Sec. 11. Duties and powers of the Secretary of State.

A. (1) The administration of this Act is vested in the Secretary of State, who may from time to time make, amend and rescind such rules and regulations as may be necessary to carry out this Act, including rules and regulations governing procedures of registration, statements, applications and reports for various classes of securities, persons and matters within his or her jurisdiction and defining any terms, whether or not used in this Act, insofar as the definitions are not inconsistent with this Act. The rules and regulations adopted by the Secretary of State under this Act shall be effective in the manner provided for in the Illinois Administrative Procedure Act.

(2) Among other things, the Secretary of State shall have authority, for the purposes of this Act, to prescribe the form or forms in which required information shall be set forth, accounting practices, the items or details to be shown in balance sheets and earning statements, and the methods to be followed in the preparation of accounts, in the appraisal or valuation of assets and liabilities, in the determination of depreciation and depletion, in the differentiation of recurring and non-recurring income, in the differentiation of investment and operating income, and in the preparation of consolidated balance sheets or income accounts of any person, directly or indirectly, controlling or controlled by the issuer, or any person under direct or indirect common control with the issuer.

(3) No provision of this Act imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the Secretary of State under this Act, notwithstanding that the rule or regulation may, after the act or omission, be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(4) The Securities Department of the Office of the Secretary of State shall be deemed a criminal justice agency for purposes of all federal and state laws and regulations and, in that capacity, shall be entitled to access to any information available to criminal justice agencies and has the power to appoint special agents to conduct all investigations, searches, seizures, arrests, and other duties imposed under the provisions of any law administered by the Department. The special agents have and may exercise all the powers of peace officers solely for the purpose of enforcing provisions of this Act.

The Director must authorize to each special agent employed under this Section a distinct badge that, on its face, (i) clearly states that the
badge is authorized by the Department and (ii) contains a unique and identifying number.

Special agents shall comply with all training requirements established for law enforcement officers by provisions of the Illinois Police Training Act.

(5) The Secretary of State, by rule, may conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions from any provision of Section 5, 6, 7, 8, 8a, or 9 of this Act or of any rule promulgated under these Sections, to the extent that such exemption is necessary or appropriate in the public interest, and is consistent with the protection of investors.

B. The Secretary of State may, anything in this Act to the contrary notwithstanding, require financial statements and reports of the issuer, dealer, Internet portal, salesperson, investment adviser, or investment adviser representative as often as circumstances may warrant. In addition, the Secretary of State may secure information or books and records from or through others and may make or cause to be made investigations respecting the business, affairs, and property of the issuer of securities, any person involved in the sale or offer for sale, purchase or offer to purchase of any mineral investment contract, mineral deferred delivery contract, or security and of dealers, Internet portals, salespersons, investment advisers, and investment adviser representatives that are registered or are the subject of an application for registration under this Act. The costs of an investigation shall be borne by the registrant or the applicant, provided that the registrant or applicant shall not be obligated to pay the costs without his, her or its consent in advance.

C. Whenever it shall appear to the Secretary of State, either upon complaint or otherwise, that this Act, or any rule or regulation prescribed under authority thereof, has been or is about to be violated, he or she may, in his or her discretion, do one or more of the following:

(2) The Secretary of State or a person designated by him or her is further empowered to administer oaths and affirmations, subpoena witnesses, take evidence, and require the production of any books and records, papers, or other documents in this State at the request of a securities agency of another state, if the activities constituting the alleged violation for which the information is sought would be in violation of Section 12 of this Act if the activities had occurred in this State.

(3) The Circuit Court of any County of this State, upon application of the Secretary of State or a person designated by him or her may order the attendance of witnesses, the production of books and records, papers, accounts and documents and the giving of testimony before the Secretary of State or a person designated by him or her; and any failure to obey the order may be punished by the Circuit Court as a contempt thereof.

(4) The fees of subpoenaed witnesses under this Act for attendance and travel shall be the same as fees of witnesses before the Circuit Courts of this State, to be paid when the witness is excused from further attendance, provided, the witness is subpoenaed at the instance of the Secretary of State; and payment of the fees shall be made and audited in the same manner as other expenses of the Secretary of State.

(5) Whenever a subpoena is issued at the request of a complainant or respondent as the case may be, the Secretary of State may require that the cost of service and the fee of the witness shall be borne by the party at whose instance the witness is summoned.

(6) The Secretary of State shall have power at his or her discretion, to require a deposit to cover the cost of the service and witness fees and the payment of the legal witness fee and mileage to the witness served with subpoena.

(7) A subpoena issued under this Act shall be served in the same manner as a subpoena issued out of a circuit court.

(8) The Secretary of State may in any investigation, audits, examinations, or inspections cause the taking of depositions of persons residing within or without this State in the manner provided in civil actions under the laws of this State.

E. Anything in this Act to the contrary notwithstanding:

(1) If the Secretary of State shall find that the offer or sale or proposed offer or sale or method of offer or sale of any securities by any person, whether exempt or not, in this State, is fraudulent, or would work or tend to work a fraud or deceit, or is being offered or sold in violation of Section 12, or there has been a failure or refusal to submit any notification filing or fee required under this Act, the Secretary of State may by written order prohibit or suspend the offer or sale of securities by that person or deny or revoke the registration of the securities or the exemption from registration for the securities.

(2) If the Secretary of State shall find that any person has violated subsection C, D, E, F, G, H, I, J, or K of Section 12 of this Act, the Secretary of State may by written order temporarily or permanently prohibit or suspend the person from offering or selling any securities, any mineral investment contract, or any mineral deferred delivery contract in this State, provided that any person who is the subject of an order of permanent prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the order of permanent prohibition.

(3) If the Secretary of State shall find that any person is engaging or has engaged in the business of selling or offering for sale securities as a dealer, Internet portal, or salesperson or is acting or has acted as an investment adviser, investment adviser representative, or federal covered investment adviser, without prior thereto and at the time thereof having complied with the registration or notice filing requirements of this Act, the Secretary of State may by written order prohibit or suspend the person from

engaging in the business of selling or offering for sale securities, or acting as an investment adviser, investment adviser representative, or federal covered investment adviser, in this State.

(4) In addition to any other sanction or remedy contained in this subsection E, the Secretary of State, after finding that any provision of this Act has been violated, may impose a fine as provided by rule, regulation or order not to exceed $10,000 for each violation of this Act, may issue an order of public censure against the violator, and may charge as costs of investigation all reasonable expenses, including attorney's fees and witness fees.

F. (1) The Secretary of State shall not deny, suspend or revoke the registration of securities, suspend or revoke the registration of a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative, prohibit or suspend the offer or sale of any securities, prohibit or suspend any person from offering or selling any securities in this State, prohibit or suspend a dealer or salesperson from engaging in the business of selling or offering for sale securities, prohibit or suspend a person from acting as an investment adviser or federal covered investment adviser, or investment adviser representative, impose any fine for violation of this Act, issue an order of public censure, or enter into an agreed settlement except after an opportunity for hearing upon not less than 10 days notice given by personal service or registered mail or certified mail, return receipt requested, to the person or persons concerned. Such notice shall state the date and time and place of the hearing and shall contain a brief statement of the proposed action of the Secretary of State and the grounds for the proposed action. A failure to appear at the hearing or otherwise respond to the allegations set forth in the notice of hearing shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to enter an order.

(2) Anything herein contained to the contrary notwithstanding, the Secretary of State may temporarily prohibit or suspend, for a maximum period of 90 days, by an order effective immediately, the offer or sale or registration of securities, the registration of a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative, or the offer or sale of securities by any person, or the business of rendering investment advice, without the notice and prior hearing in this subsection prescribed, if the Secretary of State shall in his or her opinion, based on credible evidence, deem it necessary to prevent an imminent violation of this Act or to prevent losses to investors which the Secretary of State
reasonably believes will occur as a result of a prior violation of this Act. Immediately after taking action without such notice and hearing, the Secretary of State shall deliver a copy of the temporary order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The temporary order shall set forth the grounds for the action and shall advise that the respondent may request a hearing, that the request for a hearing will not stop the effectiveness of the temporary order and that respondent's failure to request a hearing within 30 days after the date of the entry of the temporary order shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to make the temporary order final. Any provision of this paragraph (2) to the contrary notwithstanding, the Secretary of State may not pursuant to the provisions of this paragraph (2) suspend the registration of a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative based upon sub-paragraph (n) of paragraph (l) of subsection E of Section 8 of this Act or revoke the registration of securities or revoke the registration of any dealer, salesperson, investment adviser representative, or investment adviser.

(3) The Secretary of State may issue a temporary order suspending or delaying the effectiveness of any registration of securities under subsection A or B of Section 5, 6 or 7 of this Act subsequent to and upon the basis of the issuance of any stop, suspension or similar order by the Securities and Exchange Commission with respect to the securities which are the subject of the registration under subsection A or B of Section 5, 6 or 7 of this Act, and the order shall become effective as of the date and time of effectiveness of the Securities and Exchange Commission order and shall be vacated automatically at such time as the order of the Securities and Exchange Commission is no longer in effect.

(4) When the Secretary of State finds that an application for registration as a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative should be denied, the Secretary of State may enter an order denying the registration. Immediately after taking such action, the Secretary of State shall deliver a copy of the order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The order shall state the grounds for the action and that the matter will be set for hearing upon written request filed with the Secretary of State within 30 days after the receipt of the request by the respondent. The respondent's failure to request a hearing within 30 days after receipt of the order shall constitute an admission of

New matter indicated by italics - deletions by strikeout
any facts alleged therein and shall make the order final. If a hearing is held, the Secretary of State shall affirm, vacate, or modify the order.

(5) The findings and decision of the Secretary of State upon the conclusion of each final hearing held pursuant to this subsection shall be set forth in a written order signed on behalf of the Secretary of State by his or her designee and shall be filed as a public record. All hearings shall be held before a person designated by the Secretary of State, and appropriate records thereof shall be kept.

(6) Notwithstanding the foregoing, the Secretary of State, after notice and opportunity for hearing, may at his or her discretion enter into an agreed settlement, stipulation or consent order with a respondent in accordance with the provisions of the Illinois Administrative Procedure Act. The provisions of the agreed settlement, stipulation or consent order shall have the full force and effect of an order issued by the Secretary of State.

(7) Anything in this Act to the contrary notwithstanding, whenever the Secretary of State finds that a person is currently expelled from, refused membership in or association with, or limited in any material capacity by a self-regulatory organization registered under the Federal 1934 Act or the Federal 1974 Act because of a fraudulent or deceptive act or a practice in violation of a rule, regulation, or standard duly promulgated by the self-regulatory organization, the Secretary of State may, at his or her discretion, enter a Summary Order of Prohibition, which shall prohibit the offer or sale of any securities, mineral investment contract, or mineral deferred delivery contract by the person in this State. The order shall take effect immediately upon its entry. Immediately after taking the action the Secretary of State shall deliver a copy of the order to the named Respondent by personal service or registered mail or certified mail, return receipt requested. A person who is the subject of an Order of Prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the Order of Prohibition.

G. No administrative action shall be brought by the Secretary of State for relief under this Act or upon or because of any of the matters for which relief is granted by this Act after the earlier to occur of (i) 3 years from the date upon which the Secretary of State had notice of facts which in the exercise of reasonable diligence would lead to actual knowledge of the alleged violation of the Act, or (ii) 5 years from the date on which the alleged violation occurred.
H. The action of the Secretary of State in denying, suspending, or revoking the registration of a dealer, Internet portal, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative, in prohibiting any person from engaging in the business of offering or selling securities as a dealer, limited Canadian dealer, or salesperson, in prohibiting or suspending the offer or sale of securities by any person, in prohibiting a person from acting as an investment adviser, federal covered investment adviser, or investment adviser representative, in denying, suspending, or revoking the registration of securities, in prohibiting or suspending the offer or sale of securities, in imposing any fine for violation of this Act, or in issuing any order shall be subject to judicial review in the Circuit Courts of Cook or Sangamon Counties in this State. The Administrative Review Law shall apply to and govern every action for the judicial review of final actions or decisions of the Secretary of State under this Act.

I. Notwithstanding any other provisions of this Act to the contrary, whenever it shall appear to the Secretary of State that any person is engaged or about to engage in any acts or practices which constitute or will constitute a violation of this Act or of any rule or regulation prescribed under authority of this Act, the Secretary of State may at his or her discretion, through the Attorney General take any of the following actions:

1. File a complaint and apply for a temporary restraining order without notice, and upon a proper showing the court may enter a temporary restraining order without bond, to enforce this Act.

2. File a complaint and apply for a preliminary or permanent injunction, and, after notice and a hearing and upon a proper showing, the court may grant a preliminary or permanent injunction and may order the defendant to make an offer of rescission with respect to any sales or purchases of securities, mineral investment contracts, or mineral deferred delivery contracts determined by the court to be unlawful under this Act.

3. Seek the seizure of assets when probable cause exists that the assets were obtained by a defendant through conduct in violation of Section 12, paragraph F, G, I, J, K, or L of this Act, and thereby subject to a judicial forfeiture hearing as required under this Act.

(a) In the event that such probable cause exists that the subject of an investigation who is alleged to have

committed one of the relevant violations of this Act has in
his possession assets obtained as a result of the conduct
giving rise to the violation, the Secretary of State may seek
a seizure warrant in any circuit court in Illinois.

(b) In seeking a seizure warrant, the Secretary of State, or his or her designee, shall submit to the court a
sworn affidavit detailing the probable cause evidence for
the seizure, the location of the assets to be seized, the
relevant violation under Section 12 of this Act, and a
statement detailing any known owners or interest holders in
the assets.

(c) Seizure of the assets shall be made by any peace
officer upon process of the seizure warrant issued by the
court. Following the seizure of assets under this Act and
pursuant to a seizure warrant, notice of seizure, including a
description of the seized assets, shall immediately be
returned to the issuing court. Seized assets shall be
maintained pending a judicial forfeiture hearing in
accordance with the instructions of the court.

(d) In the event that management of seized assets
becomes necessary to prevent the devaluation, dissipation,
or otherwise to preserve the property, the court shall have
jurisdiction to appoint a receiver, conservator, ancillary
receiver, or ancillary conservator for that purpose, as
provided in item (2) of this subsection.

(4) Seek the forfeiture of assets obtained through conduct in
violation of Section 12, paragraph F, G, H, I, J, K, or L when
authorized by law. A forfeiture must be ordered by a circuit court
or an action brought by the Secretary of State as provided for in
this Act, under a verified complaint for forfeiture.

(a) In the event assets have been seized pursuant to
this Act, forfeiture proceedings shall be instituted by the
Attorney General within 45 days of seizure.

(b) Service of the complaint filed under the
provisions of this Act shall be made in the manner as
provided in civil actions in this State.

(c) Only an owner of or interest holder in the
property may file an answer asserting a claim against the

property. For purposes of this Section, the owner or interest holder shall be referred to as claimant.

(d) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:
   (i) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
   (ii) the address at which the claimant will accept mail;
   (iii) the nature and extent of the claimant's interest in the property;
   (iv) the date, identity of the transferor, and circumstances of the claimant's acquisition of the interest in the property;
   (v) the name and address of all other persons known to have an interest in the property;
   (vi) the specific provisions of this Act relied on in asserting that the property is not subject to forfeiture;
   (vii) all essential facts supporting each assertion; and
   (viii) the precise relief sought.

(e) The answer must be filed with the court within 45 days after service of the complaint.

(f) A property interest is exempt from forfeiture under this Act if its owner or interest holder establishes by a preponderance of evidence that the owner or interest holder:
   (i) is not legally accountable for the conduct giving rise to the forfeiture, did not acquiesce in it, and did not know and could not reasonably have known of the conduct or that the conduct was likely to occur;
   (ii) with respect to conveyances, did not hold the property jointly or in common with a person whose conduct gave rise to the forfeiture;
   (iii) does not hold the property for the benefit of or as a nominee for any person whose conduct gave rise to its forfeiture and the owner or

interest holder acquires it as a bona fide purchaser for value without knowingly taking part in the conduct giving rise to the forfeiture; or  

(iv) acquired the interest after the commencement of the conduct giving rise to its forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct that gave rise to the forfeiture.

(g) The hearing must be held within 60 days after the answer is filed unless continued for good cause.

(h) During the probable cause portion of the judicial in rem proceeding wherein the Secretary of State presents its case-in-chief, the court must receive and consider, among other things, any relevant hearsay evidence and information. The laws of evidence relating to civil actions shall apply to all other portions of the judicial in rem proceeding.

(i) The Secretary of State shall show the existence of probable cause for forfeiture of the property. If the Secretary of State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(j) If the Secretary of State does not show the existence of probable cause or a claimant has an interest that is exempt under subdivision I (4)(d) of this Section, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the Secretary of State pursuant to all provisions of this Act. If the Secretary of State does show the existence of probable cause and the claimant does not establish by a preponderance of the evidence that the claimant has an interest that is exempt under subsection D herein, the court shall order all the property forfeited to the Secretary of State pursuant to the provisions of the Section.

(k) A defendant convicted in any criminal proceeding is precluded from later denying the essential

allegations of the criminal offense of which the defendant was convicted in any proceeding for violations of the Act giving rise to forfeiture of property herein regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(i) An acquittal or dismissal in a criminal proceeding for violations of the Act giving rise to the forfeiture of property herein shall not preclude civil proceedings under this provision; however, for good cause shown, on a motion by the Secretary of State, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging violation of the provisions of Section 12 of the Illinois Securities Law of 1953. Property subject to forfeiture under this Section shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of the property unless the return or release is consented to by the Secretary of State.

(m) All property declared forfeited under this Act vests in the State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Any such property or proceeds subsequently transferred to any person remain subject to forfeiture and thereafter shall be ordered forfeited unless the transferee claims and establishes in a hearing under the provisions of this Act that the transferee's interest is exempt under the Act. Any assets forfeited to the State shall be disposed of in following manner:

(i) all forfeited property and assets shall be liquidated by the Secretary of State in accordance with all laws and rules governing the disposition of such property;

(ii) the Secretary of State shall provide the court at the time the property and assets are declared forfeited a verified statement of investors subject to the conduct giving rise to the forfeiture;

(iii) after payment of any costs of sale, receivership, storage, or expenses for preservation of the property seized, other costs to the State, and...
payment to claimants for any amount deemed exempt from forfeiture, the proceeds from liquidation shall be distributed pro rata to investors subject to the conduct giving rise to the forfeiture; and

(iv) any proceeds remaining after all verified investors have been made whole shall be distributed 25% to the Securities Investors Education Fund, 25% to the Securities Audit and Enforcement Fund, 25% to the Attorney General or any State's Attorney bringing criminal charges for the conduct giving rise to the forfeiture, and 25% to other law enforcement agencies participating in the investigation of the criminal charges for the conduct giving rise to the forfeiture. In the event that no other law enforcement agencies are involved in the investigation of the conduct giving rise to the forfeiture, then the portion to other law enforcement agencies shall be distributed to the Securities Investors Education Fund.

(n) The Secretary of State shall notify by certified mail, return receipt requested, all known investors in the matter giving rise to the forfeiture of the forfeiture proceeding and sale of assets forfeited arising from the violations of this Act, and shall further publish notice in a paper of general circulation in the district in which the violations were prosecuted. The notice to investors shall identify the name, address, and other identifying information about any defendant prosecuted for violations of this Act that resulted in forfeiture and sale of property, the offense for which the defendant was convicted, and that the court has ordered forfeiture and sale of property for claims of investors who incurred losses or damages as a result of the violations. Investors may then file a claim in a form prescribed by the Secretary of State in order to share in disbursement of the proceeds from sale of the forfeited property. Investor claims must be filed with the Secretary of State within 30 days after receipt of the certified mail return receipt, or within 30 days after the last date of publication.
of the general notice in a paper of general circulation in the
district in which the violations were prosecuted, whichever
occurs last.

(o) A civil action under this subsection must be
commenced within 5 years after the last conduct giving rise
to the forfeiture became known or should have become
known or 5 years after the forfeitable property is
discovered, whichever is later, excluding time during which
either the property or claimant is out of this State or in
confinement or during which criminal proceedings relating
to the same conduct are in progress.

(p) If property is seized for evidence and for
forfeiture, the time periods for instituting judicial forfeiture
proceedings shall not begin until the property is no longer
necessary for evidence.

(q) Notwithstanding other provisions of this Act, the
Secretary of State and a claimant of forfeitable property
may enter into an agreed-upon settlement concerning the
forfeitable property in such an amount and upon such terms
as are set out in writing in a settlement agreement.

(r) Nothing in this Act shall apply to property that
constitutes reasonable bona fide attorney's fees paid to an
attorney for services rendered or to be rendered in the
forfeiture proceeding or criminal proceeding relating
directly thereto when the property was paid before its
seizure and before the issuance of any seizure warrant or
court order prohibiting transfer of the property and when
the attorney, at the time he or she received the property, did
not know that it was property subject to forfeiture under
this Act.

The court shall further have jurisdiction and authority, in addition
to the penalties and other remedies in this Act provided, to enter an order
for the appointment of the court or a person as a receiver, conservator,
ancillary receiver or ancillary conservator for the defendant or the
defendant's assets located in this State, or to require restitution, damages or
disgorgement of profits on behalf of the person or persons injured by the
act or practice constituting the subject matter of the action, and may assess
costs against the defendant for the use of the State; provided, however, that
the civil remedies of rescission and appointment of a receiver, conservator,

ancillary receiver or ancillary conservator shall not be available against any person by reason of the failure to file with the Secretary of State, or on account of the contents of, any report of sale provided for in subsection G or P of Section 4, paragraph (2) of subsection D of Sections 5 and 6, or paragraph (2) of subsection F of Section 7 of this Act. Appeals may be taken as in other civil cases.

J. In no case shall the Secretary of State, or any of his or her employees or agents, in the administration of this Act, incur any official or personal liability by instituting an injunction or other proceeding or by denying, suspending or revoking the registration of a dealer or salesperson, or by denying, suspending or revoking the registration of securities or prohibiting the offer or sale of securities, or by suspending or prohibiting any person from acting as a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative or from offering or selling securities.

K. No provision of this Act shall be construed to require or to authorize the Secretary of State to require any investment adviser or federal covered investment adviser engaged in rendering investment supervisory services to disclose the identity, investments, or affairs of any client of the investment adviser or federal covered investment adviser, except insofar as the disclosure may be necessary or appropriate in a particular proceeding or investigation having as its object the enforcement of this Act.

L. A. (1) The administration of this Act is vested in the Secretary of
State, who may from time to time make, amend and rescind such rules and
regulations as may be necessary to carry out this Act, including rules and
regulations governing procedures of registration, statements, applications
and reports for various classes of securities, persons and matters within his
or her jurisdiction and defining any terms, whether or not used in this Act,
insofar as the definitions are not inconsistent with this Act. The rules and
regulations adopted by the Secretary of State under this Act shall be
effective in the manner provided for in the Illinois Administrative
Procedure Act.

(2) Among other things, the Secretary of State shall have authority,
for the purposes of this Act, to prescribe the form or forms in which
required information shall be set forth, accounting practices, the items or
details to be shown in balance sheets and earning statements, and the
methods to be followed in the preparation of accounts, in the appraisal or

person, directly or indirectly, controlling or controlled by the issuer, or any person under direct or indirect common control with the issuer.

(3) No provision of this Act imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the Secretary of State under this Act, notwithstanding that the rule or regulation may, after the act or omission, be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(4) The Securities Department of the Office of the Secretary of State shall be deemed a criminal justice agency for purposes of all federal and state laws and regulations and, in that capacity, shall be entitled to access to any information available to criminal justice agencies and has the power to appoint special agents to conduct all investigations, searches, seizures, arrests, and other duties imposed under the provisions of any law administered by the Department. The special agents have and may exercise all the powers of peace officers solely for the purpose of enforcing provisions of this Act.

The Director must authorize to each special agent employed under this Section a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Department and (ii) contains a unique and identifying number.

Special agents shall comply with all training requirements established for law enforcement officers by provisions of the Illinois Police Training Act.

(5) The Secretary of State, by rule, may conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions from any provision of Section 5, 6, 7, 8, 8a, or 9 of this Act or of any rule promulgated under these Sections, to the extent that such exemption is necessary or appropriate in the public interest, and is consistent with the protection of investors.

B. The Secretary of State may, anything in this Act to the contrary notwithstanding, require financial statements and reports of the issuer, dealer, Internet portal, salesperson, investment adviser, or investment adviser representative as often as circumstances may warrant. In addition, the Secretary of State may secure information or books and records from or through others and may make or cause to be made investigations respecting the business, affairs, and property of the issuer of securities, any person involved in the sale or offer for sale, purchase or offer to purchase of any mineral investment contract, mineral deferred delivery contract, or security and of dealers, Internet portals, salespersons, investment advisers,
and investment adviser representatives that are registered or are the subject
of an application for registration under this Act. The costs of an
investigation shall be borne by the registrant or the applicant, provided that
the registrant or applicant shall not be obligated to pay the costs without
his, her or its consent in advance.

C. Whenever it shall appear to the Secretary of State, either upon
complaint or otherwise, that this Act, or any rule or regulation prescribed
under authority thereof, has been or is about to be violated, he or she may,
in his or her discretion, do one or more of the following:

(1) require or permit the person to file with the Secretary of
State a statement in writing under oath, or otherwise, as to all the
facts and circumstances concerning the subject matter which the
Secretary of State believes to be in the public interest to
investigate, audit, examine, or inspect;

(2) conduct an investigation, audit, examination, or
inspection as necessary or advisable for the protection of the
interests of the public; and

(3) appoint investigators to conduct all investigations,
searches, seizures, arrests, and other duties imposed under the
provisions of any law administered by the Department. The
Director must authorize to each investigator employed under this
Section a distinct badge that, on its face, (i) clearly states that the
badge is authorized by the Department and (ii) contains a unique
and identifying number.

D. (1) For the purpose of all investigations, audits, examinations,
or inspections which in the opinion of the Secretary of State are necessary
and proper for the enforcement of this Act, the Secretary of State or a
person designated by him or her is empowered to administer oaths and
affirmations, subpoena witnesses, take evidence, and require, by subpoena
or other lawful means provided by this Act or the rules adopted by the
Secretary of State, the production of any books and records, papers, or

him or her deems relevant or material to the inquiry.

records, papers, or other documents in this State at the request of a
securities agency of another state, if the activities constituting the alleged

(3) The Circuit Court of any County of this State, upon application of the Secretary of State or a person designated by him or her may order the attendance of witnesses, the production of books and records, papers, accounts and documents and the giving of testimony before the Secretary of State or a person designated by him or her; and any failure to obey the order may be punished by the Circuit Court as a contempt thereof.

(4) The fees of subpoenaed witnesses under this Act for attendance and travel shall be the same as fees of witnesses before the Circuit Courts of this State, to be paid when the witness is excused from further attendance, provided, the witness is subpoenaed at the instance of the Secretary of State; and payment of the fees shall be made and audited in the same manner as other expenses of the Secretary of State.

(5) Whenever a subpoena is issued at the request of a complainant or respondent as the case may be, the Secretary of State may require that the cost of service and the fee of the witness shall be borne by the party at whose instance the witness is summoned.

(6) The Secretary of State shall have power at his or her discretion, to require a deposit to cover the cost of the service and witness fees and the payment of the legal witness fee and mileage to the witness served with subpoena.

(7) A subpoena issued under this Act shall be served in the same manner as a subpoena issued out of a circuit court.

(8) The Secretary of State may in any investigation, audits, examinations, or inspections cause the taking of depositions of persons residing within or without this State in the manner provided in civil actions under the laws of this State.

E. Anything in this Act to the contrary notwithstanding:

(1) If the Secretary of State shall find that the offer or sale or proposed offer or sale or method of offer or sale of any securities by any person, whether exempt or not, in this State, is fraudulent, or would work or tend to work a fraud or deceit, or is being offered or sold in violation of Section 12, or there has been a failure or refusal to submit any notification filing or fee required under this Act, the Secretary of State may by written order prohibit or suspend the offer or sale of securities by that person or deny or revoke the registration of the securities or the exemption from registration for the securities.

(2) If the Secretary of State shall find that any person has violated subsection C, D, E, F, G, H, I, J, or K of Section 12 of this Act, the Secretary of State may by written order temporarily or permanently prohibit or suspend the person from offering or selling any securities, any mineral investment contract, or any mineral deferred delivery contract in this State, provided that any person who is the subject of an order of permanent prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the order of permanent prohibition.

(3) If the Secretary of State shall find that any person is engaging or has engaged in the business of selling or offering for sale securities as a dealer, Internet portal, or salesperson or is acting or has acted as an investment adviser, investment adviser representative, or federal covered investment adviser, without prior thereto and at the time thereof having complied with the registration or notice filing requirements of this Act, the Secretary of State may by written order prohibit or suspend the person from engaging in the business of selling or offering for sale securities, or acting as an investment adviser, investment adviser representative, or federal covered investment adviser, in this State.

(4) In addition to any other sanction or remedy contained in this subsection E, the Secretary of State, after finding that any provision of this Act has been violated, may impose a fine as provided by rule, regulation or order not to exceed $10,000 for each violation of this Act, may issue an order of public censure against the violator, and may charge as costs of investigation all reasonable expenses, including attorney's fees and witness fees.

days notice given by personal service or registered mail or certified mail, return receipt requested, to the person or persons concerned. Such notice shall state the date and time and place of the hearing and shall contain a brief statement of the proposed action of the Secretary of State and the grounds for the proposed action. A failure to appear at the hearing or otherwise respond to the allegations set forth in the notice of hearing shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to enter an order.

(2) Anything herein contained to the contrary notwithstanding, the Secretary of State may temporarily prohibit or suspend, for a maximum period of 90 days, by an order effective immediately, the offer or sale or registration of securities, the registration of a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative, or the offer or sale of securities by any person, or the business of rendering investment advice, without the notice and prior hearing in this subsection prescribed, if the Secretary of State shall in his or her opinion, based on credible evidence, deem it necessary to prevent an imminent violation of this Act or to prevent losses to investors which the Secretary of State reasonably believes will occur as a result of a prior violation of this Act. Immediately after taking action without such notice and hearing, the Secretary of State shall deliver a copy of the temporary order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The temporary order shall set forth the grounds for the action and shall advise that the respondent may request a hearing, that the request for a hearing will not stop the effectiveness of the temporary order and that respondent's failure to request a hearing within 30 days after the date of the entry of the temporary order shall constitute an admission of any facts alleged therein and shall constitute sufficient basis to make the temporary order final. Any provision of this paragraph (2) to the contrary notwithstanding, the Secretary of State may not pursuant to the provisions of this paragraph (2) suspend the registration of a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative based upon sub-paragraph (n) of paragraph (l) of subsection E of Section 8 of this Act or revoke the registration of securities or revoke the registration of any dealer, salesperson, investment adviser representative, or investment adviser.

the basis of the issuance of any stop, suspension or similar order by the Securities and Exchange Commission with respect to the securities which are the subject of the registration under subsection A or B of Section 5, 6 or 7 of this Act, and the order shall become effective as of the date and time of effectiveness of the Securities and Exchange Commission order and shall be vacated automatically at such time as the order of the Securities and Exchange Commission is no longer in effect.

(4) When the Secretary of State finds that an application for registration as a dealer, Internet portal, salesperson, investment adviser, or investment adviser representative should be denied, the Secretary of State may enter an order denying the registration. Immediately after taking such action, the Secretary of State shall deliver a copy of the order to the respondent named therein by personal service or registered mail or certified mail, return receipt requested. The order shall state the grounds for the action and that the matter will be set for hearing upon written request filed with the Secretary of State within 30 days after the receipt of the request by the respondent. The respondent's failure to request a hearing within 30 days after receipt of the order shall constitute an admission of any facts alleged therein and shall make the order final. If a hearing is held, the Secretary of State shall affirm, vacate, or modify the order.

(5) The findings and decision of the Secretary of State upon the conclusion of each final hearing held pursuant to this subsection shall be set forth in a written order signed on behalf of the Secretary of State by his or her designee and shall be filed as a public record. All hearings shall be held before a person designated by the Secretary of State, and appropriate records thereof shall be kept.

(6) Notwithstanding the foregoing, the Secretary of State, after notice and opportunity for hearing, may at his or her discretion enter into an agreed settlement, stipulation or consent order with a respondent in accordance with the provisions of the Illinois Administrative Procedure Act. The provisions of the agreed settlement, stipulation or consent order shall have the full force and effect of an order issued by the Secretary of State.

(7) Anything in this Act to the contrary notwithstanding, whenever the Secretary of State finds that a person is currently expelled from, refused membership in or association with, or limited in any material capacity by a self-regulatory organization registered under the Federal 1934 Act or the Federal 1974 Act because of a fraudulent or deceptive act or a practice in violation of a rule, regulation, or standard duly
promulgated by the self-regulatory organization, the Secretary of State may, at his or her discretion, enter a Summary Order of Prohibition, which shall prohibit the offer or sale of any securities, mineral investment contract, or mineral deferred delivery contract by the person in this State. The order shall take effect immediately upon its entry. Immediately after taking the action the Secretary of State shall deliver a copy of the order to the named Respondent by personal service or registered mail or certified mail, return receipt requested. A person who is the subject of an Order of Prohibition may petition the Secretary of State for a hearing to present evidence of rehabilitation or change in circumstances justifying the amendment or termination of the Order of Prohibition.

G. No administrative action shall be brought by the Secretary of State for relief under this Act or upon or because of any of the matters for which relief is granted by this Act after the earlier to occur of (i) 3 years from the date upon which the Secretary of State had notice of facts which in the exercise of reasonable diligence would lead to actual knowledge of the alleged violation of the Act, or (ii) 5 years from the date on which the alleged violation occurred.

H. The action of the Secretary of State in denying, suspending, or revoking the registration of a dealer, Internet portal, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative, in prohibiting any person from engaging in the business of offering or selling securities as a dealer, limited Canadian dealer, or salesperson, in prohibiting or suspending the offer or sale of securities by any person, in prohibiting a person from acting as an investment adviser, federal covered investment adviser, or investment adviser representative, in denying, suspending, or revoking the registration of securities, in prohibiting or suspending the offer or sale or proposed offer or sale of securities, in imposing any fine for violation of this Act, or in issuing any order shall be subject to judicial review in the Circuit Courts of Cook or Sangamon Counties in this State. The Administrative Review Law shall apply to and govern every action for the judicial review of final actions or decisions of the Secretary of State under this Act.

I. Notwithstanding any other provisions of this Act to the contrary, whenever it shall appear to the Secretary of State that any person is engaged or about to engage in any acts or practices which constitute or will constitute a violation of this Act or of any rule or regulation prescribed under authority of this Act, the Secretary of State may at his or
her discretion, through the Attorney General take any of the following actions:

(1) File a complaint and apply for a temporary restraining order without notice, and upon a proper showing the court may enter a temporary restraining order without bond, to enforce this Act.

(2) File a complaint and apply for a preliminary or permanent injunction, and, after notice and a hearing and upon a proper showing, the court may grant a preliminary or permanent injunction and may order the defendant to make an offer of rescission with respect to any sales or purchases of securities, mineral investment contracts, or mineral deferred delivery contracts determined by the court to be unlawful under this Act.

(3) Seek the seizure of assets when probable cause exists that the assets were obtained by a defendant through conduct in violation of Section 12, paragraph F, G, I, J, K, or L of this Act, and thereby subject to a judicial forfeiture hearing as required under this Act.

(a) In the event that such probable cause exists that the subject of an investigation who is alleged to have committed one of the relevant violations of this Act has in his possession assets obtained as a result of the conduct giving rise to the violation, the Secretary of State may seek a seizure warrant in any circuit court in Illinois.

(b) In seeking a seizure warrant, the Secretary of State, or his or her designee, shall submit to the court a sworn affidavit detailing the probable cause evidence for the seizure, the location of the assets to be seized, the relevant violation under Section 12 of this Act, and a statement detailing any known owners or interest holders in the assets.

(c) Seizure of the assets shall be made by any peace officer upon process of the seizure warrant issued by the court. Following the seizure of assets under this Act and pursuant to a seizure warrant, notice of seizure, including a description of the seized assets, shall immediately be returned to the issuing court. Seized assets shall be maintained pending a judicial forfeiture hearing in accordance with the instructions of the court.

(d) In the event that management of seized assets becomes necessary to prevent the devaluation, dissipation, or otherwise to preserve the property, the court shall have jurisdiction to appoint a receiver, conservator, ancillary receiver, or ancillary conservator for that purpose, as provided in item (2) of this subsection.

(4) Seek the forfeiture of assets obtained through conduct in violation of Section 12, paragraph F, G, H, I, J, K, or L when authorized by law. A forfeiture must be ordered by a circuit court or an action brought by the Secretary of State as provided for in this Act, under a verified complaint for forfeiture.

(b) Service of the complaint filed under the provisions of this Act shall be made in the manner as provided in civil actions in this State.

(vii) all essential facts supporting each assertion; and
(viii) the precise relief sought.
(e) The answer must be filed with the court within 45 days after service of the complaint.
(f) A property interest is exempt from forfeiture under this Act if its owner or interest holder establishes by a preponderance of evidence that the owner or interest holder:

(i) is not legally accountable for the conduct giving rise to the forfeiture, did not acquiesce in it, and did not know and could not reasonably have known of the conduct or that the conduct was likely to occur;

(ii) with respect to conveyances, did not hold the property jointly or in common with a person whose conduct gave rise to the forfeiture;

(iii) does not hold the property for the benefit of or as a nominee for any person whose conduct gave rise to its forfeiture and the owner or interest holder acquires it as a bona fide purchaser for value without knowingly taking part in the conduct giving rise to the forfeiture; or

(iv) acquired the interest after the commencement of the conduct giving rise to its forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct that gave rise to the forfeiture.

(g) The hearing must be held within 60 days after the answer is filed unless continued for good cause.

(h) During the probable cause portion of the judicial in rem proceeding wherein the Secretary of State presents its case-in-chief, the court must receive and consider, among other things, any relevant hearsay evidence and information. The laws of evidence relating to civil actions shall apply to all other portions of the judicial in rem proceeding.
(i) The Secretary of State shall show the existence of probable cause for forfeiture of the property. If the Secretary of State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(j) If the Secretary of State does not show the existence of probable cause or a claimant has an interest that is exempt under subdivision I (4)(d) of this Section, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the Secretary of State pursuant to all provisions of this Act. If the Secretary of State does show the existence of probable cause and the claimant does not establish by a preponderance of the evidence that the claimant has an interest that is exempt under subsection D herein, the court shall order all the property forfeited to the Secretary of State pursuant to the provisions of the Section.

(k) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding for violations of the Act giving rise to forfeiture of property herein regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(l) An acquittal or dismissal in a criminal proceeding for violations of the Act giving rise to the forfeiture of property herein shall not preclude civil proceedings under this provision; however, for good cause shown, on a motion by the Secretary of State, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging violation of the provisions of Section 12 of the Illinois Securities Law of 1953. Property subject to forfeiture under this Section shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of the property unless the return or release is consented to by the Secretary of State.
(m) All property declared forfeited under this Act vests in the State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. In the event that no other law enforcement agencies are involved in the investigation of the conduct giving rise to the forfeiture, then the portion to other law enforcement agencies participating in the investigation of the conduct giving rise to the forfeiture shall be disposed of in accordance with this Act.

(n) The Secretary of State shall notify by certified mail, return receipt requested, all known investors in the matter giving rise to the forfeiture of the forfeiture proceeding and sale of assets forfeited arising from the violations of this Act, and shall further publish notice in a paper of general circulation in the district in which the violations were prosecuted. The notice to investors shall identify the name, address, and other identifying information about any defendant prosecuted for violations of this Act that resulted in forfeiture and sale of property, the offense for which the defendant was convicted, and that the court has ordered forfeiture and sale of property for claims of investors who incurred losses or damages as a result of the violations. Investors may then file a claim in a form prescribed by the Secretary of State in order to share in disbursement of the proceeds from sale of the forfeited property. Investor claims must be filed with the Secretary of State within 30 days after receipt of the certified mail return receipt, or within 30 days after the last date of publication of the general notice in a paper of general circulation in the district in which the violations were prosecuted, whichever occurs last.

(o) A civil action under this subsection must be commenced within 5 years after the last conduct giving rise to the forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding time during which either the property or claimant is out of this State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(p) If property is seized for evidence and for forfeiture, the time periods for instituting judicial forfeiture proceedings shall not begin until the property is no longer necessary for evidence.

forfeitable property in such an amount and upon such terms as are set out in writing in a settlement agreement.

(r) Nothing in this Act shall apply to property that constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the forfeiture proceeding or criminal proceeding relating directly thereto when the property was paid before its seizure and before the issuance of any seizure warrant or court order prohibiting transfer of the property and when the attorney, at the time he or she received the property, did not know that it was property subject to forfeiture under this Act.

The court shall further have jurisdiction and authority, in addition to the penalties and other remedies in this Act provided, to enter an order for the appointment of the court or a person as a receiver, conservator, ancillary receiver or ancillary conservator for the defendant or the defendant's assets located in this State, or to require restitution, damages or disgorgement of profits on behalf of the person or persons injured by the act or practice constituting the subject matter of the action, and may assess costs against the defendant for the use of the State; provided, however, that the civil remedies of rescission and appointment of a receiver, conservator, ancillary receiver or ancillary conservator shall not be available against any person by reason of the failure to file with the Secretary of State, or on account of the contents of, any report of sale provided for in subsection G or P of Section 4, paragraph (2) of subsection D of Sections 5 and 6, or paragraph (2) of subsection F of Section 7 of this Act. Appeals may be taken as in other civil cases.

I-5. Property forfeited under this Section is subject to reporting under the Seizure and Forfeiture Reporting Act.

J. In no case shall the Secretary of State, or any of his or her employees or agents, in the administration of this Act, incur any official or personal liability by instituting an injunction or other proceeding or by denying, suspending or revoking the registration of a dealer or salesperson, or by denying, suspending or revoking the registration of securities or prohibiting the offer or sale of securities, or by suspending or prohibiting any person from acting as a dealer, limited Canadian dealer, salesperson, investment adviser, or investment adviser representative or from offering or selling securities.

L. Whenever, after an examination, investigation or hearing, the Secretary of State deems it of public interest or advantage, he or she may certify a record to the State's Attorney of the county in which the act complained of, examined or investigated occurred. The State's Attorney of that county within 90 days after receipt of the record shall file a written statement at the Office of the Secretary of State, which statement shall set forth the action taken upon the record, or if no action has been taken upon the record that fact, together with the reasons therefor, shall be stated.

Section 5. The Illinois Vehicle Code is amended by changing Sections 13-102.1, 13-109.1, 13-114, and 13-116.1 as follows:

(625 ILCS 5/13-102.1)

Sec. 13-102.1. Diesel powered vehicle emission inspection report. Beginning July 1, 2000, the Department of Transportation and the Department of State Police shall conduct an annual study concerned with the results of emission inspections for diesel powered vehicles registered for a gross weight of more than 16,000 pounds or having a gross vehicle weight rating of more than 16,000 pounds. The study shall be reported to the General Assembly by June 30, 2001, and every June 30 thereafter. The study shall also be sent to the Illinois Environmental Protection Agency for its use in environmental matters.

The study shall include, but not be limited to, the following information:

New matter indicated by italics - deletions by strikeout
(a) the number of diesel powered vehicles that were inspected for emission compliance pursuant to this Chapter 13 during the previous year;
(b) the number of diesel powered vehicles that failed and passed the emission inspections conducted pursuant to this Chapter 13 during the previous year; and
(c) the number of diesel powered vehicles that failed the emission inspections conducted pursuant to this Chapter 13 more than once in the previous year.

(625 ILCS 5/13-109.1)
Sec. 13-109.1. Annual and nonscheduled emission inspection tests; standards; penalties; funds.

(a) For each diesel powered vehicle that (i) is registered for a gross weight of more than 16,000 pounds, (ii) is registered within an affected area, and (iii) is a 2 year or older model year, an annual emission inspection test shall be conducted at an official testing station certified by the Illinois Department of Transportation to perform diesel emission inspections pursuant to the standards set forth in subsection (b) of this Section. This annual emission inspection test may be conducted in conjunction with a semi-annual safety test.

(a-5) (Blank). Beginning October 1, 2000, the Department of State Police is authorized to perform nonscheduled emission inspections for cause, at any place within an affected area, of any diesel powered vehicles that are operated on the roadways of this State, and are registered for a gross weight of more than 16,000 pounds or have a gross vehicle weight rating of more than 16,000 pounds. The inspections shall adhere to the procedures and standards set forth in subsection (b). These nonscheduled emission inspections shall be conducted by the Department of State Police at weigh stations, roadside, or other safe and reasonable locations within an affected area. Before any person may inspect a diesel vehicle under this Section, he or she must receive adequate training and certification for diesel emission inspections by the Department of State Police. The Department of State Police shall adopt rules for the training and certification of persons who conduct emission inspections under this Section.

(b) Diesel emission inspections conducted under this Chapter 13 shall be conducted in accordance with the Society of Automotive
Engineers Recommended Practice J1667 "Snap-Acceleration Smoke Test Procedure for Heavy-Duty Diesel Powered Vehicles" and the cutpoint standards set forth in the United States Environmental Protection Agency guidance document "Guidance to States on Smoke Opacity Cutpoints to be used with the SAE J1667 In-Use Smoke Test Procedure". Those procedures and standards, as now in effect, are made a part of this Code, in the same manner as though they were set out in full in this Code.

Notwithstanding the above cutpoint standards, for motor vehicles that are model years 1973 and older, until December 31, 2002, the level of peak smoke opacity shall not exceed 70 percent. Beginning January 1, 2003, for motor vehicles that are model years 1973 and older, the level of peak smoke opacity shall not exceed 55 percent.

(c) If the annual emission inspection under subsection (a) reveals that the vehicle is not in compliance with the diesel emission standards set forth in subsection (b) of this Section, the operator of the official testing station shall issue a warning notice requiring correction of the violation. The correction shall be made and the vehicle submitted to an emissions retest at an official testing station certified by the Department to perform diesel emission inspections within 30 days from the issuance of the warning notice requiring correction of the violation.

If, within 30 days from the issuance of the warning notice, the vehicle is not in compliance with the diesel emission standards set forth in subsection (b) as determined by an emissions retest at an official testing station, the operator of the official testing station or the Department shall place the vehicle out-of-service in accordance with the rules promulgated by the Department. Operating a vehicle that has been placed out-of-service under this subsection (c) is a petty offense punishable by a $1,000 fine. The vehicle must pass a diesel emission inspection at an official testing station before it is again placed in service. The Secretary of State, Department of State Police, and other law enforcement officers shall enforce this Section. No emergency vehicle, as defined in Section 1-105, may be placed out-of-service pursuant to this Section.

The Department or an official testing station may issue a certificate of waiver subsequent to a reinspection of a vehicle that failed the emissions inspection. Certificate of waiver shall be issued upon determination that documented proof demonstrates that emissions repair costs for the noncompliant vehicle of at least $3,000 have been spent in an effort to achieve compliance with the emission standards set forth in subsection (b). The Department of Transportation shall adopt rules for the
implementation of this subsection including standards of documented proof as well as the criteria by which a waiver shall be granted.

(c-5) (Blank). If a nonscheduled inspection reveals that the vehicle is not in compliance with the diesel emission standards set forth in subsection (b), the operator of the vehicle is guilty of a petty offense punishable by a $400 fine, and a State Police officer shall issue a citation for a violation of the standards. A third or subsequent violation within one year of the first violation is a petty offense punishable by a $1,000 fine. An operator who receives a citation under this subsection shall not, within 30 days of the initial citation, receive a second or subsequent citation for operating the same vehicle in violation of the emission standards set forth in subsection (b):

(d) (Blank). There is hereby created within the State Treasury a special fund to be known as the Diesel Emissions Testing Fund, constituted from the fines collected pursuant to subsections (c) and (c-5) of this Section. Subject to appropriation, moneys from the Diesel Emissions Testing Fund shall be available, as a supplement to moneys appropriated from the General Revenue Fund, to the Department of Transportation and the Department of State Police for their implementation of the diesel emission inspection requirements under this Chapter 13. All moneys received from fines imposed under this Section shall be paid into the Diesel Emissions Testing Fund. All citations issued pursuant to this Section shall be considered non-moving violations. The Department of Transportation and the Department of State Police are authorized to promulgate rules to implement their responsibilities under this Section.

Any vehicle registered in Illinois and operated by an interstate carrier of property shall be exempt from the provisions of this Chapter provided such carrier has registered with the Bureau of Motor Carrier Safety of the Federal Highway Administration as an interstate motor carrier of property and has been assigned a federal census number by such Bureau. An interstate carrier of property, however, is not exempt from the provisions of Section 13-111(b) of this Chapter.

The Department of Juvenile Justice may conduct opt-out HIV testing as defined in Section 4 of the AIDS Confidentiality Act. If the Department conducts opt-out HIV testing, the Department shall place signs in English, Spanish and other languages as needed in multiple, highly visible locations in the area where HIV testing is conducted informing inmates that they will be tested for HIV unless they refuse, and refusal or acceptance of testing shall be documented in the inmate's medical record. The Department shall follow procedures established by the Department of Public Health to conduct HIV testing and testing to confirm positive HIV test results. All testing must be conducted by medical personnel, but pre-test and other information may be provided by committed persons who have received appropriate training. The Department, in conjunction with the Department of Public Health, shall develop a plan that complies with the AIDS Confidentiality Act to deliver confidentially all positive or negative HIV test results to inmates or former inmates. Nothing in this Section shall require the Department to offer HIV testing to an inmate who is known to be infected with HIV, or who has been tested for HIV within the previous 180 days and whose documented HIV test result is available to the Department electronically. The testing provided under this subsection (a-5) shall consist of a test approved by the Illinois Department of Public Health to determine the presence of HIV infection, based upon recommendations of the United States Centers for Disease Control and Prevention. If the test result is positive, a reliable supplemental test based upon recommendations of the United States Centers for Disease Control and Prevention shall be administered.

Also upon admission of a person committed to the Department of Juvenile Justice, the Department of Juvenile Justice must inform the person of the Department's obligation to provide the person with medical care.
(b) Based on its examination, the Department of Juvenile Justice may exercise the following powers in developing a treatment program of any person committed to the Department of Juvenile Justice:

1. Require participation by him in vocational, physical, educational and corrective training and activities to return him to the community.

2. Place him in any institution or facility of the Department of Juvenile Justice.

(c) The Department of Juvenile Justice shall make periodic reexamination of all persons under the control of the Department of Juvenile Justice to determine whether existing orders in individual cases should be modified or continued. This examination shall be made with respect to every person at least once annually.

(d) A record of the treatment decision including any modification thereof and the reason therefor, shall be part of the committed person's master record file.

(e) The Department of Juvenile Justice shall by regular certified mail and telephone or electronic message notify the parent, guardian or nearest relative of any person committed to the Department of Juvenile Justice of his or her physical location and any change thereof.

Sec. 11-1301.2. Special decals for parking; persons with disabilities.

(a) The Secretary of State shall provide for, by administrative rules, the design, size, color, and placement of a person with disabilities motorist decal or device and shall provide for, by administrative rules, the content and form of an application for a person with disabilities motorist decal or device, which shall be used by local authorities in the issuance thereof to a person with temporary disabilities, provided that the decal or device is valid for no more than 90 days, subject to renewal for like periods based upon continued disability, and further provided that the decal or device clearly sets forth the date that the decal or device expires. The application shall include the requirement of an Illinois Identification Card number or a State of Illinois driver's license number or, if the applicant does not have an identification card or driver's license number, then the applicant may use a valid identification number issued by a branch of the U.S. military or a federally issued Medicare or Medicaid identification number. This decal or device may be used by the authorized holder to designate and identify a vehicle not owned or displaying a registration plate as provided in Sections 3-609 and 3-616 of this Act to designate when the vehicle is being used to transport said person or persons with disabilities, and thus is entitled to enjoy all the privileges that would be afforded a person with disabilities licensed vehicle. Person with disabilities decals or devices issued and displayed pursuant to this Section shall be recognized and honored by all local authorities regardless of which local authority issued such decal or device.

The decal or device shall be issued only upon a showing by adequate documentation that the person for whose benefit the decal or device is to be used has a disability as defined in Section 1-159.1 of this Code and the disability is temporary.

The person with disabilities parking decal or device shall not display that person's address. One additional decal or device may be issued to an applicant upon his or her written request and with the approval of the Secretary of State. The written request must include a justification of the need for the additional decal or device.

(c-5) Beginning January 1, 2014, the Secretary shall provide by administrative rule for the issuance of a separate and distinct parking decal or device for persons with disabilities as defined by Section 1-159.1 of this Code and who meet the qualifications under this subsection. The authorized holder of a decal or device issued under this subsection (c-5) shall be exempt from the payment of fees generated by parking in a metered space, a parking area subject to paragraph (10) of subsection (a) of Section 11-209 of this Code, or a publicly owned parking area.

(d) Replacement decals or devices may be issued for lost, stolen, or destroyed decals upon application and payment of a $10 fee. The replacement fee may be waived for individuals that have claimed and received a grant under the Senior Citizens and Persons with Disabilities Property Tax Relief Act.

(e) A person classified as a veteran under subsection (e) of Section 6-106 of this Code that has been issued a decal or device under this Section shall not be required to submit evidence of disability in order to renew that decal or device if, at the time of initial application, he or she submitted evidence from his or her physician or the Department of Veterans' Affairs that the disability is of a permanent nature. However, the Secretary shall take reasonable steps to ensure the veteran still resides in this State at the time of the renewal. These steps may include requiring the veteran to provide additional documentation or to appear at a Secretary of State facility. Sec. 5.05. Victims of sex trafficking.
(a) Legislative findings. Because of their histories of trauma, youth in the care of the Department of Children and Family Services are particularly vulnerable to sex traffickers. Sex traffickers often target child care facilities licensed by the Department to recruit their victims. Foster children who are victims of sex trafficking present unique treatment needs that existing treatment programs are not always able to address. The Department of Children and Family Services needs to develop a comprehensive strategy and continuum of care to treat foster children who are identified as victims of sex trafficking.

(b) Multi-disciplinary workgroup. By January 1, 2016, the Department shall convene a multi-disciplinary workgroup to review treatment programs for youth in the Department's care who are victims of sex trafficking and to make recommendations regarding a continuum of care for these vulnerable youth. The workgroup shall do all of the following:

(1) Conduct a survey of literature and of existing treatment program models available in the State and outside the State for youth in the Department's care who are victims of sex trafficking, taking into account whether the programs have been subject to evaluation.

(2) Evaluate the need for new programs in the State, taking into account that youth in the Department's care who are victims of sex trafficking can present a variety of additional needs, including mental illness, medical needs, emotional disturbance, and cognitive delays.

(3) Review existing State laws and rules that permit children to be placed in secured therapeutic residential care and recommend (i) whether secured residential care should be part of a continuum of care in the State for foster youth who have been

(4) Make recommendations regarding a continuum of care for children in the Department's care who are victims of sex trafficking.

(c) Composition of workgroup. The workgroup shall consist of a minimum of:

(1) two representatives of the Department, including at least one who is familiar with child care facilities licensed by the Department under the Child Care Act of 1969 that provide residential services;

(9) one representative of an agency independent of the Department who has experience in providing treatment to children and youth who are victims of sex trafficking; and

(10) one representative of a law enforcement agency that works with youth who are victims of sex trafficking.

(d) Records and information. Upon request, the Department shall provide the workgroup with all records and information in the Department's possession that are relevant to the workgroup's review of existing programs and to the workgroup's review of the need for new programs for victims of sex trafficking. The Department shall redact any confidential information from the records and information provided to the workgroup to maintain the confidentiality of persons served by the Department.

(e) Workgroup report. The workgroup shall provide a report to the General Assembly no later than January 1, 2017 with its findings and recommendations.

(f) Department report. No later than March 1, 2017, the Department shall implement the workgroup's recommendations, as feasible and appropriate, and shall submit a written report to the General Assembly that explains the Department's decision to implement or to not implement each of the workgroup's recommendations.

(g) Specialized placements. No later than July 1, 2019, the Department shall enter into contracts with public or private agencies or shall complete development for specialized placements for youth in the Department's care who are victims of sex trafficking. Such specialized placements may include, but not be limited to, licensed foster homes, group homes, residential facilities, and secure residential facilities that specialize in providing treatment to children who are victims of sex trafficking.

PUBLIC ACT 100-0706
(Senate Bill No. 2498)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 602.9 as follows:
(750 ILCS 5/602.9)
Sec. 602.9. Visitation by certain non-parents.
(a) As used in this Section:
(1) "electronic communication" means time that a grandparent, great-grandparent, sibling, or step-parent spends with a child during which the child is not in the person's actual physical custody, but which is facilitated by the use of communication tools such as the telephone, electronic mail, instant messaging, video conferencing or other wired or wireless technologies via the Internet, or another medium of communication;

New matter indicated by italics - deletions by strikeout
(2) "sibling" means a brother or sister either of the whole blood or the half blood, stepbrother, or stepsister of the minor child;

(3) "step-parent" means a person married to a child's parent, including a person married to the child's parent immediately prior to the parent's death; and

(4) "visitation" means in-person time spent between a child and the child's grandparent, great-grandparent, sibling, step-parent, or any person designated under subsection (d) of Section 602.7. In appropriate circumstances, visitation may include electronic communication under conditions and at times determined by the court.

(b) General provisions.

(1) An appropriate person, as identified in subsection (c) of this Section, may bring an action in circuit court by petition, or by filing a petition in a pending dissolution proceeding or any other proceeding that involves parental responsibilities or visitation issues regarding the child, requesting visitation with the child pursuant to this Section. If there is not a pending proceeding involving parental responsibilities or visitation with the child, the petition for visitation with the child must be filed in the county in which the child resides. Notice of the petition shall be given as provided in subsection (c) of Section 601.2 of this Act.

(2) This Section does not apply to a child:

   (A) in whose interests a petition is pending under Section 2-13 of the Juvenile Court Act of 1987; or
   (B) in whose interests a petition to adopt by an unrelated person is pending under the Adoption Act; or
   (C) who has been voluntarily surrendered by the parent or parents, except for a surrender to the Department of Children and Family Services or a foster care facility; or
   (D) who has been previously adopted by an individual or individuals who are not related to the biological parents of the child or who is the subject of a pending adoption petition by an individual or individuals who are not related to the biological parents of the child; or
   (E) who has been relinquished pursuant to the Abandoned Newborn Infant Protection Act.
(3) A petition for visitation may be filed under this Section only if there has been an unreasonable denial of visitation by a parent and the denial has caused the child undue mental, physical, or emotional harm.

(4) There is a rebuttable presumption that a fit parent's actions and decisions regarding grandparent, great-grandparent, sibling, or step-parent visitation are not harmful to the child's mental, physical, or emotional health. The burden is on the party filing a petition under this Section to prove that the parent's actions and decisions regarding visitation will cause undue harm to the child's mental, physical, or emotional health.

(5) In determining whether to grant visitation, the court shall consider the following:

(A) the wishes of the child, taking into account the child's maturity and ability to express reasoned and independent preferences as to visitation;
(B) the mental and physical health of the child;
(C) the mental and physical health of the grandparent, great-grandparent, sibling, or step-parent;
(D) the length and quality of the prior relationship between the child and the grandparent, great-grandparent, sibling, or step-parent;
(E) the good faith of the party in filing the petition;
(F) the good faith of the person denying visitation;
(G) the quantity of the visitation time requested and the potential adverse impact that visitation would have on the child's customary activities;
(H) any other fact that establishes that the loss of the relationship between the petitioner and the child is likely to unduly harm the child's mental, physical, or emotional health; and
(I) whether visitation can be structured in a way to minimize the child's exposure to conflicts between the adults.

(6) Any visitation rights granted under this Section before the filing of a petition for adoption of the child shall automatically terminate by operation of law upon the entry of an order terminating parental rights or granting the adoption of the child, whichever is earlier. If the person or persons who adopted the child

New matter indicated by italics - deletions by strikeout
are related to the child, as defined by Section 1 of the Adoption Act, any person who was related to the child as grandparent, great-grandparent, or sibling prior to the adoption shall have standing to bring an action under this Section requesting visitation with the child.

(7) The court may order visitation rights for the grandparent, great-grandparent, sibling, or step-parent that include reasonable access without requiring overnight or possessory visitation.

(c) Visitation by grandparents, great-grandparents, step-parents, and siblings.

(1) Grandparents, great-grandparents, step-parents, and siblings of a minor child who is one year old or older may bring a petition for visitation and electronic communication under this Section if there is an unreasonable denial of visitation by a parent that causes undue mental, physical, or emotional harm to the child and if at least one of the following conditions exists:

(A) the child's other parent is deceased or has been missing for at least 90 days. For the purposes of this subsection a parent is considered to be missing if the parent's location has not been determined and the parent has been reported as missing to a law enforcement agency; or

(B) a parent of the child is incompetent as a matter of law; or

(C) a parent has been incarcerated in jail or prison for a period in excess of 90 days immediately prior to the filing of the petition; or

(D) the child's parents have been granted a dissolution of marriage or have been legally separated from each other or there is pending a dissolution proceeding involving a parent of the child or another court proceeding involving parental responsibilities or visitation of the child (other than an adoption proceeding of an unrelated child, a proceeding under Article II of the Juvenile Court Act of 1987, or an action for an order of protection under the Illinois Domestic Violence Act of 1986 or Article 112A of the Code of Criminal Procedure of 1963) and at least one parent does not object to the grandparent, great-grandparent, step-parent, or sibling having visitation with the child.

the child. The visitation of the grandparent, great-grandparent, step-parent, or sibling must not diminish the parenting time of the parent who is not related to the grandparent, great-grandparent, step-parent, or sibling seeking visitation; or

(E) (i) the child is born to parents who are not married to each other; (ii) the parents are not living together; (iii) and the petitioner is a grandparent, great-grandparent, step-parent, or sibling of the child; and (iv) the parent-child relationship and parentage has been legally established. For purposes of this subdivision (E), if the petitioner is a grandparent or great-grandparent, the parent-child relationship need be legally established only with respect to the parent who is related to the grandparent or great-grandparent. For purposes of this subdivision (E), if the petitioner is a step-parent, the parent-child relationship need be legally established only with respect to the parent who is married to the petitioner or was married to the petitioner immediately before the parent’s death. by a court of competent jurisdiction.

(2) In addition to the factors set forth in subdivision (b)(5) of this Section, the court should consider:

(A) whether the child resided with the petitioner for at least 6 consecutive months with or without a parent present;

(B) whether the child had frequent and regular contact or visitation with the petitioner for at least 12 consecutive months; and

(C) whether the grandparent, great-grandparent, sibling, or step-parent was a primary caretaker of the child for a period of not less than 6 consecutive months within the 24-month period immediately preceding the commencement of the proceeding.

(3) An order granting visitation privileges under this Section is subject to subsections (c) and (d) of Section 603.10.

(4) A petition for visitation privileges may not be filed pursuant to this subsection (c) by the parents or grandparents of a parent of the child if parentage between the child and the related parent has not been legally established.

New matter indicated by italics - deletions by strikeout
(d) Modification of visitation orders.

(1) Unless by stipulation of the parties, no motion to modify a grandparent, great-grandparent, sibling, or step-parent visitation order may be made earlier than 2 years after the date the order was filed, unless the court permits it to be made on the basis of affidavits that there is reason to believe the child's present environment may endanger seriously the child's mental, physical, or emotional health.

(2) The court shall not modify an order that grants visitation to a grandparent, great-grandparent, sibling, or step-parent unless it finds by clear and convincing evidence, upon the basis of facts that have arisen since the prior visitation order or that were unknown to the court at the time of entry of the prior visitation order, that a change has occurred in the circumstances of the child or his or her parent, and that the modification is necessary to protect the mental, physical, or emotional health of the child. The court shall state in its decision specific findings of fact in support of its modification or termination of the grandparent, great-grandparent, sibling, or step-parent visitation. A child's parent may always petition to modify visitation upon changed circumstances when necessary to promote the child's best interests.

(3) Notice of a motion requesting modification of a visitation order shall be provided as set forth in subsection (c) of Section 601.2 of this Act.

(4) Attorney's fees and costs shall be assessed against a party seeking modification of the visitation order if the court finds that the modification action is vexatious and constitutes harassment.

(e) No child's grandparent, great-grandparent, sibling, or step-parent, or any person to whom the court is considering granting visitation privileges pursuant to subsection (d) of Section 602.7, who was convicted of any offense involving an illegal sex act perpetrated upon a victim less than 18 years of age including, but not limited to, offenses for violations of Section 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-1.70, or Article 12 of the Criminal Code of 1961 or the Criminal Code of 2012, is entitled to visitation while incarcerated or while on parole, probation, conditional discharge, periodic imprisonment, or mandatory supervised release for that offense, and upon discharge from incarceration for a misdemeanor offense or upon discharge from parole, probation, conditional discharge, periodic

imprisonment, or mandatory supervised release for a felony offense. Visitation shall be denied until the person successfully completes a treatment program approved by the court. Upon completion of treatment, the court may deny visitation based on the factors listed in subdivision (b)(5) of this Section.

(f) No child's grandparent, great-grandparent, sibling, or step-parent, or any person to whom the court is considering granting visitation privileges pursuant to subsection (d) of Section 602.7, may be granted visitation if he or she has been convicted of first degree murder of a parent, grandparent, great-grandparent, or sibling of the child who is the subject of the visitation request. Pursuant to a motion to modify visitation, the court shall revoke visitation rights previously granted to any person who would otherwise be entitled to petition for visitation rights under this Section or granted visitation under subsection (d) of Section 602.7, if the person has been convicted of first degree murder of a parent, grandparent, great-grandparent, or sibling of the child who is the subject of the visitation order. Until an order is entered pursuant to this subsection, no person may visit, with the child present, a person who has been convicted of first degree murder of the parent, grandparent, great-grandparent, or sibling of the child without the consent of the child's parent, other than a parent convicted of first degree murder as set forth herein, or legal guardian.

Section 5. The Mental Health and Developmental Disabilities Code is amended by changing Section 2-107.1 as follows:

(405 ILCS 5/2-107.1) (from Ch. 91 1/2, par. 2-107.1)

Sec. 2-107.1. Administration of psychotropic medication and electroconvulsive therapy upon application to a court.

(a) (Blank).

(a-5) Notwithstanding the provisions of Section 2-107 of this Code, psychotropic medication and electroconvulsive therapy may be administered to an adult recipient of services on an inpatient or outpatient basis without the informed consent of the recipient under the following standards:

(1) Any person 18 years of age or older, including any guardian, may petition the circuit court for an order authorizing the administration of psychotropic medication and electroconvulsive therapy to a recipient of services. The petition shall state that the petitioner has made a good faith attempt to determine whether the recipient has executed a power of attorney for health care under the Powers of Attorney for Health Care Law or a declaration for mental health treatment under the Mental Health Treatment Preference Declaration Act and to obtain copies of these instruments if they exist. If either of the above-named instruments is available to the petitioner, the instrument or a copy of the instrument shall be attached to the petition as an exhibit. The petitioner shall deliver a copy of the petition, and notice of the time and place of the hearing, to the respondent, his or her attorney, any known agent or attorney-in-fact, if any, and the guardian, if any, no later than 3 days prior to the date of the hearing. Service of the petition and notice of the time and place of the hearing may be made by transmitting them via facsimile machine to the respondent or other party. Upon receipt of the petition and notice, the party served, or the person delivering the petition and notice to the party served, shall acknowledge service. If the party sending the petition

and notice does not receive acknowledgement of service within 24 hours, service must be made by personal service.

The petition may include a request that the court authorize such testing and procedures as may be essential for the safe and effective administration of the psychotropic medication or electroconvulsive therapy sought to be administered, but only where the petition sets forth the specific testing and procedures sought to be administered.

If a hearing is requested to be held immediately following the hearing on a petition for involuntary admission, then the notice requirement shall be the same as that for the hearing on the petition for involuntary admission, and the petition filed pursuant to this Section shall be filed with the petition for involuntary admission.

(2) The court shall hold a hearing within 7 days of the filing of the petition. The People, the petitioner, or the respondent shall be entitled to a continuance of up to 7 days as of right. An additional continuance of not more than 7 days may be granted to any party (i) upon a showing that the continuance is needed in order to adequately prepare for or present evidence in a hearing under this Section or (ii) under exceptional circumstances. The court may grant an additional continuance not to exceed 21 days when, in its discretion, the court determines that such a continuance is necessary in order to provide the recipient with an examination pursuant to Section 3-803 or 3-804 of this Act, to provide the recipient with a trial by jury as provided in Section 3-802 of this Act, or to arrange for the substitution of counsel as provided for by the Illinois Supreme Court Rules. The hearing shall be separate from a judicial proceeding held to determine whether a person is subject to involuntary admission but may be heard immediately preceding or following such a judicial proceeding and may be heard by the same trier of fact or law as in that judicial proceeding.

(3) Unless otherwise provided herein, the procedures set forth in Article VIII of Chapter III of this Act, including the provisions regarding appointment of counsel, shall govern hearings held under this subsection (a-5).

(4) Psychotropic medication and electroconvulsive therapy may be administered to the recipient if and only if it has been determined by clear and convincing evidence that all of the

following factors are present. In determining whether a person meets the criteria specified in the following paragraphs (A) through (G), the court may consider evidence of the person's history of serious violence, repeated past pattern of specific behavior, actions related to the person's illness, or past outcomes of various treatment options.

(A) That the recipient has a serious mental illness or developmental disability.

(B) That because of said mental illness or developmental disability, the recipient currently exhibits any one of the following: (i) deterioration of his or her ability to function, as compared to the recipient's ability to function prior to the current onset of symptoms of the mental illness or disability for which treatment is presently sought, (ii) suffering, or (iii) threatening behavior.

(C) That the illness or disability has existed for a period marked by the continuing presence of the symptoms set forth in item (B) of this subdivision (4) or the repeated episodic occurrence of these symptoms.

(D) That the benefits of the treatment outweigh the harm.

(E) That the recipient lacks the capacity to make a reasoned decision about the treatment.

(F) That other less restrictive services have been explored and found inappropriate.

(G) If the petition seeks authorization for testing and other procedures, that such testing and procedures are essential for the safe and effective administration of the treatment.

(5) In no event shall an order issued under this Section be effective for more than 90 days. A second 90-day period of involuntary treatment may be authorized pursuant to a hearing that complies with the standards and procedures of this subsection (a-5). Thereafter, additional 180-day periods of involuntary treatment may be authorized pursuant to the standards and procedures of this Section without limit. If a new petition to authorize the administration of psychotropic medication or electroconvulsive therapy is filed at least 15 days prior to the expiration of the prior order, and if any continuance of the hearing is agreed to by the
recipient, the administration of the treatment may continue in accordance with the prior order pending the completion of a hearing under this Section.

(6) An order issued under this subsection (a-5) shall designate the persons authorized to administer the treatment under the standards and procedures of this subsection (a-5). Those persons shall have complete discretion not to administer any treatment authorized under this Section. The order shall also specify the medications and the anticipated range of dosages that have been authorized and may include a list of any alternative medications and range of dosages deemed necessary.

(a-10) The court may, in its discretion, appoint a guardian ad litem for a recipient before the court or authorize an existing guardian of the person to monitor treatment and compliance with court orders under this Section.

(b) A guardian may be authorized to consent to the administration of psychotropic medication or electroconvulsive therapy to an objecting recipient only under the standards and procedures of subsection (a-5).

(c) Notwithstanding any other provision of this Section, a guardian may consent to the administration of psychotropic medication or electroconvulsive therapy to a non-objecting recipient under Article XIa of the Probate Act of 1975.

(d) Nothing in this Section shall prevent the administration of psychotropic medication or electroconvulsive therapy to recipients in an emergency under Section 2-107 of this Act.

(e) Notwithstanding any of the provisions of this Section, psychotropic medication or electroconvulsive therapy may be administered pursuant to a power of attorney for health care under the Powers of Attorney for Health Care Law or a declaration for mental health treatment under the Mental Health Treatment Preference Declaration Act over the objection of the recipient if the recipient has not revoked the power of attorney or declaration for mental health treatment as provided in the relevant statute.

(f) The Department shall conduct annual trainings for physicians and registered nurses working in State-operated mental health facilities on the appropriate use of psychotropic medication and electroconvulsive therapy, standards for their use, and the preparation of court petitions under this Section.

Section 5. The Private Detective, Private Alarm, Private Security, Fingerprint Vendor, and Locksmith Act of 2004 is amended by changing Section 35-35 as follows:
(225 ILCS 447/35-35)
(Section scheduled to be repealed on January 1, 2024)
Sec. 35-35. Requirement of a firearm control card.
(a) No person shall perform duties that include the use, carrying, or possession of a firearm in the performance of those duties without complying with the provisions of this Section and having been issued a valid firearm control card by the Department.
(b) No employer shall employ any person to perform the duties for which licensure or employee registration is required and allow that person to carry a firearm unless that person has complied with all the firearm training requirements of this Section and has been issued a firearm control card. This Act permits only the following to carry firearms while actually engaged in the performance of their duties or while commuting directly to or from their places of employment: persons licensed as private detectives and their registered employees; persons licensed as private security contractors and their registered employees; persons licensed as private alarm contractors and their registered employees; and employees of a registered armed proprietary security force.

New matter indicated by italics - deletions by strikeout
(c) Possession of a valid firearm control card allows a licensee or employee to carry a firearm not otherwise prohibited by law while the licensee or employee is engaged in the performance of his or her duties or while the licensee or employee is commuting directly to or from the licensee's or employee's place or places of employment.

(d) The Department shall issue a firearm control card to a person who has passed an approved firearm training course, who is currently licensed or employed by an agency licensed by this Act and has met all the requirements of this Act, and who possesses a valid firearm owner identification card. Application for the firearm control card shall be made by the employer to the Department on forms provided by the Department. The Department shall forward the card to the employer who shall be responsible for its issuance to the licensee or employee. The firearm control card shall be issued by the Department and shall identify the person holding it and the name of the course where the licensee or employee received firearm instruction and shall specify the type of weapon or weapons the person is authorized by the Department to carry and for which the person has been trained.

(e) Expiration and requirements for renewal of firearm control cards shall be determined by rule.

(f) The Department may, in addition to any other disciplinary action permitted by this Act, refuse to issue, suspend, or revoke a firearm control card if the applicant or holder has been convicted of any felony or crime involving the illegal use, carrying, or possession of a deadly weapon or for a violation of this Act or rules promulgated under this Act. The Department shall refuse to issue or shall revoke a firearm control card if the applicant or holder fails to possess a valid firearm owners identification card without hearing. The Secretary shall summarily suspend a firearm control card if the Secretary finds that its continued use would constitute an imminent danger to the public. A hearing shall be held before the Board within 30 days if the Secretary summarily suspends a firearm control card.

(g) Notwithstanding any other provision of this Act to the contrary, all requirements relating to firearms control cards do not apply to a peace officer. If an individual ceases to be employed as a peace officer and continues to perform services in an armed capacity under this Act that are licensed activities, then the individual is required to obtain a permanent employee registration card pursuant to Section 35-30 of this Act and must possess a valid Firearm Owner's Identification Card, but is not required
to obtain a firearm control card if the individual is otherwise in continuing compliance with the federal Law Enforcement Officers Safety Act of 2004. If an individual elects to carry a firearm pursuant to the federal Law Enforcement Officers Safety Act of 2004, then the agency employing the officer is required to submit a notice of that election to the Department along with a fee specified by rule.

(h) The Department may issue a temporary firearm control card pending issuance of a new firearm control card upon an agency's acquiring of an established armed account. An agency that has acquired armed employees as a result of acquiring an established armed account may, on forms supplied by the Department, request the issuance of a temporary firearm control card for each acquired employee who held a valid firearm control card under his or her employment with the newly acquired established armed account immediately preceding the acquiring of the account and who continues to meet all of the qualifications for issuance of a firearm control card set forth in this Act and any rules adopted under this Act. The Department shall, by rule, set the fee for issuance of a temporary firearm control card.

(i) The Department shall not issue a firearm control card to a licensed fingerprint vendor or a licensed locksmith or employees of a licensed fingerprint vendor agency or a licensed locksmith agency.

"ABLE account plan" or "plan" means the savings account plan provided for in this Section.

"Account administrator" means the person selected by the State Treasurer to administer the daily operations of the ABLE account plan and provide marketing, recordkeeping, investment management, and other services for the plan.

"Aggregate account balance" means the amount in an account on a particular date or the fair market value of an account on a particular date.

"Beneficiary" means the ABLE account owner.

"Board" means the Illinois State Board of Investment.

"Contracting state" means a state without a qualified ABLE program which has entered into a contract with Illinois to provide residents of the contracting state access to a qualified ABLE program.

"Designated representative" means a person who is authorized to act on behalf of an account owner. An account owner is authorized to act on his or her own behalf unless the account owner is a minor or the account owner has been adjudicated to have a disability so that a guardian has been appointed. A designated representative acts in a fiduciary capacity to the account owner. The State Treasurer shall recognize a person as a designated representative without appointment by a court in the following order of priority:

(1) The account owner's plenary guardian of the estate, or the account owner's limited guardian of financial or contractual matters. Any guardian acting in this capacity shall not be required to seek court approval for any ABLE qualified distributions.

(2) The agent named by the account owner in a property power of attorney recognized as a statutory short form power of attorney for property.

(3) Such individual or entity that the account owner so designates in writing, in a manner to be established by the State Treasurer.

(4) Such other individual or entity designated by the State Treasurer pursuant to its rules.

"Disability certification" has the meaning given to that term under Section 529A of the Internal Revenue Code.

"Eligible individual" has the meaning given to that term under Section 529A of the Internal Revenue Code.

"Participation agreement" means an agreement to participate in the ABLE account plan between an account owner and the State, through its agencies and the State Treasurer.

"Qualified disability expenses" has the meaning given to that term under Section 529A of the Internal Revenue Code.

"Qualified withdrawal" or "qualified distribution" means a withdrawal from an ABLE account to pay the qualified disability expenses of the beneficiary of the account.

(b) The "Achieving a Better Life Experience" or "ABLE" account program is hereby created and shall be administered by the State Treasurer. The purpose of the ABLE plan is to encourage and assist individuals and families in saving private funds for the purpose of supporting individuals with disabilities to maintain health, independence, and quality of life, and to provide secure funding for disability-related expenses on behalf of designated beneficiaries with disabilities that will supplement, but not supplant, benefits provided through private insurance, federal and State medical and disability insurance, the beneficiary's employment, and other sources. Under the plan, a person may make contributions to an ABLE account to meet the qualified disability expenses of the designated beneficiary of the account. The plan must be operated as an accounts-type plan that permits persons to save for qualified disability expenses incurred by or on behalf of an eligible individual.

The State Treasurer shall promote awareness of the availability and advantages of the ABLE account plan as a way to assist individuals and families in saving private funds for the purpose of supporting individuals with disabilities. The cost of these promotional efforts shall not be funded with fees imposed on participants by the State Treasurer.

The State Treasurer shall not accept contributions for ABLE accounts under this Section until the Internal Revenue Service has issued its final regulations or interim guidance concerning ABLE accounts.

A separate account must be maintained for each beneficiary for whom contributions are made, and no more than one account shall be established per beneficiary. If an ABLE account is established for a designated beneficiary, no account subsequently established for such beneficiary shall be treated as an ABLE account. The preceding sentence shall not apply in the case of an ABLE account established for purposes of a rollover as permitted under Section 529A of the Internal Revenue Code.

New matter indicated by italics - deletions by strikeout
An ABLE account may be established under this Section for a designated beneficiary who is a resident of Illinois, a resident of a contracting state, or a resident of any other state.

Prior to the establishment of an ABLE account, an account owner must provide documentation to the State Treasurer that the account beneficiary is an eligible individual.

Annual contributions to an ABLE account on behalf of a beneficiary are subject to the requirements of subsection (b) of Section 529A of the Internal Revenue Code. No person may make a contribution to an ABLE account if such a contribution would result in the aggregate account balance of an ABLE account exceeding the account balance limit authorized under Section 529A of the Internal Revenue Code. The Treasurer shall review the contribution limit at least annually.

The State Treasurer shall administer the plan, including accepting and processing applications, maintaining account records, making payments, and undertaking any other necessary tasks to administer the plan, including the appointment of an account administrator. The State Treasurer may contract with one or more third parties to carry out some or all of these administrative duties, including, but not limited to, providing investment management services, incentives, and marketing the plan.

In designing and establishing the plan's requirements and in negotiating or entering into contracts with third parties under this Section, the State Treasurer shall consult with the Board. The State Treasurer shall establish fees to be imposed on participants to recover the costs of administration, recordkeeping, and investment management. The State Treasurer must use his or her best efforts to keep these fees as low as possible, consistent with efficient administration.

The Illinois ABLE Accounts Administrative Fund is created as a nonappropriated trust fund in the State treasury. The State Treasurer shall use moneys in the Administrative Fund to pay for administrative expenses he or she incurs in the performance of his or her duties under this Section. The State Treasurer shall use moneys in the Administrative Fund to cover administrative expenses incurred under this Section. The Administrative Fund may receive any grants or other moneys designated for administrative purposes from the State, or any unit of federal, state, or local government, or any other person, firm, partnership, or corporation. Any interest earnings that are attributable to moneys in the Administrative Fund must be deposited into the Administrative Fund. Any fees established by the State Treasurer to recover the costs of administration,

recordkeeping, and investment management shall be deposited into the Administrative Fund.

Subject to appropriation, the State Treasurer may pay administrative costs associated with the creation and management of the plan until sufficient assets are available in the Administrative Fund for that purpose.

Applications for accounts, account owner data, account data, and data on beneficiaries of accounts are confidential and exempt from disclosure under the Freedom of Information Act.

(c) The State Treasurer may invest the moneys in ABLE accounts in the same manner and in the same types of investments provided for the investment of moneys by the Board. To enhance the safety and liquidity of ABLE accounts, to ensure the diversification of the investment portfolio of accounts, and in an effort to keep investment dollars in the State, the State Treasurer may make a percentage of each account available for investment in participating financial institutions doing business in the State, except that the accounts may be invested without limit in investment options from open-ended investment companies registered under Section 80a of the federal Investment Company Act of 1940. The State Treasurer may contract with one or more third parties for investment management, recordkeeping, or other services in connection with investing the accounts.

The account administrator shall annually prepare and adopt a written statement of investment policy that includes a risk management and oversight program. The risk management and oversight program shall be designed to ensure that an effective risk management system is in place to monitor the risk levels of the ABLE plan, to ensure that the risks taken are prudent and properly managed, to provide an integrated process for overall risk management, and to assess investment returns as well as risk to determine if the risks taken are adequately compensated compared to applicable performance benchmarks and standards.

The State Treasurer may enter into agreements with other states to either allow Illinois residents to participate in a plan operated by another state or to allow residents of other states to participate in the Illinois ABLE plan.

(d) The State Treasurer shall ensure that the plan meets the requirements for an ABLE account under Section 529A of the Internal Revenue Code. The State Treasurer may request a private letter ruling or rulings from the Internal Revenue Service and must take any necessary steps to ensure that the plan qualifies under relevant provisions of federal

law. Notwithstanding the foregoing, any determination by the Secretary of
the Treasury of the United States that an account was utilized to make
non-qualified distributions shall not result in an ABLE account being
disregarded as a resource.

A person may make contributions to an ABLE account on behalf of
a beneficiary. Contributions to an account made by persons other than the
account owner become the property of the account owner. Contributions to
an account shall be considered as a transfer of assets for fair market value.
A person does not acquire an interest in an ABLE account by making
contributions to an account. A contribution to any account for a
beneficiary must be rejected if the contribution would cause either the
aggregate or annual account balance of the account to exceed the limits
imposed by Section 529A of the Internal Revenue Code.

Any change in account owner must be done in a manner consistent
with Section 529A of the Internal Revenue Code.

Notice of any proposed amendments to the rules and regulations
shall be provided to all owners or their designated representatives prior to
adoption. Amendments to rules and regulations shall apply only to
contributions made after the adoption of the amendment. Amendments to
this Section automatically amend the participation agreement. Any
amendments to the operating procedures and policies of the plan shall
automatically amend the participation agreement after adoption by the
State Treasurer.

All assets of the plan, including any contributions to accounts, are
held in trust for the exclusive benefit of the account owner and shall be
considered spendthrift accounts exempt from all of the owner's creditors.
The plan shall provide separate accounting for each designated beneficiary
sufficient to satisfy the requirements of paragraph (3) of subsection (b) of
Section 529A of the Internal Revenue Code. Assets must be held in either
a state trust fund outside the State treasury, to be known as the Illinois
ABLE plan trust fund, or in accounts with a third-party provider selected
pursuant to this Section. Amounts contributed to ABLE accounts shall not
be commingled with State funds and the State shall have no claim to or
against, or interest in, such funds.

Plan assets are not subject to claims by creditors of the State and
are not subject to appropriation by the State. Payments from the Illinois
ABLE account plan shall be made under this Section.

The assets of ABLE accounts and their income may not be used as
security for a loan.

New matter indicated by italics - deletions by strikeout
The assets of ABLE accounts and their income and operation shall be exempt from all taxation by the State of Illinois and any of its subdivisions to the extent exempt from federal income taxation. The accrued earnings on investments in an ABLE account once disbursed on behalf of a designated beneficiary shall be similarly exempt from all taxation by the State of Illinois and its subdivisions to the extent exempt from federal income taxation, so long as they are used for qualified expenses.

Notwithstanding any other provision of law that requires consideration of one or more financial circumstances of an individual, for the purpose of determining eligibility to receive, or the amount of, any assistance or benefit authorized by such provision to be provided to or for the benefit of such individual, any amount, including earnings thereon, in the ABLE account of such individual, any contributions to the ABLE account of the individual, and any distribution for qualified disability expenses shall be disregarded for such purpose with respect to any period during which such individual maintains, makes contributions to, or receives distributions from such ABLE account.

(e) The account owner or the designated representative of the account owner may request that a qualified distribution be made for the benefit of the account owner. Qualified distributions shall be made for qualified disability expenses allowed pursuant to Section 529A of the Internal Revenue Code. Qualified distributions must be withdrawn proportionally from contributions and earnings in an account owner's account on the date of distribution as provided in Section 529A of the Internal Revenue Code. Unless prohibited by federal law, upon the death of a designated beneficiary, proceeds from an account may be transferred to the estate of a designated beneficiary, or to an account for another eligible individual specified by the designated beneficiary or the estate of the designated beneficiary. An agency or instrumentality of the State may not seek payment under subsection (f) of Section 529A of the federal Internal Revenue Code from the account or its proceeds for benefits provided to a designated beneficiary.

(f) The State Treasurer may adopt rules to carry out the purposes of this Section. The State Treasurer shall further have the power to issue peremptory rules necessary to ensure that ABLE accounts meet all of the requirements for a qualified state ABLE program under Section 529A of
the Internal Revenue Code and any regulations issued by the Internal Revenue Service.

(760 ILCS 5/15.1) (from Ch. 17, par. 1685.1)

Sec. 15.1. Trust for a beneficiary with a disability.

(a) A discretionary trust for the benefit of an individual who has a disability that substantially impairs the individual's ability to provide for his or her own care or custody and constitutes a substantial disability shall not be liable to pay or reimburse the State or any public agency for financial aid or services to the individual except to the extent the trust was created by the individual or trust property has been distributed directly to or is otherwise under the control of the individual, provided that such exception shall not apply to a trust created with the property of the individual with a disability or property within his or her control if the trust complies with Medicaid reimbursement requirements of federal law. Notwithstanding any other provisions to the contrary, a trust created with the property of the individual with a disability or property within his or her control shall be liable, after reimbursement of Medicaid expenditures, to the State for reimbursement of any other service charges outstanding at the death of the individual with a disability. Property, goods and services purchased or owned by a trust for and used or consumed by a beneficiary with a disability shall not be considered trust property distributed to or under the control of the beneficiary. A discretionary trust is one in which the trustee has discretionary power to determine distributions to be made under the trust.

(b) The court or a person with a disability may irrevocably assign resources of that person to either or both of: (i) an ABLE account, as defined under Section 16.6 of the State Treasurer Act; or (ii) a discretionary trust that complies with the Medicaid reimbursement requirements of federal law. As used in this subsection, "resources" includes, but is not limited to, any interest in real or personal property, judgment, settlement, annuity, maintenance, minor child support, and support for non-minor children. Assignment is not authorized if otherwise prohibited by law. A court may reserve the right to determine the amount, duration, or enforcement of the irrevocable assignment.

"Law enforcement record" includes, but is not limited to, records of arrest, station adjustments, fingerprints, probation adjustments, the issuance of a notice to appear, or any other records or documents maintained by any law enforcement agency relating to a minor suspected of committing an offense or evidence of interaction with law enforcement.

(0.1) (a) The Department of State Police and all law enforcement agencies within the State shall automatically expunge, on or before January 1 of each year, all law enforcement records relating to events occurring before an individual's 18th birthday if:

(1) one year or more has elapsed since the date of the arrest or law enforcement interaction documented in the records;
(2) no petition for delinquency or criminal charges were filed with the clerk of the circuit court relating to the arrest or law enforcement interaction documented in the records; and
(3) 6 months have elapsed without an additional subsequent arrest or filing of a petition for delinquency or criminal charges whether related or not to the arrest or law enforcement interaction documented in the records.

(b) If the law enforcement agency is unable to verify satisfaction of conditions (2) and (3) of this subsection (0.1), records that satisfy condition (1) of this subsection (0.1) shall be automatically expunged if the records relate to an offense that if committed by an adult would not be an offense classified as Class 2 felony or higher, an offense under Article 11 of the Criminal Code of 1961 or Criminal Code of 2012, or an offense under Section 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961.

(0.2) (a) Upon dismissal of a petition alleging delinquency or upon a finding of not delinquent, the successful termination of an order of supervision, or the successful termination of an adjudication for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult, the court shall automatically order the expungement of the juvenile court and law enforcement records. The clerk shall deliver a certified copy of the expungement order to the Department of State Police and the arresting agency. Upon request, the State's Attorney shall furnish the name of the arresting agency. The expungement shall be completed within 60 business days after the receipt of the expungement order.

(b) If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed for a pending investigation involving the commission of a felony, that information, and information identifying the juvenile, may be retained in an intelligence file until the investigation is terminated or for one additional year, whichever is sooner. Retention of a portion of a juvenile's law enforcement record does not disqualify the remainder of his or her record from immediate automatic expungement.

(0.3) (a) Upon an adjudication of delinquency based on any offense except a disqualified offense, the juvenile court shall automatically order the expungement of the juvenile court and law enforcement records 2 years after the juvenile's case was closed if no delinquency or criminal proceeding is pending and the person has had no subsequent delinquency adjudication or criminal conviction. The clerk shall deliver a certified copy of the expungement order to the Department of State Police and the arresting agency. Upon request, the State's Attorney shall furnish the name of the arresting agency. The expungement shall be completed within 60 business days after the receipt of the expungement order. The court shall automatically order the expungement of the juvenile court and law enforcement records within 60 business days. For the purposes of this subsection (0.3), "disqualified offense" means any of the following offenses: Section 8-1.2, 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, 10-1, 10-2, 10-3, 10-3.1, 10-4, 10-5, 10-9, 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-6.5, 12-2, 12-3.05, 12-3.3, 12-4.4a, 12-5.02, 12-6.2, 12-6.5, 12-7.1, 12-7.5, 12-20.5, 12-32, 12-33, 12-34, 12-34.5, 18-1, 18-2, 18-3, 18-4, 18-6, 19-3, 19-6, 20-1, 20-1.1, 24-1.2, 24-1.2-5, 24-1.5, 24-3A, 24-3B, 24-3.2, 24-3.8, 24-3.9, 29D-14.9, 29D-20, 30-1, 31-1a, 32-4a, or 33A-2 of the Criminal Code of 2012, or subsection (b) of Section 8-1, paragraph (4) of subsection (a) of Section 11-14.4, subsection (a-5) of Section 12-3.1, paragraph (1), (2), or (3) of subsection (a) of Section 12-6, subsection (a-3) or (a-5) of Section 12-7.3, paragraph (1) or (2) of subsection (a) of Section 12-7.4, subparagraph (i) of paragraph (1) of subsection (a) of Section 12-9, subparagraph (H) of paragraph (3) of subsection (a) of Section 24-1.6, paragraph (1) of subsection (a) of Section 25-1, or subsection (a-7) of Section 31-1 of the Criminal Code of 2012.

(b) If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed for a pending investigation involving the commission of a felony, that information, and information identifying the juvenile, may be retained in
an intelligence file until the investigation is terminated or for one additional year, whichever is sooner. Retention of a portion of a juvenile's law enforcement record does not disqualify the remainder of his or her record from immediate automatic expungement.

(1) Nothing in this subsection (1) precludes an eligible minor from obtaining expungement under subsection subsection (0.1), (0.2), or (0.3). Whenever a person has been arrested, charged, or adjudicated delinquent for an incident occurring before his or her 18th birthday that if committed by an adult would be an offense, and that person's records are not eligible for automatic expungement under subsection subsections (0.1), (0.2), or (0.3), the person may petition the court at any time for expungement of law enforcement records and juvenile court records relating to the incident and, upon termination of all juvenile court proceedings relating to that incident, the court shall order the expungement of all records in the possession of the Department of State Police, the clerk of the circuit court, and law enforcement agencies relating to the incident, but only in any of the following circumstances:

(a) the minor was arrested and no petition for delinquency was filed with the clerk of the circuit court;

(a-5) the minor was charged with an offense and the petition or petitions were dismissed without a finding of delinquency;

(b) the minor was charged with an offense and was found not delinquent of that offense;

(c) the minor was placed under supervision pursuant to Section 5-615, and the order of supervision has since been successfully terminated; or

(d) the minor was adjudicated for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult.

(1.5) January 1, 2015 (Public Act 98-637) The Department of State Police shall allow a person to use the Access and Review process, established in the Department of State Police, for verifying that his or her law enforcement records relating to incidents occurring before his or her 18th birthday eligible under this Act have been expunged.

(2) Any person whose delinquency adjudications are not eligible for automatic expungement under subsection (0.3) of this Section may petition the court to expunge all law enforcement records relating to any incidents occurring before his or her 18th birthday which did not result in proceedings in criminal court and all juvenile court records with respect to any adjudications except those based upon first degree murder or an offense under Article 11 of the Criminal Code of 2012 if the person is required to register under the Sex Offender Registration Act; provided that:

(a) (blank); or
(b) 2 years have elapsed since all juvenile court proceedings relating to him or her have been terminated and his or her commitment to the Department of Juvenile Justice under this Act has been terminated.

(2.5) If a minor is arrested and no petition for delinquency is filed with the clerk of the circuit court at the time the minor is released from custody, the youth officer, if applicable, or other designated person from the arresting agency, shall notify verbally and in writing to the minor or the minor's parents or guardians that the minor shall have an arrest record and shall provide the minor and the minor's parents or guardians with an expungement information packet, information regarding this State's expungement laws including a petition to expunge juvenile records obtained from the clerk of the circuit court.

(2.6) If a minor is referred to court then at the time of sentencing or dismissal of the case, or successful completion of supervision, the judge shall inform the delinquent minor of his or her rights regarding expungement and the clerk of the circuit court shall provide an expungement information packet to the minor, written in plain language, including information regarding this State's expungement laws and a petition for expungement, a sample of a completed petition, expungement instructions that shall include information informing the minor that (i) once the case is expunged, it shall be treated as if it never occurred, (ii) he or she may apply to have petition fees waived, (iii) once he or she obtains an expungement, he or she may not be required to disclose that he or she had a juvenile record, and (iv) if petitioning he or she may file the petition on his or her own or with the assistance of an attorney. The failure of the judge to inform the delinquent minor of his or her right to petition for expungement as provided by law does not create a substantive right, nor is

expungement or the date of service of an expungement order, whichever applies. (c) The person whose record was expunged has a right of action against any person who intentionally disseminates an expunged record. In the proceeding, punitive damages up to an amount of $1,000 may be sought in addition to any actual damages. The prevailing party shall be entitled to costs and reasonable attorney fees.

blood lead test result for any child or pregnant person shall report the result to the Department. Results identifying an elevated blood lead level in excess of the permissible limits set forth in rules adopted by the Department shall be reported to the Department within 48 hours of receipt of verification. Reports shall include the name, address, laboratory results, date of birth, and any other information about the child or pregnant person deemed essential by the Department. Directors of clinical laboratories must report to the Department, within 48 hours of receipt of verification, all blood lead analyses equal to or above an elevated blood lead level above permissible limits set forth in rule performed in their facility. The information included in the clinical laboratories report shall include, but not be limited to, the child's name, address, date of birth, name of physician ordering analysis, and specimen type. All blood lead levels less than an elevated blood lead level the permissible limits set forth in rule must be reported to the Department in accordance with rules adopted by the Department. These rules shall not require reporting in less than 30 days after the end of the month in which the results are obtained. All information obtained by the Department from any source and all information, data, reports, e-mails, letters, and other documents generated by the Department or any of its delegate agencies concerning any person subject to this Act receiving a blood lead test shall be treated in the same manner as information subject to the provisions of Part 21 of Article VIII of the Code of Civil Procedure and shall not be disclosed. Any physician, nurse, hospital administrator, director of a clinical laboratory, public health officer, or allied health professional making a report in good faith shall be immune from any civil or criminal liability that otherwise might be incurred from the making of a report. (a) A charter school shall be a public, nonsectarian, nonreligious, non-home based, and non-profit school. A charter school shall be organized and operated as a nonprofit corporation or other discrete, legal, nonprofit entity authorized under the laws of the State of Illinois.

(b) A charter school may be established under this Article by creating a new school or by converting an existing public school or attendance center to charter school status. Beginning on April 16, 2003 (the effective date of Public Act 93-3), in all new applications to establish a charter school in a city having a population exceeding 500,000, operation of the charter school shall be limited to one campus. The changes made to this Section by Public Act 93-3 do not apply to charter schools existing or approved on or before April 16, 2003 (the effective date of Public Act 93-3).

(b-5) In this subsection (b-5), "virtual-schooling" means a cyber school where students engage in online curriculum and instruction via the Internet and electronic communication with their teachers at remote locations and with students participating at different times.

From April 1, 2013 through December 31, 2016, there is a moratorium on the establishment of charter schools with virtual-schooling components in school districts other than a school district organized under Article 34 of this Code. This moratorium does not apply to a charter school with virtual-schooling components existing or approved prior to April 1, 2013 or to the renewal of the charter of a charter school with virtual-schooling components already approved prior to April 1, 2013.

On or before March 1, 2014, the Commission shall submit to the General Assembly a report on the effect of virtual-schooling, including without limitation the effect on student performance, the costs associated with virtual-schooling, and issues with oversight. On or before September 1, 2015, the State Board shall promulgate and post on its Internet website a list of non-curricular health and safety requirements that a charter school must meet. Any charter contract between a charter school and its authorizer must contain a provision that requires the charter school to follow the list of all non-curricular health and safety requirements promulgated by the State Board and any non-curricular health and safety requirements added by the State Board to such list during the term of the charter. Nothing in this subsection (d) precludes an authorizer from including non-curricular health and safety requirements in a charter school contract that are not contained in the list promulgated by the State Board, including non-curricular health and safety requirements of the authorizing local school board.

(e) Except as otherwise provided in the School Code, a charter school shall not charge tuition; provided that a charter school may charge reasonable fees for textbooks, instructional materials, and student activities.

(f) A charter school shall be responsible for the management and operation of its fiscal affairs including, but not limited to, the preparation of its budget. An audit of each charter school's finances shall be conducted annually by an outside, independent contractor retained by the charter school. (g) A charter school shall comply with all provisions of this Article, the Illinois Educational Labor Relations Act, all federal and State laws and rules applicable to public schools that pertain to special education and the instruction of English learners, and its charter. A charter school is exempt from all other State laws and regulations in this Code governing public schools and local school board policies; however, a charter school is not exempt from the following:

However, all other costs for the operation and maintenance of school district facilities that are used by the charter school shall be subject to negotiation between the charter school and the local school board and shall be set forth in the charter.

(j) A charter school may limit student enrollment by age or grade level.

movement under the provisions of Sections 15-301 through 15-318 of this Code.

The Department may by rule or regulation prescribe additional requirements regarding length limitations for a tow truck towing another vehicle.

For purposes of this Section, a tow-dolly that merely serves as substitute wheels for another legally licensed vehicle is considered part of the licensed vehicle and not a separate vehicle.

(7) Commercial vehicles consisting of 3 vehicles, provided the following:
   (A) The total overall dimension does not exceed 65 feet.
   (B) The towing vehicle is a properly registered vehicle capable of towing another vehicle using a fifth-wheel type assembly or a goose-neck hitch ball.
   (C) The third vehicle must be the lightest of the 3 vehicles and be a trailer or semitrailer.
   (D) All vehicles must be properly equipped with operating brakes and safety equipment required by this Code.
   (E) The combination of vehicles must be operated by a person who holds a commercial driver’s license (CDL).
   (F) The combination of vehicles must be en route to a location where new or used trailers are sold by an Illinois or out-of-state licensed new or used trailer dealer.

(c-1) A combination of 3 vehicles is allowed access to any State designated highway if:
   (1) the length of neither towed vehicle exceeds 28.5 feet;
   (2) the overall wheel base of the combination of vehicles does not exceed 62 feet; and
   (3) the combination of vehicles is en route to a location where new or used trailers are sold by an Illinois or out-of-state licensed new or used trailer dealer.

(c-2) A combination of 3 vehicles is allowed access from any State designated highway onto any county, township, or municipal highway for a distance of 5 highway miles for the purpose of delivery or collection of one or both of the towed vehicles if:
   (1) the length of neither towed vehicle exceeds 28.5 feet;
(2) the combination of vehicles does not exceed 40,000 pounds in gross weight and 8 feet 6 inches in width;
(3) there is no sign prohibiting that access;
(4) the route is not being used as a thoroughfare between State designated highways; and
(5) the combination of vehicles is en route to a location where new or used trailers are sold by an Illinois or out-of-state licensed new or used trailer dealer.
(d) On Class I highways there are no overall length limitations on motor vehicles operating in combinations provided:
   (1) The length of a semitrailer, unladen or with load, in combination with a truck tractor may not exceed 53 feet.
   (2) The distance between the kingpin and the center of the rear axle of a semitrailer longer than 48 feet, in combination with a truck tractor, may not exceed 45 feet 6 inches. The limit contained in this paragraph (2) shall not apply to trailers or semi-trailers used for the transport of livestock as defined by Section 18b-101.
   (3) The length of a semitrailer or trailer, unladen or with load, operated in a truck tractor-semitrailer-trailer or truck tractor semitrailer-semitrailer combination, may not exceed 28 feet 6 inches.
   (4) Maxi-cube combinations, as defined in Chapter 1, may not exceed 65 feet overall dimension.
   (5) Combinations of vehicles specifically designed to transport motor vehicles or boats may not exceed 65 feet overall dimension. The length limitation is inclusive of front and rear bumpers but exclusive of the overhang of the transported vehicles, as provided in paragraph (i) of this Section.
   (6) Stinger-steered semitrailer vehicles specifically designed to transport motor vehicles or boats and automobile transporters, as defined in Chapter 1, may not exceed 80 feet overall dimension. The length limitation is inclusive of front and rear bumpers but exclusive of the overhang of the transported vehicles, as provided in paragraph (i) of this Section.
   (7) A truck in transit transporting 3 trucks coupled together by the triple saddlemount method may not exceed 97 feet overall dimension.
   (8) A towaway trailer transporter combination may not exceed 82 feet overall dimension.

Vehicles operating during daylight hours when transporting poles, pipes, machinery, or other objects of a structural nature that cannot readily be dismembered are exempt from length limitations, provided that no object may exceed 80 feet in length and the overall dimension of the vehicle including the load may not exceed 100 feet. This exemption does not apply to operation on a Saturday, Sunday, or legal holiday. Legal holidays referred to in this Section are the days on which the following traditional holidays are celebrated: New Year's Day; Memorial Day; Independence Day; Labor Day; Thanksgiving Day; and Christmas Day.

Vehicles and loads operated by a public utility while en route to make emergency repairs to public service facilities or properties are exempt from length limitations, provided that during night operations every vehicle and its load must be equipped with a sufficient number of clearance lamps on both sides and marker lamps on the extreme ends of any projecting load to clearly mark the dimensions of the load.

A tow truck in combination with a disabled vehicle or combination of disabled vehicles, as provided in paragraph (6) of subsection (c) of this Section, is exempt from length limitations.

The length limitations described in this paragraph (d) shall be exclusive of safety and energy conservation devices, such as bumpers, refrigeration units or air compressors and other devices, that the Department may interpret as necessary for safe and efficient operation; except that no device excluded under this paragraph shall have by its design or use the capability to carry cargo.

The length limitation is inclusive of front and rear bumpers but exclusive of the overhang of the transported vehicles, as provided in paragraph (i) of this Section.

(8) A truck in transit transporting 3 trucks coupled together by the triple saddlemount method may not exceed 97 feet overall dimension.

(9) A towaway trailer transporter combination may not exceed 82 feet overall dimension.

Vehicles operating during daylight hours when transporting poles, pipes, machinery, or other objects of a structural nature that cannot readily be dismembered are exempt from length limitations, provided that no object may exceed 80 feet in length and the overall dimension of the vehicle including the load may not exceed 100 feet. A tow truck in combination with a disabled vehicle or combination of disabled vehicles, as provided in paragraph (6) of subsection (c) of this Section, is exempt from length limitations.

Local authorities, with respect to streets and highways under their jurisdiction, may also by ordinance or resolution allow length limitations of this subsection (e).

The length limitations described in this paragraph (e) shall be exclusive of safety and energy conservation devices, such as bumpers, refrigeration units or air compressors and other devices, that the Department may interpret as necessary for safe and efficient operation; except that no device excluded under this paragraph shall have by its design or use the capability to carry cargo.

Section 5-35 of the Illinois Administrative Procedure Act relating to procedures for rulemaking shall not apply to the designation of highways under this paragraph (e).

(e-1) Combinations of vehicles not exceeding 65 feet overall length are allowed access as follows:

   - The vehicle does not exceed 80,000 pounds in gross weight and 8 feet 6 inches in width.
   - There is no sign prohibiting that access.
   - The route is not being used as a thoroughfare between State designated highways.

(e-2) Except as provided in subsection (e-3), combinations of vehicles over 65 feet in length, with no overall length limitation except as provided in subsections (d) and (e) of this Section, are allowed access as follows:

(f) On Class III and other non-designated State highways, the
length limitations for vehicles in combination are as follows:

(1) Truck tractor-semitrailer combinations must comply
with a maximum 65 feet extreme overall dimension. An agency or
instrumentality of the State of Illinois or any unit of local
government shall not be required to widen or otherwise alter a
Class III or other non-designated State highway constructed before
the effective date of this amendatory Act of the 100th General
Assembly to accommodate truck tractor-semitrailer combinations
under this paragraph (1).

load may not exceed 100 feet and no object exceeding 80 feet in length may be transported unless a permit has been obtained as authorized in Section 15-301.

(2) Vehicles and loads operated by a public utility while en route to make emergency repairs to public service facilities or properties, but during night operation every vehicle and its load must be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

(3) A tow truck in combination with a disabled vehicle or combination of disabled vehicles, provided the towing vehicle meets the following conditions:

(A) It is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes.

(B) It is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions.

(C) It is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles.

(D) It does not engage in a tow exceeding 50 miles from the initial point of wreck or disablement.

The Department may by rule or regulation prescribe additional requirements regarding length limitations for a tow truck towing another vehicle. The towing vehicle, however, may tow any disabled vehicle from the initial point of wreck or disablement to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, shall mean the value specified by the manufacturer as the loaded weight of the tow truck. Legal holidays referred to in this Section shall be specified as the day on which the following traditional holidays are celebrated:

New Year's Day;
Memorial Day;
Independence Day;

Labor Day; Thanksgiving Day; and Christmas Day.

(h) The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than 3 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a front bumper. The provisions of this subsection (h) shall not apply to any vehicle or combination of vehicles specifically designed for the collection and transportation of waste, garbage, or recyclable materials during the vehicle's operation in the course of collecting garbage, waste, or recyclable materials if the vehicle is traveling at a speed not in excess of 15 miles per hour during the vehicle's operation and in the course of collecting garbage, waste, or recyclable materials. However, in no instance shall the load extend more than 7 feet beyond the front wheels of the vehicle or the front bumper of the vehicle if it is equipped with a front bumper.

(i) The load upon the front vehicle of an automobile transporter or a stinger-steered vehicle specifically designed to transport motor vehicles shall not extend more than 4 feet beyond the foremost part of the transporting vehicle and the load upon the rear transporting vehicle shall not extend more than 6 feet beyond the rear of the bed or body of the vehicle. This paragraph shall only be applicable upon highways designated in paragraphs (d) and (e) of this Section.

(j) Articulated vehicles comprised of 2 sections, neither of which exceeds a length of 42 feet, designed for the carrying of more than 10 persons, may be up to 60 feet in length, not including energy absorbing bumpers, provided that the vehicles are:

Sec. 15-111. Wheel and axle loads and gross weights.

(a) No vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: \( W = 500 \times \left( \frac{LN}{N-1} \right) + 12N + 36 \), where "W" equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, "L" equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and "N" equals the number of axles in the group under consideration.

The above formula when expressed in tabular form results in allowable loads as follows:

If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (a) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (a) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

1. Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.
2. Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.
3. Cities having a population of more than 50,000 may permit by ordinance axle loads on 2-axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2-axle motor vehicle operating over any street of the city exceed 40,000 pounds.
4. Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

(4.5) A 3-axle or 4-axle vehicle (including when laden) operated or hired by a municipality within Cook, Lake, McHenry,
Kane, DuPage, or Will county being operated for the purpose of performing emergency sewer repair that would be subject to a weight limitation less than 66,000 pounds under the formula in this subsection (a) shall have a weight limitation of 66,000 pounds or the vehicle's gross vehicle weight rating, whichever is less. This paragraph (4.5) does not apply to vehicles being operated on the National System of Interstate and Defense Highways, or to vehicles being operated on bridges or other elevated structures constituting a part of a highway.

(5) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more, notwithstanding the lower limit resulting from the application of the above formula.

(6) A truck, not in combination and used exclusively for the collection of rendering materials, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle.

(7) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(7.5) A 3-axle rear discharge truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(8) Except as provided in paragraph (7.5) of this subsection (a), tandem axles on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2024 and...
first registered in Illinois prior to January 1, 2025, with a distance greater than 72 inches but not more than 96 inches between any series of 2 axles, is allowed a combined weight on the series not to exceed 36,000 pounds and neither axle of the series may exceed 20,000 pounds. Any vehicle of this type manufactured after the model year of 2024 or first registered in Illinois after December 31, 2024 may not exceed a combined weight of 34,000 pounds through the series of 2 axles and neither axle of the series may exceed 20,000 pounds.

A 3-axle combination sewer cleaning jetting vacuum truck registered as a Special Hauling Vehicle, used exclusively for the transportation of non-hazardous solid waste, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(9) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this paragraph (9) of subsection (a).

(10) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2024, and registered in Illinois prior to January 1, 2025, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 20,000 pounds on a single axle; 34,000 pounds on a
tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of P.A. 92-0417, the overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2024 may not exceed the weights allowed by the bridge formula.

(11) The maximum weight allowed on a vehicle with crawler type tracks is 40,000 pounds.

(12) A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(i) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(ii) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(iii) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(iv) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-318 of this Code. The towing vehicle, however, may tow any disabled vehicle to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

(12.5) The vehicle weight limitations in this Section do not apply to a covered heavy duty tow and recovery vehicle. The covered heavy duty tow and recovery vehicle license plate must cover the operating empty weight of the covered heavy duty tow and recovery vehicle only.

(13) Upon and during a declaration of an emergency propane supply disaster by the Governor under Section 7 of the Illinois Emergency Management Agency Act:

(i) a truck not in combination, equipped with a cargo tank, used exclusively for the transportation of propane or liquefied petroleum gas may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 40,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle; and

(ii) a truck when in combination with a trailer equipped with a cargo tank used exclusively for the transportation of propane or liquefied petroleum gas may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 90,000 pounds gross weight on a 5-axle or 6-axle vehicle.

Vehicles operating under this paragraph (13) are not subject to the bridge formula.

(14) A vehicle or combination of vehicles that uses natural gas or propane gas as a motor fuel may exceed the above weight limitations by up to 2,000 pounds, the total allowance is calculated by an amount that is equal to the difference between the weight of the vehicle attributable to the natural gas or propane gas tank and fueling system carried by the vehicle, and the weight of a comparable diesel tank and fueling system. This paragraph (14) shall not allow a vehicle to exceed any posted weight limit on a highway or structure.

(15) An emergency vehicle or fire apparatus that is a vehicle designed to be used under emergency conditions to transport personnel and equipment, and used to support the

suppression of fires and mitigation of other hazardous situations on a Class I highway, may not exceed 86,000 pounds gross weight, or any of the following weight allowances:

(i) 24,000 pounds on a single steering axle;
(ii) 33,500 pounds on a single drive axle;
(iii) 62,000 pounds on a tandem axle; or
(iv) 52,000 pounds on a tandem rear drive steer axle.

(16) A bus, motor coach, or recreational vehicle may carry a total weight of 24,000 pounds on a single axle, but may not exceed other weight provisions of this Section.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, means the value specified by the manufacturer as the loaded weight of the tow truck.

(b) As used in this Section, "recycling haul" or "recycling operation" means the hauling of non-hazardous, non-special, non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.
(c) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-318 of this Chapter.

(d) No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(e) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(f) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(g) Upon the trial of any person charged with a violation of subsection (e) or (f) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

Sec. 15-301. Permits for excess size and weight.
(a) The Department with respect to highways under its jurisdiction
and local authorities with respect to highways under their jurisdiction may,
in their discretion, upon application and good cause being shown therefor,
issue a special permit authorizing the applicant to operate or move a
vehicle or combination of vehicles of a size or weight of vehicle or load
exceeding the maximum specified in this Act or otherwise not in
conformity with this Act upon any highway under the jurisdiction of the
party granting such permit and for the maintenance of which the party is
responsible. Applications and permits other than those in written or printed
form may only be accepted from and issued to the company or individual
making the movement. Except for an application to move directly across a
highway, it shall be the duty of the applicant to establish in the application
that the load to be moved by such vehicle or combination cannot
reasonably be dismantled or disassembled, the reasonableness of which
shall be determined by the Secretary of the Department. For the purpose of
over length movements, more than one object may be carried side by side
as long as the height, width, and weight laws are not exceeded and the
cause for the over length is not due to multiple objects. For the purpose of
over height movements, more than one object may be carried as long as
the cause for the over height is not due to multiple objects and the length,
width, and weight laws are not exceeded. For the purpose of an over width movement, more than one object may be carried as long as the cause for the over width is not due to multiple objects and length, height, and weight laws are not exceeded. Except for transporting fluid milk products, no State or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried, when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved except that for vehicles or vehicle combinations registered by the Department as provided in Section 15-319 of this Chapter, only the Illinois Department of Transportation's (IDT) registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the route or routes to be traveled, to limit the number of trips, to establish seasonal or other time limitations within which the vehicles described may

be operated on the highways indicated, or otherwise to limit or prescribe conditions of operations of such vehicle or vehicles, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require such undertaking or other security as may be deemed necessary to compensate for any injury to any roadway or road structure. The Department shall maintain a daily record of each permit issued along with the fee and the stipulated dimensions, weights, conditions and restrictions authorized and this record shall be presumed correct in any case of questions or dispute. The Department shall install an automatic device for recording applications received and permits issued by telephone. In making application by telephone, the Department and applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any local authority, issue an annual permit authorizing the local authority to move oversize highway construction, transportation, utility and maintenance equipment over roads under the jurisdiction of the Department. The permit shall be applicable only to equipment and vehicles owned by or registered in the name of the local authority, and no fee shall be charged for the issuance of such permits.

(e) As an exception to subsection paragraph (a) of this Section, the Department and local authorities, with respect to highways under their respective jurisdictions, in their discretion and upon application in writing may issue a special permit for limited continuous operation, authorizing the applicant to move loads of agricultural commodities on a 2-axle single vehicle registered by the Secretary of State with axle loads not to exceed 35%, on a 3-axle or 4-axle vehicle registered by the Secretary of State with axle loads not to exceed 20%, and on a 5-axle vehicle registered by the Secretary of State not to exceed 10% above those provided in Section 15-111. The total gross weight of the vehicle, however, may not exceed the maximum gross weight of the registration class of the vehicle allowed under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

(1) cultivated plants or agricultural produce grown including, but is not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;

(2) livestock, including, but not limited to, hogs, equine, sheep, and poultry;

(3) ensilage; and

(4) fruits and vegetables.

New matter indicated by italics - deletions by strikeout
Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Illinois Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) Upon a declaration by the Governor that an emergency harvest situation exists, a special permit issued by the Department under this Section shall be required from September 1 through December 31 during harvest season emergencies for a vehicle that exceeds the maximum axle weight and gross weight limits under Section 15-111 of this Code or exceeds the vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits under Section 15-111 of this Code and does not exceed the vehicle's registered gross weight by 10%. All other restrictions that apply to permits issued under this Section shall apply during the declared time period and no fee shall be charged for the issuance of those permits. Permits issued by the Department under this subsection (e-1) are only valid on federal and State highways under the jurisdiction of the Department, except interstate highways. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements during harvest season emergencies, and set a divisible load weight limit not to exceed 10% above a vehicle's registered gross weight, provided that the vehicle's axle weight and gross weight do not exceed 10% above the maximum limits specified in Section 15-111. Permits issued under this subsection (e-1) shall apply to all registered vehicles eligible to obtain permits under this Section, including vehicles used in private or for-hire movement of divisible load agricultural commodities during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no person shall violate any of the terms or conditions of such special permit.

New matter indicated by italics - deletions by strikeout
Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in subsection paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while enroute to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

- Single axle: 2000 pounds
- Tandem axle: 3000 pounds
- Gross: 5000 pounds

(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

   (1) All operators shall be 18 years of age or over and properly licensed to operate the vehicle.

New matter indicated by italics - deletions by strikeout
(2) Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under the Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off-route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Code Act.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for

the second offense by the same person, firm or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department shall not issue permits to the person, firm or corporation convicted of a third offense during a period of one year after the date of conviction for such third offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a tow truck that exceeds the weight limits provided for in subsection (a) of Section 15-111, provided:

(1) no rear single axle of the tow truck exceeds 26,000 pounds;
(2) no rear tandem axle of the tow truck exceeds 50,000 pounds;
(2.1) no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;
(3) neither the disabled vehicle nor the disabled combination of vehicles exceed the weight restrictions imposed by

this Chapter 15, or the weight limits imposed under a permit issued by the Department prior to hookup;

(4) the tow truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;

(5) during the tow operation the tow truck does not violate any weight restriction sign;

(6) the tow truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(7) the tow truck is specifically designed and licensed as a tow truck;

(8) the tow truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;

(9) the tow truck is equipped with air brakes;

(10) the tow truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;

(11) the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;

(12) the permit issued to the tow truck is carried in the tow truck and exhibited on demand by a police officer; and

(13) the movement shall be valid only on State routes approved by the Department.

(o) (Blank).

(p) In determining whether a load may be reasonably dismantled or disassembled for the purpose of subsection paragraph (a), the Department shall consider whether there is a significant negative impact on the condition of the pavement and structures along the proposed route, whether the load or vehicle as proposed causes a safety hazard to the traveling public, whether dismantling or disassembling the load promotes or stifles economic development and whether the proposed route travels less than 5 miles. A load is not required to be dismantled or disassembled for the purposes of subsection paragraph (a) if the Secretary of the Department determines there will be no significant negative impact to pavement or structures along the proposed route, the proposed load or vehicle causes no safety hazard to the traveling public, dismantling or disassembling the load does not promote economic development and the
proposed route travels less than 5 miles. The Department may promulgate rules for the purpose of establishing the divisibility of a load pursuant to subsection paragraph (a). Any load determined by the Secretary to be nondivisible shall otherwise comply with the existing size or weight maximums specified in this Chapter.

(625 ILCS 5/15-302) (from Ch. 95 1/2, par. 15-302)

Sec. 15-302. Fees for special permits. The Department with respect to highways under its jurisdiction shall collect a fee from the applicant for the issuance of a permit to operate or move a vehicle or combination of vehicles or load as authorized in Section 15-301. The charge for each permit shall consist of:

1. a service charge for special handling of a permit when requested by an applicant;

2. fees for any dimension, axle weight or gross weight in excess of the maximum size or weight specified in this Chapter; and

3. additional fees for special investigations as in Section 15-311 and special police escort as in Section 15-312 when required.

With respect to overweight fees, the charge shall be sufficient to compensate in part for the cost of the extra wear and tear on the mileage of highways over which the load is to be moved. With respect to over-dimension permits, the fee shall be sufficient to compensate in part for the special privilege of transporting oversize vehicle or vehicle combination and load and to compensate in part for the economic loss of operators of vehicles in regular operation due to inconvenience occasioned by the oversize movements.

Fees to be paid by the applicant are to be at the rates specified in this Chapter. In determining the fees in Section 15-306 and paragraph (f) of Section 15-307, all weights shall be to the next highest 1,000 pounds and all distances shall be determined from the Illinois Official Highway Map.

For repeated moves of like objects which cannot be dismantled or disassembled and which are monolithically structured for permanent use in the transported form, the fees specified in Sections 15-305, 15-306 and 15-307 for other than the first move shall be reduced by $4 provided the objects are to be moved from the same origin to the same destination, the number of trips will not be less than 5, the trips will be completed within

(h) commits or allows to be committed the offense of involuntary servitude, involuntary sexual servitude of a minor, or trafficking in persons as defined in Section 10-9 of the Criminal Code of 2012 against the child.

physical well-being, or welfare and (ii) the likely harm to the child is the result of a blatant disregard of parent, caretaker, or agency responsibilities; or who is abandoned by his or her parents or other person responsible for the child's welfare without a proper plan of care; or who has been provided with interim crisis intervention services under Section 3-5 of the Juvenile Court Act of 1987 and whose parent, guardian, or custodian refuses to permit the child to return home and no other living arrangement agreeable to the parent, guardian, or custodian can be made, and the parent, guardian, or custodian has not made any other appropriate living arrangement for the child; or who is a newborn infant whose blood, urine, or meconium contains any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or a metabolite thereof, with the exception of a controlled substance or metabolite thereof whose presence in the newborn infant is the result of medical treatment administered to the mother or the newborn infant. A child shall not be considered neglected for the sole reason that the child's parent or other person responsible for his or her welfare has left the child in the care of an adult relative for any period of time. A child shall not be considered neglected for the sole reason that the child has been relinquished in accordance with the Abandoned Newborn Infant Protection Act. A child shall not be considered neglected or abused for the sole reason that such child's parent or other person responsible for his or her welfare depends upon spiritual means through prayer alone for the treatment or cure of disease or remedial care as provided under Section 4 of this Act. "Temporary protective custody" means custody within a hospital or other medical facility or a place previously designated for such custody by the Department, subject to review by the Court, including a licensed foster home, group home, or other institution; but such place shall not be a jail or other place for the detention of criminal or juvenile offenders.

Sec. 20. Contracts let to lowest responsible bidder; competitive bidding; advertisement for bids; design-build contracts.

(a) All contracts to be let for the construction, alteration, improvement, repair, enlargement, demolition or removal of any buildings or other facilities, or for materials or supplies to be furnished, where the amount thereof is in excess of $20,000, shall be awarded as a design-build contract in accordance with Sections 20.3 through 20.20 or shall be let to the lowest responsible bidder, or bidders, on open competitive bidding.

(b) A contract awarded on the basis of competitive bidding shall be awarded after public advertisement published at least once in each week for three consecutive weeks prior to the opening of bids, in a daily newspaper of general circulation in the county where the commission is located, except in the case of an emergency situation, as determined by the

chief executive officer. If a contract is awarded in an emergency situation, 
(i) the contract accepted must be based on the lowest responsible proposal 
after the commission has made a diligent effort to solicit multiple 
proposals by telephone, facsimile, or other efficient means and (ii) the 
chief executive officer must submit a report at the next regular meeting of 
the Board, to be ratified by the Board and entered into the official record, 
that states the chief executive officer's reason for declaring an emergency 
situation, the names of all parties solicited for proposals, and their 
proposals and that includes a copy of the contract awarded. Nothing 
contained in this Section shall be construed to prohibit the Board of 
Commissioners from placing additional advertisements in recognized trade 
journals. Advertisements for bids shall describe the character of the 
proposed contract in sufficient detail to enable the bidders thereon to know 
what their obligation will be, either in the advertisement itself, or by 
reference to detailed plans and specifications on file in the office of the 
Public Building Commission at the time of the publication of the first 
announcement. Such advertisement shall also state the date, time, and 
place assigned for the opening of bids. No bids shall be received at any 
time subsequent to the time indicated in said advertisement. 

(c) In addition to the requirements of Section 20.3, the 
Commission shall advertise a design-build solicitation at least once in a 
daily newspaper of general circulation in the county where the 
Commission is located. The date that Phase I submissions by design-build 
entities are due must be at least 14 calendar days after the date the 
newspaper advertisement for design-build proposals is first published. The 
advertisement shall identify the design-build project, the due date, the 
place and time for Phase I submissions, and the place where proposers can 
obtain a complete copy of the request for design-build proposals, including 
the criteria for evaluation and the scope and performance criteria. The 
Commission is not precluded from using other media or from placing 
advertisements in addition to the one required under this subsection. 

(d) The Board of Commissioners may reject any and all bids and 
proposals received and may readvertise for bids or issue a new request for 
design-build proposals. 

(e) All bids shall be open to public inspection in the office of the 
Public Building Commission after an award or final selection has been 
made. The successful bidder for such work shall enter into contracts 
furnished and prescribed by the Board of Commissioners and in addition 
to any other bonds required under this Act the successful bidder shall
execute and give bond, payable to and to be approved by the Commission, with a corporate surety authorized to do business under the laws of the State of Illinois, in an amount to be determined by the Board of Commissioners, conditioned upon the payment of all labor furnished and materials supplied in the prosecution of the contracted work. If the bidder whose bid has been accepted shall neglect or refuse to accept the contract within five (5) days after written notice that the same has been awarded to him, or if he accepts but does not execute the contract and give the proper security, the Commission may accept the next lowest bidder, or readvertise and relet in manner above provided.

(f) In case any work shall be abandoned by any contractor or design-build entity, the Commission may, if the best interests of the Commission be thereby served, adopt on behalf of the Commission all subcontracts made by such contractor or design-build entity for such work and all such sub-contractors shall be bound by such adoption if made; and the Commission shall, in the manner provided in this Act, readvertise and relet, or request proposals and award design-build contracts for, the work specified in the original contract exclusive of so much thereof as shall be accepted. Every contract when made and entered into, as provided in this Section or Section 20.20, shall be executed, held by the Commission, and filed in its records, and one copy of which shall be given to the contractor or design-build entity.

(g) The provisions of this Section with respect to design-build shall have no effect beginning on June 1, 2018; provided that any design-build contracts entered into before such date or any procurement of a project under this Act commenced before such date, and the contracts resulting from those procurements, shall remain effective. The actions of any person or entity taken on or after June 1, 2013 and before the effective date of this amendatory Act of the 98th General Assembly in reliance on the provisions of this Section with respect to design-build continuing to be effective are hereby validated.

Sec. 20.3. Solicitation of design-build proposals.

(a) When the Commission elects to use the design-build delivery method, it must issue a notice of intent to receive proposals for the project at least 14 days before issuing the request for the proposal. The Commission must publish the advance notice in a daily newspaper of
general circulation in the county where the Commission is located. The Commission is encouraged to use publication of the notice in related construction industry service publications. A brief description of the proposed procurement must be included in the notice. The Commission must provide a copy of the request for proposal to any party requesting a copy.

(b) The request for proposal shall be prepared for each project and must contain, without limitation, the following information:

1. The name of the Commission.
2. A preliminary schedule for the completion of the contract.
3. The proposed budget for the project, the source of funds, and the currently available funds at the time the request for proposal is submitted.
4. Prequalification criteria for design-build entities wishing to submit proposals. The Commission shall include, at a minimum, its normal prequalification, licensing, registration, and other requirements, but nothing contained herein precludes the use of additional prequalification criteria by the Commission.
5. Material requirements of the contract, including but not limited to, the proposed terms and conditions, required performance and payment bonds, insurance, and the entity's plan to comply with the utilization goals established by the corporate authorities of the Commission for minority and women business enterprises and to comply with Section 2-105 of the Illinois Human Rights Act.
6. The performance criteria.
7. The evaluation criteria for each phase of the solicitation.
8. The number of entities that will be considered for the technical and cost evaluation phase.
(c) The Commission may include any other relevant information that it chooses to supply. The design-build entity shall be entitled to rely upon the accuracy of this documentation in the development of its proposal.

(d) The date that proposals are due must be at least 21 calendar days after the date of the issuance of the request for proposal. In the event the cost of the project is estimated to exceed $12,000,000, then the proposal due date must be at least 28 calendar days after the date of the issuance of the request for proposal. The Commission shall include in the

request for proposal a minimum of 30 days to develop the Phase II submissions after the selection of entities from the Phase I evaluation is completed.

(e) This Section is repealed on June 1, 2018; provided that any design-build contracts entered into before such date or any procurement of a project under this Act commenced before such date, and the contracts resulting from those procurements, shall remain effective.

Sec. 20.4. Development of design-build scope and performance criteria.

(a) The Commission shall develop, with the assistance of a licensed design professional, a request for proposal, which shall include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the qualified design-build entities of the Commission's overall programmatic needs and goals, including criteria and preliminary design plans, general budget parameters, schedule, and delivery requirements.

(b) Each request for proposal shall also include a description of the level of design to be provided in the proposals. This description must include the scope and type of renderings, drawings, and specifications that, at a minimum, will be required by the Commission to be produced by the design-build entities.

(c) The scope and performance criteria shall be prepared by a design professional who is an employee of the Commission, or the Commission may contract with an independent design professional selected under the Local Government Professional Services Selection Act (50 ILCS 510/) to provide these services.

(d) The design professional that prepares the scope and performance criteria is prohibited from participating in any design-build entity proposal for the project.

(e) This Section is repealed on June 1, 2018; provided that any design-build contracts entered into before such date or any procurement of a project under this Act commenced before such date, and the contracts resulting from those procurements, shall remain effective.

Sec. 20.5. Procedures for design-build selection.

(a) The Commission must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.

(b) The Commission shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the Commission has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the Commission. The Commission must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The Commission shall include the following criteria in every Phase I evaluation of design-build entities: (1) experience of personnel; (2) successful experience with similar project types; (3) financial capability; (4) timeliness of past performance; (5) experience with similarly sized projects; (6) successful reference checks of the firm; (7) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (8) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for minority and women business enterprises established by the corporate authorities of the Commission and in complying with Section 2-105 of the Illinois Human Rights Act. The Commission may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The Commission may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including but not limited to, long-term leasehold, mutual performance, or development contracts with the Commission, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No design-build proposal shall be considered that does not include an entity's plan to comply with the requirements established in the minority and women business enterprises and economically disadvantaged firms established by the corporate authorities of the Commission and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the Commission shall create a shortlist of the most highly qualified design-build entities. The Commission, in its discretion, is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided however, no less than 2 design-build entities nor more than 6 are selected to submit Phase II proposals.

The Commission shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The Commission must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the Commission.

(c) The Commission shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the Commission. The Commission must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

The Commission shall include the following criteria in every Phase II technical evaluation of design-build entities: (1) compliance with objectives of the project; (2) compliance of proposed services to the request for proposal requirements; (3) quality of products or materials proposed; (4) quality of design parameters; (5) design concepts; (6) innovation in meeting the scope and performance criteria; and (7) constructability of the proposed project. The Commission may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The Commission shall include the following criteria in every Phase II cost evaluation: the guaranteed maximum project cost and the time of completion. The Commission may include any additional relevant technical evaluation factors it deems necessary for proper selection. The guaranteed maximum project cost criteria weighing factor shall not exceed 30%.

The Commission shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards. Upon completion of the technical submissions and cost

Phase II design-build proposals shall include a bid bond in the form and security as designated in the request for proposals. Proposals shall also contain a separate sealed envelope with the cost information within the overall proposal submission. Proposals shall include a list of all design professionals and other entities to which any work identified in Section 30-30 of the Illinois Procurement Code as a subdivision of construction work may be subcontracted during the performance of the contract.

(a) The General Assembly finds and declares that:

(2) Senate Bill 2233 of the 98th General Assembly contained provisions that would have changed the repeal dates of Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act from 5 years after the effective date of Public Act 95-595 to June 1, 2018. Senate Bill 2233 passed both houses on May 31, 2013. Senate Bill 2233 provided that it took effect upon becoming law. Senate Bill 2233 was sent to the Governor on June 10, 2013. Senate Bill 2233 was approved by the Governor on August 9, 2013. Senate Bill 2233 became Public Act 98-299.

(3) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

(4) The actions of the General Assembly clearly manifest the intention of the General Assembly to extend the repeal of Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act and have those Sections continue in effect until June 1, 2018.

(5) Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act were originally enacted to protect, promote, and

preserve the general welfare. Any construction of this Act that results in the repeal of those Sections on June 1, 2013 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Act.

(c) Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act shall be deemed to have been in continuous effect since June 1, 2008 (the effective date of Public Act 95-595), and shall continue to be in effect henceforward until June 1, 2018, unless they are otherwise lawfully repealed. All previously enacted amendments to this Act taking effect on or after June 1, 2013 are hereby validated.

(d) All actions taken in reliance on or pursuant to Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act by the Public Building Commission or any other person or entity are hereby validated.

(e) In order to ensure the continuing effectiveness of Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act, those Sections are set forth in full and reenacted by this amendatory Act of the 98th General Assembly. This reenactment is intended as a continuation of those Sections. It is not intended to supersede any amendment to the Act that is enacted by the 98th General Assembly.

(f) In this amendatory Act of the 98th General Assembly, the base text of the reenacted Sections is set forth as amended by Public Act 98-299. Striking and underscoring is used only to show changes being made to the base text. In this instance, no underscoring or striking is shown in the base text because no additional changes are being made.

(g) Sections 2.5, 20.3, 20.4, 20.5, 20.10, 20.15, 20.20, and 20.25 of this Act apply to all claims, civil actions, and proceedings pending on or filed on or before the effective date of this amendatory Act of the 98th General Assembly.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Water District Act is amended by changing Section 4 as follows:

(70 ILCS 3705/4) (from Ch. 111 2/3, par. 191)

Sec. 4. A board of trustees consisting of 7 members for the government, control and management of the affairs of the business of each such water district organized under this Act shall be created in the following manner:

(1) If the district lies wholly within a single township but does not also lie wholly within a municipality, the board of trustees of that township shall appoint the trustees for the district but no voting member of the township board is eligible for such appointment;

(2) If the district is wholly contained within a municipality, the governing body of the municipality shall appoint the trustees for the district;

(3) If the district is wholly contained within a single county, the trustees for the district shall be appointed by the presiding officer of the county board with the advice and consent of the county board;

(4) If the district is located in more than one county, the number of trustees who are residents of a county shall be in proportion, as nearly as practicable, to the number of residents of the district who reside in that county in relation to the total population of the district. Trustees shall be appointed by the county board of their respective counties, or in the case of a home rule county as defined by Article VII, Section 6 of the Constitution of 1970, by the chief executive officer of that county with the advice and consent of the county board.

Upon the expiration of the term of a trustee who is in office on the effective date of this Amendatory Act of 1975, the successor shall be a resident of whichever county is entitled to such representation in order to bring about the proportional representation required herein, and he shall be appointed by the appointing authority of that county.

New matter indicated by italics - deletions by strikeout
Thereafter, each trustee shall be succeeded by a resident of the same county who shall be appointed by the same appointing authority; however, the provisions of the preceding paragraph shall apply to the appointment of the successor to each trustee who is in office at the time of the publication of each decennial Federal census of population.

Within 60 days after the adoption of this Act as provided in Section 2 hereof, the appropriate appointing authority shall appoint 7 trustees who shall hold that office respectively one for one, one for 2, one for 3, 2 for 4 and 2 for 5 years from the first Monday of May next after their appointment as designated by the appointing authority at the time of appointment and until their successors are appointed and have qualified. Thereafter on or after the first Monday in May of each year the appointing authority shall appoint successors whose term shall be for 5 years commencing the first Monday in May of the year they are respectively appointed. If the circuit court finds that the size, number of members, and scale of operations of the water district justifies a Board of Trustees of less than 7 members he shall rule that such board shall have 3 or 5 members. Initial appointments to a 3 member board shall be as follows: one for one, one for 2, and one for 3 years. Initial appointments to a 5 member board shall be as follows: one for one, one for 2, one for 3, one for 4 and one for 5 years. In each such case the term of office and method of appointing successors shall be as provided in this Section for 7 member boards. The appointing authority shall require each of such trustees to enter a bond with security to be approved by the appointing authority in such sum as such appointing authority may determine. A majority of the Board of Trustees shall constitute a quorum, but a smaller number may adjourn from day to day. No trustee or employee of such district shall be directly or indirectly interested in any contract, work or business of the district or the sale of any article, the expense, price or consideration of which is paid by such district, nor in the purchase of any real estate or property for or belonging to the district.

An appointing authority may remove a public water district trustee it appointed for misconduct, official misconduct, or neglect of office.

Whenever a vacancy in such board of trustees shall occur either from death, resignation, removal, refusal to qualify, or for any other reason, the appointing authority shall have power to fill such vacancy by appointment. Such persons so appointed or qualified for office in the manner hereinbefore stated shall thereupon assume the duties of the office for the unexpired term for which such person was appointed.

New matter indicated by italics - deletions by strikeout
For terms commencing before the effective date of this amendatory Act of the 96th General Assembly, the trustees appointed under this Act shall be paid a sum of not to exceed $600 per annum for their respective duties as trustees, except that trustees of a district with an annual operating budget of $1,000,000 or more may be paid a sum not to exceed $1,000 per annum. For terms commencing on or after the effective date of this amendatory Act of the 96th General Assembly, the trustees shall be paid a sum of not to exceed $1,200 per annum. However, trustees appointed under this Act for any public water district which acquires by purchase or condemnation, or constructs, and maintains and operates sewerage properties in combination with its waterworks properties, under the provisions of Section 23a of this Act, shall be paid a sum of not to exceed $2,000 per annum for their respective duties as trustees. Compensation in either case shall be determined by resolution of the respective boards of trustees, to be adopted annually at their first meeting in May.

Any public water district organized under this Act with a board of trustees consisting of 7 members may have the size of its board reduced as provided in Section 4.1.

(House Bill No. 5856)

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Toll Highway Act is amended by changing Section 19 as follows:

(605 ILCS 10/19) (from Ch. 121, par. 100-19)

Sec. 19. Toll rates. The Authority shall fix and revise from time to time, tolls or charges or rates for the privilege of using each of the toll highways constructed pursuant to this Act. Such tolls shall be so fixed and adjusted at rates calculated to provide the lowest reasonable toll rates that will provide funds sufficient with other revenues of the Authority to pay, (a) the cost of the construction of a toll highway authorized by joint resolution of the General Assembly pursuant to Section 14.1 and the reconstruction, major repairs or improvements of toll highways, (b) the cost of maintaining, repairing, regulating and operating the toll highways including only the necessary expenses of the Authority, and (c) the principal of all bonds, interest thereon and all sinking fund requirements and other requirements provided by resolutions authorizing the issuance of the bonds as they shall become due. In fixing the toll rates pursuant to this Section 19 and Section 10(c) of this Act, the Authority shall take into account the effect of the provisions of this Section 19 permitting the use of the toll highway system without payment of the covenants of the Authority contained in the resolutions and trust indentures authorizing the issuance of bonds of the Authority. No such provision permitting the use of the toll highway system without payment of tolls after the date of this amendatory Act of the 95th General Assembly shall be applied in a manner that impairs the rights of bondholders pursuant to any resolution or trust indentures authorizing the issuance of bonds of the Authority. A law enforcement, fire protection, emergency services agency, or public or private ambulance service engaging in the performance of emergency services or duties must apply to the Authority to receive a permit, and the Authority shall adopt rules for the issuance of a permit, that allows public or private ambulance service vehicles engaged in the performance of emergency services or duties that necessitate the use of the toll highway system and all law enforcement, fire protection, or emergency services agency vehicles of the law enforcement, fire protection, or emergency services agency to use any toll highway without paying the toll established under this Section. The Authority shall maintain in its office a list of all persons that are authorized to use any toll highway without charge when on official business of the Authority and such list shall be open to the public for inspection. PUBLIC ACT 100-0743
(House Bill No. 0751)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 16-150.1 and 16-203 as follows:

(40 ILCS 5/16-150.1)
Sec. 16-150.1. Return to teaching in subject shortage area.
(a) As used in this Section, "eligible employment" means employment beginning on or after July 1, 2003 and ending no later than June 30, 2013, in a subject shortage area at a qualified school, in a position requiring certification under the law governing the certification of teachers.

As used in this Section, "qualified school" means a public elementary or secondary school that meets all of the following requirements:

(1) At the time of hiring a retired teacher under this Section, the school is experiencing a shortage of teachers in the subject shortage area for which the teacher is hired.

(2) The school district to which the school belongs has complied with the requirements of subsection (e), and the regional superintendent has certified that compliance to the System.

New matter indicated by italics - deletions by strikeout
(3) If the school district to which the school belongs provides group health benefits for its teachers generally, substantially similar health benefits are made available for teachers participating in the program under this Section, without any limitations based on pre-existing conditions.

(b) An annuitant receiving a retirement annuity under this Article (other than a disability retirement annuity) may engage in eligible employment at a qualified school without impairing his or her retirement status or retirement annuity, subject to the following conditions:

(1) the eligible employment does not begin within the school year during which service was terminated;

(2) the annuitant has not received any early retirement incentive under Section 16-133.3, 16-133.4, or 16-133.5;

(3) if the annuitant retired before age 60 and with less than 34 years of service, the eligible employment does not begin within the year following the effective date of the retirement annuity;

(4) if the annuitant retired at age 60 or above or with 34 or more years of service, the eligible employment does not begin within the 90 days following the effective date of the retirement annuity; and

(5) before the eligible employment begins, the employer notifies the System in writing of the annuitant's desire to participate in the program established under this Section.

(c) An annuitant engaged in eligible employment in accordance with subsection (b) shall be deemed a participant in the program established under this Section for so long as he or she remains employed in eligible employment.

(d) A participant in the program established under this Section continues to be a retirement annuitant, rather than an active teacher, for all of the purposes of this Code, but shall be deemed an active teacher for other purposes, such as inclusion in a collective bargaining unit, eligibility for group health benefits, and compliance with the laws governing the employment, regulation, certification, treatment, and conduct of teachers.

With respect to an annuitant's eligible employment under this Section, neither employee nor employer contributions shall be made to the System and no additional service credit shall be earned. (e) Before hiring a teacher under this Section, the school district to which the school belongs must do the following:

(1) If the school district to which the school belongs has honorably dismissed, within the calendar year preceding the beginning of the school term for which it seeks to employ a retired teacher under the program established in this Section, any teachers who are legally qualified to hold positions in the subject shortage area and have not yet begun to receive their retirement annuities under this Article, the vacant positions must first be tendered to those teachers.

(2) For a period of at least 90 days during the 6 months preceding the beginning of either the fall or spring term for which it seeks to employ a retired teacher under the program established in this Section, the school district must, on an ongoing basis, both (i) advertise its vacancies in the subject shortage area in a newspaper of general circulation in the area in which the school is located and in employment bulletins published by college and university placement offices located near the school; and (ii) search for teachers legally qualified to fill those vacancies through the Illinois Education Job Bank. The school district must submit documentation of its compliance with this subsection to the regional superintendent. Upon receiving satisfactory documentation from the school district, the regional superintendent shall certify the district's compliance with this subsection to the System.

(f) This Section applies without regard to whether the annuitant was in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

Sec. 16-203. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). made to this Article by Public Act 95-910 or by this amendatory Act of the 100th General Assembly this amendatory Act of the 95th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance Financial and Professional Regulation. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 4-103 as follows:

(625 ILCS 5/4-103) (from Ch. 95 1/2, par. 4-103)
Sec. 4-103. Offenses relating to motor vehicles and other vehicles - Felonies.

(a) Except as provided in subsection (a-1), it is a violation of this Chapter for:

(1) A person not entitled to the possession of a vehicle or essential part of a vehicle to receive, possess, conceal, sell, dispose, or transfer it, knowing it to have been stolen or converted.

Knowledge that a vehicle or essential part is stolen or converted may be inferred: (A) from the surrounding facts and circumstances, which would lead a reasonable person to believe that the vehicle or essential part is stolen or converted; or (B) if the person exercises exclusive unexplained possession over the stolen or converted vehicle or essential part, regardless of whether the date on which the vehicle or essential part was stolen is recent or remote; additionally the General Assembly finds that the acquisition and disposition of vehicles and their essential parts are strictly controlled by law and that such acquisitions and dispositions are reflected by documents of title, uniform invoices, rental contracts, leasing agreements and bills of sale. It may be inferred, therefore that a person exercising exclusive unexplained possession over a stolen or converted vehicle or an essential part of a stolen or converted vehicle has knowledge that such vehicle or essential part is stolen or converted, regardless of whether the date

on which such vehicle or essential part was stolen is recent or remote;

(2) A person to knowingly remove, alter, deface, destroy, falsify, or forge a manufacturer's identification number of a vehicle or an engine number of a motor vehicle or any essential part thereof having an identification number;

(3) A person to knowingly conceal or misrepresent the identity of a vehicle or any essential part thereof;

(4) A person to buy, receive, possess, sell or dispose of a vehicle, or any essential part thereof, with knowledge that the identification number of the vehicle or any essential part thereof having an identification number has been removed or falsified;

(5) A person to knowingly possess, buy, sell, exchange, give away, or offer to buy, sell, exchange or give away, any manufacturer's identification number plate, mylar sticker, federal certificate label, State police reassignment plate, Secretary of State assigned plate, rosette rivet, or facsimile of such which has not yet been attached to or has been removed from the original or assigned vehicle. It is an affirmative defense to subsection (a) of this Section that the person possessing, buying, selling or exchanging a plate mylar sticker or label described in this paragraph is a police officer doing so as part of his official duties, or is a manufacturer's authorized representative who is replacing any manufacturer's identification number plate, mylar sticker or Federal certificate label originally placed on the vehicle by the manufacturer of the vehicle or any essential part thereof;

(6) A person to knowingly make a false report of the theft or conversion of a vehicle to any police officer of this State or any employee of a law enforcement agency of this State designated by the law enforcement agency to take, receive, process, or record reports of vehicle theft or conversion.

(a-1) A person engaged in the repair or servicing of vehicles does not violate this Chapter by knowingly possessing a manufacturer's identification number plate for the purpose of reaffixing it on the same damaged vehicle from which it was originally taken, if the person reaffixes or intends to reaffix the original manufacturer's identification number plate in place of the identification number plate affixed on a new dashboard that has been or will be installed in the vehicle. The person must notify the Secretary of State each time the original manufacturer's identification

number plate is reaffixed on a vehicle. The person must keep a record indicating that the identification number plate affixed on the new dashboard has been removed and has been replaced by the manufacturer's identification number plate originally affixed on the vehicle. The person also must keep a record regarding the status and location of the identification number plate removed from the replacement dashboard. The Secretary shall adopt rules for implementing this subsection (a-1).

(a-2) The owner of a vehicle repaired under subsection (a-1) must, within 90 days of the date of the repairs, contact an officer of the Illinois State Police Vehicle Inspection Bureau and arrange for an inspection of the vehicle, by the officer or the officer's designee, at a mutually agreed upon date and location.

(b) Sentence. A person convicted of a violation of this Section shall be guilty of a Class 2 felony.

delinquency for vehicular hijacking or aggravated vehicular hijacking shall be given greater weight in determining whether secured custody of a minor is a matter of immediate and urgent necessity for the protection of the minor or of the person or property of another.

(b) The written authorization of the probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) constitutes authority for the superintendent of any juvenile detention home to detain and keep a minor for up to 40 hours, excluding Saturdays, Sundays and court-designated holidays. These records shall be available to the same persons and pursuant to the same conditions as are law enforcement records as provided in Section 5-905.

(b-4) The consultation required by subsection (b-5) shall not be applicable if the probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) utilizes a scorable detention screening instrument, which has been developed with input by the State's Attorney, to determine whether a minor should be detained, however, subsection (b-5) shall still be applicable where no such screening instrument is used or where the probation officer, detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) deviates from the screening instrument.

(b-5) Subject to the provisions of subsection (b-4), if a probation officer or detention officer (or other public officer designated by the court in a county having 3,000,000 or more inhabitants) does not intend to detain a minor for an offense which constitutes one of the following offenses he or she shall consult with the State's Attorney's Office prior to the release of the minor: first degree murder, second degree murder, involuntary manslaughter, criminal sexual assault, aggravated criminal sexual assault, aggravated battery with a firearm as described in Section 12-4.2 or subdivision (e)(1), (e)(2), (e)(3), or (e)(4) of Section 12-3.05, aggravated or heinous battery involving permanent disability or disfigurement or great bodily harm, robbery, aggravated robbery, armed robbery, vehicular hijacking, aggravated vehicular hijacking, vehicular invasion, arson, aggravated arson, kidnapping, aggravated kidnapping, home invasion, burglary, or residential burglary.

(c) Except as otherwise provided in paragraph (a), (d), or (e), no minor shall be detained in a county jail or municipal lockup for more than 12 hours, unless the offense is a crime of violence in which case the minor may be detained up to 24 hours. For the purpose of this paragraph, "crime
of violence" has the meaning ascribed to it in Section 1-10 of the Alcoholism and Other Drug Abuse and Dependency Act.

(i) The period of detention is deemed to have begun once the minor has been placed in a locked room or cell or handcuffed to a stationary object in a building housing a county jail or municipal lockup. Time spent transporting a minor is not considered to be time in detention or secure custody.

(ii) Any minor so confined shall be under periodic supervision and shall not be permitted to come into or remain in contact with adults in custody in the building.

(iii) Upon placement in secure custody in a jail or lockup, the minor shall be informed of the purpose of the detention, the time it is expected to last and the fact that it cannot exceed the time specified under this Act.

(iv) A log shall be kept which shows the offense which is the basis for the detention, the reasons and circumstances for the decision to detain and the length of time the minor was in detention.

(v) Violation of the time limit on detention in a county jail or municipal lockup shall not, in and of itself, render inadmissible evidence obtained as a result of the violation of this time limit. Minors under 18 years of age shall be kept separate from confined adults and may not at any time be kept in the same cell, room or yard with adults confined pursuant to criminal law. Persons 18 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

   (A) The age of the person;
   (B) Any previous delinquent or criminal history of the person;
   (C) Any previous abuse or neglect history of the person; and
   (D) Any mental health or educational history of the person, or both.

(d) (i) If a minor 12 years of age or older is confined in a county jail in a county with a population below 3,000,000 inhabitants, then the minor's confinement shall be implemented in such a manner that there will

be no contact by sight, sound or otherwise between the minor and adult prisoners. Minors 12 years of age or older must be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with confined adults. This paragraph (d)(i) shall only apply to confinement pending an adjudicatory hearing and shall not exceed 40 hours, excluding Saturdays, Sundays and court designated holidays. To accept or hold minors during this time period, county jails shall comply with all monitoring standards adopted by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(ii) To accept or hold minors, 12 years of age or older, after the time period prescribed in paragraph (d)(i) of this subsection (2) of this Section but not exceeding 7 days including Saturdays, Sundays and holidays pending an adjudicatory hearing, county jails shall comply with all temporary detention standards adopted by the Department of Corrections and training standards approved by the Illinois Law Enforcement Training Standards Board.

(iii) To accept or hold minors 12 years of age or older, after the time period prescribed in paragraphs (d)(i) and (d)(ii) of this subsection (2) of this Section, county jails shall comply with all county juvenile detention standards adopted by the Department of Juvenile Justice.

(e) When a minor who is at least 15 years of age is prosecuted under the criminal laws of this State, the court may enter an order directing that the juvenile be confined in the county jail. However, any juvenile confined in the county jail under this provision shall be separated from adults who are confined in the county jail in such a manner that there will be no contact by sight, sound or otherwise between the juvenile and adult prisoners.

(f) For purposes of appearing in a physical lineup, the minor may be taken to a county jail or municipal lockup under the direct and constant supervision of a juvenile police officer. During such time as is necessary to conduct a lineup, and while supervised by a juvenile police officer, the sight and sound separation provisions shall not apply.

(g) For purposes of processing a minor, the minor may be taken to a County Jail or municipal lockup under the direct and constant supervision of a law enforcement officer or correctional officer. During such time as is necessary to process the minor, and while supervised by a law enforcement officer or correctional officer, the sight and sound separation provisions shall not apply.

(3) If the probation officer or State's Attorney (or such other public officer designated by the court in a county having 3,000,000 or more inhabitants) determines that the minor may be a delinquent minor as described in subsection (3) of Section 5-105, and should be retained in custody but does not require physical restriction, the minor may be placed in non-secure custody for up to 40 hours pending a detention hearing.

(4) Any minor taken into temporary custody, not requiring secure detention, may, however, be detained in the home of his or her parent or guardian subject to such conditions as the court may impose.

(5) The changes made to this Section by Public Act 98-61 apply to a minor who has been arrested or taken into custody on or after January 1, 2014 (the effective date of Public Act 98-61).

PUBLIC ACT 100-0747
(House Bill No. 4226)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Section 2310-307 as follows:

(20 ILCS 2310/2310-307 new)

Sec. 2310-307. Concussion brochure. As used in this Section, "concussion" and "interscholastic athletic activity" have the meaning ascribed to those terms under Section 22-80 of the School Code. The Department shall, subject to appropriation, develop, publish, and

New matter indicated by italics - deletions by strikeout
disseminate a brochure to educate the general public on the effects of concussions in children and discuss how to look for concussion warning signs in children, including, but not limited to, delays in the learning development of children. The brochure shall be distributed free of charge by schools to any child or the parent or guardian of a child who may have sustained a concussion, regardless of whether or not the concussion occurred while the child was participating in an interscholastic athletic activity.

Section 10. The School Code is amended by changing Section 22-80 as follows:

(105 ILCS 5/22-80)
Sec. 22-80. Student athletes; concussions and head injuries.
(a) The General Assembly recognizes all of the following:

1. Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The Centers for Disease Control and Prevention estimates that as many as 3,900,000 sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

2. Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority of concussions occur without loss of consciousness.

3. Continuing to play with a concussion or symptoms of a head injury leaves a young athlete especially vulnerable to greater injury and even death. The General Assembly recognizes that, despite having generally recognized return-to-play standards for concussions and head injuries, some affected youth athletes are prematurely returned to play, resulting in actual or potential physical injury or death to youth athletes in this State.

4. Student athletes who have sustained a concussion may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the

New matter indicated by italics - deletions by strikeout
student is fully recovered. To that end, all schools are encouraged to establish a return-to-learn protocol that is based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines and conduct baseline testing for student athletes.

(b) In this Section:

"Athletic trainer" means an athletic trainer licensed under the Illinois Athletic Trainers Practice Act who is working under the supervision of a physician.

(d) The governing body of each public or charter school and the appropriate administrative officer of a private school with students enrolled who participate in an interscholastic athletic activity shall appoint or approve a concussion oversight team. Each concussion oversight team shall establish a return-to-play protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to interscholastic athletics practice or competition following a force or impact believed to have caused a concussion. Each concussion oversight team shall also establish a return-to-learn protocol, based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, for a student's return to the classroom after that student is believed to have experienced a concussion, whether or not the concussion took place while the student was participating in an interscholastic athletic activity.

The form must be approved by the Illinois High School Association.

(f) A student must be removed from an interscholastic athletics practice or competition immediately if one of the following persons believes the student might have sustained a concussion during the practice or competition:

(7) any other person deemed appropriate under the school's return-to-play protocol.

(g) A student removed from an interscholastic athletics practice or competition under this Section may not be permitted to practice or compete again following the force or impact believed to have caused the concussion until:

(1) the student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence consistent with Centers for Disease Control and Prevention guidelines, by a treating physician (chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student), an athletic trainer, an advanced practice registered nurse, or a physician assistant;

Dense breast tissue can make it more difficult to detect cancer on a mammogram and may be associated with an increased risk for breast cancer. Despite these limitations, screening mammograms have been proven to save lives. Continue to have routine screening mammography whether or not additional exams are suggested for you. "Water or sewer utility" means any of the following:

1. a public utility that regularly provides water or sewer service to 6,000 or fewer customer connections;
2. a water district, including, but not limited to, a public water district, water service district, or surface water protection district, or a sewer district of any kind established as a special district under the laws of this State that regularly provides water or sewer service to 7,500 or fewer customer connections;
3. a waterworks system or sewerage system established under the Township Code that regularly provides water or sewer service to 7,500 or fewer customer connections; or
4. a water system or sewer system owned by a municipality that regularly provides water or sewer service to 7,500 or fewer customer connections; and
5. any other entity that is not a public utility that regularly provides water or sewer service to 7,500 or fewer customer connections.

(b) Notwithstanding any other provision of this Act, a large public utility that acquires a water or sewer utility may request that the Commission use, and, if so requested, the Commission shall use, the procedures set forth under this Section to establish the ratemaking rate base of that water or sewer utility at the time when it is acquired by the large public utility.

(c) If a large public utility elects the procedures under this Section to establish the rate base of a water or sewer utility that it is acquiring, then 3 appraisals shall be performed. The average of these 3 appraisals shall

New matter indicated by italics - deletions by strikeout
represent the fair market value of the water or sewer utility that is being acquired. The appraisals shall be performed by 3 appraisers approved selected by the Commission's Executive Director or designee water department manager and engaged by either the water or sewer utility being acquired or by the large public utility. The Commission's water department manager shall select the appraisers within 30 days after the water department manager is officially notified. Each appraiser shall be engaged on reasonable terms approved by the Commission. Each appraiser shall be a disinterested person licensed as a State certified general real estate appraiser under the Real Estate Appraiser Licensing Act of 2002.

Each appraiser shall:

(1) be sworn to determine the fair market value of the water or sewer utility by establishing the amount for which the water or sewer utility would be sold in a voluntary transaction between a willing buyer and willing seller under no obligation to buy or sell;

(2) determine fair market value in compliance with the Uniform Standards of Professional Appraisal Practice;

(3) engage one disinterested engineer who is licensed in this State, and who may be the same engineer that is engaged by the other appraisers, to prepare an assessment of the tangible assets of the water or sewer utility, which is to be incorporated into the appraisal under the cost approach;

(4) if the water or sewer utility is a public utility that is regulated by the Commission, request from the manager of the Accounting Department, if the water or sewer utility is a public utility that is regulated by the Commission, a list of investments made by the water or sewer utility that had been disallowed previously and that shall be excluded from the calculation of the large public utility's rate base in its next rate case; and

(5) return their appraisal, in writing, to the water or sewer utility and large public utility in a reasonable and timely manner.

If the appraiser cannot engage an engineer, as described in paragraph (3) of this subsection (c), within 30 days after the appraiser is engaged, then the Commission's Executive Director or designee water department manager shall recommend the engineer the appraiser should engage. The Commission's Executive Director or designee water department manager shall provide his or her recommendation within 30 days after he or she is officially notified of the appraiser's failure to engage an engineer and the appraiser shall promptly work to engage the
recommended engineer. If the appraiser is unable to negotiate reasonable engagement terms with the recommended engineer within 15 days after the recommendation by the Commission's Executive Director or designee, then the appraiser shall notify the Commission's Executive Director or designee and the process shall be repeated until an engineer is successfully engaged.

(d) The lesser of (i) the purchase price or (ii) the fair market value determined under subsection (c) of this Section shall constitute the rate base associated with the water or sewer utility as acquired by and incorporated into the rate base of the district designated by the acquiring large public utility under this Section, subject to any adjustments that the Commission deems necessary to ensure such rate base reflects prudent and useful investments in the provision of public utility service. The reasonable transaction and closing costs incurred by the large public utility shall be treated consistent with the applicable accounting standards under this Act. The total amount of all of the appraisers' fees to be included in the transaction and closing costs shall not exceed the greater of $15,000 or 5% of the appraised value of the water or sewer utility being acquired. This rate base treatment shall not be deemed to violate this Act, including, but not limited to, any Sections in Articles VIII and IX of this Act that might be affected by this Section. Any acquisition of a water or sewer utility that affects the cumulative base rates of the large public utility's existing ratepayers in the tariff group into which the water or sewer utility is to be combined by less than (1) 2.5% at the time of the acquisition for any single acquisition completed under this Section or (2) 5% for all acquisitions completed under this Section before the Commission's final order in the next rate case shall not be deemed to violate Section 7-204 or any other provision of this Act.

In the Commission's order that approves the large public utility's acquisition of the water or sewer utility, the Commission shall issue its decision establishing (1) the ratemaking rate base of the water or sewer utility; and (2) the district or tariff group with which the water or sewer utility shall be combined for ratemaking purposes, if such combination has been proposed by the large public utility; and (3) the rates to be charged to customers in the water or sewer utility.

(e) If the water or sewer utility being acquired is owned by the State or any political subdivision thereof, then the water or sewer utility must inform the public of the terms of its acquisition by the large public utility by (1) holding a public meeting prior to the acquisition and (2)
causing to be published, in a newspaper of general circulation in the area that the water or sewer utility operates, a notice setting forth the terms of its acquisition by the large public utility and options that shall be available to assist customers to pay their bills after the acquisition.

(f) The large public utility may shall recommend the district or tariff group of which the water or sewer utility shall, for ratemaking purposes, become a part after the acquisition, or may recommend a lesser rate for the water or sewer utility. If the large public utility recommends a lesser rate, it shall submit to the Commission its proposed rate schedule and the proposed final tariff group for the acquired water or sewer utility. The Commission's approved recommended district or tariff group or rates shall be consistent with the large public utility's recommendation, unless such recommendation can be shown to be contrary to the public interest.

(g) From the date of acquisition until the date that new rates are effective in the acquiring large public utility's next rate case, the customers of the acquired water or sewer utility shall pay the approved then-existing rates of the district or tariff group as ordered by the Commission, or some lesser rates as recommended by the large public utility and approved by the Commission under subsection (f); provided, that, if the application of such then-existing rates of the large public utility to customers of the acquired water or sewer utility using 54,000 gallons annually results in an increase to the total annual bill of customers of the acquired water or sewer utility, exclusive of fire service or related charges, then the large public utility's rates charged to the customers of the acquired water or sewer utility shall be uniformly reduced, if any reduction is required, by the percent that results in the total annual bill, exclusive of fire services or related charges, for the customers of the acquired water or sewer utility using 54,000 gallons being equal to 1.5% of the latest median household income as reported by the United States Census Bureau for the most applicable community or county. For each customer of the water or sewer utility with potable water usage values that cannot be reasonably obtained, a value of 4,500 gallons per month shall be assigned. These rates shall not be deemed to violate this Act including, but not limited to, Section 9-101 and any other applicable Sections in Articles VIII and IX of this Act. The Commission shall issue its decision establishing the rates effective for the water or sewer utility immediately following an acquisition in its order approving the acquisition.

(h) In the acquiring large public utility's next rate case, the water or sewer utility and the district or tariff group ordered by the Commission...
and their costs of service may be combined under the same rate tariff. This rate tariff shall be based on allocation of costs of service of the acquired water or sewer utility and the large public utility's district or tariff group ordered by the Commission and utilizing a rate design that does not distinguish among customers on the basis of utility service source or type. This rate tariff shall not be deemed to violate this Act including, but not limited to, Section 9-101 of this Act. In the acquiring large public utility's rate cases after an acquisition, but in no subsequent rate case, the large public utility may file a rate tariff for a water or sewer utility acquired under this Section that establishes lesser rates than the district or tariff group into which the water or sewer utility is to be combined. Those lesser rates shall not be deemed to violate Section 7-204 or any other provision of this Act if they affect the cumulative base rates of the large public utility's existing rate payers in the district or tariff by less than 2.5%.

(i) Any post-acquisition improvements made by the large public utility in the water or sewer utility shall accrue a cost for financing set at the large public utility's determined rate for allowance for funds used during construction, inclusive of the debt, equity, and income tax gross up components, after the date on which the expenditure was incurred by the large public utility until the investment has been in service for a 4-year period or, if sooner, until the time the rates are implemented in the large public utility's next rate case.

Any post-acquisition improvements made by the large public utility in the water or sewer utility shall not be depreciated for ratemaking purposes from the date on which the expenditure was incurred by the large public utility until the investment has been in service for a 4-year period or, if sooner, until the time the rates are implemented in the large public utility's next rate case.

(j) This Section shall be exclusively applied to large public utilities in the voluntary and mutually agreeable acquisition of water or sewer utilities. Any petitions filed with the Commission related to the acquisitions described in this Section, including petitions seeking approvals or certificates required by this Act, shall be deemed approved unless the Commission issues its final order within 11 months after the date the large public utility filed its initial petition. This Section shall only apply to utilities providing water or sewer service and shall not be construed in any manner to apply to electric corporations, natural gas corporations, or any other utility subject to this Act.
(k) Nothing in this Section shall prohibit a party from declining to proceed with an acquisition or be deemed as establishing the final purchase price of an acquisition.

(l) In the Commission's order that approves the large utility's acquisition of the water or sewer utility, the Commission shall address each aspect of the acquisition transaction for which approval is required under the Act.

(m) Any contractor or subcontractor that performs work on a water or sewer utility acquired by a large public utility under this Section shall be a responsible bidder as described in Section 30-22 of the Illinois Procurement Code. The contractor or subcontractor shall submit evidence of meeting the requirements to be a responsible bidder as described in Section 30-22 to the water or sewer utility. Any new water or sewer facility built as a result of the acquisition shall require the contractor to enter into a project labor agreement. The large public utility acquiring the water or sewer utility shall offer employee positions to qualified employees of the acquired water or sewer utility.

(n) This Section is repealed on June 1, 2028.

any public funds in short term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States. Investments may be made only in those savings banks or savings and loan associations the shares, or investment certificates of which are insured by the Federal Deposit Insurance Corporation. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. All such securities so purchased shall mature or be redeemable on a date or dates prior to the time when, in the judgment of such governing authority, the public funds so invested will be required for expenditure by such public agency or its governing authority. The expressed judgment of any such governing authority as to the time when any public funds will be required for expenditure or be redeemable is final and conclusive. Any public agency may invest any public funds in dividend-bearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois. (d) Except for pecuniary interests permitted under subsection (f) of Section 3-14-4 of the Illinois Municipal Code or under Section 3.2 of the Public Officer Prohibited Practices Act, no person acting as treasurer or financial officer or who is employed in any similar capacity by or for a public agency may do any of the following:

(2) have any interest, directly or indirectly, in the sellers, sponsors, or managers of those investments.

(3) receive, in any manner, compensation of any kind from any investments in which the agency is authorized to invest.

(e) Any public agency may also invest any public funds in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advise regarding the investment of any public funds.

(f) To the extent a public agency has custody of funds not owned by it or another public agency and does not otherwise have authority to invest such funds, the public agency may invest such funds as if they were its own. Such funds must be released to the appropriate person at the earliest reasonable time, but in no case exceeding 31 days, after the private person becomes entitled to the receipt of them. All earnings accruing on any investments or deposits made pursuant to the provisions of this Act shall be credited to the public agency by or for which such investments or deposits were made, except as provided otherwise in Section 4.1 of the State Finance Act or the Local Governmental Tax Collection Act, and except where by specific statutory provisions such earnings are directed to be credited to and paid to a particular fund.

(g) A public agency may purchase or invest in repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986, as now or hereafter amended or succeeded, subject to the provisions of said Act and the regulations issued thereunder. The government securities, unless registered or inscribed in the name of the public agency, shall be purchased through banks or trust companies authorized to do business in the State of Illinois.

(h) Except for repurchase agreements of government securities which are subject to the Government Securities Act of 1986, as now or hereafter amended or succeeded, no public agency may purchase or invest in instruments which constitute repurchase agreements, and no financial institution may enter into such an agreement with or on behalf of any public agency unless the instrument and the transaction meet the following requirements:

1. The securities, unless registered or inscribed in the name of the public agency, are purchased through banks or trust companies authorized to do business in the State of Illinois.

2. An authorized public officer after ascertaining which firm will give the most favorable rate of interest, directs the custodial bank to "purchase" specified securities from a designated
institution. The "custodial bank" is the bank or trust company, or agency of government, which acts for the public agency in connection with repurchase agreements involving the investment of funds by the public agency. The State Treasurer may act as custodial bank for public agencies executing repurchase agreements. To the extent the Treasurer acts in this capacity, he is hereby authorized to pass through to such public agencies any charges assessed by the Federal Reserve Bank.

(3) A custodial bank must be a member bank of the Federal Reserve System or maintain accounts with member banks. All transfers of book-entry securities must be accomplished on a Reserve Bank's computer records through a member bank of the Federal Reserve System. These securities must be credited to the public agency on the records of the custodial bank and the transaction must be confirmed in writing to the public agency by the custodial bank.

(4) Trading partners shall be limited to banks or trust companies authorized to do business in the State of Illinois or to registered primary reporting dealers.

(5) The security interest must be perfected.

(6) The public agency enters into a written master repurchase agreement which outlines the basic responsibilities and liabilities of both buyer and seller.

(7) Agreements shall be for periods of 330 days or less.

(8) The authorized public officer of the public agency informs the custodial bank in writing of the maturity details of the repurchase agreement.

(9) The custodial bank must take delivery of and maintain the securities in its custody for the account of the public agency and confirm the transaction in writing to the public agency. The Custodial Undertaking shall provide that the custodian takes possession of the securities exclusively for the public agency; that the securities are free of any claims against the trading partner; and any claims by the custodian are subordinate to the public agency's claims to rights to those securities.

(10) The obligations purchased by a public agency may only be sold or presented for redemption or payment by the fiscal agent bank or trust company holding the obligations upon the

written instruction of the public agency or officer authorized to make such investments.

(11) The custodial bank shall be liable to the public agency for any monetary loss suffered by the public agency due to the failure of the custodial bank to take and maintain possession of such securities.

(i) Notwithstanding the foregoing restrictions on investment in instruments constituting repurchase agreements the Illinois Housing Development Authority may invest in, and any financial institution with capital of at least $250,000,000 may act as custodian for, instruments that constitute repurchase agreements, provided that the Illinois Housing Development Authority, in making each such investment, complies with the safety and soundness guidelines for engaging in repurchase transactions applicable to federally insured banks, savings banks, savings and loan associations or other depository institutions as set forth in the Federal Financial Institutions Examination Council Policy Statement Regarding Repurchase Agreements and any regulations issued, or which may be issued by the supervisory federal authority pertaining thereto and any amendments thereto; provided further that the securities shall be either (i) direct general obligations of, or obligations the payment of the principal of and/or interest on which are unconditionally guaranteed by, the United States of America or (ii) any obligations of any agency, corporation or subsidiary thereof controlled or supervised by and acting as an instrumentality of the United States Government pursuant to authority granted by the Congress of the United States and provided further that the security interest must be perfected by either the Illinois Housing Development Authority, its custodian or its agent receiving possession of the securities either physically or transferred through a nationally recognized book entry system.

(j) In addition to all other investments authorized under this Section, a community college district may invest public funds in any mutual funds that invest primarily in corporate investment grade or global government short term bonds. Purchases of mutual funds that invest primarily in global government short term bonds shall be limited to funds with assets of at least $100 million and that are rated at the time of purchase as one of the 10 highest classifications established by a recognized rating service. The investments shall be subject to approval by the local community college board of trustees. Each community college

board of trustees shall develop a policy regarding the percentage of the college's investment portfolio that can be invested in such funds.

Nothing in this Section shall be construed to authorize an intergovernmental risk management entity to accept the deposit of public funds except for risk management purposes.

PUBLIC ACT 100-0758
(House Bill No. 4748)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Sections 5-1062, 5-1062.2, and 5-1062.3 as follows:

(55 ILCS 5/5-1062) (from Ch. 34, par. 5-1062)

Sec. 5-1062. Stormwater management.

(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in metropolitan counties located in the area served by the Chicago Metropolitan Agency for Planning [Northeastern Illinois Planning Commission], and references to "county" in this Section shall apply only to those counties. This Section shall not apply to any county with a

New matter indicated by italics - deletions by strikeout
population in excess of 1,500,000, except as provided in subsection (c). The purpose of this Section shall be achieved by:

(1) consolidating the existing stormwater management framework into a united, countywide structure;

(2) setting minimum standards for floodplain and stormwater management with an emphasis on the use of cost-effective solutions to flooding problems; and

(3) preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate watershed plans and shall evaluate and address flooding problems that exist in urbanized areas that are a result of urban flooding.

(b) A stormwater management planning committee shall be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each county board district, and such other members as may be determined by the county and municipal members. However, if the county has more than 6 county board districts, the county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities which have the greatest percentage of their respective populations residing in such county board district or other represented area. All municipal and county board representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the municipal and county board representatives. A municipality that is located in more than one county may choose, at the time of formation of the stormwater management planning committee and based on watershed boundaries, to participate in the stormwater management planning program of either or both of the counties. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt by-laws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the

New matter indicated by italics - deletions by strikeout
committee shall include a chair and vice chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board. _The committee may make grants to: (1) units of local government; (2) not-for-profit organizations; and (3) landowners. In order for a municipality located partially or wholly within a mapped floodplain to receive grant moneys, the municipality must be a member in the Federal Emergency Management Agency's National Flood Insurance Program. A municipality receiving grant moneys must have adopted an ordinance requiring actions consistent with the stormwater management plan. Use of the grant moneys must be consistent with the stormwater management plan._

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) (Blank).

(e) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once no less than 15 days in advance thereof in a newspaper of general circulation published in the county. The notice shall state the time and place of the hearing and the place where copies of the proposed plan will be accessible for examination by interested parties. If an affected municipality having a stormwater management plan adopted by ordinance wishes to protest the proposed county plan provisions, it shall appear at the hearing and submit in writing specific proposals to the stormwater management planning committee. After consideration of the

New matter indicated by italics - deletions by strikeout
matters raised at the hearing, the committee may amend or approve the plan and recommend it to the county board for adoption.

The county board may enact the proposed plan by ordinance. If the proposals for modification of the plan made by an affected municipality having a stormwater management plan are not included in the proposed county plan, and the municipality affected by the plan opposes adoption of the county plan by resolution of its corporate authorities, approval of the county plan shall require an affirmative vote of at least two-thirds of the county board members present and voting. If the county board wishes to amend the county plan, it shall submit in writing specific proposals to the stormwater management planning committee. If the proposals are not approved by the committee, or are opposed by resolution of the corporate authorities of an affected municipality having a municipal stormwater management plan, amendment of the plan shall require an affirmative vote of at least two-thirds of the county board members present and voting.

(f) The county board may prescribe by ordinance reasonable rules and regulations for floodplain or stormwater management and for governing the location, width, course and release rate of all stormwater runoff channels, streams and basins in the county, in accordance with the adopted stormwater management plan. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program.

(g) In accordance with, and if recommended in, the adopted stormwater management plan, the county board may adopt a schedule of fees as may be reasonable and necessary to mitigate the effects of increased stormwater runoff resulting from new development. The fees shall not exceed the cost of satisfying the onsite stormwater retention or detention requirements of the adopted stormwater management plan. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing regional stormwater retention or detention facilities, as identified in the county plan. All such fees collected by the county shall be held in a separate fund, and shall be expended only in the watershed within which they were collected.

(h) For the purpose of implementing this Section and for the development, design, planning, construction, operation and maintenance of stormwater facilities provided for in the stormwater management plan, a

New matter indicated by italics - deletions by strikeout
county board that has established a stormwater management planning committee pursuant to this Section may cause an annual tax of not to exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county. The tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code.

Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection (h) shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

However, unless at least part of the county has been declared after July 1, 1986 by presidential proclamation to be a disaster area as a result of flooding, the tax authorized by this subsection (h) shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on the question is in favor of the levy of the tax, it may thereafter be levied in the county for the specified period or indefinitely, as provided in the proposition. The question shall be put in substantially the following form:

 Shall an annual tax be levied for stormwater management purposes YES (for a period of not more than ...... years) at a rate not exceeding .............% of the equalized assessed value of the taxable property of ....... County? NO

(i) Upon the creation and implementation of a county stormwater management plan, the county may petition the circuit court to dissolve any

or all drainage districts created pursuant to the Illinois Drainage Code or predecessor Acts which are located entirely within the area of the county covered by the plan.

However, any active drainage district implementing a plan that is consistent with and at least as stringent as the county stormwater management plan may petition the stormwater management planning committee for exception from dissolution. Upon filing of the petition, the committee shall set a date for hearing not less than 2 weeks, nor more than 4 weeks, from the filing thereof, and the committee shall give at least one week's notice of the hearing in one or more newspapers of general circulation within the district, and in addition shall cause a copy of the notice to be personally served upon each of the trustees of the district. At the hearing, the committee shall hear the district's petition and allow the district trustees and any interested parties an opportunity to present oral and written evidence. The committee shall render its decision upon the petition for exception from dissolution based upon the best interests of the residents of the district. In the event that the exception is not allowed, the district may file a petition within 30 days of the decision with the circuit court. In that case, the notice and hearing requirements for the court shall be the same as herein provided for the committee. The court shall likewise render its decision of whether to dissolve the district based upon the best interests of residents of the district.

The dissolution of any drainage district shall not affect the obligation of any bonds issued or contracts entered into by the district nor invalidate the levy, extension or collection of any taxes or special assessments upon the property in the former drainage district. All property and obligations of the former drainage district shall be assumed and managed by the county, and the debts of the former drainage district shall be discharged as soon as practicable.

If a drainage district lies only partly within a county that adopts a county stormwater management plan, the county may petition the circuit court to disconnect from the drainage district that portion of the district that lies within that county. The property of the drainage district within the disconnected area shall be assumed and managed by the county. The county shall also assume a portion of the drainage district's debt at the time of disconnection, based on the portion of the value of the taxable property of the drainage district which is located within the area being disconnected.

New matter indicated by italics - deletions by strikeout
The operations of any drainage district that continues to exist in a county that has adopted a stormwater management plan in accordance with this Section shall be in accordance with the adopted plan.

(j) Any county that has adopted a county stormwater management plan under this Section may, after 10 days written notice to the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. The county shall be responsible for any damages occasioned thereby.

(k) Upon petition of the municipality, and based on a finding of the stormwater management planning committee, the county shall not enforce rules and regulations adopted by the county in any municipality located wholly or partly within the county that has a municipal stormwater management ordinance that is consistent with and at least as stringent as the county plan and ordinance, and is being enforced by the municipal authorities.

(l) A county may issue general obligation bonds for implementing any stormwater plan adopted under this Section in the manner prescribed in Section 5-1012; except that the referendum requirement of Section 5-1012 shall not apply to bonds issued pursuant to this Section on which the principal and interest are to be paid entirely out of funds generated by the taxes and fees authorized by this Section.

(m) The powers authorized by this Section may be implemented by the county board for a portion of the county subject to similar stormwater management needs.

(n) The powers and taxes authorized by this Section are in addition to the powers and taxes authorized by Division 5-15; in exercising its powers under this Section, a county shall not be subject to the restrictions and requirements of that Division.

(o) Pursuant to paragraphs (g) and (i) of Section 6 of Article VII of the Illinois Constitution, this Section specifically denies and limits the exercise of any power which is inconsistent herewith by home rule units in any county with a population of less than 1,500,000 in the area served by the Chicago Metropolitan Agency for Planning

Northeastern Illinois Planning Commission.

This Section does not prohibit the concurrent exercise of powers consistent herewith.

overwhelming the existing drainage infrastructure, unrelated to the overflow of any river or lake, whether or not that land is located in or near a floodplain.

"Urbanized areas" means a statistical geographic entity consisting of a densely settled core created from census tracts or blocks and contiguous qualifying territory that together have a minimum population of at least 50,000 persons and has been delineated as an urbanized area by the United States Census Bureau after the most recent decennial census.

(55 ILCS 5/5-1062.2)

Sec. 5-1062.2. Stormwater management.

(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in the metropolitan counties of Madison, St. Clair, Monroe, Kankakee, Grundy, LaSalle, DeKalb, Kendall, and Boone as well as all counties containing all or a part of an urbanized area and references to "county" in this Section apply only to those counties. This Section does not apply to counties in the Chicago Metropolitan Agency for Planning or the Northeastern Illinois Planning Commission that are granted authorities in Section 5-1062. The purpose of this Section shall be achieved by:

1. Consolidating the existing stormwater management framework into a united, countywide structure.
2. Setting minimum standards for floodplain and stormwater management with an emphasis on the use of cost-effective solutions to flooding problems.
3. Preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate watershed plans and shall evaluate and address flooding problems that exist in urbanized areas that are a result of urban flooding. (a-5) This Section also applies to all counties not otherwise covered in Section 5-1062, 5-1062.2, or 5-1062.3 if the question of allowing the county board to establish a stormwater management planning council has been submitted to the electors of the county and approved by a majority of those voting on the question.

(b) A stormwater management planning committee may be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each

county board district, one member representing drainage districts, and one member representing soil and water conservation districts and such other members as may be determined by the stormwater management planning committee members. If the county has more than 6 county board districts, however, the county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities that have the greatest percentage of their respective populations residing in that county board district or other represented area. The member representing drainage districts shall be appointed by the drainage district chairperson or by a majority vote of all drainage district chairpersons in the county if more than one drainage district exists in the county. The member representing soil and water conservation districts shall be appointed by a majority vote of the soil and water conservation district board or by a majority vote of all soil and water conservation district boards in the county if more than one soil and water conservation district board exists in the county. All municipal, and county board, drainage district, and soil and water conservation district representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the voting members of the committee; however, Madison, St. Clair, Monroe, Kankakee, Grundy, LaSalle, DeKalb, Kendall, and Boone counties are not required to have a drainage district or a soil and water conservation representative the municipal and county board representatives. A municipality that is located in more than one county may choose, at the time of formation of the stormwater management planning committee and based on watershed boundaries, to participate in the stormwater management planning program of either or both of the counties. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt bylaws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the committee shall include a chair and vice chairperson.
chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal, and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board. The committee may make grants to: (1) units of local government; (2) not-for-profit organizations; and (3) landowners. In order for a municipality located partially or wholly within a mapped floodplain to receive grant moneys, the municipality must be a member in the Federal Emergency Management Agency's National Flood Insurance Program. A municipality receiving grant moneys must that have adopted an ordinance requiring actions consistent with the stormwater management plan. Use and to landowners for the purposes of stormwater management, including special projects; use of the grant money must be consistent with the stormwater management plan.

The committee shall not have or exercise any power of eminent domain.

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) The stormwater management committee may not enforce any rules or regulations that would interfere with (i) any power granted by the Illinois Drainage Code (70 ILCS 605/) to operate, construct, maintain, or improve drainage systems or (ii) the ability to operate, maintain, or improve the drainage systems used on or by land or a facility used for production agriculture purposes, as defined in the Use Tax Act (35 ILCS 105/), except newly constructed buildings and newly installed impervious paved surfaces. Disputes regarding an exception shall be determined by a mutually agreed upon arbitrator paid by the disputing party or parties.

(e) Before the stormwater management planning committee recommends to the county board a stormwater management plan for the

county or a portion thereof, it shall submit the plan to the Office of Water Resources of the Department of Natural Resources for review and recommendations. The Office, in reviewing the plan, shall consider such factors as impacts on the levels or flows in rivers and streams and the cumulative effects of stormwater discharges on flood levels. The Office of Water Resources shall determine whether the plan or ordinances enacted to implement the plan complies with the requirements of subsection (f). Within a period not to exceed 60 days, the review comments and recommendations shall be submitted to the stormwater management planning committee for consideration. Any amendments to the plan shall be submitted to the Office for review.

(f) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once no less than 15 days in advance of the hearing in a newspaper of general circulation published in the county. The notice shall state the time and place of the hearing and the place where copies of the proposed plan will be accessible for examination by interested parties. If an affected municipality having a stormwater management plan adopted by ordinance wishes to protest the proposed county plan provisions, it shall appear at the hearing and submit in writing specific proposals to the stormwater management planning committee. After consideration of the matters raised at the hearing, the committee may amend or approve the plan and recommend it to the county board for adoption.

The county board may enact the proposed plan by ordinance. If the proposals for modification of the plan made by an affected municipality having a stormwater management plan are not included in the proposed county plan, and the municipality affected by the plan opposes adoption of the county plan by resolution of its corporate authorities, approval of the county plan shall require an affirmative vote of at least two-thirds of the county board members present and voting. If the county board wishes to amend the county plan, it shall submit in writing specific proposals to the stormwater management planning committee. If the proposals are not approved by the committee, or are opposed by resolution of the corporate authorities of an affected municipality having a municipal stormwater management plan, amendment of the plan shall require an affirmative vote of at least two-thirds of the county board members present and voting.
(g) The county board may prescribe by ordinance reasonable rules and regulations for floodplain or stormwater management and for governing the location, width, course, and release rate of all stormwater runoff channels, streams, and basins in the county, in accordance with the adopted stormwater management plan. Land, facilities, and drainage district facilities used for production agriculture as defined in subsection (d) shall not be subjected to regulation by the county board or stormwater management committee under this Section for floodplain management and for governing location, width, course, maintenance, and release rate of stormwater runoff channels, streams and basins, or water discharged from a drainage district. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program. The Commission may not impose more stringent regulations regarding water quality on entities discharging in accordance with a valid National Pollution Discharge Elimination System permit issued under the Environmental Protection Act.

(h) In accordance with, and if recommended in, the adopted stormwater management plan, the county board may adopt a schedule of reasonable fees as may be necessary to mitigate the effects of increased stormwater runoff resulting from new development based on actual costs. The fees shall not exceed the cost of satisfying the onsite stormwater retention or detention requirements of the adopted stormwater management plan. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing regional stormwater retention or detention facilities, as identified in the county plan. The county board shall provide for a credit or reduction in fees for any onsite retention, detention, drainage district assessments, or other similar stormwater facility that the developer is required to construct consistent with the stormwater management ordinance. All these fees collected by the county shall be held in a separate fund, and shall be expended only in the watershed within which they were collected.

(i) For the purpose of implementing this Section and for the development, design, planning, construction, operation, and maintenance of stormwater facilities provided for in the stormwater management plan, a county board that has established a stormwater management planning committee pursuant to this Section may cause an annual tax of not to
exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county or occupation and use taxes of 1/10 of one cent. The property tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum at a general election in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code (35 ILCS 200). Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

However, the tax authorized by this subsection shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any general election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on the question is in favor of the levy of the tax, it may thereafter be levied in the county for the specified period or indefinitely, as provided in the proposition. The question shall be put in substantially the following form:

Shall an annual tax be levied for stormwater management purposes (for a period of not more than ..... years) at a rate not exceeding .....% of the equalized assessed value of the taxable property of ..... County?

Or this question may be submitted at any general election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county to authorize use and occupation taxes of 1/10 of one cent:

Shall use and occupation taxes be raised for stormwater management purposes (for a period of not more than ..... years) at a rate of 1/10 of one cent for taxable goods in ..... County?

Votes shall be recorded as Yes or No.

New matter indicated by italics - deletions by strikeout
(i-5) Before a county that establishes a stormwater management planning council after submission of the question to the electors of the county pursuant to subsection (a-5) may submit a referendum question to the electors of the county for an annual tax under subsection (i), the county shall:

(1) adopt and enforce a floodplain management ordinance or a stormwater management ordinance under subsection (g) that has been approved by the Office of Water Resources of the Department of Natural Resources; and

(2) designate a certified floodplain manager who has been certified by the Association of State Floodplain Managers; however, nothing in this paragraph (2) requires a county to create a new position or designate another individual if the county already has a certified floodplain manager on staff.

If a county fails to continually meet any of the conditions of this subsection (i-5) after approval of a referendum question for an annual tax, the county may not levy a tax under subsection (i) until they are in full compliance with this subsection (i-5).

(j) For those counties that adopt a property tax in accordance with the provisions in this Section, the stormwater management committee shall offer property tax abatements or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. For those counties that adopt use and occupation taxes in accordance with the provisions of this Section, the stormwater management committee may offer tax rebates or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. The stormwater management committee is authorized to offer credits to the property tax, if applicable, based on authorized practices consistent with the stormwater management plan and approved by the committee. Expenses of staff of a stormwater management committee that are expended on regulatory project review may be no more than 20% of the annual budget of the committee, including funds raised under subsections (h) and (i).

(k) Any county that has adopted a county stormwater management plan under this Section may, after 10 days written notice receiving consent of the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. If consent is denied or cannot be reasonably obtained, the county ordinance shall provide a

process or procedure for an administrative warrant to be obtained. The county shall be responsible for any damages occasioned thereby.

(l) Upon petition of the municipality, and based on a finding of the stormwater management planning committee, the county shall not enforce rules and regulations adopted by the county in any municipality located wholly or partly within the county that has a municipal stormwater management ordinance that is consistent with and at least as stringent as the county plan and ordinance, and is being enforced by the municipal authorities. On issues that the county ordinance is more stringent as deemed by the committee, the county shall only enforce rules and regulations adopted by the county on the more stringent issues and accept municipal permits. The county shall have no more than 60 days to review permits or the permits shall be deemed approved.

(m) A county may issue general obligation bonds for implementing any stormwater plan adopted under this Section in the manner prescribed in Section 5-1012; except that the referendum requirement of Section 5-1012 does not apply to bonds issued pursuant to this Section on which the principal and interest are to be paid entirely out of funds generated by the taxes and fees authorized by this Section.

(n) The powers authorized by this Section may be implemented by the county board for a portion of the county subject to similar stormwater management needs.

(o) The powers and taxes authorized by this Section are in addition to the powers and taxes authorized by Division 5-15; in exercising its powers under this Section, a county shall not be subject to the restrictions and requirements of that Division.

(p) As used in this Section:

"Urban flooding" means the flooding of public and private land in urban communities that results from stormwater or snowmelt runoff overwhelming the existing drainage infrastructure, unrelated to the overflow of any river or lake, whether or not that land is located in or near a floodplain.

"Urbanized areas" means a statistical geographic entity consisting of a densely settled core created from census tracts or blocks and contiguous qualifying territory that together have a minimum population of at least 50,000 persons and has been delineated as an urbanized area by the United States Census Bureau after the most recent decennial census.

Sec. 5-1062.3. Stormwater management; DuPage and Peoria Counties.

(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in the metropolitan counties of DuPage and Peoria, and references to "county" in this Section apply only to those counties. This Section does not apply to a municipality that only partially lies within one of these counties and, on the effective date of this amendatory Act of the 98th General Assembly, is served by an existing Section in the Counties Code regarding stormwater management. The purpose of this Section shall be achieved by:

1. consolidating the existing stormwater management framework into a united, countywide structure;
2. setting minimum standards for floodplain and stormwater management with an emphasis on the use of cost-effective solutions to flooding problems; and
3. preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate watershed plans and shall evaluate and address flooding problems that exist in urbanized areas that are a result of urban flooding.

(b) A stormwater management planning committee may be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each county board district, and such other members as may be determined by the county and municipal members. If the county has more than 6 county board districts, however, the county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities that have the greatest percentage of their respective populations residing in that county board district or other represented area. All municipal and county board representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the municipal and county board representatives. A municipality that is located in more than one county

may choose, at the time of formation of the stormwater management planning committee and based on watershed boundaries, to participate in the stormwater management planning program of either county. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt bylaws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the committee shall include a chair and vice chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal, and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board. The committee may make grants to: (1) units of local government; (2) not-for-profit organizations; and (3) landowners. In order for a municipality located partially or wholly within a mapped floodplain to receive grant moneys, the municipality must be a member in the Federal Emergency Management Agency's National Flood Insurance Program. A municipality receiving grant moneys must have adopted an ordinance requiring actions consistent with the stormwater management plan. Use of the grant money must be consistent with the stormwater management plan.

The committee shall not have or exercise any power of eminent domain.

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) The stormwater management committee may not enforce any rules or regulations that would interfere with (i) any power granted by the
Illinois Drainage Code (70 ILCS 605/) to operate, construct, maintain, or improve drainage systems or (ii) the ability to operate, maintain, or improve the drainage systems used on or by land or a facility used for production agriculture purposes, as defined in the Use Tax Act (35 ILCS 105/), except newly constructed buildings and newly installed impervious paved surfaces. Disputes regarding an exception shall be determined by a mutually agreed upon arbitrator paid by the disputing party or parties.

(e) Before the stormwater management planning committee recommends to the county board a stormwater management plan for the county or a portion thereof, it shall submit the plan to the Office of Water Resources of the Department of Natural Resources for review and recommendations. The Office, in reviewing the plan, shall consider such factors as impacts on the levels or flows in rivers and streams and the cumulative effects of stormwater discharges on flood levels. The Office of Water Resources shall determine whether the plan or ordinances enacted to implement the plan complies with the requirements of subsection (f). Within a period not to exceed 60 days, the review comments and recommendations shall be submitted to the stormwater management planning committee for consideration. Any amendments to the plan shall be submitted to the Office for review.

(f) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once and no less than 15 days in advance of the hearing in a newspaper of general circulation published in the county. The notice shall state the time and place of the hearing and the place where copies of the proposed plan will be accessible for examination by interested parties. If an affected municipality having a stormwater management plan adopted by ordinance wishes to protest the proposed county plan provisions, it shall appear at the hearing and submit in writing specific proposals to the stormwater management planning committee. After consideration of the matters raised at the hearing, the committee may amend or approve the plan and recommend it to the county board for adoption.

The county board may enact the proposed plan by ordinance. If the proposals for modification of the plan made by an affected municipality having a stormwater management plan are not included in the proposed county plan, and the municipality affected by the plan opposes adoption of
the county plan by resolution of its corporate authorities, approval of the county plan shall require an affirmative vote of at least two-thirds of the county board members present and voting. If the county board wishes to amend the county plan, it shall submit in writing specific proposals to the stormwater management planning committee. If the proposals are not approved by the committee, or are opposed by resolution of the corporate authorities of an affected municipality having a municipal stormwater management plan, amendment of the plan shall require an affirmative vote of at least two-thirds of the county board members present and voting.

(g) The county board may prescribe by ordinance reasonable rules and regulations for floodplain or stormwater management and for governing the location, width, course, and release rate of all stormwater runoff channels, streams, and basins in the county, in accordance with the adopted stormwater management plan. Land, facilities, and drainage district facilities used for production agriculture as defined in subsection (d) shall not be subjected to regulation by the county board or stormwater management committee under this Section for floodplain management and for governing location, width, course, maintenance, and release rate of stormwater runoff channels, streams and basins, or water discharged from a drainage district. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program. With respect to DuPage County only, the Chicago Metropolitan Agency for Planning may not impose more stringent regulations regarding water quality on entities discharging in accordance with a valid National Pollution Discharge Elimination System permit issued under the Environmental Protection Act.

(h) For the purpose of implementing this Section and for the development, design, planning, construction, operation, and maintenance of stormwater facilities provided for in the adopted stormwater management plan, a county board that has established a stormwater management planning committee pursuant to this Section or has participated in a stormwater management planning process may adopt a schedule of reasonable fees applicable to all real property within the county which benefits from the county's stormwater management facilities and activities, and as may be necessary to mitigate the effects of increased stormwater runoff resulting from development. The total amount of the fees assessed must be specifically and uniquely attributable to the actual

New matter indicated by italics - deletions by strikeout
costs of the county in the preparation, administration, and implementation of the adopted stormwater management plan, construction and maintenance of stormwater facilities, and other activities related to the management of the runoff from the property. The individual fees must be specifically and uniquely attributable to the portion of the actual cost to the county of managing the runoff from the property. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing and maintaining stormwater collection, retention, detention, and particulate treatment facilities, and improving water bodies impacted by stormwater runoff, as identified in the county plan. In establishing, maintaining, or replacing such facilities, the county shall not duplicate facilities operated by other governmental bodies within its corporate boundaries. The schedule of fees established by the county board shall include a procedure for a full or partial fee waiver for property owners who have taken actions or put in place facilities that reduce or eliminate the cost to the county of providing stormwater management services to their property. The county board may also offer tax or fee rebates or incentive payments to property owners who construct, maintain, and use approved green infrastructure stormwater management devices or any other methods that reduce or eliminate the cost to the county of providing stormwater management services to the property, including but not limited to facilities that reduce the volume, temperature, velocity, and pollutant load of the stormwater managed by the county, such as systems that infiltrate, evapotranspirate, or harvest stormwater for reuse, known as "green infrastructure". In exercising this authority, the county shall provide notice to the municipalities within its jurisdiction of any fees proposed under this Section and seek the input of each municipality with respect to the calculation of the fees. The county shall also give property owners at least 2 years' notice of the fee, during which time the county shall provide education on green infrastructure practices and an opportunity to take action to reduce or eliminate the fee. All these fees collected by the county shall be held in a separate fund, and shall be expended only in the watershed within which they were collected. The county may enter into intergovernmental agreements with other government bodies for the joint administration of stormwater management and the collection of the fees authorized in this Section.

A fee schedule authorized by this subsection must have the same limit as the authorized stormwater tax. In Peoria County only, the fee

New matter indicated by italics - deletions by strikeout
schedule shall not be adopted unless (i) a referendum has been passed approving a stormwater tax as provided in subsection (i) of this Section; or (ii) the question of the adoption of a fee schedule with the same limit as the authorized stormwater tax has been approved in a referendum by a majority of those voting on the question.

(i) In the alternative to a fee imposed under subsection (h), the county board may cause an annual tax of not to exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county. The property tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code (35 ILCS 200/).

Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

If at least part of the county has been declared by a presidential proclamation after July 1, 1986 and before December 31, 1987, to be a disaster area as a result of flooding, the tax authorized by this subsection does not require approval by referendum. However, in Peoria County, the tax authorized by this subsection shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on the question is in favor of the levy of the tax, it may thereafter be levied in the county for the specified period or indefinitely, as provided in the proposition. The question shall be put in substantially the following form:

Shall an annual tax be levied for stormwater management purposes (for a period of not more than ..... years) at a rate not exceeding .....% of the equalized assessed value of the taxable property of ..... County?

New matter indicated by italics - deletions by strikeout
Votes shall be recorded as Yes or No.

The following question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county to authorize adoption of a schedule of fees applicable to all real property within the county:

Shall the county board be authorized to adopt a schedule of fees, at a rate not exceeding that of the stormwater management tax, applicable to all real property for preparation, administration, and implementation of an adopted stormwater management plan, construction and maintenance of related facilities, and management of the runoff from the property?

Votes shall be recorded as Yes or No.

If these questions have been approved by a majority of those voting prior to the effective date of this amendatory Act of the 98th General Assembly, this subsection does not apply.

(j) For those counties that adopt a property tax in accordance with the provisions in this Section, the stormwater management committee shall offer property tax abatements or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. The stormwater management committee is authorized to offer credits to the property tax, if applicable, based on authorized practices consistent with the stormwater management plan and approved by the committee. Expenses of staff of a stormwater management committee that are expended on regulatory project review may be no more than 20% of the annual budget of the committee, including funds raised under subsections (h) and (i).

(k) Upon the creation and implementation of a county stormwater management plan, the county may petition the circuit court to dissolve any or all drainage districts created pursuant to the Illinois Drainage Code or predecessor Acts which are located entirely within the area of the county covered by the plan.

However, any active drainage district implementing a plan that is consistent with and at least as stringent as the county stormwater management plan may petition the stormwater management planning committee for exception from dissolution. Upon filing of the petition, the committee shall set a date for hearing not less than 2 weeks, nor more than 4 weeks, from the filing thereof, and the committee shall give at least one week's notice of the hearing in one or more newspapers of general circulation.

New matter indicated by italics - deletions by strikeout
circulation within the district, and in addition shall cause a copy of the notice to be personally served upon each of the trustees of the district. At the hearing, the committee shall hear the district's petition and allow the district trustees and any interested parties an opportunity to present oral and written evidence. The committee shall render its decision upon the petition for exception from dissolution based upon the best interests of the residents of the district. In the event that the exception is not allowed, the district may file a petition within 30 days of the decision with the circuit court. In that case, the notice and hearing requirements for the court shall be the same as herein provided for the committee. The court shall likewise render its decision of whether to dissolve the district based upon the best interests of residents of the district.

The dissolution of any drainage district shall not affect the obligation of any bonds issued or contracts entered into by the district nor invalidate the levy, extension or collection of any taxes or special assessments upon the property in the former drainage district. All property and obligations of the former drainage district shall be assumed and managed by the county, and the debts of the former drainage district shall be discharged as soon as practicable.

If a drainage district lies only partly within a county that adopts a county stormwater management plan, the county may petition the circuit court to disconnect from the drainage district that portion of the district that lies within that county. The property of the drainage district within the disconnected area shall be assumed and managed by the county. The county shall also assume a portion of the drainage district's debt at the time of disconnection, based on the portion of the value of the taxable property of the drainage district which is located within the area being disconnected.

The operations of any drainage district that continues to exist in a county that has adopted a stormwater management plan in accordance with this Section shall be in accordance with the adopted plan.

(l) Any county that has adopted a county stormwater management plan under this Section may, after 10 days' written notice receiving consent of the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. If consent is denied or cannot be reasonably obtained, the county ordinance shall provide a process or procedure for an administrative warrant to be obtained. The county shall be responsible for any damages occasioned thereby.

drugs constitutes a serious public health problem. The effects of which on public safety and the criminal justice system cause serious social and economic losses, as well as great human suffering. It is imperative that a comprehensive and coordinated strategy be developed under the leadership of a State agency. This strategy should be and implemented through the facilities of federal and local government and community-based agencies (which may be public or private, volunteer or professional). Through local prevention, early intervention, treatment, and other recovery support services, this strategy should empower those struggling with substance use disorders (and, when appropriate, the families of those persons) to lead healthy lives. Through local prevention efforts and to provide intervention, treatment, rehabilitation and other services to those who misuse alcohol or other drugs (and, when appropriate, the families of those persons) to lead healthy and drug-free lives and become productive citizens in the community.

The human, social, and economic benefits of preventing substance use disorders and other drug abuse and dependence are great, and it is imperative that there be interagency cooperation in the planning and delivery of prevention, early intervention, treatment, and other recovery support services in Illinois. The provisions of this Act shall be liberally construed to enable the Department to carry out these objectives and purposes.

(b) If the individual elects to undergo treatment or is required to obtain certified treatment, the court shall order an assessment examination by a designated program to determine whether he or she suffers from a substance use disorder, alcoholism or other drug addiction and is likely to be rehabilitated through treatment. The designated program shall report to the court the results of the assessment and, if treatment is determined medically necessary, indicate the diagnosis and the recommended initial level of care. If the court, on the basis of the report and other information, finds that such an individual suffers from a substance use disorder, alcoholism or other drug addiction and is likely to be rehabilitated through treatment, the individual shall be placed on probation and under the supervision of a designated program for treatment and under the supervision of the proper probation authorities for probation supervision unless, giving consideration to the nature and circumstances of the offense and to the history, character, and condition of the individual, the court is of the opinion that no significant relationship exists between the substance use disorder, addiction or alcoholism of the individual and the crime committed, or that his or her imprisonment or periodic imprisonment is necessary for the protection of the public, and the court specifies on the record the particular evidence, information, or other reasons that form the basis of such opinion. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than
those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) this amendatory Act of the 98th General Assembly and before January 1, 2017, a minor charged with a criminal offense under the
Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public

information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

(m) The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
2. the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

New matter indicated by italics - deletions by strikeout
The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services...
Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and foster families with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad

Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

1. Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

2. Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

3. Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child...
welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

New matter indicated by italics - deletions by strikeout
(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act
and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-

being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting when a youth in care turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on July 22, 2010 (the effective date of Public Act 96-1189) this amendatory Act of the 96th General Assembly, a child with a disability who receives residential and educational services from the Department shall be eligible to receive transition services in accordance with Article 14 of the School Code from the age of 14.5 through age 21, inclusive, notwithstanding the child's residential services arrangement. For purposes of this subsection, "child with a disability" means a child with a disability as defined by the federal Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record information as defined as "background information" in this subsection and criminal history record information as defined in the Illinois Uniform Conviction Information Act for each Department employee or Department applicant. Each Department employee or Department applicant shall submit his or her fingerprints to the Department of State Police in the form and manner prescribed by the Department of State Police. These fingerprints shall be checked against the fingerprint records now and
hereafter filed in the Department of State Police and the Federal Bureau of Investigation criminal history records databases. The Department of State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The Department of State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:

"Background information" means all of the following:

(i) Upon the request of the Department of Children and Family Services, conviction information obtained from the Department of State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Department of State Police's Sex Offender Database, as authorized by Section 120 of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

(4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). (5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has
obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. In a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2019 or one year after January 1, 2017 (the effective date of Public Act 99-881), whichever is later.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has passed a test taken within 30 days before the filing of the petition showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, and the Cannabis Control Act if he or she is petitioning to:

(A) seal felony records under clause (c)(2)(E);
(B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act under clause (c)(2)(F);
(C) seal felony records under subsection (e-5); or
(D) expunge felony records of a qualified probation under clause (b)(1)(iv).

(5) Objections.

(A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.

(B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

(A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial, if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(E) the specific adverse consequences the petitioner may be subject to if the petition is denied.

(8) Service of order. (i) the records shall be expunged (as defined in subsection (a)(1)(E)) by the arresting agency and any other agency as ordered by the court, within 60 days of the date of service of the order, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

(ii) the records of the circuit court clerk shall be impounded until further order of the court upon good cause shown and the name of the petitioner obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order;

(iii) the records shall be impounded by the Department within 60 days of the date of service of the order as ordered by the court, unless a motion to vacate, modify, or reconsider the order is filed pursuant to paragraph (12) of subsection (d) of this Section;

response to an inquiry for such records, from anyone not authorized by law to access such records, the court, the Department, or the agency receiving such inquiry shall reply as it does in response to inquiries when no records ever existed.

(D) The Department shall send written notice to the petitioner of its compliance with each order to expunge or seal records within 60 days of the date of service of that order or, if a motion to vacate, modify, or reconsider is filed, within 60 days of service of the order resolving the motion, if that order requires the Department to expunge or seal records. In the event of an appeal from the circuit court order, the Department shall send written notice to the petitioner of its compliance with an Appellate Court or Supreme Court judgment to expunge or seal records within 60 days of the issuance of the court's mandate. The notice is not required while any motion to vacate, modify, or reconsider, or any appeal or petition for discretionary appellate review, is pending.

(10) Fees. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal records. Notwithstanding any provision of the Clerks of Courts Act to the contrary, the circuit court clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the circuit court clerk. From the total filing fee collected for the petition to seal or expunge, the circuit court clerk shall deposit $10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the circuit court clerk in performing the additional duties required to serve the petition to seal or expunge on all parties. The circuit court clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund.

(11) Final Order. No court order issued under the expungement or sealing provisions of this Section shall become final for purposes of appeal until 30 days after service of the order on the petitioner and all parties entitled to notice of the petition.

(12) Motion to Vacate, Modify, or Reconsider. Under Section 2-1203 of the Code of Civil Procedure, the petitioner or
any party entitled to notice may file a motion to vacate, modify, or reconsider the order granting or denying the petition to expunge or seal within 60 days of service of the order. If filed more than 60 days after service of the order, a petition to vacate, modify, or reconsider shall comply with subsection (c) of Section 2-1401 of the Code of Civil Procedure. Upon filing of a motion to vacate, modify, or reconsider, notice of the motion shall be served upon the petitioner and all parties entitled to notice of the petition.

(13) Effect of Order. An order granting a petition under the expungement or sealing provisions of this Section shall not be considered void because it fails to comply with the provisions of this Section or because of any error asserted in a motion to vacate, modify, or reconsider. The circuit court retains jurisdiction to determine whether the order is voidable and to vacate, modify, or reconsider its terms based on a motion filed under paragraph (12) of this subsection (d).

(14) Compliance with Order Granting Petition to Seal Records. Unless a court has entered a stay of an order granting a petition to seal, all parties entitled to notice of the petition must fully comply with the terms of the order within 60 days of service of the order even if a party is seeking relief from the order through a motion filed under paragraph (12) of this subsection (d) or is appealing the order.

Section 70. The Pharmacy Practice Act is amended by changing Section 19.1 as follows:

(225 ILCS 85/19.1)
(Section scheduled to be repealed on January 1, 2020)
Sec. 19.1. Dispensing opioid antagonists.

(a) Due to the recent rise in opioid-related deaths in Illinois and the existence of an opioid antagonist that can reverse the deadly effects of overdose, the General Assembly finds that in order to avoid further loss where possible, it is responsible to allow greater access of such an antagonist to those populations at risk of overdose.

(b) Notwithstanding any general or special law to the contrary, a licensed pharmacist may dispense an opioid antagonist in accordance with written, standardized procedures or protocols developed by the Department with the Department of Public Health and the Department of Human Services if the procedures or protocols are filed at the pharmacy before implementation and are available to the Department upon request.

(c) Before dispensing an opioid antagonist pursuant to this Section, a pharmacist shall complete a training program approved by the Department of Human Services pursuant to Section 5-23 of the Substance Use Disorder Act. The training program shall include, but not be limited to, proper documentation and quality assurance.

(d) For the purpose of this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting and equally safe drug approved by the U.S. Food and Drug Administration for the treatment of drug overdose.
potential damage to the standards of health and well-being that the grant is
intended to assure, the County Department shall provide the parent or
other relative with the counseling and guidance services with respect to the
use of the grant and the management of other funds available to the family
as may be required to assure use of the grant in the best interests of the
child and family. The Illinois Department shall by rule prescribe criteria
which shall constitute evidence of grant mismanagement. The criteria shall
include but not be limited to the following:

(1) A determination that a child in the assistance unit is not
receiving proper and necessary support or other care for which
assistance is being provided under this Code.

(2) A record establishing that the parent or relative has been
found guilty of public assistance fraud under Article VIII A.

(3) A determination by an appropriate person, entity, or
agency that the parent or other relative requires treatment for
substance use disorders, alcohol or substance abuse, mental health
services, or other special care or treatment.

The Department shall at least consider non-payment of rent for two
consecutive months as evidence of grant mismanagement by a parent or
relative of a recipient who is responsible for making rental payments for
the housing or shelter of the child or family, unless the Department
determines that the non-payment is necessary for the protection of the
health and well-being of the recipient. The County Department shall
advise the parent or other relative grantee that continued mismanagement
will result in the application of one of the sanctions specified in this
Section.

The Illinois Department shall consider irregular school attendance
by children of school age grades 1 through 8, as evidence of lack of proper
and necessary support or care. The Department may extend this
consideration to children in grades higher than 8.

The Illinois Department shall develop preventive programs in
collaboration with school and social service networks to encourage school
attendance of children receiving assistance under Article IV. To the extent
that Illinois Department and community resources are available, the
programs shall serve families whose children in grades 1 through 8 are not
attending school regularly, as defined by the school. The Department may
extend these programs to families whose children are in grades higher than
8. The programs shall include referrals from the school to a social service
network, assessment and development of a service plan by one or more

network representatives, and the Illinois Department's encouragement of the family to follow through with the service plan. Families that fail to follow the service plan as determined by the service provider, shall be subject to the protective payment provisions of this Section and Section 4-9 of this Code.

Families for whom a protective payment plan has been in effect for at least 3 months and whose school children continue to regularly miss school shall be subject to sanction under Section 4-21. The sanction shall continue until the children demonstrate satisfactory attendance, as defined by the school. To the extent necessary to implement this Section, the Illinois Department shall seek appropriate waivers of federal requirements from the U.S. Department of Health and Human Services.

(b) In areas of the State where clinically appropriate substance use disorder substance abuse treatment capacity is available, if the local office has reason to believe that a caretaker relative is experiencing a substance use disorder substance abuse, the local office shall refer the caretaker relative to a licensed treatment provider for assessment. If the assessment indicates that the caretaker relative is experiencing a substance use disorder substance abuse, the local office shall require the caretaker relative to comply with all treatment recommended by the assessment. If the caretaker relative refuses without good cause, as determined by rules of the Illinois Department, to submit to the assessment or treatment, the caretaker relative shall be ineligible for assistance, and the local office shall take one or more of the following actions:

(i) If there is another family member or friend who is ensuring that the family's needs are being met, that person, if willing, shall be assigned as protective payee.

(ii) If there is no family member or close friend to serve as protective payee, the local office shall provide for a protective payment to a substitute payee as provided in Section 4-9. The Department also shall determine whether a referral to the Department of Children and Family Services is warranted and, if appropriate, shall make the referral.

(iii) The Department shall contact the individual who is thought to be experiencing a substance use disorder substance abuse and explain why the protective payee has been assigned and refer the individual to treatment.

(c) This subsection (c) applies to cases other than those described in subsection (b). If the efforts to correct the mismanagement of the grant
have failed, the County Department, in accordance with the rules and regulations of the Illinois Department, shall initiate one or more of the following actions:

1. Provide for a protective payment to a substitute payee, as provided in Section 4-9. This action may be initiated for any assistance unit containing a child determined to be neglected by the Department of Children and Family Services under the Abused and Neglected Child Reporting Act, and in any case involving a record of public assistance fraud.

2. Provide for issuance of all or part of the grant in the form of disbursing orders. This action may be initiated in any case involving a record of public assistance fraud, or upon the request of a substitute payee designated under Section 4-9.

3. File a petition under the Juvenile Court Act of 1987 for an Order of Protection under Section 2-25, 2-26, 3-26, 3-27, 4-23, 4-24, 5-730, or 5-735 of that Act.

4. Institute a proceeding under the Juvenile Court Act of 1987 for the appointment of a guardian or legal representative for the purpose of receiving and managing the public aid grant.

5. If the mismanagement of the grant, together with other factors, has rendered the home unsuitable for the best welfare of the child, file a neglect petition under the Juvenile Court Act of 1987, requesting the removal of the child or children.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(B) An annual mammogram for women 40 years of age or older.

The term also includes digital mammography and includes breast tomosynthesis. As used in this Section,
the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast. If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The
Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

3. Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.
The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities...
licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.
Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local
government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with
federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of

Nothing in this Section shall prevent the use of General Assistance funds to pay any portion of the costs of care and maintenance in a residential substance use disorder drug abuse treatment program licensed by the Department of Human Services, or in a County Nursing Home, or in a private nursing home, retirement home or other facility for the care of the elderly, of a person otherwise eligible to receive General Assistance except for the provisions of this paragraph.

A person otherwise eligible for aid under the federally funded programs to aid refugees or Articles III, IV or V who fails or refuses to comply with provisions of this Code or other laws, or rules and regulations of the Illinois Department, which would qualify him for aid under those programs or Articles, shall not receive General Assistance under this Article nor shall any of his dependents whose eligibility is contingent upon such compliance receive General Assistance.

Persons and families who are ineligible for aid under Article IV due to having received benefits under Article IV for any maximum time limits set under the Illinois Temporary Assistance for Needy Families (TANF) Plan shall not be eligible for General Assistance under this Article unless the Illinois Department or the local governmental unit, by rule, specifies that those persons or families may be eligible.

Other parts of this Code or other laws related to General Assistance shall remain in effect to the extent they do not conflict with the provisions of this Section. (B) (Blank).

(C) The unit of local government may specify other categories of individuals as chronically needy; nothing in this Section, however, shall be deemed to require the inclusion of any specific category other than as specified in paragraph (A).

(3) For individuals in Transitional Assistance, medical assistance may be provided by the unit of local government in an amount and nature determined by the unit of local government. Nothing in this paragraph (3) shall be construed to require the coverage of any particular medical service. (d) As part of the personal plan for achieving employment and self-sufficiency, the Department shall conduct an individualized assessment of the participant's employability. No participant may be assigned to any component of the education, training and employment activity prior to such assessment. The plan shall include collection of information on the individual's background, proficiencies, skills deficiencies, education level, work history, employment goals, interests, aptitudes, and employment preferences, as well as factors affecting employability or ability to meet participation requirements (e.g., health, physical or mental limitations, child care, family circumstances, domestic violence, sexual violence, substance use disorders, and special needs of any child of the individual). As part of the plan, individuals and Department staff shall work together to identify any supportive service needs required to enable the client to participate and meet the objectives of his or her employability plan. The assessment may be conducted through various methods such as interviews, testing, counseling, and self-assessment instruments. In the assessment process, the Department shall offer to include standard literacy testing and a determination of English language proficiency and shall provide it for those who accept the offer. Based on the assessment, the individual will be assigned to the appropriate activity. The decision will be based on a determination of the individual's level of preparation for employment as defined by rule.

(e) Recipients determined to be exempt may volunteer to participate pursuant to Section 9A-4 and must be assessed.

(f) As part of the personal plan for achieving employment and self-sufficiency under Section 4-1, an employability plan for recipients shall be developed in consultation with the participant. The Department shall have final responsibility for approving the employability plan. The employability plan shall:

1. contain an employment goal of the participant;
2. describe the services to be provided by the Department, including child care and other support services;
3. describe the activities, such as component assignment, that will be undertaken by the participant to achieve the employment goal. The Department shall treat participation in high school and high school equivalency programs as a core activity and count participation in high school and high school equivalency programs toward the first 20 hours per week of participation. The Department shall approve participation in high school or high

school equivalency programs upon written or oral request of the participant if he or she has not already earned a high school diploma or a high school equivalency certificate. However, participation in high school or high school equivalency programs may be delayed as part of an applicant's or recipient's personal plan for achieving employment and self-sufficiency if it is determined that the benefit from participating in another activity, such as, but not limited to, treatment for a substance use disorder substance abuse or an English proficiency program, would be greater to the applicant or recipient than participation in high school or a high school equivalency program. The availability of high school and high school equivalency programs may also delay enrollment in those programs. The Department shall treat such activities as a core activity as long as satisfactory progress is made, as determined by the high school or high school equivalency program. Proof of satisfactory progress shall be provided by the participant or the school at the end of each academic term; and

(4) describe any other needs of the family that might be met by the Department.

(g) The employability plan shall take into account:

(1) available program resources;
(2) the participant's support service needs;
(3) the participant's skills level and aptitudes;
(4) local employment opportunities; and
(5) the preferences of the participant.

(h) A reassessment shall be conducted to assess a participant's progress and to review the employability plan on the following occasions:

(1) upon completion of an activity and before assignment to an activity;
(2) upon the request of the participant;
(3) if the individual is not cooperating with the requirements of the program; and
(4) if the individual has failed to make satisfactory progress in an education or training program.

Based on the reassessment, the Department may revise the employability plan of the participant.

Sec. 8.2. If the Child Protective Service Unit determines, following an investigation made pursuant to Section 7.4 of this Act, that there is credible evidence that the child is abused or neglected, the Department shall assess the family's need for services, and, as necessary, develop, with the family, an appropriate service plan for the family's voluntary acceptance or refusal. In any case where there is evidence that the perpetrator of the abuse or neglect has a substance use disorder as defined in the Substance Use Disorder Act, is an addict or alcoholic as defined in the Alcoholism and Other Drug Abuse and Dependency Act, the Department, when making referrals for drug or alcohol abuse services, shall make such referrals to facilities licensed by the Department of Human Services or the Department of Public Health. appropriate, to prevent the placement of children in substitute care when
the children can be cared for at home or in the custody of the person

prevocational or vocational needs. The term "emergency assistance and
advocacy" includes coordinated services to secure emergency cash, food,

Before July 1, 2000, appropriate family preservation services shall,
subject to appropriation, be included in the service plan if the Department
has determined that those services will ensure the child's health and safety,
are in the child's best interests, and will not place the child in imminent
risk of harm. Beginning July 1, 2000, appropriate family preservation
services shall be uniformly available throughout the State. The Department
shall promptly notify children and families of the Department's
responsibility to offer and provide family preservation services as
identified in the service plan. Such plans may include but are not limited
to: case management services; homemakers; counseling; parent education;
day care; emergency assistance and advocacy assessments; respite care; in-
home health care; transportation to obtain any of the above services; and
medical assistance. Nothing in this paragraph shall be construed to create a
private right of action or claim on the part of any individual or child
welfare agency, except that when a child is the subject of an action under
Article II of the Juvenile Court Act of 1987 and the child's service plan
calls for services to facilitate achievement of the permanency goal, the
court hearing the action under Article II of the Juvenile Court Act of 1987
may order the Department to provide the services set out in the plan, if
those services are not provided with reasonable promptness and if those

policies related to community services.

The Department shall assume the following roles and

These additional standards for monitoring and licensing accredited programs, services, and facilities and the associated monitoring must not duplicate the standards and processes already covered by the accrediting bodies.

(d-15) The Department shall be given proof of compliance with fire and health safety standards, which must be submitted as required by rule.

(d-20) The Department, by accepting the survey or inspection of an accrediting organization, does not forfeit its rights to perform inspections at any time, including contract monitoring to ensure that services are provided in accordance with the contract. (d-25) On and after the effective date of this amendatory Act of the 92nd General Assembly, the accreditation requirements of this Section apply to contracted organizations that are already accredited.

(e) Program Evaluation. (b) upon a finding of delinquency and after considering the circumstances of the offense and the history, character, and condition of the minor, if the court is of the opinion that:
   (i) the minor is not likely to commit further crimes;
   (ii) the minor and the public would be best served if the minor were not to receive a criminal record; and
   (iii) in the best interests of justice an order of continuance under supervision is more appropriate than a sentence otherwise permitted under this Act.

(2) (Blank).

(3) Nothing in this Section limits the power of the court to order a continuance of the hearing for the production of additional evidence or for any other proper reason.

(4) When a hearing where a minor is alleged to be a delinquent is continued pursuant to this Section, the period of continuance under supervision may not exceed 24 months. The court may terminate a continuance under supervision at any time if warranted by the conduct of the minor and the ends of justice or vacate the finding of delinquency or both.

(5) When a hearing where a minor is alleged to be delinquent is continued pursuant to this Section, the court may, as conditions of the continuance under supervision, require the minor to do any of the following:

(l) attend a non-residential program for youth;
(m) contribute to his or her own support at home or in a foster home;
(n) perform some reasonable public or community service;
(o) make restitution to the victim, in the same manner and under the same conditions as provided in subsection (4) of Section 5-710, except that the "sentencing hearing" referred to in that Section shall be the adjudicatory hearing for purposes of this Section;
(p) comply with curfew requirements as designated by the court;

Controlled Substances Act, or the Methamphetamine Control and Community Protection Act, unless prescribed by a physician, and submit samples of his or her blood or urine or both for tests to determine the presence of any illicit drug; or

(t) comply with any other conditions as may be ordered by the court.

(6) A minor whose case is continued under supervision under subsection (5) shall be given a certificate setting forth the conditions imposed by the court. Those conditions may be reduced, enlarged, or modified by the court on motion of the probation officer or on its own motion, or that of the State's Attorney, or, at the request of the minor after notice and hearing.

(7) If a petition is filed charging a violation of a condition of the continuance under supervision, the court shall conduct a hearing. If the court finds that a condition of supervision has not been fulfilled, the court may proceed to findings, adjudication, and disposition or adjudication and disposition. The filing of a petition for violation of a condition of the continuance under supervision shall toll the period of continuance under supervision until the final determination of the charge, and the term of the continuance under supervision shall not run until the hearing and disposition of the petition for violation; provided where the petition alleges conduct that does not constitute a criminal offense, the hearing must be held within 30 days of the filing of the petition unless a delay shall continue the tolling of the period of continuance under supervision for the period of the delay.

(8) When a hearing in which a minor is alleged to be a delinquent for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 is continued under this Section, the court shall, as a condition of the continuance under supervision, require the minor to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the alleged violation or similar damage to property located in the municipality or county in which the alleged violation occurred. The condition may be in addition to any other condition.

(8.5) When a hearing in which a minor is alleged to be a delinquent for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of
Section 21-1 of the Criminal Code of 1961 or paragraph (4) of subsection (a) of Section 21-1 or the Criminal Code of 2012 is continued under this Section, the court shall, as a condition of the continuance under supervision, require the minor to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The condition may be in addition to any other condition.

(9) When a hearing in which a minor is alleged to be a delinquent is continued under this Section, the court, before continuing the case, shall make a finding whether the offense alleged to have been committed either: (i) was related to or in furtherance of the activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (ii) is a violation of paragraph (13) of subsection (a) of Section 12-2 or paragraph (2) of subsection (c) of Section 12-2 of the Criminal Code of 1961 or the Criminal Code of 2012, a violation of any Section of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, or a violation of any statute that involved the unlawful use of a firearm. If the court determines the question in the affirmative the court shall, as a condition of the continuance under supervision and as part of or in addition to any other condition of the supervision, require the minor to perform community service for not less than 30 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by an alleged violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 and similar damage to property located in the municipality or county in which the alleged violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(10) The court shall impose upon a minor placed on supervision, as a condition of the supervision, a fee of $50 for each month of supervision ordered by the court, unless after determining the inability of the minor placed on supervision to pay the fee, the court assesses a lesser amount. The court may not impose the fee on a minor who is placed in the guardianship or custody of the Department of Children and Family Services under this Act while the minor is in placement. The fee shall be imposed only upon a minor who is actively supervised by the probation
and court services department. A court may order the parent, guardian, or legal custodian of the minor to pay some or all of the fee on the minor's behalf.

(11) If a minor is placed on supervision for a violation of subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may, in its discretion, and upon recommendation by the State's Attorney, order that minor and his or her parents or legal guardian to attend a smoker's education or youth diversion program as defined in that Act if that program is available in the jurisdiction where the offender resides. Attendance at a smoker's education or youth diversion program shall be time-credited against any community service time imposed for any first violation of subsection (a-7) of Section 1 of that Act. In addition to any other penalty that the court may impose for a violation of subsection (a-7) of Section 1 of that Act, the court, upon request by the State's Attorney, may in its discretion require the offender to remit a fee for his or her attendance at a smoker's education or youth diversion program.

For purposes of this Section, "smoker's education program" or "youth diversion program" includes, but is not limited to, a seminar designed to educate a person on the physical and psychological effects of smoking tobacco products and the health consequences of smoking tobacco products that can be conducted with a locality's youth diversion program.

In addition to any other penalty that the court may impose under this subsection (11):

(a) If a minor violates subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may impose a sentence of 15 hours of community service or a fine of $25 for a first violation.

(b) A second violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a fine of $50 and 25 hours of community service.

(c) A third or subsequent violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a $100 fine and 30 hours of community service.

(d) Any second or subsequent violation not within the 12-month time period after the first violation is punishable as provided for a first violation.

Sec. 5-710. Kinds of sentencing orders.
(1) The following kinds of sentencing orders may be made in respect of wards of the court:

(a) Except as provided in Sections 5-805, 5-810, and 5-815, a minor who is found guilty under Section 5-620 may be:

(i) put on probation or conditional discharge and released to his or her parents, guardian or legal custodian, provided, however, that any such minor who is not committed to the Department of Juvenile Justice under this subsection and who is found to be a delinquent for an offense which is first degree murder, a Class X felony, or a forcible felony shall be placed on probation;

(ii) placed in accordance with Section 5-740, with or without also being put on probation or conditional discharge;

(iii) required to undergo a substance abuse assessment conducted by a licensed provider and participate in the indicated clinical level of care;

(iv) on and after the effective date of this amendatory Act of the 98th General Assembly and before January 1, 2017, placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 16 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. On and after January 1, 2017, placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 15 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of
disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 15 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts. The limitation that the minor shall only be placed in a juvenile detention home does not apply as follows:

Persons 18 years of age and older who have a petition of delinquency filed against them may be confined in an adult detention facility. In making a determination whether to confine a person 18 years of age or older who has a petition of delinquency filed against the person, these factors, among other matters, shall be considered:

(A) the age of the person;
(B) any previous delinquent or criminal history of the person;
(C) any previous abuse or neglect history of the person;
(D) any mental health history of the person; and
(E) any educational history of the person;
(vi) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act;

New matter indicated by italics - deletions by strikeout
(vii) subject to having his or her driver's license or driving privileges suspended for such time as determined by the court but only until he or she attains 18 years of age;

(viii) put on probation or conditional discharge and placed in detention under Section 3-6039 of the Counties Code for a period not to exceed the period of incarceration permitted by law for adults found guilty of the same offense or offenses for which the minor was adjudicated delinquent, and in any event no longer than upon attainment of age 21; this subdivision (viii) notwithstanding any contrary provision of the law;

(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body; or

(x) placed in electronic monitoring or home detention under Part 7A of this Article.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is at least 13 years and under 20 years of age, provided that the commitment to the Department of Juvenile Justice shall be made only if the minor was found guilty of a felony offense or first degree murder. The court shall include in the sentencing order any pre-custody credits the minor is entitled to under Section 5-4.5-100 of the Unified Code of Corrections. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall also be considered as time spent in custody.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance use disorder treatment program substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.
(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing" referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code. Notwithstanding any other provision of this Act, in instances in which educational services are to be provided to a minor in a residential facility where the minor has been placed by the court, costs incurred in the provision of those educational services must be allocated based on the requirements of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act. The court shall include in the sentencing order a limitation on the period of confinement not to exceed the maximum period of imprisonment the court could impose under Article V of the Unified Code of Corrections.

(7.5) In no event shall a guilty minor be committed to the Department of Juvenile Justice or placed in detention when the act for

which the minor was adjudicated delinquent would not be illegal if committed by an adult.

(7.6) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense which is a Class 4 felony under Section 19-4 (criminal trespass to a residence), 21-1 (criminal damage to property), 21-1.01 (criminal damage to government supported property), 21-1.3 (criminal defacement of property), 26-1 (disorderly conduct), or 31-4 (obstructing justice) of the Criminal Code of 2012.

(7.75) In no event shall a guilty minor be committed to the Department of Juvenile Justice for an offense that is a Class 3 or Class 4 felony violation of the Illinois Controlled Substances Act unless the commitment occurs upon a third or subsequent judicial finding of a violation of probation for substantial noncompliance with court-ordered treatment or programming.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 or paragraph (4) of subsection (a) of Section 21-1 of the Criminal Code of 2012 shall be ordered to undergo medical or psychiatric treatment rendered by a psychiatrist or psychological treatment rendered by a clinical psychologist. The order may be in addition to any other order authorized by this Section.

(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse, or criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency
syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961 or the Criminal Code of 2012, a violation of any Section of Article 24 of the Criminal Code of 1961 or the Criminal Code of 2012, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 or the Criminal Code of 2012 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable,
the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(11) If the court determines that the offense was committed in furtherance of the criminal activities of an organized gang, as provided in subsection (10), and that the offense involved the operation or use of a motor vehicle or the use of a driver's license or permit, the court shall notify the Secretary of State of that determination and of the period for which the minor shall be denied driving privileges. If, at the time of the determination, the minor does not hold a driver's license or permit, the court shall provide that the minor shall not be issued a driver's license or permit until his or her 18th birthday. If the minor holds a driver's license or permit at the time of the determination, the court shall provide that the minor's driver's license or permit shall be revoked until his or her 21st birthday, or until a later date or occurrence determined by the court. If the minor holds a driver's license at the time of the determination, the court may direct the Secretary of State to issue the minor a judicial driving permit, also known as a JDP. The JDP shall be subject to the same terms as a JDP issued under Section 6-206.1 of the Illinois Vehicle Code, except that the court may direct that the JDP be effective immediately.

(12) If a minor is found to be guilty of a violation of subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may, in its discretion, and upon recommendation by the State's Attorney, order that minor and his or her parents or legal guardian to attend a smoker's education or youth diversion program as defined in that Act if that program is available in the jurisdiction where the offender resides. Attendance at a smoker's education or youth diversion program shall be time-credited against any community service time imposed for any first violation of subsection (a-7) of Section 1 of that Act. In addition to any other penalty that the court may impose for a violation of subsection (a-7) of Section 1 of that Act, the court, upon request by the State's Attorney, may in its discretion require the offender to remit a fee for his or her attendance at a smoker's education or youth diversion program.

smoking tobacco products and the health consequences of smoking tobacco products that can be conducted with a locality's youth diversion program.

In addition to any other penalty that the court may impose under this subsection (12):

(a) If a minor violates subsection (a-7) of Section 1 of the Prevention of Tobacco Use by Minors Act, the court may impose a sentence of 15 hours of community service or a fine of $25 for a first violation.

(b) A second violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a fine of $50 and 25 hours of community service.

(c) A third or subsequent violation by a minor of subsection (a-7) of Section 1 of that Act that occurs within 12 months after the first violation is punishable by a $100 fine and 30 hours of community service.

(d) Any second or subsequent violation not within the 12-month time period after the first violation is punishable as provided for a first violation.

In lieu of a cost bond, a person claiming interest in the seized property may file, under penalty of perjury, an indigency affidavit which has been approved by a circuit court judge.

(C) If none of the seized property is forfeited in the judicial in rem proceeding, the clerk of the court shall return to the claimant, unless the court orders otherwise, 90% of the sum which has been deposited and shall retain as costs 10% of the money deposited. (2) During the probable cause portion of the judicial in rem proceeding wherein the State presents its case-in-chief, the court must receive and consider, among other things, all relevant hearsay evidence and information. claimant has the burden of showing by a preponderance of the

forfeiture.

(8) If the State does not show existence of probable cause,
the court shall order the interest in the property returned or
conveyed to the claimant and shall order all other property forfeited
to the State. If the State does show existence of probable cause, the
court shall order all property forfeited to the State.

(vii) that the claimant is not the true owner of the property that is subject to forfeiture.

(8) If the State does not meet its burden to show that the property is subject to forfeiture, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does meet its burden to show that the property is subject to forfeiture, the court shall order all property forfeited to the State.

(9) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(10) On a motion by the parties, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a money laundering violation. Such a stay shall not be available pending an appeal. Property subject to forfeiture under this Article shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if: (1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or (2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding relating to the factual allegations of the forfeiture action.

(11) All property declared forfeited under this Article vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Article, title to any such property or proceeds subsequently transferred to any person remain subject to forfeiture and thereafter shall be ordered forfeited unless the person to whom the property was transferred makes an
appropriate claim and has his or her claim adjudicated at the judicial in rem hearing.

(12) A civil action under this Article must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(m) Stay of time periods. If property is seized for evidence and for forfeiture, the time periods for instituting judicial and non-judicial forfeiture proceedings shall not begin until the property is no longer necessary for evidence.

(n) Settlement of claims. Notwithstanding other provisions of this Article, the State's Attorney and a claimant of seized property may enter into an agreed-upon settlement concerning the seized property in such an amount and upon such terms as are set out in writing in a settlement agreement. All proceeds from a settlement agreement shall be tendered to the Department of State Police and distributed under paragraph (6) of subsection (h) of this Section.

(o) Property constituting attorney fees. Nothing in this Article applies to property which constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the forfeiture proceeding or criminal proceeding relating directly thereto where such property was paid before its seizure, before the issuance of any seizure warrant or court order prohibiting transfer of the property and where the attorney, at the time he or she received the property did not know that it was property subject to forfeiture under this Article.

(p) Construction. It is the intent of the General Assembly that the forfeiture provisions of this Article be liberally construed so as to effect their remedial purpose. The forfeiture of property and other remedies hereunder shall be considered to be in addition to, and not exclusive of, any sentence or other remedy provided by law.

(q) Judicial review. If property has been declared forfeited under subsection (k) of this Section, any person who has an interest in the property declared forfeited may, within 30 days after the effective date of the notice of the declaration of forfeiture, file a claim as described in paragraph (3) of subsection (k) of this Section. If a claim is filed under this

Section, then the procedures described in subsection (l) of this Section apply.

(r) (Blank).

(s) Review of administrative decisions. All administrative findings, rulings, final determinations, findings, and conclusions of the State's Attorney's Office under this Article are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision pursuant to the provisions of the Administrative Review Law and the rules adopted pursuant to that Law. Pending final decision on such review, the administrative acts, orders, and rulings of the State's Attorney's Office remain in full force and effect unless modified or suspended by order of court pending final judicial decision. Pending final decision on such review, the acts, orders, and rulings of the State's Attorney's Office remain in full force and effect, unless stayed by order of court. However, no stay of any decision of the administrative agency shall issue unless the person aggrieved by the decision establishes by a preponderance of the evidence that good cause exists for the stay. In determining good cause, the court shall find that the aggrieved party has established a substantial likelihood of prevailing on the merits and that granting the stay will not have an injurious effect on the general public.

(t) Actual physical seizure of real property subject to forfeiture under this Act requires the issuance of a seizure warrant. Nothing in this Section prohibits the constructive seizure of real property through the filing of a complaint for forfeiture in circuit court and the recording of a lis pendens against the real property which is subject to forfeiture without any hearing, warrant application, or judicial approval.

(u) Property which is forfeited shall be subject to an 8th amendment to the United States Constitution disproportionate penalties analysis and the property forfeiture may be denied in whole or in part if the court finds that the forfeiture would constitute an excessive fine in violation of the 8th amendment as interpreted by case law.

(v) If property is ordered forfeited under this Section from a claimant who held title to the property in joint tenancy or tenancy in common with another claimant, the court shall determine the amount of each owner's interest in the property according to principles of property law.

(w) A claimant or a party interested in personal property contained within a seized conveyance may file a request with the State's Attorney in a non-judicial forfeiture action, or a motion with the court in a judicial

forfeiture action for the return of any personal property contained within a conveyance which is seized under this Article. The return of personal property shall not be unreasonably withheld if the personal property is not mechanically or electrically coupled to the conveyance, needed for evidentiary purposes, or otherwise contraband. Any law enforcement agency that returns property under a court order under this Section shall not be liable to any person who claims ownership to the property if it is returned to an improper party.

(x) Innocent owner hearing.

(1) After a complaint for forfeiture has been filed and all claimants have appeared and answered, a claimant may file a motion with the court for an innocent owner hearing prior to trial. This motion shall be made and supported by sworn affidavit and shall assert the following along with specific facts which support each assertion:

(i) that the claimant filing the motion is the true owner of the conveyance as interpreted by case law;

(ii) that the claimant was not legally accountable for the conduct giving rise to the forfeiture or acquiesced in the conduct;

(iii) that the claimant did not solicit, conspire, or attempt to commit the conduct giving rise to the forfeiture;

(iv) that the claimant did not know or did not have reason to know that the conduct giving rise to the forfeiture was likely to occur; and

(v) that the claimant did not hold the property for the benefit of, or as nominee for any person whose conduct gave rise to its forfeiture or if the owner or interest holder acquired the interest through any person, the owner or interest holder did not acquire it as a bona fide purchaser for value or acquired the interest without knowledge of the seizure of the property for forfeiture.

(2) The claimant shall include specific facts which support these assertions in their motion.

(3) Upon this filing, a hearing may only be conducted after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Discovery shall be limited to

the People's requests in these areas but may proceed by any means
allowed in the Code of Civil Procedure.

(i) After discovery is complete and the court has
allowed for sufficient time to review and investigate the
discovery responses, the court shall conduct a hearing. At
the hearing, the fact that the conveyance is subject to
forfeiture shall not be at issue. The court shall only hear
evidence relating to the issue of innocent ownership.

(ii) At the hearing on the motion, it shall be the
burden of the claimant to prove each of the assertions listed
in paragraph (1) of this subsection (x) by a preponderance
of the evidence.

(iii) If a claimant meets his burden of proof, the
court shall grant the motion and order the property returned
to the claimant. If the claimant fails to meet his or her
burden of proof then the court shall deny the motion.

(y) No property shall be forfeited under this Section from a person
who, without actual or constructive notice that the property was the subject
of forfeiture proceedings, obtained possession of the property as a bona
fide purchaser for value. A person who purports to affect transfer of
property after receiving actual or constructive notice that the property is
subject to seizure or forfeiture is guilty of contempt of court, and shall be
liable to the State for a penalty in the amount of the fair market value of
the property.

(z) Forfeiture proceedings under this Section shall be subject to the
Code of Civil Procedure and the rules of evidence relating to civil actions.

(aa) Return of property, damages, and costs.

(1) The law enforcement agency that holds custody of
property seized for forfeiture shall deliver property ordered by the
court to be returned or conveyed to the claimant within a
reasonable time not to exceed 7 days, unless the order is stayed by
the trial court or a reviewing court pending an appeal, motion to
reconsider, or other reason.

(2) The law enforcement agency that holds custody of
property is responsible for any damages, storage fees, and related
costs applicable to property returned. The claimant shall not be
subject to any charges by the State for storage of the property or
expenses incurred in the preservation of the property. Charges for
the towing of a conveyance shall be borne by the claimant unless

the conveyance was towed for the sole reason of seizure for forfeiture. This Section does not prohibit the imposition of any fees or costs by a home rule unit of local government related to the impoundment of a conveyance under an ordinance enacted by the unit of government.

(3) A law enforcement agency shall not retain forfeited property for its own use or transfer the property to any person or entity, except as provided under this Section. A law enforcement agency may apply in writing to the Director of State Police to request that a forfeited property be awarded to the agency for a specifically articulated official law enforcement use in an investigation. The Director of State Police shall provide a written justification in each instance detailing the reasons why the forfeited property was placed into official use and the justification shall be retained for a period of not less than 3 years.

publicly funded university or college shall be exempt from the regulation requirements of this Section; however, such exemption shall not operate to bar the University of Illinois from requesting, nor the Department of Financial and Professional Regulation from issuing, a registration to the University of Illinois Veterinary Teaching Hospital under this Act. Neither a request for such registration nor the issuance of such registration to the University of Illinois shall operate to otherwise waive or modify the exemption provided in this subsection (a).

(b) Persons registered by the Department of Financial and Professional Regulation under this Act to manufacture, distribute, or dispense controlled substances, engage in chemical analysis, research, or instructional activities which utilize controlled substances, purchase, store, or administer euthanasia drugs, or provide canine odor detection services, may possess, manufacture, distribute, engage in chemical analysis, research, or instructional activities which utilize controlled substances, dispense those substances, or purchase, store, or administer euthanasia drugs, or provide canine odor detection services to the extent authorized by their registration and in conformity with the other provisions of this Article.

(d) A separate registration is required at each place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances, or purchases, stores, or administers euthanasia drugs. 3. $1,000 for a Class 2 felony;
4. $500 for a Class 3 or Class 4 felony;
5. $300 for a Class A misdemeanor;
6. $200 for a Class B or Class C misdemeanor.

(b) The assessment under this Section is in addition to and not in lieu of any fines, restitution costs, forfeitures or other assessments authorized or required by law.

(c) As a condition of the assessment, the court may require that payment be made in specified installments or within a specified period of time. If the assessment is not paid within the period of probation, conditional discharge or supervision to which the defendant was originally sentenced, the court may extend the period of probation, conditional discharge or supervision pursuant to Section 5-6-2 or 5-6-3.1 of the Unified Code of Corrections, as applicable, until the assessment is paid or until successful completion of public or community service set forth in subsection (e) or the successful completion of the substance abuse intervention or treatment program set forth in subsection (f). If a term of probation, conditional discharge or supervision is not imposed, the assessment shall be payable upon judgment or as directed by the court.

(d) If an assessment for a violation of this Act is imposed on an organization, it is the duty of each individual authorized to make disbursements of the assets of the organization to pay the assessment from assets of the organization.

(e) A defendant who has been ordered to pay an assessment may petition the court to convert all or part of the assessment into court-approved public or community service. One hour of public or community service shall be equivalent to $4 of assessment. The performance of this public or community service shall be a condition of the probation, conditional discharge or supervision and shall be in addition to the performance of any other period of public or community service ordered by the court or required by law.

(f) The court may suspend the collection of the assessment imposed under this Section; provided the defendant agrees to enter a substance abuse intervention or treatment program approved by the court; and further provided that the defendant agrees to pay for all or some

portion of the costs associated with the intervention or treatment program. In this case, the collection of the assessment imposed under this Section shall be suspended during the defendant's participation in the approved intervention or treatment program. Upon successful completion of the program, the defendant may apply to the court to reduce the assessment imposed under this Section by any amount actually paid by the defendant for his or her participation in the program. The court shall not reduce the penalty under this subsection unless the defendant establishes to the satisfaction of the court that he or she has successfully completed the intervention or treatment program. If the defendant's participation is for any reason terminated before his or her successful completion of the intervention or treatment program, collection of the entire assessment imposed under this Section shall be enforced. Nothing in this Section shall be deemed to affect or suspend any other fines, restitution costs, forfeitures or assessments imposed under this or any other Act.

(g) The court shall not impose more than one assessment per complaint, indictment or information. If the person is convicted of more than one offense in a complaint, indictment or information, the assessment shall be based on the highest class offense for which the person is convicted.

(h) In counties under 3,000,000, all moneys collected under this Section shall be forwarded by the clerk of the circuit court to the State Treasurer for deposit in the Drug Treatment Fund, which is hereby established as a special fund within the State Treasury. The Department of Human Services may make grants to persons licensed under Section 15-10 of the Substance Use Disorder Act of Alcoholism and Other Drug Abuse and Dependency Act or to municipalities or counties from funds appropriated to the Department from the Drug Treatment Fund for the treatment of pregnant women who are addicted to alcohol, cannabis or controlled substances and for the needed care of minor, unemancipated children of women undergoing residential drug treatment. If the Department of Human Services grants funds to a municipality or a county that the Department determines is not experiencing a problem with pregnant women addicted to alcohol, cannabis or controlled substances, or with care for minor, unemancipated children of women undergoing residential drug treatment, or intervention, the funds shall be used for the treatment of any person addicted to alcohol, cannabis or controlled substances. The Department may adopt such rules as it deems appropriate for the administration of such grants.

receiving institution or facility, or to designate any reasonably secure place in the State as such an institution or facility and to make transfers thereto. However, transfers made under emergency powers shall be reviewed as soon as practicable under Article 8, and shall be subject to Section 5-905 of the Juvenile Court Act of 1987. This Section shall not apply to transfers to the Department of Human Services which are provided for under Section 3-8-5 or Section 3-10-5.

(d) The Department shall provide educational programs for all committed persons so that all persons have an opportunity to attain the achievement level equivalent to the completion of the twelfth grade in the public school system in this State. Other higher levels of attainment shall be encouraged and professional instruction shall be maintained wherever possible. The Department may establish programs of mandatory education and may establish rules and regulations for the administration of such programs. A person committed to the Department who, during the period of his or her incarceration, participates in an educational program provided by or through the Department and through that program is awarded or earns the number of hours of credit required for the award of an associate, baccalaureate, or higher degree from a community college, college, or university located in Illinois shall reimburse the State, through the Department, for the costs incurred by the State in providing that person during his or her incarceration with the education that qualifies him or her for the award of that degree. The costs for which reimbursement is required under this subsection shall be determined and computed by the Department under rules and regulations that it shall establish for that purpose. However, interest at the rate of 6% per annum shall be charged on the balance of those costs from time to time remaining unpaid, from the date of the person's parole, mandatory supervised release, or release constituting a final termination of his or her commitment to the Department until paid.

(e) A person committed to the Department who becomes in need of medical or surgical treatment but is incapable of giving consent thereto shall receive such medical or surgical treatment by the chief administrative officer consenting on the person's behalf. Before the chief administrative officer consents, he or she shall obtain the advice of one or more physicians licensed to practice medicine in all its branches in this State. If such physician or physicians advise:

(1) that immediate medical or surgical treatment is required relative to a condition threatening to cause death, damage or impairment to bodily functions, or disfigurement; and

(2) that the person is not capable of giving consent to such treatment; the chief administrative officer may give consent for such medical or surgical treatment, and such consent shall be deemed to be the consent of the person for all purposes, including, but not limited to, the authority of a physician to give such treatment.

(e-5) If a physician providing medical care to a committed person on behalf of the Department advises the chief administrative officer that the committed person's mental or physical health has deteriorated as a result of the cessation of ingestion of food or liquid to the point where medical or surgical treatment is required to prevent death, damage, or impairment to bodily functions, the chief administrative officer may authorize such medical or surgical treatment.

(f) In the event that the person requires medical care and treatment at a place other than the institution or facility, the person may be removed therefrom under conditions prescribed by the Department. The Department shall require the committed person receiving medical or dental services on a non-emergency basis to pay a $5 co-payment to the Department for each visit for medical or dental services. The amount of each co-payment shall be deducted from the committed person's individual account. A committed person who has a chronic illness, as defined by Department rules and regulations, shall be exempt from the $5 co-payment for treatment of the chronic illness. A committed person shall not be subject to a $5 co-payment for follow-up visits ordered by a physician, who is employed by, or contracts with, the Department. A committed person who is indigent is exempt from the $5 co-payment and is entitled to receive medical or dental services on the same basis as a committed person who is financially able to afford the co-payment. The Department shall develop the informational materials in consultation with the Department of Public Health. At the same time, the Department must also offer the committed person the option of testing for infection with human immunodeficiency virus (HIV), with no copayment for the test. Pre-test information shall be provided to the committed person and informed consent obtained as required in subsection (d) of Section 3 and Section 5 of the AIDS Confidentiality Act. The Department may conduct opt-out HIV testing as defined in Section 4 of the AIDS Confidentiality Act. If the Department conducts opt-out HIV testing, the Department shall place signs in English, Spanish and other languages as needed in multiple, highly visible locations in the area where HIV testing is conducted informing inmates that they will be tested for HIV unless they refuse, and refusal or acceptance of testing shall be documented in the inmate's medical record. The Department shall follow procedures established by the Department of Public Health to conduct HIV testing and testing to confirm positive HIV test results. All testing must be conducted by medical personnel, but pre-test and other information may be provided by committed persons who have received appropriate training. The Department, in conjunction with the Department of Public Health, shall develop a plan that complies with the AIDS Confidentiality Act to deliver confidentially all positive or negative HIV test results to inmates or former inmates. Nothing in this Section shall require the Department to offer HIV testing to an inmate who is known to be infected with HIV, or who has been tested for HIV within the previous 180 days and whose documented HIV test result is available to the Department electronically. The testing provided under this subsection (l) shall consist of a test approved by the Illinois Department of Public Health to determine the presence of HIV infection, based upon recommendations of the United States Centers for Disease Control and Prevention. If the test result is positive, a reliable supplemental test based upon recommendations of the United States Centers for Disease Control and Prevention shall be administered.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 10-20.56 as follows:

(a) The State Board of Education shall establish and maintain, for implementation in selected school districts a during the 2015-2016, 2016-2017, and 2017-2018 school years, a pilot program for use of electronic-learning (e-learning) days, as described in this Section. The State Superintendent of Education shall select up to 3 school districts for this program, at least one of which may be an elementary or unit school district. The use of e-learning days may not begin until the second semester of the 2015-2016 school year, and the pilot program shall conclude with the end of the 2017-2018 school year. On or before June 1, 2019, the State Board shall report its recommendation for expansion, revision, or discontinuation of the program to the Governor and General Assembly.

(b) The school board of a school district selected by the State Superintendent of Education under subsection (a) of this Section may, by resolution, adopt a research-based program or research-based programs for e-learning days district-wide that shall permit student instruction to be received electronically while students are not physically present in lieu of the district's scheduled emergency days as required by Section 10-19 of
this Code. The research-based program or programs may not exceed the minimum number of emergency days in the approved school calendar and must be submitted to the State Superintendent for approval on or before September 1st annually to ensure access for all students. The State Superintendent shall approve programs that ensure that the specific needs of all students are met, including special education students and English learners, and that all mandates are still met using the proposed research-based program. The e-learning program may utilize the Internet, telephones, texts, chat rooms, or other similar means of electronic communication for instruction and interaction between teachers and students that meet the needs of all learners.

(c) Before its adoption by a school board, a school district's initial proposal for an e-learning program or for renewal of such a program must be approved by the State Board of Education and shall follow a public hearing, at a regular or special meeting of the school board, in which the terms of the proposal must be substantially presented and an opportunity for allowing public comments must be provided. Notice of such public hearing must be provided at least 10 days prior to the hearing by:

1) publication in a newspaper of general circulation in the school district;
2) written or electronic notice designed to reach the parents or guardians of all students enrolled in the school district; and
3) written or electronic notice designed to reach any exclusive collective bargaining representatives of school district employees and all those employees not in a collective bargaining unit.

(d) A proposal for an e-learning program must be timely approved by the State Board of Education if the requirements specified in this Section have been met and if, in the view of the State Board of Education, the proposal contains provisions designed to reasonably and practicably accomplish the following:

1) to ensure and verify at least 5 clock hours of instruction or school work for each student participating in an e-learning day;
2) to ensure access from home or other appropriate remote facility for all students participating, including computers, the Internet, and other forms of electronic communication that must be utilized in the proposed program;

New matter indicated by italics - deletions by strikeout
(3) to ensure appropriate learning opportunities for students with special needs;
(4) to monitor and verify each student's electronic participation;
(5) to address the extent to which student participation is within the student's control as to the time, pace, and means of learning;
(6) to provide effective notice to students and their parents or guardians of the use of particular days for e-learning;
(7) to provide staff and students with adequate training for e-learning days' participation;
(8) to ensure an opportunity for any collective bargaining negotiations with representatives of the school district's employees that would be legally required; and
(9) to review and revise the program as implemented to address difficulties confronted.

The State Board of Education's approval of a school district's initial e-learning program and renewal of the e-learning program shall be for a term of 3 years.

(e) The State Board of Education may adopt rules governing its supervision and review of e-learning programs consistent with the provision of this Section. However, in the absence of such rules, school districts may submit proposals for State Board of Education consideration under the authority of this Section.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly May 24, 2018.
Approved August 10, 2018.
Effective August 10, 2018.
Sec. 10. Disposition of natural resources.

(a) If any part of the principal consists of a right to receive royalties, overriding or limited royalties, working interests, production payments, net profit interests, or other interest in minerals, oil, gas or other natural resources in, on or under land, except timber, water, soil, sod, dirt, peat, turf or mosses, the receipts from taking the natural resources from the land shall be allocated as follows:

(1) if received as rent on a lease or extension payments on a lease, the receipts are income;

(2) if received from a production payment, the receipts are income to the extent of any factor for interest or its equivalent provided in the governing instrument. There shall be allocated to principal the fraction of the balance of the receipts which the unrecovered cost of the production payment bears to the balance owed on the production payment, exclusive of any factor for interest or its equivalent. The receipts not allocated to principal are income;

(3) if received as a royalty, overriding or limited royalty, or bonus, or from a working, net profit, or any other interest in minerals, oil, gas, or other natural resources, receipts not provided for in the preceding paragraphs of this Section shall be apportioned on a yearly basis in accordance with this paragraph whether or not any natural resource was being taken from the land at the time the trust was established. The trustee shall allocate to principal as an allowance for depletion the greater of (i) that portion, if any, of the gross receipts that is allowed as a depletion deduction for federal income tax purposes and (ii) 10% of the gross receipts, except that that allocation shall not exceed 50% of the net receipts remaining after payment of all expenses, direct and indirect, computed without the allowance for depletion. The trustee shall allocate the balance of the gross receipts, after payment therefrom of all expenses, direct and indirect, to income.

(b) If an item of depletable property of a type specified in this Section is held on the effective date of this Act, receipts from the property shall be allocated in the manner used before the effective date of this Act, but as to all depletable property acquired after the effective date of this Act
by an existing or new trust, the method of allocation provided herein shall be used.

(c) If any part of the principal consists of timber, water, soil, sod, dirt, peat, turf, or mosses, the receipts from those resources shall be allocated in accordance with Section 3.

Sec. 15. Non-trust estates.

(a) The provisions of this Act, as far as applicable, shall apply to nontrust estates subject to any agreement of the parties or any specific direction by statute or otherwise, and the references to trusts and trustees shall be read as applying to nontrust estates and to legal tenants (including life tenants, tenants for terms of years, or any other period of tenancy) and remaindermen as the context requires; except that if either a legal tenant or a remainderman has incurred a charge for his benefit without the consent or agreement of the other, he shall pay that charge in full.

(b) If the costs of an improvement, including special taxes or assessments, representing an addition to value of property forming part of the principal cannot reasonably be expected to outlast the legal tenancy,
the costs shall be paid by the legal tenant. If the improvement can reasonably be expected to outlast the legal tenancy, only a portion of the costs shall be paid by the legal tenant and the balance by the remainderman. The portion payable by the legal tenant shall be that fraction of the total found by dividing the present value of the legal tenancy by the present value of an estate of the same form as that of the legal tenancy but limited to a period corresponding to the reasonably expected duration of the improvement. The computation of present value of the legal tenancy shall be computed on the basis of two-thirds of the value determined by use of the tables set forth under Section 7520 of the Internal Revenue Code of 1986 and the regulations thereunder for the calculation of the values of annuities, life estates, and terms for years, and no other evidence of duration or expectancy shall be considered, except that any legal tenancy or remainder interest acquired for consideration based on those tables shall be computed on the basis of the tables in effect at the time acquired. The method of computing the present value of a legal tenancy established in this subsection shall apply to all legal tenancies and remainders created after January 1, 1992 and to all legal tenancies and remainders which were acquired for consideration if the amount of the consideration was based on the tables set forth under Section 2031 or 7520 of the Internal Revenue Code then in effect.

(c) If a legal tenant has leased any lands for agricultural or farming operations and his legal tenancy terminates on or after the day any rent has become due and payable, he or his representative is entitled to recover that rent from the lessee; and if a legal tenancy terminates before the rent under the lease is fully paid, the legal tenant or his representative is entitled to recover from the lessee:

(1) that portion of the rent not due which the number of days from the beginning of the period for which the rent is not due to the date of the termination of the legal tenancy bears to the total number of days in the period for which the rent is unpaid; and

(2) that portion of the landlord's share of actual expenses paid before the termination of the legal tenancy and not previously recovered by him, which the number of days in the lease period on and after the termination bears to the total number of days in the lease period. (c) If a legal tenant has leased any lands for agricultural or farming operations and his legal tenancy terminates on or after the day any rent has become due and payable, he or his representative is entitled to recover that rent from the lessee; and if a legal tenancy terminates before the rent under the lease is fully paid, the legal tenant or his representative is entitled to recover from the lessee:

Upon processing a deduction, the Comptroller shall give written notice to the person subject to the offset. The notice shall inform the person that he or she may make a written protest to the Comptroller within 60 days after the Comptroller has given notice. The protest shall include the reason for contesting the deduction and any other information that will enable the Comptroller to determine the amount due and payable. The notice may inform the person that, in lieu of protest, he or she may provide written authority to the Comptroller to process the deduction immediately. Upon receiving the written authority provided by the person subject to the offset to process the deduction immediately, the Comptroller may process the deduction immediately. The intergovernmental agreement entered into under Section 10.05 and this Section shall establish procedures through which the Comptroller shall determine the validity of the protest and shall make a final disposition concerning the deduction. (a) Until July 1, 2004 for the Department of Public Aid and July 1, 2005 for Universities and all other State agencies, State agencies shall adopt rules establishing formal due dates for amounts owing to the State and for the referral of seriously past due accounts to private collection agencies, unless otherwise expressly provided by law or rule, except that on and after July 1, 2005, the Department of Employment Security may continue to refer to private collection agencies past due amounts that are exempt from subsection (g). Such procedures shall be established in accord with sound business practices.

(b) Until July 1, 2004 for the Department of Public Aid and July 1, 2005 for Universities and all other State agencies, agencies may enter deferred payment plans for debtors of the agency and documentation of this fact retained by the agency, where the deferred payment plan is likely to increase the net amount collected by the State, except that, on and after July 1, 2005, the Department of Employment Security may continue to enter deferred payment plans for debts that are exempt from subsection (g).

(c) Until July 1, 2004 for the Department of Public Aid and July 1, 2005 for Universities and all other State agencies, State agencies may use the Comptroller's Offset System provided in Section 10.05 of the State Comptroller Act for the collection of debts owed to the agency, except that, on and after July 1, 2005, the Department of Employment Security may continue to use the Comptroller's offset system to collect amounts that are exempt from subsection (g).

All debt, and maintenance of that debt, that is placed in the Comptroller's Offset System must be submitted electronically to the office of the Comptroller. Any exception to this requirement must be approved in writing by the Comptroller.

(c-3) For a debt owed to a university or a State agency and placed in the Comptroller's Offset System in accordance with subsection (c-1), the Comptroller shall deduct, from a warrant or other payment, its processing charge and the amount certified as necessary to satisfy, in whole or in part, the debt owed to the university or the State agency. The Comptroller shall deduct a processing charge of up to $15 per transaction for each offset and such charges shall be deposited into the Comptroller Debt Recovery Trust Fund.

that (a) his or her parents, guardian or legal custodian are unfit or are unable, for some reason other than financial circumstances alone, to care for, protect, train or discipline the minor, or are unwilling to do so, and the best interests of the minor and the public will not be served by placement under Section 5-740, or it is necessary to ensure the protection of the public from the consequences of criminal activity of the delinquent; and (b) commitment to the Department of Juvenile Justice is the least restrictive alternative based on evidence that efforts were made to locate less restrictive alternatives to secure confinement and the reasons why efforts were unsuccessful in locating a less restrictive alternative to secure confinement. Before the court commits a minor to the Department of Juvenile Justice, it shall make a finding that secure confinement is necessary, following a review of the following individualized factors:

(A) Age of the minor.

(B) Criminal background of the minor.

(C) Review of results of any assessments of the minor, including child centered assessments such as the CANS.

(D) Educational background of the minor, indicating whether the minor has ever been assessed for a learning disability, and if so what services were provided as well as any disciplinary incidents at school.

(E) Physical, mental and emotional health of the minor, indicating whether the minor has ever been diagnosed with a health issue and if so what services were provided and whether the minor was compliant with services.

(F) Community based services that have been provided to the minor, and whether the minor was compliant with the services, and the reason the services were unsuccessful.

(G) Services within the Department of Juvenile Justice that will meet the individualized needs of the minor.

(1.5) Before the court commits a minor to the Department of Juvenile Justice, the court must find reasonable efforts have been made to prevent or eliminate the need for the minor to be removed from the home, or reasonable efforts cannot, at this time, for good cause, prevent or eliminate the need for removal, and removal from home is in the best interests of the minor, the minor's family, and the public.

(2) When a minor of the age of at least 13 years is adjudged delinquent for the offense of first degree murder, the court shall declare the minor a ward of the court and order the minor committed to the

Department of Juvenile Justice until the minor's 21st birthday, without the possibility of aftercare release, furlough, or non-emergency authorized absence for a period of 5 years from the date the minor was committed to the Department of Juvenile Justice, except that the time that a minor spent in custody for the instant offense before being committed to the Department of Juvenile Justice shall be considered as time credited towards that 5 year period. Upon release from a Department facility, a minor adjudged delinquent for first degree murder shall be placed on aftercare release until the age of 21, unless sooner discharged from aftercare release or custodianship is otherwise terminated in accordance with this Act or as otherwise provided for by law. Nothing in this subsection (2) shall preclude the State's Attorney from seeking to prosecute a minor as an adult as an alternative to proceeding under this Act.

(3) Except as provided in subsection (2), the commitment of a delinquent to the Department of Juvenile Justice shall be for an indeterminate term which shall automatically terminate upon the delinquent attaining the age of 21 years or upon completion of that period for which an adult could be committed for the same act, whichever occurs sooner, unless the delinquent is sooner discharged from aftercare release or custodianship is otherwise terminated in accordance with this Act or as otherwise provided for by law.

(3.5) Every delinquent minor committed to the Department of Juvenile Justice under this Act shall be eligible for aftercare release without regard to the length of time the minor has been confined or whether the minor has served any minimum term imposed. Aftercare release shall be administered by the Department of Juvenile Justice, under the direction of the Director. Unless sooner discharged, the Department of Juvenile Justice shall discharge a minor from aftercare release upon completion of the following aftercare release terms:

(a) One and a half years from the date a minor is released from a Department facility, if the minor was committed for a Class X felony;

(b) One year from the date a minor is released from a Department facility, if the minor was committed for a Class 1 or 2 felony; and

(c) Six months from the date a minor is released from a Department facility, if the minor was committed for a Class 3 felony or lesser offense.

(4) When the court commits a minor to the Department of Juvenile Justice, it shall order him or her conveyed forthwith to the appropriate reception station or other place designated by the Department of Juvenile Justice, and shall appoint the Director of Juvenile Justice legal custodian of the minor. The clerk of the court shall issue to the Director of Juvenile Justice a certified copy of the order, which constitutes proof of the Director's authority. No other process need issue to warrant the keeping of the minor.

(5) If a minor is committed to the Department of Juvenile Justice, the clerk of the court shall forward to the Department:
   (a) the sentencing order and copies of committing petition;
   (b) all reports;
   (c) the court's statement of the basis for ordering the disposition;
   (d) any sex offender evaluations;
   (e) any risk assessment or substance abuse treatment eligibility screening and assessment of the minor by an agent designated by the State to provide assessment services for the courts;
   (f) the number of days, if any, which the minor has been in custody and for which he or she is entitled to credit against the sentence, which information shall be provided to the clerk by the sheriff;
   (g) any medical or mental health records or summaries of the minor;
   (h) the municipality where the arrest of the minor occurred, the commission of the offense occurred, and the minor resided at the time of commission; and
   (h-5) a report detailing the minor's criminal history in a manner and form prescribed by the Department of Juvenile Justice; and
   (i) all additional matters which the court directs the clerk to transmit.

(6) Whenever the Department of Juvenile Justice lawfully discharges from its custody and control a minor committed to it, the Director of Juvenile Justice shall petition the court for an order terminating his or her custodianship. The custodianship shall terminate automatically 30 days after receipt of the petition unless the court orders otherwise.

(7) If, while on aftercare release, a minor committed to the Department of Juvenile Justice is charged under the criminal laws of this State with an offense that could result in a sentence of imprisonment within the Department of Corrections, the commitment to the Department of Juvenile Justice and all rights and duties created by that commitment are automatically suspended pending final disposition of the criminal charge. If the minor is found guilty of the criminal charge and sentenced to a term of imprisonment in the penitentiary system of the Department of Corrections, the commitment to the Department of Juvenile Justice shall be automatically terminated. If the criminal charge is dismissed, the minor is found not guilty, or the minor completes a criminal sentence other than imprisonment within the Department of Corrections, the previously imposed commitment to the Department of Juvenile Justice and the full aftercare release term shall be automatically reinstated unless custodianship is sooner terminated. Nothing in this subsection (7) shall preclude the court from ordering another sentence under Section 5-710 of this Act or from terminating the Department's custodianship while the commitment to the Department is suspended.

The Department may issue a license as a licensed professional counselor or licensed clinical professional counselor, without the required examination, to (i) an applicant licensed under the laws of another state or United States jurisdiction whose standards in the opinion of the Department, were substantially equivalent at the date of his or her licensure in the other jurisdiction to the requirements of this Act or (ii) any person who, at the time of licensure, possessed individual qualifications which were substantially equivalent to the requirements of this Act. Such an applicant shall pay all of the required fees.

An individual applying for licensure as a licensed marriage and family therapist who has been licensed at the independent level in another United States jurisdiction for 10 consecutive years without discipline is not required to submit proof of completion of the education, professional experience, and supervision required in Section 40. Individuals with 10 consecutive years of experience must submit certified verification of

licensure from the jurisdiction in which the applicant practiced and must comply with all other licensing requirements and pay all required fees.

If the accuracy of any submitted documentation or the relevance or sufficiency of the course work or experience is questioned by the Department or the Board because of a lack of information, discrepancies or conflicts in information given, or a need for clarification, the applicant seeking licensure may be required to provide additional information.

Applicants have 3 years from the date of application to complete the application process. If the process has not been completed within 3 years, the application shall be denied, the fee forfeited, and the applicant must reapply and meet the requirements in effect at the time of reapplication.

(House Bill No. 5136)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The School Code is amended by changing Sections 24-
12 and 24A-4 as follows:

(105 ILCS 5/24-12) (from Ch. 122, par. 24-12)
Sec. 24-12. Removal or dismissal of teachers in contractual
continued service.

(a) This subsection (a) applies only to honorable dismissals and
recalls in which the notice of dismissal is provided on or before the end of
the 2010-2011 school term. If a teacher in contractual continued service is
removed or dismissed as a result of a decision of the board to decrease the
number of teachers employed by the board or to discontinue some
particular type of teaching service, written notice shall be mailed to the
teacher and also given the teacher either by certified mail, return receipt
requested or personal delivery with receipt at least 60 days before the end
of the school term, together with a statement of honorable dismissal and
the reason therefor, and in all such cases the board shall first remove or
dismiss all teachers who have not entered upon contractual continued

New matter indicated by italics - deletions by strikeout
service before removing or dismissing any teacher who has entered upon contractual continued service and who is legally qualified to hold a position currently held by a teacher who has not entered upon contractual continued service.

As between teachers who have entered upon contractual continued service, the teacher or teachers with the shorter length of continuing service with the district shall be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and a professional faculty members' organization and except that this provision shall not impair the operation of any affirmative action program in the district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board. Any teacher dismissed as a result of such decrease or discontinuance shall be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term.

If the board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available shall be tendered to the teachers so removed or dismissed so far as they are legally qualified to hold such positions; provided, however, that if the number of honorable dismissal notices based on economic necessity exceeds 15% of the number of full time equivalent positions filled by certified employees (excluding principals and administrative personnel) during the preceding school year, then if the board has any vacancies for the following school term or within 2 calendar years from the beginning of the following school term, the positions so becoming available shall be tendered to the teachers who were so notified and removed or dismissed whenever they are legally qualified to hold such positions. Each board shall, in consultation with any exclusive employee representatives, each year establish a list, categorized by positions, showing the length of continuing service of each teacher who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list shall be made in accordance with the alternative method. Copies of the list shall be distributed to the exclusive employee representative on or before February 1 of each year. Whenever the number of honorable dismissal notices based upon economic necessity exceeds 5, or 150% of the average number of teachers honorably dismissed in the preceding 3 years, whichever is more, then the board also

New matter indicated by italics - deletions by strikeout
shall hold a public hearing on the question of the dismissals. Following the hearing and board review the action to approve any such reduction shall require a majority vote of the board members.

(b) This subsection (b) applies only to honorable dismissals and recalls in which the notice of dismissal is provided during the 2011-2012 school term or a subsequent school term. If any teacher, whether or not in contractual continued service, is removed or dismissed as a result of a decision of a school board to decrease the number of teachers employed by the board, a decision of a school board to discontinue some particular type of teaching service, or a reduction in the number of programs or positions in a special education joint agreement, then written notice must be mailed to the teacher and also given to the teacher either by certified mail, return receipt requested, or personal delivery with receipt at least 45 days before the end of the school term, together with a statement of honorable dismissal and the reason therefor, and in all such cases the sequence of dismissal shall occur in accordance with this subsection (b); except that this subsection (b) shall not impair the operation of any affirmative action program in the school district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board.

Each teacher must be categorized into one or more positions for which the teacher is qualified to hold, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the school year during which the sequence of dismissal is determined. Within each position and subject to agreements made by the joint committee on honorable dismissals that are authorized by subsection (c) of this Section, the school district or joint agreement must establish 4 groupings of teachers qualified to hold the position as follows:

(1) Grouping one shall consist of each teacher who is not in contractual continued service and who (i) has not received a performance evaluation rating, (ii) is employed for one school term or less to replace a teacher on leave, or (iii) is employed on a part-time basis. "Part-time basis" for the purposes of this subsection (b) means a teacher who is employed to teach less than a full-day, teacher workload or less than 5 days of the normal student attendance week, unless otherwise provided for in a collective bargaining agreement between the district and the exclusive representative of the district's teachers. For the purposes of this Section, a teacher (A) who is employed as a full-time teacher but

New matter indicated by italics - deletions by strikeout
who actually teaches or is otherwise present and participating in
the district's educational program for less than a school term or (B)
who, in the immediately previous school term, was employed on a
full-time basis and actually taught or was otherwise present and
participated in the district's educational program for 120 days or
more is not considered employed on a part-time basis.

(2) Grouping 2 shall consist of each teacher with a Needs
Improvement or Unsatisfactory performance evaluation rating on
either of the teacher's last 2 performance evaluation ratings.

(3) Grouping 3 shall consist of each teacher with a
performance evaluation rating of at least Satisfactory or Proficient
on both of the teacher's last 2 performance evaluation ratings, if 2
ratings are available, or on the teacher's last performance
evaluation rating, if only one rating is available, unless the teacher
qualifies for placement into grouping 4.

(4) Grouping 4 shall consist of each teacher whose last 2
performance evaluation ratings are Excellent and each teacher with
2 Excellent performance evaluation ratings out of the teacher's last
3 performance evaluation ratings with a third rating of Satisfactory
or Proficient.

Among teachers qualified to hold a position, teachers must be
dismissed in the order of their groupings, with teachers in grouping one
dismissed first and teachers in grouping 4 dismissed last.

Within grouping one, the sequence of dismissal must be at the
discretion of the school district or joint agreement. Within grouping 2, the
sequence of dismissal must be based upon average performance evaluation
ratings, with the teacher or teachers with the lowest average performance
evaluation rating dismissed first. A teacher's average performance
evaluation rating must be calculated using the average of the teacher's last
2 performance evaluation ratings, if 2 ratings are available, or the teacher's
last performance evaluation rating, if only one rating is available, using the
following numerical values: 4 for Excellent; 3 for Proficient or
Satisfactory; 2 for Needs Improvement; and 1 for Unsatisfactory. As
between or among teachers in grouping 2 with the same average
performance evaluation rating and within each of groupings 3 and 4, the
teacher or teachers with the shorter length of continuing service with the
school district or joint agreement must be dismissed first unless an
alternative method of determining the sequence of dismissal is established

New matter indicated by italics - deletions by strikeout
in a collective bargaining agreement or contract between the board and a professional faculty members' organization.

Each board, including the governing board of a joint agreement, shall, in consultation with any exclusive employee representatives, each year establish a sequence of honorable dismissal list categorized by positions and the groupings defined in this subsection (b). Copies of the list showing each teacher by name and categorized by positions and the groupings defined in this subsection (b) must be distributed to the exclusive bargaining representative at least 75 days before the end of the school term, provided that the school district or joint agreement may, with notice to any exclusive employee representatives, move teachers from grouping one into another grouping during the period of time from 75 days until 45 days before the end of the school term. Each year, each board shall also establish, in consultation with any exclusive employee representatives, a list showing the length of continuing service of each teacher who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list must be made in accordance with the alternative method. Copies of the list must be distributed to the exclusive employee representative at least 75 days before the end of the school term.

Any teacher dismissed as a result of such decrease or discontinuance must be paid all earned compensation on or before the third business day following the last day of pupil attendance in the regular school term.

If the board or joint agreement has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available must be tendered to the teachers so removed or dismissed who were in groupings 3 or 4 of the sequence of dismissal and are qualified to hold the positions, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the date of the positions becoming available, provided that if the number of honorable dismissal notices based on economic necessity exceeds 15% of the number of full-time equivalent positions filled by certified employees (excluding principals and administrative personnel) during the preceding school year, then the recall period is for the following school term or within 2 calendar years from the beginning of the following school term. If the board or joint agreement has any vacancies within the

New matter indicated by italics - deletions by strikeout
period from the beginning of the following school term through February 1 of the following school term (unless a date later than February 1, but no later than 6 months from the beginning of the following school term, is established in a collective bargaining agreement), the positions thereby becoming available must be tendered to the teachers so removed or dismissed who were in grouping 2 of the sequence of dismissal due to one "needs improvement" rating on either of the teacher's last 2 performance evaluation ratings, provided that, if 2 ratings are available, the other performance evaluation rating used for grouping purposes is "satisfactory", "proficient", or "excellent", and are qualified to hold the positions, based upon legal qualifications and any other qualifications established in a district or joint agreement job description, on or before the May 10 prior to the date of the positions becoming available. On and after the effective date of this amendatory Act of the 98th General Assembly, the preceding sentence shall apply to teachers removed or dismissed by honorable dismissal, even if notice of honorable dismissal occurred during the 2013-2014 school year. Among teachers eligible for recall pursuant to the preceding sentence, the order of recall must be in inverse order of dismissal, unless an alternative order of recall is established in a collective bargaining agreement or contract between the board and a professional faculty members' organization. Whenever the number of honorable dismissal notices based upon economic necessity exceeds 5 notices or 150% of the average number of teachers honorably dismissed in the preceding 3 years, whichever is more, then the school board or governing board of a joint agreement, as applicable, shall also hold a public hearing on the question of the dismissals. Following the hearing and board review, the action to approve any such reduction shall require a majority vote of the board members.

For purposes of this subsection (b), subject to agreement on an alternative definition reached by the joint committee described in subsection (c) of this Section, a teacher's performance evaluation rating means the overall performance evaluation rating resulting from an annual or biennial performance evaluation conducted pursuant to Article 24A of this Code by the school district or joint agreement determining the sequence of dismissal, not including any performance evaluation conducted during or at the end of a remediation period. No more than one evaluation rating each school term shall be one of the evaluation ratings used for the purpose of determining the sequence of dismissal. Except as otherwise provided in this subsection for any performance evaluations

New matter indicated by italics - deletions by strikeout
conducted during or at the end of a remediation period, if multiple
performance evaluations are conducted in a school term, only the rating
from the last evaluation conducted prior to establishing the sequence of
honorable dismissal list in such school term shall be the one evaluation
rating from that school term used for the purpose of determining the
sequence of dismissal. Averaging ratings from multiple evaluations is not
permitted unless otherwise agreed to in a collective bargaining agreement
or contract between the board and a professional faculty members' or-
organization. The preceding 3 sentences are not a legislative declaration
that existing law does or does not already require that only one
performance evaluation each school term shall be used for the purpose of
determining the sequence of dismissal. For performance evaluation ratings
determined prior to September 1, 2012, any school district or joint
agreement with a performance evaluation rating system that does not use
either of the rating category systems specified in subsection (d) of Section
24A-5 of this Code for all teachers must establish a basis for assigning
each teacher a rating that complies with subsection (d) of Section 24A-5 of
this Code for all of the performance evaluation ratings that are to be used
to determine the sequence of dismissal. A teacher's grouping and ranking
on a sequence of honorable dismissal shall be deemed a part of the
teacher's performance evaluation, and that information shall be disclosed
to the exclusive bargaining representative as part of a sequence of
honorable dismissal list, notwithstanding any laws prohibiting disclosure
of such information. A performance evaluation rating may be used to
determine the sequence of dismissal, notwithstanding the pendency of any
grievance resolution or arbitration procedures relating to the performance
evaluation. If a teacher has received at least one performance evaluation
rating conducted by the school district or joint agreement determining the
sequence of dismissal and a subsequent performance evaluation is not
conducted in any school year in which such evaluation is required to be
conducted under Section 24A-5 of this Code, the teacher's performance
evaluation rating for that school year for purposes of determining the
sequence of dismissal is deemed Proficient. If a performance evaluation
rating is nullified as the result of an arbitration, administrative agency, or
court determination, then the school district or joint agreement is deemed
to have conducted a performance evaluation for that school year, but the
performance evaluation rating may not be used in determining the
sequence of dismissal.

Nothing in this subsection (b) shall be construed as limiting the right of a school board or governing board of a joint agreement to dismiss a teacher not in contractual continued service in accordance with Section 24-11 of this Code.

Any provisions regarding the sequence of honorable dismissals and recall of honorably dismissed teachers in a collective bargaining agreement entered into on or before January 1, 2011 and in effect on the effective date of this amendatory Act of the 97th General Assembly that may conflict with this amendatory Act of the 97th General Assembly shall remain in effect through the expiration of such agreement or June 30, 2013, whichever is earlier.

(c) Each school district and special education joint agreement must use a joint committee composed of equal representation selected by the school board and its teachers or, if applicable, the exclusive bargaining representative of its teachers, to address the matters described in paragraphs (1) through (5) of this subsection (c) pertaining to honorable dismissals under subsection (b) of this Section.

(1) The joint committee must consider and may agree to criteria for excluding from grouping 2 and placing into grouping 3 a teacher whose last 2 performance evaluations include a Needs Improvement and either a Proficient or Excellent.

(2) The joint committee must consider and may agree to an alternative definition for grouping 4, which definition must take into account prior performance evaluation ratings and may take into account other factors that relate to the school district's or program's educational objectives. An alternative definition for grouping 4 may not permit the inclusion of a teacher in the grouping with a Needs Improvement or Unsatisfactory performance evaluation rating on either of the teacher's last 2 performance evaluation ratings.

(3) The joint committee may agree to including within the definition of a performance evaluation rating a performance evaluation rating administered by a school district or joint agreement other than the school district or joint agreement determining the sequence of dismissal.

(4) For each school district or joint agreement that administers performance evaluation ratings that are inconsistent with either of the rating category systems specified in subsection (d) of Section 24A-5 of this Code, the school district or joint agreement

New matter indicated by italics - deletions by strikeout
agreement must consult with the joint committee on the basis for assigning a rating that complies with subsection (d) of Section 24A-5 of this Code to each performance evaluation rating that will be used in a sequence of dismissal.

(5) Upon request by a joint committee member submitted to the employing board by no later than 10 days after the distribution of the sequence of honorable dismissal list, a representative of the employing board shall, within 5 days after the request, provide to members of the joint committee a list showing the most recent and prior performance evaluation ratings of each teacher identified only by length of continuing service in the district or joint agreement and not by name. If, after review of this list, a member of the joint committee has a good faith belief that a disproportionate number of teachers with greater length of continuing service with the district or joint agreement have received a recent performance evaluation rating lower than the prior rating, the member may request that the joint committee review the list to assess whether such a trend may exist. Following the joint committee's review, but by no later than the end of the applicable school term, the joint committee or any member or members of the joint committee may submit a report of the review to the employing board and exclusive bargaining representative, if any. Nothing in this paragraph (5) shall impact the order of honorable dismissal or a school district's or joint agreement's authority to carry out a dismissal in accordance with subsection (b) of this Section.

Agreement by the joint committee as to a matter requires the majority vote of all committee members, and if the joint committee does not reach agreement on a matter, then the otherwise applicable requirements of subsection (b) of this Section shall apply. Except as explicitly set forth in this subsection (c), a joint committee has no authority to agree to any further modifications to the requirements for honorable dismissals set forth in subsection (b) of this Section. The joint committee must be established, and the first meeting of the joint committee each school year must occur on or before December 1.

The joint committee must reach agreement on a matter on or before February 1 of a school year in order for the agreement of the joint committee to apply to the sequence of dismissal determined during that school year. Subject to the February 1 deadline for agreements, the agreement of a joint committee on a matter shall apply to the sequence of

New matter indicated by italics - deletions by strikeout
dismissal until the agreement is amended or terminated by the joint committee.

*The provisions of the Open Meetings Act shall not apply to meetings of a joint committee created under this subsection (c).*

(d) Notwithstanding anything to the contrary in this subsection (d), the requirements and dismissal procedures of Section 24-16.5 of this Code shall apply to any dismissal sought under Section 24-16.5 of this Code.

(1) If a dismissal of a teacher in contractual continued service is sought for any reason or cause other than an honorable dismissal under subsections (a) or (b) of this Section or a dismissal sought under Section 24-16.5 of this Code, including those under Section 10-22.4, the board must first approve a motion containing specific charges by a majority vote of all its members. Written notice of such charges, including a bill of particulars and the teacher's right to request a hearing, must be mailed to the teacher and also given to the teacher either by certified mail, return receipt requested, or personal delivery with receipt within 5 days of the adoption of the motion. Any written notice sent on or after July 1, 2012 shall inform the teacher of the right to request a hearing before a mutually selected hearing officer, with the cost of the hearing officer split equally between the teacher and the board, or a hearing before a board-selected hearing officer, with the cost of the hearing officer paid by the board.

Before setting a hearing on charges stemming from causes that are considered remediable, a board must give the teacher reasonable warning in writing, stating specifically the causes that, if not removed, may result in charges; however, no such written warning is required if the causes have been the subject of a remediation plan pursuant to Article 24A of this Code.

If, in the opinion of the board, the interests of the school require it, the board may suspend the teacher without pay, pending the hearing, but if the board's dismissal or removal is not sustained, the teacher shall not suffer the loss of any salary or benefits by reason of the suspension.

(2) No hearing upon the charges is required unless the teacher within 17 days after receiving notice requests in writing of the board that a hearing be scheduled before a mutually selected hearing officer or a hearing officer selected by the board. The
secretary of the school board shall forward a copy of the notice to the State Board of Education.

(3) Within 5 business days after receiving a notice of hearing in which either notice to the teacher was sent before July 1, 2012 or, if the notice was sent on or after July 1, 2012, the teacher has requested a hearing before a mutually selected hearing officer, the State Board of Education shall provide a list of 5 prospective, impartial hearing officers from the master list of qualified, impartial hearing officers maintained by the State Board of Education. Each person on the master list must (i) be accredited by a national arbitration organization and have had a minimum of 5 years of experience directly related to labor and employment relations matters between employers and employees or their exclusive bargaining representatives and (ii) beginning September 1, 2012, have participated in training provided or approved by the State Board of Education for teacher dismissal hearing officers so that he or she is familiar with issues generally involved in evaluative and non-evaluative dismissals.

If notice to the teacher was sent before July 1, 2012 or, if the notice was sent on or after July 1, 2012, the teacher has requested a hearing before a hearing officer selected by the board, the board and the teacher or their legal representatives within 3 business days shall alternately strike one name from the list provided by the State Board of Education until only one name remains. Unless waived by the teacher, the teacher shall have the right to proceed first with the striking. Within 3 business days of receipt of the list provided by the State Board of Education, the board and the teacher or their legal representatives shall each have the right to reject all prospective hearing officers named on the list and notify the State Board of Education of such rejection. Within 3 business days after receiving this notification, the State Board of Education shall appoint a qualified person from the master list who did not appear on the list sent to the parties to serve as the hearing officer, unless the parties notify it that they have chosen to alternatively select a hearing officer under paragraph (4) of this subsection (d).

If the teacher has requested a hearing before a hearing officer selected by the board, the board shall select one name from the master list of qualified impartial hearing officers maintained by
the State Board of Education within 3 business days after receipt and shall notify the State Board of Education of its selection.

A hearing officer mutually selected by the parties, selected by the board, or selected through an alternative selection process under paragraph (4) of this subsection (d) (A) must not be a resident of the school district, (B) must be available to commence the hearing within 75 days and conclude the hearing within 120 days after being selected as the hearing officer, and (C) must issue a decision as to whether the teacher must be dismissed and give a copy of that decision to both the teacher and the board within 30 days from the conclusion of the hearing or closure of the record, whichever is later.

(4) In the alternative to selecting a hearing officer from the list received from the State Board of Education or accepting the appointment of a hearing officer by the State Board of Education or if the State Board of Education cannot provide a list or appoint a hearing officer that meets the foregoing requirements, the board and the teacher or their legal representatives may mutually agree to select an impartial hearing officer who is not on the master list either by direct appointment by the parties or by using procedures for the appointment of an arbitrator established by the Federal Mediation and Conciliation Service or the American Arbitration Association. The parties shall notify the State Board of Education of their intent to select a hearing officer using an alternative procedure within 3 business days of receipt of a list of prospective hearing officers provided by the State Board of Education, notice of appointment of a hearing officer by the State Board of Education, or receipt of notice from the State Board of Education that it cannot provide a list that meets the foregoing requirements, whichever is later.

(5) If the notice of dismissal was sent to the teacher before July 1, 2012, the fees and costs for the hearing officer must be paid by the State Board of Education. If the notice of dismissal was sent to the teacher on or after July 1, 2012, the hearing officer's fees and costs must be paid as follows in this paragraph (5). The fees and permissible costs for the hearing officer must be determined by the State Board of Education. If the board and the teacher or their legal representatives mutually agree to select an impartial hearing officer who is not on a list received from the State Board of Education,

New matter indicated by italics - deletions by strikeout
they may agree to supplement the fees determined by the State Board to the hearing officer, at a rate consistent with the hearing officer's published professional fees. If the hearing officer is mutually selected by the parties, then the board and the teacher or their legal representatives shall each pay 50% of the fees and costs and any supplemental allowance to which they agree. If the hearing officer is selected by the board, then the board shall pay 100% of the hearing officer's fees and costs. The fees and costs must be paid to the hearing officer within 14 days after the board and the teacher or their legal representatives receive the hearing officer's decision set forth in paragraph (7) of this subsection (d).

(6) The teacher is required to answer the bill of particulars and aver affirmative matters in his or her defense, and the time for initially doing so and the time for updating such answer and defenses after pre-hearing discovery must be set by the hearing officer. The State Board of Education shall promulgate rules so that each party has a fair opportunity to present its case and to ensure that the dismissal process proceeds in a fair and expeditious manner. These rules shall address, without limitation, discovery and hearing scheduling conferences; the teacher's initial answer and affirmative defenses to the bill of particulars and the updating of that information after pre-hearing discovery; provision for written interrogatories and requests for production of documents; the requirement that each party initially disclose to the other party and then update the disclosure no later than 10 calendar days prior to the commencement of the hearing, the names and addresses of persons who may be called as witnesses at the hearing, a summary of the facts or opinions each witness will testify to, and all other documents and materials, including information maintained electronically, relevant to its own as well as the other party's case (the hearing officer may exclude witnesses and exhibits not identified and shared, except those offered in rebuttal for which the party could not reasonably have anticipated prior to the hearing); pre-hearing discovery and preparation, including provision for written interrogatories and requests for production of documents, provided that discovery depositions are prohibited; the conduct of the hearing; the right of each party to be represented by counsel, the offer of evidence and witnesses and the cross-examination of witnesses; the authority of the hearing officer to issue subpoenas

and subpoenas duces tecum, provided that the hearing officer may limit the number of witnesses to be subpoenaed on behalf of each party to no more than 7; the length of post-hearing briefs; and the form, length, and content of hearing officers' decisions. The hearing officer shall hold a hearing and render a final decision for dismissal pursuant to Article 24A of this Code or shall report to the school board findings of fact and a recommendation as to whether or not the teacher must be dismissed for conduct. The hearing officer shall commence the hearing within 75 days and conclude the hearing within 120 days after being selected as the hearing officer, provided that the hearing officer may modify these timelines upon the showing of good cause or mutual agreement of the parties. Good cause for the purpose of this subsection (d) shall mean the illness or otherwise unavoidable emergency of the teacher, district representative, their legal representatives, the hearing officer, or an essential witness as indicated in each party's pre-hearing submission. In a dismissal hearing pursuant to Article 24A of this Code, the hearing officer shall consider and give weight to all of the teacher's evaluations written pursuant to Article 24A that are relevant to the issues in the hearing.

Each party shall have no more than 3 days to present its case, unless extended by the hearing officer to enable a party to present adequate evidence and testimony, including due to the other party's cross-examination of the party's witnesses, for good cause or by mutual agreement of the parties. The State Board of Education shall define in rules the meaning of "day" for such purposes. All testimony at the hearing shall be taken under oath administered by the hearing officer. The hearing officer shall cause a record of the proceedings to be kept and shall employ a competent reporter to take stenographic or stenotype notes of all the testimony. The costs of the reporter's attendance and services at the hearing shall be paid by the party or parties who are responsible for paying the fees and costs of the hearing officer. Either party desiring a transcript of the hearing shall pay for the cost thereof. Any post-hearing briefs must be submitted by the parties by no later than 21 days after a party's receipt of the transcript of the hearing, unless extended by the hearing officer for good cause or by mutual agreement of the parties.
(7) The hearing officer shall, within 30 days from the conclusion of the hearing or closure of the record, whichever is later, make a decision as to whether or not the teacher shall be dismissed pursuant to Article 24A of this Code or report to the school board findings of fact and a recommendation as to whether or not the teacher shall be dismissed for cause and shall give a copy of the decision or findings of fact and recommendation to both the teacher and the school board. If a hearing officer fails without good cause, specifically provided in writing to both parties and the State Board of Education, to render a decision or findings of fact and recommendation within 30 days after the hearing is concluded or the record is closed, whichever is later, the parties may mutually agree to select a hearing officer pursuant to the alternative procedure, as provided in this Section, to rehear the charges heard by the hearing officer who failed to render a decision or findings of fact and recommendation or to review the record and render a decision. If any hearing officer fails without good cause, specifically provided in writing to both parties and the State Board of Education, to render a decision or findings of fact and recommendation within 30 days after the hearing is concluded or the record is closed, whichever is later, the hearing officer shall be removed from the master list of hearing officers maintained by the State Board of Education for not more than 24 months. The parties and the State Board of Education may also take such other actions as it deems appropriate, including recovering, reducing, or withholding any fees paid or to be paid to the hearing officer. If any hearing officer repeats such failure, he or she must be permanently removed from the master list maintained by the State Board of Education and may not be selected by parties through the alternative selection process under this paragraph (7) or paragraph (4) of this subsection (d). The board shall not lose jurisdiction to discharge a teacher if the hearing officer fails to render a decision or findings of fact and recommendation within the time specified in this Section. If the decision of the hearing officer for dismissal pursuant to Article 24A of this Code or of the school board for dismissal for cause is in favor of the teacher, then the hearing officer or school board shall order reinstatement to the same or substantially equivalent position and shall determine the amount

for which the school board is liable, including, but not limited to, loss of income and benefits.

(8) The school board, within 45 days after receipt of the hearing officer's findings of fact and recommendation as to whether (i) the conduct at issue occurred, (ii) the conduct that did occur was remediable, and (iii) the proposed dismissal should be sustained, shall issue a written order as to whether the teacher must be retained or dismissed for cause from its employ. The school board's written order shall incorporate the hearing officer's findings of fact, except that the school board may modify or supplement the findings of fact if, in its opinion, the findings of fact are against the manifest weight of the evidence.

If the school board dismisses the teacher notwithstanding the hearing officer's findings of fact and recommendation, the school board shall make a conclusion in its written order, giving its reasons therefor, and such conclusion and reasons must be included in its written order. The failure of the school board to strictly adhere to the timelines contained in this Section shall not render it without jurisdiction to dismiss the teacher. The school board shall not lose jurisdiction to discharge the teacher for cause if the hearing officer fails to render a recommendation within the time specified in this Section. The decision of the school board is final, unless reviewed as provided in paragraph (9) of this subsection (d).

If the school board retains the teacher, the school board shall enter a written order stating the amount of back pay and lost benefits, less mitigation, to be paid to the teacher, within 45 days after its retention order. Should the teacher object to the amount of the back pay and lost benefits or amount mitigated, the teacher shall give written objections to the amount within 21 days. If the parties fail to reach resolution within 7 days, the dispute shall be referred to the hearing officer, who shall consider the school board's written order and teacher's written objection and determine the amount to which the school board is liable. The costs of the hearing officer's review and determination must be paid by the board.

(9) The decision of the hearing officer pursuant to Article 24A of this Code or of the school board's decision to dismiss for cause is final unless reviewed as provided in Section 24-16 of this Act. If the school board's decision to dismiss for cause is contrary
to the hearing officer's recommendation, the court on review shall
give consideration to the school board's decision and its
supplemental findings of fact, if applicable, and the hearing
officer's findings of fact and recommendation in making its
decision. In the event such review is instituted, the school board
shall be responsible for preparing and filing the record of
proceedings, and such costs associated therewith must be divided
equally between the parties.

(10) If a decision of the hearing officer for dismissal
pursuant to Article 24A of this Code or of the school board for
dismissal for cause is adjudicated upon review or appeal in favor of
the teacher, then the trial court shall order reinstatement and shall
remand the matter to the school board with direction for entry of an
order setting the amount of back pay, lost benefits, and costs, less
mitigation. The teacher may challenge the school board's order
setting the amount of back pay, lost benefits, and costs, less
mitigation, through an expedited arbitration procedure, with the
costs of the arbitrator borne by the school board.

Any teacher who is reinstated by any hearing or
adjudication brought under this Section shall be assigned by the
board to a position substantially similar to the one which that
teacher held prior to that teacher's suspension or dismissal.

(11) Subject to any later effective date referenced in this
Section for a specific aspect of the dismissal process, the changes
made by Public Act 97-8 shall apply to dismissals instituted on or
after September 1, 2011. Any dismissal instituted prior to
September 1, 2011 must be carried out in accordance with the
requirements of this Section prior to amendment by Public Act 97-
8.

(e) Nothing contained in this amendatory Act of the 98th General
Assembly repeals, supersedes, invalidates, or nullifies final decisions in
lawsuits pending on the effective date of this amendatory Act of the 98th
General Assembly in Illinois courts involving the interpretation of Public
Act 97-8.

expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly. "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 100-23 or this amendatory Act of the 100th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in

Section 5. The School Code is amended by changing Section 21B-40 as follows:

(105 ILCS 5/21B-40)

Sec. 21B-40. Fees.

(a) Beginning with the start of the new licensure system established pursuant to this Article, the following fees shall be charged to applicants:

(1) A $75 application fee for a Professional Educator License or an Educator License with Stipulations. However, beginning on January 1, 2015, the application fee for a Professional Educator License and Educator License with Stipulations shall be $100. Beginning on July 1, 2018, the license renewal fee for an Educator License with Stipulations with a paraprofessional educator endorsement shall be $25.

(1.5) A $50 application fee for a Substitute Teaching License. If the application for a Substitute Teaching License is made and granted after July 1, 2017, the licensee may apply for a
refund of the application fee within 18 months of issuance of the new license and shall be issued that refund by the State Board of Education if the licensee provides evidence to the State Board of Education that the licensee has taught pursuant to the Substitute Teaching License at least 10 full school days within one year of issuance.

(2) A $150 application fee for individuals who have not been entitled by an Illinois-approved educator preparation program at an Illinois institution of higher education and are seeking any of the licenses set forth in subdivision (1) of this subsection (a).

(3) A $50 application fee for each endorsement or approval an individual holding a license wishes to add to that license.

(4) A $10 per year registration fee for the course of the validity cycle to register the license, which shall be paid to the regional office of education having supervision and control over the school in which the individual holding the license is to be employed. If the individual holding the license is not yet employed, then the license may be registered in any county in this State. The registration fee must be paid in its entirety the first time the individual registers the license for a particular validity period in a single region. No additional fee may be charged for that validity period should the individual subsequently register the license in additional regions. An individual must register the license (i) immediately after initial issuance of the license and (ii) at the beginning of each renewal cycle if the individual has satisfied the renewal requirements required under this Code.

Beginning on July 1, 2017, at the beginning of each renewal cycle, individuals who hold a Substitute Teaching License may apply for a reimbursement of the registration fee within 18 months of renewal and shall be issued that reimbursement by the State Board of Education from funds appropriated for that purpose if the licensee provides evidence to the State Board of Education that the licensee has taught pursuant to the Substitute Teaching License at least 10 full school days within one year of renewal.

(b) All application fees paid pursuant to subdivisions (1) through (3) of subsection (a) of this Section shall be deposited into the Teacher Certificate Fee Revolving Fund and shall be used, subject to appropriation, by the State Board of Education to provide the technology and human resources necessary for the timely and efficient processing of applications.

A majority of the funds in the Teacher Certificate Fee Revolving Fund must be dedicated to the timely and efficient processing of applications and for the renewal of licenses. The Teacher Certificate Fee Revolving Fund is not subject to administrative charge transfers, authorized under Section 8h of the State Finance Act, from the Teacher Certificate Fee Revolving Fund into any other fund of this State, and moneys in the Teacher Certificate Fee Revolving Fund shall not revert back to the General Revenue Fund at any time.

The regional superintendent of schools shall deposit the registration fees paid pursuant to subdivision (4) of subsection (a) of this Section into the institute fund established pursuant to Section 3-11 of this Code.

(c) The State Board of Education and each regional office of education are authorized to charge a service or convenience fee for the use of credit cards for the payment of license fees. This service or convenience fee shall not exceed the amount required by the credit card processing company or vendor that has entered into a contract with the State Board or regional office of education for this purpose, and the fee must be paid to that company or vendor.

(d) If, at the time a certificate issued under Article 21 of this Code is exchanged for a license issued under this Article, a person has paid registration fees for any years of the validity period of the certificate and these years have not expired when the certificate is exchanged, then those fees must be applied to the registration of the new license.

Section 5. The Department of Transportation Law of the Civil Administrative Code of Illinois is amended by changing Section 2705-440 as follows:

(20 ILCS 2705/2705-440) (was 20 ILCS 2705/49.25h)
Sec. 2705-440. Intercity Rail Service.

(a) For the purposes of providing intercity railroad passenger service within this State and throughout the United States (or as part of service to cities in adjacent states), the Department is authorized to enter into agreements with any state, state agency, units of local government or political subdivisions, the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), architecture or engineering firms, the National Railroad Passenger Corporation, any carrier, any adjacent state (or political subdivision, corporation, or agency of an adjacent state), or any individual, corporation, partnership, or public or private entity. The cost related to such services shall be borne in such proportion as, by agreement or contract the parties may desire.

(b) In providing any intercity railroad passenger service as provided in this Section, the Department shall have the following additional powers:

(1) to enter into trackage use agreements with rail carriers;
(1.5) to freely lease or otherwise contract for any purpose any of the locomotives, passenger railcars, and other rolling stock equipment or accessions to any state or state agency, public or private entity, or quasi-public entities;
(2) to enter into haulage agreements with rail carriers;
(3) to lease or otherwise contract for use, maintenance, servicing, and repair of any needed locomotives, rolling stock, stations, or other facilities, the lease or contract having a term not to exceed 50 years (but any multi-year contract shall recite that the contract is subject to termination and cancellation, without any penalty, acceleration payment, or other recoupment mechanism, in
any fiscal year for which the General Assembly fails to make an adequate appropriation to cover the contract obligation); 

(4) to enter into management agreements;

(5) to include in any contract indemnification of carriers or other parties for any liability with regard to intercity railroad passenger service;

(6) to obtain insurance for any losses or claims with respect to the service;

(7) to promote the use of the service;

(8) to make grants to any body politic and corporate, any unit of local government, or the Commuter Rail Division of the Regional Transportation Authority to cover all or any part of any capital or operating costs of the service and to enter into agreements with respect to those grants;

(9) to set any fares or make other regulations with respect to the service, consistent with any contracts for the service; and

(10) to otherwise enter into any contracts necessary or convenient to provide rail services, operate or maintain locomotives, passenger railcars, and other rolling stock equipment or accessions, including the lease or use of such locomotives, railcars, equipment, or accessions the service.

(c) All service provided under this Section shall be exempt from all regulations by the Illinois Commerce Commission (other than for safety matters). To the extent the service is provided by the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), it shall be exempt from safety regulations of the Illinois Commerce Commission to the extent the Commuter Rail Division adopts its own safety regulations.

(d) In connection with any powers exercised under this Section, the Department

(1) shall not have the power of eminent domain; and

(2) shall not directly operate any railroad service with its own employees.

(e) Any contract with the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of the Division) under this Section shall provide that all costs in excess of revenue received by the Division generated from intercity rail service provided by the Division shall be fully borne by the Department, and no funds for operation of commuter rail service shall be used, directly or
indirectly, or for any period of time, to subsidize the intercity rail operation. If at any time the Division does not have sufficient funds available to satisfy the requirements of this Section, the Division shall forthwith terminate the operation of intercity rail service. The payments made by the Department to the Division for the intercity rail passenger service shall not be made in excess of those costs or as a subsidy for costs of commuter rail operations. This shall not prevent the contract from providing for efficient coordination of service and facilities to promote cost effective operations of both intercity rail passenger service and commuter rail services with cost allocations as provided in this paragraph.

(f) Whenever the Department enters into an agreement with any carrier, state or state agency, any public or private entity, or quasi-public entity for either the Department's payment of such railroad required maintenance expenses necessary for intercity passenger service or for the lease or use of locomotives, passenger railcars, and other rolling stock equipment or accessions, the Department may deposit such required maintenance funds, use fees, or rental payments into any escrow account. For purposes of this subsection, an escrow account means any fiduciary account established with (i) any banking corporation which is both organized under the Illinois Banking Act and authorized to accept and administer trusts in this State, or (ii) any national banking association which has its principal place of business in this State and which also is authorized to accept and administer trusts in this State. The funds in any required maintenance escrow account may be withdrawn by the carrier or entity in control of the railroad being maintained, only with the consent of the Department, pursuant to a written maintenance agreement and pursuant to a maintenance plan that shall be updated each year. Funds in an escrow account holding lease, use fees, or rental payments may be withdrawn by the Department to be used or expended on acquisition, offsets, overhaul fees, or costs of locomotives, railcars, equipment or accessions, including any future equipment purchase, expenses, fees, or costs, or any other purpose permitted or required by the escrow agreement or any other agreement regarding disbursement of funds. The moneys deposited in the escrow accounts shall be invested and reinvested, pursuant to the direction of the Department, in bonds and other interest bearing obligations of this State, or in such accounts, certificates, bills, obligations, shares, pools or other securities as are authorized for the investment of public funds under the Public Funds Investment Act. Escrow accounts created under this subsection shall not have terms that

exceed 20 years. At the end of the term of an escrow account, the remaining balance shall be deposited in the High-Speed Rail Rolling Stock Fund, a special fund that is created in the State Treasury. Moneys in the High-Speed Rail Rolling Stock Fund may be used for any purpose related to locomotives, passenger railcars, and other rolling stock equipment. (410 ILCS 70/2) (from Ch. 111 1/2, par. 87-2)

Sec. 2. Hospital and approved pediatric health care facility requirements for sexual assault plans.

(a) Every hospital required to be licensed by the Department pursuant to the Hospital Licensing Act, or operated under the University of Illinois Hospital Act that approved July 1, 1953, as now or hereafter approved July 1, 1953, as now or hereafter
amended, which provides general medical and surgical hospital services shall provide either (i) transfer services to all sexual assault survivors, or (ii) medical hospital emergency services and forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, in accordance with rules and regulations adopted by the Department, to all sexual assault survivors who apply for either (i) transfer services or (ii) hospital emergency services and forensic services in relation to injuries or trauma resulting from the sexual assault.

In addition, every such hospital, regardless of whether or not a request is made for reimbursement, shall submit to the Department a plan to provide either (i) transfer services to all sexual assault survivors, or (ii) medical hospital emergency services and forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older. Such plan shall be submitted within 60 days after receipt of the Department’s request for this plan, to the Department for approval prior to such plan becoming effective. The Department shall approve such plan for either (i) transfer services to all sexual assault survivors, or (ii) medical hospital emergency services and forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, if it finds that the implementation of the proposed plan would provide adequate (i) transfer services or (ii) medical hospital emergency services and forensic services for sexual assault survivors in accordance with the requirements of this Act and provide sufficient protections from the risk of pregnancy to sexual assault survivors.

The Department may not approve a sexual assault transfer plan unless a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors from the proposed transfer hospital and a transfer to the treatment hospital would not unduly burden the sexual assault survivor.

In counties with a population of less than 1,000,000, the Department may not approve a sexual assault transfer plan for a hospital located within a 20-mile radius of a 4-year public university, not including community colleges, unless there is a treatment hospital with a sexual assault treatment plan approved by the Department within a 20-mile radius of the 4-year public university.

A transfer must be in accordance with federal and State laws and local ordinances.

A treatment hospital with approved pediatric transfer must submit an areawide treatment plan under Section 3 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to pediatric sexual assault survivors transferred from the treatment hospital with approved pediatric transfer. The areawide treatment plan may also include an approved pediatric health care facility.

A transfer hospital must submit an areawide treatment plan under Section 3 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to all sexual assault survivors transferred from the transfer hospital. The areawide treatment plan may also include an approved pediatric health care facility.

Beginning January 1, 2019, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a of this Act, receive a minimum of 2 hours of sexual assault training by July 1, 2020 or until the treatment hospital or treatment hospital with approved pediatric transfer certifies to the Department, in a form and manner prescribed by the Department, that it employs or contracts with a qualified medical provider in accordance with subsection (a-7) of Section 5, whichever occurs first.

After July 1, 2020 or once a treatment hospital or a treatment hospital with approved pediatric transfer certifies compliance with subsection (a-7) of Section 5, whichever occurs first, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a of this Act, receive a minimum of 2 hours of continuing education on responding to sexual assault survivors every 2 years. The areawide treatment plan may also include a treatment hospital with approved pediatric transfer.

The Department shall review a proposed sexual assault treatment plan submitted by a pediatric health care facility within 60 days after receipt of the plan. If the Department finds that the proposed plan meets the minimum requirements set forth in Section 5 of this Act and that implementation of the proposed plan would provide medical forensic services for pediatric sexual assault survivors, then the Department shall approve the plan. If the Department does not approve a plan, then the Department shall notify the pediatric health care facility that the proposed plan has not been approved. The pediatric health care facility shall have 30 days to submit a revised plan. (7) has lighting that is part of the sign itself or is lit with a dedicated light that fully illuminates the sign.

A copy of the proposed sign must be submitted to the Department and approved as part of the approved pediatric health care facility's sexual assault treatment plan.

(c) Each treatment hospital, treatment hospital with approved pediatric transfer, and approved pediatric health care facility must enter into a memorandum of understanding with a rape crisis center for medical advocacy services, if these services are available to the treatment hospital, treatment hospital with approved pediatric transfer, or approved pediatric health care facility.    (C) declined by (i) all sexual assault survivors and (ii) pediatric sexual assault survivors.

This information shall be made available on the Department's website.

The Department shall periodically conduct on site reviews of such approved plans with hospital personnel to insure that the established procedures are being followed.

Sec. 5.3. Pediatric sexual assault care.
(a) The General Assembly finds:

1. Pediatric sexual assault survivors can suffer from a wide range of health problems across their life span. In addition to immediate health issues, such as sexually transmitted infections, physical injuries, and psychological trauma, child sexual abuse victims are at greater risk for a plethora of adverse psychological and somatic problems into adulthood in contrast to those who were not sexually abused.

2. Sexual abuse against the pediatric population is distinct, particularly due to their dependence on their caregivers and the ability of perpetrators to manipulate and silence them (especially when the perpetrators are family members or other adults trusted by, or with power over, children). Sexual abuse is
often hidden by perpetrators, unwitnessed by others, and may leave no obvious physical signs on child victims.

(3) Pediatric sexual assault survivors throughout the State should have access to qualified medical providers who have received specialized training regarding the care of pediatric sexual assault survivors within a reasonable distance from their home.

(4) There is a need in Illinois to increase the number of qualified medical providers available to provide medical forensic services to pediatric sexual assault survivors.

(b) If a medically stable pediatric sexual assault survivor presents at a transfer hospital or treatment hospital with approved pediatric transfer that has a plan approved by the Department requesting medical forensic services, then the hospital emergency department staff shall contact an approved pediatric health care facility, if one is designated in the hospital’s plan.

If the transferring hospital confirms that medical forensic services can be initiated within 90 minutes of the patient’s arrival at the approved pediatric health care facility following an immediate transfer, then the hospital emergency department staff shall notify the patient and non-offending parent or legal guardian that the patient will be transferred for medical forensic services and shall provide the patient and non-offending parent or legal guardian the option of being transferred to the approved pediatric health care facility or the treatment hospital designated in the hospital’s plan. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

If medical forensic services cannot be initiated within 90 minutes of the patient’s arrival at the approved pediatric health care facility, there is no approved pediatric health care facility designated in the hospital’s plan, or the patient or non-offending parent or legal guardian chooses to be transferred to a treatment hospital, the hospital emergency department staff shall contact a treatment hospital designated in the hospital’s plan to arrange for the transfer of the patient to the treatment hospital for medical forensic services, which are to be initiated within 90 minutes of the patient’s arrival at the treatment hospital. The treatment hospital shall provide medical forensic services and may not transfer the patient to another facility. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

(c) If a medically stable pediatric sexual assault survivor presents at a treatment hospital that has a plan approved by the Department
requesting medical forensic services, then the hospital emergency department staff shall contact an approved pediatric health care facility, if one is designated in the treatment hospital's areawide treatment plan.

If medical forensic services can be initiated within 90 minutes after the patient's arrival at the approved pediatric health care facility following an immediate transfer, the hospital emergency department staff shall provide the patient and non-offending parent or legal guardian the option of having medical forensic services performed at the treatment hospital or at the approved pediatric health care facility. If the patient or non-offending parent or legal guardian chooses to be transferred, the pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

If medical forensic services cannot be initiated within 90 minutes after the patient's arrival to the approved pediatric health care facility, there is no approved pediatric health care facility designated in the hospital's plan, or the patient or non-offending parent or legal guardian chooses not to be transferred, the hospital shall provide medical forensic services to the patient.

(d) If a pediatric sexual assault survivor presents at an approved pediatric health care facility requesting medical forensic services or the facility is contacted by law enforcement or the Department of Children and Family Services requesting medical forensic services for a pediatric sexual assault survivor, the services shall be provided at the facility if the medical forensic services can be initiated within 90 minutes after the patient's arrival at the facility. If medical forensic services cannot be initiated within 90 minutes after the patient's arrival at the facility, then the patient shall be transferred to a treatment hospital designated in the approved pediatric health care facility's plan for medical forensic services. The pediatric sexual assault survivor may be transported by ambulance, law enforcement, or personal vehicle.

Sec. 5.4. Out-of-state hospitals.

(a) Nothing in this Section shall prohibit the transfer of a patient in need of medical services from a hospital that has been designated as a trauma center by the Department in accordance with Section 3.90 of the Emergency Medical Services (EMS) Systems Act.

(b) A transfer hospital, treatment hospital with approved pediatric transfer, or approved pediatric health care facility may transfer a sexual assault survivor to an out-of-state hospital that has been designated as a trauma center.
trauma center by the Department under Section 3.90 of the Emergency Medical Services (EMS) Systems Act if the out-of-state hospital: (1) submits an areawide treatment plan approved by the Department; and (2) has certified the following to the Department in a form and manner prescribed by the Department that the out-of-state hospital will:

(i) consent to the jurisdiction of the Department in accordance with Section 2.06 of this Act;

(ii) comply with all requirements of this Act applicable to treatment hospitals, including, but not limited to, offering evidence collection to any Illinois sexual assault survivor who presents with a complaint of sexual assault within a minimum of the last 7 days or who has disclosed past sexual assault by a specific individual and was in the care of that individual within a minimum of the last 7 days and not billing the sexual assault survivor for medical forensic services or 90 days of follow-up healthcare;

(iii) use an Illinois State Police Sexual Assault Evidence Collection Kit to collect forensic evidence from an Illinois sexual assault survivor;

(iv) ensure its staff cooperates with Illinois law enforcement agencies and are responsive to subpoenas issued by Illinois courts; and

(v) provide appropriate transportation upon the completion of medical forensic services back to the transfer hospital or treatment hospital with pediatric transfer where the sexual assault survivor initially presented seeking medical forensic services, unless the sexual assault survivor chooses to arrange his or her own transportation.

(c) Subsection (b) of this Section is inoperative on and after January 1, 2024.

Such standards shall include, but not be limited to, a uniform system for recording results of medical examinations and all diagnostic tests performed in connection therewith to determine the condition and necessary treatment of sexual assault survivors, which results shall be preserved in a confidential manner as part of the hospital's or approved pediatric health care facility's hospital record of the sexual assault survivor.

(a-5) (Blank).

(b) The Illinois State Police shall administer a program to train personnel participating in the sexual assault evidence collection program, in the correct use and application of the sexual assault evidence collection kits. A sexual assault nurse examiner may conduct examinations using the sexual assault evidence collection kits, without the presence or participation of a physician. The Department shall cooperate with the Illinois State Police in this program as it pertains to medical aspects of the evidence collection.

(c) (Blank). Sec. 6.5. Written consent to the release of sexual assault evidence for testing.

(a) Upon the completion of medical hospital emergency services and forensic services, the health care professional providing the medical forensic services shall provide the patient the opportunity to sign a written consent to allow law enforcement to submit the sexual assault evidence for testing, if collected. The written consent shall be on a form included in the sexual assault evidence collection kit and posted on the Illinois State Police website. The consent form shall include whether the survivor consents to the release of information about the sexual assault to law enforcement.

(1) A survivor 13 years of age or older may sign the written consent to release the evidence for testing.

(2) If the survivor is a minor who is under 13 years of age, the written consent to release the sexual assault evidence for testing may be signed by the parent, guardian, investigating law enforcement officer, or Department of Children and Family Services.

(3) If the survivor is an adult who has a guardian of the person, a health care surrogate, or an agent acting under a health care power of attorney, the consent of the guardian, surrogate, or agent is not required to release evidence and information concerning the sexual assault or sexual abuse. If the adult is unable to provide consent for the release of evidence and information and a guardian, surrogate, or agent under a health care power of attorney is unavailable or unwilling to release the information, then an investigating law enforcement officer may authorize the release.

(4) Any health care professional or, including any physician, advanced practice registered nurse, physician assistant, or nurse, sexual assault nurse examiner, and any health care institution, including any hospital or approved pediatric health care facility, who provides evidence or information to a law enforcement officer under a written consent as specified in this Section is immune from any civil or professional liability that might arise from those actions, with the exception of willful or wanton misconduct. The petitioner's name shall also be obliterated from the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but any index issued by the circuit court clerk before the entry of the order to seal shall not be affected.

(M) "Terminate" as it relates to a sentence or order of supervision or qualified probation includes either satisfactory or unsatisfactory termination of the sentence, unless otherwise specified in this Section. A sentence is terminated notwithstanding any outstanding financial legal obligation.
(2) Minor Traffic Offenses. Orders of supervision or convictions for minor traffic offenses shall not affect a petitioner's eligibility to expunge or seal records pursuant to this Section.

(2.5) Commencing 180 days after July 29, 2016 (the effective date of Public Act 99-697), the law enforcement agency issuing the citation shall automatically expunge, on or before January 1 and July 1 of each year, the law enforcement records of a person found to have committed a civil law violation of subsection (a) of Section 4 of the Cannabis Control Act or subsection (c) of Section 3.5 of the Drug Paraphernalia Control Act in the law enforcement agency's possession or control and which contains the final satisfactory disposition which pertain to the person issued a citation for that offense. (B) the sealing or expungement of records of minor traffic offenses (as defined in subsection (a)(1)(G)), unless the petitioner was arrested and released without charging.

(1) A petitioner may petition the circuit court to expunge the records of his or her arrests and charges not initiated by arrest when each arrest or charge not initiated by arrest sought to be expunged resulted in: (i) acquittal, dismissal, or the petitioner's release without charging, unless excluded by subsection (a)(3)(B); (ii) a conviction which was vacated or reversed, unless excluded by
subsection (a)(3)(B); (iii) an order of supervision and such supervision was successfully completed by the petitioner, unless excluded by subsection (a)(3)(A) or (a)(3)(B); or (iv) an order of qualified probation (as defined in subsection (a)(1)(J)) and such probation was successfully completed by the petitioner.

(1.5) When a petitioner seeks to have a record of arrest expunged under this Section, and the offender has been convicted of a criminal offense, the State's Attorney may object to the expungement on the grounds that the records contain specific relevant information aside from the mere fact of the arrest.

(2) Time frame for filing a petition to expunge.

(A) When the arrest or charge not initiated by arrest sought to be expunged resulted in an acquittal, dismissal, the petitioner's release without charging, or the reversal or vacation of a conviction, there is no waiting period to petition for the expungement of such records.

(B) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of supervision, successfully completed by the petitioner, the following time frames will apply:

(i) Those arrests or charges that resulted in orders of supervision under Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance, or under Section 11-1.50, 12-3.2, or 12-15 of the Criminal Code of 1961 or the Criminal Code of 2012, or a similar provision of a local ordinance, shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the supervision.

for expungement until the petitioner has reached the age of 25 years.

(ii) Those arrests or charges that resulted in orders of supervision for any other offenses shall not be eligible for expungement until 2 years have passed following the satisfactory termination of the supervision.

(C) When the arrest or charge not initiated by arrest sought to be expunged resulted in an order of qualified probation, successfully completed by the petitioner, such records shall not be eligible for expungement until 5 years have passed following the satisfactory termination of the probation.

(3) Those records maintained by the Department for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(4) Whenever a person has been arrested for or convicted of any offense, in the name of a person whose identity he or she has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the person having been arrested using his or her identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the Chief Judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Department, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his or her name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the circuit court clerk shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used.

New matter indicated by italics - deletions by strikeout
(5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the petitioner's trial to have a court order entered to seal the records of the circuit court clerk in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the circuit court clerk in connection with the proceedings of the trial court concerning the offense available for public inspection.

(6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the petitioner was factually innocent of the charge, the court that finds the petitioner factually innocent of the charge shall enter an expungement order for the conviction for which the petitioner has been determined to be innocent as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(7) Nothing in this Section shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 5-6-3.3 or 5-6-3.4 of the Unified Code of Corrections, Section 12-4.3 or subdivision (b)(1) of Section 12-3.05 of the Criminal Code of 1961 or the Criminal Code of 2012, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act.

(8) If the petitioner has been granted a certificate of innocence under Section 2-702 of the Code of Civil Procedure, the court that grants the certificate of innocence shall also enter an order expunging the conviction for which the petitioner has been
determined to be innocent as provided in subsection (h) of Section 2-702 of the Code of Civil Procedure.

(c) Sealing.

(1) Applicability. Notwithstanding any other provision of this Act to the contrary, and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults. Subsection (g) of this Section provides for immediate sealing of certain records.

(2) Eligible Records. The following records may be sealed:

(A) All arrests resulting in release without charging;
(B) Arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, except as excluded by subsection (a)(3)(B);
(C) Arrests or charges not initiated by arrest resulting in orders of supervision, including orders of supervision for municipal ordinance violations, successfully completed by the petitioner, unless excluded by subsection (a)(3);

(F) Arrests or charges not initiated by arrest resulting in felony convictions unless otherwise excluded by subsection (a) paragraph (3) of this Section.

(3) When Records Are Eligible to Be Sealed. Records identified as eligible under subsection (c)(2) may be sealed as follows:

(A) Records identified as eligible under subsection (c)(2)(A) and (c)(2)(B) may be sealed at any time.

Convictions requiring public registration under the Arsonist Registration Act, the Sex Offender Registration Act, or the Murderer and Violent Offender Against Youth Registration Act may not be sealed until the petitioner is no longer required to register under that relevant Act.

(D) Records identified in subsection (a)(3)(A)(iii) may be sealed after the petitioner has reached the age of 25 years.

(E) Records identified as eligible under subsections (c)(2)(C), (c)(2)(D), (c)(2)(E), or (c)(2)(F) may be sealed upon termination of the petitioner's last sentence if the petitioner earned a high school diploma, associate's degree, career certificate, vocational technical certification, or bachelor's degree, or passed the high school level Test of General Educational Development, during the period of his or her sentence, aftercare release, or mandatory supervised release. This subparagraph shall apply only to a petitioner who has not completed the same educational goal prior to the period of his or her sentence, aftercare release, or mandatory supervised release. (4) Subsequent felony convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (c) if he or she is convicted of any felony offense after the date of the sealing of prior felony convictions as provided in this subsection (c). The court may, upon conviction for a

subsequent felony offense, order the unsealing of prior felony conviction records previously ordered sealed by the court.

(5) Notice of eligibility for sealing. Upon entry of a disposition for an eligible record under this subsection (c), the petitioner shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(d) Procedure. The following procedures apply to expungement under subsections (b), (e), and (e-6) and sealing under subsections (c) and (e-5):

(1) Filing the petition. Upon becoming eligible to petition for the expungement or sealing of records under this Section, the petitioner shall file a petition requesting the expungement or sealing of records with the clerk of the court where the arrests occurred or the charges were brought, or both. If arrests occurred or charges were brought in multiple jurisdictions, a petition must be filed in each such jurisdiction. The petitioner shall pay the applicable fee, except no fee shall be required if the petitioner has obtained a court order waiving fees under Supreme Court Rule 298 or it is otherwise waived.

(1.5) County fee waiver pilot program. In a county of 3,000,000 or more inhabitants, no fee shall be required to be paid by a petitioner if the records sought to be expunged or sealed were arrests resulting in release without charging or arrests or charges not initiated by arrest resulting in acquittal, dismissal, or conviction when the conviction was reversed or vacated, unless excluded by subsection (a)(3)(B). The provisions of this paragraph (1.5), other than this sentence, are inoperative on and after January 1, 2019 or one year after January 1, 2017 (the effective date of Public Act 99-881), whichever is later.

(2) Contents of petition. The petition shall be verified and shall contain the petitioner's name, date of birth, current address and, for each arrest or charge not initiated by arrest sought to be sealed or expunged, the case number, the date of arrest (if any), the identity of the arresting authority, and such other information as the court may require. During the pendency of the proceeding, the petitioner shall promptly notify the circuit court clerk of any change of his or her address. If the petitioner has received a certificate of eligibility for sealing from the Prisoner Review Board under paragraph (10) of subsection (a) of Section 3-3-2 of the

New matter indicated by italics - deletions by strikeout
Unified Code of Corrections, the certificate shall be attached to the petition.

(3) Drug test. The petitioner must attach to the petition proof that the petitioner has passed a test taken within 30 days before the filing of the petition showing the absence within his or her body of all illegal substances as defined by the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, and the Cannabis Control Act if he or she is petitioning to:

- (A) seal felony records under clause (c)(2)(E);
- (B) seal felony records for a violation of the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Cannabis Control Act under clause (c)(2)(F);
- (C) seal felony records under subsection (e-5); or
- (D) expunge felony records of a qualified probation under clause (b)(1)(iv).

(4) Service of petition. The circuit court clerk shall promptly serve a copy of the petition and documentation to support the petition under subsection (e-5) or (e-6) on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting agency and the chief legal officer of the unit of local government effecting the arrest.

(5) Objections.

- (A) Any party entitled to notice of the petition may file an objection to the petition. All objections shall be in writing, shall be filed with the circuit court clerk, and shall state with specificity the basis of the objection. Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, an objection to the petition may not be filed.
- (B) Objections to a petition to expunge or seal must be filed within 60 days of the date of service of the petition.

(6) Entry of order.

- (A) The Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the petitioner's trial,
if any, shall rule on the petition to expunge or seal as set forth in this subsection (d)(6).

(B) Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency, or the chief legal officer files an objection to the petition to expunge or seal within 60 days from the date of service of the petition, the court shall enter an order granting or denying the petition.

(C) Notwithstanding any other provision of law, the court shall not deny a petition for sealing under this Section because the petitioner has not satisfied an outstanding legal financial obligation established, imposed, or originated by a court, law enforcement agency, or a municipal, State, county, or other unit of local government, including, but not limited to, any cost, assessment, fine, or fee. An outstanding legal financial obligation does not include any court ordered restitution to a victim under Section 5-5-6 of the Unified Code of Corrections, unless the restitution has been converted to a civil judgment. Nothing in this subparagraph (C) waives, rescinds, or abrogates a legal financial obligation or otherwise eliminates or affects the right of the holder of any financial obligation to pursue collection under applicable federal, State, or local law.

(7) Hearings. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and all parties entitled to notice of the petition of the hearing date at least 30 days prior to the hearing. Prior to the hearing, the State's Attorney shall consult with the Department as to the appropriateness of the relief sought in the petition to expunge or seal. At the hearing, the court shall hear evidence on whether the petition should or should not be granted, and shall grant or deny the petition to expunge or seal the records based on the evidence presented at the hearing. The court may consider the following:

(A) the strength of the evidence supporting the defendant's conviction;
(B) the reasons for retention of the conviction records by the State;
(C) the petitioner's age, criminal record history, and employment history;

New matter indicated by italics - deletions by strikeout
(D) the period of time between the petitioner's arrest on the charge resulting in the conviction and the filing of the petition under this Section; and

From January 1, 2018 until January 1, 2022, the Director of Agriculture or his or her authorized agent shall not publish notice announcing the disqualification of such stallion or his foals on the basis that a stallion owner, manager, or person associated with him or her has knowingly participated in the arrangements for transporting semen from a standardbred stallion registered under this Act out of State. A credit union providing information in accordance with this item shall not be liable to any account holder or other person for any disclosure of information to a State agency, for encumbering or surrendering any assets held by the credit union in response to a lien or order to withhold and deliver issued by a State agency, or for any other action taken pursuant to this item, including individual or mechanical errors, provided the action does not constitute gross negligence or willful misconduct. (17) The furnishing of the financial records of a member to an appropriate law enforcement authority, without prior notice to or consent of the member, upon written request of the law enforcement authority, when reasonable suspicion of an imminent threat to the personal security and safety of the member exists that necessitates an expedited release of the member's financial records, as determined by the law enforcement authority. The law enforcement authority shall include a brief explanation of the imminent threat to the member in its written request to the credit union. The written request shall reflect that it has been authorized by a supervisory or managerial official of the law enforcement authority. The decision to furnish the financial records of a member to a law enforcement authority shall be made by a supervisory or managerial official of the credit union. In the case of a grand jury subpoena, a credit union shall not mail a copy of a subpoena to any person pursuant to this subsection if the subpoena was issued by a grand jury under the Statewide Grand Jury Act or notifying the person would constitute a violation of the federal Right to Financial Privacy Act of 1978.

(e)(1) Any officer or employee of a credit union who knowingly and wilfully furnishes financial records in violation of this Section is guilty of a business offense and upon conviction thereof shall be fined not more than $1,000.

(2) Any person who knowingly and wilfully induces or attempts to induce any officer or employee of a credit union to disclose financial records in violation of this Section is guilty of a business offense and upon conviction thereof shall be fined not more than $1,000.

The supervisory committee shall submit a report of that audit to the board of directors and a summary of that report to the members at the next annual meeting of the credit union. It shall make or cause to be made such supplementary audits as it deems necessary or as are required by the Secretary or by the board of directors, and submit reports of these supplementary audits to the Secretary or board of directors as applicable. If the supervisory committee has not engaged a licensed certified public accountant or licensed certified public accounting firm registered by the Department of Financial and Professional Regulation to make the internal audit, the supervisory committee or other officials of the credit union shall not indicate or in any manner imply that such audit has been performed by a licensed certified public accountant or licensed certified public accounting firm or that the audit represents the independent opinion of a licensed certified public accountant or licensed certified public accounting firm. The supervisory committee must retain its tapes and working papers of each internal audit for inspection by the Department. The report of this audit must be made on a form approved by the Secretary. A copy of the report must be promptly delivered to the Secretary.

(2) The supervisory committee shall make or cause to be made at least once each year a reasonable percentage verification of members' share and loan accounts, consistent with rules promulgated by the Secretary.

A copy of an external independent audit shall be completed and mailed to the Secretary no later than 90 days after December 31 of each year; provided that a credit union or group of credit unions may obtain an extension of the due date upon application to and receipt of written approval from the Secretary. If the annual internal audit of such a credit union is conducted by a public accountant registered by the Department of Financial and Professional Regulation and the annual internal audit is done in conjunction with the credit union's annual external audit, the requirements of subsection (1) of this Section shall be deemed met.

(C) The external independent audit report or agreed upon procedures report shall be completed and a copy thereof delivered to the Secretary no later than 120 days after the end of the calendar or fiscal year under audit or fiscal period for which the agreed upon procedures are performed. A credit union or group of credit unions may obtain an extension of the due date upon application to and receipt of written approval from the Secretary.

(D) If the credit union engages a licensed certified public accountant or licensed certified public accounting firm to perform an annual external independent audit of the credit union's financial statements pursuant to the standards in paragraph (A) of subsection (3) or an annual agreed upon procedures engagement pursuant to the standards in paragraph (B) of subsection (3), then the annual internal audit requirements of subsection (1) shall be deemed satisfied and met in all respects.

(4) In determining the appropriate balance in the allowance for loan losses account, a credit union may determine its historical loss rate using a defined period of time of less than 5 years, provided that:

(A) the methodology used to determine the defined period of time is formally documented in the credit union's policies and procedures and is appropriate to the credit union's size, business strategy, and loan portfolio characteristics and the economic environment of the areas and employers served by the credit union;

(B) supporting documentation is maintained for the technique used to develop the credit union loss rates, including the

period of time used to accumulate historical loss data and the factors considered in establishing the time frames; and

(C) the external auditor conducting the credit union's financial statement audit has analyzed the methodology employed by the credit union and concludes that the financial statements, including the allowance for loan losses, are fairly stated in all material respects in accordance with U.S. Generally Accepted Accounting Principles, as promulgated by the Financial Accounting Standards Board.

(5) A majority of the members of the supervisory committee shall constitute a quorum.

(6) On an annual basis commencing January 1, 2015, the members of the supervisory committee shall receive training related to their statutory duties. Supervisory committee members may receive the training through internal credit union training, external training offered by the credit union's retained auditors, trade associations, vendors, regulatory agencies, or any other sources or on-the-job experience, or a combination of those activities. Section 5. The Property Tax Code is amended by changing Section 10-5 and by adding Division 20 of Article 10 as follows:

(35 ILCS 200/10-5)

Sec. 10-5. Solar energy systems; definitions. It is the policy of this State that the use of solar energy systems should be encouraged because they conserve nonrenewable resources, reduce pollution and promote the health and well-being of the people of this State, and should be valued in relation to these benefits.

(a) "Solar energy" means radiant energy received from the sun at wave lengths suitable for heat transfer, photosynthetic use, or photovoltaic use.

(b) "Solar collector" means

(1) An assembly, structure, or design, including passive elements, used for gathering, concentrating, or absorbing direct and indirect solar energy, specially designed for holding a substantial amount of useful thermal energy and to transfer that energy to a gas, solid, or liquid or to use that energy directly; or

(2) A mechanism that absorbs solar energy and converts it into electricity; or

(3) A mechanism or process used for gathering solar energy through wind or thermal gradients; or

(4) A component used to transfer thermal energy to a gas, solid, or liquid, or to convert it into electricity.

(c) "Solar storage mechanism" means equipment or elements (such as piping and transfer mechanisms, containers, heat exchangers, or controls thereof, and gases, solids, liquids, or combinations thereof) that are utilized for storing solar energy, gathered by a solar collector, for subsequent use.

(d) "Solar energy system" means

(1)(A) A complete assembly, structure, or design of solar collector, or a solar storage mechanism, which uses solar energy

for generating electricity that is primarily consumed on the property on which the solar energy system resides, or for heating or cooling gases, solids, liquids, or other materials for the primary benefit of the property on which the solar energy system resides;

(B) The design, materials, or elements of a system and its maintenance, operation, and labor components, and the necessary components, if any, of supplemental conventional energy systems designed or constructed to interface with a solar energy system; and

(C) Any legal, financial, or institutional orders, certificates, or mechanisms, including easements, leases, and agreements, required to ensure continued access to solar energy, its source, or its use in a solar energy system, and including monitoring and educational elements of a demonstration project.

(A) Distribution equipment that is equally usable in a conventional energy system except for those components of the equipment that are necessary for meeting the requirements of efficient solar energy utilization; and

(B) Components of a solar energy system that serve structural, insulating, protective, shading, aesthetic, or other non-solar energy utilization purposes, as defined in the regulations of the Department of Commerce and Economic Opportunity; and

(C) A commercial solar energy system, as defined by this Code, in counties with fewer than 3,000,000 inhabitants.

(3) The solar energy system shall conform to the standards for those systems established by regulation of the Department of Commerce and Economic Opportunity.

Division 20. Commercial Solar Energy Systems

Sec. 10-720. Definitions. For the purpose of this Division 20:

"Allowance for physical depreciation" means (i) the actual age in years of the commercial solar energy system on the assessment date divided by 25 years, multiplied by (ii) its trended real property cost basis. The physical depreciation, however, may not reduce the value of the

New matter indicated by italics - deletions by strikeout
commercial solar energy system to less than 30% of its trended real property cost basis.

"Commercial solar energy system" means any device or assembly of devices that (i) is ground installed and (ii) uses solar energy from the sun for generating electricity for the primary purpose of wholesale or retail sale and not primarily for consumption on the property on which the device or devices reside.

"Commercial solar energy system real property cost basis" means the owner of a commercial solar energy system's interest in the land within the project boundaries and real property improvements and shall be calculated at $218,000 per megawatt of nameplate capacity. For the purposes of this Section, "nameplate capacity" has the same definition as found in Section 1-10 of the Illinois Power Agency Act.

"Ground installed" means the installation of a commercial solar energy system, with the primary purpose of solar energy generation for wholesale or retail sale, on a parcel or tract of land.

"Trended real property cost basis" means the commercial solar energy system real property cost basis multiplied by the trending factor.

(35 ILCS 200/10-725 new)

Sec. 10-725. Improvement valuation of commercial solar energy systems in counties with fewer than 3,000,000 inhabitants. Beginning in assessment year 2018, the fair cash value of commercial solar energy system improvements in counties with fewer than 3,000,000 inhabitants shall be determined by subtracting the allowance for physical depreciation from the trended real property cost basis. Functional obsolescence and external obsolescence of the solar energy device may further reduce the fair cash value of the commercial solar energy system improvements, to the extent they are proved by the taxpayer by clear and convincing evidence.

(35 ILCS 200/10-735 new)

Sec. 10-735. Commercial solar energy systems not subject to equalization. Commercial solar energy systems assessable under this Division are not subject to equalization factors applied by the Department or any board of review, assessor, or chief county assessment officer.

The owner of the ground installed commercial solar energy system shall deliver a copy of the survey to the chief county assessment officer and to the owner of the land upon which the ground installed commercial solar energy system is constructed. Upon receiving a copy of the survey and an agreed acknowledgement to the separate parcel identification number by the owner of the land upon which the ground installed commercial solar energy system is constructed, the chief county assessment officer shall issue a separate parcel identification for the real property improvements, including the land containing the ground installed commercial solar energy system, to be used only for the purposes of property assessment for taxation. (b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher educator licensure, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110). Eligible applicants may not seek a waiver or seek a modification of a mandate regarding the requirements for (i) student performance data to be a significant factor in teacher or principal evaluations or (ii) teachers and principals to be rated using the 4 categories of "excellent", "proficient", "needs improvement", or "unsatisfactory". On September 1, 2014, any previously authorized waiver or modification from such requirements shall terminate.

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f-5 of this Code may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or...
programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held.

(c-5) If the applicant is a school district, then the district shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the district is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the district will request. All school districts must publish a notice of the public hearing at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. Districts requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the district will request. If the applicant is a joint agreement or regional superintendent, then the joint agreement or regional superintendent shall post information that sets forth the time, date, place, and general subject matter of the public hearing on its Internet website at least 14 days prior to the hearing. If the joint agreement or regional superintendent is requesting to increase the fee charged for driver education authorized pursuant to Section 27-24.2 of this Code, the website information shall include the proposed amount of the fee the applicant will request. Joint agreements or regional superintendents requesting to increase the fee charged for driver education shall include in the published notice the proposed amount of the fee the applicant will request. The eligible applicant must notify either

electronically or in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Except with respect to contracting for adaptive driver education, an eligible applicant wishing to request a modification or waiver of administrative rules of the State Board of Education regarding contracting with a commercial driver training school to provide the course of study authorized under Section 27-24.2 of this Code must provide evidence with its application that the commercial driver training school with which it will contract holds a license issued by the Secretary of State under Article IV of Chapter 6 of the Illinois Vehicle Code and that each instructor employed by the commercial driver training school to provide instruction to students served by the school district holds a valid teaching certificate or teaching license, as applicable, issued under the requirements of this Code and rules of the State Board of Education. Such evidence must include, but need not be limited to, a list of each instructor assigned to teach students served by the school district, which list shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license number. If the modification or waiver is granted, then the eligible applicant shall notify the State Board of Education of any changes in the personnel providing instruction within 15 calendar days after an instructor leaves the program or a new instructor is hired. Such notification shall include the instructor's name, personal identification number as required by the State Board of Education, birth date, and driver's license number. If a school district maintains an Internet website, then the district shall post a copy of the final contract between the district and the commercial driver training school on the district's Internet website. If no Internet website exists, then the district shall make available the contract upon request. A

record of all materials in relation to the application for contracting must be maintained by the school district and made available to parents and guardians upon request. The instructor's date of birth and driver's license number and any other personally identifying information as deemed by the federal Driver's Privacy Protection Act of 1994 must be redacted from any public materials. Following receipt of the waiver or modification request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly

disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

An approved waiver from or modification to a physical education mandate may remain in effect for a period not to exceed 2 school years and may be renewed no more than 2 times upon application by the eligible applicant. An approved waiver from or modification to a physical education mandate may be changed within the 2-year period by the board or regional superintendent of schools, whichever is applicable, following the procedure set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

The Board shall be empowered to utilize monies from their General Corporate Fund to effectuate the intent of this Act.

The Board is authorized by ordinance to require the registration and may require microchipping of dogs and cats. The Board shall impose an individual dog or cat registration fee with a minimum differential of $10 for intact dogs or cats. Ten dollars of the differential shall be placed either in a county animal population control fund or in the State’s Pet Population Control Fund. All persons selling dogs or cats or keeping registries of dogs or cats shall cooperate and provide information to the Administrator as required by Board ordinance, including sales, number of litters, and ownership of dogs and cats. If microchips are required, the microchip number may serve as the county animal control registration number.

In obtaining information required to implement this Act, the Department shall have power to subpoena and bring before it any person in this State and to take testimony either orally or by deposition, or both,

Sec. 10. Impoundment; redemption. When dogs or cats are apprehended and impounded, they must be scanned for the presence of a microchip and examined for other currently acceptable methods of identification, including, but not limited to, identification tags, tattoos, and rabies license tags. of not less than 7 business days to the owner, agent, or caretaker prior to disposal of the animal. Such notice shall be mailed to the last known address of the owner, agent, or caretaker. Testimony of the Administrator, or his or her authorized agent, who mails such notice shall be evidence of the receipt of such notice by the owner, agent, or caretaker of the animal. A mailed notice shall remain the primary means of owner, agent, or caretaker contact; however, the Administrator shall also attempt to contact the owner, agent, or caretaker by any other contact information, such as by telephone or email address, provided by the microchip or other method of identification found on the dog or cat. If the dog or cat has been microchipped and the primary contact listed by the chip manufacturer cannot be located or refuses to reclaim the dog or cat, an attempt shall be made to contact any secondary contacts listed by the chip manufacturer prior to adoption, transfer, or euthanization. Prior to transferring the dog or cat to another humane shelter, pet store, rescue group, or euthanization, the dog or cat shall be scanned again for the presence of a microchip and examined for other means of identification. If a second scan provides the same identifying information as the initial intake scan and the owner, agent, or caretaker has not been located or refuses to reclaim the dog or cat, the animal control facility may proceed with the adoption, transfer, or euthanization.

In case the owner, agent, or caretaker of any impounded dog or cat desires to make redemption thereof, he or she may do so by doing the following:

a. Presenting proof of current rabies inoculation and registration, if applicable.

b. Paying for the rabies inoculation of the dog or cat and registration, if applicable.

c. Paying the pound for the board of the dog or cat for the period it was impounded.

d. Paying into the Animal Control Fund an additional impoundment fee as prescribed by the Board as a penalty for the first offense and for each subsequent offense.

e. Paying a $25 public safety fine to be deposited into the county animal control fund or the county pet population control fund; the fine shall be waived if it is the dog's or cat's first impoundment and the owner, agent, or caretaker has the animal spayed or neutered within 14 days.

New matter indicated by italics - deletions by strikeout
f. Paying for microchipping and registration if not already done.

The payments required for redemption under this Section shall be in addition to any other penalties invoked under this Act and the Illinois Public Health and Safety Animal Population Control Act. An animal control agency shall assist and share information with the Director of Public Health in the collection of public safety fines.

At the end of the confinement period, the animal shall be examined by a licensed veterinarian, inoculated against rabies, if eligible, and microchipped, if the dog or cat has not been already, at the expense of the owner. The veterinarian shall submit a written report listing the owner's name, address, dates of confinement, dates of examination, species, breed, description, age, sex, and microchip number of the animal to the Administrator advising him or her of the clinical condition and the final disposition of the animal on appropriate forms approved by the Department. The Administrator shall notify the person who has been bitten, and in the case of confirmed rabies in the animal, the attending physician or responsible health agency advising of the clinical condition of the animal.

(a-10) When the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator or his or her authorized representative receives information that a person has been bitten by an animal and evidence is presented that the animal at the time the bite occurred was inoculated against rabies within the time prescribed by law, the animal may be confined in a house, or in a manner which will prohibit the animal from biting a person, if the Administrator, Deputy Administrator, or his or her authorized representative determines the confinement satisfactory. The confinement shall be for a period of not less than 10 days from the date the bite occurred and shall continue until the animal has been examined and released from confinement by a licensed veterinarian. The Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator may instruct the owner, agent, or caretaker to have the animal examined by a licensed veterinarian immediately. (a-20) It is unlawful for the owner of the animal to conceal the whereabouts, euthanize, sell, give away, or otherwise dispose of any animal known to have bitten a person, until it is examined and released from confinement by the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator, or licensed veterinarian. (510 ILCS 5/15) (from Ch. 8, par. 365)

Sec. 15. (a) In order to have a dog deemed "vicious", the Administrator, Deputy Administrator, or law enforcement officer must give notice of the infraction that is the basis of the investigation to the owner, conduct a thorough investigation, interview any witnesses, including the owner, gather any existing medical records, veterinary medical records or behavioral evidence, and make a detailed report recommending a finding that the dog is a vicious dog and give the report to the State's Attorney's Office and the owner. The Administrator, State's Attorney, Director or any citizen of the county in which the dog exists may file a complaint in the circuit court in the name of the People of the State of Illinois to deem a dog to be a vicious dog. Testimony of a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert may be relevant to the court's determination of whether the dog's behavior was justified. The petitioner must prove the dog is a vicious dog by clear and convincing evidence. The Administrator shall

determine where the animal shall be confined during the pendency of the case.

A dog may not be declared vicious if the court determines the conduct of the dog was justified because:

(1) the threat, injury, or death was sustained by a person who at the time was committing a crime or offense upon the owner or custodian of the dog, or was committing a willful trespass or other tort upon the premises or property owned or occupied by the owner of the animal;

(2) the injured, threatened, or killed person was abusing, assaulting, or physically threatening the dog or its offspring, or has in the past abused, assaulted, or physically threatened the dog or its offspring; or

(3) the dog was responding to pain or injury, or was protecting itself, its owner, custodian, or member of its household, kennel, or offspring.

No dog shall be deemed "vicious" if it is a professionally trained dog for law enforcement or guard duties. Vicious dogs shall not be classified in a manner that is specific as to breed.

If the burden of proof has been met, the court shall deem the dog to be a vicious dog.

If a dog is found to be a vicious dog, the owner shall pay a $100 public safety fine to be deposited into the *county animal control fund Pet Population Control Fund*, the dog shall be spayed or neutered within 10 days of the finding at the expense of its owner and microchipped, if not already, and the dog is subject to enclosure. If an owner fails to comply with these requirements, the animal control agency shall impound the dog and the owner shall pay a $500 fine plus impoundment fees to the animal control agency impounding the dog. The judge has the discretion to order a vicious dog be euthanized. A dog found to be a vicious dog shall not be released to the owner until the Administrator, an Animal Control Warden, or the Director approves the enclosure. No owner or keeper of a vicious dog shall sell or give away the dog without approval from the Administrator or court. Whenever an owner of a vicious dog relocates, he or she shall notify both the Administrator of County Animal Control where he or she has relocated and the Administrator of County Animal Control where he or she formerly resided.

(b) It shall be unlawful for any person to keep or maintain any dog which has been found to be a vicious dog unless the dog is kept in an

New matter indicated by italics - deletions by strikeout
enclosure. The only times that a vicious dog may be allowed out of the enclosure are (1) if it is necessary for the owner or keeper to obtain veterinary care for the dog, (2) in the case of an emergency or natural disaster where the dog's life is threatened, or (3) to comply with the order of a court of competent jurisdiction, provided that the dog is securely muzzled and restrained with a leash not exceeding 6 feet in length, and shall be under the direct control and supervision of the owner or keeper of the dog or muzzled in its residence.

Any dog which has been found to be a vicious dog and which is not confined to an enclosure shall be impounded by the Administrator, an Animal Control Warden, or the law enforcement authority having jurisdiction in such area.

If the owner of the dog has not appealed the impoundment order to the circuit court in the county in which the animal was impounded within 15 working days, the dog may be euthanized.

Upon filing a notice of appeal, the order of euthanasia shall be automatically stayed pending the outcome of the appeal. The owner shall bear the burden of timely notification to animal control in writing.

Guide dogs for the blind or hearing impaired, support dogs for persons with physical disabilities, accelerant detection dogs, and sentry, guard, or police-owned dogs are exempt from this Section; provided, an attack or injury to a person occurs while the dog is performing duties as expected. To qualify for exemption under this Section, each such dog shall be currently inoculated against rabies in accordance with Section 8 of this Act. It shall be the duty of the owner of such exempted dog to notify the Administrator of changes of address. In the case of a sentry or guard dog, the owner shall keep the Administrator advised of the location where such dog will be stationed. The Administrator shall provide police and fire departments with a categorized list of such exempted dogs, and shall promptly notify such departments of any address changes reported to him.

(c) If the animal control agency has custody of the dog, the agency may file a petition with the court requesting that the owner be ordered to post security. The security must be in an amount sufficient to secure payment of all reasonable expenses expected to be incurred by the animal control agency or animal shelter in caring for and providing for the dog pending the determination. Reasonable expenses include, but are not limited to, estimated medical care and boarding of the animal for 30 days. If security has been posted in accordance with this Section, the animal

control agency may draw from the security the actual costs incurred by the agency in caring for the dog.

(d) Upon receipt of a petition, the court must set a hearing on the petition, to be conducted within 5 business days after the petition is filed. The petitioner must serve a true copy of the petition upon the defendant.

(e) If the court orders the posting of security, the security must be posted with the clerk of the court within 5 business days after the hearing. If the person ordered to post security does not do so, the dog is forfeited by operation of law and the animal control agency must dispose of the animal through adoption or humane euthanization.

Sec. 15.1. Dangerous dog determination.

(a) After a thorough investigation including: sending, within 10 business days of the Administrator or Director becoming aware of the alleged infraction, notifications to the owner of the alleged infractions, the fact of the initiation of an investigation, and affording the owner an opportunity to meet with the Administrator or Director prior to the making of a determination; gathering of any medical or veterinary evidence; interviewing witnesses; and making a detailed written report, an animal control warden, deputy administrator, or law enforcement agent may ask the Administrator, or his or her designee, or the Director, to deem a dog to be "dangerous". No dog shall be deemed a "dangerous dog" unless shown to be a dangerous dog by a preponderance of evidence. The owner shall be sent immediate notification of the determination by registered or certified mail that includes a complete description of the appeal process.

(b) A dog shall not be declared dangerous if the Administrator, or his or her designee, or the Director determines the conduct of the dog was justified because:

(1) the threat was sustained by a person who at the time was committing a crime or offense upon the owner or custodian of the dog or was committing a willful trespass or other tort upon the premises or property occupied by the owner of the animal;

(2) the threatened person was abusing, assaulting, or physically threatening the dog or its offspring;

(c) Testimony of a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert may be relevant to the determination of whether the dog's behavior was justified pursuant to the provisions of this Section.

(d) If deemed dangerous, the Administrator, or his or her designee, or the Director shall order (i) the dog's owner to pay a $50 public safety fine to be deposited into the county animal control fund Pet Population Control Fund, (ii) the dog to be spayed or neutered within 14 days at the owner's expense and microchipped, if not already, and (iii) one or more of the following as deemed appropriate under the circumstances and necessary for the protection of the public:

1. evaluation of the dog by a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert in the field and completion of training or other treatment as deemed appropriate by the expert. The owner of the dog shall be responsible for all costs associated with evaluations and training ordered under this subsection; or

2. direct supervision by an adult 18 years of age or older whenever the animal is on public premises.

(e) The Administrator may order a dangerous dog to be muzzled whenever it is on public premises in a manner that will prevent it from biting any person or animal, but that shall not injure the dog or interfere with its vision or respiration.

(f) Guide dogs for the blind or hearing impaired, support dogs for persons with a physical disability, and sentry, guard, or police-owned dogs are exempt from this Section; provided, an attack or injury to a person occurs while the dog is performing duties as expected. To qualify for exemption under this Section, each such dog shall be currently inoculated against rabies in accordance with Section 8 of this Act and performing duties as expected. It shall be the duty of the owner of the exempted dog to notify the Administrator of changes of address. In the case of a sentry or guard dog, the owner shall keep the Administrator advised of the location where such dog will be stationed.
