Such amounts paid to the Authority may be expended by it for its purposes as provided in this Act. (d) Beginning with State fiscal year 1990 and continuing for each
State fiscal year thereafter, the Authority shall annually certify to the State
Comptroller and State Treasurer, separately with respect to each of
subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act, the following amounts:

(1) The amount necessary and required, during the State fiscal year with respect to which the certification is made, to pay its obligations for debt service on all outstanding bonds or notes issued by the Authority under subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act.

(2) An estimate of the amount necessary and required to pay its obligations for debt service for any bonds or notes which the Authority anticipates it will issue under subdivisions (g)(2) and (g)(3) of Section 4.04 during that State fiscal year.

(3) Its debt service savings during the preceding State fiscal year from refunding or advance refunding of bonds or notes issued under subdivisions (g)(2) and (g)(3) of Section 4.04.

(4) The amount of interest, if any, earned by the Authority during the previous State fiscal year on the proceeds of bonds or notes issued pursuant to subdivisions (g)(2) and (g)(3) of Section 4.04, other than refunding or advance refunding bonds or notes.

The certification shall include a specific schedule of debt service payments, including the date and amount of each payment for all outstanding bonds or notes and an estimated schedule of anticipated debt service for all bonds and notes it intends to issue, if any, during that State fiscal year, including the estimated date and estimated amount of each payment.

Immediately upon the issuance of bonds for which an estimated schedule of debt service payments was prepared, the Authority shall file an amended certification with respect to item (2) above, to specify the actual schedule of debt service payments, including the date and amount of each payment, for the remainder of the State fiscal year.

On the first day of each month of the State fiscal year in which there are bonds outstanding with respect to which the certification is made, the State Comptroller shall order transferred and the State Treasurer shall transfer from the Road Fund to the Public Transportation Fund the Additional State Assistance and Additional Financial Assistance in an amount equal to the aggregate of (i) one-twelfth of the sum of the amounts certified under items (1) and (3) above less the amount certified under item (4) above, plus (ii) the amount required to pay debt service on bonds and notes issued during the fiscal year, if any, divided by the number of months remaining in the fiscal year after the date of issuance, or some

smaller portion as may be necessary under subsection (c) or (c-5) of this Section for the relevant State fiscal year, plus (iii) any cumulative deficiencies in transfers for prior months, until an amount equal to the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, has been transferred; except that these transfers are subject to the following limits:

(A) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(2) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

(B) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(3) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c-5) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

The term "outstanding" does not include bonds or notes for which refunding or advance refunding bonds or notes have been issued.

(e) Neither Additional State Assistance nor Additional Financial Assistance may be pledged, either directly or indirectly as general revenues of the Authority, as security for any bonds issued by the Authority. The Authority may not assign its right to receive Additional State Assistance or Additional Financial Assistance, or direct payment of Additional State Assistance or Additional Financial Assistance, to a trustee or any other entity for the payment of debt service on its bonds.

(f) The certification required under subsection (d) with respect to outstanding bonds and notes of the Authority shall be filed as early as practicable before the beginning of the State fiscal year to which it relates. The certification shall be revised as may be necessary to accurately state the debt service requirements of the Authority.

(g) Within 6 months of the end of each fiscal year, the Authority shall determine:

(i) whether the aggregate of all system generated revenues for public transportation in the metropolitan region which is provided by, or under grant or purchase of service contracts with, the Service Boards equals 50% of the aggregate of all costs of providing such public transportation. "System generated revenues" include all the proceeds of fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority, except for contributions received by the Chicago Transit Authority from a real estate transfer tax imposed under subsection (i) of Section 8-3-19 of the Illinois Municipal Code, and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), and all other revenues properly included consistent with generally accepted accounting principles but may not include: the proceeds from any borrowing, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligations for borrowed money of the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost as to which it is reasonably expected that a cash expenditure will not be made; costs for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; the costs of Debt Service paid by the Chicago Transit Authority, as defined in Section 12c of the Metropolitan Transit Authority Act, or bonds or notes issued pursuant to that Section; the payment by the Commuter Rail Division of debt service on bonds issued

If said system generated revenues are less than 50% of said costs, the Board shall remit an amount equal to the amount of the deficit to the State. The Treasurer shall deposit any such payment in the Road Fund; and

(ii) whether, beginning with the 2007 fiscal year, the aggregate of all fares charged and received for ADA paratransit services equals the system generated ADA paratransit services revenue recovery ratio percentage of the aggregate of all costs of providing such ADA paratransit services.

(h) If the Authority makes any payment to the State under paragraph (g), the Authority shall reduce the amount provided to a Service Board from funds transferred under paragraph (a) in proportion to the amount by which that Service Board failed to meet its required system generated revenues recovery ratio. A Service Board which is affected by a reduction in funds under this paragraph shall submit to the Authority concurrently with its next due quarterly report a revised budget incorporating the reduction in funds. The revised budget must meet the criteria specified in clauses (i) through (vi) of Section 4.11(b)(2). The Board shall review and act on the revised budget as provided in Section 4.11(b)(3).

Section 15-5. The Illinois Act on Aging is amended by changing Section 4.02 as follows:

(20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)

Sec. 4.02. Community Care Program. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) (blank);

(b) (blank);
(c) home care aide services;
(d) personal assistant services;
(e) adult day services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(k-5) community reintegration services;
(k-6) flexible senior services;
(k-7) medication management;
(k-8) emergency home response;
(l) other nonmedical social services that may enable the person to become self-supporting; or
(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services. In determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning January 1, 2008, the Department shall require as a condition of eligibility that all new financially eligible applicants apply for and enroll in medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such

New matter indicated by italics - deletions by strikeout
amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 45 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 45 day notice period. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all personal assistant and home care aide vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, may recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21 or blind or who has a permanent and total disability. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall increase the effectiveness of the existing Community Care Program by:

(1) ensuring that in-home services included in the care plan are available on evenings and weekends;

(2) ensuring that care plans contain the services that eligible participants need based on the number of days in a month, not limited to specific blocks of time, as identified by the comprehensive assessment tool selected by the Department for use statewide, not to exceed the total monthly service cost maximum allowed for each service; the Department shall develop administrative rules to implement this item (2);

(3) ensuring that the participants have the right to choose the services contained in their care plan and to direct how those services are provided, based on administrative rules established by the Department;

(4) ensuring that the determination of need tool is accurate in determining the participants' level of need; to achieve this, the Department, in conjunction with the Older Adult Services Advisory Committee, shall institute a study of the relationship between the Determination of Need scores, level of need, service cost maximums, and the development and utilization of service plans no later than May 1, 2008; findings and recommendations shall be presented to the Governor and the General Assembly no later than January 1, 2009; recommendations shall include all needed changes to the service cost maximums schedule and additional covered services;

(5) ensuring that homemakers can provide personal care services that may or may not involve contact with clients, including but not limited to:

clients or recommended by clients; the Department may not, by rule or policy, require homemakers who are family members of clients or recommended by clients to accept assignments in homes other than the client;

(7) ensuring that the State may access maximum federal matching funds by seeking approval for the Centers for Medicare and Medicaid Services for modifications to the State's home and community based services waiver and additional waiver opportunities, including applying for enrollment in the Balance Incentive Payment Program by May 1, 2013, in order to maximize federal matching funds; this shall include, but not be limited to, modification that reflects all changes in the Community Care Program services and all increases in the services cost maximum;

(8) ensuring that the determination of need tool accurately reflects the service needs of individuals with Alzheimer's disease and related dementia disorders;

(9) ensuring that services are authorized accurately and consistently for the Community Care Program (CCP); the Department shall implement a Service Authorization policy directive; the purpose shall be to ensure that eligibility and services are authorized accurately and consistently in the CCP program; the policy directive shall clarify service authorization guidelines to Care Coordination Units and Community Care Program providers no later than May 1, 2013;

(10) working in conjunction with Care Coordination Units, the Department of Healthcare and Family Services, the Department of Human Services, Community Care Program providers, and other stakeholders to make improvements to the Medicaid claiming processes and the Medicaid enrollment procedures or requirements as needed, including, but not limited to, specific policy changes or rules to improve the up-front enrollment of participants in the Medicaid program and specific policy changes or rules to insure more prompt submission of bills to the federal government to secure maximum federal matching dollars as promptly as possible; the Department on Aging shall have at least 3 meetings with stakeholders by January 1, 2014 in order to address these improvements;

(11) requiring home care service providers to comply with the rounding of hours worked provisions under the federal Fair

Labor Standards Act (FLSA) and as set forth in 29 CFR 785.48(b) by May 1, 2013;

(12) implementing any necessary policy changes or promulgating any rules, no later than January 1, 2014, to assist the Department of Healthcare and Family Services in moving as many participants as possible, consistent with federal regulations, into coordinated care plans if a care coordination plan that covers long term care is available in the recipient's area; and

(13) maintaining fiscal year 2014 rates at the same level established on January 1, 2013.

By January 1, 2009 or as soon after the end of the Cash and Counseling Demonstration Project as is practicable, the Department may, based on its evaluation of the demonstration project, promulgate rules concerning personal assistant services, to include, but need not be limited to, qualifications, employment screening, rights under fair labor standards, training, fiduciary agent, and supervision requirements. All applicants shall be subject to the provisions of the Health Care Worker Background Check Act.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this amendatory Act of 1991, no person may perform chore/housekeeping and home care aide services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for

the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as home care aides and personal assistants receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for home care aides and personal assistants. An employer that cannot ensure that the minimum wage increase is being given to home care aides and personal assistants shall be denied any increase in reimbursement costs.

The Community Care Program Advisory Committee is created in the Department on Aging. The Director shall appoint individuals to serve in the Committee, who shall serve at their own expense. Members of the Committee must abide by all applicable ethics laws. The Committee shall advise the Department on issues related to the Department's program of services to prevent unnecessary institutionalization. The Committee shall meet on a bi-monthly basis and shall serve to identify and advise the Department on present and potential issues affecting the service delivery network, the program's clients, and the Department and to recommend solution strategies. Persons appointed to the Committee shall be appointed on, but not limited to, their own and their agency's experience with the program, geographic representation, and willingness to serve. The Director shall appoint members to the Committee to represent provider, advocacy, policy research, and other constituencies committed to the delivery of high quality home and community-based services to older adults. One other co-chair shall be nominated and approved by the members of the committee on an annual basis. Committee members' terms of

appointment shall be for 4 years with one-quarter of the appointees' terms expiring each year. A member shall continue to serve until his or her replacement is named. The Department shall fill vacancies that have a remaining term of over one year, and this replacement shall occur through the annual replacement of expiring terms. The Director shall designate Department staff to provide technical assistance and staff support to the committee. Department representation shall not constitute membership of the committee. All Committee papers, issues, recommendations, reports, and meeting memoranda are advisory only. The Director, or his or her designee, shall make a written report, as requested by the Committee, regarding issues before the Committee.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

**ARTICLE 20. TAX COMPLIANCE AND ADMINISTRATION FUND**

Section 20-5. The State Finance Act is amended by changing Section 6z-20 as follows:

(30 ILCS 105/6z-20) (from Ch. 127, par. 142z-20)

Sec. 6z-20. County and Mass Transit District Fund. Of the money received from the 6.25% general rate (and, beginning July 1, 2000 and through December 31, 2000, the 1.25% rate on motor fuel and gasohol, and beginning on August 6, 2010 through August 15, 2010, the 1.25% rate on sales tax holiday items) on sales subject to taxation under the Retailers' Occupation Tax Act and Service Occupation Tax Act and paid into the County and Mass Transit District Fund, distribution to the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act, for deposit therein shall be made based upon the retail sales occurring in a county having more than 3,000,000 inhabitants. The remainder shall be distributed to each county having 3,000,000 or fewer inhabitants based upon the retail sales occurring in each such county.

For the purpose of determining allocation to the local government unit, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Of the money received from the 6.25% general use tax rate on tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by any agency of this State's government and paid into the County and Mass Transit District Fund...
Fund, the amount for which Illinois addresses for titling or registration purposes are given as being in each county having more than 3,000,000 inhabitants shall be distributed into the Regional Transportation Authority tax fund, created pursuant to Section 4.03 of the Regional Transportation Authority Act. The remainder of the money paid from such sales shall be distributed to each county based on sales for which Illinois addresses for titling or registration purposes are given as being located in the county. Any money paid into the Regional Transportation Authority Occupation and Use Tax Replacement Fund from the County and Mass Transit District Fund prior to January 14, 1991, which has not been paid to the Authority prior to that date, shall be transferred to the Regional Transportation Authority tax fund.

Whenever the Department determines that a refund of money paid into the County and Mass Transit District Fund should be made to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the County and Mass Transit District Fund.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected during the second preceding calendar month for sales within a STAR bond district and deposited into the County and Mass Transit District Fund, less 3% of that amount, which shall be transferred into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering the Innovation Development and Economy Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the Regional Transportation Authority and to named counties, the counties to be those entitled to distribution, as hereinabove provided, of taxes or penalties paid to the Department during the second preceding calendar month. The amount to be paid to the Regional Transportation Authority and each county having 3,000,000 or fewer inhabitants shall be the amount (not including credit memoranda) collected during the second

preceding calendar month by the Department and paid into the County and Mass Transit District Fund, plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Regional Transportation Authority or county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% 2% of the amount to be paid to the Regional Transportation Authority, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Regional Transportation Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the Regional Transportation Authority, counties, and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

When certifying the amount of a monthly disbursement to the Regional Transportation Authority or to a county under this Section, the Department shall increase or decrease that amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the 6 months preceding the time a misallocation is discovered.

The provisions directing the distributions from the special fund in the State Treasury provided for in this Section and from the Regional Transportation Authority tax fund created by Section 4.03 of the Regional Transportation Authority Act shall constitute an irrevocable and continuing appropriation of all amounts as provided herein. The State Treasurer and State Comptroller are hereby authorized to make distributions as provided in this Section.

In construing any development, redevelopment, annexation, preannexation or other lawful agreement in effect prior to September 1, 1990, which describes or refers to receipts from a county or municipal retailers' occupation tax, use tax or service occupation tax which now cannot be imposed, such description or reference shall be deemed to
include the replacement revenue for such abolished taxes, distributed from the County and Mass Transit District Fund or Local Government Distributive Fund, as the case may be.

Section 20-10. The Counties Code is amended by changing Sections 5-1006, 5-1006.5, and 5-1007 as follows:

(55 ILCS 5/5-1006) (from Ch. 34, par. 5-1006)

Sec. 5-1006. Home Rule County Retailers' Occupation Tax Law. Any county that is a home rule unit may impose a tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from such sales made in the course of their business. If imposed, this tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on the sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 4,

No tax may be imposed by a home rule county pursuant to this Section unless the county also imposes a tax at the same rate pursuant to Section 5-1007.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding month.

calendar month by the Department on behalf of such county, and not including any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.
An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

This Section shall be known and may be cited as the Home Rule County Retailers' Occupation Tax Law.

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, or Transportation.

New matter indicated by italics - deletions by strikeout
(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax.

If a tax is imposed for public facilities purposes, then the name of the project may be included in the proposition at the discretion of the county board as determined in the enabling resolution. For example, the "XXX Nursing Home" or the "YYY Museum".

The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

New matter indicated by italics - deletions by strikeout
The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For the purposes of the paragraph, "public safety purposes" means crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services.

Votes shall be recorded as "Yes" or "No".

Beginning on the January 1 or July 1, whichever is first, that occurs not less than 30 days after May 31, 2015 (the effective date of Public Act 99-4), Adams County may impose a public safety retailers' occupation tax and service occupation tax at the rate of 0.25%, as provided in the referendum approved by the voters on April 7, 2015, notwithstanding the omission of the additional information that is otherwise required to be printed on the ballot below the question pursuant to this item (1).

(2) The proposition for transportation purposes shall be in substantially the following form:

"To pay for improvements to roads and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

"To pay for road improvements and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For the purposes of this paragraph, transportation purposes means construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

The votes shall be recorded as "Yes" or "No".

(3) The proposition for public facilities purposes shall be in substantially the following form:

"To pay for public facilities purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. For purposes of this Section, "public facilities purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that

may be assessed as an incident thereof shall be collected and enforced by
the Department of Revenue. The Department has full power to administer
and enforce this subsection; to collect all taxes and penalties due
hereunder; to dispose of taxes and penalties so collected in the manner
hereinafter provided; and to determine all rights to credit memoranda
arising on account of the erroneous payment of tax or penalty hereunder.
In the administration of, and compliance with this subsection, the
Department and persons who are subject to this paragraph shall (i) have
the same rights, remedies, privileges, immunities, powers, and duties, (ii)
be subject to the same conditions, restrictions, limitations, penalties,
exclusions, exemptions, and definitions of terms, and (iii) employ the
same modes of procedure as are prescribed in Sections 2 (except that the
reference to State in the definition of supplier maintaining a place of
business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in
respect to all provisions therein other than the State rate of tax), 4 (except
that the reference to the State shall be to the county), 5, 7, 8 (except that

2b of the Retailers' Occupation Tax Act), 13 (except that any reference to
the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the
Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and
Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in
this subsection may reimburse themselves for their serviceman's tax
liability by separately stating the tax as an additional charge, which charge
may be stated in combination, in a single amount, with State tax that
servicemen are authorized to collect under the Service Use Tax Act, in
accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made
under this subsection to a claimant instead of issuing a credit
memorandum, the Department shall notify the State Comptroller, who
shall cause the warrant to be drawn for the amount specified, and to the
person named, in the notification from the Department. The refund shall
be paid by the State Treasurer out of the County Public Safety or

which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county, (iii) any amounts that are transferred to the STAR Bonds Revenue Fund, and (iv) 1.5% 2% of the remainder, which shall be transferred into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the

Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

A county may direct, by ordinance, that all or a portion of the taxes and penalties collected under the Special County Retailers' Occupation Tax For Public Safety or Transportation be deposited into the Transportation Development Partnership Trust Fund.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998 and through December 31, 2013, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering
the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

Beginning January 1, 2014, the results of any election authorizing a proposition to impose a tax under this Section or effecting an increase in the rate of tax, along with the ordinance adopted to impose the tax or increase the rate of the tax, or any ordinance adopted to lower the rate or discontinue the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of May, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the adoption and filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the adoption and filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(h) This Section may be cited as the "Special County Occupation Tax For Public Safety, Public Facilities, or Transportation Law".

(i) For purposes of this Section, "public safety" includes, but is not limited to, crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services. (55 ILCS 5/5-1007) (from Ch. 34, par. 5-1007)

Sec. 5-1007. Home Rule County Service Occupation Tax Law. The corporate authorities of a home rule county may impose a tax upon all persons engaged, in such county, in the business of making sales of service at the same rate of tax imposed pursuant to Section 5-1006 of the selling price of all tangible personal property transferred by such servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. If imposed, such tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on the sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The tax imposed by a home rule county pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit such registrant to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment.
of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing county), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this county tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing county), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

No tax may be imposed by a home rule county pursuant to this Section unless such county also imposes a tax at the same rate pursuant to Section 5-1006.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the home rule county retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex-officio, as trustee, all taxes and penalties collected hereunder.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in
the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named counties, the counties to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each county shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such county, and not including any amounts that are transferred to the STAR Bonds Revenue Fund, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the counties, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this Section. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the counties and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in each year to each county which received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.
Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. Beginning April 1, 1998, an ordinance or resolution imposing or discontinuing the tax hereunder or effecting a change in the rate thereof shall either (i) be adopted and a certified copy thereof filed with the Department on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing; or (ii) be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing.

This Section shall be known and may be cited as the Home Rule County Service Occupation Tax Law.

If imposed, the tax shall only be imposed in 1/4% increments. On and after September 1, 1991, this additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. 11-74.4 of this Code may, by passage of an ordinance, impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property that is titled and registered by an agency of this State's Government, at retail in the municipality. This tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. If imposed, the tax shall only be imposed in .25% increments of the gross receipts from such sales made in the course of business. Any tax imposed by a municipality under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. An ordinance imposing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable under any ordinance or resolution enacted under this Section without registering separately with the Department under the ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section, to collect all taxes and penalties due hereunder, to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this Section to a claimant, instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Non-Home Rule Municipal Retailers' Occupation Tax Fund, which is hereby created.

The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2, 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the taxing municipality), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the taxing municipality), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this municipal tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the taxing municipality), the first paragraph of Section 15, 16, 17 (except that credit memoranda issued hereunder may not be used to discharge any State tax liability), 18, 19 and 20 of the Service Occupation Tax Act and Section 3-

Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

In addition to the disbursement required by the preceding paragraph and in order to mitigate delays caused by distribution procedures, an allocation shall, if requested, be made within 10 days after January 14, 1991, and in November of 1991 and each year thereafter, to each municipality that received more than $500,000 during the preceding fiscal year, (July 1 through June 30) whether collected by the municipality or disbursed by the Department as required by this Section. The allocation within 10 days after January 14, 1991, shall be in an amount equal to the monthly average of these amounts, excluding the 2 months of highest receipts. The monthly average for each subsequent period of July 1 through June 30 shall be an amount equal to the monthly distribution made to each such municipality under the preceding paragraph during this period, excluding the 2 months of highest receipts. The distribution made in November 1991 and each year thereafter under this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding period of July 1 through June 30. The Department shall prepare and certify
to the Comptroller for disbursement the allocations made in accordance with this paragraph.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

An ordinance or resolution imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of June, whereupon the Department shall proceed to administer and enforce this Section as of the first day of September next following such adoption and filing. (c) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733) this amendatory Act of 1991, impose an occupation tax upon all persons engaged in the corporate limits of the City of Chicago in the business of renting, leasing, or letting rooms in a hotel, as defined in the Hotel Operators' Occupation Tax Act, at a rate of 2.5% of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the City of Chicago, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel, as defined in that Act. Gross rental receipts shall not include charges that are added on account of the liability arising from any tax imposed by the State or any governmental agency on the occupation of renting, leasing, or letting rooms in a hotel.

The tax imposed by the Authority under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration that is issued by the Department to a lessor under the Hotel Operators' Occupation Tax Act shall permit that registrant to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, shall be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and shall employ the same modes of procedure as are prescribed in the Hotel Operators' Occupation Tax Act (except where that Act is inconsistent with this subsection), as fully as if the provisions contained in the Hotel Operators' Occupation Tax Act were set out in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who

shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their tax liability for that tax by separately stating that tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes imposed under the Hotel Operators' Occupation Tax Act, the municipal tax imposed under Section 8-3-13 of the Illinois Municipal Code, and the tax imposed under Section 19 of the Illinois Sports Facilities Authority Act.

The person filing the return shall, at the time of filing the return, pay to the Department the amount of tax, less a discount of 2.1% or $25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department on request.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee for the Authority, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section, which shall be the amounts (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amounts determined by the Department to be necessary for payment of refunds, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer the amounts distributed to the Authority as required in subsection (g).

A certified copy of any ordinance imposing or discontinuing a tax under this subsection or effecting a change in the rate of that tax shall be filed with the Illinois Department of Revenue, whereupon the Department shall proceed to administer and enforce this subsection on behalf of the Authority.

(d) By ordinance the Authority shall, as soon as practicable after July 1, 1992 (the effective date of Public Act 87-733) this amendatory Act of 1991, impose a tax upon all persons engaged in the business of renting automobiles in the metropolitan area at the rate of 6% of the gross receipts from that business, except that no tax shall be imposed on the business of renting automobiles for use as taxicabs or in livery service. The tax imposed under this subsection and all civil penalties that may be assessed as an incident to that tax shall be collected and enforced by the Illinois Department of Revenue. The certificate of registration issued by the Department to a retailer under the Retailers' Occupation Tax Act or under the Automobile Renting Occupation and Use Tax Act shall permit that person to engage in a business that is taxable under any ordinance enacted under this subsection without registering separately with the Department under that ordinance or under this subsection. The Department shall have full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty under this subsection. In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall have the same rights, remedies, privileges, immunities, powers, and duties, be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure as are prescribed in Sections 2 and 3 (in respect to all provisions of those Sections other than the State rate of tax; and in respect to the provisions of the Retailers' Occupation Tax Act referred to in those Sections, except as to the disposition of taxes and penalties collected, except for the provision allowing retailers a deduction from the tax to cover certain costs, and except that credit memoranda issued under this subsection may not be used to discharge any State tax liability) of the Automobile Renting Occupation and Use Tax Act, as fully as if provisions contained in those Sections of that Act were set forth in this subsection.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause a warrant to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metropolitan Pier and Exposition Authority trust fund held by the State Treasurer as trustee for the Authority.

Except as otherwise provided in this paragraph, the Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this subsection for deposit into a trust fund held outside the State Treasury. On or before the 25th day of each calendar month, the Department shall certify to the Comptroller the amounts to be paid under subsection (g) of this Section (not including credit memoranda) collected under this subsection during the second preceding calendar month by the Department, less any amount determined by the Department to be necessary for payment of refunds, less 1.5% of the remainder, which the Department shall transfer into the Tax Compliance and Administration Fund. The Department, at the time of each monthly disbursement to the Authority, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the metropolitan area. The tax shall be collected by the Department of Revenue for the Authority. The tax must be paid to the State or an exemption determination must be obtained from the Department of Revenue before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which or State officer with whom the tangible personal property must be titled or registered if the Department and that agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this subsection, to collect all taxes, penalties, and interest due under this subsection, to dispose of taxes, penalties, and interest so collected in the manner provided in this subsection, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest under this subsection. Within 10 days after receipt by the State Comptroller of the Department's certification, the Comptroller shall cause the orders to be drawn for such amounts, and the Treasurer shall administer the amounts distributed to the Authority as required in subsection (g).

In the ordinance imposing the tax, the Authority may provide for the administration and enforcement of the tax and the collection of the tax from persons subject to the tax as the Authority determines to be necessary or practicable for the effective administration of the tax. The Authority may enter into agreements as it deems appropriate with any governmental agency providing for that agency to act as the Authority's agent to collect the tax.

In the ordinance imposing the tax, the Authority may designate a method or methods for persons subject to the tax to reimburse themselves for the tax liability arising under the ordinance (i) by separately stating the full amount of the tax liability as an additional charge to passengers departing the airports, (ii) by separately stating one-half of the tax liability as an additional charge to both passengers departing from and to passengers arriving at the airports, or (iii) by some other method determined by the Authority.

All taxes, penalties, and interest collected under any ordinance adopted under this subsection, less any amounts determined to be necessary for the payment of refunds and less the taxes, penalties, and interest attributable to any increase in the rate of tax authorized by Public Act 96-898, shall be paid forthwith to the State Treasurer, ex officio, for deposit into a trust fund held outside the State Treasury and shall be administered by the State Treasurer as provided in subsection (g) of this Section. All taxes, penalties, and interest attributable to any increase in the rate of tax authorized by Public Act 96-898 shall be paid by the State Treasurer as follows: 25% for deposit into the Convention Center Support Fund, to be used by the Village of Rosemont for the repair, maintenance, and improvement of the Donald E. (g) Amounts deposited from the proceeds of taxes imposed by the Authority under subsections (b), (c), (d), (e), and (f) of this Section and amounts deposited under Section 19 of the Illinois Sports Facilities Authority Act shall be held in a trust fund outside the State Treasury and, other than the amounts transferred into the Tax Compliance and Administration Fund under subsections (b), (c), (d), and (e), shall be administered by the Treasurer as follows:

(1) An amount necessary for the payment of refunds with respect to those taxes shall be retained in the trust fund and used for those payments.

(2) On July 20 and on the 20th of each month thereafter, provided that the amount requested in the annual certificate of the Chairman of the Authority filed under Section 8.25f of the State Finance Act has been appropriated for payment to the Authority, 1/8 of the local tax transfer amount, together with any cumulative deficiencies in the amounts transferred into the McCormick Place Expansion Project Fund under this subparagraph (2) during the fiscal year for which the certificate has been filed, shall be transferred from the trust fund into the McCormick Place Expansion Project Fund in the State treasury until 100% of the local tax transfer amount has been so transferred. "Local tax transfer amount" shall mean the amount requested in the annual certificate, minus the reduction amount. "Reduction amount" shall mean $41.7 million in fiscal year 2011, $36.7 million in fiscal year 2012, $36.7 million in fiscal year 2013, $36.7 million in fiscal year 2014, and $31.7 million in each fiscal year thereafter until 2032, provided that the reduction amount shall be reduced by (i) the amount certified by the Authority to the State Comptroller and State Treasurer under Section 8.25 of the State Finance Act, as amended, with respect to that fiscal year and (ii) in any fiscal year in which the amounts deposited in the trust fund under this Section exceed $318.3 million, exclusive of amounts set aside for refunds and for the reserve account, one dollar for each dollar of the deposits in the trust fund above $318.3 million with respect to that year, exclusive of amounts set aside for refunds and for the reserve account.

(3) On July 20, 2010, the Comptroller shall certify to the Governor, the Treasurer, and the Chairman of the Authority the 2010 deficiency amount, which means the cumulative amount of transfers that were due from the trust fund to the McCormick Place Expansion Project Fund in fiscal years 2008, 2009, and 2010 under Section 13(g) of this Act, as it existed prior to May 27, 2010 (the effective date of Public Act 96-898), but not made. On July 20, 2011 and on July 20 of each year through July 20, 2014, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay that amount to the Authority. On July 20, 2015 and on July 20 of each year thereafter to and including July 20, 2017, as long as bonds and notes issued under Section 13.2 or bonds and notes issued to refund those bonds and notes are outstanding, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay one-half of that amount to the State Treasurer for deposit into the General Revenue Fund until the 2010 deficiency amount has been paid and shall pay the balance of the surplus revenues to the Authority. On July 20, 2018 and on July 20 of each year thereafter, the Treasurer shall calculate for the previous fiscal year the surplus revenues in the trust fund and pay all of such surplus revenues to the State Treasurer for deposit into the General Revenue Fund until the 2010 deficiency amount has been paid. After the 2010 deficiency amount has been paid, the Treasurer shall pay the balance of the surplus revenues to the Authority. "Surplus revenues" means the amounts remaining in the trust fund on June 30 of the previous fiscal year (A) after the State Treasurer has set aside in the trust fund (i) amounts retained for refunds under subparagraph (1) and (ii) any amounts necessary to meet the reserve account amount and (B) after the State Treasurer has transferred from the trust fund to the General Revenue Fund 100% of any post-2010 deficiency amount. "Reserve account amount" means $15 million in fiscal year 2011 and $30 million in each fiscal year thereafter. The reserve account amount shall be set aside in the trust fund and used as a reserve to be transferred to the McCormick Place Expansion Project Fund in the event the proceeds of taxes imposed under this Section 13 are not sufficient to fund the transfer required in subparagraph (2). "Post-2010 deficiency amount" means any deficiency in transfers from the trust fund to the McCormick Place Expansion Project.
Fund with respect to fiscal years 2011 and thereafter. It is the intention of this subparagraph (3) that no surplus revenues shall be paid to the Authority with respect to any year in which a post-2010 deficiency amount has not been satisfied by the Authority.

Moneys received by the Authority as surplus revenues may be used (i) for the purposes of paying debt service on the bonds and notes issued by the Authority, including early redemption of those bonds or notes, (ii) for the purposes of repair, replacement, and improvement of the grounds, buildings, and facilities of the Authority, and (iii) for the corporate purposes of the Authority in fiscal years 2011 through 2015 in an amount not to exceed $20,000,000 annually or $80,000,000 total, which amount shall be reduced $0.75 for each dollar of the receipts of the Authority in that year from any contract entered into with respect to naming rights at McCormick Place under Section 5(m) of this Act. When bonds and notes issued under Section 13.2, or bonds or notes issued to refund those bonds and notes, are no longer outstanding, the balance in the trust fund shall be paid to the Authority.

(h) The ordinances imposing the taxes authorized by this Section shall be repealed when bonds and notes issued under Section 13.2 or bonds and notes issued to refund those bonds and notes are no longer outstanding.

This tax shall be imposed only at the rate of one-tenth of one per cent.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. by the Board under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Department of Revenue. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2, 2-5, 2-5.5, 2-10 (in respect to all provisions contained in those Sections other than the State rate of tax), 2-12, 2-15 through 2-70, 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal

This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the District), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the District), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), Sections 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

The refund shall be paid by the State Treasurer out of the State Metro-East Park and Recreation District Fund.

Nothing in this subsection shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the State Metro-East Park and Recreation District Fund, which shall be an unappropriated trust fund held outside of the State treasury.

As soon as possible after the first day of each month, beginning January 1, 2011, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, to the STAR Bonds Revenue Fund the local sales tax increment, as defined in the Innovation Development and Economy Act, collected under this Section during the second preceding calendar month for sales within a STAR bond district. The Department shall make this certification only if the Metro East Park and Recreation District imposes a tax on real property as provided in the definition of "local sales taxes" under the Innovation Development and Economy Act.

After the monthly transfer to the STAR Bonds Revenue Fund, on or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money pursuant to Section 35 of this Act to the District from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to the District shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the District, (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the District, (iii) any amounts that are transferred to the STAR Bonds

The Department, at the time of each monthly disbursement to the District, shall prepare and certify to the State Comptroller the amount to be transferred into the Tax Compliance and Administration Fund under this subsection. Within 10 days after receipt by the Comptroller of the disbursement certification to the District and the Tax Compliance and Administration Fund provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

(d) For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize the board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(f) An ordinance imposing a tax under this Section or an ordinance extending the imposition of a tax to an additional county or counties shall be certified by the board and filed with the Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to the District under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and...
Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so

The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act, and are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Sec. 4. Taxes.

(a) The board of commissioners of any county water commission may, by ordinance, impose throughout the territory of the commission any or all of the taxes provided in this Section for its corporate purposes. However, no county water commission may impose any such tax unless the commission certifies the proposition of imposing the tax to the proper election officials, who shall submit the proposition to the voters residing in the territory at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be in the form provided in Section 5 or shall be substantially in the following form:

-------------------------------------------------------------
Shall the (insert corporate name of county water commission) YES impose (state type of tax or taxes to be imposed) at the rate of 1/4%? NO

Taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The board of commissioners may impose a County Water Commission Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the territory of the commission at a rate of 1/4% of the gross receipts from the sales made in the course of such business within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of,
and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicine, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 6d, 7, 8, 9, 10, 11, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act and under subsection (e) of Section 4.03 of the Regional Transportation Authority Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of a county water commission tax fund established under subsection paragraph (g) of this Section.

For the purpose of determining whether a tax authorized under this paragraph is applicable, a retail sale by a producer of coal or other mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.
If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this paragraph shall be construed to authorize a county water commission to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a County Water Commission Service Occupation Tax shall also be imposed upon all persons engaged, in the territory of the commission, in the business of making sales of service, who, as an incident to making the sales of service, transfer tangible personal property within the territory. The tax rate shall be 1/4% of the selling price of tangible personal property so transferred within the territory. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the territory of the commission), 2a, 3 through 3-50 (in respect to all provisions herein other than the State rate of tax except that food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, shall not be subject to tax hereunder), 4 (except that the reference to the State shall be to the territory of the commission), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent

Occupation Tax Act), 13 (except that any reference to the State shall mean
the territory of the commission), the first paragraph of Section 15, 15.5,
16, 17, 18, 19, and 20 of the Service Occupation Tax Act as fully as if
those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in
this paragraph may reimburse themselves for their serviceman's tax
liability hereunder by separately stating the tax as an additional charge,
which charge may be stated in combination, in a single amount, with State
tax that servicemen are authorized to collect under the Service Use Tax
Act, and any tax for which servicemen may be liable under subsection (f)
of Section 4.03 of the Regional Transportation Authority Act, in
accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made
under this paragraph to a claimant instead of issuing a credit
memorandum, the Department shall notify the State Comptroller, who
shall cause the warrant to be drawn for the amount specified, and to the
person named, in the notification from the Department. The refund shall
be paid by the State Treasurer out of a county water commission tax fund
established under subsection paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize a county
water commission to impose a tax upon the privilege of engaging in any
business which under the Constitution of the United States may not be
made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a tax shall also
be imposed upon the privilege of using, in the territory of the commission,
any item of tangible personal property that is purchased outside the
territory at retail from a retailer, and that is titled or registered with an
agency of this State's government, at a rate of 1/4% of the selling price of
the tangible personal property within the territory, as "selling price" is
defined in the Use Tax Act. The tax shall be collected from persons whose
Illinois address for titling or registration purposes is given as being in the
territory. The tax shall be collected by the Department of Revenue for a
county water commission. The tax must be paid to the State, or an
exemption determination must be obtained from the Department of
Revenue, before the title or certificate of registration for the property may

The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. ARTICLE 25. FISCAL YEAR LIMITATIONS

Section 25-5. The State Finance Act is amended by changing Sections 5h.5 and 25 as follows:

(30 ILCS 105/5h.5)

Sec. 5h.5. Cash flow borrowing and general funds liquidity; Fiscal Years Year 2018 and 2019.

(a) In order to meet cash flow deficits and to maintain liquidity in general funds and the Health Insurance Reserve Fund, on and after July 1, 2017 and through March 1, 2019 December 31, 2018, the State Treasurer and the State Comptroller, in consultation with the Governor's Office of Management and Budget, shall make transfers to general funds and the Health Insurance Reserve Fund, as directed by the State Comptroller, out of special funds of the State, to the extent allowed by federal law.

New matter indicated by italics - deletions by strikeout
No such transfer may reduce the cumulative balance of all of the special funds of the State to an amount less than the total debt service payable during the 12 months immediately following the date of the transfer on any bonded indebtedness of the State and any certificates issued under the Short Term Borrowing Act. At no time shall the outstanding total transfers made from the special funds of the State to general funds and the Health Insurance Reserve Fund under this Section exceed $1,200,000,000; once the amount of $1,200,000,000 has been transferred from the special funds of the State to general funds and the Health Insurance Reserve Fund, additional transfers may be made from the special funds of the State to general funds and the Health Insurance Reserve Fund under this Section only to the extent that moneys have first been re-transferred from general funds and the Health Insurance Reserve Fund to those special funds of the State. Notwithstanding any other provision of this Section, no such transfer may be made from any special fund that is exclusively collected by or directly appropriated to any other constitutional officer without the written approval of that constitutional officer.

(b) If moneys have been transferred to general funds and the Health Insurance Reserve Fund pursuant to subsection (a) of this Section, this amendatory Act of the 100th General Assembly shall constitute the continuing authority for and direction to the State Treasurer and State Comptroller to reimburse the funds of origin from general funds by transferring to the funds of origin, at such times and in such amounts as directed by the Comptroller when necessary to support appropriated expenditures from the funds, an amount equal to that transferred from them plus any interest that would have accrued thereon had the transfer not occurred, except that any moneys transferred pursuant to subsection (a) of this Section shall be repaid to the fund of origin within 24 months after the date on which they were borrowed. When any of the funds from which moneys have been transferred pursuant to subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from general funds to the fund only such amount as is immediately necessary to satisfy outstanding expenditure obligations on a timely basis.

(c) On the first day of each quarterly period in each fiscal year, until such time as a report indicates that all moneys borrowed and interest pursuant to this Section have been repaid, the Comptroller shall provide to
the President and the Minority Leader of the Senate, the Speaker and the Minority Leader of the House of Representatives, and the Commission on Government Forecasting and Accountability a report on all transfers made pursuant to this Section in the prior quarterly period. The report must be provided in electronic format. The report must include all of the following:

(1) the date each transfer was made;
(2) the amount of each transfer;
(3) in the case of a transfer from general funds to a fund of origin pursuant to subsection (b) of this Section, the amount of interest being paid to the fund of origin; and
(4) the end of day balance of the fund of origin, the general funds, and the Health Insurance Reserve Fund on the date the transfer was made.

(a) All appropriations shall be available for expenditure for the fiscal year or for a lesser period if the Act making that appropriation so specifies. A deficiency or emergency appropriation shall be available for expenditure only through June 30 of the year when the Act making that appropriation is enacted unless that Act otherwise provides.

(b) Outstanding liabilities as of June 30, payable from appropriations which have otherwise expired, may be paid out of the expiring appropriations during the 2-month period ending at the close of business on August 31. Any service involving professional or artistic skills or any personal services by an employee whose compensation is subject to income tax withholding must be performed as of June 30 of the fiscal year in order to be considered an "outstanding liability as of June 30" that is thereby eligible for payment out of the expiring appropriation.

(b-1) However, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code may be made by the State Board of Education from its appropriations for those respective purposes for any fiscal year, even though the claims reimbursed by the payment may be claims attributable to a prior fiscal year, and payments may be made at the direction of the State Superintendent of Education from the fund from which the appropriation is made without regard to any fiscal year limitations, except as required by subsection (j) of this Section. Beginning on June 30, 2021, payment of tuition reimbursement claims under Section 14-7.03 or 18-3 of the School Code as of June 30, payable from

appropriations that have otherwise expired, may be paid out of the expiring appropriation during the 4-month period ending at the close of business on October 31.

(b-2) All outstanding liabilities as of June 30, 2010, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2010, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2010, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than August 31, 2010.

(b-2.5) All outstanding liabilities as of June 30, 2011, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2011, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2011, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than August 31, 2011.

(b-2.6) All outstanding liabilities as of June 30, 2012, payable from appropriations that would otherwise expire at the conclusion of the lapse period for fiscal year 2012, and interest penalties payable on those liabilities under the State Prompt Payment Act, may be paid out of the expiring appropriations until December 31, 2012, without regard to the fiscal year in which the payment is made, as long as vouchers for the liabilities are received by the Comptroller no later than August 31, 2012.

ARTICLE 45. HIGHER EDUCATION

Section 45-1. Legislative intent. It is the intent of this Article to increase enrollment at public 4-year universities in this State by providing those universities with the option for additional funding through a new, merit-based and means-tested matching scholarship for Illinois students. It is also the intent of this Article that any public university participating in this program should, in its best efforts, attempt to delegate scholarship funds among a racially diverse range of students and not use a student's race, color, religion, sex (including gender identity, sexual orientation, or pregnancy), national origin, age, disability, or genetic information to disqualify him or her from receiving funds under the program.

Section 45-5. The Higher Education Student Assistance Act is amended by changing Section 10 and adding Section 65.100 as follows:

(110 ILCS 947/10)

Sec. 10. Definitions. In this Act, and except to the extent that any of the following words or phrases is specifically qualified by its context:

"Commission" means the Illinois Student Assistance Commission created by this Act.

"Enrollment" means the establishment and maintenance of an individual's status as a student in an institution of higher learning, regardless of the terms used at the institution to describe that status.

"Approved high school" means any public high school located in this State; and any high school, located in this State or elsewhere (whether designated as a high school, secondary school, academy, preparatory school, or otherwise) which in the judgment of the State Superintendent of Education provides a course of instruction at the secondary level and maintains standards of instruction substantially equivalent to those of the public high schools located in this State.

"Institution of higher learning", "qualified institution", or "institution" means an educational organization located in this State which

(1) provides at least an organized 2 year program of collegiate grade in the liberal arts or sciences, or both, directly applicable toward the attainment of a baccalaureate degree or a

program in health education directly applicable toward the attainment of a certificate, diploma, or an associate degree;

(2) either is
   (A) operated by this State, or
   (B) operated publicly or privately, not for profit, or
   (C) operated for profit, provided such for profit organization
      (i) offers degree programs which have been approved by the Board of Higher Education for a minimum of 3 years under the Academic Degree Act, and
      (ii) enrolls a majority of its students in such degree programs, and
      (iii) maintains an accredited status with the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools;

(3) in the judgment of the Commission meets standards substantially equivalent to those of comparable institutions operated by this State; and

(4) if so required by the Commission, uses the State as its primary guarantor of student loans made under the federal Higher Education Act of 1965.

For otherwise eligible educational organizations which provide academic programs for incarcerated students, the terms "institution of higher learning", "qualified institutions", and "institution" shall specifically exclude academic programs for incarcerated students.

"Academic Year" means a 12 month period of time, normally but not exclusively, from September 1 of any year through August 31 of the ensuing year.

"Full-time student" means any undergraduate student enrolled in 12 or more semester or quarter hours of credit courses in any given semester or quarter or in the equivalent number of units of registration as determined by the Commission.

"Part-time student" means any undergraduate student, other than a full-time student, enrolled in 6 or more semester or quarter hours of credit courses in any given semester or quarter or in the equivalent number of units of registration as determined by the Commission. Beginning with fiscal year 1999, the Commission may, on a program by program basis,

expand this definition of "part-time student" to include students who enroll in less than 6 semester or quarter hours of credit courses in any given semester or quarter.

"Public university" means any public 4-year university in this State.

"Public university campus" means any campus under the governance or supervision of a public university.

Sec. 65.100. AIM HIGH Grant Pilot Program.
(a) The General Assembly makes all of the following findings:

(1) Both access and affordability are important aspects of the Illinois Public Agenda for College and Career Success report.

(2) This State is in the top quartile with respect to the percentage of family income needed to pay for college.

(3) Research suggests that as loan amounts increase, rather than an increase in grant amounts, the probability of college attendance decreases.

(4) There is further research indicating that socioeconomic status may affect the willingness of students to use loans to attend college.

(5) Strategic use of tuition discounting can decrease the amount of loans that students must use to pay for tuition.

(6) A modest, individually tailored tuition discount can make the difference in a student choosing to attend college and enhance college access for low-income and middle-income families.

(7) Even if the federally calculated financial need for college attendance is met, the federally determined Expected Family Contribution can still be a daunting amount.

(8) This State is the second largest exporter of students in the country.

(9) When talented Illinois students attend universities in this State, the State and those universities benefit.

(10) State universities in other states have adopted pricing and incentives that allow many Illinois residents to pay less to attend an out-of-state university than to remain in this State for college.

New matter indicated by italics - deletions by strikeout
(11) Supporting Illinois student attendance at Illinois public universities can assist in State efforts to maintain and educate a highly trained workforce.

(12) Modest tuition discounts that are individually targeted and tailored can result in enhanced revenue for public universities.

(13) By increasing a public university's capacity to strategically use tuition discounting, the public university will be capable of creating enhanced tuition revenue by increasing enrollment yields.

(b) In this Section:

"Eligible applicant" means a student from any high school in this State, whether or not recognized by the State Board of Education, who is engaged in a program of study that will be completed by the end of the school year and who meets all of the qualifications and requirements under this Section.

"Tuition and other necessary fees" includes the customary charge for instruction and use of facilities in general and the additional fixed fees charged for specified purposes that are required generally of non-grant recipients for each academic period for which the grant applicant actually enrolls, but does not include fees payable only once or breakage fees and other contingent deposits that are refundable in whole or in part. The Commission may adopt, by rule not inconsistent with this Section, detailed provisions concerning the computation of tuition and other necessary fees.

(c) Beginning with the 2019-2020 academic year, each public university may establish a merit-based scholarship pilot program known as the AIM HIGH Grant Pilot Program. Each year, the Commission shall receive and consider applications from public universities under this Section. Subject to appropriation and any tuition waiver limitation established by the Board of Higher Education, a public university campus may award a grant to a student under this Section if it finds that the applicant meets all of the following criteria:

(1) He or she is a resident of this State and a citizen or eligible noncitizen of the United States.

(2) He or she files a Free Application for Federal Student Aid and demonstrates financial need with a household income no greater than 6 times the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).
(3) He or she meets the minimum cumulative grade point average or ACT or SAT college admissions test score, as determined by the public university campus.

(4) He or she is enrolled in a public university as an undergraduate student on a full-time basis.

(5) He or she has not yet received a baccalaureate degree or the equivalent of 135 semester credit hours.

(6) He or she is not incarcerated.

(7) He or she is not in default on any student loan or does not owe a refund or repayment on any State or federal grant or scholarship.

(8) Any other reasonable criteria, as determined by the public university campus.

(d) Each public university campus shall determine grant renewal criteria consistent with the requirements under this Section.

(e) Each participating public university campus shall post on its Internet website criteria and eligibility requirements for receiving awards that use funds under this Section that include a range in the sizes of these individual awards. The criteria and amounts must also be reported to the Commission and the Board of Higher Education, who shall post the information on their respective Internet websites.

(f) After enactment of an appropriation for this Program, the Commission shall determine an allocation of funds to each public university in an amount proportionate to the number of undergraduate students who are residents of this State and citizens or eligible noncitizens of the United States and who were enrolled at each public university campus in the previous academic year. All applications must be made to the Commission on or before a date determined by the Commission and on forms that the Commission shall provide to each public university campus. The form of the application and the information required shall be determined by the Commission and shall include, without limitation, the total public university campus funds used to match funds received from the Commission in the previous academic year under this Section, if any, the total enrollment of undergraduate students who are residents of this State from the previous academic year, and any supporting documents as the Commission deems necessary. Each public university campus shall match the amount of funds received by the Commission with financial aid for eligible students.
A public university campus is not required to claim its entire allocation. The Commission shall make available to all public universities, on a date determined by the Commission, any unclaimed funds and the funds must be made available to those public university campuses in the proportion determined under this subsection (f), excluding from the calculation those public university campuses not claiming their full allocations.

Each public university campus may determine the award amounts for eligible students on an individual or broad basis, but, subject to renewal eligibility, each renewed award may not be less than the amount awarded to the eligible student in his or her first year attending the public university campus. Notwithstanding this limitation, a renewal grant may be reduced due to changes in the student's cost of attendance, including, but not limited to, if a student reduces the number of credit hours in which he or she is enrolled, but remains a full-time student, or switches to a course of study with a lower tuition rate.

An eligible applicant awarded grant assistance under this Section is eligible to receive other financial aid. Total grant aid to the student from all sources may not exceed the total cost of attendance at the public university campus.

(g) All money allocated to a public university campus under this Section may be used only for financial aid purposes for students attending the public university campus during the academic year, not including summer terms. Any funds received by a public university campus under this Section that are not granted to students in the academic year for which the funds are received must be refunded to the Commission before any new funds are received by the public university campus for the next academic year.

(h) Each public university campus that establishes a Program under this Section must annually report to the Commission, on or before a date determined by the Commission, the number of undergraduate students enrolled at that campus who are residents of this State.

(i) Each public university campus must report to the Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in fiscal year 2018. To be eligible to receive funds under the Program, a public university campus may not decrease the total amount of non-loan financial aid for undergraduate students to an amount lower than the total non-loan financial aid amount given by the public university campus to undergraduate students in fiscal

(j) On or before a date determined by the Commission, each public university campus that participates in the Program under this Section shall annually submit a report to the Commission with all of the following information:

1. The Program's impact on tuition revenue and enrollment goals and increase in access and affordability at the public university campus.
2. Total funds received by the public university campus under the Program.
3. Total non-loan financial aid awarded to undergraduate students attending the public university campus.
4. Total amount of funds matched by the public university campus.
5. Total amount of funds refunded to the Commission by the public university campus.
6. The percentage of total financial aid distributed under the Program by the public university campus.
7. The total number of students receiving grants from the public university campus under the Program and those students' grade level, race, gender, income level, family size, Monetary Award Program eligibility, Pell Grant eligibility, and zip code of residence and the amount of each grant award. This information shall include unit record data on those students regarding variables associated with the parameters of the public university's Program, including, but not limited to, a student's ACT or SAT college admissions test score, high school or university cumulative grade point average, or program of study.

On or before October 1, 2020 and annually on or before October 1 thereafter, the Commission shall submit a report with the findings under this subsection (j) and any other information regarding the AIM HIGH Grant Pilot Program to (i) the Governor, (ii) the Speaker of the House of Representatives, (iii) the Minority Leader of the House of Representatives, (iv) the President of the Senate, and (v) the Minority Leader of the Senate. The reports to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct. The
Commission's report may not disaggregate data to a level that may disclose personally identifying information of individual students. The sharing and reporting of student data under this subsection (j) must be in accordance with the requirements under the federal Family Educational Rights and Privacy Act of 1974 and the Illinois School Student Records Act. All parties must preserve the confidentiality of the information as required by law. The names of the grant recipients under this Section are not subject to disclosure under the Freedom of Information Act.

Public university campuses that fail to submit a report under this subsection (j) or that fail to adhere to any other requirements under this Section may not be eligible for distribution of funds under the Program for the next academic year, but may be eligible for distribution of funds for each academic year thereafter.

(k) The Commission shall adopt rules to implement this Section.
(l) This Section is repealed on October 1, 2024.

5. any landfill which is permitted by the Agency to receive only demolition or construction debris or landscape waste.

The amounts apportioned under this subsection shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after March 5, 2004 (the effective date of Public Act 93-665) this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after March 5, 2004 (the effective date of Public Act 93-665) this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by Public Act 88-593 this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

New matter indicated by italics - deletions by strikeout
(a) Appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this Section. Except as otherwise provided in subsections (a-1), (a-2), (a-3), and (a-4) at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is exhausted or is unavailable due to any limitation on appropriations that may apply, (including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act), the amounts shall be paid under the continuing appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

(a-1) Beginning on March 5, 2004 (the effective date of Public Act 93-665) this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this subsection (a-1). At the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the General Revenue Fund from the amount appropriated for State contributions to the State Employees' Retirement System of an amount calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-2) For fiscal year 2010 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees' Retirement System of Illinois from the amount appropriated for State contributions to the State Employees' Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2010.

(a-3) For fiscal year 2011 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees’ Retirement System of Illinois from the amount appropriated for State contributions to the State Employees’ Retirement System of Illinois of an amount calculated at the rate certified for fiscal year 2011 by the Board of Trustees of the State Employees’ Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. For fiscal year 2011 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(a-4) In fiscal years 2012 through 2018 only, at the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall be made for deposit into the State Employees’ Retirement System of Illinois from the amount appropriated for State contributions to the State Employees’ Retirement System of Illinois of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees’ Retirement System of Illinois under Section 14-135.08 of the Illinois Pension Code. In fiscal years 2012 through 2018 only, no payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(b) Except during the period beginning on March 5, 2004 (the effective date of Public Act 93-665) this amendatory Act of the 93rd General Assembly and ending at the time of the payment of the final payroll from fiscal year 2004 appropriations, the State Comptroller shall not approve for payment any payroll voucher that (1) includes payments of salary to eligible employees in the State Employees’ Retirement System of Illinois and (2) does not include the corresponding payment of State

contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

(b-1) For fiscal year 2010 and fiscal year 2011 only, the State Comptroller shall not approve for payment any non-General Revenue Fund payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher, or unavailable due to any limitation on appropriations that may apply, including, but not limited to, limitations on appropriations from the Road Fund under Section 8.3 of the State Finance Act. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System of Illinois, the Comptroller shall promptly so notify the retirement system.

(c) Notwithstanding any other provisions of law, beginning July 1, 2007, required State and employee contributions to the State Employees' Retirement System of Illinois relating to affected legislative staff employees shall be paid out of moneys appropriated for that purpose to the Commission on Government Forecasting and Accountability, rather than out of the lump-sum appropriations otherwise made for the payroll and other costs of those employees.

These payments must be made pursuant to payroll vouchers submitted by the employing entity as part of the regular payroll voucher process.

For the purpose of this subsection, "affected legislative staff employees" means legislative staff employees paid out of lump-sum appropriations made to the General Assembly, an Officer of the General

Section 55-10. The Illinois Pension Code is amended by changing Section 14-131 as follows:

(40 ILCS 5/14-131)
Sec. 14-131. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their
respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From March 5, 2004 (the effective date of Public Act 93-665) this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(c-1) Notwithstanding subsection (c) of this Section, for fiscal years 2010, 2012, 2013, 2014, 2015, 2016, 2017, and 2018, and 2019, contributions by the several departments are not required to be made for General Revenue Funds payrolls processed by the Comptroller. Payrolls paid by the several departments from all other State funds must continue to be processed pursuant to subsection (c) of this Section.

(c-2) For State fiscal years 2010, 2012, 2013, 2014, 2015, 2016, 2017, and 2018, and 2019 only, on or as soon as possible after the 15th day of each month, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the fiscal year General Revenue Fund contribution as certified by the System pursuant to Section 14-135.08 of the Illinois Pension Code.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From March 5, 2004 (the effective date of Public Act 93-665) this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the

System by the end of State fiscal year 2045. In making these
determinations, the required State contribution shall be calculated each
year as a level percentage of payroll over the years remaining to and
including fiscal year 2045 and shall be determined under the projected unit
credit actuarial cost method.

A change in an actuarial or investment assumption that increases or
decreases the required State contribution and first applies in State fiscal
year 2018 or thereafter shall be implemented in equal annual amounts over
a 5-year period beginning in the State fiscal year in which the actuarial
change first applies to the required State contribution.

A change in an actuarial or investment assumption that increases or
decreases the required State contribution and first applied to the State
contribution in fiscal year 2014, 2015, 2016, or 2017 shall be
implemented:

(i) as already applied in State fiscal years before 2018; and
(ii) in the portion of the 5-year period beginning in the State
fiscal year in which the actuarial change first applied that occurs in
State fiscal year 2018 or thereafter, by calculating the change in
equal annual amounts over that 5-year period and then
implementing it at the resulting annual rate in each of the
remaining fiscal years in that 5-year period.

For State fiscal years 1996 through 2005, the State contribution to
the System, as a percentage of the applicable employee payroll, shall be
increased in equal annual increments so that by State fiscal year 2011, the
State is contributing at the rate required under this Section; except that (i)
for State fiscal year 1998, for all purposes of this Code and any other law
of this State, the certified percentage of the applicable employee payroll
shall be 5.052% for employees earning eligible creditable service under
Section 14-110 and 6.500% for all other employees, notwithstanding any
contrary certification made under Section 14-135.08 before July 7, 1997
(this amendatory Act of 1997), and
(ii) in the following specified State fiscal years, the State contribution to
the System shall not be less than the following indicated percentages of the
applicable employee payroll, even if the indicated percentage will produce
a State contribution in excess of the amount otherwise required under this
subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000;
10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in
FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is $723,703,100 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 14-135.08 and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the

calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of Public Act 93-665 this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the

difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(h) For purposes of determining the required State contribution to the System for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the System's actuarially assumed rate of return.

(i) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2010 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2010 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of Public Act 96-45 this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2010 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2010 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2010 Shortfall" for purposes of this Section, and the Fiscal Year 2010 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2010 Overpayment" for purposes of this Section, and the Fiscal Year
2010 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(j) After the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in fiscal year 2011 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2011 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of Public Act 96-1497 this amendatory Act of the 96th General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2011 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2011 through payments under this Section. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2011 Shortfall" for purposes of this Section, and the Fiscal Year 2011 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2011 Overpayment" for purposes of this Section, and the Fiscal Year 2011 Overpayment shall be repaid by the System to the General Revenue Fund as soon as practicable after the certification.

(k) For fiscal years 2012 through 2018 only, after the submission of all payments for eligible employees from personal services line items paid from the General Revenue Fund in the fiscal year have been made, the Comptroller shall provide to the System a certification of the sum of all expenditures in the fiscal year for personal services. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for the fiscal year in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System for the fiscal year. If the amount due is more than the amount received, the difference shall be termed the "Prior Fiscal Year Shortfall" for purposes of this Section, and the Prior Fiscal Year Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Prior Fiscal Year Overpayment" for purposes of this Section, and the Prior Fiscal Year Overpayment shall be

Section 55-20. The Revised Uniform Unclaimed Property Act is amended by changing Section 15-801 as follows:
(765 ILCS 1026/15-801)
Sec. 15-801. Deposit of funds by administrator.
(a) Except as otherwise provided in this Section, the administrator shall deposit in the Unclaimed Property Trust Fund all funds received under this Act, including proceeds from the sale of property under Article 7. The administrator may deposit any amount in the Unclaimed Property Trust Fund into the State Pensions Fund during the fiscal year at his or her discretion; however, he or she shall, on April 15 and October 15 of each year, deposit any amount in the Unclaimed Property Trust Fund exceeding $2,500,000 into the State Pensions Fund. If on either April 15 or October 15, the administrator determines that a balance of $2,500,000 is insufficient for the prompt payment of unclaimed property claims authorized under this Act, the administrator may retain more than $2,500,000 in the Unclaimed Property Trust Fund in order to ensure the prompt payment of claims. Beginning in State fiscal year 2020, all amounts that are deposited into the State Pensions Fund from the Unclaimed Property Trust Fund shall be apportioned to the designated retirement systems as provided in subsection (c-6) of Section 8.12 of the State Finance Act to reduce their actuarial reserve deficiencies.
(b) The administrator shall make prompt payment of claims he or she duly allows as provided for in this Act from the Unclaimed Property Trust Fund. This shall constitute an irrevocable and continuing appropriation of all amounts in the Unclaimed Property Trust Fund necessary to make prompt payment of claims duly allowed by the administrator pursuant to this Act.

Notwithstanding any provision of this Act to the contrary, Income Tax Proceed Bonds issued under Section 7.6 shall be payable 12 years from the date of sale and shall be issued with payment of principal or mandatory redemption.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established

pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such arrangements.

policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years.

Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

(f) Beginning with the next issuance by the Governor's Office of Management and Budget to the Procurement Policy Board of a request for quotation for the purpose of formulating a new pool of qualified underwriting banks list, all entities responding to such a request for quotation for inclusion on that list shall provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. The written report submitted to the Comptroller shall (i) be published on the Comptroller's Internet website and (ii) be used by the Governor's Office of Management and Budget for the purposes of scoring such a request for quotation. The written report, at a minimum, shall:

(1) disclose whether, within the past 3 months, pursuant to its credit default swap market-making activities, the firm has entered into any State of Illinois credit default swaps ("CDS");

(2) include, in the event of State of Illinois CDS activity, disclosure of the firm's cumulative notional volume of State of Illinois CDS trades and the firm's outstanding gross and net notional amount of State of Illinois CDS, as of the end of the current 3-month period;

(3) indicate, pursuant to the firm's proprietary trading activities, disclosure of whether the firm, within the past 3 months, has entered into any proprietary trades for its own account in State of Illinois CDS;

(4) include, in the event of State of Illinois proprietary trades, disclosure of the firm's outstanding gross and net notional amount of proprietary State of Illinois CDS and whether the net position is short or long credit protection, as of the end of the current 3-month period;

(5) list all time periods during the past 3 months during which the firm held net long or net short State of Illinois CDS proprietary credit protection positions, the amount of such positions, and whether those positions were net long or net short credit protection positions; and

(6) indicate whether, within the previous 3 months, the firm released any publicly available research or marketing reports that reference State of Illinois CDS and include those research or marketing reports as attachments.

(g) All entities included on a Governor's Office of Management and Budget's pool of qualified underwriting banks list shall, as soon as possible after March 18, 2011 (the effective date of Public Act 96-1554), but not later than January 21, 2011, and on a quarterly fiscal basis thereafter, provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. The written reports submitted to the Comptroller shall be published on the Comptroller's Internet website. The written reports, at a minimum, shall:

(1) disclose whether, within the past 3 months, pursuant to its credit default swap market-making activities, the firm has entered into any State of Illinois credit default swaps ("CDS");

(2) include, in the event of State of Illinois CDS activity, disclosure of the firm's cumulative notional volume of State of Illinois CDS trades and the firm's outstanding gross and net notional amount of State of Illinois CDS, as of the end of the current 3-month period;

(5) list all time periods during the past 3 months during which the firm held net long or net short State of Illinois CDS proprietary credit protection positions, the amount of such positions, and whether those positions were net long or net short credit protection positions; and

(6) indicate whether, within the previous 3 months, the firm released any publicly available research or marketing reports that reference State of Illinois CDS and include those research or marketing reports as attachments.
(h) Notwithstanding any other provision of this Section, for
purposes of maximizing market efficiencies and cost savings, Income Tax
Proceed Bonds may be issued and sold from time to time, in one or more
series, in such amounts and at such prices as may be directed by the
Governor, upon recommendation by the Director of the Governor's Office
of Management and Budget. Income Tax Proceed Bonds shall be in such
form, either coupon, registered, or book entry, in such denominations,
shall bear interest payable at such times and at such fixed or variable rate
or rates, and be dated as shall be fixed and determined by the Director of
the Governor's Office of Management and Budget in the order authorizing
the issuance and sale of any series of Income Tax Proceed Bonds, which
order shall be approved by the Governor and is herein called a "Bond Sale
Order"; provided, however, that interest payable at fixed or variable rates
shall not exceed that permitted in the Bond Authorization Act. Income Tax
Proceed Bonds shall be payable at such place or places, within or without
the State of Illinois, and may be made registrable as to either principal or
as to both principal and interest, as shall be specified in the Bond Sale
Order. Income Tax Proceed Bonds may be callable or subject to purchase
and retirement or tender and remarketing as fixed and determined in the
Bond Sale Order.

Sec. 11. Sale of Bonds. Except as otherwise provided in this
Section, Bonds shall be sold from time to time pursuant to notice of sale
and public bid or by negotiated sale in such amounts and at such times as
is directed by the Governor, upon recommendation by the Director of the
Governor's Office of Management and Budget. At least 25%, based on
total principal amount, of all Bonds issued each fiscal year shall be sold
pursuant to notice of sale and public bid. At all times during each fiscal
year, no more than 75%, based on total principal amount, of the Bonds
issued each fiscal year, shall have been sold by negotiated sale. Failure to
satisfy the requirements in the preceding 2 sentences shall not affect the
validity of any previously issued Bonds; provided that all Bonds
authorized by Public Act 96-43 and Public Act 96-1497 shall not be
included in determining compliance for any fiscal year with the
requirements of the preceding 2 sentences; and further provided that
refunding Bonds satisfying the requirements of Section 16 of this Act and

sold during fiscal year 2009, 2010, 2011, 2017, or 2018 shall not be subject to the requirements in the preceding 2 sentences.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget may, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services, and shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

All Income Tax Proceed Bonds shall comply with this Section. Notwithstanding anything to the contrary, however, for purposes of complying with this Section, Income Tax Proceed Bonds, regardless of the number of series or issuances sold thereunder, shall be considered a single issue or series. Furthermore, for purposes of complying with the competitive bidding requirements of this Section, the words "at all times" shall not apply to any such sale of the Income Tax Proceed Bonds. The Director of the Governor's Office of Management and Budget shall determine the time and manner of any competitive sale of the Income Tax Proceed Bonds; however, that sale shall under no circumstances take place later than 60 days after the State closes the sale of 75% of the Income Tax Proceed Bonds by negotiated sale.

Sec. 16. Refunding Bonds. The State of Illinois is authorized to issue, sell, and provide for the retirement of General Obligation Bonds of the State of Illinois in the amount of $4,839,025,000, at any time and from time to time outstanding, for the purpose of refunding any State of Illinois general obligation Bonds then outstanding, including (i) the payment of any redemption premium thereon, (ii) any reasonable expenses of such refunding, (iii) any interest accrued or to accrue to the earliest or any subsequent date of redemption or maturity of such outstanding Bonds, (iv) for fiscal year 2019 only, any necessary payments to providers of interest rate exchange agreements in connection with the termination of such agreements by the State in connection with the refunding, and (v) any interest to accrue to the first interest payment on the refunding Bonds; provided that all non-refunding Bonds in an issue that includes refunding Bonds shall mature no later than the final maturity date of Bonds being refunded; provided that no refunding Bonds shall be offered for sale unless the net present value of debt service savings to be achieved by the issuance of the refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that, except for refunding Bonds sold in fiscal year 2009, 2010, 2011, 2017, or 2018, or 2019, the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding.

The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale Order relating to the Refunding Bonds. Proceeds not needed for deposit in an escrow account shall be deposited in the General Obligation Bond Retirement and Interest Fund. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding general obligation Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding

Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the Bonds shall continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be subject to the terms and conditions of this Act.

Section 60-10. The Build Illinois Bond Act is amended by changing Sections 6, 8, and 15 as follows:

(30 ILCS 425/6) (from Ch. 127, par. 2806)

Sec. 6. Conditions for Issuance and Sale of Bonds - Requirements for Bonds - Master and Supplemental Indentures - Credit and Liquidity Enhancement.

(a) Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be payable only from the specific sources and secured in the manner provided in this Act. Bonds shall be in such form, in such denominations, mature on such dates within 25 years from their date of issuance, be subject to optional or mandatory redemption, bear interest payable at such times and at such rate or rates, fixed or variable, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in an order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided, however, that interest payable at fixed rates shall not exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended, and interest payable at variable rates shall not exceed the maximum rate permitted in the Bond Sale Order. Said Bonds shall be payable at such place or places, within or without the State of Illinois, and

may be made registrable as to either principal only or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or remarketing as fixed and determined in the Bond Sale Order. Bonds (i) except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, 2011, 2017, or 2018, or 2019, must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year and (ii) must mature or be subject to mandatory redemption each fiscal year thereafter up to 25 years, except for refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, or 2011 which must mature or be subject to mandatory redemption each fiscal year thereafter up to 16 years.

All Bonds authorized under this Act shall be issued pursuant to a master trust indenture ("Master Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, such Master Indenture to be in substantially the form approved in the Bond Sale Order authorizing the issuance and sale of the initial series of Bonds issued under this Act. Such initial series of Bonds may, and each subsequent series of Bonds shall, also be issued pursuant to a supplemental trust indenture ("Supplemental Indenture") executed and delivered on behalf of the State by the Director of the Governor's Office of Management and Budget, each such Supplemental Indenture to be in substantially the form approved in the Bond Sale Order relating to such series. The Master Indenture and any Supplemental Indenture shall be entered into with a bank or trust company in the State of Illinois having trust powers and possessing capital and surplus of not less than $100,000,000. Such indentures shall set forth the terms and conditions of the Bonds and provide for payment of and security for the Bonds, including the establishment and maintenance of debt service and reserve funds, and for other protections for holders of the Bonds. The term "reserve funds" as used in this Act shall include funds and accounts established under indentures to provide for the payment of principal of and premium and interest on Bonds, to provide for the purchase, retirement or defeasance of Bonds, to provide for fees of trustees, registrars, paying agents and other fiduciaries and to provide for payment of costs of and debt service payable in respect of credit or liquidity enhancement

arrangements, interest rate swaps or guarantees or financial futures contracts and indexing and remarketing agents' services.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarshaled (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Bonds of such series to be remarketable from time to time at a price equal to their principal amount (or compound accreted value in the case of original issue discount Bonds), and may provide for appointment of indexing agents and a bank, trust company, investment bank or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities or different call or amortization provisions will apply during such times as Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of Section 6 of this Act.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) certifies that he reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate which the Bonds would bear in the absence of such arrangements. Any bonds, notes or other evidences of indebtedness issued pursuant to any such arrangements for the purpose of retiring and discharging outstanding Bonds shall constitute refunding

Bonds under Section 15 of this Act. The State may participate in and enter into arrangements with respect to interest rate swaps or guarantees or financial futures contracts for the purpose of limiting or restricting interest rate risk; provided that such arrangements shall be made with or executed through banks having capital and surplus of not less than $100,000,000 or insurance companies holding the highest policyholder rating accorded insurers by A.M. Best & Co. or any comparable rating service or government bond dealers reporting to, trading with, and recognized as primary dealers by a Federal Reserve Bank and having capital and surplus of not less than $100,000,000, or other persons whose debt securities are rated in the highest long-term categories by both Moody's Investors' Services, Inc. and Standard & Poor's Corporation. Agreements incorporating any of the foregoing arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State in substantially the form approved in the Bond Sale Order relating to such Bonds.

At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds; and further provided that refunding Bonds satisfying the requirements of Section 15 of this Act and sold during fiscal year 2009, 2010, 2011, 2017, or 2018 shall not be subject to the requirements in the preceding 2 sentences.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget may, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services, and shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of the change; provided, however, that all other conditions of the sale shall continue as originally advertised. Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 9 of this Act. The Governor or the Director of the Governor's Office of Management and Budget is hereby authorized and directed to execute and deliver contracts of sale with underwriters and to execute and deliver such certificates, indentures, agreements and documents, including any supplements or amendments thereto, and to take such actions and do such things as shall be necessary or desirable to carry out the purposes of this Act. refunding Bonds is 3% or more of the principal amount of the refunding Bonds to be issued; and further provided that, except for refunding Bonds sold in fiscal year 2009, 2010, 2011, 2017, or 2019, the maturities of the refunding Bonds shall not extend beyond the maturities of the Bonds they refund, so that for each fiscal year in the maturity schedule of a particular issue of refunding Bonds, the total amount of refunding principal maturing and redemption amounts due in that fiscal year and all prior fiscal years in that schedule shall be greater than or equal to the total amount of refunded principal and redemption amounts that had been due over that year and all prior fiscal years prior to the refunding. Refunding Bonds may be sold in such amounts and at such times, as directed by the Governor upon recommendation by the Director of the Governor's Office of Management and Budget. The Governor shall notify the State Treasurer and Comptroller of such refunding. The proceeds received from the sale of refunding Bonds shall be used for the retirement at maturity or redemption of such outstanding Bonds on any maturity or redemption date and, pending such use, shall be placed in escrow, subject to such terms and conditions as shall be provided for in the Bond Sale Order relating to the refunding Bonds. This Act shall constitute an irrevocable and continuing appropriation of all amounts necessary to establish an escrow account for the purpose of refunding outstanding Bonds and to pay the reasonable expenses of such refunding and of the issuance and sale of the refunding Bonds. Any such escrowed proceeds may be invested and reinvested in direct obligations of the United States of America, maturing at such time or times as shall be appropriate to assure the prompt payment, when due, of the principal of and interest and redemption premium, if any, on the refunded Bonds. After the terms of the escrow have been fully satisfied, any remaining balance of such proceeds and interest, income and profits earned or realized on the investments thereof shall be paid into the General Revenue Fund. The liability of the State upon the refunded Bonds shall continue, provided that the holders thereof shall thereafter be entitled to payment only out of the moneys deposited in the escrow account and the refunded Bonds shall be deemed paid, discharged and no longer to be outstanding.

Except as otherwise herein provided in this Section, such refunding Bonds shall in all other respects be issued pursuant to and subject to the terms and conditions of this Act and shall be secured by and payable from only the funds and sources which are provided under this Act. Sec. 5-4.2. Ambulance services payments.
(a) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1993, the Illinois Department shall reimburse ambulance service providers at rates calculated in accordance with this Section. It is the intent of the General Assembly to provide adequate reimbursement for ambulance services so as to ensure adequate access to services for recipients of aid under this Article and to provide appropriate incentives to ambulance service providers to provide services in an efficient and cost-effective manner. Thus, it is the intent of the General Assembly that the Illinois Department implement a reimbursement system for ambulance services that, to the extent practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, is consistent with the payment principles of Medicare. To ensure uniformity between the payment principles of Medicare and Medicaid, the Illinois Department shall follow, to the extent necessary and practicable and subject to the availability of funds appropriated by the General Assembly for this purpose, the statutes, laws, regulations, policies, procedures, principles, definitions, guidelines, and manuals used to determine the amounts paid to ambulance service providers under Title XVIII of the Social Security Act (Medicare).

(b) For ambulance services provided to a recipient of aid under this Article on or after January 1, 1996, the Illinois Department shall reimburse ambulance service providers based upon the actual distance traveled if a natural disaster, weather conditions, road repairs, or traffic congestion necessitates the use of a route other than the most direct route.

(c) For purposes of this Section, "ambulance services" includes medical transportation services provided by means of an ambulance, medicar, service car, or taxi.

(c-1) For purposes of this Section, "ground ambulance service" means medical transportation services that are described as ground ambulance services by the Centers for Medicare and Medicaid Services and provided in a vehicle that is licensed as an ambulance by the Illinois Department of Public Health pursuant to the Emergency Medical Services (EMS) Systems Act.

(c-2) For purposes of this Section, "ground ambulance service provider" means a vehicle service provider as described in the Emergency Medical Services (EMS) Systems Act that operates licensed ambulances for the purpose of providing emergency ambulance services, or non-emergency ambulance services, or both. For purposes of this Section, this includes both ambulance providers and ambulance suppliers as described by the Centers for Medicare and Medicaid Services.

(d) This Section does not prohibit separate billing by ambulance service providers for oxygen furnished while providing advanced life support services.

(e) Beginning with services rendered on or after July 1, 2008, all providers of non-emergency medi-car and service car transportation must certify that the driver and employee attendant, as applicable, have completed a safety program approved by the Department to protect both the patient and the driver, prior to transporting a patient. The provider must maintain this certification in its records. The provider shall produce such documentation upon demand by the Department or its representative. Failure to produce documentation of such training shall result in recovery of any payments made by the Department for services rendered by a non-certified driver or employee attendant. Medi-car and service car providers must maintain legible documentation in their records of the driver and, as applicable, employee attendant that actually transported the patient. Providers must recertify all drivers and employee attendants every 3 years.

Notwithstanding the requirements above, any public transportation provider of medi-car and service car transportation that receives federal funding under 49 U.S.C. 5307 and 5311 need not certify its drivers and employee attendants under this Section, since safety training is already federally mandated.

(f) With respect to any policy or program administered by the Department or its agent regarding approval of non-emergency medical transportation by ground ambulance service providers, including, but not limited to, the Non-Emergency Transportation Services Prior Approval Program (NETSPAP), the Department shall establish by rule a process by which ground ambulance service providers of non-emergency medical transportation may appeal any decision by the Department or its agent for which no denial was received prior to the time of transport that either (i) denies a request for approval for payment of non-emergency transportation by means of ground ambulance service or (ii) grants a request for approval of non-emergency transportation by means of ground ambulance service at

a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than the ground ambulance service provider would have received as compensation for the level of service requested. The rule shall be filed by December 15, 2012 and shall provide that, for any decision rendered by the Department or its agent on or after the date the rule takes effect, the ground ambulance service provider shall have 60 days from the date the decision is received to file an appeal. The rule established by the Department shall be, insofar as is practical, consistent with the Illinois Administrative Procedure Act. The Director's decision on an appeal under this Section shall be a final administrative decision subject to review under the Administrative Review Law.

(f-5) Beginning 90 days after July 20, 2012 (the effective date of Public Act 97-842), (i) no denial of a request for approval for payment of non-emergency transportation by means of ground ambulance service, and (ii) no approval of non-emergency transportation by means of ground ambulance service at a level of service that entitles the ground ambulance service provider to a lower level of compensation from the Department than would have been received at the level of service submitted by the ground ambulance service provider, may be issued by the Department or its agent unless the Department has submitted the criteria for determining the appropriateness of the transport for first notice publication in the Illinois Register pursuant to Section 5-40 of the Illinois Administrative Procedure Act.

(g) Whenever a patient covered by a medical assistance program under this Code or by another medical program administered by the Department is being discharged from a facility, a physician discharge order as described in this Section shall be required for each patient whose discharge requires medically supervised ground ambulance services. Facilities shall develop procedures for a physician with medical staff privileges to provide a written and signed physician discharge order. The physician discharge order shall specify the level of ground ambulance services needed and complete a medical certification establishing the criteria for approval of non-emergency ambulance transportation, as published by the Department of Healthcare and Family Services, that is met by the patient. This order and the medical certification shall be completed prior to ordering an ambulance service and prior to patient discharge.

Pursuant to subsection (E) of Section 12-4.25 of this Code, the Department is entitled to recover overpayments paid to a provider or vendor, including, but not limited to, from the discharging physician, the discharging facility, and the ground ambulance service provider, in instances where a non-emergency ground ambulance service is rendered as the result of improper or false certification.

(h) On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

(i) On and after July 1, 2018, the Department shall increase the base rate of reimbursement for both base charges and mileage charges for ground ambulance service providers for medical transportation services provided by means of a ground ambulance to a level not lower than 112% of the base rate in effect as of June 30, 2018.

Sec. 5-5.01a. Supportive living facilities program.
(a) The Department shall establish and provide oversight for a program of supportive living facilities that seek to promote resident independence, dignity, respect, and well-being in the most cost-effective manner.

A supportive living facility is (i) a free-standing facility or (ii) a distinct physical and operational entity within a mixed-use building that meets the criteria established in subsection (d). A supportive living facility integrates housing with health, personal care, and supportive services and is a designated setting that offers residents their own separate, private, and distinct living units.

Sites for the operation of the program shall be selected by the Department based upon criteria that may include the need for services in a geographic area, the availability of funding, and the site's ability to meet the standards.

(b) Beginning July 1, 2014, subject to federal approval, the Medicaid rates for supportive living facilities shall be equal to the supportive living facility Medicaid rate effective on June 30, 2014 increased by 8.85%. Once the assessment imposed at Article V-G of this Code is determined to be a permissable tax under Title XIX of the Social New matter indicated by italics - deletions by strikeout
Security Act, the Department shall increase the Medicaid rates for supportive living facilities effective on July 1, 2014 by 9.09%. The Department shall apply this increase retroactively to coincide with the imposition of the assessment in Article V-G of this Code in accordance with the approval for federal financial participation by the Centers for Medicare and Medicaid Services.

The Medicaid rates for supportive living facilities effective on July 1, 2017 must be equal to the rates in effect for supportive living facilities on June 30, 2017 increased by 2.8%.

The Medicaid rates for supportive living facilities effective on July 1, 2018 must be equal to the rates in effect for supportive living facilities on June 30, 2018.

(c) The Department may adopt rules to implement this Section. Rules that establish or modify the services, standards, and conditions for participation in the program shall be adopted by the Department in consultation with the Department on Aging, the Department of Rehabilitation Services, and the Department of Mental Health and Developmental Disabilities (or their successor agencies).

(d) Subject to federal approval by the Centers for Medicare and Medicaid Services, the Department shall accept for consideration of certification under the program any application for a site or building where distinct parts of the site or building are designated for purposes other than the provision of supportive living services, but only if:

(1) those distinct parts of the site or building are not designated for the purpose of providing assisted living services as required under the Assisted Living and Shared Housing Act;

(2) those distinct parts of the site or building are completely separate from the part of the building used for the provision of supportive living program services, including separate entrances;

(3) those distinct parts of the site or building do not share any common spaces with the part of the building used for the provision of supportive living program services; and

(4) those distinct parts of the site or building do not share staffing with the part of the building used for the provision of supportive living program services.

(e) Facilities or distinct parts of facilities which are selected as supportive living facilities and are in good standing with the Department's rules are exempt from the provisions of the Nursing Home Care Act and the Illinois Health Facilities Planning Act.

Sec. 5-5.05a. Reimbursement rates; community mental health centers. Notwithstanding the provisions of any other law, reimbursement rates, including enhanced payment rates and rate add-ons, for psychiatric and behavioral health services provided in or by community mental health centers licensed or certified by the Department of Human Services shall not be lower than the rates for such services in effect on November 1, 2017. The Department of Healthcare and Family Services shall apply for any waiver or State Plan amendment, if required, to implement the reimbursement rates established in this Section. Implementation of the reimbursement rates shall be contingent on federal approval.

Sec. 5-5.12b. Critical access care pharmacy program.

(a) As used in this Section:
"Critical access care pharmacy" means an Illinois-based brick and mortar pharmacy that is located in a county with fewer than 50,000 residents and that owns fewer than 10 pharmacies.
"Critical access care pharmacy program payment" means the number of individual prescriptions a critical access care pharmacy fills during that quarter multiplied by the lesser of the individual payment amount or the dispensing reimbursement rate made by the Department under the medical assistance program as of April 1, 2018.
"Individual payment amount" means the dividend of 1/4 of the annual amount appropriated for the critical access care pharmacy program by the number of prescriptions filled by all critical access care pharmacies reimbursed by Medicaid managed care organizations that quarter.

(b) Subject to appropriations, the Department shall establish a critical access care pharmacy program to ensure the sustainability of critical access pharmacies throughout the State of Illinois.

(c) The critical access care pharmacy program shall not exceed $10,000,000 annually and individual payment amounts per prescription shall not exceed the dispensing rate that the Department would have reimbursed under the Medical Assistance Program as of April 1, 2018.

(d) Quarterly, the Department shall determine the number of prescriptions filled by critical access care pharmacies reimbursed by Medicaid managed care organizations utilizing encounter data available to the Department. The Department shall determine the individual

payment amount per prescription by dividing 1/4 of the annual amount appropriated for the critical access care pharmacy program by the number of prescriptions filled by all critical access care pharmacies reimbursed by Medicaid managed care organizations that quarter. If the individual payment amount per prescription as calculated using quarterly prescription amounts exceeds the reimbursement rate under the medical assistance program as of April 1, 2018, then the individual payment amount per prescription shall be the dispensing reimbursement rate under the medical assistance program as of April 1, 2018.

(e) Quarterly, the Department shall distribute to critical access care pharmacies a critical access care pharmacy program payment. The first payment shall be calculated utilizing the encounter data from the last quarter of State fiscal year 2018.

(f) The Department may adopt rules permitting an Illinois-based brick and mortar pharmacy that owns fewer than 10 pharmacies to receive critical access care pharmacy program payments in the same manner as a critical access care pharmacy, regardless of whether the pharmacy is located in a county with a population of less than 50,000.

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
(2) families transitioning from TANF to work;
(3) families at risk of becoming recipients of TANF;

New matter indicated by italics - deletions by strikeout
(4) families with special needs as defined by rule;
(5) working families with very low incomes as defined by rule; and
(6) families that are not recipients of TANF and that need child care assistance to participate in education and training activities.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local...
law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

1. a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
2. a licensed child care home or home exempt from licensing;
3. a licensed group child care home;
4. other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

1. findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;
2. recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;
3. recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and
4. recommendations for changes in child care program policies that affect the affordability of child care.

(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

1. arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
2. arranging with other agencies and community volunteer groups for non-reimbursed child care;
3. (blank); or
4. adopting such other arrangements as the Department determines appropriate.

(f-1) Within 30 days after the effective date of this amendatory Act of the 100th General Assembly, the Department of Human Services shall establish rates for child care providers that are no less than the rates in effect on January 1, 2018 increased by 4.26%.

(f-5) (Blank).

(g) Families eligible for assistance under this Section shall be given the following options:

The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

Sec. 12-4.11. Grant amounts. The Department, with due regard for and subject to budgetary limitations, shall establish grant amounts for each of the programs, by regulation. The grant amounts may vary by program, size of assistance unit and geographic area. Grant amounts under the Temporary Assistance for Needy Families (TANF) program may not vary on the basis of a TANF recipient's county of residence.

Aid payments shall not be reduced except: (1) for changes in the cost of items included in the grant amounts, or (2) for changes in the expenses of the recipient, or (3) for changes in the income or resources available to the recipient, or (4) for changes in grants resulting from adoption of a consolidated grant amount.

The maximum benefit levels provided to TANF recipients shall increase as follows: beginning October 1, 2018, the Department of Human Services shall increase TANF grant amounts in effect on September 30, 2018 to at least 30% of the most recent United States Department of Health and Human Services Federal Poverty Guidelines for each family size.

TANF grants for child-only assistance units shall be at least 75% of TANF grants for assistance units of the same size that consist of a caretaker relative with children.

Subject to appropriation, beginning on July 1, 2008, the Department of Human Services shall increase TANF grant amounts in effect on June 30, 2008 by 15%. The Department is authorized to

In fixing standards to govern payments or reimbursements for funeral and burial expenses, the Department shall establish a minimum allowable amount of not less than $1,000 for Department payment of funeral services and not less than $500 for Department payment of burial or cremation services. On January 1, 2006, July 1, 2006, and July 1, 2007, the Department shall increase the minimum reimbursement amount for funeral and burial expenses under this Section by a percentage equal to the percentage increase in the Consumer Price Index for All Urban Consumers, if any, during the 12 months immediately preceding that January 1 or July 1. In establishing the minimum allowable amount, the Department shall take into account the services essential to a dignified, low-cost (i) funeral and (ii) burial or cremation, including reasonable amounts that may be necessary for burial space and cemetery charges, and any applicable taxes or other required governmental fees or charges. If no person has agreed to pay the total cost of the (i) funeral and (ii) burial or cremation, the Department shall pay the vendor the actual costs of the (i) funeral and (ii) burial or cremation, or the minimum allowable amount for each service as established by the Department, whichever is less, provided that the Department reduces its payments by the amount available from the following sources: the decedent's assets and available resources and the anticipated amounts of any death benefits available to the decedent's estate, and amounts paid and arranged to be paid by the decedent's legally responsible relatives. A legally responsible relative is expected to pay (i) funeral and (ii) burial or cremation expenses unless financially unable to do so.

Nothing contained in this Section or in any other Section of this Code shall be construed to prohibit the Illinois Department (1) from consolidating existing standards on the basis of any standards which are or were in effect on, or subsequent to July 1, 1969, or (2) from employing any consolidated standards in determining need for public aid and the amount of money payment or grant for individual recipients or recipient families.

Each member shall also receive an allowance of $36 per day for lodging and meals while in attendance at sessions of the General Assembly before January 9, 1985; beginning January 9, 1985, such food and lodging allowance shall be equal to the amount per day permitted to be deducted for such expenses under the Internal Revenue Code; however, beginning May 31, 1995, no allowance for food and lodging while in attendance at sessions is authorized for periods of time after the last day in May of each calendar year, except (i) if the General Assembly is convened in special session by either the Governor or the presiding officers of both houses, as provided by subsection (b) of Section 5 of Article IV of the Illinois Constitution or (ii) if the General Assembly is convened to consider bills vetoed, item vetoed, reduced, or returned with specific recommendations for change by the Governor as provided in Section 9 of Article IV of the Illinois Constitution. Notwithstanding any other provision of law to the contrary, beginning in fiscal year 2012, travel reimbursement for General Assembly members on non-session days shall be calculated using the guidelines set forth by the Legislative Travel Control Board, except that fiscal year 2012, 2013, 2014, 2015, 2016, 2017, and 2018, and 2019 mileage reimbursement is set at a rate of $0.39 per mile.

(b) If the taxpayer is a partnership or Subchapter S corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. (35 ILCS 5/227 new)

Sec. 227. Adoption credit.
(a) Beginning with tax years ending on or after December 31, 2018, in the case of an individual taxpayer there shall be allowed a credit against the tax imposed by subsections (a) and (b) of Section 201 in an amount equal to the amount of the federal adoption tax credit received pursuant to Section 23 of the Internal Revenue Code with respect to the adoption of a qualifying dependent child, subject to the limitations set forth in this subsection and subsection (b). The aggregate amount of qualified adoption expenses which may be taken into account under this Section for all taxable years with respect to the adoption of a qualifying dependent child by the taxpayer shall not exceed $2,000 ($1,000 in the case of a married individual filing a separate return). The credit under this Section shall be allowed: (i) in the case of any expense paid or incurred before the taxable year in which such adoption becomes final, for the taxable year following the taxable year during which such expense is paid or incurred, and (ii) in the case of an expense paid or incurred during or after the taxable year in which such adoption becomes final, for the taxable year in which such expense is paid or incurred. No credit shall be allowed under this Section for any expense to the extent that funds for such expense are received under any Federal, State, or local program. For purposes of this Section, spouses filing a joint return shall be considered one taxpayer.

For a non-resident or part-year resident, the amount of the credit under this Section shall be in proportion to the amount of income attributable to this State.

(b) Increased credit amount for resident children. With respect to the adoption of an eligible child who is at least one year old and resides in Illinois at the time the expenses are paid or incurred, subsection (a) shall be applied by substituting $5,000 ($2,500 in the case of a married individual filing a separate return) for $2,000.
(c) In no event shall a credit under this Section reduce the taxpayer's liability to less than zero. If the amount of the credit exceeds the income tax liability for the applicable tax year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one year that are available to offset a liability, the earlier credit shall be applied first.

(d) The term "qualified adoption expenses" shall have the same meaning as under Section 23(d) of the Internal Revenue Code.

ARTICLE 80. MARKETPLACE FAIRNESS

Section 80-5. The Use Tax Act is amended by changing Section 2 as follows:

(35 ILCS 105/2) (from Ch. 120, par. 439.2)

Sec. 2. Definitions.

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, except that it does not include the sale of such property in any form as tangible personal property in the regular course of business to the extent that such property is not first subjected to a use for which it was purchased, and does not include the use of such property by its owner for demonstration purposes: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. "Use" does not mean the demonstration use or interim use of tangible personal property by a retailer before he sells that tangible personal property. For watercraft or aircraft, if the period of demonstration use or interim use by the retailer exceeds 18 months, the retailer shall pay on the retailers' original cost price the tax imposed by this Act, and no credit for that tax is permitted if the watercraft or aircraft is subsequently sold by the retailer. "Use" does not mean the physical incorporation of tangible personal property, to the extent not first subjected to a use for which it was purchased, as an ingredient or constituent, into other tangible personal property (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used,
to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing.

"Watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

"Purchase at retail" means the acquisition of the ownership of or title to tangible personal property through a sale at retail.

"Purchaser" means anyone who, through a sale at retail, acquires the ownership of tangible personal property for a valuable consideration.

"Sale at retail" means any transfer of the ownership of or title to tangible personal property to a purchaser, for the purpose of use, and not for the purpose of resale in any form as tangible personal property to the extent not first subjected to a use for which it was purchased, for a valuable consideration: Provided that the property purchased is deemed to be purchased for the purpose of resale, despite first being used, to the extent to which it is resold as an ingredient of an intentionally produced product or by-product of manufacturing. For this purpose, slag produced as an incident to manufacturing pig iron or steel and sold is considered to be an intentionally produced by-product of manufacturing. "Sale at retail" includes any such transfer made for resale unless made in compliance with Section 2c of the Retailers' Occupation Tax Act, as incorporated by reference into Section 12 of this Act. Transactions whereby the possession of the property is transferred but the seller retains the title as security for payment of the selling price are sales.

"Sale at retail" shall also be construed to include any Illinois florist's sales transaction in which the purchase order is received in Illinois by a florist and the sale is for use or consumption, but the Illinois florist has a florist in another state deliver the property to the purchaser or the purchaser's donee in such other state.

Nonreusable tangible personal property that is used by persons engaged in the business of operating a restaurant, cafeteria, or drive-in is a sale for resale when it is transferred to customers in the ordinary course of business as part of the sale of food or beverages and is used to deliver, package, or consume food or beverages, regardless of where consumption of the food or beverages occurs. Examples of those items include, but are not limited to nonreusable, paper and plastic cups, plates, baskets, boxes, sleeves, buckets or other containers, utensils, straws, placemats, napkins, doggie bags, and wrapping or packaging materials that are transferred to

customers as part of the sale of food or beverages in the ordinary course of business.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of tangible personal property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits, property other than as hereinafter provided, and services, but not including the value of or credit given for traded-in tangible personal property where the item that is traded-in is of like kind and character as that which is being sold, and shall be determined without any deduction on account of the cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's tax liability under the "Retailers' Occupation Tax Act", or on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit, on account of the seller's tax liability under any local occupation tax administered by the Department, or, except as otherwise provided with respect to any cigarette tax imposed by a home rule unit on account of the seller's duty to collect, from the purchasers, the tax that is imposed under any local use tax administered by the Department. Effective December 1, 1985, "selling price" shall include charges that are added to prices by sellers on account of the seller's tax liability under the Cigarette Tax Act, on account of the seller's duty to collect, from the purchaser, the tax imposed under the Cigarette Use Tax Act, and on account of the seller's duty to collect, from the purchaser, any cigarette tax imposed by a home rule unit.

Notwithstanding any law to the contrary, for any motor vehicle, as defined in Section 1-146 of the Vehicle Code, that is sold on or after January 1, 2015 for the purpose of leasing the vehicle for a defined period that is longer than one year and (1) is a motor vehicle of the second division that: (A) is a self-contained motor vehicle designed or permanently converted to provide living quarters for recreational, camping, or travel use, with direct walk through access to the living quarters from the driver's seat; (B) is of the van configuration designed for the transportation of not less than 7 nor more than 16 passengers; or (C)

has a gross vehicle weight rating of 8,000 pounds or less or (2) is a motor vehicle of the first division, "selling price" or "amount of sale" means the consideration received by the lessor pursuant to the lease contract, including amounts due at lease signing and all monthly or other regular payments charged over the term of the lease. Also included in the selling price is any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, including, but not limited to, excess mileage charges and charges for excess wear and tear. For sales that occur in Illinois, with respect to any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed, the lessor who purchased the motor vehicle does not incur the tax imposed by the Use Tax Act on those amounts, and the retailer who makes the retail sale of the motor vehicle to the lessee is not required to collect the tax imposed by this Act or to pay the tax imposed by the Retailers' Occupation Tax Act on those amounts. However, the lessor who purchased the motor vehicle assumes the liability for reporting and paying the tax on those amounts directly to the Department in the same form (Illinois Retailers' Occupation Tax, and local retailers' occupation taxes, if applicable) in which the retailer would have reported and paid such tax if the retailer had accounted for the tax to the Department. For amounts received by the lessor from the lessee that are not calculated at the time the lease is executed, the lessor must file the return and pay the tax to the Department by the due date otherwise required by this Act for returns other than transaction returns. If the retailer is entitled under this Act to a discount for collecting and remitting the tax imposed under this Act to the Department with respect to the sale of the motor vehicle to the lessor, then the right to the discount provided in this Act shall be transferred to the lessor with respect to the tax paid by the lessor for any amount received by the lessor from the lessee for the leased vehicle that is not calculated at the time the lease is executed; provided that the discount is only allowed if the return is timely filed and for amounts timely paid. The "selling price" of a motor vehicle that is sold on or after January 1, 2015 for the purpose of leasing for a defined period of longer than one year shall not be reduced by the value of or credit given for traded-in tangible personal property owned by the lessor, nor shall it be reduced by the value of or credit given for traded-in tangible personal property owned by the lessee, regardless of whether the trade-in value thereof is assigned by the lessee to the lessor. In the case of a motor vehicle that is sold for the purpose of leasing for a defined period of longer
than one year, the sale occurs at the time of the delivery of the vehicle, regardless of the due date of any lease payments. A lessor who incurs a Retailers' Occupation Tax liability on the sale of a motor vehicle coming off lease may not take a credit against that liability for the Use Tax the lessor paid upon the purchase of the motor vehicle (or for any tax the lessor paid with respect to any amount received by the lessor from the lessee for the leased vehicle that was not calculated at the time the lease was executed) if the selling price of the motor vehicle at the time of purchase was calculated using the definition of "selling price" as defined in this paragraph. Notwithstanding any other provision of this Act to the contrary, lessors shall file all returns and make all payments required under this paragraph to the Department by electronic means in the manner and form as required by the Department. This paragraph does not apply to leases of motor vehicles for which, at the time the lease is entered into, the term of the lease is not a defined period, including leases with a defined initial period with the option to continue the lease on a month-to-month or other basis beyond the initial defined period.

The phrase "like kind and character" shall be liberally construed (including but not limited to any form of motor vehicle for any form of motor vehicle, or any kind of farm or agricultural implement for any other kind of farm or agricultural implement), while not including a kind of item which, if sold at retail by that retailer, would be exempt from retailers' occupation tax and use tax as an isolated or occasional sale.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, limited liability company, or a receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Retailer" means and includes every person engaged in the business of making sales at retail as defined in this Section.

A person who holds himself or herself out as being engaged (or who habitually engages) in selling tangible personal property at retail is a retailer hereunder with respect to such sales (and not primarily in a service occupation) notwithstanding the fact that such person designs and produces such tangible personal property on special order for the purchaser and in such a way as to render the property of value only to such purchaser, if such tangible personal property so produced on special order serves substantially the same function as stock or standard items of tangible personal property that are sold at retail.

A person whose activities are organized and conducted primarily as a not-for-profit service enterprise, and who engages in selling tangible personal property at retail (whether to the public or merely to members and their guests) is a retailer with respect to such transactions, excepting only a person organized and operated exclusively for charitable, religious or educational purposes either (1), to the extent of sales by such person to its members, students, patients or inmates of tangible personal property to be used primarily for the purposes of such person, or (2), to the extent of sales by such person of tangible personal property which is not sold or offered for sale by persons organized for profit. The selling of school books and school supplies by schools at retail to students is not "primarily for the purposes of" the school which does such selling. This paragraph does not apply to nor subject to taxation occasional dinners, social or similar activities of a person organized and operated exclusively for charitable, religious or educational purposes, whether or not such activities are open to the public.

A person who is the recipient of a grant or contract under Title VII of the Older Americans Act of 1965 (P.L. 92-258) and serves meals to participants in the federal Nutrition Program for the Elderly in return for contributions established in amount by the individual participant pursuant to a schedule of suggested fees as provided for in the federal Act is not a retailer under this Act with respect to such transactions.

Persons who engage in the business of transferring tangible personal property upon the redemption of trading stamps are retailers hereunder when engaged in such business.

The isolated or occasional sale of tangible personal property at retail by a person who does not hold himself out as being engaged (or who does not habitually engage) in selling such tangible personal property at retail or a sale through a bulk vending machine does not make such person a retailer hereunder. However, any person who is engaged in a business which is not subject to the tax imposed by the "Retailers' Occupation Tax Act" because of involving the sale of or a contract to sell real estate or a construction contract to improve real estate, but who, in the course of conducting such business, transfers tangible personal property to users or consumers in the finished form in which it was purchased, and which does not become real estate, under any provision of a construction contract or real estate sale or real estate sales agreement entered into with some other person arising out of or because of such nontaxable business, is a retailer to the extent of the value of the tangible personal property so transferred.

New matter indicated by italics - deletions by strikeout
If, in such transaction, a separate charge is made for the tangible personal property so transferred, the value of such property, for the purposes of this Act, is the amount so separately charged, but not less than the cost of such property to the transferor; if no separate charge is made, the value of such property, for the purposes of this Act, is the cost to the transferor of such tangible personal property.

"Retailer maintaining a place of business in this State", or any like term, means and includes any of the following retailers:

1. A retailer having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the retailer or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such retailer or subsidiary is licensed to do business in this State. However, the ownership of property that is located at the premises of a printer with which the retailer has contracted for printing and that consists of the final printed product, property that becomes a part of the final printed product, or copy from which the printed product is produced shall not result in the retailer being deemed to have or maintain an office, distribution house, sales house, warehouse, or other place of business within this State.

1.1 A retailer having a contract with a person located in this State under which the person, for a commission or other consideration based upon the sale of tangible personal property by the retailer, directly or indirectly refers potential customers to the retailer by providing to the potential customers a promotional code or other mechanism that allows the retailer to track purchases referred by such persons. Examples of mechanisms that allow the retailer to track purchases referred by such persons include but are not limited to the use of a link on the person's Internet website, promotional codes distributed through the person's hand-delivered or mailed material, and promotional codes distributed by the person through radio or other broadcast media. The provisions of this paragraph (1.1) shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers who are referred to the retailer by all persons in this State under such contracts exceed $10,000 during the preceding 4
quarterly periods ending on the last day of March, June, September, and December. A retailer meeting the requirements of this paragraph (1.1) shall be presumed to be maintaining a place of business in this State but may rebut this presumption by submitting proof that the referrals or other activities pursued within this State by such persons were not sufficient to meet the nexus standards of the United States Constitution during the preceding 4 quarterly periods.

(1.2) Beginning July 1, 2011, a retailer having a contract with a person located in this State under which:

(A) the retailer sells the same or substantially similar line of products as the person located in this State and does so using an identical or substantially similar name, trade name, or trademark as the person located in this State; and

(B) the retailer provides a commission or other consideration to the person located in this State based upon the sale of tangible personal property by the retailer.

The provisions of this paragraph (1.2) shall apply only if the cumulative gross receipts from sales of tangible personal property by the retailer to customers in this State under all such contracts exceed $10,000 during the preceding 4 quarterly periods ending on the last day of March, June, September, and December.

(2) A retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this State.

(3) A retailer, pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions.

(4) A retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities.

(5) A retailer that is owned or controlled by the same interests that own or control any retailer engaging in business in the same or similar line of business in this State.

(6) A retailer having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this Section.

(7) A retailer, pursuant to a contract with a cable television operator located in this State, soliciting orders for tangible personal property by means of advertising which is transmitted or distributed over a cable television system in this State.

(8) A retailer engaging in activities in Illinois, which activities in the state in which the retail business engaging in such activities is located would constitute maintaining a place of business in that state.

(9) Beginning October 1, 2018, a retailer making sales of tangible personal property to purchasers in Illinois from outside of Illinois if:

(A) the cumulative gross receipts from sales of tangible personal property to purchasers in Illinois are $100,000 or more; or

(B) the retailer enters into 200 or more separate transactions for the sale of tangible personal property to purchasers in Illinois.

The retailer shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either subparagraph (A) or (B) of this paragraph (9) for the preceding 12-month period. If the retailer meets the criteria of either subparagraph (A) or (B) for a 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for one year. At the end of that one-year period, the retailer shall determine whether the retailer met the criteria of either subparagraph (A) or (B) during the preceding 12-month period. If the retailer met the criteria in either subparagraph (A) or (B) for the preceding 12-month period, he or she is considered a retailer maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for the subsequent year. If at the end...
of a one-year period a retailer that was required to collect and remit the tax imposed under this Act determines that he or she did not meet the criteria in either subparagraph (A) or (B) during the preceding 12-month period, the retailer shall subsequently determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either subparagraph (A) or (B) for the preceding 12-month period.

"Bulk vending machine" means a vending machine, containing unsorted confections, nuts, toys, or other items designed primarily to be used or played with by children which, when a coin or coins of a denomination not larger than $0.50 are inserted, are dispensed in equal portions, at random and without selection by the customer.

(35 ILCS 110/2) (from Ch. 120, par. 439.32)

Sec. 2. Definitions. In this Act:

"Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, but does not include the sale or use for demonstration by him of that property in any form as tangible personal property in the regular course of business. "Use" does not mean the interim use of tangible personal property nor the physical incorporation of tangible personal property, as an ingredient or constituent, into other tangible personal property, (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois.

"Purchased from a serviceman" means the acquisition of the ownership of, or title to, tangible personal property through a sale of service.

"Purchaser" means any person who, through a sale of service, acquires the ownership of, or title to, any tangible personal property.

"Cost price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any

other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him or her by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits and service, and shall be determined without any deduction on account of the serviceman's cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, and any receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Sale of service" means any transaction except:

1. a retail sale of tangible personal property taxable under the Retailers' Occupation Tax Act or under the Use Tax Act.
2. a sale of tangible personal property for the purpose of resale made in compliance with Section 2c of the Retailers' Occupation Tax Act.
3. except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service for or by any governmental body, or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(4a) a sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors, or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(4a-5) on and after July 1, 2003 and through June 30, 2004, a sale or transfer of a motor vehicle of the second division with a gross vehicle weight in excess of 8,000 pounds as an incident to the rendering of service if that motor vehicle is subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code. Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax. The exemption provided by this paragraph (5) does not include machinery and equipment used in

(i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of Public Act 98-583 this amendatory Act of the 98th General Assembly are declaratory of existing law as to the meaning and scope of this exemption. The exemption under this paragraph (5) is exempt from the provisions of Section 3-75.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

(5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(6) until July 1, 2003, a sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(7) at the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers'...
Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (5) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. On and after July 1, 2017, exemption (5) also includes graphic arts machinery and equipment, as defined in paragraph (5) of Section 3-5. The machinery and equipment exemption does not include machinery and equipment used in (i) the generation of electricity for wholesale or retail sale; (ii) the generation or treatment of natural or artificial gas for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains; or (iii) the treatment of water for wholesale or retail sale that is delivered to customers through pipes, pipelines, or mains. The provisions of Public Act 98-583, this amendatory Act of the 98th General Assembly, are declaratory of existing law as to the meaning and scope of this exemption. For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different
form, use or name. The serviceman shall determine on a quarterly basis, ending on the last day of March, June, September, and December, whether he or she meets the criteria of either subparagraph (A) or (B) of this paragraph (9) for the preceding 12-month period. If the serviceman meets the criteria of either subparagraph (A) or (B) for a 12-month period, he or she is considered a serviceman maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for one year. At the end of that one-year period, the serviceman shall determine whether the serviceman met the criteria of either

subparagraph (A) or (B) during the preceding 12-month period. If the serviceman met the criteria in either subparagraph (A) or (B) for the preceding 12-month period, he or she is considered a serviceman maintaining a place of business in this State and is required to collect and remit the tax imposed under this Act and file returns for the subsequent year. ARTICLE 85. GAMING

Section 85-5. The Illinois Lottery Law is amended by changing Sections 7.12 and 9.1 as follows:

(20 ILCS 1605/7.12)

(Section scheduled to be repealed on July 1, 2018)

Sec. 7.12. Internet program.

(a) The General Assembly finds that:

(1) the consumer market in Illinois has changed since the creation of the Illinois State Lottery in 1974;

(2) the Internet has become an integral part of everyday life for a significant number of Illinois residents not only in regards to their professional life, but also in regards to personal business and communication; and

(3) the current practices of selling lottery tickets does not appeal to the new form of market participants who prefer to make purchases on the Internet at their own convenience.

It is the intent of the General Assembly to create an Internet program for the sale of lottery tickets to capture this new form of market participant.

(b) The Department shall create a program that allows an individual 18 years of age or older to purchase lottery tickets or shares on the Internet without using a Lottery retailer with on-line status, as those terms are defined by rule. The Department shall restrict the sale of lottery tickets on the Internet to transactions initiated and received or otherwise made exclusively within the State of Illinois. The Department shall adopt

New matter indicated by italics - deletions by strikeout
rules necessary for the administration of this program. These rules shall include, among other things, requirements for marketing of the Lottery to infrequent players, as well as limitations on the purchases that may be made through any one individual's lottery account. The provisions of this Act and the rules adopted under this Act shall apply to the sale of lottery tickets or shares under this program.

Before beginning the program, the Department of the Lottery must submit a request to the United States Department of Justice for review of the State's plan to implement a program for the sale of lottery tickets on the Internet and its propriety under federal law. The Department shall implement the Internet program only if the Department of Justice does not object to the implementation of the program within a reasonable period of time after its review.

The Department is obligated to implement the program set forth in this Section and Sections 7.15 and 7.16 only at such time, and to such extent, that the Department of Justice does not object to the implementation of the program within a reasonable period of time after its review. While the Illinois Lottery may only offer Lotto, Mega Millions, and Powerball games through the program, the Department shall request review from the federal Department of Justice for the Illinois Lottery to sell lottery tickets on the Internet on behalf of the State of Illinois that are not limited to just these games.

The Department shall authorize the private manager to implement and administer the program pursuant to the management agreement entered into under Section 9.1 and in a manner consistent with the provisions of this Section. If a private manager has not been selected pursuant to Section 9.1 at the time the Department is obligated to implement the program, then the Department shall not proceed with the program until after the selection of the private manager, at which time the Department shall authorize the private manager to implement and administer the program pursuant to the management agreement entered into under Section 9.1 and in a manner consistent with the provisions of this Section.

Nothing in this Section shall be construed as prohibiting the Department from implementing and operating a website portal whereby individuals who are 18 years of age or older with an Illinois mailing address may apply to purchase lottery tickets via subscription. Nothing in this Section shall also be construed as prohibiting the sale of Lotto, Mega
Millions, and Powerball games by a lottery licensee pursuant to the Department's rules.
(c) (Blank).
(d) This Section is repealed on July 1, 2019.

Sec. 9.1. Private manager and management agreement.
(a) As used in this Section:
"Offeror" means a person or group of persons that responds to a request for qualifications under this Section.
"Request for qualifications" means all materials and documents prepared by the Department to solicit the following from offerors:

"Final offer" means the last proposal submitted by an offeror in response to the request for qualifications, including the identity of any prospective vendor or vendors that the offeror intends to initially engage to assist the offeror in performing its obligations under the management agreement.
"Final offeror" means the offeror ultimately selected by the Governor to be the private manager for the Lottery under subsection (h) of this Section.
(b) By September 15, 2010, the Governor shall select a private manager for the total management of the Lottery with integrated functions, such as lottery game design, supply of goods and services, and advertising and as specified in this Section.
(c) Pursuant to the terms of this subsection, the Department shall endeavor to expeditiously terminate the existing contracts in support of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly in connection with the selection of the private manager. As part of its obligation to terminate these contracts and select the private manager, the Department shall establish a mutually agreeable timetable to transfer the functions of existing contractors to the private manager so that existing Lottery operations are not materially diminished or impaired during the transition. To that end, the Department shall do the following:

New matter indicated by italics - deletions by strikeout
(1) where such contracts contain a provision authorizing termination upon notice, the Department shall provide notice of termination to occur upon the mutually agreed timetable for transfer of functions;

(2) upon the expiration of any initial term or renewal term of the current Lottery contracts, the Department shall not renew such contract for a term extending beyond the mutually agreed timetable for transfer of functions; or

(3) in the event any current contract provides for termination of that contract upon the implementation of a contract with the private manager, the Department shall perform all necessary actions to terminate the contract on the date that coincides with the mutually agreed timetable for transfer of functions.

If the contracts to support the current operation of the Lottery in effect on the effective date of this amendatory Act of the 96th General Assembly are not subject to termination as provided for in this subsection (c), then the Department may include a provision in the contract with the private manager specifying a mutually agreeable methodology for incorporation.

(c-5) The Department shall include provisions in the management agreement whereby the private manager shall, for a fee, and pursuant to a contract negotiated with the Department (the "Employee Use Contract"), utilize the services of current Department employees to assist in the administration and operation of the Lottery. Department employees shall operate under the same employment policies, rules, regulations, and procedures, as other employees of the Department. (3) A provision imposing an affirmative duty on the private manager to provide the Department with material information and with any information the private manager reasonably believes the Department would want to know to enable the Department to conduct the Lottery.

(4) A provision requiring the private manager to provide the Department with advance notice of any operating decision that bears significantly on the public interest, including, but not limited to, decisions on the kinds of games to be offered to the public and decisions affecting the relative risk and reward of the games being offered, so the Department has a reasonable opportunity to evaluate and countermand that decision.

(5) A provision providing for compensation of the private manager that may consist of, among other things, a fee for services and a performance based bonus as consideration for managing the Lottery, including terms that may provide the private manager with an increase in compensation if Lottery revenues grow by a specified percentage in a given year.

(9) A requirement that so long as the private manager complies with all the conditions of the agreement under the oversight of the Department, the private manager shall have the following duties and obligations with respect to the management of the Lottery:

(17) Grounds for the termination of the management agreement by the Department or the private manager.

(18) Procedures for amendment of the agreement.

(19) A provision requiring the private manager to engage in an open and competitive bidding process for any procurement having a cost in excess of $50,000 that is not a part of the private manager's final offer. The process shall favor the selection of a vendor deemed to have submitted a proposal that provides the Lottery with the best overall value. The process shall not be subject to the provisions of the Illinois Procurement Code, unless specifically required by the management agreement.

(20) The transition of rights and obligations, including any associated equipment or other assets used in the operation of the Lottery, from the manager to any successor manager of the lottery, including the Department, following the termination of or foreclosure upon the management agreement.

(22) The disclosure of any information requested by the Department to enable it to comply with the reporting requirements and information requests provided for under subsection (p) of this Section.

New matter indicated by italics - deletions by strikeout
(e) Notwithstanding any other law to the contrary, the Department shall select a private manager through a competitive request for qualifications process consistent with Section 20-35 of the Illinois Procurement Code, which shall take into account:

1. the offeror's ability to market the Lottery to those residents who are new, infrequent, or lapsed players of the Lottery, especially those who are most likely to make regular purchases on the Internet;

2. the offeror's ability to address the State's concern with the social effects of gambling on those who can least afford to do so;

3. the offeror's ability to provide the most successful management of the Lottery for the benefit of the people of the State based on current and past business practices or plans of the offeror; and

4. the offeror's poor or inadequate past performance in servicing, equipping, operating or managing a lottery on behalf of Illinois, another State or foreign government and attracting persons who are not currently regular players of a lottery.

(f) The Department may retain the services of an advisor or advisors with significant experience in financial services or the management, operation, and procurement of goods, services, and equipment for a government-run lottery to assist in the preparation of the terms of the request for qualifications and selection of the private manager. Any prospective advisor seeking to provide services under this subsection shall disclose any material business or financial relationship during the past 3 years with any potential offeror, or with a contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery. The Department shall evaluate the material business or financial relationship of each prospective advisor. The Department shall not select any prospective advisor with a substantial business or financial relationship that the Department deems to impair the objectivity of the services to be provided by the prospective advisor. During the course of the advisor's engagement by the Department, and for a period of one year thereafter, the advisor shall not enter into any business or financial relationship with any offeror or any vendor identified to assist an offeror in performing its obligations under the management agreement. Any advisor retained by the Department shall be disqualified from being an offeror. The Department shall not include terms in the request for

qualifications that provide a material advantage whether directly or indirectly to any potential offeror, or any contractor or subcontractor presently providing goods, services, or equipment to the Department to support the Lottery, including terms contained in previous responses to requests for proposals or qualifications submitted to Illinois, another State or foreign government when those terms are uniquely associated with a particular potential offeror, contractor, or subcontractor. The request for proposals offered by the Department on December 22, 2008 as "LOT08GAMESYS" and reference number "22016176" is declared void.

(g) The Department shall select at least 2 offerors as finalists to potentially serve as the private manager no later than August 9, 2010. 3. A brief description of the management agreement to be awarded.
4. The identity of the offerors that have been selected as finalists to serve as the private manager.
5. The address and telephone number of the Department.

(h) At the public hearing, the Department shall (i) provide sufficient time for each finalist to present and explain its proposal to the Department and the Governor or the Governor's designee, including an opportunity to respond to questions posed by the Department, Governor, or designee and (ii) allow the public and non-selected offerors to comment on the presentations. The Governor or a designee shall attend the public hearing. After the public hearing, the Department shall have 14 calendar days to recommend to the Governor whether a management agreement should be entered into with a particular finalist. After reviewing the Department's recommendation, the Governor may accept or reject the Department's recommendation, and shall select a final offeror as the private manager by publication of a notice in the Illinois Procurement Bulletin on or before September 15, 2010. The Governor shall include in the notice a detailed explanation and the reasons why the final offeror is superior to other offerors and will provide management services in a manner that best achieves the objectives of this Section. The Governor shall also sign the management agreement with the private manager.

New matter indicated by italics - deletions by strikeout
(i) Any action to contest the private manager selected by the Governor under this Section must be brought within 7 calendar days after the publication of the notice of the designation of the private manager as provided in subsection (h) of this Section.

(j) The Lottery shall remain, for so long as a private manager manages the Lottery in accordance with provisions of this Act, a Lottery conducted by the State, and the State shall not be authorized to sell or transfer the Lottery to a third party.

(k) Any tangible personal property used exclusively in connection with the lottery that is owned by the Department and leased to the private manager shall be owned by the Department in the name of the State and shall be considered to be public property devoted to an essential public and governmental function.

(l) The Department may exercise any of its powers under this Section or any other law as necessary or desirable for the execution of the Department's powers under this Section.

(m) Neither this Section nor any management agreement entered into under this Section prohibits the General Assembly from authorizing forms of gambling that are not in direct competition with the Lottery.

(n) The private manager shall be subject to a complete investigation in the third, seventh, and tenth years of the agreement (if the agreement is for a 10-year term) by the Department in cooperation with the Auditor General to determine whether the private manager has complied with this Section and the management agreement. The private manager shall bear the cost of an investigation or reinvestigation of the private manager under this subsection.

(o) The powers conferred by this Section are in addition and supplemental to the powers conferred by any other law. If any other law or rule is inconsistent with this Section, including, but not limited to, provisions of the Illinois Procurement Code, then this Section controls as to any management agreement entered into under this Section. This Section and any rules adopted under this Section contain full and complete authority for a management agreement between the Department and a private manager. Upon receipt of a written request from the Chief Procurement Officer, the Department shall provide to the Chief Procurement Officer a complete and un-redacted copy of the management agreement or any contract that is subject to the Department's approval authority under this subsection (o). The Department shall provide a copy of the agreement or contract to the Chief Procurement Officer in the time specified by the Chief Procurement Officer in his or her written request, but no later than 5 business days after the request is received by the Department. The Chief Procurement Officer must retain any portions of the management agreement or of any contract designated by the Department as confidential, proprietary, or trade secret information in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act. The Department shall also provide the Chief Procurement Officer with reasonable advance written notice of any contract that is pending Department approval.

Notwithstanding any other provision of this Section to the contrary, the Chief Procurement Officer shall adopt administrative rules, including emergency rules, to establish a procurement process to select a successor private manager if a private management agreement has been terminated. The selection process shall at a minimum take into account the criteria set forth in items (1) through (4) of subsection (e) of this Section and may include provisions consistent with subsections (f), (g), (h), and (i) of this Section. The Chief Procurement Officer shall also implement and administer the adopted selection process upon the termination of a private management agreement. The Department, after the Chief Procurement Officer certifies that the procurement process has been followed in accordance with the rules adopted under this subsection (o), shall select a final offeror as the private manager and sign the management agreement with the private manager.

Except as provided in Sections 21.5, 21.6, 21.7, 21.8, and 21.9, the Department shall distribute all proceeds of lottery tickets and shares sold in the following priority and manner:

(4) On or before September 30 the last day of each fiscal year, deposit any estimated remaining proceeds from the prior fiscal year, subject to payments under items (1), (2), and (3) into the Capital Projects Fund each fiscal year. Beginning in fiscal year 2019, the amount deposited shall be increased or decreased each year by the amount the estimated payment differs from the amount determined from each year-end financial audit. Only remaining net deficits from prior fiscal years may reduce the requirement to deposit these funds, as determined by the annual financial audit.

(p) The Department shall be subject to the following reporting and information request requirements:

(1) the Department shall submit written quarterly reports to the Governor and the General Assembly on the activities and actions of the private manager selected under this Section;

(2) upon request of the Chief Procurement Officer, the Department shall promptly produce information related to the procurement activities of the Department and the private manager requested by the Chief Procurement Officer; the Chief Procurement Officer must retain confidential, proprietary, or trade secret information designated by the Department in complete confidence pursuant to subsection (g) of Section 7 of the Freedom of Information Act; and

The report must project under multiple possible configurations the numbers of persons covered year over year, utilization rates, total spending, and the benefit fund's ratio balance and solvency. The benefit fund must initially be structured to be solvent for 75 years. The report must detail the sensitivity of these projections to the level of care criteria that define long-term care need and examine the feasibility of setting a lower threshold, based on a lower need for ongoing assistance in routine life activities.

The report must also detail the amount of out-of-pocket costs avoided, the number of persons who delayed or avoided utilization of medical assistance benefits, an analysis on the projected increased utilization of home-based and community-based services over skilled nursing facilities and savings therewith, and savings to the State's existing long-term care programs due to the new long-term services and supports benefit.

(b) The entity chosen to conduct the actuarial analysis shall be a nationally-recognized organization with experience modeling public and private long-term care financing programs.

The State Board of Education, before approving any such claims, shall determine their accuracy and whether they are based upon services and facilities provided under approved programs. Upon approval the State Board shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of September, December, and March, respectively, and the final voucher, no later than June 20. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved.

No child shall be placed in a special education program pursuant to this Section if the tuition cost for special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds $4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. In determining rates based on allowable costs, the review Board shall consider any wage increases awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in service settings in community-based settings within the State and adjust customary rates or rates of a special education program to be equitable to the wage increase awarded to similar staff positions in a community residential setting. Any wage increase awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in community-based settings within the State shall also be a basis for any facility covered by this Section to appeal its rate before the Review Board under the process defined in Title 89, Part 900, Section 340 of the Illinois Administrative Code. Illinois Administrative Code Title 89, Part 900, Section 342 shall be updated to recognize wage increases awarded to community-based settings to be a basis for appeal.

The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified child with a disability receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on

program enrollment, excluding room, board and transportation costs, exceed $4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed $4,500. A district making such tuition payments in excess of $4,500 pursuant to this Section shall be responsible for an amount in excess of $4,500 equal to the district per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of the districts per capita tuition charge for students not receiving special education services.

If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the reimbursement of tuition payments under this Section whether the non-public school or special education facility, public out-of-state school or county special education facility, attended by a child who resides in that district and requires special educational services, is within or outside of the State of Illinois. However, a district is not eligible to claim

transportation reimbursement under this Section unless the district certifies to the State Superintendent of Education that the district is unable to provide special educational services required by the child for the current school year.

Nothing in this Section authorizes the reimbursement of a school district for the amount paid for tuition of a child attending a non-public school or special education facility, public out-of-state school or county special education facility unless the school district certifies to the State Superintendent of Education that the special education program of that district is unable to meet the needs of that child because of his disability and the State Superintendent of Education finds that the school district is in substantial compliance with Section 14-4.01. However, if a child is unilaterally placed by a State agency or any court in a non-public school or special education facility, public out-of-state school, or county special education facility, a school district shall not be required to certify to the State Superintendent of Education, for the purpose of tuition reimbursement, that the special education program of that district is unable to meet the needs of a child because of his or her disability.

Any educational or related services provided, pursuant to this Section in a non-public school or special education facility or a special education facility owned and operated by a county government unit shall be at no cost to the parent or guardian of the child. However, current law and practices relative to contributions by parents or guardians for costs other than educational or related services are not affected by this amendatory Act of 1978.

Reimbursement for children attending public school residential facilities shall be made in accordance with the provisions of this Section.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02b, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must

identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Section 95-20. The Illinois Public Aid Code is amended by changing Sections 5-5.4 and 5-5.4i and by adding Section 5-5.4j as follows:

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of nursing facility and ICF/DD services in facilities providing such services under this Article which:

The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994, unless specifically

The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the support component of the rates taking effect on January 1, 2008 shall be computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2009, the per diem support component of the rates effective on January 1, 2008, computed using the most recent cost reports on file with the Department of Healthcare and Family Services no later than April 1, 2005, updated for inflation to January 1, 2006, shall be increased to the amount that would have been derived using standard Department of Healthcare and Family Services methods, procedures, and inflators.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, or facilities licensed by the Department of Public Health under the Specialized Mental Health Rehabilitation Act of 2013, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The socio-development component of the rate shall be increased by a factor of 2.53 on the first day of the month that begins at least 45 days after January 11, 2008 (the effective date of Public Act 95-707). As of August 1, 2008, the socio-development component rate shall be equal to 6.6% of the facility's nursing component rate as of January 1, 2006, multiplied by a factor of 3.53. For services provided on or after April 1, 2011, or the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 96th General Assembly, whichever is later, the Illinois Department may by rule adjust these socio-development component rates, and may use different adjustment methodologies for those facilities participating, and those not participating, in the Illinois Department's demonstration program pursuant to the provisions of Title 77, Part 300, Subpart T of the Illinois Administrative Code, but in no case may such rates be diminished below those in effect on August 1, 2008.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22
years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on the first day of the month that begins at least 45 days after the effective date of this amendatory Act of the 95th General Assembly shall include a statewide increase of 2.5%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.
(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

The Department shall develop enhanced payments to offset the additional costs incurred by a facility serving exceptional need residents and shall allocate at least $4,000,000 of the funds collected from the assessment established by Section 5B-2 of this Code for such payments. For the purpose of this Section, "exceptional needs" means, but need not be limited to, ventilator care and traumatic brain injury care. The enhanced payments for exceptional need residents under this paragraph are not due and payable, however, until (i) the methodologies described in this paragraph are approved by the federal government in an appropriate State Plan amendment and (ii) the assessment imposed by Section 5B-2 of this Code is determined to be a permissible tax under Title XIX of the Social Security Act.

Beginning January 1, 2014 the methodologies for reimbursement of nursing facility services as provided under this Section 5-5.4 shall no longer be applicable for services provided on or after January 1, 2014.

No payment increase under this Section for the MDS methodology, exceptional care residents, or the socio-development component rate established by Public Act 96-1530 of the 96th General Assembly and funded by the assessment imposed under Section 5B-2 of this Code shall be due and payable until after the Department notifies the long-term care providers, in writing, that the payment methodologies to long-term care providers required under this Section have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waivers under 42 CFR 433.68 for the assessment

Upon notification to the Department of approval of the payment methodologies required under this Section and the waivers granted under 42 CFR 433.68, all increased payments otherwise due under this Section prior to the date of notification shall be due and payable within 90 days of the date federal approval is received.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast.

As used in this Section, the term "breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast. If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Sec. 5-30. Care coordination.

(a) At least 50% of recipients eligible for comprehensive medical benefits in all medical assistance programs or other health benefit programs administered by the Department, including the Children's Health Insurance Program Act and the Covering ALL KIDS Health Insurance Act, shall be enrolled in a care coordination program by no later than January 1, 2015. For purposes of this Section, "coordinated care" or "care coordination" means delivery systems where recipients will receive their care from providers who participate under contract in integrated delivery systems that are responsible for providing or arranging the majority of care, including primary care physician services, referrals from primary care physicians, diagnostic and treatment services, behavioral health services, in-patient and outpatient hospital services, dental services, and rehabilitation and long-term care services. The Department shall designate or contract for such integrated delivery systems (i) to ensure enrollees have a choice of systems and of primary care providers within such systems; (ii) to ensure that enrollees receive quality care in a culturally and linguistically appropriate manner; and (iii) to ensure that coordinated care programs meet the diverse needs of enrollees with developmental, mental health, physical, and age-related disabilities.

(b) Payment for such coordinated care shall be based on arrangements where the State pays for performance related to health care outcomes, the use of evidence-based practices, the use of primary care delivered through comprehensive medical homes, the use of electronic medical records, and the appropriate exchange of health information electronically made either on a capitated basis in which a fixed monthly premium per recipient is paid and full financial risk is assumed for the delivery of services, or through other risk-based payment arrangements.

(c) To qualify for compliance with this Section, the 50% goal shall be achieved by enrolling medical assistance enrollees from each medical assistance enrollment category, including parents, children, seniors, and people with disabilities to the extent that current State Medicaid payment laws would not limit federal matching funds for recipients in care coordination programs. In addition, services must be more
comprehensively defined and more risk shall be assumed than in the Department's primary care case management program as of January 25, 2011 (the effective date of Public Act 96-1501).

(d) The Department shall report to the General Assembly in a separate part of its annual medical assistance program report, beginning April, 2012 until April, 2016, on the progress and implementation of the care coordination program initiatives established by the provisions of Public Act 96-1501. The Department shall include in its April 2011 report a full analysis of federal laws or regulations regarding upper payment limitations to providers and the necessary revisions or adjustments in rate methodologies and payments to providers under this Code that would be necessary to implement coordinated care with full financial risk by a party other than the Department.

(e) Integrated Care Program for individuals with chronic mental health conditions.

(1) The Integrated Care Program shall encompass services administered to recipients of medical assistance under this Article to prevent exacerbations and complications using cost-effective, evidence-based practice guidelines and mental health management strategies.

(2) The Department may utilize and expand upon existing contractual arrangements with integrated care plans under the Integrated Care Program for providing the coordinated care provisions of this Section.

(3) Payment for such coordinated care shall be based on arrangements where the State pays for performance related to mental health outcomes on a capitated basis in which a fixed monthly premium per recipient is paid and full financial risk is assumed for the delivery of services, or through other risk-based payment arrangements such as provider-based care coordination.

(4) The Department shall examine whether chronic mental health management programs and services for recipients with specific chronic mental health conditions do any or all of the following:

(A) Improve the patient's overall mental health in a more expeditious and cost-effective manner.

(B) Lower costs in other aspects of the medical assistance program, such as hospital admissions, emergency
room visits, or more frequent and inappropriate psychotropic drug use.

(5) The Department shall work with the facilities and any integrated care plan participating in the program to identify and correct barriers to the successful implementation of this subsection (e) prior to and during the implementation to best facilitate the goals and objectives of this subsection (e).

(f) A hospital that is located in a county of the State in which the Department mandates some or all of the beneficiaries of the Medical Assistance Program residing in the county to enroll in a Care Coordination Program, as set forth in Section 5-30 of this Code, shall not be eligible for any non-claims based payments not mandated by Article V-A of this Code for which it would otherwise be qualified to receive, unless the hospital is a Coordinated Care Participating Hospital no later than 60 days after June 14, 2012 (the effective date of Public Act 97-689) or 60 days after the first mandatory enrollment of a beneficiary in a Coordinated Care program. For purposes of this subsection, "Coordinated Care Participating Hospital" means a hospital that meets one of the following criteria:

1. The hospital has entered into a contract to provide hospital services with one or more MCOs to enrollees of the care coordination program.

2. The hospital has not been offered a contract by a care coordination plan that the Department has determined to be a good faith offer and that pays at least as much as the Department would pay, on a fee-for-service basis, not including disproportionate share hospital adjustment payments or any other supplemental adjustment or add-on payment to the base fee-for-service rate, except to the extent such adjustments or add-on payments are incorporated into the development of the applicable MCO capitated rates.

As used in this subsection (f), "MCO" means any entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis.

(g) No later than August 1, 2013, the Department shall issue a purchase of care solicitation for Accountable Care Entities (ACE) to serve any children and parents or caretaker relatives of children eligible for medical assistance under this Article. An ACE may be a single corporate structure or a network of providers organized through contractual

relationships with a single corporate entity. The solicitation shall require that:

(1) An ACE operating in Cook County be capable of serving at least 40,000 eligible individuals in that county; an ACE operating in Lake, Kane, DuPage, or Will Counties be capable of serving at least 20,000 eligible individuals in those counties and an ACE operating in other regions of the State be capable of serving at least 10,000 eligible individuals in the region in which it operates. During initial periods of mandatory enrollment, the Department shall require its enrollment services contractor to use a default assignment algorithm that ensures if possible an ACE reaches the minimum enrollment levels set forth in this paragraph.

(2) An ACE must include at a minimum the following types of providers: primary care, specialty care, hospitals, and behavioral healthcare.

(3) An ACE shall have a governance structure that includes the major components of the health care delivery system, including one representative from each of the groups listed in paragraph (2).

(4) An ACE must be an integrated delivery system, including a network able to provide the full range of services needed by Medicaid beneficiaries and system capacity to securely pass clinical information across participating entities and to aggregate and analyze that data in order to coordinate care.

(5) An ACE must be capable of providing both care coordination and complex case management, as necessary, to beneficiaries. To be responsive to the solicitation, a potential ACE must outline its care coordination and complex case management model and plan to reduce the cost of care.

(6) In the first 18 months of operation, unless the ACE selects a shorter period, an ACE shall be paid care coordination fees on a per member per month basis that are projected to be cost neutral to the State during the term of their payment and, subject to federal approval, be eligible to share in additional savings generated by their care coordination.

(7) In months 19 through 36 of operation, unless the ACE selects a shorter period, an ACE shall be paid on a pre-paid capitation basis for all medical assistance covered services, under contract terms similar to Managed Care Organizations (MCO), with the Department sharing the risk through either stop-loss
insurance for extremely high cost individuals or corridors of shared risk based on the overall cost of the total enrollment in the ACE. The ACE shall be responsible for claims processing, encounter data submission, utilization control, and quality assurance.

(8) In the fourth and subsequent years of operation, an ACE shall convert to a Managed Care Community Network (MCCN), as defined in this Article, or Health Maintenance Organization pursuant to the Illinois Insurance Code, accepting full-risk capitation payments.

The Department shall allow potential ACE entities 5 months from the date of the posting of the solicitation to submit proposals. After the solicitation is released, in addition to the MCO rate development data available on the Department's website, subject to federal and State confidentiality and privacy laws and regulations, the Department shall provide 2 years of de-identified summary service data on the targeted population, split between children and adults, showing the historical type and volume of services received and the cost of those services to those potential bidders that sign a data use agreement. The Department may add up to 2 non-state government employees with expertise in creating integrated delivery systems to its review team for the purchase of care solicitation described in this subsection. Any such individuals must sign a no-conflict disclosure and confidentiality agreement and agree to act in accordance with all applicable State laws.

During the first 2 years of an ACE's operation, the Department shall provide claims data to the ACE on its enrollees on a periodic basis no less frequently than monthly.

Nothing in this subsection shall be construed to limit the Department's mandate to enroll 50% of its beneficiaries into care coordination systems by January 1, 2015, using all available care coordination delivery systems, including Care Coordination Entities (CCE), MCCNs, or MCOs, nor be construed to affect the current CCEs, MCCNs, and MCOs selected to serve seniors and persons with disabilities prior to that date.

Nothing in this subsection precludes the Department from considering future proposals for new ACEs or expansion of existing ACEs at the discretion of the Department.

(h) Department contracts with MCOs and other entities reimbursed by risk based capitation shall have a minimum medical loss ratio of 85%, shall require the entity to establish an appeals and grievances process for

consumers and providers, and shall require the entity to provide a quality assurance and utilization review program. Entities contracted with the Department to coordinate healthcare regardless of risk shall be measured utilizing the same quality metrics. The quality metrics may be population specific. Any contracted entity serving at least 5,000 seniors or people with disabilities or 15,000 individuals in other populations covered by the Medical Assistance Program that has been receiving full-risk capitation for a year shall be accredited by a national accreditation organization authorized by the Department within 2 years after the date it is eligible to become accredited. The requirements of this subsection shall apply to contracts with MCOs entered into or renewed or extended after June 1, 2013.

(h-5) The Department shall monitor and enforce compliance by MCOs with agreements they have entered into with providers on issues that include, but are not limited to, timeliness of payment, payment rates, and processes for obtaining prior approval. The Department may impose sanctions on MCOs for violating provisions of those agreements that include, but are not limited to, financial penalties, suspension of enrollment of new enrollees, and termination of the MCO's contract with the Department. As used in this subsection (h-5), "MCO" has the meaning ascribed to that term in Section 5-30.1 of this Code.

(i) Unless otherwise required by federal law, Medicaid Managed Care Entities and their respective business associates shall not disclose, directly or indirectly, including by sending a bill or explanation of benefits, information concerning the sensitive health services received by enrollees of the Medicaid Managed Care Entity to any person other than covered entities and business associates, which may receive, use, and further disclose such information solely for the purposes permitted under applicable federal and State laws and regulations if such use and further disclosure satisfies all applicable requirements of such laws and regulations. The Medicaid Managed Care Entity or its respective business associates may disclose information concerning the sensitive health services if the enrollee who received the sensitive health services requests the information from the Medicaid Managed Care Entity or its respective business associates and authorized the sending of a bill or explanation of benefits. Communications including, but not limited to, statements of care received or appointment reminders either directly or indirectly to the enrollee from the health care provider, health care professional, and care coordinators, remain permissible. Medicaid Managed Care Entities or their

respective business associates may communicate directly with their enrollees regarding care coordination activities for those enrollees.

For the purposes of this subsection, the term "Medicaid Managed Care Entity" includes Care Coordination Entities, Accountable Care Entities, Managed Care Organizations, and Managed Care Community Networks.

For purposes of this subsection, the term "sensitive health services" means mental health services, substance abuse treatment services, reproductive health services, family planning services, services for sexually transmitted infections and sexually transmitted diseases, and services for sexual assault or domestic abuse. Services include prevention, screening, consultation, examination, treatment, or follow-up.

For purposes of this subsection, "business associate", "covered entity", "disclosure", and "use" have the meanings ascribed to those terms in 45 CFR 160.103.

Nothing in this subsection shall be construed to relieve a Medicaid Managed Care Entity or the Department of any duty to report incidents of sexually transmitted infections to the Department of Public Health or to the local board of health in accordance with regulations adopted under a statute or ordinance or to report incidents of sexually transmitted infections as necessary to comply with the requirements under Section 5 of the Abused and Neglected Child Reporting Act or as otherwise required by State or federal law.

The Department shall create policy in order to implement the requirements in this subsection.

(j) Managed Care Entities (MCEs), including MCOs and all other care coordination organizations, shall develop and maintain a written language access policy that sets forth the standards, guidelines, and operational plan to ensure language appropriate services and that is consistent with the standard of meaningful access for populations with limited English proficiency. The language access policy shall describe how the MCEs will provide all of the following required services:

(1) Translation (the written replacement of text from one language into another) of all vital documents and forms as identified by the Department.

(2) Qualified interpreter services (the oral communication of a message from one language into another by a qualified interpreter).

New matter indicated by italics - deletions by strikeout
(3) Staff training on the language access policy, including how to identify language needs, access and provide language assistance services, work with interpreters, request translations, and track the use of language assistance services.

(4) Data tracking that identifies the language need.

(5) Notification to participants on the availability of language access services and on how to access such services.

(k) The Department shall actively monitor the contractual relationship between Managed Care Organizations (MCOs) and any dental administrator contracted by an MCO to provide dental services. The Department shall adopt appropriate dental Healthcare Effectiveness Data and Information Set (HEDIS) measures and shall include the Annual Dental Visit (ADV) HEDIS measure in its Health Plan Comparison Tool and Illinois Medicaid Plan Report Card that is available on the Department's website for enrolled individuals.

The Department shall collect from each MCO specific information about the types of contracted, broad-based care coordination occurring between the MCO and any dental administrator, including, but not limited to, pregnant women and diabetic patients in need of oral care.

(2) emergency medical screening examinations, as defined by Section 10 of the Managed Care Reform and Patient Rights Act;

(3) post-stabilization medical services, as defined by Section 10 of the Managed Care Reform and Patient Rights Act; and

New matter indicated by italics - deletions by strikeout
(b) As provided by Section 5-16.12, managed care organizations are subject to the provisions of the Managed Care Reform and Patient Rights Act.

(c) An MCO shall pay any provider of emergency services that does not have in effect a contract with the contracted Medicaid MCO. The default rate of reimbursement shall be the rate paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent such adjustments are incorporated in the development of the applicable MCO capitated rates.

(d) An MCO shall pay for all post-stabilization services as a covered service in any of the following situations:
   (1) the MCO authorized such services;
   (2) such services were administered to maintain the enrollee's stabilized condition within one hour after a request to the MCO for authorization of further post-stabilization services;
   (3) the MCO did not respond to a request to authorize such services within one hour;
   (4) the MCO could not be contacted; or
   (5) the MCO and the treating provider, if the treating provider is a non-affiliated provider, could not reach an agreement concerning the enrollee's care and an affiliated provider was unavailable for a consultation, in which case the MCO must pay for such services rendered by the treating non-affiliated provider until an affiliated provider was reached and either concurred with the treating non-affiliated provider's plan of care or assumed responsibility for the enrollee's care. Such payment shall be made at the default rate of reimbursement paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments and all outlier add-on adjustments to the extent that such adjustments are incorporated in the development of the applicable MCO capitated rates.

(e) The following requirements apply to MCOs in determining payment for all emergency services:
   (1) MCOs shall not impose any requirements for prior approval of emergency services.

New matter indicated by italics - deletions by strikeout
(2) The MCO shall cover emergency services provided to enrollees who are temporarily away from their residence and outside the contracting area to the extent that the enrollees would be entitled to the emergency services if they still were within the contracting area.

(3) The MCO shall have no obligation to cover medical services provided on an emergency basis that are not covered services under the contract.

(4) The MCO shall not condition coverage for emergency services on the treating provider notifying the MCO of the enrollee's screening and treatment within 10 days after presentation for emergency services.

(5) The determination of the attending emergency physician, or the provider actually treating the enrollee, of whether an enrollee is sufficiently stabilized for discharge or transfer to another facility, shall be binding on the MCO. The MCO shall cover emergency services for all enrollees whether the emergency services are provided by an affiliated or non-affiliated provider.

(6) The MCO's financial responsibility for post-stabilization care services it has not pre-approved ends when:
   (A) a plan physician with privileges at the treating hospital assumes responsibility for the enrollee's care;
   (B) a plan physician assumes responsibility for the enrollee's care through transfer;
   (C) a contracting entity representative and the treating physician reach an agreement concerning the enrollee's care; or
   (D) the enrollee is discharged.

(f) Network adequacy and transparency.
   (1) The Department shall:
      (A) ensure that an adequate provider network is in place, taking into consideration health professional shortage areas and medically underserved areas;
      (B) publicly release an explanation of its process for analyzing network adequacy;

(2) Each MCO shall confirm its receipt of information submitted specific to physician or dentist additions or physician or dentist deletions from the MCO's provider network within 3 days after receiving all required information from contracted physicians or dentists, and electronic physician and dental directories must be updated consistent with current rules as published by the Centers for Medicare and Medicaid Services or its successor agency.

(g) Timely payment of claims.

(1) The MCO shall pay a claim within 30 days of receiving a claim that contains all the essential information needed to adjudicate the claim.

(2) The MCO shall notify the billing party of its inability to adjudicate a claim within 30 days of receiving that claim.

(3) The MCO shall pay a penalty that is at least equal to the penalty imposed under the Illinois Insurance Code for any claims not timely paid.

(4) The Department may establish a process for MCOs to expedite payments to providers based on criteria established by the Department.

(g-5) Recognizing that the rapid transformation of the Illinois Medicaid program may have unintended operational challenges for both payers and providers:

(1) in no instance shall a medically necessary covered service rendered in good faith, based upon eligibility information documented by the provider, be denied coverage or diminished in payment amount if the eligibility or coverage information available at the time the service was rendered is later found to be inaccurate; and

(2) the Department shall, by December 31, 2016, adopt rules establishing policies that shall be included in the Medicaid managed care policy and procedures manual addressing payment resolutions in situations in which a provider renders services based upon information obtained after verifying a patient's eligibility and coverage plan through either the Department's current enrollment system or a system operated by the coverage plan identified by the patient presenting for services:

New matter indicated by italics - deletions by strikeout

(3) The rules on payment resolutions shall include, but not be limited to:

(A) the extension of the timely filing period;

(B) retroactive prior authorizations; and

(C) guaranteed minimum payment rate of no less than the current, as of the date of service, fee-for-service rate, plus all applicable add-ons, when the resulting service relationship is out of network.

(4) The rules shall be applicable for both MCO coverage and fee-for-service coverage.

(g-6) MCO Performance Metrics Report.

(1) The Department shall publish, on at least a quarterly basis, each MCO's operational performance, including, but not limited to, the following categories of metrics:

(A) claims payment, including timeliness and accuracy;

(B) prior authorizations;

(C) grievance and appeals;

(D) utilization statistics;

(E) provider disputes;

(F) provider credentialing; and

(G) member and provider customer service.

(2) The Department shall ensure that the metrics report is accessible to providers online by January 1, 2017.

(3) The metrics shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of associations representing the majority of providers within the identified industry.

New matter indicated by italics - deletions by strikeout
(4) Metrics shall be defined and incorporated into the applicable Managed Care Policy Manual issued by the Department. In order to monitor MCO payments to hospital providers, pursuant to this amendatory Act of the 100th General Assembly, the Department shall post an analysis of MCO claims processing and payment performance on its website every 6 months. Such analysis shall include a review and evaluation of a representative sample of hospital claims that are rejected and denied for clean and unclean claims and the top 5 reasons for such actions and timeliness of claims adjudication, which identifies the percentage of claims adjudicated within 30, 60, 90, and over 90 days, and the dollar amounts associated with those claims. The Department shall post the contracted claims report required by HealthChoice Illinois on its website every 3 months.

(h) The Department shall not expand mandatory MCO enrollment into new counties beyond those counties already designated by the Department as of June 1, 2014 for the individuals whose eligibility for medical assistance is not the seniors or people with disabilities population until the Department provides an opportunity for accountable care entities and MCOs to participate in such newly designated counties.

(i) The requirements of this Section apply to contracts with accountable care entities and MCOs entered into, amended, or renewed after June 16, 2014 (the effective date of Public Act 98-651).

Sec. 10. Contributions by the State and members.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section and except as provided in this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities

Any such annuitant, survivor, or retired employee who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant, survivor, or retired employee may not re-enroll in the program.

(a-8.5) Beginning on the effective date of this amendatory Act of the 97th General Assembly, the Director of Central Management Services shall, on an annual basis, determine the amount that the State shall contribute toward the basic program of group health benefits on behalf of annuitants (including individuals who (i) participated in the General Assembly Retirement System, the State Employees' Retirement System of Illinois, the State Universities Retirement System, the Teachers' Retirement System of the State of Illinois, or the Judges Retirement System of Illinois and (ii) qualify as annuitants under subsection (b) of Section 3 of this Act), survivors (including individuals who (i) receive an annuity as a survivor of an individual who participated in the General Assembly Retirement System, the State Employees' Retirement System of Illinois, the State Universities Retirement System, the Teachers' Retirement System of the State of Illinois, or the Judges Retirement System of Illinois and (ii) qualify as survivors under subsection (q) of Section 3 of this Act), and retired employees (as defined in subsection (p) of Section 3 of this Act). Contributions required of annuitants, survivors, and retired employees shall be the same for all retirement systems and shall also be based on whether an individual has made an election under Section 15-135.1 of the Illinois Pension Code. Contributions may be based on annuitants', survivors', or retired employees' Medicare eligibility, but may not be based on Social Security eligibility.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible.

A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

The Department of Central Management Services, or any successor agency designated to procure healthcare contracts pursuant to this Act, is authorized to establish funds, separate accounts provided by any bank or banks as defined by the Illinois Banking Act, or separate accounts provided by any savings and loan association or associations as defined by the Illinois Savings and Loan Act of 1985 to be held by the Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Local Government Health Insurance Reserve Fund. The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by moneys in the funds or accounts shall inure to the Local Government Health Insurance Reserve Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and interest accrued thereon, shall not be used for any other purpose including, but not limited to, reimbursement of administration fees due the administrative service organization pursuant to its contract or contracts with the Department.

(a-10) To the extent that participation, benefits, or premiums under this Act are based on a person's service credit under an Article of the Illinois Pension Code, service credit terminated in exchange for an accelerated pension benefit payment under Section 14-147.5, 15-185.5, or 16-190.5 of that Code shall be included in determining a person's service credit for the purposes of this Act.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months

or (2) until such person's employment or annuitant status with the State is terminated (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as

long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 50% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.
(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund is hereby created as a nonappropriated trust fund to be held outside the State Treasury, with the State Treasurer as custodian. The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. The Local Government Health Insurance Reserve Fund is not subject to administrative charges or charge-backs, including but not limited to those authorized under Section 8h of the State Finance Act. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. Any interest earned on moneys in the Local Government Health Insurance Reserve Fund shall be deposited into the Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.
Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. The domestic violence shelter shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the domestic violence shelter attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the domestic violence shelter remits the entire cost of providing coverage to those employees. Employees of a participating domestic violence shelter who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(l) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

(n) Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees. The child advocacy center shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the child advocacy center attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the child advocacy center attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the child advocacy center remits the entire cost of providing coverage to those employees. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Notwithstanding any provision of this Act to the contrary, Income Tax Proceed Bonds issued under Section 7.6 shall be payable 12 years from the date of sale and shall be issued with payment of principal or mandatory redemption.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment...
bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his

or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%.

(d) "Build America Bonds" in this Section means Bonds authorized by Section 54AA of the Internal Revenue Code of 1986, as amended ("Internal Revenue Code"), and bonds issued from time to time to refund or continue to refund "Build America Bonds".

(e) Notwithstanding any other provision of this Section, Qualified School Construction Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Qualified School Construction Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, and if the Qualified School Construction Bonds are issued with a supplemental coupon, bear interest payable at such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Qualified School Construction Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; except that interest payable at fixed or variable rates, if any, shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Qualified School Construction Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Qualified School Construction Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Qualified School Construction Bonds must be issued with principal or

mandatory redemption amounts or sinking fund payments into the General Obligation Bond Retirement and Interest Fund (or subaccount therefor) in equal amounts, with the first maturity issued, mandatory redemption payment or sinking fund payment occurring within the fiscal year in which the Qualified School Construction Bonds are issued or within the next succeeding fiscal year, with Qualified School Construction Bonds issued maturing or subject to mandatory redemption or with sinking fund payments thereof deposited each fiscal year thereafter up to 25 years. Sinking fund payments set forth in this subsection shall be permitted only to the extent authorized in Section 54F of the Internal Revenue Code or as otherwise determined by the Director of the Governor's Office of Management and Budget. "Qualified School Construction Bonds" in this subsection means Bonds authorized by Section 54F of the Internal Revenue Code and for bonds issued from time to time to refund or continue to refund such "Qualified School Construction Bonds".

(f) Beginning with the next issuance by the Governor's Office of Management and Budget to the Procurement Policy Board of a request for quotation for the purpose of formulating a new pool of qualified underwriting banks list, all entities responding to such a request for quotation for inclusion on that list shall provide a written report to the Governor's Office of Management and Budget and the Illinois Comptroller. The written report submitted to the Comptroller shall (i) be published on the Comptroller's Internet website and (ii) be used by the Governor's Office of Management and Budget for the purposes of scoring such a request for quotation. Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Sec. 14-135.08. To certify required State contributions.

(a) To certify to the Governor and to each department, on or before November 15 of each year until November 15, 2011, the required rate for State contributions to the System for the next State fiscal year, as determined under subsection (b) of Section 14-131. The certification to the Governor under this subsection (a) shall include a copy of the actuarial recommendations upon which the rate is based and shall specifically identify the System's projected State normal cost for that fiscal year.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed

On or before January 1 of each year beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(b) The certifications under subsections (a) and (a-5) shall include an additional amount necessary to pay all principal of and interest on those general obligation bonds due the next fiscal year authorized by Section 7.2(a) of the General Obligation Bond Act and issued to provide the proceeds deposited by the State with the System in July 2003, representing deposits other than amounts reserved under Section 7.2(c) of the General Obligation Bond Act. On or before May 1, 2004, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2006, taking into account the changes in
required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

By November 1, 2017, the Board shall recalculate and recertify to the State Actuary, the Governor, and the General Assembly the amount of the State contribution to the System for State fiscal year 2018, taking into account the changes in required State contributions made by this amendatory Act of the 100th General Assembly. The State Actuary shall review the assumptions and valuations underlying the Board's revised certification and issue a preliminary report concerning the proposed recertification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. The Board's final certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

On or after June 15, 2019, but no later than June 30, 2019, the Board shall recalculate and recertify to the Governor and the General Assembly the amount of the State contribution to the System for State fiscal year 2019, taking into account the changes in required State contributions made by this amendatory Act of the 100th General Assembly. The recalculation shall be made using assumptions adopted by the Board for the original fiscal year 2019 certification. The monthly voucher for the 12th month of fiscal year 2019 shall be paid by the Comptroller after the recertification required pursuant to this paragraph is submitted to the Governor, Comptroller, and General Assembly. Sec. 14-147.5. Accelerated pension benefit payment in lieu of any pension benefit.

(a) As used in this Section:
"Eligible person" means a person who:
   (1) has terminated service;
   (2) has accrued sufficient service credit to be eligible to receive a retirement annuity under this Article;
   (3) has not received any retirement annuity under this Article; and
   (4) has not made the election under Section 14-147.6.

"Pension benefit" means the benefits under this Article, or Article 1 as it relates to those benefits, including any anticipated annual increases, that an eligible person is entitled to upon attainment of the applicable retirement age. "Pension benefit" also includes applicable survivor's or disability benefits.

(b) As soon as practical after the effective date of this amendatory Act of the 100th General Assembly, the System shall calculate, using actuarial tables and other assumptions adopted by the Board, the present value of pension benefits for each eligible person who requests that information and shall offer each eligible person the opportunity to irrevocably elect to receive an amount determined by the System to be equal to 60% of the present value of his or her pension benefits in lieu of receiving any pension benefit. The offer shall specify the dollar amount that the eligible person will receive if he or she so elects and shall expire when a subsequent offer is made to an eligible person. An eligible person is limited to one calculation and offer per calendar year. The System shall make a good faith effort to contact every eligible person to notify him or her of the election.

Until June 30, 2021, an eligible person may irrevocably elect to receive an accelerated pension benefit payment in the amount that the System offers under this subsection in lieu of receiving any pension benefit. A person who elects to receive an accelerated pension benefit payment under this Section may not elect to proceed under the Retirement Systems Reciprocal Act with respect to service under this Article.

(c) A person's creditable service under this Article shall be terminated upon the person's receipt of an accelerated pension benefit payment under this Section, and no other benefit shall be paid under this Article based on the terminated creditable service, including any retirement, survivor, or other benefit; except that to the extent that

participation, benefits, or premiums under the State Employees Group Insurance Act of 1971 are based on the amount of service credit, the terminated service credit shall be used for that purpose.

(d) If a person who has received an accelerated pension benefit payment under this Section returns to active service under this Article, then:

(1) Any benefits under the System earned as a result of that return to active service shall be based solely on the person's creditable service arising from the return to active service.

(2) The accelerated pension benefit payment may not be repaid to the System, and the terminated creditable service may not under any circumstances be reinstated.

(e) As a condition of receiving an accelerated pension benefit payment, the accelerated pension benefit payment must be transferred into a tax qualified retirement plan or account. The accelerated pension benefit payment under this Section may be subject to withholding or payment of applicable taxes, but to the extent permitted by federal law, a person who receives an accelerated pension benefit payment under this Section must direct the System to pay all of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(f) Upon receipt of a member's irrevocable election to receive an accelerated pension benefit payment under this Section, the System shall submit a voucher to the Comptroller for payment of the member's accelerated pension benefit payment. The Comptroller shall transfer the amount of the voucher from the State Pension Obligation Acceleration Bond Fund to the System, and the System shall transfer the amount into the member's eligible retirement plan or qualified account.

(g) The Board shall adopt any rules, including emergency rules, necessary to implement this Section.

(h) No provision of this Section shall be interpreted in a way that would cause the applicable System to cease to be a qualified plan under the Internal Revenue Code of 1986.

5. has not made the election under Section 14-147.5.

(b) As soon as practical after the effective date of this amendatory Act of the 100th General Assembly and until June 30, 2021, the System shall implement an accelerated pension benefit payment option for eligible persons. Upon the request of an eligible person, the System shall calculate, using actuarial tables and other assumptions adopted by the Board, an accelerated pension benefit payment amount and shall offer that eligible person the opportunity to irrevocably elect to have his or her automatic annual increases in retirement annuity calculated in accordance with the formula provided under subsection (b-5) and any increases in survivor's annuity payable to his or her survivor's annuity beneficiary calculated in accordance with the formula provided under subsection (b-6) in exchange for the accelerated pension benefit payment. The election under this subsection must be made before the eligible person receives the first payment of a retirement annuity otherwise payable under this Article.

(b-5) Notwithstanding any other provision of law, the retirement annuity of a person who made the election under subsection (b) shall be subject to annual increases on the January 1 occurring either on or after the attainment of age 67 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 1.5% of the originally granted retirement annuity.

(b-6) Notwithstanding any other provision of law, a survivor's annuity payable to a survivor's annuity beneficiary of a person who made the election under subsection (b) shall be subject to annual increases on the January 1 occurring on or after the first anniversary of the

New matter indicated by italics - deletions by strikeout
commencement of the annuity. Each annual increase shall be calculated at 1.5% of the originally granted survivor's annuity.

(c) If a person who has received an accelerated pension benefit payment returns to active service under this Article, then:

(1) the calculation of any future automatic annual increase in retirement annuity shall be calculated in accordance with the formula provided under subsection (b-5); and

(2) the accelerated pension benefit payment may not be repaid to the System.

(d) As a condition of receiving an accelerated pension benefit payment, the accelerated pension benefit payment must be transferred into a tax qualified retirement plan or account. The accelerated pension benefit payment under this Section may be subject to withholding or payment of applicable taxes, but to the extent permitted by federal law, a person who receives an accelerated pension benefit payment under this Section must direct the System to pay all of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(d-5) Upon receipt of a member's irrevocable election to receive an accelerated pension benefit payment under this Section, the System shall submit a voucher to the Comptroller for payment of the member's accelerated pension benefit payment. The Comptroller shall transfer the amount of the voucher to the System, and the System shall transfer the amount into a member's eligible retirement plan or qualified account.

(e) The Board shall adopt any rules, including emergency rules, necessary to implement this Section.

(f) No provision of this Section shall be interpreted in a way that would cause the applicable System to cease to be a qualified plan under the Internal Revenue Code of 1986.

(40 ILCS 5/14-152.1)

Sec. 14-152.1. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 96-37, Public Act 100-23,
or this amendatory Act of the 100th General Assembly or by this amendatory Act of the 100th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 15-155. Employer contributions.

New matter indicated by italics - deletions by strikeout
(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2012 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For each of State fiscal years 2018, 2019, and 2020, the State shall make an additional contribution to the System equal to 2% of the total payroll of each employee who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applies in State fiscal year 2018 or thereafter shall be implemented in equal annual amounts over a 5-year period beginning in the State fiscal year in which the actuarial change first applies to the required State contribution.

A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applied to the State contribution in fiscal year 2014, 2015, 2016, or 2017 shall be implemented:

(i) as already applied in State fiscal years before 2018; and
(ii) in the portion of the 5-year period beginning in the State fiscal year in which the actuarial change first applied that occurs in State fiscal year 2018 or thereafter, by calculating the change in equal annual amounts over that 5-year period and then

implementing it at the resulting annual rate in each of the remaining fiscal years in that 5-year period.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $702,514,000 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2010, (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to Section 15-165 and shall be made from the State Pensions Fund and proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the General Revenue Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

New matter indicated by italics - deletions by strikeout
Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(a-2) Beginning in fiscal year 2018, each employer under this Article shall pay to the System a required contribution determined as a percentage of projected payroll and sufficient to produce an annual amount equal to:

(i) for each of fiscal years 2018, 2019, and 2020, the defined benefit normal cost of the defined benefit plan, less the employee contribution, for each employee of that employer who has elected or who is deemed to have elected the benefits under
Section 1-161 or who has made the election under subsection (c) of Section 1-161; for fiscal year 2021 and each fiscal year thereafter, the defined benefit normal cost of the defined benefit plan, less the employee contribution, plus 2%, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (c) of Section 1-161; plus

(ii) the amount required for that fiscal year to amortize any unfunded actuarial accrued liability associated with the present value of liabilities attributable to the employer's account under Section 15-155.2, determined as a level percentage of payroll over a 30-year rolling amortization period.

In determining contributions required under item (i) of this subsection, the System shall determine an aggregate rate for all employers, expressed as a percentage of projected payroll.

In determining the contributions required under item (ii) of this subsection, the amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation.

The contributions required under this subsection (a-2) shall be paid by an employer concurrently with that employer's payroll payment period. The State, as the actual employer of an employee, shall make the required contributions under this subsection.

As used in this subsection, "academic year" means the 12-month period beginning September 1.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter
employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) For academic years beginning on or after June 1, 2005 and before July 1, 2018 and for earnings paid to a participant under a contract or collective bargaining agreement entered into, amended, or renewed before the effective date of this amendatory Act of the 100th General Assembly, if the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a
full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section or that subsection (g-1) applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (g) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

When assessing payment for any amount due under this subsection (g), the System shall include earnings, to the extent not established by a participant under Section 15-113.11 or 15-113.12, that would have been paid to the participant had the participant not taken (i) periods of voluntary or involuntary furlough occurring on or after July 1, 2015 and on or before June 30, 2017 or (ii) periods of voluntary pay reduction in lieu of furlough occurring on or after July 1, 2015 and on or before June 30, 2017. Determining earnings that would have been paid to a participant had the

participant not taken periods of voluntary or involuntary furlough or periods of voluntary pay reduction shall be the responsibility of the employer, and shall be reported in a manner prescribed by the System.

This subsection (g) does not apply to (1) Tier 2 hybrid plan members and (2) Tier 2 defined benefit members who first participate under this Article on or after the implementation date of the Optional Hybrid Plan.

(g-1) For academic years beginning on or after July 1, 2018 and for earnings paid to a participant under a contract or collective bargaining agreement entered into, amended, or renewed on or after the effective date of this amendatory Act of the 100th General Assembly, if the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 3%, then the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 3%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g-1), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that subsection (g) of this Section applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (g). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (g-1) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt

of the bill, then interest shall be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

This subsection (g-1) does not apply to (1) Tier 2 hybrid plan members and (2) Tier 2 defined benefit members who first participate under this Article on or after the implementation date of the Optional Hybrid Plan.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These

New matter indicated by italics - deletions by strikeout
earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j-5) For academic years beginning on or after July 1, 2017, if the amount of a participant's earnings for any school year, determined on a full-time equivalent basis, exceeds the amount of the salary set for the Governor, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, an amount determined by the System to be equal to the employer normal cost, as established by the System and expressed as a total percentage of payroll, multiplied by the amount of earnings in excess of the amount of the salary set for the Governor. This amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may

require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a
fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(m) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

(40 ILCS 5/15-165) (from Ch. 108 1/2, par. 15-165)

Sec. 15-165. To certify amounts and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year until November 15, 2011 the appropriation required from State funds for the purposes of this System for the following fiscal year. The certification under this subsection (a) shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year and the projected State cost for the self-managed plan for that fiscal year.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year, beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary,
recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note, in a written response to the State Actuary, any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-10) By November 1, 2017, the Board shall recalculate and recertify to the State Actuary, the Governor, and the General Assembly the amount of the State contribution to the System for State fiscal year 2018, taking into account the changes in required State contributions made by this amendatory Act of the 100th General Assembly. The State Actuary shall review the assumptions and valuations underlying the Board's revised certification and issue a preliminary report concerning the proposed recertification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. The Board's final certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-15) On or after June 15, 2019, but no later than June 30, 2019, the Board shall recalculate and recertify to the Governor and the General Assembly the amount of the State contribution to the System for State fiscal year 2019, taking into account the changes in required State contributions made by this amendatory Act of the 100th General Assembly. The recalculation shall be made using assumptions adopted by the Board for the original fiscal year 2019 certification. The monthly voucher for the 12th month of fiscal year 2019 shall be paid by the Comptroller after the recertification required pursuant to this subsection is submitted to the Governor, Comptroller, and General Assembly. The recertification submitted to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

(b) The Board shall certify to the State Comptroller or employer, as the case may be, from time to time, by its chairperson and secretary, with its seal attached, the amounts payable to the System from the various funds.

(c) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (b) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(d) So long as the payments received are the full amount lawfully vouchered under this Section, payments received by the System under this Section shall be applied first toward the employer contribution to the self-managed plan established under Section 15-158.2. Payments shall be applied second toward the employer's portion of the normal costs of the System, as defined in subsection (f) of Section 15-155. The balance shall be applied toward the unfunded actuarial liabilities of the System.

(e) In the event that the System does not receive, as a result of legislative enactment or otherwise, payments sufficient to fully fund the employer contribution to the self-managed plan established under Section 15-158.2 and to fully fund that portion of the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1), then any payments received shall be applied proportionately to the optional retirement program established under Section 15-158.2 and to
the employer's portion of the normal costs of the System, as calculated in
accordance with Section 15-155(a-1).

Sec. 15-185.5. Accelerated pension benefit payment in lieu of any
pension benefit.
(a) As used in this Section:
"Eligible person" means a person who:
(1) has terminated service;
(2) has accrued sufficient service credit to be eligible to
receive a retirement annuity under this Article;
(3) has not received any retirement annuity under this
Article;
(4) has not made the election under Section 15-185.6; and
(5) is not a participant in the self-managed plan under
Section 15-158.2.
"Implementation date" means the earliest date upon which the
Board authorizes eligible persons to begin irrevocably electing the
accelerated pension benefit payment option under this Section. The Board
shall endeavor to make such participation available as soon as possible
after the effective date of this amendatory Act of the 100th General
Assembly and shall establish an implementation date by Board resolution.
"Pension benefit" means the benefits under this Article, or Article
1 as it relates to those benefits, including any anticipated annual
increases, that an eligible person is entitled to upon attainment of the
applicable retirement age. "Pension benefit" also includes applicable
survivors benefits, disability benefits, or disability retirement annuity
benefits.
(b) Beginning on the implementation date, the System shall offer
each eligible person the opportunity to irrevocably elect to receive an
amount determined by the System to be equal to 60% of the present value
of his or her pension benefits in lieu of receiving any pension benefit. The
System shall calculate, using actuarial tables and other assumptions
adopted by the Board, the present value of pension benefits for each
eligible person upon his or her request in writing to the System. The
System shall not perform more than one calculation per eligible member
in a State fiscal year. The offer shall specify the dollar amount that the
eligible person will receive if he or she so elects and shall expire when a
subsequent offer is made to an eligible person. The System shall make a

good faith effort to contact every eligible person to notify him or her of the election.

Beginning on the implementation date and until June 30, 2021, an eligible person may irrevocably elect to receive an accelerated pension benefit payment in the amount that the System offers under this subsection in lieu of receiving any pension benefit. A person who elects to receive an accelerated pension benefit payment under this Section may not elect to proceed under the Retirement Systems Reciprocal Act with respect to service under this Article.

(c) Upon payment of an accelerated pension benefit payment under this Section, the person forfeits all accrued rights and credits in the System and no other benefit shall be paid under this Article based on those forfeited rights and credits, including any retirement, survivor, or other benefit; except that to the extent that participation, benefits, or premiums under the State Employees Group Insurance Act of 1971 are based on the amount of service credit, the terminated service credit shall be used for that purpose.

(d) If a person who has received an accelerated pension benefit payment under this Section returns to participation under this Article, any benefits under the System earned as a result of that return to participation shall be based solely on the person's credits and creditable service arising from the return to participation. Upon return to participation, the person shall be considered a new employee subject to all the qualifying conditions for participation and eligibility for benefits applicable to new employees.

(d-5) The accelerated pension benefit payment may not be repaid to the System, and the forfeited rights and credits may not under any circumstances be reinstated.

(e) As a condition of receiving an accelerated pension benefit payment, the accelerated pension benefit payment must be deposited into a tax qualified retirement plan or account identified by the eligible person at the time of the election. The accelerated pension benefit payment under this Section may be subject to withholding or payment of applicable taxes, but to the extent permitted by federal law, a person who receives an accelerated pension benefit payment under this Section must direct the System to pay all of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(f) The System shall submit vouchers to the State Comptroller for the payment of accelerated pension benefit payments under this Section. The State Comptroller shall pay the amounts of the vouchers from the State Pension Obligation Acceleration Bond Fund to the System, and the System shall deposit the amounts into the applicable tax qualified plans or accounts.

(g) The Board shall adopt any rules, including emergency rules, necessary to implement this Section.

(h) No provision of this Section shall be interpreted in a way that would cause the System to cease to be a qualified plan under the Internal Revenue Code of 1986.

Sec. 15-185.6. Accelerated pension benefit payment for a reduction in an annual increase to a retirement annuity and an annuity benefit payable as a result of death.

(a) As used in this Section:
"Accelerated pension benefit payment" means a lump sum payment equal to 70% of the difference of: (i) the present value of the automatic annual increases to a Tier 1 member's retirement annuity, including any increases to any annuity benefit payable as a result of his or her death, using the formula applicable to the Tier 1 member; and (ii) the present value of the automatic annual increases to the Tier 1 member's retirement annuity, including any increases to any annuity benefit payable as a result of his or her death, using the formula provided under subsection (b-5).

"Eligible person" means a person who:
(1) is a Tier 1 member;
(2) has submitted an application for a retirement annuity under this Article;
(3) meets the age and service requirements for receiving a retirement annuity under this Article;
(4) has not received any retirement annuity under this Article;
(5) has not made the election under Section 15-185.5; and
(6) is not a participant in the self-managed plan under Section 15-158.2.

after the effective date of this amendatory Act of the 100th General Assembly and shall establish an implementation date by Board resolution.

(b) Beginning on the implementation date and until June 30, 2021, the System shall implement an accelerated pension benefit payment option for eligible persons. The System shall calculate, using actuarial tables and other assumptions adopted by the Board, an accelerated pension benefit payment amount for an eligible person upon his or her request in writing to the System and shall offer that eligible person the opportunity to irrevocably elect to have his or her automatic annual increases in retirement annuity and any annuity benefit payable as a result of his or her death calculated in accordance with the formula provided in subsection (b-5) in exchange for the accelerated pension benefit payment. The System shall not perform more than one calculation under this Section per eligible person in a State fiscal year. The election under this subsection must be made before any retirement annuity is paid to the eligible person, and the eligible survivor, spouse, or contingent annuitant, as applicable, must consent to the election under this subsection.

(b-5) Notwithstanding any other provision of law, the retirement annuity of a person who made the election under subsection (b) shall be increased annually beginning on the January 1 occurring either on or after the attainment of age 67 or the first anniversary of the annuity start date, whichever is later, and any annuity benefit payable as a result of his or her death shall be increased annually beginning on: (1) the January 1 occurring on or after the commencement of the annuity if the deceased Tier 1 member died while receiving a retirement annuity; or (2) the January 1 occurring after the first anniversary of the commencement of the benefit. Each annual increase shall be calculated at 1.5% of the originally granted retirement annuity or annuity benefit payable as a result of the Tier 1 member's death.

(c) If an annuitant who has received an accelerated pension benefit payment returns to participation under this Article, the calculation of any future automatic annual increase in retirement annuity under subsection (c) of Section 15-139 shall be calculated in accordance with the formula provided in subsection (b-5).

(c-5) The accelerated pension benefit payment may not be repaid to the System.

(d) As a condition of receiving an accelerated pension benefit payment, the accelerated pension benefit payment must be deposited into a tax qualified retirement plan or account identified by the eligible person at
the time of election. The accelerated pension benefit payment under this Section may be subject to withholding or payment of applicable taxes, but to the extent permitted by federal law, a person who receives an accelerated pension benefit payment under this Section must direct the System to pay all of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(d-5) The System shall submit vouchers to the State Comptroller for the payment of accelerated pension benefit payments under this Section. The State Comptroller shall pay the amounts of the vouchers from the State Pension Obligation Acceleration Bond Fund to the System, and the System shall deposit the amounts into the applicable tax qualified plans or accounts.

(e) The Board shall adopt any rules, including emergency rules, necessary to implement this Section.

(f) No provision of this Section shall be interpreted in a way that would cause the System to cease to be a qualified plan under the Internal Revenue Code of 1986.

Sec. 15-198. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly. "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 100-23 or this amendatory Act of the 100th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection.

New matter indicated by italics - deletions by strikeout
The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.
The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15 until November 15, 2011, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification under this subsection (a-1) shall include a copy of the actuarial recommendations upon which it is based and shall specifically identify the System's projected State normal cost for that fiscal year.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by Public Act 94-4 this amendatory Act of the 94th General Assembly.

On or before April 1, 2011, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2011, applying the changes made by Public Act 96-889 to the System's assets and liabilities as of June 30, 2009 as though Public Act 96-889 was approved on that date.

(a-5) On or before November 1 of each year, beginning November 1, 2012, the Board shall submit to the State Actuary, the Governor, and the General Assembly a proposed certification of the amount of the required State contribution to the System for the next fiscal year, along with all of the actuarial assumptions, calculations, and data upon which that proposed certification is based. On or before January 1 of each year, beginning January 1, 2013, the State Actuary shall issue a preliminary report concerning the proposed certification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. On or before January 15, 2013 and each January 15 thereafter, the Board shall certify to the Governor and the General Assembly the amount of the required State contribution for the next fiscal year. The Board's certification must note any deviations from the State contributions.
Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-10) By November 1, 2017, the Board shall recalculate and recertify to the State Actuary, the Governor, and the General Assembly the amount of the State contribution to the System for State fiscal year 2018, taking into account the changes in required State contributions made by Public Act 100-23 this amendatory Act of the 100th General Assembly. The State Actuary shall review the assumptions and valuations underlying the Board's revised certification and issue a preliminary report concerning the proposed recertification and identifying, if necessary, recommended changes in actuarial assumptions that the Board must consider before finalizing its certification of the required State contributions. The Board's final certification must note any deviations from the State Actuary's recommended changes, the reason or reasons for not following the State Actuary's recommended changes, and the fiscal impact of not following the State Actuary's recommended changes on the required State contribution.

(a-15) On or after June 15, 2019, but no later than June 30, 2019, the Board shall recalculate and recertify to the Governor and the General Assembly the amount of the State contribution to the System for State fiscal year 2019, taking into account the changes in required State contributions made by this amendatory Act of the 100th General Assembly. The recalculation shall be made using assumptions adopted by the Board for the original fiscal year 2019 certification. The monthly voucher for the 12th month of fiscal year 2019 shall be paid by the Comptroller after the recertification required pursuant to this subsection is submitted to the Governor, Comptroller, and General Assembly. The recertification submitted to the General Assembly shall be filed with the Clerk of the House of Representatives and the Secretary of the Senate in electronic form only, in the manner that the Clerk and the Secretary shall direct.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution.

certified under subsection (a-1). From March 5, 2004 (the effective date of 
Public Act 93-665) this amendatory Act of the 93rd General Assembly 
through June 30, 2004, the Board shall not submit vouchers for the 
remainder of fiscal year 2004 in excess of the fiscal year 2004 certified 
contribution amount determined under this Section after taking into 
consideration the transfer to the System under subsection (a) of Section 
6z-61 of the State Finance Act. These vouchers shall be paid by the State 
Comptroller and Treasurer by warrants drawn on the funds appropriated to 
the System for that fiscal year.

If in any month the amount remaining unexpended from all other 
appropriations to the System for the applicable fiscal year (including the 
appropriations to the System under Section 8.12 of the State Finance Act 
and Section 1 of the State Pension Funds Continuing Appropriation Act) is 
less than the amount lawfully vouchered under this subsection, the 
difference shall be paid from the Common School Fund under the 
continuing appropriation authority provided in Section 1.1 of the State 
Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to 
school districts not coming under this System shall not be diminished or 
fected by the provisions of this Article.

(b-3) For State fiscal years 2012 through 2045, the minimum 
contribution to the System to be made by the State for each fiscal year 
shall be an amount determined by the System to be sufficient to bring the 
total assets of the System up to 90% of the total actuarial liabilities of the 
System by the end of State fiscal year 2045. In making these 
determinations, the required State contribution shall be calculated each 
year as a level percentage of payroll over the years remaining to and 
including fiscal year 2045 and shall be determined under the projected unit 
credit actuarial cost method.

For each of State fiscal years 2018, 2019, and 2020, the State shall 
make an additional contribution to the System equal to 2% of the total 
payroll of each employee who is deemed to have elected the benefits under 
Section 1-161 or who has made the election under subsection (c) of 
Section 1-161.

A change in an actuarial or investment assumption that increases or 
decreases the required State contribution and first applies in State fiscal 
year 2018 or thereafter shall be implemented in equal annual amounts over 
a 5-year period beginning in the State fiscal year in which the actuarial 
change first applies to the required State contribution.

New matter indicated by italics - deletions by strikeout
A change in an actuarial or investment assumption that increases or decreases the required State contribution and first applied to the State contribution in fiscal year 2014, 2015, 2016, or 2017 shall be implemented:

(i) as already applied in State fiscal years before 2018; and
(ii) in the portion of the 5-year period beginning in the State fiscal year in which the actuarial change first applied that occurs in State fiscal year 2018 or thereafter, by calculating the change in equal annual amounts over that 5-year period and then implementing it at the resulting annual rate in each of the remaining fiscal years in that 5-year period.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before May 27, 1998 (the effective date of Public Act 90-582): 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2009, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is $2,089,268,000 and shall be made from the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of

total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2010, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2011 is the amount recertified by the System on or before April 1, 2011 pursuant to subsection (a-1) of this Section and shall be made from the proceeds of bonds sold in fiscal year 2011 pursuant to Section 7.2 of the General Obligation Bond Act, less (i) the pro rata share of bond sale expenses determined by the System's share of total bond proceeds, (ii) any amounts received from the Common School Fund in fiscal year 2011, and (iii) any reduction in bond proceeds due to the issuance of discounted bonds, if applicable. This amount shall include, in addition to the amount certified by the System, an amount necessary to meet employer contributions required by the State as an employer under paragraph (e) of this Section, which may also be used by the System for contributions required by paragraph (a) of Section 16-127.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments

for that fiscal year on the bonds issued in fiscal year 2003 for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued in fiscal year 2003 for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b-4) Beginning in fiscal year 2018, each employer under this Article shall pay to the System a required contribution determined as a percentage of projected payroll and sufficient to produce an annual amount equal to:

(i) for each of fiscal years 2018, 2019, and 2020, the defined benefit normal cost of the defined benefit plan, less the employee contribution, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (b) of Section 1-161; for fiscal year 2021 and each fiscal year thereafter, the defined benefit normal cost of the defined benefit plan, less the employee contribution, plus 2%, for each employee of that employer who has elected or who is deemed to have elected the benefits under Section 1-161 or who has made the election under subsection (b) of Section 1-161; plus

(ii) the amount required for that fiscal year to amortize any unfunded actuarial accrued liability associated with the present value of liabilities attributable to the employer's account under Section 16-158.3, determined as a level percentage of payroll over a 30-year rolling amortization period.

In determining contributions required under item (i) of this subsection, the System shall determine an aggregate rate for all employers, expressed as a percentage of projected payroll.

In determining the contributions required under item (ii) of this subsection, the amount shall be computed by the System on the basis of

the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation.

The contributions required under this subsection (b-4) shall be paid by an employer concurrently with that employer's payroll payment period. The State, as the actual employer of an employee, shall make the required contributions under this subsection.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, which, beginning July 1, 2017, shall be at a rate, expressed as a percentage of salary, equal to the total employer's normal cost, expressed as a percentage of payroll, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System. Any contribution for fiscal year 2015 collected as a result of the change made by Public Act 98-674 this amendatory Act of the 98th General Assembly shall be considered a State contribution under subsection (b-3) of this Section.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this

Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

1. Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

2. Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from Public Act 90-582 this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by Public Act 90-582 this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

bargaining agreement entered into, amended, or renewed before the effective date of this amendatory Act of the 100th General Assembly, if the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by Public Act 94-1111 this amendatory Act of the 94th General Assembly apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section or that subsection (f-1) of this Section applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual

actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(f-1) For school years beginning on or after July 1, 2018 and for salary paid to a teacher under a contract or collective bargaining agreement entered into, amended, or renewed on or after the effective date of this amendatory Act of the 100th General Assembly, if the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 3%, then the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 3%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (f-1), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it shall, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that subsection (f) of this Section applies, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (f). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f-1) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest shall be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection

Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
2. The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(i-5) For school years beginning on or after July 1, 2017, if the amount of a participant's salary for any school year, determined on a full-time equivalent basis, exceeds the amount of the salary set for the Governor, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, an amount determined by the System to be equal to the employer normal cost, as established by the System and expressed as a total percentage of payroll, multiplied by the amount of salary in excess of the amount of the salary set for the Governor. This amount shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the...
grounds of the dispute. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any actuarial gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(k) For purposes of determining the required State contribution to the system for a particular year, the actuarial value of assets shall be assumed to earn a rate of return equal to the system's actuarially assumed rate of return.

Sec. 16-190.5. Accelerated pension benefit payment in lieu of any pension benefit.

(a) As used in this Section:
"Eligible person" means a person who:
(1) has terminated service;
(2) has accrued sufficient service credit to be eligible to receive a retirement annuity under this Article;
(3) has not received any retirement annuity under this Article; and
(4) has not made the election under Section 16-190.6.
"Pension benefit" means the benefits under this Article, or Article 1 as it relates to those benefits, including any anticipated annual increases, that an eligible person is entitled to upon attainment of the
applicable retirement age. "Pension benefit" also includes applicable survivor's or disability benefits.

(b) As soon as practical after the effective date of this amendatory Act of the 100th General Assembly, the System shall calculate, using actuarial tables and other assumptions adopted by the Board, the present value of pension benefits for each eligible person who requests that information and shall offer each eligible person the opportunity to irrevocably elect to receive an amount determined by the System to be equal to 60% of the present value of his or her pension benefits in lieu of receiving any pension benefit. The offer shall specify the dollar amount that the eligible person will receive if he or she so elects and shall expire when a subsequent offer is made to an eligible person. The System shall make a good faith effort to contact every eligible person to notify him or her of the election.

Until June 30, 2021, an eligible person may irrevocably elect to receive an accelerated pension benefit payment in the amount that the System offers under this subsection in lieu of receiving any pension benefit. A person who elects to receive an accelerated pension benefit payment under this Section may not elect to proceed under the Retirement Systems Reciprocal Act with respect to service under this Article.

(c) A person's creditable service under this Article shall be terminated upon the person's receipt of an accelerated pension benefit payment under this Section, and no other benefit shall be paid under this Article based on the terminated creditable service, including any retirement, survivor, or other benefit; except that to the extent that participation, benefits, or premiums under the State Employees Group Insurance Act of 1971 are based on the amount of service credit, the terminated service credit shall be used for that purpose.

(d) If a person who has received an accelerated pension benefit payment under this Section returns to active service under this Article, then:

(1) Any benefits under the System earned as a result of that return to active service shall be based solely on the person's creditable service arising from the return to active service.

(2) The accelerated pension benefit payment may not be repaid to the System, and the terminated creditable service may not under any circumstances be reinstated.

(e) As a condition of receiving an accelerated pension benefit payment, the accelerated pension benefit payment must be transferred into
a tax qualified retirement plan or account. The accelerated pension benefit payment under this Section may be subject to withholding or payment of applicable taxes, but to the extent permitted by federal law, a person who receives an accelerated pension benefit payment under this Section must direct the System to pay all of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(f) Upon receipt of a member's irrevocable election to receive an accelerated pension benefit payment under this Section, the System shall submit a voucher to the Comptroller for payment of the member's accelerated pension benefit payment. The Comptroller shall transfer the amount of the voucher from the State Pension Obligation Acceleration Bond Fund to the System, and the System shall transfer the amount into the member's eligible retirement plan or qualified account.

(g) The Board shall adopt any rules, including emergency rules, necessary to implement this Section.

(h) No provision of this amendatory Act of the 100th General Assembly shall be interpreted in a way that would cause the applicable System to cease to be a qualified plan under the Internal Revenue Code of 1986.

(40 ILCS 5/16-190.6 new)
Sec. 16-190.6. Accelerated pension benefit payment for a reduction in annual retirement annuity and survivor's annuity increases.

(a) As used in this Section:

"Accelerated pension benefit payment" means a lump sum payment equal to 70% of the difference of the present value of the automatic annual increases to a Tier 1 member's retirement annuity and survivor's annuity using the formula applicable to the Tier 1 member and the present value of the automatic annual increases to the Tier 1 member's retirement annuity using the formula provided under subsection (b-5) and the survivor's annuity using the formula provided under subsection (b-6).

"Eligible person" means a person who:

(1) is a Tier 1 member;

(2) has submitted an application for a retirement annuity under this Article;

(3) meets the age and service requirements for receiving a retirement annuity under this Article;

(4) has not received any retirement annuity under this Article; and

(5) has not made the election under Section 16-190.5.

(b) As soon as practical after the effective date of this amendatory Act of the 100th General Assembly and until June 30, 2021, the System shall implement an accelerated pension benefit payment option for eligible persons. Upon the request of an eligible person, the System shall calculate, using actuarial tables and other assumptions adopted by the Board, an accelerated pension benefit payment amount and shall offer that eligible person the opportunity to irrevocably elect to have his or her automatic annual increases in retirement annuity calculated in accordance with the formula provided under subsection (b-5) and any increases in survivor's annuity payable to his or her survivor's annuity beneficiary calculated in accordance with the formula provided under subsection (b-6) in exchange for the accelerated pension benefit payment. The election under this subsection must be made before the eligible person receives the first payment of a retirement annuity otherwise payable under this Article.

(b-5) Notwithstanding any other provision of law, the retirement annuity of a person who made the election under subsection (b) shall be subject to annual increases on the January 1 occurring either on or after the attainment of age 67 or the first anniversary of the annuity start date, whichever is later. Each annual increase shall be calculated at 1.5% of the originally granted retirement annuity.

(b-6) Notwithstanding any other provision of law, a survivor's annuity payable to a survivor's annuity beneficiary of a person who made the election under subsection (b) shall be subject to annual increases on the January 1 occurring on or after the first anniversary of the commencement of the annuity. Each annual increase shall be calculated at 1.5% of the originally granted survivor's annuity.

(c) If a person who has received an accelerated pension benefit payment returns to active service under this Article, then:

(1) the calculation of any future automatic annual increase in retirement annuity shall be calculated in accordance with the formula provided in subsection (b-5); and

(2) the accelerated pension benefit payment may not be repaid to the System.

applicable taxes, but to the extent permitted by federal law, a person who receives an accelerated pension benefit payment under this Section must direct the System to pay all of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(d-5) Upon receipt of a member's irrevocable election to receive an accelerated pension benefit payment under this Section, the System shall submit a voucher to the Comptroller for payment of the member's accelerated pension benefit payment. The Comptroller shall transfer the amount of the voucher from the State Pension Obligation Acceleration Bond Fund to the System, and the System shall transfer the amount into the member's eligible retirement plan or qualified account.

(40 ILCS 5/16-203)
Sec. 16-203. Application and expiration of new benefit increases.
(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 95-910, Public Act 100-23, or this amendatory Act of the 100th General Assembly or this amendatory Act of the 100th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall
analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

ARTICLE 120. NATURAL DISASTER CREDIT

Section 120-5. The Illinois Income Tax Act is amended by changing Section 226 as follows:

(35 ILCS 5/226)
Sec. 226. Natural disaster credit.
(a) For taxable years that begin on or after January 1, 2017 and begin prior to January 1, 2018, each taxpayer who owns qualified real property located in a county in Illinois that was declared a State disaster area by the Governor due to flooding in 2017 or 2018 is entitled to a credit against the taxes imposed by subsections (a) and (b) of Section 201 of this Act in an amount equal to the lesser of $750 or the deduction allowed (whether or not the taxpayer determines taxable income under subsection (b) of Section 63 of the Internal Revenue Code) with respect to the qualified property under Section 165 of the Internal Revenue Code, determined without regard to the limitations imposed under subsection (h) of that Section. The township assessor or, if the township assessor is unable, the chief county assessment officer of the county in which the property is located, shall issue a certificate to the taxpayer identifying the taxpayer's property as damaged as a result of the natural disaster. The certificate shall include the name and address of the property owner, as well as the property index number or permanent index number (PIN) of the damaged property. The taxpayer shall attach a copy of such certificate to the taxpayer's return for the taxable year for which the credit is allowed.

(b) In no event shall a credit under this Section reduce a taxpayer's liability to less than zero. If the amount of credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability for the 5 taxable years following the excess credit year. The tax credit shall be applied to the earliest year for which there is a tax liability. If there are credits for more than one year that are available to offset liability, the earlier credit shall be applied first.

(c) If the taxpayer is a partnership or Subchapter S corporation, the credit shall be allowed to the partners or shareholders in accordance with
the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

(d) A taxpayer is not entitled to the credit under this Section if the taxpayer receives a Natural Disaster Homestead Exemption under Section 15-173 of the Property Tax Code with respect to the qualified real property as a result of the natural disaster.

(e) The township assessor or, if the township assessor is unable to certify, the chief county assessment officer of the county in which the property is located, shall certify to the Department a listing of the properties located within the county that have been damaged as a result of the natural disaster (including the name and address of the property owner and the property index number or permanent index number (PIN) of each damage property).

(f) As used in this Section:

(1) "Qualified real property" means real property that is: (i) the taxpayer's principal residence or owned by a small business; (ii) damaged during the taxable year as a result of a disaster; and (iii) not used in a rental or leasing business.

(2) "Small business" has the meaning given to that term in Section 1-75 of the Illinois Administrative Procedure Act.

(a) If an Executive Inspector General, upon the conclusion of an investigation, determines that reasonable cause exists to believe that a violation has occurred, then the Executive Inspector General shall issue a summary report of the investigation. The report shall be delivered to the appropriate ultimate jurisdictional authority and to the head of each State agency affected by or involved in the investigation, if appropriate. The appropriate ultimate jurisdictional authority or agency head shall respond to the summary report within 20 days, in writing, to the Executive Inspector General. The response shall include a description of any
corrective or disciplinary action to be imposed. *If the appropriate ultimate jurisdictional authority does not respond within 20 days, or within an extended time period as agreed to by the Executive Inspector General, an Executive Inspector General may proceed under subsection (c) as if a response had been received.*

(b) The summary report of the investigation shall include the following:

1. A description of any allegations or other information received by the Executive Inspector General pertinent to the investigation.

(c) Within 30 days after receiving a response from the appropriate ultimate jurisdictional authority or agency head under subsection (a), the Executive Inspector General shall notify the Commission and the Attorney General if the Executive Inspector General believes that a complaint should be filed with the Commission. If the Executive Inspector General desires to file a complaint with the Commission, the Executive Inspector General shall submit the summary report and supporting documents to the Attorney General. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Executive Inspector General and the Executive Inspector General shall deliver to the Executive Ethics Commission a copy of the summary report and response from the ultimate jurisdictional authority or agency head. (c-10) If, after reviewing the documents, the Commission believes that further investigation is warranted, the Commission may request that the Executive Inspector General provide additional information or conduct further investigation. The Commission may also appoint a Special Executive Inspector General to investigate or refer the summary report and response from the ultimate jurisdictional authority to the Attorney General for further investigation or review. If the Commission requests the Attorney General to investigate or review, the Commission must notify the Attorney General and the Inspector General. The Attorney General may not begin an investigation or review until receipt of notice from the Commission. If, after review, the Attorney General determines that reasonable cause exists to believe that a violation has occurred, then the Attorney General may file a complaint with the Executive Ethics Commission. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Executive Ethics Commission and the appropriate Executive Inspector General.

The Commission shall issue notice by certified mail, return receipt requested, to the Executive Inspector General, Attorney General, and all respondents of the Commission's ruling on the sufficiency of the complaint. If the complaint is deemed to sufficiently allege a violation of this Act, then the Commission shall include a hearing date scheduled within 4 weeks after the date of the notice, unless all of the parties consent to a later date. If the complaint is deemed not to sufficiently allege a violation, then the Commission shall send by certified mail, return receipt requested, a notice to the Executive Inspector General, Attorney General, and all respondents of the decision to dismiss the complaint.

(g) On the scheduled date the Commission shall conduct a closed meeting, either in person or, if the parties consent, by telephone, on the complaint and allow all parties the opportunity to present testimony and evidence. All such proceedings shall be transcribed.

violation has occurred, then the Legislative Inspector General shall issue a
summary report of the investigation. The report shall be delivered to the
appropriate ultimate jurisdictional authority, and to the head of each State
agency affected by or involved in the investigation, if appropriate, and the
member, if any, that is the subject of the report. The appropriate ultimate

jurisdictional authority or agency head and the member, if any, that is the subject of the report shall respond to the summary report within 20 days, in writing, to the Legislative Inspector General. If the ultimate jurisdictional authority is the subject of the report, he or she may only respond to the summary report in his or her capacity as the subject of the report and shall not respond in his or her capacity as the ultimate jurisdictional authority. The response shall include a description of any corrective or disciplinary action to be imposed. If the appropriate ultimate jurisdictional authority or the member that is the subject of the report does not respond within 20 days, or within an extended time as agreed to by the Legislative Inspector General, the Legislative Inspector General may proceed under subsection (c) as if a response had been received. A member receiving and responding to a report under this Section shall be deemed to be acting in his or her official capacity.

(b) The summary report of the investigation shall include the following:

(1) A description of any allegations or other information received by the Legislative Inspector General pertinent to the investigation.

(2) A description of any alleged misconduct discovered in the course of the investigation.

(3) Recommendations for any corrective or disciplinary action to be taken in response to any alleged misconduct described in the report, including but not limited to discharge.

(4) Other information the Legislative Inspector General deems relevant to the investigation or resulting recommendations.

(c) Within 30 days after receiving a response from the appropriate ultimate jurisdictional authority or agency head under subsection (a), the Legislative Inspector General shall notify the Commission and the Attorney General if the Legislative Inspector General believes that a complaint should be filed with the Commission. If the Legislative Inspector General desires to file a complaint with the Commission, the Legislative Inspector General shall submit the summary report and supporting documents to the Attorney General. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Legislative Inspector General and the Legislative Inspector General shall deliver to the Legislative Ethics Commission a copy of the summary report and response from the ultimate jurisdictional authority or agency head. If the Attorney General determines

that reasonable cause exists to believe that a violation has occurred, then
the Legislative Inspector General, represented by the Attorney General,
may file with the Legislative Ethics Commission a complaint. The
complaint shall set forth the alleged violation and the grounds that exist to
support the complaint. *Except as provided under subsection (1.5) of
Section 20, the* complaint must be filed with the Commission within
18 months after the most recent act of the alleged violation or of a series of
alleged violations except where there is reasonable cause to believe that
fraudulent concealment has occurred. To constitute fraudulent
concealment sufficient to toll this limitations period, there must be an
affirmative act or representation calculated to prevent discovery of the fact
that a violation has occurred. If a complaint is not filed with the
Commission within 6 months after notice by the Inspector General to the
Commission and the Attorney General, then the Commission may set a
meeting of the Commission at which the Attorney General shall appear
and provide a status report to the Commission.

(c-5) Within 30 days after receiving a response from the
appropriate ultimate jurisdictional authority or agency head under
subsection (a), if the Legislative Inspector General does not believe that a
complaint should be filed, the Legislative Inspector General shall deliver
to the Legislative Ethics Commission a statement setting forth the basis for
the decision not to file a complaint and a copy of the summary report and
response from the ultimate jurisdictional authority or agency head. The
Inspector General may also submit a redacted version of the summary
report and response from the ultimate jurisdictional authority if the
Inspector General believes either contains information that, in the opinion
of the Inspector General, should be redacted prior to releasing the report,
may interfere with an ongoing investigation, or identifies an informant or
complainant.

(c-10) If, after reviewing the documents, the Commission believes
that further investigation is warranted, the Commission may request that
the Legislative Inspector General provide additional information or
conduct further investigation. The Commission may also refer the
summary report and response from the ultimate jurisdictional authority to
the Attorney General for further investigation or review. If the
Commission requests the Attorney General to investigate or review, the
Commission must notify the Attorney General and the Legislative
Inspector General. The Attorney General may not begin an investigation or
review until receipt of notice from the Commission. If, after review, the

Attorney General determines that reasonable cause exists to believe that a violation has occurred, then the Attorney General may file a complaint with the Legislative Ethics Commission. If the Attorney General concludes that there is insufficient evidence that a violation has occurred, the Attorney General shall notify the Legislative Ethics Commission and the appropriate Legislative Inspector General.

(d) A copy of the complaint filed with the Legislative Ethics Commission must be served on all respondents named in the complaint and on each respondent's ultimate jurisdictional authority in the same manner as process is served under the Code of Civil Procedure.

(e) A respondent may file objections to the complaint within 30 days after notice of the petition has been served on the respondent.

(f) The Commission shall meet, at least 30 days after the complaint is served on all respondents either in person or by telephone, in a closed session to review the sufficiency of the complaint. The Commission shall issue notice by certified mail, return receipt requested, to the Legislative Inspector General, the Attorney General, and all respondents of the Commission's ruling on the sufficiency of the complaint. If the complaint is deemed to sufficiently allege a violation of this Act, then the Commission shall include a hearing date scheduled within 4 weeks after the date of the notice, unless all of the parties consent to a later date. If the complaint is deemed not to sufficiently allege a violation, then the Commission shall send by certified mail, return receipt requested, a notice to the Legislative Inspector General, the Attorney General, and all respondents the decision to dismiss the complaint.

(g) On the scheduled date the Commission shall conduct a closed meeting, either in person or, if the parties consent, by telephone, on the complaint and allow all parties the opportunity to present testimony and evidence. All such proceedings shall be transcribed.

(h) Within an appropriate time limit set by rules of the Legislative Ethics Commission, the Commission shall (i) dismiss the complaint, (ii) issue a recommendation of discipline to the respondent and the respondent's ultimate jurisdictional authority, (iii) impose an administrative fine upon the respondent, (iv) issue injunctive relief as described in Section 50-10, or (v) impose a combination of (ii) through (iv).

(i) The proceedings on any complaint filed with the Commission shall be conducted pursuant to rules promulgated by the Commission.
(j) The Commission may designate hearing officers to conduct proceedings as determined by rule of the Commission.

(k) In all proceedings before the Commission, the standard of proof is by a preponderance of the evidence.

(l) Within 30 days after the issuance of a final administrative decision that concludes that a violation occurred, the Legislative Ethics Commission shall make public the entire record of proceedings before the Commission, the decision, any recommendation, any discipline imposed, and the response from the agency head or ultimate jurisdictional authority to the Legislative Ethics Commission.

(A) Employers. (A-5) Language. For an employer to impose a restriction that has the effect of prohibiting a language from being spoken by an employee in communications that are unrelated to the employee's duties.

For the purposes of this subdivision (A-5), "language" means a person's native tongue, such as Polish, Spanish, or Chinese. "Language" does not include such things as slang, jargon, profanity, or vulgarity.

(B) Employment Agency. For any employment agency to fail or refuse to classify properly, accept applications and register for employment referral or apprenticeship referral, refer for employment, or refer for apprenticeship on the basis of unlawful discrimination or citizenship status or to accept from any person any job order, requisition or request for referral of applicants for employment or apprenticeship which makes or has the effect of making unlawful discrimination or discrimination on the basis of citizenship status a condition of referral.

(C) Labor Organization. For any labor organization to limit, segregate or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take, or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment or apprenticeship conditions on the basis of unlawful discrimination or citizenship status.

(D) Sexual Harassment. For any employer, employee, agent of any employer, employment agency or labor organization to engage in sexual harassment; provided, that an employer shall be responsible for sexual harassment of the employer's employees by nonemployees or nonmanagerial and nonsupervisory employees only if the employer becomes aware of the conduct and fails to take reasonable corrective measures.

(E) Public Employers. For any public employer to refuse to permit a public employee under its jurisdiction who takes time off from work in order to practice his or her religious beliefs to engage in work, during hours other than such employee's regular working hours, consistent with the operational needs of the employer and in order to compensate for work time lost for such religious reasons. Any employee who elects such deferred work shall be compensated at the wage rate which he or she would have earned during the originally scheduled work period. The employer may require that an employee who plans to take time off from work in order to practice his or her religious beliefs provide the employer

with a notice of his or her intention to be absent from work not exceeding 5 days prior to the date of absence.

(E-5) Religious discrimination. For any employer to impose upon a person as a condition of obtaining or retaining employment, including opportunities for promotion, advancement, or transfer, any terms or conditions that would require such person to violate or forgo a sincerely held practice of his or her religion including, but not limited to, the wearing of any attire, clothing, or facial hair in accordance with the requirements of his or her religion, unless, after engaging in a bona fide effort, the employer demonstrates that it is unable to reasonably accommodate the employee's or prospective employee's sincerely held religious belief, practice, or observance without undue hardship on the conduct of the employer's business.

Nothing in this Section prohibits an employer from enacting a dress code or grooming policy that may include restrictions on attire, clothing, or facial hair to maintain workplace safety or food sanitation.

(F) Training and Apprenticeship Programs. For any employer, employment agency or labor organization to discriminate against a person on the basis of age in the selection, referral for or conduct of apprenticeship or training programs.

(G) Immigration-Related Practices.

(1) for an employer to request for purposes of satisfying the requirements of Section 1324a(b) of Title 8 of the United States Code, as now or hereafter amended, more or different documents than are required under such Section or to refuse to honor documents tendered that on their face reasonably appear to be genuine; or

(2) for an employer participating in the E-Verify Program, as authorized by 8 U.S.C. 1324a, Notes, Pilot Programs for Employment Eligibility Confirmation (enacted by PL 104-208, div. C title IV, subtitle A) to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment without following the procedures under the E-Verify Program.

(H) (Blank).

(I) Pregnancy. For an employer to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or

terms, privileges or conditions of employment on the basis of pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth. Women affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth shall be treated the same for all employment-related purposes, including receipt of benefits under fringe benefit programs, as other persons not so affected but similar in their ability or inability to work, regardless of the source of the inability to work or employment classification or status.

(J) Pregnancy; reasonable accommodations.

(1) If after a job applicant or employee, including a part-time, full-time, or probationary employee, requests a reasonable accommodation, for an employer to not make reasonable accommodations for any medical or common condition of a job applicant or employee related to pregnancy or childbirth, unless the employer can demonstrate that the accommodation would impose an undue hardship on the ordinary operation of the business of the employer. The employer may request documentation from the employee's health care provider concerning the need for the requested reasonable accommodation or accommodations to the same extent documentation is requested for conditions related to disability if the employer's request for documentation is job-related and consistent with business necessity. The employer may require only the medical justification for the requested accommodation or accommodations, a description of the reasonable accommodation or accommodations medically advisable, the date the reasonable accommodation or accommodations became medically advisable, and the probable duration of the reasonable accommodation or accommodations. It is the duty of the individual seeking a reasonable accommodation or accommodations to submit to the employer any documentation that is requested in accordance with this paragraph. Notwithstanding the provisions of this paragraph, the employer may require documentation by the employee's health care provider to determine compliance with other laws. The employee and employer shall engage in a timely, good faith, and meaningful exchange to determine effective reasonable accommodations.

(2) For an employer to deny employment opportunities or benefits to or take adverse action against an otherwise qualified job applicant or employee, including a part-time, full-time, or
probationary employee, if the denial or adverse action is based on the need of the employer to make reasonable accommodations to the known medical or common conditions related to the pregnancy or childbirth of the applicant or employee.

(3) For an employer to require a job applicant or employee, including a part-time, full-time, or probationary employee, affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to accept an accommodation when the applicant or employee did not request an accommodation and the applicant or employee chooses not to accept the employer's accommodation.

(4) For an employer to require an employee, including a part-time, full-time, or probationary employee, to take leave under any leave law or policy of the employer if another reasonable accommodation can be provided to the known medical or common conditions related to the pregnancy or childbirth of an employee. No employer shall fail or refuse to reinstate the employee affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to her original job or to an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other applicable service credits upon her signifying her intent to return or when her need for reasonable accommodation ceases, unless the employer can demonstrate that the accommodation would impose an undue hardship on the ordinary operation of the business of the employer.

For the purposes of this subdivision (J), "reasonable accommodations" means reasonable modifications or adjustments to the job application process or work environment, or to the manner or circumstances under which the position desired or held is customarily performed, that enable an applicant or employee affected by pregnancy, childbirth, or medical or common conditions related to pregnancy or childbirth to be considered for the position the applicant desires or to perform the essential functions of that position, and may include, but is not limited to: more frequent or longer bathroom breaks, breaks for increased water intake, and breaks for periodic rest; private non-bathroom space for expressing breast milk and breastfeeding; seating; assistance with manual labor; light duty; temporary transfer to a less strenuous or hazardous position; the provision of an accessible worksite; acquisition or modification of equipment; job restructuring; a part-time or modified work

schedule; appropriate adjustment or modifications of examinations, training materials, or policies; reassignment to a vacant position; time off to recover from conditions related to childbirth; and leave necessitated by pregnancy, childbirth, or medical or common conditions resulting from pregnancy or childbirth.

For the purposes of this subdivision (J), "undue hardship" means an action that is prohibitively expensive or disruptive when considered in light of the following factors: (i) the nature and cost of the accommodation needed; (ii) the overall financial resources of the facility or facilities involved in the provision of the reasonable accommodation, the number of persons employed at the facility, the effect on expenses and resources, or the impact otherwise of the accommodation upon the operation of the facility; (iii) the overall financial resources of the employer, the overall size of the business of the employer with respect to the number of its employees, and the number, type, and location of its facilities; and (iv) the type of operation or operations of the employer, including the composition, structure, and functions of the workforce of the employer, the geographic separateness, administrative, or fiscal relationship of the facility or facilities in question to the employer. The employer has the burden of proving undue hardship. The fact that the employer provides or would be required to provide a similar accommodation to similarly situated employees creates a rebuttable presumption that the accommodation does not impose an undue hardship on the employer.

No employer is required by this subdivision (J) to create additional employment that the employer would not otherwise have created, unless the employer does so or would do so for other classes of employees who need accommodation. The employer is not required to discharge any employee, transfer any employee with more seniority, or promote any employee who is not qualified to perform the job, unless the employer does so or would do so to accommodate other classes of employees who need it.

(K) Notice.

(1) For an employer to fail to post or keep posted in a conspicuous location on the premises of the employer where notices to employees are customarily posted, or fail to include in any employee handbook information concerning an employee's rights under this Article, a notice, to be prepared or approved by the Department, summarizing the requirements of this Article and information pertaining to the filing of a charge, including the right

New matter indicated by italics - deletions by strikeout
to be free from unlawful discrimination, the right to be free from sexual harassment, and the right to certain reasonable accommodations. The Department shall make the documents required under this paragraph available for retrieval from the Department's website.

(2) Upon notification of a violation of paragraph (1) of this subdivision (K), the Department may launch a preliminary investigation. If the Department finds a violation, the Department may issue a notice to show cause giving the employer 30 days to correct the violation. If the violation is not corrected, the Department may initiate a charge of a civil rights violation.

Sec. 2-107. Helpline Hotline to Report Sexual Harassment and Discrimination.

(a) The Department shall, no later than 3 months after the effective date of this amendatory Act of the 100th General Assembly, establish and maintain a sexual harassment and discrimination helpline hotline. The Department shall help persons who contact the Department through the helpline hotline find necessary resources, including counseling services, and assist in the filing of sexual harassment and discrimination complaints with the Department or other applicable agencies. The Department may recommend individuals seek private counsel, but shall not make recommendations for legal representation. The helpline hotline shall provide the means through which persons may anonymously report sexual harassment and discrimination in both private and public places of employment. In the case of a report of sexual harassment and discrimination by a person subject to Article 20 or 25 of the State Officials and Employees Ethics Act, the Department shall, with the permission of the reporting individual, report the allegations to the Executive Inspector General or Legislative Inspector General for further investigation.

(b) The Department shall advertise the helpline hotline on its website and in materials related to sexual harassment and discrimination, including posters made available to the public, and encourage reporting by both those who are subject to sexual harassment and discrimination and those who have witnessed it.

(c) All communications received by the Department via the helpline hotline or Internet communication shall remain confidential and shall be exempt from disclosure under the Freedom of Information Act.

Sec. 7A-102. Procedures.

(A) Charge.

(1) Within 300 calendar days after the date that a civil rights violation allegedly has been committed, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(3) Charges deemed filed with the Department pursuant to subsection (A-1) of this Section shall be deemed to be in compliance with this subsection.

(1) If a charge is filed with the Equal Employment Opportunity Commission (EEOC) within 300 calendar days after the date of the alleged civil rights violation, the charge shall be deemed filed with the Department on the date filed with the EEOC. If the EEOC is the governmental agency designated to investigate the charge first, the Department shall take no action until the EEOC makes a determination on the charge and after the complainant notifies the Department of the EEOC's determination. In such cases, after receiving notice from the EEOC that a charge

was filed, the Department shall notify the parties that (i) a charge has been received by the EEOC and has been sent to the Department for dual filing purposes; (ii) the EEOC is the governmental agency responsible for investigating the charge and that the investigation shall be conducted pursuant to the rules and procedures adopted by the EEOC; (iii) it will take no action on the charge until the EEOC issues its determination; (iv) the complainant must submit a copy of the EEOC's determination within 30 days after service of the determination by the EEOC on complainant; and (v) that the time period to investigate the charge contained in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC until the EEOC issues its determination.

(2) If the EEOC finds reasonable cause to believe that there has been a violation of federal law and if the Department is timely notified of the EEOC's findings by complainant, the Department shall notify complainant that the Department has adopted the EEOC's determination of reasonable cause and that complainant has the right, within 90 days after receipt of the Department's notice, to either file his or her own complaint with the Illinois Human Rights Commission or commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. The Department's notice to complainant that the Department has adopted the EEOC's determination of reasonable cause shall constitute the Department's Report for purposes of subparagraph (D) of this Section.

(3) For those charges alleging violations within the jurisdiction of both the EEOC and the Department and for which the EEOC either (i) does not issue a determination, but does issue the complainant a notice of a right to sue, including when the right to sue is issued at the request of the complainant, or (ii) determines that it is unable to establish that illegal discrimination has occurred and issues the complainant a right to sue notice, and if the Department is timely notified of the EEOC's determination by complainant, the Department shall notify the parties that the Department will adopt the EEOC's determination as a dismissal for lack of substantial evidence unless the complainant requests in writing within 35 days after receipt of the Department's notice that the Department review the EEOC's determination.

New matter indicated by italics - deletions by strikeout
(a) If the complainant does not file a written request with the Department to review the EEOC's determination within 35 days after receipt of the Department's notice, the Department shall notify complainant that the decision of the EEOC has been adopted by the Department as a dismissal for lack of substantial evidence and that the complainant has the right, within 90 days after receipt of the Department's notice, to commence a civil action in the appropriate circuit court or other appropriate court of competent jurisdiction. The Department's notice to complainant that the Department has adopted the EEOC's determination shall constitute the Department's report for purposes of subparagraph (D) of this Section.

(b) If the complainant does file a written request with the Department to review the EEOC's determination, the Department shall review the EEOC's determination and any evidence obtained by the EEOC during its investigation. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is no need for further investigation of the charge, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of Section 7A-102. If, after reviewing the EEOC's determination and any evidence obtained by the EEOC, the Department determines there is a need for further investigation of the charge, the Department may conduct any further investigation it deems necessary. After reviewing the EEOC's determination, the evidence obtained by the EEOC, and any additional investigation conducted by the Department, the Department shall issue a report and the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed pursuant to subsection (D) of Section 7A-102 of this Act.

(4) Pursuant to this Section, if the EEOC dismisses the charge or a portion of the charge of discrimination because, under federal law, the EEOC lacks jurisdiction over the charge, and if, under this Act, the Department has jurisdiction over the charge of

discrimination, the Department shall investigate the charge or portion of the charge dismissed by the EEOC for lack of jurisdiction pursuant to subsections (A), (A-1), (B), (B-1), (C), (D), (E), (F), (G), (H), (I), (J), and (K) of Section 7A-102 of this Act.

(5) The time limit set out in subsection (G) of this Section is tolled from the date on which the charge is filed with the EEOC to the date on which the EEOC issues its determination.

(B) Notice and Response to Charge. The Department shall, within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent. This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of the charge. The position statements and other materials filed shall remain confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during pendency of a charge with the Department. The Department may require the respondent to file a response to the allegations contained in the charge. Upon the Department's request, the respondent shall file a response to the charge within 60 days and shall serve a copy of its response on the complainant or his or her representative. Notwithstanding any request from the Department, the respondent may elect to file a response to the charge within 60 days of receipt of notice of the charge, provided the respondent serves a copy of its response on the complainant or his or her representative. All allegations contained in the charge not denied by the respondent within 60 days of the Department's request for a response may be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a response to a charge within 60 days of receipt of the Department's request, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 30 days of receipt of the respondent's response, the complainant may file a reply to said response and shall serve a copy of said reply on the respondent or his or her representative. A party shall have the right to supplement his or her response or reply at any time that the investigation of the charge is pending. The Department shall, within 10 days of the date on which the charge was filed, and again no later than 335 days thereafter, send by

New matter indicated by italics - deletions by strikeout
certified or registered mail written notice to the complainant and to the respondent informing the complainant of the complainant's right to either file a complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court under subparagraph (2) of paragraph (G), including in such notice the dates within which the complainant may exercise this right. In the notice the Department shall notify the complainant that the charge of civil rights violation will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the Commission or with the appropriate circuit court by the complainant pursuant to subparagraph (2) of paragraph (G) or by the Department pursuant to subparagraph (1) of paragraph (G).

(B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

(1) The Department shall conduct an investigation sufficient to determine whether the allegations set forth in the charge are supported by substantial evidence.

(2) The Director or his or her designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

(4) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference, unless prior to 365 days after the date on which the charge was filed the Director has determined whether there is

New matter indicated by italics - deletions by strikeout
substantial evidence that the alleged civil rights violation has been committed, the charge has been dismissed for lack of jurisdiction, or the parties voluntarily and in writing agree to waive the fact finding conference. Any party's failure to attend the conference without good cause shall result in dismissal or default. The term "good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director. The notice of default issued by the Director shall notify the respondent that a request for review may be filed in writing with the Commission within 30 days of receipt of notice of default. The notice of dismissal issued by the Director shall give the complainant notice of his or her right to seek review of the dismissal before the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, he or she may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, he or she must do so within 90 days after receipt of the Director's notice.

(D) Report.

(1) Each charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not limited to, findings of fact and conclusions, as well as the reasons for the determinations on all material issues. Substantial evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.
(3) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the Director shall give the complainant notice of his or her right to seek review of the dismissal order before the Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 90 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, he or she may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, he or she must do so within 90 days after receipt of the Director's notice.

(4) If the Director determines that there is substantial evidence, he or she shall notify the complainant and respondent of that determination. The Director shall also notify the parties that the complainant has the right to either commence a civil action in the appropriate circuit court or request that the Department of Human Rights file a complaint with the Human Rights Commission on his or her behalf. Any such complaint shall be filed within 90 days after receipt of the Director's notice. If the complainant chooses to have the Department file a complaint with the Human Rights Commission on his or her behalf, the complainant must, within 30 days after receipt of the Director's notice, request in writing that the Department file the complaint. If the complainant timely requests that the Department file the complaint, the Department shall file the complaint on his or her behalf. If the complainant fails to timely request that the Department file the complaint, the complainant may file his or her complaint with the Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Human Rights Commission, the complainant shall give notice to the Department of the filing of the complaint with the Human Rights Commission.

(E) Conciliation.

(1) When there is a finding of substantial evidence, the Department may designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the
effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(2) When the Department determines that a formal conciliation conference is necessary, the complainant and respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(3) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(4) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made.

(5) The Department's efforts to conciliate the matter shall not stay or extend the time for filing the complaint with the Commission or the circuit court.

(F) Complaint.

(1) When the complainant requests that the Department file a complaint with the Commission on his or her behalf, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief sought on behalf of the aggrieved party. The Department shall file the complaint with the Commission.

(2) If the complainant chooses to commence a civil action in a circuit court, he or she must do so in the circuit court in the county wherein the civil rights violation was allegedly committed. The form of the complaint in any such civil action shall be in accordance with the Illinois Code of Civil Procedure.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall issue its report as required by subparagraph (D). Any such report shall be duly served upon both the complainant and the respondent.

(2) If the Department has not issued its report within 365 days after the charge is filed, or any such longer period agreed to in writing by all the parties, the complainant shall have 90 days to...
either file his or her own complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Commission, the form of the complaint shall be in accordance with the provisions of paragraph (F)(1). If the complainant commences a civil action in a circuit court, the form of the complaint shall be in accordance with the Illinois Code of Civil Procedure. The aggrieved party shall notify the Department that a complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission or in circuit court. If the complainant files a complaint with the Commission, he or she may not later commence a civil action in circuit court.

(3) If an aggrieved party files a complaint with the Human Rights Commission or commences a civil action in circuit court pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Commission under this Section is appealable in accordance with paragraph (B)(1) of Section 8-111. Failure to immediately cease an investigation and dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. The Department may also be liable for any costs and other damages incurred by the respondent as a result of the action of the Department.

(4) The Department shall stay any administrative proceedings under this Section after the filing of a civil action by or on behalf of the aggrieved party under any federal or State law seeking relief with respect to the alleged civil rights violation.

(I) This amendatory Act of 1996 applies to causes of action filed on or after January 1, 1996.

This subsection (c) does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

(d) A consumer reporting agency shall place a security freeze on a consumer's credit report no later than 5 business days after receiving a written request from the consumer:

(1) a written request described in subsection (c); and

(2) proper identification; and

(3) payment of a fee, if applicable.

(e) Upon placing the security freeze on the consumer's credit report, the consumer reporting agency shall send to the consumer within 10 business days a written confirmation of the placement of the security freeze and a unique personal identification number or password or similar device, other than the consumer's Social Security number, to be used by the consumer when providing authorization for the release of his or her credit report for a specific party or period of time.
(f) If the consumer wishes to allow his or her credit report to be accessed for a specific party or period of time while a freeze is in place, he or she shall contact the consumer reporting agency using a point of contact designated by the consumer reporting agency, request that the freeze be temporarily lifted, and provide the following:

1. proper identification;
2. the unique personal identification number or password or similar device provided by the consumer reporting agency; and
3. the proper information regarding the third party or time period for which the report shall be available to users of the credit report.

(4) A fee, if applicable.

A security freeze for a minor may not be temporarily lifted. This Section does not require a consumer reporting agency to provide to a minor or a parent or guardian of a minor on behalf of the minor a unique personal identification number, password, or similar device provided by the consumer reporting agency for the minor, or parent or guardian of the minor, to use to authorize the consumer reporting agency to release information from a minor.

(g) A consumer reporting agency shall develop a contact method to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f) in an expedited manner.

A contact method under this subsection shall include: (i) a postal address; and (ii) an electronic contact method chosen by the consumer reporting agency, which may include the use of telephone, fax, Internet, or other electronic means.

(h) A consumer reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f), shall comply with the request no later than 3 business days after receiving the request.

(i) A consumer reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

1. upon consumer request, pursuant to subsection (f) or subsection (l) of this Section; or
2. if the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer.

If a consumer reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this subsection, the consumer
reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

(j) If a third party requests access to a credit report on which a security freeze is in effect, and this request is in connection with an application for credit or any other use, and the consumer does not allow his or her credit report to be accessed for that specific party or period of time, the third party may treat the application as incomplete.

(k) If a consumer requests a security freeze, the credit reporting agency shall disclose to the consumer the process of placing and temporarily lifting a security freeze, and the process for allowing access to information from the consumer's credit report for a specific party or period of time while the freeze is in place.

(l) A security freeze shall remain in place until the consumer or person authorized under subsection (c) to act on behalf of the minor or person with a disability who is the subject of the security freeze requests, using a point of contact designated by the consumer reporting agency, that the security freeze be removed. A credit reporting agency shall remove a security freeze within 3 business days of receiving a request for removal from the consumer, who provides:

(1) proper identification; and
(2) the unique personal identification number or password or similar device provided by the consumer reporting agency; and
(3) A fee, if applicable.

(m) A consumer reporting agency shall require proper identification of the person making a request to place or remove a security freeze and may require proper identification and proper authority from the person making the request to place or remove a freeze on behalf of the person with a disability or minor.

(n) The provisions of subsections (c) through (m) of this Section do not apply to the use of a consumer credit report by any of the following:

(1) A person or entity, or a subsidiary, affiliate, or agent of that person or entity, or an assignee of a financial obligation owing by the consumer to that person or entity, or a prospective assignee of a financial obligation owing by the consumer to that person or entity in conjunction with the proposed purchase of the financial obligation, with which the consumer has or had prior to assignment an account or contract, including a demand deposit account, or to whom the consumer issued a negotiable instrument, for the purposes of reviewing the account or collecting the financial

(n-5) A consumer reporting agency may not impose a charge on a consumer for placing a freeze, removing a freeze, or temporarily lifting a freeze. This Section does not prevent a consumer reporting agency from charging a fee of no more than $10 to a consumer for each freeze, removal, or temporary lift of the freeze, regarding access to a consumer credit report, except that a consumer reporting agency may not charge a fee to: (i) a consumer 65 years of age or over for placement and removal of a freeze; (ii) a victim of identity theft who has submitted to the consumer reporting agency a valid copy of a police report, investigative report, or complaint

(o) If a security freeze is in place, a consumer reporting agency shall not change any of the following official information in a credit report without sending a written confirmation of the change to the consumer within 30 days of the change being posted to the consumer's file: (i) name, (ii) date of birth, (iii) Social Security number, and (iv) address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

(p) The following entities are not required to place a security freeze in a consumer report, however, pursuant to paragraph (3) of this subsection, a consumer reporting agency acting as a reseller shall honor any security freeze placed on a consumer credit report by another consumer reporting agency:

AN ACT concerning safety.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Consumer Electronics Recycling Act is amended by changing Sections 1-5, 1-10, 1-25, and 1-30 and by adding Sections 1-3, 1-33, 1-84.5, and 1-87 as follows:

(415 ILCS 151/1-3 new)
Sec. 1-3. Findings; purpose.
(a) The General Assembly finds all of the following:
   (1) Many older and obsolete consumer electronic products contain materials which may pose environmental and health risks that should be managed.
   (2) Consumer electronic products contain metals, plastics, glass, and other potentially valuable materials. The reuse and recycling of these materials can conserve natural resources and energy.
   (3) The recycling and reuse of the covered electronic devices defined under this Act falls within the State of Illinois' interest in the proper management of such products.
   (4) Illinois counties and municipalities may face significant cost burdens in collecting and processing obsolete electronic products for reuse and recycling.
   (5) Manufacturers of electronic products should share responsibility for the proper management of obsolete consumer electronic products.
   (6) Illinois counties and municipalities, and the citizens of Illinois, will benefit from the implementation of a program or programs for the proper management of obsolete consumer electronic products operated by manufacturers that are actively overseen by the State.
   (7) It is the intent of the State to allow manufacturers to coordinate their activities and programs related to the proper management of obsolete covered electronic devices as defined under this Act under strict State supervision regardless of the effect the manufacturers' actions or such coordination will have on competition.

New matter indicated by italics - deletions by strikeout
(8) It is in the best interest of the State to promote the coordination of manufacturer activities and programs related to the proper management of obsolete covered electronic devices through participation in a manufacturer clearinghouse as set forth in the Act.

(b) The purpose of this Act is to further the interest of the State of Illinois in the proper management of obsolete consumer electronics products by setting forth procedures by which the recycling and processing for reuse of covered electronic devices will be accomplished by manufacturers for those counties and municipalities that wish to opt-in to electronic product manufacturer-run recycling and processing programs that are approved and overseen by the State of Illinois.

Sec. 1-30. Manufacturer registration.

(a) By April 1, 2018, and by April 1 of each year thereafter for the upcoming program year, beginning with program year 2019, each manufacturer who sells CEDs in the State must register with the Agency by: (i) submitting to the Agency a $5,000 registration fee; and (ii) completing and submitting to the Agency the registration form prescribed by the Agency. Information on the registration form shall include, without limitation, all of the following:

(1) a list of all of the brands and labels under which the manufacturer's CEDs are sold or offered for sale in the State; and

(2) the total weights, by CED category, of residential CEDs sold in the United States to individuals, or offered for sale under any of the manufacturer's brands or labels, in the United States.
during the calendar year that is 2 years before immediately preceding the applicable program year.

If, during a program year, any of the manufacturer's CEDs are sold or offered for sale in the State under a brand that is not listed in the manufacturer's registration, then, within 30 days after the first sale or offer for sale under that brand, the manufacturer must amend its registration to add the brand. All registration fees collected by the Agency pursuant to this Section shall be deposited into the Solid Waste Management Fund.

(b) The Agency shall post on its website a list of all registered manufacturers.

(c) Beginning in program year 2019, a manufacturer whose CEDs are sold or offered for sale in this State for the first time on or after April 1 of a program year must register with the Agency within 30 days after the date the CEDs are first sold or offered for sale in the State.

(d) Beginning in program year 2019, manufacturers shall ensure that only recyclers that have registered with the Agency and meet the recycler standards set forth in Section 1-40 are used to transport or recycle residential CEDs collected at any program collection site or one-day collection event.

(e) Beginning in program year 2019, no manufacturer may sell or offer for sale a CED in this State unless the manufacturer is registered and operates a manufacturer program either individually or as part of the manufacturer clearinghouse as required in this Act.

(f) Beginning in program year 2019, no manufacturer may sell or offer for sale a CED in this State unless the manufacturer's brand name is permanently affixed to, and is readily visible on, the CED.

(g) In accordance with a contract or agreement with a county, municipality, or municipal joint action agency that has elected to participate in a manufacturer e-waste program under this Act, manufacturers may, either individually or through the manufacturer clearinghouse, audit program collection sites and proposed program collection sites for compliance with the terms and conditions of the contract or agreement. Audits shall be conducted during normal business hours, and a manufacturer or its designee shall provide reasonable notice to the collection site in advance of the audit. Audits of all program collection sites may include, among other things, physical site location visits and inspections and review of processes, procedures, technical systems, reports, and documentation reasonably related to the collecting,
sorting, packaging, and recycling of residential CEDs in compliance with
this Act.

(h) Nothing in this Act shall require a manufacturer or
manufacturer e-waste program to collect, transport, or recycle any CEDs
other than residential CEDs, or to accept for transport or recycling any
pallet or bulk container of residential CEDs that has not been prepared by
the collector for shipment in accordance with subsection (e) of Section 1-
45.

Sec. 1-33. Manufacturer clearinghouse.

(a) A manufacturer e-waste program plan submitted by a
manufacturer clearinghouse may take into account and incorporate
individual plans or operations of one or more manufacturers that are
participating in the manufacturer clearinghouse.

(b) If a manufacturer clearinghouse allocates responsibility to
manufacturers for manufacturers' transportation and recycling of
residential CEDs during a program year as part of a manufacturer e-
waste program plan, then the manufacturer clearinghouse shall identify
the allocation methodology in its plan submission to the Agency pursuant
to Section 1-25 of this Act for review and approval. Any allocation of
responsibility among manufacturers for the collection of covered
electronic devices shall be in accordance with the allocation methodology
established pursuant to Section 1-84.5 of this Act.

(c) A manufacturer clearinghouse shall have no authority to
enforce manufacturer compliance with the requirements of this Act,
including compliance with the allocation methodology set forth in a
manufacturer e-waste program plan, but shall, upon prior notice to the
manufacturer, refer any potential non-compliance to the Agency. A
manufacturer clearinghouse may develop and implement policies and
procedures that exclude from participation in the manufacturer
clearinghouse any manufacturers found by the Illinois Pollution Control
Board or a court of competent jurisdiction to have failed to comply with
this Act.

(415 ILCS 151/1-84.5 new)

Sec. 1-84.5. Manufacturer clearinghouse; allocation of financial
responsibility for the transportation and recycling of covered electronic
devices.

(a) As used in this Section, unless the context otherwise requires:

New matter indicated by italics - deletions by strikeout
"Adjusted total proportional responsibility" means the percentage calculated for each participating manufacturer for a program year under subsection (f) of this Section.

"Market share" means the percentage that results from dividing:

1. The product of the total weight reported for a CED category by a manufacturer, for the calendar year 2 years before the applicable program year, under paragraph (2) of subsection (a) of Section 1-30 of this Act, multiplied by the population adjustment factor for that year; by

2. The product of the total weight reported for that CED category by all manufacturers, for the calendar year 2 years before the applicable program year, under paragraph (2) of subsection (a) of Section 1-30 of this Act, multiplied by the population adjustment factor for that year.

"Participating manufacturer" means a manufacturer that a manufacturer clearinghouse has listed, pursuant to subsection (c) of this Section, as a participant in the manufacturer clearinghouse for a program year.

"Population adjustment factor" means the percentage that results when (i) the population of Illinois, as reported in the most recent federal decennial census, is divided by (ii) the population of the United States, as reported in the most recent federal decennial census.

"Return share" means the percentage, by weight, of each CED category that is returned to the program collection sites and one-day collection events operated by or on behalf of either a manufacturer clearinghouse or one or more of its participating manufacturers during the calendar year 2 years before the applicable program year, as reported to the Agency under Section 1-10 of this Act; except that, for program year 2019 and program year 2020, "return share" means the percentage, by weight, of each CED category that is estimated by the manufacturer clearinghouse to be returned to those sites and events during the applicable program year, as reported to the Agency under subsection (b) of this Section.

"Unadjusted total proportional responsibility" means the percentage calculated for each participating manufacturer under subsection (e) of this Section.

(b) By March 1, 2018, each manufacturer clearinghouse shall provide the Agency with a statement of the return share for each CED category for program year 2019, and by March 1, 2019, each
manufacturer clearinghouse shall provide the Agency with a statement of
the return share for each CED category for program year 2020.

(c) If a manufacturer clearinghouse submits to the Agency a
manufacturer e-waste program plan under Section 1-25 of this Act, then
the manufacturer clearinghouse shall include in the plan a list of
manufacturers that have agreed to participate in the manufacturer
clearinghouse for the upcoming program year.

(d) By November 1, 2018, and each November 1 thereafter, the
Agency shall provide each manufacturer clearinghouse with a statement of
the unadjusted total proportional responsibility and adjusted total
proportional responsibility of each of its participating manufacturers for
the upcoming program year.

(e) For each program year, the Agency shall calculate the
unadjusted total proportional responsibility of each participating
manufacturer as follows:

(1) For each CED category, the Agency shall multiply (i)
the participating manufacturer's market share for the CED
category by (ii) the return share for the CED category, to arrive at
the category-specific proportional responsibility of the
participating manufacturer for the CED category.

(2) The Agency shall then, for each participating
manufacturer, sum the category-specific proportional
responsibilities of the participating manufacturer calculated under
paragraph (1), to arrive at the participating manufacturer's
unadjusted total proportional responsibility.

(f) If the sum of all unadjusted total proportional responsibilities of
a manufacturer clearinghouse's participating manufacturers for a
program year accounts for less than 100% of the return share for that
year, then the Agency shall divide the unallocated return share among
participating manufacturers in proportion to their unadjusted total
proportional responsibilities, to arrive at the adjusted total proportional
responsibility for each participating manufacturer.

(g) A manufacturer may use retail collection sites to satisfy some
or all of the manufacturer's responsibilities, including, but not limited to,
the manufacturer's transportation and recycling of collected residential
CEDs pursuant to any allocation methodology established under this Act.
Nothing in this Act shall prevent a manufacturer from using retail
collection sites to satisfy any percentage of the manufacturer's total
responsibilities, including, but not limited to, the manufacturer's
transportation and recycling of collected residential CEDs pursuant to any allocation methodology established under this Act or by administrative rule.

Licenses not registered in accordance with Section 21B-40 of this Code shall lapse after a period of 6 months from the expiration of the last year of registration or on January 1 of the fiscal year following initial issuance of the license. An unregistered license is invalid after September 1 for employment and performance of services in an Illinois public or State-operated school or cooperative and in a charter school. Any license or endorsement may be voluntarily surrendered by the license holder. A voluntarily surrendered license, except a substitute teaching license issued under Section 21B-20 of this Code, shall be treated as a revoked license. An Educator License with Stipulations with only a paraprofessional endorsement does not lapse.

(c) From July 1, 2013 through June 30, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator licensee with an administrative endorsement who is working in a position requiring such endorsement shall complete one
Illinois Administrators' Academy course, as described in Article 2 of this Code, per fiscal year.

(d) Beginning July 1, 2014, in order to satisfy the requirements for licensure renewal provided for in this Section, each professional educator licensee may create a professional development plan each year. The plan shall address one or more of the endorsements that are required of his or her educator position if the licensee is employed and performing services in an Illinois public or State-operated school or cooperative. If the licensee is employed in a charter school, the plan shall address that endorsement or those endorsements most closely related to his or her educator position. Licensees employed and performing services in any other Illinois schools may participate in the renewal requirements by adhering to the same process.

Except as otherwise provided in this Section, the licensee's professional development activities shall align with one or more of the following criteria:

1. activities are of a type that engage participants over a sustained period of time allowing for analysis, discovery, and application as they relate to student learning, social or emotional achievement, or well-being;

2. professional development aligns to the licensee's performance;

3. outcomes for the activities must relate to student growth or district improvement;

4. activities align to State-approved standards; and

5. higher education coursework.

(e) For each renewal cycle, each professional educator licensee shall engage in professional development activities. The following provisions shall apply concerning professional development activities:

(6) Licensees who are retired and qualify for benefits from a State of Illinois retirement system shall notify the State Board of Education using ELIS, and the license shall be maintained in retired status. For any renewal cycle in which a licensee retires during the renewal cycle, the licensee must complete professional development activities on a prorated basis depending on the number of years during the renewal cycle the educator held an active license. If a licensee retires during a renewal cycle, the licensee must notify the State Board of Education using ELIS that the licensee wishes to maintain the license in retired status and must show proof of completion of professional development activities on a prorated basis for all years of that renewal cycle for which the license was active. An individual with a license in retired status shall not be required to complete professional development activities or pay registration fees until returning to a position that requires educator licensure. Upon returning to work in a position that requires the Professional Educator License, the licensee shall immediately pay a registration fee and complete renewal requirements for that year. The program shall be comprised of 4 phases:

(1) A course of study that at a minimum includes instructional planning; instructional strategies, including special education, reading, and English language learning; classroom management; and the assessment of students and use of data to drive instruction.

(2) A year of residency, which is a candidate's assignment to a full-time teaching position or as a co-teacher for one full school year. An individual must hold an Educator License with Stipulations with an alternative provisional educator endorsement in order to enter the residency and must complete additional program requirements that address required State and national standards, pass the assessment of professional teaching before entering the second residency year, as required under phase (3) of this subsection (b), and be recommended by the principal and program coordinator to continue with the second year of the residency.

school year. The candidate must be assigned an experienced teacher to act as a mentor and coach the candidate through the second year of residency.

(4) A comprehensive assessment of the candidate's teaching effectiveness, as evaluated by the principal and the program coordinator, at the end of the second year of residency. If there is disagreement between the 2 evaluators about the candidate's teaching effectiveness, the candidate may complete one additional year of residency teaching under a professional development plan developed by the principal and preparation program. At the completion of the third year, a candidate must have positive evaluations and a recommendation for full licensure from both the principal and the program coordinator or no Professional Educator License shall be issued.

Successful completion of the program shall be deemed to satisfy any other practice or student teaching and content matter requirements established by law.

(c) An alternative provisional educator endorsement on an Educator License with Stipulations is valid for 2 years of teaching in the public schools, including without limitation a charter school, or in a State-recognized nonpublic school in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State, but may be renewed for a third year if needed to complete the Alternative Educator Licensure Program for Teachers. If the candidate is serving as the teacher of record, the candidate must receive a salary, benefits, and any other terms of employment. Residency experiences must not be counted towards tenure.

(d) The recognized institution offering the Alternative Educator Licensure Program for Teachers must partner with a school district, including without limitation a charter school, or a State-recognized, nonpublic school in this State in which the chief administrator is required to have the licensure necessary to be a principal in a public school in this State and in which a majority of the teachers are required to have the licensure necessary to be instructors in a public school in this State. The program presented for approval by the State Board of Education must demonstrate the supports that are to be provided to assist the provisional teacher during the 2-year residency period. These supports must provide additional contact hours with mentors during the first year of residency.

(e) Upon completion of the 4 phases outlined in subsection (b) of this Section and all assessments required under Section 21B-30 of this Code, an individual shall receive a Professional Educator License.

(4) "Petitioner" means not only any named petitioner for the civil no contact order and any named victim of non-consensual sexual conduct or non-consensual sexual penetration on whose behalf the petition is brought, but includes any other person sought to be protected under this Article.

(5) "Respondent" in a petition for a civil no contact order means the defendant.

(6) "Sexual conduct" means any intentional or knowing touching or fondling by the petitioner or the respondent, either directly or through clothing, of the sex organs, anus, or breast of the petitioner or the respondent, or any part of the body of a child under 13 years of age, or any transfer or transmission of semen by the respondent upon any part of the clothed or unclothed body of
the petitioner, for the purpose of sexual gratification or arousal of
the petitioner or the respondent.

(7) "Sexual penetration" means any contact, however slight,
between the sex organ or anus of one person by an object, the sex
organ, mouth or anus of another person, or any intrusion, however
slight, of any part of the body of one person or of any animal or
object into the sex organ or anus of another person, including, but
not limited to, cunnilingus, fellatio, or anal penetration. Evidence
of emission of semen is not required to prove sexual penetration.

(8) "Stay away" means to refrain from both physical
presence and nonphysical contact with the petitioner directly,
indirectly, or through third parties who may or may not know of
the order. "Nonphysical contact" includes, but is not limited to,
telephone calls, mail, e-mail, fax, and written notes.

(d) For the purposes of cases involving stalking offenses, the
following terms shall have the following meanings in this Article:

(1) "Course of conduct" means 2 or more acts, including,
but not limited to, acts in which a respondent directly, indirectly, or
through third parties, by any action, method, device, or means
follows, monitors, observes, surveils, threatens, or communicates
to or about, a person, engages in other contact, or interferes with or
damages a person's property or pet. A course of conduct may
include contact via electronic communications. The incarceration
of a person in a penal institution who commits the course of
conduct is not a bar to prosecution.

(2) "Emotional distress" means significant mental suffering,
anxiety, or alarm.

(3) "Contact" includes any contact with the victim, that is
initiated or continued without the victim's consent, or that is in
disregard of the victim's expressed desire that the contact be
avoided or discontinued, including, but not limited to, being in the
physical presence of the victim; appearing within the sight of the
victim; approaching or confronting the victim in a public place or
on private property; appearing at the workplace or residence of the
victim; entering onto or remaining on property owned, leased, or
occupied by the victim; or placing an object on, or delivering an
object to, property owned, leased, or occupied by the victim.
(4) "Petitioner" means any named petitioner for the stalking no contact order or any named victim of stalking on whose behalf the petition is brought.

(5) "Reasonable person" means a person in the petitioner's circumstances with the petitioner's knowledge of the respondent and the respondent's prior acts.

(6) "Respondent" in a petition for a civil no contact order means the defendant.

(7) "Stalking" means engaging in a course of conduct directed at a specific person, and he or she knows or should know that this course of conduct would cause a reasonable person to fear for his or her safety or the safety of a third person or suffer emotional distress. "Stalking" does not include an exercise of the right to free speech or assembly that is otherwise lawful or picketing occurring at the workplace that is otherwise lawful and arises out of a bona fide labor dispute, including any controversy concerning wages, salaries, hours, working conditions or benefits, including health and welfare, sick leave, insurance, and pension or retirement provisions, the making or maintaining of collective bargaining agreements, and the terms to be included in those agreements.

(8) "Stalking no contact order" means an ex parte or final order granted under this Article, which includes a remedy authorized by Section 112A-14.7 of this Code.

Sec. 112A-5. Pleading; non-disclosure of address.

(a) A petition for a protective order shall be filed in conjunction with a delinquency petition or criminal prosecution, or in conjunction with imprisonment or a bond forfeiture warrant, provided the petition names a victim of the alleged crime. The petition may include a request for an ex parte protective order, a final protective order, or both. The petition shall be in writing and verified or accompanied by affidavit and shall allege that:

(1) petitioner has been abused by respondent, who is a family or household member;

(2) respondent has engaged in non-consensual sexual conduct or non-consensual sexual penetration, including a single incident of non-consensual sexual conduct or non-consensual sexual penetration with petitioner; or

(a-5) The petition shall indicate whether an ex parte protective order, a protective order, or both are requested. If the respondent receives notice of a petition for a final protective order and the respondent requests a continuance to respond to the petition, the petitioner may, either orally or in writing, request an ex parte order. Sec. 112A-5.5. Time for filing petition; service on respondent,
hearing on petition, and default orders.
(a) A petition for a protective order may be filed at any time after a
criminal charge or delinquency petition is filed and before the charge or
delinquency petition is dismissed, the defendant or juvenile is acquitted, or
the defendant or juvenile completes service of his or her sentence. The
petition can be considered at any court proceeding in the delinquency or
criminal case at which the defendant is present. The court may schedule a
separate court proceeding to consider the petition.
(b) The request for an ex parte protective order may be considered
without notice to the respondent under Section 112A-17.5 of this Code.
(c) A summons shall be issued and served for a protective order.
The summons may be served by delivery to the respondent personally in
open court in the criminal or juvenile delinquency proceeding, in the form
prescribed by subsection (d) of Supreme Court Rule 101, except that it
shall require respondent to answer or appear within 7 days. Attachments
to the summons shall include the petition for protective order, supporting
affidavits, if any, and any ex parte protective order that has been issued.
(d) The summons shall be served by the sheriff or other law
enforcement officer at the earliest time available and shall take
precedence over any other summons, except those of a similar emergency
nature. Attachments to the summons shall include the petition for
protective order, supporting affidavits, if any, and any ex parte protective
order that has been issued. Special process servers may be appointed at
any time and their designation shall not affect the responsibilities and
authority of the sheriff or other official process servers. In a county with a
population over 3,000,000, a special process server may not be appointed
if the protective order grants the surrender of a child, the surrender of a
firearm or Firearm Owner's Identification Card, or the exclusive
possession of a shared residence.
(e) If the respondent is not served within 30 days of the filing of the
petition, the court shall schedule a court proceeding on the issue of
service. Either the petitioner, the petitioner's counsel, or the State's
Attorney shall appear and the court shall either order continued attempts
at personal service or shall order service by publication, in accordance with Sections 2-203, 2-206, and 2-207 of the Code of Civil Procedure.

(f) The request for a final protective order can be considered at any court proceeding in the delinquency or criminal case after service of the petition. If the petitioner has not been provided notice of the court proceeding at least 10 days in advance of the proceeding, the court shall schedule a hearing on the petition and provide notice to the petitioner.

(g) Default orders.

(1) A final domestic violence order of protection may be entered by default:

(A) for any of the remedies sought in the petition, if respondent has been served with documents under subsection (b) or (c) of this Section and if respondent fails to appear on the specified return date or any subsequent hearing date agreed to by the petitioner and respondent or set by the court; or

(B) for any of the remedies provided under paragraph (1), (2), (3), (5), (6), (7), (8), (9), (10), (11), (14), (15), (17), or (18) of subsection (b) of Section 112A-14 of this Code, or if the respondent fails to answer or appear in accordance with the date set in the publication notice or the return date indicated on the service of a household member.

(2) A final civil no contact order may be entered by default for any of the remedies provided in Section 112A-14.5 of this Code, if respondent has been served with documents under subsection (b) or (c) of this Section, and if the respondent fails to answer or appear in accordance with the date set in the publication notice or the return date indicated on the service of a household member.

(3) A final stalking no contact order may be entered by default for any of the remedies provided by Section 112A-14.7 of this Code, if respondent has been served with documents under subsection (b) or (c) of this Section and if the respondent fails to answer or appear in accordance with the date set in the publication notice or the return date indicated on the service of a household member.

Sec. 112A-11.5. Issuance of protective order.

(a) Except as provided in subsection (a-5) of this Section, the court shall grant the petition and enter a protective order if the court finds prima facie evidence that a crime involving domestic violence, a sexual offense, or a crime involving stalking has been committed. The following shall be considered prima facie evidence of the crime:

(1) an information, complaint, indictment, or delinquency petition, charging a crime of domestic violence, a sexual offense, or stalking or charging an attempt to commit a crime of domestic violence, a sexual offense, or stalking; or

(2) an adjudication of delinquency, a finding of guilt based upon a plea, or a finding of guilt after a trial for a crime of domestic battery, a sexual crime, or stalking or an attempt to commit a crime of domestic violence, a sexual offense, or stalking;

(3) any dispositional order issued under Section 5-710 of the Juvenile Court Act of 1987, the imposition of supervision, conditional discharge, probation, periodic imprisonment, parole, aftercare release, or mandatory supervised release for a crime of domestic violence, a sexual offense, or stalking or an attempt to

commit a crime of domestic violence, a sexual offense, or stalking, or imprisonment in conjunction with a bond forfeiture warrant; or

(4) the entry of a protective order in a separate civil case brought by the petitioner against the respondent.

(a-5) The respondent may rebut prima facie evidence of the crime under paragraph (1) of subsection (a) of this Section by presenting evidence of a meritorious defense. The respondent shall file a written notice alleging a meritorious defense which shall be verified and supported by affidavit. The verified notice and affidavit shall set forth the evidence that will be presented at a hearing. If the court finds that the evidence presented at the hearing establishes a meritorious defense by a preponderance of the evidence, the court may decide not to issue a protective order.

(b) The petitioner shall not be denied a protective order because the petitioner or the respondent is a minor.

(c) The court, when determining whether or not to issue a protective order, may not require physical injury on the person of the victim.

(d) If the court issues a final protective order under this Section, the court shall afford the petitioner and respondent an opportunity to be heard on the remedies requested in the petition.

Nothing in this Section shall prevent the court from reserving issues when jurisdiction or notice requirements are not met.

(b) A criminal court may decline to decide contested issues of physical care and possession of a minor child, temporary allocation of parental responsibilities or significant decision-making responsibility, parenting time, custody, visitation, or family support, unless a decision on one or more of those contested issues is necessary to avoid the risk of abuse, neglect, removal from the State, or concealment within the

(725 ILCS 5/112A-14) (from Ch. 38, par. 112A-14)

Sec. 112A-14. Domestic violence order Order of protection; remedies.

(a) (Blank).

(b) The court may order any of the remedies listed in this subsection (b). The remedies listed in this subsection (b) shall be in addition to other civil or criminal remedies available to petitioner.

(1) Prohibition of abuse. Prohibit respondent's harassment, interference with personal liberty, intimidation of a dependent, physical abuse, or willful deprivation, as defined in this Article, if such abuse has occurred or otherwise appears likely to occur if not prohibited.

(2) Grant of exclusive possession of residence. Prohibit respondent from entering or remaining in any residence, household, or premises of the petitioner, including one owned or leased by respondent, if petitioner has a right to occupancy thereof. The grant of exclusive possession of the residence, household, or premises shall not affect title to real property, nor shall the court be limited by the standard set forth in Section 701 of the Illinois Marriage and Dissolution of Marriage Act.

(A) Right to occupancy. A party has a right to occupancy of a residence or household if it is solely or jointly owned or leased by that party, that party's spouse, a person with a legal duty to support that party or a minor child in that party's care, or by any person or entity other than the opposing party that authorizes that party's occupancy (e.g., a domestic violence shelter). Standards set forth in subparagraph (B) shall not preclude equitable relief.

New matter indicated by italics - deletions by strikeout
(B) Presumption of hardships. If petitioner and respondent each has the right to occupancy of a residence or household, the court shall balance (i) the hardships to respondent and any minor child or dependent adult in respondent's care resulting from entry of this remedy with (ii) the hardships to petitioner and any minor child or dependent adult in petitioner's care resulting from continued exposure to the risk of abuse (should petitioner remain at the residence or household) or from loss of possession of the residence or household (should petitioner leave to avoid the risk of abuse). When determining the balance of hardships, the court shall also take into account the accessibility of the residence or household. Hardships need not be balanced if respondent does not have a right to occupancy.

The balance of hardships is presumed to favor possession by petitioner unless the presumption is rebutted by a preponderance of the evidence, showing that the hardships to respondent substantially outweigh the hardships to petitioner and any minor child or dependent adult in petitioner's care. The court, on the request of petitioner or on its own motion, may order respondent to provide suitable, accessible, alternate housing for petitioner instead of excluding respondent from a mutual residence or household.

(3) Stay away order and additional prohibitions. Order respondent to stay away from petitioner or any other person protected by the domestic violence order of protection, or prohibit respondent from entering or remaining present at petitioner's school, place of employment, or other specified places at times when petitioner is present, or both, if reasonable, given the balance of hardships. Hardships need not be balanced for the court to enter a stay away order or prohibit entry if respondent has no right to enter the premises.

(A) If a domestic violence order of protection grants petitioner exclusive possession of the residence, or prohibits respondent from entering the residence, or orders respondent to stay away from petitioner or other protected persons, then the court may allow respondent access to the

New matter indicated by italics - deletions by strikeout
residence to remove items of clothing and personal adornment used exclusively by respondent, medications, and other items as the court directs. The right to access shall be exercised on only one occasion as the court directs and in the presence of an agreed-upon adult third party or law enforcement officer.

(B) When the petitioner and the respondent attend the same public, private, or non-public elementary, middle, or high school, the court when issuing a domestic violence order of protection and providing relief shall consider the severity of the act, any continuing physical danger or emotional distress to the petitioner, the educational rights guaranteed to the petitioner and respondent under federal and State law, the availability of a transfer of the respondent to another school, a change of placement or a change of program of the respondent, the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school, and any other relevant facts of the case. The court may order that the respondent not attend the public, private, or non-public elementary, middle, or high school attended by the petitioner, order that the respondent accept a change of placement or change of program, as determined by the school district or private or non-public school, or place restrictions on the respondent's movements within the school attended by the petitioner. The respondent bears the burden of proving by a preponderance of the evidence that a transfer, change of placement, or change of program of the respondent is not available. The respondent also bears the burden of production with respect to the expense, difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. A transfer, change of placement, or change of program is not unavailable to the respondent solely on the ground that the respondent does not agree with the school district's or private or non-public school's transfer, change of placement, or change of program or solely on the ground that the respondent fails or refuses to consent or otherwise does not take an action required to effectuate a transfer,
change of placement, or change of program. When a court orders a respondent to stay away from the public, private, or non-public school attended by the petitioner and the respondent requests a transfer to another attendance center within the respondent's school district or private or non-public school, the school district or private or non-public school shall have sole discretion to determine the attendance center to which the respondent is transferred. If the court order results in a transfer of the minor respondent to another attendance center, a change in the respondent's placement, or a change of the respondent's program, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the transfer or change.

(C) The court may order the parents, guardian, or legal custodian of a minor respondent to take certain actions or to refrain from taking certain actions to ensure that the respondent complies with the order. If the court orders a transfer of the respondent to another school, the parents, guardian, or legal custodian of the respondent is responsible for transportation and other costs associated with the change of school by the respondent.

(4) Counseling. Require or recommend the respondent to undergo counseling for a specified duration with a social worker, psychologist, clinical psychologist, psychiatrist, family service agency, alcohol or substance abuse program, mental health center guidance counselor, agency providing services to elders, program designed for domestic violence abusers or any other guidance service the court deems appropriate. The court may order the respondent in any intimate partner relationship to report to an Illinois Department of Human Services protocol approved partner abuse intervention program for an assessment and to follow all recommended treatment.

(5) Physical care and possession of the minor child. In order to protect the minor child from abuse, neglect, or unwarranted separation from the person who has been the minor child's primary caretaker, or to otherwise protect the well-being of the minor child, the court may do either or both of the following: (i) grant petitioner physical care or possession of the minor child, or both, or (ii) order
respondent to return a minor child to, or not remove a minor child from, the physical care of a parent or person in loco parentis.

If the respondent is charged with abuse (as defined in Section 112A-3 of this Code) of a minor child, there shall be a rebuttable presumption that awarding physical care to respondent would not be in the minor child's best interest.

(6) Temporary allocation of parental responsibilities and significant decision-making responsibilities

Award temporary significant decision-making responsibility to petitioner in accordance with this Section, the Illinois Marriage and Dissolution of Marriage Act, the Illinois Parentage Act of 2015, and this State's Uniform Child-Custody Jurisdiction and Enforcement Act.

If the respondent is charged with abuse (as defined in Section 112A-3 of this Code) of a minor child, there shall be a rebuttable presumption that awarding temporary significant decision-making responsibility to respondent would not be in the child's best interest.

(7) Parenting time Visitation. Determine the parenting time visitation rights, if any, of respondent in any case in which the court awards physical care or temporary significant decision-making responsibility to petitioner. The court shall restrict or deny respondent's parenting time visitation with a minor child if the court finds that respondent has done or is likely to do any of the following:

(i) abuse or endanger the minor child during parenting time visitation;

(ii) use the parenting time visitation as an opportunity to abuse or harass petitioner or petitioner's family or household members;

(iii) improperly conceal or detain the minor child; or

(iv) otherwise act in a manner that is not in the best interests of the minor child.

The court shall not be limited by the standards set forth in Section 603.10 607.4 of the Illinois Marriage and Dissolution of Marriage Act. If the court grants parenting time visitation, the order shall specify dates and times for the parenting time visitation to take place or other specific parameters or conditions that are appropriate. No order for parenting time visitation shall refer
merely to the term "reasonable parenting time" "reasonable visitation". Petitioner may deny respondent access to the minor child if, when respondent arrives for parenting time visitation, respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of petitioner or petitioner's minor children or is behaving in a violent or abusive manner. If necessary to protect any member of petitioner's family or household from future abuse, respondent shall be prohibited from coming to petitioner's residence to meet the minor child for parenting time visitation, and the petitioner and respondent parties shall submit to the court their recommendations for reasonable alternative arrangements for parenting time visitation. A person may be approved to supervise parenting time visitation only after filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(8) Removal or concealment of minor child. Prohibit respondent from removing a minor child from the State or concealing the child within the State.

(9) Order to appear. Order the respondent to appear in court, alone or with a minor child, to prevent abuse, neglect, removal or concealment of the child, to return the child to the custody or care of the petitioner, or to permit any court-ordered interview or examination of the child or the respondent.

(10) Possession of personal property. Grant petitioner exclusive possession of personal property and, if respondent has possession or control, direct respondent to promptly make it available to petitioner, if:

(i) petitioner, but not respondent, owns the property;

or

(ii) the petitioner and respondent parties own the property jointly; sharing it would risk abuse of petitioner by respondent or is impracticable; and the balance of hardships favors temporary possession by petitioner.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may award petitioner temporary possession thereof under the standards of subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

New matter indicated by italics - deletions by strikeout
No order under this provision shall affect title to property.

(11) Protection of property. Forbid the respondent from taking, transferring, encumbering, concealing, damaging, or otherwise disposing of any real or personal property, except as explicitly authorized by the court, if:

(i) petitioner, but not respondent, owns the property;

or

(ii) the petitioner and respondent parties own the property jointly, and the balance of hardships favors granting this remedy.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may grant petitioner relief under subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

The court may further prohibit respondent from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of respondent or of any other person.

(11.5) Protection of animals. Grant the petitioner the exclusive care, custody, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent and order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the animal.

(12) Order for payment of support. Order respondent to pay temporary support for the petitioner or any child in the petitioner's care or over whom the petitioner has been allocated parental responsibility custody, when the respondent has a legal obligation to support that person, in accordance with the Illinois Marriage and Dissolution of Marriage Act, which shall govern, among other matters, the amount of support, payment through the clerk and withholding of income to secure payment. An order for child support may be granted to a petitioner with lawful physical care of a child, or an order or agreement for physical care of a child or custody, prior to entry of an order allocating significant decision-making responsibility for legal custody. Such a support
order shall expire upon entry of a valid order allocating parental responsibility differently and vacating petitioner's significant decision-making responsibility granting legal custody to another, unless otherwise provided in the custody order.

(13) Order for payment of losses. Order respondent to pay petitioner for losses suffered as a direct result of the abuse. Such losses shall include, but not be limited to, medical expenses, lost earnings or other support, repair or replacement of property damaged or taken, reasonable attorney's fees, court costs, and moving or other travel expenses, including additional reasonable expenses for temporary shelter and restaurant meals.

   (i) Losses affecting family needs. If a party is entitled to seek maintenance, child support, or property distribution from the other party under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended, the court may order respondent to reimburse petitioner's actual losses, to the extent that such reimbursement would be "appropriate temporary relief", as authorized by subsection (a)(3) of Section 501 of that Act.

   (ii) Recovery of expenses. In the case of an improper concealment or removal of a minor child, the court may order respondent to pay the reasonable expenses incurred or to be incurred in the search for and recovery of the minor child, including, but not limited to, legal fees, court costs, private investigator fees, and travel costs.

(14) Prohibition of entry. Prohibit the respondent from entering or remaining in the residence or household while the respondent is under the influence of alcohol or drugs and constitutes a threat to the safety and well-being of the petitioner or the petitioner's children.

(14.5) Prohibition of firearm possession.

   (A) A person who is subject to an existing domestic violence order of protection; issued under this Code may not lawfully possess weapons under Section 8.2 of the Firearm Owners Identification Card Act.

   (B) Any firearms in the possession of the respondent, except as provided in subparagraph (C) of this paragraph (14.5), shall be ordered by the court to be turned over to a person with a valid Firearm Owner's Identification...
Card for safekeeping. The court shall issue an order that the respondent's Firearm Owner's Identification Card be turned over to the local law enforcement agency, which in turn shall immediately mail the card to the Department of State Police Firearm Owner's Identification Card Office for safekeeping. The period of safekeeping shall be for the duration of the domestic violence order of protection. The firearm or firearms and Firearm Owner's Identification Card, if unexpired, shall at the respondent's request be returned to the respondent at expiration of the domestic violence order of protection.

(C) If the respondent is a peace officer as defined in Section 2-13 of the Criminal Code of 2012, the court shall order that any firearms used by the respondent in the performance of his or her duties as a peace officer be surrendered to the chief law enforcement executive of the agency in which the respondent is employed, who shall retain the firearms for safekeeping for the duration of the domestic violence order of protection.

(D) Upon expiration of the period of safekeeping, if the firearms or Firearm Owner's Identification Card cannot be returned to respondent because respondent cannot be located, fails to respond to requests to retrieve the firearms, or is not lawfully eligible to possess a firearm, upon petition from the local law enforcement agency, the court may order the local law enforcement agency to destroy the firearms, use the firearms for training purposes, or for any other application as deemed appropriate by the local law enforcement agency; or that the firearms be turned over to a third party who is lawfully eligible to possess firearms, and who does not reside with respondent.

(15) Prohibition of access to records. If a domestic violence order of protection prohibits respondent from having contact with the minor child, or if petitioner's address is omitted under subsection (b) of Section 112A-5 of this Code, or if necessary to prevent abuse or wrongful removal or concealment of a minor child, the order shall deny respondent access to, and prohibit respondent from inspecting, obtaining, or attempting to inspect or

obtain, school or any other records of the minor child who is in the care of petitioner.

(16) Order for payment of shelter services. Order respondent to reimburse a shelter providing temporary housing and counseling services to the petitioner for the cost of the services, as certified by the shelter and deemed reasonable by the court.

(17) Order for injunctive relief. Enter injunctive relief necessary or appropriate to prevent further abuse of a family or household member or to effectuate one of the granted remedies, if supported by the balance of hardships. If the harm to be prevented by the injunction is abuse or any other harm that one of the remedies listed in paragraphs (1) through (16) of this subsection is designed to prevent, no further evidence is necessary to establish that the harm is an irreparable injury.

(18) Telephone services.

(A) Unless a condition described in subparagraph (B) of this paragraph exists, the court may, upon request by the petitioner, order a wireless telephone service provider to transfer to the petitioner the right to continue to use a telephone number or numbers indicated by the petitioner and the financial responsibility associated with the number or numbers, as set forth in subparagraph (C) of this paragraph. In For purposes of this paragraph (18), the term "wireless telephone service provider" means a provider of commercial mobile service as defined in 47 U.S.C. 332. The petitioner may request the transfer of each telephone number that the petitioner, or a minor child in his or her custody, uses. The clerk of the court shall serve the order on the wireless telephone service provider's agent for service of process provided to the Illinois Commerce Commission. The order shall contain all of the following:

(i) The name and billing telephone number of the account holder including the name of the wireless telephone service provider that serves the account.

(ii) Each telephone number that will be transferred.

(iii) A statement that the provider transfers to the petitioner all financial responsibility for and

right to the use of any telephone number transferred under this paragraph.

(B) A wireless telephone service provider shall terminate the respondent's use of, and shall transfer to the petitioner use of, the telephone number or numbers indicated in subparagraph (A) of this paragraph unless it notifies the petitioner, within 72 hours after it receives the order, that one of the following applies:

(i) The account holder named in the order has terminated the account.

(ii) A difference in network technology would prevent or impair the functionality of a device on a network if the transfer occurs.

(iii) The transfer would cause a geographic or other limitation on network or service provision to the petitioner.

(iv) Another technological or operational issue would prevent or impair the use of the telephone number if the transfer occurs.

(C) The petitioner assumes all financial responsibility for and right to the use of any telephone number transferred under this paragraph. In this paragraph, "financial responsibility" includes monthly service costs and costs associated with any mobile device associated with the number.

(D) A wireless telephone service provider may apply to the petitioner its routine and customary requirements for establishing an account or transferring a number, including requiring the petitioner to provide proof of identification, financial information, and customer preferences.

(E) Except for willful or wanton misconduct, a wireless telephone service provider is immune from civil liability for its actions taken in compliance with a court order issued under this paragraph.

(F) All wireless service providers that provide services to residential customers shall provide to the Illinois Commerce Commission the name and address of an agent for service of orders entered under this paragraph (18). Any
change in status of the registered agent must be reported to the Illinois Commerce Commission within 30 days of such change.

(G) The Illinois Commerce Commission shall maintain the list of registered agents for service for each wireless telephone service provider on the Commission's website. The Commission may consult with wireless telephone service providers and the Circuit Court Clerks on the manner in which this information is provided and displayed.

(c) Relevant factors; findings.

(1) In determining whether to grant a specific remedy, other than payment of support, the court shall consider relevant factors, including, but not limited to, the following:

   (i) the nature, frequency, severity, pattern, and consequences of the respondent's past abuse of the petitioner or any family or household member, including the concealment of his or her location in order to evade service of process or notice, and the likelihood of danger of future abuse to petitioner or any member of petitioner's or respondent's family or household; and

   (ii) the danger that any minor child will be abused or neglected or improperly relocated from the jurisdiction, improperly concealed within the State or improperly separated from the child's primary caretaker.

(2) In comparing relative hardships resulting to the parties from loss of possession of the family home, the court shall consider relevant factors, including, but not limited to, the following:

   (i) availability, accessibility, cost, safety, adequacy, location and other characteristics of alternate housing for each party and any minor child or dependent adult in the party's care;

   (ii) the effect on the party's employment; and

   (iii) the effect on the relationship of the party, and any minor child or dependent adult in the party's care, to family, school, church, and community.

(3) Subject to the exceptions set forth in paragraph (4) of this subsection (c), the court shall make its findings in an official

record or in writing, and shall at a minimum set forth the following:

(i) That the court has considered the applicable relevant factors described in paragraphs (1) and (2) of this subsection (c).

(ii) Whether the conduct or actions of respondent, unless prohibited, will likely cause irreparable harm or continued abuse.

(iii) Whether it is necessary to grant the requested relief in order to protect petitioner or other alleged abused persons.

(4) (Blank).

(5) Never married parties. No rights or responsibilities for a minor child born outside of marriage attach to a putative father until a father and child relationship has been established under the Illinois Parentage Act of 1984, or under the Illinois Parentage Act of 2015, the Illinois Public Aid Code, Section 12 of the Vital Records Act, the Juvenile Court Act of 1987, the Probate Act of 1975, the Uniform Interstate Family Support Act, the Expedited Child Support Act of 1990, any judicial, administrative, or other act of another state or territory, any other statute of this State, or by any foreign nation establishing the father and child relationship, any other proceeding substantially in conformity with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, or when both parties appeared in open court or at an administrative hearing acknowledging under oath or admitting by affirmation the existence of a father and child relationship on and after the effective date of that Act. Absent such an adjudication, no putative father shall be granted temporary allocation of parental responsibilities, including parenting time custody of the minor child, visitation with the minor child, or physical care and possession of the minor child, nor shall an order of payment for support of the minor child be entered.

(d) Balance of hardships; findings. If the court finds that the balance of hardships does not support the granting of a remedy governed by paragraph (2), (3), (10), (11), or (16) of subsection (b) of this Section, which may require such balancing, the court's findings shall so indicate and shall include a finding as to whether granting the remedy will result in hardship to respondent that would substantially outweigh the hardship to
petitioner from denial of the remedy. The findings shall be an official record or in writing.

(e) Denial of remedies. Denial of any remedy shall not be based, in whole or in part, on evidence that:

(1) respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article 7 of the Criminal Code of 2012;

(2) respondent was voluntarily intoxicated;

(3) petitioner acted in self-defense or defense of another, provided that, if petitioner utilized force, such force was justifiable under Article 7 of the Criminal Code of 2012;

(4) petitioner did not act in self-defense or defense of another;

(5) petitioner left the residence or household to avoid further abuse by respondent;

(6) petitioner did not leave the residence or household to avoid further abuse by respondent; or

(7) conduct by any family or household member excused the abuse by respondent, unless that same conduct would have excused such abuse if the parties had not been family or household members.

Sec. 112A-16. Accountability for Actions of Others. For the purposes of issuing a domestic violence order of protection, deciding what remedies should be included and enforcing the order, Article 5 of the Criminal Code of 2012 shall govern whether respondent is legally accountable for the conduct of another person.

Sec. 112A-17.5. Ex parte protective orders.

(a) The petitioner may request expedited consideration of the petition for an ex parte protective order. The court shall consider the request on an expedited basis without requiring the respondent's presence or requiring notice to the respondent.

(b) Issuance of ex parte protective orders in cases involving domestic violence. An ex parte domestic violence order of protection shall be issued if petitioner satisfies the requirements of this subsection (b) for
one or more of the requested remedies. For each remedy requested, petitioner shall establish that:

(1) the court has jurisdiction under Section 112A-9 of this Code;

(2) the requirements of subsection (a) of Section 112A-11.5 of this Code are satisfied; and

(3) there is good cause to grant the remedy, regardless of prior service of process or notice upon the respondent, because:

    (A) for the remedy of prohibition of abuse described in paragraph (1) of subsection (b) of Section 112A-14 of this Code; stay away order and additional prohibitions described in paragraph (3) of subsection (b) of Section 112A-14 of this Code; removal or concealment of minor child described in paragraph (8) of subsection (b) of Section 112A-14 of this Code; order to appear described in paragraph (9) of subsection (b) of Section 112A-14 of this Code; physical care and possession of the minor child described in paragraph (5) of subsection (b) of Section 112A-14 of this Code; protection of property described in paragraph (11) of subsection (b) of Section 112A-14 of this Code; prohibition of entry described in paragraph (14) of subsection (b) of Section 112A-14 of this Code; prohibition of firearm possession described in paragraph (14.5) of subsection (b) of Section 112A-14 of this Code; prohibition of access to records described in paragraph (15) of subsection (b) of Section 112A-14 of this Code; injunctive relief described in paragraph (16) of subsection (b) of Section 112A-14 of this Code; and telephone services described in paragraph (18) of subsection (b) of Section 112A-14 of this Code, the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief;

    (B) for the remedy of grant of exclusive possession of residence described in paragraph (2) of subsection (b) of Section 112A-14 of this Code; the immediate danger of further abuse of the petitioner by the respondent, if the petitioner chooses or had chosen to remain in the residence

or household while the respondent was given any prior notice or greater notice than was actually given of the petitioner's efforts to obtain judicial relief outweighs the hardships to the respondent of an emergency order granting the petitioner exclusive possession of the residence or household; and the remedy shall not be denied because the petitioner has or could obtain temporary shelter elsewhere while prior notice is given to the respondent, unless the hardship to the respondent from exclusion from the home substantially outweigh the hardship to the petitioner; or

(C) for the remedy of possession of personal property described in paragraph (10) of subsection (b) of Section 112A-14 of this Code; improper disposition of the personal property would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief or the petitioner has an immediate and pressing need for the possession of that property.

An ex parte domestic violence order of protection may not include the counseling, custody, or payment of support or monetary compensation remedies provided by paragraphs (4), (12), (13), and (16) of subsection (b) of Section 112A-14 of this Code.

(c) Issuance of ex parte civil no contact order in cases involving sexual offenses. An ex parte civil no contact order shall be issued if the petitioner establishes that:

(1) the court has jurisdiction under Section 112A-9 of this Code;

(2) the requirements of subsection (a) of Section 112A-11.5 of this Code are satisfied; and

(3) there is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.

The court may order any of the remedies under Section 112A-14.5 of this Code.

(d) Issuance of ex parte stalking no contact order in cases involving stalking offenses. An ex parte stalking no contact order shall be issued if the petitioner establishes that:

(1) the court has jurisdiction under Section 112A-9 of this Code;

(2) the requirements of subsection (a) of Section 112A-11.5 of this Code are satisfied; and

(3) there is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner’s efforts to obtain judicial relief.

The court may order any of the remedies under Section 112A-14.7 of this Code.

(e) Issuance of ex parte protective orders on court holidays and evenings.

When the court is unavailable at the close of business, the petitioner may file a petition for an ex parte protective order before any available circuit judge or associate judge who may grant relief under this Article. If the judge finds that petitioner has satisfied the prerequisites in subsection (b), (c), or (d) of this Section, the judge shall issue an ex parte protective order.

The chief judge of the circuit court may designate for each county in the circuit at least one judge to be reasonably available to issue orally, by telephone, by facsimile, or otherwise, an ex parte protective order at all times, whether or not the court is in session.

The judge who issued the order under this Section shall promptly communicate or convey the order to the sheriff to facilitate the entry of the order into the Law Enforcement Agencies Data System by the Department of State Police under Section 112A-28 of this Code. Any order issued under this Section and any documentation in support of it shall be certified on the next court day to the appropriate court. The clerk of that court shall immediately assign a case number, file the petition, order, and other documents with the court and enter the order of record and file it with the sheriff for service under subsection (f) of this Section. Failure to comply with the requirements of this subsection (e) shall not affect the validity of the order.

(f) Service of ex parte protective order on respondent.

New matter indicated by italics - deletions by strikeout
(1) If an ex parte protective order is entered at the time a summons or arrest warrant is issued for the criminal charge, the petition for the protective order, any supporting affidavits, if any, and the ex parte protective order that has been issued shall be served with the summons or arrest warrant. The enforcement of a protective order under Section 112A-23 of this Code shall not be affected by the lack of service or delivery, provided the requirements of subsection (a) of Section 112A-23 of this Code are otherwise met.

(2) If an ex parte protective order is entered after a summons or arrest warrant is issued and before the respondent makes an initial appearance in the criminal case, the summons shall be in the form prescribed by subsection (d) of Supreme Court Rule 101, except that it shall require respondent to answer or appear within 7 days and shall be accompanied by the petition for the protective order, any supporting affidavits, if any, and the ex parte protective order that has been issued.

(3) If an ex parte protective order is entered after the respondent has been served notice of a petition for a final protective order and the respondent has requested a continuance to respond to the petition, the ex parte protective order shall be served: (A) in open court if the respondent is present at the proceeding at which the order was entered; or (B) by summons in the form prescribed by subsection (d) of Supreme Court Rule 101.

(4) No fee shall be charged for service of summons.

(5) The summons shall be served by the sheriff or other law enforcement officer at the earliest time and shall take precedence over other summonses except those of a similar emergency nature. Special process servers may be appointed at any time, and their designation shall not affect the responsibilities and authority of the sheriff or other official process servers. In a county with a population over 3,000,000, a special process server may not be appointed if an ex parte protective order grants the surrender of a child, the surrender of a firearm or Firearm Owner's Identification Card, or the exclusive possession of a shared residence. Process may be served in court.

order may appear and petition the court to re-hear the petition. Any petition to re-hear shall be verified and shall allege the following:

1. that respondent did not receive prior notice of the initial hearing in which the ex parte protective order was entered under Section 112A-17.5 of this Code; and
2. that respondent had a meritorious defense to the order or any of its remedies or that the order or any of its remedies was not authorized under this Article.

The verified petition and affidavit shall set forth the evidence of the meritorious defense that will be presented at a hearing. If the court finds that the evidence presented at the hearing on the petition establishes a meritorious defense by a preponderance of the evidence, the court may decide to vacate the protective order or modify the remedies.

(h) If the ex parte protective order granted petitioner exclusive possession of the residence and the petition of respondent seeks to re-open or vacate that grant, the court shall set a date for hearing within 14 days on all issues relating to exclusive possession. Under no circumstances shall a court continue a hearing concerning exclusive possession beyond the 14th day except by agreement of the petitioner and the respondent. Other issues raised by the pleadings may be consolidated for the hearing if the petitioner, the respondent, and the court do not object.

(i) Duration of ex parte protective order. An ex parte order shall remain in effect until the court considers the request for a final protective order after notice has been served on the respondent or a default final protective order is entered, whichever occurs first. If a court date is scheduled for the issuance of a default protective order and the petitioner fails to personally appear or appear through counsel or the prosecuting attorney, the petition shall be dismissed and the ex parte order terminated.

Sec. 112A-20. Duration and extension of final protective orders.
(a) (Blank).

(b) A final protective order shall remain in effect as follows:
1. if entered during pre-trial release, until disposition, withdrawal, or dismissal of the underlying charge; if, however, the case is continued as an independent cause of action, the order's duration may be for a fixed period of time not to exceed 2 years;
2. if in effect in conjunction with a bond forfeiture warrant, until final disposition or an additional period of time not exceeding 2 years; no domestic violence order of protection,
however, shall be terminated by a dismissal that is accompanied by
the issuance of a bond forfeiture warrant;

(3) until 2 years after the expiration of any supervision,
conditional discharge, probation, periodic imprisonment, parole,
aftercare release, or mandatory supervised release for domestic violence orders of protection and civil no contact orders; or

(4) until 2 years after the date set by the court for expiration
of any sentence of imprisonment and subsequent parole, aftercare
release, or mandatory supervised release for domestic violence
orders of protection and civil no contact orders; and

(5) permanent for a stalking no contact order if a judgment
of conviction for stalking is entered.

(c) Computation of time. The duration of a domestic violence
order of protection shall not be reduced by the duration of any prior
domestic violence order of protection.

(d) Law enforcement records. When a protective order expires
upon the occurrence of a specified event, rather than upon a specified date
as provided in subsection (b), no expiration date shall be entered in
Department of State Police records. To remove the protective order from
those records, either the petitioner or the respondent shall request the clerk
of the court to file a certified copy of an order stating that the specified
event has occurred or that the protective order has been vacated or
modified with the sheriff, and the sheriff shall direct that law enforcement
records shall be promptly corrected in accordance with the filed order.

(e) Extension of Orders. Any domestic violence order of protection
or civil no contact order that expires 2 years after the expiration of the
defendant's sentence under paragraph (2), (3), or (4) of subsection (b) of
Section 112A-20 of this Article may be extended one or more times, as
required. The petitioner, petitioner's counsel, or the State's Attorney on the
petitioner's behalf shall file the motion for an extension of the final
protective order in the criminal case and serve the motion in accordance
with Supreme Court Rules 11 and 12. The court shall transfer the motion
to the appropriate court or division for consideration under subsection (e)
of Section 220 of the Illinois Domestic Violence Act of 1986, or
subsection (c) of Section 216 of the Civil No Contact Order Act, or
subsection (c) of Section 105 of the Stalking No Contact Order as
appropriate.

(f) Termination date. Any final protective order of protection which would expire on a court holiday shall instead expire at the close of the next court business day.

(g) Statement of purpose. The practice of dismissing or suspending a criminal prosecution in exchange for issuing a protective order of protection undermines the purposes of this Article. This Section shall not be construed as encouraging that practice.

Grant of exclusive possession of the residence or household shall constitute notice forbidding trespass to land. (b) Filing with sheriff. The clerk of the issuing judge shall, on the same day that a protective order is issued, file a copy of that order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records or charged with serving the order upon respondent. If the order was issued under subsection (e) of Section 112A-17.5 of this Code, the clerk on the next court day shall file a certified copy of the order with the sheriff or other law enforcement officials charged with maintaining Department of State Police records.

(c) (Blank).

(c-2) Service by sheriff. Unless respondent was present in court when the order was issued, the sheriff, other law enforcement official, or special process server shall promptly serve that order upon respondent and file proof of the service, in the manner provided for service of process in civil proceedings. Instead of serving the order upon the respondent; however, the sheriff, other law enforcement official, special process server, or other persons defined in Section 112A-22.1 of this Code may serve the respondent with a short form notification as provided in Section 112A-22.1 of this Code. If process has not yet been served upon the respondent, process shall be served with the order or short form notification if the service is made by the sheriff, other law enforcement official, or special process server.

(c-3) If the person against whom the protective order is issued is arrested and the written order is issued under subsection (e) of Section 112A-17.5 of this Code and received by the custodial law enforcement agency before the respondent or arrestee is released from custody, the custodial law enforcement agency shall promptly serve the order upon the respondent or arrestee before the respondent or arrestee is released from custody. In no event shall detention of the respondent or arrestee be extended for a hearing on the petition for protective order or receipt of the order issued under Section 112A-17 of this Code.

(c-4) Extensions, modifications, and revocations. Any order extending, modifying, or revoking any protective order shall be promptly recorded, issued, and served as provided in this Section.

(c-5) (Blank).

(d) (Blank).

(e) Notice to health care facilities and health care practitioners. Upon the request of the petitioner, the clerk of the circuit court shall send a certified copy of the protective order to any specified health care facility or
health care practitioner requested by the petitioner at the mailing address provided by the petitioner.

(f) Disclosure by health care facilities and health care practitioners. After receiving a certified copy of a protective order that prohibits a respondent's access to records, no health care facility or health care practitioner shall allow a respondent access to the records of any child who is a protected person under the protective order, or release information in those records to the respondent, unless the order has expired or the respondent shows a certified copy of the court order vacating the corresponding protective order that was sent to the health care facility or practitioner. Nothing in this Section shall be construed to require health care facilities or health care practitioners to alter procedures related to billing and payment. The health care facility or health care practitioner may file the copy of the protective order in the records of a child who is a protected person under the protective order, or may employ any other method to identify the records to which a respondent is prohibited access. No health care facility or health care practitioner shall be civilly or professionally liable for reliance on a copy of a protective order, except for willful and wanton misconduct.

(g) Notice to schools. Upon the request of the petitioner, within 24 hours of the issuance of a protective order, the clerk of the issuing judge shall send a certified copy of the protective order to the day-care facility, pre-school or pre-kindergarten, or private school or the principal office of the public school district or any college or university in which any child who is a protected person under the protective order or any child of the petitioner is enrolled as requested by the petitioner at the mailing address provided by the petitioner. If the child transfers enrollment to another day-care facility, pre-school, pre-kindergarten, private school, public school, college, or university, the petitioner may, within 24 hours of the transfer, send to the clerk written notice of the transfer, including the name and address of the institution to which the child is transferring. Within 24 hours of receipt of notice from the petitioner that a child is transferring to another day-care facility, pre-school, pre-kindergarten, private school, public school, college, or university, the clerk shall send a certified copy of the order to the institution to which the child is transferring.

(h) Disclosure by schools. After receiving a certified copy of a protective order that prohibits a respondent's access to records, neither a day-care facility, pre-school, pre-kindergarten, public or private school, college, or university nor its employees shall allow a respondent access to
a protected child's records or release information in those records to the respondent. The school shall file the copy of the protective order in the records of a child who is a protected person under the order. Sec. 25. Competency-based, high school graduation requirements pilot program eligibility and application process.

(a) The pilot program established under Section 20 of this Act shall be administered by the State Superintendent of Education in 2 phases: (i) an initial application and selection process phase, and (ii) a subsequent phase for full development and implementation of a detailed plan for a competency-based learning system for high school graduation requirements.

(b) For the initial phase under clause (i) of subsection (a) of this Section, the State Superintendent of Education shall develop and issue a pilot program application that requires:

(1) demonstration of commitment from the school district superintendent; the president of the school board of the district; teachers within the school district who will be involved with the pilot program implementation; a community college partner; and a higher education institution other than a community college;

(2) an indication of which of the year and course graduation requirements set forth in Section 27-22 of the School Code the school district wishes to replace with a competency-based learning system;

(3) a general description of the school district's plan for implementing a competency-based learning system for high school

graduation requirements, including how the plan addresses the requirements of Section 20 of this Act and this Section;

(4) the school district's prior professional development and stakeholder engagement efforts that will support its successful development and implementation of a competency-based learning system, including, without limitation, prior implementation of professional development systems for major district instructional initiatives; and

(5) identification of any waivers or modifications of State law or rules for implementation of the proposed plan.

The demonstration of commitment from teachers as required by paragraph (1) of this subsection (b) must include a description of how teachers have been engaged throughout the application development process. If the school district has an exclusive bargaining representative of its teachers and the president of the exclusive bargaining representative does not submit a statement of commitment for the application, the school district must submit either a statement by the president of the position of the exclusive bargaining representative on the application or a description of the school district's good faith efforts to obtain such a statement.

(c) Subject to subsection (g) of this Section, the State Superintendent of Education shall select school districts meeting the requirements set forth in this Section to participate in the pilot program based on the quality of the proposed plan, the strength of the local commitments, including, without limitation, teachers within the school district who will be involved in the program's implementation and postsecondary institution partnerships, and demonstration of prior professional development and stakeholder engagement efforts that will support the proposed system's successful implementation. The State Superintendent of Education, in selecting the participating school districts, shall also consider the diversity of school district types and sizes, the diversity of geographic representation from across the State, and the diversity of plan approaches (such as approaches that involve one subject only, multiple subjects, and the types of subjects).

(d) School districts selected to participate in the pilot program shall receive technical assistance coordinated by the State Superintendent of Education to develop a full pilot program implementation plan. The State Superintendent of Education shall have discretion to remove a school district from the pilot program during this period if the school district does

New matter indicated by italics - deletions by strikeout
not submit a full pilot program implementation plan that meets the State Superintendent of Education's specifications.

(e) School districts shall, as part of the development of their application and participation in the competency-based learning system pilot program, establish and maintain a standing planning and implementation committee that includes representation from administrators and teachers, including teachers who will be involved in the competency-based learning system's implementation. The teacher representatives shall be selected by teachers or, where applicable, the exclusive bargaining representative of its teachers, and the number of teacher representatives shall be at least equal to administrator representatives, unless otherwise agreed to by the teachers or, where applicable, the exclusive bargaining representative of its teachers. The standing planning and implementation committee shall develop reports that shall be included within the initial application, the full pilot program plan, and any subsequent annual submissions to the State Superintendent of Education as part of the assessment and evaluation of the program. The reports shall describe the members' assessment of the school district's plan or implementation, as applicable, of the school district's competency-based learning system and any recommendations for modifications or improvements to the system. If the committee does not reach consensus on the report, the administrator members shall submit the report and the teacher members may provide a position statement that must be included with the report submitted to the State Superintendent of Education.

(f) Notwithstanding any other provisions of the School Code or any other law of this State to the contrary, school districts participating in the pilot program may petition the State Superintendent of Education for a waiver or modification of the mandates of the School Code or of the administrative rules adopted by ISBE in order to support the implementation of the school district's proposed competency-based learning system. However, no waiver shall be granted under this subsection (f) relating to State assessments, accountability requirements, teacher tenure or seniority, teacher or principal evaluations, or learning standards or that removes legal protections or supports intended for the protection of children or a particular category of students, such as students with disabilities or English learners. Any waiver or modification of teacher educator licensure requirements to permit instruction by non-educators or educators without an appropriate license must ensure that an appropriately licensed teacher and the provider of instruction partner in order to verify

the method for assessing competency of mastery and verify whether a student has demonstrated mastery. All requests must be jointly signed by the school district superintendent and the president of the school board and must describe the position of teachers within the school district that will be involved in the competency-based learning system's implementation on the application. If the school district has an exclusive bargaining representative of its teachers and the president of the exclusive bargaining representative does not submit a statement of support for the application, the school district must submit either a statement by the president that describes the position of the exclusive bargaining representative on the application or a description of the school district's good faith efforts to obtain such a statement. The State Superintendent of Education shall approve a waiver or modification request meeting the requirements of this subsection (f) if the State Superintendent of Education determines the request is reasonably necessary to support the implementation of the school district's proposed competency-based learning system, and the request shall not diminish the overall support of teachers within the school district involved with the system's implementation as demonstrated in the school district's initial application to participate in the pilot program. An approved request shall take effect in accordance with the timeline set forth in the school district's application, and an approved waiver or modification shall remain in effect for so long as the school district participates in the pilot program established by this Act. The State Superintendent of Education's approval of a school district plan for implementation of competency-based, high school graduation requirements shall serve as a waiver or modification of any conflicting requirements of Section 27-22 of the School Code. School districts participating in the pilot program may additionally pursue waivers and modifications pursuant to Section 2-3.25g of the School Code.

(g) For purposes of this subsection (g), "annual cohort" means the group of school districts selected by the State Superintendent of Education to participate in the pilot program during an annual application and selection process. The State Superintendent of Education shall limit each annual cohort of the pilot program as follows: the first 2 annual cohorts shall be limited to no more than 12 school districts, and any subsequent annual cohort shall be limited to no more than 15 school districts. A school district may submit only one application for each annual cohort of the pilot program. The application of a school district having a population exceeding 500,000 inhabitants may not include more than 6 schools. The

New matter indicated by italics - deletions by strikeout
expansion of a school district's competency-based learning system to a new school or new subject area identified in Section 27-22 of the School Code shall require a new application by the school district.

School districts may collaboratively apply to participate in the pilot program. Notwithstanding any other provision of this subsection (g), the application of a collaborative of districts shall be counted as one district application in the annual cohort selection process. In the application of a collaborative of districts, each district participating in the collaborative shall comply with the requirements outlined in subsection (b) of this Section as if applying as an individual district. The districts participating in the collaborative may establish and maintain a standing planning and implementation committee individually or collaboratively. If a collaborative of districts decides at a later date to participate as individual districts in the pilot program, the districts shall submit to the State Superintendent of Education a revised implementation plan that outlines the changes to their original plan, the individual district applications from these districts shall be considered as separate district applications, and none of these districts may be counted as one of the districts that are already part of the cohort limitation.

Sec. 45. Statewide panel to define transitional mathematics instruction recommendations.

(a) Subject to the availability of public or private resources for its administration, ISBE, ICCB, and IBHE shall jointly establish a statewide panel to recommend competencies and other requirements for transitional mathematics instruction that lead to various postsecondary institution mathematics pathways. ISBE, ICCB, and IBHE shall consult with the IMACC on the establishment and administration of the statewide panel. The statewide panel shall include high school educators and administrators and community college and university faculty and administrators, including broad representation from general education and career and technical education. The statewide panel shall also consult with representations of private sector employers on the definition of competencies for postsecondary institution mathematics pathways and consider mathematics utilized in pre-employment screenings for entry-level careers. Following the delivery of the statewide panel's recommendations, ISBE, ICCB, and IBHE shall, in consultation with IMACC and the statewide panel, jointly adopt competencies and

New matter indicated by italics - deletions by strikeout
requirements for transitional mathematics instruction and related postsecondary institution mathematics pathways.

(b) The statewide panel shall define transitional mathematics competencies aligned to ISBE-adopted learning standards and requirements associated with, at minimum, the following postsecondary institution mathematics pathways:

(1) STEM Pathway. The STEM Pathway is for students with career goals involving occupations that require the application of calculus or advanced algebraic skills. In accordance with and subject to this Act, successful attainment of transitional mathematics competencies in the STEM Pathway guarantees student placement into a community college mathematics course in a calculus-based mathematics course sequence.

(2) Technical Pathway. The Technical Pathway is for students with career goals involving occupations in technical fields that do not require the application of calculus, advanced algebraic, or advanced statistical skills. Mathematics in the Technical Pathway emphasizes the application of mathematics within career settings. In accordance with and subject to this Act, successful attainment of transitional mathematics competencies in the Technical Pathway guarantees student placement into a credit-bearing postsecondary mathematics course required for a community college career and technical education program.

(3) Quantitative Literacy and Statistics Pathway. The Quantitative Literacy and Statistics Pathway is for students focused on attaining competency in general statistics, data analysis, quantitative literacy, and problem solving. The Quantitative Literacy and Statistics Pathway is intended for students whose career goals do not involve occupations relating to either the STEM or Technical Pathway or those who have not yet selected a career goal. In accordance with and subject to this Act, successful attainment of transitional mathematics competencies in the Quantitative Literacy and Statistics Pathway guarantees student placement into a community college GECC mathematics course not in a calculus-based course sequence.

(c) The statewide panel shall make recommendations on whether separate transitional mathematics competencies should be defined for students with career goals involving occupations that require the application of advanced statistics, such as occupations in certain social...
science fields. The statewide panel shall also provide recommendations for methods to incorporate transitional mathematics competencies into integrated courses.

(d) The statewide panel shall recommend statewide criteria for determining the projected readiness of 11th grade students for college-level mathematics courses in each of the postsecondary education mathematics pathways for purposes of placement into transitional mathematics instruction in 12th grade. The statewide criteria shall include standardized assessment results, grade point average, and course completions. The statewide criteria shall also define a minimal level of mathematical competency necessary for student placement into transitional mathematics instruction. Following the delivery of such recommendations, ISBE and ICCB shall jointly adopt statewide criteria for determining projected readiness for college-level mathematics courses in each of the postsecondary institution mathematics pathways for purposes of placement into transitional mathematics instruction in 12th grade.

(e) (Blank). Notwithstanding anything to the contrary contained in this Act, in the event the statewide panel is not established due to the unavailability of public and private resources and ISBE, ICCB, and IBHE are therefore unable to jointly adopt competencies and requirements for transitional mathematics instruction and related postsecondary institution mathematics pathways, then no transitional mathematics instruction is required to be delivered by school districts or accepted for placement by community colleges in accordance with this Act.

(f) Subject to the availability of public or private resources for its administration, ISBE, ICCB, and IBHE shall, in consultation with the members of the statewide panel, establish and administer procedures for approving transitional mathematics instruction for statewide portability.

(g) In accordance with timelines and publication requirements established by IBHE, each public university must adopt and publicize transparent criteria adopted by the university for student placement into college-level mathematics courses. IBHE must publicly report on the adoption of such criteria and the extent to which public universities are utilizing strategies to minimize placements into non-credit-bearing remedial mathematics course sequences.

Sec. 50. Transitional mathematics instruction placement and delivery.

New matter indicated by italics - deletions by strikeout
(a) A school district electing or required to deliver transitional mathematics instruction in accordance with Section 65 of this Act shall use the statewide criteria established pursuant to subsection (d) of Section 45 of this Act to determine each student's projected readiness for college-level mathematics courses upon high school graduation in that student's selected postsecondary institution mathematics pathway. The school district shall make a pre-determination of student readiness at the end of the first semester of 11th grade and may adjust readiness determinations at the end of 11th grade. The readiness of a student who has not selected a postsecondary institution mathematics pathway shall be determined in accordance with the criteria for the Quantitative Literacy and Statistics Pathways. Notwithstanding the readiness determinations, instructional requirements for students with disabilities shall be subject to the individualized goals set forth within the student's individualized education program required by State and federal law.

(b) Public high school graduates of school districts implementing transitional mathematics instruction in accordance with this Act may demonstrate readiness for college-level mathematics courses at applicable postsecondary institutions through any of the following methods:

(1) At the end of 11th grade, the student does not meet the statewide criteria for demonstrating projected readiness for college-level mathematics courses upon high school graduation in the student's postsecondary education mathematics pathway, but the student subsequently achieves successful completion of transitional mathematics instruction for the postsecondary education mathematics pathway. Students who achieve successful completion shall receive transcripted credit for the transitional mathematics instruction from the school district and, subject to subsections (c) and (d) of this Section, shall be placed by applicable postsecondary institutions recognizing the transcripted credit in accordance with this Act into an appropriate college-level mathematics course in the student's postsecondary institution mathematics pathway. Students who do not achieve successful completion shall be subject to generally applicable postsecondary institution mathematics placement processes. For the purposes of this paragraph (1), successful completion means the student successfully demonstrates attainment of transitional mathematics competencies either through an overall grade for the mathematics-related portion of a course or demonstrated mastery of all

New matter indicated by italics - deletions by strikeout
transitional mathematics competencies delivered through a competency-based learning system.

(2) At the end of 11th grade, the student meets the statewide criteria for demonstrating projected readiness for college-level mathematics courses upon high school graduation in the student's postsecondary education mathematics pathway, and the student subsequently successfully completes rigorous mathematics instruction in accordance with criteria jointly adopted by ISBE and ICCB.

(3) The student meets applicable postsecondary institution criteria for demonstrating readiness for college-level mathematics courses in the student's postsecondary education mathematics pathway.

(c) All postsecondary institutions that have entered into a partnership agreement pursuant to Section 55 of this Act shall recognize community college transcripted credit from transitional mathematics instruction delivered by school districts participating in the partnership agreement for student placement into appropriate college-level mathematics courses. If statewide portability approval procedures have been established pursuant to subsection (f) of Section 45 of this Act, then all community colleges shall recognize community college transcripted credit from transitional mathematics instruction that has been approved in accordance with the statewide portability procedures. A public university is not required to recognize transcripted credit from transitional mathematics instruction for placement purpose unless the public university voluntarily agrees to do so through entering into a partnership agreement in accordance with Section 55 of this Act. The placement determinations described in this Section are valid for 18 months after high school graduation, provided a postsecondary institution may require a short-term, skill-based review or a corequisite remediation course for a student who does not enroll in a college-level mathematics course in the fall semester after high school graduation.

Sec. 55. High school and community college partnership agreements for transitional mathematics instruction.

(a) Transitional mathematics instruction shall be delivered by high school faculty with community college collaboration as defined through a partnership agreement meeting the requirements of this Section. While

New matter indicated by italics - deletions by strikeout
transitional mathematics instruction may be delivered through stand-alone mathematics courses, school districts and community colleges may use integrated courses or competency-based learning systems for the delivery of transitional mathematics instruction.

(b) School districts serving grades 9 through 12 electing or required to deliver transitional mathematics instruction in accordance with Section 65 of this Act shall enter into a partnership agreement for transitional mathematics courses with at least one community college. All partnership agreements shall address the following:

1. The co-development by the school district and community college of transitional mathematics courses or a defined mathematics competency set or the adaptation of the State model transitional instructional units that align to the statewide competencies for particular postsecondary institution mathematics pathways, which shall also include the design of local performance indicators and evidence associated with those indicators.

2. The community college courses for which the successful completion of transitional mathematics instruction will guarantee placement, subject to subsection (b) of Section 50 of this Act.

3. The availability of dual enrollment and dual credit courses for high school students demonstrating current readiness for college-level mathematics courses.

4. Training and professional development to be provided to the high school instructors of transitional mathematics instruction.

5. The utilization of integrated courses or competency-based learning systems for transitional mathematics instruction.

(c) A community college must enter into a partnership agreement when requested to do so by a local school district that has elected or is required to deliver transitional mathematics instruction in accordance with Section 65 of this Act, provided the community college receives an implementation grant in an amount determined by ICCB to compensate for its related instructional development and implementation activities. A community college may require standardized terms for all of its partner school districts. ISBE and ICCB shall jointly resolve any disputes between a school district and community college regarding the proposed terms of a partnership agreement.

New matter indicated by italics - deletions by strikeout
(d) When developing partnership agreements, community colleges and school districts shall consult with a public university that has requested consultation through submission of a written request to a community college in accordance with requirements established by ICCB and IBHE. A public university may, in its sole discretion, elect to become a party to a partnership agreement.

(e) Regional offices of education may, with the consent of participating school districts, establish multi-district partnership agreements with one or more postsecondary institutions.

Sec. 60. Transitional mathematics instruction statewide supports.

(a) Beginning with the 2019-2020 academic year, ICCB shall permit transitional mathematics instruction that has been approved for statewide portability transcribed by a community college in accordance with the requirements of this Act to be funded, subject to appropriation, in a manner consistent with claimed-for reimbursement rates for developmental education courses offered at a community college funding purposes. Such funding must be used by a community college for costs associated with transitional mathematics or English partnerships with school districts.

(b) Subject to the availability of public or private resources, ISBE, ICCB, and IBHE, in collaboration with IMACC, shall support at least 2 collaborative efforts among school districts and postsecondary institutions to develop model transitional mathematics instructional units. All State-supported models shall include real-world application projects that can be delivered to particular students based on career interests and shall enable transitional mathematics instructional resources to be included within integrated courses or competency-based learning systems. At least one of the State-supported transitional mathematics models must be highly modularized for blended-learning delivery, with:

1. a pre-assessment system to ensure that completion of modules are required only when the competencies have not been sufficiently mastered;
2. the ability for students to complete coursework in areas of need at their own pace;
3. the ability for transitional mathematics modules to be included within integrated courses or competency-based learning systems; and

New matter indicated by italics - deletions by strikeout
(4) the ability for students to complete dual credit modules upon completion of the transitional mathematics modules.

(c) Provided that statewide portability procedures have been established pursuant to subsection (f) of Section 45 of this Act, ISBE and ICCB shall identify and publicize courses for transitional mathematics instruction that meet the statewide portability requirements and that can be delivered fully online or through blended-learning models without the requirement for in-person mathematics instruction at the high school.

(d) ISBE and ICCB shall jointly develop and provide a model partnership agreement for school districts and community colleges.

(e) ISBE and ICCB shall provide standardized reports to school districts and community colleges, including, but not limited to:

1. reports that school districts and community colleges can use for determining students' 11th grade projected readiness for college-level mathematics courses upon high school graduation; and

2. reports that compare participating students' postsecondary outcomes with other students, particularly those in traditional developmental education course sequences.

governmental agency shall require by ordinance that a trainee complete a basic *level* course approved by the Office, and pass the State test for certification at the basic level within the probationary period as established by the local governmental agency. A certified copy of the ordinance must be on file with the Office.

Individuals who have retired from active fire service duties and are officially affiliated with fire service training, mutual aid, incident command, fire ground operations, or staff support for public fire service organizations shall not be prohibited from receiving training certification from the Office on the ground that they are not employed or otherwise engaged by an organized Illinois fire department if they otherwise meet the minimum certification standards set by the Office.

Individuals may receive reimbursement if employed by a unit of local government that participates for reimbursement funding and the individual is otherwise eligible.

Failure of any trainee to complete the basic training and certification within the required period will render that individual and local governmental agency ineligible for reimbursement funding for basic training for that individual in the *calendar fiscal* year in which his probationary period ends. The individual may later become certified without reimbursement.

Any participating local governmental agency may elect to withdraw from the training program by repealing the original ordinance, and a certified copy of the ordinance must be filed with the Office. (Source: P.A. 96-215, eff. 8-10-09; 97-782, eff. 1-1-13.)

Funds appropriated under this Section shall be used for reimbursement for costs incurred from January 1 through December 31 of the prior calendar year. In addition to reimbursement provided herein by the Office to the local governmental agencies for participation by trainees, the Office in each year shall reimburse the local governmental agencies participating in the training program for permanent fire protection personnel in the same manner as trainees for each training program. No more than 50% of the reimbursements distributed to local governmental agencies in any fiscal year shall be distributed to local governmental agencies of more than 500,000 persons. If at the time of the annual reimbursement to local governmental agencies participating in the training program there is an insufficient appropriation to make reimbursement in full, the appropriation shall be apportioned among the participating local governmental agencies. The Director shall establish a process for the review of the adequacy of these standards along with an assessment of additional specialties to be included in the list under this subsection (d).

(e) Except for network plans solely offered as a group health plan, these ratio and time and distance standards apply to the lowest cost-sharing tier of any tiered network.

2) if patterns of care in the service area do not support the need for the requested number of provider or facility type and the insurer provides data on local patterns of care, such as claims data, referral patterns, or local provider interviews, indicating where the beneficiaries currently seek this type of care or where the physicians currently refer beneficiaries, or both; or

3) other circumstances deemed appropriate by the Department consistent with the requirements of this Act.

(h) Insurers are required to report to the Director any material change to an approved network plan within 15 days after the change occurs and any change that would result in failure to meet the requirements of this Act. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and

offender evaluation, as required by the Licensing Board or Disciplinary Board and at the expense of the Department. The Disciplinary Board or Licensing Board shall specifically designate the examining physician licensed to practice medicine in all of its branches or, if applicable, the multidisciplinary team involved in providing the mental or physical examination and evaluation, or both. The multidisciplinary team shall be led by a physician licensed to practice medicine in all of its branches and may consist of one or more or a combination of physicians licensed to practice medicine in all of its branches, licensed chiropractic physicians, licensed clinical psychologists, licensed clinical social workers, licensed clinical professional counselors, and other professional and administrative staff. Any examining physician or member of the multidisciplinary team may require any person ordered to submit to an examination and evaluation pursuant to this Section to submit to any additional supplemental testing deemed necessary to complete any examination or evaluation process, including, but not limited to, blood testing, urinalysis, psychological testing, or neuropsychological testing. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to provide to the Department, the Disciplinary Board, or the Licensing Board any and all records, including business records, that relate to the examination and evaluation, including any supplemental testing performed. The Disciplinary Board, the Licensing Board, or the Department may order the examining physician or any member of the multidisciplinary team to present testimony concerning this examination and evaluation of the licensee, permit holder, or applicant, including testimony concerning any supplemental testing or documents relating to the examination and evaluation. No information, report, record, or other documents in any way related to the examination and evaluation shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee, permit holder, or applicant and the examining physician or any member of the multidisciplinary team. No authorization is necessary from the licensee, permit holder, or applicant ordered to undergo an evaluation and examination for the examining physician or any member of the multidisciplinary team to provide information, reports, records, or other documents or to provide any testimony regarding the examination and evaluation. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or

physical examination and evaluation, or both, when directed, shall result in an automatic suspension, without hearing, until such time as the individual submits to the examination. If the Disciplinary Board or Licensing Board finds a physician unable to practice following an examination and evaluation because of the reasons set forth in this Section, the Disciplinary Board or Licensing Board shall require such physician to submit to care, counseling, or treatment by physicians, or other health care professionals, approved or designated by the Disciplinary Board, as a condition for issued, continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Illinois State Medical Disciplinary Fund.

All fines imposed under this Section shall be paid within 60 days after the effective date of the order imposing the fine or in accordance with the terms set forth in the order imposing the fine.
(B) The Department shall revoke the license or permit issued under this Act to practice medicine or a chiropractic physician who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act or the Methamphetamine Control and Community Protection Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or permit is revoked under this subsection B shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Department shall not revoke, suspend, place on probation, reprimand, refuse to issue or renew, or take any other disciplinary or non-disciplinary action against the license or permit issued under this Act to practice medicine to a physician based solely upon the recommendation of the physician to an eligible patient regarding, or prescription for, or treatment with, an investigational drug, biological product, or device.

(D) The Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

Section 1. Short title. This Act may be cited as the Quincy Veterans' Home Rehabilitation and Rebuilding Act.

Section 5. Legislative policy. It is the intent of the General Assembly that the Capital Development Board or the Department of Veterans' Affairs be allowed to use the design-build delivery method for public projects to renovate, restore, rehabilitate, or rebuild the Quincy Veterans' Home, if it is shown to be in the State's best interests for that particular project. It shall be the policy of the Capital Development Board and the Department of Veterans' Affairs in the procurement of design-build services to publicly announce all requirements for design-build services for the Quincy Veterans' Home and to procure these services on the basis of demonstrated competence and qualifications and with due regard for the principles of competitive selection.

The Capital Development Board and the Department of Veterans' Affairs shall, prior to issuing requests for proposals, promulgate and publish procedures for the solicitation and award of contracts pursuant to this Act.

The Capital Development Board and the Department of Veterans' Affairs shall, for each public project or projects permitted under this Act, make a written determination, including a description as to the particular advantages of the design-build procurement method, that it is in the best interests of this State to enter into a design-build contract for the project or projects. In making that determination, the following factors shall be considered:

(1) The probability that the design-build procurement method will be in the best interests of the State by providing a material savings of time or cost over the design-bid-build or other delivery system.

(2) The type and size of the project and its suitability to the design-build procurement method.

(3) The ability of the State construction agency to define and provide comprehensive scope and performance criteria for the project.

No State construction agency may use a design-build procurement method unless the agency determines in writing that the project will comply with the disadvantaged business and equal employment practices of the State as established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and Section 2-105 of the Illinois Human Rights Act.

The Capital Development Board or the Department of Veterans' Affairs shall, within 15 days after the initial determination, provide an advisory copy to the Procurement Policy Board and maintain the full record of determination for 5 years.

Section 10. Definitions. As used in this Act:

"State construction agency" means the Capital Development Board or the Department of Veterans' Affairs.

"Delivery system" means the design and construction approach used to develop and construct a project.

"Design-bid-build" means the traditional delivery system used on public projects in this State that incorporates the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act and the principles of competitive selection in the Illinois Procurement Code, subject to the provisions of Section 1-35 of the Code.

"Design-build" means a delivery system that provides responsibility within a single contract for the furnishing of architecture, engineering, land surveying and related services as required, and the labor, materials, equipment, and other construction services for the project.

"Design-build contract" means a contract for a public project under this Act between the State construction agency and a design-build entity to furnish architecture, engineering, land surveying, and related services as required, and to furnish the labor, materials, equipment, and other construction services for the project. The design-build contract may be conditioned upon subsequent refinements in scope and price and may allow the State construction agency to make modifications in the project scope without invalidating the design-build contract.

"Design-build entity" means any individual, sole proprietorship, firm, partnership, joint venture, corporation, professional corporation, or other entity that proposes to design and construct any public project under this Act. A design-build entity and associated design-build professionals shall conduct themselves in accordance with the laws of this State and the related provisions of the Illinois Administrative Code, as referenced by the licensed design professional Acts of this State.

New matter indicated by italics - deletions by strikeout
"Evaluation criteria" means the requirements for the separate phases of the selection process as defined in this Act and includes the specialized experience, technical qualifications and competence, capacity to perform, past performance, experience with similar projects, assignment of personnel to the project, and other appropriate factors. Price may not be used as a factor in the evaluation of Phase I proposals.

"Proposal" means the offer to enter into a design-build contract as submitted by a design-build entity in accordance with this Act.

"Request for proposal" means the document used by the State construction agency to solicit proposals for a design-build contract.

"Scope and performance criteria" means the requirements for the public project, including, but not limited to, the intended usage, capacity, size, scope, quality and performance standards, life-cycle costs, and other programmatic criteria that are expressed in performance-oriented and quantifiable specifications and drawings that can be reasonably inferred and are suited to allow a design-build entity to develop a proposal.

Section 12. Scope of authority. The authority granted under this Act may only be used for services and public projects directly related to the renovation, restoration, rehabilitation, or rebuilding of the Quincy Veterans' Home.

Section 15. Solicitation of proposals.
(a) When the State construction agency elects to use the design-build delivery method, it must issue a notice of intent to receive requests for proposals for the project at least 14 days before issuing the request for proposal. The State construction agency must publish the advance notice in the official procurement bulletin of the State or the professional services bulletin of the State construction agency, if any. The agency is encouraged to use publication of the notice in related construction industry service publications. A brief description of the proposed procurement must be included in the notice. The State construction agency must provide a copy of the request for proposal to any party requesting a copy.

(b) The request for proposal shall be prepared for each project and must contain, without limitation, the following information:

(1) The name of the State construction agency.

(2) A preliminary schedule for the completion of the contract.

(3) The proposed budget for the project, the source of funds, and the currently available funds at the time the request for proposal is submitted.

New matter indicated by italics - deletions by strikeout
(4) Prequalification criteria for design-build entities wishing to submit proposals. The State construction agency shall include, at a minimum, its normal prequalification, licensing, registration, and other requirements, but nothing contained herein precludes the use of additional prequalification criteria by the State construction agency.

(5) Material requirements of the contract, including, but not limited to, the proposed terms and conditions, required performance and payment bonds, insurance, and the entity's plan to comply with the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, and with Section 2-105 of the Illinois Human Rights Act.

(6) The performance criteria.

(7) The evaluation criteria for each phase of the solicitation.

(8) The number of entities that will be considered for the technical and cost evaluation phase.

(c) The State construction agency may include any other relevant information that it chooses to supply. The design-build entity shall be entitled to rely upon the accuracy of this documentation in the development of its proposal.

(d) The date that proposals are due must be at least 21 calendar days after the date of the issuance of the request for proposal. In the event the cost of the project is estimated to exceed $10,000,000, then the proposal due date must be at least 28 calendar days after the date of the issuance of the request for proposal. The State construction agency shall include in the request for proposal a minimum of 30 days to develop the Phase II submissions after the selection of entities from the Phase I evaluation is completed.

Section 20. Development of scope and performance criteria.

(a) The State construction agency shall develop, with the assistance of a licensed design professional, a request for proposal, which shall include scope and performance criteria. The scope and performance criteria must be in sufficient detail and contain adequate information to reasonably apprise the qualified design-build entities of the State construction agency's overall programmatic needs and goals, including criteria and preliminary design plans, general budget parameters, schedule, and delivery requirements.

New matter indicated by italics - deletions by strikeout
(b) Each request for proposal shall also include a description of the level of design to be provided in the proposals. This description must include the scope and type of renderings, drawings, and specifications that, at a minimum, will be required by the State construction agency to be produced by the design-build entities.

(c) The scope and performance criteria shall be prepared by a design professional who is an employee of the State construction agency, or the State construction agency may contract with an independent design professional selected under the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act to provide these services.

(d) The design professional that prepares the scope and performance criteria is prohibited from participating in any design-build entity proposal for the project.

Section 25. Selection committee.

(a) When the State construction agency elects to use the design-build delivery method, it shall establish a committee to evaluate and select the design-build entity. The committee, under the discretion of the State construction agency, shall consist of at least 5 but no more than 7 members and shall include at least one licensed design professional and 2 members of the public, one of whom shall be a resident of the Quincy Veterans' Home and one of whom shall be a resident of the City of Quincy. Public members may not be employed or associated with any firm holding a contract with the State construction agency.

(b) The members of the selection committee must certify for each request for proposal that no conflict of interest exists between the members and the design-build entities submitting proposals. If a conflict is discovered before proposals are reviewed, the member must be replaced before any review of proposals.

If a conflict is discovered after proposals are reviewed, the member with the conflict shall be removed and the committee may continue with only one public member.

If at least 5 members remain, the remaining committee members may complete the selection process.

Section 30. Procedures for selection.

(a) The State construction agency must use a two-phase procedure for the selection of the successful design-build entity. Phase I of the procedure will evaluate and shortlist the design-build entities based on qualifications, and Phase II will evaluate the technical and cost proposals.
(b) The State construction agency shall include in the request for proposal the evaluating factors to be used in Phase I. These factors are in addition to any prequalification requirements of design-build entities that the agency has set forth. Each request for proposal shall establish the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in the event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase I evaluation of design-build entities: (1) experience of personnel; (2) successful experience with similar project types; (3) financial capability; (4) timeliness of past performance; (5) experience with similarly sized projects; (6) successful reference checks of the firm; (7) commitment to assign personnel for the duration of the project and qualifications of the entity's consultants; and (8) ability or past performance in meeting or exhausting good faith efforts to meet the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and with Section 2-105 of the Illinois Human Rights Act. The State construction agency may include any additional relevant criteria in Phase I that it deems necessary for a proper qualification review.

The State construction agency may not consider any design-build entity for evaluation or award if the entity has any pecuniary interest in the project or has other relationships or circumstances, including, but not limited to, long-term leasehold, mutual performance, or development contracts with the State construction agency, that may give the design-build entity a financial or tangible advantage over other design-build entities in the preparation, evaluation, or performance of the design-build contract or that create the appearance of impropriety. No proposal shall be considered that does not include an entity's plan to comply with the requirements established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, for both the design and construction areas of performance, and with Section 2-105 of the Illinois Human Rights Act.

Upon completion of the qualifications evaluation, the State construction agency shall create a shortlist of the most highly qualified design-build entities. The State construction agency, in its discretion, is not required to shortlist the maximum number of entities as identified for
Phase II evaluation, so long as no less than 2 design-build entities nor more than 6 design-build entities are selected to submit Phase II proposals.

The State construction agency shall notify the entities selected for the shortlist in writing. This notification shall commence the period for the preparation of the Phase II technical and cost evaluations. The State construction agency must allow sufficient time for the shortlist entities to prepare their Phase II submittals considering the scope and detail requested by the State agency.

(c) The State construction agency shall include in the request for proposal the evaluating factors to be used in the technical and cost submission components of Phase II. Each request for proposal shall establish, for both the technical and cost submission components of Phase II, the relative importance assigned to each evaluation factor and subfactor, including any weighting of criteria to be employed by the State construction agency. The State construction agency must maintain a record of the evaluation scoring to be disclosed in the event of a protest regarding the solicitation.

The State construction agency shall include the following criteria in every Phase II technical evaluation of design-build entities: (1) compliance with objectives of the project; (2) compliance of proposed services to the request for proposal requirements; (3) quality of products or materials proposed; (4) quality of design parameters; (5) design concepts; (6) innovation in meeting the scope and performance criteria; and (7) constructability of the proposed project. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection.

The State construction agency shall include the following criteria in every Phase II cost evaluation: the total project cost, the construction costs, and the time of completion. The State construction agency may include any additional relevant technical evaluation factors it deems necessary for proper selection. The total project cost criteria weighing factor shall be 25%.

The State construction agency shall directly employ or retain a licensed design professional to evaluate the technical and cost submissions to determine if the technical submissions are in accordance with generally accepted industry standards.

Upon completion of the technical submissions and cost submissions evaluation, the State construction agency may award the design-build contract to the highest overall ranked entity.
Section 35. Small projects. In any case where the total overall cost of the project is estimated to be less than $10,000,000, the State construction agency may combine the two-phase procedure for selection described in Section 30 into one combined step, if all the requirements of evaluation are performed in accordance with Section 30.

Section 40. Submission of proposals. Proposals must be properly identified and sealed. Proposals may not be reviewed until after the deadline for submission has passed as set forth in the request for proposal. All design-build entities submitting proposals shall be disclosed after the deadline for submission, and all design-build entities who are selected for Phase II evaluation shall also be disclosed at the time of that determination.

Proposals shall include a bid bond in the form and security as designated in the request for proposal. Proposals shall also contain a separate sealed envelope with the cost information within the overall proposal submission. Proposals shall include a list of all design professionals and other entities as defined in Section 30-30 of the Illinois Procurement Code to which any work may be subcontracted during the performance of the contract. Any entity that will perform any of the 5 subdivisions of work defined in Section 30-30 of the Illinois Procurement Code must meet prequalification standards of the State construction agency.

Proposals must meet all material requirements of the request for proposal or they may be rejected as non-responsive. The State construction agency shall have the right to reject any and all proposals.

The drawings and specifications of the proposal shall remain the property of the design-build entity.

The State construction agency shall review the proposals for compliance with the performance criteria and evaluation factors.

Proposals may be withdrawn prior to evaluation for any cause. After evaluation begins by the State construction agency, clear and convincing evidence of error is required for withdrawal.

Section 45. Award. The State construction agency may award the contract to the highest overall ranked entity. Notice of award shall be made in writing. Unsuccessful entities shall also be notified in writing. The State construction agency may not request a best and final offer after the receipt of proposals. The State construction agency may negotiate with the selected design-build entity after award but prior to contract execution for

the purpose of securing better terms than originally proposed, if the salient features of the request for proposal are not diminished.

Section 46. Reports and evaluation. At the end of every 6-month period following the contract award, and again prior to final contract payout and closure, a selected design-build entity shall detail, in a written report submitted to the State agency, its efforts and success in implementing the entity's plan to comply with the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and Section 2-105 of the Illinois Human Rights Act. If the entity's performance in implementing the plan falls short of the performance measures and outcomes set forth in the plans submitted by the entity during the proposal process, the entity shall, in a detailed written report, inform the General Assembly and the Governor whether and to what degree each design-build contract authorized under this Act promoted the utilization goals for business enterprises established in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act and Section 2-105 of the Illinois Human Rights Act.

Section 50. Administrative Procedure Act. The Illinois Administrative Procedure Act applies to all administrative rules and procedures of the State construction agency under this Act except that nothing herein shall be construed to render any prequalification or other responsibility criteria as a "license" or "licensing" under that Act.

Section 55. Federal requirements. In the procurement of design-build contracts, the State construction agency shall comply with federal law and regulations and take all necessary steps to adapt its rules, policies, and procedures to remain eligible for federal aid for the renovation, restoration, rehabilitation, or rebuilding of the Quincy Veterans' Home.

Section 60. Correspondence and communications. Notwithstanding any provision of law to the contrary, the Office of the Governor, the Capital Development Board, and the Illinois Department of Veterans' Affairs shall provide the General Assembly with unredacted copies of all correspondence and communications with the United States Department of Veterans Affairs related to securing funding for the renovation, restoration, rehabilitation, or rebuilding of the Quincy Veterans' Home within 10 days of receipt or within 5 business days upon request of the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, the Minority Leader of the
Senate, or the chair of any committee of the House of Representatives or the Senate.

Notwithstanding the provisions of this Section, or any other provision of law to the contrary, no administration or other fee may be charged for contracts awarded under the Quincy Veterans' Home Rehabilitation and Rebuilding Act.

capital improvements shall be in accordance with the provisions of Section 40-25. The length of energy conservation program contracts or energy savings contracts or leases shall be in accordance with the provisions of Section 25-45. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds $249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

(d) Notwithstanding the provisions of subsection (a) of this Section, the Department of Innovation and Technology may enter into leases for dark fiber networks for any period of time deemed to be in the best interests of the State but not exceeding 20 years inclusive. The Department
of Innovation and Technology may lease dark fiber networks from third parties only for the primary purpose of providing services to (i) the offices of Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, or Treasurer and State agencies, as defined under Section 5-15 of the Civil Administrative Code of Illinois or (ii) for anchor institutions, as defined in Section 7 of the Illinois Century Network Act. Dark fiber network lease contracts shall be subject to all other provisions of this Code and any applicable rules or requirements, including, but not limited to, publication of lease solicitations, use of standard State contracting terms and conditions, and approval of vendor certifications and financial disclosures.

(e) As used in this Section, "dark fiber network" means a network of fiber optic cables laid but currently unused by a third party that the third party is leasing for use as network infrastructure.

(40 ILCS 5/14-152.1)
Sec. 14-152.1. Application and expiration of new benefit increases.
(a) As used in this Section, "new benefit increase" means an
increase in the amount of any benefit provided under this Article, or an
expansion of the conditions of eligibility for any benefit under this Article,
that results from an amendment to this Code that takes effect after June 1,
2005 (the effective date of Public Act 94-4). "New benefit increase",
however, does not include any benefit increase resulting from the changes
made to Article 1 or this Article by Public Act 96-37, Public Act 100-23,
or this amendatory Act of the 100th General Assembly or by this
amendatory Act of the 100th General Assembly.
(b) Notwithstanding any other provision of this Code or any
subsequent amendment to this Code, every new benefit increase is subject
to this Section and shall be deemed to be granted only in conformance
with and contingent upon compliance with the provisions of this Section.
(c) The Public Act enacting a new benefit increase must identify
and provide for payment to the System of additional funding at least

sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.
