(a) Each person seeking to be or already duly licensed as a new or used vehicle dealer under the Illinois Compiled Statute shall maintain an established place of business which shall, in addition to those requirements in 625 ILCS 5/5-100, meet the following requirements:

(1) Have office facilities in a building for maintaining and keeping books and records as are required. The office facilities shall be permanently mounted on a fixed foundation and may not include a trailer with axle attached and still moveable. It may include, however, an office trailer or house trailer in a licensed mobile home park or dealership lot with tires removed and utilities attached.

(4) Have the name of the dealership posted on the front entrance door.

(5) Have posted on the front entrance door a sign setting forth the days and regular and reasonable hours when open for business. A dealership shall not be deemed as being open for business unless at least one employee, who is able to conduct regular business, is on the premises and available to the public, and the dealership must be operated consistent with general dealer practices. The dealership must be open for business at least five (5) days out of each seven (7) days in a week, and a minimum of four (4) consecutive hours per day. However, dealers who operate their dealerships less than 12 months shall state in the license application those months in which the dealership is closed and shall not be required to maintain regular business hours during the period of closure. The months of closure shall also be posted in a prominent place for the public to see in the dealership office.

(6) Maintain a lot, being the area not occupied by a building, which shall be surfaced with rock or better surface material, and which shall be properly illuminated, if open after sundown, so that vehicles for sale can be properly inspected by any prospective customer.

(A) The lot used for sale of vehicles shall be separate and apart from any other business. In addition, where a dealer is selling both new and used cars the new cars shall be parked separately and apart from used cars.

(B) The above lot requirement shall not be applicable where the place of business has an indoor showroom, properly illuminated, for the display of vehicles held for sale.

(C) The separate lot requirement specified in subsection (a)(6)(A) above shall not prohibit the operation by the dealer of other businesses on the same premises, which shall include the lot, provided that the businesses are reasonably related to the sale or operation of new or used automobiles, provided further that the sale of new or used automobiles shall constitute at least 50 percent of the gross revenue of the licensed dealer, and the sale of automobiles shall be the primary business of the licensed dealer. No business defined as reasonably related to the sale of automobiles under this Section shall exceed 50 percent of the gross revenue of the business entities using the lot. Businesses reasonably related to the sale or operation of automobiles shall include only the sale of automobile parts and accessories, the sale of gasoline, diesel fuel, oil and lubricant, the sale of automobile tires, the leasing of automobiles, insuring the financing of automobiles sold by the licensed dealers engaged in operating businesses other than those stated herein shall remove such businesses or modify them to comply with this rule within 60 days of notification by the Secretary of State, or be subject to, the revocation or suspension of their dealers license.

(9) Display a federally required pricing document on all new motor vehicles held for sale.

(10) If the premises are leased, such lease must be for at least the duration of the current licensed period.

(b) Supplemental Lots

An Illinois licensed dealer may operate as an additional place of business a permanent supplemental lot which will meet all the requirements of subsections (a)(1) through (a)(10) of this Section, except the records required to be kept shall be maintained at the principal place of business of the dealership, as defined by 625 ILCS 5/1-164, unless the supplemental lot is more than one mile from the main dealership. The one mile shall be measured by the most direct road between the dealership and the supplemental lot.

(1) A licensed dealer shall apply for the supplemental lot authorization when he/she files the application required by Illinois Combined Statutes (625 ILCS 5/5-100 et al.) or he/she may file an application to add a supplemental lot during the license period.

(2) The fee for a license to operate a supplemental lot is $100 or $50 as provided in 625 ILCS 5/5-101(b)(7) and $50 or $25 as provided in 625 ILCS 5/5-102(b)(5).

(3) No vehicle sales at supplemental lots shall be allowed on Sundays except as provided for in 625 ILCS 5/5-101 or 5/5-102.

An off site sale permit does not authorize the sale of vehicles on Sundays.

“DISPLAY EXHIBITION” means the temporary display of vehicles, by a dealer licensed under 625 ILCS 5/5-100 et al., at a location at which no vehicles are offered for sale, that is conducted at a place other than the dealers established and additional places of business.

The Secretary shall issue a display exhibition permit if:

(1) an application is received, accompanied by a fee of $10;

(2) the applicant is a licensed new vehicle dealer or used vehicle dealer in good standing; and

(3) the Secretary determines that the proposed exhibition will conform with the requirements imposed by law.
