(3) On or before June 1 of each year, each captive insurance company shall submit to the Director a report of its financial condition at last year's end with an independent certified public accountant's opinion of the company's financial condition. Prior to June 1 of each year, each association and industrial insured captive insurance company shall submit to the Director a report of its financial condition, certified by a recognized firm of independent public accountants acceptable to the Director and including the items referred to in items (i), (ii), (iii) and (iv) of paragraph (1) of this subsection B.

(4) Unless the Director permits otherwise, the reports of financial condition referred to in paragraphs (1) and (3) of this subsection B are to be prepared in accordance with the Accounting Practices and Procedures Manual adopted by the National Association of Insurance Commissioners. The Director shall have authority to extend the time for filing any report or statement by any company for reasons which he considers good and sufficient.

C. In addition, any captive insurance company may be required by the Director, when he considers such action to be necessary and appropriate for the protection of policyholders, creditors, shareholders or claimants, to file, within 60 days after mailing to the company of a notice that such is required, a supplemental summary statement as of the last day of any calendar month occurring during the 100 days next preceding the mailing of such notice designated by him on forms prescribed and furnished by the Director. No company shall be required to file more than 4 supplemental summary statements during any consecutive 12 month period.

D. Every captive insurance company shall, at all times, maintain reserves in an amount estimated in the aggregate to provide for the payment of all losses and claims incurred, whether reported or unreported, which are unpaid and for which such company may be liable, and to provide for the expenses of adjustment or settlement of such losses and claims. The aggregate reserves shall be reduced by reinsurance ceded

which meets the requirements of Section 123C-13. For the purpose of such reserves, the company shall keep a complete and itemized record showing all losses and claims on which it has received notice, including all notices received by it of the occurrence of any event which may result in a loss. Such record shall be opened in chronological receipt order, with each notice of loss or claim identified by appropriate number or coding.

E. Every captive insurance company shall maintain an unearned premium reserve on all policies in force which reserve shall be charged as a liability. The portions of the gross premiums in force, after deducting reinsurance qualifying under Section 123C-13, which shall be held as a premium reserve, shall never be less in the aggregate than the company's actual liability to all its insureds for the return of gross unearned premiums. In the calculation of the company's actual liability to all its insureds, the reserve shall be computed pursuant to the method commonly referred to as the monthly pro rata method; provided, however, that the Director may require that such reserve shall be equal to the unearned portions of the gross premiums in force, after deducting reinsurance qualifying under Section 123C-13, in which case the reserve shall be computed on each respective risk from the date of the issuance of the policy.

E-5. A captive insurance company may make a written application to the Director for filing its annual report required under this Section on a fiscal year's end. If an alternative filing date is granted, the company shall file:

(1) the annual report, including a statement of actuarial opinion by a qualified independent actuary concerning the reasonableness of the captive insurance company's loss and loss adjustment expense reserves in such form and of such content as specified in the National Association of Insurance Commissioners Annual Statement Instructions: Property and Casualty, no later than the 60th day after the date of the company's fiscal year's end;

(2) the report of its financial condition at last year's end with an independent certified public accountant's opinion of the company's financial condition; and

(3) its balance sheet, income statement, and statement of cash flows, verified by 2 of its executive officers, before March 1 of each year to provide sufficient detail to support a premium tax return.
F. The reports required by this Section shall be prepared and filed on a calendar year basis.

G. Notwithstanding the requirements of this Section, a captive insurance company may prepare and issue financial statements prepared in accordance with generally accepted accounting principles.

Credit shall be allowed under paragraph (A), subsection (1)(A) or (B), or (B-5) of this subsection (1) only as respects cessions of those kinds or classes of business in which the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile, or in the case of a U.S. branch of an alien assuming insurer, in the state through which it is entered and licensed to transact insurance or reinsurance. Section only if the applicable requirements of paragraph (E) of this subsection (1) subsection (1)(E) have been satisfied.

(A) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is authorized in this State to transact the types of insurance ceded and has at least $5,000,000 in capital and surplus.

(B) Credit shall be allowed when the reinsurance is ceded to an assuming insurer that is accredited as a reinsurer in this State. An accredited reinsurer is one that:

1. files with the Director evidence of its submission to this State's jurisdiction;
2. submits to this State's authority to examine its books and records;

The assuming insurer shall provide or make the information available to the ceding insurer. The assuming insurer may decline to release trade secrets or commercially sensitive information that would qualify as exempt from disclosure under the Freedom of Information Act. The Director shall also make the information publicly available, subject only to such reasonable objections as might be raised to a request pursuant to the Freedom of Information Act, as determined by the Director. (c) The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. No later than February 28 of each year the trustee of the trust shall report to the Director in writing the balance of the trust and a list of the trust's investments at the preceding year-end and shall certify the date of termination of the trust, if so planned, or certify that the trust will not expire prior to the next following December 31.

No later than February 28 of each year, the assuming insurer's chief executive officer or chief financial officer shall certify to the Director that the trust fund contains funds in an amount not less than the assuming insurer's liabilities (as reported to the assuming insurer by its cedent) attributable to reinsurance ceded by U.S. ceding insurers, and in addition, a trusteed surplus of no less than $20,000,000. In the event that item (a-5) of subparagraph (3) of this paragraph (C) applies to the trust, the assuming insurer's chief executive officer or chief financial officer shall then certify to the Director that the trust fund contains funds in an amount not less than the assuming insurer's liabilities (as reported to the assuming insurer by its cedent) attributable to reinsurance ceded by U.S. ceding insurers and, in addition, a reduced trusteed surplus of not less than the amount that has been authorized by the regulatory authority having principal regulatory oversight of the trust.

   (iv) a copy of any annual and quarterly financial information provided to the Director by the trustee of the trust fund maintained by the assuming insurer, including any exhibits and schedules thereto;
   (v) a copy of the information required to be reported by the trustee of the trust to the Director under the provisions of this paragraph (C); and
   (vi) a written certification that the trust fund consists of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance liabilities (as reported to the assuming insurer by its cedent) attributable to reinsurance ceded by U.S. ceding insurers and, in addition, a trusteed surplus of not less than $20,000,000.

   (a-5) At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least 3 full years, the Director with principal regulatory oversight of the trust may authorize a reduction in the required trusteed surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of U.S. ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial...
review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including, when applicable, the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trusteed surplus may not be reduced to an amount less than 30% of the assuming insurer's liabilities attributable to reinsurance ceded by U.S. ceding insurers covered by the trust.

(b)(i) In the case of a group including incorporated and individual unincorporated underwriters:

(I) for reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after January 1, 1993 August 1, 1995, the trust shall consist of a trusteed account in an amount not less than the respective underwriters' group's several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any member of the group;

(II) for reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992 July 31, 1995 and not amended or renewed after that date, notwithstanding the other provisions of this Act, the trust shall consist of a trusteed account in an amount not less than the group's several insurance and reinsurance liabilities attributable to business written in the United States; and

(III) in addition to these trusts, the group shall maintain in trust a trusteed surplus of which not less than $100,000,000 shall be held jointly for the benefit of the U.S. domiciled ceding insurers of any member of the group for all years of account.

(ii) The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members.

(ii) maintain aggregate policyholders' surplus of not less than $10,000,000,000;

(iii) maintain a trust in an amount not less than the group's several liabilities attributable to business ceded by United States domiciled ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of the group;

(1) In order to be eligible for certification, the assuming insurer shall meet the following requirements:

(a) the assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the Director pursuant to subparagraph (3) of this paragraph (C-5);

(b) the assuming insurer must maintain minimum capital and surplus, or its equivalent, in an amount not less than $250,000,000 or such greater amount as determined by the Director pursuant to regulation; this requirement may also be satisfied by an association, including incorporated and individual unincorporated underwriters, having minimum capital and surplus equivalents (net of liabilities) of at least $250,000,000 and a central fund containing a balance of at least $250,000,000;

(c) the assuming insurer must maintain financial strength ratings from 2 or more rating agencies deemed acceptable by the Director; these ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available information; each certified reinsurer shall be rated on a legal entity basis, with due consideration being given to the group rating where appropriate, except that an association, including incorporated and individual unincorporated underwriters, that has been approved to do business as a single certified reinsurer may be evaluated on the basis of its group rating; these financial strength ratings shall be one factor used by the Director in determining the rating that is assigned to the assuming insurer; acceptable rating agencies include the following:

(i) Standard & Poor's;
(ii) Moody's Investors Service;
(iii) Fitch Ratings;
(iv) A.M. Best Company; or

(v) any other nationally recognized statistical rating organization;
(d) the assuming insurer must agree to submit to the jurisdiction of this State, appoint the Director as its agent for service of process in this State, and agree to provide security for 100% of the assuming insurer's liabilities attributable to reinsurance ceded by U.S. ceding insurers if it resists enforcement of a final U.S. judgment; and
(e) the assuming insurer must agree to meet applicable information filing requirements as determined by the Director, both with respect to an initial application for certification and on an ongoing basis.

(2) An association, including incorporated and individual unincorporated underwriters, may be a certified reinsurer. In order to be eligible for certification, in addition to satisfying the requirements of subparagraph (1) of this paragraph (C-5):

(a) the association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents (net of liabilities) of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in the amounts specified in item (b) of subparagraph (1) of this paragraph (C-5);
(b) the incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

of each underwriter member; or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the association.

(3) The Director shall create and publish a list of qualified jurisdictions, under which an assuming insurer licensed and domiciled in such jurisdiction is eligible to be considered for certification by the Director as a certified reinsurer.

(a) In order to determine whether the domiciliary jurisdiction of a non-U.S. assuming insurer is eligible to be recognized as a qualified jurisdiction, the Director shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits, and extent of reciprocal recognition afforded by the non-U.S. jurisdiction to reinsurers licensed and domiciled in the U.S. A qualified jurisdiction must agree in writing to share information and cooperate with the Director with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction may not be recognized as a qualified jurisdiction if the Director has determined that the jurisdiction does not adequately and promptly enforce final U.S. judgments and arbitration awards. The costs and expenses associated with the Director's review and evaluation of the domiciliary jurisdictions of non-U.S. assuming insurers shall be borne by the certified reinsurer or reinsurers domiciled in such jurisdiction.

(b) Additional factors to be considered in determining whether to recognize a qualified jurisdiction include, but are not limited to, the following:

(i) the framework under which the assuming insurer is regulated;

New matter indicated by italics - deletions by strikeout
(ii) the structure and authority of the domiciliary regulator with regard to solvency regulation requirements and financial surveillance;

(iii) the substance of financial and operating standards for assuming insurers in the domiciliary jurisdiction;

(iv) the form and substance of financial reports required to be filed or made publicly available by reinsurers in the domiciliary jurisdiction and the accounting principles used;

(v) the domiciliary regulator's willingness to cooperate with U.S. regulators in general and the Director in particular;

(vi) the history of performance by assuming insurers in the domiciliary jurisdiction;

(vii) any documented evidence of substantial problems with the enforcement of final U.S. judgments in the domiciliary jurisdiction; and

(viii) any relevant international standards or guidance with respect to mutual recognition of reinsurance supervision adopted by the International Association of Insurance Supervisors or its successor organization.

(c) If, upon conducting an evaluation under this paragraph with respect to the reinsurance supervisory system of any non-U.S. assuming insurer, the Director determines that the jurisdiction qualifies to be recognized as a qualified jurisdiction, the Director shall publish notice and evidence of such recognition in an appropriate manner. The Director may establish a procedure to withdraw recognition of those jurisdictions that are no longer qualified.

New matter indicated by italics - deletions by strikeout
(d) The Director shall consider the list of qualified jurisdictions through the NAIC committee process in determining qualified jurisdictions. If the Director approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, then the Director shall provide thoroughly documented justification in accordance with criteria to be developed under regulations.

(e) U.S. jurisdictions that meet the requirement for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.

(f) If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, then the Director may suspend the reinsurer's certification indefinitely, in lieu of revocation.

(4) If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, then the Director may defer to that jurisdiction's certification and to the rating assigned by that jurisdiction if the assuming insurer submits a properly executed Form CR-1 and such additional information as the Director requires. Such assuming insurer shall be considered to be a certified reinsurer in this State but only upon the Director's assignment of an Illinois rating, which shall be made based on the requirements of subparagraph (5) of this paragraph (C-5). The following shall apply:

(a) Any change in the certified reinsurer's status or rating in the other jurisdiction shall apply automatically in Illinois as of the date it takes effect in the other jurisdiction. The certified reinsurer shall notify the Director of any change in its status or rating within 10 days after receiving notice of the change.

(b) The Director may withdraw recognition of the other jurisdiction's rating at any time and assign a new rating in accordance with subparagraph (5) of this paragraph (C-5).
(c) The Director may withdraw recognition of the other jurisdiction's certification at any time with written notice to the certified reinsurer. Unless the Director suspends or revokes the certified reinsurer's certification in accordance with item (c) of subparagraph (9) of this paragraph (C-5), the certified reinsurer's certification shall remain in good standing in Illinois for a period of 3 months, which shall be extended if additional time is necessary to consider the assuming insurer's application for certification in Illinois.

(5) The Director shall assign a rating to each certified reinsurer pursuant to rules adopted by the Department. Factors that shall be considered as part of the evaluation process include the following:

(a) The certified reinsurer's financial strength rating from an acceptable rating agency. Financial strength ratings shall be classified according to the following ratings categories:

   (i) Ratings Category "Secure - 1" corresponds to the highest level of rating given by a rating agency, including, but not limited to, A.M. Best Company rating A++; Standard & Poor's rating AAA; Moody's Investors Service rating Aaa; and Fitch Ratings rating AAA.

   (ii) Ratings Category "Secure - 2" corresponds to the second-highest level of rating or group of ratings given by a rating agency, including, but not limited to, A.M. Best Company rating A+; Standard & Poor's rating AA+, AA, or AA-; Moody's Investors Service ratings Aa1, Aa2, or Aa3; and Fitch Ratings ratings AA+, AA, or AA-.

   (iii) Ratings Category "Secure - 3" corresponds to the third-highest level of rating or group of ratings given by a rating agency, including, but not limited to, A.M. Best Company rating A; Standard & Poor's

ratings A+ or A; Moody's Investors Service ratings A1 or A2; and Fitch Ratings ratings A+ or A.

(iv) Ratings Category "Secure - 4” corresponds to the fourth-highest level of rating or group of ratings given by a rating agency, including, but not limited to, A.M. Best Company rating A-; Standard & Poor's rating A-; Moody's Investors Service rating A3; and Fitch Ratings rating A-.

(v) Ratings Category "Secure - 5” corresponds to the fifth-highest level of rating or group of ratings given by a rating agency, including, but not limited to, A.M. Best Company ratings B++ or B+; Standard & Poor's ratings BBB+, BBB, or BBB-; Moody's Investors Service ratings Baa1, Baa2, or Baa3; and Fitch Ratings ratings BBB+, BBB, or BBB-.

(vi) Ratings Category "Vulnerable - 6" corresponds to a level of rating given by a rating agency, other than those described in subitems (i) through (v) of this item (a), including, but not limited to, A.M. Best Company rating B, B-, C++, C+, C, C-, D, E, or F; Standard & Poor's ratings BB+, BB, BB-, B+, B, B-, CCC, CC, C, D, or R; Moody's Investors Service ratings Ba1, Ba2, Ba3, B1, B2, B3, Caa, Ca, or C; and Fitch Ratings ratings BB+, BB, BB-, B+, B, B-, CCC+, CCC, CCC-, or D.

A failure to obtain or maintain at least 2 financial strength ratings from acceptable rating agencies shall result in loss of eligibility for certification.

(b) The business practices of the certified reinsurer in dealing with its ceding insurers, including its record of compliance with reinsurance contractual terms and obligations.

New matter indicated by italics - deletions by strikeout
(c) For certified reinsurers domiciled in the U.S., a review of the most recent applicable NAIC Annual Statement Blank, either Schedule F (for property and casualty reinsurers) or Schedule S (for life and health reinsurers).

(d) For certified reinsurers not domiciled in the U.S., a review annually of Form CR-F (for property and casualty reinsurers) or Form CR-S (for life and health reinsurers).

(e) The reputation of the certified reinsurer for prompt payment of claims under reinsurance agreements, based on an analysis of ceding insurers' Schedule F reporting of overdue reinsurance recoverables, including the proportion of obligations that are more than 90 days past due or are in dispute, with specific attention given to obligations payable to companies that are in administrative supervision or receivership.

(f) Regulatory actions against the certified reinsurer.

(g) The report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in item (h) of this subparagraph (5).

(h) For certified reinsurers not domiciled in the U.S., audited financial statements (audited Generally Accepted Accounting Principles (U.S. GAAP) basis statement if available, audited International Financial Reporting Standards (IFRS) basis statements are allowed but must include an audited footnote reconciling equity and net income to U.S. GAAP basis or, with the permission of the Director, audited IFRS basis statements with reconciliation to U.S. GAAP basis certified by an officer of the company), regulatory filings, and actuarial opinion (as filed with the non-U.S. jurisdiction supervisor). Upon the initial application for certification, the Director shall consider the audited financial statements filed with
its non-U.S. jurisdiction supervisor for the 3 years immediately preceding the date of the initial application for certification.

(i) The liquidation priority of obligations to a ceding insurer in the certified reinsurer's domiciliary jurisdiction in the context of an insolvency proceeding.

(j) A certified reinsurer's participation in any solvent scheme of arrangement, or similar procedure, that involves U.S. ceding insurers. The Director shall receive prior notice from a certified reinsurer that proposes participation by the certified reinsurer in a solvent scheme of arrangement.

The maximum rating that a certified reinsurer may be assigned shall correspond to its financial strength rating, which shall be determined according to subitems (i) through (vi) of item (a) of this subparagraph (5). The Director shall use the lowest financial strength rating received from an acceptable rating agency in establishing the maximum rating of a certified reinsurer.

(6) Based on the analysis conducted under item (e) of subparagraph (5) of this paragraph (C-5) of a certified reinsurer's reputation for prompt payment of claims, the Director may make appropriate adjustments in the security the certified reinsurer is required to post to protect its liabilities to U.S. ceding insurers, provided that the Director shall, at a minimum, increase the security the certified reinsurer is required to post by one rating level under item (a) of subparagraph (8) of this paragraph (C-5) if the Director finds that:

(a) more than 15% of the certified reinsurer's ceding insurance clients have overdue reinsurance recoverables on paid losses of 90 days or more that are not in dispute and that exceed $100,000 for each cedent; or

(b) the aggregate amount of reinsurance recoverables on paid losses that are not in dispute
that are overdue by 90 days or more exceeds $50,000,000.

(7) The Director shall post notice on the Department's website promptly upon receipt of any application for certification, including instructions on how members of the public may respond to the application. The Director may not take final action on the application until at least 30 days after posting the notice required by this subparagraph. The Director shall publish a list of all certified reinsurers and their ratings.

(8) A certified reinsurer shall secure obligations assumed from U.S. ceding insurers under this subsection (1) at a level consistent with its rating.

(a) The amount of security required in order for full credit to be allowed shall correspond with the applicable ratings category:

(b) Nothing in this subparagraph (8) shall prohibit the parties to a reinsurance agreement from agreeing to provisions establishing security requirements that exceed the minimum security requirements established for certified reinsurers under this Section.

(c) In order for a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer shall maintain security in a form acceptable to the Director and consistent with the provisions of subsection (2) of this Section, or in a multibeneficiary trust in accordance with paragraph (C) of this subsection (1), except as otherwise provided in this subparagraph (8).

(C) of this subsection (1), and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, then the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this subsection or comparable laws of other U.S. jurisdictions and for its obligations subject to paragraph (C) of this subsection (1). It shall be a condition to the grant of certification under this paragraph (C-5) that the certified reinsurer shall have bound itself, by the language of the trust and agreement with the Director with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust any deficiency of any other such trust account. The certified reinsurer shall also provide or make available, if requested by a beneficiary under a trust, all the information that is required to be provided under the requirements of item (d) of subparagraph (2) of paragraph (C) of this subsection (1) to the certified reinsurer's U.S. ceding insurers or their assigns and successors in interest. The assuming insurer may decline to release trade secrets or commercially sensitive information that would qualify as exempt from disclosure under the Freedom of Information Act.

(e) The minimum trusteed surplus requirements provided in paragraph (C) of this subsection (1) are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this subsection, except that such trust shall maintain a minimum trusteed surplus of $10,000,000.

(f) With respect to obligations incurred by a certified reinsurer under this subsection (1), if the

security is insufficient, then the Director may reduce the allowable credit by an amount proportionate to the deficiency and may impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.

(9)(a) In the case of a downgrade by a rating agency or other disqualifying circumstance, the Director shall by written notice assign a new rating to the certified reinsurer in accordance with the requirements of subparagraph (5) of this paragraph (C-5).

    (b) If the rating of a certified reinsurer is upgraded by the Director, then the certified reinsurer may meet the security requirements applicable to its new rating on a prospective basis, but the Director shall require the certified reinsurer to post security under the previously applicable security requirements as to all contracts in force on or before the effective date of the upgraded rating. If the rating of a certified reinsurer is downgraded by the Director, then the Director shall require the certified reinsurer to meet the security requirements applicable to its new rating for all business it has assumed as a certified reinsurer.

    (c) The Director may suspend, revoke, or otherwise modify a certified reinsurer's certification at any time if the certified reinsurer fails to meet its obligations or security requirements under this Section or if other financial or operating results of the certified reinsurer, or documented significant delays in payment by the certified reinsurer, lead the Director to reconsider the certified reinsurer's ability or willingness to meet its contractual obligations. In seeking to suspend, revoke, or otherwise modify a certified reinsurer's certification, the Director shall follow the procedures provided in paragraph (G) of this subsection (1).

    (d) For purposes of this subsection (1), a certified reinsurer whose certification has been terminated for any

New matter indicated by italics - deletions by strikeout
reason shall be treated as a certified reinsurer required to secure 100% of its obligations.

(i) As used in this item (d), the term "terminated" refers to revocation, suspension, voluntary surrender and inactive status.

(ii) If the Director continues to assign a higher rating as permitted by other provisions of this Section, then this requirement does not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

(e) Upon revocation of the certification of a certified reinsurer by the Director, the assuming insurer shall be required to post security in accordance with subsection (2) of this Section in order for the ceding insurer to continue to take credit for reinsurance ceded to the assuming insurer. If funds continue to be held in trust, then the Director may allow additional credit equal to the ceding insurer's pro rata share of the funds, discounted to reflect the risk of uncollectibility and anticipated expenses of trust administration.

(f) Notwithstanding the change of a certified reinsurer's rating or revocation of its certification, a domestic insurer that has ceded reinsurance to that certified reinsurer may not be denied credit for reinsurance for a period of 3 months for all reinsurance ceded to that certified reinsurer, unless the reinsurance is found by the Director to be at high risk of uncollectibility.

(10) A certified reinsurer that ceases to assume new business in this State may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subsection (1), and the Director shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

(11) Credit for reinsurance under this paragraph (C-5) shall apply only to reinsurance contracts entered into
or renewed on or after the effective date of the certification of the assuming insurer.

(12) The Director shall comply with all reporting and notification requirements that may be established by the NAIC with respect to certified reinsurers and qualified jurisdictions.

(D) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of paragraph subsection (1) (A), (B), or (C) of this subsection (1) but only with respect to the insurance of risks located in jurisdictions where that reinsurance is required by applicable law or regulation of that jurisdiction.

(E) If the assuming insurer is not licensed to transact insurance in this State or an accredited or certified reinsurer in this State, the credit permitted by paragraphs (B-5) and subsection (1) (C) of this subsection (1) shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(1) that in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, will comply with all requirements necessary to give the court jurisdiction, and will abide by the final decision of the court or of any appellate court in the event of an appeal; and

(2) to designate the Director or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding company.

This provision is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if an obligation to arbitrate is created in the agreement.

(F) If the assuming insurer does not meet the requirements of paragraph (A) or (B) of this subsection (1) (1)(A) or (B), the credit permitted by paragraph (C) of this subsection (1) (1)(C) shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(1) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subsection (C)(3) of this Section or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the state official with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the state official with regulatory oversight all of the assets of the trust fund.

(2) The assets shall be distributed by and claims shall be filed with and valued by the state official with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies.

(3) If the state official with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the U.S. ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the state official with regulatory oversight to the trustee for distribution in accordance with the trust agreement.

(4) The grantor shall waive any rights otherwise available to it under U.S. law that are inconsistent with the provision.

(G) If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, then the Director may suspend or revoke the reinsurer's accreditation or certification.

(1) The Director must give the reinsurer notice and opportunity for hearing. The suspension or revocation may not take effect until after the Director's order on hearing, unless:

(a) the reinsurer waives its right to hearing;
(b) the Director's order is based on regulatory action by the reinsurer's domiciliary

jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under subparagraph (4) of paragraph (C-5) of this subsection (1); or

(c) the Director finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the Director's action.

(2) While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with subsection (2) of this Section. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation, except to the extent that the reinsurer's obligations under the contract are secured in accordance with subsection (2) of this Section.

(H) The following provisions shall apply concerning concentration of risk:

(1) A ceding insurer shall take steps to manage its reinsurance recoverable proportionate to its own book of business. A domestic ceding insurer shall notify the Director within 30 days after reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, exceeds 50% of the domestic ceding insurer's last reported surplus to policyholders, or after it is determined that reinsurance recoverables from any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

(2) A ceding insurer shall take steps to diversify its reinsurance program. A domestic ceding insurer shall notify the Director within 30 days after ceding to any single assuming insurer, or group of affiliated assuming insurers, more than 20% of the ceding insurer's gross written premium in the prior calendar year, or after it has

determined that the reinsurance ceded to any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification shall demonstrate that the exposure is safely managed by the domestic ceding insurer.

(2) Credit for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of subsection (1) of this Section shall be allowed in an amount not exceeding the assets or liabilities carried by the ceding insurer. The credit shall not exceed the amount of funds held by or held in trust for the ceding insurer under a reinsurance contract with the assuming insurer as security for the payment of obligations thereunder, if the security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in paragraph (B) of subsection (3) of this Section (3)(B). This security may be in the form of:

(A) Cash.

(B) Securities listed by the Securities Valuation Office of the National Association of Insurance Commissioners, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office that conform to the requirements of Article VIII of this Code that are not issued by an affiliate of either the assuming or ceding company.

(C) Clean, irrevocable, unconditional, letters of credit issued or confirmed by a qualified United States financial institution, as defined in paragraph (A) of subsection (3) of this Section (3)(A). The letters of credit shall be effective no later than December 31 of the year for which filing is being made, and in the possession of, or in trust for, the ceding company on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification, or amendment, whichever first occurs.

(D) Any other form of security acceptable to the Director.

(3)(A) For purposes of paragraph (C) of subsection (2) of this Section subsection 2(C), a "qualified United States financial institution" means an institution that:

1. is organized or, in the case of a U.S. office of a foreign banking organization, licensed under the laws of the United States or any state thereof;
2. is regulated, supervised, and examined by U.S. federal or state authorities having regulatory authority over banks and trust companies;
3. has been designated by either the Director or the Securities Valuation Office of the National Association of Insurance Commissioners as meeting such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the Director; and
4. is not affiliated with the assuming company.

(B) A "qualified United States financial institution" means, for purposes of those provisions of this law specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

1. is organized or, in the case of the U.S. branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers;

(D) The Department shall adopt rules implementing the provisions of this Article.

(215 ILCS 5/456) (from Ch. 73, par. 1065.3)

Sec. 456. Making of rates. (1) All rates shall be made in accordance with the following provisions:

(a) Due consideration shall be given to past and prospective loss experience within and outside this state, to catastrophe hazards, if any, to a reasonable margin for profit and contingencies, to dividends, savings or unabsorbed premium deposits allowed or returned by companies to their policyholders, members or subscribers, to past and prospective expenses both countrywide and those specially applicable to this state, to underwriting practice and judgment and to all other relevant factors within and outside this state;

(b) The systems of expense provisions included in the rates for use by any company or group of companies may differ from those of other companies or groups of companies to reflect the requirements of the operating methods of any such company or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable;

(c) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which measure variation in hazards or expense provisions, or both. Such rating plans may measure any differences among risks that have a probable effect upon losses or expenses;

(d) Rates shall not be excessive, inadequate or unfairly discriminatory.

A rate in a competitive market is not excessive. A rate in a noncompetitive market is excessive if it is likely to produce a long-run profit that is unreasonably high for the insurance provided or if expenses are unreasonably high in relation to the services rendered.

A rate is not inadequate unless such rate is clearly insufficient to sustain projected losses and expenses in the class of business to which it applies and the use of such rate has or, if continued, will have the effect of substantially lessening competition or the tendency to create monopoly in any market.

New matter indicated by italics - deletions by strikeout
Unfair discrimination exists if, after allowing for practical limitations, price differentials fail to reflect equitably the differences in expected losses and expenses. A rate is not unfairly discriminatory because different premiums result for policyholders with like exposures but different expenses, or like expenses but different loss exposures, so long as the rate reflects the differences with reasonable accuracy.

(e) The rating plan shall contain a mandatory offer of a deductible applicable only to the medical benefit under the Workers' Compensation Act. Such deductible offer shall be in a minimum amount of at least $1,000 per accident.

(f) Any rating plan or program shall include a rule permitting 2 or more employers with similar risk characteristics, who participate in a loss prevention program or safety group, to pool their premium and loss experience in determining their rate or premium for such participation in the program.

(2) Except to the extent necessary to meet the provisions of subdivision (d) of subsection (1) of this Section, uniformity among companies in any matters within the scope of this Section is neither required nor prohibited.

(1) Every Beginning January 1, 1983, every company shall prefie file with the Director every manual of classifications, every manual of rules and rates, every rating plan and every modification of the foregoing which it intends to use. Such filings shall be made at least not later than 30 days before after they become effective. A company may satisfy its obligation to make such filings by adopting the filing of a licensed rating organization of which it is a member or subscriber, filed pursuant to subsection (2) of this Section, in total or, with the approval of the Director, by notifying the Director in what respects it intends to deviate from such filing. If a company intends to deviate from the filing of a licensed rating organization of which it is a member, the company shall provide the Director with supporting information that specifies the basis for the requested deviation and provides justification for the deviation. Any company adopting a pure premium filed by a rating organization pursuant to subsection (2) must file with the Director the modification factor it is using for expenses and profit so that the final rates in use by such company can be determined.

Sec. 458. Disapproval of filings. (1) If within 30 days of any filing the Director finds that such filing does not meet the requirements of this Article, he shall send to the company or rating organization which made such filing a written notice of disapproval of such filing, specifying therein in what respects he finds that such filing fails to meet the requirements of this Article and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. A company or rating organization whose filing has been disapproved shall be given a hearing upon a written request made within 30 days after the disapproval order. If the company or rating organization making the filing shall, prior to the expiration of the period prescribed in the notice, request a hearing, such filings shall be effective until the expiration of a reasonable period specified in any order entered thereon. If the rate resulting from such filing be unfairly discriminatory or materially inadequate, and the difference between such rate and the approved rate equals or exceeds the cost of making an adjustment, the Director shall in such notice or order direct an

adjustment of the premium to be made with the policyholder either by refund or collection of additional premium. If the policyholder does not accept the increased rate, cancellation shall be made on a pro rata basis. Any policy issued pursuant to this subsection shall contain a provision that the premium thereon shall be subject to adjustment upon the basis of the filing finally approved.

(2) If at any time subsequent to the applicable review period provided for in subsection (1) of this Section, the Director finds that a filing does not meet the requirements of this Article, he shall, after a hearing held upon not less than ten days written notice, specifying the matters to be considered at such hearing, to every company and rating organization which made such filing, issue an order specifying in what respects he finds that such filing fails to meet the requirements of this Article, and stating when, within a reasonable period thereafter, such filings shall be deemed no longer effective. Copies of said order shall be sent to every such company and rating organization. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.

(3) Any person or organization aggrieved with respect to any filing which is in effect may make written application to the Director for a hearing thereon, provided, however, that the company or rating organization that made the filing shall not be authorized to proceed under this subsection. Such application shall specify the grounds to be relied upon by the applicant. If the Director shall find that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, he shall, within thirty days after receipt of such application, hold a hearing upon not less than ten days written notice to the applicant and to every company and rating organization which made such filing.

If, after such hearing, the Director finds that the filing does not meet the requirements of this Article, he shall issue an order specifying in what respects he finds that such filing fails to meet the requirements of this Article, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of said order shall be sent to the applicant and to every such company and rating organization. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.

(4) Whenever an insurer has no legally effective rates as a result of the Director's disapproval of rates or other act, the Director shall on
request of the insurer specify interim rates for the insurer that are high enough to protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by him or her. When new rates become legally effective, the Director shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimis shall not be required.

The notice shall be delivered at least 30 days in advance of the expiration date of the policy, and shall set forth: (1) the amount of the premium increase or, if the amount cannot reasonably be determined as of the time the notice is provided, a reasonable estimate of the premium increase based upon the information available to the insurer at that time; and (2) the reason for the increased premium in excess of the rate recommendation filed with the Department. Sec. 24. Payment of awards.

(a) All claims arising solely as a result of the lapsing of an appropriation out of which the obligation could have been paid.

(c) All claims pursuant to the "Illinois National Guardsman's and Naval Militiaman's Compensation Act", approved August 12, 1971, as amended.

(d) All claims pursuant to the "Crime Victims Compensation Act", approved August 23, 1973, as amended.

(d-5) All claims against the State for unjust imprisonment as provided in subsection (c) of Section 8 of this Act.

(e) All other claims wherein the amount of the award of the Court is less than $50,000 $5,000.

(2) The court may, from funds specifically appropriated from the General Revenue Fund for this purpose, direct the payment of awards less than $50,000 solely as a result of the lapsing of an appropriation originally made from any fund held by the State Treasurer. For any such award paid from the General Revenue Fund, the court shall thereafter seek an
appropriation from the fund from which the liability originally accrued in reimbursement of the General Revenue Fund.

(3) In directing payment of a claim pursuant to the Line of Duty Compensation Act, the Court must direct the Comptroller to add an interest penalty if payment of a claim is not made within 6 months after a claim is filed in accordance with Section 3 of the Line of Duty Compensation Act and all information has been submitted as required under Section 4 of the Line of Duty Compensation Act. If payment is not issued within the 6-month period, an interest penalty of 1% of the amount of the award shall be added for each month or fraction thereof after the end of the 6-month period, until final payment is made. This interest penalty shall be added regardless of whether the payment is not issued within the 6-month period because of the appropriation process, the consideration of the matter by the Court, or any other reason.

(3.5) The interest penalty payment provided for in subsection (3) shall be added to all claims for which benefits were not paid as of the effective date of P.A. 95-928. The interest penalty shall be calculated starting from the effective date of P.A. 95-928, provided that the effective date of P.A. 95-928 is at least 6 months after the date on which the claim was filed in accordance with Section 3 of the Line of Duty Compensation Act. In the event that the date 6 months after the date on which the claim was filed is later than the effective date of P.A. 95-928, the Court shall calculate the interest payment penalty starting from the date 6 months after the date on which the claim was filed in accordance with Section 3 of the Line of Duty Compensation Act. This subsection (3.5) of this amendatory Act of the 96th General Assembly is declarative of existing law.

(3.6) In addition to the interest payments provided for in subsections (3) and (3.5), the Court shall direct the Comptroller to add a "catch-up" payment to the claims of eligible claimants. For the purposes of this subsection (3.6), an "eligible claimant" is a claimant whose claim is not paid in the year in which it was filed. For purposes of this subsection (3.6), "catch-up' payment" is defined as the difference between the amount paid to claimants whose claims were filed in the year in which the eligible claimant's claim is paid and the amount paid to claimants whose claims were filed in the year in which the eligible claimant filed his or her claim. The "catch-up" payment is payable simultaneously with the claim award.

(4) From funds appropriated by the General Assembly for the purposes of paying claims under paragraph (c) of Section 8, the court must direct payment of each claim and the payment must be received by the
claimant within 60 days after the date that the funds are appropriated for that purpose.

Sec. 10-2.1-4. Fire and police departments; appointment of members; certificates of appointments. The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

This paragraph applies to fire departments that employ firefighters hired under the provisions of this Division. On and after the effective date of this amendatory Act of the 100th General Assembly, a home rule municipality may not appoint a fire chief, an acting chief, a department head, or a position, by whatever title, that is responsible for day-to-day operations of a fire department for greater than 180 days in a manner inconsistent with this paragraph. This paragraph is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and

emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners. After being selected from the register of eligibles to fill a vacancy in the affected department, each appointee shall be presented with his or her certificate of appointment on the day on which he or she is sworn in as a classified member of the affected department. Firefighters who were not issued a certificate of appointment when originally appointed shall be provided with a certificate within 10 days after making a written request to the chairperson of the Board of Fire and Police Commissioners. In any municipal fire department that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Division 2.1 shall not be used as a temporary or permanent substitute for classified members of a municipality's fire department or for regular appointment as a classified member of a municipality's fire department unless mutually agreed to by the employee's certified bargaining agent. Such agreement shall be considered a permissive subject of bargaining. Municipal fire departments covered by the changes made by Public Act 95-490 this amendatory Act of the 95th General Assembly that are using non-certificated employees as substitutes immediately prior to June 1,

2008 (the effective date of Public Act 95-490) this amendatory Act of the 95th General Assembly may, by mutual agreement with the certified bargaining agent, continue the existing practice or a modified practice and that agreement shall be considered a permissive subject of bargaining. A home rule unit may not regulate the hiring of temporary or substitute members of the municipality's fire department in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full-time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-home rule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-home rule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-
time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in Public Act 86-990 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a licensed paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic licensure.

To the extent that this Section or any other Section in this Division conflicts with Section 10-2.1-6.3 or 10-2.1-6.4, then Section 10-2.1-6.3 or 10-2.1-6.4 shall control.

This validation of taxes levied applies to all cases pending on or after the effective date of this amendatory Act of 1994.

Nothing contained in this amendatory Act of 1994 shall be construed to affect the application of the Property Tax Extension Limitation Law.

Any tax levied for general assistance for needy persons in any county in addition to and in excess of the maximum levy permitted by this Section for general county purposes shall be paid into a special fund in the county treasury and used only for the purposes for which it is levied except that any excess in such fund over the amount needed for general assistance may be used for County Nursing Home purposes and shall not exceed .10% of the value, as equalized or assessed by the Department of Revenue. Any county having a population of less than 3,000,000 inhabitants that has determined to change its fiscal year may, as a means of effectuating a change, instead of levying taxes for a one-year period, levy taxes for a period greater or less than a year as may be necessary.

In counties having less than 3,000,000 inhabitants, in ascertaining the rate per cent that will produce the amount of any tax levied in that county, the County Clerk shall not add to the tax or rate any sum or amount to cover the loss and cost of collecting the tax except in the case of amounts levied for the payment of bonded indebtedness or interest thereon and in the case of amounts levied for pension fund purposes and except taxes levied to pay the annual rent payments due under a lease entered into by the county with a Public Building Commission as authorized by Section 18 of the Public Building Commission Act.

"Public employer" or "employer" as used in this Act, however, does not mean and shall not include the General Assembly of the State of Illinois, the Executive Ethics Commission, the Offices of the Executive Inspectors General, the Legislative Ethics Commission, the Office of the Legislative Inspector General, the Office of the Auditor General's Inspector General, the Office of the Governor, the Governor's Office of Management and Budget, the Illinois Finance Authority, the Office of the Lieutenant Governor, the State Board of Elections, and educational employers or employers as defined in the Illinois Educational Labor Relations Act, except with respect to a state university in its employment of firefighters and peace officers and except with respect to a school district in the employment of peace officers in its own police department in existence on the effective date of this amendatory Act of the 96th General Assembly. County boards and county sheriffs shall be designated as joint or co-employers of county peace officers appointed under the authority of a county sheriff. Nothing in this subsection (o) shall be construed to prevent the State Panel or the Local Panel from determining that employers are joint or co-employers.

(o-5) With respect to wages, fringe benefits, hours, holidays, vacations, proficiency examinations, sick leave, and other conditions of employment, the public employer of public employees who are court
reporters, as defined in the Court Reporters Act, shall be determined as follows:

(1) For court reporters employed by the Cook County Judicial Circuit, the chief judge of the Cook County Circuit Court is the public employer and employer representative.

(2) For court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits, a group consisting of the chief judges of those circuits, acting jointly by majority vote, is the public employer and employer representative.

(3) For court reporters employed by all other judicial circuits, a group consisting of the chief judges of those circuits, acting jointly by majority vote, is the public employer and employer representative.

(p) "Security employee" means an employee who is responsible for the supervision and control of inmates at correctional facilities. (1) An employee whose principal work is substantially different from that of his or her subordinates and who has authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, to adjust their grievances, or to effectively recommend any of those actions, if the exercise of that authority is not of a merely routine or clerical nature, but requires the consistent use of independent judgment. Except with respect to police employment, the term "supervisor" includes only those individuals who devote a
preponderance of their employment time to exercising that authority, State supervisors notwithstanding. Nothing in this definition prohibits an individual from also meeting the definition of "managerial employee" under subsection (j) of this Section. In addition, in determining supervisory status in police employment, rank shall not be determinative. The Board shall consider, as evidence of bargaining unit inclusion or exclusion, the common law enforcement policies and relationships between police officer ranks and certification under applicable civil service law, ordinances, personnel codes, or Division 2.1 of Article 10 of the Illinois Municipal Code, but these factors shall not be the sole or predominant factors considered by the Board in determining police supervisory status.

Notwithstanding the provisions of the preceding paragraph, in determining supervisory status in fire fighter employment, no fire fighter shall be excluded as a supervisor who has established representation rights under Section 9 of this Act. Further, in new fire fighter units, employees shall consist of fire fighters of the rank of company officer and below. If a company officer otherwise qualifies as a supervisor under the preceding paragraph, however, he or she shall not be included in the fire fighter unit. If there is no rank between that of chief and the highest company officer, the employer may designate a position on each shift as a Shift Commander, and the persons occupying those positions shall be supervisors. All other ranks above that of company officer shall be supervisors.

(2) With respect only to State employees in positions under the jurisdiction of the Attorney General, Secretary of State, Comptroller, or Treasurer (i) that were certified in a bargaining unit on or after December 2, 2008, (ii) for which a petition is filed with the Illinois Public Labor Relations Board on or after April 5, 2013 (the effective date of Public Act 97-1172), or (iii) for which a petition is pending before the Illinois Public Labor Relations Board on that date, an employee who qualifies as a supervisor under (A) Section 152 of the National Labor Relations Act and (B) orders of the National Labor Relations Board interpreting that provision or decisions of courts reviewing decisions of the National Labor Relations Board.

With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both supervisors and nonsupervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on January 1, 1986 (the effective date of this amendatory Act of 1985). A bargaining unit determined by the Board to contain peace officers shall contain no employees other than peace officers unless otherwise agreed to by the employer and the labor organization or labor organizations involved. Notwithstanding any other provision of this Act, a bargaining unit, including a historical bargaining unit, containing sworn peace officers of the Department of Natural Resources (formerly designated the Department of Conservation) shall contain no employees other than such sworn peace officers upon the effective date of this amendatory Act of 1990 or upon the expiration date of any collective bargaining agreement in effect upon the effective date of this amendatory Act of 1990 covering both such sworn peace officers and other employees.

(2) Notwithstanding the exclusion of supervisors from bargaining units as provided in paragraph (1) of this subsection (s), a public employer may agree to permit its supervisory employees to form bargaining units and may bargain with those units. This Act shall apply if the public employer chooses to bargain under this subsection.

(3) Public employees who are court reporters, as defined in the Court Reporters Act, shall be divided into 3 units for collective bargaining purposes. One unit shall be court reporters employed by the Cook County Judicial Circuit; one unit shall be court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits; and one unit shall be court reporters employed by all other judicial circuits.

Sec. 11-15.4-20. Notice and public hearing; urban agricultural area ordinance. Prior to the adoption of an ordinance designating an urban agricultural area, the urban agricultural area committee shall fix a time and place for a public hearing and notify each taxing unit of local government located wholly or partially within the boundaries of the proposed urban agricultural area. Sec. 11-15.4-25. Taxation of property; water rates and charges.
(a) If authorized by the ordinance that establishes an urban agricultural area under Section 11-15.4-20, a municipality may provide for the abatement of taxes it levies upon real property located within an urban agricultural area that is used by a qualifying farmer for processing, growing, raising, or otherwise producing agricultural products under item (11) of subsection (a) of Section 18-165 of the Property Tax Code. Parcels of property assessed under Section 10-110 of the Property Tax Code are not eligible for the abatements provided in this subsection; except that if real property assessed under Section 10-110 is reassessed and is subsequently no longer assessed under Section 10-110, that property becomes eligible for the abatements provided for in this Section. Real property located in a redevelopment area created under the Tax Increment Allocation Redevelopment Act and an urban agricultural area created under this Division may be eligible for an abatement under this Section, but only with respect to the initial equalized assessed value of the real property.

(b) A municipality may authorize an entity providing water, electricity, or other utilities to an urban agricultural area to allow qualified farmers and partner organizations in the urban agricultural area to: (1) pay wholesale or otherwise reduced rates for service to property within the urban agricultural area that is used for processing, growing, raising, or otherwise producing agricultural products; or (2) pay reduced or waived connection charges for service to property within the urban agricultural area that is used for processing, growing, raising, or otherwise producing agricultural products.

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary

New matter indicated by italics - deletions by strikeout
building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to

New matter indicated by italics - deletions by strikeout
serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This

New matter indicated by italics - deletions by strikeout
means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

New matter indicated by italics - deletions by strikeout
(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

New matter indicated by italics - deletions by strikeout
(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an

New matter indicated by italics - deletions by strikeout
area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

1. Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

2. Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

3. Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

4. Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

5. Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

6. Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

7. Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper

window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision,
parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance
designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be

No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the
Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(i) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area, provided that, with respect to redevelopment project areas described in subsections (p-1) and (p-2), "redevelopment plan" means the comprehensive program of the affected municipality for the development of qualifying transit facilities. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise, provided that such evidence shall not be required for any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-
74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

    (1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan, provided, however, that such a finding shall not be required with respect to any redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3.

    (2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

    (3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

    (3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If: (a) the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan; or (b) the redevelopment plan is for a redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3, and the applicable project is subject to the process for evaluation of environmental effects under the National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq., then a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i)
the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail.
to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(p-1) Notwithstanding any provision of this Act to the contrary, on and after August 25, 2009 (the effective date of Public Act 96-680), a redevelopment project area may include areas within a one-half mile radius of an existing or proposed Regional Transportation Authority Suburban Transit Access Route (STAR Line) station without a finding that the area is classified as an industrial park conservation area, a blighted area, a conservation area, or a combination thereof, but only if the municipality receives unanimous consent from the joint review board created to review the proposed redevelopment project area.

(p-2) Notwithstanding any provision of this Act to the contrary, on and after the effective date of this amendatory Act of the 99th General Assembly, a redevelopment project area may include areas within a transit facility improvement area that has been established pursuant to Section 11-74.4-3.3 without a finding that the area is classified as an industrial park.

(q) "Redevelopment project costs", except for redevelopment project areas created pursuant to subsection (p-1) or (p-2), means and includes the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(4) Costs of the construction of public works or improvements, including any direct or indirect costs relating to Green Globes or LEED certified construction elements or construction elements with an equivalent certification, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999, (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan, or (iii) the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan, or (iii) the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan.

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and

by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is

prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita for the library in the previous fiscal year. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act;

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11); and

(F) instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under this subparagraph (F) of paragraph (11). households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later;

For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Costs relating to the development of urban agricultural areas under Division 15.2 of the Illinois Municipal Code.

New matter indicated by italics - deletions by strikeout
Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934), unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this paragraph means (i) a place or structure that is included or eligible for inclusion on the National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This paragraph does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

Transportation Authority Suburban Transit Access Route (STAR Line) station.

(q-2) For a redevelopment project area located within a transit facility improvement area established pursuant to Section 11-74.4-3.3, redevelopment project costs means those costs described in subsection (q) that are related to the construction, reconstruction, rehabilitation, remodeling, or repair of any existing or proposed transit facility.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amount, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount".

New matter indicated by italics - deletions by strikeout
For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not
been used for commercial agricultural purposes within 5 years prior to the
designation of the redevelopment project area, unless the parcel is
included in an industrial park conservation area or the parcel has been
subdivided; provided that if the parcel was part of a larger tract that has
been divided into 3 or more smaller tracts that were accepted for recording
during the period from 1950 to 1990, then the parcel shall be deemed to
have been subdivided, and all proceedings and actions of the municipality
taken in that connection with respect to any previously approved or
designated redevelopment project area or amended redevelopment project
area are hereby validated and hereby declared to be legally sufficient for
all purposes of this Act. For purposes of this Section and only for land
subject to the subdivision requirements of the Plat Act, land is subdivided
when the original plat of the proposed Redevelopment Project Area or
relevant portion thereof has been properly certified, acknowledged,
approved, and recorded or filed in accordance with the Plat Act and a
preliminary plat, if any, for any subsequent phases of the proposed
Redevelopment Project Area or relevant portion thereof has been properly
approved and filed in accordance with the applicable ordinance of the
municipality.

(w) "Annual Total Increment" means the sum of each
municipality's annual Net Sales Tax Increment and each municipality's
annual Net Utility Tax Increment. The ratio of the Annual Total Increment
of each municipality to the Annual Total Increment for all municipalities,
as most recently calculated by the Department, shall determine the
proportional shares of the Illinois Tax Increment Fund to be distributed to
each municipality.

(x) "LEED certified" means any certification level of construction
elements by a qualified Leadership in Energy and Environmental Design
Accredited Professional as determined by the U.S. Green Building
Council.

(y) "Green Globes certified" means any certification level of
construction elements by a qualified Green Globes Professional as
determined by the Green Building Initiative.

Section 5. Findings. The General Assembly finds and declares the following:

(1) Lyme disease, a bacterial disease transmitted by infected ticks, was first recognized in the United States in 1975 after a mysterious outbreak of arthritis near Old Lyme, Connecticut. Since then, reports of Lyme disease have increased dramatically, and the disease has become an important public health concern.

(2) The Centers for Disease Control and Prevention states that the reported Lyme disease cases are numbered at 30,000 a year in the United States, but the actual burden of Lyme disease may actually be as high as 300,000 cases a year throughout the United States.

(3) The signs and symptoms of Lyme disease can vary greatly from one person to another, and symptoms can also vary with the length of time a person has been infected. The initial symptoms of Lyme disease are similar to those of more common diseases, such as a flu-like illness without a cough or mononucleosis; it may or may not present Erythema Migrans, a "bulls eye" marking, which is the most common identifiable mark for Lyme disease, and many infected persons do not recall a tick bite; further symptoms can develop over time, including fever, severe headache, stiff neck, certain heart irregularities, temporary paralysis of facial muscles, pain with numbness or weakness in arms or legs, loss of concentration or memory problems, and, most commonly, Lyme arthritis.

(4) Not all ticks carry the bacterium of Lyme disease, and a bite does not always result in the development of Lyme disease. However, since it is impossible to tell by sight which ticks are infected, it is important to avoid tick bites whenever possible and to perform regular tick checks when traversing in tick-infested areas of the United States, any wooded areas, or any areas with tall grass and weeds. A person should seek assistance for early identification and treatment when Lyme disease symptoms or other tick-borne illness is suspected.
(5) Because Lyme disease is a complex illness, there is a continuous need to increase funding for Lyme disease diagnosis, treatment, and prevention. In 2015, the first major research program devoted to the causes and cures of Lyme disease was established at Johns Hopkins School of Medicine as the Lyme Disease Clinical Research Center.

(6) Initial funding from federal grants has provided for research known as the Study of Lyme Disease Immunology and Clinical Events. The federal 21st Century Cures Act created a working group within the United States Department of Health and Human Services to improve outcomes of Lyme disease and to develop a plan for improving diagnosis, treatment, and prevention. However, there is still a need for more research on Lyme disease and efforts to promote awareness of its signs and symptoms, such as work with entomologists and veterinary epidemiologists whose current focus is on tick-borne infections and their distribution in the State of Illinois.

(7) People treated with appropriate antibiotics in the early stages of Lyme disease usually recover rapidly and completely. The National Institutes of Health has funded several studies on the treatment of Lyme disease that show most people recover when treated with antibiotics taken by mouth within a few weeks. In a small percentage of cases, symptoms such as fatigue and muscle aches can last for more than 6 months. Physicians sometimes describe patients who have non-specific symptoms, such as fatigue, pain, and joint and muscle aches, after the treatment of Lyme disease as having post-treatment Lyme disease syndrome or post Lyme disease syndrome. The cause of post-treatment Lyme disease syndrome is not known.

(8) Co-infections by other tick-borne illnesses may complicate and lengthen the course of treatment.

Section 10. Lyme Disease Prevention, Detection, and Outreach Program.

(a) The Department of Public Health shall establish a Lyme Disease Prevention, Detection, and Outreach Program. The Department shall continue to study the population of ticks carrying Lyme disease and the number of people infected in Illinois to provide data to the public on the incidence of acute Lyme disease and locations of exposure in Illinois by county. The Department shall partner with the University of Illinois to
publish tick identification and testing data on the Department's website and work to expand testing to areas where new human cases are identified. The Department shall require health care professionals and laboratories to report acute Lyme disease cases within the time frame required under the Control of Communicable Diseases Code to the local health department. To coordinate this program, the Department shall continue to support a vector-borne disease epidemiologist coordinator who is responsible for overseeing the program. The Department shall train local health departments to respond to inquiries from the public.

(b) In addition to its overall effort to prevent acute disease in Illinois, in order to raise awareness about and promote prevention of Lyme disease, the program shall include:

1. a designated webpage with publicly accessible and up-to-date information about the prevention, detection, and treatment of Lyme Disease;
2. peer-reviewed scientific research articles;
3. government guidance and recommendations of the federal Centers for Disease Control and Prevention, National Guideline Clearinghouse under the Department of Health and Human Services, and any other persons or entities determined by the Lyme Disease Task Force to have particular expertise on Lyme disease;
4. information for physicians, other health care professionals and providers, and other persons subject to an increased risk of contracting Lyme disease; and
5. educational materials on the diagnosis, treatment, and prevention of Lyme disease and other tick-borne illnesses for physicians and other health care professionals and providers in multiple formats.

(c) The Department shall prepare a report of all efforts under this Act, and the report shall be posted on the Department's website and distributed to the Lyme Disease Task Force and the General Assembly annually. The report to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;
(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;
(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and
(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Disciplinary Board or the Licensing Board, upon a showing of a possible violation, may compel, in the case of the Disciplinary Board, any individual who is licensed to practice under this Act or holds a permit to practice under this Act, or, in the case of the Licensing Board, any individual who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination and evaluation, or both, which may include a substance abuse or sexual offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or
Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual...
submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Disciplinary Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Illinois State Medical Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.

(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been

convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or permit is revoked under this subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Department shall not revoke, suspend, place on probation, reprimand, refuse to issue or renew, or take any other disciplinary or non-disciplinary action against the license or permit issued under this Act to practice medicine to a physician:

(1) based solely upon the recommendation of the physician to an eligible patient regarding, or prescription for, or treatment with, an investigational drug, biological product, or device; or

(2) for experimental treatment for Lyme disease or other tick-borne diseases, including, but not limited to, the prescription of or treatment with long-term antibiotics.

(D) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

Section 5. The Illinois Public Aid Code is amended by changing Section 11-5.4 as follows:

(305 ILCS 5/11-5.4)
Sec. 11-5.4. Expedited long-term care eligibility determination and enrollment.

(a) An expedited long-term care eligibility determination and enrollment system shall be established to reduce long-term care determinations to 90 days or fewer by July 1, 2014 and streamline the long-term care enrollment process. Establishment of the system shall be a joint venture of the Department of Human Services and Healthcare and Family Services and the Department on Aging. The Governor shall name a lead agency no later than 30 days after the effective date of this amendatory Act of the 98th General Assembly to assume responsibility for the full implementation of the establishment and maintenance of the system. Project outcomes shall include an enhanced eligibility determination tracking system accessible to providers and a centralized application review and eligibility determination with all applicants reviewed within 90 days of receipt by the State of a complete application. If the Department of Healthcare and Family Services' Office of the Inspector General determines that there is a likelihood that a non-allowable transfer of assets has occurred, and the facility in which the applicant resides is notified, an extension of up to 90 days shall be permissible. On or before December 31, 2015, a streamlined application and enrollment process shall be put in place based on the following principles:

(1) Minimize the burden on applicants by collecting only the data necessary to determine eligibility for medical services, long-term care services, and spousal impoverishment offset.
(2) Integrate online data sources to simplify the application process by reducing the amount of information needed to be entered and to expedite eligibility verification.
(3) Provide online prompts to alert the applicant that information is missing or not complete.

(b) The Department shall, on or before July 1, 2014, assess the feasibility of incorporating all information needed to determine eligibility for long-term care services, including asset transfer and spousal impoverishment financials, into the State's integrated eligibility system identifying all resources needed and reasonable timeframes for achieving the specified integration.

New matter indicated by italics - deletions by strikeout
(c) The lead agency shall file interim reports with the Chairs and Minority Spokespersons of the House and Senate Human Services Committees no later than September 1, 2013 and on February 1, 2014. The Department of Healthcare and Family Services shall include in the annual Medicaid report for State Fiscal Year 2014 and every fiscal year thereafter information concerning implementation of the provisions of this Section.

(d) No later than August 1, 2014, the Auditor General shall report to the General Assembly concerning the extent to which the timeframes specified in this Section have been met and the extent to which State staffing levels are adequate to meet the requirements of this Section.

(e) The Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging shall take the following steps to achieve federally established timeframes for eligibility determinations for Medicaid and long-term care benefits and shall work toward the federal goal of real time determinations:

1. The Departments shall review, in collaboration with representatives of affected providers, all forms and procedures currently in use, federal guidelines either suggested or mandated, and staff deployment by September 30, 2014 to identify additional measures that can improve long-term care eligibility processing and make adjustments where possible.

2. No later than June 30, 2014, the Department of Healthcare and Family Services shall issue vouchers for advance payments not to exceed $50,000,000 to nursing facilities with significant outstanding Medicaid liability associated with services provided to residents with Medicaid applications pending and residents facing the greatest delays. Each facility with an advance payment shall state in writing whether its own recoupment schedule will be in 3 or 6 equal monthly installments, as long as all advances are recouped by June 30, 2015.

3. The Department of Healthcare and Family Services' Office of Inspector General and the Department of Human Services shall immediately forgo resource review and review of transfers during the relevant look-back period for applications that were submitted prior to September 1, 2013. An applicant who applied prior to September 1, 2013, who was denied for failure to cooperate in providing required information, and whose application was incorrectly reviewed under the wrong look-back period rules may request review and correction of the denial based on this
subsection. If found eligible upon review, such applicants shall be retroactively enrolled.

(4) As soon as practicable, the Department of Healthcare and Family Services shall implement policies and promulgate rules to simplify financial eligibility verification in the following instances: (A) for applicants or recipients who are receiving Supplemental Security Income payments or who had been receiving such payments at the time they were admitted to a nursing facility and (B) for applicants or recipients with verified income at or below 100% of the federal poverty level when the declared value of their countable resources is no greater than the allowable amounts pursuant to Section 5-2 of this Code for classes of eligible persons for whom a resource limit applies. Such simplified verification policies shall apply to community cases as well as long-term care cases.

(5) As soon as practicable, but not later than July 1, 2014, the Department of Healthcare and Family Services and the Department of Human Services shall jointly begin a special enrollment project by using simplified eligibility verification policies and by redeploying caseworkers trained to handle long-term care cases to prioritize those cases, until the backlog is eliminated and processing time is within 90 days. This project shall apply to applications for long-term care received by the State on or before May 15, 2014.

(6) As soon as practicable, but not later than September 1, 2014, the Department on Aging shall make available to long-term care facilities and community providers upon request, through an electronic method, the information contained within the Interagency Certification of Screening Results completed by the pre-screener, in a form and manner acceptable to the Department of Human Services.

(7) Effective 30 days after the completion of 3 regionally based trainings, nursing facilities shall submit all applications for medical assistance online via the Application for Benefits Eligibility (ABE) website. This requirement shall extend to scanning and uploading with the online application any required additional forms such as the Long Term Care Facility Notification and the Additional Financial Information for Long Term Care Applicants as well as scanned copies of any supporting...
documentation. Long-term care facility admission documents must be submitted as required in Section 5-5 of this Code. No local Department of Human Services office shall refuse to accept an electronically filed application.

(8) Notwithstanding any other provision of this Code, the Department of Human Services and the Department of Healthcare and Family Services' Office of the Inspector General shall, upon request, allow an applicant additional time to submit information and documents needed as part of a review of available resources or resources transferred during the look-back period. The initial extension shall not exceed 30 days. A second extension of 30 days may be granted upon request. Any request for information issued by the State to an applicant shall include the following: an explanation of the information required and the date by which the information must be submitted; a statement that failure to respond in a timely manner can result in denial of the application; a statement that the applicant or the facility in the name of the applicant may seek an extension; and the name and contact information of a caseworker in case of questions. Any such request for information shall also be sent to the facility. In deciding whether to grant an extension, the Department of Human Services or the Department of Healthcare and Family Services' Office of the Inspector General shall take into account what is in the best interest of the applicant. The time limits for processing an application shall be tolled during the period of any extension granted under this subsection.

(9) The Department of Human Services and the Department of Healthcare and Family Services must jointly compile data on pending applications, denials, appeals, and redeterminations into a monthly report, which shall be posted on each Department's website for the purposes of monitoring long-term care eligibility processing. The report must specify the number of applications and redeterminations pending long-term care eligibility determination and admission and the number of appeals of denials in the following categories:

(A) Length of time applications, redeterminations, and appeals are pending - 0 to 45 days, 46 days to 90 days, 91 days to 180 days, 181 days to 12 months, over 12
months to 18 months, over 18 months to 24 months, and over 24 months.

(B) Percentage of applications and redeterminations pending in the Department of Human Services' Family Community Resource Centers, in the Department of Human Services' long-term care hubs, with the Department of Healthcare and Family Services' Office of Inspector General, and those applications which are being tolled due to requests for extension of time for additional information.

(C) Status of pending applications, denials, appeals, and redeterminations.

(f) Beginning on July 1, 2017, the Auditor General shall report every 3 years to the General Assembly on the performance and compliance of the Department of Healthcare and Family Services, the Department of Human Services, and the Department on Aging in meeting the requirements of this Section and the federal requirements concerning eligibility determinations for Medicaid long-term care services and supports, and shall report any issues or deficiencies and make recommendations. The Auditor General shall, at a minimum, review, consider, and evaluate the following:

(1) compliance with federal regulations on furnishing services as related to Medicaid long-term care services and supports as provided under 42 CFR 435.930;

(2) compliance with federal regulations on the timely determination of eligibility as provided under 42 CFR 435.912;

(3) the accuracy and completeness of the report required under paragraph (9) of subsection (e);

(4) the efficacy and efficiency of the task-based process used for making eligibility determinations in the centralized offices of the Department of Human Services for long-term care services, including the role of the State's integrated eligibility system, as opposed to the traditional caseworker-specific process from which these central offices have converted; and

(5) any issues affecting eligibility determinations related to the Department of Human Services' staff completing Medicaid eligibility determinations instead of the designated single-state Medicaid agency in Illinois, the Department of Healthcare and Family Services.

New matter indicated by italics - deletions by strikeout
The Auditor General's report shall include any and all other areas or issues which are identified through an annual review. Paragraphs (1) through (5) of this subsection shall not be construed to limit the scope of the annual review and the Auditor General's authority to thoroughly and completely evaluate any and all processes, policies, and procedures concerning compliance with federal and State law requirements on eligibility determinations for Medicaid long-term care services and supports.

(g) The Department shall adopt rules necessary to administer and enforce any provision of this Section. Rulemaking shall not delay the full implementation of this Section.

(h) Beginning on June 29, 2018, provisional eligibility, in the form of a recipient identification number and any other necessary credentials to permit an applicant to receive benefits, must be issued to any applicant who has not received a final eligibility determination on his or her application for Medicaid or Medicaid long-term care benefits or a notice of an opportunity for a hearing within the federally prescribed deadlines for the processing of such applications. The Department must maintain the applicant's provisional Medicaid enrollment status until a final eligibility determination is approved or the applicant's appeal has been adjudicated and eligibility is denied. The Department or the managed care organization, if applicable, must reimburse providers for services rendered during an applicant's provisional eligibility period.

(1) Claims for services rendered to an applicant with provisional eligibility status must be submitted and processed in the same manner as those submitted on behalf of beneficiaries determined to qualify for benefits.

(2) An applicant with provisional enrollment status must have his or her benefits paid for under the State's fee-for-service system until the State makes a final determination on the applicant's Medicaid or Medicaid long-term care application. If an individual is enrolled with a managed care organization for community benefits at the time the individual's provisional status is issued, the managed care organization is only responsible for paying benefits covered under the capitation payment received by the managed care organization for the individual.

(3) The Department, within 10 business days of issuing provisional eligibility to an applicant, must submit to the Office of the Comptroller for payment a voucher for all retroactive
reimbursement due. The Department must clearly identify such vouchers as provisional eligibility vouchers.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 29-3 as follows:

(105 ILCS 5/29-3) (from Ch. 122, par. 29-3)

Sec. 29-3. Transportation in school districts. School boards of community consolidated districts, community unit districts, consolidated districts, consolidated high school districts, optional elementary unit districts, combined high school - unit districts, combined school districts if the combined district includes any district which was previously required to provide transportation, and any newly created elementary or high school districts resulting from a high school - unit conversion, a unit to dual conversion, or a multi-unit conversion if the newly created district includes any area that was previously required to provide transportation shall provide free transportation for pupils residing at a distance of one and one-half miles or more from any school to which they are assigned for attendance maintained within the district, except for those pupils for whom the school board shall certify to the State Board of Education that adequate transportation for the public is available.

For the purpose of this Act 1 1/2 miles distance shall be from the exit of the property where the pupil resides to the point where pupils are normally unloaded at the school attended; such distance shall be measured by determining the shortest distance on normally traveled roads or streets.

New matter indicated by italics - deletions by strikeout
Such school board may comply with the provisions of this Section by providing free transportation for pupils to and from an assigned school and a pick-up point located not more than one and one-half miles from the home of each pupil assigned to such point.

For the purposes of this Act "adequate transportation for the public" shall be assumed to exist for such pupils as can reach school by walking, one way, along normally traveled roads or streets less than 1 1/2 miles irrespective of the distance the pupil is transported by public transportation.

In addition to the other requirements of this Section, each school board may provide free transportation for any pupil residing within 1 1/2 miles from the school attended where conditions are such that walking, either to or from the school to which a pupil is assigned for attendance or to or from a pick-up point or bus stop, constitutes a serious hazard to the safety of the pupil due to either (i) vehicular traffic or rail crossings or (ii) a course or pattern of criminal activity, as defined in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act. Such transportation shall not be provided if adequate transportation for the public is available.

The determination as to what constitutes a serious safety hazard shall be made by the school board, in accordance with guidelines promulgated by the Illinois Department of Transportation regarding vehicular traffic or rail crossings or in accordance with guidelines regarding a course or pattern of criminal activity, as determined by the local law enforcement agency, in consultation with the State Superintendent of Education. A school board, on written petition of the parent or guardian of a pupil for whom adequate transportation for the public is alleged not to exist because the pupil is required to walk along normally traveled roads or streets where walking is alleged to constitute a serious safety hazard due to either (i) vehicular traffic or rail crossings or (ii) a course or pattern of criminal activity, or who is required to walk between the pupil's home and assigned school or between the pupil's home or assigned school and a pick-up point or bus stop along roads or streets where walking is alleged to constitute a serious safety hazard due to either (i) vehicular traffic or rail crossings or (ii) a course or pattern of criminal activity, shall conduct a study and make findings, which the Department of Transportation, with respect to vehicular traffic or rail crossings, or the State Board of Education, in consultation with the local law enforcement agency, with respect to a course or pattern of criminal activity, shall

review and approve or disapprove as provided in this Section, to determine whether a serious safety hazard exists as alleged in the petition. The Department of Transportation shall review the findings of the school board concerning vehicular traffic or rail crossings and shall approve or disapprove the school board's determination that a serious safety hazard exists within 30 days after the school board submits its findings to the Department of Transportation. The State Board of Education, in consultation with the local law enforcement agency, shall review the findings of the school board concerning a course or pattern of criminal activity and shall approve or disapprove the school board's determination that a serious safety hazard exists within 30 days after the school board submits its findings to the State Board. The school board shall annually review the conditions and determine whether or not the hazardous conditions remain unchanged. The State Superintendent of Education may request that the Illinois Department of Transportation or the local law enforcement agency verify that the conditions have not changed. No action shall lie against the school board, the State Superintendent of Education, or the Illinois Department of Transportation, the State Board of Education, or a local law enforcement agency for decisions made in accordance with this Section. The provisions of the Administrative Review Law and all amendments and modifications thereof and the rules adopted pursuant thereto shall apply to and govern all proceedings instituted for the judicial review of final administrative decisions of the Department of Transportation, the State Board of Education, or a local law enforcement agency under this Section. At all points, except when otherwise mentioned in this Section, the local law enforcement agency is authorized to determine what constitutes a course or pattern of criminal activity.

The changes made to this Section by this amendatory Act of the 100th General Assembly do not apply to a school district organized under Article 34 of this Code.

(a) For the purposes of this Section, "eligible employee" means any part-time or full-time State correctional officer or any other full or part-time employee of the Department of Corrections, any full or part-time employee of the Prisoner Review Board, any full or part-time employee of the Department of Human Services working within a penal institution or a State mental health or developmental disabilities facility operated by the Department of Human Services, and any full-time law enforcement officer or full-time firefighter, including a full-time paramedic or a firefighter who performs paramedic duties, who is employed by the State of Illinois, any unit of local government (including any home rule unit), any State supported college or university, or any other public entity granted the power to employ persons for such purposes by law.
(b) Whenever an eligible employee suffers any injury in the line of duty which causes him to be unable to perform his duties, he shall continue to be paid by the employing public entity on the same basis as he was paid before the injury, with no deduction from his sick leave credits, compensatory time for overtime accumulations or vacation, or service credits in a public employee pension fund during the time he is unable to perform his duties due to the result of the injury, but not longer than one year in relation to the same injury. However, no injury to an employee of the Department of Corrections or the Prisoner Review Board working within a penal institution or an employee of the Department of Human Services working within a departmental mental health or developmental disabilities facility shall qualify the employee for benefits under this Section unless the injury is the direct or indirect result of violence by inmates of the penal institution or residents of the mental health or developmental disabilities facility.
(c) At any time during the period for which continuing compensation is required by this Act, the employing public entity may
order at the expense of that entity physical or medical examinations of the
injured person to determine the degree of disability.

(d) During this period of disability, the injured person shall not be
employed in any other manner, with or without monetary compensation. Any person who is employed in violation of this paragraph forfeits the continuing compensation provided by this Act from the time such employment begins. Any salary compensation due the injured person from workers' compensation or any salary due him from any type of insurance which may be carried by the employing public entity shall revert to that entity during the time for which continuing compensation is paid to him under this Act. Any person with a disability receiving compensation under the provisions of this Act shall not be entitled to any benefits for which he would qualify because of his disability under the provisions of the Illinois Pension Code.

(e) Any employee of the State of Illinois, as defined in Section 14-103.05 of the Illinois Pension Code, who becomes permanently unable to perform the duties of such employment due to an injury received in the active performance of his duties as a State employee as a result of a willful act of violence by another employee of the State of Illinois, as so defined, committed during such other employee's course of employment and after January 1, 1988, shall be eligible for benefits pursuant to the provisions of this Section. For purposes of this Section, permanent disability is defined as a diagnosis or prognosis of an inability to return to current job duties by a physician licensed to practice medicine in all of its branches.

(f) The compensation and other benefits provided to part-time employees covered by this Section shall be calculated based on the percentage of time the part-time employee was scheduled to work pursuant to his or her status as a part-time employee.

(g) Pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, this Act specifically denies and limits the exercise by home rule units of any power which is inconsistent herewith, and all existing laws and ordinances which are inconsistent herewith are hereby superseded. This Act does not preempt the concurrent exercise by home rule units of powers consistent herewith. This Act does not apply to any home rule unit with a population of over 1,000,000.

The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) (blank);
(b) (blank);
(c) home care aide services;

property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning January 1, 2008, the Department shall require as a condition of eligibility that all new financially eligible applicants apply for and enroll in medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 45 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 45 day notice period. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department

on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all personal assistant and home care aide vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21 or blind or who has a permanent and total disability. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services

provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall increase the effectiveness of the existing Community Care Program by:

(1) ensuring that in-home services included in the care plan are available on evenings and weekends;

(2) ensuring that care plans contain the services that eligible participants need based on the number of days in a month, not limited to specific blocks of time, as identified by the comprehensive assessment tool selected by the Department for use statewide, not to exceed the total monthly service cost maximum allowed for each service; the Department shall develop administrative rules to implement this item (2);

(3) ensuring that the participants have the right to choose the services contained in their care plan and to direct how those services are provided, based on administrative rules established by the Department;

(4) ensuring that the determination of need tool is accurate in determining the participants' level of need; to achieve this, the Department, in conjunction with the Older Adult Services Advisory Committee, shall institute a study of the relationship between the Determination of Need scores, level of need, service cost maximums, and the development and utilization of service plans no later than May 1, 2008; findings and recommendations shall be presented to the Governor and the General Assembly no

(6) ensuring that homemaker program vendors are not restricted from hiring homemakers who are family members of clients or recommended by clients; the Department may not, by rule or policy, require homemakers who are family members of clients or recommended by clients to accept assignments in homes other than the client;

(7) ensuring that the State may access maximum federal matching funds by seeking approval for the Centers for Medicare and Medicaid Services for modifications to the State's home and community based services waiver and additional waiver opportunities, including applying for enrollment in the Balance Incentive Payment Program by May 1, 2013, in order to maximize federal matching funds; this shall include, but not be limited to, modification that reflects all changes in the Community Care Program services and all increases in the services cost maximum;

(8) ensuring that the determination of need tool accurately reflects the service needs of individuals with Alzheimer's disease and related dementia disorders;

(11) requiring home care service providers to comply with the rounding of hours worked provisions under the federal Fair Labor Standards Act (FLSA) and as set forth in 29 CFR 785.48(b) by May 1, 2013;

(12) implementing any necessary policy changes or promulgating any rules, no later than January 1, 2014, to assist the Department of Healthcare and Family Services in moving as many participants as possible, consistent with federal regulations, into coordinated care plans if a care coordination plan that covers long term care is available in the recipient's area; and

(13) maintaining fiscal year 2014 rates at the same level established on January 1, 2013.

By January 1, 2009 or as soon after the end of the Cash and Counseling Demonstration Project as is practicable, the Department may, based on its evaluation of the demonstration project, promulgate rules concerning personal assistant services, to include, but need not be limited to, qualifications, employment screening, rights under fair labor standards, training, fiduciary agent, and supervision requirements. All applicants shall be subject to the provisions of the Health Care Worker Background Check Act.

Beginning on the effective date of this amendatory Act of 1991, no person may perform chore/housekeeping and home care aide services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as home care aides and personal assistants receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for home care aides and personal assistants. An employer that cannot ensure that the minimum wage increase is being given to home care aides and personal assistants shall be denied any increase in reimbursement costs.

The Committee shall meet on a bi-monthly basis and shall serve to identify and advise the Department on present and potential issues affecting the service delivery network, the program's clients, and the Department and to recommend solution strategies. Persons appointed to the Committee shall be appointed on, but not limited to, their own and their agency's experience with the program, geographic representation, and willingness to serve. The Director shall appoint members to the Committee to represent provider, advocacy,

Nominations may be presented from any agency or State association with interest in the program. The Director, or his or her designee, shall serve as the permanent co-chair of the advisory committee. One other co-chair shall be nominated and approved by the members of the committee on an annual basis. Committee members' terms of appointment shall be for 4 years with one-quarter of the appointees' terms expiring each year. A member shall continue to serve until his or her replacement is named. The Department shall fill vacancies that have a remaining term of over one year, and this replacement shall occur through the annual replacement of expiring terms. The Director shall designate Department staff to provide technical assistance and staff support to the committee. Department representation shall not constitute membership of the committee. All Committee papers, issues, recommendations, reports, and meeting memoranda are advisory only. The Director, or his or her designee, shall make a written report, as requested by the Committee, regarding issues before the Committee.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

However, before leasing or purchasing any office or storage space, buildings, land or other facilities in any municipality the Department shall survey the existing State-owned and State-leased property to make a determination of need.

after that date or an option to purchase. The purchases shall be made through contracts that (i) may provide for the title to the property to transfer immediately to the State or a trustee or nominee for the benefit of the State, (ii) shall provide for the consideration to be paid in installments to be made at stated intervals during a certain term not to exceed 30 years from the date of the contract, and (iii) may provide for the payment of interest on the unpaid balance at a rate that does not exceed a rate determined by adding 3 percentage points to the annual yield on United States Treasury obligations of comparable maturity as most recently published in the Wall Street Journal at the time such contract is signed. The leases and purchase contracts shall be and shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent or purchase installments payable under the terms of the lease or purchase contract. Additionally, the purchase contract shall specify that title to the office and storage space, buildings, land, and other facilities being acquired under the contract shall revert to the Seller in the event of the failure of the General Assembly to appropriate suitable funds. However, this limitation on the term of the leases does not apply to leases to and with the Illinois Building Authority, as provided for in the Building Authority Act. Leases to and with that Authority may be entered into for a term not to exceed 30 years and shall be and shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent payable under the terms of the lease. These limitations do not apply if the lease or purchase contract contains a provision limiting the liability for the payment of the rentals or installments thereof solely to funds received from the Federal government.

(b) To lease from an airport authority office, aircraft hangar, and service buildings constructed upon a public airport under the Airport Authorities Act for the use and occupancy of the State Department of Transportation. The lease may be entered into for a term not to exceed 30 years.

(c) To establish training programs for teaching State leasing procedures and practices to new employees of the Department and to keep all employees of the Department informed about current leasing practices and developments in the real estate industry.

(d) To enter into an agreement with a municipality or county to construct, remodel, or convert a structure for the purposes of its serving as
a correctional institution or facility pursuant to paragraph (c) of Section 3-2-2 of the Unified Code of Corrections.

(e) To enter into an agreement with a private individual, trust, partnership, or corporation or a municipality or other unit of local government, when authorized to do so by the Department of Corrections, whereby that individual, trust, partnership, or corporation or municipality or other unit of local government will construct, remodel, or convert a structure for the purposes of its serving as a correctional institution or facility and then lease the structure to the Department for the use of the Department of Corrections. A lease entered into pursuant to the authority granted in this subsection shall be for a term not to exceed 30 years but may grant to the State the option to purchase the structure outright.

The leases shall be and shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to pay the rent payable under the terms of the lease.

(f) On and after September 17, 1983, the powers granted to the Department under this Section shall be exercised exclusively by the Department, and no other State agency may concurrently exercise any such power unless specifically authorized otherwise by a later enacted law. This subsection is not intended to impair any contract existing as of September 17, 1983.

However, no lease for more than 10,000 square feet of space shall be executed unless the Director, in consultation with the Executive Director of the Capital Development Board, has certified that leasing is in the best interest of the State, considering programmatic requirements, availability of vacant State-owned space, the cost-benefits of purchasing or constructing new space, and other criteria as he or she shall determine. The Director shall not permit multiple leases for less than 10,000 square feet to be executed in order to evade this provision.

(g) To develop and implement, in cooperation with the Interagency Energy Conservation Committee, a system for evaluating energy consumption in facilities leased by the Department, and to develop energy consumption standards for use in evaluating prospective lease sites.

(B) the building or facilities will be substantially occupied by State agencies after purchase (or after acceptance in the case of a build to suit);

(C) the building or facilities shall be in new or like new condition and have a remaining economic life exceeding the term of the contract;

(D) no structural or other major building component or system has a remaining economic life of less than 10 years;

(E) the building, land, or facilities:

    (i) is free of any identifiable environmental hazard or

    (ii) is subject to a management plan, provided by the seller and acceptable to the State, to address the known environmental hazard;

(F) the building, land, or facilities satisfy applicable accessibility and applicable building codes; and

(G) the State's cost to lease purchase or installment purchase the building, land, or facilities is less than the cost to lease space of comparable quality, size, and location over the lease purchase or installment purchase term.

(2) The Department shall establish the methodology for comparing lease costs to the costs of installment or lease purchases. The cost comparison shall take into account all relevant cost factors, including, but not limited to, debt service, operating and maintenance costs, insurance and risk costs, real estate taxes, reserves for replacement and repairs, security costs, and utilities. The methodology shall also provide:

(A) that the comparison will be made using level payment plans; and

(B) that a purchase price must not exceed the fair market value of the buildings, land, or facilities and that the purchase price must be substantiated by an appraisal or by a competitive selection process.

(3) If the Department intends to enter into an installment purchase or lease purchase agreement for buildings, land, or facilities under circumstances that do not satisfy the conditions specified by this Section, it must issue a notice to the Secretary of the Senate and the Clerk of the House. The notice shall contain (i) specific details of the State's proposed purchase, including the amounts, purposes, and financing terms; (ii) a specific description of how the proposed purchase varies from the procedures set forth in this Section; and (iii) a specific justification, signed by the Director, stating why it is in the State's best interests to proceed with the purchase. The Department may not proceed with such an installment purchase or lease purchase agreement if, within 60 calendar days after delivery of the notice, the General Assembly, by joint resolution, disapproves the transaction. Delivery may take place on a day and at an hour when the Senate and House are not in session so long as the offices of Secretary and Clerk are open to receive the notice. In determining the 60-day period within which the General Assembly must act, the day on which delivery is made to the Senate and House shall not be counted. If delivery of the notice to the 2 houses occurs on different days, the 60-day period shall begin on the day following the later delivery.

(4) On or before February 15 of each year, the Department shall submit an annual report to the Director of the Governor's Office of Management and Budget and the General Assembly regarding installment purchases or lease purchases of buildings, land, or facilities that were entered into during the preceding calendar year. The report shall include a summary statement of the aggregate amount of the State's obligations under those purchases; specific details pertaining to each purchase, including the amounts, purposes, and financing terms and payment schedule for each purchase; and any other matter that the Department deems advisable.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Auditor General, the Speaker, the Minority Leader, and the Clerk of the House of Representatives and the President, the Minority Leader, and the Secretary of the Senate; the Chairs of the Appropriations Committees, and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing
additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

New matter indicated by italics - deletions by strikeout
(a) For the purpose of ensuring effective statewide planning, development, and utilization of resources for the day care of children, operated under various auspices, the Department of Human Services is designated to coordinate all day care activities for children of the State and shall develop or continue, and shall update every year, a State comprehensive day-care plan for submission to the Governor that identifies high-priority areas and groups, relating them to available resources and identifying the most effective approaches to the use of existing day care services. The State comprehensive day-care plan shall be made available to the General Assembly following the Governor's approval of the plan.

The plan shall include methods and procedures for the development of additional day care resources for children to meet the goal of reducing short-run and long-run dependency and to provide necessary enrichment and stimulation to the education of young children. A written report shall be submitted to the Governor and the General Assembly annually on April 15. Beginning with the report in 1990 submitted by the Department's predecessor agency and every 2 years thereafter, the report shall also include the following:

(5) Expansion of family day care facilities wherever possible.

(6) Location of centers in economically depressed neighborhoods, preferably in multi-service centers with cooperation of other agencies. (7) Use of existing facilities free of charge or for reasonable rental whenever possible in lieu of construction.

(8) Development of strategies for assuring a more complete range of day care options, including provision of day care services in homes, in schools, or in centers, which will enable a parent or parents to complete a course of education or obtain or maintain employment and the creation of more child care options for swing shift, evening, and weekend workers and for working women with sick children. The Department shall encourage companies to provide child care in their own offices or in the building in which the corporation is located so that employees of all the building's tenants can benefit from the facility.

(9) Development of strategies for subsidizing students pursuing degrees in the child care field.

New matter indicated by italics - deletions by strikeout
(10) Continuation and expansion of service programs that assist teen parents to continue and complete their education.

Emphasis shall be given to support services that will help to ensure such parents' graduation from high school and to services for participants in any programs of job training conducted by the Department.

Based upon the findings of the study, the Department shall develop a plan by April 15, 1998, that identifies the various types of child care needs within various geographic locations. The plan shall include, but not be limited to, the special needs of parents and guardians in need of non-traditional child care services such as early mornings, evenings, and weekends; the needs of very low income families and children and how they might be better served; and strategies to assist child care providers to meet the needs and schedules of low income families.

(b) To prescribe and supervise such courses of vocational training and provide such other services as may be necessary for the habilitation and rehabilitation of persons with one or more disabilities, including the administrative activities under subsection (e) of this Section, and to co-operate with State and local school authorities and other recognized agencies engaged in habilitation, rehabilitation and comprehensive rehabilitation services; and to cooperate with the Department of Children and Family Services regarding the care and education of children with one or more disabilities.

The annual report shall contain (1) a statement of the existing condition of comprehensive rehabilitation services, habilitation and rehabilitation in the State; (2) a statement of suggestions and recommendations with reference to the development of comprehensive rehabilitation services, habilitation and rehabilitation in the State; and (3) an itemized statement of the amounts of money received from federal, State and other sources, and of the objects and purposes to which the respective items of these several amounts have been devoted.

(8) electronic home response;
(9) brain injury behavioral/cognitive services;
(10) brain injury habilitation;
(11) brain injury pre-vocational services; or
(12) brain injury supported employment.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided, however, that any portion of a person's income that is equal to or less than the "protected income" level shall not be considered by the Department in determining eligibility. The "protected income" level shall be determined by the Department, shall never be less than the federal poverty standard, and shall be adjusted each year to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. The standards must provide that a person may not have more than $10,000 in assets to be eligible for the services, and the Department may increase or decrease the asset limitation by rule. The Department may not decrease the asset level below $10,000.

The services shall be provided, as established by the Department by rule, to eligible persons to prevent unnecessary or premature institutionalization, to the extent that the cost of the services, together with the other personal maintenance expenses of the persons, are reasonably related to the standards established for care in a group facility appropriate to their condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Illinois Department on Aging. The Department shall set rates and fees for services in a fair and equitable manner. Services identical to those offered by the Department on Aging shall be paid at the same rate.

Except as otherwise provided in this paragraph, personal assistants shall be paid at a rate negotiated between the State and an exclusive representative of personal assistants under a collective bargaining agreement. In no case shall the Department pay personal assistants an hourly wage that is less than the federal

Solely for the purposes of coverage under the Illinois Public Labor Relations Act, personal assistants providing services under the Department's Home Services Program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of July 16, 2003 (the effective date of Public Act 93-204), but not before. Solely for the purposes of coverage under the Illinois Public Labor Relations Act, home care and home health workers who function as personal assistants and individual maintenance home health workers and who also provide services under the Department's Home Services Program shall be considered to be public employees, no matter whether the State provides such services through direct fee-for-service arrangements, with the assistance of a managed care organization or other intermediary, or otherwise, and the State of Illinois shall be considered to be the employer of those persons as of January 29, 2013 (the effective date of Public Act 97-1158), but not before except as otherwise provided under this subsection (f). The State shall engage in collective bargaining with an exclusive representative of home care and home health workers who function as personal assistants and individual maintenance home health workers working under the Home Services Program concerning their terms and conditions of employment that are within the State's control. Nothing in this paragraph shall be understood to limit the right of the persons receiving services defined in this Section to hire and fire home care and home health workers who function as personal assistants and individual maintenance home health workers working under the Home Services Program or to supervise them within the limitations set by the Home Services Program. The State shall not be considered to be the employer of home care and home health workers who function as personal assistants and individual maintenance home health workers working under the Home Services Program for any purposes not specifically provided in Public Act 93-204 or Public Act 97-1158, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits.

Home care and home health workers who function as personal assistants and individual maintenance home health workers and who also provide services under the Department's Home Services Program shall not be covered by the State Employees Group Insurance Act of 1971.

The Department shall execute, relative to nursing home prescreening, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Healthcare and Family Services, to effect the intake procedures and eligibility criteria for those persons who may need long term care. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department, or a designee of the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

To the extent permitted under the federal Social Security Act, the Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21 or blind or who has a permanent and total disability. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no
claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall submit an annual report on programs and services provided under this Section. The report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

(g) To establish such subdivisions of the Department as shall be desirable and assign to the various subdivisions the responsibilities and duties placed upon the Department by law.

(h) To cooperate and enter into any necessary agreements with the Department of Employment Security for the provision of job placement and job referral services to clients of the Department, including job service registration of such clients with Illinois Employment Security offices and making job listings maintained by the Department of Employment Security available to such clients.

rental requirements, access features and proximity to public
transportation of available housing. The Clearinghouse shall
consist of at least a computerized database for the storage and
retrieval of information and a separate or shared toll free telephone
number for use by those seeking information from the
Clearinghouse. Department offices and personnel throughout the
State shall also assist in the operation of the Statewide Housing
Clearinghouse. Cooperation with local, State, and federal housing
managers shall be sought and extended in order to frequently and
promptly update the Clearinghouse's information.

(m) To assure that the names and case records of persons
who received or are receiving services from the Department,
including persons receiving vocational rehabilitation, home
services, or other services, and those attending one of the
Department's schools or other supervised facility shall be
confidential and not be open to the general public. Those case
records and reports or the information contained in those records

Information able to be obtained only as a result of the linkage of teacher and student data through the longitudinal data system may not be used by a school district as part of an evaluation under Article 24A of the School Code unless, in good faith cooperation with the school district's teachers or, where applicable, the exclusive bargaining representative of the school district's teachers, the school district has developed an evaluation plan or substantive change to an evaluation plan that specifically describes the school district's rationale for using this information for evaluations, how this information will be used as part of the evaluation process, and how this information will relate to evaluation standards. However,

The State Education Authorities may disclose student information to authorized officials of a student's former early learning program, school, or school district to assist with the evaluation of federal or State-supported education programs.

(e) In establishing, operating, and expanding the longitudinal data system, the State Education Authorities shall convene stakeholders and create opportunities for input and advice in the areas of data ownership, data use, research priorities, data management, confidentiality, data access, and reporting from the system. Such stakeholders include, but are not limited to, public and non-public institutions of higher learning, school districts, charter schools, non-public elementary and secondary schools, early learning programs, teachers, professors, parents, principals and administrators, school research consortia, education policy and advocacy organizations, news media, the Illinois Student Assistance Commission, the Illinois Education Research Council, the Department of Commerce and Economic Opportunity, the Illinois Early Learning Council, and the Commission on Government Forecasting and Accountability Legislative Research Unit.

Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. (E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis. As used in this Section, the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast. If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016,
the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

3. Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible

Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which

inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

PUBLIC ACT 100-1151
(Senate Bill No. 3051)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by adding Section 9-210.6 as follows:

(220 ILCS 5/9-210.6 new)

Sec. 9-210.6. Continuation of Section 9-210.5 of this Act; validation.

(a) The General Assembly finds and declares that:

(1) Public Act 100-751, which took effect on August 10, 2018, contained provisions that would have changed the repeal date for Section 9-210.5 of this Act from June 1, 2018 to June 1, 2028.

(2) The Statute on Statutes sets forth general rules on the repeal of statutes and the construction of multiple amendments, but Section 1 of that Act also states that these rules will not be observed when the result would be "inconsistent with the manifest intent of the General Assembly or repugnant to the context of the statute".

New matter indicated by italics - deletions by strikeout
(3) This amendatory Act of the 100th General Assembly manifests the intention of the General Assembly to extend the repeal date for Section 9-210.5 of this Act and have Section 9-210.5 of this Act, as amended by Public Act 100-751, continue in effect until June 1, 2028.

(b) Any construction of this Act that results in the repeal of Section 9-210.5 of this Act on June 1, 2018 would be inconsistent with the manifest intent of the General Assembly and repugnant to the context of this Act.

(c) It is hereby declared to have been the intent of the General Assembly that Section 9-210.5 of this Act shall not be subject to repeal on June 1, 2018.

(d) Section 9-210.5 of this Act shall be deemed to have been in continuous effect since August 9, 2013 (the effective date of Public Act 98-213), and it shall continue to be in effect, as amended by Public Act 100-751, until it is otherwise lawfully amended or repealed. All previously enacted amendments to the Section taking effect on or after August 9, 2013, are hereby validated.

(e) In order to ensure the continuing effectiveness of Section 9-210.5 of this Act, that Section is set forth in full and reenacted by this amendatory Act of the 100th General Assembly. In this amendatory Act of the 100th General Assembly, the base text of the reenacted Section is set forth as amended by Public Act 100-751.

(f) All actions of the Commission or any other person or entity taken in reliance on or pursuant to Section 9-210.5 are hereby validated.

(g) Section 9-210.5 of this Act applies to all proceedings pending on or filed on or before the effective date of this amendatory Act of the 100th General Assembly.

Section 10. The Public Utilities Act is amended by reenacting Section 9-210.5 as follows:

(220 ILCS 5/9-210.5)
Sec. 9-210.5. Valuation of water and sewer utilities.
(a) In this Section:
"Disinterested" means that the person directly involved (1) is not a director, officer, or an employee of the large public utility or the water or sewer utility or its direct affiliates or subsidiaries for at least 12 months before becoming engaged under this Section; (2) shall not derive a material financial benefit from the sale of the water or sewer utility other than fees for services rendered, and (3)
shall not have a member of the person's immediate family, including a spouse, parents or spouse's parents, children or spouses of children, or siblings and their spouses or children, be a director, officer, or employee of either the large public utility or water or sewer utility or the water or sewer utility or its direct affiliates or subsidiaries for at least 12 months before becoming engaged under this Section or receive a material financial benefit from the sale of the water or sewer utility other than fees for services rendered.

"District" means a service area of a large public utility whose customers are subject to the same rate tariff.

"Large public utility" means an investor-owned public utility that:

1. is subject to regulation by the Illinois Commerce Commission under this Act;
2. regularly provides water or sewer service to more than 30,000 customer connections;
3. provides safe and adequate service; and
4. is not a water or sewer utility as defined in this subsection (a).

"Next rate case" means a large public utility's first general rate case after the date the large public utility acquires the water or sewer utility where the acquired water or sewer utility's cost of service is considered as part of determining the large public utility's resulting rates.

"Prior rate case" means a large public utility's general rate case resulting in the rates in effect for the large public utility at the time it acquires the water or sewer utility.

"Utility service source" means the water or sewer utility or large public utility from which the customer receives its utility service type.

"Utility service type" means water utility service or sewer utility service or water and sewer utility service.

"Water or sewer utility" means any of the following:
1. a public utility that regularly provides water or sewer service to 6,000 or fewer customer connections;
2. a water district, including, but not limited to, a public water district, water service district, or surface water protection district, or a sewer district of any kind.
established as a special district under the laws of this State that regularly provides water or sewer service;

(3) a waterworks system or sewerage system established under the Township Code that regularly provides water or sewer service; or

(4) a water system or sewer system owned by a municipality that regularly provides water or sewer service; and

(5) any other entity that is not a public utility that regularly provides water or sewer service.

(b) Notwithstanding any other provision of this Act, a large public utility that acquires a water or sewer utility may request that the Commission use, and, if so requested, the Commission shall use, the procedures set forth under this Section to establish the ratemaking rate base of that water or sewer utility at the time when it is acquired by the large public utility.

(c) If a large public utility elects the procedures under this Section to establish the rate base of a water or sewer utility that it is acquiring, then 3 appraisals shall be performed. The average of these 3 appraisals shall represent the fair market value of the water or sewer utility that is being acquired. The appraisals shall be performed by 3 appraisers approved by the Commission's Executive Director or designee and engaged by either the water or sewer utility being acquired or by the large public utility. Each appraiser shall be engaged on reasonable terms approved by the Commission. Each appraiser shall be a disinterested person licensed as a State certified general real estate appraiser under the Real Estate Appraiser Licensing Act of 2002.

Each appraiser shall:

(1) be sworn to determine the fair market value of the water or sewer utility by establishing the amount for which the water or sewer utility would be sold in a voluntary transaction between a willing buyer and willing seller under no obligation to buy or sell;

(2) determine fair market value in compliance with the Uniform Standards of Professional Appraisal Practice;

(3) engage one disinterested engineer who is licensed in this State, and who may be the same engineer that is engaged by the other appraisers, to prepare an assessment of the tangible assets of the water or sewer utility, which is to be incorporated into the appraisal under the cost approach;

New matter indicated by italics - deletions by strikeout
(4) request from the manager of the Accounting Department, if the water or sewer utility is a public utility that is regulated by the Commission, a list of investments made by the water or sewer utility that had been disallowed previously and that shall be excluded from the calculation of the large public utility's rate base in its next rate case; and

(5) return their appraisal, in writing, to the water or sewer utility and large public utility in a reasonable and timely manner.

If the appraiser cannot engage an engineer, as described in paragraph (3) of this subsection (c), within 30 days after the appraiser is engaged, then the Commission's Executive Director or designee shall recommend the engineer the appraiser should engage. The Commission's Executive Director or designee shall provide his or her recommendation within 30 days after he or she is officially notified of the appraiser's failure to engage an engineer and the appraiser shall promptly work to engage the recommended engineer. If the appraiser is unable to negotiate reasonable engagement terms with the recommended engineer within 15 days after the recommendation by the Commission's Executive Director or designee, then the appraiser shall notify the Commission's Executive Director or designee and the process shall be repeated until an engineer is successfully engaged.

(d) The lesser of (i) the purchase price or (ii) the fair market value determined under subsection (c) of this Section shall constitute the rate base associated with the water or sewer utility as acquired by and incorporated into the rate base of the district designated by the acquiring large public utility under this Section, subject to any adjustments that the Commission deems necessary to ensure such rate base reflects prudent and useful investments in the provision of public utility service. The reasonable transaction and closing costs incurred by the large public utility shall be treated consistent with the applicable accounting standards under this Act. The total amount of all of the appraisers' fees to be included in the transaction and closing costs shall not exceed the greater of $15,000 or 5% of the appraised value of the water or sewer utility being acquired. This rate base treatment shall not be deemed to violate this Act, including, but not limited to, any Sections in Articles VIII and IX of this Act that might be affected by this Section. Any acquisition of a water or sewer utility that affects the cumulative base rates of the large public utility's existing ratepayers in the tariff group into which the water or sewer utility is to be combined by less than (1) 2.5% at the time of the acquisition for
any single acquisition completed under this Section or (2) 5% for all acquisitions completed under this Section before the Commission's final order in the next rate case shall not be deemed to violate Section 7-204 or any other provision of this Act.

In the Commission's order that approves the large public utility's acquisition of the water or sewer utility, the Commission shall issue its decision establishing (1) the ratemaking rate base of the water or sewer utility; (2) the district or tariff group with which the water or sewer utility shall be combined for ratemaking purposes, if such combination has been proposed by the large public utility; and (3) the rates to be charged to customers in the water or sewer utility.

(e) If the water or sewer utility being acquired is owned by the State or any political subdivision thereof, then the water or sewer utility must inform the public of the terms of its acquisition by the large public utility by (1) holding a public meeting prior to the acquisition and (2) causing to be published, in a newspaper of general circulation in the area that the water or sewer utility operates, a notice setting forth the terms of its acquisition by the large public utility and options that shall be available to assist customers to pay their bills after the acquisition.

(f) The large public utility may recommend the district or tariff group of which the water or sewer utility shall, for ratemaking purposes, become a part after the acquisition, or may recommend a lesser rate for the water or sewer utility. If the large public utility recommends a lesser rate, it shall submit to the Commission its proposed rate schedule and the proposed final tariff group for the acquired water or sewer utility. The Commission's approved district or tariff group or rates shall be consistent with the large public utility's recommendation, unless such recommendation can be shown to be contrary to the public interest.

(g) From the date of acquisition until the date that new rates are effective in the acquiring large public utility's next rate case, the customers of the acquired water or sewer utility shall pay the approved then-existing rates of the district or tariff group as ordered by the Commission, or some lesser rates as recommended by the large public utility and approved by the Commission under subsection (f); provided, that, if the application of such rates of the large public utility to customers of the acquired water or sewer utility using 54,000 gallons annually results in an increase to the total annual bill of customers of the acquired water or sewer utility, exclusive of fire service or related charges, then the large public utility's rates charged to the customers of the acquired water or sewer utility shall

New matter indicated by italics - deletions by strikeout
be uniformly reduced, if any reduction is required, by the percent that results in the total annual bill, exclusive of fire services or related charges, for the customers of the acquired water or sewer utility using 54,000 gallons being equal to 1.5% of the latest median household income as reported by the United States Census Bureau for the most applicable community or county. For each customer of the water or sewer utility with potable water usage values that cannot be reasonably obtained, a value of 4,500 gallons per month shall be assigned. These rates shall not be deemed to violate this Act including, but not limited to, Section 9-101 and any other applicable Sections in Articles VIII and IX of this Act. The Commission shall issue its decision establishing the rates effective for the water or sewer utility immediately following an acquisition in its order approving the acquisition.

(h) In the acquiring large public utility's next rate case, the water or sewer utility and the district or tariff group ordered by the Commission and their costs of service may be combined under the same rate tariff. This rate tariff shall be based on allocation of costs of service of the acquired water or sewer utility and the large public utility's district or tariff group ordered by the Commission and utilizing a rate design that does not distinguish among customers on the basis of utility service source or type. This rate tariff shall not be deemed to violate this Act including, but not limited to, Section 9-101 of this Act. In the acquiring large public utility's 2 rate cases after an acquisition, but in no subsequent rate case, the large public utility may file a rate tariff for a water or sewer utility acquired under this Section that establishes lesser rates than the district or tariff group into which the water or sewer utility is to be combined. Those lesser rates shall not be deemed to violate Section 7-204 or any other provision of this Act if they affect the cumulative base rates of the large public utility's existing rate payers in the district or tariff by less than 2.5%.

(i) Any post-acquisition improvements made by the large public utility in the water or sewer utility shall accrue a cost for financing set at the large public utility's determined rate for allowance for funds used during construction, inclusive of the debt, equity, and income tax gross up components, after the date on which the expenditure was incurred by the large public utility until the investment has been in service for a 4-year period or, if sooner, until the time the rates are implemented in the large public utility's next rate case.

Any post-acquisition improvements made by the large public utility in the water or sewer utility shall not be depreciated for ratemaking.

purposes from the date on which the expenditure was incurred by the large public utility until the investment has been in service for a 4-year period or, if sooner, until the time the rates are implemented in the large public utility's next rate case.

(j) This Section shall be exclusively applied to large public utilities in the voluntary and mutually agreeable acquisition of water or sewer utilities. Any petitions filed with the Commission related to the acquisitions described in this Section, including petitions seeking approvals or certificates required by this Act, shall be deemed approved unless the Commission issues its final order within 11 months after the date the large public utility filed its initial petition. This Section shall only apply to utilities providing water or sewer service and shall not be construed in any manner to apply to electric corporations, natural gas corporations, or any other utility subject to this Act.

(k) Nothing in this Section shall prohibit a party from declining to proceed with an acquisition or be deemed as establishing the final purchase price of an acquisition.

(l) In the Commission's order that approves the large utility's acquisition of the water or sewer utility, the Commission shall address each aspect of the acquisition transaction for which approval is required under the Act.

(m) Any contractor or subcontractor that performs work on a water or sewer utility acquired by a large public utility under this Section shall be a responsible bidder as described in Section 30-22 of the Illinois Procurement Code. The contractor or subcontractor shall submit evidence of meeting the requirements to be a responsible bidder as described in Section 30-22 to the water or sewer utility. Any new water or sewer facility built as a result of the acquisition shall require the contractor to enter into a project labor agreement. The large public utility acquiring the water or sewer utility shall offer employee positions to qualified employees of the acquired water or sewer utility.

(n) This Section is repealed on June 1, 2028. (Source: P.A. 100-751, eff. 8-10-18.)

AN ACT concerning gaming.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Section 26 as follows:

(230 ILCS 5/26) (from Ch. 8, par. 37-26)

Sec. 26. Wagering.

(a) Any licensee may conduct and supervise the pari-mutuel system of wagering, as defined in Section 3.12 of this Act, on horse races conducted by an Illinois organization licensee or conducted at a racetrack located in another state or country and televised in Illinois in accordance with subsection (g) of Section 26 of this Act. Subject to the prior consent of the Board, licensees may supplement any pari-mutuel pool in order to guarantee a minimum distribution. Such pari-mutuel method of wagering shall not, under any circumstances if conducted under the provisions of this Act, be held or construed to be unlawful, other statutes of this State to the contrary notwithstanding. Subject to rules for advance wagering promulgated by the Board, any licensee may accept wagers in advance of the day of the race wagered upon occurs.

(b) No other method of betting, pool making, wagering or gambling shall be used or permitted by the licensee. Each licensee may retain, subject to the payment of all applicable taxes and purses, an amount not to exceed 17% of all money wagered under subsection (a) of this Section, except as may otherwise be permitted under this Act.

(b-5) An individual may place a wager under the pari-mutuel system from any licensed location authorized under this Act provided that wager is electronically recorded in the manner described in Section 3.12 of this Act. Any wager made electronically by an individual while physically on the premises of a licensee shall be deemed to have been made at the premises of that licensee.

(c) Until January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum
distributions of any pari-mutuel pool, shall be paid to the Illinois Veterans' Rehabilitation Fund of the State treasury, except as provided in subsection (g) of Section 27 of this Act.

(c-5) Beginning January 1, 2000, the sum held by any licensee for payment of outstanding pari-mutuel tickets, if unclaimed prior to December 31 of the next year, shall be retained by the licensee for payment of such tickets until that date. Within 10 days thereafter, the balance of such sum remaining unclaimed, less any uncashed supplements contributed by such licensee for the purpose of guaranteeing minimum distributions of any pari-mutuel pool, shall be evenly distributed to the purse account of the organization licensee and the organization licensee.

(d) A pari-mutuel ticket shall be honored until December 31 of the next calendar year, and the licensee shall pay the same and may charge the amount thereof against unpaid money similarly accumulated on account of pari-mutuel tickets not presented for payment.

(e) No licensee shall knowingly permit any minor, other than an employee of such licensee or an owner, trainer, jockey, driver, or employee thereof, to be admitted during a racing program unless accompanied by a parent or guardian, or any minor to be a patron of the pari-mutuel system of wagering conducted or supervised by it. The admission of any unaccompanied minor, other than an employee of the licensee or an owner, trainer, jockey, driver, or employee thereof at a race track is a Class C misdemeanor.

(f) Notwithstanding the other provisions of this Act, an organization licensee may contract with an entity in another state or country to permit any legal wagering entity in another state or country to accept wagers solely within such other state or country on races conducted by the organization licensee in this State. Beginning January 1, 2000, these wagers shall not be subject to State taxation. Until January 1, 2000, when the out-of-State entity conducts a pari-mutuel pool separate from the organization licensee, a privilege tax equal to 7 1/2% of all monies received by the organization licensee from entities in other states or countries pursuant to such contracts is imposed on the organization licensee, and such privilege tax shall be remitted to the Department of Revenue within 48 hours of receipt of the moneys from the simulcast. When the out-of-State entity conducts a combined pari-mutuel pool with the organization licensee, the tax shall be 10% of all monies received by the organization licensee with 25% of the receipts from this 10% tax to be distributed to the county in which the race was conducted.

An organization licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states and may transmit audio and visual signals of races the organization licensee conducts to one or more locations outside the State or country and may also permit pari-mutuel pools in other states or countries to be combined with its gross or net wagering pools or with wagering pools established by other states.

(g) A host track may accept interstate simulcast wagers on horse races conducted in other states or countries and shall control the number of signals and types of breeds of racing in its simulcast program, subject to the disapproval of the Board. The Board may prohibit a simulcast program only if it finds that the simulcast program is clearly adverse to the integrity of racing. The host track simulcast program shall include the signal of live racing of all organization licensees. All non-host licensees and advance deposit wagering licensees shall carry the signal of and accept wagers on live racing of all organization licensees. Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any Illinois signal provided pursuant to this Section without the approval and consent of the organization licensee providing the signal. For one year after August 15, 2014 (the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program of horse races conducted at race tracks located within North America upon which wagering is permitted. For a period of one year after August 15, 2014 (the effective date of Public Act 98-968), on horse races conducted at race tracks located outside of North America, non-host licensees may accept wagers on all races included as part of the simulcast program upon which wagering is permitted. Beginning August 15, 2015 (one year after the effective date of Public Act 98-968), non-host licensees may carry the host track simulcast program and shall accept wagers on all races included as part of the simulcast program upon which wagering is permitted. All organization licensees shall provide their live signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 6% of the advance deposit wagering licensee's Illinois handle on the organization licensee's signal without prior approval by the Board. The Board may adopt rules under which it may permit simulcast commission fees in excess of 6%. The Board shall adopt rules limiting the interstate commission fees charged to an advance deposit wagering licensee. The Board shall adopt rules regarding advance deposit wagering on interstate

simulcast races that shall reflect, among other things, the General Assembly's desire to maximize revenues to the State, horsemen purses, and organizational licensees. However, organization licensees providing live signals pursuant to the requirements of this subsection (g) may petition the Board to withhold their live signals from an advance deposit wagering licensee if the organization licensee discovers and the Board finds reputable or credible information that the advance deposit wagering licensee is under investigation by another state or federal governmental agency, the advance deposit wagering licensee's license has been suspended in another state, or the advance deposit wagering licensee's license is in revocation proceedings in another state. The organization licensee's provision of their live signal to an advance deposit wagering licensee under this subsection (g) pertains to wagers placed from within Illinois. Advance deposit wagering licensees may place advance deposit wagering terminals at wagering facilities as a convenience to customers. The advance deposit wagering licensee shall not charge or collect any fee from purses for the placement of the advance deposit wagering terminals. The costs and expenses of the host track and non-host licensees associated with interstate simulcast wagering, other than the interstate commission fee, shall be borne by the host track and all non-host licensees incurring these costs. The interstate commission fee shall not exceed 5% of Illinois handle on the interstate simulcast race or races without prior approval of the Board. The Board shall promulgate rules under which it may permit interstate commission fees in excess of 5%. The interstate commission fee and other fees charged by the sending racetrack, including, but not limited to, satellite decoder fees, shall be uniformly applied to the host track and all non-host licensees.

Notwithstanding any other provision of this Act, through December 31, 2018, an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may maintain a system whereby advance deposit wagering may take place or an organization licensee, with the consent of the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting, may contract with another person to carry out a system of advance deposit wagering. Such consent may not be unreasonably withheld. Only with respect to an appeal to the Board that consent for an organization licensee that maintains its own advance

deposit wagering system is being unreasonably withheld, the Board shall issue a final order within 30 days after initiation of the appeal, and the organization licensee's advance deposit wagering system may remain operational during that 30-day period. The actions of any organization licensee who conducts advance deposit wagering or any person who has a contract with an organization licensee to conduct advance deposit wagering who conducts advance deposit wagering on or after January 1, 2013 and prior to June 7, 2013 (the effective date of Public Act 98-18) taken in reliance on the changes made to this subsection (g) by Public Act 98-18 are hereby validated, provided payment of all applicable pari-mutuel taxes are remitted to the Board. All advance deposit wagers placed from within Illinois must be placed through a Board-approved advance deposit wagering licensee; no other entity may accept an advance deposit wager from a person within Illinois. All advance deposit wagering is subject to any rules adopted by the Board. The Board may adopt rules necessary to regulate advance deposit wagering through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. The General Assembly finds that the adoption of rules to regulate advance deposit wagering is deemed an emergency and necessary for the public interest, safety, and welfare. An advance deposit wagering licensee may retain all moneys as agreed to by contract with an organization licensee. Any moneys retained by the organization licensee from advance deposit wagering, not including moneys retained by the advance deposit wagering licensee, shall be paid 50% to the organization licensee's purse account and 50% to the organization licensee. With the exception of any organization licensee that is owned by a publicly traded company that is incorporated in a state other than Illinois and advance deposit wagering licensees under contract with such organization licensees, organization licensees that maintain advance deposit wagering systems and advance deposit wagering licensees that contract with organization licensees shall provide sufficiently detailed monthly accountings to the horsemen association representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting so that the horsemen association, as an interested party, can confirm the accuracy of the amounts paid to the purse account at the horsemen association's affiliated organization licensee from advance deposit wagering. If more than one breed races at the same race track facility, then the 50% of the moneys to be paid to an organization licensee's purse account shall be allocated among all

organization licensees' purse accounts operating at that race track facility proportionately based on the actual number of host days that the Board grants to that breed at that race track facility in the current calendar year. To the extent any fees from advance deposit wagering conducted in Illinois for wagers in Illinois or other states have been placed in escrow or otherwise withheld from wagers pending a determination of the legality of advance deposit wagering, no action shall be brought to declare such wagers or the disbursement of any fees previously escrowed illegal.

(1) Between the hours of 6:30 a.m. and 6:30 p.m. an inter-track wagering licensee other than the host track may supplement the host track simulcast program with additional simulcast races or race programs, provided that between January 1 and the third Friday in February of any year, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, only thoroughbred races may be used for supplemental interstate simulcast purposes. The Board shall withhold approval for a supplemental interstate simulcast only if it finds that the simulcast is clearly adverse to the integrity of racing. A supplemental interstate simulcast may be transmitted from an inter-track wagering licensee to its affiliated non-host licensees. The interstate commission fee for a supplemental interstate simulcast shall be paid by the non-host licensee and its affiliated non-host licensees receiving the simulcast.

(2) Between the hours of 6:30 p.m. and 6:30 a.m. an inter-track wagering licensee other than the host track may receive supplemental interstate simulcasts only with the consent of the host track, except when the Board finds that the simulcast is clearly adverse to the integrity of racing. Consent granted under this paragraph (2) to any inter-track wagering licensee shall be deemed consent to all non-host licensees. The interstate commission fee for the supplemental interstate simulcast shall be paid by all participating non-host licensees.

(3) Each licensee conducting interstate simulcast wagering may retain, subject to the payment of all applicable taxes and the purses, an amount not to exceed 17% of all money wagered. If any licensee conducts the pari-mutuel system wagering on races conducted at racetracks in another state or country, each such race or race program shall be considered a separate racing day for the purpose of determining the daily handle and computing the

privilege tax of that daily handle as provided in subsection (a) of Section 27. Until January 1, 2000, from the sums permitted to be retained pursuant to this subsection, each inter-track wagering location licensee shall pay 1% of the pari-mutuel handle wagered on simulcast wagering to the Horse Racing Tax Allocation Fund, subject to the provisions of subparagraph (B) of paragraph (11) of subsection (h) of Section 26 of this Act.

(4) A licensee who receives an interstate simulcast may combine its gross or net pools with pools at the sending racetracks pursuant to rules established by the Board. All licensees combining their gross pools at a sending racetrack shall adopt the take-out percentages of the sending racetrack. A licensee may also establish a separate pool and takeout structure for wagering purposes on races conducted at race tracks outside of the State of Illinois. The licensee may permit pari-mutuel wagers placed in other states or countries to be combined with its gross or net wagering pools or other wagering pools.

(5) After the payment of the interstate commission fee (except for the interstate commission fee on a supplemental interstate simulcast, which shall be paid by the host track and by each non-host licensee through the host-track) and all applicable State and local taxes, except as provided in subsection (g) of Section 27 of this Act, the remainder of moneys retained from simulcast wagering pursuant to this subsection (g), and Section 26.2 shall be divided as follows:

(A) For interstate simulcast wagers made at a host track, 50% to the host track and 50% to purses at the host track.

(B) For wagers placed on interstate simulcast races, supplemental simulcasts as defined in subparagraphs (1) and (2), and separately pooled races conducted outside of the State of Illinois made at a non-host licensee, 25% to the host track, 25% to the non-host licensee, and 50% to the purses at the host track.

(6) Notwithstanding any provision in this Act to the contrary, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River may receive supplemental interstate simulcast races at all times subject to Board approval, which shall

be withheld only upon a finding that a supplemental interstate simulcast is clearly adverse to the integrity of racing.

(7) Effective January 1, 2017, notwithstanding any provision of this Act to the contrary, after payment of all applicable State and local taxes and interstate commission fees, non-host licensees who derive their licenses from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain 50% of the retention from interstate simulcast wagers and shall pay 50% to purses at the track from which the non-host licensee derives its license as follows:

(A) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, when the interstate simulcast is a standardbred race, the purse share to its standardbred purse account;

(B) Between January 1 and the third Friday in February, inclusive, if no live thoroughbred racing is occurring in Illinois during this period, and the interstate simulcast is a thoroughbred race, the purse share to its interstate simulcast purse pool to be distributed under paragraph (10) of this subsection (g);

(C) Between January 1 and the third Friday in February, inclusive, if live thoroughbred racing is occurring in Illinois, between 6:30 a.m. and 6:30 p.m. the purse share from wagers made during this time period to its thoroughbred purse account and between 6:30 p.m. and 6:30 a.m. the purse share from wagers made during this time period to its standardbred purse accounts;

(D) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 a.m. and 6:30 p.m., the purse share to its thoroughbred purse account;

(E) Between the third Saturday in February and December 31, when the interstate simulcast occurs between the hours of 6:30 p.m. and 6:30 a.m., the purse share to its standardbred purse account.

(7.1) Notwithstanding any other provision of this Act to the contrary, if no standardbred racing is conducted at a racetrack
located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 p.m. and 6:30 a.m. during that calendar year shall be paid as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be paid to its thoroughbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund and shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. The moneys deposited into the Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with other moneys paid into that Fund. (7.2) Notwithstanding any other provision of this Act to the contrary, if no thoroughbred racing is conducted at a racetrack located in Madison County during any calendar year beginning on or after January 1, 2002, all moneys derived by that racetrack from simulcast wagering and inter-track wagering that (1) are to be used for purses and (2) are generated between the hours of 6:30 a.m. and 6:30 p.m. during that calendar year shall be deposited as follows:

(A) If the licensee that conducts horse racing at that racetrack requests from the Board at least as many racing dates as were conducted in calendar year 2000, 80% shall be deposited into its standardbred purse account; and

(B) Twenty percent shall be deposited into the Illinois Colt Stakes Purse Distribution Fund. Moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be paid to Illinois conceived and foaled thoroughbred breeders'
programs and to thoroughbred purses for races conducted at any county fairgrounds for Illinois conceived and foaled horses at the discretion of the Department of Agriculture, with the advice and assistance of the Illinois Thoroughbred Breeders Fund Advisory Board. The moneys deposited into the Illinois Colt Stakes Purse Distribution Fund pursuant to this subparagraph (B) shall be deposited within 2 weeks after the day they were generated, shall be in addition to and not in lieu of any other moneys paid to thoroughbred purses under this Act, and shall not be commingled with other moneys deposited into that Fund.

(7.3) (Blank). If no live standardbred racing is conducted at a racetrack located in Madison County in calendar year 2000 or 2001, an organization licensee who is licensed to conduct horse racing at that racetrack shall, before January 1, 2002, pay all moneys derived from simulcast wagering and inter-track wagering in calendar years 2000 and 2001 and paid into the licensee's standardbred purse account as follows:

(A) Eighty percent to that licensee's thoroughbred purse account to be used for thoroughbred purses; and

(B) Twenty percent to the Illinois Colt Stakes Purse Distribution Fund.

Failure to make the payment to the Illinois Colt Stakes Purse Distribution Fund before January 1, 2002 shall result in the immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license.

Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be paid to purses for standardbred races for Illinois conceived and foaled horses conducted at any county fairgrounds. Moneys paid into the Illinois Colt Stakes Purse Distribution Fund pursuant to this paragraph (7.3) shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board, shall be in addition to and not in lieu of any other moneys paid to standardbred purses under this Act, and shall not be commingled with any other moneys paid into that Fund.

(8) Notwithstanding any provision in this Act to the contrary, an organization licensee from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River and its affiliated non-host licensees shall not be entitled to share in any retention generated on racing, inter-track wagering, or simulcast wagering at any other Illinois wagering facility.

(8.1) Notwithstanding any provisions in this Act to the contrary, if 2 organization licensees are conducting standardbred race meetings concurrently between the hours of 6:30 p.m. and 6:30 a.m., after payment of all applicable State and local taxes and interstate commission fees, the remainder of the amount retained from simulcast wagering otherwise attributable to the host track and to host track purses shall be split daily between the 2 organization licensees and the purses at the tracks of the 2 organization licensees, respectively, based on each organization licensee's share of the total live handle for that day, provided that this provision shall not apply to any non-host licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River.

facility that has an annual total Illinois pari-mutuel handle on Illinois horse races that is less than 75% of the total Illinois pari-mutuel handle on Illinois horse races at such wagering facility for calendar year 1994, shall be permitted to receive, from any amount otherwise payable to the purse account at the race track with which the wagering facility is affiliated in the succeeding calendar year, an amount equal to 2% of the differential in total Illinois pari-mutuel handle on Illinois horse races at the wagering facility between that calendar year in question and 1994 provided, however, that a wagering facility shall not be entitled to any such payment until the Board certifies in writing to the wagering facility the amount to which the wagering facility is entitled and a schedule for payment of the amount to the wagering facility, based on: (i) the racing dates awarded to the race track affiliated with the wagering facility during the succeeding year; (ii) the sums available or anticipated to be available in the purse account of the race track affiliated with the wagering facility for purses during the succeeding year; and (iii) the need to ensure reasonable purse levels during the payment period. The Board's certification shall be provided no later than January 31 of the succeeding year. In the event a wagering facility entitled to a payment under this paragraph (13) is affiliated with a race track that maintains purse accounts for both standardbred and thoroughbred racing, the amount to be paid to the wagering facility shall be divided between each purse account pro rata, based on the amount of Illinois handle on Illinois standardbred and thoroughbred racing respectively at the wagering facility during the previous calendar year. Annually, the General Assembly shall appropriate sufficient funds from the General Revenue Fund to the Department of Agriculture for payment into the thoroughbred and standardbred horse racing purse accounts at Illinois pari-mutuel tracks. The amount paid to each purse account shall be the amount certified by the Illinois Racing Board in January to be transferred from each account to each eligible racing facility in accordance with the provisions of this Section.

(h) The Board may approve and license the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees subject to the following terms and conditions:

New matter indicated by italics - deletions by strikeout
(1) Any person licensed to conduct a race meeting (i) at a track where 60 or more days of racing were conducted during the immediately preceding calendar year or where over the 5 immediately preceding calendar years an average of 30 or more days of racing were conducted annually may be issued an inter-track wagering license; (ii) at a track located in a county that is bounded by the Mississippi River, which has a population of less than 150,000 according to the 1990 decennial census, and an average of at least 60 days of racing per year between 1985 and 1993 may be issued an inter-track wagering license; or (iii) at a track located in Madison County that conducted at least 100 days of live racing during the immediately preceding calendar year may be issued an inter-track wagering license, unless a lesser schedule of live racing is the result of (A) weather, unsafe track conditions, or other acts of God; (B) an agreement between the organization licensee and the associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meeting; or (C) a finding by the Board of extraordinary circumstances and that it was in the best interest of the public and the sport to conduct fewer than 100 days of live racing. Any such person having operating control of the racing facility may receive inter-track wagering location licenses. An eligible race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River may establish up to 9 inter-track wagering locations, an eligible race track located in Stickney Township in Cook County may establish up to 16 inter-track wagering locations, and an eligible race track located in Palatine Township in Cook County may establish up to 18 inter-track wagering locations. An application for said license shall be filed with the Board prior to such dates as may be fixed by the Board. With an application for an inter-track wagering location license there shall be delivered to the Board a certified check or bank draft payable to the order of the Board for an amount equal to $500. The application shall be on forms prescribed and furnished by the Board. The application shall comply with all other rules, regulations and conditions imposed by the Board in connection therewith.

(2) The Board shall examine the applications with respect to their conformity with this Act and the rules and regulations

imposed by the Board. If found to be in compliance with the Act and rules and regulations of the Board, the Board may then issue a license to conduct inter-track wagering and simulcast wagering to such applicant. All such applications shall be acted upon by the Board at a meeting to be held on such date as may be fixed by the Board.

(3) In granting licenses to conduct inter-track wagering and simulcast wagering, the Board shall give due consideration to the best interests of the public, of horse racing, and of maximizing revenue to the State.

(4) Prior to the issuance of a license to conduct inter-track wagering and simulcast wagering, the applicant shall file with the Board a bond payable to the State of Illinois in the sum of $50,000, executed by the applicant and a surety company or companies authorized to do business in this State, and conditioned upon (i) the payment by the licensee of all taxes due under Section 27 or 27.1 and any other monies due and payable under this Act, and (ii) distribution by the licensee, upon presentation of the winning ticket or tickets, of all sums payable to the patrons of pari-mutuel pools.

(5) Each license to conduct inter-track wagering and simulcast wagering shall specify the person to whom it is issued, the dates on which such wagering is permitted, and the track or location where the wagering is to be conducted.

(6) All wagering under such license is subject to this Act and to the rules and regulations from time to time prescribed by the Board, and every such license issued by the Board shall contain a recital to that effect.

(7) An inter-track wagering licensee or inter-track wagering location licensee may accept wagers at the track or location where it is licensed, or as otherwise provided under this Act.

(8) Inter-track wagering or simulcast wagering shall not be conducted at any track less than 5 miles from a track at which a racing meeting is in progress.

(8.1) Inter-track wagering location licensees who derive their licenses from a particular organization licensee shall conduct inter-track wagering and simulcast wagering only at locations that are within 160 miles of that race track where the particular organization licensee is licensed to conduct racing. However, inter-track wagering and simulcast wagering shall not be conducted by

those licensees at any location within 5 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made. In the case of any inter-track wagering location licensee initially licensed after December 31, 2013, inter-track wagering and simulcast wagering shall not be conducted by those inter-track wagering location licensees that are located outside the City of Chicago at any location within 8 miles of any race track at which a horse race meeting has been licensed in the current year, unless the person having operating control of such race track has given its written consent to such inter-track wagering location licensees, which consent must be filed with the Board at or prior to the time application is made.

(8.2) Inter-track wagering or simulcast wagering shall not be conducted by an inter-track wagering location licensee at any location within 500 feet of an existing church or existing school, nor within 500 feet of the residences of more than 50 registered voters without receiving written permission from a majority of the registered voters at such residences. Such written permission statements shall be filed with the Board. The distance of 500 feet shall be measured to the nearest part of any building used for worship services, education programs, residential purposes, or conducting inter-track wagering by an inter-track wagering location licensee, and not to property boundaries. However, inter-track wagering or simulcast wagering may be conducted at a site within 500 feet of a church, school or residences of 50 or more registered voters if such church, school or residences have been erected or established, or such voters have been registered, after the Board issues the original inter-track wagering location license at the site in question. Inter-track wagering location licensees may conduct inter-track wagering and simulcast wagering only in areas that are zoned for commercial or manufacturing purposes or in areas for which a special use has been approved by the local zoning authority. However, no license to conduct inter-track wagering and simulcast wagering shall be granted by the Board with respect to any inter-track wagering location within the jurisdiction of any local zoning authority which has, by ordinance or by resolution,
prohibited the establishment of an inter-track wagering location within its jurisdiction. However, inter-track wagering and simulcast wagering may be conducted at a site if such ordinance or resolution is enacted after the Board licenses the original inter-track wagering location licensee for the site in question.

(9) (Blank).

(10) An inter-track wagering licensee or an inter-track wagering location licensee may retain, subject to the payment of the privilege taxes and the purses, an amount not to exceed 17% of all money wagered. Each program of racing conducted by each inter-track wagering licensee or inter-track wagering location licensee shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege tax or pari-mutuel tax on such daily handle as provided in Section 27.

(10.1) Except as provided in subsection (g) of Section 27 of this Act, inter-track wagering location licensees shall pay 1% of the pari-mutuel handle at each location to the municipality in which such location is situated and 1% of the pari-mutuel handle at each location to the county in which such location is situated. In the event that an inter-track wagering location licensee is situated in an unincorporated area of a county, such licensee shall pay 2% of the pari-mutuel handle from such location to such county.

(10.2) Notwithstanding any other provision of this Act, with respect to inter-track wagering at a race track located in a county that has a population of more than 230,000 and that is bounded by the Mississippi River ("the first race track"), or at a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, on races conducted at the first race track or on races conducted at another Illinois race track and simultaneously televised to the first race track or to a facility operated by an inter-track wagering licensee or inter-track wagering location licensee that derives its license from the organization licensee that operates the first race track, those moneys shall be allocated as follows:

(A) That portion of all moneys wagered on standardbred racing that is required under this Act to be paid to purses shall be paid to purses for standardbred races.

(B) That portion of all moneys wagered on thoroughbred racing that is required under this Act to be paid to purses shall be paid to purses for thoroughbred races.

(11) (A) After payment of the privilege or pari-mutuel tax, any other applicable taxes, and the costs and expenses in connection with the gathering, transmission, and dissemination of all data necessary to the conduct of inter-track wagering, the remainder of the monies retained under either Section 26 or Section 26.2 of this Act by the inter-track wagering licensee on inter-track wagering shall be allocated with 50% to be split between the 2 participating licensees and 50% to purses, except that an inter-track wagering licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the Illinois organization licensee that provides the race or races, and an inter-track wagering licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with that organization licensee.

(B) From the sums permitted to be retained pursuant to this Act each inter-track wagering location licensee shall pay (i) the privilege or pari-mutuel tax to the State; (ii) 4.75% of the pari-mutuel handle on inter-track wagering at such location on races as purses, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall retain all purse moneys for its own purse account consistent with distribution set forth in this subsection (h), and inter-track wagering location licensees that accept wagers on races conducted by an organization licensee located in a county with a population in excess of 230,000 and that borders the Mississippi River shall distribute all purse moneys to purses at the operating host track; (iii) until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, 1% of the pari-mutuel handle wagered on inter-track wagering and simulcast wagering at each inter-track wagering location licensee facility to the Horse Racing Tax Allocation Fund, provided that, to the extent the total

amount collected and distributed to the Horse Racing Tax Allocation Fund under this subsection (h) during any calendar year exceeds the amount collected and distributed to the Horse Racing Tax Allocation Fund during calendar year 1994, that excess amount shall be redistributed (I) to all inter-track wagering location licensees, based on each licensee's pro-rata share of the total handle from inter-track wagering and simulcast wagering for all inter-track wagering location licensees during the calendar year in which this provision is applicable; then (II) the amounts redistributed to each inter-track wagering location licensee as described in subpart (I) shall be further redistributed as provided in subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 provided first, that the shares of those amounts, which are to be redistributed to the host track or to purses at the host track under subparagraph (B) of paragraph (5) of subsection (g) of this Section 26 shall be redistributed based on each host track's pro rata share of the total inter-track wagering and simulcast wagering handle at all host tracks during the calendar year in question, and second, that any amounts redistributed as described in part (I) to an inter-track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall be further redistributed, effective January 1, 2017, as provided in subparagraphs (D) and (E) of paragraph (7) of subsection (g) of this Section 26, with the portion of that further redistribution allocated to purses at that organization licensee to be divided between standardbred purses and thoroughbred purses based on the amounts otherwise allocated to purses at that organization licensee during the calendar year in question; and (iv) 8% of the pari-mutuel handle on inter-track wagering wagered at such location to satisfy all costs and expenses of conducting its wagering. The remainder of the monies retained by the inter-track wagering location licensee shall be allocated 40% to the location licensee and 60% to the organization licensee which provides the Illinois races to the location, except that an inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee that provides the race or races and an inter-
track wagering location licensee that accepts wagers on races conducted by an organization licensee that conducts a race meet in a county with a population in excess of 230,000 and that borders the Mississippi River shall not divide any remaining retention with the organization licensee. Notwithstanding the provisions of clauses (ii) and (iv) of this paragraph, in the case of the additional inter-track wagering location licenses authorized under paragraph (1) of this subsection (h) by Public Act 87-110, those licensees shall pay the following amounts as purses: during the first 12 months the licensee is in operation, 5.25% of the pari-mutuel handle wagered at the location on races; during the second 12 months, 5.25%; during the third 12 months, 5.75%; during the fourth 12 months, 6.25%; and during the fifth 12 months and thereafter, 6.75%. For additional inter-track wagering location licensees authorized under Public Act 89-16, purses for the first 12 months the licensee is in operation shall be 5.75% of the pari-mutuel wagered at the location, purses for the second 12 months the licensee is in operation shall be 5.25%, and purses thereafter shall be 6.75%. For additional inter-track location licensees authorized under Public Act 89-16, the licensee shall be allowed to retain to satisfy all costs and expenses: 7.75% of the pari-mutuel handle wagered at the location during its first 12 months of operation, 7.25% during its second 12 months of operation, and 6.75% thereafter.

(C) There is hereby created the Horse Racing Tax Allocation Fund which shall remain in existence until December 31, 1999. Moneys remaining in the Fund after December 31, 1999 shall be paid into the General Revenue Fund. Until January 1, 2000, all monies paid into the Horse Racing Tax Allocation Fund pursuant to this paragraph (11) by inter-track wagering location licensees located in park districts of 500,000 population or less, or in a municipality that is not included within any park district but is included within a conservation district and is the county seat of a

(12) The Board shall have all powers necessary and proper to fully supervise and control the conduct of inter-track wagering and simulcast wagering by inter-track wagering licensees and inter-track wagering location licensees, including, but not limited to the following:

(A) The Board is vested with power to promulgate reasonable rules and regulations for the purpose of administering the conduct of this wagering and to prescribe reasonable rules, regulations and conditions under which such wagering shall be held and conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of said wagering and to impose penalties for violations thereof.

(G) The Board is vested with the power to impose civil penalties of up to $5,000 against individuals and up to $10,000 against licensees for each violation of any provision of this Act relating to the conduct of this wagering, any rules adopted by the Board, any order of the Board or any other action which in the Board's discretion, is a detriment or impediment to such wagering.

(13) The Department of Agriculture may enter into agreements with licensees authorizing such licensees to conduct inter-track wagering on races to be held at the licensed race meetings conducted by the Department of Agriculture. Such agreement shall specify the races of the Department of Agriculture's licensed race meeting upon which the licensees will conduct wagering. In the event that a licensee conducts inter-track pari-mutuel wagering on races from the Illinois State Fair or DuQuoin State Fair which are in addition to the licensee's previously approved racing program, those races shall be considered a separate racing day for the purpose of determining the daily handle and computing the privilege or pari-mutuel tax on that daily handle as provided in Sections 27 and 27.1. Such agreements shall be approved by the Board before such wagering may be conducted. In determining whether to grant approval, the Board
shall give due consideration to the best interests of the public and of horse racing. The provisions of paragraphs (1), (8), (8.1), and (8.2) of subsection (h) of this Section which are not specified in this paragraph (13) shall not apply to licensed race meetings conducted by the Department of Agriculture at the Illinois State Fair in Sangamon County or the DuQuoin State Fair in Perry County, or to any wagering conducted on those race meetings.

(i) Notwithstanding the other provisions of this Act, the conduct of wagering at wagering facilities is authorized on all days, except as limited by subsection (b) of Section 19 of this Act.

Any party aggrieved by an action of the Board denying, suspending, revoking, restricting or refusing to renew a license may request a hearing before the Board. A request for a hearing must be made to the Board in writing within 5 days after service of notice of the action of the Board. Notice of the action of the Board shall be served either by personal delivery or by certified mail, postage prepaid, to the aggrieved party. Notice served by certified mail shall be deemed complete on the business day following the date of such mailing. The Board shall conduct all requested hearings promptly and in reasonable order;

(2) To conduct all hearings pertaining to civil violations of this Act or rules and regulations promulgated hereunder;

(3) To promulgate such rules and regulations as in its judgment may be necessary to protect or enhance the credibility and integrity of gambling operations authorized by this Act and the regulatory process hereunder;

The need to inspect and investigate shall be presumed at all times. The disruption of a licensee's operations shall be proved by clear and convincing evidence, and establish that: (A) the procedures had no reasonable law enforcement purposes, and (B) the procedures were so disruptive as to unreasonably inhibit gambling operations;

All Board meetings shall be subject to the Open Meetings Act. Three members of the Board shall constitute a quorum, and 3 votes shall be required for any final determination by the Board. (8) The amount of the applicant's license bid.

(c) Each owners license shall specify the place where riverboats shall operate and dock.

(d) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints.

In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling

participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

Sec. 7.6. Business enterprise program.

(a) For the purposes of this Section, the terms "minority", "minority-owned business", "woman", "women-owned business", "person with a disability", and "business owned by a person with a disability" have the meanings ascribed to them in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act.

(b) The Board shall, by rule, establish goals for the award of contracts by each owners licensee to businesses owned by minorities, women, and persons with disabilities, expressed as percentages of an owners licensee's total dollar amount of contracts awarded during each calendar year. Each owners licensee must make every effort to meet the goals established by the Board pursuant to this Section. When setting the goals for the award of contracts, the Board shall not include contracts where: (1) any purchasing mandates would be dependent upon the availability of minority-owned businesses, women-owned businesses, and
businesses owned by persons with disabilities ready, willing, and able with capacity to provide quality goods and services to a gaming operation at reasonable prices; (2) there are no or a limited number of licensed suppliers as defined by this Act for the goods or services provided to the licensee; (3) the licensee or its parent company owns a company that provides the goods or services; or (4) the goods or services are provided to the licensee by a publicly traded company.

(c) Each owners licensee shall file with the Board an annual report of its utilization of minority-owned businesses, women-owned businesses, and businesses owned by persons with disabilities during the preceding calendar year. The reports shall include a self-evaluation of the efforts of the owners licensee to meet its goals under this Section.

(c-5) The Board shall, by rule, establish goals for the award of contracts by each owners licensee to businesses owned by veterans of service in the armed forces of the United States, expressed as percentages of an owners licensee's total dollar amount of contracts awarded during each calendar year. When setting the goals for the award of contracts, the Board shall not include contracts where: (1) any purchasing mandates would be dependent upon the availability of veteran-owned businesses ready, willing, and able with capacity to provide quality goods and services to a gaming operation at reasonable prices; (2) there are no or a limited number of licensed suppliers as defined in this Act for the goods or services provided to the licensee; (3) the licensee or its parent company owns a company that provides the goods or services; or (4) the goods or services are provided to the licensee by a publicly traded company.

Each owners licensee shall file with the Board an annual report of its utilization of veteran-owned businesses during the preceding calendar year. The reports shall include a self-evaluation of the efforts of the owners licensee to meet its goals under this Section.

(d) The owners licensee shall have the right to request a waiver from the requirements of this Section. The Board shall grant the waiver where the owners licensee demonstrates that there has been made a good faith effort to comply with the goals for participation by minority-owned businesses, women-owned businesses, and businesses owned by persons with disabilities, and veteran-owned businesses.

(e) If the Board determines that its goals and policies are not being met by any owners licensee, then the Board may:

(1) adopt remedies for such violations; and

New matter indicated by italics - deletions by strikeout
(2) recommend that the owners licensee provide additional opportunities for participation by minority-owned businesses, women-owned businesses, and businesses owned by persons with disabilities, and veteran-owned businesses; such recommendations may include, but shall not be limited to:

(A) assurances of stronger and better focused solicitation efforts to obtain more minority-owned businesses, women-owned businesses, and businesses owned by persons with disabilities, and veteran-owned businesses as potential sources of supply;

(B) division of job or project requirements, when economically feasible, into tasks or quantities to permit participation of minority-owned businesses, women-owned businesses, and businesses owned by persons with disabilities, and veteran-owned businesses;

(C) elimination of extended experience or capitalization requirements, when programmatically feasible, to permit participation of minority-owned businesses, women-owned businesses, and businesses owned by persons with disabilities, and veteran-owned businesses;

(D) identification of specific proposed contracts as particularly attractive or appropriate for participation by minority-owned businesses, women-owned businesses, and businesses owned by persons with disabilities, and veteran-owned businesses, such identification to result from and be coupled with the efforts of items (A) through (C); and

(E) implementation of regulations established for the use of the sheltered market process.

(f) The Board shall file, no later than March 1 of each year, an annual report that shall detail the level of achievement toward the goals specified in this Section over the 3 most recent fiscal years. The annual report shall include, but need not be limited to:

(1) a summary detailing expenditures subject to the goals, the actual goals specified, and the goals attained by each owners licensee; and

(2) an analysis of the level of overall goal achievement concerning purchases from minority-owned businesses, women-
owned businesses, and businesses owned by persons with disabilities, and veteran-owned businesses.

end of the licensee's fiscal year, or with the Nationwide Multistate Mortgage

(h) The workpapers of the certified public accountants employed

The plan shall be implemented by the licensee as approved by the Secretary Commissioner. AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Design-Build for Public Schools Act.

Section 5. Legislative intent. It is the intent of the General Assembly to authorize up to 5 design-build demonstration projects statewide where it is shown to be in a school district's best interest, as determined by the State Board of Education. All projects procured using this delivery system shall comply with Section 2-3.12 of the School Code and shall be subject to review and approval by the State Board of Education.

Section 10. Scope. This Act shall not apply to entities subject to the Public Building Commission Act.

Section 15. Definitions. In this Act:

"Delivery system" means the design and construction approach used to develop and construct a project.

"Design-bid-build" means the traditional delivery system used on public projects in this State that incorporates the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act and the principles of competitive selection in the Illinois Procurement Code.

"Design-build" means a delivery system that is responsible within a single contract for the furnishing of architecture, engineering, land surveying, and related services, as required, and the labor, materials, equipment, and other construction services for the project.

"Design-build contract" means a contract for a project between a school district and a design-build entity to furnish architecture, engineering, land surveying, and related services, as required, and to furnish the labor, materials, equipment, and other construction services for the project.

"Design-build entity" means any individual, sole proprietorship, firm, partnership, joint venture, corporation, professional corporation, or other entity that proposes to design and construct any public project under...
this Act. A design-build entity and any associated design-build professionals shall conduct themselves in accordance with the laws of this State and the related provisions of the Illinois Administrative Code, as referenced by the licensed design professionals Acts of this State.

"Evaluation criteria" means the requirements for the separate phases of the selection process and may include specialized experience, technical qualifications and competence, capacity to perform, past performance, experience with similar projects, assignment of personnel to the project, and other appropriate factors. Price may not be used as a factor in the evaluation of Phase I proposals.

"Proposal" means the offer to enter into a design-build contract as submitted by a design-build entity in accordance with this Act.

"Request for proposals" means the document used by a school district to solicit proposals for a design-build contract.

"School district" means a public school district that operates under the authority of the School Code, except for a school district organized under Article 34 of that Code.

"Scope and performance criteria" means the requirements for the project, including, but not limited to, the intended usage, capacity, size, scope, quality and performance standards, life-cycle costs, and other programmatic criteria that are expressed in performance-oriented and quantifiable specifications and drawings that can be reasonably inferred and are suited to allow a design-build entity to develop a proposal.

Section 20. Procedures.

(a) It shall be the policy of a school district in the procurement of design-build services to publicly announce all requirements for design-build services and to procure these services on the basis of demonstrated competence and qualifications, with due regard for the principles of competitive selection. A school district shall, prior to issuing a request for proposals, promulgate and publish procedures for the solicitation and award of contracts pursuant to this Act.

(b) A school district shall, for each project or projects permitted under this Act, make a written determination, including a description as to
the particular advantages of the design-build procurement method, that it is in the best interests of the school district to enter into a design-build contract for the project or projects. In making that determination, a school district shall consider all of the following factors:

1. The probability that the design-build procurement method will be in the best interests of the school district by providing a material savings of time or cost over the design-bid-build or other delivery system.
2. The type and size of the project and its suitability to the design-build procurement method.
3. The ability of the design-build entity to define and provide comprehensive scope and performance criteria for the project.

Section 25. Solicitation of proposals.

(a) If a school district elects to use the design-build delivery method under this Act, it must issue a notice of intent to receive proposals for the project no less than 14 days before issuing the request for proposals. A school district must publish the advance notice in a daily newspaper of general circulation in the area where the school district is located. A school district may publish the notice in related construction-industry service publications. A brief description of the proposed procurement must be included in the notice. A school district must provide a copy of the request for proposals to any party requesting a copy.

(b) A request for proposals under subsection (a) of this Section shall be prepared for each project and must include, but is not limited to, all of the following:

1. The name of the school district.
2. A preliminary schedule for the completion of the contract.
3. The proposed budget for the project, the source of the required funds, and the currently available funds at the time the request for proposals is submitted.
4. Prequalification criteria for the design-build entities that submit proposals. A school district shall include, at a minimum, its normal prequalification, licensing, and registration requirements. Nothing contained in this paragraph (4) shall preclude the use of additional prequalification criteria by a school district.
5. Material requirements of the contract, including, but not limited to, the proposed terms and conditions, required

performance and payment bonds, insurance, and the design-build entity's plan to comply with the utilization goals established by the corporate authorities of the school district for minority-owned and women-owned business enterprises and to comply with Section 2-105 of the Illinois Human Rights Act.

(6) The performance criteria.

(7) The evaluation criteria for each phase of the solicitation. Price may not be used as a factor in the evaluation of Phase I proposals.

(8) The number of entities that shall be considered for the technical and cost evaluation phase.

(c) A school district may include any other relevant information in the request for proposals. The design-build entity shall be entitled to rely upon the accuracy of this documentation in the development of its proposal.

(d) The date that proposals are due must be no less than 21 calendar days after the date of the issuance of the request for proposals. If the cost of the project is estimated to exceed $10,000,000, then the proposal's due date must be no less than 28 calendar days after the date of the issuance of the request for proposals. A school district shall include in the request for proposals a minimum of 30 days to develop the Phase II submissions after the selection of entities from the Phase I evaluation is completed.

Section 30. Development of scope and performance criteria.

(a) A request for proposals under this Act shall be developed with the assistance of a licensed design professional and shall include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the qualified design-build entities of the school district's overall programmatic needs and goals, including criteria and preliminary design plans, general budget parameters, schedule, and delivery requirements. Each request for proposals shall also include a description of the level of design to be provided in the proposals. This description must include the scope and type of renderings, drawings, and specifications that, at a minimum, shall be required by the school district to be produced by the design-build entities.

(b) The scope and performance criteria shall be prepared by a design professional who is an employee of the school district or by an independent design professional selected under the Architectural,
Engineering, and Land Surveying Qualifications Based Selection Act contracted by the school district to provide these services.

(c) The design professional that prepares the scope and performance criteria is prohibited from participating in any design-build entity proposal for the project.

(d) The design-build contract may be conditioned upon subsequent refinements in scope and price and may allow the school district to make modifications in the project scope without invalidating the design-build contract.

Section 35. Selection committee.

(a) A school district that elects to use the design-build delivery method under this Act shall establish a committee to evaluate and select the design-build entity. The committee, under the discretion of the school district, shall consist of no less than 5 members and no more than 7 members and shall include no less than one licensed design professional.

(b) Each member of the selection committee must certify for each request for proposals that no conflict of interest exists between the member and the design-build entities submitting proposals. If a conflict is discovered before proposals are reviewed, the member must be replaced before any review of proposals. If a conflict is discovered after proposals are reviewed, the member with the conflict shall be removed and, if no less than 5 members remain, the remaining committee members may complete the selection process.

Section 40. Procedures for selection.

(a) A school district electing to use the design-build delivery method must use a 2-phase procedure for the selection of the successful design-build entity. Phase I of the procedure shall evaluate and shortlist the design-build entities based on qualifications and Phase II of the procedure shall evaluate the technical and cost proposals.

(b) A school district shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the school district has set forth. Each request for proposals shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighing of criteria to be employed by the school district. A school district must maintain a record of the evaluation scoring to be disclosed in event of a protest regarding the solicitation.

(c) A school district shall include the following criteria in every Phase I evaluation of design-build entities: (i) experience of personnel; (ii)
successful experience with similar project types; (iii) financial capability; (iv) timeliness of past performance; (v) experience with similarly-sized projects; (vi) successful reference checks of the entity; (vii) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (viii) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for minority-owned and women-owned business enterprises established by the corporate authorities of the school district and in complying with Section 2-105 of the Illinois Human Rights Act. A school district may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review. The school district may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including, but not limited to, a long-term leasehold, mutual performance, or development contracts with the school district that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No design-build proposal shall be considered that does not include a design-build entity's plan to comply with the utilization goals established by the corporate authorities of the school district for minority-owned and women-owned business enterprises and with Section 2-105 of the Illinois Human Rights Act.

(d) Upon completion of the qualifications evaluation, a school district shall create a shortlist of the most highly qualified design-build entities. A school district is not required to shortlist the maximum number of entities as identified for Phase II evaluation, provided that no less than 2 and no more than 6 design-build entities are selected to submit Phase II proposals. A school district shall provide written notification to the entities selected for the shortlist. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. A school district must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the school district.

(e) A school district shall include in the request for proposals the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposals shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighing of criteria to be employed by the school district. The school
district must maintain a record of the evaluation scoring, to be disclosed in the event of a protest regarding the solicitation.

(f) A school district shall include the following criteria in every Phase II technical evaluation of design-build entities: (i) compliance with objectives of the project; (ii) compliance of proposed services to the request for proposals requirements; (iii) quality of products or materials proposed; (iv) quality of design parameters; (v) design concepts; (vi) innovation in meeting the scope and performance criteria; and (vii) constructability of the proposed project. A school district may include any additional relevant technical evaluation factors it deems necessary for proper selection. A school district shall include the following criteria in every Phase II cost evaluation: (I) the total project cost; (II) the construction costs; and (III) the time of completion. A school district may include any additional relevant evaluation factors it deems necessary for proper selection. The total project cost criteria weighing factor shall not exceed 30%.

(g) A school district shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards. Upon completion of the technical submissions and cost submissions evaluation, a school district may award the design-build contract to the highest overall ranked entity.

Section 45. Small projects. In any case where the total overall cost of the project is estimated to be less than $10,000,000, a school district may combine the 2-phase procedure for selection under Section 40 of this Act into one combined step; provided that all the requirements of evaluation are performed in accordance with Section 40 of this Act.

Section 50. Submission of proposals.

(a) Proposals under this Act must be properly identified and sealed. Proposals may not be reviewed until after the deadline for submission has passed as set forth in the request for proposals. All design-build entities submitting proposals shall be disclosed after the deadline for submission, and all design-build entities who are selected for Phase II evaluation shall be disclosed at the time of that determination.

(b) Proposals shall include a bid bond in the form and security as designated in the request for proposals. Proposals shall also contain a separate sealed envelope with the cost information within the overall proposal submission. Proposals shall include a list of all design professionals and other entities, in accordance with Section 30-30 of the

New matter indicated by italics - deletions by strikeout
Illinois Procurement Code, to which any work may be subcontracted during the performance of the contract.

(c) Proposals must meet all material requirements of the request for proposals, or they may be rejected as non-responsive. A school district shall have the right to reject any and all proposals. The drawings and specifications of the proposal shall remain the property of the design-build entity. A school district shall review the proposals for compliance with the performance criteria and evaluation factors. Proposals may be withdrawn prior to evaluation for any cause. After evaluation begins by a school district, clear and convincing evidence of error is required for withdrawal.

(d) After a proposal has been submitted in accordance with this Act, a design-build entity may not replace, remove, or otherwise modify any firm identified as a member of the design-build team unless one of the following criteria is met:

(1) The firm is no longer in business.
(2) The firm is unable to fulfill its legal, financial, or business obligations.
(3) The firm no longer meets the terms of the agreement with the design-build entity.
(4) The firm voluntarily removes itself from the design-build entity.
(5) The firm fails to provide a sufficient number of qualified personnel to fulfill the duties identified in the proposal.
(6) The firm fails to negotiate in good faith and in a timely manner in accordance with the provisions established in the agreement with the design-build entity.

If the design-build entity modifies the team, any cost savings shall accrue to the school district and not to the design-build entity. If a design-build entity is modified at any time during the term of a design-build contract, the design-build entity shall notify the State Board of Education and the school district in writing within 15 calendar days of making the change.

Section 55. Award. A school district may award the contract to the highest overall ranked entity. A school district shall provide a written notification to the awarded entity and all unsuccessful entities of its decision. A school district may not request a best and final offer after the receipt of proposals. A school district may negotiate with the selected design-build entity after the award, but prior to contract execution, for the
purpose of securing better terms than originally proposed; provided that
the salient features of the request for proposal are not diminished.

Section 60. Reports. The design-build entity, regional
superintendent of schools, and State Board of Education shall annually
submit a detailed report to the General Assembly on the status of projects
procured under this Act, including estimated and actual project costs,
estimated and actual project delivery schedules, estimated cost differences
resulting from the design-build delivery system over the traditional design-
bid-build delivery system, and any other impacts resulting from the use of
the design-build delivery system. The report shall also document the
design-build entity's success in complying with the utilization goals
established by the corporate authorities of the school district for minority-
owned and women-owned business enterprises and Section 2-105 of the
Illinois Human Rights Act. The report shall be filed with the Clerk of the
House of Representatives and the Secretary of the Senate in electronic
form only, in the manner that the Clerk and the Secretary shall direct.

Section 65. Compliance. All projects procured under this Act using
the design-build delivery method shall comply with Section 2-3.12 of the
School Code and shall be subject to review and approval by the State
Board of Education.

Section 90. Repeal. This Act is repealed on July 1, 2023.
Section 97. Severability. The provisions of this Act are severable
under Section 1.31 of the Statute on Statutes.

Section 99. Effective date. This Act takes effect upon becoming
law.

Sec. 5-10. Schedules; payment.

(a) In each case, the court shall order an assessment at the time of sentencing, as set forth in this Act, for a defendant to pay in addition to any fine, restitution, or forfeiture ordered by the court when the defendant is convicted of, pleads guilty to, or is placed on court supervision for a violation of a statute of this State or a similar local ordinance. The court may order a fine, restitution, or forfeiture on any violation that is being sentenced but shall order only one assessment from the Schedule of Assessments 1 through 13 of this Act for all sentenced violations in a case, that being the schedule applicable to the highest classified offense violation that is being sentenced, plus any conditional assessments under Section 15-70 of this Act applicable to any sentenced violation in the case.

(b) If the court finds that the schedule of assessments will cause an undue burden on any victim in a case or if the court orders community service or some other punishment in place of the applicable schedule of assessments, the court may reduce the amount set forth in the applicable schedule of assessments or not order the applicable schedule of assessments. If the court reduces the amount set forth in the applicable schedule of assessments, then all recipients of the funds collected will receive a prorated amount to reflect the reduction.

(c) The court may order the assessments to be paid forthwith or within a specified period of time or in installments.

(c-3) Excluding any ordered conditional assessment, if the assessment is not paid within the period of probation, conditional discharge, or supervision to which the defendant was originally sentenced, the court may extend the period of probation, conditional discharge, or supervision under Section 5-6-2 or 5-6-3.1 of the Unified Code of

Corrections, as applicable, until the assessment is paid or until successful completion of public or community service set forth in subsection (b) of Section 5-20 of this Act or the successful completion of the substance abuse intervention or treatment program set forth in subsection (c-5) of this Section.

(c-5) Excluding any ordered conditional assessment, the court may suspend the collection of the assessment; provided, the defendant agrees to enter a substance abuse intervention or treatment program approved by the court; and further provided that the defendant agrees to pay for all or some portion of the costs associated with the intervention or treatment program. In this case, the collection of the assessment shall be suspended during the defendant's participation in the approved intervention or treatment program. Upon successful completion of the program, the defendant may apply to the court to reduce the assessment imposed under this Section by any amount actually paid by the defendant for his or her participation in the program. The court shall not reduce the assessment under this subsection unless the defendant establishes to the satisfaction of the court that he or she has successfully completed the intervention or treatment program. If the defendant's participation is for any reason terminated before his or her successful completion of the intervention or treatment program, collection of the entire assessment imposed under this Act shall be enforced. Nothing in this Section shall be deemed to affect or suspend any other fines, restitution costs, forfeitures, or assessments imposed under this or any other Act.

(d) Except as provided in Section 5-15 of this Act, the defendant shall pay to the clerk of the court and the clerk shall remit the assessment to the appropriate entity as set forth in the ordered schedule of assessments within one month of its receipt.

Notice to those parties may be made by signage posting or publication. The additional delinquency amounts collected under this Section shall be deposited into the Circuit Clerk Operations and Administration Fund and used to defray additional administrative costs incurred by the clerk of the circuit court in collecting unpaid assessments.

(Text of Section before amendment by P.A. 100-987)

Sec. 5-4.5-50. SENTENCE PROVISIONS; ALL FELONIES.

Except as otherwise provided, for all felonies:

(a) NO SUPERVISION. The court, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, may not defer further proceedings and the imposition of a sentence and may not enter an order for supervision of the defendant.

(b) FELONY FINES. An offender may be sentenced to pay a fine not to exceed, for each offense, $25,000 or the amount specified in the offense, whichever is greater, or if the offender is a corporation, $50,000 or the amount specified in the offense, whichever is greater. A fine may be imposed in addition to a sentence of conditional discharge, probation, periodic imprisonment, or imprisonment. See Article 9 of Chapter V (730 ILCS 5/Ch. V, Art. 9) for imposition of additional amounts and determination of amounts and payment.

(c) REASONS FOR SENTENCE STATED. The sentencing judge in each felony conviction shall set forth his or her reasons for imposing the particular sentence entered in the case, as provided in Section 5-4-1 (730 ILCS 5/5-4-1). Those reasons may include any mitigating or aggravating factors specified in this Code, or the lack of any such factors, as well as

any other mitigating or aggravating factors that the judge sets forth on the record that are consistent with the purposes and principles of sentencing set out in this Code.

(d) MOTION TO REDUCE SENTENCE. A motion to reduce a sentence may be made, or the court may reduce a sentence without motion, within 30 days after the sentence is imposed. A defendant's challenge to the correctness of a sentence or to any aspect of the sentencing hearing shall be made by a written motion filed with the circuit court clerk within 30 days following the imposition of sentence. A motion not filed within that 30-day period is not timely. The court may not increase a sentence once it is imposed. A notice of motion must be filed with the motion. The notice of motion shall set the motion on the court's calendar on a date certain within a reasonable time after the date of filing.

If a motion filed pursuant to this subsection is timely filed, the proponent of the motion shall exercise due diligence in seeking a determination on the motion and the court shall thereafter decide the motion within a reasonable time.

If a motion filed pursuant to this subsection is timely filed, then for purposes of perfecting an appeal, a final judgment is not considered to have been entered until the motion to reduce the sentence has been decided by order entered by the trial court.

(e) CONCURRENT SENTENCE; PREVIOUS UNEXPIRED FEDERAL OR OTHER-STATE SENTENCE. A defendant who has a previous and unexpired sentence of imprisonment imposed by another state or by any district court of the United States and who, after sentence for a crime in Illinois, must return to serve the unexpired prior sentence may have his or her sentence by the Illinois court ordered to be concurrent with the prior other-state or federal sentence. The court may order that any time served on the unexpired portion of the other-state or federal sentence, prior to his or her return to Illinois, shall be credited on his or her Illinois sentence. The appropriate official of the other state or the United States shall be furnished with a copy of the order imposing sentence, which shall provide that, when the offender is released from other-state or federal confinement, whether by parole or by termination of sentence, the offender shall be transferred by the Sheriff of the committing Illinois county to the Illinois Department of Corrections. The court shall cause the Department of Corrections to be notified of the sentence at the time of commitment and to be provided with copies of all records regarding the sentence.
(f) REDUCTION; PREVIOUS UNEXPRIED ILLINOIS SENTENCE. A defendant who has a previous and unexpired sentence of imprisonment imposed by an Illinois circuit court for a crime in this State and who is subsequently sentenced to a term of imprisonment by another state or by any district court of the United States and who has served a term of imprisonment imposed by the other state or district court of the United States, and must return to serve the unexpired prior sentence imposed by the Illinois circuit court, may apply to the Illinois circuit court that imposed sentence to have his or her sentence reduced.

The circuit court may order that any time served on the sentence imposed by the other state or district court of the United States be credited on his or her Illinois sentence. The application for reduction of a sentence under this subsection shall be made within 30 days after the defendant has completed the sentence imposed by the other state or district court of the United States.

(g) NO REQUIRED BIRTH CONTROL. A court may not impose a sentence or disposition that requires the defendant to be implanted or injected with or to use any form of birth control.

4. income received by the applicant from other household members;
5. the applicant's monthly expenses, including rent, home mortgage, other mortgage, utilities, food, medical, vehicle, childcare, debts, child support, and other expenses; and
6. financial affidavits or other similar supporting documentation provided by the applicant showing that payment of the imposed fees, costs, and charges would result in substantial hardship to the applicant or the applicant's family.

(c-5) The court shall provide, through the office of the clerk of the court, the application for waiver of court fees, costs, and charges to any person seeking to sue or defend an action who indicates an inability to pay the fees, costs, and charges of the action. The clerk of the court shall post in a conspicuous place in the courthouse a notice no smaller than 8.5 x 11 inches, using no smaller than 30-point typeface printed in English and in Spanish, advising the public that they may ask the court for permission to sue or defend a civil action without payment of fees, costs, and charges. (e) The clerk of the court shall not refuse to accept and file any complaint, appearance, or other paper presented by the applicant if accompanied by an application for waiver of court fees, costs, and charges, and those papers shall be considered filed on the date the application is presented. If the application is denied or a partial fees, costs, and charges waiver is granted, the order shall state a date certain by which the necessary fees, costs, and charges must be paid. For good cause shown, the court may allow an applicant who receives a partial fees, costs, and charges waiver to defer payment of fees, costs, and charges, make installment payments, or make payment upon reasonable terms and conditions stated in the order. The court may dismiss the claims or strike the defenses of any party failing to pay the fees, costs, and charges within the time and in the manner ordered by the court. A judicial ruling on an application for waiver of court assessments does not constitute a decision of a substantial issue in the case under Section 2-1001 of this Code.

(f) The order granting a full or partial fees, costs, and charges waiver shall expire after one year. Upon expiration of the waiver, or a reasonable period of time before expiration, the party whose fees, costs, and charges were waived may file another application for waiver and the court shall consider the application in accordance with the applicable Supreme Court Rule.

(f-5) If, before or at the time of final disposition of the case, the court obtains information, including information from the court file, suggesting that a person whose fees, costs, and charges were initially waived was not entitled to a full or partial waiver at the time of application, the court may require the person to appear at a court hearing by giving the applicant no less than 10 days' written notice of the hearing and the specific reasons why the initial waiver might be reconsidered. The court may require the applicant to provide reasonably available evidence, including financial information, to support his or her eligibility for the waiver, but the court shall not require submission of information that is unrelated to the criteria for eligibility and application requirements set forth in subdivision subdivisions (b)(1) or (b)(2) of this Section. If the court finds that the person was not initially entitled to any waiver, the person shall pay all fees, costs, and charges relating to the civil action, including any previously waived previously-waived fees, costs, and charges. The order may state terms of payment in accordance with subsection (e). The court shall not conduct a hearing under this subsection more often than once every 6 months.

(f-10) If, before or at the time of final disposition of the case, the court obtains information, including information from the court file, suggesting that a person who received a full or partial waiver has experienced a change in financial condition so that he or she is no longer eligible for that waiver, the court may require the person to appear at a court hearing by giving the applicant no less than 10 days' written notice of the hearing and the specific reasons why the waiver might be reconsidered. The court may require the person to provide reasonably available evidence, including financial information, to support his or her continued eligibility for the waiver, but shall not require submission of information that is unrelated to the criteria for eligibility and application requirements set forth in subdivisions subsections (b)(1) and (b)(2) of this Section. If the court enters an order finding that the person is no longer entitled to a waiver, or is entitled to a partial waiver different than that which the person had previously received, the person shall pay the requisite fees, costs, and charges from the date of the order going forward. The order may state terms of payment in accordance with subsection (e) of this Section. The court shall not conduct a hearing under this subsection more often than once every 6 months.

(g) A court, in its discretion, may appoint counsel to represent an indigent person, and that counsel shall perform his or her duties without fees, charges, or reward.

(h) Nothing in this Section shall be construed to affect the right of a party to sue or defend an action in forma pauperis without the payment of fees, costs, charges, or the right of a party to court-appointed counsel, as authorized by any other provision of law or by the rules of the Illinois Supreme Court. Nothing in this Section shall be construed to limit the authority of a court to order another party to the action to pay the fees, costs, and charges of the action.

(h-5) If a party is represented by a civil legal services provider or an attorney in a court-sponsored pro bono program as defined in Section 5-105.5 of this Code, the attorney representing that party shall file a certification with the court in accordance with Supreme Court Rule 298 and that party shall be allowed to sue or defend without payment of fees, costs, and charges without filing an application under this Section.

(h-10) If an attorney files an appearance on behalf of a person whose fees, costs, and charges were initially waived under this Section, the attorney must pay all fees, costs, and charges relating to the civil action, including any previously waived fees, costs, and charges, unless the

The clerk shall deliver a certified copy of the expungement order to the Department of State Police and the arresting agency. Upon request, the State's Attorney shall furnish the name of the arresting agency. The expungement shall be completed within 60 business days after the receipt of the expungement order. In the purposes of this subsection (0.3), "disqualified offense" means any of the following offenses: Section 8-1.2, 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, 10-1, 10-2, 10-3, 10-3.1, 10-4, 10-5, 10-9, 11-1.20, 11-1.30, 11-1.40, 11-1.50, 11-1.60, 11-6, 11-6.5, 12-2, 12-3.05, 12-3.3, 12-4.4a, 12-5.02, 12-6.2, 12-6.5, 12-7.1, 12-7.5, 12-20.5, 12-32, 12-33, 12-34, 12-34.5, 18-1, 18-2, 18-3, 18-4, 18-6, 19-3, 19-6, 20-1, 20-1.1, 24-1.2, 24-1.2-5, 24-1.5, 24-3A, 24-3B, 24-3.2, 24-3.8, 24-3.9, 29D-14.9, 29D-20, 30-1, 31-1a, 32-4a, or 33A-2 of the Criminal Code of 2012, or subsection (b) of Section 8-1, paragraph (4) of subsection (a) of Section 11-14.4, subsection (a-5) of Section 12-3.1, paragraph (1), (2), or (3) of subsection (a) of Section 12-6, subsection (a-3) or (a-5) of Section 12-7.3, paragraph (1) or (2) of subsection (a) of Section 12-7.4, subparagraph (i) of paragraph (1) of subsection (a) of Section 12-9, subparagraph (H) of paragraph (3) of subsection (a) of Section 24-1.6, paragraph (1) of subsection (a) of Section 25-1, or subsection (a-7) of Section 31-1 of the Criminal Code of 2012.

(b) If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed for a pending investigation involving the commission of a felony, that information, and information identifying the juvenile, may be retained in an intelligence file until the investigation is terminated or for one additional year, whichever is sooner. Retention of a portion of a juvenile's juvenile law enforcement record does not disqualify the remainder of his or her record from immediate automatic expungement.

(0.4) Automatic expungement for the purposes of this Section shall not require law enforcement agencies to obliterate or otherwise destroy juvenile law enforcement records that would otherwise need to be

automatically expunged under this Act, except after 2 years following the subject arrest for purposes of use in civil litigation against a governmental entity or its law enforcement agency or personnel which created, maintained, or used the records. However these juvenile law enforcement records shall be considered expunged for all other purposes during this period and the offense, which the records or files concern, shall be treated as if it never occurred as required under Section 5-923.

(0.5) Subsection (0.1) or (0.2) of this Section does not apply to violations of traffic, boating, fish and game laws, or county or municipal ordinances.

(0.6) Juvenile law enforcement records of a plaintiff who has filed civil litigation against the governmental entity or its law enforcement agency or personnel that created, maintained, or used the records or juvenile law enforcement records that contain information related to the allegations set forth in the civil litigation may not be expunged until after 2 years have elapsed after the conclusion of the lawsuit, including any appeal.

(0.7) Officer-worn body camera recordings shall not be automatically expunged except as otherwise authorized by the Law Enforcement Officer-Worn Body Camera Act.

(1) Nothing in this subsection (1) precludes an eligible minor from obtaining expungement under subsection (0.1), (0.2), or (0.3). Whenever a person has been arrested, charged, or adjudicated delinquent for an incident occurring before his or her 18th birthday that if committed by an adult would be an offense, and that person's juvenile law enforcement and juvenile court records are not eligible for automatic expungement under subsection (0.1), (0.2), or (0.3), the person may petition the court at any time for expungement of juvenile law enforcement records and juvenile court records relating to the incident and, upon termination of all juvenile court proceedings relating to that incident, the court shall order the expungement of all records in the possession of the Department of State Police, the clerk of the circuit court, and law enforcement agencies relating to the incident, but only in any of the following circumstances:

(a) the minor was arrested and no petition for delinquency was filed with the clerk of the circuit court;

(a-5) the minor was charged with an offense and the petition or petitions were dismissed without a finding of delinquency;

New matter indicated by italics - deletions by strikeout
(b) the minor was charged with an offense and was found not delinquent of that offense;

(c) the minor was placed under supervision under pursuant to Section 5-615, and the order of supervision has since been successfully terminated; or

(d) the minor was adjudicated for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult.

(1.5) The Department of State Police shall allow a person to use the Access and Review process, established in the Department of State Police, for verifying that his or her juvenile law enforcement records relating to incidents occurring before his or her 18th birthday eligible under this Act have been expunged.

(1.6) (Blank).

(1.7) (Blank).

(1.8) (Blank).

(2) Any person whose delinquency adjudications are not eligible for automatic expungement under subsection (0.3) of this Section may petition the court to expunge all juvenile law enforcement records relating to any incidents occurring before his or her 18th birthday which did not result in proceedings in criminal court and all juvenile court records with respect to any adjudications except those based upon first degree murder or an offense under Article 11 of the Criminal Code of 2012 if the person is required to register under the Sex Offender Registration Act at the time he or she petitions the court for expungement; provided that:

(a) (blank); or

(b) 2 years have elapsed since all juvenile court proceedings relating to him or her have been terminated and his or her commitment to the Department of Juvenile Justice under this Act has been terminated.

(2.5) If a minor is arrested and no petition for delinquency is filed with the clerk of the circuit court at the time the minor is released from custody, the youth officer, if applicable, or other designated person from the arresting agency, shall notify verbally and in writing to the minor or the minor's parents or guardians that the minor shall have an arrest record and shall provide the minor and the minor's parents or guardians with an expungement information packet, information regarding this State's expungement laws including a petition to expunge juvenile law

enforcement and juvenile court records obtained from the clerk of the circuit court.

(2.6) If a minor is referred to court then at the time of sentencing or dismissal of the case, or successful completion of supervision, the judge shall inform the delinquent minor of his or her rights regarding expungement and the clerk of the circuit court shall provide an expungement information packet to the minor, written in plain language, including information regarding this State's expungement laws and a petition for expungement, a sample of a completed petition, expungement instructions that shall include information informing the minor that (i) once the case is expunged, it shall be treated as if it never occurred, (ii) he or she may apply to have petition fees waived, (iii) once he or she obtains an expungement, he or she may not be required to disclose that he or she had a juvenile law enforcement or juvenile court record, and (iv) if petitioning he or she may file the petition on his or her own or with the assistance of an attorney. The failure of the judge to inform the delinquent minor of his or her right to petition for expungement as provided by law does not create a substantive right, nor is that failure grounds for: (i) a reversal of an adjudication of delinquency, (ii) a new trial; or (iii) an appeal.

(2.7) (Blank).

Sec. 5-915. Expungement of juvenile law enforcement and juvenile court records.

(0.05) (Blank). For purposes of this Section:

"Dissemination" or "disseminate" means to publish, produce, print, manufacture, distribute, sell, lease, exhibit, broadcast, display, transmit, or otherwise share information in any format so as to make the information accessible to others.

"Expunge" means to physically destroy the records and to obliterate the minor’s name and juvenile court records from any official index, public record, or electronic database. No evidence of the juvenile court records may be retained by any law enforcement agency, the juvenile court, or by any municipal, county, or State agency or department. Nothing in this Act shall require the physical destruction of the internal office records, files, or databases maintained by a State's Attorney's Office or other prosecutor, public defender, probation officer, or by the Office of the Secretary of State.

"Juvenile court record" includes, but is not limited to:

(a) all documents filed in or maintained by the juvenile court pertaining to a specific incident, proceeding, or individual;

(b) all documents relating to a specific incident, proceeding, or individual made available to or maintained by probation officers;

(c) all documents, video or audio tapes, photographs; and exhibits admitted into evidence at juvenile court hearings; or

(d) all documents, transcripts, records, reports or other evidence prepared by, maintained by, or released by any municipal, county, or State agency or department, in any format, if indicating involvement with the juvenile court relating to a specific incident, proceeding, or individual:

New matter indicated by italics - deletions by strikeout
"Law enforcement record" includes, but is not limited to, records of arrest, station adjustments, fingerprints, probation adjustments, the issuance of a notice to appear, or any other records or documents maintained by any law enforcement agency relating to a minor suspected of committing an offense or evidence of interaction with law enforcement.

(0.1) (a) The Department of State Police and all law enforcement agencies within the State shall automatically expunge, on or before January 1 of each year, all juvenile law enforcement records relating to events occurring before an individual's 18th birthday if:

1. one year or more has elapsed since the date of the arrest or law enforcement interaction documented in the records;
2. no petition for delinquency or criminal charges were filed with the clerk of the circuit court relating to the arrest or law enforcement interaction documented in the records; and
3. 6 months have elapsed since the date of the arrest without an additional subsequent arrest or filing of a petition for delinquency or criminal charges whether related or not to the arrest or law enforcement interaction documented in the records.

(b) If the law enforcement agency is unable to verify satisfaction of conditions (2) and (3) of this subsection (0.1), records that satisfy condition (1) of this subsection (0.1) shall be automatically expunged if the records relate to an offense that if committed by an adult would not be an offense classified as Class 2 felony or higher, an offense under Article 11 of the Criminal Code of 1961 or Criminal Code of 2012, or an offense under Section 12-13, 12-14, 12-14.1, 12-15, or 12-16 of the Criminal Code of 1961.

(0.15) If a juvenile law enforcement record meets paragraph (a) of subsection (0.1) of this Section, a juvenile law enforcement record created:

1. prior to January 1, 2018, but on or after January 1, 2013 shall be automatically expunged prior to January 1, 2020;
2. prior to January 1, 2013, but on or after January 1, 2000, shall be automatically expunged prior to January 1, 2023; and
3. prior to January 1, 2000 shall not be subject to the automatic expungement provisions of this Act.

Nothing in this subsection (0.15) shall be construed to restrict or modify an individual's right to have his or her juvenile law enforcement records expunged except as otherwise may be provided in this Act.

New matter indicated by italics - deletions by strikeout
(0.2) (a) Upon dismissal of a petition alleging delinquency or upon a finding of not delinquent, the successful termination of an order of supervision, or the successful termination of an adjudication for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult, the court shall automatically order the expungement of the juvenile court records and juvenile law enforcement records. The clerk shall deliver a certified copy of the expungement order to the Department of State Police and the arresting agency. Upon request, the State's Attorney shall furnish the name of the arresting agency. The expungement shall be completed within 60 business days after the receipt of the expungement order.

(b) If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed for a pending investigation involving the commission of a felony, that information, and information identifying the juvenile, may be retained in an intelligence file until the statute of limitations for the felony has run. If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed with respect to an internal investigation of any law enforcement office, that information and information identifying the juvenile may be retained within an intelligence file until the investigation is terminated or the disciplinary action, including appeals, has been completed, whichever is later the investigation is terminated or for one additional year, whichever is sooner. Retention of a portion of a juvenile's law enforcement record does not disqualify the remainder of his or her record from immediate automatic expungement.

(0.3) (a) Upon an adjudication of delinquency based on any offense except a disqualified offense, the juvenile court shall automatically order the expungement of the juvenile court and law enforcement records 2 years after the juvenile's case was closed if no delinquency or criminal proceeding is pending and the person has had no subsequent delinquency adjudication or criminal conviction. The clerk shall deliver a certified copy of the expungement order to the Department of State Police and the arresting agency. Upon request, the State's Attorney shall furnish the name of the arresting agency. The expungement shall be completed within 60 business days after the receipt of the expungement order. In For the purposes of this subsection (0.3), "disqualified offense" means any of the following offenses: Section 8-1.2, 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, 10-1, 10-2, 10-3, 10-3.1, 10-4, 10-5, 10-9, 11-1.20, 11-1.30, 11-1.40, 11-1.50,

(b) If the chief law enforcement officer of the agency, or his or her designee, certifies in writing that certain information is needed for a pending investigation involving the commission of a felony, that information, and information identifying the juvenile, may be retained in an intelligence file until the investigation is terminated or for one additional year, whichever is sooner. Retention of a portion of a juvenile's juvenile law enforcement record does not disqualify the remainder of his or her record from immediate automatic expungement.

(0.4) Automatic expungement for the purposes of this Section shall not require law enforcement agencies to obliterate or otherwise destroy juvenile law enforcement records that would otherwise need to be automatically expunged under this Act, except after 2 years following the subject arrest for purposes of use in civil litigation against a governmental entity or its law enforcement agency or personnel which created, maintained, or used the records. However these juvenile law enforcement records shall be considered expunged for all other purposes during this period and the offense, which the records or files concern, shall be treated as if it never occurred as required under Section 5-923.

(0.5) Subsection (0.1) or (0.2) of this Section does not apply to violations of traffic, boating, fish and game laws, or county or municipal ordinances.

(0.6) Juvenile law enforcement records of a plaintiff who has filed civil litigation against the governmental entity or its law enforcement agency or personnel that created, maintained, or used the records, or juvenile law enforcement records that contain information related to the allegations set forth in the civil litigation may not be expunged until after

2 years have elapsed after the conclusion of the lawsuit, including any appeal.

(0.7) Officer-worn body camera recordings shall not be automatically expunged except as otherwise authorized by the Law Enforcement Officer-Worn Body Camera Act.

(1) Nothing in this subsection (1) precludes an eligible minor from obtaining expungement under subsection (0.1), (0.2), or (0.3). Whenever a person has been arrested, charged, or adjudicated delinquent for an incident occurring before his or her 18th birthday that if committed by an adult would be an offense, and that person’s juvenile law enforcement and juvenile court records are not eligible for automatic expungement under subsection (0.1), (0.2), or (0.3), the person may petition the court at any time for expungement of juvenile law enforcement records and juvenile court records relating to the incident and, upon termination of all juvenile court proceedings relating to that incident, the court shall order the expungement of all records in the possession of the Department of State Police, the clerk of the circuit court, and law enforcement agencies relating to the incident, but only in any of the following circumstances:

(a) the minor was arrested and no petition for delinquency was filed with the clerk of the circuit court;

(a-5) the minor was charged with an offense and the petition or petitions were dismissed without a finding of delinquency;

(b) the minor was charged with an offense and was found not delinquent of that offense;

(c) the minor was placed under supervision under Section 5-615, and the order of supervision has since been successfully terminated; or

(d) the minor was adjudicated for an offense which would be a Class B misdemeanor, Class C misdemeanor, or a petty or business offense if committed by an adult.

(1.5) The Department of State Police shall allow a person to use the Access and Review process, established in the Department of State Police, for verifying that his or her juvenile law enforcement records relating to incidents occurring before his or her 18th birthday eligible under this Act have been expunged.

(2) Any person whose delinquency adjudications are not eligible for automatic expungement under subsection (0.3) of this Section may petition the court to expunge all juvenile law enforcement records relating to any incidents occurring before his or her 18th birthday which did not result in proceedings in criminal court and all juvenile court records with respect to any adjudications except those based upon first degree murder or an offense under Article 11 of the Criminal Code of 2012 if the person is required to register under the Sex Offender Registration Act at the time he or she petitions the court for expungement; provided that:

(a) (blank); or

(b) 2 years have elapsed since all juvenile court proceedings relating to him or her have been terminated and his or her commitment to the Department of Juvenile Justice under this Act has been terminated.

(2.5) If a minor is arrested and no petition for delinquency is filed with the clerk of the circuit court at the time the minor is released from custody, the youth officer, if applicable, or other designated person from the arresting agency, shall notify verbally and in writing to the minor or the minor's parents or guardians that the minor shall have an arrest record and shall provide the minor and the minor's parents or guardians with an expungement information packet, information regarding this State's expungement laws including a petition to expunge juvenile law enforcement and juvenile court records obtained from the clerk of the circuit court.

(2.6) If a minor is referred to court then at the time of sentencing or dismissal of the case, or successful completion of supervision, the judge shall inform the delinquent minor of his or her rights regarding expungement and the clerk of the circuit court shall provide an expungement information packet to the minor, written in plain language, including information regarding this State's expungement laws and a petition for expungement, a sample of a completed petition, expungement instructions that shall include information informing the minor that (i) once the case is expunged, it shall be treated as if it never occurred, (ii) he or she may apply to have petition fees waived, (iii) once he or she obtains an expungement, he or she may not be required to disclose that he or she had a juvenile law enforcement or juvenile court record, and (iv) if petitioning he or she may file the petition on his or her own or with the assistance of an attorney. The failure of the judge to inform the delinquent minor of his or her right to petition for expungement as provided by law

expungement or the date of service of an expungement order, whichever applies. Applications for employment within the State must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of adjudication or arrest. Employers may not ask, in any format or context, if an applicant has had a juvenile record expunged. Information about an expunged record obtained by a potential employer, even inadvertently, from an employment application that does not contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of adjudication or arrest, shall be treated as dissemination of an expunged record by the employer.

This information may only be used for anonymous statistical and bona fide research purposes.

(6.5) The Department of State Police or any employee of the Department shall be immune from civil or criminal liability for failure to expunge any records of arrest that are subject to expungement under this Section because of inability to verify a record. Nothing in this Section shall create Department of State Police liability or responsibility for the expungement of juvenile law enforcement records it does not possess.

(b) Willful dissemination for financial gain of any information contained in an expunged record shall be treated as a Class 4 felony. Dissemination for financial gain by an employee of any municipal, county,
or State agency, including law enforcement, shall result in immediate termination.

(c) The person whose record was expunged has a right of action against any person who intentionally disseminates an expunged record. In the proceeding, punitive damages up to an amount of $1,000 may be sought in addition to any actual damages. The prevailing party shall be entitled to costs and reasonable attorney fees.

(d) The punishments for dissemination of an expunged record shall never apply to the person whose record was expunged.

(8)(a) (Blank). An expunged juvenile record may not be considered by any private or public entity in employment matters, certification, licensing, revocation of certification or licensure, or registration. automatic expungement or the date of service of an expungement order, whichever applies. Notice to minors of the expungement of any juvenile law enforcement records created prior to 2016 may be satisfied by public notice. The names of persons whose records are being expunged shall not be published in this public notice.

(c) Except with respect to authorized military personnel, an expunged juvenile law enforcement record or expunged juvenile court record may not be considered by any private or public entity in employment matters, certification, licensing, revocation of certification or licensure, or registration. Applications for employment within the State must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of adjudication or arrest. Employers may not ask, in any format or context, if an applicant has had a juvenile record expunged. Information about an expunged record obtained by a potential employer, even inadvertently, from an employment application that does not contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of adjudication or arrest, shall be treated as dissemination of an expunged record by the employer. The Department of Labor shall develop a link on the Department's website to inform employers that employers may not ask if an applicant had a juvenile law enforcement or juvenile court record expunged and that application for employment must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of adjudication, arrest, or conviction.

(d) Nothing in this Act shall be construed to prohibit the maintenance of information relating to an offense after records or files concerning the offense have been expunged if the information is kept in a manner that does not enable identification of the individual. This information may only be used for anonymous statistical and bona fide research purposes.

(d-5) The expungement of juvenile law enforcement or juvenile court records shall not be subject to the record retention provisions of the Local Records Act.

(d-10) No evidence of the juvenile law enforcement or juvenile court records may be retained by any law enforcement agency, the juvenile court, or by any municipal, county, or State agency or department unless specifically authorized by this Act. However, non-personal identifying data of a statistical, crime, or trend analysis nature such as the date, time, location of incident, offense type, general demographic
information, including gender, race, and ethnicity information, and all other similar information that does not identify a specific individual may be retained. Nothing in this Act shall require the physical destruction of the internal office records, files, or databases maintained by a State's Attorney's Office or other prosecutor, a public defender, a probation officer, or the Office of the Secretary of State.

(e) Willful dissemination of any information contained in an expunged record shall be treated as a Class C misdemeanor and punishable by a fine of $1,000 per violation. Willful dissemination for financial gain of any information contained in an expunged record shall be treated as a Class 4 felony. Dissemination for financial gain by an employee of any municipal, county, or State agency, including law enforcement, shall result in immediate termination. The person whose record was expunged has a right of action against any person who intentionally disseminates an expunged record. In the proceeding, punitive damages up to an amount of $1,000 may be sought in addition to any actual damages. The prevailing party shall be entitled to costs and reasonable attorney fees. The punishments for dissemination of an expunged record shall never apply to the person whose record was expunged.

This exemption shall not apply in instances when the possessor, or another person at the direction of the possessor, is engaged in the destruction of any amount of a legend drug. (c) After the procedures listed are followed, service shall be effective on the owner or interest holder on the date of receipt by the State's Attorney of a return receipt, or on the date of receipt of a communication from an owner or interest holder documenting actual notice, whichever is first in time, or on the date of the last act performed by the State's Attorney in attempting personal service. For purposes of notice under this Section, if a person has been arrested for the conduct giving rise to the forfeiture, the address provided to the arresting agency at the time of arrest shall be deemed to be that person's known address. Provided, however, if an owner or interest holder's address changes prior to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the seizing agency of the change in address or, if the owner or interest holder's address changes subsequent to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the State's Attorney of the change in address. If the property seized is a conveyance, notice shall also be directed to the address reflected in the office of the agency or official in which title to or interest in the conveyance is required by law to be recorded.

(d) If the owner's or interest holder's address is not known, and is not on record as provided in this Section, service by publication for 3 successive weeks in a newspaper of general circulation in the county in which the seizure occurred shall suffice for service requirements.

(e) Notice to any business entity, corporation, limited liability company, limited liability partnership, or partnership shall be completed by a single mailing of a copy of the notice by certified mail, return receipt requested, and first class mail to that address. This notice is complete regardless of the return of a signed return receipt.

(g) Notice to a person whose address is not within the United States shall be completed by a single mailing of a copy of the notice by certified mail, return receipt requested, and first class mail to that address. This notice is complete regardless of the return of a signed return receipt. If certified mail is not available in the foreign country where the person has an address, notice shall proceed by publication requirements under subsection (d) of this Section.

(h) Notice to a person whom the State's Attorney reasonably should know is incarcerated within this State, shall also include; mailing a copy of the notice by certified mail, return receipt requested, and first class mail to the address of the detention facility with the inmate's name clearly marked on the envelope.

(i) After a claimant files a verified claim with the State's Attorney and provides an address at which the claimant will accept service, the complaint shall be served and notice shall be complete upon the mailing of the complaint to the claimant at the address the claimant provided via certified mail, return receipt requested, and first class mail. No return receipt need be received, or any other attempts at service need be made to comply with service and notice requirements under this Section. This certified mailing, return receipt requested, shall be proof of service of the complaint on the claimant. If notice is to be shown by actual notice from communication with a claimant, then the State's Attorney shall file an affidavit as proof of service, providing details of the communication, which shall be accepted as proof of service by the court.

(j) If the property seized is a conveyance, notice shall also be directed to the address reflected in the office of the agency or official in which title to or interest in the conveyance is required by law to be recorded, then by mailing a copy of the notice by certified mail, return receipt requested, to that address.

(k) Notice served under this Article is effective upon personal service, the last date of publication, or the mailing of written notice, whichever is earlier.

Sec. 29B-13. Judicial in rem procedures. If property seized under this Article is non-real property that exceeds $20,000 in value excluding the value of any conveyance, or is real property, or a claimant has filed a claim under paragraph (3) of Section 29B-12 of this Article, the following judicial in rem procedures shall apply:

(1) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then, within 28 days of the receipt of notice of seizure by the seizing agency or the filing of the claim, whichever is later, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture. (3) The complaint shall be served upon the person from whom the property was seized and all persons known or reasonably believed by the State to claim an interest in the property, as provided in Section 29B-10 of this Article. The complaint shall be accompanied by the following written notice:

New matter indicated by italics - deletions by strikeout
"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the State seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to explain what happened when your property was seized and why you should get the property back."

(4) Forfeiture proceedings under this Article shall be subject to the Code of Civil Procedure and the rules of evidence relating to civil actions shall apply to proceedings under this Article with the following exception. The parties shall be allowed to use, and the court shall receive and consider, all relevant hearsay evidence that relates to evidentiary foundation, chain of custody, business records, recordings, laboratory analysis, laboratory reports, and relevant hearsay related to the use of technology in the investigation that resulted in the seizure of property that is subject to the forfeiture action.

(5) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. Upon motion of the State, the court shall first hold a hearing, in which a claimant shall establish by a preponderance of the evidence, that he or she has a lawful, legitimate ownership interest in the property and that it was obtained through a lawful source.

(6) The answer must be signed by the owner or interest holder under penalty of perjury and shall set forth:

(F) all essential facts supporting each assertion;

(G) the precise relief sought; and

(H) in a forfeiture action involving currency or its equivalent, a claimant shall provide the State with notice of his or her intent to allege that the currency or its equivalent is not related to the alleged factual basis for the forfeiture, and why.

The answer shall follow the rules under the Code of Civil Procedure.

(7) The answer shall be filed with the court within 45 days after service of the civil in rem complaint.

(8) The hearing shall be held within 60 days after filing of the answer unless continued for good cause.

(9) At the judicial in rem proceeding, in the State's case in chief, the State shall show by a preponderance of the evidence that the property is subject to forfeiture. If the State makes such a showing, the claimant shall have the burden of production to set forth evidence that the property is not related to the alleged factual basis of the forfeiture. After this production of evidence, the State shall maintain the burden of proof to overcome this assertion. A claimant shall provide the State notice of its intent to allege that the currency or its equivalent is not related to the alleged factual basis of the forfeiture and why. As to conveyances, at the judicial in rem proceeding, in its case in chief, the State shall show by a preponderance of the evidence:

(iv) that the claimant held the property for the benefit of, or as nominee for, any person whose conduct gave rise to its forfeiture;
(v) that if the claimant acquired the interest through any person engaging in any of the conduct described above or conduct giving rise to the forfeiture:
   (a) the claimant did not acquire it as a bona fide purchaser for value; or
   (b) the claimant acquired the interest under the circumstances that the claimant reasonably should have known the property was derived from, or used in, the conduct giving rise to the forfeiture; or
   (vi) that the claimant is not the true owner of the property that is subject to forfeiture.

(10) If the State does not meet its burden to show that the property is subject to forfeiture, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does meet its burden to show that the property is subject to forfeiture, the court shall order all property forfeited to the State.

(11) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. This motion shall be made and supported by sworn affidavit and shall assert the following along with specific facts that support each assertion:

1. that the claimant filing the motion is the true owner of the conveyance as interpreted by case law;
2. that the claimant was not legally accountable for the conduct giving rise to the forfeiture or acquiesced in the conduct;

(c) Upon this filing, a hearing may only be conducted after the parties have been given the opportunity to conduct limited discovery as to the ownership and control of the property, the claimant's knowledge, or any matter relevant to the issues raised or facts alleged in the claimant's motion. Sec. 36-1.5. Preliminary review.

(a) Within 14 days of the seizure, the State's Attorney of the county in which the seizure occurred shall seek a preliminary determination from the circuit court as to whether there is probable cause that the property may be subject to forfeiture.

(b) The rules of evidence shall not apply to any proceeding conducted under this Section.

(c) The court may conduct the review under subsection (a) of this Section simultaneously with a proceeding under Section 109-1 of the Code of Criminal Procedure of 1963 for a related criminal offense if a prosecution is commenced by information or complaint.

(d) The court may accept a finding of probable cause at a preliminary hearing following the filing of an information or complaint charging a related criminal offense or following the return of indictment by a grand jury charging the related offense as sufficient evidence of probable cause as required under subsection (a) of this Section.

(e) Upon making a finding of probable cause as required under this Section, the circuit court shall order the property subject to the provisions of the applicable forfeiture Act held until the conclusion of any forfeiture proceeding.

For seizures of conveyances, within 28 days of a finding of probable cause under subsection (a) of this Section, the registered owner or other claimant may file a motion in writing supported by sworn affidavits claiming that denial of the use of the conveyance during the pendency of the forfeiture proceedings creates a substantial hardship and alleges facts showing that the hardship was not due to his or her culpable negligence. The court shall consider the following factors in determining whether a substantial hardship has been proven:

(1) the nature of the claimed hardship;
(2) the availability of public transportation or other available means of transportation; and
(3) any available alternatives to alleviate the hardship other than the return of the seized conveyance.

If the court determines that a substantial hardship has been proven, the court shall then balance the nature of the hardship against the State's interest in safeguarding the conveyance. If the court determines that the hardship outweighs the State's interest in safeguarding the conveyance, the court may temporarily release the conveyance to the registered owner or the registered owner's authorized designee, or both, until the conclusion of the forfeiture proceedings or for such shorter period as ordered by the court provided that the person to whom the conveyance is released provides proof of insurance and a valid driver's license and all State and local registrations for operation of the conveyance are current. The court shall place conditions on the conveyance limiting its use to the stated hardship and providing transportation for employment, religious purposes, medical needs, child care, and restricting the conveyance's use to only those individuals authorized to use the conveyance by the registered owner. The use of the vehicle shall be further restricted to exclude all recreational and entertainment purposes. the People. The court shall revoke the order releasing the conveyance and order that the conveyance be reseized by law enforcement if the conditions of release are violated or if the conveyance is used in the commission of any offense identified in subsection (a) of Section 6-205 of the Illinois Vehicle Code.

If the court orders the release of the conveyance during the pendency of the forfeiture proceedings, the court may order the registered owner or his or her authorized designee to post a cash security with the clerk of the court as ordered by the court. If cash security is ordered, the court shall consider the following factors in determining the amount of the cash security:

(A) the full market value of the conveyance;
(B) the nature of the hardship;
(C) the extent and length of the usage of the conveyance;
(D) the ability of the owner or designee to pay; and
(E) other conditions as the court deems necessary to safeguard the conveyance.

If the conveyance is released, the court shall order that the registered owner or his or her designee safeguard the conveyance, not remove the conveyance from the jurisdiction, not conceal, destroy, or otherwise dispose of the conveyance, not encumber the conveyance, and not diminish the value of the conveyance in any way. The court shall also make a determination of the full market value of the conveyance prior to it being released based on a source or sources defined in 50 Ill. Adm. Code 919.80(c)(2)(A) or 919.80(c)(2)(B).

If the conveyance subject to forfeiture is released under this Section and is subsequently forfeited, the person to whom the conveyance was released shall return the conveyance to the law enforcement agency that seized the conveyance within 7 days from the date of the declaration of forfeiture or order of forfeiture. If the conveyance is not returned within 7 days, the cash security shall be forfeited in the same manner as the conveyance subject to forfeiture. If the cash security was less than the full market value, a judgment shall be entered against the parties to whom the conveyance was released and the registered owner, jointly and severally, for the difference between the full market value and the amount of the cash security. If the conveyance is returned in a condition other than the condition in which it was released, the cash security shall be returned to the surety who posted the security minus the amount of the diminished value, and that amount shall be forfeited in the same manner as the

You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This complaint starts the court process where the State seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to explain what happened when your property was seized and why you should get the property back."

Provided, however, if an owner or interest holder's address changes prior to the effective date of the complaint for forfeiture, the owner or interest holder shall promptly notify the seizing agency of the change in address or, if the owner or interest holder's address changes subsequent to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the State's Attorney of the change in address; or if the property seized is a conveyance, to the address reflected in the office of the agency or official in which title to or interest in the conveyance is required by law to be recorded.

Sec. 36-2.5. Judicial in rem procedures.
(a) The laws of evidence relating to civil actions shall apply to judicial in rem proceedings under this Article.

(b) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. A person not named in the forfeiture complaint who claims to have an interest in the property may petition to intervene as a claimant under Section 2-408 of the Code of Civil Procedure.

(c) The answer shall be filed with the court within 45 days after service of the civil in rem complaint.

(d) The trial shall be held within 60 days after filing of the answer unless continued for good cause.

(e) In its case in chief, the State shall show by a preponderance of the evidence that:

(1) the property is subject to forfeiture; and
(2) at least one of the following:

(i) the claimant knew or should have known that the conduct was likely to occur; or

New matter indicated by italics - deletions by strikeout
(ii) the claimant is not the true owner of the property that is subject to forfeiture.

In any forfeiture case under this Article, a claimant may present evidence to overcome evidence presented by the State that the property is subject to forfeiture.

(f) Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if:

   (1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or

   (2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding related to the factual allegations of the forfeiture action.

(g) If the State does not meet its burden of proof, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property in which the State does meet its burden of proof forfeited to the State. If the State does meet its burden of proof, the court shall order all property forfeited to the State.

(h) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(i) An acquittal or dismissal in a criminal proceeding shall not preclude civil proceedings under this Act; however, for good cause shown, on a motion by either party, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a violation of law authorizing forfeiture under Section 36-1 of this Article.

(j) Title to all property declared forfeited under this Act vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Article, any property or proceeds subsequently transferred to any person remain subject to forfeiture unless a person to whom the property was transferred makes an appropriate claim under or has the claim adjudicated at the judicial in rem hearing.

(k) No property shall be forfeited under this Article from a person who, without actual or constructive notice that the property was the subject

A person who purports to transfer property after receiving actual or constructive notice that the property is subject to seizure or forfeiture is guilty of contempt of court; and shall be liable to the State for a penalty in the amount of the fair market value of the property.

(l) A civil action under this Article shall be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(m) If property is ordered forfeited under this Article from a claimant who held title to the property in joint tenancy or tenancy in common with another claimant, the court shall determine the amount of each owner's interest in the property according to principles of property law.

The complaint for forfeiture shall be filed as soon as practicable, but not later than 28 days after the filing of a verified claim by a claimant if the property was acted upon under a non-judicial forfeiture action, or 28 days after the State's Attorney receives notice from the seizing agency as provided under Section 5 of this Act, whichever occurs later. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(A-5) If the State's Attorney finds that the alleged violation of law giving rise to the seizure was incurred without willful negligence or without any intention on the part of the owner of the property to violate the law or finds the existence of mitigating circumstances to justify remission of the forfeiture, the State's Attorney may cause the law enforcement agency having custody of the property to return the property to the owner within a reasonable time not to exceed 7 days. The State's Attorney shall exercise his or her discretion prior to or promptly after the preliminary review under Section 3.5 of this Act. Judicial in rem forfeiture proceedings under this Act shall be subject to the Code of Civil Procedure and the rules of evidence relating to civil actions.

(A-10) A complaint of forfeiture shall include:

1. a description of the property seized;
2. the date and place of seizure of the property;
3. the name and address of the law enforcement agency making the seizure; and
4. the specific statutory and factual grounds for the seizure.

The complaint shall be served upon the person from whom the property was seized and all persons known or reasonably believed by the State to claim an interest in the property, as provided in Section 4 of this Act. The complaint shall be accompanied by the following written notice:

"This is a civil court proceeding subject to the Code of Civil Procedure. You received this Complaint of Forfeiture because the State's Attorney's office has brought a legal action seeking forfeiture of your seized property. This
complaint starts the court process where the state seeks to prove that your property should be forfeited and not returned to you. This process is also your opportunity to try to prove to a judge that you should get your property back. The complaint lists the date, time, and location of your first court date. You must appear in court on that day, or you may lose the case automatically. You must also file an appearance and answer. If you are unable to pay the appearance fee, you may qualify to have the fee waived. If there is a criminal case related to the seizure of your property, your case may be set for trial after the criminal case has been resolved. Before trial, the judge may allow discovery, where the State can ask you to respond in writing to questions and give them certain documents, and you can make similar requests of the State. The trial is your opportunity to explain what happened when your property was seized and why you should get the property back."

(B) The laws of evidence relating to civil actions shall apply to all other proceedings under this Act except that the parties shall be allowed to use, and the court must receive and consider, all relevant hearsay evidence that relates to evidentiary foundation, chain of custody, business records, recordings, laboratory analysis, laboratory reports, and the use of technology in the investigation that resulted in the seizure of the property that is subject to the forfeiture action.

(C) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. A person not named in the forfeiture complaint who claims to have an interest in the property may petition to intervene as a claimant under Section 2-408 of the Code of Civil Procedure.

(D) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:

(i) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
(ii) the address at which the claimant will accept mail;

New matter indicated by italics - deletions by strikeout
(iii) the nature and extent of the claimant's interest in the property;

(iv) the date, identity of transferor, and circumstances of the claimant's acquisition of the interest in the property;

(v) the names and addresses of all other persons known to have an interest in the property;

(vi) the specific provisions of Section 8 of this Act relied on in asserting it is exempt from forfeiture, if applicable;

(vii) all essential facts supporting each assertion;

(viii) the precise relief sought; and

(ix) in a forfeiture action involving currency or its equivalent, a claimant shall provide the State with notice of the claimant's intent to allege that the currency or its equivalent is not related to the alleged factual basis for the forfeiture, and why.

(E) The answer must be filed with the court within 45 days after service of the civil in rem complaint.

(F) The trial shall be held within 60 days after filing of the answer unless continued for good cause.

(G) The State, in its case in chief, shall show by a preponderance of the evidence that the property is subject to forfeiture; and at least one of the following:

(i) In the case of personal property, including conveyances:

   (a) that the claimant was legally accountable for the conduct giving rise to the forfeiture;

   (b) that the claimant knew or reasonably should have known of the conduct giving rise to the forfeiture;

   (c) that the claimant knew or reasonably should have known that the conduct giving rise to the forfeiture was likely to occur;

   (d) that the claimant held the property for the benefit of, or as nominee for, any person whose conduct gave rise to its forfeiture;

   (e) that if the claimant acquired the interest through any person engaging in any of the conduct

New matter indicated by italics - deletions by strikeout
described above or conduct giving rise to the forfeiture:

(1) the claimant did not acquire it as a bona fide purchaser for value, or
(2) the claimant acquired the interest under such circumstances that the claimant reasonably should have known the property was derived from, or used in, the conduct giving rise to the forfeiture;

(f) that the claimant is not the true owner of the property;

(g) that the claimant acquired the interest:

(1) before the commencement of the conduct giving rise to the forfeiture and the person whose conduct gave rise to the forfeiture did not have authority to convey the interest to a bona fide purchaser for value at the time of the conduct; or
(2) after the commencement of the conduct giving rise to the forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct that gave rise to the forfeiture, and without the knowledge of the seizure of the property for forfeiture.

(ii) In the case of real property:

(a) that the claimant was legally accountable for the conduct giving rise to the forfeiture;
(b) that the claimant solicited, conspired, or attempted to commit the conduct giving rise to the forfeiture; or
(c) that the claimant had acquired or stood to acquire substantial proceeds from the conduct giving rise to its forfeiture other than as an interest holder in an arm’s length transaction;
(d) that the claimant is not the true owner of the property;
(e) that the claimant acquired the interest:

New matter indicated by italics - deletions by strikeout
(1) before the commencement of the conduct giving rise to the forfeiture and the person whose conduct gave rise to the forfeiture did not have authority to convey the interest to a bona fide purchaser for value at the time of the conduct; or

(2) after the commencement of the conduct giving rise to the forfeiture and the owner or interest holder acquired the interest as a mortgagee, secured creditor, lienholder, or bona fide purchaser for value without knowledge of the conduct that gave rise to the forfeiture, and before the filing in the office of the recorder of deeds of the county in which the real estate is located a notice of seizure for forfeiture or a lis pendens notice.

(G-5) If the property that is the subject of the forfeiture proceeding is currency or its equivalent, the State, in its case in chief, shall show by a preponderance of the evidence that the property is subject to forfeiture. If the State makes that showing, the claimant shall have the burden of production to set forth evidence that the currency or its equivalent is not related to the alleged factual basis of the forfeiture. After the production of evidence, the State shall maintain the burden of proof to overcome this assertion.

(G-10) Notwithstanding any other provision of this Section, the State's burden of proof at the trial of the forfeiture action shall be by clear and convincing evidence if:

(1) a finding of not guilty is entered as to all counts and all defendants in a criminal proceeding relating to the conduct giving rise to the forfeiture action; or

(2) the State receives an adverse finding at a preliminary hearing and fails to secure an indictment in a criminal proceeding related to the factual allegations of the forfeiture action.

(H) If the State does not meet its burden of proof, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property as to which the State does meet its burden of proof forfeited to the State. If the State

does meet its burden of proof, the court shall order all property forfeited to the State.

(I) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Act regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(J) An acquittal or dismissal in a criminal proceeding shall not preclude civil proceedings under this Act; however, for good cause shown, on a motion by the State's Attorney, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act. Such a stay shall not be available pending an appeal. Property subject to forfeiture under the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

(K) Title to all property declared forfeited under this Act vests in the State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Except as otherwise provided in this Act, any such property or proceeds subsequently transferred to any person remain subject to forfeiture unless a person to whom the property was transferred makes an appropriate claim under this Act and has the claim adjudicated in the judicial in rem proceeding.

(L) A civil action under this Act must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(M) No property shall be forfeited under this Act from a person who, without actual or constructive notice that the property

New matter indicated by italics - deletions by strikeout
was the subject of forfeiture proceedings, obtained possession of the property as a bona fide purchaser for value. A person who purports to transfer property after receiving actual or constructive notice that the property is subject to seizure or forfeiture is guilty of contempt of court and shall be liable to the State for a penalty in the amount of the fair market value of the property.

(N) If property is ordered forfeited under this Act from a claimant who held title to the property in joint tenancy or tenancy in common with another claimant, the court shall determine the amount of each owner's interest in the property according to principles of property law.

(c) The State's Attorney may initiate forfeiture proceedings under the procedures in Article 36 of the Criminal Code of 2012. The State shall bear the burden of proving by a preponderance of the evidence that the property was acquired through a pattern of streetgang related activity.

(d) Property forfeited under this Section shall be disposed of in accordance with Section 36-7 of Article 36 of the Criminal Code of 2012 for the forfeiture of vehicles, vessels, and aircraft.

half of 1% for each full month that the member's age is under age 67 (beginning January 1, 2015, age 65 with respect to service under Article 12 of this Code that is subject to this Section).

(d-5) The retirement annuity payable under Article 8 or Article 11 to an eligible of a person subject to subsection (c-5) of this Section who first becomes a member or a participant under Article 8 or Article 11 of this Code on or after the effective date of this amendatory Act of the 100th General Assembly who is retiring at age 60 with at least 10 years of service credit under Article 8 or Article 11 shall be reduced by one-half of 1% for each full month that the member's age is under age 65.

Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

For the purposes of Section 1-103.1 of this Code, the changes made to this Section by this amendatory Act of the 100th General Assembly are applicable without regard to whether the employee was in active service on or after the effective date of this amendatory Act of the 100th General Assembly.

Each annual increase shall be calculated at 3% or one-half the annual unadjusted percentage increase (but not less than zero) in the consumer price index-u for the 12 months ending with the September preceding each November 1, whichever is less, of the originally granted retirement annuity. If the annual unadjusted percentage change in the consumer price index-u for the 12 months ending with the September preceding each November 1 is zero or there is a decrease, then the annuity shall not be increased.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers’ Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the
administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer
and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% of the remainder, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.
In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

A county may direct, by ordinance, that all or a portion of the taxes and penalties collected under the Special County Retailers' Occupation Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation be deposited into the Transportation Development Partnership Trust Fund.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998 and through December 31, 2013, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and

Beginning January 1, 2014, the results of any election authorizing a proposition to impose a tax under this Section or effecting an increase in the rate of tax, along with the ordinance adopted to impose the tax or increase the rate of the tax, or any ordinance adopted to lower the rate or discontinue the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of May, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the adoption and filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, Mental Health, Substance Abuse, or Transportation Law".

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Whenever the Department determines that a refund of money paid into the Local Government Tax Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the Local Government Tax Fund.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the Local Government Tax Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall
prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities and counties, the municipalities and counties to be those entitled to distribution of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to each municipality or county shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department and paid into the Local Government Tax Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which are payable to a different taxing body but were erroneously paid to the municipality or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and counties, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of monthly disbursement to a municipality or county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to include the replacement revenue for such abolished taxes, distributed from the Local Government Tax Fund.

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose

annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of
the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next

following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate

that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess

payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each

such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

   In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

   The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of

tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois

certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return

upon the selling price of tangible personal property purchased by him at 
retail from a retailer, but as to which the tax imposed by this Act was not 
collected from the retailer filing such return, and such retailer shall remit 
the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the 
Department may prescribe and furnish a combination or joint return which 
will enable retailers, who are required to file returns hereunder and also 
under the Retailers' Occupation Tax Act, to furnish all the return 
information required by both Acts on the one form.

Where the retailer has more than one business registered with the 
Department under separate registration under this Act, such retailer may 
not file each return that is due as a single return covering all such 
registered businesses, but shall file separate returns for each such 
registered business.

Beginning January 1, 1990, each month the Department shall pay 
into the State and Local Sales Tax Reform Fund, a special fund in the 
State Treasury which is hereby created, the net revenue realized for the 
preceding month from the 1% tax imposed under this Act on sales of food 
for human consumption which is to be consumed off the premises where it 
is sold (other than alcoholic beverages, soft drinks and food which has 
been prepared for immediate consumption) and prescription and 
nonprescription medicines, drugs, medical appliances, products classified 
as Class III medical devices by the United States Food and Drug 
Administration that are used for cancer treatment pursuant to a 
 prescription, as well as any accessories and components related to those 
devices, and insulin, urine testing materials, syringes and needles used by 
diabetics.

Beginning January 1, 1990, each month the Department shall pay 
into the County and Mass Transit District Fund 4% of the net revenue 
realized for the preceding month from the 6.25% general rate on the 
selling price of tangible personal property which is purchased outside 
Illinois at retail from a retailer and which is titled or registered by an 
agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay 
into the State and Local Sales Tax Reform Fund, a special fund in the 
State Treasury, 20% of the net revenue realized for the preceding month 
from the 6.25% general rate on the selling price of tangible personal 
property, other than tangible personal property which is purchased outside

Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to

the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under

each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Exposition Authority Act,

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted,

of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act,
and Section 3 of the Retailers' Occupation Tax Act, the Department shall

to appropriation, to fund additional auditors and compliance personnel at
the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the
cash receipts collected during the preceding fiscal year by the Audit
Bureau of the Department under the Use Tax Act, the Service Use Tax
Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act,
and associated local occupation and use taxes administered by the
Department.

Of the remainder of the moneys received by the Department
pursuant to this Act, 75% thereof shall be paid into the State Treasury and
25% shall be reserved in a special account and used only for the transfer to
the Common School Fund as part of the monthly transfer from the General
Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon
certification of the Department of Revenue, the Comptroller shall order

Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the
net revenue realized under this Act for the second preceding month.
Beginning April 1, 2000, this transfer is no longer required and shall not
be made.

Net revenue realized for a month shall be the revenue collected by
the State pursuant to this Act, less the amount paid out during that month
as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers
and wholesalers whose products are sold at retail in Illinois by numerous
retailers, and who wish to do so, may assume the responsibility for
accounting and paying to the Department all tax accruing under this Act
with respect to such sales, if the retailers who are affected do not make
written objection to the Department to this arrangement.

that are required to be registered with an agency of this State, each retailer

required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for retailers whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require. On and after January 1, 2018, except for returns for motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, with respect to retailers whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Retailers who demonstrate that they do not have access to the Internet or demonstrate
hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month

during which such tax liability is incurred began prior to January 1, 1985,
each payment shall be in an amount equal to 1/4 of the taxpayer's actual
liability for the month or an amount set by the Department not to exceed
1/4 of the average monthly liability of the taxpayer to the Department for
the preceding 4 complete calendar quarters (excluding the month of
highest liability and the month of lowest liability in such 4 quarter period).
If the month during which such tax liability is incurred begins on or after
January 1, 1985, and prior to January 1, 1987, each payment shall be in an
amount equal to 22.5% of the taxpayer's actual liability for the month or
27.5% of the taxpayer's liability for the same calendar month of the
preceding year. If the month during which such tax liability is incurred
begins on or after January 1, 1987, and prior to January 1, 1988, each
payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 26.25% of the taxpayer's liability for the same
calendar month of the preceding year. If the month during which such tax
liability is incurred begins on or after January 1, 1988, and prior to January
1, 1989, or begins on or after January 1, 1996, each payment shall be in an
amount equal to 22.5% of the taxpayer's actual liability for the month or
25% of the taxpayer's liability for the same calendar month of the
preceding year. If the month during which such tax liability is incurred
begins on or after January 1, 1989, and prior to January 1, 1996, each
payment shall be in an amount equal to 22.5% of the taxpayer's actual
liability for the month or 25% of the taxpayer's liability for the same
calendar month of the preceding year or 100% of the taxpayer's actual
liability for the quarter monthly reporting period. The amount of such
quarter monthly payments shall be credited against the final tax liability of
the taxpayer's return for that month. Before October 1, 2000, once
applicable, the requirement of the making of quarter monthly payments to
the Department shall continue until such taxpayer's average monthly
liability to the Department during the preceding 4 complete calendar
quarters (excluding the month of highest liability and the month of lowest
liability) is less than $9,000, or until such taxpayer's average monthly
liability to the Department as computed for each calendar quarter of the 4
preceding complete calendar quarter period is less than $10,000. However,
if a taxpayer can show the Department that a substantial change in the
taxpayer's business has occurred which causes the taxpayer to anticipate
that his average monthly tax liability for the reasonably foreseeable future
will fall below the $10,000 threshold stated above, then such taxpayer may
petition the Department for change in such taxpayer's reporting status. On

and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may
credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, except as otherwise provided in this Section, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor

vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every person who is engaged in the business of leasing or renting such items and who, in connection with such business, sells any such item to a retailer for the purpose of resale is, notwithstanding any other provision of this Section to the contrary, authorized to meet the return-filing requirement of this Act by reporting the transfer of all the aircraft, watercraft, motor vehicles, or trailers transferred for resale during a month to the Department on the same uniform invoice-transaction reporting return form on or before the 20th of the month following the month in which the transfer takes place. Notwithstanding any other provision of this Act to the contrary, all returns filed under this paragraph must be filed by electronic means in the manner and form as required by the Department.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient

identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

New matter indicated by italics - deletions by strikeout
No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not

collected from the retailer filing such return, and such retailer shall remit
the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the
Department may prescribe and furnish a combination or joint return which
will enable retailers, who are required to file returns hereunder and also
under the Retailers' Occupation Tax Act, to furnish all the return
information required by both Acts on the one form.

Where the retailer has more than one business registered with the
Department under separate registration under this Act, such retailer may
not file each return that is due as a single return covering all such
registered businesses, but shall file separate returns for each such
registered business.

Beginning January 1, 1990, each month the Department shall pay
into the State and Local Sales Tax Reform Fund, a special fund in the
State Treasury which is hereby created, the net revenue realized for the
preceding month from the 1% tax imposed under this Act on sales of food
for human consumption which is to be consumed off the premises where it
is sold (other than alcoholic beverages, soft drinks and food which has
been prepared for immediate consumption) and prescription and
nonprescription medicines, drugs, medical appliances, products classified
as Class III medical devices by the United States Food and Drug
Administration that are used for cancer treatment pursuant to a
prescription, as well as any accessories and components related to those
devices, and insulin, urine testing materials, syringes and needles used by
diabetics.

Beginning January 1, 1990, each month the Department shall pay
into the County and Mass Transit District Fund 4% of the net revenue
realized for the preceding month from the 6.25% general rate on the
selling price of tangible personal property which is purchased outside
Illinois at retail from a retailer and which is titled or registered by an
agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay
into the State and Local Sales Tax Reform Fund, a special fund in the
State Treasury, 20% of the net revenue realized for the preceding month
from the 6.25% general rate on the selling price of tangible personal
property, other than tangible personal property which is purchased outside
Illinois at retail from a retailer and which is titled or registered by an
agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Beginning September 1, 2010, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of sales tax holiday items.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2011, each month the Department shall pay into the Clean Air Act Permit Fund 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of sorbents used in Illinois in the process of sorbent injection as used to comply with the Environmental Protection Act or the federal Clean Air Act, but the total payment into the Clean Air Act Permit Fund under this Act and the Retailers' Occupation Tax Act shall not exceed $2,000,000 in any fiscal year.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the
fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under this Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the

Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Metropolitan Pier and
Exposition Authority Act,
but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

August 26, 2014 (the effective date of Public Act 98-1098), each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Subject to payments of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, the Energy Infrastructure Fund, and the Tax Compliance and Administration Fund as provided in this Section, beginning on July 1, 2018 the Department shall pay each month into the Downstate Public Transportation Fund the moneys required to be so paid under Section 2-3 of the Downstate Public Transportation Act.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

(35 ILCS 105/10) (from Ch. 120, par. 439.10)

Sec. 10. Except as to motor vehicles, aircraft, watercraft, and trailers, and except as to cigarettes as defined in the Cigarette Use Tax Act, when tangible personal property is purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and a purchaser who does not file returns with the Department as a retailer under Section 9 of this Act, such purchaser (by the last day of the month following the calendar month in which such purchaser makes any payment upon the selling price of such property) shall, except as otherwise provided in this Section, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser during the preceding calendar month. When tangible personal property, other than motor vehicles and trailers, is purchased by a lessor, under a lease for one year or longer, executed or in effect at the time of purchase to an interstate carrier for hire, who did not pay the tax imposed by this Act to the retailer, such lessor (by the last day of the month following the calendar month in which such property reverts to the use of such lessor) shall file a return with the Department and pay the tax upon the fair market value of such property on the date of such reversion. However, in determining the fair market value at the time of reversion, the fair market value of such property shall not exceed the original purchase price of the property that was paid by the lessor at the time of purchase. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. Such return and payment from the purchaser shall be submitted to the Department sooner than the last day of the month after the month in which the purchase is made to the extent that that may be necessary in order to secure the title to a motor vehicle or the certificate of registration for an aircraft. Except as to motor vehicles, aircraft, watercraft, and trailers, and except as to cigarettes as defined in the Cigarette Use Tax Act, when tangible personal property is purchased out-of-state from a retailer by a purchaser who did not pay the tax imposed by this Act to the retailer, and a purchaser who does not file returns with the Department as a retailer under Section 9 of this Act, the liability for the tax imposed by the Act arises on the date such tangible personal property is brought into this

State. The purchaser shall, within 30 days after such tangible personal property is brought into this State, file with the Department, upon a form to be prescribed and supplied by the Department, a return for the tangible personal property purchased. However, except as to motor vehicles and aircraft, and except as to cigarettes as defined in the Cigarette Use Tax Act, if the purchaser's annual use tax liability does not exceed $600, the purchaser may file the return on an annual basis on or before April 15th of the year following the year use tax liability was incurred. Individual purchasers with an annual use tax liability that does not exceed $600 may, in lieu of the filing and payment requirements in this Section, file and pay in compliance with Section 502.1 of the Illinois Income Tax Act.

If cigarettes, as defined in the Cigarette Use Tax Act, are purchased from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and a purchaser who does not file returns with the Department as a retailer under Section 9 of this Act, such purchaser must, within 30 days after acquiring the cigarettes, file a return with the Department and pay the tax upon that portion of the selling price so paid by the purchaser for the cigarettes. When cigarettes, as defined in the Cigarette Use Tax Act, are purchased out-of-state from a retailer for use in this State by a purchaser who did not pay the tax imposed by this Act to the retailer, and a purchaser who does not file returns with the Department as a retailer under Section 9 of this Act, the liability for the tax imposed by the Act arises on the date such cigarettes are brought into this State. The purchaser shall, within 30 days after such cigarettes are brought into this State, file with the Department, upon a form to be prescribed and supplied by the Department, a return for the cigarettes purchased.

In addition with respect to motor vehicles, aircraft, watercraft, and trailers, a purchaser of such tangible personal property for use in this State, who purchases such tangible personal property from an out-of-state retailer, shall file with the Department, upon a form to be prescribed and supplied by the Department, a return for each such item of tangible personal property purchased, except that if, in the same transaction, (i) a purchaser of motor vehicles, aircraft, watercraft, or trailers who is a retailer of motor vehicles, aircraft, watercraft, or trailers purchases more than one motor vehicle, aircraft, watercraft, or trailer for the purpose of resale or (ii) a purchaser of motor vehicles, aircraft, watercraft, or trailers purchases more than one motor vehicle, aircraft, watercraft, or trailer for use as qualifying rolling stock as provided in Section 3-55 of this Act, then

New matter indicated by italics - deletions by strikeout
the purchaser may report the purchase of all motor vehicles, aircraft, watercraft, or trailers involved in that transaction to the Department on a single return prescribed by the Department. Such return in the case of motor vehicles and aircraft must show the name and address of the seller, the name, address of purchaser, the amount of the selling price including the amount allowed by the retailer for traded in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the purchaser with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such return shall be filed not later than 30 days after such motor vehicle or aircraft is brought into this State for use.

For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such return, the purchaser shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

When a purchaser pays a tax imposed by this Act directly to the Department, the Department (upon request therefor from such purchaser) shall issue an appropriate receipt to such purchaser showing that he has paid such tax to the Department. Such receipt shall be sufficient to relieve the purchaser from further liability for the tax to which such receipt may refer.

A user who is liable to pay use tax directly to the Department only occasionally and not on a frequently recurring basis, and who is not required to file returns with the Department as a retailer under Section 9 of this Act, or under the "Retailers' Occupation Tax Act", or as a registrant with the Department under the "Service Occupation Tax Act" or the "Service Use Tax Act", need not register with the Department. However, if such a user has a frequently recurring direct use tax liability to pay to the Department, such user shall be required to register with the Department on forms prescribed by the Department and to obtain and display a certificate of registration from the Department. In that event, all of the provisions of Section 9 of this Act concerning the filing of regular monthly, quarterly or annual tax returns and all of the provisions of Section 2a of the "Retailers' Occupation Tax Act" concerning the requirements for registrants to post bond or other security with the Department, as the provisions of such sections now exist or may hereafter be amended, shall apply to such users to the same extent as if such provisions were included herein.

No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department.

(Text of Section before amendment by P.A. 100-363)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do

not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities

under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any

serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs,
medical appliances, products classified as Class III medical devices, by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the

Department's decision to revoke the certificate of registration has become final. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law; 4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a
quarter annual basis, with the return for January, February and March of a
given year being due by April 20 of such year; with the return for April,
May and June of a given year being due by July 20 of such year; with the
return for July, August and September of a given year being due by
October 20 of such year, and with the return for October, November and
December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or
quarterly return and if the serviceman's average monthly tax liability to the
Department does not exceed $50, the Department may authorize his
returns to be filed on an annual basis, with the return for a given year being
due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance,
shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the
time within which a serviceman may file his return, in the case of any
serviceman who ceases to engage in a kind of business which makes him
responsible for filing returns under this Act, such serviceman shall file a
final return under this Act with the Department not more than 1 month
after discontinuing such business.

Where a serviceman collects the tax with respect to the selling
price of property which he sells and the purchaser thereafter returns such
property and the serviceman refunds the selling price thereof to the
purchaser, such serviceman shall also refund, to the purchaser, the tax so
collected from the purchaser. When filing his return for the period in
which he refunds such tax to the purchaser, the serviceman may deduct the
amount of the tax so refunded by him to the purchaser from any other
Service Use Tax, Service Occupation Tax, retailers' occupation tax or use
tax which such serviceman may be required to pay or remit to the
Department, as shown by such return, provided that the amount of the tax
to be deducted shall previously have been remitted to the Department by
such serviceman. If the serviceman shall not previously have remitted the
amount of such tax to the Department, he shall be entitled to no deduction
hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the
total tax upon the selling price of tangible personal property purchased for
use by him as an incident to a sale of service, and such serviceman shall
remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the
Department may prescribe and furnish a combination or joint return which

New matter indicated by italics - deletions by strikeout
will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax imposed under this Act on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, products classified as Class III medical devices, by the United States Food and Drug Administration that are used for cancer treatment pursuant to a prescription, as well as any accessories and components related to those devices, and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning October 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to September 1, 2009 but that are now taxed at 6.25%.

Beginning July 1, 2013, each month the Department shall pay into the Underground Storage Tank Fund from the proceeds collected under this Act, the Use Tax Act, the Service Occupation Tax Act, and the

Retailers' Occupation Tax Act an amount equal to the average monthly deficit in the Underground Storage Tank Fund during the prior year, as certified annually by the Illinois Environmental Protection Agency, but the total payment into the Underground Storage Tank Fund under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act shall not exceed $18,000,000 in any State fiscal year. As used in this paragraph, the "average monthly deficit" shall be equal to the difference between the average monthly claims for payment by the fund and the average monthly revenues deposited into the fund, excluding payments made pursuant to this paragraph.

Beginning July 1, 2015, of the remainder of the moneys received by the Department under the Use Tax Act, this Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act, each month the Department shall deposit $500,000 into the State Crime Laboratory Fund.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department.
pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service

(Text of Section before amendment by P.A. 100-363)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing electronically may petition the Department to waive the electronic filing requirement.

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers’ Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

but not after fiscal year 2060.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993 and ending on September 30, 2013, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible
"business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Subject to payment of amounts into the Build Illinois Fund, the McCormick Place Expansion Project Fund, the Illinois Tax Increment Fund, and the Energy Infrastructure Fund pursuant to the preceding paragraphs or in any amendments to this Section hereafter enacted, beginning on the first day of the first calendar month to occur on or after August 26, 2014 (the effective date of Public Act 98-1098) this amendatory Act of the 98th General Assembly, each month, from the collections made under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act, the Department shall pay into the Tax Compliance and Administration Fund, to be used, subject to appropriation, to fund additional auditors and compliance personnel at the Department of Revenue, an amount equal to 1/12 of 5% of 80% of the cash receipts collected during the preceding fiscal year by the Audit Bureau of the Department under the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and associated local occupation and use taxes administered by the Department.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% shall be paid into the General Revenue Fund of the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by
such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, payroll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.
For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. The discount allowed under this Section is allowed only for returns that are filed in the manner required by this Act. The Department may disallow the discount for servicemen whose certificate of registration is revoked at the time the return is filed, but only if the Department's decision to revoke the certificate of registration has become final.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require. On and after January 1, 2018, with respect to servicemen whose annual gross receipts average $20,000 or more, all returns required to be filed pursuant to this Act shall be filed electronically. Servicemen who demonstrate that they do not have access to the Internet or demonstrate hardship in filing

electronically may petition the Department to waive the electronic filing requirement.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003

If the serviceman's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service
Use Tax Act, to furnish all the return information required by all said Acts on the one form.
