As Secretary of State and State Librarian, I am committed to ensuring that all Illinois citizens have access to quality literacy programs that set them on the path to lifelong learning.

The Illinois State Library’s Literacy Office addresses the educational needs of adult learners and families through adult volunteer, family and workplace literacy projects. Learners in these programs embark on a journey of lifelong learning with the assistance of dedicated volunteer tutors, teachers and mentors in more than 110 literacy projects throughout the state.

Adult Volunteer Literacy programs provide one-on-one tutoring for adults who want to improve their reading, math, writing and language skills. Penny Severns Family Literacy programs equip parents with the skills needed to help themselves and their children get a good start on their education. The educational needs of working adults are met through Workplace Skills Enhancement programs, which provide on-site learning opportunities at their workplaces.

One of the best ways you can help the literacy effort in Illinois is by becoming a volunteer tutor. If you are interested in joining this effort, please contact the Illinois Adult Learning Hotline at 800-321-9511.

Sincerely,

Jesse White
Secretary of State
and State Librarian

The most recent census information collected by the American Community Survey indicates a great need for adult literacy and English language instruction among the 12.6 million Illinois residents.

The survey indicates that 2.8 million (22.8 percent) residents over age 5 speak a language other than English in their homes. Of those who speak a language other than English, 1.1 million (38.9 percent) report that they speak English less than very well. These numbers only reflect some of the Illinois residents who could benefit from English language instruction. Many factors hinder the survey from capturing all those who would benefit from English language instruction. For example, immigrants from other countries who lived under oppressive governments may hesitate to respond to the census, and some people may also overestimate their own language proficiency.

The survey also shows that of the 8.7 million Illinois residents over age 25, about 447,000 (5.2 percent), have less than a ninth-grade education. In addition, another 545,000 (6.3 percent) residents have between a ninth-grade and 12th-grade education with no high school diploma. That means almost 1 million (11.5 percent) of the population over age 25 do not have a high school diploma. Since the survey did not take into account residents between ages 18 and 24 who have less than a ninth-grade education or no high school diploma, these numbers may be higher. Also, there are people who graduate from high school and yet lack adequate literacy skills.

Therefore, conservatively, these figures show that roughly 2.1 million (16.7 percent) of Illinois residents could benefit from adult literacy or English language instruction. (Source: American Community Survey, 2013-2017, https://factfinder.census.gov)
The Illinois State Library Literacy Office administers the Adult Literacy Grant Program that supports services in the following areas:

- **Adult Volunteer Literacy Project** — Provides training for volunteers who tutor adults over age 17 in basic reading, math, writing or language skills. Participating educational agency partners may include libraries, volunteer tutoring organizations, community-based organizations, community colleges, regional offices of education, schools (individual and public), school districts, domestic violence shelters and correctional facilities.

- **Penny Severns Family Literacy Project** — Provides instructional services to parents and children to enhance their basic reading, math, writing or language skills together and separately. Participation by the entire family increases the benefits of the instruction. Projects must partner with an adult literacy provider, a child-at-risk organization and a library.

- **Workplace Skills Enhancement Project** — Provides on-site instructional services to employees of Illinois businesses to enable them to increase their basic reading, math, writing or language skills, maintain their employment and increase their eligibility for promotion. Eligible employees read at or below the ninth-grade level. Grantees must match the grant award and may also provide instructional services to prospective employees. The fiscal agent and submitting agency may be either the educational partner or the business partner.

Materials and Resources Available
Illinois State Library Literacy Office

To request any of the following materials that list “copies available,” email literacy@ilsos.gov or call 217-785-6921. Be sure to include quantities and a mailing address.

• **Illinois Literacy newsletter** – Posted quarterly at https://www.cyberdriveillinois.com/publications/library/librarypub.html#literacynews. Highlights literacy programs that receive grants from the Illinois State Library, upcoming conferences, websites and more.

• **Reading and Activities Calendar** – https://www.cyberdriveillinois.com/publications/pdf_publications/lda181.pdf. A calendar of activities for families to do throughout the year.

**OTHER RESOURCES**

  Explore this website to determine if Adult Literacy Volunteer Tutoring is right for you. Volunteer tutors must establish a close working relationship with a local adult literacy program to complete this web-based tutor training.

  Each book collection contains 20 copies of a title and a Discussion Leader Guide that contains background information about the author and book, as well as discussion questions to conduct a book club for new adult readers.

  Story kits are a packaged, participatory program activity for parent and child groups to do together and are based on children’s literature and focused on reading strategies.

Family Reading Night

Sponsored by Illinois Secretary of State and State Librarian, Jesse White, and the Illinois Center for the Book, Family Reading Night is an annual statewide event held the third Thursday in November to encourage families to spend quality time reading together. Each year, posters and bookmarks are made available for libraries, schools, youth and literacy organizations to promote the event. For more information and to download posters and bookmarks, visit https://www.cyberdriveillinois.com/departments/library/center_for_the_book/frn.html.
FY 2019 final reports submitted by 65 programs funded through the Illinois State Library Literacy Office revealed the following statistics:

**Student Statistics**
- 11,418 students served.
- Average student age is 41.
- 64 percent are female and 36 percent are male.
- 43 percent of the adult learners are employed.
- 63 percent of the students study English as a Second Language.

**Volunteer Statistics**
- 5,381 volunteers.
- 74 percent of the volunteers are female.
- The average age is 51.
- On average, volunteers spent 15 hours in preservice training and 3.67 hours of in-service training.
- According to the Independent Sector, volunteer service equates to $26.89 per hour in Illinois. Therefore, volunteers provided $6,088,576 of service. For more information, visit https://www.independentsector.org.

**Inmate Programs**
- Eight volunteer literacy tutoring grantees coordinated tutoring services in 11 correctional facilities.
- 709 students were served in a correctional setting.

**FY19 Vignette**
**STAR Literacy Program, Regional Office of Education #17 - DeWitt/Livingston/Logan/McLean Counties, Bloomington**
A family recently immigrated to the United States from the Democratic Republic of the Congo, and like many immigrants, found themselves struggling to adapt and communicate in a new country. They soon learned through their church about the literacy services available through the Regional Office of Education’s STAR Literacy program in Bloomington. The parents immediately enrolled in the program and were soon assigned tutors. Program staff worked with the family and assisted them in finding subsidised childcare so they could both work and attend tutoring. The tutors made sure to incorporate subject matter into the tutoring sessions that would have an immediate impact on their daily lives. Soon, they were able to attend medical appointments without interpreters, communicate with their children’s teachers, and participate in events at the public library. The impact of the program has touched the entire family as both parents have obtained better jobs with the mother working as a Certified Nursing Assistant at a local hospital. They have gotten library cards for themselves and their children and use the resources of the library often. Both parents continue to work with their tutors to improve their future and the future of their family.
Spotlight on Achievement and Spotlight on Service Awards

The FY 2019 awards, sponsored by Secretary of State and State Librarian Jesse White, recognized 10 individuals nominated from current adult learners statewide who have shown tremendous growth as they work to improve their reading skills or to learn the English language. Each adult learner received a plaque and a personalized Illinois Blue Book.

Ten literacy volunteer tutors were also honored for their generous efforts and dedication in helping adult learners reach their reading goals. Each volunteer received a plaque and a personalized Illinois Blue Book.

For more information on Spotlight on Achievement and Service awards, visit https://www.cyberdriveillinois.com/departments/library/literacy/spotlight-awards.html or call the Literacy Office at 217-785-6921 or 800-665-5576, ext. 3.

**Student (Adult) Statistics**
- 657 adults served.
- 92 percent of the adults are female.
- 85 percent of the adults study English as a Second Language.
- Average age of the adult student is 33.
- 428 participants obtained a library card.

**Student (Child) Statistics**
- 897 children served.
- Average age is 6.
- Average adult/child activity time together was about 20 hours; average child alone activity hours was 407.

**FY19 Vignette**
**Chinese Mutual Aid Association, Chicago**
A young couple with a two year old daughter moved from India to the United States in 2018, and soon after the mother enrolled in the family literacy program. Over the program year, Chinese Mutual Aid Association’s family literacy program helped this young mother increase her confidence in speaking English, grow her social network and connect her to professional development opportunities.

From the very beginning to the end of the program, she displayed strong dedication to the program and to her goal of improving her English by holding one of the highest attendance records in ESL and parenting classes. Over the course of the program, she made one full level gain on the CASAS test, but more importantly, her confidence in speaking English increased dramatically, especially at home with her husband. Prior to the program, she struggled to speak English in the presence of her husband and in front of others in general; when they were out, her husband would take the role of communicating with others. Now, according to her, she can speak with everyone, from people at the grocery store to doctors and nurses at the hospital and her daughter’s teacher.

This mother’s social network has expanded greatly through her participation in the program. In particular, she developed a close friendship with another parent in the program. They happened to serendipitously be neighbors, only a year apart in age, and have children that are close in age. Her daughter is successfully moving on to the next level of pre-school and now plays regularly with her friend’s child from the family literacy program.
Workplace Skills Enhancement Project

FY 2019 final reports submitted by seven businesses funded through the Illinois State Library Literacy Office revealed the following statistics:

Typical Employee/Student Statistics
- 206 employees instructed.
- About 53 percent of the students are female.
- Average age of employees is 42.
- 82 percent of the employees study English as a Second Language.

Why employees want to participate in Basic Skills Training
- They will be less reliant on translators and more confident in communicating with supervisors and co-workers.
- They will use math skills learned in the classes on the floor daily.
- They will be eligible for promotions that become available.

Why employers want to participate in Basic Skills Training
- Employees are better able to communicate with immediate supervisors and to participate and contribute in work team activities.
- Supervisors notice that participants have a better understanding of manufacturing practices and are able to use that to check shop orders.
- Promotion of individuals who have participated in the classes result in improved morale, heightened expectations and greater interest in additional training.

LSG Sky Chefs, Des Plaines
Oakton Community College, Skokie

LSG Sky Chefs is one of the world’s largest airline catering companies that also supports railway operators, retailers and lounge management offering a wide assortment of food solutions from traditional catering to frozen meals and packaged snacks. LSG employs over 1,000 employees in the Des Plaines facility that caters over 600 daily domestic and international flights at O’Hare International Airport. Notable customers include United, Virgin America, Alaska, COPA, Frontier, and Spirit Airlines. The partnership with Oakton Community College provided an opportunity for LSG to provide ESL classes to non English speaking employees. The intent of the classes was to increase the English ability of these employees so they could better communicate with supervisors as well as native English speaking peers. It was also important for the employees to learn safety practices and be able to demonstrate these practices in case of an emergency. LSG reports that the classes and training have given confidence to the participants while providing many of them with their first opportunity to attend ESL classes even though they’ve lived and worked in the United States for a number of years. Participants report that they are speaking English more frequently both at work as well as outside of work in their everyday lives. The company feels that investing in the employees will ultimately save the company money as it will lead to increased job satisfaction and higher employee retention, benefiting both the company and the workers.
