Each school operating a Driver Education Program approved by the Illinois State Board of Education is eligible to apply for as many sets of plates as passenger cars used exclusively in the program. The plates are issued to the school, not to the vehicle and may be transferred from one vehicle to another without notifying the Secretary of State's office (IVC 3-617).

When issuing a Temporary Registration Permit (TRP) for the replacement of lost or stolen Driver Education Plates, the school must provide the year, make and VIN of the vehicle prior to issuance. **The TRP must be returned to the Secretary of State's office after the school receives the replacement plates using the return envelope provided.**
