from the employee for the remainder of the amount of the bill up to the lesser of the actual charge, negotiated rate, if applicable, or the payment level set by the Commission in the fee schedule established in this Section. Once an employee informs the provider that there is an application filed with the Commission to resolve a dispute over payment of such charges, the provider shall cease any and all efforts to collect payment for the services that are the subject of the dispute. Any statute of limitations or statute of repose applicable to the provider's efforts to collect payment from the employee shall be tolled from the date that the employee files the application with the Commission until the date that the provider is permitted to resume collection efforts under the provisions of this Section.

(e-15) When there is a dispute over the compensability of or amount of payment for a procedure, treatment, or service, and a case is pending or proceeding before an Arbitrator or the Commission, the provider may mail the employee reminders that the employee will be responsible for payment of any procedure, treatment or service rendered by the provider. The reminders must state that they are not bills, to the extent practicable include itemized information, and state that the employee need not pay until such time as the provider is permitted to resume collection efforts under this Section. The reminders shall not be provided to any credit rating agency. The reminders may request that the employee furnish the provider with information about the proceeding under this Act, such as the file number, names of parties, and status of the case. If an employee fails to respond to such request for information or fails to furnish the information requested within 90 days of the date of the reminder, the provider is entitled to resume any and all efforts to collect payment from the employee for the services rendered to the employee and the employee shall be responsible for payment of any outstanding bills for a procedure, treatment, or service rendered by a provider.

(e-20) Upon a final award or judgment by an Arbitrator or the Commission, or a settlement agreed to by the employer and the employee, a provider may resume any and all efforts to collect payment from the employee for the services rendered to the employee and the employee shall be responsible for payment of any outstanding bills for a procedure, treatment, or service rendered by a provider as well as the interest awarded under subsection (d) of this Section. In the case of a procedure, treatment, or service deemed compensable, the provider shall not require a payment rate, excluding the interest provisions under subsection (d), greater than the lesser of the actual charge or the payment level set by the Commission in the fee schedule established in this Section. Payment for services deemed not covered or not compensable under this Act is the responsibility of the employee unless a provider and employee have agreed otherwise in writing. Services not covered or not compensable under this Act are not subject to the fee schedule in this Section.

(f) Nothing in this Act shall prohibit an employer or insurer from contracting with a health care provider or group of health care providers for reimbursement levels for benefits under this Act different from those provided in this Section.

(g) On or before January 1, 2010 the Commission shall provide to the Governor and General Assembly a report regarding the implementation
of the medical fee schedule and the index used for annual adjustment to that schedule as described in this Section.
